Lowrey Receives Two Awards In One Day Honorary Lion Membership; 50-year Service Plaque

J. D. Lowrey, long-time Sonora resident, was presented an honorary membership in Lions International Monday afternoon. The honorarium, one of two to be presented in the history of the local Lions Club, was awarded Mr. Lowrey for "his faithful, unselfish contributions to Lionism and to his community". Mr. Lowrey, who will observe his 90th birthday July 22, is a charter member of the Sonora club and was its second president.

The Lowreys came to Sonora around 1900 and lived on the old Mayer Brothers Ranch until 1904 when he moved into Sonora to serve as County Clerk, continuing in this capacity until his retirement January 1, 1945.

In 1909 Mr. Lowrey became the local representative for the Liverpool, London and Globe Insurance Company. In recognition of his 50 years with the company B. J. Brown of Austin, state agent, and W. C. Smith, Jr., of Dallas, fire manager, presented a 50-year plaque to Mr. Lowrey Monday.

Lions who awarded the honorary membership to Mr. Lowrey were two of the club's charter members, H. V. (Buzzie) Stokes and W. R. Cusenbary, Lions President Harold Scherz and Secretary A. E. Prugel.

George H. (Jack) Neill Elected Treasurer Of Texas Bankers Assn.

George H. (Jack) Neill, president of the First National Bank of Sonora, was elected treasurer of the Texas Bankers Association at its annual convention in San Antonio. Neill has also served three years as a member of the organization's administrative council and has twice been chairman of the San Angelo or Sixth District of the TBA.

A recent article in the Texas Bankers Record introduces Neill to TBA members all over the state as "a top banker of this territory, and very active in many civic, business and fraternal enterprises throughout this area."

George H. (Jack) Neill

In describing his career in banking the article continues: "Jack took up the banking business shortly after his graduation from Eldorado High School. To be exact, he started in the First National Bank of Sonora on October 8, 1918. He learned the sound fundamentals of banking under the tutelage of Lea Aldwell—a stalwart financier of the old West. Lea Aldwell had a son, Roy, well steeped in the Aldwell tradition, who completed the training of Jack Neill. Also, the late E. F. VanderStucken, headed up the First National of Sonora for a time. The Aldwell tradition has dominated the conservative management of the First National Bank since the early days.

"Jack Neill began working in the bank as a general runner, collector of out-of-town drafts, and so on, in 1918. Shortly thereafter he became bookkeeper. Next he was advanced to a teller's window, and soon was made assistant cashier. A natural promotion was to the cashiership, which post he held for several years. After the death of Roy Aldwell, who had succeeded his

father as president of the bank, Mr. VanderStucken became president, and Jack headed up the bank's management as executive vice-president. Upon the death of Mr. VanderStucken in 1954 Jack was made president of the bank, the post he currently holds."

Football Practice Slated To Start Early This Year

According to Coach Joe Turner, the Sonora Broncos will begin fall practice Monday August 17. This is a week earlier than usual and the date was set according to Interscholastic League regulations for Classes B, A, AA, and AAA.

Under the new set-up teams cannot scrimmage against other schools during the first week but may begin unofficial scrimmages during the second week of training.

22nd Annual Wool & Mohair Show To Start Wednesday

Commissioners Engage Firm For Tax Equalization Survey

County and City Commissioners and members of the Sonora School Board voted Tuesday to engage the services of P. L. Marquess and Company of Wharton, Texas, to conduct a tax equalization survey of all city properties.

This action was taken after careful consideration by the three governing groups and was instigated by Sutton County citizens who felt there were certain inequities as a result of the lack of expert evaluation and advice over a period of many years.

Marquess met with the groups at their regular May meetings at which time he presented his firm's plan. Cost of the \$5,000 re-evaluation program will be shared equally by the city, the county and the school district. The contract with Marquess includes duplicate sets of books for city and county, physical evaluation of all urban property. Following the survey Marquess will appear with each equalization board to discuss with taxpayers any changes in appraisals.

Purpose of employing the firm is to equalize evaluations in the city and county and is not intended as a means of increasing these evaluations formula for evaluating realistically any future construction or improvements.

Marquess's firm has been employed successfully by neighboring towns including Eldorado,

Mrs. Marie Bouin, Native Of France, Buried Thursday

Funeral services for Mrs. Marie Bouin, mother of Mrs. I. B. Boughton, were held Thursday, June 4, at ten o'clock a.m. in Callaway-Jones Funeral Chapel, Bryan, with the Rev. Charles A. Sheldon, pastor of the First Presbyterian Church of Bryan, officiating. Interment was in College Station Cemetery.

Mrs. Bouin was born in France November 4, 1873 and died in St. Joseph Hospital June 2. She came from France in 1947 to make her home with her daughter. She is survived by her daughter, Mrs. I. B. Boughton of Bryan; a granddaughter, Miss Jollette Boughton of Albuquerque, New Mexico; two grandsons, Capt. Richard B. Boughton of the Marshall Islands and Capt. A. G. Boughton of Big Spring; and three great-grandchildren.

Mr. and Mrs. R. C. Luckie and Lenora Vance of Eunice, New Mexico, and Mrs. G. H. Garner of Big Lake spent the weekend here with Mr. and Mrs. Jim Luckie and Mr. and Mrs. George Smith and Eddy.

Alpine, Llano, San Saba, Brady and the city of Fort Worth.

SCHWIENING APPOINTED LIVESTOCK INSPECTOR

Harold Schwiening has been appointed livestock inspector by the Federal Intermediate Credit Bank of Houston. Schwiening's appointment was effective May 26.

Rev. Alvin Loiry To Assume Duties At First Baptist

The Rev. Alvin Loiry has accepted the call of the First Baptist Church here and will assume duties as pastor of the church this week. Mr. Loiry, a native of Ohio, is a graduate of Hardin-Simmons University, Abilene and holds a Bachelor of Divinity degree from Southwest Baptist Theological Seminary, Fort Worth, where he has also done some work toward a master's degree.

Mr. Loiry comes to Sonora from Roby and has also served as an Air Force pilot and engineering officer in the armed forces and for a time was football coach at Putman, Texas.

Mr. and Mrs. Loiry have two daughters, Margaret, who will be a sophomore in high school, and Jane, who will be in the eighth grade.

Final Easement Signed On Devil's River Watershed

The final easement for flood prevention structures on Dry Devil's River was obtained this week, clearing the way for early completion of all structures on the 100,000 acre watershed.

Some \$600,000 has been earmarked for construction of six of the eight dams on Dry Devil's River, and there is a possibility that immediate funds can be obtained to complete all structures. Contracts for construction must be awarded within six months after project agreements are signed this month.

Work to obtain flood protection for Sonora was started in early 1957, with an application by the Edwards Plateau Soil Conservation District for a flood prevention survey on Dry Devil's River and Lowrey Draw. The reconnaissance survey indicated that flood prevention structures on Lowrey Draw appeared economically feasible, but control of the 100,000 acre Dry Devil's River did not appear to justify costs. Under Public Law 566, each dol-

Youth Revival Scheduled At Methodist Church

Jimmy Mayfield and Terry Voss will lead the Methodist Youth in a youth revival to be held here June 14 through June 19. Mayfield will preach and Voss will lead the singing.

Services will be held Sunday morning at the regular hour and at eight o'clock each evening Sunday through Friday. Other activities will include recreation and a study of youth programs and activities. Everyone is invited, with a special invitation to young people.

Both Mayfield and Voss are divinity students at Perkins School of Theology at SMU and hold degrees from the University of Texas and Southwestern Conference Board of Evangelism and will work in several churches during the summer.

Highway Officials Here Monday For Meeting With County Commission

District Engineer J. A. Snell of San Angelo and R. A. McCulloch, resident highway engineer, met with county commissioners in their regular session Monday to discuss and plan extension of the Sutton County Farm-To-Market Road program.

The Highway Department officials were asked to meet with the commission in order to answer questions concerning the legality and feasibility of building FM roads without right-of-way fencing. FM road specifications require fencing except when road travel is limited to local use. In the latter case eight-foot by 30-foot cattleguards are required and the cost of these cattleguards, which are provided by the county and which must conform to State standards, is estimated

by Snell to be in the neighborhood of \$1,700 each. After detailed discussion it was concluded that necessary cattleguards would in most cases be almost as expensive as right-of-way fencing. Policy of the county has been to allot the landowner \$500 per mile for fencing his own land along rights-of-way.

Under the current State FM road program, Sutton County's remaining allotment is for approximately 17 miles of construction and/or extension.

Two proposed FM Road projects under consideration by the commission were discussed. The first proposal is for an extension of the Hill Road and the second for extension of the Owensville Road. Snell indicated that either project would receive official approval.

The Sonora Lions Club's 22nd annual Wool Show will get underway here Wednesday, June 17, with entries of wool and mohair due in the warehouse of the Sonora Wool and Mohair Company by five o'clock Tuesday afternoon, June 16.

Exact number of entries received to date were not available but local entries are reported to be in greater number and of higher quality than at any other time in the past.

The precise number of 4-H and FFA judging teams to participate in the judging events is not known but 13 or 14 teams are expected to take part.

Every year since 1949 the Sutton County Club has received the trophy as the best all round club and has four times been over-all high team, although Ozona FFA and Crockett County 4-H took top honors team-wise in 1957 and 1958.

Over-all high individual awards have been won locally by Oscar Carpenter in 1950, Carlos Loeffler in 1953, Gene Brodhead in 1956 and Claire Jones in 1957.

Junior championships for bags of wool have stayed consistently in the county since 1949, with Connie Mack Locklin, Nancy Bryan Hunt, Claire and Cleve T. Jones, Curt Schwiening, Jr., Dick McMillan and Joe and John Friess showing the championship bags.

As for wool single fleeces, junior championships have gone to Nancy Hunt in 1950, Rodney

Davis in 1952, Connie Mack Locklin in 1953 and 1954, Jan VanderStucken in 1956, and Anna Ross Glascock in 1957.

Since 1949, when Joe David Ross exhibited the junior grand champion mohair fleece, the award has gone out of the county, four times to Menard County, twice to Kimble County, once to Harper, and twice to Bandera County.

Judging team winners for the past four years have been: Livestock: Crockett County 1955, Sutton County (Gene Brodhead, Rodney Davis, Jack Baker) 1956, Bandera County 1957 and Upton County 1958.

Wool: 1955 Upton County; 1956 Crockett County; 1957 Upton County; 1958 tie between Kimble, Bandera and Crockett Counties.

Mohair: 1955 Sutton County (Turney Friess, Joe Friess, George Ed Hill); 1956 Sutton County (Gene Brodhead, Claire Jones, Jack Baker); 1957 Upton County; 1958 Bandera County.

Range Management: 1955 Sutton County (Turney Friess, Joe Friess, George Ed Hill); 1956 Eldorado FFA; 1957 Ozona FFA; 1958 Schleicher County.

Last year's adult championship awards went to Elsie Earwood for the Grand Championship Bag of Wool; to Armer Earwood for the Grand Championship Wool Fleece; and to Howard Hay of Bandera for the Grand Championship Mohair fleece.

Fred T. Earwood

Fred T. Earwood, chairman of the show committee for the 22nd annual Sonora Wool and Mohair Show, is shown examining a fleece of wool such as will be entered in this year's show. Entries for the show are arriving daily and local entries reported to be more numerous and of higher quality than in past years.

U. S. Pricing Itself Out Of Business? O. C. Fisher Asks

By Congressman O. C. Fisher
IS THE U. S. PRICING itself out of business? That question is being asked over and over, even as Labor leaders are pressuring Congress to increase the minimum wage to \$1.25 per hour and an expansion of coverage. They theorize that by upping the minimum, the general wage levels are pushed upward. Moreover, they contend that by forcing minimums upward in the south, where production costs are less, less business will be attracted in that direction.

THE SIMPLE FACT is that due to high costs of production, more and more American manufacturers are moving their plants to foreign countries where wages are lower. The National Cash Register is doing it. Tile and brick makers are doing it, with some going into Mexico. Most of the tile now used in Houston is imported from American-owned plants south of the border. An Illinois company has a wage cost of \$2.90 per hour, making eight-penny nails which sell for \$9.80 per 100 pounds in carload lots. Similar nails from a German plant, with a wage level of 90 cents, are now delivered in Illinois for \$8.32. Take barbed wire. Last year more than one half of the barbed wire sold in this country was imported. A pobber in Dayton can buy a ton of barbed wire made in

Mr. and Mrs. J. P. Smith had as their guest last week their nephew, Walter Bailey of San Benito.

Germany for \$40 less than similar wire made in nearby Cleveland, where wages are three times as high.

A typewriter concern reports that it has identical plants in Germany and the U.S. It pays \$2.25 an hour to workers in the American plant, less than 60 cents to its workers in Germany.

And so it goes clear across the board. Last year 169 American plants moved to Puerto Rico, attracted by lower age rates and tax advantages.

But despite this trend, the steel workers are demanding increased wages, and there may be a strike! Four years ago the U.S. was exporting more than four times as many autos as it was importing. Now imports are running four times exports.

Don Cooper left last Tuesday for John Prude's Ranch, a camp near the Davis Mountains, where he will be a boy's counselor for the summer. His mother, Mrs. Pat Cooper, and his sister, Betty Jack, left Friday, and after a visit of a few days with friends in Fort Stockton and Alpine, Betty Jack will join him at camp and be his guest for two weeks.

Mr. and Mrs. Edwin Sawyer and children, Sarah, Eddy, Jane and Molly left Friday for Sebouis, Maine, where they will spend the summer.

Mr. and Mrs. F. L. McKinney spent Sunday at Hunt where they enrolled their daughter, Ann, at Camp Mystic.

Jo Addah, Jessie Lem and Janet Johnson are attending Camp Heart O' The Hills near Hunt.

YOUR MINISTER SAYS

By Rev. Allan Guthrie
"There is no new thing under the sun" Ecclesiastes 1:9
Most people find that there is nothing more wearisome than sheer monotony. For example, the busy housekeeper is compelled to face exacting duties each day, small as well as large. Sheer drudgery. Or, the shoemaker of a generation or so ago was the proud builder of a pair of shoes in their entirety. Now he stands at the assembly line and drives one tack in each of the passing shoes; modern industry uses sixty men in the making of one

shoe. Eight hours daily, driving one tack! Drudgery indeed. Is there a remedy? It seems so, when we read of the joyful living of the early Christians. They were all daily workers for their daily bread. But they made so much of Christian fellowship and of working unitedly in constructive service for other people that the weariness of their tasks swallowed up in the thrilling experiences of victorious living. You probably have a monotonous, dreary life at times. Christian service for others will also break your monotony.

FRIGIDAIRE ADVANCED APPLIANCES...DESIGNED WITH YOU IN MIND!

NOW Frigidaire Frost-Proof FOOD FREEZER

It's here...not just automatic defrosting, but **FREEZING WITHOUT FROSTING!**

- NO FROST no defrosting
- NO FROST-LOCKED foods
- NO FROST cover-up of food labels
- NO FROST to steal space
- NO FROST to cut efficiency

The greatest advancement in home freezing since the invention of the Food Freezer, itself—

AND LOOK AT THESE CONVENIENCES — Food is easy to store, freeze and find

- Quick-Freezing throughout (not just on special shelves) with Flowing Cold
- Slide-Out Basket is great for bulky, hard-to-stack packages
- Five big door shelves, plus Juice-Can Dispenser
- Giant 16.0 cubic feet capacity gives you room for months of frozen food
- Popular upright style is like a pantry for frozen food
- Exclusive "Frigi-Foam" insulation leaves more space for storage
- 3-Year Food Spoilage Warranty and 1-Year Product Warranty plus 4-Year Protection Plan

A FEW CENTS A DAY PLACES THIS FROST-PROOF FREEZER IN YOUR HOME!

You'll feel like a queen with a Frigidaire Frost-Proof Freezer.

Sutton Bond Sales Reach 27.9% Quota

George H. Neill, Sutton County Savings Bonds Chairman, announced today that Savings Bonds Sales for the first four months of 1959 totaled \$22,901 which equaled 27.9% of the county's 1959 goal. April sales in the county were \$2,226.

Sales for the first four months of the year totaled \$58,105,381 of which \$12,908,783 were purchased in April. Texas has achieved 81.8% of its yearly goal of \$182,500,000.

TSGRA Directors To Meet Saturday At Fort Clark

The summer meeting of the Texas Sheep and Goat Raisers' Association will be held in

Brackettville, Saturday, June 13. Lance Sears, TSGRA President, has announced.

The meetings will be held on the grounds of old Fort Clark, now Fort Clark Guest Ranch, he added. Committee meetings will be held in Las Moras Hall starting at 8:30 A.M. and the general meeting will be in the Theatre at 10:30 A.M. Both buildings are on the South side of the old post parade ground.

"We expect considerable discussion on a proposed plan to rid the state of screw worm flies," President Sears said. "Methods of financing this work will affect all ranchmen will be a big problem. State and National legislation will also receive attention."

All ranchmen in Kinney and adjoining counties are invited and urged to attend the meeting, he stated.

HIGH LIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

AUSTIN, TEXAS—First called session of the 56th Legislature will end automatically June 16.

It would be hard to find anyone around the Capitol who would bet on the state's money problems being wrapped up by that date.

Senators began their work on the tax bills sent them by the House with an air of deliberate calm. They even waited 48 hours before beginning hearings to give everybody time to ready his presentation. (This is the "tag" rule whereby if one senator "tags" a bill, it cannot be heard except with 48 hours notice.)

Main issue was a bill to raise new revenue for 1960-61 spending needs. Gov. Price Daniel appeared personally before the Senate State Affairs Committee in behalf of H.B. 7. This is the House-passed bill to tax natural gas, interstate corporation franchises, utilities, liquor, cigarettes, autos, etc.

Governor Daniel stoutly defended the bill on all counts, but said he would not "feel hurt" if the Senate wanted to make some changes.

Industry spokesmen and chamber of commerce representatives told the committee the bill would drive business away from Texas. "Our customers," said one company man, "will not pay a premium for a 'made in Texas' label."

Others complained that H. B. 7 not only would tax the same groups that have been bit before, but would hit some from several directions at once.

Governor Daniel's reply to those arguments is that business should bear a portion of the tax burden to keep from dumping it all "on the family budget," as in a general sales tax.

HARD GOING—Governor Daniel's abandoned property bill, killed during the regular session, made it back to the House floor, but only after a committee had attached crippling amendments.

Bunker Hill Stamp To Go On Sale

The Post Office Department will issue a two-and-a-half cent Bunker Hill regular postage stamp, the 23rd in the Liberty series, through the Boston, Massachusetts, post office, on June 17, 1959.

This stamp is 0.75 by 0.87 of an inch in dimension and will be blue in color. It will feature the Bunker Hill Monument and the flag adopted by Massachusetts at the outbreak of the Revolutionary War.

Collectors desiring first day cancellations of the stamp may send addressed envelopes, together with remittance to cover the cost of stamps to be affixed, to the Postmaster at Boston 9, Mass.

The stamp will be placed on sale in the local post office June 18.

As introduced, the bill would have allowed the state to take over property or bank accounts unclaimed for seven years. Committee changed the waiting period to 15 years. This cut the estimated first-year take from \$20,000,000 to \$3,000,000.

This is one of the bills recommended by the governor to pay off the \$65,000,000 deficit that accumulated during the 1958-59 biennium.

House Taxation Committee killed outright Rep. Jerry Sadler's proposal to levy a one percent gross receipts tax on manufactured goods.

THUMBS DOWN ON THESE—Governor Daniel vetoed nine of the some 500 bills passed during the regular session.

Among these was the "denovo" bill which would have provided for an entirely new trial when decisions of state agencies were appealed to the courts. Governor Daniel said it would have disrupted oil and gas conservation procedures of the Texas Railroad Commission.

Also turned down was a bill to create a Fort Bend County water district. Governor Daniel said it was in conflict with state-wide water planning. Rep. Jimmy Day of Brookshire, sponsor, made a critical speech on the House floor, contending the governor had signed a bill just like that one two years ago.

Another vetoed bill would have provided for repayment to per-

sons who have paid fines or served sentences for crimes of which they were not guilty. Governor said the intent was good, but with no limitations in the bill, the taxpayers had no protection.

ONE SOLUTION—Many observers believe that much of the current legislative trouble—the slow start, delays, bickering between members and last-minute do or die legislation—would not happen if the office of Speaker of the House were an elective post.

Certainly this would eliminate the factions that exist in the Lower House.

Evidence of the desirability of such a plan is found in the office of the Lieutenant Governor, who performs identical functions in the Senate. Both officers have apartments in the Capitol Building, but only the Lieutenant Governor is elected by the people.

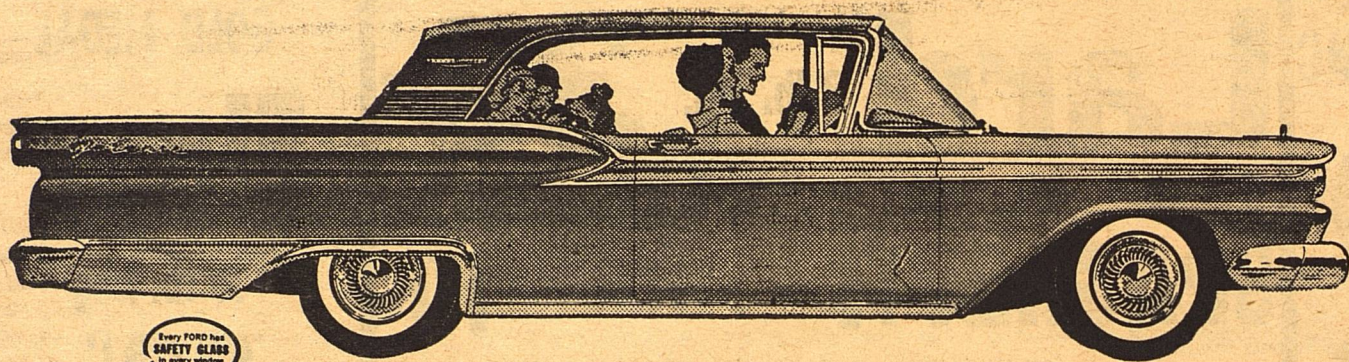

Selection of the House Speaker is made by the House members themselves. This delays the start of nearly every session. Furthermore it provokes many better battles, divides the House, and creates deep wounds that never heal. Also much time is wasted during sessions by various groups campaigning for the Speakership for the session that still is two years away.

The real loser in the battle is the public and they have no choice in the matter, as things stand now.

Demands for making the post an elective one would have to come from the people, as there is considerable feeling among public officials against the idea of elective offices.

CHAMBER OF COMMERCE COMMENTS

By H. V. (Buzzie) Stokes

DAM GOOD NEWS: The best news for Sonora in a long time, (rain excepted), is that the last easement for the Devil's River Flood Control Dam is signed. This makes it possible for this project to be completed several years ahead of schedule and when completed Sonora will be the first town to get its flood control dams before a disastrous flood. Hats off to E. B. Keng and all those who so worked on this project and thanks to all those who signed easements on both the Lowrey Draw and Dry Devil's River projects. We are in business, now.

YOUTH: The big problem facing every community is that of providing recreation for the youngsters during the vacation season. The Little League is in full swing and keeping several dozen young men busy. Now the Woman's Club is conducting a daily reading session for the younger set. And now, Freddy has installed a miniature golf course which will be popular with all. We had thought of suggesting a bowling alley until we read where one was being installed at Kerrville at a cost of \$250,000.00. Guess we had better stick with tiddle-wink.

1 MORE: The latest home to begin construction in Sonora is for Mr. and Mrs. Collier Shurley with Paul Williams the contractor. This modern home is being built on perhaps the most attractive lot in Sonora, across the street from the Fire Station. The post office building is going up. All other building progressing nicely.

GONE- Saturday will not be a

good day to take the census in Sonora. With a horse show in Uvalde and Ozona, with the Sheep and Goat Raisers meeting in Brackett and with races at Ruidosa, our population count could be terrible. Speaking of Ruidosa, Candlewick, owned by the Cross S. Stables of Sonora, won the first race of last week's meet, teaming with another long shot to win the daily double at \$176.00.

Pardon us for we were just interrupted. A man walks in and lays down a SEVENTY FIVE BUCK check saying, "here is my dues, I want to join all the folks of Sutton County who believe that we can do a better job by planning and working together." Oh Boy! Oh Boy!

HELLUP: We have asked the citizenship for suggestions for community betterment and since the bountiful rains most of the suggestions have to do with a weed cutting, alley clean up campaign, eliminating the possibility of snakes, mosquitos and germs. We will pass this on to brother McCarver with the promise that we will help in any capacity for it is timely and important.

BIG DOINGS: The 22nd Annual WOOL AND MOHAIR SHOW, next Wednesday and Thursday. This is one of biggest events. It will remain the Nation's largest so long as the home town folks support it. Let's attend, see the West Texas ranchmen of tomorrow in action today. 35 busy, home loving men of San Antonio are coming out the 16th to attend this big show. Your CC is honoring them with a barbecue Tuesday evening.

TWO SONORA STUDENTS TO GO TO McMURRY IN JULY

Two students from Sonora have enrolled for the annual Summer Band and Twirling School, to held at McMurry College, July 12-25.

The two students are among more than 150 who have pre-registered.

The Sonora students are Clara Margaret Schwiening and Lue Smith.

Aline Schwiening and Mary Pauline Templeton, May graduates of Sonora High School, have completed examinations preparatory to entering Shannon School of Nursing, San Angelo.

Aline is the daughter of Mr. and Mrs. Curt Schwiening, and Polly is the daughter of Mr. and Mrs. Harry Templeton.

GABBLE FAMILY REUNION

The reunion of descendants of the James Gabble family was held Sunday, June 7, 1959, at Camp Cooksey on the Nueces River with 72 attending including Mrs. Jack Shipp of Eutaw, Alabama; Mrs. Phoebe Shipley and son of Blythe, California; Mr. and Mrs. Hubert Westfall of Frederick, Oklahoma; and Mr. and Mrs. Melvin Billings of Mayer, Arizona.

Those attending from Sonora were Mr. and Mrs. J. S. Glasscock; Mr. and Mrs. Paul Turney; Mr. and Mrs. J. P. Smith, and Mr. and Mrs. Howard Westfall.

Mrs. Charles F. Browne and children Brenda, Chuck and Paul and Jean Ellen Schwiening left Tuesday for Altadena, California, where they will spend a month visiting Mrs. Browne's parents, Mr. and Mrs. K. A. Reeder.

THE WOMEN'S PAGE

Barbara Wilson Bride Of Reed Jennings In Church Ceremony Thursday Night

Mrs. Reed Jennings

Miss Barbara Wilson, daughter of Mr. and Mrs. Elmer Wilson, became the bride of Reed Jennings, son of Mr. and Mrs. Byron Jennings, in a single ring ceremony performed by the Rev. Doyle W. Morton in the Methodist Church Thursday evening, June 4.

Mrs. S. M. Loeffler played traditional wedding music and accompanied Mrs. Maxine Ellingson who sang "Because" and "The Wedding Prayer".

The chancel rail was outlined with greenery and clusters of Ester Reeds. Baskets of gladioli, white stock and baby breath completed the altar scene.

Given in marriage by her father, the bride wore a chapel length gown of white silk organza fashioned with a fitted basque and cap sleeves. The portrait neckline was outlined with alencon lace which was also featured in scrolls on the full skirt. Her finger-tip veil of silk illusion was held in place with a duchess cap of alencon lace outlined in pearls. She carried a trescent bouquet of feathered carnations and stephanotis shower centered with a white orchid and wore a strand of pearls which was a gift from the groom.

Miss Nina Jennings of Houston, sister of the groom, was maid of honor and bridesmaids were Misses Pasty Rode - Gerry Mayfield. They wore dresses of blue silk organza with head-dresses to match and carried bouquets of delphiniums on white lace fans. The flower girl, Annette Shroyer, cousin of the bride, wore a white organza dress fashioned like the bridesmaids'.

Byron Jennings attended his son as best man. Groomsmen were Tommy Love of Sonora and Dick Mills of Crystal City. Ushers were Tracy Crites, Sonora, Jack Herdon, Jerry Haby, both of Uvalde, Jerry Baldwin, Birl Davis and Tommy Adams all of Sonora.

Following the ceremony a reception was held in the church dining room. Misses Rita Lee and Nancy Wilson served while Janice Glasscock registered guests.

The table was covered with a white organdy cloth outlined with smilax and Ester Reeds and centered with an arrangement of blue delphiniums.

Mrs. Jennings is a May graduate of Sonora High School. Her husband, also a graduate of Sonora High School, attended Texas Tech, Lubbock and S.W.T.J.C. of Uvalde.

When the couple left on their wedding trip to San Antonio the bride wore an empire style dress of pink silk faille with a lace yoke. The eton jacket had three-quarter length sleeves and a picture collar. Her corsage was a white orchid.

The rehearsal dinner was given

MRS. SANDHERR HOSTESS TO THURSDAY BRIDGE CLUB

Mrs. Tom Sandherr entertained the Thursday Bridge Club in her home last week. Mixed flower arrangements decorated the party rooms and she served a salad and dessert plate.

High score prizes went to Mrs. R. V. Cook and Mrs. Bailey Ren-

by the parents of the bridegroom, Mr. and Mrs. Byron Jennings Wednesday evening at the Commercial Cafe.

Pfc. and Mrs. Harold Schwiening, Jr., of Anniston, Alabama, are visiting here with his parents, Mr. and Mrs. Harold Schwiening, Sr.

free. Mrs. Robert Rees won the bingo prize and Mrs. Nellie Allen won the consolation prize.

Others who attended included Mmes. R. B. Kelley, J. P. Smith, Joe Berger, C. E. Stites, O. G. Babcock, Maysie Brown, Auther Simmons, Lee Labenske and S. C. Armstead.

CHEVY BESTS

Independent experts and official facts and figures prove Chevrolet's ahead of its
field in seven big ways.

BEST BRAKES ... In direct competitive tests of repeated stops from highway speeds, conducted by NAS-CAR*, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** ... Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE** ... Popular Science magazine sums it

up: "The fact is, in its price class the Chevy establishes a new high in daring styling ... It's the only car of the leading low-priced three that's unmistakably modern in every line. **BEST ECONOMY** ... No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** ... Official dimensions reported to A.M.A.† make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST**

ENGINE ... Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE** ... You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

Devil's River Philosopher Works Out Some Unusual Notions On Monkey's Flight Out Into Space

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River adds his two-bits worth to the monkeys flight into space. This is known as inflation.
Dear Editor:

As a student of space, by which I mean I guess I've started off into it as much as anybody, I have been very interested in reading about those two monkeys that were sent 300 miles out into space and successfully brought down.

That is, what has interested me most is what a lot of people have imagined the monkeys' reactions were to the flight, and while a lot of words were written about the "press conference" the two animals held in Washington, nobody seems to have hit on what the monkey reaction probably was.

I can tell you. It was, and I will add it's also what the first space men will say too if they ever get out there and back: WE'RE SURE GLAD TO GET BACK HOME AGAIN.

I still say travel into space may be sort of like some men going off to war. At the time, it seemed like an exciting thing to do, they were sort of bored with life at home anyway, but after they'd been there a little while, home sounded like the most exciting place in the universe.

And as for the death of one of the space monkeys after it got back, I can explain that. Before it was sent, up, it was put to sleep with an anesthetic so a small recording instrument could be placed under its skin, then when it got back, you know, it was given another anesthetic so the instrument could be removed.

Now here's the thing. Monkeys may not be as smart as people, although I'm not prepared to say this as I don't know as many monkeys as I do people, but that monkey wasn't so dumb and he thought, just as they started to give him that second anesthetic the first time they did this to me, shortly afterwards I was put into a capsule and blasted 300

miles into space at 10,000 miles an hour.

The thought the second time around was too much for him and he died of shock.

Yours faithfully,
J.A.

Seven Basic Rules Assure Vacationers Traffic Safety

Texans are warned that increased travel during the peak vacation months of June, July and August could—on the basis of past records—bring a traffic toll of more than 650 deaths and 81,000 injuries.

This, of course, does not have to happen. The size of the actual toll will depend entirely on how many drivers heed or fail to heed a few common sense rules that could save their lives and the lives of their friends and neighbors.

Seven basic rules will assure vacationers of a much higher degree of safety in their travels. They are:

1. Have a complete service check on the car; brakes, tires, steering, lights and windshield wipers.
2. Be extra careful on strange roads.
3. Hold your speed to 60 m.p.h. or below, on the open road. Read and heed traffic warning signs and signals.
4. Put the time of arrival at your destination last in importance and your safe arrival first.
5. Don't drive too long, let someone else drive, or get off the road and take a nap.
6. Watch for pedestrians and animals along the highway.
7. Remember, you are on vacation, so be patient and courteous; streets and highways are no place for irritable drivers.

Mrs. Nelson Stubblefield has returned home from San Angelo where she underwent surgery two weeks ago.

'Angelo District Accident Figures Released For May

Lieutenant W. M. Howell of the San Angelo Sub Station of the Texas Highway Patrol, released Coke, Concho, Crockett, Edwards, Irion, Kinney, Maverick, Rennels, Schleicher, Sterling, Sutton, Tom Green and Val Verde Counties' Rural Traffic Accident Summary for May 1959.

The Highway Patrol in this area investigated a total of 50 accidents with the following breakdown: Property damage 26, Personal Injury 22, and Fatal Accidents 2. Lieutenant Howell reported a total property damage of \$32,790 with 39 persons injured and 2 killed. This is a decrease of 10 accidents and a decrease of 2 deaths for the same period of May 1958.

VALUE-RATE the ROCKET

OLDS

BY EVERY MEASURE... THE VALUE CAR OF THE MEDIUM PRICE CLASS

BEST OF ALL

...Olds is such
a good
investment!

Sure, there's the fun of owning an Olds! Just look around and see how many folks think so.

They've found that only Olds has the style and performance they want!

But consider total value. Oldsmobile's proven quality means low operating and upkeep costs while you own an Olds... traditionally higher resale value when you trade it in.

Today's the day to join the swing—THE BIG SWING TO OLDS! Come in and Value-Rate the Rocket.

Wool And Mohair Show Committees Named To Serve In Next Week's Show

Committees to serve this year in the Sonora Wool and Mohair Show have been announced. Fred T. Earwood will be general superintendent and Harold Scherz, president of the sponsoring Lions Club, will be program chairman.

Superintendents in the various divisions are as follows: Mohair: Armer Earwood; Wool: Fleeces, Louin Z. Martin; Wool Bags, W. B. McMillan; Judging Contest, James A. Gray.

Record clerks will be Mrs. Fred T. Earwood, James Hunt, Norman Rousselot, Ralph P. Mayer and Fred R. Campbell.

Ribbon clerks: W. F. Berger, Edgar Glascock, E. S. Mayer, Jr., and Hillman Brown.

Range Contest grading committee: E. B. Keng, Leo Merrill, Bobby Joe Ragsdale, Hal Whitsitt, Harold Friess, Rip Ward, Joe B. Ross, Jack Thomas, and Nolan W. Johnson.

Tabulating committee: Billy

Kidd, A. E. Prugel, Roy Hucklebee, Ray Siegmund, Jr., and Nancy Hunt.

Records: F. L. McKinney, Mrs. Marie K. Ellis, Mrs. J. A. Let-singer and Mrs. Joe Neill Smith.

Record Book judging committee: John Atkins, Cal Boykin, Bob Holland and George James.

Publicity: Stanton Bundy, H. V. (Buzzie) Stokes, and Ralph P. Mayer.

Food and Lodging: Rex. W. Lowe, Frank P. Bond, and Mrs. Muriel Hamilton.

Weighing committee: Louin Z. Martin, Mrs. Fred T. Earwood, W. F. Berger, Ralph P. Mayer, James Hunt, Armer Earwood and E. S. Mayr, Jr.

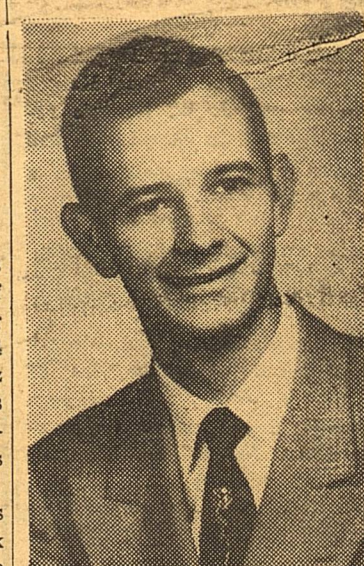

Group Leaders: George D. Wallace, R. W. Wallace, Prston O. Love, Sr., Bill Morris, Glen Richardson, Billy Galbreath, Gene Wallace, David D. Shurley, Hensel Matthews, Bill Tittle and Sears Sentell.

Surest sign of summer we know is the red noses and broad smiles of successful fishermen like these. W. J. Thompson and son Pat and Max Hardegree were showing off a string of 20 catfish averaging better than five pounds which they caught last week on Devil's River.

Rev. Billy Scott Ordained Sunday At Big Valley

Billy Scott, son of Mr. and Mrs. M. C. Scott of Sonora, was ordained into the Baptist ministry Sunday morning, June 7, at Big Valley. Dr. W. W. Melton who was Scott's minister in Waco for five years was ordaining minister, and Charles Hammel was song leader.

The Rev. Scott, a student at Southwest Baptist Theological Seminary in Fort Worth, will serve as pastor of the Big Valley congregation while attending the seminary. He will also conduct several revivals this summer including one in August at the First Baptist Church in Galveston.

Among those attending the ordination service were Mr. and Mrs. M. C. Scott and Miss Lois Perry of Sonora; Mr. and Mrs. O. B. Faubion of Evans; Mr. and Mrs. C. C. Stroud of San Angelo; Mrs. Maxine Ellingson and Billy Bob Ellingson of San Angelo and Janice Glascock of Sonora.

Equalization Board To Sit June 23

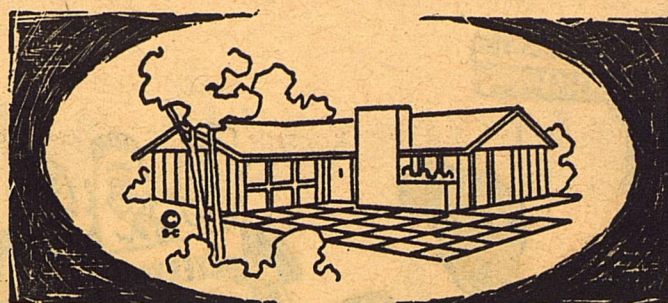

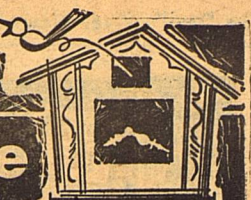

A Board of Equalization will be in session at the City Hall Tuesday afternoon, June 23, from two until four o'clock for the purpose of meeting with any who may have business with the Board.

Mr. and Mrs. George Smith and Eddy spent last weekend in San Antonio.

which Ozona counted 17 dead and millions in property damage. Construction costs are estimated at slightly more than \$1,250,000.

Local sponsoring organizations include Sutton County, the City of Sonora, Edwards Plateau Soil Conservation District, and the Colorado Divide.

Hart To Conduct Summer Classes For Band Students

A. C. Hart, band director and instrumental music teacher in the Sonora Schools, will conduct a band summer school beginning

June 16 and continuing through July 10. Students will study in two instrumental classes and one full band class each week. Hours will be from eight o'clock until noon and classes will meet in the band hall.

All band students interested in attending this special band school may register from eight until

Mr. and Mrs. Ralph J. Finklea, Jr., left this week for a visit with his parents, Mr. and Mrs. Ralph J. Finklea, Sr., in Raymondville. They will later go to Austin where Finklea will do postgraduate work at the University of Texas.

ten o'clock Monday morning, June 15, at the band hall.

Cubs, Tigers, Giants Victorious In This Week's Little League Play

By James Stewart, Jr.

The Piggly Wiggly Cubs blasted out five runs in the fifth inning to eke out a seven to six victory over the Evans Foodway Tigers Thursday. The Cubs' Pat Brown belted a solo home run in the third inning to spark the Cubs to their first win of the young season. Laney Cook, with two singles and a double, went three for three.

In the second game, the J. & S. Motors Giants defeated the First National Bank Yankees by a score of 22 to 12. The Giants gathered 11 runs in the first inning and thereafter scored in every inning but one. Bobby Sanchez, with two triples, an inside-the-park home run, and a single, was the Giants' big gun on offense. Pee Wee Perez had five hits in as many times at bat. In the sixth inning Bill Elliott homered for the Yanks with

two men on base.

The J. & S. Motors Giants won their third straight game of the baseball season by beating the Piggly Wiggly Cubs 9 to 4 Tuesday night. Bobby Sanchez got three hits in as many times at bat for the Giants. Abel Fierro and Laney Cook had two hits each for the Cubs.

The Evans Foodway Tigers clobbered the First National Bank Yankees 19 to 4 behind the pitching and hitting of Mike Sims. Sims pitched perfect ball for three innings. He also got four hits for a perfect night at the plate. Jimmy Wilson and Harold Martinez had two safeties apiece for the Yankees.

All baseball fans are invited to come out to the Little Park Friday, June 12, at seven o'clock to see a game between the eight and nine-year-old Little Leaguers.

Continued From Front Page

lar spent for construction must reduce flood damage by at least one dollar.

Sutton County and the City of Sonora then joined the Edwards Plateau SCD and raised \$15,000 to finance the development of a flood prevention work plan. During the process of developing economic and physical information on Lowrey Draw, the Soil Conservation Service planning party determined that control of Lowrey Draw alone would give Sonora only 33 per cent reduction in flood damage from a severe flood—but there would be sufficient flood damage to property to justify control of both Dry Devil's River and Lowrey Draw.

It is interesting to note that had the original application for control on the combined 130,000 acre watershed appeared feasible, the cost of developing a work plan would have been estimated at \$40,000, or more. Following six years of severe drought, Sonora people would have been completely unable to have raised so large a sum, and flood control would have been realized at least 10 years later.

With an additional \$3,500 the work plan on both draws was completed, submitted to Congress, and approved in July, 1958. Since flood prevention under Public Law 566 is new, many communities in Texas are still six months to one year from the construction stage. As the result of early planning, cooperation from landowners, oil and gas companies, and teamwork among the five sponsoring local organizations, Sonora's flood prevention plan should be completed in two years rather than the normal 10 years required for a project of this size.

The project will include 13 structures: five on Lowrey Draw and eight on Dry Devil's River. At emergency spillway level, which is expected to be reached only once in each 140 to 250 years period, the combined structures will hold back 37,778 acre feet of floodwater. The lakes will drain in 10 to 14 days to sediment or permanent pool level which can hold 1,809 acre feet on 420 acres in the 13 structures.

The project is designed to give Sonora 96 per cent reduction in damages from a larger flood than the June, 1954 flood in
