FAIR DATES NAMED—Hood Wills, president of the North Plains Fair Association, points to the dates set Thursday night for the second annual North Plain Fair—August 20-21-22, 1953.

August 20-21-22 Set As Date For Annual North hPlains Fair

August 20-21-22 was set as the date for the second annual North Plains Fair at the meeting of the fair committee Thursday night.

Considerable discussion was held regarding moving the date into September, but the committee felt that the fair should be held before the Tri-State Fair in Amarillo in September, and earlier dates that month would conflict with fairs in Beaver and Liberal.

John Mayfield, Chamber of Commerce manager, was named general manager of the fair.

Superintendents are: Livestock Percy Powers; Agriculture and Horticulture, Delbert Timmons; Fine Arts and Home Demonstration, Mary W. Jones; Youth Activities, Josh Hopkins; Education, Gilbert Mize; Hobbies and Miscellaneous, Mrs. R. H. Holland.

An executive board meeting will be called in the near future by Hood Wills, president of the fair association, to lay further plans for the fair program, make arrangements for printing the catalogue, and work out other details for the fair.

There were representatives from seven organizations present for the fair meeting.

Canyon Man Buys Western Auto Store from Smith

Tom Knighton, formerly of Canyon, has purchased the Western Auto store from Glenn Smith, and took over the business firm this week.

Knighton is a native of Canyon, having attended high school there, and graduated from West Texas State College with the class of 1949.

A World War II veteran, he served in the Far East with the 11th Airborne Division as a sergeant. Mr. and Mrs. Knighton and son, Jeff, five months old, make their home at 1314 S. Fordham.

He is the son of Mr. and Mrs.

Golf Banquet Set Monday Night At Coffee Shop

The annual banquet of the Perryton Country Club will be held Monday night in the Harvester Room of the Hotel Coffee Shop and all golfers of Perryton are invited to attend.

Tickets went on sale last week and may be purchased at $2 per plate from John Bolin, Frank Ferguson, Bill Gray or A. C. Witt.

The annual election of officers will be held at the banquet, along with any other business of the club.

Highlight of the affair is to be the showing of motion pictures made of every golfer who participated in the recent city tournament, plus many more whose pictures were made at a later date. Every golfer, whether duffer or expert, has had an action picture made, in color, and an advance showing of this picture indicates that the film alone will be worth the price of the banquet plate.

The golf professional of the Liberal Counry Club has been invited to appear on the program but secretary John Bolin said no acceptance has been received as yet.

The banquet begins at 7:30 p. m. Monday.

Can't Tell Who Gets Hot Checks Nowadays

You can't tell who's going to get a hot check these days.

One would certainly suppose that the sheriff of Ochiltree county would be as "hot check proof" as anyone. But he isn't.

During the rush of license plate sales last week, Sheriff Ray Phagan's office gathered in seven checks which bounced right back, marked "insufficient funds," "no account" or some other usual reason for non-payment.

"I'm either going to collect the money, take back the plates, or have someone in court," the irate sheriff declared.

School Trustees Named In Light Saturday Vote

Ochiltree county voters named three sets of school trustees in a light election Saturday which saw only 45 votes registered at the Perryton school, largest voting box of the day.

Gene Akers with 45 votes and C. W. Foote with 44 were elected to the board of trustees of the Perryton Independent School District. Wesley Bryan got one write-in vote.

At Waka, David Burger and Carl Scroggs were elected to the board, each receiving 17 votes. J. R. Stump, a write-in candidate polled 12 votes, and C. J. Frantz, Jr., received 6 votes.

In the county school board election, Virgil Olmstead was reelected to represent precinct 2 and J. H. Calliham was returned to the board from precinct 4.

Olmstead received 13 votes at Waka and 21 at Perryton. Calliham received all three votes from precinct 4, with the voters casting their ballots at Perryton.

Farm Machinery Auction Sale Here April 20

A big farm machinery auction, with new and used items of virtually all types of farm equipment, will be held Monday, April 20, at the county fairgrounds.

Consignments have been received from dealers and individuals of the Perryton area and articles will be accepted for consignment until sale date, according to Vern Conner, sales manager.

There are new and used trucks and pickups listed; along with plows, tractors, appliances, combines, drills, and a variety of miscellaneous articles such as air compressors, grain loaders, weed sprayers, stock racks and disc sharpeners.

Financing is available on several of the items.

Lunch will be served at noon by the Jennie June Club of Perryton.

Cecil Dobbin of Colorado Springs will be auctioneer for the sale.

Red Cross Bloodmobile Unit Returns Wednesday With Goal of 150 Pints

ME Church Headquarters For Drive

The Red Cross Bloodmobile will return to Perryton next Wednesday, April 15, for a one-day stand to collect more blood for the U. S. Armed Forces, and incidentally, to add to the nation's supply of gamma globulin, the newest hope in the nationwide fight against polio.

The Bloodmobile unit, which paid its first visit here last August, will be set up at the basement of the First Methodist church . . . and at least 200 volunteer blood donors are needed. Hours for the unit are from 9 a. m. to 3 p. m.

Ochiltree county's goal will again be 150 pints of whole blood according to Mrs. Max Boyer, blood drive recruiting chairman. That is the amount given by local donors six months ago.

All workers who helped in the kitchen, canteen, and at the registration desks in the previous drive have been asked to help again.

Mrs. Vance Apple and Mrs. Cecil Dodd are assisting Mrs. Boyer in the recruiting campaign for blood donors.

Three priorities have been set up for the blood collected thru Red Cross channels. First is blood to meet the needs of the Armed Forces; second is the blood used for gamma globulin in the fight against polio; third is the use of blood for civilian sickness.

The current blood drive program has the endorsement of the civic clubs and veterans organizations, as well as the citizens across the nation.

Appointments for contributing a pint of blood may be made by calling Mrs. Max Boyer, 4091; Mrs. Cecil Dodd at 4451; Mrs. Vance Apple at 5341; or the Red Cross office at 3581.

See No. 2, Page 8

Both Councilmen Returned to Posts

Jim Anderson and G. T. Leatherman were returned to offices on the Perryton city council in the city election held Tuesday.

Anderson received 45 votes and Leatherman 44 in the light balloting during election day.

Both men will serve a two year term on the council.

Holdover members are mayor Drew Ellis, councilmen Dean McCutcheon and Clyde Cofer.

(Herald Staff Photo Engraving)

BOOST BLOOD DRIVE—Mrs. Cecil Dodd, left, and Mrs. Max Boyer, right, show posters being placed in Perryton this week boosting the Red Cross blood drive scheduled next Wednesday, April 15, at the Methodist church basement. Goal for the county is 150 pints of blood for the armed forces and for the gamma globulin supply to combat the summer polio threat.

Perryton Is Site for Angus Sale at Fairgrounds April 17

The North Plains Aberdeen-Angus Breeders Association will hold a range conditioned Angus sale at the county livestock building on Friday, April 17, with 100 head of registered Angus cattle going through the sales ring.

Several head of commercial females, along with pens and groups of Angus cattle will be offered.

Vern Conner of Farnsworth is the sales manager and Cecil Dobbin of Colorado Springs, Colo. is the auctioneer.

There are 50 registered females and 50 registered bulls included in the consignment list.

Among he consignors are Jerry Lynn Alderman, Booker; Laverne Burris, May, Okla.; L. R. Conner, Farnsworh; Billy Lynn Conner, Farnsworth; Odell Daniels, Goodwell; Aubray Erhart, Guymon.

Fischer Wheatbowl Farms, Hooker; Edward Fischer, Optima; Oscar Flowers, Perryton; Lakeview Farms, Woodward; Byron Miller, Forgan; Roger Pearson, Perryton; Percy Powers, Perryton; Cecil Regier, Perryton.

Horace Smith, Carter, Okla.; Bill Stockstill, Pampa; A. L. Swink, Perryton; George Travis, Follett; and James T. Wright, Perryton.

The sale begins promptly at 1 p. m. in the new building constructed last summer at the county fairgrounds west of Perryton.

Light Rainfall In Perryton Area

The Perryton area shared in the Panhandle-wide rainfall on Sunday and Monday, with a total of .24 inch recorded. Of this amount, .22 inch fell Sunday and another .02 inch came Monday. This moisture was of great benefit to the wheat fields, although more would have been appreciated. Every county in the Panhandle received rainfall over the weekend, and amounts came in Beaver county ranging from a quarter-inch to one inch.

Perryton Man Named Supt. of Booker Schools

John W. Barnes, former head of the Perryton High School vocational agricultural department and now employee of the Osborne Lumber Co., has been elected superintendent of the Booker Independent School system, according to Virgil Doerrie, school board president.

JOHN W. BARNES

Barnes will assume his new duties on July 1.

The Booker school system has 15 teachers and offers a full accredited course from first thru high school.

Booker's new superintendent came to Perryton in 1948 and taught here until last year when he accepted a position with Osborne Lumber Co.

He has his masters degree from Sam Houston State College.

They will move to Booker, soon, Barnes said. Mrs. Barnes is at present head of the Perryton High English department.

Services Held Sunday for Milam Cudd

Funeral services were held Sunday afternoon at the First Methodist church for M. M. Cudd, Perryton's city secretary, who died in a local hospital Friday, April 3, after an illness which had kept him in the hospital for several weeks.

He had been in failing health with a heart ailment for the past year.

Born July 28, 1888, Marion Milam Cudd came to Perryton in 1926 and worked at the Equity and as county tax assessor before being elected to the office of city tax assessor in 1931. He served in that office for two terms and was elected city secretary in 1938, holding the office until his death.

Rev. S. M. Dunnam of the Methodist church conducted the final rites. Active pallbearers were H. C. Brillhart, Calvin Flowers, V. C. Steele, Paul Bowen, J. B. Whigham and Herb Graham.

Honorary pallbearers were J. W. Herrell, Harold Gibson, J. W. Sims, A. C. Witt, W. E. McMillen, James Brillhart, P. W. Wermcke.

See No. 1, Page 8

Perryton Teams To Canyon for District Meet

Track, tennis and volleyball teams from Perryton high school will compete against other schools of this area in the district meet at Canyon on Friday and Saturday.

Coach Ernest Kendrick will take the following members of the track team: Laurel Lovett, Gene Good, Don Hulsey, Billy McLanahan, Gene Devers, Jimmy Todd, Larry McLeod, Don Dear, Marvin Flowers, Jack Wright, Bob Williams, Tommy O'Dell, Ed Cummings and Don Cooper.

Coach Verdell Turner will take Ronnie Witt and Bob Schroeder as the tennis doubles team and Billy Farrington as the singles tennis entry. Alternates are Gene Burkhart and Donald Patton.

The girls tennis team is composed of Elaine Clack and Ann Osborne.

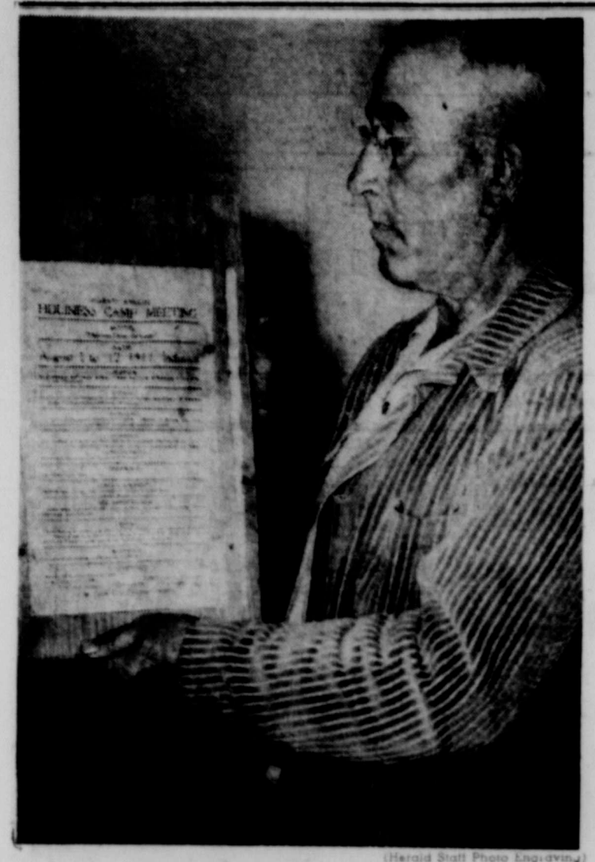

Girls volley ball team is composed of Marilyn Richardson, Joan Johnson, Arjean Clark, Norma Rifenburg, Donna Swink, Kay Cayler, Janice Miller, Elaine Clack, Myrtle Pearson and Margaret Thompson.

The boys volley ball team is Leland Drennan, Bill Thrasher, Cecil Hurst, Billy Farrington, Gene Devers, Billy Drake, Don Dear, Tommy O'Dell and Landrum Osborne.

(Herald Staff Photo Engraving)

READY FOR BUSINESS—Coaches Duane Byars and James Peterson were busy this week unpacking football togs for the 1953 Rangers, who open spring training next Tuesday, April 14. The Rangers are long on backs and short on linemen, but prospects are not at all bad this fall, Peterson says.

(Herald Staff Photo Engraving)

OLD CAMP MEETING—C. E. Presnall holds a copy of a handbill advertising a Holiness Camp Meeting near Gray on August 1-17, 1913. The 40-year-old handbill was found in the walls of the old Nazarene church building, owned by Presnall and wrecked about two weeks ago.

Forty Year Old Handbill Found In Walls of Wrecked Church

C. E. Presnall found a 40-year-old handbill recently in an old church building he was wrecking, indicating that a camp meeting in those days was one of the big events of the season.

The handbill, found between the studding in the old Nazarene church building, advertised the 7th annual Holiness Camp Meeting, August 1-17, 1913. The building was built in Ochiltree with Clyde Cofer as foreman and moved to Perryton in 1919. It has been located at 413 SE 2nd avenue and was used by the Fellowship Baptist church for several years.

It was purchased by Presnall in 1950 and rented to the Fellowship Baptist church.

Location of the camp meeting was given as 6½ miles east and 1 south of Gray, or 6 south and 1 west of Balko, or 9 west of La-Kemp, Okla.

Other pertinent information:

Object: Justification of Sinners, Sanctification of Believers, Divine Healing and Second Coming of our Lord.

Workers: Rev. L. B. Worcester, of Tabor, Iowa and R. C. Oldham of Archola, Mo.

Missionary: F. L. Smelser of Yokohoma, Japan and others expected.

Song Service conducted by home workers and J. V. Ferguson.

Organists: Zoe Collins and Glada Kenagy.

Entertainment: All preachers will have free entertainment.

Accomodations: Common table, supported by subscription by those who camp on the grounds. Others who desire meals, 25¢.

Tents: Those desiring tents place your order with J. W. Ferguson, Gray, Okla. 10x12 $2.50.

Invitation: To all of God's Children and Especially the Sinners.

J. M. Zook, C. E. Stagner, pastors.

Two Herald Men In PPA Offices

The Herald had two staff members elected as officers of the Panhandle Press Association convention in Amarillo Friday and Saturday.

Harold Hudson, Herald editor, was re-elected secretary-treasurer of the association and Paul Loftin, advertising manager, was elected to the board of directors.

W. Glynn Morris of the Amarillo Globe-Times was elected president of the association and Ben Ezzell of the Canadian Record was named vice president.

The convention was held Friday and Saturday in the Herring Hotel and was attended by approximately 225 Panhandle newspaper people.

Wilma and B. R. Pletcher, Jr. left Sunday night for Goshen College, Goshen, Indiana where they are enrolled, after spending the Easter holidays with their parents. Elizabeth Janzen and Allen Gingerich accompanied them. They are also students at Goshen. Miss Janzen was a guest in the Pletcher home over the holidays.

Mr. and Mrs. Warner Lehman and family of Holyoke, Colo. were guests of his parents, Mr. and Mrs. John Lehman of Gray, Okla., during the Easter holidays.

Celebrating VIRTUE'S "Coming of Age" Year

HOME FROM KOREA—A-2C Jimmie Witt, son of Mr. and Mrs. Cecil Witt, returned April 1 from service in Korea, where he had served for the past year. After a 30-day furlough, he will be reassigned to Pinecastle AFB in Orlando, Fla.

Soil Field Day Set April 17 At Lipscomb

A Soil Field Day and Land Judging Contest will be held Friday, April 17, beginning at 11 a. m. at Lipscomb.

Paul Haines, soil and water conservation specialist for the Extension Service, will be present to give instructions and assist with the contest. He is expected to stress treatment of land in order to get rid of hard pan.

Haines will be assisted by Louis Jacquot and M. C. Sparr of the Soil Conservation Service.

Visits will be made to at least three farms and the land will be judged at each place. Surface texture, subsoil permeability, depth of soil, soil erosion by water, wind erosion, drainage, land class and recommended treatments will be considered.

Lipscomb county HD Clubs will serve lunch in the community building in Lipscomb at noon.

A total of $100 in prizes will be given in the judging contest by the Soil Conservation District. Prizes are $25, $15 and $10 for adult competition and the same for FFA and 4-H Club boys.

Guests of Rev. and Mrs. J. W. McKinney during the Easter holidays were their daughters and families, Dr. and Mrs. L. G. Ballard and Jim of Ft. Worth and Mr. and Mrs. Bill Bachman and Mary Ann of Oklahoma City.

Ennis Burl Parsons, stationed with the Marine Corps at China Lake, Calif., has returned to his base after a 30 day furlough with his parents who live in Liberal, Kansas, his grandmother, Mrs. Myrtle Collingsworth and his uncle, Tip Collingsworth. Pfc. Parsons has been stationed at China Lake since May 1952.

City Airport Produces Alfalfa

TOPEKA, Kans. (AP)—Alfalfa grown on the city airport this year produced $7,923 in revenue for the city, according to the Municipal Finance Officers Association.

In an unusual arrangement with a local dehydrating company, alfalfa is planted on available portions of the airport. The company harvests the crop and after planting costs are paid, the city and company share equally in the income. The city spends no money or effort in the entire operation. This year 405 acres were planted.

Modern Turkey has macadamized the 160-mile highway from Ankara down across the high plateau of Anatolia to Iconium, now known as Konya.

In 1910 farmers made up about 40 per cent of the U. S. population.

Perryton Juniors Take Two Divisions In Track Meet

Perryton's 6th and 8th grade track teams won top honors in the meet at Ranger Field Wednesday afternoon, while the 7th grade team finished third behind Canadian and Gruver.

The 8th grade team compiled 40 points to 21 for Canadian and 7 for Gruver.

The 6th grade team had 31½ points, while Canadian had 27, Booker 4½, Turpin 3, Balko and Gruver none.

The 7th grade had 7½ points, while Canadian won with 39, and Gruver was second with 9.

The following results were recorded:

Sixth Grade

50-yd. dash: 1. Rackley, Canadian; 2. Apple, Perryton; 3. Abraham, Canadian; 4. Kile, Perryton. Time, 6.8.

Dollar Started Century-Old Village

CENTRALIA, Ill. (AP)—Little Maeystown—on a site Jacob Maeys bought for one dollar in 1848, observes its 100th anniversary this year. The village in the hills of Southern Illinois now is headed by Jacob's son, Mayer Ed Maeys.

Hunter Makes Three Mistakes

HELENA, Mont. (AP)—County Sheriff Dave Middlemas here took into custody a 20-year-old hunter who admitted shooting two elk intentionally before shooting himself accidentally.

The sheriff said the hunter first shot a cow elk and when he started to dress it a big bull elk came out of the woods. The hunter downed the bul, finally killing it with a shot in the head. Then the hunter admitted shooting himself when he jammed the .22 caliber pistol into a hip holster.

The sheriff said he got into the case when the hunter, after medical treatment, hauled the bull away but left the cow where it was shot—undressed, a Montana game law violation.

Virtues Has Anniversary Bargains Here

The Virtue store in Perryton is cooperating with other Virtue stores throughout this area in celebrating the company's 21st birthday. Because of the twenty-one years of service the general theme for the year's celebration is to be called "Virtue's Coming of Age Year."

In order to make this event a home town one, Virtue's are beginning on April 10th with a Perryton Week celebration. This will mark the beginning of Virtue's Coming of Age celebration in Perryton.

Virtue buyers have been combing the markets to find suitable values for this event. Every department is crammed full of fine values.

According to Carl Barrett, this event will furnish the folks of Perryton an opportunity to buy nationally advertised merchandise that is of known top quality, at real savings.

Besides Mr. Carl Barrett, the Virtue store in Perryton has eleven, employees. They are Lovetta Johnson in the fabric department; Sarah Cook in the lingerie department; Thelma Daniels in the hoisery department; Reba Williams in the domestic department; Ruby Phelps and Neoma George in ready-to-wear; G. L. Patton, Alf Pittman and Ted Lewis in the men's department and Mary Gooch alterations. ment; Clara Spradling, cashier

Free Civies For French Vets

PARIS (AP)—Communist deputies are introducing a bill into the National Assembly which would give each discharged French soldier a Sunday suit and two sets of working clothes, and a pair of "best" shoes and some working boots.

French conscripts are paid about 5 American cents a day during their term of service. The Communists point out this does not permit them to save to buy clothes on their return to civilian life.

Guns Best Answer

MANILA (AP)—The chief of the Defense Department's civil affairs office says the solution of the 7-year-old Communist problem in the Philippines is in sight.

Maj. Jose Crisol says that "while words of truth and food packages were excellent weapons against an active, lying, rabble-rousing enemy, military efforts reduced the militant aspect of the Communist movement to impotency."

Here's Packard's new medium-priced car!

The New Packard CLIPPER

Here's your opportunity to own and drive a really fine automobile at only a few hundred dollars more than you'd pay for a car in the lowest-price field!

IN ALL TRUTH, the new *Packard* CLIPPER is enjoying public response—far beyond expectations.

Because the value is there, the price right.

How can Packard deliver so much big-car value and performance at medium-car prices?

FIRST: It's Packard engineering—traditionally fine, historically dependable. Packard, you remember, is the oldest maker of fine quality cars in America.

SECOND: Packard occupies a unique manufacturing position, for Packard alone with 54 years' experience in fine car building, combines craftsmanship of the highest character and modern mass production techniques to produce greater values.

In addition to greater values, you get Packard's contour styling that is setting the new trend in automotive design. You get the smoothness and comfort of the famous Packard ride, too—*real big-car ride!* You get the unforgettable whip-quick pull and zoom of the famous Packard Engine—*real big-car power!* In all, you get 70 big-car features.

So if you plan to buy a car in the $2500 price class, be sure to see and drive the new *Packard* CLIPPER and compare it with other medium-priced cars. Make an appointment with your Packard dealer soon.

New Packard CLIPPER

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today!

Mothers Favor Less Whiskey

RIO DE JANEIRO (AP)—Rio de Janeiro mothers have sent a petition to President Vargas asking for less whiskey and more milk.

They want the import-export commission to permit the importation of various types of special powdered milk not manufactured in Brazil. The importation was stopped in connection with a "Buy Brazilian" policy.

The mothers think it curious that the importation of milk powder was banned "while every bar in Rio de Janeiro carries stocks of imported whiskey."

It is estimated there are now 21 million bicyclists in the United States.

The Ainu of Northern Japan are believed to be descendants of the primitive Neolithic inhabitants of the country.

does your Dining Set limit your guest list?

THE NEW Folding CHAIRS are the answer!

Need six chairs but have space for only four? That problem is now solved with the revolutionary new Folding Chairs — the only folding chairs that look like regular chairs.

The New Folding Chairs are authentically-styled period chairs, that match regular Dining chairs, but fold away for easy storage! Just as easily as adding another leaf to your table, you can add these new folding chairs to your setting, without spoiling your decorator effects. Matching chairs that fold are the perfect answer to your space problem. Come in and see them today.

Mr. and Mrs. Terry Yates and girls, Mr. and Mrs. Dale Turner and family and Mr. and Mrs. Marion Palmer enjoyed homemade ice cream last Saturday evening with Mrs. L. D. Turner.

Three thousand pounds of pepper were part of the ransom of Rome when beseiged by Alaric in 408.

Pecos Rancher Builds Large 'Beef Plant'

PECOS (AP)—A $50,000 "beef plant" to fatten out livestock is being built in the Pecos irrigation area by Paul C. Davidson of Clint.

The first big individual feedlot in this area, the new project is in sharp contrast to the range grazing that has been used in this section of Texas since pioneer days.

The development of underground water for irrigation since World War II has resulted in 90,000 acres of Reeves County land going under the plow. Great ranges that once were arid expanses are now cotton fields.

But Davidson believes cattle feeding has a definite place in the future of the Pecos area and with cotton surpluses piling up, he believes cotton will give way to livestock feeds.

On his 1,600-acre irrigated farm south of here, Davidson already has 2,000 head of cattle on feed, the majority of them his own. And he has room for many more.

Davidson has already completed 18 large pens, each 75 by 200 feet, and has a number of smaller pens. The heart of his feeding operation is his feed mixing plant which has a storage bin capacity of 160,000 pounds of grain or meal and 4,500 gallon storage tank for blackstrap molasses.

At a flip of swith, Davidson can mix four different kinds of feed and the molasses in his plant. Different switches regulate the proportions of the mix and a time clock controls the duration of the mixing process.

In addition to his bins, Davidson has 240,000 pounds of grain in open storage. He wants to be sure to have enough to tide him over in case of seasonal shortages.

His current formula for fattening cattle is 10 pounds of grain to two pounds of meal, four pounds molasses, three pounds ground alfalfa, and eight pounds cottonseed hulls.

Davidson is experimenting with the feeding of cotton burrs. He mixes burrs with molasses. The mix hasn't been used long enough to prove itself but it looks promising as a filler, Davidson reports.

Although he still raises some cotton, Davidson is going in for raising feed on his 1,600 acre farm. About 700 acres was in alfalfa last year.

"It's always cheaper to feed your cattle where the feed is," Davidson said. "Lots of time the cost of the freight on a consignment of feed makes the difference between a profit and a loss."

Guests in the Fred Huston home during the Easter holidays were Mr. and Mrs. Huston's children and families, Mr. and Mrs. Clyde Kemp and sons of Lockney, Mr. and Mrs. Roger Reames and sons of Homestead, Okla., Mr. and Mrs. James Slough and family and Mr. and Mrs. John Huston and family.

TORNADO WRECKS VEHICLE, SPARES DRIVER—It's a miracle, no less, in the opinion of T. C. Carter, shown looking at the remains of the light truck he was driving when a tornado struck Knox City (Tex.) on Friday the 13th. The vehicle was tossed 75 feet. Carter escaped with bruises and a fellow passenger with injuries of non-critical nature. (AP) Wirephoto)

Red Technique Yields More Ore

SAN FRANCISCO (AP) — The Chinese Communists claim that to make better use of large deposits of low-grade iron ores in Manchuria scientists have devised a method of mixing fatty acids derived from soy beans with large quantities of soft water. This is applied as a "wet dressing" of ores, Peiping radio reports.

They claim the soy-bean dressing resulted in extracton of 64 per cent of the iron ore and said this was a much greater yield than magnetic dressing produced.

Worth more... and why

There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring *higher* prices than any competitive make—and by substantial amounts.

THAT'S WHY we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford Cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.

For example. Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.

What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.

What about ride? Here's another Ford similarity with high-priced cars . . . *Riding Comfort.* One of the misconceptions for many years has been that weight—sheer weight—is what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by *far* than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.

What about automatic transmissions? It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.

What you can see is also important. Here again Ford Cars lead not only in their price field but in the medium and upper brackets as well. Ford visibility is *Full-Circle* Visibility. This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."

Appearance? A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive doorways in the world and feel perfectly at home in your Ford. Fords "belong" . . . in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.

What about running costs? Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.

What are Fords made of? Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has is so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.

Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.

After all, then, what is the difference between a Ford and the costliest cars?

In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable . . . and probably justified for people who are willing to pay the price to satisfy it.

As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.

LIONS CLUB Cub Pack No. 55 received its official charter from the Boy Scouts of America Tuesday night as part of the program at the Tuesday Ladies Night event at the First Christian Church. Alton Boxwell, right, presents the charter to Jerome Woods, Lions Club Cub Scout representative. Others in the picture, left to right are: Rev. J. W. McKinney, Bill Allen, Vance Apple, Mrs. J. W. Erickson, Joe Erickson, Mrs. Max Boyer, Jerome Woods, Jim Anderson and Alton Boxwell.

(Herald Staff Photo Engraving)

PAST PRESIDENT'S certificate is presented to Jim Anderson, president of the Lions Club last year by Max Boyer, a former Lions Club president. This was one of the activities at the Lions Club Ladies Night Tuesday at the First Christian Church. More than 60 guests attended the dinner prepared by W. H. Lance and others.

In Britain the generator of an automobile is called a dynamo.

In Britain gasoline is called petrol.

The Black Rapids Glacier in Alaska is about 13 miles long.

In the Spring Conditions Are Favorable for House Painting

COLLEGE STATION — Weather conditions in most sections of the state during late spring are favorable for doing the outside painting jobs on the farm, W. S. Allen, agricultural engineer for the Texas Extension Service, says painting farm buildings at regular intervals is a cheap way to keep them in good condition and preserve that smart look around the farmstead.

The engineer describes the preparation of the service to be painted as one of the most important items connected with the painting job. Three items, he says, are generally responsible for too rapid a deterioration of the paint job. They are careless application, poor atmospheric conditions at the time of painting and too much moisture.

Paint wears off, says Allen, by the process of chalking. But, if chalking begins to show up too early in the life of a paint, it's a good indication that the wrong kind or type of paint was used. Before repainting a heavily chalked surface, remove the chalk by scrubbing with water or by brushing with a stiff wire brush, says Allen.

Frequently long narrow breaks in the painted surface will appear. These are called checks and when deep, cracks. Checks and cracks, according to Allen, are caused by the shrinking and hardening of the paint film to such an extent that it can no longer expand and contract with changing atmospheric conditions. Later the edges between the cracks curl and the paints loosens and falls off. Flaking or scaling may be delayed or partially controlled by using a reliable brand of paint and by avoiding thick coatings.

Paint wrinkling is also caused, says Allen, by applying too thick a coat. The surface dries quickly but underneath, the paint remains wet and as it dries, and contracts, the surface wrinkles. This condition can be avoided by using thinner in over-thick paints or by brushing out the paint to eliminate thick coats or films.

When hard finishing coats are applied over a soft primer, a condition known as alligatoring often appears. This condition can be controlled, says Allen, by letting the priming coat dry thoroughly before applying another coat. The primer coats should always be as hard or harder than the outer coats.

Paint blistering is generally caused from the condensation of moisture within or upon the surface which has been painted. Frequently, points out the specialist, this moisture comes from within the house. The moisture passes through the siding and collects on the underside of the paint film and causes blistering. Before repainting, all blistered areas should be cleaned with a wire brush.

To get the longest possible life from the paint job, Allen makes these suggestions: paint only on completely dry surfaces, and see that moisture doesn't get through walls to later condense under the paint film; avoid the use of thick coats; remove coats that have become to thick before new applications are made; let each coat dry thoroughly before the next is applied; paint metal that touches wood and remember that paint will not stop wood rot or metal rust that has already commenced. And finally, says Allen, don't put the paint job off too long. More frequent paint jobs are usually cheaper in the long run.

Court Opposes Punishing Parents

NEW YORK (AP)—The Domestic Relations Court is against the theory of punishing parents for acts of vandalism committed by their children.

The justices point out that plans for fining parents for delinquency of children have been tried in many communities without success. One reason for that failure, the judges say, is that many delinquent children come from homes broken by death, illness or domestic disputes.

A resolution adopted by the justices says in part: "The duty by law of the Children's Court is to treat, rehabilitate and not punish the child. Treatment of the child requires parental sympathy and co-operation. Punishment of parents creates and widens a break between parent and child and renders work with the parent all but impossible."

Fear of Cancer Keeps Many From Seeing Doctor

AUSTIN, Texas—Many people put off seeing their physician, when they suspect cancer, because they are afraid. And yet, this fear, resulting in delay, causes many deaths from cancer. One-half of the lives now being lost to cancer could be saved if sufferers would see their doctors in time, declares Dr. Geo. W. Cox State Health Officer. The sooner cancer is found, the less likely it is to have spread to other parts of the body, making cure impossible.

Most persons are familiar with the danger signs, such as a small sore on the skin, lip, or tongue that does not heal quickly, a mole, wart, or birthmark that suddenly changes in appearance; a painless lump or thickening, especially in the breast, lip or tongue; persistent indigestion; or radical changes in normal bowel habits; any unusual bodily discharge or bleeding; and persistent hoarseness lasting more than a few weeks. When any of these symptoms show up between physical check-ups, go quickly to see your doctor. They are common indications that cancer may be starting.

You cannot tell if you have cancer without seeing a doctor. A regular thorough physical check-up by your family physician is your best guard against cancer, plus an examination when one of the danger signals, or warnings appear. The first symptoms of cancer are scarcely noticeable. You may notice just a slight change from the normal. But do not wait until you feel pain to see your doctor. It is characteristic of cancer that there is no pair in the first stages. Pain is usually a late symptom and when it comes, the growth is often far advanced.

Mr. and Mrs. Jim Anderson, Judy and Jimmy, were guests of Mr. Anderson's sister and family, Mr. and Mrs. Miles Pearson of Chandler, Ariz., during the Easter holidays.

Balko FFA to Hold Carnival

The Balko FFA Chapter and their teacher, Lynn Evans, will hold their annual carnival at the school gymnasium on Friday and Saturday nights, April 10-11.

Some of the outstanding features will be fortune telling booths, dart throwing, bingo and several other attractions. Moving pictures will be shown free.

Door prizes will be given and a large cedar chest is to be given away. Everyone is invited to attend.

Hedgepeth Gets Purple Heart

Sgt. Donald F. Hedgepeth has been awarded the Purple Heart medal for wounds suffered in action on Feb. 25, 1953 near Sangok, North Korea, his parents Mr. and Mrs. L. R. Stender, have been informed.

Sgt. Hedgepeth was serving with Co. G, 32nd Inf. Regt., when he was wounded.

A corporal at the time, he was promoted to sergeant on March 26.

Japanese TV Planned

TOKYO (AP)—The government-owned Broadcasting Corp. of Japan has received a preliminary license to telecast and plans to start regular television service in February over a three-station hookup. A series of TV programs already has been made in Tokyo, Osaka and Nagoya, showing popular sports events.

CREOSOTE FEEDS MILLION DOLLAR BLAZE NEAR TEXARKANA—Damage estimated at $1,000,000 at the $2,000,000 International Cresoting and Construction Company plant near Texarkana resulted from a fire which broke out early on the morning of April 2 and was still smouldering 30 hours later. Explosion of a giant treating cylder added fuel to the blaze six hours after it began, already fed by 400,000 gallons of oil and other cemicals. Three major buildings were gutted. Also destroyed were a locomotive, box cars and gondola cars of the Texas and Pacific Railway. (AP) Photo

Christian Church Observes Rural Life Sunday

Rural Life Sunday will be observed at the First Christian church in Perryton on Sunday, April 26, pastor J. W. McKinney has announced.

"America Needs Strong Rural Churches" is the theme of Rural Life Sunday, to be observed this year in churches of Disciples of Christ across the nation. On this special day attention of the churches will be centered on current trends in American rural life, and the position of the rural church today.

Dale Medearis, national director of town and country church for the Dsciples of Christ, points out that the steadily diminishing percentage of people living on farms in America and the shift from neighborhood types of association to impersonal types of organizations and conacts are making it more difficult for rural communities to survive.

"The town and country church," he declares, "with its contact with the people of rural areas, is in a strategic position to give spiritual motivation for conserving the values of community life. It must be a strong church, however, if it is going to make an effective impact."

FFA Commercial Calf Feeding Gets Results

By TED GOULDY

FORT WORTH — FFA youths had the top fat cattle at Fort Worth Monday at $23. The top was earned by the Burnet County FFA group and the Frisco group from Collin County. The "commercial" type of feeding project is taking hold and we have seen better than a dozen such climaxed here this year, while a couple of years ago no more than a couple or three existed.

The "commercial" feeding tests teach youngsters how to fit cattle for market, instead of the showring. It teaches how to make a profit, or how to make a loss. This year has been bitter for many young folks because of adverse price trends, high feed costs, and in many cases, feeders that cost too much. These lessons, while hard, are teaching the boys and girls the facts of economics—profit and loss—and may save them from much costlier mistakes in the years ahead.

We simply cannot fail to add our bit in this matter. We think commercial feeding projects are the answer to the farm youth livestock feeding program. A tiny percentage of livestock producers in adult life fit livestock for shows. Yet every livestock producer fits cattle for market whether on grass or in the feedlot.

It seems to this writer that every town, county and district can solve the headaches of show sales which in many cases were getting burdensome to merchants and local business men. It's certainly worth looking into.

Kuwait, a sheikdom at the head of the Persian Gulf with a population of 170,000, has proved reserves of 16 billion barrels of oil, half of the United States.

From where I sit ... *by* Joe Marsh

Chip Pulls a "Pip"

Chip Hanson is a clever commercial artist. Beside doing cartoons on our paper, he picks up "free lance" drawing jobs.

Right now he's whipping up posters for the Safety Campaign. They all have headlines like "PLAY IT SAFE!". . . or, "A LIVE WIRE CAN START A FIRE!"

Chip looked a bit sheepish yesterday. Didn't want to tell me why. Finally he blurted out, "I feel like a dope. Here I am on this safety program and the fire inspectors tell me *my own studio's a fire trap.* I've been storing paint there for years . . ."

From where I sit, what happened to Chip could happen to anyone. He was just too busy informing everyone else about safety — not realizing *his* safety was threatened. Like those who fret about their neighbors — whether they can afford a new house, whether they should have coffee or a glass of beer with lunch — Chip simply forgot to "draw" some obvious conclusions about himself!

Joe Marsh

Special Services At Local Church

A series of special services will open Sunday at the Perryton Church of Christ, continuing through April 26. Arthur Golden, the new pastor of the local church, will conduct the campaign.

Song services will be conducted by James A. Hale.

Services will be held each evening at 8 o'clock with special young people's services at 7:45 o'clock each evening.

Plans Made for Annual Meeting Of Equity Group

The annual stockholders meeting of the Equity will be observed on Thursday, May 14, with a chicken dinner, business session and a number of out-of-town dignitaries, manager Aldon Bell has announced.

The meeting begins at 10 a. m. May 14 at the Veterans Memorial Building and the lunch will be served at 12 noon.

Six directors will be named at the meeting. Up for reelection are H. C. Brillhart, Audie Conley, Sam McLain, Fred Turner, Erlis Pittman of Morse and Allen Rorabaugh of Knowles.

Holdover directors are Ross Goodner, Beaver; James Arnold, Hardesty; M. J. Groves, Waka; F. B. Schubert, Spearman; L. L. McGarraugh, H. B. Urban, A. L. Swink, J. W. Sims, Clyde Devers, Claude Saunders, and F. L. Bell, all of Perryton.

A financial report of the past year will be submitted.

The Equity was organized in 1919 when the original elevator was moved to Perryton from Ochiltree. E. N. Puckett was the first manager, leaving in 1926 to become manager of the Union Equity at Enid. Aldon Bell has been Equity manager since April 1, 1940.

Annual Meeting Of REA Announced

The annual meeting of the North Plains Electric Cooperative, Inc., serving five Panhandle counties, will be held Monday, April 27, in Perryton, manager Earl Waide has announced.

The meeting will begin at 1:30 p. m. in the Perryton school auditorium.

Three directors will be elected at the meeting, one each from Hansford, Hemphill and Lipscomb counties.

There will be no electrical show this year, as has been the custom for previous years, Waide said.

In Britain the automobile transmission is called the gearbox.

"ISAAC'S THEORY AT WORK"—This picture of boys digging fish from the mud was awarded first place in the features class for cities under 50,000 population in the annual photo contest of the Texas Associated Press Managing Editors Association at its annual meeting at Dallas Feb. 8 and 9. The picture was taken by Clinton W. Kapus of The Abilene Reporter-news (AP Photo)

LONG LOST DOGGIE?

City Diggers Find Old Bones

Considerable excitement was stirred up among city employees Monday afternoon with the unearthing of a group of bones and a portion of a small headstone near the site of the new city water well.

Elza Kutch and Leon Morgan, city employees who were installing a culvert to the temporary road leading to the well, located on S. S. Mallett land in south Perryton, uncovered the bones about three feet under the surface.

The headstone, of white marble, was about eight inches across and two feet high, with the letters "T. M. J." carved into it.

Kutch and Morgan gathered up the bones and took them to the county warehouse for safe keeping.

However, the excitement subsided when an examination of the bones by Dr. D. B. Pearson showed that they were not human bones, but came from some animal.

Carroll Mallett, who grew up at the home place where the bones were found, said he remembered the family burying a favorite collie dog in the field a number of years ago. However, he remembered nothing about a headstone, and thinks it was uncovered by mere coincidence.

Tom Knighton of Canyon. The elder Knighton is known to hundreds of ex-students at WTSC as the manager of the Buffalo Drug on the campus.

A formal opening planned for the near future, Knighton said. In the meantime, old and new cusomers are invited to come in and get acquainted.

Blue Sox Team Having Trouble; Maybe No League

The Perryton Blue Sox may find themselves without a league this year, and there may not even be a Blue Sox team, according to club president Garland Redfern.

Perryton was to have participated in the Tri-State League, composed of eight teams from Texas, Oklahoma and Kansas. A meeting was scheduled at Liberal Tuesday night to make the schedule and 1953 league rules.

However, this meeting was called off, and Bill Warner of the Hooker team told Redfern that little interest had been shown in the league and that he doubted if there would be one.

The Blue Sox are still without a manager and several of last year's players have stated that they won't be available this year.

Perryton still has two teams in the Texas-Oklahoma League, the Red Sox and Wolf Creek. In addition, there is the American Legion teen-age team and eight teams in the Church League for youngsters, so the town won't be without baseball.

Balmoral Castle is situated on the eastern slopes of the Scottish Highlands on the River Dee.

Marine Recruiter Here Monday

A Marine Corps recruiter will be in Perryton Monday, April 13, to interview applicants and to accept applications for enlistment in the Marines.

The Marine recruiter will be located in the sheriff's office at the courthouse.

FFA Boys Go to PanTech Sale

Josh Hopkins, vocational agriculture teacher, will take his third year agriculture students to the PanTech Field Day and sale at PanTech Farms today.

There are several local registered cattle breeders with animals in the sale.

In Britain the process of removing carbon from an automobile is known as decoking.

NOTICE TO BIDDERS

Sealed proposals addressed to the Mayor and City Council of the City of Perryton, Texas, will be received at the office of the City Secretary, City Hall, Perryton, Texas, until 7:30 p. m., April 28, 1953, for furnishing necessary machinery, equipment, superintendence, labor and materials for a water well pump and booster pump.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of Drew Ellis, Mayor, in an amount not less than five (5%) per cent of the largest possible bid submitted, as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The successful Bidder must furnish performance bond in the amount of 100 per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety accepatble to the Owner.

All lump sum and unit [illegible] must be stated in both [illegible] figures. The Owner reserves the right to reject any or all bids, to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bid, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable ("unbalanced") unit prices will authorize the Owner to reject the bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages.

Instructions to Bidders, proposal forms, and specifications are on file at the office of the City Secretary at Perryton, Texas.

Copies may be secured from Roberts & Merriman, Consulting Engineers, 218 N. Russell, Pampa, Texas.

Sorosis Meeting Held April 1

The general meeting of the Perryton Sorosis Club was held April 1 in the Harvester Room of Hotel Perryton.

Mrs. R. T. Correll gave the Federated Council Report.

Mrs. C. B. Rogers presided for the business meeting during which it was voted to donate $10 to the Cancer Fund.

Committees were appointed and plans were made for the annual sorosis club guest day tea, which will be held on April 22 in Fellowship Hall of the First Baptist Church. The date of the tea was changed from April 15 to April 22 because of the blood drive which is scheduled for April 15.

Delegates to the annual convention of the seventh district of the Texas Federation of Women's Clubs, which will be held in Hereford on April 9, 10 and 11 were appointed as follows: Mrs. C. B. Rogers, general sorosis; Mrs. J. H. Kershaw, alternate; Mrs. Audie Conley, fine arts department, Mrs. Cecil Dodd, alternate; Mrs. J. D. Johnson, current events department, Mrs. F. M. McGee, alternate; Mrs. Kershaw, home economics department.

Approximately thirty-five members attended the meeting.

Sunday Dinner

Mr. and Mrs. B. R. Pletcher were hosts for dinner on Sunday.

Places were laid for Mr. and Mrs. Wood Taliaferro and Sue, Shirley Cathey, all of Vici, Okla.; Elizabeth Janzen, Mountain Lakes, Minn.; Mrs. Del Taliaferro; Harvey and Larry Pletcher; Mrs. M. Pletcher; Janice Miller; Wilma, Juanita and B. R. Pletcher Jr. and the host and hostess.

Family Dinner Held Sunday

Mr. and Mrs. John Lehman of Gray, Okla. were hosts for a family dinner Easter Sunday.

Those present were Mr. and Mrs. John Lehman and family, Fritch; Mr. and Mrs. Fritz Lehman and family, Woodward, Okla.; Ted Lehman and Don, Beaver, Okla.; Mr. and Mrs. Warner Lehman and family, Holyoke, Colo.; Mr. and Mrs. Henry Lehman and family, Gray, Okla.; Mr. and Mrs. Kenneth Cudd and family, Mr. and Mrs. Willie Lehman and family, Mooreland, Oklahoma and the host and hostess.

Club Entertained Tuesday Afternoon

Mrs. Oscar Flowers, 913 South Baylor, entertained her bridge club, Tuesday afternoon.

Guests for the afternoon were Mrs. H. C. Sanford, Mrs. William C. Herndon, Jr. and Mrs. A. V. Goff.

Members present were Mrs. W. C. Herndon, Mrs. Virgil Castle, Mrs. Charles Garrett, Mrs. Charlie Pyles and Mrs. Harlan Hawk.

Mrs. Sanford held high score for guests and Mrs. Herndon held high score for club members.

Friday Bridge Club Entertained

Mrs. Max Boyer, 601 South Eton, entertained members and guests of the Friday bridge club, April 3.

Those present were Mesdames W. C. Herndon, G. W. Acker, Harlan Hawk, Cecil Dodd, Fred Osborne, Charlie Pyles, Mason Anderson and the hostess.

Mrs. Osborne held high score for the afternoon.

WHAT'S COOKING?—This judicious character is particular about fashion. Witness the conservative cotton knit creeper with one modest appliqued duck.

Family Dinner Held Sunday In McGarraugh Home

Mr. and Mrs. Earl McGarraugh were hosts for a family dinner Easter Sunday in their home north of town.

Those present were Mrs. C. E. McGarraugh, Mr. and Mrs. L. L. Crocker, Dale, Darline and Dorothy of Denver, Colo., Mr. and Mrs. Al Frolick and Linda of Denver, Mr. and Mrs. Tuck Fincher, Donnie and Dollie of Salina, Kansas, Mr. and Mrs. Lloyd McGarraugh, Linda, Dewayne and Ronnie of Guymon.

Also Mr. and Mrs. L. L. McGarraugh, Dixie, Trula and Warren, Miss Deanna McLarty, Mrs. C. S. McGarraugh, Eddie, Raymond, Douglas and Melvin and the host and hostess.

Callers in the afternoon were Mr. and Mrs. Oliver Carter, Mrs. Fred Huston, Mrs. Clyde Kemp, Mrs. James Slough and daughter and Mrs. Roger Reames.

Mr. and Mrs. J. H. Kershaw and Mr. and Mrs. Gene Waide called during the evening and showed moving pictures of old Mexico.

Dinner Party Honors Couple

Mr. and Mrs. Floyd Hall of La Cross, Kansas were guests in the LaRue Norris home at 302 South Amherst last week end.

Mr. and Mrs. Norris entertained with a buffet dinner and canasta party, Saturday evening, honoring their guests.

The serving table was centered with an Easter decoration.

Those present were the honored couple, and Mr. and Mrs. Vance Apple, Dr. and Mrs. G. L. Kengle, Mr. and Mrs. Cecil Dodd, Mr. and Mrs. G. W. Acker, Mr. and Mrs. Herndon, Mr. and Mrs. J. H. Brashears, Mr. and Mrs. Preston D. Brewer of Booker, Mrs. Ken Fuelscher and the host and hostess.

Following supper canasta was played. Mr. and Mrs. Brewer were high scorers for the evening.

Larry Hocking Is Three Years Old

Mrs. Kenneth Hocking entertained with a party, April 4, honoring her son Larry on his third birthday. Larry's grandmother, Mrs. J. S. Thrasher, assisted with the entertaining.

After Larry had opened his gifts the group enjoyed an Easter egg hunt.

Favors were Easter baskets.

Individual cakes, topped with nests of Easter eggs, pop and ice cream were served.

Those present were Larry and Lanny Jines, Roz and Randy Brillhart, Christy Holt, Joe Lynn Brillhart, Danny Wade, Danny Wade, Danny Luthi, Ronda Schuster, Debby Malaney, Bill Tandy, Randy Tevis, Boyce Mallett and the honoree.

Connie Crum, Al and Benny Rupprecht and Terry Thrasher were unable to attend.

Mr. and Mrs. Bob Lawrence of Hereford returned home Saturday after a visit with his mother, Mrs. Mae Belle Lawrence, and other relatives.

AREN'T PEOPLE A SCREAM?—This merry young charmer is modestly dressed in a two-piece terry knit romper set with bloomer pants and button-shoulder T-shirt.

Supper Club Meets Tuesday

Mr. and Mrs. LaRue Norris were hosts to their supper club, last Tuesday evening, in their home at 302 South Amherst.

An arrangement of jonquils decorated the serving table.

Places were laid for Dr. and Mrs. G. L. Kengle, Mr. and Mrs. Max Boyer, Mrs. Beth Fuelscher, Mr. and Mrs. Vance Apple and the host and hostess.

In the bridge games following dinner, Mrs. Dodd held high score for ladies and Dr. Kengle held high for men.

Miss Richardson Is Dinner Honoree

Mrs. H. P. Richardson entertained with a surprise dinner party, last Tuesday evening, honoring her daughter, Marilyn, on her birthday anniversary.

Miss Donna Reitz and Miss Joan Johnson assisted with the hospitalities.

An arrangement of peach blossoms and pink and blue candles centered the serving table. Pastel bunnies held the place cards.

Places were laid for Misses Dorlea Flowers, Dorla Easton, Phyllis Vernon, Donna Reitz, Joan Johnson, the honoree.

Also Dick Haar, Dean Burkhart, Don Cooper, Charles Pattison, Bill Farrington, Leland Drennan and Harry Wilson.

Following dinner, dancing and card games were enjoyed.

Family Dinner Held In Good Home

Mr. and Mrs. W. M. Good, 17 S. W. 4th Avenue, entertained with a family dinner Saturday evening and Easter Sunday.

Those present were Mrs. Opal Rucker and Mr. and Mrs. Charles Wardle and Cindy of Wichita, Kansas, Mr. and Mrs. Ray McWilliams and Jennifer, Mr. and Mrs. Jerry Ferguson of Canadian, Mr. and Mrs. Joe Foster, Mr. and Mrs. Warren Good, Mr. and Mrs. Arnold Good and the host and hostess.

Mrs. Teeter Is Hostess for Dinner

Mrs. Pearl B. Teeter, 1214 South Baylor, entertained at dinner Easter Sunday.

Places were laid for Mr. and Mrs. E. C. Beum, Mr. and Mrs. J. P. Beum, Phyllis and Malenie all of Amarillo, Bob Irby and the hostess.

CWF Groups Meet April 2

"Education in Africa" was the study subject for groups 1, 2 and 3 of the Christian Women's Fellowship of the First Christian Church, which met last Thursday afternoon.

Mrs. A. K. Wilson was hostess to group 1 in her home southwest of Perryton. Mrs. Clarence Lewis was co-hostess.

Mrs. Bernard Bryan led the program.

Mrs. Lawrence Is Dinner Hostess

Mrs. Mae Belle Lawrence, 410 S. W. Fifth Avenue, entertained at dinner last Friday evening.

Places were laid for Mr. and Mrs. Bob Lawrence of Hereford, Mrs. Gene Lawrence, Vickie and Craig, Mr. and Mrs. A. F. Holland and David, Miss Bettie Lawrence and J. T. Campbell, students at Hardin-Simmons University and the hostess.

Sorority Meets In Harvester Room

Beta Phi chapter of Beta Sigma Phi sorority met Tuesday, March 31, at 7:30 p. m. in the Harvester Room of Hotel Perryton.

President, Mrs. John Barnes, conducted the business meeting.

Mrs. Barnes presented the program, "A Linguistic History of the English Language," and played recordings by Professor Harry Morgan Ayres of Columbia University showing the way the English language has changed from the days of Beowulf to the present American dialect.

Mrs. Monroe Owens and Mrs. Bluford Johnson were hostesses for the social period.

Members present were Mesdames Barnes, Wm. C. Herndon, Jr., Andy Linman, Clyce Ragsdale, James Wright, John Daniel, Clifford Gyger, Bill Keuneke, Roger Tandy, Jack Gramsorff, Gene Lawrence, Monroe Owens, Gale Rogers, Bluford Johnson, H. G. Evans, A. F. Holland, Clifford Phelps, J. B. Whigham and Miss Kathleen Lee.

U-Deal-Em Bridge Club Entertained

Mrs. Elton Symons entertained the U-Deal-Em bridge club Tuesday afternoon in her home at 1214 South Amherst.

A dessert course was served preceding bridge play.

Guests for the afternoon were Mrs. Irvin Williams, Mrs. Harold Gidley, Mrs. Max Clark and Mrs. Bill Carpenter.

Others present were Mrs. Don Eudy, Mrs. Roy Leatherman, Mrs. Archie Correll, Mrs. Clyce Ragsdale, Mrs. Weldon Bull and the hostess.

Mrs. Williams held high score for guests and Mrs. Correll high for club members.

Karen Crum Is 4-H Hostess

Karen Cdum was hostess to the Junior Miss 4-H Club, Monday afternoon.

Dixie McGarraugh presided for the business meeting.

Mrs. Mary Watson Jones showed slides made at a previous dress revue.

During the meeting the club members worked on their dresses which will be modeled in the forthcoming dress revue.

Refreshments were served at the close of the meeting.

Leaders present were Mrs. Roy Stollings, Mrs. Jack Crum, Mrs. Lonnie McGarraugh and Mrs. Emil Kershman.

Members present were Dixie Conley, Dixie McGarraugh, Trula McGarraugh, Patsy Moon, Barbara Stollings, Gail Crum, La Verna Kershman, Ruth Ann Smith and the hostess.

SPORTIN' TYPE . . . This young extrovert likes his comfort, and is happy in his porous creeper outfit made from a honeycomb knit cotton fabric. Note double brested button trim down front, one of those details important to well-dressed men.

OUTDOOR GIRL . . . She's all set for the sandpile in her jacquard knit cardigan with a gay red and white motif.

LIFEGUARD (J. G.) . . . His terry knit pullover is the last word in beachwear for the very young athletic smoothie.

Taz Home Dem. Club Has Meeting In Flowers Home

Mrs. William Fowers was hostess to the Taz Home Demonstration Club Friday, April 3, at 2 p. m.

Mrs. Warren Gum presided during the meeting.

Mrs. Harvey Urban gave the devotional.

Mrs. Carl Philipp gave the council report.

Mrs. Flowers was appointed to take the advanced dress making course which will be given by Mrs. Mary Watson Jones, agent, in the near future.

Mrs. Sam McLain and Mrs. Oby Rist gave a demonstration on making wall plaques from moulding plaster. Attractive wall plaques were made using Christmas cards, Easter cards and pictures from seed catalogs for decoration.

Mrs. Chester Barnes had charge of the recreation period.

The attendance contest has created much interest in the club. The contest closes in October. The side with the lowest amount of points will entertain the winning side. Points are given for new members, books read, council attendance, radio programs, giving demonstrations and bringing visitors to club meetings.

Mrs. Kenneth Edwards and Mrs. Adrian Dial were visitors for the afernoon.

Mrs. Ann Kenny was welcomed into the Club as a new member.

Others present were Mesdames Carl Philipp, Mike Downey, Warren Gum, Harvey Urban, Sam McLain, Oby Rist, Chester Barnes and the hostess.

Refreshments were served at the close of the afternoon.

The next meeting will be on April 17 at 2 p. m. in the home of Mrs. Carl Philipp.

Visitors are always welcome.

Mrs. Jones Gives Demonstration at Home Dem. Meeting

"Variety meats contain much more nutritional value than do the common cuts of meat," Mrs. Mary Watson Jones, pointed out in a demonstration to the Notla Home Demonstration Club which met in the home of Mrs. Faye Savage on April 2.

Mrs. Johnny Red conducted a recreation period followed by a business meeting with Mrs. Jesse Brownlee presiding. All members were urged to attend the district THDA meeting in Dumas on April 14.

During the demonstration Mrs. Jones prepared baked heart with dressing, along with her discussion of glandular meats. This was served as a part of the refreshment plate to Mmes. Robert Githens, J. H. Calliham, Brownlee, Red, A. A. Good, Bessie Hance, Shirley Hale, Etta Waggoner, Harry Brummett, Walter Daniel, Ed Savage, B. L. Hance and Jones by the hostess.

The next meeting of the club will be April 16 in the home of Mrs. J. H. Callihan.

Mr. and Mrs. Cleve Hudson, Danny and Debby, were guests of Mrs. Hudson's parents, Mr. and Mrs. W. W. Clounch of Canyon, during the Easter holidays.

4-H Club Meets Monday Afternoon

The Jollyette 4-H Club met in the high school home economics room, Monday afternoon, at 4 o'clock.

Charleen Selby was hostess for the occasion.

Plans were made for the county dress revue which will be held April 24 at 8 p. m.

During the meeting the girls worked on their revue contest dresses.

Glynnes Blackwell was welcomed as a new member.

Leaders present were Mrs. Charles Selby and Mrs. Beneta Taylor.

Others present were Joyce Pearson, Betty Witt, Marilyn Witt, Donna Swink, Louise Wolfrum, Earlene Schwalk, Nancy Graham, Carol Ann Gipson and Charleen Selby.

Reveal To Do In Bomb Raid

N—William L. McGill, ordinator of civil de- s week asked Texans to lose study of the atomic ich were held in the March near Las Vegas,

nted out that the tests on two frame houses and more than 50 automobiles gave us two aides to survival in our Atomic Age:

1. If you're inside a house and get caught in a surprise atomic attack, you should get to a basement and a shelter if at all possible. If you can't do that, get as close to ground level as you can, and also try to find some type of shelter which will ward off falling debris.

2. If you're caught in your automobile, stop immediately, open all of the windows, and get down on the floor.

For the tests, a couple of frame, two-story homes equipped with basements were built in the explosion area, one just 3,500 feet away from the center of the blast. The other was 7,500 feet away.

As an added feature, more than 50 automobiles were placed at various distances from the point of explosion. Some had their windows open while others were completely closed.

Various types of air raid shelters were also built in the basements of the two houses. Fully-dressed clothing store mannequins were placed throughout the houses as well as in many of the autos.

After the bomb was exploded, civil defense experts found that while the house 3,500 feet away from the point of explosion was crumpled to the level of the ground, the lean-to air raid shelter came through fairly well. They said that if it had been surrounded by other buildings, there is a good chance that the damage would have been less and that any human beings in that shelter would have come through without a scratch.

The second house was still standing after the explosion, even though it was badly battered. Even so, the air raid shelters in its basement were in perfect condition, just as the dummies placed in them were.

The autos which were a mile and a half and further from the center of the explosion came through fairly well as long as their windows were open. However, those autos which were tightly closed were badly dented, particularly on their roofs.

Recent visitors of Mrs. Myrtle Collingsworth were Mrs. Paul Johnson of Hardesty, Mrs. Ray Snodgrass and children of Guymon, Mrs. John Foster and Johnnie of Liberal, Kans. and L. W. Collingsworth of Liberal.

Former Perryton Resident

McAllen Man Lays Claim To Earliest Tomato Crop

McALLEN—A. N. Dowers of McAllen can lay a strong claim to the title of the Valley's earliest tomato grower of the year.

Dowers, former Perryton resident who moved to the Valley several years ago, was featured in the March 10 issue of the San Antonio Express when he started picking tomatoes from a field he had planted last November 10.

Dowers timed his tomato production right for the market—between the slowdown of Mexican imports and the beginning of Valley spring production, at a time when tomatoes are retailing in the Valley at 25 and 30 cents a pound.

But it turned out that he's a week ahead of most of the shippers, who had planned to open their plants and start looking for business next week.

A winter without a killing frost made the Dowers tomato venture posible. It has also extended a small harvest of fall tomatoes up to the present, most of them going into local trade.

In a letter to the Herald, Dowers said the quality of these early tomatoes is very good, and so is the yield. As of March 30, he had picked the field three times and had sold over 26,000 pounds from five acres, but expected to harvest 50,000 pounds from the field.

Rabbit Breeders To Meet April 14

The North Plains Rabbit Breeders Association will hold their regular monthly meeting on April 14 at the home of Harold P. Smith in Booker. The meeting will begin at 7:30 p. m.

A special meeting of the board of directors of the association was called April 8 and the proceedings of the board will be presented to the members at the April 14 meeting. Visitors are welcome to attend.

• Boyd, Okla. News

By Mrs. Aldeen Rodgers

(Too late for last week.)

Several people from the Boyd community attended the Fine Arts contests at Beaver, Okla., Wednesday and Thursday of last week.

• • •

Paul Dean Kirton underwent an emergency appendectomy at Epworth Hospital in Liberal, Kans., Friday. He is reported doing well since the operation.

• • •

Mr. and Mrs. George Kirton and children visited relatives in Woodward Sunday.

• • •

Mr. and Mrs. John Winters were guests recently in the Jess Chaloupek and sons home south of Beaver.

• • •

Miss Dora Beck came from Enid, Okla., Wednesday for a short visit with relatives. She stayed with her uncle, John A. Beck and cousin, Helen Beck in Beaver and made a short call at the home of another cousin, George Kirton and family. John A. Beck, Helen Beck and Dora Beck were dinner guests of Mr. and Mrs. Aldeen Rodgers on Thursday, Friday, John A. Beck, Mrs. H. L. Frost and Misses Dora and Helen Beck went to Enid. Mr. Beck and Helen returned Sunday.

• • •

Mr. and Mrs. Bill Sword of Campo, Colo. visited Mr. Sword's niece and family, Mr. and Mrs. Emmitt Nichols and Mrs. Lucy Boston of Beaver. They also went to Perryton to visit relatives there.

• • •

Mrs. Emmitt Nichols, Bill, Elta Mae, Patsy and James Rodgers were in Perryton Sunday afternoon.

• • •

Mr. and Mrs. Aldeen Rodgers and son James were in Beaver, Monday, where James signed up for selective service on his eighth teen birthday. While in town they were dinner guests of John A. Beck and Helen.

• • •

Mrs. Marilyn Rowbotham stayed with Jerry and Mary Ann Kirton Friday evening while Mr. and Mrs. George Kirton were visiting Paul Dean at Epworth Hospital in Liberal.

I have purchased the interest of Frank Shaffer. We guarantee you'll like our service and we certainly appreciate your business.

A Calamity Strikes

We have just received authentic details of a calamity that struck America last year—and this one wasn't the Korean war.

Traffic accidents took a casualty toll of more than two million Americans in 1952. It was the worst year in history for motor vehicle deaths and injuries.

Webster says the word calamity implies "a grievious misfortune usually public, yet affecting many persons and often causing widespread distress." We stand in awe of tornadoes, floods, train and plane crashes, because these are calamitous events occurring in one short span of time.

But a series of misfortunes which cripple or kill two million men, women and children in only one year is beyond even the wide bounds of calamity.

Unfortunately, traffic accidents usually are awesome only when they strike close to home. If every driver and every pedestrian could observe the rules of the road as though they were aware of the great danger that exists, most of our accidents could be avoided.

The automobile is the greatest killer of all time. To date, no solution has been found to halt the destruction of life and property that this commonplace machine is capable of causing.

R. E. Waide Gets Basketball Letter

LEXINGTON, Mo., April 1—Cadet R. E. Waide, son of Mr. and Mrs. Earl Waide of Perryton, has been awarded a company basketball letter at Wentworth Military academy, according to Capt. John Readecker, athletic director.

Waide received his sports emblem for his participation and superior performance in the Wentworth intramural basketball competition.

The prison sysem for punishment of criminals did not begin until toward the end of the 18th Century, although isolated prisons were used earlier.

HOTEL PERRYTON
Main at 3rd Ave. Dial 2761

From the SIDELINE

with HAROLD HUDSON

Another Panhandle Press Association convention is over, and we are glad of it. This department was returned to the lucrative post of secretary of the association for another year and had no competition for the job.

We went to Amarillo for the convention by way of Dumas, and those who think the crops look rough here should make that trip. We didn't see a green field after leaving Spearman, and there was plenty of "blow dirt" along the highway between Amarillo and Dumas.

Saturday afternoon we left Amarillo in a dust storm so bad that car lights were necessary until we reached the Fritch area, when the dirt subsided. We encountered no more dust from the Borger area on home.

Most of the publishers from the Panhandle and South Plains to whom we talked said business wasn't so good and prospects looked worse. Dry weather was the main topic of conversation. After visiting around with these neighbors, at the convention, we came away realizing that we in the Perryton area are actually pretty fortunate, with much greater crop prospects than elsewhere. Still need rain, of course.

One of the convention speakers was a newspaperman named Al Look from Grand Junction, Colorado, who spoke on "The Care and Feeding of Dinosaurs." Offhand, you would think that a dryer subject couldn't have been chosen for a convention speaker. But this fellow turned out to be quite a wit, and his speech was one of the highlights of the whole affair. It seems that the dinosaurs ruled the world about 100 million years ago, just as man rules it today. Then, all of a sudden, they died out and the mammals took over. Look described in detail the various species of dinosaurs in that period with amazing clarity.

He also said that the shark, in his present form, was around when the dinosaurs first appeared, and that the shark dates back some 300 million years. But he isn't the oldest old timer on this earth—the lowly cockroach, in his present form, dates back 500 million years. A very hardy creature, we say.

Quite by chance, we witnessed the formal opening of television station KFDA in Amarillo Saturday afternoon. The picture came in perfectly in Amarillo. But the first hour program, after the opening ceremony, was a food market presentation of how to cook a ham, and how nice it was to shop at this store, etc., which left us more than slightly unenthused.

We received through the mail this week a pamphlet quite openly mailed and published by the Southern Regional Committee of the Communist Party, U. S. A. First time we have been in direct communication with the Communists. The pamphlet pointed out that we are being exploited in the South by Wall Street and advocates, among other things, a redistribution of farm land.

They advocate laws requiring a ceiling on the number of acres of land an individual or corporation can own. Make the resulting "surplus" available to the neediest farmers and tenants at minimum fixed rates, with interest-free loans from the government to finance them. They also want laws guaranteeing minimum wages, maximum hours, etc., for farmers and farm laborers.

These birds say their system guarantees there will be no exploitation of man by man, no poverty or unemployment, and that there will be no workers securing profits for a handful of capialists. In fact, there will be no "profits" but everyone sharing in the production of his fellow man.

Very nice. Very utopian. Wonder why Russia hasn't achieved these results with their system?

Why don't we have a banquet for the Rangerette basketball team? Don't know just how to go about it, but the subject was brought to our attention last week. After all, having a district championship basketball team, whether it be boys or girls seems to call for some sort of recognition. This should be done before school is out. Any suggestions?

We have a picture this week of junior high school band member Keith Drum, the winner of the top band award for the juniors. Also Mary Lou Jacquot and LuNette Castle, previous winners. The reason this picture didn't appear last week is that we lost the engraving. Discovered the loss Wednesday night as the Herald was being printed and it was too late to do anything about it. Made another engraving, and here is the picture this week.

Food grown in the Saar could supply the needs of only about 15 per cent of its population.

TOO MUCH 'WASTE' LINE!

Monitor Writer Views County Crop Conditions

A recent article in The Christian Science Monitor by Bicknell Eubanks told of crop conditions in Ochiltree and adjoining counties.

The writer said: "Here on the High Plains of Texas, just a few miles from the Oklahoma Panhandle, is one of the richest wheat growing centers in the United States.

"Ochiltree County—of which Perryton is county seat—raises an average of 3,403,500 bushels of wheat a year. It is the largest wheat-growing county in Texas and one of the biggest in the country.

"But this year it is different. The wheat cover is small and thin, and beginning to turn for want of moisture. Only a timely rain can save the crop in Ochiltree and the other wheat-rich counties along the northern border of Texas."

The article was the second in a series sponsored by the Monitor explaining the acute water shortage in the Southwest.

Wolf Creek Philosopher

Einstein's Theory Way Too Deep

(Ed. note: The Wolf Creek Philosopher is in pretty deep water this week, but he probably lands in the shallows before his letter ends).

Dear editar:

I read in a copy of a newspaper which was wrapped around some onion shoots my neighbor gave me yesterday. I guess it was a pretty nice gesture and I appreciate it, but givin me some plants to set out is about as neighborly as givin a man who asked for some firewood an ax, as I say, I read in this paper where Albert Einstein has come up with a new theory of the universe.

As I understand the matter, he has a new formula which explains the universe, but nobody understands the formula and as far as I'm concerned I believe I'd just as soon be baffled by the universe as baffled by a formula about the universe. If you can't understand what any women are naggin about, it doesn't make much difference which woman is doin the naggin. If I'm gonna lose a crop, I'd just as soon lose it from lack of work as lose it from greenbugs or a hail storm.

Man has learned a whole lot about the universe in the last few hundred years, but it's mostly in the line of gadgets. I doubt if Malenkov, the new Russian dictator, has the mental capacity to make an atom bomb, but the trouble is he has the political capacity to drop one. It seems to me if we allowed only the people capable of makin atom bombs to use em, we might all be safer off. On the other hand, you could carry this theory too far in other directions. While it would suit me all right to have only the people capable of buildin tractors run em, I'm afraid some of my more energetic neighbors wouldn't like it.

While it seems to me the least the man who invented the hoe could do is swing it himself exclusively or the man who invented the lawn mower could do is run it himself, there are people who persist in hornin in on hoe-swingin and lawn mowin themselves.

Einstein may be able to figure out a formula that'll explain the universe satisfactorily to him, but I intend to keep on bein baffled myself. It's easier, you can do it in the shade, and you'll have a whole lot more company.

I've got a formula for runnin this farm more efficiently, but when it comes to a choice between workin or stayin baffled, I'll stay baffled.

Yours faithfully,
J. A.

WHAT WOULD YOU RATHER DO OR GO FISHING?—Fishermen have been asking each other this perculiarly-worded question for years without ever getting a grammatical answer, largely because sometimes fishing trips end like the one pictured above. Buster Spencer of Dallas, a Remington Arms representative (left), and Max Eggleson of Denison, dean of Lake Texhoma anglers, recently brought back this string of black bass, three of them weighing more than six pounds each. They didn't have to talk about the ones that got away—but you may be sure they'll return to the same spot again and again with such encouragement. (AP Photo)

New Pocket-Size Calculating Whiz

NEW YORK (AP)—A new non-sliding slide-rule does your mathematics quickly for you. It can multiply, divide, find square roots, measure the area of circles and rectangles, and the volume of cylinders and cubes.

It has no moving parts. It's simply a square of transparent plastic, 5 by 5 inches, marked with a family of numbered parabolic curves, two diagonal lines, and a numbered horizontal and vertical grid system. This arithmetical wizard was developed by John D. Kreuttner of New-Era Products, New York, who calls it the Space-Scale.

To find the area of a rectangle, as for example a scale drawing of a room on an architectural plan, you place the Space-Scale over the drawing, with the upper left corner of the device on the upper left corner of the drawing. The number on the curve cutting the lower right corner of the room gives you the area.

Drawing for Coronation Seats

HONG KONG (AP)—This crown colony has been allotted 100 seats for the coronation of Queen Elizabeth in London next June, but more than 300 want to attend. A drawing will be held to determine who will watch the event from special seats, or view the pageantry from housetops and curbstones.

Rangers Win Trophies at Canadian Meet

The Ranger track team took top honors in the Canadian Relays Thursday afternoon, winning first place in both the mile relay and sprint relay to win two trophies.

The winning mile relay team, which was timed at 3.38.9, was composed of Gene Good, Don Hulsey, Laurel Lovett and Billy McLanahan.

Members of the 440-yd. relay team were Gene Devers, Jimmy Todd, Larry McLeod and Donald Dear. They were timed in 47.4 seconds.

Oher Perryton winners were Gene Devers, who took first in the 200-yd. dash, second in the 100-yd. dash and third in the broad jump; Larry McLeod, third, in the 220 and fourth in the 100; Edward Cummings who won the discus with a throw of 137 feet 4 inches; Gene Good, second in the 440-yard. dash; Bob Williams, second in the mile run; Don Cooper, fourth in the shot put; Laurel Lovett and Don Dear, tied for second in the pole vault; and Lovett who won third in the high jump.

Perryton won four first places, Canadian won seven firsts; and Miami won three first places.

It has been estimated that there are 4½ million cubic miles of salt in the ocean.

Water Jug is Fire Bug

CENTRALIA, Ill. (AP)—Ab Becker tells how his jug of cold water set a fire: While lunching with other Effingham County farmers he put his water jug down. Soon they smelled straw burning and noted smoke coming from under the jug. They stomped the fire and removed the jug to a canvas. Soon it was burning.

Becker said sun rays through the jug's curved shoulder caused both fires.

'At War With the Army' is Newest, Wildest Martin and Lewis Laugh Film

A wildly uproarious comedy of army camp life opens on April 12 at the Ranger Drive-In Theatre, when Paramount's "At War With The Army" begins what should prove a long and happy run.

Starring Dean Martin and Jerry Lewis, the funniest and most versatile comedy team to hit Hollywood since the Marx Brothers first committed their antics to celluloid more than twenty years ago, the film has been hailed by laugh-weakened preview audiences as the top fun treat of the year.

Dean and Jerry appear as a pair of entertainers who temporarily forego their stage careers for a seige of marching and mopping, and the show world's loss is the army's despair. Lewis is a bewildered private who couldn't tell his left foot from his right if it was lettered. Everything he attempts turns to indescribably hilarious confusion, as he puts army discipline and order to rout.

Martin, as a smooth-talking sergeant, is pleasantly harried by a platoon of young lovelies who turn the post into a matrimonial agency and bring the military machine to a violent halt. According to advance critics, it all adds up to a riotous cavalcade of fun, song and music that you'll remember for a long time to come.

For Martin and Lewis, that zany young twosome that reached Hollywood after a short but brilliant career as stellar night club, stage and radio performers, "At War With The Army" marks their third screen appearance. And judging from the advance acclaim, the boys get funnier as they go.

Heavy Water Sought

RIO DE JANEIRO (AP)—President Getulio Vargas has authorized the foreign ministry to open negotiations to obtain seven tons of heavy water from Norway.

The heavy water would be for use in Brazilian experimental nuclear reactors, which are being planned. Adm. Alvaro Alberto, president of the National Research Council, says the heavy water, acting as a "moderator," lic uranium in the reactors.

Comanches Open At Ellis Sunday

"Last of the Comanches," Columbia Pictures' stirring drama of ten men and a girl, desperate survivors of an Indian massacre, opens Sunday at the Ellis Theatre.

In color by Technicolor, "Last of the Comanches" stars Broderick Crawford, Barbara Hale, Johnny Stewart and Lloyd Bridges, with Mickey Shaughnessy in the top supporting role.

"Last of the Comanches" tells how a handful of survivors of the Dry Buttes butchering rode into America's greatest saga of stark, raw courage. A tattered band of desert travelers, they fight, love and will their way through a wall of hate 120 miles long and 10,000 Comanches deep.

Crawford plays a tough U. S. Cavalry sergeant of indomitable will and dogged courage. It is he who orders the fighting retreat into the desert of a small number of cavalrymen.

They join up with passengers on a stagecoach named Buttercup to traverse the 120 miles of burning desert between them and the safety of Fort Macklin.

Thirst is their enemy, as well as the Comanches. Finally, in a ruined Spanish mission, forgotten in the open desert, the battered band makes its last desperate stand against the incessant, harassing tactics of the marauding Indians.

Global Beauties Seen in Comedy

Eight gorgeous winners in the recent Miss Universe Contest surround Bud Abbott and Lou Costello in the laugh team's newest Universal-International comedy, "Abbott and Costello Go To Mars" opening April 10 at the Ellis Theatre.

Headed by Jackie Loughery, winner of the Miss U. S. A. title, a total of eight winners were given acting contracts by Universal-International Studio. In addition to Miss Loughery, the following Miss Universe winners are also seen in the comedy.

Judy Hatula, Miss Michigan.
Jeanne Thompson, Miss Louisiana.
Valerie Jackson, Miss Montana.
Ruth Hampton, Miss New Jersey.
Jeri Miller, Miss Welcome to Long Beach.
Renata Hoy, Miss Germany.
Elsa Edsman, Miss Hawaii.

Mrs. M. Pletcher left Sunday for Vici, Oklahoma. She will make an extended visit at several points in Oklahoma, where she will visit her children.

The first Rotary Club was set up in Chicago in 1905.

FOR ATHLETE'S FOOT A KERATOLYTIC IS A MUST.
What is a keratolytic? An agent that deadens the infected skin. It then peels off, exposing more germs to its killing action. Get T-4-L, a keratolytic, at any drug store. If not pleased IN ONE HOUR, your 40c back. Today at Burk's Corner Drug.

AT CAMP PENDELTON—Marine Private First Class Charles F. Presson, son of Mr. and Mrs. B. B. Presson, 110 S. Cedar St., Perryton, recently arrived at Camp Pendleton, Calif. to undergo four weeks of intensive advanced combat training. The 18-year-old Leatherneck is learning that all Marines are basically infantrymen whether they serve as cooks, typists, truck drivers or with an aviation unit. Pfc. Presson enlisted in the Marines on Nov. 17, 1952.

TEXANS IN WASHINGTON

By TEX EASLEY
(AP) Special Washington Service

WASHINGTON (AP)—Texans in Congress are in favor of President Eisenhower's get-acquainted luncheons at the White House.

The President has been entertaining members of Congress in groups of a dozen or more. About half the Texas delegation in Congress now has luncheoned with the President.

The Texas old timers like the idea as much as the first-termers.

Rep. John E. Lyle of Corpus Christi, now in his fifth term, beamed after his turn at the White House table and remarked that it had made him feel more important than anything else that's happened to him in Washington.

Rep. Lloyd Bentsen, Jr., of McAllen said he found that Eisenhower "has a terrific memory—and is a darned good chef!"

Although the affairs are strictly social the President broke into the conversation at one luncheon to ask about the amount of land needed for Falcon dam on the Rio Grande and about the problem of relocating the town of Zapata.

It was Texas Independence Day when Rep. W. R. (Bob) Poage of Waco was invited. He pinned a small Texas flag on Eisenhower's lapel, in view of the fact the President is a native of the Lone Star state. The President wore the flag the rest of the day.

After each of the luncheons the President takes his visitors on a personally conducted tour of the White House. Most of them come away with comments about his personal collection of medals displayed in a case, and of his swords and guns. The collection includes a pair of western style revolvers, with matched, hand carved handles.

Rep. Frank Ikard of Wichita Falls was impressed with the White House bomb shelter.

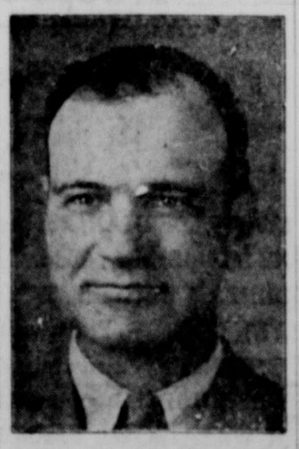

Expecting to see a small office size cubicle when he took the elevator to the depths below the White House, he said he was amazed to find that it spread out under a part of the White House lawn and could accomodate some 5,000 persons.

Built to resist any known atomic bomb, the shelter is protected overhead by about eight feet of reinforced concrete and an additional six to eight feet of earth. Underneath is also six to eight foot concrete flooring, in order to support the walls and ceiling against the impact of any direct blast.

Doors are steel and a foot thick as in bank vaults, and the place can be entered by several different stairways as well as by the elevator. The elevator permits the President and his family speedy transportation from his overhead family quarters.

Inside the shelter are oxygen tanks, electric generating equipment, food, water, decontamination equipment for those exposed to atomic radiation, and other necessities.

CECIL DODD

CITATION BY PUBLICATION

THE STATE OF TEXAS:
To Beverly Mae Murry, defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Ochiltree County, Texas, to be held at the Courthouse of said county, in Perryton, Texas, at or before 10:00 o'clock, a. m. of the first Monday after 42 days from date of issuance hereof, being Monday, May 18, 1953, by filing a written answer to the petition of plaintiff in Cause No. 1343, styled Billy E. Murry vs. Beverly Mae Murry, which petition was filed on February 21, 1953, being suit for divorce, alleging that plaintiff and defendant were married September 11, 1951 and separated September 15, 1952; that no child or children were born or adopted, and no community property acquired; that defendant has been guilty of unkind and harsh treatment toward plaintiff, which continued until the date of their separation, and of such a nature as to render their further living together insupportable, premises considered; plaintiff prays for decree of divorce and such other relief as the court shall deem proper, all as more fully shown in Plaintiff's Original Petition on file in said cause.

If this citation is not served within 90 days after date issued it shall be returned unserved.

Witness Sue Ragan, Clerk of District Court, Ochiltree County, Texas.

Given under my hand and seal and issued at office in Perryton, Texas, March 30, 1953.
((SEAL))

Sue Ragan, Clerk, District Court, Ochiltree County, Texas.

TEXAS TOWN'S RESERVOIR NOW DRY SAND—City officials of Byers, Tex., including Texas Rep. Anthony Fenoglio of Nocona (center), inspect the dry reservoir of Byers, Texas. A frantic appeal by Mayor J. Milton Dunn, after the reservoir had run dry, brought help from a nearby farmer who owned a spring and an oil company which owned pipe. Volunteer workers laid the pipe and this arid reservoir now is being filled again. Drought conditions for the last three years have brought many other Texas communities to a similar precarious plight. There will be prayers for rain this Easter. Byers, population 587, is in northwest Texas. (AP Wirephoto)

Christian Science

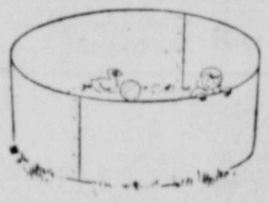

7th and Colgate
Services 11 a. m. each Sunday
Public Cordially Invited

The question, "Are Sin, Disease, and Death Real?," will be discussed in the Lesson-Sermon in Christian Science churches Sunday. The Golden Text of the lesson is from Proverbs (12:28): "In the way of righteousness is life; and in the pathway thereof there is no death." And from Habakkuk: "Art thou not from everlasting, O Lord my God, mine Holy One? we shall not die. Thou art of purer eyes than to behold evil, and canst not look on iniquity" (1:12, 13).

In "Science and Health with Key to the Scriptures," Mary Baker Eddy, the Discoverer and Founder of Christian Science, explains that God's man is not truly subject to sin, disease and death because God's creation was finished and pronounced good. "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors—man who is made in the divine likeness?" (p. 356).

Earl Jones of Wichita, Kansas visited Sunday and Monday in the Kenneth Hocking and J. S. Thrasher homes. Mr. Joines is a cousin of Mrs. Hocking.

Make Do

AP Newsfeatures

A SAFE, splinter-free play pen for a toddler can be made out of one sheet of tempered hardboard 3/16-inch thick. The 4 by 8-foot panel is cut down the center to provide two strips each 24 inches wide. Ten bolts with washers and wing nuts are used for fastening. Five holes are bored through overlapped ends for the bolts. The 16-foot strip is then bent to form a large hoop and the other ends are fastened. Center bolt is inserted first. The pen, weighing only 35 pounds, and about 5 feet in diameter, can be rolled from room to room and out into yard. If fitted with legs (1 by 2 strips, 30 inches long) it will be raised for free circulation of air.

Veterans Forum

Q. I meet all the eligibility requirements for training under the Korean GI Bill. However, I've recently gone back on active duty. May I take a correspondence course under the program, even though I'm now in uniform?

A. No. Even though you meet all the eligibility requirements, the law requires that you be a civilian when you take your training. Veterans back on active duty may not train under the law.

Q. Is there any time limit I have to meet, in starting training under the Korean GI Bill? I have just received my discharge.

A. You must begin your training within two years of the date of your discharge. Veterans discharged before August 20, 1952, however, must begin by August 20, 1954.

Q. I have quite a large number of bills I'm trying to pay. One of my creditors is getting impatient, and has threatened to take over my disability compensation, until his bill is paid off. Can he do this?

A. No. Disability compensation payments—as well as all other VA benefit payments—are exempt from the claims of creditors, under the law.

Q. Is a service-connected disability, incurred since Korea, enough in itself to entitle me to vocational training under Public Law 16? I have an honorable discharge.

A. No. In addition, you must have a need for training to overcome the handicap of your disability.

CARD OF THANKS

We wish to express our sincere appreciation for the sympathy extended to us during our recent sorrow. We especially thank the friends for the many hours spent at the hospital, and all of the other comforting acts of kindness. Our deepest gratitude to the nurses and doctors of Sanford Hospital for their kindness and thoughtfulness.

The Hamker family

15 People for Dinner

A farmer today has to feed himself and fifteen other people. Back in 1930 he had to supply food for 11 other people. By 1975, experts predict, for each farmer there may be 25 at the dinner table.

It would be nice if there were more land. But last year there was only 1% more land under cultivation than prewar.

What's more, there are fewer farmers. 17% fewer man-hours were spent in agriculture last year.

Yet the farmer in 1952, with less help and about the same acreage, managed to produce 40% more livestock, vegetables, cotton, grain, milk than before the war.

Who helps the American farmer in a spot like that?

Electricity for one thing, and of course, more tractors, trucks, farm machinery, pesticides, chemical fertilizers, and a lot more.

One big clue to productivity is his increased use of electricity. Farmers today use 500% more electric power than in 1940.

Electricity pumps water, dries hay, keeps chicks warm, grinds feed, milks cows. In fact, the "electrical hired man" can do more than 400 farm jobs.

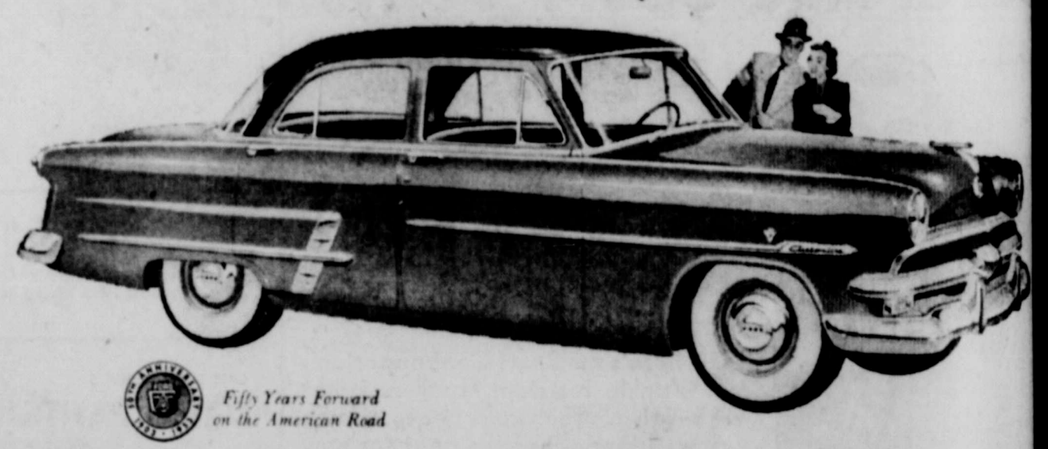

But the important thing is that there need be no empty plates tonight, and that this was done in a typically American way.

Many people and many companies, General Electric among them, developed labor-saving ideas and products. The best were tried and chosen. They have helped to make the American farmer the most productive in the world.

You can put your confidence in—

Success car of the season!

Fifty Years Forward on the American Road

The 1953 Ford leads all other cars in bringing you the car you've always wanted for the money you can afford to pay. It's America's "Worth More" car . . . worth more when you buy it, worth more when you sell it.

NEVER BEFORE has a car enjoyed such wide acclaim as Ford during the past few years. And this year, with a hull-high Crestmark Body that's the style-setter, a new ride that's unbelievably smooth, a choice of high-compression V8 and Six that's the envy of its field and a total of 41 "Worth More" features, the 1953 Ford steps even further out front to become the New Standard of the American Road. Ford *keeps* its value better than any other car, too. A check with used car dealers and owners will prove it. So join the swing to Ford. Take a Test Drive today.

All across America, the swing is to Ford
