REAP Reinstated Court Rules Impoundment Illegal

The Rural Environmental Assistance Program (REAP) for 1973 has been reinstated by the Agriculture Stabilization and Conservation Service (ASCS) after a court ruling that stated the impoundment of funds allocated by Congress was illegal.

The court ruling was made after a farmer filed suit on the matter.

On Dec. 26, 1972, ASCS announced that the Office of Management Bureau (OMB) had

impounded funds allocated by Congress for the REAP program and that there would not be a REAP program for 1973.

Don Stewart, Mitchell County ASCS executive director, said he received notice Monday that Mitchell County will have \$36,870 for the 1973 REAP program as well as \$11,271 for a new 1974 program retitled Rural Environmental Conservation Practices (RECP).

Applications are now being taken for the REAP funds that are

now available under the 1973 program. The \$36,870 was the amount allocated for Mitchell County for 1973 but was not used and applications were not taken because the funds were impounded and the program eliminated in late 1972.

The impoundment of the funds was of vital concern to landowners and local residents protested vigorously to Washington officials.

In 1972, Mitchell County received \$52,981 in REAP funds.

The reinstated REAP program is expected to finance some 100 miles of new terraces, about 25 new water ponds, some 5,000 acres of permanent vegetation, five waterways and animal waste systems, among other improvements.

The \$36,870 represents 50% of the cost of the projects as landowners pay 50% of the costs and the government pays 50% of the costs. Stewart pointed out that the reinstated 1973 program is not retroactive and costs of projects completed during 1973 cannot be reimbursed. All projects must be requested through and approved by ASCS.

The last year in the REAP program did not affect the Soil Conservation Service's Great Plains Conservation program.

Under the REAP program, a landowner is limited in benefits to \$750 a year from the government on land he owns in one county and to \$1,500, the top limit to what any one landowner can receive in one year.

Stewart noted that there are conservation needs in Mitchell County on more than 200,000 acres of farmland and more than 300,000 acres of ranchland.

The REAP program is especially important in emergency. See REAP Page 10-A

City Council Election

The City Council election for three places on the Council will be held Tuesday, April 2. The Colorado City Record invited each of the eight candidates to express views on the election and the first four, in alphabetical order,

are presented below. The next issue of the Record will present the views of the remaining four candidates: Don Minshew, Charles L. Snider, Joe Stockton and Herman Upshaw.

Marion Bassham

As election day draws near, I find myself thinking more and more each day, "If I am chosen for one of the council seats, how can I best serve the people of Colorado City?"

I have said often during the past three weeks that I am not a politician but a most interested and concerned citizen. Whenever I did say this to anyone, the reply was usually, "That's fine. We don't need politicians as much as we need concerned citizens." I hope that this is the consensus here.

The publisher of the Colorado City Record has offered to print my statement in which I may tell the voters how I might propose to make Colorado City a place for a good life. I thank him for this.

Action speaks louder than words, but maybe a few words will give the necessary push to start a few more balls rolling. Before I go any further, however, may I report this? It is my sincere belief that any growth, gain or going on to better See BASSHAM Page 4-A

Having been raised in Colorado City from childhood, and to have been able to see Colorado City grow and prosper: To be able to know the people of this fair city and to have had the occasion to learn and love each and everyone here: for this, and this alone, have I chosen to run for City Councilman.

By doing so, that I might add something, even if it be only one thing, to help make this town an even better place to live than it already is. I consider it an honor to be able to run for Councilman.

If you the people of Colorado City should elect me, I will strive for more and better surfaced streets at a minimum cost—better upkeep of our dirt streets by seeing that they are graded and smoothed frequently.

I also feel that we could benefit by cleaning up our community and placing a greater emphasis on our positive points, since outward appearances make the first impression. See HAMNER Page 9-A

J. Lee Jones Jr.

Last year, the City Council election created more interest, and resulted in more involvement, than Colorado City had experienced in many years. This, in itself, was a great achievement and victory after years of apathy and indifference.

Colorado City is your town, and my home town, and it takes the active cooperation and involvement of all of us to improve its appearance and economy.

I was born, educated and reared in Colorado City; my affection and roots run deep; I have a genuine and unselfish interest in the appearance and prosperity of Colorado City; and, since moving back here in 1971, after an absence of approximately fifty years, I have done everything within reason to justify my personal and professional existence by improving the appearance of my own properties, by constructive criticism and suggestions, and by serving as a member of the Board of Directors of the Colorado City Industries. See JONES Page 9-A

Finis L. (Buck) May

Friends of Colorado City, I would like to take this opportunity to thank each and every one of you from the bottom of my heart, for the honor and privilege of serving you as a member of your City Council.

During the last four years of which I have been a Council member, the city has completed numerous projects and is in the process of completing several more. Experience is the best teacher and I feel that I am qualified to serve all the people in a progressive and prudent manner.

I am a native of Mitchell County and having chosen to raise my family in Colorado City indicates my concern for the future of the city.

So when you go to the polls to vote on April 2, vote for one you know is right, one who has proven himself by his services, honesty and loyalty in the past. And again I say Thank You. Finis L. (Buck) May

Bank Transaction

Herbert Mearse, left, congratulates Ronald Bruce on being named executive vice-president of First State Bank of Loraine after Mearse sold controlling interest in the bank to Michael Vaughn, right, and Robert Sullivan, second right, both of Waco, and Melvin Boothe, of Clarendon.

Group Buys Control Of Loraine Bank

Controlling interest in the First State Bank in Loraine has been sold by Bank President Herbert Mearse to two men from Waco and a third man from Clarendon. It was announced Tuesday.

Transfer of ownership will become effective Monday, April 1.

The new owners are Michael Vaughn and Robert Sullivan, both of Waco, and Melvin Boothe, of Clarendon.

They own six other Texas banks, Security State Bank of Medley, City State Bank of Wellington, Woodson State Bank of Woodson, First State Bank of Grapeland, Citizens State Bank of Princeton and First Securities State Bank in Cranfills Gap.

The new owners announced that Ronald Bruce, vice president and cashier of the bank, will become executive vice president of the bank and Boothe will be president (inactive). Vaughn will be chairman of the board and Sullivan will also be a director of the bank.

There will be no other changes in personnel at the bank, said Vaughn, and no other changes on the board of directors. Other members of the board are Mrs. Kirk Taylor, Mrs. Hubert Thomas and Dr. Bruce Johnson.

ard are Mrs. Kirk Taylor, Mrs. Hubert Thomas and Dr. Bruce Johnson.

"Because of rising prices and demands for agriculture products, we feel that any agriculture area, such as Loraine, has a bright future and due to this, the bank has a bright future," said Vaughn.

"We feel that in a town of this kind, the heart of the community is the schools and the bank. The community and the future of the community is of vital interest to the bank," Vaughn added.

He said he wants everyone to know "that this is the First State Bank of Loraine today and the First State Bank of Loraine tomorrow."

Vaughn added that the only foreseeable change is possibly a new building for the bank. He added that the association of First State Bank of Loraine with the other six banks operated by the new owners will strengthen the bank's position to deal with the needs of the local community.

Mearse expressed his appreciation to everyone for their loyalty and support of the bank during the time he has been associated with the bank. He urged everyone to continue to

give their loyalty and support to the bank as it is "in good hands."

Mearse, who was born four miles north of Loraine, Nov. 12, 1921, became associated

Loraine Sales Tax Check 'Up'
City of Loraine Wednesday received a check from the state for one per cent sales tax receipts for the final quarter of 1973.

The check to Loraine was in the amount of \$1,096.08, one of the larger checks received by the city of Loraine. For the final quarter of 1973, the check received by Loraine amounted to \$744.13. The increase in sales tax between the final quarters of 1972 and 1973 indicates the good health of the Loraine economy.

He will continue to live in Loraine and will operate the Taylor & Mearse Insurance Agency in Loraine.

Vietnam Veterans Observance
Vietnam Veterans' Day will be observed nationally Thursday, March 29.

VFW Post 9178 in Colorado City will accord special recognition to Vietnam Veterans during the regular Thursday night dance at the post tonight.

All Vietnam Veterans and their guests will be admitted free to the dance. The Country Corporation is playing for the dance.

City Sales Tax Check \$26,212.61

The City of Colorado City Wednesday received the largest check ever from the state for the city's one per cent sales tax.

The check was for sales tax collected during the October through December quarter of 1973, the Christmas shopping season.

The check received by Colorado City was in the amount of \$26,212.61 which was almost \$8,000 more than was received for the same quarter in 1972. The amount received for the final quarter of 1972 was \$18,379.47.

The gross amount of sales tax collected during the last

quarter of 1973 was \$26,959.19, less a percentage that the

Postpones Bid-Taking
Bid-taking for the \$1.75 million high school and renovation projects for Colorado City schools has been postponed a week, to April 11 at 2 p.m. in the high school cafeteria.

Architect Tommie Huckabee of Andrews, with the architectural firm of Riberd and Huckabee, said that some contractors had contacted his office and said that they had not had enough time to work up their bids for the scheduled date of April 4.

state keeps for collecting and distributing the sales tax.

The gross amount of the sales tax represents \$2,695,919 in retail sales. This figure does not reflect all the retail sales during the final quarter of 1973 in Colorado City as many items are not taxable.

The previous high amount received by Colorado City was for the third quarter of 1973, July through September when

the check amounted to \$21,649.78.

The sales tax receipts is one of the best indicators of the economy of a city, along with bank deposits, number of water meters, electric and gas connections and number of telephones.

During the past three years, all of these indicators have continually been on the increase, indicating that the local economy is on the boom.

Local Easter Seal Appeal Going Well

Mitchell County's Easter Seal Representative reported that the 1974 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well. George Womack of Colorado City, serves as Easter Seal Appeal Treasurer for Mitchell County.

The 1974 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas. Last year the Society helped 20,570 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 18 treatment facilities in Texas where children and adults not eligible for other assistance are treated. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

As Easter Seal Representative, George Womack is the person to contact for services from the Easter Seal Society. He can

be contacted at the City National Bank.

When contacted for services, Womack will provide the request form to be sent to the Texas Easter Seal Society in Dallas to determine the needs of the disabled person. The Society will provide the service where possible or will advise the handicapped person of the best resources available to help him.

State Rep. Elmer Martin A Voice For You

When President Nixon froze funding for vital agricultural programs, State Rep. Elmer Martin co-sponsored the Texas House of Representatives resolution calling for re-instatement of permanent conservation funds.

The resolution gained overwhelming support from the House. It was important in causing the President to reconsider the REAP program.

State Rep. Elmer Martin is a member of the House Committee on Agriculture. He is a true voice for the small towns and rural communities of West Texas. His livelihood comes from the soil, a small farm at Colorado City. And that is another reason why Elmer Martin is honestly good for a second term.

Pol. Adv. Paid by Elmer Martin Campaign, Elmer Martin, Mgr.

YOU CAN BE JUST A CHRISTIAN

Being just a Christian means trusting and obeying Jesus Christ as Paul, Philip, and the early Christians did in the first century after Christ. It means going back beyond all the distinctive human doctrines of today to find Christ just as He is revealed in the inspired New Testament. You see, there were no different denominations in the beginning of Christianity. The early disciples were all "one body." They were called simply "Christians" (Acts 11:26). They did not follow different creeds, but were guided by "the faith once for all delivered by the saints" (Jude 3). The New Testament first as the spoken word and later as written down by "holy men of God" as they were guided by the Holy Spirit, was their only rule of faith and practice. We have this same New Testament today and can reproduce the same pure Christianity which flourished in the first century.

To find out the details of just how you may become and remain a Christian you must open your own New Testament and read for yourself. Study the life of Christ and then read the book of Acts. You will find that Jesus built only one church, and the Lord added everyone who obeyed the gospel of Christ to this undenominational church, the body of Christ (Matt. 16:18; Acts 2:47). The Bible teaches that you will be added to this same body today when you believe in Jesus Christ as God's Son, repent of your sins and are baptized for the forgiveness of sins (Acts 2:38). Why not become just a Christian and worship and work in the undenominational church of Jesus Christ? Life is too short, death is too sure, and eternity is too long to take a chance with your soul!

Not mine—not yours—but Christ's church. Attend Bible class and worship with us Sunday. Find out for yourself what is taught and practiced.

things will come about only when we all work together for Colorado City. These things can be realized through Faith, Hope, Love and Understanding Hearts. Try them.

There are several "balls" already rolling and gaining momentum. I will support them as long as I believe that they will be good for our town.

1. Will you understand why I put Root Memorial Hospital first? I have worked there for eight years now, made many friends, learned many things and have become a happier person because of my job. It is a very special kind of hospital. Service and smiles come first. We are small but are willing to grow enough to take care of anticipated needs of the surrounding areas. We know that small hospitals are needed so we are doing our best to keep up with federal and state rulings. You may have looked into that hole on Chestnut Street and wondered when our new patient rooms and lobby would be completed. I have, too.

2. The new industry in Colorado City is most encouraging. Jeanne Manufacturing Company is enlarging. Foam-Tex has expanded their business. M&T Food Service has remodeled their building. H&H Auto Air, Inc., is an up and coming place of business. Sequoia Mobile Homes, Inc., is a sizeable construction complex. I am proud to have them here and wish them well.

As I list these new members of "Colorado City business," I would like to express my gratitude to the members of the Industrial Team (past and present) and to all who support them. The present effort for more housing in Colorado City is of vital importance. "Thank you for being here," to all of our local businessmen and women. I wish for you prospering and satisfying work. "Work is Love made Visible."

3. Our expanding school system will hopefully become one of the finest in West Texas. We must draw teachers of merit to instruct and guide our students, young and adults. It would not be fair to have just the basics of grades, one through twelve. We think more of our children that that! We want the extras

that stimulate the questions; we want the teachers who think and take the time to supply the answers. Colorado City schools are preparing young people for the future—their and ours.

4. Mitchell County Public Library is a credit to all who work for its continued growth. This is a county owned project that Colorado City is proud to have.

5. The new Civic House is still on paper, but not for long. This building will be an important "ball" filling a real need. Second Street will have a progressive new look which will further prove that Colorado City citizens want growth in several directions.

There are many other projects rolling along which I shall endorse or push if I am needed. The Opera House, the museum, Riddick Park, planting by Garden clubs (why couldn't we tear down some old buildings which are useless, eyesores and fire hazards?) and have some small park areas?

I would like to be proud of my city. Right now I am ashamed of the way it looks in some places.

Could we please have and/or consider:

1. Better control of trash and garbage.
2. More paved streets and better street repair.
3. All streets plainly marked—up, so that it can be read.
4. Improved living conditions south of Railroad tracks.
5. Where is that water coming from on 2nd Street?
6. What to do with the Baker Hotel?
7. Would it be possible to have perpetual care in our cemeteries?

I do not know the answers to these problems yet, but if I am elected, I am going to work with our city manager, our mayor and the other Council members, to the solutions. I have been told that a Council member must have patience and must not rush into things expecting immediate results, so—

"Turtles can tell more about the roads than hares"—I shall consider myself a turtle working for progress.

COLORADO Jr Hi CHATTER

Tuesday all of the 8th graders went to Western Texas College in Snyder to the Planetarium. They went to learn more about astronomy. The students were divided up. The girls of section B, all of sections A and C went on the first trip at 8:30. The second trip left at 9:20. This was the boys of section B all of sections D & E. Mrs. Rees sponsored one bus and Mrs. Griffin the other on the first trip.

The reason we were divided up the planetarium couldn't hold the 153 8th graders at one time. On the second trip Moore and Coach Gierhart were the sponsors. Miss Ratliff went with the first group and came home with the second group. Each student paid 25¢ for the running of the machine and speaker.

We had a science teacher from Western Texas speak to each group about the different constellations and the planets. He told us a lot of things we didn't know. We learned a lot by this experience.

We really would like to thank our bus drivers for taking us and returning us safely. Not only did we have a fine learning experience, but we had fun on the trip.

Teacher Profile

Sandra Pawkett was born in Cleburne, Texas on August 31st. She graduated from Technical High School in Fort Worth.

Sandra is married to C. L. Pawkett formerly of Fort Worth. They have two daughters, Jamie, a sophomore and Jr. Varsity cheerleader for CHS and Terri a senior and Varsity cheerleader.

Mrs. Pawkett likes to attend sports activities and she also enjoys bowling and going out to Lake Colorado City and cooking out.

She was a secretary for Wallace School for 4 years and also taught P.E. out there for 2 1/2 years. She is now the Aide for Plan A in Junior High and works with Miss Phillips.

Mrs. Pawkett said, "I really enjoy working at Junior High with the students and seeing how they've progressed. Mrs. Pawkett and her family have lived here 11 1/2 years.

She is really appreciated here at CJH.

Another track meet, another trophy and would you believe it, no sand blowing! Yep, you'd better believe it, we took the Winters track meet also and brought home another pretty first place trophy. At the beginning of the meet C-City didn't do so hot, but as the meet progressed the thin clouds seem to get down to business. Here we have the meet as it was. Field events first and the running events second.

The long jump wasn't exactly the best jumping the boys have done. Frank Sanchez took 3rd in it. The discus boys had been working all week and it showed up at the track meet. First place was taken by Kevin Gieger, QE, while David Ornelas took second and Dobie Williams came in 4th. Frank Sanchez placed 1st in the high jump with Blake Hammond taking 3rd.

Ed Adams and Kevin Gieger are getting on up there in the pole vault. Adams had a vault of 9' and Geiger 3rd with 8' 6". Ed Adams was the only guy to place for C-City. He got fourth place in the discus with a throw of 37' 3".

The running events is where the boys got down to the nitty-gritty. Except for the 440 relay in which C-City was disqualified. That was all they did wrong for the rest of the day. Frank Sanchez took the 100 yard dash with a time of 10.8. He was also the only one to place for C-City. David Ornelas was good enough to get second place in the 220 yard dash. Ricky Rivera also placed in the 220 in 5th place.

The hurdlers it seemed like, wanted some blue ribbons because they placed every guy they entered. First was Ed Adams in the 70 HH and Kevin Gieger was first in the 220 HH. Geiger also placed third in the 70 HH with Bill Jordan getting 5th. Jordan also got fifth place in the 220 HH and Robert Parker getting sixth.

The long distance men seemed to pull it out for C-City but it took everybody to win it. Matt Sheppard with a magnificent kick won the 1320 with a time of 4:05. Placing in the 1320 also were Ernest Aguilar with 4th and Danny Torrez with 6th.

On the 66 Blake Hammond and his crew did very good. Hammond placing second with a time of 1:38.8, Joe Franco 3rd and Garcia 6th.

The last dash we have is the 330 with the 1320 relay left. Ed Adams having his greatest meet yet got 1st in the 330 with a time of 41.1. Selvera placed 2nd with 42.5. On the 1320 relay the boys smoked them again. This time by about 200 yards. Here Sanchez running last leg just coasted in. So our track season draws to a close with our own Jr. Lone Wolf Relays at Wolf Stadium this Friday at 2 p.m. Come on out and catch a great bunch of guys running, jumping, vaulting, hurdling and throwing trying hard to make it 3 in a row.

TOPS TX 691 Has Regular Meeting

Guidelines For Voting Registration

Mitchell County citizens are being reminded by county Democratic chairman T. L. Rees that they need to register at least 30 days before the Democratic primary election on May 4, 1974 if they failed to vote the past three years in the primary or general elections.

New residents or people who have moved to different precincts within the county should also register to insure that their names will be on the proper voting list.

Registration can be made at the courthouse in the county clerk's office by April 4.

All registered voters 18 years old and over are eligible to vote in the primary elections.

If a person has voted in a primary or a general election within the last three years, then he is an eligible voter.

If a person has moved within the county, notification of the change of address should be made at the clerk's office 5 days before election day or listing in the proper precinct.

If a move from one county to another has been made, then persons should re-register 30 days before the election for voting in the new place of residence.

Reese also gave information on absentee voting for the primary election to begin on April 14 at the county clerk's office and continuing through April 30.

Marked absentee ballots for the primary must be mailed back to the county clerk and postmarked no later than midnight May 3, 1974.

Juan Miguel, son of Mr. and Mrs. Miguel Ramirez was born March 20 weighing 6 lbs. 14 ozs.

Tracy Gayle, daughter of Mr. and Mrs. David Hoover was born March 20 weighing 8 lbs. 4 ozs.

Students In Honor Fraternity

QUAPAW
cotton

**ANOTHER GREAT VARIETY FROM
ROGERS DELINTED COTTONSEED**

Texas cotton growers from the Valley to the high plains are reporting favorably their results of planting the new QUAPAW Cotton from Rogers Delinted. Such comments as, "the cotton strips and gins good and I am increasing my planting next year." QUAPAW cotton has a

medium size storm resistant boll and good seedling vigor with medium size seed. QUAPAW responds well to single row, skip row or narrow row spacing. It harvests well with strippers or spindle pickers. QUAPAW gins good and cleans up good with extra high quality fiber.

A Message to the High School and College Age Students of Colorado City. . . (and those who love them) From the President of West Texas State University

You are standing on the threshold . . . perhaps the threshold of greatness, but at least on the threshold of what can be a rewarding career. West Texas State University is also on the threshold . . . we think it is the threshold of greatness.

There is a new excitement on our campus. Everyone associated with the University tells me they feel it, students, faculty, alumni and our many boosters throughout the Panhandle.

The excitement started ten years ago when we achieved University status. We began getting many new facilities including a new library, science building, research center, classroom and administration buildings and a new Student Activities Center which is second to none in the United States. We have new programs of a dozen different kinds . . . even one for horsemanship.

Much of the money for these programs and facilities has come from individual citizens, companies and foundations. These benefactors say, in effect, that our area should be the site of a significant university . . . a university with facilities and programs which attract outstanding faculty and students from all over the nation, even the world.

WTSU is growing but it is not so big but that our teachers can take a personal interest in each student and relate to him as the individual he is. Though we have a higher percentage of Ph.D.'s on our faculty than most universities, (over 50%) our classes average fewer students than most, (under 20).

Our students are very much a part of making things happen at WTSU. They are interested, involved and excited. Their learning experience is bigger than the classroom . . . it is as big as life itself.

Tell us which of these areas of study interests you and we will tell you more about that program at WTSU. Clip this coupon and mail it to me personally. I'll see that you get the whole exciting story without obligating you in any way.

Lloyd D. Watkins

Dr. Lloyd Watkins, President
West Texas State University

P.S. Don't let financial considerations keep you from exploring the idea of coming to WTSU this summer or fall. Scholarships and other financial assistance are readily available.

Here are some of the areas in which you'll find the excitement of learning at WTSU.

Mr. and Mrs. Al Walker of Crane spent the weekend with her mother, Mrs. Harvey Leach.

Mrs. Willard Brock and Robin of Hobbs, New Mexico spent from Thursday until Saturday with her parents, Mr. and Mrs. Floyd Coffee.

Mrs. M. D. Cheek and Mrs. Elton Young are spending this week in Austin visiting their daughter and sister and husband, Mr. and Mrs. Bill Jones.

Kent Boyd was high individual

in the livestock judging at Howard County Junior College last week.

Other FFA members participating were Eddy Merket, Don Graham, Mark McDaniel and Tommy Doyle.

Ag teacher, Ron Mayfield accompanied the group.

Mrs. Pete Swafford returned to her home in Niles, Michigan Monday after spending ten days with Mr. and Mrs. W. L. Swafford. Others visiting while she was here were Mr. and Mrs. J. C. Swafford of Houston.

Visiting on Sunday was Virgil Mann of Colorado City.

Richard and Brenda Hamilton of Andrews and a friend, Kay Houseworth of Arlington visited their grandparents, Mr. and Mrs. Charlie Hamilton Sunday afternoon as they were returning to McMurry College after spending the past week at home with their parents, Mr. and Mrs. Leland Hamilton during McMurry's spring vacation.

Also visiting in the Hamilton home were cousins, Mr. and Mrs. Hershal Wagley of Putnam, who had attended the funeral of A. B. Stewart at Colorado City.

Atheneum Study Club Has Meeting

Mrs. Robert Woodward, Supervisor of Mitchell County's recently organized school for retarded persons, explained her work to the Atheneum Club members at their meeting on March 19. She explained the present activities and distributed leaflets. There are 34 retarded persons in the county who need this help.

The club program was given by Mrs. C. R. Green who told of the activities and advantages of the Midland Community Theater Center. This is a nonprofit, educational institution. It has received international recognition. Its purpose is education, enlightenment, enrichment and entertainment, with a membership of 4500. Much information was given by Mrs. Green.

Mrs. Jim Johnson concluded the program on the subject of "Poetry in Literature."

"Poetry is one of the oldest of the language arts, and has become a great part of the literature of the world," stated Mrs. Johnson. "Poetry stirs the imagination and leaves a magic pattern on the heart."

Mrs. Johnson recited examples of various types of poems.

Among them as the first canto of Scott's "Lady of the Lake," which gives a vivid picture of the chase of the deer through the Highlands of Scotland.

Early American poets were given, and a few of their poems recited, as Wordsworth's "Daffodils," Bryant's "Thanatopsis," which made him famous at 19 years of age. It marked an epoch in American Literature.

"Old Ironsides," by Oliver W. Holmes, "The Star Spangled Banner," "Battle Hymn of the Republic" and "America," are among the treasured poetic expressions of American patriotism.

"Often times poetic expressions are inspired by very common things: Stars, moon, birds, flowers, scenery, etc." Concluded Mrs. Johnson, who read several of her own poems.

Mrs. Glen Coon was hostess to one visitor, Mrs. Witt Hines of Colorado City and eleven members.

Mrs. Coon was assisted in serving refreshments by Mrs. Doyle Hester.

Church Class Hamilton, Francis Continues Study To Wed In June

Mrs. J. E. Price led the opening prayer when the United Methodist Women met Wednesday at 9:30 a.m. to continue their study "In Times Like These."

Mrs. Jim Johnson used the word "Fear" in giving the devotional. She quoted scriptures "The Lord said fear not, the fear of the Lord is the beginning of wisdom," and stated the truth that God will see us through all things if we keep our faith in him.

Mrs. Martin Dobbs said that our task as Christians is to witness through word and deed of our faith, in discussing the chapter, "Dialogue a way of Witness."

In her talk Mrs. Marshall Bruce told of the shortage of food, the drought in India where the population is so great and told about the justice, liberation and development in Japan.

Mrs. Jack Linam led the closing prayer.

Eight members were present.

Loraine HD Club Has Meeting

Mrs. Jack Linam brought the program on "Older Adult Roles" when the North Loraine Home Demonstration Club met Wednesday, March 20, in the home of Mrs. J. E. Price.

Mrs. Thomas Riden read Matthew 6:3-31 in giving the short devotional.

The president, Mrs. T. L. Holman conducted the business meeting. Mrs. Arden Ellyson led the club in recreation and the club prayer was repeated in unison.

Roll call was answered with "I wish someone would invent."

The Club discussed the cancer drive and voted to give five dollars to this drive.

Mrs. Linam used posters and the group participated in dialogue in presenting the program.

Refreshments were served to Mmes. Linam, Ellyson, Holman, Riden, Bud Shepherd, S. R. Galvan and Roy Wells.

Attends Meeting

Rev. Jimmy Roberts, pastor of Loraine's First Baptist Church attended the "Church: The Sunday Night Place Spectacular" in Fort Worth March 21-23.

The spectacular was focused on a renewed and creative emphasis upon Sunday night worship.

W. A. Criswell, pastor of First Church in Dallas and former Astronaut James Irwin were speakers on Thursday night.

Baumann HD Club Re-elects Officers

Mrs. Mabel Givens presided over the Baumann Home Demonstration Club when Mrs. Thomas Vest hosted the club in regular meeting Tuesday, March 19. Officers of the new year were elected.

Mrs. Vest led the club prayer and roll call was answered with "What I wish someone would invent." Mrs. Lynne Compton asked questions on the history of Texas in directing the recreation.

Mrs. Lester Webb gave the secretary's report and Mrs. Clara Butler the treasurers report.

During the business session plans were made to meet at the home of Mrs. Webb at 9:30 a.m. April 2, and go out from there to solicit for the cancer drive. A covered dish luncheon will be served at the Webb home after the drive.

During the business meeting Mrs. Givens reported she had sold several jars of Dissol-A-Way for the club.

In giving the program on "Older Adult Roles," Mrs. Givens gave several ideas to take note of. Among them were to keep active, eat a balanced diet, have a yearly physical check-up, do not indulge in self pity, etc.

Closing the business session Mrs. Compton, chairman of the nominating committee recommended the re-election of all officers for the new year and they were elected as follows:

4 ways to make electricity work more efficiently in the laundry.

Here are several good ways to make the most of the electricity you use in the laundry. These tips may make laundry day a little easier, too.

1. Sort clothes according to type of fabric, color, texture, degree of soil and garment construction. And try to accumulate a full load before you do a washing to save water.
2. Choose the washing cycle that is correct for the clothes

you are washing. A "hot" setting may not be necessary. Except for white or colorfast items, most loads will come clean in either a cold or warm wash.

3. If your washer has a water-level selector, choose the correct setting for the load. You'll use less hot water.
4. Clean the lint filter on your clothes dryer after each load to help it operate more efficiently and reduce drying time.

the Board of Directors of the
Colorado City Noon Lions Club,
and as Chairman of the Color-
ado City Historical Museum
Committee. I am also an ac-
tive member of the Masonic
Lodge, the Mitchell County Hi-
storical Survey Committee and
All Saints Episcopal Church.

My aim and goal is to as-
sist in improving the appear-
ance and economy of our town
and to create an environment
conducive to happiness and pro-
sperity, so that our young peo-
ple will remain in or return to
Colorado City, which could
and should be, and become an
attractive, happy and prosper-
ous city of which we can all be
justly proud.

I suggest, therefore, that you
examine carefully the attitudes
and qualifications, as well as
the past performances, of all
candidates for the three places
on the City Council and, on
April 2, vote for the three
candidates who, in your opin-
ion, will do the best job of re-
presenting you and improving
the appearance and economy of
your town.

Respectfully submitted,

on every visitor and potential
citizen.

Better communication and
more harmonious efforts between
our city, civic and county
governments can improve our
image as well as our progress.
After all, we are all working
toward the same goals, let us
pull together as one unit and one
community.

While we enjoy the privileged-
ness of the State Park, Fisher
Park and Ruddick Park, I would
like to investigate the possi-
bilities of re-instating the Hick-
lin property and properly de-
veloping it into a nature trails
area. With the help of the Texas
Parks and Wildlife Department,
nature trails could be developed
that would help to educate us all,
to have a more meaningful
knowledge of our great area.

I also feel that our City Cem-
etery is deserving of more at-
tention and better care. Many of
our City's past leaders, as well
as members of our family and
friends are laid to rest there
and it seems only proper that
we show our continued respect
by developing a more effective
means of keeping our cemetery
presentable.

With the continuing rise in the
cost of living, I am especially
interested in keeping taxes at a
minimum, and yet making the
most of every City dollar.

I feel that we need to be more
realistic about both the number
of men and the wages paid City
employees. Sanitation, water
service, streets and parks can
only be kept in top condition by
paying qualified persons a living
wage, thus cutting down on per-
sonnel turnovers.

Industry is essential to Color-
ado City's continued mainte-
nance and growth. Industry will not
consider a community without
sufficient streets, water, sani-
tation, housing and recreational
facilities.

I have no arguments, or bones
to pick, may I say, with anyone.
I want to willingly work with
every other Council member for
the betterment of our com-
munity, with other agencies and
the citizens at large. I will study
each issue and project and
make the decision that I feel is
best for the community as a
whole.

Colorado City, with its Mus-
eum, Playhouse, hospital, sch-
ools, churches, lakes, parks
and Interstate highway, has a
lot to offer. Her history is defini-
tely a drawing card and asset.
I want to serve you and will do
my very best to be an asset to
the community should I be
elected to your City Council.

Card of Thanks

We wish to thank all our friends for every com-
forting word and deed during the long illness
and death of our beloved husband and daddy.
Thanks for the beautiful flowers and food and to
the ladies that served the food. Thanks to Rev.
Roemfeld and Rev. Hodges for the beautiful
service. A special thanks to Dr. Chinn and all
the nurses at the Hospital and at Root Valley
Fair Lodge. May God so richly bless you as
he did us, in our time of need.

Rep. Martin Reports Spending

A state authorized audit reveals State Rep. Elmer Martin of Colorado City among the 15 lowest spenders of House contingency funds among all Texas legislators.

The contingency spending records of state representatives were revealed in an audit delivered last week to Speaker of the House Price Daniel Jr. and Lt. Governor William P. Hobby.

Rep. Martin, whose 61st District includes Jones, Mitchell, Nolan, Fisher and rural Taylor county, spent \$1,499.41 from his contingency funds for the fiscal year ending Aug. 31, 1973, according to the audit by Main LaFrenz & Company, Austin certified public accountants.

The audited period includes the special session and regular session of the 61st Legislature during Martin's first term in the Texas House.

The Colorado City legislator was 15th among the 10 per cent who spent the least. Fourteen others used their contingency accounts for less—ranging from \$393.53 to \$1,434.53.

But on the other side of the ledger 85 per cent of the legislators spent more with 56 legislators (37 per cent) spending more than \$8,000 for the same period.

The contingency funding is available to House members for specified expenses for office and staff and travel in addition to the limited money allocated for basic staff salaries and metered postage.

Spending least of all the 61st Legislature was Felix McDonald of Edinburg, who used only \$393.53 of his fund. Others among the 15 lowest spenders were representatives Forrest Green of Corsicana, \$477.02; Wilson Foreman of Austin, \$756.12; Jerry Russell of Garland, \$779.24; Latham Boone of Navasota, \$911.84; Ed Howard of Texarkana, \$1,015.73.

Milton E. Fox of Houston, \$1,046.01; John Wilson of LaGrange, \$1,118.64; Don Henderson of Houston, \$1,238.48; William B. Hall of Laredo, \$1,267.89; Renal Rossion of Snyder, \$1,287.93; Joseph F. Peto of Houston, \$1,292.74; John Hoestenbach of Odessa, \$1,434.53 and Martin, \$1,499.41.

Highest amount of contingency fund spending by a single legislator was \$15,838.89, according to the audit.

Three other legislators spent in amounts ranging from \$12,880.72 down to \$12,148.94. Five spent between \$11,045.49 and \$11,826.57 while 10 more spent between \$10,971.77 and \$10,113.56.

Nine legislators were in the spending level between \$9,830.93 and \$9,036.29. Sixteen spent

in the range between \$8,931.84 and \$8,082.27.

The other members of the legislature spent their contingency money as follows: from \$7,000 to \$8,000—nine; from \$6,000 to \$7,000—fifteen; from \$5,000 to \$6,000—fourteen; \$4,000 to \$5,000—twenty; \$3,000 to \$4,000—sixteen; \$2,000 to \$3,000—twelve; \$1,000 to \$2,000—thirteen, and less than \$1,000—four.

According to the audit, Rep. Martin spent his \$1,499.41 for these authorized expenses:

\$150 for professional services and fees; \$548.03 for stationary and supplies to set up his first-term office; \$111.76 for extra postage (non-metered); \$53.05 for telephone and telegraph; \$131.85 for copying documents and reports; \$471.42 for publications; \$11.30 for photography.

The Colorado City legislator noted that the audit fiscal year audit included 4 months before he began his legislative term in January 1973. However, these were fall months when the legislature was not in session and Martin's contingency expenses during the non-session months is practically zero.

Wolves Defeat Big Lake

Colorado City's volleyball teams won two matches over Big Lake Tuesday night, tuning-up for the district championship match with Lamesa Friday night in Wolf Gym.

Varsity score was 15-8 and 15-4 in straight games, Terre' Pawkett high point.

Junior Varsity score was 13-15, 15-6, 15-6, as Julie Dulin scored 14 points.

In the Lamesa match Friday, the girl Wolves will have their work cut out for them, as they lost the first district game with Lamesa. If they can win this one, said Coach Carol Dakan, then they will be in a tie for the district championship.

Coach Dakan pointed out that only one team, Big Spring, has beat the Wolves twice this season.

Records made by the volleyball team are impressive: the varsity stands 13 wins and 10 losses for the season, but the March standings show 9 wins and 2 losses as the girls have been coming on strong in the last month of play.

They have outscored their opponents 681 to 541 points for the season, Pam Johnson, 137; Patty Whitley, 92 and Wanda Williams, 85.

In addition, Wanda Williams has made all-tournament ratings in two major tournaments during the season.

Stewart noted that more than 90 per cent of the ponds, terraces systems, waterways and many other conservation practices were cost-shared through REAP in the past through the Mitchell County ASCS office.

The REAP program was established 37 years ago during the Dust Bowl era in an effort to conserve land and water resources.
