COOLIDGE FIRM ON WORLD COURT

Naval Appropriation Unlikely

PLEA OF WILBUR BE DISREGARDED IS BELIEF NOW

CLOGGED CALENDAR FACED BY SENATE TO STAY SPEEDY ACTION

WASHINGTON, May 23.—Despite the plea of Secretary of the Navy Wilbur for appropriations to bring the battle fleet up to par, there appears to be little likelihood of final action before congress adjourns, on those measures desired to bring the naval limitations treaty ratio.

The obstacles to such action is the senate where a clogged calendar bars speedy action. Before the necessary bills can be brought to the floor, they must be considered by the senate naval affairs committee, chairman Hale said Friday and hearings, he stated, will await action by the house.

Next Wednesday the house will take up the \$150,000,000 bill providing eight cruisers, reconditioning of six first line battleships and six river gunboats for operation in China. Chairman Butler of the house naval affairs committee, said Friday that the measure would probably be passed.

Reaction to Wilbur was generally to arouse a desire to push the necessary legislation through. Senator Hale, of Maine, however, made a lengthy speech on the floor in defense of the navy as it stands, declaring that "we are nearer the 5-5-3 ratio at the present time than we were at the time of the signing of the treaty."

"That we shall eventually reach that ratio throughout the navy I believe should be our future policy," he said.

"Ship by ship, with the exception of our two oldest ships, our battleships are of greater tonnage, carry more or heavier guns, and are more heavily armored than the British ships. Their speed, however, is somewhat less than that of the British ships and the same is true to a lesser extent in comparison with the battleships of Japan."

"The battle cruisers of both England and Japan carry heavy guns and are much faster than our battleships, but as they are not heavily armored, in actual battle with guns of an equal range this class of ships could not stand up against a battleship."

Hale said that numerous reports that have been circulated about "the deplorable" condition of the fleet are unfounded. He approves, however, of Wilbur's recommendations and said that if the legislation was not enacted at this session, it would be at the first of next. The appropriations, he said,

GEO. M'NEW DIES FROM POISON IN EL PASO

EL PASO, Texas, May 23.—Geo. McNew, 25, came to his death from arsenic poisoning probably from bad liquor, according to the verdict of Coroner R. W. Rawlings who had an autopsy made. McNew, a four-eyeman barber, died suddenly while attending a meeting of the barber's union Thursday night. No further investigation will be made, Coroner Rawlings said. McNew is well known in Lubbock where he worked several years.

LORENZO BAND IN CONCERT HERE LAST NIGHT

Several hundred Lubbock people were splendidly entertained by the Lorenzo Band at the county court house last evening, beginning at about seven o'clock.

The band which is under the direction of Monte Bowron, a former Lubbock man, is one of the best in West Texas, and was given first place for being the best uniformed band at the West Texas Chamber of Commerce convention at Brownwood.

Such treats as was enjoyed on this occasion because of the liberality of the Lorenzo band do not happen this way too often, and the band men may rest assured that their efforts in Friday's concert are heartily appreciated.

LUBBOCK BOY TO HEAD A. & M. CLUB

COLLEGE STATION, May 23.—At the final meeting for the year of the Panhandle A & M Club the following officers were elected: R. H. Waters, of Lubbock, a Senior next year, was elected president of the club; L. L. Dodson, of Amarillo, vice-president; Paul Lipscomb, Amarillo, secretary, and Morton of Dumas, treasurer. Plans for the third annual Panhandle A. & M. Ex and Present Students Banquet were completed.

The banquet will be held at the Amarillo Hotel on the thirty-first of August. The club which consisted of seventy-six Panhandle men has been very active this year in letting the students from other parts of Texas know where the Panhandle was and what it stood for. Their slogan has been "When we see something we want, we get it." A large increase in enrollment is expected from the Panhandle next year.

Hawkins Addresses I. O. O. F. SAN ANTONIO, May 23.—G. A. Hawkins of Houston grand master of Texas Odd Fellows, addressed the South Texas Odd Fellows convention Friday. Uvalde Rebekahs team won the cup in the Rebekahs drill contest.

METHODISTS TO CONDEMN WARS

SPECIAL COMMISSION IS NAMED TO ENLIST AID IN PEACE CRUSADE

SPRINGFIELD, Mass., May 23.—Condemning war as the "supreme enemy of mankind" a resolution presented to the Methodist Episcopal general conference here Friday urges appointment of a special commission of 25 Methodists whose duties it would be to enlist all religious orders in a world peace crusade.

A new resolution also advocates participation of the United States in the world court and the League of Nations, asks President Coolidge to call another disarmament conference and recommends that a prayer be offered in behalf of peace at every Methodist communion service throughout the world.

"Millions of our fellow men have died heroically in a war to end a war," the resolution begins. "What they undertook, we must finish by methods of peace. War is not inevitable. It is the supreme enemy of mankind. Its futurity is beyond question. Its continuance is the suicide of civilization. We are determined to outlaw the whole war system."

After reviewing the wrongs of war, the resolution concludes: "We hold the cause of peace dearer than party allegiance, and we shall tolerate no dilatory or evasive attitudes on the part of those who represent us."

"World christianity is enlisting in the campaign for peace. We seek alliance with all forces which make for the principles herein advocated. We, therefore, propose that our church now assume its responsibility by appointing at this general conference a commission of 25 members composed of five bishops, ten ministers and ten laymen, authorized and instructed to call a conference of the religious forces of the world to consider the best plans and methods for making the impact of United States christendom against evils we deplore."

The motion, which represents the work of special committee of 13 appointed after the original war resolution, was rejected by the conference, will be discussed and acted upon Saturday morning. Judging by the general applause and ovations given certain paragraphs, its acceptance seems likely.

After five days of balloting, the conference completed the election of five bishops Friday night.

Rev. Wallace E. Brown, of Syracuse, N. Y., was elected on the fourteenth ballot receiving 561 of the 754 votes cast. Dr. Brown's victory was a surprise, as it had been predicted that Dr. Ralph E. Ward, of New York, formerly of Foochow, China, would be the fifth new bishop.

The other four chosen during the week to fill vacancies created by death or retirement were Dr. Chas. A. Miller, Panama City, superintendent of the central American mission; Dr. Titus M. Lowe, of New York City; Dr. Geo. R. Grose, of Green Castle, Ind.; Prof. Depauw University, and Brenton T. Bradley, of Indiana.

ALLEGED TRUNK MURDERESS UNMOVED

LOS ANGELES, Calif., May 23.—Mrs. Margaret Willis gazed unperturbed at the automatic pistol which she is alleged to have killed Dr. Benjamin Baldwin, as the second day of the trunk murder trial progressed Friday.

The gun was introduced as evidence by the state. She likewise remained unmoved as Captain of Detectives Longueven read her confession to the jury.

The detective produced the pistol along with other gruesome relics of the case, the blood stained trunk into which the slain doctor's body was crammed, his crumpled hat and his kit of instruments which sent a shudder through the jury box when they were unconsciously dragged into the courtroom during the closing hours of Thursday's session.

SEALED VERDICT RETURNED BY ETTER JURY

INDEPENDENCE, Kans., May 23.—A sealed verdict, its contents to be made known Saturday was returned by the coroner's jury in the inquest over the death of Mrs. Hartley J. Etor and her two year old daughter, Belinda Friday night. The jury spent forty five minutes in deliberation. Members of the family of the slain girl and of her husband now under arrest on charges of first degree murder in connection with the tragedy testified at the inquest. Fearing mob violence Etor was rushed out of the county Thursday and authorities have refused to disclose where he was taken. The bodies of the two victims were taken from the ruins of a barn on the Etor farm which had been set afire. Mrs. Etor had been shot through the body and her baby's skull was crushed.

PLANS COMPLETE FOR JUDGING CONTESTS

LAMESA, May 23.—Final preparations are being made for the Livestock and Grain Judging Contests to be held in Tahoka, Saturday, May 24. Classes in sheep, dairy cattle, hogs, chickens, milo, maize, kafir corn and corn, are being arranged for by County Agent Robertson of Lynn county.

Club boys and girls from Lubbock, Lynn and Dawson counties, will participate in these contests. Teams from each county will be chosen from among those contestants making the highest grades. Aside from the contests, a free picture show and basket dinner are being planned for the days program and a great many farmers and their families are planning to be in Tahoka for the day.

BANK IS ROBBED SECOND TIME IN 3 DAYS

BURBANK, Okla., May 23.—For the second time in three days, the third time in six months and the fourth time in its history, the farmers state bank here was robbed Friday.

Curious as to why the bandits, apparently the same as those who robbed the institution before, picked on the farmers bank, Mrs. L. F. Hall, teller asked for an explanation.

"Well," replied one of the unmasked men, "you have never been abused or hurt by us have you?" Mrs. Hall admitted they had always been "perfect gentlemen" about the robbery business and the men, while a bit flattered, did not neglect to scoop up \$1,700 and hurry away.

STEWART JURY DISCHARGED FRIDAY

VICTORIA, May 23.—After deliberating for many hours the jury in the case of Dr. O. R. Stewart, charged with murder in connection with the death of Lasta Moore of Port Lavaca, was dismissed Friday afternoon, having failed to agree on a verdict. The case was given to the jury late Thursday.

The Moore girl died in Dr. Stewart's office on April 10. Similar charges against the man who accompanied her to Victoria and a woman who was with her in the physician's office were dismissed during the trial of Dr. Stewart.

Styles Take on New Phase WICHITA, Kans., May 23.—Mrs. Leola Hays values the hair she doesn't have at \$6,000. And because she doesn't have it, she wants an added \$6,000 damage.

SAYS IS IRREVOCABLY COMMITTED TO HARDING-HUGHES PLAN; WILL NOT ACCEPT COMPROMISE PLAN

WASHINGTON, May 23. (UN)—Rejecting the world court compromise plans advanced by republican senators, President Coolidge has made known emphatically that he pledged himself to the Harding-Hughes proposal and that he intends to go before the country on it.

The full measure of the gulf that now separates Coolidge from Senator Lodge and other republicans on the foreign relations committee, became known through a white house spokesman Friday.

CHILD IS KILLED BY AUTO IN EL PASO

EL PASO, Texas, May 23.—Thurman Hunter, 4 years of age, son of Mr. and Mrs. Herbert Hunter, 3127 Montana street was killed when he attempted to cross the street in front of an automobile driven by R. T. Lewis. The child's skull was crushed. The accident was declared unavoidable.

This is the third fatal accident to children in the last few days. Kathryn Peters two and a half years old was killed Sunday in an automobile collision and Pedro Aguirre, nine years of age died Thursday night from injuries received when struck by an automobile on the Socorro road.

HUDSPETH WILL SUPPORT POTASH BILL

BIG SPRING, Texas, May 23.—W. W. Rix, president of the Big Spring Chamber of Commerce, who at the request of the West Texas Chamber of Commerce, took up with Congressman C. B. Hudspeth of El Paso, the matter of urging the passage of the \$5,000,000 Potash Bill, now pending in National Congress, has received a communication from Congressman Hudspeth stating that he will vigorously support this bill but that the Committee on Agriculture has not yet reported the bill out.

AMERICAN DEATH IN CHINA IS CONFIRMED

WASHINGTON, May 23.—Confirmation of the death of Jay Dinsmore, an American citizen who was shot by Chinese bandits near Nangai on May 17, was received at the state department Friday from Consul Ernest B. Price at Foochow, China. Dinsmore died at Shah Sien May 21, the report adds. His body has been recovered and is being sent to Foochow. A British subject named Mackay and three Chinese employees of the China Import and Export Lumber Company with which Dinsmore was employed, are still held by the bandits, Price reported.

Price says in his report that he has made the strongest representations to the local authorities. The American Legation, he states, is supporting his position strongly with the Chinese foreign office and requesting that immediate steps be taken to apprehend and punish the criminals as well as to protect other Americans in Fukien.

\$1,000 REPORTED STOLEN FROM SAN ANTONIO MAN

SAN ANTONIO, Texas, May 23.—Disappearance of over one thousand dollars worth of jewelry and cash from a safe in the Brady building office of H. C. Feldman, real estate man, was reported to police Friday.

At the same time, part of five hundred dollars worth of jewelry found hidden under a South Laredo street house was identified as that stolen recently from Mrs. Don Phillipini, wife of a local orchestra leader.

It was learned that President Coolidge told the republican senators at the white house a few nights ago that he was committed irrevocably to the Harding-Hughes plan that he had advocated in several addresses and in his initial message to congress that Coolidge delegates to the national convention had been elected on the assumption that the president would support this plan and that if for no other reason, good faith requires him to stand on the original plan.

Yet, the next day the senators began framing a compromise measure which Senator Pepper introduced in the senate Thursday with the remark that any one who opposed it would do so because he was moved by concern for the League of Nations rather than by interest in the court as an independent institution. Pepper and the other senators are trying to take the election of judges away from the league. Pepper's plan has the approval of other republican senators, and they are preparing to make an effort to report it out of committee.

President Coolidge is irritated at this action of the senators who had just previously been at the white house and received a stamp of his view in emphatic form. He regards it as an attempt to shake him by sheer force from the Harding-Hughes plan.

The white house does not believe any plan will get through the senate this session. Whether it does or not the president will go before the country on the proposition first presented by his predecessor.

The first show-down will come Saturday, when the senate foreign relations committee expects to vote on several plans presented. Democrats will force a test vote on the Harding-Hughes plan through a motion to adopt the Swanson resolution providing for a compromise of the plan in toto. This will force republican senators on record and the probability is that it will be rejected by republican votes. Advance reports indicate that the Pepper plan will be approved. No action is probable in the senate at this time so that the question will be a football through the campaign leading to a real fight in the next session.

VOLCANO SHOWS SIGNS OF NEW ERUPTION

HILO, T. H., May 23.—Kilauea volcano Friday seemed on the verge of a new major eruption, earthshocks and spasmodic outbreaks of fury from the gigantic crater causing a new signal of alarm to go forth from observers of the situation.

Silent for a day and a half, after one of her greatest outbreaks in history last Saturday Sunday and Monday, the renewed activity was accepted as an indication that another violent eruption is pending.

Military searching parties have virtually abandoned the hunt for Howard Simmons and E. J. Hinman, soldiers of Oswego, N. Y., missing last Saturday when they were observed walking near the rim of the crater shortly before the eruption.

THE OLD CRY.

"It's the old, old cry," said he, "We resent such change we see, And we fancy now, we are older And of youth we're all bereft, That the finer things were lost. When from then to this we crossed That the past holds all of splendor And there is no virtue left."

"Men in ages long ago Saw their children overthrow Every rule set down to guide them And they shook their heads and sighed; And they murmured looking on: 'The old glory now is gone, The old courage is deserted, And the old faith thrown aside.'"

"But a fairer world we know Than that world of long ago, And the children of our children In a fairer world shall dwell; And in spite of all our fears, Youth shall triumph through the years, And the glory of their courage To their children they shall tell."

"We are older, you and I, And we shake our heads and sigh As our children break their fetters And our rules of guidance flout; But the old faith still remains, There is good blood in their veins, The old virtues are not falling, Nor is courage dying out."

Miss Waddle Is Honored With Party.

Among the social events of the week, which has been replete with social activities, none was more delightful than that of the party given Thursday evening by Mr. and Mrs. J. W. Lemond, at their home on Avenue O, in compliment to Miss Waddle, who has been teaching in the K. Carter school the past term, and who is leaving for her home at Lone Oak, where she will spend the summer. Pink and white carnations and roses lent additional charm to the entertaining suite and spring time score cards were used for the number of games of forty-two, progressively played, at the close of which a dainty salad course was served to the following guests and the honoree: Mesdames T. J. Foster, C. L. Ballinger, Misses Mary Meador and Gladys Douglass; Messrs Sylvan Sanders, Ross and Owen McWhorter; Mr. and Mrs. Trow, Mr. and Mrs. Aubrey Key of Amarillo.

Party Honoring Miss Atkinson Honoring Miss Bertha Atkinson, a teacher in the Lubbock High school, Miss Pearl Wood entertained a number of friends at her home Thursday evening. "Hearts" was the feature game of the evening and after a delightful and interesting contest Miss Atkinson was awarded the prize for making the highest score. Many other unique and original games were played and after placing "Grandmother" on a diet and bidding "Aunt Jemima" bon voyage, delicious cream and cake were served to the following guests: Misses Bertha Atkinson, Julia Jennings, Eura Mae Coker, Blanche Fann, Lottie Mae Cowart, Pearl Denman, Helen Edwards, Xrepha Clark, Inez Winn, Cecile and Gladys Cloniger, Bessie Smith, Glidwell Mullins, Beulah Dixon, Amelia Cowart, Zeldia Ray; Messrs. COOLIDGE TO SIGN EXCLUSION BILL IS BELIEF

By United News. WASHINGTON, May 23.—Although word from the white house Friday indicated that President Coolidge had not reached a decision as to whether he will sign the immigration bill, the opinion grows stronger that he will. The President has until Thursday night to act, but it was stated that a decision may be expected soon.

BOGUS MEDICALS SEEK TO EVADE U. S. LAWS

PHILADELPHIA, May 23.—Foreign medical students have hit upon a new plan to evade the immigration quota set by the United States, by a circuitous route which leads them through the back-door of the school room.

Only by checking up the students' credentials with the closest scrutiny is the possibility of fraud in the quota being reduced to a minimum.

This is the opinion of Dr. William Pepper, dean of the medical school of the University of Pennsylvania.

"Bonafide students or recognized colleges and universities are not included in the quotas set on foreign countries by the United States and for this reason we have an increased number of students coming from war-ravaged territories. So universally is the status of a student held in high esteem that again and again we meet with someone trying to enter the country in that guise.

"Only recently a young woman came here and, with tears in her eyes, asked me to accept as a student in whom she had become interested and who was at that time being held at Ellis Island for deportation. When asked for his credentials, she told me they had been taken from him in Petrograd, and

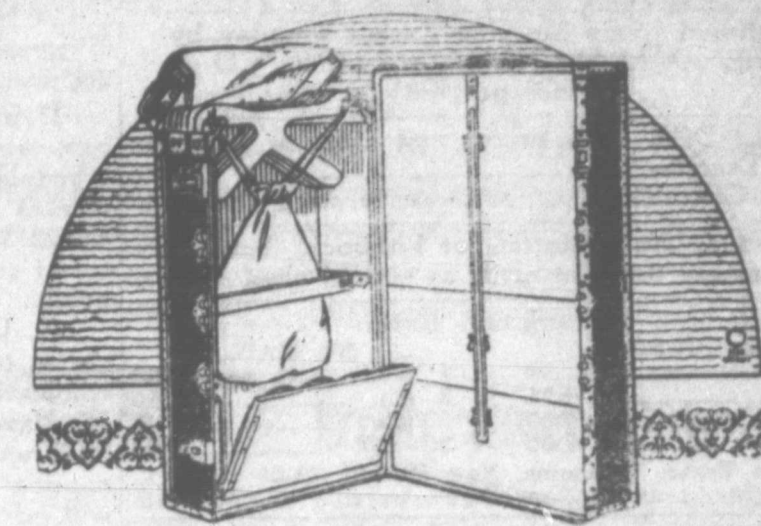

for that reason could not be procured. The woman had just married the man, and was trying to get him into the country as an 'accepted' student of the university.

"This dodging of the quota and the increased influx of foreign physicians coming to the United States are two of the grave problems at the present time facing the medical profession.

"The United States has always been generous in its welcome of physicians from other countries. The rules governing their licenses have never been as severe as those governing the American physicians who seek to practice in foreign countries, restrictions on which in some countries are so strict as to be almost prohibitive.

"In earlier years, foreign physicians coming here were comparatively few, but now they have almost become a menace."

NOTICE—It is not the intention of the Avalanche to cast reflection upon the character of anyone knowingly, and if through error we should, the management will appreciate having our attention called to same, and will gladly correct any erroneous statement made. AVALANCHE PUBLISHING CO.

NASTY LITTLE GIBES THAT ARE NO SMALLER OR NO NARROWER THAN THEIR PREJUDICED AUTHOR.

The Avalanche has pined for harmony, and we have refrained from saying anything or doing anything that would in any way create prejudice between neighboring towns, and personally have tried to wipe out what was at one time a rather unfriendly feeling between Slaton and Lubbock (most of the feeling being against Lubbock however,) though Lubbock people have never fought Slaton, and want to be friendly toward that neighbor town now. Fact of the business, Lubbock, never takes any official action involving Slaton, and has for many years done everything possible to bring about greater harmony between the two places.

In this we are fairly successful until the Radiogram appeared on the scene in Slaton, and since that time it has devoted much of its space to slinging nasty little gibes into Lubbock, for which they have no honest, legitimate reasons, and to which we have refrained to note to date, but they continue to throw out their venom, and we just rise to remind the Radiogram that part of the statements they made in their last issue, are absolutely false, whether intentional or not, and that is in the following paragraph:

"About the smallest thing a newspaper can do is to leave out a name where a list of men have been elected to office, especially if the man left out is from the same county and the neighbor city, as was the case of R. J. Murray's name being left out of the Lubbock Avalanche, as he was elected vice-president of the West Texas Chamber of Commerce."

If the name was left out, it was not on account of the smallness of the paper, or the prejudices that we hold against Slaton. We had nothing against Slaton, and print much favorable news from there, when we can get it. We may have left the name out, we do not say that we did not, but it is just like a lot of other things that happen in the average print shop, and by the time the Radiogram has been published long enough to have ordinary print shop sense, they will be accused of just such things themselves. We do not know how it happened that Mr. Murray's name was omitted, but we do know this much, and you cannot accuse us of it, and get away with it, we did not leave it out because he was a Slaton man.

It is the smallest thing in the world for you fellows to keep knocking the scab off an old sore, and if you will devote more of your wonderful brain to telling of your own merits, rather than parading the demerits of the other fellow, you will be worth more to your community, and you will not make people hate you.

Lubbock is up here attending strictly to her own business, and wishes Slaton well in every thing she undertakes, except when she goes to slinging mud. We are not in that line of business up here, and would like the best in the world to keep harmony within the bounds of the county, at least.

AS A PROTECTION TO THE BOYS OF THIS TOWN.

We have heard that certain parts of Lubbock are traversed every night by negro women, who are deliberately telling boys off after them and inducing them to participate in things that will result in a curse to them the balance of their days. If this is true, and we have heard a number of good reliable citizens make the statement, then there should be a stop to it and that at once. Why should the boys of this community be brought face to face with this sort of evil, and the parents stand idly by and make no effort to protect them? We are of the opinion that these women can easily be routed from the community, if there is an effort made to do so, and we are certainly in favor of every one of them being given orders to clear the streets, or risk the consequences.

Lubbock must be made clean and kept clean, if we are to maintain the high standards that we are known by. Rid the streets of these disease-carrying carcasses, and let it be known that it will not be for them to be found out side of their shack at night, and there will be no occasion for trouble with them. There is entirely too much freedom accorded the negroes of this town anyway. They are too promiscuous in their strollings about the city, both night and day, and we are not in favor of them being given as much latitude as they are. We do not see any use of our wife having to give a bunch of negroes the side walk, but this is sometimes the case or else rub elbows with some greasy, stinking son of Ham, who seems to think he has as much right to the sidewalk as she has, and is not willing to make any concessions. All the negroes are not this way. Some of them realize that they are negroes, but there are too many of them who do not realize that they are low bred sons of Africa, and are not entitled to the rights and privileges of our streets, night or day, that the white people are.

BOOSTING PARCEL POST RATES.

A bill, known as the Paige bill, is pending in Congress, one purpose of which is to increase parcel post rates.

It is not a moderate increase which the bill proposes, a jump of a cent or two on existing schedules, but a 200 per cent raise. Other increases are proposed in second and third-class postal rates. The bill is designed to get additional revenue to the extent of \$110,000,000 annually.

A lot of help a reduction in income tax is going to be if postal rates are jumped in this wholesale and extravagant manner.

Have you ever bought new laid eggs by parcel post, and had them delivered at your door for a nominal carriage of 8 cents a dozen? Well, you will go to the grocery for them if this bill passes, because your postal rate will leap from 8 cents to 24 cents. And the farmer will go out of the business of direct dealing with the consumer by mail, and back into the hands of the middleman.

This is just one example of the way the Paige bill will work.

You can think of a hundred others—all of them arguments against it. If you are in the manufacturing business, and use the mail to send out samples and goods to customers, consider the difference in your expense for postage with a 200 per cent increase.

They say there is some risk of the Paige bill passing at Washington. If there be any risk it is time for those interested—and they are legion—to get busy with the congressmen.

Increased revenue is doubtless needed for the postoffice department. Increases in salary are due the postal clerks. But this bill will gouge the public and defeat its own end. It will result in driving business to the express companies.

Congress voted an appropriation of \$500,000 for a thoro investigation of postal costs as a basis on which to readjust rates if necessary. That investigation has been under way for some time. It is expected an exhaustive report will be ready for submission in July or August.

To legislate for an arbitrary upward revision of rates in anticipation of this report is an unintelligent proceeding.

Postmaster New urges that Congress wait until it has the results of the investigation before it. That is sound advice, but the indifference of Congress to departmental opinion makes it important that it should hear from the country. Judging from the manner in which it treats the recommendations of Secretary Hoover and others—not to mention the President—the fact that Postmaster New is against passing the Paige Bill may be sufficient to insure its passage, unless there is emphatic protest from the people who will be voting next November.

CARRYING PISTOLS IN AUTOMOBILES IS AGAINST THE LAW.

Carrying pistols in automobiles, whether in a handbag or pushed down under the seat cushion, does not exempt persons from prosecution under the statute making it an offense to carry pistols "on or about the person," the Court of Criminal Appeals, in effect, held in affirming the cases of Alfred Welch, Real County, and J. W. Paulk, Cass County, wherein convictions had been had for carrying pistols, with the fine of \$100 in each case. Contention by appellants that they were travelers was overruled.

But even after all of this, there will be thousands of pistols carried by Texas travelers because it is a well known fact that a large number of people carrying pistols on their person, even though it is against the laws of the state to do so. How do we know. It is easy. Just let a little trouble show up, and a few men engage in a controversy and note how many pistols come into play from the hip pocket of fellows that you have no idea ever carried a gun of any kind.

This practice makes it dangerous too. If it was known for sure that a fellow did not have a gun, or knew for sure that he did, there might be many killings avoided, but as it is, every suspicious move toward the hip pocket is taken as an indication that the fellow making the move was going after his pistol, and the much used excuse for "self defense" is brought into play and the jury shown beyond doubt that the fellow that did the shooting really thought his opponent had a gun and he is turned loose. Pass all the laws you want to, but as long as people are allowed to carry as many guns as are usually found in a crowd, the laws are not going to be any good. Either enforce the laws or mark 'em off of the books; there is no use to make a farce of any law.

A Senatorial Committee has completely vindicated Senator Wheeler of Montana, of the charges for which he was indicted by a grand jury in his own state. It was shown that the attack upon the Senator was made through political organizations with the aid of two government executive departments. As a result of the exposures William J. Burns, head of the Bureau of Investigation for the Department of Justice and John T. Adams, chairman of the Republican National Committee, have been compelled to resign. While Mr. Wheeler has won his way so far, the public is anxious to know what is to be done to vindicate the departments who undertook this "frame-up" in an attempt to block the investigation of Mr. Daugherty. It is hoped that Mr. Borah will give this point some attention.

President Coolidge faces a decidedly unusual and unpleasant political situation. While his veto of the Bursum Pension Bill was sustained by one vote in the Senate, he owes his support to the Democrats. The stalwarts of stalwarts were not found standing behind the president—including such names as Lodge, Curtis, Brandegee, Willis, Watson and other standpatters. The suspicion is growing that the democrats are playing politics by unloading all responsibility for the defeat of legislative measures on the administration.

MARKETS

THE TONE OF MARKET IMPROVING DAILY

By EDWARD J. CONDLON (United News Financial Editor.) NEW YORK, May 23.—Although but slightly more than a half million shares were traded on the stock exchange on Friday, there was sufficient evidence of investment buying to indicate that the undertone of the market is improving daily. Generally speaking the active rails outstripped the active industrial stocks as the latter had a series of intermittent drives by professionals against Baldwin Locomotive and U. S. Steel to contend with.

Judge Gary's report before the Iron and Steel institute were played up by those cheerily inclined inasmuch as the judge departed from his unusually optimistic review of the steel situation to include in a few generalizations. This rather thin excuse was the only one the bear crowd could muster during the day and the attack on steel common failed to unsettle the market as a whole.

There was, however, at least two other points which called attention to the shifting sands that lie beneath some departments of current business. The upward revision of the sugar crop estimates precipitated a decline in surrounding prices to a new low for the year. One estimate places the crop at 4,975,000 tons, which compares with the record of all time of 3,995,000 which aroused considerable discussion was the cut in the price of gasoline by the standard of Indiana of a cent a gallon at filling stations in Chicago, meeting the cut of Texas Company and other independents. This is interesting in view of the approach of brighter weather which should reduce the available stocks of gasoline.

The mercantile reviews for the week which are released for publication Saturday morning show little or no change in the current business situation. Retail trade is slow. The backward spring has checked farm work. Metal prices continue to recede and the textile industries are on a 50 per cent production basis.

The week's business failures show a rather sharp gain over last week, and over the corresponding day last year. All sections of the country had more failures for this week than last.

BERGDOLL WANTS MONEY IN RELIEF OF OFFICIALS

By United News. WASHINGTON, May 23.—Governor Cleveland Bergdoll wants to come back to the United States to get his money and not because of any sentimental attachment for the country he refused to serve, war department officials declared Friday in commenting on the exclusive United News dispatch that the famous draft dodger had sent an emissary to senators proposing conditions under which Bergdoll would return. "It is Bergdoll's money that will bring him back and not a desire to come clean."

LOCAL AMATEURS JOURNEY TO LITTLEFIELD SUNDAY FOR CLASH WITH "MUELLER" AGGREGATION

Skipper Allen and his hard nine are all matched up for an exhibition Sunday, but the affair will be staged at Littlefield, according to a statement made by the skipper last night following a lengthy discussion of things in general with a Littlefield representative. This game is in return for the one played here two weeks ago in which the visiting lads wallowed the local mine by a heavy count.

The line-up which has featured in preceding games will be used, according to present plans, with possibly one or two exceptions. This will be the shifting of Hensley from the hot corner to a garden position, placing Gaither, the slugging Shallowater youngster in this vacated position. Cate on short, Shepard on second, and Harry Hunter working the initial sack completes the roster for the infield with the exception of the batters.

In the outfield come Jones, Hensley, Jackson, Ater, and Castleberry with honors about equal among the lot. It possibly will be a question of drawing straws as to who will participate.

Terry probably will initiate mound duty for the locals, with the skipper at the helm, and if he tires in the interim on account of not being in condition, this battery probably will be replaced by Sanders and Karr, as was done in the Tahoka game at the last appearance.

This squad seems practically doomed for an opportunity to work out, for upon reporting to training period, they are invariably met by a herd of coons at the park, who already have commandeered the lot to their own use. These black "Williams" usually have plunged into the midst of their exhibition, and through sympathy the local lads retire without their much needed workout. But it is beginning to grow tiresome, and it is feared that some day a very sudden end will be put to these performances.

Anyway, the exhibition Sunday promises to be a warm affair (providing the weather keeps up as it has for the past few days). The nine will leave here a little past noon, and the game will be called in Littlefield at 3:30, if present plans materialize.

GIANTS REGAIN PINNACLE IN NATIONAL

Trampling over Jack Hendrick's Reds for the second consecutive day in Cincinnati, with an eight to three victory, while the league leading Cubs were rained out in Chicago, the New York Giants Friday again assumed the top-most position in the National league.

Chicago is now in second place, but only a scant six points astern. The Giants win came after a close fight to the eighth inning when the score was 3 to 2 in New York's favor. In the ninth the Giants hammered out five runs. Cincinnati rallied weakly in the half of the final inning and scored once.

Fate dealt the Reds a hard blow for it pushed them in fourth place and allowed the Dodgers who won from the Pittsburgh Pirates in Pittsburgh 3 to 1, to climb to third place. The veteran Zach Wheat of Brooklyn hit his fifth homer of the season.

Rain spoiled the game between the Phillies and Cards in St. Louis. The activities of first division ball clubs in the American league assumed secondary importance to the pitching of Walter Johnson in the Senators game with the White Sox in Washington Friday. Old Walter, who has drawn his pay checks from Washington for almost 18 summers, struck out 14 batters. The Senators won the game, 4 to 0, and incidentally marked the 105th shutout victory for Johnson. Victory elevated Washington to fifth place.

Looking upward to more dignified clubs in the first division: The Yankees nosed out a 7 to 6 win over the Tigers in New York by scoring a run in the ninth inning. Babe Ruth knocked his tenth homer of the season in the fifth inning.

The tie in second place between the Red Sox and Browns was broken up when Boston beat the Indians 5 to 1, while St. Louis lost to the Athletics in Philadelphia 5 to 0.

Johnson Hits Old Stride
WASHINGTON, May 23.—Walter Johnson, the veteran star of the Washington Senators was back in his old time form Friday when he struck out fourteen men and held the White Sox to one hit, shutting them out 4 to 0.

In the seventh inning, Johnson equalled his league record of 12 strike outs made in 1923, and then hung two more up for a new record of 14 strike outs in one game.

This brings his strike out record, covering his entire league career, up to 3,218.

among themselves, physicians quarreling over the condition of the boy's body, and private detective agencies vieing with each other in almost hourly "novel solutions" after the crime, it became known from a source high in the police department that all efforts so far to obtain any definite evidence relating to the murder mystery had proven fruitless.

Young Frank's body was found early Thursday afloat in a culvert in a swamp near the city's outskirts. So sure were the boys slayers that his body would not be discovered for some time that they even made an attempt to collect \$10,000 ransom money, demanded previously in a letter sent the father on Thursday afternoon, after identification of the body had been made by a relative and the news of temporarily suppressed.

Around three theories—the opinions of three different officials in direct charge of the murder investigation—all the policemen in Chicago and scores of private detectives are trying to reconstruct what actually happened to young Franks.

Lt. Mitchell Grady of the detective bureau, the man who has solved some of the most puzzling mysteries that ever confronted authorities here, believes the case is one simply of kidnapping for ransom. He has scores of men at work in the underworld haunts on the theory that some clue will be developed.

Chief of Detectives Hughes leans to the theory that a highly educated man, a person well known to Franks, killed the boy to seal his lips after the youth had threatened to tell his parents.

Coroner Oscar Wolff, after personally directing a thorough examination of the body said he believed Franks had been killed by older boys.

Early Friday Coroners' Physician Joseph Springer had announced that the boy's body showed evidences of an attack by a person who was pervert, but a later announcement said no marked proof of assault had been found.

Coroner Wolff frankly admitted that he had been unable to discover the cause of young Frank's death. There were some evidences of strangulation. The skull had been crushed in with a weapon that might have been a hatchet.

Franks may have been killed by poison, the coroner said, but he hastened to add that proof of this so far was lacking. A careful analysis of some of the boy's vital organs is under way.

A story told by Irvin Hartman, 10, a pupil in the sixth grade of the Harvard school, that he had seen Franks kidnapped and whisked away in a big grey car, was discredited on investigation.

Pence, Mott, Kirk, Mitchell and Richard Williams, instructors, were able to throw little light on the killing and their questioning was completed.

Walter Wilson, another instructor was detained for further questioning.

DISTRICT Four of the Missionary Society of the Methodist church will hold a food sale all day, today at Yarbro Grocery.

FRANKS MURDER REMAINS DEEP MYSTERY

CHICAGO, May 23.—A type-written letter, two untraced telephone calls and a pair of glasses—these were the only clues Chicago authorities had after 24 hours of investigating one of the most brutal crimes in the city's history—the kidnapping and slaying of 13 year old Robert Franks, son of Jacob Franks, Millionaire.

NOTICE

We are putting forth our best endeavor to see that each subscriber to the Morning Avalanche and the Daily News get their papers regularly, but it is surprising, as well as expensive to send out carrier boys over different routes, the second time in reply to a complaint, "failed to get my paper," and then upon investigation we find that son or daughter, or the dog, got the paper and that "mamma" honestly thought the carrier passed her up—and proceeds to call us up and complain, (which is right), about failing to receive her paper.

We are glad to know that the boys and girls (as well as the canines) want to read the morning and evening paper—but after doing so please tell "mamma" where you place it. This is not written in the light of a complaint, because you notify us for not getting the paper—far from it. We are here to serve you, and any time you actually fail to receive any of your papers we will appreciate being apprized of such failure, and will see that you receive your paper at once.

In conclusion—if you change your street address, please be just as prompt in phoning in your (old) and new address as you would be in notifying us of failure to receive the paper.

Sometimes upon investigation of complaints we find that parties had changed their street address and failed to notify us of same. Please do not wait one or two days and then notify us that you are not getting your paper. We want to know the very first time you fail to receive either the morning or evening or weekly paper. It will be a pleasure to us to see that you get the paper—if you actually fail to get it.

SENATE CLEARS WHEELER OF CHARGES

By United News
WASHINGTON, May 23.—Senator Wheeler, of Montana, has been exonerated by the senate of charges that he misused his office for purpose of private gain. By vote of 56 to 5 Friday, the senate adopted a motion of Senator Borah, chairman of the committee that investigated Wheeler's conduct and accepted the committee's report "wholly exonerating" Wheeler. This report was made as the committee's view of the case and by its addition, the senate expresses its belief in Wheeler's innocence.

The charges against Senator Wheeler were made in an indictment by a Montana grand jury sitting at Great Falls, which charged Wheeler had accepted a retaining fee from Gordon Campbell, an oil man. In accepting this fee, it was charged, Wheeler agreed to represent Campbell before the interior department in connection with the issuance of oil land permits. Wheeler's answer was that he had been the victim of a plot organized by agents of the republican national committee.

Regardless of the senate verdict, Attorney General Stone will proceed with plans to bring Wheeler to trial on the grand jury charges.

Senator Curtis of Kansas; Phipps, Colorado; Sterling, North Dakota; Wills, Ohio, and Spencer, Missouri, voted against the motion to exonerate the Montana senator.

Lesson for May 25

JEREMIAH AND THE BABYLONIAN CRISIS

LESSON TEXT—Jer. 24.
GOLDEN TEXT—"Amend your ways and your doings, and obey the voice of the Lord your God."—Jer. 26:12.
PRIMARY TOPIC—God Saves a Brave Prophet.
JUNIOR TOPIC—The Story of a Brave Prophet.

INTERMEDIATE AND SENIOR TOPIC—Standing Bravely for the Right.
YOUNG PEOPLE AND ADULT TOPIC—Jeremiah's Message to His People.

I. Jeremiah's Solemn Warning to Judah (vv. 1-7).

The Lord commanded him to stand in a conspicuous place in the Temple and proclaim the judgment which was about to fall upon them because of their sins. The object was to provoke them to repentance (v. 5). If they would not repent, God would make the Temple as Shiloh (v. 6). Just as Shiloh was once the dwelling place of the Lord and now fallen into decay and abandoned, so will it be with the Temple. Jeremiah was sent to speak the words which the Lord had told him and not to diminish a word.

II. Jeremiah on Trial (vv. 8-11).

1. Cause of Arrest (v. 8). It was for faithfully speaking all the Lord had commanded. The one who speaks boldly—what God commands shall be opposed. The time-server and self-seeker will not stand for such a ministry. The Isaias and Jeremiahs must suffer.

2. The Charge (vv. 8, 9). It was a capital crime. They said: "Thou shalt surely die." His guilt according to their charge was twofold: (1) Pretending to speak for God; (2) Speaking against the temple and the city. According to their charge he was guilty of blasphemy and sacrilege.

The one who prophesied without God's command was to be punished by death (Deut. 18:20). Blasphemy was also punished by death (Lev. 24:16). Both Jesus and Stephen were accused of blasphemy.

3. The Princes Sit in Judgment (vv. 10, 11). When the excitement reached the ears of the princes they came to judge of the merits of the case. Matters of state were not entirely in the hands of the priests and elders, but were partly controlled by members of the royal family.

III. Jeremiah's Defense (vv. 12-15).

Threats of death did not deter him from preaching, but only made him repeat his message.

1. Reiterates His Divine Commission (v. 12). He had nothing to deny, but to repeat what he had said. He plainly told them that in opposing him they were opposing God, for he was God's messenger.

2. His Exhortation (v. 13). He urged them to amend their ways and obey God, and God would not bring upon them judgment.

3. He Gave Himself Up (v. 14). He did not resist the powers of government (Rom. 13:1). Knowing that he was sent of God he was content to trust God for deliverance.

4. Warns of Fatal Consequence (v. 15).

He frankly told them that God had sent him, and if they killed him they would be guilty of defying God. We would not only fall upon them, but the nation and city would suffer.

IV. Jeremiah Saved (vv. 16-24).

He was acquitted. God is able to raise up friends and advocates from the ranks of those who oppose us.

1. Judgment of the Princes (v. 16). They pronounced him not guilty, as he had spoken in the name of the Lord. Jeremiah's words convinced them that he was speaking the truth.

2. Speech of the Elders (vv. 17-23). As the princes probably represented the king, so the elders represented the people. The elders pleaded for Jeremiah and adduced several cases in illustration:

(1) Micah (vv. 18, 19). Micah had prophesied against Jerusalem, but King Hezekiah instead of putting him to death, repented and thus turned aside the punishment which was impending.

(2) Urijah (vv. 20-23). Urijah prophesied against the city and land and thus incurred the wrath of Jehoiakim, who even brought him back from Egypt whence he had fled and slew him.

Though all this was done, judgment was not thus thwarted. Killing God's prophets does not prevent God's judgment, but intensifies it. In the case of Hezekiah God's judgments were turned aside through heeding the words of the prophet, and in the case of Jehoiakim judgment fell upon the nation because of refusal and maltreatment of the prophet.

3. Rescued by Ahikam (v. 24). Ahikam must have been a man of influence to be able to interfere at such a time.

COMMENCEMENT EXERCISES FOR HIGH SCHOOL LAST NIGHT ATTENDED BY MANY FRIENDS OF GRADUATES

The spacious auditorium of the Lubbock High school was filled to capacity last evening at 8:30 o'clock for the commencement exercises of the High school.

Seventy-eight graduates were present and occupied chairs on the stage. The young ladies were dressed in a variety of colors and materials, while the young men wore dark coats, light trousers and appropriate accessories, the entire body presenting a most beautiful sight and one that attracted the admiration of the hundreds who witnessed the program.

Professional was played by Mrs. Mamie Neil immediately after invocation had been said.

"Good Night, Good Night Beloved" was a beautiful number sung by the entire class in a manner that reflected good training and in which much talent was emphasized. Miss Dimple Rhea, salutatorian, delivered an appreciated reading "The Light on Guanahani," which was an outstanding feature of the evening's program.

"A Bowl of Roses," was an appropriate and well rendered number executed by Lois Nelson, Dimple Rhea and Virgie Johnson.

Roy Hunt, president of the class delivered his final address to the class, pointing out the failures and successes of the term and declaring with emphasis that whatever success had been enjoyed by the students was due entirely to the splendid cooperation accorded them by their parents, the members of the board of directors of the schools and others who had helped in making the term pleasant for all.

Mr. Hunt commended the helpfulness extended the class members by the businessmen of Lubbock and assured his hearers that the example set by these gentlemen would last long in the memory of each and every graduate, and expressed a desire that this spirit of helpfulness be extended by them to those with whom they will come in contact in the future.

Ben Shook, valedictorian, made fitting remarks which were enjoyed by all present.

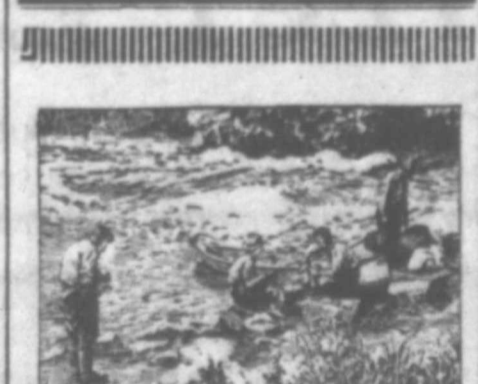

"The Gypsy's Song" was rendered by the girls chorus and was in striking contrast with the following number which lent variety to the program.

Rev. W. P. McMicken, of the First Methodist Church spoke to the students of the work they had completed and of the work that they must do in the future in order to make their success in high school the beginning of prominent valuable lives.

Seventy-eight diplomas were distributed by Dr. Hutchinson, who congratulated the students upon their success in high school and assured them of the confidence of the community.

FOOD SALE TO BE HELD BY LEAGUERS

The Baker Furniture Store on West Broadway will be a paradise of eats today, according to statements made yesterday by members of the Lubbock Epworth League who declared that they will conduct a food sale there today.

Every member of the league is requested to carry articles of food to the store to be offered in the sale, and friends of the league and other Lubbockites suspected to the ravages of a keen appetite are invited to visit the store and make such purchases as they desire.

Reasonable prices will be charged for all articles of food, and this sale offers Lubbock people a mighty fine opportunity to make Sunday's menu replete with fine pastries, etc.

All proceeds from the sale will be used by the Leaguers in entertaining the Northwest Texas Conference convention which will be held here June 13th to 15th.

TWO ASSAULT CHARGES FILED ON NEGRO AFTER SHOOTING

By United News.

DALLAS, May 23.—Two charges of assault with intent to murder were filed against Curtis Wilson who shot another negro and a white man in an affray here Friday morning at an automobile station. Wilson was in the county jail and is said to have made an oral statement to the police. Billie Palmer, white man, who was shot when standing in line with the negro Wilson was aiming toward, suffered an abdominal wound from the load of buckshot. He will recover.

Spence Walker the negro victim of Wilson's was said to be in a critical condition. The charge entered his chest and punctured his lungs.
