Drug bust nets Long-time dealers

By Carol Jones

A substance believed to be Marijuana, marijuana plants, \$150 in cash, and various narcotic paraphernalia were confiscated Friday night in a legal search at 602 Menard St. in Sonora made by Sutton County Sheriff Bill Webster and deputies Joe Fincher, Ladd Turner and Bob Dean.

Sheriff Webster estimated that the street value of the confiscated items was \$2,000 to \$3,000.

Arrested at the residence and charged with felony possession of marijuana and possession of narcotic paraphernalia were Michael Brent Morris, 35, and Lela Carol Morris, 36. Both subjects were taken before Judge Herman Moore, where their bonds were set at \$10,000 each.

According to Webster, both suspects made bond Saturday and have been released.

Confiscated at the residence was approximately two pounds of suspected marijuana in a suitcase and a number of baggies of the same.

Also seized was a suitcase of narcotic paraphernalia, five marijuana plants and \$150 in money according to Webster.

Webster added that he and his department had been working on this investigation for some time. The sheriff also stated that the Morrises were two of the major narcotic traffickers in Sutton County and had been for over six years.

Officers continue to investigate the case and some others like it. Webster stated, "No doubt there will be other arrests at future dates as long as people want to deal DOPE".

Also, Saturday the Sheriff's office was advised of a burglary at the Houston Natural Gas Oil Company building at Interstate 10 Highway and Golf Course Road. Deputy Bob Dean responded to the call and arrived at the scene at 6:09 p.m.

Todd Cirincione, an employee of the company told Deputy Dean that someone had broken into the office and stolen a television and a video cassette recorder.

Cirincione then took Deputy Dean to an office in the rear east side of the building where entry had been gained. A large cement rock was found just inside the office where it had apparently been used to break out a column type window.

This allowed the burglar to crawl inside where the window was broken out. Once inside the building, the burglar went to a middle eastside office and took the aforementioned items. The stolen items were located inside a large wooden cabinet that was designed for the items.

After getting the items, a sheriff's spokesman stated that exit was probably made through the front north door by using a key that was left inside the door. A cabinet was also gone through in another office in the south end of the building. However, nothing was reported taken from this office and as of the writing of this report, nothing else except the previously mentioned items appear to have been taken.

Deputy Ladd Turner arrived and took several pictures of the scene, and several pieces of glass that were found outside the window that was broken were recovered and brought to the Sheriff's office. Chief Deputy Joe Fincher was to attempt to take fingerprints Sunday. The large cement rock that was used to break the window was also brought to the Sheriff's office to be placed in evidence.

Commissioners - Councilmen draw up contract

by Becky Collins

Members of the Sutton County Commissioners Court and the Sonora City Council met Tuesday, March 6, in a special called meeting. The purpose of the meeting was to discuss a compromise that would benefit the Sonora Volunteer Fire Department and to agree on leases of municipal properties.

After the meeting was called to order by Senior Commissioner Bill Wade, an immediate proposal was made by Commissioner Billy Galbreath to the City Council.

Galbreath proposed that the County provide \$30,000 worth of street work on the City's streets annually in exchange for the City taking over complete control of the Sonora Volunteer Fire Department. The proposed \$30,000 figure is based on an average of the County's Fire Department budget over the last five years. The

average annual cost to the County is around \$24,000, and with the additional \$6,000 needed for the Firemen's Incentive Program, the figure would be set at \$30,000.

Alderman James D. Trainer called the proposal, "A good beginning game plan." "The city certainly has a lot of streets that need attention," he added.

The merits of the proposal were discussed, the most important being the simplification of procedures for the Fire Department. Instead of being required to appear before both the Commissioners Court and the Sonora City Council, when requesting assistance or presenting budgets, they will now answer only to the Sonora City Council.

The proposal was first set for a five-year period, but upon the advice of City Attorney David Wallace, the commissioners and aldermen shortened the length of the proposed agreement to cover only their terms of office.

School Board - Architect Meet

by Becky Collins

The Board of Trustees of the Sonora Independent School District met in a special session Tuesday, March 6 in the board room of the school administration building.

The meeting was called to order by President Pro Tempore Dr. Johnny Fields and following an invocation by Superintendent W.A. McAndrew, the meeting got underway.

First on the agenda was the discussion of job qualifications for a construction supervisor for the building of the new high school. The new construction supervisor would oversee all phases of the construction of the high school complex set to begin in late July or the first of August 1984.

The board agreed that the person needs to be a link between the Board and the architects, must have experience in large building projects, and should be able to follow sub-contractors schedules.

Gary Keep, architect with the firm of SHWC, Inc. agreed that the key areas which might be a source of trouble in the project were heating and cooling systems during the construction phase.

Center Scene

by Ann Cates

In the last "Center Scene", I listed the officers of the Sutton County Committee on Aging. In addition to the officers, members of the Committee are as follows: Estela Acosta (Center Coordinator), Loyce Campbell, Jeanne Davenport, James Dickason, Marlene Evans, JoAnn Ferguson, Lydia Galindo, Lilia Gonzales, Kathy Hearn, Terry Kinard, Maxine Locklin, Lou McMillon, Juanita Mesa, Luciano Sanchez III, Gene Shurley and Mike Sipes. These people are all very active with the Senior Center and totally devoted to fulfilling the needs of our Senior Citizens of Sonora.

There appears to be some misunderstanding regarding contributions for meals and the need to make reservations. Persons under the age of 60 ARE requested to make a contribution of \$3 per meal and ARE asked to call the Senior Center before 10 a.m. on the day they plan to attend for lunch. Persons over the age of 60 need not call ahead and DO NOT need to make a \$3 contribution. Persons over the age of 60 may contribute as little or as much as their financial situation allows.

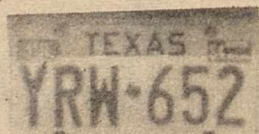

During the month of January, the daily average of meals served at the Senior Center was 29.

Carol Jones, publisher of the Devil's River News, will be acting as accompanist for Maxine Locklin each Friday, at noon, as they conduct a "Sing-along" at the Senior Center. Thanks, Carol, for volunteering your time to help Maxine.

Mailing address for any material regarding the Center is P.O. Box 1214, Sonora, TX 76950.

Festivities Scheduled

Thirty of the nation's top professional bull riders will compete for a \$6,000 purse at the Sutton County Bull Riding Classic and Goat Cook-Off, May 19, in Sonora.

Attending the Classic will be such top hands as Bobby Del Vecchio, runner-up to the World Championship in 1983, Ricky Bolin, Winston Bull Riding Champion 1983, and Lane Foltyn, 1983 Super Bull Riding Champion.

Producing the Classic will be Bad Company Rodeo Company of Sonora. Bad Company features some of the nation's finest bucking bulls. Stand-outs include "Big Bend Coors", 1983 Texas Bull of the Year, "Velvet Outlaw", 1982 Reserve Bull of the Year, and "Night Moves", a 1983 National Finals Rodeo Bull.

Handling the clowning chores will be Rick Chatman, 1982 National Finals Rodeo Clown, Tom Feller, 1981 National Finals Rodeo Barrelman, and Stan Ham, 1983 AJRA Finals Rodeo Clown.

Sutton County Days Association will sponsor the event which scheduled activities include the bull riding, the goat cook-off, a kid's calf scramble, and a dance. Tickets will be \$5 and \$7, available at announced locations.

McAndrew accepts Castroville Position

Superintendent of Schools W.A. McAndrew has announced that he has accepted the position of Superintendent of Schools for the Medina Valley School District.

Headquartered in Castroville, the Medina Valley School District is a 3-A district with some 1600 students enrolled in the schools. It was formed in 1972 with the consolidation of two small districts, Castroville and La Coste.

McAndrew was selected out of six finalists who applied for the job. In a conversation with the Devil's River News, he commented, "I am very honored that I was the person selected for the job. My family and I feel very good about it."

Mac, as he is affectionally known to most of us, will remain in Sonora until July 1, 1984 in the Superintendent of Schools position. He added, "I am looking forward to a smooth transition of the Superintendency here."

Mrs. Stephen Michael Warren, nee Carol Brandon

Steve Warren, Carol Brandon wedding held Saturday

Miss Carol Ann Brandon, daughter of Mr. and Mrs. W.R. Brandon of Sonora became the bride of Mr. Stephen Michael Warren, son of Mr. and Mrs. Jim Warren of Lamesa, Saturday March 10, 1984.

Pastor William E. Young of the Johnson Street Church of Christ officiated in the double-ring ceremony. The bride was given in marriage by her father.

The bride wore a long gown in white satin trimmed with re-embroidered French Alencon lace and accented with pearls. The bodice was designed with a square neckline and Victorian sleeves trimmed with lace details at the wrists. The full satin skirt had lace applique designs on the front with the hemline edged with lace, flowing to a scalloped cathedral length train.

She chose a traditional veil of two tiers of white illusion trimmed with lace and gathered to a bandeau covered with lace and accented with pearls. The bride carried an arm bouquet of red roses accented with gypsophila and greenery.

Serving as Carol's maid of honor was Miss Denise Neal of Sterling City, Mrs. Charles (Les) King of San Antonio, Miss Kristi Jackson of Fort Worth, Miss Kelly Ward of College Station, and Miss Ann Hyer of Seminole, Texas. The

bridesmaids and maid of honor each carried one long stemmed red rose. Flower girl for the ceremony was Miss Leigh Ann Coates of Ozona, Texas.

Serving as the groom's best man was Eddie Broussard of Lubbock. Groomsmen included Russell Warren and Doug Warren, brothers of the groom, also David Milligan of Denver City, Gary Summers of San Angelo, and Todd Burleson of Bedford, Texas.

Ushers were Jeffrey McCormick and Mike Ford of Lockney, also Don Blair of Kerrville, Texas.

Lighting candles for the ceremony were Tammy and Trey Mansfield of Ozona, Karen and Kristy Cobb and Monte Pierce of Plains, Texas.

A reception for the couple was held at the Johnson Street Fellowship Hall immediately following the ceremony. For the reception, the bride's gown was gathered to the center back waist and fashioned into a "butterfly" bustle.

The wedding cake was a three-tiered creation, accented with groups of blue roses around the bottom of each tier with touches of the lily of the valley surrounding the roses. As a crowning touch, the bride selected an ornament of three bells with a heart-shaped array of flowers. A silver punch bowl and accessories decorated the

Workshop Slated Monday

A two-day workshop to assist the registered nurse in the development of basic physical assessment skills is planned by the Department of Nursing Education at St. John's Hospital, according to Wanda Durgin, R.N., assistant administrator for nursing service.

"Introduction to Physical Assessment of the Adult" is scheduled from 8 a.m. - 4:30 p.m. March 19 and 20 in the auditorium of St. John's Hospital.

Upon completion of the workshop, the participant should be able to obtain a health history using a pre-developed tool; perform a basic physical examination on an adult utilizing the techniques of inspection, palpation, percussion and auscultation; and record assessment findings in a concise and accurate manner.

Faculty for the program includes Linda Ross, R.N., M.S., medical/surgical clinical specialist; Debra Childress, R.N., M.S.N., diabetes clinical specialist; JoAnne Miller, R.N., special care unit education coordinator; and Jael Castaneda, R.N., B.S.N., nursing education instructor, all of St. John's Department of Nursing Education.

Fee for the workshop is \$50 per person, which includes the cost of instruction, materials, and handouts, refreshments lunch. Enrollment is limited, Mrs. Durgin said. Approval for 15.9 contact hours has been granted by the Texas Nurses' Association.

For more information and to register for the course, contact the Department of Nursing Education at (915) 655-3181, ext. 5104.

The wording of the proposal was finally agreed upon, and the commissioners voted unanimously to enter into an inter-governmental contract with the City of Sonora, providing the City with \$30,000 annually worth of street work on City streets as of March 1, 1984 and ending at the end of the 1984 fiscal year on October 1, 1984.

At that time, depending on the Attorney General's ruling on the legality of the Firemen's Incentive Program, the Sutton County Commissioners Court and the Sonora City Council will begin the two-year contracts.

The Commissioners voted unanimously to pass the proposal, and were met with unanimous agreement on the part of the City Council.

The discussion of the new Emergency Medical Service building was the next item on the agenda. The City Council agreed to lease the two lots on which the building is to be built to the County for 50 years in return for the City leasing the County owned police department building. The annual lease price for both properties under the agreement is \$1.

Alderman Keel ended the meeting with a sentiment echoed by the rest of the City Council and Commissioners alike. He stated that he hoped for a closer working relationship between the city and county in the future.

Sanchez celebrate twenty-fifth anniversary

Francisco (Frisco) and Esperanza Chavez Sanchez celebrated their twenty-fifth wedding anniversary on Saturday, January 28, 1984. The celebration mass was held at St. Joseph's Catholic Church in San Angelo, Texas. Father Angel Vizcarra officiated. St. Ann's Catholic Church Choir from Sonora provided music for the liturgy.

Chris Chavarria from Sonora and Louie Perez from Sonora and Charlie Mijares from San Angelo assisted as altar boys. Leroy Chavarria from Dallas, Hector Pineda from Colorado City, and Ray Maskill and Steve Sanchez from San Angelo served as ushers.

Attendants were Harvey and Aurora Flores from Mertzon, Richard and Doris Samaniego and Joe and Elvira Garcia from Sonora, Serafin and Connie Maskill, and Francisco and Cecilia Andrade from San Angelo, and Corby Maskill from San Angelo and Lilia Samaniego from Eagle Pass, Texas.

Junior bridesmaids were Christina Aguerro from Fort Worth, Cindy Landin from Midland, Leticia Chavez and Diana Samaniego from Sonora, and Lorena Galvan and Patty Sanchez from San Angelo.

Marisol and Stephanie Perez were flower girls and carried the original hand-crocheted baskets made by Mrs. Primitivo Gonzales, Sr. twenty-five years ago.

Their sons, Paul and Mark Sanchez, read the

scriptural reading during the celebration mass.

School Board Cont. from p. 1

The school board agreed to expand the job qualifications and approve the job description at a later date.

Gary Keep reviewed with the board changes in the design drawings which had been authorized by the board during the last few weeks, including the reduction of the number of shelves in the music room allowing more wall space. A door was also added between the music room and choir room to allow easier access.

In other action the board approved minor changes in the design of the floor of the music area. The architect was instructed to make the floor level instead of building permanent riser. Members of the board indicated that the purchase of portable floor risers was a better solution than having the permanent risers built in.

In the kitchen area, changes were approved for an addition of five feet of storage space and wider aisles in the serving area to allow for two serving lines.

The Board also decided that the glass wall area at one end of the gymnasium would not be functional due to the building's ramp-flooring in that area.

Keep further indicated that the architects had decided to use a certain amount of caliche fill under the foundation of the complex rather than using a full-suspension system after finding out that caliche was readily available in this area.

Also discussed by the board were colors, floor surfaces, cabinet materials, and wall surfaces, pointing out that most of the materials will last 40 to 50 years with the proper maintenance.

Much discussion was heard on the option of having windows that open and having windows that cannot be opened. Virtually all classrooms in the complex have windows, but the approved design is not for a cross-ventilation building.

Keep cautioned the board that it was best not to have windows that could be opened due to the fact that more energy would be wasted that saved with that type.

Sonora High School Principal James Bible discussed the pros and cons of the closing of the windows. On the positive side he noted that there would be less chance for vandalism, while on the negative side, the closest service to the heating/cooling system is 60 to 70 miles away.

The Board decided by consensus that the permanently shut windows would better serve both security and energy conservation.

The architect then reviewed step-by-step the outline specifications and the cost estimates contained in the revised design development booklet he distributed to board members.

On a motion by Scott Shurley and a second by Sam Perez, the Board approved the final design drawings and color schemes with the exception of the use of the color purple, and certain other items. The Board

further authorized the architects to proceed with construction document drawings for the new high school complex.

The Board will meet with the architect again on May 1, 1984 to make a final selection of the colors and other items, and will at that time approve 50 percent final design drawings.

On June 12, the architects will present 100 percent construction document drawings for the Board's approval and will at that time call for bids on the project.

Tom Loeffler Reports

A decade of experience with the 1974 Congressional Budget Act reveals that while the efforts of the Congress to control the overall budget process have been partially successful, some reforms remain necessary to make the Budget Act effective in attaining true fiscal discipline and responsibility.

In 1983, for the seventh straight year, Congress failed to pass all 13 of the appropriations bills required to complete the fiscal year's annual budget process.

Consequently, in order to keep the government in operation, the appropriations bills not completed had to be combined into an omnibus spending package, which is known as a continuing resolution. The problem with this approach is that continuing resolutions have been known to contain not only appropriations but also other legislation, representing a huge package thrown together without careful consideration. Moreover, because the omnibus spending bill is needed to keep the government operating, a President must accept the entire package or shut down the government.

Because of the problems inherent in the continuing resolution, an obvious question arises: "Can the Congressional budget process ever work?" The answer is "yes," but budget enforcement reforms are essential if it is to work well.

In my judgement, events of the past several years show that the budget process is presently as flexible as the political climate dictates. Thus, the Congress must have more structured tools to use in order to make certain that fiscal discipline sticks. A number of proposals to accomplish this have been suggested.

One such reform which has my support is the proposed constitutional amendment giving the President line-item veto authority. Some 43 of the 50 states including our own state of Texas grant their governors the right to veto individual items in appropriations bills without having to veto an entire bill. Every President since Ulysses S. Grant has sought line-item veto authority. Furthermore, in 1981, over 64 percent of the American people indicated that they favored granting this authority.

I believe the line-item veto would enhance the President's ability to weed out narrow special interest items contained in appropriations bills particularly in a continuing resolution and would enhance his ability to negotiate with the Congress on those spending items which are necessary and in the national interest. Line-item veto authority is a much needed tool of discipline for the Congress which can have a meaningful impact on controlling federal spending.

Another reform proposal involves an expansion of Presidential authority to rescind funds. A rescission of funds involves a request by the President that funds already provided in appropriations bills by the Congress not be spent. This proposed approach would allow Presidential rescissions to take effect automatically unless Congress enacts legislation to disapprove them within 60 days. Without upsetting the necessary checks and balances between the Congress and the Executive, this proposed reform would put the burden on the Congress to overturn Presidential rescissions of funds, rather than requiring Congressional approval for the President's rescission request, as current law provides.

Finally, still before the Congress is a proposed constitutional amendment which not only calls for a balanced federal budget, but also limits new tax increases by restricting future revenue levels to the rate of increase in "national income". Federal spending would be limited to the amount of revenues received by the government and revenues themselves could grow no faster than the actual increase in the country's wealth --effectively capping the potential for tax increases solely to fund increased spending programs the country can ill afford.

Debate on reform of the budget process has just begun. Based on my ex-

periences with Congressional budgeting, I do not believe the process is fundamentally unsound. It fails only because Congress has found ways to evade its intent and enforcement and because it does not go far enough in providing strin-

gent rules to impose fiscal discipline. With reform, the process can be strengthened and the Congress, and the President will be better able to respond effectively to the desires of the American taxpayer for restraint in government.

Commissioners hold meeting

by Becky Collins

Members of the Sutton County Commissioners Court met Monday, March 12, 1984 for their regular monthly meeting.

The Commissioners heard from several of the various county offices. Monthly reports for the month of February 1984 were presented from the County Treasurer's office, the Sutton County Sheriff's office, the Agricultural Extension office, the Tax Appraisal District, and the Road and Bridge department. The Commissioners examined each report and approved all presented.

The Commissioners discussed payment of the Sheriff's Deputies utility bills, concerning whether to continue compensating the deputies in this manner. The difference between the Deputies utility bills and the Firemen's utility bills was discussed by both County Attorney J.W. Johnson and County Judge Charles Sherrill.

Visitors from New Hampshire

By Edith James

Bob and Alice Rose were in Sonora having a late breakfast Wednesday morning at 10:00 a.m. and at the same time, the Chamber of Commerce entered the scene with a Ribbon Cutting for the Grand Opening of the Fiddlers, so with a bit of coaxing from the local people, they agreed to be in the picture, which added so much to our little ceremony. Mr. and Mrs. Bob Rose live in Brookfield, New Hampshire. They are such a charming couple and are traveling through Texas to Arizona and a lot of places, did not have time to find out all the interesting places they were planning to go or where all they had been.

Bob Rose is retired, having worked for Honeywell for 25 years, has worked on

the first computer built in 1945 at Harvard University, spent three years in China as consultant with the company, and said they were glad to be back in the good old USA.

They have been traveling for some time and said there was no hurry in getting home, just browsing along and loving it, from Sonora they are on their way to Carlsbad Caverns in New Mexico, somewhere along the way, they will turn around and go back East and home and I hope it will be a fantastic trip.

Just a bit of quote from these nice people: "In coming into the Fiddlers Restaurant, we felt at home, it is such a good feeling to be in Sonora, Texas," end of quote. Come back again!

Sherrill. Johnson and Sherrill advised the Commissioners that the situation involving the Deputies utility bills was far different from the Firemen's Incentive plan. The difference, they pointed out, was in the fact that these are paid professionals, and the payment of their utility bills is listed on the Deputies W-2 forms for taxation purposes. The Commissioners agreed that they were dealing with an entirely different situation and upon a motion by Billy Galbreath and a second by Mike Villanueva, the motion was passed.

The Commissioners approved payment of the January and February billing of the City on the Firemen's Incentive Program along with an extra \$580.00 for tables and chairs used by the Firemen in the Firehall.

A report from County Auditor Charles Graves on the annual audit of County business was heard. Graves presented his idea of having a different independent firm do the fiscal audit every two years. Upon the completion of an audit, the County is advised on the best way to upgrade their bookkeeping system in order to keep the bookkeeping system uniform with the State of Texas. Action on the proposal was tabled until the next session of the Commissioner's Court.

The Commissioners approved the purchase of ten Minators and chargers for the Sutton County Emergency Medical Service. The EMS has been using pagers borrowed from the Sonora Volunteer Fire Department. The new pagers will be tuned in to the same frequency as the VFD pagers. They also approved a minimum of \$3,000 for office furnishings and tables and chairs for the new Emergency Medical Service building. County Judge Charles Sherrill spoke for the entire commissioners' court in praising the work of the EMS personnel. "These people are the pride and joy of the Council of Governments. We have an excellent EMS department in Sonora," he added.

Plans and specifications for the addition to the chief deputy's home, the Sonora/Sutton County park restrooms and concession stands and the new Emergency Medical Service building are expected to be presented to the Commissioners in the very near future. Bids on the construction of these new projects will be accepted and presented to the Commissioners on April 3, 1984 at 3:00 p.m.

County Auditor Charles Sherrill spoke to the Commissioners concerning the access of handicapped persons to the courthouse and district courtroom. Presently, persons wishing to gain access to the second floor of the County Courthouse must climb two flights of stairs. The County Auditor has been investigating the cost of elevators for the current structure for budget meetings upcoming this spring. The other solution to this problem is the relocation of the District court room to the planned courthouse annex.

In other business, the Commissioners agreed to allow the Cemetery employees to assist Tryon Fields at the County park with the movement of irrigation pipe used for the sprinkler system. They also agreed to allow Transport Life Insurance Company to present their life insurance package to County employees. The County presently works with other insurance companies in this manner. Premiums for the insurance policies are deducted from the paychecks of County employees providing they have signed a card giving the County the right to do so.

JV brings in red ribbon

Danny Flores took home the second place ribbon in the 3200 M event, and Santiago Faz took second in the 800 M with David Ramirez taking fourth in that event.

Doug Chandler took sixth place in the 100 M run, with David Ramirez taking a fifth place ribbon in the 400 M competition.

The 1600 M Relay team of Donnie Howard, Doug Chandler, David Ramirez, and Javier Flores took home the sixth place ribbon.

Ismael Duenes won third place in the 1600 M with Santiago Faz taking fifth place in that event.

The Sonora High School junior varsity boys scored a total of 57 points in the overall competition in the Plateau Relays held in El Dorado last weekend.

Leading the JV boys efforts was John David Martinez who took first place in the 110 M High Hurdles and second place in the 300 M Intermediate Hurdles.

Curt Kneese took second place in the Discus throw, while Abe Caruthers took sixth in that event.

Portland, Oregon was named by the flip of a coin. The losing name was Boston.

Chamber Happenings

By Edith James
The Chamber of Commerce is busy with the yearly countdown, the end of the fiscal year being March 31. The Annual Banquet is being planned and will be held March 29, at the Junior High Snack Bar at 7 p.m. with Senator Bill Sims as guest speaker.
The Board of Directors wish to extend invitations to all members and friends to attend. Tickets are on sale at the chamber office or from any board member for \$8 each.
The board consists of 10 members to serve for two years each, and is staggered so that five new members are elected each year. The Committee is appointed by the board to contact 10 potential candidates then have the membership vote for five of these candidates to serve on the Board of Directors.
The response of the membership has been great this year and the board of directors appreciates the interest taken for this election of board members.
The past year has seen many projects undertaken and completed, one being the Chamber Office, the painting and repair of billboards, the promotion of tourism in many areas and an effort to keep the community annual events before the surrounding

public.
The Sonora Chamber of Commerce needs and appreciates new members. With the need to keep the office open, it is difficult to see and visit with prospective new members, but you are certainly welcome. Come by the office and visit.
Our Grand Opening will take place before long, we are gradually getting the finishing touches done to the new office building.

The Ribbon Cutting for the Grand Opening of the Fiddlers Restaurant and Lounge was hosted by the Chamber of Commerce Wednesday morning at 10 a.m. with a large crowd on hand.

Agnes Mooney assumed the management of Fiddlers Restaurant Feb. 1, 1984 with good food and excellent service a priority. Agnes has worked in various restaurants for the past 14 years, and is certainly known to be an efficient waitress.

Agnes and Bob came to Sonora from Indio, California. Bob is with the Border Patrol. They have 6 children, all grown and gone from home.

Fiddlers is a nice place to eat and visit. The restaurant is open from 5:30 a.m. to 9 p.m. each day. Norma Jean Winters is manager of the Fiddlers Lounge and has redecorated and added a Pool Table which is separate from the lounge. The Fiddlers features a live band 2 times a month for good entertainment and dancing. The lounge is open from 4 p.m. to 1 a.m.

The following were at the Ribbon Cutting to congratulate Agnes and Norma Jean Winters: Mike Street, President of Chamber of Commerce doing the ribbon cutting, Roberta James, Harold McEwen, Jim Dover, Hershel Davenport, Les Robertson, Agnes Mooney, Norma Jean Winters, Carol Jones, Becky McNeal, Anita Pounds, JoAnn Ferguson, Edith James, Alice and Bob Rose of New Hampshire, Toni Moore and Nita Salmon.

The Chamber of Commerce extends congratulations and success to the "Fiddlers" Agnes and Norma Jean.

PARAPHERNALIA CONFISCATED
Shown above is some of the drug paraphernalia confiscated Friday night by the Sutton County Sheriff's Department. Michael Brent Morris and Lela Carol Morris were arrested on two counts in connection with the incident. Both posted \$10,000 bond and were released Saturday night. (DRN Photo---CLJ)

Services slated

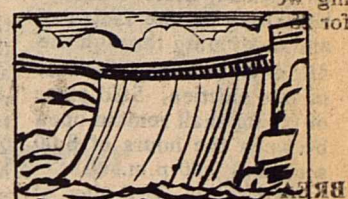

"I will give you a new heart" Ez.36:26 is the theme for a week of spiritual renewal to be held at Our Lady of Perpetual Help Catholic Church, Ozona. The Reverend Father James Vega, Missionary of the Holy Spirit, will conduct the special Lenten mission, beginning Saturday, March 24 through Friday, March 30. On weekday nights the bi-lingual renewal will begin at 7:30 p.m. Fr. Vega is very gifted in sharing God's work, motivating us to open our hearts to be changed. An event like this is a time of special grace. Everyone is sure to get something good from it. A cordial welcome is extended to everyone.

A large crowd was on hand for the Ribbon Cutting ceremonies held at the Fiddler's Restaurant and Lounge Wednesday morning. Chamber Board president did the honors as well-wishers looked on.

James Garfield, the 20th U.S. president, was both a canal bargeman and a professor of Greek and Latin before entering the White House.

NOTICE OF EXPLANATION ON FLOOD PLAINS AND WETLANDS

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

The City of Sonora proposes to use Federal funds provided under Title 1 of the Housing and Urban Development Act of 1974, as amended, for the following projects in an area which is included in the 100-year flood plain:

REMENTS - This project is required to provide adequate water supply and fire protection facilities to Target Area residences which currently lack such protection. The project calls for looped lines and fire hydrants to place every residence in the neighborhood within 500 feet of a "rated" fire plug. Several locations for which this project is planned are located in the 100-year flood plain. The improvements will conform to applicable State flood plain protection standards. The proposed action will not affect natural or beneficial flood plain values as it represents replacement of existing lines. It will not support additional development in the flood plain as the area is fully developed.

It is the City's finding that the proposed projects cannot be undertaken in any other location and, therefore, there is no practicable alternative to the proposed project. Failure to provide these improvements will result in the continued deterioration and blight of a low/moderate income area of the City of Sonora. It is the City's judgement that the continued viability of this low/moderate income area outweighs consideration of Executive Order 11988.

A more detailed description of these projects and the FIA flood plain maps are available for citizen review at the City Secretary's office at City Hall, 201 NE Main, between the hours of 8 a.m. and 5 p.m., Monday through Friday. Comments on these projects in relation to Executive Order 11988 will be considered until March 30, 1984. The Chief Executive Officer of the City of Sonora is Billy C. Gosney, Mayor.

NOTICE TO PUBLIC OF NO SIGNIFICANT EFFECT ON ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS.

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about April 2, 1984, the City of Sonora will request the Texas Department of Community Affairs to release Federal funds under Title 1 of the Housing and Community Development Act of 1974 as amended, to be used for the following projects:

ACTIVITY
Water Improvements
EST. COST
\$89,965.00 (TDCA)
\$21,864.00 (Local)

Improvements to be located in the city limits of Sonora, Sutton County, Texas within Enumeration District 901. A map showing the specific location of the water lines is available for public examination at City Hall, 201 NE Main Street.

Finding of no Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above-named City of Sonora has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows:

WATER FACILITIES - Health and safety hazards currently exist due to inadequate water supply and lack of fire protection facilities. The proposed project should eliminate those health and safety hazards. Construction activities will produce certain amounts of air and noise pollution, however, the effects will be short term and low intensity. No new growth and development is expected in the area as a result of the improvements.

An Environmental Assessment respecting the within projects has been made by the above-named City of Sonora which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above address of the City Secretary between the hours of 8 a.m. and 5 p.m., Monday through Friday.

Public Comments on Finding

groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Sonora, to the office of the undersigned. Such written comments should be received at City Hall on or before March 30, 1984. All such comments so received will be considered and the City of Sonora, will not request the release of Federal funds or take any administrative action on the within projects prior to the date specified in the preceding sentence.

Release of Funds

The City of Sonora will undertake the projects described above with Community Development funds from the Texas Department of Community Affairs under Title 1 of the Housing and Community Development Act of 1974. The City of Sonora is certifying to TDCA that the City of Sonora and Billy C. Gosney in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce respon-

sibilities in relation to environmental assessments, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City of Sonora may use the Texas Community Development Program funds and TDCA will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

Objections to State Release of Funds

Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by TDCA; or (b) that applicant's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environ-

IRMA DILLER

THIS COLUMN IS BROUGHT TO YOU BY... We all cuss and discuss television commercials. To some extent, they remind me of Clint Eastwood - they surely cost "A Fistfull of Dollars" and they are most definitely "The Good, the Bad, and the Ugly". Without commercials though, you'd hear the Star Spangled Banner at approximately 2:39 in the afternoon instead of midnight.

Commercials are essential, not only to give us time to do the "necessary" things. During prime-time, you can change the oil and the spark plugs in your car and never miss even a minute of the program.

Speaking of programming, have you ever thought of the type person who decides what commercial goes where? Strange - that's the type. Why else would we hear about indigestion AND look up someone's nose during the dinner hour? If I had this job, I might not sell many products but I would be realistic about the whole thing. The late, late, late show would be brought to you by Fischer-Price toys and all the sugar-coated sugar cereals. Any show hosted by Howard Cosell would, of course, be sponsored by Preparation H. I think I'd slip the ads for "feminine products" into the daytime soap opera slots opposed to the evenings when you decide to have a few friends over to watch the Movie-of-the-Week.

As for the content of the commercials, we all know, because television shows us, that the only women who use shampoo, hair spray, and wear hose are the beautiful women. By the same token, only the handsome hunks get British Sterling. If the product is used to wash dishes, the kitchen is spotless AND you must have an aquarium glass in your sink. One of my favorites is the Brand-X pick-up, with the Brand Y pick-up across its bed, traveling up a steep terrain of boulders. Phillip and I rushed out and bought one of those Brand X pick-ups because this is what we have always wanted a pick-up for. Any other use is so Ho-Hum. American Express laughed at me - not only was I not recognized, they'd never heard of my name. And now we'll interrupt the regularly scheduled column for a word from our sponsor...

24 Participate in 4-H Show

The 1984 Sutton County 4-H Food Show was held Saturday, March 10 at the First United Methodist Church. Twenty-four boys and girls participated in the show.

Judging began at 9:50 a.m. Each 4-H'er presented his or her prepared dish to the judges and answered nutrition questions. Menus and recipes were judged prior to the food show.

Junior 4-H members conducted the awards program which began about 12:00. Four judges and the Food and Nutrition project leaders were honored prior to the tasting tea which concluded the event.

Terry Duren took top prizes in the Senior division. Junior winners were Andrea DeMarco, April Spiller, and Cleve T. Jones. The outstanding pre-teen cooks were Shane Keller, Pat Perez, Laura Chalk, and Lauro Lee Barleman. These 8 4-H'ers are eligible to compete in the District 13 4-H Food Show scheduled March 31. Top winner in the Beginner division was Patrick McAndrew.

Terry Duren, Cleve T. Jones, Laura Lee Barleman, and Patrick McAndrew were high-point individuals from their age group and were presented plaques at the awards program.

Laura Lee Barleman was winner of the Hill Country CowBelles special award for the best beef dish of the show. She will be an honored guest at the June

CowBelle meeting and will take her prize winning brisket to share with the members.
