County to Take Hospital Bids On February 28

A contract for the construction of the Cogdell Memorial Hospital, a county project, is expected to be awarded when bids are opened Feb. 28, Edgar Taylor, county judge, said today.

Judge Taylor returned last night from a meeting in Austin with members of the state hospital board who advised him plans were tentatively approved and that final approval would probably be made after minor revision in about five days.

INSPECT PLANS

After that, several days will be required to prepare plans for inspection and consideration of prospective builders, he said.

Then the bid forms will be prepared, and advertising for the bids will begin early in February, according to Herbert Brasher of the Lubbock firm of Butler - Brasher Engineering Co., architect on the project.

The main bids are to be for construction of the project as a 37 - bed hospital with alternate bids for a 13-bed wing to be added with all costs borne by the county. The county is to receive 50 per cent federal aid through the state hospital board for the 37-bed phase.

MAY BUILD ALL NOW

Judge Taylor said today it would not be known until the bids are in whether the county can afford to build the entire 50 - bed hospital at once, or build the 37-bed part first, adding the wing with 13-bed capacity at a later date.

The project is part of a program started two years ago when voters in a county - wide election decided to issue bonds up to the amount of $400,000 for construction of the hospital and an office building for the city - county health unit. Both are to cost approximately $800,000, half of which is to be paid by the federal government.

HEALTH UNIT

A site was recently purchased at Avenue J and Twenty - sixth Street for the one-story masonry health unit building. Plans for it are also virtually complete but awaiting final approval by state officials.

Both projects were delayed about a year by an election contest suit brought in district court here by 18 plaintiffs. The suit was dismissed last spring at the request of the plaintiffs, however.

The hospital is to be constructed on a site donated by D. M. Cogdell about two miles south of the square just east of a curve in the Big Spring highway. Part of the expense of operating the hospital will be paid from a trust fund set up by Cogdell, the rest to be borne by the county.

Deep Wildcat Is Staked In Dawson County

Seaboard Oil Co. of Delaware has scheduled a deep wildcat for Central Dawson County as its No. 1 J. R. Weaver.

Location is three miles north of Lamesa and 660 feet from north and east lines of section 68-35-tcn-T&P. It is to be drilled to 10,500 feet for a test of the Pennsylvanian lime.

Drillsite for the No. 1 Weaver is about one - quarter of a mile north of a 4,865 - foot failure drilled by Humble Oil and Refining Co. in 1947, and about three miles north of the one-well Huddle-Manning - Spraberry pool.

KING WILDCAT

Ard Drilling Co. is preparing to complete its No. 1 R. B. Masterson, Northeast King County wildcat, as a flowing discovery from the Canyon reef.

The project is now bottomed at 6,371 feet in the reef and is preparing to drill the plug on oil string cemented at about 4,466 feet, top of the reef. Elevation is 1,821 feet.

The well was drillstem tested at 4,365 -71 feet. With tool open 20 minutes, gas came to the surface in eight minutes and oil in 13 minutes. Oil did not flow out at the top but did rise to the top. Recovery was 3,570 feet of clean oil and 30 feet of heavily oil and gas cut mud with no water.

BORDEN REPORTS

Amerada No. 1 Canon, West-Central Borden wildcat, is preparing to core below 10,059 feet after a drillstem test at 10,042-10,054 feet. Tool was open one-half hour. Recovery was the 1,050 - foot water blanket, slightly cut with drilling mud. It had no shows of oil, gas or water.

Phillips No. 1-A Clayton, Southwest Borden project, is preparing to perforate above plugged - back total depth of 5,938 feet.

KENT TEST

Sun No. 1-B-E Bilby Wallace, Clairemont field stepout, is running five and one-half inch casing, which will be set at 6,691 feet. On a drillstem test from 6,700-6,705 feet, recovery was 65 feet of oil and gas cut mud. Tool was open two hours.

IN MITCHELL

Richardson & Bass No. 1-8 Nail Estate, Southeast Mitchell field extender, is now running the potential test. On a 21 - hour gauge recently reported, it had made 108 barrels of oil with no water. The flow was through a three - eighth-inch choke with tubing pressure 25-100 pounds. Gas - oil ratio was 1,213-1.

Valuation Fee Is Reduced For Snyder School

The Snyder school district has been given a reduction of $7,900 on the regular fee of $30,000 to have been paid the Pritchard & Abbott Valuation Engineering Co., Fort Worth, for figuring property valuations last year.

A. T. Nicholas, director of business services for the school district, said officials of the company voluntarily made the reduction, adding that the fee came to more than they had anticipated it would ever reach because of the vast increase in valuations here.

The total valuation in the district for 1951 was $82,800,000, and the valuation engineering company work was on valuations of oil properties, railroads, utilities, banks company equipment, etc., which totaled $79,683,261. The company is under contract with the district to be paid a fee of four cents on each $100 of the valuation on these properties. The balance of the total valuation is mostly on real estate.

The Pritchard & Abbott valuation service is the same type as rendered the county by the Thomas Y. Pickett & Co. of Dallas. The Pickett Co. also is under contract with the county for a fee of four cents per $100 valuation. The county paid Pickett $42,500 last year.

Sweden Makes Big Trade Deal

STOCKHOLM, Sweden (AP)—Sweden and Russia plan to double their trade—largely Russian wheat for Swedish machinery and metal goods—under a new trade agreement announced last night by the Swedish Foreign Office.

Sweden will send the Soviet Union steam turbines, electricity generators, iron, steel, metal products, machinery, instruments and butter worth about 23 million dollars. About one-third of this will be in electrical goods which the Russians previously bought on credit but now will pay for in cash.

Warm Continues Here

Temperatures rose above 70 degrees for the fourth consecutive day yesterday as a high of 76 was recorded by Mrs. D. P. Strayhorn, weather observer.

No rain had fallen this morning, but skies were overcast. Temperature at 7:30 o'clock was 50, and low for last night was 49.

India Worried Over Shift In Soviet Policy

NEW DELHI, India (AP) — Indian government officials, already concerned by surprising leftist strength in the general elections, parried today requests for comment on Soviet support of the Indian position in the Kashmir dispute with Pakistan.

The Soviet Union in the United Nations Security Council took a stand yesterday for the first time in the four-year-old dispute. Soviet Deputy Foreign Minister Jacob A. Malik opposed the Pakistani position in favor of India's proposal for a constituent assembly rather than a plebiscite, and accused the British and Americans of deliberately blocking a settlement.

Indian spokesmen here said the Soviet statement was "under study" but that official comment on it was unlikely before the return of Prime Minister Jawaharlal Nehru from an election campaign tour Monday.

One government official, however, did offer this comment:

"With what the Russians said about Anglo-American imperialism, it sounds like Soviet propaganda. If it is propaganda, we are not going to open our mouths."

(In Moscow, the press gave prominent display to the Malik statement. Moscow dispatches said, also, that much attention is being paid there to the Kashmir question now. Recently the Soviet geographical publication, "Around the World," carried a 10-page article describing the geography and politics of the former princely state which is claimed by both India and Pakistan.)

Moscow's spokesmen chose a particularly appropriate time to take the stand on Kashmir after remaining silent on it for four years to avoid offending either India or Moslem Pakistan.

The statement comes at a time when there is still important voting to come in Indian National elections, especially in West Bengal, where the Communists are expected to develop considerable strength against the dominant Congress Party, which Nehru heads.

The statement also coincided with the announcement in Washington by U. S. Ambassador Chester Bowles that India needed a billion dollars in economic aid over the next four years.

Lovett Talks To Churchill This Morning

WASHINGTON (AP) — Prime Minister Churchill had a talk today with Secretary of Defense Lovett as a preliminary to his final formal conference with President Truman. The British leader ends his Washington visit tomorrow.

The Churchill-Truman meeting was set for 2 p.m. CT.

British officials said Churchill went to see Lovett in his capacity as British minister of defense. They said it was possible he wanted to talk about such questions as American assistance to Communist-threatened Southeast Asia, and British objections to the plan to make an American admiral supreme naval commander for the Atlantic under the Atlantic Treaty.

Still another military matter was raised by Churchill in his address to Congress yesterday. This was his suggestion that "token forces" from the U. S. and other nations be sent to the Suez Canal area.

It apparently took U. S. officials by surprise and brought wide repercussions. In Paris, an Egyptian spokesman said the proposal "constitutes a new attack on the sovereignty of Egypt."

In London, Lord Beaverbrook's Daily Express protested it would mean "intolerable" interference in Britain's conduct of operations in the Canal Zone but the Daily Telegraph termed it an "imaginative suggestion."

CARLSEN HOME AGAIN

Captain Kurt Carlsen, heroic skipper of the Flying Enterprise, and his wife ride side by side on the way to a ticker-tape welcome in New York City after his arrival by air from London. The captain's wife and their two daughters were among the hundreds who were on hand to greet Carlsen when he landed at International Airport.

Anti-Truman Democrats Meet In Houston; Ike Wins Friend

By The Associated Press

A state Republican chieftain's swing to Eisenhower from Taft and a "conservative" Democratic meeting Friday night in Houston took the front of the political stage in Texas today.

Alvin H. Lane, general counsel for the Texas Republican Party, said Thursday he was switching to Gen. Eisenhower's ranks from the camp of Sen. Taft.

In Houston, Ralph B. Lee, state Democratic executive committeeman, called a meeting of Democrats to organize so the Harris County convention could send an anti-Truman delegation to the state convention.

Lee said he expected a group of conservative Democrats to send a delegation to the San Antonio meeting instructed only against President Truman.

Gov. Shivers, who supports an uninstructed delegation opposed to Truman, was invited to the Houston meeting. But neither he nor Atty. Gen. Price Daniel were expected to attend.

An Austin source that declined to be quoted said the Houston meeting was probably an effort to keep Democratic control from the hands of extreme rightwingers and in the hands of Shivers' friends.

Lee, however, said the meeting was not an attempt at Shivers' control of the party in Texas. He said it was merely a Shivers-led program by anti-Truman Democrats to control party machinery. The rank and file members, Lee said, would control the party by instructions to their delegates.

GOP Leader Lane said in Dallas he regarded Taft and Eisenhower both as splendid presidential material. But he added that no man nicknamed "Mr. Republican" could carry a single Southern state.

"The election this year is our last chance to stem the tide of socialism that is engulfing the United States," Lane said.

Democratic National Committeeman Wright Morrow and Mrs. Spurgeon Bell, state committeewomen, were expected to attend tonight's meeting in Houston. Among the first pre-convention caucuses in the state, cards calling the meeting said:

"Are you tired of spending, bungling and Trumanism?"

Those that were, were asked to attend.

Eisenhower supporters announced Thursday state headquarters will be opened in Dallas with Republican Jack Porter of Houston in charge.

Porter is challenging the state Republican leadership headed by Henry Zweifel, Republican national committeeman from Fort Worth.

Zweifel, a strong Taft supporter, has predicted that the Texas delegation to the Republican convention will be for the senator from Ohio.

Thursday night in San Francisco, all Zweifel would say was, "it has been my understanding that Jack Porter and Alvin Lane have been following the Eisenhower line all the time."

WANT 12 PER CENT HIKE

Shipyard Strikes Spreading Along Gulf Coast Of Texas

By The Associated Press

Some 3,000 Texas shipyard workers remained on strike today after efforts to resolve company and union differences failed.

Wage increase demands were given as the strike cause.

About 1,200 AFL union workers at Beaumont's Bethlehem shipyard and 300 marine workers at Galveston struck Thursday after 1,500 AFL unionists at the Todd Shipyard and Drydock at Galveston struck earlier in the week.

Two Mobile, Ala., shipyards also were strikebound.

Last night, Kane Shipbuilding Co. of Galveston offered a 20-cent per hour raise to mechanics and lesser raises to other workers, but the union refused it.

Galveston shipyard workers wages now average $1.80 per hour for mechanics, $1.45 for truck drivers, and $1.35 for helpers and laborers.

Basic pay for Beaumont shipyard workers ranges from $1.35 to $1.75 per hour, $1.30 for laborers, $1.75 for boilermakers, machinists and pipefitters.

Shortly after midnight Thursday morning picket lines went up at the Beaumont yards. No violence was reported.

Workers at Beaumont were reported by union officials as wanting a 12 per cent wage increase. Henry J. Murphy, an AFL machinists official, said such a boost would bring Beaumont pay into line with Pacific Coast shipyard pay. It would also diminish the differential in pay between the shipyard workers and workers in the area's oil and chemical industries, Murphy said.

Bethlehem officials late Thursday had made no reported offers.

All marine repair work at Galveston was halted by the marine workers strike.

Todd's Houston yards and Levingston at Orange were still working.

Premier Must Form Cabinet

PARIS (AP)—Edgar Faure, at 43 France's youngest Premier since 1875, worked today to put together another center - coalition cabinet that would end his nation's political crisis, now in its 11th day.

Behind him was a big 401-101 confirmation vote last night from the National Assembly. The result drew heavy applause from the benches of the center parties, but Faure still must form a several-party team.

His victory margin on the confidence vote was so large because Gen. Charles de Gaulle's RPF (rally of the French People), largest single party bloc in the Assembly, abstained from the vote. The Communists voted against Faure.

Debate before the vote indicated the new Premier would have one of the same troubles that brought the downfall of his predecessor Rene Pleven—uncertain support from the big Socialist bloc of 104 members. In announcing that his party would vote to confirm Faure, Socialist Deputy Marcel David told the Assembly:

"We mean to allow France to be administered, but it goes without saying we remain free on all further decisions."

This made it likely Faure's cabinet, like Pleven's, would have no Socialists.

Iran Is Considering Denouncing Old Treaty Newspaper Attack Tells

TEHRAN, Iran (AP)—An indication that Iran may denounce her 1857 peace and friendship treaty with Britain was seen today in a newspaper attack on the pact by Hossein Fatemi, former deputy premier and a right-hand man of Premier Mohammed Mossadegh.

Fatemi said in his paper Emrooz that the treaty has "no validity in the second half of the 20th century."

He termed it "an agreement between wolves and lambs" because it had been "imposed by the strong on the weak."

The British in a note Wednesday rejected Iranian orders to close British consulates in Iran and cited the treaty provision allowing them to maintain consulates wherever other foreign powers have them.

A Foreign Ministry spokesman told reporters that Iran will reply to the British note by Saturday.

2,000 Families Being Evacuated from Homes In Southern California

LOS ANGELES (AP) — Two thousand families were ordered evacuated today as a night of deluging rain poured floods into flatlands south of here.

The sheriff's substation at Norwalk announced the Coast Guard would undertake to move the 6,000 or more persons from the path of rising waters.

The emergency centers in the communities of Norwalk, Artesia and Hawaiian Gardens, southeast of here. The Coast Guard moved up from its bases at Long Beach and San Pedro with boats and amphibious equipment of all types.

Another critical situation in the San Fernando Valley north of Los Angeles proper apparently was well in hand, although some 200 families had been taken from their homes in the Reseda area.

As welcome sunshine broke through the clouds shortly after dawn, the picture through much of Southern California was one of rushing torrents, mud-closed highways and stalled cars.

By 8 a.m., the storm had brought 4.17 inches in Los Angeles in 18 hours. Higher amounts fell on foothill communities which ring the city and despite flood control channels and spreading basins, the immense volume of water was ripping out roads and cutting into canyon banks as it rushed toward the Pacific.

The entire state has been plagued by the worst storms since the turn of the century this week, and northern California braced itself for another one bearing down from the gulf of Alaska.

Virtually all main railroad and highway routes across the Sierra have been closed and there is general transportation chaos.

The Southern California area had hardly 24 hours respite from the Tuesday-Wednesday storm when the downpour began again yesterday. This sudden storm which developed off the coast surprised the weather forecasters. Nine new deaths were reported.

Schools in Los Angeles City, Pasadena, Norwalk and El Monte were ordered closed today because of the heavy rain, many flooded streets and intersections. There were 40,000 absentees in Los Angeles yesterday. Principals will be on hand to care for any children who show up today.

$3,800,000 SHORT

Agriculture Official Asked Why Prosecutions Lagging

WASHINGTON (AP) — Comptroller General Lindsay C. Warren told senators today he had ordered a "full and complete investigation" of shortages in the Agriculture Department's grain storage program, after his auditors found shortages of more than $3,800,000 in a single office at Dallas.

Warren testified before the Senate agriculture committee. Secretary of Agriculture Brannan and a dozen assistants waited their turn to explain the cases under probe.

Senator Anderson (D - N. M.), former Secretary of Agriculture, closely questioned Warren and his auditors on why there had not been prosecution of the shortages, or why there had been delays in prosecutions.

Involved in the inquiry was government owned grain and other farm commodities, obtained in the farm price support program.

It was stored in elevators and other storage centers and the shortages or "conversions" are blamed by Brannan on "individuals of the grain trade," not Agriculture Department employees.

Both Anderson and Senator Aiken (R-Vt.) referred to the shortages as "stealing" and "embezzlement."

Spokesmen for the Agriculture Department and Brannan previously had disclosed some of these shortages and said prosecutions had been started in some of them.

They indicated that the shortages represented a relatively small amount in widespread 10 billion dollar farm loan program.

Chairman Ellender (D-La.) of the senate committee said the purpose of today's meeting was to decide how thorough an investigation was needed into three matters.

Egyptians Mad About Speech Of Churchill

PARIS (AP) — An Egyptian spokesman said today that British Prime Minister Winston Churchill's invitation to U. S., French and Turkish troops to join in the defense of the Suez Canal "constitutes a new attack on the sovereignty of Egypt."

He said any such step would be "of a nature to compromise seriously the peace of the Mid East."

The spokesman, Dr. Mahmoud Azmi Bey, told a news conference that if French, Turkish or American troops were moved into the canal zone the question probably would be taken to the U. N. Security Council.

He read a document entitled an "official communique" from the Egyptian delegation to the United Nations. It said Egypt is the natural guardian of the waterway which passes through its territory and that Britain was only trying to find a new pretext to maintain troops in Egypt.

The Egyptian statement was in reply to a comment by Prime Minister Churchill yesterday in his address to the U. S. Congress that the United States, France and Turkey should move token forces to the Suez Area to stand beside the British there.

Churchill said the danger in Egypt was "no less great" than that prevailing in Korea.

Claims Three Reds Knocked Out Of Skies

SEOUL, Korea (AP) — Jet planes fought over Northwest Korea today for the fourth successive day.

U. S. Sabre jets screening Thunderjet strikes against Red rail lines and supplies fought briefly with elements of a formation of 120 Communist jjets.

One flight of four MIG-15s broke through the screening Sabres and made a firing pass at the Thunderjets, then headed for home. No damage was reported.

The Air Force reported three MIG's downed and seven damaged in the previous three days fights. Allied losses are reported only weekly.

Action along the frozen 145-mile ground front followed the same quiet pattern of the last two months.

The only fighting Friday morning reported by the U. S. Eighth Army was along the Eastern Front. An Allied patrol fought with entrenched Communists west of Heartbreak Ridge for an hour and a half before withdrawing.

At the extreme eastern end of the line three small Red probes were beaten back south of Kosong.

The U. S. cruiser St. Paul returned to action off Kosong Thursday. The St. Paul's guns hit Red entrenchments with 125 rounds and the supporting destroyers Hammer and Marshall added another 100 rounds. Capt. R. A. Gano of Pipestone, Minn., reported the St. Paul destroyed six Red bunkers and damaged eight.

More than 180 miles north of the 38th Parallel the U. S. destroyers Doyle and Porterfield and the Canadian destroyer Athabaskan touched off big fires near Songjin. The Athabaskan moved so close inshore sailors on her decks raked a building with rifles and machine-guns.

Twenty-five B-29 Superforts from Japan joined the round-the-clock air attack Thursday night.

British Take New Action In Efforts To Keep Canal Zone Under Control

CAIRO, Egypt (AP) — The independent newspaper Al Ahram said today British military authorities have cut off three major cities in the Suez Canal zone from the rest of Egypt in an effort to control the area.

The newspaper reported Lieut Gen. Sir George Erskine, British commander in Egypt, has informed Egyptian authorities of travel restrictions between Suez, Ismailia, and Port Said.

According to Al Ahram, Erskine informed Egyptian authorities that "no political or official persons will be allowed to travel between these cities unless they are in possession of special permits delivered by British authorities."

Salary Raise Is Clarified

The increase in salaries for county officials, their deputies, and other courthouse employes was verified today by Edgar Taylor, county judge, who said he broke the tie vote of the county commissioners late Monday.

Judge Taylor said he was undecided on the matter when the court dismissed for the day but that he decided later in favor of the motion to increase salaries 10 per cent.

Prior to leaving for Austin the following morning for business on the county hospital project, he said he notified the county auditor of his vote, and that the auditor acted accordingly in issuing the checks.

Permanent minutes of the commissioners court will show the tie vote broken in favor of the increase. A motion by Walter Grant, seconded by Doyle Parmer, failed to carry during the meeting when it was opposed by the other two commissioners, Ted Haney and Cullen Toombs.

WEATHER

WEST TEXAS: Partly cloudy to cloudy this afternoon, tonight and Saturday. A little warmer Panhandle and South Plains tonight.

EAST TEXAS: Partly cloudy this afternoon, tonight and Saturday. A little cooler north portion this afternoon.

SOUTH CENTRAL TEXAS: Partly cloudy this afternoon, tonight and Saturday. A little cooler extreme north portion this afternoon. Gentle to moderate southerly winds on the coast.

State Representative Favors Repeal Of Car Inspection Law

STIN (AP) — An East Texas state representative urged repeal of the car inspection law today after his poll of House members found strong sentiment against the measure.

Rep. Jack Wisener of Wells said he would leave the question of a special session up to Gov. Allan Shivers after showing him the results of the poll.

Of 150 House members queried by Wisener, 58 considered it "advisable in the public interest" to ask Shivers to call the legislature into special session.

Forty-two opposed a special session. Two others said it was the governor's responsibility, and they didn't want to put pressure on him.

Wisener said the majority of the opposition to the car inspection law came from rural areas.

Fifty-seven representatives wanted a special session to consider repeal of the inspection law, he said.

Twenty one favored immediate legislative action to repeal the drivers financial responsibility law which requries motorists to show ability to pay up to $15,000 in case of a serious accident.

Thirty-eight said the threat of a state deficit because of loss of anticipated revenue from the new gas gathering tax merited calling a special session.

Ten other wanted a special session to consider various other problems, including water conservation and controversial phases of the new election code.

Wisener denounced the statute as "impractical."

"The inspection is much too rigorous and includes things that are not related to safety," he declared, citing requirements for check of tailpipes, exhaust mufflers and windshield cracks.

"If anyone ever has been killed in an accident caused by a defective muffler, I don't know anything about it," he said.

Wisener said replies from representatives in most of the big cities —Houston, Fort Worth, Dallas and San Antonio — indicated most of them opposed a special session.

Truce Talkers Hold Another Day Of Fruitless Negotiation

MUNAN, Korea (AP)—Truce negotiators kept tempers in check today as they wrangled fruitlessly over terms of a Korean armistice. The only outburst came from a Chinese delegate who referred scornfully to America's allies as "running dogs."

Maj. Gen. Claude Ferenbaugh made his daily plea that the Reds promise not to build airfields in North Korea during a truce.

The Communists replied, as usual, that their pledge not to send combat planes across the Yalu during a truce was sufficient guarantee.

In an adjoining tent Rear Adm. R. E. Libby tried vainly to get Red negotiators to accept voluntary repatriation of war prisoners.

Gen. Matthew B. Ridgway, supreme Allied commander, paid a surprise visit to Korea Friday to confer with the U.N. truce delegation and the Eighth Army commander, Gen. James A. Van Fleet.

U.N. investigators made another trip to the protected Kaesong area to examine a crater. The Reds say it was made by an Allied aerial bomb Thursday.

The Communists' Peiping radio said preliminary joint investigation established "full responsibility" of the Allies. The Broadcast, monitored in Tokyo, said American planes attacked in full daylight under clear skies.

Kaesong is headquarters for the Red truce delegation, and is designated immune from attack.

Brig. Gen. William P. Nuckols, U.N. spokesman, said, "There was an absence of shouting, table pounding and invective" at Friday's truce meetings at Panmunjom.

He stressed, however, that there was no indication the Reds were softening in their stand on airfield construction.

Ferenbaugh told the Communists, "We have shown conclusively that an agreement by both sides to restrict the rehabilitation and construction of military airfields during an armistice is neither a violation of sovereign right nor an interference in the internal affairs of the other side.

"You cannot change the fact that any sovereign state that enters into an armistice agreement does so knowing that it has agreed to certain restrictions on its sovereign rights."

Chinese Maj. Gen. Hsieh Fang said the idea that nations can agree to restrict some of their sovereign rights without losing their sovereignty may be all right "for some of the running dogs" going along with the United States, but not for North Korea.

Few Churches Here Will Seek Union With Protestant Group

At least three Snyder churches appear likely to affiliate with the new state council of Protestant churches, if and when such is organized. Plans for a state council of nine denominations were made a week ago today when 13 high-ranking churchmen met in Fort Worth.

The new council was tentatively patterned after the National Council of Churches. Episcopal, Methodist, Disciples of Christ, Christian, both groups of Presbyterians, Congregational Christian, Evangelical & Reformed, and Evangelical Lutheran are among denominations which have participated in the planning so far.

UP TO CHURCHES

The Rev. Clifford Taylor, pastor of the First Christian Church here, said the local congregation was represented indirectly in the recent meeting through leaders of the denomination's state convention. Attending the meeting at Fort Worth were Patrick Henry of Fort Worth, secretary of Texas Christian Churches, and M. E. Sadler, president of Texas Christian University.

Mr. Taylor, who served on the youth board of the National Council of Chuches in 1945 and 1946, said affiliation of churches in the denomination depended on the local churches but that many of them participated with the national council.

The Rev. Ronald Hubbard, pastor of the First Presbyterian Church, said he thought the church would participate in the programs of the state council when it is organized. Both the Presbyterian Church U.S.A. and the Presbyterian Church U. S. are affiliated with the national council.

SPEAKS FOR METHODISTS

The Rev. W. W. Adcock, pastor of the First Methodist Church, said that although the new state council had not yet been fully formed, he felt that the congregation here as well as other Methodist church groups would probably affiliate with it. Most Methodist groups have worked with the National Council of Churches since its organization more than a decade ago.

Neither of Snyder's two churches of Christ will attempt to join the state council, their ministers said. Few, if any, churches of this faith have taken any part with the national council, and most of the church is opposed to union of efforts without union of doctrine.

NO AGREEMENT

Boyd Fanning, minister of the Church of Christ on Twenty-fifth Street, said, "It isn't that we don't wish to be friendly with all good people, but we see no reason for seeking to work together religiously when we cannot agree on basic doctrines."

Many of the churches of the Northern Baptist Convention have had connection with the national council, but none of the Southern Baptist Convention has affiliated with either the national or state groups in Texas or elsewhere. Standing with them on the matter are also the independent Baptists throughout both the North and South.

Another meeting of about 80 churchmen is to be held in Dallas Feb. 22, when it is believed the state council will organize.

Church Plans New Structure

Construction on a new building for the Union Methodist Church may be started by mid - March if finances permit, the Rev. Leroy Baker, pastor, said yesterday.

Members of the church approved the new building last Sunday, and the financial drive was opened Wednesday night. A social held in the church's fellowship hall on that night was attended by about 50 persons.

The new building, which would have both classroom space and an auditorium, if to be built at the site of the present structure. It will be brick veneer, finished in light - colored brick, Mr. Baker said.

The church now has a membership of about 68 persons. The present building has been in use for about 30 years.

Preliminary discussions with building contractors have indicated that the new building would be ready for use by May if construction is begun in March, Mr. Baker said.

J. T. Biggs, Paris McPherson, Mrs. C. A. Ramsey and Mrs. Carl Hardaway have been named to work on the financial committee.

Intermediate Group Of Methodist Church Holds Party Friday

A party was given Friday night in the fellowship hall for the Intermediate Methodist Youth Fellowship department.

Refreshments of homemade cookies, sandwiches, and hot chocolate were served to the guests.

Those attending were Johnny Teace, Don and Douglas Boone, Linda Norcross, Martha Robbins, Jerry and Karline Roberts, Clinta Barbara Blackard, Gene Procter, Dickie Sanders, Doris Agee, Patsy and Erma Lauw, Nelline Jones, Richard Snyder, Wayne and Billie Jean Ramsey, Melva June Smith, Roy Lashaway, Jane Joyce, Mary Low Carey, Billy Beard, Huanna Birdwell, Robbie Pratt, Ruth Adcock, Judy Bjronsrud, David Hamblen, Paul Nelson, Mary Ann Doak, Jane Patterson, Mr. and Mrs. Robbins, Mrs. W. W. Adcock, and Mrs. Charles Tyer.

Fidelis Class With Mrs. Edgar Taylor

The Fidelis Sunday school class of the First Baptist Church met Tuesday night in the home of Mrs. Edgar Taylor, 2807 Avenue X. Mrs. W. D. Harral and Mrs. W. W. Hull were co - hostesses.

Several prayers were given and Mrs. J. E. LeMond talked on prayer. Mrs. Jack Inman discussed the book of Proverbs.

After several piano selections, the twenty guests were served refreshments.

Mary-Martha Circle Studies Latin America

Mrs. Marcene Holt was hostess for the Mary - Martha Circle of the First Methodist Church meeting in the church fellowship hall Wednesday morning.

Mrs. Lyda Hardy directed the program, which began a study on Latin America. She was assisted by Mrs. R. B. White and Mrs. Roy Sanders. Mrs. Holt gave excerpts from "He Wears Orchids," a supplementary reading book, and Mrs. Clyde Hall, Jr., gave a brief account of the author's life. Mrs. Hardy then conducted a quiz on a Latin American country.

Rev. Good Broadcasts

The importance of knowledge of the Scritpures for Christians will be discussed by the Rev. Joseph J. Good on the West Texas Bible Forum broadcast at 7:45 Sunday morning.

"Prayer is the only means for victory, either in our national or individual lives," Mr. Good said in discussing his topic, "and the Bible is the chart by which we need to walk."

Family Night Service Is Planned Sunday At First Christian Church

A family night program will be observed at the First Christian Church Sunday night, the Rev. Clifford Taylor, Jr., pastor of the church, has announced.

Supper will be served in the basement of the church at 6 o'clock on that night. Each family is to bring food for the supper. A play, "The Gifts," will be presented by the young people of the church.

A special offering for the Fowler Home for the aged and children will be taken at both services Sunday. This offering is usually taken at Christmas, Mr. Taylor said. However, it was postponed this year because of the opening of the financial drive.

Mr. Taylor's topic for the Sunday morning service will be "The Judge is at the Door." A. T. Nicholas will present special music.

Two Meals Planned By Women's Organization

The Women's Fellowship of the First Christian Church will serve both a noon and an evening meal at the church on Jan. 26.

The noon meal will be served from 11 to 1 o'clock and the evening meal from 5 to 8 o'clock. Mexican food will be featured at both times. A charge of $1 and 50 cents will be made, with the proceeds to be used in church work.

Workers In Primary Department Hold Meet

Primary department workers of the First Baptist Church met in the home of Mrs. A. E. Sellers, with Mrs. Jimmie Dyess as co-hostess.

Those attending were Mrs. Bill Teaff, Mrs. Howard Gibbons, Mrs. Lester Moore, Mrs. Onnie Martin, Mrs. J. W. W. Patterson, Mrs. Stanley Noah, and Mrs. Ben Lenoir.

Mrs. J. C. Day presented the devotional on "Faith."

Baptist Circle With Mrs. Jack Colwell

Mrs. Jack Colwell was hostess for the Business and Professional Women's class of the First Baptist Church Monday night at her home, 2212 Twenty - seventh Street Mrs. Artie Berzman was co-hostess.

A program on new year's resolutions was directed by Mrs. Jesse Lemons.

Refreshments of sandwiches, frozen salad, ice box cake and coffee were served the 12 members and one guest, Miss Myrtle Yost.

Guest Minister Will Speak Here Sunday

The Rev. Ernie Pickering of Dallas will speak at services at the Calvary Baptist Church Sunday in the absence of the Rev. T. Gerald Cates, pastor of the church.

Mr. Cates is to open a revival at the Twenty - fifth Street Baptist Church on Sunday.

Mr. Pickering, a graduate of Bob Jones University in Greenville, N.C., is now a senior at the Dallas Theological Seminary. He will also speak on the Word of Life broadcast at 8:30 Sunday morning.

Mrs. Autry Hostess

The Alathean class of the First Baptist Church met with Mrs. N. W. Autry last week for a business meeting. Refreshments were served to 20 members.

TEXAS BRANDS

7HL

By JOHN M. HENDRIX

The 7HL is the brand of James Masterson Weymouth of Amarillo. The brand had its beginning in 1856 in Travis and San Saba Counties. Weymouth is the grandson of the late R. B. Masterson who was a pioneer of Travis County and in San Saba County. In later years Masterson's ranch interests were moved to the Panhandle and centered around Mobeetie for a number of years. He owned extensive ranching properties, both on the plains and in King County, Texas.

Ruling Sought On Stoning Of Baptist Church

BOGOTA, Colombia (AP) — Roman Catholic and official circles, commenting on recent stonings of a Baptist church here, indicated they believe Colombia's constitution guarantees non-Catholic religions freedom to worship but not to propagandize.

The foreign ministry and the American embassy have exchanged notes on the stonings, as well as the beating and ducking of protestant missionaries at Cambao. Both declined to reveal the contents of the notes, but the government had said previously it deplored the incidents.

Colombia is predominantly Roman Catholic. Interior Minister Luis Ignacio Andrade had termed the incidents reactions by "primitive people" to propaganda for a religion alien to the Colombians.

Recent newspaper comment indicated the incidents might result in a clarification and interpretation of constitutional provisions on religious freedom.

The constitution makes no mention of proselyting.

One columnist for a conservative publication suggested that a planned reform of the constitution should expressly outline the difference between guaranteed freedom of worship and prohibited anti-Catholic proselyting.

Liberal circles took the view, however, that religious freedom should be complete.

The question so far has not reached the status of a political issue.

Homemakers Class Meets With Mrs. Bell

The Homemakers Sunday school class of the First Baptist Church met yesterday in the home of Mrs. W. R. Bell, Sr., 2811 Avenue U.

Nolan von Roeder gave the program consisting of motion picture films shown of a hunting trip in Alaska, and another film on Mexico City.

The hostess Mrs. M. F. Bell, served refreshments to the following guests: Mrs. Scott Casey, Mrs. Clarence Cummings, Mrs. Sam Joyce, Mrs. C. V. Thompson, Jr., Mrs. J. W. Kitchings, Mrs. J. M. Curry, Mrs. Bob Davie, Mrs. H. W. Sanders, Mrs. B. B. Gillean, Mrs. I. B. Roberson, and Mrs. Leland Herod.

Numbers Are Tied Up

ROCHESTER, N. Y. (AP)—Before they go to work in the morning, No. 87 has to tie No. 514's tie.

No. 87 of the Fire Department is Walter Milne. No. 514 of the Police Department is his wife, a school traffic officer.

WILLYS ON DISPLAY TODAY

The new Aero Willys sedan, which went on display at dealers' showrooms all over the nation today, is shown above. The manufacturer claims it is powered with one of the world's most efficient engines, and that its gasoline economy is unsurpassed. On tests the automobile has made up to 35 miles per gallon. It is a 9-foot wheelbase automobile.

Most Snyder Church Budgets Show Rise Over '52 Figures

The operating budgets proposed for most of Snyder's churches for 1952 show an overall increase over 1951 expenditures. Some have but a slight increase, some no anticipated increase or decrease, and a few have rather large increases.

Snyder's largest church, the First Baptist Church, which also has the largest annual budget and the largest increase, expects to spend $47,045 this year for operation. Last year the operating expense was $34,695. Neither of these figures includes expense of building the new auditorium or retirement of any debt. The church has 1,387 resident members.

The First Methodist Church operates on a fiscal year beginning each June 1 rather than on the calendar year. Its budget now is about $19,000, exclusive of debt retirement. This is about the same as it was the previous year. Average Sunday school attendance is about 450, and attendance at morning preaching services is usually higher.

The First Presbyterian Church has proposed a budget about $2,000 higher than that of last year, which was $12,497. Membership of the church has increased about 30 during the last year.

The North Side Baptist Church this year has an operating budget of approximately $7,700, exclusive of debt retirement. This is about $1,000 more than last year's expense. Total membership is about 350.

The Church of Christ on Twenty - fifth Street has a budget of about $25,000 for operating, which includes support of five ministers elsewhere. This will make an increase of about $10,000 over last year, including finance for a new building to be constructed near Highland Park. The operating budget figure, however, does not include the building program. Attendance at the first Sunday service is from 250 to 300, and the later morning service usually has about 600.

The Assembly of God, although it has no set budget, reported its expenditures would probably be somewhat greater than those of last year. The average Sunday school attendance throughout 1951 was 118.

The First Christian Church has set its operating budget at $7,823, which is a slight increase over that of last year. The resident membership is 180, an increase of about 5 over that of a year ago.

Housewives In Trouble Again

MARSHALL (AP) — Seizure notices against seven housewives who refused to pay domestic taxes have been received here.

The women reported yesterday the notices are for the second and third quarters of 1951.

The housewives, who contend that it is unconstitutional for the government to require them to collect taxes from their domestic help's pay, have refused to pay the taxes.

The Treasury Department last August used the same seizure procedure to collect taxes for the first 1951 quarter. A total of $44.23 was taken from ten women in two days and more was collected from at least three others in the next three weeks.

The notices yesterday were postmarked in Longview and signed by J. P. Armstead, manager of the Longview district internal revenue office.

Women who received the notices yesterday were Miss Jane Pitts, Mrs. F. S. Littlejohn, Mrs. Virginia Whelan, Mrs. ack Abney Jr., Mrs. Etheldra Spangler, Mrs. Caroline Abney, and Mrs. Winifred Furrh.

CensusPlanned By Ministers

A religious census, which will be conducted under the auspices of the Ministerial Alliance, will be started next week, the Rev. Clifford Taylor, Jr., president of the alliance, said today.

Workers from the First Presbyterian Church, the First Methodist Church, the First Christian Church and the Assembly of God Church will participate in taking the census. Each group will be assigned a portion of town to cover, and will work on schedules decided upon among themselves. The census is expected to be completed within one week.

No religious census has been made here for about two years, Mr. Taylor said.

Errol Flynn Wants His Partnership Dissolved

LOS ANGELES (AP)—Errol Flynn wants the Superior Court to dissolve his partnership with movie producer William Marshall and cancel a $25,000 promissory note for which Marshall sued him last month.

The actor said yesterday he was deceived into participating in a film venture with Marshall, and that it turned out to be of a pacifist nature and inimical to U. S. foreign policy. Flynn said also that he had worked in the picture for 10 days at $2,700 a day but hadn't been paid.

Limitations In Border

TUCSON, Ariz. (AP) — Dr. Emil L. Larson, Border Conference commissioner, said last night his organization will write in new limitations on spring athletic practices.

Dr. Larson said the new rules would be in accord with the NCAA

Poor Library Better Than None

Dallas and Oklahoma City have been carrying on one of those urbane, literary feuds over which city has the worst library.

Dallas would issue a rather self-conscious communique through the medium of the scholarly Dallas Morning News, claiming it had the worst. Oklahoma City would refute the claim, and scold the Texas city for being boastful.

The whole thing has been worked out now, apparently to the satisfaction of all—Oklahoma City has a $1 million library building going up, and Dallas has its reputation for "worst library facilities" back again.

Of course, a country town like this needn't try to horn in on a big city promotion campaign. But if anybody would bother to investigate, they'd probably find that Snyder is the biggest town in the state without a public library of any kind.

That's a distinction few of us are proud of. And it could be thrown off very easily if we had one thing: an organized movement to get a public library. We have everything else—a public that reads and a county that is more than able to build and support a library.

Here's one thing all of us should remember when we discuss but do nothing about recreational facilities: it costs something for a county or city to ignore its obligations. In doing nothing about a park, a pool, a library, a ball park, and a youth center, we are asking for trouble down the line. It's not the kind of trouble you can put your finger on and say, "This wouldn't have happened if we'd had a library or a pool." But it all adds up to more juvenile delinquency, more youth problems, more disgruntled citizens who can't wait to move out of Snyder "because there is nothing to do here," and more business interests coming to look for possible industrial sites in Scurry County, and passing us by for more attractive communities in West Texas.

Contract Let On Clairemont Road To Kent

The state highway department Wednesday awarded a contract for the paving of the Clairemont road from a point eight miles north of here northward for seven and nine-tenths miles to the Kent County line.

The contract was awarded the Bryan & Hoffman Co. of Plainview for a total of $141,644. The road has been designated as farm to market road No. 1231. This project will complete blacktopping the road from Snyder to the north county line.

The project has been engineered by the state department, which will also maintain it at no cost to the county. Paving the eight miles will cost the state about $17,705 per mile.

This contract was one of several awarded by the department yesterday for a total of $2,634,139 on 19 projects. This road project is part of the regular county allotment of road paving from the state and is not a part of the county's 157 - mile program, 80 miles of which are to be handled by the state. Some phases of the county program are ready now for contract awarding, J. C. Roberts, district engineer for the state, said a few days ago.

Escaped Convicts Are All Back In Prison

HOUSTON (AP) — Three long-term convicts who made a try for liberty at Central Prison farm were back today.

Two were picked up less than two hours after their escape yesterday. The other was captured last night.

The escapees were listed as Chester Langston Lacy, 19, serving five years from Hutchinson County for robbery, Bod Bowman, 29, fifty years from Calhoun County for kidnaping, and Jay O'Banion, 31, ten years from Bexar and Jefferson counties for forgery.

Accidental Good Deed

QUINCY, Calif. (AP) — Gene Dupont huffed and puffed in the snow to get his automobile dug out.

He shoveled the snow away from the rear, the front and the sides. Then he learned he's uncovered his neighbor's car—an identical model.

His own car can stay where it is until spring, says Dupont.

The first formal school on Pitcairn Island opened in 1949.

ARE YOU SATISFIED?

WITH YOUR SHERIFF?

The Sheriff's job is an important one.

He executes warrants of arrest, search warrants, and makes service of process in criminal and civil cases.

He serves summons for witnesses and jurors in criminal and civil cases.

He approves bail bonds in criminal cases.

He is custodian of the jail, responsible for the feeding of prisoners and their care in the county jail

He conducts sales of property under orders from the court

He conducts invesigations of criminal offenses and makes searches and seizures under court orders

His salary is $5,250 a year

If you like the way your sheriff is doing his job, pay your poll tax and support him.

If you disapprove of him, pay your poll tax and try to find a better man to support.

Junior Chamber of Commerce

Mr. and Mrs. Roy S. Gonzales

Roy Gonzales, Miss Lopez Are Married Here

Mr. and Mrs. Roy S. Gonzales have returned from a wedding trip to Carlsbad, N.M., and are making their home at 2206 Avenue T.

The bride is the former Miss Victoria Lopez, daughter of Mr. and Mrs. R. T. Lopez of Colorado City. Parents of the bridegroom are the Rev. and Mrs. E. P. Gonzales, 2208 Avenue T.

The single ring ceremony was read Sunday in the Templa Bautista, Latin - American Baptist church. The Rev. Cone Merritt officiated before an improvised arch decorated with white flowers.

Mrs. Ruth Arauza sang "Because," accompanied by Mrs. Roy Stokes, pianist. Candles were lighted by Pete Rodriguez, and Ismael Rodriguez, who also served as ushers. Miss Olga Gonzales was also an usher.

Given in marriage by her father, the bride wore a teal blue suit with white accessories and a white carnation corsage. Attendants were Mr. and Mrs. Dan Gonzales, Mr. and Mrs. Isbel Arauza, Miss Helen Pena and Lupe Rodriguez.

Following the ceremony a reception was held at the home of the bridegroom's parents. Out-of-town guests at the wedding and reception included the bride's parents and Mr. and Mrs. Ross Hargrove of Colorado City, Mr. and Mrs. Ray Gonzales of Lamesa and Mr. and Mrs. David Gonzales of Abilene.

The bride attended Colorado City High School. The bridegroom is employed by Snyder Linen Supply.

Bridge Club Meets At Pipeline Camp

Mrs. S. L. Surratt was hostess to the Wednesday Contract Club yesterday at her home in the Pan American Pipeline Camp.

Mrs. Jack Morgan won high score, and Mrs. G. C. Lefler second high. Bingo prize went to Mrs. Jack Sheridan.

A dessert plate and coffee were served the eight members present.

The Ensemble Idea

Perfect example of the versatile ensemble! Minus bolero, the cap sleeve dress is a useful basic with scalloped yoke, soft unpressed skirt pleats.

No. 2608 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16, 4⅝ yds. 39-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

For additional smart, easy-to-sew fashions, send now for the FALL- WINTER FASHION BOOK, full of inspiring ideas to give new life to the mid - season wardrobe. One hundred and twenty - five practical pattern designs for all ages and occasions. Price just 25 cents.

Cosmorama Hears Of Africa's Progress

Africa was the topic of study as the Cosmorama Club continued its imaginary world journey at a meeting Tuesday. Mrs. Renal Rosson was hostess at her home, 2510 Thirty - first Street.

Mrs. John Lynch, Jr., discussed "The Progressive Trend of Life in Africa," mentioning the industrial and vacationing centers of the country. Tribal life and customs were related by Mrs. R. J. Kidd. The talks were supplemented by pictures and an exhibit of handmade articles from Africa.

A refreshment plate was served to the 24 members present. Guests were Mrs. Clifton Patton and Mrs. Wayland Holt.

55 Persons Attend First Dance Class

Fifty - five persons attended the first square dancing class sponsored by the Stumble and Fall Club Wednesday night.

Jack Fomby of Sweetwater is conducting the classes, which will be held at 7:30 on Wednesday nights. The classes are open to the public.

Beginners may still enroll in the classes at the next scheduled session, Jan. 29, according to a club spokesman.

AAUW Group Approves Constitution

A proposed constitution was approved last night at a meeting of the charter group of the American Association of University Women

Additional plans regarding interest group organization will not be made until AAUW national headquarters act on the local constitution, Mrs. George Crabb, president of the group, said.

Twelve women attended the meeting.

Aliens Warned to File 1952 Address Reports

Attorney General J. Howard McGrath today reminded all aliens residing in the United States of the address report requirements of the Internal Security Act of 1950. Some aliens are apparently under the impression that if they registered under the Alien Registration Act of 1940, they need not comply with the address report requirements of the Internal Security Act of 1950, McGrath said.

This is an erroneous impression he continued. Resident aliens must file the address report every year. The fact that an alien registered in 1940 and filed an address report in 1951 does not relieve him of the responsibility of filing a report in 1952 and in each succeeding year.

TALK OF THE TOWN

By SUE HOLMES

Arguments still persist about who does the proposing, Leap Year or not. But who chooses the rings is yet another story.

By no means does the bridegroom-to-be always pick the engagement or wedding ring, say the women behind the jewelry store counters. And in many cases, it's the mother-in-law-to-be who does the selecting.

"I've never sold a ring to a man alone as long as I've sold rings," says Mrs. BILL BUTLER, explaining that the man usually brings either his fiancee, mother or sister along to choose the ring. And conversely, she says women choosing the man's wedding ring usually bring along the man or his brother or mother. "And in nine out of ten cases when a couple comes in together, it will be the woman who makes the final choice," she says.

"Not long ago a young girl came in alone and looked at a set of rings," she related.

Mrs. J. J. DYER who sells rings too, says she believes it's usually the gal who determines which ring will be placed on her finger. "The girls will come in and look, then evidently they report back to the boy. And when the ring is actually bought, it's about fifty-fifty whether or not the boy comes alone or the girl comes along with him," she says.

Selling sparklers and wedding bands is somewhat akin to selling shoes, Mrs. PHILLIP BROWN is convinced. A couple in an orange blossom mood came in to look over the situation, and the girl announced that she wanted to try on a ring of a certain small size. After the circlet was placed on her pudgy finger, she firmly declared it was on to stay. The man and Mrs. Brown had other ideas, and removed the ring with the help of a little soapy water.

Men often buy the ring alone in order to surprise the girl friend, Mrs. A. L. FLOYD finds. And sometimes the man comes in with a piece of string firmly tied in the size of his girl's third - finger-left-hand. This is seldom satisfactory since the string will stretch to almost any size when it is placed on the ring measuring stick, she says. But a number of rings are sold in just any size to the male who wants to surprise the girl completely. After the presentation is made, back comes the ring for exchange for the correct size or to be sized. But usually, she believes the woman has the most to say about the ring that's finally chosen.

On the other hand, Mrs. ED STAHL says her sales are usually to the man alone. Mrs. BILLIE J. McKINZEY, however, remembers times when the mother of a boy in service would come in and select the ring for her daughter-in-law-to-be.

Overall, it seems a woman has a good deal to say about the ring she'll wear—whether she scouts the possibilities over and lets him do the final selecting or whether she brings along a girl friend or her mother to confirm her likes.

Manufacturers of rings must be well - informed on this trend, judging from the number of ring ads placed in magazines for women.

It's music night tonight, don't forget. The Snyder Concert Association's third program of the season begins at 8 o'clock at the high school auditorium. Candlelight is promised to illumine the musical program, featuring a harpsichordist and vocalists.

Have you noticed how the harpsichord is making a come back? Recording companies have gone overboard for the instrument, using it on jazz disks and for accompaniment of other popular songs. The instrument was supposed to have been superseded by the piano — and was, but in a search for variety the arrangers have delved back into musical past and brought forth the harpsichord.

Another case of the old encroaching on the new is in the field of science. A 3,000 - year - old Chinese home remedy for malaria has given scientists a clue to the production of a synthetic antimalarial agent which is many times more active than quinine. When the supply of quinine grew critically short during World War II, a search began for a new and better drug to treat malaria. Investigators worked with the roots of a native Chinese plant which the natives have used for thousands of years as an antimalarial agent. When the researchers tried to find a plant growing in America similar to the Chinese plant, they discovered that a common variety of the hydrangea filled the bill. The new drug is still in the testing stage.

EVENTS OF WEEK

FRIDAY

Girl Scout Council banquet for workers, 6:30 p.m., Central Elementary School.

Stumble and Fall Square Dance Club, 7:30 p.m., Ranch House Banquet Room.

NEWS FROM UNION

By MRS. J. B. ADAMS

The Rev. L. V. Ratliff, Ab Williamson, Mr. and Mrs. Raymond Lunsford and Mr. and Mrs. John Langford attended the Baptist convention in Fort Worth this week.

Mr. and Mrs. Donald Armstrong and sons of Kress visited Mr. and Mrs. F. A. Connell over the week end.

Mr. and Mrs. Dee Myers and sons visited Sunday with a brother, R. E. Walker of Snyder, where they were met by another brother, W. T. Walker. W. T. has just returned from Korea where he was stationed for three years.

Frank Shinn of Woodland, Calif., spent the week end with his brother, M. R. Shinn, and family.

Mr. and Mrs. Bart Bransom visited their son, Donald Ray Bransom, and family in Odessa last week.

Mr. and Mrs. John Langford were dinner guests of Mr. and Mrs. Charlie Eastman last Sunday.

Mr. and Mrs. J. B. Adams went to Abilene Friday to be with Mr. Adams' brother, Charles Adams, who underwent surgery there.

Mr. and Mrs. E. M. Boles and children of Lamesa visited Mr. and Mrs. J. B. Adams Sunday.

Kentucky Murderer Is Sent To His Death

EDDYVILE, Ky. (AP)—James I. (Shorty) Robinson, 32 - year - old mechanic, paid with his life in the state's electric chair early today for the sex-strangulation of little Joyce Joan Shouse, 3, in Louisville 18 months ago.

When Robinson walked from the nearby "Death Row" he left Earl Bircham, who gained a 10-day reprieve last night in his death sentence. Bircham was scheduled to die at the same time for the murder of a Louisville policeman. The Kentucky Court of Appeals granted the delay so attorneys could ask the U. S. Supreme Court to review the case.

The appeals court acted after refusing twice before to interfere with the sentence.

Sailing Ship In Trouble Off English Coast

DEAL, England — The four-masted German bark Pamir, one of the world's last cargo-carrying windjammers, sent an urgent distress call today from 20 miles off England in the gale-swept North sea.

Forty-five boy sea cadets—40 Germans, four Britons and one Italian—and 46 crewmen were aboard.

Capt. Paul Greif radioed that one anchor had been swept away and the Pamir was being pounded by heavy seas.

Lifeboats from two English Channel ports battled toward the scene through a howling snow storm. Meanwhile, the 5,556 - ton British steamer Empire Parksto stood by.

Greif said he would keep the cadets on board for the time being but he asked one of the lifeboats to stay in hte vicinity.

The picturesque, 2,769-ton sailing ship, built at Hamburg in 1905, left Hamburg for Rio de Janeiro Jan. 10 with a cargo of 4,000 tons of cement. The boys aboard her are training for the Merchant Marine.

The Pamir and her sister windjammer, the Passat, carried grain from Australia to Britain under various ownerships from 1905 to 1949.

Gales raging around and over the British Isles drove shipping to shelter today and a number of vessels sent out SOS calls.

Coast Guardsmen fired a breeches buoy from a cliff top to the Liberian ship Liberty after it went aground in a gale last night near Cape Cornwall. All the 38 crewmen were hauled safely off the stranded vessel.

Three seamen were missing from a 400-ton Dutch motor ship, adrift about 25 miles off Lowestoft in the North Sea. The rest of the crew were taken off by lifeboats.

Off Redcar, in the North Sea, lifeboats last night completed removal of 27 men from the 4,221-ton Greek freighter Taxiarchis. She went aground in a gale Monday.

Hugh Boren, Jr., who has been visiting for some time with his parents, Mr. and Mrs. Hugh Boren, Sr., 2003 Twenty - ninth Street, returned to Miles City, Mont., Wednesday. Mr. and Mrs. Hugh Boren took him to Lubbock, where he went on to Montana by plane.

ASK MILDRED

Send your questions to Mrs. Mildred Sparks, county home demonstration agent, Courthouse, or to the Snyder Daily News.

Maybe you have printed it before and I missed it, but I would like to know how to control silverfish. J. D.

I will give you what A. C. Gunter and J. A. Deer, Extension Service Entomologists, have to say on this subject. They say to spray walls or surfaces over which silverfish crawl with a five per cent DDT or a two per cent Chlordane household spray. A five per cent dust of either of these materials may be used if desired. The same materials should be used to spray or dust infested basements and storage rooms. Attics should be thoroughly dusted either with five per cent DDT or five per cent Chlordane. In such places as furnace rooms or around any open flames, the dust should be used instead of the spray to prevent fire hazards. One half ounce of sodium flouride added to each pint of wallpaper paste will prevent silverfish from subsequently eating holes in the paper.

• • •

We are planning to set out some peach trees in our back yard. Could you tell me the kinds that are more adaptable to this part of the state? L. W.

According to the Extension Service leaflet, "Fruit Varieties for Texas," the varieties recommended for this particular section of Texas are Early Wheeler, Golden Jubilee, Halehaven, Elberta and Frank.

• • •

How does one know for sure that the linen one buys is sure enough real linen? B. L.

A simple test is to moisten the finger and place it on the wrong side of linen fabric. If the moisture is immediately absorbed and shows through to a great degree, the fabric is linen. People can depend on labels, when buying from a reputable store.

PERSONALS

Mrs. Ed Stahl, 2908 Avenue T, visited Sunday in Midland with Mr. and Mrs. Freddy Downs and other friends and relatives. She was accompanied by her parents, Mr. and Mrs. R. L. May, and a niece, Miss Jo Ann May, all of Loraine.

Mrs. Billie J. McKinzey, 2312 Thirtieth Street, will visit her husband this week end. He is stationed at Sheppard Air Force Base.

Mr. and Mrs. Vale Hardy Johnson of 1007 Twenty - first Street are parents of a daughter, born at Snyder Hospital at 5:45 yesterday afternoon.

Sgt. Sig Line of Snyder, owner and former operator of the Line Service Station on Twenty - fifth Street, is now stationed at Fort Richardson, Alaska. Mrs. Line joined him there in December, and the two now live in Anchorage. They lived at 3009 Avenue U here.

Chief Petty Officer and Mrs. Dale Slone and son, Larry, visited briefly yesterday morning with Mr. and Mrs. Bob Davie and family, 3734 Dalton Drive. The Slones were enroute to San Diego for assignment after spending two years in Hawaii.

Mrs. P. F. Harmon, 3212 Avenue U, and Mrs. Joe Rylander, Jr., 800 Twenty - sixth Street, spent Wednesday with Mrs. Harmon's mother, Mrs. W. C. Brooks of Plainview.

Mr. and Mrs. N. J. Harrison, 1806 Avenue S, entertained in their home Sunday Mr. and Mrs. Wayne Harrison and Mr. and Mrs. Melvin Wood all of Odessa.

Mr. and Mrs. L. H. Hardy, 1306 Twenty - ninth Street, and Mr. and Mrs. Roy Brown, Highland Park, returned home Tuesday night from Fort Worth. Mr. Hardy was in Fort Worth for a checkup on his back which had been injured some time ago.

COOKING'S FUN

Hamburger Muffins with Tomato Sauce
Green Peas Baked Potatoes
Bread and Butter
Pecan Refrigerator Slices* Beverage
(Recipe for Starred Dish Follows)

PECAN REFRIGERATOR SLICES

INGREDIENTS: 2 cups sifted all-purpose flour, 2 teaspoons baking powder, ¼ teaspoon salt, ½ cup vitaminized margarine, 1 cup brown sugar, 1 teaspoon vanilla, 1 egg, ½ cup finely chopped pecans.

METHOD: Sift together flour, baking powder, and salt. Cream margarine, brown sugar, and vanilla. Beat in egg. Stir sifted ingredients and pecans into creamed mixture. Shape dough into long rolls about 1½ inches in diameter. Wrap rolls in waxed paper and chill thoroughly. Cut in thin slices and bake on greased sheet in 400 F. oven for 10 minutes. Makes 5 dozen cookies.

PERSONALS

Mrs. Russell Gordon, 501 West O'Neil, and Mrs. Glenn Koonce, 500 West O'Neil, spent the day in Sweetwater Saturday.

Billy Joe Griffith of Hollis, Okla., was a guest last Friday of his sister and brother-in-law, Mr. and Mrs. Glenn Koonce.

Mr. and Mrs. B. L. Wren of Colorado City were guests last week of Mrs. W. B. Lemons, 2504 Avenue X.

Mr. and Mrs. Bill Underwood 2102 North Avenue Z, had as their guests over the week end Mr. and Mrs. Basil Puckett of Post.

Mrs. Waldo Montgomery and son, Larry, 2903 Avenue T, spent the week end with Mrs. Montgomery's sister, Mrs. W. T. Choate of Breckenridge.

Mrs. O. D. Moring, 2202 Sunset Street, returned home Sunday from Dallas where she had been for two weeks receiving treatments at the Medical Arts Hospital.

Mr. and Mrs. N. T. Morton, 3100 Avenue K, were hosts Wednesday night to Mrs. Morton's father, W. H. Flippin of Hamlin.

Mrs. John Boren and daughter, Mrs. Fred Bullard, and Mrs. E. J. Richardson Jr., and daughter were in Big Spring Tuesday afternoon.

Mrs. Charles Cooper, 3007 Avenue S, and Mrs. N. N. Rodgers, 2811 Avenue T, spent the day Monday in Colorado City.

NOW THE HARD OF HEARING CAN HELP THEMSELVES TO HEARING

Here is sensational news for the Hard of Hearing of Snyder, and surrounding community. Science has overcome a major type of deafness. Now sufferers from middle-ear deafness need no longer wear a hearing aid button in either ear. NO EARBUTTON — NO HEADBAND — NO PRESSURE — NOTHING IN EITHER EAR. Yes, it's absolutely true — sufferers from "middle-ear" deafness needs no longer wear a hearing aid button in either ear — thnaks to an amazing new scientific discovery made by Acousticon, the world's first and oldest manufacturers of electrical hearing aids.

A FREE HEARING AID CLINIC will be held Tuesday, Jan. 22, Manhattan Hotel, 10 a. m. to 5 p. m. by C. E. Bourland, (Acousticon Public Education Department Hearing Specialist.) If you suffer from "middle-ear" deafness, or if you don't know what kind of deafness you have you are invited to try this sensational new discovery without cost or obligation. — Absolutely Free!

Think of it — if you now wear a hearing aid with an earbutton it is possible for you to take the button out of your ear forever, say goodbye for life to earbuttons and headbands. If you have been too embarrassed to wear a hearing aid button in your ear, you may now hear again with thrilling clarity and cmofort — with absolutely nothing in your ear! All this is made possible by the development of a tiny receiver disc which is almost completely hidden on the skin behind the ear. Read the free tryout offer Below, then act now, for one of the greatest thrills of your life!

Absolutely Free Tryout! So come in to this clinic. This may be the answwer you have waited for — a thrilling exciting, blessed new way to hear, science's astounding victory over "middle-ear" deafness! Prove—Right now that perhaps you can hear again with nothing in your ear!

Snyder Holding Lead In District Fights

Victory over Rotan last night held the Snyder Tigers at the top of district competition in a tie with at least two other teams.

The A squad, led by the quick scoring of Bill Hanks, rolled over the Rotan Yellowhammers 43 - 19 to bring their district record to two wins and a loss. Hanks scored 14 points.

In the B team opener, the Tiger B squad remained undefeated in three games as they won over the Rotan five 38 - 12. Doug Ayers tallied seven points, and Reagen White and A. C. Floyd each made six.

High scorers for Rotan were Teel, who made eight points in the A game, and Waddell, scorer of five for the B team.

Also playing last night was Stamford, which defeated Hamlin 45 - 25. The Stamford B team took its game 40 - 32. Stamford and Anson are scheduled to play a game tonight, postponed from last Tuesday. No results were reported on last night's Anson-Colorado City game.

The next district game comes up Monday night, when Stamford comes to Snyder, Rotan plays at Colorado City, and Anson goes to Hamlin.

Philadelphia Track Meet

PHILADELPHIA (AP) — The Rev. Bob Richards tries to vault to a new winning streak tonight as a field of past, present and future track and field champions converge on Convention Hall for the eighth annual Philadelphia Inquirer Track Meet.

Richards arrived by plane from Roanoke, Va., last night in time to preach a sermon at the First Church of the Brethern.

The national decathlon and U. S. and Pan - American pole vault champion is still hurting from his first defeat in 51 meets Saturday in Washington. He's glad that Don Laz, former Illinois athlete who licked him with a 15 foot, 3 inch leap, will be on hand.

Sharing the spotlight with the vaulters is the usually colorful mile event. Don Gehrmann, the Wisconsin Whippet, will attempt to maintain his mastery over Fred Wilt, FBI agent, who runs for records when he's not running after law breakers. Finn champ Dennis Johansson and two servicemen, Gene Haynes of the Navy and Bob Jones of the Marines, are in the field.

Hurdlers Harrison Dillard and Dick Attlesey, indoor and outdoor champions respectively, will face each other in competition for the first time on the indoor boards.

Curt Stone, former Penn State distance ace who like Gehrmann, will be defending an inquirer title, figures to win the two-mile event.

Minor Leagues Holding Clinic Today In Abilene

ABILENE (AP) — Representatives of five minor baseball leagues continued a two-day baseball promotion clinic here today.

Robert Finch, public relations director of the National Association of Minor Leagues, was in charge.

The Longhorn League, in a special directors meeting before the clinic, gave Sweetwater until Feb. 1 to decide whether it will continue in the circuit.

Other eagues represented at the promotion clinic are the big State League, Gulf Coast League, West Texas-New Mexico League, and the Sooner State League.

State High School Rodeo Entry Date Set

HALLETTSVILLE (AP) — Entry deadline for the sixth annual State high school rodeo has been set for May 1. The event is scheduled here June 19-21, inclusive.

Boys will compete in breakaway and tie-down calf roping, bareback bronc riding and steer wrestling. Girls will take part in clover-leaf barrel races, a queen's race and a cutting horse contest. Boys will also have a cutting horse event.

Entry blanks, it was announced yesterday, may be obtained from Claude Mullins of Hallettsville.

Mullins said the national championship high school rodeo will be held in late summer in Augusta, Montana. All state champions here will be eligible for the national event.

Kroll Picks Up Lead In Meet At San Diego

SAN DIEGO (AP)—The racial issue took a back seat, at least temporarily, today as most of the nation's leading golfers took a crack at the money in the $10,000 San Diego Open.

The field of 130 or more contestants was ready to swing into the second round of the 72-hole event, first major tournament in San Diego's history.

Leading, with a 7-under-par, was 32-year-old Ted Kroll of New Hartford, N. Y.

Kroll's score, achieved in the last few holes in a driving rain, broke a 25-year-old mark for the par 72 San Diego Country Club set by the present PGA president and storm center of the racial question, Horton Smith.

Smith himself shot a 73 yesterday.

His partners were Joe Louis, who had essayed the role of spearhead in the racial controversy, and Leland Gibson, a member of the PGA Tournament Committee.

Louis, a two-handicap amateur, turned in a 38-38-76 and Gibson 37-36-73.

Their scores were good, considering, but they hardly compared to the 23 others which were under par.

Three strokes back of Kroll were Tommy Bolt, Dr. Cary Middlecoff and Felice Torza.

Four strokes back, at 69, were six men, including the dangerous Lloyd Mangrum.

Louis, as the first Negro to compete in an event co-sponsored by the PGA, took the distinction lightly but personally pressed for an enlargement of scope in the PGA rule against non-Caucasians.

Smith, with the approval of such fellow pros as Gibson, Jimmy Demaret, Paul Runyan and others, told Louis and his secretary, Leonard Reed, that he would attempt a plan that would short cut the PGA's rigid constitution and permit players now ineligible to compete in PGA-sanctioned events.

Briefly, it would supplement the "approved entry clause" which gives local sponsors and clubs permission to enter contestants who are not (1) members of the PGA, or (2) the PGA tournament players.

Louis approved Smith's proposal. Not so sure, and even still threatening Legal action against the PGA, was Bill Spiller, Los Angeles Negro pro, who was refused entry here and who said he has been fighting since 1948 to gain proper PGA credentials to compete.

SPORTS MIRROR

By The Associated Press

TODAY A YEAR AGO — The Baltimore Colts withdrew from the National Football League.

FIVE YEARS AGO—The Detroit Tigers sold veteran Hank Greenberg to the Pittsburgh Pirates for an unannounced price.

TEN YEARS AGO—Joe Dimaggio of the New York Yankees was voted "Player of the Year" by the New York Baseball Writers' Association.

TWENTY YEARS AGO — Bill Dickey and Ben Chapman were numbered among the early holdouts of the New York Yankees.

Aggies Out To Get 2nd Place Tie In Loop

By The Associated Press

Texas A&M fights for a second place tie in the Southwest Conference basketball race tonight as the Aggies meet Baylor's Bears at College Station.

The Aggies have a 2-1 record while Texas — in second place — has 3-1.

Texas Christian tops the race with 4-0 and doesn't play this week.

Tonight marks the last game for Jewell McDowell, the great little Aggie guard and play-maker. The All-Conference star winds up his career, leaving quite a gap in the Aggie offense and defense.

Lamar Tech Cager Is Leaving School To Work

BEAUMONT (AP) — Harold Berry, a member of the Lamar Tech basketball squad, has withdrawn from school.

Berry, who helped his father build the telephone exchange at Coahoma, Tex., and is a vice-president of the exchange, said his father needed his help in operating it.

RESTRAINED BY POLICE

Patricia Pelham, 38, is held by a police officer and a police inspector in Oakland, Cal., as she screams, "You shot my husband," at Patrolman Lawrence Christianson, 42 (right). Patrolman Christianson said he found the door to Pelham's bar jimmied open and was investigating when he heard footsteps. He said that when his command to halt was ignored, he fired. The shot killed Harold S. Pelham, 41, who was partially deaf, and who lived in the apartment above the bar which he owned.

OPEN SEASON

By DALE WALTON

Now that all the gate receipts are in and tallied for the past high school football season, Art Nicholas, director of school business services, has found that football came out $1,977.46 in the hole.

Nicholas said that out of the ten games played during the season Snyder's half of the gate, after taxes, was $5,298.99, compared to the $7,276.45 provided in the football budget for the season.

Home games had the largest attendance of all the games, as evidenced by the larger dividend Snyder received — $3,096.85 for the five games and $2,202.14 for the five away. That figures an average of $619.37 for each game here and $440.43 for each out of town.

Season games before district play began attracted the largest crowds, averaging $671.06, compared to the average of $388.74 for district games. The average per game for the entire season was $529.90.

Here are a few figures to show how much Snyder made on each game during the season. The figures are one-half the gate receipts after taxes, except in the Stamford game, which gave Snyder $250 by contract.

HOME GAMES

Brownfield	$1076.15
Andrews	700.92
Levelland	673.83
Rotan	300.85
Colorado City	345.10

OUT OF TOWN GAMES

Monahans	609.70
Lakeview	294.69
Hamlin	510.26
Stamford	250.00
Anson	537.49
TOTAL	$5298.99

• • •

Attendance records show very good turnouts for the first two home games with Brownfield and Andrews, but they fell very low before the season ended.

The game with Brownfield had the largest attendance, 2,624, and the Rotan game had the smallest, 814.

Average attendance at home games was 1,549 — 1,085 adults and 464 students.

If the attendance had averaged 400 additional adults at each game, football profit would have equalled the expense.

HOME GAME ATTENDANCE FIGURES

Game	Students	Adults	Total
Brownfield	730	1,894	2,624
Andrews	583	1,252	1,835
Levelland	551	1,029	1,580
Rotan	239	575	814
Colorado City	215	675	890

Collins Still Complains, But Participates In Grid Draft

NEW YORK (AP) — Impressario Ted Collins, temperamental owner of the New York Yanks, hinted broadly today he may finally make good his oft-repeated threat to walk out of the National Football League unless he gets better home playing dates.

With the drafting of 360 college players out of the way, the first order of business was the airing of the grievances of the dapper television producer. They give promise of producing a bigger show than any of his TV programs.

Now what are Collins' grievances?

"I simply want what any club owner in the league is entitled to," Collins declared. "I want my share of playable home dates, the same as any other team. I've never had them.

"You can say this," he continued. "I am going to get six home dates—or else. There are a lot of other people in this league who are behind me because they believe in fair play."

Asked whether his "or else" ultimatum meant he was prepared to sell the Yanks' franchise if his demands were not met, Collins merely shrugged his shoulders and replied:

"I'm doing pretty well in television."

Despite their uncertain status, the Yanks participated in the draft yesterday, selecting Les Richter, all - America linebacker from California as their first pick.

Practically all of the top college senior stars were selected in the draft with the champion Los Angeles Rams doing right well. Not only did they capture Billy Wade, Vanderbilt's great quarterback, as their "bonus" choice, but they grabbed two all-America ends to do the pass-catching — Michigan State's Bob Carey and Wyoming's Dewey McDonnell.

Those selected in the first round, in addition to Richter and Carey, were Vito Parilli, Kentucky back, by Green Bay; Ollis Matson, San Francisco back, by the Chicago Cardinals; Johnny Bright, Drake back by Philadelphia; Larry Isbell, T-Quarterback from Baylor, by Washington; Ed (Mighty Mo) Modzelewski, Maryland back by Pittsburgh; Frank Gifford, USC back by the New York Giants; Jim Dooley, Miami (Fla) back, by the Chicago Bears; Hugh McElhenny, Washington back, by San Francisco; Harry Agganis, Boston U. back, by Cleveland, and Bert Rechichar, Tennessee back, by Detroit Lions, who traded him to the Browns.

Dick Kazmaier, Princeton's great halfback, was not picked until the 15th round. The Bears gambled that he might change his mind and take a fling at pro football.

Hank Lauricella, all - America halfback from Tennessee, was not picked until the 17th round.

Track Meet To Be Held Here

Snyder was selected as the site for the District 7-A track meet to be held on April 5, Head Coach Speedy Moffett announced this week.

Moffett, M. E. Stanfield, superintendent of schools, and Mule Kayser, track coach, attended a meeting of district representatives in Sweetwater this week. Moffett was chosen as director of the meet and secretary of the district.

Other schools which will compete in tract events are from Hamlin, Merkel, Colorado City, Roscoe, Rotan, and Roby. The track district does not include all the same schools which compete with Snyder in other interscholastic sports events.

Kayser held a meeting yesterday morning of boys interested in working out for track, and about 20 attended. The group did not include those who are now playing with the basketball teams.

The track coach will officially begin practice Monday, using the football practice field. He has been working with several boys in conjunction with the school boxing program since before the school's Christmas holidays.

This is the second year Snyder has been selected as place for the district meet. Last year's meet was won by Hamlin, and Snyder took fourth place. In individual competition, N. J. Harrison won the 100 yard dash and John Gary won the 880.

Moffett said Snyder may also sponsor an invitational track meet on March 12 if Haskell, which usually has a meet, does not plan one this year.

Boxing Leader Pledges Self To Clean Sport

NEW YORK (AP)—Robert Christenberry intends to drive the "criminal scum" out of boxing or he will resign as chairman of the New York State Athletic Commission.

"I promise you," he told boxing writers at their annual banquet last night, "if I can't drive the criminal scum out of boxing I will not only resign, but I will do my utmost to tear away the protection of legality from boxing in this state."

"I had a nice speech prepared," he said, "but I'm not going to give it because, as you all know, something happened last Friday night."

He referred to the assault by Tommy Ryan on Referee Ray Miller and IBC matchmaker Al Weill after last Friday's Ernie Durando-Rocky Castellani middleweight bout in Madison Square Garden. Ryan is manager of Castellani, who was stopped by Durando in the seventh round.

Christenberry will preside at a commission hearing today into the assault. Ryan was suspended on the spot Friday by Christenberry who indicated at a preliminary hearing Saturday that Ryan's license would be revoked.

"There's nothing wrong with boxing that can't be cured if the rules of the commission are followed," Christenberry said.

"I have not felt at anytime, and I do not feel now, that the only people identified with the sport is the criminal scum. It is my opinion at the present time that the desirable people are in the vast majority."

At the dinner, Jersey Joe Walcott received the Edward J. Neil Memorial plaque for having done the most for boxing during 1951.

Properly designed glued wood products are lighter and stronger than their solid wood counterparts.

Freshmen In Cage Tourney

Freshman of Snyder High School became last minute entrants this week in the San Angelo Junior High School basketball tourney.

The frosh, coached by Blue Lowry, were scheduled to meet Bowie Junior High of Odessa early this afternoon.

Among the schools entered are Midland, Plainview, Coleman, Big Spring, Ballinger, and two schools of Odessa.

Members of Lowry's tourney squad are Kenneth Lynch, Jimmie Bennett, Stephen Blair, Jackie Alford, Burney Hagins, Don Stewart, Hubert O'Neal, Randall DeShan, Joel Tankersley, and Frankie Minton.

Golden Gloves Will Go On Through Monday

FORT WORTH (AP) — The 16th annual regional golden gloves tournament continues tonight, Saturday and Monday here with a bulging field of leather slingers.

A crowd of 7,436 fans watched Middleweight Ward Tryon outpoint Pat Whelan last night. Middleweight Joe Marlow whipped Steve Coronado, and Heavyweight Jack Barron scored a first round TKO over Stanton Swift.

Juvenile Problem Described As Serious by Police Chief

A mounting problem of juvenile delinquency, of which the general public is ignorant, was described by Ray Keenan, chief of police, in a talk yesterday before the Rotary Club.

"Snyder needs a juvenile officer, a man trained in his work, who possesses the tact and diplomacy to influence young people, and who will do something about these 12 and 13-year-old kids who make no pretense of going to school," Keenan said.

NOT TRUANT OFFICER

The police chief stated that the old-fashioned truant officer would not fill the bill, but that what was needed was a specialist in dealing with juvenile delinquents, uch a man, he said, would investigate cases of delinquency, check the environment and home life of the youths, and in cases of extremely bad surroundings, recommend that the child be sent to some place of rehabilitation, such as a Boy's Ranch.

"This type man could command a salary of about $6,000, but he would be worth it," Keenan stated. He suggested that the county and school district would have to participate in the payment of such a specialist, as the city would probably be unable to do so.

In response to a question from a club member, Keenan said a careful investigation here had turned up no evidence of the sale of marihuana to school children. The sale of dope to teen-agers has, in recent months, befocome a national scandal.

LEADERS TO BLAME

"I blame you men," Keenan told the Rotarians, "for the conditions here. The leading citizens of this town, the service club members, don't realize what a serious problem of juvenile delinquency we have.

"And as a result, you haven't done anything about providing recreational facilities. You ought to have a pool and a softball park, lighted for night games. The whole recreation area should be under adult supervision. A program like that would save you money in the long run."

Keenan said that of all the juvenile delinquents the police department had picked up only about 12 are habitual offenders, "indicating, that the big majority of the children can be made into law abiding citizens."

Flu Increases In County

Snyder's cases of flu have increased greatly in the past few days, with 17 reported to the city-county health unit recently, Dr. H. C. Powell, Jr., health unit administrator, announced.

Powell said the cases reported are those for the week of Jan. 5-12, adding that not all the reports have been received yet.

The administrator said these 17 cases are the first reported since the week of Dec. 1-8, when nine were reported.

M. E. Stanfield, superintendent of schools, said that attendance records show that an average of 11 per cent of the students have been absent from school this week, compared to four to five per cent absent throughout the year. Four teachers are now out of school because of illness.

Stanfield said he believes most of the absence is a result of flu.

Two From Snyder Are Installed As Officers Of Boy Scout Council

Snyder has the distinction of sending both the council president and a member of the council to the Buffalo Trail unit of the Boy Scouts this year.

Installed last night were Lyle Deffebach, president of the council, and Lyman Wren, a council commissioners, both of Snyder. Dr. W. B. Hardy of Big Spring, past council president, presided at the installation service last night at the annual banquet at Odessa.

Silver Beaver awards were presented to J. L. Rhoades, Odessa banker, Harold Scott, Pecos, and Joe Pickle, editor of the Big Spring Herald.

H. Roe Bartle, Kansas City Scout Chief and president of Missouri Valley College, Marshall, Mo., made the principal address.

Concert At High School Auditorium Tonight

The Snyder Concert Association will present the third program of its scheduled series tonight at 8 o'clock in the high school auditorium. Guests artists will be a group of five advanced music students from North Texas State College in Denton, accompanied by Dr. Walter Hodgson, head of the college music department.

As for all other programs of the concert series, no single admission tickets will be available. However, members of the association may transfer their tickets to non-members who wish to attend.

Speeding Car Evades Law Despite Shots

Ten pistol shots fired from a police patrol car failed to stop three men in another automobile during a five-mile chase near Hermleigh Wednesday night.

J. T. Murphy, Hermleigh patrolman, said he pursued the car on a caliche road at speeds of 85 and 90 miles an hour, using red lights and siren, then emptied one revolver at the car and fired four shots from another pistol.

The chase ended when the patrol car failed to make a turn where the road connects with the Roby highway, U. S. 180, about 10 miles east of Snyder. "I was not familiar with the road at this point," the officer said, "and the driver of the other car apparently was. He made the turn and headed toward Roby, but I skidded across the highway and hit a fence."

He said he began the chase in Hermleigh when he attempted to stop the automobile for inspection. "It was loaded very heavily, and I wanted to see whether it might be hauling whisky," he said. "When they fled at the sound of a siren, I felt certain something was wrong."

He said he believed two shots struck the car, a 1949 or 1950 maroon Ford. He said he also thought he knew who the men were.

The incident occurred about 8:30 o'clock, Murphy estimated damage to the patrol car at $50.

Milk Regulation In West Texas Considered

DALLAS (AP) — A meeting in Abilene Feb. 11 will consider a federal order to regulate milk marketing in the Central West Texas area.

The Department of Agriculture yesterday announced the Wooten Hotel as the Abilene meeting site.

In 1950 the railway passenger industry did $814 million worth of passenger business.

Leon Huff, of Abilene, above, recently hired as manager of the Chamber of Commerce, will report to work here Feb. 1. He has been assistant manager of the Abilene chamber.

HOSPITAL NOTES

Mr. and Mrs. William Black of Allentown, N.J., both accident patients in the Snyder Hospital since Dec. 15, were dismissed this morning. Black had recovered from a fractured leg.

Also dismissed this morning was Lloyd Barbee of 2400 Avenue Q, who had been in the hospital several weeks with a broken leg.

F. G. Wood of Route 2 was admitted to the hospital this morning for a tonsillectomy.

Man Injured In Fall From Oil Well Derrick

A. C. Brannon, 44, of the Hicks Trailer Courts, suffered bruises and lacerations when he fell about 15 feet from an oil derrick near Vincent yesterday afternoon. His condition was not serious.

Brannon, an employe of E. J. Curtis Construction Co., said the accident occurred about 1:30 o'clock. He was taken to the Snyder Hospital in a passenger car escorted from Ira to the hospital by E. W. Green and Bill Zimmerman, highway patrolmen.

Between 1940 and 1950 the domestic trunk airlines increased their business about 640 per cent.

Big Contribution Starts Dimes Drive

Scurry County's March of Dimes campaign, officially opened today, got off to a good start.

The first contribution to be received for the fund was for $2,000. It came from Leonard Spence, former Snyder resident whose three-year-old son was stricken with polio last fall.

This child, Marshall Lynn Spence, is one of four children from Scurry County who are now receiving specialized treatment at the Warm Springs foundation in Gonzales, Tex.

Nolan Watson, chairman of the local chapter of the National Foundation for Infantile Paralysis, reminded workers in the drive that the county is under a handicap in this year's drive. The county has fallen behind in its debt to the national foundation, and will need $15,000 this year to meet this debt and help pay for aid to patients who may be stricken this year.

Members of the Shrine Club, who are putting out placards to remind Snyder residents of the drive, were the first to contribute to the fund as a club. They voted $100 for the fund at their meeting last night.

The National Guard has been assigned to distribute collection cups to waitresses in cafes here. These small containers will be pinned on the waitresses uniform and will hold small coins to be contributed to the fund. The Junior Chamber of Commerce has been asked to arrange for the distribution of other coin collectors.

Contributions are to be solicited from rural residents by mail. C. S. Harris, county judge, will direct the campaign in Borden County.

Plans have not yet been completed for a Mothers' March for Polio, Watson said. The planning committee is also eager to arrange for representatives to contact families living in oil camps throughout the county.

Week end guests of Mr. and Mrs. John Farmer, Kewanee Oil Lease, were Mr. and Mrs. John Leo and son, Charles Wayne, of Maljamar, N.M.

Masons to Confer M.M. Degree Tonight At 6:30

YOUNG PHILOSOPHER

You can have your Plato and your Socrates. I have my own philosophy, and I think it's pretty good.

The way I see life . . . you have to grow. You have to be a little bit bigger tomorrow than you are today. Otherwise, you'll never become the man your father wants you to be.

The trouble with a lot of people is that they stopped growing a long time ago. They figured when their bodies stopped growing, their souls might as well stop too.

Now that's a shame. 'Cause when the body is full grown, the soul is only partly grown. In fact it's still so undeveloped that if a man doesn't let his soul keep on growing, he'll soon begin to wonder whether he has a soul at all.

There's a Church down the street where I go to keep my soul growing. Why don't you come with me . . . every Sunday. Remember what I said — you have to grow or you'll never become the man your FATHER wants you to be.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GALLUP POLL

Democrats Are 2-1 Favorite Among Those Who Don't Vote

By GEORGE GALLUP
Director, American Institute of Public Opinion

(This is the second of two articles dealing with the problem of non-voting in American elections.)

PRINCETON, N.J., Jan. 18—If a law were passed compelling every adult in the United States to vote next November, the Democratic party would have an enormous advantage.

It would gain two additional votes for every one gained by the G.O.P. if the turnout were to be 90 million this November instead of an intiepated 55 to 60 million.

Evidence of this is found in surveys conducted by the Institute among a cross - section of adults—voters and non - voters alike—who are asked to classify themselves as Republicans, Democrat or Independents.

Assuming a voting turnout of 55 million in 1952, the party alignment reported in November on the basis of Institute surveys was as follows:

Democrats	22 million
Republican	17½ million
Independents	15½ million
	55 million

But it is estimated that, in November, the total popularlion over 21 years of age will be approximately 98 million. If 90 million of these were to vote, the party alignment on the basis of Institute surveys would be:

Democrats	40 million
Republicans	26 million
Independents	20 million
Others and Undecided	4 million
	90 million

The Democratic advantage obviously would be overwhelming. The Democratic party would gain 18 million adherents, while the G.O.P. would gain only 8½ million—a 2-to-1 ratio in favor of the Democrats.

It is because the non-voting population constututes such a giant reservoir of Democratic strength that Democratic leaders are so concerned about getting out a big vote in national elections.

The party has already begun its drive to impress not only party workers but voters on the importance of a full turnout this November.

The 1948 Story

Today's figures help to answer a question often raised about the 1948 presidential elections. Did the Republican party lose because Republicans stayed away from the polls?

The answer is that far more Democrats than Republicans stayed away.

A total of 49 million votes were cast in the election, leaving approximately 45 million persons of voting age who refrained from voting. Had these 45 million voted the Democrats would have won the election by an even greater margin than they did.

The Turnout Factor

The turnout factor is one of the reasons why the Democratic party does not show as great strength in mid - term elections as in presidential elections.

In every election since 1936 the Democratic party has received a small proportion of the vote in mid - term years than in presidential years.

When fewer person take the trouble to vote, Republicans normally benefit and Democrats suffer.

In 1950, for example, when the turnout was 40,300,000 the Republican percentage of the vote was 49.7 per cent, whereas in 1946 the Republicans polled 54.3 per cent when the turnout was 34,400,000.

Who Are the Non-Voters?

The non - voting element in the population is composed mainly of persons whose formal education did not go beyond eighth grade. The majority of non-voters are women.

A substantial number are the younger age groups. The voting "habit" does not seem to develop until later in life. Although about 2½ million young men and women come of voting age each year, or about 10 million during the four-year period between presidential elections, only about half of this number take the trouble to vote.

REAL ESTATE M

HOUSES FOR SALE M2

New 2 & 3 Bedroom Homes From $7,675.00

If it is a home you need with low down payment: FHA 15 per cent down. GI 0 per cent down. Jack and Jack Realty, 506 East Highway, Snyder, Texas.

Anti-Longs Get Together For 2nd Primary

NEW ORLEANS (AP)—Six of the eight candidates who opposed Carlos Spaht, Gov. Earl K. Long's choice for governor in Tuesday's Democratic Primary, combined today in an anti-Long coalition backing Judge Robert F. Kennon for the Feb. 19 run-off.

The combined total of the six anti-Longites in Tuesday's voting, including Kennon's 154,812 votes, was 547,546 of the record 706,385 votes cast in 1972 of the state's 2112 precincts.

Arrayed against Spaht, who received 158,839 votes, were Kennon; Rep, Hale Boggs of New Orleans, who polled 136,666 votes; James McLemore, Alexandria cattleman with 109,942; Lt. Gov. William Dodd with 84,527; Dudley LeBlanc, former patent medicine (Hadacol) manufacturer, with 56,922; and Lucille May Grace, first woman to run for governor of the state, with 5,677 votes.

Unheard from yet were **Kermit Parker**, New Orleans pharmacist and the first Negro since Reconstruction days to seek the governorship, who polled 5,158 votes; and Cliff Liles of Lake Charles, only candidate advocating legalized gambling, who received 1,422. Liles said he would announce late today whom he will back.

Also backing Kennon in the run-off was Mayor De lesseps Morrison of New Orleans, who, with Sen. Russell Long, son of the late Huey P. Long, backed Boggs in the first primary.

Sen. Long was silent on whether he would take sides in the second race, Sen. Long split with his uncle, Gov. Long, in the race.

Nomination in a Democratic primary virtually means election in this state.

Mountain Is Scaled

SANTIAGO, Chile (AP)—A Mexican-Chilean party of mountain-climbers has scaled 23,080-foot Aconcagua, highest peak in South America, according to news reaching here today.

The party was headed by Chilean Army Capt. Rene Gajardo, instructor of mountain climbing troops.

The railway passenger industry in 1950 received $267 million from the government for carrying the U. S. mails.

William J. Caley, shop foreman at the Times Printing Co., and veterao of 40 years' printing adjusts the vacuum-operated feeder arm on an automatic job press, which Caley calls the most modern of the firm's equipment. The press is self-operated, and it is used to print handbills, tickets, and all small sheets.

Printery Foreman Remembers $1-a-Week Apprentice Days

As printers all over the country observe this week as National Printing Week, William J. Caley, shop foreman at the Times Printing Co., celebrates the beginning of his third year with the firm.

The 53-year-old Caley, who has totaled up about 40 years in the printing business, remembers the years when printers were far underpaid in comparison with other skilled trades. He began the work when he was a high school freshman in Mackinaw, Ill., when he was small enough to have to stand on a box to reach a hand-fed press.

COLLEGE PRINTER

Later, Caley attended Eureka College, Ill., for two years, working in the college printing shop, then to Peoria for eight years, where he worked in job printing and for the Peoria Daily News. During his last 11 years in Illinois, he worked for a printing shop in Pekin. At the same time, he was president of the local typographical union there for three years.

Moving to Texas in 1945, Caley was employed with the San Marcos Record until he came to Snyder two years ago.

The printing trade seems to run in the Caley family. Caley has three brothers who, like him, started out in that work because "it was a good way to make money and learn a trade." Even now, Caley's son, 19-year-old James, is employed with a printing firm in Lubbock while he attends Texas Tech. Mrs. Caley is also an employe of Times Printing Co. as an office supply clerk.

STARTED FOR $1

Pay, when Caley first began his printing work, was $1 a week for an apprentice, which was a good salary for a high school boy. It took several years for any young printer to learn enough to be considered skilled labor, because practically every small city shop required him to perform practically every job that goes into publishing a newspaper. Many printers had to be news writers, job printers, pressman, page make - up men, and do various other jobs.

Much of the printing equipment used at the time Caley began in the trade would now be considered antique. He remembers having to light a kerosene lamp on cold mornings to warm the press enough to get it rolling when he was a young apprentice.

Mr. and Mrs. Caley live at 3709 Highland Drive.

Air Force Helping To Move Woman Out Of Remote Mining Camp

BOISE, Idaho (AP)—The Air Force early today planned to parachute a toboggan into a snowbound gold mining camp 50 miles northwest of Boise to evacuate a sick woman and her young son.

Reports late last night from the isolated mine reported Mrs. Gene Jack's condition had improved. She will have to be hauled on the toboggan 11 miles through rugged, snow-clogged territory to Featherville, and then transferred to an ambulance plane.

Mrs. Jack, whose plight became known more than a week ago when her husband slogged through the snow to Featherville and returned to the mine without resting, reportedly had a bad case of influenza. She was treated with penicillin by two Air Force men who parachuted to the mine Wednesday.

Employers Of Small Number To Be Exempt

WASHINGTON (AP) — Employers with only three or four workers may soon be freed from wage controls.

Chairman Nathan Feinsinger said yesterday the Wage Stabilization Board will soon grant the exemption but has not set the number of employes an employer may have to be included.

This rule probably will touch those employers with four or less workers, Feinsinger told a round-table discussion of controls sponsored by the U. S. Chamber of Commerce.

Exempting small employers would cause little additional inflation, he said, but would free many businessmen from the controls.

Dominicans Beat Polo Team From Houston

CIUDAD TRUJILLO, Dominican Republic (AP) — The Ciudad Trujillo Polo Club defeated the Pin Oak Club, Houston, Tex. 6 to 3, yesterday to annex the three-game series.

The Dominicans won the opener, 14 to 2.

Col. Rafael L. Trujillo Martinez, captain of the Dominican team, led the scoring with three goals.

President Gen. Rafael Leonidas Trujillo and his wife were among the spectators.

Seagulls In Collision Wiith B-36 Bomber

SAN DIEGO, Calif. (AP)—One of the Air Force's mighty B-36 bombers and a squadron of seagulls collided here Saturday; it was disclosed today. Both sides suffered.

Consolidated Vultee Aircraft Corp. estimate damage to the leading edge of the bomber's wing at $500.

An estimated 100 dead seagulls were found on Lindberg Field where the collision occurred as the plane came in for a landing.

Release Mayor From Jail Cell

GALVESTON (AP) — Mayor Herbie Cartwright put a damper on his own "coming out" party yesterday.

His honor was released from jail, 72 hours after a three-day sentence for contempt of court was begun.

About four hundred wellwishers were on hand when Sheriff Frank L. Baigne led the chubby mayor from the jail and an eight-piece band played appropriate music.

But the mayor just said "thanks a million" to the crowd, got in a car and went home.

Cartwright was sentenced Monday by Dist. Judge Donald M. Markle after pleading guilty to violation of a temporary restraining order. Herbie tried to break up a jewelry store auction despite court order against such action.

The mayor, who refused to allow newsmen or photographers to visit him in his jail quarters, was reported to have had it pretty comfortable.

He was jailed in the juvenile section of the Galveston county jail annex. Besides juveniles, the jail holds women prisoners. Other male prisoners are held in the regular jail building.

Millionth Displaced Person And Family Happy In California

LOS ANGELES (AP) — The one-millionth displaced person and his family are happy in California after an unhappy attempt in Midland, Tex., to start life anew.

Alexander Ranezay, 47, Hungarian-born Czech, his wife and two daughters have been in Los Angeles since Dec. 2. They said yesterday they wanted to remain in southern California.

The Ranezay's, after getting wide publicity first went to Midland, where they were to be employed by the family of an oilman. Ranezay, a graduate of the Leipzig University school of agriculture, was to work as a gardener, his wife and daughters about the home.

Now, after a brief try as a butler, Ranezay has a job in a furniture factory that he likes. The elder daughter, 21-year-old Lydia, is looking forward to a job as a telephone switchboard operator. And Erika, 10, is happy at a Catholic school.

Mrs. Ranezay, 48, says the mild climate is helping her rheumatism.

Double Funeral Rites For Father and Daughter

WILLS POINT (AP) — Double funeral services are set here tomorrow for Sidney Warrington, 36, and his young daughter, both of whom died after an auto accident.

Warrington died yesterday of injuries suffered in the accident. The daughter, Liquita Faye, 5½, was killed outright. The accident occurred when Warrington's automobile failed to negotiate a curve south of here.

Sen. Lehman For Clean-up In Government

WASHINGTON (AP)—Sen. Lehman (D-Lib, NY), an administration supporter, said today the Democratic party "will not hold or deserve the confidence of the people" unless wrongdoers are routed out of federal jobs and punished.

The New Yorker said (1) "corruption in government is bad on its own account" and, (2) it also provides America's enemies abroad "with deadly ammunition for propaganda against us."

Lehman's blunt election year remarks were in a speech prepared for delivery at a meeting here of the Women's National Democratic Club.

Although he called for a prompt and vigorous housecleaning by the Truman administration, Lehman said he would "give no comfort to politically inspired and politically-biased attacks upon the government service as such—attacks which seek political revenge rather than constructive reform."

He told a reporter before making the address he hopes Mr. Truman runs for another term.

"I think he is by far the strongest candidate the Democrats could put up," he said.

As for foreign propaganda on the corruption issue, Lehman termed it serious but actually "only a minor note in the symphony of hate being played from Moscow." He added:

"While we refer to the denial of personal liberty behind the Iron Curtain, Radio Moscow points to McCarthyism in this country."

That was a reference to the Communists in government charges made by Sen. McCarthy (R-Wis), whose methods Lehman has criticized in the past.

In another part of his speech, Lehman said without naming McCarthy:

"We should be shocked at the pillaging of people's reputations, at the stripping from them of their good names and characters, by political hucksters who, under the protection of legislative immunity, pillory people as Communists and subversives. This . . . is indecent and immoral."

Told of Lehman's remarks, McCarthy said he had no comment.

Defense Given In Murder Case

PALESTINE (AP) — The trial of Alton Paris, 59-year-old Negro father of 13 children, continued here today after Paris claimed the shooting of Gus Engeling was accidental.

Engeling, state game biologist, was shot to death Dec. 13 after he entered a swamp thicket to investigate shots heard in a game refuge.

Paris testified yesterday he was running through the underbrush with a shotgun in his right hand when it accidentally was discharged.

"I wouldn't have killed him for nothing in the world," the Negro said.

Paris was put on the witness stand after the jury had been dismissed so Judge R. W. Williford could hear evidence supporting an objection to the state's entering a statement which Sheriff Roy Herrington said Paris signed.

Paris said Herrington threatened to turn him over to a mob outside the jail. "I was nearly about crazy," Paris said. "I didn't know what to say."

County Attorney John McDonald said Paris confessed killing Engeling without coercion.

A state firearms expert, Fred Rymer, testified the pellets which struck Engeling were fired from 35 or 40 feet away.

Don't Want Elizabeth To Honor Buddha

LONDON (AP)—If Princess Elizabeth leaves a golden gift in the Buddhist Temple of the Tooth, as she plans, she will be doing a great wrong to Christianity, the National Union of Protestants protested last night.

Elizabeth and the Duke of Edinburgh intend to break their travel to Australia and New Zealand next spring to visit the temple in Kandy, capital of Ceylon.

BUICK'S RIVIERA COUPE

New sweepspear moldings, new rear fender ornaments, and a redesigned bumper-grille combination distinguish this two-door Buick Roadmaster Riviera for 1952. It features a new Airpower carburetor, higher compression, and new manifolding that boosts the horsepower output of its Fireball-eight engine to 170 with improved economy and performance. A higher are rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment.

Tone Into Court Once More With Columnist

LOS ANGELES (AP) — Franchot Tone's lawyers have obtained a court order for a deposition from columnist Florabel Muir concerning statements she is alleged to have made about the actor.

Tone was fined $400 last Dec. 11 for spitting in Miss Muir's face. Tone accused her in court of listening in on the telephone of Barbara Payton, now Tone's wife, but was admonished by the court to withdraw the statement.

The actor's counsel, Grant Cooper, said Tone's libel action will be based on remarks made by Miss Muir in her column.

A giant African land snail can eat a whole head of lettuce in a night.

The railway passenger industry carries 90 per cent of the mail for the Post Office.
