

ABERNATHY WEEKLY REVIEW

VOLUME 47 - Hale County - Abernathy, Texas - Lubbock County

THURSDAY, JANUARY 4, 1968 NUMBER 9

Area Resident 42 Years

Jack Eason Candidate for Commissioner of Precinct 3

Jack Eason, a resident of the Hale Center area for 42 years, has announced his candidacy for commissioner of Precinct 3, subject to May 4 Democratic Primary.

His formal announcement will not be made until next week, but he reported today that he will definitely be a candidate for the post.

Jack, who came to the Plains in a covered wagon over 50 years ago, is 57 years old, "old enough to know and young enough to go", his motto for the campaign.

He has engaged in farming in the Hale Center area all his adult life, since 1925, and has been a close observer of the development of this precinct through all of its cycles of progress from dry land farming to intensified row crop farming with irrigation that resulted in unprecedented prosperity and wealth for the South Plains area.

ooo

JACK WAS BORN in Erath County in Central Texas, but came with his parents to the Plains in 1916, making the trip by covered wagon. They arrived at their destination at O'Donnell August 16, 1916.

The family moved to the Hale Center area from Lamesa in December of 1925.

Both Jack and his wife, the former Velva Brewer, their daughter, Joyce and her husband, C. P. (Pack) Smith, are all graduates of Hale Center high school. Their only grandson, Bill, is now a fourth grade student at Hale Center and hopes to follow in his parents and grandparents footsteps. They have one granddaughter, Linda, who is 4 years old.

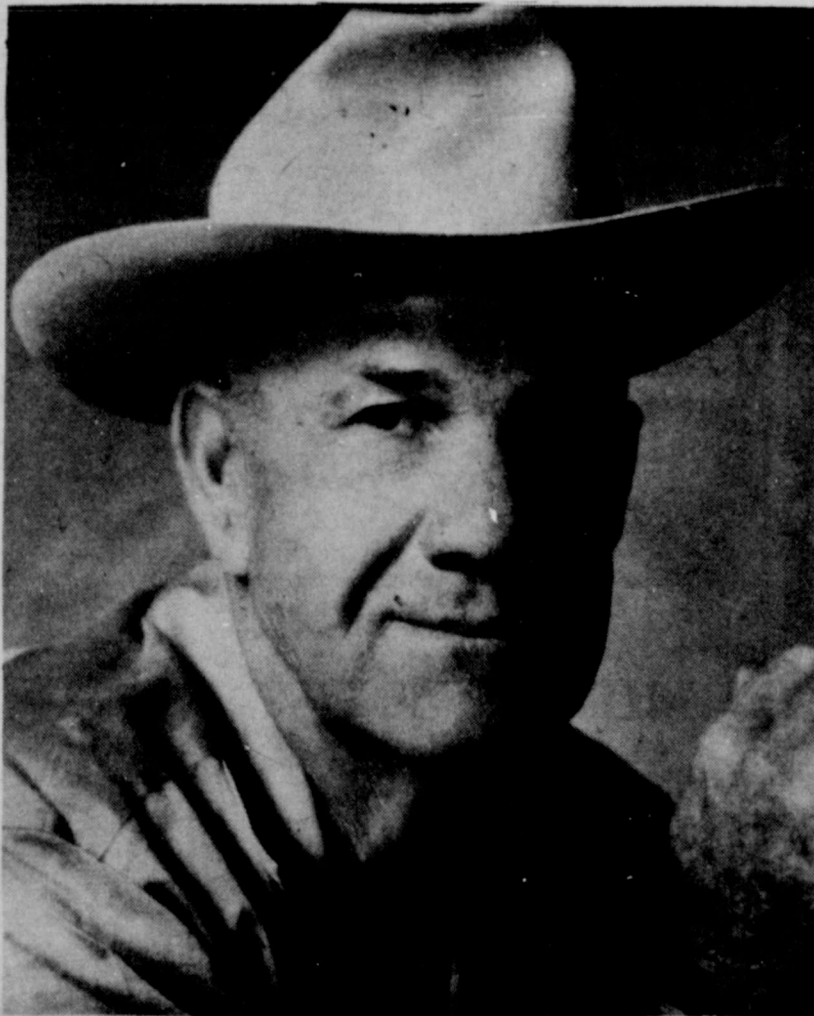

Jack served on the Hale Center school board for several years during and following WWII, during a period when this community, like the rest of the nation was turning from war to peace. Keeping a school in good order during that era was a heavy burden. Adding to the complication here was the construction of a gymnasium to fill a pressing need at a time when material and supplies were almost impossible to secure.

For many years, Jack has practiced soil conservation, believing that the present generation of farmers is entrusted with the awesome responsibility of preserving our priceless natural resources for our most precious possessions — our children and the generations that follow them. This belief had an influence on his farming even before soil conservation was an established practice.

ooo

THROUGH MANY YEARS of personal experience, Jack has gained knowledge of the needs and demands of this area and is well posted on the economic conditions and what should be done to improve the service to his precinct.

He voiced complete confidence in the continued progress of Hale County. "Our county has stood out as one of the most prosperous, forward-thinking areas in the United States, ranking first

JACK EASON . . . Candidate for Commissioner of Precinct 3

FUNERAL HELD HERE FOR MRS. CHAPMAN

Funeral rites were held Friday afternoon in Abernathy First Methodist Church for Mrs. Anna Mae Chapman, 80, who died at 11:50 a.m. Thursday in West Texas Hospital, Lubbock, where she had been a patient about two months. Officiating at the service were the Rev. Royce Womack, assistant pastor of Lubbock First Methodist Church, and the Rev. Conrad M. Ryan, pastor of Abernathy First Methodist Church.

Burial was in Abernathy Cemetery with Chambers Funeral Home in charge of arrangements.

Pallbearers were Richard Havens, Ralls; Hugh Fry, Lubbock; Billy Shipman, Hernon Peel, Jim Ned Gragg and Hugh Pettit, Abernathy.

Survivors include a daughter, Mrs. Buford Davenport, Abernathy; three sons, Douglas, Abernathy, William, Oklahoma City, and Wilson, Washington, D. C.; a sister, Mrs. Jodie Isom,

or second in Texas in agricultural production for many years", he pointed out. "I believe in Hale County and its people, and I have complete faith in the future of this area."

He said the Commissioners Court will fill a vital role in the continued progress of this area, not only from the standpoint of good roads but also from the standpoint of good county government.

His interest in community progress and the welfare of the schools of this area has been demonstrated in many ways, again and again.

ANTELOPES WIN OVER H. C. OWLS

The AHS Antelopes defeated the Hale Center Owls, 43-40, in a District 3-AA cage game here Tuesday night. Larry Vannoy paced the Antelopes with his 22 points.

Hale Center girls won, 52-30.

CONSUMERS FUEL OIL SALE IS ON

Abernathy Consumers Fuel Association annual oil and grease sale is continuing it was announced by S. W. Royal, manager. Discounts of 8¢ per gallon will be offered during the month of January, Royal announced.

Bill Smith underwent an appendectomy at University Hospital, Lubbock, Tuesday.

Dallas; six grandchildren and eight great-grandchildren.

Mrs. Chapman resided at 820 Ave. M, Lubbock, and was a member of Lubbock First Methodist Church.

A native of Johnson County, Texas, Mrs. Chapman and her late husband, W. V. Chapman, moved to Brownfield in 1919. They operated a store there and ranched in Eastern New Mexico before moving to Amarillo to enter business. The Chapman family moved from Amarillo to Abernathy in 1933, and farmed the section now owned by Mrs. Leo Konesko. After selling the farm in the late 1930's Mr. and Mrs. Chapman operated a hotel in Quitaque. Mr. Chapman died there during the World War II years. Mrs. Chapman then moved to Lubbock, later moving back to Abernathy for two years and then moved to 820 Ave. M in Lubbock.

Mail Rates Increase Effective Jan. 7

Increased rates for all classes of mail except parcel post and international mail will go into effect Jan. 7. Postmaster Herman Lambert reminded postal customers this week.

"Even with the new rates of six cents for first-class mail and 10 cents for air mail, postal service is still a real bargain," Lambert declared. "For six cents you can send a letter to any of the 50 States, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

Lambert pointed out that the new rate for post cards will be five cents and for air mail post cards eight cents.

He said the added cent in the letter rate is a 20 per cent increase compared to a 24 per cent boost in the rates for mailing newspapers and magazines and a 34 per cent hike for advertising circulars, "occupant" mail, and other material in the third-class category.

The new rate of six cents per ounce for first-class mail applies up to 13 ounces and the new rate of 10 cents per ounce for air mail applies up to 7 ounces. Under the new rate structure all first-class mail over 13 ounces and all air mail over 7 ounces will be merged into a single category.

These heavier pieces of first class and air mail subject to the single rate schedule will be delivered by the fastest available means of transportation.

A flat rate of 80 cents will be charged for all mail in this category up to one pound. For all mail weighing more than one pound, the present air parcel post rates will continue to apply, except that the postage on matter weighing between one and five pounds will change at half-pound intervals rather than one pound intervals.

Postmaster Lambert said that the new rate structure will mean a reduction of postage on some parcels.

Another rate change that will affect the general public is the increase from four to six cents for the first two ounces of individual pieces of third-class mail. Unsealed greeting cards may be sent at this rate, Lambert said.

He emphasized that the new rate on unsealed greeting cards will not go into effect until Jan. 7 and until then they can be mailed at the old rate of four cents.

Postmaster Lambert also noted that effective Jan. 7 special handling will be available on third-class parcels weighing between eight and sixteen ounces. Special handling has not been available on these parcels since 1958, when packages weighing between eight and sixteen ounces were transferred from fourth to third-class mail.

There will be no changes in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery or insurance, Postmaster Lambert said.

"We have an ample supply of one-cent stamps on hand,"

Lambert said, "for those people who have five-cent stamps and need one-cent stamps to make up the postage required under the new rates."

Higher rates also will go into effect Jan. 7 for all categories

Frank Worley's Funeral Tuesday

Frank Worley, 63, of Rt. 2, Lubbock, was dead on arrival at 9 a.m. Saturday morning at West Texas Hospital. Attending physicians said death was caused from an apparent stroke.

Funeral rites were held Tuesday in New Deal Baptist Church, with burial in City of Lubbock Cemetery.

Worley, a farmer and a welder in the New Deal Community, had been a Lubbock County resident for 38 years. He moved to this area from Hill County and was a member of the Masonic Lodge.

Survivors include his wife, Ollie Maye; two sons, Wayne of 4403 43rd, and David of Minot, N.D.; two daughters, Mrs. Ouida Forrester, Paris, Tenn., and Mrs. Frankie Minyard, Petersburg; his parents, Mr. and Mrs. D. S. Worley, Roswell, N.M.; four brothers, James of Dallas, Vernon of Meridian, Loyd of Buena Vista, Calif., and Earl of Roswell; seven sisters, Mrs. Georgia Mae Howard, Sulphur, La., Mrs. Josie Bolton, and Mrs. Sally Phelps, both of Chino, Calif.; Mrs. Mollie Jones, Dallas; Mrs. Edna Troublefield, Artesia; Mrs. Louise Mason, Hagerman, N.M.; and Mrs. Stella Winkelman, Roswell, and 13 grandchildren.

NICKY PATTERSON INJURED IN WRECK

Nick Patterson, 16, son of Mr. and Mrs. Marvin Patterson of Abernathy sustained a split pelvis bone in a traffic accident northwest of Petersburg recently. He is a parttime employee at Newton Radio & TV, Abernathy.

Dick Herring, another employee at Newton's and driver of the panel truck, and Gordon Timms, driver of a pickup truck hooked bumpers as the two vehicles were turning a corner on a dirt road with the panel truck being thrown out of control and overturning. Patterson was thrown from the vehicle. He was carried to Methodist Hospital by Chambers Ambulance of Abernathy.

The panel truck was considered totally destroyed and only minor damage to the pickup. Herring received minor cuts and bruises in the accident.

1967 RAINFALL NEAR 20 INCHES

M. O. Hood, local weather recorder, reported a total rainfall of 19.73 inches in Abernathy during 1967, along with a total snowfall of 3.1 inches.

Rainfall by months: Jan., none; Feb., .12; March 1.96; April 1.57; May 1.30; June 4.57; July 2.88; August 4.92; Sept. 1.51; Oct. .07; Nov. .19; Dec. .64.

Funeral rites are set Friday morning in Odessa for a former Abernathy resident, Mrs. Clara Boykin, 77, who died Tuesday at her home in Odessa. Burial will be in Roswell

of second-class mail, bulk-rate third-class mail, controlled circulation mail and the educational materials category of fourth-class mail. Mailers using these classes who need information on the new rates should contact the local Post Office, Postmaster Lambert said.

Lakeview News

Born To:

Mr. and Mrs. Charles O'Neill, a daughter, weighing 7 pounds 8 ounces, Dec. 28.

Mr. and Mrs. Terezo Luera, a son, weighing 7 pounds 12 ounces, Dec. 28.

TAX MAN SAM SEZ:

Last year the good tax folks put on an educational campaign throughout Northern Texas to prevent taxpayer errors. The Newspapers and Radio and TV Stations work with IRS in carrying this message: "Be careful to get your tax due from the correct line in the tax table, and make sure that you put it on the correct line on your tax return."

The Dallas District IRS employees feel a little embarrassed over leading the Nation in having 49,000 out of 1,500,000 taxpayers, who sure enough, got the tax from the wrong line of the tax table or put it on the wrong line on the tax return. I guess they would like to have us "line up" and do it right next year.

Today 45 percent of all 4-H'ers live on farms; 33 percent in rural non-farm areas; 16 percent in towns of 2,500 to 50,000; 6 percent in larger cities.

Keyed To Local Farm Needs

It stands to reason that our bank, part and parcel of the community and dependent for its success on the success of local people, would know local farm problems better than any outside lending agency. It also is good horse sense that a lender who knows your problems is in a good position to help you solve them. So we invite you to do your borrowing here, because it's for your own best interest.

Wedding Date Is Set

Miss Elaine Bilbrey

Mr. and Mrs. A. E. Bilbrey, 809 14th St., announce the engagement of their daughter, Elaine, to Mr. Bob Pettit, son of Mr. and Mrs. Hugh Pettit, Rt. 1, Abernathy.

Both are 1963 graduates of Abernathy High School. The future bride is a graduate of Mc Murry College and is now teaching in the Midland Public Schools. She will be teaching in Lubbock beginning at mid-term.

The prospective bridegroom will graduate from Texas Tech next June with a B.S. degree in Agricultural Engineering. They will reside in Lubbock.

The wedding has been set for January 26 in the First Methodist Church, Abernathy.

NEWS BRIEFS

Mrs. Mary A. Johnson is at Parkway Manor Nursing Home, 114 Cherry Ave., Lubbock.

Barbara Faulks, who came here from Dallas, has been added to the staff of operators at Donna Powell's Beauty Shop in South Abernathy.

Mr. and Mrs. Douglas Chapman spent New Year Holidays in the home of his brother, William B., and family in Oklahoma City.

The three sons of Mr. and Mrs. Hilburn Barrick were here during the holidays. They are Ronald, Albuquerque; Billy, Tulsa, and Wendell, who is moving from Belton to Lubbock where he will work on his Master Degree at Texas Tech.

Mr. and Mrs. Jim Ned Gragg visited her parents in Lawn during Christmas.

Mr. and Mrs. Kit Medlin and son of Ephrata, Wash., visited here during the holidays in the homes of his mother, Mrs. W. M. Medlin, and her sister, Mrs. Frank B. Lovelace.

Mrs. Jo Dean Sparks went to California by plane last week to visit relatives.

Mr. and Mrs. Millard Hancock attended funeral rites in Putnam Friday for an uncle.

The Ronnie Gililand family visited in Oklahoma City last week.

The Carroll Dean Powell family of Boys Ranch near Amarillo spent the holidays here in the home of Mr. Powell's parents, the Rev. and Mrs. C. M. Ryan.

Mrs. J. W. Brooks visited in the home of her daughter, Mrs. Pipkin, and family in San Angelo during the holidays.

Mr. and Mrs. Gilbert Weeks of Barstow, Calif., visited in the A. C. Harris, Sr. home during Christmas holidays. She is a daughter of the Harris'. A son, Johnny Harris, of Dallas also visited.

Cotton Farmers Vote To Keep Penalty Rule

Lubbock County cotton farmers voted 96.48 per cent in favor of retaining the penalty for farmers who over-plant their cotton allotments, ballots tabulated today show.

Ballots were counted in the Lubbock Soil Conservation Service office in conjunction with nation-wide tabulations.

Voting was by mail only.

Walter Wells, office manager of the Lubbock ASCS, said 1,678 county cotton farmers voted in favor of the penalty and 59 were opposed.

This compared to last year's results of 2,360 in favor and 212 against.

Wells said the government's cotton price support program, which has been in effect two years, was at stake in the voting.

National results should be known by tonight, Wells said.

EDUCATIONAL FILMS SLATED ON TECH TV

LUBBOCK, --- Parents as well as teachers may find many of their questions about modern math answered in a series of 30-minute films to be broadcast over Texas Tech's Channel 5 beginning Jan. 3, 1968.

Each of the 19 films in the weekly series will be shown twice, said KTX-TV Director D. M. McElroy. The first showings are scheduled for 6:30 p. m. Wednesday and will be repeated at 4 p. m. Thursdays in order to make it available as a staff development program for teachers.

The film is co-sponsored by the Education Service Center for Region 17 in West Texas. The course is designed to give elementary teachers a better comprehension of mathematics, not merely "in how to compute with numbers but of what numbers are and why they work like they do."

No film will be shown on April 10 and 11 because of Easter vacation.

New Irrigation Representative Named By Firm

Haskell Harmon has been named Irrigation Representative for Pioneer Natural Gas Company's Plainview District, according to an announcement by Bill McKee, district manager for the company.

In this newly-created position, Harmon will work directly with irrigation customers and will be available for consultation on any type of irrigation problem.

Harmon has been with Pioneer Natural Gas Co. for 10 years. In addition to having a background in farming, during the past seven years his time has been largely devoted to serving irrigation customers throughout the Plainview district. Prior to this specialization in irrigation he had assignments in construction and maintenance as well as customer service and operations.

Born in Oklahoma, Harmon moved to Lockney in 1939 and attended public schools in the Long Star community. He graduated from Silverton High School. Following graduation he farmed in the Providence and Lone Star areas.

Harmon is a veteran, having served in the United States Army in 1950 and 1951.

Harmon and his wife Faye have two children, Ronnie, age 12, and Norma, age 8. They reside at 2618 Wood Ave., Plainview.

The National 4-H Service Committee, Chicago, secures about \$1 1/2 million annually from business and industry in support of 4-H.

\$17 Million Construction Is Planned During '68 By SWPS

Power plant additions which will increase the company's electric generating capability by 225,000 kilowatts make up the major investments in a \$17,818,000 construction program for 1968 which has been announced by Roy Tolk, president of Southwestern Public Service Company.

"We have invested more than \$200-million in new equipment in the last ten years for just one purpose, meeting the needs of our customers. Our 1968 program is another step in a continuing effort to assure our 45,000 square mile service area of the electric power necessary for it to reach its full growth potential," Tolk said in announcing the electric company's 1968 plans.

The company's generating capability will go to 1,717,000 kilowatts, twice what it was ten years ago, with the completion of a 210,000 kilowatt addition to Nichols Station, northeast of Amarillo, and the installation of a 15,200 kilowatt gas turbine in the Guymon, Oklahoma area.

For Peak Periods

The Guymon installation will be used principally for peaking purposes during periods of high usage, but will also provide area protection, complementing transmission line power sources in the Oklahoma Panhandle. The plant will be operated by remote control from Guymon and can be brought up to full production in a matter of minutes.

In view of the concern about reliability of service which is prevalent in some areas of the nation and in political circles in Washington, Tolk pointed out

that Southwestern Public Service Company will have adequate reserve capabilities in 1968.

Water and electricity will begin combining forces for efficiency and economy in 1968 with the beginning of the utilization of the Sanford Dam Project by the 11 member cities of the Canadian River Municipal Water Authority. The major pumping on this system will be done electrically on a controlled peak system supervised at the Southwestern Public Service Company's dispatching center in Amarillo, with the most efficient generating units being utilized, thus keeping production costs as low as possible.

Other Improvements

Other improvements planned in the 1968 program will strengthen the electric company's 4200 mile transmission system which interconnects 10 major plants and provide for additions to distribution facilities in com-

munities throughout the service area.

"1967 was a year of decision on the High Plains and this is the basis of our optimism for 1968 and other years to come. The thoughtful consideration and financial support which has been given this year to plans and programs to bring imported water to this area typifies the initiative of the people of this region. This 'It can be done' spirit benefits the world and the nation — as well as this region, for no other area is better suited to agricultural development. With supplemental water, this territory will play a major role in feeding the world, and the diversified development of agriculture and industry will make it one of the most productive areas of the nation," Tolk concluded.
