LORAINE BOOSTS CAMPAIGN TOTAL

Early Completion Sought For United Fund Countywide Drive

Mitchell County citizens were urged Saturday to join together for a speedy and successful wind-up for Mitchell County United Fund's 1957 finance drive.

The coordinated roundup for completion during the coming week was urged Saturday by Dr. W. S. (Bill) Rhode, county chairman for the campaign.

Rhode's signal for an "over-the-top" effort came on the heels of a boost from Loraine citizens for the fund drive.

Loraine citizens, Friday afternoon in their first report meeting, gave the 1957 campaign a real shot in the arm. They reported a total of \$1,070.75 collected in the opening days of solicitation in the Loraine area.

Heading the Loraine solicitation is Mrs. Bruce Johnson, chairman of the county west division. And her volunteer workers Friday reported that approximately 50 per cent of county west contact cards still remained to be worked.

The Loraine collections sent the county's total collection above the \$16,000 mark. Goal for the campaign is \$25,454—the minimum needed to meet budget requirements for eight deserving service organizations during all 12 months of 1957.

Money pledged and collected in the finance drive will go into the budgets of Salvation Army, Boy Scouts, Girl Scouts, American Heart Association, Gonzales Warm Springs Foundation, Mitchell County 4-H & FFA development, Red Cross and USO.

Next major report meeting for the county-wide campaign is set Tuesday at 7 a. m. here in Civic House. Following up later in the week will be a Thursday report.

G. D. Foster, who was president of Mitchell County United Fund in its first successful year of operation, spoke briefly at

Lions Club Friday in behalf of the 1957 finance.

He cautioned against a let-down by campaign workers as the \$25,454 goal is in sight and urged all volunteer workers to carry out their assignment in a manner "for which you will be proud."

Foster emphasized that the once-for-all-year contribution plan of the United Fund is not for just one service organization, but for eight agencies during entire 1957.

Albaugh Field Project Expands To Busy Operation Southwest Of City

Two Tests Follow New Cosden Oiler

Oil operations expanded southwest of Colorado City this week with two new drilling sites and a producer in the Albaugh (Yates) Field.

Albaugh Field activity highlighted a busy week for the western half of Mitchell County that included also three well completions in Westbrook Field, two in Sharon Ridge plus separate drilling locations in Turner-Gregory and Sharon Ridge-1700 Fields.

Ed's Drilling Company of Odessa staked two test sites in the Albaugh Field—the company's No. 1-A Otis Chalk and No. 2-A Otis Chalk.

The two 3,500-foot projects, nine miles northeast of Chalk, extend the Mitchell County field's operation across the county line and into Howard County for the first time.

No. 1-A Chalk will be 330 feet from north and east lines of west half, northwest quarter, Section 91, Block 29, W&NW survey, and the No. 2-A Chalk will be 330 feet from north and east lines, southwest quarter of north-west quarter, Section 91.

Finalized as 28-barrel producer in the Albaugh Field was Cosden Petroleum Corporation's No. 3 Otis Chalk, formerly the Robertson No. 1 Scott, 10 miles southeast of Forsan in Mitchell County.

Production of the 28.4 gravity oil was from perforations between 1,210 and 1,230 feet at a site 330 feet from south and east lines, west half of southeast quarter, Section 90, Block 29, W&NW Survey.

Staked as a new location in the Turner-Gregory Field, five miles northwest of Westbrook, was Duncan No. 1-C Turner-Gregory, a 3,500-foot test.

It will drill with rotary equipment at a site 1,650 feet from north and west lines, Section 19, Block 28, T-N, T&P Survey.

Spotted a 1,600-foot test in Sharon Ridge eight miles northwest of Colorado City was Blackwell-Lankford No. 2 Clanton-Sayles, 330 feet from north and 660 feet from west lines, Section 15, Block 27, T&P Survey.

Completed as new oilers in Westbrook Field were Ithex No. 3 Stockard-Smartt, Theiss No. 2 Strain and Blue Danube No. 5-B Strain.

No. 3 Stockard-Smartt, pumped 44 barrels of 24 gravity oil plus 30 per cent water, from perforations between 3,008 and 3,047 feet at a site 330 feet from south and 990 feet from northeast quarter, Section 16, Block 27, T&P Survey.

FOR ALL-DISTRICT TEAM

Bud Wilkinson to Speak at Banquet

Bud Wilkinson, brilliant coach at University of Oklahoma, will be principal speaker at a football banquet here in February.

The banquet will be sponsored by Colorado City Quarterback Club and will honor all-district players of District 3-AAA.

Wilkinson, whose Oklahoma team has won 33 consecutive games, notified Quarterback Club officials here this week that he would be in Colorado City for the banquet.

Definite date of the district banquet will be set after additional contact with Wilkinson. The Oklahoma coach is arranging his winter schedule now and said he expected a late February date for Colorado City.

Wilkinson, who in nine seasons as head coach has led Sooner teams to virtually every honor

in college football, is nationally known as a public speaker and lecturer at coaching schools.

And his speaking schedule already is filled through January and into February.

His acceptance of the Quarterback Club's invitation is credited to Delton Marcum of Marcum Drilling Company, a former star lineman for Wilkinson at Oklahoma.

Marcum contacted his former coach and invited him personally to Colorado City on behalf of the Quarterbacks.

The all-district banquet in February will be one of two events sponsored this winter by the Quarterback Club. In December the club will join with the Wolverines in staging a banquet for the 1956 Colorado High Wolf grid team.

Then in February—at a date to be set later with Wilkinson—the Quarterbacks will sponsor the district banquet.

Head coaches of all District 3-AAA teams have been contacted by Bill Quimby, banquet chairman for the Quarterbacks, and have endorsed the district banquet plan.

They expressed their interest in the local club for obtaining the caliber speaker of Wilkinson, Quimby said, and pledged their support for the banquet.

All-district players who will be honored at the Wilkinson banquet will be selected by a vote of coaches, newspapers and radio stations in member towns—Colorado City, San Angelo (Lake View), Snyder, Lamesa and Sweetwater.

BLASSINGAME IS VEEP

Farm Union Elects Hester President

Mitchell County Farmers Union Thursday night elected D. E. Hester of Loraine as its new president.

Also named to offices were J. W. Blassingame of Buford, vice president, and Warren Anderson, who farms northeast of Colorado City, secretary-treasurer.

Outgoing president of the Farmers Union, organized only this year, is A. K. McCarley Jr.

Methodists Name Mahon To College Committee

District Attorney Eldon Mahon has been named to a Methodist committee promoting a living endowment program for McMurry College, Abilene.

His appointment to the committee was announced Wednesday at a special session of Northwest Texas Methodist Conference in Amarillo.

Mahon will serve on the college endowment committee for the remainder of the Northwest Texas Methodist Conference year, which closes next May 31.

Goal for the conference in the endowment program is one dollar per member.

HERE FROM FOUR STATES

Howdy Hack Greetings Given 18 New Families in September

Colorado City's Howdy Hack welcomed 18 new families to town last month.

The September new residents came from 10 other communities in Texas and from New Mexico, South Carolina and Oregon.

Seven of the families moved here with oil industry firms. But the major portion—11 families—moved here for employment outside the petroleum industry.

Lists of the new families welcomed by Howdy Hack in September follows with local address, business or industry affiliation and former residence:

Mr. and Mrs. W. C. Ainsworth and four children, 316 Concho, Peco Drilling Company, formerly of Kermit.

Mr. and Mrs. Sid Blanton, 1723 Vine, farmer, formerly of Athens.

Mr. and Mrs. Clark Hanson and two children, 423 1/2 E. 15th St., Texas Highway Department, formerly of Abilene.

Mr. and Mrs. Serbrum Crawford, 341 Fifth St., decorator and painter, formerly of Wichita Falls.

Mr. and Mrs. George Graves and two children, 944 Chestnut, Sinclair Oil Company, formerly of Hobbs, N. M.

Mr. and Mrs. Jack Graves and three sons, 816 E. Ninth St., Air Drilling Company, formerly of Hobbs, N. M.

Mr. and Mrs. Carl D. Morris and four children, 903 Oak St., municipal employee, formerly of Spade community.

Mr. and Mrs. George Murphy, 1332 Locust, chiropractor, formerly of Lubbock.

Mr. and Mrs. Jimmie Pharris and three children, 944 Chestnut, Peco Drilling Company, formerly of Kermit.

Mr. and Mrs. C. M. Rhodes and two children, 1544 Austin, Dowell Inc., formerly of Snyder.

Mr. and Mrs. E. M. Riggs and three children, 737 Cypress, Jay Adams Chevrolet Company, formerly of Rotan.

Mrs. Janice Roberts and daughter, school teacher, formerly of Snyder.

Mr. and Mrs. Donald Shoff, 840 Chestnut, assistant pastor at South Side Baptist Church, formerly of Greenfield, S. C.

Mr. and Mrs. D. H. Soles and two children, 501 Concho, Wallace Motor Company, formerly of Roseburg, Ore.

Mr. and Mrs. W. S. Talley and two children, 1215 Chestnut, Junction High coach, formerly of Anton.

Mr. and Mrs. Dan Thompson, 828 E. Fifth St., service station employee, formerly of Abilene.

Mr. and Mrs. Joe Turnbull and son, 842 Vine, Dowell Inc., formerly of Snyder.

Dinner Wednesday to Honor Col-Tex Group

Annual dinner honoring 20 and 25-year employees of Col-Tex Refining Company is scheduled here Wednesday.

Scene for the dinner will be Colorado Country Club, according to C. F. Wakefield, Col-Tex Refinery superintendent.

The program will begin at 6:30 p. m. with Anderson-Prichard Oil Corporation officials from Oklahoma City, Okla., and representatives from Cosden Petroleum Corporation, Big Spring, attending.

Williams to Retire As Route 1 Carrier

John Sharp Williams will retire Nov. 1 as rural mail carrier for Colorado City's Route 1.

Taking his place will be William R. (Bob) Motley III, who will transfer to the route from the position of substitute clerk in the Post Office.

Retirement of Williams is the second for Colorado City's rural carrier service within three months.

In August E. E. Smith retired from the Route 2 carrier's job and was succeeded by Ed Moeser, formerly assistant postmaster.

Postmaster Sims A. Palmer said Saturday that he had notified the district postal office in Fort Worth that the Route 1 vacancy will be filled by transfer of Motley from the office staff.

Route 1, the first rural mail route established at Colorado

City, is now 56 miles long and has 176 postal boxes in the north-east area of the county.

The route was established Nov. 2, 1908, according to Palmer, with an annual salary of \$900, "including house hire." Carrying the mail when Route 1 was first established was Chester Thomas.

During those early days of the route the carrier was instructed to leave the local Post Office at 9:15 each morning and return by 4:45 p. m. Thomas, who resigned the carrier's post early in 1916, was authorized Aug. 31, 1912, to travel the route by motorcycle.

Simultaneous with the announcement of the Route 1 carrier change, Palmer emphasized that October marks the 60th birthday of the nation's rural delivery mail service.

And rural mail service is still

BIBLE COMMENT

Wise Example for Bickering Sects

Even in the realm of religion and the church, success brings its problems and difficulties. As Christianity spread and grew, these problems were twofold. There was the problem of mingling races in a religion that like its founder, was no respecter of persons. The Gospel had power to change the outlooks and lives of men, regardless of their color and their habitat. And there was the additional problem of a religion that rose among one race, with its roots and foundations in one religion becoming worldwide in its scope and application. One is impressed with the way in which these early Christians went about solving their problems. They faced the plain fact that where the Gospel was preached, Gentiles as well as Jews benefited from it. At least ten countries use the eagle as the symbol of supremacy.

WHITE SAYS GOP DROUTH AID LATE

Demo Leaders Roll Out Big Name Artillery On Heels of Nixon Campaign Across State

By VERN SANFORD, Texas Press Association. Texas' drought relief program is in high gear again. President Eisenhower announced a double-barreled shot in the arm for cattlemen's feed buying projects. Grain subsidies were increased from \$1 to \$1.50 per hundredweight and the aid period extended 60 days to Dec. 31. An additional \$5,000,000 was allocated to the hay and roughage buying program. This had been stalled for nearly a month after the original \$1,000,000 grant ran out. Certificates good for a \$7.50 per ton subsidy are again available to eligible livestock owners through the Farmers Home Administration. To increase effectiveness of this project, officials said western railroads agreed to make a 50 per cent reduction in freight rates on carload lots of hay sent to drought areas. Reductions were to take effect this past week end. Both parties lost no time in making political hay with the new farm assistance. GOP National Committee man Jack Porter said, "This will help greatly to win Texas for the Republicans."

State Agriculture Commr. John White, a staunch Democrat, expressed gratitude, "regardless of the political aspects." But, he pointed out, help need several months ago didn't come until just before the election. Both Parties Woo Both sides are rolling out heavy artillery in one of the most feverish campaigns for Texas' electoral votes in presidential campaign history. Democrats will have an all-star cast of seven U. S. Senators stumping the state from now until Nov. 6. They are Sens. Stuart Symington, Missouri; Michael Mansfield, Montana; Russell B. Long, Louisiana; John Kennedy, Massachusetts; Albert Gore, Tennessee; Robert S. Kerr and Mike Monroney, Oklahoma. In addition, Texas' own top Democratic brass, Sen. Lyndon Johnson, Speaker Sam Rayburn

and Governor-Nominee Price Daniel, will be in the field. For the Republicans, Vice President Richard Nixon made a second visit and termed the Texas race "neck and neck." But, he contended, Eisenhower represents Texas Democrats' views better than Stevenson. Each party had a "big event" within days of each other. Republicans saluted Texas-born Ike with a statewide birthday party Saturday. Democrats, hard-pressed for operating funds, slated doorbell ringing on "Dollars for Democrats Day" Tuesday. Polio Funds Unused Texas stands to lose some \$2,500,000 in federal funds unless polio vaccination is greatly stepped up in the next eight months. State Department of Health officials said Texas so far has spent only \$540,000 of the \$3,064,124 allocated. If not used by June 30, 1957, funds will revert back to the U. S. Public Health Service. At the present rate of inoculation, say officials, a sizable portion will be left over. In urging more widespread vaccination, they cited statistics. Polio deaths dropped to zero among persons having the prescribed series of three shots. Harrison County obliterated paralytic polio in its population this year by mass inoculation of its 7,600 school children. First project of its kind in Texas, it was without cost to the children. County-wide cooperation of doctors, nurses, teachers and bus drivers made it possible. Investments Outlined Texas' permanent school fund now totals more than \$335,000,000. It's the largest of its kind in the U. S. Annual income to public schools is about \$9,000,000. The State Board of Education has been advised by its investment counsel-

October survey estimates Texas sorghum grain harvest for 1956 at 93,480,000 bushels, corn at 25,528,000 bushels. Other state crop forecasts: rice, 10,891,000 (100 lb.) bags; oranges, 2,300,000 boxes; grapefruit, 3,500,000 boxes—Texas Boy Scout officials in 531 towns are conducting a drive to raise \$2,500,000. Scope of the coming year's program for some 200,000 boys from 8 to 18 hinges on the campaign's success—Applications are being received to take competitive exams for four job classifications in the State Health Department. Tests will be given in the categories of food and drug inspector, junior sanitarian, junior engineer and health instructor specialist. Merit System Council, 814 Littlefield Building, Austin will send information—Celebrations, programs and exhibits will be held across the state this week by the thousands of Texans in the petroleum industry. Gov. Allan Shivers designated Oct. 14-20 as Oil Progress Week to point up the contributions of oil to the state's economy—Fall opening of the Texas School for the Deaf has been delayed a second time by the \$2,500,000 construction project on the campus. Previous opening day was Oct. 15. Now completion of 19 new cottages and two class buildings is not expected until sometime in November—Two new medical and surgical buildings being added to the Texas State Hospital System are said to be among the nation's best. Washington experts inspected the new unit at Austin State Hospital and plans for a similar one at San Antonio. They termed both outstanding for beauty, economy and effective patient care. Motorists are being urged by the Highway Safety Council to "police themselves" as an extra precaution against football weekend traffic hazards—H. H. Coffield of Rockdale is the new chairman of the Texas Prison Board. Fred Shields of San Antonio now is vice chairman and Dr. George Beto of Austin is secretary

Tests Help Range Re-Establishment

By JOHN C. WHITE, Agriculture Commissioner. In the face of lingering drought which has left countless Texas ranges a bare of grass, consideration must be given to re-establishing these pastures in the quickest, surest manner possible. In recent tests to determine best methods and grass strains for re-establishing rangeland, significant findings have resulted which should prove valuable in all of Texas' widely-scattered range areas. Treatments used in the re-grassing study included pitting (a tilled area 36 inches deep, 35 feet wide) without reseeding, pitting after seeding and pitting before seeding. Grasses used in the tests included strains of sideoats grama and v. mesquite. In nearly all operations where pitting was used, moisture-holding capacity was improved and native growth was stimulated. Best results came from broadcast seeding following pitting, although operations involving pitting alone proved worthwhile when any significant growth existed. Native grasses that reseeded best on their own were sand mulberry, purple threeawn and sideoats grama. Solid pitting in every instance proved more valuable than skip-pitting done a 6 to 10 foot intervals, because of the greater moisture-storing capacity. In tests being held elsewhere, a new strain of sideoats grama grass called Colorado has proved to be probably the most desirable reseeder for the bald range. Among its best qualities are a high seedling vigor and ability to produce stands, a winter-hardiness and a high average protein content. The good seed-stren of the new variety appar-

Colorado High Homecoming Set Friday

Ex-students of Colorado High will gather here Friday for the school's annual homecoming. Francis Winn, president of the Colorado High Ex-Students Association, said the homecoming would begin Friday at 2:30 p. m. with a pep rally. Registration at Colorado High and tours of the remodeled building will continue from 3 until 4 p. m., he said. Individual class reunions will be scheduled from 4 to 5 p. m. at the school. Reunions are set for classes graduating in years ending with one and six (1926, 1931, 1936 etc.). Annual business meeting of the ex-students is scheduled for 5 p. m. at the school with election of alumni officers as a main portion of business. Exes and the public will be invited to a benefit chili supper from 5:30 until 7:30 a. m. Homecoming football game Friday night will begin at 7:30 o'clock Friday on Wolf Field with Lamesa High as the opposing team. Half-time ceremonies will feature coronation of homecoming queen.

Fluor Employe Casts First Absentee Vote

First absentee ballot in Mitchell County for the November general election was marked Saturday. Marking the ballot in County Clerk Gilbert Leach's office in Courthouse was Troy A. Tinscher, an employe here for Fluor Corporation. Although Tinscher's ballot was the first to be cast here, several absentee ballots have been mailed on request, Leach said. DURING REGULAR MEETING

Zetagathians Study Children's Literature and Basic Ballet

Study topics for the Zetagathian Study Club Thursday afternoon in the home of Mrs. Carl Shelton was "Children's Literature" and "Basic Ballet."

Mrs. Sam L. Majors Jr., club president, was leader for the afternoon program.

Mrs. Homer Bodine discussed children's literature. She explained that there are two general classes of children's books. One class includes books written with instruction, the group heard, and the other consists of books written for entertainment.

The speaker said that children's books written for a purpose only have existed about 400 years.

"Children's books written with an attempt to interest the child have existed less than 200 years," she further explained.

"And children's literature which is artistically written and where in the child is sympathetically interpreted has existed less than 100 years."

She reported that John Newberry, a self-made man, was the first to realize that children had no story of their own and to attempt to remedy that defect. In 1760 he published the children's book, "Mother Gooses Melody."

Mrs. Brady Warren spoke on "Basic Ballet."

"The Dance is oldest of all the arts," Mrs. Warren said. "It is a journal of the innermost secret ventures of man's hope, fear and dreams of love."

"To dream of being a ballerina is part of a girl's world," she continued. "The lovely costumes, the satin slippers and the grace and beauty of the movement—all of this appeals to the heart of a young girl."

Mrs. Warren explained that to become a ballerina, years of long, hard work is required.

In closing she said that ballerina is dancing in its most perfect form.

Corresponding with Mrs. Warren's talk, her daughter, Charla

Warren, presented several basic steps of ballet and advanced steps of ballerina.

During the business session, club members voted to send contributions to various organizations including the United Fund, Oriental Scholarship Fund, Maintenance Fund for Texas Federation of Women's Clubs and the Penny Art Fund.

Pie and coffee were served to Mrs. Robert Aycock, Mrs. Bodine, Mrs. Trevor Crawford, Mrs. Curtis Latimer, Mrs. Eldon Mahon, Mrs. Majors.

Mrs. Johnny Moore, Mrs. Ray Noble, Mrs. W. R. (Bill) Rhoads, Mrs. Bob Robinson.

Also, Mrs. Charles Root, Mrs. Warren, Mrs. Martin Weaver, Mrs. O. B. Trulock Jr. and the hostess, Mrs. Shelton.

They were made during the afternoon activities.

Mrs. R. L. Moseley served punch and cookies to den chief, Lowell Martin; den mother, Mrs. W. L. Taylor and Cub — Cal Girvin, Jimmy Ritchey, Ronnie Moseley, Steve Taylor, Ronnie Stevens, Randy Taylor and Perry Chastain.

Pair Return Home

Mrs. Philip Berman and Mrs. Max Berman returned Friday from Fort Worth where they visited Mrs. Philip Berman's son and daughter-in-law, Mr. and Mrs. Joe Berman, and family.

Mrs. Max Berman also visited in Dallas with her son-in-law and daughter, Mr. and Mrs. Albert Rudnick.

Jimmy Ritchey Named Cub of the Week

First to be chosen as "cub of the week" by Cub Scouts in Den 3, Pack 8 was Jimmy Ritchey.

He was named Monday afternoon during a weekly meeting of the Cubs in the den hut at 1543 Waco Street.

Runner-up to the honor, given for the first time this week, was Cal Girvin.

Cubs voted to extend the honor according to deeds done and work accomplished.

PRESENTED TO MRS. WHITE

Christian Women's Fellowship Studies Missions in U. S. A.

"Missions, U. S. A." was topic of program for the regular monthly luncheon and business meeting of Christian Women's Fellowship of the First Christian Church.

Setting for the Monday meeting was the church's dining hall and sanctuary.

Mrs. V. R. Trulock, program leader, introduced Mrs. J. D. White who presented the program.

Mrs. White discussed the population increase in the United States, the growing edges of spiritual and physical needs, trends in home missions, cooperation of radio and television and rural churches.

"Churches must change programs and methods to meet changing needs," the group heard.

In closing Mrs. White said, "Any where there are people, no matter how remote, that's where the church must go."

"For people—the lives they are living and the lives God wants them to live—are the beginning and the end of the responsibility Christ has laid upon us."

Worship leader was Mrs. O. B. Trulock Jr. Worship center included a US map—illustrating the makers of America, the different nationalities that settled here and their occupations—a picture of Christ, an open Bible

and the United States flag.

Scriptural meditation was presented by Mrs. O. B. Trulock. She led the group in singing "America" and then read the song "God Bless America". Mrs. V. R. Trulock presented background music for the reading.

WHICH MAN PASSED THE N. P. TEST?

"The poised, smartly-dressed man of the left of course. You can tell at a glance—and that's why the Ninety-Percent Test is so important. People judge you by what they see (sometimes that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of dry-cleaned clothes is more than an extra touch—like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you. You buy your clothes to make a good impression. As you wear them, have them dry-cleaned often. A smart man takes care to keep that impression fresh.

WINDHAM OUTSTANDING ON DEFENSE

Fumbles, Penalties Hurt Wolves As Brownfield Cubs Win, 27-0

Penalties, fumbles and the Brownfield Cubs whipped Colorado High's football team, 27-0, Friday night in Brownfield.

Three fumbles and 90 yards in penalties—all at inopportune moments—was probably the deciding factor in the Wolves' loss.

It was a far cry from Wolves' last week game when Hamilton ran rough-shod for long gains.

Brownfield was forced to grind out short yardage against a stubborn Wolf defense.

Coach Bob Rely said he thought Wolves' tackles Jim Windham and Dru Vowell played outstanding defensive games. "Windham was great", Rely added.

Don Black, the 136-pound junior who was switched this week from an end position to left-half, played a fine game, ripping off consistent gains all night.

Richard Compton, Wolves' quarterback, was also cited for his steady play. Compton played the entire game, subbing for starting quarterback Bobby Caffey who dislocated a thumb in practice this week.

Caffey will miss the Lamesa game next week, but will probably be ready for the Sweetwater game Nov. 9.

Only one time during the game did Coach Rely think the Wolves might have let down a little.

That was on the 60-yard punt return by the Cubs' Mike Browning that went for a TD in the third quarter.

Other than that, the defense held Brownfield pretty well in tow.

The Cubs scored two touchdowns in each half, with the final TD coming with only five seconds left in the game.

Wolves' deepest penetration was to Brownfield's 20-yard line in the last quarter. The drive was set up by Compton's passes, but died with a fumble.

Compton completed six tosses in 11 attempts for 51 yards.

After an exchange of punts, Brownfield started their first drive on their 33.

A 15-yard penalty against the Wolves set the ball on the 47 and Browning plowed for four yards to the Wolves' 49.

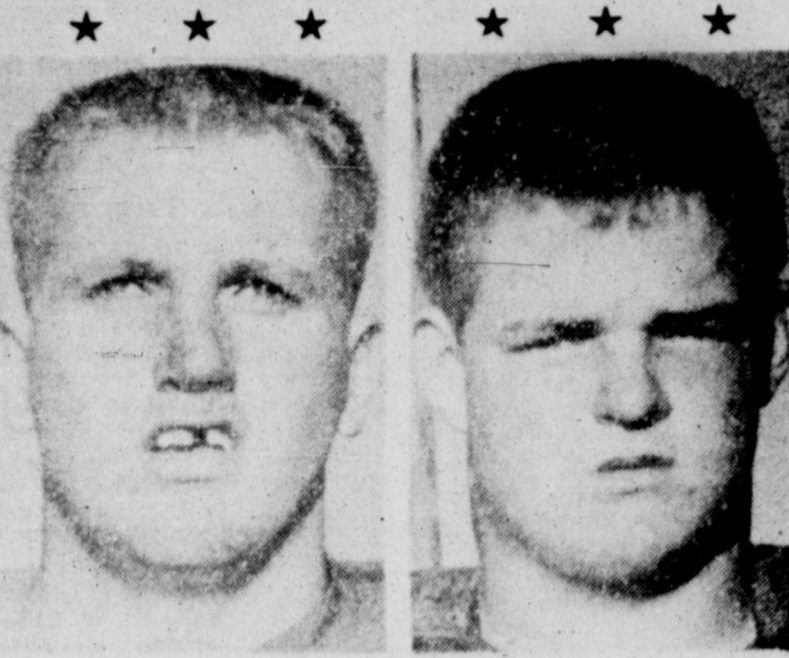

Cubs' man-under Mike Hamilton hit halfback Chris Addison with a pass to the Wolves' 9 where Cade brought him down.

Ellis Cox, 140-pound halfback, socked to the five yard line on the first try. Browning, the little 135-pounder, rammed to the two, then to the one, and on fourth down, Cox circled left end for the TD with 1:55 left in the first quarter.

Midway of the second quarter, Windham punted 50 yards to the Brownfield goal line with the safety man returning to the six-yard line to back the Cubs up.

But a red flag against the Wolves moved the ball out to the 21.

With Cox doing all the carrying, the Cubs moved to their 41. Then Larry Meeks ripped off 47 yards to the Wolves' 12 to set

STRONG IN THE LINE—Jim Windham, left, was a defensive terror against Brownfield Friday night, making tackles all over the field. Joe Maddox, right, saw his first action with the Wolves at a guard position. (Record Staff Photo)

up the second score.

In three tries at the line, the Cubs gained only six yards.

On fourth down, Hamilton tossed to Meeks in the end zone for a 13-0 lead shortly before the half.

Wolves started a good drive shortly after the second half got underway with Black and Compton ripping off consistent gains but again the referees got "flag-happy" with two 15-yard penalties cutting the drive short.

Windham punted and Browning grabbed the kick on his 40, headed down the right sidelines behind a wave of blockers to 20 60 yards untouched for a 20-0 lead.

The teams rocked back and forth the remainder of the third quarter and into the fourth quarter after several exchanges of punts.

Wolves put the ball into play on their 21 following a Brownfield punt late in the fourth quarter.

Roy Maples pounded through the line for 24 yards to the 45.

Compton, on a keeper, rolled to the Cubs' 48 and Maples sneaked through to the 44 for a first down.

Compton connected to Marion Flippin on a pass to the 37.

Pass interference was called on Brownfield when Compton tossed to Don Powell to the Cubs' 28.

Maples rammed for eight yards

Rain Cancels Rabbit Game

Colorado Junior High Jackrabbits' game scheduled last Thursday against Snyder was cancelled due to the rain.

Rabbit Coach Bill Everett said Snyder didn't want to mess up the field for their Friday game with Dumas.

Rabbits next game is Saturday at 7:30 p. m. against Big Spring there.

The eighth-grade Ragnots and the seventh-grade Pee-Wees host Snyder teams here Thursday in their next grid engagements.

IN LORAIN HOMES

Guests Hosted in Floyd Coffee Home

LORAIN — Mr. and Mrs. Floyd Coffee were hosts to Loraine High homecoming guests over the week.

Visiting in the Coffee home from Imperial was Mrs. Garnet Thornton Lambly. From Lubbock were the couple's son-in-law and daughter, Mr. and Mrs. Clinnon Cartright.

Here for a Sunday visit were Mrs. Coffee's brother and sister-in-law, Mr. and Mrs. Marvin Edwards of Abilene.

Mrs. Lambly also visited Miss Edith Wilkerson.

A gun presented to Frank Stewart recently at shower complimenting Mr. and Mrs. Stewart was the gift of male citizens of Loraine.

It previously reported erroneously that the gun was presented on behalf of a men's class at Loraine Baptist Church.

The shower—with scores of gifts—was an expression of friendship by community citizens after fire destroyed the Stewart residence.

Mr. and Mrs. June Graham of Stanton attended Loraine homecoming Saturday and were guests in the home of Mrs. Fay McCollum and Miss Gladys Spikes.

Also visiting here for homecoming was Mrs. McCollum's daughter, Mrs. Jack Gulley, and children of Big Spring.

Mr. and Mrs. Don Martin and son of Victoria were week end guests here in the home of Mr. Martin's parents, Mr. and Mrs. Harold Martin. The Victoria couple attended homecoming activities at Loraine High.

Attending homecoming at Loraine High was Edward Bauman of Shaw Air Force Base in South Carolina.

Mr. and Mrs. Kenneth Harris of Midland visited over the week end here with his mother, Mrs. Maxine Harris, and attended homecoming.

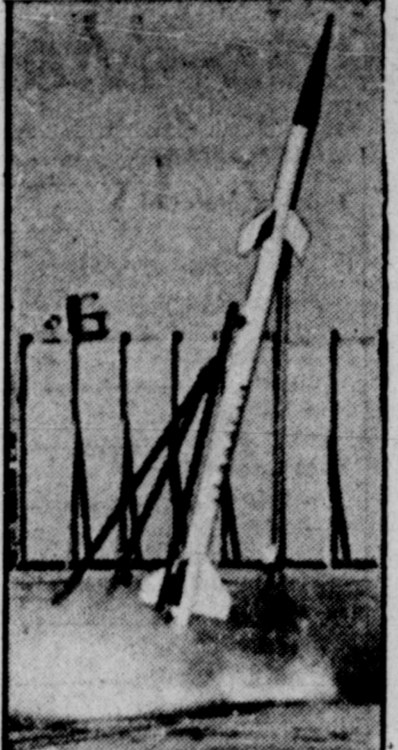

Guests of her parents, Mr. and Mrs. Gene Liles, and attending homecoming over the week end was Miss Connie Liles of Midland.

Mr. and Mrs. Jackie Walker and children of Midland were here for a week end visit with their parents—Mr. and Mrs. Plez Beaty, Mr. and Mrs. Virgil Walker—and homecoming.

En route home Sunday the couple visited with Mrs. Hamilton's parents, Mr. and Mrs. W. H. Long.

Parents Are Hosts

Mr. and Mrs. Truitt Butler and daughter, Judy, of Midland were week end guests in the Loraine home of Mr. Butler's parents, Mr. and Mrs. Dan Butler, while attending Loraine High homecoming activities.

AWAY ALL ROCKETS

The "Terrapin," newest missile to probe outer space, blasts off during a test run. Developed by the University of Maryland and Republic Aviation Corporation, the "Terp" is less than 15 feet tall, can be handled by three men, and is very economical—as rockets go. The new missile has already reached heights of 80 miles, speeds of 3,800 miles per hour.

Pecos Couple Visits In Hamilton Home

Mr. and Mrs. Milton Hamilton of Pecos were Saturday night guests in the home of Mr. Hamilton's brother and sister-in-law, Mr. and Mrs. Charlie Hamilton, at Loraine.

The Pecos couple was en route to Baird to visit Mr. Hamilton's sister, Mrs. C. W. Wilkerson, who is ill in the Baird hospital.

THE "ALL-NEW" CHEVROLET

Highway Engineer Buys First '57 Chevrolet from Jay Adams

JAY ADAMS, right, Colorado City's new Chevrolet dealer, hands the keys of a 1957 Chevrolet to BEN WILKINSON, State Highway Dept. resident engineer for Mitchell and Howard Counties. Wilkerson, who is also president of the Colorado Country Club, purchased the first '57 Chevrolet Friday at Jay Adams Chevrolet Co. The four-door Bel-Air air-conditioned sedan has a beautiful gold finish with black and silver interior. Wilkerson has used Chevrolets for years in his highway work and is a firm believer in their power and durability.

ABUNDANT ENERGY - THE KEY TO ECONOMIC PROGRESS

The key to economic progress lies in the increased development and use of energy resources. A half century of remarkable advancement in United States standards can be written in terms of constantly improving technology and ever increasing use of energy fuels in our factories, farms, and homes. With a labor force today little more than twice as big as in 1900, but with the aid of increased investment, better techniques, and a five-fold expansion in energy use, the United States economy in 1955 turned out almost six times the 1900 total volume of goods and services.

Natural gas is playing an increasingly important role in the expanding use of energy in our economy. In 1955, natural gas supplied 25% of the nation's energy supply as con-

trasted to 12% in 1940, 9% in 1930, and only 4% in 1920. Today, natural gas is the sixth largest industry in the nation and supplies over 100 million people and 100,000 industrial plants. Prior to World War II, natural gas was largely a regional fuel but subsequent construction of large-diameter, long-distance pipelines has brought natural gas service to 46 states.

El Paso Natural Gas Company transports gas from Texas, New Mexico, and Colorado to rapidly growing communities and industries in the Southwest and California. The El Paso company pledges its continued whole-hearted efforts to help keep energy in abundant supply so that our economy can continue to grow and expand.
