PRICE BOOSTED ON RECEIPT OF NEW REPORTS

14,133,000 BALE YIELD ESTIMATED; GINNING TOTAL 10,160,997

(By Associated Press)
NEW ORLEANS, Nov. 8.—The government's crop forecast of 14,133,000 bales with ginnings to November 1, of 10,160,997 running bales about met traders' expectations today and its first effect on the cotton market was a gain of approximately \$2 a bale on active positions.

Immediately after trading was resumed following the customary fifteen minute suspension for reception of the report, December contracts sold up to 18.60, January 18.21 and March 18.20, or 28 to 40 points above the morning lows. Later, however, early buyers took profits and about half of the gain was lost, but the undertone on the market continued steady.

The full effect of the hurricane in Florida, Georgia and the Carolinas was responsible for a decline of 100,000 bales in the forecast of yields from these states, the department reported. The increase of 14,000 bales, or about one per cent in the total forecast, was ascribed by the department to better than average weather conditions during October in Alabama, Mississippi, Louisiana, Arkansas and Texas. The report noted an increase of 365,000 bales during the month for these five states.

CAR ACCIDENT MAY BE FATAL

POST MAN IS BROUGHT HERE AFTER BEING FOUND ON ROAD

John C. Wilson, about 45 years of age and a resident of Post, was brought to the Lubbock sanitarium shortly after noon today suffering from a fractured skull, four early this morning and his car, in an up-right position, was in the bar-pit at one side of the road. It appeared to passersby that the car had either swerved into the ditch or had been turned completely over and the man thrown from it. Wilson was in a semi-conscious condition when picked up.

Wilson was found lying on the Lubbock-Post highway, at a point between Southland and Post, early this morning and his car, in an up-right position, was in the bar-pit at one side of the road. It appeared to passersby that the car had either swerved into the ditch or had been turned completely over and the man thrown from it. Wilson was in a semi-conscious condition when picked up.

Chicago Receives 89th Bomb Of Year

CHICAGO, Nov. 8 (P)—Politics reacted in the 18th ward today when a bomb wrecked the front of the Thompson-Crowe republican headquarters on Wentworth Avenue. It was the 89th bomb of the year in Chicago.

Ernest Geisler, who has a real estate office in the same building, suggested that police talk to Hugh Morris, ward committeeman and leader for the Thompson-Crowe's Attorney Crowe faction of the republican party.

Morris said he did not know who threw the bomb.

NEW PRESIDENT OF HONDURAS

Dr. Vicente Mejia Colindres has just been elected president of Honduras. He represented the Liberal party in the election and his majority was 12,000 votes. The election was conducted in orderly fashion, an accomplishment that has been unknown in Honduras for many years.

RUMOR SMITH TO HEAD HUGE GOTHAM BANK

CANDIDATE SAYS HE IS THROUGH AS PUBLIC OFFICE SEEKER

(By Associated Press)
NEW YORK, Nov. 8.—Governor Alfred E. Smith does "not expect ever to run for public office again" but is still undecided as to what his future business or professional activities will be.

The Herald Tribune says it is being rumored he is to be offered the chairmanship of the board of directors of a projected new \$50,000,000 Wall street bank. The bank is being organized by Eugene L. Norton, vice chairman of the board of the Baltimore Trust company. The governor's term at Albany ends January 1 and he will be entitled to a pension of \$6,000 a year.

The names of William F. Kenney, the governor's close friend; John J. Raabok, the Fisher brothers of Detroit, and members of the Du Pont family are being mentioned as possible associates on the board of directors of the new bank, the Herald-Tribune says.

Although Raabok last August denied that he was interested in the bank, the Herald Tribune points out (Turn to Page 16, Column 6, Please)

City Commission Is Meeting Today

The City Dads of Lubbock met in the city hall at 1:30 o'clock this afternoon in regular semi-monthly session.

Routine business was piled up for disposal by the commissioners, and nothing of outstanding interest was scheduled for the meeting. City Manager Gus McCleary said this morning.

The commissioners met the latter part of last week to look after part of the routine matters facing the city.

Mr. Eaton stated that pickers had been coming in rapidly for the past week and that the present need was being met to a considerable extent, although it is thought that others will be needed in the near future.

GOP CONGRESS TO WORK WITH NEW PRESIDENT

GREATEST ELECTORIAL MAJORITY OF ALL TIME ACCORDED

The presidential election of 1928 was passing into history today leaving in its wake the greatest electoral majority ever cast for any candidate.

Full measure of the overwhelming victory which sent even rock-ribbed Democratic states into Herbert Hoover's column was still to be completely ascertained, but from returns which rapidly were becoming complete it was evident that the new president will come into office with the greatest electoral majority in all history and with a popular vote exceeding any before it.

Likewise the country has still to learn—and it no doubt will be days before all the facts are known—how great a part the presidential vote played in giving President-elect Hoover a Republican congress. That there will be appreciable increase in the Republican majorities of both house and senate has been demonstrated but the returns still are inconclusive in the case of numerous contests for membership in the house along the Mason and Dixon border line and in some other sections whose party lines are not frankly defined.

In Virginia, for instance, two districts were still in doubt today with the chances leaning toward adding Republican congressmen to the state's roll. The Old Dominion already has contributed two Republicans definitely to the majority of that party in the house—men who were undoubtedly swept into office on the tide of Hoover sentiment which shook Virginia from its Democratic moorings for the first time since reconstruction days.

Kentucky's leap into the Republican column was whole-hearted and almost complete. In place of eight (Turn to Page 5, Column 2, Please)

Find Bodies Of Two In Railway Box Car

CINCINNATI, Ohio, Nov. 8 (P)—The bodies of two men who apparently had been killed, were found in an empty box car, in the Pennsylvania railroad yards here today.

One of them was believed by police to be Dewey E. Day, Hartshorn, Okla. He had been shot in the chest. The other body was that of a man about 6 feet tall, dressed in working clothes. Over his face had been spread a Louisville, Ky., newspaper dated Nov. 6. His skull had been crushed.

Railroad officials said the car in which the bodies were found, had been shipped from Louisville as an "empty" on Nov. 6.

STEAMSHIP OFFICER KILLED
CHERBOURG, France, Nov. 8 (P)—Chief Officer Magnus Erickson, of the steamship President Harding, was killed today when a mast used for unloading mail sacks fell, striking him on the head.

Stream Of Lava Spurs Fugitives

CATANIA, Sicily, Nov. 8 (P)—With a molten stream of lava like a hungry dragon at their heels a mob of persons today were fleeing from the region around the eastern base of Mount Etna. Their household belongings were thrown on any makeshift vehicle to get them out of the advancing column of fire. Barnyard animals struggled along with the people who were abandoning their fields and homes to the molten stream, which advanced at a rage of more than 100 yards an hour.

The most fearful and intensively cultivated land in Sicily was being consumed by the lava. Houses were being destroyed, and trees burned. Great clouds of steam arose as the heat reached the vats of the distilleries which produce sulfuric acid.

ELECTION DOPE

Electoral Vote—Hoover 444; Smith 87; Hoover majority 357. In 1924 Davis, Dem., had 136; in 1920 Cox, Dem., had 127. States Carried—Hoover 40, Smith 8 (Alabama, Arkansas, Georgia, Louisiana, Massachusetts, Mississippi, Rhode Island, South Carolina). Popular vote (incomplete)—Hoover, 18,299,708; Smith, 12,989,093; Hoover plurality, 5,310,615. In 1924 Coolidge had 15,729,016, Davis 8,286,503, La Follette 422,865.

Fourteen large cities—Hoover 8, Smith 6. Hoover won Chicago, Philadelphia, Detroit, Baltimore, Pittsburgh, Los Angeles, Buffalo, Cincinnati, Smith won New York, Cleveland, St. Louis, Boston, San Francisco, Newark. Total votes in these cities, Smith 3,420,769, Hoover 3,375,079.

Congress—New senate will have 54 republicans, 40 democrats, one Farmer-Laborite, one vacancy compared with 47 republicans, 46 democrats, one Farmer-Laborite, two vacancies. Republican lead in house increased. Governors elected—Republican 23; democrats 11.

UNITED STATES BARGE SINKS, TWO VICTIMS

FOUR SURVIVORS FOUND AFTER FLOATING IN SEA FOR WEEKS

SAVANNAH, Ga., Nov. 8.—The captain and one member of the crew of the barge A. W. Thompson were lost when it sank Wednesday last week after the tug towing it from the Gulf of Wilmington, N. C., had cut away because its fuel was running low, four survivors were rescued by a coast guard patrol boat reported on their arrival here today.

The survivors, Roscoe Williams, of Wilmington, N. C.; Thomas Rings of the British West Indies; Adrian Casey, of Mobile, Ala.; and Booker T. Little, of Mount Taple, N. C., were picked up after having been adrift for nearly a week in a small lifeboat in the Gulf Stream without food or water.

They were brought here aboard the coast guard patrol boat Patriot from Fernandina, Fla., where they first were landed.

A widespread search by coast guard vessels along the South Atlantic coast for the barge, started immediately after the tug Ontario had reported it had been forced to abandon it, was given up the first of this week, after it had failed to reveal a trace of the barge.

The barge, which was loaded with a cargo of phosphate rock consigned to Wilmington, sank soon after leaving the coast guard port for more fuel, the four men said.

CHICAGO, Nov. 8 (P)—For the leading producing states, the Thanksgiving turkey crop of 1928 is a 4 per cent increase, compared with a year ago.

Fort Worth Planes Start On Jaunt to West Texas

FORT WORTH, Nov. 8.—Eleven airplanes, comprising the Fort Worth aerodrome to West Texas, took off between 8 and 8:45 a. m. today for Wichita Falls, first stop the four day tour.

Leading the procession was the Star Telegram plane with D. W. Carlton, head of aviation activities of the Association of Commerce and manager of the aerodrome. The remaining planes left the Fort Worth airport at 9:30 to 5 minute intervals.

Six army planes from Fort Crockett were scheduled to join the aerodrome at Wichita Falls. Two West Texas planes left with the aerodrome. Others are expected to join at various points along the route. A Waco plane from Midland, piloted by H. M. Becherer, with Paul Vickers, secretary of the Midland Chamber of Com-

POLITICAL WAR IN TEXAS NOT YET FINISHED

OPPOSING FACTIONS ARE FAR FROM ACCORD AFTER ELECTION

DALLAS, Nov. 8.—Returns to the Texas Election Bureau at 12 noon today from 251 or 253 counties, including 102 complete, gave Smith 314,222; Hoover 331,518.

DALLAS, Nov. 8 (P)—Opposing factions of both political parties in Texas, well warmed to their work by the campaign which closed Tuesday, caught their second winds today and refused to recognize Tuesday's election as an armistice.

In Hidalgo county, where two factions of the Republican party put up county tickets, the independent faction writing in the name of its candidates, the excitement attendant upon tabulation of the vote continued. Reports this morning said that the independent faction at McAllen, Texas, had wired Governor Moody asking for martial law. Rangers are already in the county.

As the telephone office at Austin, the state capital closes at midnight, the message apparently was not delivered. Last night rangers accompanied the ballot box from Mercedes to Edinburg, the county seat, in order to make certain that it was not tampered with, en route to the place where the votes were to be counted.

The independent faction of the county recently sent 2,000 telegrams to President Coolidge asking federal supervision of the election and last night threatened to deluge the White House again because of dissatisfaction with the methods used by election officials.

In the meantime the wounds which the campaign opened in the Democratic party, traditional ruler of the state, festered instead of healing in the post-campaign relaxation.

Leaders of the bolters, who have apparently taken the lead to the Republican column in national affairs for the first time in history, (Turn to Page 5, Column 3, Please)

Officers Are Still Mystified In Case

DALLAS, Nov. 8 (P)—Discarding theories that Roy Lynch was in Dallas Saturday night, officers said today they were no nearer a solution of the slaying here early Sunday of Mrs. Bessie Lynch, 21, estranged wife of Roy Lynch, and Mrs. Cleo Lieto, 19.

Officers had based their search for suspects on statements by persons here that Roy Lynch had been seen here Saturday night.

Officers were in Tulsa, Okla., where the Roy Lynch was detained was arrested, checking his statements that he had not been to Dallas since last August, and these statements so far have been proved correct, police said. They admitted now that they believed Lynch had "nothing to do with it."

Watch For Display Of Shooting Stars

CHICAGO, Nov. 8 (P)—Next Thursday night there will be the most brilliant spectacle of shooting stars ever afforded this generation, it was predicted today by astronomers at the Yerkes observatory, Williams Bay, Wisconsin. On that night the earth moves into the astral region of the Leonid meteors, believed to be the remnants of a comet.

The Leonid group it was explained by Prof. Edwin E. Frost director of the observatory, whirls around the sun in an orbit that crosses the earth's. Every November the orbits meet but in an interval of every 33 years the earth passes squarely through the center of the Leonid orbit.

"The meteors speed through interplanetary space at a temperature about 400 degrees below zero," Prof. Frost said. "When they enter the atmosphere of the earth the friction heats them to a glow and they usually burn up before they strike the ground."

FINAL REPORT IS ANNOUNCED IN COUNTY VOTE

HOOVER RECEIVED 1,106 PLURALITY, TOTAL RESULTS ASSERT

Complete returns from all of the thirty-two precincts of Lubbock county, compiled this morning by County Clerk Amos Howard, gives Herbert Hoover 3,065 votes and Alfred E. Smith 1,979, a majority for the republican candidate of 1,106 votes in this county.

Hoover carried every box in the splitting the vote with Smith in one county with the exception of three, of those and losing to the democratic nominee in the other two. Smith carried Woodrow 28 to 19 and Posey 51 to 22, and died 7 and 7 on the Caldwell box. All of the others went to Hoover by majorities ranging from one vote to more than five to one.

The only two boxes not previously reported, which came in this morning, are Slide with a vote of 12 to 4 in favor of Hoover; and Wolfarth with a vote of 27 to 25 (Turn to Page 5, Column 2, Please)

Calles To Be Head, National Railways

NEW YORK, Nov. 8 (P)—President Calles, of Mexico, will be the next president of the National Railways of Mexico, it was reported in Wall Street today. American bankers are considering the report of a committee which met recently with Mexican officials on the Mexican debt. Part of the conversations related to the National Railways.

Methodist Annex Goes To Committee

The new \$75,000 Educational building, annex of the First Methodist church, this morning was turned over to the building committee of the church by the contractors.

Arrangements are being made for immediate occupancy. Open house will be held at the church beginning at 7:30 o'clock tomorrow night. A number of committees are working out the program.

Visitors will be shown through the new annex, and members of the building committee, of which R. J. Murray is chairman, will be on hand to act as a reception committee.

Satisfactory arrangements have been made concerning finances, and the papers will be formerly turned to the building committee tomorrow morning.

SCORE ARE INJURED IN BLAST THAT ROCKS SHOE FACTORY AT LYNN, MASSACHUSETTS, TODAY

LYNN, Mass., Nov. 8.—Twelve persons were killed in an explosion which wrecked the shoe plant of the Treble Box Toe company in East Lynn today. The building was enveloped in flames. Estimate of the dead was made by police officers.

Of the twelve bodies recovered up to 9 a. m., four were of occupants of a dwelling "close to the factory—a mother and three of her eight children. The others were believed to be those of unidentified factory employees.

The woman killed was Mrs. Harry Blaney. She and her husband with their children were at the breakfast table when the explosion came. Instantly a sheet of flame leaped from the factory twenty feet to their home, bursting through a window and enveloping the family. Mrs. Blaney and three of the children were burned and smothered to death. The others in the family escaped with comparatively minor injuries.

At least twenty persons were injured. There was a series of explosions in a celluloid mixture used in the manufacture of box toes for shoes. The first came at about 7:35 o'clock. Half a minute later there was another and later there were two or three more minor explosions.

One end of the one-story concrete block building was blown out and two bodies were hurled into the street with it. The flames which followed the explosions scorched many nearby buildings and the heat and the force of the explosions broke a large number of windows. The factory adjoined a district largely made up of two-family frame dwellings. Occupants of these homes in many cases were shaken from their beds.

The entire fire department was called to the scene. What caused the first explosion had not been determined. In the confusion no one could be found who knew just how many persons were employed in the factory.

PAMPA, Nov. 8 (P)—Shortly after he had been placed under arrest for an altercation in his restaurant, "Blackie" Lander was shot and severely wounded here today. Lander just before he was shot, witnesses said.

SLATON VISIT DUE TONIGHT

LUBBOCK DELEGATION WILL ATTEND, HEAR BUSINESS EXPERT

In the interest of an improvement in the business of a delegation of Lubbock business men, representing the Lubbock Retail Merchants association, will leave the city hall at 7 o'clock tonight for Slaton to attend the "Better Business Institute" in session there all this week.

J. D. Hassell, president of the merchants organization here, this morning urged the attendance of every business man of the city. He predicted a large representation from here.

Ben R. Vardaman, Chicago lecturer, author, and business authority, will lecture tonight on "Handling Customers of Various Types." Mr. Vardaman last week conducted a similar institute at Lamesa, and Lubbock's delegation reported enthusiastically of his lecture. The ones attending the Lamesa institute plan to go to the Slaton meeting tonight.

A committee of the Retail Merchants association, headed by W. R. Pickett met in the city hall this morning and worked out plans of securing a large delegation for the institute.

R. L. Carrell Dies At Hospital Here

R. L. Carrell, 64, 2904 10th street, died at a local sanitarium at 5 o'clock this morning.

Mr. Carrell has been engaged in the contracting business in Lubbock for the past three years. Surviving are his wife, three sons, Herman and Robert Carrell of Mansfield, and Thomas of Lubbock; one daughter, Mrs. Patricia Wall of O'Dessa.

The body will be shipped to Dallas tonight by Bynum Brothers. Funeral services will be held in that city tomorrow.

JERSEY FARM AT CROSBYTON TRANSFERRED

CAP ROCK PLANT SOLD TO TWO CROSBY COUNTY MEN

CROSBYTON, Nov. 8.—A deal has been recently completed here whereby Messrs. T. C. Hoy and J. C. Brown have acquired the Caprock Jersey farm, adjoining the Crosbyton townsite. The Caprock Jersey farm is one of the best equipped dairy farms in the entire south.

It was built a few years ago by S. A. Guy, a wealthy Louisiana oil man. He spent considerable over a million dollars in equipment and went to Jersey Island and purchased one of the finest makes that could be had.

The building and equipment are of the very latest in dairying. The largest cow barn built to take care of about ninety cows has cork floors, individual drinking fountains in each stall, running water for cleaning and feed and manure carriers from one end to the other. The farm was equipped with water and electric systems that would have furnished water and electricity to a city of ten thousand people. A small ice plant was installed and operated in the milk house.

Hoy and Brown have bought this valuable property and are making plans to stock it with dairy cattle, hogs, poultry, will establish a butter factory, and will feed out a large herd of beef cattle on the property. They have recently moved here from Vernon.

'Possum And Taters' Sent Governor Smith

CORRICANA, Nov. 8.—Even though Gov. Alfred E. Smith of New York was defeated for the presidency, he will be able to dine on "possum and taters."

J. M. Fox of Corricana today expressed, prepaid, to Gov. Smith one of the largest opossums ever caught in Navarro county. Accompanying the animal was a giant Porto Rican sweet potatoe also grown in this county.

The shipment bore a card on which was the following:

"Compliments of Navarro county democrats."

Navarro county gave the democratic candidate a majority.

Chart Program Of Scout Encampment

A questionnaire concerning what program would be most suitable for the Boy Scout winter camp at Post from December 26 to 30 have been sent from the local scout headquarters to all of the scoutmasters of this area.

Based on the opinion of the scoutmasters, the definite program will be worked out. It is planned to limit the camp to fifty boys, who are to be selected from the various troops on the basis of merit in different lines. Considerable interest is being shown in the camp and it is expected that a number of adults will be in attendance.

THE TINYMITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The Tinymites slept sound and long. They didn't hear the breakfast gong aboard the ship, so they were late when things were set to serve. This made the captain rather mad. He figured they were acting bad. "I shouldn't let them eat," he thought, "that's just what they deserve."

But then he quickly changed his mind and promptly started off to find if he could wake the sleepy bunch. He rapped upon their door. When just a few words he had said, the Tinymites jumped out of bed. "Aho! there! Hurry up, you lads," they heard him loudly roar.

Then Clowdy whispered, "My such fate. We've overslept, and we are late. But it's the captain's fault because he made us shovel coal. Let's all get dressed and hurry out," once more they heard the captain shout, "Make haste, you laddies and I'll give you sweet milk and a roll."

Soon at the table they all sat and Carpy said, "I just wish that you'd let us have some coffee. We'd enjoy it very much." The captain walked up to his side and gave him milk. Then he replied, "It isn't good for little boys. No coffee should you touch."

In just a little while the bunch went out on deck. "I have a hunch," he exclaimed the burly captain, "that you know what these are for." He pointed to some bars of soap, and brushes too. Then

said, "I hope you Tinymites know how to scrub. Get busy on the floor."

They all flopped down and worked away. At first it seemed like so much play. Then Clowdy grew quite weary and exclaimed, "I be a wreck." The captain laughed. "Ha, ha, ha, ho! Don't give up now, but simply go ahead and keep on scrubbing till you've finished all the deck."

BOYCOTT MADE ON NEWSPAPER

STORIES ON TRIAL OF TORAL ROUSE IRE OF MEXICANS HEADS

(By Associated Press)

MEXICO CITY, Nov. 8.—The newspaper Excelsior has been boycotted by the Mexican government with the explanation that it made a hero and a martyr out of Jose De Leon Toral, assassin of General Alvaro Obregon, in its handling of the story of Toral's trial.

An official statement, published by all newspapers except Excelsior, said the newspaper's stories on the trial were an encouragement to insurgents and sedition activities against the government and to others to assassinate President Calles and other government heads. The statement was issued by Emilio Portes Gil as chief of the cabinet after he had conferred with the president.

All workmen and peasants, all members of the political parties and officials and employees of the federal and state governments and of officials and employees of the federal and state governments were called upon not to purchase or subscribe to Excelsior and to refuse to patronize anybody advertising in the newspaper. The statement added that no government department or employee would give any news, information or advertising to Excelsior.

A British psychiatrist's wife threatened to divorce him if he tried to send any more messages to Marx. He's having his marital difficulties.

NEGRO SOLON

Black Represents Wealthiest Part Of Chicago

CHICAGO, Nov. 7.—Illinois' wealthiest congressional district, comprising the loop business section of Chicago with its large hotels, banks, and department stores, is to be represented by a negro.

With only three precincts to be heard from out of 162, Oscar De Priest, former alderman and real estate dealer, had a lead today over his Democratic opponent, Harry Baker, 22,141 to 20,261, for the seat made vacant by the death of Representative Martin B. Madden, chairman of the appropriations committee.

De Priest in 1918 was under indictment for maintaining a disorderly house, and is at present under indictment by special grand jury in connection with the election disorders of the April primary.

Lindbergh Carries Parts To His Plane

PORT WORTH, Nov. 8.—In the same borrowed airplane in which he flew to St. Louis to cast his vote, Col. Charles A. Lindbergh took off from Port Worth yesterday bound for Mexico with a propeller and replacement parts for the airplane he had to leave below the Rio Grande while on a recent hunt.

With Col. Lindbergh was Pete Taylor, a pilot of the Texas Air Transport, who will fly back to Port Worth the airplane, borrowed from W. H. Dunning, Jr., Port Worth oil man. Lindbergh will fly his own plane back from the El Malangan ranch.

Gangland's Guns Claim New Victim

PHILADELPHIA, Nov. 8.—Another victim of gangster's guns was near death in a hospital today, killed with eleven bullets.

He is William Denpi, alleged leader of an underworld band. His brother was shot down in a gang feud less than three weeks ago. Denpi was shot as he stood on a street corner last night when an automobile sped past him pumping out a fusillade of shots. He refused to reveal the identity of his assailants.

Houston Turns In Vote for Hoover

HOUSTON, Nov. 8.—Houston the city in which Gov. Alfred E. Smith was chosen to lead the forces

of the Democratic party turned against him in the election yesterday. Incomplete unofficial returns from this county embracing 38,000 votes gave Hoover a lead of more than 3,000. On the basis of these returns the Hoover majority in an estimated vote of approximately 65,000 was about 4,000.

This was the first time that Harris county had gone Republican in a national election since the reconstruction period and the vote was the largest in the county's history.

What We Owe You

We realize that we owe it to you and to the public generally to give the most telephone service and the best at the lowest possible

cost. This we are seeking to do.

Your service today is faster and more accurate than it was a year ago. Last year 100,000 more local calls per day were completed on the first attempt than in 1926. The average time for handling long distance calls has been reduced from over 4 minutes to almost 2 minutes.

We owe it to you to continually extend and improve telephone service just as we owe it to our stockholders to safeguard their savings and to insure an adequate return on their investment.

NEW MILL OPENED BY GRAIN AND COAL COMPANY

MARKET FOR SOUTH PLAINS FEED NOW OFFERED IN CITY AS LUBBOCK GRAIN AND COAL COMPANY EXTENDS SERVICE

With the opening of the new mill of the Lubbock Grain and Coal company, which has just been completed by the company in connection with a vast \$20,000 expansion program, an ovation in the form of a new high-grade, low-priced feed which will substantially benefit both the feed and stock raisers of the South Plains is offered.

It is thought that this strictly modern mill—the largest in the South Plains—will meet a long-felt need of the feed raisers of this section by creating a market for a commodity that has formerly been thrown away after consumption is satisfied. Management of the mill declares that a market will be made for bundle stuff that formerly was unsalable except in very limited amounts.

New Manager In Charge.
Coming here recently to take over the management of the company, Tom West is largely responsible for the present expansion of the plant. He immediately launched an extensive program of improvement and expansion, making the plant one of the finest in the Southwest. Associated with Mr. West in this enterprise are: W. K. Dickinson and Sam C. Arnett, directors of the company.

The public is invited to inspect the new mill. It is located immediately east of the Santa Fe tracks on Broadway. The mill is equipped with the latest modern machinery, enabling the company to mix or prepare special brand of mixtures, in addition to manufacturing all kinds of feed stuffs. A special molasses feed is one of the feature products of the mill.

Utilizes Plains Feed.
The primary purpose of the installation of the mill here was to utilize South Plains feed in the South Plains. By this method dairies and cattle raisers can be furnished with a lower-priced feed than under the former condition. In addition, cattle raisers can bring their cattle to Lubbock to "feed out," taking advantage not only of the low priced feed but saving money by using the straight-through shipping rates without having to hold the cattle over at some mid-point for feeding.

Farmers may now bring their feed here, have it ground and mixed in

any manner they wish, for a small amount.

Special Session Of Congress Seen

WASHINGTON, Nov. 8 (AP)—A special session of congress next spring will be necessary to carry out the republican pledge of farm legislation in the opinion of Senator Borah, republican, Idaho, who took an active part in behalf of Herbert Hoover in the campaign.

The senator said that no serious attempt could be made before March 4 to get farm legislation under way.

In the view of Borah considerable time will be required by the two houses to work out farm legislation to meet the platform promises of the republican party and the pledges of its presidential candidate.

TELLS CONVENTION WORLD PEACE IDEA DEPENDS, FUTURE

GALVESTON, Nov. 8 (AP)—The yearning and striving of enlightened nations for peace is not idealistic or unattainable, but it will take time for the world to adjust itself and conform to institutions of peace and abandon the resort to war in the settlement of disputes. Congressman Claystone Briggs of Galveston, told the Texas Daughters of the American Revolution, assembled in 25th annual convention, here last night.

Constitutional Briggs was the principal speaker at the convention, at which the program included a discussion of the modern desire to foster a plan for world peace, and an explanation of the achievements and history of the national and Texas societies of the organization by Mrs. O. E. Baker, state historian, and a history of the George Washington chapter of Galveston, the oldest in the state, by Mrs. C. A. Vedder, chapter historian.

Sessions were resumed this morning.

Prince to Wed

Prince Christopher, of Greece, widower of the former Mrs. W. E. Leeds, of Cleveland, O., who is engaged to wed Princess Françoise, second daughter of the Duc de Guise, pretender to the French throne.

The following resolutions committee was appointed: Mrs. E. H. Beall, Fort Worth; Mrs. J. P. Duff, Beaumont; Mrs. Mary Hunt Affleck, Brenham, and Mrs. William Howell, Bryan.

Acuff-Acuff Suit On Estate Delayed

Following an all-day attempt at an agreement in the case of Acuff versus Acuff, involving an estate of about \$20,000, counsel for the plaintiff and the defendant reached within 45 of agreeing, and Judge Clark M. Mullican continued the case to the next term of court in the hope that an agreement could be reached.

The case consumed almost all day yesterday. Trial of the case, Nowlin against Wilson, began this morning in 9th district court before Judge Mullican.

ANNOUNCEMENT

To Farmers and Cattle Raisers of the South Plains

THE YELLOW HOUSE MILL IS NOW OPEN!

The primary thought in the erection of this strictly modern mill was to fill a long felt need for the raisers of feed stuffs in the South Plains—create a market for this commodity that has heretofore been thrown away after own consumption had been satisfied. This Mill will make a market for grain that has heretofore been unsalable except in a very limited way. By this we especially mean bundle stuff.

By reason of this mill utilizing these surplus feed stuffs and by proper mixing and blending we are enabled not only to furnish the farmer with a higher, better and more consistent market but to furnish the dairies, stock farmers and cattle feeders with a superior and a cheaper feed, it being a primary purpose of this plant to feed home grown feeds to home grown cattle.

We wish to call attention to the cattle raisers West and South of us to the advantage of shipping cattle to Lubbock for "feeding out." By doing this not only do you get advantage of the cheapest feed in the country but you have the advantage of shipping on the through freight rate to either Ft. Worth, Kansas City, or any other market. Being able to pick the highest market at the time shipment is desired will save many thousands of dollars for cattle raisers of this great cattle country of ours.

Better! Cheaper

Dairy and Stock Feeds.

Molasses or Dry

The mill is equipped with newest modern machinery that enables us to mix or prepare any special brand or mixture of feed desired. Not only can we manufacture any kind of feed but we can do custom mixing. We can take a farmers feed, grind it, mix it, and put any desired amount of molasses on it then give back to him his own feed for a very small cost.

Serving West Texas Farmers and Cattle Raisers

By The Foresightedness of the Management of the New Yellowhouse Mills Management.

This is our biggest job in this great western country. Naturally we are proud of it and want it to stand symbolic of the nature of our completed work of all kinds, pertaining to machinery installation. It is the finished dream of an ever-aggressive firm, and we pause as the last nut is tightened to bid them the best of luck.

The new mill is a model for feed economy and the farmers and cattle raisers of the South Plains territory owe many thanks to this new venture. It should be supported with every possible assistance for it will greatly enhance the profit in cattle raising because with cheaper feeds then a greater profit can be realized.

The outstanding features of our installation in the new mill is a Grindster Hammer mill and a Sweet Feed Mixing and Blending Plant. These two items in particular are of major importance in our operations as Elevator and Mill machinery experts. However, we carry every conceivable kind of this class of machinery in our home warehouses and at this time have the Biggest Stock of New and Used Machinery in the Southwest.

Sunday School Class Gives Party

The Sunday school class of Mrs. J. J. Chambers in the First Methodist church celebrated Tuesday evening in the home of Mr. and Mrs. L. D. Rankin, 1207 Avenue N. Games were played, fortunes told and other entertainment enjoyed throughout the evening after which hot chocolate, sandwiches and cake were served. The patriotic theme was observed in decorations. Misses Dorothy Rylander and Mervel Rankin and Garland Carr assisted with the entertainment. Those attending the party were Lore Watkins, Patricia Toler, Mary Jo Scott, Suzanne Marie Kitt, Evelyn Deak, Gwendolyn Thompson, Rennie Lee Fulton, Florine Ames, Sybil Shell, Ethel Murray, Mary Bryson Cobb, Annie Lily Scott, Ruby Lee Aber, Lorraine Richards, Margaret Good, Grace Rankin, Jack Taylor, Theron Watkins, Walter Blumhagen, Weldon Hall, Erwin Scarbrough, Myrnum Thomas, Duke McCreary, Billy Dykes, William Camp, Allen Weismaker and Lynn Strickland.

Social Hour Enjoyed By T. E. L. Class

Thirty-two women attended a social and business meeting of the First Baptist T. E. L. class yesterday afternoon in the church parlors. Business was Mesdames Fred A. Owens, Elmo Wall, Tom Campbell and J. L. Scott.

During the afternoon Miss Francis Shattuck sang a solo, accompanied by Miss Leta Mangrum. Miss Leta Bishop gave a reading and Miss Blanche Pann played a violin solo. Refreshments were served.

Presbyterian Council Of Teachers Meets

Mrs. G. W. McCleary made a talk on "The Atmosphere of Worship" last evening when teachers in the First Presbyterian church met in conference at the church. The group decided that an educational council is to be appointed by the superintendent, N. L. Peters, and Hubert Hopper was appointed secretary of the teachers' council. The next day in the Sunday school motion picture was shown. Mrs. Harold Gordon led the devotional at the opening of this meeting.

Program Is Given At Alathean Meet

A delightful program was heard yesterday afternoon when the First Baptist Alathean class met with Mrs. Dick Abbott, 2001 Main street, for a business and social gathering. A duet was sung by Mrs. G. N. Atkinson and Mrs. Fred Heim with Mrs. Atkinson at the piano and Mrs. Elsie L. Mitchell gave a reading. The class teacher, Mrs. Fred Grayson, made a short talk and presents were exchanged in a friendship system employed in the class.

Refreshments of nut pie with whipped cream and coffee were served by the hostesses, Mesdames Abbott, A. Pauliger, A. E. Herring, Dan L. Bradley, L. L. Coleman and R. L. Gold.

I-Deal Bridge Club Is Entertained

Mr. and Mrs. Louis Stevens were hosts to I-Deal club members Tuesday evening in their home at 2219 17th street. Those playing were Messrs. and Mesdames D. E. Bondurant, Hub Jones, C. D. Swift, Frank Jones, Guy L. McAfee, Louis Quillen, W. B. Powell, Mrs. Elmer Conley and R. C. Smith. Mr. and Mrs. Bondurant made club high scores and guest high scores were made by Mrs. McAfee and Mr. Powell.

Living and Loving

By Mrs. Virginia Lee

DON'T LOSE HEAD IN TROUBLE LAUGH AND NERVES RELAX

In looking through some books that had been in the bookcase, unread, for some time, I found the following clipping, and think it such good advice that I will pass it on to my readers.

"Don't lose your head, dear," her mother said. "Keeping cool is only a habit after all. If you can't hang onto yourself any other way, laugh. The reason laughing always saves you from any serious breakdown is because it gives you a chance to relax. Once you relax, your nerves come into control again. Troubles, like hills, are never so huge as they look from a distance. Keep your chin up, tell yourself you fear nothing, and grin. Your black mood will pass. Everything passes. Smile—and hang on!"

"Dear Mrs. Lee: I am a girl of 13 and literally crazy about a boy of 15. He does not love me, I know. Whenever he comes to see me, which is very rarely, he always talks about this girl and that and 'how precious she is.' I get so jealous I can hardly stand it. Tell me how I can make him love me?"

"LOVE CRAZY MARY. Well, dear, I think you are going nicely in that direction. He makes you his confidante, and by being sympathetic you can keep his interest."

"Dear Mrs. Lee: I, too, have a problem on hand that I'd appreciate your advice on. I am almost through high school and I am getting along pretty well except that the girl I have been going with for three years has me puzzled. She says she loves me as much as I do her, which is very dear. She also says that I am the only one she loves. But she goes with many other boys, most of whom I do not approve. She gets peeved when I go with other girls and also when I mention anything about the boys she goes with. Now, do you think that she loves me as she should? Do you think it would be alright for us to get married? We do quarrel over our love affairs."

"D. E. A. R. I think you are both too young to know whom you love, and should not think of marriage yet awhile, at least until you are through school and established. Your little girl friend undoubtedly likes you best, even if she does go with other boys. It is natural for her to want to know her boys a little, but she should not object to you going with other girls, and I think you should be firm about that. Why don't you have an agreement that you both go with others to a certain extent and together at certain times? And let time settle the matter for you."

Adorabell and her fiancé are planning on marrying soon. She lives alone with her mother, but the mother seems not to object to her daughter marrying. The fiancé has a quick temper, but Adorabell loves him dearly and he her. I can see no reason why you should hesitate to marry under the circumstances."

Adorabell. A hasty temper may make a lot of unhappiness in a home, but most of us are troubled with tempers—more or less—and we learn to control them as we grow older.

"Anna Lee: Wasn't it silly of you to get angry because your friend took the other girl home at his house's request? You created the unpleasant situation, and made him feel you were rather an unreasonable girl. All you can now do, is to tell him, when you meet him at a friend's house, that you would like to have him call, and you are sorry you talked rudely to him over the phone."

GIRL WHO PUTS ON AIRS NO FAVORITE WITH MATES

A short time ago I printed a letter from a high school girl who said she did not make friends easily and was generally left out of the school doings. She wondered why the young people who seemed friendly enough at school did not ask her to go with them to class rallies, etc. Now one of the readers of this column has written telling about a girl she knows who is generally ignored, giving the reasons. I do not think Molly, my little former correspondent, is in the class with this girl, but it might explain why some are not popular, and it would be as well to check up on ourselves and see if, even in part, the charges brought against this girl could possibly apply to us.

"Dear Mrs. Lee: It was with genuine interest that I read the 'complaint' of 'Molly' who claims she cannot make friends and that her schoolmates do not ask her out with them. I will avail myself of the invitation you made for help from your readers and think that perhaps the following may be of interest to quite a few.

"I am employed in the office of one of the largest life insurance companies in the country and come into contact with many girls and young men. In our department there is one young girl who is quite in manners, pleasing features, neatly dressed, and she never seems to make any steady friends either with girls or boys. The trouble is that she thinks too much of herself. She considers herself above the average run of office girls and never makes an opportunity to call attention to her accomplishments. The young lady never starts an argument—probably because no one wants to argue with her because she is so

ways considers her opinion final and infallible on whatever matter she deigns to bestow her consideration.

"If anyone asks her out she talks and talks and expresses her own opinions and the other fellow gets no chance at all. If she is asked to a party she is ever on the lookout to call the hostess' attention to errors made in the games, cutting for prizes, etc., and it is small wonder that the crowd prefers to leave her out of their invitation list. She seems to be afflicted with hallitus almost constantly, and once when I broached the subject to her in the most tactful way I could think of all the thanks I got for it was, 'Well, there must be something wrong with your nose; there's nothing like that wrong with me.' So Mrs. Lee, do you not think that the chief cause of this girl being

ostracized is that she puts on airs?

"OBSERVANT." Undoubtedly, for you have described a word picture of a most unpleasant young person. Observant, I don't believe "Molly" is like that. I think her principal trouble is shyness and lack of experience, but a good many of us may look at the picture as presented by you and take a hint. Thank you for your interesting letter. It was too long to print in its entirety.

PERFECT PLAN FOR CARRYING PAVING BONDS

INTENSIVE DRIVE FOR EVERY DISTRICT IN COUNTY IS READY

Perfecting plans for launching the greatest campaign of its kind ever staged in this county, the executive committee of the Lubbock County Good Roads association met yesterday afternoon and took definite steps toward the organization of an intensive drive throughout every school district in the interest of the \$2,000,000 county-wide paving bond issue which comes before the people on Saturday, December first.

Following attendance at the weekly luncheon of the Rotary club, the committee worked out initial details of the campaign. Chairmen for the major district of the county were appointed and a letter will be sent to each school district to carry on the drive and acquaint voters with the project. It is planned to hold meetings in each district.

The entire membership of the Good Roads association will meet here at luncheon next Saturday to perfect further plans for the educational campaign. Letters advising of the meeting have been sent to each member.

Included in the executive committee of the association are, J. A. Rix, chairman; M. T. Daniels, J. T. Overby, E. O. Calley, P. G. Stokes, E. T. Daniels and L. A. Williams, secretary.

Appointments yesterday included: B. A. Wells, chairman of the general publicity committee; Roger Q. Pierce, chairman of the general speakers and meetings committee; G. F. Kuykendall, chairman of the transportation committee; E. L. Klett, chairman of the general public relations committee; and B. Sherrod, chairman of the school district committee.

Each chairman is to select his own committee and perfect an organization for carrying on his specific line of the campaign.

France Hopeful At Hoover's Election

PARIS, Nov. 8 (AP)—The long residence of Herbert Hoover abroad, his wide travel and experience led a few of the morning papers today to express a belief that his foreign policy would be inspired by much broader and more understanding views than any of his predecessors. This, these papers said, augured well for France.

Non-Jury Cases In 72nd Court Here

Non-jury cases are being taken up this week in 72nd district court. Judge Homer L. Pharr.

This term of the court opened Monday the civil docket being filed that day. The appearance ticket was called Tuesday.

Only civil cases will be taken up by the court next week, and the week of December 3 and 10 will be given over to the trial of criminal cases.

FATHER AND SON PROGRAM PLANNED

WEEK'S OBSERVANCE IN LUBBOCK WILL BE CLIMAXED WITH MEETING NOVEMBER 20

Fathers and sons will step into the nation's spotlight next week in observance of "Father and Son's" week.

In connection with observance of the week throughout the country, a special program will climax the special week. Due to conflicting dates, however, the program which is to be climaxed with a big feast for fathers and their sons of the city, will not be held during next week.

The meeting is to be held on the night of November 20, and it is planned to make it the biggest section ever held here. This will be the first all-city and all-county get-together of this kind ever to be held here. Formerly various organizations of the city held banquets on observance of the week, but this year it is planned to include all celebrations in one big occasion.

At a meeting of representatives of various organizations of the city last night the movement was launched, and a number of committees were selected to work out the details of the occasion. The Rev. L. O. H. Williams was chosen as general chairman.

PLAN TERM OF U. S. COURT

BOTH DISTRICT COURTS WILL ADJOURN FOR OPENING HERE

Lubbock's two district courts will adjourn December 10 for the opening of the first term of the Lubbock division of the federal court of the Northern district of Texas.

This action was taken by Judge Homer L. Pharr, of the 72nd district court, and Judge Clark M. Mulholland, of the 90th district court, at the request of the Lubbock Bar association at a recent meeting.

A banquet will be given in honor of the federal court officials by the local bar association during the week of December 10. Roscoe Wilson, president of the organization, appointed the following committee to make arrangements for the banquet: E. L. Klett, C. C. Orenshaw, J. E. Vickers.

been placed in good condition for landing. The airport has been marked both for the aid of the landing planes and to keep the public and automobiles off of the landing field.

It is expected that about fifty Port Worth business men will accompany the aerocade, whose identity has remained unknown during all plans for the trip, became known at the departure of the planes this morning. She will be introduced here upon the arrival of the planes.

The visitors will be guests of the Lubbock Chamber of Commerce at a luncheon at the Hotel Lubbock. B. Sherrod, president of Board of City Development, will preside at the luncheon, and Mayor Harley D. Woods will make the welcome address. Talks will be made by several local and visiting men. The aerocade will leave here at 1:30 o'clock to complete the good will swing through West Texas.

George E. Benson, chairman of the airport committee of the Chamber of Commerce, is in charge of preparing the field and all arrangement for the reception. It is expected that a large crowd will be on hand at the airport to welcome the aerocade.

Boy Scouts will aid the local police in directing traffic and keeping spectators from the field. Inspection of the planes will be invited, the members of the party will answer any and all questions concerning aviation.

Of the seventeen planes there will be thirteen different types, six of which will be army planes. The aerocade will be led by the Texas and Pacific coast and all Ryan Broughman plane which was in Lubbock last week making preparation for the arrival of the flying party.

GOP CONGRESS

(Continued from Page 1)

Democrats and three republicans who represent that state in the house at present, the Hoover were changed the representation to nine Republicans and two Democrats. Sweeping aside of Democratic congressmen was noted in various localities, although in two or three instances, Republicans were forced to give up their seats to Democrats.

The senate Democrats also felt the blow of the Hoover landslide. Six of their places up for re-election went to Republicans whereas all of the thirteen republican places were retained by the candidate of that party.

The only post-election contribution of Governor Smith has been an announcement that he is through with politics after a generation in public life. He expressed his gratitude to those who have stood with him and declared that never again would he run for public office.

President-Elect Hoover has expressed his appreciation of the vote given him Tuesday and has replied to message of congratulation from President Coolidge and Governor Smith.

Margin In Iowa Is 225,000 Votes

DES MOINES, Nov. 8 (AP)—Herbert Hoover's lead in Iowa mounted to more than 225,000 today when all but some 200 scattered precincts had reported the results of Tuesday's election.

The returns from 2,218 precincts out of 2,450, gave Hoover 578,000 votes to Smith's 350,000.

JACKSONVILLE, Fla., Nov. 8 (AP)—Democratic leaders in Florida still appeared dazed today as straggling returns from Tuesday's election continued to swell the majority the state gave to Herbert Hoover for president.

Never before had this southernmost rank of the "Solid South" given a republican presidential candidate a majority. Not since the days of reconstruction has there been a real contest in the state.

With only a few more than 200 precincts out of more than 1,200 in Florida, still unaccounted for, Hoover had gained more than a 30,000 majority on Governor Smith. The count in 977 precincts gave Hoover 126,662, Smith 96,712.

EXPANSION SHOWN IN PHONE SERVICE REFLECTS GROWTH

Added evidence of Lubbock's continued growth is shown with the progress of the Bell Telephone company here during the past few months. Since last April, 190 new telephones have been added here and at the present time the company is undertaking a \$25,000 expansion program, extending cable lines to all residential districts of the city.

This information was made known yesterday with the circulation of the new telephone directories under the direction of Tom A. White, manager of the company here.

Lubbock now has 2,868 phones and it is estimated that by the first of the year that the city will have 3,100 telephones in daily operation. The new directory reveals that 229 families have moved since the issuance of the last directory in April. Starting with the business section circulation of the new directories will require about ten days.

Extension of cable lines is in connection with the program of the company to serve as many people as possible. Cables are being placed to O'Neill Terrace, Highland Park, University Place, and in other sections of the city.

NEW YORK, Nov. 8 (AP)—George W. Olvany, leader of Tammany Hall, today offered an explanation for the comparatively small plurality given Governor Smith in New York City. Tammany had estimated his plurality would be 81,000 at least, whereas it was 448,000.

AUTO AGENCIES WARNED ABOUT PARKING RULE

ORDINANCE RECENTLY PASSED WILL BE ENFORCED HERE

Automobile agencies are being warned by the police force today concerning the requirements of the new parking ordinance passed recently by the city commission.

The ordinance forbids the parking of cars which are for sale or trade on the curb line. Although it became effective Tuesday the automobile firms will be given until next Monday to become acquainted with the ordinance.

After that time the ordinance will be enforced, and offenders will be fined not more than \$100.

One provision of the ordinance provides that cars used in the business either for transportation or for other purposes can be parked along the street.

It is thought that with the enforcement of this ordinance that the parking of the city will be relieved considerably, as much additional space will be afforded where used cars have formerly been parked.

Booklet "Layout" Is Prepared Here

The "lay-out" of the information booklet to be used in the follow-up campaign of the \$12,000 advertising program of the Lubbock Chamber of Commerce this morning was presented to the advertising committee of the organization for approval by Eric Roney, of the Tracey, Look and Dawson Advertising company.

As soon as the lay-out is approved by the committee, Mr. Roney will write the copy for the booklet. He expects to be here the remainder of the week in connection with the work, and will have everything ready for the printer before his departure.

This booklet will be sent out in answer to inquiries gained by the advertisements to begin in a number of the leading agricultural publications of the Southwest and the nation.

POLITICAL WAR

(Continued from Page 1)

demanded resignation of regular party leaders who, they charged, are tainted with Tammany. The regulars replied that bolters would never run the affairs of the Democratic party in Texas and declared that they would rather lose with Democrats than win with the Republicans.

Anti-Smith Machine Instinct. Judge B. D. Sartin of Wichita Falls, an anti-Smith leader, announced that the machinery which was set up to oppose Smith would not be scrapped, but would be maintained to purge the party of "Tammanyism."

Former Governor O. M. Colquhoun demanded that D. W. Wilcox of Georgetown, chairman of the state executive committee resign. Wilcox before the election threatened to bar all bolters from the next party primary. Senator V. A. Collins of Dallas not only attacked Wilcox, but declared that Governor Moody and Senator Morris Shepard, author of the Eighteenth Amendment, should be called upon to explain their failure to oppose Governor Smith. These sentiments were echoed in a meeting at Fort Worth and in statements issued by bolters at other points in the state.

Statements from the camp of the regulars were no more conciliatory than those from the revolutionaries. W. A. Thomas, state Democratic campaign manager predicted that the issue of prohibition and "illegitimate tolerance" will be carried to campaigns in Texas for years to come. He said that the fight had just begun and that these issues are sure to keep the party split.

Adams Not Conciliatory. J. D. Adams, Democratic national committeeman refused to make any olive branch gesture. "Bolters will not take charge of the machinery of the party," he said. "They may stay."

Headache?

Spurred by dangerous heart disease, high blood pressure, and other ailments, the head is the most common source of trouble. Headache is a warning sign. It is a signal that your system is out of balance. It is a signal that you need a change. It is a signal that you need a new way of life. It is a signal that you need a new way of thinking. It is a signal that you need a new way of feeling. It is a signal that you need a new way of living.

South Seas Form Kiwanians' Topic

An intimate view of the islands of the South Seas was given members of the Lubbock Kiwanis club at noon today when Frank Reedy, of Dallas, globe-trotter and representative of a steamship company, told the civic clubmen of the people and conditions in Hawaii and other places in the Pacific ocean.

Forecasting the South Seas island group as the coming commercial center of the world and telling of the co-operation between the American and British governments in aiding in the advancement program, Mr. Reedy's talk was well received. He will speak again tonight at the Lubbock Kiwanis club, in the auditorium of the new Engineering building. Views of the islands will also be shown, beginning at 8 p. m.

Jed A. Rix, chairman of the Lubbock County Good Roads association, made a short talk on the plan which his organization proposes for the Republicans, or form a party of their own, but they will not run the Democratic party in Texas.

A social program will be worked out at the meeting tonight, and new officers will be elected. A large attendance is urged.

NEW YORK, Nov. 8 (AP)—Franklin D. Roosevelt, claiming the governorship of New York by a plurality of 28,000, today began preparations for a three weeks' vacation at Warm Springs, Ga., his winter home.

With 190 up-state and two New York City districts unreported, Mr. Roosevelt had polled 2,686,325 votes to 2,654,347 given to Albert Ottinger, his republican opponent. Roosevelt carried New York City by 400,000 votes.

RECORD CROWD GOING TO SEE BULLDOG GAME

THREE HUNDRED FAIRS ALREADY SOLD FOR SPECIAL TRAIN

More than three hundred tickets had been sold for the special train which leaves here at 1:30 tomorrow for Plainview where the Westerners and Bulldogs clash in their annual game. At least another hundred are expected to sign up before train time, according to E. J. Lowry, who is in charge of the trip.

Present indications point to one of the largest delegations ever to leave Lubbock on a football booster trip. The high school pep squad and the fifty piece band will be aboard the train to lead the grid enthusiasts. A large number of town fans in addition to the high school students have signified their intentions of seeing the game Friday.

Leaving here at 1:30, the Westerner special will arrive in Plainview immediately before the game and leaves there at 6:30 on the return trip. Special rate for the round trip has been set at \$1.30.

Ralls - Crosbyton To Clash Monday

RALLS, Nov. 8 (Special).—The Ralls-Jackrabbits will meet the Crosbyton football eleven on the latter's field for the Armistice Day game, Monday, Nov. 12. This day's game is one of the hardest fought battles of the football season and with much enthusiasm.

So far the Jackrabbits have won one hundred per cent of the games played and the Crosbyton eleven has also met with much success.

FORMER MAGISTRATE IS BACK ON BENCH AS OWNER-MANAGER

(By Associated Press)
BOSTON, Nov. 8 (Special).—E. J. Fuchs, who was a New York city magistrate before he became president of the Boston Braves, has returned to the bench—in the National league.

After selling Rogers Hornsby, his last season's manager and the leading batsman in the National league, to the Chicago Cubs for five ball players and some cash, the judge, who received his early baseball training on New York sandlots, was prevailed upon by his associates to become a managing owner.

The Hornsby trade, rumors of which had been circulating since the world series, failed to excite Boston's baseball public much but he intended to run the Braves ball on and off the field was received with amusement.

After announcing that he had engaged Johnny Evers, who helped to bring a world championship to Boston in 1914 when he was captain of the Braves, as his chief assistant, Judge Fuchs expressed the hope that Evers would inspire the team with his aggressive and hustling spirit.

'Comebacks' Of Navy And Michigan Bring Throngs

NEW YORK, Nov. 8 (Special).—When a crowd of 70,000 people goes to see a football game that lost its first three games play a team that lost its first four, there must be something of importance behind it. That attendance has been predicted for the Navy-Michigan encounter at Baltimore Saturday and the attraction for the huge crowd lies in the prospect of a thrilling battle between two teams that have come back brilliantly after making poor starts.

With their morale impaired by the death of Miles Fox during an early season practice, the midshipmen got off to a slow

start and dropped close games to Davis-Ellis, Boston College and Notre Dame before they won their first game from Duke. The next Saturday they burst into the spotlight with a victory over the highly rated Pennsylvania team and followed it up by trouncing West Virginia Wesleyan, 37 to 0.

Michigan, suffering from a complete lack of Friedman and Osterbeaus, also had a checkered season, losing to Ohio Wesleyan, Indiana, Ohio State and Wisconsin. Last Saturday the Wolverines suddenly came to life and eliminated Illinois, previously undefeated, from the Big Ten race.

Speaking of Football Speed is Essential Factor in a Team's Ability to Sweep Ends for Long Gains

By "JOCK" SUTHERLAND
University of Pittsburgh Football Coach

One of the real thrills of a football game is the end run. Like the forward pass, the end run may result in a long gain. It has speed and action and is one of the most spectacular plays of the game.

No team can have a good offense without a good end run, or something to take its place, such as an effective cross-crook, a double, triple or lateral pass.

There is more concentrated effort required to execute an end run today than ever before. In fact, nearly every team attempts to gain ground by running the end.

When end runs are not used, or are ineffective when used, it is almost impossible to gain ground because ends, tackles, guards, and the center play so close together that off-tackle plays and line bucks are smothered. Speed is the essential thing in end runs. Every team should have at least one exceptionally fast back who can run the end.

On sweeping end runs it is usually impossible after getting past the line of scrimmage to evade certain of the defensive backs. This can be done by sending linemen through to prevent the backs from crossing over to tackle the ball carrier. This is not altogether true of off-tackle plays and line bucks where the ball carrier must go straight for the secondary defense that closes in on him.

End runs are nothing but a waste of time, and nearly always result in loss of ground unless the arrangement of the offensive backfield is such that any good play may be used from the formation.

Many end runs are designed with the idea of using all offensive power to get a brilliant open field runner past the line of scrimmage, then it is up to him to use his own judgment. Other coaches believe in getting one or two men to interfere for the runner after he has passed the line of scrimmage. I prefer the latter plan.

The man who is coached to break loose at the first opening he sees will frequently do so at the wrong time and place. He sometimes does not take advantage of the checking done on his own linemen.

A man should not run into a stone wall if his interference fails to function. He should follow the line of the play, and when some part of the play fails the back should then break for an opening.

To get a man past the line of scrimmage there should be interference directly ahead of the ball-carrier. I tell my defensive backs there is no excuse for not getting a runner who attempts an end run without interference.

The ball carriers should be at least four or five yards back of the line of scrimmage on straight end runs. If the back is more than five or six yards back the defensive ends will move out from their tackles.

LITTLEFIELD DECLARES MOVIES SHOW STEERS REALLY WON GAME

AUSTIN, Nov. 8 (Special).—Motion pictures of the football game here last Saturday between Texas University and Southern Methodist University show that Texas made two touchdowns, when it got credit for none, the visitors winning. Coach Clyde Littlefield said after viewing the pictures.

The picture did not show the much disputed play where Rufus King on the fourth down, was ruled out of a touchdown in his plunges at the line. Pictures of the third down, just preceding, however, showed that the ball went over and was pushed back, the coach said.

The other touchdown and the one he regarded as the most indisputable, came early in the game, when Ford scooped up an S. M. U. fumble and raced for the goal. Coach Littlefield said the picture over Ford was not stopped until he had crossed the goal line, but that the ball was placed back four yards from the goal.

HORNSBY TRADE ANNOUNCED

RECORD DEAL IN MONEY AND PLAYERS MADE

SUM INVOLVED MAY BE \$100,000, RUMORED; GET FIVE MEN

(By Associated Press)
CHICAGO, Nov. 8.—Rogers Hornsby, the transient star of National League baseball, will next be seen in a Chicago Cub uniform.

Five players and a large sum of money, perhaps the largest amount ever involved in a baseball deal, will go to the Boston Braves in exchange for the "Rajah," who has worn the uniforms of three clubs in the past three years.

The long rumored deal, which gave the Cubs the National League's leading hitter, was completed last night in a telephone conversation between President W. L. Veeck of the Chicago club and Judge Emil E. Fuchs, president of the Braves.

President Veeck refused to divulge the exact sum of money involved, but intimated it was between \$150,000 and \$200,000.

True to President Veeck's statement that the Cub team would not be wrecked to get Hornsby, only two regulars were included in the transaction. One was Freddie Maguire, moved to make room for Hornsby at second base, and the other was Percy Jones, veteran southpaw.

The other three players were Louis Leggett, first baseman, and Harry Selbold, a recruit hurler who starred with the Reading club last season, and Bruce Cunningham, a pitcher, acquired from Los Angeles.

Real Amateur Talk

Pete LaCoste, father of the French tennis player, knows how to do a pure sport. He has demonstrated the use of a very practical method in preventing one of the world's greatest tennis players from making a business of his game.

Pete LaCoste owns the big chunk of the Hispano-Suiza automobile factory, and when his little Rene had reached the age where it was time for him to think of a trade he suggested that his boy go into the automobile business.

Little Rene wanted to play tennis, and he assured his father he could become a champion if he could be given the opportunity.

Five Years for Play

"I will give you five years for your tennis," Pete LaCoste said. "At the end of five years you will have to go to work. If you are no good at the tennis you will have to go to work sooner."

Within the allotted five years Rene became the world's champion and his father served the warrant on him. He had to go to work.

Last winter the young man begged for another year. He pointed out that if he could go to the United States and play at Forest Hills he might win permanent title to the American cup. But the father would not be moved.

LaCoste went to work in the laboratory at the factory and didn't come to the United States with the French team.

Five Years for Play

The season closed and young LaCoste was notified by his father that he should pack up and go to the United States to study the Wright airplane motor, and the boy made the trip as a student engineer.

It is quite possible that he could have learned just as much about American engines if he had come to this country in August, but there were lots of tennis activities during that period and the temptation might have been too much for a young workingman who was at the same time a champion tennis player.

From now on until next spring there will be no tennis to distract an earnest young engineer, and perhaps by the time the outdoor season arrives young LaCoste will have learned plenty about engines and things like that and will be back home in the pure's factory.

Now Don't Buy

Years ago in the infant days of the Walker boxing law, the New York Boxing Commission was asked to join the National Boxing Association. Joseph Johnson was then chairman of the New York commission, and he declined.

"Those things always end up with an inside political fight," he said.

The national association seems to have ended just that way.

Before the recent annual meeting of the association, which caused the internal dissension, one of the officers asked a prominent sports writer for some questions to place before the meeting.

"Just it up and all of you mind your own business," the writer suggested.

Kansas Yearling Is Cause Of Near Riot

LAWRENCE, Kan., Nov. 8.—It isn't often that a freshman football player, he has ever so good, gets more notice from the scribblers than the varsity players do. But that is what Jim Busch, Kansas freshman, did the first week of this season.

It came about three weeks ago that Busch transferred his allegiance from Lawrence to Kansas this year, and his doing so caused a lot of speculation among the fans of the two institutions.

Busch, said to be the whole team at Lawrence last year, worked at Lawrence this summer, and it was thought he would enter Kansas. Just before school started in September he went back to Lawrence, but registration day found him back at Kansas.

Officials of both schools accused the other's organization of trying to lure a football player away from the school of his own choice.

TECH FROSH TO PLAY OPENING GAME FRIDAY

FAST, FURIOUS SCRAP PROSPECT IN TILT VS. SIMMONS SUBS

A football game of unusual interest will be played on the Tech gridiron Friday afternoon when the Tech freshman eleven meets the Simmons University reserves in the initial clash for the first year Matadors.

Six weeks of intensive training under the direction of coaches Hildebrandt and Ingelstien has put the Tech freshmen on a keen playing edge and the clash with the second string Cowboys promises to be a battle well worth watching.

Coach Lee Craftill is giving his full time to the reserves at Simmons this year and has developed a formidable grid with from the first year candidates and ineligible from the varsity squad. Reports from the Cowboy camp indicate the reserves have a full segregation almost on the par with the Bridge Cowboys. Scrimmage between the two has furnished some of the hottest battles the Cowboys have had this year.

Because of a large number of potential varsity gridironers on the Tech freshman eleven, the game Friday will be watched with unusual interest. At least three members of the line and two in the backfield show promise of making valuable additions to the blunder machine in 1930. Simmons and Slides at tackle and Swift at center are the men in the Fresh line that will bear watching. In the backfield Buckler at quarterback and a couple of powerful fullbacks, Critch and Smith, have shown outstanding ability. Pickett, a shifty halfback, is on the middle line and will be the best of the game because of the conference rule.

The game tomorrow starts at 2:15.

Ohio Grid Star Is Preacher On Side

DELAWARE, Ohio, Nov. 8.—A football play on Saturday and a preacher on Sunday—that is how Norman Scriber, giant tackle of the Ohio Wesleyan team, is spending his week ends. He is from Baltimore, Md.

Scriber earns enough money to pay his expenses by serving as pastor for Methodist Episcopal churches in central Ohio. Last year his ministerial duties kept him too busy to play football, but he is squeezing in the time this year.

He weighs 300 pounds, stripped, and gets advantage of every pound when in action. You ought to ask some of his opponents.

It will be a battle between a slashing, driving offensive team, with a quartet of fast stepping backs, and a powerful Crimson aggregation with a stonewall defense. Two of the fleetest ball toters in the state outside of the Southwest Conference will be pitted against each other in the persons of Matadors for Captain, Hanson Walker, and Tech this year, who since he has been his influence that the entire Wildcat squad has voted on it. This means the Matadors have a real fight on their hands here this week-end.

Why it Pays

TO PAY

CASH

READ THIS LETTER

DEAR FRIEND:

For months the management of this store
has seriously considered adopting the
cash plan to everybody, as it seems to be
the general consensus of opinion and the
desire of the buying public to pay cash
and pay less.

As the oldest and biggest drygoods store
in Lubbock or the South Plains, we have
enjoyed a very satisfactory credit volume.
We are positive that dry goods can be sold
at a decided saving by selling for cash
only, in that this will eliminate expensive
collectors, bookkeepers, some losses and
various other items of overhead.

Now we are going to prove this statement by
our actions and are going to make a rad-
ical reduction on every item in this \$150,-
000.00 stock of high grade merchandise.
You are invited to compare these prices and
convince yourself.

DEMONS

That They Can Sell For Cash--A

Our pledge to the people of Lubbock, has been greater values day in and day out, year in and year out. We maintain to uphold this value pledge with a sale that will create a furore among value wise shoppers.

OUR CHANGE OF POLICY: For nearly twelve years BARRIER BROS. have led Lubbock in values and prices. During that time we have had to pay bookkeepers, collectors and various other expenses connected with a credit business. Even at our prices, as low as we have kept them, these items of expense had to be taken care of.

Now, we've decided to change our policy and give you the advantage of these old expenses.

Hoover Victory Is
Big London Story

LONDON, Nov. 8 (AP)—Hoover's
victory is the big story of the day
in Great Britain, with the afternoon
paper devoting many columns under
front page headlines to the election
results, with numerous pictures.
Editorially the papers comment
on the outcome as not likely to
produce any marked change in
America's foreign relations.

Living By Bread
In the state of Connecticut there
is a powerful lobby which has been
working for years to secure the
passage of a law which would
prevent the state from being
used as a place of refuge for
undesirable persons.

THE PLAINSMAN

That Girl on Broadway says the
election may not bring relief to the
farmer but the fact that it is over
has brought relief to most of the
other folks.

Chas. F. O'Neill, leader of the
Hoover forces in this section during
the recent campaign, and Judge
Clark M. Mullican, who headed the
Smith drive, have publicly urged
that the differences engendered by
politics be forgotten. The Plain-
man not only agrees with them but
likewise commends them for their
stand.

It will be remembered by
regular readers of this column that
The Plainman was the South
Plains when the two camps
organized here for the campaign
battle. Fear that factions
formed in the heat of the po-
litical struggle might be con-
tinued after the election made
him lament the organization of
two separate and distinct
groups.

But we seem to have been for-
tunate. Many are the disappoint-
ments, many are the deluges of
victory yet there seems to have
been remarkably few bitter personal
feelings left now that most of the
votes are counted.

Broadminded statements following
the election stamp the two leaders
as men of vision and at the same
time as patriots. They show by
their attitudes that they believe in
the continued progress of their city
and section and that they are ready
to put politics aside in favor of
their community.

The Plainman sincerely hopes
that the adherents of both the
Hoover and Smith causes will
forget their leaders as they did
in the campaign and that they will
be better for us all in the
long run. This writer still holds
to his statement made early in
the campaign that it is of more
importance to us here that the
South Plains continue its un-
interrupted march of progress than
was the selection of the
next administration.

That Man on Avenue Q says the
way prisoners have been escaping
from Texas prison farms some of
the guards must have been taking
the night blindfold test.

Lubbock... have a real
"pure enough" Father and Son
Week next week and here's
hoping it will be a dandy. Too
many fathers fail to take in-
terest in their sons aside from
seeing that their tonsils are re-
moved and signing an occasional
check. These Father and
Son weeks although short-lived
help to continue the compani-
onship throughout the year.

Station's victory in the fight to
secure free mail delivery is worthy
of congratulation. The citizens
there have been waiting for it for
a long time and it should make us
all feel good to know that success
has crowned their efforts.

Not a single arrested married election
day in Lubbock. That's a real re-
cord—one of which we may all be
proud.

The papers of the nation were
check full of reports of shootings,
cuttings, fights and other disorders
as the nation marched to the polls
and a city the size of Lubbock and
boasting of a clear record is cer-
tainly ready for commendation.

We should be glad that the
type of people who reside here
are the type who are willing to
accept the rule of the majority
—that they grant the other fel-
low the right of opinion just as
they grant it to themselves.
The Plainman is proud of Lub-
bock's record of no disorders on
election day.

Voted Too Often
Oldest of all the stories arising
from Chicago's fraud-ridden pri-
mary elections scandals of last spring
is that told the other day on the
witness stand by one Henry Watts,
colored worker of the Crowe-
Thompson machine.

Watts was told to vote often, and
he did—14 times in one day. Then
a gang of plug uglies arrived on the
scene and mistook him for a worker
for the opposition. They seized
him, hit him over the head, knock-
ed him down and kicked him griev-
ously.

After it was all over he hunted
up the ward boss and explained that
a terrible mistake had been made.
So the ward boss got a doctor to
fix him up and handed him \$10 to
salve his feelings. And that ended
the matter. That now he is spilling
the beans.

Bitterness Stirred Up During Presidential Campaign
Should Provide Lots Of Fun At The Capital—Dutcher

BY RODNEY DUTCHER
NEA Service Writer
WASHINGTON, Nov. 8.—A Cor-
respondent's Mental Notebook: One
result of bitterness stirred up in
the campaign ought to be a lot more
fun in Washington in the next
four years. Some of our best or-
ators are going to be very sore
and there's no place like Congress
to unload a burdened breast.

The new presi-
dent isn't likely
to be as com-
fortable as Cool-
idge has been.
Some of the
bolters have laid themselves open to
possible punishment, which they are
likely to get, in or out of Con-
gress.

Jim Reed, for whom the next
session of the senate will be his
last, is feeling pretty sour on a lot
of things. He hated Hoover with
such cordiality that the democratic
managers cautioned him rather em-
phatically, whereas Jim became
more disgusted than ever. Nobody
can kick up more excitement local-
ly than Jim and it's hard to be-
lieve that he'll let the next session
pass without a demonstration of his
old time fervor.

Someone is reasonably sure to
squirm.

Funny thing how both republi-
cans and democrats will claim a
state by large majorities just before
election. Funnier still how many
of them believe their own claims.
Headquarters officials can only rely
on what they hear from the boys
on the ground. There's no penalty
for being wrong, insofar as the na-
tional organization is concerned.

What political parties need are
better forecasters, who will give
the real picture. Coolidge called the
election, so they can know where
the real money and effort must be
spent. Trouble with lots of boys on
the scene is that they find their
states very doubtful until they've
received all the funds they can milk
from national headquarters, where-
after they become confirmed opti-
mists.

Well, anyway, Al Smith is prob-
ably the only one who came near
breaking up a poker game in the
National Press Club. Whenever
he spoke most of the players dash-
ed out of the main room to hear
him on the radio. Fifty or sixty
members were generally found
listening to Smith, principally be-
cause they enjoyed it. Democrats
claimed that a poll of press gallery
members went 2 to 1 for Smith.

Modern young women smoking
cigarettes are accepted nearly ev-
erywhere, but not at the Walter
Reed veterans' hospital. Disabled
war veterans, who have not quite
kept up with the trend of things,
since they sailed away to war, will
have none of them. To them, one
learned sight of a woman smoking
means that the lady isn't quite
what she should be. Hence Reed
Cross and nursing work at Walter
Reed has to be confined among
those who don't smoke or who can
do it clandestinely.

Twenty debutantes, out there for
the first time, held a smoking party
on a piazza while waiting for in-
structions—and so lost their use-
fulness.

Smith wound up his campaign
looking better than Hoover. The
governor had been through a lot of
such things before. He was far

In New York

NEW YORK, Nov. 8.—One of the
most amusing consequences of prohi-
bition has been the metamor-
phosis of many of the most staid
and conservative "brownstone
fronts" into ornate speakeasies.

What once was known as the aris-
tocratic tone exuding from the severe
looking mansions, threat to be re-
named "the frappe Fifties."

And, to add to the gaiety of the
situation, men who once were but-
lers and waiters in the homes of the
rich now are masters of the brown-
stones and charge their former em-
ployers for the privilege of winning
and dining in their ex-mansions.

Head waiters, who made their
small fortunes from the fat tips that
have gone about on the fat tips
selling night clubs, have grown
weary of the slump in trade and
have also moved into hide-aways.

These are among the most exclusive
of Manhattan's prohibition-violat-
ing resorts. There number can only
be approximated.

Without having attended, to date,
I am told that these places cater
only to the dinner trade. Food and
drinks are featured. There is no
drinking or dancing, no after-
theater rendezvousing. And the pa-
tronage is limited to the select.

It's all very funny!

Jottings from the week's note-
book. That welcome party that
Paramount-Lasky gave Chevalier,
the Parisian entertainer who has
been brought over for the talkies,
at the Ritz. I am told \$30,000
was spent on the blowout and it's
not hard to believe. All Broad-
way was there, including Fanny
Ward, who looks younger each year
for her old age.

And there was Elinor Glyn, who
brings her "It" along with her
wherever she travels. Richard
Dix back in town and Irene Bor-
don, who sang with Chevalier in
Paris. Blue Ferguson, getting
just a shade older. Morris Gest,
wears a sloppy hat with even-
ing clothes. Jesse Lasky, a
cherubic looking magnate.

Which reminded me, by the way
of the rather simple luncheon with
which Emil Jannings was welcom-
ed to New York. But had they
served tripe, or pork and beans, we
might have turned out to greet
Jannings.

And then upon the next day, to a
little luncheon for W. E. Woodward,
who will soon be out with a book
about General Grant, called "Meet
General Grant." And we fell to
talking about great men and heroes
in general. And Woodward, who
has studied and read much about
matters, expressed the opinion that
all men were made great by acci-
dent. Had General Grant been
less indulgent in his cups, said
Woodward, he would never have
become president of the United
States. Thus, said he, the whole
tracing would show most of the
famous ones to have had a little
luck in their favor.

And over the week-end to a coun-
ty fair in Connecticut. And I
didn't see a county fair since
I left Lapeer county, Mich. And
there was something infectiously
merry about it that we miss in the
metropolis, what with the home-
work displays and the garnerings of
the fall and the harness races and
the little doll racks and the fun-
ny little doll racks and the whole
lot of it. The livestock and the smell
of apples and vegetables and the soil.

Legislative Act
Only Fee Remedy

PARIS, Tex., Nov. 8.—(P)—Legis-
lative action is the only remedy for
the situation created yesterday
when the court of criminal appeals
in Austin declared the system of
paying justices of the peace fees
upon convictions unconstitutional.
In the opinion of Attorney General
Claude Pollard, who spent the day
here.

Until the legislature meets, in
Pollard's opinion, justices of the
peace and constables have no re-
source in cases where fines assessed
are contested.

The attorney general suggested
the possibility that a per diem sys-
tem might be evolved.

Diet and Health

Bread and Overweight
"How I love bread! I can eat
as much as three slices at a meal
and enjoy it. But I have cut it
down to one slice a meal and in
consequence have lost 14 pounds. I
eat almost as I please otherwise I
never cared for potatoes or sweet
potatoes. It is not hard to
deny myself these, I am hav-
ing real fun in watching my
weight go down!"

I used to suffer from heart burn
and indigestion and a predomi-
nantly acid-forming diet. It may also be
one of the symptoms of scurvy, due to
the lack of the anti-scurvy vitamin
in the diet, or of pellagra, due to
lack of vitamins and complete pro-
tein such as is found in flesh foods
milk, cheese and most nuts.

Only a physician who gave you a
complete examination could tell
you the cause of your trouble, Mr.
L., and the treatment of the cause
would probably remedy it.

Constipation
E—if you have the ordinary con-
stipation, see that you get one
and one-half to two pounds of fruits
and vegetables a day, and stop taking
physics. So long as you continue to
take them and have the wrong diet,
you'll always be troubled. Take en-
emas while you are getting over the
effect of the physics, for they set
you up for two or three days after-
wards. If necessary, add a little
bran, agar or psyllium seeds to your
diet. Every day take some ab-
dominal exercises and brisk walks.

We have an article on Constipation
and one on exercise called the
Atonic Abdominal Wall which will
help you.

Your palpitations may be due to in-

or it may be of greater signifi-
cance. At any rate, do not try

Mr. L. has a burning tongue.

Without doubt bread is one of the
greatest offenders in causing over-
weight, for it is usually taken at
every meal and with loss of butter.
One slice of bread, one-half inch
thick, is 100 C., and a level table-
spoonful of butter is 100 C. So if
you eat one-half pat of butter and
a full slice of bread, you get 150 C.
By cutting out six slices of bread
and butter, daily you have cut out
900 C. by this deprivation alone.

Other dietetics are the candies
rich, dainties and nuts. They are
all so high in calories.

You get a better diet when you
limit your breads (this includes
everything made of flour, and cere-
als) for they leave an acid ash,
and taking much of them makes
you eat less of the alkaline ash
foods—the fruits, vegetables and
milk—which you need for bulk, vi-
tamins and mineral elements. The

SMALL NUMBER OF UPSETS IN STATE RACES

DOPE RUNS TO FORM IN GOVERNATORIAL VOTE OVER THE NATION

(By Associated Press)
Notwithstanding the Hoover sweep Tuesday, there was a surprisingly small number of upsets in the gubernatorial races, and figures compiled on the basis of two-thirds of the vote show that Democratic gubernatorial candidates generally won out where they were expected to win, and that Republican candidates did likewise.

On the basis of the returns, incomplete in many cases, these candidates were successful, and in only one or two instances are there enough votes outstanding to change the result:

Arizona, John C. Phillips, republican; Arkansas, Harvey Parnell, democrat; Colorado, William H. Adams, democrat; Connecticut, John H. Trumbull, republican; Delaware, C. Douglas Buck, republican; Florida, Doyle E. Carlton, democrat; Georgia, L. O. Hadman, democrat; Idaho, H. C. Daidridge, republican; Illinois, Louis L. Emerson, republican; Indiana, Harry O. Cannon Calls Upon Raskob To Resign

RICHMOND, Va., Nov. 8 (AP)—Bishop James Cannon, Jr. of the Methodist Episcopal Church, South today issued a statement in which he characterized the defeat of Governor Smith for the presidency as the overwhelming repudiation of the proposal by the people of our country to place the national government in the hands of representatives of the wet sidewalks of our cities, aided and abetted by a selfish, unscrupulous element of high society life.

The bishop in his statement declared: "It is in order for Mr. Raskob to resign at once, that the Democratic party may be reorganized from the time and the nation of the West or Tammany control."

HOOVER RESTS AFTER TRYING CAMPAIGN DAYS

FEELS SENSE OF SOLEMN
RESPONSIBILITY FOR
TASK IMPOSED

BY JAMES L. WEST
Associated Press Staff Writer

STANFORD UNIVERSITY, Cal., Nov. 8 (AP)—This was the first of a series of days of complete rest which Herbert Hoover has prescribed for himself after the strain through which he has passed in winning the presidency.

He has decided to spend the remainder of the week with his family at his home on San Juan Hill, his mind free not alone from the multitude of problems which must engage his attention before March 4, but also from details of his personal plans before Inauguration Day.

The president-elect is surprised at the size of the electoral majority which the country gave him in Tuesday's record breaking election, and he frankly said so at a conference with newspapermen. Despite the unprecedented total of votes in the electoral college which the country has given him, Hoover has no feeling of victory or exultation, he stated in his first message to the American people as president-elect.

Feels Solemn Responsibility

He feels that there has been imposed a sense of solemn responsibility of the future and of complete dependence upon divine guidance for the task which the greatest office in the world imposes. "That task is to give the best within me to interest the common sense and the ideals of the American people," said Hoover. "I can only succeed in my part by the cooperation and unity of the spirit of the leaders of opinion and of action for the common service of our country."

The president-elect had no comment to make in his talk with the newspapermen as to what he might consider to be the effect of the driving of a wide wedge into the solid democratic South in the capturing of Virginia, North Carolina, Florida and Texas.

However, the unexpected result in that section naturally was gratifying to him, and in expressing his gratitude for "the overwhelming confidence" of the country he referred to the fact that his selection has been "without regard to section or interest."

Simple Inaugural Planned

While the president-elect has decided upon no details of specific plans for the future, he has stated emphatically that his induction into office will be attended by a simplicity equal to that of any inauguration that has been held.

Hoover is expected to remain in California for several weeks before turning eastward again for Washington, where he plans to spend the Christmas holidays.

After his period of rest and recreation he will give attention not only to the selection of the members of his cabinet but also to the executive program which he will present to congress, the focal point of which will be farm relief, which he regards as the greatest economic problem before the country.

AL CAN GET JOB Old Place Ready For Him, Says George Getz

CHICAGO, Nov. 8 (AP)—Gov. Alfred E. Smith, who announced he would never again run for public office after his defeat for the presidency yesterday by Herbert Hoover, still has a job if he wants it.

George F. Getz, Chicago business man who employed Gov. Smith in 1921 as an official of the United States Trucking corporation after the governor had been defeated for chief executive of New York, said he had "a job for Al Smith if Al Smith wants it."

Fireman Killed and Brakeman Is Injured

GALVESTON, Nov. 8 (AP)—Fireman J. E. Robinson was injured fatally and Engineer E. R. Eisecke and Brakeman Priesmuth were hurt today when a Santa Fe work train crashed into the rear of a freight train on the main line at Texas City Junction, 11 miles north of here.

The engine of the work train overturned and Robinson was pinned beneath it. Three cars of the train loaded with shell went into a ditch and the caboose and five loaded cars of freight were wrecked.

Arkansas Votes For Anti-Evolution Act

LITTLE ROCK, Ark., Nov. 8 (AP)—A lead of approximately 5,000 in favor of the proposed anti-evolution initiative act was maintained in additional returns received today, 500 precincts out of 2,018 giving 21,529 for and 16,579 against the measure.

Hoover Spends Day Strolling In Hills

HOVER HOME, STANFORD UNIVERSITY CAMPUS, Calif., Nov. 8 (AP)—Herbert Hoover began his first day as President-elect by taking a long stroll through the coast range of hills near his home here with Mrs. Hoover.

They trod pathways which brought crowding back memories of those years of youth, when as students at Stanford they studied geology together. With the strain of election over they both were care-free and happy.

COVER THAT MORTGAGE WITH A LOW RATE "TERM" POLICY TO PROTECT YOUR HOME

The man who lent you the money isn't worried. Your home secures his loan. Even if the house burns, he is protected. You bought Fire Insurance to cover that because the lender demanded it. He can't lose, even should you die... but YOU, or rather your family can.

Have YOU bought LIFE Insurance to especially cover your mortgage? Or must it be paid out of regular insurance? The annual rate on a "Term" policy for this purpose is very low. At age 30 only \$8.89 per thousand. It will cancel the mortgage and stop the interest should YOU "burn down." It will leave your other Life Insurance intact.

RASKOB SEES CONSOLATION

FINDS SOLACE IN BIG
POPULAR VOTE CAST
FOR AL SMITH

(By Associated Press)

NEW YORK, Nov. 8 (AP)—John J. Raskob, democratic national chairman, said today that the democratic party had "nothing to be discouraged about." If the total popular vote should show the democrats have decreased the party's minority to 10 per cent of the total vote cast.

Mr. Raskob's statement was made in answer to a question whether he had any idea what caused the Hoover landslide in yesterday's election.

"No, but I would like to see the total popular vote," he replied. "If we see that we will know a great deal better what it indicates."

"If the total popular vote should be in the ratio of 17 to 21 for instance, with the result that the democrats have a minority of only 10 per cent of the total vote cast, that is a tremendous increase over its former minority of 35 per cent, and I believe that if the result shows anything like that it is most encouraging."

"You cannot be happy in defeat, but nevertheless, if there is that kind of accomplishment, there is absolutely nothing to be discouraged about. If in New York we pull down a republican majority from 700,000 to 100,000 and if in Ohio we pull it down to about one-third of what it was, it shows quite some strength."

Mr. Raskob said he would continue as chairman of the national committee for his four year term.

League Looks For U. S. Cooperation

GENEVA, Nov. 8 (AP)—American co-operation in international affairs, including the activities of the League of Nations, is what the league looks for under the presidency of Herbert Hoover. Officials here are of the belief that Mr. Hoover realizes from hard experience the interdependence of nations and the need of international collaboration.

The same officials emphasized Mr. Hoover's declaration in his acceptance speech that though the United States had declined membership in the league, it would be glad to co-operate in the league's endeavors to promote scientific, economic and social welfare and secure the limitation of armaments.

Lone Socialist In Congress Is Beaten

MILWAUKEE, Wis., Nov. 8 (AP)—Late returns from the Fifth Congressional district in Milwaukee, presaged the defeat of Representative Victor L. Berger, lone Socialist in Congress, by William H. Stafford, Republican nominee, who assumed a lead of 1,000 with only 14 precincts missing. Stafford, former Congressman, wiped out the earlier lead of 2,800 which had indicated Berger's election and put him ahead.

Italian Officials Pleased At Results

ROME, Nov. 8 (AP)—The election of Herbert Hoover was received with satisfaction in the Roman official and business world today as an indication of the continuation of an American policy with which both were familiar. The intimate knowledge of European problems possessed by the president-elect was counted on to forestall any possible difficulties which might arise in the future.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

White CAKE

3/4 cup Crisco
1 cup sugar
2 cups flour
2 teaspoons baking powder
1 egg whites
1/2 cup milk
1 teaspoon vanilla
1/2 teaspoon salt

Cream Crisco with sugar. Stir in alternately milk and sifted dry ingredients. Fold in thoroughly stiffly beaten egg whites. Add vanilla and turn batter into two greased layer pans. Bake in a moderate oven (350 degrees F.) about 20 minutes.

Ice with coconut or maple icing, or Crisco white icing.

Crisco White Icing

2 cups confectioners' sugar
2 tablespoons Crisco
3 tablespoons milk
1/4 teaspoon salt
1/2 teaspoon almond
1/2 teaspoon vanilla
1/2 lemon extract

Cream Crisco with part of the sugar and salt. Add milk and rest of sugar and flavoring. Mix well.

Do you know of a more severe test for a shortening than in cake-making? Eggs, sugar, milk—each has its own natural flavor which join to make a delectable, fully flavored cake. Unless your shortening is delicate, how can you expect the cake to be delicately flavored? Crisco makes a perfectly flavored cake with an even texture—and whiter than you've ever thought possible. Taste Crisco—its sweet flavor will delight you.

NEW ORLEANS TRADING
NEW ORLEANS, Nov. 8 (AP)—Despite favorable Liverpool cables the cotton market opened irregular here today, first trades showing declines of 2 points to advances of one point. Uncertainty over what the bureau crop figures might show was given as the cause of the early irregularities but as New York opened firmer the local market became steadier after the start and December contracts traded to 18.21, January 18.22 and March 18.17, or 3 to 6 points above the opening. When the demand was supplied prices promptly eased off. However, on some last minute liquidation in advance of the crop figures and towards the end of the first hour the market showed losses of 5 to 8 points.

NEW YORK TRADING
NEW YORK, Nov. 8 (AP)—The cotton market opened steady at an advance of 5 points to a decline of 1 point. There was some buying on

steady Liverpool cables and reports of further rains in the belt, but it was supplied by southern selling and liquidation. Trading was fairly active preceding the government report with much of it attributed to further evening up of out-standing accounts, and with orders well enough divided to cause rather narrow and irregular fluctuations. After selling off to 18.80 December rallied to 18.84, while March worked up from 18.70 to 18.75 but the improvement was not fully maintained and the market was within a point or two of the lowest at the end of the first half hour.

The market was quite active toward the middle of the morning with prices advancing on covering and trade buying and with the active months showing net gains of about 18 to 20 points before business was suspended to receive the government report. The latter was not far out of line with expectations but if anything was a shade lower than looked for and when business was resumed, December sold up to 18.27 and May to 18.92 or 25 to 44 points net higher.

This advance was checked by realizing and the volume of business tapered off somewhat with the market holding about steady at reactions of 3 or 4 points from the best around midday.

The governor was his usual buoy-

ant self. "I've nothing but pleasant memories," he said of the campaign. He smiled and continued. "There is one thing the figures indicate, and that is that no man in the country except one ever got more votes for president than I did."

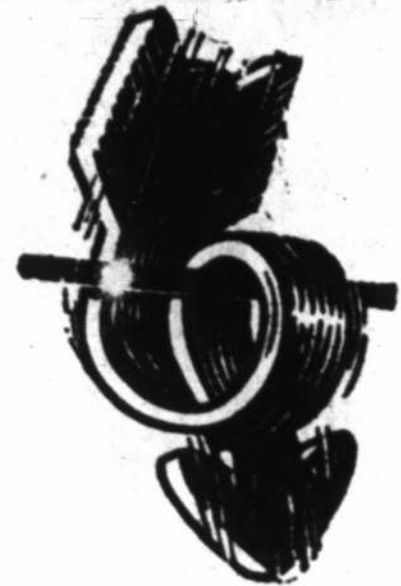

"Who was that, Governor?"

"Herbert Hoover."

The governor and Mrs. Smith planned to go to Albany this afternoon to the executive mansion

and the governor said he was going to plan a little trip; take a rest of cleaning up the affairs of the national committee is to be started immediately. As soon as things are in shape the national headquarters will be moved to Washington. Chairman John J.
