Ranger 6 Moon-Bound To Snap Its Surface

WEAPONS TURNOVER — A shorts-clad member of the Tanganyika Rifles battalion turns over a weapon to armed British soldiers at Colito barracks, about 12 miles from Dar Es Salaam, capital city of the East African Commonwealth nation following his capture with other mutinous troops. British soldiers restored order after being flown in from Kenya at the request of Tanganyika President Julius Nyerere. (AP Wirephoto)

Coup Seats New Dictator In Viet Nam

By MALCOLM W. BROWNE

SAIGON, Viet Nam (AP) — Maj. Gen. Nguyen Khanh, a 37-year-old army corps commander, became a virtual dictator of South Viet Nam today in a swift, bloodless coup. He pledged to "smash the Communists and the traitors who advocate neutralism."

A new council of generals took shape to help him run the country and the U.S.-backed war against Red guerrillas.

Khanh dissolved the old government and clapped four key generals of that regime in jail. Three of them were charged with plotting with France to neutralize South Viet Nam. French President Charles de Gaulle has advocated neutralization of both North and South Viet Nam.

The fate of Maj. Gen. Duong Van Minh, chairman of the junta that had ruled Viet Nam since the destruction of President Ngo Dinh Diem's regime last Nov. 1, was uncertain. Minh was not arrested with the other generals and there was a possibility he would be kept on as technical chief of state.

Saigon's civilian population took the upheaval in stride. People went about their business as usual.

Saigon radio announced: "The standing committee of the revolutionary military committee formed on Nov. 1 last year lacked the ability to deal with the nation's internal and external problems and therefore has been dissolved. The new chairman of the standing committee is Lt. Gen. Nguyen Khanh, commander of the 1st Corps. This decision is effective today, Jan. 30."

Khanh also apparently promoted himself so he would outrank the other generals in the army. He and the rest had been major generals.

Among those reported driven from power with Minh were the junta's No. 2 man and defense minister, Maj. Gen. Tran Van Don, and the No. 3 man and armed forces chief of staff, Maj. Gen. Le Van Kim.

Although rumors and conflicting reports kept the situation in confusion, they apparently were shunted aside because they were considered proponents of De Gaulle's proposal for a unified, neutralized Viet Nam.

Khanh in his seizure of power reportedly had the support of the interior minister, Maj. Gen. Ton That Dinh; the information minister, Maj. Gen. Do Mau; and the 3rd Corps commander, Maj. Gen. Le Van Khiem.

Eight battalions of marines and paratroopers occupied Saigon before dawn. The approximately 4,500 men were supported by tanks and other armor. But unlike the bloody uprising against Diem three months ago not a shot was fired.

TELLS OF OFFER FOR MOTEL — Robert F. Thompson, executive vice president of Tecon Corp., of Dallas, Tex., as he told the Senate Rules Committee in its investigation of the affairs of Robert G. Baker, that he made an offer of $1.5 million for the Carousel Motel in Ocean City, Md., one of Baker's ventures. Thompson said he never got an answer from Baker to his written offer though he tried several times. (AP Wirephoto)

To Crash On Sunday

CAPE KENNEDY, Fla. (AP) —The Ranger 6 rocketed toward the moon on a photographic mission today and successfully cleared early hurdles on the planned 66-hour flight.

Ranger 6's assignment is to streak 230,187 miles to the moon, take more than 3,000 pictures of the lunar surface and relay them to earth in a furious ten-minute burst of activity before it crash lands.

The planned impact time is about 4:30 a.m. EST Sunday.

Ranger 6 is the first of four similar payloads planned for launching this year to help locate possible moon landing areas for American astronauts scheduled to make lunar voyages late this decade.

A 10-story tall Atlas-Agena rocket thundered away from Cape Kennedy at 10:49 a.m. EST to start the gold-and-silver-plated spacecraft on its journey.

Nearly an hour later the National Aeronautics and Space Administration announced the mammoth rocket apparently had done its job and hurled Ranger 6 outward on its long voyage.

Here are the facts and figures about the Ranger 6 moon shot:

Time of launch: 10:49 a. m. EST, Thursday.

Expected moon impact: About 4:30 a.m. Sunday.

Purpose: Photograph moon's surface, relaying more than 3,000 pictures to earth.

Weight: 804 pounds.

Cameras: 6 television.

Booster: Atlas-Agena rocket.

Technique: Launch payload from satellite in earth orbit.

Officials said it may require several hours to determine whether the payload achieved the proper course and speed of about 24,500 m.p.h.

The announcement said tracking data received at stations in Johannesburg, South Africa and Woomera, Australia, indicated the spacecraft was headed in the proper direction toward the moon.

Radio communication difficulty delayed receipt of this information at Cape Kennedy for nearly 30 minutes and for a while observers at the cape felt that perhaps the Agena second stage had not fired properly.

Many possible pitfalls still lay ahead for the spidery spacecraft. Failure to complete any of the tricky tasks could wreck the experiment and the United States could end up with the 12th failure in as many launchings in its troubled moon exploration program.

Ranger 6 carried a small course adjustment motor which was scheduled to be fired about 2:50 a.m. EST Friday. Scientists must calculate from the spacecraft's position and progress just how much of a motor kick is required to adjust for any trajectory errors and put the voyager on a collision course with the moon. The motor will be ignited by radio command from a tracking station at Goldstone, Calif.

Panama Talks Fail; OAS Meet Sought

WASHINGTON (AP) — Negotiations aimed at a peaceful solution of the U.S.-Panama dispute have collapsed and—charging aggression — Panama has called for an emergency meeting of hemisphere foreign ministers.

Miguel Moreno, Panama's ambassador to the Organization of American States, delivered a note from his government which included the conference request and the renewed charge of aggression to OAS Secretary General Jose A. Mora Wednesday night.

Agreement by 14 of the 21 American nations would be required to call such a meeting as Panama requested. There have been broad indications that the United States would not oppose it in the present case.

If agreement by two-thirds of the member nations is achieved, normal procedures call for convening the OAS organ of consultation—actually the OAS Council — with power to act until the foreign ministers can get together.

The procedure is set up for dealing with a problem which a member nation contends is a threat to the peace of the hemisphere.

Said Moreno: "We have searched for a dignified solution to the controversy but unfortunately and in spite of the good offices of the Inter-American Peace Committee and our willingness we have achieved no success."

The note included one of Jan. 9 by Panama Foreign Minister Galileo Solis in which he said "the Republic of Panama has been the victim of an unprovoked armed attack against its territory and civil population made by the armed forces of the United States of America stationed in the Canal Zone."

President Johnson has met this accusation with a declaration that U.S. troops, faced by sniper fire and mob action, repelled aggression rather than committed it.

Riots in the Canal Zone led to a rupture in U.S.-Panama relations. The Inter - American Peace Committee, an arm of the OAS, has been trying to mediate the dispute. This effort ended in failure Wednesday.

Shortly before the breakdown, President Johnson conferred with Democratic and Republican congressional leaders. Moreno held up on delivering the note while this session was under way.

Panama has remained firm on its demand that the United States pledge it will sign a new treaty to replace the 1903 agreement which gave it rights to the canal in perpetuity.

At first, the United States refused to mention the canal in any agreement to talk. Later it agreed to seek with Panama "concrete solutions of all problems dividing both countries, including those deriving from the existence of the Panama Canal."

Polls Say Glenn Is Out Front

By ART PARKS

COLUMBUS, Ohio (AP) — Marine Lt. Col. John H. Glenn Jr. was running ahead today in a preference poll of Ohio county Democratic chairmen conducted by The Associated Press.

Glenn, the first American to orbit the earth, is a candidate for the Democratic nomination for U.S. senator in the May 5 primary against the incumbent senator, Stephen M. Young.

Those who replied to the poll showed a strong sentimental attachment to Young, but also indicated a preference for Glenn from the standpoint of practical politics.

The AP polled all 88 county chairmen and got 44 replies. Given their choice, many asked not to be identified.

Two principal questions were asked:

At this time, whom do you favor for the Democratic nomination for U.S. senator, Stephen Young or John Glenn?

The replies: Glenn 27; Young 16; undecided 1.

Assuming Robert Taft Jr. is the Republican nominee, which Democratic candidate would make the better race against him?

The replies: Glenn 31; Young 4; undecided 9.

"Whom do I favor? Young for devotion. Glenn for a winner."

That comment from one chairman seemed to sum up the privately expressed views of those chairmen who welcomed the entry into politics of Glenn.

Johnson Says US Will Aid In Cyprus

LONDON (AP) — President Johnson informed Britain today that U.S. troops will take part in an international peace-keeping force for Cyprus if satisfactory arrangements are made, informed sources reported.

The President's decision was conveyed by U.S. Ambassador David Bruce to Commonwealth Secretary Duncan Sandys, informants added.

The decision came as the Soviet Union stepped up its denunciation of plans to move soldiers from the United States and some other NATO countries to Cyprus to aid the British in preserving the truce between Greek and Turkish Cypriots.

Dallas Mayor Seeks Congressional Seat

DALLAS (AP) — Mayor Earle Cabell says he will resign as of Monday to run for the Democratic nomination for Congress. The incumbent is a Republican, Rep. Bruce Alger.

Area Refreshed By Soaking Rain

Gentle, soaking rains refreshed the Snyder area Wednesday and early today.

It was the first moisture measured here in 1964 and it was an unusually big rain for this stage of the season.

Snyder had an official 1.15 inches by 7 a.m. today. It came via a 24-hour drizzle and most of it soaked into the ground. The average rainfall here for the month of January is a mere .63 of an inch.

Temperatures remained on the mild side, with the thermometer here remaining in the forties throughout the day and night.

Broad areas of the state were in the rain belt, with falls ranging upward from three inches reported in Central Texas.

The Lake Haven Boat Docks at Lake Brownwood recorded 3.25 inches of rain. Water level in the reservoir rose two inches. Brookesmith, southwest of Brownwood, received 3 inches and Brownwood itself 2.40.

Occasionally heavy downpours punctuated the mostly gentle rainfall, which started the day before. A collision of a car and a pickup truck killed three persons in one such storm Wednesday. It happened 9 miles west of Albany on U.S. 180.

Up to 2½ inches of moisture accumulated in places and measurements generally exceeded an inch in a sector bounded by lines linking Abilene, Wichita Falls, Sherman, Waco and Brownwood.

Moist air pushing inland from the Gulf of Mexico kept rain, thundershowers or drizzle falling before daylight from an Amarillo-Wink line in West Texas eastward through Central Texas.

Lighter rainfall dampened much of South Texas.

Early morning temperatures dropped below freezing in the north part of the Panhandle. Readings elsewhere ranged from the middle 30s in West Texas up to the 60s in the Lower Rio Grande Valley.

Forecasts called for the rains to end in Central Texas by tonight or early Friday, but to continue in East Texas through Friday. Slightly cooler weather was predicted in West Texas tonight and in the Panhandle Friday.

Some rainfall totals: Lubbock .35 inch, Midland .40, Abilene .98, Dallas .70, Austin .23, Laredo .20, Victoria .12, Mineral Wells 1.97, Junction .98, Bowie 1.35, Gainesville .94, Springtown near Fort Worth 2.80, Ennis .63, Weatherford 2.00 and Decatur 2.02.

Red Move Due In Plane Dispute

WASHINGTON (AP) — State Department authorities said today it is up to Moscow to make the next move in the U.S.-Soviet dispute over an American training plane downed by the Soviets in East Germany.

Without some Soviet help the U.S. government may never know precise details about the incident Tuesday that cost the lives of three U.S. Air Force officers, they said.

Washington and Moscow traded protests Wednesday. The Kremlin sent a note saying a Soviet fighter downed the T39 jet trainer about 60 miles inside Communist East Germany after the plane failed to heed warning signals. The note accused the U.S. military of "gross provocation" by intruding into Communist air space.

The State Department charged the Soviets with "a callous and inexcusably brutal act of violence against an unarmed aircraft that accidentally strayed over the demarcation line between West and East Germany."

It demanded U.S. access to the plane wreckage and recovery of the fliers' bodies, and punishment of "those responsible for the shooting down of the aircraft and the killing of these men."

Asst. Secretary of State William Tyler called in the ranking Soviet diplomat available, Georgi M. Kornienko, and gave him the U.S. rejoinder orally.

Kornienko told newsmen afterward, "I did not accept the protest." He termed the U.S. flight deliberate, saying, "We have all grounds to believe that this was not an error or a mistake."

Mardi Gras Opens With Tonights Parade

MOBILE, Ala. (AP) — Masked paraders take to Mobile's streets tonight as the Mardi Gras season gets under way.

A 10-float parade, sponsored by the Order of the Polka Dots, gets the annual pre-Lenten celebration under way.

Jack Bonds Gives More Testimony

HOUSTON (AP)—Jack Bonds, 42, testified again today in his murder trial.

Bonds, charged with murder in the slaying of a teen-age boy, testified two hours Wednesday.

The short and slender man is charged in the shooting death of William Walden III, 15, in January 1963.

Bonds, near tears at times, told of harassment by a teen-age gang and worry about his stepdaughter, Beverly.

He said his troubles started when Beverly, then 14, enrolled in 1962 at Johnston Junior High School.

He testified she skipped school and was gone all night in October 1962.

"When she showed up she told us she spent the night in a shack in the woods with Bill Walden and other boys and girls," he said.

He said on another occasion his stepdaughter was gone for three or four days.

Beverly, now 16, is married and the mother of a month old son.

Bonds said teen-age thugs raced in front of his home in a car and beat and scratched on Beverly's window in the middle of the night.

"Every time we disciplined Beverly, we would receive telephone calls from these boys and they would threaten to kill us," he said.

Prior to Bonds' testimony, Dr. J. D. Farrar, a psychologist, described Walden as a "psychopathic deviate."

Preston Smith Feted

HOUSTON (AP) — Lt. Gov. Preston Smith will be honored with a testimonial dinner tonight.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 48 degrees; low, 43 degrees; reading at 7 a.m. today, 43 degrees.

North Central Texas: Cloudy today and tonight with intermittent rain and a few thunderstorms today, ending tonight. Cooler tonight. Partly cloudy to clear and a little warmer Friday. Low tonight 32 in northwest to 47 in southeast. High Friday 57 to 65.

Northeast Texas: Cloudy, intermittent rain and a few thunderstorms today and tonight. Cooler in southeastern half today and in northwest tonight. Decreasing clouds and a little warmer Friday with occasional rain in northeast. Low tonight 38 to 47. High Friday 55 to 63.

Northwest Texas: Cloudy today, occesional rain and a few thunderstorms mostly in southeast. Clear to partly cloudy in north, cloudy in south tonight, cooler in east and south. Clear to partly cloudy and a little warmer Friday. Low tonight 20 in north to 38 in south. High Friday 55 to 65.

Coast: East to southeast winds 10 to 20 knots today and Friday.

South Central Texas: Mostly cloudy today and tonight, except clearing in west late today and tonight. Occasional rain and widely scattered thundershowers today and in east tonight. Partly cloudy Friday. Low tonight 53 to 63. High Friday in 60s.

Southeast Texas: Mostly cloudy today and Friday with occasional rain and widely scattered thundershowers, mainly today and tonight. Low tonight 48 to 56. High Friday 55 to 63.

Southwest Texas: Mostly cloudy in east with widely scattered thundershowers today, clearing tonight. West portion clear to partly cloudy today and Friday. Low tonight 38 to 48 in north, 48 to 58 in south. High Friday 53 to 67.

Scurry County Voter List Is Due To Exceed 6,000

Scurry County probably will have well over 6,000 qualified voters this year.

That was the outlook this morning at the county tax assessor - collector's office where poll tax sales had passed the 4,300 mark and exemptions had gone over the 1,100 mark.

Geral Greene, county tax assessor-collector, said there had been some confusion about exemptions in rural areas because of the constitutional amendment banning poll tax requirements for federal elections. Greene said persons who live in rural areas will be qualified as in the past — without obtaining exemption certificates.

Exempt voters who live inside the city limits of Snyder must get exemption certificates as in the past, and these must be obtained by tomorrow, the same deadline as for state poll tax sales.

Persons who pay their poll taxes and obtain exemptions will be qualified to vote in all elections, along with exempt voters in rural areas.

Sometime in the future a 30-day period will be set up for issuing non-paid poll taxes to persons who have not paid poll taxes but wish to vote for federal offices only in this year's elections. Date for this period has not been established, but will be announced as soon as it is arranged.

Greene said the county tax office will remain open tomorrow as long as people come to pay their poll taxes. Poll tax receipts can be issued until midnight tomorrow night. However, Greene said the office would remain open only so long as there is a demand for poll tax receipts.

"We will stay here until midnight if they keep coming, but when the demand stops, we will close," tax assessor - collector said.

Here's a brief summary of voter qualifications:

Those who pay poll taxes may vote in all elections.

Exempt voters who live inside city limits of Snyder may vote in all elections if they get exemption certificates.

Exempt voters who live outside of Snyder may vote in all elections as in the past.

Voters required to have poll tax receipts but who do not pay poll taxes will have opportunity to get non-paid receipts at a future date which will permit them to vote for federal offices only.

HE'S A SCRAPPER—This is E. Kenneth Froslid, 32, of Port Washington, N. Y., in whose favor the New York Supreme Court ruled in his suit to have a World's Fair slogan removed from his 1964 automobile license plates. He is shown displaying plates for his two cars. One plate shows the slogan, the other shows the slogan obliterated. The state motor vehicles commissioner said the state will appeal the decision. Meanwhile the judge ruled that Froslid, upon application, is to be provided with plates "which shall not bear the inscription "World's Fair." "I took on two giants, New York State and the World's Fair and I won," said Froslid. (AP Wirephoto)

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Please pass this on to other fat people who are constantly "kidded" about their weight: I am overweight and know it. But it isn't because I eat too much. I have a thyroid condition which the doctors cannot control. A fellow sent the following message to me through another employee: "If you lost 30 pounds I could become interested in you." I sent word back, "And when YOU become perfect, I might become interested in you, too."

IDA

DEAR IDA: You could be right— but you could also be rationalizing. Only you and your physician know. On the other hand, 30 pounds is a cheap price for a little romance.

• • •

DEAR ABBY: A former boy friend GAVE me his high school graduation ring. I think he said he paid $16 for it. We quit going together and he now wants his ring back. I told him he GAVE it to me and now it was MINE. I want to keep it as a remembrance as it has sentimental value. He offered to BUY it from me. I told him if he wanted the ring that bad he could order another one just like it, but he wants the one I have. I still don't want to part with it. Should I let him buy it off me or should I keep it, or should I give it back?

MEMORIES

DEAR MEMORIES: GIVE him the ring

• • •

DEAR ABBY: My husband is a clergyman and he is too soft-hearted to complain, but I think it's time somebody spoke up about the way the members of a congregation abuse their clergyman. We have people coming to our home all the time for private conferences with my husband. He is not a psychiatrist, and he shouldn't have to be the referee for family battles, either. He has his hands full trying to do all the things a conscientious clergyman must do, which include weddings, funerals, Sunday School classes, regular sick calls, his sermons and then all the civic functions he must attend. I think he is being taken advantage of when people bring him ther personal problems. He gives so much of himself to strangers he hardly has time for his family. If you print this, keep me anonymous for obvious reasons. Thank you.

CLERGYMAN'S WIFE

DEAR WIFE: Your husband's profession demands that he must listen to a certain amount of "personal problems." Don't add to his burden by protesting too much. His job is tough enough.

• • •

CONFIDENTIAL TO BEL AIR ROAD: It's true, "Even a clock that isn't working is right twice a day." But who wants to rely on a clock that isn't working?

• • •

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Borden Co. Seeks Lake Road Funds

AUSTIN (AP)—A Hutchinson County delegation asked the Highway Commission today for 9.6 miles of access roads to the Sanford Dam and lake area, under construction near Borger.

Norman Coffee, county judge, said the dam is 60 per cent complete and should be finished by the spring or summer of 1965.

"Construction on the dam is ahead of schedule and at the present rate, roads will not be ready to serve the area," said Coffee.

State Rep. Fritz Thompson of Borger asked the commission consider a regional approach rather than local, to the damsite. He said Amarillo, Plainview, Lubbock and other cities would be served by the dam.

Estimated cost of the access roads is $469,000.

A Borden County delegation requested a farm road connecting Farm 1205 west of Lake J. D. Thomas with Farm 699 east of Vealmoor. Estimated cost of the 12.9 mile project is $214,000.

Residents of Gillespie, Kendall and Blanco counties asked for a 17.5 mile ranch road costing $506,500. The ranch road would be from Ranch 1376 in Gillespie County, across northern Kendall County, to ranch 1623 in Blanco County.

Star Alan Ladd Dead At 50 Years

By JAMES BACON
AP Movie-Television Writer

PALM SPRINGS, Calif. (AP)—Alan Ladd, who realized a dream of driving a limousine through the same studio gate where once he had to punch a time clock, is dead at 50.

The 5-foot-6 star, who walked tall as a movie hero for 23 years, was found dead in the master bedroom of his home Wednesday. A servant who had become alarmed when the actor failed to wake up from a nap found the body.

A doctor and Police Chief Gus Kettmann said that Ladd died of natural causes, presumably a heart attack. An autopsy has been ordered.

Ladd, except for a butler, had been alone in his desert home for the last 10 days. His wife, the former actress Sue Carol, was at the couple's West Los Angeles home.

"I talked with Alan three times Tuesday," she said. "He seemed in fine spirits as always. It's a terrible shock."

It was Miss Carol, who later turned agent, who heard Ladd on a 15-minute radio show. She interviewed him, signed him and later married him.

After some bit parts in movies Alan got the role of the hired gunman in "This Gun for Hire."

The picture starred Robert Preston, later to become famous as "The Music Man," but it was Ladd the fans remembered.

At the height of his popularity at Paramount, Ladd received 20,000 fan letters a month. He employed eight secretaries to answer them.

"Take care of your fans and they'll take care of you when you come up with a stinker. Believe me, I know," he once said.

Ladd appeared in 150 movies.

His last, still unreleased, is "The Carpetbaggers," in which he played the sympathetic role of the movie cowboy, Nevada Smith.

In 1952, Ladd left Paramount for Warner Bros., where, during the depression, he had worked as a studio laborer for $2.50 a week.

He returned to Warners at $25,000 a week.

Ladd died a rich man but he always said: "I feel every day as if it is all a dream — and I'm going to wake up and find myself pushing scenery around again."

Funeral rites will be held Saturday at Glendale.

Ladd and his wife had been married before. Ladd had a son by his first wife, Alan, Jr., 26. Sue has a duaghter, Carol Lee Veitch, 31, from her first marriage to actor Nick Stuart.

The couple had two children, Alana, 20, and David, 18.

Snyder Officer To Become Police Chief At Hillsboro

John (Bo) Bohannan, a patrolman on the Snyder police force, has resigned effective tomorrow.

Bohannan has accepted the position of chief of police at Hillsboro.

In accepting his resignation, chief of police Chester Simons said that he was sorry to lose the officer from his force, but was glad that he had this opportunity to advance in his chosen profession.

Bohannan, who came here from Dallas County last March, said that he too regretted leaving the many friends he had made here in the past ten months, and that he had enjoyed working with the Snyder police department and for the citizens of Snyder.

Mr. and Mrs. Bohannan and their five-year-old daughter plan to move to Hillsboro Saturday.

African Future Appears Gloomy

By WILLIAM L. RYAN
AP Special Correspondent

Events in Asia and Africa cast a grim shadow over the future, raising the prospect—perhaps still years away — of a world divided into hostile white and nonwhite camps.

Chain reaction explosions in Africa and shifting political patterns in Asia may be traceable, at least in part, to the battle royal between the Soviet Union and Communist China over what directions the world Communist movement should take.

This battle, which began in earnest about five or six years ago, had led Communist China to strike out on its own in those underdeveloped areas of the world where Peking seems to feel it can make the swiftest progress.

The Red Chinese are making some headway, too, and this likely is a source of alarm not only to the United States but to the man in the Kremlin. Willy nilly, events may push the Soviet Union and the United States closer together as the two powers with the greatest responsibilities and the most at stake.

The cold war picture is affected by the behavior of President Charles de Gaulle's France, which appears to be acting out a role of catalyst speeding up the action and reaction of new forces released by the Soviet-Chinese conflict.

Perhaps De Gaulle, noting the decreasing communication between Peking and Moscow, sees France as a prospective bridge between Red China and the West. There are no signs that Peking is looking for any such bridge.

It is possible that De Gaulle sees a good chance of salvaging something of what France once had in the way of authority in the East and in Africa, and that he also sees advantages in getting in on the ground floor in trade with Red China. But if the lessons of the past are any guide France likely will be wary. She tried a decade ago to salvage something out of her crumbling Southeast Asian empire and came out of it empty-handed.

What France may be doing these days, however, is conferring sufficient stature upon the Red Chinese regime to tip the scales at the next session of the United Nations and force Peking's entry at the expense of Nationalist China. Even the threat of such a development—in an American presidential year—can cause political turmoil.

To Talk On Questionable Expenditures

WASHINGTON (AP) — Rep. Wright Patman, D-Tex., chairman of the House Banking Committee, says presidents of banks will have opportunity to comment on what he called questionable expenditures in the records of several reserve banks.

Patman, who is presiding for subcommittee hearings on the Federal Reserve System, said Wednesday that investigators for the committee found the records.

"Examples of questionable expenditures include dinner parties, theater parties, luncheons and dinners for commercial bankers and industrialists, card parties, garden shows, golf outings, elaborate Christmas parties, dues for trade and professional organizations, fees and other costs for attending conventions," Patman said.

Presidents of some of the banks have testified against Patman's legislation for revamping the Federal Reserve System.

The most drastic proposal before the subcommittee would make the secretary of the Treasury chairman of the Federal Reserve Board. Another would retire stock now held by member banks in the regional Federal Reserve banks.

Mishap Reported

The Snyder police department reported a minor two-car mishap Wednesday morning in the 3000 block of Forty - first Street.

Involved were a 1955 Plymouth driven by Robert Lewis Mecalo and a parked 1950 Ford owned by Paul Machel. Damage to both vehicles was minor, and there were no injuries.

Good Enough Reason

DES MOINES, Iowa (AP)—Bert Lester Brown, 62, had the right answer Wednesday when he appeared on a charge of driving the wrong way on a one-way street.

"I guess I was thinking about going fishing," Brown told Municipal Judge Harry B. Grund.

"Case dismissed," said Grund.

Rites Held In Rotan For Mrs. Ratliff

Funeral services were to have been held at 4 p.m. today in Rotan for Mrs. C. A. Ratliff, 55.

Mrs. Ratliff was found dead at her home in the Neinda community at about 4 p.m. Wednesday by her husband.

In addition to her husband, Mrs. Ratliff is survived by one son, Leonard of Midland; two daughters, Mrs. Jewell Sumerlin of Rotan and formerly of Snyder, and Mrs. Leroy Knox of Lovington, N.M.; her parents, Mr. and Mrs. John A. Burk of Roby; four brothers, J. M., J. W., and Luther, all of Roby, and Paul of Stamford, five sisters, Mrs. J. E. Mitchell of Grandbury, Mrs. J. A. Barnes of Rotan, Mrs. Carl Billings of Big Spring, Mrs. Grace Reeves and Mrs. Bill Ashley, both of Roby; and nine grandchildren.

Everybody who wants a Wildcat, please stand up.
Everybody who wants a Skylark, please stand up.
Everybody who wants a Riviera, please stand up.

Now that everybody's standing, let's all go to the Buick Sports Car Rally.

Really.

It would be a shame to waste this chance to drive one of Buick's lively sport models, wouldn't it? Especially considering your Buick dealer's so close, and the price is so nice. That's what the Sports Car Rally is all about. And they're all luxurious enough to make you wonder why anybody'd settle for a two-seater. A finely tuned production 340 hp Wildcat with a skilled driver scored the highest miles per gallon in the economy test of Class I—high performance V-8's—at the Pure Oil Performance Trials at Daytona Beach, Florida. (So who's surprised? Not Wildcat owners.)

PROGRAM—The three ladies above presented an outstanding program to members of Delta Kappa Gamma Monday evening at their regular session. Seated are Mrs. Barbara Bigham and Mrs. Carol Miller. Mrs. Ruby Anderson is standing.

Snyder Junior 4-H Club Meets

The Snyder Junior 4-H Club met in the county extension office Tuesday afternoon. Miss Ruby Butts gave a demonstration on vegetables and also presented the girls with 4-H pins.

Kathy Williams was welcomed as a new member. Others present were: Judy Shelburn, Jan Shelburn, Elaine McArthur, Becky Wooldridge, Denise Voss, Keitha Collier, Patsy Ellington, Linda Poindexter, Beverly Williams, Debra Moore, Jeane Foster, Teresa Young, Mollie Love, Connie Alexander, and Debra Shelton.

'Economic Patterns' Topic At Delta Kappa Gamma

The Delta Kappa Gamma Society, an international honorary organization for women teachers, heard a program on the topic of "Economic Patterns as They Affect Our Changing Culture." Mrs. Carol Miller gave a most enlightning discussion on automation. She said we should not fear automation or try to retard it. On the contrary, we should welcome it and try to accelerate it. Automation is the key to a higher standard of living at home and to increase our ability to help less fortunate people abroad.

Mrs. Miller stated there is a need to face the problems of automation with coolness, sympathy, intelligence, and determination. The greatest danger is not that technological changes will come too quickly, but that our institutions will adapt too slowly to the problems and the promise of automation.

Mrs. Ruby Anderson continued the discussion with remarks concerning a mobile population. She stated that since the end of World War II, the entire world has experienced profound economic, technological, political, and social changes. These changes have stimulated the greatest mass migration in history; and are likely to create new pressures for mass movements in the future.

Many stresses accompany the migrations and must be dealt with. She quoted Henry Ford's statement, "We shall solve the city problem by leaving the city—" and promptly provided the means to do so. People ever since have been on the move.

The discussion was continued by Mrs. Barbara Bigham, with a few remarks on the increase in the life span of individuals, prepared by Mrs. Sallie O'Rear who was unable to attend the meeting. It was of interest to the group to learn that $16,000,000 is being spent each year on research on increasing the life span. It was brought out that Dr. Clive McKay proved that: (1) diet is a factor in longevity; (2) heredity is not; and he advocated moderate food intake would reduce diseases and increase longevity.

Many factors are involved with increasing the life span. It was suggested if one is to stay young he must do his part by: (1) see a physician regularly; (2) watch your diet; (3) get adequate rest; (4) exercise daily; (5) avoid boredom; (6) share your time and talents with community; and (7) live free of stress and strain.

The business meeting was conducted by Virginia Grove, president. Mrs. Leota Burris read the collect.

Hostesses for the meeting were: Mrs. Dorothy Miller, Mrs. Delia McPherson, Mrs. Mauryse Scott, and Vestal Maner.

Others attending the meeting were: Vela Bell, Barbara Bigham, Zaida Brown, Maydelle Burns, Rita Carter, Mary Devenport, Georgene Galloway, Durelle Gorman, Joyce Gorman, Hazel Hanback, Laura Holladay, Bess Johnston, Lillian Jones, Agnes Kunkel, Marcene McCollum, Carol Miller, Eva Nelson, Lida Rhoades, Reta Traugott and Ester Boren.

WOMEN

Knapp News

By MRS. VERNON TODD

Mrs. Mary Sullivan and Mrs. Ada Henderson of Snyder visited Monday with Mr. and Mrs. Ben Weathers.

Mr. and Mrs. Odis Davis and children of Big Spring have been visiting with Mr. and Mrs. W. O. Davis.

Mrs. Ben Weathers was a visitor Thursday evening in Snyder at the ABWA meeting.

Mr. and Mrs. Jack Dunn were Monday night visitors of Mrs. Frieda Murphy.

Auxiliary Of VFW Sets Drive Here

The Ladies Auxiliary of the Veterans of Foreign Wars is launching a subscription campaign here to secure more wheel chairs and hospital beds which will be available for loan in the community.

No donations will be accepted in the drive, spokesman for the organization said, because the equipment will be paid for by commissions from the sale of well-known publications.

Residents, when ca"-" on, will be shown introductory letters from officers of the VFW to insure proper identification.

The VFW loans wheel chairs, hospital beds, etc., as a public service.

HUBERT A. WHITE

Georgia Humorist To Spice Local Club Dinner

Hubert A. "Baldy" White, a fellow who upon observance gates his nickname and who hails from the town of Stockbridge, Georgia, will be the guest speaker to address members of the Scurry County Knife & Fork Club at their meeting Tuesday evening Feb. 4 at the Country Club.

White comes to the club through the national organization to which the local group belongs. According to reports from headquarters, White is that rare combination of a speaker who has plenty to say — and says it pleasantly and humorously.

Please send reservations to Mrs. Ruby Anderson, 2305 Forty-second Street. Cost, per plate $2.50. Reservations should be in by February 3rd. Telephone Reservations will be accepted until 9:00 a.m. February 4th. During School Hours — HI 3-7512 After School Hours — HI 3-9975.

WOMEN'S CALENDAR

Raincoats Take On Square Look

By LOUISE HICKMAN

PARIS (AP) — Dior packed 'em in today for a spring and summer look that came from raincoats for day and the 1930s for night.

Raglan sleeves, tab buttons on the cuff and fly-front closings were featured in the day series.

In the same spirit there were long cardigan jackets belted over pleated skirts. Pleats and big silk plaids ran throughout the show.

The look relaxed completely as Dior's Marc Bohan shifted into evening wear. Although he continued with tiny bodiced dresses, flashed low to reveal a small high bosom, the dominant theme showed a blousy sweater covered up with a low surplice wrap.

Big soft sleeves partially covered the hands. Skirts were bias cut and full. Side part hair styles in deep marcel waves completed the spirit of the 1030s.

In long-line coats for the tall woman, shoulder seams that echoed raincoat tabs gave a wide, squared-off look. In tidy coats for the small, a wide trench-type martingale placed above the waist in back held down box-pleat fullness.

When necklines were slashed low, the silhouette was modelled high, caught by a flower or a jewel just under the decolletage.

Austrian Skier Wins As American Hopes Crumble

By TED SMITS
Associated Press Sports Editor

INNSBRUCK, Austria (AP)—Austria's dashing Egon Zimmerman flashed to a course record victory in the men's downhill ski race — glamor event of the Olympics — and America's high hopes crumbled on a sour note today in the ninth Winter Games.

Three more championships were n the ninth Winter Olympics Games. The United States is still without a medal.

The bitterest disappointment came in the downhill, where the two seeded U.S. aces, Billy Kidd of Stowe, Vt., and Bud Werner of Steamboat Springs, Colo. — finished far out of the running. One of Uncle Sam's unheralded skiers, Annibale (Ni) Orsi, a 19-year-old student from Stockton, Calif., turned in the best clocking 2 minutes, 21.59 seconds for 14th place.

The favored Zimmerman's winning time was 2:18.17, the fastest ever down the precipitous, 3,412-yard Mount Patscherkofel where a young Australian met his death in training last week.

Kidd, Werner and another U.S. veteran skier, Chuck Ferries of Houghton, Mich., barricaded themselves behind a police barrier immediately after the disappointing race and refused to talk to newsmen.

Reporters who sought interviews were roughed up by the guards. Kidd's time was 2:21.82 for 16th, Werner's 2:22.05 for 17th, and Ferries' 2:23.00 for 20th.

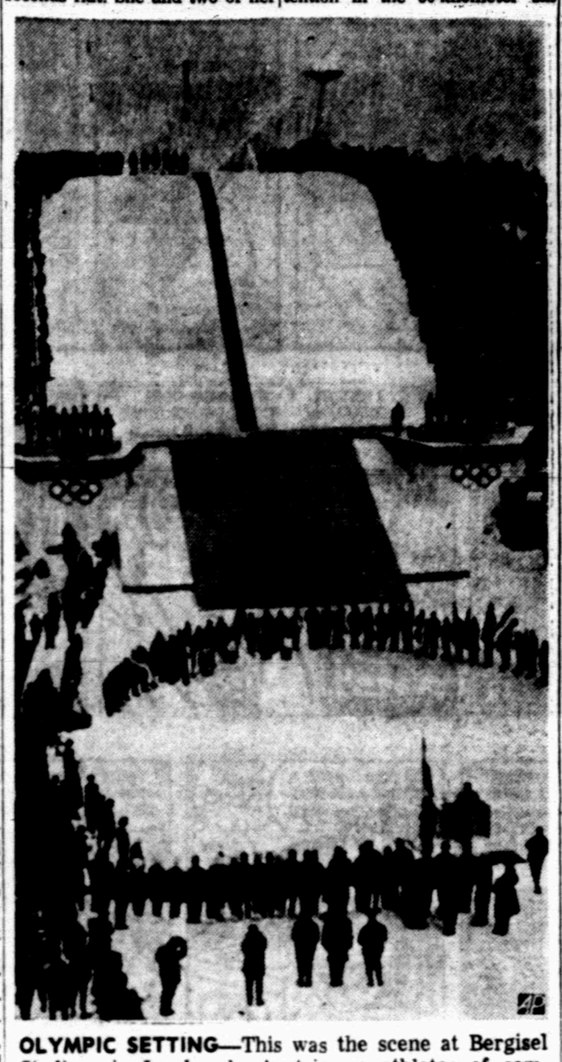

Prior to the race the American contingent had protested strongly against the omission of any of their skiers from the top seeded group. International ski officials finally gave in and put Kidd and Werner in the top 16.

A 26-year-old Finnish border customs employe, Eero Maentyaranta, won the 30-kilometer—18.6 miles—ski race in 1 hour, 30 minutes, 50.7 seconds and scored a record-smashing 1-2-3 sweep in the women's 500-meter speed skating event.

The United States made its best showing of the day in the women's 500-meter speed skating race, a European specialty, with Jeanne Ashworth of Lake Placid, N.Y., and Jan Smith of Rochester, N.Y., tying for fourth place.

The gold medal was won by the husky Lidia Skoblikova, a double winner in the 1960 games at Squaw Valley, Calif., in 45 seconds flat. She and two of her teammates — Irinia Yegorova, 45.4, and Tatyana Sidorova, 45.5, all beat the Olympic record of 45.9 set by Helga Haase of East Germany four years ago. The two American girls clocked 46.2.

The Yanks never were in contention in the 30-kilometer ski race, traditionally dominated by Scandinavians.

OLYMPIC SETTING—This was the scene at Bergisel Stadium in Innsbruck, Austria, as athletes of competing nations, spectators and officials listened to the Olympic oath taken by Austrian bobsledder Paul Aste, on platform lower right, during opening ceremonies of the 1964 Winter Olympic games. Before Aste are the flags of nations. The Olympic flame is at the top. (AP Wirephoto via cable from Innsbruck)

Mike Elliott, the 21-year-old Fort Lewis College student from Durango, Colo., finished 30th in 1 hour, 40 minutes, 11.7 seconds for the best U.S. showing.

Dick Taylor of Laconia, N.H., was 42nd in 1:42:39.5; Larry Damon of Burlington, Vt., 46th in 1:42:57.7, and Jim Shea of Lake Placid, N.Y., 48th in 1:43.18.4.

Marie Lawler, a 19-year-old high school girl from Minneapolis, showed a lot of spunk by competing in the women's speed skating race despite an overnight attack of shin splints, a form of muscle ailment. She clocked 6.6 for seventh place.

Maentyranta, who many observers said was washed up, was flushed and tired after completing the more than 18-mile ski course.

The wiry Finnish world champion crossed the line more than a full minute ahead of the runner-up, Harald Groenningen, a Norwegian farmer who was a doubtful starter until the last minute. Groenningen was clocked in 1:32.02.3.

In third place came Igor Voronchikhin of the Soviet Union, in 1:32.15.8, followed by Janne Stefansson of Sweden, in 1:32:-34.8. Sweden's Sixten Jernberg, who won the title at the Squaw Valley, Calif., Olympics in 1960, finished fifth in 1:32.39.6.

The second day of the big ice and snow carnival started under ideal conditions, with the temperature at 5 degrees. The skies were clear.

A total of 69 skiers from 18 nations took off on the exhausting race, staged over two loops on the hard-packed track west of Seefeld.

As the men sped, one after another, over the 18.6 miles, women figure skaters were tracing their first compulsory designs at the Ice Stadium.

The Soviets took the first gold medal Wednesday night in a competition, figure skating, where just a few years ago they were among the also-rans.

The 500-meter speed skating was one of three events in which gold medals were at stake today. The other two were the men's 30-kilometer cross country Nordic ski race and the men's downhill Alpine ski race on the dangerous course of Mt. Patscherkofel.

For the fans, the downhill was the big event. More than 80 skiers were entered in the test, considered by many ski experts as the supreme trial of strength and endurance for skiers.

One skier was killed and several were injured during pre-Olympic training on the Patscherkofel course, packed by hand with snow carried to snow-short Innsbruck from other Alpine areas.

Wednesday's colorful opening ceremony and parade of competitors was followed by only limited competition.

But that competition—in ice hockey and figure skating—was enough to demonstrate the caliber of the Russian entries.

Ludmilla Belousova and Oleg Protopopov won the pairs gold medal in figure skating, upsetting the favored world champions from Germany, Marika Kilius and Hans Juergen Baemler. It was the first time the Russians had ever won a figure skating medal.

In hockey, the Russians established themselves as favorites as they swamped the United States, 5-1, in the first match of the round-robin championship tournament. The Americans are the defending Olympic champs, but they were completely outclassed.

Cincy Can Cause Woe For Wichita

WICHITA, Kan. (AP)—Cincinnati's six-year reign as king in Missouri Valley basketball might be over. But the Bearcats still can spoil things for Wichita here tonight.

Coach Ralph Miller's Shockers, 5-0 in the conference, 14-3 for all games and ranked seventh nationally, will put an eight game winning streak on the line.

Cincinnati has lost its last three games for a 2-3 Valley record and stands 9-6 for the season. In Coach Ed Jucker's three previous years, Cincy won 82 of 89 games and just missed an unprecedented three straight NCAA crowns. Before that, Cincy ruled the Valley during Oscar Robertson's three seasons in a Bearcat uniform.

Wichita can supply the knockout punch to Cincy's hopes. It has in Dave Stallworth a 6-foot-7 smoothie with a 27-point average.

All-America Ron Bonham of Cincinnati was released from the hospital Tuesday night but still is bothered with a cough and probably will be below par.

A standing room crowd of close to 11,000 is expected. Capacity is 10,235. About 100 students sat or slept in line Monday night to get tickets.

Finley Still Is Without Stadium Pact

By JIM VAN VALKENBURG
Associated Press Sports Writer

KANSAS CITY (AP)—Charles O. Finley and the city are farther apart then ever over a stadium lease for his Athletics and Finley has gained new confidence from a two-week extension of the American League's lease-or-else ultimatum.

Finley rejected, at a 90-minute session Wednesday, two four-year city proposals he had taken under advisement Saturday. He insisted he would risk bankruptcy by signing for more than two years. The city wouldn't back down from its stand that at least four years is vital to recapture support of the fans, and to stabilize the troubled franchise.

No new meeting was set and no new proposals are under consideration.

Finley threatened to go to court after the American League turned down by a 9-1 vote his bid to move to Louisville Jan. 16 and by the same vote ordered him to sign a lease with Kansas City by Feb. 1 or face expulsion from the league.

Joe Cronin, league president, extended the deadline to Feb. 15 a short time before Wednesday's meeting, at the request of Finley's attorney, Louis Nizer. Finley went to Oakland after Saturday's session here and obtained a firm commitment to play there next season, should the league approve. But the league ignored Finley's request for a new meeting to consider a move to Oakland.

Goal-Tending Call Brings Davidson's Streak To End

By TED MEIER
Associated Press Sports Writer

In one of college basketball's oddest incidents of the season the Davidson Wildcats saw their perfect 15-0 record go by the boards on a goal-tending call by the referee as the final buzzer sounded.

It gave the West Virginia Mountaineers, beaten eight times in 17 previous games, an upset 75-72 victory over the nation's third-ranked Wildcats and started a heated controversy.

The unusual finish highlighted a busy Wednesday night on college hardwoods marked also by St. John's of New York's upset 64-60 triumph over Creighton, the four overtime 97-95 victory of Holy Cross over Boston University and the 101-64 rout of Western Michigan by Chicago Loyola, the only other team in The Associated Press Top Ten to see action.

Marty Lentz, Fred Hetzel and referee Otis Almond were the central figures in the closing seconds of the Davidson-West Virginia struggle at Charleston, W. Va.

This was the situation:

Charlie Marcon of Davidson had tied the score with only five seconds left. With two seconds to go Lentz got a pass at midcourt, whirled and let fly with a long heave. Big Fred Hetzel, Davidson's star, leaped into the air and grabbed the ball above the basket as it came down.

The final buzzer and Almond's whistle sounded at the same time. He ruled Hetzel with goal-tending and awarded West Virginia the winning basket.

Davidson's defeat in the Southern Conference battle left top-ranked UCLA, 15-0, and ninth-ranked DePaul, 13-0, as the only major unbeaten teams.

Georgia beat Virginia Tech 96-87, Penn surprised St. Joseph's of Philadelphia 66-51, New York University downed Santa Clara 79-64, Florida State whipped Alabama 95-77, Tulsa rallied to overcome Missouri 94-79 and Louisiana State defeated New Orleans Loyola 73-62 in other Wednesday games.

Randy Cross threw in 46 points for Boston U., but in a losing cause as Holy Cross won in the fourth overtime on a freeze with 84 seconds left. The regulation game ended 72-72. It was 80-80 after the first extra period, 86-86 after the second and 88-88 after the third.

Vic Rouse, who has been out with a bad shoulder, saw part-time action for Chicago Loyola and racked up 12 points and got nine rebounds against Western Michigan.

SPORTSCUTTLE

If you want a good seat for tomorrow night's Snyder-Lake View basketball game, you may be wise to go to Tiger Gym a little earlier than usual.

Lake View's victory over Lamesa has focused more interest on what already was an important game.

The Tigers, with a perfect district record after the first round of play, are on the pedestal for everyone else to shoot at. That is the price one must pay for success.

On the other hand, the Bengals can finish at the top of the heap if they win their home games and break even on the road during the second round of play. One of the toughest of the second round games will be the Lake View engagement here tomorrow night.

Other second round games will send the Tigers to Lamesa on Feb. 4, bring Colorado City here Feb. 7, send the Tigers to Sweetwater on Feb. 11 and bring Brownfield here Feb. 14.

Thus, the Tigers have three home games and two road games in the second round.

• • •

Phillip Floyd who poked the winning two - pointer through the hoop at the final buzzer at Brownfield had a perfect night of shooting from the field. He fired only twice and hit the mark both times.

• • •

Abe Martin, the TCU coach, was quoted the other day as saying that this year's crop of high school senior footballers is only so-so, or words to that effect. Recruiters have been making "visits" although no actual singings can take place until Feb. 11. Although some contacts have been made here, local coaches have been disappointed over the fact that more college coaches have not expressed interest in some of the Snyder seniors. Some individuals in other schools who were "whipped" by individuals on the Tiger team have been attracting college scouts, according to reports. At the same time, local coaches have been advised that college coaches who have had Snyder players on their squads in recent years regard the ex-Tigers as among the best prepared in football fundamentals. So, there's a riddle for you.

• • •

It has been suspected here for some two or three years that one school has sort of "blackmailed" Snyder athletes because of unfortunate experiences with one or two individuals in the past.

Of course college scouts are not infallible. Back in the spring of 1956 a head coach of a Southwest Conference team spent half an hour telling a group here why he did not think his team could use Jack Spikes, then a high school senior. Spikes, of course, is now a star with the Kansas City Chiefs in the American Football League, after making All-America at TCU. The coach who couldn't use him is out of the profession.

Longhorns Hike Record

By The Associated Press

Texas boosted its season record to eight victories and five losses with a 103-59 non-conference basketball victory over Trinity Wednesday night.

The performance equalled the all-time single game scoring record set by Texas in 1956, when the Longhorns defeated North Texas State 103-68.

Trinity was never in the game. Texas led 24-4 nine minutes after the start.

Larry Franks was high scorer with 24 points for Texas. Dale Fincke led Trinity with 13 points, fouling out with 15 minutes left.

The Texas-Trinity game was the last of the non-conference encounters following mid-year exams.

The league returns to conference play Saturday night. Texas A&M, the leader, will play second place Rice at Houston. Texas Tech, tied for second, is host to Texas. Southern Methodist, also tied for second, is host to Texas Christian, which has lost its three conference games to date. Arkansas, the fourth team tied for second, plays at Baylor, also winless in conference play.

Boys Club Dinner Scheduled Tonight

The Scurry County Boys Club will have its annual dinner for directors and installation of officers tonight.

The buffet dinner will be served at 7:30 p.m. at the Boys Club building.

Speaker for the event will be the Rev. Jack Dean, and Joe Williamson will be master of ceremonies. Musical entertainment will be furnished by James Hamblen and his band.

National League third basemen were led by Milwaukee's Ed Mathews last season. He made only 13 errors in 121 games.

"Great Characters Of The Bible"

The only man in the Old Testament called "the preacher" with a record of 7 saved and millions lost, after a hundred years or so of preaching, to all outward appearances was a failure. With this record he would have a hard time holding a "pastors job" in many of our modern assemblies or congregations. God knew what the results of this man's preaching would be, yet he commissioned him to continue. He was commanded to "preach the word" and this he did, and because he did humanity is on the earth today. The "Educated Boys" no doubt called him a fanatic, and poked a few jibes at him, and he was probably the laughing stock of the "Coffee Break" crowd. But Noah, like some of us, didn't particularly give a damn and kept on with his preaching.

AFL Is Now Of Age

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—After four years of travail the American Football League has reached major league status.

"The greatest day" in the history of the eight-team circuit came Wednesday with the signing of a $36 million, five-year television contract with the National Broadcasting Company.

The pact is effective with the 1965 season and replaces the current TV contract with the American Broadcasting Company which runs through the 1964 season for $2.3 million.

The $36 million, which breaks down into nearly $1 million yearly for each of the eight AFL clubs, compares to the record $28.2 million two-year television contract signed last week by the rival National Football League with the Columbia Broadcasting Company.

The NFL pact breaks down to slightly more than $1 million a year for each of the 14 teams in the older circuit which has been operating for 43 years.

"This is our greatest day," exclaimed an elated Billy Sullivan, president of the AFL and also of the Boston Patriots.

Commissioner Joe Foss and the other club owners in New York, Buffalo, Houston, San Diego, Denver, Oakland and Kansas City joined in the enthusiasm.

"This is another step forward for the AFL which has improved its position yearly since its formation in 1960," declared Foss who negotiated the pact with Carl Lindemann, Jr. vice president of sports for NBC. "This contract puts all of our present clubs in the black and means we can really start thinking about expansion."

The commissioner disclosed that the AFL has received applications from four groups in Philadelphia as well as from those in Chicago, Los Angeles, Cincinnati, Columbus, Montreal, Portland, Ore., and Atlanta.

At the NFL meeting in Miami Beach, Fla. there was no official comment from any club owner and Pete Rozelle, NFL commissioner, said merely that "we are concerned only with our own National Football League and we are very happy."

National League Recognizes Rival

By JACK HAND
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—The American Football League is here to stay. That is the hard-to-swallow fact that owners of National Football League clubs had to admit today in the wake of the rival pro league's new $36 million television contract.

"The new television contract stabilizes the other league," said an NFL club official who wished to remain anonymous. "It gives them substance. Now they are big league."

The day when the two league champions may meet in a title playoff still may be far in the future. At least there was no inclination to hasten the day at the NFL meetings which end today.

"We have no such plans," said Commissioner Pete Rozelle just as he had been saying for weeks and months.

Asked to comment on the new AFL contract, Rozelle said only, "We are concerned only with our own National Football League. And we are very happy."

The NFL had reasons to be happy, too, with its two-year $28.2 million television deal with the Columbia Broadcasting System. Each of the 14 clubs will get about $1 million.

Pro football will cost the television networks about $25 million this year. In addition to the $14.1 million for the NFL and $7.2 million for the AFL, the two title games, still open for bids, probably will be worth about $2 million each. A head-on conflict every Sunday afternoon is in prospect with each network showing pro doubleheaders from coast to coast.

The television news shadowed the normal routine at the NFL meetings.

Ordell Braase of the Baltimore Colts, new president of the NFL Players Assocation, appeared before the owners Wednesday and asked that the players be paid $100 a game for pre-season exhibition instead of the present $50. He also asked for player representation on the pension committee.

Two suggestions to alter the playing rules were turned down by the owners. One would have assessed a 15-yard penalty for offside, instead of five yards, when a defensive play knocked down the offensive quarterback. Another would have created a position for a sixth official to synchronize the scoreboard clock with the official clock on the field.

Komives In Lead Again

NEW YORK (AP) — Howard (Butch) Komives of Bowling Green is once again college basketball's individual scoring leader thanks to an injured hand and semester examinations.

Scoring 43 points against Findlay last Saturday, Komives leap-frogged over injured Manny Newsome of Western Michigan and Princeton's Bill Bradley. Mid-year examinations have kept Bradley idle since Jan. 18.

Weekly statistics for major colleges, released today by the NCAA Service Bureau, show Komives on top with 370 points in 11 games for a 33.6 average. Newsome, last week's leader, is second with an average of 33.1 on 463 points in 14 games.

Bradley slipped to third with a 32.9 mark.

Dean Rusk More Reserved Than Forceful Predecessor

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — That President Johnson has a high regard for Secretary of State Dean Rusk is known. Not known is how much he will let Rusk talk. At this point perhaps Johnson doesn't know.

Under President John F. Kennedy, Rusk was a secondary and almost shadowy figure who played second fiddle. He was an expert technician in the highly complex foreign affairs field where he had specialized since school days.

But he stayed in the background, letting Kennedy make all the important announcements and pronouncements. Rusk seemed highly satisfied to leave it that way.

This was a switch from the days of President Dwight D. Eisenhower. He often sounded like an echo of his older, forceful, sometimes belligerent and always colorful secretary, John Foster Dulles, who died of cancer in 1959.

Dulles asserted himself from the beginning, apparently with Eisenhower's full blessing. Dulles was foreign policy. He was in office only seven days when he talked to the nation on television.

It was a harsh, flamboyant, and in a way undiplomatic talk. But it set the tone for his six years in office.

Dulles worked extremely hard. So does Rusk, but differently. The public was far more aware of Dulles with his record-breaking travels and sometimes unfortunate comments.

The change under Kennedy was so complete it had to be deliberate. Rusk's statements, never as memorable as Dulles', were almost invariably the obvious ones. Or he simply repeated a position already taken by Kennedy.

As a result, his place in the history books won't be as vivid as Dulles'. But from the standpoint of day-to-day living it was easier on him. His low-key observations had a special benefit for him.

He has never been criticized as Dulles was. If you doubt it, just try to remember when Rusk has been criticized for anything, even in Congress by Republicans.

Dulles made headlines but exposed himself and the Eisenhower administration to a lot of rebukes, although Dulles always seemed to be getting them because it was he, more than Eisenhower, who stuck his neck out.

In his Senate years Kennedy seemed to pay more attention to foreign affairs than Johnson, who made his fame as an operator on domestic problems.

Therefore, Kennedy had so positive ideas of his own when he took office. For this reason it won't be surprising that if for a while at least Johnson lets Rusk do more talking than Kennedy did.

This is unlikely to last long. Johnson likes to talk, perhaps more than Kennedy. In the end he probably will, like Kennedy, do the main talking on foreign policy while, like Kennedy, getting advice from Rusk.

Junior Editors Quiz on HISTORY

QUESTION: Why was Jefferson chosen to write the Declaration of Independence?

• • •

ANSWER: During the historic days of the early part of 1776, the feeling swept through the 13 American Colonies that the time had come to declare the country an independent nation. This feeling was especially strong in Virginia. On June 7, 1776, Richard Henry Lee of the Virginia delegation introduced a resolution in the Continental Congress calling for independence from Great Britain. The Congress postponed voting on this until July 1. But since it seemed certain Lee's resolution would be adopted, Congress appointed a committee of five, among which were Thomas Jefferson, Benjamin Franklin and John Adams, to draw up a paper which would state the reasons for such a step. Jefferson was not widely known at the time, but was an ardent patriot and a most accomplished writer. He was also on the Virginia delegation and the committee entrusted the writing to him to help honor a colony so active in the cause. By June 28, Jefferson had finished the paper—that paper which caught in wonderful phrases man's right to freedom and the pursuit of happiness. It was presented to Congress and by July 2, Lee's resolution was approved. Then, on July 4, the final draft of the Declaration was adopted by the Congress.

• • •

FOR YOU TO DO: All Americans have the right to look at Jefferson's original draft of the Declaration as it is displayed in Washington. See the original if you can; if you can't, you can do something still better. Get a copy of the Declaration and hang it in your room. 1-30

(Laurie White of Peabody, Mass., wins today's grand prize of a 20 volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Man On Diet Tired Of Hearing This

By HAL BOYLE

NEW YORK (AP) — Remarks a man on a diet gets tired of hearing:

"Gee, George, have you been putting on more weight lately?"

"I don't see why you make such a fuss about losing weight. All it takes is a little strength—the strength to push yourself away from the table."

"Why bother to take it off? As soon as you quit starving yourself, it comes right back on."

"If George ever did some real work, he wouldn't have all that blubber on him in the first place."

"You should be like me. No matter how much I stuff myself, I never seem to gain an ounce."

"Maybe you have lost five pounds, George. All I can say is that it still doesn't show."

"I read in a medical journal that only two out of every 100 people who diet themselves slim stay that way—so it looks like you're up against pretty hopeless odds.

"If you didn't have some hidden frustration you probably wouldn't have gotten so fat to begin with. Maybe food is your consolation for some childhood sorrow."

"George has the weirdest dreams lately. Last night, for example, he dreamed he was taking a bath in a tub full of mashed potatoes and coconut custard pudding."

"Why fight it, George? After all, a hippopotamus has just as much fun out of a life as a gazelle. Maybe more."

"I think I'll order the peach parfait for dessert. What'll you have, dear—another radish or a nice carrot?"

"At your age, the more weight you lose the more wrinkles you get in your face."

"You mean your doctor only lets you have 1,200 calories a day? My doctor lets me have 1,800 on my diet—and the pounds are simply melting off."

"You're doing fine, George. If you keep on losing an ounce a day, you'll be down to normal weight in about a year and a half—give or take a month."

Paper Denies Rumor Of Castro's Death

HAVANA (AP)— The newspaper Revolucion published a front page note Wednesday on a rumor that circulated in Havana and abroad that Prime Minister Fidel Castro had been assassinated.

It said Castro is in perfect health but added that "in Cuba it is perfectly well known that the plans of the CIA—U.S. Central Intelligence Agency — include an attempt against Fidel's life."

Wanted A Daughter; She Came Too Late

WILLOUGHBY, Ohio (AP)—Glen J. Medlin, a city road foreman at nearby Eastlake, wanted a baby girl with all his heart. He had picked a name—Donna Jo.

Medlin, 58, had fathered nine sons. Six, grown and married, were born to his former wife. Three, aged 9, 7 and 2, were at home.

Saturday Medlin died, shortly after he was admitted to a hospital.

Monday night his wife, Jean, 32, gave birth to a baby girl at the hospital. She named her Donna Jo.

Material To Get 'Chewing' Test

MANCHESTER, England (AP) —The Chamber of Commerce textile testing house says it needs 200,000 moths of the cloth-chewing variety.

It wants to try them out on samples of materials said to be mothproof.

Farm Pac Blue Ribbon Beef Means Better Beef for You!

Selected from Heavy Grain Fed Cattle - USDA INSPECTED

Farm Pac Blue Ribbon Beef is carefully selected grain fed beef that has been fully - aged in a scientifically controlled chill room. It has the best features of Choice and Good Beef, not fat and wasteful, but lean with plenty of good marbling. It has been U. S. Government Inspected and is Unconditionally guaranteed by Furr's Super Markets. It has been table trimmed of excess fat and bone before you buy. For consistantly good taste, tenderness and economy, you just can't beat Furr's Farm Pac Blue Ribbon Beef!

AF Lists Moving Islands Among It's Many Talents

By DON McKEE

TURNER AIR FORCE BASE, Ga., (AP) — Moving the Grand Bahama Island could be listed as one accomplishment for the men of the 1370th.

The shift was done on maps after the Atlantic Missile Range was surveyed by the 1370th Photo Mapping Wing of the Air Photographic and Charting Service.

This project, born of need to meet precise guidance requirements of missiles, sharpened considerably the accuracy of the Atlantic range by uncovering mapping errors.

They found Grand Bahama six miles out of position on maps then in use; Cuba misplaced by sixth-tenths of a mile and other points erroneously located on maps.

One major survey of the 1370th was charting of the North Atlantic to link accurately the North American and European continents. Covering 2,000 miles, it was accurate within 34 feet.

"It provides the basic geodetic link for our missile strategy," said Col. Kendall S. Young, commander of the 1370th.

From polar icecaps to desolate peaks in South America; from New Guinea jungles to barren Pacific atolls — the men of the 1370th measure the world, bit by bit.

Sometimes it's lonely.

"For five months I saw only one bird," said M Sgt. Thomas Fenton telling of his experiences on Greenland's icecap. Ground crews of three men usually spend about three months at a station, living in tents.

Sometimes there's too much company.

"A whole tribe of natives, painted and armed with spears, bows and arrows, surrounded our three-man station on an island near New Guinea," Col. Hugh W. Bell said.

"They were obviously disturbed about something."

So were the three Air Force crewmen.

"To keep the tribesmen from exploding, the ground crew gave away nearly all their food," Bell said.

The natives usually are friendly. It is the elements, insects, snakes and other animals that usually bother the ground crewmen.

In Brazil, the snakes were a menace. In the South Pacific, it was the birds. A new project in Ethiopia has a proposed ground station on a 15,000-foot peak.

"Even breathing might be a problem," said M. Sgt. Donald B. Rider.

Much of the 1370th's work is done to help other countries find out what they look like.

Aerial survey teams are working in Colombia, Panama, Costa Rica, Honduras, British Guiana, Nicaragua, Guatemala and New Guinea.

Projects have been complete in and around Brazil, the Hawaiian Islands, Alaska, the Aleutians, Iceland, Greenland, the Philippines, Greece, Spain, Italy and Norway.

The men of the 1370th still have plenty of work ahead. Only about 40 per cent of the globe has been mapped.

Higher Earnings Are Reassuring

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Business has caught its second breath in the current long upswing and this week is showing it where it counts: increased earnings. The reports are impressive and reassuring.

Profits are at record highs for a long list of companies, large and small. Most reflect increased sales and production. Cost cutting and automation play a big part.

Also reassuring for the immediate future is that for many corporations the big gain in profits over the previous year came in the final months of 1963. Executives say they expect the trend to continue for a while. The profit boosts came after a breather in the early months of 1963.

Some leading industries are almost unanimous in reporting record or at least greatly improved earnings: steel, oil, railroads, business machines and utilities. Giants in the motors, glass and chemical industries report good gains in 1963. Some of these climbed to record heights.

The flood of annual statements is just starting. But early reports of some companies and those of many with fiscal years ending before the calendar one give a preview. The final tally seems sure to show that 1963 was the best year yet for business profits in aggregate.

Among the biggest saying 1963 easily topped 1962 are General Motors, AT&T, Jersey Standard Oil, U.S. Steel, IBM, Du Pont, Pennsylvania and New York Central railroads, and Consolidated Edison and Public Service E&G utilities.

Other giants among the steels so far to report better earnings than in 1962 are Republic, National, Youngstown Sheet & Tube, Inland, Armco.

Big oil companies enjoying a more profitable year include Texaco, Socony Mobil, Shell, Gulf, Cities Service, Sinclair, Sun, Marathon, Phillips.

International Harvester, Caterpillar Tractor, Massey-Ferguson, Johns Manville, Carrier, Monsanto Chemical, Koppers, Firestone all report increased earnings. So do Douglas Aircraft and Continental Airlines.

The wide lead of increases over declines for business as a whole affirms the health of the economy at the moment. It also shows that many companies have learned to translate increased production and sales into higher profits — something a lot of them didn't do a year earlier. And it also bolsters the confidence with which many face 1964 and plan for future growth.

FB Wants Less Support For Cotton

By OVID A. MARTIN

WASHINGTON (AP) — The American Farm Bureau Federation charged today that the problem of cotton being priced out of competition with manmade fibers and cotton produced abroad was created by Secretary of Agriculture Orville Freeman.

The federation said so in a statement prepared for a Senate Agriculture Committee hearing on bills designed to make cotton more fully competitive. The administration has indicated it favors use of payments to overcome effects of a two-price system on domestic mills.

Under the existing program, cotton is supported by rates set by Freeman at levels of about 8.5 cents a pound above world cotton prices and several cents a pound above domestic prices of manmade fibers. Foreign buyers get U.S. cotton at world prices through the operation of a subsidy paid to exporters.

The Farm Bureau said that had Freeman carried out the intent of cotton legislation enacted in 1958, the fiber crop would not now be losing markets. When he became secretary, Freeman increased price supports, an act that widened the price advantage of foreign cotton and synthetic fibers over U.S. raw cotton. Freeman said he did this to improve growers' income.

The House has passed a bill which would make cotton available to domestic mills at prices on a par with those paid by their foreign competitors. Government payments would be used to do this. Price supports would not be reduced. However, Freeman has indicated he favors a plan which would allow some reduction in price supports. Resulting grower loss of income would be made up in the form of compensatory payments to growers.

The Farm Bureau said it opposes payments either to the trade, mills or growers.

Instead, it said, Congress should enact legislation which would in effect require Freeman to carry out what it said was the intent of the 1958 Cotton Act—that is, gradually reduce price supports to a point where they were in line with world prices, making possible the eventual elimination of payments of any kind.

Mexico Cattlemen To Get Assist

MEXICO CITY (AP)—Ranchers are being offered a 50 per cent cut in export taxes in a move to spark Mexican cattle sales.

The Treasury Ministry announced the cut and said it would be available to ranchers who fatten their cattle for at least two months in government-controlled corrals.

These corrals will be set up close to the U.S. border in the states of Sonora, Chihuahua, Coahuila, Nuevo Leon and Durango.

A ministry spokesman said cattle exports were down in the first nine months of last year. Figures for the entire year were not available.

Kennedy Honored With New Stamp

WASHINGTON (AP)—A five-cent stamp in memory of the late President John F. Kennedy will be issued on his 47th birthday anniversary, May 29, Postmaster General John A. Gronouski said Wednesday.

The president's widow chose the date and will choose the design.

PLAY PIGGLY WIGGLY'S

BEVERLY HILLBILLIES GAME

WIN UP TO $200

PLUS FREE! GOLDEN JALOPIES FOR THE KIDS

WIN ONE of MANY 21" ADMIRAL COLOR T.V.'S

CASH WINNERS DAILY

HERE'S HOW TO PLAY:

VISIT PIGGLY WIGGLY AND RECEIVE A BEVERLY HILLBILLIES GAME TICKET. Take it home with you, wipe off the black squares by rubbing with tissue or cloth, using any household oil, margarine or butter. CASH WINNERS UP TO $200.00 will be indicated on the face of the ticket.

Underneath the black square on the car radiator, there will appear the name of one of the four members of the Clampett family. Collect one each and win an ADMIRAL COLOR TV SET, retail value $500.00.

Reverse side of ticket will show a variety of numbered pictures. A complete set of ten consectively numbered pictures entitles you to win a miniature golden charm replica of the BEVERLY HILLBILLIES CAR.

Persons under 16 years of age and employees of Piggly Wiggly and their immediate families are not eligible to play.

RETURNED TO JAIL—Jack Ruby, Dallas night club operator charged with the slaying of the accused assassin of President Kennedy, is returned to Dallas County jail after undergoing psychiatric examination at a Dallas hospital. Ruby was met by newsmen on his return to jail but refused to answer questions. Sheriff's Deputy O. G. Smith is at right. (AP Wirephoto)

Saturn's Next Load Model Moon-Craft

CAPE KENNEDY, Fla. (AP) —Next assignment for the Saturn 1 rocket, newly - crowned weight - lifting champion of space, will be to loft into orbit a model of the Apollo man-to-the-moon spacecraft.

The launching, scheduled here in April, will be a step toward the U.S. goal of landing men on the moon in this decade.

Wednesday the Saturn 1 performed flawlessly on its first full-scale test flight, propelling into orbit a 37,700-pound satellite, the world's heaviest. For the first time the rocket generated full first stage thrust of 1.5 million pounds and carried a live second stage powered by liquid hydrogen.

After watching the launching on television, President Johnson issued a statement in Washington describing it as a "giant step forward for the United States space effort."

Robert Seamans, associate administrator of the National Aeronautics and Space Administration, said he hoped the flight "will give the nation confidence that we can carry out the manned lunar landing mission in this decade and will support this important step in a continuing program."

Wernher Von Braun, chief of the Marshall Space Flight Center which is developing the Saturn rockets, said:

"We are now ahead of the Russians in cargo carrying ability. They have orbited payloads on the order of 15,000 pounds. Saturn 1 gives us the capability of orbiting 19,000 to 20,000 useful pounds."

Von Braun estimated the biggest Russian booster rocket has a thrust between 700,000 and 900,000 pounds, and he said there is no evidence the Soviets have made progress with liquid hydrogen fuel for upper stages. He cautioned that Russia's plans are shrouded in secrecy.

The United States is developing the massive 7.5 million-pound-thrust Saturn 5 to hoist three-man astronaut teams to the moon.

The Saturn 1 flight provided valuable experience in handling complex multistage rockets with gigantic power.

One Dead, Two Hurt In Albany Crash

ALBANY, Tex. (AP)—The collision of a car and a pickup in heavy rain west of here left two Michigan residents and a Texan dead Wednesday night.

James Winzer, 46, of Roby, Tex., died a few hours after the collision.

Dead on arrival at a hospital were Peter Sinke, 55, and his wife, 52, of Holland, Mich.

Winzer was riding with his elderly parents, Mr. and Mrs. J. E. Winzer of Roby, who suffered injuries.

Come Here, Fellows I Found The Spot

CASPER, Wyo. (AP)—Jack Denny, a city public utilities inspector who checked out a water main leak Wednesday, guessed the location pretty accurately.

He parked his truck and climbed out to look around just as the pavement collapsed. It took two hoist trucks to lift his truck out.

Begins Talk On Tax Bill

WASHINGTON (AP) — The Senate begins debate today on the $11.6-billion tax cut bill and administration forces are confident it will be passed overwhelmingly, probably late next week.

Several floor fights are in prospect before the final vote, but the major rate cut provisions of the bill are expected to survive.

These provisions will mean substantial savings for practically every individual and corporate income taxpayer in the nation.

President Johnson has put the bill at the top of his legislative list along with civil rights and has made repeated public and private appeals for early action. The administration claims a tax cut would spur economic growth and cut into unemployment.

The Treasury Wednesday released new tables showing what savings the committee's version would mean for a four-person family which files a return with itemized deductions.

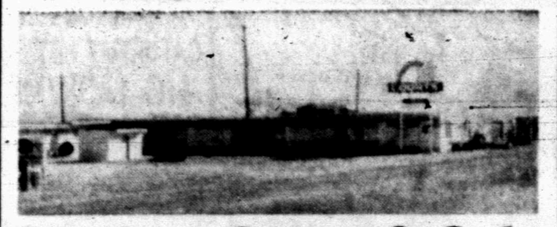

The tax cut would be $82 for such a family with $5,000 income, $159 for one in the $7,500 bracket, $287 for one with $12,500 income, and $5,542 for a $100,000 family.

Siamese Twins Live Less Than Hour

PITTSBURGH, Pa. (AP)—Siamese twins were born at nearby St. Clair Wednesday and died within the hour, a hospital spokesman said.

The location of the juncture was not disclosed, nor was the sex of the babies or the identity of the parents.

GOPs Polishing Biggest Artillery

By HARRY KELLY

WASHINGTON (AP) — In rallies across the land, Republicans rolled out their biggest guns, stocked their war chest and thundered the theme of their campaign attack on President Johnson.

They also heard a go-to-the-people strategy outlined by former President Dwight D. Eisenhower.

The GOP leaders pictured Johnson as master of a political shell game, as hoodwinking the public and as a stunt man "riding two horses going in the opposite directions."

All the names were at one or another of the 21 rallies — candidates, possible candidates and former candidates.

But the star attraction Wednesday night was Eisenhower, the only Republican to gain the White House since 1933.

He told the party, via closed-circuit television hookup from Detroit, that the GOP should do something to improve "the acceptability of our party to the public."

He urged a party-to-people system of roundtables and forums to help produce a "Republican people's platform" for the convention in August.

These panels, he said, would teach, as well as learn, and build an avenue of political understanding and cooperation.

The dinners were heralded as "go-day rallies."

Speaking in Cleveland, GOP National Chairman William E. Miller explained it this way: "This is the starting line from which we will race down the length of the track, to cross the finish line in victory in November.

"It may be a photo finish. I'm not going to stand here and tell you that this critical campaign will be any walkaway.

"But if we get off the mark tonight and keep driving, we will win."

The Republicans got off at least one mark, their aim to wipe out a $225,000 deficit left on the books from the 1960 presidential campaign. Apparently they did it with money to spare.

Although a spokesman said it was too early to make a tally, the advance sale for Eisenhower's Detroit speech was reported as $300,000. In Cleveland, an overflow crowd of 2,700 paid $100 a plate. The Los Angeles dinner where Gov. Nelson A. Rockefeller of New York spoke raised $126,000—half for the national treasury. In New York, the party netted about $213,000.

Generally the words were tough as the Republicans rallied themselves for the battle ahead.

Prepares To Circle Globe

COLUMBUS, Ohio (AP) — A 38-year-old Columbus housewife is brushing up on her instrument flying before trying what no woman ever has accomplished — flying an airplane alone around the world.

Mrs. Jerrie Mock, an active pilot for eight years, says she plans to circle the globe in a single - engine Cessna airplane within the next few weeks.

She estimates the trip will take approximately three weeks.

It was 27 years ago that Amelia Earhart attempted the trip on what proved to be an ill-fated flight for her and her navigator, Capt. Fred Noonan.

Mrs. Mock's proposed route is similar to Miss Earhart's, but with slight variations to accommodate present air regulations over various countries, and to take advantage of newly established electronic navigation facilities.

"The trip should be routine," Mrs. Mock says.
