Nixon And Ike Skip Talk Of Politics In Meeting

CLEANUP is being stressed in Snyder this week, and members of the Scurry County Boys Club are helping residents to keep it in mind today by inspecting yards throughout the city. Yards which show need of cleanup work will be given a red tag, tied on the garbage can or backyard fence, and boys will write on the tags what work needs to be done, as these boys are doing. Left to right are John Wyatt, Douglas Green, and Jerry Minor. Tomorrow and Wednesday will be weed mowing days, Thursday cleanup, with emphasis on the painting of the Boys Club headquarters by members of civic clubs, and Friday will be trash pickup day. Dorms For Women Jurors Considered

Possibilities of providing dormitory and bath facilities for women jurors and improving those now provided for men was discussed this morning during a meeting of the county commissioners court.

Appearing before the court was a three-man committee representing the Scurry County Bar Association. The committee was made up of James Rosser, Robert R. Patterson, and Ross Hemphill.

Roosser, as spokesman for the group, told the court the bar association here was concerned over the situation concerning mixed juries which has arisen since Texas law authorized women jurors.

At the present time, there is only one jury dormitory room in the courthouse and only one rest room, which does not include a shower.

Rosser said it was the opinion of the bar association that some provision should be made for separate facilities for men and women jurors, since there is always possibility that both men and women will be on juries in criminal cases and will have to spend nights at the courthouse.

Patterson, who is state representative for this district, said the law now provides that men and women jurors may be separate in groups, although it does not specify whether women could be taken out of the courthouse at night to a hotel or other accommodations if the men remained in the courthouse. Patterson said that in view of the fact that women can be chosen for juries and that there will be a district court here as long as can be foreseen, probably permanently, the lawyers of the court believe some provision should be made. He added that at the present time the courthouse has no counsel rooms for lawyers to talk to their clients.

The court said that provision of facilities for women had been under consideration of the court.

There is, however, a major space problem in the courthouse, with all offices being used and some offices badly needing more space than now allotted.

There was some discussion about the possibility in the near future of building another courthouse and using both it and the present courthouse. At the present time, there are several offices of the federal government which were once located in the courthouse but forced to move into other quarters because of lack of space. The possibility of a new courthouse was only a matter of discussion, however.

The court discussed the park at the south end of Snyder recently authorized in a bond issue here, and possible locations for the park were discussed. In the bond issue, provisions were made for building a small park there, for building picnic areas at several outlying communities in the county, for adding an east-west runway at the county airport, and for building a public free library.

The court is now awaiting plans on the airport project so it can be determined how much additional property will be needed. On the library project, it is awaiting tentative plans for the building.

SOON TO BE THE OLDEST—Rhode Island's Democratic Senator Theodore Francis Green poses before the U.S. Capitol as he nears a new longetivity record for active members of the Senate—a record which has stood more than half a century. Sunday he will be 88 years, eight months and 15 days old to top by one day the age of the previous Senate oldster, a Vermont Yankee named Justin Smith Morrill who was still serving on the day of his death, Dec. 28, 1898.

Ike, Dulles Also Confer

WASHINGTON (AP) — President Eisenhower held conferences today with Vice President Nixon and Secretary of State Dulles, handled a batch of White House paper work, and put away a substantial lunch.

Marking another milestone in his recovery from his operation of 10 days ago, his doctors removed the skin stitches from his incision.

Nixon said there was absolutely no discussion in his meeting with the President of whether Eisenhower intends to remain in the presidential race. He said Eisenhower would "speak for himself" on that question when he feels the time is right.

Asked whether there was any discussion whatever of politics at his meeting with the President, Nixon replied:

"The answer is no. That is categorical without any qualification."

Eisenhower himself, Nixon went on, will "select the time and place" for discussion of his political future.

The vice president added that he has "great confidence" the President "will weigh all the factors concerned and make the proper decision."

A reporter told Nixon there have been some suggestions that he should reappraise his own political position in the light of Eisenhower's new illness.

Nixon noted that on Feb. 29 Eisenhower announced he was willing to run for a second term.

Nixon said he believes that until the president announces any change in his plans, "the rest of us" should not discuss the situation.

Secretary of State Dulles also visited Eisenhower.

The vice president saw Eisenhower first, spending about 15 minutes with him.

Then they were joined by Dulles for about five minutes. Nixon said he could not discuss the nature of that business at this time, but that it had no relation to politics.

After the joint conference, Dulles was alone with Eisenhower for about 10 minutes on what press secretary James C. Hagerty described as "State Department matters."

The 8 a.m. medical bulletin issued before he received Nixon and Dulles, said he now weighs 162 pounds — seven pounds less than when he was admitted to the hospital June 8 for emergency abdominal surgery.

When Nixon met with reporters, the first question put to him was whether he got any impression as to whether Eisenhower intends to remain in the presidential race. He replied that the question of the president's future politically was not discussed."

Nixon went on to say that "our primary interest at this time" is to help bring about Eisenhower's complete recovery.

Nixon was asked then whether he got the impression that Eisenhower is "a man ready to run again."

Nixon replied that the President himself is the man to answer that question.

Eisenhower, he said, is familiar with the burdens of the presidency, and "He is the man who should speak" eventually.

Nixon reported that Eisenhower "looked thinner" to him, and noted the earlier announcement that the President weighs seven pounds less than when he entered the hospital.

Hagerty said the doctors told him the loss in weight is considered normal in the wake of an operation such as the President had.

Egypt's Flag Is Raised In Special Rites

PORT SAID, Egypt (AP)—Premier Gamal Abdel Nasser raised Egypt's flag over the Suez Canal zone today with a prayer that no foreign flag will ever fly here again.

While nine Russian-built MIGs streaked overhead and a 21-gun salute boomed from an Egyptian frigate in the harbor, Nasser hoisted the colors over Navy House, last building occupied by British troops.

The last British soldier left Port Said last Tuesday, ending 73 years of military occupation in the Nile country.

While Nasser officated at the flag raising, Soviet Foreign Minister Dmitri Shepilov, here on an official visit, went off to the model village of Bernesht on the Nile Delta. Aides said he would issue an "important" announcement there.

The government decreed June 18 as a national holiday to mark the formal ending of the British occupation under terms of the 1954 British-Egyptian agreement.

Major interest centered on the first parade through Cairo of Communist tanks and other arms Egypt has bought from Czechoslovakia. Naval units bought from the Reds were to be shown in Alexandria.

West Texas Hit By Showers, Tornadoes

Snyder was close to the north edge of a brief shower of rain Saturday evening, while the southwest part of the county apparently got a good rain.

David Strayhorn, weather observer here, said the rain in Snyder measured .25 of an inch, but southwest of here there were rains up to more than two inches.

Lake J. B. Thomas rose almost a foot from the rainfall from an elevation of 2,252.77 feet to 2,253.69. Waters stopped running into the lake at about 7 p.m. yesterday.

The lake now lacks slightly more than four feet being full. It is not the fullest it has ever been, however. At one time last year, the elevation was up to about 2,255. Normal rainfall during the summer would fill the lake.

At the lake, Saturday night's rain amounted to one and one-half inches at the Snyder pump station near the dam, while at the Big Spring station on the south side and farther west, the rain totaled 2.25 inches. The rain extended only about one and one-half miles south of the lake, however.

Between Snyder and Ira, there was a considerable amount of rainfall Saturday night, accompanied by high winds. The rain's south edge appeared to be slightly south of Ira.

Saturday night's high winds, with gusts estimated up to 75 miles per hour, took a heavy toll of television antennas in Snyder, particularly in the southwest part of the city. Several tall TV towers were toppled, and dozens of antennas were bent.

Rainfall also apparently was heavier in Southwest Snyder than in other sections of town, with some gauges in that area catching up to half an inch.

By The Associated Press

Turbulent thunderstorms moved into South Texas Monday following a round of hail, tornadoes and lashing rain in the South Plains and Texas Panhandle Sunday night.

The Weather Bureau said a tornado was spotted west of Alice at 8:10 a.m. Monday but the twister dissipated, and no damage was reported.

Widespread showers developed in south Texas as Agriculture Commission John White went into the area for a four-day crop survey prompted by prolonged drought conditions.

Corpus Christi recorded .30 of an inch and showers continued. For some south Texas areas it was the first moisture in weeks.

Monday at mid-morning, the weather station at Alice reported: "Thunderstorms to the west-southwest, moving toward the station. Tornado at 8:10 a.m. dissipated to the west."

The five-day forecast called for moderate to heavy precipitation in south Texas.

In West Texas, twisters demolished one home and several farm buildings, but no one was reported injured.

Twisters demolished a home and several farm buildings, but no injury was reported. Tornadoes were sighted near Anton, 20 miles northwest of Lubbock; in an area 5 to 6 miles long and 2 miles wide southwest of Lubbock; and in the Canyon, Hereford and Amarillo sections.

Up to five inches of rain was reported in the South Plains. Damage to cotton ranged up to 10 per cent in scattered areas.

Rains extended from Muleshoe, northwest of Lubbock, across to Motley County, to the northeast, and south into Dickens, Crosby and Lamb County. They tapered off into light rains at Levelland, west of Lubbock.

Far to the southwest, Marfa in the Big Bend Country, reported a one-inch rain, the first in several months in that dry cattle country.

Hard rains also hit Beaumont and Houston. Brownsville, Laredo, San Antonio, Victoria, Lufkin, Beeville, Cotulla and College Station all reported rain Sunday.

Rainfall was reported early Monday only at Lubbock. Brownsville had a pre-dawn shower Lightning flashed at Wink, Salt Flat and Amarillo.

A small tornado funnel dipped down near Anton at about 3 p.m. and demolished a tennant house on the farm of Johnnie Harper. Outbuildings were destroyed on three other farms. Harper said his cotton crop was a total loss from rain and hail.

Robbers Get Large Haul Of Diamonds

SINGAPORE (AP) — Robbers took cut diamonds worth about $73,000 in a dawn raid yesterday on Tan Poh Chor, known as the diamond king of Malaya, police reported today.

The gems were not insured. Investigators said the haul was a record in this colony's crime history. The theft shook the Singapore diamond market. Half of the 3,500 pieces — totalling between 350 and 400 carats — had been consigned to Tan for sale.

Animal Disease Lab

WASHINGTON (AP) — Oklahoma congressmen are backing selection of Stillwater, Okla., as the site for a proposed 18 million dollar Agriculture Department animal disease laboratory.

Showers Put Life Into State Crops

DALLAS (AP)—Cotton and corn are looking good, but are at a critical stage, the Dallas News said today in its roundup of district agricultural agents' reports.

Agents said corn is showing effects of burning and cotton will too, unless rains come soon.

Some scattered rains fell last week, Dist. Agent Walter Scott of Nacogdoches reported. Light to heavy showers fell over most of his district, coming in time to save the corn crop. Other crops and pastures also were greatly benefitted, he said. A short crop of tomatoes reached it marketing peak. Early peaches went on sale with quality high.

In northeast Texas some light, scattered showers fell, but a general rain is needed, said J. H. Surovik of Mt. Pleasant. Late corn is making good growth in some sections, but needs rain. So do sorghums. Cotton made good progress. Farmers are poisoning insects. Livestock conditions are good, although pastures are beginning to dry up and stock water is getting short. An early hay crop produced some good tonnage, but an oat harvest showed low yields.

Spotted showers fell over North Texas, and some hail damage occurred in west central texas, said Ted Martin of Denton. Crops made satisfactory growth and squares began to form on cotton. Insect damage has been light. Small grain harvest continued with higher wheat fields than expected.

In central Texas, drought is growing critical in some areas, said R. G. Burwell of Stephenville. Corn is in all stages, and siling and tasseling show effects of dry weather. Grain sorghums also need rain to mature. Cotton is mostly planted and some is blooming. The big job ahead is cultivation and insect control. Pastures and ranges are turning brown and grazing is short. The oat harvest is about over with 5 per cent or more of the acreage harvested for hay or was grazed, Burwell said.

In the Rolling Plains, no rain fell and hot, windy weather continued, said J. A. Scofield of Vernon. Field work neared a standstill. Some farmers awaited rain to plant. Small grains need moisture to survive. The drought is slowing grass and weed growth on ranges. Enough stock water still is on hand.

Physician Held For Slaying Of Airman

MINERAL WELLS (AP)—An aged retired physician remain in jail today, charged with murder in the shooting of a Wolters Air Force Base airman.

Dr. E. H. Boaz, 72, was accused in the fatal shooting Saturday night of Sgt. Elmer Shaffer, 29, of Eightyfour, Pa.

Police said they were puzzled by the case. Sgt. Blane Price said Boaz had refused to make a statement about the shooting.

Sheriff Fred Foreman said the shooting occurred at Dr. Boaz's home in the presence of Mrs. Boaz and the Segeant's wife and children.

The families had been friends.

Full Study Asked For Aid Program

By JOHN CHADWICK

WASHINGTON (AP)—Sen. Jackson (D-Wash) today described the foreign aid program as "a clumsy patchwork." He urged a "full study" of its basic concepts.

Jackson's remarks, prepared for the Senate, came as that chamber's Foreign Relations Committee was called into closed session to try to complete action on a House-passed bill providing $38,800,000,000 in new spending authority for military and economic aid to nations outside the Soviet orbit.

The amount approved by the House is $1,100,000,000 below the total requested by President Eisenhower. Most of the cut was in military aid funds. The Foreign Relations Committee has voted to restore 702 millions of the House cut, but Sen. Mansfield (D-Mont) said he didn't believe the Senate would sustain the committee's action.

Republican and Democratic leaders, after an informal nose count, said they do not believe more than 40 of the Senate's 95 members would vote now to boost materially the House total.

The authorization bill now is not expected to be brought up for action in the Senate before late in the week.

In his speech, Jackson said the aid program in its present form "breeds wide suspicion of our motives." He contended it is losing this country friends instead of offering an imaginative challenge to the Russans' efforts "to inherit the world, if they can, rather than obliterate it."

"At least two years have passed since it was perfectly clear that both military and economic aid must undergo a full reappraisal," Jackson said, adding:

"Yet again this year Congress was presented with a jumbled program along the old lines, adorned with the same old cliches. Frankly, it is not persuasive. No wonder the progran has run into trouble here in Congress."

Sen. Aiken (R-Vt) said he thinks the Senate will uphold the increases voted by the committee, but added he would not be surprised if cuts were made later when a bill to appropriate the actual money comes up.

Jackson said the program was organized originally "on the assumption that we were aiding military allies." He called for a broader "good neighbor" approach in economic aid and selective use of military aid.

"When we say we are only giving aid because of the Communist threat, we do not do our motives justice," Jackson said. "The recipients of our aid should know that we would share a portion of our abundance whether or not there was a Soviet Union."

"They should know that we want to make life less miserable for their peoples — that we want to be the good neighbor," he said.

Local Guard Returns From Hood Training

Snyder's National Guard unit, Co. D, 112th Armored Cavalry Regiment, returned from summer encampment during the weekend in two groups.

The main body returned at 6 p. m. Saturday by bus, while the vehicle convoy arrived here at 8 a. m. yesterday.

First Lt. John T. Lynch commander of the company, said the unit had a total of 110 men at the camp including officers. The encampment was held at North Fort Hood. This was the unit's ninth annual camp since World War II.

The group spent the morning yesterday at the armory cleaning equipment. The next schedules drill will be June 28, Lynch said.

The Jack Knight trophy, which was won last year by the Snyder company is awarded annually to the outstanding unit in the regiment, went this year to Headquarters Company, First Battalion, which is a Rio Grande Valley unit. Snyder placed second in competition for the trophy this year. No company has yet won the trophy twice.

Two men in the Snyder unit received special awards during the parade held at week ago at camp. Don Burns, specialist third class, was presented an engraved watch from Gen. K. L. Berry, adjusant general of Texas, in recognition of his finishing first serveral weeks ago in the Army's first group in its present reserve program of six months of active training plus local reserve of National Guard training. He was seated on the reviewing stand during the parade.

Sfc. Robert Greene was presented a medal for his placing second during the year in the Texas National Guard's rifle marksmanship competition.

Leave For Test Area

HONOLLU (AP)—Lewis Strauss, chairman of the Atomic Energy Commission, and Allen Dulles, director of the Central Intelligence Agency, left yesterday en route to Eniwetok in the nuclear test area.

Kiwanis Convention

SAN FRANCISCO (AP)—With 14,000 present, Kiwanis International opened its annual convention today.

Demos Work Out Program

WASHINGTON (AP)—Democratic leaders aimed today at establishing a seven-point legislative record they believe will help them retain control of Congress in the November election.

The program reportedly calls for social security expansion, increased public housing, high farm price supports, highway construction, school aid, a minimum wage boost and public power projects. There is no mention of a tax cut.

The minimum wage increase to $1 and hour already is law. This went 10 cents an hour beyond Eisenhower administration recommendations.

A Democratic-backed farm bill to restore high rigid farm price supports was vetoed by President Eisenhower. Congress then passed another bill to set up a soil bank, as sought by the administration.

Although the Democratic legislative plan parallels the Eisenhower administration's recommendations at several points, the Democrats apparently expect to argue they have produced a better program than a Republican-controlled Congress could be expected to enact.

Democratic leaders figure they need about six weeks of intensive work to guide remaining measures on the list to final passage. If they go through with this plan, Congress may not be able to adjourn by the present mid-July target date.

They are not overlooking some pitfalls that may lie ahead. The House, for instance, may pass civil rights legislation which could split Senate Democrats in a filibuster certain to mean trouble at the party's presidentpal nominating convention in August.

And unless House Speaker Sam Rayburn (D-Tex) can marshal the votes to prevent it, the House might attach to the school aid bill an antisegregation amendment which would spell death for the legislation in the Senate.

Sen. Lyndon B. Johnson of Texas, the majority leader, evidently doesn't have the votes yet to uphold the House's decision to set up a new system of social security benefits for disabled persons over age 50. There is talk, however, of a compromise on this plan. He may have to settle in the end for lowering the age at which some women workers may draw retirement benefits.

The Democrats made their farm record on the high support bill Eisenhower vetoed. They later joined in passing his soil bank measure. But if farm prices don't continue to improve they remain in position to lay the blame on the administration.

Tougher Israel Policy Toward Arab Countries Is Shaping Up

TEL AVIV, Israel (AP)—A tougher Israeli policy toward the Arab nations appeared shaping up today after Moshe Sharett's announcement he is quitting as foreign minister.

Sharett, who had held the post ever since Israel was founded in 1948, told the Political Committee of his Mapai (Democratic Labor) party he no longer could continue "under present circumstances." He said he would submit his resignation to a special Cabinet meeting today.

Sharett's departure from office followed a widening policy split with Premier David Ben-Gurion, Zionist movement and the Mapai chief. Sharett advocated caution in dealing with Israel'sk Arab neighbors, while Ben-Gurion insisted on a policy of "active defense" against Arab border violators.

The Mapai committee named Mrs. Golda Myerson, labor minister since 1949 and a former Milwaukee schoolteacher, to succeed Sharett. Mordechai Namir, general secretary of the labor federation, was picked for the Labor Ministry.

Mrs. Myerson said she would consider her new appointment only temporary. She has acted several times as foreign minister during Sharett's absences from the country.

Ben-Gurion denied to the Mapai committee that personal reasons motivated his acceptance of Sharett's resignation. He said it did not mean the end of Sharett's political career.

"There are most important jobs to be filled, perhaps even one which might be more important than the one he has held," the Premier said.

Last December a Mapai minority accused Ben-Gurion of acting like a dictator when he ordered an Israeli attack on Syrian positions on the northeast shore of the Sea of Galilee in which 49 Syrians were killed. The critics said the raid handcapped Sharett's tour seeking to buy arms for Israel in the United States and Western Europe.

WEATHER

SNYDER TEMPERATURES: Saturday's High 109; Low 67; Yesterday's High 103; Low 68; Today's 7:30 reading 73; Precipitation .25.

North Central and West Texas: Partly cloudy and warm through Tuesday with widely scattered afternoon and evening thundershowers.

South Central and East Texas: Considerable cloudiness through Tuesday with scattred mostly daytime showers and thundershowers. Little change in temperature. Moderate to fresh southeasterly winds on coast.

AREA OIL ROUNDUP

Fisher Is Assured Ellenburger Find

General Crude Oil Co. is running electric logs at No. 1 John Dooley, assured Ellenburger discovery in Southwest Fisher County.

A three - hour and 45 - minute drillstem test at 7,232 to 7,260 feet, present depth, developed gas at the surface in 13 minutes and oil in one hour and 13 minutes with flow estimated at 10 barrels per hour for one hour and 32 minutes.

Recovery was 5,130 feet of oil and 145 feet of oil and gas cut mud. The Ellenburger was topped at 7,233 feet. Elevation was not reported.

Location is 660 feet from south and west lines of section 171, block 3, H&TC survey and 16 miles southwest of Roby.

The Boomerang (Pennsylvanian) field of North Kent County has been assured its second producer and a one-mile south extension to production with the flowing of oil at No. 1 Fuller.

The project flowed clean oil for an unreported time at the rate of three and one-half barrels per hour through a one-half inch choke and perforations between 6,615-29 feet. Tubing pressure was 110 pounds.

Testing is continuing.

Location is 660 feet from north and west lines of section 1, block 1, H&GN survey and five and one-half miles southwest of Girard.

Youngblood & Youngblood and Edwin L. Cox of Dallas No. 1 Green has been plugged as a failure in the two-well Glen Peeler (Canyon) field of Fisher County.

Crown Central Petroleum Corp. No. 1 Withers is a 6,891-foot wildcat failure in Fisher County.

The dry hole is in section 1, block 23, T&P survey, two miles southeast of Bernecker.

Lone Star Producing Co. No. 1-A Roy Anderson, Central Stonewall County wildcat, has been plugged at 6,130 feet.

Drillsite was four miles north of Aspermont in section 136, block D, H&TC survey.

Sid Katz of Abilene No. 1 Horton Properties has been abandoned five miles northeast of Bronte in Coke County.

The 4,464-foot dry hole is 467 feet from north and 3,361.5 feet from west lines of section 5, L. N. Taylor survey.

C. L. Norsworthy and R. L. Foree No. 1 Robert Tubb has been quit as a failure in Southeast Nolan County, six miles northeast of Silver.

The wildcat was abandoned at 7,278 feet in Ellenburger. Site was in section 7, block 1-A, H&TC survey.

Students Here Take Part In Band Clinic

Three Snyder High School students are in Austin this week to participate in activities of the 163 piece All-Texas Band.

The clinic is being held at the University of Texas, where the students are being given a week of musical experiences with masterworks of music lietrature under direction of nationally-famous conductors and directors.

The three Snyder students are Mary Ethelyn Deffebach, Marsha Hurst, and Sharon Morgan.

Each day's activity includes large ensemble rehearsals, sectional drills, and class lessons.

A concert will be given at 7 p.m. Friday on the main building terrace. Conductors will be R. Bernard Fitzgerald, University of Texas symphonic band director, and James Neilson, Oklahoma City University band, choir, and orchestra director.

Clinic instructors include G. Gilligan, Kermit; Joe Frank, Harlingen; Charles Jones, Galveston; Gene Braught, Weslaco; Lloyd Cook, Corpus Christi; Jerry Nell Smith, Victor Williams, Vincent R. DiNino, and Joseph Blankenship, all of Austin.

West Texas towns represented in the All-Texas Band include Robert Lee, Snyder, and Sunray.

TODAY'S MARKETS

Park Plans Being Made

WASHINGTON (AP)—Plans for a program for the Big Bend National Park in Texas were announced last night by the National Park Service.

Secretary of Interior Seaton said the plan calls for spending $5,857,000 for roads and trails and $4,320,000 for buildings and utilities.

Park Director Conrad Wirth said work to be started this year will include a $550,000 grading and surfacing program on the Rio Grande road from Tornillo Creek to Daniel Ranch.

The program for next year calls for starting construction of employe dwellings to cost $440,000, improvements to the basin and the Rio Grande village campgrounds, costing $50,000 each.

Dates for starting work on other construction and roads and trails improvements in the 1,117-square-mile primitive wilderness area have not been set.

Child's Jammed Toy Sets Off Bomb Scare

LOS ANGELES (AP)—A menacing buzz-buzz in the baggage room at the union railroad station set off a bomb scare yesterday.

Alarmed baggage attendants summoned special agent Gene Mallaly. He called for a police department demolition expert.

The expert carefully opened a package from which came the noise. He found a battery-operated child's toy telegraph set, with the key jammed into a buzz-buzz position by another article.

Hermleigh Rites Held

Funeral services for Mrs. Marie Hausler, 83, were held today at 9 a.m. in the St. John's Catholic Church in Hermleigh, with the Rev. James Sanderman, pastor, officiating. Mrs. Hausler, former resident of Scurry County, died Friday at 1:30 a.m. in Corpus Christi, where she had lived since 1947.

She was born in Czechoslovakia on Feb. 17, 1873 and moved to Scurry County in 1907. Her husband preceded her in death in 1946.

Survivors are five daughters, Mrs. Anna Harrell of Charleston, S. C., Mrs. Marths Tompson of Monta Alto, Tex., Mrs. Marie Hundsnurscher of Corpus Christi, Mrs. Clara Bell Clark of Big Spring and Mrs. Eva Pantaliono of Pasedena, Calif.; two sons, John of Fresno, Calif. and T. H. Hausler of Higgins; 15 grandchildren and 12 great grandchildren.

Burial was in the Hermleigh Cemetery under the direction of Bolger Funeral Home. Pallbearers were Paul Wenetschaeger, Herman Hunsurcher, Clarence Goebel, Frank Schultz, Albert Kuss, Jr. and W. H. Winner.

Steelworkers' Group Meets

NEW YORK (AP)— The 170-member Wage Policy Committee of the United Steelworkers of America meets today to consider the breakdown in the union's joint contract negotiations with the Big Three steel firms.

There was no immediate indication whether the policy group would take some form of action or simply receive a report from David J. McDonald, the union president.

The breakdown in the talks developed after the policy group rejected contract proposals offered by the Big Three—U. S. Steel, Bethlehem and Republic.

McDonald said yesterday the joint talks, first ever held in the basic steel industry, had "gotten nowhere" and that the union would return to its former procedure of negotiating with steel firms individually.

Buckets Rugs Help Thieves Take $7,000

OWENSBORO, Ky. (AP)— Thieves who used water from buckets to cool their electric drills and worked under the light of a boy scout flashlight last night escaped with $7,000 from a department store safe.

Asst. Police Chief Stewart Lambert said the thieves also used small throw rugs to muffle the noise of the drills. A nightwatchman who discovered the theft at the S. W. Anderson store said he heard no sounds.

Killed In Plane Crash

NORTH COLLINS, N.Y. (AP) — Ross Wesson, 50, of Buffalo, and his daughter, Karen, 14, were killed in a light plane crash yesterday while on their way to Dallas. Wesson was a native of Waxahachie, Tex.

Sheriff On Trial

DENVER (AP)—Sheriff Carl Enlow, 48, of Jefferson County, went on trial today, charged with evading $1,349 in federal income taxes in 1949 and 1950.

Man Hunted In Stabbing Of Girl, 16

KLAMATH FALLS, Ore. (AP) — A man who raped and stabbed a 15-year-old girl is being sought in northern California by an armed posse.

The girl, suffering from four knife wounds in the chest, was in critical condition in a Klamath Falls hospital. She is Dorothy Jackson of Chiloquin, Ore., who told police that she had met the man early Saturday morning in a Klamath Falls resthaurant.

She agreed to take a ride with him and he drove her to a lumber yard in downtown Klamath Falls where the rape and stabbing occurred, police quoted her as saying from her hospital bed.

The man then drove her to the Sand Creek area, 30 miles north of here, and dumped her out of the car. She was found seven hours later by a passing motorist.

Her report of the attack led police to a green sedan owned by a man identified tentatively as Salvador Squarez Galan, 38, a Mexican railroad section hand.

Officers located the car Saturday night at Keg Pitt, a small community some 35 miles south of Klamath Falls. A man jumped through a rear window of a cabin where he was hiding out as officers closed in on him. He fled into the brush and woods and managed to elude a 100-man posse that was called out to search for him.

Police Hold Rape Suspect

BOERNE (AP)—A man suspected of raping a Dallas girl, 14, and throwing her out of a truck after a night of terror is held by police today.

The Highway Patrol said Sheriff Douglas Kuebel was returning the man to Boerne from near Ozona, where he was arrested.

Kueble said the girl told of being raped three times by a big, blond truck driver who forced her into the truck shortly before midnight Saturday at Luling. She said she was kicked out of the cab at 5 a.m. at Comfort.

Her reports set off a widespread search for the truck driver. The girl was visiting an aunt and uncle at Luling. When she disappeared the aunt first assumed she was with the uncle, causing a delay in notifying authorities.

"The girl is resting at my home now, and she doesn't appear to be seriously hurt, although she is very distraught and tired," the sheriff said.

Okinawa Land Plans Opposed By Japanese

TOKYO (AP) —The Japanese Socialist party called on the government today to oppose actively the U. S. military land requisition program on Okinawa.

A Socialist spokesman said the United States apparently plans to put its Okinawa bases on a semi-permanent basis.

The delegation urged the government to take all possible steps to win the return of Okinawa to Japan. The island now has a native civil government under U. S. supervision.

Snyderite Graduates From School At Bliss

Second Lt. Joe W. Sentall of Snyder was recently graduated from the Army's Anti-aircraft Artillery and Guided Missile School at Fort Bliss, Tex.

Sentell, son of Mr. and Mrs. John E. Sentell, 3101 Avenue X, completed the school's surface-to-air missile officers basic course. The 12-week course trained him in all the retical and practical phases of the Nike guided missile.

Sentell entered the Army last February after graduating from the University of Texas.

Air Force Man Killed

FAIRBANKS, Alaska (AP)—Capt. Gene Johnson, 27, formerly of Bergstrom Air Force Base at Austin, was killed Saturday when his motor scooter overturned on a highway near here.

Civil Rights Stand Sought

SUPERIOR, Wis. (AP) — Wisconsin's Democratic convention urged yesterday that the national party take a firm stand in favor of civil rights.

A resolution, passed unanimously at the final session here, called upon the national convention "to make its position clear and unequivocal on our party's determination to insure full and equal rights to every citizen."

Sen. Estes Kefauver (D-Tenn), asked Saturday to comment on the draft of the resolution, termed it "in general, good and sound." The presidential candidate, who won all 28 Wisconsin national convention votes while unopposed in the state primary, addressed the convention Saturday night.

Melvin Handleman, Marlin, Tex., national treasurer of the Young Democrats of America, indicated approval of the resolution and said his group in Texas recently adopted a similar declaration.

Rocket Sled Record Set

SAN DIEGO, Calif. (AP) — A world record of 1,560 miles an hour for a recoverable rocket sled was claimed today by Convair Division of General Dynamics Corp.

The company reported the speed —about twice that of sound—was reached by a sled on a 10,000-foot rail track at Edwards Air Force Base on the Mojave Desert in southern California.

Convair said the previous record of 1,280 miles an hour was on a 21,000-foot track at Edwards.

Greater speeds have been reached by nonrecoverable rocket sleds. The new sled, much lighter than earlier models, was developed to test the action of rain on high-speed aircraft or missiles.

Hospitals Are Given Grant By Foundation

NEW YORK (AP)—The Ford Foundation says checks totaling $26,080,200 are being mailed this week to 959 hospitals in thse United States, Alaska, Hawaii and Puerto Rico.

The payments are part of 20 million dollars in hospital grants approved by the foundation's trustees last December. Payments totaling 69 million dollars were made to 2,000 hospitals in April and May.

The foundation said yesterday it hopes all eligible hospitals will have received half their grants by July 31. The remaining half will be paid in March 1957.

Youth Admits Strangulation Of Small Girl

SEATTLE (AP)—A 12-year-old boy, plucked by police from a picnic excursion bus, calmly confessed to police last night the strangulation slaying of 4½-year-old Kathryn Ruoff, the daughter of State Rep. Richard Ruoff.

The little girl's violated body, a green and white playsuit stuffed in the mouth, had been found only a few hours earlier under the floorboards of an old, unused garage near her home. She had been missing since Saturday.

Ray John Barker, one of several youngsters who used the garage as a clubhouse, was taken into custody by police as the excursion bus arrived back in town.

The boy was taken to police headquarters, where at first he stolidly refused to answer questions put to him by Detective Herbert Swindler. Then, point-blank, Swindler asked:

"You killed her, didn't you?"

After a short pause, the boy replied with no show of emotion: "Yes."

In a signed confession, the boy said he met the little girl at a street corner near her home Saturday and followed her when she turned down an alley and went into the abandoned garage.

Young Barker, who lives with his mother Mrs. Carmi Meske, a few blocks from the Ruoff home, told Swindler:

"I choked the little girl. I don't know why I did it."

He admitted abusing the girl sexually.

The youth was one of a number of boys his own age who used the garage as a clubhouse.

The Ruoffs have three other children.

Rebellion Called Off

WASHINGTON (AP) — The AFL-CIO Building and Construction Department today called off its rebellion against further state and local mergers of AFL and CIO union groups.

Richard Gray, Building Trades Department president, wrote all building trades unions to discontinue their two-month old policy of opposing such mergers.

Gray said AFL-CIO President George Meany has proposed a new method of solving jurisdiction troubles which "we believe will be the means of settling this controversy to the satisfaction of all concerned."

The building trades group, all former AFL unions, had complained that Industrial Union Department unions, formerly CIO, were doing construction work around manufacturing plants that should be performed by building trades members.

Meany's solution, accepted by the building trades to end their boycott of further mergers, was to name a committee to lay down a general policy once and for all on which type of work should go to each union's members.

Friendly Burglar Is Sorry About The Mess

ST. LOUIS (AP)—Police told today about a "friendly burglar" who cracked an office safe only to find it empty.

The burglar took the 50-pound safe down from a second-floor office to a workshop and ground off the door hinges.

A handwritten note complained that since the burglar had worked so hard "to open that thing in all this heat, at least you could have had a buck in there."

The burglar then left a second note saying he was "sorry to be so messy' and signed it "The Friendly Burglar."

No Visa For Holden

BERGEN, Norway (AP) — Hollywood star William Holden says he hasn't been able to get a visa to visit the Soviet Union.

Politics Slow On Weekend

By The Associated Press

Candidates for governor continued action Monday following a weekend of little campaigning.

Sen. Price Daniel spoke at Conroe, Huntsville, Madisonville, Centerville, Fairfield and Corsicana Monday.

J. Evetts Haley, Canyon's cowboy historian, also went to Conroe, but then headed for Corrigan, Lufkin, Crockett and Tyler.

W. Lee O'Daniel, who said he spent Sunday in San Antonio "just resting," spoke in Luling, San Marcos, New Braunfels and Seguin.

Reuben Senterfitt of San Saba spent Monday in and around Dallas. Ralph Yarborough spent the day in the San Antonio area.

A candidate for lieutenant governor, C. T. Johnson of Austin, spoke at Round Rock Sunday. He pleaded for an end to "wrangling" on the water problem.

BIRTHS

Mr. and Mrs. Joel W. Griffin, 316 Thirty-fifth Street are the parents of a six pound, 12 ounce son, born at 7:39 a.m. Friday in the Cogdell Memorial Hospital.

Mr. and Mrs. C. E. Williams, 307 Avenue A, are the parents of an eight pound, 11 ounce son, born at 1 p.m. Saturday in the Cogdell Memorial Hospital.

Mr. and Mrs. A. W. Vaughan, Box 16 Route 3, are the parents of a seven pound daughter, born at 10:25 a.m. Friday in the Cogdell Memorial Hospital.

Cotton Sales Are Reported

NEW ORLEANS (AP)—The Commodity Credit Corp. has sold more than a million bales of cotton for export at prices ranging as much as 10 cents a pound below the current market prices.

F. P. Biggs, director of the Commodity Stabilization Service's commodity office, told Saturday of the sale of 1,567,278 bales for export only at a minimum price of 25 cents a pound. The minimum price is set by law.

The sales were on bids opened June 12. The average price of middling 15-16ths inch cotton at Southern markets Friday was 35.59 cents a pound. Biggs said the next opening of bids is scheduled June 26.

Spanish Quash Tales Of Morality Checks

MUNICH, Germany (AP)—Spanish police assured German tourists today their auto trailers are not subjected to nocturnal morality checks.

The German Automobile Assn., said it had obtained the assurance on inquiries into recent press reports that police in Spain would check the rtalsreifater nightfall unless they carry an officially sealed sign that occupants are married.

Dean's Widow Dies

DALLAS (AP)—Mrs. E. D. Jennings, 78, widow of the dean and vice president of SMU, died yesterday.

SERVING in Japan with Helicopter Transport Group 16, a unit of the First Marine Aircraft Wing, is 1st Lt. Manuel H. Hodges, son of Mr. and Mrs. Bushy Hedges, west Snyder. The group furnishes courier helicopter service to military installations of the Tokyo area and is part of the Armed Forces Air-Sea Rescue unit for Tokyo Bay.

Jazz Guitarist Is Burned To Death

HOLLYWOOD, (AP) — A jazz Guitarist Billy Dillard, 30, a member of the Red Norvo Trio, was burned to death in a fire which apparently started from a lighted cigarette.

Firemen said the fire broke out in Dillard's downstairs apartment early yesterday and quickly spread to an upstairs hall before it was brought under control.

Robert Tully, 28, a UCLA student and professional trumpet player, was seriously burned in the blaze.

Plane Crash Kills 1

SILVER CITY, N.M. (AP)—A light plane crash yesterday on an isolated ranch 45 miles northwest of here killed Ken Brown of Houston. Brown, an oilman, was the pilot.

Spadea's american designer pattern

1259

Jo Copeland

© 1956 Spadea Fashions Inc.

This season, even if you're going to dinner in a slick city restaurant, you'll look as if you're going to a garden party. It's the prettiest fashion in many a summer, a fashion that makes a point of being feminine. This Jo Copeland model with its diagonal criss cross bands of slightly gathered Val lace decorating the bodice is sure to be one of your most successful dresses. Its cool, notched collar sets away from the neck, its skirt has all around inverted pleats stitched to the hip bone for smoothness. A custom made, precisely perforated pattern, you'll find it easy to make in gingham, printed cottons or silks, shantungs or any of the novelty widths. This hand cut, custom made pattern is not standard sized but is the only pattern available with exclusive designers retail sizing measurements for a more accurate fit, better styling, less altering. Open perforations for easy markings without damaging tissue; also time saving, fabric saving, money saving; no tracing wheel or carbon paper needed; easy to follow instructions for beginners. Size 12 requires 5¼ yards of 36-inch material for dress. To order Patling requires 25c extra. Address American Designer Pattern No. 1259, state size, enclose $1.00. Airmail handterns, P.O. Box 535, G.P.O, Dept. S-13, New York 1, N.Y. 144 page pattern booklet XII—50c If paid by check add 4c.

FOR GOOD EATING

Cold Meat Cuts
Cottage Cheese and Pear Salad on Crisp Lettuce.
Scalloped Corn
Angel Food Cake with ice cream

• • •

SCALLOPED CORN
1 small green pepper, chopped
½ onion chopped fine
2 tablespoons flour
3 tablespoons butter
1 teaspoon salt
¼ teaspoon paprika
¼ teaspoon mustard
Few grains cayenne
½ cup milk
1 cup fresh or canned corn
1 egg yolk, slightly beaten
½ cup dried brea, broken in small pieces
2-3 cup buttered cracker crumbs

Cook pepper, onion and 2 tablespoons butter 5 minutes. Add flour mixed with seasonings and stir until well blended. Stir in milk gradually. Bring to a boiling point. Stir in corn and egg yolks. Brown bread in 1 tablespoon butter and add to mixture. Put in buttered baking dish. Cover with buttered crumbs. Bake at 400 degrees F. until crumbs are brown. Serves 4 to 6. To vary — Omit green pepper or onion or both. Season with Worcestershire or other sauce.

This Soldier Knows About Bras, Girdles

BERLIN (AP) — As an oldtime cavalryman and career soldier, Sgt 1-C Charles Adams little dreamed he would spend a tour of duty buying women's girdles, dressing gowns and pajamas.

But as the chief shopper for 100 Americans in Moscow and another 75 in Warsaw, Adams devotes most of his working day to purchasing these and a wide variety of other items.

Along the way, he has developed into a pretty fair expert on women's fashions.

He can, for instance, tell you that bright red is the favored color in Moscow among American women this spring.

"I don't think it has anything to do with politics, though," he adds.

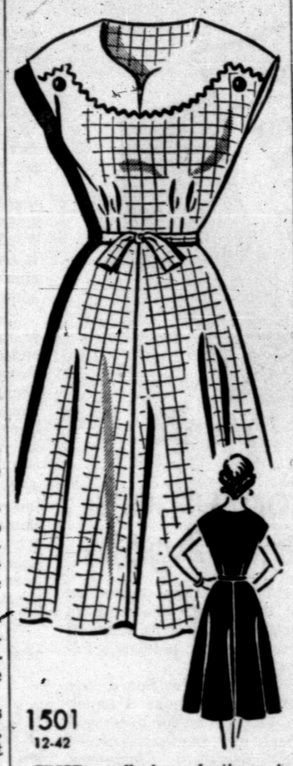

In addition to such remote control shopping, Adams and two soldier assistants perform an assortment of services for the American embassy personnel in the two Iron Curtain capitals.

These could range from sending out an embassy wife's cocktail dress for dry cleaning to buying and shipping a French poodle for some youngster.

Adams is aided in these chores by Sgt. 1-C Richard Sanders, Jackson, Mich., and Specialist 3-C Merrill Brise, Loma, Mont. They work in the State Department's administration liason section headed by Arden E. duBois of North Mankato, Minn.

Every month, they ship 12,000 to 14,000 pounds of goods into Warsaw and Moscow by train and plane. Their purchases are based on shopping lists from the two capitals.

Have Yoke In Contrast

1501
12-42

CRISP, collarless daytimer to keep you cool all summer. Sew the shaped yoke in bright contrast, add ric rac and buttons for trim.

No. 1501 with PATT-O-RAMA included is in sizes 12, 14, 16, 18, 20; 40, 42. Size 14, 4⅛ yards of 35-inch; ⅝ yard contrast.

Send 35 cents in coins for this pattern to IRIS LANE, Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

BRIDGE NOTES

The Monday Duplicate Bridge Club met at 1:30 p.m. at Mary Lynn's Tea Room with Mrs. Bill Ellis as hostess.

High score was won by Mrs. Prentis Bass and Mrs. Ray Keenan. Mrs. Elizabeth Beggs and Mrs. Ruth Philps won second high and Mrs. Garrett Harrell and Mrs. J. D. Scott were their high score winners.

• • •

Mrs. Irene Pruett was hostess to the Tuesday Bridge Club at 9:30 a.m. Tuesday in Mary Lynn's Tea Room. Twelve members attended.

High Score was won by Mrs. J. C. Darwood.

• • •

The Tea Room Duplicate Bridge Club met Wednesday at 7:30 p.m. at Mary Lynn's Tea Room with Mrs. J. D. Scott as hostess.

High score winners were Mrs. Elizabeth Beggs and Mrs. Hilda McCrary. Mrs. Charles Snyder and Mrs. J. D. Scott won second high and Mrs. Ray Keenan and Mrs. Mrs. Prentis Bass were third high score winners.

Mrs. Banks Honored Wth Birthday Party

Mrs. C. L. Banks was honored Friday night on her birthday with a dinner given in Towle Memorial Park. Host and hostess were Mr. and Mrs. Luke Bly.

Those attending were Mrs. J. M. Lewis, Laddie Frank and Breanda Kay and Mrs. Zela Hawkins of Colorado City; Mrs. Lewis Dunn and Mrs. Myrtle Dunn of Cuthbert; Mr. and Mrs. Earl Horton, Tommy and tivie, Morris Barpott, Mr. and Mrs. Banks and Mr. and Mrs. Bly and Sally all of Snyder.

Add a dash of turmeric to a cream sauce for a lovely golden color.

Baby Talk Not So Cute After The Nursery Stage

By LOIS PANOS

COLLEGE PARK, Md. (AP) — Junior's talk about the "widdle wabbit" may be amusinng while he's a toddler. But if he isn't saying "little rabbit" by the time he's 7, he should be taken to a speech therapist.

Richard Hendricks, head of the University of Maryland's new speech and hearing science program, makes the suggestion in discusssing a growing problem among the nation's school children.

"It is important in the public schools to remember," said Hendricks, "that there are not only 'Johnnies' who can't rean, but also 'Johnnies' who can't hear, who can't think too well and who can't talk very well."

To get some idea of the extent of the problem, the speech and science division set up clinics in 12 Maryland areas to examine children from more than 200 schools.

The findings: Five per cent had either speech or hearing problems or both.

The remedy: In most cases, an extensive program of examination followed by a carefully devised plan of individual treatment for each case. "There is nothing spectacular about it," says Hendricks. "There are no short cuts."

The prospects: Of 50 persons enrolled in the university's new speech and hearing science division, now in its second year, only 10 are undergraduates. The division has facilities for 10 times that many. The need for specialitst in the field, Hendricks declares, is "unlimited."

"Children who cannot speak or hear constitute the largest single group of children's personal problems," he says.

It is a problem of intensity as well as a problem of size.

If Johnny's eyes are weak a pair of glasses will enable him to see the blackboard, and his classmates.

But if he is afflicted by stuttering or a similar handicap his path to acceptance and understanding is more likely to be long and tortuous.

One reason for this is that scientists still don't agree on why he stutters.

One school, Hendricks points out, believes the basic cause is neurological or physiological — that is, one or more defects in the many intricate body parts which produce the marvel of human speech. Another believes the basic cause is psychological. A third believes it may be a combination of the first two.

Besides the stutterer, there is the child who doesn't speak well because he doesn't hear well. He may accurately reproduce the sounds he hears, but he either doesn't hear enough of them or his ear destorts those he does hear.

Other types of speech difficulties may be caused by cerebral palsy, cleft palate or peculiar defects which prevent proper articulation — the ommission of certain letters, like "cool" instead of "school", or substitution of some leters for others, like Junior's trouble with the "widdle wabbit."

A two pound smoked boneless pork butt may be roasted on a rack in an open pan; it will need about an hour and a quarter in a moderate oven.

Pretty garnish for individual servings of fish fillets: criss-cross strips of pimiento and place capers between the strips.

Watch a fish and potato chowder when you prepare it with milk. Overcoking will curdle it!

Give that pie-crust mix extra flavor! Add grated orange and lemon rind to it, and use orange juice when you are mixing it instead of the water called for.

So many toppings to choose from when you are making Pizza? Choose from these: mushrooms, anchovies, salami, cooked pork sausage.

WHAT'S GOING ON

Mr. and Mrs. Ford Spikes and Van of Lubbock spent the weekend in the homes if their parents, Mr. and Mrs. T. J. Sterling, 2511 Thirtieth Street, and Mr. and Mrs. Sam Spikes, 2806 Thirty-seventh Street.

Mr. and Mrs. William R. Larsen, David, Lyn, and Gregory, 124 Twentieth Place, have recently returned home from Prescott, Ariz. where they visited in the home of her parents, Mr. and H. P. Westervelt for a week.

Mr. and Mrs. J. L. Mash, Janie and Toby, Lamesa Highway, recently spent the weekend in Dallas. They took Mr. Mash's mother, Mrs. E. L. Mash home. Mrs. Mash had spent the previous week in their home.

Mr. and Mrs. Clifford Hale, 1109 Thirty-second Street, had as their guests over the weekend, Mr. and Mrs. Bill Dehay and friends from Fort Worth.

Mr. and Mrs. Ellis Neal, 1305 Thirty - first Street, and Mr. and Mrs. Bill Davis and children, west of city, recently spent four days in Galveston, Houston, and Tomball. They visited in the home of the Neals daughter and her family, Mr. and Mrs. Barrett Judkins in Tomball.

Mrs. Mary Jane Wood, of Houston is visiting in the home of her daughter and her family, Mr. and Mrs. Harry Newton, 2612 Avenue F.

Mr. and Mrs. W. L. Hamilton and Jerinda, 1401 Avenue I, formerly of Shawnee, Okla. are now making their home in Snyder. Mr. Hamilton is associated with the W. B. Owens Floor Company. Mrs. Hamilton is the sister of Mrs. W. B. Owens, 414 Thirty - fourth Street.

Mr. and Mrs. Harold E. Parson, Bob, Jack, and Sue, 3805 Highland Drive, have recently returned home from their vacation. They saw the sights in San Antonio and Austin and spent five days on Mo Ranch in Kerrville.

Asthma and Hay Fever Relief Comes in Minutes ...and Lasts For Hours

Tiny Tablet Now Available Without Prescription!

New York, N. Y. (Special)—Medical science has developed a new, tiny tablet that not only stops asthma spasms ... but brings relief to those who also suffer from hay fever attacks.

Authoritative tests have proved that this remarkable compound brings blessed relief in mere minutes—and gives hours of freedom from recurrence of painful spasms.

This fast-acting formula is prescribed by doctors for their private patients who suffer from both asthma and hay fever. And now sufferers can obtain this formula—*without prescription*—in tiny, easy-to-take tablets called *Primatene.**

New Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension, helps dry up nasal passages.

All this without taking painful injections, and without the inconvenience of nebulizers.

The secret of Primatene is that it contains medicines found most effective in combination for those who suffer from asthma and hay fever distress.

Primatene is available at all drug stores. The price is only 98¢ for a bottle of twenty-four tablets. And remember—if not entirely satisfied, your money will be refunded promptly.

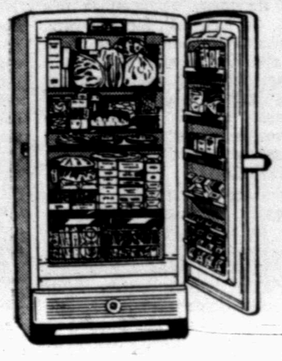

So look forward to sleep at night and freedom from anxiety by day. Get Primatene today! *Trade Mark

It Was The System

Lord Acton's axiom that power tends to corrupt and absolute power to corrupt absolutely was never better exemplified than in the current revelations regarding the career of the dictator Joseph Stalin.

At a news conference last week Secretary Dulles said nothing that hadn't already been said respecting the meaning and motivation of the attack of Stalin's heirs and successors upon that dictator's role as longtime chief of a totalitarian state.

"The evils which Khrushchev exposes and condemns are not merely due to a system which implements a philosophy which considers human beings as tools of the state, to be exploited for the glorification of the state," Mr. Dulles said.

While Khrushchev's long tirade against Stalin recounted the dictator's vicious campaign of extermination against the Communists who crossed him or against whom he conceived a dislike or distrust, there was no word of condemnation of Stalin for liquidating any and all enemies of the totaditarian state and the Communist philosophy. Stalin was a criminal only when he laid his murderous hands on good party members.

Stalin was drunk on power. The more he collected in his own hands the more corrupt he became. Long ago he was accused of murdering his wife. Now they are telling that he maintained a harem of young girls. He is accused of sexual degeneracy.

Absolute power corrupts absolutely. All normal restraints are discarded. Private and public morals cease to count.

The same system that produced a Stalin still prevails in the Soviet Union, operated by Stalin's associates, disciples and sycophants. The struggle now going on within the inner circle for mastery will produce another Stalin, whether Khruschchev or someone else, who will be corrupted by the absolute power that corrupted Stalin absolutely.

No man born of woman can exercise absolute power over his fellow human beings without becoming corrupted absolutely.

Figures Don't Lie

An insurance company with 4 million policyholders recently resurveyed the standings of the 64 occupational groups into which they were classified and found not too much change in their relative standing with regard to driving records from the previous survey.

Still firmly in first place were proprietors and managers of wholesale establishments who apparently "consider themselves and their cars as valuable merchandise and recognize the profit in careful driving," to quote a press release.

School teachers stand in sixth place for safe driving practices, as revealed by the insurance records, but their students are pretty near the bottom—in 62d place. As passenger car drivers, enlisted military personnel held firmly to the worst record of all, in 64th place. Military officers advanced 10 places in improved driving of passenger cars—to which all these figures apply—and now stand in 30th position.

Curiously enough, people in the liquor industry are just one step behind the clergy, in 57th and 56th positions, respectively. Editors, reporters and photographers held grimly to their previous position in line, the 26th, but lawyers slipped from 50th to 52nd.

Contrary to what city slickers may think of farmer's driving habits, the tillers of the soil held firmly to 5th place from the top, but their hired hands took a tumble from 35th to 47th. In the financial field policyholders moved up from 8th to 3d place among safe drivers.

Auto salesmen drooped from 43d to a new low for them of 45th, while veterinarians skidded skidded from 22d to 33d. Undertakers, who previously basked in the moderate classification of 18th, buried themselves to 43d place.

These figures, based solely on accident claim losses, are reflected in the amount of premiums the various classifications are required to pay. The higher the losses, the higher the premiums; so car drivers have a direct monetary stake in improving their driving records.

Inside Information

Good New For Businessmen: Consumers Are In A Free Spending Mood Once Again

By WALTER BREEDE JR.

NEW YORK& June 18 (AP)—The consumer front provided welcome news for many businessmen this week. At long last, Mr. and Mrs. American Consumer were in a free spending mood again.

The loosening of consumer purse strings was dramatically apparent in the nation's auto showrooms where the long-awaited "spring upturn" finally swung into high gear.

Elsewhere along Main street, dry goods, hardware and department store merchants could pat themselves on the back, too. Retail sales took a lusty jump ahead, particularly in the densely populated metropolitan centers of the East and Midwest. In these key market areas, scorching temperatures suddenly burst upon the scene, dispelling the damp, raw weather that had chilled consumer appetites. There was a sudden rush for suntan lotion, swimsuits and summer slacks, air conditioners and aerosol insect bombs, barbecues, shorts and beach umbrellas.

The stock market bounded ahead with renewed vigor this week on news that President Eisenhower was making a good recovery from an intestinal operation. The heavy June 8 loss that followed first reports of the President's illness was more than made up. Biggest uncertainty hovering over the market at week's end was the tightening deadlock in steel wage negotiations.

American Can Co. announced plans for a 27-million-dollar "do-it-yourself" project intended to beat rising prices of steel plate and tin. New equipment will enable the company to manufacture up to 86 per cent of the steel plate and tin it uses, instead of buying the material ready-made. President William C. Stolk explained that the price of steel plate and tin has soared 91 per cent since 1946 while can prices have risen only 75 per cent. Said he: "The steel industry apparently fails to realize that its basic material (steel for tin cans) is in the strongest sort of competition with many other packaging materials."

A cost-cutting program was also launched by Continental Can Co.

The Federal Housing and Home Finance Agency reported that the average cost of putting up a one-family house in the first three months of 1956 was 5.7 per cent higher than at the same time last year, exclusive of land costs—which are higher, too—and the builder's profit. This week prices of cement were hiked by lat least three major producers.

General Foods Corp. tacked on another three cents this week to the wholesale price of its Maxwell House coffee. Other producers followed suit.

The Federal Reserve Board may soon take steps to make it easier for the nation's banks to extend instalment and mortgage credit. Treasury Secretary Humphrey maintains that inflationary tendencies have been curbed.

Briefly over the business scene:

Cash dividends paid by publicly reporting corporations totaled 3¾ billion dollars in the first fve months ths year, up 15 per cent from the like 1955 period. Manufacturing companies scored the biggest gain — a whopping 20 per cent. Auto dealers sold 531,000 new cars last month. W. R. Grace & Co. called off its proposed merger Eastman Kodak Co. announced a general wage increase of approximately five per cent for its 41,000 employes. It will cost Eastman 12 million dollars a year.

LITERARY GUIDEPOST

BEASTS AND MEN. By Pierre Gascar. Translated from French by Jean Stewart. Atlantic-Little, Brown.

Six short stories and a novelette make up this curious collection which won two important literary prizes in France and some high praise in England but which nevertheless seems unlikely to enjoy any comparable reception in this country.

The stories are quickly told:

A new recruit at the outbreak of war is assigned to tend to several hundred horses, which stampede. A boy is apprenticed to a butcher. Prisoners starve behind their barrier, while circus animals are fed behind theirs. "Gaston" is a rat that, at least symbolically, defies the rat catcher. A cat flees the apartment to be occupied by newlyweds. Dogs trained to run down uniformed fugitives practice on a man protected by heavy padding. There is a vast burial ground and there are hordes of dead.

One of the lot of seven is eminently successful: "The House of Blood." A boy apprenticed to a but her watches while the various helpless animals are struck over the head, bled, skinned, sliced up as the carcasses steam and the blood runs hot and red. It is horrible. As the town threatens to place the entire process under formal legal restrictons, the implication is, that society itself has not objection to this Slaughter of the Innocents provided the abattoir is run according to rule.

In the others the indubitable air of gloom is not accompanied by any convincing sense of doom. The grim material goes to waste, becoming neither plot nor clearly defined mood. The translation seems good, but all this may have something in French that can't get through in English.

Youngsters Give Up Their Vacation To Help Animals

By CLARA LEONARD

ROCHESTER, N.Y., June 18 — —There are a lot of children whose devotion to dumb animals is intense. But not to many are willing to give up some of their summer vacation time to demonstrate that devotion.

At the Humane Society's Rochester headquarters, a group of youngsters make a habit of doing just that.

Take 11 - year - old Susan Flieg, for example. She and her 13-year-old sister Beth are driven to the Humane Society early Saturday mornings by her mother. They usually are dressed in sturdy dungarees, jackets and old shoes, for the work they do is not dainty and they are in and out of doors many times, regardless of the weather.

The day may begin by taking some dogs for a run, and walking some others for exercise. After that cages have to be scraped and cleaned, water and food containers scoured, and special food prepared for animals on a special diet.

These duties are performed under the direction of regular Humane Society employes.

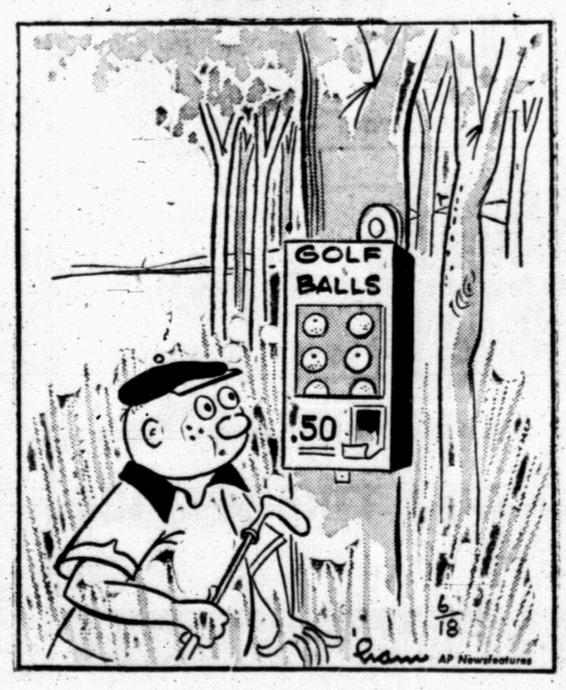

Susie Fleig first became interested in this kind of work when she visited the Humane Society shelter here with her Girl Scout troop. When she went home, she asked her mother if she thought the shelter's director, C. Raymond Naramore, "would let me work there Saturdays for nothing."

Her mother suggested that Susie put the idea to Naramore in a letter. She did and it wasn't long before the director was on the phone accepting the offer. That's when Sister Beth decided she'd like to get in on the project too.

Other children also have asked to be included in the program after viewing some of the live animal shows Naramore conducts at city and county schools in this area. He answers every request for these unpaid jobs with an invitation to visit his "zoo," and keeps a card file which now contains more than 500 names. A sizable number of them are interested in becoming veterinarians, he says.

Naramore encourages them to ing program with the animals to aid him in his training and tamuses in his shows.

BUCKLEY

New Sign On Egyptian Cafe Is Symbolic Of Recent Revolution Along Suez Canal

By WILTON WYNN

MOASCAR, Egypt June 18 (AP)—A small cafe in this Egyptian town bears a name in Arbic lettering which Egyptians read "Ze Hawl in Zee Wall."

That is as close as Arabic letters can get to "The Hole in the Wall," by which this cafe was known to thousands of British service men for decades.

The rising tide of Egyptian nationalism which forced the British army out of the Suez Canal also forced owners of "The Hole in the Wall" to write the cafe's name in Arabic, not English, lettering. The new sign is symbolic of the revolution which has taken place in the Suez Canal Zone in the past 20 months.

Rwo years ago there were 70,000 British troops in this zone. After Monday here won't be a single British soldier left.

Replacing the 70,000 British troops are 800 British civilians to keep the base in working order in case the army has to return within the next five years. Defense of the area has been taken over by the Egyptian army.

Movie theaters once packed by British Tommies now are boarded up. Blank windows stare like empty eye sockets at desert sand.

To reach the canal zone, you leave the fertile Nile delta a few miles north of Cairo and follow a ribbon of green along the sweet water canal which connects the Nile with the Suez Canal. This canal provides drinking water for the zone.

About half way to the canal is Tel el Kebirf, famous in Egypt as the spot here the British defeated the Egyptians in 1882 to begin military control of the area.

Within the vast original area is a small perimeter now manned by Egyptian police who carefully check cars entering. Egyptians are responsible for security of the British in the zone, although inside a smaller circle are British security guards as well.

No British soldiers are left in Tel el Kebir, but in their place are some 200 British civilians and nearly 5,000 Egyptan employees. This group is employed by one of seven British companies now maintaining the base under the Anglo—Egyptian agreement of 1954.

On one side of the Tel el Kebir area, is a huge motor park with 2,000 army trucks. A civilian company repairs and services these vehicles and maintains practically all stocks required for War Office needs in nearby warehouses.

The Tel el Kebir operation not only maintains these stocks for possible return of British troops; it also supplies British army needs all over the Middle East.

Within this compound is a British community of 500 persons, including wives and children.

In many ways, this isolated group is self—sufficient, with two social clubs, and Anglican and Catholic church, swimming pool, movies twice weekly and a primary school.

Tall, Dark, Handsome Men Are Scarce On Broadway

By INEZ ROBB

By the way, whatever became of tall, dark and handsome men? Of callow youth? On Broadway, that is.

The matinee idol who walks off with the heroine on the Great White Way at the moment is apt to be balding, subject to middle-aged spread both fore and aft, and willing and eager, when the final curtain falls, to get home to his carpet slippers.

This description, says Robert Weede, hero of the Broadway musical, "The Most Happy Fella" (for which you, too, will be bald and middle-aged before you can get tickets), fits himself to a T.

Yet, just as in the case of Edward G. Robinson in another smash hit, "Middle of the Night," Weede walks off with the girl, and it stuns him as much as it must stun all the tall, dark and handsome juveniles at leisure.

"Just think, for the first time in my life, I get the girl," marvelled Weede, all of whose other Broadway appearances have been confined to the Metropolitan Opera House, some blocks south of the Imperial Theater where he is now singing.

Baritones, Weede explained, never get the operatic heroine. If, following the usual operatic carnage, there is any heroine left to get at the evening's gory end, the tenor gets her. Man and boy, Weede has been singing in opera for 25 years without ever winding up with the heroine.

"But now I get the girl, and what a girl!" Weede said in happy tribute to Jo Sullivan, the heroine of Frank Loesser's musical version of Sidney Hoard's "They Knew What They Wanted."

"Why do you think you middle-aged fellas have developed a fatal attraction on Broadway for young girls?" I asked in my usually tactful way.

"To tell you the truth," Weede said, "I think we represent security. And in the second place, my role of the Italian immigrant in California is so warm and sweet and his character so beautiful that he's irresistible to women of all ages."

Aside from the fact that he gets the girl, Weede finds his transition from opera to a Broadway musical not too radical. He is still singing, he is still on Broadway and the character he plays is Italian, even if sung in the Italian-accented Americanese of a first-generation immigrant.

Weede is still shaking his head over the fan who came backstage recently, discovered he had studied in Italy and then exclaimed, "Now I know where you get that beautiful accent!"

Between shows, Weede spends as much time as possible at his country home near Stony Point-on-Hudson, Rockland County.

"I mowed a half-acre of lawn before I came to town today," said the balding, middle-aged type now knocking 'em dead on Broadway. "Me and my old power-mower are perfectly attuned to each other. Every 20 minutes it needs a 15-minute rest, and so do I."

Whims Of Consumer Are Problem To Auto Makers

By SAM DAWSON

DETROIT (AP) — Ask any questions today about the auto showdown and you end up talking about the consumer. He's the one with most of the answers.

His whims, spending money changing tastes, credit ideas, reaction to prices, and view of how things are going in general fooled the experts in the industry a few months ago, tend to baffle and exasperate them now, and are the subject of many a planning conference.

There are many motions as to just what hit the industry— and what to do about it.

Some charge that the auto companies pushed sales too hard last year because of cutthroat competition. Some say the public bought all the flashy new jobs it could digest last year and is sort of sleeping off the after effects this year. Others say too easy credit last year, or too tight money this year, are to blame.

Some, notably dealers and Walter P. Reuther, president of the United Auto Workers, say management didn't sense the change in sales demand soon enough and went on overproducing too long.

Others wonder if the public hasn't changed its old seasonal habits—that maybe its volume buying is no longer confined to the spring. They think auto companies should try harder for a year-around market, based on year-around highways and all-weather cars, and on winter as well as summer vacations.

To all those charges, complaints or speculations, the auto industry will give you answers—although not all spokesmen may be as convinced perhaps as they shound.

As to the public's whims and tastes, they deny that there hs been any significant lessening in the demand for highly colorful cars, although the three toned may be waning a little and a pickup is noted in demand for solid cars or for darker two tone combinations.

Most frequent charge is that of excessive selling zeal. George Hitching, Ford economist, contends that hard driving competition is good for the industry, didn't harm it last year.

The controversy over credit finds the industry somewhat split. Harlow H. Curtice, General Motors president, says the tight money policy of the Federal Reserve Board this year is throttling sales. He holds that the board's worrying about the large amount of on-the-cuff buying last year was unjustified. Henry Ford II says he isn't ready yet to take a stand on the Federal Reserve policy controversy. Chrysler reports that defaults on auto credit are negligible.

Auto credit volume is still rising. Credit men look for a better year for themselves than the auto makers are experiencing.

Arthur O. Dietz, president of C.I.T. Financial Corp., a top dealer in auto paper, says that while fewer cars are being sold this year than last, more are being sold on credit.

Everyone in the industry would sleep better if he knew just what the consumers would do this fall and next year.

Hollywood Today

By BOB THOMAS

HOLLYWOOD (AP) — Less than a year ago, Victoria Shaw met Bob Hope in Australia. Since then she has:

Come to Hollywood.
Starred in a movie.
Acquired a future husband.

Hope, who is sometimes called Rapid Robert, has nothing on Victoria when it comes to traveling fast. She is still reeling from the events of the past year.

"I hope things will simmer down soon," said the lovely Australian who was preparing to leave for a publicity whirl in New York.

It all started during one of Hope's globetrotting hours. He cabled to Sydney for some models to appear in a fashion show he planned to use in his appearance tour Down Under.

Victoria, one of Australia's leading models, was one of those who appeared. She told Hope of her desire to go to America. He remarked casually to look up his agent if she ever did.

She was in Hollywood before he returned.

"My idea was to come here and learn about television, then return to Australia and have a show, she said. "There is no TV there now, but they plan to start this fall."

She remarked that Australia is no place for a young actress.

"There is absolutely no opportunity," she said.

What held her back from coming here sooner?

"I didn't know any Americans. I was waiting until I knew someone. When I arrived, the only ones I did know were Bob Hope and his press agent."

Hope's agent took her to Columbia, where she was tested, signed and cast opposite Tyrone Power in "The Eddy Duchin Story," playing the pianist's second wife. Previewers are touting her as a real find.

In the course of her drama studies, she met up with another screen hopeful, handsome young Roger Smith. It's love, and they plan to be married soon.

WASHINGTON LETTER

Bell Ringers Make Hit With Capital Audiences

By JANE EADS

WASHINGTON — Tancy Poore Tufts hardly realized what she was getting into when she ordered 14 handbells from England a few years ago and organized a small group of ringers in the captal to play them.

Mrs. Tufts, a Washington church organist, choir director and teacher, has been so busy with her bells and with snowballing invitations for the group, known as the Potomac English Handbell Ringers that she's had to slight her regular profession.

She ordered the bells in 1952 after hearing Boston's famed Beacon Hill Ringers and the Princeton University Handbells Ringers. She thought it would be nice for the capital to have a group and visualized them playing on the Captiol steps and at the National Cathedral. It was 1954 before she received them.

The bells are made of 75 per cent copper and 25 per cent tin and range in size from two to 10 inches in diameter. They were ordered from the 400-year-old Whitechapel Bell Foundry in London, which cast our Liberty Bell and London's Big Ben.

"Whitechapel has so many orders that with only one man to tune the bells we just had to wait," Mrs. Tufts told me. "The tuner, Ernest Oliver, is a member of a bell-tuner family that's been tuning bell for 10 generations."

Mrs. Tufts got her friends together to play the bells at Christmas 1954. Now she has 45 bells and about a dozen ringers, one-half of whom are professional musicians, the rest government workers.

"What you need is good rhythm and to practice hard," she told me. "We practice once a week or more. We can't begin to accept all the invitations we get all over the country. Last New Year's we played at Colonial Williamsburg. We've played at Princeton University and at many charity and benefit affairs. It takes three cars to get us around."

The London-born daughter of an American Army officer arranges the music for the ringers, who wear crimson robes and stand behind a table covered with green velvet. A recent member of the group is her husband, William O. Tufts, also an organist. "He got so tired of following me around and being chauffeur that he decided to join us," Mrs. Tufts said.

Michigan Prisoners Get Drunk In Cells

MONROE, Mich. (AP) — Prisoners at the county jail got drunk on confiscated moonshine without leaving their cells.

The prisoners inserted a curved shower room pipe though cell ventilation holes into jars of moonshine stored in a hall between bullpens and siphoned the whiskey out.

YEP, it's Rodeo Time again, as evidenced by the 10-day beards Buddy Norris, center, and Bob Littlefield, right, are sporting. Buddy, runner-up in last year's beard contest, pins a Jaycee shave-permit on Steve Birdwell, which means Steve can shave without fear of fine or confinement the next five weeks.

NO COVER CHARGE

Shave Permits Go On Sale

By SHIRLEY BROWNLOW

Want to know what $1 will buy for you even in these days of high prices? The Snyder Jaycees are offering a 10-point bargain to the men of the community.

This package deal comes in the form of a "shave permit" button which Jaycee members will begin selling this week to Snyder men who prefer not to enter the beard owing contest which the Jaycees are sponsoring in connection with the Scurry County Rodeo July 18-21.

What $1 will buy until July 18:

1. A home to sleep in for 5 weeks
2. A dog house to stay out of
3. A warm welcome from the wife when you come in after a hard day at the office
4. No alarmed stares from stangers and friends
5. A possible invitation to eat out with a friend
6. It will keep people from ignoring you when you pass them on the street
7. It will keep people from thinking you are a bum
8. It will keep you from being "sentenced" to the hitching post
9. It will provide money for the Jaycees' charity program
10. It will help promote Western Week

Winner of the beard contest last year was Denver Way, who according to Bob Littlefield, chairman of the Jaycee promotion campaign, isn't entering the contest this year. Buddy Norris was a runner-up in the contest.

The contest this year began June 4 and will end July 18, when the beards will be judged. A list of judges hasn't been announced yet.

Prizes in the contest will include a $50 Series E bond for first and a $25 E bond for second.

Proceeds from the shave permits and fines will go to charity as they did last year. Approximately $500 was collected by the Jaycees in their contest at rodeo time last year.

Beginning July 2, a Jaycee committee of vigilantes will begin enforcement of the ban on shaving. Every man must either grow a beard or mustache, or wear a shaving permit. Those without beards or shave permits will be subject to being fined or chained to a hitching post or both. They will, of course, be given opportunity to buy shave permits to avoid arrest.

The contest will be judged on texture, originality in design, length and other features. A mustache might win out over beards, provided it is good enough.

Rain, Tornadoes, Hail Hit Nation

By The Associated Press

Thunderstorms, heavy rain, hail and isolated tornadoes combined with generally warm and humid temperatures today to give the nation a variety of weather.

Twisters skipped around open country in the Texas Panhandle and South Plains region last night. A few farm sheds were blown down, but no other damage was reported.

Thunderstorms rumbled today over an area extending from thz Western Plains, the mid-Mississippi River Valley and Great Lakes region to the central Atlantic coast.

Heavy rains in northeast Colorado yesterday caused flash floods. U.S. Highway 85 north of Greeley was closed and bridges on county roads in the area were washed out.

Hail blanketed a 52-mile stretch from Greeley to Grover, Colo., near the Wyoming-Nebraska border.

Isolated heavy showers continued to drench already soaked areas of southern Nebraska and northern Kansas, where Frenchman Creek overflowed Saturday into Wauneta, Neb., a town of some 900.

The creek was reported back in its banks today. The 2-inch cloudburst that sent the creek into Wauneta forced an evacuation of more than 30 families from flooded homes. Damage estimates ranged around a quarter of a million dollars.

Hail in the Southern Plains area damaged cotton crops. Lubbock, Tex., reported 3 inches of rain early today and heavy rains also fell in Houston and Beaumont, Tex.

Lightning knocked out power in Amarillo, Tex., and several roads in the area were flooded.

A cooling trend spread slowly from the Northern Plains eastward across most of the Great Lakes and North Atlantic states. Collarwilting heat remained in the central and Southern Plains eastward to the mid-Atlantic states.

New England was the only area west of the Rocky Mountains to escape some rainfall activity.

Peru Voting Winding Up

LIMA, Peru (AP)—With the government party's candidate far behind, Peru's presidential election narrowed today to a two-man race.

Latest returns from the voting yesterday gave former President Manuel Prado a slight lead over Fernande Belaunde, head of the Democratic Youth party.

Hernando Lavalle, corporation lawyer backed by President Manuel Odria's Restoration party, was so outdistanced that observers saw his showing as a sharp rebuff for the present administration.

Unofficial results so far in the contest between the three — all conservatives—gave Prado 41,231 votes, Belaunde 38,206 and Lavalle 13,840. A million and a half Peruvians were eligible to vote. Women voted for the first time.

Reports from the provinces indicated Prado's lead might grow because of the support given him by the outlawed but still powerful leftist Aprista party.

The Apristas, their party banned after Odria took office in 1948, were told by their leaders to "vote according to conscience." Prado hinted during the campaign he would be willing to smooth the way for the party's return to legal status.

He Helped Deliver Father's Day Gift

BOSTON (AP)—Philip K. Chaplain of North Andover became the father of a daughter on Father's Day in a very active manner.

He was driving his wife to Massachusetts Memorial Hospital with a police escort when it became evident there wasn't time to get there.

With a patrolman at the wheel, Chaplain assumed the role of attending physician. Mother and daughter later were reported going well.

It also was the Chaplain's fifth wedding anniversary.

DIPLOMATIC DELIVERY— Georgi N. Zaroubin, Russia's ambasador to the United States meets with Jacob D. Beam in the diplomatic recepiton room at the State Department in Washington as he calls to deliver a new letter from Soviet Premier Nikolia Bulganin. The letter is one of several exchanged between Bulganin and President Eisenhower. Beam is Deputy Assistant Secretary of State for European Affairs.

Southern Third Party Movement Called Suicidal

WASHINGTON (AP)—Sen. George (D-Ga) said today it would be "suicidal" for Southern Democrats to start a splinter or third party movement.

He wrote Gov. George Bell Timmerman of South Carolina:

"If there arise differences between the leadership of the Democratic party and those who represent our Southern states at the national convention and on the national committee, we must look there for a remedy within the party.

"We certainly cannot expect to have a persuasive voice in the party if we withdraw therefrom or continually pose the threat of withdrawal. Such a course seems to me unwise and even suicidal as has been demonstrated in the past."

George wrote in reply to a letter from Timmerman who last week asked Southern party leaders to support a resolution by South Carolina Democrats which would have Southern state Democratic conventions "stand in recess" until after the national convention.

The resolution suggested that after the convention the state organizations could meet again "to consider such further programs as may be necessary in maintaining unity and solidarity of purpose."

Some saw in the resolution an implication that Southern Democratic organizations might choose an independent course of action if they disagreed with the Democratic presidential candidate and platform.

George, who plans to visit Europe in August as President Eisenhower's personal ambassador to the North Atlantic Treaty Organization, said he is not a delegate and does not expect to attend the Democratic convention — "therefore there is no proper or logical way by which I could join in considering such a plan."

Wife Of Attorney Terrorized By Trio

SAN RAFAEL, Calif., June 1 (AP)—Three young men invaded the big home of attorney Vincent Hallinan, at nearby Ross, and terrorized his wife, Police Chief Joseph J. Regoni of Ross said today.

Regoni said Mrs. Hallinan, very distraught, told him one youth tore off her nightclothes but she said she talked him out of raping her.

The police chief said Mrs. Hallinan, 44, mother of six sons, was in bed when she heard a noise. She had expected her husband, 1952 Progressive party candidate for president, back from New York.

President Is Urged To Take Up Bicycling

ORLANDO, Fla. (AP) — The Orlando Boys Club sent President Eisenhower a bicycle yesterday and urged him to take up bike-riding as advised by his heart specialist, Dr. Paul Dudley White.

The club said in a telgeram it "wishes to contribute to your speedy recovery in the hope your health will permit you to accept our invitation" to attend the national amateur bicycle races here July 14-15.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

..SEE WHERE BIG SPRING football coach Carl Coleman has put the "bee" on the school board of that city for more coaching help.

Coleman, we understand, has been "short handed" on his staff in the past and now that the Steers are going into Class 4A, he has gone on record in requesting additional personnel on his coaching staff.

If Big Spring is to keep up with the Class 4A powers she will have to stay abreast of these schools in the number of coashes.

Makes Six Recommendations

Coleman asked for three additional junior high coaches and two for the high school.

The Big Spring mentor, who is already in "hot water" with some members of the school board, made six recommendations at the recent board meeting.

They were:

1. That a teacher capable of coaching athletics in be employed for each of the ward schools in the city.

2. That six coaches be assigned to the junior high school, two for each grade.

3. That two assistant football coaches be added to the high school staff, making two each available for A, B, and C teams.

4. That all coaches be assigned to no more than four adademic classes.

5. That pay of all coaches now on the staff be raised $1,500 above base pay and that new coaches be paid $1,000 above base.

6. That the school board decide whether it is Coleman's responsibility to assign coaches for the various athletics, with approval of the superintendent.

Several Changes Needed To Meet 4A Standards

Big Spring has already made one move in readying itself for Class 4A, speaking of the new stadium that is under construction there now.

Now the city is faced with still other charges and unless coleman's recommendations are approved, the Steers may be left at the starting gate in next fall's District 3-AAAA race.

..CLEAN-UP DEPT. —We booted a couple or so during the past week and we'd like to clear 'em up at this point.

First, it was Ronnie Jones, not Tim Roberts, hurling the first seven-inning no-hitter in the Pony League race.

Jones turned in his 7-inning no-hitter June 2 for the Scurry Butane Dodgers against the Von Roeder Red Sox. Roberts thus became the second to go seven innings for a no-hitter last week in beating the Red Sox.

Then the 1952 Olympics was held in Finland, not Japan, as we stated yesterday.

A couple of typo errors had J. W. (Jim) Greene attending the 1942 Olympics and the 1945 Pan-American Games. It should have read 1952 Olympics and 1954 Pan-American Games, though.

Hope we haven't inconvienced anyone.

Cup Matches Slated For Dallas Sept. 29

DALLAS (AP)—Sixteen man golf squads play here Sept. 29-30 in the Texas Cup matches.

It will be the amateurs vs. the pros in the annual charity golf show. The Dallas Golf Assn., sponsors the matches each year for the Gonzales Warm Springs Foundation for Crippled Children, decided yesterday the matches would be at the Oak Cliff Country Club and suggested to Byron Nelson, pro captain, that he hold his squad to 16, which the amateurs will equal.

The amateur team will be selected by golf writers. Pros are the low shooters in the annual Texas PGA Tournament.

Ferguson Captures Brownwood Title

BROWNWOOD (AP)—Ray Ferguson of Breckenridge, who just graduated from North Texas State College, shot a 75 yesterday for a 281 total and the championship of the Brownwood Golf Tournament.

Sweden Wins Three Medals

STOCKHOLM, Sweden (AP)—Europeans swept the board in the equestrian Olympics for the same reason that the Americans beat the world at golf—a flood of top-class competitors.

Sweden, the host country, won three gold medals in the eight-day Olympics which ended yesterday. Germany took two on the final day and Britain won one.

Horse shows are a major sport in this part of the world and top riders are eager to get on the international teams. In the United States, there are only a few important shows.

On the other hand, American pros play three or four times as much competitive golf as pros in Europe.

In every event in the Equestrian Olympics—the three-day dressage and show jumping—the Europeans showed form the Americans and South Americans couldn't match.

Canada's youthful team in the three-day event proved the only exception. It took third place.

The American team of Hugh Wiley, Towson, Md., Bill Steinkraus, Westport, Conn., and Frank Chapot, Wallpack, N.J., finished fifth in the jumping with 104¼ faults. This was the Yanks' best showing of the week.

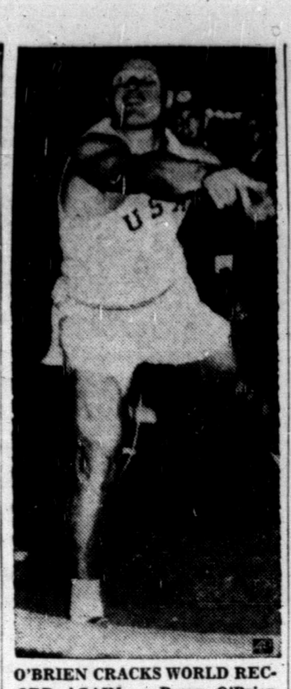

Ardmore Hikes Lead In Sooner State

By The Associated Press

Ardmore beat McAlester 5-2 and 19-2 Sunday to take a four-game lead in the Sooner State League.

Muskogee won a doubleheader from Paris, 8-3 and 9-1.

Lawton and Seminole split a twin bill, the Braves losing the first 4-1 and taking the second 4-3. Shwwnee beat Ponca City 6-5 and 13-10.

O'BRIEN CRACKS WORLD RECORD AGAIN — Parry O'Brien of the Air Force, competing in the armed forces' Interservice Track and Field Championships in Los Angeles, Calif., fires the iron ball as he won the shot put title with a new world's outdoor best of 61 feet 4 inches. It was three inches farther than his own pending world record made earlier this year.

College Star Squad Picked

CHICAGO (AP)—Curly Lambeau, veteran pro football coach who last year directed the College All-Stars to a 30-27 victory over the Cleveland Browns, has announced a squad of 51 players to face the Browns Aug. 10 at Soldier Field.

Last year was the first time the pro coaches were used in the annual game between the All-Stars and the professional champions and it apparently paid off as the collegians scored one of the few victories in the series dating back to 1934. The pros have won 13, lost 7 and 2 games have ended in ties.

Some of the top names are quarterbacks Earl Morrall, Michigan State, and George Welsh, Navy; halfbacks Hopalong Cassady, Ohio State, Bob Burris, Oklahoma and Lenny Moore, Penn State.

Fullbacks Joe Childress, Auburn, and Don Schaefer, Notre Dame; ends Ron Beagle, Navy, and Don Holleder, Army; tackles Frank D'Agostino, Auburn, and Bruce Bosley, West Virginia; guards Jim Brown, CLA, and Cecil Morris, Oklahoma, and centers Jim Mense, Notre Dame, and Bob Pellegrini, Maryland.

Rain Stops City Game

Saturday night's City League game pitting Sun Oil and Hermleigh was called at the end of one inning because of rain.

The game will be re-played later. No definite date, however, has been set.

Neither team scored in the first inning when high winds and rain halted festivities Saturday.

Action will resume tomorrow night when Sun meets Ira at 8.

Mother Of Player Ill

PITTSBURGH, June 16 (AP) — Bonus pitcher Art Swansonof the Pittsburgh Pirates left for Baton Rouge, La., today after receiving word that his mother is ill.

KID BASEBALL

Indians, Yanks In Feature Tilt

It will be "do or die" for the the American Little League race tonight when they take on league leading Legion Yankees.

The Indians are the only AL team left with an outside chance of catching the high-flying Yankees who are unbeaten in seven starts this season. The Tribe trails the Yankees by 2½ games with their 4-2 record but the Redmen could make it interesting for the Yanks by winning tonight.

Jerry Guthrie will likely take the mound for the Yankees while Charles Gladson is expected to be the starting hurler for the Indians. The game will start at about 9 p. m.

The big game in the national Little League will come off Tuesday night when league leading Lions Club Cubs take on runner-up Kiwanis Braves.

The Cubs, who suffered their first loss of the season last week, own a 7-1 record as compared to the Braves' 4-3. A Cub win Tuesday would just about clinch the title for the Bruins while a Braves win will produce a "down to the wire" battle.

In the Pony League, the Court House Tigers are breezing along along in first place with only one team still maintaining a mathematical chance of overtaking the Bengals.

The Tigers are 10-0 in the league race and the Dodgers 8-2. The Von Roeder Red Sox and Lions Club Phillies are tied for third and fourth with 5-5 records. Either of these two clubs could tie for the title by winning their remaining games and the Tigers lose heir remaining tilts.

The Court House nine meets the Red Sox tonight and the Hermleigh Cardinals in their only games this week.

Following is the kid baseball calendar:

KID BASEBALL STANDINGS
PONY LEAGUE

TEAM	W	L	PCT.
Court House Tigers	10	0	1.000
Scurry Butane Dodgers	8	2	.800
Lions Club Phillies	5	5	.500

THURSDAY
9 p.m.—White Sox vs. Indians.
FRIDAY
7 p.m.—Athletics vs. Yankees.

Banned For Life

Santee has been banned for life from all AAU meets and Delany is from Australia.

The best time for a Yankee was 3:49.5 by Art Dalzell of the Army, and 3:49.7 by Sid Wing of Southern California, which is about as fast as either can be expected to do.

There were plenty of bright spots, however.

The Air Force's Parry O'Brien, the world-record holder, increased his mastery of the shot put with a toss of 61 feet 9, and Manhattan College's Ken Bantum became the third man in history to break 60 feet. He hit 60-½.

Cracked American Record

Arnie Sowell of Pittsburgh cracked an American record with an easy win in the 800 meters in time of 1:46.7, running mainly against himself all the way.

The Army's Lou Jones, another world-record holder, smacked out 45.7 in the 400 meters, beating the Air Forece's Jim Lea (46:0) en route.

Lee Calhoun of North Carolina College skimmed the 110-meter high hurdles in 13.7, and the Navy's crack Jack Davis did it in 13.8.

Certainly a highlight for UCLA was the Bruins' first National Collegiate Athletic Assn. track championship.

UCLA scored 55 7-10 points, followed by Kansas, 50; USC, 34½; Michigan State, 29; Abilene Christian, 25, and Villanova 24.

Sweikert Dies On Race Track

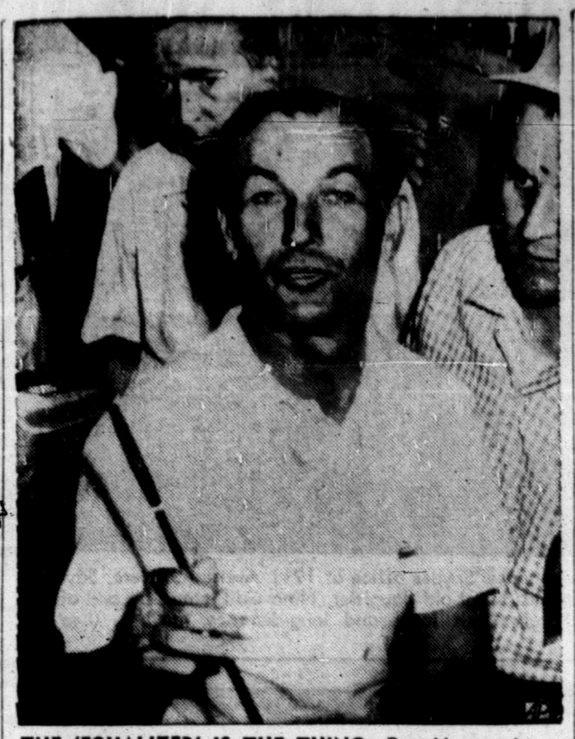

INDIANAPOLIS (AP)—Bob Sweikert, a fearless champion on the track but "scared to death on the highway," met an auto racers death yesterday after he crashed on the high-banked Salem Speedway.

Sweikert, the 1955 winner at Indianapolis, brushed the wall with his sprint car while trying to pass Ed Elisian on the fourth lap. The front of his car went partially over a rail, injured two photographers in a stand, then twisted and rolled towards a retaining wall.

The car was airborne and upside down when it passed over the wall. Sweikert was pulled from the flaming vehicle when it came to rest about 75 feet from the north end of the asphalt track.

His wife, Delores, tried to run to the burning car but was barred by a fence. The flames were quickly extinguished.

Sweikert, 30, died of skull injuries three minutes after he was admitted to the Washington County Memorial Hospital.

THE 'EQUALIZER' IS THE THING—Ben Hogan shows newsmen his self-designed "equalizer"—a wedge-type club—which he says helped him to a best-round 68 in the second round of the U.S. Open Golf Championship in Rochester, N. Y. His two-day total of 72-68—140 was bested only by British Open champ Peter Thomson, with a 139.

Maturity Made A New Man Of Cary

By HUGH FULLERTON

ROCHESTER, N.Y. (AP) — Maturity has made Cary Middlecoff the world's greatest golfer.

But, like his predecessor Ben Hogan, physical condition may keep him from establishing that fact.

When he won his second National Open championship Saturday, posting a 281 total for 72 holes and then sweating it out in the locker room while Hogan, Julius Boros, Ted Kroll and a few others charged at him and dropped back, Middlecoff proved that he is the one golfer to beat in any tournament at this time.

The tall, now-slightly-paunchy retired dentist from Memphis, Tenn., and Dallas, Tex., is 35. He has been rated among the leading golf professionals ever since he won his first Open as a sophomore pro in 1949.

Until the last year or so, temperament and jittery nerves have kept him from establishing his greatness. He was the kind of player who was on top of the world — affable, friendly and humorous — when he was winning and ready to bite your ears off if a few important putts didn't drop.

Golf is a $50,000-a-year business for Middlecoff, but at a time when he should be collecting, he has become a parttime player.

In thte Open, Hagen and Boros tied for second with 282. Kroll had a 285 total.

Adcock's Bat Beats Bums In Pair; Cards Bop Bucs Twice

By JACK HAND
The Associated Press

Charlie Grimm's last official act as manager of Milwaukee would play both games at Brooklyn yesterday. It was one of the best moves he ever made — for the new manager, Fred Haney.

Before Grimm knew he was going to resign, he told the players Saturday he was taking Adcock off the bench and starting him at first base as a reward for his pinch homer in Saturday's game. Before the night was over, Grimm was out and Haney was in.

Adcock hit three home runs for Milwaukee yesterday, one of them the first ever hit over the left field stands at Ebbets Field, as the Braves swept a double-header for Haney 5-4 and 3-1.

Despite a double defeat by St. Louis, the Pittsburgh Pirates still held the National League lead by a half game. The Cards dumped tht Pirates 3-1 on Stan Musial's two-run homer and 8-3 on homers by Hank Sauer and Bob Del Greco.

Either the Cincinnati Redlegs or Brooklyn Dodgers could have sneaked into the lead by winning a pair. The Dodgers dropped two and the Redlegs had to settle for a split with New York. After successive homers by Willie Mays and Bill White gave the Giants the opener 7-6, Joe Nuxhall shut out New York with two singles for a 1-0 verdict.

Robin Roberts ended his personal losing streak by pitching the Phillies to his first victory since May 24 with a seven-hitter 7-1 but the Chicago Cubs bounced back to win the second 7-4 on Sam Jones' six-hitter.

Rookie Norm Siebern and Yogi Berra ripped Early Wynn for a pair of tworun homers in the first inning as the New Yerk Yankees drubbed Cleveland 9-4. The defeat dropped the Indians into fourth place.

Chicago pounded Washington for 20 hits and a 20-2 romp in the opener and then settled back to absorb a 10-4 beating in the second game. The results left the White Sox 5½ games back of the Yanks.

Frank Sullivan beat Detroit for the 10th straight time with the help of a 19-hit Boston attack in a 13-2 romp. Baltimore's Bob Nieman, a .435 hitting terror when he sees Kansas City pitching, hit a three-run homer with the score tied in the eighth inning as the Orioles whipped the A's 7-2.

The largest Ebbets Field crowd since June 3, 1951, a total of 34,394, saw Adcock crash his homer with the score tied 4-4 in the ninth inning of the first game. Big Joe already had hit a two-run homer and a single in the opener. He started the Braves on s ona vbgk vbgk vbgk bbb bb the way in the second game with his ninth homer of the year in the second inning.

Tom Poholsky and Willard Schmidt, with an assist from Jim Konstanty, pitched St.Louis to its sweep at Pittsburgh, beating Vern Law and Luis Arroyo.

The Polo Grounds double-header presented a sharp contrast between wild slugging with six homers and a total of seven pitchers in the first-game box score and a tight 1-0 game in the second. In addition to May and White, homers were hit in the first game by Dusty Rhodes and Daryl Spencer of New York and Gus Bell and Johnny Temple of Cincy.

Roberts got slugging support from homers by Del Ennis and Willie Jones against the Cubs. He had a one-hit shutout until the seventh. Eddie Miksis homered and drove in three runs to back up Jones in tht second game.

At Cleveland, it was 4-0 with nobody out in the first when Wynn gave way to Don Mossi, Whitey Ford injured his back in the second and gave way to Tom Morgan. The eventual winner was Rip Coleman.

Minnie Minoso blasted four hits and Sherm Lollar and Luis Aparicio three each in the White Sox's first-game attack behind Dick Donovan. Chuck Stobbs, in trouble all the way, beat Chicago for the third time in the second game.

Ted Lepcio had a three-run homer and three singles and Jackie Jensen four singles in Boston's slaughter of Detroit.

Hector (Skinny) Brown won his fourth straight for Kansas City with an eight-hitter.

SNYDER BUSINESS NEWS

GEE TRANSFER & STORAGE has its new Snyder office at 1911 Avenue S. Here, Snyder office manager Billy Brice and his 5-year-old daughter, Nina Gail, stand by one of the Gee transfer vans. The firm handles both local and long-distance moving. (Lee Waston photographs)

CENTRAL TIRE SERVICE—Pre-vacation safety headquarters for your car is Central Tire Service, Avenue T and Twenty-fifth Street, one block west of the square. The firm, shown above has a complete car safety service for all motorists.

Top Retread Service Offered

Are you planning a vacation trip this summer?

If so you are probably in the same boat with almost everyone else — trying to figure out how to make that trip on the money available, and do it safely in your present car.

Here's an idea that is not new to many persons, but may be new to you — and it is one that is a sure fire money saver. And it offers the maximum in safety anl dependibility for a trouple-free vacation trip as well as for many months of regular car use to come after the vacation.

Central Tire Service located at the intersection of Avenue T and Twenty-fifth Street just a block west of the square, offers a complete retread service for all size passenger cars and trucks. Cost of retreading your tires is only one-half the price of a new tire of the same size, and it offers several advantages besides money saving.

"All tires retreaded in our shop are given a three-time safety inspection for nail holes, breaks or separations, an inspection for each step in the retread process," John Noble, manager, said.

The first inspection is made when the tire is brought in for retreading. If a break or nail hole is detected, the tire carcass is discarded.

The second inspection follows buffing of the tire. The buffing process is to remove excess rubber left from the original tread, to make the tire perfectly round and to prepare it for the new tread. Inspection after the buffing often discloses defects not detectible at the first inspection.

The buffing is done with a new tru-arc buffing machine which makes the tire carcass perfectly round before the new tread is applied.

Then after the tread is applied and before the curing tube is inserted into the tire for the final step in the retreading, the final inspection is made.

And many defects are found in this inspection, Noble said.

Why all these inspections?

One of the main reasons for the three-step inspection of every retreaded tire is to insure that the tire will stand up for the 12-month unconditional road hazard written guarantee given with each retread job by Central Tire Service.

"But that's not the big reason," Noble said.

The big reason is that we are thinking of the life and safety of passengers in cars riding on the tires — "They are our customers and we want to keep them out customers," he said.

Another important step in the retreading of tires by Central Tire Service is the pre-balancing given to each tire carcass after the buffing operation which insures a balanced retreaded tire.

Central Tire Service uses only new equipment of the latest style, and buys only the newest types of retread rubber to insure longest possible wear. It is better quality than the rubber used in most new tires.

"Your retreaded tires not only cost half what new tires cost, but should give longer service than the original rubber on the tires," he said.

"Tires are important to the safety of your car and its passengers, but the most common cause of accidents is steering mechanism defects or failures," he said.

Central Tire Service has the newectronics wheel balancing system, and a complete steering and front-end alignment set up, as well as a complete auto electric and ignition system service department. "We urge everyone to come by and let us check these important parts of their cars before starting on any kind of trip," he said.

The checks are made free of charge and at no obligation by the customer. If any repairs are needed, the firm offers a complete repair service — if no repairs are needed it costs nothing and the customer has the assurance that his car is in good condition to hit the road for a long trip.

A vacation special on new Gates Super Silent Safety Nylon tires is now in effect at the Gates tire headquarters, Central Tire Service.

The best quality Gates nylon tires are now priced only $19.60 each exchange. Regular price of the tires is $36.39, a saving of almost one-half on new tires.

Taken To Lubbock

Mrs. Lee Stinson, 3011 Avenue U, was carried from the Cogdell Memorial Hospital yesterday to the Methodist Hospital in Lubbock by Bolger Ambulance.

For an Englishman, a sedan is a saloon.

Antennas Are Sold Here At Low Cost

The day of low cost television viewing has arrived for the Snyder area.

Not many months ago an expensive television antenna as well as a television set in critical adjustment and top working order was necessary to even get picture which could be watched with limited pleasure.

But that is no longer true — due to several factors.

One of the most important factros in providing low cost, snow free television reception is the M&M Radio & Electric, 1910 Twenty-seventh Street.

The firm now sells and installs television antennas, complete, which provde clear-picture reception from both Sweetwater and Big Spring stations and for only $50.

For just a small amount more the firm can provide and install a slightly taller tower and rotator which will provide dependable reception from a half-dozen different stations throughout the West Texas area.

Milton Mapes, owner, explained it this way: "Television sets have been greatly improved, especially the ones designed for fringe area use, and the broadcast stations throughout the area have increased their transmission power so that a less expensive antena now does a good receiving job for viewers

"A 20-foot pole and antennas mounted on top of your house is all that is necessary to get a good picture from Sweetwater and Big Spring now," he said.

"Of course, the individual can still purchase an elaborate set up if he desires snow free reception from a wide variety of station but that is no longer necessary," he said.

"For $250 or less a customer can now get a new television set, one of the finest, and the complete antenna," he said.

He added that his firm provides low down-payment and low monthly payment plans for purchase of such set ups.

"Service is what we are in the business for, and we provide all services in the electronics and electrical repair fields," he added.

The firm has built a reputation of providing service with a guarantee on all television sets sold so that customers could be assured that any set purchased there would give the ultimate in performance.

"We stand behind everything we sell or service and guarantee our products and work," he said.

Gee Transfer And Storage Opens Office

One of Snyder's newest business firms handled all the details of moving employes' families here, and now it is ready to move any other families.

It is Gee Transfer & Storage, which has located its Snyder office at 1911 Avenue S.

The utmost care in handling is a feature of the firm, which although it is new to Snyder, is not new in the moving business.

B S. Gee owner of the firm, said "We don't claim to handle people's possession any better than any other firm, but we give as good service as any."

Gee has since Sept. 1, 1951, operated the firm with a Sweetwater office, and he has only recently expanded to include a Snyder office.

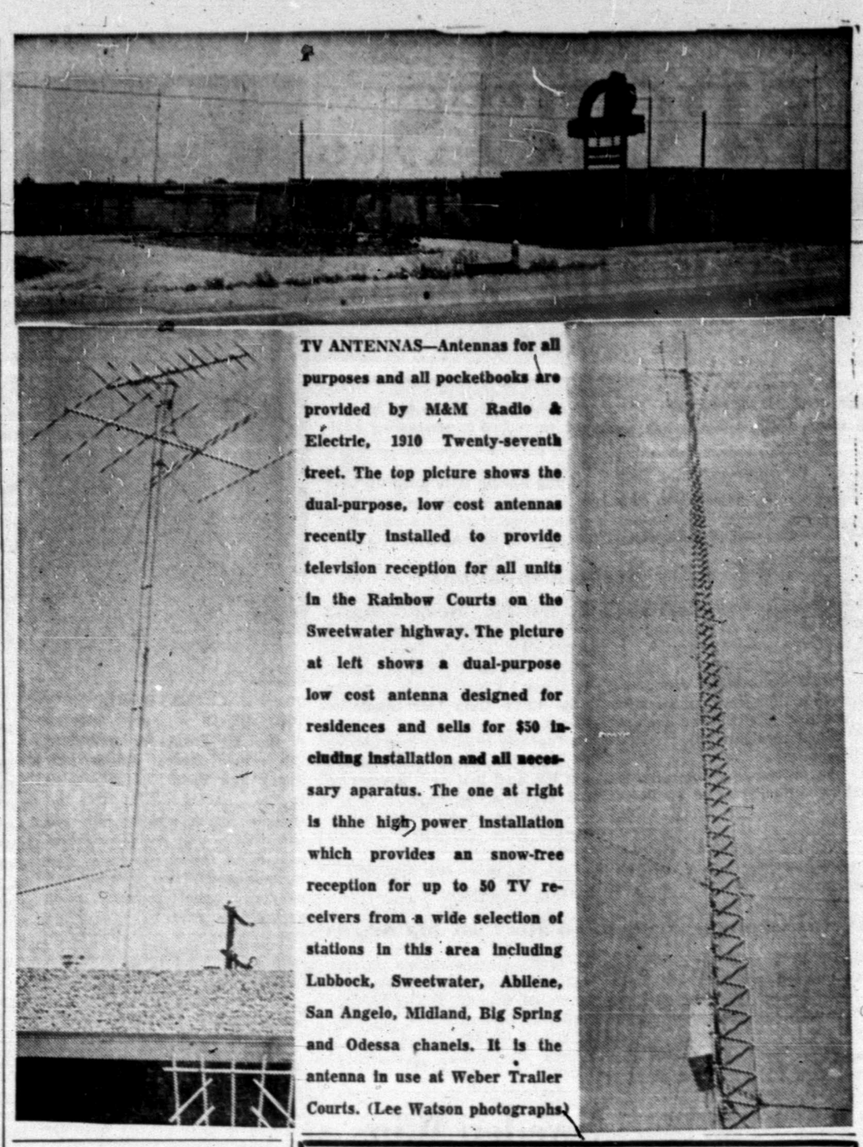

The firm's owner was in the transfer and transportation line for 25 years before beginning his own business. A former resident of Snyder, he was employed for several years with the Snyder Transfer & Storage Co., which later sold its business to Johnson Motor Lines. He was later employed by Merchants Motor Lines before starting Gee Transfer & Storage at Sweetwater.

Here to manage the firm's Snyder office is Billy Brice, who has been employed by Gee since the firm was originated in Sweetwater. Brice, a native of Nolan County, lived there until his recent move to Snyder.

Gee Transfer & Storage features insured moving and bonded warehouse space for storage in both Sweetwater and Snyder. The firm's fleet will serve both cities and their trade areas.

Gee's firm is affiliated with Howard Van Lines for long-distance moving.

Gee said the firm can be contacted at the Snyder office number, 3-3518, or anyone who wishes to speak to him can contact him by calling collect at Sweetwater, 3612.

TV ANTENNAS—Antennas for all purposes and all pocketbooks are provided by M&M Radio & Electric, 1910 Twenty-seventh treet. The top picture shows the dual-purpose, low cost antennas recently installed to provide television reception for all units in the Rainbow Courts on the Sweetwater highway. The picture at left shows a dual-purpose low cost antenna designed for residences and sells for $50 including installation and all necessary aparatus. The one at right is thhe high power installation which provides an snow-free reception for up to 50 TV receivers from a wide selection of stations in this area including Lubbock, Sweetwater, Abilene, San Angelo, Midland, Big Spring and Odessa chanels. It is the antenna in use at Weber Trailer Courts. (Lee Watson photographs)

Russian Roulette And Glider Crash Hike State Death Toll

By The Associated Press

Weekend violence in Texas killed at least 26 persons, causes ranged from a tiny experimental glider crash to Russian roulette. Late deaths included:

Joe Krayer, 30, of Dallas drowned in Lake Whitney Sunday night while swimming from a boat.

Benjamin Gray, 15, of Harlingen, was killed when a station wagon overturned near Harlingen.

Mrs. W. F. Profitt of Tahoka was killed Sunday night in a head-on auto collision nine miles northeast of Littlefield.

James Miller, 26, of the Beeville Naval Auxiliary Air Station, was electrocuted while working on his auto with an electric welder.

Charles Hilburn, 24, of Fort Worth, University of Texas student, died Saturday when his tiny flying wing glider crashed north of Fort Worth. The glider was cut loose from a plane at 5,000 feet.

Sammie Dean Jr., 21, of the Kingyville NAAS, killed himself Saturday at Corpus Christi while playing Russian roulette. In the game, one shell is placed in a revolver and the cylinder spun. The gun is then placed against the temple and the trigger pulled.

Two men were killed in the Lower Rio Grande Valley to separate accidents when they were hit by cars while walking on highways. Emeillo Rayes, 21, of Mexico, was killed near Olmito. Andrews Ramirez, 54, of Harlingen, was killed in Harlingen.

Wayne Thomas, 23, announcer Radio KRBC in Abilene, drowned Sunday at Lake Phantom nine miles north of Abilene. Thomas, son of Mr. and Mrs. Rufus Thomas of Abilene and a graduate of the University of Texas, was sailboating with his fatther and apparently lost his balance and fell into the lake. The body was found today.

Sgt. Elmer Shaffer, 29, of Eightyfour, Pa., was shot to death Saturday night at Mineral Wells. A retired physician, Dr. E. H. Boaz, 72, was charged with murder. Sheriff Fred Foreman said officers hadn't determined the cause of the shooting at Dr. Boaz' home in the presence of Mrs. Boaz and Shaffer's wife and children. Shaffer was stationed at Wolters AFB. The sheriff said the families had been friends.

Eulalio Ornelas, 43, and his children, Lucia, 11, and Roberto, 1, drowned near San Angelo Sunday. The boy went to the aid of his sister while they were swimming and the father drowned trying to save the children.

George Brown, 43, of Houston, was killed Sunday and two others were injured when their car overturned near Carthage. The injured are Elliott Clark, 63, and James Stevenson Jr., 32, both of Carthage.

Joe Housman, 25, of Dallas, was found dead beneath a viaduct Sunday. He broke his neck.

Recovery Suit Begins Today

WILSON, N.C. (AP)—The case of a plumber seeking to recover $12,000 he says he found in a hot water heater opens in superior court today.

C. Louis Deans, 26, says he found 180 one hundred dollar bills in a cloth bag in the home of M. C. Godwin near Buckhorn Oct. 5, 1955. Godwin now has the money.

Deans says he showed the bag to Godwin and that Godwin professed no knowledge of it or its contents, but offered him a $5 reward. He is seeking recovery on grounds Godwin knew nothing about the bag prior to its dicovery.

Godwin lost out in another court action in which he sought to have Deans' claim dismissed. Godwin contended the money was hidden by his wife, who had died June 18, 1954.

Zuazo Elected As President Over Bolivia

LA PAZ, Bolivia (AP)—Energetic Vice President Hernan Siles Zuazo has been elected president of Bolivia, to the surprise of no one and with less than 20 per cent of the nationwide election vote counted.

His victory in yesterday's voting promised a reorganization in the country's rich government-opreated tin mines and distribution of more farmlands to landless, impoverished peasants.

Siles Zuazo, leader of the 1952 revolution which put his National Revolutionary Movement (MNR) and exiled President Victor Paz Estenssoro in power, termed the election "the first real democratic experiece in Bolivia."

The MNR has a powerful extreme left faction, but the 42-year-old Siles Zuazo is a moderate. He counts on continued aid from the United States, which is now giving 20 million dollars a year to help in the government's battle against serious inflation.

Although the bulk of the estimated 300,000 votes were still to be reported, returns trickling in from the populous interior assured the MNR leader victory over his chief opponent, Oscar Unzaga de la Vega of the Socialist Falange party.

Unzaga had conceded defeat before the election and withdrawn unofficially, charging the MNR's armed civilian militia would not permit a free vote. The government denied the charge and countered with a claim that a conservative revolution was in the making.

Despite tension aroused by the revolt report and the presence in La Paz of large numbers of armed militiamen, only one incident of violence was reported. A peasant shot into a Uruguayan Embassy automobile loaded with Uruguayan newsmen who misunderstood a command to halt. Diego Hurgos of the Montevideo El Debate was wounded seriously.

NIGHTMARE OVER—Carl Simpson (above), 49-year-old father of four daughters, has found out why he had been fired from a dozen jobs in three years Oklahoma City police said his physical characteristics were almost identical with two other Carl Simpsons who had police records. One was sent to prison in 1933. Fingerprints were checked to separate the three Simpsons.

HE FORGOT LATIN BUT—

Harry To Get Oxford Degree

LONDON (AP)—Harry S. Truman jokingly said today he just won't get that honorary degree from Oxford University if he has to accept it in Latin.

"I had only a schoolboy's education," he explained to a news conference on his arrival in Britain today. "The Latin it included I don't remember."

The ancient British university will give him an honorary doctorate of law Wednesday.

Truman and his wife came by steamer from the Netherlands for a 10-day visit during which they also will be received by Queen Elizabeth II and entertained by Prime Minister Eden and Sir Winston Churchill.

Her fast-stepping husband left Mrs. Truman behind when they quit the boat at Harwich.

"Sometimes," she said, "I wish his leg hadn't got well. I seem to spend all my time trying to catch up with him. I think I've been lost about four times in Europe."

When the Trumans arrived in Europe, he was limping. He had hurt his ankle when he carried luggage down the stairs in their Independence Mo., home. As the tour progressed through France, Italy and West Germany, the limp disappeared.

To the news conference, Truman repeated he has no preferred candidate for the Democratic presidential nomination. He emphasized that although he will not be a delegate to the party convention, "I'll be there and take much interest in it." He stressed "much interest."

Questioned about Soviet Communist party chief Nikita Khrushchev's denunciation of Joseph Stalin, Truman replied:

"The thing that strikes me is that one of those men who helped carry out those policies of Stalin is the man who is now denouncing them. I have no faith in the Khrushchev disclosures. What they are doing now is not honest or aboveboard."

A British reporter asked if Truman thought Sen. Joseph McCarthy (R-Wis) is a "dead duck."

"I hope so," Truman snapped.

Kovac Gets Good Service

NEW YORK, June 16 (AP)—Six mornings a week a New York taxi driver named Lou Pack parks his cab on Central Park West at 5:10 a.m. and ascends to a 17-room duplex apartment where a tall, mustached man is shaving in one of the numerous bathrooms.

Pack unlocks the apartment door with his own key and goes to the kitchen, where he begins frying bacon and eggs for two. After a while the mustached man comes out and they decide who is going to make the coffee this morning. Then they eat silently while they read the newspapers.

Descending by elevator. Pack gets behind the wheel of his cab and the mustached man climbs in back and they drive to a studio of the local ABC radio network station. "So long, Lou," the man says. "See you tomorrow."

"So long, Ernie," says Lou Pack, and Ernie Kovacs enters the studio to begin his three-hour daily stint as a disc jockey.

When he emerges at 9 a.m. he finds a chauffeured car awaiting him. (The car is his and he pays the chauffeur.) They dash across town to the NBC studios. In the next 75 minutes (give or take one or two) there follows the complete and only rehearsal for what many believe is the funniest, zaniest half-hour daytime show in television. The Ernie Kovacs Show is aided and abetted by his blonde and beautiful wife Edie Adams and a group of entertainers who act like friends of the Kovacs who merely dropped in for a frolic.

Views On Ike Illness Given

PHILADELPHIA, June 18 (AP) — The discovery of the disease ileitis, which struck President Eisenhower, says there "should not be any recurrence" of the illness in Eisenhower's case.

Dr. Berrill B. Crohn said the President had a "relatively mild attack." Bypassing the obstruction in the small intestine—where the disease causes its damage—"actually represents healing," Dr. Crohn said.

In about 35 per cent of the cases involving surgery, he added, there is a recurrence, but "that doesn't mean the President will get it again — he probably won't," because his attack was relatively mild.

Eisenhower is now recovering from an emergency operation nine days ago in Washington.

Dr. Crohn appeared on the NBC television program March of Medicine yesterday.

Wedding Bells Ring; He's 93 and She's 81

PARKVILLE, Mich. (AP)—Samuel N. Sheppard and the former Mrs. Annie Miller, who have each outlived three mates, are beginning new lives together. He is 93 and she is 81.

The couple was married yesterday at Sheppard's home here. They plan a honeymoon in "about two weeks" when "the fishing gets better."

"We should have gotten married sooner but Sam's an old fashioned boy," said Mrs. Sheppard. "He wanted to get all his old bills paid up first."

Two Die In Gun Battle

NORWICH, Conn., (AP) — Two men shot each other to death, a witness said, in a gun battle yesterday over a woman the estranged wife of one of them. She was wounded.

Killed were Ralph Schnatter, 30, a shipping clerk, and Robert Miller, 42, a lineman from Willimantic. Police said Miller was planning to marry Schnetter's wife after she obtained a divorce.

Mrs. Jennie Barry, Mrs. Schnatter's mother, told police Schnatter fired a shotgun blast at Miller after Miller swore at him. She said that although Miller was hit he fired about five shots from a .32-caliber revolver at Schnatter. Miller then dropped and Schnatter staggered to his body and fired a shot from a .32-caliber revolver he also was carrying.

Mrs. Barry said that before he fired the shot, he muttered:

"I'll make sure."

Then, she said, he turned toward his wife and chased her toward the house. He fired a shot that hit her in the arm.

Schnatter then doubled over on the front porch and died.

Trail Of Airman Goes Into Fifth Day Today

FAIRFIELD, Calif. (AP)—Trial of John R. Watson, 26-year-old airman charged with slaying his wife, Doris, 26, goes into its fifth day today with the prosecution expected to cross-examine the defendant.

Watson, a native of Ottawa, is accused of shooting his wife in her Vallejo apartment last Feb. 16 while their five-year-old son, Bruce, looked on.

Defense attorney Thomas N. Healy said he would call 12 or 13 witneses, indicating that the trial would continue throughout this week.

Foundation Grant

NEW YORK (AP)—Columbia University announces it has been awarded a $1,275,000 Ford Foundation grant for research and training of specialists in international affairs.

FRENCH FOREIGN MINISTER IN CAPITAL—Arriving by train from New York, French Foreign Minister Christian Pineau, right, concludes his response to a speech of welcome and turns to shake hands with U. S. Deputy Under Secretary of State Robert Murphy at Washington Union Station. Pineau's official visit will include three days of conferences with Secretary of State Dulles.

Bellaire Man Drowns

GALVESTON (AP)—William Howell of Bellaire was found dead in shallow water on a beach here yesterday. Mr. and Mrs. Howell, their son, Bill, 6, and two neighbor children were on a father's day outing. All except Howell went to their car at about dusk.

Adlai, Estes Patch Up Differences

By The Associated Press

Sen. Estes Kefauver and Adlai Stevenson apparently were on the way today toward patching up differences arising from their rivalry for the Democratic presidential nomination.

In the Republican camp there still was no sign of any immediate authoritative announcement on President Eisenhower's political plans in the light of his latest illness.

The Kefauver-Stevenson reconciliation began with a frank admission yesterday from Kefeaver that he erred in conducting a "personal" type campaign against Stevenson in latter stages of the Florida and California primary fights, both won by Stevenson.

"I got mad, lost my head" Kefauver said in a television session, "in the heat of the campaign you sometimzs say things you wouldn't say if you thought them over."

In Chicago, Stevenson said Kefauver's remarks would do much to restore unity to the Democratic party. He said he wired Kefauver that he was pleased.

But Kefauver also reaffirmed that he has no intention of withdrawing from the race for the nomination despite his close defeat in the key Florida primary and a crushing loss in the equally important California primary.

He said also he would take no part in any "behind the scene" maneuvering to throw his support to another candidate if he is unable to win the nomination himself.

He said he would support Stevenson or whoever wins the nomination. He said also he is not considering accepting the vice presidential nomination.

Republicans wondering if Eisenhower will reconsider his earlier decision to run again after recovering from his Sept. 24 heart attack got no help yesterday from James C. Hagerty, White House press scretary.

No Boycott Is Planned For Florida

MIAMI, Fla. (AP)—Negroes have rejected the idea of a boycott to force integration on Miami's buses.

Instead, said leaders of the National Assn. for the Advancement of Colored People, they will file suit in federal court challenging the constitutionality of Miami's bus segregation laws.

A resolution condemning bus boycotts as "untenable" was adopted at a mass meeting of NAACP leaders, yesterday.

The resolution said bus segregation is outdated, that Miami Transit Co. should employ Negro drivers on predominantly Negro lines, and that legal action should be started to end bus segregation.

G. E. Graves Jr., attorney representing thet NAACP, said he will file the suit "very soon," when it has been "adequately prepared."

E. L. Davis, Graves' law partner, said the fight is not with the bus company but "it is with the people who pass and refuse to revoke segregation laws."

Davis added: "We intend to fight the laws and the best approach is through federal court."

102-Pound Turtle Must Go To Zoo

BROKEN BOW, Okla. (AP) — A Broken Bow man, pondering the problem of what to do with his huge turtle which he said was "eating me out of house and home," may have found the answer. Give it to the zoo.

T. R. Pate said he caught the 102-pound turtle on a troutline in Little River near here four days ago. Pate said he either would have to k lirgetutell thiro ievt have to kill the turtle or give it away. Then he heard the Lincoln Park Zoo in Oklahoma City, was in the market for just such a turtle.

Bob Jenni, who is in charge of the zoo's reptile exhibit, said he has been seeking several big turtles for his exhibit and plans to pick up Pate's turtle some time this week.

Construction Pace Quickens In May

AUSTIN, June 18 (AP) —Texas construction increased 17 per cent in April over May, the University of Texas Bureau of Business Research said today.

The year is still 10 per cent behind 1955 in construction, the agency said.

May building permits totaled 85 million dollars. The May increase was marked by an upsurge in residential building and repairs. New residential building was 2 per cent over April and repair work was 35 per cent up.

Non-residential building is still leading in the 5 month comparison with 1955.

14 Cars Jump Rails

HOSTON (AP)—Crews worked today on the ripped-up railroad tracks northwest of here where 14 cars loaded with gravel jumped the rails yesterday. Wreckage was scattered for half a mile. A journal failure on the 50-car Southern Pacific freight jammed the wheels of a car 15 cars ahead of the caboose, causing the wreck. The train was en route from Austin to Houston. No one was injured.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.
