LBJ, Advisers Plan New Viet Strategy

By JOHN M. HIGHTOWER

WASHINGTON (AP) — President Johnson summoned his top military and diplomatic advisers to a White House conference today to consider new moves the United States might make to strengthen the anti-Communist war effort in strife-torn South Viet Nam.

Ambassador Maxwell D. Taylor, who returned from Saigon Monday, has already held two days of discussions with State and Defense department leaders on the South Vietnamese crisis.

The White House meeting was called for midmorning with Taylor, Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara as principal participants.

Taylor held a private discussion with Johnson Tuesday night, presumably to lay the groundwork for today's session.

Informants said the consensus developed so far in the policy re-examination occasioned by Taylor's return to Washington is that the situation in South Viet Nam continues to be precarious due to the prolonged government crisis.

The crisis began in August and has brought several changes in top South Vietnamese government personnel. In the U.S. view, Premier Nguyen Khanh continues to provide the best hope for bringing order out of the political chaos in the country.

Taylor and top Washington officials are reported to feel that the highest priority in U.S. policy must still be assigned to the task of encouraging South Vietnamese leaders to create political stability and to concentrate their major military efforts in South Viet Nam itself.

It is also reported on excellent authority that Taylor is deeply concerned about the problem of the flow of supplies and reinforcements of trained Communist Viet Cong personnel from Red North Viet Nam into the south through the jungles of southeastern Laos.

The jungle trails led through the staging area in the vicinity of the Lao town of Tchepone, which is about 25 miles from the Laos-Vietnamese border.

Taylor is understood to have told officials here that the U.S. government should consider making air strikes against the Communist concentration points around Tchepone as one means of interdicting the assistance to the Viet Cong of North Viet Nam.

C-C Drive Is Underway

Some twenty-five men met this morning at the 66 Cafe and immediately launched a financial campaign in behalf of the Snyder Chamber of Commerce.

Chamber President John Boren had called the group together, noting that the chamber needed funds to defray expenses for some previous projects and to assure that an adequate chamber program could be continued here.

The group which went out this morning was to make its reports beginning at 4 p.m. today.

Solons Vote To Reopen Baker Probe

WASHINGTON (AP) — The Senate Democratic leadership voted unanimously today for reopening the Bobby Baker investigation, with specific attention to a charge of a $35,000 political payoff by former Ambassador Matthew McCloskey.

Sen. Mike Mansfield of Montana, the Democratic leader, told newsmen that later in the day he will introduce a resolution renewing the authority of the Senate Rules Committee to probe the Baker case.

He said the resolution will direct the committee specifically to look into the charge made by Sen. John J. Williams, R-Del., last week that McCloskey, a Philadelphia contractor, made a $35,000 payoff on the District of Columbia Stadium Contract.

Williams charged in a Senate speech that $25,000 of the $35,000 was channeled through Baker, resigned secretary to the Senate's Democratic majority, to the 1960 Kennedy-Johnson campaign fund.

After a closed meeting of the Senate Democratic Policy Committee, Mansfield said the members had agreed unanimously that he should immediately introduce a resolution instructing the Rules Committee to investigate the matter.

Mansfield said he will try to get Senate action before the end of the day.

President Johnson already has directed the Justice Department to have the FBI conduct an investigation of Williams' charges. However, Sen. Barry Goldwater, the Republican presidential nominee, and other GOP leaders have said this did not do away with the need for a Senate probe.

Adult Classes To Organize

Adult classes in several subjects will be organized for the fall semester at Snyder High School if there is sufficient interest.

Classes to be offered include general wood working, metals, bookkeeping, shorthand and typing, said Ben Brock, SHS principal.

An organizational meeting for classes has been set for 7 p.m. Thursday in room 124 at the high school.

Classes will be held from 7 p.m. to 9 p.m. on Mondays and Thursdays. Thirty lessons will be taught in 15 sessions.

Tuition for shop classes will be $20 and for other courses $16 each plus books and supplies. A minimum of 12 to 15 students will be needed before a class may be taught.

Those interested in taking one of the adult courses have been asked to contact Mrs. Syvola Waller, secretary to the principal, at HI 3-6301.

St. Augustine Feels Dora's First Wrath

TAKE IT EASY, GEORGE—Having bears for lunch isn't common practice even in the back woods of Eastern Washington, but Penny Ells, a cook at Coles Corner, 16 miles north of Leavenworth, poses with "Big George", one of so-called tame bears in area. The practice of sharing a sandwich is not recommended generally. (AP Wirephoto)

Storm's Center Still Offshore

ST. AUGUSTINE, Fla. (AP) — Hurricane Dora, still a hundred miles offshore, sent 76-mile-an-hour winds thundering through the ancient streets of St. Augustine today and began lashing at the "charmed city" of Jacksonville.

Whipping the Atlantic Ocean with 115-mile-an-hour fury, the giant storm, which had indirectly taken three lives, thrashed slowly toward the northeast Florida coast at eight miles an hour.

First advance gusts of hurricane force to reach shore knocked out telephone service to Marineland, a tourist spot 20 miles outh of here noted for its collection of living sea creatures.

By 10 a.m. (EST), gusts of 76 miles south of here noted for its St. Augustine and waves were beginning to break over the seawall into Bayfront Parkway, a main tourist thoroughfare in the nation's oldest city.

At the same time, Jacksonville was feeling the first blows of wind and sea. The city of 250,000 never has taken the full impact of a big hurricane.

Tide and wind arrived at Jacksonville at the same time. Gusts of 63 miles an hour snapped a few power lines. Waves began to crash over the sea wall at Jacksonville Beach.

Hurricane warnings were displayed from Vero Beach, Fla., to Brunswick, Ga., and gale warnings with a hurricane watch were extended northward to Myrtle Beach, S.C.

Eastern Air Lines canceled its flight today from Philadelphia to Jacksonville, Daytona Beach and Melbourne, Fla. The flight was terminated at Washington.

Thirty miles north of St. Augustine, the city of Jacksonville braced for what could be the first head-on blow by a hurricane in its history. Highest wind ever recorded in this city of 250,000 was 86 miles an hour in gusts in 1944.

A five-foot tide topped by crashing waves rolled into the beach along the oceanside of a narrow peninsula just across Matanzas Bay from St. Augustine.

Another hurricane, Ethel, was "stacked up" in the Atlantic, like an airliner over a crowded airport, apparently waiting for Dora to land before making her own move.

Ethel, with winds of 80 miles an hour, has remained almost stationary for several hours 350 miles south-southeast of Bermuda and almost due east of Dora.

The St. Augustine peninsula was almost entirely evacuated by its some 3,000 residents late Tuesday and early this morning, many leaving via National Guard trucks and public school buses.

"There will always be some people who will refuse to move," said city Civil Defense Director Fred Lillis. "All we can do is let them stay."

The Weather Bureau said tides up to 10 feet were running ahead of the massive hurricane in a small area near its eye.

Hurricane and gale winds raged over 200,000 square miles of the Atlantic — an area 50,000 square miles larger than California, the nation's third largest state.

Huge waves rolled across Matanzas Bay and crashed over St. Augustine's main thoroughfare, Bay Street, scene of most of last summer's racial disorders and site of many historical buildings.

Apparently out of danger were 5,000 persons who ignored the warnings of Civil Defense workers and chose to ride out the storm in ocean-front homes at Daytona Beach, about 50 miles south of St. Augustine.

A tide of about six feet hit the Daytona Beach peninsula early this morning, but did not damage any buildings. Police cautioned against sightseeing on the beach, however, warning that the storm danger had not passed.

Strike Talks Beat Deadline

By GENE SCHROEDER

DETROIT (AP) — Chrysler Corp. and the United Auto Workers Union reached a dramatic last-minute agreement today on a precedent-setting contract which includes pensions of up to $400 a month and improved health benefits.

The three-year contract, reached a scant 55 minutes before a scheduled 10 a.m. (EST) nationwide strike by Chrysler's 74,000 UAW members, was termed by union President Walter Reuther as "the most historic agreement in the history of the American labor movement with respect to pensions and security for workers."

The contract agreement, announced jointly by Reuther and Chrysler Corp. Vice President John Leary, is expected to set the pattern for the union's negotiations with General Motors, Ford and American Motors.

Spokesmen for Ford, GM and AMC had no immediate comment on the UAW-Chrysler pact which calls for an over-all economic package averaging 54 cents an hour for each worker during the three-year life of the agreement.

Reuther was not specific on how the new contract would affect straight wages. He indicated the annual improvement factor would remain the same — an increase of 2½ per cent or 6 cents hourly, whichever is greater — with a possible increase in the third year of the contract.

Other provisions included an increase in retirement pension benefits, two additional holidays, increased vacations, and improved hospital and medical benefits for workers and their families.

On the issue of improved working conditions — which the UAW had described as one of its priority demands — the contract increases the daily relief time for each worker from 24 minutes to 36 minutes.

The agreement ended the possibility of major walkouts at Chrysler's 40 plants in 12 states, which would have crippled production on new 1965 models. Several walkouts were reported at Chrysler plants today. However, union spokesmen termed them "expressions of exuberance" and said normal production would resume later today.

Humphrey's Ties Are Fair Game Says Rep. Miller

By ROBERT T. GRAY

BANGOR, Maine (AP) — Rep. William E. Miller of New York, the Republican vice presidential candidate, says Minnesota Sen. Hubert H. Humphrey's connection with Americans for Democratic Action is "an area of legitimate discussion as far as the American people are concerned."

"I shall continue to discuss it," said Miller Tuesday night in a television interview.

He fired back at Sen. J. W. Fulbright, D-Ark., who accused Miller Tuesday of "foul-mouthed vituperation and unrestrained misrepresentation" in Miller's continuing attacks on Humphrey, the Democratic vice presidential nominee, and the ADA.

Miller, describing the ADA as a "radical leftist organization," has cited for the past four days Humphrey's role as a founder, former chairman and vice chairman, and present member of ADA.

Miller said the ADA policies include recognition of Red China and repeal of internal security legislation.

"If he (Humphrey) is not in accord with these positions," Miller said, "he can say so."

Miller flew into Maine Tuesday night to begin a three-day campaign swing that will take him to five New England states and the Westchester County area of New York by Friday night.

Just before departing from Washington on his campaign plane, Miller issued a statement in which he said that Fulbright's comments were "only new proof that Sen. Fulbright continues to live in his own little world of old myths and unrealities."

Miller said his statements about Humphrey "dealt exclusively with his record of virtually 100 per cent agreement with the radically liberal Americans for Democratic Action. I did not deal in name-calling tactics, as did Sen. Fulbright."

The GOP nominee said that "if Sen. Fulbright and the other liberal Democrats now find their record distasteful, I would remind them that it is their record, no one else's."

Soldier's Wife Held In Son's Death

SAN ANTONIO (AP) — Mrs. Ki Soon Smith, 31, was held in jail in lieu of $15,000 bond today on a charge of murder.

The Korean war bride, wife of Pfc. Edward Smith of Ft. Sam Houston, was arrested Tuesday upon her release from Brooke Army Medical Center.

She is charged in the death of the couple's son, Edward Jr., 6, who died Sept. 2 from insecticide poisoning. She had been in critical condition at the center from a dose of the same insecticide.

Barry's Director Wins Own Race

WASHINGTON (AP) — Richard Kleindienst, field director of Sen. Barry Goldwater's successful bid for the GOP presidential nomination, won Arizona's Republican gubernatorial race as six states held primary elections Tuesday.

Kleindienst trounced Evan Mecham, Phoenix publisher and auto dealer, in his bid to succeed Gov. Paul Fannin. Fannin was unopposed for the GOP nomination to the Senate seat Goldwater has held for 12 years.

Across the nation, in New Hampshire, Republicans apparently ended the political career of former Gov. Wesley Powell. He lost the GOP gubernatorial primary to John Pillsbury.

Renominated with ease were Sens. Winston L. Prouty, R-Vt., Eugene J. McCarthy, D-Minn., William Proxmire, D-Wis., and Govs. John King, D-N.H., John W. Reynolds, D-Wis., and Phillip Hoff, D-Vt.

Here is a rundown on key contests:

ARIZONA

Kleindienst was 15,000 votes ahead of Mecham on returns from about half of the state's precincts. His Democratic opponent in November will be Sam Goddard, who lost to Fannin in 1962. Fannin's senatorial foe will be Roy Elson, for 10 years administrative assistant to Sen. Carl Hayden, D-Ariz. Elson defeated former State Supreme Court Justice Renz Jennings and four others.

Kleindienst had resigned from Goldwater's campaign to make his first bid for elective office.

NEW HAMPSHIDE

Powell conceded to Pillsbury as counting passed the halfway mark. The former governor said he would back Pillsbury in the general election, a contrast to 1962 when he supported King.

VERMONT

Lt. Gov. Ralph A. Foote edged former Lt. Gov. Robert S. Babcock for the GOP gubernatorial nomination against Gov. Hoff. Sen. Prouty will be opposed by State Sen. Frederick J. Fayette who defeated former Rep. William H. Meyer in the Democratic primary.

MINNESOTA

McCarthy swamped two foes and also outpolled Republican Wheelock Whitney, his November opponent.

WISCONSIN

Reynolds swamped Milwaukee attorney Dominic Frinzi in the Democratic gubernatorial race.

Grid Pick Contest Is Launched

Football season has arrived!

Today marks the beginning of the Snyder Daily News football "picking" contest, a weekly feature that will continue through the regular football season.

The contest, which offers participants a chance to win prizes each week, features 26 games this week. Most of the games in the opening week are in the high school ranks. However, there is a sprinkling of college games this week, and the list of college contests will grow larger next week.

The contest page is Page 8 of this issue of the Snyder Daily News. There you will find the rules of the contest, along with this weeks contest games, which are presented in advertisements of sponsoring business firms.

Uruguay Breaks Ties With Cuba

MONTEVIDEO, Uruguay (AP) — The last Cuban embassy in South America gets closing orders today.

Uruguay's nine-man governing council voted Tuesday night to break relations with Fidel Castro's government in accordance with the resolution of the Organization of American States.

The council's vote was six in favor and three abstentions.

México and Canada will be the only countries in the Western Hemisphere maintaining relations with Cuba. Canada is not a member of the OAS.

The Uruguayan announcement said diplomatic relations were ended "as of this date."

It said direct or indirect commercial exchanges also were ended, "with the exception of foodstuffs, medicine and medical equipment which might be sent to Cuba for humanitarian reasons."

Police reinforcements were sent to foreign embassies and key public service areas to prevent damage by demonstrators. Rain ended a pro-Cuban demonstration in downtown Montevideo.

Aldo Rodriguez, charge d'affaires at the Cuban Embassy, declined comment on the government's decision.

The OAS resolution to isolate Cuba was requested by Venezuela which accused Castro's regime of using terrorism and sabotage in an attempt to overthrow the Venezuelan government. The resolution was adopted July 26 in Washington.

Navy Plane Crash Told

MANILA (AP)—A U.S. Navy patrol plane with 13 crewmen on board crashed in the South China Sea Tuesday, the U.S. Navy announced tonight. A spokesman said five men were killed and the others rescued.

The plane, a twin-engine P2 Neptune, was on an operational patrol flight, the Navy said.

Names of the victims were withheld pending notification of next of kin.

Typhoon Hits Philippines

MANILA (AP) — Typhoon Sally lashed the northern Philippines today with winds up to 200 miles an hour.

The typhoon cut through the Babuyan Channel north of Luzon Island on its way into the South China Sea. There were no immediate reports of damage from the isolated area.

Sally's fringe winds struck south Formosa, but no damage or casualties were reported.

Refugees from Red China reported in the Portuguese mainland colony of Macao that Typhoon Ruby killed more than 20 persons and injured 100 others in Communist country inland from Macao.

The refugees said the storm which swept Red China's Pearl River delta Saturday also caused severe flooding in many parts of Kwangtung Province.

Ruby killed 41 persons and injured 300 in the British colony of Hong Kong.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Several months ago I went to a wedding reception. After the gifts had been opened, the bride passed her shoe around to be filled with money. I had never seen anything like it before. Is that the [illegible] ... me if you take a gift, that should be enough. The people I have asked said they had never heard of such a thing either and I wonder if you or any of your readers have. Thank you.
SHOCKED

DEAR SHOCKED: I have never heard of this "custom" either. Next they'll be passing the GROOM'S shoe around. The bigger the foot the greater the loot.

* * *

DEAR ABBY: First of all, these names are fictitious. My son, John, married Jane, a lovely quiet girl who worked to help John finish college. They have been married three years. Jane has a friend who is pretty, unmarried and vivacious. Well, I think Linda goes to John and Jane's apartment a little too often for everybody's good. She has stayed with them on weekends and holidays. (She sleeps on the pull-down bed in the living room.) When Jane's mother suddenly became ill last month, she flew to be with her in another state. Linda then moved into Jane's apartment to "keep house" for John. (In a 3 room apt.) I am not inferring that there was anything wrong, but it looked bad. I've already heard some talk about them. Even though my son is bright and has always been a good boy, I don't know how strong he is against temptation. Jane is not the jealous or suspicious type, but I think someone should tell her not to be so trusting. Should I?
USE ANY NAME BUT MINE

DEAR [illegible] ... one you should talk to. If he's "bright" he will quickly see the light. And if he's "good" he will want to avoid the appearance of evil. And if something IS going on, he'll know he isn't fooling anyone.

* * *

DEAR ABBY: That paragraph out of your book, "DEAR TEENAGER," telling girls exactly what to say to boys who ask them to "prove their love" was wonderful advice. I could have used it four years ago.

I was in love with a boy I would have done anything for. And I did. Everything you listed happened to me. I committed an immoral act. I threw away my self respect. I lost my reputation, and I did get in trouble.

If young girls would only listen to your advice daily, they could save themselves and their parents a lot of heartaches.

Harvesting In Texas Lags Behind

AUSTIN (AP)—Cotton harvest neared the three-quarters mark in South Central Texas last week and first bales were ginned in several Trans-Pecos counties, the U.S. Department of Agriculture reports.

In its weekly crop-weather summary issued Tuesday, the department estimated the harvest is 22 per cent complete statewide, compared to 28 per cent at this time a year ago.

Harvesting of grain sorghum, corn, peanuts and rice also was active in hot, dry weather over much of the state. Sorghum harvest reached the 34 per cent mark, corn 76 per cent, peanuts 16 per cent and rice 77 per cent.

Planting of the 1965 wheat crop started slowly, with 3 per cent of acreage seeded compared to 10 per cent at this time last year. The department blamed lack of moisture.

Ranges remained critically dry in the western half of the state, necessitating supplemental feeding of livestock.

High Plains carrots were available in fair volume. Lettuce made good growth around Hereford, where harvest is expected to start late this month.

Borden Co. Cases Heard

Seven indictments were returned by the Borden County Grand Jury Tuesday.

All of the indictments were returned in connection with the buglary of gasoline, oil, and other materials from a road project.

Following their indictment by the Grand Jury, five of the men pleaded guilty, and received three-year probated sentences.

Pleading guilty were Carlton Teague of Carlsbad, Tex., Clyde Beatty, Jerry Don Beatty, Alton Brown and James Brunette, all of Lamesa.

The two men who did not enter a plea were David Allen O'Brien and Shelton Shipman, both of Big Spring.

The Borden County Grand Jury also considered the case of Marjorie Humphries of Grassland, Tex. who was charged with murder in a July 26 shooting at Lake Thomas. The Grand Jury did not issue an indictment, and passed the charge.

Wheat Is Held For Better Prices

WASHINGTON (AP) — Many wheat farmers are staging a grain withholding action of their own in the hope of getting better prices than markets offer under the government's new wheat stabilization program.

But the effect of this action is being minimized by the fact that millers and exporters are able to turn to the government for supplies at prices below those sought by producers.

It has been normal for years for farmers to hold some wheat back at harvest time in the expectation of higher prices later in the marketing year. Many store their grain under government price supports — a program that provides them with needed cash at harvest time but still allows them to hold title to the grain for a possible higher price. Some is going under loans now.

But government grain market reports indicate that farmers are selling less than normal because of dissatisfaction with prices. Under the new program, the price support dropped to $1.30 a bushel national farm average from $1.82 last year. Supplementary returns in the form of industry-financed payments go to those growers who planted within limits set under the program.

But the Agriculture Department stands ready to sell wheat from its surplus stocks at about $1.38 a bushel this month. The government sales prices go up around a cent a month to cover storage and handling costs.

Since July 1, the government has sold about 75 million bushels to the trade, or about twice as much as in the like period last year.

This year's wheat crop has been estimated at about 25 million bushels below combined domestic and export needs. Naturally this deficit can be supplied by the government. But to the extent that government sales exceed this apparent deficit, they will displace 1964-crop wheat in the market. The net result could be that most of the displaced wheat would wind up in government hands at the end of the season. Wheat stored under price support loans can be turned over to the government as full payment of such loans.

In offering its wheat at its set prices, the government is attempting to prevent increases in flour and bread prices which could be laid at the door of the wheat program.

Turtle Toting Is No Lead Pipe Cinch!

KANSAS CITY, Mo. (AP) — Around $337.50 was involved as William T. A. Cully and three of his assistants at the Swope Park Zoo spent most of Tuesday wrestling about half a ton of tortoises.

The four giant tortoises, native to the northwest coast of Madagascar and believed to be 150 years old, have been a big hit at the Children's Zoo for a week. The city has had them on a trial basis and is inclined to buy them.

The asking price is $2.25 a pound, so the zoo director and his assistants set out to weigh the four tortoises against an animal dealer's claim that they range from 235 to 285 pounds, average 245 pounds, and should bring $2,205 for 980 pounds.

Cully and his men trucked the tortoises to the parking lot at a supermarket and borrowed its platform scale. They tried two tortoises but could get neither of them to stay on the platform long enough to get a reading.

On a big scale at a quarry, the truck was weighed with and without tortoises. The difference was 830 pounds. One of the tortoises was weighed. Result: 160 pounds.

"Something is wrong here," said Cully. "We'll have to figure out another way to do this. We'll get some rope or canvas, take them to a meat-packing house or a scale company, load them up and weigh them. At least then they'll stay put."

Jim Galbraith, one of Cully's crew, was dubious.

"I'll tell you, slinging those things around all afternoon isn't just what I'd call fun," he said.

Tropical Storm Tillie Is Said Weakening

SAN FRANCISCO (AP) — The Weather Bureau said today that tropical storm Tillie was weakening off the coast of Lower California. Storm advisories predicted that winds in the area would reach 40 miles an hour.

The bureau said winds reached 57 m.p.h. Tuesday.

RECORD SET—It was a big day for Mrs. Bill (Finnie) Seale Tuesday as she attended the regular Tuesday morning golf play of the Ladies Golf Association at Snyder Country Club. Finnie set a new record on the nine-hole course with a 41 scratch, the lowest ever shot by a woman since the traps were installed. A large number of ladies participated in the golf play Tuesday with Retha Pickering and Virginia Jones tying for low net. Mrs. Seale is pictured above with her favorite putter.

4-H Record Judging Held Here

4-H'ers participating in the County Records judging event sponsored by the Girls 4-H Clubs received blue ribbons. They were: Linda Wiggins, Shirley Stirl, Delores Schwarz, Martha Stephens, Elaine McArthur, Sue Sorrells, Judy Tate, Lou Alice Mathis, Wilma Stirl, Louise Kerby, Barbra Tate, Gwen Calley, Kathryn Helm, Diane Hess, Rebecca Huddleston, Sharon Pieper, Neva Payne, Jan Kruse, Brenda House, Gwen Landrum and Debbie Mathis.

Following the county records judging, records best in various areas of 4-H work were selected for entry at the district level and were sent to Lubbock to be judged. Senior records sent to district were: Linda Wiggins, Gwen Landrum, Diane Hess, Kathryn Helm, Mike Landrum, Larry Schwarz and Robert Pieper.

Only first place winners are named and no Scurry County Records placed first.

Junior records at the district contest are placed in ribbon groups. Scurry County entries and the ribbons received are: Achievement — Sue Sorrells, blue. Clothing — Shirley Stirl, blue. Electric — Elaine McArthur, white. Home Economics — Delores Schwarz, blue. Home Improvement — Lou Alice Mathis, blue. Leadership — Brenda House, red. Safety — Martha Stephens, red. Sante Fe — Judy Tate, blue. Field Crops — Ralph Stirl, red. Swine — Jerry Wemken, white.

Lamb Chops With Spice

When a homemaker is feeling especially creative, she's certain to enjoy the novel accents provided by this recipe for Lamb Chops, Manhattan.

A sophisticated combination of ginger and lemon juice, mint jelly and applesauce dresses up thrifty lamb shoulder chops.

These chops, cut from the shoulder rather than the loin or rib have the same good flavor as the other chops. By this braising method they will cook in less than an hour.

Lamb Chops, Manhattan

6 lamb shoulder chops, cut ¾ inch thick
2 tablespoons lard or drippings
1½ teaspoons salt
¼ teaspoon pepper
½ teaspoon ginger
1 teaspoon Worcestershire sauce
1 teaspoon lemon juice
2 tablespoons mint jelly
1 cup applesauce

Brown lamb chops in lard or drippings. Remove chops from frying-pan and pour off drippings. Combine salt, pepper, ginger, Worcestershire sauce, lemon juice, mint jelly and applesauce. Pour into frying-pan. Stir well. Arrange lamb chops over sauce. Cover tightly and cook slowly 40 to 45 minutes or until meat is done. 6 servings.

Meat Salad Enhances Appeal

There's always room for a good meat salad in any homemaker's collection of good recipes! She'll want to award this one a blue ribbon for its excellence.

Coarsely chopped spinach and lettuce leaves give color as well as texture interest. Crisp water chestnuts and cubes of buttery soft Cheddar cheese provide still another kind of eating quality.

A convenience food, canned luncheon meat gives flavor, as well as providing protein for, this main dish salad.

Blue Ribbon Meat Salad

1 can (12 ounces) luncheon meat, cut julienne-style
3 cups coarsely chopped spinach
1 cup coarsely chopped lettuce
1 can (5 ounces) water chestnuts, drained and sliced
¼ pound mild Cheddar cheese, cut into ½-inch cubes
2 tablespoons chopped onion
Oil and vinegar dressing

Toss together luncheon meat, spinach, lettuce, water chestnuts, cheese and onion. Add enough oil and vinegar dressing to moisten ingredients. 4 servings.

Campaign Orators Initiate New Brand Of Speeches

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — There's a new breed of speechwriters at work.

Just read the speeches by President Johnson and Sen. Barry Goldwater.

They're not like those in 1960 by Sen. John F. Kennedy and Vice President Richard M. Nixon.

Johnson has become a one-sentence-to-a-paragraph man, with one idea to a sentence.

After each sentence he looks around til the audience digests it.

Take his Labor Day speech in Detroit:

"This is a great day in an historic place.

"Here, and today, we begin to move toward new years of achievement for America.

"Sixteen years ago an American president came here and promised that America would 'enter a new period of hope.'

"You gave him support and he gave you that hope."

Goldwater goes for short sentences, too, but often bunches them in one paragraph.

He tries to give them a roll, a grandeur, with high-sounding abstract words like peace, freedom, liberty.

Here are some from his campaign opener Sept. 3:

"We mean something far different from the opposition party. We mean:

"Peace through preparedness.

"Peace through freedom.

"Purpose through constitutional order.

"These are the themes we shall make resound across this great land of ours, and across an anxious, troubled and listening world."

Kennedy relied on fairly short sentences, but not as terse as Johnson's, and usually packaged them in a paragraph.

Here's Kennedy making a Labor Day speech in Detroit in the 1960 campaign:

"I am taking my case to the American people in the next two months because I believe that the American people should decide which direction this country is going to go. The issue is before you and I am confident that in November you will make a choice for progress, not for standing still."

Kennedy's instinct for clarity and brevity was so good he made up that part of his speech after his prepared speech had been released to the press.

The prepared one wasn't that simple, that quick:

"I am taking my case to the American people because that is where it belongs — because that is where there will be no threat of veto or parliamentary obstruction — and because that is where we can always place our confidence."

Because Nixon lacked Kennedy's sense of composition, he didn't get across as easily as Kennedy, and maybe that's one of the things that hurt him.

His sentences were often too stretched, as one of his first 1960 speeches shows:

"I call upon all the people here, whether you are Republicans or Democrats or independents, to hear what I have to say, to hear me on the issues, and then to make your decision — not on the basis of the party label, even though you happen to be a member of my party — but on the basis of whether you think what I stand for is best for America."

The trouble with Johnson's bang-bang-bang is that he may make people hard of hearing.

And Goldwater may put them to sleep if he keeps playing that peace-liberty-freedom record over and over, as he says he will.

These Are Signs Of Middle Age

By HAL BOYLE

NEW YORK (AP) — Signs of middle age:

You're busier fighting old bad habits than acquiring new ones.

If anyone asks is it hot enough for you, you have an almost irresistible urge to grab him by the lapels and tell him about the heat wave back in 1935.

Teen-agers look a lot bigger than they did when you were one.

Every year you admire your own parents more as you realize how much smarter they were about raising children than you are.

You wouldn't buy a ticket to the moon if they were selling at three for a quarter.

Getting to work on time isn't much trouble anymore because you rather like to get up earlier in the morning.

The bright new young comedians on television don't seem very funny — half the time you don't understand what they are joking about.

Instead of thinking of old age as beginning around 60, you push its onset up to 70 or 75.

There don't seem to be as many bluebirds around as there were years ago.

The only government aid program you're wholeheartedly in favor of is one that will benefit anybody over 40.

At a baseball game you have only one hot dog — if any — because you know two might upset you.

Most of your daydreams are spent in reminiscing, not building castles in Spain.

Next year, you decide, you'll set out fewer tomato plants in the garden — and plant a shorter row of string beans.

At cocktail parties you ration yourself to two martinis, and give up betting strangers that you can beat them at Indian hand wrestling.

Being caught in a sudden rain makes you grumpy the rest of the day.

You can think of many more reasons for staying home than going on a picnic.

Everybody on the highway drives like an idiot except you.

When you see two young people in love you thank heaven you didn't act that silly when you were that age.

A letter from an old friend makes you feel sentimental — after you have opened it and found he isn't trying to borrow money — and you save it for days and read it over and over.

It's hard to find a book worth reading. Why don't they publish decent adventure novels anymore?

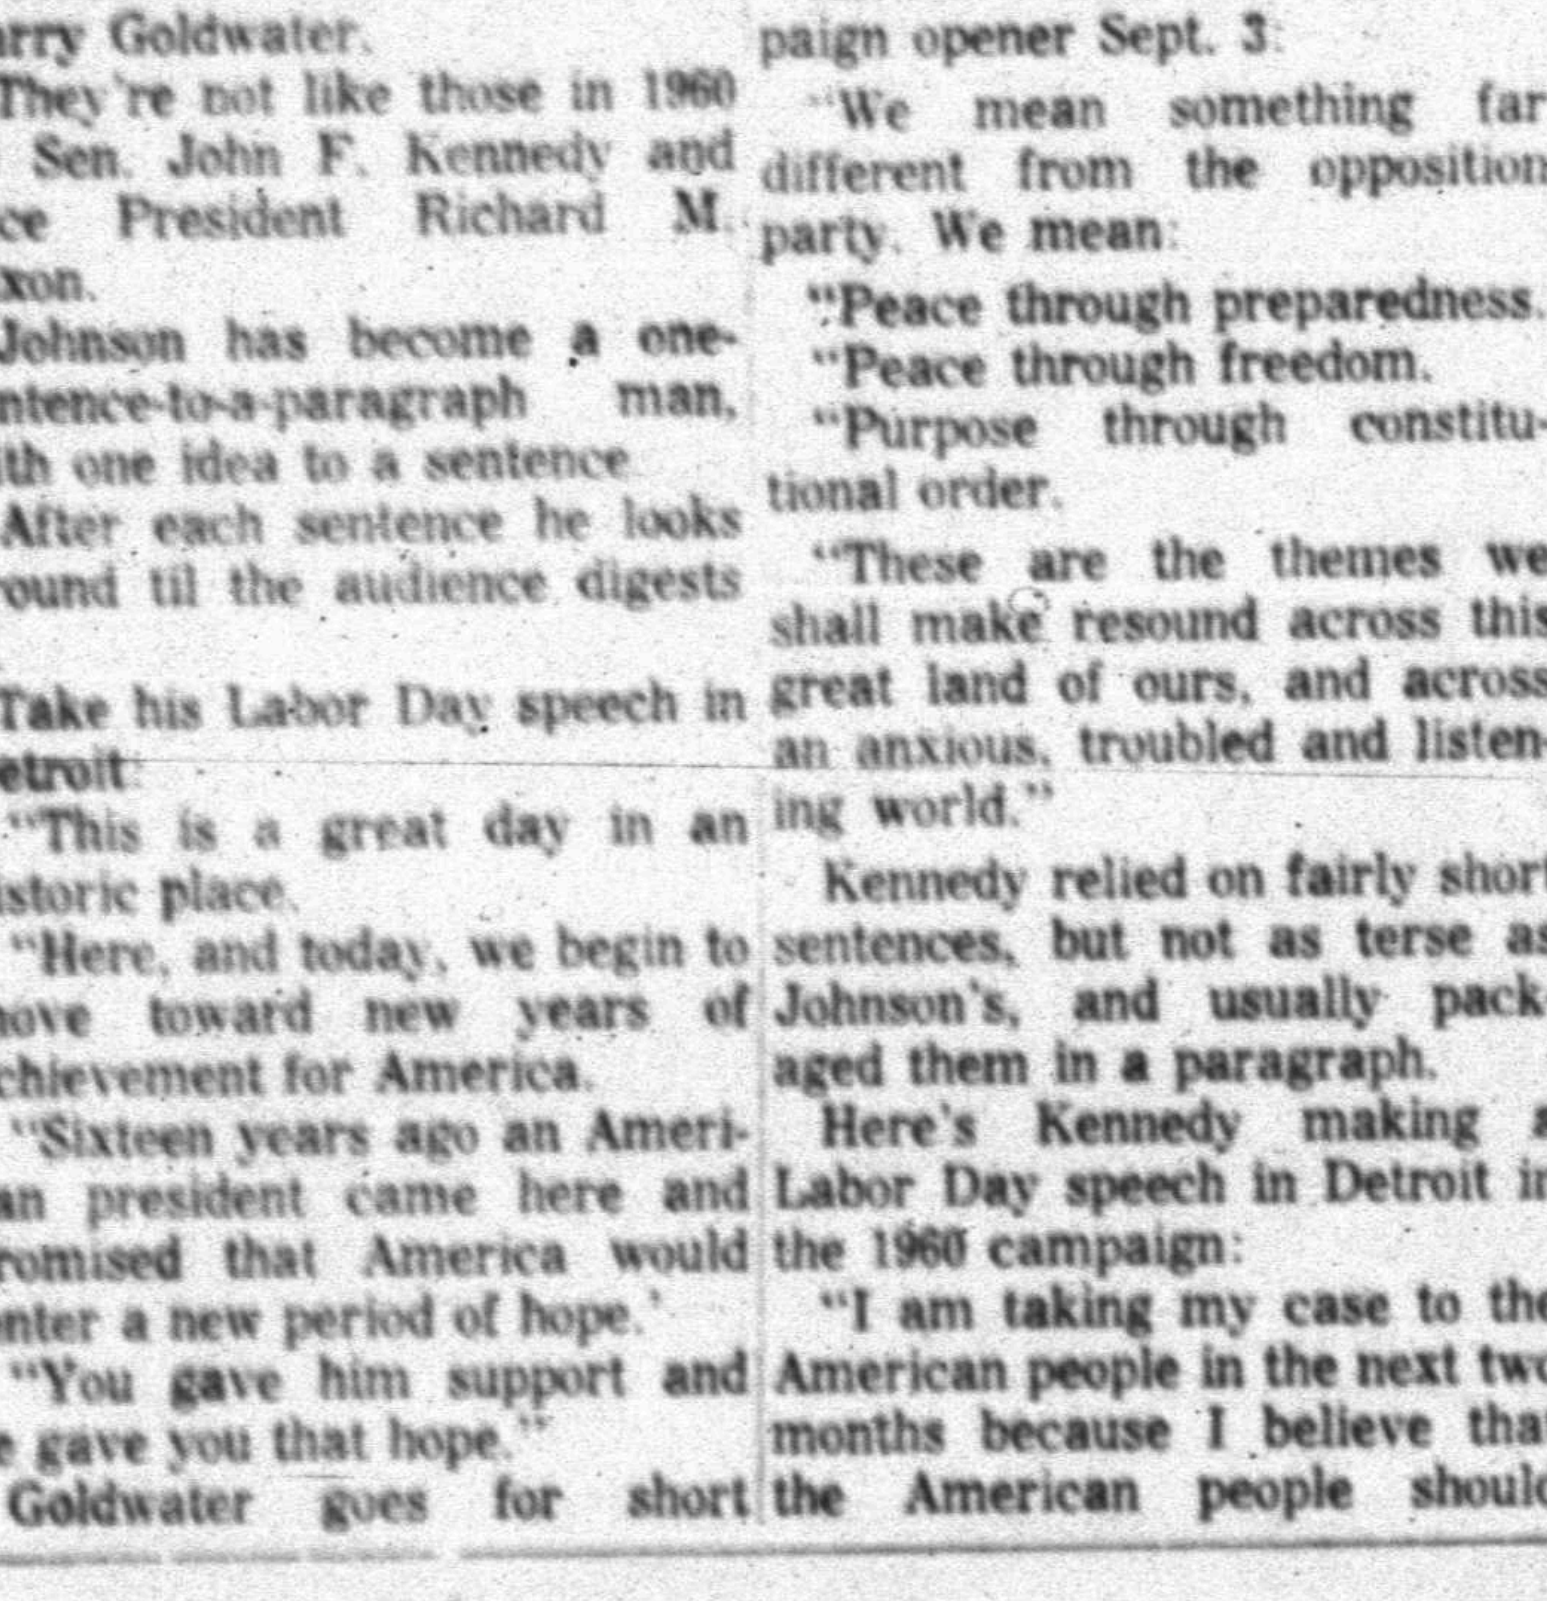
At work you make fewer round trips to the water cooler. The gang that hangs around there dispenses nothing but tired office gossip — and you've heard it all before.

You got along fine with your old neighbors, but when they move away you make up your mind to put up a picket fence. Never can tell what the new neighbors will be like.

Everybody seems so neurotic and full of strange prejudices nowadays. You're glad you're not that way at all.

That's middle age. At least these are ways to tell it — in the other fellow.

Junior Editors Quiz on FUNGUS



HERE'S PROOF BRACKET FUNGUS GROWS ON A LIVING TREE
HERE'S PROOF IT GROWS ON A DEAD ONE
PROVING WHAT?

QUESTION: Does the bracket fungus live on dead or living trees?

• • •

ANSWER: Both Mike (right) and Mark (left) have their own theories on this. Each seems to have found proof to contradict the other. The large group of fungi are simple plants, without the green chlorophyll by which higher plants make their own food. Fungi must live by material supplied by other plants or animal matter. Some fungi are parasites, living on other living things, such as the rusts and moulds which damage wheat plants. But other fungi, like mushrooms and bracket fungi, live on different kinds of dead matter such as rotten wood. It's true Mike has found this fungus on a living tree, but the fungus is not attacking the living wood; the main part of the fungus, the 'mycelium', is inside the trunk and has penetrated to the heartwood of the tree, which is dead; the fungus is breaking this down and digesting it. The outside "bracket" has, underneath, many tiny holes and from these drop 'spores' or primitive seeds. These, blown through the air, find some dead tree or gain entrance to a living one by a wound or cut in the surface, when a new mycelium will be formed, which will work its way in until it finds dead wood on which to feed. 9-9

• • •

FOR YOU TO DO: Go for a walk in the woods and see how many kinds of fungus you can find. Warning: don't try eating wild mushrooms; some are poisonous.

AL Race Is Tightening

By MURRAY CHASS
Associated Press Sports Writer

The American League pennant contenders have gone through four fifths, but each day makes it more difficult for one of them to break out the champagne.

With less than one-fifth of the season remaining, Baltimore leads the see-saw battle, but Chicago is only one-half game behind and New York is just one game back. Only six percentage points separate the Orioles from the Yankees.

The race became the tightest it's been since Aug. 5 when the Yankees edged Minnesota 2-1 Tuesday night.

Only 18 days ago, even many of the most astute baseball observers were counting out the Yankees. They were in third place then, too, but they were 5½ games from the top.

Since that time, they have won 12, the last five in a row, and lost just four. In the same period, the Orioles won eight of 17 while the White Sox were 9-10.

The Yankees now have two more games remaining than the Orioles —25 to 23 — and are even in losses. In other words, if the Yankees win their two extra games, they would have the same record as Baltimore.

The White Sox, on the other hand, have 20 games left and have lost two more games than the other contenders, putting them at a statistical disadvantage.

None of the teams plays each other the rest of the season. That is, unless they meet in a playoff.

The Yankees nosed out Minnesota on Elston Howard's run-scoring single in the seventh inning. Roger Maris started the rally with a double and eventually reached third on a sacrifice bunt by Joe Pepitone. Howard brought him home with a single to center field.

Maris also figured in the Yankees' first-inning run. He singled Tony Kubek to third from where he scored on Mickey Mantle's sacrifice fly. The Twins tied it in their half of the first on singles by Rich Rollins and Zoilo Versalles and a pair of force plays.

Rookie right-hander Mel Stottlemyre scattered nine hits for his fifth victory against two defeats. Camilo Pascual suffered his 11th setback in 24 decisions.

In the National League's only game, Los Angeles nipped first-place Philadelphia 3-2 on run-scoring doubles by Jim Gilliam and John Roseboro in the first inning.

Maury Wills started the first with a single and stole second. Gilliam doubled in Wills and went to third as Willie Davis singled. Both runners then came home on Roseboro's double.

The Phillies scored a run in the second on a sacrifice fly by Gus Triandos and one in the seventh on Ruben Amaro's single following a double by Triandos.

Tigers Are Ranked 4th In Grid Poll

DALLAS (AP)—Garland, Palestine, Phillips and Hull-Daisetta are the No. 1 teams of Texas schoolboy football; the first poll of the season by the Dallas News showed today.

Garland, defending champion of Class AAAA, easily got the top spot with Spring Branch No. 2.

Palestine took the No. 1 position in Class AAA, which has no defending champion since Corsicana has moved up to AAAA. There, Corsicana failed to break into the rankings.

Brownwood, which beat Stephenville in last week's top game, moved into second place in AAA but the margin wasn't close. Palestine got eight of the 10 votes.

Phillips, which dropped from AAA to AA, was ranked No. 1 in the latter division while Hull-Daisetta was a resounding favorite for No. 1 in Class A. Albany lost its season opener to Olney of AA last week but still got the No. 2 spot.

The rankings by classes:

Class AAAA: Garland, Spring Branch, Amarillo Tascosa, Galena Park, South Houston, Victoria, Dallas Hillcrest, San Angelo, Odessa, Tyler.

Texas Loop In Playoffs

By The Associated Press

The Texas League playoffs open tonight with San Antonio and Tulsa rating the favorites if season records are an indication.

San Antonio, the pennant winner, hosts fourth place El Paso. Tulsa, the second place finisher, meets third place Albuquerque at Albuquerque.

Each series will be five games with the clubs moving to El Paso and Tulsa respectively on Friday.

Frick Warned Of Possible Pitfalls In Yankees Sale

By JOE REICHLER
Associated Press Sports Writer

BOSTON (AP) — Commissioner Ford Frick has been advised by his attorneys that baseball would be taking a "calculated risk" of a possible antitrust suit if the American League club owners formally approve the sale of the New York Yankees to the Columbia Broadcasting System.

The league club owners, with their representatives, met with President Joe Cronin and a battery of lawyers today to vote on the sale of 80 per cent of the Yankees to CBS for $11,200,000 last month.

The vote of eight of the 10 owners is needed for approval.

Frick, from his home in Scarsdale, N.Y., declined to comment on the report given exclusively to the Associated Press.

According to the informant, attorneys Paul Porter of the commissioner's office and Lou Carroll of the National League advised Frick that "there was inherent danger" in welcoming a public service such as CBS into the inner confines of baseball.

"There could be a danger of antitrust suits," Frick was advised. "We think there is a calculated risk."

At the time of the sale, last Aug. 14, a storm of criticism, both from people in government as well as in baseball, developed over the entry of the television and radio networks into big league ownership. Congressmen promised they would press for a closer scrutiny into baseball's exemption from antitrust laws.

Owners Charles O. Finley of the Kansas City Athletics and Arthur Allyn of the Chicago White Sox, the only dissenters in a telegraphic vote of the league club owners to approve the sale, charged that such a vote was contrary to the league's constitution and demanded a formal meeting.

In this way they were surprisingly supported by co-owner Dan Topping of the Yankees who said he felt it was in the best interest of the league that such a meeting be held.

Another supporter was Dr. Frank Stanton, CBS president, who stated he felt it imperative that whatever action is necessary be taken to set the record straight.

Stanton maintained that the network had entered the transaction "in a spirit of good will and motivated by genuine and constructive interest in the future of baseball." He added that before signing the contract, CBS officials had been assured by the American and its legal counsel that the process by which the sale was made satisfied all legal requirements.

Dallas Asks Waivers On Trio Again

DALLAS (AP) — The Dallas Cowboys put quarterbacks Sonny Gibbs and Jake Jacobs and rookie end Jimmy Evans on waivers Tuesday as they cut to the National Football League's 40-player limit.

This means the three can't be recalled since they were on waivers before. League rules state a player can be withdrawn from the waiver list only once.

The deadline for some other NFL club to claim the players was 2 p.m. today. If they do not, the three become free agents.

In that case Gibbs will be paid the remainder of his no-cut contract, which amounts to $40,000. He then can negotiate a new contract in the league or can go to the American Football League.

Jacobs, who was signed as a free agent, can be retained on the payroll for possible 1965 use if no other club claims him. The Cowboys might farm him out to the United Football League.

"He shows a lot of promise and a lot of poise," said Coach Tom Landry. "I'd like to see him a year from now after he's had a chance to work on the mechanics of throwing."

Evans may go to the United League or to the American Football League.

Denver owns negotiating rights to Gibbs in the AFL but the Dallas News quoted a club spokesman as saying the Broncos were not interested.

"Our player limit is 34 and our club is set," said Paul Manasseh, Denver assistant general manager, adding that he doubted that any club in the league would be interested in Gibbs.

The former Texas Christian quarterback threw only 11 passes in two exhibition seasons and none in league play. Now he may be through with football.

Departure of Gibbs and Jacobs leaves the Cowboys, with injured Don Meredith; John Roach, who came out of retirement, and Billy Lothridge, a punting specialist from Georgia Tech, at quarterback.

Chargers, Bills Expected To Pace AFL This Season

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The San Diego Chargers and the Buffalo Bills are the pre-season picks to fight it out for the American Football League championship Dec. 26 at Buffalo after the most exciting season in the league's five-year history.

Sid Gillman's Chargers, hailed as a super team after their 51-10 rout of Boston last January, figure to win it again unless Tobin Rote's arm fails him. Gillman's champions cannot afford to be complacent, for both Kansas City and Oakland appear capable of challenging for the Western Division crown. Denver also should be improved with Jacky Lee at quarterback.

The Eastern Division looks like another wild scramble, with no definite stickout. If Cookie Gilchrist stays healthy, the Bills appear the best of the lot despite a questionable pass defense. Houston is experimenting with rookies in its deep defense under its new coach, Sammy Baugh, and could be in trouble if anything happened to 36-year-old George Blanda. New York stakes it all on Dick Wood, who has a record of knee trouble. Boston, the defending division champs on a 26-8 playoff victory over Buffalo, must rely on its defensive unit.

Here's the way it looks from here:

WESTERN DIVISION

1. San Diego
2. Kansas City
3. Oakland
4. Denver

EASTERN DIVISION

1. Buffalo
2. Houston
3. New York
4. Boston

The Chargers finally won their first title last season with an 11-3 record. Gillman has the same well-balanced offense with Keith Lincoln and Paul Lowe to run the ball and fleet Lance Alworth and Dave Kocourek to catch Rote's passes. If Rote's sore arm acts up, the Chargers will drop back to John Hadl. Ron Mix is the key to the offensive line and big Ernie Ladd and Earl Faison lead the defense.

Don't sell Kansas City short. Hank Stram's Chiefs, the flop of the year in 1963, are primed for a comeback. Stram has the horses with Curt McClinton, Jack Spikes, and Abner Haynes, plus rookie Mack Lee Hill. Pass-catcher Chris Burford is due back before long. The defense should be better with Bobby Bell and Buck Buchanan in their second year.

Al Davis, AFL coach of the year in 1963, will be in the contention again with his Raiders, especially with the acquisition of halfback Billy Cannon, one-time star of the Houston Oilers who had been hobbled with injuries in the past two seasons.

The Raiders got Cannon in a trade for three players — guard Sonny Bishop, fullback Bob Jackson and offensive end Dobie Craig.

A healthy, determined Cannon would give Davis a tremendous one-two running punch with Clemon Daniels, the AFL's leading ground gainer of 1963, to go with his aerial circus headed by quarterback Tom Flores and pass-catching Art Powell.

The addition of Lee, from Houston, gives Denver something it did not have last year. Lee to Lionel Taylor should be a tough combination.

Buffalo and Houston have a big edge on talent in the East, for wealthy owners have stocked up for years in the draft. The Bills would have won last year if Gilchrist and Wray Carlton had been available all year. Jack Kemp and Daryle Lamonica are a formidable passing threat. Defensive tackle Tom Sestak is a standout but the pass defense is leaky.

Houston unloaded Cannon, who has been tiffing with Baugh, and will rely on Charlie Tolar Jackson, a 6-foot-2, 240-pounder, and rookie Sid Blanks of Texas A & I for its running. Baugh has problems in the secondary and must go with inexperienced linemen.

Matt Snell, a rookie from Ohio State, should help the Jets' ground game but they must count on passing to do the job. Wood has a fine exhibition season and he has some fine receivers in Bake Turner and Don Maynard.

Hundreds At Prevue

Hundreds of Snyder football fans turned out last night to get their first look at teams that will represent local schools on the gridiron this fall.

All junior high and high school teams were introduced at the annual Pigskin Prevue, sponsored by the Snyder Quarterback Club.

First action on the local football scene will come Thursday when three junior high teams will open their respective seasons. The Lamar 8th grade team and the Lamar 9th graders will meet Big Spring Goliad at 6 p.m. and 7:30 p.m., respectively, on the local junior high field.

Travis Junior High's 9th graders will go to Lamesa for a game at 7:30 p.m.

The Tigers will open their season Friday night in Tiger Stadium with the Andrews Mustangs, while the high school B team will host Sweetwater B here Saturday night.

Barry Promises End To Demo's 'Spending Spree'

BY ARTHUR EDSON

LOS ANGELES (AP) — Sen. Barry Goldwater, in a determined drive to pick up the Western states he sees as his presidential base, promises that if elected he will halt what he calls the "wild-spending spree" by the Democrats.

"What will your choice be?" Goldwater asked a roaring crowd in Los Angeles' three-tiered baseball stadium. "More power for Washington? Less power for your home state and your town? More money for wasteful government? Less money for productive, individual uses?

"No. Our choice is progress through freedom!"

Goldwater had his largest crowd Tuesday night — the scoreboard said 53,120 were in the ball park that can seat 56,000 — and he got a rousing welcome, so rousing he couldn't speak until the message was flashed in big lights in leftfield: "Let's hear Barry."

This is friendly country for a Republican presidential candidate.

In 1960 Richard M. Nixon carried California, Oregon and Washington. Goldwater hopes to win them, too.

His schedule today takes in all three states, with stops in Sacramento, Calif., and Klamath Falls, Ore., before spending the night in Seattle, Wash.

California is the big prize.

It has 40 big electoral votes, and it has special appeal for Goldwater. It was here, in the presidential primaries, that he knocked off Gov. Nelson A. Rockefeller of New York and took a major step toward winning the GOP nomination.

Goldwater's speech, in the stadium where the Dodgers and Angels play their home games, was billed as his California kickoff, and his fans paid $1 apiece to sit in on a show that ran for almost three hours.

Bands played. Movie and television personalities were introduced. Goldwater rode all the way around the stadium in his convertible, while the crowd applauded, before going to the speaker's platform over second base. Hundreds of yellow and gold balloons were released.

The cheers rolled in when Goldwater said:

"I will, as one of my first actions in the White House, ask the Congress to enact a regular and considered program of tax reduction. I will also ask that Congress stop the wild spending spree begun by this administration."

Goldwater contended it is possible to cut income taxes five per cent a year for five years and, with a growing economy, still keep the budget in balance.

"If spending is held in check — and, believe me, a Republican administration will hold it in check — we can cut taxes and still balance revenue again : spending" he said.

His plan, Goldwater insisted, is a "properly adjusted tax reduction," not at all like the one proposed by the late President Kennedy, which Goldwater voted against.

Goldwater's explanation: "I opposed that tax cut and would do so again under the same circumstances. That reckless cut was not intended as a return to responsible fiscal policy, designed to put a brake on endless growth of spending by the centralized bureaucracy.

Goldwater threw in a couple of asides that weren't in his prepared text.

Of President Johnson, he said: "He's trying to sweep Viet Nam under the rug and he can't get it there for Bobby Baker and Billy Sol Estes."

At one point he asked: "Whey are so many here tonight? You and all Americans know that something is wrong. You know it's going to take a good housecleaning to get it straight."

He was interrupted by applause 57 times during his 39-minute speech.

New Algorism Is Businessman's Very Best Friend

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Solving the traveling salesman problem or designing comfortable brassieres — these and a lot of other sticklers can be handled quickly by a new kind of "Algorism."

An algorism is a way of calculating by means of nine figures and zero. A professor at the Krannert Graduate School of Industrial Administration, Purdue University, has developed a new algorm to be used in conjunction with modern computers. He says the technique lets businessmen select almost instantly the best solution from up to billions of possible combinations.

With a traveling salesman, one of management's problems is to decide on the best route a salesman should take to cover far-flung stops most efficiently and most economically. The business conditions under which such trips are made change often. The aim remains the same — make the most profit for his company.

Dr. Stanley J. Reiter, a Purdue research scientist, calls his computer-based program discrete — distinct — optimizing. It selects in minutes the best of many solutions, making the company management happy, and presumably the salesman, too.

Some garment makers also are using computers to come up with the most comfortable bras. In effect, the machine does the fitting from the mass of possible variations, both of the human body and the outer garments, fed into it.

The Krannert system, called quantitative management research, also is applied to scheduling the best method of operating a large job shop, where say five machines and five operations could involve as many as 25 billion sequences in handling a day's or a week's work.

Top management uses many hours of skull practice in setting up a research and development budget or a capital expenditure program. What it wants to know, if possible, is whether the millions of dollars involved will pay off.

Reiter says that his system by using forecasts of costs, market demand, plant site conditions for transportation and labor, and age and population trends in accessible markets, can give management a quick answer on the most likely result of any plan, and the most profitable of many choices.

Such research is being used in predetermining consumer demand for certain textiles. In addition to the general information for research and development are added such matters as forecasts of spendable income, promotionel investment, and the advance planning of fashion designers.

The Purdue system also aims at solving cost accounting problems quickly and accurately. Computers are programmed to obtain the most accurate distribution of service costs among various operating departments and divisions of a company.

And Georgia Tech is reported to use a computer to assign football seats to old grads. The machine first digests all available data on just how active and loyal each applicant has been in alumni affairs.

Woes Mount For India's New Leader

By CONRAD FINK

NEW DELHI India (AP) — Deserted by some members of his own party, Prime Minister Lal Bahadur Shastri is in deep political trouble just three months after assuming the leadership of India.

The nation's stability will depend on how well this shy, unassuming man fights back against Communist-led opponents of his government and how well he handles a food crisis affecting millions.

Trouble has been mounting rapidly since Shastri succeeded the late Prime Minister Nehru **June 9 and** then in August fought back from a disabling heart ailment.

Shastri's prestige and position within his own ruling Congress party took its heaviest blow yet Tuesday.

The party's state government in the southern Communist bastion of Kerala collapsed on a no-confidence motion the Reds rammed through the legislature. In New Delhi, a united front of Communists, Socialists and right-wing Hindus stepped up their attack on Shastri's food policies. Parliament will vote later this week on a motion of no confidence against the prime minister.

The Congress party's big majority assures the defeat of the motion, but Congress members themselves were voicing some of the harshest criticism hurled at Shastri.

Congress member A.C. Guha of West Bengal declared the nation's reserves of food grains are gone and the food situation is the worst since the great Bengal famine killed millions in 1943.

The prime minister's opponents in the party hierarchy are grumbling that he is not tough enough to control the situation. This was the main argument of rightwinger Morarji Desai when he contested the selection of Shastri as Nehru's successor.

Desai, known for his toughness, is again being mentioned as the man to take over.

Food demonstrations continue throughout India. Rival groups of Kashmiri nationalists brawled in the streets of Srinagar.

Much of northern India is covered by the worst floods in 40 years.

Sources close to Shastri say he is planning stern action.

By the end of the week he is expected to dissolve the Kerala legislature and set up a state government controlled by New Delhi. The communists are expected to retaliate with demonstrations.

Suitor Too Persistent

LOS ANGELES (AP) — Nathaniel Calvin Stegall, an unemployed schoolteacher, told police he had come here by train last week from St. Louis to propose to actress Kim Novak.

Stegall, 41, spent the last of his money on a cab ride to her home in the Bel-Air district. But she wasn't there.

So he climbed through a bathroom window, raided the refrigerator and, when no one turned up, slept in the garage Saturday night — and again Sunday.

Monday evening two of Miss Novak's friends dropped by to use the swimming pool, heard someone stirring, and called police.

Miss Novak is in London, working on a picture.

Police booked Stegall on suspicion of burglary.

Humphrey Will Defend Demo's Farm Program

By JACK BELL

WASHINGTON (AP) — President Johnson has decided to pit vice presidential nominee Hubert H. Humphrey against GOP presidential candidate Barry Goldwater in a traditional two-party clash on farm policy.

Johnson has assigned the Minnesota senator to present the Democratic viewpoint on farm problems at the annual National Plowing Contest near Fargo, N.D., Sept. 19.

After some indecision over his campaign schedule, Goldwater has told sponsors of the event he will be on hand. He also has agreed to speak at the National Corn Picking Contest in Sioux Falls, S.D., Oct. 16. There is no word whether Johnson or Humphrey will appear for the Democrats.

The plowing contest, held in a different state each year, traditionally has attracted presidential candidates by offering a large audience for the airing of their views. Sponsors expect a crowd of 50,000 to 100,000 farmers and their families Sept. 19.

Johnson is reported to have decided that as a Midwesterner familiar with recent agricultural legislation Humphrey was well equipped to state the administration's position.

Whether his decision indicates a pattern of turning over much of the work-horse campaigning to his second man remains unclear. It seems certain that Humphrey will be seen much oftener in the Midwest than the President.

Humphrey has said he is going to campaign in the South, where his strong stand on civil rights has not been popular.

He got an invitation Tuesday from Gov. Orval E. Faubus, who gained national attention on the other side of the Civil rights fence in the Little Rock controversy, to make two speeches in Arkansas Sept. 17 and 18.

FBI Holds Deserter

FT. MONROE, Va. (AP)—Lt. Col. Oscar Buccholz, taken into custody by the FBI in Dallas Aug. 7, has been charged with desertion.

An Army medical board pronounced the logistical staff officer mentally competent.

Buccholz was back at his logistics staff office at Continental Army Command headquarters Tuesday. His clearance to handle top secret military documents has been suspended "pending disposition of his case," a spokesman said.

Buccholz was taken to Walter Reed General Hospital at Bethesda, Md., for examination after his arrest.

The chief of the Continental Army Command, Gen. Hugh Harris will review the desertion charge and decide on its disposition.

Buccholz had been absent without leave about five weeks until he was picked up in Dallas.

Surplus Food Ready For Storm Victims

WASHINGTON (AP) — The Agriculture Department is ready to rush surplus foods to any area in the path of Hurricane Dora if normal food distribution channels are disrupted.

During the last fiscal year the department donated food to victims of hurricanes, the Ohio River flood, the Alaskan earthquake and other disasters of nature.

British Bus Must Travel By Train

CLEVELAND, Ohio (AP) — A shiny double-decker bus, pride of the London Passenger Transport Board, may make its first trip in America on a train.

The bus arrived by boat Tuesday en route to a British import fair display at Cincinnati. There was only one hitch — the bus is 14 feet 5 inches high. Overhead bridge and wire clearance here is 13 feet 6 inches.

A spokesman at the British Consulate said, "the only thing we know for sure is that we can get it there by train."

Quiet Integration Seen As Turning Point For South

By The Associated Press

Public school desegregation spread quietly into some of the smaller cities of the Deep South this week in what one civil rights leader called a turning point for the area.

Union Springs, Ala., a rural-oriented town southeast of Montgomery, faced the test today, when Negroes begin their studies with white classmates.

The community was expected to take the court-ordered integration in stride just as did Montgomery and Gadsden, Ala., Prince Edward County, Va., and Albany, Ga.

Nine more Negroes planned to join 21 others in desegregated schools in Albany, a south Georgia city where hundreds of Negroes were jailed for street demonstrations in 1961-63.

Columbus, Ga., also began desegregation Tuesday, admitting two Negroes to a white school under court order. Every major Georgia city now has begun desegregation.

The pattern of nonviolence was described as "the turning point for the Deep South" by Constance Baker Motley of New York, the NAACP legal defense fund attorney who fought dozens of courtroom battles over desegregation.

"I don't recall any similar year of widespread peaceful compliance since the 1954 Supreme Court decision," she said in New York.

At Montgomery, eight Negroes entered two white high schools and an elementary school. Four white men picketed Robert E. Lee High for a time but there were no incidents.

In Gadsden, a tense scene of demonstrations last year, three schools accepted 15 Negroes without incident. Only a few spectators were on hand and School Supt. I. J. Browder said the citizens "want to abide by the law."

Prince Edward County, Va., reopened its public schools but only seven white children were among the 1,400 Negroes. The schools were shut five years ago to avoid integration.

The remainder of the county's white school-age children, 1,200 of them, remained in the private segregated system set up after the public schools were closed in mid-1959.

At Houston, Tex., 1,005 Negro pupils enrolled in 18 desegregated elementary schools.

At Canton, Miss., 13 Negro pupils were turned away when they attempted to enter the white Canton Junior-Senior High School. The city schools are not under any federal court order to desegregate.

Law Effects Farm Labor Contractors

WASHINGTON (AP) — President Johnson has signed a bill requiring labor contractors who act as middlemen between farmers and workers to register with the Labor Department.

The new law goes into effect Jan. 1.

Contractors recruit, transport, supervise and handle pay arrangements for workers, and act as intermediaries between workers and farmers.

The Senate Labor Committee said the law was needed to prevent some irresponsible crew leaders from exploting both farmers and migrant laborers.

Any contractor who recruits 10 or more workers for interstate farm jobs must register with the secretary of labor.

The contractor will be issued a certificate of registration only if he submits information satisfactory to the Labor Department about his conduct and methods of operation and presents proof of public liability insurance for vehicles used in his business.

A certificate could be refused, revoked or suspended if the contractor misrepresents to workers the terms, conditions or existence of farm jobs, fails to carry out arrangements promised a farmer or a worker, has been convicted of crimes connected with his farm labor activities or fails to comply with Interstate Commerce Commission regulations.

The Labor Department estimates the number of contractors at between 5,000 and 9,000. They recruit workers mainly for harvesting cotton, sugar beets, vegetables and fruits.

Governors Ok Draft Of Oil Study

OKLAHOMA CITY (AP) — A second preliminary draft of the factual portion of the Interstate Oil Compact Commission's oil efficiency study was approved Tuesday by a governors' special study committee.

Governors of four states and representatives of four other governors approved the draft.

Still to be prepared for the annual IOCC meeting Dec. 9-11 at Biloxi, Miss., are the more controversial parts of the study, which was started 1½ years ago at the suggestion of the secretary of the interior.

These include sections on market demand probation, purchasing trends and practices and the impact of federal agencies on the oil industry.

Richard Byrd, coordinator of the study, said the remaining sections will be ready within two weeks. They will be submitted to the governors' committee before being distributed to compact members.

Another part of the study containing the governors' conclusions must be completed by the time of the Biloxi meeting.

Governors at the meeting were IOCC Chairman Matthew Welsh of Indiana, Henry Bellmon of Oklahoma, Jack Campbell of New Mexico and Clifford Hansen, of Wyoming.
