Commissioners Tour County Courthouse

The Mitchell County Commissioners met Thursday for an informal tour of the County Courthouse and the Mitchell County Jail.

Before departing on the tour, the court heard a request from District Attorney Rusty Carroll to raise the auto allowance paid to the assistant District Attorney and the investigator employed by the D.A.'s office. The current rate of reimbursement paid these employees is $.16 per mile. Carroll's initial request was for an increase to $.23 per mile, but due to Nolan County raising the allowance to only $.20, he stated that he would be satisfied at this time with a $.04 increase.

Carroll was quick to point out the fact that the county pays for only the travel involved in the actual work of the employees. If the investigator or the assistant D.A. travel to seminars or other related meetings, the state will pay at the rate of $.23. Carroll's automobile expenses are paid by the state.

The commissioners agreed to add Carroll's request to the agenda for the regular meeting in October.

The commissioners then went on a short, unofficial tour of the courthouse and the county jail. Plans were made to visit with a representative of the Karr Tuck Poining about replacing broken mortar, sand blasting stains on the brick and otherwise improving the looks and weather-proofing of the courthouse. A decision was made to seek a bid for the necessary work at no obligation to the county.

The commissioners will meet again next Thursday to discuss the painting and renovation to be done to the building now housing the Texas State Department of Human Resources. Bob Mehaffey from the D.H.R. will be on hand to answer questions of the commissioners as the portion of the work to be paid from state funds. That meeting is set for 9:00 a.m., next Thursday.

RIBBON CUTTING CEREMONIES were held Friday morning at Stinson's Jewelry & Office Supply, located in downtown Colorado City with Colorado City Chamber of Commerce Ambassadors, owners and employees taking part in the official opening. Pictured on the front row (left to right) are Ambassador Shirley Delaney, Ambassador Porter Richardson, Mary Kling, employee; Joe and Glenda Stinson, owners; Joan and Truman Stinson, owners and Ambassador Mac Perkin. Pictured on the back row (left to right) are Ambassador Charles Godwin, Ambassador Ann Lindsey, Trey Smith, employee; Shana Stinson, daughter of Mr. and Mrs. Truman Stinson; Ambassador Betty Williams, Ambassador Mildred Free, Ambassador Carolyn Smith, Ambassador Ray Anne Carlock and Ambassador Brenda Tarter.

"The Rainmaker" Comes To The Colorado City Playhouse Stage

"The Rainmaker" is coming to the Colorado City Playhouse stage September 24.

"The Rainmaker," a drama filled with comedy, romance and tears, will be presented for two consecutive weekends beginning Thursday and running through Saturday, September 26, then again October 1 through 3.

Tandy Curlee will portray the stern, but loving, father of an "old maid."

She is portrayed by Dixie Rader.

Her brothers, Noah and Jim, will be characterized by Kent Womack and Tom Kelly.

A roving con man, who makes the country folk in the small midwestern town in which this story is set believe that he can make rain, is called Starbuck and is protrayed by Leslie Anderson.

As must ultimately happen when a con man appears on the scene, the sheriff, characterized by Tommy Baker, steps in.

Curtain opens nightly at 8 p.m., and advance reservations may be made by phoning the playhouse box office at 915-728-3491. Box office opens daily from 1 to 5 p.m., and 1 to 8 p.m., during performances.

Tickets sell for $3.50.

For an evening of fun and entertainment, attend the Colorado City Playhouse production of "The Rainmaker."

Centennial Items Are Still For Sale At Several Local Businesses

According to Bobby Lemons, president of the Mitchell County Centennial, Inc., there is approximately $8,786.16 left in the fund after assets and debits were tabulated.

The incorporation started with $18,354 from donations and other income netted $83,178.32 and the cost of the centennial totaled $74,392.16 leaving a balance of $8,786.16. "Of course, there may still be some unpaid bills or taxes to be paid," stated Lemons.

There is $9,000 in books, plates, number set of coins and bronze coins still in stock, added Lemons. Hopefully the corporation wil sell most or all of the collectable items before the organization will terminate following their year of existence, stated Lemons.

Lemons said that presently these centennial collector's items may be purchased at The City National Bank, Perkin's' Apothecary & Mercantile, Costin Implement Co., and Free's Friendly Shop. He added that they will set up a booth at the Mitchell County Fair where these items may be purchased. At this time, there are 1,200 books, 136 plates, 46 number set of coins and 310 bronze coins.

When all the money is in and all the bills are paid, then they will make the final distribution of money left to charitable organizations in Mitchell County.

In conclusion, Lemons stated that these centennial items would make nice gifts and should be purchased as soon as possible, because once they are gone, there would not be any more available.

Christmas Plans Are Discussed At Meeting

Area Merchants met for a Christmas planning meeting Wednesday in the Villa Restaurant with several merchants attending.

Leslie Perkins and Robert Trammell, parade chairmen, stated that December 4 was the tentative date set for the parade and the time would be some time around 5:30 p.m. Prize money amounts were set at $100 for first, $50 for second and $25 for third place winning floats. A stipulation for floats contending for the prize money was made, that it must be a flat bed only. Pickups may enter in the parade, but they will not be judged for prizes.

Discussion was held about Santa and announcement was made that Santa would be on hand from 3 p.m., until 5 p.m., Saturdays. He will be available for special appearances in local stores. Santa's house was also discussed, but was tabled until more information on the completion of the gazebo and checking of the possibility of a building class constructing one, could be obtained.

A committee was organized to select a theme for the Christmas Parade.

Debbie Kelly was also appointed to come up with a Christmas slogan.

Sheriff's Report

At approximately 11 p.m., on September 13, Deputy Sheriff Tommy Headrick received a report from the Abilene Sheriff's Department that a white van had been left at a truckstop west of Colorado City. The vehicle had been stolen from Odessa earlier that same day. It was impounded.

Mitchell County Sheriff Wendell Bryant received a phone cal from a local person that there was a suspicous acting character in the Dorn Community area. Upon investigation, Bryant placed a man, that was chased earlier and escaped around the river bridge, in custody, at 6:59 p.m., Tuesday. He made

Thursday, September 10, at 5:16 p.m., the police department received a call from Montgomery Auto Sales that a man had taken a car for a test drive and had not returned. The man had left the lot at 4 p.m., with the 1978 blue Cadillac worth about $5,400.

The car that the suspect had arrived in at the car lot was a 1976 Mercury station wagon, according to Roundtree, it was also stolen from Farmers Branch as an investigation turned up. The car was turned into the State of Texas NIC computer as stolen.

Tuesday, the police department was notified by the El Paso Police Department that they did have the car taken from Montgomery and the suspect in custody. Q. Engine oils are getting just about as confusing as breakfast foods. What's the difference between "real" and "synthetic", and what's best?

A. There are actually three types of engine oils: Petroleum (or "real") oil, synthetic oils, derived from a petroleum base, but chemically reformed and, finally, para-synthetics - combinations of natural and synthetics. The synthetics sell for about four times the price of natural petroleum oils and, whether they are best or not, depends upon your requirements. Many experts, including racing drivers, say that the synthetics are worth the money. They say they are "slippier", thus reducing friction, they lubricate at a wider range of temperatures and they last longer. They are also touted as being stronger and retaining their viscosity or thickness longer.

Mustangs Defeat Wolves, 12-7 In "Good News-Bad News" Game

By PHIL RIDDLE

Friday night's game against the Mustangs of Denver City was one of those "good news-bad news" nights for the Colorado High School Wolves.

The good news is that the Wolves offense broke a two game scoring drought in the fourth quarter. The bad news is that they dropped their third game of the young season to Denver City, 7-12.

The Mustangs gave the Pack enough chances to beat them, but the red and black attack was stymied almost all evening.

The first possession for the Mustangs ended in an attempted punt.

A bad snap and good defensive pursuit caused the punter to be smothered and gave the Wolves the ball on the Denver City three yard stripe in front of the D-City homecoming crowd.

Three plays into the heart of the Mustangs defense netted less than the nine feet needed. On fourth down, the ball was fumbled back into the waiting hands of the D-City offensive unit.

Denver City killed their next drive by fumbling back to the Wolves at midfield.

A punt after three futile attempts at the necessary 10 yards gave the pigskin back to the visitors.

Free safety, Victor Jackson ended the next Mustang threat by intercepting an errant Denver City aerial and giving the football back to the Black Pack on their own 17 as the first quarter came to an end.

Another punt ended the next Wolf drive as the 'Stang defense became stingier as the contest progressed.

The red and white offense scored the first points of the game at the mid-way point of the second stanza.

Quarterback Johnny Botello connected with Paul Inabnet for a 24 yard scoring strike that put the Denver City bunch ahead 7-0, following a successful point after.

The score remained at the half 7-0 as neither offense could sustain a drive. The second half opened with the Wolves throwing an interception followed by a Colorado City recovery of a Mustang fumble.

The Wolves were able to string together two first downs, but had to punt the ball away yet another time.

The punt was blocked by the Mustangs and they were in business on the C. C. one yard line.

The Wolves defense stiffened and the Mustangs had to settle for a field goal. The third quarter ended with the score at 10-0 in favor of the out-of-towners.

The opening of the fourth quarter saw the Wolves fumble away yet another scoring opportunity. Denver City took over on their own 24.

The Mustangs punted back to the Wolves and the return set the Black and Red up at their 13 yard line. A pitch out to the left side of the line lost ten yards and the next play saw Victor Jackson trapped in the Colorado City end zone for a safety.

With 5:45 left in the game, the score was 12-0, Denver City.

The next time the Wolves got the ball, they scored their first points of the season. The scoring drive was highlighted by a screen pass from quarterback Jeff Hammond to Victor Jackson that covered 48 yards and gave Jackson a chance to show the homecoming group his great open field abilities.

Two plays later QB Hammond banged over from the two to up the score 12-7. The contest ended with the Wolves trying desperately to get the ball to pay-dirt. Final score 12-7 Denver City.

Next week the Wolves travel to Ballinger to take on the Bearcats. Kick-off is set for 7:30.

Wolves Defeated

The Colorado City 7th grade Wolves football team lost to Stanton here at Wolf Stadium Thursday night, 6-18.

The Wolves played a fair ball game, but Stanton beat us on the long passes, according to Coach Ronnie Gainey.

Reggie Gardner scored the Wolves lone touchdown. Paul Oreona, Wylie Duncan, Scott Dennis and Andrew Canto, all had a good game.

Stanton scored against the Wovles on two pass plays and a long pass and a sweep.

TREMENDOUS TRIFLES

THE FOUR SECONDS THAT DECIDED A WORLD CHAMPIONSHIP

Fate and four seconds—determined the world heavyweight boxing title when Champion Gene Tunney went down for the "long count"—14 according to boxing history—and came back to defeat Jack Dempsey and retain his championship.

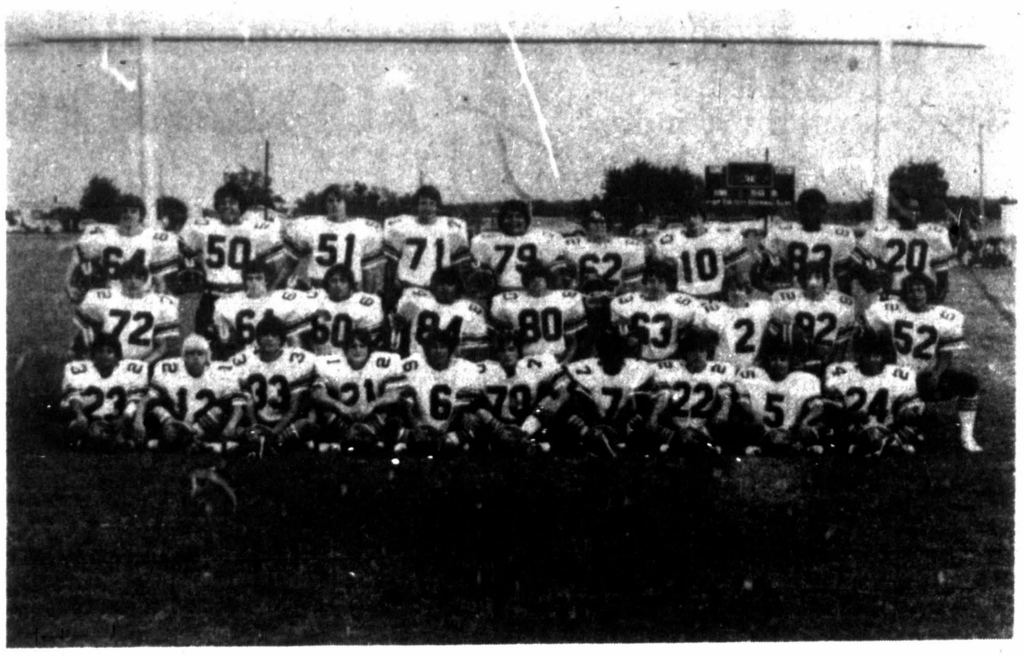

It was the night of September 22nd, 1927. A rabid crowd had paid $2,658,000—the largest in fight history—to witness Dempsey's attempt to regain the crown he had lost the year before. Both fighters were in superb shape but Dempsey, the challenger, was far superior to the Dempsey who lost the title.

Referee Dave Barry, at the beginning of the historic battle, reminded both contestants of the new boxing commission ruling: in a knockdown, the count would not be started until the aggressor had retired to a neutral corner. The gong sounded and the battle was on. For the first six rounds, Tunney was on the defensive with Dempsey pounding him, trying to break down his guard. The seventh saw Dempsey change tactics, switching from body attacks to the head. A right caught Tunney on the head and reeled him against the ropes. Six sudden smashes with both gloves and Tunney was down for the count.

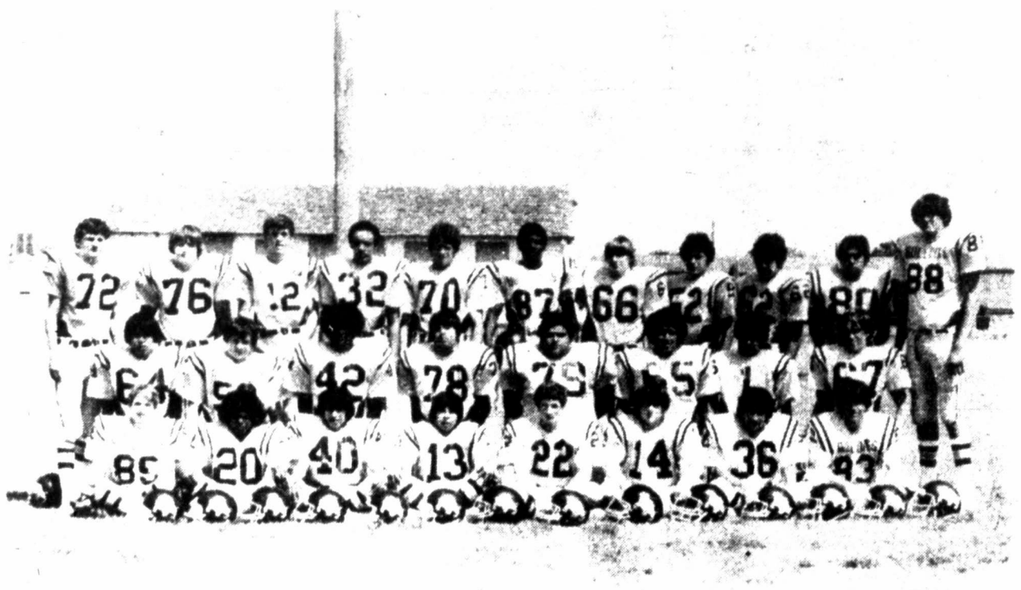

Bedlam broke out in the stands. Impetuous Dempsey had formed the habit of hovering over his victim in all his previous fights. Before the referee could persuade him to return to a neutral corner, the timekeeper had reached the count of five over the prostrate Tunney. Jack immediately back-pedalled to an off corner and the count was renewed. At the count of nine—fourteen seconds after the knockdown—Tunney had regained his feet.

In the remainder of the rounds, Tunney recuperated and outpunched Dempsey, scoring enough points to retain his title.

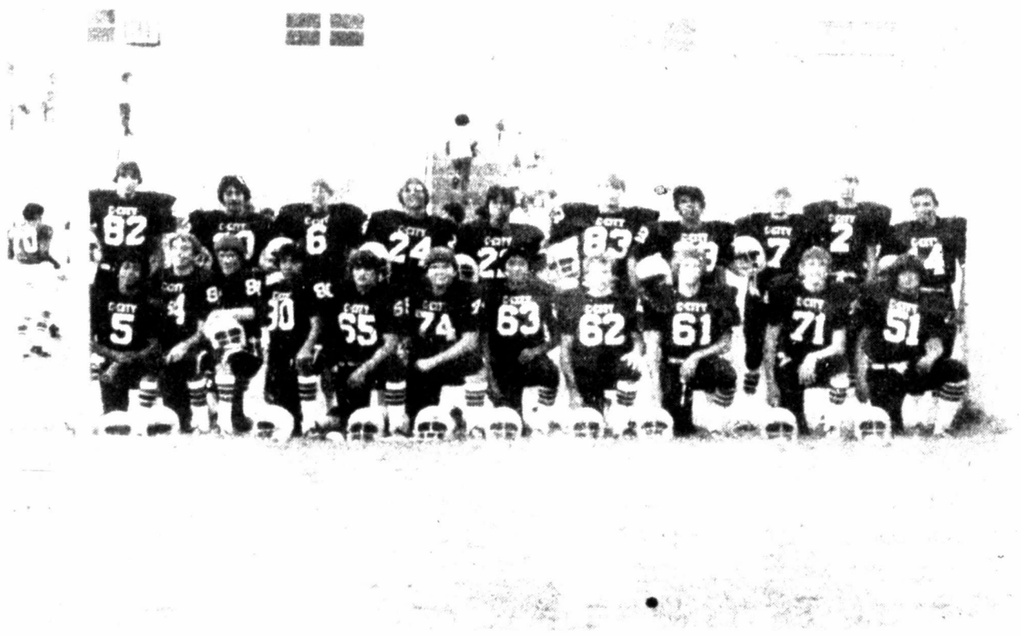

This was Dempsey's last great fight. Tunney retired from the ring a year later still the champ. Boxing history has never repeated the "long count," but boxing fans still whip the controversial bout into flames at the mention of the Manassa Mauler and the Marine. Particularly remembered is Dempsey, whose disregard during four precious seconds of the new ruling resulted in his failure to regain the heavyweight boxing championship of the world.

Coach's Corner

By RONNIE GAINEY

Coaching Colorado Middle School football is very exciting. Our football program has 34 seventh graders and 34 eighth graders.

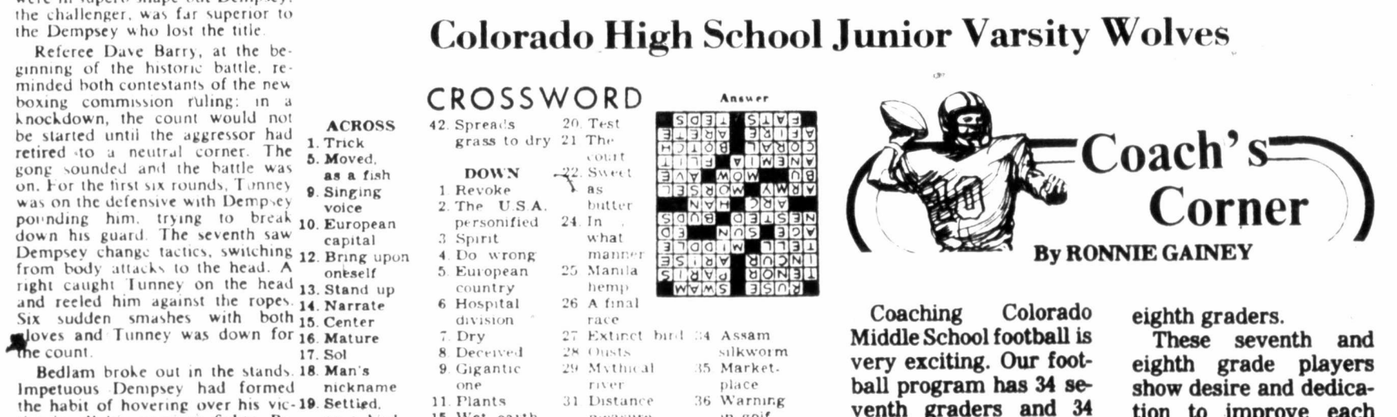

These seventh and eighth grade players show desire and dedication to improve each day. Competition against other schools in our district play allows each athlete to develop a pride in their team and school.

If you have not attended a middle school football game, please make plans to attend a home game. The most exciting action filled games are played at this age level.

I appreciate other members of the CMS football staff, Mack Merrill and Ricky Howell.

Men are blamed for sticking their noze into things, but it iz the only way a dog tracts out hiz game. 3

Eighth Grade Wolves Defeat The Stamford Tigers Thursday, 16-12

The Colorado 8th grade Wolves football team beat the Stanton Tigers, 16-12, Thursday at Wolf Stadium.

The Wolves scored first in the second quarter with a safety. Sammy Rivera made a touchdown on an eight yard run in the second quarter with Ronnie Lowrance making the extra point.

Late in the second quarter, Sammy Rivera made a 35 yard run for a touchdown making the score 16-0 at halftime.

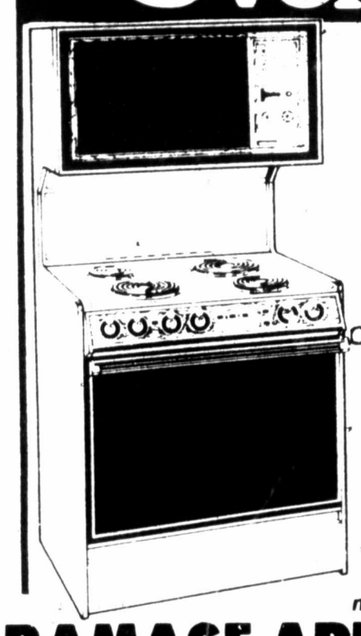

According to Coach Ron Gainey, coach of the 8th grade, the team played well both offensively and defensively during the first half, but the team did not have a very good second half.

Stanton scored in the third quarter making it 16-6. In the fourth quarter, they scored again, making it 16-12.

With two minutes left to play, Stanton tried an on-side kick. It was successful, but the Wolves defense showed a lot of character and made a lot of good tackles which prevented Stanton from scoring.

FINDING WHAT HE LOOKED FOR!

Rev. Charles Casey
Calvary Baptist Church

Jim went to church one Sunday morning. He heard the organist miss a note during the prelude, and he wvinced. He saw a teenager talking when everybody was supposed to be bowed in silent prayer. He felt like the usher was watching to see what he put in the offering plate and it made him boil. He caught the preacher making a slip of the tongue five times in the sermon by actual count. As he slipped out through the side door during the closing hymn, he muttered to himself, "Never again! What a bunch of clods and hypocrites!"

Ron went to church to the same church the same Sunday morning. He heard the organist play an arrangement of "A Mighty Fortress" and he thrilled to the majesty of it. He heard a young girl take a moment in the service to speak her simple testimony of the difference her faith makes in her life. He was glad to see that his church was taking a special offering. He especially appreciated the sermon that Sunday - it answered a question that had bothered him for a long time. He thought as he walked out the doors of the church, "What a blessing it was to have been in the house of the Lord!"

The two men attended the same church on the same Sunday. They heard the same organist and the same preacher.

What was the difference in the two men? They both found what they were looking for!

What are you looking for????????

I hope that Psalm 122:1 is your thought concerning the Lord's House. "I was glad when they said to me, let us go to the house of the Lord."
