64TH YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

Thursday, October 21, 1965

NUMBER 42

County Welcomes
Sunday Night Rain

Rains which fell here Sunday night ended three days of high dust-blowing winds which had created endless clean-up problems for housewives and merchants. It ended, too, a long dry spell which was causing concern for fall small grain and pastures in general.

The heavy showers which were preceded by violent thunderstorms began falling around midnight. In the City of Eldorado, gauges showed an average of 1½ inches when checked Monday morning, under clear skies and cold weather.

The precipitation also caused a temporary delay in the cotton harvest which was reaching its peak for the season. Cotton picking will resume in a few days as soon as fields are again dry enough to enter.

Apparently the rainfall was general over the county with reports of one to two inches. Jess Koy's ranch, east of town reported 1 to 1.20. The west side of T. K. Jones ranch had 2.30. In Reynolds community Edgar Sauer had 1.70, Northern Natural nearly 2.00, and Clemens Sauer 1.60. A resident in Kaffir reported 1.70, and another in Bailey Ranch had 1.50.

Claude Doyle reported 1.40 to 1.80 on Circle ranch.

Lions Honor Faculty
At Ladies Night

Ray Boyer presided and Ed Meador served as master of ceremonies at the annual Lion club ladies' night honoring the faculty of the Eldorado schools, staged Monday night in the Memorial Building. A capacity crowd of Lions, faculty members and their husbands and wives, and school board members, filled the basement banquet room.

Musical entertainment was rendered by Joe Kreklow, Eddie Pace, Mike Nelson, and Robert Jay.

Speaker for the evening was Rex Lowe, for the past seven years superintendent of the Sonora schools. He was accompanied by Mrs. Lowe and by Mr. and Mrs. Emil Prugel.

Mr. Lowe discussed the meaning of the letters in the Lions' slogan: Liberty, Intelligence, Our Nation's Safety, and how it was related to patriotism and the continued development of education.

Mr. Lowe has been active in the Lions club and the Baptist church in Sonora.

A. M. Whitis, superintendent of the Eldorado schools, introduced the faculty members and administrators.

At the beginning of the evening, Judge W. R. Bearce led the pledge of allegiance to the flag, and Rev. Kenneth Vaughan gave the invocation.

This ladies' night honoring the faculty has been put on each fall by the Lions club for many years.

FOR NEXT YEAR . . .

Big Lake Moves
Out Of District 8-A

New Interscholastic League alignments released last week reveals that Eldorado will not have to battle Big Lake in district play next year.

District 8A will have eight teams instead of nine and will be made up of Eldorado, Iraan, Junction, Menard, Ozona, Sanderson, Rankin, and Sonora.

Big Lake joins Fabens in enrolling in 6-AA where they will be in competition with Alpine, McCamey, Crane and Marfa.

New Babies

A son, Christopher John, was born September 16 in Austin to Mr. and Mrs. Clifford James Conner of Lockhart, Texas. The baby weighed 8 lbs. 14 oz., and is the Conners' first child.

Grandparents are Mrs. J. W. Davis and the late Mr. Davis, formerly of Eldorado, and Mr. and Mrs. J. J. Cerami of Groves, Texas. Mr. O. E. Conner of Eldorado is great grandparent.

Mr. Conner is a Senior Vocational Agriculture major at Southwest Texas State College. Mrs. Conner is the Caldwell County Home Demonstration Agent. Mrs. Conner is the former Fae Davis.

Post Script

The Lions club members have been conducting their Halloween candy sale here in Eldorado for the past week.

If you have not already done so, be sure to purchase at least one of the bags of 160 individually-wrapped pieces for \$1 from the Lion who calls on you.

The bags are also on sale in the business establishments of Roy Phelps, Ray Boyer, Eldon Calk, John Stigler, and Johnny Griffith. Bill Rountree and Judge Dick Bearce have been chairmen of the sale.

A total of 113 poll taxes had been paid as of Tuesday morning.

T. R. Spence was recently named new Democratic chairman of Precinct 1, succeeding Dick Preston who is now County Democratic Chairman.

Cecil Pearce is new in Eldorado, in the Bob Ledingham house.

People moving: Paul Nixon Jr. from Posey house to Jones house; Charles Allard from McGinness house to Riley house.

With our subscribers: Charles G. Pharis is subscribing again at Sonora.

Miss Jerry Blaylock is now on the list at Box 670, 1230 Amsterdam, New York, N.Y. 10027.

Mrs. William Jarrett writes that they have moved from Livingston, New Mexico. "William has been transferred to Artesia, N.M. He will be working in the new gasoline plant that Marathon is building between Artesia and Carlsbad. Will you please send our Success to 1706 W. Grand, Artesia, N.M."

Should we continue writing it ELDORADO or do you want to use the Spanish form and divide it into two words, EL DORADO? Your postmaster would like to know.

In honor of El Dorado Woolens which is gaining state-wide prominence for our city, there has developed a movement here in favor of the two-word spelling.

It can be changed by the Postmaster General in Washington, D. C., provided the local postmaster furnishes him evidence that the people here want it changed.

Now Postmaster Bernard Carr is wondering how he can truthfully obtain such evidence that will be considered by the P. M. General. It is not the sort of thing on which you'd call a city-wide election.

The General's office has indicated to Carr they will consider as evidence, statements from various civic organizations in this city.

So if the Chamber of Commerce or Lions club (for instance) would pass a resolution endorsing the two-word spelling, it would have a great deal more weight than would words for or against expressed by individuals on the street or in the post office lobby.

Other civic organizations could be the American Legion, the Fire Department, the Woman's Club, Home Demonstration clubs, the D. A. R., and others.

Carr says that when he mentions the proposition most individuals say that they don't care, one way or the other. Now he feels that the "monkey is on his back" and he would appreciate it if some of the people in the above organizations would CARE long enough to provide him with their official pre-preference on the matter.

The postmaster did not initiate the idea, and neither has the "El Dorado" Success. But we'll be glad to go along with it if it is changed.

But right now the postmaster would like to hear from the various civic organizations, so that he can have some concrete evidence to submit—and we're sure he will need it in writing.

As of Wednesday morning of this week, only two absentee votes had been cast here in the Amendment Election coming up November 2nd.

Deadline for absentee voting will be Friday, October 29th, at 5:00 p.m. in the County Clerk's office.

TRASH FIRE

Fire alarm was sounded about 8:00 a.m. Sunday in response to a trash fire at the west side of the cotton gin. Although fanned by high winds at that time, it was quickly brought under control by prompt action of the Fire Department.

Draft Clerk Announces
Local Re-Classifications

Frances W. Grobe, clerk of the draft board, announces that the Schleicher county registrants classified at the board meeting last Tuesday, Oct. 12, were as follows:

Donald E. West	V-A
Chandler J. Whitten	V-A
Roy W. Short	IV-A
Robert W. Whitis	III-A
Kenneth J. Hicks	III-A
Joe B. Hardin	I-C Ind.
Jerry W. Mackey	II-S
Leo Ussery, Jr.	I-C Ind.
Orville H. Luedecke, Jr.	I-S(H)
Larry E. Donaldson	I-A
Phil E. Edmiston	II-S
I. G. Green	I-A
Johnny A. Fay	I-Y
Candelario A. Saldivar	I-Y
Christian A. Faull	I-S (H)
Armando R. Martinez	I-Y
Richard S. Martinez	III-A
Patrick M. Preston	I-A
Paul J. Nixon	I-A

Cows, Young Nannies
Top Market At Oct. Sale

Total head at Sonora Oct. 14 sale, 3595. Cows \$11.00 to \$15.90 cwt. Yearling calves and bull calves, \$18.10 to \$22.80 cwt. Bulls, \$15.90 to \$16.20 cwt. Sheep, young ewes, \$9.10 to \$12.30 head; aged ewes, \$5.30 to \$7.25 cwt. Bucks, \$6.10 to \$7.20 cwt. Good black-face bucks were \$32.50 head. Yearling ewes, \$12.50 head; mutton sheep, \$11.80 to \$17.50 cwt.; buck lambs, \$14.50 to \$15.60 cwt.; unshorn lambs, \$17.50 to \$20.60 cwt.; shorn lambs, \$17 ti \$18 cwt.

Goats, yearling and 2-year-old nannies, \$4.40 to \$9.50 head; aged nannies, \$3.75 to \$6.40 cwt.; aged billies, \$4.00 to \$6.30 cwt.; breeding billies, \$13 to \$21 head; yearling billies, \$21 to \$30 head; mixed kids, \$5.70 to \$6.80 head; Spanish muttons, goats, \$4.60 to \$6.60 cwt.

Sample Ballots for the Nov. 2 Amendment Election, are available free at the Success office and at the County Clerk's office.

Abundance Of Large Fat Deer Reported
In County As Hunting Season Approaches

With the deer season opening Saturday, Nov. 13, slightly more than three weeks away, Game Warden Bill Works reports that Schleicher county's deer population is larger than ever. His surveys reveal bucks with large horns, good condition, and larger than usual. He also reported that the fawn crop this year was practically 100 per cent.

Mr. Works says inquiries have already been coming in from hunters asking about hunting leases and that they are being referred to the secretary of the Chamber of Commerce. Shooting preserve licenses for ranchers are also available at the C of C.

Doe permits will be issued to

ranchers at the C of C office on November 4 and 5 during the hours from 8:30 a.m. to 5:00 p.m. These permits are issued to ranchers who in turn issue them to the hunter. The hunter must have this permit on his person while hunting.

Doe permits will be issued for the following part of the county only—

For area south and east of a line starting at Sutton county line and Station A road, to FM road 2129 to Hwy. 277, thence to Hwy. 29, thence east along Hwy. 29 from Eldorado to F.M. 2664, thence north on 2064 to Tom Green county line.

Map of above area will be on bulletin board in court house, for inspection.

Week-End Mishaps
Send Several
To Hospitals

Late last Thursday, a vehicular collision took place in the Reynolds area of the county. Involved were Wayne Black and Mrs. Walter Powell Sr. Ted Yocham was riding with Black and they, along with Mrs. Powell, were taken to the Sonora hospital.

Yocham and Black were treated and released the next day, and Mrs. Powell was taken to a San Angelo hospital for further treatment.

Bill Edmiston was kicked in the chest by a horse late last week while at work out in the county.

Mr. Edmiston, father of Delbert Edmiston and Mrs. Frankie Halbert, sustained some broken ribs and was taken to the Sonora hospital where he went into pneumonia. Monday, he was transferred to the Shannon hospital where he is continuing to receive treatments this week.

Last Friday, Jerry Edmiston, student at Sul Ross college and son of Mr. and Mrs. Delbert Edmiston, was involved in an accident near Fort Stockton. He was treated for an injured foot and some damaged teeth.

Eagles Hope to Improve Their
Dist. Standing at Iraan Friday

Scores October 15

Iraan 40	Sanderson 0
Ozona 47	Menard 6
Sonora 21	Eldorado 0
Big Lake 37	Junction 8

Rankin with open date.

Games Tomorrow

Junction in Sonora
Sanderson in Rankin
Ozona in Big Lake
Eldorado in Iraan
Junction in Sonora
Menard in Eden (nonconf.)

Comment

Every two years the University Interscholastic League classifies Texas high schools on basis of their enrollment. This is an effort to keep competition as equal as possible. The figure for Class A schools was raised from 215 to 225 this year. Big Lake was a casualty with an enrollment of 239 and will not be in District 8A for the 1966 or 1967 seasons. This leaves eight schools in District 8A. Big Lake joins the Crane, McCamey, Alpine, Marfa, Fabens AA district.

It is an interesting line of thought to contemplate what will happen tomorrow night when the Eldorado Eagles collide with the Iraan Braves in the waning days of the 1965 District 8A football race. It comes to mind that back in August, crystal ball gazers picked the 8A race to end as follows:

Big Lake	
Iraan	
Eldorado	
Ozona	
Sonora	
Junction and Rankin tied	
Sanderson	
Menard	

But an examination of the Iraan starting lineup provides obvious conclusions.

No.	Name	Pos.	Wt.
30	Orville White	LE	170
62	James Coots	LT	172
51	Wendell Rowe	LG	145
73	Jackie Buchanan	C	197
41	Juan Ramirez	RG	155
75	J. W. Blackwell	RT	204
82	Tim Armstrong	RE	164
21	John Joy	LHB	160
40	Edward Everett	RHB	150
22	Jim Bob Smith	RB	161
28	Danny Mabry	QB	144

To continue conclusions, the Braves employ an ancient formation; i. e., singlewing with unbalanced line to the right; but they put these weights to the right or strong side: 164 pounds, 204, 155, 172, against their 197-pound center with Wing Back Everett at 150 pounds outside the right end. Their back man or "tailback" is

Some Married Men
May Be Called For
Examinations

Austin.—Draft-age men who married before August 27 may be called by some Texas draft boards in November to help fill a quota of more than 6,000 men for physical and mental examinations, Col. Morris S. Schwartz, state Selective Service director, said Friday.

Currently, men in the 19-25 age range who are single and those married on August 27 and since are being tapped, in accordance with an executive order issued by President Johnson in late August.

The Johnson order provided that married men who married before August 27 would not be processed for armed forces service unless single men and men married since August 27 are not sufficient to fill quotas. The order did not pertain to married men with children, who are deferred for dependency if boards are advised of a child or expected child in the family.

The decision to permit the forwarding of men married before August 27, Col. Schwartz said, was made because some local draft boards may not have enough available men unless the move is authorized.

"If calls are kept at their present level," the state draft director said, "the men who married before August 27 likely will be needed for induction about January. We have to take preparatory steps in view of the expected situation that will face us about the first of the year."

Col. Schwartz said that he understood from his contacts with other state directors that the move also is being made in other states.

Texas local boards are scheduled to be sent their November induction quotas Friday involving a state call for 1,231 men. This compares with state quotas of 1,504 and 1,459 for October and September, respectively. The November quota of 6,245 men to be examined is also scheduled for mailing Friday.

The November state quota of 1,231 for induction is the Texas share of a national call for 32,450 men, 28,400 for the Army, and 4,050 for the Marine Corps. An earlier request by the Navy for 4,000 men was deleted in an amended call on the states.

Col. Schwartz also said his office had received calls for 62 physicians, 15 dentists, and 6 veterinarians, to be supplied in January.

Local boards already have been instructed to forward doctors, dentists, and veterinarians for examinations preparatory to filling these quotas.

their highly regarded John Joy with Fullback Jim Bob Smith to alternate with straight power behind the big linemen or with delayed power plays from handoffs or spin plays. This is also a good passing formation with good protection and time to throw.

This formation is a strong one and it is a cinch that it has been highly modernized. There will be an army of blockers out front of Mr. Joy and the Braves are also very proud of their left end, Orville White, an All-West Texas end of 1964. He is calculated to provide material help for the inevitable counter plays or reverses.

Should any Eagle fan regard the Braves as easy prey tomorrow night, he should reconsider. In all probability, a majority of area sports prophets will pick Iraan to defeat Eldorado.

Meanwhile the Eagles, now tied with Rankin for fourth place in the nine-slot district 8A ranking, will dream of victory in Iraan and misfortune to Sonora, Big Lake, and Ozona. It could happen that the Eagles still might garner football glory November 12.

The Eagle defensive and offensive lineups are probably approaching the constant or nearly constant stage by this time in the season. Defensively, the front four will be Captain Joe Phillips, Wayne McGinness, Bobby DeLong, and John Mayo with Captain Sam Henderson, Captain Scott McGregor, Captain Jim Belk, Chris McCravery, and Steve Blaylock as the secondary, both line and secondary being listed from left to right. The safeties will be Roy Davidson and Jay Halbert.

Offensively, the Eagles will probably be the same as against Sonora:

No.	Name	Pos.	Wt.
81	Donald Rogers	LE	170
76	John Mayo	LT	205
75	Cap. Jim Belk	LG	170
55	Chris McCravery	C	155
66	Steve Blaylock	RG	160
77	Cap. Joe Phillips	RT	200
30	Danny Richardson	RE	160
44	Cap. Sam Henderson	LHB	150
21	Jay Halbert	RHB	150
13	Cap. Scott McGregor	FB	165
11	Danny Halbert	QB	150

This will be a hard-fought football game between two evenly matched teams. Iraan has a 6-point homefield advantage. Eldorado, a pent-up resentment against two consecutive losses. Eldorado has a slightly better season's record which, of course, will provide incentive for greater Iraan effort. But there is good reason to think that Eldorado will probably win this one tomorrow night.

A year ago, the Eagles and the Braves played to a 6-6 tie.

(See page 5 for report on the disastrous Sonora game.)

Senior Play Is Cast

"A Connecticut Yankee In King Arthur's Court" is the play to be presented next month by the Senior class of E.H.S. It will be given the night of November 11th.

Nelson Word is director, and the following Seniors are in the cast: Steve Mercer, Jane Cain, Joan Doyle, Karen Corbell, Jimmy Belk, Lulu Geldard, Beth McCalla, Toya Finley, Kaye Harkey, Jerry Stigler, Joe Max Edmiston, Larry McGinness, Karen Griffin, Steve Blaylock, Jody Wagley, and Dee Lux.

Assembly Of God
Sells Church Building

The Assembly of God church sold their building on the Menard highway across from Shipman's grocery, to C. O. Bruton recently. Mr. Bruton is moving the building to his ranch on the Sonora highway where he will remodel it for his future home.

Ready To Complete

Tenneco No. 1 Robinson well near the football field, reached total depth and set casing last week. Tucker drilling rig has been moved to northeast part of the county. Perforating and acidizing are the next steps prior to completing, but as of yesterday there was no equipment on the ground.

Phelps Is Awarded 15-Year Plaque

A handsome plaque recognizing 15 years of service to his community has been awarded to Roy Phelps, owner of the Western Auto Associate Store here in Eldorado.

The walnut and bronze wall plaque, engraved with his name, was forwarded from Western Auto Supply Company's general offices in Kansas City, Mo., and presented through the firm's division offices which serve this area.

Recognition of community service by local Western Auto Associate store owners is given by the company at five-year intervals. The honor indicates the dealer has completed a specified period of outstanding merchandising service to his customers and community.

The Western Auto Associate store here is one of more than 4,000 home-owned and operated retail stores and agencies throughout the U. S., including Alaska and Hawaii. The store distributes Western Auto's nationally advertised company-owned and other national brands in this trade area. The company serves similar dealerships in Mexico, Puerto Rico, and Guam. The dealer program, started in 1935, will account for more than half of the company's quarter billion dollar sales volume this year.

Western Auto Supply Company was started in 1909 as a mail order firm in Kansas City to supply Model T Ford owners with such accessories as windshields, tops, spare tires, and tail lights. Total investment of the founder, George Pepperdine, a bookkeeper, was \$5 for postage stamps to mail the sales circulars which he had obtained on credit. The company now operates more than 400 of its own stores and has gradually expanded its merchandise lines to include more than 14,000 items in sporting goods, bicycles and wheel toys, paint, radios and television, lawn and garden equipment, appliances, housewares, toys, and auto parts.

School Menus

Monday, Oct. 25: Steamed German style sausage, pinto beans, potato salad, cabbage & apple & carrot salad, buttered rolls, milk, canned fruit.

Tuesday, Oct. 26: Chicken fried steak, gravy, buttered rice, whole kernel corn, lettuce & pineapple salad, buttered rolls, milk, fruit cobbler.

Wed., Oct. 27: Hamburgers, lettuce and tomatoes, potato chips, cheese strips, fruit cup, milk, sugar cookies.

Thursday, Oct. 28: Turkey and dressing, yams baked with pineapple, English peas, congealed salad, buttered rolls, milk, pudding.

Friday, Oct. 29: Fish filets, tartar sauce, macaroni and cheese, peach halves, spinach, buttered rolls, milk, ice cream.

Pat Finley sold his old house on South Divide street, for removal. It was purchased by Pete Tanguma and moved to the Latin community.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

I don't know whether everyone realizes it or not, but Eldorado is having a lot of company lately. El Dorado Woolen Mills is the attraction and rarely the day passes without a conducted tour of large groups and always a steady flow of two or three people being shown around the plant.

On October 12, five carloads of Home Demonstration club women from Martin and Glascock counties visited the mills and were very excited over their reception and what they were able to see. These 25 women and a Home Demonstration agent ate lunch in town, looked around a bit and then were off to the Caverns of Sonora.

El Dorado Woolens keeps its best bib and tucker on all the time. Keeping ready for company is in every day's plan of operations. Sometimes I get a little concerned about the rest of us—do we do our best to always look the nicest and be the friendliest town north of the Rio Grande?

After I spoke last week about the marvelous apples grown in Eldorado I came to the office one morning and found a dandy sack of golden delicious apples in mute proof of my statement. But there was no name on the sack, not a clue as to who brought them.

I thanked several people and they all accepted my thanks without admitting anything. Somehow it was too easy to figure that they had nothing to do with the gift of apples.

I worked around and got a clue, put some letters together and when it was all spelled out it came to Fred Watson.

Thank you Fay for gathering, and Fred for bringing the awfully good to eat and pretty to see, apples. They were too good to cook. We ate them out of hand, as the northern people say.

The mind and imagination of a child is indeed a wonderful thing. In looking through some little 4-H club girl reports, I ran across this little gem. It's too good to keep. I delete the leader's name so as to discourage identification of the writer.

"We are having a meeting at —'s house.

"We elite officers this morning. I am very glad I was suleted secretary. We have a very good pres and vice pres.

"The president is very nice. "We are going swimming later. "Our leader and Mrs. Kreklow are very nice.

"It is an experiment for 4-H girls.

"This is all very fun.

"I thank well cook and sew and everything."

And somehow I think they will too—or just about everything.

A San Angelo friend told Joe and me this little story not long ago—and it's so cute and funny it's too good not to tell. It came up as we were discussing the people of West Texas, their friendly

"DANZAS Y CANTOS" AT 1965 STATE FAIR

"OLE!" "Danzas y Cantos de Mexico," internationally known folkloric troupe of colorfully costumed musicians, singers and dancers, will be presented in an eight-day engagement at the 1965 State Fair of Texas, October 9 through 24 in Dallas. First appearance will be in the Mexico Day Cotton Bowl Spectacular at 8 p.m. Thursday, October 14, followed by two daily free performances October 15 through 21 on the Esplanade Stage. The group is being brought to the State Fair through cooperation of the Mexican government.

ways and qualities and allowed that every little town we ever knew had a personality, just like people.

"I think Eldorado is a friendly town, I enjoy coming here on jobs, I feel at home and not a stranger," said this man who is a native of Pennsylvania.

"Let me give an example of what I mean," he continued. "One night just after dusk I was leaving Eldorado on my way to San Angelo. The last customers I had called on were friends and they gave me a paper cup of coffee to drink on the way home. I was buzzing along in that little old foreign car of mine when a rancher motioned me to the side of the road and said that he 'believed' that my car was on fire. I hopped out and sure enough it was.

"The rancher said he would call the fire department and was off. I opened the motor compartment, in the rear of the car and could see that the fire was coming from one spot—a defective wire. I still had about one half a cup of coffee in my hand. Taking dead aim I dashed, and sure enough—the fire went.

"About that time the fire truck rolled up and the boys rushed over. "What happened to your fire?" one of them asked.

"I put it out."

"How?"

"With a cup of coffee."

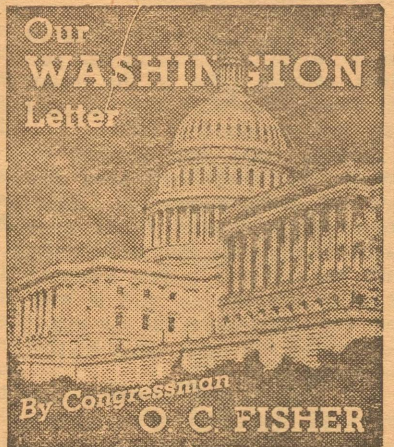

"With a car like this I guess that's all it would really take' and with that off they went."

Our friend concluded—"And that's why I like Eldorado, the people are friendly."

SURPRISE PARTY

Mrs. Henry Mund was honored with a surprise party given Monday afternoon at her home, by Fern Parrent. Cake and coffee were served to the following: Mrs. Ella Parrent, Mrs. Joe Griffin, Mrs. Herbert Graf, Mrs. Rosa Owens, Mrs. Fred Gillaspay, Mrs. J. S. Clark, Mrs. J. N. Evett, and Mrs. C. W. Galbraith.

Mr. and Mrs. Tom Stewart and Quinton, Teresa and Cloris Ann of Rankin came Friday and attended the Sonora-Eldorado football game and visited in the Charles Wimer home over the week end.

Amid adjournment jitters the House last week rebelled—temporarily, at least—against one of the Great Society's pet projects. Last June 30, by a six-vote margin, the House had okayed a rent subsidy program, under which Uncle Sam is to pay that part of the rent which exceeds 25% of the tenant's monthly rent bills.

Tenants living in "sub-standard" houses or who are forced to move because of governmental action, would qualify for the subsidy.

This novel plan was sold to Congress, after much arm-twisting, as a means of moving more low-

approval of a rent supplement project will include full consideration of its contribution to assisting in integrating income groups and furthering the legal requirements and objectives of equal opportunity in housing."

The same regulations (which Congress had on June 30 authorized to be issued) provided that a family receiving Rent Subsidies may have net assets up to three times the annual rental limit (as much as \$25,000 in some areas) and still have his rent subsidized by Uncle Sam.

The Administrator requested \$30 million to start the subsidy rolling. But last week the House rebelled, with a good many members reversing their prior approval of the program. One member who switched, was heard to comment: "I have been home and talked to the people about this thing." In fact, on last June 30, ten Texas Congressmen supported the rent subsidy, with only four voting for funds to put it into operation last week.

This apparent victory may be short-lived, however. It must have Senate concurrence. And, in any event, now that the law is permanent by virtue of the enactment last June 30, it is almost certain that by next year rent subsidy checks will be approved by Congress—and they will be mailed out each month to hundreds of thousands of tenants. Once authorized, these schemes usually get bigger—rarely ever smaller.

Young Homemakers' H. D. Club Meets

The Young Homemakers Home Demonstration club met in the home of Mrs. Don Robinson last Thursday morning for their October meeting. I am sure most of the members who made the drive out to the Robinson home enjoyed viewing the country side with its touches of autumn.

The Young Homemaker president, Mrs. Jimmy Doyle, called the meeting to order. The club will have a bake sale Nov. 12. Also the Christmas party date was set for

Dec. 11th. The president will call a planning meet to work out the details for the Christmas party at a later date. There were 11 members present and Mrs. Vida Kreklow, H.D. agent, yresent.

The program was on food nutrition given by Mrs. Vida Kreklow which was very interesting. In a group discussion the members discussed some things along the thoughts of entertaining a group, and how to get the groups to mix and enjoy themselves while at a party or group gathering. It is as important to be a good guest as it is to be the host or hostess of the party or group. These are indeed a few things which need to come to thought and be studied more often. —Rep.

IN McCULLOCH'S \$100,000 TWIN WIN SAW DRAW SWEEPSTAKES

YOU CAN WIN A CHAIN SAW

PLUS... any of 900 other prizes including: an International Harvester Scout, Savage rifle, 15 foot ski boat with trailer and McCulloch 75 hp outboard, a 1966 Pontiac Tempest sedan, an RCA Victor home entertainment center and many more national prizes. 325 McCulloch chain saws will be given away in local drawings, so be sure to see your McCulloch chain saw dealer for details soon and see the all new MAC-10 Series chain saws that make all other lightweight overweigh and out-of-date. You must enter before December 15, 1965, to be eligible.

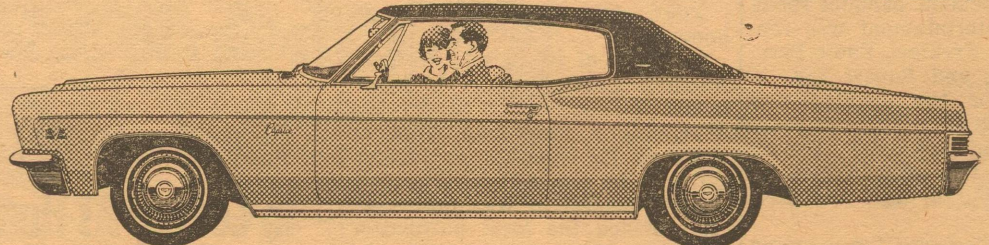

Foxworth - Galbraith Lumber Company

Eldorado, Texas

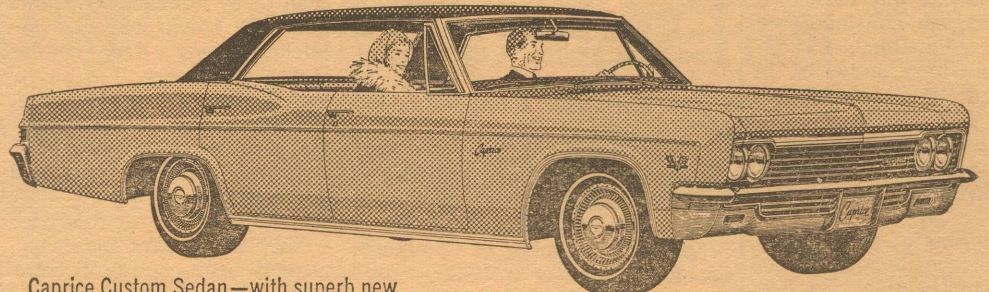

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair & Corvette at your Chevrolet dealer's

In Those Days

Compiled From Success Files

ONE YEAR AGO

Oct. 22, 1964—James Williams reported that the special fund drive put on for the Boy Scout council had netted \$653.

Junior High cheer leaders pictured were Randy Yates, Elaine Dempsey, Debra Murr, and Shane Henderson, with their mascot, Jill Yates.

Betty Humphries joined Beta Alpha Psi accounting fraternity at Baylor.

FIVE YEARS AGO

Oct. 20, 1960—Miss Sammie Mayo was announced as the DAR Good Citizen of the Senior class.

The West Central Texas Law Enforcement Association held a meeting here, and local Sheriff Orval Edmiston was elected president for the ensuing year.

Carson West died at the age of 69.

Walls and floors were being installed in the new City Hall building being erected near the water tower.

Delbert Taylor, E. H. Topliffe, Delbert Edmiston, Hal Whitten and Fred Watson returned from a hunting trip to Colorado.

The Bailey Ranch Baptist church had a homecoming scheduled for Saturday, and Rev. Baltis Matthews of San Angelo was to preach.

12 YEARS AGO

Oct. 22, 1953—Mr. and Mrs. Leonard Kent were observing their Golden Wedding.

Jimmie Dell Williams, Jerry Caldwell, Pat Higgins, and Fae Davis were high school nominees for queen of the Halloween Carnival being put on by the P-TA.

Buddy Baker was in the Army at Fort Bliss and was getting ready to leave for Korea.

Mrs. C. C. West and some of her family attended the Hensel family reunion near Austin.

A daughter, Teresa, was born to Mr. and Mrs. James Alexander. W. M. Patterson was presented a 25-year pin by Wm. Cameron & Co. He was local yard manager.

35 YEARS AGO

Oct. 24, 1930—Rev. L. D. Hardt, pastor of the Methodist church, left for the Conference sessions at Harlingen.

Miss Kathrey O'Harrow became the bride of Robert F. Isaacs, in a ceremony in San Angelo at which Rev. Guy Davis officiated.

S. E. Etheredge, manager of the T. A. Thomson Ranch, ran a notice that no hunting would be allowed on that place.

Evans Motor Co. was advertising Outstanding Features of the new Chevrolet 6-cylinder truck: 50-horsepower motor, dual wheels, and enclosed brakes. The Utility 1½-ton chassis was priced \$520.

Nearly 40 high school girls organized as Camp Fire Girls, with Misses Turney and Meyer as sponsors.

On a school assembly program were Elnora Andrews, Lucile Oglesby, Margaret Sheen, Margaret Bradley, and Pauline Kent.

City Barber Shop was advertising Duart Permanent Waves for \$5.00, and Finger Waves for 25c.

Governor Promoting Amendment No. 3

Texas Governor John Connally warned this week that 44 aged residents of Schleicher county will have their medical benefits jeopardized if Constitutional Amendment No. 3 fails to win passage in the November 2 election.

During the past year, \$4,390 was expended on behalf of these needy aged persons in this county. Governor Connally urged all Texans to support and vote for this crucial amendment.

The governor warned against voter apathy. He pointed out that only 163 voters in this county went to the polls last month in another Constitutional Amendment election.

Governor Connally emphasized that absentee voting had already started and would continue through October 29. He asked all voters who will be away from their homes on election day to vote absentee.

A total of 10 proposed amendments to the Constitution will be on the November 2 ballot.

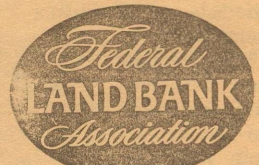

Mr. and Mrs. Ted Ferguson of Odessa were guests of Mr. and Mrs. C. N. Clark last Thursday and enjoyed a cook out at the Clark home.

Eagles Lose To Sonora Broncos 21-0

The Sonora Broncos, still wild and untamed, stunned the Eldorado Eagles last Friday night with a 21-0 victory. The contest was before a record over-flow crowd, and featured a rearing, tearing ground attack that a gallant Eagle defense could not contain and the Broncos were able to score two touchdowns on their own and one other by utilizing an Eldorado trick: i. e., blocking an opponent's attempted kick and scoring with a loose ball.

The Eagles held the Broncos scoreless the entire first quarter; but the second period was only eight seconds old when Bronco Half-back Ed Renfro took the ball some 19 yards off his own right side into Eagle vital territory. The Sonora placekicker, Mike Wuest, kicked the ball neatly through the goalposts and Sonora was out front 7-0.

The Eagles held the Broncos the remainder of the second quarter. They missed their own scoring opportunity when a 15-yard holding penalty stopped their forward progress on the Sonora five-yard line and put them a long 20 away. A field goal attempt from some 32 yards out failed. This was the game's turning point.

After sparkling half-time shows by the Sonora Cowboy Band and Eagle Bandmaster Eddie Pace's superbly precise Eagle Band, the teams took the field again with Sonora leading 7-0. Eldorado lost the services of Captain Jim Belk whose digestive upset of several days effectively took him out of play before the half.

Then disaster struck in the form of a blocked punt and some of the so-called "the way the ball bounces." Eagle Charles Nixon has been an outstanding punter during his entire playing career and is rarely out punted in any season. But about 2½ minutes before the end of the third quarter, the Eagles were forced to kick and Nixon dropped back to near his own 40-yard line. Bronco Tackle Carl Teaff broke through and blocked Nixon's kick. But here is where "bounce of the ball" bit enters the picture and favored Sonora. Teaff was able to hold the ball or it bounced once directly into his arms; and Teaff rumbled off for the Eagle goal line. Eagle Jay Halbert got him from behind at the Eagle 7-yard line; but the Broncos would not be denied and scored with one series of downs, final distance being for about one yard by Bronco QB Laney Cook. Seconds later Cook passed to Jerry Shurley for two extra points and the scoreboard showed Sonora out front 15-0.

The Broncos scored again early in the fourth quarter when they got the ball following an Eagle attempt to recoup a bad situation with a deceptive play, this attempt failing. Sonora took over near the Eagle 35-yard marker.

Bronco QB Bill Glasscock cranked up the potent Sonora machine and ground over some gallant Eagle defenders for the third Sonora touchdown. The Broncos needed only seven plays for this one with Ed Renfro carrying over some five yards up the middle. The Broncos tried to run this one over for two extra points but the Eagles vetoed the intention.

The rest of the game featured outmanned but fiercely resisting Eagle defensive efforts which contained Bronco activities for the remainder of the game. But the damage was done and the Broncos carried off the honors 21-0.

Several Eagles stood out in the Eagles' stubborn efforts. Bobby DeLong stood out with rattling tackles and a fine fumble recovery that stopped a very probable Bronco touchdown drive. Wayne McGinnis also grabbed a Bronco fumble. The five-man secondary, the target of hosts of Bronco blockers, from Captain Henderson, Captain McGregor, Captain Belk, Chris McCravery, and Steve Blaylock, did yeoman's duty in clogging up the effective Bronco ground attack. Captain Joe Phillips in the up-front division contributed materially to Eagle resistance.

Game statistics are as follows:

Eldorado	Sonora
9 first downs	18
45 yards rushing	200
160 yards passing	35
205 total yards	235
14of28 passes compl.	3of10
1 fumbles lost	3
2for30 pen. & loss	6for41
2for19 punts & av.	3for35.2

A curious thought is something like this: Could the area sports-casters have thought last August that Sonora would rise from its position as fifth-ranked to first place? Sonora has four games to go, these being Junction, Ozona, Menard, and Big Lake.

MERRY MAKERS GAIN TWO NEW MEMBERS

Mrs. Claude Doyle and Mrs. Ruth Williams have been elected to membership in the Merry Makers "42" Club. Mrs. G. A. Hext resigned as a member recently.

The club met at the West Texas Cafe last Thursday with Mrs. Frank Bradley as hostess. Mrs. Mary Palmer and Mrs. Jud Brannan's sister, Mrs. Charles Morris of Del Rio were the guests completing the three tables of players.

Pie, coffee and tea were served.

Fraternity Officer

JIMMY GARVIN

Jimmy Garvin, son of Mr. Homer Garvin of Eldorado and the late Mrs. Nova Garvin, has recently received recognition at West Texas State University at Canyon, Texas. Jimmy, a senior marketing major, was elected Secretary-Treasurer last week of Iota Epsilon. Iota Epsilon is the Society for the Advancement of Independent Enterprises. This organization is to provide for university students honorary recognition for work done in the field of private enterprise. Iota Epsilon national headquarters is at Norman, Oklahoma. The organization was founded in 1953 on the campus of the University of Oklahoma.

Among other items of interest, Garvin was elected last year by the members of the Opportunity Plan Credit Union as chairman of the nominating committee, which is in charge of all nominations of officers and Board of Directors for the credit union. He also was appointed by the president of the credit union to be a committee member of the Education Committee. This committee is in charge of informing and of creating an interest in each credit union member. Data concerning the credit union is compiled and published by the Education Committee. Garvin is also very active in church work and is active with the Church of Christ Bible Chair work on campus at West Texas State University. Jimmy graduated from Eldorado High School in 1961.

CIRCLE MEETINGS

The mission study book, "Which Way in Brazil?" by Lester Bell, was introduced in Woman's Missionary Circles of the First Baptist church Monday afternoon.

The Maurice Doyle circle had their meeting at the home of WMU president, Mrs. Jack Bell. Mission study chairman, Mrs. Kenneth Vaughan, gave the first part of the book.

Mrs. Jess Blaylock presided over the business session during which the circle discussed plans for the Baptist Women's Day of Prayer which will be observed Nov. 1, and held in homes in circles instead of the regular circle program.

Mrs. E. W. Brooks led the prayer calendar. The hostess served refreshments to 12 members.

The Ruth Dickerson circle heard a guest, Mrs. Kenneth Doyle, tell of her experiences while she was in Venezuela last summer. Since conditions are so similar to those in Brazil, a neighboring country, she gave her listeners an insight as to the environment and people of South America.

The meeting was held in Mrs. W. A. Blaylock's home. Mrs. Doyle and Mrs. R. W. Reynolds were guests.

The Bertha Smith circle met with Mrs. Raymond Hall. Mrs. L. M. Hoover gave each member a book marker with the name of a missionary and passage of scripture to read for the Calendar of Prayer.

Mrs. W. N. Ramsay taught the mission study lesson. Mrs. B. E. Moore was a guest.

The general WMU meeting will be held at the church next Monday afternoon and the Royal Service program will be presented at that time, with the Maurice Doyle circle as hostesses.

American Motors Having More Sales

Dallas.—American Motors dealers in the Dallas zone reported a sharp increase in both retail sales and orders for 1966 model cars on introduction day, two weeks ago.

The 1966 American Motors cars went on sale Thursday, Oct. 7.

Dallas zone manager W. F. Dunlop said first-day deliveries were 16% higher than retail sales on the introduction day for '65 models.

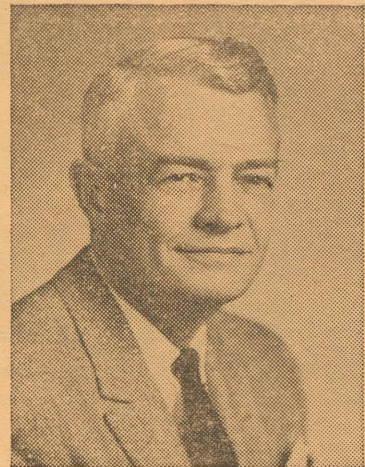

In addition, zone dealers wrote orders for 162% more cars on introduction day this year than were written the day 1965 models went on sale.

Dunlop termed first-day sales in the zone "The best in recent years" and noted that "many dealers commented on the younger age level of showroom visitors."

"This is a good indication that our new advertising and merchandising approach aimed at the more youthful buyer is bringing results."

The Dallas zone includes American Motors dealers in northern Texas, southern New Mexico and southern Oklahoma.

Christian Science Lecture Tomorrow

William H. Alton
Christian Science Lecturer

"Man Unlimited" is the title of a one-hour public lecture to be given Friday, October 22, by William Henry Alton of New York. The talk will explore the development of spiritual abilities through prayer.

Mr. Alton is speaking under the sponsorship of First Church of Christ, Scientist, San Angelo. The lecture begins at 8:00 p.m. in the church edifice, 720 South Abe St.

Mr. Alton was formerly an executive in the oil industry and other development enterprises. During World War II, he served as a Captain of Military Intelligence with the Airborne Corps in Europe. More recently, he was administrator for the Rockefeller Brothers Governmental Studies, leaving this position a few years ago to devote his full time to Christian Science practice. He is also an authorized teacher of the religion.

GIRL SCOUTS MEET

Girl Scout Troop 45 met Monday, Oct. 18. We had refreshments first and then voted for officers. Eva Stigler, scribe; Judy Hanusch, treasurer; and patrol captains Patty Page and Loretta Schooley, were elected, along with assistant patrol leaders, Jeanne McCravery and June Holley. —rep., Leslie Martin.

Mrs. Vertis Murray and Mrs. Hattie Cunninam of Corpus Christi visited Mrs. Murray's brother-in-law and sister, Mr. and Mrs. W. A. Van Dusen over the week end.

Mary Lynn McGinnis, who is attending business college in Abilene, visited her parents, Mr. and Mrs. Albert McGinnis, last week end.

Mr. and Mrs. Herman Walker Sr. and Mr. and Mrs. G. A. Hext visited Mr. and Mrs. Herman Walker Jr. in Lubbock last week end and attended the Tech-Oklahoma game.

Johnny Lawrence, a student in the College of Pharmacy at the University of Texas, was home for the week end.

Mrs. Charles Morris of Del Rio has been a guest in the home of Mr. and Mrs. Jud Brannan for several days.

Mary Lee Davis of Dallas visited here over the week end with her parents, Mr. and Mrs. E. T. Davis.

New Highways Have Built-In Safety

Austin.—A steady increase in the building of new highways—

highways with built-in safety features—is saving lives and cutting down traffic accidents in Texas.

In the first three-quarters of 1965, traffic accidents and fatalities on primary highways in Texas showed a marked decrease.

The Texas Highway Department credits the decrease to safer, multi-lane divided highways, with a minimum of grade crossings and employing controlled access.

A third quarter report by the Texas Department of Public Safety showed 94 fewer deaths on U. S. and State-numbered and Interstate highways as of October 1 than in the same period in 1964. Fifty-seven fewer accidents were recorded.

This is an especially dramatic decrease considering that primary highways in use increased by more than 400 miles and that they carried an increasingly heavier burden of total traffic.

The Highway Department disclosed that as of October 1, 27,324 miles of State- and U.S.-numbered highways and 1,438 miles of Interstate highways were in use in Texas.

This compares to 1,268 miles of Interstate and 27,071 miles of State and U.S. highways under rubber during the same period in 1964.

In the same vein, in 1964 the Highway Department recorded 4.3 billion vehicle miles driven on completed Interstate highways and 20 billion vehicle miles driven on all other completed Federal aid primary routes.

A sizable increase is forecast for 1965. For Interstate highways, the estimate is 5.7 billion vehicle miles and for other Federal aid primary routes, 21.4 billion vehicle miles.

Logically, the number of accidents and deaths should have increased in proportion to the increase in highway miles and driver miles.

This has not been the case, however. Experience has confirmed, and the DPS report reflected, that multi-lane divided highways, because of their built-in safety design, are 2½ to three times safer than other types of highways.

Although traffic deaths on Interstate highways increased slightly from 82 to 86 in the first nine months of 1965, accidents decreased from 69 to 66, the DPS report showed.

More dramatically, for U.S.- and State-numbered highways, accidents dropped from 620 to 566 and deaths from 842 to 744. The Highway Department attributes a significant part of this improved record to the fact that more motorists are traveling over the newer, safer multi-lane facilities.

The report found a sizable increase in both deaths and accidents in cities and a slight decrease in towns with populations less than 2,500.

City accidents went from 649 in 1964 to 680 in 1965. Traffic deaths in cities climbed from 722 in 1964 to 764 in 1965.

In areas with populations less than 2,500, accidents fell from 104 in 1964 to 99 in 1965. Deaths went from 128 to 117.

Although accidents on Farm to Market roads dropped from 163 to 152, fatalities increased from 193 to 199. The Department added 778 miles to the Texas highway Farm to Market system in the 12 months preceding October 1, from 34,667 to 35,445 miles. On county roads accidents decreased from 110 to 98 and fatalities from 127 to 111.

In total accidents and deaths on all types of Texas highways, the DPS report found an overall decrease.

A total of 1,715 accidents were recorded in the first nine months of 1964, compared to 1,660 this year. During the same periods there were 2,094 fatalities in 1964, compared to 2,021 in 1965. The ratio of traffic deaths dropped from 5.1 in 1964 to 4.7 per 100 million vehicle miles traveled in 1965.

Kennedy In The White House

In 1959 John F. Kennedy asked Harvard historian Arthur Schlesinger Jr. to join his presidential campaign and the two men soon became close friends. Schlesinger was later President Kennedy's special assistant and the only professional historian in a long time to see history being made from the vantage point of the White House.

After Dallas, Schlesinger felt he owed it to the memory of the President, to his own profession and to the country to tell everything he could about Kennedy as President.

He is now writing "A Thousand Days: John F. Kennedy in the White House"—the first portrait of the President by a member of his own team.

It's an insider's view of the dashing young JFK, his family and every one else close to him during the White House years. Schlesinger paints a realistic picture... with first-hand accounts of Kennedy's bid for the presidency, his nomination—with an hour-by-hour account of the events surrounding the choice of Lyndon Johnson for Vice-President—the rugged campaigning, the Bay of Pigs fiasco, the President's opinion of Dean Rusk and the State Department.

The pace is 3,000 words a day for Schlesinger. Three completed chapters have thus far appeared in Life Magazine. More will be published in the fall. Having known the President personally, the author can show how Kennedy's vitality, wit and charm wove themselves into the fabric of his life in the White House.

Salad With Deep Sea Flavor

Happy summer days are gone, but need not be forgotten. Conjure up memories of sea and salad days with an exotic new crab-and-ice dish. A breeze to prepare, this chilled and sparkling flavor-combination of Chinese vegetables, pineapple juice and mayonnaise is guest-proof, too. It can be kept for hours in the refrigerator and served at your convenience. The recipe may be doubled to serve twelve, if desired.

Tropical Crab Salad

- 1 cup uncooked rice (NOT precooked variety)
- Unsweetened pineapple juice
- 2 pkgs. (6-oz.) frozen Alaska King crab meat, thawed and drained
- 1 (1-lb.) can mixed Chinese vegetables, drained
- 1 (5-oz.) can water chestnuts, drained and sliced
- 1 cup thin diagonally sliced celery
- 1/4 cup light cream or unsweetened pineapple juice
- 2 cups real mayonnaise
- 1/3 cup chopped scallions
- 2 teaspoons curry powder
- Salad greens

Cook rice according to directions on package, substituting unsweetened pineapple juice for water. Toss with crab meat, Chinese vegetables, water chestnuts and celery. Gradually blend cream or pineapple juice into real mayonnaise. Mix in scallions and curry powder. Toss with rice mixture, mixing well. Chill. Serve on salad greens. (Makes 6 servings.)

LBJ's Chef Presides At

Barbecue On Broadway

President Johnson's barbecue chef, Walter Jetton, is shown above serving Lee Remick, star of the United Artists' new motion picture, "The Hallelujah Trail," a hearty portion of barbecued beef.

Jetton, sometimes called "King of the Texas Barbecue," recently presided over the largest outdoor barbecue ever held on Broadway—in connection with the 24-hour world premiere of the film.

For your backyard barbecues, take a tip from LBJ's barbecue chef and always have a goodly supply of Texas Barbecue Sauce in your refrigerator, ready for cookouts at the drop of a 10-gallon hat.

Texas Barbecue Sauce

(makes 1 quart)

- 2 cups boiling water
- 1/2 teaspoon black pepper
- 4 tablespoons brown sugar
- 1 teaspoon garlic salt
- 2 teaspoons salt
- 1 cup cider vinegar
- 1 5-ounce bottle Lea & Perrins Worcestershire
- Juices of 4 lemons
- 4 tablespoons butter

Combine all ingredients except butter and simmer for 10 minutes. If you are going to use the sauce immediately add the butter at this point. Stir until butter melts. To store the sauce in the refrigerator, omit butter until sauce is used. Omit butter if you are barbecuing pork. Brush meat several times during cooking with Texas Barbecue Sauce.

Austin.—Gov. John Connally's sudden cancellation of plans to go to Japan and Viet Nam this week added a note of tension to the Austin scene.

Connally's statement indicates that he sees the possibility of a special session of the Legislature on congressional legislative redistricting or voter registration.

"We are awaiting federal court decisions on the poll tax, congressional redistricting and House redistricting, any one of which could cause action on my part within the next few weeks," Connally said.

If federal judges throw out either congressional or house reapportionment acts of the 59th Legislature—without specifically allowing additional time for redrawing lines in regular session—Connally may have to call a hurry-up session before the early 1966 filing deadline.

Should the federal courts invalidate the poll tax as a voting requirement, Texas could be left without a voter registration procedure. This, too, could make a special session necessary on short notice.

Hearing on the attorney general's suit attacking the poll tax is not until mid-November. Judges already have heard arguments on redistricting challenges, however, and rulings could come at any time.

Connally also made clear he fears defeat of key constitutional amendment proposals in the November 2 election and plans an all-out personal campaign on behalf of four-year terms for statewide officials.

Enrollments Up

More students than ever before have enrolled in Texas colleges . . . and most institutions are bulging at the seams.

Average enrollment increase among the 22 state-supported colleges and universities in the state is 13.8%. Stephen F. Austin College in Nacogdoches had the largest increase at 34.9%. Arlington State College's 2.9% was the smallest.

University of Texas' population increased 2,229 this year, representing a percentage increase of only 9.3. This is 4.3% below the state average.

Average increase among the 32 public junior colleges reached 26.9%. Cisco Junior College's 59.8% increase leads all others. Smallest increase was the 2.1% recorded by Laredo Junior College.

Largest recorded increase in the independent senior colleges and universities was the 30.9% at Bishop College, Dallas. Sherman's Austin College enrollment fell off 2.5%.

A.G. Opinions

Atty. Gen. Waggoner Carr has ruled the Civil Rights Act of 1964 isn't applicable to rules and regulations of Texas A&M University regarding discrimination by sex.

Also, Carr said the Board of Directors of the school has the right to issue rules and regulations making the University either an all male school or coeducational.

Carr said the present policy of the Board to exclude women because the applicants aren't wives or daughters of staff members or students, or widows or daughters of deceased staff members, is discriminatory and constitutes unreasonable class distinction.

Rulings were in response to a request by H. C. Heldenfels, president of the Board of the Texas A&M University system.

In another opinion, Carr ruled that the issuance of a state warrant for the payment of an honorarium to a United States employee delivering a commencement address at the University of Houston would violate the state constitution.

Oil Production Increased

Texas Railroad Commission has cranked the November oil production allowable up to 30% of potential. It's a high mark for the year.

Commission, recognizing recommendations of 10 out of 13 oil purchasers, set production for next month at 2,976,361 barrels daily. This compares with 2,944,109 barrels for October under 28.8% formula and 2,834,856 for November, 1964, under 28.4% factor.

Courts Speak

State Supreme Court heard rival arguments as to whether Rice University alumni have a right to appeal the lower courts' decision that permitted Rice to admit Negro students and charge tuition.

Rice trustees filed action to allow integration and eliminate tuition restrictions. This despite trust fund restrictions imposed by founder William Marsh Rice in 1891. Trustees now maintain that Atty. Gen. Waggoner Carr is the

only one who could have appealed the decision favoring their action. Carr left the appeal up to the alumni group.

High court held in a Waco case that cities are liable for damages where property owners are denied reasonable access to their property by highway construction.

In a companion case, however, court denied damages to another firm because it had access to its property by another street.

House Committee Appointments

House Speaker Ben Barnes has appointed Rep. Vernon J. Stewart of Wichita Falls chairman of the House Interim Committee on Juvenile Crime.

Named to serve with him are representatives W. T. Dungan of McKinney, John Ray Harrison of Pasadena, Alonzo W. Jamison Jr. of Denton and George H. Richards of Huntsville.

Committee is charged with the responsibility of studying the growing juvenile crime problem in the state with particular emphasis on developing a program for its prevention.

Group will make recommendations to the next Legislature on legislation needed to combat the problem and implement the program.

Nursing Committee At Work

A five-member Senate committee has held the first in a series of hearings to determine why Texas faces an acute shortage of nurses and what can be done about it.

Committee heard witnesses testify that Texas ranks 46th among the 50 states in the number of nurses per 100,000 population. Also, that enrollment in Texas nursing schools has declined drastically, and that at least 10,000 professional nurses aren't working at their profession.

Second session is scheduled for October 29 in Lufkin and a third in Houston on December 3-4.

Tire Testing Big Business

More than 1,000 persons are employed in a growing tire-testing industry which contributes \$5 million a year to the economies of Texas communities.

University of Texas Bureau of Business Research reports that there are large testing installations near Laredo, San Angelo, Uvalde, Pecos and Fort Stockton. Also in El Paso, Kerrville, Devine, Tyler and San Antonio.

Firestone, Goodyear, B. F. Goodrich, General Tire and Rubber and U. S. Rubber operate testing units.

Tourist Drive Underscored

Texas communities should devise their own tourist programs to cut themselves in for a slice of the \$30 billion a year national travel industry, Governor Connally advises.

Connally, addressing the First Governor's Tourist Development Conference, said Texas is "lavishly endowed with attractions the traveler seeks." He recommended communities back up the state's advertising program by beautification projects, conditioning citizens to be friendly and knowledgeable hosts, and be publishing up-to-date information about their areas. Need for coordinated state, local and regional efforts was emphasized.

Texas, Connally said, drew 14,200,000 visitors last year, making the state's share of the national travel market \$630 million. Tourism, he predicted, will rank with space-related industries as one of

the most lucrative sources of future income.

Short Snorts . . .

State Securities Board last week granted ten applications for permits to sell \$6,321,298 in securities in Texas, according to Securities Commissioner William M. King . . . Texas National Guardsman Colonel Ross Ayers has been promoted to the grade of brigadier general and Commanding General Luther E. Orrick of the 49th Armored Division now has two-star status . . . A recovery judgment against Jed-Vek Oil Company in Kilgore amounting to \$5,150 and court costs, has been obtained for alleged drilling and operation of a slant oil well in Wood county . . . Governor Connally has designated October 30 as Texas Writers Day and urged all citizens to recognize the value of contributions by state authors . . . Texas Education Agency is all set to distribute \$88 million as Texas' share of federal funds allocated under the Elementary and Secondary Education Act, but few schools have applied for the aid due them . . . Attorney General Carr said appeal by El Paso Electric Company asking return of \$706,797 in occupation taxes has been dismissed in U. S. Supreme Court because no substantial federal question is involved.

In Favor Of No. 7:

Poor people who are sick or injured will benefit if voters approve Proposition No. 7 on the ballot of the November 2 election.

Amendment 7 is worded so that it will affect only the Hermann Hospital Estate in Houston. Hermann Hospital Estate is one of the major charitable organizations in Houston giving free hospital and medical care to the poor.

Approval of the amendment will not cost the State of Texas anything. It merely exempts the estate from paying local taxes on its properties within Harris county. The major part of the local taxes are paid to the county, the City of Houston and the Houston Independent School District.

The estate paid \$332,463 in taxes in 1964 to local government units, which would have been exempt if the proposed amendment were in effect then. This money could have been used to provide free hospital and medical care to poor people if it had not been paid out in taxes.

None of the governmental units which received these taxes opposed the approval of this amendment by the Legislature.

The Hermann Estate was founded as a charitable trust by George H. Hermann, a rich Houston land developer, who died in 1914. After a modest beginning in 1924, Hermann Hospital Estate has grown to where it provided \$2,029,882 in free hospital and medical care for the indigent in 1964.

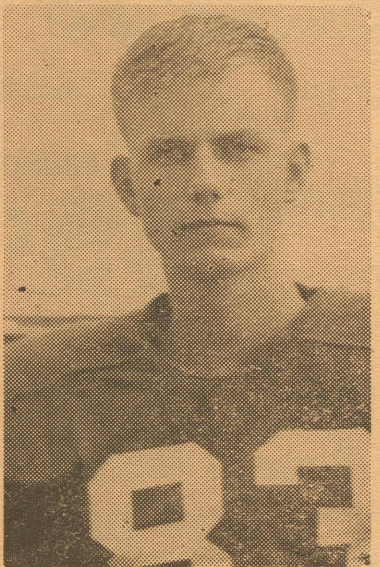

The Hermann Hospital Estate operates a pay hospital in addition to its charitable facility, because it has been proven that a combination free and pay hospital can render better medical care to the indigent than one which is for free patients alone.

In the fiscal year ending September 30, 1964, Hermann Hospital gave medical care to 28,000 free and pay patients in the hospital and to 13,833 in the outpatient clinic. Of the 5,260 births in Hermann during that period, 40% were free or at low charitable rates.

There is no known organized opposition to amendment No. 7 in Houston or elsewhere in the state.
