## Along The Waterfront

The Texas Shrimp Conservation Act passed in the 56th Legislature, authorized by Rep. Maurice S. Pipkins of Brownsville, could be amended by HB-437 introduced by Rep. Ben Atwell of Dallas.

The Atwell bill provides that the Game & Fish Commission continue its research on supply and habits of shrimp and factors affecting their increase or decrease.

It also provides that the commission may require reports by shrimp dealers of the quantity and type of shrimp taken. The bill defines a live bait dealer as one who has as much as 100 quarts of live shrimp in his possession. It defines a bait shrimp trawl as one to take bait for personal use.

The Atwell bill provides that white shrimp taken in inside or outside waters of the Texas coast must be larger than 65 headless or 39 with heads a pound. Brown shrimp must be larger than 50 headless or 30 with heads a pound.

A commercial bay shrimp license is to be \$30. The bay shrimp season to be set by the game commission is to be Sept. 1-Oct. 31 with a 15-day tolerance to allow for unusual circumstances.

A shrimp net may be no larger than 25 feet from board to board and taking hours are to be 30 minutes before sunrise and until 30 minutes after sunset.

A try net limit is 12 feet.

In outside waters, the state is to regulate taking of shrimp to the 16-fathom line in Texas coastal waters.

Buoy markers for fishing reefs have been mapped by the Game and Fish Commission and mimeographed copies of their locations are now available to fishermen.

The maps at present cover locations from Port Bolivar south to Port Isabel, including Galveston and Trinity bays, the areas on south to Corpus Christi and in the Laguna Madre for its full length. They can be obtained by writing to the Game and Fish Marine Laboratory at Rockport.

These markers provide information on good fishing reefs for the fishermen in the bay waters along the coast.

Each year the markers are repaired and put in good shape. Occasionally one is washed ashore and some vandalism has been found. Generally, however, the markers provide efficient information for the fishermen.

February 28 is the deadline for purchasing Bay Bait Shrimp Boat Licenses. Persons failing to get their licenses before March 1 will not have another chance to purchase them until January of next year.

Commercial boats shrimping in the inland waters of Texas must have this \$30 license, as required in House Bill 12, enacted by the 56th Legislature, and must have the metal tags issued with each license, displayed prominently on the bow or outside the wheel house.

Anyone intending to enter the commercial bait shrimping business, and those who are in the business now but don't have the new license, should attend to the matter immediately.

These licenses are now on sale at the Texas Game and Fish Commission offices.

The almost twofold increase in the number of pleasure boats in use during the past decade, an increase from approximately 3,500-4,000 boats on the nation's waterways in 1950 to 8,025,000 in 1960, has posed serious problems for government at all levels.

Chief among these has been: Jurisdiction over registration and numbering. This problem has (continued on page 8)

## ST. PETER'S WILL HAVE MID-WEEK SERVICES MARCH 1

The customary mid-week Lenten service at St. Peter's Church will be held next Wednesday, March 1, at 7:30 p.m.

Harry Carter, Lay Minister, will read Evening Prayer and an address will be given by Sam Gottlieb, Jr., president of the Episcopal Churchmen's Association of the Diocese of West Texas.

## Little League Needs Lights, Who'll Help?

Lights at the Little League Ball Park have deteriorated to the point where it will be impossible to hold night games this year unless a new lighting system can be financed, spokesmen for the boy's organization said today.

And the rock bottom bid for the necessary material is \$3,600 to light the field to official specifications. Labor for the installation has been donated, but this much cash is needed, and the treasury is practically empty.

Officers of the League will visit business men and others on Saturday, Feb. 25 to seek support on this project, to which a generous donation was given by Roatan's Drug Store and they hope to obtain enough funds to complete the Project.

In the past, they point out, some of the Little League support came from the United Fund, because of the fact that it was a major factor in providing recreation for more than 185 boys during the summer.

However, the United Fund has been discontinued, because of lack of support, so it will be necessary to make a canvass of prospective donors.

Spokesmen of the group said that one of the most discouraging features of the program is the lack of interest shown by many of the people whose children benefit the most from the field, and they urge everyone that possibly can to help get the lighting done and next summer's program under way.

## Rockport Has Good Area Publicity

Rockport had a good week on area publicity ending Sunday.

First, Mrs. A. L. Chernosky called to say that an article from here, sent out over the Associated Press wires, had appeared in her home town paper, The Clarksville Times.

It was one which had originally appeared in the Rockport Pilot, under the heading "How Fast Is a Snail's Pace?" and because it carried a Rockport date line helped to spread the name of our fair city farther and faster.

Then, in the Houston Chronicle Rotogravure Magazine, under the title "Bottles From the Sea" appeared another story that first saw the light in The Pilot, dealing with bottles washed ashore in this area that carried messages. With this story was a picture of Mr. and Mrs. R. R. Rice, with a message bottle that Mrs. Rice found some years ago.

Two papers carried the news of the Chamber of Commerce elections—the San Antonio Light and the Houston Chronicle—and in Sunday's Port Worth Star-Telegram there was a long article on Simon Michael and his class at the Rockport School of Fine Arts. Add to this the fact that the Morton, Texas, Tribune carried a story from here on the little girl who hurled a bottle into the Colorado River that eventually wound up on St. Joseph beach, and there was a lot of Rockport publicity spread around.

The Simon Michael story also appeared in the Victoria Advocate a week or so ago and the story of the little girl in Winnipeg, Canada, who is an Aransas County deputy sheriff made so many newspapers that it was easy to lose track.

And all of these stories carried Rockport date lines, some of them carried Rockport headlines, and everyone of them drew attention to Rockport.

## Country Club Drainage Ditch Is Completed

Plagued by excessive rainfall which flooded the golf course at Live Oak Country Club since September, directors of the club authorized the digging of a drainage ditch recently in an attempt to relieve the situation.

An 8-foot ditch, 4600 feet long was completed early this week and by Thursday the level of the lake had dropped 2 feet, which resulted in draining the fairways so that play could resume.

Tommy Griffith, engineer, in charge of the project said that the ditch should eliminate any flooding of the course in the future and in his opinion the course should be playable year round.

W. F. Bartlett, of Aransas Pass had the dragline contract for the job.

## Big Turn Out Expected For Blue and Gold

Out of 150 people expected for the Blue and Gold banquet, only four or five have replied to the letters R.S.V.P. at the bottom of the invitation. This simply means, "Reply if you please," and the ladies in charge of the banquet would like to have those replies, so that they can tell whether there's enough free food to entertain all the cubs and their invited guests.

This year's banquet is going to be one of the most outstanding in the long history of such affairs in Rockport, with Aalbert Hein, director of the Children's Museum in Corpus Christi as the guest speaker of the evening.

The banquet will be held at 7 p.m. Saturday night, Feb. 25, and the Rockport Elementary School Cafeteria, with Cubmaster Chester Johnson and Assistant Cubmaster J. B. Jackson doing the honors, assisted by the pack committee, composed of Chairman M. L. Honeycutt, W. H. Beasley, Captain C. M. Davis and Captain T. E. Willson, as well as den mothers, Mrs. Vera Kelsay, Mrs. Faye Shaver, Mrs. Sarah Davis, Mrs. Chris Willis and Mrs. Jimmie Honeycutt.

Also present, representing the Rockport Rotary Club, sponsoring institution, will be Shelley P. Roatan, president; and Fred Bracht, Rotary institutional representative, and their wives.

The invocation will be given by the Rev. C. H. Lang, Jr., pastor of the First Presbyterian Church. Presentation of Mr. Hein will be by Cubmaster Johnson. The Webelos ceremony that follows his speech will be led by Lewis Tuer; awards will be presented by Assistant Cubmaster Jackson.

## Real Estate Meeting Here Tuesday Night

Joe B. Phillips, president of the Texas Real Estate Association, on a round of chapter visits, stopped off in Rockport Tuesday night for a dinner meeting of the San Patricio County Board of Realtors, at Big Tree Lodges, which about seventy attended.

Phillips encouraged real estate dealers to work together, learn together and solve their problems together. He commented that a local real estate board is vital to a community, as it represents organized professional workers maintaining ethical standards and practices that are honest and inspire confidence in the relationship between a realtor and the public, his clients and fellow brokers.

The state association, he said, has a movement underway to serve the membership through books, tapes, films, and recognized real estate leaders as speakers for special occasions. It also provides an annual, week-long real estate institute.

The Texas Real Estate Association is urging members to write senators and representatives opposing an "occupational bill" which the current legislature is considering, he said.

The state association has also recommended that members oppose House Bill 525 concerning the closing of real estate transactions, and another bill which would add a 2% real estate transaction tax.

## Scoutmaster Asks For Old Uniforms To Help Scouts

Scoutmaster Ron Schultz has requested that everyone with old scout uniforms that their children no longer need use them to aid some of the scouts in Troop 49 that are unable to purchase uniforms. Anyone having such uniforms can either contact him, or deliver them to the scout hut on Monday evenings after 7:30 p.m.

## B&PW CLUB TO HAVE RUMMAGE SALE FEB. 25

The Rockport Business and Professional Women's Club will have a rummage sale on Feb. 25, 1961, starting at 8 a.m. and continuing to 5 p.m.

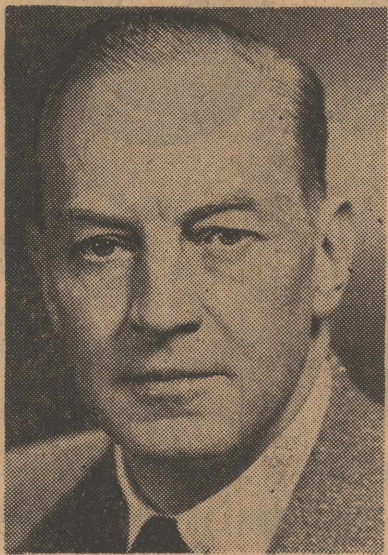

The sale will be held in Texaco filling station opposite the United States postoffice.

They will have a special bag of clean rags to offer painters and wood finishers and many usable articles of clothing for sale as well as other merchandise.

Mrs. Henry Koehler of Fulton talked with her son Pfc Henry Koehler of Twenty-nine Palms, Calif., Monday night, who states the weather is sunny and bright there.

## Speaker On Industry At C of C Banquet

Speaker for the annual Rockport Chamber of Commerce Banquet, at the Woman's Club is Richard S. Woodbury, of San Antonio, Director of Techno-Economics Research for Southwest Research Institute,

RICHARD S. WOODBURY

who will talk on "What Does Industry Expect of a Community."

The banquet will be held on Saturday, March 4.

In announcing the dinner, Mrs. Mary Juergens, manager of Chamber of Commerce, cited Woodbury's reputation as a corporation executive prior to his association with Southwest Research in 1954. For ten years he was an officer of two nationally-known manufacturing concerns.

"Mr. Woodbury knows from practical experience what factors are weighed most carefully by companies considering new plant locations," Mrs. Juergens said. "He has been on both sides of the fence, and his observations should be of great value to those of us who are vitally interested in the future of this area."

"Woodbury says that community in their frenzied and frantic efforts to obtain industry have given too much thought to what they expect of industry rather than what industry expects of a community, and that most promotional material aimed at procuring industry has been ineffectual because objectives and requirements of most companies differ greatly."

"I am sure," Mrs. Juergens continued, "that his talk will be well worth listening to, and I do hope that we have a big attendance." Tickets for the dinner, at \$2.25 each, may be purchased from Mrs. Mary Juergens or any director of the Chamber.

## Pirates Lose Final Game To Bloomington 43-44

The Aransas County Pirates Basketball team closed out their season Feb. 16 at Bloomington with a loss.

Throughout the year, the Pirates won 11 and lost 13 of their season games and had a 7 won, 5 loss district record.

Woodsboro won the district, Calallen was second, Aransas County third, Bloomington fourth, Ingleside fifth, and Gregory and Mathis tied for the cellar.

## Fulton School Will Present Play Feb. 24

George W. Fulton Elementary School is putting the finishing touches on "Hansel and Gretel," a short play to be presented at 2 p.m. Friday, Feb. 24 in the Fulton auditorium.

Miss Venable has charge of the singing and dancing, the third grade furnishes the actors and actresses, and the Old Witch and the fifth grade will present their teacher as narrator.

The public is invited to attend.

## Trends and Conditions of Coastal Bend Fisheries For January, 1961

Landings of heads-off shrimp for the Coastal Bend area was 191,200 pounds during January, 1961 according to preliminary data. This is an increase of nearly 6,000 pounds over January, 1960 and a decrease of approximately 200,000 pounds from the preceding month, according to C. E. Nickerson, of the U. S. Fish and Wildlife Service.

Ex-vessel prices (boat prices after handling deductions) were steady at 65c per pound for 15/20 count headless shrimp. This was 4 cents per pound higher than the same month last year.

Extremely poor fishing weather curtailed shrimping activity during the month.

There appeared to be areas of

good production, especially South of Aransas bar and out in the mud-lumps. Much activity also seemed to be concentrated off of Port Isabel from 24/10 to Sabree Bank.

Small white shrimp still were being captured along the beaches (4 to 10 fathoms) but, as last month they appeared to be too small for commercial count-size and therefore were not heavily prosecuted by the fishermen.

About 30 vessels left Aransas Pass during the month to fish the Campeche grounds.

The oyster fishery was still suffering from the set-backs experienced as a result of record breaking rains and the fresh water run-off from the Guadalupe River. Demand was slow, with a poor market and production was not too active. Yields were still being lowered at the processors due to shrinkage of the shucked meats.

In spite of all the detrimental factors hampering the oyster industry, dealers all appear optimistic in evaluating the future. There are signs of the quality improving, market conditions becoming better and production increasing. Especially in the Espito Santo and Mesquite Bay areas.

Crab production was steady in January 1961 with 112,500 pounds of live crab being landed. This was 3,300 pounds less than the preceding month.

Yields of meat per pound averaged about 12%. This was low due to the lack of the large clawed "jimmies" that bring the percentage of yields higher.

Prices to the fishermen ranged from 5c to 6c per pound.

Poor weather conditions influenced the fin fishery also. Production in the bays appeared to be slow for this time of year. Fishermen believe that the excess of fresh water may have driven the large redfish and drum out into the Gulf.

The red snapper fishery took a sharp upswing during the month. Prices to the fishermen steady during the month, but with increasing production there were indications of prices becoming lower during February.

## Two-Day Presbytery Meeting Here Closes

Members of the South Texas Presbytery, during a two-day meeting at Rockport, drank 800 cups of coffee, ate 100 dozen cookies, approved a \$215,000 budget, approved plans for the Presbytery's retreat to be built at Goliad, and elected a moderator. Chaplain Leslie O'Connor, of the Naval Air Station at Corpus Christi, succeeded retiring moderator Rev. William H. Arnold of McAllen, and will be succeeded in turn at the next meeting, to be held at Pan-American School, Kingsville, on June 6-7, by nominee-elect Austin Ellison of Weslaco.

In addition, two new ministers were received into the Presbytery, Rev. Hernando Gutierrez, from San Marcos, and Rev. George Alexander, of Houston. Rev. Alexander is the new pastor of Westminster Church in Corpus Christi.

The meeting started at 2 p.m. Tuesday, and the afternoon was taken up with business of the Presbytery before a seafood dinner was held for the visitors in the Rockport Elementary School Cafeteria.

The evening session Tuesday was marked by a sermon preached by retiring moderator Rev. Arnold, and by the Sacrament of The Lord's Supper, served by Rev. Cecil H. Lang, Jr., pastor of the local church. Rev. Arnold H. Ward, Associate Pastor of the First Presbyterian in Corpus Christi, and the ruling elders of the church here.

## REEBEKAHS JOURNEY TO PORTLAND FOR SCHOOL OF INSTRUCTION

The Rockport Rebekah Lodge had their regular meeting last Thursday night, with a good number present, and Mrs. Gladys Reed, noble grand, presiding.

After a business session, the members practiced the drill they presented at Portland School of Instruction, Monday, Feb. 20. All present enjoyed Coke and cookies during the social hour.

## 36th District Court

State vs Romeo S. Alegria, burglary, pled guilty, sentenced to 2 to 12 years in penitentiary.

State vs Romeo S. Alegria, theft of property of the value more than \$50, pled guilty, sentenced to ten years in penitentiary.

## Prisoners Escape Jail Here Sunday, Face New Charges

Two men who escaped jail here Sunday—Romeo S. Alegria, 22, of Corpus Christi, and Edwardo Escobedo, 19, of Gregory, were recaptured fourteen hours later and will face new charges of armed robbery, jail breaking, and car theft before the Aransas County Grand Jury as it reconvened Thursday morning.

The jail break occurred about ten a.m. Sunday, when Escobedo, (returned here from the State Prison at Huntsville Friday, where he was serving two eight-year concurrent sentences for robbery by fire arms and car theft,) and Alegria, (who had been sentenced to 12 years for burglary and 10 years for car theft in the 36th District Court at Rockport,) jumped Deputy Sheriff Sherman Mundine as he entered the jail bullpen to release a man locked up over night for drunkenness.

Mundine said Alegria jumped him when he opened the cell door, and that he got Alegria down while he was grabbing for his gun.

"I had my knee on his arm and was taking my gun from its holster when Escobedo jumped on my back," the deputy said.

The two, after disarming Mundine, made him lie on the floor while they tied him up.

"They put the pistol with its hammer cocked in my stomach. I did what they said," Mundine commented.

The two then took Mundine's car, pistol and money and left. Another prisoner untied Mundine, and the hunt was soon on. His car was found abandoned on Highway 881 after a search which used police officers and highway patrolmen from San Patricio County, Refugio, Port Aransas, and Rockport, as well as a light plane and a helicopter. The two men were picked up in Corpus Christi Monday morning about 1 a.m., Sheriff Shivers said.

They are now in jail awaiting Grand Jury action here as well as other action by the law. Escobedo was already scheduled to go on trial for burglary and car theft in 36th District Court and Sheriff A. C. Shivers said that Alegria was due to be tried in San Patricio County on charges of rape and burglary before the two men broke jail.

Both of them are also wanted on a number of charges at Edinburg and Refugio, he said.

## Girls To Travel To Rio Hondo

The Girls' Pirate Basketball team will meet Rio Hondo in the first round of the regional tournament next Tuesday in San Benito at 7:30.

The officials from our school met with the officials from Rio Hondo Tuesday to set up the site and date of the game. According to Interscholastic League rules a coin was flipped to decide the site and date.

They completed their regular season play Thursday with a victory over Bloomington 43-29. Barbara Wright was high point with 20 points.

This victory gave the Pirates a 11-district record and an over all season record with 21-4.

The Pirates, champions of District 31A, will play Premont district champions of 30AA in a practice game in Premont Thursday.

## Victor Hernandez Fights Handicap

Fiercely independent, 60-year-old Victor Hernandez, handicapped by blindness, is learning physical therapy and Swedish massage at the YMCA Health Club in Corpus Christi, determined to become able to take care of himself.

Three others, Joe Rogers, 52, of Palacios; Lupe Garza, 27, of Victoria; and Rudy Ciro, 18, of Corpus Christi are also taking the course which is conducted by the YMCA in cooperation with the Texas State Commission for the Blind, and A. A. Pfeiffer, local health club director, said the training will assure the four men of employment and a future.

A special teacher from the commission conducts the classroom lessons three times a week at the YMCA, teaching physiology and human anatomy, which the men memorize, using each other as live models. The instructor tells them how and where to massage, and they then practice on each other and by working three days a week in the club.

Pfeiffer says he knows of only one other program in South Texas such as the YMCA is offering, but says his is the most thorough, because it teaches the why behind physical therapy and Swedish massage.

Rogers, blind for nineteen years, formerly operated a laundry in Palacios, but, when business declined, enrolled in the course, one of a number he has taken. His wife and a 14-year-old daughter, who he has never seen, still live in Palacios at the home he bought there.

He is quite emphatic about blind people who are able to work and who don't try to live a normal life. He thinks they are no good. He used to do all the mechanical maintenance on his washing machines, and can type, write script and Braille.

Hernandez, lost his sight about four years ago. He has nine children here, five of whom are married. He says he wants to work in Aransas Pass when he finishes the course, and is anxious to start.

Garza has been blind only two years and seven months, but he has an excellent memory and is leading the class. Ciro was born with his handicap. He works in the mailing department of the Caller-Times. Both said they were eager to begin work in their new field.

**Roy Roberson Takes Part In Fleet Ceremonies**

Roy L. Roberson, radioman third class, USN, son of Mr. and Mrs. Roy Roberson of Rockport, serving with the staff of Commander, Amphibious Seven aboard the attack transport USS Bayfield operating out of Long Beach, Calif., is scheduled to take part in ceremonies, Feb. 20, marking the 19th Anniversary of the Pacific Fleet Amphibious Force.

Established by the late Fleet Admiral Ernest J. King, the force is comprised of ships, landing craft and specialized units with the mission of landing troops in assaults on hostile shores.

Under command of Vice Admiral Howard A. Yeager, ships and units of the amphibious force throughout the Pacific will observe the anniversary in their operating area with formal military ceremonies and open house programs in honor of force personnel and the contributions they have made to national defense.

"Gin" as used in Cotton Gins is an abbreviation for engine.

**FORMER RESIDENT DIES IN HOUSTON**

John C. Mueller, 78, a former Rockport resident, died in a Houston Hospital this week after a heart attack.

A former oil operator, Mueller lived in Rockport for a number of years, where he operated Jimmie's Duck Hunting Camp before moving to Houston.

Surviving are his widow, Mrs. Reva Newcomer Mueller; two daughters, Mrs. Betty Schlein and Miss Christine Mueller; and four grandchildren, all of Houston.

Services were held Monday at 1:15 p.m. in the Dodd Field Chapel at Fort Sam Houston, San Antonio, where he served in the army for a portion of his life, and burial was in the Fort Sam Houston Cemetery.

**CHURCH OF CHRIST HAS NUMBER OF VISITORS**

**JOE SLOCUM CAMPAIGN MANAGER HERE FOR SENATOR WM. BLAKLEY**

Austin, Texas, Feb. 16.—Appointment of Joseph H. Slocum of Rockport as Aransas County campaign manager was announced today by United States Senator William A. Blakley's headquarters here.

Blakley, candidate to succeed himself in the special Senate election April 4th, is serving his second interim term in the Senate. First appointed by then Governor Allen Shivers in 1957, Blakley was appointed in January of this year by Governor Price Daniel to serve in Vice President Lyndon Johnson's vacated seat until the special election is held.

Blakley—lawyer, rancher, and businessman—is a member of two Senate committees, Judiciary, and Banking and Currency.

Mr. and Mrs. Lonnie Harper and two daughters of Victoria, and Mr. and Mrs. Emmett Harper of Cotulla were guests in the R. E. Demory home over the weekend. The Harper sisters are the former Gina and Ina Zee Demory.

**OFFICIAL MEMORANDUM**

By Price Daniel,  
Governor of Texas

**GREETINGS:**

For each of the past 11 years, Public Schools Week in Texas has been set aside as a special time to place increased emphasis on our educational system.

During this period parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders of tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

THEREFORE, I, as Governor of Texas, do hereby designate the period March 6-March 10, 1961, as Public School Week in Texas.

In official recognition whereof, I hereby affix my signature this 6th day of January, 1961.

PRICE DANIEL  
Governor of Texas

**HOUSTON MAN WINS JUNIOR IOOF PRIZE**

The door prize of a spinning rod and reel given by the Junior IOOF last Saturday was won by L. Rogers of Houston. The organization wishes to thank everyone who helped in their project.

**EASTER SEAL APPEAL BEGINS ON FEB. 27**

Marking forty years of continued service to crippled children and adults in the nation, the 1961 National Easter Seal campaign begins on Feb. 27. The annual appeal supplies funds for therapy, treatment, research and public information, training of technicians and a multi-plexity of service programs essential to the betterment of our handicapped.

Leading the nearly half-million volunteers who are devoting their time to the drive will be radio and TV personality Art Linkletter, who is this year's National chairman. Familiar with charity and service organizations, his work has won him numerous citations and awards. His vast understanding of people and widely known philanthropy brings to the Easter Seal top post an incentive for success in those around him.

The formal campaign from March 2-May 2 will begin with the mailing of Easter Seals to homes throughout the state on a local and state basis. In this manner, every family will be given a chance to contribute to the ever-increasing needs of the organization through the use of Easter Seals. This work is done by volunteers comprised of housewives, ladies from the business, church and civic groups, as well as Boy and Girl Scouts. It is to them much of the credit is given by the state headquarters in Dallas, for they are considered the roots of the campaign, and impart an enthusiasm to the work that is carried to their homes and neighborhoods, and furthers the Easter Seal cause.

**GOOD SHEPHERD CLASS HAS MEETING**

The Good Shepherd Sunday School class held their monthly meeting Feb. 20, in the home of Ruth Stryker, assisted by Catherine Dodson.

After the business meeting, a guest, Mrs. Hinton, acted as auctioneer for the white elephant sale. A hilarious time was enjoyed.

The class meets next month with Mrs. Majorie Hulet and Mrs. Esse Demory as co-hostess, March 20.

Refreshments were served to 11 members and 6 guests.

Mr. and Mrs. Ollie Dunn are visiting friends and relatives in West Texas, and Glenda Nell is vacationing in Florida.

**MISS SCHEMMER TO BE GUEST SPEAKER AT ST. PETER'S**

St. Peter's Churchwomen will meet in the Parish House at 3:30 p.m. on Thursday, March 2.

Miss Dorothy Schemmer, Diocesan Director of Christian Education, is coming from San Antonio as guest speaker.

Mrs. Walter Heldenfels and Mrs. James A. Jarboe are hostesses for the occasion.

Miss Schemmer will be the house guest of Mr. and Mrs. Maurice W. Cochran during her stay in Rockport.

**CORPORAL TURNER RECEIVES AWARD**

Corporal James Darrell Turner, son of Mr. and Mrs. Ingle Turner of Rockport, serving with the U.S. Army at Fort Sill, Okla., was awarded a medal for being the soldier of the month for four months.

The medal was presented by Major General R. R. Knapp, of Fort Sill Missile Base, Lawton, Okla.

There are twenty-eight thousand men in training at the base. Corporal Turner is now teaching a class of forty on computation and missile firing.

**ABNER WEST ELECTED BAYLOR PLEDGE CAPTAIN**

Grady "Abner" West, Jr., son of Mr. and Mrs. Grady West, owners and operators of West's Supermarket, has been elected pledge captain of Taurus Society, a men's social club at Baylor University.

He is a junior and is majoring in journalism. He has worked on the staff of the Baylor Lariat, the student newspaper.

**HIGH SCHOOL PTA TO MEET TUESDAY**

The High School Parent-Teacher Association will hold its regular meeting next Tuesday, Feb. 28, and the theme of the meeting will be "Material Values Controlled or Controlling."

There will be a panel discussion by high school students, centered around the question "Does Your Child Drive the Family Car?" And on the use of the home and car, and youth allowances. Guy Phillips will act as moderator for the discussion.

Musical entertainment will be furnished by members of the Pirate band, and Founders' Day ceremonies will be held preceding the social hour.

**SENIORS ENTERTAINED BY FIRST BAPTIST**

Members of the Senior Class were honored with a seafood dinner by the First Baptist Church over the weekend. A marine theme was used in the decorations, furnished by the Sea Shell Shop.

Mrs. Coys Casey was in charge of arrangements and acted as master of ceremonies. Rev. Wilson Brumley introduced Mrs. Earl Hill, of Corpus Christi, featured speaker of the evening.

Tommy Wooten and Buddy Carroll furnished special music for the occasion. Roger Beasley gave the benediction.

### LOCAL GIRL PARTICIPATING IN TWU CLASS STUNTS

Denton, Texas.—Texas Woman's University's widely-known Class Stunts, four musical shows written and produced entirely by the students, are to be presented Friday and Saturday, Feb. 17 and 18, in the University Auditorium.

As many as 650 TWU students will participate in some phase of the 20-minute shows which have been an all-ampus tradition since 1938. Miss Ann Shaver of Rockport will take part in this program.

The event has become so popular in recent years that an additional performance has been scheduled for Saturday afternoon. The Saturday night show is to be restricted to students, their parents and alumnae.

### SOCIAL SECURITY REP. TO VISIT ROCKPORT

A representative of the Social Security Administration will be at the courthouse in Rockport on Thursday, March 2, at 9 a.m.

You may obtain information about your rights and duties under the Social Security Act. Eligible persons can secure assistance in applying for old-age, survivors, or disability insurance payments from the representative at that time.

### New Meeting On Boundary Issue Expected

Attorneys for Nueces and Aransas Counties may meet within the next two weeks to discuss a date for a trial to settle a long fight over the boundary between the two neighboring counties.

Ralph R. Wood, Nueces County attorney, said commitments have prevented a pre-trial meeting being set sooner.

Nueces and Aransas Counties have been squabbling for nearly 100 years over a triangular-shaped territory in the Aransas Pass-Port Aransas area.

The latest flareup began about 2½ years ago when Aransas County filed suit in 185th District Court seeking the area.

### WOMAN' CLUB TO HOLD PARTY

The Woman's Club of Aransas County will hold a card party and entertainment Friday, March 3 at 7:30 p.m.

By popular demand, "The Roaring 20's" program will be presented. This will give those men and women who missed its first performance at the "Breakfast in Hollywood" a chance to see a most enjoyable program.

Following the program, bridge and canasta will be played and refreshments will be served. Tickets may be purchased at the door and will cost 50c. Mrs. Birch Addington will be in charge and further information can be obtained by contacting her.

### SHUFFLEBOARD NOW AVAILABLE ON WATERFRONT

Shuffle board courts have been repainted in the waterfront park, and those wishing to use them may do so by obtaining the equipment from Mrs. Mary Juergens at the Chamber of Commerce.

### NOTICE TO BIDDERS AND ALL INTERESTED PARTIES

Sealed bids, in duplicate, addressed to ARANSAS COUNTY NAVIGATION DISTRICT NO. 1, will be received at P.O. Box 426, Rockport, Texas until 11:00 o'clock A.M., February 24, 1961, and then publicly opened and read for the lease of 0.87 acres of land generally described as being that Water Front Reserve lying East of the South Ten Feet (S 10') of Lot Two (2), Lot Three (3), Lot Four (4), and the North Ten Feet (N 10') of Lot Five (5), Block Twenty-one (21), DOUGHTY AND MATHIS DIVISION, Rockport, Aransas County, Texas; a plat of said property being on file at the Office of ARANSAS COUNTY NAVIGATION DISTRICT NO. 1, in Rockport, Texas.

All bids shall be submitted in sealed envelopes and shall be marked in the lower left hand corner as follows:

"Do not open in Mail Room; Bid on lease of 0.87 acres of land; to be opened at 11:00 o'clock A.M., Friday, February 24, 1961."

The specifications required in such bid are on file in the minute book of ARANSAS COUNTY NAVIGATION DISTRICT NO. 1, contained in resolution dated February 14, 1961.

All bids must be accompanied by a Cashier's or Certified check upon a State or National Bank in the sum of the first year's rental, payable to ARANSAS COUNTY NAVIGATION DISTRICT NO. 1, or a bid bond in the same amount from a reliable surety company, as a guarantee that the bidder will enter into a lease and contract with said ARANSAS COUNTY NAVIGATION DISTRICT NO. 1 within Fifteen (15) days after notice of award. Bids without check or bid bond will not be considered.

The right is reserved, as the interest of ARANSAS COUNTY NAVIGATION DISTRICT NO. 1 may require, to reject any and all bids and to waive any informality in bids received.

W. P. Hoover was confined to his bed for several days last week, but is improving.

### CHILDREN WARNED OF FLYING KITES NEAR ELECTRIC POWER LINES

Local children were cautioned today against flying kites near electric wires by Byron Hardeman, local manager for Central Power and Light Company.

He suggested an open field, away from electric wires and busy streets, as the ideal place for kite flying. "It's dangerous to fly kites in the streets or anywhere near poles and wires, partly because of traffic hazards and partly because kites may come in contact with electric lines," the CPL manager said. Serious trouble may result if the kite becomes entangled in electric wires.

"If a kite gets caught in electric wires, a child may receive an electric shock, or at best may lose his kite," Hardeman warned. He emphasized, however, that kite-flying can be completely safe if a few simple rules are followed.

The CPL manager made his pleas for safety as worm temperatures and steady breezes signalled the beginning of the spring kite-flying season.

He also suggested kite-flying enthusiasts use only dry string.

Wet string, wire or twine with metal in it are good conductors of electricity and increase the danger of electric shock, either from electric wires or from atmospheric conditions. Metal shouldn't be used in the construction of kites either.

calling out of town?

Here's the fastest and easiest way

FIRST, give the operator the name of the city you are calling and the Area Code for that city.

NEXT, tell her the telephone number you're calling.

LAST, when the operator asks, give her the number you're calling from.

It's easy and fast. For example, just say, "Dallas, Area Code 214, RI 2-1432," and then when the operator asks your number, say, "KL 5-2368." You'll not only save time yourself, but help speed along your call as well.

### FLYING PLANES NEAR ELECTRIC WIRES CAN BE DANGEROUS

B. T. Hardeman warned model builders against flying planes near electric wires. "The model builder could receive a serious shock if the control wire touches an electric line," he said.

"If a kite does become caught in the wires, don't try to get it down. Either leave it alone, or call the CPL office for assistance," he suggested.

In discussing electrical safety, the power company spokesman also urged parents to use care when they are moving outside television or radio antennas without expert help. He pointed out the CPL servicemen would be glad to advise them concerning high voltage lines near their homes.

### RICKY FRENCH HAS BIRTHDAY PARTY

A birthday Valentine party was given by Mrs. Lloyd French for her little son, Ricky on Tuesday afternoon. The table was decorated with a blue cloth and in the center was an oblong cake of blue decorated with a big red heart. Small cuts of heart candy and balloons were given to each of the children.

Those attending were Mrs. Tony Hotz and her son Tony, Jr., Mrs. Barbara O'Neill and son Mike; Mrs. Barbara Saski and mother-in-law, Mrs. Robert Saski; Mrs. Irene Rush and son Barney; Pamela and Juli Downs; Mrs. Lloyd French passed the mothers coffee and cake and the children punch and cake.

Mrs. French would like to thank everyone for the nice gifts that were brought.

### ROSES GROWN IN CANADA

Georgia Kresta spent Valentine's Day admiring her bouquet of red roses. A2c Bill Orr wired Georgia a dozen long stem red roses from Ontario, Canada.

Georgia is wondering how can roses grow in Canada when every time she receives a letter from Bill, he says the temperature is below zero.

As the saying goes, "nothing is impossible."

Miss Katherine Beth Howard and Stephen West Atwood were married Saturday evening in a ceremony in the chapel of the First Baptist Church of Corpus Christi. The altars were banked with arrangements of stock and branched candelabra.

Parents of the bride are Mr. and Mrs. William Norman Howard of Aransas Pass. Mr. and Mrs. Ted L. Atwood of Rockport are parents of the groom.

The bride wore a full length dress of Alencon lace with underskirt of ruffled tulle. The bodice was designed with long sleeves and a scalloped sabrina neckline edged with seed pearls and sequins.

A pearl and lace headpiece held a fingertip tulle veil. She carried an arm bouquet of pink aristocrat roses and leather leaf.

Mrs. R. S. Hamilton was matron of honor, and Mrs. Norman Hodde served as bridesmaid. They wore dresses of pink silk organza over taffeta. The dresses were designed with scooped necklines, circular skirts and elbow length sleeves.

Headbands held short veils, and attendants carried cascades of white gladiolus.

Pamela Boyette and Martha Waggoner of San Antonio and Kay Hamilton were candlelighters. Karen Gay Atwood and Tedda Ann Atwood were flower girls.

Johnny J. Atwood of Houston was best man, and groomsmen were Norman Howard of Aransas Pass, Phil Genty of Victoria, John Gilmore of Aransas Pass and William S. Minor III.

The reception was held in fellowship hall.

The bride was graduated from Roy Miller High School and Del Mar College and attended Bethany Nazarene College.

The groom's schools are Rockport High School, Del Mar College and Texas A&I College.

### Auto Safety Sticker Due April 15

Major Kent Odem, Commander of Region 3, of the Texas Department of Public Safety, reminded motorists that they may be lined up for blocks before neighborhood automobile service centers as the April 15, 1961 deadline for obtaining Safety Inspection Stickers for cars, trucks and trailers draws near.

Ivan Lawrence, Captain of the Motor Vehicle Inspection Service in Region 3, states that there are 729,588 vehicles registered in the thirty-nine county region and only 222,781 or 30% had been inspected on Feb. 1, 1961.

In Aransas County, there 3195 registered vehicles and only 425 or 13.3% of the vehicles have been inspected.

Captain Ivan Lawrence pointed out that as a part of the inspection, the following things will be checked: Motor number, brakes, headlights, tail lamps, stop lights, horn, windshield wiper and mirror. Stations that do not have brake machines to test brakes cannot make inspections when the surface of the streets used for checking the brakes is wet.

Records from the Motor Vehicle Inspection Service indicated before the inspection program was started that mechanical defects in vehicles was a causative factor in 13% of the State's accidents. However, only 3% of the State's traffic accidents are caused by mechanical defects now.

Avoid the last minute rush on inspection stations—have your vehicle inspected now!

### MRS. LYNN WENDELL HOSTS BRIDGE CLUB

Mrs. Lynn Wendell entertained her bridge club on Friday afternoon at her home, using a red and white theme in decorations and refreshments. The table centerpiece was manzanita bush, bearing cherries, and clustered with red carnations. A red and white cake was featured in refreshments.

High score winner was the hostess; Mrs. Martin Bradley was second; and Mrs. H. D. Smith low.

Members attending were Mrs. Jerry Wendell, Mrs. H. D. Smith and Mrs. Martin Bradley. Special guests were Mrs. J. R. Stapler, Mrs. Harold Picton, Mrs. Wesley Morgan and Mrs. Gary Smith.

### ENGINEER'S PERMIT REQUESTED

Interested parties are hereby notified that application has been made to the District Engineer for a Department of the Army permit for structures and work in navigable waters in this Engineer District, as follows:

Name of applicant: Mr. C. R. Blasingim, P. O. Box 1, Seadrift, Texas.

Location: San Antonio Bay at a location adjacent to the east side of a spoil dump on the easterly side of the municipal slip at Seadrift, Texas.

Character of work: The applicant proposes to dredge a channel and basin and construct bulkheads at the above location. A 25 by 125-foot channel would be dredged from an existing 30-foot wide channel to connect with a 75 by 250-foot basin to be dredged southeast from an existing basin and parallel to the municipal slip, all to a depth of 4½ feet at mean low tide. A bulkhead would be constructed around the basin except for the channel entrance and boat slips would be constructed in the basin. The dredged material would be placed behind the bulkhead on the southeast and northwest sides.

Steve Garcia of Sinton spoke briefly at the Wednesday meeting of the Church of Christ last week, outlining some mission work he would like to do here.

### Whooping Crane Leader Explains Method To Send Girls to Camp

Established Camp should be the crowning experience of Girl Scout work, and with your help our Camping Committee under the direction of the Board of Directors, is anxious to build our camping program into an unforgettable experience for every girl that comes to Copano. We are anxious to provide a camping program that will be filled with the joy of living in learning the arts and abilities that can be achieved only in Girl Scout units and more especially those that can be best achieved by a week of camping, of living with girls of like ages and ability from other communities and of forming friendships with those girls that in many cases will last for life. It can be easily seen that

a Girl Scout's year is far from complete unless she has had the privilege of a week at Camp, so let's all begin to plan now for Camp Copano n 1961.

We are glad to announce that we shall be able to operate our camp with less expense to you than last year. This is because our planning this year has arranged that the camp will be full to capacity at each session. In order to do this all girls going must be registered on or before May 1, 1961.

The ninth Girl Scout Law tells us that "A Girl Scout is Thrifty." Preparing for camp will lead many of our girls this year to practice that law because we are offering "Camp Savings Stamps" throughout the council. We have found that many very worthy Girl Scouts cannot raise the full camp fee (20.00) at one time, but with

the "highlight" of their Girl Scout year in mind, they can save toward the amount, and easily have it in hand before camp begins.

#### Here is the Plan

1. Each troop leader is now provided with "Camp Savings Stamps" worth 5 cents, 10 cents, or 25 cents each. They also have individual "Girl Scout Camp Savings Fund" cards which will serve as an individual record for each Scout. These records will be kept by the troop leader at all times.

2. At any troop meeting the scouts may purchase as many stamps as they wish and at the time of purchase paste them in their individual records.

3. Each troop leader will submit a list of the scouts names and ages who have purchased stamps and the total amount each scout has accrued to her neighborhood chairman each month. (This may be done at the regular neighborhood meeting if troop leaders so desire, but a report by each troop leader should be made each month.) Camp savings Funds received for the month should be given to the neighborhood chairman, also, who will keep an accurate record of remittances made to her. The neighborhood chairman will submit these reports and remittances to the Board of Directors at each monthly meeting.

4. A Girl Scout must have paid as much as five dollars on her camp fee by May 1, 1961, in order to be registered for camp, the balance being payable before the opening of camp, or on terms as indicated below. (By using the "Camp Savings Stamp" Plan many girls will have saved far more than this amount and some of them the whole fee.)

5. Should a Scout find it impractical to attend camp in 1961, she may submit her stamps to the Council office for refund, sell them to another Girl Scout (provided the troop leader is aware of the transaction), or hold them as a savings for her 1962 week of camping, provided the Council office is made aware of this desire before May 1, 1961.

6. Should a Scout's parents wish to set up a monthly payment plan, paying five dollars a month on camp, rather than using the stamp plan, the troop leader will relay this information to the council office, and the office will initiate the agreement. The parents of a good many of our campers used this plan last year. By beginning now such a plan would have camp paid for well in advance of the '61 sessions but should parents need additional time, such arrangements can be made, and the troop leaders should inform the Council office of the desire.

1. We are urging all Senior Scouts and Intermediate Scouts who desire to attend camp sessions composed largely of girls of their own age to start purchasing stamps just as soon as possible, so their names will appear on the lists and the camp committee may know how to plan the sessions to provide for this de-

sire. The camp will have its first session early in June, and exact dates will be published early in 1961.

8. An anonymous donor has agreed to underwrite a campership to be awarded to the troop which has the largest percentage of its Scouts registered for camp on May 1, 1961, and council-wide recognition will be given to that troop. Should there be a tie, the campership will go to the troop that has the largest amount paid on its camp fees by May 1, and council-wide recognition given to the tying troops. Should the winning troop not have an additional Girl Scout that wishes to attend camp, the troop will receive the cash to use as it wishes.

Yours for more and better Camping, Camping Chairman, Whooping Crane Girl Scout Council.

### WATERFRONT—

(Continued from Page 1)

been resolved by the Federal Boating Act of 1958.

Facilities for pleasure craft; the dramatic increase in the number of pleasure boats has outstripped the facilities for handling them. Private capital has been unable to meet the demand for financing to build marinas, small boat launching ramps, yacht basins and harbors needed by the 8,025,000 pleasure boats in use on the nation's waterways in 1960 because, in many instances, the projects are not economically feasible.

As another way of providing money to build the necessary boating facilities, the Outboard Boating Club of America has proposed using state marine fuel taxes to finance construction of boating facilities as a painless way of paying for new boating facilities without increased taxation.

It is interesting to note that a study group appointed by the Senate Interstate and Foreign Commerce Committee has recently issued a report to the committee that recommends Federal gasoline tax funds paid by pleasure boaters through 1975, estimated at \$164,000,000, be transferred from the Highway Trust Fund to a proposed Waterways Trust Fund. This fund would be used to build facilities for pleasure boaters.

A marine fuel tax is defined as the tax on gasoline imposed by state and Federal governments on fuel used in water craft. Two-thirds of the states grant refunds to the state tax for non-highway use.

Authorities estimate that 85 per cent of the taxes paid on fuel used for marine purposes are not claimed as refunds. The money usually remains in the state highway tax fund and is used for the construction of highways.

Boat owners have, over the years, indicated their willingness to pay for the construction of boating facilities. The question immediately arises as to why these taxes should not be used to pay for facilities for the boating public.

Two states have pioneered in the use of these taxes for the construction of pleasure boating facilities, Michigan and California. Ohio has made a partial application of the same principle.

A new Outboard Boating Club of America booklet answers in detail such questions as:

How much money is involved, The Collection of marine fuel taxes.

Administration of the funds. Who should the collection

### CHECK UP ON YOUR SOCIAL SECURITY ACCOUNT

An earnings record has been established for every person who has been issued a social security number card in the 24 years since social security started. Each earned dollar shown on each of those 140 million accounts had to be reported before it could be put in the worker's account.

For every dollar that hasn't been reported, or was reported incorrectly, someone is short one dollar of credit in his account. Those dollars will be very important some day because each worker's record of earnings is used to figure the amount of his retirement or disability benefits, or the benefits payable to his family in case of his death.

This timely information has just been received in a joint statement by Robert L. Phinney, Director of Internal Revenue, Austin, and H. M. Cleveland, manager of the Social Security Administration, Corpus Christi.

Self-employed people, report their earnings for social security purposes at the time they file their income tax return each year. They should be sure that the form SE, at the bottom of page 3, of the separate Schedule C or F, is completely and correctly filled in. It is from this schedule that the social security people can make a record of earnings from self-employment.

Make sure that your earnings records are correctly kept; always put your name and social security number, as well as the earnings on which you pay the social security tax on the Schedule SE, even though this information is also shown in other places on your income tax return.

It is a good idea to check on the social security records every few years, to see if all your earnings are on your account. Your social security office can give you a post card for this purpose. That way you can determine whether all of your earnings have been credited to your account.
