Texas States' Righters Organize Party

Soviets Defy Allied Protests On Arrests

Reds Declare Allies Caused Riots, Refuse To Release Western Police

By OMER ANDERSON
INS Staff Correspondent

BERLIN, Sept. 9 (Thursday)—The Russians today refused to give up 19 arrested west German police in defiance of French and American protests. The tense Berlin situation was further aggravated by Soviet plane flights through the western air corridor.

Adding more fuel to the East-West quarrel in Berlin was a flat charge by the Soviet news agency ADN that "western politicians" were guilty of provoking the city hall riots which have split the city in recent days.

(This was in open contradition of Secretary of State Marshall's news conference charge Wednesday that Communists in and out of Berlin incited the Berlin rioting to disrupt the four power conferences.)

Reds Reject Protests

Russian officials, in rejecting requests for release of the policemen who were seized early Wednesday in a "double-cross" of the west, said it was "purely a German matter."

A high Soviet officer suggested that it be settled by the Soviet sector police—who nabbed the west Berlin police—and the west Berlin police chief.

Ten Soviet Yak fighter planes flew across the U. S. sector of Berlin Wednesday and caused concern for the safety of pilots flying the Berlin supply run.

U. S. Airmen Set Record

When the Russians first announced on Tuesday that they planned air maneuvers in and around Berlin to last to Sept. 15, one American official declared that if any American plane should be "pushed down," the Berlin peace could fall apart "fast."

In spite of the Russian air activity, however, it was announced in Frankfurt that U. S. airmen flying the Berlin "air lift" set a new one-day record by carrying 3,319 tons of food and fuel in 439 flights.

The Russians claimed that the French had misled the Russians in winning the temporary release of the 19 policemen from Soviet-besieged city hall early Wednesday.

They said the French represented the policemen as residents of the French sector, whereas they

Reds Challenged On Colony Plans

WASHINGTON, Sept. 8 (AP)—The United States told Russia in point-blank terms today to offer new means of agreement or shift the fate of Italy's war-lost colonies to the United Nations.

Secretary of State Marshall announced that the United States has accepted a Soviet proposal for four-power talks on the Italian problem.

But the American note said flatly:

"In view of the wide divergence of views expressed by the (four-power) deputy foreign ministers . . . this government is of the opinion that no useful purpose would be served . . . unless the Soviet government has new proposals to make."

Other Talks Fail

Marshall cited the fact that deputies of the United States, Russia, Britain and France have already talked at great length on the subject without reaching agreement. Their year-long meetings held in London, adjourned last week.

The territory involved is Eritrea, Libya and Somaliland in Africa. The ancient kingdom of Abyssina (Ethiopia), conquered by Mussolini, has been restored under the throne of Haile Selassie.

In the past, Russia has urged that Eritrea, Libya and Italian

Loan Program For Long Staple Cotton Is Announced By USDA

WASHINGTON, Sept. 8 (AP)—A loan program for the 1948 crop of American-Egyptian cotton was announced today by the Department of Agriculture.

The loan rate for grade number two, one and a half inches, will be 61.10 cents per pound, net weight, in the Arizona-California area, and 61.35 cents in the New Mexico-West Texas area.

A location differential has been established between the Arizona-California area and the New Mexico-West Texas area, the department said, to reflect transportation costs from the area of production to southeastern and New England mill points.

Marshall Raps Reds In Riots

By ROGER D. GREENE
Associated Press Staff Writer

WASHINGTON, Sept. 8—Secretary of State Marshall today announced a policy of firm resistance to Communist disorders in Berlin and obliquely pointed a finger at Soviet agents.

Marshall told a news conference that the disorders have been touched off by Communists inside and outside of Germany.

The immediate objective, he said, is to disrupt the critical "four power" talks in Berlin which are currently seeking an end to interzone strife in the German capital.

Confers With Military Chiefs

Emphasizing that such tactics will be firmly resisted, Marshall withheld details of any counter measures. He declined to say whether military steps would be involved in efforts to quell the outbreaks.

Marshall's statement to newsmen came immediately after he had conferred with military chiefs at the Pentagon. It was understood he had received an up-to-the minute report on the strength of American armed forces in and around the Soviet-blockaded capital.

Questioned at his news conference, Marshall said the outbreaks in Berlin, including kidnappings and mass attacks on the headquarters of the civilian city government, followed a familiar Communist pattern.

The procedure, he said, is pretty clear evidence of the usual methods exploited by Communists to upset orderly government and thus pave the way for a Red regime. He said it recalls similar Communist procedures elsewhere.

Asked by a reporter if he regards the disturbances as a purely German affair, Marshall replied no. He said the incidents were incited by Communists in and out of Germany, with the objective of barring negotiations for a peaceful settlement of the 77-day old Soviet blockade.

Marshall said they have failed to upset the conference, but they have not been helpful.

Military Aid Studied

The secretary also disclosed:

1. American military aid for western Europe is still under consideration. Talks on the subject with Britain, France and the so-called "Benelux" countries (Bel-

IN CARIBBEAN

45 Missing After Circus Ship Sinks

(By The International News Service)

PANAMA CITY, Sept. 8—A Norwegian rescue vessel reported today that 45 persons and a menagerie of lions, tigers and other wild and trained animals apparently lost their lives when a Honduran "circus ship" sank in the Caribbean sea.

The Norwegian steamship El Caribe radioed the U. S. Caribbean air command that it had picked up 12 survivors from the ill-fated 143-ton Honduran vessel Euzkera, but could find no trace of other survivors. No Americans were known to be aboard.

Entire families of circus artists and skilled entertainers were feared lost in the disaster. The Euzkera sank so rapidly that the crew could not launch all lifeboats.

The gaunt survivors aboard the rescue ship told how they were fortunate enough to grab hold of floating lumber to which they fastened themselves until day broke.

Walkouts Hit Production Of Flour, Autos

(By The Associated Press)

NEW strikes hit the nation's flour and automobile production Wednesday.

They boosted to more than 115,000 the number of strike-idle in five major industries. Meanwhile, a CIO union set Sept. 17, as a strike date for 25,000 telephone workers.

Grain handlers at 14 Minneapolis and St. Paul flour mills, who voted in favor of a strike Monday in support of wage increase demands, began their walkout at 3:30 p. m. (CST). General Mills reported its three mills employing 575 men had closed.

Auto Workers Idle

As pickets began setting up their lines, representatives of the mills and the AFL American Federation of Grain Processors held a closed meeting with federal conciliators.

The strike vote came after the union refused to accept a 12½ cents hourly wage increase recommended by a governor's fact-finding board. The union said it wanted "at least" 20 cents. The union originally asked for 57 cents for its 1,800 members involved.

In Detroit, a strike of 170 plant guards at the Briggs Manufacturing company made 50,000 automobile production workers idle. Some 25,000 Briggs workers refused to cross picket lines. Packard Motor Car Co., and Chrysler Corp., were forced to lay off 25,000 employes because of a car body shortage. Assembly lines in both auto companies were stalled.

Teamsters Charged

The work stoppage stemmed from demands of the Independent United Plant Guard Workers of America union for increased preparatory time before starting work.

Another 64,000 workers remained idle in the West Coast oil refining industry strike, the New York-Northern New Jersey trucking strike, and the week long work stoppage of West coast CIO longshoremen.

In the trucking strike, employers filed unfair labor practice charges against the AFL teamsters' local union. The employers accused the union of "interfering, coercion and restraining" other employes in the industry in vio-

French Political Crisis Increases

PARIS, Sept. 8. (AP)—France fell into deeper political confusion than ever tonight, with no strong man in sight to form a cabinet.

Edouard Herriot, 76-year-old president of the National Assembly, declined to undertake the job the President Vincent Auriol asked little-known Henri Queuille to try to put a government together.

Few observers thought the 64-year-old Queuille, a Radical Socialist, had a chance. A doctor by profession, a pre-war senator and minister of public works and transport in the government that resigned last night, Queuille said he would tell Auriol tomorrow whether he would attempt the task.

New Elections Predicted

Auriol turned to Queuille in desperation after Herriot, elder statesman of the Radical Socialists, had declined the task on the grounds of ill-health, and after the president had taken De Gaul lists into consultation for the first time on formation of a cabinet.

Informed French political observers were predicting dissolution of the legislature soon, and said new general elections may be called for April.

A demand for dissolution was given the president today by 21 members of the upper house, the Council of the Republic. Ten of

'Very Strong' Earthquake Is Reported Near Fiji Islands

HONOLULU, Sept. 8 (AP) — A "very strong" earthquake shock apparently sent its force today on the ocean floor about 600 miles east of the Fiji islands.

U. S. Army intelligence said it had received a report from Nandi, in the Fijis nearest the quakes epicenter, that a "moderate" shock was felt there but there was no damage.

(On U. S. coast the geodetic survery tables, a "very strong" shock will knock down chimneys and crack walls. A "moderate" shock does no damage).

For a time, however, the quake which had registered strongly on seismographs scattered over the United States, had caused fears of a tidal wave in Hawaii.

The U. S. Coast and geodetic survey early in the day alerted the Hawaiians, and the news spread quickly.

Six-Inch Fall Reported In Floyd County

Rain, Cool Weather Cover South Plains

MOST South Plains farmers were able to smile again today after more than 24 hours of showers and murky weather that covered the area with drouth breaking precipitation.

In several sections the six weeks drouth was literally washed away. Sterley community, 17 miles northwest of Floydada, reported more than six inches of rainfall there in a 24 hour period. Fort Worth and Denver City railway officials said five inches fell in the community Tuesday night and another inch was recorded from showers Wednesday.

Mrs. D. A. Howell, of Sterley, estimated that the fall had reached five or six inches at the grocery store she and her husband operate. She said the roads in the area were impassable and that farmers were unable to come in and report on rain and possible hail damage. She said most of the rain fell in a two-and-a-half hour period Tuesday night.

G. B. Johnson, Floyd county agriculture leader, reported that several farms in the Sterley area were badly damaged by hail. He said the farms had lost their cotton in a hail storm this spring, and that the latest hail shattered the grain badly.

Homer Steen, Floydada newspaperman, said that the hail was centered in the Lone Star community in the Sterley area. He also said the South Plains community

NEGRO VOTERS HAMPERED

Talmadge Claims Victory In Georgia Race For Governor

(By The Associated Press)

ATLANTA, Sept. 8. — Herman Talmadge, champion of "white supremacy," tonight claimed victory in Georgia's gubernatorial race.

In a broadcast shortly before midnight he said: "There is no way under the sun (M. E.) Thompson can win. The victory is ours."

However, Governor Thompson insisted the victory was his. A little earlier he announced: "We are not giving up the fight by any means."

Talmadge's lead mounted hourly as returns poured in from Georgia's Democratic primary.

Unit Vote Explained

At 10:30 p. m. (CST), Talmadge had an indicated 296 unit votes to 88 county unit votes for Thompson. Talmadge's popular vote was 174,272 and Thompson's 154,943.

These returns came from 147 of Georgia's 159 counties and from 1,044 of 1,736 precincts.

In Georgia, the county unit system, roughly akin to the electoral college, determines the Democratic nominee for governor (and victory in the primary means election in one-party Georgia). A majority of the county unit votes, or 206, is required. The county votes are alloted on the basis of six to the big counties, four to smaller counties and two to the sparsely populated rural counties.

Negro Vote Hampered

Reports drifted in of cross burnings by the Ku Klux Klan, negro vote purges and attempts to slow down negro voting.

On the eve of the election, huge crosses, the trade mark of the KKK, flamed in three counties and one negro reported a band of hooded men left a miniature casket on his doorstep.

The Griffin Daily News reported that 558 negro registrants had been stricken from the vote list on the eve of the Democratic primary, which is the real election in Georgia.

In populous Richmond county, the Augusta Herald charged polling officials in some places were permitting negroes to vote at the rate of only three every hour.

Klan Supports Talmadge

A Herald reporter said the officials held up the voting by asking foolish questions and quoted one as saying a line of negroes before one polling place would still be there when balloting ended at 6 p. m.

One report of cross burning came from Valdosta, the home of Thompson. Klan support is behind

See TALMADGE Page 10

Probe Of One-Sided Vote In Duval Will Fail, Editor Claims

(By The Associated Press)

FREER, Sept. 8.—Investigators will find no irregularities in Duval county's second primary voting, E. H. Shomette, editor and opponent of political leader George Parr, said today.

Shomette said any attempt to find more than 40 persons in the county who voted for Coke Stevenson in the second primary would fail. Lyndon Johnson received 4,622 votes to Stevenson's 40.

The editor of the Freer Enterprise said he voted for Johnson but that he "didn't go with George Parr."

Seek Affidavits

He said several Austin and San Antonio political leaders visited him during the week. "They were going to get affidavits from about 70 people in Freer that had voted for Stevenson.

"They might as well save their time and effort," said Shomette. "If you open the ballot boxes you'll find a ballot for every vote cast. The ballots will be correctly marked and the count will be just as reported."

"I told them I'd buy them a Stetson hat if they could find 40 people in Freer that had voted for Stevenson. Furthermore, I told them that they couldn't find 40 people in the whole county that voted for Stevenson — at least they wouldn't admit it after the election came out like it did."

"It isn't democracy to have political machines and bloc voting," Shomette said. "But I guess the majority of the people in Duval county are getting the kind of government they want, just as George once said when someone asked him about it."

CONCEDES DEFEAT

PHOENIX, Ariz., Sept. 8 (INS)—Acting Governor Dan Garvey was conceded the Democratic nomination for governor of Arizona tonight by his leading opponent, U. S. Representative Richard Harless. Garvey led a field of seven candidates and was holding a 6,000-vote edge over Harless with most of the votes in.

Four Killed, 25 Hurt In Railway Accident

HELENA, Mont., Sept. 8 (INS)—Four men were killed and 25 were injured today when a Great Northern railroad freight train rammed a section car, 29 miles north of Helena.

Some of the men in the section crew were injured when they attempted to jump to safety upon hearing the train approaching as they came out of a tunnel and rounded a sharp curve at the mouth of Wolf Creek canyon.

Those killed in the smash-up were: Juan Oranta of Helena, Willie Halland, and Joseph Pearce, no further identity was found on the bodies of the latter two. Frank Collins, no address given, died at the hospital in Helena.

COUNTY COMMITTEE TO DECIDE ON CERTIFYING VOTES

Coke Gains 40 Ballots In Dallas Voting Machine Not Previously Reported; Johnson Holds Lead

(By The Associated Press)

DALLAS, Sept. 8.—A net gain of 40 votes for Coke Stevenson in the U. S. Senate race was disclosed today on a Dallas votine machine whose results had not been reported.

The machine showed 113 votes for Stevenson and 73 for Lyndon Johnson. The votes would cut Johnson's lead in the unofficial tabulation to 122 votes.

J. A. Wynes, secretary of the Dallas county Democratic executive committee would not say whether the votes would be included in the Dallas county report. He said he would confer with county chairman Arthur Stevenson on what will be done.

County chairman Stevenson said tonight he will notify state Democratic officials. "I don't believe anyone wants to disfranchise any voter because a judge made an honest mistake," Stevenson said.

In Austin, Vann M. Kennedy, secretary of the state Democratic executive committee, said whether the votes can be certified is "purely a matter of determination by the county committee of its chairman."

All Dallas county returns of the Aug. 28 runoff primary were certified last Saturday.

Kennedy said, however, "if the (Dallas) county chairman wants to file an amended certificate, I'm sure the state committee will be glad to receive it and consider it. What they will do about it is, of course, for the state committee to say."

The unreported machine was at precinct 131, at the Clinton P. Russell school, in Dallas. Returns from the voting machine in the precinct had been properly signed by Mrs. L. C. Harris, election

Thurmond To Speak At Rally Here Tonight

THE political stage was set here Wednesday night for the South Plains States' Rights Democratic rally scheduled at 8 o'clock tonight on the east side of Lubbock hotel. Gov. J. Strom Thurmond of South Carolina, States' Rights presidential nominee, will be principal speaker.

Mayor W. H. Rodgers will introduce former Lt. Gov. John Lee Smith, Lubbock attorney and vice-chairman of the reception committee, who will introduce Gov. Thurmond at the rally.

The governor is to arrive by plane with his party at 5:30 p.m. today, and is to be met at the airport by a non-partisan reception committee drawn from all political circles of the city, headed by Mayor W. H. Rodgers, the announcement from rally headquarters in the Hilton hotel said.

To Visit Other Cities

The mayor urged all members of the reception committee to gather at the airport at 5:15 p.m. today in order that the full membership of the group might welcome the South Carolinian.

The governor, on a swing through West Texas, is to be honor guest today at a joint meeting of Big Spring civic clubs, and is to be guest at a reception in Midland at 3 o'clock.

Following the greeting at the airport here the governor, who is accompanied by his wife, plans to rest at their hotel until time for the rally at 8 o'clock.

The rally is to be held on the east side of Hotel Lubbock, where the block of Ave. K between Main and Broadway is to be closed to traffic and seats erected to a accommodate an expected 4,000 to 5,000 people.

Large Crowd Expected

A large turnout is expected for the rally, those in charge of arrangements said. Gov. Thurmond's visit here will be the first such during a campaign by a presidential candidate.

In case of rain the rally will be held in the ballroom of the Lubbock Hotel with loudspeakers placed at strategic points on the mezzanine floor and in the lobby of the hotel.

Gov. Ben Laney of Arkansas, States' Rights leader, is not expected to be here for the rally local rally headquarters said Wednesday. The Arkansas governor was reported unable to attend the

New Step Against Inflation Taken

WASHINGTON, Sept. 8 (AP)—In a new move to combat inflation by making borrowing more difficult, the Federal Reserve board today ordered its member banks to increase their reserves by nearly $2,000,000,000.

This is one of a series of steps to curb credit. It was taken on the theory that people buying things with borrowed money tend to run prices up.

The hope is the more reserves the banks are required to maintain, the less they will lend.

Banks were ordered to put aside an additional two percent of money deposited with them in checking accounts and one-and-a-half percent of their time deposits. The requirements will be effective Sept. 16 in some cases and Sept. 24 in others.

To Curb Bank Loans

The effect will be to force banks to hand over to the Federal Reserve an estimated $1,900,000,000 that otherwise could be used for making loans.

Federal Reserve officials, however, expect banks for the most part to raise the extra reserves by selling their holdings of government bonds.

The Federal Reserve system itself is committed to buy all gov-

Bumper Crop Is Forecast

(By The Associated Press)

WASHINGTON, Sept. 8 — A bumper 15,219,000-bale cotton crop, worth about $2,785,000,000 at current prices at the farm was forecast today by the Department of Agriculture.

Such a dollar return would be the biggest on record—half a billion dollars more than last year.

The new 1948 cotton crop forecast is 50,000 bales more than the 15,169,000 bales predicted a month ago. It is one of the biggest crops on record. It compares with 11,851,000 bales produced last year and a 10-year average production of 12,014,000. The farmers and the weather did it.

New Acre Record Seen

Yield per acre, computed at 313.2 pounds of lint, promises to set a new record, the Agriculture department said.

The 1947 cotton crop (lint and seed) jingled $2,291,202,000 in farmers' pockets. If the crop prelicted today pans out and the current farm prices hold, the return to farmers in the cotton country in 1948, one expert estimated, will be around $2,785,138,950.

This would break the previous record cotton crop return of $2,348,626,000 that farmers got in 1919.

COTTON PRICES DROP BELOW PARITY DURING PAST MONTH

WASHINGTON, Sept. 8 (AP)—Cotton prices paid farmers dipped below parity for the first time in three years in August, the Agriculture department reported today.

The department said farmers were receiving 30.41 cents a pound for cotton Aug. 15, compared with 33.15 cents a year earlier.

The August 15 price was 98 per cent of parity, while that of a year previous was 114 per cent. (A parity price is figured on a formula designed to give a farm product the same relative purchasing power that it had in some previous base period, usually 1909-14).

In a summary of the demand

Kansas Girl Wins Bathing Suit Test

ATLANTIC CITY, N. J., Sept. 8 (AP) — A curvaceous brunette from Kansas won in the bathing suit division of the Miss America pageant tonight.

She was 18-year-old Vera Ralston of Wichita, Kas., entered in the pageant as Miss Kansas. The vital statistics: five feet, five inches tall, light brunette hair, blue-green eyes, weight 115 pounds, bust 37 inches, waist 24 inches, thigh 19 inches.

Fifty-five lovely girls put their beauty on the line tonight in the 1948 pageant.

It was opening night on the stage of huge Convention hall. Some 10,000 spectators attended. The girls from 43 states, nine cities, Hawaii, Puerto Rico and Canada are seeking $25,000 in scholarships.

Air Force Denies 16 Fighter Planes Overdue On Flight

WASHINGTON, Sept. 8 (AP)—Air Force officials said here tonight they had received no report about a flight of 13th Air Force fighter planes being overdue on a hop from Clark field to Formosa.

They said if it were true that as many as 16 planes were lost, as was reported without confirmation from Manila, that Washington certainly would be notified.

"It's fantastic to think that a flight was so poorly planned that all planes were lost," one official commented.

Official confirmation would automatically come from Manila, however, according to Col William P. Nuckols of the air information division.

Place Sought On Ticket For Next Election

By W. P. BOSWELL
Associated Press Staff Writer

DALLAS, Sept. 8—Texas States' Rights Democrats organized the "States' Rights" party of Texas today, and named Gov. J. Strom Thurmond of South Carolina as its presidential candidate.

They nominated Gov. Fielding L. Wright of Mississippi for vice president. They named 23 electors and bound them by a loyalty pledge to the States' Rights party.

Curtis Douglass of Pampa was elected chairman of the new party's state executive committee; Mrs. Cecil Smith of Sherman was named vice chairman, and Bowlen Bond of Fairfield secretary.

Platform Adopted

The convention adopted by acclamation an eight-point declaration of principles as the party's platform.

Carlton Winn of Dallas nominated Thurmond for president. Charles E. Thompson of McAllen, a former Mississippian, nominated Wright.

The convention directed that all things legal be done to certify to the secretary of state the new party's list of electors.

Campaign Directors Named

A committee to direct the Thurmond-Wright campaign in Texas was named. On it are Marion Church of Dallas, Douglass, Palmer Bradley, jr., of Houston, Joe Wheeler of Austin, and Sidney Van Zandt of Fort Worth.

The States' Rights nominees are the same to whom States' Rights Democrats are giving allegiance elsewhere.

The new party label was minus the word "Democrats." In 1944 a Texas court decision held that only the Democratic party was entitled to use of that term.

The convention business moved quickly after Bradley called the meeting to order at 2 p.m. (CST), about 30 minutes later than scheduled. Then it slowed down in a lengthy recess during which work committees organized and assembled their reports. The convention ended about 5 p.m.

300 Are Present

Some 300 persons were present as the convention opened but the crowd dwindled somewhat during the recess.

Winn, placing the name of Thurmond in nomination, called him "the only candidate in the

FEPC, Anti-Poll Tax Bill Flayed

DALLAS, Sept. 8 (AP)—Gov. J. Strom Thurmond of South Carolina charged here tonight that the Republicans, Democrats and Progressives borrowed their theories of government "from the cesspools of eastern Europe."

Accepting the nomination as president bestowed today by the States Rights Democrats of Texas, Thurmond condemned the anti-lynching and anti-poll tax bills and the proposed fair employment practice commission.

"The proposed American FEPC," he said in a speech prepared for delivery, "which is the heart and core of the misnamed civil rights program, is nothing more than an American edition of the Russian all races law.

Russian Law Cited

"I have here a copy of Stalin's celebrated all races law. Look at the emblem of Soviet Russia. Read it for yourself. Stalin himself wrote that law in 1920 when he was commissar of nationalities. Under that law there can be no discrimination in employment on account of race, color, national origin or ancestry.

"Did you ever dream that any one would undertake to force

INDIRECT STATEMENT RAPS REDS

MacArthur Accuses Soviets Of Using Japanese As Slave Labor

TOKYO, Sept. 8, (AP) — In a round about way, Allied headquarters today accused the Russians of using Japanese slave labor to bolster the Soviet's war potentials.

It came out in this way:

Allied headquarters released a statement quoting an "unidentified Allied headquarters spokesman" as saying a "sharply worded letter" had been sent on behalf of General MacArthur on Sept. 3 to Lt. Gen. Kuzma Derevyanko, Russian member of the Allied council for Japan, charging the U.S.S.R. with failure to live up to its agreement to repatriate the more than 500,000 Japanese still in Russian hands.

Aiding Soviet Forces

The "spokesman" said "additional information available to the supreme commander indicates conditions approaching slave labor" apply to those Japanese under Russian control.

The statement went on that headquarters is concerned "over the fact this near slave labor is being utilized in the Soviet and Soviet controlled areas under appalling conditions of servitude to increase the military potential of Soviet Russia.

"It is reported these men are used in munitions plants and airfield construction as well as in the mines."

The "spokesman" continued that the Russians have for 15 months failed to meet the agreement to repatriate 50,000 Japanese monthly.

Allied headquarters, the statement concluded, hopes that at the beginning of the fourth year of the occupation of Japan that "an increased effort on the part of the U. S. S. R. to meet the agreed repatriation rate may bring the Japanese repatriation program to a conclusion without further delay."

Court Order Blocks Licensing Of Used Car Dealers In Dallas

DALLAS, Sept. 8 (U.P.) — The city of Dallas was under a temporary restraining order today forbidding it from enforcing a newly enacted ordinance calling for licensing of used car dealers.

The injunction was issued by District Judge W. L. Thornton at the request of 53 used car dealers who claimed the ordinance was unconstitutional and aimed at driving the small dealer out of business.

Judge Thornton set Sept. 15 as date for a hearing.

The principal provision drawing complaint from the small dealers was one calling for a $5,000 surety bond on the part of the dealers, but they also protested provisions which permit officers to search used car lots without search warrant and one which calls for fingerprinting of dealers.

MBS — 10:30 a. m., Ben Alexander program; 2 p. m., Red Benson show; 3:45, Two Ton Baker song; 6:15, Dinner Date; 9:30, Dance time.

TO CONVERT BARGES

MOBILE, Ala., Sept. 8. (AP)— Gulf Shipbuilding Corp., plans to convert three wartime LST's to barges for use in offshore drilling operations by Humble Oil & Refining Co. Announcing the contract, Gulf shipbuilding said Humble planned to use the barges in the Gulf of Mexico. The first LST reached Mobile yesterday under tow from Orange, Tex. The other two are scheduled to arrive later this week.

Probe Of Hollywood Reds To Be Resumed

LOS ANGELES, Sept. 8 (INS)— Hollywood notables will be in the spotlight again next month when the House un-American Activities committee resumes its probe into alleged Communist undercurrents in the film capital.

Rep. Richard M. Nixon (R-Calif) made the announcement upon his return from Washington today. The congressman said that "a batch of film figures" will be subpoened to appear before the committee in Washington.

Nixon scored President Truman for branding the recent espionage hearing as "all a red herring":

"Cooperation of the Truman administration with the investigations has been absolutely nil and has even amounted to obstruction."

Make a filling corn chowder for a soup and sandwich lunch by adding diced cooked potatoes and thin white sauce. Season well with finely grated onion, salt and freshly-ground pepper.

Ohio Chemical Firm Makes Newsprint From Wheat Straw

HOLYOKE, Mass., Sept. 8 (AP) — Wheat straw has been turned into newsprint, which manufacturers say may result in great savings to publishers if capable of running through high-speed presses.

H. L. Kinsley, president of the Kinsley Chemical Co., of Cleveland, Ohio, which developed the process, figures that paper made from 100 percent wheat straw can be marketed for $65 to $72 a ton. Wood pulp newsprint costs in the neighborhood of $100 a ton.

The wheat straw is ground, given a chemical treatment, and then "cooked" before it is sent to the paper-making machine.

International Harvester To Hike Farm Machinery Prices

CHICAGO, Sept. 8 (INS) — The International Harvester Co. announced today it would increase prices for farm implements, farm tractors and industrial power products.

The company said the increases were made necessary by rising costs of materials and labor.

Alice Phillips Will Handle Seal Booth

Junior Welfare Leaguer Alice Phillips of 3307 Nineteenth has been selected by the League to take charge of the Christmas seal sale booth for the Lubbock County Tuberculosis association during the coming drive. Miss Phillips was chosen at Tuesday night's board meeting.

Club members pledged full support of the sale, scheduled Nov 22 to Christmas, and laid plans to organize groups to assist with the folding of Christmas seal letters and manning of booths for sale of seals.

In stressing the importance of the drive, Miss Phillips stated "Since tuberculosis is spread from person to person, it is a potential threat to each person in this community, and it is our aim to do everything we can to assist in tuberculosis control."

Western Hemisphere Leaders Study Needs Of Increased Populations

By JAMES CALWELL
INS Staff Correspondent

DENVER, Sept. 8 — Delegates and observers from every nation of the western hemisphere began a series of meetings in Denver today which may lead to a better life for generations yet unborn throughout the Americas.

Present at Denver's first international conference to discuss the problems of population growth versus dwindling natural resources were 64 official delegates, many of them high state officials, from 20 nations.

Also attending were a host of observers, authors, scientists, agricultural and sociological specialists, and State department representatives. Carlos M. Flinta, president of the Argintina forestry association, was a late arrival among the official delegates. Guatamala had two observers but no delegates, while Canada also was represented unofficially. Ambassador Mauricio Nabuco of Brazil was slated to arrive tomorrow as an observer.

The meetings will continue through Sept. 20 and the discussion and lecture sessions will be interspersed with field trips for practical demonstrations of soil conservation, reforestation and reclamation in the Denver area.

U. S. Secretary of Agriculture Charles F. Brannan, who is president of the conference, said the work of the delegates at Denver should prove a definite contribution to a similar world-wide conference sponsored by the United Nations next May.

All meetings were being conducted bi-lingually with a system of simultaneous interpretation set-up similar to that used by the United Nations at Lake Success.

Today's talks were concerned with human populations and the productive capacity of land. The speakers included: Odolfo Arive Alba, Mexico's minister of hydraulic resources; Manuel L. Elgueta of the Inter-American Institute of Agricultural sciences in Costa Rica; Carlos Borges Schmidt, Brazilian secretary of agriculture; Mario Pacheco, executive secretary of the El Salvador friends of land, and Dr. Clarence Senior of the Columbia university bureau of applied social research.

Unwanted Nitrogen In Natural Gas Is Costly To Industry

WASHINGTON, Sept. 8 (AP)—The Bureau of Mines estimated today that unwanted nitrogen in natural gas costs industry millions of dollars. The bureau made the estimate in announcing the results of a recent Amarillo, Tex., conference on the nitrogen problem by almost 100 scientists and executives representing the petroleum industry.

The conference dealt with cooperative research by the Mines Bureau and the American Gas association on methods of nitrogen removal.

Nitrogen in natural gas corresponds to ash in coal. The nitrogen content of certain large reserves, such as in the Texas Panhandle and Hugoton, Kas., fields, averages 10 to 15 per cent, and in other fields it is as high as 30 per cent.

"The presence of 10 per cent or more of nitrogen detracts appreciably from the heating value of the natural gas per unit volume," the bureau said.

The bureau said it recently installed an experimental nitrogen removal pilot unit at the Xell Helium plant near Amarillo. The plant will investigate the low-temperature method of removing nitrogen by liquefying the gas.

Runaway Youngster Returned To Boys Ranch Near Amarillo

A 12-year-old boy who reputedly was one of the two juveniles who stole an airplane in Oklahoma City several months ago and flew it into Texas after reading comic book instructions on how to fly, and who since has escaped five times from Boys ranch near Amarillo, was returned to Amarillo Wednesday afternoon in custody of Hank Decker, manager of Boys ranch.

Decker came here for the boy after the youngster allegedly "picked up a knife" at a local second-hand store and was arrested by Pete Hubbard and Homer Harrison, police patrolmen.

John W. Wilson, city-county juvenile counsellor, was informed that the boy had figured in five escapes from Boys ranch. On one of his flights he stole an automobile, officials here said they had been informed.

Club Members Hear Farm Progress Talk

"The most specialized man in business today is the American farmer—and as sure as the farmer prospers, the townspeople also prosper."

That was a statement issued Wednesday to members of the Lubbock Exchange club meeting for luncheon at Hotel Lubbock by Jack Creel, KYFO farm editor, who spoke briefly to the group on the desirability of increased understanding and cooperation of farmers and townspeople on the South Plains.

Creel, who apparently desired to clear what he believed a common misunderstanding of the farmer, stated that the farmer in this area is generally "way ahead" of business and industry, that the South Plains farmer "does not need to be pulled along, but more often is far out front in his thinking and planning."

Summarizing South Plains cotton prospects this year, Creel predicted the take would be somewhat less than the 1947 average of a bale per acre on irrigated land and from one-third to one-half bale on dry land. He attributed the low estimate to a lack of underground moisture in the area.

C. W. Ratliff, managing editor of the Lubbock Avalanche-Journal, also spoke briefly to the group, and presented Jim Reynolds, club president, with a Soap Box Derby scrapbook of press clippings and photographs, compiled by Roy Finley. The book will be entered by the local chapter in the State Exchange club juvenile project competition this weekend at San Antonio, when the state convention is held.

New York state has more than 8,000 lakes and ponds.

Mrs. C. A. Pigford, 36, Of Seagraves, Claimed In City

SEAGRAVES, Sept. 8 (Special)—Mrs. C. A. Pigford, 36, a resident of Seagraves for the past two years, died at 1:15 p. m. Wednesday in West Texas hospital in Lubbock after an illness of several years. She had been in the hospital almost a week.

The body was shipped by train Wednesday night by Rix Funeral home of Lubbock to Charleston, S. C., for services and burial.

Survivors include the husband, Dr. C. A. Pigford of Seagraves, two children, two sisters, Mrs. Ruth Plowden, and Mrs. Betty Simmons, both of South Carolina, and her parents, Mr. and Mrs. W. W. Wilbur, also of South Carolina.

HERE'S ANOTHER WINNER
In The Forrest Home Contest

FORREST HOME CONTEST

Drawer 30

Lubbock, Texas

Gentlemen:

I would like to own my own home because—Having had my own home established for so many years, I feel that without it I am without an anchor.

I sold my home for various reasons, thinking I would be able to establish another soon. But! these awful high prices! Due to present circumstances, I must have a home with an income, but for one of small means the cost is all but prohibitive.

I would like to own my own home because a woman's home is her kingdom, lending dignity, peace and quiet. A refuge from the turmoil of a topsy turvy world. A place to putter around the flowers, watching them burst forth in the Spring, then into full flower like the joyous songs of the birds through the fullness of Summer—then, at the appointed time, give their seeds back to Mother Earth for their own perpetuation. Then when we have come to the Winter of Life—a fireside to warm our hearts as we sit in retrospection of a life well spent.

Sincerely,

MRS. HAZEL PUCKETT

Seagraves, Texas

The Woman's Angle
By Margaret Turner

ARE teen-age drivers as reckless as older folks say they are? The National Safety council says "yes." Special studies indicate that the fatal accident rate in terms of miles driven by youngsters under 20 may be 89 per cent higher than the average rate for all drivers.

And have you noticed that Lubbock youngsters have converted Avenue Q from Nineteenth to Thirty-Fourth into a speedway?

• • •

WEDDING GIFTS

DO young couples who set up housekeeping these days with complete sets of furniture, silver, china, crystal, linens and the like appreciate those furnishings as much as they would if they made the collection gradually through the months and years?

We've heard that question asked several times of late; usually after someone had just viewed a display of wedding gifts that represented a collection as ample as the bride-elect's mother had managed to accumulate in twenty years.

• • •

ONE jolly middle-aged mother teased her engaged daughter when her friends came by to see the trousseau and wedding gifts because the mother didn't have enough "good" cups to serve coffee to more than five at one time. Gazing rather wistfully at the fine set of china and handsome pottery cups and saucers, she said "I certainly didn't have a send off like this when I married. Our first table settings came from the five and dime."

"Do you think you would have been happier if you had started keeping house with two sets of dishes?" we asked.

"Oh no, of course not," she answered in haste. "But it would have been a little more convenient. We had a lot of fun saving and budgeting in order to furnish our home."

• • •

ONE mother at least thinks it's wonderful that friends learn the "patterns" for silver, china, crystal and so on and buy selections in them for the young couples instead of giving them gifts that do not match anything and might not fit into their design for living.

• • •

ROLLS AND COFFEE

THE American housewife is not much of a baker and uses her coffee maker utensil oftener than any other kitchen utensil experts have found.

A survey conducted in three states—California, Nebraska and Rhode Island—indicate this is true all across the country.

Next to coffee makers, the researchers discovered that Mrs. America uses oftenest a frying pan and that old standby, the 1-quart saucepan, was third.

• • •

WE never cease to be amazed that so many women can't brew a tasty cup of coffee. A friend confessed that she had never made a cup that was fit to drink and wondered why.

"Perhaps it's because I don't measure the coffee or the water and usually let it boil," she suggested.

On the other hand, we have never tired of drinking cups of the steaming liquid as prepared by Mrs. H. A. Watson, Mrs. J. M. Everheart and Mrs. Bennie McWilliams.

• • •

MISCELLANY

THERE are three years' subscriptions to some of the outstanding magazines to be given away at 2307 Eighteenth, telephone 8457. It's thought the volumes would be especially helpful to teachers in visual education work.

• • •

Leonard Jarett, telephone 4465, has a two months old puppy to give away. It is a female, of the terrier type.

• • •

A small black female dog whose tags are lettered with the name "Lockhart" came to 319 Sherman Wednesday at noon. The telephone number is 2-6376.

Mackenzie Park Is Scene Of Reunion

Sons and daughters of Mrs. Maude Ritchey of Plainview attended a reunion at Mackenzie State park Sunday. A picnic lunch was spread. Pictures were taken in the afternoon.

Attending the gathering were: Mrs. Maude Ritchey; Mr. and Mrs. George Bain and sons, Mac, Ray and William, of Plainview; Mr. and Mrs. T. N. Ritchey of Ralls; Mr. and Mrs. L. F. Ritchey and baby, Winston, of Farmer; Mr. and Mrs. J. C. Thomas and son, George, and daughter, Rogene; Mr. and Mrs. Lewis Ritchey and sons, Ray and Bobbie, daughter, Betty, of Melrose, N. M.; Mr. and Mrs. Buel Ritchey of Idalou; Mr. and Mrs. E. B. Ritchey and son, Johnnie, and daughter, Mrs. Donald Conde and her small son, Donnie, of Riverside, Calif.

Friends calling were Mrs. D. M. Thomas of Plainview; Mrs. Evelyn Easley and daughter, Ina Faye and son, J. E., of Farmer.

September Meeting Given By Auxiliary

The September meeting of Jewish Ladies auxiliary was directed by Mrs. Alvin Goldstucker Wednesday afternoon at Congregation Shaareth Israel temple.

Mrs. Louis Freed and Mrs. William Kuhn presented a reading "New Israel."

Refreshments were served to the 25 women attending by Mesdames Mitchell Shaw, Meyer Harris and A. L. Kornfeld.

Smiths Return From Wedding Trip To Live In Lubbock

Mr. and Mrs. Dewey Smith, who were married Saturday night at 7 o'clock at St. Elizabeth's Catholic rectory, have returned from a short wedding trip and are at home at 1511 Fourteenth. The bride is the former Miss Elizabeth Novak of Lubbock, daughter of Mr. and Mrs. Andrew Novak of Catawissa, Pa.

Rev. Leo Conlin read a double ring ceremony.

The bride, given in marriage by her brother, Stephen J. Novak, wore a dusty rose dressmaker's suit with navy accessories and carried a nosegay of gardenias.

Mrs. W. E. Rogers, matron of honor, wore a gray suit with bronze accessories and a corsage of yellow roses and gardenias.

J. W. Smith of Abernathy served his brother as best man.

A reception was held in the Chimayo room of the Hilton hotel. The bride, who is a graduate of Catawissa High school, lived in Manhattan, N. Y., before coming to Lubbock. She is employed at Rhodes Bros. Safety Lane.

Mr. Smith is a graduate of Abernathy High school and served in the Army Air Corps during the war. He is employed by Black-Sivalls and Bryson Oil company.

Father Is Honored At Dinner In Home

Children of Mr. and Mrs. W. F. Triplett gave a surprise dinner in their father's honor Sunday in the Triplett home in Brownfield. Mr. Triplett had observed his 82nd birthday Saturday.

Their sons are J. L. Triplett of Lamesa and L. F. Triplett of Brownfield and their daughters are Mrs. R. P. Summers of Lubbock, Mrs. Bernice Windsor of Tatum, N. M., and Mrs. C. W. Galleher.

Others attending the celebration were Jerry and Dannie Galleher, Trent and Donald Summers, Tray Windsor of Tatum, N. M., Frank and Wilmo Jennings, Barbara and Carry Etta of Lamesa.

Barbecue Planned For Couples Class

A barbecue to be given Monday, Sept. 20, at 6:30 p. m. at Mackenzie State park barbecue pit was planned for First Methodist Young Married Couples by the executive committee Tuesday night in the home of the teacher, R. Briggs Irvin.

On the committee are Messrs. and Mesdames Dean Miller, Gerald LaKey, Murray Owen, and Mesdames Dal Grinstead, Allen Todd, and Olin Monk.

P-TA Re-Schedules Meeting For Today

A meeting of Sanders Parent-Teacher association scheduled for Wednesday afternoon was postponed until this afternoon at 3:30 o'clock at the school since the principal, Cecil Buck, was out of town.

Child Study Group Initiates Fall Club Season With Children's Party Wednesday

The fall club season was initiated by AAUW Child Study group 2 Wednesday afternoon with a children's party given in the Party House at Mackenzie State park.

Games for the children were directed by Mrs. Gordon Deering. Hendrix, Deering. N. A. Cox, Paul Cates and R. E. Gee.

Members and their children attending were Mesdames Winston Brummett, Phil and Craig; Paul Cates, Alta Ada and Martha Ann; Bob Elam and Don; Otis Fincher, Linda Kathryn and Vida Marilyn; R. E. Gee, Bobby and Billy; Eugene Knox, Vicki, Mary Genette and Loretta; Ray Livesay, Lynn and Mark; Belverd Needles, Belverd Earl and Melinda; C. M. Neel and Gay Carole; J. D. Sanders, Charles and John; Preston Smith, Preston Michael and Jan Lauren; Frank Todd, Luane and Frank, jr.; Jess Hendrix and Gene; N. A. Cox and Barbara Ann; and Dr. Agnes True.

Jaycee-Ettes Name New Club Members

Mesdames D. L. Pemberton, T. J. Vallas, Bill Casstevens, Melvin Best, Ted Waldrip, Bill Anthony and Odie A. Hood were received into the Jaycee-Ettes Tuesday night at a meeting with Mrs. Joe E. Baldridge. Co-hostess was Mrs. Matt Sullivan.

Mrs. Wayne Pharr was elected secretary to fill a vacany caused by resignation of Mrs. H. T. Stovall who moved to California. She and Mrs. J. C. Hughes were named to the membership committee.

The club will attend a business meeting Oct. 5 at 8 p. m. in the home of Mrs. J. W. Kinard, 2618 Twenty-eighth, with Mrs. Linley Millsap as co-hostess.

Club Is Re-Named At First Fall Meeting

When Decorum club had its first meeting of the fall Tuesday night in the home of Mrs. Jimmie Cunningham, 1909 Ave. K, members voted to change the organization's name to "Relax 'n Relate" club.

Secret pal gifts were exchanged and pals were revealed. Mrs. A. C. Bullard guessed the "Heart's Desire" gift and Mrs. David Garrison and Mrs. Steve Dobbs were given presents.

Others attending were Mesdames Jake Abbott, K. D. Hancock, Harry Hodge, L. E. Walker, J. W. Cunningham, R. L. Hooper and George Gilliam.

The club will meet with Mrs. Gilliam, 1306 Twenty-eight, Sept. 21 at 8 p. m.

Lutheran WMS Studies 'Christian And Labor'

Day Group of the Daughters of the King Missionary society of Shepherd King Lutheran church met Wednesday at 2:30 p.m. with Mrs. T. F. Schwarz in the Cowan addition.

A scripture and prayer for the day were brought by the hostess. Mrs. Henry Young led a discussion on the "Outlook" topic for this month, "The Christian and Labor." Because of inclimate weather, election of officers was postponed.

Attending were Mesdames J. L. Watkins, Orbin Nowell, Oscar Nelson, Lenro Keeton, David Sieberg and Rev. David Sieberg.

HERE FROM MISSISSIPPI

Mrs. C. C. Pearson of Laurel, Miss., arrived Tuesday for a visit with her sister, Mrs. C. P. Edwards, 2604 Thirty-first.

Sewing Sessions

Mrs. Audis Moore was elected president of the **FRIENDLY NINE NEEDLE CLUB** at a Wednesday meeting of the group with Mrs. R. W. Breedlove, New Hope road, for luncheon at 11 a. m.

Other officers elected were Mrs. G. E. Holmes, vice-president; Mrs. John Box, secretary-treasurer; Mrs. H. F. Holland, assistant secretary-treasurer; and Mrs. E. C. Caviness, reporter.

A gift of crochet was presented each member of the club by the retiring president, Mrs. Breedlove.

Attending were Mesdames G. E. Holmes, John Box, H. F. Holland, L. E. Heim, Tom Ogg and Audis Moore. Mrs. Roy Cook was a guest.

• • •

A coffee will be given Tuesday at 9:30 a. m. in the home of Mrs. Holland, 2102 Ave. M, honoring new officers.

• • •

Mrs. R. S. Rodgers, 2109 Seventeenth, was hostess to the **1916 NEEDLE CLUB** Wednesday afternoon with Mrs. J. A. Pressley as assisting hostess.

Guests present were Mrs. A. W. McKee and a Mrs. Wood. Members of the club attending were Mesdames D. N. Henderson, B. T. Hambright, J. M. Gordon, R. V. Kimmel, Ed Green, J. B. Edwards, Earl Thompson, Earl Allen and James Samson.

• • •

Yesterday afternoon's meeting of **SEW-ON-WEDNESDAY** club was attended by the following members in the home of Mrs. Raymond Waters, 2124 Twenty-fourth:

Mesdames Curtis Boyd, Melvin Copp, Ralph Burdett, Melvin Robertson, E. E. McClatchy, Lewis Hobbs, G. R. Saverance, J. L. Badley and A. B. Bryant.

Sept 22 at 2:30 p. m., the club's hostess will be Mrs. Bryant, 3110 Thirtieth.

• • •

In the home of Mrs. Dennis Dempsey at 2807 Thirty-third Wednesday morning, a coffee was given for **U-NEEDA-SEW-MOR** club. At the party were Mesdames K. O. Peterson, Ervin Johnson, Woodrow Cates and John Lowery.

The club planned a luncheon for Sept. 22 at 12 noon at Mrs. Cates' at 2205 Ave. V.

Evening Party Is For Miss Lewellyn

As a compliment to Miss Hazel Lewellyn who will marry Thomas W. Mackey, jr., Saturday, a party was given by Mrs. T. W. Mackey, 1306 Twenty-fourth, Tuesday night.

She was assisted by Miss Betty Mackey.

Guests were Mesdames Carlos Reed, Bert Mackey, Gene Cornelius, A. A. Reynolds, Jake Sodd, Will McCreary, Carol Lewellyn and daughter, Carla and J. D. Mackey. Eight others sent gifts.

Gifts Exchanged By Smyer Women

A gift exchange featured the meeting of Ladies Sunshine club of Smyer which was held in the home of Mrs. Dee Whitby Tuesday.

At the meeting were Mesdames J. P. Pace, W. B. Altman, Pat Murphy, Riley Rush, Howard Spence, Bill Burleson, J. H. Westbrooke, J. W. Brown and W. C. Floyd.

On Sept. 20, the club will meet with Mrs. Pace.

UDC Chapter Holds Initial Meeting

Stephen Wilkinson chapter of the United Daughters of the Confederacy held its first meeting of the season Wednesday at 3 p. m. with Mrs. Dan Blair, president of the group, for an explanation of committees and their duties.

A birthday gift was sent to Mrs. A. M. Robertson, 100, who is a member of the chapter. It was also voted to send her an ice cream cone each day for a month as an additional courtesy from the group.

Mrs. Russell Ray gave a program on "A Southern Battlefield, A Southern Home, and a Southern Novelist."

Members attending were Miss Mamie Crump and Mesdames Russell Ray, L. V. Risinger, John Lemond, J. H. Hankins, L. A. Kerr and Blair.

Following the meeting, Miss Crump and Mesdames Blair, Lemond and Kerr, representing the chapter, paid a courtesy call to Mrs. Robertson.

Entertainment Is Farewell Courtesy

To honor Meradith Smith who is going to Stephens college in Columbia, Mo., this fall, a party was given at the barbecue pit in Mackenzie State park Tuesday night.

Hostesses were Nancy Boswell, Anne Adams, Bettie Shipman and Claudyne Young.

Punch and cookies were served to fifty guests.

The honoree received a pen and pencil set.

Asbury Methodist Class Has Election At Church Meeting

Officers elected by Asbury Methodist Awakened Wesleyan class Tuesday night in the church parlor were:

Mesdames J. H. Williamson, president; H. M. McCullough, vice president; C. H. Campbell, secretary; J. H. Rhea, assistant secretary; C. A. Powell, treasurer and J. C. Dean, assistant secretary.

Mrs. A. S. Westbrook, retiring president, was presented with a costume pearl necklace.

Mrs. Nannie Gililland's group served as hostess.

A devotion was led by Mrs. Gililland and Mrs. F. J. Doose led in prayer. Three vocal numbers: "When I Grow Too Old To Dream," "Rose of Tralee" and "One Fleeting Hour," were sung by Misses Anita and Juanita Reynolds and Katherine Shafer, accompanied by Mrs. Carlos Reynolds.

Guests Leave Today For California Home

Mrs. J. B. Bentley and daughter, Mrs. F. W. Cowan and granddaughter, Jo Ann, of Montevello Calif., are leaving today for their home after a visit here in the homes of Mrs. Bentley's sons, Lloyd Bentley, 720 Ave. M, and C. B. Bentley, 2010 Thirty-first.

A family reunion was held by the group Sunday at Mackenzie State park with A. L. Bentley and family of Fort Worth and H. D. Bentley and family of Vera joining the Lubbock group.

Mrs. Sam Jones Is Honoree At Party

Mrs. Sam Jones' name was inadvertently omitted from the report of a party given Monday night by Mrs. Isabel Garrison and Mrs. J. A. Laney. She and Mrs. Tom J. Boyd were honored at the party at which members of the Colonial Dames chapter were guests.

Mrs. Jones recently returned to Lubbock after a residence in Korea. She has been visiting at her ranch in Colorado.

Today's Events

Shallowater Study club members who met with Mrs. R. W. Woodruff Tuesday installed new officers.

Refreshments were served to Mesdames I. C. Elliott, A. F. Reese, Edwin Merril, Frank Adams, J. T. Scott, H. V. Newman, S. H. Robinson, J. E. McMenamy and the hostess.

NOT HALF-SAFE

LITTLE ROCK, ARK. 1948 – Lorraine Davies of Little Rock, and Orlando, Florida, says: "A girl doesn't get around much if she's only half-safe. So I make sure I don't lose out on dates and dances. I use a deodorant that stops my perspiration 1 to 3 days. Kills perspiration odor instantly, safely, surely, better than anything I've found. Safe for my skin and clothes."

How about you? Don't be half-safe – be Arrid-safe! Use Arrid *to be sure*. Now, with Creamogen,* Arrid will not crystallize or dry out in the jar. Get new Arrid with Creamogen today – 39¢ *plus tax.* *Trade-Mark

Sanitation Movie Shown At Luncheon

"The Ominous Arms Case," a movie on sanitation, was shown by Mr. and Mrs. B. M. Mason of Austin for Lubbock Business and Professional Women's club Wednesday at a luncheon held in Hilton hotel. Mr. Mason is public relations director of the Associated Master Plumbers of Texas.

Mrs. O. B. Ray, president of the South Plains Plumbers auxiliary, directed the program. Presiding at the meeting was Mrs. June Woodrum.

Mrs. Esther Mills was a guest. Fifty members attended.

Wardrobe Materials, Colors Discussed

Colors and new materials for fall wardrobes were demonstrated by Miss Clara Pratt, county home demonstration agent, when she met with Plainview-Hi club Tuesday afternoon in the home of Mrs. W. W. Atwood.

Plans for a family picnic to be held Sept. 16 at 6:30 p.m. at Mackenzie State park were made. The next regular meeting will be Sept. 21 with Mrs. J. M. Caddel.

Attending the afternoon meeting were Mesdames A. Holmes, E. J. Kittle, J. E. McCellon, D. D. Moore, S. C. Robinson, C. H. Tisdel, G. E. Vaught, H. F. Williams, L. D. Vessels and S. C. Rawlings.

The name of cannel coal, which burns with a bright smokeless flame, is believed to be a corruption of the word candle.

Pioneer Families Gather Near Dumas For Celebration

The Morton and Walker families who came from Tennessee and Mississippi as western pioneer families attended a reunion in the ranch home of Mr. and Mrs. W. J. Morton, jr., near Dumas recently.

Pioneers attending were Messrs. and Mesdames J. H. Morton, R. W. Morton, J. N. Morton, W. J. Morton, sr., J. S. Walker, Jess Walker, J. A. Davis and Wood Moreland. Before moving to Texas, the families first settled in Greer county, Okla.

Seventy-six other persons were present for the event. Four generations were represented.

Dixiecrat Solons Will Escape Punishment By Senate Demos

By RAYMOND LAHR
United Press Staff Writer

WASHINGTON, Sept. 8.—There is no likelihood that Senate Democrats will try to punish dissident Dixiecrat senators by stripping them of Democratic committee assignments, a party source said today.

This is true, the official said, despite the Democratic National committee's warning that supporters of the Dixiecrat ticket are automatically removing themselves from the Democratic party.

Pressure Put On Rebels

His statement came as the committee's efforts to swing rebels back into line extended to Texas and Alabama.

W. J. Primm, assistant to democratic national Chairman J. Howard McGrath, said he had information from Texas Democratic state leaders to the effect that anyone who takes part in today's Dixiecrat convention at Dallas will not be allowed at the regular Democratic convention at Fort Worth next week.

Primm said that he welcomed the showdown with the Dixiecrats in Texas.

At the same time, Primm renewed his demand that Col. Marion Rushton resigned at Alabama national committee because of his opposition to regular party nominees. He said Rushton's reported concern over the formalities of quitting are groundless—"all he has to do is simply resign."

Four Solons Join Revolt

Thus far only four of the 22 southern senators have formally committed themselves to support the Dixiecrat ticket, although many more were making threats of bolting last spring when the civil rights issue split the Democratic party.

Sens. James O. Eastland and John C. Stennis of Mississippi have both taken an active part in the Dixiecrat movement. In Alabama, Sens. Lister Hill and John Sparkman are formally committed to support presidential electors now pledged to the Dixiecrat ticket, but neither has gone beyond the formal obligation.

Even in South Carolina, home state of Gov. J. Strom Thurmond, Dixiecrat presidential nominee, Sens. Burnet R. Maybank and Olin D. Johnston have failed to pick sides so far. Maybank, who recently won renomination, may appear as the senatorial candidate in November on both the Dixiecrat and national Democratic tickets.

South Carolina Democrats were the first to receive "support-Truman-or-else" warnings from the Democratic national committee.

If the threat were carried through in Congress, Dixiecrat members could be denied the committee seats and seniority which they have gained as Democrats. However, action of that type apparently is not in the offing.

Sen. Glen Taylor of Idaho in effect bolted the Democratic party last winter when he joined Henry A. Wallace's Progressive party movement. During the session of Congress, the Democrats made no attempt to force him off his committees.

BRANIFF SETS SAFETY RECORDS—First passenger on Braniff International Airways' flight which marked the billionth passenger mile of safe flying without accident is Miss Patricia Farrido of Syracuse, New York. Congratulating Miss Farrido is President T. E. Braniff, right, and Hostess Jonabeth Anderson. Miss Farrido boards the DC-6 which made the record flight from Dallas to Chicago this week. Braniff has received 15 out of 16 safety awards given by the National Safety Council.

Assistant Professor Named To Education Post At Tech

Donald McDonald will join the department of education and psychology at Texas Technological college as assistant professor this month, with the special assignment of teaching elementary education.

He will come here from Beeville, where he was elementary school principal five years. Prior to that, he was elementary school principal at Denison three years.

He is a native of Denton county and is a graduate of Pilot Point High school of that county. He holds bachelor of science and master of science degrees from North Texas Teachers college. He has done work toward a doctorate at Peabody college, Nashville, Tenn.

He is married and has three children. Mrs. McDonald is the daughter of Mrs. George Beard of north of Lubbock and the late George Beard.

McDonald is a member of Phi Delta Kappa, a professional fraternity for men in education; the Texas State Teachers association the National Education association and its Department of Elementary School Principals. He is a Kiwanian and is the immediate past president of the Beeville Kiwanis club.

FIRES BURN OUT

AUSTIN, Sept. 8. (AP)— Fires which broke out early Monday in the Cedar Brake hills west of Lake Austin in Travis county have burned out, Director Homer Garrison of the State department of Public Safety reported today. He said the fires died out during the night before reaching several houses which had been threatened.

MORNING COUGHS

Don't let morning and night coughing, recurring attacks of Bronchial Asthma ruin sleep and energy another day without trying MENDACO. This great internal medicine works thru the blood, thus reaching the bronchial tubes and lungs. Usually starts helping nature immediately to remove thick, sticky mucus, thus alleviating coughing and promoting freer breathing and more refreshing sleep. Get MENDACO from your druggist today. Quick satisfaction or money back guaranteed.

Lubbock Barber Shop Group To Sing At Saturday Program

Lubbock Chapter No. 1 of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America held a regular chorus rehearsal Tuesday night and scheduled another for Friday night as preparation for a program they will present Saturday night for the Associated Master Plumbers and auxiliary in the Hilton hotel ballroom.

The group also has accepted an invitation to appear in concert on the recreation hall program on Friday night, Oct. 1 at Texas Technological college.

The society will appear in full dress at the parade of quartets in Amarillo on Sept. 26, at which time a charter will be presented the Amarillo SPEBSQSA chapter. The Plainsmen quartet also will render several numbers on that program.

Retired Texas Attorney Is Taken By Death At Houston

HOUSTON, Sept. 8. (U.P.)—James Milton Brownlee, prominent Texas attorney for more than half a century, died in a Houston hospital today. He was 83.

Brownlee practiced law in Texas 60 years, and retired only two years ago. A resident of Madisonville and Houston, he served two terms in the state House of Representatives from Madison county.

Burial will be in Madisonville. Funeral arrangements are incomplete.

Surviving are his wife, Mrs. Pearl Brownlee, three sons, Milton Brownlee of Madisonville, Get Brownlee of Houston and Charles Brownlee of Dallas, and two daughters, Mrs. George D. Neal of Houston and Mrs. E. Ray Lacy of Houston.

80 Passenger Stratocruiser Granted Certificate By CAA

WICHITA, Kans., Sept. 8 (INS)—Receipts of a CAA type certificate approva lof the 80-passenger stratocruiser was announced in Wichita today by the Boeing Airplane Co.

The certificate was awarded in Los Angeles by CAA stratocruiser test board chairman George Haldeman.

The certificate covers the basic plane of the series. Additional tests of the 70-ton double-deck airliner are to be made on each of six special models.

Fifty-six stratocruisers are now under construction or on contract order, Boeing officials said. Deliveries are to begin this fall.

OLD WORLD STILL IMPRESSIVE

Memories Of Europe Remain As Traveler Returns To New York

By BOB CONSIDINE
(INS) Staff Correspondent

QUEEN ELIZABETH, — Some memories of a trip:

The trip over—the stunning size of the Elizabeth, and the vagrant memory of Bea Lille asking, while once aboard, "What time does this place get to England?" . . . The Alfred Lunts, looking down their well-bred noses at the Ameddicans in the Verandah grille. . .

The look on the face of Trygve Lie, secretary general of the U. N., when he showed up to speak on a ship to shore broadcast of ours—on the place of athletics in world peace—and found the studio rocking with the Andrews Sisters, practicing "Take Me Out To The Ball Game." (But he wound up posing with his arm around them, because their mother came from Norway). . . Towering Capt. Ford, the skipper who looks and acts every foot of the part.

War Damages Still Noticed

England — Southhampton still littered with the blitz of 1940. . . The English countryside, where the grass is greener and the flowers always brighter. . . The tired but uncomplaining people. . . The voice of a British lady telling us she had found my wife's hats strewn over a road 60 miles from London, and had brought them up to the city instead of copping them. . .

The slow but sure resurrection of London from what could have been England's pompei. . . Princess Margaret Rose writhing through a rumba at the "400" with an escort a good two feet taller. . . The inability to find anyone who voted for the Socialists. . .

The British friends who want to supply you with all the pounds you need, if you'll promise to repay them in dollars when and if they get to New York, busted as they must be.

Olympics Impressive

The Olympics—The indescribable opening and closing day ceremonies. . . The patience and loyalty of British sports fans who packed Wembley almost every day, cheered doughtily as everybody from a Montenegrin weightlifter to a Laplandic egg-and-spoon racer won titles, and never got a winner. . . The stopefying heat of the early days and the ceaseless rains that followed. . .

The Italian who dropped his baton in the spring relays and tried to crush his head with his fists. . . The Dane who broke a leg in the '800'. . . The fruitless exuberance of Barney Ewell when he thought he had won the '100' and the helpless wailing of gigantic Arthur Wint, of Jamaica, when he broke down in the finals of the 1,600 meter relays. . .

The disqualification of the American sprint relay team. . .

The speeches of Avery Brundage. . . . The torch-bearer who lighted the Olympic flame, and the way it looked on the final day as it sadly flickered out.

Paris—Hildegarde on a balcony . . . The kiss-blowing French shirtmaker at Sulka's who asks, as if his world depended on it, if M'Sieu likes a long tail. . . The music of the Champs Elysees. . . The utter indifference of the people to the rise and fall of their governments. . .

The medieval-uniformed man who accompanies the passing of the "plate" at Notre Dame, and raps briskly on the stone floor of the old church to stimulate the collections. . . Bright, golden statues atop marble pillars. . . The heady aroma of a million restaurants. . . The passive Seine and its fly-blown, book-stalls. . .

The ecstatic American women, comparing their shopping scoops in the Ritz bar. . . The never blunted shock of the contrast between its beauty and its sordidness.

Rome — The guard who frisks you as you enter St. Peter's. . . The nonchalant siesta from noon until four, observed each day by the better shops. . . The indestructibility of its ruins, still more solid than its present. . . The food, not as good as Naples of Sorrento but infinitely better than most of the world. . .

The eagerness of even the rich for an American cigaret. . . The sleepless Communists. . . And the Pope — the unforgettably gentle Pope. . .

Capri — The people you run into: Gracie Fields, plain as an old shoe but wearing none, clopping around her place on her bare dogs, fixing ham and eggs, ignoring make-up, giving our ruptured 1925 Fiat a rousing shove with her jeep. . .

Anita Colby and her sis, Francine. . . Ill-starred Nancy Oakes, and her Vassar-going sister and younger brother, living atop a peak attained only by means of a 23-year-old donky named Michaelangelo, who once carried even Primo Carnera up the stone steps to that Eyrie. . . Capri's one night club, a rendezvous for wastrels, sightseers and queers. . .

The fabulous blue of the grotto, like the blue on the robes of the Virgin in a dozen niches in the dizzy towers of rock about the island. . . The look of brooding Vesuvius, seemingly ever bent upon throwing one more punch.

Venice—the incredible dexterity of the gondoliers, never scraping, always scrapping. . . The blind-windowed old mansions along the Grand canal, and the yellow lights of the canal-side restaurants. . . The suffocating aroma of some of the side canals . . . A troubador's voice, singing at night in a shrouded gondola. . .

Gondola funerals paddling mournfully to the water-bound cemetery. . . The smart shops. . . The red glassware. . . The endless squadrons of pigeons in San Marco's Piazzo, waddling about while a band of reed-blowers from the hills plays a lilting melody for those who laze in the sun at the sidewalk tables.

* * *

But what is it, compared to the New York skyline. . . and the sight of your kids?

Dr. E. N. Jones Is Rotary Club Speaker

Dr. E. N. Jones, new vice president of Texas Tech college, speaking before members of the Rotary club at their weekly luncheon Wednesday noon at Hilton hotel, applied human relationships to active club membership, and said that what is behind the eye is much more important in seeing things than what is out in front to be seen.

A long time Rotary member, Dr. Jones spoke on club rules and ethics, and believes that the goal attained in human relationships is determined in large measure by thoughts baci of the efforts toward the goal.

Inter-City Meeting Set

Speaking of Texas Tech, Dr. Jones said he is looking forward to his task of coordinating academic activities at Texas Tech, adding that despite actual development of the college far beyond any other in the state, based on its age, there is much to be done at the college if it is to be the type of institution it was designed to be, and should be.

The speaker was introduced by Dr. F. B. Malone, program chairman.

Club President Irving Jones announced the inter-city meeting scheduled here Sept. 23, and read a letter from the club at Littlefield inviting club members from here to attend the inter-city meeting there Sept. 16.

County Agent D. W. Sherrill announced the annual field day and conservation tour, to be held here Friday, and invited all farmers and business men to attend.

Edgar Womack was introduced as a new member. Visiting Rotarians included Wallace Nelson of Borger, Ken Bell of Amarillo, Harmon Watson of Ralls, C. E. Ross of Brownfield, Gene Holmes of Littlefield, Bob Kennedy of Pauls Valley, Okla., Don Ross of Oklahoma City, Bud Neeland, Edwin Forrest and J. E. Lovelace of Slaton. Invocation was by Clarence Whiteside.

Fast, Blissful Relief from Itching Skin Misery

"Wouldn't be without it!" Say Resinol users when telling how amazingly this soothing ointment comforts the fiery itch of dry eczema, common rash, pimples, externally caused. Well worth trying. Adv

Brief Bits Of Local News

Former Lubbock residents Mr. and Mrs. W. E. Flenniken, now of Tucumcari, became the parents of a daughter at 6 p. m. Tuesday, friends here have been advised. The young father is the son of Mr. and Mrs. Gordon Flenniken, who moved from here to Tucumcari about four years ago.

A meeting of the Naval Reserve squadron will be held at 7 p. m. tonight at the Naval Reserve armory on Tech campus.

Lubbock and the round-house being built by Elmer Terry, Lubbock contractor, in the 3000-block on Twenty-eighth street, are receiving a lot of national publicity this week through the distribution of the New York Sunday News. A full-page article about the odd house with pictures of the house under construction, the floor plan and Mr. and Mrs. Terry and their son, Jock, is in this week's pre-date of Sunday's News The article, similar to one which appeared several weeks ago in the Avalanche-Journal, was written by H. I. Kiefer, Avalanche-Journal staff writer. The Sunday News has a circulation of 4,400,000 in New York and throughout the nation.

An old clothes drive, designed to supplement the general fund of the Lubbock Junior Chamber of Commerce, opens today, and will continue for several weeks, terminating in a general sale, probably sometime during October, according to Jesse Gordon, arrangements chairman. A pickup station is being maintained at Woody Tire Co., 1656 Broadway, and those desiring to donate clothes (that means shoes, hats or anything, the Jaycees say) may have them picked up by calling the Jaycee office (telephone 6861). The Jaycee general fund is used to back civic enterprises deemed worthy by the club.

D. M. McElroy, executive secretary of the alumni and ex-students association of Texas Technological college, spoke Wednesday noon at the luncheon of the Sweetwater Junior Chamber of Commerce, and again Wednesday night at a called meeting there of Tech graduates and ex-students in an effort to establish an active Sweetwater alumni chapter.

The condition of Rev. Fred Lambert, pastor of Eastside Baptist church, who Saturday afternoon suffered critical injuries in a car-train collision, was reported Wednesday night by attendants at Lubbock Memorial hospital to be "doing about as well as can be expected" in his still-critical condition. The minister, who has never regained consciousness, suffered a severe brain concussion and several deep lacerations of the face and head.

Gene Turner, 13-year-old son of M. Clyde Turner of 4001 Twenty-first who is under treatment at St. Mary's hospital for bad bruises and possible chest injuries suffered Tuesday afternoon when he fell from a tree, was reported by a hospital attendant Wednesday night to be in an improved condition. He apparently suffered no fractures.

Annual Sale Of VFW Safety Seals Gets Underway In City

The annual sale of Veterans of Foreign Wars safety seals opened here Wednesday.

It was pointed out that post officials believe the seals not only will add materially to the fund needed for completion of the VFW hall, but will do much toward awakening greater interest in safety on the part of motorists and pedestrians.

It was announced that the organization's new home, being built on the "pay as you go" plan, is about half finished. Headquarters for the sales campaign will be maintained at 1209½ Broadway. Bert Starnes is chairman of the sales committee. Information also is available from Jewell Marbut, post adjutant and quartermaster, or Tom Everheart, past commander.

Soapy water is probably beneficial to plants, says the U. S. Department of Agriculture.

COLORED 'BIG THREE' FEATURED

Three Lubbock Negroes Given Recognition In Ebony Magazine

Three Lubbock negroes are featured in the October issue of Ebony, negro magazine patterned in style of Life magazine, in an article on "Texas negroes Strike It Rich," by J. M. Brewer.

The three are Dr. J. A. Chatman, doctor; William Lusk, who operates a boot shop, and Dr. Clarence Lyons, dentist, all Lubbock negroes, described as a "Horatio Alger triumvirate" and as the "Big Three" of Lubbock's colored population.

Makes Numerous Talks

Illustrating the article are pictures of the Chatman hospital-clinic, Lusk's boot shop, the dental office of Dr. Lyons, and pictures of the three negroes invarious scenes. One showed Dr. Chatman speaking to a church group of white women. It was pointed out he makes regular lectures on race relations and in the last three years has spoken 75 times to groups of white persons.

Lubbock is represented as a "thriving community" which tells the story of new frontiers for negoes in West Texas.

The article states Dr. Chatman arrived at the railroad station nine years ago "without the proverbial nickel and a nail' after his practice in an East Texas community floundered for lack of patients; today he has a $75,000 hospital and clinic and a $20,000 home." The article continues by stating Dr. Lyons came to Lubbock 16 years ago with $16 and no place to stay and his real estate holdings have zoomed to a total of $175,000. A former shoe shine boy who makes cowboy boots, Lusk fills "some $50,000 worth of orders annually," employing seven persons, five of them white, the article states.

The Chatman hospital is described as the first modern negro hospital in a 16,000-square-mile area in West Texas.

Lubbock Man To Return To Duty Aboard Navy Vessel

After serving as an employee of the City of Lubbock for the past year, Charles Dvoracek has received orders from the Navy department to report for duty on Oct. 1.

Dvoracek, a member of the Naval Reserve the past two-and-one-half years served three years in the Navy during the war. He will return to active duty as a lieutenant (sg) and is scheduled to report to the USS John A. Bole, a destroyer, as a gunnery officer.

Dvoracek, who played football for Texas Tech from 1939 to 1941, entered the Navy in January, 1942. After the close of the war, he served 14 months with the Veterans administration before accepting the city post. He has been securing right-of-way for the traffic dispersal system through Lubbock.

Mrs. Dvoracek is to visit with relatives in Arkansas until her husband is located at a station. She will then join him.

A good combination for a vegetable dinner: snap beans, baked stuffed potatoes with mushrooms, buttered beets and perhaps spinach.

GOAT ADOPTS FAWNS—This nanny goat and twin fawns she adopted were an attraction at a Concrete, Wash., festival. A farmer who found the deer and assigned the mothering job to his goat said all concerned seemed happy over the arrangement.

Husband's Attempt To Prove Housework Can Be Speeded Up Ends With Victory For Wife

By HAL BOYLE
Associated Press Staff Writer

NEW YORK, Sept. 8 — Tellis Mae Peeble, like any other housewife, often complained that "woman's work is never done."

And—like any other husband—Wilbur Peeble could never understand why.

After all, didn't he get his work done at the office? Sure. And why? Efficiency, organization.

Sometimes he got a little weary of hearing his wife complain she had more bureaus to clean out than Congress, more floors to sweep than a street cleaner on roller skates.

It was Wilbur's contention that any woman could cut in half the time she spent doing housework if she only organized her tasks.

Reading his Sunday newspaper the other day Wilbur came across a story by a man who had proved this to be true. He was a young Navy commander whose wife had broken her ankle. For five weeks the commander had run his home and office both.

Wilbur read a few paragraphs recounting this man's victory over women's age-old problem of housecleaning, and how easy he had found it by discovering time-saving short cuts. With a yelp of joy Wilbur tossed the paper over to his wife.

"Looky here. Read this. What'd I always tell you? Here's a fellow cut down the time it takes to keep house from six hours and 37 minutes a day to only three hours. Boy, does he make women look pitiful!"

Grimly Tellis Mae took the paper. Silently she read the article. "I see," said Tellis Mae, when she had finished, "that he bought an electric dishwasher and an electric ironer."

"I didn't read that far," said Wilbur uneasily, his smile fading.

"And one of the ways he saved time was to cook dinner in the morning, put it in the icebox and then heat it up again in the evening. That might be a good idea at that."

"You know I don't like warmed over food," grumbled Wilbur.

"When the wife's ankle got well," continuel Trellis Mae, "they divided up the housework. The man says they run their house like a ship now—every member of the family has certain duties. He says it's lots of fun."

"uh huh—um-m-m," said Wilbur, burying himself behind the sports section of the paper.

"We could do that—let's try it," said Tellis Mae brightly. "You could scrub the bathroom twice a week, do the beds, and wash the windows. We could save enough time to do all the things we don't find time for now."

Wilbur made a strangled sound. "Did you say 'aye, aye'?" purred Tellis Mae.

"I did not," said her husband. "Can't you take a joke?"

"Well, I'm tired of that one," snapped Tellis Mae. "If you don't like the way I keep house, admiral, then we're going to start playing houseboat, just like the Navy man you seem to admire."

Wilbur shut up. Next month when Tellis Mae handed him the household bills, he saw two strange items: "Electric dishwasher and electric ironer."

Tellis Mae saluted him and said:

"Aye, Aye, skipper—everything ship-shape?"

FILM OFFICIAL RETURNS

HOLLYWOOD, Sept. 8 (INS)—Film Executive Darryl F. Zanuck returned from a European tour today and declared that while many American films are being made in Italy, France and England, Hollywood will always be the world's film capital.

Rain Fails To Slow Draft Registration

Registration of men born in 1926 continued Wednesday despite rain, after an appeal was issued for volunteer helpers to assist in registration.

An estimated 6,000 to 7,000 men have registered to date ,with registration of men born in 1926 continuing today, according to Mrs. Viola Younger, clerk of the draft board. Registration will continue through Sept. 18, with men born in 1927 registering Friday and Saturday.

Registration was not conducted at selective service headquarters at 1108 Fourteenth after 1 p.m. Wednesday but carried on at the American Legion hall and in the administration building at Texas Technological college.

The Lubbock county chapter of the American Red Cross was asked to help obtain volunteers and an appeal was issued by that chapter Wednesday morning. Miss Lula Mae Cravens, chairman of volunteer services of the chapter, and Mrs. Hurley Carpenter, chairman of staff assistants, are assisting in registration. Anyone willing to help may call Miss Cravens or Mrs. Carpenter.

Employe Said "Docked"

Volunteers should go to 1108 Fourteenth to obtain supplies before reporting to any registration point to help, said Mrs. Younger.

Informed of a report that one registrant had been "docked" for two hours work because of time he spent waiting in line, Mrs. Younger said she had not heard that report and that all employers had been asked to show patriotism in releasing men from work for registration and that it should be a "patriotic duty" to do so without taking pay from an employe for time spent in registration.

Legion Commander To Be Named Sunday

AUSTIN, Sept. 8. (U.P.)—The American Legion's next state commander will be picked at a convention opening Sunday at Corpus Christi, with four candidates seeking the honor.

The candidates include George Broome, Amarillo; F. B. Elliott, Jacksonville; Joe Spurlock, Fort Worth, and William McCraw of Dallas, a former state attorney general.

George S. Berry, of Lubbock, retiring state commander, has announced that speakers scheduled to address the convention include John Nicholas Brown, Navy assistant secretary for air, and Governor Beauford Jester. The governor will speak on Sunday, while Brown will address the group on Monday.

Other speakers include James F. O'Neil of Manchester, N. H., national commander of the Legion.

Long Holds 10,475 Vote Lead In Louisiana Senatorial Race

BATON ROUGE, La., Sept 8 (AP) — Secretary of State Wade O. Martin, Jr., said today final official returns in the Aug. 31 Democratic primary election give Russell Long a lead of 10,475 votes over Robert F. Kennon for U. S. senator.

The official tally shows: Long, 264,143, Kennon 253,668.

The results in other races:

U. S. Senate, long term, James Domengeaux, 119,459; Allen J. Ellender, 284,293; Charles S. Gerth, 57,047.

BLOOD PRESSURE—HIGH AND LOW

SYMPTOMS: Headache, Dizziness, Pain in back of the head and neck, irregular heart action, nervousness, and cramping in the legs. These symptoms are helped and many times entirely relieved by taking one tablet before meals. This is a new discovery and has been successfully used for five years by E. H. Boaz, M. D., Childress, Texas. Have accurate records to prove my discovery and what it has done for hundreds of others. Dr. Boaz will be at Hilton Hotel, Suite 502, Lubbock, September 7th, 8th and 9th, for examination and treatment of those suffering from High or Low Blood Pressure.

GET THE NEW LOOK— SLIM DOWN YOUR WAIST LINE

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe to take off ugly fat.

Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take just two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 30 Pounds

"I wish to state that I lost 30 pounds taking Barcentrate. I didn't starve myself and I feel better than I have in years. I am sure that the easy, safe way to lose weight is by taking Barcentrate."—Mrs. Florence Chadwell, Route 1, Box 650, San Antonio, Texas.

25 Pounds Lost

"When I started taking Barcentrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcentrate."—G. W. Miller, Weatherford, Texas.

Area Class A Games Share Grid Spotlight

Several Feature Tussles Slated In District 4-A And 5-A Play

Seventeen games will be unreeled by District 4-A and 5-A grid teams Friday night, as most of West Texas' football powers fire their first shots in the 1948 campaign, with a half-dozen feature tussles slated at South Plains sites.

Levelland's untried Lobos, defending regional champions in Class A, will tangle with the Lamesa Golden Tornadoes of District 3-AA in a spotlight setto. The Lobos have been rated as a top contender in the north half of District 4-A, but rival mentors will be watching Coach Truett Rattan's crew closely in the encounter with the Tornadoes.

Lamesa Defense Tough

The Lamesans were upset by Seminole's Indians of 5-A by a 6-0 margin last week, and a win for the Lobos would boost the Levelland representatives into the "top favorite" bracket. The Tornadoes showed a rugged defense against the Indians, however, and may bounce into the win column against the Class A boys.

Seminole's high-stepping Indians will play host to a conference foe, McCamey, in another feature clash. The Indians are co-favorites in the sprawling 5-A loop, along with Monahans' potent Green Wave, and a second straight triumph tomorrow night would give Coach Gordon Wood's gridders a promising start in the title chase.

Littlefield Meets Dalhart

Littlefield, a north half 4-A power, will battle the invading Dalhart eleven in an interesting inter-district game; while Muleshoe, another member of the north bracket of 4-A, tangles with the Springlake Wolverines of 3-B at the Muleshoe gridiron.

Two other north 4-A teams will see action Friday night, as Andrews invades Sudan and Morton journeys to Whiteface. Sudan trounced Springlake in the opener last week, but will face a tougher test against the 5-A gridders.

In the south half of 4-A Slaton's Tigers will meet the Floydada Whirlwinds on a non-conference encounter at Floydada, Post's Antelopes will test the Ralls Jackrabbits at Ralls and Hermleigh of Class B will tangle with Seagraves on the Eagles' home grid.

A full slate is on tap in District 5-A, with the Seminole-McCamey setto holding the spotlight. Other tilts will send Denver City's Mustangs to Kermit, Colorado City journeys to Monahans in an attempt to halt the surging Green Wave and Wink battles Fort Stockton. Pecos plays host to the Brownfield Cubs of 1-AA in the other clash.

NEW WINNER IN AUTO RACE

SAN ANTONIO, Sept. 8 (INS)—An official check of the Labor Day AAA 250-mile National Midget Auto Sweepstakes showed today that Bud Camden of Wichita, Kans., not Speedy Matheny of Rosenberg, Tex., was the winner. Matheny had been proclaimed winner immediately after the race, but Jevk Sharp, official AAA representative, said a recheck put the finishers in this order: Camden, J. D. Parks of Houston, Matheny, Doc Coffey of Houston, Buzz Barton of Chickasha, Okla. and Red Hodges of Dallas.

* * *

Ralls, Post In Top 3-A Contest

Three weeks of intensive drills will be climaxed in eight District 3-A football camps tomorrow, when the gridiron season opens in a string of non-conference games.

The top game apparently will be played at Ralls, where the Jackrabbits unveil their 1948 machine against an old neighbor and enemy, the Post Antelopes.

Coach V. F. Bingham at Post has had his 48 candidates working hard and the spirit is higher this year than ever before. The Antelopes will field an average weight eleven with plenty of speed and trickery. Two scrimmage sessions with Crosbyton helped Coach Bingham get a line on his potential starters and he is high on this year's eleven.

Ralls Squad Is Small

Little is known of Ralls, but the squad is small and inexperienced, with a new head coach taking over the reigns. Rafe Nabors, former Lubbock High and Texas Tech star, will be in his first year and he doesn't have many experienced players with which to work. Nabors will be building for next year and is not counting on many victories.

Other games tomorrow night will bring New Deal at Abernathy, where Boyce Box is making his coaching debut; Slaton's Tigers will invade Floydada, where the Whirlwinds seem to have a powerhouse; Chillicothe goes to Paducah; Tulia visits Lockney, where Coach Curtis Kelley says he has a strong eleven; Spur travels to Haskell for what appears to be a breather; Hale Center goes to Crosbyton, where the Chiefs expect to have a good battle for their opener; and Estelline rides into Matador for a tilt with the Matadors.

Class B Tilts Slated

In class B games Friday night, Springlake goes to Muleshoe for what appears to be a classic. Both teams seem to have a good deal of power, with Springlake possibly having an edge. Coach Grady Baker's eleven, although losing, held the powerful Sudan Hornets to a 19 to 0 count last week and will be favored to take the Yellow Jackets.

Other games send Farwell to Petersburg; Frenship, under R. F. Hollingsworth, who last year tutored New Deal to a title, visits Anton; and Morton will invade Whiteface, where the spirit is great, but the material somewhat weaker than last year.

Teams to Beat

Main interest in 3-A schools will be how Paducah and Lockney make out in their initial tests of the year. The dragons and the Longhorns shared the district title last year and both appear to have strong elevens coming back. If they make good showings in their initial contests, they definitely will be the teams to beat.

Along with these two schools, Floydada is being tabbed as another team to watch. Coach L. F. Greshem has four backs and four lettermen back again, along with a good many good replacements. In Slaton, Coach Greshem will have stiff opposition for the opening game, just what he wants, but the Whirlwinds should come out on top with ease.

All in all, the opening of the season for the district 3-A teams should be a victorious one, getting the season off with a bang.

Prior to 1913, the Secretary of Commerce was known as the Secretary of Commerce and Labor.

Wet Grounds Cause Postponement

Hubbers, Gold Sox To Open Series Tonight

AMARILLO, Sept. 8. (Special)—Lubbock's Hubbers and the Amarillo Gold Sox will open their four of seven games Shaughnessy playoff series here Thursday night at Gold Sox park, following postponement of the initial tilt—originally scheduled tonight—because of wet grounds.

A light drizzle Tuesday night and this morning soaked the Sox diamond and officials, after a quick survey of the park, decided to delay the start of the first round West Texas-New Mexico playoff series until Thursday night.

No Change In Hurlers

The rival managers indicated that there would be no change in the first game hurling assignments. Roland Miller, with a record of four wins and no defeats, will take the mound for Lubbock against the Sox' ace, Joe Budny. Budny has chalked up 20 triumphs, against 10 losses, this year.

Both squads are in good physical condition for the crucial setto, although one of Manager Buck Fausett's top sluggers—Catcher Ted Clawitter—has been out of action for several days with a leg injury. Hubber Manager Jackie Sullivan is another victim of a leg wound.

Third Tilt At Home

Either Royce Mills (16-3) or Chris Haskins (13-13) is expected to hurl the second series game for the Hubbers here Friday night, opposing Jack Schumacher, who wound up with a 21-9 mark for the season. The third tussle will be unreeled in Lubbock's Rosenthal field Saturday night, with the four—and fifth, if necessary—tilts Sunday and Monday at the same site.

If the series goes past five games, the final two clashes will be staged at the Gold Sox park.

Larry Larsen, Hubber business manager, has announced that tickets for the games at Lubbock are on sale at the Hub Clothiers. General admission ducats are selling for $1 each, with reserved seat holders of the regular season getting the first chance at the same pasteboards for the playoff tussles.

Walters Will Pilot Redlegs During 1949

CINCINNATI, Sept. 8 (INS) — Bucky Walters, apparently satisfied with his job after a trial spin as manager of the Cincinnati Reds, signed a formal contract today to pilot the club in 1949.

Walters, who pitched the Redlegs to two world series after his acquisition from Philadelphia in 1939, succeeded Johnny Neun at the Cincinnati helm when the latter resigned a month ago.

At the time, the big righthander was offered a '49 contract, but said he would like to "try out" as acting manager first.

Pirates Trounce Redlegs, 5 To 1; Cubs Beat Cards

CINCINNATI, Sept. 8. (AP)—The Pittsburgh Pirates exploded for four runs in the eighth inning tonight to defeat the Cincinnati Reds 5-1 and strengthen their second place position in the National League pennant race. Tiny Bonham set the Reds down on four hits for his fifth victory as against nine defeats. Ted Kluszewski's 11th homer of the season deprived Bonham of a shutout.

CINCINNATI	010 000 000—	1	4 0

Bonham and Fitzgerald; Fox, Gumbert 8, Blackburn 8 and Lamanno. Homers—for Cinc Kluszewski 2nd.. LP—Fox.

CUBS DEFEAT REDBIRDS

ST. LOUIS, Sept. 8. (AP)—Johnny Schmitz limited the St. Louis Cardinals to two hits as the Chicago Cubs beat the Redbirds 4 to 2 before 10,546 fans tonight. It was the Cardinals' fourth consecutive loss and further darkened what pennant hopes St. Louis had left.

CHICAGO	101 000 002—	4	10 1
ST. LOUIS	000 200 000—	2	2 0

Schmitz and McCullough; Johnson, Munger 9, and Rice. LP—Johnson.

PHILS EDGE GIANTS, 5-4

NEW YORK, Sept. 8. (AP)—Andy Seminick's line drive home run into the upper deck with Ralph Caballero on base in the ninth inning gave the Philadelphia Phillies a 5-4 victory over the New York Giants tonight.

PHILADELPHIA	100 001 013—	5	9 3
NEW YORK	000 000 220—	4	8 2

Commercial League Bowlers Open Play

League competition in the Ladies' Commercial bowling loop opened Wednesday night at Lubbock Bowling club, with Penrods' and Lubbock Tailoring chalking up impressive three-game victories over opposing teams.

Penrods' keglers swept the series with Glassman's as Arlys Womble paced the winners with a series total of 493. Juanita Thomas topped the losers with a high of 433.

Helen Henkel's 477 high led the Lubbock Tailoring representatives to a three-game win over the Home Lumber and Supply team. Casey Kizer tallied a 481 for the Supply quintet.

In other first night matches the Russell Harden crew won two of three games from Hemphill-Wells, behind Maxine Buckner's 500 total; with M. Curlee pacing the Bluebonnet-Sunbeamers to a two game victory over Southwestern Public Service.

PAMPA DRUBS DUKES IN PLAYOFF OPENER

ALBUQUERQUE, Sept. 8. (Special)—Tony Range's home run smash in the eighth inning tallied the winning run as the Pampa Oilers trounced the Albuquerque Dukes, 7-3, in the opening tilt of their first round Shaugnessy playoff series here tonight.

The Dukes, who finished in first place in the West Texas-New Mexico league over the regular season, tied the count in the fifth frame, but Range's homer—his second of the night—clinched the win for the Texans.

Right-hander Howard Bass gave up nine safeties and struck out 11 in notching the mound triumph. Frank Shone was the loser.

The linescore:

Pampa	030 000 013—	7	10 0
Albuqerque	010 110 000—	3	9 4

Bass and Bottarini; Shone and Mulcahy

MISSIONS MEET BEAUMONT

SAN ANTONIO, Sept. 8. (AP) — The San Antonio Missions and Beaumont Exporters will conclude their series with a doubleheader here Thursday night starting at 6 o'clock Wednesday's twin bill having been postponed because of rain.

Rockets Will Start Vacanti At Quarterback Friday Night

CHICAGO, Sept. 8 (INS) — The Chicago Rockets will start Sam Vacanti at quarterback in place of the renowned Angelo Bertelli Friday night when they attempt to shake their "old look" against the Baltimore Colts in Chicago.

The "New" Rockets have lost their first two All-America football conference games of the current season.

Although it has never been officially designated, the Road Runner, commonly called the Chaparral Bird, is generally regarded as the State Bird of New Mexico.

Westerners Close Contact Drills For Odessa Tussle

Lubbock High's Westerner gridders wound up preparations for their opening tilt against the Odessa Broncos, slated here Friday night at Jones stadium, with a 45-minute scrimmage session on the rain-soaked Chapman field gridiron Wednesday afternoon.

Head Mentor Pat Pattison opened the next-to-last practice period with another drill on the defensive setup, with the local schoolboys getting a final look at T-formation plays, then the coaches sent the candidates through the stiff head-knocking session to complete body-contact phase of the workouts.

Pattison reported that the Westerners will run through a light "limbering up" drill late this afternoon at Chapman field, with the mentors stressing play assignments, and the boys may make a quick journey out to Texas Tech's new Jones stadium for a pre-game look at the battle site. The gridders will not go out to the stadium if the field remains soggy, however.

Squad In Top Condition

The Westerner squad is at top pysicial condition for the annual non-conference feature, matching representatives of Districts 1-AA and 3-AA, with Quarterback Norman Bantz the only candidate hampered by injuries. Bantz has been sidelined by a knee injury for more than a week and will probably see little, if any, action against the Broncos. Mentors believe that the stocky youngster will be available for duty against San Angelo on Sept. 17.

Reports from Odessa indicate that the Broncos, who went all the way to the semi-finals in the Class AA playoffs last fall, are in top shape for the initial tussle. Coach Joe Coleman has had his gridders busy with lengthy sessions all this week. Stressing offensive play. The wily Bronco mentor has shifted his backfield personnel in recent scrimmages but he has not announced any permanent switches in positions.

Patterson Outstanding

Big Jimmy (The Bull) Patterson, 185-pounder who alternates at fullback and healfback on Odessa's fast-breaking T-formation, has been outstanding in drills since training opened. But the most improved back on the Bronc roster is little James (Sonny) Mobley, 145-pound letterman halfback. Mobley has turned in numerous dazzling broken-field callops and is now rated as the Broncos most dangerous scoring threat from any part of the field.

Don Thompson, 196-pound tackle who gained all-District 3-AA recognition in 1947, is the spark in the Bronco forward wall. The Odessa mentors are depending on the veteran to bulwark the entire left side of the line and to open up holes for Patterson and Mobley.

Starting assignments have not been announced by the coaches but it is probable that the Lubbock forwards will hold a weight advantage over the 'Red Hosses' from the sand hills. Both of the opposing backfields will be comparatively light, but extremely fast.

Tickets for the game are available at the Senior High school athletic office, Business Manager E. J. Lowrey has reported, with plenty of reserved seat ducats still on hand. General admission pasteboards for the end zone bleacher seats will be on sale at the stadium Friday night.

Sunbeamers Accept Invitation To Play In Softball Tourney

Lubbock's Bluebonnet-Sunbeam softball team, winner of the Texas Softball and South Plains Softball league titles, has accepted an invitation to compete in the National Softball Congress tournament which opens Saturday night at Oklahoma City.

The invitation was issued by Cragin Smith of Oklahoma City, vice president of the N.S.C., Sunbeamer officials reported, and the Bluebonnet team will be the only Texas representative.

The tourney will be conducted on a double-elimination bracket, officials said, and will be held in the $50,000 Sooner softball stadium. Teams from Canada, Florida, Ohio, Arizona and California will be included in the meet.

The Sunbeamers' regular squad, including ace hurlers Jackie Neel and G. W. Warden, will leave Friday for the tournament.

Weidner Upsets Getz In Main Mat Feature

Billy Weidner, the Boston strong-boy, copped a disputed victory over Pittsburgh's Al Getz in the two of three falls main event Wednesday night at Sled Allen's arena.

Getz took the first fall in 17 minutes with a reverse toe hold, but Weidner evenel the count with a full nelson to take the second fall. Then Getz tossed Weidner out of the ring and Referee Gorilla Poggi awarded the bout to the Boston grappler, over protests by the Dutchman.

Rod Fenton, the Edmonton, Canada, representative, chalked up an impressive win over New Zealand's Jack Carter in the semi-final setto. Fenton took the first fall in 10 minutes with a reverse leg lock, then gained a second straight decision with a full crab.

Rex Mobley of Borger notched his second consecutive triumph at the local arena in the preliminary match, besting George Lopez of Tampico, Mexico. Mobley used a shoulder pin to down Lopez in 16 minutes.

Red Sox Bounce Back To Defeat Yanks, 10 To 6

BOSTON, Sept. 8 (AP)—Undaunted when the Yankees scored four times in the opening inning, Boston's American League leading Red Sox bounced back with five runs of their own in that same session and went on to thump the second place New Yorkers 10-6 tonight before 33,775 paid fans.

The victory stretched the Sox' advantage over the runnerup Bronx Bombers to two and a half games.

TRIBE EGES TIGERS, 8-7

CLEVELAND, Sept. 8 (AP)—An infield error with the bases filled enabled the Cleveland Indians to edge the Detroit Tigers 8-7 in the eleventh inning tonight before a crowd of 43,707. Bob Lemon, who was trying for his 20th victory for the Tribe, lasted only seven innings and gave eight of the 12 walks that kept the Tigers in the ball game. Sam Zoldak was the winning pitcher.

DETROIT	000 211 120 00—	7	9 1
CLEVELAND	012 130 000 01—	8	14 2

(11 innings)

Hutchinson, Trucks 5, Houtteman 7, Grey 11 and Swift, Wagner; Lemon, Paige 7 Klieman 8 Zoldak 8 and Hegan. Homers—for Detroit Wakefield 8th; WP—Zoldak; LP—Houtteman.

A'S DOWN NATS TWICE

WASHINGTON, Sept. 8 (AP)—Philadelphia's Athletics swept a twilight double-header from Washington tonight, surviving a ninth inning rally to capture the opener, 10-7, and winning the nightcap, 5-2, behind the 7-hit pitching of Carl Scheib.

PHILADELPHIA	310 000 114—10	10	3

Scheib and Guerra; Welk, Thompson 6, and Early. HHR—for Phs: Valo 5th. LP—Welk.

Vernon Defeats Big Spring, 2-0 In Longhorn Playoff Opener

VERNON, Sept. 8 (AP)—Gerald Fahr pitched the Vernon Dusters to a one-game advantage over Big Spring in the Longhorn League's Shaughnessy playoff tonight when he set the Broncs down with four hits for a 2-0 victory.

It was the big righthander's 22nd victory of the year.

A crowd of 2,500 turned out to see the opening game of the playoff series. The same teams meet again here tomorrow night.

Frank Perez gave up only five hits to Vernon.

Two hits, a walk and a sacrifice scored one run for Vernon in the fifth and one hit and an error added another in the sixth.

State Schoolboy Grid Battles Open Tonight

By WILBUR MARTIN
Associated Press Staff Writer

The Texas schoolboy football campaign opens tonight for City Conference and Class AA schools.

Brackenridge of San Antonio, defending state champion, and the strong Austin Maroons tangle in one of two games tonight. Forty-two games Friday and Saturday send 71 teams into action.

Three champions will be decided in the interscholastic league program this year.

The new City Conference, composed of schools in Fort Worth, Houston, San Antonio and Dallas, will determine its own titlists.

So will Class AA schools, those with more than 500 enrollment, and Class A, those with less than 500 students but more than 200.

Champions See Action

Eight of 16 district champions last year see action this week.

Lufkin and Longview, two East Texas powers, tangle tomorrow in one of the feature games of the opening week. Both won district crowns last year and Longview advanced to the semi-finals of the state race.

Other district winners scheduled are Odessa, Austin (El Paso), Breckenridge, Paris, and Harlingen, and Brackenridge (San Antonio).

Roswell, N. M., and El Paso high school meet in the other game tonight.

Twenty-six schools will vie for the City Conference championship and 84 will shoot at the Class AA title. There are only fourteen districts in double A this year.

Familiar names in schoolboy football are touted as pre-season favorites.

Port Arthr Rated

Port Arthur, Odessa, Kerrville, Lufkin, Brackenridge (San Antonio), Highland Park (Dallas), Lufkin, Wichita Falls, Baytown (Goose Creek), Amarillo and Waco are doped among the top ten teams in the state.

Most of the 44 games this week are interdistrict affairs.

The schedule:

Thursday—Austin at Brackenridge (San Antonio), Roswell, N. M., at El Paso high.

Friday—North Dallas at Pampa Paschal (Fort Worth) at Ennis, North Side (Fort Worth) at Tyler, Austin (Houston) at Harlingen, Kerrville at Thomas Jefferson (San Antonio), San Antonio Tech at Port Arthur, Kingsville at Harlandale (San Antono), Alamo Heights (San Antonio) at New Braunfels, Poly (Fort Worth) at Plainview, Odessa at Lubbock, Quanah at Memphis, Denton at Graham, Electra at Paris, Sweetwater at Vernon, Ysleta at Midland, Abilene at Breckenridge, Big Spring at Brownwood, Denison at San Angelo, Galena Park at Bowie (El Paso) Grand Prairie at Gainesville, Sulphur Springs at Texarkana, Hillsboro at Mineral Wells, Cisco at Cleburne, Ballinger at Stephenville, Weatherford at Gladewater, Jacksonville at Henderson, Fair Park (Shreveport) at Marshall, Kilgore at Port Neches, Longview at Lufkin, Conroe at Temple, Waxahachie at Corpus Christi, Palestine at Athens, Texas City at South Park (Beaumont), Pasadena at St. Thomas (Houston), Laredo at Alice, Victoria at El Campo, Robstown at Sinton, Edinburg at Pharr-San Juan-Alamo, Mission at McAllen.

Saturday — Cameron at Burbank (San Antonio), Central (San Antonio) vs. Lanier (San Antonio), Austin (El Paso) vs. Cathedral (El Paso).

MR. AMERICA COMES HOME

NEW YORK, Sept. 8 (INS) — A young man with the modest title of "Mr. World" returned to the United States today enroute back to his home in Santa Monica, Cal. He is 22-year-old Steve Reeves, who was the American Athletic Union's "Mr. America" last year, but who expanded his title in a contest held at Cannes, France, by the French Federation of physical culturists.

Lynch Signs To Play With Cubs

DALLAS, Sept. 3 (U.P.)—Danny Lynch, former Southern Methodist university baseball star who was made a free agent last week by baseball Commissioner A. B. Chandler, said today he had signed a contract with the Chicago Cubs.

Lynch, who signed a $5,000 contract with Pittsburgh and was farmed out to the Waco, Tex., club of the Big State League, was freed by Chandler because of alleged bonus rule violations by the Pirates.

Young Lynch would not divulge the terms of his agreement, but said it was "more than I got from the Pirates."

Asked if it was "about twice as much," he said, "I guess you could say that.

Lynch, who said he had been "just loafing" since he left the Waco club last week, gets married tonight and will report to the Cubs tomorrow at St. Louis.

"It will be our honeymoon," Lynch said. His fiance is Martha Giddens, a Dallas girl who was a classmate at SMU.

Chandler, in ruling Lynch a free agent and fining the Pirates and their chief scout, said the major league club violated the bonus rule by hiring Lynch's father as a part-time scout, although subsequent information failed to reveal that M. Dan Lynch, Sr., had served in that capacity.

Lynch said the contract was signed yesterday.

'MAN-UNDER'—Dick Harris, Texas Longhorn center, hands the ball to Paul Campbell who will replace Bobby Layne in the "man-under" position. Replacing Layne has posed many questions in the conference, but reports are numerous to the effect that Campbell will handle the job nicely.

Aggie Coach Highly Optimistic About New Squad; Most Players Inexperienced

By HAROLD V. RATLIFF

COLLEGE STATION, Sept. 8. (AP)—The Texas Aggies are going to be rough and tough and if they don't win some football games this fall it will be because spirit can't fully substitute for experience.

Refreshingly optimistic is silver-haired Harry Stiteler, the ex-Aggie brought home to rebuild the glory this school once knew. Harry may be blackballed from the coaching lodge for such an attitude, especially in view of the A. and M. record last season and what came back with which to work. "We are likely to beat any team on any given Saturday," he said, as he watched his boys whip through a rock 'em sock 'em scrimmage session.

"If they keep that up," he added, "they'll continue to improve."

The Aggies are big enough, the line looks good enough and the offense will be versatile—maybe not enough but of sufficient versatility that the opposition won't be able to set its defense in a permanent pattern.

Wings Are Weak

A. and M. will be strong at guard and tackle, fair at center and thin at the wings. There isn't enough height in the backfield which also is on the slow side. And Stiteler is low on reserve backs.

Stiteler says the team will be better physically than last year and that it will have better running but passing won't be improved.

There are 18 lettermen, 14 of them from last year. Quite a few of those fellows played just enough to get their numerals. Thus they do not represent experience ordinarily associated with the number of veteran footballers.

Cashion Keyman On T

Jim Cashion, who started in 1944 but suffered a broken leg in early season last year, is back sound as a dollar and the keyman of the offense under the T formation. He is a fine quarterback and a capable passer. Preston Smith who has won three letters, will be the right halfback if he can get rid of his fumbling habit. Stiteler has changed his style of ball carrying in order to accomplish this. Smith is an excellent runner. At the other halfback post will be Jim Boswell, who was on the B squad in 1946 but didn't come out for football last season.

Boswell, who starred at Oberlin college as a marine trainee in 1946, is a good all-around man. There is a healthy condition at fullback where Bob Goode, three year letterman, and Bobby Goff who lettered in 1944 but came back last year too much on the beefy side, are fighting it out. Both also are working at halfback. Goff has trimmed down to 190 pounds and appears in tip-top shape.

Singles Play Slated Friday

NEW YORK, Sept. 8 (AP)—Louise Brough, the husky Beverly Hills, Calif. girl who took charge of American women's tennis when Pauline Betz turned pro, will have the champion's privilege of opening the National Singles tennis championships at Forest Hills Friday.

The defending women's champion, Miss Brough will play the opening match on the stadium courts against Charlotte B. Decker of Washington, D. C. at 11:45 A.M. (EST) Friday. Probably she will finish about 45 minutes later and turn over the center courts for a series of men's matches that promise to be far more interesting than the usual run of first day clashes.

May Make Sweep

In addition to winning the United States Women's title last year, Miss Brough won the Wimbledon Women's Singles crown last spring and helped to win both the women's doubles and mixed doubles there. In August she and Mrs. Margaret Osborne Dupont of Wilmington, Del., teamed to win the United States Women's Doubles title and Louise stands a good chance of completing a clean sweep of all the available championships.

The mixed doubles will be played a Forest Hills along with the men's and women's and veterans' singles tournaments.

Men Play Later

Following Miss Brough's appearance, the stadium courts will be the scene of encounters between Earl Cachell and Eddie Moylan, both of San Francisco and Jim Brink of Seattle and Tony Mottram of England and Budge Patty of Los Angeles.

Cochell is the only seeded player in this group, being ranked fifth, but all three matches promise close and interesting competition. Until he performed listlessly on a tour of Australia last winter, Moylan was receiving serious consideration as Davis Cup material. He has been good for at least one major upset a year for the past two seasons.

CENTRAL TEXAS GOLF MEET

CORSICANA, Sept. 8 (AP)—Fifty-five women competed in three flights here today in the Central Texas Women's Golf Association tournament. Mrs. L. B. Holsek of Dallas won low gross with an 84 score. Mrs. Vernon Roberts, Temple, won low net with a 75.

Sports Study

By Earl Sendday

The time has finally rolled around for all practicing sports writers to climb away out on a long limb and make their first predictions on the schoolboy football games which will be played tomorrow night. Most fans expect the hapless scribes to go through the procedure each grid season, probably so that they can point out how many mistakes appear in the "forecast." The job is especially tough at this stage of the season, with no performance guides available, and when few of the teams have shown their real ability. But here we go:

District 1-AA

ODESSA over Lubbock . . . but don't bet the rent money. Coach Pat's boys may stage the upset of the week.
POLY (Fort Worth) over Plainview . . . looks like a rough night for the Bulldogs.
NORTH DALLAS over Pampa . . . it could be very, very close.
BROWNFIELD over Pecos . . . the Cubs look better and better.

District 3-A

FLOYDADA over Slaton . . . Whilwinds have a slight edge.
LOCKNEY over Tulia . . . the Longhorns are big and rugged.
CROSBYTON over Hale Center . . . difference in class.

District 4-A

LEVELLAND to beat Lamesa . . . some of the Class A teams are really tough. The Lobos should have it.
LITTLEFIELD to trounce Dalhart . . . Coach Fikes is moaning, but the Wildcats still look like a contender.
SUNDOWN over Tahoka . . . just because Sundown has won a game and the Bulldogs are starting out.
SUDAN over Andrews . . . but we may be off base.
MORTON over Whiteface . . . maybe we're wrong, but Morton plays in a faster league.

District 5-A

SEMINOLE over McCamey . . . the Indians look rugged again this year, even without Walker and Powell.
MONAHANS over Colorado City . . . not even close. The Green Wave will swamp 'em.

State Specials

BRECKENRIDGE over Abilene . . . the Buckaroos can usually be depended on.
PORT ARTHUR over San Antonio Tech . . . there ought to be a law against it. Port Arthur will massacre 'em.

Civic Bowling League Will Open 1948-49 Season Thursday

The Civic Bowling League will open its 1948-49 season Thursday night at 7:30 o'clock at the Lubbock Bowling club lanes, Barney Stagner, president, announced today.

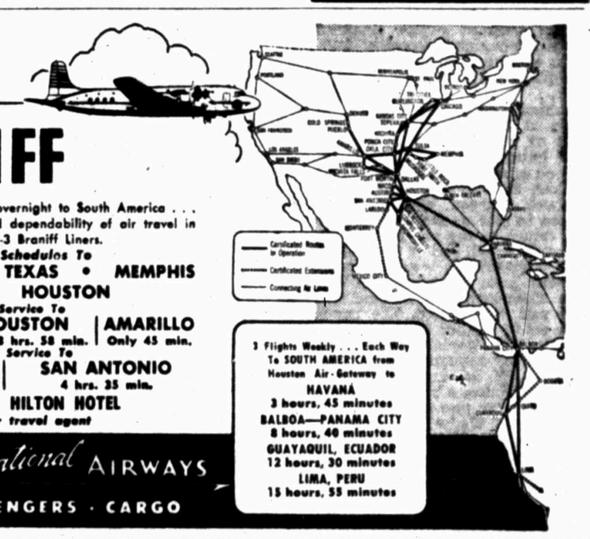

Dr. Sam Hitch is league secretary and has announced that teams will be entered by the Optimists, Lions, Jaycees, Veterans of Foreign Wars, American Legion, Kiwanis, Exchange and American Business clubs.

Thursday night will be bowling night during the season which will extend through next Spring.

Charges Filed After Mishap

Charges of transporting beer were filed Wednesday morning against Thelma Silas, 35-year-old negro woman of 1311-A Thirty-first by County Attorney John Steele following investigation ot a collision two miles east of Idalou at 5:30 a.m.

State Highway patrolmen who "worked" the accident said that the woman's 1947 Cadillac automobile had 24 cases of beer and a case and a half of liquor in it.

Cars In Collision

Their report showed that the heavy automobile was in collision with a 1947 light sedan driven by William Hubert Moore, 49, a farmer of six miles south of Wolfforth.

Both cars were damaged, and Moore's wife, 42, was admitted to Lubbock Memorial hospital this morning for observation. No others were injured.

C. E. Lynn, justice of peace, said the Silas woman also was charged in his court with driving on the left side of the road.

She pleaded innocent of the county court charge and was preparing to post bond for trial appearance She had not entered a plea in justice court.

The patrol said none was injured in a car-truck collision about 9:30 p. m. Tuesday a mile west of Ralls, but there was property damage.

The car, a light coach, was driven by Leonard Buster Skinner, 38, of Forty-eighth street in Lubbock, the truck by Porter Henry Humphries, 37, of east of Lubbock.

Lubbock Pipe and Metal company, at 1817 Ave., H, reported theft of an unknown number of junk batteries.

Bond of $750 each set for Elbert Walker, 55, and Ardell Gary, 24, Lubbock negroes charged with failure to stop as soon as possible and return to the scene of an accident in which one of two trucks they were driving were in collision with a car in which John William Thompson was injured two days ago, was posted. The bonds were set by Justice Lynn after the filing of the complaint, which was prepared by assistant District Attorney A W. Salyars upon oath of J. R. Whitmire, a member of the state highway patrol.

Lynn said Wade Boswell, a negro, pleaded guilty of vagrancy and was fined $50 and costs of court. Earlier the defendant had indicated he would ask a jury trial.

Quenten Stewart, who works at a shoe store here, informed police of the theft of a square ruby, in the center of which are diamond chips. The ring has much sentimental value Stewart said. He offered a $10 reward for its recovery.

Traffic Charge Filed

City police ticketed a Springdale, Ark. mechanic for negligent collision and failure to have a drivers license on his person Wednesday afternoon when his car and an auto driven by Lowel Edward Caddell, 1709 Ave. W. collided at the intersection of Ninth and Ave. J. Investigating officers said the Arkansas man failed to halt at a stop sign. Both late model cars were badly damaged, but neither person was injured.

A Tahoka man was jailed to face charges of driving while intoxicated Wednesday afternoon after a short chase south on Ave. H. Officers who answered a call, said the man drove off twice after being halted, but the third time submitted to arrest, and told them that he thought he was in Grassland where he was seeking a friend.

The sheriff's department reported that seven men convicted in 72nd district court had been transferred to the Texas Prison system Wednesday night. They were Forest D. Shipp, 38, Denison, five years for forgery; William Warren Hoffman, 28, Philadelphia, Pa., three years for felony theft; Raymond Pinkert, 22, Lubbock, five years for theft; Paul James, 23 Lubbock, three years each in two burglary cases; James Richard Turner, 18, Slaton, seven years for burglary; Ambrose M. Adams, 27, Lubbock, five years for theft and Loyd Farmer, 18, Plainview, three years each in two burglary cases.

City police had jailed six persons late Wednesday night for drunkeness and vagrancy.

New Strikes Called

(Continued From Page One)

lation of the Taft-Hartley law. The charges were filed with the National Labor Relations board.

Packer Faces Distpute

Other labor developments included:

Ottumwa, Ia.—All fresh pork operations at the Morrell Packing plant were closed down because of a new dispute over work assignments. The CIO United Packinghouse Workers union said it would conduct a strike vote this week among its 3,000 members.

Cleveland — The Brotherhoods of Railroad Trainmen and Locomotive Firemen and Enginemen postponed a threatened strike that would have disrupted operations of the New Orleans public belt railroad. President Truman earlier oppointed an emergency board to study the dispute. The unions charged the "unjustified discharge" of a union fireman.

RAILROADS HALT FREIGHT SHIPMENTS TO PORTS

WASHINGTON, Sept. 8 (AP)—The railroads today halted freight shipments to Atlantic and Gulf ports destined for movement by water to West coast ports.

The Association of American Railroads said the action was taken because the maritime strike on the Pacific coast is affecting operations of intercoastal steamships.

The order is intended to prevent the tying up of freight cars, the AAR said.

Several days ago the railroads placed an embargo on shipments directly to the West coast where the freight is destined for overseas movement from Pacific ports.

B. C. Warren, 87, Is Claimed By Death

B. C. Warren, 87, retired farmer and resident of Lubbock county for 40 years, died at 6:10 p.m. Wednesday in West Texas hospital. He was hospitalized following a stroke Sunday.

Services are to be held at 2:30 p.m. Friday in Sanders Funeral home chapel, with Elder Liff Sanders officiating. Burial will follow in Lubbock cemetery beside his wife who died in 1917.

Survivors include three sons, L. E. Warren and M. E. Warren of Lubbock and D. L. Warren of Eugene, Ore.; four daughters, Mrs. J. C. Davis and Mrs. Velma Gaither of Lubbock, Mrs. George Rigsby of Fort Worth, and Miss Wilda Warren of Albuquerque, N. M.; one brother, D. C. Warren of Sherman; four sisters, Mrs. S. J. Reed of Ardmore, Okla., Mrs. Annie Nutt of Scots Bluff, Neb., Mrs. Helen Davis of Kansas City, Mo., and Mrs. Celia Davis of Denver, Colo.! 12 grandchildren, and 12 great grandchildren.

Talmadge Leads

(Continued From Page One)

Talmadge, an advocate of "white supremacy."

A record registration of 1,194,413 indicated the intensity of the contest. The total included 142,491 negroes, more than have ever registered to vote in any southern state.

Curious Struggle Begins

In 1946 there were 1,077,949 registrants, including 118,387 negroes. The total doubled previous registrations largely because of the abolition of the poll tax and the enfranchisement of 18-year-olds in Georgia.

The curious struggle for the governorship began in 1946 when Herman's father Eugene Talmadge, was elected by a county unit vote majority, but died just a few weeks before his inauguration.

In January, 1947, the state legislature "elected" Herman to succeed him and carry on the Talmadge program of white supremacy.

Campaigns On Record

But M. E. Thompson, who had been named lieutenant governor, also claimed the office. He was supported by Gov. Ellis Arnall until Talmadge forces seized the executive chambers in a midnight coup.

Finally the Georgia supreme court, in a 5-2 decision, ruled for Thompson. Herman vacated the office with a defiant "I'll be back" and Thompson moved in.

Today's Democratic primary nomination, tantamount to election in Georgia, will fill the governorship for the unexpired four-year term, or until January, 1951.

Thompson, a career educator until his sudden elevation, has campaigned on his record in office: huge expenditures for highways, teachers' salaries and social services with no increase in taxes.

The additional expenditures were made possible by the highest revenue collections in the state's history.

The 35-year-old Talmadge, 10 years younger than his opponent, has made President Truman's civil rights program the issue. He has stumped for racial segregation and against the FEPC and "bloc" voting by negroes.

Marshall Cites Reds

(Continued From Page One)

gium, the Netherlands and tiny Luxembourg) are progressing.

2. The United States hopes at the proper time to grant full legal recognition to the new state of Israel, thus extending the partial or "de facto" recognition already approved by President Truman.

3. The U. S. envoy in Bucharest has been instructed to make representations to Romania's Communist-dominated government on the nationalization of American-owned property in Romania.

Marshall said the "big four" conferences in Berlin are going ahead, despite the Communist-led strife in the background. He said it had been our hope and our request that the talks take place under quiet conditions, but the reverse has been the case.

Coke Gains Votes

(Continued From Page One)

judge for that precinct. No returns had been turned in for the second machine.

The oversight was found by an observer in the recheck begun today on the Dallas county Democratic committee chairman race The recheck had been paid for by supporters of Dick Hatfield, defeated by Arthur Stevenson in the Aug. 28 election.

Vernon Singleton, who managed Coke Stevenson's campaign in Dallas county, said he would wait for the county chairman to act.

"I would think the state Democratic executive committee would want to give both senatorial candidates all the votes each received." Singleton said.

Singleton said he preferred that county chairman Stevenson certify the new totals to Kennedy and then let Kennedy do what the law provides.

DECISION ON PROBE OF ELECTION TO BE MADE

DALLAS, Sept. 8 (AP) — The Dallas News says the Justice department is expected to decide by Monday whether a full-dress investigation will be made into the U. S. Senate runoff primary in Texas.

The story, by Walter C. Hornaday of the News' Washington bureau, said that Assistant Attorney General Alexander Campbell described as a "review" checking now being carried out in reports of election irregularities.

Attorney General Tom Clark has announced that he will follow Campbell's recommendations about an investigation, the story said.

Campbell was quoted as saying he received a number of complaints from Texas today.

With a new technique, 12,000 cuts an hour can be made in steel tube cutting.

Rain Falls In Area

(Continued From Page One)

in Floyd county reported five inches of rain. Floydada received only 1.07 inch from the storm, Steen reported. About two inches of rain was reported at Lockney, about 10 miles south of Sterley. Silverton, northeast of the heavy rain area, reported a "good rain" of about an inch.

Heavy in Anton Area

Steen said that southeast Floyd county and the area bordering Blanco canyon and Crosby county were still "dry as a bone."

Roundup community, four miles east of Anton, reported four inches of moisture from a heavy Tuesday night storm and scattered showers Wednesday. A farmer in that area said that 4,000 acres of cotton and feed had suffered considerable hail damage from the storm that struck about 7 p.m. Tuesday. Anton received 2.25 inches from what was apparently the same cloud. Reports indicated that Smyer and Dean communities also received some hail damage.

Petersburg, Lubbock, and Hale Center received an inch or more of rain during the 24 hour period. Petersburg recorded 1.50 last night and today. J. L. Suits, Petersburg newspaperman, said that some hail fell in the area but that damage appeared to be light. He said rain was heavier to the northwest.

1.42 Falls In Lubbock

Lubbock weather station reported 1.42 measured up until 6 p.m. Wednesday. One inch of raintall was measured at the experiment station east of Lubbock up to 1 p.m.

Hale Center also reported an inch from a series of clouds. Hail was reported on farms to the west of the Hale county town but no report of serious damage had come in late Wednesday.

The rainfall would have been of more benefit to agriculture if it had been received 30 days earlier, but "it's mighty fine," said D. W. Sherrill, Lubbock county agent.

"It should stop the deterioration of our crops," he said. It should help in filling out cotton bolls, should benefit feed that hasn't burned up too much, and is "very important for fall gardens" and sowing of soil building crops such as Madrid clover and Austrian winter peas, he said. It also will benefit mixed grass pastures that should be sowed this month and small grains like wheat and barley which can be planted this month for winter grazing, he added.

Warmer Weather Seen

Forecasters at the weather station north of Lubbock said today probably would be partly cloudy and warmer.

Wednesday's 69 degree maximum temperature coupled with a 56 degree minimum at 10:30 p.m. made the day the coldest recorded here since May 26 when a 58 degree maximum was listed at the station.

The weatherman said the South Plains rainfall was due partially to Monday's extreme heat—103 degress was marked up Labor Day. He said that an approaching cool front slipped under the hot South Plains air and the resulting mixing brought the rain which extended almost to Kansas City.

Other heavy rains were reported at Tulia, 2.50, Quitaque, three inches, and Turkey, four inches.

While the strip extending from Turkey and Quitaque through Sterley, Lackney, Petersburg, Hale Center and Anton received the bulk of the heavy rain, the precipitation was general over most of the South Plains, reports indicated.

Farwell, northwest of Lubbock on the Texas-New Mexico line, reported .25 and the rain fell within a circle bordered by Morton on the west with .25, Brownfield and Seagraves on the southwest with .25 and Tahoka on the south with .25. Slaton southeast of Lubbock, reported about .25 inch. The same fall was reported at Lorenzo, east of Lubbock.

Other totals reported in the area include Plainview .55, Muleshoe .25, Amherst .25, Shallowater .25, Levelland .25, Whiteface .25, Lehman .25, Meadow .25, Ropes .25, Wilson .25 and Abernathy .25. Showers were reported at Sudan, O'Donnell, Ralls and Crosbyton. Lamesa, Post and Snyder failed to receive any precipitation.

Italian Colonies

(Continued From Page One)

Somaliland be returned to Italian rule under United Nations trusteeship.

Britain has opposed this, calling instead for annexation of Eritrea by Ethiopia and partitioning of Libya into three provinces. France has asked Fezzan, one of three Libyan provinces.

The State department has never made public its position. Government officials have said privately, however, that the U. S. stand differs from the three others. They will not say how much.

The question has a possible bearing on the presidential election in this country, because of the Italian vote.

Reserve Increase

(Continued From Page One)

ernment bonds offered at their face value or higher. This is to keep prices of the bonds at par so the government will not have to pay more than two and one half percent—the current rate—in interest on its borrowing.

The reserve increase ordered by the board on checking account deposits is only half as much as was authorized by the recent special session of Congress as a means of combatting inflation by putting a damper on bank lending.

Nevertheless, the importance of this loan-tightening action was rated so high by the board that it withheld its announcement until stock exchanges had closed across the country from the East to the West coasts.

States' Rights Party Formed

(Continued From Page One)

United States to sustain that for which we live."

Thompson, who said he had known Wright for 30 years, called him a man of "integrity, ability, and courage."

The convention voted twice on the Thurmond and Wright nominations when a member pointed out that nominations had not been closed on the first vote.

Seek Regular Party Control

Today's convention was part of the strategy by which States' Rights Democrats mean to assure the names of Thurmond and Wright on the Texas general election ticket.

Some States' Rights Democrats said that a great many members

STATE OFFICIALS NAMED

The States' Rights political party which was organized in Dallas Wednesday named Curtis Douglass of Pampa as chairman of its State executive committee. In addition, 31 members of the committee corresponding to state senatorial districts were named, as well as 23 presidential electors. W. C. Wood of Lubbock and Mrs. O. L. Peterman of Brownfield were named to the executive committee for District 30, and W. C. Wood was also named one of the presidential electors.

of the group who are delegates to the state convention of the Democratic party in Fort Worth Sept 14, did not attend the organization convention here.

The States' Righters plan to make a bid for the regular Texas Democratic machinery. They will try to control the Fort Worth convention.

But regardless of the outcome there, they will have Thurmond and Wright on the Texas ticket because of the party organized today.

Keynote Sounded

States' Rights presidential candidate Thurmond did not attend the convention. But he was in Dallas to accept the nomination in a speech at a rally tonight.

Bradley, after opening the meeting, read the call he had issued for the convention. He delivered the keynote speech, saying the convention's purpose was to see that Texas voters had a chance to vote for Thurmond and Wright.

"We seek no cheap political advantage. All we want is that the people shall have the right to speak; something the governor of Texas has refused to let them do," said Bradley.

Among the eight-point declaration of principles which the party adopted as a platform was a "stand for the segregation of races and the racial integrity of each race."

Condemns Demos, GOP

The declaration said the States' Righters stood for "that constitutional right to choose one's associates, to accept private employment without governmental interference, and to earn one's living in any lawful way."

It opposed and condemned "action of the Philadelphia Democratic and Republican conventions in sponsoring a civil rights program calling for the elimination of segregation, social equality by federal fiat, regulation of private employment practices, voting, and local law enforcement."

It declared "effective enforcement of such a program would be utterly destructive of the social, economic, and political life of the southern people . . . ."

Permanent Officers Named

"We call upon all Democrats and upon all other loyal Americans who are opposed to totalitarism at home and abroad to unite with us in ignominously defeating Harry S. Truman and Thomas E. Dewey, and every other candidate for public office who would establish a police state in the United States of America," the declaration said.

The platform was similar to that adopted in Birmingham, Ala., when the States' Rights Democrats organized.

After Bradley's keynote speech, Bond nominated Church, a Dallas attorney, as permanent convention chairman, and he was elected by acclamation. John T. Crim, jr., of Kilgore was named permanent secretary.

Committees Formed

Then came a resolution which shut off any prospect of the convention going into the matter of candidates on the state and local level.

Bradley's motion that the convention organize a political party to be known as the States' Rights party; name the electors, nominate a president and vice president, and limit the convention to that, was adopted by acclamation.

A. A. Sturgeon of Pampa moved there be committees on party officials; presidential electors; and platform and resolutions.

Church named Curtis Douglass of Pampa chairman of the committee on party officials, and Mrs. Christine Brown of Teague secretary. He appointed George Redd of Houston chairman of the committee to select the presidential electors and Austin B. McComb of Conroe secretary. Joe Wheeler of Austin was named chairman of the committee on platform and resolutions, Dr. H. E. Roberts of Denton secretary.

Reds Defy Protests

(Continued From Page One)

actually lived in the U. S. sector.

ADN's blast against the west contained the charge that the city hall riots were an "anti-Communist, anti-Soviet" plot.

The agency said it was hatched by Deputy Mayor Ferdinand Friedensburg "and western politicians, with the connivance of Western Allied liaison officers in city hall."

Last night, Soviet sector police ransacked the city hall.

Russian tommy-gunners erected a cordon around the city hall in this further step generally regarded as an attempt to smash the freely-elected German city administration.

Boasts of Allied Weakness

Official American and French protests failed to halt the disruptive brawl in which high Allied officers have been arrested temporarily, and in which scores of Germans have been beaten or arrested.

The Soviet press boasted today about the impotence of the Western Allies.

Talks among the four military governors of Germany have been "recessed" for at least several days amid this turmoil.

An American public safety official said the Russian ambush and arrest of the 19 western Berlin policemen at dawn today was a double cross because Soviet Maj. Gen. Alexander Kotikov, the Berlin commander, had assured the French safe conduct for the men.

Red Actions "Pretty Low"

"It was pretty low," the American officer said, "just about the lowest thing yet."

The French demanded that the Russians release the arrested Germans, saying Kotikov twice had given verbal assurances to French commandant Maj. Gen. Jean Ganeval that the police could leave the city hall—in the Russian sector—unmolested.

The police had been trapped in the city hall after vainly trying to protect the city assembly from a Communist demonstration Monday.

Nineteen others who had sought refuge in the U. S. liaison office were arrested when the Soviet sector police smashed into the U. S. office.

"Double Cross" Deliberate

Those under French protection were in a French truck that was halted only six blocks from the city hall by a Soviet road trap. Twenty Russian tommy-gunners aided the police in the arrest.

The Soviet sector police headquarters declared the men would be released when acting Mayor Ferdinand Friedensburg handed over their working papers.

The Soviet-licensed ADN news agency admitted the arrests were part of a deliberate intention to embarrass the western military governments.

Arrests Protested

Col. Frank Howley, U. S. commander in Berlin, protested the temporary arrest of two American officials as "another example of the high-handed treatment of Americans and westerners by the Russians which has been going on for the last three years."

Howley called on General Kotikov to protest the Communist mob and police action which he blamed on the Russian military regime.

Col. William Babcock, Howley's deputy who was arrested briefly when he tried to enter the city hall liaison office yesterday, did not attempt it today.

But other allied liaison officers were permitted inside.

The Soviet officer removed a sign identifying him as "Soviet liaison officer" and replaced it with one reading:

"Plenipotentiary of the Soviet military commandant."

This indicated the Russians no longer will recognize as legal the presence of the Western Allied liaison officers in the city hall, which is in the Soviet sector.

South Plains Encampment Group To Meet Friday In IOOF Hall

South Plains Encampment No. 26 will confer Patriarchal degrees on several candidates at a meeting here at 8 p. m. Friday in the Odd Fellows hall, 1913 Avenue K, it was reported by W. A. Holeman, scribe.

All members were urged to be present. Refreshments will be served.

Cotton Crop Forecast

(Continued From Page One)

and price situation, the department said that chief factors for cotton declining on 35 out of 44 trading days in the last two months could be traced to four factors:

"1. Smaller cotton exports financed under ECA than had been expected; 2. Prospects for a carryover well over 500,000 bales larger than a year earlier; 3. Prospects for an unusually large crop in 1948, and 4. decreasing takings for both spot cotton and textiles."

THIRD MARRIAGE

Wichita Falls Man, 102, Seeks Divorce

WICHITA FALLS, Sept. 8 (AP)—Thomas E. Riddle, 102-year-old Confederate veteran and one of this area's oldest inhabitants, Wednesday filed suit for divorce from his 74-year-old wife, Shrilda.

The petition filed in district court here cited alleged cruelties.

The couple, according to the divorce papers, was married on Sept. 12, 1938, at Sunset, Tex. It was the third marriage for Riddle who celebrated his 102nd birthday here last April 16.

FEPC Is Scored

(Continued From Page One)

Americans to conform to this Russian idea and concept? I know you did not. But the attempt is now being made, not by Stalin, but by Wallace, by Dewey and by Truman."

Thurmond, leader of the anti-Truman Democrats, was nominated for president of the U. S. by the States Rights Democrats of Texas, a party formally organized today at a statewide meeting in Dallas' Fair Park auditorium. He and Governor Fielding L. Wright of Mississippi are presidential and vice presidential choices of the States Rights Democrats movement.

Warns On Federal Control

Wright was selected by the Texas party as its candidate for vice president.

Thurmond called the proposed anti-lynching bill "the opening wedge to federal control of the enforcement of local laws—the broad highway to the establishment of a federal police power."

"It is the way," said he, "by which those who would establish a police control over the people seek to establish a federal gestapo."

Proponents of the anti-poll tax bill, he said, want it for one purpose only—"to take into the power of the federal government the control of elections; to take into the federal government the power to say who shall vote, and when, so that the groups in control of the federal government may say who shall vote in your elections and how.

"Give the federal government control of the police forces, the national police forces, the control of elections, and you will soon see freedom dead, and the advocates of freedom dead or in the concentration camps in Texas, as you have seen them in the slave countries of eastern Europe.

No Fight Against Negro

"This is no fight against the negro race. The negro race has progressed farther in three score years than any race in history. It has progressed because it has had the sympathetic help of the southern white people of good will. This is a fight for local self-government, for the preservation of our individual freedom.

"I am not going to take your time talking about other domestic and foreign issues when your government is under attack by every nominee of every convention held in Philadelphia this year. I am not going to take your time trying to sell you a carpet or a picture or some window dressing when your political house is burning down.

"Dewey wants to carpet the place with Republican rugs, tattered and worn, frayed and dirty. Truman wants to decorate it with pictures of a mongrel political family. Wallace would hang Red curtains all over the place.

"Governor Wright and I propose to put out the blaze with a constitutional fire extinguisher."

Shallowater Dedication Of Tennis Courts Set Friday

SHALLOWATER, Sept. 8. (Special)—The Shallowater Lions club Friday night will hold dedication ceremonies for two new concrete tennis courts which have been contsructed and are to be presented to Shallowater High school and the community.

C. H. Brown, president of the Lions club, will make the principal address. One of the highlights of the program will be the coronation of a queen, Betty Lou Giles, daughter of Mr. and Mrs. Kermit Giles of Shallowater. Recognition also will be paid to last year's tennis champions by Polk Robinson of the Texas Tech coaching staff.

Entertainment for the program will be furnished by Larrymore School of Dance. The program will be held in the gym in the event of inclement weather.

New York state has 290 airports, with about 90 seaplane bases.

Thurmond To Speak

(Continued From Page One)

Texas States' Rights convention in Dallas and consequently is believed tied up with state affairs and unable to visit West Texas at this time.

Former State Senator Joe Hill executive officer of the Texas campaign committee, is assisting local committees in completing arrangements for the governor's visit and the rally where he is to outline the party's program.

Attracts Wide Attention

Thirty minutes of the address is to be picked up for broadcast on the Lone Star chain that will include several West Texas radio stations.

It was announced Wednesday from KCBD here that 30 minutes of the address, from 8:30 to 9 o'clock, will be aired by that station on an independent hookup.

At KSEL it was said that at least part of the address would be broadcast but definite plans could not be announced. Whether this would be the origin of the Lone Star chain broadcast was not made clear. Station KFYO said its facilities will be tied up in broadcast of the baseball game at Amarillo.

Members Of Committee

The reception committee, of which Mayor Rodgers is chairman, was announced as a general civic group, chosen from different professions and rank, and wholly without relation to party politics.

John Lee Smith, former Texas lieutenant governor, was named vice chairman and other members are:

Dr. and Mrs. D. M. Wiggins, Messrs. and Mesdames C. C. Crenshaw, sr., Retha Martin, E. L. Klett, L. R. Rampy, Tom French, C. L. Harris, W. C. Wood, S. P. Boling, Robt. A. Sowder, Thos. B. Duggan, jr, Jas. H. Milam, Lee Henderson, Clarence Bestwick, James O. Cade, Howard Hoffman of Slaton, J. Ben Cole, jr., Mark Hailey, Joe Bryant;

H. D. Woods, Charles Still, Harry Holcomb, Geo. W. Dupree, Durwood Bradley, Embry Hines, Marshall Hendricks of Brownfield, Alvin R. Allison of Levelland, Claurice Phillips of Levelland, Temple Houston Morrow, E. K. Hufstedler, jr., R. D. Erwin, Marion Sanford, Arch Underwood; and Mrs. Clyde F. Elkins, Thurston Bower, George Bond, Mrs. William H. Bledsoe, Mr. and Mrs. John T. O'Neal, Mr. and Mrs. Homer D. Grant, and Mr. and Mrs. Rex Webster, and Dr. W. H. Logan.

INDIANAPOLIS, Sept. 8 (INS) — Jacksonville, Fla., staged a two-run rally in the top of the eighth inning tonight to eliminate Omaha from the American Legion Junior baseball world series by a score of 4 to 3. Leon Carter paced the victors with two triples and a double. Don Zeski smashed a double and single for the losers.

Congratulations To:

Mr. and Mrs. M. W. Hobbs of 308 First on birth of a son weighing 6 pounds 10½ ounces at 4:39 p. m. Tuesday in West Texas hospital. The father is employed by the highway department.

Mr. and Mrs. G. L. Norrell of Ropesville route 1 on birth of a daughter weighing 6 pounds 12 ounces at 8:05 a. m. Wednesday in West Texas hospital.

Mr. and Mrs. Doyle Leonard of Levelland on birth of a daughter weighing 6 pounds 7¼ ounces at 2:31 a. m. Wednesday in Lubbock Memorial hospital. The father is a driller.

Mr. and Mrs. L. L. Lively of 3310 Seventh on birth of a daughter weighing 6 pounds 10½ ounces at 4:48 a. m. Wednesday in Lubbock Memorial hospital. The father is employed by the highway department.

Mr. and Mrs. W. E. Summers of Abernathy on birth of a daughter weighing 7 pounds 15½ ounces at 1:33 p. m. Wednesday in Lubbock Memorial hospital.

Mr. and Mrs. R. G. Dunlap of Lockney on birth of a daughter weighing 7 pounds 10½ ounces at 7:08 p. m. Wednesday in Lubbock Memorial hospital.

French Crisis Grows

(Continued From Page One)

the signers were members of the Catholic Popular Republican party, one of the middle-ofthe-road parties making up the "third force" which heretofore opposed new elections which might give Gen. Charles De Gaulle a chance to step into power.

De Gaullists Join Talks

Paul Giacobbi, president of De Gaulle's parliamentary group, and Jean-Paul Palewski, De Gaullist party whip, were received by Auriol in an apparent effort to win their support for a national union government in which De Gaullists would participate, or another "third force" government.

One De Gaullist deputy, Rene Pleven, said he thought the bloc might support Queuille. Queuille's own Radical Socialist party, including 14 pro-De Gaullists, said they would back him.

But the two big parties of the "third force," the Socialists and Popular Republicans, had not yet taken a stand.

Auriol obviously was doing everything possible to stave off a dissolution and new elections. If Queuille fails Auriol probably would try to find yet another candidate.

BIG STATE LOOP PLAYOFF

(By Associated Press)

The Big State League's Shaughnessy playoff gets underway tonight with Austin at Sherman and Waco at Wichita Falls. Sherman finished on top in the regular season which closed Tuesday, followed by Wichita Falls, Waco and Austin. The first two games of the playoff's first round will be at Sherman and Wichita Falls. The next three at Austin and Waco. If more are needed the original sites will be used.

All the United States executive departments were set up by Acts of Congress, the oldest being State, War, and Treasury, which were established in 1789.

'Communist-Led' Union Blamed For Turmoil In Fur Industry

By DARRELL GARWOOD
INS Staff Correspondent

WASHINGTON, Sept. 8—The Communist-led CIO Fur and Leather Workers union was accused today of creating turmoil in the fur industry and "liquidating" small independent companies.

The charges were made to a House Labor subcommittee by Sol Rosenberg, president of the Associated Fur manufacturers, and Joseph J. Bernstein, attorney for the Fur Liner contractor's association.

Rosenberg said the leadership of the union was "definitely Communistic" but that the majority of the rank-and-file workers were "certainly not Communistically inclined."

Leadership Is Blamed

Asserting that his association of 750 manufacturers was powerless to cope with the situation, Rosenberg declared:

"The discussion in our industry has emanated from the leadership of the union. From any other union leadership what we offer to the workers would certainly be satisfactory.

"The present leadership is in complete control of our industry. The capital structure of our industry is weakening and if this continues much more we may be forced out of the business."

Bernstein testified that nearly 125 small fur contractors already have been compelled to close up shop "because of the dictatorship of the union."

Bernstein was the initial witness as the left-wing labor organization, headed by Ben Gold, a member of the national committee of the U. S. Communist party, underwent Congressional scrutiny.

Ordered To Testify

Gold has been served with a subpoena to testify before the committee probably next week.

The investigation will center on a series of complaints received by Rep. Hartley (R-N. J.) co-author of the Taft-Hartley law, that the fur industry has been forced to accept policies dictated by the union.

Bernstein testified that the industry has "been in turmoil for the last 20 years" and that the chaos was caused by the "present leadership" of the union.

The witness said the labor organization has prevented manufacturers from farming out finishing jobs to members of his association by levying fines totaling "over a million dollars."

He said membership of small independent firms in his group has been reduced from 200 to 75, adding:

"The number is still decreasing as our members are practically starving to death and living from hand to mouth because of the union's super detective agency spying on the manufacturers."

Bernstein said the union has assessed manufacturers fines ranging from $500 to $3,500 if they were found letting work to the independent contracting firms.

The fines, he explained, have intimiated them into a fear of giving us any business."

Other complaints received by Hartley have claimed that the industry is dependent upon shipment of furs from Russia and thereby is required to accept union terms set forth by Gold.

OBEYS MASTER'S VOICE—Jim Walker of Portland, Ore., launches his radio-controlled, gasoline-powered model plane during demonstration at Detroit. A football helmet holds equipment which enables Walker to maneuver plane in air by talking to it.

Psychological Test To Help Negroes In U. S. Is Reported

By HOWARD W. BLAKESLEE
Associated Press Staff Writer

BOSTON, Sept. 8.— The first psychological test designed to help negroes to get along better with whites was reported to the American Psychological association today.

The specific object is to help those negroes who go to work with whites in situations where race prejudice exists, or where their relations with whites call for diplomacy.

The test was reported by Charles F. Thompson, of Tulane university. It arose from his experience with negro veterans in New Orleans, when he tried to use the regular psychological tests given to white people to learn such things as how a man or woman will get along with fellow workers, and how to make allies.

The white psychological test revealed that negroes are apt to think of whites as aliens. It is the same thing as the old saying, "all chinamen look alike." Whites have been found by psychologists who think nearly all negroes look alike.

The white test is a series of pictures, originated by Dr. Henry A. Murray of Harvard. A person looks at them and tells the story of what he thinks the picture means.

The Murray pictures all are of white people. When Mr. Thompson tried this test on the negro GI's, he got flat, wooden answers. The colored men didn't seem to know what a white man or woman would do. The whites were just fixed types to them.

Thompson then substituted pictures of negro men and women. Immediately he got interesting answers. He then formed a psychological test, based on the material in the Murray pictures, but changing the race, and also changing some of the details to fit negro experiences.

From these pictures the psychologists get from negroes the same information that whites give.

Roy G. Tomlinson, Fort Worth Advertising Man, Is Claimed

FORT WORTH, Sept. 8. (AP) — Roy G. Tomlinson, 52, veteran advertising representative of The Star-Telegram was dead today after his car crashed into a building in south Fort Worth.

Tomlinson was dead on arrival at a hospital. Police said death apparently resulted from a heart attack.

Born and reared at Hillsboro, he had been employed by The Star-Telegram for 27 years. His wife and several brothers of Fort Worth survive.

Recall Of Envoy To Vatican Urged

HOUSTON, Sept. 8 (AP) — A call upon President Truman to recall Myron C. Taylor from the Vatican and a prediction that Jim Crowism is on the way out were made at the opening session of the Sixty Eighth annual session of the Negro National Baptist convention, U. S. A., Inc., today.

The statements were made by J. M. Dawson, white executive secretary of the joint conference committee on public relations for the Baptists of the United States.

Dr. Dawson spoke especially in support of the Baptist contention for separation of church and state, denouncing the application of public tax funds to sectarian or church schools and the presence of a United States ambassador at the Vatican as a special advantage to a single church.

Political Promises Hit

As a member of the commission of seven appointed by the Baptist World alliance to secure religious liberty throughout the world, he insisted that religious persecution must cease everywhere on earth.

Dr. Dawson said "as a sociological student, after long years of research I give it as my opinion that no race in all history has made as rapid and significant progress as the negroes in America, within the past 100 years.

"Coincident with this progress has been a remarkably growing comprehension and concern for true and just relations between the races on the part of the churches, both white and colored. The real hope of the solution of this difficult and delicate problem is through such forces, not through politicians who play with Jim Crowism, which is on the way out.

"The Southern Baptist Convention (white) has officially adopted a bill of rights which is more significant than any proposed by any political party and unmistakably more Christian."

Dr. Dawson, although no longer living in Texas, continues to serve on the board of trustees of Bishop College for Negroes at Marshall. He complimented Howard university, Washington, headed by a Baptist, and which has over 9,000 students.

Levelland's Schools Show Enrollment Of More Than 2,200

LEVELLAND, Sept. 8. (Special) — With Levelland public school enrollment practically complete, late Tuesday afternoon figures for the five Levelland schools indicated an all time high of 2,213 students signed for classes.

Of this number, 312 were enrolled in senior high, 448 in junior high, 1,390 in the two elementary schools, and 63 in the Carver school. This compares with an enrollment last year of 1,812 and a peak enrollment of 2,020 recorded in April, 1948. Seventy-seven teachers were employed prior to the opening of school. Four additional teachers will go to work this week.

New Rooms Planned

The Levelland school board, of which C. E. Birdwell is president, arranged for four new classrooms to be built during the summer. At a meeting Monday night, they authorized the construction of two additional classrooms under a contract with Simon Garrett Lumber company of Lubbock. These two additional buildings will make a total of four cottage type schoolrooms constructed on Fourth street between Ave. C and Ave. D on four lots purchased from Mrs. Roscoe Wilson and John Christman of Lubbock.

A 13-room brick building opened in September, 1947, and ten classrooms made from surplus war buildings in October, 1947, have helped to alleviate an acute classroom shortage problem, but school officials said there is no hope of a satisfactory solution until the new high school building now under construction is completed.

Rapid progress is being made on the construction of the new $650,000 school, which is being built by D. D. Humphries Construction company of Lubbock under supervision of Wyatt C. Hedrick of Fort Worth, but school officials stated that it probably will not go into use until September, 1949.

Secret Talks Are Held On Scandinavian Defense Setup

STOCKHOLM, Sweden, Sept. 8. (AP)—The foreign ministers of Denmark, Norway and Sweden held secret discussions today on joint Scandinavian defense.

Gustave Rasmussen, Danish foreign minister, told newsmen the talks were "successful."

SECRET SESSIONS ARE HELD

Twenty-Two More Persons Are Subpoenaed In Spy Hearings

By ROSE McKEE
INS Staff Correspondent

WASHINGTON, Sept. 8—House spy probers announced today they have subpoenaed 22 persons for secret quizzing this week. Those summoned include a university professor and a Communist party organizer.

Chairman Thomas (R-N. J.) of the House Un-American activities committee, said the testimony of the group would set the stage for new espionage hearings scheduled to start next Wednesday.

The new inquiry will cover among other subjects alleged violations of atomic security, a reported third spy ring in the federal government, and assistance said to have been given by prominent persons to Communists seeking to enter the U. S.

Witnesses Testify

Thomas gave newsmen the names of two of the 22 on whom subpoenas have been served. He declined to reveal why they have been summoned.

He said that one was Dr. Martin Kamen, a professor at Washington university, St. Louis, Mo. The other, he said, was Steve Nelson.

Chief committee investigator Robert E. Stripling announced that Nelson has been identified in committee hearings as a Communist organizer in western Pennsylvania.

Thomas disclosed that the committee questioned four witnesses behind closed doors today in an effort to straighten out conflicting testimony of Alger Hiss, former State department official accused of having been a Communist agent, and Whittaker Chambers, who made the charge.

Chambers, a confessed Communist undercover man, is now a $25,000-a-year Time magazine editor.

Car Deal Studied

Thomas said that today's witnesses were questioned chiefly about Hiss' 1929 Ford roadster, which Chambers said Hiss made available for Communist party organization work.

The committee produced records which showed that the car went to a William Rosen.

Witnesses today included a Mrs. William Rosen. Thomas said she answered questions "more freely" than her husband, who reportedly refused to answer when asked behind closed doors whether he was a Communist.

The committee, however, has never identified Rosen as the William Rosen who got the Hiss roadster.

Seek To Complete Hearings

Other witnesses today were Louis Rosenberg, a partner of Benjamin Bialek, who previously had been heard in secret; Irvin Farrell, a Washington pharmacist and Henry Cherner of a Washington Motor company.

Thomas declined to say whether the four gave the committee any help in its attempts to trace the Hiss roadster further.

He said, however, that the committee hopes to complete the Hiss-Chambers case as soon as the hearings resume. Hiss has denied that he was ever a Communist.

Committeemen have said that either Hiss or Chambers lied under oath and one of them will be cited for perjury as soon as the liar can be exposed.

Thomas declared that "new names" will figure in the investigation of Communism in Hollywood which is to be one issue in the new series of hearings.

Autograph-Seekers Swamp Mitchum At Courtroom Hearing

HOLLYWOOD, Sept. 8. (INS)—A mob of autograph-seekers swarmed around Actor Robert Mitchum today when the debonair screen player, looking every inch the matinee idol, walked out of a courtroom where he and three others had been rebooked on a narcotics charge.

The lean, handsome film star, spruce in a gray pinstriped suit, was freed on $1000 bail along with starlet Lila Leeds, dancer Vicki Evans and Robin Ford, real estate man.

Hearing Set Sept. 15

The four went into superior court for a writ of habeas corpus hearing, a formality necessitated by the action of the county grand jury yesterday in returning indictments of violating the state narcotics code against them.

Mitchum and his three companions were freed on the writ following their arrest last week during a police raid on a Laurel canyon cottage. Today, during the brief court session, Superior Judge Thomas L. Ambrose absolved the writs and ordered the four rebooked pending arraignment Sept. 15.

Each then posted bail to remain free until that date.

The grand jury indicted the four on two counts—possession of marijuana and conspiracy to possess the drug.

As Mitchum stepped from the courtroom admirers surged around him and he signed his name in rapid succession for a host of autograph hunters. It was the actor's first public appearance since he was brought to jail by narcotics officers following the raid on the secluded cottage.

Thirty-Three Signed In Boys Club Chorus

Thirty-three members of Lubbock Boys' club signed up as charter members of the Boys' club chorus at a Wednesday night organizational meeting at the club house.

The chorus, sponsored by the Lubbock chapter of SPEBSQSA, is to be directed by Dick Richards, director of Texas Tech chorus.

Charter members are Neil Sikes, Durrell Odorizzi, Carroll Caddell, Robert Warren, Mike Brady, Bobby Tollison, Glen Akin, Carroll Walker, Gerold Leslie, Carlton Huneke, Henry Huneke, Eugene Ward, Ray Ward, Gerald Martin, Dale Stanley, Gene Johnson, Allen Early, Dale Early, Jerry McLaughlin, Jimmy Paul McLaughlin, Darwin Wilbanks, Jimmy Cope, James Harvey, Wesley Odorizzi, Gordon Graves, Junior Osburne, Reed Loftin, "Pinky" Owens, John Terry, Wade Wolfe, Ira Owens, and Lawrence Doss.

Ninety-four Boys' club members attended a Wednesday night movie at the club house, the first of a weekly series to be presented until next summer.

American Wool Growers Enjoy Increase In Prices This Year

WASHINGTON, Sept. 8 (AP)—American wool growers, benefiting from strong demand and short supply of better qualities, have enjoyed an upswing in the prices they are getting on this year's clip.

A report issued today by the Agricultural department showed that the average figure received by producers in July was 49 cents per pound, grease basis, an increase of 7.7 cents over what they got a year earlier.

Shorn wool production for 1948 was estimated at 237,300,000 pounds. This is 15,500,000 pounds or 6 per cent less than the 1947 clip and the smallest since 1923.

Official To Outline Grain Storage Rules

Duncan D. Myers, War Assets administration official in charge of the regional grain storage program involving use of government buildings, will be in Lubbock today to outline leasing requirements for the emergency storage.

Myers will meet with Cong. George Mahon and "all grain men and others interested" in the leasing arrangements.

He will make an inspection of the South Plains airfield to determine suitability of the various structures for storage purposes. The War Assets representative will visit Amarillo Friday for a conference there and an inspection of the Pantex Ordnance Works.

CONFERENCE SLATED OCT. 14-16

Specialists To Outline Cotton Mechanization Problems

Five top representatives of agricultural experiment stations are to outline progress and problems of cotton mechanization in every section of the belt, as one of the opening day features of the National Cotton council's second annual Beltwide Cotton Mechanization conference here October 14 to 16, according to announcement by Claude L. Welch of Memphis, Tenn., director of the council's production and marketing division.

Problems Must Be Solved

The five specialists are to point out at a special session of the conference some of the engineering and economic problems that must be solved before mechanization can be adapted to all sections of the belt. Dr. Russell Coleman of Starksville, Miss., director of the Mississippi experiment station, is to preside at the session.

W. E. Meek, Stoneville, Miss., senior engineer in charge of the USDA's regional cotton mechanization project, will discuss progress which has been made across the cotton belt. George B. Nutt, Clemson, S. C., head of the agricultural engineering department at the S. C. agricultural experiment station, will outline specific problems of the southeast.

Dr. Frank Welch, State College, Miss., dean of the School of Agriculture at Mississippi State college, will speak for the Mississippi valley area and J. P. Fairbank, Davis, Calif., agricultural engineer at the University of California will tell of the mechanization needs of the irrigated lands of the west.

The scientists are expected to cover every phase of mechanized production including disposal of previous crop residue, land preparation, planting and fertilization, cultivation, thinning and weed control, and harvesting.

More than 500 representatives of the farm equipment industry, the cotton industry, the department of agriculture and cotton belt land grant colleges are expected to attend the conference. Cooperating with the council in staging the meeting are the Texas Agricultural Experiment Station, Texas Agricultural Extension service, Texas Statewide Cotton committee, and the Plains Ginners association.

Four Witnesses Called In Trial

The state called four witnesses Wednesday afternoon in the Milus Steen murder case, and indicated it would use at least seven more this morning.

Judge G. V. Pardue adjourned 99th district court at 5:15 p.m. until 9 a.m. today.

The jury was completed before 3 p.m. It is composed of J. W. Sisk, Jarrell F. Allen, C. H. Doggett, E. C. Jaggers, C. O. French, C. E. Lilley, jr., W. G. Alderson, Sidney B. Deavours, J. T. Andrews, Gaines Davis, R. S. Hobgood and Harold Pope.

Statements In Contrast

Feature of Wednesday's evidence was introduction into evidence of a contrasting set of facts sworn to in written statements of Willie Wilmore, a negro witness. The state introduced one signed statement, the defense the other. There were significant discrepancies in the two statements.

The state seeks to prove that Steen, 36, a negro, shot and killed Narvis Smith, another black, Feb. 23 in the Queen City negro residential addition several minutes after the principals had fought in Steen's grocery store. It charges malice in the defendant's assault.

The defendant, in lengthy cross-examination by his counsel, sought to predicate a fear of Smith and a reasonable apprehension of danger at the moment witnesses said they heard three shots fired.

His counsel is S. P. Boling, of the firm of Smith, Cunningham and Boling, and George W. Dupree and James Milam, of the firm of Crenshaw, Dupree, Milam and Crenshaw.

District Attorney Lloyd Croslin is directing prosecution, aided by E. G. Pharr, assistant district attorney.

When the poison from honey bees is injected into a cut in the human body in large quantities, it produces almost the same effect as the bite of a rattlesnake.

Co-Operation Of Firms Is Asked

First reports indicated Wednesday that most Lubbock merchants are co-operating fully with the effort to make a smashing success of the booster trips in behalf of the Panhandle-South Plains fair here Sept. 27 through Oct. 2.

"We want the trip to be worthy of the finest of all Panhandle-South Plains fairs, and the indications are they will be," said Homer Hensley, chairman of the chamber of commerce good neighbor committee, sponsor of the trips.

To Use Chartered Buses

The trips, to be made in chartered buses, are Sept. 14, 16, 21 and 23.

Although trip committees are not scheduled to make their reports until Friday, Hensley said, he already has been advised of 14 firms and organizations which have taken from one to 10 tickets for each of the four trips.

Heading the list, and the first to make reservations, was the Lubbock Lions club, which has taken 10 tickets for each trip.

Others which have made reservations on all four trips were reported as follows:

Dunlaps, J. W. Chapman & Sons Realtors, Pendley Body Co., Luther Transfer and Storage, Texas Roofing co., Kuykendall Chevrolet co., Lubbock Poster co., Hemphill-Wells, Lubbock Auto co., Independent Produce and Cold Storage co., Texas, New Mexico & Oklahoma Coaches, Pop's Feed Store, Forrest Lumber Co., E. K. Hufstedler and Son, Sears Roebuck and The Avalanche-Journal.

All-Out Help Asked

Numerous reservations also have been made for individual trips. But Hensley emphasized that business firms are being urged to take tickets on all trips. Their representation on the good neighbor missions will not be complete otherwise, the chairman argued.

Tickets are $5 per trip, or $20 for the four. The price includes lunch.

Hensley asked ticket commit-

See CO-OPERATION Page 2

Zoning Change For School Announced

Zoning changes for Roscoe Wilson school, prompted by crowded conditions there, go into effect today, according to Supt. R. W. Matthews.

The west boundary of the school is being changed from Tyler to Harrison street, a change which will involve all children who live in the 3300-block from Nineteenth to Thirty-third.

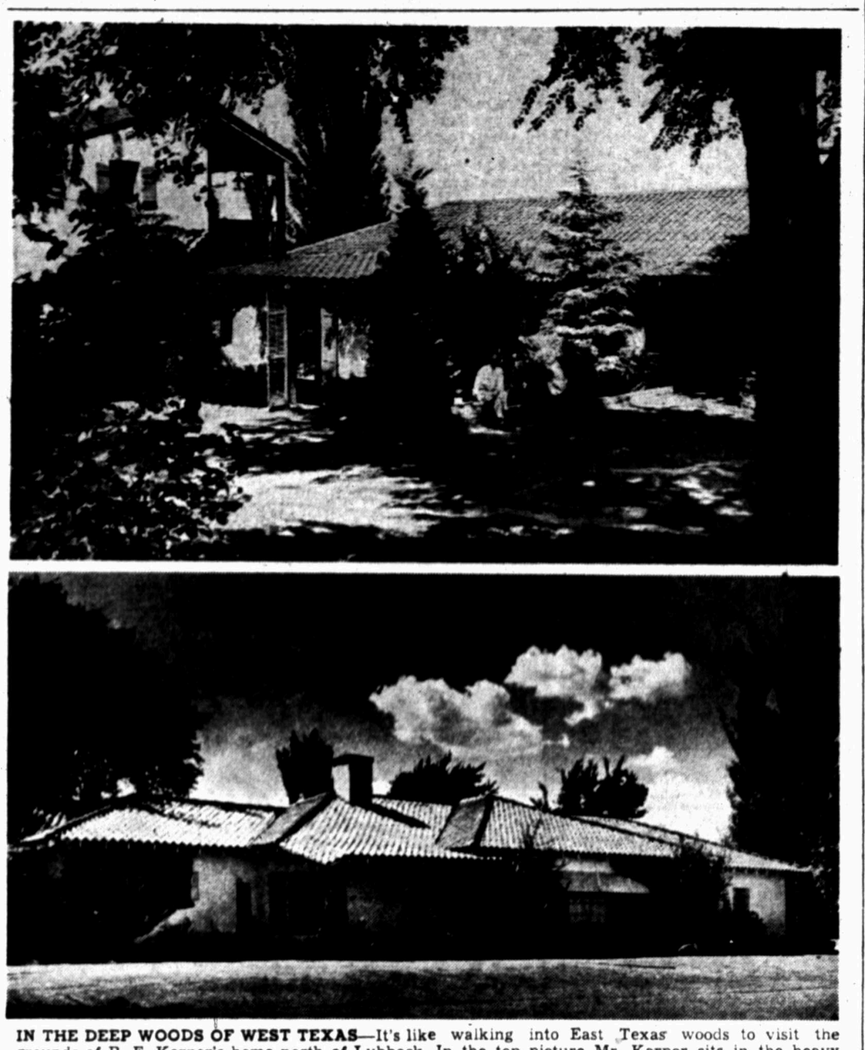

Those affected, 53 in all, will now attend on the Overton school schedule, which for the present means only that they will attend Roscoe Wilson school on the afternoon rather than the morning schedule, from 12:30 p. m. to 5 p. m. The children were being notified at noon Wednesday to report to Roscoe Wilson school at 12:30 o'clock today.

Supt. Matthews, in explaining the zone change, stated that the change is within the zoning policy of the school district, and quoted that portion of the zoning policy which reads, "Students outside of the circles shall be assigned according to natural geographical boundaries and the crowded conditions of the various schools." The section re-zoned is not within the circle which has Roscoe Wilson school as its center.

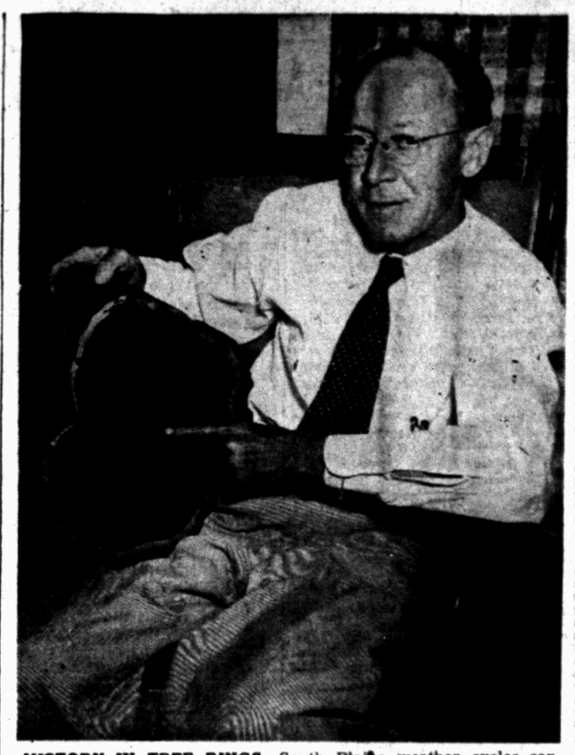

Man Given 14 Years For Theft Of Finnish President's Clothes

HELSINKI Finland, Sept. 8. (AP)—Kaarle Heino was sentenced to 14 months imprisonment today for stealing President Juho K. Paasikivi's striped suit and overcoat.

Heino told the court he had been drinking and that he climbed a fence around the presidential palace, mounted to the roof and entered a window. He sold the suit and coat.

IN THE DEEP WOODS OF WEST TEXAS—It's like walking into East Texas woods to visit the grounds of R. E. Karper's home north of Lubbock. In the top picture Mr. Karper sits in the heavy shade of the many specimens of trees he has successfully grown at the rear of his home. Note the huge trunk of one of his older Chinese Elms at the extreme right. Although he introduced the Chinese Elm to West Texas, Mr. Karper shows no favoritism—he also has Arizona Sypress, which he also introduced, Redbud, Chinese Arborvitae, Mimos, Cedrus Deodara and Boleana Poplars in his yard. In the lower picture is a front view of the Karper home, which he built using adobe blocks in 1940 and 1941. (Staff Photos).

HISTORY IN TREE RINGS—South Plains weather cycles can be read from tree rings like the specimen R. E. Karper is showing above. The cross-section he holds is a Black Lacust tree planted in 1909, and by the width of the growth rings the moisture conditions of succeeding years can be interpreted. The Black Locust was the most popular South Plains tree at the time Karper came to Lubbock in 1915 to become superintendent of the Lubbock experiment station.

INTRODUCED CHINESE ELM

Lubbock Man Played Prominent Role In Getting Trees In Area

By BILL CLARK
Avalanche Staff Writer

The ubiquitous Chinese Elm tree is such an integral part of the South Plains that the average West Texan could not imagine this country without it.

Yet 20 years ago the Chinese Elm was virtually unheard of in the United States, although in China it had been used for centuries. The man who was instrumental in introducing this familiar tree to West Texas still lives here in a beautiful home overlooking the Lubbock country club.

Came To Area In 1915

The heavily wooded grounds surrounding his home attest that his years of research in finding suitable trees for this section were not confined to the laboratory.

He is R. E. Karper, agronomist in charge of sorghum investigations for the Texas agricultural experiment station.

It was a different—and nearly treeless—South Plains that Karper came to in 1915 when he became superintendent of the Lubbock experiment station.

A graduate of Kansas State, he found many pressing problems for the experiment station to help solve for farmers. Among them was the question of what trees could thrive in the West Texas soil and survive the periodic drouths.

Obtained Seed From China

An explorer for the government's Office of Foreign Seed and Plant Introduction had discovered the Chinese Elm in China, and Karper in 1918 managed to obtain some of the original group of seeds sent to this country.

The seeds were planted on the experiment station. Within a few years it became apparent that the Chinese Elm was ideally suited to

ENID FIELD TO BE OPENED

U. S. Air Force Announces Plans To Open Three More Big Bases

By LEON SHLOSS
INS Staff Correspondent

WASHINGTON, Sept. 8.—The U. S. Air Force, quietly but rapidly expanding to 70 powerful groups, announced today that three big air bases will be reopened.

The three wartime installations at Fort Dix, N.J., Enid, Okla., and Smyrna, Tenn., will require nearly 7,000 military and civilian personnel for "housekeeping" duties alone.

When flight groups move in, the population of the three bases may total 40,000.

Others To Be Opened

The reactivation is another in the series of steps being efficiently taken by USAF to build the 70-air group sky armada ordered by the 80th Congress and provide this country with insuperable air power.

Another base, at Sedalia, Mo., has already been ordered reopened, and others are on the list for reactivation. USAF will not, however, disclose which installations will be put back in business until the action is to be taken.

These bases are being ordered reopened now so they can be put in shape by the time men and planes are ready to occupy them.

The men are available as Air Force is meeting its enlistment quotas successfully.

New Planes Planned

The planes will begin to roll off production lines shortly. In 1949 USAF will receive 2,201 of the newest, hardest hitting jet bombers and fighters and huge transport planes.

Orders for all 1949 planes have been placed. Among anticipated deliveries are 162 Boeing B-50s, successor to the B-29 Superfort; 51 North American six-jet B-45 bombers, 30 eight-jet Northrop Flying Wing bombers; 409 Republic Thunderjet fighters; 457 Lockheed Shooting Star jet fighters; 451 North American F-86 jet fighters.

The F-86 is the plane which unofficially pushed the world's speed record from 650 to 669 miles an hour last week in Cleveland.

Also on the delivery line are 88 Curtiss multi-jet C-87 fighters. This is the biggest fighter ever developed by the United States.

Ninety-nine Fairchild C-119s and 28 Douglas C-124s are among the big cargo and troop transports on order. The C-119 is the famius "Flying Boxcar."

The bases reactivated today and the staff they will require are McGuire AFB at Fort Dix, 1,500; Enid AFB at Enid, 3,800, and Smyrna AFB at Smyrna, 1,600.

McGuire will be operated by the Strategic Air Command (heavy bombardment). Air training command will operate Enid. Tactical air command (fighter defense) will run Smyrna.

USAF is also ready in the power field, as evidehced by performance of the huge new General Electric TG-190 jet engine. The 190, which powers the F-86 and is slated for several other new types, pulls 10,000 horsepower to make it the most powerful in the world.

Certain hair breeds of sheep are distinguishable from goats only by the direction of the tail, which is upward in goats and downward in sheep.

Chinese Elm

(Continued From Page One)

this area.

Its spreading, shallow roots utilized the surface moisture to a great degree, and it had great powers of drouth resistance.

Karper and his young assistant, Don L. Jones, now superintendent of the Lubbock station, began growing the seedlings in earnest and virtually cornered the supply of Chinese Elm seeds by making arrangements with the University of Nanking, China, to have them sent to the experiment station.

Grew To Be Large

Some of the Elms, they learned, reached prodigious size in that part of China, and the Chinese employed the huge trunks to fashion cartwheels.

During the succeeding years the experiment station gave away hundreds of thousands—probably a million—Chinese Elm trees, and most of these trees are still growing on the South Plains today.

Karper and Jones also introduced and widely distributed a popular evergreen—the Arizona Cypress, a fast-growing, drouth resistant specimen native to the Arizona mountains. It was about 1919 when the tree was first brought to West Texas.

Karper served as superintendent of the experiment station until 1925. Then he went to College Station to become vice director of the Texas Experiment Station system at A. and M. college. He received a master's degree from A. and M. college in 1927.

He remained there until 1940, although he and Mrs. Karper retained their farm land on the mesa overlooking Lubbock country club which they had bought in 1920. That land, too, had some Chinese Elms on it, and when they built their home they planned it so that the old trees would not be disturbed.

Returned In 1940

In 1940 Karper asked to come back to Lubbock as agronomist in charge of sorghum investigations for the Texas station.

Using adobe, the Karpers built their spacious home north of the city in 1940-41. The walls of the house are 22 inches thick.

Although several fine old trees were on the site when the house was built, Karper has demonstrated that large trees can be grown in eight years or less, for most of the trees around his home have been planted since 1940.

Today the Karper home is surrounded by Arizona Cypress, Redbud, Chinese Arborvitae, Mimosa, Cedrus Deodara and Boleana Poplars as well as the Elms and such shrubbery as Pyracantha and Pfitzer Junipers.

When Karper first came to the South Plains virtually the only tree growing was the black locust, a thorny, skimpy shade tree.

Has Specimen Of Tree

Today Karper has among his relics a section of a black locust planted in 1909. Rubbed to a fine polish, the cross-section provides a remarkable "history" of South Plains weather. In 1914, 1915 and 1916, for example, the rings are widely spaced, indicating the heavy rainfall of those years and consequent rapid growth. The dry conditions of 1917 and 1918 are evidenced by the narrow growth rings, and then in 1919 and 1920, wet years, the rings again become larger.

The oldest and largest grove of Chinese Elm trees in the United States is that in the south edge of Mackenzie state park, Karper believes. It was planted by Marvin Warlick, then Lubbock county commissioner, the experiment station supplying the trees.

In the shade of the grove is an inscription on a bronze tablet which reads as follows:

"Karper Grove. The first large grove of Chinese Elm in the country. This valuable shade tree first introduced and widely distributed in Texas in 1919 by R. E. Karper while superintendent of Lubbock Experiment Station."

Despite this great contribution, Karper's principal work for 30 years has been in another field—grain sorghums. Through his exhaustive study of genetics and breeding, every sorghum in Texas except Martin milo was developed at the Experiment station. Amopg these are combine or early hegira, Texas Black Hawk kafir, disease-resistant milos, Plainsman, Caprock and double-dwarf white and yellow Sooner milos, adapted to combine harvesting.

Double-dwarf combine kafir and combine waxy kafir are in the making and ready for distribution.

The waxy kafir types were the foundation of a special type of starch used during the war years in the manufacture of a tapioca substitute by the General Foods corporation. Sweet Sudan grass, which now occupies 75 per cent of the total Sudan grass acreage in the United States also resulted from the sorghum breeding program of the Texas station and was first distributed in 1943.

Co-Operation

(Continued From Page One)

tees to make preliminary reports as soon as convenient to George Bond, assistant manager of the chamber of commerce. He particularly wants the names of firms which have made reservations on all trips.

Those who have been overlooked in the solicitations, he added, can make reservations by calling the chamber, telephone 4666.

COTTON LOAN OKAYED

WASHINGTON, Sept. 8 (INS)—The government's Export-Import Bank today loaned Finland $5,000,000 to purchase raw cotton from the United States. The loan repayable in 15 months, will carry an interest rate of two and one-half per cent per year.

Guards On Duty At Services For Benes

PRAGUE, Czechoslovakia, Sept. 8 (AP)—The Communist government, jittery over fears of a putsch, guarded every step of the state funeral for former President Eduard Benes today. Regular troops with bayonets, military police and armed civilian factory guards kept watch.

The factory guards poured out after emergency factory meetings at which they were told to take any measures to prevent the Benes funeral from being used to overthrow the government.

In a last minute change of plans the funeral procession was rerouted from Hradcany castle, where Benes sat as president, to Pankrac prison. Here a hastily constructed platform was erected beneath the walls for the cabinet to review the cortege.

The largo of Dvorak's "new world symphony," familiar to many as the melody of "Going Home," and a Hussite hymn were the only requiem for Benes, a Roman Catholic. He died last Friday after resigning his office rather than sign the Communist constitution.

Zapotocky said "his deeds speak for Dr. Benes. By his work for our fatherland and the republic he doubtlessly built himself an immortal monument in the heart of our people. . . . Our nation, and especially the working people, will never forget the part the late president had in building our new peoples Democratic order."

WTCC Project Clinics Planned In Battle For Area's Water Rights

ABILENE, Sept. 9, (Special).—A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project Clinics Slated

Project clinics have been set for the following towns:

Tahoka, Tuesday Sept. 28; Panhandle, Wednesday Sept. 29, Quanah, Thursday, Sept. 30 and Decatur, Friday Oct. 1.

Monahans, Tuesday Oct. 5; Del Rio, Wednesday Oct. 6; Stephenville, Thursday, Oct. 7 and Breckenridge, Friday Oct. 8.

These project clinics will replace the regular annual referendum meetings, which have been held in the past and will be in the towns selected by directors at last year's meetings.

"Due to the long range character of the work program adopted at last year's referendum and to the necessity of acting upon committee reports in pursuance of that program, your executive board believes that in this year's annual proceedings the energies of the organization should be devoted to acting on committee reports and to carrying out objectives already adopted by previous referendums and annual conventions," the executive board, which was presided over by President C. P. Dodson announced.

Rail Reports Expected

In the program as outlined by Manager D. A. Bandeen the project clinics also will receive presentations of industrial reports made by committees of three major West Texas railroads, the Santa Fe, Texas & Pacific and Burlington. These reports will cover surveys now being completed by the respective committees and will represent approximately $40,000 of factual information.

Already for distribution is the grain sorghum report for the WTCC-Burlington industrial committee which was prepared by engineers of the Texas Electric Service. This report deals with factual information on the production and utilization of grain sorghums and will be a handbook for local WTCC directors in an effort at industrialization of this leading West Texas crop.

It was announced the cotton report now being prepared under the WTCC-Santa Fe committee is nearing completion and likewise will be ready for distribution at the project clinics. This is an analysis of the cotton manufacturing potentialities of West Texas. It is being prepared by Mark Wood at Texas Tech.

Another important project to be reported is that of the WTCC-T&P industrial committee, which has under way an economic analysis of the West Texas area served by the T&P. Dr. Sidney L. Miller is preparing this analysis and he has already made three independent reports which include livestock feeding, leather goods potentialities and water needs of the area.

The group also gave its support to the eight constitutional amendments to be voted on at the general election Nov. 2. Members said they found nothing political in the amendments and that each represented good government and would merit support.

Granddaughter Of Theodore Roosevelt Weds Former Soviet

NEW YORK, Sept. 8. (U.P.)—Edith Kermit Roosevelt, 20, granddaughter of former President Theodore Roosevelt, was married today to Alexander Barmine, 49, former Soviet diplomat and Red army general, in a private ceremony at Northport, Long Island.

The marriage was disclosed at the northport Rotary club luncheon by surrogate Richard W. Hawkins, who said he performed the double ring ceremony.

Hawkins said the bride was very calm and wore a "reddish blouse and tan skirt."

The time and the place of the ceremony were not disclosed in advance because of the illness of Mrs. Theodore Roosevelt, the bride's grandmother. Hawkins said that Boris Radowezich, attorney and friend of the bridegroom, telephoned him early this morning and made an appointment for the wedding at 9:45 a.m.

Hawkins said he had promised not to disclose who the witnesses were.

Livestock

FORT WORTH REPORT
FORT WORTH, Sept. 8 (AP) — Cattle 2,000; calves 1,500; slaughter steers, yearlings and bulls about steady; cows active and strong; killing calves and stocker and feeder cattle and calves slow and weak. Medium and good beef steers and yearlings 23.00-31.00; cull and common lots 16.00-22.00; beef cows 16.00-20.00; canners and cutters 1.00-16.00; sausage bulls 16.00-21.50; good and choice fat calves mostly 23.00-26.50; medium grade butcher calves 18.00-22.00; cull and common 14.00-18.00; medium and good stocker and feeder steers, yearlings and calves 21.00-27.00; stocker cows 15.00-18.00.

Hogs 700; butcher hogs steady to 25 cents below Tuesday's average; sows and pigs steady; top 29.00; most good and choice 190-240 pound butchers 28.75; good and choice 150-185 lbs. and 250-325 lbs. 26.50-28.50; sows mostly 22.00-24.50; good light sows 25.00; stocker pigs 22.00-26.50.

Sheep 3,000; active; slaughter spring lambs strong, quality considered; other classes steady; medium grade slaughter spring lambs 23.00-23.50; medium and good yearlings 18.00-20.00; medium to good slaughter ewes 9.50-10.00; cull and common ewes 8.00-9.00; medium grade feeder lambs 17.00-20.00.

KANSAS CITY REPORT
KANSAS CITY, Sept. 8 (AP) — Cattle 4,000; calves 600; steers, heifers and cows strong to 50 higher; bulls, vealers and killing calves steady to strong; stockers and feeders unchanged; load high good to low choice around 1025 lb. fed steers and load good and choice Nebraska fed heifers 36.50; common to low medium grassers 21.00-24.00; common and medium cows 18.25-20.00; few good upward to 23.00; bulk canners and cutters 15.50-17.50; practical vealer top 28.00.

Hogs 1,500; slow, uneven, lights and butchers steady to 25 lower; sows mostly steady to 25 higher; bulk good and choice 180-260 lb. butchers 28.75-29.25; sows largely 22.00-26.25; stags 22.00 down.

Sheep 1,500; no spring lambs sold early asking higher; ewes around 50 higher, good and choice native spring lambs above 25.00; medium ewes 10.50.

Grain

CHICAGO REPORT
CHICAGO, Sept. 8 (AP) — With the government asking for offers of flour from mills, wheat prices worked higher on the board of trade today. Some buying came from mills.

September corn had a gain of more than 3 cents at one time, but this was partly lost in late trade. Firmness of September reflected an advance in cash prices, No. 1 yellow corn selling as high as $2.06.

Action of the September delivery had no influence on the new crop months. They dropped around two cents at one time.

Wheat closed ⅝-1¼ higher, September $2.22⅝, corn was 1⅝ lower to 1 cent higher, September $1.69-1.68¾, oats were ⅛ lower to ¾ higher, September 72-72⅛, rye was unchanged to ½ lower, December $1.54, and soybeans were ½-¾ higher November $2.49½.

FORT WORTH REPORT
FORT WORTH, Sept. 8 (AP) — Wheat No. 1 hard, 2.36½-2.41½.
Barley—No. 2, 1.33-1.38.
Oats—No. 2 white 89-90c.
Corn—No. 2 yellow 1.93-1.98; No. 2 white 2.22-2.27.
Sorghums—No. 2 yellow milo per 100 lbs. 2.50-2.55.

Cotton

NEW YORK REPORT
NEW YORK, Sept. 8 (AP) — Cotton futures turned steady today, following early weakness, as light mill buying and short covering met only limited offerings.

The Dept. of Agriculture's second forecast on the 1948 cotton crop was only 50,000 bales higher than the August 1 official estimate and had little effect marketwise.

Traders continued to feel that a surplus of cotton is in prospect this season unless reports prove well above current expectations.

Late afternoon prices were 25 to 50 cents a bale higher than the previous close. Oct. 30.96, Dec. 30.78, and March 30.59.

Futures closed 50 to 35 cents a bale higher than the previous close.

	Open	High	Low	Close
Oct.	30.84	30.98	30.81	30.94
Dec.	30.67	30.78	30.62	30.76
March	30.52	30.60	30.50	30.58
May	30.22	30.37	30.22	30.32
July	29.09	29.24	29.09	29.16
Oct.	26.59	26.69	26.55	26.61

Middling spot 31.89N up 6.
N—Nominal.

NEW ORLEANS REPORT
NEW ORLEANS, Sept. 8 (AP) — Fluctuations were over a narrow range in cotton futures here today with a small amount of mill buying offsetting hedge selling. Closing prices were steady, unchanged to 30 cents a bale higher.

	Open	High	Low	Close
Oct.	30.80	30.92	30.77	30.90

AVERAGE PRICE
NEW ORLEANS, Sept. 8. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 30 cents a bale higher at 31.04 cents a pound; average for the past 30 market days 32.33; middling ⅞ths-inch average 28.39.

Wall Street

STOCKS HIT SLUMP
NEW YORK, Sept. 8. (AP)—Gravity of the foreign situation weighed down on the stock market today and sent prices 1 to 3 points or more lower.

Volume of trading was 880,000 shares.

U. S. Steel fell 1⅞ to 80⅝ and was the third most active stock. Bethlehem dropped 1¼ to 36⅝. Youngstown was off 2⅝ at 82.

Both General Motors and Chrysler were down 1⅝, and Studebaker lost a point.

In the rails, Santa Fe lost 3¼ at 116. Nickel Plate dropped 4⅝ at 82½, and Southern Pacific was off 1⅞ at 60⅞.

Problem Of Keeping Ruhr Coal Production Going Big Headache

By J. M. ROBERTS
Associated Press Staff Writer

ESSEN, Germany,—Dismantlement of steel fabricating plants which make mining equipment is by no means the only worry of the men who are trying to build up Rhur coal production.

They feel better now than they did a few months ago, with new production levels being attained monthly, but are watching anxiously for any new leveling off such as has happened to them so often before.

The coal mines of this area produced about 400,000 tons a day for the German operators. When the war ended, they were practically at a standstill. For a time, after the British arrived to take over, they did not even produce enough to support themselves but were using up the "fat" they had stored above ground when the distribution system broke down during the Nazi retreat.

Slow Progress Made

In December, 1946, production was 200,000 tons daily; now it is about 290,000, and it has been a long, hard pull. In the first 15 months of their operation the British put production up to 240,000 tons.

But Denazification interfered with the supply of skilled workmen and supervisory employes. A bread shortage occurred, and in June, 1947 production was down to 225,000 again. The United States threw in some surplus U. S. Army rations to help hold the line against union food demonstrations and demands for a share of income from exports to buy food.

The question of the industry's future also was hanging in the balance, unsettling both administrators and Germans. The real coal men—many of whom apparently had been driven to the Rhur by nationalization back in Britain—were not for socialization as sought by the British government.

U. S. Sends In Food

After the U. S. accepted the British invitation to participate in the coal operation in return for dollar support, it was finally agreed that, once German economy and political life began to take some solid form, the Germans would be permitted to decide the system under which they would operate. There was revitalization in August last year when the Americans began to send food to meet a higher ration level, and through incentive programs which offered food parcels or larger rations for greater production. But always some new incentive was needed after a while. The miner was the best fed man in Europe, but he still couldn't buy anything with his non-food income.

Production fell again, early in 1948. Then came currency reform in June, and a big spurt. Shops began to open with some clothes, and especially with food supplies which the farmers had been keeping at home for barter purposes when money was no good to them. The miner no longer had to take the time and energy to go scrounging through the countryside.

But the new Mark is beginning to lose value, too. In the black market, which still continues although greatly curtailed, the new money is down, at least in some places, to about one fourth of its face value. Financial experts in the coal country are wondering if that production incentive, like previous ones, also will wear off.

Alice Phillips Is Selected To Manage Christmas Seal Booth

WASHINGTON, Sept. 8. (AP)—President Truman today proclaimed Sept. 18 as Air Force day in tribute to the men and women who have "contributed to the growth of American air power."

Air Force day has been observed in the past on Aug. 1. The date was changed, a spokesman said, because Sept. 18 is the first anniversary of the creation of an independent Air Force under the national military establishment.

Mr. Truman also named Col. Reginald C. Harmon to a four-year term as the first judge advocate general of the Air Force with the rank of major general.

GRAY HAIR NEWS

No More Dyeing?

Science's startling new Vitamins which many claim have restored color to gray hair can now be had as Nix Vitamins. This may eliminate dangerous dyeing. These Vitamins, as described by National Magazine, supply harmless Calcium Pantothenate and Vitamin G to your system. When color does return it starts at hair roots. Simply take one a day. Age 22 up. Don't look old before your time. Get Nix Vitamin Tablets today. Don't wait. No mail orders filled.

J. C. Penney Company Department Store To Open New Second Floor Friday

FOUNDER OF J. C. PENNEY COMPANY — James Cash Penney was born in Hamilton, Missouri. During his youth he clerked in a dry goods store, and in 1902 opened a similar store in Kerrerer, Wyoming, as one of three partners. Out of this humble beginning—one small store in a Western mining town — grew the present Penney Company with stores in every State in the Union. The phenomenal growth of the Company is proof of the soundness of Mr. Penney's belief in the Golden Rule as the best possible business policy. He applied the principles of square dealing equally in merchant-customer and in employer-employee relations, and these policies have won for the Company the confidence of the public and the loyalty of associates, both so vital to success.

Penney Story One Of Great Sagas Of U. S.

The development of the J. C. Penney Company, of which the Lubbock store is a part, is one of the great sagas of American business. Its central figure, James C. Penney, gives it a true Horatio Alger flavor.

The first Penney store opened in 1902 in the frontier town of Kemmerer, Wyo. The town had a population of 1,000—and Mr. Penney, $500 and an idea. He expressed his idea in the name he gave his tiny enterprise: The Golden Rule Store. He wanted, he said, to give the public merchandise of higher-than-ordinary quality at lower-than-usual prices.

Had Other Ideas

He had other ideas, too. He would give friendly, considerate services; he would advertise honestly and without exaggeration or misrepresentation; and he would cut costs by selling only for cash, making no deliveries and eliminating other unnecessary costs of operation.

For Mr. Penney, and the organization he founded, these were not merely phrases for wall decoration but the vital elements of a business philosophy. Guided by them, the Company earned an enviable reputation, grew and prospered. Last year, with a sales force of more than 70,000 in all Penney stores, total sales reached nearly $800 million—a triumph of faith in the rewards of hard work and fair dealing.

Employees "Associates"

"Associates," as they have been called, rather than employees, recognize that they have a direct interest in the success of the organization, benefiting in many ways. To them, the Golden Rule principle is today a living force animating all the Company's relations, both within and outside the organization.

It has been said that business men welcome Penney's to a community, even competitors. "Penney competition," they say, "is honest and straightforward." Penney people welcome this warm and friendly attitude, inviting the spirit of healthy competition so essential to a vigorous economy and for the ultimate benefit of the American consumer.

Today, the Penney Company, serving millions of customers, looks forward to bringing a higher standard of living to even more millions at the lowest possible prices consistent with quality merchandise. The Golden Rule principles, Penney people say, will remain unchanged.

Interior Improvements Add 6,000 Square Feet Of New Floor Space

GRAND opening tomorrow of the J. C. Penney Company department store will disclose an entirely new second floor adding nearly 6,000 square feet of merchandising space to the store, Ellsworth J. Parson, manager, announced today.

"The addition of a second floor, along with the enlargement of all other floors, will give the new Penney's almost 50 per cent more selling space," Mr. Parsons said. "As a result, we now are able to carry far larger ranges of stocks and merchandise than we could heretofore—so customers will benefit from this enlargement."

Other Interior Improvements

Mr. Parsons added that the store had undergone other interior improvements, including the installation of new fluorescent ceiling lights to highlight merchandise displays, and a new passenger elevator to carry shoppers to the second floor.

New headers—large, wooden cutout letters set against a light background—will help customers find the department they want in the store.

New fixtures have been added, others have been repainted and a new tube cash system has been installed to facilitate the handling of cash and receipts to customers.

Ready For Fall Season

"Fortunately, the work has been completed in time to supply customers' fall and winter shopping needs," Mr. Parsons declared. "All departments are offering attractive and fashionable new merchandise for the entire family."

Featured on the new second floor will be a Junior Miss Shop, women's coats, suits and dresses, foundations, millinery and infants' wear.

The first floor will feature men's clothing and furnishings, men's and women's shoes, sportswear, hosiery and lingerie.

The basement will feature boys' clothing and furnishings, men's work clothes, bedding and drapery material, while the balcony will contain a complete home sewing and piece goods department.

The Penney store, one of 120 in this state, first opened here in 1925.

Mr. Parsons first joined the Penney Company as a salesman at Phoenix, Ariz., in 1921. In 1925 he was appointed manager of the store here and has served continuously for the past 23 years.

E. J. (Jack) PARSONS LOCAL MANAGER OF J. C. PENNEY — E. J. (Jack) Parsons is manager of the Lubbock J. C. Penney company store. Mr. Parsons first joined the Penney company as a salesman at Phoenix, Ariz., in 1921. In 1925, he was appointed manager of the store here and has served continuously for the past 23 years.

Penney Company's "Mother" Store In Kemmerer, Wyo.

Opened as the "Golden Rule Store," in 1902 it was a small beginning in a real old Western mining town — just one small room on the town's muddy main street. It was an era when "let the buyer beware" was the ordinary business philosophy, and prices usually depended on the customer's haggling ability. Mr. Penney really lived up to the principles involved in the name he gave his little venture, and he further broke with tradition by plainly pricing his goods and then selling at no other figure. Today the Company he founded in Kemmerer operates attractive, modern department stores all over the United States, testifying to the wisdom of his fair business practice, based on the Golden Rule.

A. W. HUGHES

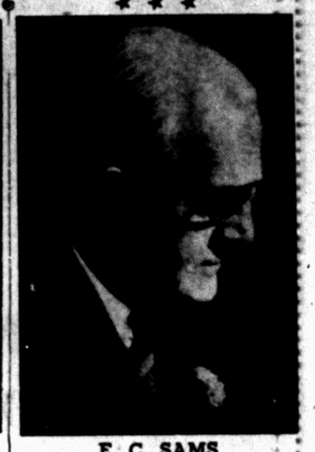

PRESIDENT OF NATION-WIDE CONCERN— A. W. Hughes, President of the J. C. Penney Company, was born in Shaneateles, N. Y. He joined the Company in 1920 as a salesman in the Penney store at Moberly, Mo., later serving as manager of Penney stores in Eureka., Utah, and Athens, Georgia. Starting behind the counter of a Penney store is typical of the careers of most of the officers of the firm. Mr. Hughes succeeded E. C. Sams — himself once a salesman behind a Penney counter—as President of the Company in April, 1946, when Mr. Sams became Chairman of the Board.

J. C. Penney Testing Laboratory Located In New York City

To insure customer satisfaction, the J. C. Penney Company maintains a well equipped laboratory in New York City, where merchandise is constantly tested for strength, color-fastness, warmth, wearing qualities, shrinkage, moth-proofing, etc.

Fabrics used in Penney merchandise are continually tested for their resistance to wear. Machines provide the punishment, and automatically record the result. Cylinders covered with an abrasive are rotated against the tightly stretched strips of fabric until the material wears through.

The performance of each sample is recorded by an instrument which resembles the mileage meter of a car. Fabrics are also tested for color-fastness, shrinkage, launderability, tensile strength, and resistance to color changes caused by the chemical effects of perspiration.

E. C. SAMS

CHAIRMAN OF BOARD OF J. C. PENNEY COMPANY — E. C. Sams, Chairman of the Board of Directors, of the J. C. Penney Company, was born in Simpson, Kansas. After several years in the retail business, he joined Mr. Penney as a clerk in the Kemmerer, Wyoming, store. After serving nearly 30 years as President of the Company, Mr. Sams succeeded Mr. Penney as Chairman of the Board in April, 1946, when Mr. Penney became Honorary Chairman of the Board.

Back-to-School Clothes for the Kiddies

WHIRL SKIRT School Dresses 2.98

Plastic Calf HANDBAGS

2.98 Plus Tax

Pouch and envelope styles all completely lined in plastic for easy cleaning. Black, gray, cherry red and new continental green.

Moscow Paper Turns New Blast Against Tito's 'Nationalism'

By NATALIA RENE
INS Staff Correspondent

MOSCOW, Sept. 8 — Pravda printed charges today that Marshal Tito's Yugoslav regime is a band of murderers jumping into the western "imperialist" camp against Russia.

The new blast at Tito, who has defied cominform charges of "narrow nationalism," was signed by the "central committee."

This presumably is the central committee of the Soviet Communist party but could be the central committee of the Communist information bureau.

Didn't Learn Lesson

The statement said Tito's group "has not learned a lesson" from the recent condemnation by the cominform and instead has begun a wave of repression and murder.

Pravda printed a charge that the Tito regime murdered Col. Gen. Arso Yovanovitch, former Yugoslav chief of state, who was shot last month while trying to flee to Romania.

An obituary and picture of Yovanovitch was published. The article pointed out that the general studied at the Moscow military academy throughout 1947 and early this year before returning to Yugoslavia in July.

Trickery Is Claimed

The statement said Tito's group in effect has put itself in the "imperialist camp" but tried by trickery to make out he still professed "his great love for the U. S. S. R."

The Central committee statement said Tito also virtually tried to get Premier Stalin to join him in a proposed "crusade against Russia and the countries of the peoples' democracy."

(Editor's note: The Yugoslav Communists have tried to make out that the cominform, which is Russian-directed, had relayed false charges to Moscow against Tito. A Yugoslav Communist appeal to Premier Stalin to intervene has gone unanswered.)

"The case even went so far," said the Pravda statement, "that Tito's co-thinkers proposed that Premier Stalin should join this dishonest crusade—against the U.S.S.R., its Communist party, and the democratic countries with their Communist parties."

The statement alleged that Tito's group is now a minority faction opposed by a majority "of internationaly-minded Communists."

Three Persons Killed In Midland Mishap

MIDLAND, Sept. 8 (AP) — One man was killed instantly last night and two others died today from injuries received in the head-on collision of a pickup truck and a car.

The victims were M. D. Lepart, 23, Big Spring, who died about 6 a. m. today; D. B. Snider, Midland, who died about 9:30 a. m.; and a man tentatively identified as Havner Tucker of Big Spring, killed instantly.

Lepart and Tucker were riding in the car. Snider was driving the pickup truck.

EXCHANGE CLUB AFTER PROJECT PRIZE—Members of the Lubbock Exchange club leaving today for the state convention of Texas Exchange clubs at San Antonio this weekend, will take with them a scrap book of Lubbock's first Soap Box Derby as their entry in the youth projects contest. Geo. P. Kuykendall, above right, is presenting Dr. James M. Reynolds, center, with the scrap book as Warlick Carr, left, looks on. Carr is a former president of the Exchange club and Reynolds is the club's present leader. Kuykendall Chevrolet company, The Avalanche-Journal and the Exchange club were co-sponsors of the Derby, which drew an entry list of 250 boys. (Staff Photo).

* * *

Exchange Club Will Be Represented At State Convention

Dr. James Reynolds and Warlick Carr will leave this afternoon to represent the Exchange Club of Lubbock at the annual convention of the Texas Exchange Clubs, to be held at the Plaza hotel, San Antonio, on Sept. 10-11, it was announced Wednesday afternoon by Club President Reynolds.

Roger Kuykendall, state president of the organization, left Tuesday to attend pre-convention meetings of the state board of control. L. D. Whiteley will also attend the convention, following a tour of Texas prisons which he is currently making with state officials and service club members.

All of the men, with the exception of Carr, who is not married, will be accompanied by their wives.

M. Allen Barth of Miami Beach, national vice-president of the Nation Exchange Club, will be the guest of honor and principal speaker at this year's convention.

Open House Honors Woman On Birthday

Mrs. A. M. Robertson of 2110 Ave. M celebrated her 100th birthday Wednesday afternoon at an open house amidst friends and relatives who came to wish her well as she begins her second century of life. Flowers and telegrams came thick and fast, and the telephone jangled all afternoon with long-distance calls from absent well-wishers.

And mail! One of Mrs. Robertson's granddaughters estimated that it would "be sometime Thursday before we get all the mail opened." Many of the letters and birthday cards, she said, were from people the family had never heard of before.

Mrs. Robertson greeted her guests excitedly, wearing the orchid she received Tuesday from the Tom Brennaman radio program. Guests were served the tiered cake which had been sent by Dr. and Mrs. G. C. Brewer of Nashville, Tenn., who lived in Lubbock while Dr. Brewer was minister of the Broadway Church of Christ.

All Mrs. Robertson's children were present, including Mrs. J. D. Ross, with whom Mrs. Robertson resides, Dr. T. A. Robertson of Sulphur Springs and F. A. Robertson of route 4. A number of grandchildren, great grandchildren, nieces and nephews, and great nieces and great nephews also were present.

And while she had no specific comment to make, Mrs. Robertson looks to her second century of life with as much relish and gusto as she lived her first century.

Band and orchestra instrument manufacturers use an electronic fault-finder to achieve tonal perfection. The robot's ear is so sensitive it reveals when an instrument is flat or sharp by even 1/100th of a semitone.

Dallas Negro Goes On Shooting Spree, Finally Locked Up

DALLAS, Sept. 8. (AP)—A 23-year-old negro who opened fire on a police patrol car, wounded a negro woman and fired shotgun blasts through windows of two homes today was arrested at his home without violence and put in the city jail.

The man first entered a barbershop at noon, ordered a shave and a haircut, refused to pay and walked out wearing someone else's hat.

Patrolman M. E. Shirley, called to the scene, took the barber with him in the patrol car and found the negro some distance away. He refused to talk and escaped after a brief chase.

They located him again 10 blocks away. The negro suddenly opened fire with a 12-gauge shotgun and sprinkled the patrol car and Shirley's arm with shot. Shirley radioed for help and a dozen squad cars converged on the gunman.

Meanwhile another shooting had been reported at a house nearby, where a woman, Classie Griffin, was shot in the left hand and left leg as she attempted to wrest the gun from the suspect.

The man fired blasts through windows of houses on the same street, narrowly missing a family in one house.

When officers cornered him at his home, the negro threw down his shotgun and was arrested without further violence.

Band Instruction At School Free

Paul Branom, high school band director, announced Wednesday that for the first time Lubbock High school students are offered the opportunity to begin the study of a musical instrument free of charge.

Students will be allowed to advance as rapidly as their capabilities allow, and it will be possible for some to make the high school band by the second semester, Branom explained.

Rental Horns Available

A few school-owned instruments will be available for rental at the regular school rental fee. Anyone interested in music and having a desire to play in the band should contact Branom immediately, as schedules will have to be changed, and the beginning class will be closed to additional enrollments soon after school begins.

In explanation of the new set-up, Branom explained that lack of adequate teaching personnel and equipment during the war years had not permitted the instrumental program to keep pace with the rapid advancement of other phases of the school program, but that a wholehearted effort is now being made to put instrumental music back on a firm basis in the curriculum.

Beginning classes for instrumental instruction, both band and orchestra, will be organized at the beginning of school in each junior high school and will be extended to the grade schools as conditions permit, public school music officials announced today.

Parents and students interested in securing the free instruction should contact one of the following teachers as soon as possible: Branom, High school band; Harry Boren, J. T. Hutchinson Junior High school; Lannis Hope, O. L. Slaton Junior High school; Frank Herring, Carroll Thompson Junior High school (formerly Central); J. H. Penn, High school orchestra director.

Children in the grade schools desiring this instrumental music instruction should contact one of the above-mentioned instructors, Branom said, because it will be almost impossible to serve all the grade schools with the present personnel. Interest shown at the beginning of the program will determine the schools which will receive this service, he said.

Labor Harmony Pact Is Signed At Dallas

DALLAS, Sept. 8. (AP)—A no-strike, no-lockout pledge covering all future national defense construction projects in the Dallas area was announced today.

The pact was announced jointly by the Dallas chapter of the Associated General Contractors of America and AFL's Dallas building trades council.

The agreement will remain in force indefinitely and will commit the building trades and contractors to all its provisions outlawing strikes and lockouts and requiring arbitration in all wage and working agreement disputes which might arise on defense projects.

Julian Capers Jr., managing director of the Dallas AGC chapter, and John Sorenson, secretary of the Dallas Building Trades council in a joint agreement, said:

"We sincerely feel that steps have been taken to put the nation's defense needs and interests abov those of either labor or management.

"Further, we want the nation's defense planners to know that any projects which might be allocated to the Southwest and to Dallas will be built without interference brought on by strikes, walkouts, or other costly, time-wasting disputes."

Under the agreement, defense projects will be accorded a manpower priority taking precedence over all other commercial construction in the Dallas area.

The use of envelopes for mailing purposes began about 100 years ago.

There is no scientific foundation for the common belief that, if a snake is killed, its mate will soon appear and seek vengeance on the killer.

Snakes do not travel in pairs.

RIVAL CANDIDATES PLAN MAJOR CAMPAIGN TOURS

Dewey And Truman To Cross Political Trails In Midwest While Making Opening Bids For Votes

By ROBERT G. NIXON
INS Staff Correspondent

WASHINGTON, Sept. 8—President Truman and Gov. Dewey will cross trails in the midwest during the next two weeks in making their opening bids for the farm vote.

Republican national headquarters announced that Dewey will open his presidential campaign at Des Moines, Iowa ,on Sept. 20.

President Truman, heading out on the first of three major campaign tours, is scheduled to enter Iowa just two days earlier for a speech at Dexter, 40 miles from Des Moines.

Truman Accepts New Bids

Then Mr. Truman will head for the Pacific coast on a guelling campaign trail which will see him make a record - breaking 500 speeches before election day Nov. 2.

Gov. Dewey is also expected to move westward after his Des Moines opener.

Mr. Truman plans to spend election eve, Nov. 1, at his home in Independence, Mo., after an evening speech at Kansas City. He will cast his ballot at Independence on Tuesday, Nov. 2.

The President today accepted an invitation, extended by George Betts, illustrious potentate of Kansas City's shrine temple, to attend a "Harry S. Truman" ceremonial at the temple on the afternoon of Nov. 1.

The President also conferred with Sen. Thomas (D-Utah) about Sept. 25 after speaking in Iowa and at Denver, Colo. He will speak at Salt Lake City and at another large Utah city. Thomas said that the President, during his Utah trip, would visit the wartime steel plant at Provo.

Dewey's headquarters announced that his special train would leave Albany, N. Y., on Sunday night, Sept. 19, putting him into Des Moines for a speech at Drake stadium from 10 to 10:15 p. m., (EDT) on the 20th. The speech will be broadcast over country-wide hookups by the Mutual and Columbia systems.

On his forthcoming western trip, Truman will be away from Washington for more than two weeks. He will be in daily touch with the White House from his special train.

The complete itinerary, involving a series of zig-zags across the country, has not been announced. Departure from the capital has been set for Sept. 17.

Texas Speech Planned

Following his Utah speeches, Truman probably will proceed to Los Vegas and Los Angeles.

The tentative itinerary also calls for speeches at Dallas or Houston. During the latter part of the month the President plans to spend two or three days in Oklahoma.

After he reaches Los Angeles, the President may go on to San Francisco. A return visit to the Pacific northwest, where he spoke early this summer, is also a possibility.

Later Truman tours, still in the planning stage, are to include the deep south, New England states, New York, the Ohio valley and Chicago.

Republican headquarters said Dewey also plans to criss-cross the nation, with special appearances in states where there are critical senatorial contests, and that he will deliver more speeches and travel more miles than he did four years ago.

HUNTSVILLE MAN KILLED

HUNTSVILLE, Sept. 8 (AP) — An ice truck driver was killed today when his truck collided with a car, hit a culvert and crashed. The victim was Robert Earl Brown, 25, Huntsville. The truck was loaded with 21,000 pounds of ice, which crushed the cab of the truck. Mrs. W. A. Samuelson, driver of the car, was injured.

7 ZANES WARNED

Canadian Wildcat Continues To Burn

EDMONTON, Alta., Sept. 8 (INS)—All aircraft were warned today to avoid the vacinity of the flaming wildcat well in the 500 million dollar Leduc oil field 25-miles south of Edmonton.

The Alberta government, which issued the order, said the ban was for "reasons of safety." The sky was black for miles around with smoke from the 50,000 barrel a day fire which threatened today to range out of control for another week.

The government announced that workmen had succeeded in sealing an earth fissure which has been sweeping thousands of barrells of unburning oil into lowland around the flaming wellhead. Last night, workmen succeeded in cutting the blazing area from 40-acres to 10-acres by closing fire walls with catapillar tractors.

Today's fire-fighters rushed completion of a second relief hole which would pour 500 barrels of water into the oil source pool beneath the blazing "bad-actor" well, the Atlantic No. 3.

Houston Youths Face Triple Charges After Theater Holdup

HOUSTON, Sept. 8. (U.P.)—Two teen-age Latin-American youths faced triple charges today in connection with a theater holdup here Sunday night.

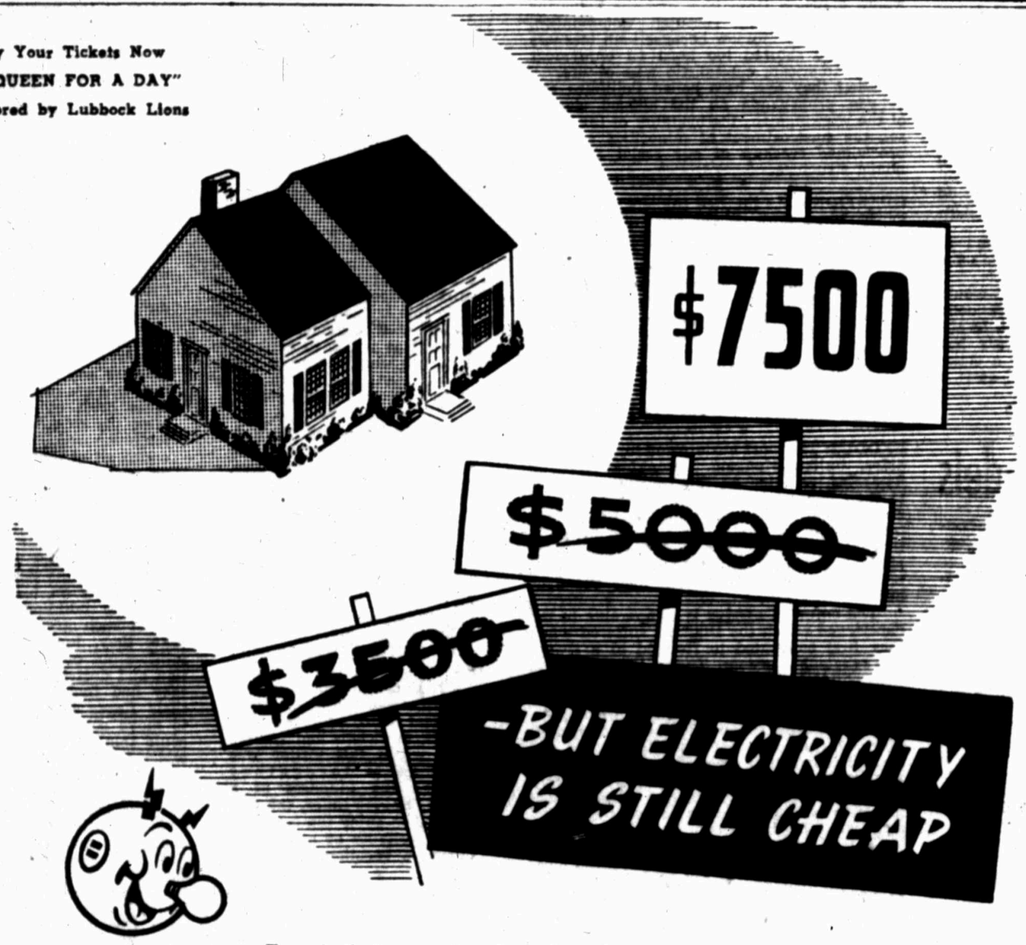

Charged late yesterday in justice of the peace court with assault to murder, robbery by firearms and carrying firearms were Pete Garcia, 17, and Refugio Rodriguez, 17. Their 15-year-old companion was released to the custody of his parents after being turned over to the crime prevention bureau.

New York City has about 600 miles of waterfront.

Everybody knows that the price of homes has gone up, up and up, but while the cost of living has steadily climbed, the cost of dependable electric service from your Public Service Company has come down and down. Our costs of producing good electric service have been going up... both in wages and in material. Only through sound business management are we still able to bring you electric service at a lower cost than ever before. Today your electric dollar buys almost *twice* as much dependable service as it did a few years ago. Live electrically and you'll REALLY live... and enjoy the difference.

You Get From Us—
• Abundant Power Supply
• Low Rates
• Courteous Service
• Taxes

Governor Thurmond

WHEN Gov. J. Strom Thurmond, of South Carolina, chose Lubbock as the place of his principal appearance in West Texas, The Morning Avalanche received from leaders of Southern Democrats several long distance telephone calls.

Gist of all the calls was the same. First, Southern Democratic leaders leaders wanted to know if The Avalanche-Journal would show Governor Thurmond the courtesy of publicizing his appearance. Second, they wanted to know if Lubbock people, generally and regardless of political tendencies, would welcome the Southern Democratic Presidential candidate to their city.

Our answer to all questions, from all comers, was the same. It was a simple, "Yes."

Governor Thurmond is a Southern gentleman of unusual speaking ability and fine qualities of leadership. He is the governor of a great state. Forty-six years old, he was an infantry colonel whose service in World War II may be attested to by the fact that he was wounded several times while in action and is the recipient of 14 decorations for his service to his country. Currently, he is engaged in political controversy, yet shortsighted is the individual who would deny Governor Thurmond's right to publicly discuss public issues, or who would refuse to give him a hearing because of personal disagreement.

We know the people of Lubbock and this part of West Texas. Knowing them, we know that, regardless of politics, this section always will be hospitable and courteous to good Americans or, for that matter, to outstanding gentlemen, whatever their homes.

We welcome Governor Thurmond to Lubbock, knowing that the welcome comes from all good citizens.

Storage For Grain

THE War Assets administration is due credit for effort to make buildings under its control at South Plains Army Air field and elsewhere in West Texas available for the storage of the grain sorghum crop.

Regional officials of the agency have been prompt and diligent in the matter despite widespread doubts as to whether the expense of making the buildings suitable for storage would be justified and whether they could store enough grain to be of material help. The WAA is trying to provide the buildings. Others must decide whether they can be used.

But, regardless of whether they are useful, South Plainsmen must realize that any relief they afford will be temporary.

Just what should be done to guard against future emergencies like that of the present is something for the farmers and farm organizations to try to decide. It is a decision which is demanded by the prospect that grain sorghum growers are facing losses this year, due solely to lack of storage, which would more than cover the cost of the buildings neededs if they had been erected in time.

The fact that storage space in the needed quantity is not available is understandable and excusable this year. The situation is a product, in large degree, of conditions which were not reasonably foreseable. The same justifications will not apply if the South Plains should ever be caught short again.

Down Memory Lane

(From the files of The Lubbock Morning Avalanche of Sept. 9, 1928.)

Members of the Dancing club enjoyed a chicken supper and gay evening of dancing at the George Boles ranch southeast of the city. Sponsoring the event were Messrs. and Mesdames Joe Hilton, Hub Jones, Houston Spikes, and Frank Winn. A square dance was called by W. B. Powell, and George Boles handled the fiddle. Miss Georgia Lee Boles danced the Charleston, Mrs. Boles and Walter Myrick were winners in a feature dance contest, and orchestra music was furnished by Raymond, Carl, and Earl Green. Attending were Messrs. and Mesdames Charles Read, Olen Brashear, V. B. Powell, Velton Spikes, Dorrance D. Roderick, Charles A. Guy, R. C. Smith, Walter Myrick, jr., Morton J. Smith, Neil H. Wright, J. B. Crisler, R. D. Erwin, J. T. Krueger, Guy L. McAfee, Frank Jones, George Boles, Mrs. B. C. Dickinson, Mrs. Richard L. Douglas, Mrs. Chattie Farris, Miss Georgia Lee Boles, Roland Boles, and Pat Farris.

• • •

Mr. and Mrs. E. M. Smith celebrated a wedding anniversary as honor guests at a surprise forty-two party given by Mr. and Mrs. W. E. Bourland in their new home in O'Neall Terrace. Playing were Messrs. and Mesdames E. W. Camp, Albert Fryar, H. W. Sims, J. W. Rollo, Tom W. Jackson, E. M. Smith, G. W. Scott, W. R. Fickas, Ed Allen, T. A. White, Mesdames Fred Owen, C. Y. Partain, and R. T. Campbell.

One-Minute Sermon

O give thanks unto the Lord; for he is good: because his mercy endureth for ever. Psalms 118:1.

Phoney Boy

Bitter Reprieve

By DREXEL DRAKE
Distributed By NEA Service, Inc.

(THE STORY: Ripley learns that the man betting the $100 bills at the racetrack is named Joe Steppo, that he is from Chicago. Steppo gets away from Ripley. Next day he is found murdered.)

XXXV

TALENT had a report from Chicago on Joe Steppo Thursday. he had held intermittent jobs, mostly in West Side poolrooms, which justified his social security number, but he was generally recognized as a smalltime gangster and racetrack tipster. There were no convictions in his record but he had been more or less known to the police for five years because of his associations. What interested Talent chiefly was the final item in the report. It had been learned that Steppo was around his usual Chicago haunts as recently as Tuesday night of the preceding week when he was talking about making a trip to New York. Gossip was that he expected to take a girl with him.

The same day was to bring a still more illuminating report from Chicago to Lieutenant Talent's desk. It was mid-afternoon when a detective brought in a teletype message.

"Something on those fingerprints, Lieut," the detective said. "Chicago dug them up. They belong to a ghost. The guy's been dead almost 12 years."

The message referred to the fingerprints found in the Sterling library . . . on the chair arms, a bottle, a glarr and a radio dial.

Talent read:

Prints are those of George Bandello, supposedly deceased July 16, 1928, at age of 27. Height 5 feet, 7 inches, weight 149, stocky build, black hair, black beady eyes, prominent nose, wide thin mouth, thick scar across right temple from old bullet wound that scraped skull. Date of this record, April 10, 1928, when Bandello was held in connection with gang shooting but released, insufficient evidence. Three previous arrests, one conviction for assault in 1925, served fifteen months in Joliet. Bandello was West Side gangster and also identified with gambling racket in Cicero, in minor capacity. In July, 1928, Bandello was one of four men trailed to hideout on Northwest Side, where political hidnap victim was held. Place was surrounded but Bandello and two others escaped through police barrage and made way to power boat concealed at landing on North Branch. The boat exploded a few seconds after it passed through the mouth of the Chicago river into Lake Michigan. A police boat in close pursuit picked up one survivor and the body of another man was recovered the following day. Bandello's body was never recovered but survivor established that Bandello was the third man aboard the boat.

Talent read the report a second time . . . studied it thoughtfully He sensed the slightest beginning of a pattern. Joe Steppo, from Chicago. Bandello, Chicago gangster and gambler counted off as dead in 1928, but still very much alive. Fingerprints don't change. And the night man at the Rendezvous diner noticed a scar on the stranger's right temple. Twenty-seven in 1928 . . . Bandello would be thirty-nine now. The night man had made a guess of around 40 . . . the man was chunky, with small dark eyes.

• • •

TALENT dropped a hint of his thoughts later in the afternoon, when Richard Trapgood had wandered into his office. He managed adroitly to skim over the fact that he had held back exclusively for himself the circumstance of the missing $10,000.

"Could be, Dick, that something is beginning to take shape," Talent said.

"You've hit on something, Chris?"

"Something to chew on, anyway. We learned that Mrs. Sterling drew out some hundred dollar bills last Thursday . . . new ones and her bank had the numbers. They've been showing up at the Belmont mutuel windows. We tied them up to a young mobster named Joe Steppo who came here from Chicago some time after last Tuesday, but somebody decided to bump him off before we could get him in here."

"A crowd that plays rough, eh?"

Talent grinned. "Might read this, Dick," he said. "That third set of prints we found in the Sterling library." He shoved the teletype message across to Trapgood.

"I see," Trapgood said when he had read the message. "So Bandello didn't go down with that power boat, unless . . . could there be a mixup on the prints?"

"The man who drank two cups of black coffee in that Broadway diner near Clifston around one o'clock last Thursday night was about 40 years old, the night man guessed, and he had a scar across his right temple."

"So it fits. That makes Bandello your man, doesn't it Chris?"

"I think we'd make some headway if we got him in here."

"If they didn't see any more of him around Cricago for 12 years, he must have pulled out and set up somewhere else, and still Steppo gives the job a Chicago angle. How do you add it up, Liett?"

"My guess is, Dick, that Bandello was already set up here, and Steppo was told to look him up when he got here."

Trapgood hesitated over a observation . . . "Chris, you can't really tie up Marcus Sterling with this Bandello-Steppo angle, can you? Doesn't it look as if somebody put a finger on Mrs. Sterling for her necklace?"

Talent looked across at the younger man soberly. "I'll tell you something, Dick," he said. "Somebody had something on either Miriam Sterling or Marcus Sterling. Mrs. Sterling can't tell us, and Sterling won't. The trouble anything out of him. We may never know any more than we do now until we haul in George Bandello."

"But that's something, isn't it, Chris, to know that Bandello's the man you're looking for?"

"Yes, that's something. It would be interesting to have Bandello tell us how he happened to be sitting in the Sterling library last Thursday night ,smoking a cigar That doesn't fit into the rest of the picture."

(To Be Continued)

Looking At Life - - By Erich Brandeis

ARE you as sick and tired of reading about Russia and Palestine and France and Iran and Korea as I am?

Sometimes—most of the times of late—I wish we could build a wall around this country of ours and tell all those other countries for Pete's sake to leave us alone.

BRANDEIS

Fortunately, you live in other cities and towns don't get so much of it, as I see by your papers. But we who depend primarily on the New York newspapers for our daily literary diet are fed to the point of nausea with all that foreign stuff.

Let me just quote you the headlines of Page One of today's morning paper.

"Yugoslav General Killed Trying to Flee to Romania from Tito."

"Arabs Attack U. N. Convoy in Latrun Run."

"Marshall Hits Red Charges on Teachers."

"Berlin Plans To Issue Own Cash in Crisis."

"Strikes Barricade Toyko Film Studio."

Oh yes, at last there is an item that reads like home: 'Poison-Sprayed Potatoes Stolen At Connecticut Experiment Farm."

Now there is something important. There is something that interests me and thousands of my Connecticut neighbors a darn sight more than all that stuff about Arabia and Russia.

Some of those potatoes may find they way to our grocery store and to our table.

That IS important. I shall read every line of that story.

• • •

I know that a lot of people will write me now and say I am an ignoramus, an isolationist—a Communist (anybody who disagrees with your nowadays is a Communist).

All right, so I am an ignoramus.

Maybe I should be all excited about Vishinsky and Molotov and that dame who jumped out the consulate window.

But what about my moles? They are running my garden.

I have tried everything. Traps. Cyanide. Poisoned grain.

Every morning when I go out there are new mole runs, new indications that those measly little things are smart-

Funny Business

"Do you suppose your folks would rent me a room?"

GOP's PLEDGE PROBE

Vet Insurance Snarl

By RAY TUCKER
Special Correspondent

WASHINGTON.—Scandalous Veterans Administration conditions involving unexplained delays in issuing legal policies to World War II G.I.'s who converted their wartime protection into permanent insurance will be aired in the presidential compaign unless this agency makes a show of correcting this situation.

TUCKER

Thousands of former soldiers have nothing to show for their investment except a certificate, and it is doubtful if this constitutes a legal claim against the government.

In any event, the lack of an actual policy has already held up the monthly or lump-sum payments to beneficiaries of men who have died since the Axis surrender.

• • •

AMAZING: When ex-G.I.'s write to Veterans Administrator Carl Gray, asking why they have not received policies for which they applied even before their discharge three or more years ago, they get the most amazing answer.

It is usually to the effect that the issuing office does not possess sufficient information on the veteran's status to forward the document. And this in spite of the fact that all he necessary papers were made out months or years ago.

This unsatisfactory condition, as well as the seeming confused state of V.A. records, is given by many ex-service men as the principal reason for dropping this insurance, or for failing to convert from the temporary to the permanent form. The abandonment of this protection, in view of today's fairly prosperous economic level, has assumed tremendous proportions.

• • •

SWAMPED: Officials answer that they have ben swamped with the construction and servicing of new hospitals, and with handling the problems of G.I.'s enjoying the educational advantages of the Bill of Rights. To a certain extent this is true, and there is no suggestion that these types of beneficiaries should not be given prior consideration.

But the withheld policies could be made out and forwarded by a definite and intensive effort to get them into the hands of the purchasers. Governor Thomas E. Dewey's own veterans' advisers are aware of these delinquencies, and the issue of maladministration of this agency may be highlighted by the G.O.P. candidates and spellbinders.

Incidentally, here is some unofficial but sound advice for those who have converted but have not yet received their permanent policies. In making premium payments, write your name, address, seriol number, certificate number on the back of the check or in a note accompanying a cash payment.

• • •

BELIED: Russian schools for children of diplomats and business men in the United States, where Madame Kosenkina and the Samarins taught before they recanted Communism, were closed by Moscow because both teachers and pupils showed too keen an enjoyment o' the American, capitalistic way of life

What they saw here belied Politburo and Pravda propaganda on the alleged slavery of the workingman, the brutality of the politzei, the mistreatment of minorities and the proclaimed crackup of our social and economic structure.

• • •

QUESTIONS: As the Red soldiers gasped and gaped when they beheld the well equipped and ornamented American G.I.'s in Germany, Austria and other countries after the Hitler surrender, so these impressionable youngsters were beginning to ask questions of their parents and instructors.

Regardless of Russia's backward state, Stalin's diplomats, financiers and attaches live in the style of czarist nobility in foreign lands, especially at Washington and New York. The contrast in living conditions had a deep effect on children not yet fully indoctrinated on the beauties and benefits of the Soviet system.

• • •

EXODUS: The more austere and loyal Kremlin aides, unlike Madame Kosenkina and the Samarins, reported on this unhappy reaction to their superiors, according to reports from abroad and indiscreet remarks by certain members of the Red representation here. So the schools were closed and the youngsters hauld home, with orders to their parents to prvent them from describing their life over here.

The enforced exodus is comparable to the experience which the Pilgrims suffered when they first emigrated to Holland in a search for religious freedom. They discovered that their children were assimilating Dutch speech, thought and customs, and yanked them across the ocean to the then uncivilized America.

For the same reasons Russia and her satellite countries are not participating in the State Department's experiment under which we exchange students in an effort to erase artificial barriers and develop international understanding. Russia does not want to understand or to be understood.

• • •

JUSTICE: Chief Justice Fred M. Vinson owes his present position as the nation's top jurist to none other than the late Charles Evans Hughes. While Mr. Vinson's eminent predecessor did not pick him for the assignment, it was his advice that led President Truman to elevate the Kentuckian, although the latter had not practiced law for many years.

Chief Justice Harlan Stone died in the midst of the bitter feud between Associate Justices Robert H. Jackson of New York and Hugo Black of Alabama. It was originally Mr. Truman's plan to name the New Yorker to the vacancy, as appeasement to angry New Dealers and a possible wooing of political support in the Empire State.

Mr. Hughes urged against promoting any sitting member of the court to C. J. It would only aggravate the Jackson-Black disagreement, he pointed out. At the same time, he went on, the elevation of a conservative would accentuate the split which had developed. And Mr. Hughes's great desire was a maximum of harmony on this bench.

Ironically, Mr. Hughes himself was the beneficiary of this same sort of intervention. Former President Hoover fully intended to name Justice Stone to first place after the death of William Howard Taft. But several reactionary members of the court, who regarded even Mr. Stone as a "wild-eyed liberal," rushed to the White House, and proposed Mr. Hughes's name.

The modern home is the one where the bridge cards can be located easier than the family Bible.

If a man hasn't anything much to say they usually get him as a luncheon club speaker.

This will be recalled as an era when a man acquired enough money for his family to think a coat of arms a necessity.

Man lives the longest life of any animal except for giant tortoise. But a tortoise doesn't have to worry about the high cost of living.

The only thing that doesn't get obsolete is the dollar.

We need a wind-resistant gadget to protect us from orators who are full of wind.

Believe It Or Not - - By Robert Ripley

FEAR GRIPS TOO MANY IN U.S.

Nation Needs More Confidence

By THOMAS L. STOKES
Special Correspondent

PROVINCETOWN, Moss. — Into the conversation at the dinner table of a Saturday night session of the beachcombers, the scientist dropped the suggestion that the four atomic bomb explosions this world thus far has known have had something to do with strange and otherwise almost unexplainable actions of people and nations today.

It was the radioactivity abroad in the world of which he spoke, not the fear of the bomb about which social scientists talk. It perhaps would be kind and considerate to leave the scientist anonymous, for previously he and this guest had been talking about the difficulty of getting the story of science over in the newspapers.

STOKES

This reporter had told how one of his stories some years ago, breezily re-written by a desk man, had brought spoofing letters from fellow scientists all over the world to the late Dr. Ales Hrdlicka, the distinguished anthropologist of the Smithsonian institution. Of course that interview, even without its spicy rewriting, might have produced the same unfortunate result, except it's traditional to blame re-write men. For science is still the mystery to this layman that it was to that fellow who remarked when someone was trying to explain to him such a simple thing as radio: "Stop, man. Why, I've never even understood about rivers."

• • •

Scientific Reporting Praised

But Dr. Fred Hammett, the scientist of this discourse, seems a genial and understanding gentleman, and was high in praise of science reporting today by scientific reporters in newspapers—political reporters, of course, excepted—so he perhaps won't mind being taken up on a chance remark at dinner by a political reporter, especially since it is to be used to point a moral.

Dr. Hammett holds the title of surgeon of the Beachcombers, that famed aggregation of artists, musicians and writers with which this visitor was privileged to foregather through the kindness of a friend, Reeves Euler, the artist, and to enjoy the company and hospitality of his friends during a vacation.

• • •

Whether Dr. Hammett has the answer or not, you do get a definite feeling of the jitters and fears of this crazy world of today, and especially of that great giant which is our own nation, as you sit here on the edge of it, away from it, with the eternal sea all about you. You get perspective from the headlines of newspapers even in so short a space as two weeks, like flashes of radioactivity shot suddenly into this quiet refuge here where the people are either dealing with the permanent and immutable, like artists, musicians and writers, or are busy getting a living out of the sea.

There comes the news of the refusal to let the so-called Red Dean of Canterbury, Dr. Hewlett Johnson, come to our country and speak under the auspices of the National Council of American-Soviet friendship. It is not a good thing to take the soapbox out of American life. England abides him year in and year out. Are we afraid even to listen to a man of the cloth who is trying to create better understanding among the peoples of the world? Even if we may disagree with his approach, do we have so little faith in our own Democracy?

But we are not even tolerant of our own who hold what we may consider queer views. Henry Wallace gets eggs and tomatoes as he tours the South.

• • •

House Committee Hit

And the House Un-American activities committee continues to dig back into another era in a way to stir up fear and hate, which serves nicely, of course, as a curtain-raiser for the political campaign just getting under way.

And, along with other things, the spirit aroused thereby causes anxiety among mothers and fathers of young men who are responding to another draft only three years after the world's greatest catastrophe which we hoped had ended all of that. That still is no peace.

• • •

The fears among us seem so out of character and un-American when viewed from here, where the Pilgrims first landed for a brief stay in the depth of winter before going on to Plymouth to begin the building of a nation against such great odds. But, in time, they, too, began to make fetishes out of form and convention and doctrinnaie religion, and they had their witch hunts and their Roger Williamses who had to move somewhere else so they could think and say the things in which they believed.

An endless cycle among the sons of men, even here in America. Perhaps there's some comfort in that. We will again surely regain confidence in our own strength and the strength of our institutions after a time, after the fever from the atomic explosions of which Dr. Hammett spoke has died down, that is, if we have no more meanwhile.

Side Glances - - - - - - - By Galbraith

"At our first meeting we ought to talk about serious things like world problems! Dorothy, you're always reading the movie magazines—what's up?"

VIRDEN VALUE IS GOOD VALUE

There's grace and sparkling charm in this distinctive design with polished brass and gleaming prisms in the early American fashion. An aristocratic unit that will strongly appeal to the hostess whose dining room reflects dignity and beauty.

Looking At Life

(Continued From Editorial Page)

er than me. With all my college education, a gardener at $1.50 an hour, and a whole collection of books on gardening, I can't get rid of those moles!

• • •

IT'S possible that there may be a war with Russia. Perhaps Saudi Arabia won't let us have any of her oil if we don't let her kill all the Jews in Palestine.

Maybe. Perhaps. Possibly.

But those moles are eating up my garden NOW. Prices of foodstuffs are entirely too high NOW America is our country NOW and there are lots of things to do and to keep busy with right here and NOW.

It's just too bad that they killed that Yugoslav general who was trying to flee.

But how about my moles? What shall I do about them?

During tests, railroad wheels are run as fast as 140 miles an hour.
