Nationalists Denounce Red China Truce

Yanks Crush Braves, 7-0

NEW YORK (AP) — The New York Yankees knocked their nemesis, Lew Burdette, out of the box today and crushed the Milwaukee Braves in the crucial fifth game of the 1958 World Series 7-0.

NEW YORK (AP) — Play-by-play of the fifth game of the 1958 World Series:

FIRST INNING

BRAVES: Bruton walked. Schoendienst laid down a sacrifice bunt and was out, Skowron to McDougald. Mathews flied to Bauer. Aaron flied to Mantle.

No runs, no hits, no errors, one left.

YANKEES: Bauer struck out. Lumpe flied to Bruton. Mantle fanned.

No runs, no hits, no errors, none left.

SECOND INNING

BRAVES: Covington flied to Mantle. Torre walked. Crandall was called out on strikes. So was Logan.

No runs, no hits, no errors, one left.

YANKEES: Torre made a sprawling stop of Berra's grounder and threw him out, Burdette covering first. Howard flied to Aaron. Logan threw out Skowron.

No runs, no hits, no errors, none left.

THIRD INNING

BRAVES: Burdette struck out. Bruton also fanned. Schoendienst singled for the first hit of the game. Mathews was called out on strikes.

No runs, one hit, no errors, one left.

YANKEES: Mcdougald hit a home run, the first hit off Burdette. Kubek struck out. Schoendienst tossed out Turley. Bauer grounded out to Logan.

One run, one hit, no errors, none left.

FOURTH INNING

BRAVES: Aaron flied to Howard. Covington looked at a third strike. Torre grounded to Skowron unassisted.

No runs, no hits, no errors, none left.

YANKEES: Lumpe singled. Mantle also singled, Lumpe stopping at second. Berra grounded to Mathews who forced Lumpe at third and threw to first to double up Berra, Mantle taking second. Howard flied to Bruton.

No runs, two hits, no errors, one left.

FIFTH INNING

BRAVES: Lumpe threw out Crandall. Logan fanned. Burdette flied to Howard.

No runs, no hits, no errors, none left.

YANKEES: Skowron flied to Covington. Mathews threw out McDougald. Kubek singled. Logan threw out Turley.

No runs, one hit, no errors, one left.

SIXTH INNING

BRAVES: Bruton singled. Howard made a spectacular catch of Schoendienst's fly and doubled up Bruton who had rounded second. Mathews singled. Aaron struck out.

No runs, two hits, no errors, one left.

YANKEES: Bauer singled. Lumpe struck out. Mantle singled, Bauer racing to third. Berra doubled, scoring Bauer and sending Mantle to third. Howard was given an intentional pass, Skowron singled, scoring Mantle. Pizarro replaced Burdette. McDougald doubled, scoring Berra and Howard as Skowron stopped at third. Kubek struck out. Turley singled, scoring Skowron and McDougald. Turley took second on a wild pitch. Bauer struck out.

Six runs, six hits, no errors, one left.

SEVENTH INNING

BRAVES: Covington fanned. Torre grounded out to Skowron. Crandall walked. Logan flied to Bauer.

No runs, no hits, no errors, one left.

YANKEES: Pizarro tossed out Richardson. Mantle walked. Berra rolled out, Mantle taking second. Howard looked at a third strike.

No runs, no hits, no rrors, one left.

EIGHTH INNING

BRAVES: Hanebrink batted for Pizarro and fouled to Berra. Bruton singled. Schoendienst popped to Kubek. Richardson threw out Mathews.

No runs, one hit, no errors, one left.

YANKEES: Willey went to the mound for the Braves. Skowron struck out. McDougald also fanned. Kubek flied to Covington.

No runs, no hits, no errors, none left.

NINTH INNING

BRAVES: Aaron struck out. Covington singled. Wise ran for Covington. Torre popped to McDougald. Crandall forced Wise, Kubek to McDougald.

No runs, one hit, no errors, one left.

Lubbock Man Killed When Hit By Auto

A Lubbock man was killed last night on U. S. Highway 84 south of Post when he stepped onto the highway into the path of a car driven by a Snyder youth.

Ronnie Smith, 19-year-old Texas Tech student and former Snyder High School quarterback, was the driver of the 1952 Chevrolet sedan which struck Clarence E. Petty, about 50, owner of the Petty Auto Service in Lubbock.

Petty was returning to Lubbock from a hunting trip. With him was W. N. Phillips of Lubbock.

They had stopped beside the highway in their pickup at a point about 10 miles south of Post, and Petty was hunting a rattlesnake which had crawled onto the highway in front of his pickup.

Phillips told highway patrolmen he stayed in the pickup and played a spotlight on the pavement while Petty looked for the snake. Patrolmen said the pickup was parked beside the highway as Smith approached in his car from the rear.

Smith said he was returning to Lubbock after visiting his family here. He is the son of Mr. and Mrs. Robert L. Smith, 3205 Fortieth Street.

Smith said he saw the light on the pavement and moved into the inside lane of the divided four-lane highway to make sure he did not hit anyone who might be standing beside the vehicle.

Petty was in the path of the car, however, and the Smith car struck Petty, throwing his body into the windshield and then onto the top, where officers found a large dent in the car. The body then fell from the top of the car and either rolled or was dragged about 80 feet down the pavement.

Petty was dead by the time a physician reached the scene.

The body is at Mason Funeral Home in Post, where funeral arrangements are pending.

Smith was shocked but not injured by the accident.

Storm Janice Building Up

MIAMI (AP) — Tropical storm Janice was building up toward hurricane force today and the Weather Bureau alerted the whole South Atlantic coast to watch closely for developments.

At 11 a.m. EST, top winds in the fast-moving storm were up to 65 miles an hour, only 10 short of hurricane strength.

The storm was then centered only 190 miles southeast of Miami.

"The strong area of high pressure moving eastward north of the storm renders the movement of the storm during the next 24 to 36 hours rather uncertain, therefore interests along the South Atlantic coast should keep in close touch with future advises," the Weather Bureau advisory said.

U. N. Debate Shaping Up On Test Ban

By WILLIAM N. OATIS

UNITED NATIONS, N. Y. (AP) —A debate on terms and timing of any general suspension of nuclear weapon tests is shaping up in the U. N. Assembly.

India and the Soviet Union have introduced resolutions under which the Assembly would call on the nuclear powers to stop such tests immediately.

But Britain and the United States have offered to stop tests only on Oct. 31, when they are to start talks with the Soviet Union in Geneva about an agreement for controlled suspension of the test explosions. The talks were arranged after Communist and Western scientists agreed in Geneva Aug. 21 that it was technically feasible to establish a control system that would detect violations of a ban on tests.

The Soviet and Indian resolutions will be taken up first in the Assembly's Political Committee, which begins work Wednesday. Disarmament debate in the committee and in the Assembly may finish before the Geneva talks begin.

Both proposals say continued testing increases the hazards of atomic radiation and the spread of nuclear weapons capable of annihilation.

The Indian resolution proposes that the Assembly (1) call for immediate suspension of the testing of atomic and hydrogen weapons pending an agreement at Geneva; (2) urge the Big Three to reach such an agreement urgently and report it back so the Assembly can extend the ban to other countries, and (3) ask other countries not to start tests meanwhile.

The vaguer Soviet resolution would have the Assembly (1) call upon all countries now holding nuclear tests to discontinue them immediately; (2) recommend that the nuclear powers negotiate "an appropriate agreement among themselves," and (3) ask all countries to adhere to that agreement.

SEVEN DIE IN HOME FIRE—An unemployed coal miner, his wife and five of their seven children perished in their home at Indiana, Pa., after kerosene being put into a coal stove exploded and touched off a raging fire. White shrouds cover the bodies of the victims.

Pope Suffers Stroke Today

CASTEL GANDOLFO, Italy (AP)—Pope Pius XII suffered a stroke today. The life of the 82-year-old pontiff hung in the balance at his summer residence here.

"All is in the hands of God," a physician reported from his bedside.

The Pope's great stamina, which brought him through a grave illness in 1954, asserted itself again.

Msgr. Angelo dell'Acqua, substitute secretary of state, visited the Pope a few hours after the stroke and reported a slight improvement in his condition. He emphasized, however, that his condition continued grave.

Informants at the press office in Vatican City said Extreme Unction, the church's last rites for the dying, had been given the Pope. Here at Castel Gandolfo Msgr. dell'Acqua said that to his knowledge Extreme Unction had not been given.

"All is in the hands of God."

The Pope weakened suddenly during the night after showing improvement from an attack of gastritis, complicated by hiccups. The hiccups that had bothered him for several days vanished.

Then at 8:30 a.m. he suffered a circulatory cerebral attack, a bulletin from his physicians reported.

Unofficial sources said the Pope was paralyzed and could not be moved from his summer palace to Vatican City, where facilities for treatment are better.

Dr. Antonio Basbarrini, a specialist from Bologna, was called to the Pope's bedside. This underscored the gravity of the condition of the spiritual ruler of nearly half a billion Catholics.

At about noon, according to unofficial reports, the Pope roused briefly from his coma, opened his eyes and murmured a few words.

The pontiff's immediate family, including his nephews and nieces, were ushered to an antechamber of the pontiff's bedroom.

This was the second serious illness in four years for the pontiff.

News of the latest illness came in the 19th year of the Pope's reign. It halted all administrative activity of the church at the Vatican.

Vatican sources said death might come swiftly or the condition could continue for a long time. In the event of long incapacity, cardinals of the church stationed in Rome would take over many of the duties.

The Pope became ill after carrying on a heavy load of work and daily audiences at this summer residence outside Rome.

Four years ago he was forced to a long confinement after recovering from a grave illness.

Decision Due On School Lease Ban

ST. LOUIS (AP) — The U.S. Circuit Court of Appeals took under advisement today a request for a permanent ban against transforming Little Rock high schools into private, all-white institutions.

Later, the clerk of the court said the court's decision would be announced at 2 p.m. (EST) today.

A hearing on a request by the National Assn. for the Advancement of Colored People (NAACP) for an injunction lasted only about one hour.

A government attorney said a temporary restraining order against leasing of the Little Rock school buildings to a private corporation will remain in effect until the appeals court rules.

The NAACP asked for an injunction against leasing the public school buildings at Little Rock or, as an alternative, an order requiring the operation of any private school plan on an integrated basis.

The hearing moved along rapidly, each attorney taking only 10 minutes or less to argue his points.

The government entered the case as a friend of the court, supporting the NAACP.

The hearing was before Judges M. C. Matthes, Harvey M. Johnsen and Joseph W. Woodrough. Judges Johnsen and Woodrough, sitting at Omaha last Monday, issued a temporary restraining order against leasing of the school buildings.

This is the newest action in the long struggle between the U.S. government, Gov. Orval E. Faubus of Arkansas, and that state's segregationist forces.

In a 25-page brief, U.S. attorneys emphasized two major points:

1. "The persistent and resourceful schemes which have been devised for evading the decrees of the federal courts enforcing those rights" (to go to public school).

2. "Little Rock has become the testing ground of the rule of law and the capacity of the judicial process to give real meaning and effect to constitutional rights."

They said if Central High in Little Rock is allowed to reopen on a segregated basis, "the harmful effects both to the children and to the country could in no way be undone by the courts."

Clinton School To Resume Classes Following Blast

By BILL RAWLINS

CLINTON, Tenn. (AP) The principal of integrated Clinton High School, which was wrecked Sunday by three bombs expertly set off in early morning fog, said today classes will be resumed Tuesday.

W. D. Human said classes will be held in the undamaged gymnasium, the National Gurad Armory and church school facilities until Thursday. After that, he added, the entire student body of 850 white and 11 Negro pupils will be transported by bus to a vacant school building in nearby Oak Ridge.

Eight Negro girls, five of them walking from their homes here and three others arriving from rural areas by bus, were seen entering the gymnasium for today's student assembly.

Officials tentatively estimated damage to the bombed building at $300,000. The rambling brick structure was built in 1927. Sixteen of its 20 classrooms were reduced to rubble by the explosions.

Clinton, a town of 4,000 population, is 20 miles northwest of Knoxville.

Five Anderson County officials flew to Nashville Sunday to confer with Gov. Frank Clement, who promised them the fullest state aid in continuing classes and solving the bombing.

Agents of the Tennessee Bureau of Identification and the FBI arrived in Clinton to investigate. Two bits of spent fuse were picked up for laboratory tests, but no other clues were reported.

Clinton police, who could see nothing through the predawn fog at the school across the street from the police station, said the blasts went off with precise three-minute timing at 4:21, 4:24 and 4:27 a. m.

The explosives were placed within the school. This was in contrast to other recent Southern bombings—Hattie Cotton School in Nashville last September, and Jewish centers in Nashville, Miami and Jacksonville last spring—where the explosives were set outside the buildings or in entranceways.

Walter Bearden, FBI agent from Knoxville, said one blast was set off in the boiler room, demolishing it and an entranceway leading to the separate gymnasium, and wrecking an adjoining science room.

Another charge tore out a wall in the center of the building, wrecked several classrooms and hurled debris into the school auditorium.

The third ripped out another end of the building.

"Whoever did this job knew what he was doing and was out to cause as much damage as he could," said Asst. Police Chief Jesse Braden.

Fear Drugs Cause Spread Of Cancer

By ROBERT GOLDENSTEIN
Associated Press Science Writer

CHICAGO (AP)—A danger signal was flashed today in the widespread search for a chemical cure for cancer. Two researchers contended several drugs under study actually may speed the growth and spread of tumors.

The report was made to the American College of Surgeons by Drs. Tatsuhei Kondo and George E. Moore of the Departments of Surgery, Roswell Park Memorial Institute, Buffalo, N.Y.

If a chemical compound fails to knock out cancer cells and causes an undesirable body reaction, they said, it actually may stimulate the tumor to grow and spread by lowering the patient's normal resistance.

They based this conclusion on animal experiments and observation of patients in the late stages of the disease. Their report said:

"At the present time, most of the anticancer agents being used are toxic (poisonous) and they are ineffective against a majority of tumors; thus, the possibility of deleterious effects such as have been demonstrated experimentally are great. One must conclude that until more effective nontoxic chemotherapeutic agents are found, they must be used more cautiously lest more harm than good result."

The surgeons said they observed the "phenomenon of an apparent stimulation of local tumor growth" in a group of advanced cancer patients treated with TSPA, actinomycin D, nitromin and NH2.

Absentee Voting On Bonds Ends Tuesday

Tomorrow is the last day for absentee voting in the $450,000 county hospital bond election scheduled for Saturday here.

Those who are ill or those planning to be out of town Saturday can secure absentee ballots. Only qualified voters who have property rendered for county taxation can vote in the election.

Through tomorrow, absentee voters can vote in the county clerk's office or have ballots mailed out after making application through the county clerk. Ballots mailed out must reach Dan Cotton, county clerk, by 2 p.m. Saturday to be counted.

The bond election is for proposed addition and improvements at the hospital, including a two-story wing which would house 40 beds.

Lull Before Storm Seen

TAIPEI (Tuesday) (AP) — Nationalist China today denounced the Communist proclaimed seven-day truce in Formosa Strait.

The guns were silent and the Nationalists reported record amounts of supplies were poured, under American escort, into the hitherto-blockaded offshore islands.

But government spokesman Sampson Shen called the Communist cease-fire a "diabolical peace offensive" and "a lull before a new storm."

He also declared the Nationalists were standing firm against a Communist call for direct negotiations with the Reds to settle the current 45-day-old crisis.

Peiping announced a seven-day cease-fire, effective last midnight, on the condition that the United States stop escorting Nationalist Chinese convoys to the embattled island.

The cease-fire order was coupled with a call to Nationalist President Chiang Kai-shek to negotiate directly on a settlement over Formosa and the offshore islands.

Chaing, in an interview with Cecil Brown of NBC, rejected any such direct negotiations with the Communists. He said the Peiping announcement was a "trick and deception," and he hoped the United States would continue to escort Nationalist supply convoys with its 7th Fleet warships.

Sampson Shen, Chiang's Information director, declared the purpose of Peiping's order was to create a split between Taipei and Washington—and a split appeared to have been the result in the first reaction of officials in the two capitals.

Shen declared the Nationalists distrusted the Communist cease-fire and would ignore it. He said there would be no withdrawal of the Nationalist request for American escorts.

Washington officials, however, privately expressed their delight even at the limited and conditional cease-fire. Washington reports said a rejection of Peiping's announcement was out of the question. These reports pointed out that with a cease-fire the reason for American escorts ceased to exist.

Both President Eisenhower and Secretary of State Dulles have emphasized the central policy of getting a cease-fire in Formosa Strait and of not bowing to force.

In Washington, a link was seen between Peiping's order and a sharp statement by Soviet Premier Khrushchev Sunday declaring the Soviet Union would not be drawn into an all-Chinese war on the side of Red China unless the United States attacked the Communist regime. As Washington saw it, Khrushchev was tugging Peiping back from the brink.

Chamber Directors Meet Here Tonight

The Chamber of Commerce board of directors will hold its monthly meeting at 7 o'clock tonight.

The meeting will be held in the chamber office.

The board will hear regular committee reports at the meeting.

Cloudy Skies Cover State

By The Associated Press

Cloudy skies and mild temperatures prevailed over most of Texas Monday. Early morning fog reduced visibility in a number of areas.

The U.S. Weather Bureau said no major changes were expected through Tuesday. No rain was forecast.

Fog was reported on the South Plains and in Central and Southeast Texas.

No overnight rainfall was reported to the U.S. Weather Bureau. Rainfall totals for the 24-hour period ending at 6 p.m. Sunday were El Paso .16 of an inch, Sherman .02, and Mineral Wells .01.

Early morning temperatures ranged from 57 at Dalhart and Texarkana to 75 at the Corpus Christi Naval Air Station.

Maximum readings Sunday afternoon ran from 69 degrees at Dallas to 89 at Presidio.

Atomic Sub Sets Underwater Mark

ABOARD U.S.S. SKYLARK (AP)—The atomic submarine Seawolf surfaced 15 miles south of Block Island at 11:45 a.m. (EDT) today, ending a record 60 days under water.

She foamed to the surface of Long Island Sound in calm seas for her 116-man crew's first contact with the earth's atmosphere since she submerged Aug. 7.

The hatches were open. Two or three men stepped out, breathed deeply and waved.

Nearby another submarine, the Nautilus, was standing by and radioing congratulations.

Among the first to step out for a breath of fresh air was the Seawolf's skipper, Cmdr. Richard B. Laning.

The Seawolf had logged more than 13,700 nautical miles in the ocean depths, traveling nonstop with a 200-mile radius for the two-month period.

Cmdr. Laning radioed the Navy in advance of his return that he considered "this voyage has proved feasibility of protracted flights in 'inner space.'"

The Seawolf's endurers of the deep far surpassed all previous submergence records. The previous one—31 days, 5½ hours—was posted last May by her sister nuclear submarine, The Skate.

This auxiliary submarine rescue vessel Skylark, loaded with newsmen and photographers, sailed out 40 miles from New London, Conn., to see the historic surfacing in crisp, breezy weather. Several Navy helicopter and a blimp hovered overhead.

The Seawolf's exploit may help to answer such questions as: Can man endure such an extended period without contact with the atmosphere? How long would he do so? Is it practical for a submarine to act as a semipermanent underwater missile launching station? What problems remain to be solved?

The answers could have impact on space travel as well as military planning.

How do men react to their fellows in such circumstances? Psychologists will be interested.

A parade and reception are planned after the welcoming ceremonies today.

The Seawolf is a home town product, put together in Groton at the General Dynamics Corp.'s Electric Boat Division as the nation's second-born nuclear-powered submarine.

After the ceremonies are over and a couple of months pass, the Seawolf has another big date. She goes into drydock in December to change her reactor system to that of pressurized water, like those of other atomic subs. She now uses a liquid sodium system and, endurance record or not, it isn't as effective.

Lamesa Man Found Slain By Gunshot

LAMESA, Tex. (AP)—Willis Collins, 52, a used car salesman, was found shot to death yesterday in an office building. Justice of Peace Jim Edwards ruled today it was death by self-inflicted gunshot wounds.

Collins was sentenced last month in an attempted murder case in which Erperion Vera was wounded. He was free on $2,000 appeal bond.

Rio Grande Rises Slowly In Valley

BROWNSVILLE (AP)—The Rio Grande below Rio Grande City rose slowly today and was near or slightly above flood stage of its natural banks at all points.

The Brownsville Weather Bureau said only minor flooding inside the levees has occurred on the American side so far.

The Rio Grande has been jolted alive below Falcon Reservoir by continued releases for the past two weeks from the giant reservoir to make room for waters coming in from the flood areas upstream.

Releases of 53,000 acre feet per day have been made for the past week but engineers said today this was only about half of the amount coming in.

Storage in the reservoir, stood at a record 3,000,587 acre feet today and covers 91,121 acres. Engineers said it was about 130 feet deep.

The Weather Bureau said the river stage at Mercedes early today was 21.9 feet, .9 of a foot above flood stage. It was 17.6 feet at Brownsville where the flood stage is 18 feet.

The Weather Bureau said the river continued at a high stage above Falcon with minor crests. Langtry reported 30 feet early today.

Other stages included Del Rio near flood stage of 15 feet tonight, and then ranging between 13-15 for the next two days; Eagle Pass slightly above flood stage of 16 feet with 15-17 feet expected during the next two days; and Laredo 14-16 feet.

WEATHER

SNYDER TEMPERATURES: High Sunday, 88 degrees; low, 58 degrees; reading at 7:30 a.m. today, 63 degrees. High Saturday, 83 degrees; low, 48 degrees; reading at 7:30 a.m. Sunday, 61 degrees.

North Central Texas: Considerable cloudiness and mild through Tuesday.

West Texas: Cloudy to partly cloudy and mild through Tuesday, widely scattered showers west of the Pecos.

East Texas: Partly cloudy and mild through Tuesday.

South Central Texas: Considerable cloudiness and mild through Tuesday, a few showers Tuesday and near the coast tonight.

Prime Points In Housing Bill Cited

SAN ANTONIO (AP)—The Senate should consider eight particular points in the housing bill expected to be submitted early in 1959, Sen. Lyndon B. Johnson (D-Tex) declared here today.

The points, the Senate majority leader told the National Assn. of Home Builders convention, are:

An extension and expansion of the Veterans Administration program.

Re-examine the question of down payments and maximum maturities.

An increase in FHA insurance authorization and an extension of the property improvement program.

Provisions to facilitate the sale of new homes by permitting trade-ins of old homes.

New housing programs for our senior citizens.

Careful consideration to urban renewal.

And an increase in the revolving fund for college housing.

"I am not listing all of the features that will probably go into the housing bill," he said, "but I am presenting to you some of the problems which weigh upon the minds of your senators. And I am soliciting your cooperation in working out solutions."

Johnson, pointing to the population "explosion" in the U.S., declared "We shall soon discover that the mere physical problem of providing housing for this expansion will tax our ingenuity.

"We must guard carefully against artificial restrictions that will limit the economic capacity of the industry.

"Thus far, our country has demonstrated that private enterprise is not only adequate to do the job, but the best method of doing the job.

"We do not—and cannot—rule out public housing for special circumstances. But our primary goal is to expand the opportunities for private industry."

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS — Floye Johnson, 2205 Avenue M; Michael Taylor, Ira; Rufus Taylor, Ira; Delores D'Armon, 4010 Austin; Royce Patterson, Fluvanna; Warren Richardson, Route 1; Pearl Reeder, Fluvanna; Sarah Arnett, Ira; Terry Mauldin, Sylvester; Don Bailey, Route 2; Fannie Disheroon, Gen. Del.; Faye Johnson, Route 3; Mike Wolfe, 2112 Avenue T; Margaret James, 3513 Avenue M; Ann Lovelady, 2400 Forty-first Street; Esther Jenkins, Route 1; Terry Morris, Burkburnet; Karen Hallark, 3003 Avenue K; James Sullivan, 3757 Highland Drive; Donnie Chasteen, 1202 Twentieth Street; Shirley Jones, Fluvanna.

Ike Pepping Up Campaign

WASHINGTON (AP)—President Eisenhower is taking personal command of a drive to pep up the Republican party in the congressional election campaign.

He is moving in for an extensively active role after getting word from his doctors that he is in excellent health as his birthday nears. He will be 68 Oct. 14.

Eisenhower is pictured as determined to rout any we-can't-win attitude. As a starter, he is devoting all his scheduled engagements today to the political situation—specifically, Republican efforts to capture control of Congress.

Eisenhower's physicians last Saturday gave him a fine health rating.

On completion of his annual head-to-toe checkup at Walter Reed Army Hospital, the doctors said in a statement that "all-inclusive tests show that the Prresident continues to maintain an excellent state of health."

Cub Scout Leaders Set For Training

A Cub Scout leaders training courses will open tomorrow night here, and basic and advanced training courses for Boy Scout leaders is set for Oct. 25, according to D. V. Merritt, Jr., district leadership training chairman for the Boy Scouts here.

The Cub leaders course will start at 7:30 p.m. tomorrow at the high school and will be conducted on the Tuesdays ~~of~~ Oct. 14 and 21.

J. L. Babcock, cubmaster of Pack 34, which is sponsored by the North Elementary P-TA, and Earl Perser, cubmaster of the East Elementary P-TA Pack 36, will be the training staff for the course. Both are well-trained in cub scouting and are operating successful Cub packs, Merritt said.

The latest filmstrips, literature and training gadgets will be used to make the couse interesting and informative. The course is designed to help new denmothers, cubmasters, assistant cubmasters, committeemen and parents of boys 8,9, and 10 years old. It is free to all who participate.

The scout district ended 1957 with a large percentage of trained leaders, and with this course scheduled 1958 should be a better year with more trained, Merritt said.

The Boy Scout courses will be held at Camp Ed Murphy. This will be the first time advanced training will be offered in this district, Merritt said, adding that the basic and advanced courses will be conducted simultaneously by different training teams.

The advanced course will be conducted at the camp health lodge, while the basic course will be in the camp dinning hall. Both will be from 2 to 9 p.m. on Oct. 25. This is a change in date. It was originally set for Oct. 11 but was changed because of conflict with the scout Safety Good Turn.

The Boy Scout district is one of the nine agencies of the Scurry County United Fund.

Labor Woes Still Block Work At GM

DETROIT (AP) — General Motors heads into a new week today with labor trouble still blocking its getting back into 1959 auto production.

Despite a national agreement with the United Auto Workers, GM's plants from coast to coast have been shut down almost completely by local disputes.

Talks continued over the weekend at most of GM's 126 plants in 71 U.S. cities, striving to get the 275,000 UAW production workers back on their jobs.

One settlement was reached. UAW Local 696 at the parts-making Moraine products division employing 2,500 at Dayton, Ohio, ironed out its differences with GM Sunday.

The UAW and GM came to terms on a new three-year national contract last Thursday night when a companywide strike was 12 hours old.

But then, instead of going back to work, the Auto Workers stayed out with the blessing of UAW President Walter Reuther to demand settlement of local grievances left unresolved.

Chrysler Corp., which agreed on the major sections of a new contract with the UAW the day before the GM strike started, still had trouble with local walkouts.

Over the weekend 22,400 of Chrysler's 70,000 UAW members were idle at 16 plants.

THE MORNING AFTER ON QUEMOY—Mrs. Tsai Chin Nien sorts through the rubble of her home after a direct hit by Communist artillery shell on the Quemoy island village of Nan Shan. Mrs. Tsai, who with other residents was in an underground shelter, found her home almost completely destroyed. Of the 120 homes in the village, 93 have been demolished.

Leisurely Journey Into Space Slated

By STEVE LOWELL

ALAMOGORDO, N.M. (AP)—A young jet pilot plans a leisurely balloon journey to the stratosphere Tuesday. He wants to see if he can help man take the vital step over that high threshold into space.

Lt. Clifton McClure will make the jaunt in a capsule which looks like a giant version of one of those the doctor prescribes. This sealed metal container is a replica of the cockpit in which man eventually may soar into space in a rocket.

McClure, 25, of Anderson, S.C., will wedge himself into the midst of a myriad of instruments for a ride to about 100,000 feet—roughly 20 miles—for a day-night stay.

He hopes, by this solitary feat, to further the Air Force's careful study of how nature treats man close to the edge of space. He hopes to learn more about what man needs to have with him and know in order to survive there—and eventually in space.

He'll be nearing the eternal darkness of outer space, the region of intense radiation, the region where man's comfortable feeling of gravity is gone, the region where . . . who knows? That is what he hopes to learn more about.

This will be the third trip of the Man High series.

In June 1957, Capt. Joe Kittinger, formerly of the Air Force Missile Development Center near Alamogordo and now of Wright made the first ascension, to 96,000 feet.

In August 1957, Maj. David Simons, now a lieutenant colonel, made the second trip. Simons rose to 102,000 feet and stayed 32 hours.

If the weather is right, the 200-foot diameter, helium filled, plastic balloon will rise early Tuesday.

McClure will radio his observations, and other scientific data will be telemetered automatically to the ground crew.

The prevailing west wind will blow him over west Texas or Oklahoma, where he is expected to descend.

Rites For Martinez Infant Held Today

Funeral mass was said this morning at the Guadalupe Catholic Mission for Olga Martinez, five-month-old daughter of Mr. and Mrs. Jose Martinez, Arah Route.

The child died at 3 p.m. yesterday in Cogdell Memorial Hospital. She was born April 13, 1958, at Aqua Dulce.

The Rev. John Malinowski officiated. Burial was in Snyder Cemetery under direction of Bell Funeral Home.

Survivors include the parents, one sister, Yolando, and three brothers, Isamel, Israel, and Jesus, all of Snyder.

Demos See Hawaii Win

HONOLULU (AP) — Democrats are predicting a major victory in Hawaii's November election on the basis of candidates, showing in Saturday's primary. Republicans are optimistic, too.

Incumbent John A. Burns won Democratic nomination as the territory's delegate to Congress by better than a 7 to 1 margin. He will be opposed by Farrant L. Turner, unopposed for the GOP nomination.

Incomplete returns Sunday showed Burns with 43,005 votes to 5,904 for Honolulu attorney Kenneth E. Young. Republican Turner had 35,021 votes.

The Territorial Legislature has been controlled by Democrats since 1954 after more than 50 years of Republican domination.

London Teen-Agers Riot At Elvis Show

LONDON (AP) — Hundreds of teen-agers rioted here Sunday night during a showing of Elvis Presley's movie "King Creole."

The movie was stopped and police sped to the theater. They guarded every exit. Dozens of youths — many of them girls—were thrown out. Then the movie resumed.

Important Racial Decisions Face High Court In New Term

By PAUL M. YOST

WASHINGTON (AP)—The Supreme Court begins a regular fall term today that is expected to produce important decisions in the fields of race relations and business regulation.

Following tradition, the court limits its first meeting to brief opening formalities. The justices will spend the remainder of the week discussing various appeals in closed conferences, and announce their first decisions next Monday.

Major cases in both racial and business fields are included in a pending docket of nearly 700 cases. They cover a wide variety of issues.

Twelve appeals involving racial questions face the court, which only a week ago spoke out in special session against evasive schemes to keep school segregation.

More such cases are expected during the nine-month term as Southern opponents of the Supreme Court's school rulings cast about for new ways to continue classes on a segregated basis.

Among the 12 pending appeals is one by Gov. Orval E. Faubus of Arkansas. He has asked the court to declare invalid an injunction issued by a lower court. The injunction halted use of National Guardsmen at Central High School in Little Rock in September 1957.

Other racial appeals question validity of (1) Alabama's school placement law, (2) North Carolina's literacy test for voters, and (3) Tennessee's bus segregation law.

The court may grant or deny hearings on these appeals, but it has already agreed to review the contempt conviction of David Scull, a Quaker of Annandale, Va.

Scull was sentenced to 10 days in jail and fined $50 for refusing to answer questions asked by a Virginia state legislative committee. He refused to say whether he was associated with the National Assn. for the Advancement of Colored People or with other groups involved in racial integration.

Many other pending cases involve issues from the world of business, including the business of boxing.

The justices have agreed to review a lower court decision calling for dissolution of the International Boxing Club of New York and a companion corporation in Illinois. The clubs were found guilty of violating the antitrust laws.

From the standpoint of money, the biggest case to be heard in the new term will decide a Justice Department claim that seaward boundaries of the Gulf states are limited to three miles from their coast lines. At stal.. are millions of dollars in royalties from oil developments far out in the Gulf.

Another multimillion dollar case affecting the natural gas industry also will be heard during the fall. The appeal is from a lower court decision that rate increases proposed by pipeline companies may not go into effect, pending approval by the Federal Power Commission, unless gas customers agree to the new rates.

Among the labor cases scheduled to hearings is a suit attacking the discretionary authority of the National Labor Relations Board to decline to take jurisdiction over disputes in the hotel industry.

STOCK AVERAGES
Compiled By The Associated Press

	Indust	Rails	Utils.	60 Stks
Prev. day	289.9	124.3	84.6	196.1
Week ago	286.8	123.7	84.3	194.5
Month ago	279.1	111.3	83.2	187.7
Year ago	244.0	102.9	70.7	164.3

FORT WORTH (AP)—Hogs 600; up 50; choice 20.00-25.

Cattle 4,000; calves 1,200; slow. Good to choice steers 24.00-26.50; lower grades 18.00-24.00; fat cows 19.00-21.50; good to choice calves 24.00-28.00; lower grades 16.00-24.00; stock calves 32.50 down.

Sheep 1,400; steady except feeder lambs weak; good to choice lambs 20.00-22.00; feeder lambs 19.00-21.00; ewes 7.50-8.00.

NEW YORK (AP—Cotton was 5 to 65 cents a bale lower at noon today. October 33.82, December 36.17, March 36.63.

CHICAGO (AP — Butter 525,000; unchanged; 93 score AA 59¾. Eggs 10,100; unchanged to ½ higher; 70 percent A whites 40; mixed 40; mediums 30½; standards 33.

NEW YORK (AP)—The stock market continued a rush into new record ground in heavy trading early this afternoon.

Coppers, steels, airlines, some motors and chemicals set the pace.

Leading stocks gained fractions to a point or more. Selected issues made wider gains.

Predictions of even higher copper prices, the inauguration of the commercial jet aircraft age over the Atlantic, continued good prospects for the steel industry and a variety of encouraging reports on the economy and specific companies accompanied the rise.

The market was resuming its vigorous advance of last week to a string of historic peaks.

Magma was outstanding in the copper group, jumping more than three points. Kennecott was ahead about two and Anaconda and International Nickel well over a point. Phelps Dodge added a point.

American Telephone advanced more than a point. General Motors gained a fraction.

U.S. Steel and Crucible each rose about a point.

Pan American World Airways was steady and Eastern Air Lines up about a point.

American Cyanamid rose about a point while Air Reduction and Du Pont did better. Royal Dutch was ahead about a point.

U.S. government bonds improved.

AEC Test Is Forced To Air

ATOMIC TEST SITE, Nev. (AP)—A shortage of holes forced the Atomic Energy Commission to take to the air with one of its fighter safety tests.

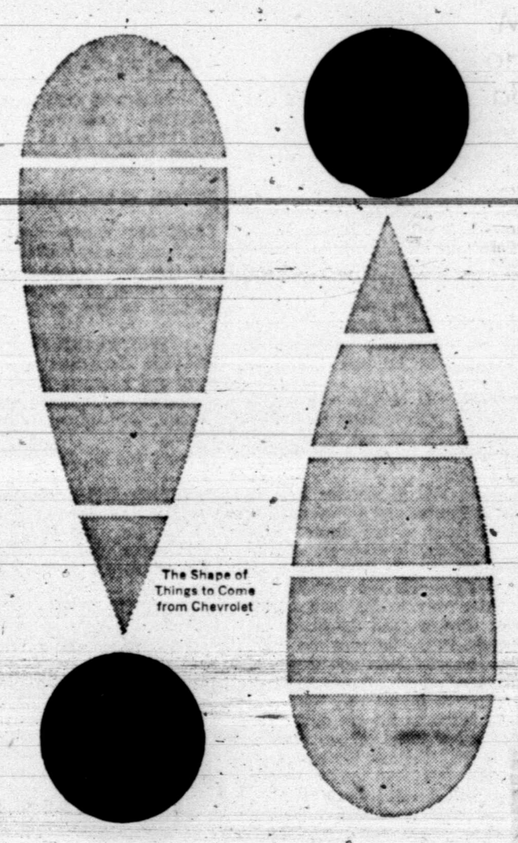

The AEC conducts periodic experiments to find out if atomic weapons can be detonated accidentally. All of the current series had been planned for the bottom of 500-foot shafts.

But when the number of tests was increased, a shortage of holes developed. So at 6:10 a. m. Sunday the AEC made its first such test from a balloon tethered 400 feet over Yucca Flat.

About two hours later another test was conducted at the bottom of a shaft. Fallout from both was negligible, the AEC said.

OH YOU BEAUTIFUL DOLL—What young lady wouldn't be pleased with this attractive cake at her next birthday party or any party? It will have the children humming in no time at all and you'll be amazed at the ease with which you can dress an Angel Food Cake in her prettiest party dress with only one batch of frosting mix.

Looks impossible, doesn't it? But it's not and here's why: After you've baked your angel food cake, shave the top edge of cake for a rounded skirt effect. Wrap your doll, waist down, in aluminum foil and place her in the center hole. Now tint the fluffy white frosting a pale pink. First frost the cake lightly, saving part for decorator icing.

The real secret in decorating the cake lies in the addition of sifted confectioners' sugar and butter to half the mixture which gives your frosting the right consistency to decorate your cake quickly and easily.

Now you're ready to decorate. Tint the frosting, to which sugar and butter have been added, graduated shades of pink and make the scallop design for the ruffled skirt effect.

Encircle your completed masterpiece with pretty party petit fours and your "Beautiful Doll" is dressed for any occasion.

Doll Cake

Bake an Angel Food Cake in a 10 inch tube pan OR bake three 8 inch cake layers and 12 cupcakes using 2 pkg. White Cake Mix. Set cake on a cardboard circle cut to fit. Trim just enough to give a rounded effect for skirt. Wrap doll below waist with aluminum foil or pliofilm. Set in hole in center of cake (for layers, cut hole in centers so doll can stand waist deep).

To decorate: Make fluffy White Frosting Mix as directed on pkg. Save 2 tbsp. and add 2 to 3 tbsp. sifted confectioners' sugar. Tint rest of frosting light pink. Frost cake thinly saving 1½ cups tinted frosting. Make Decorator Icing (recipe below). Use ¼ cup tinted icing with No. 68 leaf tip to make 5 rows of scallop design for ruffled skirt. Tint icing slightly deeper pink, use half with same tip to continue scallop design. Tint remaining icing deeper pink and complete skirt. Use No. 28 star tip with pink and white icing for flower trim or skirt and nosegay.

Note: Cupcakes may be frosted to serve at party, in addition to Doll Cake, or make Petit Fours.

Party Petit Fours

Bake your favorite cake in a greased and floured jelly roll pan, 15½ X 10½ X 1", at 350 degrees about 25 minutes. Cool in pan. Spread thinly with Fluffy White Frosting, saving 1½ cups for decorator Icing. Cut small shapes. Trim with flowers, scallops, ribbons, or bows to suit your fancy!

Decorator Icing

1½ cups prepared Fluffy White Frosting Mix 2 to 2½ cups sifted confectioners' sugar; 1 ½ tbsp. soft butter; dash of salt

To prepared frosting blend in confectioners' sugar (add a little at a time until frosting is stiff enough to hold its shape). Blend in butter and salt. If icing seems too thin, blend in a little more confectioners' sugar. If too thick, blend in a drop or two of water.

Mrs. Ray Busbee Honored With Baby Shower

Mrs. Ray T. Busbee was honored Tuesday with a pink and blue shower in the home of Mrs. Al Morelli, 403 Thirtieth Street. Cohosting with Mrs. Morelli was Mrs. Bob Zetzman.

Cake, coffee and punch was served from an attractive table set with pink and blue.

Guests were Mrs. Charlie Sparks, Mrs. Don Pitman, Mrs. E. P. Diggs, Mrs. Carl Turner, Mrs. Jack Beckman and Mrs. Harvey Clem.

Trowel Mark

Inch marks made on your garden trowel will help you to judge the proper planting depth for flower bulbs.

Wax Shelves

If a coating of wax is put on shelves that are painted before covering them with paper, the wax will prevent the paper from sticking.

Mrs. R. Stewart Hostess To Church Class

The Dorcas Sunday School Class of the First Baptist Church met for their monthly social meeting Thursday afternoon in the home of Mrs. Roy Stewart, 1909 Thirieth Street.

The meeting was called to order at 3 p. m. by the vice-president, Mrs. Clawson, in the absence of the president, Mrs. A. C. Alexander.

Mrs. Gold West was guest speaker for the meeting.

Refreshments of peach pie, topped with whipped cream, sandwiches and coffee were served by the hostess to 10 members and the guest.

Rita Johnston Hostess To Church Girls

DUNN (Spl.) — Rita Johnston was hostess for her G. A. group from the First Baptist Church of Snyder at a slumber party in the Dunn Community House, Friday night.

Miss Johnston was assisted by Carla Guyger.

Members attending were Frances Cummings, Jill Dawson, Pam Cole, Docena Wharton, Sandra Price, Carmen Grant, Sheila Duke, Linda Richardson and Patsy Smith.

Mrs. P. White Hostess To Canasta Club

DUNN (Spl.) — Mrs. Pete White was hostess in her home Thursday afternoon to the Community Canasta Club.

After games were played refreshments of cookies, punch and coffee were served guests and members, who were, Mrs. Fred Bowers, Mrs. Houston Cotton, Mrs. Bettie Smith, Mrs. Jackson Ellis, Mrs. J. P. Ellis, Mrs. Lynn Fox, Mrs. Walter Brown, Mrs. Clyde Bolding, Mrs. L. E. Russell, Mrs. Arlie Taylor, Mrs. Gladys Nelson and Mrs. Ava Lee Stacy.

The next meeting will be held Oct. 16th at 1 p. m. in the home of Mrs. Gladys Nelson in Colorado City.

WOMEN'S CALENDAR

MONDAY

Snyder Palette Club will have a Downtown Art Exhibit.

High School P-TA meets at 7:30 in the auditorium. "Mom and Dad Back to School Night" is the program. Everyone attend and don't forget schedule.

TUESDAY

The Art Guild meets at 7:30 p. m. with Mrs. Evelyn Fowler, hostess.

Twentieth Century Club meets at Martha Ann Club with Mrs. Joe McKinnon, hostess.

Girl Scout leadership training from 9 to 11:30 a. m. at Girl Scout House.

Business and Professional Women's coffee 7 a. m. at 2411 Thirty-second Street. Mrs. J. W. Leftwich, hostess.

The W. W. Club will meet at 6 p. m. at the home of Mrs. Mollie Pinkerton, 707 Twenty-eighth Street for a covered dish dinner.

WEDNESDAY

Altrurian Daughters meet at 2:30 p.m. at the Martha Ann Clubhouse. Mrs. Lee Stinson, hostess.

Cosmorama Club meets at 4 p. m. at the Martha Ann Woman's Club with Mrs. Ross Hemphill, and Mrs. Leland Herod, hostesses.

Girl Scout leadership training at Girl Scout House from 9 a. m. to 11:30 a. m.

Business and Professional Women's coffee, 7 to 8:30 a. m. at Sallie's. Miss Ethel Roberts and Mrs. Carrie Line, hostesses.

THURSDAY

North Elementary P-TA meets at 3:45 p. m. at the school.

Town and Country Garden Club meets at 2:30 p. m. with Mary Piké, hostess and Jane North in charge of program.

Girl Scout leadership program from 9 to 11:30 a. m. at the Girl Scout House.

Business and Professional Women's coffee at 7 a. m. at the Village. Mrs. George Killam and Martha Lanfried, hostesses.

Central Elementary P-TA meets in the speech-arts room at 3:45 p.m. Mr. T. E. McCollum, guest speaker.

FRIDAY

Opti-Mrs. Club noon luncheon at Mary Lynn's Tea Room. Mary Kate Hunt in charge of program.

El Feliz Club meets at Mary Lynn's Tea Room at 3 p. m. Mrs. I. W. Boren, hostess.

Girl Scout leadership training program at the Girl Scout House. 9 to 11:30 a. m.

Business and Professional Women's Coffee at 9:30 a. m. Mrs. Forest Beavers and Mrs. Hollis Fields, hostesses at Sallie's.

Altrurian Club meets with Mrs. Hugh Taylor, 2312 Avenue M.

SATURDAY

Childrens story hour at the Scurry County Library, 9:30 to 10:30 a. m.

Business and Professional Women's coffee, 4:30 to 5:30 p. m. at 2804 Thirty-fourth Street. Mrs. H. A. Johnson and Mrs. Bob Parks, hostesses.

SUNDAY

Luncheon at Martha Ann Woman's Club from 12 to 1 o'clock. Reservation deadline, 5 p. m. on Saturday.

Beta Upsilon Chapter of Delta Kappa Gamma will hold a workshop meeting at 2 p.m. in the community room of the Snyder National Bank.

Fish steaks are great to cook over an indoor grill; place a bay leaf on each and baste with melted butter.

Mrs. R. Rosson Hostess To Union H-D Club

Officers for 1959 were elected at the meeting of the Union Home Demonstration Club Wednesday.

Those elected were: Mrs. Howard Hogue, president; Mrs. Bruce Caldwell, vice-president; Mrs. O. B. Lindsey, secretary; Mrs. W. R. Pate, treasurer; Mrs. C. F. Capps, council delegate and Mrs. O. P. Tate Jr., reporter.

A report was given by Mrs. R. J. Rosson, treasurer on the proceeds from the traveling basket which the club used to raise operating funds.

Mrs. C. F. Capps gave a report on a craft program. The club voted to have a craft day Oct. 14th at the Union Methodist Fellowship hall. Members wishing to attend may bring a covered dish if they wish to spend the day, or they may attend just in the morning or afternoon.

Mrs. Bruce Caldwell and Mrs. R. A. Smith were appointed by the president, to contact hostesses for the Stanley products and Tupperware products to determine the type plans they have for club parties and to give a report at the next meeting.

Mrs. I. T. Huckabee gave a report on some candy she had received information about selling and samples of the candy were given to those present.

Mrs. C. F. Capps gave an interesting report on the trip she made to Austin to attend the state meeting.

Mrs. I. T. Huckabee and Mrs. J. W. Kitchings, living room leaders, gave an informative program on planning a business center for the home business and gave several pointers on ways the members might improve their record keeping.

The meeting was held in the home of Mrs. I. T. Huckabee and Mrs. R. J. Rosson was hostess. Refreshments were served to two visitors, Mrs. J. H. Cater and Mrs. Ralph Odom; one new member, Mrs. Buck Layne, and 12 members.

The next meeting will be held in the home of Mrs. Garland Shaw on the first Wednesday in November.

Yellow vegetables, which should be included in the daily diet, are high in vitamin A.

OUR VIEW

Value Of Polio Vaccine

THE CORPUS CHRISTI CALLER:

The incidence of polio in Detroit has alarmed that city, as well it may, for almost five hundred cases of paralytic polio have been reported and there seems no immediate prospect of abatement.

Tens of thousands of parents are leading their children into emergency clinics, where Salk shots may be had for one dollar each. Many of the parents under forty are taking the shots themselves.

A recent report showed there have been 16 deaths. Not one of the children mortally stricken had received Salk shots.

That simple fact is a commentary no parent can afford to ignore. The dramatic demonstration of Salk vaccine to ward off the crippling effects of paralytic polio, already pretty firmly established in other outbreaks, has convinced Detroit parents that wisdom and experience dictate its acceptance without question.

But it took grave emergency to convince them.

No figures are available as to the number of Salk-protected children who have contracted the disease, but it has been clearly shown that protection does afford a large measure of safety. The significant thing is that none of the 16 who died had received immunization.

Millions upon millions of Americans, children as well as adults under 40 who are rated as susceptible to infection, are still unprotected, in spite of frequent campaigns to induce compliance.

In Detroit, where the folly of procrastination is all too apparent, panic-stricken parents are rushing their children to the clinics pellmell. Parents in infection-free areas should not be complacent, for there is no earthly way to pre-determine just where and when such epidemics will break out.

People take anti-diphtheria and anti-small pox and anti-typhoid shots for granted. How many times will they have to be shaken over the pit of fear and panic before they will start taking Salk shots for granted?

After an epidemic breaks out, it is too late to get started. Time taken by the forelock, could save thousands from death or crippling. Public indifference could postpone the conquest of this disease as a major crippler and killer indefinitely.

Minnesota Fights Milk Restrictions

By OVID A. MARTIN

WASHINGTON (AP)—The State of Minnesota is waging a war against restrictions for the free movement of milk. The fight may spill over into Congress.

One of the leading dairy states, Minnesota believes that much of the economic trouble that besets milk producers flows from these manmade restrictions.

The Minnesota Legislature has charged its attorney general, Miles Lord, to lead its fight. Lord has assigned a special assistant, Sidney Berde, to devote his full time to the task.

Berde says there are more restrictions on the movement and sale of milk than on any other agricultural product.

The Minnesota officials are centering their efforts chiefly on a system of federal milk marketing orders.

These are legal devices authoried by Congress during the depression of the 1930s — under which milk producers in a given area obtain federal help in setting prices in an organized marketing area.

Under them, the Agriculture Department — after holding public hearings and getting producer approval — set minimum prices which handlers are required to pay dairymen supplying the organized market.

Supplementing these orders are local sanitary regulations governing the production of fluid milk sold in the market.

Berde says that these health regulations, together with some provisions in the orders, have the effect of setting up local milk monopolies. There are now 70 such federal orders operating in various parts of the country, principally in larger urban areas.

Producer prices in these regulated markets are fixed; in most cases, considerably above levels that would prevail under a system allowing free movement of milk from one area to another. This is done on the premise that such prices are necessary to assure consumers within the market a stable supply of good milk. Too, because of higher priced land and often the need to ship in feed, production costs are higher in producing areas around bigger cities.

The discrepancies in prices have aroused the ire of dairymen in such big milk producing states as Minnesota, Wisconsin, Iowa, Illinois and Missouri.

In August, for example, dairymen in Minnesota received an average of $3.05 a hundredweight for their milk, while those in the New England states received an average of $5.45 and those in the middle Atlantic states $4.89.

Rangers Won First Texas Sea Victory

(Editor's note: This is the first of a five-part series about the Texas Rangers, one of the peace officer organiations being honored during Law Enforcement Appreciation Week Oct. 5-11. The information is from the Texas Law Enforcement Foundation.)

By The Associated Press

The Texas Rangers, who won their fame on horseback, gave Texas her first victory on the sea by capturing a Mexican merchant ship in Copano Bay.

The Rangers, who will be honored at a banquet in Fort Worth Oct. 10, came into existence in 1823 when Stephen F. Austin hired men to "range" the perimeter of his colonies to protect settlers from Indians. Thirteen years later the Rangers had their first victory on the sea.

During the Texas War of Independence provisional Gov. Henry Smith issued privateering commissions to sea raiders. He authorized them to plunder Mexican ports and ships. In February, 1836, he ordered four gunboats for the Texas Navy.

On June 3, 1836, before the gunboats were delivered, a group of Texas Rangers under Capt. Isaac Burton was patroling near the Texas coast. As their horses worked near the shore of Copano Bay north of Corpus Christi, one of the Rangers spotted a Mexican merchant ship, apparently searching for a rendezvous to supply the Mexican army.

Capt. Burton hid his Rangers in the grass and boldly stood at the edge of the water and waved his hat. The ship dropped anchor and put out a boat containing five Mexicans. When ashore, they were captured by the Rangers.

Five Rangers dressed in the clothes of their prisoners, and 11 more hidden in the boat, rowed to the Mexican ship. They boarded and captured the vessel.

The Rangers found two more Mexican ships outside the bay waiting to deliver their supplies. The captain of the captured ship, with Capt. Burton's pistol at his head, hailed the other two sea captains aboard for "a conference." They climbed over the side of the ship to face the gun muzzles of the Rangers and quickly surrendered.

With Ranger guards on each ship, the three vessels sailed into Velasco where the Rangers were dubbed the "Texas Horse Marines."

The Texas treasury was enriched by $25,000 by the captured cargo and the ships became the first vessels in the Texas Navy.

Musicians Take Encore Off Menu

By HUGH A. MULLIGAN

NEW YORK (AP)—If music be the food of love, as Shakespeare supposed, then food has ever remained the love of musicians.

At least a dozen restaurants in New York mark the spot where Enrico Caruso refueled after a performance with a brace of brook trout paysanne washed down with a few goblets of dusty Chablis and a foam-crested schooner or two of old Duesseldorf.

Paderewski, we are told, always included a personal chef in his entourage to orchestrate a menu befitting the well-attuned taste buds of the master. Mozart, Toscanini and Spike Jones have been known to treat an overdone breast of partridge with the scorn reserved for a squeaky chair beneath the first violin.

Although carrier-class divas have disappeared from the stage of the Metropolitan and today's reigning prima donnas prepare for a concert by trilling off a few pounds at the nearest slenderizing salon, good eating without recourse to calorie counting has not gone out of fashion in the music world.

Tenor James Melton, for instance, when not fiddling with old cars, loves to lay in a cargo of risotto Melton, a sauteed smogasbord compounded of parmesan cheese, chicken broth, long-grain rice, creamy butter and a pinch of saffron.

Rise Stevens, certainly one of the comeliest Carmens in opera history, goes straight from Bizet's bullring to a bout with szegediner gulyas, an Austrian sauerkraut dish that starts out with two pounds of beef, veal and pork and goes up the supermarket scale from there.

Pianist Eugene List works off keyboard tensions over a steaming platter of barbecued spareribs Verneda; basso Giorgio Tozzi hits bottom with a ballast of spaghetti alla Carbonara. Zino Francescatti still finds room under his chin for the violin after running through several takes of ratatouille Nicoise, a gourmet's double concerto for eggplant and zucchini.

The Women's Assn. of the Minneapolis Symphony Orchestra, which frequently caters to the culinary wants of wanderers in the bratwurst belt, recently began collecting favorite recipes of the world's great musicians, just in case any of them dropped in unannounced with a famished symphony orchestra.

The result is "Encore," an unusual cookbook published this month by Random House and illustrated with pen drawings by Antal Dorati, conductor of the Minneapolis Symphony.

Robbers Make Sale

DETROIT (AP)—Anthony Gruszczynski's filling station was robbed of $154.50 by three men. They took $150 from the till. The $4.50 they pocketed from their sale of gasoline to a motorist while Gruszczynski lay bound in a back room.

Oil Pioneer Dies Sunday

NEW YORK (AP)—William F. Buckley, 77, oil pioneer and former Texan, died yesterday.

In 1913, Buckley gave up his law practice and entered the oil business as an independent operator.

When the United States landed marines at Veracruz in 1914, Buckley was appointed governor of the city by the Woodrow Wilson administration, but he declined, declaring he was not in sympathy with the military intervention.

Buckley transferred his business activities to Venezuela in 1924, where he formed the Pantepec Oil Co. In 1948 he organized the Pancoastal Oil Co., with concessions in Venezuela and Florida. In 1953 he organized Pan-Israel Oil Co. and Israel-Mediterranean Petroleum. In 1956 he organized San Jose Petroleum to explore oil concessions in the Philippines.

Braves Seek Series Clincher In NY Today

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—This could be it. The World Series could end today.

The once mighty New York Yankees appear ready to take the count. They've never been as "down" as they are right now. It would appear that Manager Casey Stengel would have to be a miracle man to get them up again.

The stage appeared set too. The pitcher the American League champions must get by today in order to stay alive is that old Yankee killer himself, Lew Burdette. He's beaten the Yankees four-four-four in the last two series.

The Yankees dropped their third in four games to the Braves Sunday 3-0. The loss was in the pattern of the pair they lost in Milwaukee—woeful hitting and leaky fielding.

Warren Spahn, the brilliant southpaw, held the Yankees to two hits Sunday. The day before, they managed four hits in their only winning game. Their team batting average is a *microscopic* .190. Their fielding percentage is a respectable .988 but it doesn't show the many mental lapses and errors of omission.

Stengel, frankly chagrined over the failure of Whitey Ford, his left handed ace, to register at least one victory in two starts, nominated Bob Turley to pitch the "must" fifth game. The fire-balling right-hander was shelled out in the first inning of the second game of the series last Thursday.

It is not surprising, therefore, that the odds-makers have declined to accept any more Milwaukee money that the Braves will win the series. For today's game, however, the Yankees were favored 13-10.

Yankee left fielder Norm Siebern was the "goat" in New York's loss Sunday. He allowed four drives to fall out of his reach, all of which appeared "catchable." These lapses figured in all the scoring and ruined an otherwise fine pitching performance by Ford.

Norm, 25, normally a good fielder, just had a bad day. The strong sun and the shadow-making third deck behind home plate didn't help him either. In the fifth, he failed to get a jump on Del Crandall's fly and it fell at his feet for a single. No damage.

In the sixth, he got over to Red Schoendienst's long fly to left center, then decided to let Mickey Mantle, who had come over, take it. Neither did. The ball rolled between them for a triple. Shortstop Tony Kubek's error of Johnny Logan's grounder scored Red with the Braves' first run.

In the seventh, after a walk and Andy Pafko's double had put Milwaukee runners on second and third with one out, Spahn blooped a fly to short left. Siebern hesitated, charged in, and stopped. The ball dropped at his feet for a run-scoring single.

In the eighth, Logan sent a routine fly to left. Siebern flipped down his sun-glasses — and lost the ball altogether. The ball hopped past him into the left field boxes for a ground rule double. Eddie Mathews followed with a double off the right field scoreboard, scoring Logan with run No. 3.

In the meantime, Spahn simply mesmerized the Yankee hitters. Mickey Mantle, with a tremendous 425-foot triple in the fourth, and Bill Skowron, with a single in the seventh, were the only batters to fathom his delivery. The 37-year-old southpaw, who called it the best game he had pitched all year, walked two and struck out seven. He appeared stronger at the finish, getting the last nine men.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

TIGER FOOTBALL FANS are reminded that tomorrow will be the last opportunity to purchase season tickets for the 1958 season.

The Tigers still have four more home games and the season tickets are now selling for $6. The tickets are on sale at the school administration building today and will remain on sale through tomorrow.

The big advantage of getting season tickets now is getting an early shot at purchasing tickets for the remaining two road games which includes the Sweetwater game.

The school board recently voted that tickets to the Tiger road games be made available only to season ticket holders the first day before throwing the sale wide open.

Tickets are expected to be at a premium for the Sweetwater game Oct. 31, at Sweetwater.

Then another advantage for purchasing season tickets, of course, is that the purchaser has an option of holding their same seats for the next season.

Can't Win 'Em All

You know it would certainly be nice, we imagine, if you could win every game but we all know that's impossible.

With injuries mounting with every game, it was only a matter of time when the Tigers would meet their first defeat. Under the circumstances, we think the Tigers did a magnificent job at Levelland.

Even with four regulars not suited out, the Tigers came oh so close in defeating the Lobos. The turning point of Friday's game, we believe, was the nullifying of a Tiger touchdown in the first quarter. This break momentarily took the "steam" out of the Tigers but they braced, nevertheless, to take an 8-0 halftime lead.

The weakened Tiger defense, then, just couldn't hold off the determined Lobos in the second half.

Alex Cross, starting his first game at quarterback, turned in as good a job as was expected of him. Cross moved the ball pretty well for the Tigers in the first half but he didn't get much of a chance to show his wares in the second half.

Cross, in case you missed it, threw a key block on Hayes' 86-yard touchdown gallop. Then he threw the TD pass that was called back.

The Tiger defense suffered more by injuries then did the offense. Richard Mahan at defensive halfback and Kenny Drake at linebacker are vital cogs in the Tiger defense as well as offense.

In other words, both of the Tiger quarterbacks didn't suit out Friday, Mahan on offense and Drake on defense. Drake calls the defensive signals from his linebacker position.

Ground 'Strategy' Paid Off

Levelland, however, is to be commended for a tremendous performance in the second half. The Lobos were pretty well outclassed in the first half but it was a different story in the second half.

We wonder if it was the ease in which the Tigers were able to move the ball in the first half and that the Lobos didn't show much offense up to that point might have been part of the reason for the Tiger "let down" in the second half.

The Lobos probably didn't plan it that way but the fact that they stayed on the ground instead of taking to the air, which has been their main weapon was the determing factor.

By sticking to ground plays, the Lobos used up the precious seconds on the clock and consequently they didn't give the Tigers much of a chance offensively, in the second half.

Had they taken to the air the Tigers would have had more chances on offense even had the Lobos scored via the airlanes. The passes don't use up much time on the clock.

The point we're attempting to put over is that the Lobos probably couldn't have outscored the Bengals in a wide - open game Friday.

There's one thing for certain, you have to get your hands on the pigskin to score.

Browns Showing Power Once Again

By MIKE RATHET
Associated Press Sports Writer

A pair of sophomores in the pay-for-play ranks — Milt Plum ad Jimmy Brown—are threatening to again make the Cleveland Browns the dominant force in the National Football League.

The two youngsters, Plum is 23, Brown 22, have provided Coach Paul Brown's team with an awesome offense comparable to the attack Cleveland was able to mobilize in the days of Otto Graham & Co.

Texas-OU Tilt Tops SWC Card

By HAROLD V. RATLIFF
Associated Press Sports Writer

The Texas-Oklahoma game, matching undefeated, untied teams, headlines a crucial Southwest Conference intersectional football schedule this week.

It will offer the league its last chance to catch up in the battle with outside foes and prospects are considered pretty dark that the conference can take advantage of it.

There were three losses in four attempts last week as the conference fell behind for the season, with five victories against seven defeats. Three of the four Saturday will have to be won in order to go even.

While Texas tries to break a 6-game losing streak against Oklahoma in the Cotton Bowl at Dallas, Baylor will be in Durham, N.C., to play Duke. Texas A&M at College Park, Md., to meet Maryland and Southern Methodist at Columbia, Mo., to tangle with Missouri.

Southern Methodist, although bruised up from its terrific struggle in losing to Notre Dame 14-6, will be expected to beat Missouri, but a victory in any of the other three games can only be hoped for.

Texas A&M downed Missouri 12-0 last week for the conference's only intersectional victory.

Baylor fell to Miami 14-8, Rice took a 24-0 thumping from Purdue and SMU lost to Notre Dame, 14-6.

In the only conference game, Texas Christian managed to eke out over downtrodden Arkansas 12-7. It put TCU into a tie with Baylor for the lead in the conference race. Baylor previously had downed Arkansas 12-0.

Texas beat Texas Tech 12-7 to run its string to three straight victories for the season. It also left Texas as the only unbeaten team in the league—something Oklahoma probably will take care of, however.

This week, in addition to the four intersectional clashes, Arkansas and Rice clash at Fayetteville in a conference melee while Texas Christian takes on Texas Tech at Fort Worth.

The league turns from night play except for the TCU-Tech game.

Cowboys Meet Sun Devils In Big BC Tilt

By The Associated Press

A team that boosted its reputation while losing — Hardin-Simmons — and one that lost prestige while winning — Arizona State at Tempe—meet Saturday in a game that may decide the Border Conference title.

Arizona State was expected to win its second consecutive conference championship without shifting out of low gear.

Hardin-Simmons was figured to be just one of the boys, down around second or third place.

Last weekend, the Sun Devils had to stage a 75-yard, fourth-quarter drive for a 16-13 victory over a West Texas State team that hasn't won a game all year.

And West Texas made things easier by fumbling three times deep in Arizona State territory.

Meanwhile, Hardin - Simmons was beaten 20-6 by udefeated Louisiana State of the Southeastern Conference. Hardin-Simmons outgained LSU but let Warren Rabb and Billy Cannon slip away for a couple of first half touchdowns. LSU was held scoreless in the second half.

Now, Hardin-Simmons suddenly has become a co-favorite with Arizona State. The winner of Saturday's game in Tempe should have clear sailing the rest of the way.

Other Border schools haven't been impressive. Last weekend, for instance, the conference lost four of four non-conference games.

New Mexico A&M was caught in a whirlwind finish by North Texas State and beaten 43-12.

The University of Arizonia was beaten by the University of Tulsa which pushed over four touchdowns in the last two periods for a 34-0 victory. Hardin-Simmons beat Tulsa 14-0 earlier this season.

And Texas Western was upset 14-6 by Abilene Christian. That was the first victory of the season for ACC.

Yankees Near Record Low In Series Batting

By BEN OLAN
Associated Press Sports Writer

NEW YORK (AP) — Figuring the World Series:

For all the good they've done, the series pinch-hitters could just as well have remained on the bench. None among the 12 pinch-hitters used has hit safely. Only Enos Slaughter of the Yanks reached base — on a walk in the third game.

Warren Spahn's shutout was the first by a left-hander in the series since Johnny Podres of the Dodgers beat the Yanks 2-0 in the seventh game of the 1955 classic.

After getting two hits in his first three tries in the opening game, Yogi Berra of the Yankees has gone hitless in 12 consecutive times at bat and his average has dipped to .133.

The Pittsburgh Pirates of 1925 were the only team to have won a seven-game series after dropping three of the first four games. And to accomplish the feat, the Pirates had to overcome a 7-6 Washington lead in the final contest with three runs in the eighth inning off Walter Johnson

---

Hank Aaron's two hits in Sunday's game gave the Milwaukee outfielder 16 safeties in two series and an over-all percentage of .372. Included are two doubles one triple and three homers.

Tigers Point For Buckaroos

The Tiger footballers, smarting from their first defeat of the season, began sharpening their teeth today for the invasion of the Breckenridge Buckaroos Friday night.

Breckenridge, like the Tigers, are also smarting from their first loss of the year. The Buckies dropped a 22-0 decision to the Abilene Eagles last Friday night at Abilene while the Tigers were being rudely upset by the Levelland Lobos, 14-8, at Levelland.

Both the Tigers and Buckies, thus, will carry identical 3-1 records into Friday night's game here.

A sellout throng of about 6,000 is expected to watch the Tiger-Buckie tilt.

For the second straight week District 3-AAA won four out of five games, the Tigers' six-point loss to Levelland being the only blemish on an otherwise perfect record.

Sweetwater tumbled Big Spring 34-6, while Lake View ripped Ballinger by the same count. The other two district wins were chalked up by Lamesa, 18-6 over Brownfield, and Colorado City, 8-6, over Kermit. C-City, in winning Friday, broke into the victory column for the first time.

The District 3-AAA record against outside opposition now stands at 12 wins and eight losses.

Snyder, Sweetwater and Lamesa share the 3-AAA lead with identical 3-1 records.

The Tiger-Buckie tilt features the 3-AAA card this week. Other games send Colorado City to Winters, Lamesa to Big Spring and Lake View hosts Pecos. Sweetwater has an open date.

Dick Hayes of Snyder held on to the individual scoring lead in the district with 32 points. James Parker of Sweetwater with 27 and Larry Marshall of Lamesa and Lawrence Mixson of Lake View are close behind with 26 points apiece.

Following is the District 3-AAA calendar:

FIGHT RESULTS

By THE ASSOCIATED PRESS

Berlin — Gustav Scholz, 159½, Berlin, stopped Charles Humez, 159, Paris, 12th round. (European middleweight title bout.)

Hollywood, Calif. — Ike Chestnut, 128½, Los Angeles, outpointed Jose Luis Cotero, 126½, Mexico, 10.

Big Game Set In Lone Star

By The Associated Press

The big one comes early again in Lone Star Conference football—East Texas State vs. Lamar Tech.

These teams tied for the championship last season because Tech gave East Texas its only defeat of the campaign, 7-6. Tech was tied twice, however, and that left it in a deadlock with East Texas for the crown.

The two schools clash at Beaumont Saturday night with Tech boasting an undefeated record over a 12-game stretch and East Texas showing a 10-game winning streak.

East Texas opened the conference race last week with a 32-12 strapping of Howard Payne while Lamar Tech crushed Stephen F. Austin 35-6.

There's a third undefeated team left in the league—Sam Houston State. The Bearkats started the race with a 21-8 victory over Sul Ross.

Saturday night Sam Hosston takes on Texas A&I, which while it is not undefeated for the season is unbeaten in conference play. These teams battle it out at Huntsville.

Violence Claims 26 Lives In Texas During Weekend

By The Associated Press

Violent deaths during the weekend claimed at least 26 lives in Texas with traffic mishaps accounting for more than half of the toll.

Sixteen deaths were blamed on traffic accidents. Shootings, stabbings and a plane crash accounted for the other fatalities.

Clarence E. Petty, about 50, of Lubbock, was killed Sunday when struck by a car on a highway 22 miles south of Post. Officers said Petty saw a snake alongside the road, stopped his car, got out with his .22 rifle and stepped into the path of an oncoming car.

Simon Rodriguez, 23, of Corpus Christi died Sunday when his car smashed against a pillar on the International Bridge at Progresso.

Jose Alvarez, 68, of Raymondville died Sunday of injuries suffered when he stepped from between parked cars into the path of another auto.

Two Negro men died of knife wounds Sunday in Dallas. Police reported James Ed Jones, 26, was killed in a scuffle with a woman, 23, who was held for questioning. Officers sought another man in the death of LeRoy Diggs, 32.

A car crashing against a bridge 12 miles east of Hondo on U.S. 90 Sunday killed Steve Miller, 10, of Hondo.

John Henry Conroy, 56, was found dead of a bullet wound Sunday in the living room of his home at Houston. Police said a .38 caliber pistol lay nearby.

Ennis Bryan Jones Jr., 32, of La Vernia, was killed Sunday when his truck crashed into a creek bed on U.S. 87, east of San Antonio.

Karen Louise Garrett, two-months-old daughter of Mr. and Mrs. Stanley Garrett Jr. of Dallas was killed and six other persons were injured in a three-car collision near Texarkana Sunday.

Sidney Thompson, 70, Mineral Wells Negro, died Saturday when hit by a car near Stephenville.

A car struck Robert E. Stevens Jr., 14, and killed him Friday night at Dyess Air Force Base outside Abilene.

Joe Waylon Burleson, 19, of Aspermont died at a Hamlin hospital Saturday after a pickup truck upset on a gravel road near Aspermont.

Two persons died in a head-on collision on rain-slicked U.S. Highway 80 near Grand Saline Friday night. The crash killed Mrs. Helen Hinkle, 37, of Longview and Robert L. Phipps, 16, of Dallas.

A collision during a rain storm killed William Cecil Clements, 80, of Eu...a, on U.S. Highway 287 near Corsicana late Friday.

William Oscar Hill, 57, of Comanche was found dead early Sunday in a pasture along U.S. Highway 67 ten miles west of Glen Rose. Sheriff Paul Bone of Glen Rose said Hill, en route home from Dallas, apparently got lost in dense fog and suffered a heart attack while hunting a way back to the road.

Clyde V. Gill, Bellevue, construction worker, was killed Saturday when a dump truck backed over him on Farm Road 174 about 10 miles south of Henrietta.

A gunfight in a Big Spring tavern after a barroom argument Saturday night killed Alfredo G. Larez, 42, and Mrs. Lupe Zapata, 46, both of Big Spring, and Pedro F. Ramirez, 33, a Mexican national who had been working near Hermleigh. Four others were wounded.

A man carrying a rifle approached as E. L. Stinson, 27, South Dallas Negro, sat in a car outside his home Saturday night, killed Stinson and fled.

D. R. Van Cleave, 47, of Wichita Falls died early Sunday of butcher knife wounds in the back. Police held Earl Howard Culwell, 16, his stepson, for investigation.

Joseph C. Whittington, 41, owner of a Canyon flying service, died Saturday when his light plane hit a telephone wire, crashed and burned 10 miles southeast of Amarillo.

A car overturned at the foot of a curve carrying Pedro Diaz, 16, of Colorado City to death Saturday.

Robert Hartman, 17, San Antonio, died Saturday night as two cars crashed in northwest San Antonio.

A man identified from his driver's license as Frank Hart, 63, McKinney Negro, was injured fatally in a highway collision near McKinney.

CELEBRATES 70TH BIRTHDAY—The granddaddy of Texas folklore, J. Frank Dobie celebrated his 70th birthday in Austin with little fanfare. He said his health is good, he is still writing and talking, although he uses a dictating machine for most of his work. "Now I'm wanting to learn about life," he said in an interview. (AP Wirephoto)

Two Men Die In Hobbs Fire

HOBBS, N.M. (AP)—Two men were dead and half a dozen houses destroyed by fire today in the aftermath of a high-pressure gasoline explosion.

The explosion was touched off Saturday when a bulldozer sliced into a gasoline pipeline in a Hobbs residential area, spraying the neighborhood with flaming gasoline.

The dead were A. O. Hardin, 49, and M. R. Dodson, 33.

Soviets Claim No Launching Failures

WASHINGTON (AP) — Soviet scientist A. A. Blagonravov says that up to now "we have had no failures" in satellite launchings.

Blagonravov appeared in a television interview filmed in Russia and broadcast in the United States Sunday.

Blagonravov, a member of the Soviet Academy of Sciences, said American scientists will be given a full report on information gleaned from the Russian satellites.

Hiccups Return After Short Lapse

DENVER (AP) — Pat J. Quintana is back in the hospital with another siege of hiccuping.

Quintana, 27, father of six children, first began to hiccup last April after eating an apple. The hiccups disappeared for two-day periods twice, and Quintana thought he was over them recently when all traces vanished for five days.

Injured Youth Stranded For 17 Hours On Mountain Peak

By JERRY TRAPP

SALT LAKE CITY (AP)—"It was a long time . . . Oh, it seemed like such a long time."

Doug Chapman, 17, lay in a rocky saddle formed by twin peaks of 9,017-foot Mt. Olympus for 17 hours before help arrived.

Chapman, barely able to talk, told his story Sunday from a bed in Latter-Day Saints Hospital.

He fell from a cliff near the top of rugged Mt. Olympus, towering at the southeastern edge of Salt Lake City. Leroy Franke, 16, stayed with him. Kit Sallenbach, 17, scrambled down the treacherous slopes for help.

It took 13 hours after the boys were joined by the rescue party before Doug was safe in a hospital bed.

"I was dying of thirst," said Doug. "I needed water. . . . Our fire was burning it out of me. . . . I was getting drier and drier."

The three boys reached the summit of Mt. Olympus Friday noon.

"I fell shortly after reaching the top," Doug said.

"He went over backwards and lit on the side of his face," Leroy said. It was more like 30 feet than 20. . . . He bounced about 10 feet along the ground and lay still."

Doug could barely move his lips. Both eyes were bandaged. A physician said he probably will lose his right eye. He also received a broken nose, severe scalp and face lacerations.

"He was so brave," said Leroy. "He didn't complain about it at all."

Franke lit two fires when darkness fell Friday.

"It was so cold up there—shivering all night," said Doug. "The fire was going on my left side. Sometimes that side was too hot."

Franke did his best to make his hiking pal comfortable.

"I put his head on my legs," Franke said, "and rubbed his chest to keep him warm. I covered him too, with my jacket and Kit's ski parka and sweater."

"At times I had my doubts that help would come," said Doug. "But Leroy kept reassuring me. I worried that Kit might have fallen himself."

Meanwhile, rescuers edged their way up to the boulder-strewn mountain.

The boys spotted the beam of a searchlight stabbing over the top of the peak. It had been wheeled into use to aid rescuers.

Rescue directors sent a jet plane over the mountain about 2 a. m. Saturday.

Pilot Donald Zimmerman spied the boys in the plane's landing lights.

Leroy said the light seemed "to be coming from heaven."

Just before dawn Saturday the rescue party reached the boys. "It made me feel more secure," Doug said. "I felt like I had the Lord on my side."

Protection Urged For Right To Know

DALLAS (AP)—Proposed legislation designed to protect the public's right to know what is done by tax-supported agencies won support from four Texas newspaper groups here yesterday.

Three proposals, including one that make actions by public agencies taken at "unofficial meetings" invalid, were endorsed by all four of the newspaper groups. Another measure, calling for the removal of public officials who invoke the Fifth Amendment, was approved by three of the groups.

The proposals are to be offered to the State Legislature which meets in January.

The proposals were reviewed by the Joint Committee on Freedom of Information Legislation, headed by Ed Wishcamper, managing editor of the Abilene Reporter-News. Wishcamper is chairman of the Freedom of Information Committee and vice president of The Associated Press Managing Editors Assn.

The proposed measures call for open public records; open meetings of all city, county and state agencies; punishment for public officials who remove and alter public records, and removal of public officials who resort to the Fifth Amendment in refusing to testify about their official actions.

The joint committee also decided to amend its "opening meeting" bill to make decisions taken at informal meetings by public agencies invalid.

Besides the Texas APME, other groups represented at the meeting were the Texas Press Assn., the Texas Daily Newspaper Assn. and Sigma Delta Chi, professional journalism fraternity.

At another session later in the day, Sigma Delta Chi's state executive committee decided to support the first three proposals but not to back the measure providing for removal of public officials taking refuge behind the Fifth Amendment.

"We voted unanimously not to back this proposal because we consider it unconstitutional," Tomme Call of Corpus Christi, state president of the fraternity, said.

The TDNA was represented by S. B. Whittenburg, publisher, Amarillo Globe-Times, TDNA president; and TPA by J. C. Smyth, Liberty Vindicator, TPA president; W. R. (Beau) Beaumier, Lufkin Daily News, TPA legislative committee chairman; Russell W. Bryant, Italy News-Herald, past TPA president, and Vern Sanford, Austin, TPA general manager; Sigma Delta Chi by its Texas president, Tomme Call, Corpus Christi Caller-Times. Representing Texas APME besides Wishcamper was J. Q. Mahaffey, Texarkana Gazette and News, past Texas APME president.

New Episode In Aurora's Feud Flops

AURORA, Ill. (AP) — Another episode in the comedy-drama featuring the perils of Paul Egan, Aurora mayor, and the city's cops was unfolded before a late matinee audience Sunday. It was a colossal flop.

Egan, at a special emergency meeting of citizens, called for 100 volunteers from the crowd of about 350 to police the city. They would, he said, replace the 68-man police force he has suspended.

Only 11 persons raised their hands to Egan's clarioncall.

Egan had opened the meeting by reading a statement in which he blasted away on numerous subjects and said the world is generally going to pot.

He ended it very quickly after the show of hands, saying: "Thank you, good night."

As the so-called emergency meeting was going on in the City Council chambers upstairs in City Hall, downstairs more than 40 of the cops Egan has suspended patrolled the corridors.

They were on the job under orders of the fired police chief to resist by force if necessary any attempt by the fiery little mayor to take over the police department.

But Egan's latest attempt to make stick his orders firing Chief Donald Curran and the police force fizzled. The City Council has backed Curran and the policemen in their refusal to obey Egan.

The controversial 60-year-old mayor didn't appear dismayed by the lack of volunteers for a police force. He didn't appear any too happy either. He told newsmen he didn't know what was going to happen next.

Egan's feud with Curran and the cops erupted a week ago after a dispute over bingo. Egan, in his second four-year term, has been in previous disputes and Curran is the 11th chief he has appointed.

Negroes At White Church

MEMPHIS (AP)—Two unidentified Negroes, a middle aged woman and a boy, attended morning worship services at a white church here Sunday.

The pair entered the Evergreen Presbyterian church shortly after services began and left during the closing benediction. Three church members reportedly walked out when the Negroes were seated by ushers.

"They were treated courteously by the ushers," said Dr. W. J. Millard, pastor. "The Church Session, or governing body, had instructed them to seat whoever came in."

Millard said the Church Session adopted a policy of seating Negroes three years ago. Sunday was the first time Negroes came to a service.

More Detroit Polio

DETROIT (AP)—Six more polio cases were reported in Detroit over the weekend, boosting the city's total polio caseload for the year to 529 and 16 deaths. Three of the new cases were paralytic. At this time last year, Detroit had 170 cases and two deaths.

Injured Sparrow Is Treated In Hospital

DETROIT (AP)—A sparrow in flight collided with Lawrence Lilley's car near the Dodge truck plant—and wound up as a plant hospital patient.

Lilley, a hospital nurse, took the injured bird inside, gave it spirits of ammonia and an infra-red lamp treatment and fixed up a splint for its broken left leg.

He expects to let the sparrow fly away in a day or so.

Junior Editors Quiz on CUSTOMS

QUESTION: Why are wedding rings worn?

• • •

ANSWER: From the earliest times, rings have had special meanings. In olden days few knew how to write and so used rings with a special design carved into them to stamp wax or other soft material with a kind of signature (signet rings.)

The ancestor of the wedding ring is the engagement ring, and this can be traced to Roman times—although it soon passed from pagan to Christian use. The wedding ring was a simple step beyond the betrothel ring, symbolizing that the two parties were entering into a very deep and serious obligation, that of devoting themselves to each other. A plain gold band is generally preferred, perhaps because people feel that deep meaning is best expressed in a simple way.

• • •

FOR YOU TO DO: Look forward to the time when you yourself will be holding a wedding ring. You'll be the boy or girl in our drawing, and it will be the greatest day in your life!

• • •

(Marilyn Shea wins our $10 award for this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: How fast can anyone pitch a baseball?) 10-6

Nike Safety Under Study

WASHINGTON (AP)—A special Pentagon - appointed committee starts considering ways today to improve safety measures at Nike sites and other Army air defense installations in the United States.

Appointment of the five-member committee was announced by Secretary of the Army Brucker. The panel is headed by Clifford F. Hood, president of the U. S. Steel Corp.

Brucker told of the new committee in a letter to Sen. Henry M. Jackson (D-Wash), member of a Senate subcommittee which looked into a chain explosion of eight Nike antiaircraft missiles near Middletown, N. J., last May. In the blasts, 10 persons were killed and three hurt.

The Army secretary said the committee has been assigned the job of making recommendations on safety features of Nike warheads, operating procedures, methods of transporting missiles and warheads, and like matters.

Wounded Robber Is In Good Condition

AMARILLO (AP) — Johnny Muse, 32, Oklahoma City laborer wounded in a gunbattle with a highway patrolman, was reported today in good condition at a hospital where he was under armed guard.

Muse was wounded Saturday in a fight with Highway Patrolman Bobby McWhorter shortly after an Amarillo finance company and a beer distributing firm were robbed of $6,000.

Officers said Muse, who has a 17-year record of petty crimes, said he staged the two holdups within 15 minutes.

CARPETING AND DRAPES are among items being featured in the Sears, Roebuck & Co. Home Furnishings Jamboree, scheduled throughout the month of October. Mrs. Faye Erwin, manager of the Sears order office on the East Highway, shows some of the carpeting samples on the floor of the office. Drapes and curtains are shown in the background. (Lee Watson photograph)

Home Furnishings Jamboree Is Now Underway At Sears

Hundreds of specials at reduced prices are included in the new Home Furnishings Jamboree, which has opened at the Sears, Roebuck & Co. order office, East Highway, and will continue through Oct. 31.

In the big jamboree, special easy terms can be arranged for early orders, with no monthly payments until January.

This jamboree is a good opportunity for Snyder shoppers to begin early Christmas shopping and get many gifts at lower prices, according to Mrs. Faye Erwin, manager of the store.

But this jamboree is a special opportunity for the woman of the house to brighten up her home, taking advantage of the many specials on the things the home always needs.

Carpeting is among the big items in the sale. One of the biggest bargains is a 50 per cent saving on a factory close-out on first quality Axminster rugs with waffle rug cushion included. In that sale, a 9 by 12 carpet can be bought for $39.95.

There are also many other carpeting values. From 13 to 16 per cent can be saved on Durablend "Emmobsseds" Axminster, 80 per cent wool and 20 per cent nylon. Sale prices are $7.44 per running foot for that nine feet wide and $9.92 for that 12 feet wide.

There are a number of styles of carpeting at in-between prices, special value in a low-priced broadloom carpeting for $2.99 per square yard in ivory, sage green, sandalwood, or nutria. Rug cushion is on sale for 89 cents per square yard.

Draw draperies in Harmony House are among the specials, ranging in price from $5.74 to $7.94 per pair on those 50 by 84 inches in the better draperies. There are many special values in fiberglas no-iron draw draperies and other curtains.

One of the top values in the sale is an extra-firm foam latex mattress with 612-coil box spring for $104.88. There are also savings on bunk beds and bedroom chests.

The sale includes bedspread buys ranging from $5.97 for a spread of authentic heirloom styling which is completely washable and requires no ironing. The price is the same for a super full size, 96 by 108 inches, or a super twin.

The jamboree has special savings in such things as table cloths and pads, desk lamps, table lamps wall plaques, paints, linoleum, throw rugs, bath sets, door canopies, and many other items.

Mrs. Erwin invited Snyder and area residents to let Sears' salespeople help them with their shopping and in savings on home furnishings of Christmas buying.

Needlecraft Shop Expands Service, Adds To Personnel

With constant expansion of the Needlecraft Shop on the east side of the square here, the addition of new personnel has become necessary, and one of Snyder's most highly qualified and best known women's clothing saleswomen has been employed, Mrs. Kathleen Glover, owner, said.

The new saleslady is Bertie Stringer, who is well known to Snyder area residents as a leading women's clothing saleswoman.

She has formerly been employed at some of Snyder's leading women's clothing stores.

Some of the fine lines of women's clothing now handled by the Needlecraft Shop include Nardis of Dallas, Patty Woodards and Mackshore blouses -- all top lines of women's clothing, Mrs. Glover said.

"We are getting in new things every day and are adding to our lines as fast as possible to help provide almost everything women need in clothing lines," Mrs. Glover said.

In addition to blouses, suits, sweater and skirt separates and ensembles, the Needlecraft Shop has one of Snyder's best selections of fine lingerie -- featuring such famous brands as Trillium and Gilbreath and others.

"Knowing that lingerie items are among the most appreciated and most popular Christmas gifts, we have assembled a very fine line of lingerie items to please all women -- and all budgets," Mrs. Glover said.

"Now is an ideal time to make Christmas lay-away purchases so that you can select your presents before the selections are picked over, and so that a small amount can be paid from time to time without a strain on the Christmas budget," she said.

Of course, the Needlecraft Shop is still headquarters in Snyder for all types of sewing supplies, yarns threads, tapes, trims, buttons, belts, sequines and beads.

NEEDLECRAFT SHOP— Bertie Stringer, a well known women's clothing saleslady in Snyder, is pictured above in the women's clothing department of the Needlecraft Shop on the east side of the square, where she recenly became employed. Bertie invites all of her friends and former customers to visit her and see the many fine women's clothing selections in the Needlecraft Shop. (Lee Watson photograph)

Engineer Is Back To Work On Invention

LOS ANGELES (AP)—A penniless engineer has returned from a hobo jungle to continue work on an invention that may end plane collisions and earn him a fortune.

Elmer C. Meukel, a self-taught electronics whiz, came home to his wife and three children Sunday three months after hitting the hobo trail to escape the pressure of mounting bills.

Only slightly less eager than his family to welcome the 41-year-old Meukel back were the officers of the Polaris Engineering Co. of Los Angeles. They say the government is willing to spend five million dollars to develop his invention.

"We're ready to go to work on it right away," said Ben Raddatz, president of the firm. The device is designed to detect an oncoming plane and automatically divert the aircraft to avoid a collision.

It was the company's report of the apparent success of Meukel's invention that started the search for him last Sept. 24. A newspaper reporter finally tracked him down in Reno, Nev.

Meukel, who learned engineering through correspondence courses, said he abandoned his family in a fit of despondency last June after efforts to peddle his motion-detecting device proved unsuccessful, leaving him broke.

"I couldn't stand seeing any more bill collectors come around," he explained. As for why he didn't write all the time he was gone: "I didn't want to write when I didn't have anything to offer."

Meukel said he rode freight cars, hitchhiked and visited relatives before finally settling down in a hobo jungle on an island in the Truckee River at Reno.

Upon his return Meukel learned that another engineering firm, Compaco, Inc., has filed suit for a million dollars damage, claiming Meukel's invention infringes on patents they hold for such a device. Meukel said he was certain his invention was entirely original.

He figures his contract with Polaris should bring him about $35,000 a year if the device works and is successfully marketed.

As he quoted the figure he tightened his arm around his wife Jean. She squeezed him back.

"The money isn't important," she said. "The main thing is you're home."

Deaf Girl Is Drowned

SENORA, Calif. (AP) — A 23-year-old Richmond, Calif., girl on a rubber raft drowned silently in rapids on the Tuolumne River Sunday.

She was a deaf mute, Esther P. Chavez, on a camping trip with three men students of the State School of Deaf at Berkeley.

Her companions told officers through notes that Miss Chavez paddled into the river on a rubber raft while fishing. One of the party, John Smith of Oakland, saw her drifting toward rapids and signed to her to come back to shore. She signed back she thought she could hang on to the raft. Then she was torn loose from the raft in the rapids.

Moscow Radio Gets A New Recording

COLUMBUS, Ohio (AP)—Radio Moscow is getting a recording of "America the Beautiful."

Samuel J. Williams, who teaches American history at Roosevelt Junior High School here, heard the Soviet short-wave radio say it didn't have the recording during a program in July.

He wrote Radio Moscow offering to send the record if it would be played. The Russians replied, promising to broadcast the recording.

Williams says his six classes have enthusiastically joined in purchasing the record, which the mother of one student will package for shipment.

Army Reports Escapade Of GI In Japan

TOKYO (AP)—The U.S. Army announced that a GI got drunk on antihistamine tablets today, robbed an airman of $10 and his Japanese girl friend and then shot and seriously wounded a Japanese taxi driver.

The Army said the shooting was apparently accidental and that the soldier, Pfc. Anthony W. Bracato, 21, Baltimore, Md., has been in the equivalent of a drunken stupor due to having taken two boxes of antihistamine capsules.

"The facts as presently reported indicate that the case will fall within Japanese jurisdiction," the Army said, meaning the Japanese authorities will decide whether Bracato is to be charged and that a Japanese court will try him if he is.

The Army gave this account of the incident:

Bracato, assigned to the Army's logistical depot at Tokorozawa, apparently took two boxes of the drug, then drove from the depot to the Tokorozawa railroad station. There he abandoned his car and took a cab to nearby Yokota City.

At Yokota, he picked up an unidentified airman and the airman's Japanese girl friend and drove back toward Tokorozawa in the cab. En route he pulled a .45 automatic pistol, robbed the airman of $10 and pushed him out of the car.

"Upon returning to the area of the railroad station," the Army report continued, "he again flourished the pistol and, according to the testimony of the Japanese girl, it was accidentally discharged, the shot penetrating the back of the cab driver, piercing a lung and coming out of his chest."

Military police, who arrived when Bracato and the girl sought assistance, talked him into surrendering his weapon. He was taken in custody to Johnson Air Force Base hospital, near Tokorozawa, and his stomach was pumped out. U.S. military and Japanese police began investigation.

Easy Way To Kill Roaches And Ants

Scientists recommend that you control roaches and ants the modern way — with Johnston's No-Roach. Brushed just where you want it (table legs, cabinets, sills, asphalt tile, etc.), the colorless coating kills these pests. It's effective for months, sanitary, and easy to use. Get No-Roach at D&H, Furr's, Piggly Wiggly, Safeway, Sunbeam, B&B Parkway, Rainbow's, & your local food or drug store.
