

HIGHWAY NO. 84 REPAIRED

Eight miles east of Tahoka a lake lies directly across state highway No. 84. The heavy rains in May filled this lake with water and made a detour necessary. This condition existed for some time, but last week county commissioner W. J. Fairles, accompanied by A. R. McGonagill, J. T. Bovell, J. A. Brasehar, and Chester Connolly went to Lubbock and interviewed Chief Engineer Fields of this district with reference to the matter, and he readily agreed to have the roadbed raised through this lake immediately. He had the road crew under Mr. Barber, which was then doing work in Garza County, and was just on the point of going farther east, to come back over into Lynn and make these repairs. They placed the roadbed through this lake in fine condition promptly, and the people of the eastern part of the county as well as travelers may hereafter be assured that they can reach Tahoka and other points in this section without having to detour around this lake. Mr. Fields and his crew are due the thanks of the people of Tahoka and Lynn county for the promptness and the efficient manner with which they acted in this matter.

SCOUTS GIVEN BIG BARBECUE

The Boy Scouts were the guests of the Tahoka Kiwanis Club at seven o'clock Friday evening at the City Tabernacle, where a most excellent feast of barbecued meats and the trimmings were served. The wives of the Kiwanians also graced the occasion by their presence, and they graciously served lemonade and coffee to the banqueters. Buck Briley, Prof. Lacey and Rev. John E. Eldridge and others saw that the meats were properly distributed.

After all had eaten to their heart's content, the Boy Scouts under the direction of Scoutmaster W. R. Lacey entertained the crowd with some of their games and stunts. It was a delightful occasion to all present.

Malcolm Doloff, who is now on the farm at his father's in the T-Bar community, was here Monday. He recently returned from Harlingen in the lower Rio Grande Valley, where he spent a month. He says that crops in the valley are fine, but that when one leaves the valley and starts this way he sees no more crops till he reaches Mason. Lands near Corsas Christi that produced a bale of cotton per acre last year have practically no crops this year. All of south Texas has been hit hard by the drouth. At Brady and San Angelo the crops are fine, and most of the country lying between San Angelo and Tahoka has good prospects.

Picnic At Wilson Draws Big Crowds

Quite a good many Tahoka people attended the barbecue and picnic at Wilson last Saturday. An immense crowd was there. A great feast was served at the noon hour and the cold drink stands seemed to be doing a thriving business. There was a rodeo on the grounds to furnish amusement to those who enjoy that kind of entertainment. Two ball games were played between Wilson and Slaton, one in the morning and one in the afternoon. The morning game was said to be a tie. We never learned the outcome of the second game. A Lorenzo band furnished music for the occasion. The throngs of people present seemed to thoroughly enjoy the occasion.

The News appreciates all classes of Job Printing. Phone No. 35

Small Hardware Co's. Hearse Is Here

The new hearse recently purchased by the Small Hardware and Furniture Company has arrived. It is indeed a thing of beauty and convenience. It is also equipped with ambulance attachments, and this Company is now prepared to serve in a most elegant and satisfactory manner, all who may need such services.

SCATTERING RAINS FALL

A light rain fell over the major portion of the west half of Lynn county Sunday night. In most localities it was very light, however. Practically no territory east of Tahoka was favored, the precipitation here amounting to only .31 of an inch. A good general rain would be very much welcomed throughout the county, though crops are suffering very little in some localities, while the feed especially is beginning to show the effects of the continued dry weather over much of the county.

The rainfall over the county since the rains began early in April has not been as great by any means as most people have estimated it, as shown by the rain gauge kept by the News, though the rainfall in some portions of the county has been much heavier than in Tahoka.

The first precipitation we had this year, barring a light snow that produced perhaps a half inch of water in January, came on April 7. The rainfall in Tahoka on and since that date has been as follows:

April 7—42 inches.
April 22—.16
April 23—.45
April 26—.25
Total for April—3.28
May 6—.28
May 9—.24
May 10—.46
May 16—.102
May 30—.72
Total for May—2.72
June 18—.63
June 19—.19
June 20—.14
Total for June—2.16
July 1—.24
July 5—.31
Total for July to date—.55
Total since April 1 to date—5.71

Tahoka People Attend Big Races

Among the people of Tahoka who attended the races at Abilene last week-end were the following: Happy Smith, W. O. Henderson, L. C. Haney, A. M. Sullivan, Homer Harrison, James Taylor, E. J. Hendrix, Louis Westers, Mr. and Mrs. Carl Griffing, Mr. and Mrs. E. L. Foster, Mr. and Mrs. Winter Knight, Miss Leona Allen and Miss Joyce Keiter. There may have been others whose names we failed to get.

They report that the races were very thrilling and that great crowds were in attendance.

One of the great attractions of the occasion was the three days base ball game between Abilene and Tahoka. While Tahoka failed to win, yet each game was a good one, and the Abilene people freely stated that Tahoka put up the best fight of any team Abilene has met this year on the home diamond.

Winter Is New Oil Co. Agent Here

J. T. Winter and family arrived Monday from Abilene, their former home, and now are full-fledged citizens of Tahoka. Mr. Winter has accepted a position as agent for the American Refining Company, succeeding F. O. Greathouse who has been representing this company here for some time. The people of Tahoka will welcome this good family to our city.

Competitors Had Gone Fishing

Hall Robinson says that the main reason he had so little competition in the contest in which he won a pair of coveralls for being the biggest liar in town was because most of the Tahoka liars had gone fishing that day. He says he would not have entered the contest at all if they had been in town.

FAMILY MOVES HERE FROM ALBANY, TEXAS

V. N. Burleson, an experienced hardware and furniture man, has accepted a position with the McCormack Hardware Company of this city. Mr. Burleson and family moved last week from Albany, Texas, their former home. Glad to have this good family with us.

Wildcat Oil Well Drilling To Start Soon West Of Town

FORREST CO. BEGINS YARD

The Forrest Lumber Company was granted a permit Monday night to erect an office and sheds for a lumber yard on their lots situated near the City Bakery. The main office and warehouse will be a stucco structure. The sheds will be open and constructed of corrugated iron. The yard will cover eight lots owned by the company, the area of which is 125 by 236 feet. Work was begun on the structure Wednesday morning and will be rushed to completion. The Company will also build an office for S. A. Shook Land Company at an early date.

The News is not advised as to who will be the local manager for the Company.

The coming of the Forrest Lumber Company will give Tahoka four large and progressive lumber yards, the others being Higginbotham-Bartlett, Cicero Smith, and Wooldridge Bros.

A Rainbow At Night Is Seen Here

The News editor never patronizes the boot-legger. We have been a tee-totaler from our youth up. The mention of Old Rose or Hill and Hill never conjured up and fantastic visions for us. We never looked wistfully upon the wine when it was red. Old Budweiser in his palmy days never offered temptations to us. We are and always have been perfectly sober. We are not accustomed to "seem" things at night. Now then we'll go on with the story.

At eleven o'clock Sunday night, one of the most beautiful rainbows we have ever seen spanned the north-western heavens. We can prove it. Not only our entire family, but the family of one of our neighbors were witnesses to the wonderful phenomenon. Just as the last shower Sunday night was receding, there was a rift in the clouds, and the Queen of the Night rising heavenward in the southeastern sky sent a veritable flood of light down upon old Mother Earth. These rays of light the tiny raindrops broke into prismatic colors and the result was a rainbow almost as distinct and glorious as any that ever appeared in the morning or just before sunset. Now poke fun if you wish but we can prove by Prof. Cavensness that we are no liar.

Burton Edwards Says Central Texas Is Dry

Burton Edwards and family returned last Thursday from a visit of two or three weeks with relatives at Crawford. Mr. Edwards visited large portions of McLennan and Bell counties and he says that the drouth in that section of the state is almost unprecedented. Corn is a complete failure. Much land is lying out. Much of the cotton still has a chance to make a good crop but it was suffering terribly from the drouth. One man who had lived in McLennan county 57 years told him that he had never seen it on this wise before. It is passing strange that these fine black land counties which usually get plenty of rain should be so dry when rains are coming with fair regularity in this part of the state.

PLAINVIEW HERALD TO ERECT NEW BUILDING

PLAINVIEW, July 6—Improvements costing \$30,000 are being made in the plant of the Herald Publishing Company publishers of the Plainview Evening Herald. E. B. Miller and H. S. Hiltner are the owners of the Herald Company and this week announced plans for the building of a new 50x140 foot brick building to house their plant and the installation of two additional up-to-date typesetting machines.

Construction work on the new building was started Thursday.

FIRST COTTON BLOOMS APPEAR

Mrs. L. S. Kuykendall reported to the News office early Thursday morning that her daughters had been out on the farm the day before, which was July 1, and reported that they found a number of cotton blooms. She was sure that they were about the first cottonblooms in the country. Only a short time after she made her report, M. E. McCord of Grassland came to the News office with a bloom which had been plucked from his field the day before, stating that his boys had noted a number of blooms in his field as early as Tuesday, June 30. He has some early cotton which he says is very fine. Perhaps by the time this paper is published, there will be blooms in many of the cotton fields of Lynn county.

Jack Applewhite Goes To Hospital

Jack Applewhite left Friday for Temple to take treatment and undergo an operation in a Temple Sanitarium. Advice from Temple since his arrival indicated that the operation would be performed Wednesday or Thursday of this week. Mr. Applewhite has not been well for several weeks, due to an affection of the gall bladder. His many friends here are hoping that the operation may prove to be entirely successful and effective in restoring him to his usual health.

Local Families Return From Hot Springs

Mr. and Mrs. G. T. Brewer and grandson, Seth Thomas Brewer, and Mr. and Mrs. J. M. Nobles and son Robert returned Saturday afternoon from Hot Springs, N. M. where they spent a month fishing and taking hot baths. Mr. Brewer brought back specimens of silver and lead ore and gold and copper ore found in the vicinity of Hot Springs. He also brought back a specimen of mineral rock, evidently containing much iron, which had been expelled at some unknown period in the past from a dormant volcano situated near the little town of Hot Springs. He also left in the News office a twig loaded with cones plucked from the native pine tree, which grows in great profusion in that section of New Mexico.

Hot Springs is situated a few miles below Elephant Butte Dam on the Rio Grande and is a reputed health resort. Tourists and visitors keep the town up. Mr. Brewer states. There are hundreds of visitors there through the summer months, many of them taking hot water baths. The inhabitants are largely Mexicans, and though reputed to be a health resort, Mr. Brewer says that the town is far from sanitary.

Mr. Brewer says that fishing is fine, and he tells a wonderful fish story. His party caught 200 pounds of fish in three hours. Fearing possibly that his friends at Tahoka might doubt his veracity, he had a picture of the party taken, surrounded with the fish which they had taken from the Rio Grande.

Mr. Brewer says they passed through a real desert before reaching their destination. The country was barren and in places very rough. A serious car accident at several places on the road would have plunged the whole party to their death several hundred feet below the roadway, he declared. They came back thoroughly in love with Lynn county.

W. G. Briley and E. R. Allen with their families drove over to Silver Lake Falls near Crosbyton and spent the Fourth. It is said that they all became real young folks again and spent most of the day in the creek, or rather in the beautiful swimming pool at that place. For them it was indeed a glorious Fourth.

IT PAYS TO ADVERTISE

All Preliminaries Are Threshed Out And Contract Signed; Location Now Being Made

CICERO SMITH IS IMPROVING

The Cicero-Smith Lumber Company secured a permit from the city council Monday night to do quite a bit of new construction in connection with their business in this city.

The present office and warehouse will be replaced by a stucco building, 28 x 140 feet in size, with composition roof and sheet-rock finish inside. It will be a commodious and attractive structure.

In addition to this the lumber sheds extending east and west across the middle of the yard will be torn away and the shed on the west side of the yard will be extended south to the south line of their property. This will give them 300 feet of sheds along the entire length of their lots, on the west. Another warehouse will be built on the south half of the yards. Other improvements on the property will also be made, and the convenience and attractiveness of their yards will be greatly enhanced. These improvements will involve the expenditure of quite a neat sum of money. The preliminary work incident to these improvements was begun Tuesday morning.

Former Tahoka Girl Marries At Waco

The News has received announcement of the marriage of Miss Estelle Bauder to Mr. Clifford Leland Tatum, which event took place in Waco June 10. The bride is a sister of Mrs. P. H. Northcross formerly of this city but now of O'Donnell. Miss Bauder made her home here a number of years and has numerous friends in Tahoka and Lynn County. For several years she has been associated with the law firm of Keys, Mason & Machen of Mexia but more recently has been with the Guaranty State Bank and Trust Co. of that city.

Severe Drouth Now In South Texas

D. T. Rogers and family returned on the last day of June from a trip through other parts of the state, going as far as Palestine and Beaumont. Mr. Rogers says that he never knew what a drouth really was until he made this trip. Austin and San Antonio and all that section of the state are in the throes of the worst drouth he ever saw, he declares. No crops and no prospects. No grass, nothing for the poor old cows to eat except the scant foliage of certain kinds of trees. In places the stockmen were breaking the limbs and twigs from these trees and feeding them to the stock. Mr. Rogers said. He came back feeling rather distressed on account of the plight of thousands of people and animals in that drouth-stricken area. Of course this is unusual for that portion of the state, and Mr. Rogers says that the oldest settlers there declare that they had never before seen anything like it in the way of a drouth. Mr. Rogers and family were gone just one month, having left here on the first day of June. They were indeed glad to get back.

Mr. and Mrs. C. A. Thomas and family left Monday morning for a visit of several days with relatives in Oklahoma.

Don't be disappointed by mail order houses.

Thorough Tests To Be Made By Hart Oil Co., of Texas

The Hart Oil Company of Ft. Worth and Ranger, one of the big companies of Texas, will drill a test well for oil on their lease somewhere west of the city. The News is not advised as to the exact location of the wildcat well but it is believed that it will be somewhere near the Tahoka-Brownfield road six or seven miles west of Tahoka. It is said that work will begin within the next few weeks. It is altogether probable that a number of wells will finally be drilled on this lease in order to thoroughly test out the possibilities for oil in this section.

It will be remembered that Mr. Tracey of Fort Worth met with the Chamber of Commerce here several months ago in the interest of this project. As a result of his visit a committee was appointed to secure leases for the company. This committee had a long hard pull, on account of the unwillingness of a few land owners in the designated territory to lease their lands. Sufficient acreage was finally secured, however, and then it became necessary to thresh out a number of details before the company was willing to make a drilling contract. In the meantime, the Hart Oil Company sent its geologist here and Mr. Hart himself, president of the Company, made a trip or two in person. It is understood that the geologist's report was most favorable. Considerable drilling activity on this lease may be expected before the field is either developed or abandoned.

Parties in Tahoka believe that this or some other big company could be induced to drill in other parts of the county, provided sufficient acreage can be secured in a solid block. It is understood that an effort will be made to block some leases southeast of the city in the vicinity of Midway and Redwine.

Nobody need get excited, however. There may not be a drop of oil in Lynn county. On the other hand, there may be a big pool here. Who knows?

To J. B. Nance, A. L. Lockwood, W. C. Wells, and Ira Doak is due most of the credit for the big oil company coming to Lynn county to make these tests, Mr. Nance and Mr. Lockwood each having made several trips to Fort Worth in the interest of the proposition.

A. B. SANDERS WRITES FROM WASHINGTON, D. C.

The News editor has received a letter from Prof. A. B. Sanders written in Washington, D. C., requesting that the News be sent to his address there. He says that when he tells people that he is from the plains of Texas they look at him curiously, as if looking for horns or something. Got a close-up view of Cal Coolidge the other day, but the latter gentleman asked him for no advice as to how to run the affairs of state. He seemed a little peeved over the matter. Says he is doing some educational work and finds the opportunities there are great. Will be back for his school work in the fall.

Buy it in Tahoka!

SOUTH WARD
NEWS ITEMS

Mr. and Mrs. James M. Chandler and small son Junior, of Brownfield, and Miss Viola Chandler of Tokio spent Friday, Saturday, and Sunday with Mr. and Mrs. W. P. Inman and family of this community. Mr. Chandler preached at South Ward Saturday night. He is just a beginner and has just preached a few sermons. But he brought us a fine message which was greatly appreciated by all present.

Mr. and Mrs. Cass Cowan are visiting their son, T. B. Cowan, and family of this community. Uncle Cass and his wife have been traveling around the greater part of this year, visiting their children and other relatives, and they decided they would come back and spend a few days in good old Lynn county.

Sunday school was well attended Sunday. New officers and teachers were elected.

Loy and Miss Eureka Gollebon and Roy McCoy of New Lynn were South Ward visitors Sunday.

Mrs. Tom Johnston and Miss Melvina Inman are on the sick list this week.

Mr. and Mrs. W. F. Williford spent Saturday night and Sunday with friends in the Midway Community.

ACHING LIMBS

And Many Other Common Ills
Relieved by Black-Draught.

Mrs. John Skages, residing near Lanes Prairie, Mo., on the Ozark Trail, says: "I have taken Black-Draught for a number of years, about fifteen, and it is about the only purgative medicine I ever take. It is the only kind that I've found that doesn't hurt me."

"I take Black-Draught for indigestion, for colds and headaches. I take it for aching in my limbs and shoulders. It helps this trouble. I take it for sour stomach."

"We think Black-Draught is splendid and never are without it in the house."

"I suffered with gas on my stomach that affected my breathing, and Black-Draught helped this trouble. For such common complaints, I think Black-Draught is the best medicine a person can use."

For millions of others, Black-Draught is their favorite liver and stomach medicine.

Obtainable everywhere.

Health
and HomePROPER FOOD FOR SCHOOL
CHILDREN

The age during which children are attending school may aptly be called "The Dangerous Age." It is the period of rapid growth and every care should be taken to insure the child of a normal and healthy body. The idea of eating only fit and wholesome foods should be early impressed on the younger members of every family in order to protect them against later ill health and its accompanying unhappiness. If the utmost care is not taken in the diet that is used by children, cases of food poisoning, indigestion and kindred ailments may result.

And milk, being the chief item in the diets of most children, should be carefully guarded. It is, because of its nature, prone to infection if exposed to germs and may soon become unfit for use. Wherever there is the slightest reason for doubt as to its purity and food value, steps should be taken to insure the sterility and the fitness of milk intended for consumption by children. Many mothers have adopted the excellent practice of using milk that is absolutely pure and sterile and free from any germs or bacteria. The most satisfactory, as well as the safest milk used in preparing food for the growing child is evaporated milk. It is sterile, and therefore safe. It is more digestible than market milk. Its uniformity, convenience and cost are qualities that recommend it.

The following dishes are well suited to the needs of the growing child; they are easily digested and very nourishing:

Caramel Custard.

1 can evaporated milk diluted with 1 cup water
1 egg
1 cup sugar
2 tbsp. sugar
1/4 tsp. salt
1/4 tsp. vanilla

Scald the diluted milk. Caramelize the sugar and add to milk to dissolve. Beat eggs slightly, add sugar, salt, and vanilla, and combine with scalded milk. Pour into custard cups and set in a pan of hot water and cook in a moderate oven. When done a knife blade run in the center will come out clean.

Fish Chowder.

1 pint raw fish cut in 1-inch dice
6 small potatoes, sliced
2 onions chopped fine
1/4 pound fat salt pork, sliced
3 cups boiling water
1 cup evaporated milk diluted with 1 cup water
6 crackers

Fry out the salt pork. When brown, remove pieces of pork and put fish, potatoes, and onions in kettle. Cover with boiling water. Simmer until potatoes are tender. Add the milk and cook 5 minutes longer. Season with salt and pepper. Just before serving add the crackers.

Miss Ollie Sone, editor of the Willson Pointer, was a business visitor in Tahoka Monday. She returned just last week from a pleasure trip through Colorado and Wyoming, and she has been writing up some of her experiences and observations on this trip in a most interesting manner. Whenever we make a hundred thousand dollars or so in the newspaper business we are going to take a trip to the mountains ourselves.

WANT ADS BRING RESULTS

American Legion
Helps Dallas 'Vet'

While Missouri and Texas are now raising their share of the national American Legion endowment fund for the care of disabled veterans and for the care of helpless babies of former service men, there is near Dallas, Texas, in the care of a former Missouri student, a living example of the justice and wisdom of lending a helping hand in the emergency of illness to his type of men. He is one of the world war veterans who gave up their health in their full performance of their duty in service.

The man, now twenty-four years old, is Clyde W. Elliott, a farm boy with a tenth grade education when he enlisted. He was thrown into civilian life with chronic pulmonary tuberculosis due to his service, and was unable to resume his former activities for three years. Then the U. S. Veterans' Bureau granted him a period of training as a poultry raiser and he entered the Ozark Wesleyan College at Marionville, Mo.

The American Legion believes that when a man, who has been through the ravages of war service has been weakened by disease and cannot perform his usual work in making a livelihood, he is of serious mind and that he is worth while salvaging.

The Legion also believes it is a right thing to do.

Elliott, as have hundreds of others, justified that belief. It is—for the thousands of other disabled men,

now dying at the rate of 15 a day and who have been unable to obtain government aid, or, through ignorance, do not know their rights under the law, that the American Legion proposes to cure and assist with the permanent income that will be possible from the endowment fund. This is made possible through the 11,000 posts of the Legion and the close conjunction it has made with government agencies.

When Elliott finished his institutional training in Missouri Nov. 20, 1923, and went to the Elliott farm at Corinth Texas, for practical training, his success began to grow steadily. June 20 was a red letter day, for on that date the Veterans' Bureau informed him that he now is able without further help to continue on the road of prosperity and happiness, which are steps toward health.

Elliott is married. He has purchased eighteen acres of raw post oak land cleared six acres for farming, constructed a dwelling, has 460 White Leghorn hens, 500 other birds, gets 25 dozen eggs a day, and is earning an income of more than \$2,000 a year.

As for his training having been worth while, his home in one of the show places on the already attractive Garza Dam Drive out of Dallas. It has been so well planned and beautiful that a lighting company installed a system for him free of charge for the prestige it brought them.

COME TO
LYNN

(By Loy L. Gollebon)

I
Now if you would gain success,
Come to Lynn
Know real peace and happiness,
Come to Lynn
Tis the heart of Texas plains,
Where the farmer always gains,
Good crops grow with little rains,
Here in Lynn.

II
If you'd leave the old cyclone,
Come to Lynn
Heavy floods and wind-wrecked homes
Come to Lynn
If you want good fertile land,
Good "catclaw" mixed in with sand,
Well, just patch your things up and
Come to Lynn

III
Are you tired of renting land,
Come to Lynn
Come and join the prosperous band,
Come to Lynn
Land is selling very cheap,
Land that you can buy and keep,
And the richest harvests reap,
Here in Lynn

IV
Not alone if you want wealth,
Come to Lynn
But if you'd have better health,
Come to Lynn
Come and breathe our bracing air:
Girls grow healthy, bright, and fair,
Boys grow strong as a grizzly bear,
Here in Lynn

JUNIOR B. Y. P. U. REPORT

Last Sunday being the first Sunday in this quarter, we elected officers. They are as follows:

T. & P. BALLASTING 200 MILES

F. W. Bettle announces that the work of ballasting the Texas and Pacific railway track, westward, is now in full swing and a two hundred mile stretch is to be completed this year and next.

The work was started this week at a point seven miles west of Big Spring and at Barstow. Five gangs of thirty men each are now on the job and this work will be carried on without any delay.

Crushed and screened gravel, secured from the Saragossa gravel pit on the Pecos Valley Southern Ry., twenty-six miles southwest of Pecos is being used. The Dudley and Orr Co. of El Paso has been awarded the contract to deliver 500,000 yards of this gravel to the Texas & Pacific.

Fifteen car loads of gravel are now being delivered daily but they expect to be delivering thirty cars daily in a short while. The first gravel was unloaded along the T. & P. tracks on Wednesday of last week—Big Spring Herald.

G. E. Hogan and G. E. Jr., came in from Archer City Sunday night. G. E. Jr. has been out on a vacation while the senior Mr. Hogan will spend two or three weeks here looking after his business interests and assisting in the store. Mr. Hogan says that crops are looking fairly well in Archer county but that they have not gotten as much rain as is needed.

W. M. U. MEET

The W. M. U. met at the home of Mrs. Guy Lemond Monday afternoon for their regular Bible study, with the following present: Mmes. Briley, Barnes, Allen, Speight, Billman, Walker, St. Clair, Shepherd, Doak, Hendrix, Duval, Weathers, Calaway, and Howell. Will meet Monday July 13, for the Mission program at the home of Mrs. G. E. Lockhart.

J. C. Rogers, an old time Bell county friend of the editor and of J. J. Massengale was here Friday. We failed to meet him but Mr. Massengale says that he caught the Lynn County fever and may move here with his family.

Mr. and Mrs. D. B. English and daughter, Miss Velta, left Sunday for Dallas. They were unable to say just when they will return.

Mrs. T. W. White returned Friday night from Denver, Colorado, where she had gone with relatives to spend the summer. After having seen the sights of the city and surrounding country, her thoughts turned homeward and it was not long till she was headed in the same direction. Without having notified T. W. in advance, she walked in on him at the Central Cafe Friday night and found him busy on the job. Colorado is all right, she thinks, for a few days of

sight-seeing, but for good old every day living, there is no place on earth that beats Tahoka.

J. S. Weatherford returned from Temple last Friday accompanied by Mrs. Weatherford, who has been taking treatment in a sanitarium there the past few weeks. We are sorry to report that Mrs. Weatherford is not much improved.

Patronize the home merchant always.

REVIVAL INTEREST INCREASES

The services being conducted this week by the Church of Christ at the City Tabernacle are drawing good sized crowds and the interest is growing.

Rev. Lester W. Fisher of Abilene is doing the preaching, and though a very young man he is bringing some thoughtful messages, well-delivered.

The meeting will continue two weeks and many additions are expected before the services come to a close.

EDITH NEWS

We are still looking for rain out here.

Mr. and Mrs. Campbell of Paul's Valley of Oklahoma, are visiting their daughter, Mrs. E. D. Payne, this week.

Rev. H. C. Gordon, pastor of the Methodist Church at Post, preached to us Sunday afternoon.

Mr. W. R. Graeler and W. F. Parker of Post were visitors in our neighborhood Sunday.

Mr. Bourland of Lamesa tuned the piano at the school house last week. It has a different tone now, come out and hear it.

Mrs. Joe Sanders left Friday for a several weeks visit with her daughter, Mrs. Ira Hart, at Stamford, Texas.

Mr. and Mrs. Parris of Crosbyton visited us Saturday.

Mrs. Lane spent the week visiting friends in Post.

Several of our people spent the 4th in Wilson.

DRAW ITEMS

Hello to everybody! After another week of hard work, here comes a gain.

Health is good as far as we know at this time.

Mr. Redwine, Mrs. Gerald McCollom, mother of Wylie, says she likes the plains so well that she is going to extend her visit on till cotton picking.

Mr. and Mrs. Storey of Wylie, Texas, are preparing to move to Tahoka, where she is employed to teach in the public schools. They were here the past week seeing after matters.

The people of Draw got that good rain they have been looking for the first day of July. Many came from the fields wet as water could make them, but say they didn't mind getting wet, just to get that fine rain.

Feed is fine and doing well, and our cotton is also coming on out of the kinks. We are going to pick some cotton around Draw if nothing happens this year.

A. J. Tribble took dinner with Elza Williams and wife Thursday of last week.

Some have faith that stuff planted at this late season will yet make. "Draw Cor".

Hénry Coldewey, A. Zinke, and August Henrichs, prominent farmers of Nolan county, residing near Roscoe, were here Wednesday looking at some of this fine Lynn county dirt with a view to investing. They live in one of the finest farming sections below the cap rock and they know a good country when they see it. We hope that they may locate in this county. They dropped in while here to see their old-time friend, the editor.

Rev. B. N. Shepherd went to Colorado Monday and returned Tuesday accompanied by his mother, Mrs. G. W. Shepherd, who will visit in his home here a few weeks.

SENIOR B. Y. P. U. PROGRAM

For Sunday July 12.

Introduction — Mrs. Briley
The Poor in Spirit, Ethel Kuykendall
Are the Unhappy the Happy?

—Mrs. Johnson.

The Meek Get the most, Leota Knight
Drink Deep of the Cup of Righteousness, —Mrs. Blair.

The Merciful Obtain Mercy —Mr. Edwards.

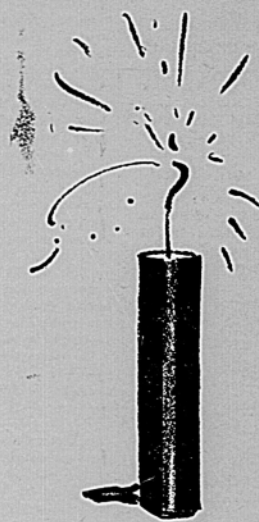

It Pays to Practise Purity, Vera Davis

The Matchless Chivalry of the Martyrs, —Lura Howell.

For Our Reflection, Burton Edwards

Mr. O'Neal, manager of Wooldridge Bros. Lumber Company in this city was a Lubbock visitor Tuesday.

Benjamin Franklin's mother-in-law thought twice before giving consent to her daughter's marriage with a printer. Her great objection was that there were already two printing presses in the United States and she doubted whether a third would find enough business.

IT'S
DANGEROUS
TO THE
OTHER
FELLOW

When you light the fuse of better business for your store by placing an order with us for a year in and year out advertising campaign, you are lighting a gigantic firecracker that is mighty dangerous to the other fellow who does not advertise—and it is equally advantageous to you, because you blast the film of uncertain values which is dimming the vision of many possible customers, who hesitate to start trading with you from lack of acquaintance with your store and its merchandise.

Light the fuse today!

THURSDAY, JULY 9, 1925

There are a few vacant lots in the
business section of town on which
the weeds are growing rather luxuri-
antly. Wouldn't it be a good idea
to take some effective steps to have
them destroyed?

There are a few vacant lots in the
business section of Tahoka on which
the weeds are growing luxuriantly.
Ought we not to take some steps to
have the unsightly weeds destroyed
and removed?

A Minnesota pastor, the Rev. Knos
Bacon, who is said to possess two
sets of vocal cords, has sold his two
throats to the British Medical Associa-
tion for \$10,000.00, delivery to be
made after death. Just think how
quickly some folks could get rich if
they could sell their two faces for
such a price.—Snyder Times.

On the whole Lynn county has a
fine class of farmers. What she
most needs is more of them and few-
er acres to the farm. With every
farmer cultivating intensively only
such acreage as he can cultivate
well, and with every acre made to
produce its maximum yield, there is
no telling how much cotton and feed
Lynn county could be made to pro-
duce any favorable year.

Farmers are making every day
count now. The crops are begin-
ning to suffer for lack of rain in
most parts of the county, especially
feed crops. The cotton has been
greatly retarded in its growth in many
portions of the county by live. Some
of the farmers are over-cropped and
have consequently been unable to
keep the weeds down. On the whole
however, feed promises a fair yield,
while another general rain or a few
light showers will insure a good cot-
ton crop.

The rural schools of Lynn county
are, we believe, above the average.
About half of them have been con-
verted into independent school dis-
tricts and have either constructed
commodious brick and concrete build-
ings already or are preparing to do
so. Of course there is much to be
done yet to make them ideal, but the
farming population of the county
are wide-awake and progressive and
are improving their schools from year
to year. There is no better place in
Texas to make your home and rear
your family than in Lynn county.

Don't you know that the old gag
"I can get it cheaper such and such
a place" is mostly hoax. You can
buy most anything right here in Snyder
about as cheap as you can get it
anywhere else—even to good printing.
A fellow must have a little pride if
he stays in business, and every busi-
ness man in Snyder ought to remem-
ber that fact when his fellow business
man quotes him HIS price.—Snyder
Times-Signal.

We have been hearing that some
spoil ever since we have been in Ta-
hoka. We heard it many times a-
bout other places where we lived be-
fore coming to Tahoka. We don't
think there is much to it in this in-
stance. One town may slightly under-
sell another on some articles but the
other town will probably under-
sell it just a trifle on some other ar-
ticle. On the whole prices are usu-
ally evened up pretty well. Com-
petition is usually too keen for any
one town to continually hold the peo-
ple up all along the line. That idea
is usually the child of some ground's
imagination.

BROTHER KENT READS US:
A LECTURE

After quoting our editorial on the
search and seizure law, the Roscoe
Times last week proceeded as fol-
lows:

We wonder if the News man is
one of the number who told us in
the last primary and general election
that the liquor question was a dead
issue and had no place in the cam-
paign? The liquor question is nei-
ther dead nor settled, and just as
surely as we place sympathizers in
our executive and legislative bodies
we can expect the kind of legislation
complained of above. When the peo-
ple of Texas refrain from being sway-
ed by passion and prejudice in their
voting and elect men who stand four
square for the right then and not un-
til then we make progress in sup-
pressing the activities of the boot-
legger and moonshiner. The more
hatred, strife and turmoil a candidate
can stir up the more popular he be-
comes, and just why otherwise level
headed thinking men will be fooled
into voting for this kind of man is
a mystery to us.—Roscoe Times.

No use to wonder and worry over
what the News man said in the last
campaign. Just imagine what a
mess we would have had, Mr. Times
editor, if your little pee-wee candi-
date, Felix Dinky Robertson, had be-
come governor. With Zeke Marvin
as his political daddy and boss, the
gentleman of 100 per cent whiskey
prescription fame, we guess the li-
quor question would have been settle-
d—beautifully settled—with a politi-
cal machine in power that would have
done more to cause "hatred strife and
turmoil" than the Fergusons could
produce in a hundred years. The
same thing would have been true if
your mongrel candidate, one Dr.
Butte, had been elected. With Crag-
ger and Zeke as his political advisers—
well, please excuse us. And speak-
ing of "passion and prejudice," if it
had not been for passion and pre-
judice Felix Dinky would never have
been in the race to start with, and
even if he had been he would not have
gotten enough votes to black the
board. Now isn't that the unvarn-
ished truth, Brother Kent?

It is true that the Fergusons have
made some mistakes. We expected
them to do so, Brother Kent. They
made a mistake when they approved
this search and seizure amendment,
we think. They have made a mis-
take now and then in filling the ap-
pointive positions. They have made
a few mistakes, we believe, in the
exercise of the pardoning power, but
on the whole the Ferguson adminis-
tration has been good; and if it were
not for the "passion and prejudice" that
you speak of your bunch would
admit it. The fly in the ointment
is that anti-mask law. Come to Tex-
as.

UNCLE JIM PREACHES SER-
MON ON HYPOCRITES

If I can get my thinking vocabu-
lary straightened out, I will write
some about the deceiver, or in plain
English the hypocrite.

This is a fast age of the world.
Things are happening so fast that a
fellow sometimes almost gets hal-
led up and he does not know which way
to think. Any way, here goes.

Any one who reads this, if the shoe
fits you I am talking to you. If it
does not, I am not talking to you.
God is very severe on a hypocrite. I
will give some references to this:
Isa. 32:6; Matt. 23:28; Mark 12:15;
Luke 12:1, 1 Tim. 4:9; James 3:17;
1 Peter 2:1; Matt. 7:5; Luke 6:42;
13:15; Matt. 24:51; Job 20:5; 27:8;
36:13; Isa. 9:17, 33:14; Matt. 6:2;
15:7; 23:13, 14, 15, 23; Job 8:13.

We will commence at home. If
you do not want your boy or girl to
be a hypocrite, no set the example
before them. If you do they will in-
variably follow your example, not
only your children but your neighbors
children, and not only your children
but grown people.

Boys and girls, I am talking to you.
Do not deceive father and mother.

for they are the best friends you have
especially mother. When mother is
gone the best friend you have on
earth is gone.

A man that will deceive his wife,
it seems to me lacks something in
the upper story. Also a woman that
will deceive her husband is no better.

One reason we have so many hypo-
crites is because America is sinking
so low in the scale of morality. When
I was a boy people believed in decen-
cy. Nowadays some people believe
in being indecent. When I was a boy
women wanted to keep their bodies
covered. Now they want to keep as
much of their bodies uncovered as
the law will allow. A great many
times boys and girls will leave home,
and their parents will think they are
at church, when they have gone to
a dance, a picture show, or other
place where they ought not to have
gone. Young people, this is wrong.
Young man, you ought not to go
where you would be ashamed to go
your mother or sister. Yet you do
to this and deceive your mother. We
have many men who visit places, and
their wives think their husbands are
virtuous. Men, this is rank hypo-
cristy. Yet these same men, if they
were to catch their wives at such places,
there would be a divorce suit at
once. I always made it a rule not
to go anywhere where I did not want
my wife to go. If I could not be a
man I would be a mouse.

Many a man, when he leaves home,
he will kiss her and tell her how he
loves her, at the same time knowing
he is lying, for in a short time he
will be hugging and kissing some other
woman, maybe another man's wife.
Such a man is beneath the respect of
decent people. Such people have
descended to the level of a brute, be-
cause he is violating the vow he made
to his wife, not only to her but to
God. Such men, if they do not re-
pent, will wake up in the infernal re-
gions. Such as this is the cause of
so many divorces. The savages in his
wild state respects his companion
more than such so-called civilized
men. America grants more divorces
in one year than England does in
75 years. Then we will talk about
our Christian civilization. Such
things look like it.

While we are discussing this ques-
tion we cannot afford to overlook the
religious part. Any man that will
sit in the Amen corner of the church
on Sunday and holler "Amen" to what
the preacher says and then on Mon-
day tell his neighbor a lie for a dol-
lar is a hypocrite, or in other words
is a Sunday Christian and week devil.

We hear people that is some peo-
ple say "I think" or "I hope I am a
Christian." I will say when a per-
son has religion he knows it. This
hold-up-your-hand religion, I have lit-
tle confidence in such religion. That's
the cause of so many religious hypo-
crites. God holds a person respon-
sible who makes a mock of his work.
One of the commandments says "Love
thy neighbor as thyself." Any per-
son who will pretend to love his nei-
ghbor when with him and then when
his back is turned prove that he is
not such, is a hypocrite. It is not
the person that lives nearest you ev-
ery time who is your neighbor.

The preachers, well, I don't know
how to commence. There are
so many varieties. Some will tell
you one thing and some another.
Generally they leave out the impor-
tant part, true repentance toward God.
God has commanded us to be humble.
Any person that is too proud to get
on his knees before God, if he is not
a hypocrite he is headed that way.
Any preacher that will advocate this
hold-up-your-hand religion must be a
hypocrite. We have too many man-
called preachers, or in other words,
in cabinet preachers. There is no use
of any church being without a preacher,
for they are hatching them out all the
time, that is, the colleges and semin-
aries. I want it distinctly understood
that I do not include all preachers.
There are exceptions to all rules. There
are too many preachers after num-
bers and the almighty dollar. They
know where their head and heart
comes from. We don't need the

quantity, we need the quality. This
applies to preachers, also church
members. Any preacher that puts
the dollar ahead of the salvation of
mankind is a hypocrite. In the day
of judgment there will be many
preachers who will say "Lord, Lord,
we have done many wonderful works
in thy name," but He will say "De-
part from me, ye workers of iniquity,
I never knew you, you have played
the part of a hypocrite."

I will say right here that any
preacher that will solemnize the rites
of matrimony between a man and
woman who have been divorced with-
out a scriptural excuse is a hypo-
crite, i-e-cause then there are two liv-
ing in adultery in place of one.

Any one that reads this, if the shoe
fits you I am talking to you. If it
does not I am not talking to you.

E. J. Hendrix, of this city and Carl
Holden of Wilson, believing the fan-
tastic tales of big fish and hungry
fish as told by others who had been
to the Concho, hid themselves off to
the banks of that classic stream last
Friday to try their luck. They have
not reported at this writing but we
feel safe in stating that we can prom-
ise our readers another whale of a
fish story next week.

Ed Knight, a prominent citizen of
Temple and a boyhood friend of the
editor, has been in the city several
days looking after business matters.
He owns much land in this and Daw-
son counties and is making prepara-
tions to move here in the near future.
This is a fine family that all Tahoka
will welcome.

ONE IN TEN

Neglecting a little wound, cut or abra-
sion of the flesh may in nine cases out of
ten cause no great suffering or inconveni-
ence, but it is the one case in ten that
causes blood poisoning, lockjaw or a
chronic festering sore. The cheapest,
safest and best course is to disinfect the
wound with liquid Borosoc and apply
the Borosoc Powder to complete the
healing process. Price (liquid) 50c, 60c
and \$1.20. Powder 50c and 60c. Sold by

LONE STAR

PORTLAND CEMENT

Ready to Test

Broken Briquet

50% Above Standard —U.S. Government Tensile Strength Test

Standard specifications under which all cement is sold require, among other things, the making of tensile strength tests. The above illustration shows how the test is made.

Samples taken continuously at the mills of the Texas Portland Cement Company are combined and made into small briquettes, shaped like a figure "8", in preparation for this test. Some are allowed to harden for seven days before testing. Others are kept twenty-eight days for another strength test. The first test determines the rate of hardening and the second indicates permanent strength.

Before acceptance, cement must develop a tensile strength of 200 pounds per square inch after seven days and pass the other exacting tests of the Standard Specifications.

But LONE STAR Cement does more than just pass these tests. It exceeds standard quality by over 50%. This record has been continuously maintained at the Texas Company's mill.

With ordinary manufacturing methods, this test might be difficult. With the famous International Wet-Blending Process now used in the LONE STAR mills, uniform quality becomes a matter of habit. In fact, the chemist and the superintendant can always come within 1/10 of 1% of the quality at which they aim.

Result—A super-quality product that costs no more than other brands of cement. It has our unqualified endorsement.

Higginbotham-Bartlett Lmbr. Co., Tahoka

T-BAR COMMUNITY NEWS ITEMS

The health of the community is good and everybody at work fighting the weeds. Crops are looking fine, plenty of season in the ground for growing crops. It seems that everybody has postponed their unfinished business till they catch up with their work, except Judge Elliott, and he has not caught up with his yet.

We still have good attendance at Sunday School and Prayer Meeting.

Brother Hicks of O'Donnell 1 will commence a series of meetings at T-Bar Sunday, July 12.

Brother Montandon commenced a meeting at T-Bar July 1, at night; will close July 8. He is doing some good preaching. He preaches the plain unvarnished gospel, and we know that is not popular. The people generally want a preacher to tell something that will tickle the fancy of the ear. Such preaching huits the devil. People generally want a modern religion, something different from the teachings of God's word. —Uncle Jim.

Tubing Taken From Chest Saves Life

MIDLAND, Texas, July 4.—Rubber tubing four inches long and a quarter of an inch in diameter removed from the chest cavity of James C. Massie Jr., 2 year old son of Mr. and Mrs. James C. Massie, will nable the little fellow to live.

The child developed pneumonia last February and as a aftermath he began suffering from an abscess in his left side. An operation was performed between the child's tenth and eleventh ribs to drain off the pus.

A few weeks later the tube disappeared and for three months the baby lay slowly dying. Finally an X-Ray picture was made by a local physician and the rubber tube with one end only an inch from the spine and touching the left lung was found. Accumulated pus had crowded the child's heart from its normal position.

A hasty operation to remove the tube resulted in immediate improvement in James' condition.

BRIDGE CLUB ENTERTAINED

Mrs. B. H. Robinson entertained the 1924 Bridge Club at her beautiful home in north Tahoka on Thursday, June 26.

After several games of bridge, delicious nut cake and sherbert was served to the following: Mmes. Thomas, Henderson, Larkin, Alley, Lemond, Roberts, Stewart, Turrentine, Boullion, Slaton, and Misses Leona Allen and Leota Knight.

Mrs. Stewart won high score and Miss Knight the consolation. The club will meet with Mrs. Slaton July 9th.

W. L. Knight and family went over to Littlefield to spend the glorious Fourth. They returned home Sunday afternoon. Mr. Knight says that they encountered much mud and water on the return trip, heavy rains having fallen between Shallowater and Lubbock.

SHERIFF'S SALE

Notice is hereby given that by virtue of a certain Order of Sale issued by the Clerk of the County Court of Lubbock County, on the 4th day of June 1925, in a certain cause wherein National Bond & Investment Co. is plaintiff, and S. C. Hughes is defendant, in which cause a judgment was rendered on the 19th day of May, 1925 in favor of the said plaintiff, National Bond and Investment Company against said defendant S. C. Hughes for the sum of Three hundred seventy one and 05/100 (\$371.05) Dollars, with interest thereon at the rate of ten per cent per annum from date of judgment, together with all costs of suit, I have levied upon, and will on Monday, July 13th, 1925, at the court house door in Tahoka within legal hours, proceed to sell for cash to the highest bidder, all right, title and interest of S. C. Hughes in and to the following described personal property, levied upon as the property of S. C. Hughes to-wit: One Ford Touring, Model T, Motor No. 10527155, 4 cylinder automobile.

The above sale to be made by me to satisfy the above described judgment for (\$371.05) Three hundred, Seventy One and 05/100 Dollars, in favor of National Bond & Investment Co., together with costs of said suit, and the proceeds applied to the satisfaction thereof.

J. W. Simpson,
Sheriff, Lynn County, Texas
Tahoka, Texas, 6-11, 1925.

Watch Your Diet, Says Prima Donna

Cyrena Van Gordon.

Cyrena Van Gordon, prima donna of the Chicago Opera company, believes in the happier and her privileges. She believes in the practice of this much-discussed person in wearing no corsets, in wearing short skirts, going in for athletics and outdoor life and in thoroughly upsetting the theories and practices of her mother and grandmother.

Miss Van Gordon, who is, in private life, Mrs. S. Bogart Munns, the wife of Doctor S. B. Munns, says that all of these things are woman's right and are necessary if a woman is anxious to keep her youth and beauty. But exercise is not the only thing that is necessary for the woman who is desirous of being attractive. She must watch her diet and be careful not to eat anything that will, in any way, be fattening.

There are certain dishes to which Miss Van Gordon is partial and to which she gives the credit for the retention of her beauty. These dishes she prefers to prepare herself and, when on tour with the Chicago Opera company, she carries a small electric stove in order that she will not be deprived of the food she deems necessary. These dishes are easily prepared.

Miss Van Gordon uses for Celery and Cheese Casserole.

1 cup cheese 1 tbsp. butter
1 cup chopped 1 cup cooked spa
celery 1 cup buttered
1 cup evaporated 1 cup bread crumbs
milk 1/2 tsp. salt
1/2 cup water 1/2 tsp. salt
1/2 cup flour

She makes white sauce of milk, water, butter, flour, and salt, and mixes it with all ingredients except crumbs. She then places it in an oiled baking dish and covers with crumbs, baking in a moderate oven until brown.

Chicken a la King.

1 cup cold 1 cup evaporated
chicken, diced milk
1/2 cup butter 1/2 lb. mushrooms
1/2 cup flour 1 cup chicken
1/2 green pepper, broth
shredded 1 egg yolk
1/2 pimiento Salt and pepper
shredded

Cook the peppers (also mushrooms, if they are used) in the butter for 15 minutes, keeping them covered while cooking slowly. Add the flour and seasonings, also the milk and broth. Stir to a smooth sauce. Put chicken in sauce to heat, and just before serving, stir in beaten egg yolk. Cook in double boiler to prevent curdling.

Commercial Printing Done Right at Printer's Standard Prices at the News Printing Company.

T. & P. Laying 90 Pound Steel Rails

Ninety pound steel rails are now being laid eastward from Barstow. This improvement will be continued to Stanton where the new eighty-five pound steel rails extend.

The Texas & Pacific railway completed the work of laying heavy steel from Baird to Stanton last year and completed the work of ballasting their tracks from Baird to a point seven miles west of Big Spring.

Buy Tubes as Carefully as you buy Tires

THERE are two ways a car Towner can buy tubes.

He can go out looking for price — and get it.

Or he can buy tubes that will give his casings a chance to deliver the mileage that is built into them. U. S. Royal and Grey Tubes are

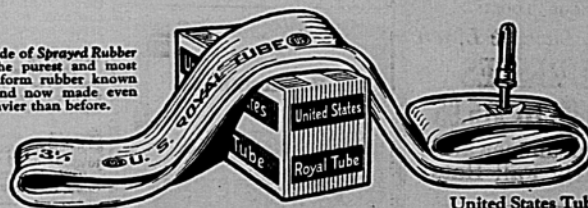

built to give mileage and get mileage.

They resist heat, hold their shape and retain their elasticity.

To get all the mileage out of a new casing or to make an old casing last—put a U. S. Royal or Grey Tube inside it.

U. S. Royal and U. S. Grey Tubes

Made of Sprayed Rubber — the purest and most uniform rubber known — and now made even heavier than before.

THE WOMAN WHO WORKS

In this new order of things, with women, both married and single, broadening their business activities, a very serious problem arises. It is the problem of what, when, and where to eat.

Breakfast is always a hurry-up meal for the men but much more so for the woman who goes to business. Lunches, of course, are taken in the lunchrooms and restaurants in the business districts and are no problem. But how about dinners? Shall they, too, be restaurant meals or can they be so planned that business women may enjoy the home cooking of which they are so fond? Take away the element of haste and anxiety and in its place put carefully thought-out menus, well planned and easily prepared, and home dinners will again regain their high favor with the working housewife.

One of the big worries is frequently with the milk. Did it come? Is it fresh? Is it frozen? Has the milkman been paid? Are the bottles washed and set out? However, there is no cause for worry about milk. Why not keep a dozen cans of evaporated milk in your pantry? There are large cans, equal to a quart of milk and smaller cans that will meet the lesser needs.

For evaporated milk is just pure, fresh milk with more than half the water missing. This water can be replaced in a jiffy. If you so desire or you can use it as cream if rich and creamy foods are desired.

Here are a few recipes that may be used by "The Woman Who Works" for forming her plans for self help and good home cooking.

Scalloped Ham and Potatoes.

1 pound smoked ham
1 1/2 cups water
4 medium potatoes (may be omitted)
1 1/2 cups evaporated milk
Salted with flour

Cover the bottom of an allied baking dish with sliced raw potatoes. Sprinkle with flour and pieces of ham 1/2 inch square. Repeat until dish is full. Fill dish 3/4 full of diluted milk. Bake until potatoes are tender.

Eggs en Casserole.

6 hard-boiled eggs
2 tomatoes
2 tbsp. butter
2 tbsp. flour
2 tsp. salt
Buttered crumbs

Cut hard-boiled eggs in half and arrange around the edge of a greased casserole. Slice tomatoes in center of dish. Make a white sauce of the milk, water, fat and flour. Add cheese and stir over a low fire until cheese is well mixed and smooth. Pour over tomatoes and eggs. Cover with crumbs and bake twenty minutes in a moderate oven.

STOP THAT ITCHING

If you suffer from any form of skin diseases such as Itch, Eczema, Tetter or Cracked Hands, Poison Oak, Ring Worm, Old Sores or Sores on Children. We will sell you a Jar of BLUE STAR REMEDY on a guarantee. It will not stain your clothing and has a pleasant odor.

THOMAS BROS. DRUG COMPANY

CAR OVERTURNS AND BURNS UP

A Dodge sedan, occupied by three women and four children, turned over and completely burned up on the highway a few miles this side of Lubbock Tuesday afternoon, according to Mr. Rayburn of Lubbock, manager of the Fuller gas of this section, who was in Tahoka Wednesday morning. Not a single one of the occupants of the car was injured, save perhaps some trifling bruises.

It is said that the car was being driven at a speed of about thirty miles an hour and the accident occurred when it veered to the side of the road in meeting another car. It turned a summersault or two, and when it stopped the occupants crawled out through the window. About that time the gasoline tank exploded and the car in an instant was wrapped in flames.

It must be a kind Providence that protected the occupants of the car.

DEAF SMITH COUNTY RANCH CUT INTO FARMS

HEREFORD, Texas.—The old Carr sheep ranch, famous for more than thirty years is soon to pass out of existence. The 3,800 acre tract has been cut into 160 acre farms and is being rapidly colonized with cotton farmers. Tractors, teams, and men are busy breaking out hundreds of acres of this rich pasture land and where once grazed the white face cattle will soon be fields of cotton and wheat.

That Deaf Smith county is rapidly changing from a cattle range to a diversified farming section is proven by the fact that almost every week comes the announcement that some big pasture is to be surveyed, broken into 160 acre farms and sold to home seekers. This fall is expected to see a wonderful development over this entire section.

IMPROVING O'DONNELL TELEPHONE SYSTEM

Extensive improvements are being made at the local telephone exchange this week under the direct supervision of J. H. Lee of Lamesa, the owner. The interior of the office building has been repainted and repapered and otherwise improved.

Considerable work has also been done on the lines radiating from the exchange. A number of new poles have been put in and new wires strung to take care of the rapidly increasing business.

Mr. Lee has built this exchange up to where it compares with the best on the Plains and is always seeking new avenues of giving better service to his customers. Mr. Lee is as proud of O'Donnell as his home town and is always ready to do his share in helping with any enterprise to further the town's interests—O'Donnell Index.

J. S. Wells, W. C. Wells, and J. C. Wells and their families left Thursday morning of last week on a vacation trip of several days to be spent in the White Mountains of New Mexico.

Mrs. G. W. Small and daughters, Misses Ida and Alice, returned Thursday of last week from Sulphur, Oklahoma, where they had spent a few weeks visiting relatives.

Mr. and Mrs. Gene Brashear, who are attending the summer term of Clarendon College, spent the weekend here with Gene's parents, Mr. and Mrs. J. A. Brashear.

H. J. Scharnberg of Temple has been here this week on business. He represents the Zappe Land Co. of this city in the sale of their fine lands lying in this section of the South Plains. Mr. Scharnberg lives in the heart of the rich black land belt of central Texas and those people down there want no land except the best. We shall expect many of them to immigrate to Lynn county within the next year.

TRIPLETS AT NEW LYNN ARE WAXING STRONG

Mesdames Stokes and Penney drove by the News office a few days ago to tell about a wonderful discovery they had made. Their mission carried them to New Lynn one day last week where they made the acquaintance of a set of triplets, children of Mr. and Mrs. R. D. Hall. They are now about a year old and are robust and healthy, according to Mesdames Stokes and Penney. Their names are Calvin Coolidge, Charles Dawes and John Davis. Two of them are Republicans and one a Democrat, but there is no law to prevent any of them to be perfectly good Democrats before they become old enough to vote or to run for governor. It will be remembered that the News carried a story of these three fine young Americans several months ago, but our readers will doubtless be glad to know that they are still growing and waxing strong.

One of the very interesting things about this family, Mmes. Stokes and Penney declared, is the fact that there are eight other children older than the triplets. It is a fine family of boys and girls, of which Lynn county is justly proud.

Prof. H. P. Caveness and family are taking an outing this week down at Post. In fact they may remain several weeks.

BAPTIST LADIES WILL HAVE MARKET ON SATURDAY JUNE 11

The Baptist ladies will have a market at the store of Knight & Son on Saturday, July 11. Come and buy something good for your Sunday dinner.

Misses Floy Anglin and Sybil Tarance have just returned from Crosbyton, where they were the guests for a week of Miss Mattie Sue Howell.

Buck Briley attended a meeting of Chevrolet dealers for west Texas and portions of New Mexico in Amarillo Monday. He reports a large attendance and most profitable meeting. They were addressed by the factory representative. Mr. Briley says that the demand for Chevrolets the past few months has far exceeded the output of the factory.

LUBBOCK BUSINESS COLLEGE ENJOYS STEADY GROWTH

The Lubbock Business College has a bigger enrollment now than ever before in its history and is growing constantly. In addition to the growing demand in Lubbock for students who finish there, the smaller towns are also making calls for them. They have four enrolled from near Popes and Meadow—Meadow Review.

F. O. Greathouse and family left Saturday morning, July 4, on a vacation trip that will take them over into east Texas where the Pines grow tall and the Ellberta peaches may be found smiling on the vine, where the mosquitoes incessantly sing their merry songs while the bull frog brings up the bass; where two weeks without a gully-washer is regarded a terrible drouth and where all the picnicians have developed web feet. They announced that they expect to stay two months but we'll bet they are back in four weeks dead stuck on Lynn county.

Mr. and Mrs. Gleen Brashear returned Tuesday from Eastland, where they visited relatives after seeing the races at Abilene on the Fourth.

WOMANLY AILS

Kentucky Lady Got Well After Taking Cardui.

"I got down in health—suffering from womanly troubles which caused me much pain and worry," says Mrs. Rhoda Canary, of R. F. D. 6, Owensboro, Ky. "My stepmother had taken Cardui when she was in my same condition, so I got to inquiring around among my friends about it and found several women who were taking it at that time. 'They all told me how good it was, so I told my husband to get me a bottle to try. That night he came home with a bottle of Cardui. 'I had a . . . which left me in a very serious condition. I had been in bed eight weeks and was unable to move in bed without help. 'By the time I had taken half a bottle (of Cardui), my strength began to come back. I could sit up in bed. 'I finished up that bottle and by that time I was able to walk across the floor. I continued taking Cardui for several months and I got well.' At all drug stores.

NOTICE AS TO TRANSFERS

All school patrons desiring to transfer their children into the Tahoka Independent school district or from any district in the county into any other district must make application therefor to Judge C. H. Cain, ex officio county school superintendent, before August 1. This is imperative. Better attend to the matter at once.

Dr. E. E. Callaway, and J. K. Callaway left Wednesday for the Concho, where they expect to surpass all fishing records heretofore reported. They will probably make Seven Hundred Springs in Menard county one of their pleasure resorts while away. They were accompanied by Harvey Freeman, and if he will talk we believe that he will tell the truth about the number and size of the fish actually caught as well as those that may succeed in getting away.

COTTON SCHOOL

W. H. Johnson, manager of the Lubbock Cotton Exchange, will open cotton school July 6th, in the Cotton Exchange building, Lubbock, Texas.

Have employed one of the most competent cotton men on the plains to give instruction and will at all times give my personal supervision.

Phone 346

Miss Myrtle Murray, District Home Demonstration Agent was here Thursday from College Station to inspect the work of Miss Millie M. Halsey, Lynn county Home Demonstration Agent.

THE STATE OF TEXAS

To the sheriff or any constable of Lynn County—Greeting:

You are hereby commanded to summon S. D. McCormack by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka on the 2nd Monday in August A. D. 1925, the same being the 10th day of August A. D. 1925, then and there to answer a petition filed in said Court on the 8th day of July A. D. 1925 in a suit numbered on the docket of said Court No. 580, wherein Mrs. Laura McCormack, is Plaintiff, and S. D. McCormack is defendant, and said petition alleging that on the 23rd day of February, 1923, the defendant made, executed and delivered to plaintiff herein his certain promissory note in the sum of \$1,223.25, bearing date on the day and year aforesaid, payable to the order of this plaintiff at Tahoka, Texas, and due on the 1st day of September, 1923, bearing interest at the rate of 10 per cent per annum from maturity until paid and providing for 10 per cent additional as attorney's fees if placed in the hands of an attorney for collection, whereby defendant became liable and bound to plaintiff and promised to pay plaintiff the sum of money specified in said note.

Plaintiff further alleges that the defendant, on the 1st day of January, 1923, made, executed and delivered to this plaintiff his certain promissory note in the sum of \$406.00, bearing date on the day and year aforesaid, payable to the order of plaintiff at Tahoka, Texas, and due on the 1st day of January, 1924, bearing interest at the rate of 10 per cent per annum from date until paid, and providing for the usual 10 per cent attorney's fees if placed in the hands of an attorney for collection, whereby defendant became liable and bound to pay plaintiff the sum of money specified in said note.

That said notes are now past due and unpaid, and the defendant, although often requested to pay said notes, has failed and refused and still fails and refuses to pay the same or any part thereof, to plaintiff's damage in the sum of \$1623.25.

That plaintiff has placed said notes in the hands of O. W. McWhorter, an attorney, for collection, and promised to pay him the said 10 per cent attorney's fees stipulated in said notes.

Wherefore plaintiff prays that defendant be cited to appear and answer herein, and that she have judgment for her debt, interest, and attorney's fees and costs of suit, etc.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and Seal of said court, at office in Tahoka, Texas, this 8th day of July, A. D. 1925. (Seal) W. E. Smith, Clerk District Court, Lynn County, Texas By Inez Weatherford, Deputy.

Missionaries Driven From City By Mob

THE SUNDAY SCHOOL LESSON FOR NEXT SUNDAY

(Editorial note: We give below an account of the events of the Sunday School lesson for next Sunday as the same might have been reported by a newspaper had there been one published in Antioch at the time. Of course this style is far inferior to the style employed by the inspired writer, but it is novel. After reading this, turn to the 13th chapter of Acts and there read the Bible account of these stirring events. Instead of the modest headlines appearing below, a newspaper, published in modern style, would probably have carried a streamer clean across the top of the front page.)

EVANGELISTS DRAW GREAT CROWDS; HECKLED BY THE JEWS; HECKLERS SCATHINGLY REBUKED HERE TUES.

It was a seething mass of humanity that sought entrance into the big Jewish Synagogue yesterday morning to hear the two evangelists who have been in the city more than a week, preaching a strange and new doctrine. In fact it seemed that the entire city had come out, so that it was necessary for the services to be held in the open.

Hardly had the crowd begun to assemble until it was seen that trouble was imminent. It seems that the leading Jews of the city, especially those who were most zealous in observing the sacred laws of the Jews and in maintaining the Jewish form of worship, are violently opposed to the doctrine which the evangelists have been preaching and are exceedingly bitter in their feeling against the evangelists themselves. Therefore as they noted the great crowd assembling yesterday morning, their envy and hatred soon rose to the boiling point, and when the evangelists undertook to speak to the multitudes, these Jews created quite a disturbance by vociferously denying and attempting to refute everything that the evangelists said. Some of them became so enraged that right in the midst of the services and in the presence of the woman and little children they vehemently cursed and abused the preachers. This seemed to have the effect, however, of increasing the earnestness and boldness with which Rev. Mr. Paul and Rev. Mr. Barnabas spoke, and they scornfully told the disturbers that henceforth they would ignore the Jews and turn to the Gentiles, the Greeks, Syrians, and other nationalities that inhabit the city and the country round about. "It was necessary that the word of God should be spoken," they said, "but since you have rejected it and have indicated that you deem yourselves unworthy of the everlasting life which we offer you, lo, we turn to the Gentiles. For the Lord so commanded us saying 'I have set you to be a light to the Gentiles, in order that you may be the means of carrying salvation to the uttermost parts of the earth.'"

When the Gentiles present caught the significance of these utterances, they were almost overjoyed. In fact some of them went into ecstasies of joy and shouted their approval and

their praises of this message from God. It is said that everyone, who, according to the new gospel had been ordained to eternal life, believed the gospel message.

It was a stormy meeting indeed, the Jews cursing and denouncing the evangelists and the Greeks, Syrians, and other Gentiles shouting their approval and singing praises to God. Had it not been for the presence of the Roman soldiers in the city, the probabilities are that there would have been a serious riot with perhaps much bloodshed. The city was never before so deeply moved religiously.—Antioch Morning Herald, June A. D. 47.

PREACHERS STONED AND DRIVEN FROM THE CITY

Prominent Women take part in Disturbance

Yesterday the evangelists, Rev. Paul and Barnabas, who have been holding a wonderful revival in the city, were violently driven out of the city limits by a mob that brutally assaulted them and threatened their lives. In fact, if the preachers had offered any resistance it seems altogether probable that they would have been killed outright. They were terribly bruised and wounded, as it was, the rioters using clubs and stones and other missiles in driving them from the city. The ministers, however, seemed to remain calm and unperturbed throughout the ordeal, according to eye witnesses to the affair. Upon leaving the city they fearlessly and significantly shook off the dust of their feet against their infuriated assailants and departed ostensibly for Iconium.

Strange as it may seem, the converts to this new doctrine preached by these traveling evangelists, seemed to be overjoyed and to be filled with some invisible spirit that made them brave and happy in spite of the violence of the mob and in spite of the content in which they are held by the prominent men and women of the city.

This riot was the culmination of a feeling of envy and malice that has been accumulating and growing ever since the evangelists came to Antioch several weeks ago. It will be remembered that there was a near riot at the Jewish Synagogue the second Sunday the evangelists were here. Following the stormy events of that day, the new doctrine, or the "gospel," as the members of the new sect call it, was proclaimed and much discussed not only in Antioch but in the outlying rural districts and throughout all Pisidia. In order to effectively combat the new religion, which seemed to be sweeping the country, the leaders among the Jews organized a campaign of opposition. They evidently felt that if they could get the women to take a positive and vigorous stand against the new doctrine, their triumph would be easy. They therefore made many inflammatory speeches, arousing the passions of the most devout and respectable women of the city as well as the leaders among the men. Enforced and fortified by these new allies, they carried on their campaign of vilification and prosecution against the brave but unoffending ministers until it led to the forming of the mob which drove them out of the city yesterday. Just what will be the fate of the followers of the persecuted but fearless leaders of the faith is very problematical, but it is hoped that there will be no further bloodshed. Whether or not the Roman courts will undertake to punish the leaders of the mob that made this brutal assault has not been announced.—Antioch Morning Herald, July A. D. 47.

BIRDS NEST MAKES KATY FOR LEE

It was a tale of woe that City Marshal T. A. Wimberly brought to the index one day this week. He said that he watched the labor of a scissor-tail bird in the building of her nest in a tree in his yard; saw her carry the frame work and watched the process of nest building to its final completion of making a downy bed in its interior for the hatching of the eggs and raising young. When Mrs. Scissor-tail was about ready to start her process of incubation of the eggs, a long comes J. H. Lee, owner of the telephone system, repairing the line, and being in need of a spring "katy" cops the nest and wears it off as a chaparral. Wimberly and Mrs. Scissor-tail are both riled up about it. O'Donnell. Index.

HE'S KIDDING HIMSELF

A Colorado business man approached on the proposition of advertising his store in this paper the other day made the statement that advertising didn't pay and that three-fourths of the money spent on advertising was wasted.

Efforts to find out how much money he spent on advertising grafts, a number of which are worked in every town in the country every year were futile, but it wasn't difficult to assure the non-advertiser that if he'd spend his money in newspaper advertising and give a little attention to the proper preparation of his copy, the money so spent would not be wasted but would return to him many times in increased sales.

The same merchant, when asked what kind of a suit he had on said it was a "Kuppenheimer". He was asked what brand of shoes he wore and immediately said they were "Florsheim" shoes. He stated without hesitation that his shirt was an "Arrow" brand and that he always wore a "Stetson" hat.

Why does he wear these things and why was he able to tell the representative of this paper the names of the brands so readily? Simply because they're all advertised the length and breadth of the nation.

Articles on this merchants shelves were examined and in almost every instance they were from manufacturing concerns who advertise their products constantly in every conceivable way.

The merchant said that his customers called for this article and for that one, quite frequently. When asked why his customers wanted things made by certain companies, the merchant replied that he supposed they had used them before and found them to be worth the money. All of which is true, but it's a safe bet that the first time they tried an article, they did so because they had read the manufacturer's description of it in an advertisement and after purchasing they found the article exactly as advertised and through truthful advertising became satisfied customers.

The clothes this man wore were made by companies which advertised and he knew the names of them because they were advertised; the car he drives and the tires he uses on it are advertised every week in this paper, and he admitted that he bought the machine because of the things he had read about it; the biggest seller in his store, the things his customers call for by name, are advertised brands; yet this merchant says he doesn't believe in advertising and that money spent for advertising is wasted.

He's kidding himself at his own expense, and doesn't know it.

—Colorado Record.

Mr. and Mrs. W. C. Cowan returned last week from a visit of several months with relatives at Austin. They brought back the same story of barren fields and fearful drought that all others who have visited that section of the state recently have reported. In spite of the drought, however, they enjoyed their visit. Went over to New Braunfels and San Marcos and enjoyed the beauties of their parks and swimming pools, the latter from the outside, however.

T. J. Kellis, editor of the O'Donnell Index, was in the city Saturday to register a brand new Chevrolet which he had just bought. Unlike the editor of the News, he could not find it in his heart to turn down that big fat advertising that a mail order house recently offered to nearly all the good country newspapers, and evidently he was feeling just a bit frisky. But we are content to stick to our home merchants and ride in a Ford.

E. H. Boullion will leave July 15 for Fort Sam Houston, San Antonio, for two weeks training in the Reserve Officers Training Corps.

A letter from Miss Lela B. Dubose, Miss Millie M. Halsey, County Home Demonstration Agent, has had Home Demonstration Agent saying that she would be glad to have Miss Halsey and the Lynn County Club Girls and Club Women attend the Lubbock County clothing contest in Lubbock on July 15. Those wishing to go should see Miss Halsey at once.

FOR SALE

Don't need all the money. One-half cash, fall time on the remainder. The right kind of note will get them all on time:

1 good truck, in good condition, all new tires. Two of the tires run 650 and 2 about 750 miles, all new inner tubes; good cab and bed; truck ready to go, never run over 3,500 miles. good Oliver cultivator, never run over 15 days, rigged with sweeps; good Moline tractor, been run part of one season; and three disc blue plows as good as in the county, both have been taken care of. If interested bring your mechanic and I will have my mechanic go into the heart of it. This tractor is guaranteed except the natural wear for one short season. See C. E. Brown, owner, or A. M. Sullivan.

SIGNS YOU CAN BELIEVE IN

If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for all disorders in the liver, stomach and bowels is Herbine. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by

THOMAS BROS. DRUG COMPANY

We keep the best meats the country affords. Have had thirty years experience in the business. Respectfully ask for a share of your patronage.

Will pay market price for fat cattle and hogs.

J. B. WILLS 41-c

NOTICE OF SALE

The State of Texas.

To the Sheriff or any Constable of Lynn County, Texas, greeting:

You are hereby commanded to cause to be published for a period of twenty days, in a newspaper of general circulation, which has been regularly and continually published in Lynn County, Texas, for a period of two months copy of the following notice.

The State of Texas. To all persons interested in the Estate of S. H. Windham, deceased.

Know ye, that G. W. Small and W. B. Slaton, administrators of the estate of S. H. Windham, deceased, having on the 1st day of July, A. D. 1925, filed in the County Court of Lynn County, Texas, their application to sell the following real estate belonging to said estate, to wit: The E. 1/2 section No. 475, Abstract No. 2, Cert. No. 466, issued to the E. L. & R. R. Ry. Co., 320 acres of land; also N. 1/4 of Section No. 468, Abst. No. 37, Cert. No. 459, issued to the E. L. & R. R. Ry. Co., 320 acres; also all of Section No. 476, Abst. No. 732, issued to the E. L. & R. R. Ry. Co., 640 acres of land all situated in Lynn County, Texas.

Now therefore, these are to notify all persons interested in said estate, to be and appear at the next regular term of the honorable County Court, to be held at the courthouse in the city of Tahoka, on the Fourth Monday in July, A. D. 1925, same being the 27th day of July, A. D. 1925, then and there to show cause why such sale should not be made, should they desire to do so.

Given under my hand and the seal of said court at office in Tahoka, Texas, this 1st day of July, A. D. 1925.

W. E. SMITH,
Clerk County Court, Lynn County, Texas.

I hereby certify that the above is a true and correct copy of the original citation now in my hands.

(Seal)

J. W. Simpson, Sheriff

J. D. BREWER.

NEW CALOMEL BREAKS A COLD OVERNIGHT

When the purest kind of English Calomel was combined with pepsin by a smart young chemist, the world was given an ideal mild medicated laxative for breaking colds. One night is long enough for this new, mild and non-sickening pepsinated calomel, called "Pepsinated Calomel" to break the most stubborn cold. Before breakfast time it vanishes and leaves you feeling fresh and fine.

"Pepsinated Calomel" does not sicken, gripe, salivate or upset you, but it does clean you out thoroughly, tone up the appetite, purify the blood, stop dull headaches, relieve stomach and bowel disorders and make you feel like a new person. Never take the old drastic calomel—insist on "Pepsinated Calomel," for it is better. Prepared by the Pepsinated Calomel Co., Atlanta Ga. Sold by

Tahoka Drug Co.

Cotton--

Lynn County produced last year more than 38,000 bales of Cotton. THERE ARE NO BETTER COTTON LANDS IN TEXAS THAN CAN BE FOUND ON THE

T-BAR RANCH

Twenty sections of this has been placed on the market. Some of it has been sold and as fine crops of cotton and maize are being grown on it now as can be found ANYWHERE. It will show for itself. We have several sections left. This Is Your Chance! THE COTTON CROP IN ONE YEAR OFTEN PAYS FOR THE LAND.

Price, \$35.00 and Up

We also have other fine lands in Lynn and other south counties. Don't take our word—COME AND SEE!

ZAPPE LAND CO.
