Big Texas Turnout Rejects Proposed Four-Year Terms

NO IT ISN'T—This isn't President Johnson posing with one of his aides. The man who bears striking resemblance to the Chief Executive is Henry Smith, 58-year-old part-time farmer and Dallas garbage truck driver, shown with Joe Blundell, right, a fellow-employe. Smith took the job as garbage man because the farm didn't pay, but recently gas and sulphur deposits were found on the land. Now Smith's income is better than $25,000 a year, but he says he's going to keep on working. (AP Wirephoto)

'Cong Attack Is Repelled

By PETR ARNETT

SAIGON, South Viet Nam (AP) — Hundreds of Viet Cong swarmed down from the mountains above coastal Quang Ngai today and made an unsuccessful attempt to overrun a government outpost.

U.S. sources said an estimated 500 to 600 Communist troops attacked the outpost three miles northeast of Quang Ngai, in central Viet Nam. U.S. jets bombed and strafed the Communist troops as they retreated at daylight, but there was no estimate of enemy casualties.

Moderate casualties were reported among the defenders of the outpost.

Only one other ground action was reported. In the Mekong delta a government river assault group riddled a sampan with machine-gun fire. A spokesman said the group killed three Viet Cong and captured several hundred rounds of ammunition.

A U.S. military spokesman reported 23 Americans killed in action last week, 114 wounded and 2 missing or captured. U.S. casualties the week before were 11 killed, 70 wounded and 13 missing or captured.

South Vietnamese casualties for the past week were 363 killed, 773 wounded and 63 missing or captured, the spokesman said. The Viet Cong toll was 1,264 dead and 133 captured.

The spokesman said the Viet Cong in the past two weeks had struck in larger force than at any other period this year.

The Communists launched three battalion-size attacks and one assault of regimental strength last week, the spokesman reported. The Red losses were the third highest on record for a single week.

Just south of Quang Ngai, at the port of Qui Nhon, South Korea's Tiger Division took over the defense of a large region from a U.S. Marine unit. The Koreans have been hammering at Viet Cong positions with artillery for several days in the Qui Nhon region.

A total of 12,000 Korean troops will defend the region 260 miles north of Saigon, a spokesman said. Viet Cong guerrillas abound in the hills above Qui Nhon, and the Marine unit that was relieved has been in constant action for several months.

Qui Nhon is the main supply point for the U.S. Army's 1st Air Cavalry Division, which is based in the An Khe valley west of Qui Nhon.

Air activity continued heavy over both North and South Viet Nam.

B52 bombers from Guam struck the Boi Loi forest 30 miles northwest of Saigon for the second consecutive day. Their target was a suspected storage area.

In North Viet Nam, the raiders concentrated primarily on transportation targets. Pilots reported eight 3,000-pound bombs did heavy damage to a 120-foot section of a concrete highway bridge 115 miles southwest of Hanoi.

Ballot Is Defeat For Connally

By CARL P. LEUBSDORF

WASHINGTON (AP) — Texans, in an apparent slap at Gov. John B. Connally, have rejected a proposal to extend the governor's term from two to four years, while voters in Florida, New York and Ohio turned down a variety of money-raising measures.

In Kentucky, North Carolina, Maine and Texas, however, large bond issues were approved. And the biggest money measure on the ballot in the eight states holding referenda Tuesday, a $1-billion New York bond issue to fight water pollution, received overwhelming endorsement.

Conally, who has already announced he will seek a third term next year, campaigned for a four-year term, while the state AFL-CIO fought it. When vote counting was stopped for the night at midnight (CST), the tally stood 264,375 against, 217,032 for.

Besides the four-year term for state officers, Texans rejected a proposal to give state representatives four-year terms instead of two.

Another Southern governor, Florida's Haydon Burns, also took a licking in the defeat of a $300-million highway bond issue for which he had campaigned vigorously.

Burns insisted that the amendment was a vitally needed safety measure, while opponents contended the governor was using the proposal to pave the way for a try at re-election next year.

In Ohio, education forces lost a battle to raise the state sales tax from 3 to 4 per cent in an effort to raise more money for education. The measure fell quickly behind by a nearly 2-1 margin.

Crowd Gathers For Release Of Stamp

SILVER BELL, Ariz. (AP) — More than 650 stamp collectors, government officials and tourists crowded into this tiny mining community Tuesday to witness the first-day issue of the 1965 Christmas stamp, depicting archangel Gabriel blowing his horn. The stamp goes on sale Thursday throughout the country.

Indonesia Speeds Purge Of Reds

By ANTOINE YARED

JAKARTA, Indonesia (AP)—The army's purge of Communists in Indonesia was reported today to have spread to Parliament, the universities and more government agencies.

The official news agency Antara said 57 representatives of the Indonesian Communist party had been dismissed "temporarily" from the House of Representatives—an advisory body—and 14 Communist or pro-Communist universities and colleges had been closed in the continuing aftermath of the attempted Oct. 1 coup.

More than 1,300 Communists were fired by the Maritime Ministry, the army-controlled agency reported.

Among the Reds ousted from the Parliament were the party's No. 2 and No. 3 leaders, M.H. Lukman and Njoto. Both are members of President Sukarno's Cabinet. The party chief, D.N. Aidit, has been in hiding since the coup attempt.

Antara said the Jakarta military command had requested government agencies and institutions under its jurisdiction to suspend all personnel who were members of the Communist party, the PKI.

Latest reports from troubled Central and East Java said Communist - led workers attempted to destroy a sugar mill at Pragdjekan, in East Java. Five workres were arrested. At Situatbondo, another sugar producing area in East Java, the Communists reportedly burned 230 tons of sugar.

Diplomatic observers said a mob attack Tuesday on Communist China's consulate in Medan, North Sumatra, probably would torpedo President Sukarno's desperate efforts to renew ties of friendship with Peking.

Reports said an estimated 100,000 demonstrators marched through the consulate and tore down its flag and shield. The demonstrators reportedly presented a petition to the consulate protesting Communist China's backing of the rebel movement.

Similar demonstrations were held earlier in Jakarta against Communist China but have died down recently. Sukarno has [illegible] the anti-Chinese feelings and is striving to renew the bonds of amity with Peking despite reported objections of the army.

GOVERNOR GETS HIS "PRESTIGE" LICENSE PLATES—Governor John B. Connally displays his "prestige" license plates delivered to his office by R. W. Townsley, Jr., Director of the Motor Vehicle Division, Texas Highway Department. Two sets are for cars used by the Governor in Austin and two are for vehicles used at his ranch near Floresville. Viet Pacifist Dies In Fiery Self Sacrifice

By FRED S. HOFFMAN

WASHINGTON (AP)—A pacifist sacrificed himself in flames in front of the Pentagon. His widow said he gave his life "protesting our government's deep military involvement" in Viet Nam.

Norman R. Morrison, a Baltimore Quaker, clutched his year-old daughter Emily in one arm late Tuesday as he began to burn. Screams of "Drop the baby" from onlookers may have saved her life, for she fell uninjured to the ground.

Morrison, 31, drenched himself in kerosene and kindled himself as a human torch in full view of hundreds of Defense Department workers and military men.

Military officers who have witnessed the violence of battle shook their heads in disbelief after seeing Morrison turn himself into a pillar of fire.

The Pentagon has seen many protests against American policy in Viet Nam — silent vigils, placard-carrying marchers — but never anything like Morrison's action, so like the immolations of Buddhist monks.

Morrison, a Quaker official, chose dusk to stage his sacrificial burning. The Pentagon's thousands were streaming for home.

He picked a spot within eyeshot of Secretary of Defense Robert S. McNamara's office window.

However, a visitor who was with McNamara at the time said the Pentagon chief was "absolutely unaware" of the incident. McNamara customarily sits with his back to his windows and hubub is common during the hours when people are homeward bound.

Army Maj. Richard Lundquist said Morrison "yelled something" as he stood on a concrete abutment, lined against the darkening sky.

Whatever it was that Morrison said — and they were his last words — was unintelligible.

At first, nobody knew for certain what Morrison was protesting, although papers and notes found on him indicated he once had attended a meeting concerned with the Viet Nam war.

The Washington Post quoted a Quaker friend of Morrison's as saying the dead man twice before had been dissuaded from immolating himself.

The unnamed Baltimore source said the first occasion came during a summer demonstration, and the second several weeks ago as he and others picketed outside the Pentagon.

About five hours after Morrison's fiery death, his wife, in a statement issued through family friends, said:

"Norman Morrison has given his life today to express his concern over the great loss of life and human suffering caused by the war in Viet Nam.

Held For Extortion

LUBBOCK (AP) — Federal charges of extortion were filed today against a 20-year-old youth after the lives of a Ralls banker and his family were threatened.

Bond of $10,000 was set by a U.S. commissioner when Truman Burnett Ellis, 20, a Lubbock truck driver who formerly lived at Ralls, was arraigned today.

Ellis was arrested Tuesday night as he sat in a car in front of a Ralls cafe with Gene McLaughlin, vice president of the Security State Bank.

McLaughlin said he had received two threatening letters and two phone calls since Oct. 25 and that he and his family had been threatened until he delivered $20,000 in small denomination bills.

Thant Asks For Money

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant made public today an appeal to all U.N. members for voluntary contributions to met a deficit of $7.3 million for the U.N. peace keeping operation in Cyprus.

He said that if no substantial pledges are received in the immediate future he will be compelled to notify the U.N. Security Council and indirectly nations providing men and material for the force that the United Nations would not be in a position to reimburse them.

He noted that the costs of the peace keeping operation for the 21-month period since its inception through Dec. 26 of this year total $41.5 million. He has received $34.2 million in voluntary pledges.

SINGLE WINNER AGAIN IN FOOTBALL CONTEST

There was a lone winner once again in last week's Snyder Daily News football contest.

J. T. Trice, Route 2, Box 178, Hermleigh, took the $10 first prize, missing only three of the 20 selections for the week.

There was a multiple tie for second place, which means that the second prize money will be carried over until next week. In a deadlock for the runner-up spot with four misses each were Debbie Smithee, 3207 Fortieth; Bobby Staton, Arah Route; Marsha Suttle, 1807 Thirty-ninth; Mike Martin, Route 3; and Bill Fisher, 2900 Thirty-third.

Another contest gets underway today and the list of games may be found in sponsors' advertisements on the football contest page of this issue of the Snyder Daily News.

Bond Issues Fare Better

By ROBERT E. FORD
Associated Press Writer

Texans buried under an avalanche of ballots a plan to extend the terms of their governors and other top administrators to four years from the present two.

The voters rejected in a surprisingly large turnout all efforts to tamper with the basic structure of their state government.

But they showed a near-eagerness to spend their own money to upgrade the quality of higher education.

The outcome was close on only one of 10 issues in Tuesday referendum on proposing alterations in the much-patched state constitution.

This was a proposal to keep alive the veterans' land program with another $200 million bond issue. A similar $150 million veterans land plan was beaten in 1963.

An estimated 493,000 persons voted, nearly 100,000 more than the highest pre-election forecast and a remarkable number for any referendum. However, 1.5 million did not exercise their right to ballot.

The latest count, reported by the Texas Election Bureau shortly before noon Wednesday on reports from 246 of 254 counties, 168 complete:

1. Financing college buildings: for 281,044, against 186,698.
2. Veterans' land fund: for 228,772, against 238,552.
3. Aid to needy: for 331,723, against 144,266.
4. Four year terms (state officials): for 218,062, against 265,637.
5. Teacher retirement funds: for 320,007, against 146,736.
6. Texas "opportunity plan" for loans to students: for 308,006, against 163,397.
7. Hospital tax exemption: for 219,796, against 245,341.
8. Judges' retirement: for 341,393, against 127,220.
9. Salaries (lieutenant governor and house speaker); for 203,519, against 260,640.
10. Four-year terms (representatives): for 134,640, against 330,916.

Only about 10,000 votes were unreported, the Election Bureau said.

It was the second constitutional amendment election this year. A plan to increase the senate membership to 39 from 31 was defeated Sept. 7. Another 16 amendment proposals will be on the ballot in 1966.

The financing plan for college buildings will cost taxpayers 5 cents per $100 valuation on their property. It will match a similar amount already being assessed, which is insufficient to construct classrooms fast enough for the growing 17 state colleges.

Another educational measure which voters ratified, called the "Texas opportunity plan," provides $85 million in bonds for loans to college students, and will include those attending private and church schools as well as those supported by the state.

Scurry Approves Six Amendments

Scurry County voters followed the state-wide trend on all but one of the proposed constitutional amendments presented at the polls Tuesday.

Voters here approved six of the 10 amendments, while turning down the other four by substantial margins.

The Scurry County vote gave approval to Amendment No. 2, the veterans land fund proposal, while the state-wide vote went against it.

The four amendments turned down by Scurry voters also were rejected in the state voting. These included the amendment to set four-year terms for the governor and other state officials, the amendment to grant tax exemptions to certain hospitals, the amendment to permit the legislature to set the salaries of the lieutenant governor and the speaker of the house of representatives, and the amendment to set four-year terms for state representatives.

Approximately 1,000 Scurry County voters, or approximately 20 per cent of the estimated voting strength of the county, cast ballots in the election.

The unofficial totals were as follows:

Amendment No. 1, financing college buildings, 580 for, 350 against.

Amendment No. 2, veterans land fund, 556 for, 393 against.

Amendment No. 3, aid to needy, 709 for, 269 against.

Amendment No. 4, four-year terms for state officials, 418 for, 559 against.

Amendment No. 5, teacher retirement funds, 581 for, 380 against.

Amendment No. 6, college student loans, 691 for, 274 against.

Amendment No. 7, hospital tax exemption, 323 for, 627 against.

Amendment No. 8, judges' retirement, 699 for, 270 against.

Amendment No. 9, Lt. governor and speaker salaries, 408 for, 574 against.

Amendment No. 10, four-year terms for representatives, 350 for, 586 against.

Borden Ok's Seven Of Ten

GAIL—With returns from one precinct still out this morning, unofficial totals in Tuesday's election showed Borden County voters favoring seven of 10 state constitutional amendments.

The incomplete returns showed approval for the college financing amendment by 52 to 47, the veterans land fund amendment by 63 to 38, the amendment on aid to the needy by 68 to 33; the teacher retirement fund amendment by 55 to 47, the college student loan fund amendment by 70 to 30, the hospital tax exemption amendment by 51 to 48 and the judges retirement plan amendment by 64 to 36.

Opposed in Borden County on the basis of incomplete unofficial returns were the amendment on four-year terms for state officials by 24 to 78, the amendment on salaries for lieutenant governor and speaker of the house by 21 to 78 and the amendment on four-year terms for state representatives by 20 to 82.

Erlander Begins Tour

STOCKHOLM, Sweden (AP) —Premier Tage Erlander left today for the United States for talks with U.S. political leaders, a meeting with Secretary-General U Thant of the United Nations and a visit to the Midwest to promote a Swedish trade and culture.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Every year I receive several Christmas cards from friends of long-standing with little notes written on the bottom saying: "Why don't you ever write to us and let us know something about you?" This is frustrating to say the least because, much as I'd like to, I can't! These people have moved from their last addresses, have left no forwarding addresses, and nowhere on their envelopes are their NEW addresses so, consequently, the cards and letters I send them are returnd to me.

It takes only a moment to jot down one's address on the corner of the envelope. Please, Abby, won't you remind people to write their return address on their Christmas cards this year?

JUST MARY

DEAR JUST: Yes — but why only on Christmas cards? If you could see the mountain of mail (not to mention packages) that are "all addressed up" and no place to go because of unsufficient or cartless addressing, and NO return address, you'd weep.

• • •

DEAR ABBY: Siegfried and I have been married for 16 years and all of a sudden he has become a problem. He gets very fresh with me, even in the presence of our children. Siegfrid is 44 and I am 36. I have never refused his advances at the proper time and place, but he is getting ridiculous! When he is home he doesn't leave me alone a minute. He is always following me around, whispering intimate suggestions in my ear, putting his arms around me, and so on. I am not a cold woman, Abby, but when Siegfried acts this way in front of other people, I get very nervous and upset. What could be wrong with him? He never carried on this way before. I have heard that men go through a "change" at a certain age just like women do. Could that be it?

SIEGFRIED's FRAU

DEAR FRAU: There is a possibility that there is something physically wrong with Siegfried, and he should have a thorough check-up by a competent physician. If your husband is found to be physically fit, and only his judgment is out of focus, lecture him privately, and practice your footwork in public.

• • •

DEAR ABBY: I read your column every day, but that letter signed "SNIFFY" hits an all-time high.

The very idea of that woman saying she can tell the minute she walks into a room if there are any dog owners present! I have owned dogs all my life, and they are as clean as I am! If anyone ever told me he could tell I was a dog owner by the way I smelled, that would be the end of our friendship.

I have worked for, with, and supervised people who have needed a deodorant far worse than any dog I've been near. In fact, I used to give a girl a ride to work, and had to drive with all the windows down in the middle of winter. I have never found it necessary to do this because I've had a DOG in the car.

Fluvanna YF Session Set

Terry Julian of Roscoe will be program headliner at the regular meeting of the Fluvanna Young Farmers Chapter to be held Thursday, Nov. 4, at 7:30 p.m. at the Fluvanna community center.

Julian is the executive vice president of Rolling Plains Cotton Growers, Inc. with offices in Sweetwater. He will explain the purpose and primary efforts of Rolling Plains Cotton Growers, and detail what is being done and what is planned in the boll weevil control program.

In his position as executive vice president of the cotton growers corporation, Julian has made several trips to Washington in support of a more favorable farm bill. He will explain the new farm program and its effect on local operations.

Henderson Rites Set Here Thursday

Funeral services for C. B. (Dick) Henderson of Fort Worth, former Scurry County resident, will be held at 10 a.m. Thursday at the First Baptist Church.

Mrs. Henderson, a former Scurry County Deputy Sheriff, had lived in Fort Worth for several years. He died Monday night.

Burial will be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Governor Of Rotary Here Today

J. M. (Jimmy) Willson of Floydada, governor of district 573 of Rotary International, world-wide service organization, is scheduled to arrive here this afternoon to visit the local Rotary Club, one of 45 clubs in his district.

He will be in charge of an assembly at 7:30 p.m. tonight at the Snyder Savings and Loan Community Room and also will meet with the local Rotary Club at its regular luncheon meeting Thursday.

He will confer with Charles H. Hartman, president of the local club, and other club officers on Rotary administrative matters and service activities.

A member of the Rotary Club of Floydada, Willson is a building materials merchant. He was appointed district governor for 1965-66 to replace G. C. Ratcliff of Amarillo who resigned because of illness. He is one of 278 district governors responsible for supervising the activities of more than 12,000 Rotary Clubs 127 countries.

Hartman, president of the local Rotary club, in explaining the purpose of the official visit, said, "The governor of this district will be here as a counselor and adviser. We will discuss with him our plans for the year and such matters as expansion of membership and ways of further implementing Rotary's program of service. He will also give us an insight into the global Rotary organization."

Willson also supervises the organization of new clubs in this area. Last year, more than 250 new clubs were organized in 38 counties.

Suspect Is On Way Back

Sheriff's deputy Preston Wilson is returning to Snyder from South Carolina with Guy E. Sizemore, who is suspected of passing several worthless checks in this area.

The suspect faces four indictments of swindle by worthless check. The governor of South Carolina ordered the suspect extradited after Sizemore refused to waive extradition, said authorities.

Wilson departed Saturday for Columbia, where he took custody of the suspect from law enforcement officers here. They are expected to arrive here today or Thursday.

Princess' Wardrobe Is Top Secret

By COLIN FROST

LONDON (AP) — The maids at Kensington Palace excitedly packed a secret wardrobe today for Princess Margaret's first visit to the United States.

The princess and her husband, Lord Snowdon, arrive early Thursday night in San Francisco for a three-week tour, a trip Margaret has wanted to make for at least 17 years.

Tonight the royal couple is giving a farewell party — for toddlers. The Snowdons picked Nov. 4 for their departure so they wouldn't miss the fourth birthday of their son, Lord Linley. Also on hand will be their 18-month-old daughter, Lady Sarah Armstrong-Jones.

British correspondents in the United States reported that the West Coast seems gripped by "Meg mania," with socialites vying for invitations to meet the princess.

What she will wear at parties and such events as the World Adoption Fund Ball in Los Angeles Nov. 8 will be a top secret until the last minute.

Even the designers' names have not been revealed. But it is certain that Margaret's many bags include some dazzling creations. The British fashion industry is looking to the princess to give its exports a big boost.

Now 35, Margaret was 18 when she first asked her father, King George VI, for permission to visit the United States.

The king said wait.

Then, in 1952 her father died. Later came her sister's coronation, followed almost immediately by the crisis over Margaret's romance with divorced group Capt. Peter Townsend.

The princess arrives Thursday afternoon in New York and after a 90-minute airport stop will fly on to San Francisco.

Marines Train In Cong Tactics

By GEORGE ESPER

DA NANG, South Viet Nam (AP) — Taking a page from the Viet Cong's book, the U.S. Marines are training some of their Leathernecks in Viet Nam to be snipers. The aim is to keep enemy snipers outside effective range of Marine infantrymen.

"Combat experience has indicated a requirement for the employment of sniper teams to deny the enemy movement through the area of operation," said Capt. Robert A. Russell of Vista, Calif., in charge of the 3rd Marine Division's sniper project.

"The Viet Cong have been effective against us," Russell said, "and now we are going to deny them the capability of getting so close to us."

The Marines plan a total of 92 snipers — 20 attached to each of the division's four regiments and 12 with the division's reconnaissance unit.

They are being equipped with the Model 70 30-caliber Winchester rifle, which has a range of 700-1,000 yards. Each rifle is fitted with a sniperscope.

The basic weapon used by Marne infantrymen, the 7.62mm M14 rifle has a range of up to 500 yards.

In action, each sniper will be deployed about 300 yards in front of the infantry unit's defense perimeter. This in theory will make the area 1,300 yards in front of the infantry no-man's land for the Viet Cong.

The sniper training lasts three days. Men chosen for it are well grounded in camouflage, map reading, range estimation and observation — "all subjects peculiar to making a sniper more effective," Russell said.

The first group began range firing today.

Awards Go To Star Telegram Pair

WACO (AP)—A citation for "conspicuous public service" from the Texas conference of the American Association of University Professors has been awarded two staff members of the Fort Worth Star-Telegram.

It is for the paper's recent series on academic freedom and names editor Jack Butler and reporter Jack Tinsley.

To Oppose Tunnell

AUSTIN (AP) — State Rep. Paul Haring, 28, said Tuesday he will be a candidate next year for railroad commissioner, opposing incumbent Byron Tunnell.

Haring told newsmen he will continue as state representative from Goliad, drawing his $400 a month legislative salary while campaigning. His term does not end until after the 1966 general election in November.

Haring received his law degree last year and practices in his home town. He was first elected to the legislature five years ago.

Tunnell, former speaker of the House, was appointed last January to fill the unexpired term of veteran Ernest O. Thompson, who resigned because of ill health.

Mass Held For Brownsville Bishop

COLOGNE, Germany (AP)—Requiem mass will be held here Saturday for the most Rev. Adolph Marx, German-born bishop of Brownsville, Tex., who died Monday while visiting his parents.

The body will be sent to the United States this weekend for burial.

Beware Of Sprayer Trap, Urges Sheriff

Sheriff Keith Collier today warned area residents to avoid falling into financial traps sprung by "fake" termite exterminators and tree sprayers.

Two such persons who posed as legitimate businessmen allegedly fleeced two elderly Snyder women out of $360.48 in one instance and $160.65 in the other, according to Collier.

Both men were charged with theft over $50, said the Sheriff. He identified them as Daniel Eugene Heck and Herbert Stelzig. Stelzig posted $300 bond on each of two counts of the charge and was released from jail.

The two were arrested Oct. 26, said Collier, along with four other persons who remain in jail in Colorado City in lieu of bond.

"We have reason to believe other persons involved in similar operations may be in the area," cautioned the Sheriff. "They charge an outrageous price for what they do," he said. "And in some cases they don't do anything, but demand a high price from their elderly victims."

Although they have not actually resorted to force, they use high-pressure sales tactics on the elderly, according to officers.

"If you have reason to believe door-to-door salesmen are not legitimate businessmen, please let us know of your suspicions and we'll be glad to check them out," said the Sheriff.

Mayor Almost Unseated

CLEVELAND, Ohio (AP) — A Negro nearly unseated Mayor Ralph S. Locher in the closest mayoralty race in Cleveland's history.

The Negro, State Rep. Carl B. Stokes, fell only 2,458 votes short in a total of 256,977 cast in a four-way race.

The 38-year-old Stokes immediately called for the impoundment of the ballots and demanded an investigation of what he called "certain irregularities which constitute fraud."

Stokes, the first Negro elected to the Ohio House of Representatives, first indicated he would demand a recount. Later, he said he would await the official count before making a decision.

Locher, 50, in his bid for a third term, received 87,833 votes in Tuesday's election and Stokes 85,375. Both are Democrats but Stokes ran as an Independent. Republican Ralph J. Perk and independent Democrat Ralph McAllister trailed far behind.

SIDEWALK SHOW — Mrs. Josephine Randals, left, looks on as Mrs. Rosalie McGlaun paints a portrait of Mrs. Lucy Dysart. This was one of the settings at the sidewalk show Monday.

A TURKEY DINNER with all the trimmings will be served at the Snyder High School cafeteria Friday evening from 5 to 8 p.m. prior to the Snyder-Brownfield football game. This annual turkey dinner is sponsored by the Snyder School Food Service Association and is open to the public. Charge for the dinner is $1.25 for adults and 50 cents for children 12 and under. Above, members of the association are preparing to cook 10 savory looking birds for the occasion. From left, Joyce Smith, manager of the high school cafeteria, Texa Jones, chairman of special projects, Eunice Keller, treasurer, and Alice Lane, president.

Savory Ham Sandwiches

1 cup ground (fine or medium) baked ham, packed down
1-3 cup mayonnaise
1-3 cup India-type sweet pickle relish, undrained
10 slices buttered bread

In a mixing bowl, thoroughly stir together the ham, mayonnaise and pickle relish. Use as filling for 5 sandwiches made with the buttered bread. Cut each sandwich into 2 triangles and wrap tightly.

Palette Club Holds Annual Show

The Snyder Palette Club held their annual sidewalk show Monday on the west side of the square.

A French street cafe theme was carried out with members wearing their artists smocks and black berets. Coffee and cookies were served throughout the day.

Over 100 paintings in oil, watercolor, charcoal, sketching and ink, by local artists, were on display for the public to view. At the close of the day's activities Mrs. G. R. Faver received a painting by Lucy Dysart, Glenna Furnace one by Adelle Josephson, and Anne Shelburne received one by Rosalie McGlaun. Miss Furnace and Miss Shelburne are art students at Syder High School.

Mrs. Lillian Jones, art instructor at SHS brought several of her classes to view and study the technique of the paintings.

The choice of favorite paintings on display went to Pansy Ray first and third, and Jo Barron received second.

The Palette Club wishes to thank the westside merchants for their space, kindness and cooperation for which helped to make the event a success.

Reflections By H. Hayes

GIFT OF JOY. By Helen Hayes.

A chatty, reflective ramble in which the distinguished actress recalls partly and recites mostly. From the pages emerges a touching self-portrait of spunk and sentiment.

Reminiscence is split up under such chapter headings as "Charlie" — her late husband Charles MacArthur — "Favorite Performances" and "Gardening," "Shakespeare" and "Solitude."

Surrounding each section are items culled from omnvierous hours of reading.

"We rely upon the poets, the philosophers, and the playwrights to articulate what most of us can only feel, in joy or sorrow," says Miss Hayes in her preface. "Whenever I feel my courage wavering, I rush to them. I'm so grateful for this inheritance, this legacy — this gift of joy."

As she wanders along memory lane, inconspicuously abetted by Lewis Funke as a writing collaborator, the star lets a few cats out of the bag with gentle humor (she hates "The Glass Menagerie" which she acted in 29 lands), but always with an aye-saying spirit that's too out of fashion these days.

Cheese Bread

½ cup milk
1 tablespoon sugar
1 teaspoon salt
¼ cup warm (105 degrees) water
1 envelope active dry yeast
2½ cups unsifted regular flour
1 cup grated (medium fine) sharp cheddar cheese

In a small saucepan, scald milk; remove from heat; stir in sugar and salt; cool to lukewarm. In a medium mixing bowl, dissolve yeast in water; add lukewarm milk mixture. Add 1¼ cups of the flour; with a spoon, beat until smooth. Stir in cheese and remaining 1¼ cups flour; dough should be easy to handle. Turn out on prepared pastry cloth. Knead 5 to 8 minutes. Place in greased bowl, turning over; cover; let rise in draft-free warm (80 to 82 degrees) place until double — about 1 hour. Punch down. Shape into a loaf; place in greased oven-proof glass loaf pan (8 by 4½ by 2½ inches). Let rise as before. Bake in a moderate (375 degrees) oven for 35 minutes.

Protesters Condemn Asia's Last Hope For Freedom

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — A young man here tries to dodge the draft. Another there burns his draft card. Students demonstrate. A Quaker burns himself to death at the Pentagon.

All in protest against the American role in Viet Nam. Granted the protesters are sincere in their belief the American war against the Vietnamese Communists is wrong. Granted they are concerned for mankind.

But aimidst the protests from a miniority of the people, the professors and the students, the basics in Viet Nam are apt to be forgotten. What are the realities?

For all of this century up to 1954, and for much of the 19th, the French held the Vietnamese people in colonial thralldom. They had the better part of a century to prepare the Vietnamese for freedom and independence but didn't.

When the Vietnamese rose up against their master, people of all persuasions joined the forces of Communist Ho Chi Minh to crush the French, which they did. The French withdrew.

In the settlement Viet Nam was split in half, the north going to the Communists, the south free. The United States promised to help the south to progress in freedom, and it did, at first economically and with weapons.

The North Vietnamese protested when the south wouldn't agree to nationwide elections to choose one government for all. They would hardly have been free elections, certainly not in the Red-run north.

Then the Viet Cong, the agents of Ho Chi Minh, began their war to force the south to submit: guerrilla war, assassinations, terror. Bit by bit the United States helped the south resist until, when the south was near collapse, this country got directly involved.

What is the interest of this country in Viet Nam? Basically, it has two interests, one selfish, one unselfish.

In the West's deadly struggle with communism, worldwide, no one is suggesting that the Soviet Union, no matter how docile it seems at the moment, is abandoning its hope of a Communist world eventually. It's just marking time now.

But Red China, the most populated and powerful nation in Asia, isn't docile. It is aggressive, seeking Communist takeovers not only in Asia but in Africa and everywhere. It spits on the Soviet Union as a Communist mollycoddle for its docility.

Unless the Red push in South Viet Nam is stopped — and it certainly would not be if the United States withdrew entirely — all Asia will go Communist under the dominion of China.

If the other nations of Asia, particularly the small ones, saw a U.S. withdrawal from Viet Nam, after promising to help it survive, there would be no hope left for any Asian that communisim could be resisted or stopped.

Therefore, it is to the vital interest of the United States to try to stop the advance. But there is another reason here, too: the so-called philosophy of containment.

If the Red advance is stopped long enough, the Communist crusade may lose some of its zeal through change in leadership, internal dissensions or problems, or other pressures.

This is what happened in the Soviet Union, to some extent, and among the Communist nations of Western Europe, where, for instance, Yugoslavia broke out of the Soviet stranglehold on its satellities. Containment paid off in Europe.

This is the unselfish reason for the American presence in Vieit Nam: To help this backward country, left poor and ignorant by the French, to move into the 20th century and, if it can survive long enough, to work out a prosperous economy, a stable government, and retain freedom.

This has been American policy elsewhere, too.

For the United States to withdraw now would mean it had abandoned the South Vietnamese people to the mercies of the Viet Cong who have progressed through terror, and to the mercy of Ho Chi Minh who has shown scant mercy to disisidents.

Hazards Of Wearing Contact Lens

By PATRICK E. O'KEEFE

CHICAGO (AP) — They've done a lot to develop contact lenses, I understand, but one bad feature remains: lenses get lost easily and often.

The good feature about the bad feature, however, is that these losses, although unfunny at the time, are sometimes humorous in retrospect.

The first time I rued the day I traded in my turtle-shell eyeglasses for two pieces of plastic was five years ago. I'd had my contact lenses three weeks. I was sitting at a low table in front of a huge mirror, trying somehow to sneak a lens into my right eye when my eye wasn't looking.

After several misses I thought I had done it. But my right-eye vision had not taken on that rewarding, somewhat liquid clarity of 20-20 sight through a lens.

Actually, I had put the lens on my eyelid, and my lashes wet from tears held it there. To get rid of the tears I ran a tissue across my eye and lid, and dropped the tissue into a wastebasket.

After an hour's vain search I exploded into a fit of anger that brought my family into the room. As my father entered the search my sister remarked: "Dad, why don't you look in the wastebasket?"

"Of all the stupid ideas," I said.

Wordlessly, my father began taking scraps out of the wastebasket. He opened three or four tissues. Then he reached his hand out. In his palm was my contact lens.

Then came the night my lenses took leave of me in an exotic restaurant lit by table candles. When I grabbed a candle to begin combing the carpeted floor, about 14 customers and a couple of waiters nearly had convulsions.

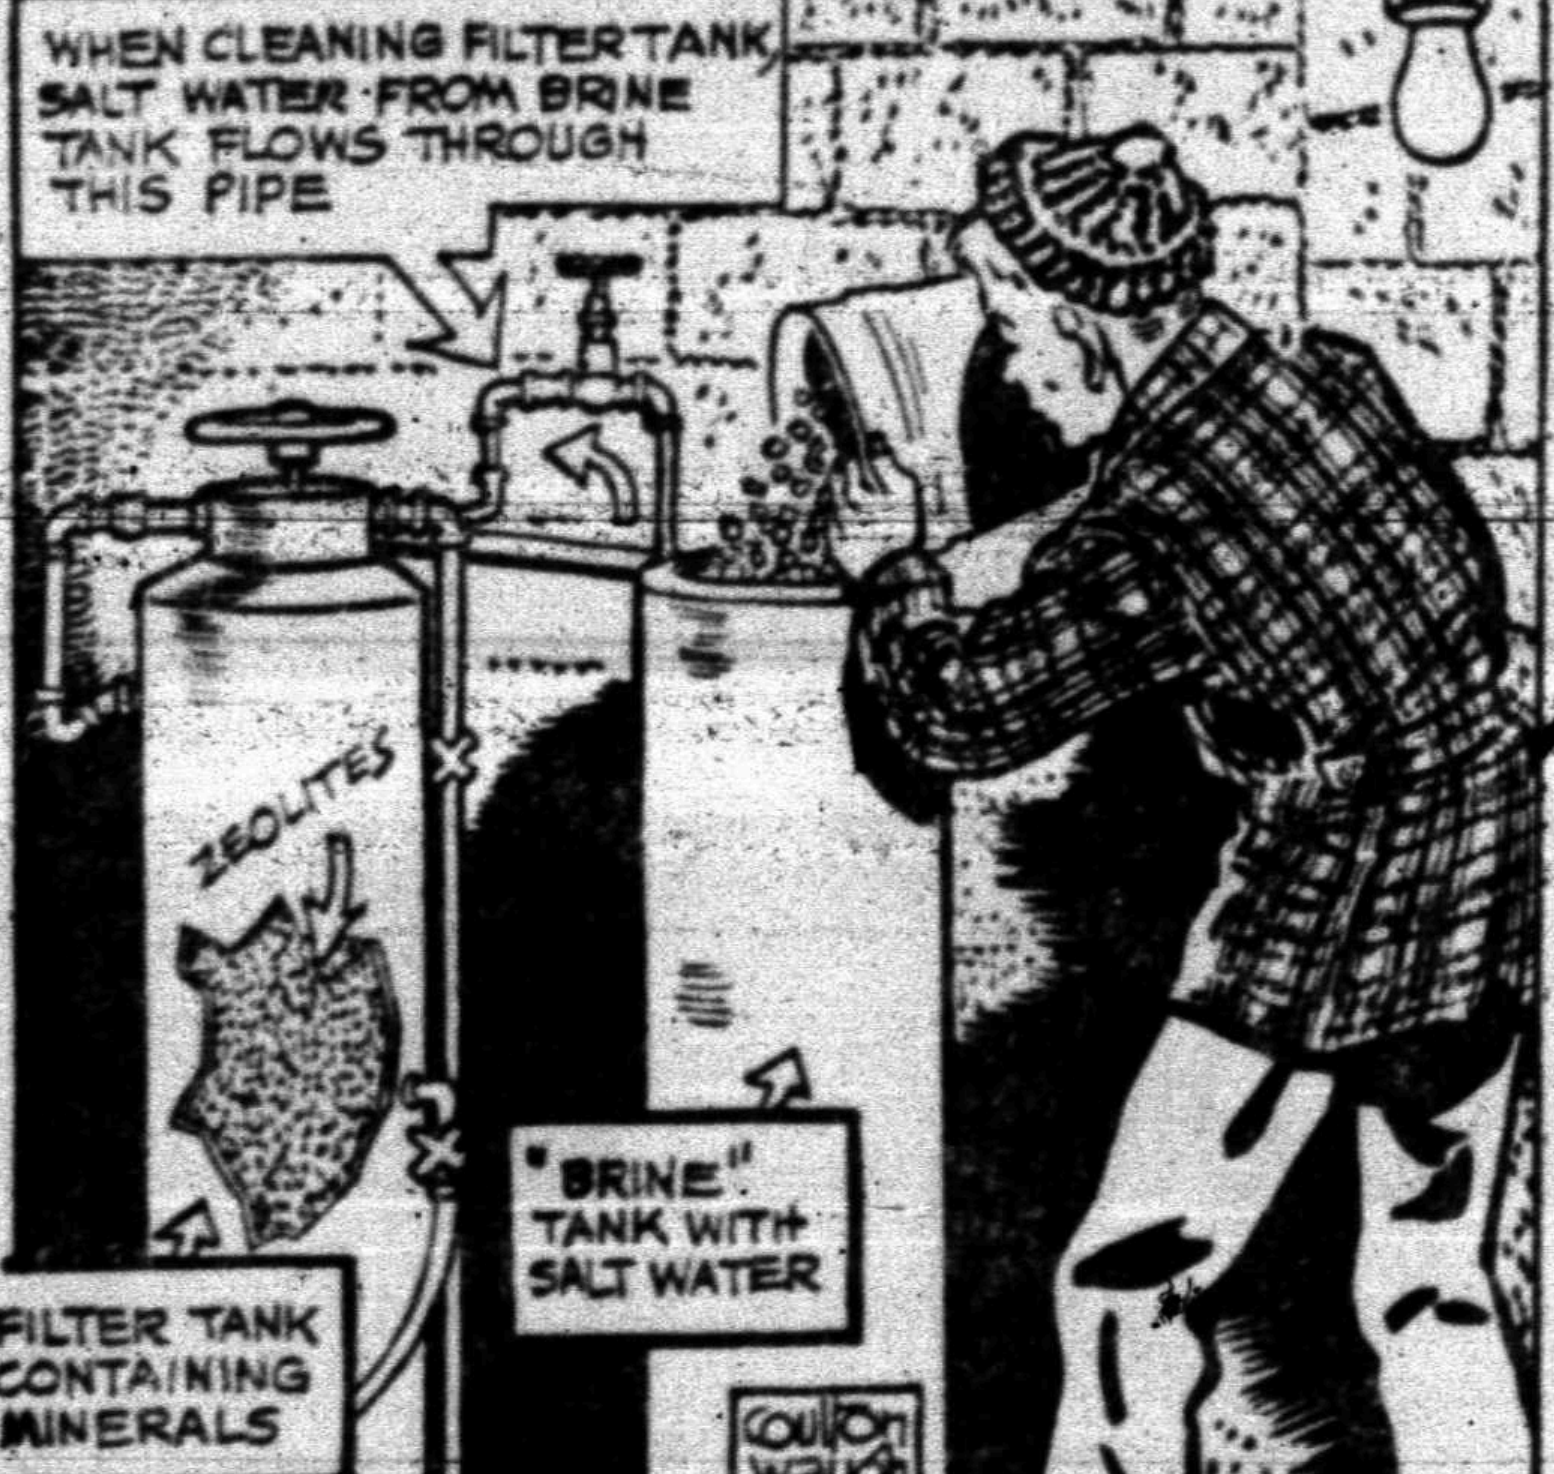
The fellow next to me — after first going through my soup — located the lens perched on the tip of my fork.

One lens I didn't find probably is under a half-inch of dirt on a ball diamond in Youngstown, Ohio. I had looked up quickly for a pop fly, and my lens jumped out.

This loss, however, gave me a chance to collect on my insurance; so, of course, I got another lens.

I am still losing contact lenses, quite predictably about once a month. But luckily for me and my insurance company, so far I've found all but two of them.

Junior Editors Quiz on HARD WATER



WHEN CLEANING FILTER TANK SALT WATER FROM BRINE TANK FLOWS THROUGH THIS PIPE
ZEOLITES
"BRINE" TANK WITH SALT WATER
FILTER TANK CONTAINING MINERALS
COULTON WAUGH

QUESTION: How can hard water be made soft?

• • •

ANSWER: Although not actually hard, hard water is hard to use. It contains minerals from the earth, such as calcium and magnesium, which tend to prevent soap from making bubbles and doing a full job of carrying dirt away. In contrast, soft water, such as rain water, has no dissolved mineral salts; it feels soft to the hands, making the soap bubble splendidly. Water, coming from far underground, is usually pure but often hard. One way to soften it is to add soda ash and lime to a water tank. The chemicals in the hard water combine with these and sink down, letting soft water flow off above. Another method is shown in the picture. Hard water is filtered through the tank at left, which contains minerals called zeolites. Ions (electrically-charged atoms) from this substance then exchange themselves for ions of the minerals in the hard water, so it becomes soft. After awhile, the zeolites are covered up by the minerals taken from the hard water, and the exchange stops. Then salt pellets are put in the tank to the right, making brine, and this is allowed to flow into the left-hand tank. The brince washes the zeolites clean, so they can start their job of softening the water over again.

• • •

FOR YOU TO DO: Wash your hands with soap. Does the water seem easy to use, with many bubbles on your hands as you lift them out of the basin? Then your water is soft. But if the water seems to drag and there are few if any bubbles, your water is hard. 11-3

WOG STARS—Reed Robinson, left, and Leslie Brown, both former Snyder stars, are top reasons the TCU freshman football team is undefeated in three games. Robinson is a starter at right tackle, while the fleet Brown holds down the top wingback spot. Brown is averaging over 5-yards per carry, and is the team's top punter and pass receiver. The Wogs will meet Texas Shorthorns in TCU Stadium Friday afternoon.

Tech, Hogs Share Honors

By The Associated Press

Arkansas continues to dominate the individual Southwest Conference rushing statistics while Texas Tech takes the honors for the aerial game.

Bobby Burnett of Arkansas moved ahead of teammate Harry Jones in the total rushing yardage, but Jones still has the edge in the average per carry.

Burnett has picked up a net of 597 yards on 148 carries. Jones has 565 on 67 carries for an average of 8.4.

Texas Tech's Tom Wilson and Donny Anderson rule the conference in four categories. Wilson is tops in passing and total offense while Anderson, Wilson's favorite passing target, is leading in pass receiving, kickoff returns, and tied for the lead in scoring with Burnett.

Wilson has netted 1,372 yards for a 6.3 average on total offense and completed 114 of 186 passes for 12 touchdowns and a 61.3 completion average.

Forth-three of those completions were to Anderson, who has averaged 12.9 yards per catch. Anderson and Burnett have both scored ten touchdowns to lead the league in scoring. Anderson has returned 15 kickoffs for a total of 453 yards.

49'ers Move The Football

NEW YOR K(AP)—San Francisco is the total offense leader in the National Football League at the midseason mark and St. Louis leads in total defense.

For some strange reason, the league standings do not reflect these statistics. Cleveland leads the Eastern Conference but rates sixth in total offense and ninth in defense. Baltimore and Green Bay are tied at the top of the Western Conference but the Packers are No. 10 in offense and No. 5 in defense. The Colts are No. 5 in offense and No. 3 in defense.

A compilation by the NFL shows the average total scoring in a game has increased to 46.1 points this year compared to 43 per game at this stage last year.

Figures for ball control plays that include rushes, pass attempts and plays on which the passer was thrown, show St. Louis controlled the ball most on offense with 484 plays to 451 by Minnesota, the No. 2 team. On defense the Detroit Lions and Minnesota each have had to handle only 384 plays.

Houstonian Is 3rd

PALM BEACH GARDENS, Fla. (AP)—Richard Killian of Houston, Tex., was in a tie for third with a 369 going into today's round of the 144-hole tournament to help select 17 more players for the PGA tour.

John Schlee of Phoenix, Ariz., was leading in the event, which ends Thursday, with a five-round total of 357.

It Ain't Easy Money

TORONTO (AP)—Ernie Terrell, World Boxing Association champion, and his opponent in Monday night's fight, Canadian champion George Chuvalo, picked up their $45,000 checks Tuesday.

The money didn't come easily, however, as the principals and their lawyers argued over the rates of pay, the nationality of the money and the expenses at Maple Leaf Gardens, scene of the title fight.

Illini Thief Best Lineman

By The Associated Press

It isn't often a lineman steals the ball out of the hands of an opponent and breaks loose for a 55-yard run. Bo Batchelder, Illinois end, did it last Saturday in helping the Fighting Illini upset Purdue. The feat earned him the Lineman of the Week award today by The Associated Press.

Batchelder, a 213-pound junior, led the rush on Purdue's quarterback Bob Griese that led to the Illini 21-0 victory. And Batchelder's steal of the ball from Griese set up the last touchdown in the final period.

Batchelder grabbed the ball out of Griese's hands on the Illini 20 and ran it to the Purdue 25. The TD came on a forward pass on the very next play. Batchelder also intercepted two Purdue passes.

Name Wietelmann

CINCINNATI (AP) — William (Whitey) Wietelmann, former major league shortstop with the old Boston Braves and the Pittsburgh Pirates, was appointed today as a third coach for the Cincinnati Reds.

Ray Shore has been retained from the 1965 team and Mel Harder was named earlier this week as pitching coach.

Wietelmann, 46, and a native of Zanesville, Ohio, has been a coach with San Diego of the Pacific Coast League since 1960.

Lynch Stuck Like Glue

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — When Dick Lynch had a bad day against Sonny Randle a few years aback, Andy Robustelli bought a picture of Randle and posted it in Dick's kitchen as a reminder of Sonny's 16 catches.

If Sonny's picture still is hanging there, Lynch is entitled to turn the face to the wall this week. Lynch's job in holding Randle to three catches while blocking a field goal in New York's 14-10 upset of the Cardinals earned him recognition by The Associated Press as Defensive Player of the Week in the National Football League.

"It was one of the greatest games I ever saw a defensive back play," said Randle the next morning. "After what happened with Walt Roberts, Dick was ready to play football. He had me all the way."

Lynch's play was **particularly** rewarding because the former Notre Dame halfback had been beaten twice on TD passes to Roberts in the Cleveland game a week earlier. Allie Sherman had benched Dick in the second half of the game with the Browns.

"I had to get rid of that image," said Lynch. "I worked real hard all week, looking at the films of our game with Cleveland. It was a tough week and now that I have had the good game I want to keep on going. You learn in this business, you are only as good as your last game."

Lynch blocked a field goal attempt by Jim Bakken in the fourth period, giving the Giants control at a vital stage. The Giants then scored with Tucker Frederickson lugging it over from the four after a 40-yard run.

In the final minutes, Lynch batted down a long pass from Charley Johnson to Randle.

Texas Welter Scores Knockout

SAN ANTONIO, Tex. (AP) — Severo (Go-Go) Balboa posted his 18th consecutive victory Tuesday night when he knocked out Charley Harvey of St. Louis in the seventh round of a scheduled 10-round main event.

The undefeated Corpus Christi, Tex., welterweight shot a right to Harvey's jaw in the middle of the seventh round to win the bout.

It was the ninth knockout for Balboa. He weighed 140½ and Harvey 141.

The 1965 National Golden Gloves heavyweight champion, Jerry Quarry of Los Angeles, won his 12th consecutive bout as a pro with a third round technical knockout over Roy Crear of Dallas.

BREEDLOVE AIMS FOR 600 MPH RACE RECORD

By THAD POULSON
Associated Press Sports Writer

BONNEVILLE SALT FLATS, Utah (AP) — With his fourth world land speed record in hand, Craig Breedlove was awaiting today a chance to go even faster.

In two runs across the salt flats Tuesday, the 28-year-old Californian upped the record to 555.127 miles per hour, eclipsing Art Arfons' mark of 536.71 m.p.h. set Oct. 27, 1964. Both drove jet-powered cars.

Bredlove's next goal is 600 m.p.h. and he wants to try for it later this week, possibly Friday. His Spirit of America Sonic I will be given a complete check before the next attempt.

"We had to work awfully hard for this record," Bredlove said after Tuesday's run. "After we set the record at 526 last year — wrecking the car — Art Arfons came back and beat it by 10 miles an hour.

"It's taken all year to build a new car and get the record back, so we intend to stay around. We'll run later this week for the 600 m.p.h. mark — to make it tougher for Art."

Arfons has the track reserved for a week starting Sunday.

After Breedlove's first run of 544.382 m.p.h. Tuesday, he discovered a top body panel had been caved in by wind pressure, but the damage was not serious enough to prevent a return run. To establish a record, a driver must run through the one-mile measured portion of the 11-mile track within one hour.

Breedlove was then clocked at 566.394 through the mile.

Joe Petrali, chief timer of the U.S. Auto Club, said the record average speed is computed by taking an average of the time for both runs, then converting to miles per hour. He said that way of computing is required by national and international rules.

Breedlove's record is for "free wheeling" cars, a category officially recognized by the International Automobile Federation last year. The record for wheel driven cars of 403.1 m.p.h. is held by Donald Campbell of England.

PLEASE, FELLOWS, HANG ON—New York Giants coach Allie Sherman strikes prayer-like pose as he watches defensive unit in action in game with St. Louis Cards at New York City. Giants quarterback Earl Morrall (11) observes play from a standing position. Sherman's prayers were answered as Giants won, 14-10. (AP Wirephoto)

Tigers Are Favored Over Tough Alabama

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP) — Football forecasters of the future will come equipped with radar screens and other electronic devices. That's so they can find their way out of such situations as last week's series of upsets that produced a .618 average.

The poor showing pulled the seasonal figure down to .711.

Michigan State over Iowa: Even if the disappointing Hawkeyes cook up a blizzard they will be unable to stop Michigan in Fred Dude and Bob Churchich.

State's pair of Hawaiians. The Spartans' terrific defense to shackle Gary Snook's passing.

Arkansas over Rice: But the Porkers, who will be seeking to extend college football's longest current winning streak to 20, will know they have been through the wars after the game with Rice, also winner over Texas.

Nebraska over Kansas: Little more than a workout for Huskers with their twin quarterbacks

Notre Dame over Pittsburgh: The Panthers were slaughtered last week by Syracuse and its Floyd Little. This is just a tip: Notre Dame has five Floyd Littles.

Louisiana State over Alabama: The head-knocking will be terrific. Last week's surprising loss to Ole Miss taught the Bayou Tigers they can't beat other teams with newspaper clippings.

Southern California over California: Mike Garrett resumes his running ways and escorts the Trojans into the Rose Bowl.

Tennessee over Georgia Tech: The home field gives the Volunteers a thin, one-point edge.

UCLA over Washington: The Huskies got their offense into high gear at Stanford's expense last week but the Bruins have been purring along all season.

Missouri over Colorado: Gary Lane will do the passing and the Tigers have almost a dozen sprinting halfbacks to mystify Colorado's young sophomores.

Kentucky over Vanderbilt: At the start of the season, Kentucky's Rick Norton was rated the South's best passer, Rodger Bird the South's best runner and Rick Kestner an outstanding receiver. Now they are all well again.

Army over Air Force: Neither team has much offense but the Cadets appear to have the better defense.

BILL BROWN OUTGAINS CLEVELAND'S BROWN

By GENE LAHAMMER

MINNEAPOLIS - ST. PAUL (AP) — Bill Brown discovered after the first two National Football League games this season that finesse made him an ordinary fullback or less.

Today the Minnesota Vikings' fullback found himself voted the NFL Offensive Player of the Week by The Associated Press. It was a big turnabout from early in the season, when Brown gained only 18 yards in 11 carries as the Vikings lost their first two games.

"I was finessing too much instead of running straight. I was picking holes. The hole isn't going to come to the outside. I know better," Brown explained.

The 220-pound former University of Illinois player learned his lesson well.

Brown rammed the Cleveland defense for 138 yards in 26 carries in the Vikings' 27-17 victory Sunday.

"It was definitely my best game of the year," Brown said.

That boosted Brown's season rushing total to 390 yards on 81 carries, a 4.8 average.

Brown has also caught 23 passes for 333 yards this season. He grabbed five aerials for 46 yards against the Browns.

His performance far overshadowed that of Cleveland's great fullback Jim Brown, who was checked with 39 yards on 18 carries.

Unique Company Makes Its Debut

By JOSEPH R. COYNE

WASHINGTON (AP) — Meet ADELA, the one-year-old whose sponsor predicts phenomenal success for her over the next decade.

No, she's not the cutest baby on the block. But she is one of the most unusual private investment companies in the world.

ADELA—Atlantic Community Development Group for Latin America — is the brainchild of Sen. Jacob K. Javits, R-N.Y., and is designed to bring the know-how of American, European and Japanese business to Latin America.

Javits proposed it at a meeting of the economic committee of the NATO parliamentarians conference in the fall of 1962. ADELA came into being on September 1964.

Javits, the senior Republican member of the Senate-House Economic Committee, is no longer chairman of the NATO group or an officer in ADELA but he keeps close watch on the progress of his creation.

Purpose of the investment company—which has more than 120 business backers from the United States, Europe and Japan — is to help private enterprise in Latin America by providing capital and more recently technical and management services through a wholly owned subsidiary.

Its equity capital now totals more than $32 million and it has invested $12.7 million in 20 projects in 11 countries—Mexico, Nicaragua, Venezuela, Brazil, Colombia, Chile, El Salvador, Guatemala, Peru, Paraguay and Ecuador.

Projects include a plant in Peru for making steel and heavy industrial equipment, a sugar processing plant that is expanding in Guatemala and an investment company in Nicaragua.

The money for ADELA's capital was contributed by its business backers—at least $100,000 but not more than $500,000 each. Among its more than 30 U.S. sponsors are Ford, General Motors, Standard Oil of New Jersey, U.S. Steel, IBM, Du Pont and Dow Chemical.

Other backers are from Belgium, Canada, Denmark, Finland, Germany, Italy, Japan, Luxembourg, the Netherlands, Norway, Spain, Sweden, Switzerland and the United Kingdom.

Javits says the success of the venture over the next decade will be striking, and that as a stimulator of further advancement it will be phenomenal.

"It is my judgment," he said, "that the example set by ADELA will be followed in Africa, the Middle East, in South Asia and Southeast Asia as it is proved out now in Latin America."

City Gets Loan

WASHINGTON (AP) — The Community Facilities Administration announced loans Tuesday of $3,150 to Eagle Pass, Tex., for planning renovation of an old post office building to be used as a library and $7,000 to Cameron County Water Control and Improvement Dist. 13 for planning irrigation improvements.

Dies In Collision

DALLAS (AP)—Robert Johnson, 33, died Tuesday in the collision of his car and a pickup truck parked on a city street.

HERE ARE THE RULES OF THE CONTEST

In each advertisement on this page you will find the contestants in a prominent football game being played in the country this week-end. Get an entry blank from one of the merchants who are helping sponsor this contest and whose message is on this page. Fill in your selection of the WINNING TEAM only . . . opposite the name of the firm on the entry blank. Then send your complete blank to FOOTBALL CONTEST EDITOR, THE SNYDER DAILY NEWS, Entries must be in the hands of the editor by 12 o'clock noon, Friday. Games ending in a tie score must be specified as a tie or else it will be considered a miss.

If there is a tie for first place the winners will divide the cash money of $12.50 and no second prize will be given. If there is a first place winner and a tie for second place, the second prize winners will divide the money for the place. If more than two persons tie for second place, no second prize money will be awarded and the cash will be added to next week's prize. Tie for perfect score will split $25.00. There will be fun for the entire family. Only one entry blank will be permitted from any one person. More than one will disqualify all of the person's entries. Scores listed on the entry blank will have no bearing on the choice of the winner. Sign your entry bank and list your address and phone number — and watch for the story on next Wednesday's front page for the winners. Hurry now, and get your entry blank from one of the merchants on this page. The contest blank must be in your own handwriting. Employes of The Snyder Daily News and their families are not eligible to enter.
