Selections finalized for first leadership class

The initial 15 class members for "Century II: Leadership Scurry County" have been selected and the first of seven monthly sessions is slated for next Thursday.

The announcement of the inaugural class now launches what is forseen as a two-fold program: to identify leadership for the county and to pinpoint and discuss areas where crucial decision making might be required in the future.

The project is co-sponsored by Western Texas College and the Snyder Chamber of Commerce. Members of the first class will be:

Eunice Irwin, executive director for the Scurry County Museum; Diana Allen, business manager for Snyder Bone and Joint Clinic; Don Cheek, local gospel concert promoter; Bruce Erratt, attorney with Rosser, Armstrong and Terrell; and Kami Greif, patient admissions coordinator for Snyder Nursing Center.

In addition, Ronald Hines, foreman with Hines Construction Company; Wayne Hoskins, manager, Beacon Motel; Murray Anne Ray, owner of Adventures Unlimited; Darlene Robbins, a computer assisted instruction teacher with the Snyder school district; and Roy Rosson, school district coordinator for the computer assisted instruction program.

In addition, Shannon Shane, claims specialists with Chevron USA; Gloria Shaw, director of the Snyder Senior Center; Rodger Sullenger, customer operations supervisor with Texas Electric Service Company; James Tully, dean of learning resources at Western Texas College; and Troy Williamson, president of Williamson Auto Supply.

Project sponsors note that some applicants for the program could not attend classes due to scheduling conflicts. These are encouraged to reapply next fall for the program's second session.

One of the criteria for class members is mandatory attendance. As planned, those missing as many as two classes will be asked to drop out of the program.

Instructor for the class — which will meet each month through May — will be Dr. James Palmer, division chairman for social science at WTC.

The instructional outline for next Thursday's class has already been set and will include several guest speakers comprised of the WTC staff.

The first class study will include Mike Otto, discuss-

Fire class here

By NOBLE B. YOUNG
SDN Staff Writer

Some 125 Texas area employees of Chevron USA have been learning fire fighting skills during a week-long fire school being conducted at the Chevron North Gas Plant.

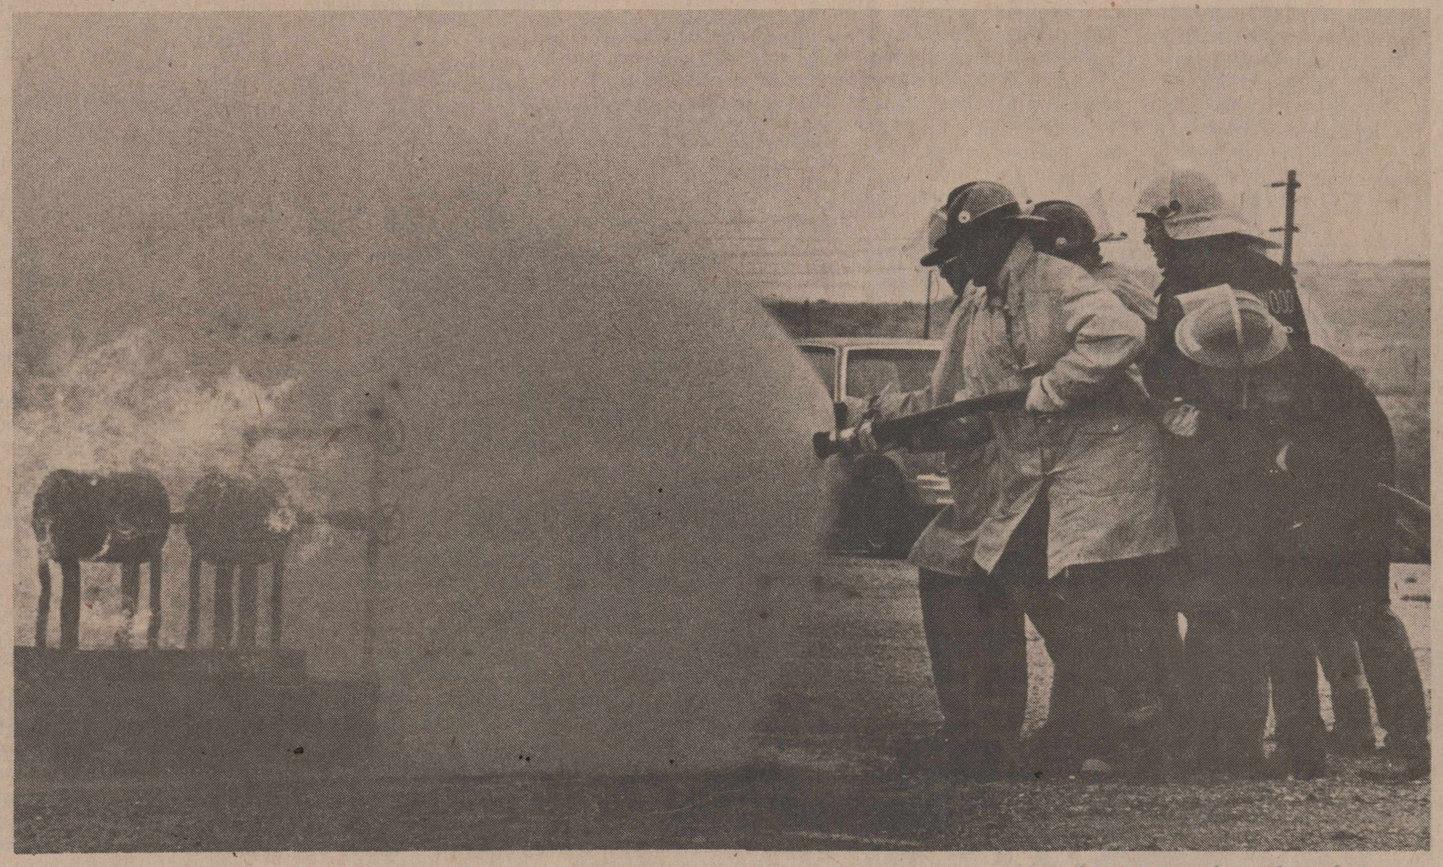

According to Del Clement of Midland, Chevron area superintendent, the classes have included day-long sessions with equal doses of classroom training and live fire fighting at a simulation site south of the plant.

Instructors for the course include Kenny Wood of Snyder, Richard Hardin, north plant foreman, and Jack Pohlman, local assistant plant foreman. All three men have extensive training as fire instructors.

Hardin and Pohlman conduct the classroom training and Wood, who is a Snyder volunteer fireman as well as a Chevron employee, conducts live training at the simulator site.

Company personnel from as far away as the Sherman-Denison area are participating in the local sessions which Clement calls "invaluable" for enabling employees to cope with possible fire emergencies.

The simulator at the local plant is the only one of it's kind at a Chevron facility in Texas. It features "leaky" pipes and valves fed by pressurized butane.

FIRE TRAINING—Teams of Chevron USA employees from across the state have been practicing their fire fighting techniques this week on the fire simulator at the North Snyder Gas Plant. In this exercise, the team directs water to blow flames away from the valves on a leaking butane system until they get close enough for one to reach in and close the valve. Fighting in Grenada is over

POINT SALINES, Grenada (AP) — U.S. officials have declared that the fighting in Grenada is over. They plan to fly expelled Soviet, Cuban and Libyan diplomats from the island today and withdraw 2,000 American troops by Friday.

An estimated 600 Cubans remain in captivity on Grenada, but 57 wounded Cuban prisoners were flown home Wednesday to a personal welcome from their commander-in-chief, President Fidel Castro.

In Grenada, however, a Cuban diplomat said the 37 Cubans confined in their embassy and surrounded by U.S. paratroopers would refuse to leave the island until after the evacuation of the rest of their countrymen captured in the U.S-led invasion. No date has been announced for the captives' return home.

The U.N. General Assembly, meanwhile, adopted a resolution calling for withdrawal of foreign troops from Grenada. The United States, one of only nine countries to oppose the resolution Wednesday, said the number of American troops on the tiny Caribbean island would be reduced from 5,000 to 3,000 by Friday.

In Washington, Defense Secretary Caspar Weinberger informed President Reagan that "all hostilities have ceased" in Grenada, which was invaded Oct. 25, and a State Department official said seized documents revealed that Grenada's Marxist government had commitments for nearly $38 million in military aid from the Soviet Union, Cuba and North Korea.

Air Force Capt. Rick Mayer said a U.S. military plane was scheduled to fly the expelled diplomats out of Grenada today, but would not say where.

Air Force Brigadier Gen. Bob Patterson said Aeroflot, the Soviet airline, had requested permission to land at the U.S. headquarters in Grenada to pick up the diplomats, but the request had been denied.

Sir Paul Scoon, the British-appointed governor general, ordered the expulsion of the diplomats.

Marching band state qualifier

Word has been received that the "Pride of the West" Black and Gold Band had been named top AAAA band in UIL Region II, qualifying it for the State Marching Contest scheduled Nov. 14 in Austin.

SHS Band Director Sam Robertson was notified Wednesday evening of the honor. The band received a Division I rating in the south zone contest Tuesday, but had to wait for the conclusion of the north zone contest in Wichita Falls Wednesday before learning they had qualified for the state meet.

The top two bands in each classification from each state region qualify for the Nov. 14 contest. The Mineral Wells High School Band earned the most points in the Wednesday contest to qualify as the AAAA runner-up from Region II.

Class AAAAA qualifiers from the region were Abilene Cooper and Wichita Falls Rider. Other West Texas AAAA Schools will be represented at the contest but the only one which has qualified so far

The SDN Column

by Roy McQueen

The feller on Deep Creek says, "Diplomacy is telling someone he has an open mind when you really mean he has a hole in his head."

We suppose we could attribute his actions to pressure. Phil Fortune, whose daughter Tracy is a member of the Snyder High School volleyball team, has been an avid fan and follower of the girls.

Tuesday, the volleyball girls were in a crucial playoff game in Odessa against Pecos. We know Phil thinks about volleyball quite a bit, so it was no wonder that last week he forgot an important company meeting in Sweetwater.

Fortune, customer service representative for Texas Electric in Snyder, was to have attended an important meeting at the division headquarters in Sweetwater last Thursday, the same day the girls were playing Monahans.

When someone called to ask why Fortune did not attend, his only excuse was "I forgot."

Apparently there are no excused absences at TESCO. Instead of driving 40 minutes to attend the Sweetwater meeting, Fortune had to drive four hours to Wichita Falls to get briefed on the same information.

The meeting was Tuesday, and Fortune couldn't get back in time to make the playoff game in Odessa.

Fortune was philosophical: "Nobody has every accused me of being smart."

We're not going to complain about the local weather--at least not yet. The autumn has been great here in Snyder, and has to be one of our favorite seasons. A drive in some of the residential areas will reveal a nice crop of fall flowers. We'd like to see a push on planting more flowers and trees in an effort to beautify the city.

While on the subject of weather, Arizona is beginning to doubt that it a part of the Sun Belt. For example, Flagstaff, Ariz. last winter had 142 inches of snow, exactly twice as much snowfall as Anchorage, Alaska.

In March the total snowfall was 46 inches. Flagstaff residents just last week reported snow on neighboring mountain peaks and frost on car windshields.

Snyder weather has been pretty delightful.

Fewer JP precincts, land for debt prompt votes

(Editor's note: The SDN continues its review of the 11 proposed amendments to the Texas Constitution. These will be decided by state-wide vote next Tuesday).

Amendment 1

Number one of the 11 proposed amendments to the Texas Constitution would allow many Texas counties — including Scurry County — to reduce the number of justice of the peace and constable precincts required under law.

Currently, there must be a minimum of four JP and constable precincts — a law which 106 Texas counties were in violation of in 1981. Scurry County is in compliance with four JP precincts.

If the amendment is passed, the number of JP precincts required will vary according to the county population.

Counties with less than 18,000 residents will be required to have only one JP precinct and could have as many as four. Counties from 18,000 to 30,000 population — which includes Scurry County — could have a minimum of two and a maximum of

See NUMBER 1 page 10

Amendment 2

Number two of the 11 proposed amendments to the Texas Constitution would change the state's "urban homestead exemption." This is the legal clause which exempts a person's homestead from forced sale to pay off creditors. This clause does not apply when a debt entails property taxes, money used to purchase or renovate the property.

Currently, if the property was valued at $10,000 or less when first designated a homestead (normally, at the time of sale), it cannot be forcibly sold to recover bad debts.

The value is based only on the land itself and does not include the value of a house or other im-

Q. — What date has been set for the holiday in honor of Martin Luther King?

A. — The holiday will be observed the third Monday in January beginning in 1986.

In Brief

Greyhound walkout begins

PHOENIX, Ariz. (AP) — Picket lines went up at bus terminals across the nation and passengers scrambled to find alternate transportation today as 12,700 workers struck Greyhound Lines Inc. after balking at a company demand for wage cuts.

The walkout by members of the Amalgamated Transit Union, which began at midnight, knocked out 60 percent of the nation's intercity bus service.

No new talks were scheduled, and Greyhound officials said they did not know when service might resume.

Rival companies added extra routes and buses and honored Greyhound tickets to make up for the lost service, and Amtrak also accepted Greyhound tickets, but long passenger lines were still reported in some places.

Greyhound officials began shutting down operations Tuesday afternoon to avoid stranding passengers.

As several strikers picketed the Greyhound depot in Portland, Ore., today, dozens of passengers complained that the walkout had left them without transportation.

Rumsfeld appointed envoy

WASHINGTON (AP) — President Reagan today named former Defense Secretary Donald Rumsfeld, a moderate Republican who heads a major pharmaceutical firm, to be his new special envoy to the Middle East.

Reagan said Rumsfeld would be his "point man" in the effort to remove foreign forces from Lebanon and to negotiate peace between Israel and its Arab neighbors.

"I cannot think of a better individual," Reagan said as he appeared with Rumsfeld before reporters at the White House.

"We intend to work and use the talents of our best minds to achieve a just and lasting peace in the Middle East," Reagan said.

At the same time, he appealed to the Lebanese groups meeting in Geneva, Switzerland, to put aside their differences and move toward a national consensus.

Reagan also reaffirmed his commitment to his September 1982 plan for settling the Arab-Israeli conflicrt. "No one has come up with a better proposal since," he said.

Investors are watching PUC

AUSTIN (AP) — Southwestern Bell brought in a financial analyst from New York today to help persuade the Public Utility Commission that the company needs a rate of return high enough to entice investors.

Dennis Dolan, a vice president with Salomon Brothers of New York, said in prefiled testimony that investors uncertain about the future of telephone stocks are keeping a close eye on the PUC's handling of Southwestern Bell's $1.36 billion rate hike request.

"It is imperative that this commission be cognizant of the fact that its decision in this case will form a significant portion of the basis upon which investors and rating agencies will be building their future cash flow, earnings and dividend growth expectations for Southwestern Bell subsequent to divestiture," said Dolan.

Local

United Way meets Friday

A special meeting for Scurry County United Way workers is planned Friday at 10 a.m. at city hall.

Plans to complete this year's campaign — which still requires some $13,000 to reach its goal — will be discussed.

Chili supper set Friday

A chili supper sponsored by the Fellowship of Christian Athletes is scheduled here Friday from 5 until 7 p.m. at the Snyder High School cafeteria.

Tickets are $3 for adults and $2 for children age 12 and younger.

Weather

SNYDER TEMPERATURES: High Wednesday, 75 degrees; low, 54 degrees; reading at 7 a.m. Thursday, 55 degrees; precipitation none; total precipitation for 1983 to date, 15.63.

WEST TEXAS: Cloudy with scattered showers or thunderstorms through Friday. Cooler Friday. Highs today upper 60s north to mid-80s Big Bend. Lows tonight near 50 Panhandle to mid-60s southeast. Highs Friday mid-60s Panhandle to upper 70s extreme south.

Stores sell out discontinued 99-4A

DALLAS (AP) — Sales of Texas Instruments home computer, which was discontinued in part because of poor sales, are soaring in a liquidation sale that at least one analyst says could produce the best fourth-quarter sales in home computers yet.

"Irony of ironies," TI spokesman Norman Neureiter said Wednesday.

The 99-4A, discontinued Friday after TI announced it had lost $223 million already this year, dropped to as little as $49 in some areas and was sold out in many stores, retailers said.

The Dallas-based company, also a leading maker of semiconductors and defense electronics, said it faced additional losses in the fourth quarter had it not dropped the computer.

TI cut dealers' prices of the 99-4A to clear its inventory, but would not say how many units, which had been selling for $99 before Friday in many areas, remained unsold.

"We have some inventory and the retail stores have inventory. There will be more products (on store shelves) if they reorder," said Neureiter.

Egil Juliussen, chairman of Future Computing Inc., an industry research firm in Richardson, Texas, estimated there are between 500,000 and 1 million units still available.

"The more I hear, the more it looks a million units," Juliussen said. "They may go real fast but there will be a nice supply. The fourth quarter will be the best quarter in terms of sales of the 99-4A."

TI decided to discontinue production of its home computer and eliminate 1,000 jobs at a Lubbock plant because "retail inventories continued to be high and new dealer orders were very limited. We projected that volume in the fourth quarter would not be sufficient to avoid additional losses," Neureiter said.

Most of the Sanger Harris department stores ran out of 99-4A computers Wednesday, said salesman Charles Cox in Dallas.

"We don't have any of them here. All our stores have been sold out since this morning, except for our Six Flags store, and we've had 40 to 50 calls about them at this store alone," said Cox.

"I don't know if we'll be getting any more. I understand we're talking to Texas Instruments about it, but I just don't know what to tell you," he said.

J.C. Penney clerk Dottie Clark said she sold 240 TI computers Tuesday, and ran out one hour before closing.

"I feel like asking for combat pay after last night," she said. "Some people were buying them five and eight at a time.

Ms. Clark said Penney's may restock the computer.

"I tell my customers not to give up," she said. "This morning when the store opened, there were 45 people that converged on this department at one time."

Juliussen said consumers were flocking to the 99-4A because of the "fire sale" price.

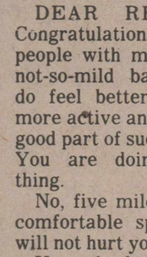

"That's a helluva machine for $50," he said. TI steadily cut the price of its 99-4A, from $199 to $149 with a $50 rebate.

Juliussen said TI's price slashing could force other home computer makers to reduce their prices during the Christmas buying season.

Neureiter said because TI is discontinuing the 99-4A, "there's a finite number available."

HEALTH

Lawrence E. Lamb, M.D.

Can walking be bad?

By Lawrence Lamb, M.D.

DEAR DR. LAMB — I am a 70-year-old woman and have some back problems. I weigh 113 pounds and am 5 feet tall. I began a walking program two months ago. It was 15 minutes at first, then 30 minutes and now I'm up to a little over three miles every morning. It has made my back feel much better.

I had hoped to continue to add distance until I got up to five miles. Three miles takes me a little longer than one hour. Now the question is, will five miles a day harm me? My husband thinks that if my body gets accustomed to that distance that it will fall apart if I should get sick. Is this a possibility? He tells me that this happens to athletes from training.

DEAR READER — Congratulations. A lot of people with mild and some not-so-mild back disorders do feel better if they are more active and walking is a good part of such a program. You are doing the right thing.

No, five miles a day at a comfortable speed for you will not hurt you.

Your husband is really thinking about a different problem. When athletes, such as football players, stop training and continue to eat large amounts of food they get fat and soon become out of shape. Being out of shape and fat is not good for anyone, regardless of how you got that way.

Your walking program will help keep you from getting fat and will enable you to eat more at the same time. That means better overall nutrition. Of course if you quit walking and eat the same amount you could then start gaining weight.

Walking helps strengthen bones, muscles and promotes the circulation. If it helps a person lose excess body fat (and it can), it will help to lower high blood pressure.

You started the right way too, gradually. I'm sending you The Health Letter 18-4, Walking to Health, which both you and your husband will be interested in reading. Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB — I have a very embarrassing problem. I'm 49 years old and every night I wake up with an erection and have to empty my bladder to get relief. I have been to many urologists and after a complete examination they have found nothing wrong with my prostate or kidneys.

One doctor said it was "functional" but that means nothing to me. I get some relief from sleeping pills but these don't always work. Can you give me some idea as to the cause and a possible solution?

DEAR READER — I suspect some of my readers would not consider that a problem.

You are completely normal. If you didn't have nocturnal erections you wouldn't be normal. I'm surprised that the urologists you saw did not explain this to you.

Nocturnal erections are not from a full bladder. They are caused by the brain's activity. In the phase of sleep when the eyes move rapidly (rapid eye movement, REM) signals pass to the nerves that control blood flow to the penis and cause an erection.

The REM phase of sleep is the last phase before awakening. So when a man awakens he often has an erection. And his bladder may be full from a night's sleep, but it is the brain not the bladder that induces this normal reaction.

WE'VE GOT THE TOUCH KOTAB

At Wit's End

by erma bombeck

Every time I go to a shopping mall, I get a sinking feeling that no one will ever hear from me again.

It's the same chill that passes over me when I see all the same cars in the parking lot that are there when I go in weekend after weekend. The tires are soft. The license plates expired. The "Goldwater for President" bumper stickers on an Edsel seem dated. The cars seem abandoned somehow.

The other day my worst fears were realized. I read a story quoting an architect of malls who said, "Our biggest complaint from shoppers is getting lost in the mall, but that is our intent. We are trying to entice people to enter the mall and keep them there."

Did you hear that? Wake up, America, before it's too late!

These designers aren't going to stop until every man, woman and child in this country is milling around with glazed eyes and the egg money in their hands wandering from shoestore to cheese shop.

These concrete mazes didn't "just happen." First, planners studied people who lived in the suburbs. They discovered they were people with virtually no social life and no stimuli. They read, they watched television and two weeks every year they went on vacation. They needed a place to "cruise" without cars.

The shopping center was born.

Today, there are 23,000 shopping centers. No matter what time of day you go to them, there are 17,000 cars in the parking lot and 17 drones inside walking around with hollow eyes picking up a greeting card and putting it back, holding up a T-shirt or watching a video game flash on and off.

There is a shopping center in my city that is big enough for 35 football fields to fit inside. That is the only way I can get my husband there. I tell him 35 games are being played at the same time. After walking for 20 miles, he says, "What are we here for?"

I tell him, "I'm never sure."

He says, "Aren't you going to buy something?"

"I never do. There are too many choices."

"Then why do you come?"

"It's a challenge," I say. "A research mouse was set loose in here four years ago. They found him the other day with a pair of wedgies and a Bee Gees record. He was only three stores away from an exit sign hidden behind a potted palm. That's what happens when you panic."

The Black Tom explosion, the work of German saboteurs, wrecked $40 million worth of ships and cargo at the Jersey City, N.J., munitions docks in 1916. The explosion was attributed to German masterspy Capt. Franz von Rintelen, who controlled spying operations in the United States but was never caught.

ASTRO-GRAPH

Bernice Bede Osol

Your Birthday

November 4, 1983

Your greatest successes this coming year will come in situations where you can act independently. It's best to avoid becoming involved in partnerships.

SCORPIO (Oct. 24-Nov. 22) Projects or ventures you originate or over which you have direct control can be pulled off successfully at this time. Stay atop matters. Order now: The NEW Matchmaker wheel and booklet which reveals romantic compatibilities for all signs, tells how to get along with others, finds rising signs, hidden qualities, plus more. Send $2 to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to give your zodiac sign. Mail an additional $1 for your Scorpio Astro-Graph predictions for the year ahead.

SAGITTARIUS (Nov. 23-Dec. 21) A well-informed insider might pass some valuable information on to you today which will enable you to fulfill an ambitious objective.

CAPRICORN (Dec. 22-Jan. 19) Organizational activities hold promise for you. Beneficial developments could come through contacts and associates.

AQUARIUS (Jan. 20-Feb. 19) Conditions are ripe for you to move a rung or two up the ladder. Don't fear to set loftier goals than usual.

PISCES (Feb. 20-March 20) Knowledge, experience and expertise which you've acquired will soon be put to advantageous uses. In fact, today may mark a period of new beginnings.

ARIES (March 21-April 19) Fresh opportunities may arise today to transform for the better a joint venture in which you are presently involved. Be willing to change.

TAURUS (April 20-May 20) New benefits can be derived at this time through an important relationship you've already established. It's with one you deem to be reliable.

GEMINI (May 21-June 20) If your past efforts merit it, apprise your superior of your accomplishments. Today you might be able to work out some type of bonus.

CANCER (June 21-July 22) Beginning today, strive to cultivate a stronger relationship with two new friends. These are persons with whom you'll fit comfortably.

LEO (July 23-Aug. 22) Starting now there will be a favorable shift in domestic conditions which should prove beneficial to everyone and enhance family life as a whole.

VIRGO (Aug. 23-Sept. 22) Any new, bright ideas you get today should be pursued. What you conceive will have strong chances for success, but you'll have to work at it.

LIBRA (Sept. 23-Oct. 23) You are entering a cycle which should prove materially advantageous. Your earnings may increase and you might even collect old debts owed you.

LEGAL NOTICES 010

NOTICE TO BIDDERS: Scurry County Commissioners Court will accept sealed bids on Monday, November 7, 1983, at 11:00 a.m. at the Commissioners Courtroom, Scurry County Courthouse, Snyder, Texas, for a Sprinkler System for use in Winston Park. Specifications may be obtained at the County Judge's Office, Scurry County Courthouse, Snyder, Texas.

NOTICE TO CREDITORS
THE STATE OF TEXAS,
COUNTY OF SCURRY
To those indebted to, or holding claims against the estate of W. P. HERRING, Deceased, Probate case Number 4182. The undersigned having been duly appointed Independent Co-Executor together with Nelva Ruth Jones and Sue Lloyd, of the estate of W. P. Herring, deceased, late of Scurry County, Texas, by Preston Wilson, judge of the County Court of said county on the 1st day of November, 1983, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to Ray Herring at P.O. Box 117, Fluvanna, Texas 79517 or Nelva Ruth Jones at Route 1, Box 26, Fluvanna, Texas 79517 or Sue Lloyd at Star Route, Box 11, Fluvanna, Texas 79517 within the time prescribed by law.
Executed this 1st day of November, 1983.
Ray Herring,
Independent Co-Executor
of the Estate of
W. P. Herring,
Deceased

NOTICE TO ALL PERSONS HAVING CLAIMS Against the Estate of Zada Taylor, Deceased.
Notice is hereby given that original letters of Testamentary for the Estate of Zada Taylor, Deceased, were issued on October 31, 1983, in Cause number 4183 pending in the County Court of Scurry County, Texas, to Jeanne Bullard whose residence is Snyder, Scurry County, Texas. The post office address is: c/o Tommie J. Mills, 1814 26th St., Snyder, Texas 79549. All persons having claims against this Estate which is currently being administered are required to present them within the time and in the manner prescribed by law.
DATED This the 31st day of October, A.D. 1983
Jeanne Bullard
Independent Executrix of
the Estate of Zada Taylor
Deceased

Vietnam hinders search for survivors

HOUSTON (AP) — Vietnam insists that rescue workers must stay at least 23 miles off its shores in their search for 81 crewmen whose oil drilling ship sank in a typhoon last week, an official of the ship's owner told the Houston Chronicle.

Gary Kott, president of Global Marine Drilling Co., said his firm has been pressing the State Department to appeal to Vietnam for humanitarian reasons and is using other contacts to assist the rescue effort, the paper reported in today's editions.

But Kott said Vietnam has yet to grant permission to enter the 23-mile zone it claims as territorial waters.

"It has not been smooth," he said. "But the State Department is cooperating. They're using avenues we're not even aware of."

The Glomar Java Sea sank Oct. 25 while drilling for oil about 200 miles east of Vietnam, officials said. A Chinese ship using sonar found the vessel under 300 feet of water Tuesday.

Vietnamese officials said two or three Vietnamese boats have been searching their coastal waters for survivors.

But Kott said the Vietnamese have refused to admit searchers from his company; from Atlantic Richfield Co., which was leasing the ship; the United States; or China, which had 35 workers on the boat.

Leader class set to begin

Continued From Page 1

ing the geological setting of Scurry County; Dr. Frank Pruitt and Dr. Harry Hrenek, discussing the county's historical background; Dr. Joe Reaves, discussing time managment; and Dr. Gil Fleer, discussing the qualities of effective leadership.

The class session will begin at 2:30 p.m. in the faculty dining room in the downstairs area of the WTC student center.

Number 2 of 11 amendments

Continued From Page 1

provements to the property.

If this amendment was passed, the criteria for the exemption would replace the $10,000 limit with a one-acre limit. In addition, this would be retroactive to include all homesteads in Texas.

Persons "for" the measure note that land and property values in the state have often inflated well past the $10,000 cutoff level. Consequently, recent land purchases often are not covered under the urban homestead exemption clause.

Consequently, creditors who stand to gain by forcing the sale of an individual's homestead have done so.

Proponents say also that by changing it to land area rather than value, periodic revisions due to increasing land values in the future will no longer be necessary.

Opponents of the measure note that the one acre size is far too generous. Since few city lots are this large, it would constitute an "unfair break" for the wealthy.

And since property values vary greatly from city to city, Opponents argue that a fairer method would be to give the homestead owner a choice of a half-acre or a land value figure such as $50,000.

The amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

Marchers qualify for state

Continued From Page 1

is Brownfield High which competes in UIL Region XVI with Lamesa and other Lubbock area schools.

The winners from Region VI, which includes the District 2-AAAA band at Andrews, Monahans, Fort Stockton, Pecos and San Angelo Lake View, will be determined at the conclusion of their contest in Odessa Saturday.

Preliminary competition in the state contest is set to begin at 9 a.m. Nov. 14 in Memorial Stadium on the University of Texas campus. The top five bands from the preliminaries in each class will march in the finals at 8 p.m. that evening.

Number 1 of 11 amendments

Continued From Page 1

five. Counties of 30,000 or more could have from four to eight JP precincts.

The commissioners court in each county would have to take action if they felt more than the required amount were needed in the respective counties.

If the amendment is passed, the new requirements could be put into effect by Jan. 1, 1984. Counties will have until Jan. 1, 1987 before they must comply, however.

Those "for" the measure point to the large number of Texas counties currently out of compliance with the law and the common sense argument that four JP precincts is too many for many of the state's less populated counties.

Those opposed to the measure say that any reduction of elected officials sets a bad precedence. As an example, it could be used for future arguments to reduce the number of county commissioners.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justices of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

East covered his partner's diamond king with the ace and returned the suit. West won and led a third diamond on which East chucked the deuce of clubs. South ruffed and paused for thought.

It looked as if West surely held the king of spades for his vulnerable overcall. Two tricks were already gone where the woodbine twineth. How could he keep his spade losses to just one trick?

Would a dummy reversal of ruffing two clubs help? No! There would still be two potential spade losers and trumps would have been exhausted.

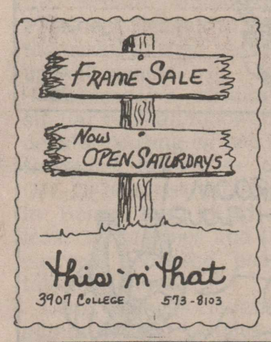

Finally, South saw a little light at the end of the tunnel. He drew trumps, stopping in his own hand. East had a problem about a discard on the third trump, but finally produced another small club.

South cashed the A-K of clubs and noted West's play of the queen. West held either two spades, or one spade and the jack of clubs. Either way, South's tunnel light had increased in intensity.

South led a low spade. West played the three and South played dummy's nine. East took his 10 and led the six back. South played low and West played his king.

Dummy's ace won the trick and South had a sure-fire finesse against East's jack to bring the game home.

Replace lost fluid following exercise

ROCHESTER, N.Y. (AP) — A strenuous exerciser sweating at the normal rate of 1.5 quarts per hour should be concerned with replacing water, not salt (sweat is essentially salt and water).

"Immediately after exercising, people normally drink about half of what they've lost," says Dr. Albert Craig, a professor of physiology at the University of Rochester Medical Center. "They replace the rest later."

Craig warns against taking salt tablets: "With a one-grain tablet, you ingest more salt than you've lost, so you can get even thirstier. You'll get enough salt in your food to replace what you've lost."

House keeps U. S. Marines in Beirut area

WASHINGTON (AP) — "This is a bitter cup our nation is forced to drink from," said Rep. Robert Michel, "but if the hearts of our Marines can't be broken, should we not take a lesson from them?"

The House, responding in part to the emotional appeal of the Republican floor leader from Illinois, voted Wednesday, for the second time this fall, to keep the U.S. peacekeeping force on duty in Lebanon.

In doing so, the lawmakers rejected a March 1 pullout promoted by a congressional odd couple — Rep. Clarence Long, D-Md., a gadfly on national security policy, and Rep. Samuel S. Stratton, D-N.Y., a strident hawk.

The vote was 274-153. On Sept. 29, by a vote of 253-156, the House approved a resolution, later passed by the Senate, authorizing President Reagan to keep the troops at their post for up to 18 months.

Wednesday's strikingly similar roll call followed a debate focusing on two intervening events — the Oct. 23 terrorist explosion in Beirut that killed at least 230 Marines and the current Lebanese peace talks in Geneva.

Long, who has criticized administration policies in Central America and elsewhere as well as in the Middle East, told the House that keeping the troops in Lebanon would "simply result in the killing of more Marines."

Stratton, who backs the administration's militant stand against communism throughout the world, said, "The American people want the Marines out of that Lebanese trap."

But their opponents, led by Speaker of the House Thomas P. O'Neill Jr., D-Mass., and Michel, argued that a vote to withdraw the troops would hobble the peace talks.

"I want to send a message to the president, but not at the expense of sending the wrong message to Geneva," said Rep. Sander M. Levin, D-Mich.

It was the GOP leader, however, who summed up for the opposition.

"The best arguments against this amendment are the U.S. Marines themselves," Michel said. "There is absolutely no doubt that if the victims of the terrorist attack were alive today, they would never want the Marines out of Lebanon until their mission is accomplished.

The Beatles' first film was "A Hard Day's Night."

Dear Abby

DEAR ABBY: I am a 13-year-old girl working as a "candy striper" (volunteer) at a home for the aging in Cleveland. During my lunchtime an elderly lady came up to me and asked if I would walk her to the medical building next door to buy a pair of sunglasses.

I walked her over there and she tried to give me a dollar. I told her I couldn't accept it, and besides, it was such a beautiful day I really enjoyed the walk. She got very mad and threatened not to go back with me if I didn't take the dollar. She said, "Just take it, and don't tell anyone!" Then she stuck it in my pocket.

Abby, I don't know what to do with this money. I'd feel so guilty if I spent it. I feel like throwing it out, but there are people who could use it. I know it isn't much, but I'm sending it to you. Will you please send it to a worthy cause?

M.K.

DEAR M.K.: You are to be commended for (a) not wanting to keep the money and (b) asking that it go to a worthy cause.

I am sending your dollar to the United Way in Cleveland. It supports 175 separate agencies—among which are the American Cancer Society, the Heart Association, Boy Scouts, Girl Scouts, help for the hearing-impaired and the visually handicapped, crippled children, etc.

You say a dollar isn't much, but every dollar counts. If everyone who reads this sent a dollar to his or her own United Way, millions of disabled, sick, poor and elderly people would be better served.

* * *

DEAR ABBY: "Billy" and I dated for five years before we got married two months ago. We live in my house. I have a good job and it pays well.

The problem? Billy does not have a job, and he doesn't seem to care if he gets one or not. He never goes job hunting—he just does odd jobs whenever he feels like it, which is not very often.

I have tried to impress on him the importance of getting a steady job because I don't want to go on supporting us forever.

My parents will help us out if we need money, but it's not their place to support Billy and me. It's our place to support ourselves. Your advice would be greatly appreciated.

LOSING PATIENCE IN S.C.

DEAR LOSING: Give Billy an ultimatum. Let him know that if he does not seriously seek employment until he comes up with something, the honeymoon is over! And give him a time limit—unless you want to carry this freeloader indefinitely.

* * *

DEAR ABBY: Thank you for your fine column on fire prevention during Fire Prevention Week.

You wrote: "The phone number of your fire department should be taped to every telephone." An excellent idea, but you should have added, "along with your address."

A sitter or guest in your home may not know your address. Also, people sometimes panic when calling the fire department and "forget" their own address.

Senator cites PIK plan abuses

WASHINGTON (AP) — Almost three dozen large farms are receiving government-owned commodities worth millions of dollars in return for not growing crops this year under the Reagan administration's payment-in-kind program, congressional investigators say.

The General Accounting Office report issued Wednesday said the huge payments should be illegal under a law that limits compensation paid to farmers for diverting crop acreage to $50,000 per producer.

The GAO found the large payments when it surveyed 708 farms in nine states.

The study was not a scientific sampling, but was intended specifically to ferret out big transfers of government cotton, rice and grain to farmers who participated in PIK — the Agriculture Department's latest program to cut production by giving farmers commodities for idling part of their acreage.

Details of the study were to be the subject of a hearing today in a House Ways and Means subcommittee.

Rep. Fortney H. Stark, D-Calif., the subcommittee chairman who requested the study, said the department "seems to have developed hybrid strains of wheat, rice and cotton plants that bloom with dollar bills, creating a rare new species for the enjoyment of rich corporate farmers."

The GAO, Congress' investigative arm, found the average farm in its sample would get $175,000 worth of commodities.

Thirty-five of the farms were due to receive more than $500,000 each in government-owned surpluses, and seven farms would receive upwards of $2 million each.

All seven farms in the top category, the GAO said, are in California. Six are cotton farms and one grows primarily rice.

The agency report did not release the names of the farms.

The GAO sent a legal opinion to the Agriculture Department this week contending it is against the law to pay more than $50,000 in land-diversion compensation for any single farm. The limits on such payments should apply to payments in kind as well as in cash, the agency said.

Official fears sinkhole may remain active

BOLING, Texas (AP) — A geologic study of a sinkhole which gobbled a section of road and two pickup trucks when it gaped open last August gives no indication the cavity's appetite is satisfied, a state highway official says.

A preliminary report of a study made for the state Department of Highways and Public Transportation indicates the hole, about 45 miles southwest of Houston, probably opened because of natural causes, not because of oil drilling or the mining of sulphur, as had been speculated.

"Geologists in the report said the entire area is full of natural cavities caused by water dissolving various minerals below the surface," said Early Wyatt, the highway department district director in Yoakum.

"What bothers me," Wyatt told the Houston Post, "is nobody so far has assured us of any certainty that the cavity is full and there will be no more collapsing or subsiding."

The hole measures 250 feet across and is filled with about 20 feet of water.

The sinkhole opened suddenly and then slowly widened. It swallowed a section of Farm Road 442, along with two pickup trucks, some utility poles and some trees. It also caused some houses nearby to be abandoned.

Closing Farm Road 442, one of the few Wharton County highways that crosses the San Bernard River, has seriously depressed some area businesses and forced residents in the area to use a rough gravel road as a detour.

Charles Bollom, a homebuilder, said the sinkhole also has caused well water quality to decline and created some drainage problems in the area.

Underclassmen vie tonight...

Andrews-Snyder resume series here

Andrews and Snyder will be meeting for the 24th time Friday when they take the field at Tiger Stadium. The Mustangs, who have won four in a row now, hold a 15-8 series lead. Andrews won last season's shootout by a 9-6 score.

In the past, the Andrews-Snyder matchup has been a significant one, for at least one of the teams, dating back to 1978, when the Tigers won 6-0. The situation is different for 1983, however. The Mustangs are 3-4-1 for the season, 1-3-1 in District 2-4A play, while Snyder is looking for its first victory.

The game concludes a seven-game weekend between the two schools. Snyder seventh graders and freshmen host the Mustangs at 4, 5:30 and 7 respectively at Travis Field tonight. Snyder eighth grades and junior varsity play in Andrews with the same starting times.

Friday is also Snyder's final home varsity game, a fact which Tiger coach George Byerly hopes will boast his squad.

"It should be an emotional time for the seniors in our program, knowing it will be the last time they'll play in this stadium," said the coach. "It would be nice to win our first ballgame of the season the last time they line up to play here."

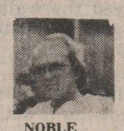

Because both teams are out of the district race, it is hard to determine beforehand how the players will react to Friday's contest.

"It depends on each individual from both teams and how much they are really ready to play and how well they are prepared," Byerly noted. "They (Andrews) may take us lightly."

Tiger schedule features long trips on road

The fact that Snyder varsity football team and its fans will spend a lot of time traveling Interstate 20 next year isn't exactly new news, but since the University Interscholastic League district makes were released last weekend, the coaches have determined their preseason opponents.

The Tigers will open the 1984 season Sept. 7 by hosting Big Spring. Lubbock Dunbar is slated on Sept. 14, in Lubbock at 7:30. That is a tentative date, however. It could be played on Sept. 15, a Saturday, in the afternoon.

The final non-district game will see Brownfield's Cubs here on the 21st. Snyder is open the following week.

The Tigers' district schedule is perhaps the toughest, in terms of travel, in years. Snyder must travel to Andrews, Monahans, Fort Stockton and Pecos. Ironically the closest opponents - Lamesa, Sweetwater and San Angelo Lake View - are all here.

Here is the district slate: Oct 5, Sweetwater here; Oct. 12, at Fort Stockton; Oct. 19, Lamesa here; Oct. 26, at Pecos; Nov. 2, Lake View here; Nov. 9, at Monahans; and Nov. 16, at Andrews.

2-4A roundup

The ninth week of District 2-4A football could produce a clearer picture as the top four teams go head-to-head Friday, but it may still come down to the final play date before anything definite is determined.

League leader Monahans entertains once-defeated Pecos in one of two key contests around the loop this week. In the other, Lake View, also with one district loss, travels to once-beaten and once tied Sweetwater.

In other games, Andrews, which was knocked out of any playoff hopes last week, tries winless Snyder in Snyder and two 1-4 teams, Lamesa and Fort Stockton, meet in Lamesa.

Monahans held off a fiesty Sweetwater bunch last week, 21-14 to remain the only undefeated 2-4A team at 5-0.

Pecos kept its claim on a playoff spot by romping Lamesa 38-0, while Lake View overpowered Andrews 28-14.

Finals games of the regular season, set for Nov. 11, pit Sweetwater at Pecos, Monahans at Fort Stockton, Lamesa at Andrews and Snyder at Lake View.

2-4A standings

Team	Dist W	Dist L	Dist T	Season W	Season L	Season T
Monahans	5	0	0	6	2	0
Lake View	4	1	0	7	1	0
Pecos	4	1	0	5	3	0
Sweetwater	3	1	1	6	1	1
Andrews	1	3	1	3	4	1
Ft.Stockton	1	4	0	4	4	0
Lamesa	1	4	0	1	6	0
Snyder	0	5	0	0	8	0

Oct. 28 Games: Fort Stockton 37, Snyder 7; Lake View 28, Andrews 14; Monahans 21, Sweetwater 14; Pecos 38, Lamesa 0.

Nov. 4 Games: Andrews at Snyder, Pecos at Monahans, Fort Stockton at Lamesa, Lake View at Sweetwater.

2-1A roundup

It promises to be a tough weekend for a couple of area schools, who face the so-called big boys of District 2-1A ball this Friday.

Highland, winner of 22 straight games, including the 1982 six-man state championship, rolls in to Hermleigh, while an angry Trent team welcomes Ira.

Highland mauled Trent 50-4 last week to hand the Gorillas their first loss of the season. Trent isn't likely to be hospitable for Friday's 7 p.m. kickoff.

Meanwhile, Leuders-Avoca and Grady - two teams hoping to salvage something out a mediocre season - square off in Grady. And, still struggling for its first win, Paint Creek travels to McCaulley. Borden County, a 50-30 victor over McCaulley a week ago, is idle this time out.

2-1A standings

Team	Dist W	Dist L	Season W	Season L
Highland	6	0	8	0
Trent	6	1	8	1
Borden Co	5	2	5	4
Ira	3	3	5	3
Leuders	3	3	5	3
McCaulley	2	4	3	5
Grady	2	4	3	5
Hermleigh	1	5	1	7
Paint Ck	0	6	0	8

Oct. 28 Games: Highland 50, Trent 4; Borden County 50, McCaulley 30; Leuders-Avoca 59, Hermleigh 14; Grady 38, Paint Creek 30.

Nov. 4 Games: Highland at Hermleigh, Leuders-Avoca at Grady, Paint Creek at McCaulley, Ira at Trent.

Denny collects Cy Young award

PHILADELPHIA (AP) - John Denny of the Philadelphia Phillies turned to the New Testament to explain how he felt about winning the National League Cy Young Award on Wednesday.

The winningest pitcher in the NL, read from Paul, declaring the passage summed up how he felt about the baseball honor:

"And I do all things for the sake of the gospel that I may become a fellow partaker of it. Do you not know that those who run in a race all run, but only one receives the prize? Run in such a way that you may win and that everyone who competes in the game exercises self control in all things ..."

Denny, 30, compiled a 19-6 record in leading the Phillies to the NL East title. He had the second best earned run average, 2.37, and six without a loss in the team's September drive to the division championship.

In the balloting by 24 members of the Baseball Writers Association of America, Denny received 20 first-place votes and 103 points, easily outdistancing Cincinnati's Mario Soto, who collected two first-place votes and 61 points.

The other first-place votes went to reliever Jesse Orosco of the New York Mets and Montreal's Steve Rogers.

Final tourney for Bass Club

Snyder Bass Club will hold its final tournament of the year Nov. 5 and 6 at Lake Colorado City.

Starting time will be 6:30 both days. Weigh-in is 5 p.m. Saturday and 3 p.m. Sunday.

Pre-registration will be at AMF Tuboscope or House Automotive.

Flag Football League sets end of season tournament

Snyder Flag Football League has scheduled its tournament to begin Sunday behind the Scurry County Boy's Club.

Walton's Eagles will play the C.T. Raiders at 1 while the J&J Machine Jets take on the C.A. White Cowboys at 2:30.

In final regular season action, the Brothers defeated the Grimmett Brothers-Bunch Oil Silver Bullets 6-0 and the Jets defeated the Raiders 26-14.

The Brothers, 6-0, scored on a pass from James Wells to Larry Braziel.

The Jets scored on two touchdown passes from Kirk Herrley to Bruce Erratt and one from Herrley to Randy Wilson. Herrley also ran one touchdown and passed to Wilson for a one-point conversion. The Jets' other TD came on a pass from Duane McCoy to Wilson.

The Raiders scored on a team safety and touchdown passes from Ayala Desmond to Wayne Goswick and Chris Maxfield.

Sunday's tournament continues for three weekends. On the 13th, the Silver Bullets take on the Walton-Raiders winner at and the Brothers will face the Jets-Cowboys victor at 2:30. The championship game is set for 1 p.m. Nov. 20.

Soccer slates fall tourney

Snyder Soccer Association will hold its Fall League Championships, Saturday at Travis Field.

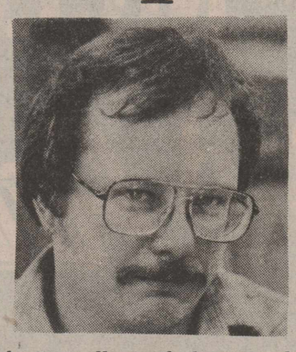

Games are set at 9-12 with the Flames taking on the Buffaloes in the opener, followed by the Kicks versus the Hawks at 10, the Yellow Jackets versus the Warriors at 11 and the Sounders versus the E.T.'s at noon.

No admission fee will be charged.

Sideline glances...

A few upsets brewing

By BILL McCLELLAN
SDN Sports Editor

College games abound this week, with some shifting among the nation's top 20 looming very probable. Other tough contests include Pecos at Monahans and Lake View at Sweetwater.

Last week, the figure was 15 and 5 or .750. For the season it's slow climbing, up to 119-61 for .661.

Andrews at Snyder: This has usually made for a good game, even when one team was noticably stronger than the other...**ANDREWS 21, SNYDER 19.**

Pecos at Monahans: Maybe the best matchup in the area this weekend. I like the Loboes at home...**MONAHANS 28, PECOS 21.**

Fort Stockton at Lamesa: Nobody cares but the teams involved, and the Panthers have the edge in talent, numbers and anything else...**PANTHERS 35, TORNADOES 7.**

Lake View at Sweetwater: Another good matchup. Traditionally, Lake View gets stronger at the end of the season while Sweetwater is more prone to fizzle...**CHIEFS 27, MUSTANGS 14.**

Highland at Hermleigh: Hard to comment on this one...**HIGHLAND 65, HERMLEIGH 14.**

Ira at Trent: Looked like a good matchup earlier in the year, but a lot has changed since then...**TRENT 54, IRA 20.**

TCU at Texas Tech: I'm probably dreaming, but on a hunch, pick the Frogs...**TCU 23, TECH 21.**

Texas at Houston: Akers is hoping Houston doesn't put it all together this week. After a mediocre performance against Tech last week though, it may not matter...**TEXAS 34, HOUSTON 17.**

Rice at SMU: The Ponies keep galloping away...**SMU 37, RICE 7.**

Baylor at Arkansas: Upset special. Well, why not? Make it...**BEARS 35, HOGS 27.**

Alabama at LSU: Alabama isn't the team it used to be. But then, neither is LSU...**TIDE 27, TIGERS 24.**

Maryland at Auburn: How long can Auburn keep winning with what has to be one of the toughest schedules in the nation? Maybe a while yet...**AUBURN 24, MARYLAND 14.**

Georgia vs Florida: Gators have bigger teeth than Bulldogs, don't they...**FLORIDA 31, GEORGIA 28.**

Oklahoma at Missouri: Barry Switzer almost brought me to tears talking about his Sooners' injuries. That ought to be worth 20 points or so...**OKLAHOMA 34, MISSOURI 14.**

Clemson at North Carolina: The former No. 3 team rallies back...**CAROLINA 31, CLEMSON 17.**

Pittsburgh at Notre Dame: At Notre Dame. Gee, this one's not so tough after all...**IRISH 21, PANTHERS 14.**

AND THE PROS...

Pick Dallas to beat Philadelphia 24-17; Cincinnati over Houston 31-14; the Raiders to shoot down Kansas City 28-21; and Atlanta to put in on New Orleans 21-7.

Former Cowboy to speak here

D.D. Lewis, former standout linebacker for the National Football League Dallas Cowboys, will be guest speaker at the Snyder Football Banquet, planned for Nov. 14 in Scurry County Coliseum.

Lewis, who earned All-American and Southeastern Conference player of the year honors at Mississippi State, was drafted by the Cowboys in 1968 and played professional ball for 12 years.

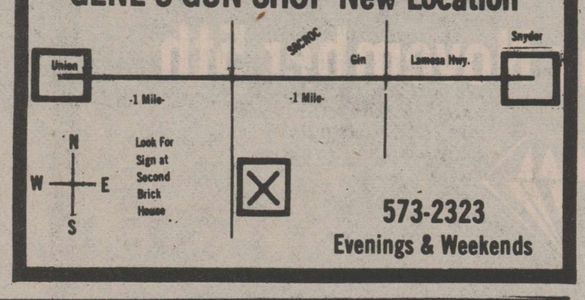

The public is invited to attend the banquet, which is sponsored by the Snyder Football Booster Club. Tickets, $6 each, are available at the Snyder Administration Building, Burgess Pharmacy, Snyder Athletic Center and Eddie Peterson Pharmacy.

The program will be in at 7:30. Dress is coat and tie.

At 6 and 8 tonight...

WTC cagers host Weatherford

today's sports news

WESTERNERS

Coach Barry Davis says he expects Weatherford to be similar to his first opponent - bigger than Western Texas.

"I think they'll be like McMurry was, much bigger than we are," said Davis, whose Western Texas College Westerners defeated a taller McMurry junior varsity team 80-70 in the season opener on Tuesday.

"We are really going to have to get ourselves mentally ready to give an outstanding effort."

The Westerners play Weatherford tonight at 8 in Scurry County Coliseum. A women's game between the schools will be held at 6.

Davis said he hadn't seen Weatherford, but expects "a wide open type of game. It's probably going to be fast paced."

Davis was pleased with WTC's victory over McMurry, noting that "every player gave a good effort."

Starters for the Westerners tonight will be Richie Fells, Fred Johnson, Robert Mitchell, Larry Banks and Anthony Smith.

DUSTERS

WTC's Dusters open the season tonight against a physical team that boasts eight sophomores but Coach Joe Cushing is hoping that defense and the board game will be the difference for his squad.

The Dusters, defending WJCAC champions, entertain Weatherford at 6 o'clock in Scurry County Coliseum.

"I expect us to be nervous, a little tight and until we get our feet on the floor we're going to make some mistakes. Once we get settled down, we'll be alright," said Cushing.

"I've been pleased with our defense and our rebounding in all of our scrimmages. We had 75 rebounds against Lubbock Christian so I feel like this will be one of our strengths early, defense and rebounding.

"I look for it to be a close ballgame even though they have eight sophomores. I think our defense will carry us early in the season until we can get more experience," the coach added.

Cushing expects to start Renvy Evans and Mary Nell Clayton at wing, Rhonda Hoelting on the point and Karen Kuykendall at high post. Low post will either be Clara Campbell or Patti Hayes.

"We're going to try and play a lot of folks because we need the experience, and because we've got three tough games in a row, Thursday, Friday and Saturday," said the coach. "We don't want to wear anyone out."

The Dusters play Cooke County in Gainsville on Friday and Grayson County in Denison on Saturday.

Duster profiles

MARY NELL CLAYTON - 5-9 sophomore guard, Roby - Mary Nell is really coming on and should have a super year. She has the capibilities of all-conference and all-region and should be highly recruited by major colleges. Averaged 12 points and 6 rebounds as a freshman. Taking on more responsibility and leadership and concentrating on her grades. She's a fierce competitor.

KAREN KUYKENDALL - 6-0 sophomore post, Lubbock - Karen has started coming into her own more this year, which I expected her to do. She's been in a slump but seemed to come out of it in our scrimmage with Ranger. She can be a key factor if she wants to be.

LIZ GRANT - 5-10 sophomore forward, transfer, Houston - Liz is developing into a good leader and I think she is really going to come on for us. She's having to learn a new system. She's a good ball handler but needs to have more confidence in herself. She needs to learn to be a game player like she is in workout.

SHERRY ELLIS - 5-3 freshman guard, Muleshoe - Sherry is quick and becoming a good ballhandler. At 5-3, she has trouble against larger defensive players. She's got to learn to play under control.

MELINDA BEARDEN - 5-8 freshman guard, Ackerly - At this point, Melinda is a little slow. She's an excellent shooter and she's working hard to improve her quickness. She's very intelligent. She's like (former Duster) Patricia Beach in that she has to work harder than most.

LYNDY FRENCH - 5-11 freshman guard-forward, Sonora - Lyndy is left-handed and at this point her weak area is shooting. She's working very hard on improving that. Otherwise, Lyndy is a very good player. She picks things up quickly.

RHONDA HOELTING - 5-6 freshman guard, Nazareth - Rhonda probably has less confidence in herself than I have in her. I think she'll be an outstanding point guard. She's had a few turnovers but that's just pressure she puts on herself. Once she calms down and has come confidence she'll be off and running.

BETH ELLIOTT - 5-6 freshman guard, Lubbock Cooper - Beth went to Cooper as a senior and if she could have been there longer, her skills would be stronger. She's a good offensive player who needs to work on her defense and improve her quickness.

JUDY WISEMAN - 5-9 freshman wing, Sudan - Judy played post on a state championship team. She's having trouble adjusting to wing but I think she will make the adjustment. She's quick and handles the ball well but she needs to shoot better from outside.

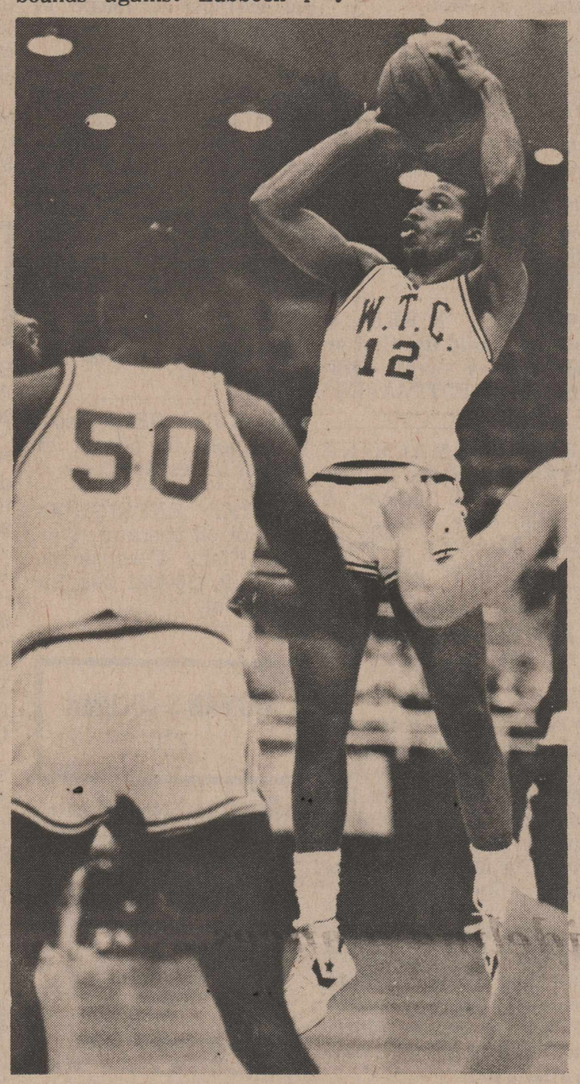

DINAH NICHOLS - 5-11 freshman forward-post, Hartley - Dinah is a great shooter, one of those pure shooters you come across every now and then. She tries to analyze too much though. Right now she is slowed by shin splints.

PATTI HAYES - 6-0 freshman post, San Antonio - Currently undergoing tests for physical-psychological problems which cause her to lose her sight temporarily on the court. Patti is a good basketball player and very important to our season but it you're not healthy, then you're not healthy. Her only drawback is she's a little slow to react against a small, quick post girl. She can handle herself real well against others. She's a very good offensive player and an adequate defensive player.

RENVY EVANS - 6-0 freshman forward, Midland Greenwood - Renvy is really coming into her own. She played post in high school but has the quickness and speed to play forward. She's learning to penetrate and shoot the ball. Always been a good defensive player and eventually will be an outstanding fastbreak forward when she gains confidence in her ballhandling ability. Extremely strong.

TINA GORDON - 6-0 freshman post, Lubbock Cooper - Tina was not highly recruited but I felt like she had the possibility. She was extremely popular in high school, active in numerous activities which took her away from basketball. She has a lot of heart and inner drive and I felt like when she was able to concentrate more on basketball she would be a fine basketball player. She has not let me down. Real aggressive, goes to the boards well and before year is over I think she'll be a real fine ballplayer.

CLARA CAMPBELL - 6-2 freshman post, Dallas - Clara has the ability of Vicki Teal and the drive of Shari Teal (former Dusters) and a combination of the two is hard to beat. She gets better every day. She plays good defense and is probably the best post defensive player we've got. She's eager to learn.

DOUBLEHEADER TONIGHT -- Western Texas College's basketball teams take on Weatherford here tonight at 6 and 8 at Scurry Coliseum. The evening debuts the women, while the men play their second outing after defeating McMurry College junior varsity 80-70 on Tuesday. Above, Sophomore Richie Fells scores two points for the Westerners. (SDN Staff Photo by Noble Young)

Dusters are a cut above

With only a couple of returning sophomores to get the message across, it's taking time, but Karen Kuykendall says the freshman team members are beginning to learn that being a Duster is something special.

"They are beginning to realize it, I think, that we're a cut above," said Kuykendall, a 6-0 sophomore from Lubbock. "I'm talking about our tradition, our spirit. And the community supports us. A lot of teams don't have that."

Kuykendall and Mary Nell Clayton, a 5-9 wing from Roby, are the only girls returning from Western Texas College's 1982-83 conference championship team. The only other sophomore is Liz Grant, a 5-10 player from Houston, who transferred in from Blinn Junior College.

The lack of returning experience hasn't bothered the sophomores' optimism, but it's meant harder work for them.

"There's not enough of us to show everybody. It's more work. We're (the team) starting slowly but I think we're going to be really good," said Kuykendall.

"Our freshmen have a lot of talent and everybody is pretty aggressive, I think," assured Clayton. "Last year we relied on our sophomores. It will take more time, but I think we'll have a real good team."

Ask the girls what WTC's chances of repeating as conference champion are and you get an idea of what Kuykendall meant when she said the Dusters are "a cut above."

"We've got just as good a chance as anybody," said Clayton. "We'll probably be under rated (not picked to win the conference), but I'd rather go in under rated anyway," she laughed.

Meanwhile, Kuykendall listed the team's strengths.

"Well, quickness, depth, rebounding, good outside shooters. We're just a balanced team. It's going to take time, but I know we're going to be good."

Western's women open their season here Thursday at 6 against Weatherford.

Basketball officals will meet

Snyder Basketball Officials Association will meet Tuesday at 7 p.m. at The Shack to organize officiating for the upcoming 1983-84 basketball season. Interested men and women basketball officials are urged to attend.

Freshman making adjustments well

As a high school post player, Lyndy French averaged 16 points and 12 rebounds a game. Now, suiting up for the first time Thursday as a Western Texas College Duster, it's a whole new ballgame.

"In high school we might have a tough workout once a week," said the all-district player from Sonora. "But here, five or six days a week, we go at it everyday and you have a dozen or so strong people out there. You have to prove yourself. It's been frustrating, but I think it will be worth it. Coach (Joe Cushing) keeps telling us that we're special. We're a cut above. I'm getting there, but I haven't really realized that yet. I think in a couple of games I will, though."

But French doesn't doubt what Coach Cushing says. He's the major reason she came to Western Texas College.

"I talked to lots of other coaches but he seemed more sincerely interested in me."

French is one of 11 freshmen on the Duster team that opens the 1983-84 season against Weatherford, at 6 p.m. Thursday. The Westerners bring back only two sophomores from the defending WJCAC championship squad, plus sophomore Liz Grant, who transferred in from Blinn Junior College this season.

It hasn't been an easy adjustment for the highly-recruited 5-11 left-hander, who is switching from post to forward in college.

"It's not too bad, but I've got to improve my outside shooting, I know that. I'm working on it," said French, a psychology major who believes the Dusters can be as good as they want to be.

"I think we've got the potential to take it all the way. The outlook is as good as we want it to be."

In Tapatio tourney...

Golfers take 3rd place

BORENE -- Western Texas College played fine golf through 14 holes here Wednesday, coming within two strokes of the leader, but fell off on the final four to finish in third place.

As it was, Western still trimmed 13 strokes off of Tuesday's performance at the second annual Tapatio Springs Intercollegiate Golf Tournament.

The Westerners, who had shot a 309 on Tuesday, turned in a 296 Wednesday to finish at 605, two strokes behind second place New Mexico Junior College.

McLennan Community College, of Waco, won the two-day, 36-hole tournament with a 592. Odessa was fourth with a 610, followed by Midland with a 613. Twelve colleges participated.

Western was led by sophomore Mike Standly, who shot a 145 and came in third in the medalist race. McLennan's Gil Murro shot a 143 to win top honors. Odessa's Mike Ketcham came in at 144.

"This was a championship golf course. We played well the second day and had pulled within two shots of McLennan with four holes to play. We lost 11 shots on those holes though," said Westerner coach Dave Foster. "We knew we would have to shoot low to catch them. We may have pushed too hard coming down the stretch. In doing so, NMJC slipped by us. We went out and beat ourselves on the backside.

"Hopefully we learned a lot this semester. This has happened to us a few times this fall, coming back and then throwing away shots on the final holes," he added.

Freshman Clark Dennis shot a 147 for Western, while sophomore Mark Ingebrigtsen had a 154, freshman Jim Batjer a 160 and freshman Joe Don Davis a 164.

Tapatio Springs Team Scores

1.	McLennan	303-289--592
2.	New Mexico JC	305-298--603
3.	Western Texas	309-296--605
4.	Odessa College	303-307--610
5.	Midland College	310-303--613
6.	Texas Luthern	311-306--617
7.	South Plains	314-311--625
8.	New Mex Military	309-319--628
9.	UT San Antonio	320-313--633
10.	Angelo State	331-329--660
11.	UT freshmen	342-338--680
12.	St. Mary's	374-WD

Medalist: 1. Gil Murrow, McClellan, 75-68--143; 2. Mike Ketcham, Odessa, 67-77--144; 3. Mike Standly, WTC, 73-72--145.

WTC Scores: Mike Standly, 73-72--145; Clark Dennis, 76-71--147; Mark Ingebrigtsen, 78-76--154; Jim Batjer, 83-77--160; Joe Don Davis, 82-82--164.

The New Hamilton Beach Drinkmaster.®

727AL

HAMILTON BEACH Scovill

Remember how good a milkshake tasted when you were a kid? That's because it was made in a good, old-fashioned milkshake machine! Well, now you can get the same type of professional milkshake machine for your home! It's the new Hamilton Beach Drinkmaster. It has the same patented mixing action! The same icy-cold stainless container! The same no-spill, tilt-back head! So you get the same rich, frosty taste you got way back when! It makes 'em thick! And quick! The Hamilton Beach Drinkmaster. A taste of yesterday. A great gift today.

$31.66

Mfg. Suggested Retail $49.95
