## Cisco Goodfellows Need MoreDonations

The Cisco Goodfellows have received applications asking for help this year at Christmas. One application asked for help to give Christmas to his family. This man and wife have four children with one child under a doctor's care. He said with house payments, utilities, and vehicle repairs, he can't give Christmas to his family and he needs help this year.

Another woman wrote and said her husband is under a doctor's care now and her check won't be able to buy very much for the holidays. She said they need help so their table will have food for Christmas. They have two children.

A mother of two small children asked the Cisco Goodfellows for help. She said she would like for her children to have a nice Christmas.

Another woman with three small children needs help so her children can have a nice Christmas.

And the list is growing. There will be more applications daily that will come into the Cisco Chamber of Commerce office from people who are facing hard times and need a little help from the Cisco Goodfellows. Everyone is asking for help for their children. That's who is hurt the most with hard times, the children.

The Cisco Goodfellows will help as many families as they can. And the number of families they help will depend on the amount of contributions they receive from those who will give. If you would like to give to the Goodfellows so they can help others this holiday season, send a check to the Cisco Goodfellows, c/oFirst National Bank, 418 Conrad Hilton, Cisco, Texas 76437.

Donations received this week to the Cisco Goodfellows are as follows:

Tommie or C.B. Norvell--$15.00.

## Blinn Upsets Cisco 16-To-15

By MARLOW McSHAN

Last Thursday night the Blinn Buccaneers defeated the Cisco Wranglers 16-to-15. The win lifts the Buccaneers to 3-7 while the Wranglers fall to 5-4.

On the Wranglers first possession, the offense marched all the way down to the seven yard line before quarterback John Brayton threw a seven yard touchdown pass to split end Kevin Howard. The extra point attempt was no good but the Wranglers were ahead 6-to-0. Although the Wrangler offense displayed a great deal of firepower on their first offensive drive, they were unable to score again until the fourth quarter. The Buccaneers were able to move the ball quite well in the first half but they only managed to score two field goals and the first half ended in a tie of 6-to-6.

In the beginning of the third quarter neither team was able to score but in the last three minutes of the quarter Blinn began to move down the field and scored on a 25-yard touchdown pass. The extra point attempt was good and this put the Buccaneers up 13-to-6. Before Cisco was able to score in the half, Blinn kicked another field goal and this put them up 16-to-6.

Towards the end of the fourth quarter the Wranglers got into scoring position due to a fine catch by Gabe Smith. A few plays later Brayton fired an eight yard pass to Anthony Stinnett. The extra point was good and the score was now 16-to-13. At this point in the game it seemed as if the Wranglers might have a chance to pull off a victory. The Cisco defense forced the Buccaneers to punt on their next possession and defensive end Tim Bryant forced the punter to run out of the back end zone which caused a safety. The score was now 16-to-15 but when the Wranglers received the ball after the punt they were unable to move the ball and the game ended with Blinn ahead 16-to-15.

Saturday the Wranglers will close out the season in a home game against Ranger Jr. College Rangers. Game time is 7:30 p.m.

## Merchants Requested To Decorate

The Third Annual Christmas will be December 3 at 7 p.m. at the Hilton Community Center. The tickets are $7.50 for adults, $2.50 for children under 12 from Civic League members. Everyone is urged to purchase tickets now.

Christmas at the Hilton will feature the Community Youth and Adult choirs performing, a display of unique nativity sets and light refreshments.

The Civic League is still looking for a few more nativity sets to display. If you can share your nativity set, please call Vonda Urban, Kathryn Muller or Polly Wright.

Once again local merchants are asked to decorate their buildings and windows. We feel it is such a boost to the Christmas spirit and our Christmas at the Hilton that we urge all merchants to once again decorate.

Please outline your building in lights to be turned on Thanksgiving weekend and be lighted each night through Christmas. The Civic League is pushing an effort to make this year even brighter and bigger than last year's decorations. Please help.

## Lions Club Is Accepting Donations For Afghan

The Cisco Lions Club is accepting donations of $1.00, and a drawing will be held at the Christmas Parade, December 3, for a beautiful black and gold Spirit Afghan. All donations received by the Cisco Club will be given to the Texas Lions Camp for Crippled Children in Kerrville.

Donations have been coming in pretty good, according to Lions Club president, John McGuire. He said the donations will give a chance for more children to attend the camp in Kerrville. The Lions Club are well known in this area for helping children to attend this camp. They also help people to have glasses with their eyeglasses bank.

The afghan is on display in the lobby of the Cisco First National Bank. There is a box by the afghan to fill out a donation card and drop it in. The Spirit Afghan was crocheted by Cisco Lions Club secretary, Jerry McBeth. Mr. McBeth said it took about 45 hours to crochet the afghan.

Donations can be given to any Lions Club member. Or they can be given to Ivan Webb at his office, 902 West 6th, or to Jerry McBeth at his home, 1607 Liggett.

Cindi Barr

# Local Entertainer To Appear On National Television

Local entertainer Cindi Barr is headed for Nashville, Tennessee, where she has landed a spot on "You Can Be A Star," a television program on TNN. By winning a local version of the contest, she qualified to compete on the national level, a competition that could win her a recording contract and numerous prizes.

The contest will be taped on Monday, Nov. 14, for rebroadcast in the spring on Cable Channel 14 (TNN). During this taping, Cindi will compete as many as two times, depending on the outcome of each competition.

For her first performance, Cindi plans to sing an uptempo number, "One Goodbye From Gone," which was recorded by her friend Stephen Pride, Charlie Pride's younger brother. Should she advance to the second round, Cindi will perform "Where Is Your Promise Now?" which was written by her duet partner, Steve Zachar.

In preparation for the contest, Cindi, the only Eastland County resident ever to compete on "You Can Be A Star," has been honing her talent by performing on various opry shows in the area. She has become a frequently requested performer on the Grapevine, Cross Timbers, Mesquite, and Weatherford oprys, along with Johnnie High's Country Music Review in Fort Worth.

KIM BOYCE

# Kim Boyce To Present Concert Monday

Music With A Meaning Productions in Cisco and KGNZ-FM 88.1, radio in Abilene will present a Kim Boyce and her band concert, on Monday, November 14, at 7:30 p.m., in the Radford Auditorium, on the McMurry campus in Abilene.

Tickets are $5.00 in advance and $6.00 at the door. Tickets can be bought at the Songs and Psalms Book Store in Cisco or in Abilene from the Love Shop, The Bible Book Store, Abilene Educational Supply, and the H.S.U. and McMurry Student Centers.

Kim Boyce, is a former Miss Florida (1983) and was a finalist in the Miss America pageant. She has had two No. 1 singles in CCM, "Here" and "Love Resurrection.".

Since the age of 12, four years after joining her family gospel group, The Melody Three Singers, Boyce has heeded the call of ministry through music.

She said, "I was raised in a Christain home. I went to church all my life. I went to a Christian high school and worked at a Christain television station. I do Christian music, but I never really had to know how hard it was until I was required to put everything on the line for everybody to look at. It's hard. It's scary."

"If five years from now nobody wants to sign Kim Boyce, fine. God will have something else for me to do. I just know He's called me to minister and I'll do it no matter what the situation is. I like performing. I like singing. I like to get up there and dancing around. But that's the icing on the cake. What it's really about is sitting in my office, answering mail, making things happen and talking to kids after a concert. It's not being on stage at all."

For more information about the concert or group rates, please phone Texas toll free, 1-800-588-6926.

## Nutrition Program

We are becoming more and more aware of the foods that we eat and the effect the foods have on our health. The American Heart Association states there are some diets that should be avoided while others should be noted for a healthy heart.

We are always wondering if fish is essential to our diet. The dietians recommend chicken, turkey, fish, crab, oysters, lean meats and specially processed low fat luncheon meats. We should avoid duck, heavily marbled meats, sausage, ham, frankfurters, etc.

At the Senior Center we make every effort to provide a well-balanced diet and never have fried foods. Why not call Cisco registrar 442-1557 and Eastland registrar 629-1382 and make a reservation.

Cisco programs for the week were: a Veterans' Day program by Judge Scott Bailey honoring the WWI and WWII veterans, music by Senior Center Band and Choir, dinner music by Lois Holder, Ima Thompson and Mildred Johnston.

Eastland programs for the week were: veterans' program by Weems Dykes honoring the World War I and II veterans, dinner music by Stella Hallenbeck. AARP held their regular monthly meeting and covered dish.

Menus for the coming week:

Monday– Beef patty, lettuce tomato salad, potato salad, glazed carrots, bread and milk.

Wednesday– Ham, potato au gratin, green beans, baked apples, refrigerator cheese cake with graham cracker crust, bread, butter and milk.

Friday-- Chicken fiesta, chopped broccoli, Spanish rice, cheese slice, cream pudding with cherry sauce, bread, butter and milk.

# Kim Lawson Makes Name In Theatre World

KIM LAWSON
...DIRECTOR

An Eastland County native is making quite a name for herself in the theatre world in Young County.

Mrs. Chuck (Kim Bollinger) Lawson, a 1980 Eastland High School graduate and daughter of Mr. and Mrs. Bob Williams of Eastland, has won kuddos as director of the recently-produced Neil Simon comedy "Chapter Two" for the Kaleidoscope Repertory Theatre of Graham.

The one-year-old company is presently working on a Christmas special and plans two other major productions for the spring.

Kim was active in one-act plays at E.H.S. and studied drama at McMurry College. She and her husband, who has Ranger relatives, both work for Hub Machine and Tool in Graham, and devote their spare time to work with the theatre group.

The group will do "A Christmas Carol" Dec. 8-10; "Night Must Fall" in February and "Blithe Spirit" in April. When asked, Mrs. Lawson guessed that the spring plays might be able to travel and possibly could be staged at the Majestic Theatre in Eastland.

**EASTLAND**

Last Tuesday's election returns show that the county voted two-party, with the boxes generally splitting the Democratic-Republican slates. The Bush-Quayle ticket carried Eastland County by some 800 votes, but county voters also helped return Senator Lloyd Bentsen to office. State Senator Bob Glasgow carried Eastland county with 4,156 votes to his opponent Jesse Coffey's 2,643. County voters also helped re-elect Jim Nugent and Kent Hance to posts on the State Railroad Commission. The election turnout was good in the County, with something over 10,000 voters registered, 7,197 voted. This is far above the National average of under 50%.

# Cancer Society Unit Meets

Eastland County Unit of American Cancer Society met at K-Bob's November 7th. Dale Squiers, Pres. opened meeting call on Roy Gevara to lead in prayer.

Lesa Oswalt presented the Certificate of Authorization, it was accepted. Danelda Gevara, Treas. reported $340 from school children in the "Send a mouse to college" program. Also $165 in Memorials. Eastland County was highest of the 15 counties in District 16 in Special Events, Brad Stephenson says next years golf Tournament will be bigger and better.

Lesa Oswalt, Public Education, has many good programs for any group wishing to use them. Some are films, others are flip charts, with leaflets with information. She and Bill Bailey, staff member from Abilene, explained a new program called "Road to Recovery", which will be especially good for people this far from Abilene the cancer center. It is an organization of volunteer drivers and family members taking cancer patients for treatment, helpful hints for their comfort, insurance and gasoline help for drivers. Bill said there was 702 cancer patients in District 16 at present. Watch for information on getting this program planned and started in Eastland county. Rosemary Ferguson gave an example of volunteer driving in Olden. Bill Culverhouse has material on the Great American Smokeout, watch for some good spots on Abilene TV and newspapers. For any Rehab materials for cancer patients call Loretta White 629-8626.

Bill Bailey reported that the two highest District in "Increased all programs" were 16 and 13, Eastland the Number 1 and Wichita Co. number 2! We are real proud of that, aren't you?

(In Memory of my sister, Mrs. Evie E. Reeves Pierce who passed away November 3, 1988.)

I gave so much in the years I had, but there will only be memories to come,

For now I am in peaceful slumber, with my Jesus, today.

I saw the gold and the glory of the morning sun, now and forever I am in peaceful slumber with my Jesus today.

I lifted hearts, and dried away a tear, I planted a hope in the peace of tears and fear.

I spoke with love and cheer, now and forever I am in peaceful slumber with my Jesus today.

I tried to be so kind, and leave life for after awhile, now and forever I am in peaceful slumber with my Jesus today.

I left to each of my children, grandchildren, great-grandchildren, my brother, my sister, my nephews, my nieces, and my many friends, a loving memory of life, of a smile, now and forever I am in peaceful slumber with my Jesus today.

I gave the truth a grander birth, I was steadfast in faith and Jesus and His precious word.

I tried to feed Jesus' love to the hungerng souls of earth. Now and till Jesus comes to take us home to Glory. I am in peaceful slumber with my Jesus today!

## POEM

MY ROSE

There was a little rose
that was growing tall
every time I thought of it
nothing seemed to matter
at all.

This rose of mine
represented
a great love of mine
a person who was very
special
very sweet and very kind.

Then one day I came home
on the ground there it lay
dead
the color of the rose
was no longer a color of
red.

Even though that special
person is gone
I will always hold it near
Forever I will love him
and it will remind me of a
one who is dear.

## CHS Girls Cross Country Team Will Advance To State Competition

The Cisco High School girls' cross country team will advance to the state competition in Georgetown after placing third in this past Saturday's regional meet in Arlington. Lady Lobo Jana Yowell, junior, placed first with a time of 12:14.76, becoming the Region II AA champ. Jana stated, "I'm really glad to be a member of the cross-country team. We all work hard when we feel we can't go on. We've worked as a team, which is what has helped us to achieve our goals. We've grown to become great friends, and it's given us memories that will last forever. I think if we do our best, we're so good at state."

The Cisco girls' score for the regional meet was 100 points, with first place team Little Elm acquiring 57 points, and second place Celina, 82. Cross-country coach David Sumners declared, "It's awfully exciting to watch them run and to do so well. They've worked hard and put out a lot of effort and have really come through. It was a truly exciting experience to watch Jana run out from behind the trees and be in first place. This race was not as difficult as district, so everyone's time improved. Jana's time is better then last year's state winner."

Other team members placed as follows: Ginny Pope, 9th, with a time of 13:06.59; Marlena Trice, 12th, with a time of 13:23.38; Stefanie Carlile, 38th, with a time of 14:21.53; Dee Wages, 40th, with a time of 14.25.05; Rachel Valek, 48th, with a time of 14:34.44; and Kay Ingram, 66th, with a time of 15:26.04.

Returning team member Senior Ginny Pope commented, "I didn't expect this year's team to be as good as last year's team because we lost several strong runners. I was really pleasantly surprised. We are very proud of how well Jana is doing. It is really exciting to watch her run. I've had lots of fun getting to know all of these girls. We all love each other!" Rachel Valek, junior, expressed, "We've worked hard and going to state is an exciting reward for the effort we've put out. I hope that we place high in the state meet, but getting to go and participate is worth all the time and hard work each and every one of us has given."

The Lobo Howl staff would like to wish every team member the best of luck at state, and we congratulate them for their success so far in the season!

## Willard Johnson Tells Lions Club Of Bass Tournament

Willard Johnson, who is in charge of the Cisco Lions Club Bass Tournament, spoke to club members about the upcoming tournament. He suggested that the club could set up food and fountain drink booths at the next tournament.

He said the tournament will probably be held in March. Sportsmen will be ready to get out after the winter and it will be a good time to hold it.

Johnson said the only suitable lake in Eastland County at the present time to have the tournament in, is Lake Leon. He said if Lake Cisco fills up, then they can use it. But not until then.

The entire club agreed to work on the tournament and make it one of the top fund raising campaigns of the Cisco Lions Club.

Earl Ray told club members about the anti-drug video tapes he has to loan out to schools and church groups. He said the tapes can be borrowed by calling 442-3433 or after 5 p.m., 442-1317. The title of one of the tapes is "Private Victories."

Billy Adams of Abilene was a guest at the meeting. Sutton Crofts led the roar. Truman Kirk gave the invocation. Wyley Peebles led the singing and the Pledge of Allegience. John McGuire presided over the meeting.

## Dorothy O. Ivey

CISCO– Dorothy O. Ivey, 77, died Thursday, Nov. 10, 1988, in E. L. Graham Memorial Hospital.

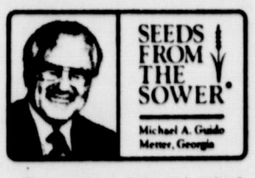
Graveside services were held at 2 p.m. Saturday, Nov. 12, 1988, at Elmwood Memorial Park in Abilene, directed by Cisco Funeral Home.

Born Dec. 19, 1910, in Denton Valley, she moved to Cisco in 1976 from Abilene. She was a superintendant at Allen's until 1976 when she retired. She was a Baptist.

She married Ted H. Ivey in February, 1929. She was preceded in death by her husband and two sons, Roger and Holley.

Survivors include a son, Bill H. Ivey of Roscoe; three daughters, Mary Carter of Hawley, Jean Miller of Colorado and Carol Pittman of Cisco; two daughters-in-law, Shirley Ivey of Abilene and Francine Collins of Kingsville; 11 grandchildren; and 15 great-grandchildren.

Grandsons served as pallbearers.



One night a little girl asked, "Daddy, is God dead?"

Stunned, he answered, "No, why do you ask?"

"Because," she replied, "you never talk to Him."

But you talk to Him, don't you?

Prayer is a privilege. It's also a necessity. Without it man is like a fish out of water.

By prayer you ask God for His gifts and you accept His government. Then you enjoy real gladness.

A man is truly a man only when he's governed by God and talks with Him. Out of touch with God he's less than a man.

Get in touch with God. Pray daily, and you'll live happily.

**GUIDANCE COUNSELORS HELP STUDENTS ADJUST TO LIFE**

The school guidance counselor is one of the unsung heroes of modern education, an educator who can play an important role in helping students deal effectively with life and find directions for their futures, but who are often overlooked by many students and parents.

Their primary duty is instructional; in fact, the history of the profession is founded in education, not psychology or social work. A counselor's job is to contribute to the school by helping students adjust to school life and succeed at it.

Guidance counselors must have three years of classroom teaching experience and a master's degree in guidance. Because they work with young people, they must have an understanding of human development and growth.

They provide developmental guidance to students, help them with decision-making and planning, and counsel them in times of crisis.

John Lucas, director of guidance and counseling at the Texas Education Agency, says counselors are in schools to meet the needs of the students.

"We're not strictly just looking at problems," Lucas says. "If students need to learn how to make decisions, we can help them. If they need assistance in adjusting to a new school or a new grade level, we can help. It's developmental guidance we provide."

Texas public schools employ approximately 6,000 elementary and high school guidance counselors. Texas leads the nation in the number of elementary school guidance counselors.

Lucas says, on the average, a large high school usually has a staff of five counselors while an elementary school may have one.

In the elementary schools, counselors provide information about the development of life skills through classroom and small group instuction. Counselors teach children about getting along with others and the children learn what is expected of them. The elementary school couselor is often the first person a child sees when he or she is having emotional or behavioral problems.

High school guidance counselors try to make the transition from childhood to adult easier. Often they teach both short-term and long-range goal setting and decision-making to students. Other counselor responsibilities include providing information about scholarships and other forms of financial aid for college, assisting students in the use of information about themselves in their college selection, and providing career counseling.

They are also there to provide what Lucas calls "psychological first aid," such as counseling those students who have been identified as potentially "at risk" or already in an at-risk gourp as a result of pregnancy, substance abuse, absenteeism and other inappropriate behaviors.

However, Lucas says, it is the counselor's job to hear about the problems and then refer a troubled student for more serious counseling by a psychologist or psychiatrist.

**TELEVISION-WATCHING "COUCH POTATOES" DEVELOP STIFFNESS AND WEAKNESS ASSOCIATED WITH OLD AGE**

—

**"STUDY POTATOES" PRONE TO SEVERE NECK AND UPPER BACK PAIN**

—

**Physical Therapists Offer Conditioning Tips**

Its effect on the mind is unclear, but what it does to the body is definitely bad news. Hours of slouching on a couch in front of the television is making the average American feel physically old before his time.

While this sedentary population has been dubbed "couch potatoes", the American Physical Therapy Association (APTA) has coined another word to classify this group:

"hypokinetics", persons suffering from stiffness, weakness and pain caused by the inadequate muscular activity of their languid lifestyles.

Kay Schaefer, a Washington, D.C. physical therapist who treats a growing number of hypokinetics, attributes the trouble to lounging in poor sitting positions for extended periods of time. "If people sat erect in a firm, supportive chair and performed a few stretching exercises every hour while watching television, there'd be no problem. But who watches television that way?"

Indeed. Most television watchers loll on a soft sofa or chair in a semi-reclined position with the lower back slumped and the head and neck rolled forward. After only a half-hour, this causes muscles, ligaments, joints and connective tissues to tighten, creating a feeling of stiffness.

With the average adult clocking upwards of three-and-one-half hours of television time daily, the problem rapidly compounds. Over time the muscles weaken and atrophy, causing hypokinetics to walk with the forward head, rounded shoulders and protruding abdomen commonly seen in elderly persons who are immobile for extended periods of time.

**"STUDY POTATOES" ALSO AT RISK**

At exam time, Schaefer sees many high-achieving students suffering from severe neck and upper back pain. The common denominator in these cases: prolonged hours of study, with the head and shoulders hunched forward over a desk. Schaefer calls these seasonal hpokinetics "study potatoes".

"Think of the head as a ten-pound bowling ball, with only tensed, tiny muscles in the back of the neck to stop it from falling forward," says Schaefer. "Eventually the fatigue and stress is just too much. But, ongoing exercise can prevent the onset of the condition."

**MORNING STIFFNESS IS FIRST SYMPTOM**

Hypokinetic symptoms first appear usually as morning stiffness, particularly in the lower back or neck. "People wrongly interpret morning stiffness as a natural part of the aging process when it's really a warning signal from your body that any additional strain could result in serious back injury," says Schaefer, who specializes in treating geriatric patients.

Acknowledging that lassitude has therapeutic benefits all its own, Schaefer doesn't call for pitching overstuffed sofas on the sidewalk. Instead, she advises hypokinetics to incorporate some simple stretching and flexibility exercises into their television-watching time or study breaks.

**Exercises for Couch Potatoes**

• Neck Stretches - Look straight ahead with chin pulled in, positioning head directly over shoulders. Title head to side (ear to shoulder). Hold for count of 5. Repeat 3 times on each side.

• Upper Back Extensions - Lie on stomach, with elbows bent and arms at 90 degree angle. Lift head and arms, keeping lower back relaxed. Repeat 10 times.

• Upper Back Stretches - Stand with back against wall, feet separated and at a distance of 2 to 3 feet from wall. With palms facing up, raise arms over head then slowly lower. Use wall to support upper arms during the exercise. Breathe in slowly when raising arms; exhale slowly when lowering. Repeat 10 times.

• Partial Curl-Ups - Lie on back with knees bent and hands behind head. Slowly curl up head and shoulders until shoulder blades are lifted, then lower. Keep lower back flat through the motion. Repeat 15 times.

•Cat and Camel - On hands and knees, lower head then round back. Pull in abdomen, then raise head and release back. Elbows remain straight. Repeat 10 times.

**Exercises for Study Potatoes**

•Chin Tucks - Look straight ahead, pulling chin backwards, until head is over shoulders. Hold position for count of 5. Repeat 6 times.

• Pelvic Tilts - Stand with back against wall and feet 2-3 feet from wall. While tightening abdominals flatten lower back against wall, leaving no space between wall and back. Hold for count of 5, repeating 10 times.

• Doorway Stretch - Stand facing into a doorway with arms bent at 90 degree angle. With forearms and palms resting on either side of the door frame, gently lean into doorway until a stretch is felt across chest and front shoulders. Hold count of 10. Repeat 5 times.

• Shoulder Pull Backs - Sit or stand with elbows bent and arms at level of shoulders. Pulling elbows back, squeeze blades together, then release. Repeat 10 times.

• Lower Back Extension - Lie on stomach with hands at sides. Raise head, shoulders and upper back off floor, then lower. Repeat 10 times.

Kay Schaefer, PT, MPA, is co-founder and co-director of Physical Therapy Services of Washington, D.C., an outpatient private practice physical therapy clinic. She holds a Bachelor's Degree in Physical Therapy from Ithaca College/Albert Einstein School of Medicine and a Master's Degree in Public Administration, Health Care Management from American University. An adjunct assistant professor at George Washington University College of Medicine, School of Health Care Sciences, Schaefer has written and spoken extensively on topics in physical therapy. She is co-author of You're on Your Own Exercise Book for Mature Adults, which will be published later this year.

The American Physical Therapy Association is a national professional association representing more than 44,000 physical therapists, physical therapist assistants and students throughout the U.S. Its goals are to serve its members and the public by increasing the understanding of the physical therapist's role in the health care system and by fostering improvements in physical therapy education, practice and research.

# Fishing Outdoors

## By Terry Wilson

**T.A.B.C. Members Be Aware**

For those anglers who receive the Texas Association of Bass Clubs newsletter (T.A.B.C.), read carefully the front page article by Vice President Ed Parten. It appears to me that T.A.B.C. officers have already made yours and mine minds up for us. I'm sure the American Bass Association is a worthy organization. But doesn't it seem strange to you that a mere three months ago the T.A.B.C. officers and directors flatly turned down the chance to join in the Honey Hole Affiliation. Which by the way host over two-thirds of the organizations now active in outdoor preservation as one voice. When this merger was in the works T.A.B.C. officials to my knowledge did not solicit a ballot vote or even ask for members input outside the east and south Texas inner circle which seems to control this organization.

On page three bottom left of your T.A.B.C. newsletter you will find a A.B.A. Questionnaire. Please clip this out, vote and mail it in. If you feel as I do, and as I will mark out the A.B.A., inserting Honey Hole Affiliation. And perhaps now would be an excellent time to hang out the rest of the laundry and write a short note concerning your likes or dislikes of paths that have been chosen by T.A.B.C. over the past few years. For those of you who did not receive this newsletter you may call (713) 358-0194 and voice your opinions to Mr. Parten.

The Honey Hole affiliation program is growing rapidly. And as it grows it is becoming the voice of Texas Anglers. After all who will work harder for Texans but fellow Texans. Act now for a better voice in your "Fishing Outdoors".

Officials of the state's Operation Game Thief program say the reward program has received excellent public support in its first seven years, but more is needed.

The Game Thief program, patterned after "Crimestoppers" programs in urban areas, allows a person seeking a game or fish law violation to earn a cash reward by calling the foll free number, 1-800-792-GAME. Callers may remain anonymous.

During its first seven years, OGT has been responsible for the arrest and conviction of 1,450 violators. These cases resulted in more than $311,000.00 in fines and callers received $67,350 in rewards.

## Annual Reunion Of Boss Glove Factory Termed Success

This year's annual reunion of the Boss Glove Factory was a huge success according to a report from Juanita Roberson, reunion chairman. There was a lot of good food, fellowship and fun. The reunion was held Saturday, November 5.

There was a committee appointed to plan a reunion for next year.

There was well over 100 people who attended the reunion. There was quite a few people who were able to attend this year's reunion who didn't come to the first one last year. Three former employees of the factory sent letters to be read at the reunion.

The factory opened in 1944 and former plant manager Tony White said the employees were a close knit of people. He said this is why the reunion was such a success.

EDITORS CLEAN off their desks after elections — and you can know that there is now a lot of previously-held, must-keep material now hitting the round file ... Turn-out was good in the county, but not as good as it could have been. Maybe better than normal though. We voted 7,197 out of 10,696 registered — so some 3,000 or so went fishing.

—

MARK THE date: Tuesday, Nov. 29th. The Texas Tech Drama Dept. will present "Scrooge", a live, Christmas musical on the stage at the Majestic Theatre in Eastland. Curtain is set for 7 p.m. and details will be announced.

—

A RECENT weekend jaunt took Gaynell and I and her mother and dad, Mr. and Mrs. Ted Rogers of Cisco, to Houston to visit Vance and to Louisiana to visit Amy and Vince. In Houston we did the San Jacinto Battle Field and the Battleship Texas bit, learning that the proud old vessel will be tugged down the channel next month to a Galveston drydock for major repairs. It's a-float now and with funds from re-cycling aluminum cans the work is being done to save the historic old warship. Texas First-Lady Rita Clements is heading the drive, and details for helping are available through this toll free number: 1-800-65 TEXAS ... The sample ballot we looked at in Beauregard Parrish, La., was interesting. It not only listed the presidential candidates but also the electors for each party. (And the parishes have wards, not precincts.)

GOOD COUNTY sales tax figures from the State Comptroller's office shows Eastland County cities had a 5.23 per cent increase in their November checks. The five county towns got checks totalling $78,929.51 compared with $74,943.46 a month ago, and the year to date total is 4.45 per cent ahead of last year — so it's moving up again.

—

THE TEXAS Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1988 acreage, yield and production totals and end-of-year livestock and poultry inventories.

"Changes in the national farm program and this summer's dry weather certainly had an impact on Texas agriculture, and these surveys should help us summarize where the industry stands at the end of 1988," state statistician Dennis Findley explained.

"Information from these confidential surveys conducted by mail, telephone or in person will also help producers make their plans for the coming year.

"Sound production and marketing decisions require good, reliable information and some advanced planning, and our reports provide producers with solid facts and figures they can incorporate into their plans," Findley added.

The Texas service will be trying to keep survey costs at a minimum this year because of budget cuts, so Findley is urging producers to return their mailed questionnaires as soon as possible.

"Remember, these are sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents similar operations of the same type and size. Our estimates can be no better than the numbers producers provide," Findley noted.

Results of the surveys will be published in early 1989. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P.O. Box 70, Austin, Texas 78767.

# Two Arrested From Olden On Felony Charges

A 38-year-old man and a 19-year-old female, both from Olden, were arrested at 11:15 Thursday, Nov. 3, in Breckenridge on felony charges of passing a forged instrument, according to Breckenridge Police Chief Ronnie Pendleton.

Arrested were Lonnie Joe Hughes and Stacy Ann Goines. Chief Pendleton said the pair were arraigned by Municipal Court Judge Bob Buchanan and bond was set for Hughes at $2,500, while bond was set for Goines at $2,000.

The charges against the pair stemmed from a report at 10 a.m. Thursday of a checkbook stolen from a Breckenridge man's vehicle by suspects in an older model van, Chief Pendleton said. At 10:44 a.m., a teller at Citizen's National Bank notified the police she had cashed a $750 check by the alleged suspects written on a check for the Breckenridge man's account.

Patrolmen Marion Cope and Larry Mahan Jr., stopped the van at Elliott and Walker where the pair were placed under arrest.

Chief Pendleton said Hughes was on parole from the state penitentiary when he was paroled in 1983 to Eastland County. Chief Pendleton added that Hughes' parole was to last until January, 2062. Hughes was sent to prison in 1975 on possession of marijuana charges.

## The Next Best Thing -

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

# "Hard To Fit" Fashions Available In Cisco Store

Finding a need and filling it the surest route to success—and Eastland County is presently in the position of seeing that done in a way that could result in a major business which someday could hire a lot of people.

And it's the answer to a world-wide problem.

"Necessity is the Mother of Invention" may be somewhat trite, but to mothers of young girls with weight problems, this has been their lot when it comes to styles in clothes.

A Cisco mother with such a problem — no "chubby" clothes or patterns for her daughter — has led her to establish a business specializing in fashions for young girls with size problems.

The mother is Deborah Whitley, who with her husband, Arlie, has established AMY LEIGH FASHIONS, INC., which is dedicated to a special market which had been overlooked by manufacturers and pattern designers. The firm name matches that f the daughter, Amy Leigh Whitley, an eighth grader in Cisco Junior High, who has had problems with clothes styles since she began school in the first grade.

The Whiteys, after researching possible markets and doing basic design work with pattern makers in Dallas and Fort Worth, ran a small advertisement in the recent issues of SEW NEWS a national publication devoted to the pattern and design market, both in manufacturing and home sewing use.

From the ads, and stories in the Abilene newspapers, more than 1,000 orders for brochures were received and since the Arkansas Gazette, San Antonio Light, and the Houston Chronicle have run articles about Amy Leigh Fashions, Inc. bringing total inquiries to 2,000.

It is quite evident that mothers (and daughters_ in the states and Canada have "little girl" style problems when it comes to shopping for the larger sizes. With the orders for brochures, and subsequent orders for patterns, came many testimonials from women who had experiences similar to Mrs. Whitley's, no luck in finding stylish clothes or patterns.

At the present time, the brochure has 20 designs for contemporary juvenile fashion ensembles and dresses, with additional patterns in developmental stages.

What comes next? "We are expanding our pattern marketing effort to fabric outlets at present," Mrs. Whitley says, "From that, we expect to be able to begin manufacturing ready-to-wear clothes from our pattern experience. It is obvious that the problem I had finding the right clothes and patterns is really a universal situation."

The Whiteys are excited by the prospects for national distribution of their patterns and beginning the ready-to-wear phase of the business. And Amy Leigh? She has been elected as one of the twirlers for the Cisco Junior High Band this year.

For a brochure on patterns, send $1 for postage and handling with the request to Box 192, Cisco, Texas 76437, or you may call (817) 442-4831 for further information.

# Commissioners To Canvass Election Returns Monday

Eastland County Commissioners will take some of their time at a meeting Monday to canvass the General Election returns, and also the voting on the three amendments.

The County Clerk will ask that her budget be amended to include more postage for absentee ballots. The request for mail-outs was very heavy this year.

In other matters, there will be preliminary report on county road mileage by Walter B. Neaves, State Highway Supervising Engineer for Eastland County. Neaves is working on maps to bring information on county raods up-to-date.

There will also be a report on the clearing of county property north of the jail. Work is reported to have begun there this week.

In another agenda item, the Commissioners will be asked to endorse an application for Public Transportation Funds (Section 18). This would be through the Central Texas Opportunities Inc., and might help provide a vehicle for more transportation of the elderly, disabled and others.

There will be a discussion of the county budget, indigent burial, and a current report on the County Jail.

It all adds up to a busy day for the County Commissioners. The meeting will begin at 10 a.m. in the Commissioners Courtroom, and will be open to the public. County Judge Scott Bailey will preside.

# CJC Wrangler Men 138, Western Texas 114

The Cisco Junior College Wranglers opened their 1988-89 home basketball season with a record breaking 138-to-114 victory over the Western Texas College Westerners in non-conference basketball action at Wrangler Gym Thursday night. The 138 points was the most ever scored by CJC team, and improved the Wrangler record to 2-3 for the young season. The loss was the first for the Westerners, who had a 3-0 record coming into the game.

Five Wrangler players scored in double figures, with 6-4 forward Mark Chambers leading the way with 31 points. Guards Lewis Hicks and Eric Brown had 27 points each, while forwards Linwood Lambert and Tyrone Williams added 18 and 15 points respectively. Hicks and Brown connected on five of six three point shots each, and Lambert had 10 of 12 from the free-throw line. Bobby Spear led the Westerner attack with 31.

The Wranglers jumped out to an early lead in the fast-paced game, and led at halftime 67-to-58. Western Texas rallied several times in the second half, but could not cut the lead to less than eight points.

The two teams play a return game Monday night in Snyder. Cisco then will play in the McDonald's Classic at South Plains College in Levelland on Thursday, Friday, and Saturday against Clarendon, Blinn, and South Plains. They will return home to meet Howard College on Monday, Nov. 21.

## letters to the editor...

Dear Editor,

One of the most helpful public agencies in Cisco is having financial troubles. That is the Cisco Child Care Center.

As a concerned parent and citizen, I wish to request donations to help finance the center. If ever a community project was worth saving, this one is.

The center is run by concerned, loving child-care workers who daily care for children while their parents work. The fees paid by the parents cannot cover the expenses of the center. If they did, the parents would not be able to afford the cost.

The Center receives no state aid -- it is self supporting by fees and donations from churches and service clubs in the community, along with concerned individuals.

While costs have increased by large amounts in the past five years, the fees have been raised only about 15 percent overall, or approximately 75 cents per day for each child.

The financial problems of the cneter are caused by the economic fall-off in the area, that has caused fewer children to be cared for. The facilities are excellent, and well maintained. The children receive high quality care and begin their educational process there.

If the center is forced to cease its service to Cisco, a big gap will be left in our society -- and in the lives of many children. Twelve permanent workers will lose their jobs, and a very useful building will be vacant and unproductive.

Please ask your readers to come to the aid of the center. They really need some temporary financial aid to tide the center over this crisis.

Sincerely,
Wanda Lacy

# "The Odd Couple" Cast Members Perform At Rotary Club

Two cast members of the Cisco Junior College dinner theater play, "The Odd Couple" performed for the Cisco Rotary Club at their regular meeting held last Thursday, at the White Elephant Restaurant.

Jana Spangler, who plays Olive Madison, and Danetta Bible, who plays Florence Unger in the play, acted out the scene where Florence first moves into the apartment with Olive.

The director of the play, Caroll Price-Brown, and the cast members were introduced by Rotarian president, Otto Urban.

E.L. Jackson, member of the Cisco Lions Club and member of the American Legion spoke to the Rotary Club about the importance of Veteran's Day. He said Veterans Day, which was observed Friday, November 11, is a way to pay tribute to the men who lost their lives in World I. He also talked about the great celebrations when the war ended.

Jack Martin, Rotarian, invited the club members to the annual flag raising on November 23, at Cisco High School. He said General Russell will be there.

Billy Reynolds gave the invocation. Otto Urban led the Pledge of Allegience and presided over the meeting. Attendance was at 80 percent.

Second Generation Funeral Directors

CLIFFORD BURAL

WE PERFORM AT LEAST 85 SERVICES FOR A FUNERAL!

We handle a myraid of details for each funeral to meet the special wishes and needs of the family. As funeral directors, we often help out for several months after the funeral to make sure ALL details are completed.

It is important for funeral directors to consult at length with the family of literally DOZENS of details. Here are just a few of them:

FUNERAL: setting its time and who is to officiate; choice of casket and clothing, music, Scriptures, etc.

CEMETERY: purchase of lot or opening of family plot; getting permits.

NOTICES: arranging death certificates, obituaries, notifying fraternal (or other) groups.

FUNERAL DAY: organizing service details; helping conduct service; providing family cars and organizing procession.

CLAIMS: helping family file for Social Security, military, union or insurance benefits.

Any of the 85 service details can cause grief when not handled right. We have to give EVERY funeral 110 percent of our time and attention to perform a service which comforts and fulfills the family's needs.

## Wanda's Corner

*by Wanda Hallmark*

A woman called the Press Thursday and asked if we knew why Veterans Day was celebrated on Friday this year, instead of the usual Monday, as are all the other holidays. We said it was because when it was first held on a Monday, the veterans told government officials it was their holiday and they demanded the holiday stay on November 11, no matter what day of the week it fell on.

This lady said she had always heard the Armistice was signed on the 11th hour of the 11th day of the 11th month.

Mr. E.L. Jackson talked to the Cisco Rotary Club Thursday about Veterans Day. He said Veterans Day first began to pay tribute to veterans who lost their lives in World War I. Jackson said it then was held to pay honor to veterans who fought in World War II, then the Korean War, Viet Nam. Now the veterans who fought at Granada and in the Persian Gulf will now be honored.

I saw one of the video tapes that Earl Ray loans out to schools, church groups or families on how to fight drug abuse.

We watched "Private Victories" and I recommend these tapes to everyone. The acting is not the best, but the ideal of saying no to drugs does get across. Hank, the star of the show, says that even if no one else agrees with him about not using drugs, it is a Private Victory. But he does find friends who has the same ideas as his.

To get one of these tapes, no rental fee, call 442-3433 and after five call 442-1317. Or stop by 105 East 9th and talk to Earl Ray about watching a tape.

Cindy Donahoe, manager at the White Elephant Restaurant, called and wanted to let the Cisco Police Department, especially Chief of Police, Billy Rains and Detective Adrian Huddleston, that their co-operation is appreciated. She said their hard work resulted in the arrest of recent some thieves.

—

Be sure and watch Nashville Now, on TNN, channel 14, Mon., Nov. 14. Cindi Barr, elementary school music teacher will be in the audience holding up a Cisco, Texas sign. (See the story in this issue of the paper to find out why she's there).

We have heard several comments (and I mean several) about the proposed proposition by the City of Cisco to allow residents to have only two garage sales in a year. Several people think this is unfair, but others think it's a good idea.

One man said in California, residents are only allowed to have two garage sales. The reason for this proposition is that if someone is having several garage sales a year, then they are running a business and they need to charge and pay sales tax, like all the other businesses in town.

The people who have these garage sale businesses can get a tax number and pay their taxes like other businesses. If they don't then they will be working just outside the law of the state of Texas, not just the City of Cisco.

People can have as many garage sales as they want, no one will be refused to have a garage sale, but they will have to charge and pay state taxes on the merchandise they sell.

We have the recipe for those delicious bran muffins that were served at the Cisco Health Fair earlier this month. It is as follows:

2 c. boiling water
4 c. Kellogg's All Bran
2 c. Nabisco 100% Bran
1 qt. buttermilk
1½ c. sugar
1 c. shortening
4 egg, beaten
5 c. flour
1 t. salt
5 t. soda

Pour water over cereal and add buttermilk. Cream shortening and sugar, stir in eggs. Add to cereal mixture, stir in flour, soda and salt. Stir only to dampen flour. Refrigerate overnight. Store in retrigerator. Keeps 3 weeks in refrigerator. Grease muffin cups and bake 15 to 20 minutes at 350 degrees.

Have you made your plans to stay in Cisco Friday and Saturday, November 25-26? The merchants are going to have some fantastic bargains to start the Christmas buying season here in town. They will also have tickets for their customers for a drawing for a 19" color television to be given away. The more you buy, the more tickets you can have and the better chance you have of getting a new television. We will have more details later on.

—

The pictures in the last issue of The Cisco Press were of the high ticket sellers for the Mexican dinner held October 29. The pictures were of each high ticket sellers in each room for the PTO fund raisers and not high attendance awards as it was stated.

—

Dizzy Dean brought in a copy of a magazine entitled "Fort Worth, the gateway to West Texas." It was a souvenir of the Fort Worth business executives tour of West Texas, October 4-6, 1938.

Cisco was mentioned in it. It said Cisco's population was 6,027. It was served by three railroads and seven paved highways outlets. Cisco had a high school and five grade schools, city hall, $125,000 post office building, country club building, golf course, five city parks, and amusement center including the largest swimming pool in West Texas.

The book also talked about other area towns.

## Cisco Elementary School Update

CORRECTION: The pictures in the last Cisco Press were of the high ticket sellers in each room for the PTO fundraiser and not high attendance awards. We would like to thank these children again for helping to sell tickets to the Mexican Dinner. Sorry for the confusion.

The sixth grade band was part of the halftime show at the last CHS Lobo football game. I was very proud of them. They memorized and played four songs and sounded wonderful. They have only been playing together 6 weeks!

—

Our school is saving Campbell's Soup labels again, like in previous years. Mickey Chambers is the chairman and will get boxes out soon. I'll have more information later. Our saved labels bought computer software last year.

—

Miss Watts is so excited about the new gym. Now, P.E. classes don't have to exercise in the hall. I watched 6th grade last week have relay races in the gym because of the mud on the playground. We are all thankful to have the new gym!

—

The screening committee for the Gifted and Talented program met. The children eligible for this program should be identified by January.

Mrs. Zarate, librarian, has been very busy lately checking in about 100 new books for the library. They must be catalogued, marked and prepared for checking out. There are some cute Garfield signs on the wall marking where the new books are located. The rest of the library has colorful pictures about Thanksgiving. She also told me about getting a cable hookup at school to watch and tape educational television shows for the children.

—

Most of the 6th grade choir members have their "outfit" for performing ready. Several choir member moms had a sewing party to make the girls' jumpers for the families that had no access to a sewing machine. The girls are wearing red T-shirts and light blue chambray jumpers. The boys will wear red T-shirts and jeans. They will perform at the CHS flag-raising ceremony on Nov. 23rd. It will be open to the public – come see them. The 6th grade choir teacher, Cindi Barr-Jobe, has an exciting few days ahead of her. She is flying to Nashville, Tenn., to compete on the show "You Can Be A Star" on the Nashville Network. The show will be taped on Monday to air sometime in the spring. She has tickets for the variety-talk show, "Nashville Now," that will be aired live Monday night. Tune in and look for her in the audience. We wish her good luck in the competition!

—

I looked in the computer room this week. I watched first graders learn how to work them. They were also going to practice language arts and skills. Each school child has at least 40-60 minutes per week with the computer. There are 16 computers in the computer room plus one in Mrs. Stewart's room, two in Mrs. Hunt's room, one in Mrs. Dietiker's room and our secretary, Mrs. Puryear, has one in her office. I'm proud that PTO has helped to furnish some of these computers for our school that our children have the use of them.
