DEATH TOLL TO REACH MANY HUNDREDS

RECEPTION TO THE PRESIDENT ENTHUSIASTIC

San Francisco Streets Are Lined As President Drives at Head of Delegation.

DEMONSTRATION PERHAPS MOST ENTHUSIASTIC YET

Days Program for the Occasion Did Not Include Usual Speechmaking.

SAN FRANCISCO, CALIF., Sept. 17.—President Wilson has contracted a slight cold, Admiral Grayson announced today. His trip down the peninsula scheduled for this afternoon has been abandoned.

The President will rest this afternoon under orders from Grayson, his physician.

"The President is threatened with a slight cold," said Grayson, "but the trip down the peninsula was called off because it was found the roads were dusty and that this might injure the President's voice."

Every precaution is being taken to keep the President in fighting trim for his speech tonight, which will be his main effort to California.

SAN FRANCISCO, CAL., Sept. 17.—Welcomed by the noise of cheers, steam whistles and sire s. President Wilson arrived in San Francisco today to carry on his figh' for treaty ratification.

A reception committee, including a number of high army officials, met the president when he stepped from his private car at Oakland.

During the ferry trip across the bay there was much tooting from other vessels, signaling greetings to Wilson.

The president arose this morning shortly after his special train was transported across the Corquine straits at Benicia on a ferry. While he was breakfasting the train passed through a number of towns where small crowds waved and shouted for Wilson.

By HUGH BAILLIE
(United Press Staff Correspondent.)

SAN FRANCISCO, CALIF., Sept. 17.—From the time President Wilson landed at the foot of Market street today, until he entered the St. Francis hotel, there was hardly a break in the crescendo of cheering that welcomed him to the home city of Senator Hiram Johnson, leading peace treaty opponent.

Market street from the Ferry building to Civic Center, was massed with spectators who shouted, yelled, clapped their hands, roared through megaphones, clattered cow bells, blew horns and whistles, threw flowers, scattered torn paper in the air and made high carnival of the President's parade.

Waves His Hat.

Wilson stood in his automobile all the time, waving his hat. His smile never faded. He looked as if he was enjoying it.

A distinguished delegation, including Mayor Rolph, Governor Stevens, General Hunter Liggett and other notables met the President at Oakland. They went immediately on board a special ferry and crossed the bay. As the ferry passed Goat Island, a naval station, ranks of blue jackets—pigmy figures in the distance—could be discerned lined up at attention. Thero was a puff of white smoke and after a few seconds the whack of the first shot of the 21 gun presidential salute came across the water.

Marines Lead Procession.

Marines and sailors were drawn up at present arms as the President's automobile rolled out of the ferry house into Market street. Led by a band, they formed ranks ahead of of the presidential automobile and headed the procession. A swarm of secret service agents walked beside Wilson's machine.

The demonstration started as soon as Wilson was recognized by the people assembled at the foot of Market street. It grew stronger as he progressed up the broad avenue. A few blocks from the start, a man with a long envelope in his hand ran out toward Wilson's car. Police turned him back.

French Demonstration.

The French colony had a sign swinging across the street and scores of people flourishing the tri-color met Wilson at that point.

Police lines were everywhere well maintained and there was no disorder along the route.

As Wilson's car turned into the Civic Center, school children who were marshalled there, greeted him with their school yells in which the name of "Wilson" evidently had been substituted for the names of the cheer leaders.

Grand stands had been erected in the Civic Center. They were filled and many had crawled beneath them, pushed aside the bunting decorations and peered out to see the President. These spectators were mostly children, but there were a few gray-haired women among them.

At the City Hall.

Wilson entered a small stand in front of the city hall. A great yell went up as he was seen there. He remained only a moment to glance over the crowd. As he stepped to the sidewalk a naval band played the "Star-Spangled Banner." Then he re-entered his automobile and rode slowly past a cavalry of United States troops.

The foot escort was dropped and the run to the hotel was made at a fast clip, mounted police, motorcycle policemen and automobiles filled with secret service agents jockeying around the President's car.

WAR COUNCIL IS CONSIDERING STEEL STRIKE

Heads of Twenty-Four Unions Are Making Plans at a Conference.

RUMORED THAT WALK-OUT MAY YET BE POSTPONED

General Organizer of American Federation of Labor to Preside at Meeting.

PITTSBURGH, PA., Sept. 17.—Delegates attending the conference of steel workers in this district adjourned their meeting at 2 p. m. for luncheon. The conference will be resumed at 4 o'clock.

Chairman John Fitzpatrick stated no announcement would be forthcoming "until probably late tomorrow."

"Postponement of the strike of steel workers is a dream," declared Fitzpatrick after adjournment of the meeting. The strike is going ahead as per schedule."

Commenting on the possibility of men of the transportation end of the steel industry striking, Andrew Furuseth, San Francisco, head of the Seamen's Union, said such a move now would not be advisable.

"Suppose," said Furuseth, "the demands of the men should be met after a strike. In the meantime the supply of ore would have been shut off and the men would have no material with which to work when they would return."

President Samuel Gompers' refusal to comment on the threatened steel strike was characterized by Fitzpatrick as "silence speaks strength."

PITTSBURGH, PA., Sept. 17.—The nation's eyes were focussed on the "council of war" of the twenty-four heads of steel and allied industries unions here today.

At this conference definite plans for the nation-wide strike of steel workers will be formulated. The much rumored postponement of the walkout, now set for September 22, until after the "round-table" labor conference in Washington, October 6 will be acted upon.

Union leaders began arriving early today and while they were loath to discuss the probable outcome, an air indicating continuance of the proposed strike prevailed.

Indicate Big Surprise.

William Z. Foster, secretary of the National Committee for Organizing Iron and Steel Workers, indicated a big surprise was in store for employers who asserted but a small portion of their men were organized. Foster clung to his original statement that more than 80 per cent of the steel workers of the United States Steel Corporation would strike.

While independent mills, having union agreements with their employes, would not be directly affected, unionists stated these concerns probably would be forced to close for want of material usually procured from the big manufacturers.

The meeting today, scheduled to start at 11 o'clock, includes international officers of the blacksmiths, iron shipbuilders, brick and clay workers, boilermakers and other unions interested in the steel industry.

John Fitzpatrick, general organizer for the American Federation of Labor and chairman of the general committee of steel workers, will preside at today's session.

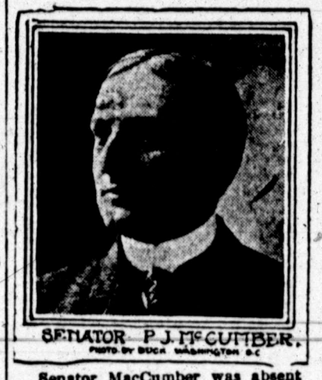

TEST OF STRENGTH OF RADICAL ELEMENT

CLEVELAND, OHIO, Sept. 17.—The strength of the radical element in the United Mine Workers of America will be tested at the convention here today by two resolutions scheduled for presentation. One calls for endorsement of the "one big union" idea and the other asks withdrawal of the United Mine Workers from the American Federation of Labor.

Both measures have the opposition of the resolutions committee, according to Robert H. Harlin, Seattle, secretary of the committee. Another fight duplicating the one staged on the contested delegates from Illinois, was expected.

"Mother" Jones, famous organizer, delivered a short address. She was greeted with thunderous acclaim. She said she had been engaged in organizing the steel workers in Pennsylvania and said the strike would be effective next Monday.

ASSAILS COLLEAGUES

SENATOR P. J. McCUMBER.
PHOTO BY BUCK WASHINGTON D.C.

Senator MacCumber was absent from the Foreign Relations Committee, but was "very much" present when the Senate convened later. In a prepared speech he violently assailed the committee. He characterized the course of his Republican colleagues on the committee in adopting the Shantung amendment as a mere political move to defeat the treaty.

LANSING DECLINES TO DISCUSS CHARGE MADE BY BULLITT

By FRED S. FERGUSON
(United Press Staff Correspondent.)

HENDERSON HARBOR, N. Y., Sept. 17.—Secretary Lansing, now the central figure in the peace treaty fight, by reason of the Bullitt testimony before the foreign relations committee, is just "fishin'." For the present, at least, he intends to keep on "fishin'."

What he may say or do later—between now and the time the treaty is ratified, or after its ratification—he has not yet decided.

Lansing made this clear to the United Press today, as he stood on the porch of his cottage beside the waters of Henderson Harbor, headquarters of his fishing trip. He planned to spend 10 days more here and will not return to Washington until that time, unless conditions made his presence necessary, he said.

To the suggestion that he should say something in response to the Bullitt testimony, as it made him the central figure in the situation, the secretary added the phrase "and I'm just fishin'."

It was an open secret at Paris at one stage of the peace conference that Lansing had threatened to resign. It was reported on apparently good authority that he had discussed such a step with friends. The situation apparently did not reach the stage of his resignation being actually tendered, however, as the secretary today said he had not discussed the possibilities of his resignation with the President.

FITTED TO HANDLE THE SHIP OF STATE GREETING TO HOOVER

NEW YORK, Sept. 17.—Introduced and cheered as a man "fitted to handle the ship of state," Herbert C. Hoover, formerly world food dictator, was given a rousing reception last night at a banquet given by the American Institute of Mining and Metalurgical Engineers.

Hoover made no comment regarding the introduction. He confined himself to discussing conditions in Europe, pointing out the absolute dependence of countries on that continent upon America for food, credit and strength to develop as democracies.

TWO STATE OFFICIALS ARE REPORTED MISSING

AUSTIN, TEX., Sept. 17.—Two deputies of the Texas game, fish and oyster commission, Joe Williams and Harry Raymond, who were stationed at Aransas Pass, are missing, and the wreckage of their boat has been found, according to information received here today.

Relief Fund for Gulf Coast Sufferers

An effort will be made to raise $5,000 in Wichita Falls for the relief of the storm sufferers at Corpus Christi, and the two daily newspapers of Wichita Falls have been named by Mayor Marlow to receive and account for contributions.

So far as known the Wichita Falls Typographical Union was the first to take action. Tuesday afternoon a telegram was sent to the Typographical Union at Corpus Christi authorizing it to draw on the local here for $50.

The second contribution came from the Cooks and Waiters' Union. It was for ten dollars.

The contributions up to this afternoon included the following:

Typographical Union	$50.00
Cooks and Waiters' Union	10.00
F. A. Holfing	5.00
J. B. Marlow	50.00
Times Publishing Co.	50.00

Subscriptions will be received at the Times office for this fund. Contributors are asked to bring cash or their checks or send checks by mail.

PERSHING LEADS PARADE OF THE FIRST DIVISION

Last Grand Review of the War Time Armies Is Staged In Washington.

AMID ROAR OF WELCOME ON PENNSYLVANIA AVENUE

People Voice Appreciation of the Valor and Daring of the Men of Division.

WASHINGTON, Sept. 17.—Amid a roar of welcome, General Pershing led the First Division of the American expeditionary forces up Pennsylvania avenue today to receive the nation's homage.

It was the last grand review of the war time armies, the victory parade, the last chance for the hundreds of thousands of men, women and children jammed along the route, to voice appreciation of the valor and daring of that army, and they made the most of it.

The procession reached its climax as the man who captained all the fighting forces of the nation in the great struggle, passed through the Victory arch toward the reviewing stand where Vice President Marshall stood representing President Wilson to receive the general's salute. Behind him the picked thousands of the composite regiment, "Pershing's own," formed a wall of bronzed faces as they swung into line with machine-like precision. The din was deafening as they passed rank on rank, the division swinging along with veteran strides during the great archway behind them.

From the general himself to the last man of the tank battalion that brought up the rear of the marching column, this perfected fighting machine, a shock division of the American army in the war, was groomed to regular army perfection. Men, horses, guns and machines to the last buckle and the final touch of paint, were completely equipped and spotless for inspection. There was no need of war worn gear to tell of their deeds, the gleam of gold chevrons on every arm, the ribbons of decorations for valor and their colors and breasts the marks that spoke of wounds received that were sprinkled through the whole command, and above all, the proud knowledge in the hearts of thousands that cheered them, made that unnecessary.

WASHINGTON'S FIRST GREAT WAR PARADE

WASHINGTON, Sept. 17.—Over historic Pennsylvania avenue, the American Way of Victory marked out more than fifty years ago by the returning blue-clad legions of the army of the Potomac, the First Division, American Expeditionary Force, marched today. It was Washington's first great parade of the war and it was conceived and carried out as the Nation's tribute not alone to the veteran fighting men who marched, but to the whole great army the Nation created to make certain the utter defeat of German dreams of world conquest.

Marching in mass formation and equipped with all the guns, gas throwers and countless other death-dealing devices of front line service, the First Division, fresh home from France, moved along the broad avenue, a living tide of sunburned fighting manhood that filled the street from curb to curb. In their khaki and olive drab uniforms, the men swung by as resistlessly as the spring floods of the Mississippi. Above each solid block of infantry, rose the grim line of bayonets, the blued steel glinting dully as it caught the light. Farther back came the long lines of field guns, French "75's" to which French officers have said France owes her salvation and, after all the trains and wagons had rumbled by, came a battalion of tanks, streaked and yellowed with paint to conceal them from enemy eyes, now growling and clanking their way behind the throngs in noisy response to the cheers that greeted them.

There was nothing lacking to make the parade an epitome of the whole vast army American skill and indomitable will had created to meet and beat the enemy at his own game. There were guns of all the types used in France that could be moved through the streets. Machine guns, big and little, bristled among the riflemen; squat mortars to hurl bombs from the trenches; high mounted rifles which peered skyward as though still in search of enemy flyers. Some of the guns were horse-drawn, some trundled behind panting motor trucks or tractors. The show was as complete as the ingenuity of the War Department could make it, a cross section of the American Expeditionary Forces.

But it was to the lines of khaki-clad, brown faced men themselves that first interest of the thronging crowds all along the wide avenue turned. The home coming of this first unit of American man power to cross the submarine-infested seas was in marked contrast to its silent, mysterous, unreported departure, and the men and women along the way seemed to feel the significance of the spectacle. They recalled the days when the nation waited in wordless anxiety to hear that these same smiling, free-striding boys had come safely to a French harbor, those other days when the first word filtered back that the boys had begun to prove their courage in action and the slow coming lists that carried the names of the men who sleep forever in France.

To one regiment of long, trim "75's" an unusual honor was accorded. The Sixth Field Artillery was placed between the two infantry brigades instead of marching with the rest of the artillery brigade behind the infantry, for it was C battery of the Sixth which fired the first shot at the Germans on October 23, 1917.

Receding Waters Leave Bodies Strewn Along Shores of Bay; Burial Parties Are Sent Out

VOYAGE OVER BAY IN WOODEN BOX.

CORPUS CHRISTI, TEX., Sept. 17.—Apparently little the worse for a voyage over the storm swept bay in a small wooden box, a young baby was rescued here by workers last night.

A relief party saw the box floating shoreward and waded out rescuing the child. It is being cared for in Corpus Christi until identified.

CORPUS CHRISTI, TEXAS, Sept. 17.—"Financial aid is sorely needed at once. We need the aid of all who can help."

Former Mayor Brown, chairman of the relief committee, made this appeal through the United Press today.

Any statements of the total dead at this time are only estimates, Brown said. He believed the total in Corpus Christi and vicinity is not more than 200, but said it might run higher.

Colonel J. A. Porter of Fort Sam Houston, was in complete control today with almost 350 soldiers under his command.

Troops from Brownsville, San Antonio and Company I, 37th infantry, were patroling the streets in a rain which was falling this morning. The Corpus Christi company of the Texas National Guard was assisting in relief work.

Three relief trains have arrived, Brown said, and the 4,000 refugees in or near the city have been provided with food and clothing. Trains came from Brownsville, San Antonio and Laredo.

Airplanes were scouting the coast near the city for bodies and possible marooned survivors.

THREE THOUSAND ARE PROVIDED WITH FOOD

CORPUS CHRISTI, TEX., Sept. 17.—Subsisted since Sunday on a limited amount of food brought in from Kingsville, 3,000 persons made destitute by the storm were given relief this morning following the arrival last night of the emergency train sent from San Antonio by Major General Joseph T. Dickman, Southern Department commander. Lieutenant Colonel John A. Porter, quartermaster corps, who directed relief work in Galveston following the 1900 storm and who was in charge of Belgium relief work before returning to the United States several months ago, came in charge of the train and assumed charge as relief officer in the Corpus Christi district, now under military rule.

Rations for 5,000.

He brought rations for 5,000 people for 10 days, 3,000 tents, 5,000 cots, medical supplies and other necessities. Lieutenant Cole W. Davis, Southern Department, has taken charge of medical relief work, his organization including two hospitals and a number of first aid stations.

Distribution of food supplies to families who have shelter but no subsistence and the feeding of thousands of others from many kitchens was commenced today. Colonel Porter established relief headquarters in a warehouse near the railway station and tents are being erected on a cleared area on high ground above the city.

Estimates this morning for Corpus Christi, Port Aransas and Aransas Pass place the loss of life at at least 250. Not more than 50 bodies have been identified because of the condition of recovered bodies as a result of large amounts of oil in the water identification has been impossible in many cases.

Under Major L. B. Chambers, service, as provost marshal, military discipline was tightened this morning when the services of every available man were required in organized work of clearing the streets of debris effecting sanitary measures and prosecuting the search for victims of the storm. No loitering is permitted on any street and every person abroad must have a pass to establish his business.

APPEALS FOR PROVISIONS IS MADE TO GOVERNOR

AUSTIN, TEX., Sept. 17.—Appeals for provisions and outside aid from Port Aransas were received by Governor Hobby this morning, and he announced that a relief train will be dispatched from Austin within the next ten hours.

The appeals came in the following telegrams which are dated 8 p. m., September 16 and received today:

"The city of Rockport is under three feet of water, most of business houses and bank, and seventy-five per cent of dwelling houses completely wrecked. The city is under martial law with no provisions here to feed the people. Please call on the state to send us aid. Three lives lost so far as known. Worst storm and highest tide ever known.

(Signed) "A. R. Brice, Mayor."

"Terrible tropical hurricane raging since early Sunday morning only abated daylight today; awful destruction; one death here; several missing; four deaths at Port Aransas harbor and town of Port Aransas practically destroyed. Aransas Pass badly wrecked and over half population homeless; need outside aid immediately. Town under martial law.

(Signed) "John C. McKone."

GOVERNOR COOLIDGE ASKS MASSACHUSETTS TO AID

BOSTON, Sept. 17.—After receipt of an appeal for assistance from Mayor Gordon Boone of Corpus Christi, Governor Coolidge today issued a call upon the people of the state to make their contributions for the relief of the storm ridden Texas city through the Red Cross.

CORPUS CHRISTI, TEX., Sept. 17.—Corpus Christi may be cut off from all rail communication within the next few hours according to information reaching S. A. and A. P. railway officials. Heavy rains are reported near Robstown, 16 miles east of here and it is feared the Texas-Mexican bridge across the Nueces River will be carried away, completely isolating the city and shutting off urgently needed relief supplies. The situation is growing more desperate hourly.

CORPUS CHRISTI, TEXAS, Sept. 17.—Known dead at Corpus Christi up to this morning pasing through morgue totaled 62, with 50 known dead at Portland, 30 at White Point and 14 at Rockport. The death list is now known to exceed 160.

The bodies now being brought in are badly decomposed and identification is almost impossible.

CORPUS CHRISTI, TEX., Sept. 17.—The Naples of the Gulf, stunned by the terrible tragedy of Sunday's hurricane, lies today like a wounded animal, licking its wounds with heroic stoicism. After the first pangs of pain that convulsed the city had passed there has been no outcry, and although it will take months and perhaps years to repair the great damage wrought by the elements in a single day, Corpus Christi faces the future bravely and with a stout heart. The morale of the people is unshaken, although the magnitude of the disaster is only just dawning on the city. The list of known dead is now near the two-hundred mark and is being swelled almost hourly.

DEATH TOLL INCREASES.

It is now feared the death toll will reach far into the hundreds as reports reaching here from across Nueces Bay in the vicinity of Portland, White Point and other towns in that section tell a uniform story of heavy casualties. According to reports received from that section this morning the receding waters have left bodies strewn along the entire north shores of the bay. News of the finding of additional bodies sometimes in numbers of as high as fifty are coming in almost hourly.

There is now no attempt to deny the fact that the death toll will exceed all previous estimates. Burial parties are being sent out from heer to scour all the lowlands along Nueces Bay and bury them in the most expeditious manner, as practically all hope of identification of the bodies has been abandoned. The temporary morgue opened in the court house has been closed and all bodies are being carried directly to the cemeteries where they are buried with simple rites by waiting clergymen. Pieces of clothing, jewelry and other keepsakes found on the bodies of the victims are being preserved and filed with the county recorder in the hope they may later be of use to relatives and friends as a means of identification.

Send Military Airplanes.

Five military airplanes from Kelly Field, San Antonio, will arrive in Corpus Christi this afternoon to aid in the search for storm victims and marooned refugees and to open up communication with points still cut off from means of communication.

A Kelly Field plane circled over Corpus Christi and over Port Aransas yesterday afternoon and returned to San Antonio with the report that many bodies could be discerned at Port Arnsas but that a landing was impossible because of the high water.

A landing field is being established here this afternoon by lieutenant Colonel John A. Porter, relief officer, and the airplane flight will make its headquarters here.

Brings Supply of Yeast.

One airplane was enroute from San Antonio to Corpus Christi this morning bringing a supply of yeast so that the big government supply of flour can be made into bread.

A military truck company ordered here by General Dickman will arrive tonight from Beeville, bringing 33 motor trucks to be used in clearing the town of debris and in the distribution of supplies throughout Corpus Christi district.

Company C, 37th Infantry is due here tonight from Brownsville and with Company I of the same regiment on duty at the Southern Department recreation center here at the time of the storm, a new provost guard company for day and night patrol will be established. Company C consists of three officers and 125 men. Company I has about one hundred men. Complete new equipment for 1 company, stripped of rifles and supplies by the storm, will arrive tonight from San Antonio.

Red Cross In Charge.

In an order issued by Colonel Porter, C. H. McCann, Red Cross directors, was given charge of relief work for the Corpus Christi district. Individual problems for the thousands of homeless storm victims are being solved by the Red Cross which has brought considerable financial aid and many comforts to the refugees. Captain F. A. Taimadge was announced as district adjutant to Colonel Porter.

A special train will arrive in Corpus Christi every night from San Antonio, Colonel Porter has been advised, bringing daily supplies into Corpus Christi and taking out refugees on each return trip.

Colonel Porter is awaiting the return tonight from Portland, Rockport and Aransas Pass of Lieutenant Colonel W. Cole Davis and Captain March who will bring reports of the situation there. Relief will be sent out immediately.

Fifteen hundred rations sent by boat from Corpus Christi to Aransas Pass this morning has reached there for three hundred people reported homeless. Colonel Porter will make a trip by boat to Port Aransas tomorrow in an effort to learn the fate of six hundred people who resided there. The boat which went out from here yesterday for Port Aransas has not returned.

Three Hundred Homeless.

A report from Aransas Pass said that three hundred people are homeless and destitute there and the one available boat at Corpus Christi will be sent there today with fifteen hundred army rations, to be supplemented as soon as transportation facilities are available.

Lieutenant Colonel Davis, medical corps, after getting relief work under way, left Portland to supervise the disposition of bodies recovered there. Those identified are Corpus Christi residents. Photographs of all bodies are being made, identification marks indexed and the bodies buried, immediate disposition being necessary because of their condition.

Food Supplies Lost.

A report brought from Rockport by a man on horseback said that food supplies there were lost in the storm and that the city is in desperate need of relief. He reported the dead at 14, although three people are known to be dead, Mr. and Mrs. Dave Little and their son. A "Sap" train at Rockport Sunday afternoon carried half the population to a place of safety behind a live oak grove.

At Aransas Pass the railway station was demolished and the Aransas Pass harbor terminal railway from Aransas Pass to Port Aransas is a total loss.

Boat Is Dispatched.

A small sail boat went from Corpus Christi yesterday in an effort to find out the situation at Port Aransas, but had not returned today.

From Aransas Pass however, the two S. A. and A. P. oil tanks and the Sunset Oil and Petroleum tank can be seen standing.

The railway situation in the gulf coast section now is as follows:

Probably within 24 hours the S. A. and A. P. will begin operating a regular schedule from San Antonio to Corpus Christi via Kenedy, Skidmore, Mathis and connecting at Alice with the Texas-Mexican and entering Corpus Christi via Robstown. A spur connecting the Texas-Mexico line at S. A. and A. P. terminals here will be completed by tonight.

The B. and M. is operating on a regular schedule from Houston into Corpus Christi via Sinton, Odem and Robstown.

The S. A. U. and G. bridge across the Nueces River is gone and S. A. U. and G. trains from San Antonio turn back at Mathis.

NOT POSSIBLE TO ESTIMATE THE LOSS

CORPUS CHRISTI, TEX., Sept. 17.—Today, more than 70 hours after the tropical hurricane and tidal wave that tore huge rents in this Texas coast city and environs, it was still impossible to estimate with any degree of accurancy the loss of life or damage to property.

Each report from searchers, however, pointed steadily toward the increasing magnitude of the disaster. It was believed that it might be a week or more before its true extent was known.

The great piles of wreckage strewn from one end of the city to the other may conceal numerous bodies, it is believed, and today hundreds of men were at work exploring them.

Estimate Fatalities.

Officials generally were agreed the death list would be in excess of 100, and some unofficial estimates placed the total fatalities at between 200 and 300, with hundreds of persons injured or suffering from exposure incident to being buffeted about in chilly waters for hours after the storm struck the city early Sunday morning. Estimates of the property loss varied from $10,000,000 to $15,000,000.

The best available information here early today placed the known dead in Corpus Christi at 47. Seventy-seven bodies, all blackened and bruised, were reported to have been washed ashore last night on the northern side of Nueces Bay, upon which Corpus Christi is situated. Of the seventy-seven bodies, the report said, thirty-eight were taken from West Portland, twenty-nine from White Point, nine from Sinton and one from Odem. Other points also reported the washing ashore of bodies during the night, according to information received here.

Soldiers Are Missing.

Military officials were exerting every resource today to ascertain the fate of twenty or more soldiers who were washed out into the bay while the storm was at its height, and of whose theer has been found no trace. The men, members of Company I, 37th Infantry, and other regiments on border duty, were at the government rest camp here for a week-end furlough when the camp was washed away.

Captain B. M. Egeland, of Webster, S. D., camp commander, was drowned during the storm and his wife is believed to have lost her life.

Reports from smaller towns in the path of the storm stated that the authorities were burying bodies, some unidentified, as rapidly as possible, for sanitary reasons.

Business at Standstill.

Although business was at a standstill and wire communication demoralized, a more cheerful spirit seemed to prevade the city today, due largely, officials thought, to the arrival of relief trains with food and supplies for the thousands made destitute by the storm. The food and housing problem loomed large yesterday but today, it was stated, the worst was over, although it was announced that further contributions would be necessary to take care of the homeless until normal conditions are restored.

RELIEF FOR COAST RECEIVES ATTENTION OF WICHITA CLUB

MATTER IS PRESENTED AT THE LUNCHEON OF MEMBERSHIP HELD TODAY.

TELEGRAMS ARE FORWARDED

Governor and Mayor Notified That City Is Ready to Aid the Sufferers.

Relief for storm sufferers at Corpus Christi and other points along the Gulf Coast engaged the attention of members of the Wichita club today, with the result that at the instance of the Wichita club wires were immediately dispatched to the Governor and the Mayor of Corpus Christi asking for advice on the needs of the situation, and informing them that the civic organizations of the city stand ready to see them supplied with whatever they call on them for.

The matter was brought to the attention of the club by W. R. Duke, who referred to the appeal for aid on the part of sufferers in the stricken district issued by the Governor of Texas. Active efforts toward the securing of supplies, however, will be deferred until information from the actual scene of the suffering as to what will be most needed, is received, this decision being adopted at the suggestion of Dr. Everett Jones, who was present at the time of the Galveston flood and called attention to the danger of duplication in supplies and misdirected effort in proceeding without definite knowledge of the needs of the situation.

It was seemingly the sentiment of the members of the Wichita club that the efforts of this city should take the form of monetary assistance in order that needed supplies could be obtained nearer the storm area, and consequently be sent to the points of need without unnecessary loss of time.

Hearty endorsement of the Salvation Army Home Service drive, which is to open on September 29, was taken by the club on motion of J. S. Bridwell, and it was further voted that the Wichita club would co-operate with B. F. Johnson, county chairman of the drive, through a committee to be selected from the club members by Mr. Johnson himself.

Outline Market Plan.

The idea of the civic league for the establishment of a market to work direct with the farmers in the marketing of their garden produce, and thus eliminate the middleman, was outlined by Mrs. T. B. Smock, president of the civic league, who stated that the wives of Wichita club members could aid in the project through aiding the other members of the civic league in serving the luncheons of the club, as the entire funds received by the league are to be devoted for this purpose.

A request that the charter committee consider the question of embodying in the charter regulations to make new buildings conform with street lines, and prevent the development of irregularities in the streets, was adopted by the club motion of W. Newton Maer.

FEAR FOR SAFETY OF WICHITA FALLS PEOPLE VISITING IN STORM CENTER

Grave fears are felt today for the safety of Mrs. J. A. Deaton and son, Clifford, who were in Corpus Christi when the storm struck, and the members of the family had their alarms increased when they received news today that the hotel in which Mrs. Deaton and son were staying was washed away. James Bachman, son-in-law of Mrs. Deaton, and Oscar Deaton, her son, planned to go to Corpus Christi today.

No word has been received from Mr. and Mrs. N. M. Clifford, who were also in the storm stricken city.

J. E. PARK PRINCIPAL OF THE ALAMO SCHOOL

J. E. Park, for a number of years principal of the R. E. Lee school of Denton, is to be principal of the Alamo school, Superintendent Lee Clark announced this afternoon. Mr. Park fills the position made vacant by the resignation of J. T. Rundell, recently received. Mr. Park comes here highly recommended, and Mr. Clark was especially pleased to receive the following testimonial of his ability and zeal in other lines outside the classroom and executive work. Mrs. Walter G. Kimbrough, the president of the Parents-Teachers' Association of the Denton school wired as follows: "Have just heard that Mr. J. E. Park is to be principal of one of your schools. He is a capable, zealous worker and has the confidence and good will of parents and teachers. All commend him for the excellent work he has done in Denton."

MISS VERA HORRY AND DELBERT McCREARY WED

The marriage of Miss Vera Horry to Delbert McCreary was solemnized Tuesday evening at the home of Rev. H. F. Draper, pastor of the First Methodist church. The sister and brother of the bride, and Charlie Brooks, friend of the bride and bridegroom, were the attendants, and also the only witnesses. Following the ceremony the party drove to the home of the bride's parents, Mr. and Mrs. D. W. Horry, where a wedding supper was served. Both young people have been residents of Wichita Falls for several years and will continue to make this their home.

Notice.

There will be a called meeting of W. O. W. 456 Thursday evening at 8 o'clock at Maricle's Feed Store. 102-2tp

Oil Men, Organizers and Promoters, Attention

BLOCK 96—Small proven leases in this and other tracts, surrounded by big production. Not in litigation area. Right prices.

BLOCK 74—Drilling sites. Production on both sides. Price $5,000.

DESDEMONA OIL FIELD—We own approximately 100 acres in this phenomenal field. Five choice tracts.

We own the leases we handle and are in position to make terms. "A square deal always carries a round trip ticket." We deliver.

Office Open Evenings

MODEL OF THE CITY TO FEATURE EXHIBIT AT THE STATE FAIR

A model of the city of Wichita Falls itself will be the central feature of the model showing the oil fields and refinery operations which is being prepared by H. D. Frankfurt of the New Tex Refining Company as the feature of the Wichita county exhibit at the Texas Fair at Dallas this fall.

This is being secured by Mr. Frankfurt, who was formerly an architect, through model buildings representing the principal office buildings, supplemented by a painted background showing the remainder of the Wichita Falls sky line.

Immediately adjacent to the model city, and stressing the nearness and intimate relation of the city to this part of the industry, are the derricks of a proven oil field, with a pipe line running from the field to a model refinery just outside the city itself. Running from the refinery all around the exhibit is a small electric train, drawing tank cars from the refineries to the markets. Further away from the city are the derricks of a number of wild cat tests, showing the relation of this feature to the rest of the oil industry.

NEW SUITS FILED IN THE LOCAL DISTRICT COURTS

Claiming that a note given him June 10 by the Northwestern Water Company for services performed had not been paid when due June 29, D. J. Dunlap has filed suit in the Thirtieth district court against the company for the amount of the note, $1725, together with interest and attorney's fees.

Other suits filed in district court follow:

Carrie Belle Johnson vs. Samuel A. Johnson, divorce, transferred from the 78th district court.

Farmers State Bank of Burkburnett vs. the American National Bank of Wichita Falls, garnishment in the suit against the Block 7 Oil & Gas Company.

The Night & Day Supply Co. vs. the Texas Ranger Producing & Refining Co., suit for debt.

Ed Wainscott et al vs. the Eagle Oil Co., garnishment in the J. A. Jones Jr. et al, suit.

Ed Wainscott et al vs. the Southwestern Producing & Refining Co., garnishment in the J. A. Jones Jr. suit.

Mrs. C. C. Carlton is in Mineral Wells this week with her husband, who has been at the health resort for several weeks, recuperating after a prolonged illness. Mr. Carlton is a member of the scouting force of the Gulf Production Company in this district.

MEETING WILL BE CONFINED TO A STUDY OF WATER PROBLEM

Judge R. E. Huff will preside at Monday night's mass meeting for consideration of the water problem, his selection having been announced by the arrangements committee Wednesday, who also announce a tentative list of speakers which include J. A. Kemp, Mayor Marlow, Fred Weeks, Judge J. I. Starley, attorney for the irrigation project, Vernon L. Sullivan, civil engineer who has made the preliminary investigation on the project, and H. F. Weldon.

Talks by these speakers will be supplemented by a general discussion on the part of those in attendance.

Monday night's meteing will be confined to consideration of the water problem, the arrangements committee believing that the practical way to the solution of the many civic problems confronting Wichita Falls calls for their disposition one at a time, and believing that the provision for a water supply is of such paramount importance as to call for the first attention.

SONS OF VETERANS ARE REQUESTED TO SEND DUES

All members of the Sons of Confederate Veterans, local camp, are requested by Judge Scurry to send in their dues for the year, and also at the same time to notify him as to whether or not they will attend the reunion this fall. Judge Scurry has received a letter from N. B. Forrest, adjutant in chief, reminding him that identification certificates for members and their families are issued only to camps in good standing, and it is necessary that the camp dues be paid, to remain in good standing. Prompt action is urged by Judge Scurry.

ANDY HOLT IS FINED $50 IN COUNTY COURT

A fine of $50 was imposed by Judge Jones in county court Wednesday against Andy Holt, a one-armed man, when he pleaded guilty to a charge of aggravated assault.

Holt was arrested Saturday night by Policeman Lesuer following a stabbing affray at the Travelers' Friend wagon yard on Indiana avenue, in which Jim Reeves received two severe knife wounds, one in the head and one in the right thigh.

No other cases were tried today by Judge Jones.

GOVERNMENT FOOD SUPPLIES WILL BE ON SALE THURSDAY

Sale of the allotment of surplus food stores awarded to the city will open at the Central fire station at 10:00 o'clock Thursday morning, it was announced by Mayor Marlow Wednesday afternoon, following the arrival of the shipment. Fire Chief J. L. McClure will have active supervision of the sale.

The food will be sold at the cost price to the government, plus the cost of shipment from San Antonio to Wichita Falls. At these prices the food will be disposed of considerably under, in many instances, wholesale prices in Wichita Falls. For instance, in the case of beans of which several hundred pounds were received in the shipment, the price will be in the neighborhood of seven cents, it was pointed out by Mr. Marlow while the wholesale prices prevailing at present are in the neighborhood of 13 cents.

While the shipment did not include all of the food ordered by the city, the supplies received included several thousand pounds of beans, rice, bacon and staple canned goods. The goods will be sold to the first comers, a limit of one case of canned goods, and a similar limit for the beans, rice and bacon, having been put on the amount of food that can be sold to any one person.

MISS JESSIE MAE AGNEW RESIGNS POSITION WITH DEPARTMENT OF MUSIC

The resignation of Miss Jessie Mae Agnew, who created the department of music in the Wichita Falls schools, has been received by the school board, and Miss Ball, who formerly held a similar position in Oklahoma schools, has been elected as musical director. Prof. Lee Clark announced this afternoon. Miss Agnew's resignation was much regretted, since the department has made very remarkable records under her direction and has meant much in the general progress of the school. The new director, who is a sister of Miss Katherine Ball, former member of the local high school faculty, comes with a splendid record. Mr. Clark adds, and under her direction the department is expected to continue to occupy a position of importance in the school curriculum.

Miss Margaret Silk and Mr. and Mrs. Robert Ketchum, of Birmingham, are the guests of Mr. and Mrs. W. W. Silk, 1300 Tenth street. Miss Silk is Mr. Silk's sister.

GRAHAM WELL IS ESTIMATED TO BE BETTER THAN 500

NEWCASTLE, TEX., Sept. 17.—This afternoon late, a test is to be made of the M. K. Graham well of the Texas Company, which was given a 60 quart shot Tuesday, and estimates of driller and others who have been watching the well, range from 500 to 1,000 barrels as the daily flow. The oil has gone high over the derrick on numerous occasions since the shot and those working on the well say that it will flow steadily, when the bailer is removed, instead of by heads, as at present.

Several Houston officials of the Texas Co. are at the well today, for the test.

HUSTON IS EXPECTED TO REFUTE CHARGES

OLATHE, KANS., Sept. 17—Refutation of the accusation of Miss Evelyn Hall, that he is the man who killed Lieutenant Fitsroy K. Simpson on July 22 at Kansas City, was expected when Harry Huston, on trial for manslaughter for Simpson's death, takes the witness stand for the first time today.

The defense has produced numerous character witnesses whose testimony is believed to have disproved somewhat the principal points made by the previous day's session.

The trial was expected to close late today.

DECIDES SHE CAN MAKE HER HUSBAND SUPPORT HERSELF AND CHILDREN

TOPEKA, KANS., Sept. 17.—Mrs. Ross Vroman of Sioux Falls, S. D., who swore out a requisition for her husband held in Oberlin, Kansas, has decided she can manage to make him support herself and their four children without the state's interference and has asked that the requisition be not honored here. Vroman left his family in South Dakota to join the army but failed to return when he was discharged.

APPEAL IS MADE BY WASHINGTON GOVERNOR

SEATTLE, WASH., Sept. 17.—An appeal for financial assistance for residents of the Texas flood district has been issued by Governor L. F. Hart of Washington.

Newest Creations in Fall Apparel for Women

SHOWING FASHION'S LATEST DECREE

Ultra STYLISH SUITS

No effort has been spared in order that our showing of Fall Suits may meet the requirements of every woman, whether she desires a Suit of the dressy type or one designed strictly for utility. Truly comprehensive are our displays, embracing every desirable style feature and ever material which has found favor for Fall wear. The rich Autumn shades of brown are exceptionally attractive in these models, and are so delightfully "different" from each other. Selections should be made now, as assortments are complete in every particular, affording excellent choice. Priced—

$25.00 to $250

The Incoming Season Invests Its

SEPARATE COATS

With a New Smartness.

Fall comes to the fashion forefront with some tempting tendencies in Separate Coats. No past season has afforded quite so much in fashions, fabrics and colorings. To detail, even briefly, what may be seen in our several groups of these Coats, would tell little of the much to be told. However, it will be a pleasure to show them all. Not one but what you can afford.

$25.00 to $50.00

STYLISH DRESSES

Yes, these beautiful garments are stylish, very stylish indeed. If it's style you look for in a garment, then these new creations we are now showing will, we are certain, make a deep impression on you. We have them in all materials, colors and sizes.

Beautiful Dresses in Tricotines and Satins, Tricolettes and Serges, constitute one of the prettiest assemblages of Dresses that has ever come to our store. Every effort possible has been made to give the women of Wichita Falls an opportunity to purchase the latest models, in quality merchandise, at reasonable prices. See these.

Priced from $15.95 to $95.00

New Arrivals in Fall Millinhry

Paris-inspired models in those chic symphonies of line and color that reveal the art-designer at his best. Briefly, fabric Hats and Ostrich trimmings prevail. A lengthy chapter might properly be written in explanation of the numerous models in this introductory display assembled for your guidance in choosing, yet it would explain less than even the most casual examination. Assurance that the beauty of the new models will tempt prompt purchases is doubly assured by such pricing as follows:

$10.00 to $65.00

Fall Offers You

Blouses of Seldom-Seen Beauty

Here are Blouses with those masterful touches that at once distinguish them as original and lovely beyond one's expectations. Designers have imposed no restrictions on their imaginations in creating them. The variety is, therefore, extensive. Yet in pricing each blouse we have carefully avoided setting a single figure that might be thought much for the blouse it buys.

$3.95 to $65.00

Every Wardrobe Should Include Several of These

Skirts for Autumn Wear

For informal, business and sports wear, skirt and blouse are the ideal combination. With this in mind, we obtained from several makers their best models suited to these different purposes. Last minute styles in a broad choice of fabrics are therefore ready. Assortments and sizes are now complete—a fact that makes for advantageous choosing. Prices are

URGE BUSINESS MEN TO ATTEND MEETING ADVERTISING CLUBS

Are you planning to attend the annual world convention of advertising in New Orleans, September 21 to 25?

Are you going to take advantage of the opportunities which this meeting will afford along business building lines?

Those two questions are asked the business men of Wichita Falls by Hubert Harrison, secretary of the chamber of commerce.

Word has been received from the offices of the Associated Advertising Clubs of the World, in New York City, urging that hotel reservations be made, for attendance at the convention promises to break previous records.

Probably there is no place on earth where advertising has been developed to such a degree as in New York City, yet New Yorkers are so firmly convinced that they can improve their advertising that they will be a special train load of New York delegates to the advertising convention.

Twenty business men have already pledged themselves as members of a party that will go all the way from San Francisco, while similarly representative delegations will be there from cities of the Pacific northwest. Montreal, Toronto and other Canadian cities will be represented in numbers and these facts are cited by Mr. Harrison as an indication that business men of Wichita Falls have ample reasons to travel the distance required to attend the sessions.

"There must be very practical help in these meetings for business men," said Mr. Harrison, "for the advertising clubs have told me that cabled hotel reservations have already been made for men who will travel all the way from Sydney and Brisbane, Australia, to attend. Shanghai has designated that it is certain to be represented, and there will be delegates, also, from many other far-distant points. People travel great distances to attend these meetings because there is actual help for them along business building lines, for example, Australia will be represented this year because Australian business men who traveled to last year's convention felt repaid for the time and money they spent. They told their friends, after their return, what they got out of it." Mr. Harrison is anxious to have immediate word from all who plan to attend the convention Sept. 21 to 25, because the advertising association has called attention to the need for making final hotel reservations at once.

"We need to have information as to the number of business men from Wichita Falls who plan to attend the advertising convention in New Orleans, Sept. 21 to 25," said a communication to Mr. Harrison from the headquarters offices of the Associated Advertising Clubs of the World, in New York City.

The reason for holding the annual advertising convention in various parts of the country, Mr. Harrison has been informed, is to make it easy for business men, first of one section then another, to attend and thereby to make their advertising more effective.

"Any alert business man who will come to one of these meetings with a note book and pencil, and will attend the sessions, view the exhibits of advertising and mix with alert men from all other parts of the country, will return home with enough ideas to brighten up his business and to increase his profits for months to come," says a statement from the advertising association, "nor is this assertion merely our opinion. It is based upon the experience of thousands of business men who have attended previous conventions.

"At these meetings all the cards are laid on the table. There are no secrets. The discussions are frank. Business men may ask questions, and it is always characteristic of the most alert business men that they do ask questions."

HARLEY HEATH PURCHASES "BROADVIEW" APPLE FARM NEAR BENTONVILLE, ARK.

The following clipping from a Bentonville, Ark., paper refers to Harley Heath of this city:

"W. H. Heath, oil operator from Wichita Falls, has purchased the 94-acre apple orchard belonging to E. S. Miller five miles west of Bentonville and known as the "Broadview Farm.

"This is one of the most beautiful and best improved places in Benton county, being located in the heart of the applegrowing district of the Ozark mountains.

"The apples off the 35 acres alone will bring $155,000 this season.

"Mr. and Mrs. Heath are stopping at the Massey but will return to Texas after touring through the Ozarks, to arrange to return and take possession of their new home about November 1."

DR. HILL RECOVERING FROM RECENT INJURY

Dr. J. W. Hill, formerly of the First M. E. Church South of this city, now at Denton, suffered a rather severe injury six weeks ago in San Antonio, but is now much improved, according to a letter received by the Times, in which Dr. Hill informs his friends in Wichita Falls of his condition. The letter follows:

Denton, Texas, Sept. 15, 1919.

Editor Wichita Daily Times:

Forasmuch as many of my friends in your city have made inquires concerning me since the hurt I received in San Antonio, some six weeks ago, please allow me space to say a few words in the form of an "open letter" to all of them at once. The nature of my hurt was what the doctors call the "Pott's Fracture." The small bone in the right leg was fractured, and the ligaments in that ankle were broken. It was what the English would call "a nasty" wound. It was very painful and, to a man of my get-up-and get, was a bitter pill to swallow—lying with elevated limb in a cast of plaster of Paris. Really it was tough.

But I am up and out now, and it will not be more than two or three weeks at most, until "Richard will be himself again." I am in fine health. I eat three meals a day, and sleep as sound as a cat in cotton. I often think of the good people of Wichita Falls, and I appreciate their interest in me and mine. I wish them all unlimited prosperity in every way.

Cordially,
J. H. HILL.

MISS ROBERTSON HOSTESS TO BRIDGE CLUB TUESDAY

Tuesday afternoon Miss Ellen Adele Robertson was hostess to the girls' bridge club, entertaining the three tables of members and an additional table of visitors. The club's bride-elect, Miss Audry Adickes, was presented with the club and guest favors for high score, hand embroidered kitchen towels, and a whisk broom in an ivory case. Miss Kathleen Blair of Dallas and Miss Adele Adickes being the winners.

The hostess and her mother, Mrs. Walter S. Robertson, served a dainty luncheon following the game, consisting of a salad course, followed by an ice course.

Misses Kathleen Blair and Louise Maupin of Dallas, here to be members of the Adickes-Barnard wedding party. Miss Louise Montgomery of Austin and Misses Mabel and Ruth Simpson, here from New York City for a short time before returning to their study, were the out of town guests, the others enjoying the hospitality of Miss Robertson being: Misses Lucile Tancred, Helen Hines, Ruby Moore, Adele Adickes, Audrey Adickes, Bernice Jackson, Agnes Reid, Lelia Beall Anderson, Marion Maer, Annette Walsh and Mrs. Harold Hanes.

CATHOLIC CHURCH LAWN PARTY FRIDAY NIGHT

The ladies of the Catholic church will give a lawn party on the grounds at the church hall on Ninth-st Friday evening, September 19. There will be ice cream and cake, candy and cold drinks served, and a fishing pond has been provided for the little ones. Everyone is cordially invited to attend. This will be a good opportunity for the members of the church who are strangers in the city to get acquainted.

B. F. Johnson left last night for Fort Worth to attend a State convention of campaign officials preparing for the Home Service drive for the Salvation Army which begins September 29. Mr. Johnson is chairman of the Wichita county organization.

Miss Florence Sammons will resume her classes in piano, harmony and ear-training on Friday, Sept. 26. Residence studio, 1206 Travis street, phone 401. 107-7tc

AMUSEMENTS

"AS A MAN THINKS" AT MAJESTIC THURSDAY

A man does as he pleases and thinks nothing of it. When a woman does as she pleases, even though it be less than the man did, he thinks a great deal of it. The wrong that can be created by just a thought in the mind of a man is the idea behind the fascinating story of "As a Man Thinks," in which Leah Baird is featured at the Empress theater Thursday.

Written by Augustus Thomas for the stage, this dean of American playwrights has woven a deft and powerful tale about the subject of a double standard of morals. Frank Clayton, said business man and good husband, was visiting in Paris and "doing" the artists' colony. He saw no harm in his little flirtation with Mimi, the model, though he was anxious that his wife should not know about it.

When a jealous suspicion of his wife crosses his mind, instead of remembering his little affair, he accuses her of infidelity. It is the double standard of morals demonstrated—a standard made necessary because in the virtue of women rests the welfare of the world.

"HIGH POCKETS" LATEST LOUIS BENNISON THRILLER

After a short rest, Louis Bennison, the western cowboy star, returns to the screen in the most thrilling Betzwood drama of western frontier life in which he has yet been seen. The locale of the story is a small western town in the midst of the cow country where life is held cheaply, and where cattle rustling is one of the occupations of several get-rich-quick outlaws, into such a setting Louis Bennison is called by his duties as a federal marshal, and is here given the opportunity to display his prowess with the lariat, his accuracy in dagger-throwing, and his splendid equipment as a screen lover.

A fine cast of players supports the star, whose leading lady is Katherine MacDonald, who also played opposite him in his recent picture, "Speedy Meade." Miss MacDonald's beauty and ability as an emotional actress are well known; and in the part of an Eastern girl who comes west to run a ranch, has many opportunities to reveal the trials of a tenderfoot woman who has fallen into the hands of unscrupulous cattle thieves. "High Pockets," which is distributed by Goldwyn, will be presented at the Majestic theater Thursday.

DOUGLAS FAIRBANKS AT PLAZA AIRDOME TONIGHT

A man stood on the railroad track, he flagged the railroad train, the train it stopped and Douglas hopped on, when he got a good stiff crack in the jaw from the conductor for stopping the Limited.

"The Matromaniac," at the Plaza theater tonight, is one of the most amusing, thrilling and enterprising of all Douglas Fairbanks' attempts. There is nothing that this agile and winning performer doesn't do to get the girl of his dreams. He punctures the automobile tires of his antagonistic father-in-law. He dashes away on a train with her, pursued by the relentless lover. He robs a minister from a self-respecting community, races him in his bare feet over the hard cinder tracks of the railroad and with him makes a wild and frantic dash for the train that it pulling out with his sweetheart. Both minister and would-be bridegroom are kicked off the train by the rival suitor. Together the two rush after the train on a hand car, make a death-defying leap from it while going at full speed, stop the limited, board, and run into the girl's pursuing father. Then doth the father play a mean trick on Douglas. He turns the two over to a padded-cell specialist, who gently leads them to a "nut" hostelry. The story whirls along at a merry hop, skip and jump, and laughter flows as easily from an audience that views this picture as water down hill. "The Matromaniac" will be wedded way up on a telegraph pole at the Plaza theater tonight.

REMIT FINES ASSESSED AGAINST ABSENT JURORS

Fines of $25 each assessed against twelve men summoned for jury service in the 78th district court Monday and who failed to appear, were remitted by Judge Scurry Wednesday. But few of the twelve men upon whom Sheriff McFall was instructed by the court to serve notice for appearance, could be found, and these had excuses considered sufficient by the court.

Judge Scurry Wednesday told jurors to return Thursday morning. But about six or seven men appeared for jury duty and difficulty is being experienced in obtaining a jur, for the trial of civil cases in this court this week.

The Southwestern Telegraph and Telephone Company's offices are good places for Wichita Falls young women to work, because:

The wages are good.
There is plenty of opportunity for advancement to supervisory and executive positions.
There are various kinds of operating to be done, local, long distance, information, service observing, monitoring, etc.
The female force is directed and is in charge of female executives.
There is protection from favoritism and discrimination.
There is protection of health.
There is protection of morals.
There is development of those personal characteristics which blend girlish charm with strong womanhood.

SAYS LEAGUE MEANS A NEW GOVERNMENT

Such Is Declaration Made By Senator Johnson Replying to President Wilson.

SIOUX CITY AUDIENCE IS NOT DEMONSTRATIVE

Refers to Great Britain's Grabs And to What He Terms "Shantung Infamy."

SIOUX FALLS, S. D., Sept. 17.—President Wilson intends to place the United States under a substantially new form of government by the League of Nations, Senator Hiram Johnson declared here last night.

An audience of 8,000, although not very demonstrative at the start of Johnson's address, shouted and cheered his denunciations of the covenant, of what he termed Great Britain's "territorial grabs" and of the "Shantung infamy."

Johnson was forced to hurry his speech in order to catch a 10:00 o'clock train for Lincoln, where he speaks tonight. After the Lincoln speech, he will again take up President Wilson's trail at the Twin Cities.

"When Mr. Wilson started his speaking tour, he told the people that he was going to make a report to them," said Johnson. "But instead of facts, they have had nothing but glittering generalities."

The senator declared "Mr. Wilson has outgrown this old and honorable American government of ours."

"He admits that the league is a new system of government. But why give up the government of Washington, of Lincoln and of Roosevelt? Because he says so?"

"No," was the roar of the audience.

Referring to the charges of pro-Germanism made against those who oppose the treaty by Wilson, Johnson said.

"It is a bad and lost cause which in its extremity resorts to epithets and vituperations. And the choice is not between the League of Nations and Germanism. The choice is between the League and Nations and Americanism. The choice is between Mr. Wilson's internationalism, which subordinates and subjects Americanism to European and Asiatic power, and the Americanism that has been ours for 140 years."

Johnson accused the President of endeavoring to "bully and pludgeon" the Senate into action to get the treaty passed before the American people know what it means.

"This government doesn't belong to one man even if he is President," Johnson concluded. "It belongs to you and to me; to your sons and my sons. I rebel and revolt at the idea that in this nation today the destinies of a hundred million people should be in one man's hands, who secretly is disposing of your blood and mine."

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

PLANNING FOR THE TRIAL OF FIVE PACKERS

Present Evidence to Grand Jury Showing a Defiance of Federal Law.

CHARGES ARE OUTLINED BY ATTORNEY GENERAL

Accused of Monopoly and of Plotting to Exterminate Small Competitors.

ALBANY, N. Y., Sept. 17.—Forecasting the conviction of the Chicago packers under the criminal clause of the anti-trust laws, A. Mitchell Palmer, United States attorney general, declared today in a speech that "the story of the Chicago packers will amaze Amerira."

"The wrath of the American people will compel a verdict of conviction against teh big five Chicago packers," he declared. He stated that evidence will be presented to the grand jury which will result in their indictment.

CHICAGO, Sept. 17.—The government today began its second effort to bring the big five Chicago packers to trial for alleged violation of the anti-trust laws.

Isadore Kresel, special assistant attorney general, went before the Federal grand jury to present evidence tending to show the packers have defied government laws prohibiting formation of monopolies controlling food supplies. Concerns involved are: Armour, Swift, Morris, Wilson and Cudahy.

Kresel has stated that his charges will include:

That the packers maintain a monopoly over the world's food supply.

That the packers ploted extermination of small competitors.

The grand jury room was piled high with government evidence. Presentation of this evidence and examination of witnesses is not expected to last longer than two days.

Witnesses were subpoenaed by the government from all parts of the United States. They include ranchers, stockyards buyers, refrigerator car handlers, freight workers and bankers.

The government's first effort to convict packers was unsuccessful.

WASHINGTON HAS A HOLIDAY TO WELCOME THE FIRST DIVISION

WASHINGTON, Set. 17.—Washington made holiday today to welcome home General Pershing and the First Division. Every government department and commercial house was closed for the parade up Pennsylvania avenue and already every street is pouring its thousands to line the sidewalks and fill the reviewing stands.

The hour set when General Pershing, followed by his picked composite regiment which led in the Victory parades in London and Paris, would be in the march was 1 p. m. It was estimated that nearly half a million people would see the spectacle, the only elaborate military display of the war so far as the national capital is concerned. Every train from surrounding towns and cities added to the mass of humanity that poured into the capital for the grand march.

Units of the First Division were making ready to move into place early in the day. From quarters in Potomac Park machine gun battalions and motor truck companies were preparing to go to their stations. In the wide sweep of open ground before the capital a complete unit of small tanks were stripped of their coverings ready to bring up the rear of the line of march.

At the treasury bestriding the wide reach of upper Pennsylvania avenue stood the triumphal arch. At the entrance to the court were the reviewing stands under the old trees that shade the sidewalks before the White House. Setting aside military customs, General Pershing and his staff arranged not to turn out of line until the last stand had been passed when the program was to turn back to join Vice-President Marshall and the group of government and diplomatic officials on the official stand before the White House.

OFFICERS OF MEXICAN ARMY ARRESTED FOR COMPLICITY IN RECENT ROBBERY IN TUXPAN

WASHINGTON, Sept. 17.—Chief of Police Agapito Perez of Tuxpan, Mexico, and Lieutenant Colonel Rodriguez of the Mexican federal army, have been arrested on orders of General Murguia, accused of complicity in the recent robbery of the Tuxpan office of the Penn-Mex Oil Co., an American corporation, it was announced in official advice reaching Washington today. Practically all the members of the robber band, numbering 28, have been arrested and the prisoners without exception, the dispatches said, have declared under oath that Lieutenant Colonel Rodriguez was in command of the band at the time of the robbery and personally directed the work.

The robbers secured about $40,000 gold, of which it is said Chief of Police Perez received $2,500. The arrests were the result of General Murguia's promise of support to the oil men if they could prove that any soldier or civil official participated in any way in the frequent robberies of American cans in the oil regions. A number of officials of the oil companies in the Tampico and Tuxpan districts quickly rounded up the robbers, most of them soldiers, and turned them over to Murguia. They then told him of the complicity of the police chief and the army officer, who were then confronted by the arrested robbers. The latter did not retract their charges when brought face to face with the accused and General Murguia placed them both under arrest.

Millinery Notice

The Gross-Connell Millinery Company will open up a first-class millinery department. Temporary salesroom at the North Texas Furniture Co. Mrs. Mary Gross will have charge and will show hats from the most exclusive houses in the East. Mrs. Gross has had many years' experience in millinery business and will be glad to give her personal attention. We will open for business Wednesday morning, September 17.

A joyous Italian song by Caruso

"The Chimes of San Giusto" is a patriotic number—a rejoicing over the reconquest of Trieste. And Caruso never seems quite so much himself as when singing the songs of his own people.

Victrola Red Seal Record, 88612

"The First Rose of Summer" by McCormack

A sparkling musical comedy number and McCormack has caught the very spirit of it.

Victrola Red Seal Record, 64818

Henry Burr sings two songs of heart interest

"In the Heart of a Fool" and "I Found You."

Both on Victor Double-Sided Record, 18091

Two charming numbers by John Steel

"A Pretty Girl is Like a Melody" and "Tulip Time." Two of the successes from the Ziegfeld Follies.

Victor Double-Sided Record, 18587

We'll gladly play for you any of the New Victor Records for September

SPORTS

LATEST NEWS AND VIEWS OF INTEREST TO SPORT FANS

CINCINNATI FANS BELIEVE IN REDS ON 6 TO 4 BASIS

NEW YORK, Sept. 17.—With the pennant lashed securely to their flag pole, Cincinnati fans can now have the privilege for the first time in history of doping their own chances for the world's championship.

The rabid Reds fans believe their idols will trim the White Sox. They are betting that way at 6 to 4.

Slim Sallee, veteran southpaw, will probably be Moran's selection for the initial contest. Pat not only figures him as one of the best of his all-star pitching staff but he is banking on the experience of the veteran to get him over any rough places. Walter Ruether will likely get the second call. He has led the league most of the season. Hodeller, the no-hit king, may alternate with the portside pair.

A yarn has been spun that Moran is going to split his pitching staff and send two over to Chicago and keep them there during the series to have a pair that can be kept fresh by getting away from the tiresome railroad trips. If there is a "dark horse" in line for the honors of a series here, the Cincinnati bugs think it will be Pat Duncan, the new outfielder who has worked himself into a regular berth in the gardens. Duncan came from Birmington about a month ago and has been a sensation since he was given the chance to work in Sherry Macginnis stamping ground.

TO INVESTIGATE THE FINANCIAL AFFAIRS OF THE AMERICAN LEAGUE

CHICAGO, Sept. 17.—A complete investigation of the financial affairs of the American League was ordered today at an executive session of a majority of the board members. Charles A. Comiskey, president of the Chicago American League club, was authorized to proceed with the inquiry. Byron Bancroft Johnson, president of the league, was requested last month to furnish this information to the board, but he has failed to do so.

The question of gambling at baseball parks also was considered and Mr. Johnson was bitterly assailed for his failure to give the board of directors information which he is said to have in his possession in regard to the gambling at the games. The board in its statement declared that everything possible had been done by club owners to stamp out this evil, but criticized the league executive for his failure to co-operate.

JUDGE LANDIS TO BE OFFERED POSITION OF CHAIRMAN OF BASEBALL

CHICAGO, Sept. 17.—Federal Judge Kenesaw Mountain Landis of Chicago will be offered the position as chairman of the National Baseball Commission to succeed August Herrmann, present incumbent, at a special meeting here tomorrow of representatives of the National and American league, it was said last night by a member of the joint committee which will make the selection.

Mr. Herrman, whose term of office expires in January, is president of the Cincinnati baseball club, winners of the National League pennant.

It was declared that no other names would be proposed. It was not known whether the jurist would accept the position.

BURNS KNOCKED OUT BY JOHNNY KILBANE

JERSEY CITY, N. J., Sept. 17.—Johnny Kilbane of Cleveland, world's featherweight boxing champion, knocked out Frankie Burns of Jersey City in the fifth round of an eight round match here last night. Burns arose before the count of 10 but the referee stopped the contest as Burns was helpless.

Catholic Church ladies will hold a lawn social Friday night at the church grounds on Ninth street. 109-4tp

SQUINT AT THE SCORE.

Yesterday's hero—Walter Reuther. The Red Southpaw pitched Cincinnati to a 4 to 3 victory over the Giants that cinched the pennant.

The veteran Leon Ames, hurling for the Phillies, lost a 7 to 2 decision to Alexander and the Cubs.

Maranville's homer helped the Braves beat the Cards 8 to 4 in the first game, but the tables were turned in the second, 3 to 2.

Walter Johnson hung the sixth straight defeat on the Browns, 5 to 3.

Cleveland copped both ends of a double bill from the Athletics, 8 to 2 and 21 to 8.

Southworth's single in the eleventh gave the Pirates a 4 to 3 victory over the Dodgers.

LEONARD AND DUNDEE ARE TO FIGHT TONIGHT

NEW YORK, Sept. 17.—Benny Leonard, world's lightweight champion will hook up tonight with Johny Dundee in an eight-round bout in Newark. It will be the seventh meeting between the two battlers.

MINOR LEAGUES TO PLAY CHAMPIONSHIP SERIES

CHICAGO, Sept. 17.—Champions of the American Association and the Pacific Coast league will play a series in Los Angeles, beginning October 8, for the minor league championship of the world, according to announcement here today.

The teams will fight for five out of nine games.

St. Paul, with a lead of 6½ games over Kansas City, is the apparent winner of the association title and probably will make the trip to battle Los Angeles.

International league series, a feature in previous years, was abandoned this year on the ground that a series on the coast also would become too belated.

PARNELL IS HERE IN CONNECTION WITH CALL FIELD DEAL

Special to The Times.

VERNON, TEX., Sept. 17.—J. D. Parnell is in Wichita Falls today on business in connection with the recent purchase of Call Field from the government. A. P. Peck and J. C. Hickernell of Vernon and J. A. Kemp of Wichita Falls are associated with Mr. Parnell in the deal which includes not only the land but the barracks, quarters and all of the improvements. The purchasers have in mind the making of an addition to the city of Wichita Falls.

SPREAD OF VICE IN VIENNA IS ALARMING

VIENNA, Thursday, Sept. 11.—In view of the alarming spread of vice in Vienna the authorities have decided upon a system of segregation by which women of the underworld will be under virtual arrest in barracks under close police and sanitary supervision.

SAYS DELAY IS MENACE TO WORLD.

NEW YORK, Sept. 17.—The peace of the world is menaced by America's delay in ratifying the peace treaty, according to Sir George Croydon Marks, member of parliament for Cornwall, who arirved here yesterday.

Telegraph Brevieties

Some Kick to This.

DETROIT, MICH., Sept. 17.—The kick in Detroit's blind tiger whiskey was too hefty for John Prus' Christine. She died after one drink. Christine was a horse.

Would Regulate Dancing.

CLEVELAND, O., Sept. 17.—Steps were taken by the Ohio Dancing Teachers' Association today to have the state regulate dancing in Ohio. The teachers dislike the present day movement.

Was Valuable Dog.

KENOSHA, WIS., Sept. 17.—Jack, an airedale pup, has earned the Croix De Guerre, his master, William Canavan, has agreed. A bandit entered Canavan's store and Jack leaped at his throat just as he fired at Canavan The bullet struck and killed the dog.

Held the "Sack."

KANSAS CITY, MO., Sept. 17.—Mr. U. R. Gypt exchanged "some ones" for a XX. The ones totalled 18 so he volunteered to get the other two. Pretty lady cashier was left holding "sack"—self addressed envelope enclosing newspaper clippings.

Drugged and Married

OKLAHOMA CITY, OKLA., Sept. 17.—Divorced from his bank roll and deserted by his wife on their wedding eve, W. F. Dutton seeks divorce from Myrtle Delle Powers, who, he says, drugged and married him in St. Louis.

MIDWEST FARMERS THREATEN TO STRIKE FOR HIGHER PRICES

SPRINGFIELD, ILLS., Sept. 17.—"We want sane prices," read banners today in the latest proposed strike—that of Midwest farmers. "Sane" means higher.

The "strike" proposition, fathered by the Illinois Agriculture Association, was in the hands of most Midwest farm associations today. Telegrams signed by D. O. Thompson, secretary, charged that board of trade manipulation and high cost agitation had unsettled the market. It was suggested that farmers hold their grain, and when possible their livestock for a "sane market."

PREMIER LLOYD GEORGE RETURNS FROM VACATION

LONDON, Sept. 17.—Premier Lloyd-George's return to England last night from his vacation at Deauville, France, and a brief visit in Paris, will be followed tonight by his address at the London City Temple and which, in view of the extreme political and economic unrest prevailing in the country, is awaited with keenest curiosity and interest.

MOORE NOMINATED FOR MAYOR OF PHILADELPHIA

PHILADELPHIA, Sept. 17.—Congressman J. Hampton Moore, according to virtually complete returns from yesterday's primary election, defeated Judge John M. Patterson for the republican nomination for mayor of Philadelphia by a plurality of 2133 votes.

THE UNIVERSAL CAR

The Ford One Ton Truck may well be classed as an agricultural necessity, it fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford truck and he is ready to buy one. We judge this to be so from the way farmers ars buying them. Truck Chassis $550 f. o. b. President Wilson believes that it will be impossible to retain the League of Nations in the peace treaty if amendments by the United States Senate make it necessary to refer the whole matter back to the peace conference. He knows better than anyone the difficulties in setting up a league of nations and he is willing to make great political and personal sacrifices to bring about its adoption by the United States which is necessary if the league is to stand. For this reason it is safe to predict that the President is willing to accept any action by the Senate that does not invalidate the treaty. The ratification of the treaty without amendments that will send it back to conference for the negotiation of a new treaty and that will not make it necessary to again negotiate a new treaty with Germany is the President's great object. To this end he is willing to make any political or personal sacrifice to which he may be called.

The big drop in the price of livestock is likely to influence the sentiment of farmers and stockraisers against the packer regulation bills now before congress. The decrease in prices of livestock on the hoof has not been followed by a corresponding decrease in the retail prices of meats—not yet. Already the packers are saying the agitation against them is responsible for the drop in prices of livestock and are intimating that prices will drop to still lower levels. Unless there are reductions in the retail prices of meats corresponding to the reductions in prices of livestock the public will locate the cause of high prices some where between the packing houses and meat blocks in the retail shops.

There is an urgent call for men from nearly every part of West Texas. Great crops of cotton and feed stuffs are being harvested. In many counties cotton will yield half a bale to the acre while everywhere thousands of tons of feedstuff is to be gathered. Wheat threshing has not been completed, cotton must be picked, maize crops gathered, oil wells drilled and a hundred other things done. There is no danger of a surplus of labor in West Texas. Wages as a general rule are high. The farmers are rapidly recovering from the effects of the drouth and in the towns the merchants are doing a thriving business.

VOICE OF THE PEOPLE.

READER SUGGESTS A CONSUMER'S STRIKE

Editor Times:

To strike is the fashion. Everybody from city police to scavenger (no reflection on the latter) is either out or wanting out; and since it is the order of the day, why not declare a consumers strike? Say cut all purchases 50 per cent and building at a like rate.

Nonsense, says one. People will do nothing of the sort and why waste time talking about it?

True, they may not, but this scribe wants to say that the time is near when they will curtail their expenses if even at the suggestion of the dealer or in other words, the dealer will help them by refusing credit.

We are indeed living in a fool's paradise. $15 shoes are being worn by people who can ill afford the $5 variety, and the same is true of other purchases. Now for a remedy.

Let's go on a strike as above. One thing is certain: we will be gainers physically and financially, and I might add morally and intellectually, because the restraints would teach us a much needed lesson.

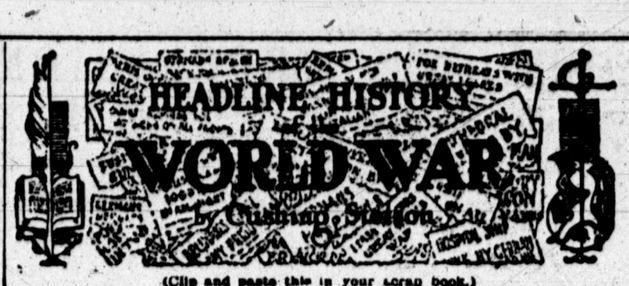

All this talk about government regulation of prices is pure politics. A law of nature is superior to the statutory variety. Supply and demand will regulate prices. Cut out the demand, the supply will be on hand and will be earnestly seeking a demand.

GRAHAM WELL AT NEWCASTLE FLOWS OVER THE DERRICK

Special to The Times

NEWCASTLE, TEX., Sept. 17.—After a sixty quart shot of nitroglycerine, administered late Tuesday evening, the Texas Company's Graham well, nine miles southwest of Newcastle flowed over the derrick for a period of thirty minutes, then was pinched down and turned into the tanks. A gauge is expected today. The well repeated it's initial performance, when it caused a sensation in the Central Texas oil fields, and showed that no damage had been done by further drilling.

GREY GANDER SALE FOR A TOTAL OF $425,000

Additional details to the Grey Gander sale to A. W. Langley of Kansas City, reported in The Times of Tuesday, have been received. The property was owned by F. L. McCoy, R. T. Harris, Harry Pennington and F. L. Lewis. The price paid was $425,000, a good part in cash, the remainder in oil.

The No. 1 well, which was commenced on May 9, and which on June 12, overflowed all the tanks, had an initial production of 2,500 barrels actual gauge and owners of the well report it is now flowing around 1,000 barrels. A continuous flow of 97 days, indicating runs worth approximately $200,000 is reported from this one well, up to the present time. Nos. 2 and 3 of the property are on the sand, fully equipped with standard rigs, and will be drilled in this week. There are ten thousand barrels of storage on the five acre property.

PROMPT WORK OF MEN IN THE FIELD PREVENT BIG FIRE

What threatened for a time to be a very disastrous oil field fire, was averted by the quick work of men on the Townsend Oil Company's lease in the northeast corner of Block 75, where fire of unknown origin started in a flow tank Tuesday afternoon. The flames quickly spread from the flow tank to overflow oil in the draw, or creek, on the lease, and for a short time flames swept a considerable area, threatening numerous rigs and 1,600 barrel tanks, according to those who witnessed the fire. Standard rigs were torn down to keep them from being burned and by means of hastily constructed embankments and other fire fighting measures the flames were confined to the flow tank and the overflow pits.

The Main Pool well was still burning early this morning, it was reported from the field. This is the most persistent fire in the history of the oil fields of this section, having been burning since Friday night.

FARMERS COMPLAIN AT CEMENT COMPANIES

TOPEKA, KANS., Sept. 17.—State authorities have received complaints from BleMound, Kansas, that cement companies in the state refuse to sell cement at wholesale prices to the Farmers Co-operative Association. Charles Green, manager of the association, declares they are entitled to this privilege. The cement companies have been notified.

COSDEN CO. WELL NEAR MONTAGUE LINE ATTRACTS ATTENTION

IS REPORTED IN THE BLACK LIME AND SHOWING OIL AT 3600.

TO DRILL NEAR STONEBURG

Number of Wells Are Being Watched With More Than the Usual Interest.

NOCONA, TEX., Sept. 18.—A derrick is reported building and preparations being made to start drilling a test with the location probably in the SE corner of the NW¼ of lot four of Jack County School Land Survey and about four miles west of Stoneburg. Part of this block lies in Clay county. This is an interesting location.

The Cosden Company well on the Cherryholmes tract in Jack county and about six miles south of the SW corner of Montague county is attracting considerable attention up this way. The well is reported in the black lime a little below 3,600 feet and showing oil. Should this prove a paying well in the black lime, it would surely make Montague county sit up and take notice, as no test in this county has yet been drilled to this formation. Other wells in that locality and in southern Clay county are also being watched.

The Forestburg test is to be on the Mark Noble survey, and about four miles SE of that place. Some preparations are under way at the well location in the way of camp houses and wood for fuel. A location is reported in the Hunt county school land and over in Wise county a short distance and near the west corner of the Richard Warwick survey, and about six miles south and a little west of Forestburg.

While it has not been given out, the Queens Peak well with a probable location in the east part of the William Carleton survey for which plans are about completed will probably be under way by December 1. This location is about four miles north of Bowie.

It will be seen that Montague county is to get a pretty good testing out. In addition to the three now drilling, another is preparing to start drilling just over the line in Cook county and near Illinois Bend with a third rig up or building and six or eight other projects in such favorable stage, most of these are reasonably certain to be under steam by the 1st of January, 1920. With the care which is likely to be taken in selecting drilling sites and the favorable location of Montague county on the northeast end of the great Pennsylvania structure extending from the Ranger district through to the Oklahoma line and possibly to connect with the Healdton field in Carter county, Oklahoma, it is quite probable some of these tests will prove paying wells or lead to opening something worth while in Montague county.

HUNDREDS OF THOUSANDS LEAVE THE UNITED STATES FOR THEIR NATIVE LANDS

NEW YORK, Sept. 17.—A stream of emigrants from America that will number hundreds of thousands will flow back to European countries as soon as transportation facilities will permit, according to consular officials in New York, who report that their offices are swamped with applicants for passage back to the old countries.

Authorities familiar with the situation predict important effects from the wave of emigration, which reverses the usual trend of traffic. Hitherto, there has always been a huge flow of immigrants from the European lands to America.

Several reasons are suggested as responsible for the turning of the emigration tide between Europe and America. Jointly they are considered sufficient to cause a wave of immigration to Europe.

The general tie-up in trans-Atlantic traffic during the five years of war is one of the causes for the concentrated desire of Europeans to return home now, think authorities. Many men who came here to work have not been able to visit their families during the war.

Applications filed with consulates show that the majority of these emigrants do not intend to return to America with their families, but feel that they will have better opportunities in the old countries. High wages during the war, and especially during America's participation in it, have enabled most of the foreigners to return home with savings sufficient to make them quite independent on the old scale living.

It is predicted, however, that few of them realize the cost of living in Europe, where scales have risen more than in America, and that these returning "capitalists" will be disappointed. This will be especially true of Italy, it is believed, where it has long been the custom to go to America a few years and return a well-to-do citizen.

The greatest permanent rush of peoples will be to the small nations freed from yokes of Austria and Germany by the Allied victory, it is thought, judging from indications at consulates of Poland, Checho-Slovakia, Servia and Rumania. There is also a strong movement under way toward countries formerly under the Russian czar's rule, especially Finns and Lithuanians. According to emissaries of the Russian soviet government in New York, more than half a million Russians throughout the country want to return to Russia.

It is impossible to estimate the strength of the movement to Germany and Austria, there being no consular representatives of these countries in America.

Economists see in the emigration movement serious problems for America, which may lose almost a million working men in the course of two or three years. It is said this will cause a scarcity of the so-called cheap labor for unskilled work, and keep wages high.

At the same time Europe will gradually get more labor, which will tend to reduce wages on that continent, and probably reduce prices, though the emigrants will be scattered through such a large population that these will not affect European countries as much as their absence will be felt in the United States.

Sociologists see in the movement a purifying of the American nationality, which has been strengthened and welded together by the war. Removal of that part of the population which has no desire of being assimilated would be a good thing, they think, in spite of the shortage of labor it might create.

WIDE SEARCH IS MADE FOR TWO LITTLE GIRLS FROM CLAREMORE, OKLA.

CLAREMORE, OKLA., Sept. 17.—The mysterious disappearance of the two little daughters of J. E. Allen of this city, is being investigated by officers, and a search which extends from Claremore to the Texas oil fields is being conducted by the father.

Motherless, the girls, Lola and Marie, seven and eight years old, were being cared for by a Mrs. Will Maddix, who is said to have left with them for Burkburnett, Texas. Since their arrival there, nothing has been heard of the girls or the woman, and all efforts to locate them have failed.

The father who is a plumber here, is almost heartbroken, but continues his seemingly useless search for his little girls. The girls are described as looking like twins, having blue eyes, dark hair, cut short. It is supposed they are somewhere in the Wichita or Burkburnett oil fields, since the husband of Mrs. Maddix is a rig builder.

FIVE ARE INJURED WHEN TRAIN HITS AUTO AT VERNON

Special to The Times.

VERNON, Sept. 17.—A backing freight train on the Denver road struck an automobile at the crossing on North Main street yesterday afternoon resulting in the serious injury of three persons and slight injuries to two others. The injured are: Mrs. M. D. Tate, seriously bruised around the right hip; Marvin Tate, two ribs broken; Mrs. Jamie Tims, seriously bruised on the left side. J. D. Tate and a Mr. Johnson, two other occupants of the car, escaped with slight bruises. The former was driving the car. The machine was struck squarely in the center and dragged down the track for about 150 yards. Late reports say the injured parties are doing well.

STAMFORD SCHOOLS LARGELY ATTENDED

STAMFORD, TEX., Sept. 17.—The 1919-20 session of the Stamford public schools opened here Monday. Great interest in the work of beginning the school year was shown by the large attendance at the opening exercises today.

Superintendent Holland and his corps of 15 teachers have been busy for the past week preparing for opening exercises today.

STAMFORD TO ORGANIZE BUILDING ASSOCIATION

STAMFORD, TEX., Sept. 17.—A building association will be organized here with a capital stock of $30,000. This organization will relieve the problem of housing the many prospective new residents of Stamford.

PETROLEUM DEPOSITS IN MEXICO ATTRACT WORLD'S ATTENTION

Associated Press Staff Correspondent.

MEXICO CITY, Aug. 25.—The vast petroleum deposits in Mexico, veritable rivers of gold to their owners, have within the past few years attracted the attention of the world; first, because their exhaustless supplies filled a demand in the commercial world which was emphasized during the war, and secondly, because of late they have formed one of the most fruitful sources of misunderstanding between the governments of Mexico and the United States.

The development of this industry by foreign capital has reached the point where dividends are declared in millions of dollars and production runs into millions of barrels.

Charges Confiscation.

Legislation designed by the Mexican government to divert what it terms its share of profit into the national treasury has been met by charges of confiscation on the part of the foreign interests whose opposition has become so vigorous that President Carranza recently stated in an interview that the petroleum companies were deliberately engendering ill feeling between the United States and Mexico.

Exploitation of petroleum in Mexico for commercial purposes is confined to the past eighteen years, according to a statement recently furnished to The Associated Press by the Department of Commerce and Industry.

Exploration of the oil fields began about 1900 and has been conducted since by the Mexican Petroleum company of California, the British firm of Pearson & Son, the Huasteca Petroleum Company, the East Oil Company, the Oil Company of Tepetate and others.

Vessels now available to convey Mexican oil have approximately 700,000 tons capacity and are worth $90,000,000. In addition it is stated that the value of pipe lines is estimated at $50,000,000 and storage depots at $60,000,000; bringing the total of such investment to $200,000,000. The pipe line system is 780 miles long and the steel tanks for the storage of oil have a capacity of 26,000,000 barrels.

Commenting upon these figures the statement says that "the Mexican oil industry has not yet equalled the American because of the lack of means of transportation and of storing which are not equal to the production of the oil lands." It is asserted that the potential production of the fields is ninefold greater than that registered at the present time.

Declares League Forum To Which All Nations Can Bring Important Issues

By HUGH BAILLIE
(United Press Staff Correspondent.)

ABOARD THE PRESIDENT'S Train Approaching San Francisco, Sept. 17.—Answering questions of the San Francisco Labor Council with regard to Ireland's status under the peace settlement, President Wilson today pointed out that the League of Nations sets up a forum "to which all peoples can bring any matter that is liable to affect the peace and freedom of the world."

The drive for ratification of the treaty as it stands is carried by Wilson today into San Francisco and Oakland, stronghold of Senator Johnson, who is on the road in a counter offensive against the pact.

Four Questions Submitted.

Four questions were submitted to the President by the San Francisco Labor Council. These questions and their answers follow:

1—Under the covenant, does this nation obligate itself to assist any member of the league in putting down a rebellion of its subjects or conquered peoples.

Answer—It does not.

2—Under the covenant can this nation independently recognize a government whose people seek to achieve or have achieved their independence from a member of the league?

Action Not Limited.

Answer—The independent action of government of the United States in a matter of this kind is in no way limited or affected by the covenant of the League of Nations.

3—Under the covenant, are those subject nations or peoples only that are mentioned in the peace treaty entitled to the right of self-determination or does the League posses the right to accord a similar privilege to other subject nations or peoples?

Answer—It was not possible for the peace conference to act with regard to the self-determination of any territories except those who had belonged to the defeated empires, but in the covenant of the League of Nations it was set up for the first time, in Article 11, forum to which all claims of self-determination which are likely to disturb the peace of the world or the good understanding between nations upon which the peace of the world depends can be brought.

Case of Ireland.

4—Why was the case of Ireland not heard at the peace conference? What is your position on the subject of self-determination for Ireland?

Answer—The case of Ireland was not heard at the peace conference because the peace conference had no jurisdiction over any question of that sort which did not affect territories which belonged to the defeated empires. My position on the subject of self-determination for Ireland is expressed in Article 11 of the covenant, in which, I may say I was particularly interested because it seemed to me necessary for the peace and freedom of the world that a forum be created to which all peoples could bring any matter which was likely to affect the peace and freedom of the world.

Other Questions Received.

The President, it was learned, also has received from other labor bodies questions about the British votes in the League of Nations assembly and questions about the treaty clause whereby Japan gets the German rights in Shantung. These querries will be answered soon.

Labor organizations of San Francisco, Los Angeles and Portland asked for conferences with the President. There was no such conference in Portland, it remains to be seen whether Wilson will meet the labor men in San Francisco and Los Angeles.

Announcement was expected this afternoon of the names of the men Wilson has chosen to represent the general public at the industrial conference to convene in Washington next month. Capital and labor also will select representatives to this conference. Wilson has completed his list and is ready to make it public.

Working on Answers.

The League to Enforce Peace, it was learned today has pronounced to the President a series of questions, the answers to which will tend to clear up doubtful points in the treaty. Wilson is working on his answers to those interrogations.

The President today was feeling completely rested from his efforts in the Northwest and quite fit and ready for a strenuous two days in the Bay cities. He spent yesterday recuperating, strolling about the train during long stops in the mountains and shaking hands with crowds at stations. But he retired early and those who met his train after 9:30 in the evening failed to see him.

There was considerable interest aboard the special train if the welcome in San Francisco would equal the demonstration which greeted him in Seattle. A big turn out was expected but whether they would cheer or merely stand and look was the question.

Talks to Opponents.

The President in his recent speeches has been talking more and more directly to leading opponents. In Portland he named Lodge. It was believed he might say something with regard to Johnson in San Francisco, although heretofore he has pursued a policy of ignoring those "trailing" him.

Today will be given over to a luncheon at the Palace hotel, an automobile ride in Stanford university and an address tonight. The Presidential train today was enriched by the addition of another car occupied by the Federal manager of the Southern Pacific. It was noted this car was more up-to-date than the Mayflower, which is used by Wilson and which was first brought to the coast, railroad men say, when Roosevelt used it in his 1912 campaign.

MIDDLE WEST IS AGAINST LEAGUE DECLARES BORAH

By L. C. MARTIN
(United Press Staff Correspondent.)

WASHINGTON, Sept. 17.—The middle west is aflame with the opposition to the League of Nations covenant in its present form, Senator Borah, Idaho, declared today on his return to Washington from a speaking trip.

"The demonstration of Americanism which the middle west is giving," said Borah, "is filling the advocates of unqualified ratification of the treaty with fear and foreboding. That is why they are attempting to rush the treaty through the Senate. They are afraid of the tide that is sweeping the country."

Borah returned at the urgent call of Senator Lodge, because treaty advocates are seeking to force the opposition to act on treaty amendments without further debate. Borah said Senator Johnson, who is also on a stumping tour, will be allowed to continue for the remainder of the present week, at least.

Borah is relied on by Lodge and other republican leaders to take the offensive at once in the fight on amendments. The Idaho senator, who wants to kill the whole league covenant, said Mid-Western audience had given vociferous approval of his attitude.

"In Omaha," he said, "the crowd stood and cheered for a full minute the declaration that the whole treacherous scheme should be abandoned. In Iowa the sentiment was as strongly anti-league as it was in Nebraska."

The treaty will not be considered today or tomorrow because the Senate will be engaged in helping honor General Pershing. On Friday Senator Reed, Missouri, will discuss it.

BOLSHEVIKI CLAIM LARGE TERRITORY IS GAINED BY SOVIET

LONDON, Tuesday, Sept. 17.—A Bolshevik wireless message says through the union of the troops on the Turkestan front with those on the Tashkent front enormous territory has been added to Soviet Russia. This territory has rich stores of raw materials, food and cotton of which 241,000 tons are available.

COUNCIL DELIVERS BULGARIAN TREATY

PARIS, Sept. 17—The supreme council has definitely adopted the Bulgarian treaty which will be delivered to the Bulgarian delegates Friday morning.

WEEK OLD BABY HAD BLISTERS

On Head, Face and Arms. Cuticura Heals.

"Baby was about a week old when she broke out with blisters that appeared on her head, face and arms. The skin was very red and she had no rest, but was very cross and irritable. Her hair all came out, leaving her head entirely bald.

"I decided to get a free sample of Cuticura Soap and Ointment. I bought more, and I used about four cakes of Cuticura Soap and two boxes of Ointment when she was healed." (Signed) Mrs. May Raymer, R. F. D. 2, Box 33, Paragould, Ark.

Cuticura Soap, Ointment and Talcum usually prevent skin troubles.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the world. For sample each free address: "Cuticura Laboratories, Dept. H, Malden, Mass." Cuticura Soap shaves without mug.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side...

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-122

FIUME HAS BEEN ISOLATED BY ACTION OF ITALIAN GOVERNMENT IN EFFORT TO MEET SITUATION

LONDON, Sept. 17.—Fiume has been isolated from the world by the Italian Government which is apparently taking steps to meet the situation that has arisen through the action of Captain Gabriele D'Annunzio in forcibly taking possession of the city and forcing Allied and Jugo-Slav forces to leave. The veil of the censorship was drawn yesterday and since that time little has been learned of events in the city.

Investigation of the incident has shown, according to advices, that the plan to seize Fiume originated in Venice, the prefect of which city is said to have been involved. Artillery forces in Venice which were preparing to join the D'Annunzio forces in Fiume are reported to have been induced to return to their barracks. The prefect has been dismissed from the office.

The Jugo-Slav peace delegation of Paris has issued a statement indicating that Italian regular troops are moving on the city. The Italian battleship Dante Alighieri is said to have been damaged by her crew and has been unable to leave the port of Fiume. French, American and British detachments which were in the city at the time of D'Annunzio's coup are reported to have boarded ships and departed.

SITUATION AT FIUME IS WITHOUT CHANGE

PARIS, Sept. 17.—Latest official advices report the situation at Fiume as without material change. The necessary measures, it is stated, have been taken to prevent all communication with the city from the outside.

Of the Italian sailors who landed in Fiume only 100 remained in the city at last advices, the others having rejoined their ships, the official advices state. It is announced however, that Rear Admiral Casamova, who landed yesterday in an attempt to restore order, has been "illegally detained" on shore.

DR. LARRY IS TO REPLACE HANS SULZER AS MINISTER

BERNE, SWITZERLAND, Sept. 16. It is reported here that Dr. Larry, secretary of the political department in Berne, will replace Dr. Hans Sulzer as Swiss minister at Washington.

RUMANIAN ARMY QUITS BUDAPEST.

BUDAPEST, Tuesday, Sept. 16.—The Rumanian army has begun to withdraw from Budapest, a steady movement of trains being in progress. It is believed that the retirement will be completed within a fortnight.

NEW OFFERING

R. M. WAGGONER, Vice-President, Wichita Falls, Texas. Capitalist, Ranchman; Vice-President of Wichita State Bank, Wichita Falls, Texas; President of the Burk-Waggoner Oil Co.

P. F. LESH, Field Manager, Wichita Falls, Texas. President Lesh Oil & Drilling Company, contractor and driller of the famous Burk-Waggoner discovery well.

DIRECTORS

A. C. PARKS R. J. BROWN LESLIE HUMPHREY P. F. LESH W. W. GARDNER

Production Approximately 3,000 barrels daily. Ten Producing Wells. Four Drilling.

We quote from President Park's letter of July 28, 1919, as follows:

This Company The Associated Oil Company of Texas was incorporated July 23, 1919, under the laws of the State of Delaware for the purpose of associating under a unified management a number of valuable oil properties situated in the North Texas district, among which were those of Hapgood, Brown & Parks, Lesh Oil & Drilling Company, and allied interests.

Properties The properties acquired by the company consist of 19,147 acres of leaseholds with approximate production of three thousand barrels per day. Also the leaseholds, properties, equipment, good will and operating organization of the Lesh Oil & Drilling Company.

The principal production is now coming from the company's ten-acre lease near the center of Block 87, between the original Burk-Waggoner and Texas Chief wells. On this lease, its Waggoner No. 3 was completed on July 24th with an initial production estimated at better than twenty-five hundred barrels per day; No. 1 is setting casing on the sand; No. 4 is drilling below eleven hundred feet; Nos. 2 and 5 have derricks up and ready for drilling tools. On the lease there is sufficient casing for five wells, standard rigs for four wells, water systems, and approximately sixty-five hundred barrels storage. With the completion of the drilling program on this lease, the production should exceed 8,000 barrels, initial, and the method of drilling and thickness of the sand insure a large settled production.

The company also has approximately one hundred and fifty barrels per day from one well located an Block 2 of the Akers Subdivision and from eight shallow wells on its Roller lease of 100 acres in the southeast extension of the Burkburnett field, where three known sands exist, but to this date only the 300-foot sand has been developed. The oil from the town-site well is being sold to the Texas Company, while that from the Roller lease is being sold to the Magnolia Petroleum Company. Both companies are paying the market price of $2.25 per barrel.

The company has acquired proven acreage in the heart of the Petrolia gas field, from which gas the Government is now extracting Helium; 325 acres adjacent to a well now being drilled by the Nipissing Mining Co.; 3,186 acres in Clay county considered semi-proven territory. Also 5,120 acres in Dallam county, Texas, not far from the Amarillo gas field.

The property and assets of the Lesh Oil & Drilling Company include interest in leaseholds approximating 40 acres in the Sunshine Hill district, Wichita county, and in the Charlie district of Clay county. It has four strings of cable tools now working for the company or executing contracts held by the company. It also owns an interest in and controls one rotary drilling outfit for work in the proven field. It owns its own transportation equipment. It was the Lesh Oil & Drilling Company, under the personal supervision of Mr. P. F. Lesh, field superintendent of the Associated Oil Company of Texas, who drilled and finished successfully the Burk-Waggoner discovery well.

Operating Organization The consolidation of these several properties makes possible a highly efficient and unified operating organization to which may be added other organizations embracing every phase of the petroleum business.

Value of Properties Based upon values as established by actual sales of properties, as well as independent appraisals, the value of the property acquired by the company through this consolidation is well in excess of $1,500,000. Estimated upon a per barrel basis, the present property is well worth the combined total of the stock that will be outstanding at the completion of the financing now being done.

Earnings Based upon existing conditions in the oil business and what may be expected, we believe a conservative estimate of the company's earnings the next twelve months to be not less than $2,500,000, or approximately sixty-five per cent on the outstanding capital. This estimate does not include benefits from possible enlargements through the profitable employment of funds derived from the sale of the Treasury Stock as indicated above.

Dividends The management will endeavor to maintain a liberal dividend policy, considering, always, the exigencies of business and the best interests of the stockholders. The earnings in addition to providing adequate dividends must necessarily provide for reserves and expansion consistent with practical business methods. It is confidently expected that the stock of the company can be put on a liberal dividend basis in a remarkably short time.

Management The management of the company will be in the hands of experienced and successful men, thoroughly familiar with the North Texas and Mid-Continent fields, to which its operations will be confined for the present. Both officers and directors are men experienced in the different phases of the oil business, and as such will draw no salaries until the company is established on an ultra-conservative basis. It is expected that other leases will be acquired, together with production, refineries, pipe lines, marketing and distributing facilities, as the business expands. Already plans are being considered to add a refinery to take care of present production as the full value of production is never realized unless marketed after refining. Your truly, (Signed) A. C. PARKS, President.

We offer, subject to withdrawal without notice, a limited amount of treasury stock for development purposes.

PRICE $1.75 PER SHARE

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep the entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock.

COTTON MARKET.

NEW YORK, Sept. 17.—Bullish overnight spot advices and a continuation of yesterday's buying movement caused a further advance in the cotton market during today's early trading. The opening was five points lower on October but generally 3 to 11 points above last night's closing after the call with December touching 30.62. There was a good deal of realising at this level, however, and scattered selling on the continued weakness of foreign exchange which caused reactions of 15 or 20 points from the best.

The market weakened late in the morning on reports of a more threatening attitude on the part of steel workers and the increased liquidation by recent buyers. December broke to 29.85, or 45 points below last night's close, and nearly 80 points from the high level of the morning. The weekly report of the weather bureau was regarded as practically a stand-off.

Prices worked still lower during the early afternoon under continued realising and scattering pressure with December selling at 29.65, or 65 points net lower and practically a cent below the early high level.

Cotton closed barely steady.

New Orleans Cotton.

NEW ORLEANS, Sept. 17.—After declines of 4 to 7 points on the more active months from the opening call the cotton market moved forward today on a resumption of the buying movement of yesterday. At the end of the first half hour of trading prices were 27 to 31 points higher than yesterday's close.

Unfavorable rumors regarding the labor situation in the steel industry and further weakness in the foreign exchange market were responsible for heavy selling under which prices fell off sharply. Late in the morning the trading months were 41 to 46 points under yesterday's close.

Selling pressure continued into the afternoon session and at one o'clock prices were 63 to 80 points under the last prices of yesterday.

Cotton closed steady at a decline of 63 to 83 points.

Liverpool Cotton.

LIVERPOOL, Sept. 17.—Cotton spot in good demand; prices firm. Good middling, 19.75; fully middling, 19.25; middling, 18.63; low middling, 16.78; good ordinary, 15.13; ordinary 14.00. Sales 8,000 bales, including 7,500 American. Receipts, 29,000 bales, including 23,300 American. Futures closed steady. September, 19.05; October, 19.05; January, 19.00; March, 18.91; May, 18.82; July, 18.70.

GRAIN AND PRODUCE.

CHICAGO, Sept. 17.—Sharp upturns in the value of corn resulted largely today from announcement of a projected movement on the part of the farmers' organizations to have grain and livestock held back for higher prices. Opening prices, which ranged from ⅞ cent to 8⅝ cents higher, with September $1.47 to $1.49 and December $1.25 to $1.25, were followed by numerous fluctuations but no important setback from initial gains.

Oats ascended with corn. After opening ⅝ to ⅞ cent higher including December at 69⅞ to 70 cents, the market scored a moderate further advance.

Provisions were dull but firmer.

Prices closed strong 2⅜ to 3⅜ cents higher, with September $1.40¼ and 1.40½ and December $1.22⅝ to $1.23.

The market closed unsettled, 2 cents net lower to 4¼ cents advance, with September $1.44½ and December $1.21 to $1.21¼.

At the finish, provisions weakened for the same reasons as grain.

Chicago Produce.

CHICAGO, Sept. 17.—Butter unchanged. Eggs—Receipts, 4,226 cases; unchanged. Poultry—Alive, higher; springs, 25½c; fowls, 23@30c.

NEW YORK STOCKS.

NEW YORK, Sept. 17.—Overnight developments pointing to fresh uncertainty in the steel labor situation and authoritative denial of any immediate plan to pay back dividends on Mercantile Marine preferred, provoked moderate selling of shippings at the opening of today's stock market. In no important instance, however, did the reaction extend much beyond a point. Rallies set in almost immediately on the renewed strength shown by steels and equipments, also motors specialties. United States Steel's loss of almost a point was soon recovered.

Statements attributed to labor leaders declaring in effect that the steel strike order may soon be ratified, caused further weakness of prices during the noon session. Extreme declines among popular shares, notably steels, allied equipments and oils, ranged from 3 to nearly 10 points.

Steels and equipments rallied 1 to 3 points in the final dealings, short covering contributing to the partial improvement. The closing was heavy.

Liberty bonds final prices today were: 3½s, 99.08; first 4s, 94.90; second 4s, 93.18; first 4¼s, 95.10; second 4¼s, 93.24; third 4½s, 93.24; third 4¼s, 95.22; fourth 4¼s, 93.24; victory 3¾s, 99.92; victory 4¼s, 99.88.

DEPRECIATION OF FRANC SUBJECT OF COMMENT

PARIS, Sept. 17.—Te depreciation of the franc in the United States and Great Britain is commented upon by all the morning newspapers together with the declaration by Minister of Finance Klotz, that the only remedy is for France to buy from countries where the rate of exchange is favorable to her. Some of the newspapers complain that the Allied and associated powers have not done all they could to relieve the situation. The United States, particularly, they declare, could stop the depreciation of the franc by arranging for long term credits.

DIZZINESS CAUSES FALL—HEAD INJURED.

"A year ago my stomach bloated so badly with gas that I fell unconscious and cut my head badly on corner of door. I had suffered from stomach trouble for several years and no medicine helped me to speak of. A druggist patched up my head and advised me to use Mayr's Wonderful Remedy for my stomach trouble. The results have been really wonderful. I have never had any sign of my former symptoms since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Mack Taylor and druggists everywhere. (Adv.)

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Wichita Falls resident's example.

Mrs. R. E. L. Smith, 1407 Fifteenth street, says: "A year ago my back and kidneys were in bad shape. Often when I sat down, I had trouble in getting up again on account of my back hurting so. There was lameness and soreness across the small of my back and I hated to move owing to this. Every muscle in my back seemed to be stiff and when I stooped over doing my housework, I would get so dizzy. My kidneys were weak and annoyed me by their too frequent action. The use of one box of Doan's Kidney Pills cured me of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Railway Conductor Thought He Was Going to Die

"Well, sir, Orgatone has not only entirely relieved me of my awful troubles, but I have gained sixteen pounds of my lost weight and never felt stronger and better in my life," said R. I. Mayfield, a retired railroad conductor residing at 302 South Adams street, Fort Worth, Texas, the other day.

"About sixteen years ago," he continued, "I began to suffer with indigestion, and in spite of all I would do, got worse and worse until I was in such agony, that it was like a sharp knife cutting across my stomach. Year by year my condition kept getting worse until only a short while ago the doctors practically gave me up and it was only my will power that kept me going at all. I was so nervous my hand would shake so I could hardly hold a glass of water. I went down in weight, felt bad, and my condition was so serious that I thought actually I was going to die.

"I tried everything I could hear of to get relief, but nothing did me any good. When I b egan reading in the newspapers of people who had been suffering as I did, and these testimonials got me to try Orgatone, as it had done them so much good. I got a bottle and when I thought it was helping me, I just kept it up till now I haven't a pain or an ache about me. I have a splendid appetite, and can just eat anything I want without it hurting me in the least. I used to lay awake night after night suffering terribly but now I go to sleep as my head hits the pillow, and sleep like a log all night. I am picking up in weight every day and am feeling so fine and well that I'm glad to tell everybody how much this wonderful treatment has benefitted me."

Orgatone is not a so-called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Wichita Falls exclusively by the T. F. Young Drug Company, under the personal direction of a special Orgatone representative.—Adv.

PALESTINE WILL BE DEVELOPED BY JEWS OF ALLENBY'S ARMY

CHICAGO, Sept. 17.—Palestine will be developed industrially by soldiers of the Jewish faith of General Allenby's British army which entered Jerusalem.

This information was conveyed to the Twenty-second annual convention of the Zionist organization of America in session here by Bernard A. Rosenblatt, president of the Zion Commonwealth of America.

The district occupied by the soldiers will be known as "Balfouria" in honor of the British foreign secretary.

The profiteer and the "loan shark" will be eliminated in Palestine. To eliminate these evils the convention decided to recommend that all land be owned by the state; public utilities be owned by the people and private industries operated by the state; banks to be controlled and operated by the state.

The proposed economic and social development of Palestine was outlined by a committee of Jewish leaders and later approved by the convention.

Conditions in Palestine were reported to the convention by Justice Louis D. Brandies and Felix Frankfurter. They declared the time for practical action looking towards establishment of a Jewish nation is here and urged that the land be prepared for the emigrants. Irrigation and forestation of the land was suggested.

The convention will close tonight.

AGREEMENT REACHED REGARDING SYRIA

PARIS, Sept. 17.—The agreement reached by Premier Clemenceau and Field Marshal Allenby of the British army concerning the occupation of Syria provides for the evacuation of all the area north of the frontier between Palestine and Syria on or before November 1 by British troops, according to morning newspapers. The British will be relieved by French forces, with the exception of the districts of Damascus, Homs, Hamah and Aleppo which will be left out of the area of occupation but will pass under the influence of the French, it is said.

RAISE QUESTION OVER ANTI-CIGARETTE LAW

TOJEKA, KANS., Sept. 17.—The Kansas anti-cigarette law says that cigarettes shall not be sold "or kept for sale" in the state. The Dolsh Mercantile Company of Atchison wishes to know if this interferes with their handling of cigarettes in interstate commerce trade for Missouri and Nebraka. Maurice McNeil, assistant attorney general, stated today that this was done in northern Kansas and no complaints had been made against it as no sale takes place in the state. Unless complaints are filed against the Atchison company they will probably not be molested by state authorities.

CROPS BADLY DAMAGED AROUND EAGLE PASS

EAGLE PASS, TEX., Sept. 17.—Crops along the river bottoms in this section have been badly damaged by the rapidly rising waters of the Rio Grande, which at 9:00 o'clock this morning registered a stage of 37 feet here. The flood was within a foot of the international bridge.

WANTS JAPANESE TO CORRECT IMPRESSION NATION IS MILITARY

TOKIO, Sept. 8. (Delayed.)—Speaking at a reception in his honor today at the Imperial Hotel, Premier Saionji, who headed the Japanese peace mission, declared it is of paramount importance that Japan correct the impression that she is a militaristic, imperialistic nation.

"I am convinced," he said, "that the time will come when those now misrepresenting the ideals of Japan will appreciate that this nation is laboring for international peace."

ARREST A SUSPECT IN BOMBING CASE

TOKIO, Sept. 8. (Delayed.)A special dispatch from Seoul to the Jiji Shimbun declares a suspect in the bombing of Governor Saito was arrested yesterday at Kaisong.

Korean students are not returning to school. At the opening of the most important government school the attendance was only six per cent of normal.

MAGAZINE PUBLISHER THREATENS TO SUSPEND

NEW YORK, Sept. 17.—At least three magazines of nation-wide circulation will suspend publication in New York and move to other cities, to avoid demands of New York union printers, according to a statement issued here by John Adams Thayer, secretary of the New York Publishers' Association.

One hundred and fifty-two other periodicals are ready to suspend if wage increases and other demands by the printers are insisted upon, it was announced by the perodical publishers' association.

Businesses will be established in western cities where the publishers "may be free from the radicalism of local labor unions," Thayer's statement said. Orders for new printing machinery which was to have been installed by several publishers here have been cancelled and arrangements started to dispose of real estate here, according to Thayer.

Come to Catholic Church lawn social on Ninth street Friday night. 109-4tp

QUESTION OF THRACE IS EXPECTED TO BE DEBATED IN SENATE

WASHINGTON, Sept. 17.—The question of the disposition of Thrace is expected to come up in the Senate treaty debate, which is to be resumed Friday, following the two day Senate recess.

Representatives of Greece have appeared before the foreign relations committee and protested against the cession of Thrace to Bulgaria, arguing that Thrace is Greek and should be considered so by the peace conference.

Treaty supporters point out that aking Trace from Bulgaria would leave Bulgaria without a seaport, which they say would mean future trouble in the Balkins. This is understood, was the chief argument advanced by the peace conference for the award of the territory to Bulgaria.

MODART CORSETS
Front Laced

form a perfect foundation for the wearing and fitting of suits and gowns.

The MODART Corset Company employs the highest salaried corset designer in the world to co-operate with leading manufacturers and designers of women's apparel. This is done that your corset may bring out to the fullest degree all the lines of style and beauty that designers of your gowns and suits create in them.

The Wearing of
Modart Corsets
Front Laced

gradually shapes your figure to the outline of the corset and incidentally gives you the best proportions for your type of figure.

Types differ, but there is a MODART design for each type.

Our corsetiere will advise and fit you with a MODART Corset free of charge. You place yourself under no obligation other than that of your own inclination to purchase.

BEAUTIFUL—EAST FRONT
BRICK HOME

We have for sale a new brick home that has been completed about thirty days and is one of the most attractive homes in the city. It is common to say that they are built for a home, however, that is true in this case. In the past 48 hours the business plans of the owner of this home have been changed, making it necessary that they move to Dallas; for this reason alone this home is offered for sale now and for the first time. If you are in the market for one of the most attractive homes of its size in the city, we would be glad to show you this property. Will sell you this place either furnished or unfurnished on very easy terms and will give you possession, if desired, in 48 hours after consummation of the sale.

THE GREATEST invention of the age is the Automatic Air Connector for freight and passenger cars. It will save the railroads, life, time and money. The stock of the company was selling at only $500 a share, although good railroad men say it will be worth $4,000 in a few years. A man had an extra good oil lease I wanted to buy for the Weiser Oil & Gas Co., but he would not sell, yet he wanted some stock in the Automatic Air Connector, and the company had only four shares left, so I traded him twelve shares of my personal stock for the $6,000 lease, and in afew years the twelve shares will be worth $48,000. Now, if I get oil I may get more, but his is a sure shot. I might take one more lease in exchange, if the lease looks good to me. Address or see J. J. Weiser, 1109 Scott-st., Wichita Falls, Texas, or Weiser Oil & Gas Co., Muskogee, Okla. 110-1tp

IMPROVED CITY PROPERTY.

TALK to Fitts. 100-tf

COWLING

Phone 2644 819 Indiana

The man who wants to buy a home and can't has our sympathy, but the fellow who can and won't, the bird who argues that it is cheaper to rent than to buy, God pity him, for in the sunset of life he will be squirting tobacco juice at a crack and arguing how the government ought to be run, while the poor little wife is taking in washing to keep the wolf from the door. Talk it over with us, probably we can help you, that's our business.

Tenth-st—5-room home for $8,000 with only $2500 cash payment. Another 5-room for $8500 and then they jump to $10,000, and up. We have a beautiful seven room brick on corner for about $20,000. We have everything that is for sale on this street.

Ninth-st—Brand new 5-room bungalow with all the late features for $7500; $1500 cash will handle this. We have forty-two more on this street. Also the best vacant lot on this street for $5,000 on any kind of terms, since we own it.

Floral Heights—We have 'em here in all sizes, shapes and colors. One new 4-room for $2500 with only $500 cash; one for $3,000, with $800 cash, one for $3500 with $1,000 cash, one for $4,000 with $1500 cash. These are of course off the sewer, but it is only a matter of a few weeks until they will be on it. We own several of these homes and can make the terms. Now on the sewer in Floral Heights we have sixty-four homes for sale; and they run from $5,000 to $14,000. In fact we have everything that is loose out here. If you cannot quite meet the cash payment on these home we might loan you a little. Drop in and talk it over with us.

Southland Addition—A nice 5-room home on Elizabeth for $6800. And, it's up on the best part of the street. We have forty-eight homes in Southland for sale. Would you care to look 'em over.

We keep two men in the field, and if a family wants to leave the city we get onto it, and if a man has notes coming due and must sell we hear of it. The prospective buyer gets the benefit of our information. We keep no grouches around our office. Drop in and talk it over with us and let us show you what we have. And, remember if we don't sell you "we smile just the same.

On Ninth-st.—A north front modern 5-room house on a corner lot, with double garage. Let us show you this property if you want to buy worth the money.

On Polk-st.—An east front with six nice size rooms and with all built-in features that could be desired in a home, $7350.

On Tenth-st—A south front modern 5-room house in one of the best resident blocks on Tenth-st, $8500.

On Grant-st.—100-foot corner with an extra nice 8-room plastered home, $16,000. If you want a nice home in a resident part that is absolutely second to none let us show you this property.

On Kemp-blvd.—Just completed, 5-room modern house, $6750.

On Monroe-st—An east front just off Tenth, and when we say that it is just off Tenth we do not mean several blocks off $7500. This is the best buy in Floral Heights considering the location.

On Elizabeth-st.—A north front practically new modern five-room house, $6,000.

Culford Place—Just completed an airplane bungalow consisting of six nice size rooms, besides garage and three-room servant house. If you want a nice place with very easy terms let us show you this property, and this street is a good residence street as there is in the city.

On Polk-st.—An East front consisting of six rooms with garage and driveway, $8,500.

On Fillmore-st.—On a corner lot, six extra large rooms and good garage and a practically new house, $7500.

Close-in on Eleventh-st—A north front with six extra large rooms, $8500.

On Elizabeth-st.—A north front modern 5-room house with good garage, completely furnished, $7500.

On Tenth-st.—Ready for occupancy, one of the nicest interlocking tile and stucco homes in the city and in one of the best resident blocks on this street. This place is now ready to move into and cannot help but please any one desiring a real home.

On Burnett-st.—Close-in, an east front with 70x150 foot lot, with nine nice size rooms, $12,500. This is positively the best buy in the city for anyone desiring a nice home and wanting something where they can also have good revenue.

On Huff-ave.—75-foot north front corner, with one of the most attractive homes in the city. This place must be seen by anyone to be appreciated, as the plan of this house is far better for convenience and comfort than the average place, is also a plastered home, consists of six extra nice rooms, besides breakfast room and has every built-in feature that could be desired in a home, has also good garage and servant house.

Close-in—A 2-story, 9-room brick home, with a full width and full depth lot. This place is an east front and is one of the best buys in Wichita Falls for the money. If you are in the market for such a home you cannot turn this property down at the price.

Does Wichita Falls Know Us?—We will not answer this, we will leave that for the people to say, as we think the people are a better judge of whether they know us or not than we ourselves, as we have been engaged for ten years continously and exclusively in the handling of Wichita Falls property and we ask your business on the same principle that we have handled the business of hundreds of others in the city in the past and if you are in the market for a good home in Wichita Falls, or an investment; you will find it to your interest to call on us, as our lists will always be found to be the most complete list of high class resident property and investments there is in the city.

REAL ESTATE AND EDITORIALS
By B. F. Johnson.

Values are beginning to stiffen and prices are firm. Better buy that home before prices go still higher. Before prices can be reduced labor must be cheaper, lumber reduced and oil go down. We have a beautiful corner lot 52x165, northeast front, for only $2,200. The location is good. Has sewerage and everything.

Four rooms on Eighth-st for $2,000. It is a servant house and garage but folks are living in it comfortably. Sewerage, gas, water and lights. The lot is worth $2,500.

Let's give liberally in aid of storm-stricken Corpus Christi. Something of like nature might happen to us some day.

Owner leaving city, says sell his lot in Highland Heights. Lot is on highest portion. Price $700. We are selling the same lots for $900.

New five-room house for $4,500. Good location; has all conveniences. $1,500 cash will handle.

Judge Scurry was kind enough to let us off the jury this week. W. Newton Maer and others were fined $25 for not showing up. We're glad we went.

We have a lot in Floral Heights for $800. It is located in the big middle of lots selling for $1,200 and 1,500. It is priced low on account of being in a low place, but several wagon loads of dirt from these excavations would make it a $1,500 lot. It is east front, has sewerage and every convenience.

The best buy we have in a nice home is priced at $9,500. It looks like a $12,000 proposition. Hardwood floors, fireplace, stucco construction; south front, sewer, gas, water and lights. It is a beauty.

$2,000 cash puts you in possession of a beautiful five-room cottage. Hardwood floors, built-in features in kitchen and breakfast room, built-in ironing board with electrical connection. Extra large porches and nice fixtures. The price is $8,500.

East front lots on Buchanan in restricted district, 100x150 for $3,500.

New development now being planned portends a continuance of our prosperity for a long time to come. Buy real estate in Wichita Falls for sure profits.

We want to get in touch with folks who want to lend money on high grade security at 8 per cent. Our Trust Department will handle your money, make collections and make the loan net you 8 per cent.

Our line of property for sale is very extensive. Our salesmen are gentlemen. Our office management is efficient and our policies guarantee you a square deal and honest treatment.

N. O. MONROE.
Real Estate.
An Established Realty Firm.

An east front aeroplane bungalow, furnished complete, $12,000. This home is situated on an east front lot with 75 foot frontage and is really a bargain at the price.

On Huff-ave., a north front on a 75-foot corner lot consisting of 7 rooms. This home was planned by one of our most popular architects, who also had charge of the construction. We only ask the opportunity of showing this home to any one in the market for such a home and we know that it means a sale.

On Tenth-st., a practically new north front home consisting of 6 rooms, besides a breakfast room, also has garage and servant house. This home is all that could be desired by anyone in a home of this size and will give you possession immediately should you want it in buying.

Close in, an east front 2-story brick home consisting of 9 rooms. This home is all that could be desired by anyone wishing a real home at the right price and can be handled with one-third cash, balance terms to suit purchaser.

On Burnett-st., an east front 9-room house with a 70x150 foot lot, $13,500. This is one of the best homes and also exceptionally good revenue property to be had in the city.

On Monroe-st., 5 nice size rooms with garage and driveway, in the 1200 block, $7500.

On Tenth-st., a south front with 5 nice size rooms, also garage, $5500. This is the cheapest buy on Tenth-st.

On Huff-ave., we have on this popular resident street a home that is nearing completion, consisting of 6 rooms, besides a music room and breakfast room, that is one of the most desirable floor plans of any home of its size in the city. If you are in the market for such a home we would like to show you this property.

On Burnett-st., an east front consisting of 5 rooms, $6500. This is an exceptionally good buy for the money.

On Elizabeth-st., a north front with 5 nice size rooms, completely furnished, $7500.

Culford Place. An aeroplane bungalow consisting of 6 rooms with 2 nice size bed rooms above. This place also has garage and servant house and is now ready for occupancy. We can sell you this property for $12,500 and if desired with very easy terms.

On Eighth-st., a south front with 75x100 foot lot, with six extra large rooms besides breakfast room, good garage and servant house, $8500. This place is situated in the best resident block on Eighth-st. and is an exceptionally good buy at this money.

Close in on Travis-st., an east front with 6 rooms, with a 70x150 foot lot, completely furnished with exceptionally nice furniture, $12,750. If you want a nice home worth the money also nicely furnished let us show you this property.

On Huff-ave. A two-story eight-room modern home. We make the statement that this is a modern home well knowing the meaning of such a statement, as this is one of the most attractive homes of its size on this street at $8000. Will handle this property if desired on very easy terms and give you possession as soon as desired.

On Eleventh-st., a north front with 6 rooms, garage and servant house, $8000.

Near the High school, a two-story ten-room house that is the best buy for anyone desiring revenue bearing property in the city, $15,000.

Remember: That if the exact location and price home that you desire is not in our ads we have it. We also have the most complete list of investments to be had in the city. We do not claim to have acquired the most complete data and the knowledge of the best buys in the city in a few weeks or a few months time, as we are one of the oldest realty firms in the city. You will find it to your interest to call on us if in the market for an investment in Wichita Falls in any nature and we will be glad to serve you at any time.

REAL ESTATE AND EDITORIALS
By B. F. Johnson

The peace officer who wanted to arrest a woman for wearing bloomers would have been very busy in Colorado this summer; but we noticed that the Colorado officers merely tipped their caps or hats to the ladies thus attired and thought the state was being honored by their presence. Too bad such dilligence on the part of our local officers couldn't be rewarded with an opportunity to apprehend some of the gunmen and highway-men who are infesting our county.

Listen: We have a genuine bargain in a new 5-room house on Tyler. $4,000 buys it Monday. It is off the market after that day.

The editor of this column has been notified to appear for jury service Monday. Glad it isn't federal court where the white slavers hang out.

We have just discovered that there are about six desirable lots in Highland Heights which have sewer, water and gas already in. $800 and $900 is the price on these and the location would be just right; one-third cash, balance in one and two years.

We will go to Sunday School this morning. Hope to meet a large number of our readers there.

100 feet on Tilden is offered for $3,500. Restricted addition.

For $1,200 we have a beautiful corner lot on Taylor.

For $1,100 each we have two dandy lots on Taylor.!

Don't forget those two 6-room stucco homes for $9,500.

Two-story garage and servant house just off Tenth at the price of the lot, $4,000.

This lot has a beautiful sewer in the alley—the owner says so. On Elizabeth-st. Price $1,850.

100x150 on side track can be sold for $12,500. Ask for Mr. Payne.

$1,000 per room buys a six room house on Elizabeth. Lot is 50x160.

We like for our friends to come and tell us what they want and let us hunt for it. We usually have just what they want, but if it is to be had we can find it.

We admit that we have the most efficient organization in town. Our salesmen are of known honesty and integrity and our listers are courteous gentlemen. Let us handle your business. Our trained office man knows how to handle the details such as deeds, abstracts, etc.

Yours very truly,
CURLEE AND JOHNSON

DENVER EXPERIENCES DIFFICULTY FINDING A SUFFICIENT FORCE

ADDITIONAL OFFICE MEN WILL BE REQUIRED TO HANDLE CHILDRESS BUSINESS.

AT WORK ON NEW BUILDING

Excavating Has Been Completed and Work on Foundation Is Well Under Way.

Great difficulty is being experienced by the Fort Worth & Denver railroad in procuring an efficient office force to handle the great volume of business that will accumulate when the business of the second division is moved from Childress to Wichita Falls October 1.

The high cost of living and the scarcity of houses are the two great difficulties to be overcome in getting good men and in keeping them here at salaries the railroad can pay, it was said at the Denver offices here Wednesday.

All work of the first and second division, that part of the road between Fort Worth and Childress, is to be handled from the local offices after October 1. Heretofore, the Childress offices have handled business of the road and its management between Wichita Falls and Childress, but with the appointment of E. F. Lott as superintendent, the management of that stretch of the road from Fort Worth to Childress will be handled here.

This means, in effect, that the offices of trainmaster, superintendent of maintenance, of bridge construction and other departments will be stationed in Wichita Falls and that before very long the road's shops here will be increased in size and importance and many more men put to work.

Approximately 25 men will be added to the company's payroll here by October 1.

Work on the Denver's new office building is progressing satisfactorily. The excavating has been completed and the laying of the foundation at Seventh street and the railroad tracks has commenced.

The foundation will be for a 10-story building, although for the time being the building will be but two stories and construction will be rushed with all possible dispatch so that it can be used by February 1.

Within a few years the building will be added to up to its full height of 10 stories, and in the meantime should occassion demand more stories will be added to the two stories.

WORK OF LAYING HEAVY STEEL RAILS ABOUT COMPLETED

Work of laying heavy steel rails on the Missouri, Kansas & Texas railroad from the main line at Whitesboro to Wichita Falls was almost completed Wednesday. The track-laying gangs had reached the city and will finish their work by Thursday.

Ballasting of the roadbed will be completed within two or three weeks, it was announced at the offices here Wednesday.

As soon as the ballasting is completed big new engines will be placed in the service from Whitesboro to Wichita Falls, it was said, giving the road double hauling capacity over engines now in use.

There is no hope of lifting the Katy embargo before the early part of October, it was said at the offices Wednesday.

JUDGMENT RENDERED IN TEXOTA PETROLEUM CASE

Judgment to the effect that plaintiff take nothing by his suit and that defendants have judgment for cost of suit was rendered by Judge Scurry this morning in the 78th district court in the case of Ben M. Wood vs. the Texota Petroleum Co. et al.

Wood several months ago sued for 50 per cent interest in some oil leases held by the Texota company and for damages in the sum of $15,000.

POSTMASTER HOWARD IN HOUSTON DURING STORM

Postmaster Ed Howard, Mrs. Howard and son, Leslie, had been in Corpus Christi shortly before the storm broke, but got out of the storm area, and were in Houston at the time of the storm. It was feared that they were in Corpus Christi until a message was received Tuesday afternoon.

Mr. and Mrs. R. C. Hardy have returned after spending several months inColorado and California. In Colorado they visited their daughter, Mrs. Blanch H. Parks, whom they found improved in health.

KATY FEDERAL MANAGER HERE TO INSPECT WORK TAKES OPTIMISTIC VIEW

"By the first of the year we will not only have cleared up the large amount of Wichita Falls freight now on our hands, but will be in a position to handle promptly every car of business which is given us either in or out of this town or this district," said C. N. Whitehead, federal manager for the Katy lines, who was here Wednesday while on a trip of inspection of the new construction now rapidly nearing completion on the Katy lines in this district.

Accompanying Mr. Whitehead was W. E. Williams of Dallas, general manager for the Katy lines, and E. L. Martin of Dallas, chief engineer. The greater part of Mr. Whitehead's time in Wichita Falls was spent in conference with J. F. Hickey, general superintendent in this district, and other local officials.

RECOVER A DIAMOND STOLEN A MONTH AGO

Having in his possession a $500 diamond ring he recovered for the owner, Detective McKnight of the Fulk National Detective Bureau's branch office here, returned Monday from Amarillo.

Upon arriving in Amarillo McKnight found that the ring had been sent to Lincoln, Nebraska. With the assistance of a banker he recovered the ring after a 5-day wait.

The diamond was stolen here a month ago.

An Appeal to the Public.

The pastor, members and friends of Titds Chapel Colored M. E. Church appeal to the public to help us raise the balance of $2,000 needed at once to defray the expenses of changing the location of our church to a place farther away from the noise of the switch yard. We have raised about one half the amount required. Please send us a check to our account at the City National Bank. Be sure to say: "For Colored M. E. Church Fund."

Hopefully yours,
JAS. A. STOUT, Campaign Mgr.
W. M. WYATT, Pastor. 110-3tc

IRRIGATION PROJECT IS DISCUSSED TODAY AT CLUB LUNCHEON

Utilization of the Big Wichita irrigation project for providing Wichita Falls water supply, both for supplementing present needs and providing for the needs of the future, were discussed and the plans of those who have taken the lead in the matter endorsed at the Wednesday luncheon of the Wichita Club.

"No citizen of Wichita Falls who has a home here can help but realize the importance of assuring an adequate water supply," said Neil H. Martin, president of the club, in connection with the discussion. The importance of Monday night's meeting at which the details of the plan will be discussed by the citizenship was stressed by J. A. Kemp, who stated that it was of vital importance that every citizen should be present on that occasion.

Judge J. I. Starley of El Paso, an attorney who has been investigating the legal details of the project for the irrigation committee who has had the Big Wichita project in charge, was presented to the club members by Mr. Kemp, and sketched the history and plan of the project for the club members, dwelling on the important bearing its realization will have on the future growth of Wichita Falls.

"You cannot build a city and then build a water supply for it," said Judge Starley in this connection. "You must in advance provide the water supply and then build the city to it."

MEMORIAL
PEACE
Let's all labor and pray that the world may remain peaceful and prosperous, but in the midst of our rush after elusive happiness do not forget our precious dead, wherever they may be.
A beautiful memorial Cenotaph should be erected to their memory. It looks to us like patriotism in Wichita Falls is a dead issue.
