VOL. 7, No. 29 | SNYDER, TEXAS, SUNDAY, JUNE 3, 1956 | FOUR SECTIONS, FIFTY-TWO PAGES—PRICE 10c

BRIDGE COLLAPSES—One 160 foot span of the highway bridge spanning the Mississippi river near Muscatine, Ia., collapsed as two trucks were crossing it, but both drivers escaped. The wrecked span, with one truck resting in the water and the other with its rear wheels dangling over the edge of an adjecent span, is shown here.

'Gates Of Iron' Smashed By French In NE Algeria

Report 290 Rebels Slain

ALGIERS, Algeria, June 2 (AP)—Two French divisions smashed through the "Gates of Iron" triangle today in northeast Algeria. The French said they were already mopping up remnants of a big Algerian force trapped in the sunbaked gorges of the Biban Mountains.

Claiming its greatest victory in the nationalist rebellion now more than 1½ years old, the French army declared that its first estimates put rebel casualties at 290 killed and 110 captured. The French admitted losses of their own but gave no figures.

Some dispatches estimated the rebel toll would soar above 500 in dead and captured when full reports are in from troops still battling southwest of Bougie.

The French said they had smashed a major rebel base and captured or destroyed important stocks of rebel equipment, including some U. S. military uniforms. At one point they found two U. S. Navy seabags stuffed with American field uniforms.

The French also said they had captured 200 pounds of explosives, two small outfits for making hand grenades, a uniform plant, more than a ton of guerrilla field rations, and stocks of small arms.

The crack French mechanized division swept in on the desperately resisting rebels from the western edge of the Akbou-Lafayette-Bordjbou Arreridj triangle. An infantry division—thrown in during the later stages of the three-day encircling movement—closed in on the triangle from the east.

Three companies of helicopter-borne troops hovered over the desolate battle field and dropped men at critical points to support the attacking infantry.

Artillery and fighter-bombers raked the rebel positions and left rebel dead strewn over the mountainsides, dispatches said. The troops overran two small rebel arms factories and seized stores of weapons and explosives.

The French victory claims came at a decisive moment for French Premier Guy Mollet. The government is plunged into a debate in the National Assembly on North African policy that will wind up next week. A vote of confidence will then be asked.

Far to the west of the Biban fighting in the Oran region, elements of one French division fought into a rebel network of caves around the Lourmel district. The division brought up light tanks in support of the operation and called in naval gunfire to root out rebels in the more isolated cace hideouts.

'DON'T WORRY ABOUT ME,' Tipton, 10-year-old McConchie, Md., lad is making a good fight of it at Georgetown U. hospital — both arms amputated but off the critical list. Climbing a tree near his home May 18, somehow he came in contact with a wire and survived a 7,200-volt shock. The father has not worked regularly because of arthritis. His mother is a waitress at La Plata, Md. "Don't worry about me," Butch told his parents, "I'll get along."

Failures In Egypt Probed

WASHINGTON, June 2 (AP)—Federal investigators say the United States has financed farm projects in Egypt that failed of their goals, paid for still-unused industrial surveys there, and put a bigger program on its foreign aid officials than they were prepared for.

This report by the watchdog General Accounting Office also had some kind words for the U.S. aid program for Egypt in the 1952-5 period, which totaled nearly 60 million dollars.

It said there have been "noticeable improvements" in efficiency in the past two years.

But the bulk of the 73-page report was devoted to what it termed "deficiencies" such as unrealistic planning, conflicting policy decisions and "inordinate delays" by U.S. officials. In some cases the Egyptians "have shown reluctance in their cooperation," it said.

The report covered a period prior to Egypt's arms deal with the Communists, her recognition of Red China and reported coolness towards a U.S.-British offer to help finance the big Aswan Dam on the Nile.

The GAO study has been sent to Congress as a sequel to similar report on U.S. aid to Iran. A House subcommittee headed by Rep. Hardy (D-Va), which is now investigating the Iran program, received a copy of the report on Egypt.

Both Egypt and Iran are slated for further American assistance in President Eisenhower's $4,900,000,000 aid program for the fiscal year starting July 1. The House votes next week on the bill, which was cut by more than a billion dollars in committee.

PAT BEENE

District Post Is Sought By Lawyer Here

Pat Beene, Snyder lawyer, has qualified as a candidate on the Democratic ticket for the office of District Attorney of the 132nd Judicial District, which includes Borden and Scurry Counties.

"The office of District Attorney is one of the most important and responsible positions in the judicial organization of the state," Beene said in making his announcement. "I have filed for the office upon the solicitation of a great many of my friends, and if elected I will conduct the affairs of the office with the diligence and efficiency gained from my many years experience in the active practice of law."

Pat Beene has been a resident of Scurry County since 1949 when he moved to Snyder from Andrews, where he was elected County Attorney four consecutive terms, serving a total of eight years in that office.

Engaged in both civil and criminal practice in Snyder, Beene has been active in the Scurry County courts and other courts in West Texas, and has had extensive experience in cases tried by juries. He has been actively engaged in the practice of law for 20 years.

Beene is a native of West Texas, having been born in Montague County and raised in Wheeler County, where he was associated with his father, D. O. Beene, in the practice of law before moving to Andrews.

He and Mrs. Beene live at 1107 Thirtieth Street in Snyder, and have one son, Roy Beene, who is a freshman in Snyder High School, and one married daughter, Mrs. Bill Ogden, who lives in Midland

SNYDER SPOTLIGHT

By WACIL McNAIR

A couple of railroads played an important role in the development of Snyder and Scurry County. There was a time when a railroad was by far the most important link between frontier towns and villages and the "civilized" world.

Back in the days when the western part of the country was being settled the arrival of railroads touched off booms in many towns, and in some cases there was keen rivalry between competing lines to establish service.

Before the era ended, a lot of railroads were built. In fact, the total mileage presents a staggering figure. The public relations office of the Western Railways has made an interesting calculation in this connection: If all the railroad track in the United States were extended in a single line and a train were to start at one end and travel 60 miles an hour night and day without stopping, it would take 280 days — more than nine months — to reach the other end of the line.

• • •

Forest Sears is still "talking up" the idea of an industrial foundation for Snyder. Sears, who is chairman of the Chamber of Commerce industrial committee, has assembled a quantity of information on the subject, and has been quietly discussing it in personal conversations with local citizens. He hopes to put the information before a larger segment of Snyder residents in the near future, and already has made tentative arrangements to speak before some service clubs.

He feels that the subject should be discussed thoroughly in the community, and then, if there is sufficient interest, steps could be taken to organize a foundation.

• • •

Commencement exercises during the past week presented some cold statistics on our school population. There were 134 students in the graduating class at the Senior High School. However, just 24 hours after they were graduated, 260 students were promoted from the Junior High School into Senior High.

• • •

Snyder and Scurry County recorded an excellent safety record on Memorial Day. The fact that the holiday did not figure into a weekend this year probably helped the record, but some sections of the country suffered heavy traffic tolls, nevertheless.

Incidentally, June 1 launched the annual "Slow Down And Live" campaign, which will continue through Labor Day. It's a good slogan to remember while you're on vacation.

Tito Pledges Unity Of All Red Nations

MOSCOW, June 2 (AP)—President Tito of Yugoslavia, arriving for a triumphal state visit, declared today the Communist nations would never again be split as they were when the Kremlin tossed Tito aside in 1948.

Tito, resplendent in his gold braided marshal's uniform and with cheers of thousands of Russians ringing in his ears, said in a speech broadcast from gaily decorated Kievsky railroad station:

"The spirit of Lenin's principles of collective leadership are such that I am sure there never again will be misunderstanding among the nations of the Socialist (Communist) camp."

Standing beside Tito in brilliant late afternoon sunshine as he spoke were Premier Nikolai Bulganin, Communist party chief Nikita Khrushchev, and President Klementi Voroshilov.

Others included newly appointed Foreign Minister Dmitri Shepilov and the veteran old Bolshevik he succeeded, V. M. Molotov.

Tito came to Moscow to patch up what differences remain between him and the present Soviet leadership. There was wide belief that last night's naming of Shepilov, a friend of Tito, as foreign minister, had been timed to coincide with the arrival of Tito, who has little love for Molotov.

Thousands turned out to give Tito the biggest wecome Moscow had seen since the arrival of Indian Prime Minister Nehru last year.

Tito did not hesitate to refer to what he termed the "difficult" period after the 1948 break between Yugoslavia and the Communist countries led by the Soviet Union. Molotov, as foreign minister under Premier Stalin, played an important role in bringing it about.

Speaking in Russian with a heavy Yugoslav accent, Tito declared:

"We have come with the best wishes of our people. We were very happy to receive your invitation to see your wonderful country. It is not necessary to repeat that your efforts in constructing socialism have achieved great results. Since the days of the October Revolution and through the years of the great patriotic war the hearts of the Yugoslav people have been with you.

"Our history, old and new, has been full of suffering, and we can understand your suffering. Our ties have been strengthened in blood.

"Things were very difficult for us at one time, but we had faith the time would come when our friendship would be strengthened again."

Phone Representatives To Meet With Council

Representatives of Southwestern Bell Telephone Co. have requested an audience with the city council during the council meeting which begins at 7 o'clock tomorrow night.

The telephone officials wish to discuss further the company's rate increase request which was put before the council in its regular meeting last month.

All items on the council's agenda other than the telephone rate discussion are of a routine nature.

Britain Planning Two Naval Bases

LONDON, June 2 (AP)—Construction of two new naval bases on Africa's eastern seaboard and on Australia's west coast were reported under consideration today to bolster British Commonwealth Far Eastern defense lines.

Authorized informants reported a high-level reappraisal of Commonwealth defense strategy in the Middle and Far East is now far advanced. It has been supervised personally by Adm. Lord Mountbatten, Britain's first sea lord, who tourned the country's main naval installations in the Pacific and Indian Ocean areas two months ago.

Mountbatten's mission was to check the needs and the strategy of Britain's navy against the changing political background of the Middle and Far East.

The urgency of Mountbatten's task has been underscored by events in Ceylon, where a new nationalist premier, Solomon Bandaranaike, has said his government will demand Britain's withdrawal from her naval and air installations at Trincomalee.

Prime ministers of the other Commonwealth countries mainly affected—Britain, Australia, New Zealand, South Africa and the Central African Federation — will discuss the new strategic pattern later this month. They will be in London for a full-scale conference of Commonwealth premiers beginning June 27. Other countries attending are India, Pakistan, Ceylon and Canada.

Favored setting now for a new Africa royal naval base is Kenya's deep water port of Mombasa. Its Kilindini Harbor was big enough to shelter the whole of the British East Indies fleet during World War II.

Site of the projected Australian base would be at Cockburn Sound, 12 miles south of Fremantle. Prime Minister Robert G. Menzies told newsmen in Colombo today establishment such a base "is a matter that needs careful attention and costs a vast sum of money. And Australia has no money to burn." Earlier in the week Defense Minister Sir Philip McBride told Parliament there was no urgent need for a base there now but that the advantages were fully appreciated.

Bryan Mayor Dies

BRYAN, Tex., June 2 (AP)—Eldridge Earl Yeager, 70, former mayor of Bryan, died today following a heart attack. A retired rancher and real estate owner, he served many years on the Bryan city commission. Funeral services will be tomorrow.

Vote Slated In California

SAN FRANCISCO, June (AP)—Adlai E. Stevenson and Sen. Estes Kefauver of Tennessee appeared locked today in a close battle for California's critical 68 Democratic presidential nominating votes.

In a campaign sharpened with bitterness, the two rivals left almost no part of sprawling California unvisited in their quest for votes in the last and most important of the nation's presidential primaries here next Tuesday.

But there were signs that the candidates themselves were much more concerned about the outcome than the average California voter. Street corner and supermarket crowds were generally small. The apathy spelled out the prospect of a relatively light turnout among the state's 3,059,873 registered Democrats.

By and large, Stevenson's crowds were bigger than those which came out to hear Kefauver, particularly after Stevenson's victory in the Florida primary last Tuesday. Kefauver's backers attributed this to better organization work than they could provide for their catch-as-catch-can campaign.

Both candidates expressed confidence about the outcome.

Stevenson, campaigning in the San Joaquin Valley, said he thinks he knows "what the outcome will be" when the voters answer what he called "personal attacks" against him by Kefauver that he said "hurt the Democratic party."

Kefauver said "I think I'm doing all right" in what obviously is his do-or-die effort to demonstrate to the forthcoming Democratic National Convention that he is the choice of the average voter.

F. Joseph Donohue, Kefauver's national campaign manager, called the contest "a horse race," but said he thinks the Tennessee senator will nose out his opponent.

James Finnegan, Stevenson's manager, was "cautiously optimistic." But Paul Ziffren, Democratic national committeeman, predicted a 100,000-vote margin for Stevenson, who he is supporting.

As the candidates boiled down the home stretch, both were bidding desperately for support of Negro and old age pension voters who make up two of the largest blocs among the Democrats.

Father Places Son On Railroad Track

NEW YORK, June 2 (AP) — A father placed his 3-month-old son on the tracks in front of an approaching train today, police reported, but a watchman rescued the infant.

The father, John Birk, 33, an Estonian refugee, then pummelled the watchman, Henry Davis, 35, officers said. Onlookers at the New York Central yards summoned police who subdued Birk and arrested him on charges of endangering the life and limb of a minor.

Police said the episode followed a fight between Birk, who had been drinking, and his wife.

The babywas placed in the New York Foundling Home.

Bids To Be Taken For Area Roads

The Texas Highway Department will take bids June 12 and work on highways and farm-to-market roads in the state, including several miles in Scurry and Borden Borden Counties.

Low bids on all the projects in the state are expected to total about 11 million dollars.

There are two projects in this area. One is a two-mile strip of pavement beginning on Eighth Street in the north part of Snyder. The pavement will run from the Clairemont Road east past the Snyder Cemetery to intersect with already-existing pavement which runs to Ennis Creek. The remainder of the road ruling out from there is also already paved to Camp Springs, Hobbs, and on to Rotar.

Right-of-way has been secured for that project. Pavement will be be feet wide outside the city limits and slightly wider inside. Only about three blocks of the pavement will be in the city.

The other project is about 10 miles of paved road from Gail south toward Big Spring. This will be a rehabilitation project. Both projects include some grading, structures, and paving.

U. S. Will Review Disarmament Plans

WASHINGTON, June 2 (AP)— The Eisenhower administration is re-examining its strategy for disarmament negotiations with Russia. It hopes to avoid a new deadlock due to flat Soviet rejection of President Eisenhower's "open skies" approach to arms control.

President Eisenhower and his special assistant on disarmament, Harold E. Stassen, are reported to believe that the Soviet government also may be trying to find ways to keep disarmament talks fluid. They hope that Russia will move toward an eventual agreement.

Whether Secretary of State Dulles shares such hopes is unclear. Dulles has recently given evidence of disagreement with Stassen in estimating Rusian behavior.

The differences of emphasis" in recent public statements by the two men are reflected in the secret discussions among the President's advisers on foreign policy moves.

There also apparently have been differences of judgment between Stassen and military authorities. This situation is said to have made it necessary for Eisenhower personally to resolve disagreement within his official family by making presidential decisions on the course to be followed.

Decisions taken so far in preparation for further talks between the Western powers and the Soviet government on the arms issue were reported today to represent a shift of Amrican policy away from the "open skies" proposal and toward the concept of "bringing the nuclear threat" under control.

This concept was advanced by President Eisenhower in a letter to Premier Nikolai Bulganin [illegible] months ago. It means simply that Eisenhower believes it would be possible for the world's atomic powers to make a start on checking the development of atomic power by diverting new production of atomic materials to peaceful rather than military purposes.

Postal Receipts Are Climbing Here

Postal receipts in Snyder continue to reach new highs as the months go by, and 1956 shows good prospects of being another record year at the post office.

During May, the post office here recorded total receipts of $10,712.68, which was a new record for that month, breaking the old record of $10,438.35 set last year.

The total for the first five months of this year is $50,197.95, compared to $41,134.33 by this time last year, and 1955 was a record year.

By months, receipts so far this year have been $11,170.76 in January, a new record, $8,971.62 in February, $10,516.38 in March, $8,826.51 in April, and $10,712.68 in May.

Merger Delay Is Reported

DALLAS, June 2 (AP)—The Dallas Times Herald says it has learned that the statewide merger of the Texas AFL and CIO forces, previously set for late June, has been postponed four or five months.

The delay, according to the newspaper, was blamed partly on a national "go slow" directive resulting from AFL building trades unions jurisdictional disputes within the national labor merger.

The Times Herald said this would mean the two major Texas labor branches would not go into the national election campaigns with the solidarity of combined force.

The delay also was blamed on a lack of adequate meeting space for the large delegations that had expected to attend joint merger conventions the AFL and CIO had planned in Austin June 25.

Fort Worth Man Proves That 'Three's A Crowd' For Sure

FORT WORTH, June 2 (AP)—A 30-year-old government electronics worker who divided his time between two wives without either knowing the other existed, was exposed today when wife No. 1 tried to commit suicide for the second day in a row.

Edward Voss, employe at Fort Worth General Depot, told Detective Capt. O.R. Brown he married wife No. 1 five years ago in Panama and picked up wife No.2 last December in California.

While both women wept at police headquarters, the red-headed Voss told reporters, "I really got myself in a mess."

Said wife No. 1, Mrs. Sixta B Voss, 35, of Central America: "I can't live without him."

Said wife No. 2, Mrs. Doris Voss, 32, of Los Angeles: "Of course, I still love him. You can't turn love on and off like that."

Voss painfully detailed how he shuttled between wife No. 1, who lived with him in an apartment here, and wife No. 2, who lived with him in a converted trailer at Arlington.

"I told them both I traveled a lot," he told a Fort Worth Star Telegram reporter.

"And I believed him," wife No. 2 screamed. "I'd sit home thinking he was on the road. I had no reason to doubt him."

Voss held her and moaned: "I'm sorry. I'm sorry. I made a mistake. I shouldn't have deceived you. But it's you I love. I want to send Sixta back to Panama."

Sixta, at the moment, was on her knees praying in a cell where she had been placed after police said she tried to kill herself this morning in her gas-filled bedroom.

She has two sons, 10 and 6, by a man in Central America. The elder boy called police this morning when he found his mother. Police officer D. A. Cardwell and Sgt. Sam Latham revived her and brought her to headquarters.

The same two officers made a similar call yesterday when the boy phoned that his mother was going to shoot herself.

She had writen a farewell note and told officers then that she

WEATHER

SNYDER TEMPERATURES: Friday's high 88; Low 63. Saturday's 7:30 a.m. reading 69.

East, South Central and North Central Texas: Partly cloudy to cloudy Sunday and Monday; widely scattered thundershowers; not much change in temperatures.

West Texas: Cloudy to partly cloudy; widely scattered thundershowers Panhandle and South Plains Sunday and Monday. No important temperature changes.

Hermleigh Girl Wins FFA Honor

Nelda Smith, 15-year-old freshman from Hermleigh High School, was chosen Area II sweetheart of the Future Farmers of America at the area convention in Alpine, which ended Friday.

Miss Smith was one of three winners a few days ago in a queen contest here in connection with National Cotton Week.

In the Alpine competition, she represented this district of FFA, while there were other district sweethearts from Lamesa, Anson, Brownfield, and Blackwell.

She will go to the state FFA convention in Dallas July 25-27 as one of ten finalists for the state sweetheart contest.

Richard Miller, Snyder FFA junior, was approved at the meeting for the Lone Star Farmer degree, which is awarded by the state FFA. Approval must still be gained at the state convention, however. Miller this year had the grand champion lamb and third place calf in the Scurry County Junior Livestock Show. He was a member of the local chapter's grass judging team, which won fourth place in a state contest at Fort Worth.

Those attending the convention from this area included:

From Snyder — Billy Bob McMullan, FFA teacher, and Miller and Billy Greene.

From Hermleigh — Frank Barnes, FFA teacher, and Miss Smith Morris Light, Butch Nachlinger, and Kenneth Lofton.

Baptists End Convention

KANSAS CITY, June 2 (AP)—The Southern Baptist Convention closed today with speakers advocating a crusade for christian morality and family fidelity.

Clifton J. Allen, Nashville, Tenn., editorial secretary of the Baptist Sunday School Board, urged a return to New Testament teachings, declaring that moral corruption has enveloped "a large segment of American life."

"There is humiliating evidence that large numbers of church members have suffered the moral contamination of dishonest practices, sex familiarities and social jealousies," he said. "We are all exposed to the peril of this deadly contagion."

In the other address, Dr. H. Guy Moore, Fort Worth, minister, said the home that succeeds must be in harmony with God's purpose. That, he said, means being loyal to the highest responsibilities attached to "such a solemn venture as marriage."

Louisville was selected as the 1959 convention city. Earlier, Chicago was chosen for the 1957 convention and Houston for the 1958 conclave.

Cooper Not Seeking Post

LEXINGTON, Ky., June 2 (AP)—The Republican State Central Committee will soon undergo the task of picking the GOP nominee for the vacancy created in the U.S. Senate by the recent death of Alben W. Barkley.

John Sherman Cooper, now ambassador to India, had been regarded as the most likely candidate by high GOP circles, but told the committee today he would not make the race.

Cooper wired Chairman Dewey Daniel that "I have spent a great part of my life in Kentucky in politics and it is my interest to respond to the opportunity of this election year."

However, Cooper said his job as ambassador "has a strong and undeniable claim upon whatever efforts I am capable of exerting. I do not believe that it would be an orderly or responsible action to quit at this time."

Daniel said the state committee might name its nominee on June 23, when it meets to decide some county committee contests.

Two Promoted On Texarkana Paper

TEXARKANA, Tex., June 2 (AP)—Appointment of Robert Mundella as managing editor of the Texarkana Gazette and Paul Lowry as managing editor of the Texarkana Daily News was announced today by C.E. Palmer, publisher.

J.Q. Mahaffey will continue as editor of both papers.

Mundella has been sports editor of the Gazette and Lowry has been city editor of the Daily News for several years.

Mahaffey has been performing the duties of managing editor for both papers since 1945. He now will devote more of his time to editorial writing and public relations, Palmer said.

Pitner Back Home

Byron Pitner, 712 Twenty-sixth Street, is back at home after several weeks' stay at San Angelo while ill.

Pitner, an employee of the county tax assessor-collector's office before his illness, underwent an operation at Shannon-Memorial Hospital at San Angelo. He had been there since April 25.

O'Daniel On Tour

DALLAS, June 2 (AP)—W. Lee O'Daniel will renew his campaign for governor at El Paso Monday, then move east to close his week's speaking in the Fort Worth-Dallas area.

Undergoes Surgery

HOLLYWOOD, June 2 (AP)—Actress Doris Day underwent minor surgery today at nearby Glendale Memorial Hospital, her agent announced.

FT. WORTH

Continued from Page 1

wanted to die because she understood her husband was "going with another woman."

But last night the three met for the first time, and the story came out.

Voss took wife No. 1 to the trailer home and introduced her to wife No. 2, telling them the whole story. He told wife No. 1, he wanted her to go back to Central America.

"You can't imagine what it was like, learning he was already married," No. 2 said Saturday. "We all cried, and then my husband took Sixta home. He came back about 3 o'clock this morning and we sat up talking all night. We went back over to the house (in Fort Worth) this morning, and the police were waiting."

Voss said he married wife No. 1 while in Panama working for the government. He said he thought a relative had annulled the marriage when he returned to this country, but had never known for certain.

Wife No. 2 said she began corresponding with Voss last year when he was on a government job in Japan. She said she got his name from a pen pal list. She said she had been married once before.

"The letters kept getting more serious," she said, "and when he got back to the states I went to meet him at the boat." She said they were married a few days later, and then Voss left her in Las Vegas, saying he had to go on to Fort Worth and a job.

"He really picked up Sixta, who had come up to the United States. A month later I got tired of waiting and came out here. He met me, and we got the traileer."

Voss was taken to the district attorney's office for possible filing of bigamy charges.

Said wife No. 2 at police headquarters: "I love him but I'll go back to California if he wants me to."

Then, to the reporters: "what would you do?"

Most Texas Cities Have Water Problem

AUSTIN, June 2 (AP)—The chairman of the Texas Water Resources Committee said today more than half of the cities in the state do not have water supplies adequate to meet future needs.

Sen. George Parkhouse of Dallas, said 54 per cent of 25 Texas cities surveyed by his committee fall in this category.

The committee chairman said 30 per cent of the cities said lack of funds had prevented them from building dams and 37 per cent said they would have undertaken water supply projects if they had been able to borrow money from the state.

Of the 255, Parkhouse said only 74 reported their supplies would be adequate to meet their needs in 1975 and 163 said their supplies would not be adequate.

Beharrell Is Winner At British Am

TROON, Scotland, June 2 (AP)—John Beharrell, told to quit school this year to protect his health, won the British Amateur golf championship, one of golfdom's greatest titles, today at the record - smashing age of 18.

The chunky, blond youngster hailed as a budding Bobby Jones defeated 32-year-old Leslie Taylor, 5 and 4, as gales howled across the Firth of Clyde with such fury that they drove putts off line as they rolled toward the cups.

No golfer so young ever before has won either the British or American Amateur titles. The immortal Jones reached the U. S. finals at 17 back in 1919 but was defeated. Francis Ouimet of Boston took the U. S. crown in 1914 the year he became 21.

The previous youngest winner of the British Amateur championship was W. B. Barry of Great Britian, who had it in 1905 at the age of 19 Beharrell, poised and unsmiling, took up golf seriously only a year ago for the sake of his health. He had never touched a club until four years ago.

But today he won by playing impeccable shots around the gale-swept greens and drilling his drives through the screaming winds.

Beharrell, the son of an importer, succeeds Joe Conrad of San Antonio, Tex., who was eliminated in Thursday's quarter - final round. He is the first Englishman to win the British Amateur title since Alex Kyle did it in 1939.

Beharrell saw a 6-up lead melt to only 2-up and shook his head in amazement as the wind whirled his ball out of line.

But he had great shots when disaster threatened. The Birmingham teen-ager playing nevertheless as a robot, holed a remarkable 70-yard iron shot at the 368-yard 25th for and eagle. Under the prevailing playing conditions it was little short of miraculous. Even more important was a 15-foot putt he sank at the 30th hole to halt Taylor's last bid.

Most Of State Warm And Clear

By The Associated Press

Thunderstorms rumbled over the South Plains of Texas Saturday night but rainfall was light.

Lubbock had a trace, enough to rain out a Southwestern League baseball game.

Traces also fell at Big Spring.

Local ground dust obscured visibility at San Angelo.

hlsewere, most of Texas wa E

Elsewhere, most of Texas was warm and clear.

The highest afternoon temperature was 102 degrees at Presidio. The lowest maximum was 81 at Galveston.

The Weather Bureau said widely scattered thundershowers could be expected in North Central Texas and the Lower Rio Grande Valley Sunday.

Slowly rising temperatures were forecast for most of the state Sunday.

50 Million Reds Are In Churches

NEW YORK, June 2 (AP)—Metropolitan Nikolai of the Russian Orthodox Church said at a news conference tonight he estimates more than 50 million out of the Soviet Union's 20 million people are religious believers.

Nikolai heads a delegation of eight Soviet religious leaders which arrived here today as guests of the National Council of Churches of Christ in the U.S.A.—an association of 30 American churches, including most important Protestant denominations, with more than 35 million members.

Nikolai, the second ranking prelate of the Russian Orthodox Church and head of its Moscow diocese, once in public statements praised Joseph Stalin in fulsome language. He said tonight that he, like all Soviet citizens, changed his attitude on Stalin since Stalin's actions had been "exposed."

But Nikolai sidestepped a question about whether he now repudiates Soviet charges—which he supported vigorously several years ago—that the United States was waging bacteriological warfare in Korea.

Nikolai said that in view of current efforts to strengthen friendship between Russia and the west it was not worth while to bring up something that happened four or five years ago.

The chief of the Latvian Lutheran Church, Archbishop Gustav Turs, told reporters that pastors and officials of his church have been returning from exile recently.

The Soviet religious delegation was greeted at Idlewild Aiport by top dignitaries of the National Council of Churches, headed by the Rev. Eugene Carson Blake of Philadelphia, president of the Council.

The Russians also were met at the airport by demonstrators carrying posters bearing such slogans as "Judas was more honest than you. He hanged himself."

Ex-Champion Is Stricken

LOS ANGELES, June 2 (AP)—Henry Armstrong, ex-triple boxing champion of the world, suffered a stroke at his home today and doctors report his condition is only fair.

Armstrong, 43, is the only man in ring history to have held three championships at the same time. He was taken to Georgia Street Receiving Hospital where an attendant said the former boxer "was not mentally clear."

Physicians said he apparently suffered a cerebral hemorrhage coupled with convulsive seizures. He was ordered transferred to General Hospital.

Armstrong, in his fabulous career, won the featherweight, lightweight and welterweight titles—and held them all simultaneously.

Five years ago he was ordained a Baptist minister. He has been active as an evangelist, however, at nondenominational churches and was president of the Henry Armstrong Youth Foundation.

Cassady Not For Career In Athletics

NEW YORK, June (AP)—Howard (Hopalong) Cassady, formally honored today as 1955's male "Athlete of the Year," said he has no intention of making a career in sports.

"That's the reason I have chosen to play professional football instead of baseball, the talented All-America halfback from Ohio State added. "It's a means to an end."

"If I were to play baseball it would take nine or 10 months a year and I wouldn't have a chance to do anything else. Football is more seasonal and much less demanding. I took a minor in business insurance, majoring in physical education. I hope to build up an insurance business in Columbus, Ohio."

Cassady was here to receive the first Frederick C. Miller Memorial Trophy emblematic of his selection in The Associated Press' annual poll as the male "Athlete of the Year." The honor is based on a poll of sports writers and broadcasters.

A similar award was given Patty Berg, the red-haired women's golf star from Minneapolis, who because of previous commitments was unable to be present for acceptance. Miss Berg's brother, Herman Berg Jr., of St. Paul, Minn., pinch hit for her.

The trophies in the name of a prominent Milwaukee businessman and ex-Notre Dame football captain, killed in a plane crash, have been established by the Fraternal Order of Eagles. They will be given yearly to the top male and female athletes.

Presentations were made by Judge Robert C. Cannon of Milwaukee.

Scintists Launch Gulf Exploration

ROCKPORT, Tex., une 2 (AP)—Four Scripps Institute scientists left here this week aboard the shrimper Neva J. for two weeks of exploration in the Gulf of Mexico.

During the trip they will take extensive core samples from the Continental Shelf between Galveston and the mouth of the Colorado -River. They will then go to Port Isabel, crisscrossing the Continental Shelf between there and Port Aransas with test drillings.

The program, which was started by the institute in 1951, is financed largely by grants from the American Petroleum Institute. In time it is hoped that information accumulated will make it easier to etermine the location of underground oil pools.

From 1850 to 1860, 914,119 Irish immigrants reached the United States.

Snyder Boys Go To Camp

Six boys from Snyder are attending the recently - completed Salvation Army Camp Hobbitzelle near Midlothian, according to Herman Trigg, camp chairman for the local Salvation Army service unit committee.

The youth camp, for boys eight though 14 throughout hte state, is held each summer by the service unit department of the Texas Division of Salvation Army. This is the first year for hte new and greatly expanded camp center.

Herbert Feather, chairman of the Snyder service unit committee, said the new camp features year-round construction of brick with craft lodge, recreation hall, hospital and dispensary, swimming pool, and chapel, in addition to campers cottages and a dining hall. The camp center is on a 340-acre ranch which is completely fenced, offering room for all types of outdoor recreation.

The boys are taught handcrafts, swimming, sports, and are given lessions in Christian living at the camp. They are under supervision of Salvation Army officers.

This is among the many services of the Salvation Army, which is supported locally by the Scurry County United Fund.

About 82 in 100 of male Americans over 14 years old have jobs.

WOULD-BE SUICIDE SUBDUED— George Sanchez, 29-year-old truck driver, struggles in the grasp of Officer Marion Hoover, whose wrist he is biting, after being subdued while threatening to commit suicide at Los Angeles, Calif. Father Charles Dignam (rear) and Sanchez brother, Edward (coatless, left), kept up an endless stream of conversation for 54 minutes while Sanchez held a pistol to his head, attempting to dissuade him from his threat to end his life. They finally grabbed him when he asked his brother to cover the bird cage.

'Doctor Christian' Of Movies Is Dead

HOLLYWOOD, June 2 (AP)—Actor Jean Hersholt, the kindly Dr. Christian of movies and radio, died of cancer today after a year-long siege of operations and illnesses.

Had he lived until July 12, he would have been 70.

The onetime Danish immigrant, 50 years an actor, had received in his lifetime such honors as knighthood from his native land; two special movie Oscars, honorary degrees from four American colleges and, only last month, one of the biggest civic testimonials in Hollywood history.

He died in the nearby Beverly Hills home where he had lived for more than 30 years. With him at death was his wife, Via, to whom he had been married 42 years.

Dr. Maynard Bransma said death was caused by progressive cancer of the pancreas.

Hersholt's philanthropies earned him the love and respect of the film industry.

Hersholt served four years as president of the Academy of Motion Picture Arts and Sciences. From the academy he received two special Oscars, in 1939 and 1941, for his activities on behalf of his fellow actors.

Hersholt was a founder of the Motion Picture Country Day Home and, for 18 years, headed the relief fund which took care of needy actors in their old age.

Veteran actor Charles Coburn said:

"Jean had a glorious knack of making actors who were broke feel they were not accepting charity—just the comfortable retirement that their work through the years had earned them."

The world, in recent years, had known Hersholt only as the beloved Dr. Christian. But his success as the villain with Mary Pickford in "Tess of the Storm Country" made him one of the most sought-after heavies of the silent movies.

After he had done Dr. Christian for several years, he tried to play a heavy again but his fans would not go for it.

"The complaints poured in," he recalled. "Even when I appeared in a beer ad, I got a flood of protests. People are very sensitive about Dr. Christian."

Hersholt was born to the theater. His father and mother were leading players in a Copenhagen stock company when he was born in 1886.

Philippine Dollars

MANILA, June 2 (AP)—The Philippine Central Bank reports an improvement in the Philippines shaky dollar reserves. Bank Gov. Miguel Cuaderno said reserves had increased from 209 million dollars at hte beginning of 1955 to 233 million dollars. He attributed the improvement to restrictions on nonessential imports.

Bank Robber Is Helped

FERGUS FALLS, Minn., June 2 (AP)—Neighbors from miles around rolled their tractors to the farm of confessed bank robber Vernon Richter today to help plow his soybean and corn fields.

Overwhelmed with gratitude, Richter, 31, the father of six children, said he "couldn't understand why they are willing to help me after the mistake I made."

Fourteen tractors, operated by friends who refused to turn thzir backs on Richter, worked the 135-acre tract.

Sheriff Russel Broberg said Richter admitted robbing the Northwestern State Bank at Ulen, Minn., of $1,158, two weeks ago because his bills were piling up and he was desperate for money.

Richter is free on $10,000 bail posted by his parents and his wife's parents. Neighbors offered to furnish the bond if the family couldn't.

Negro, White Fight Starts

CROCKER, Mo., June 2 (AP)—White and Negro trainees engaged in several fist fights aboard a special train last night en route to Lackland Air Force Base, San Antonio, Tex.

A military source said the scraps "were not racial but individual disturbances." Clyde Frey, Crocker city marshal, said he was told "there was some kind of racial dispute" and that drinking may have contributed to the fracases.

No serious injuries were reported among the approximately 150 eastern trainees from various cities. A call from the train crew brought an Air Force lieutenant from Ft. Leonard Wood to Crocker where the train was stopped for an hour and a half and order restored before it went on.

"Trainmen reported some of the men had weapons and that some were drawn," Frey said.

The five-car train of the Frisco Railroad left St. Louis yesterday.

Frisco Railroad officials had no comment.

Needs Library Space

COPENHAGEN, Denmark, June 2 (AP)—King Frederik IX needs more library space. Librarians counted more than 100,000 volumes in the Christiansborg Castle library and weeded out 1,000 duplicates. These will be sold at a Copenhagen second-hand bokshop at their market value.

Natural Gas Legislation Recommended

DALLAS, June 2 (AP)—The Interstate Oil Compact Commission tocalled for new legislation covering the "fundamental purposes approved by the President in his veto of the Harris-Fulbright bill."

The legislation would exempt from federal control the "local activities of development, producing and gathering of natural gas."

Commissioners also reaffirmed their position that foreign oil imports should only be in the amount "to supplement domestic crude oil production, produceable without waste and within maximum efficient rates."

"Federal control of this industry canonly end in conflict with the administration of state oil and gas conservation laws and the eventual destruction of the conservation program of the several states," the resolution said.

L. Dan Jones, Washington, assistant general counsel of the Independent Petroleum Assn. of America, said second and third quarter total oil demand now averages more than one million barrels daily less than in winter quarters.

"Reductions have been made in domestic production," he said. 'Crude oil imports, however, are scheduled to increase from an average of about 850,000 barrels daily during the 1955 fourth quarter and the 1956 first quarter to about 95,000 barrels daily during the second quarter and one million barrels daily during the third quarter."

Diplomas Are Given Out By University

AUSTIN, June 2 (AP)—The University of Texas presented diplomas today to 1,400 graduates.

Degrees were conferred formally tonight at general commencement exercises as John Jay Hopkins, board chairman and president of General Dynamics Corp., delivered the commencement address.

The ventilation systems of the U. S. aircraft carrier Saratoga pump enough air to supply 20 Radio City Music Halls.

Bible Thought

For as the lightning, that lighteneth out as the one part under heaven, shineth unto the other part under heaven; so shall also the Son of man be in his day. (St. Luke 17:24)

EDITORIALS

About Worrying

Now comes the psychologist-teacher-columnist Dr. Gearge W. Crane in a new book to declare: "It's smart to worry! Worry is a sign of surplus I. Q. So encourage worry, don't shun it. Worry is really an example of mental problem-solving of a trial-and-error sort, with a strong emotional flavor. It is high pressure thinking."

We suppose what the doctor is driving at is that "worry" is easily translatable into "concern," and if so we agree with him. But when worry slides into anxiety and then into fear, it's something else again. Literal meaning of "concern" is "to put together" plus "to separate." That is, to sift, to perceive.

The habit of "worrying" a problem is a good one to cultivate. Take it apart. Examine it. Hold it up to the light. Analyze it. Don't worry yourself, but "worry" the problem, as a cat worries a mouse.

It is futile and vain to shut your mind against a problem. Face it. Stand up to it. You worry more trying to drive it out of your mind than you would if you faced it.

Don't panic. Sit down and calmly think things through. If you do, nine times out of ten you'll find the solution comes easy.

Don't borrow trouble. Don't take too much thought for the morrow, as the Good Book says, for the things that you fear might happen tomorrow rarely happen at all.

Don't suppose your troubles are unique. They have been and will be shared by millions of others. Don't make the mistake of supposing fate has singled you out for special punishment. Self-pity is the most destructive of all emotions, since it robs you of will and strength.

Don't try to shift all your troubles and cares off on the Lord, as a good many popular inspirational writers and speakers suggest. Ask His help, to be sure, but don't expect Him to do it all just as you wish it done. After all, He makes the rules. He is the Umpire.

Texas, Rich Texas

They're telling the story of the man who died and went to heaven, and after a few weeks got dissatisfied with the place. He complained so loudly that Saint Peter suggested he go below and see new he liked things down there. The fellow did, but was soon back again. "Found it pretty hot down there, I guess?" queried St. Peter. "Nah," the man replied, "They got in a big shipment of Texans and those boys soon had the place air-conditioned at their own expense." . . .

They just won't leave us rich Texans alone. The current New Yorker magazine shows an elderly couple on an airliner and mama is complaining of the accommodations. Papa reassures her by saying, in effect: "Now, now, mama; you can't expect everything to be as nice here as it is on our own itty bitty ol' plane." The artist didn't identify the couple as hailing from Texas; he didn't need to, so widespread is the totally erroneous impression that everybody in Texas owns a Cadillac and uses hundred-dollar bills as pen-wipers. . .

Then there's the story of the two fellows in the washroom who discovered there were no towels when they'd completed washing their hands. One fellow turned to the other and said, "How about ten fives for a fifty?" and held out the bill. The other fellow made the change and pocketed the fifty as the stranger wiped his hands on the ten fives, then threw them in the wastebasket. "By the way," says the new owner of the fifty, "how are things down in Texas?" . . .

You see how it is. All us Texans are filthy rich, and there is no escape from that general impression throughout the country and the world. Usually, it's oil people who are the richest, in this tale of Texas opulence. Before the bottom fell out of beef prices and the drouth got so tough, it was the cowman who symbolized the universality of wealth among Texas 8,000,000 citizens. . .

These tall tales of a Texas rolling in wealth used to be rather amusing, but they are beginning to go a little sour on us 7,685,901 Texans who worry about bills and don't ride around in Cadillacs.

Time To Make His Move?

Invitations From Moscow Are Cause Of Considerable Embarrassment In Capital

By WALTER LIPPMAN

There is much embarrassment in Washington over the invitations which are coming in from Moscow. It would have looked very silly indeed if we had refused to let Gen. Twining go to Moscow and to have a look at the Soviet Air Force. Yet we hesitated. What is worrying the Administration is that the invitation will have to be returned, and that as one thing is supposed to lead to another, we shall end up — as Sen. Knowland put it the other day — with Khrushchev and Bulganin coming to Washington "to sleep in Lincoln's bed."

All this arises from a certain confusion, from a failure to distinguish between a meeting of the heads of government and a meet of subordinate officers and officials. It does not follow at all that visits of the chiefs of staff, defense officials and the like, must lead to a visit by Khrushchev and Bulganin. A meeting of the heads of government may not now be desirable at all. It seems to me it is not how desirable But that does not mean that we ought not to welcome exchanges of visits and a general increase of communications between the Soviet Union and the United States.

The essential difference between meeting at the summit and meeting at lower levels is that the men at the top have the power to negotiate and to take decisions. Below the summit, men can only report, explore, and follow instructions. To hold a meeting at the summit is always an act of high policy in that it announces a hope that decisions will be taken.

Because of this, a meeting among adversaries at the summit, as distinct from a meeting among allies, should not be held until there is virtual certainty that they have reached some agreement. At the first Geneva meeting there was every reason to believe that they had reached an agreement on the impossibility of thermonuclear war.

A meeting at the summit ought not to be held unless it is sure to succeed. This means that the parties to it must already have negotiated successfully through diplomatic channels before they meet. If they have not done this, they run the risk not only of disagreeing more spectacularly than ever but of diggin; themselves into positions from which they cannot then negotiate.

There need be no embarrassment in saying frankly that we do not favor a meeting at the summit until there have been successful negotiations through diplomatic channels. Once this is our known policy, we need not shrink from—indeed we can encourage, the exchange of visits. The world will be spared the hullaboo of publicity, of false hopes and dashed hopes, of rumors and suspicion, that would attend a visit by Bulganin and Khrushchev to Washington.

• • •

It can be said that they went to London, that nothing spectacular happened, and that the confidential talks were useful. The fact of the matter is that a visit to Washington would be a quite different affair. It would be a meeting at the summit in the sense that the London meeting was not. For the President has a kind of decisive power within the Western alliance which gives him tremendous responsibility in talking with the Russians. He is responsible to his allies. In a personal negotiation at the summit he may not be able to consult them adequately. If he makes concessions in order to reach agreements, he may be accused of letting down his allies and of partitioning the world between the two giant powers. If he makes no concessions, he may be more inflexible than his allies wish to be.

No such dilemma exists as long as the President deals with the Soviet Union through diplomatic channels. For then he can consult his allies at every step on the way.

• • •

All this is, I must admit, hard to square with the enthusiasm of Secretary Dulles for travelling personal diplomacy. "It is silly," he has said on television, "to go at it in the old-fashioned way of exchanging notes, which take a month perhaps before you get a good understanding," when "by overnight flight" and "talking a few minutes face to face," the Secretary of State can get a good understanding.

Is Mr. Dulles right in thinking that a month is too long to take for a good understanding And is he right that when men get off an over-night plane and talk face to face for a few minutes that they always know what they are talking about Mr. Dulles has travelled 310,000 miles, and can it be said that the globe is studded with good understandings

In any event, his enthusiasm for face to face diplomacy will probably stop short of enthusiasm for a face to face meeting in Washington between the President and the Soviet leaders. But, given his enthusiasm for personal diplomacy, he will find it harder to a Bulganin and Krushchev visit.

1956, The New York Herald Tribune.

WASHINGTON LETTER

Lord Mayor's Topper Rivals Women's Hats

By JANE EADS

WASHINGTON — Wives of the nation's bigwigs, who have been taking a ribbing from their menfolk over the upside-down peach basket, lampshade and mushroom hats they've gone crazy with the headgear sported by two male visitors here.

Nothing the little woman wears this season can compare with the toppers worn by the lord mayor of London, Alderman Cuthbert Ackroyd, and his sword bearer, William T. Boston, when they're on the job.

Hizzoner, in accepting the key to the city, wore a number to out hat all the creations the ladies are hiding under this spring — a huge tricorne of velvet burdened with a sweeping ostrich feather and a glittering steel ornament called a flash. His sword bearer wore a towering turban which he described as "a bird's nest of Canadian sable." Boston said sword bearers of the City of London have been wearing these fur hats since 1500. What's more, he said the hat costs $450! He actually carried a sword.

With their chapeaux the two wore fantastically lavish costumes. The Lord Mayor's was of black velvet trimmed in gold, and his fine white linen shirt had a deep lace jabot and a three-inch frill of lace from the cuffs. This outfit costs $3,000. Ackroyd said the clothes get hot at times, "but you get used to them when you take yourself in hand a bit."

• • •

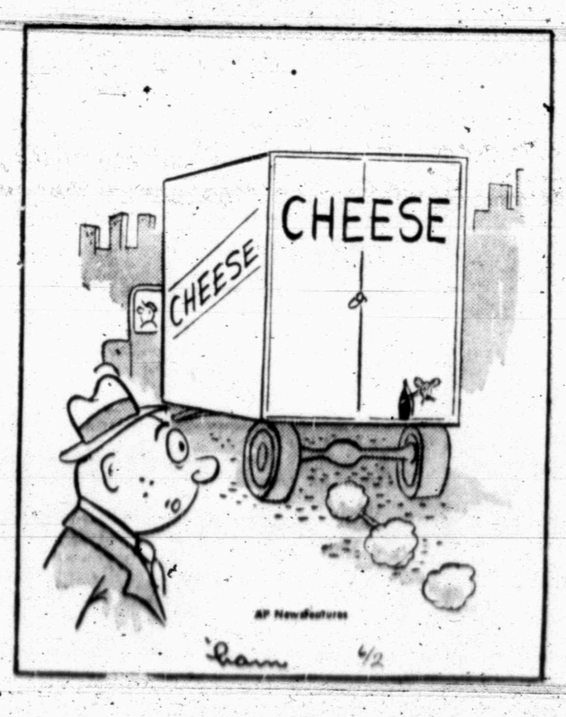
Mrs. Norman Vincnet Peale, wife of the minister of New York's Marble Collegiate Church, told a group of Washington wives that husbands are the hardest people for women to get their ideas over to. "They seem to hear us," she explained, "but when it comes right down to it, they don't hear a thing."

• • •

The former Drucie Snyder, now Mrs. John Horton of California, came on to Washington after Margaret Truman's wedding at Independence to see her father, John Snyder, former secretary of the treasury, get a decoration from Joaquin Jose Vallarino.

Snyder and Leslie Biffle, former secretary of the Senate, received one of Panama's highest decorations, the Order of Vasco Nunez de Balboa (discoverer of the Pacific in 1513).

BUCKLEY



Wilson's Annual 'Picnic' Will Offer Interesting Possibilities This Year

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON, June 2 (AP)—Secretary of Defense Charles E. Wilson is going to take his quarreling military family to the annual four-day picnic where serenity is supposed to reign.

Perhaps the expected presence of the commander in chief, President Eisenhower, will help induce harmony at this fourth annual "secretaries' conference."

Or maybe it will be like other picnics, and the little ants of dissension will crawl over the table, while the Army and the Air Force and the Navy rehash their disputed claims to roles and missions.

The big Quantico, Va., Marine base 35 miles south of here — where the generals and the admirals and the shirt-sleeved secretaries of the Defense Departmnt and the separate services meet — is a fine place for either fight or frolic.

The dates this year are June 21-24. The agenda follows the pattern of the three previous conferences called by Wilson—to provide a chance for golf and swimming and relaxation, combined with an opportunity for the civilian and military chiefs to talk shop. This year, the latter has interesting possibilities.

What about that good old question, now renewed in another controversial exchange:

If war comes, what service should do what with which weapons

The 1956 model of the argument now is built around a dispute between the Army and the Air Force over aircraft, missiles and missions in general. The Army is unhappy too over its shrinking share of the defense dollar. The Navy in the past never has been reluctant to join in.

Roles and missions assignments for the armed forces were supposed to have been pretty well pinned down and defined by the "Key West" and 'Newport" papers. The first defense secretary, James Forrestal, succeeded in getting the Army, Navy and Air Force to agree, in the documents, on the general function of each. The documents are still in existence, but events have reduced their value.

Armed forces expansion in the Korean War, followed by shrinkages, new weapons of the jet-atomic-missile age, cutbacks under reduced national budgets—all these have sharpened the rivalry among the services.

Forrestal took the service officials to the Florida and Rhode Island naval bases to get them away from the atmosphere of Washington while they drafted the Key West Agreement. Wilson has the same idea about the Quantico conferences—to get his secretariat and military staff together around a conference table away from the Pentagon.

Wilson has made it plain he believes the Key West agreements aren't inflexible. (There were some comparatively minor amendments made within the framework of a congressional act about three years ago.)

The defense secretary says, "This roles-and-missions business is never a completely static, frozen thing and never will be."

And at his most recent news conference, flanked by an array of his high command, he asserted:

"We talked about roles and missions of the Key West Agreement as if that settled a lot of things permanently, forever. That is not what happens."

While Wilson didn't mention it then, one of the troubles is that the Key West Agreement on roles and missions was drafted before missiles, jet aircraft and nuclear weapons had come into operational use. For example:

1. The longest-reaching Army weapon was a conventional artillery piece which could lob a shell no farther than immediately behind an enemy line. The Army's scope of operation thus was entirely tactical, on the battlefield itself. Today the Army has guided and unguided missiles which, armed wth nuclear warheads, can reach from 50 to 300 miles back of an enemy line. Is this tactical warfare or strategic, designed to destroy enemy capability The Air Force looks upon it as strategic, and claims priority for that mission.

2. The Air Force has unmanned guided bombers—in the category of missiles—which can strike at targets hundreds or even thousands of miles away. It is working toward intercontinental ballistic missiles. A ballistic missile is basicaly a form of artillery — it is pre-aimed, it travels through a trajectory. The Army is the traditional user of artillery and bombardment rockets. Is the Air Force encroaching on an Army mission?

3. When the Key West Agreement was made, the Navy still was using planes of comparatively short range, capable of handling only conventional bombs, and operating from carriers which then could carry no bigger or heavier aircraft. Today, the Navy has the Forrestal class carrier and planes able to tote nuclear bombs. The radius of action of the new carrier aircraft is stepped up to over 1,000 miles. Is the Navy prepared to join in strategic warfare against targets well inland? The Key West Agreement said the Air Force was to be "responsible for strategic air warfare"

This is where interservice argument gets really involved.

At least unofficially, the Air Force has indicated that the Navy should join in strategic air warfare only by invitation. Adm. Arleigh Burke, chief of naval operations, says there can be occasions when an individual target is in doubt, as related to who should attack, and that on those occasions the doubt would be resolved by the Joint Chiefs of staff. As if this argument wasn't already intricate, the Air Force presents two seemingly conflicting arguments. It has frowned upon use of carrier-based planes for strategic warfare. At the same time, it contends carriers couldn't get close enough to strategic targets for their planes to reach the targets.

At his news conference last week, Wilson insisted that the between the Army and Air Force was exaggerated, but conceded that it "blew up a bigger wind than I like." Then he mused:

"I have said—and I know it so well—that the price of progress is trouble. We are making a lot of progress and we are having some trouble."

At Last, Man Has Invented A Shoe With Only A Sole

By INEZ ROBB

It was bound to happen and it has, at last a man named Eigurd Tranmal of Rochester, N. Y., has invented a shoe consisting only of a sole. Look, maw, no uppers! Not even a thong between the toes to keep the sole juxtaposed to the footsie, a la the ancient Greeks. Not as much as a loop for the big toe, as with Japanese clogs.

Just soles, folks, that's all. The government has even issued a patent to Tranmal, whose invention does away — once and for all — with the yeller who is on his uppers.

You may be wondering — and rightfully — how in the world Tranmal has invented a sole, innocent of uppers as a Marilyn Monroe calendar, that will stick to the foot, short of glue and mirrors.

The answer is vacuum or suction cups that make the sole cleave to the trilby like a barnacle. Or a leech. But how do you get the darn thing off at the end of a hard day, providing you are the dainty type accustomed to removing the shoes before bedding down for the night?

Well, sir, this soleless shoe looks like the platform of a platform shoe, with a dozen little suction cups scattered across its top (which, in a matter of speaking, it has already blown.) Built into that platform under the human heel is a tiny trap door.

A man, woman or child, wishing to remove his or her new-type sole simply opens hte little trap door. This lets the air out of the suction cups and sole drops to the floor, alerting the people in the apartment below to wait for the mate.

Tranmal believes that his sole will be a boom principally to locker-room characters or that limited group of persons who like to take showers with their shoes on.

The inventor's rather limited idea of the possible uses of his sole lead me to believe that he has not been looking closely at women's shoes in recent years.

The uppers on the feminine shoe began disappearing about 20 years ago. First the shoe manufacturers, latter-day Lincolns all, freed the toes. Then they declared open season on heels. Next they reduced the upper to a couple of strings of tripe arranged al la mode.

Finally, the shoe manufacturer invented a trick sole with a built-in spring board that required no heel at all, and only a wisp of fabric or spaghetti across the instep to hold it in place.

Thus did the shoe keep pace with the 20th century move toward nudity as forecast by the Bikini bathing suit.

Now comes the soleless shoe to free the foot entirely. One hesitates to think what will happen to the Bikini — or does one?

Somehow or other, Tranmal's discard of the upper (and what will become of the shoe-shine boys) puts me in wistful mind of the man in the bar who kept ordering Martinis, draining the glass, then eating it but always tossing away the stem.

I guess I side with the bartender who finally said "Look, Bud, you're throwing away the best part."

25 YEARS AGO

(Taken from the files of the Scurry County Times, June 5, 1931)

In one unheralded stroke, the commissioners court Thursday of last week lopped the two Scurry County agents from its payroll. Miss Jessie Lee Davis, home demonstration agent, and W.O. Logan, farm agent, received notices to that effect Friday. The cut was effective Monday, June 1, the court declaring it to be an emergency measure, and not subject to the customary 30-day notice. The agents have been paid $250 monthly — $125 by the Estension Service and $115 by the county. This amount includes expenses. The government payment to be permanent, must be matched by the county.

• • •

James T. Brooks of Big Spring, former district attorney, was named Tuesday by Gov. Sterling as special judge for the Thirty-Second Judicial District. The legislature passed the bill creating the supplementary judgeship before it recessed. The appointment of a second judge has no effect on Judge Fritz R. Smith of Snyder, other than to relieve him of a portion of his duties.

• • •

Snyder though she had herself a state record for towns of more than 3,000 when she had no fire alarm, false or otherwise, for two months. She believes now that the record is something for the whole country to remember. Since March 3 not a pull has been made by the fire boys.

• • •

Jimmie Greene, secretary of the Colorado (City) Chamber of Commerce took his life in his hands Monday and rode to Snyder wit Bill Cooper, editor of the Record. Everything panned out pretty well, including a dinner-with-onions at the Manhattan, and a tete-a-tete with the home town newspaper clan. Jimmie was talking about good roads, including the Colorado-to-Snyder No. 101.

• • •

Lee T. Stinson was made Most Excellent High Priest of the Royal Arch Masonic Chapter No. 286 Tuesday evening, and Howard McDonald was made Worshipful Master of the Scurry County Lodge No. 706, AF&AM, Saturday evening.

• • •

Cutting $2,400 a year from the local governmental budget, the Snyder City Council Monday discontinued one office and reduced salaries of three employees who remain,effective July 1. The office of city manager, held by A.A. Johnston at $150 a month, was discontinued.

• • •

Mary Ruth Boles Spears of Snyder was presented in a graduation recital given last Friday evening by the Conservatory of Music of Simmons University of Abilene. Mrs. Spears is returning to Snyder this week and will organize a summer class of pupils in piano harmony and appreciation of music.

LITERARY GUIDEPOST

OFF THE BOOK BEAT — "The two D's, Development and Dignity are the things most needed if we are going to win India or Asia to our cause,"says a man who has in the last couple of years taken long trips to India, vast stretches of Asia, and Africa.

"Economic aid alone is not enough," he claims.

He is a lecturer and writer and, as you discover on his occasional visits to New York, and eloquent cross-table talker. His name is Carl T. Rowan, author of "The Pitiful and the Proud", staff writer for the Minneapolis Tribune, and a Negro.

"But the heart of the matter," Rowan maintains, "is not black and white. Some whites scorn other whites as they scorn the black-skinned races; some Negroes scorn other Negroes likewise. It's not a question of color. It's a battle of the good against the bad."

You don't get away from it, he believes, by going off to Europe. He names Negro writers who have settled in France. That's wrong; he says they go abroad already famous, otherwise they'd have troubles as they have them here. To run away from this country is to indicate there's no hope here, and Rowan disagrees with this view positively.

Is the African situation like that in India? Yes, he feels, through the outlook is not so discouraging. He finds three items giving Africa the advantage: it is not overpopulated, like India: racial discrimination is by no means universal the problem is not so urgent. Not even in South Africa? Rowan couldn't say; this distinguished author journalist and three-time Sigma Delta Chi winner was refused admission to the land of apartheid.

W. G. Rogers

Reversed Wreck

HOPKINSVILLE, Ky. (AP) — A car driven by John Browder, 42, wrecked a bridge instead of vice versa. The auto hit the side of a span and the railing along one side fell into a creek. Browder wasn't hurt and the car wasn't damaged—except for a blowout.

MEALTIME FOR BABY WHOOPER—The baby whooping crane hatched in New Orleans, La., May 29 gets some of his dinner in the form of an insect from the beak of his father, Crip. The young whooper, first hatched in captivity, is fed and cared for by Crip, while Josephine, the mama, sat on and hatched her other egg.

More Economic Aid To India Is Asked

WASHINGTON, June 2 (AP)—Sen. Mansfield (D-Mont) tonight suggested more economic help to India lest Red China dominate Asia and present a "dangerous" new threat to this country.

Mansfield, as chairman of a Senate Foreign Relations subcommittee, made public a study of the economic development race between India and China. He said:

"A dispassionate review of the relative progress of India and Communist China today raises a serious question as to whether India's rate of development is fast enough to serve free world interests.

"It seems to me that Congress, the administration, and the American people might well reconsider our assistance to India from the point of view of whether it is, in fact, of sufficient magnitude to accomplish its objectives."

It came at a time, too, when some members of Congress are critical of aid to India because of its neutral position in the cold war.

Mansfield voiced faith in "the devotion of the Indian people and their leaders to their democratic institutions" and said it was important "to demonstrate a clear superiority over totalitarian methods in economic as well as in spiritual terms."

He said he did not share the fear of some that India will "go Communist" if its economic development plans are not fully successful.

But he said the result of the economic race between Red China and India will have "profound political consequences throughout Asia."

The study, entitled "economic Development in India and Communist China," was made under supervision of the committee staff. It was released at a time when Congress is considering the Eisenhower administration's $4,900,000,000 foreign aid program which the House Foreign Affairs Committee voted to cut by more than a billion dollars.

Caution On Health

GENEVA, Switzerland, June —The World Health Organization cautions nations to cooperate with health authorities in setting up peaceful atomic energy projects. Human health can be endangered by industrial and medical atomic projects unless proper precautions are taken, officials said.

Survivor Of Crash Flew As Volunteer

DENVER, June 2 (AP)—Staff Sgt. Charles L. Willard, 28, one of four persons who survived a B25 crash yesterday said today he didn't have to be aboard at all.

Four persons aboard the Tacoma-to-Florida plane were killed as it smashed into the ground shortly after takeoff.

"No one else wanted to make the trip, so I volunteered," Willard, from Winnesboro, Tex., said from his hospital bed.

"The regular crew chief, Tech. Sgt. Reece Jenkins at McChord (Air Force Base at Tacoma) didn't want to make the trip."

Willard said Lt. Donald A. Wright, 27, Blytheville, Ark., one of the men killed, was in command of the craft. He was giving navigational instruction to Lt. Robert L. Bilbro, 24, of Laredo, Tex., and Capt. Clarence Stull, 39, Panama City, Fla. Bilbro, Stull and Sgt. Lawrence Hires, 26, of Tampa, Fla., a hitchhiking infantryman, also were killed.

Willard said the right engine failed about 10 minutes after the plane was airborne.

"The pilot turned to go back to Lowry," he said, "and the last thing I remember was his trying to get into a landing pattern. The next thing I woke up in bed this morning in the hospital."

Willard said Wright, with his wife and infant daughter, was to be transferred to Alaska next month.

Tech Man Named

DALLAS, June 2 (AP)—The Rev. Bruce McIver, former student director and Bible teacher at Texas Tech, today was named associate director of the student department of the Baptist General Convention of Texas. McIver had been at Lubbock two years.

Ike, Grandson Get Western Horses

—A delighted President Eisenhower and his eight-year-old grandson today each received a sleek western horse—one named Doodle De Do, the other Sporty Miss.

The two brown horses were the gifts of the American Quarter Horse Assn. and its president, Lester Goodson of the J-3 ranch at Magnolia, Texas.

Doodle De Do, a gentle 7-year-old mare, was for the President.

Sporty Miss, a spirited two-year-old filly, was left at the farm for the President's grandson, David Eisenhower. David, who lives at Ft. Belvoir, Va., did not get to the farm this weekend.

Standing in a light rain at his farm, the President remarked with a smile that as a boy he never owned animals anywhere near so high class.

"Mine were five dollar horses and fifteen dollar saddles," he chuckled.

Crash Kills Woman

LAMESA, Tex., June (AP)—Mrs. B. B. Sybil Lambert, 45, of El Paso, was killed about midnight Friday when her car crashed into a stalled car 6 miles west of here. Her daughter, Mrs. Robert W. Wilson, also of El Paso, was injured.

Soviet Clerk Returns Home

WASHINGTON, June 2 (AP)—Vladimir Petrovich Mikheev, a Soviet Embassy clerk who was accused of trying to obtain information from three government employes, has quietly left Washington for Russia with his wife and child.

An official report filed by the embassy with the State Department showed today that Mikheev was going home "on leave." But U. S. officials consider it extremely improbable he will return even though the State Department has taken no action against him.

The embassy said the 28-year-old clerk left Washington May 6.

Three government employes reported last month that Mikheev had tired to arrange with them to provide him with information on U. S. military history and similar matters. Some said the information he was after did not appear to be of a secret nature.

Dallas Man Drowns

DALLAS, June 2 (AP)—Robert Anderson, 55, Dallas baker, drowned today when his boat sank in Mountain Creek Lake.

Gas, Oil Production Above Peaks Established In War

By CHARLES HASLET

WASHINGTON (AP)—Natural gas production in 1955 was 131 per cent above the war-time peak. Crude oil production was 45 per cent higher.

This report was made by the Independent Petroleum Assn. of America in its recently issued 1956 edition of "The Oil Producing Industry in Your State."

Domestic production of natural gas in 1955 totaled 9,340,000,000,000 cubic feet, the IPAA said. Crude oil production amounted to 2,484,521,000 barrels in the United States.

Value at the wells of natural gas produced last year was $997,506,009.

Other statistics culled from the reference:

Last year 232 new gas wells were found. New natural gas reserves discovered amounted to 22,107,194,000,000 cubic feet. This brings the total proven reserve of natural gas as of Jan. 1 this year to 223,697,445,000,000 cubic feet.

During the 1946-1955 period, the oil and gas industry drilled 33,000 producing gas wells.

Texas led all other states in the production of crude oil and natural gas liquids during 1955 and in proved reserves of petroleum for that year.

Production in that state was listed at 3,293,600 barrels daily in 1955 compared with 1,056,200 in California; 803,100 in Louisiana; 618,900 in Oklahoma; 350,300 in Kansas and 285,500 in Wyoming.

Proved petroleum reserves in Texas in 1955 totaled 17,978,863,000 barrels of crude and natural gas liquids.

Louisiana reserves totaled 4,191,237,000, California 4,126,349,000, Oklahoma 2,370,399,000 and Kansas 1,171,304,000.

Texas also led in the estimated value of crude, natural gas and natural gas liquids at the well in 1955 with a total of $3,757,460,000, followed by California with $1,124,110,000, Louisiana $1,008,330,000, Oklahoma $654,860,000 and Kansas $403,190.

Current conditions in the domestic oil industry call for an immediate adjustment in crude oil prices to cover increases in wages and higher prices of steel and other materials, Robert L. Wood, president of IPAA, said in a statement this week.

He declared that an increase in crude prices is "both necessary and justified," contrary to "opinions being expressed by officials of some oil importing companies."

"With steadily increasing costs, there has been no general crude oil price adjustment in three years and only one small increase in eight years," Wood said.

"Under these conditions, domestic producers cannot continue to find and develop domestic reserves needed to keep pace with increasing demands.

Logs Show In Ellenburger

Eight and one-half miles southwest of Barnhart, The Pure Oil Co. found a slight show of oil and gas on drillstem test in the top of the Ellenburger in No. 1-D University.

Operator conducted a one hour and 15-minute investigation from 9,001 to 9,028 feet. Recovery was 10 feet of slightly gas-cut mud, with a rainbow show of oil.

Flowing pressure was 150 pounds, and shut-in pressure in 30 minutes, 150 pounds.

The Ellenburger was topped by samples at 9,001 feet. Coring continued below 9,086 feet in grey dolomite.

Location is 680 feet from north and 2,065 feet from east lines of section 11, block 44, University Lands survey, eight miles north of Ellenburger production in the Midway Lane field.

Tom Green Project Will Be Re-Entered

J. R. McLean of Dallas and J. D. Tompkins of Abilene will reenter for tests of the Canyon sand in a recently completed East Tom Green County Ellenburger discovery.

The project, completed from the Ellenburger through perforations 4,704 to 4,708 feet, will be plugged to approximately 4,000 feet.

Location is 2,604 feet from north and 660 feet from east lines of section 7752, J. Bays survey, four miles northeast of Vancourt.

Report On Oil Given

AUSTIN, June 2 (AP)—The Railroad Commission said today oil well completions in Texas this year have sailed past the 7,000 mark.

This week, 266 new wells were reported. This brought the year's total to 7,003 compared to 6,256 a year ago.

Gas wells totaled 24 and lifted the 1956 total of 729, well above the 467 for this date last year.

Twelve wildcat oil wells and 2 wildcat gas wells were included.

However, 266 wells were plugged, including 79 oil and 3 gas wells. There were 184 dry holes reported last wek.

Total wells plugged for the year are 4,760, about 80 more than this date in 1955.

The comission reported a decrease of 143,051 barrels daily in the crude oil allowable as of today compared with a week ago. The allowable now is 3,219,639 barrels compared with 3,362,690 a week ago.

Offset To Andrews Extender Is Staked

Five-eighths of a mile southwest of a recently completed ¾-mile west extension to production in the McFarland (Wolf camp) field of Northeast Andrews County, Humble Oil & Refining Co. staked No. 209 J. S. Means.

The 9,000-foot operation is 660 feet from north and west lines of section 1, block A-19, psl survey.

OIL NEWS

Offset To Hockley Field Sets Casing

Honolulu Oil Corp. was preparing to set seven-inch casing in No. 20-A Ellwood Estate, southwest offset to the North Smyer (Canyon dolomite) field discovery in East Hockley County.

The project, bottomed at 10,100 feet in lime, will test the producing ability of two assured pay sections. The tests will be conducted through casing perforations.

A drillstem test in the Canyon dolomite, regular field pay, from 9,610 to 9,639 feet, open three hours, flowed oil at the rate of 47 barrels hourly.

A test taken in hte Canyon lime, below the field pay, flowed oil at the rate of 33 barrels of oil hour. The test covered the section from 9,950 to 10,000 feet.

Location is 1,980 feet from south and east lines of section 31, block A, R. M. Thompson survey, six miles northwest of Smyer.

Northeast Fisher Well Is Abandoned

Greenbrier Oil Co. of Fort Worth has plugged and abandoned No. 1 R. B. Johnson, wildcat in Northeast Fisher County, at total depth of 5,225 feet.

Location was 1,003 feet from north and 2,321.5 feet from east lines of section 198, block 1, BB&B survey.

Southwest Borden Wildcat Is Plugged

The Pure Oil Co. No. 1 Clayton, Southwest Borden County wildcat, has been plugged at 9,630 feet in the Ellenburger.

Drillsite was 660 feet from north and 1,980 feet from east lines of section 15, block 32, T-4-N, T&P survey.

Second Well Looms For Field In Fisher

Cannon Drilling Co. of Abilene has set 4½-inch casing at 3,020 feet for completion attempt in No. 1 Ben Maberry, indicated second well for the Eivans (Noodle Creek) field of East Fisher County.

A core from 3,005 to 3,020 feet returned 10 feet of pourous lime with a good show of oil, two feet of slightly porous lime with no shows, and two feet of dense lime.

Location is 330 feet from north and east lines of the southwest quarter of section 49, block 1, HT&B survey, five miles south of McCauley.

Wildcat Scheduled In Fisher County

Ray Smith Drilling Co. of Dallas has staked location for a 3,300-foot Noodle Creek wildcat one and one-quarter miles southeast of the Hargrove (Noodle Creek) fieldof Fisher County.

No. 1 L. M. Davis is 330 feet from north and 2,277 feet from west lines of section 126, block 2, H&TC survey and three-quarters of a mile southwest of the same firm's No. 1 Virginia Weems, active Noodle Creek prospect. It is one mile northwest of Rotan.

Fisher Test Is Dry

Sojourner Drilling Corp. No. 1 D. A. Bennett is a dry wildcat in South Fisher County. It was drilled to 4,065 feet.

Drillsite was 330 feet from south and 1,262 feet from east lines of subdivision 60, block 319, Gillespie County School Land survey and one-half mile south of Longworth.

One government expert estimates that altough U. S. fram income has dropped 25 per cent in the last few years, the reduction in the number of farmers in the same period has been such that the reduction of average individual income has been only 9 per cent.

New Mexico And Louisiana Post Good Averages In 1955

By MAX B. SKELTON

HOUSTON, June 2 (AP)—Wildcat drillers in major oil producing states had their best batting averages last year in New Mexico and Louisiana.

New Mexico operators made discoveries on 32.9 per cent of their wildcats. Louisiana had a 32.8 performance.

The national average last year was only 17.7 per cent.

Among other major producing states, Texas found oil or gas with only 19.8 per cent of its wildcats, California 11.1, Oklahoma 22.2, and Kansas 16.6.

Of 12,271 wildcats drilled in 29 states last year, 1,812 struck oil, 353 found gas and 10,106 were dry holes.

New Mexico found 41 oilers and 11 gasers while drilling 158 wildcats. Louisiana had 195 oil discoveries and 33 gas discoveries on 695 wildcats.

Texas and Kansas were the only states drilling over 1,000 holes in new areas. Texas tried 5,124 wildcats with 883 oil wells, 132 gasers and 4,109 dry hoes. Kansas had 1,018 tests, found oil 135 times and gas 34 times.

The report on wildcats is included in the 1956 edition of "The Oil Producing Industry in Your State," published by the Independent Petroleum Assn. of America.

This year's edition is a report on the industry's progress the 10 years since the end of World War II.

Oil and gas were estimated to have supplied 67 per cent of the nation's energy requirements last year, compared to 48.2 per cent in 1946.

During the same period, coal was said to have dropped from 47.2 per cent to 29.2, water from 4.6 to 3.8.

Natural gas production has increased 131 per cent since the war, crude oil production 45 per cent.

Employment within the oil and gas industry rose from 220,200 in 1946 to an estimated 312,000 last December.

New Mexico and California had the best 1955 drilling records among major producing states when development wells were figured with wildcats.

New Mexico drilled 1,663 wells and found oil or gas production on 85.6 per cent: California recorded a 73.5 average while drilling 2,465 holes. New Mexico's overall dry hole record was only 14.4 per cent against California's 26.1.

Of the 56,682 wildcat and development wells drilled in the nation last year, 62.1 per cent were dry holes and the remaining 1.3 were service wells.

Texas, with 19,981 wells drilled, had a 65.4 per cent completion record, compared to 65.3 for Oklahoma and 56.4 for Kansas.

India Hit By Rioters

BOMBAY, India, June 2 (AP)—Antigovernment demonstrators by the hundreds battled massed police squads today outside an all-India Congress Party committee meeting. Inside, Primz Minister Nehru thundered that he would not tolerate violent agitation in India "even if the Congress party is destroyed."

Several hundred demonstrators demanding inclusion of Bombay in a proposed Marathi-speaking state were arrested by police as they sought to disrupt the session.

The rioters, most of them youths shouting slogans against the Nehru government proposal to make Bombay a centrally administered area, were halted by double lines of police around the Congress meeting tent. By scores they were hauled into special buses and carted off to overcrowded Bombay jails.

It was the worst example of mob violence in Bombay since the February riots against the state reorganization program under which New Delhi proposed to split Bombay into Marathi and Gujerati-speaking states while keeping the City of Bombay separate. Then police fired into mobs, killing between 100 and 400 people. The official figure of less than 100 is generally disputed.

Most women turn left and most men turn right when they enter a store.

Runnels Test Finds Shows

Sequoia Oil Co. of Abilene No. 1-A W. J. Yates, wildcat to try for production in the Caddo lime in the Briley area of North Runnels County, recovered gas and shows of oil on a drillstem test in the Palo Pinto.

On the two-hour test between 3,689 and 3,698 feet, there was a good blow. Recovery was 1,550 feet of gas in the drillpipe and 35 feet of very heavily oil and gas cut mud.

Flowing pressure was zero and initial 15-minute shutin pressure was 465 pounds. Final 20-minute shutin pressure was 340 pounds.

The project is drilling below 3,894 feet. It is contracted to 4,900 feet.

Location is 330 feet from south and west lines of the west 20 acres of the middle 40 acres in the 200 acre Yates tract in section 318, block 64, H&TC survey and four miles northeast of Winter.

NAVY MEN GET LEAVE—Four Snyder Sailors who are spending their 14-day leaves at their homes here following completion of boot training at San Diego, Calif., are pictured above. They are from left: Coy L. Bershers, Derrell O. Parrish, Larry M. Horton, and Maryon F. Horton, Jr. From here Parrish will go to Kingsville, Tex., where he will be a Navy structural machinest and the other three will go to China Lake, Calif., to be aviation machinest mates. The Naval recruiting office on the top floor of the courthouse is open here Mondays and Thursdays under supervision of chief petty officer S. L. Whitson. (Lee Watson photograph)

Sharp Edge Of Inflation Blunted, Analysts Claim

WASHINGTON, June 2 (AP)—Government analysts today expressed belief the "sharp edge of inflation has been blunted."

This doesn't mean, one economist stressed, that any general decline in business and the economy is under way. Nor does it mean, he added, that the threat of inflation has entirely disappeared.

It does mean, he added, that inevitable adjustments are taking place that were to be expected after the booming business of 1955, which carried over into the early months of this year.

And, this economist said, there is no reason for pessimism over certain downward trends that may well prove to be temporary. Generally, he said, the outlook is for a continued high-level economy but at rates in the immediate future below those of recent booming months. This may extend into the third quarter of the year but with a recovery anticipated in the last months of 1956.

On the bright side these factors were noted:

The continued high level of construction activity at a 42-billion-dollar annual rate, especially in commercial and industrial lines;

Expected expenditures of 35 billion dollars or more this year by business in expanding its plants and equipment;

High personal income, at an annual rate of near 315 billion dollars;

High government spending, including the usual cleanup in payments as the fiscal year draws to a close June 30;

A rise in farm product prices to levels even with last year; a firming up in used car markets.

On the downward side, analysts noticed especially the rise in manufacturers, inventories which had a book value of 48¼ billion dollars at the end of April or about five billion higher than a year ago.

Other declines noted were the decrease in new automobile sales from a year ago, a cut in production of copper and some other metals, the recent general downward trend on stock exchanges and sales declines in many lines in recent weeks.

Christianity Gains Fast, Says Bishop

DALLAS, June 2 (AP) — Christianity is experiencing a "tremendous rising tide" of interest and a widespread "return to the church," Bishop William C. Martin told the 91st annual North Texas Methodist Conference today.

"Ministers should recognize the power of the tide of interest in religion and give thanks to God for it," Bishop Martin said. "Christianity is coming in for a wider hearing. The church is recognized as a divine human institution, with more persons participating in it than ever before."

In business session, the conference Commission on Education reported there is an immediate need for 1,200 ministers and 5,000 young people to devote their lives in service to the Methodist church.

If Methodist churches do not raise their giving to Methodist colleges, these needed workers cannot be trained, the commission reported.

Churches should raise their giving to the Texas Methodist College Assn. to support Texas five Methodist colleges, the commission recommended.

Dr. Parul Cardwell said that Methodist youths in the conference have raised $12,712 for mission work—$3,000 more than last year. During the year 1,021 youths have become church members.

A report for the past year showed present membership in the conference to be 130,658. Last year it was 129,669.

Aircraft Carrier Goes On First Sail

NEW YORK, June 2 (AP) — The aircraft carrier Saratoga, the Navy's newest and biggest ship, went for its first sail today under its own power.

The 60,000-ton vessel steamed from the Brooklyn Navy Yard through the harbor to a point near the harbor entrance. It anchored there until Monday, when it will take to the open sea for testing.

Soapy looking water found in deep salt mines under Detroit has been there an estimated 300 million years.

Rally Is Staged By Stock Market

NEW YORK, June 2 (AP)—The stock market staged its long-awaited rally last Tuesday and held on to enough of its gains to push the averages for the week over to the plus side.

This followed three straight weekly declines and gave Wall Street a welcome breather from the irregular retreat that prevailed since the market reached its record high April 6.

The Associated Press average of 60 stocks advanced $1.20 on the week to $178.60.

But its sparkling performance on Tuesday far outshone anything the market did on the other three trading days. Wednesday was the Memorial Day holiday.

On Tuesday the market made its greatest advance on average since Sept. 5, 1939, which was four days after Hitler launched World War II by invading Poland. On Sept. 5, 1939 the United States declared a policy of neutrality.

The Tuesday rally put The AP 60-stock average up $3.30. Based on this gain, the quoted value of securities listed on the New York Stock Exchange gained an estimated four billion dollars, recouping that much of the estimated 18 billion dollars lost during the long reaction.

As the week ended brokers saw an omen for further improvement in the rising tendency. While factors involved were still mainly technical, they said that news of loosening credit by the Federal Reserve System did provide an optimistic note for traders.

Some Wall Street observers looked for a resumption of the rally if prices can remain firm for the next few days. If they drop, however, these observers said that a renewed test of recently-established lows would be in the cards.

Backgrounding the entire outlook was the anticipation of a traditional summer rally provided no economic news of an especially doleful sort occurs.

The five most active issues this week on the New York Stock Exchange were General Motors up 1⅝ at 42⅝, Standard Oil (New Jersey) up 1⅝ at 57¼; U. S. Steel up 1¼ at 55, Alleghany Corp. off ¼ at 8g, and Royal Dutch up ⅜ at 105.

Free World Sets Record On Crude Oil

TULSA, Okla., June 2 (AP)—An all-time record of 14,980,00 barrels of crude oil was produced daily by non-Communist nations in March, the Oil & Gas Journal reported today.

Output in the United States was at a new high—7,278,000 barrels per day, up 70,00 daily from February. However, the largest boost was outside this country.

The Middle East had the biggest gain in two years, averaging 3,624,300 barrels daily, the magazine said. This was a 208.60 barrel gain daily over the previous month.

Iran climbed 105,000 per day to 539,000 daily in March; Iraq was up 58,400 to 715,800; Kuwait up 50,100 to 1,175,100; and Venezuela up 39,300 to 2,392,000 for a new record.

Production in Saudi Arabia slipped 480 barrels per day to an average of 1,009,000. Output in Russia and other Red nations was estimated by the journal at 1,600,000 barrels daily, unchanged from February.

When a white - topped and a black-topped car are parked together in the sun the white - topped car may remain 15 degrees cooler inside.

Meat Consumption

TOKYO, June 2 (AP) —Japan's meat consumption rate is rising. To offet possible shortages, the government is sending experts abroad to study meat packing industries. They are especially interested in mass production of sausages.

Special Bill On Executive Branch Urged

WASHINGTON, June 2 (AP) — Chairman Celler (D-NY) of the House Judiciary Committee, said today Congress should provide for these steps to be taken if a president becomes disabled:

The vice president on his own initiative declares the president unable to exercise his office and takes over as acting president.

Celler said in an interview he will ask the Judiciary Committee to approve a bill directing vice presidents to assume this responsibility. A special subcommittee which has made an extensive study of the constitutional problems raised when a president is disabled, but still alive, will meet Wednesday to consider the recommendation.

The subcommittee has sifted dozens of suggestions from constitutional scholars and former officials, including former President Herbert Hoover.

"There are disadvantages to all of them," Celler commented. "This one seems to have the least disadvantages."

Basically, he said, his proposal assumes the vice president will be guided by his own sense of responsibility and respect for public opinion.

Celler said public opinion, for example, would not support a vice president in supplanting a president who suffered an illness like President Eisenhower's heart attack last year.

America Has Advanced Missiles, Thomas Says

MONTEREY, Calif., June 2 (AP)—The United States soon will have a guided missile "capable of hitting any target in the world," Navy Secretary Charles S. Thomas said last night.

Thomas, speaking at a dinner given in his honor by the Monterey Peninsula Navy League, denied that this country was backward in its missile program.

"We have the most advanced missiles in the world," he said. "It will not be too long before we have a guided missile capable of hitting any target in the world."

A FINAL DECORATION—Gen. Anthony C. McAuliffe, the hero of Bastogne in World War II and the retiring commander of the U.S. Army in Europe, receives a final decoration at a retreat review at Ft. Myer, Va., marking his retirement from active service. Secretary of the Army Wilber Brucker, left, pins the Distinguished Service Medal, First Oak Leaf Cluster, on his tunic as McAuliffe is honored for "exceptionally meritorious service in a duty of great responsibility."

New Facts About Pope Are Disclosed In Book

VATICAN CITY, June 2 (AP) — A book just published says Pope Pius XII resisted efforts of Adolf Hitler to move him from the Vatican to Germany during the war.

"This is my place. I will not move from this place," the Pope is reported to have replied to German pressure.

The revelation was made in the book, "Vita Contro Morte"—Life Against Death—published today. It is the work of Catholic writer Igino Giordani, formerly editor of Il Quotidiano, official organ of Italian Catholic Action.

In one out of six fatal traffic accidents, the weather is rainy, snowy or foggy.

BOULDER WRECKS TRAIN—The diesel engine and baggage car of the Baltimore & Ohio's westbound National Limited lie overturned near Parkersburg, W. Va., after the train apparently struck a boulder as it emerged from a tunnel in the rain drenched Hughes River Valley. The engineer was killed, two other crew members were missing and several passengers were treated for minor injuries.

Consumer Spending May Rise

NEW YORK, June 2 (AP)—Businessmen were betting most of their chips this week on an early upturn in consumer spending.

That was the brightest ray of hope as the boom—particularly on the industrial front—showed further signs of slowdown.

There was evidence that a modest pickup in retail trade might be under way right now.

Morton J. May, chairman of May Department Stores Co., said the big chain's sales slumped during Easter but now "appear to be following an upward trend." Said May: "We believe the outlook is favorable for continuing increases both in sales and profits."

Equally bright prospects were seen by Wheelock H. Bingham, a director of R. H. Macy & Co. and head of its big New York store. Bingham's view: With consumer incomes high and likely to stay that way for a long time, retail sales this year should show a gain of 3 or even 4 per cent above last year's record level.

Other cheerful spots on the business scene this week: New proof of a rising trend in farmers' income, a brilliant if brief rally on the New York Stock Exchange, and hints that the tight money and credit situation might ease up soon.

Looming large on the minus side were new cutbacks and layoffs in the auto and home appliance industries, a continued lag in housing starts. Builders filled only 2,276 applications for FHA loans in April—2,608 less than in March and 10,852 less than in April last year. And there was the prospect of a greater-than-seasonal dip this summer in the nation's steel production rate.

Much of the booming steel production of recent months—this week's output was scheduled at a hefty 96.5 per cent of capacity—has been the result of stockpiling by consumers eager to beat the new price rises many feel are coming soon.

Highlighting the dilemma of the steel consumer was the opening round of bargaining talks between steel management and steel labor. With negotiations in recess until next Wednesday, no one directly involved wanted to hazard a guess as to whether the union would call a strike. One thing seemed dead certain, though. Strike or no strike wages would go up. And any wage raise would be followed at once by a boost in prices.

The motor industry continued to sputter along in second gear this week. Production of cars fell to about 75,000—lowest in nearly two years. New car sales showed some improvement but not enough to make any sizable dent in the mountain of inventories, estimated at close to 900,000. According to people who usually make good guesses, the outlook is for more slowdowns, and more layoffs, in the weeks ahead. U. S. factories in May turned out some 470,700 cars—down 31 per cent from the 724,892 produced in May last year. June production is expected to fall to about 447,000 and in July it may slip below the 400,000 mark.

Auto retailers are still waiting for the traditional spring pickup to blossom forth. Lots and showrooms are crammed with new cars. Despite predictions of an early debut, it now appears that the 1957 models won't come out much before the fall football season rolls around. In the meantime, trade analysts say, there should be plenty of good buys.

Layoffs extended beyond the automotive field this week. For thousands of factory workers, the Memorial Day holiday on Wednesday was followed by two more work-free days, this time without pay. Firms announcing two-day shutdowns after Memorial Day included most of the major automakers, plus manufacturers of washing machines, ranges, refrigerators, air conditioners, television sets, sewing machines and record players.

Mollet Asks For Support

PARIS, June 2 (AP)—Premier Guy Mollet told the French National Assembly tonight it must approve his policies for restoring order in Algeria and turning over independence to Tunisia and Morocco or throw him out of office.

The Premier asked for a vote of confidence at the end of a three-day debate on the general policies of the government. The vote will take place Tuesday.

The resolution which Mollet is backing, and on which he has staked the life of his four-month-old government, actually covers all phases of governmental policy. But the debate was devoted almost exclusively to the North African problem, with only passing references to other subjects.

Mollet was not believer to be in any danger. He is sure of about 195 votes from the parties participating in his government and will get support from the leftist Catholic Popular Republican Movement (MRP) and many of the independent-peasant group because of his stiff policy for Algeria.

Raise Legations

ADDIS ABABA, Ethiopia, June 2 (AP)—Ethiopia and the Soviet Union have agreed to raise their respective legations in Moscow and Addis Ababa to embassy status, the Ethiopian Foreign Ministry said today.

Ramsey Plans Tour

AUSTIN, June 2 (AP)—Lt. Gov. Ben Ramsey, up for re-election, said today he will tour South Texas and coastal areas next week. Ramsey said he will open his state campaign headquarters in about two weeks.

An annual church service and procession commemorates the shipwreck that brought St. Paul to Malta.

Mrs. Byers Gets Degree

AUSTIN, June 2 (AP)—Mrs. Mary Catherne Byers, wife of Bo Byers, of The Associated Press Austin staff, was graduated from the University of Texas today with a degree of bachelor of science in elementary education.

She has plans for teaching at an elementary school here next fall.

Mrs. Byers completed her freshman requirements in 1947, then dropped out of school as the Byers' first son, Bo, was born that fall.

Twins, Mary and Ann, were born in the fall of 1948, then came Jean in early 1950, John Ed in the spring of 1951 and James Winston in the spring of 1952.

Mrs. Byers resumed her studies in the fall of 1952 and went both summer and winter sessions continually until her graduation. Besides her duties as a mother, she found time to keep her grades at the "A" and "B" level.

Mutual Firms End Meeting

FORT WORTH, June 2 (AP)—William Pennington of San Marcos was elected president of the Texas Association of Mutual Life Insurance Officials at the close of their convention today.

He reiterated its guarantee that no policyholder will lose through the failure of any mutual assessment company.

Outgoing President A.B. Clark of Amarillo stated:

"The member companies of the association will offer to the board of insurance commissioners to reinsure all insolvent companies so that no policyholder will suffer loss".

The statement came after 29 mutual assessment firms were among 63 Texas insurance companies the Insurance Commission did not relicense.

Austin was named as the 1957 convention site.

Elected vice presidents and directors were: Harold Vanloh, Wichita Falls; Sam T. Cobb, Coleman; R.L. Tippitt, Tyler; and Glen Toler, Cleveland, Ted.

Many Mourn Passing Of Jesse Jones

HOUSTON, Tex., June 2 (AP)—Texas and the nation mourned today the passing of Jesse H. Jones.

Messages of sympathy by the thousands poured into his home here. They came from government and business leaders and others in many walks of life. He had been associated with many of them in his long and varied career.

Jones, who headed the Reconstruction Finance Corp. for a number of years and was wartime secretary of commerce, died last night at the age of 82.

He had been in frail health since March 28 when he underwent a kidney operation.

Funeral services will be held at 4 p.m. Monday from St. Paul's Methodist Church. The body will lie in state two hours preceding the services. Burial will be in Forest Park Cemetery.

Survivors include his widow, Mrs. Mary Gibbs Jones.

Jones, a Tennessee farm boy who left school in the fifth grade, amassed one of the nation's largest fortunes, mainly from lumbering and real estate.

He retired more or less from politics in 1945 when he resigned his dual position as secretary of commerce and head of the RFC after a dispute with Henry A. Wallace.

Jones, in his lifetime won national respect as a publisher, hotelman, banker and was admired for his philanthropies and scholarships bestowed on more than 50 institutions.

He has been credited with having done more than any other individual to make Houston the largest city in the South. Thirty-five of the downtown buildings, including the tallest, the Gulf Building, belonged to him.

Jones died in St. Luke's Hospital in the Medical Center. The center includes the Jesse H. Jones Library Building, built after the financier donated $600,000 toward its construction.

The family has requested that no flowers be sent. Friends wishing to honor Jones were asked to contribute in his memory to charities of their choice.

Pallbearers, all relatives, include: William S. Bailey, John Beck, John Booth, George A. Butler, Milton Farthing, Dan E. Garrett, John T. Jones Jr., Hugh Juenger, Gzne Meador and Gibbs Meador.

Korea Visit Impressive

SEOUL, Korea, June 2 (AP)—A group of Texans on a 3-day "good neighbor" visit are "deeply impressed by the fine pro-American attitude" they found here.

The leader of the group of 13 is Mrs. Preston H. Dial of San Antonio.

"We are impressed by the warm hospitality," Mrs. Dial said. "We want to do all we can to strengthen the ties between nations. We did not come to look for differences but to see how much alike we are."

The Texans visited President Syngman Rhee yesterday, and presented him with six flags of Texas and a scroll of friendship.

The Texans, who flew to Formosa today, include Miss Marjory Frels, Victoria.

Kaiser, Rush Hurl Cubs To Double Win

CHICAGO, June 2 (AP)—Righthanders Dave Kaiser and Bob Rush shacked Brooklyn's vaunted power today and hurled the Chicago Cubs to a double victory over the world's champions 8-1 and 5-4 before 20,751, as Jim King's perfect throw nailed Gino Cimoli at the plate with the tying run in the ninth inning of the second game.

Bitter California Campaign To End

By The Associated Press

A bitter California campaign strongly reminiscent of their Florida battle last week neared its end today for Adlai E. Stevenson and Sen. Estes Kefauver.

The winner in Tuesday's balloting takes all of California's 68 votes for the Democratic presidential nomination into the August national convention.

Each side was cautious in victory claims. F. Joseph Donohue, Kefauver's campaign manager, forecast "a horse race" with his man nosing out Stevenson. James Finnegan, Stevenson's manager, said he was "cautiously optimistic." Paul Ziffern, Democratic national committeeman who is supporting Stevenson, predicted the former Illinois governor will win by 100,000 votes.

The California primary, one of four scheduled Tuesday, provides the last direct contest between Stevenson and Kefauver before the convention.

New York, South Dakota and Montana also hold preferential primaries Tuesday, the last voting date before the convention. New York's Gov. Averell Harriman is expected to capture most of his state's 98 delegate votes, while Kefauver is unopposed for Montana's 16 and South Dakota's eight.

President Eisenhower is substantially unopposed for Republican votes, through the name of Lar Daly, a perennial Chicago aspirant, also appears on Montana's first presidential primary ballot in 32 years.

In primaries and conventions this week, Democrats will pick 208 delegate votes and Republicans 202.

Kefauver and Stevenson were not using kid gloves on each other in their California campaign, which sounded like a replay of their Florida efforts. Segregation, pensions, monopoly and other Florida issues were rehashed as they toured California.

Kefauver charged that Stevenson had been presented in Florida as a "moderate" and in California as a "crusader." He called it "civil rights equivocation," and said it has "made it almost impossible" for Stevenson to win the nomination.

He referred again to Stevenson's action, as Illinois governor, in vetoing a bill to increase old age pensions. Stevenson replied again that he had done so because the Republican Legislature had provided no money to pay them.

Without mentioning Kefauver by name, Stevenson said he did not plan "to answer the kind of personal attacks" being made on him.

"I do not wish to degrade either myself or my opponent or hurt the Democratic party or demean the greatest office in the world," he said.

He criticized the Eisenhower administration for permitting what he called a "serious farm depression in many parts of the country," and for pursuing a middle of the road course.

"We aren't satisfied," he said. "We're not in favor of driving down the middle of the road between right and wrong."

Little Talk On Molotov's Resignation

LONDON, June 2 (AP)—Western Europe received the news of the resignation of V. M. Molotov as Soviet foreign minister with considerable satisfaction today but could foresee no spectacular changes in Russian foreign policy. That pretty much reflected the reaction in Washington, too.

Molotov was the man who most persistently said "no" to Western suggestions for an East-West accord. Diplomats hoped there may be a somewhat different refrain now.

Molotov's removal as the chief director of Russian foreign policy was generally regarded as an assurance that the Kremlin, slowly unfolding its new look attitude in world relationships, is not thinking of any retreat to Stalinism.

Molotov's going was big news everywhere in Europe, but there was little official comment. In many quarters his retirement was expected, and a general view was that he no longer fitted into new Kremlin patterns. British government sources said his departure "just catches up with events in Russia."

Western newspapers generally regarded the acceptance of Molotov's resignation as an extraordinary gesture of conciliation to President Tito of Yugoslavia. Tito began an official visit to Russia today. Molotov was a prime mover in 1948 in the expulsion of Tito from the Cominform. The timing of the Molotov resignation was regarded a pointed indication that Russia places high value on healing the breach with Yugoslavia.

There was no disposition in Western Europe to believe Russian foreign policy is softening to any remarkable degree. The independent West Berlin Morgenpost said Molotov's successor as foreign minister, Dmitri Shepilov, will be "definitely no less dangerous in negotiations with the free world."

Synthetic drugs of the pethidine type are comparable to morphine in habit forming properties, says the World Health Organization.

NARCOTICS BILL OKAYED—Sen. Price Daniel (D-Tex), (left), cups his hand into an "okay" sign as he poses in office in Washington, D.C., with Harry J. Anslinger, U.S. Commissioner of Narcotics, after senate passage of a bill which permits juries to impose the death penalty for the peddling of herion. Daniel, sponsor of the bill, is chairman of a Senate Judiciary Subcommittee which has been investigating the U.S. narcotics traffic.

BOYS WILL BE BOYS—Two boys, ages 7 and 12, created this havoc in Revere, Mass., in one minute when they succeeded in starting the motor when playing aboard a ten-ton tractor. The boys jumped off unhurt as the tractor plowed through the walls of a new garage, smashed a fence then demolished a second garage and crushed a new car inside. A contractor building a new home nearby had left the tractor overnight. Damage was set at $8,000.

Ike Came Home 4 Years Ago To Run For President

By J. W. DAVIS

WASHINGTON, June 2 (AP) — President Eisenhower recalled this week that it was exactly four years ago that he came home from Europe to run for president. Eisenhower and the late Sen. Robert A. Taft were already in the field, fighting hard.

Among the Democrats, Sen. Estes Kefauver of Tennessee was shaking hands up and down the country. Gov. Adlai Stevenson of Illinois was telling one and all that he didn't want the nomination.

All of which goes to show that while history repeats itself, it doesn't always.

This week in Washington produced some more or less historical events of its own.

The Senate passed its version of the big highway construction bill, and the dream of a vast new network of superhighways moved closer to reality.

Farm prices, which have been sagging for years, were reported by the Agriculture Department to have regained all the ground they lost in the last 12 months.

A soil bank law was signed by the President, after it sailed through Congress to replace the soil bank-rigid price supports bill Eisenhower vetoed April 16.

Presidential secretary James C. Hagerty said the Democrats are going to make this year's presidential campaign rough, tough and dirty.

IKE-POLITICS—Eisenhower told a gathering of the National Citizens for Eisenhower Organization that he is feeling physically fit. He advised his supporters at the same time against complacency, and called for a Republican Congress.

Richard L. Tobin, the organization's public relatioons director, said Eisenhower campaigners should make a strong pitch for the Negro vote. Tobin said that in Supreme Court decisions "under a chief justice appointed by President Eisenhower . . . we have a wonderful story to tell, and it is my opinion that it has not yet been told sufficiently well to the Negro voter."

Still another speaker, Asst. Secretary of Commerce Walter Williams, called on the Eisenhower backers to "do a job of building up Dick Nixon . . . a high grade article that goes along very well as a teammate to Ike Eisenhower."

Nixon himself said he likes the Republican slogan of peace, progress and prosperity and, "believe me, the people like it!"

DEMOCRATS — National Chairman Paul M. Butler said Eisenhower should meet the Democratic presidential nominee in a public debate. GOP Chairman Leonard Hall belittled the idea.

HIGHWAYS — Early Wednesday morning, after the longest session of the year, the Senate finally passed the highways bill on a voice vote.

The big argument, which must now be resolved with the House, is how to divide up 25 billion dollars of federal funds among the states.

However, no one doubted that agreement would come in some form or other and the highways would start a-building in time.

FARM — There were important political implications in the Agriculture Department announcement that farm product prices have recovered to their levels of a year ago, having climbed 8 per cent in the last five months.

Democrats have been predicting that farmers would turn on the Republicans because of sagging farm income, and the Republicans have been hoping for increases that would help them in the farm areas.

Also this week, Eisenhower signed the second-round farm relief bill with the unenthusiastic comment that "its advantages outweigh its harmful provisions."

COURT-CONGRESS — The familiar charge that the Supreme Court is taking over powers it does not rightly have came this week from an unusual source: Justice William O. Douglas.

Douglas dissented from a decision that local governments could tax privately owned housing on federal land even though Congress hadn't said so in so many words.

The justices on the majority side, he said, "usurp the functions of the lawmakers."

This charge of usurpation also figured directly in a bill approved by the Senate Judiciary Committee to nullify a court decision which struck down state antisedition laws.

The charge, too, has been raised by Southerners ever since the court started ruling against racial segregation practices.

INTERIOR— Eisenhower selected Fred Seaton, a White House aide, to be secretary of the interior, passing over Undersecretary of the Interior Clarence Davis.

Seaton will succeed Douglas MacKay, who was in constant controversy with the Democrats over their "giveaway" llegations.

Lawyer Thinks State Patrol Is Establishing Speed Traps

AMARILLO Tex., June 2 (AP)—Amarillo attorney Horace E. Wilson thinks the State Highway Patrol is setting illegal speed traps "and I'm going to appeal it to the Supreme Court if necessary to prove it."

Wilson will appear in justice court at Seguin Tuesday morning to answer the speeding summons handed him May 11 by a patrolman just west of Seguin.

"The radar said I was going 70 miles per hour but i'm not attacking the authenticity of the radar," Wilson said. "The radar unit was hidden on the shoulder of the road and the patrolman was hidden in the trees near the road. Section 803 of the State Penal Code prohibits such a speed trap and that will be the basis of my appeal.

"I feel that the statute specifically covers the situation and if such is the case, the statute directs the dismissal of any charges filed on evidence obtained in a hidden speed trap.

Wilson stressed that he was not trying to escape punishment for any violation of a law.

"I'm informed the fine would be only $20 and I'll spend many, many times that amount in attorneys' fees alone by appealing it up through the courts.

"I feel that it is by civic responsibility. As long as there is such a statute on the books the public is entitled to its protection. If the law is not needed then it should be repealed by the Legislature."

Wilson said he had employed Joel Westbrook, prominent San Antonio attorney, to handle the case. He said he would personally take no part as an attorney.

"I feel that a lawyer who uses himself as an attorney has a fool for a client," Wilson said.

Westbrook said he had no comment on the case before the Tuesday hearing but might comment afterwards.

In Austin, W. J. Elliott, chief of the Texas Highway Patrol, said there is "nothing in the state law that prohibits hiding the radar units, but the Highway Patrol does not make this a practice."

"We can do more good by putting ourselves out in the open than we can by trying to keep hidden," said Elliott.

Elliott, chief of the patrol since 1944, said he had never heard of the provision of the law Wilson claims supports his position.

Cadets Expected

SAN ANGELO, Tex., June 2 (AP)—Some 240 teenage cadets of the Texas Wing of the Civil Air Patrol, official civilian auxiliary of the U.S. Air Force, were expected today at Goodfellow Air Force Base here to begin a 2-week encampment.

Houses For Formosa

TAIPEI, Formosa, June 2 (AP)—Madame Chiang Kai-shek heads a drive for funds to build 4,000 houses on Formosa for the neediest families of Nationalist servicemen. Each unit will have two rooms, bathroom and kitchen. Reports from Quemoy and other Nationalist offshore islands say the project has greatly boosted the troops' morale.

Lufkin Beauty

LUFKIN, June 2 (AP)—Miss Sylvia Alexander, 17, will represent Lufkin in the Miss Texas contest. She was chosen in ceremonies last night. The state contest will also be held in Lufkin in August.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

SCHOOL IS OUT AND of course, that means our coaches and other school officials, for the most part, have a three-months vacation period coming up.

Ordinarily a school's coaching staff scatters out during the slmmer months for various and sundry reasons. But it's not so with our own coaching staff who'll be sticking pretty close to home durin the coming three months.

Oh, most of 'em will be taking off for a week or two during the summer, but none will be gone the entire three months.

Jack Dillon, head track coach, is the only one planning to do some more schooling. At last report, "Spider" was undecided between Texas Tech, Hardin-Simmons or University of Houston on which to seek his master's degree.

Athletic Director and head football coach John Conley left Friday for a two-weeks visit with Mrs. Conley's folks in Kansas. The Conley's plan to return to Snyder after the Kansas jaunt and will plan to be around for most of the remaining summer months.

Baseball coach Speedy Moffett and family leaves today for Camp Stewart, a boys camp near Kerville, where Speedy will serve on the camp faculty staff.

The camp runs six weeks. The Moffetts will return home after the camp for the remainder of the summer.

Basketball coach J. P. Ward and football assistants, Hal Battle, Horrace Bostick and V. V. Shearburn will be around for most of the summer.

Battle and Shearburn are operating the Snyder Swimming Pool.

All To Attend Coaching School

The entire coaching staff plan to take in the big Texas Coaching School to be held the first week in August at Lubbock.

Many other Snyderites are expected to go to Lubbock for the wind-up of the Coaching School which will be the annual football game betwen hte North and South high school all-stars.

The local interest in this game of course, is centered around our own Jack Spikes, who'll be wearing the colors of the Northern team.

Two local Junior High football coaches, Ace Amos and Charlie Sparks, left yesterday for a three-week Boy Scout Camp, Camp Sol Meyer, located near Eldorado.

Amos says he'll probably spend a week or two in Colorado after the camp but will be around the rest of the time.

Bill Hartsfield, 7th grade football coach, currently is visiting in Houston but will return soon to go to work for T. M. A.

Steber's Persistence Paid Off

John Steber, Hardin - Simmons line coach, ended a long, uphill battle in obtaining the signature of Tiger Athlete, Don McNew, to attend H-SU.

Steber started his battle back in football season. Many of you perhaps didn't notice it but Steber carried the down box for the Tiger-Lamesa game Thanksgiving Day for the purpose of getting a good look at the linemen in action.

Right then Steber stamped McNew as a definite prospect and since then he has kept close in touch with Don.

Steber's ears perked up even more when Don set an amazing pace in baseball. You see, Steber is the head baseball coach at H-SU.

Well, McNew is going to H-SU on strictly a football scholarship but you can bet your bottom dollar McNew will be donning baseball regalia come next spring.

We overheard Steber, talking to Don and teammate Alan Snead at one of the Tiger baseball games at Abilene, say:

"We certainly are in need of a battery."

In other words, Steber was using the baseball angle to pursuade both McNew and Snead to choose H-SU for their college careers.

The Snead-McNew pitching-catching combo impressed Steber no end.

Snead, however, has chosen SMU, a school he has had in mind all along.

Dodgers, Tigers Win In Pony Play

The Scurry Butane Dodgers used a big eight-run third inning to five-inning the Hermleigh Cardinals 10-0 Friday night in the Pony League, and the Courthouse Tigers won a lop-sided 13-6 victory over the Von Roeder Red Sox.

To cap off their victory the Dodgers didn't even use their fifth inning turn at the bat, having started off with one run in the first, scoreless second, eight more runs in the third, and the clinching run in the fourth.

Using three pitchers the Dodgers gave up no hits in their blanketing of the Cards, with the Dodgers marking up 12 of the 15 Card outs via the strike out route. Jones for the Dodgers struck out six Card batters, Johnson fanned four, and Moffett struck out two.

McHaney for the Cards fanned one Dodger batter, and Young fanned two. Moffett issued two bases on balls, McHaney four and Young two.

Strike-outs also featured the Tiger-Red Sox tilt with the Tigers Lee fanning two Red Sox batters and Gladson striking out 11 Red Sox would-be hitters in the nine-inning game, which was tied at the end of seven innings and saw both teams fail to score in the eighth. But the Tigers exploded with a seven run ninth to clinch the victory.

Brunson for the Red Sox fanned two Tiger batters, and Davis struck out six.

Lee had two three-base hits driving in two runs and Gladson drove in three runs for that pair of Tiger pitchers to hold secure their win.

Indians Whitewash Washington, 15-0

WASHINGTON, June 2 (AP)—Herb Score struck out 13 allowing only three hits and Jim Hegan smashed a bases-loaded homer tonight as Cleveland mauled Washington 15-0. Vic Wertz, Rocky Colavito and Sam Mele also hit home runs for the Indians as the Senators were handed their first shutout of the season.

Field Of 1,900 To Try Open Qualifying Rounds

By HUGH FULLERTON JR.

NEW YORK, June 2 (AP)—About 1,900 golfers will buck 13-1 odds Monday and Tuesday in an effort to qualify for hte 36th U.S. Open Golf championship.

The odds are a little better than they have been in some previous years, but the competition is tougher and there'll be a record number trying.

The Open, to be played at the Oak Hill Club, Rochester, N. Y., June 14-16, drew a record number of 1,934 entries. That passed the mark of 1,928 set two years ago when the championship was at Baltusrol. Of these, 16 were exempt from sectional qualifying and one other already has qualified.

Qualified Last Monday

The Honolulu Section, which drew 11 entries, played last Monday. Jimmy Ukauka topped the field with a 146 score for the 36 holes but said he couldn't make the trip, so the place went to runner-up Ted Makalena, who shot 148. The sectional qualifying rounds at 25 other sites are scheduled next Monday with 145 places to be filled.

By far the strongest field will shoot at Dallas, where most of the touring pros will stop off to try for the big one Tuesday in play that was postponed from Monday because rain delayed the start of the Texas International. The names listed there sound like a field for the Open itself and the USGA alloted 37 places to the 126 entries. Elsewhere the entry list is notable for the number of top-flight amateurs who will try to qualify.

NEW REGULATIONS

Under new regulations adopted a year ago, a lot of old-timers who used to get in automatically now have to qualify. Some didn't enter, but five ex-champions and a three-time winner of the British Open will make the attempt. Lloyd Mangrum (1946) and Lawson Little (1940) are in the Dallas group. Gene Sarazen (1922 and 1932), Tony Manero (1936) and Britain's Henry Cotton are in a field of 168 shooting for 11 qualifying places at Rye, N.Y. Sam Parks (1935) will play at Pittsburgh.

Three former U. S. Amateur champions, Gene Littler, Arnold Palmer and Billy Maxwell, and such top-line pros as Jimmy Demaret, three-time Masters winner; Bob Toski, Al Besselink, Don Fairfield, Jay Hebert, Don January, George Bayer, Ernie Vossler, Jerry Barber, Fred Hawkins, Fred Wampler, Bo Wininger, Jerry Barber, Dutch Harrison and Dick Mayer, top the Dallas field.

FOREIGN PLAYERS

A group of foreign players who also will try to qualify there includes Roberto De Vicenzo and Percy Clifford of Mexico, Canada's Al Balding and Gerry Kesselring and Mario Gonzalez of Brazil.

Bucking these pros will be amateurs Rex Baxter Jr., former USGA junior champ, and John Garrett.

Probably the outstanding amateur trying to qualify is Ken Venturi, the San Francisco youngster who led the pros through three rounds of the Masters this year. He's among 36 entered at San Francisco along with amateurs John Dawson, Bob Roos, Henry Timbrook and pro Bud Ward, a former amateur champion.

A quick look through the other sections shows such names as Billy Joe Patton, Dave Smith, Ray Taylor, intercollegiate champion Joe Campbell, Dale Morey, Jimmy McHale, Dick Chapman, Art Butler, Gene Dahlbender, Charles Harrison, Jake Howard Jr., Don Bisplinghoff, Jim Tom Blair, Frank Strafaci, Don Cherry, Frank Souchak and Dick Yost.

Spudders In Bat, Field Leadership

By The Associated Press

Wichita falls led the Big State League in both club batting and club fielding last week.

The Spudders hit .285 through Tuesday to top Corpus Christi's .282. Wichita Falls' .961 fielding average gave the club a slim lead over Abilene, with .958.

Danny Ozark of Wichita Falls took individual batting honors with .392, followed by Jim Kirby of Port Arthur with .370 and Joe Christian of Corpus Christi with .365.

Kirby led in hits with 70. Oscar Rodriguez of Waco was tops in doubles with 18 and in runs with 45. Rudy Mayling of Abilene and Steve Molinari of Lubbock tied for the home run lead with 13 each while Christian's 9 triples led the loop in that department.

Honors for total bases went to Mayling with 124. Gene Hurych of Wichita Falls and Ossie Walker of Abilene were the top base stealers with 11 each.

Ted Del Rio of Victoria held honors in the pitching department with a record of six victories and no losses. Bill Hunter of Wichita Falls and Charles Kowalski of Abilene each had 5-1 records while Ben Swearingen of Abilene had a 7-2 mark.

19th HOLE CHATTER

By BUCK FRANCIS

Memorial Day (Wednesday) was a big day at Snyder Country Club.

A total of 88 fairway dubbers toured the local layout Wednesday. That's an exceptionally good turnout cosidering the CC here is just a nine-holer.

It was just as crowded here with 88 playing as it would have been double that figure (176) for an 18-hole course.

Wanta win a medal?

Then get out to the Country Club Saturday and try your hand at beating the two National Open Champion—Jack Fleck (men's) and Faye Crosker (women's).

Next Saturday has been acclaimed "National Golf Day." It's annual affair and perhaps you know all about the rules and regulations.

For those who may not know, here briefly is what you do:

Pay $1 to host pro Shanty Hogan and receive your handicap. Then go out and try to beat Fleck and Crocker. Fleck and Crocker will be playing on another course Saturday and if your score, less handicap beats them then you'll receive a medal.

The men will play against Fleck, the women against Miss Crocker.

All proceeds of National Golf Day will be used for charitable purposes.

It's a good cause and you'll have a lot of fun trying to beat the National champ.

Earl Fish, the elderly putting master of the local club, tangled in a friendly match with young John Lynch, his son-in-law, recently. Darkness halted the match at nine holes with each having 35's.

That's pretty fair shootin' for weekend golfers.

Several Tiger footballers are giving golf a try. During the past week, Alan Snead, Milton Ham and Jack Spikes were seen "batting' the little white pill around.

They did OK, according to pro Shanty Hogan, and in due time they may become as proficient at the links game as they have in other sports.

The old saying "there's a first time for everything," held true for Hollis Jones this week.

Jones fired a 79 to crack 80 for the first time in his golfing career.

Snyder golfers attending the huge API Blind Bogey tournament at Hobbs, N. M., returned without the usual loot they have been winning in the past.

Dean Strack, Snyder golfing dentist, got a pad 5 on the long 8th hole here the hard way the other day.

Dr. Strack hit one high, wide and out of bounds on his first tee shot, costing him two strokes. Then he wound up on his second drive and hit one almost green high and then got down in regulation figures.

Earl Stubbs won the Standard of Texas employees golf tournament held here recently. The tourney, directed by M. L. Brommon, was a handicap affair.

Stubbs had a 104 less 31 handicap for a net of 73.

P. W. "Footsie" Cloud, Jr., returned from S. M. U. and showed his golf is getting better as he gets older and wiser.

"Footsie" was the popular No. 1 man on the Tiger golf team in '55.

Speedy Moffett, getting in a round before taking off for Camp Stewart, bagged a birdie deuce on No. 3 by chipping one in from about 15 feet off the green.

Dr. J. William Davis, Texas Tech's athletic council chairman, once coached football and basketball at Lometa, Tex., High School.

Two Sports Enjoy Top Bat Records

By The Associated Press

A pretty good way for a Texas League pitcher to ruin his earned run average is to pitch to a couple of Shreveport Sports—Ken Guettler and Ev Joyner.

Joyner was third in batting through Wednesday with .390 in 182 at bats. He led in hits with 71, doubles with 16 and was second in runs with 43. Guettler led in Homers with 25, RBI's with 57 and was first in runs with 46.

Al Pearson of Oklahoma City had 38 hits in 95 at bats for .400 and Bobby Prescott of Dallas, on the disabled list, also had .400 with 12 hits in 3 at bats.

Dick Gray and Jasper Spears, both with Fort Worth, were tied for the doubles lead with seven each.

Mike Napoli had nine stolen bases to his credit to lead the light-footed base runners.

Shreveport led in club Batting with .301, followed by Houston with .292.

Five pitchers still had perfect records of at least one win and no losses, but the three men tied at seven wins and no losses were the ones to watch. Rudy Paynich of Fort Worth, Dale Matthewson of Tulsa and Hisel Patrick of Dallas each had 7-1 records.

Phil Clark of Houston and Dallas' Fernando Rodriguez were the only hurlers still in the league with as many as two victories and no defeats.

Hogs Sked Tech

LUBBOCK (AP)—Texas Tech and Arkansas have signed a 6-year football contract with the first game to be played in Arkansas. It was another step in Texas Tech entering the Southwest Conference and starting its championship competition in 1960.

WE WILL NOT BE UNDERSOLD . . . BEST DEALS IN TOWN

OUTDOOR FLASHES

Note: The News sports department would like to remind all area and local fishermen again to report your "hauls" upon returning home from a fishing venture):

There must have been numerous Snyderites who took advantage of the beautiful day Memorial Day (Wednesday) to cast their luck at some outdoor game, expecially fishing.

But we only got reports from two of the fishing parties out of Snyder during the past week.

Glen Cavitt, Lee Gatewood and Glenn Cox, all of Snyder combined their efforts to bag 72 bass at a tank on the Carroll Hodges place near Claytonville.

—This trio used minnows and plugs.

Then from Possum Kingdom comes a report that Mr. and Mrs. Fred O. Neuberger of Snyder caught their limit of Sand Bass casting while fishing out of Fox Hollow Camp.

Other reports from Possum Kingdom follows:

Leonard Chesser, Loyd Hahan, Kenneth Pertel, Marshal Dremmal, Milton Addison, Johnny Criswel, and J. V. Burnett all of Brownfield, Texas, fishing out of Possum Hollow Camp caught 75 White Bass and Crappie on Minnows and Pluggin Shorty.

Mr. & Mrs. L. D. Henderson and Mr. & Mrs. Curtis A. Clayton of Earth, Texas, fishing out of Rock Creek Camp caught 75 Channel Cat that weighed 102 lbs. on trot line in 25 to 30 foot water on shrimp and blood bait.

Mr. & Mrs. Cecil Grimes of Hobbs, New Mexico, fishing out of Willow Beach Camp caught their limit of black and white bass every day for two weeks on minnows and trolling with bombers.

J. C. Hopper and Harold Riley of Kress, Texas, fishing out of Possum Kingdom State Park caught 86 White Bass weighing up to 3 lbs. and 2 Black Bass 2 lbs. each and 1 Catfish 6 lbs. on minnows.

Biff Warren, Charles Musslewhite, and Tom Steele of Levelland each caught their limit of Sand Bass, 12 nice Bass weighing up to 5 lbs. and 20 Channel Cat weighing up to 4 lbs. on minnows and yo yo's — fishing out of Fox Hollow Camp.

R. R. Watkins, 1719 Rosewood, Odessa, Texas, and B. O. Griffin, 426B West May, Odessa, Texas, fishing out of Vick's Lodge caught 40 Bass and 3 Channel Cat.

Mr. & Mrs. O. V. Fuller, Box 218, Ropesville, Texas, each caught their limit of Sand Bass on Minnows fishing out of Fox Hollow Camp.

Mr. & Mrs. John Meeks of Shallowater, Texas, fishing out of Possum Holow Camp caught 25 White Bass, 12 Black Bass, 20 Crappie on Mr. Champ and Minnows and 60 lbs. Yellow Cat on trot line with corp.

S. L. Luck and son and A. R. Hardy and son of Shallowater, Texas, fishing out of Heiple's Haven caught 84 Channel Cat on trot line with Blood on Tuesday and Wednesday.

S. L. Snyder, Box 613, Sundown, Texas, and Doy Reynolds, Box 315, Gorman, Texas, fishing out of Bob's Camp caught 21 Channel Cat from 1½ to 3½ on trot line in 15 feet of water and 5 Black Bass from 1 to 3 on minnows.

Howard Johnson, Winston, Jones, Gaston Jones and Bob Pennington of Lubbock, Texas, fishing out of Possum Kingdom State Park caught 4 Channel Cat weighing up to 3 lbs., 60 White Bass up to 2½ lbs., 5 Black Bass up to 1 lb. and 8 Crappie up to 1¼ lbs. on minnows.

Mr. & Mrs. A. J. Carpenter, and Mr. & Mrs. James Marshall, 3407 39th Lubbock, Texas, fishing out of Vick's Lodge had a real nice mixed catch of 40 fish.

From Lake Colorado City comes these reports:

Bass fishermen just about hogged all the luck during the week at Lake Colorado City.

Don't get the idea, though, that catfish haven't been biting. For they have and both local and out-of-towners have taken home good catches for the frying pan.

Top bass fishing — or the finest catch — can be claimed by Dr. E. G. Brunner. Casting with a dragnetter, "Doc" hauled in a six-pound prize.

Three other seasoned fishermen of the local brigade also hooked prize catches.

Charlie Smith caught a five pound, eight ounce bass and a two pound, eight ounce bass while also casting with a dragnetter.

Joe Barnett reeled in a five-pounder while casting and Arvel Smith added a four pound, eight ounce bass to his long string of good catches.

A fishing party at Lake Colorado City from Denver City went home with smiles and plenty of fish. They were Mr. and Mrs. Joe Green, Mr. and Mrs. Franie Minor, Mr. and Mrs. Lomas Freeman. Included in their catch were 20 channel cat weighing up to three pounds and a four pound, eight ounce bass.

C. C. Doan continued to make good use of a trotline by hauling in two hefty channel cat — a 10-pounder and a 13-pounder. The local fisherman made his catches on trotline baited with shad.

Ashburn's Double Gives Phillies Win

ST. LOUIS, June 2 (AP)—Richie Ashburn's two-out double with the bases loaded followed four straight walks in the fourth inning today as the Philadelphia Phillies stopped the St. Louis Cardinals, 6-4.

Reliefer Bob Miller turned back a Redbird rally in the ninth inning by forcing third baseman Ken Boyer to hit into a game-ending double play with the bases loaded.

Littler, De Vicenzo Tied For Lead

Cubs And Yankees Win Easily In LL

Two Snyder Little League nines strengthened their leadership in respective leagues Friday night when both plastered their opponents in four-inning games.

Both the games were called at the end of four innings because of 10-run leads.

Bob Smith, pitcher for the Lions Club Cubs, hurled a no-hitter as the Cubs ran over the Rotary Club Cardinals 13-1. In this performance Smith struck out five and walked three in the four innings. The one Cardinal run was unearned.

That pushed the Cubs up to a 4-0 record in the National League, far ahead of any club in the league.

The Cards and Kiwanis Braves now are tied for second with 1-2 records, while the Quarterback Giants follow with 0-2.

The Cubs grabbed a 3-0 lead in the first inning when Bill Weaver and Ad Romero each got on base with singles and came home on Weldon Ware's double. Mickey Birdsall hit the ball through the Card shortstop, and Ware came in for another run.

After a scoreless second inning, the Cubs let loose again in the third with five runs. Hits in that inning included singles by Weaver and Romero and a double by Birdsall. Five more runs came in the fourth, with singles hit by Smith, William Robinson, Abe Gonzales, and Stuart Long.

The only Card run was scored by Kenny Wellborn, who had walked, on a shortstop's error.

The Yankees shut out the Athletics 10-0 as Steve Free pitched a two-hitter. Free gave up only one base on balls while he fanned eight at the plate.

Opening the game with five runs in the first inning, the Yanks had four hits, one a double by Spencer Dyer, the first to get on base, and the others singles by Jerry Guthrie, Jimmy Everett, and Lee Sconyers. There were two Yank runs in the second, with the lone hit being a single by Everett.

KC Moves Out In 7th Over Boston

BOSTON, June 2 (AP) — Enos (Country) Slaughter, an old Red Sox nemesis, and Johnny Groth, both doubled in the seventh inning today to account for the three tie-breaking runs that launched Kansas City toward an 11-3 victory over Boston.

Plucky little southpaw Bobby Shantz relpeved Tom Gorman as the pair limited Boston to six hits. All the Sox runs came on Mickey Vernon's sixth home run in the first inning.

The triumph was Gorman's eighth in nine decesions with the Red Sox over a 5-year period.

LL MANGERS MEET MONDAY

A meeting of Little League managers of both leagues has been called for Monday night.

Ed Free, Little League commissioner, said the meeting will be held between games Monday night at the park.

Only three men graduate from Texas Tech's basketball team—Jim Reed, Du-Wayne Blackshear, and Eugene Carpenter—but they were starters on three successive Border Conference championship quintets.

International At 36-Hole Mark

By HAROLD V. RATLIFF

DALLAS, June 2 (AP)—Californian Gene Littler rolled in with a 4-under-par 66 late today to tie Roberto de Vicenzo, the hot-putting Argentine, for first place at 36 holes in the $70,000 Texas International Open.

De Vicenzo, professional at Mexico City's country club picking up vacation expense money, shot a 65 five hours earlier and his 130 for 36 holes stood up until Littler birdied the 18th hole with an 8-foot putt.

Just before Littler pulled his stretch drive, Cary Middlecoff, the Memphis dentist-golfer, posted a 67 for a 2-day total of 131. Cary missed a birdie by two inches on the 18th or he would have tied for the lead, too.

Big Bill Casper of Chula Vista, Calif., who had been tied with Littler and Middlecoff for the opening-round lead, took a 69 today and fell to fourth.

Littler's push down the last nine was an up-and-down affair. He hit 14, four under par, but missed the green and took a bogey. He also bogeyed 15 when he three-putted but he birdied 16 with a 12-foot putt and then, after parring 17, got his clinching birdie on 18.

De Vicenzo, 33-year-old native of Buenos Aires, said, "I had much luck but was putting well." He has played on U.S. tours several times and won his share of the money but it has been several years since he won a first place.

He said he was here "on vacation" and "this is a good way to spend it."

De Vicenzo had six birdies in his string and narrowly missed an eagle from 8 feet on the first hole. His only bogey was at the second hole when he landed on what he called "the slope" of the green and took two to get down.

Middlecoff said he was pleased with his round, particularly his putting, and pointed to two long downhill putts-12 feet at 2 and 18 at 17.

Littler is on the tour for the third year and has been a heavy winner from the start. Middlecoff has been one of the top men for years. Each has won two tournaments this year.

Sam Snead of White Sulphur Springs, W.Va., still the biggest gallery draw and the pre-tournament favorite, had another 67 for 134 and stayed in strong contention for the $14,000 first money. The Slammer said: "I played terribly" But admitted he was putting well for a change. He had two 13-foot putts for birdies.

Snead was tied with Bill Trombley, Dallas professional, for fifth place. Trombley shot a 66 today. In sixth place was Tommy Bolt of Houston, who had 69 today for 135.

MEN! WOMEN!
PART TIME WORK
FOR ADDED INCOME

Reliable person for this area to handle the World Famous Gillette Blue Blades through our new, modern type Automatic Merchandising Dispensers. An unusual opportunity to secure your future. Will not interfere with your present employment. To qualify you must have:

- $1,498.50 Cash Available Immediately For Inventory
- 3 References and Car
- 5 Spare Hours Weekly
- Must Be Able to Start At Once

Our Company will supervise your operations and extend financial assistance to full time if desired. This is not a Get-Rich-Quick Program, but an opportunity to increase your present earnings and expand to eventual full time work. This exellent opportunity is offered to a dependable person who is interested in his future. It's an all cash business, depression proof, no credit risk. Do not answer unless fully qualified for the necessary time and investment.

- Income Starts Immediately
- No Selling or Soliciting
- Business Is Set Up For You

FOR BOYS CLUB

Swim Classes Open Monday

Swimming classes for beginners will begin for members of the Scurry County Boys Club tomorrow, according to Guy Sullivan, recreation director for the club who has announced the first week's schedule.

Two sessions of one hour each will be held each day this week at 9 and 10 a.m.

More classes will be held later, with a new group starting each Monday, and boys desiring to take swimming lessons and who are members of the Boys Club should sign up between now and June 11 for the next session.

The lessons are sponsored by the club in cooperation with Hal Battle, operator of the Towle Memorial Park swimming pool.

The Boys Club headquarters will not open until Thursday at 1:30 p.m. Registration has started at the club and will continue Thursday for membership in the club for the coming year.

Girls' swimming lessons are also in the planning stage, and girls have been asked to watch the Daily News for announcements concerning these lessons.

This week's classes:

9 A.M.

Delbert Roy Foree, Tommy Earl Forée, Truman Ivison, Mark Whitley, Joe Dean Aldridge, Darrel Aldridge, Kenneth Thompson, Thumper Orr, Milton M. Mapes, Jr., Kelly Sikes;

Samuel Leslie Elledge, Freddie Johnston, Larry Allen Tatum, Jerry Lynn Tatum, Ronnie Lee Price, Don Hire, Kenneth Deike, Tommie Crabtree, Douglass Scarlett, Donny H. Scott;

Tony Roy Johnson, Gary Willison, Howard Willison, Paul David Templeton, Jimmie Simpson, Herbert Jennings, Jr., Jimmie Hogan, Robert Thomas, Jr.;

Richard Thomas, Johnny Sanders, Michael Lynn McCright, Donnie Thompson, Reed Alton Robinson, Dennis Myers, David Young, Tommy Harmon, Gerald Casey, Guy Mahoney, and Jimmy Wayne Lock.

10 A.M.

Larry Leroy Guinn, Ronald Spittle, Gene Barnes, Billy Wayne Watkins, Jim Sullenger, Larry Hughes, Lowell Austin Martin, Tim Burton, Randal Earl Feaga, James Emory Vineyard;

Ronnie Foster, Wesley Foster, Willie Everett, Eddie Peacock, James Dean McDorman, Joe Randy Mitchell, Jerry Don King, Jimmy Johnson;

Gerald Wilson, Bobby Covey, Bill Covey, Ronnie Kilgarlin; Jackie Wayne Beane, Mike Henry, Eldon Tipping, Jr., Charles Burney, Larry Vaughan, Rodney Gray.

Mike Hogan, Calvin Sullivan, Landon Allgood, Fred Finley, Robert James Thomas, Harley Fred Bynum, Pat McCright, Earl Ray Stubbs, Jr., and Stanley Anderson.

No-Hit Shutout Is Hurled By Jones

The Scurry Butane Dodgers battled their way toward leadership in the Pony League lead yesterday morning in a makeup game, but they are still running behind the undefeated Courthouse Tigers.

Ronnie Jones pitched a no-hit shutout as the Dodgers downed the Von Roeder Red Sox 5-0 in yesterday's game. Jones struck out 11 and walked none as the Sox got only three on base during the seven innings. One of those was hit by a pitched ball, while the other two gained base on errors. Richard Mahan, as loser, put up a terrific battle when he struck out 12 batters and gave 11, however.

The Dodgers now hold a 5-1 record, while the Tigers, who downed the Red Sox Friday night, own a 6-0 mark. Those two teams are the only real contenders in the league at the present time.

The Dodgers opened their scoring in the second inning of yesterday's game when Jones, who had walked, was driven in by Mickey McGrew, who was put out at first. In the third, the bases were loaded when Tim Williamson walked and pushed Wayne Berry in for another run. Ronnie Maroney and John Billy Koonsman were both on base in the fourth when Berry tripled and sent both of them across home plate.

Yesterday afternoon, in another makeup game, the Lions Club Phillies took the Line & Line Yankees in a five-inning game 14-2.

Foy Dennis, pitcher for the Phillies, threw a one-hitter against the losers. That one hit was a homerun by Watson in the first inning, when the Yankees got both their runs.

Does your cake fall after it is baked? The chances are you did not leave it in the oven long enough.

GIRL SCOUTS LAUNCH CAMP

The sixth annual Girl Scout Day Camp will begin Monday June 4 and continue through June 9 on the Melvin Newton ranch, north of Snyder.

Mrs. O. C. Stanley is camp director and Mrs. F. Cunningham is assistant camp director. Mrs. J. E. Craven, Jr. is business manager.

Approximately 120 girls are registered for camp this year and the school buses will leave the Junior High building at 3 p.m. to take the girls to camp and return at 8 p.m.

Adequate adult supervision is essential for a successful camp and more help is needed. Anyone interested in helping at camp lease contact Mrs. Stanley at 3-3078.

2 Recitals Slated Here

Elaine Lambert will present her dance students Monday and Wednesday evenings in two recitals. A tap recital will be Monday at 8:15 p.m. in the High School Auditorium and a ballet recital will be Wednesday at 8:15 p.m. also in the High School Auditorium.

The ballet recital, "The Little Shoemaker." Cinderalla's wedding will be the last scene of the ballet.

The tap recital is called "The Perfume Counter." Approximately 102 children, ranging from 3 to 18 years of age, will participate in novelty, acrobatic and ballet numbers.

The children have worked all year on this production and everyone is urged to attend. There will be no admision charge.

TEEN TALK

Following commencement Monday night Alan Snead, Sittie Harrell, Pat Taylor, Linda Milam, Tommy McClatchy, Bebe Cockrell, and Harilyn Ward were hosts for a dance at the Country Club. The table was decorated with the class colors of lavender and white, with a centerpiece of flowers carrying out the decorations. Refreshments of punch and cookie were served to the following guests: Perry Bolger, Don Boone, John Carrell, Ann Fish and George Herring, David Forbes and Sandra Boyd, Perry Free, Jimmy Goldsmith, Betty Green and Haskell Franks, Shorty Grimmett and Shirley Roland, David Hamblen, Cecile Hayes, Hal Holiday, Harold Hooks and Sally Herring, Gerry Lyn Hughes, Linda Milam and Fred Williams, George Jennings, Judy Miller, Don McNew and Clinta Blackard, Dwayne Norris and Jackie O'Brayan, Robert Posey, Wayne Ramsey, Jim Russell, Royce Scrivner, Karlenn Roberts, Deborah Smith and Stephen Blair, John Spaulding, Jack Spikes and Jane DeWald, Jerry Taylor and Mary Mary Lou Carey, Lanny Waldleigh, Kay Watson and Eddie Joyce, Jane Joyce, Wanda Sue Crook, Lera Anne Hogan, Sammy Spikes, Joyce Blakely and Wiely Donson, Tom Falls, Bob Harlin and Rita Grimmett, Chiva Sue Boss and Gerry Tucker, Kent Fields, Mary Jimm Stinson and Deanie Floyd, Elwyn Weathers, William Brownfield, Tomas Rigsby, Tommy Prichard, and Shelby Smith.

• • •

MR. AND MRS. BILLY JOE HANKS
(Wolfe Studio Photograph)

Yvonne Lewis Weds Bill Hanks On May 25

In a single ring ceremony on May 25 at 8 p.m. in the home of the bride's brother, Eugene Lewis, 412 Twenty-ninth Street, Marilyn Yvonne Lewis became the bride of Billy Joe Hanks. The ceremony was performed by Ted Norton, minister of the Twenty-fifth Street Church of Christ. The home was decorated with white candles and white gladoli.

The bride is the daughter of Mr. and Mrs. Richard E. Lewis, 3010 Avenue K and the groom is the son of Mr. and Mrs. B. E. Hanks, Union Community.

Given in marriage by her father the bride wore a blue nylonized taffeta princess style dress with a v-neck. She wore a hat of the same material as her dress, decorated with seed pearls. She also wore a bracelet and necklace of real pearls. Her bouquet was a cluster of white carnations with white streamers.

Matron of honor was Mrs. Quincy Deck, sister of the bride, from Graham, who wore a pink taffetized shantung princess style dress with gathers on the sides. She wore a pink net head band.

Best man was Eugene Lewis, brother of the bride and the candlelighters, also brothers of the bride, were Fred and Melvin Lewis.

The reception followed the wedding and Miss Wanda Brunson served the three teired wedding cake. Mrs. Billy Don Harris served the punch.

For traveling the bride chose a two-piece sheath dress with a jacket, with black patent accessories and a corsage from her bridal bouquet.

After a short trip to San Antonio and other points of South Texas, the couple will be at home in the Union Community.

The bride is a graduate of Snyder High School and attended Draughons Business College at Abilene and is now employed with Southwestern Bell Telephone Co. The groom is a graduate of Snyder High School and attended Sul Ross College at Alpine. He is employed with Magnolia Oil Co.

Out-of-town guests were Mrs. Betty Evilsizer of Carlisle, Ind. and Mr. and Mrs. Quincy Deck of Graham.

Lloyd Reunion Is Set For June 9-10

Dates for the fifth anual Lloyd Family reunion have been announced by George H. Lloyd of Snyder, president of the reunion.

Lloyd said the event will be held June 9-10 at the Lueders Baptist encampment. Cottages and beds will be free, and meals at the encampment cafeteria will be at a reasonable price, he said. All relatives and friends are invited, he said.

Last year, about 150 persons attended the reunion from Texas, Oklahoma, and California.

This beautiful dress looks as cool as the name of the fabric in which it is created — "Breeze." Adele Simpson designed the glamorous dance frock in Supima cotton by Hope Skillman. Supima is a fine new extra long-staple grown in the Southwest, and this cotton chiffon is the first Supima fabric.

NEWS FROM DUNN

By ELWANDA STEWART

Mr. and Mrs. Grady Brown of Snyder visited Mr. and Mrs. John Brown Sunday.

Mr. and Mrs. Adrain Harvey visited Mr. and Mrs. Hobbs Latham Saturday and Sunday. Mr. and Mrs. Latham are former residents of Dunn and now live in Sterling City.

Vacation Bible Schol for the Baptist Church will start June 11 at 8 a.m. and continue for one week. Those who wish to attend are requested to register June 8 from 9 to 10 a.m.

Mrs. N. J. Richburg visited her parents, Mr. and Mrs. W. H. Long, in Loraine, Sunday.

Mr. and Mrs. W. A. Taylor and son, Arilie Taylor and wife, were host for a family reunion in their home Sunday. Forty-eight guests attended. Two of Mr. Taylor's sisters, Mrs. Claude Wescott and husband of Seminole and Mr. and Mrs. Charlie Wescott of Rising Star, were also there. Two of his sisters were unable to attend. Also visiting them Sunday night were Mrs. Taylor's brother, Mr. and Mrs. T. A. Richardson of Robert Lee.

Mr. and Mrs. Charles Bowers of Pasadena are visiting Mr. and Mrs. George Bowers.

Mrs. Ted Billingsley and sons, and Susan and Jacque Stewart are attending vacation Bible School in Buford this week. Mrs. Billingsley is a teacher for the schol.

Noland and W. C. Bolding have received word that their uncle, E. B. Bolding, of Caddo, Okla. is seriously ill. He is a former resident of Scurry County.

James and John Stewart made a business trip to Big Spring Thursday.

Mrs. Don Jones Is Honored At Shower

A pink and blue shower honoring Mrs. Don Jones was given Friday in the home of Mrs. Robert Warren, Fluvanna, at 3 p.m.

A pink and blue color scheme was carried out throughout the house with a centerpiece on the table of pastel flowers and gardenias used as a floral arrangement.

Hostesses for this shower were Mrs. Herston Lemmons, Mrs. Dee Pylant, Mrs. Lloyd Ainsworth, Mrs. Theron Scrivner, Miss Velma Lee Edmondson, Mrs. Carlton Daughtery, Mrs. Jack Martin, Mrs. Ruby Benson, Mrs. Ralph Price, Mrs. Betty Whatly, Mrs. J. R. Meadows and Mrs. Warren.

Pink punch, individual pastel cakes and nuts were served to 50 guests.

Family Foot Health

For good family foot health, post this remainder on the bathroom mirror where everybody can see it: "Take a daily foot bath in warm soapy water."

Frozen potatoe patties can be quickly prepared as an accompaniment to fish, steak or chops.

Furniture For Bride Suggested

It's a well-established custom, these days, for the bride-to-be to "register" her choice of silver, china and crystal pattern at a local store so that friends and relatives will be able to purchase place settings or pieces as wedding gifts. Since furniture and carpeting are a necessity in a new home, why can't the bride choose the furniture she would like to have and "register" these choices, too, so that she may receive some of these peices as gifts, as well?

Not only would this help her to acquire some of the furniture she needs, but it would act as a guide for persons purchasing other gifts which are used as accessories in the home. By knowing what style of furniture the bride has chosen, they will be able to choose accessories that harmonize and will fit well into her new home.

A new homemaker can always use some stacking tables which use little floor space, yet provide plenty of serving area. Another practical — and attractive — gift is a hanging wall shelf on which she can proudly display a treasured collection of knick-knacks. Or perhaps a few relatives might get together to buy her the sofa or chair or buffet that she wants so much.

Another possibility for the gift-buyer is to arrange with the furniture store for a gift certificate which the bride can use toward buying her furniture. A few gift certificates from the thoughtful friends and relatives will enable her to purchase some more of the pieces for her brand new home.

RIVIERA VISION—Not the least of the attractions on the Cote d'Azur is this girl in a cotton satin bathing suit and cotton pique beach coat, by Tiktiner of Nice.

BULLFIGHTER'S SHIRT—Add ruffles with decorative stitching to basic shirt pattern. Narrow tie shown also is easy to make by use of new automatic machine stitches.

WOMEN'S CALENDAR

MONDAY

Women's Society of Christian Service of the Union Methodist Church meets at 2 p.m. at the church.

TUESDAY

Dutch Luncheon Bridge Club meets at Mary Lynn's Tea Room with Mrs. Dan Warren and Mrs W. A. McClatchy as hostesses.

Ever use packaged green noodles? They are delicious teamed with such seafood as shrimp or crabmeat, or with chicken or turkey.

WSCS Group Will Meet Here Tuesday

The Epworth Sub Division of the Woman's Society of Christian Service of Big Spring district will meet at the Trinity Methodist Church Tuesday for their summer meeting. The program will begin at 10 a.m. and close at 2:30 p.m.

Each person is to bring a sack lunch with the host church furnishing drinks.

A nursery will be provided for the children according to Mrs. Dale Clemmer, president of the sub division.

Eighteen Methodist Churces are members of this Sub Division.

Here's An Idea For Serving Tuna Fish

Take one can of salmon or tuna fish, add one medium onion, grated or finely minced. Combine and put into a shallow greased asserole dish. Top with mashed potatoes to which a dash of garlic flavoring has been added. Dot with butter and sprinkle with grated American or parmesan cheese. Put into the oven and bake at 300 degrees F for fifteen minutes or until brown. Serve with green peas and a tossed salad.

FOR GOOD EATING

SUMMER MENU
Skillet-Barbeque of Hamburgers
Spanish Rice
French Fried Potatoes
Tossed Salad
Ice Cream and Cookies

• • •

SKILLET BARBECUE OF HAMBURGERS

1½ pounds ground lean beef
¾ teaspoon accent
½ teaspoon salt
1 teaspoon minced parsley

Mix together; shape into 6 patties same size as hamburger buns.

3 tablespoons oil or drippings
1 medium onion, chopped
½ green pepper, chopped
¾ cup chili sauce or catup
2 tablespoons vinegar
¼ cup Worcestershire sauce
¼ cup water
3 tablespoons brown sugar
¾ teaspoon salt
Pepper, to taste
½ teaspoon ac'cent
¼ teaspoon Tabasco

Heat oil or drippings in heavy skillet. Add hamburgers; saute to desired doneness, turning frequently. While meat is cooking, put in onion and green pepper; saute until lightly browned. When hamburger are almost done, add all remaining ingredients; mix well in the skillet. Simmer gently 10 to 15 minutes, basting meat frequently. Place each hamburger on a toasted half of hamburger roll; dress with a little pan sauce; cover with top of bun. Pour sauce over generously. Makes 6 servings.

• • •

SPANISH RICE

2 onions, sliced thin
2 tablespoons butter, bacon, or other fat
1 cup washed rice
3 cups boiling water or stock
2 green peppers, parboiled, seeded and cut fine
1 cup canned or chopped tomatoes
1 teaspoon salt
Pepper to taste
Chili powder, if liked

Saute onion in fat until soft. Add rice and cook until lightly browned. Add other ingredients and cook slowly until rice is tender (about 40 minutes). Make into a heartier dish by adding bits of cooked meat, sausage, or chicken. Heat and serve from a casserole if you like. Sprinkle with grated cheese. Serves 6.

Dad Might Like Pipe

Mom, sister and brother can pay tribute to Dad on Father's Day (Sunday, June 17) without straining the family budget and by having a gift that dad will remember all year. Modernization has hit the oldest of American traditions, pipe smoking, and the whole family can get into the act.

A gift briar can be purchased at the smallest soda fountain to the largest super market or chain drug store. Pipes are in every price category ranging from one dollar. There is even a mahogany chest with 25 pipe styles for $2,500.00.

Junior can save for Dad's pipe out of allowance money and it wouldn't be too much of a strain on the ice-cream budget. Sis can buy Dad's pipe out of baby-sitting revenue without missing a hit record in the juke box. Mom can get Dad's pipe present out of the household money without borrowing from any other budget envelope. As for Dad, he can sit back and relax, with plenty of good smoking days ahead.

Ice Cream Treat

You can keep a sizeable quantity of ice cream in the freezing unit of your refrigerator and experiment with favorite desserts. Ever try adding grated fresh nutmeg as a granish? Tastes good and looks good too.

Extra flavor: add a few tablespoons of grated cheese to that white sauce for creamed chicken or turkey

APPROACHING MARRIAGE— Mr. and Mrs. L. E. Daffer, 2900 Avenue V, have announced the engagement and approaching marriage of their raughter, Dorothy Brown, to Henry Maxwell, son of Mr. and Mrs. J. B. Maxwell, Route 3. The couple will be married June 15 at 6 p. m. in the home of the brides parents.

Band School Is Planned At McMurry

ABILENE, (Spl) — One of the largest summer band and twirling schools for teenagers in the southwest will be held here on the McMurry College campus July 15-28.

Mc Murry's eighth annual summer band and baton clinic for school musicians and twirlers is expected to top last year's record enrollment of 370 students, according to clinic director Raymond T. Bynum.

Bynum, professor of music and band director at McMurry, said that 157 young people from 34 Texas towns and cities had preregistered for the band and twirling school through June 1.

The students will be housed in McMurry dormitories and will take their meals in the Mc Murry dining hall. Ttoal cost is $50.

Instructional staff for the band school will include about 20 specialists in instrumental music, music, twirling and drum majoring, most of whom are band directors and music teachers in Texas public schools.

Students will receive instruction in music theory, solo playing, choral music, actual practice with training and concert bands, baton twirling and drum majoring, ing and marching, and drum majoring.

Two public concerts, faculty and student recitals, and numerous social and recreational activities are on the band school schedule.

Bynum said that anyone desiring a pre-registration blank, or further information on eligibility, instruction, or cost, is requested to contact him at the McMurry Band Hall, Abilene, Texas.

El Paso Resident Killed In Mishap

LAMESA, Tex. June 2 (AP)—Mrs. B. B. Sybil Lambert, 45, of El Paso, was killed about midnight last night when her car hit a stalled car on the highway about 6 miles west of here.

Mrs. Lambert's daughter, Mrs. Robert W. Wilson, also of El Paso, was injured in the crash. Her condition is not believed to be serious.

PROSESSIONAL-LOOKING JOB

NEED NEW FISHING BOX? YOU CAN BUILD ONE

By BILL BAKER

Why not build a new fishing box? You can do it, even if you've never tried working with wood before.

Using my pattern package 106, even the novice woodworker can turn out a professional-looking fishing box. And now that the summer is moving in for a long stay, what could be better?

Let me tell you about the box. It has all the good features a fishing box should have in its 16" by 10" area.

Three compartments are at the bottom of the box, each measuring 5 by 8 by 5. Here's more than enough space for all of your reels and line. Five separate compartments, in a removable tray, will hold leaders, weights and all of your other equipment. A drop-leaf section, which hold 12 corks, is the place for your hooks.

It may be hard to believe that a novice woodworker can build this box, but it's true. The help you'll receive from the pattern package makes this possible.

Exact-size pattern pieces, for example, make it possible for you to tack, trace and cut without a chance for error. Easy - to - understand assembly directions, an itemized material list of everything you'll need to build the box and helpful finishing suggestions are also included.

Your fishing box pattern package will be on the way to you when you do the following: send your name and address (clearly printed), together with only one dollar ($1) in check, cash or money order, to Bill Baker, P. O. Box 1111, Los Angeles, 53, California. Be sure to ask for pattern package 106.

Add White Ruffling To Pep Up Old Dress

No need to be an expert seamstree to pep up last season's coat-style dress. Just add a perky splash of white ruffling down the front to give that old dress a "new look."

Merely baste lace, accordion pleated nylon net, embroidered organdy, or any other washable trim of your choice from neckline to hem. Use long stitches, and sew the ruffle to the underside of the buttonhole edge. You can easily snip the ruffling out for frequent washings in soap or detergent suds to keep it sparkling clean.

Fiberglass Is Good For Use In Draperies

Just think of Fiberglas as a fabric that washes and wears like the window itself. and you'll be struck with its miraculous suitability for use as a drapery material. It really is spun of glass and — like a window pane — it can be kept clean with suds and water.

Since Fiberglas is not weakened by hot sun, it's especially suitable for draping large areas of glass. These draperies or curtains can be sudsed and rinsed easily by hand, will dry quickly, and require no ironing. What's more, the fabric comes in pretty colors and prints. All-in-all, it does a wonderful job of curtaining for privacy, without cutting out light.

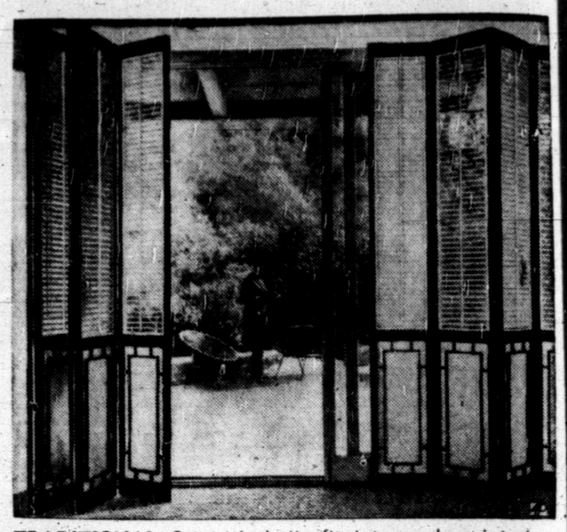
Dip-Your-Own Type Appetizers Popular

Dip-your-own party appetizers grow more popular every day. It's not hard to understand why — they're fun for the guest, easy on the hostess.

Put out a bowl or two of your favorite appetizer spreads and a tray of crackers, whole wheat or rye wafers, Melba toast or pretzel sticks. Then your fortunate guests will enjoy doing the rest.

When you are baking popovers and take them from the over, remove the hot bread immediately from the muffin cups so that thier bottoms do not steam and soften.

Whether you prepare angel food cake from scratch or from a packaged mix, be sure to remove the cake from its pan as soon as it is cool — usually about one hour after it comes out of the oven. This way you will have the greatest amount of crust possible left on the cake.



TRADITIONAL Oriental shojis fit into modern interior decoration schemes. Here these movable shutters with panels of translucent rice paper, coated with plastic for durability, are used in place of draperies over sliding glass doors. Designed by Paul Heinley of Santa Monica, Calif., they introduce a smart new note in the home.

Puree a couple of packages of cooked frozen peas and season with butter, salt and pepper. Spoon the puree down the center of a platter; arrange breaded veal cutlet (cut in serving-size pieces) and broiled tomatoes around the peas. Nice for company.

Snyder VFW To Be Aided By Officials

Two officials of the Veterans of Foreign Wars will be here tomorrow to work with the local VFW post in a project of stimulating community service, youth activities, membership, and other programs.

They are Ezra H. (Babe) Meeks of Kansas City, national post activities director for the VFW, and Al Oglesby of Abilene, District 8 commander. Meeks is an appointee of national commander-in-chief Tim Murphy of Boston.

The national post activities director has traveled several thousand miles in his work of assisting local, district, and state officers to heighten participation in VFW's varied activities on behalf of the veterans, their dependents, and the nation.

Meeks said his particular interest is in VFW sponsorship of an increasingly larger number of civic projects. The VFW last year, he said, initiated and carried out 550,000 community service works in more than 9,000 different localities.

"Through our community service and youth activities projects, we give true exemplification to our motto, 'We honor the dead by helping the living,' at the same time we vividly prove the truth that we of the VFW are not a selfish group, one concerned with the welfare of the veteran alone, but rather, men consecrated to doing good for all our fellow-citizens," he said.

Local VFW commander is L. A. Crenshaw, Jr.

Auto Sails Through Air, Man Is Killed

ANCHORAGE, Alaska, June 2 (AP)—An automobile driven by an Elmendorf Air Force Base airman skidded 834 feet, missed a bridge, sailed 124 feet through the air and slammed against a creek bank with fatal results for one of the men early today.

The accident at the Ship Creek Bridge on the Anchorage-Elmendorf Road claimed the life of Airman Billy R. Werthen, 20, of (411 Rush Ave.) Waco, Texas. He was pinned inside the wreckage which fell in the creek.

Seriously injured was Airman Louis C. Aucoin, 19, Boston, Mass. He received a fractured skull and multiple cuts but his condition was reported as "good as can be expected.

Varied Effects Are Result Of Winning --- Or Losing $64,000 On Show

By WATSON SIMS

NEW YORK, June 2 (AP)—What would it mean to you to win — or lose — $64,000? What would it mean to your son or daughter, 12 or 13 years old?

A 13-year-old girl from Baltimore and a 12-year-old boy from Greenwich, Conn., will find out tomorrow night.

For the past five weeks Gloria Lockerman and Andy Douglas have matched each other word for word in a televised spelling contest in which the stakes have steadily mounted.

They will meet in a final round on CBS' The $64,000 Challenge. If there is a winner, he or she will get $64,000. The loser will get a scholarship. If they tie, each gets $32,000.

What kind of children are these youngsters who are competing for a sum many adults spend a good portion of a lifetime earning? And how have they been affected by the contest?

You can get some of the answers by talking with Andy and Gloria, with their families, friends and teachers. But nobody can be sure what the final answers will be.

Andy is a blond boy with blue eyes and a high, sometimes wavering voice. Six weeks ago he was simply one of several unusually bright children at Glenville Public School near Greenwich. He could easily have been jumped a grade had his principal believed in the practice. But Andy stayed with his class and, with other bright children, received outside tutoring from Paul Haskell, an eighth-grade teacher.

On the door of Andy's pine-paneled upstairs room at the comfortable home of his insurance broker father hangs a sign: "Quiet genius at work." The sign is from a cereal box, but it is not altogether a joke.

In a long bookcase along one wall are a number of historical biographies, several books on language, a dictionary, a thesaurus and a World Almanac.

There is a bulletin board bearing, among other things, a mimeographed sheet of Roberts' Rules of Order, a set of instructions for avoiding polio, two signs saying "smile" and an envelope with the lettermark of the Brooklyn Dodgers Knothole Gang.

Andy is a Dodger fan and himself a better than average baseball player.

Gloria, the child of divorced parents, lives with her grandparents, the Rev. and Mrs. Vivian Key of Baltimore. He is pastor of the Orchard Street Methodist Church in Baltimore.

Until a year ago, Gloria's progress was not too different from other of her classmates at Booker T. Washington Junior High. Then she won the Maryland State spelling championship, and this led to an appearance on the $64,000 Question last August in which she won $16,000. In the present contest, she is the champion, Andy the challenger.

Has the publicity attending the current contest affected either of the contestants?

"Oh, no," says Andy's mother. "Andy's father and I die with each word, but Andy seems to be enjoying the whole thing. I don't know where he gets it, but he has always enjoyed being on stage."

"Gloria seems the same as always to me," says Mrs. Key. "I say, 'Lord, let me get through it one more week,' but it doesn't seem to bother her.

"She sleeps good, eats good and has the same friends as always."

"Gloria is not treated as a special person at the school and she doesn't seem to want to be," says Lillian Parrott, principal at Booker T. Washington.

Miss Parrott said Gloria's assurance had increased, but "actually I'm amazed at how little change there has been."

Ralph Ferdinand, principal of Andy's school, said:

"You could see the strain in Andy's face the first week or so, but that seems to have vanished. He has always been a well composed boy and now he seems relaxed.

"Actually it has been a good thing for the school in a lot of ways. The program has stimulated other students to more reading and spelling—it is concrete proof that a knowledge of words pays off."

The producers say they never announced a set of rules to cover a tie for the top amount, and came up late in the series with the idea of a second go-around, with a split of the $64,000 if the tie isn't broken tomorrow night. There has been some criticism that both youngsters, having reached the top, should get the full amount.

TIM HOVEY learns that young gentlemen do not start fights in his role in "Toy Tiger" as he writes on the blackboard in one scene of the picture. He co-stars with Jeff Chandler and Loraine Day. The 10-year-old made his first appearance in "The Private War of Major Benson."

SCREEN NEWCOMER John Gavin, right, is welcomed to the set of "Behind the High Wall" at Universal-International by stage and screen veterans Tom Tully and Sylvia Sidney. Gavin was discovered for films while serving as a naval air intelligence officer.

Bridey Murphy Causing Big Craze On Hypnotism

By BOB THOMAS

HOLLYWOOD (AP)—Bridey Murphy has brought a new party craze to Hollywood—hyponotism.

Toast of the town after only six weeks here is a Scottish-born Canadian named Bill McGonigle. At various parties he has hypnotized Kathryn Grayson into telling of another life as an English housewife, Jane Powell into persisting with her diet and Phyliss Kirk into giving up sweets and cigarettes.

Hollywood embraces fads with vigor—author Gayelord Hauser's diet and scrabble struck hard here. So it was only natural that the movie folk should become intrigued with hypnotism. A professional entertainer is currently hypnotizing notables nightly at Mocambo. Volumes on hypnotism have been snapped up at the book stores.

McGonigle, 34, has been invited to 15 exclusive parties in recent weeks and, to hear him tell it, he has been a sensation. Among his amazing achievements was shutting up Mickey Rooney.

The obstreperous Mick was always getting into the act while McGonigle was hypnotizing others at a recent party. So the hypnotist put the whammy on Mickey and made him sit silently in a chair.

"I was a little nervous about working in front of these people," the Scotsman observed, "because all of them are entertainers in their own right. But they seemed to be fascinated by what I was doing."

And no wonder. He regressed Kathryn Grayson to a "previous life" as the wife of an older man and the mother of three children in 19th century England. McGonigle said that the singer gave an amazing reproduction of the talk of a semi-illiterate Lancashire woman.

Dried cobra skins wrapped around head or throat are believed by the people of Morocco to relieve headaches or sore throat and the skins are rented by the day by medicine shops.

'Bus Stop' Is Nearing Its Release

By BOB THOMAS

HOLLYWOOD (AP)—"Bus Stop" is just about wheezing to the end of the line.

Principal photography on the picture is finished and a few odds and ends are being put together this week. This intelligence is offered for those who want to keep tabs on the movements of Marilyn Monroe. Judging from the deluge of propaganda in the national magazines, their number is legion.

"Bus Stop" has been one of the more bizarre of film projects, partly because of the changed status of Monroe. She left the lot a year ago a contract player and returned a corporation.

Being incorporated, she naturally needs officers. Most notable is Milton Greene, a magazine photographer who now acts as buffer for president Monroe. Vice president Greene is in constant attendance to sift requests and messages for Monroe. He in turn has his own buffer, who sifts requests and messages for Greene.

Getting to Monroe is as easy as reaching Howard Hughes, though not as hard as seeking out Greta Garbo. One Hollywood columnist traveled all the way to Phoenix without seeing her. Since her illness, which was genuine, she has been incommunicado to the press.

The picture is presold by the biggest magazine splash in recent memory. Besides, you don't have to publicize Monroe. She seems to have an uncommon knack for attracting the headlines, no matter what she does.

According to various of her buffers, Marilyn will be leaving for New York as soon as she finishes up her work in the picture. She is working on dubbing this week, and that should end her chores. She plans to leave for London around July 15 to begin her project with Sir Laurence Olivier, "The Sleeping Prince."

"What a combination!" rhapsodized a publicity man. "And you know how excitable the British press can be. I can see the headlines already. Wow!"

Wow, indeed. Little Norma Jean Baker has come a long, long way.

Political Meeting Has Explosive Issue

ANDERSON, S.C. (AP) — Andres Wood, 36, pleaded guilty here to a charge of malicious mischief growing out of the explosion of two sticks of dynamite at a political meeting.

Nobody was hurt.

He paid a $100 fine after saying:

"I did it just to liven up the meeting. I can't even vote because I've been convicted of grand larceny."

He said he learned to use dynamite while working with a road crew as a prisoner.

THE PRICE OF VICTORY— Surrounded by graves of more than 4,000 men killed in bloody World War II battle, foundations for the Cassino War Memorial take shape around the cross monument at left. In the background, topped by the rebuilt Benedictine monastary is famed Monte Casino, key position in the Allies' drive on Rome. Amid the rebuilt village of Cassino at the mountain's foot stand ruins of several buildings smashed in thefighting. The war memorial will consist of formal garden surrounded by 12 marble pillars bearing names of the battle's dead.

National And State Leaders Pay Tribute To Jesse Jones

By The Associated Press

National and state leaders paid great tribute to Jesse H. Jones, in commenting on the death of the 82-year-old Houston financier and former U.S. Cabinet member Friday night.

Numerous newspapers expressed regret in their editorial columns.

"Jesse H. Jones' life is a record of extraordinary achievement both as private citizen and public official," said President Eisenhower in a statement. "He will be long remembered as one of the great builders and philanthropists of the South and as a loyal and effective public servant of the nation."

"I am sorry to hear of his death," said former President Harry S. Truman. "I knew Mr. Jones well and liked him very much. He did an outstanding job as head of the Reconstruction Finance Corp."

"Jesse Jones was a great American," said former President Herbert Hoover. "He gave nearly a quarter of a century to public service. He was so devoted and objective that he was appointed to high responsibilities in both Republican and Democratic administratons. I greatly grieve the loss of a personal friend of so many years."

"In the passing of Jesse H. Jones, America has lost one of its greatest citizens," said former Vice President John Nance Garner.

Vice President Nixon said in a statement:

"From conditions of poverty he rose to be one of the truly powerful men of this country. His lending of 50 billion dollars when he was chairman of the Reconstruction Finance Corporation without a breath of scandal is an epitaph in itself."

Other comment included:

Fort Worth Star-Telegram editorial: "Texas has lost a loyal Texan. Houston a staunch Houstonian and the nation a devoted citizen. He had an exceptional awareness of the stream of history. Upon the record of the first half the 20th Century he left his imprint."

Dallas Times Herald editorial: "Texas and the nation have lost a great man and a great American. . . . His civic pride and his unstinting effort to make Houston a greater city and America a greater country are an inspiration to all of us."

Secretary of Treasury Humphrey, statement: "Mr. Jones served his country well in positions of great trust in both public and private life. It was a real honor for me to have had him as a personal friend."

Former Vice President Henry Wallace, statement: "Jesse Jones wielded greater power for a longer period than any human being in the history of the United States. No man so assidiously and successfully cultivated the good will of Congress. His philantrophies in Houston will long be remembered."

Funeral Rites Held For Carol Sue Floyd

Funeral services were held at 4 p.m. Saturday for Carol Sue Floyd, four month old daughter of Mr. and Mrs. M. B. Floyd, 1412 Avenue S. The infant died at 1:15 p.m. Friday in their home.

The rites were held in the First Baptist Church with the Rev. G. M. Cole officiating.

Survivors are her parents, four sisters, Wilma Jean Petty, Bobbie Jo Floyd, Shirley Mae Floyd and Melba Marie Floyd all of Snyder; six brothers, Wayne of Big Lake, Wesley, Leslie, Warren, Sherman and Marion Floyd all of Snyder.

Burial was in the Snyder Cemetery under the direction of Bolger Funeral Home.

Educational Board Meets In Amarillo

AMARILLO, June 8 (AP) — The State Educational Board met here today and bought $1,110,850 in four bond issues from Texas school districts.

Purchased was a $20,850 issue from the Delta County Consolidated School District No. 3 with a yield of 4 per cent; $50,000 issued by the Spearman Independent School District with a yield of 3.10; McAllen Independent School District, 1 million dollars, 3.261 per cent, and Taylor County School District $40,000, 3.5 per cent.

The board reported that the purchases left a net balance of $379,000 in its fund for investment. June income was expected to total about 1½ million dollars.

The board approved an operating budget of $1,951,000 for the Texas Educational Agency, $775,000 for the School for the Deaf and $349,000 for the School for the Blind.

Action was defered on the proposed budget of the Vocational Rehabilitation Agency until the July meeting. Board members said they wanted to study the wide differences in the cost of rehabilitation in some areas compared to other areas. One proposal questioned was a budget of $30,000 for seven counties of the Brownwood area with 64 active cases, compared to a $36,000 budget for 20 counties in the Amarillo area with 224 active cases.

The board accepted grants made to the School for the Blind in the will of Mrs. Lily T. Brown of Sherman, who was killed in a 1953 automobile accident. The grant included about $12,000 in cash and bonds, plus oil royalties of about $3,000 yearly.

Construction Picking Up

AUSTIN, June 2 (AP)—Construction in Texas through the first four months of 1956 is running 36 per cent ahead of the same period in 1955, the Bureau of Business Research said today.

Contracts awarded during January to April totaled 656 million dollars, compared to 496 million during the same months last year.

The major portion of the contracts, 462 million dollars, involved private funds with residential buildings cost 277 million and other buildings 181 million. The remaining 4 million dollars were private funds for public works and utilities.

State highway projects, not counting toll roads, during the fiscal year are expected to top any year in Texas history, the University of Texas bureau said.

With 210,300,000 expected to be spent for construction and maintenance of roads, Texas has the second highest state appropriation in the nation.

Together with the $94,70,000 expected to be spent on toll roads, Texas would surpass the No. 1 road expansion program of Ohio, whose $229,500,000 total does not include toll roads. None are being built in Ohio, the bureau said.

At the present time, Texas has 829 highway jobs underway. This covers more than 5,500 miles at a total cost of 164 million dollars with more than half of the projects in early stages of construction. Projects more than half finished total 389.

Although total construction is up, homebuilding is beginning to dip. A cutback in one-family houses during April, brought a 14 per cent tumble from March building and was 9 per cent down from the average 1955 month.

Nonresidential construction during April was above March authorization. Factories and workshops were 127 per cent above March and amusement buildings set the pace with a 53 per cent increase.

The bureau said per capita building authorized in the state during April was $18.06, the lowest since the December, 1955, average of $14.42.

A major question in the building industry remains: the veterans' home loan. More than 850,000 Korean and World War II Texas veterans still have their loan rights intact and unused, hte bureau said.

The VA loan restrictions, such as loans in direct ratio to their incomes, are causing most veterans to arrange loans from other sources for houses priced beyond the limits of the GI provisions. But a bright spot remains with plans aimed at stopping shoddy building practices under the GI home loan program, the bureau said.

In employment, construction work is predicted to set the largest gain for Texas. New jobs in March were only the forerunner of a similar additional number scheduled for May, the Texas Employment Commission said.

Police Convention

FORT WORTH, June 2 (AP)—The 57th annual convention of the Texas Police Assn. will be held here June 10-13.

STILL THE IRISH CHOICE— "Miss Ireland" contestant in the "Miss Europe" beauty contest, is shown at a dance in Stockholf, Sweden. Some enterprising quizzers in the Swedish capital where the contest is held discovered Phyllis is really Mrs. Phyllis Class, 22, of Dublin, the Class The Swedish representative of the European round in the "Miss Universe" contest commented: "The Irish have made their choice and that they have elected a Mrs. Ireland is none of our concern. We bid her just as welcome as the others." (AP Wirephoto)

AGRICULTURE

Soil Bank Program Is Still Tied With USDA Paperwork

By OVID A. MARTIN

WASHINGTON, June 2 (AP) — There are signs that President Eisenhower's approval of the new farm bill largely caught the Agriculture Department unprepared to put the soil bank into effect this year.

The President signed the bill, with its $1,200,000,000 annual soil bank program Monday. Secretary of Agriculture Benson outlined in a general way Thursday how it would work on 1956 crops.

But department officials said today it may be another 10 days or two weeks before the agency's local agricultural adustment and Conservation Committee will be able to tell individual farmers whether they are qualified for the program.

They said top oficials had not yet decided on regulations defining eligibility because of a conflict of views.

The department had done much work on the soil bank—a system of paying farmers to take land out of the production of surplus crops. But that work was done on the assumption that the plan would be offered before the spring planting season.

As it turned out, final congressional action on a bill acceptable to the administration came late in the season, and not without administration criticism of what it called congressional delays.

Offering the soil bank after crops had been planted posed problems not contemplated earlier, officials explained.

Benson told a news conference Thursday that farmers "in areas where crops are not too far advanced will be able to earn (soil bank) payments in connection with 1956 crops of corn, wheat, cotton, peanuts, rice and tobacco.

This was interpreted at the conference — and without contradiction from Benson—as meaning that farmers would be permitted to plow under immature crops regardless of their condition and get soil bank payments.

Department officials said later, however, that this was not necessarily correct. They said some top officials oppose payments on land which was already destined to crop failure or near failure because of bad weather or other conditions.

Making payments on land where crops were poor, some officials argued, would violate the intent of the soil bank, which is to obtain a cut in production for every dollar spent. Such payments, they said, would be drought relief, or poor crop relief, because nature had already reduced production on the acreage.

On the other hand some officials —backed by farm state congressmen—want the payments offered to distressed farmers as a means of tiding them over.

Benson was described as siding with the group that would bar payments except in cases where they would result in an actual cut in production.

Until this issue is settled, it will not be possible to draw regulations for use of local farmer committes in determining soil bank eligibility.

Under consideration is a proposal that drought-plagued farmers be admitted to the program, but at lower rates of payment than are offered to other farmers.

Farm Prices Rise During Five Months

WASHINGTON (AP)—The prices of farm products, jumping 8 per cent in the last five months, have recovered to their levels of a year ago.

A 3 per cent increase between mid-April and mid-May—the largest for a single month in a long time—was reported yesterday by the Agriculture Department.

Farm price levels took on major political significance as they declined steadily last year. Democrats criticized the Eisenhower administration's farm policies and predicted Democratic victories in the Farm Belt as a result. Republicans have watched happily the price increases this year.

The mid-May price level still was 22 per cent below the high point reached in February 1951, when the Korean War sent prices up sharply.

There was no indication whether the increase this year will continue. Farm prices normally rise during the winter and late spring and tend to drop off as new crops are harvested.

Much of the last month's gain in prices came from a 6 per cent increase in prices of meat animals. Officials said indications are that livestock prices will average higher this year than last because of a cut in production, especially in hogs.

While farmers' prices were rising 3 per cent during the month, the department said, their costs increased about three fourths of 1 per cent.

President Of Aircraft Firm Injured In Crash

KERRVILLE, Tex., June 2 (AP)—Hal F. Rachal, 44, president of the Mooney Aircraft Manufacturing Co. here and a Midland attorney, was seriously injured yesterday when his private plane crashed on the Circle E Ranch near here.

Hospital attendants said today Rachal suffered a fractured skull but had a "good night."

Rachel communtes each week end between Midland and here.

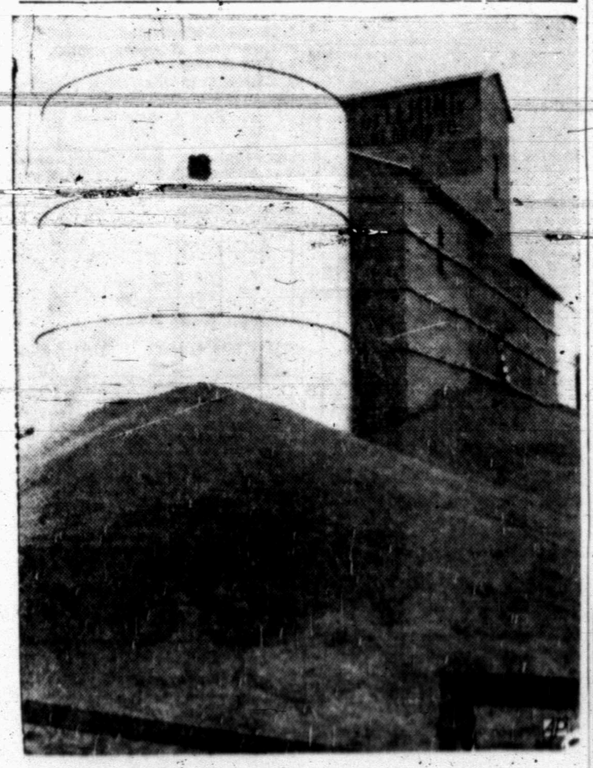
His plane apparently had an engine failure yesterday and he tried to land in an open field on the ranch but overshot and went through a fence into a stone gate post.

He was flying a Mooney Mark 20, four-place plane, made at his plant here.

Webb AF Base Seeks Recreation Assistant

The U. S. Civil Service Commission has announced examinations to fill the post of recreation assistant (sports) at Webb Air Force Base in Big Spring. Pay for such a positon rages from $3,175 to $3,685 per year.

Additional information and applications for the examination may be obtained at the Post Office, or from the executive secretary, Webb AFB, Big Spring.



WHEAT OVEFLOW— Spilling out of the Harlin Mills Grain Co. elevators at Burkburnett are some 75,000 bushels of new wheat worth $144,750. When his elevators filled, Mills chopped holes in the walls and allowed the grain to pour onto the ground. Wheat in the area is averaging from 10 to 40 bushels per acre. Mills called it "the best I've ever seen."

Higher Milk Prices May Cause Big Fight In Dairy Industry

By OVID A. MARTIN
Associated Press Farm Reporter

WASHINGTON, June 2 (AP) — Americans face the prospect of higher year - around prices for milk. But if the increases come, it will not be without a fight within the dairy industry itself.

In many urban areas consumers already are paying from one-half to two cents a quart more for their milk than they had been scheduled to pay this spring and summer.

Acting under threats of producer strikes in many milk marketing areas, the Agriculture Dpartment recently set aside normal seasonal declines in producer prices which had been scheddled to take place under federal milk marketing orders.

These orders, which generally set the pattern for most fluid milk markets of the country, are designed to stabilize supplies and prices in the regulated areas. The department sets minimum prices which milk distributors must pay dairymen. But it does not set retail prices.

The milk orders have followed the principle that prices should decrease during the spring and summer season of heavy production and shoud increase during the fall and winter when production falls off.

The lower prices in spring and summer are designed to encourage greater consumption, while the higher prices later in the year are intended to encourage dairymen to produce more.

In suspending the normal spring summer price decline the department departed from this pattern. The question now is whether the department will return to it when fall arrives.

The department's action has brought sharp criticism from a big dairy group — the Joint Committee of the National Creameries Assn. and the American Butter Institute.

This committee reflects the viewpoint of dairymen who for one reason or another do not have access to the city fluid milk markets. They must depend on manufacturers of butter, cheese, dried milk, ice cream and similar products for an outlet. These markets offer much lower prices than others.

In a letter to Secretary of Agriculture Benson just made public, the committee — through Otie M. Reed, its Washington representative — said the department's action in suspending the seasonal price declines threatened to bring new troubles to the dairy industry.

Reed said that in setting fluid milk prices at "arbitrarily high" levels, the department would stimulate production in the fluid marketing areas beyond consumer needs. Surplus milk produced in these areas would be diverted, he said, into the production of dairy products which would compete with products made from milk supplied by dairymen denied access to the higher-priced fluid markets.

In fact, he said, this action would increase surpluses of butter and cheese which the government would be obligated to buy under its dairy price support program.

In indicating that the committee will fight for a departmental return to the pricing pattern used in the past for fluid milk, Reed struck at the reasons for departing from it.

He said the department should not have bowed to the threat of dairy strikes.

"This is not to say," he said, "that the department should try to forbid strikes. On the contrary it should have nothing to do with them, either to forbid them or to try to outmaneuver the striking elements by juggling the price structure under its orders."

Billy Don Burk To Get Medical Degre

Billy Don Burk of Snyder is among the 100 medical students who will receive doctor of medicine degrees tomorrow night in commencement exercises at the University of Texas Southwestern Medical School.

Burk is the son of the late Mr. and Mrs. G. R. Burk of Snyder. He is a 1947 graduate of Snyder High School, where he was active in football.

He is a 1950 pre - medical graduate of McMurry College. At Southwestern, he was elected a member of Theta Kappa Psi medical fraternity.

Burk was married in 1954 to Nancy Wagoner of Wichita Falls.

Experts estimate that about 30 per cent of U. S. farms are part-time or residential farms.

Rainfall In May Totals 2.5

Rainfall here in May was below the average, but what did fall seemed to come at the right time.

So far, farm crops in this area are in fair shape, most of the farms having good stands of cotton and sorghum. Whether the weather will allow the farms to keep their crops is yet to be seen.

Last year, prospects were good until the latter part of the summer, when the rains slowed down.

The total rainfall here in May in Snyder was 2.50. This brought the total for the year to 5.77. Other monthly totals were .19 in January, .11 in February, none in March, and 2.97 in April.

The 45-year annual rainfall for May now stands at 3.21. The mostrai nfall during May during these 4 years was 7.37 in 1950, while the least was .65 in 1934.

Average for hte year is now 20.19

Annual rainfall totals during the last 45 years have ranged from 3.19 in 1917 to 35.82 in 1932.

This year's total rainfall of 5.77 so far is below last year's 7.45, but nearly all that last year, 6.21, fell in May. By this time in 1954, the total was 6.91, while it was 4.21 in 1953, 4.89 in 1952, and 3.39 in 1951.

Farmers are hoping for at least average rainfall here during June, The June average is a low 2.23. The month has had everything from no rain in 1952 to 7.05 in 1921. Last June's rainfall was 1.40.

Chiropractors Meet

TYLER, Tex., June 2 (AP)—Dr. R. S. Florence of Tyler, general chairman for the 41st annual convention of the Texas State Chiropractic Assn., said today that between 400 and 500 delegates were expected here for the 3-day convention to open Thursday.

State Sailor Is Found Shot

NEWHALL, Calif., June 2 (AP)—A Navy sailor stationed at Orange, Tex., was found lying near a canyon road last night with a gunshot wound near the heart. Sheriff's deputies quoted him as saying he had been shot by a motorist from whom he hitched a ride.

Jacob Joseph Orre, 25, Los Angeles, was taken to Los Angeles County General Hospital in critical condition.

A U.S. forest ranger heard his cries for help and found him lying 100 feet off the road. Orre described the driver as middle-aged and of medium height.

Officers quoted the sailor as saying he opened his duffle bag to obtain a cigarette and that his automatic pistol fell out. The man seized the pistol, stopped the car, marched him off the road and shot him, Orre related.

Officers said the motive apparently was robbery because $350 cash which Orre said he was carrying was missing.

The sailor's mother, Mrs. Thelma Orre, Los Angeles, told deputies her son arrived home at 3 a.m. yesterday. He told her his outfit was leaving for the Aleutian Islands and that he had to return almost immediately, she said.

Auto accidents took 38,500 U. S. lives in 1955.

AN INVITATION

We like to feel that we render an indispensable health service to this community. Aside from the many hundreds of drugs and medicines in stock awaiting the needs of the ill, we carry numerous sickroom and related supplies. Among these are gauze bandages, sterile cotton, adhesive tape, hot-water bottles, urinals, bedpans, ice bags, fever thermometers, and a host of other items. We offer complete drug service. Let us be your family pharmacists.

IT'S SWITCHCRAFT — that's what it is!

You'll see when you try Buick's new Variable Pitch Dynaflow!

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick—with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time—with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. *Complete* freedom from the "bump" and lag of gears shifting. Only with Dynaflow can you go winging away with so smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflow's newest marvel. It's something the engineers call "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure—you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see—and feel—the difference they make? You'll soon know why owners find it's the best Buick yet—and the best buy yet, by far.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Money For Med School

AUSTIN, June 2 (AP)—The Board of Regents of the University of Texas says the major portion of a half million dollar gragt from the William Buchanan Foundation will be used at Southwestern Medical School at Dallas.

The board accepted the grant from the Texarkana foundation yesterday.

Research and study of tuberculosis and related diseases in children will be continued with $38,000. The remainder is to be allocated for "training programs, postgraduate programs, teaching programs, fellowship and scholarship programs and research in medicine, public health, sanqitation, nursing, and related medical fields."

Youth Unemployment

VIENNA, Austria, June 2 (AP)—Hungary is worried about "youth unemployment." Newspapers report 30,000 Hungarians between 14 and 16 are idle because there are on opening at high scools or trade schools. Laws prevent their employment in factories.

Austria was freed in 1955 from 17 years of foreign occupation, first by the Germans and then by the four Allied powers.

PILOT FOUND IN ARCTIC—Lost 12 days near the Arctic circle, Carl C. Crossley, 60-year-old veteran bush pilot from Toronto stands beside his tent on a tiny cake of ice floating in the north end of Hudson Bay, 1,075 miles north of Winnipeg, Canada, while this picture is taken from an RCAF search plane. The round object is a balloon antenna for an emergency radio. Crossley disappeared May 19 while flying a Norseman aircraft. He was reported in "good shape" after his rescue.

Role Of Labor To Be Planned

WASHINGTON, June 2 (AP)—Leaders of the 15 million member combined AFL-CIO labor movement meet next week to take stock six months after their merger and plan organized labor's 1956 political role.

The union chiefs will dedicate a new four million dollar headquarters building Monday and then spend the rest of the week on political and organizing plans and ironing out feuds which have continued under the merger.

Both George Meany, AFL-CIO president, and Walter Reuther, former CIO chief now an AFL-CIO vice president, have hinted that the AFL-CIO may remain neutral this year as between the rival presidential nominees. Both the separate AFL and CIO endorsed Adlai Stevenson against Eisenhower in 1952.

The AFL-CIO chiefs have decided in any event to wait until after the Democratic and Republican party conventions before taking any position in the presidential race.

They plan, however, to make the biggest vote drive in labor's political history to elect a Congress considered favorable to union labor views.

Major emphasis in next week's meting will be on talying up the progress in making the AFL-CIO merger work and laying plans to improve the alliance of 140 separate labor unions.

Oil Completion In Oklahoma Up By 16

OKLAHOMA CITY (AP)—Oil completions by Oklahoma operators rose by 16 above last week with operators currently adding 176 wells against 160 before, according to a survey by Research Oil Reports.

Oilers increased by 13 to number 116, dry holes remained unchanged at 45, gas wells increased by four to nine, and service wells slipped by one to total four. Locations declined from 176 to 140.

Snyder Radiator Has Seventh Anniversary

Snyder Radiator Service, located at 1105 Avenue T, is observing its seventh anniversary.

It was on June 1, 1949, that Frank D. Stephenson established the firm, and he has continued to operate it continuously during the intervening seven years.

During this period, the firm has expanded its services to keep abreast of the times and to enable it to provide the wide variety of services demanded in this area, ranging from radiators for big oilfield engines to the smallest radiators in use.

The Snyder Radiator Service is the oldest business firm in Snyder which provides service for radiators exclusively.

Unmated king penquins sometimes steal eggs and hatch them, says the National Geographic Society.

CLARENCE WADE

LEGAL NOTICE

THE STATE OF TEXAS
TO: JENNIE LEE DENSON
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of June, A.D., 1956, at or before 10 o'clock A.M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 27th day of April, 1956.

The file number of said suit being No. 6923.

The names of the parties in said suit are:

Wayne Denson as Plaintiff, and Jennie Lee Denson as Defendant.

The nature of said suit being substantially as follows, to wit:

Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 12th day of May A.D., 1956.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 12th day of May A.D. 1956.

SEAL

(s) Eunice Weathersbee,
Clerk, District Court Scurry County, Texas.

THANKS

CARD OF THANKS A-3

CARD OF THANKS

We take this means to express our sincere thanks to our many friends who were so kind to us in our darkest hour of sorrow, when our dear loved one was called away. We deeply appreciate the kind words and beautiful flowers that were sent, also the food that was prepared. May you have just such friends if such sorrow ever visits your home. May Heaven's richest blessing fall on each of you.

The Walter Holmes family.
