Junior High Tracksters Win District Third, Fourth

The eighth grade thinclads, competing in district track, were named third place team and the seventh grade tracksters were fourth.

Placing first in the 100 yard dash was Elizar Castillo; Glen Black placed fifth.

Castillo was second in the 220 yard dash; Rodolfo Gonzales was first in the 440 yard dash and Steve Hernandez was second.

Frank Gutierrez was fifth in the 880 and the 440 yard relay team comprised of Black, Gonzales, Hernandez and Cas-

tillo was third.

Castillo placed first in long jump and Black was first in short put, with Castillo third. Black also won first in the discus.

Seventh grader Mike Finch finished first in the 440 yard dash; Joe Gonzales, third in 100 yard dash and Mario Carrasco first in the 1320 yard run with Kelly Jones placing fifth in the same event. J.D. Garrity placed fourth in the 880 yard dash and shot put.

The mile relay team and 440 yard relay team, Ricky

Rowland, Vic Hart, Finch and Gonzales, placed third in the mile and second in the 440.

Singing Slated

Members of the First United Methodist Church will sponsor an afternoon song convention Sunday afternoon beginning at 4 p.m. A snack break is planned for 6 p.m.

Robert L. Hawkins, song leader, extends an invitation to everyone.

Rains End 'Dry Spell'

Welcomed rains fell this week in the Hart area, giving moisture to wheat and young corn and aiding the cotton that had been planted.

The official rainfall, measured by R.L. Stewart at Fort Worth and Denver Railroad station, showed 1.90 inches.

In the outlying areas, rainfall measurements differed but most everyone contacted received one and a half to two inches, with more falling at

press time.

Robert Hawkins, west of town, reported two as did E.E. Davis, who farms 10 miles north east of town.

Charlie Martin's rain guage showed only .7, but Mrs. Martin said that she was sure it had rained more than that. Deryl Clevenger, who farms near by reported 1.75 inches.

South of Hart, Joe Percy Hart recorded 1.24 inches and Cleve McLain received 1.75 inches.

MR. AND MRS. ELMER GRAY

Elmer Grays To Be Honored

Mr. and Mrs. Elmer Gray will be feted Sunday afternoon with a reception in their home at 207 5th Street in Olton. Hosted by their children and their families, the occasion will honor the couple's fiftieth wedding anniversary.

Hosts and hostesses are Mr. and Mrs. E.T. Gray Jr. and family of Oklahoma City, Okla., Mr. and Mrs. F.F. Shott of Wichita Falls, Mr. and Mrs. Robert Trotter and family of Littlefield, Mr. and Mrs. Frank Sturgis and family of Waco and Mr. and Mrs. Jim Ferguson of Olton.

Gray and the former Hattie Mae Shelton were married May 4, 1924 in Tipton, Okla. They moved to Lamb County about seven months later where Gray was engaged in farming. They lived in Hart from 1959 until 1962.

Friends and relatives are invited to call during the hours of 2 to 5 p.m.

NEVER SATISFIED!

If the preacher's hair is gray, he is too old. If he is a young man, he hasn't had experience. If he has ten children, he has too many. If he has none, he isn't setting a good example. If his wife sings in the choir, she is presuming. If she doesn't she isn't interested in her husband's work. If the preacher uses notes, he is a bore. If he speaks extemporaneously, he isn't deep enough. If he stays at home in his study, he doesn't mix with the people. If he is seen around the streets, he ought to be at home getting up a good sermon. If he calls on some poor family, he is playing to the grandstand. If he calls at the home of the wealthy, he is an aristocrat. Whatever he does, someone could have told him better.

MRS. RONALD J. WARD

Irons-Ward Vows Pledged In First Baptist Church

Wedding vows were solemnized Saturday in the First Baptist Church for Miss Dixie Lee Irons and Ronald J. Ward.

Dr. James O. Brandon direct the double ring ceremony before an altar decorated with baskets of rainbow hued flowers on either side of a central candleabra.

Mrs. Everett Heller, organist, presented nuptial music and

accompanied Mr. and Mrs. Terry Scoggins in vocal selections.

Parents of the couple are Mr. and Mrs. Allen E. Irons and Mrs. W.A. Jackson of Clarendon.

Given in marriage by her father, the bride wore a formal gown of mira mist and re-embroidered Venice lace over bridal taffeta. Fashioned with an Empire design, the bodice featured a high neckline and long Bishop sleeves with lace edging and lace motif accents. Lace motifs also enhanced the semi-A-line skirt. Matching Venice lace edged

her mantilla veil of imported illusion which swept chapel length. She carried a bouquet of pink rosebuds atop a white Bible with streamers of rainbow colored ribbons. For "something old" she wore a 50-year-old blue cameo brooch.

Roxana Irons was her sister's maid of honor. She wore a formal gown of pastel blue fashioned with A-line skirt and Empire bodice with long sheer sleeves. She carried smaller bouquet fashioned as the bride's.

Randy Ward of Clarendon, brother of the groom, was best man. Guests were seated by Dale Robinson of Clarendon and Bryan Irons, brother of the bride. Freda Irons of Amarillo registered guests.

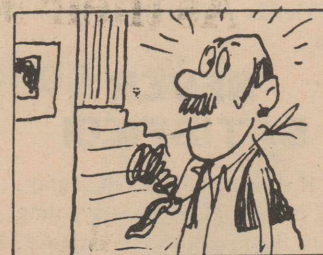

For her daughter's wedding, the bride's mother chose a dress of pastel blue lace knit with white accessories. Mrs. Jackson wore a dress of pink knit with white accessories.

A reception was held in Fellowship hall. The bride's table was laid with a white lace cloth over pink. Appointments were silver and crystal.

For travel, the bride chose a pant suit of pastel blue plaid and white accessories.

A graduate of Hart High School and West Texas State University, the bride was formally employed with Pioneer Natural Gas of Amarillo.

The groom graduated from Tascosa High School in Amarillo and attended West Texas State University.

In Newfoundland a sliced baked potato is placed in a stocking which is then tied around the neck to cure sore throat.

If you can't get PIONEER Brand 8311

here are some excellent alternative
hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

PIONEER Brand 820

This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

BEST DRESSED, according to hippie styles, at HHS this week was Head Coach Lonnie Phillips.

Ever Live In A Sod House?

Did you ever live in a sod house, a dugout, or a adobe building; or were you born in one? Did you ever teach school, attend school or church services in such a building, or help build one? Or are you a child or perhaps a grandchild of a former pioneer sod house dweller or builder?

If you can answer "yes" to any of these questions, the Sod House Society of America, with headquarters at Colby, Kansas, would like to hear from you. The unique society is making a survey and census of people who have had any kind of personal experience with sod structures, including descendants of such persons. Sod houses, dugouts, part sod, and adobe buildings were once common in the United States, Canada, and Mexico.

All former sod dwellers and descendants of a family that can claim a part of the sod house heritage during the pioneer settlement era of North America, or in more recent times, will be listed by the society in a permanent historical record of sod, dugout, and adobe dwellers and their families. Sod buildings in some form were used in well over

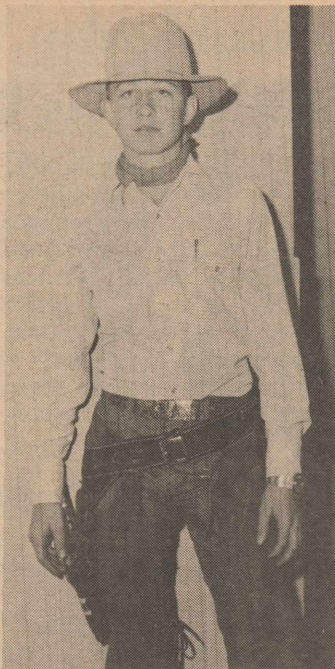

half the North American continent.

To make this survey a success, information is needed from people in all parts of North America. If you have any information concerning present or former sod dwellers, a report of this will be most welcome. Please tell where the buildings were located, and give family names, as well as your own.

Reports should be sent to:
SOD HOUSE SURVEY of
Texas, Colby, Kansas 67701.

Civilization is a system under which a man pays a quarter to park his car so he won't be fined a dollar while spending a dime for a nickle cup of coffee.

VISIT COLES

Visiting Mr. and Mrs. Ralph Cole over the weekend were Billy Cole from Reno, Nev., and Leonard and Mike Chambers from Yuma proving grounds. Also visiting Sunday were Mr. and Mrs. Robert Saunders and Tuesday Ralph's mother, Mrs. Grace Cole and Danny Ray. They and Billy will remain with the Coles for some time. Mrs. Cole and Danny Ray are also from Reno. Leonard and Mike returned to Yuma Sunday afternoon.

The people of the United States are more prosperous than the inhabitants of all other countries because their government embarked later than the governments in other parts of the world upon the policy of obstructing business.

Elias Martinez Sr. served as leader. Boys present were Dennis Martinez, Andy Gonzales and Elias Martinez Jr.

Webelos met Sunday with leader Butth Martinez at the CVAE building and worked on their current projects.

Attending were Jay Wescott, Roy Martinez, Chad Black and Fernando Coronado.

U. P. S. - IT PAYS

One of our readers has asked that we add a few words to our report which compared the poor performance of the deficit-ridden United States Postal Service with the superior performance of the privately owned, profit-making, United Parcel Service. The service of the United Parcel Service is superb, our reader notes; there is no extra charge for insurance; costs are much lower than those of the United States Postal Service, which admits that of United Parcel Service; and United Parcel Service works well with the Teamsters — "not an easy union to deal with."

"The cotton that got the TEMIK® should make 80 to 100 extra pounds of lint."

Gene Templeton of Earth, Texas, is making a late-season prediction about his 1973 cotton yield. He planted 100 acres of his crop with TEMIK® 10G aldicarb pesticide for thrip control.

His report: "I think it (TEMIK) is doing a beautiful job. Right now, the count shows 3 to 4 more bolls on the plants that got the TEMIK."

Mr. Templeton also said that applying TEMIK was simple, and that it eliminated need for any other chemical.

"Pretty amazing," he concludes. It's the first time in many years that I was able to keep all the leaves on the cotton. The cotton looked like it should.

"Right, I don't intend to plant an acre next year without TEMIK."

STOP! All pesticides can be harmful to health and the environment if misused. Read the label carefully and use only as directed.
