Woody Wood Sells First Wheat May 30

The first 1946 wheat was sold in Wellington Thursday, May 30, by Woody Wood, who lives a mile and a half southeast of town. Mr. Wood marketed approximately 290 bushels during the day.

Bob Stephenson, buyer of the first load, reported that Mr. Wood had a yield of 175 3-4 bushels from five and one-half acres, or a yield of nearly 32 bushels per acre.

Singley Brothers were buyers of the remainder of the wheat.

Mr. Wood has between 50 and 60 acres of wheat altogether, approximately 15 of which had the high yield reported from the early cutting. The remainder of the crop will yield around 15 bushels per acre.

The wheat sold Thursday tested 59 and was graded No. 2, due to its being a little green.

Mr. Wood farms the place owned by Geary Harding of Roosevelt, Oklahoma.

This is the first time in many years that Collingsworth County has begun wheat harvest in May. It is six days earlier than the first wheat was sold last year, and two weeks earlier than the first loads in 1942 and 1943.

Devenport Opens Grocery-Produce

T. W. Devenport this week announced the re-opening of his grocery, market and produce in the old location on 8th Street.

In addition to a modern grocery and market, Mr. Devenport will buy poultry, cream, cattle, eggs, hides and hogs.

"It is a pleasure to be back in the business where I made so many friends among the people of Collingsworth County. I am again ready to serve you, and I invite all of you, as well as the newcomers to Wellington, to stop by and see me in my old location," Mr. Devenport said.

"As at all times in the past, this store, market and produce will feature the very best in merchandise, with friendly courteous service that you will remember was always characteristic of our business."

Ropings Set Twice Weekly

The Wellington Rodeo Association has announced that ropings will be held Tuesday and Thursday night of each week through the summer months, beginning at 8:00 p. m.

Saturdays have been reserved for a number of matched ropings between local men with jackpot ropings to follow.

The Association recently brought in 25 new brahma calves to use in the regular ropings.

"Interest is higher than it has been in several years due to so many of our young men being home from service and ready to take part in the ropings or to watch them," Cameron Beam, president, said. Some of the best ropers seen in the lot in recent years are expected to rope here this summer.

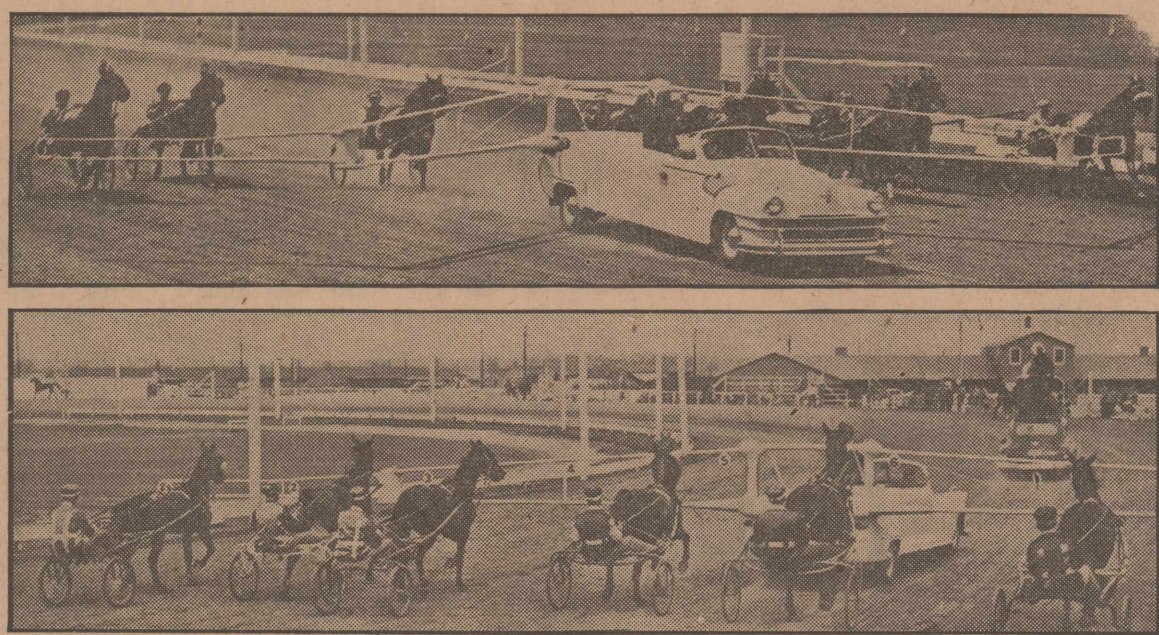

Members of the Association are Mr. Beam, Fleet Pruden, Guy Clay, Bill Towns, Eddie Smith, Paul Bell, Ben Hurst, Judge Holton and John Holton.

Many Combat Men Still Overseas, Says Roy

Co. L. 26th Inf. Regt. May 20, 1946

Dear Mr. Wells, I will try to write you a word of thanks for the Wellington Leader and it is of good reading for me and the other boys here from that part of the States, however it is read by all the boys here in this room and they are from all parts of the States.

I received the Leader today, April 18 edition, which put us all in a round house discussion or in other words a bull session. Some boys have been reading the paper since last December and they somehow seem to get the idea that it is the best paper in Texas as well as the Largest Weekly in Texas. Today's bull session was based on "Other Editors Say" Compulsory Training taken from the Canyon News.

Here is our point of view: The

A special promotion of the sale of United States Savings Bonds will start June 6, D-Day anniversary, and run through July 4, John Forbis, county bond chairman, announced this week.

"This is not a drive in the sense of a war loan drive," Mr. Forbis said. "No specific quota has been assigned the county, but each citizen will simply be asked to buy his fair share of savings bonds. The National E Bond objective has been set at one billion dollars and Texas will be asked to raise approximately 33 million dollars of this amount, which is a little more than two and one-half times the amount that is now being sold in E Bonds monthly.

"We are asking, then, that Wellington bond buyers during this promotion make an effort to double their bond purchases. We want to have as many E Bond holders on July 4 as there were on January 1, 1946, replacing those bonds that have been cashed in since that time."

The usual E, F and G Savings Bonds and tax notes will be available. No marketable issues will be offered.

These are the same bonds that Collingsworth County citizens bought in such fine volume as War Bonds during the time the war was in progress.

Locally the program is being sponsored jointly by The Wellington Leader and the Junior Chamber of Commerce. It will be conducted by Miss Prince, who is a specialist in retail training and who works under the University of Texas Division of Extension and the State Board for Vocational Education.

Two courses will be offered. The first of these is for employees. It is titled "Professional Development in Retail Selling" and is a ten-hour course. REA Receives \$100,000 To Build Lines

The Greenbelt REA has received the approval of a \$100,000 allotment to build 110 miles of electric lines, serving 188 consumers, Orval Couch, manager, was notified late last week. This will be in Collingsworth, Donley, Armstrong and Wheeler counties. Most of the allotment will go to finish lines approved in 1941.

An additional 252 miles of lines will be approved after the July appropriation comes out, Mr. Couch said. Application for both allotments were made in March.

Lines serving 70 consumers will be energized this week. Construction of these lines has been under way for the last two months.

Mr. Couch also announced that John Calvin Harper began work Monday morning spotting every house in the area served by the Greenbelt REA and families occupying them will be given an opportunity to sign up for REA service if they want to do so.

"They tell us that in the future we can build to all these people, regardless of where they live," Mr. Couch said. The Greenbelt REA, he continued, now has in operation 506 miles of lines, serving 1185 consumers.

"Construction work is now under way and will continue as long as materials are available, but due to strikes in the east, shortages will result, and it may be necessary for work to stop temporarily," Mr. Couch warned.

"It is our intention to get to every one of you as fast as possible. We realize that you need electricity and we want to give it to you," Mr. Couch declared.

Alvis Koen, Now Out Of Navy, Visits In Wellington Tuesday

Former residents here to visit friends Tuesday were Mr. and Mrs. Alvis Koen of Minneapolis, Minn., and his mother, Mrs. E. D. Koen of Clarendon. He had been stationed at Corpus Christi since his return from the Pacific, where he saw much action.

Mr. Koen will enter the University of Minnesota at Minneapolis to study electrical engineering and business administration. He attended the University of Oklahoma before enlisting and studied in a Navy school while in service, and will enter the University of Minnesota as an advanced student. Four more years will be required to complete his course. Mr. Koen has been away from Wellington about nine years.

Members of the Koen family will meet in a reunion at Clarendon June 12, when all children and their families will be present. These will include Mr. and Mrs. Austin Koen and family of Modesto, California; Mr. and Mrs. Delton Koen and family of Clarendon; Lawrence Koen and Mrs. Alvis Koen, Massengale and children of Tucson, Ariz.; and Mr. and Mrs. Alvis Koen. A number of other more distant relatives will also be present.

Rev. Wayne Imboden, pastor of the Fundamental Baptist Church at Altus, Oklahoma, will conduct revival services at the church here from June 10 through June 23.

1944 Loan Cotton Will Be Sold On July 1st

Farmers having 1944 crop cotton still under the commodity credit corporation loans were reminded this week that all cotton still in the loan on July 1, 1946, will be pooled by the corporation for the producers accounts.

"There are 815,000 of these loans in Texas and they especially heavy in this district," J. W. Thomas, county agent, declared. "Based on present prices, farmers should be able to sell a large part of this cotton at prices above the loan charges."

The Department of Agriculture is anxious that all farmers having 1944 crop cotton loans outstanding be informed of the credit corporation's intentions, Mr. Thomas said.

Announcement of the sale was made by the USDA on February 7, 1946.

Food Collection Deadline Set For June 15

June 15 is the deadline for making food contributions to the Emergency Food Collection drive on behalf of the UNRRA, Bo Yates, who is in charge of the work here, said Tuesday.

Contributions of both food and money are being taken by Mr. Yates at the City Hall.

"Donations to date have been slow, but we feel that through the generosity of people of the county, we can make a substantial contribution toward helping feed those needy persons in European countries who so desperately need food," Mr. Yates said.

5 Improvement Projects For City Proposed

Wellington property owners will vote Tuesday, June 25, to determine whether or not bonds will be issued for certain proposed municipal improvements. The election was called by the city council in a meeting Monday night, June 3, after a petition bearing 209 signatures had been presented that body.

Passage of this bond issue will provide for improvement of the waterworks system, extension and improvement of the sewer system, construction of a swimming pool, improvement of roads, bridges and streets in the city, and construction of an airport.

The five improvement projects will be voted upon separately.

As proposed by the city council, \$35,000 of the total will be designated for the construction, purchase, extension and improvement of the waterworks system of the city.

Extension and improvement of the sewer system of the city calls for \$10,000.

Construction of a modern sanitary swimming pool will require \$15,000.

Improvement of the roads, bridges and streets calls for \$25,000.

The remaining \$25,000 will be required for construction, extension and improvement of an airport.

The bonds will bear interest at a rate not to exceed 2 per cent per annum, payable semi-annually, to mature serially over a period not to exceed twenty years.

The City Council voted to call the election at the regular session Monday night, attended by Mayor Pink Sullivan and the five aldermen, J. V. Langford, C. R. Leggett, J. L. Warrick, W. R. Franks and O. B. Raburn.

"The City feels that it is necessary and proper that the question of the issuance of these bonds be put before the property owning taxpayers of Wellington," Mayor Sullivan said.

The election was not called until after the city officials, under the direction of City Manager Bura Handley, had made a long and thorough study of the need and feasibility of each of the five projects, and had determined the need of each.

The election on June 25 will be held at the court house. T. E. Bengt will be the presiding judge; J. S. Dorn, judge; Mrs. J. W. Wells and Mrs. Claude McKinney, clerks.

Scott Is Named Lone Star Farmer

Dwane Scott, an applicant for the Lone Star Farmer degree of the Future Farmers of America, has been approved for that honor by the area office at Lubbock and will be further considered by the state committee at the State Future Farmer convention in Sweetwater this week.

A second Wellington Future Farmer will also take part in the state meet, as Marion Baumgardner, national vice-president, addressed the opening session Tuesday night, June 4. He will also help judge the public speaking contests to be held during the convention.

Scott has been an outstanding member of the local chapter during the past year, having served as its president. His project program, also outstanding, has included feeding and showing six baby beef calves at the local, Amarillo and Fort Worth fat stock shows; a project of three beef cows for breeding purposes, and another of 25 acres of field crops.

Mrs. E. Nunnelle Begins Work With First National Bank

Mrs. Ernest Nunnelle began work Saturday, June 1, in the First National Bank, R. D. Wiley, president, announced.

She replaces Mrs. R. D. Wiley, who resigned from her place in the bank March 1.

Mrs. Nunnelle served as bookkeeper at the Bevers and Watkins Gin for several years and is already widely known among the bank's customers.

Mrs. Heber Brantley, also an employee of the bank, is away from her work at present due to illness.

Big 3-Day Rodeo To Be Held June 21-23

A big three-day rodeo, largest in Wellington in recent years, will be held Friday, Saturday and Sunday, June 21, 22 and 23, sponsored by the Wellington Rodeo Association, and the Glynn Moore Post of the Veterans of Foreign Wars. Proceeds will go into the VFW building fund.

"This won't be the biggest rodeo, but it will be the best and the fastest," Cameron Beam, president of the Rodeo Association, declared Monday.

"There will be \$1200 in prizes to the winners of the various contests, and this in itself should attract some of the best rodeo contestants this county has seen in a long time," he continued.

Thirty towns of the lower Panhandle and Western Oklahoma will be invited this week to send sponsors to the rodeo, and prizes will be given the winners of first, second and third places.

"We have secured Lewis Blair, a rodeo clown with quite a reputation, for the three days and this will add fun as well as excitement to the event," Mr. Beam commented.

Night performances will be given Friday and Saturday and an afternoon performance Sunday. Events in each performance will include saddle bronc riding, bull riding, ribbon roping and calf roping.

Before the rodeo, the Veterans of Foreign Wars Post will organize a caravan of from 50 to 75 cars to cover neighboring towns advertising the event. The present itinerary includes Childress, Quanah, Hollis and Mangum on one day and Shamrock, McLean, Clarendon, Hedley and Memphis.

The Tidwell Carnival, one of the best traveling through this section of the country, has been secured for the week of the rodeo, Mr. Beam said.

Frances Stevenson-Dan McCaskill Troth Announced At Tea Tuesday Afternoon

Mrs. J. B. Stevenson entertained with a tea Tuesday afternoon to announce the engagement and approaching marriage of her daughter, Frances, to Dan Lawrence McCaskill of Carlsbad, N. M. The date has been set for June 16, and was revealed on the tea napkins which were imprinted in gold letters, "Frances and Dan, June 16."

Mrs. Stevenson, the bride-elect, Miss Carolyn Ellis and Miss Nancy Sullivan received the guests between the hours of 4 and 6 o'clock. Mrs. Clark Anderson presided at the register and Mrs. Pink Sullivan, Mrs. Dewey Ellis, and Mrs. W. R. Orr alternated at the tea service. Others in the house party were Mrs. E. W. Jones, Mrs. S. R. Pinkston, Mrs. E. N. Lewis and Mrs. L. E. Gribble.

Gardenias and white gladioli were used in decorating the tea table, the entertaining rooms and for the corsages worn by the house party.

A silver basket filled with gardenias and white tapers in silver holders formed the centerpiece for the tea table, which was laid with a white linen outwork cloth. Silver and china appointments were used in serving individual cakes, tea and rosebud mints.

The groom-to-be is the son of Mr. and Mrs. S. T. McCaskill of Casa Grande, Arizona. Since his discharge from the army he has been in Carlsbad, N. M., where he is with the Southwestern Public Service Company.

Attendants in the wedding will be Miss Jeanne Buch, Carlsbad, maid of honor; Miss Marcia Brown, Carlsbad; Miss Fern Shepard, Lovington, N. M.; Nancy Sullivan and Carolyn Ellis, bridesmaids. Ushers will be James Stevenson and Dick Ellis. Mrs. L. E. Gribble will be organist and Mrs. Pearl Calhoun Davis of Wichita Falls, aunt of the bride-elect, will be soloist.

Auxiliary Gives Silver Tea Sunday

The St. Joseph's Hospital Auxiliary culminated their year's work Sunday afternoon when members sponsored a silver tea at the hospital. More than 75 members and friends called in spite of the rain. The entertaining hours were between 3 and 5 o'clock p. m.

Mrs. Austin O'Neil and Mrs. Charlie Jones, president and vice president, alternated in serving spiced punch, tea, sandwiches and cookies. The tea table was laid with a cross stitch cloth which repeated the colors used in the centerpiece of hollyhocks. Clusters of double hollyhocks shading from pink to duobonnet were floated in a crystal bowl.

Pink and blue flowers were used throughout the hospital and in the reception room as decorations.

New officers who will take over duties at the next meeting are Mrs. J. W. Wells, president; Mrs. J. A. Gordon, vice president; and Mrs. Russell Yates, secretary-treasurer. Mrs. O'Neil and Mrs. Jones are the outgoing officers.

Outstanding work sponsored by the hospital auxiliary for the past year included the inoculation of school children with various types of serum and the purchase of a resuscitator for the hospital. The Baby Club, sponsored by the auxiliary with a membership of 256, purchased linens for the nursery and installed running water in the nursery.

The inoculations were given at Samnorwood, Quail and Dodson. Various types and numbers of inoculations included: 275 for diphtheria; 485 for typhoid; 70 for whooping cough; and 829 patch tests for tuberculosis.

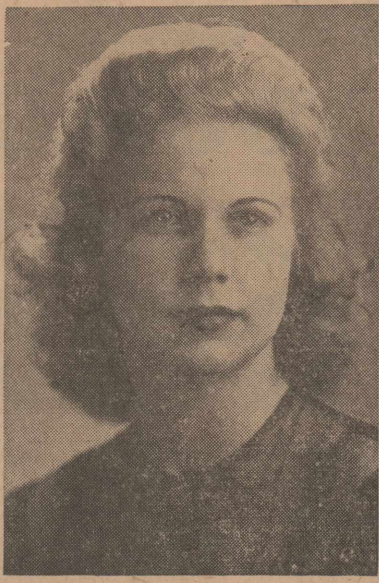

The E. and J. Resuscitator is a \$350.00 piece of equipment used in the most desperate non-breathing cases in obstetrics and surgery. It can be used for infants, children and adults.

Funds were raised for these projects from the rummage sale held last fall and from various other ways of raising funds. The silver tea netted the association \$80.00, which will be used for worthwhile work under the direction of the members.

Attending the tea Sunday were Messrs. and Mmes. Jack Hurst, Ernest Harwell, Chester Fires, J. W. Wells, Lee Roark, Fred Lederer, Will Crow, Jimmie Kelo and Mary Beth; Heber Brantley and Linda Leigh; Jack Crouch, Dr. and Mrs. E. W. Jones and Dr. and Mrs. C. B. Jones.

Mmes. Harold F. Watkins, Austin O'Neil, R. F. Curry, Donald Curry, Marcella Frost, Pat Shields, Bryan Denley, Horace Clark, E. F. Bartlett, W. H. Craven, J. M. Wells, Barbara and Jocelyn; Darwin Nix, Lizette Cudd, M. E. Foster, Russell Yates, Jones Singley, E. A. Singley, Jess Deger, Fleet Pruden, Harry G. Womack, W. W. Sugg, Alda Wynn, and Dr. and Mrs. J. M. Orr.

Misses Margaret Shields, Jo Ann Rountree, Veda Belle Sears, Lois Cooper, Viola Hudson, Virginia Robey, Katherine Boverie, Bonnie Willis, Hattie D. Wells, Bessie Jean Willis and Jean Jones.

Engaged
The engagement and approaching marriage of Miss Frances Stevenson, daughter of Mr. and Mrs. J. B. Stevenson, was made at a tea in the Stevenson home on Tuesday afternoon. Miss Stevenson will be married to Dan Lawrence McCaskill of Carlsbad, N. M., on June 16, at the First Methodist Church.

Eastern Star Installs New Officers Friday

Friday night, May 31, at 8:00 p. m., the members and guests of the Order of the Eastern Star met at the Masonic Hall for the purpose of either witnessing or participating in the installation of a new board of officers for the ensuing year. The year for Eastern Star begins June 1, and ends on May 31.

Wellington Chapter has just put into effect an amendment to the by-laws which authenticates two meetings a month instead of one. This caused the installation to follow swiftly on the heels of election with only three days intervening. After much activity on the part of various members, the organization whipped itself into shape to install the officers-elect.

The opening march was performed by the retiring officers and was followed by a march of the incoming officers. Then Mrs. Loula Daniels at the piano changed the tempo of the music to "Star of the East" and the Installing Officer, Mrs. Alda Wynn, parallel with Dr. W. R. Orr, Worthy Patron, approached from the west. She was escorted from the altar to her station in the East, where both officers stood to await the coming of the other assisting officers.

Next Mrs. Margie Emery, Installing Marshal, of Groom, entered from the south door, with Mrs. Ruby Ball entering from the north door. They traversed the full length of the Chapter room and on reaching their stations, stood in place until the gavel should fall.

The music changed to "Precious Book" and the Installing Chaplain, Mrs. Laura Campbell, was seen moving slowly to the altar bearing a beautiful large white open Bible. After she had placed it reverently on the altar, the chapter was opened with one blow of the gavel.

The Installing Officer addressed a few friendly words to the guests before beginning the Installation Ceremony.

The following named officers-elect were installed: Mrs. Bessie Slay, Worthy Matron; H. A. Wynn, Worthy Patron; Lucille Floyd, Associate Patron; Bob Wilder, Associate Patron; Jennie Holcomb, Secretary; Ola Wall, Treasurer; Marian Couch, Conductress; Dorothy Nelson, Associate Conductress; Vera Wilder, Chaplain; Sarah Henard, Marshal; Mary Todd, Organist; Marie Harper, Adah; Letha Cunningham, Ruth; Vera Holder, Esther; Inez Cummings, Martha; Nell Mills, Electa; Pearl Duncan, Warder.

At the conclusion of the ceremony, Lucille Floyd asked the Worthy Matron's permission to approach the East. When it was granted she brought a gift from the current officers to the newly-installed Worthy Matron.

Then Cora Hurst desired to approach the East, and when permission was granted, she brought a gift of a past matron's pin from the Chapter to the Junior Past Worthy Matron, Alda Wynn.

Then Ruby Ball brought a gift to the East. It was a gift from the Junior Past Patron, Dr. W. R. Orr, to the Junior Past Matron. Then Ruby presented Dr. Orr with a gift from the Chapter.

Laura Campbell announced to the Worthy Matron that the Past Matrons had prepared a program in honor of the new officers and craved permission to present it. It was a ceremony explaining the five rays which emanate from the Central Star. Lighted candles lent significant meaning and beauty to all that was said and done.

Punch and cookies were served to approximately seventy persons; the exact number was not available.

Announcement was made here last week of the wedding of Miss Norma Marie King of Deming, N. M., and John A. Boverie of Wellington. The wedding took place in Las Cruces, N. M., on March 8, in St. Genevieve's Catholic Church. For her wedding, she was attired in a pale blue chiffon dress with white accessories. Her corsage was of white flowers.

The groom is the son of the late A. C. Boverie and Mrs. A. C. Boverie of Wellington. After training at Camp Wolters he was sent to the European Theater of Operations. He served in the 8th Infantry, Fourth Division, First Army, and later in the Third Army under General Patton. He went with the Fourth Division into the battle of Hurtgen Forest, and later into the battle of the Bulge. Since his discharge in January of 1946 he has re-entered college at New Mexico A. & M.

Mr. and Mrs. Boverie are in Wellington visiting with the groom's mother, Mrs. A. C. Boverie, and aunt, Miss Katherine Boverie. They will re-enter college at the end of the summer.

After listening to some married couples argue, we are inclined to believe that they should have been married by the Secretary of War instead of the Justice of the Peace.

Editorial

Events of recent weeks have proved indisputably that only by amending the one-sided Wagner Act can there be any hope of industrial peace. The very future of free American economy is dependent on that accomplishment.

Strikes have crippled the economy of this country since capitulation of Germany and Japan far more than those enemies.

Revision of the Wagner Act should be predicated on these broad principles: Organized labor's unfair and monopolistic practices are disastrous to public interest; employees are entitled to representatives of their own choosing without coercion; employees have an equal right to join or not to join a union; employees have a right to quit work, but they have no right to keep others from working or to intimidate the public.

With these frank acknowledgements, Congress should immediately amend the Wagner Act with the following restraints on unwarranted power:

1. Incorporation of labor unions, making them liable to suits for civil damages.

2. Collective bargaining contracts to be made binding and enforceable against either party.

3. Adequate, enforceable provisions for compulsory arbitration.

4. Outlawing of violence against those wanting to work in face of a strike; banning of jurisdictional and sympathy strikes

Other Editors Say

• Small Town Advantages

Another of the advantages of living in a town the size of ours that the Chamber of Commerce should point out to prospective residents from larger centers is that here is to be found a sufficiency of the substantial food items. We can get butter and eggs and milk and other general scarce items without standing in line and having them doled out to us a little at a time. We are so used to sufficiency here that we do not know what the sharply restricted buying that is necessary in larger centers is. It is an advantage that everyone can appreciate—L. C. Kirgan in the Fairfield Recorder.

• Grasshoppers

Reports from over the county indicate that in some sections grasshoppers are beginning to hatch out in large numbers. This report has been given to county agent H. M. Breedlove by the farmers of the various communities. Breedlove has contacted Mr. Cameron Siddall, entomologist for Texas A and M College Extension Service requesting that poison be sent to Donley County so that we will have a safeguard ready in case the infestation should become serious—A. D. Estlack in The Donley County Leader.

and boycotts.

5. Registration of unions and compulsory filing of periodical financial statements.

6. Thirty-day breathing spell before a strike is called.

Six years ago many of these amendments were incorporated in legislation passed by the house by a two thirds majority. But the Senate labor and education committee has repeatedly pigeonholed all attempts to correct the Wagner Act.

So now the problem comes back to Congress and its constituents. Congress ironically now faces the problem of reducing the power it created in the form of unions. Equally guilty is the public which for a decade has remained docile in the face of dictatorial tactics by organized labor minorities—tactics which have brought the country to its knees.

Congress and the people have not encouraged strikes through the Wagner and Norris-LaGuardia acts, but have also subsidized them through unemployment compensation.

Now the people must act. We must realize what has happened—or what we have permitted to happen. Industrial liberty, like civil liberty, must rest on the solid foundation of law.—The Dallas Morning News.

Gospel Of Christ

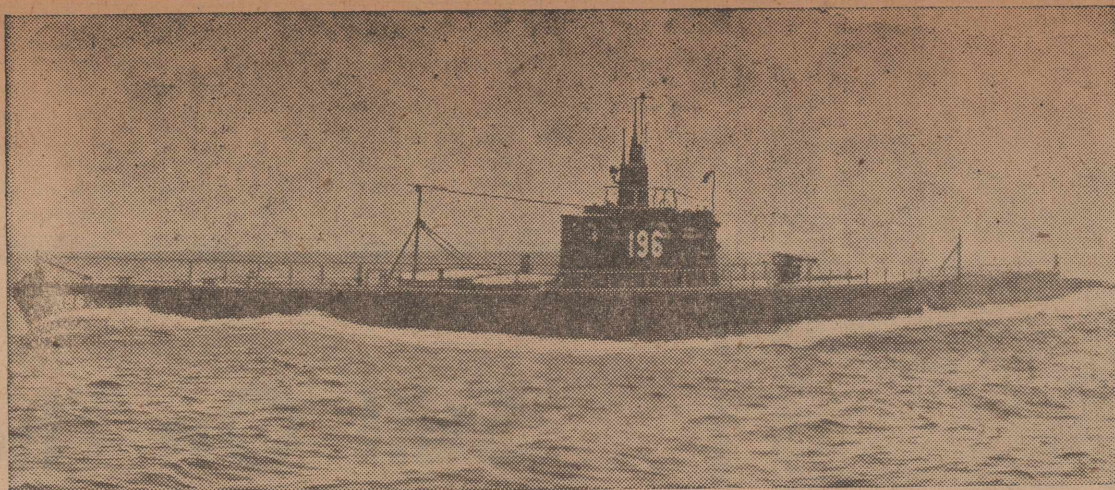

(Rom. 1:16)

GRACE

"By grace are ye saved through faith." Eph. 2:8. Some have supposed that this statement excludes any act of obedience as a prerequisite to our salvation. This is not so as Christ said, "When ye shall have done all these things that are commanded you, say, We are unprofitable servants; we have done that which was our duty to do." Lu. 17:10. Thus we see that when we do all, not just one, of the commandments of God our salvation is still by grace, but obedience of the recipient is required. Grace includes all God has done for us. An example for our admonition follows: When God gave Israel the city of Jericho in the long ago, he said, "See I have given unto thy hand Jericho." Josh. 6:2. Nevertheless He commanded certain things to be done and they were obeyed. Then after those things were obeyed Joshua said, "Shout for Jehovah hath given you the city." Josh. 6:16. Thus it is evident that a gift may be conditioned upon obedience of the receiver.

So it is with our salvation. It is the gift of God but is received when we have obeyed His will. Christ has become "the author of eternal salvation to all them that obey Him." Heb. 5:9. So being saved by the grace of God does not exclude our obedience.

NOT ON YOUR TINTYPE

Grandma looks calm and collected as she poses for posterity, but she wasn't—not on your tintype! Getting her family ready for this picture was a long, weary business.

The day this photo was snapped, Grandma was up at dawn, wrestling with the old wood stove, coaxing the kettle to boil, cooking breakfast. And the day before, she ironed the mountain of starched clothes that had needed such hard scrubbing. The day before that—

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams she never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service—ready and willing round the clock and calendar—is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.

Eight Farmers Tour Reclamation Project In Okla.

Eight farmers, J. A. Leach, Pat Bradley, A. J. Laycock, Rusty Henard, James Doneghy, Sidney Rogers, Snooks Henard, Frank Eikenburg, and county agent J. W. Thomas, attended a tour, along with other farmers from the surrounding counties, of the Government Land Reclamation Program, which is being carried on in the vicinity of Reydon, Oklahoma.

This group of farmers made a study of the work being done on the worn out soils around Reydon by the soil conservation boys with several native grasses and also with weeping love grass.

The farmers who attended had an opportunity to observe the reclamation of some grasses to commercial fertilizer; of special interest was the effect of ammonium nitrate on weeping love grass seed production.

Farmers were very much interested also in the drills which were used in the seeding of different grasses.

Quinten Williams, soil conservationist of Reydon, who organized and directed the tour, encouraged farmers to produce their own grass seed for reseeding their farms and ranches. The possibility of growing a seed plot for the commercial market was discussed by Mr. Whitington.

According to Mr. Williams, the Soil Conservation Service is constructing two sets of boxes and fittings on their seed drill, one for handling clean seed, the other for handling chaffy seed. This displaces the need for two drills as has been the custom of seeding heretofore.

still in this Company than non-combat men. That means that the larger per cent of the boys here in this company were over here and they were in the Infantry and have The Combat Infantry Badge and they have been over here a year after the surrender terms have signed and the people at home think that the teen agers should stay at home and go to school. I think that the Army learns a boy a lot more in two years that he spends in it than he could learn in school in the same length of time. Also I saw boys get off the boat over here that wasn't nineteen and boys that wasn't nineteen are resting with a white Cross over their heads.

This place has got to be Policed and someone has got to do it and do the people at home think that is should be the boys that fought this war, Maybe I am writing the wrong person to find out just what the people think but I thought that you could give me some idea.

Thanks again for the paper and I am looking for an answer soon. A friend, Elmer R. Roy

When We Were Very Young

When the First National Bank was 4 years old came the first horseless carriage to Collingsworth County. While folks debated if the automobile was here to stay, they regarded the young bank as a fixture . . . so firmly was it already rooted in the habits of the countryside.

Today the First National Bank and the automobile—both are here to stay—are joined in the public mind. As streamlined as a '46 model is the new First National Loan. Compared with us before you finance your new car.
