Board Again Tables Bus Issue

The controversial issue of accepting or rejecting four 72-passenger buses for the Hereford Independent School District by the Deaf Smith County School Board has been delayed until Friday.

Trustees of the county board met on schedule Tuesday but agreed to the postponement through a message from Hereford Schools Superintendent Johnny Clark Jr. because "a conflict will prohibit my meeting with the County Board as you requested."

Clark was in Austin for the Governor's Commission legislation hearing Tuesday. He indicated that "passage of this legislation (the consolidation of Texas school districts) would abolish the Walcott School District and would cost the Hereford Independent School District a loss of $100,00 in state funds the first year. In behalf of both Walcott and our district it seems imperative that I attend this hearing" (Loss would be in the difference in tax evaluations now existing in the two districts.)

County trustees had requested a Hereford Schools "transportation representative" appear with them at their Tuesday meeting.

Clark indicated that he would be available to meet with them Friday. The board approved the date and suggested 10 a.m. as the time of the meeting. However, they stipulated that they are willing to reset it at a "more convenient time" for Clark on that date if he would give them at least a 4-hour notice "and during daylight hours" because four of the five county trustees are farmers.

Members of the County Board are Floyd Brown, president; Robert Strain, secretary; L. J. Strafuss, Grant Hanna, and Don Baugous.

Issue over the 72-passenger buses came up after the Texas Education Agency's recommendation for them was passed by the Hereford Independent School District Board of Trustees, The County Board, who under the law must approve all county bus purchases, decided not to approve or reject the recommendation until further discussion could be conducted on the matter with the Hereford Schools administrators or trustees.

But the state law over the transportation approval between the two boards has resulted in a difference of opinion here. Clark issued a statement to the County Board that "as I see it, the County Board has no legal authority once transportation has been delegated to the district." County Board believes that they do have this authority.

"I want you to know that our District Board has no quarrel with the County Boad," Clark said in his statement. "It is evident that there is just a misunderstanding. It is our opinion that either a County Board may operate the transportation program or this can be delegated to the district. We do not think these are overlapping responsibilities—but rather belong totally to one or the other. I would be happy to meet with the County Board and explain the law as we see it and as the Texas Education Agency has interpreted it. If the County Board is in disagreement with our Board, we see no reason for real concern. The matter should merely be submitted to the state for clarification."

County Judge H. C. Williams, ex-officio superintendent of the County Board, reported that there is "no animosity" between the two boards. Trustee Baugous stated earlier that he would be willing to appear at a state hearing on the matter "even if it meant a trip to Austin."

68TH YEAR — NO. 13 HEREFORD, TEX., 79045, THURS., MAR. 27, 1969 PUBLISHED EVERY THURSDAY

Leo Forrest

Forrest Retires...

By EARL MOSELEY
Staff Writer

Leo Forrest is retiring as manager of Deaf Smith County Electric Cooperative in Hereford. The new manager will arrive here on April 1. Forrest will remain on the job until May 1.

New manager is James Hull. Hull has been manager of the Colorado City, Texas, REC for the past four years.

Forrest has been with Deaf Smith County Electric Cooperative since June 15, 1945 —when the office was located at 129 W. Third, now the site of Witherspoon Electric Co. He said they moved into their present location on E. Highway 60 on Jan. 12, 1951. "I saw the building go up from the ground," he said. "It was an awfully hard decision to make."

Why retirement?

"I'm a young 65 —that's the reason," he said. But he pointed out that there is no requirement for retirement with REC at any certain age. "It is a personal decision. My wife and I wanted more time to spend with our ranching (cattle) business. It's not really retirement — just changing interests."

They will also travel. Their plans are a return to Chile in November.

And he said this is a good time to leave the cooperative. "Last year is the best year we have had."

Forrest, who had served as Superintendent of Schools at Farwell six years before moving to Hereford in 1940 — and worked with Southland Life Insurance Co. and the Farm Credit Administraton for periods afterward, said that he had seen this area grow considerably during this time. "Look back at the 1940 population and compare it with he present. Actually, it was 1945 and after the war that we started growing. But we had only 490 miles of wire in three counties then. Now we have 2,300 plus."

Prior to 1944, cooperatives paid only a variable rate, he said, but then there was an agreement with Congress to lower the rate to 2 per cent, provided they covered the entire area with electricty. "Back in 1945, if anyone had said we could cover such an area as we have here, I would have said they were talking through their hat. But now it is easy to see that it serves everyone."

He also pointed out that this area is different than other parts of he country. "Last year, we had a gain in rural meters of 52 — while most places lost. That doesn't necessarily mean that we gained 52 families (businesses also enter into the picure) but Castro, Parmer and Deaf Smith counties have gained." He said there has been a considerable growth in power here through the feedlots, country elevators, hog feeding industry, vegetable processing, etc.

"At the beginning, total assets were around a half-million. Now it exceeds $7-million," he reported.

"In the mid-fortes, we were in the doubtful column as to whether REA would lend us any more money. We were just coming out of the dust bowl days. But the Lord has blessed our resources. And the people have also done their part."

Forrest emphasized that people have paid $2,200,000 ahead of schedule and that $1,300,000 will have been returned to REC members by ths year. "The people own approximately 50 percent of the equity —about three times the national average. Capital credits paid to members is two-and-a-half times the national average here. But there are only two meters per mile here with the national average at 3½ meters. We are an average-sized cooperative-but due to the area we live in and with a good board of directors, we are considered a top cooperative."

On the subject of Chile, Forrest is very proud of his connections there. Moreover, he had the pleasure of escorting Chilean representatives of their rural electric cooperatves through the local area during the summer.

Forrest explained that in November 1960 the late Presdent Kennedy, in his visits to Latin-American countries, worked out an Alliance For Progress program with them. "It was working with our Latin-American neighbors to help them improve their economic and social progress. As an outgrowth of this, in 1962 Agency Industrial Development and NRECA signed a contract whereby the electric cooperatives would furnish leadership to teach the Latin-American people to help themselves."

He said that he and an Oklahoma REC manager were chosen to go to Colombia. There they were to work up a pilot project to be used as a guide for foreign countries, including Vietnam (where they now have three cooperatives.) "This was the beginning of helping through rural electrification."

They worked up a formula. "But in order to make the project feasible in South American countries, exceptions had to be made. They could not do it wth the same arrangement we have here. Instead, their government would furnish half the money, then our government would furnished the other half — with the stipulation that we were repaid first."

However, he said that the operation in Chile was entirely different. "Chile has had rural electrificaton since 1945 — with such rules that only wealthy people could afford it." People could borrow 80 per cent of installation cost from the bank on a 4-year term at 15 per cent interest, but they had to pay the first 20 per cent themselves.

Forrest was asked to go to Chile in 1965 as management consultant, work to extend the electric lines and the repayment of loans. He worked with boards of directors in associations and government agencies "trying to get rural electrifcation on a paying basis."

"In the past, a line could pass a poor farmer's home but he would not be on it," Forrest explained. "Now the poor have an extended 12-year loan and the rich a 6-year loan.

"Eighteen months after I started in Chile the number of rural people receiving electrification more than doubled. Instead of them having to pay 20 per cent in cash, it was cut to five."

But he explained that the monetary value in Chile is not stable— based on this inflation, the interest rate on the second payment may be higher than the first. But these loans, he said, remain static and are not re-evaluated.

Forrest said, "At the end of the first two years, the pay record was better for the poor than the rich! They respect the loan."

He also explained that each installation carries a "USA" lable on it. "They thank us for what we are doing —and giving them this type of help is the best way in the world to fight communism." He said that he had also checked and couldn't find where any of the money had been wasted.

However, Forrest said that he doubted that the USA would make any more such loans but that REC would be getting BID (Bank Investment Development) loans, which would amount to the same progress.

For Hospital Addition

Court Approves Architect

Fire precautionary units for the Deaf Smith County Museum were approved during the Monday session of County Commissioners Court, along with making an agreement for an architect to draft new building plans for the Deaf Smith County Hospital.

In other business, low bid for a new pickup truck for Precinct 3 was accepted from Orval Watson Ford. A V-8 automatic type, the price submitted was $1,564.60 with the trade-in of a 1965 Ford pickup. The only other bid totaled $1,570.60 — only $6 higher — by Orsborn Chevrolet-Olds. Both are local firms.

During the morning session, Mrs. Henry Sears, representing the Museum, with Hereford fire chief Jap Dickerson and a representative of Mist-A-Matic Fire Control Co. of Amarillo, outlined the current fire hazards in connection with the museum and convinced commissioners that a number of combustible-type fire extinguishers should be installed, not only for the protection of the building but contents which could never be replaced.

A demonstration was given, displaying how the oxygen-consuming fluid from the glass bulbs will not only contain the fire instantly but cannot soil printed documents or other papers.

It was also pointed out that the museum had already undergone a survey of the need and that there is no protection at all there against fire at this time.

Commissioners approved 175 units for the museum at a cost of $3,756.37 (after a 10 per cent discount). These units will be installed as soon as possible.

In the afternoon session, the Court entered into a building contract with Amarillo architect Oscar Schilling to go ahead with plans for additional building space at Deaf Smith County Hospital.

Agreement will call for payment of 7 per cent of the building contract or no more than $1,000 should the bond election not meet approval of voters.

Hereford attorney Wayne Thomas, a member of the hospital board, reported that final figures for the hospital bond (estimated at $500,000) have not as yet been completed and date of the bond election still remains unset. He said that a full report is forthcoming to local voters as soon as possible on the matter.

Approval of the architect was reportedly the unanimous decision of the hospital board. However, the contracting of such individuals falls in the jurisdiction of County Commissioners Court.

Schilling has done much architectural work previously for the local hospital.

Commissioners also officially approved the 50-50 contract for the widening of U. S. 60 from the western city limits to the Castro County line. However, Precinct 2 Commissioner Marcus Latham reported that state approval to begin property purchase and official maps have not as yet been received by the Court.

Temporary permission was granted to empty a diversion terrace into a barrow ditch for Bobby J. Ridley in Precinct 3. The diversion will empty into a grassed waterway after the establishment of grass, proposed in 1970. At this time, the easement will terminate.

A water line crossing was also approved for Jimmy Cluck in Precinct 2.

February fire report, issued by City Manager Dudley Bayne, showed that there were 9 county fires answered by local fire department and 7 fires within the city.

Water Meet Today

The second annual meeting of Deaf Smith County Water Association will be held tonight in the ballroom of the Community Center, beginning at 7:30, according to president, Dick Godwin.

Progress in the area of water importation during the past year will provide the theme for the meeting as three speakers are slated on the program. Beginning the program will be the presentation of "Report on Past Year's Activities of DSCWA" to be given by W. P. Axe, vice president of the county association. R. C. "Dick" Godwin, president of the organization will then present "Recent Developments in the Water Importation Project" at 8:15 p. m.

Hereford attorney John D. Aikin, will discuss "Current Organizational Activities in the High Plains Regarding Water Importation." A discussion period will follow at 9:15 and election of new directors and business from the floor will be at 9:45. Adjournment will be at 10 p. m.

The public is urged to attend the meeting to voice their views and opinions on the water import plan.

Church Sets Holy Week Communion

St. Thomas' Episcopal Church in Hereford will begin Holy Week this Sunday by featuring two films, the Rev. Fred Howard, vicar, reported.

Rev. Howard said that the film, "Why We Celebrate Holy Week," will be shown during the sermon time of the Sunday morning worship beginning at 10 a. m. At the 6:30 p. m. youth meeting, the film "The Exploited Generation" will be shown.

Other observations of Holy Week at St. Thomas' Episcopal Church are Holy Communion at 7:30 a. m. Monday through Wednesday, with Holy Communion at 7:30 p. m. on Maundy Thursday.

On Good Friday, special services are to be conducted from 3 to 6 p.m. Easter Sunday will have Holy Communion scheduled at 8 and 10 a. m.

The church is located at 600 W. Park.

First Supply Burglarized

Approximately $20 in change was reported taken in a burglary Saturday at 11 p.m. at the First Supply Co., Inc., 102 N. Main.

Investigating officers said entry was gained to the building by breaking a window on the south side.

In addition to the money taken from the cash register, the cigarette, candy and coke machines were broken into. All of the cigarettes were taken but the exact amount in cash stolen from the machines was not known.

Concert Group To Meet

Officers and seven directors of Hereford Community Concert Association will be elected at the annual meeting set for 8 p. m. Monday, Apr. 7, at Community Center, Mrs. Wayne Thomas, president, announces.

Directors to be elected at this meeting will serve a two-year term. Those whose terms expire are Mrs. Joe Reinauer, Mrs. Bill Dameron, Bill Devers, Ben Gollehon Charles Bell, Dr. Milton C. Adams and Bill Thompson.

Holdover directors who have another year to serve are Mrs. Thomas, Mrs. Tom Burdett, Mrs. C. T. Guseman Mrs. John E. Smith, Mrs. Ann Line, Mrs. Lynton Allred and Jeff Carlile.

Present officers serving with Mrs. Thomas are Devers, vice president; Mrs. Burdett, secretary, and Carlile, treasurer.

At this annual meeting two amendments to the Association bylaws will be offered. One would remove the requirement of a specific date for the annual meeting, and the other specify that terms of office for directors be staggered with seven elected each year for a two year term. This is the practice, but the bylaws are not definite on the point.

CAF To Have Aircraft Meet

Gerald Martin of Hereford Flying and Agricultural Service announced that the first annual seminar on the preservation of World War II combat aircraft is being sponsored by The Flying Museum of the Confederate Air Force on April 25, 26 and 27 at Harlingen.

Special event which has been scheduled are color film highlights of the filming of "The Battle of Britain" by Col. Connie Edwards, one of the Texas pilots who went on location with the picture. Martin was another of the Texas flyers in the production.

Gov. Preston Smith will appear as guest speaker, Martin reported. Also appearing is Col. Chuck Yeager, the first man to fly faster than the speed of sound.

Dedication ceremonies of the new CAF facilities will include Sen. John Tower. An open house will be conducted.

Martin said there will be aerial demonstrations featuring many types of World War II aircraft.

Those who desire further information as to registrations and fees are asked to contact Martin here.

Clayton Accepts Water, Inc. Post

Bill Clayton of Springlake, and L. Dean Rea of Tulia, were hired as Executive Director and Associate Executive Director of Water, Inc. at a board meeting in Lubbock according to an announcement made by K. B. "Tex" Watson, President of Water, Inc.

Clayton, a state-wide water leader, commonly known in the House of Representatives as "Mr. Water," made the following statement: "I have one interest and one purpose in mind in acceptng the executive directorship of Water, Inc. . . That is to guide and direct the people of West Texas, Oklahoma, and New Mexico toward one common objective — water importation into the area. West Texas, Oklahoma, and New Mexico stand to gain much by working together, united, for the implementation of the Texas Water Plan. I will continue serving in the State Legislature where I feel my services will be of great value in helpng to implement the Texas Water Plan. Looking at our problems from a political sandpoint was one of the determining factors of my signing with Water, Inc. at this time. We cannot afford the luxury of division among the people if we are to accomplish our goal. It is our hope that Water, Inc. will be the melting pot for all our ideas, thoughts, and actions; and that from all the divergent views and needs, we may speak with one voice for all our people. Until this end is accomplished in the area serviced by Water, Inc., we can kiss import water goodby. However, I am confident that all people in the area who are sincere in purpose can speak with unity. The organization is big enough, and there is enough work to do, so that everyone can play an important role in the job to be done. As major objectives, I would like to see Water, Inc. work with the county water organization in reaching more people, and in turn getting a better grass roots participation. One of the first jobs should be the promotion and passage of the $3.5 billion dollar bond constitutional amendment. After this is accomplished, work should begin on trying to pass a conformation election to create a Master Water Authority in the area. We would solicit the support of all concerned that we may speak with unity for the area."

Bill Clayton has been in the farm business in the Springlake area for many years and since 1963 has ser-

"See here, Hargreeves, this new Christian unity does not include your members sneaking in and using my parking lot!"

Sgt. Bill Cox — Recipient of two Bronze Stars for action in Vietnam. —Staff Photo

Sgt. Cox Speaks To Local Lions

Sgt. Bill Cox, after 21 months of U. S. Army service and the recipient of two Bronze Star medals, was guest speaker at the Hereford Lions Club at noon Wednesday in the Hotel Jim Hill ballroom.

Sgt. Cox said that one of the Bronze Stars he has received "was awarded for valor at Khe Sanh, Vietnam." The other was awarded for meritorious service.

Originally from New Mexico, Cox moved to Hereford three weeks prior to his entrance into the service. His wife, Verta Marie, and mother, Mrs. Elizabeth Cox, live at 809 Knight.

After going through basic training at Fort Polk, La., he had eight weeks of artillery training at Fort Sill, Okla. He was then shipped to Vietnam as an artillery recon sergeant with the infantry. "I spent all my time with the line company," he said.

Now assigned to Fort Bliss at El Paso, Air Defense Training Center, he will undergo a six-weeks course at Fort Hood in the Fourth Army NCO Academy.

How does Sgt. Cox feel about Vietnam?

"It's kind of hard to say," he reminded the Brand seriously. "I can understand for myself why we are there. But I can't understand why (some) people in the states aren't behind us. I feel that we definitely have reason and cause."

Sgt. Cox said that he volunteered the first time "to see what it was all about. I didn't really know. But since then, I have come to believe that we should be there — but I believe we should be fighting instead of playing."

He said that he didn't believe this country is putting the effort "into it that we could."

Sfc. Bert Pinales, the local recruiting sergeant who originally enlisted Cox into the service, reported that he is one of the most highly decorated servicemen in Hereford at this time.

Sgt. Cox reported that he would probably make the service his career. "I don't believe there is any civilian job that matches the benefits of the military."

In making a meat stew, you may want to put the seasonings in a small cheesecloth bag for easy removal. Such seasonings might consist of a leafy celery top, parsley sprigs, thyme sprigs, peppercorns, a nalved clove of garlic and a few whole cloves and allspice berries.

Board . . .

(Continued form page 1)

Clark said that he hoped the County Board "will work with us in seeing that it goes to Austin for an interpretation. . . we will all be in a better position to understand our responsibilities. This misunderstanding has presented a hardship on us since our new buses are now not likely to be here when school begins next fall. A clarification of our difference of opinion could likely keep this from recurring."

Clark suggested that the County Board return the transportation requests to Austin unsigned. "Mr. (Richard) Cummins, of the Agency, said your office assured him that they would be returned one way or the other last week. He talked with me by phone Friday, and he is confident they will be returned."

However, the County Board agreed to withhold the requests until the Friday meeting. A formal invitation to the Friday meeting has been mailed to Dr. J. W. Edgar and Cummins at TEA in Austin, along with invitations to all Hereford Schools trustees.

Clark pointed out that he had never received an invitation to attend a County Board meeting. He did say, however, that "I was called early in March while the board was in session and invited to attend. At the time I was involved in an open house program at Bluebonnet that forbade my attending . . . not having had prior notice." He also reported that he knew nothing of the Thursday meeting last week.

County Board members, who approved a 48-passenger Special Education student bus on the recommendation in question, report that they feel the 72-passenger buses offer a danger to local transportation. Trustee Strafuss stated that he didn't believe buses should be any larger than 60-passenger capacity at the Tuesday meeting.

Length of the buses is reported as the principal point to the danger by county trustees. Strain said that no actual figures regarding the length of the buses has been supplied to the trustees except that the 66 and 72-passenger models have the same wheel base. However, the 72-passenger is 27 inches longer than the 66's. But the 60-passenger buses are 54 inches shorter than the 72's with the wheel base measuring 18 inches shorter.

The 60-passenger type bus has ten seat rows, while the 66-passenger has eleven, However, Strain pointed out that the 72-passenger model has 12 rows on the same wheel base as the 66's.

Clayton . . .

ved in the Texas House of Representatives. He has served on a number of the leading House committees including the Water Committee for several sessions and was Chairman of the House Intermin Water Study Committee which held numerous hearings across the state during the summer and fall and recommended important legislation concerning state water problems. He is the author of HJR 9, the constitutional amendment to implement the Sate Water Plan.

Dean Rea is the new associate director. He is presently employed as production manager and sales coordinator of Taylor Evans Seed Company. He has been Advisory Director and active in Water, Inc. since its organzation. He is also Executive Manager of the West Texas Grain Elevator Association, a trustee of the High Plains Research Center, and a Director of the Grain Elevator and Processor Superintendent's International. Rea graduated from Amarillo High School and Texas Tech where he received a B.S. degree in Agriculture and was President of his Senior Class.

Tex Watson, President of Water, Inc. stated "we are proud of this excellent staff who, along with Tom Williams, Director of Field Services for Water, Inc., will carry the organizaton toward its goal of bringing supplemental water into West Texas and East New Mexico."

The Kansas City Royals, one of four new major teams, will open their 1969 home season on April 8 against the Minnesota Twins.

Beautification Committee To Launch Anti-Litter Campaign

The Beautification Committee of the Ladies division of the Deaf Smith County Chamber of Commerce formulated plans for launching an Anti-Litter Campaign April 28 through May 3, at a noon luncheon meeting held Wednesday at the Country Club.

Heading a sub-committee on the clean-up campaign is Mrs. Argen Draper.

Meeting with the committee were high school assistant principal Keith Munnerlyn and La Plata principal Jerry Don George. They have offered the assistance of several school organizations to work on 'clean-up day.'

In addition, the various art departments in the schools will furnish 48 posters to be placed throughout the city.

In other business, the committee members have designated the petunia as the flower of the year and are planning to use it in their beautification project of Windmill Park.

Others attending the meet were Mesdames Pete Cavaniess, chairman, Bruce Carter, Ray Cowsert, Harry McCauley, Ernest Wade and J. O. Clark.

At The Library

Search For Missing Girl

A story following the lives of people living, working and just stopping in a great hotel and a search for amissing girl which takes the reader half-way around the world are just two of the many new books which have been added to the shelves of the Deaf Smith County Library.

Once in a generation there is produced a stirring, exciting story set against the background of a great hotel.

This is such a book! . .HOTEL, by Arthur Hailey.

The scene is the St. Gregory Hotel in the lusty, tumultuous city of New Orleans. Time: 1964.

Through five eventful days we share the fortunes, conflicts, and intimacies affecting the hotel, its guests, its echelon of management. Across the novel's pages stride memorable characters: Warren Trent, the St. Gregory's bigoted, irascible owner; his assistant, Christine Francis, vivacious, ardent, yet shadowed by personal tragedy; the young general manager, Peter McDermott, competent and honorable, but a prisoner of his own past indiscretion; Marsha Preyscott, the teen-age New Orleans heiress, ruthless in attaining her own desires; and also an engaging sous-chef and organizational genius an enbittered young Negro, a despicable bell captain and purveyor of vice, and a humble disposer of garbage who proves to be the keeper of the hotel's conscience.

And the guests: Curtis O'Keefe, praying, fun-loving tycoon whose chicanery would add the St. Gregory to his world-wide conformity-stamped hotel chain; O'Keefe's glamorous travelling companion, Dodo Lash; Dr. Ingram, a man of principle who defied the hotel and reaped the scorn of his own convention colleagues; statesman, aristocrat, and coward, the Duke of Croydon, with his arrogant, ice-maiden Duchess; the modest, kindly ex-miner, Albert Wells, escaping death to become a friend when needed most; and Keycase Milne, a likeable Barabbas.

These, and others, people the richly woven texture of HOTEL.

More than this: a star of the story is the hotel itself. Seldom, if ever, has there been a more fascinating glimpse into the inner machinery and secrets of a great hotel, laid open to the reader by a master story-teller.

MERRY GO ROUND, by Richard Martin Stern — tells the story of a perilous search for a missing person. Mary McIntyre (called Merry Mac), a very attractive airline hostess, has disappeared; and a young lawyer, Wilson Clar, is assigned to find her. His task takes him from New York to London, across France and Switzerland to a ski resort in the Austrian Tyrol — there into the heart of the mystery.

In the search Wilson Clark is aided and inspired by a small, shapely, determined girl named Judy Wells, Merry Mac's best fiend. Together they find themselves involved in the affairs of a deposed president of a Caribbean republic — a very rich man, in great danger. Because of him, Merry Mac disappeared.

Richard Martin Stern has worked out his plot deftly, and he recounts the adventures of Wilson Clark and Judy Wells with a combination of gaiety and suspense that gives Mery Go Round a quality of its own.

THEY'LL FORGET TOO

PRETORIA, South Africa - The National Parks Board plans to take no action against an elephant which trampled a car with two tourists inside in Kruger National Park.

The pachyderm was not being held responsible, a board spokesman said, and besides it would be "extremely difficult" to find it among the park's more than 6,000 elephants. The tourists were not injured.

Detroit Tiger rookie first baseman Don Pepper is a turkey farmer in the off-season.

Only two Detroit Tigers were ejected from games in 1968. Jim Northrup and Dick McAuliffe.

White Throws Two-Hitter To Down Portales, 7-0

Sheldon White hurled his second low-hit game in as many weeks Tuesday as the Whiteface diamonders shut out the Portales club, 7-0.

White, who had registered a 1-0 shut out win over Plainview last week, sent eight Portales players down swinging while giving up no free passes and hitting one batter.

Jim Scott and Jim Loerwald provided the spark for the win for the Whitefaces as they both wen three-for-four at the plate. Scott connected for a two-run homer and two singles while Loerwald pounded out a double and two singles. Both were credited with two runs-batted-in each.

Hereford drew blood first when leadoff batter Randy Ragan drew a base-on-balls and advanced to second when Keith Duncan bunted and the Portales pitcher committed an error when attempting to field the ball.

With Ragan and Duncan occupying first and second, Scott connected for his first hit of the game to score Ragan, giving the locals a 1-0 first inning lead. White then set the host team down in order in the bottom of the frame to maintain the lead.

In the top of he third, Ragan led off again with a base-on-balls and scored again when Loerwald slashed out his double. Scott followed with a single, but Loerwald was unable to score and both runners died on base when the Portales pitcher forced the side out.

Portales offered their first threat of the game in the bottom of the frame when, with one out, their left fielder doubled. White then struck out the side to end the inning.

Hereford managed a 3-0 lead in the top of the fourth when Jeff Loerwald singled, stole second and scored on Ragan's single. The local's big inning came in the fifth when they scored three runs on two hits. Jim Loerwald singled and Scott then connected for his homer for two of the runs. Gary Crume drew a free pass, stole second and advanced to third on a passed ball on the catcher, and scored on a fielders choice.

The local's last score of the contest came in the top of the sixh when Duncan reached first on a base-on-balls, stole second and scored on Jim Loerwald's single to center.

In action Monday, the locals dropped a 3-0 decision to the Caprock Longhorns as they committed five errors in the first two innings of the game and allowing thei visitors their three unearned runs.

The next game for the locals will be Saturday when they play host to the Estacado Matadors. It was undetermined a presstime whether or no there would be a doubleheader, but diamond coach Fred Upshaw said that if it is to be a doubleheader, the first game would begin at 1 p.m. and if not, it would start at 2 p. m.

Breeders Meet Here Tuesday

Deaf Smith County (and surrounding counties) Hereford Breeders have set a meeting at 7:30 p. m. Tuesday at the Caison House for an election of officers, according to secretary Don Allred of Wildorado.

The meeting is planned to include all area breeders, their families and guests.

Following dinner and a short program, Dale Furr of Pantex will speak.

Student From Holland Talks To Veleda Club

Guest speaker for Veleda Study Club Tuesday evening was Theo ten Have, student in Hereford High School under the American Field Service program. He was introduced by Mrs. Red Durham, program leader, at a meeting the home of Mrs. George Olson.

Scenes from Holland and his home city in that country were shown by the student speaker on a series of slides. He gave factual information about the country and spoke informally of his home, school and friends, answering questions after the set talk.

Ten Have told club members he likes Hereford and is enjoying his year in a West Texas school. He is residing in the Gerald McCathern home for this year.

In a brief business session with Mrs. Bill Bradly presiding, a contribution was voted to the cystic fibrosis foundation's drive. Plans were made for a special program at the next meeting, Apr. 8, by kindergarten pupils of Mrs. Don Baugous, a member. It will be given in First United Methodist fellowship hall at 7:30 p. m.

Mmes. Armon Lauderback, Billy W. Sisson, Joe Frank Clark, Gid Brownd, Dale Barkley and Baugous were members present.

Look Who's New

Mr. and Mrs. Ricky Wayne Hassell are the parents of a daughter, Cary Ann, born March 26.

AWARDS PRESENTATION — Seven Cub Scouts of Pack 151 were presented various awards at the annual Blue and Gold Banquet held Tuesday. Award winners, not in order, are Mitchell George, Randy Moore, Russell Rusher, Jon Frazier, Jimmy Fish, Clay Pitman and Dennis Collins. —Staff Photo

Funeral Slated At Adrian For Elmo Pinnell

Funeral services for Elmo K. Pinnell, 57, farmer and rancher of Adrian, will be conducted in Adrian United Methodist Church at 2 p.m. Thursday by the Rev. Don Travis, pastor, the Rev. Johnny Williams of Earth and the Rev. Lew Allsop of Tucumcari.

Burial will be in West Park Cemetery of Hereford, directed by Gilliland Funeral Home.

Mr. Pinnell died Tuesday morning in an Amarillo hospital. He had lived in this area since 1930, when he moved from Pampa. Born Sept. 2, 1911 at Altus, Okla., he came to Texas as a child and married Doris M. Stone at Pampa Nov. 30, 1930. He was a member of the United Methodist Church at Adrian.

He is survived by his wife; three daughters, Mrs. Bruce Burney of Hereford, Mrs. Martin Cribbs of Channing and Mrs. James Bryant of Grady, N.M.; two sons, Wayne of St. Vrain, N. M., and Donald of Glenrio, N.M.; his mother, Mrs. Maggie Pinnell of Pampa; two brothers, Roscoe of Adrian and Owen of Wichita Falls; and a sister, Mrs. James O. Johnson of Dumas.

Oceanologists place thousands of bottles in the sea each year to study currents. One bottle released in 1962 at Perth, Western Australia, was recovered almost five years later near Miami.

Indian Lore Theme Used For Banquet

The Indian Lore theme was used in decorations and program at the Pack 151 annual Blue and Gold Banquet held Tuesday night at the First Christian Church.

Presenting an interesting and informative program on Indian dancing were three local Boy Scouts who are members of the Kwahadi Indian tribe from the Llano Estacado Council in Amarillo.

Performing for the cub scouts and their parents were Ike Graves and Terry Roberts. Accompaning them on the drum was Ernest Roberts.

In carrying out the theme for Indian Lore Month, each of the cubs was dressed in Indian finery which they had made themselves.

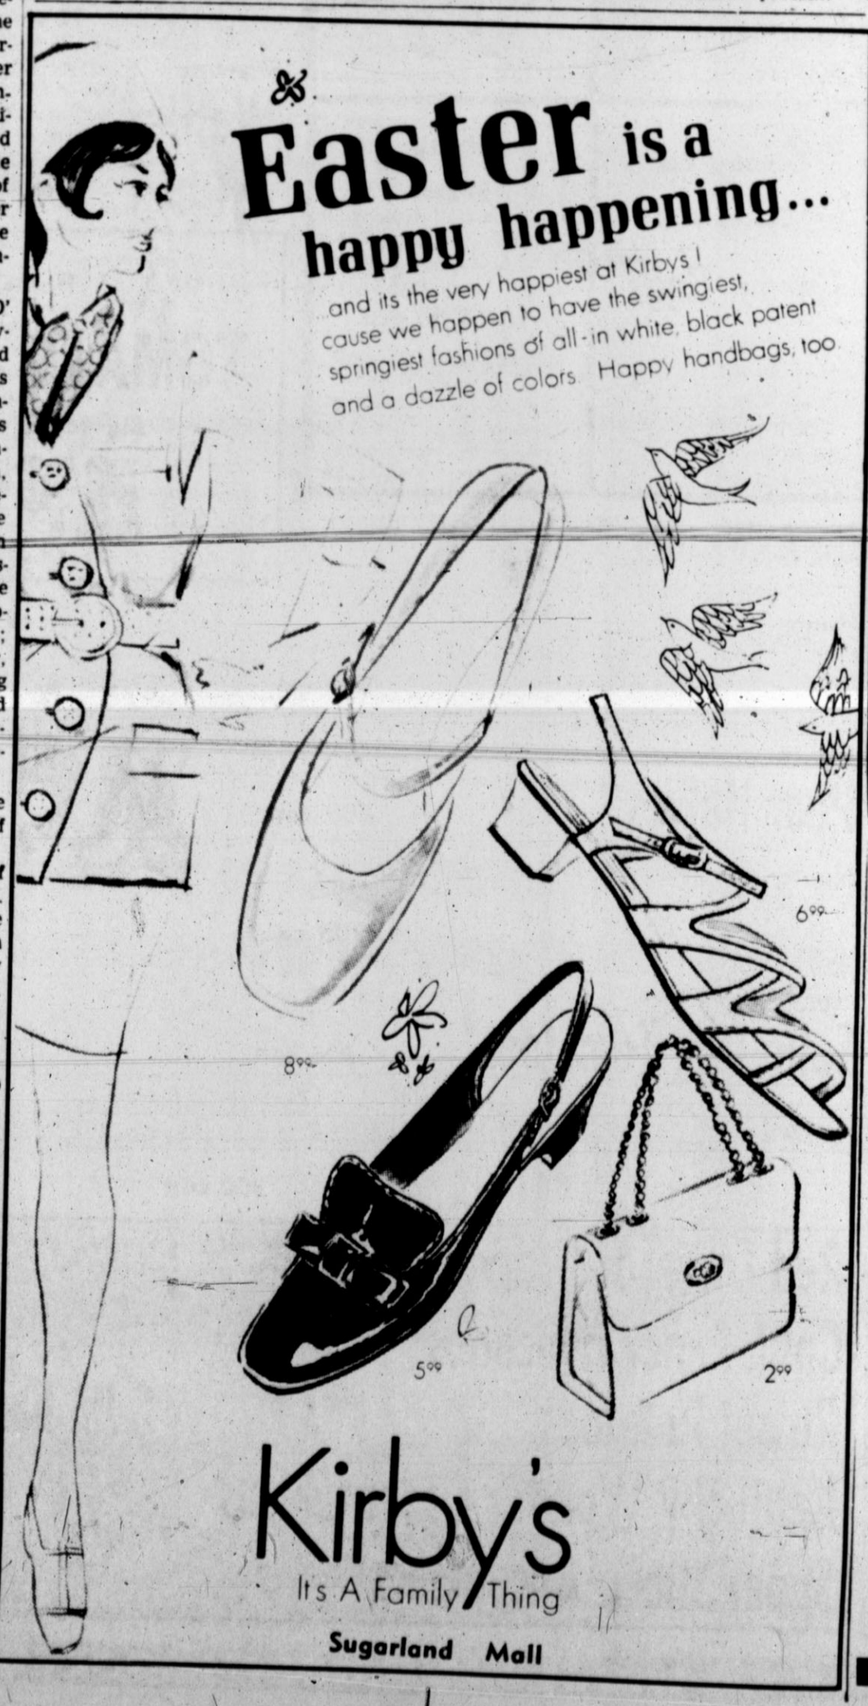

Master of ceremonies for the evening was Cub Master Richard Parker.

Presentation of awards was made by Parker and Lewis Lea, institutional representative.

Seven cub scouts were presented awards which they had earned. Wolf badges went to Mitchell George, Randy Moore, Russell Rusher and Jon Frazier.

Jimmy Fish was awarded his bobcat pin and silver arrow points were given to Clay Pitman, Dennis Collins and Russell Rusher. Gold arrow points went to Russell Rusher Randy Moore and Dennis Collins.

Clay Pitman was also the recipient of a Cub Service Star.

You can't be there to help them. We can.

Put your money where your boys are.

Clyde W. Graham

Graham Named SCS Head

J. C. Brown of the local Soil Conservation Service reported that Clyde W. Graham has been appointed to head the work of the United States Department of Agriculture Soil Conservation Service, Texas, by administrator Kenneth E. Grant.

Graham, a career employee currently director of its Watershed Planning Division, succeeds H. N. Smith as State Conservationist of the Agency at Temple, April 20. Smith died March 13.

From 1964 to 1966, Graham, 49, served under Smith at Temple as Deputy State Conservationist. He will transfer from Washington, D. C. to Temple April 20.

Graham, a 1943 Texas A&M graduate in Agricultural Engineering, was in the U. S. Army Air Force from January 1943 to September 1946 when he joined the SCS as a field engineer in Rotan. He holds a Masters Degree in Public Administration from Harvard University awarded in 1958. He is a native of Knox City.

He held Texas field jobs in Brady, San Saba, and Brownwood before coming to Washington in 1954, where he was an SCS Budget Analyst until he received a Littauer Fellowship for graduate study at Harvard. He returned to Texas after completing his work at Harvard. He was Assistant State Conservationist for Watersheds until his promotion to Deputy State Conservationist in 1964.

G. A. Strange Rites Are Held

Funeral rites for George Alvin Strange, 55, were conducted Wednesday morning in Rose Chapel of Gililland Funeral Home with Earl Cantrell of Rock Creek and Jack Hutton of Tulia, Church of Christ ministers, officiating. Burial was in West Park Cemetery.

Mr. Strange, who had resided in a nursing home at Littlefield, died in a hospital there Monday evening. He was born Sept. 11, 1913, at Childress and came to Deaf Smith County in 1948 from Silverton.

Survivors are a brother, Clarence Strange of Hereford, and three sisters, Mrs. F. A. Fitzgerald of Littlefield, Mrs. Luther Campbell of Plainview and Mrs. Lowell Rowell of Optima, Okla.

Absentee Vote Still Light

Absentee voting in the Hereford Independent School District race totaled 23 at press time Wednesday afternoon.

Four candidates in the three open positions are Wayne Phillips, Lowell Sharp, Hugh Clearman, and Olin Parris.

School officials have emphasized the absentee balloting this year because election day — April 5 — falls one day ahead of Easter. They believe that a number of qualified voters will be out of the city over the holidays and should cast their ballot earlier.

Absentee deadline is April 1.

ATTEND FUNERAL

The Glenn Watts family attended funeral services in Lubbock Tuesday afternoon for Mrs. Watts' grandfather, R. E. Caldwell, 91, of that city. A longtime resident of the Lubbock area, Mr. Caldwell died there Monday morning after a short illness. Burial was at Idalou. Survivors include nine children and a number of grandchildren.

License Tags Deadline Near

With the deadline for purchasing license tags only four days away, Deaf Smith County Tax-Assessor Collector Nell Miller says "it looks like everyone has waited until the last few days, as usual."

7,223 license tags had been sold Wednesday morning, Mrs. Miller said and the expected sales should be around 10,000.

Deadline for the tags to be on the vehicles is midnight, March 31.

Deadline For Pageant Entry Extended

Extension of entry time for the area Our Little Miss pageant is announced by Miss Rosalind Rush, director, and entries will be accepted to April 7, when the first rehearsal will be held at 10 a. m. The pageant is scheduled here April 26.

It will be the first such event in this area, but Our Miss International page ants have been held since 1963, when the first one was staged at New Orleans with 48 contestants from 19 states.

The pageant has grown until the latest event had 136 entries from 33 states and six foreign countries. It is now the gaint of the pagenat world with more contestants on the state and international level than the other major pageants combined.

An entrant chosen from the area pageant here will go to Dallas this summer to compete in a state event. She will be selected from girls in the 7 to 12 age group; smaller girls, 3 to 6 years of age, will appear in La Petite division of the area pageant, but do not go to state competition.

Miss Rush, who attends Texas Christian University as a theater management major, will be here April 2 to 7 to make arrangements for the first rehearsal. She is receiving entries by mail, but asks that late entries be made to Mrs. C. E. Rush or Mrs. Nelle Humes here since mail may not reach her before she leaves the college on her way to Hereford.

The World's Our Little Miss is more than a beauty pageant, she explains; it is a youth development program which gives training in good grooming, social graces and talent presentation. Each girl in the 7-12 age group will appear in a talent number.

State winners in the contest receive wardrobe gifts and compete for scholarships. The first World's Our Little Miss, Debbie Smith, recently had a role in a Walt Disney movie production, Family Band.

Social Security Facts

"April 15th is an important date for social security beneficiaries who worked in 1968," Travis C. Briggs, district manager of the Amarillo social security office, said today.

"For beneficiaries who worked and earned over $1,680 last year, this is the deadline for making an annual report of earnings," he said. "The report is not required," Briggs said, "of anyone who was age 72 or older during the entire year. People of that age may earn as much as they can and still be entitled to all their social security benefits.

"The annual report," Briggs explained, "is used to determine the correct amount of social security benefits payable for 1968. A beneficiary who earned $1,680 or less is entitled to benefits for all 12 months. If earnings were over $1,680 some or all of the benefits are not payable. But regardless of how much a person earns, he will get his social security benefit for any month in which he earns wages of $140 or less and is not actively self-employed.

"Most beneficiaries will receive the report form in the mail," Briggs said, "but for those who did not, the report is still due by April 15th. The social security office will be glad to send the form to anyone who calls, writes, or visits the office and asks for it," Briggs said.

"If a beneficiary would like help in completing the report," Briggs added, "he should visit the social security office, bringing with him the W-2 form his employer gave him. Beneficiaries who were self-employed in 1968 should bring a copy of their 1968 tax returns," Briggs said.

The social security office for this area is located at 1006 South Adams in Amarillo. The phone number is 376-5151. Hours of operation are 8:15 am to 4:30 pm Monday through Friday and until 6:30 pm on Thursdays.

Rebekahs Honor Officers

Mrs. Roy Manning, District Deputy President of District V and Mrs. Ola Hacker, Lodge Deputy, were honored with a reception by fellow members of the Hereford Rebekah Lodge following a regular meeting held Tuesday night.

Hostesses for the evening were Mesdames Leonard Davis, James Vines and Ben Conklin.

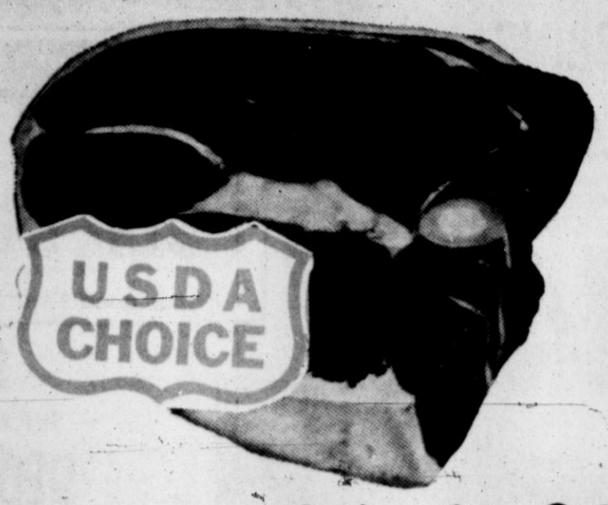

Presiding at the business session was Mrs. Davis, Noble Grand.

The prettily appointed serving table was complimented by tiered candelabras entwined with pink rosebuds. The cake, topped with tiny pink roses, was served with punch by Mrs. Conklin.

Approximately 15 members attended.

Cancer Cures Up In Local Area!

(Special to the Brand)

NEW YORK — Although cancer holds the number two spot in Deaf Smith County among the major causes of death, the chance of surviving a battle with the disease is better now than it ever was.

Today, one out of three victims is being cured, according to cancer specialists. And that ratio could be raised to one out of two, they say, if everyone saw a physician when the first symptoms appeared.

Interest in their findings, revealed at the National Cancer Conference in Denver, is heightened by the fact that next month has been designated "Cancer Control Month."

The cancer figures for the local area, and the way they compare with those for other sections of the country, are brought out in the latest annual report of the U. S. Public Health Service.

They show, among residents of Deaf Smith County, a total of 18 deaths in the year from the various types of cancer. Not included are cases in the local area involving non-residents.

It was equivalent to a rate of 113 cancer deaths per 100,000 in the United States as a whole and 128 in the State of Texas.

Lung cancer, and its relationship to cigarette smoking, has been receiving more attention than the other forms of cancer.

This has been due to the rapid increase in lung cancer mortality. With 55,000 victims in the past year, mostly men, the death rate is ten times what it was 30 years ago.

The official figures show that lung cancer caused 18 percent of all cancer deaths in the United States and 20 percent in the States of Texas.

In Deaf Smith County, the report shows, it was responsible for 17 percent of them.

Slowly but surely, progress is being made in coping with certain forms of cancer, according to the National Cancer Institute.

New drugs and new combinations of treatment have boosted the survival rate in cases involving cancer of the colon, rectum, cervix and breast.

As to lung cancer, however, there has been little progress. The five-year survival rate is still under 10 percent. Under the circumstances, the recommendation is "stop smoking."

Local residential campaign for cancer information and collections will be conducted Monday, April 14, according to Herman Ford, chairman of the Deaf Smith County unit of the American Cancer Society, Texas Division Inc. Mrs. Brenda Thomas has been placed in charge of this operation.

Hereford Choir Students Enter UIL Competition

Approximately 312 high school and junior high students from Hereford competed in University Interscholastic League choir competition held Tuesday at the Civic Center Coliseum in Amarillo.

Hereford High School's A Capella Choir received a II rating in concert and sight reading.

The Girls' choir took a I rating in concert and a II in sight reading.

The seventh, eighth and ninth grade Girls' Choir at La Plata Junior High received a II rating in concert and a III in sight reading.

The Mixed Choir, composed of eighth and ninth grade students, received a II in both concert and sight reading.

Stanton Junior High School's Girls' Choir made a I in concert singing and a III in sight reading. Eighth and ninth grade Mixed Choir received a II in concert and a I in sight reading.

Entered in the competition were schools from Borger, Pampa, Perryton and Canyon.

Lone Star Club Looks 'Behind Black Robes'

A survey of the U. S. Supreme Court, its establishment, its purposes and its workings, was presented by Mrs. Hardy Benson as speaker to Lone Star Study Club Tuesday afternoon. Title of the program was Behind the Black Robe.

Mrs. S. S. Williams and Mrs. Isla Chapman were hostesses in the former's home. The opening devotional talk, Forget-Me-Nots of Love, was by Mrs. Coy Phillips.

Mrs. Benson said the Supreme Court and the federal judiciary system were set up at the beginning of this nation to serve as a balance wheel to executive and legislative branches of government, which in turn hold it in check.

Its duty is to interpret the Constitution, she said, and she discussed present trends and predicted changes in the court's functions. She also sketched the career of each of the present nine justices who make up the court.

Mrs. C. D. Kelton, vice president, was in charge of the business session. Mrs. Vivian Major, president-elect, announced committee appointments for next year. Plans were made to send Easter gifts to the club's "adopted" girl at Girlstown U.S.A.

Members voted to cancel the meeting scheduled for Apr. 8 and to accept instead an invitation from Pioneer Study Club to its 60th anniversary tea.

Those present included Mmes. S. A. McCathern, V. E. Dodson, Baker Wonable, R. G. Blue, G. W. Newsom, John Jacobsen Jr., Jim Bookout, Glenn Witherspoon, Jim Higgins and Ray Suit.

ADVICE NOT TAKEN

PORT ELIZABETH, South Africa — The letters sprung out in bold type from the program of a cancer therapy symposium at Livingston Hospital: THIS IS A CANCER SYMPOSIUM, NO SMOKING.

Medical men and women sat quietly through smokeless discussions. But as soon as there was a break for meals or refreshments out came the cigarettes and pipes.

Eddie Mathews, one of the game's greatest sluggers, retired after the 1968 season. He was a major league third baseman for 17 years with the Braves, Astros and Tigers.

4-H Teams Place In Judge Event

4-H teams from Deaf Smith County placed high on the ladder at the Golden Spread Quarterhorse and Judging Contest held Saturday at the Cockrell Indoor Arena at Amarillo.

Sponsored by the Golden Spread Quarterhorse Association and District I Agricultural Extension Service, the educational type clinic was held in preparation for the District I contest to be held at West Texas State University on April 12.

Placing second in the senior division, only seven points below the winning team, was a team composed of Pat Cooper, Jimmy Clark, David Cooper and Kathy Jagels, who made 1007 points out of a possible 1200.

A junior team including Bill Martin, Lyle Taggart, Ricky and Rudy Coleman, placed fourth in the junior division with 971 points.

Jimmy Clark was fifth High Individual and Pat Cooper was eighth High Individual in the senior division, while Bill Martin received fourth High Individual in the junior contest.

Teams from 22 counties of Extension Service District I competed in the event.

The Saturday morning program included discussions and demonstrations concerning the confirmation and judging of quarterhorses, grooming and showmanship, proper procedures for performance classes including reining western pleasure, cutting and roping.

Imagine kneeling in public!

It's true. A lot of Episcopalians (not all) kneel during parts of the service.

They have a funny way of looking at worship. They don't attend church for the primary purpose of enjoying stirring sermons or beautiful hymns. "This is no spectator sport," they say.

Worship, to them, means offering a bit of themselves to God. Their first thought is one of giving . . . not receiving. Kneeling sometimes helps.

Sure! Episcopalians, too, have music and "messages from the pulpit." But if the choir is lousy — or the sermon something less than eloquent — the hour isn't really wasted. Every individual gives a bit of himself. And if kneeling seems to help, then God probably doesn't mind.

Maybe you wouldn't mind, either, if you learned the reasons behind some of the Episcopalian peculiarities: "formal" services, refraining from chit-chat, reading from a prayer book, and offering guidelines — not straight-jackets — for Christian living.

Your nearby Episcopal minister would be flattered to discuss them . . . without even "twisting your arm."

One of a series presented by "Those Crazy Episcopalians" in your area.

By MELVIN YOUNG

Dean Herring, past president of the local Kiwanis Club, was telling us Monday that the local organization has been named Number 1 club in Division 6, Texas-Oklahoma District for the month of February. It is quite an honor for any club to be the top club in their division, but to make it look even better, Division 6 was also named tops in the Texas-Oklahoma District for the month of February. There are 27 divisions in the District.

And although Dean didn't say so, we happen to know that the Texas-Oklahoma District is one of the outstanding in the nation, which makes the local club a dandy. That evaluation, by the way, is one that is shared by a lot of people in Hereford.

Having attended the Kiwanis Club meetings quite frequently, I've had an opportunity to observe this club at work. And believe me, they do work.

If you don't believe that, then join the fellows some time when they're chopping fire wood. This has been one of their chief money raising projects over the past few years and it has been a good one — but also a hard one. These fellows have had to have something on the ball however, to keep members coming back for more of the hard work, and we sincerely believe that it is a sincere desire to be of service to their community that has made the club grow as it has.

We're proud of the Hereford Kiwanis Club.

—HB—

Hereford's Mayor J. B. Pool is back on the job at the Western Auto Store, but he's not running any foot races yet. However we understand that he has walked around the golf course a few times since returning home — just for exercise. And to keep him out of trouble with his doctors, we'll have to report that he just carried one club and didn't swing very hard with it.

—HB—

The new Firestone Store in the 100 block of Main Street is now open for business and will have a Grand Opening soon.

We're indeed happy to welcome this new business to Hereford and wish them well in their endeavor. We're also happy to see some new business buildings constructed in that area of town. After all, that's the first thing that tourist see when they visit Hereford's main street, coming off U. S. 60, and heretofore, the situation has been something less than desirable. We would hope that other businesses will follow the lead and "dress-up' 'that end of Main Street.

—HB—

The people of Amarillo have pulled out all the stops in an effort to elect a new mayor for their city, as well as a few new commissioners. It is gratifying to see that R. G. Mills, who has been a community builder for many years, is apparently having no trouble in his efforts to become a city commissioner. Mr. Mills is well known and respected in the area around Amarillo as well as in the city, and we think his election will certainly be helpful in getting the situation leveled out.

For mayor, of course, the race gets a little tighter. Mayor Stroud may not be popular, but apparently L. O'Brien Thompson is not going to win any popularity contests either. Regardless, he is probably the better qualified of the two candidates.

It has also been suggested by some of the local community leaders that the folks out in the area towns can help elect Thompson by encouraging their Amarillo friends to support him. Certainly the Amarillo city commission needs a little stability and perhaps the election of Thompson would give it that.

Being the hub city of this vast productive area that we sometimes call the Golden Spread, Amarillo should be doing everything within it's power, not only to keep it's own affairs in order, but to lend a little help to the satellite cities around it. Amarillo means a lot to the people in the area, and certainly the area towns and people mean a lot to Amarillo. We would hope that in the years to come, the working relationship between the city and the area towns around can be better than it has been in past years.

—HB—

And speaking of elections, we have a couple coming up in Hereford. Fortunately, we have a better slate of candidates to choose from and a whole lot less controversy going than our neighbors. But don't let that keep you away from the polls. There are a couple of contested races and there is always the possibility of an organized write-in campaign that could upset the whole deal.

On the city level, Jim Sears is running unopposed for mayor, and Don Baugous has no opponent for city councilman. However there is a contest for the other council spot. W. T. (Troys) Carmichael and Bill Patton are vieing for this position.

In the school trustee election ,there are four men running for three spots and the three men with the most votes will be elected. Since this election falls on the Saturday before Easter, it has been suggested that everyone who thinks he or she might be out of town during that weekend should go by the school tax office and vote absentee.

Two of the candidates are incumbents. They are Hugh Clearman and Olin Parris. The other two candidates are Lowell Sharp and Wayne Phillips.

—HB —

April 15 comes on Tuesday this year and Wednesday (for taxpayers) will be a day of no return.

INDIAN LORE MONTH — was observed by Cub Scout Pack 151 at their recent Blue and Gold Banquet held at the First Christian Church with demonstrations on Kwahadi Indian Dancing. —Staff Photo

County To Hear Food Program

County Commissioners reported late Monday that they had received a message from Gov. Preston Smith asking them to re-examine the Deaf Smith County availability for either a food stamp or commodity program for needy families.

Following a discussion by the commissioners, they agreed to accept Gov. Smith's offer to have a state commissioner of the food program to appear before the court for a full explanation of the program's operation at a later date.

County Judge H. C. Williams reported to the Brand that the commissioners are now awaiting further information from the governor's office — for proper address of the state commissioner — before the invitation will be made.

Gov. Smith reported that the Texas Department of Public Welfare and cooperating county governments now provide food for about 248,000 persons in 138 counties that are using the USDA family food assistance program. Another 34,500 persons are receiving food help through the Food Stamp Program in 10 counties.

Gov. Smith has announced plans to intensify efforts to provide low-income families in all parts of the state with food available immediately from the U. S. Department of Agriculture. He and Burton Hackney, State DPW Commissioner, are appealing to county commissioners courts in the 106 Texas counties who do not have any such program to re-examine their needs.

Among the 106 counties other than Deaf Smith who do not have a food program are Andrews, Armstrong, Ector, Hansford, Hartley, Midland, Ochiltree, Oldham, Parmer, Randall, and Yoakum. Large counties are Wichita and Bell.

The Governor said, "It's no consolation to know that, of the 479 counties and independent cities in the nation that don't have these programs, almost one-fourth of them are in Texas."

Staff members of the Department of Public Welfare and of USDA's Consumer Food Programs district office in Dallas have agreed to meet with county commissioners to explain the program and help arrange a cooperative agreement to bring the food within the reach of all needy Texas citizens.

To remove the skins from small silver-color onions, pour boiling water over them and let them stand for about 10 minutes. Cut off the ends of the onions and then slip off the skin.

Theft is virtually unknown among members of Africa's Bushmen tribes. Bushmen do not enhance their status by acquiring goods, and a thief's footprints would be as well known as his face.

Calendar Of Events

THURSDAY

La Madre Mia Study Club in Mrs. Ben Scott's home, 8 p. m.

VFW Auxiliary in VFW Clubhouse, 8 p. m.

St. Anthony's Guild in parish school auditorium, 8 p.m.

Kiwanis Club lunch at IOF Hall, 12 noon.

Hereford Duplicate Club at Community Center, 7:30 p. m.

Wyche H. D. Club in home of Mrs. Charles Packard, 2:30 p. m.

Rebekah Lodge at IOOF Hall, 8 p. m.

WEDNESDAY

United Presbyterian Women's Association, luncheon at Church, 12:15 p. m.

Avenue Baptist WMU at church, 7:30 p. m.

Hereford Lions Club lunch at Hotel Jim Hill, 12 noon.

Welcomed as club guests were Mmes. Charles Riggin, Raymond Self and J. C. Brown.

Members present included Mmes. Howard Hunter, Chesley Johnston, Lynn Pittard, Bud Thomas, Don Brush, David Brumley, Charles Brown and Jim Arney.

Club Talk Has Easter Topic

A pre-Easter program was given in Young Mothers Study Club Tuesday evening, when Mrs. Larry Dobbs and Mrs. Homer Rudd were hostesses to members and several guests at First National Bank Community Room.

The speaker was also a guest, Wayne Thomas, Hereford attorney, who presented the legal viewpoint on the trial of Christ as reported in New Testament Gospels.

He discussed Roman laws and ancient Hebrew laws and religous customs which all had a part in legal procedure for the tral, as well as popular feeling of the time and the effect of mob demonstrations.

An annual event in he club, an Easter egg hunt for children of members, was planned in the busness session with Mrs. Raymond Gerk presiding. The hunt is scheduled for Apr. 3 at Community Center.

Amarillo Men Discuss Plans For Council

Dana Persons, of Southwestern Public Service Co. and secretary of the Amarillo Council on Alcoholism, with The Rev. Allen Conally, assistant at St. Andrews Episcopal Church, offered pointers to the Deaf Smith County Council on methods of operation toward maximum aide to alcoholics at the Hereford Community Center Tuesday night.

Rev. Fred Howard, chairman of the local council, reported to the group that the Amarillo Council is rated as one of the best such organizations in the state.

The two men discussed their operation, which includes placing books and pamphlets on alcoholism in the schools. They also reported on films and film strips (some of which the Deaf Smith County Council owns) which they rated as important for showings to both teenage and adult groups.

Rev. Conally pointed out that records indicate that more than 50 per cent of the population now consumes alcohol in some degree and that it is a toss-up between alcoholism and cancer as to which is the number three national killer.

Persons reported that the Amarillo Council now receives about $12,000 yearly from the United Fund and that its 21-member board of directors includes representatives from all walks of life including members of Alcoholics Anonymous.

Plans were also announced tentatively for an alcoholic treatment center at Amarillo, slated for a portion of the old Amarillo Air Force Base Hospital site.

Deaf Smith County Council has reportedly arranged for a speaker to appear here during April on the subject of alcohol and are now making arrangements for the showing of films at the schools and civic clubs in the city.

WESTWAY CHURCH HOLDS SERVICES

Westway Baptist Church had ordination service for their new pastor, Jackie Lee, last Sunday.

The Rev. E. M. Weathers was moderator and Carl Lee, father of Jackie Lee, presented the message. The Rev. Wayne Lee, brother of Jackie presented the challenge.

Serving on the ordination board were Joe Landers, Olin Baird, Gerald McCathern, all of Westway, Earl Lance and Carl Lee of Summerfield, and A. C. Glenn and A. D. Moore of Kress. Also Wayne Lee of Tulia and Merrill Weathers of Canyon.

The Detroit Tigers played tie games in 1968 with Oakland and New York.

Collect Eight Trophies

Mavericks Make Clean Sweep At Cinder Meet

La Plata's win-minded Mavericks, after sweeping High Plains Conference honors in basketball and football this year, got off on the right foot with the cinder season as they won eight of the nine trophies presented at the Boys Ranch Invitational last weekend.

The ninth graders collected a total of 33 points for their first place team trophy, getting a first in the 440-yard relay, and a first in the pole vault.

John Page, Ralph Waits, Charles Allison and Danny Charest combined their running ability for a first in the 440 relay as they were clocked at 47.5. Celestino Hernandez placed fourth in the 880 with a time of 2:16 and Allison was second in the 440 dash with a time of 56.8.

Billy Bob Taylor placed in three events as he was second in the 60-yard high hurdles with a time of 9.3, fourth in the 100 low hurdles with 13.3 and first in the pole vault, vaulting 10 feet nine inches. Gary London was fourth in the broad jump with a leap of 17 feet four inches and Larry Driver added to the effort with his fifth place finish in the shot with a toss of 41 feet.

The 880-yard relay team of Mickey Ginn, London, Waits and Charest took second place honors with a time of 1:40.1 and Page won the discus event as he tossed the plate 154 feet. Charles Ross was fourth in the discus event with a toss of 130.

Stanton's Dogies placed second in the meet with a total of 30 points.

La Plata's 60 points in the eighth grade was more than enough to secure them a team win as they outdistanced second place Stanton by some 37 points. Rival Dumas wound up third in the eighth grade class.

With a time of 47.7, the 440 relay team of Walter Olson, Danny Harris, Terry Champ and Larry McNutt walked away with the first place tokens. Champ won the 440 dash second place honors with a time of 57.4 while Harris winged his way to a first in the 60 yard high hurdles with a time of 9.1 seconds.

Alvin Ellerd aided the winning cause with a third place finish in the 100 yard dash with a time of 11.2 and in the 100 low hurdles, Barry McNutt took first with 12.9 and Olson second with a 13 flat.

Barry McNutt and Roger Jesko were in the thick of the running in the 220 yard dash as Jesko was second with a time of 26.1 and McNutt fourth with a 27 flat. The 880 relay team of Ellerd, McNutt, Champ and Harris latched onto first place honors with a time of 1:41.

In the field events, Larry McNutt was second in the shot with a toss of 40 feet 2 inches and Harris and Champ took first and second, respectively, in the broad jump with leaps of 17 feet 10 inches and 17 feet six inches.

Emilio Cantu took first in the pole vault with a height of nine feet six inches while in the discus event, Ricky Locke was first with a distance of 126 feet and Larry McNutt second with a toss of 120 feet.

In the high jump, Wallace Hill and Champ tied for second place honors with jumps of five feet two inches, and Hill was declared the second place winner via fewer number of misses. Champ took third place honors.

The seventh grade Mavericks never placed below a third in any event in their class as they swept past the opposition, some 46 points ahead of second place Dalhart.

The 440 relay team of Wayne Schumacher, Tommy Newton, Jim Marsh and Billy Crochum were first with a time of 53.4 and the 880 relay team nabbed first also with a time of 1:51.9. Comprising the 880 team were James Harris, Newton, James Waits and Crochum.

Paul Rudd won first in the 880 yard dash as he was timed at 2:21.4 and Crochum was first in the 440 yard dash with a time of 63.2.

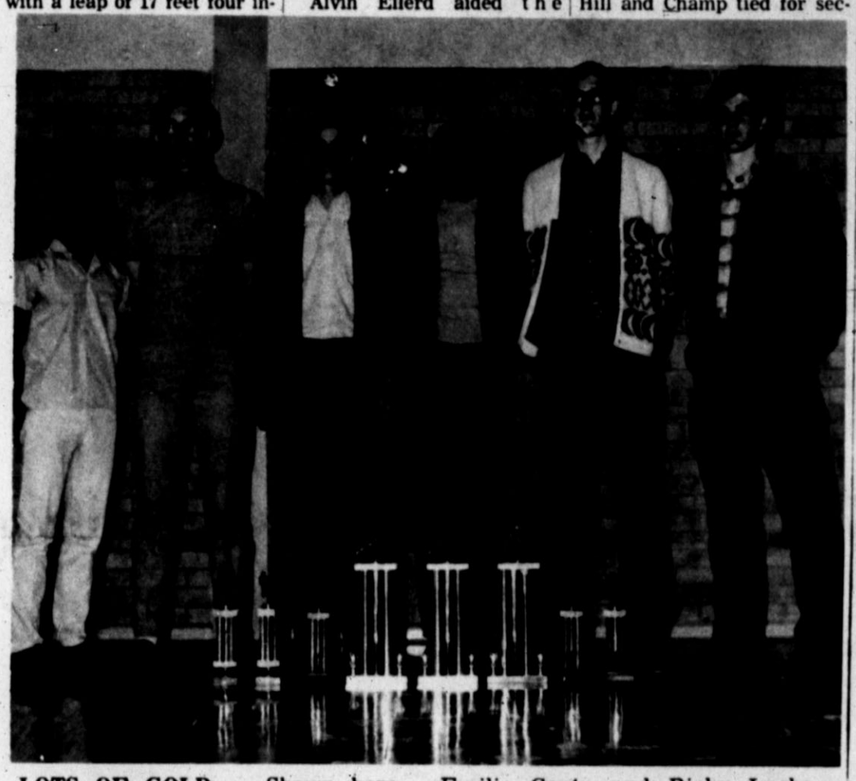

Harris was the winner of the 60 yard high hurdles event as he stopped the clock at 10.1 while in the 100 yard low hurdles Harris also was the winner with a time of 26.9. Schumacher placed second in the 100 highs with a 27 flat timing.

Waits was second in the 100 yard dash, timed at 11.8, and first in the 220 dash with a 26.9 while Marsh was second in the 220 with a 27.6.

Field events saw the seventh graders take three first place medals, two second and one third. In the shot put, Marsh was first with a toss of 39 feet seven inches and in the discus he took second with a 101 distance.

Gary Sandlin placed third in the pole vault with a vault of seven feet nine inches and in the broad jump, Harris was first at 15 feet five inches and Waits was second with an even 15 feet. Harris also won the honors in the high jump with four feet 10 inches.

The next meet for the Mavericks will be Saturday when all three grades journey to Canyon.

LOTS OF GOLD — Shown here are members of the La Plata track team which collected eight of the nine trophies awarded at last week's Boys Ranch Track Meet. They include, from left, Emilio Cantu and Ricky Locke, eighth grade; James Waites and James Harris, seventh grade; and Ralph Waites and Billy Bob Taylor, ninth grade.

Manager Mayo Smith of the Detroit Tigers was ejected from two American League games during 1968 after going through 1967 without getting the thumb from the umpires.

PLACE FIFTH — John Frank Martin, Hereford shot man, placed fifth in the annual Hereford Relays last weekend in competition against numerous AAAA schools. Martin's toss was measured at 47 feet, 2½ inches. —Staff Photo

Netters To Vie In Tournament

Hereford's tennis team will be one of 18 teams entered in the 20th annual Amarillo Relays Tennis Tournament which will be held Friday and Saturday at three different Amarillo tennis facilities.

Defending champion Midland Lee and runner-up from last year, Tascosa, will be expected to battle it out for the title again this year along with schools from Borger, Canyon, Dumas, Lubbock Dunbar, Lubbock Estacado, Hereford, El Paso Irvin, Midland Lee, Levelland, Muleshoe, Perryton, Plainview and Tulia.

Play will begin at 9 a.m. Friday with finals in all divisions to be held Saturday afternoon. Play will be at Amarillo Tennis Center on Stephen F. Austin Junior High School campus, at Amarillo High and at Elwood Park.

Outfielder Al Ferrara, obtained by the San Diego Padres in the National League expansion draft, was a child protege as a concert pianist.

Read The Classifieds

Tascosa Clinches Track Title Here

Hereford, defending champion of the annual Hereford Relays, saw their title slip away from them last weekend when the powerful Tascosa Rebels clinched the crown with a total of 122 and one-third points.

Tascosa placed in the top three in every event with the exception of the high jump, the 440 relay and the 100 yard dash, while Plainview took second in the meet with 108 points, Dunbar third with 92, Estacado fourth with 81, Littlefield fifth with 32 and Hereford sixth with 23. Bringing up the rear behind the Whitefaces was Levelland with 17, Canyon with 12, Clovis with 6 and one-third, and Muleshoe with 0.

In the field events, Donnie Fangman placed third with a toss of the discus of 142 feet 11 inches and John Frank Martin was fifth in the shot with a distance of 47 feet 2½ inches. Hereford's Alan Wagner tied for third place honors in the high jump at a height of five feet eight inches, but lost the flip of the coin and received fourth place.

Hereford's sprint relay team, finished fourth in the meet behind the Dunbar, Estacado and Plainview teams. Dunbar's winning time was clocked at 42.3 seconds.

Junior Marsh Pitman finished fifth in the finals of the 330-yard intermediate hurdles with a time of 42.5 seconds, and rounding out the placing for the Whitefaces was a second place finish by the sophomore boys in the special open two mile relay.

In Division I of the Hereford Relays, Floydada waltzed away with the championship as they collected 129 points to second place Abernathy's 96.

Hereford will journey to the Indian Relays in Seminole this Saturday for their next meet.

Bill Freehan of Detroit set an American League record in 1968. He was hit by opposing pitchers 24 times.

Special Shoot Is Set Sunday

The Hereford Gun Club will put another trophy up for grabs this coming Sunday when a special "Quail Walk Trophy," donated by R. J. Cramer, will be shot for.

Entry fee has been set at $5 per person and each entrant will be required to shoot 50 rounds. The shoot is set up on the basis of a shooter being surprised by the direction from which a "pigeon" will be launched. He will have three traps from which the "pigeon" will be launched and will not know from which it will be tossed. The shooter with the best number of hits out of a possible 50 will be declared the winner.

Practice shooting will begin at 1 p. m. and the regulation shoot at 2 p. m.

Godwin Wins Trophy Shoot

Bud Godwin, hitting 40 out of a possible 50 "pigeons," was the winner of the second shoot for the "All-Around Traveling Trophy" in competition Sunday.

Lynn Barclay collected second in the shoot as he tagged 38 out of 50 and third was won by Jack Arnold with 37 hits.

Entrants were required to shoot 15 shots from the 16-yard line, 15 from their handicap, five pair of doubles and 10 crazy quail. Jim Cramer won the high score with eight of ten hits.

The trophy, of the traveling variety, will be up again for grabs next month.

Five Persons Split Honors In Kings, Queens Bowling Action

Bowling honors were well divided last week in Kings and Queens Bowling League action as three men shared the King's honors and two women the Queen's honors.

"High Series" for the men was Buddie Evans with a 590 while "High Game" went to Mike Watts with a 223. Watts also rolled a 619 for the "High Handicap" honors.

Bonnie Bauman had high series for the women with a 509 and Anne Radney had the high game of 191.

Splits were picked up by Curtis Ritchie, the 3-10; Luella Dool and Buck Bauman, the 2-7; Nadine Kearns and Jean Bagwell, the 5-7; and Rita Bell, the 3-7-9-10.

Last week's results included One Hour Martinizing won 1 and lost 3; Missouri Beef Packers won 1 and lost 3; Sunset Lanes won 3 and lost 1; Quarterhorse Club won 2 and lost 2; Farmers Elevator won 1 and lost 3; Sunset Food Center won 4 and lost 0; Vance Hall Sporting Goods won 3 and lost 1; Hereford Janitor Supply won 3 and lost 1; Cougar Club won 0 and lost 4; and Powell's Mobil Service won 2 and lost 2.

Standings to date show Sunset Food Center, 30-14; Sunset Lanes, 29-15; Hereford Janitor Supply, 29-15; Vance Hall Sporting Goods, 28-16; Quarterhorse Club, 20-24; Missouri Beef Packers, 19-25; Cougar Club, 17½-26½; Farmers Elevator, 16½-27½; Powell's Mobil Service, 16-28; and One Hour Martinizing, 14-28.

Link Team To Go To Amarillo

As a part of the Amarillo Relays which are held every year, the Hereford golf team will compete against 17 other schools in Friday's opening competition.

Lubbock Monterey's Plainsmen, defending champions and favored to repeat again this year, will go against other entries from class AA-AA and AAA schools including Tascosa, Amarillo High, Palo Duro, Caprock, Big Spring, Borger, Canyon, Hereford, Midland Lee, Lubbock High, Muleshoe, Odessa, Tulia, Tampa, Permian, Wichita Falls Rider and Wichita Falls High.

Teams will card 18 holes of medal play daily for a 36-hold total.

In last week's round of the South Zone District 1-AAA link meet, Hereford fell 10 strokes back of leader Tulia who registered a 325 score. Muleshoe is two strokes ahead of Hereford at 333 as the locals stand at 335.

The next meet will see the Whitefaces travel to Muleshoe on April 5.

Southpaw Bill McCool, drafted by the San Diego Padres from the Cincinnati Reds, also pitched for the Padres when they were in the Pacific Coast League.

ABC

What is the A.B.C.?

Chatting with a merchant the other day, we mentioned our "ABC figure."

"What," he asked, "is an ABC figure?"

Perhaps what we told him will also interest you.

This newspaper is a member of the Audit Bureau of Circulations, an independent, nonprofit organization of nearly 4,000 advertisers, advertising agencies, and publishers.

Its purpose is to provide accurate and factual reports on the circulations of member publishers. In the advertising and publishing industry, the ABC insigne is often referred to as the "hallmark of circulation values."

At regular intervals, an ABC traveling auditor visits our office to check our records. The findings of this physical audit are embodied in an Audit Report published by ABC — the report literally tells us what our circulation is.

Virtually everything an advertiser should know about our circulation is found in this report, facts and figures without opinions.

Few retailers bother to ask to see a copy of our report, yet we want you to know one is available anytime you are interested in the quality and quantity of our circulation audience — the audience for your advertising messages.

What is an ABC figure?

It is our way of assuring you that you get full measure for your advertising dollar in this newspaper.

SPRING

"The first day of spring is one thing, and the first spring day is another."

—Henry Van Dyke.

When we read the above quote, which was by one of the greatest of our poets, we are made to wonder if Van Dyke was not well acquainted with the weather of the hi-plains, of Texas.

Since the first day of spring, the weather has been very eccentric, for example yesterday we had many kinds of weather antics. During the time when the snow was coming real heavy, the door bell rang, and when I answered it I was almost speechless (you won't believe this) when the postman handed me a package of rose bushes, which an eastern firm had sent to me. My first reaction was that they would be sent back immediately. Then this morning (Tuesday morning) the sunshine is very pretty and warm. . .so what will I do? All of this I have written to again emphasize the fact that we cannot get in too much of a hurry to plant things here. We will still have some cold weather, perhaps freezing temperature.

One of my friends in Amarillo, who is a nature lover and one who observes its antics very closely has said that we are due to have a freeze on the 17th of April, and also on the 22nd of April. The thing on which she bases this, is the fact that it thundered on the 17th and also on the 22nd of February, and there is an old adage which says that we will have freezng weather on the days or nights in April, if it has thundered in February on these dates.

Keep this in mind and we will check on it. Even as I have written this, another person has cited this nature prophesy to me. Am always interested in the old adages or predictions which have been passed on to us.

My grandmother, mother and brother-in-law, Pink, have all given me information regarding planting accordng to the moon. Since I have had some questions rgarding this I am copying what Vera Deason had in her column, in the Amarillo Daily. "MOON LORE: One of our almanacs recommends Friday and Saturday as good pruning dates. Another says cut trees you wish to grow quickly again during the first quarter of the moon. The first quarter of the moon began Tuesday.

The "light" of the moon is the time between the new and the full moon, and this is the time recommended for planting vegetables and flowers bearing fruit above ground. The "dark" of the moon is after the full moon to the new moon, and that is the time to plant all other crops. The next dark of the moon time comes between April 2nd and 15th. Good transplanting time begins the afternoon of April 1, and runs through April 5th."

Whether you believe this and practice gardening accordingly, is your choice. All of us however must be aware that the trend of nature does influence our plants, just as does changes in weather effect us personally.

Saturday afternoon, after my sister Lavinia came, I took time to drive about town. Had not been able to do this for two months and I enjoyed it so very much, one of the things that added to my enjoyment was the rain, to me it is fun to be in the rain. I was pleased to note that many had been busy in their yards. Many had done some pruning, some had cleaned the alleys, and were planting vegetable gardens. Was good to see the fresh turned soil and watch them plant the seed or onions. By the way this is a wonderful way to keep the weeds down, and the alleys attractive, as well as to have some fresh vegetables for the family.

There is a lovely trimmed, tiered hedge on Centre Street, which looked so well kept and fresh. The color was good and the foliage had an excellent texture and richness. Also noticed that George Stambaugh had mowed his lawn, and it was lush and beautiful as the rain disks came falling down. Sorry I missed the pretty crocus which are planted around the trees, in the front yard. Am keeping my eyes open to see some pretty blooms a bit later at Gene Streun's. Gene told me that the bulbs were the largest, and best bulbs he had ever planted (planting was a bit late). Pioneer Study Club really sells excellent bulbs, if there is a question in your mind just look about town at the pretty blossoms from he spring bulbs.

Really we could call this DAFFODIL month in Hereford, because there are so many lovely daffodils in bloom. Some of these are at the Post Office, Mrs. O. G. Hill's, Mrs. Werner's, and there is a very pretty planting in full bloom in the 400 block on East Fourth. (There is always something pretty blooming at this address, am going to take time to stop and get acquainted with this good gardener.

The daffodil is a plant that adapts itself to the many changing conditions of weather. Over the years I have found them remarkably tolerant; they stand heat or cold; they grow on shallow or rocky soil or in fairly heavy prairie clay. They can be frozen in the snow bank one day and then the next they will lift their sunny heads and greet you in a charming manner. BUT they do not flower if (1) they are in full shade, they should have at least a half day of full sun, (2) they will not grow well and flower if they are planted where the drainage is poor or (3) the foliage is removed before it yellows and cures naturally. If the foliage is removed from any of the flowering bulbs they are robbed of very important nutrients. As the foliage yellows, fades and dries, new strength is given into the bulb for another season of bloom.

The wise gardener will add new kinds of daffodils to their collection. Many advancements have and are being made in new kinds, and many of them are very lovely, and will add joy for the garener as well as interest to the garden. Some of the best for our area among the old kinds are: King Alfred, Atomic, Mount Hood, Unsurpassable, and Yellow Cheerfulness. The newer ones are Abundance, Shot Silk, and Texas, and two Hybrid Daffodils which many planted this year are Red Bird, and Red Marvel. Am wanting eagerly to see how these do. In selecting bulbs for plantng look for those which are recommended for their hardiness, texture, color, form, and durability, and do not pay too much attention to size, as there is beauty and loveliness in many of the small blossoms. If in doubt confer with some of the folk who grow them locally.

'I love the yellow daffodil,
The first that comes in Spring —
So glad! So gay! So joyous!
Such a dainty little thing.
I like its haughty challenge
Of winter's biting cold —
The messenger of Springtime,
Sunny, smiling, tender, and bold."

They really Cheer the heart of the gardener, And shorten the day of a shut-in. Grow them and share them.

Since we are all happy about the coming of spring, and looking forward with much anticipaton to the blossoms of our flowers, am going to close with a quote from my grand-niece Laura's letter —

"March 20th first day of spring. . .

May the sun shine on us all, and all the flowers be happy and gay."

CONTEST WINNERS — Placing in recent VICA contests are, from the left, from ICT, James O'Hair, 1st place in skill-speed printer, letterpress; Keith Winkler, 4th place in automotive partsman; Keith Sorenson and Eddie Culp, 3rd place in exhibit. —Staff Photo

Hereford VICA Chapters Place At Recent Contest

Hereford High School's Vocational Industrial Clubs of America chapters made a good showing in the recent District VI VICA Contests held Friday and Saturday on the Amarillo Vocational College campus.

VICA students from all the Panhandle region competed in skill-speed contests and student participation contests.

DATES TO REMEMBER: April 23rd, 24th and 25th. . . Flower Show School Number 5. Mrs. Jason Robberson will teach flower arranging, or artistic design, and Mrs. John Salois, of Dallas, horticulture and flower show practice. For further information write Mrs. Joe J. Miller, 4320 Bowie, Amarillo, Texas.

Winners in the numerous contests from Industrial Cooperative Training were James O'Hair who won a first for 'skill-speed printer letterpress; and Kieth Winkler won 4th place in automotive partsman.

The Hereford High School Cosmetology Department won on every entry.

Bonnie Walker won a "superior" rating on her class notebook. This is the highest and most distinguished rating on class projects.

In wig styling, Melody Ott won "excellent" and Joanne Coffey won "very good." Melody also won "Outstanding Cosmetology Student" of District VI and took a first place in hair styling. Her model was Mildred Strain.

Becky Jesko won 4th place using Mary Husman as her model. Becky also won 2nd place out of 64 contestants in Job Application.

Others atending the contest were Rose Mary Fangman and Annie Nuley.

Winning a rating of "very good" in Auto Mechanics was Keith Sorensen and Eddie Culp. Leonard Lindeman and Phillip Murry placed 3rd.

The winners will go to Irving, Tex. for State competition on April 24-25.

Unexpected guests for lunch? Devil some hard-cooked eggs and make a salad of them with salad greens and canned asparagus spears. Choose the green variety of spears to make the salad look especially attractive. Serve with Thousand Island Dressing.

Rummage Sale Set Saturday

A rummage sale is to be conducted by St. Anthony's School from 10 a.m. to 6 p.m. Saturday on Gibson Discount Center parking lot in a campaign to raise proceeds for a new school bus.

Father Simeon Heine, S.A. pastor of St. Anthony's Catholic Church here, has asked the people of Deaf Smith County to come by and inspect the merchandise that is offered for sale.

WILD MOUSE CHASE

CAPE TOWN, South Africa — British painter Terence Cuneo unintentionally led security police here on a wild goose chase.

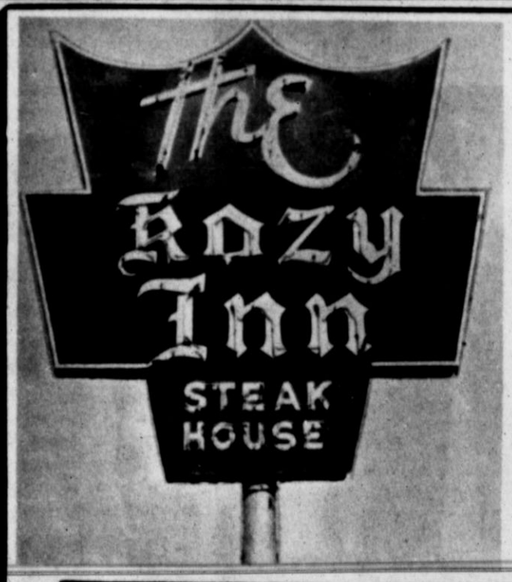

Cuneo puts a tiny mouse into each of his paintings and the captain and officers of a passenger liner, learning this tried in vain to find the rodent in the print of a Cuneo painting hanging in an officer's cabin.

Eventually they cabled the publisher asking where the mouse was and received the answer: "Up the telegraph post first right."

Police found the message suspicious and boarded the ship for an explanation. They stayed to help find the mouse.

You can make an excellent salad from salad greens, grapefruit sections and strips of green pepper. If you like, you can peel the green pepper with a swivel-blade vegetable peeler. Yes, it works!

Spice canned beef bouillon with lemon juice and Worchestershire sauce and serve over ice as a before-dinner offering.

Hereford FHA Girl Named To Area Office

An area office in Future Homemakers of America was given a member from Hereford FHA at the spring meeting of Area I at Lubbock last weekend. Sherry White was named fourth vice president and in that office will have charge of music and recreation.

She was also named the area candidate for state representative to the nation choir which will appear on program at the national FHA meeting at Denver in July.

Approximately 100 FHA members and their mothers went from Hereford High and Junior High Schools to the Lubbock meeting Friday evening and Saturday.

Jan Turrentine, Cindy Caviness, Chris Loerwald and Miss White sang in the choir composed of junior annd senior girls; Carol Scott, Marlena Kelly and Nelda Norton in the choir of freshmen and sophomores.

Homemaking faculty members who went to Lubbock with the group were Mrs. Frank Prowell, and Mrs. M. T. Burelsmith of the high school, Mrs. Joe Bradley of Stanton Junior High and Miss Lou Ann Witkowski of La Plata Junior High.

Sherry White
. . . honored by area FHA

Voice Recital Planned With Club Sponsoring

Sponsored by Music Study Club and open to the public, the senior recital of Judy Hollingsworth, voice pupil of Mrs. Allen Cansler, will be presented at 2:30 p. m. Sunday in Avenue Baptist Church. Assisting on the program will be the Woodwind Quintet from Hereford High School Band.

Accompanist for the young soprano, who will sing three groups of songs, will be Don Baugous, pianist. Miss Hollingsworth, a senior class member in HHS, is the daughter of Mr. and Mrs. Alton Hollingsworth, Dimmitt Highway.

The quintet which will play two selections is composed of Jimmy Haile, clarinet; Joy McCathern, oboe; Jana Denton, bassoon; Pat Cooper, flute, and Patsy McCutchen, french horn. It is one of the ensembles from the HHS band which recently won a Division I rating in Interscholastic League district contests.

Although she has had only one year of voice study with a private teacher, Miss Hollingsworth has sung in school choirs since she was in the seventh grade and has achieved Division I rating as a soloist five of those years. She was chosen as an all-region choir member in 1967 and again in 1968.

She has been a piano student of Mrs. Joe Hacker for eight years and has acted as piano accompanist for band, choir and soloists. Interested also in forensics, she was entered in district UIL contests in that division this year.

After her graduation from high school in May, she expects to enroll in Lubbock Christian College as a music major.

Rev. Alcala At ORU In Tulsa

Rev. Fidel Alcala, pastor of San Pablo Methodist Church in Hereford, recently attended a special ministers' seminar held on the campus of Oral Roberts University, Tulsa, Oklahoma. The University hosted some 500 ministers representing 20 denominations February 28 through March 4. Featured speakers were President Oral Roberts and several of the ORU faculty members.

The seminar was the fifth in a series of seven that will be conducted on the ORU campus this year that will bring an estimated 3,000 visitors to the campus. The seminars are directed towards laymen and youth. In addition to the seminar visitors, some 30,000 additional people register annually for tours of the campus which has been termed "space age" by many of the guests who view it for the first time.

During the seminar the guests were introduced to the physical facilities, educational media and philosophy of the school which is now in its fourth year of operation with a current enrollment of over 800. The University is well known in the academic circles for its innovations in the field of electronic teaching methods. It is the first institution of higher learning to install a complete audio-visual information-retrieval system. The 21.5 million dollar campus is located on a 420-acre tract in suburban Tulsa.

The Tigers lost four games in a row only once during the 1968 season, their longest losing streak of the year.

Shooting The Bull At HHS

By JANE ZINSER

The weather is getting warmer and spring fever has hit numerous students causing a ltle more undone homeword and longer day dreams of summer to come.

—HHS—

Tuesday the HHS FFA hosted the District Farm Mechanics Contest here and the FFA Distric Convention will be held at Boys Ranch April 14. At the District Convention, the District Sweetheart, Peggy Summers, will compete for the title.

Public speaking events and area and state officer nominations will be made, and later, competition for State Farmer and American Farmer will be held with Hereford having four candidates in Steve Jones, Steve Olson, Galen Jack and Jimmy Christie for State Farmer and James Simpson for American Farmer. Good luck boys!

—HHS—

Formal initiations for Tri-Hi-Y were held March 20 at the Presbyteran Church and present members are happy to have all the new members join the club.

—HHS—

Student Council thanks everyone attending heir faculty vs. KPUR basketball game last week and special thanks are offered for the teachers for the successful event.

State convention for Student Council is this weekend in Amarillo and all executive members will attend. Auctions of sophomores for Beanie Day, April 1, will be Monday. The underclassmen will be sold to the upperclassmen for their services such as washing cars and carrying books.

—HHS—

The next Community Center dance is April 3. from nine p. m. to midnight with the "renegades" playing.

—HHS—

FHA is charging through this week with lots of extra activities for FHA Week. Sunday the girls attended St. Anthony's Catholic Church; Monday everyone wore red and white; Tuesday a parent box supper was held at the HHS cafeteria; Wednesday the Young Homemakers had a coke party and today and tomorrow cookie sales will be held at both lunch hours. Saturday is Hobo Day and all FHA girls will work at odd jobs for anyone during the day. If you would like to hire some girls call Sherry White at 364-1362.

Sunday the Church of Christ will be visited by FHA girls.

New presidents were elected during the week and included Shirley Turner for the Royal Rose Chapter and Sherry White for Chapter I. Presiding presidents are Anna Johnson and Chris Loerwald.

The HHS choirs participated n UIL Contest Tuesday. It was a tough contest, but the girls choirs made a I in concert and the A Capella came out with a II in concert. Both choirs made II ratings in sight reading. Good Luck at Corpus, girls!

The Junior and Sophomores are having to decide on next year's courses for registraton. Don't forget, juniors, that your registration papers are due Friday.

Denny McLain set a record for the Detroit Tigers by striking out 280 batters in 1968.

Robert H. Reinauer

Reinauer On Naval Cruise

PENSACOLA, FLA. — Midshipman First Class Robert H. Reinauer, son of Mr. and Mrs. Joe F. Reinauer of Hereford, attended a Naval Aviation Indoctrination cruise at the Naval Air Station, Pensacola, Fla.

He and his fellow Naval Reserve Officer Training Corps classmates were flown to the Pensacola training complex for a close look at the machines and men used in training student naval aviators.

Lectures and presentations preceeded the high point of his visit, a flight in the Navy's T-28B "Trojan" basic trainer aircraft.

The Earl of Leicester entertained Queen Elizabeth I of England at Kenilworth Castle for 19 days in July 1575. Clocks stopped when she arrived. Guns saluted, fireworks flared and 320 casks of beer slaked the guests' thirst. Amid halloos of huntsmen, Elizabeth hunted deer with bow and arrow.

VICA CONTESTANTS — Taking 1st place honors in recent District VI VICA Contests is Melody Ott (top photo, left) with her model, Mildred Strain. Top right is Becky Jesko, who won 4th place and her model, Mary Husman. Show winners in exihibits, lower picture, left is Joanne Coffey, with a "very good"; Melody Ott, "excellent" and Bonnie Walker, who won a "superior" rating. —Staff Photo

Joe VanZandt

Van Zandt On TCFA Staff

It was announced this week by Lloyd Bergsma, Executive Vice-President of the Texas Cattle Feeders Association that Joe VanZandt was now on the staff of the Association.

VanZandt joined the Association March 1 as Director of Membership Relations. In this new position, VanZandt will be working closely with the members of the cattle feeding industry in Texas. He will be helping the Texas Cattle Feeders Association keep in closer contact with its growing membership.

In commenting on the new staff addition, Bergsma stated "The Association has experienced tremendous growth in membership and services since it was organized in June 1967. We needed a top-notch man to help us serve our members in an effective manner, and feel we were fortunate in obtaining VanZandt for this job."

VanZandt was born in Tulia but grew up in Wheeler County. He and his wife, Betty, have 2 girls and 1 boy and will reside in Amarillo.

VanZandt recently resigned his position as Moore County Agricultural Agent, Dumas, to accept this new job. Previously he had served as County Agent in Parmer County and Live Oak County, and was Assistant County Agent in Travis County. He served as a Management Officer in the U. S. Army while stationed at Fort Bliss, Texas for two years.

A 1959 graduate of Texas A&M University, Van Zandt has a B. S. degree in Animal Husbandry. While at A&M he was a member of the Junior and Senior Livestock Judging Teams, and Senior Wool Judging Team. He also received the honor of outstanding Sophomore and Junior member in the Saddle and Sirloin Club. The Alpha Zeta honorary fraternity elected him Treasurer.

In his youth, Van Zandt was active in 4-H Club work where he received numerous honors, including Co-Chairman Texas State 4-H Club Council, trips to National 4-H Club Congress and National 4-H Club Conference. He received a Thomas E. Wilson Meat Animal Scholarship and paid for his college education through his earnings from 4-H beef projects.

Country Club New Member

One representative of the food service industry in the Panhandle Restaurant Association has been voted into membership of the local chapter and the statewide Texas Restaurant Association.

The new member is Ouida Ware Halbert, Hereford Country Club, Hereford.

President of the Panhandle Restaurant Association is John Stinson, Double Dip, Amarillo.

The Texas Restaurant Association is made up of more than 3,700 leading Texas food service industry members. It has 21 chapters located in every section of Texas. Executive Vice President W. Price Jr., heads the home office in Austin.

Today food service is the fourth largest industry in Texas with separate eating and drinking places now ranking as the number one type of retail outlet, providing employment for more people than any other retail business. The state Comptroller reports that the industry has surpassed the billion mark in sales in Texas for the second straight year.

To display the familiar TRA blue emblem, its members must meet and continue the highest standards of good food, cleanliness and service to the public. Slogan for the giant trade association is "Eating Out Is Fun."

Note to new cooks: before using beef kidneys, the fat and tubes should be removed before the kidneys are washed.

Two Injuries Reported In Three Wrecks Occurring Saturday

Three auto accidents occuring Saturday evening, all within a one-hour period, resulted in injuries to two men. Taken by ambulance to Deaf Smith County Hospital were Richard Smith, 230 Ave. J and Manuel Mirales, 409 S. Schley, after their vehicles collided at the intersection of Lee St. and Hwy. 60. They were treated and released.

Smith was traveling west on Hwy. 60 when Mirales pulled into his path causing the collision.

Approximately $1600 damage was reported to both cars.

Investigating officer was James L. Tucker.

Two other accidents, which happened a few minutes apart, included a collision at the corner of Bennett St. and W. 1st and another at the intersection of North Miles and 3rd St.

Colliding at Bennett and 1st were cars driven by Louise Bands and Sonja Bull. No injuries were reported.

Robert Earl Spaulding, operating an emergency vehicle, was traveling north on Miles when he collided with a car driven by Wanda Ingram Lytal. Damage to the Lytal vehicle was estimated at $350 and the Ford pickup, owned by the Fire Department was damage at $225.

One-tenth of an ounce of uranium generated the first atomic bomb explosion.

Marriage Announced

The marriage of Mrs. Ruth Marie Crosthwait of Hereford and Therin Jackson Keeling of Amarillo was solemnized Saturday morning in a 11 o'clock ceremony in First Presbyterian Church here, with the Rev. Russell Wingert, pastor, reading the ceremony.

Only guests for the simple service were Mrs. Crosthwait's brother, Carl Dean Mountz, and Mrs. Mountz of Lubbock, and Mr. Keeling's son, Bruce Keeling, and family.

Luncheon was served to the group after the wedding at Hereford Country Club. The couple will make a home in Amarillo.

An interesting way to prepare a tomato aspic: Pour a thin layer of the tomato gelatin mixture into a mold and allow to set. Add a layer of cottage cheese mixed with minced chives and then pour on the rest of the tomato gelatin mixture. Chill until set. Unmold before serving and garnish with salad greens and pimiento-stuffed olives.

To VICTORY

...that is the cry of the multitude. Today we join the happy throngs around the earth as we shout together, "Hosanna"! Whatever the morrow may hold of suffering, today we declare to the world... "*Christ has come.*" Because we are in His company, we know that God ultimately will be sovereign over all the world. We are confident that goodness is stronger than evil. We are sure love will triumph over hate. Whatever a Friday of crucifixion may bring of temporary defeat, we know life will triumph over death, and the Christian way will resolve itself supremely in the final destiny. Then Palm Sunday is a day to celebrate and set up our banner of hope. "For right is right as God is and right the day must win." *This hope will convert, for us, spiritual defeat into eternal victory.*

LET'S COOK SOMETHING

Pie Is Doubly Good

By CECILY BROWNSTONE
Associated Press Food Editor

It's a luscious combination of butterscotch flavor and filberts, this pie. The filling is a custard-type mixture and it has a high and fluffy meringue.

IT SHOULD CUT well after being allowed to cool completely at room temperature, but if you have doubts about its firmness chill it briefly. And we mean briefly; long chilling won't do the crust or the meringue any good.

Another tip: when the custard-type mixture is cooked, it has to be both stirred and boiled for a matter of minutes. Stir slowly, in the form of the figure eight; this way you can watch the boiling and time it.

About adding the meringue. Spoon part of the meringue carefully around the edge of the filling, then spread it out to touch the inner edges of the crust all the way around. Heap the rest of the meringue in the center and push it out to meet the border.

FILBERT BUTTERSCOTCH PIE

½ cup butter
Two-thirds chopped filberts
9-inch baked pie shell
One-third cup unsifted flour
¾ cup firmly packed dark brown sugar
¼ teaspoon salt
2 cups milk
4 large egg yolks, beaten until thick and ivory color
1 teaspoon vanilla
Meringue (see below)

In a 10-inch heavy skillet, over low heat, melt butter; add filberts and stir until browned. With a slotted spoon remove filberts and drain on paper towel. Spread in baked pie shell.

Into butter in skillet blend flour; stir in brown sugar and salt; stir over low heat about 3 minutes. Add milk and cook, stirring constantly, until mixtue comes to a boil and boils 1 minute.

Stir a little of the hot mixture into the beaten egg yolks; gradually stir back into hot mixture; yolks will thin mixture. Cook, stirring constantly, until mixture comes to a boil and boils 1 minute; mixture will thicken again. Remove from heat; stir in vanilla. Let stand (to cool slightly) while making Meringue, then pour mixture over filberts in pie shell. Spread Meringue on top, making sure mixture is entirely covered and Meringue touches pastry edge.

Bake in a preheated 400-degree oven until tinged with brown — about 5 minutes. Place on rack to cool. When pie is cold, it should cut well If by some chance it does not chill briefly.

MERINGUE

4 large egg whites
¼ teaspoon salt
8 tablespoons sugar

In a medium bowl, beat egg whites and salt until foamy throughout. Thoroughly beat in sugar, 1 tablespoon at a time, so it dissolves. Continue to beat, if necessary, until whites hold stiff straight peaks that do not curl over when beater is slowly lifted out.

FILBERT BUTTERSCOTCH PIE — A layer of buttertoasted filberts is topped with butterscotch filling and a fluffy meringue.

School Groups Give Concert

Music students of Hereford High School presented a Sunday afternoon concert for Music Study Club members and a number of guests in Community Center ballroom, directed by Ben Gollehon and Bill Devers.

Introduced by Mrs. R. C. Godwin, club president who welcomed the guests, Gollehon commented briefly on he public school music program of which he is coordinator, and introduced students in the various band ensembles on the program.

Each group recently won a Division I rating in regional student contests. A woodwind quintet and brass sextet were heard ,also flute, clarinet and trombone quartets, all playing winning contest numbers.

Bill Devers, high school choral director, conducted the A Cappello Choir in selections they will sing in regional competition. Larry Kuper and Bob Nelson, who were rated in Division I of solo contests, each sang a number with Betty Hodges and Judy Hollingsworth as accompanists.

Refreshments were served to the performers and guests after the program by club members. Mrs. A. O. Thompson poured coffee and Mrs. Glenn Snyder ladled punch at a table centered with a springtime bouquet of daffodils.

Mrs. Dale Young headed the hospitality committee, which included Mmes. D. W. Palmer, Steve Clements and Joe Frank Clark.

The concert, arranged in recognition of school music in Hereford, was the annual spring program sponsored by Music Study Club and open to the public.

Lunch Is Given For Bride-Elect

Miss Sammie Kay Caffey, whose marriage to Herb Germer of Post is planned for May 31, was complimented with a luncheon Saturday at Lubbock Woman's Club. Miss Caffey is a teacher in Hereford schools.

Luncheon guests included her mother, Mrs. Walter Caffey Jr., her aunt, Mrs. C. H. Hartel, and her fiance's mother, Mrs. Alton Taylor, all of Post.

Hostesses were Mmes. Morris Clinton, E. Gummelt and Max Tidmore. They decorated tables in Persian blue and white, colors Miss Caffey has chosen for the wedding which will take place in First Baptist Church of Post.

Large Profit Told

ROCKPORT, MO. — Annual meeting of shareholders of Missouri Beef Packers Inc. revealed that on the basis of unaudited figures the last four weeks accounting period has been the most profitable in the history of the company.

This information was presented by Gene Frye, president of Missouri Beef Packers, along with the announcement that the company is in the process of adding facilities for breaking and fabrication at its Friona and Rockport plants.

Frye said that they are also "well along" in planning the construction of two additional beef packing plants. However, the sites were not disclosed, pending final acquisition of the property.

The meeting was held Tuesday.

Unanimously elected to the board of directors were Melvin Rolf, chairman of the board; Frye, J. C. Walker, Harold Wichman, George W. Knepper, Robert Lee Stanton, Gordon Clifton, Frank Barker, George Beasing, O. C. Swackhammer, Dr. John Wanamaker, and Harold Melvin.

Melvin was elected to fill the position of Charles L. Bacon, who did not stand for reelection. Bacon was elected vice-president and general counsel for the company.

TEXAS HOMEMAKER WINNER ANNOUNCED

Announced during National Future Homemakers Week, which FHA members in Hereford Schools are currently observing, the state winner in the annual Betty Crocker Homemaker of Tommorrow contest is Lajuanna Jo Bailey of Shamrock High School.

High school homemaking students here compete each year in the contest, sponsored by General Mills which gives a $1,500 scholarship to the state winner. She also is eligible for a national award.

READ WHAT THESE PEOPLES AGRI-ENGINE CUSTOMERS HAVE TO SAY!

Ken Vickers, Vickers Bros. Farm, Dalhart: "We farm 1500 acres and we feel your engine maintenance program is the main thing. It saves us time when we could be doing something else. Your engine program also keeps from tying our money up in investment."

Charles Vickers, Vickers Bros. Farm, Dalhart: "Our first year farming up here in the Dalhart country we used five high-speed engines and after running these engines for a year, we feel that over a three to four year period they would not stand up like the slow-speed Peoples engine. Our two new Peoples engines will irrigate 400 acres.

"I believe that as happy as we are now with these engines, that any time we have one of ours to go out, we would just turn over to a slow speed engine with Peoples.

"We didn't realize how much time we spent servicing and taking care of our engines. Since we've gotten these two Peoples engines, we certainly can compare the time saved."

Ask your neighbors . . . they're farming PEOPLES!

Miss Dieter Marries In Ceremony At Church

In a ceremony at twilight Monday, Miss Sandra Virginia Dieter of Loma Linda, Calif., and Dennis Howard Dale of Fort Detrick, Md., exchanged wedding vows in the Seventh Day Adventist Church here. Elder Hollis A. Morel of the Amarillo Seventh Day Adventist Church conducted the service.

Parents of the couple are Mr. and Mrs. Delbert W. Dieter of 132 Hickory, Mrs. Miyoe I. Dale of Honolulu and Neal W. Dale of Tacoma, Wash.

After the wedding and reception, Mr. and Mrs. Dale left on a trip which will take them to Frederick, Md., where they will be at home after April 1.

Candle trees set in green foliage formed the background for the marriage ceremony, with flanking bouquets of white gladiolas. Her father gave Miss Dieter in marriage.

She was attended by Miss Jeanette Carruth as maid of honor and Miss Sharon Moore, bridesmaid. William Rasnic acted as best man and Robert Carmet was the groomsman.

Music was by Mrs. Phillip Dieter of Odessa, who sang Wedding Prayer, and Mrs. Melvin Weber, whose solo was O Lord Most Holy. Mrs. Dieter played the organ accompaniments and marches.

The bride wore a gown of white linen with appliques of pearl-studded French embroidery at the empire waistline, and scattered above the hem of the floor-length skirt.

Her mantilla of Spanish lace was edged with matching appliques, as was the squared train which was attached at the back waistline. She carried a cascade of white orchids and carnations as her bridal bouquet.

Dresses of her attendants were in similar empire style, the maid of honor wearing petal pink and the bridesmaid dusty rose. They were trimmed with lace at the high waistline and on the short trains.

A reception in the Flame Room of Pioneer Natural Gas Company followed the wedding. Bridesmaids' bouquets made the centerpiece on the lace-covered table where punch was served with the triple-tiered, rose-ornamented cake.

Miss Diane Weber of Plainview was at the guest registry. Mrs. Phillip Dieter served the cake and Mrs. Ouida Wray the punch.

For travel Mrs. Dale chose an aqua knit dress styled with crown collar and worn with white accessories.

She has been employed as a secretary at Loma Linda University, and has attended Southwestern Union College at Keene and Southern Missionary College at Collegedale, Tenn. Mr. Dale was a physical therapy major at Loma Linda University after attending Pacific Union College at Angwin, Calif.

Out-of-city wedding guests included his mother, also Mr. and Mrs. O. W. Schmidt of Plainview and the Phillip Dieters of Odessa.

Venus, coming closer to the earth than any other planet, reached maximum radiance on the evening of March 3, 1969.

Parties Honor Julia London

Miss Julia London, whose marriage to Paul Hubbard is to take place Sunday, was complimented with two pretty parties recently, a miscellaneous shower at Hereford Country Club Saturday afternoon and a kitchen shower Monday evening.

Misses Janice Newsom, Sharon Worthan and Rosi Rogers were hostesses in the C. F. Newsom home for the Monday party, where guests were close friends of the honoree.

Gifts for a bride's kitchen were presented by the girls who were served refreshments informally and spent the evening in casual conversation. They made and filled rice bags for the wedding.

At the shower in the Country Club, Miss London received callers with her mother, Mrs. Walter London; her fiance's mother, Mrs. L. E. Hubbard, and her sister, Miss Linda London, who was here for the weekend from Lubbock, where she attends Texas Tech.

Another sister, Miss Becky London, was at the guest book. Refreshments were served by Misses Luann Kendall and Barbara Jolley. The tea table was appointed in white and silver with a branched candelabrum holding an arrangement of white tapers, carnations and greenery in the center.

Hostesses were Mmes. Wayne Phillips, Bobby Owens, C. P. Worthan, Carroll Newsom, Jim Monroe, Virgil Marsh, L. H. Lookingbill Jr., Charlie Hill, V. C. Hopson, Dick Gholson, Gerald Payne, Sam West and Bill Hutson.

When you are browning beef for stew, sprinkling a little sugar over the meat will help the browning process. A half teaspoon of sugar to a pound of beef is a good proportion.

FAMILY HAS VISITORS

Mr. and Mrs. Clyde Oldham of New Hall, Cal. and Mr. and Mrs. Carl Oldham and great grandson, Mark of Enid, Okla. were visitors in the home of Mr. and Mrs. L. Z. Oldham of 110 Lake St.

Delta Xi Members Attend Tea At Hart

Hostesses for Delta Xi Chapter of Delta Kappa Gamma, society of women educators, at a tea Saturday afternoon were teachers at Hart, and the meeting place was the Hart school cafeteria. Teachers in Deaf Smith, Castro and Parmer County make up the chapter.

Qualities of an ideal citizen and an ideal member of Delta Xi were compared on the program, as Miss Hazel Merritt described the ideal citizen and Mrs. Helen Richardson the perfect chapter member. Both speakers are from Dimmitt.

Mrs. Merlin Kaul led group singing to open the program and Mrs. Sam Ratcliff presented the Constitution Quickie as Hereford members' contribution to the program.

Acting as hostesses to serve were Mmes. Lanny Tucker, J. V. Wescott and Max Stephens of Hart.

Mrs. Joe Cowen of Dimmitt, president, was in charge of the business session. Announcement was made that the next meeting will be a breakfast Apr. 26 with Hereford members as hostesses at the Caison House. The Founders Day program will be directed by Mrs. Charles Bell.

Members who went from Hereford to the tea included Misses Lucille Park, Della Stagner and Erma Walker; Mmes. Bell, Gary Billingsley, Jim Bookout, Tommy Braddy, Caudie Ola Brown, H. V. Crawford, Spicer Gripp, Elanor Hudspeth, W. T. Legg, Jimmy Mercer.

Also Mmes. Fred Hulkey, J. D. Neill, Tolbert Painter, Kent Snare, Earl Springer, V. P. Walker, H. E. Wester, Elizabeth Wills, Mabel Wilson, M. H. Richie and Donald Shipley.

H. D. Clubs Plan Nominations For Elections Of This Spring

First steps in the election of a county chairman of the Texas Home Demonstration Association are to be taken next month with the choice of a nominee from each club, members of Deaf Smith County H. D. Council were reminded at a meeting in the County courtroom Monday afternoon.

Each of the 11 H. D. Clubs in the county will also select in April a nominee for the county delegate to the state THDA meeting. From these nominees the county chairman and the state delegate will be chosen.

Mrs. J. G. Gandy presided for the Council session in which ten clubs were represented, nine with full attendance. Standing rules for the year were read and accepted.

Project reports were made and two clubs showed work done in service projects; an Easter costume for a girl at Girlstown was shown by Young Homemakers Club and stuffed toys for children in Abilene State School by Messenger Club.

Other reports told of time given to the Satellite Day Care program here, handcraft lessons for teenagers, a birthday supper for husbands of one club's members, birthday cards and gifts to a Girlstown resident.

Those present included Mrs. H. L. Hershey of Dawn Club; Mmes. Jimmie D. Bradly, Wayne Sifford and C.F. Homfeld of Bippus; Mmes. H. D. Fowler, Leroy Johnson and Dick Golden of Dawn; Mmes. Merlin Weber, Andrew Kershen, J. C. Morrison and T. B. Thomas of Westway; Mrs. E. C. Hewitt Jr .of Wyche.

Also Mmes. Paul Hoff and Roger Williams of North Hereford; Mmes. Bill Page, S. N. Thweatt and J. E. Sorrells of Messenger; Mmes. Louie Olson and Paul Corbett of Cultural; Mmes. Tex McKnight and Raymond Smith of Ford; Miss Mary Bradly and Mrs. Carl Schroeder of West Hereford; Mmes. Freddy Cooper and Dean Bryant of YoungHomemakers and Argen Draper, County H. D. Agent.

—Small Talk—

By SUE COLEMAN
Women's Editor

Contest time in school music and forensics events is an annual event that puts a lot of families in a dither this time every spring; not just the contestants, but their parents and relatives and friends and fellow students join in the excitement.

TO ALL THOSE who are winners and those who are also-rans: Congratulations. It isn't just the winners, and it isn't just the high school and junior high students who go on to district contests, who benefit from the competition. Everybody who competes is a winner in that he has an experience that helps him now and later.

* * * *

SOMEBODY ELSE who gains experience, which may or may not be helpful later, opines Mrs. Walter London, is the mother of the bride-elect. She says it's amazing to learn how many details must be given attention to assure the beautiful scenes at wedding and reception which as a guest she has always taken for granted.

As the mother of more than one daughter, she will have a chance to use later the experience she has had in preparing for Julia's wedding of this afternoon.

* * * *

WINNER OF THE oboe contest in Amarillo Symphony Student Auditions last fall, Joy McCathern, daughter of Mr. and Mrs. J. E. McCathern Jr., was one of the soloists on program in the Symphony's concert Tuesday evening.

Her number was the Handel Concerto for Oboe in G Minor. She and the other soloists each received a $25 cash award. Joy is a member of Hereford High School Band and is accustomed to winning awards for her work with the oboe.

Wonder if she knows, by the way, that a punster once described the oboe as "an ill wind instrument that nobody blows good"?

* * * *

A VISIT TO their brand-new granddaughter was paid Sunday by Mr. and Mrs. J. D. Gilbert Jr., who went to Pampa where their son and his wife, the Johnny Gilberts, became parents Saturday of a six-pound, seven-ounce daughter. The baby had not been named.

* * * *

THE GILBERTS were interested also in learning at first hand more about Johnny's work with the newest machine put out by the Cabot shops at Pampa, an elaborate contraption to pop-maize for making a feed that cattle are said to find more appetizing than plain milo grains.

They brought back a sample of the popped maize, which looks just like popcorn in miniature and I wouldn't mind trying it as food myself, if it were hot and buttered.

No doubt the new feed will find its way into the menu of feed lots in this county, where the cattle get the best of everything from a bovine point of view.

To vary beef stew, vary the cooking liquid. You may use bouillon, tomato sauce, canned or fresh tomatoes, vegetable cocktail beverage, tomato juice, beer or wine.

J. D. Harder

Harder Ends Training As Auctioneer

MASON CITY, IOWA — John D. Harder, a 1968 graduate of Hereford High School, has completed a course at Rice American School of Auctioneering at Mason City.

Harder is the son of Mr. and Mrs. Ernest Harder of Hereford. He is nineteen years old.

With plans to enter the auctioneering field, Harder is employed by WAC Seed Inc. of Hereford.

Delegates For Club Selected

Delegates to a district convention were elected and the next meeting date changed because of conflict with convention dates, at a meeting of Hereford Garden Club Monday afternoon.

The business session followed an Arbor Day program at the Campfire Girls Lodge. Beautification of the Lodge grounds is a major club project this year and next, and shrubs were set Monday.

Mrs. O. G. Hill Sr., project chairman, and her committee had bought Japanese boxwood, holly, pyracantha and euonymous shrubs which were set around the building.

A Campfire Girls group which forms the Junior Garden Club assisted in the Arbor Day observation, planting a pyracantha bush which will bear berries liked by birds.

As delegates from the club to the annual spring convention of District I, Texas Garden Clubs Inc., members elected Mrs. Ray Johnson, president; Mrs. Luther W. Norvell, president-elect, and Mrs. R. L. Ethridge. The convention will be held in Lubbock April 10 and 11.

The meeting scheduled for April 11 will be postponed to April 25. It will be held in Mrs. G. W. Newsom's home.

Members present were Mmes. R. L. Layman, W. C. Hromas, E. T. Hale, S. S. Williams, Alfred Smith, Tom Sawyer, J. V. Pickens, A. O. Thompson, Johnson, Ethridge Hill, Newsom and Norvell.

Lesly Now In Honor Society

LEXINGTON, MO. — Cadet Thomas L. Lesly, son of Mr. and Mrs. Luther Lesly, Route 4, Hereford, has been approved for membership in the Wentworth Military Academy Honor Society, Col. Lester B. Wikoff, superintendent, reported.

Admission to the society is granted to cadets who are awarded superior ratings by scholastic, military, athletic and disciplinary departments during a semester. Lesly earned his right to membership for the third time by his outstanding performances in these phases of school life during the first semester.

Among other privileges accorded members is a weekend furlough not included in the regular quota.

4-H News

A film titled World of Fashion was shown for Merry Maidens 4-H Club at a recent meeting in Community Center. It gave standards for selecting the style most becoming to the individual, considering figure and personality.

Members were reminded of the county 4-H demonstration contests and food show, to be held March 29 in Community Center. Plans were made to tour the City Hall and fire station at the next club meeting, Apr. 18, and also for an all-day outing at Palo Duro Canyon this spring.

Sandra Fry presided and welcomed Susan Skaggs as a visitor. Patsy Paetzold and Sandra were hostesses.

Also present were Grace Vasek, Linda Scumbiato, Barbara Last, Joanne Wagner, Donna Walterscheid, Christine Marnell, Mary Linderman and the leader, Mrs. Leo Witkowski.

Style Show Scheduled As Benefit

A spring style show will be sponsored by Kappa Iota Chapter, Beta Sigma Phi, at 7:30 p. m. April 8 in Sugarland Mall, where costumes for casual wear will be shown by the Pants Cage.

Proceeds will go to the sorority's scholarship fund. Tickets will be sold in advance by Kappa Iota members, and will be delivered on order by telephone call to Mrs. Duke Powell.

She is chairman of the ways and means committee, which is making arrangements for the fashion parade. Other members are Mrs. Gene Steers and Mrs. Gerald Turnbow.

Refreshments will be served and door prizes awarded.

ACBL To Play Tuesdays Now

American Contract Bridge League of Hereford will meet hereafter on Tuesday nights, according to Mrs. Dick Gholson, director of ACBL here.

Mrs. Gholson also reported that they would not be playing tonight at the Community Center because of the regional tournament at Lubbock.

She reported that all those interested in playing locally are invited to contact here at 364-0007.

MISS GOULD PASSES

A former resident of Hereford, Miss Idell Gould, 62, passed away in Lubbock and services were conducted there Wednesday.

Miss Gould had been a resident of Lubbock since 1960.

Ever marinate cubes of beef before using them for a stew? You may make the marinade of vinegar, water, chopped onion and such seasonings as bay leaf, thyme and garlic.

Highlights And Sidelights

Cigarette Tax To Plug $71 Million Revenue Gap

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — Gov. Preston Smith called on the Legislature to patch up a $71 million hole in his $261 million new revenue program by raising the cigarette tax to 15 cents a pack and placing a one-half of one percent gross receipts levy on chemical producers.

Atty. Gen. Crawford C. Martin's opinion holding unconstitutional Smith's proposal to apply most school land mineral lease income to current educational operations made supplemental recommendations necessary.

While suggesting alternative revenues, Smith made two other points:

*He is having nothing to do with "one-year budgeting" as recommended by former Gov. John Connally in 1967, as a device to postpone a tax bill.

*"Serious talk" is being heard in favor of a corporate profits tax, and the day when one will be necessary may not be too long off, although he is not urging one now.

Smith's revenue package calls for placing alcoholic beverages and personal services (like laundry, repairs, parking and cable tv) under the three percent state sales tax. He emphasized he is dead serious about slapping a $10 state surcharge on moving traffic violation fines, and he would raise the tobacco products tax to ratios of a decade ago. He also recommends the state sales tax be applied to each lease of rental equipment as well as the original purchase price.

Smith originally asked a three cent a pack hike in the cigarette tax. Now, he wants to go to four cents (which would raise an additional $26 million). The gross receipts levy on "those producing chemical products" is estimated to bring in $45 million.

Reaction to the alternative proposals varied widely. Smith was commended for adding a business tax to his all-consumer program of last month, but some lawmakers didn't like singling out one industry.

House Speaker Gus Mutscher said he is hopeful of early hearings by the Revenue and Taxation Committee on a "major" tax bill.

LEGISLATURE PLOWS ON

At the half-way mark of the 61st legislative session, the House speeded up and the Senate slowed down.

Among major measures advanced by the House were bills to strengthen the governor's power to quell riots and to create a new University of Texas branch at San Antonio.

Other measures increased teacher retirement benefit broadened resident tuition privileges to college students from military families, provided for distributing state available school fund money on the basis of scholastic population (instead of average daily attendance), changed the name of James Connally Technical Institute near Waco to Texas State Technical Institute and authorized procedure for dissolving 492 inactive water districts.

Creation of a separate commission for rehabilitation services now has approval of both houses, as have bills to place West Texas State University under a separate board of regents and to permit certain types of metal-studded snow tires on highways. A House resolution would make blue topaz the official Texas gem and petrified hardwood the official stone.

Senate passed 53 local bills on a special calendar for no controversial matters with limited application, but bogged down for hours over the measure to create a state commission to administer a memorial to the late President John F. Kennedy. Senate gave tentative approval to allowing city bus drivers taken under municipal transit systems before 1964 to retain collective bargaining benefits they had as union members.

Governor Smith signed half a dozen measures including a campus riot control bill and major improvements in workmen's compensation legislation.

COMMITTEES AT WORK

Senate Labor and Management Committee gave three-to-two approval to $1.25 an hour state minimum wage law. Senate Jurisprudence Committee endorsed the bill to authorize radio and television to carry official legal notices and advertisements (but not those involving land descriptions).

Senate Youth Affairs Committee heard testimony on SB 281 by Sen. Jack Hightower of Vernon that would up the age state courts could declare children dependent from 16 to 18. His bill also forces parents of children under 18 to provide support.

In the Senate Water and Conservation Committee, the $3.5 billion Texas Water Plan was voted favorably, with little debate and less ceremony. The plan is included in eight Senate bills sponsored by Sen. Tom Creighton of Mineral Wells.

American Indians appeared before the Senate State Affairs Committee to favor a bill to help them retain their right to use peyote in their religious rites. Bill was sent back to the Senate with a favorable report.

Senate Jurisprudence Committee heard bills to increase maximum punishment for murder with malice and a trespass bill; both sent to subcommittee.

Senate State Affairs Committee heard Sen. Charles Wilson's bill to create a Texas Public Utilities Commission to regulate public utilities. More testimony is to come on that bill.

Sen. Don Kennard's package of eight conservation bills got consideration from the Senate Parks and Wildlife Committee. Three were sent to the Senate and the rest were sent to a subcommittee.

House State Affairs Committee gave a favorable ear to a bill that would turn over the Texas State Exhibits Building at HemisFair '68 to the University of Texas System. Another bill to force the building and its approximate $850,000 annual upkeep on the City of San Antonio got a cold reception. Both were sent to subcommittees.

Forth members of the Fort Worth Preservation Committee appeared before the House Parks and Wildlife Committee to favor a bill that would force the highway department or any other stage agency to hold a public hearing before going ahead with any condemnation proceedings of historic or park lands.

In the House Criminal Jurisprudence Committee, HB 72 by Rep. Glenn Kothmann to raise the penalty for possession of LSD to a felony offense was sent to subcommittee.

House Governmental Affairs and Efficiency Committee sent to subcommittee HB 584 by Rep. Dave Finney to give domestic companies an advantage over foreign firms in acquiring state contracts.

In the House Judiciary Committee, HB by Rep. C. L. Ray, Jr. of Marshall that requires non-profit agencies dealing in education to give full disclosure of the way they use money annually was sent to subcommittee.

OIL ALLOWABLE UP

Railroad Commission set for April the highest oil allowable since the Mid-East crisis of 1967 —49.9 percent of potential.

This action gave substance to the optimistic predictions of "a good year" for oil industry.

Market demand next month will permit maximum production of 3,588,447 barrels a day, 220,279 more than for March which operated under 45.6 percent allowable.

Eight of 13 major producers asked for bigger output, four were satisfied with the March level, and only one requested less.

APPOINTMENTS ANNOUNCED

Governor Smith reappointed Brig. Gen. James M. Rose of Austin assistant adjutant general of Texas Air National Guard and Col. Carl F. Schupp II of Austin assistant for the Army Guard.

Franklin G. Moffitt, formerly of Dallas, was named deputy director of Southwestern Region, Office of Economic Opportunity.

Smith designated Mrs. Gene Waugh of Austin as research and information specialist for Texas OEO.

Col. Clarence A. Willson of Luling was elevated to commander of National Guard's 36th Infantry Brigade with headquarters in San Antonio. He succeeds Maj. Gen. Ross Ayers of Friona who was sworn in last week as Adjutant General of Texas National Guard following confirmation by Senate.

BAY POLLUTION WARNED

Land Commissioner Jerry Sadler, appearing at hearing on proposed rules for oil drilling in offshore waters, advised a close Railroad Commission watch over operations in bays and inlets as well as the Gulf of Mexico.

Commission examiner took testimony on suggested rules which were prompted by massive oil pollution off the coast of California. Drawing fire, was the proposed requirement that a conductor string of new pipe must be set and cemented at a depth of from 300 to 500 feet below Gulf bed.

A-G OPINIONS

Bill to authorize cities to pay dues to Texas Municipal League is constitutional, Attorney General Martin has held. He added that the expenditure would be for public purpose and therefore proper. In effect, most cities already contribute to the league.

In other recent opinions, Martin concluded that:

*Former Governor Connally's reappointment of Randall Jackson of Abilene as a member of the State Securities Board was premature. His term expired when Connally's term expired. Governor Smith said he will make a new appointment, or reappoint Jackson.

*Held unconstitutional taking of royalties from state-owned submerged lands for current school operations. (Texas Independent Producers and Royalty Owners Association replied question is so technical as to be "esoteric" and urged Martin to reconsider.)

*Informed Calhoun County it has no authority to levy local tax on shell taken by permit from state public waters and removed to another county. Only tax possible, he said, is ad valorem levy on shell sold but remaining in county on January 1.

WELFARE CHANGE EXPLAINED

State Welfare Department is busily explaining its new system of calculating aid grants (mainly to needy families with dependent children). Adjusted formula goes into effect May 1. It is being presented to beneficiaries in meetings over the state.

Commissioner Burton G. Hackney said the switch had to be made because voters last year turned down an increase in the welfare ceiling from $60 million to $75 million.

Program contemplates calculating "total recognizable needs" of beneficiaries and allotting state payments of about half this amount to AFDC families. Aged, blind and disabled will be little affected.

Preliminary estimates indicate about 11,000 families will get more money, 20,000 will get less, and 2,500 will be cut off altogether.

Schelter On Honor List

George M. Schelter, son of the Rev. Herman J. and Mrs. Schelter of 303 Western, Hereford, has been placed on the Dean's Honor List for the winter term at Concordia Senior College, Fort Wayne, Indiana. Students whose grade average is 3.5 or better on a scale where A is 4 and B is 3 are recognized in this way.

Schelter is a graduate of Concordia College, Austin, and is presently enrolled in the pretheological program at Concordia Senior College.

When a recipe calls for "crushed garlic," you can use either a garlic crusher or a mortar and pestle for reducing the garlic clove to a pulp. If you use a garlic crusher, it is not necessary to peel the garlic clove before crushing.

STUDENT GUESTS HONORED — Three voice majors from West Texas State University presented a studio concert for voice pupils of Mrs. D. W. Palmer and their parents Sunday evening, and chatted with the guests in an informal reception after the program in Mrs. Palmer's home. At top left Lynda Sharman, soprano, talks with one of the Hereford students, Suzanne Oglesby, and at right the other girl soloist, Judy Balo, and accompanist, Lorna Schultz enjoy Bill Devers' comments on the program. Stephen Hunter, baritone, chats with Mrs. R. C. Godwin, lower right. Standing before the fireplace with its welcome log blaze at lower left are Mrs. Tom Burdett and Mrs. John Douglas Pitman with Miss Elsa Porter, instructor of the soloists, and the hostess.

Revival Set At Avenue Baptist Soon

Rev. Seth E. Johnston, pastor of the First Baptist Church at Hawkins, will be presented as the evangelist for eight days of revival services at the Avenue Baptist Church in Hereford beginning Sunday, according to Rev. Ronald Harpster, pastor.

Services are to be conducted daily at 9:30 a. m. and 7:30 p. m. Rev. Harpster said that their nursery will be open and the public is cirdially invited to attend all services.

Services continue through April 6.

Rev. Johnston was born at Quanah and later lived in Colorado for 12 years. After spending two years in the U. S. Army during the Korean War, he went to Brownwood where he graduated from Howard Payne College in 1960. Afterward, he attended Southwestern Seminary in Ft. Worth for two years.

He has conducted revivals in Texas, Colorado and California. The 36-year-old pastor is married and the father of two children.

Rev. Seth Johnston

SINGER LIKES OUTDOORS

DAYTON, Ohio — Skiing in winter and camping in summer keeps her in "fantastic physical shape for singing," opera soprano Laurel Hurley said here.

"I had a concert in Vermont," she said, "and I jokingly said, 'I'll cut my fee in half if you can provide some snow.' It snowed, so we went up on the weekend and I skied Saturday and Sunday, sang on Monday and it was 10 below zero."

San Diego Padre coach Whitey Wietelmann is an outstanding chef.

Slow talkers average about 450 words during a three-minute phone call, but a determined caller may squeeze more than 600 words into the same period.

"The Army Green"

By Sfc BERT PINALES
U. S. Army Recruiter

Thought that you might be interested in a role the Army is playing in our nation's mission to land a man on the moon. The Army Map Service, part of our Corps of Engineers, prepared a 22-foot-by-14-foot model of a simulated lunar surface for the National Aeronautics and Space Administration. It depicts a potential lunar landing site. The model is part of the lunar module simulator that provides astronauts with flight crew training and orientation for a Apollo landing.

Just think, our astronauts can now experience a lunar landing without leaving Florida!

RECORD YEAR FOR ARMY EDUCATION

The Army's general education development program, which offers academic and vocational courses from elementary school through college level for personnel who wish to continue their education while on active duty, achieved record results during the fiscal year that ended June 30, 1968. More than 56,000 soldiers qualified for high school diplomas or equivalency certificates by passing the high school general education development test.

Baccalaureate or advanced degrees were received by 329 Army members, and 500 officers were awarded graduate degrees through the Army's civil school program. A total of 72,986 college courses were completed by soldiers participating in the program.

VETERANS HANDBOOK

The Veterans Administration has asked us to announce that a comprehensive handbook on veterans benefits is now available for purchase through the Government Printing Office. Called "Handbook for Veterans Administration Contact Representatives," the 400-page book is available for $2.25 from the Superintendent of Documents, Government Printing Office, Washington, D. C. 20402. Order it by number: Handbook 232-68-1.

NEW ENLISTEES

Going from veterans to recruits, I'd like to mention the name of a local man who enlisted in the Army last week. He is Rudy Moreno, 226 Ave. D in Hereford.

Another recent enlistee returned home on leave and included on his itinerary a visit to our office is Sgt. Bill Cox from Hereford. We were happy to see him and wish him the best of luck in the service.

QUESTION OF THE WEEK

A few weeks back, we answered a question concerning the length of women's hair. Now the men want equal time and so here is this week's question:

Is it true that my head will be shaved during basic training? No. The Army ha sdefinite regulations prohibiting such actions. In fact, a new regulation on personal appearance and grooming allows many of the newer hair styles to be worn by soldiers.

FACTS ABOUT THE ARMY

Did you know?

—That the Army is conducting extensive research with laser beams for use in the medical field?

—That our recruiting station is one of over 950 Army Recruiting Stations located throughout the United States and that there are ten stations in overseas areas?

—That the Army now has two artillery branches? There is the field artillery and the air defense artillery.

See you next week at the Local Board on Tuesday from 10 am to 5 pm.

SPRINGTIME
"Instant Yard"

THE AMAZING NEW WAY TO HAVE A RICH GREEN YARD IN A MATTER OF HOURS . . . "GUARANTEED"

WHAT IS INSTANT YARD?

The instant yard idea although new to Hereford has been in operation for sometime in other high plains areas.

Sturdy Kentucky Blue Grass sod is cut and trucked from Westway sod farm to your location and laid on ground that has been leveled and prepared for it, then watered. That's the whole operation. The roots take hold and you have a rich green yard of instant Kentucky Blue Grass in a matter of hours.

TALK IT OVER WITH DON TEAGUE . . . "INSTANT YARD" IS REASONABLE . . . EVEN . . . TERMS ARE AVAILABLE! LET DON FIX UP YOUR YARD WITH AN INSTANT YARD.

For further information call

* No more seed planting
* No more wondering
* No more waiting for a stand of grass!
* No more wishing you had a green yard!

Ted Kluszewski, former slugging first baseman, will instruct hitters in the minor league camps of the Cincinnati Reds next season.

Rabbiteers To Meet Friday

Texas Hi-Plains Commercial Rabbit Raisers Association are set to meet at 8 p. m. Friday in St. Anne Parish at Bovina, president J.W. Jackson announced.

Theme of the meeting is Commercial Rabbit Raising For Profit.

Jackson said that rabbits are now in industry and not a hobby. Two trucks are now making routes from Amarillo for marketable rabbits at a processing plant.

Invited are county agents, agriculture teachers "and anyone who is working with the youth in this area."

Calendar

The Community Calendar, which includes major events which will be of interest to Hereford and residents of the immediate area, will run in each issue of the Brand. The calendar will include events for the coming six months, and all individuals and organizations are urged to write or mail their event for inclusion.

APRIL

3 — Schools dismiss for Easter holidays.

8 — Classes resume at school following Easter holidays.

26 — "Our Little Miss" pageant in High School Auditorium, Saturday evening.

MAY

25 — Baccalaureate services are tentatively scheduled for graduating seniors.

29 — Commencement exercises at HHS are tentatively scheduled.

CHRISTMAS IN MARCH — Robert Betzen, Gary Parrack and S. T. Wiseman are shown as they look over the large selection of toys ranging from talking animals to games and doll cases which has been donated to the American Legion by the Mattel Co. The toys, all brand new and worth around $300 will be given to needy children in the Hereford area. Wiseman, commander of the Legion, stated that this is an early start for their Toys for Tots campaign. Betzen is the vice-commander of the Legion and Parrack is manager of Duckwalls, the store through which the toys were sent. —Staff Photo

John Matlock Vietnam MP

U. S. ARMY, VIETNAM — Army Specialist Four John K. Matlock, son of Thomas J. L. Matlock, Friona, was assigned as a military policeman in the 173d Airborne Brigade in Vietnam, March 3.

DESERT LOCUST

DAR ES SALAAM — Tanzanian Agricultural experts are bracing their locust-control organization for an "extremely potential" threat from desert swarms now in Ethiopia and Sudan.

Derek Bryceson, the agriculture minister, said a few locusts had been found in northern Tanzania recently, but they were not the feared desert type.

But the threat to Tanzania's northern grain fields in great, he added, and locust control units have been alerted to fight off the first sign of an invasion through Kenya or Uganda.

CENTRAL VANISHING

FRANKFORT, Ky. — Kentucky's last 300 hand-cranked telephones will fall silent by June 30, 1969.

They will be replaced by a modern dial system when an exchange at Upton in Hardin County, central Kentucky, is taken over by General Telephone Co., the second largest system in the state

Washington Report

From Congressman

BOB PRICE 18TH DISTRICT, TEXAS

1223 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 225-3706

A recent farm newsletter I received began with a reminder that without the electoral votes of the midwestern farm states, Richard M. Nixon would not be President. Although Texas failed to award Nixon its electoral votes, the Panhandle area did almost solidly support him.

The letter is headed NIXON'S NO. 2 PROBLEM — LOW FARM PRICES and continues:

* * * *

The economic situation of the American farmers is the worst since the "great depression" and instead of improving, it is worsening. Farm prices are depressed and farm debt is high. Next to ending the war in Vietnam, the most important problem confronting President Nixon is that of extending to farmers and the residents of farm communities the same degree of prosperity as is now enjoyed by people in business and industry, government and the professions. The first step toward carrying out such a pogram is the inauguration of an honest and comprehensive study of the entire farm situation; a study that will answer and comprehensive study of the entire farm situation; a study that will answer three questions: 1) how bad is the farm problem, 2) how did it get that way and, 3) what is required to remedy it.

In conducting the study, there are several avenues of investigation which should be pursued. It should be determined if the Kennedy-Johnson team of "new economists" utilized every possible means of depressing farm prices for the purpose of keeping food costs low while inflating wages and profits in business and industry to create prosperity. For example, did the government repeatedly sell wheat domestically from government stocks for the purpose of depressing wheat prices? Did the government curtail wheat sales to foreign nations and grants in aid to needy peoples in order to keep government held wheat surpluses at high levels? Did it allow increased imports of beef from New Zealand, Australia, and Argentina for the purpose of depressing beef prices in this country? Did it permit increased imports of dairy products from European countries in order to depress diary farm prices in the U. S.?

Another avenue of the investigation should be devoted to a study of the policies, practices and present financial condition of Farmers Home Administration. Among other items, it should be determined if the policy of Farmers Home Administration has been to grant low cost loans only to those farmers who are unable, on account of their poor financial status, to obtain loans from cooperative or commercial banking agencies. If such is the case, was the policy adopted for the purpose of keeping inefficient and incompetent farmers on the farms to produce price depressing farm surpluses? Former Secretary of Agriculture Orville Freeman in a farewell interview with the press stated that loans granted by Farmers Home Administration increased from around 300 millin dollars a year to almost one and a half billion in 1968. One phase of the study should be to determine how the billions of government funds loaned out were spent and how much of the total loaned is recoverable.

What action the new government takes in connection with the farm problem is up to President Nixon. He can attack the problem with all of the facilities at his command to attain sound and lasting solutions, or he can gloss it over as did his predecessors. If he should follow the latter course, he is apt to awaken on the morning of election day, 1972, with a message from the farmers of the nation, "Thou art weighed in the balances, and art found wanting."

* * * *

I believe both the President and Secretary of Agriculture understand the urgent and vital need of a substantial increase in farm income and that agriculture must be restored to a sound economic basis.

Members of the House Agriculture Committee, on which I serve, are also acutely aware of the need for a solution to this critical problem. Achieving adequate farm income is the first necessary step in solving not only our rural problems but in a large way can contribute to the solution of the crisis in the cities.

BOB PRICE

Sen. Tower Discusses Anti-Ballistic Missile

During the past week, Senators and Congressmen have been taking a close look at the modified anti-ballistic missile system which President Nixon has recommended and refers to as a "Safeguard" system.

I believe the majority of legislators on Capitol Hill will eventually see the merits of this modified system, stressing measured deployment and will support it. That certainly is my hope.

As usual, the opponents of the system are more vocal than the proponents. Indeed a few of them are declaring an end to the so-called "honeymoon period" a new president traditionally enjoys during the first few months of his administration.

The safeguard system calls for initial deployment of ABMs to protect our land-based retaliatory inter-continental ballistic missiles. Our ICBMs play a major role in our capability to deter the threat of an enemy nuclear attack, by presenting an equal counter-threat of our own of immediate and devastating retaliation.

The Sentinel system, originally recommended by former Defense secretary Robert S. McNamara, called for ABM deployment around many of our major cities. The safeguard system includes no such deployment initially. But it holds open our option to deploy ABMs around population centers in the future when our technological capabilities increase, and if the likelihood of our being attacked appears more imminent.

In announcing his ABM decision, Mr. Nixon said, and I quote:

"Although every instinct motivates me to provide the American people with complete protection against a major nuclear attack, it is not now within our power to do so. The heaviest defense system we considered, one designed to protect our major cities, still could not prevent a catastrophic level of U. S. fatalities from a deliberate all-out Soviet attack. And it might look to an opponent like the prelude to an offensive strategy threatening the Soviet deterrent."

I supported the original Sentinel plan. Now I support the Safeguard plan even more strongly. While I also would like to provide protection to our population, I do not question the President's decision that we can not now do so.

Preserving our nuclear deterrent is currently the most effective means of preventing nuclear war. Deployment of ABMs to guard our deterrent capability, thus, is a sound step towards continued prevention of a nuclear exchange.

Such deployment, also, cannot be interpreted by foreign powers as anything other than a purely defensive action. Deployment of ABMs to guard missiles which we were planning to use on a first strike would obviously be a waste of money and effort. Thus, we are demonstrating to the world, through a positive expenditure of money and effort, that we have no intentions of ever making a first strike.

Of course, we never had any such intentions, but it is well to demonstrate our purely defensive posture.

The Safeguard system will cost some $6 to $7 Billion; much less than the proposed Sentinel system. And the first-year cost of the new Safeguard system will be about $1 Billion less than the first-year cost of the Sentinel.

Critics of the ABM contend the costs are too great. They argue that we could better use of the money to combat domestic problems.

While the amount of money required for the ABM could do much to alleviate the pains of malnutrition, or could provide decent housing and job training for many of our low-income families; we must keep one basic point clearly in mind: We shall be able to do nothing to benefit any of our citizens if a nuclear exchange destroys this nation as a viable society!

I, therefore, believe that we must first provide for the national defense to insure that we can continue to work to improve living conditions within our society for all our citizens.

Also, the cost of the Safeguard system — $6 to $7 Billion — is only about one percent of our gross national product. Thus, although it seems like a lot of money to each of us individually, it is not a staggering sum for us nationally. Indeed, it is a small sum compared with the $120 Billions we have already paid out in the force of foreign aid since the end of World War II.

I think President Nixon has quite accurately weighed the ABM alternatives and chosen the best plan.

Some time ago, Mr. Nixon observed and I think accurately, that the Soviet Union prefers victory to peace.

If it requires that we tighten our belts at home in order to keep our democracy safe, then that is what we must do, because keeping our democracy safe must be our first order of business.

The new Safeguard system will provide the protection we need at this time at a cost we cannot afford to consider too great.

Vacations Not Free, Say BBB

Deaf Smith County Chamber of Commerce advised residents to be wary of promotions for certificates that promise a "free vacation," usually in Florida.

A typical promotion, it was explained by W. T. Thompson, manager of the chamber, notifies a recipient "Congratulations! You've won second prize. . . ."

To obtain the prize, which is a certificate providing a "free vacation," the "winner" must pay $12 to $15.

The National Better Business Bureau, with which the Chamber is affiliated through membership, says the fee takes the vacation out of the free category. Further, the certificate does not provide the usual features of a vacation, such as the cost of transportation, meals, beverages, tips, outside entertainment, telephone and other incidentals.

According to NBBB, the certificate is limited to the use of a hotel or motel room for a brief stay and the establishment facilities.

The promotor's method of operation is to set up a booth in a retail store, shopping center, trade show or fair, and to invite the public to register to win a prize.

Sometimes, said NBBB, an actual vacation is awarded to one or two registrants. But the vast majority of the others are notified they have "won second prize."

Besides the certificate fee, a number of terms and conditions must be met by the user before the hotel or motel will validate it.

If the certificate is used during the winter season, the holder must pay a small daily charge.

When a promotion of this type is tied in with a Florida real estate developer, as a number of them are, certificates users must attend promotional activities aimed at selling lots. This kind of requirement seldom is stated in the advertising or promotional literature.

Other certificates do not require participation in real estate promotion, but the holders of certificates usually are invited on more than one occasion to take part.

Several certificate companies state they give "winners" a book of "vacation dollars." However, said NBBB, they are not spendable as dollars but only as small discounts on paid admissions to attractions or on the purchase of certain goods and services.

NBBB advises recipients of certificate offers to read all the fine print and make sure they understand the many terms, conditions and qualifications.

HPRF Sets New Meeting Time

The annual spring meeting of the High Plains Research Foundation Board of Trustees which was scheduled March 15 will be conducted Saturday beginning at 9:30 a. m. in Holiday Inn, Plainview, Texas.

The original meeting was cancelled due to the snow.

New officers for the Foundation and new Trustees will be elected. Other business will include designation of new research projects and latest reports on research programs already underway.

More than 80 trustee members are expected to attend.

The 1968 High Plains Research Foundation Annual Report will be mailed to Foundation members this week, according to Dr. Tom Longnecker, Foundation Director.

The report includes results of all studies conducted at the Foundation during 1968 and the first results from a study to eliminate volunteer castors in preceding crops. This study was initiated at the Foundation by the Texas Department of Agriculture in the fall of 1967.

Preparation for the 1969 study in the use of portable slatted floor shelters for economical swine production moves ahead at the Research Foundation with the floor in the 50-head portable unit furnished by The Hamby Company, Plainview, being installed this week. This unit and a 25-head Port-a-Pig unit furnished by Central Supply Company, Borger, will be used in the economics study.

SPF pigs for the operation will be furnished by the Jimmy Dean Pig Parlor, Plainview.

Pioneer Castro Resident Dies

Funeral services for the Rev. Dixon L. Turner of Mineral Wells were conducted last week in First Baptist Church of that city of which he was a member. He was the brother of Mrs. Clara Williams and a brother-in-law of Lester Galley of Hereford.

A Baptist pastor and missionary in Hood and Palo Pinto Counties for many years, he was a native of Castro County, born in a pioneer family in 1895. He went from Dimmitt to military service in World War I, in which he was lamed by a shrapnel wound. He was recently honored as a 50-year veteran by the American Legion in Mineral Wells.

He married Mary Galley of Dawn Feb. 17, 1918. A few years after her death in 1934, he married Daphne Sparkman, who survives him. Two daughters and a son of the first marriage, also surviving, are Mrs. Shirley Dye of Midland, Mrs. Doris Scisson of Houston and Leland Turner of Irving.

Since his retirement as Palo Pinto district missionary three years ago, he has worked with the Community Action Program in Mineral Wells. Earlier in life he had been a teacher.
