POST IS BEATING HIS OLD RECORD

To The People

We Deplore This Flippancy

The NEWS is well aware that in urging arming of peace officers with machine guns and instituting a co-ordinated manhunt against "Pretty Boy" Floyd and other dangerous outlaws it has brought out the fact that a few local people sympathize more with bandits than with officers. Mutterings have been heard that indicate disrespect for the law, officers, and organized society. This attitude would be despicable were it not, for the most part, based on reckless thoughtlessness. There are those who regard bank robbery as a pleasant game between officers on one hand and the "heroes"—bandits—on the other. Scarcely a thought is given to the broken law, the robbed banks, the slain bankers, and officers killed in line of duty. The bandits escape, they "make" the headlines, and they take on a sort of Robin Hood reputation in the minds of shallow thinkers.

From Bad to Worse

There is a "mob psychology" in banditry. Success of one bandit begets devilment in two novices, and the latter improves on the methods of the former. It is a short step from hijacking to bank robbing, and from booze running to kidnapping. Sale of illicit liquors has attracted thousands into crime because there was a quasi-respectable factor in the discovery that so-called "good citizens" would buy the stuff. Profits armed criminals and small-time bootleggers alike with money to hire smart lawyers, to buy fast cars, to influence witnesses, and to bribe officers. The result has been vastly demoralizing. Those who believe most booze-peddlers will join breadlines are deluding themselves.

Trek to Violence Not New

The movement from beer and whisky selling to more remunerative pursuits started several years ago. The "future" of booze peddling began to dwindle as public sentiment veered toward repeal of the 18th amendment and as competition became keener. Racketeering, already one of the nation's largest industries, knowing no depression, is not an over-night development. End of the 18th amendment will but little affect this crime except possibly in one way—when people have more respect for officers and the law, criminals will come under a devastating disrepute. It's up to the people, and the question will never be solved WHILE PEOPLE "ADMIRE" BANDIT FLOYD AND HIS KIND.

Just Suppose It Were You

If there must be racketeering and kidnapping, we wish those who sympathize with elusive bandits could be the victims. We know that those who scoff at officers now would tremblingly appeal to law if their sons and daughters were kidnapped and held, under pain of a horrible death, for a big ransom. . . . What would you do, if your child were kidnapped? We quote Joseph B. Keenan, special assistant to the United States attorney general:

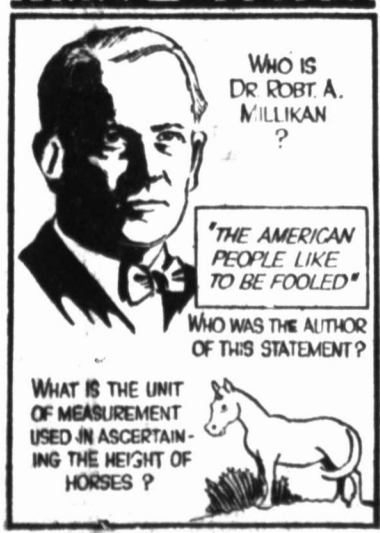

Secrecy Is Essential

Nothing more quickly wrings the heart of a mother and pales the face of a father than the kidnappers' awful visit. Kidnaping invades every right of security in property and person which a government is formed to guarantee. . . . The safe return of the victim is the first consideration, of course. The second is punishment of the offender, in which society is vitally concerned. Kidnaping has reached a point where the movement against it is war. Those who fail to consider society's right to know of a kidnapping are traitors to their neighbors and are attaining a doubtful security for themselves. BUT UNCLE SAM CAN KEEP SECRETS. Tell him immediately. Federal officers' first purpose is to free the victim. In so doing, they watch for clues, finger prints, seemingly trivial incidents which link up with similar occurrences elsewhere. They are hampered by no state or county lines.

No Community Is Exempt.

Unless kidnaping is sharply discouraged, the day will come when abductions will be committed for as little as \$100, when threats of kidnaping and bombings will harass the humblest home. Surely, as this menace spreads over the nation and front pages cannot contain accounts of all the kidnappings, there should be a community of feeling and cooperation between citizens and officers which will serve notice on those traffickers in human fear that Americans WILL YET RISE UP AND ACHIEVE THE SAFETY AND CANCTITY OF THEIR HOMES AND PERSONS.

THREE GUESSES

(See ANSWERS, page 3.)

I HEARD—

Mrs. J. C. Browning telling about a play the Merten home demonstration club will present Friday night in the Merten school. She remarked that Mrs. A. C. Enloe as "Cook" was the leading figure in the play "Love a la Carte," a fine comedy. Pampanas are invited to attend.

Mrs. T. A. Robinson, who lives on North Hobart street, has a canary that started singing when it was four weeks old. She had three of them five weeks old and all are singing now. She says several young birds are singing early this year and wonders if the dry weather has anything to do with it.

A. L. Ammons was dismissed from Worley hospital today after treatment.

Ickes Sends Men To Texas Oil Field To Quell Threats

INJUNCTION IS REPUTED PLAN OF OPERATORS

ATTORNEYS ARRIVE TO AID IN ENFORCING REGULATIONS

WASHINGTON, July 18 (AP)—Secretary Ickes said today two attorneys of the interior department had been sent into East Texas in answer to threats from oil producers seeking an injunction against federal regulations to prevent movement of illegally produced oil. Asked if the department intended to concentrate its efforts in the East Texas field, Ickes said "the chief offenders seem to be in that pool."

He said so far as Washington was informed no suits had been filed to enjoin the government from enforcing its oil regulations, but that there were numerous threats and rumors of threats in oil circles that suits would be filed.

TYLER, July 18 (AP)—Prof. J. Howard Marshall of the Yale School of Law, Dr. Norman L. Meyers, and J. H. Leach arrived here by plane yesterday to assist in enforcement of federal oil regulations in the East Texas field.

Marshall and Meyers, assistant solicitors for the department of the interior, who have made an extensive study of the legal problems of proration in the past few years were temporarily detailed by Secretary Ickes to assist the division of investigation checking the flow of illegal oil and to assist and cooperate with state authorities in the enforcement of proration orders. They opened quarters in the federal building.

The representative said a staff of Jones and the department of interior were moving into areas where illegal oil was reported prolific.

Mushrooms Are Being Grown By Two Local Men

A first cutting of mushrooms from a bed containing 200 square feet was made by R. B. Graham, 303 East Foster, yesterday afternoon. Larry Rider is associated with him in the project.

The mushrooms were of the white variety and good in quality. The men expect to get several hundred pounds production in the next few months. They are grown from spawn imported from California, where Mr. Graham learned their culture.

THREE GUESSES

Fort Payne, Ala., July 18 (AP)—Repeal failed by 28 votes in the tabulation of 40 absentee ballots counted here today, with 7 votes for repeal and 33 against.

ELKO, Nev., July 18 (AP)—Jack Dempsey, former heavyweight champion, and Miss Hannah Williams of Broadway musical comedy fame were married here at 9:30 a. m. today.

FRONTIER DAY EVENT NOT TO BE HELD NOW

Junior C. of C. Learns Many Prospective Guests Would Be Unable to Attend.

Frontier Days, initiated by the Junior chamber of commerce last year with much success, will not be held this year but will be continued in 1935, directors of the chamber decided yesterday.

Because of the drought in this area and the inability of rodeo hands, oldtimers, and other prospective guests to pay their own expenses for several days at the celebration, it was decided that the best interests of all concerned would be served in omitting Frontier Days this year. The dates tentatively set were August 10, 11, 12.

Recommendation for the change in plans came from Lon L. Blausett, manager of last year's celebration, who said it was probably unlikely that a deficit could be avoided this year.

To serve in an educational capacity in helping local merchants to secure data on the national industrial recovery act, a committee composed of J. O. Gilliam, Clarence Kennedy, and Dr. C. H. Schulze was appointed by President W. T. Fraser.

LOCAL OPTION ELECTION NEXT MONTH SOUGHT

Over 500 Voters Ask Court To Call Election

DOUBT as to whether Gray county can have a local option election on 32 per cent beer August 26 when the repeal of the 18th amendment is an issue was expressed today, despite the fact that the necessary petition was placed in the hands of the commissioners court yesterday.

However, several local attorneys expressed the belief that it would be legal for the commissioners court to call the election while in special session, a point of view.

The petitions, bearing more than

CONGRESSMAN ONLY SPEAKER THIS EVENING

WILL GREET FRIENDS IN LOBBY BEFORE BANQUET

CONGRESSMAN MARVIN JONES, after months of rigorous work in the national capital will come to Pampa tonight to accept the plaudits of his constituents and make his first report to them at a banquet reception under the auspices of the Junior chamber of commerce. Mr. Jones today was traveling to Pampa on Santa Fe train No. 9, arriving at 4:15 p. m.

Two hundred and twenty persons will be seated in the dining room of the Schneider hotel promptly at 8 o'clock. Many others wished to attend, but could not be accommodated.

Immediately after the meal, over which President W. T. Fraser of the Junior chamber will preside, program Chairman Jim Collins will present a brief specialty program of music and dancing.

The congressman will be introduced in brief remarks of Gilmore N. Tamm, vice-president of the chamber. Jayvees have been divided into committees to handle various phases of the banquet and reception. The purpose of the occasion is non-political, and the main speech will be made by Mr. Jones in reporting on the legislation—namely farm relief—in which the congressman has had a brilliant and leading part.

The audience will include prominent citizens of many cities and towns of the Panhandle, who eagerly accepted the opportunity to come to Pampa to pay tribute to Mr. Jones and to hear him speak. The congressman will mingle with the crowd in the lobby of the hotel half an hour before the banquet begins.

TULIA, July 18 (AP)—Mrs. J. C. Mosley, Swisher county sheriff, and her deputies today sought extradition of John Stanton from New Mexico to answer a murder charge for the slaying of her husband last January when he was the sheriff. D. Zimmerman, Tulia attorney, a fingerprint expert and criminal lawyer, went to Carrizozo, N. M., to arrange for Stanton's return. It was considered possible he would be tried in August.

(See POOL, Page 6.)

Welcome Home!

REPRESENTATIVE citizens of the Panhandle will gather at the Schneider hotel this evening for the All-Panhandle reception banquet for Marvin Jones, above. Mr. Jones will be the only speaker. It will be the congressman's first public appearance in his home district since the Roosevelt administration began.

SHORTS MAY BE WORN AT POOL BY MEN, BOYS

No Upper Covering Is Necessary, Board Decides

MEN and boys who swim at the municipal pool will be permitted to wear shorts, with no upper covering, it was decided by the city commission last evening.

A. S. Cambria was employed as caretaker at the pool and instructed to keep the pool and buildings clean at all times.

The commission employed Ben White as a pumper at the city water wells at a salary of \$100 per month. The job of caretaker of the city park, held by W. H. Potter, was eliminated and the work given to the street department, which will be assisted by men from the relief office. Potter's salary was \$85 per month.

TEXAS-BORN GLOBE GIRDLER FLYING OVER SIBERIA LANDS AT IRKUTSK 16 HOURS AHEAD

WILL GET FIRST SLEEP SINCE LEAVING NEW YORK

IRKUTSK, Siberia, July 18 (AP)—Wiley Post, American round-the-world flier, landed here at 3:35 p. m. Moscow time today (7:35 a. m. E. S. T.).

He planned to take off again at 11 o'clock this evening (3 p. m. E. S. T.).

Post's arrival in Irkutsk put him 16 hours and 34 minutes ahead of the time made by Harold Gatty and himself in their round-the-world trip. Together they reached Irkutsk 91 hours, 59 minutes out of New York. His arrival was 75 hours, 25 minutes out of New York.

NOVOSIBIRSK, Siberia, July 18 (AP)—Well ahead of the time he made for a similar distance in 1931, Wiley Post streaked for Irkutsk, Siberia, today, two hours and 35 minutes after finishing an 1818-mile flight from Moscow.

The doughty American round-the-world flier swooped down at the Novosibirsk field at 6:27 a. m. (10:27 p. m. Monday, E. S. T.), and then, tired almost to the point of exhaustion, took off again at 9:02 a. m. (1:02 a. m. E. S. T.) with the intention of getting some badly needed rest at Irkutsk.

Lost Twice.

Post was lost twice on the way here from Moscow, and only his sense of direction, his automatic pilot having failed, enabled him to conquer fog and rain and to land safely here.

At one time he had to fly at an altitude of 21,000 feet, so high that the fog he was in had to be broken by sheer luck, he admitted, he found his direction.

"I hoped to be at Irkutsk by this time," he said. "But I still have got a chance to beat my record, and I am out to do it."

Soviet mechanics were interested in Post's automatic pilot, which most of them saw for the first time. They asked about it.

"That is my mechanical mink," he said.

Local Institute Of Live Saving Will Begin Soon

A second life saving institute at the municipal swimming pool, with swimming instruction for beginners and novices, will begin July 20 and close August 19.

The life saving examiners qualified by the Red Cross last week Mr. and Mrs. Arthur Swanson, Mrs. Clyde Fatheree, and Harry Kelley, will give the tests and award the credit. The program is a campaign for safety in the water.

The schedule of instruction follows: Beginners—July 20, 9 to 10:30 a. m. July 24, same time; July 26, same time; July 27, same time; July 31, same time; August 2 and 3, same time.

Swimmers—From 9 to 10:30 a. m. on July 21, 25, 28, and August 1 and 4.

Junior life savers—From 4 to 5:30 p. m. on July 20, 21, 25, 27, 28, 31, and August 2.

Senior life savers—From 5:30 to 7 p. m. on July 20, 21, 27, 28, 31, and August 2.

Examinations—From 2 to 5 p. m. as follows: Beginners, August 14; swimmers, August 15; junior life savers, August 16 and 17; senior life savers, August 18 and 19.

Each person who wishes to take this instruction must enroll at the Boy Scout office in the city hall and in order to obtain credit, must attend every session. Junior and senior life savers must have at least 8 hours of instruction and two sessions of examinations.

TO GO FISHING

Mr. and Mrs. Ivy E. Duncan and family and Mr. and Mrs. Hamp Brown are to leave tomorrow morning for an extended fishing trip to Wrights Ranch at Creed, Colo. The fishing in that section is exceptionally good this year according to Pampanas who have already visited that area.

FEDERAL ACT IS STUDIED BY BUSINESS MEN

Merchants Awake To Plans Of Administration To Restore Prosperity.

Alert to the national administration's program exemplified by the industrial recovery act, a large group of merchants and business people heard discussions of the act at the city hall last night and asked a number of questions.

The "background" talk was by Olin E. Hinkle, managing editor of THE NEWS, who was followed by comments from the chairman, Travis Lively. Clarence Kennedy told how the cleaners of Pampa, the state, and the nation were working out a code of fair practices to lay before the president. H. D. Keys described a similar code suggested for retail dry goods merchants.

All speakers stressed that the recovery act was based on proposed self-government of industry, with the government providing the "teeth" for enforcement through licensing and statutes. Mr. Lively said the best brains of American business had helped in drawing up the act and that he believed it would be fair and equitable to all concerned.

Purposes of the act were said to be restoring of buying power through better wages, shorter hours of labor, and elimination of cut-throat practices which have driven prices lower and lower and made cooperation impossible. The B. C. D. is offering its help to any business interested in studying or drafting codes.

I SAW—

Two young men who refused to reveal their identity board a Santa Fe train yesterday for Chicago's Century of Progress. But what was unusual about them was that both were wearing golf knickers and cowboy boots.

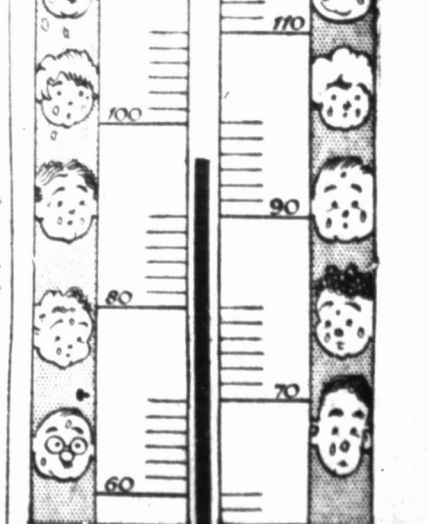

Thomas Y. Pickett, oil assessor for Gray county and the independent school district, in serious conversation with Joe Smith.

A fellow from Oklahoma who said the brewers are taking care of the confirmed home-brew drinkers, too. They are making a beer that tastes like ye olde home brew, except that it is 32 instead of 102.

J. E. Barlow of Kansas City is here on business for a few days.

Heat-o-Graph

Moving upward again, Pampa temperature was 96 degrees at 1:30 o'clock this afternoon, although the sky was partly overcast by gathering thunderclouds.

The forecast: WEST TEXAS Local thunder-showers cooler in north portion tonight; Wednesday, partly cloudy, local showers in east portion.

PUBLIC MEN WITH IDEAS

The Panhandle today welcomes a national character. Out of the loins of the plains issued Marvin Jones into the realm of public service. Approved of the people, he recurrently journeyed to Washington, ably to represent his district.

The lawmaker did not seek a name, except as an honest Texan, a student of his nation's affairs, an alert representative of his people. Quickly he was respected; people said Marvin Jones was a fine young man.

Slowly, in modest tones, his voice began to rise above the din on the floor of the house. His influence transcended his public utterances, but his watchfulness won a measure of fame. Amendments needed to correct errors others had overlooked were offered time after time, branding the Texan as a master of detail.

Jones rose steadily in the councils of his harassed party. His interest in agriculture and ranching early aligned him with those struggling with the eternal problem of the soil. His long tenure assured him of a chairmanship if his party ever rose to power.

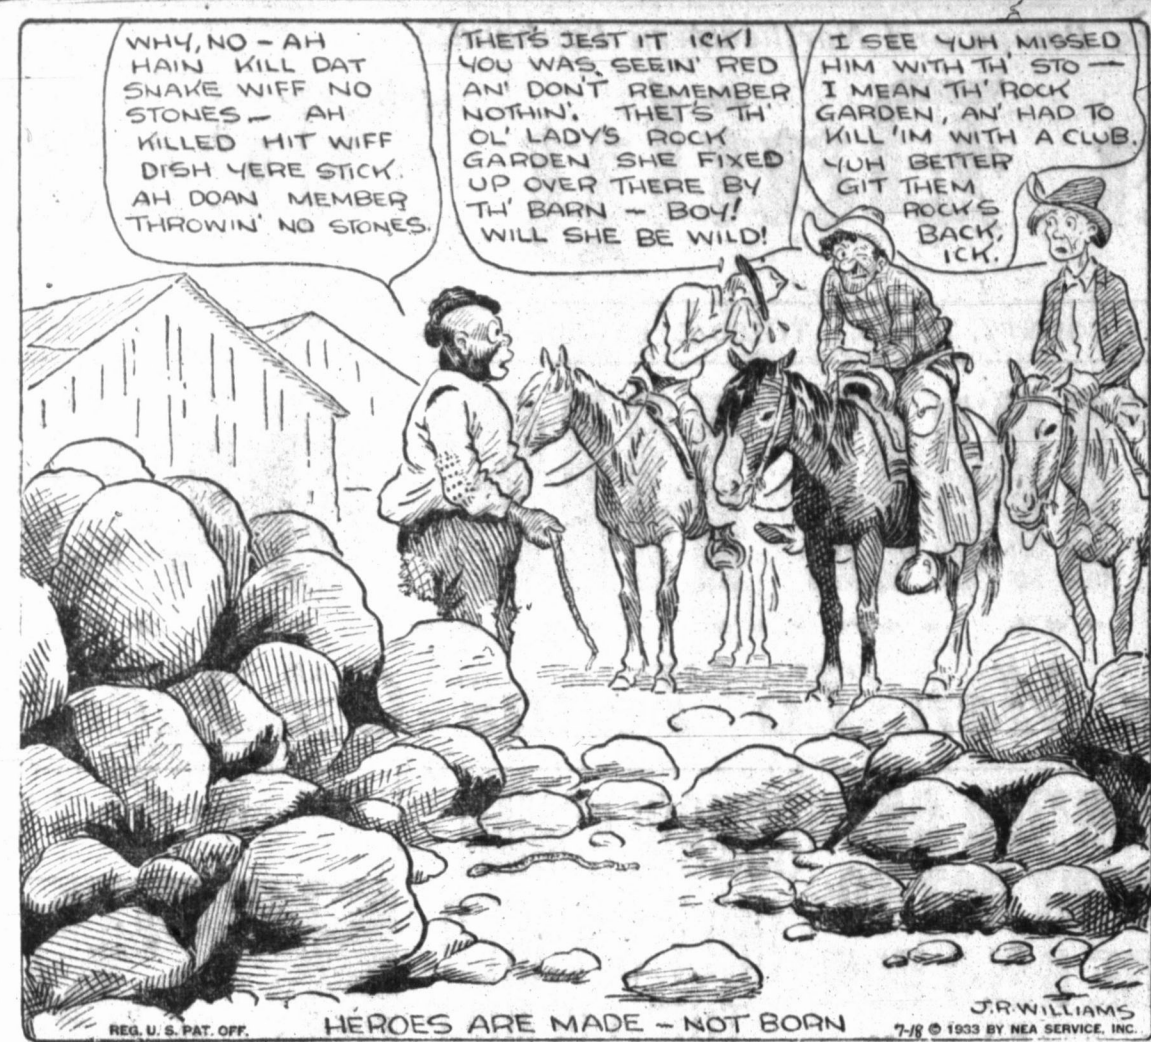

The Pampa Daily News foresaw several years ago the vital necessity of keeping Marvin Jones in congress. The time was approaching when his counsel and experience would be useful and, with the success of the democratic party, extremely helpful to this section.

No further argument is needed today. Mr. Jones has served with distinction in expediting work on the Pampa post office and in obtaining relief for hard-pressed farmers and ranchmen. He has been alert to all requests for help. But now he is far more; he belongs to the nation and especially to agriculture. Through him the Panhandle has made a contribution to national leadership.

The demands of this time are for men with ideas. "What will be, will be" is an intolerable doctrine. Mr. Roosevelt, Mr. Wallace, Mr. Jones—these men are not always right but they have the courage to experiment, to move forward, to attempt to remove impediments to a "fair deal" for the common people.

This is not said with any political intent. Politics is rightly adjourned in this non-partisan attack on human misery. In welcoming this congressman, the Panhandle honors itself in honoring one who has well represented his district and the desire of his people to make a lasting contribution to the national welfare.

OUT OUR WAY By WILLIAMS

Forty Million Ordered Spent In Nine States

WASHINGTON, July 18. (AP)—The expenditure of \$40,000,000 more on roads in nine states was approved today by the public works administration in its job-giving drive.

This brought to \$166,532,000 the total out of the \$400,000,000 road fund already allocated to 24 states; other apportionments will follow.

At the same time the public works administration was trying to whittle down a \$90,000,000 river and harbor and flood control program on orders from President Roosevelt to eliminate all unworthy projects.

Allocation of further money for federal projects was awaiting a report from the budget bureau to which was assigned the task of cutting down a \$750,000,000 program for federal buildings so as to take out any "pork barrel" structures. This is to be acted upon tomorrow by the cabinet board in charges of public works.

Under plans for spending road money approved today, the states and their allotments follow:

Idaho \$4,486,249; North Dakota \$5,804,448; Maine \$3,369,917; West Virginia \$4,474,324; Delaware \$1,819,088; Louisiana \$5,226,391; Florida \$5,231,834; New Hampshire \$1,909,839; Montana \$7,439,748.

L. F. Crosby of Dallas is a visitor here this week.

LAKES ASKED BY 4 STATES

Colorado Governor To Make Plea at Washington For Emergency Employment.

GUYNOM, Okla., July 18. (AP)—Governor Edwin Johnson of Colorado was speeding to Washington today to press the plea of Colorado, Kansas, Oklahoma and Texas for federal expenditure of \$100,000,000 upon a series of lakes in the fertile plains area of the four states to provide drought relief and emergency employment.

At a meeting called by Governor William H. Murray of Oklahoma, representatives of the four states agreed yesterday to cooperate in efforts to revive and put in immediate operation the seven-year-old flood control and reservoir building project.

E. E. Blake of Oklahoma City, who as chairman of the flood control and drainage commission, made a survey for a chain of lakes in the four states, will leave Oklahoma City by plane tomorrow to join Governor Johnson in Washington.

A 26,000-acre lake would be constructed at Gate, Okla., and a 7,000-acre lake near Guymon. Others would be built in the other states. Approximately \$34,000,000 would be allotted to Oklahoma, the remainder about equally to the other states.

Estelle Taylor Is Happy About Jack's Match

HOLLYWOOD, Calif., July 18. (AP)—Estelle Taylor, the actress wife of Jack Dempsey when the man mauler was world's heavyweight champion, has nothing but good wishes for her former husband and his bride-to-be, Hannah Williams.

She said she was "very happy" to hear of the match between the two. "Miss Williams," said Miss Taylor, "is a very nice girl, and I am pleased for Jack's sake."

Tax Suit Against Mellon Dismissed

WASHINGTON, July 18. (AP)—A \$220,000,000 tax suit against Andrew W. Mellon, and other former treasury officials was dismissed today by Justice James M. Proctor in the District of Columbia supreme court.

The suit was filed by David A. Loson, former investigator for a special senate committee, and charged Mellon, former secretary Ogden Mills and several others with conspiring to defraud the government in the settlement of foreign steamship company taxes.

Justice Proctor, in his opinion sustaining a demurrer raised by the defendants, said the suit did not state a "good present" cause of action.

Markets

New York Stocks

NEW YORK, July 18. (AP)—Soaring financial markets encountered heavy profit taking clouds today after a buoyant flight to new high levels for the current upswing. Stocks were heavily traded in the early hours, but settled down to a more sedate pace as offerings increased. While some specialties showed substantial gains, the close was somewhat irregular. Transfers approximated 6,400,000 shares.

NEW ORLEANS COTTON

NEW ORLEANS, July 18. (AP)—Cotton today had an active opening. First trades showed gains of 14 points.

Prices eased 3 points after the start on a little realizing but soon rallied again on large buying orders. October advancing to \$11.93 and December to \$12.14, or 18 to 19 points above yesterday's close.

Later in the morning the market eased rather sharply on liquidation due to reactions in grains and stocks, and on reports of rains in Texas. October declined to \$11.78 and December to \$11.99, down 19 to 20 points from the high.

Towards mid-session the market rallied again in sympathy with stocks and wheat, October recovering to \$11.88 and December to \$12.08, up 9 to 10 points from the lows and 13 points above yesterday's close.

PAMPA YOUTH IN BRITAIN SEES ENGLISH AS 'THE BEST SPORTS'

High praise for the cordial helpfulness of the English people is given in a letter to Mrs. B. M. Montgomery from her son, Franklin, who is touring England and the continent. Montgomery was graduated at Rice Institute this year.

The letter follows, in part:

"There's a lot in Liverpool, to see. Yesterday we went to the museum and the Asizes. These are circuit courts sent out from the king every three months to try cases in the various countries. We heard part of one case and then left. The judges wear black robes and big gray wigs like they did hundreds of years ago. Also the lawyers did. It was interesting to watch because I had studied English law last year. The keeper showed us around. Every body is so courteous and helpful. Anyone will take time to show us around if we inquire on the streets how to find anything. They go to the greatest trouble to help us. The English people seem to be the friendliest we have ever met."

"The sun rises about 3:30 a. m. and it is still daylight at 10:30 p. m. We are so far north we are almost in the land of the mid-night sun. No one is seen on the streets after 10 p. m., although it is broad daylight."

"Not far from here is the town of Chester, which was an old Roman fort in 700 B. C. Some of the walls and watch towers built then around the town are still standing. This is on the River Dee."

"The duke who lives in the old castle called Eaton Hall sometimes lets the public pass through the gardens of his estate but not when we were there. The buildings, mostly built in the middle ages, are made of stone and brick half way up and wood at the top. The top stories hang out over the street which are clean enough in contrast to those seen in Italy."

"We are going to Stratford-on-Avon, Shakespeare's birth place and Anne Hathaway's home. From the pictures seen, it must be a pretty place."

"Today we are going to the art gallery and to the cathedral. There is plenty to do and see in a city the size of Liverpool. The population is one million."

"We will go to London Saturday. From London we will tour the lake region made famous by the poets, Wordsworth and others. From Paris I will tell you more about our trip. We will spend several days at London seeing the Tower, house of parliament, king's palace, and many other things too numerous to mention."

"We have learned to count the money now, but no one has tried to cheat us. The English are the best sports, never trying to take advantage."

"There are many other things I should write, but can't now, and will tell you later."

Simmons Picks Yanks To Finish In First Place

NEW YORK, July 18 (AP)—Al Simmons picks the New York Yankees, Washington Senators and his own Chicago White Sox to finish one-two-three in the American league race.

"The Yanks have the best team in the league," the clouting Sox outfielder declared. "If they don't repeat they will have only themselves to blame. They dislike the Senators so heartily they've been pressing themselves out of a lot of games with them."

WAGNER COMPLETES 54 HOLES; MANY HAVE GONE 36

Many entrants in the Gray county golf club handicap tournament still have their 54 holes to play, and Sunday afternoon is closing time. Many have already gone 36 holes. Hol Wagner has finished his 54 holes with a total of 252 strokes, three strokes under his qualifying record.

The condition of the course is improving daily. Shoots of grass are coming up after the rain of last Friday, and players are now able to raise their balls in the fairway. The greens are drying out fast and are in good putting condition.

Eleven valuable prizes will be awarded at the close of the tournament. They will be placed on display in the window at the City Drug Store. The winner of the tournament will receive a Spalding symmetric driver and spoon. He will be declared on the basis of his tournament score after his handicap has been deducted. The woods will be given by the club.

Other prizes follow:

Low qualifying score—Putter from the club.

Second low qualifying score—Sweater from Murfee's.

Second low tournament score—Two Spalding Symmetric irons from the club.

First low net score—\$5 in cleaning from Voss Cleaners.

Second low net score—Golf ball lighter from Carter's Men's store.

Third low tournament score—McGregor driver from the club.

Third low net score—Six Kroffte balls from City Drug store.

Fourth low tournament score—\$5 in groceries from Jitney-Jungle.

Fifth low tournament score—Golf belt from Kees & Thomas.

High net tournament score—Walking doll from City Drug store.

Charles Cates is in front of the boys who have played 36 holes with scores of 86 and 88 following a qualifying score of 94 and a revised handicap of 17 strokes. W. E. Speed followed, one stroke behind Cates in strokes with handicap deducted. J. McFall shot a 77 following a qualifying score of 84 strokes. Pete Sifton is the local golfer who really "clew up." Sifton qualified with 98 strokes and shot 128 his first round.

The tournament committee urges those who have not begun play or who have just completed 18 holes to "get busy" so that the course will not be crowded Sunday with everyone trying to finish.

Dempsey Due To Marry Tonight

RENO, Nev., July 18 (AP)—Jack Dempsey's wedding, if and when he arrives with his intended bride for the announced ceremony, was the "talk of the town" here today.

The talk started last night after the former heavyweight champion announced in Salt Lake City he was on his way to Reno again, this time with Hannah Williams, the actress, and that the ceremony probably will be tonight.

At Oakland, Calif., Max Baer, whose recent fight with Max Schmeling in New York was promoted by the former champion, said the Dempseys and Baers will make a honeymoon foursome at a Roseville, Calif., ranch. Baer had just completed his homecoming reconciliation with his wife, the former Dorothy Dunbar, one time actress.

Dempsey and Miss Williams have been visiting the former's mother, Mrs. Cecilia Dempsey, in Salt Lake City for several days.

A DOUBLE PAIN

FAIRMONT, W. Va., July 17 (AP)—Senator Neely says West Virginia's political job hunters allow no rest for the weary, even in a dentist's chair. A man crashed the inner dental sanctum while the senator was having a tooth pulled and insistently outlined his qualifications for a federal post.

THIS CURIOUS WORLD

RICE IS THROWN AFTER A BRIDE AND GROOM BECAUSE EARLY PEOPLES REGARDED RICE AS AN EMBLEM OF PRODUCTIVENESS.

AMONG some peoples, rice was used at weddings for the purpose of supplying food to the evil spirits that were ever present. By keeping the evil influences satisfied with rice, the bridal pair would not be molested. Other grains sometimes were substituted for rice in these early practices.

BUFFS SPLIT DOUBLEHEADER WITH OILERS

DALLAS DEFEATED IN NINTH INNING BY MISSIONS

BY BILL PARKER, Associated Press Sports Writer.

The Tulsa Oilers made a gallant effort Monday night to take the Houston Buffaloes down a few pennant notches. The Oilers started well with a 2 to 0 decision in the first game. They did not end so good, allowing the Buffaloes to win the nightcap, 3 to 2.

Both were splendid hurling duels. In the first game, the age-worn Lefty Johnson twirled three-hit baseball to beat Oscar Fuhr, who was recently released by Dallas. It was a heart-breaker for Fuhr because he lost on George Binder's wild heave that gave Tulsa two unearned runs.

Mike Cvenogros and Frank Barnes turned in the pitching feat in the second encounter. Cvenogros got the breaks and the decision. It was the third round battle Cvenogros has won this season over Barnes. Erratic support paved the way to Barnes' downfall.

The San Antonio Missions scored in the ninth to beat Dallas 3 to 1. Abe Miller turned in an excellent six-hit game while his mates pounded Ralph Erickson, portside, for nine wallops.

Oklahoma City and Beaumont split a double-header. Booting the ball around, the Exporters handed the Indians the first miles, 3 to 1. In the second game, Elden Auker won his fourteenth game this season for Beaumont by stopping the Indians, 1 to 0. He allowed only two hits.

Getting brilliant support, Hank Termahlen held Port Worth to five hits to give Galveston a 4 to 1 victory. Termahlen not only pitched well but hit a triple to help his mates. Ray Ater, Port Worth shortstop, was injured in a collision with Molesworth of Galveston and had to leave the game.

Claim Mile Can Be Run in 4 Minutes

NEW YORK, July 18 (AP)—Given proper conditions, Daniel J. Ferris, secretary-treasurer of the National A. A. U., is convinced a four-minute mile is entirely possible.

"It may seem fantastic," he says, "but under proper conditions, and particularly if it were possible to bring together the three greatest milers in the world today—Jack Lovelock, Bill Bonthron, and Glenn Cunningham—I think we might see the mile run in four minutes flat."

Lovelock smashed all world records for the distance at Princeton last Saturday when he beat Bonthron by seven yards in 4:07.6. Bonthron himself was timed in 4:08.7. Cunningham, Kansas flier, has been clocked in 4:09.4-5.

CHILDREN TO BENEFIT FROM THREE GAMES

BASEBALL SUPREMACY IN CITY WILL BE DECIDED

Three things are scheduled to happen as result of a three-game baseball series between the Danciger Roadrunners and the Magnolia Mags. First the underprivileged children's fund of the Kiwanis club will be enlarged; second the championship of the city will be decided and third a lot of arguments will be settled.

The teams will open their series the afternoon of July 26, playing at Danciger park. The following afternoon the teams will play at Magnolia park. Sunday afternoon, July 30, the series will end with the teams playing one doubleheader at Danciger park. The Mags and Wheeler will play a Cotton-Oil league game preceding the closing game of the series.

With the exception of added pitching strength, the Roadrunners are ready for all comers. The team has been completely rebuilt since the season started. Its latest triumph was Sunday when it defeated the fast Amarillo Merchants.

Manager Howard Buckinham of the Mags is also seeking pitching strength for the series. He expects to have a big surprise ready for the season started. Its latest triumph was Sunday when it defeated the fast Amarillo Merchants.

Admission to the games will be 35 cents and proceeds will go to the Kiwanis club fund. An extensive ticket selling campaign will be started the latter part of this week. Both diamonds will be worked over before the series.

A grandstand that will seat nearly 350 fans has been erected at Danciger park and there is also room for hundreds of cars around the playing field. Starting time of the games has not been set.

Wheeler Routs McLean 15 to 5

McLEAN, July 18.—Wheeler's baseball team in the Cotton-Oil league swamped the McLean team 15 to 5 in Wheeler Sunday afternoon. Both teams made numerous errors, but Wheeler took advantage of McCabe's weakness and a few hits to win the game. McCabe's arm refused to work and as he was the only hurler on hand, he had to go the distance.

Hess pitched the entire game for Wheeler and was effective from the start. His support was weak or he would have had less runs scored against him. Cordell was on the receiving end for McLean and Puckett for Wheeler.

PARLEY MIGHT QUIT LONDON, July 18. (AP)—The leaders of the world economic conference have decided after long and solemn consideration that too many cooks spoil the broth. They have decided to change this view the conference, which will take a recess July 27, will not be reconvened in its entirety.

Quick Relief for Chills and Fever

and Other Effects of Malaria!

Don't put up with the suffering of Malaria—the teeth-chattering chills and the burning fever. Get rid of Malaria by getting the infection out of your system. That's what Grove's Tasteless Chill Tonic does—destroys and drives out the infection. At the same time, it builds up your system against further attack.

Grove's Tasteless Chill Tonic contains tasteless quinine which kills the infection in the blood. It also contains iron which builds up the blood and helps it overcome the effects of Malaria as well as fortify against re-infection. These are the effects you want for COMPLETE relief.

Grove's Tasteless Chill Tonic is pleasant to take and absolutely safe, even for children. No bitter taste of quinine. Get a bottle today and be forearmed against Malaria. For sale at all stores. (Adv.)

PIRATES BACK IN FIGHT FOR LEAGUE TITLE

FLAIL DODGERS, TAKING EIGHT OF TWELVE HOME GAMES

BY HERBERT W. BARKER, Associated Press Sports Writer.

Recovered from a batting and pitching slump that threatened for a time to plunge them into the second division, the Pittsburgh Pirates were back in the thick of the National league pennant fight today.

Their pitchers clicking again and their highly-touted outfield, especially Paul Waner and Freddie Lindstrom, beginning to wallop the ball, the Pirates have won eight games of the 12 they've played since the home stand began and now trail the second place Chicago Cubs by only half a game and the pace-setting New York Giants by four.

Moreover, in the vital matter of games lost the Corsairs show a two-game edge over the Cubs who owe their grip on second place to the fact that they've won three more games than the Pirates.

Taking full advantage of the fact that they had the major league stage all to themselves yesterday, George Gibson's hopefuls battered Brooklyn pitching for 32 hits, good for 44 bases, and trounced the Dodgers in both ends of a doubleheader, 14-2 and 7-0.

Brooklyn's ace twirlers, Owen Carr and Ray Benge, officially were charged with the defeats, but Fred Heinach, making his first appearance since June 24, when the Pirates slugged him for nine hits and seven runs in one inning, was the chief offender.

Heinach was called to the mound at the start of the eighth inning of the first game with Pittsburgh leading, 5-1, and before he could be removed the Corsairs had pounced on him for seven hits and eight runs with only one put out.

Paul Waner's triple with the bases loaded sent Fred to the showers and Rosy Ryan came in to end the rally after one more run scored.

Pittsburgh pounded Benge hard in the second game and finally drove him to cover with a four-run spurge in the fifth. Steve Swetonic's third hit of the game, a triple, driving in two of them. Swetonic allowing the Dodgers to score scattered hits, never was in trouble.

Bill Swift likewise pitched seventh ball in the opener and only one of Brooklyn's two runs was earned. Pie Traynor, with six hits, and Lindstrom with five, were the afternoon's outstanding sluggers.

The defeat left the Dodgers only a half game ahead of the seventh-place Phillies and only 2½ games out of the cellar.

All other major league clubs were idle.

LUNCHEON HONORING OLDER WOMEN GIVEN BY BAPTIST SOCIETY

MISSION STUDY PROGRAM ALSO HEARD MONDAY

SPECIAL SONG PAYS TRIBUTE TO GUESTS

A GROUP of elderly women of the church and the city were honor guests at yesterday's luncheon meeting of the First Baptist Missionary Union.

Four tables were laid for the luncheon in the church dining room, with that of the honor guests in the center. A vocal solo, "My Mother's Bible," was sung by Mrs. R. E. Galtin as a tribute to them. Mrs. F. E. Leech was leader of an interesting program on missions in Nigeria. Discussions revealed that 300 different languages and dialects are spoken in that country, 500 of them written; that there are now 187 Baptist churches there, 118 self-supporting, and that there are 26,541 church members. Three thousand were baptized last year, and residents are demanding added missionary work.

Talks Illustrated. These discussions were presented by Mesdames T. A. Perkins, Joe Foster, Dee Campbell, and P. O. Anderson. They were illustrated with chalk drawings by Mrs. Roy Logan.

Mrs. J. A. Meek introduced the guests of honor, of whom Mrs. Sam McCullough, 72, and Mrs. W. H. Bombrage, 70, were the oldest persons present. Others were Mesdames Etta D. Logan, Nell Walberg, H. Haynes, F. L. Anderson, Alice Boyd, A. B. Stanford, Anna Brock, Ida Watson, M. J. Cash, L. Gilbert, Anna G. Barnes, and the Rev. C. E. Lancaster, pastor, was also a guest, and members present for the luncheon were Mesdames W. J. Brown, Leech, E. L. Anderson, W. R. Bell, J. F. Reynolds, M. Conklin, E. F. Brake, N. B. Newly Wed Pair Leave For Trip

McLEAN, July 18.—Announcement of the marriage of two former McLean residents was made Saturday when Mr. and Mrs. Emory Crockett of Pampa left for a honeymoon trip to Colorado. The bride was Miss Mary King before their marriage July 8.

She is the daughter of Mr. and Mrs. F. H. King of Mangum, Okla. She attended high school at McLean for three years, finished her high school work in the academy of Abilene Christian college and completed two years of college work there. She is a sister of Harris King of McLean, for several years deputy sheriff of Gray county.

Mr. Crockett is the son of Mr. and Mrs. T. A. Crockett of McLean. He formerly lived here, attended high school, and was popular with young residents. At present he is employed by Your Laundry in Pampa. The young couple will be at home in Pampa on their return from Colorado.

BRUNO'S IN BAD
LONG BEACH, Calif. (AP)—Bruno, a pet bear, has been holding the fort against all comers, but now the law is after him. The "fort" is property of his owner, V. K. Heilmann, recently taken over by a bank on foreclosure action. Bank agents tried persuasion and force to oust Bruno but failed, and officials of the city pound, fled with lacerations. Now, under an order by the city prosecutor, Heilmann must remove Bruno within a week or face charges of maintaining a nuisance.

Miss Floy Stanard left today for Canyon where she will enter W. T. S. T. college for the second summer term.

JOINT MEETING FEATURES M. E. STUDY GROUPS

MISSIONARY CIRCLES CONTINUE LESSONS FROM BOOK

A JOINT meeting of circles three and four of the Methodist Missionary society was held yesterday, as all groups continued their study of Old Testament history from a new text.

Mrs. C. T. Hunkapillar, study leader for circle one, introduced the lesson with a review of previous chapters in the book, then presented a study of the fourth chapter, "History of the Kings."

Stories of Kings. Mrs. C. E. Nelson told the story of Samuel; Mrs. H. L. Wilder sketched the life of David, and Mrs. S. A. Hurst reviewed the history of the later kings of Israel. The program opened with reading of Psalm 23 in unison.

Cake and pineapple ice cream were served to two visitors, Mrs. F. L. Stallings and Mrs. F. M. Foster, and the following members: Mesdames N. L. Perkins, Ralph Chisum, Nels Walberg, C. R. Price, Jo Shelton, F. C. Cullum, S. C. Evans, C. R. Nelson, Luther Pierson, Hunkapillar, Hurst, Wilder.

Circle Two. Mrs. W. Purviance, study director, was also hostess to circle two at her home. Her devotional subject was "The Restful Soul." She read Psalm 55, and Miss Janice Purviance sang "Sweet Peace, Gift of God's Love," with piano accompaniment by Miss Margaret Carr.

After the Bible study, cookies and iced tea were served. A guest, Mrs. Langseth, and the following members were present: Mesdames S. A. Perry, Elkins, R. A. Selby, H. T. Wohlgemuth, Roy Archer, C. M. Carlock, Robert Morris, Roger McConnell, and the hostess.

Joint Meeting. The joint meeting of circles three and four was conducted in the Brotherhood class room, with Mrs. W. R. Campbell presenting the lesson.

Mrs. Marbin Harrin was a visitor. Members present were Mesdames Neil Cross, J. M. Fitzgerald, John Hodge, Al Lawson, J. M. Turner, Hoyt Allen, Edwin Vicars, Clifford Jones, Sherman Roberts, T. C. Liveley, Campbell.

BOSWELL BURIED

DALLAS, July 18. (AP)—Final funeral services were held today for John Boswell, 32, manager of the Wichita Falls chamber of commerce, who died in Wichita Falls Friday after an emergency operation. The body was brought here last night after services in that city in the afternoon. Interment was in Grove Hill cemetery.

HEY! GOVERNOR

BELLINGHAM, Wash.—Lieutenant Governor Victor A. Meyers, Washington state's dance band leader and executive, has run afoul of the law, and it's going to cost him one perfectly good police dog if he doesn't straighten it out. County Treasurer P. I. Snyder said the lieutenant governor owes Wyatom county \$1 dog tax and that the dog will be impounded unless the money is forthcoming by August 1.

E. M. Green of Oklahoma City is here on business.

Slip Into Cool Snowy Linen This Summer

Every stitch you wear — and sew — is sure to be smart if it's linen, this summer. That's one reason why the linen slip is the slip of the season. But reasons practical as well as chic are in its favor. It's cool, it's absorbent, it's soft and light, and the perfect complement to your cotton frocks whether for tennis or tea time. It washes like a handkerchief, and after you've laundered it dozens of times, it looks as fresh and new as the first day you donned it. So make up six right away — and see how right we are!

Here's a grand design for a linen slip — easy to make, too. You'll like the dart-fitted brassiere top, and the smart low cut, so accommodating to your sun-baked tennis togs or evening frocks. It's beautifully slim — the ideal undergarment for even your slinkiest gowns. And the empire seaming in front is very, very new. See the pattern envelope for material requirements and send for our Fashion Book for other attractive lingerie designs.

Pattern No. 5274 is designed for sizes 12, 14, 16, 18, 20 years, 30, 32, 34, 36, 38, 40, 42, 44 bust.

TEXAS WOMEN CANNING SURPLUS TO MEET WINTER RELIEF NEED

BY R. W. BARRY.

AUSTIN, July 18 (AP)—"If winter comes,"

The Texas rehabilitation and relief commission has formulated plans to have millions of cans of home-grown vegetables, fruits and meats put up for consumption by the needy this winter.

Years ago the extension service of the Texas Agricultural and Mechanical college sponsored a movement that gained state-wide momentum with farm women and girls. Until that time Texans were doing little home canning. Interest slackened somewhat when everyone became prosperous, but now the "feed yourself" idea is again in the ascendancy.

Funds For Equipment. Federal relief funds are being extended for canning steam pressure cookers and sealers.

The canned meats and foods will be put in reserve for use this winter. Lawrence Westbrook, director of the state relief commission, explained: "We will have this supply of food on the shelves to feed the destitute during a hard winter, if another hard winter comes," said Westbrook.

The extension service of A. & M. college is helping in this campaign. Miss Mildred Horton, of the home economics division of the college, is giving her full time to the project. Westbrook said he believed the canning campaign will be the means of preventing thousands of families from calling for relief.

"Necessity is the mother of invention," is a proverb being exemplified by thousands of folk who in the years of plenty had not fully appreciated the possibilities of raising and preserving their own food.

Breakfast: Cantaloupe, cereal, cream, sugar, scrambled eggs, whole wheat toast, Jam, coffee, or milk.

Luncheon: Split peas on casserole with paprika, red salmon with lemon, wafers, sliced tomatoes, pickles, pineapple salad, lettuce, iced tea with mint.

Dinner: Consomme, saltines, broiled steak, gravy, potato apples, fresh corn, celery curls, parker house rolls, ice tea, cantaloupe with vanilla ice cream.

Breakfast: Chilled tomato juice, cantaloupe, waffles, bacon, syrup, coffee or milk.

Luncheon: Asparagus, peas, cheese, string beans, corn bread, congealed pear salad, lettuce, iced tea.

Dinner: Fried chicken with parsley, creamed cauliflower, gravy, corn bread sticks, spinach de luxe, fresh peach salad, lettuce, tea or coffee, orange ice.

Recipes. POTATO APPLES: 2 T butter, 1-3 c grated cheese, 1/2 tsp. salt, 2 c hot rice, potatoes, pinch nutmeg, little cayenne, 2 T heavy cream, 2 eggs yolk. Mix the ingredients together and whip until light. Shape in the form of small apples, roll in flour, eggs, and bread crumbs. Fry in deep fat at 385 F. and drain on an absorbent paper. Insert cloves at the stems and blossom ends.

ASPARAGUS PISA: Boil asparagus in salted water, drain thoroughly. Serve on buttered toast and sprinkle generously with grated cheese. If the heat of the vegetables does not melt the cheese, put it under the flame for a minute.

SPINACH DE LUXE: 3 lbs. spinach, 4 strips bacon, 1-3 c butter or margarine, 3 tsp. salt, 1-4 tsp. pepper. Dice the bacon fine and brown lightly in the bottom of a large heavy kettle. Then add the spinach, which has been cleaned thoroughly, drained of water, and chopped fine. Add seasonings and butter. Cover and cook over a low heat until the spinach is tender. Any excess liquid may be removed and used for soup or gravy or may be served with the spinach.

SPLIT PEAS EN CASSEROLE: Split peas, 1-4 tsp. baking soda. Cook slowly 2 hours, then drain. Mix together 1/2 c cooked rice, 4 finely chopped onions. Add to above mixture the peas, 2 c tomato pulp, 1-4 tsp. curry powder. Add salt, pepper and paprika to taste. Thicken with 1 T flour, 1-2 T water. Place in individual casseroles and bake in a moderate oven 375 F. for about 45 minutes.

COLD CUTS FOR SUMMER
A variety of cold cuts, such as sliced ham, roast lamb, sliced liver-wurst and meat loaf arranged on a platter and garnished with parsley makes an excellent summer dish. Stuffed tomato salads can be served with the meats.

Color Makes An Attractive And Appetizing Meal

Menus and Recipes Prepared by Department of Home Economics, Texas State College for Women.

Attractiveness of the table plays an important part in staging an effective meal. Choose an exceptionally appetizing dish and make this your center of interest. If it lacks color it may be garnished appropriately, and this will bring out the color scheme more effectively. Some of the garnishes which are often used are paprika, cloves, parsley, cherries, and mint. Cheese and lemon may also be used to advantage. Two aims may be accomplished by using garnishes: First, they may be used for flavor; and second, for decoration. The following menus show how much more attractive and appetizing a meal may be made by introduction of a little color:

REQUESTS ARE TO BE PLAYED BY MUSICIANS

REVIVAL MUSIC IS PLEASING TO CROWD

A CROWD filled the open-air tabernacle at the Christian church last night to capacity to hear the Vawter party in sermon and song.

Two request numbers were played on the Notre Dame chimes: "The Old Rugged Cross" and "The Church in the Wildwood." Other requests have come in and the musicians are always glad to comply with any request that is possible. Two numbers that have been asked for will be played tonight, "I Am Bound for the Promised Land" and "Alas and Did My Savior Bleed."

Howard House will make a crayon picture illustrating the song "To the Mountain." By many this is considered the best crayon picture. He will also make another crayon picture and explain how they are made.

There will be the regular solo by Mrs. Vawter, who will also whistle.

Monday's Sermon. The sermon last night was a short sermon on "The Gospel." Dr. Vawter brought out the fact that the gospel consisted of facts to be believed, conditions to be met and promises to be enjoyed.

The facts to be believed, according to the evangelist are the fact that Christ died, was buried and rose again according to the Scriptures.

The conditions to be met are faith, Acts 16:31; repentance, Luke 13:3; confession, Romans 10:10; and baptism, Mark 16:16. The promises to be enjoyed are: sins forgiven and the gift of the Holy Spirit, Acts 2:38, a good conscience, 1 Peter 3:21, and eternal life, Revelation 22:14.

There are two ordinances in the church, baptism and the Lord's supper. In baptism we are showing the world our faith in the burial and resurrection of Christ and in the Lord's Supper we are "showing forth His death until He comes again."

Shamrock Family Moves Here And Manages Bakery

Mr. and Mrs. Gene Harrell have purchased the equipment of the Fred Burrow bakery here and added new equipment. The name has been changed to the Shamrock bakery and is located at 114 West Foster avenue. They still own the bakery in Shamrock, but have moved to Pampa to make their home.

Mr. Harrell has been in the business for the past fifteen years and Mrs. Harrell says that she was "practically raised" in a bakery as her father has always followed that line of business.

Mr. Harrell is in charge of the bread baking department and all pastries are made under the personal supervision of Mrs. Harrell.

ARKANSAS AND ALABAMA HOLDING REPEAL ELECTIONS TODAY

Helen Morgan Has 'Bud' For Husband

CHICAGO, July 18 (AP)—"Nobody want me," a song that helped raise Helen Morgan to stardom as a torch singer, was discarded by her for another "Along Came Bud," as she introduced her husband, Maurice "Bud" Masshke, Jr. of Cleveland before a Chicago night club audience.

The marriage took place last May 15 at Newcastle, Pa., and was a secret until Miss Morgan in characteristic position, atop a piano, sang her "Along Came Bud" song last night and the young Harvard law school graduate walked over to her side.

DRY LAW WILL GET ITS ACID TEST IN SOUTH

MUCH SIGNIFICANCE IS ATTACHED TO VOTE VERDICT

By The Associated Press
LITTLE ROCK, Ark., July 18 (AP)—Claiming the honor of being the first precinct in the state to report its complete vote in the referendum on the eighteenth amendment, upper Hill township in Prairie county today cast 44 votes for repeal and 1 against.

REPEAL forces racing to reach their goal before Christmas strove to round the half-way post in the south today while prohibitionists sought to send them sprawling. Arkansas and Alabama threw open voting booths today to decide their stand on the proposal to blot the 18th amendment from the constitution.

Tonight the foes of national prohibition will know whether they have garnered half the states necessary for repeal. Sixteen states had voted to ratify repeal up to today. Thirty-six are necessary to change the constitution.

Before the week is over 20 states, containing 49 per cent of the population of the United States will have recorded their will on the problem. Tennessee votes Thursday and Oregon Friday.

Arkansas and Alabama were the first strictly southern states to ballot on prohibition and both sides felt the result was fraught with much significance for their causes. Prohibition forces expressed confidence that if some of the southern states held fast to prohibition, they could put the final test over until next year and thus better their chances of preserving the 18th amendment.

The contests in the south drew heightened interest as a result of a public appeal from President Roosevelt for ratification. In a telegram to a democratic national committee in Alabama, he said the

Hutton Just A 'Pet Poodle' Of Aimee's He Says

LOS ANGELES, July 18 (AP)—David L. Hutton, who has filed suit for divorce from Aimee Semple McPherson, coined his own phrase to describe his relationship to the evangelist.

"Pet poodle," he exclaimed, "I was just Aimee's pet poodle! I had plenty of affection—yes, but no privileges."

In a direct message to the Examiner from the liner City of Havre, far out in the Atlantic en route to America from France, Mrs. Hutton today said "reports concerning divorce are preposterous."

To Hutton the evangelist sent this cable: "Sweetheart: Reassure me your confidence." It was signed, "Wife." Hutton did not reply.

"She may be wireless in an entirely different vein tomorrow," he said. "Guess I'll wait and see how she feels about it all in another day."

POOL

(Continued from page 1.)

Seven hundred feet of hose for the fire department was purchased, bringing the equipment up to standard in this respect.

The rope at the pool will be moved back to the 5-foot depth on recommendation of A. T. McCue, national life saving representative of the Red Cross, and one of the low diving boards will be raised to 10 feet. Mr. McCue declared the local pool was the best operated of 60 pools he has inspected this season.

R. G. Durst of Houston is here on a business trip.

platform of the democratic party "should be carried out insofar as it lies in our power." The platform pledged for repeal.

Prohibition leaders hit the president's statement as "executive dictation." Dr. A. J. Barton, prohibition leader, appealing to Alabama and Arkansas, asked them to uphold the traditional dry stand of the south. He spoke last night in the same Memphis auditorium in which Postmaster General Farley had urged repeal Saturday night.

Gray Allowable Will Be Raised In Few Months

Gray county has an oil potential of 116,227 barrels of the Panhandle's 155,344 barrels, according to the summary completed at the local office of the Texas Railroad commission this morning. The Panhandle allowable is raised from 50,000 barrels to 55,000 barrels in the new summary.

This county has 101,477 barrels of oil production, which gives it an allowable of 46,040 barrels of the 55,000 barrels set by the commission Saturday. The Gray county oil is being produced from 828 active producers.

The Panhandle field has 126,955 barrels of oil production. The percentage of oil to be produced under the new schedule is 20.96 per cent.

The field outlet will be increased within the next two months when two refineries now under construction are placed in operation. They will have a capacity of 2,000 barrels. The field's top allowable is 60,000 barrels but only the necessary amount to handle the present demand has been set at the present time.

Fences Must Be Removed From Public Lands

WASHINGTON, July 18 (AP)—Secretary Ickes today reversed the policy of two of his predecessors and ordered thousands of acres of public land in Arizona and New Mexico, allegedly fenced illegally for many years by large cattle interests, be thrown open to public grazing.

Under Ickes' order many miles of fences which the interior department said had been illegally erected must be torn down.

The department, in announcing the secretary's action, pointed out that a law passed in 1885 makes construction and maintenance of such fences a criminal offense punishable by fine or imprisonment, as well as a civil offense.

American Given Protection In Palma Flareup

PALMA, Mallorca, July 18 (AP)—Theodore Pratt, American writer against whom residents of Mallorca have organized demonstrations because of a critical article he wrote about them, has received the promise of the authorities that he will be protected.

The newspaper Ultima Hora last Saturday republished an article which it said Pratt wrote for an American magazine and in which Mallorcans were accused of blind fanaticism because they believed that made the birds sing better. About 300 persons paraded in front of Pratt's house in protest against the article and some one exploded a small bomb.

replied, through an interpreter, when asked what a "mike" was, he explained.

The robot, he said, had been a disappointment and had caused such difficulties that he had had to steer the plane manually all the way.

Miss Fay Gillis, an American aviator who has served as his representative, greeted Post on his arrival, along with Roncharoff and a doctor. Miss Gillis gave this account, after talking with Post:

"En route here, he flew at an altitude of 21,000 feet for two hours because of the adverse conditions, and nearly passed out."

"He lost the railway somewhere—even he does not know where—and he decided the only thing to do was to come down."

"He landed on a field beside a road, and he wasn't long there before two peasants came by in a horse-driven cart. He could not understand them and they couldn't understand him, but he finally made them understand that he wanted to go to Novosibirsk."

"The peasant one said Novosibirsk was 300 kilometers westward, and the other maintained positively that Novosibirsk was 1,400 kilometers east."

"They finally agreed that Novosibirsk was east and not west, but they did not reconcile their difference as to distance."

(Continued from Page 1)

500 names, were completed yesterday after a canvass of poll tax payers. The petition stated that "we, the signers to the attached petition, constituting more than 500 qualified voters of the county or at least 10 per cent of the qualified voters of Gray county according to the vote for governor of the State of Texas in the general election held in the year 1932, respectfully submit to your Honorable Body to order an election for said county to be held the 26th day of August, A. D. 1933, at which election there shall be submitted to the qualified voters of said county the question of whether or not the sale of beer containing not more than 3.2 per cent of alcohol by volume shall be permitted or prohibited in such county."

The vote for governor in 1932 totaled 3,912 votes, but only 1900 persons in Gray county now have poll tax receipts or exemptions.

Last Rites Are Held For Infant Of J. C. Stevens

Funeral services for Raymond Stevens, 17-months-old son of Mr. and Mrs. J. C. Stevens, were conducted in the chapel at the G. C. Malone Funeral Home at 10 o'clock this morning with the Rev. E. L. Radcliff officiating. Burial followed at Fairview cemetery.

The child died at the home of his parents on South Clark street yesterday afternoon following an illness of several weeks. The family has resided in Pampa for more than a year. Recently their home was burned and everything lost.

Besides his parents, the child is survived by one brother, Glen.

ECONOMIZE WITH QUALITY

The economic situation has nothing to do with your motor's need of efficient lubrication. Fortunately, you can have the best lubricant without penalty. The total cost of Conoco Germ Processed Motor Oil is only one-fifth of a cent per mile, very little to pay to protect your car investment.

Conoco Germ Processed Oil is the highest grade motor oil obtainable . . . the paraffin base crude oil sources, the scientific skill and the most modern of refineries combine to make it so. Then the exclusive Conoco formula . . . Germ Process . . . is used to give it extra oiliness and penetrativeness no other oil has nor can have. A quart remains up in your motor and never drains away . . . the "Hidden Quart" . . . ready when you step on the starter each morning. Fill or add a quart at Red Triangle Stations.

THE HIDDEN QUART
STAYS UP IN YOUR MOTOR AND NEVER DRAINS AWAY

I learned about "Toasting" from my husband

I used to think that "Toasting" was just an advertising phrase. But one day my husband explained to me what "Toasting" is—and what it does. Where he learned it all, I don't know, but I began to understand the difference in cigarettes. Now I find myself enjoying Luckies' mildness and

fine taste with a new respect. But even more—since I am a woman quite sensitive to personal daintiness—and since my cigarette and my lips are so intimately related, I especially appreciate the comforting purity of "Toasting". Naturally, with me it's always "Luckies Please!"

because "It's toasted"
