Helpful Rains Continue To Spot South Plains Area

Moisture Is 3-4 Inches Near City Monday Evening

Spell of Hot Weather Over Section Broken by Scattered Showers; Floydada Gets Heavy Precipitation

Temperature Drops

Eastern New Mexico Blanketed by Heavy Downpour; Reports Here Indicate; Shower In City Is Light

FOLLOWING light showers reported from practically all sections of the South Plains Sunday and Sunday night, rains continued to fall intermittently during Monday and part of the night. Local showers fell in the city of Lubbock late yesterday afternoon, enough to cause a slight drop in temperature while on the outskirts of the city east a three-quarter inch fall was reported.

Reports to the Avalanche last night indicated that Monday's precipitations were scattered and of widely sufficient extent for great benefit to be derived other than breaking the spell of hot weather.

New Mexico Gets Fall New Mexico reports indicated heavy falls in practically the whole eastern section. From Clovis to Albuquerque roads are said to be in better condition while that section from Clovis to Sudan received ample moisture. Showers continued from San Juan all the way to Lubbock.

Telephone and telegraph reports from the Morning Avalanche follow:

Floydada—One-half inch rain fell Monday morning early bringing the total rainfall during the week to one inch. Precipitation has been general over the county but not rain still badly needed. Southern portion of county received from quarter to one inch rain Monday. Extreme north section reported.

Surplus Shown In County Finances

Report of County Auditor Shows Cash Balance Of \$147,599.24 On Date Of August 10

Report of the condition of Lubbock county, as indicated by the annual statement presented to the county commissioners court session yesterday by J. V. Boyd, county auditor, reveals the fact that funds are well in the surplus column and that finances are more plentiful in this than in other counties of the state. The statement of the total cash balance as of August 10 is based on the condition of the county at the close of business August 10.

Hot Is Hurdled Into Air; Saved

AN ANTONIO, Aug. 12. (AP)—H. W. Goetz, St. Paul, student pilot at Kelly field, was hurled into space more than 1,000 feet above the ground while traveling at more than 100 miles an hour Monday afternoon but saved his life by opening his parachute.

Joke Is Not So Funny For Tony

CHICAGO, Aug. 12. (AP)—It wasn't so funny for Tony Notorella.

"Buy a balloon!" Tony cried, as he moved slowly down St. Louis Avenue carrying the saily covered rubber envelope, rously and buoyant with the illuminating gas with which he had inflated them.

An automobile whirled alongside the 14-year-old balloon vendor. One of its occupants leaned out and shouted:

"Watch the fireworks, folks! Let's have some fun!"

And he flicked his lighted cigarette squarely among the balloons.

There was an explosion. The saily colored balloons were bits of burned rubber. Tony Notorella lay screaming on the ground. Doctors later said he would be scarred for life.

The one who had tossed the cigarette sped away.

Giant German Ship Waiting For Another Weather Report Before Starting Final Leg of Flight

(By Associated Press)

FRIEDRICHSHAFEN, Germany, Aug. 12.—Although the dirigible Graf Zeppelin today was ordered to proceed by a southerly route which would follow the course of the Danube to the Black Sea.

Over steppes and mountains, many of which have never been mapped, Dr. Eckener faces a flight estimated by Zeppelin officials at between 6,250 and 7,500 miles. It was thought the Zeppelin would need five days to cover the distance. This totals 120 hours, which is longer even than on her first difficult passage from Friedrichshafen to New York in 1928.

With the new motors tuned up and broken in, an engineer from the Maybach works said they were good for 1,000 hours of flying. Dr. Eckener therefore should have a very comfortable margin for continuous flying.

"Everything is in perfect order for tonight's flight around the world so far as necessary permits, visas and other governmental requirements are concerned," Dr. Eckener said today.

Deputy's Bullet Hits Local Home

A stray bullet, fired Saturday about midnight by Chief Deputy O. B. Conley in an effort to halt M. C. Harris, who was fleeing from the officer, struck the residence of Sam Gentry, 907 Avenue J, lodging above a door, side entrance to the house.

Harris, after being chased two blocks by Deputy Conley, was arrested, charged with drunkenness, and fined \$21.15 in Justice of Peace G. R. Scott's court.

The bullet first hit the ground and glanced to the side of the building.

FOREST FIRE SWEEPS

SPOKANE, Aug. 12. (AP)—Hundreds of fire fighters today sought desperately to stem the fiery torrent that in two days has swept through 100,000 acres of valuable timber in the Barby Creek country in eastern Washington.

An easterly gale swept the blaze through the tree tops after forest officials believed they had the fire under control.

Officials estimated that the fire had swept through 6,000,000 feet of yellow pine and several million feet of mixed timber of merchantable

Investigation Is Started Of Fatal Accident Tragedy

Officials of Texas And Pacific Order Probe Of Fatal Grade Crossing Crash Near Dallas

Funerals Arranged

Engineer Claims He Blew Whistle As Truck Approached Rails; Fourteenth Member Hurt

(By Associated Press)

DALLAS, Aug. 12.—A detailed investigation was started today by officials of the Texas and Pacific Railway company into the grade crossing accidents yesterday near here in which 13 persons were killed and one injured seriously.

J. T. Wavter, engineer of the train that crashed into the motor truck in which the victims were riding, apparently was the only person who could explain exactly how the accident occurred. Several others included a member of one of the two families affected, saw the crash, but were too far away to tell why the vehicle was driven on the track in front of the train.

Engineer Whistled

The engineer, one of the oldest in the service of the company, said he blew his whistle and it looked as if the truck had stopped. Suddenly, he explained, the vehicle seemed to leap upon the rails just in front of his train. He said he brought the passenger to a stop as quickly as possible without danger of causing some of the coaches to leave the track.

The theory was advanced that E. P. McHenry, driver of the truck and one of the victims, stalled the engine of the machine on the track after bumping over a rough place at the end of a short bridge between the highway and the railroad right-of-way.

Funeral arrangements for the victims, Mrs. Iva Badgett, 45, and seven of her children, and McHenry, will be delivered Wednesday.

Direct Testimony On Behalf Of Dr. Snook Is Closed

Fate Of Former Professor Expected To Be Given To Jury Wednesday; State Claims Snook Falsified

(By Associated Press)

COURT ROOM, COLUMBUS, O., Aug. 12.—The closing of direct testimony on behalf of Dr. James H. Snook, confessed slayer of Theora Hix, Ohio State university co-ed, and the launching of the state's rebuttal to prove the defendant falsified while on the witness stand indicated today Dr. Snook's fate may be placed in the hands of the jury not later than Wednesday.

The defense rested this afternoon with a final attack on the autopsy by which Coroner Joseph Murphy decided that Miss Hix died from a knife wound which severed her jugular vein.

State Starts Rebuttal.

The state immediately began its rebuttal to show Dr. Snook contrary to his testimony last week, admitted he cut the girl's throat to relieve her suffering from hammer blows, which he inflicted during a quarrel.

The rebuttal testimony will continue tomorrow and unless something unforeseen occurs, the final arguments of counsel and Judge Henry L. Scarratt's charge to the jury will be delivered Wednesday.

Allegations Omitted.

Motion of the defense attorneys to omit allegations and to leave the plea of insanity supported solely by the evidence that has gone into the record, brought the end of the trial several days nearer.

The prosecution's attempt to impeach Dr. Snook's witness stand account of the killing of his young mistress centered chiefly around the signed confession which the doctor has flatly disclaimed.

Gather Evidence Against Pantages

District Attorney Fitts To Conduct Prosecution Of Case Himself; Score Of Witnesses Called

(By Associated Press)

LOS ANGELES, Aug. 12.—Prosecution of Alexander Pantages, theatrical magnate on the statutory charges brought against him by Eunice Pringle, 17 year old dancer, will be conducted by District Attorney Buron Fitts in person. It was announced at Fitts' office today.

The case will mark Fitts' first personal appearance before the superior court bench here since last January when he obtained a conviction of Asa W. Keyes, his predecessor, on bribery charges.

Evidence marshalled

Fitts marshalled evidence today. He called a score of witnesses who were questioned by him and his chief deputy, Robert P. Stewart. A guard of women deputy sheriffs was placed over the girl as a result of the assertion of her father, Dr. Lewis Pringle, a Garden Grove physician, that she had been threatened.

Pantages, at liberty on \$25,000 bail, refused to discuss the case. The Pringle girl alleged she went to Pantages' office Friday, hoping to induce him to reinstate her on his vaudeville circuit and that he attacked her. The theatre man said he was being "blackmailed."

Mrs. Lois Pantages, wife of the theatre owner, is a liberty under \$50,000 bail, pending her trial on second degree murder charges filed against her after the death of Joe Tokumoto, a Japanese killed when his car collided with one which Mrs. Pantages was driving. Police declared Mrs. Pantages was intoxicated.

Slight Hopes Held For Recovery Of Victim Of Auto Crash Here Sunday

Four Are Injured As Two Cars Collide; Negro Is Held

"Barnstorming"

ROOSEVELT FIELD, N. Y., Aug. 12. (AP)—In a six passenger cabin monoplane, equipped with all the latest safety devices and christened "Happy Landings," 18-year-old Ellnor Smith left here today on a five weeks barnstorming trip, whose primary purpose will be to make the air-minded public also "prachute-minded." She is pictured above.

SLIGHT HOPES were extended last night by hospital attaches for the life of Madeline Kelley, 17, daughter of Mr. and Mrs. Clyde Kelly, 410 Avenue U, while Winta Stubbs, 13, daughter of Mr. and Mrs. E. V. Stubbs, 2102 Tenth St., was said to be still in an unconscious condition, having never regained consciousness since the time of the accident when she, Miss Kelly, and two sisters, Minnie D. Kelly, 11, sister to Madeline, and Iva Lee Bynum, 14, daughter of Mr. and Mrs. J. D. Bynum, 2024 Tenth, were injured Sunday night at 9:20 o'clock as the car in which they were riding collided with another auto at the intersection of Texas Avenue and Sixteenth street.

Reports from the hospital late last night stated that while there was a slight chance of Miss Kelly's recovery her condition was very critical and seemed weaker than earlier in the day. The other, Winta Stubbs, was said to be resting well.

Injuries Not Serious

Minnie D. Kelly and Iva Lee Bynum sustained slight injuries but condition of either is not serious.

Willoughby Kelly and Juanita Kelly, daughters of Mr. and Mrs. Winta Kelly, of Ranger, who are visiting in this city with their cousins, Madeline and Minnie D., were unhurt in the crash.

Madeline Kelly sustained a fractured skull, deep cuts on head and face, a broken left leg above the knee, fractured right knee, fractured leg, concussion of brain. Her left ear was almost severed.

Bones Fractured

The Stubbs girl suffered fractured bones of the skull and face, concussion of brain and an injury to the left ankle.

Minnie D. Kelly was injured about the right ankle and sustained two cuts above the right elbow, while Iva Lee Bynum suffered an injured shoulder and fractured collarbone. Both are receiving treatment at the hospital.

Building Permit Total Increased

Three building permits, totalling \$11,280 issued Monday increased the valuation for the city of Lubbock during August to \$108,950 while those of the year were boosted to \$2,744,461.30, representing a total of 443 permits.

M. M. Coleman was issued a permit for the removal of a house in the country to the corner of 17th street and Avenue C at a cost of \$250. D. E. Meridith is contractor.

A. P. Mahone contractor, was issued a permit for the erection of a brick veneer residence for G. E. Walker at 2803 Twentieth street at a cost of \$7,000.

Mrs. Mattie Hawkins took the third for \$4,000 for the erection of a brick veneer residence at 909 Avenue L.

ROBBERY IS HOAX

SACRAMENTO, Cal., Aug. 12. (AP)—After first claiming they had been held up and robbed shortly after noon today of \$3,030 in the heart of Sacramento's business district, J. A. Greenes, assistant manager of the Hippodrome theater, and C. H. Beegs, an employe, confessed that that tonight they planned the robbery hoax and cashed the money near the city.

Settlement Seen For Reparations Following Crisis

Philip Snowden, Helps Save Situation by Calling For Adjustment of Session Until Wednesday

Move Is Surprise

Chancellor of British Exchequer Threatens To Run Hague Meeting On Rocks by Opposition

(By Associated Press)

THE HAGUE, Aug. 12.—Adroitly skirting the crisis that deadlocked its deliberations, the Hague conference to make the Young plan for reparations effective took a new tack today and sailed along toward a solution of the Rhineland evacuation problem, just as if the tie-up over reparations didn't exist.

Philip Snowden, chancellor of the British exchequer, generally credited with having almost run the Hague conference ship on the rocks by challenging the Young plan experts for reducing Great Britain's reparations payments, helped save the situation by calling for the adjournment of the finance commission until Wednesday.

Move Is Surprise

This move in the committee where the reparations crisis exists came as a surprise, but enabled the political committee to inaugurate discussion of Rhineland evacuation. These deliberations developed the opinion that before any particular date could be considered it would be necessary for Great Britain's reparations on a great number of technical questions connected with the transport of troops.

Foreign Minister Stresemann, Premier Briand, Foreign Minister Hyman and Foreign Secretary Henderson will study these subjects tomorrow with their respective military advisers and will meet privately during the afternoon at the British foreign secretary's apartment to talk over the situation before referring it to the technical committee.

Little Damage Is Caused Monday In Series Of Quakes

Parts of Five States Are Shaken By Vibration Of Several Earth Tremors; Sleepers Roll From Beds

(By Associated Press)

ALBANY, N. Y., Aug. 12.—Throughout parts of five eastern states and one Canadian province belated sleepers rolled from tilted beds while earlier risers leaped from the breakfast table and rushed in alarm to the streets as the earth's crust vibrated in a series of quakes of varying intensity and duration today.

When the last tremor died away it was found that while the shocks were felt from Connecticut to Ohio and from Pennsylvania to the province of Ontario, the damage was slight. Residents of a score of cities resumed their daily tasks and left to the scientists the work of determining the extent, intensity and location of the quake.

Tremors Move North

Observers in various laboratories scanned their seismographs and announced that the tremors had moved in a north and south direction through the central and western part of New York and that the center of the disturbance probably was located somewhere near Bellefonte, Pa.

She's Champion Bond Saleswoman

(By NEA Service) KANSAS CITY, Mo., Aug. 12. — Gentlemen prefer bonds which Mrs. Mayme Armstrong sells here at the rate of \$2.50-3.00 a year.

It was ten years ago that Mrs. Armstrong broke the bonds which held her to a public school teacher's desk—and ever since then she has been breaking bond selling records.

Now her annual sales are said to be unequalled by any other saleswoman in the country and by few men outside of New York.

She has made single sales running as high as \$246,000 but gets her greatest pleasure out of selling to some woman her first \$100 bond—in starting some person toward saving and obtaining a competence.

"I like to make the big commissions, of course," said Mrs. Armstrong recently. "But it is a greater pleasure to see some woman take in hand her first \$100 bond and walk out with a determination to add to it until she has thousands of dollars invested in interest bearing securities."

Mrs. Armstrong believes every good wife sees to it that her husband saves ten per cent of his income.

She has women invest small amounts and add to them until now there are more than a dozen of her clients who own more than \$1,000.00 apiece in bonds.

A Shallow Viewpoint "I feel sorry for the wife who merely looks forward to her husband's next salary raise, that she may begin spending more," said Mrs. Armstrong. "That shallowness."

Mrs. Armstrong was born on a Virginia farm. She received a rural school education and taught school in Kansas City, Kans., several years. Finally she determined to get ahead in the business world. She walked boldly into the office of the president of a Kansas City investment house.

How She Got Job "I want to sell bonds," she said. "I believe I know how."

"A woman sell bonds?" asked the investment banker. "How could a woman with no business experience do that?"

"She could learn," replied Mrs. Armstrong, and she was given her commission—strictly on a commission basis.

"I'm glad now that I started that way," she explained. "It spurs one on to know that each sale means more income. Working for a salary spoils one."

Mrs. Armstrong in her spare hours finds time to manage a home, look after the education of a 19-year-old daughter, and play golf and drive a car.

BOBBY VEACH THE LAST OF THE FAMOUS DETROIT OUTFIELD COMBINATION TO LEAVE THE GAME

BY JACK SORDS Sports Cartoonist Writer for Central Press.
Following Ty Cobb and Sam Crawford into retirement, the recent unconditional release of Bobby Veach by the Toledo American Association league club completes the passing from baseball of one of the greatest offensive combinations in the history of the American league. They were the Ruth, Combs and Meusel of 15 years ago, but though they were never able to swing Detroit to a pennant as the Yankee trio has done, they were a constant source of terror to the opposing pitchers.

John Allen
ASHEVILLE, N. C., Aug. 12.—The sale of John Allen, right-handed pitcher of the Asheville Tourists to the New York Yankees, following as it does the news of Harry Smythe's sale to the Philadelphia Athletics, gives Hall F. Corpening, new owner of the Asheville club, a splendid record as a business man. Allen goes to the Yankees at the end of the present season for a sale price of \$7500.

At the time of his purchase Allen had won 15 games and lost 7. His great speed made him effective against South Atlantic hitters. Allen also is a noteworthy hitter boasting a batting average of .340 at the time the deal was completed. Scout Johnny Nease authorized the purchase after watching Allen allow six hits in a recent game against Spartanburg at the same time getting two singles and a double himself and driving in three runs.

Here's Why Firestone Tires Hold All Records

THE PICK of the long staple cotton crop is bought by Firestone experts in the primary cotton markets. It is shipped to Firestone's own cord fabric mills—the largest in the world—where it is first twisted into tiny threads. These threads are then tightly twisted into ply yarns, and three of these are twisted in the reverse direction into cords of fish-line strength. Exactly the right number of twists are carefully determined to secure the greatest strength and elasticity.

Rum Runner Will Be Hanged Soon For Three Deaths

Amended Sentence Handed Down After Horace Alderman Is Convicted Of Killing Three Men

MIAMI, Fla., Aug. 12. (AP)—Horace Alderman, Miami rum runner convicted of killing three government men on the high seas, will be hanged August 17 at the Fort Lauderdale coast guard base instead of atop the Broward county court house, federal Judge Halsted L. Ritter ruled today in handing down an amended sentence. Judge Ritter had designated the Broward county jail at Fort Lauderdale as the place of execution in the death sentence passed upon the fifty-year-old slayer. He termed today's order an amendment to the previous sentence, passed June 20, and explained it had been found "necessary and desirable" to make the change.

R. A. Hendricks, Alderman's attorney, contended however, that the judge's order constituted a resentence of the convict and served to strengthen the appeal he is taking to the United States circuit court at New Orleans.

Fires Threaten

WINNIPEG, Man., Aug. 12. (AP)—Forest fires, which last night swept up to a line within 300 yards of the railroad station in the little town of Rennie, Man., near the Ontario border, were reported under control by forestry officials today.

Plainview Man Gets Profit Of Eighteen Head

(Special To The Avalanche)
PLAINVIEW, Aug. 12.—Ten dollars and forty-five cents per head profit on eighteen hogs fed for five months was obtained by G. J. Martin, Plainview farmer who sold his hogs Saturday.

The hogs weighed an average of 182 pounds, and complete records of all feed used was kept by Martin. The actual cost per hundred pounds gain was \$5.00 according to Martin. He used eighteen pounds of a prepared feed with 250 pounds of kaffir chops, and 280 pounds of skim milk.

BUILDING ACTIVE

Plainview Permit Total Is \$18,800 For Week

(Special To The Avalanche)
PLAINVIEW, Aug. 12.—Five building permits totaling \$18,800 were issued at Plainview during the week from August 5th to 10th, inclusive.

A \$10,000 garage building adjoining the Shepard Chevrolet company which will be a sales room for the firm heads the list. Other permits include residences of J. M. Forbes and Joe. Suesel, and a remodeling contract for Lee Stephens' business house.

Shining Talent

Continued from Page 6

thinking, "to make up for the little diamond that he gave me. Maybe I can find an antique in one of those old shops."

It was almost too good to be true. She ventured into a stall that was smelly and down-at-the-heel. And there sat an ancient silversmith, sticking rubies in the eyes of a silver monster, on a silver ring.

The old man spoke no English but he called a school boy apprentice in, who was studying the language. And the boy said that the ring was a copy of one worn by Lucrezia Borgia, who secreted a poison powder in the head of the monster. He showed Molly the secret spring that opened the creature's head, and there was a place to hide poison enough to murder a tiresome lover any day.

"I suppose," hazarded Molly doubtfully, "that it costs a fortune."

The apprentice conferred with the master. "Twenty-five dollars," he said, "and hand-wrought, Signorina, by the finest smith in Florence. And the eyes of the monster are of rubies."

"I'll take it," she declared fearfully, lest the apprentice had made a mistake, and would correct it before she could acquire possession.

It was not until she bought in

the marketplace, raffia handbags for 25 cents—the kind that sell in the smart shops at home for \$5—that she felt quite sure Florence was a wonderful place for shoppers.

Happily she returned to Pension White, with the precious ring for Jack and amethyst earrings for Rita.

Signorina herself drew back the big bolt on the door and admitted Molly gayly.

"The mail has come," she declared, "and also a cablegram."

It costs such a lot to cable from the States to Italy that a cable is sometimes a rather fearsome thing. Molly took it nervously, and tore it open.

"I hope it is good tidings," remarked Signorina Benvenuti.

She was sorting the letters of her guests, and placing them on the table. And her back, as she spoke, was toward Molly. She turned when she felt a little fluttering hand on her shoulder.

Molly's arms were outstretched and shaking. Before Signorina Benvenuti could catch her, she had fallen. The cable was in her hand. For the first time in her life Molly had fainted.

Place Vegetables And Fruit On Big Business Grounds

Action of \$50,000,000 Co-operative Marketing Organization Will Affect Merchandising

NEW YORK, Aug. 12. (AP)—A \$50,000,000 co-operative marketing organization was preparing today to place the merchandising of fruits and vegetables on a "big business" basis.

The new organization, the nationwide scope of which is indicated by its corporate name, United Growers of America, is the second such combination of agricultural cooperatives to be formed since the new federal farm board began to function, the first was the farmers' national grain corporation.

Announcement of the creation of the organization, said its initial work will be the coordination of the efforts of local and national co-operative groups. The national growers of American will serve 60 subsidiary organizations in 21 states.

Headed by Julius H. Barnes, chairman of the board of the United Fruit and Chamber of Commerce, the United growers will be directed by a group of nationally known men identified with agriculture and co-operative marketing activities.

Victim Of Burns Buried At Morton

Jimmie Jackson Dies Here Early Sunday As Result Of Tractor Blaze Near Home Last Saturday

Funeral services for Jimmie Jackson, 23, of Morton, were held Monday afternoon at Morton with burial in the cemetery at that city. Rix-Sanders of Lubbock was in charge of arrangements.

Jackson, suffering of severe burns about the body, received Saturday afternoon about 4:30 o'clock while he was working over the engine of his tractor near Morton, died at 6:30 o'clock Sunday morning in the Lubbock sanitarium.

He was rushed to the local sanitarium, arriving here at 7 o'clock Saturday evening. He is an employe of Cochran county and was engaged to work at the time of the accident.

Survivors are the parents, Mr. and Mrs. Jackson, of Morton, and three sisters.

Rainfall

(Continued From Page 1)

ceived one-half inch but insufficient over entire county. Cotton and feed crops suffering to some extent. Weather continues threatening.

Southland—Fair rain here today extending north for some miles. Amarillo—Good rain here this afternoon though thought to be only local.

Tulsa—Heavy rains here Sunday. Amarillo—Hard rains here Sunday but only light showers Monday.

Littlefield—No rain here today but good rain fell Sunday night. Hays—Excellent rains here Sunday night.

Plainview—Light sprinkle here today but good rain Sunday. Tahoka—Only light showers fell here today.

Lamesa—Showers light today. Amarillo—Light sprinkle this afternoon.

Ralls—Small rain here today, only enough to lay dust. Fort Worth—While no rain had fallen tonight, clouds were hovering close and indications were that a fall would be experienced before morning.

Childress—Heavy rains in this section Sunday though only light showers today.

Levelland—Light rain during afternoon with prospects for more through the night.

Farmers Opposed To Damages Veto

AUSTIN, Aug. 12. (AP)—Resenting Governor's Moody's veto of the \$150,000 damages voted West Texas farmers whose lands are within the pink boll worm quarantine area, those affected will take steps to throw off the restrictions, Representative Henry Webb of Odessa said today.

"We shall seek an injunction in the state courts to prohibit the taking of our property without just compensation," he said. "Then, the federal government will quarantine the entire state unless the farmers of Texas will lose millions."

Webb pointed out that the bill for damages was \$300,000, but that the legislature cut it in half.

Four Are Burned As Mine Explodes

POTTSVILLE, Pa., Aug. 12. (AP)—Four men were burned, three seriously and two escaped, through an air breach in an intersecting gangway tonight when a series of four explosions occurred in the prime vein of the Sherman coal company here.

Fire, caused when the first flash ignited a gas pocket, swept through the vein of "soft" anthracite which runs beneath the southern end of the city.

Guy Irvin, a miner, Harvey Hilbert, mine foreman and W. C. Schott, colliery engineer, were in the Pottsville hospital suffering from severe burns about the face and body.

Cotton Works Higher; Market Prices Upward

Boost Of About \$1 Per Bale Seen In Monday's Session

NEW ORLEANS, Aug. 12. (AP)—Cotton prices worked about \$1 a bale higher today on unfavorable crop deterioration reports as well as speculations of damage by army worms in portions of the western belt. The market reacted moderately from the top and the close was steady at net advances of 13 to 15 points. October after opening unchanged at 17.00, advanced to 18.00 and closed at 19.03, or 13 points net higher.

Liverpool cables were disappointing but the local market opened steady. Initial prices were unchanged from Saturday's close but the market started upward after the call on insufficient rains in the west and on a private consumption estimate of 543,000 bales. By the end of the first hour October sold at 18.01, December 18.28 and January 18.20, or 11 to 12 points above Saturday's close.

Selling Develops After mid-session December hit 18.35 and January 18.38 or 18 to 21 points above Saturday's close. Final prices showed reactions of 5 to 7 points from the top.

Bullish Figures Meet Cotton Liquidation

NEW YORK, Aug. 12. (AP)—Advances promoted by bullish private consumption figures, doubt as to the adequacy of rainfall in dry sections of the southwest, and complaints of continued high temperatures in that section, met realizing or liquidation in cotton today. After selling up from 18.28 to 18.47, December reacted to 18.34 but there was enough buying to send it back to 18.39 at the close. The final tone was steady at net advances of 12 to 18 points.

The opening was steady to an advance of 3 to 8 points. There was some selling but it was absorbed. The market firmed up. Buying was promoted by a private report placing domestic consumption for July at 543,000 bales against 570,000 for June and 439,821 for July last year. The market showed firmness during the middle of the day. October sold up from 17.97 to 18.17, March advanced from 18.54 to 18.70, making net gains of about 18 to 22 points. Offerings increased, as the price of January approached the 18 1/2 cent level. The market became quiet at the decline.

ON TO WASHINGTON

Boyd Jones Stops In St. Louis Monday

ST. LOUIS, Aug. 12. (AP)—Expecting to reach Washington about September 10, Boyd Jones, 15, of Amarillo, Texas, left here today as a tourist, with an invitation to President Hoover for the Tri-State Fair at Amarillo on September 23-28. He had his mount shod here and obtained the signature of Acting Mayor W. J. O. Neun, before starting through Illinois.

The boy, a junior in high school, left Amarillo on July 5 and has averaged about 25 miles a day. The total distance is approximately 1,700 miles. Last summer he traveled 1,800 miles from Gallup, N. M., to Brule, Wis., with an invitation for former President Coolidge for a rodeo at Gallup.

DAN HADAWAY BURIED

Missing Canadian Flying Ace Sought

TORONTO, Ont., Aug. 12. (AP)—Charles A. "Duke" Schiller, Canadian flying ace, was sought today in the wilds along the northwest shore of Hudson's bay where he has been missing since his takeoff two weeks ago on a prospecting flight with two companions.

Search by an airplane for several days has revealed no trace of the party, and the Northern Aerial Minerals Exploration company, which employs Schiller as a pilot, has decided to dispatch a second plane today from Sioux lookout to join in the search. Schiller was accompanied by Jack Humble, mechanic, and Tom Creighton, a prospector.

"Duke" Schiller achieved wide prominence in August, 1927, when he announced plans for a non-stop Windsor, Ont. to Windsor, England, with Phil Wood, of Detroit, a brother of Gar Wood, the speed boat racer. After three false starts the flight was abandoned.

Paramount To List Additional Shares

NEW YORK, Aug. 12. (AP)—Paramount Famous Lasky Corporation has made application to the New York stock exchange to list 389,350 additional common shares, which will be exchanged for stocks of several theater chains and for 50 per cent of the common stock of the Columbia broadcasting system. Theater chain stocks will include 50 per cent of the common stock of Dent Theater, Inc. of Texas. Paramount already owns the stock 50 percent of the common stock of the preferred and 90 per cent of the common and Class A stocks of Saenger Theaters, Inc. of New Orleans, operating a chain in 11 southern states.

Ralph A. Kohn, treasurer of Paramount, stated the new acquisitions should bring additional profit of about \$2,500,000 or about \$6.75 per additional share of stock during the first year and should show increasing profits in subsequent years.

BULLS AGAIN ACTIVE

Stock Market Recovering From Sharp Break

NEW YORK, Aug. 12. (AP)—Bullish forces on the New York stock exchange, which were badly organized Friday by the sharp break in prices which followed the raising of the New York Federal Reserve rediscount rate, were back in the saddle today, driving the fears to cover in buying which lifted scores of issues \$2 to \$12 a share and sent one stock skyrocketing \$32.

U. S. Steel common was brought forward as the market leader, being pushed up \$11.62 1/2 a share to a new high record at \$229.62 1/2.

BOARD WILL MEET

Equalization of Taxes To Be Considered

(Special To The Avalanche) BIG SPRING, Aug. 12.—The equalization board selected by the city to equalize city taxes held its first meeting today. No effort was made to increase property values at this meeting, but a process of equalizing taxation was adopted. The committee consisted of W. R. Purser, R. L. Cook and Steve Ford. The city tax rate is \$1.30 based on two-thirds actual valuation.

CREW ACQUITTED

NEW LONDON, Conn., Aug. 12. (AP)—The six members of the crew of the schooner John M. Hathaway, of New Bedford, Mass. charged with conspiring to smuggle liquor into this country, were acquitted today by United States Commissioner Russell H. Corcoran. Testimony showed the ship was seized 125 miles off shore, and no evidence was offered where the trans-Siberian railway branches into the Amur line and the Chinese Eastern.

Body Is Found In Canal On Monday

PHOENIX, Ariz., Aug. 12. (AP)—A body, tentatively identified as that of Paul Edward Reynolds, of El Paso, Texas, agent of the United States department of justice, was found in a canal several miles north of here today. Police were rushed to the scene to investigate.

Fast Collapse Of Wheat Values Due To Drought Break

Prices Reach Lowest Mark For Past Month Period; Closing Quotations Are Reported As Nervous

By JOHN P. BOUGHAN Associated Press Market Editor CHICAGO, Aug. 12. (AP)—In a swift collapse of wheat values today, the market went down 5 3/8 cents a bushel, largely owing to break-up of Argentine and Australian rough market in the late dealings something of a rebound took place from the day's bottom figures, the lowest that wheat has reached in fully a month.

Closing quotations on wheat were nervous, 3 1/2 cents to 4 1/2 cents under Saturday's finish. Corn closed 1 1/2 to 2 1/2-cents down, oats 1 1/4 to 1 7/8-cents off, and provisions unchanged to a setback of 1/2c.

Wheat prices here received their heaviest jolt from an unexpected sharp break in Liverpool quotations. The British market closed at 3 1/2 to 4 3/8-cents down, where a decline of only a small fraction had been looked for. The Canadian growers' pool estimated Canada's wheat crop condition as being equal to only 52 per cent of a 3-year average, whereas the Canadian government report issued Saturday said 66 per cent.

Well-finished steers, mates to the cattle that brought top today at 12.25. Plain common grasses, 8.00 to 9.00; fat yearlings, 12.00. Grassy types of little call, 11.00. Good fat cows sold 8.00 and 8.25. Slaughter cows 6.00 and above. Low-cutters 4.25 to 5.00. Sausage bulls, 5.50 and 7.50; choice heavy stock steers, 11.50 and 12.00.

Very fat 45c pound calves, good to choice, 12.00. Other desirable weight averages 10.50 and 11.00; good light veals 12.00; cull steers, 6.00 to 8.25.

Salary Veto May Cause Resumption Of 12-Hour Shift

Eleemosynary Bill Cut Is Likely To Require Longer Hours At State Institutions, Says Walthall

AUSTIN, Aug. 12. (AP)—Veto by Governor Moody of approximately \$200,000 from the eleemosynary bill, represented by salaries of extra employes at state institutions, today seemed likely to require the resumption of 12-hour shifts beginning September 1, R. B. Walthall, chairman of the state board of control, said.

Two hundred women employes who have been working eight hour periods will be affected by the slash in funds.

Eighteen months ago state department of labor started prosecution of superintendents of eleemosynary institutions for alleged violation of the 54-hour law affecting women employes. Attorney General Claude Pellard held in an opinion that the board of control might meet the situation by borrowing funds from the eleemosynary maintenance budget, which later were returned when an emergency appropriation became available.

Whether Labor Commissioner Charles McKenny again will take steps to prevent women workers in the state insane asylums and similar institutions from being employed 12 hours through legal channels was undetermined today on account of the labor commissioner's absence from the city.

Resting Place On Square Provided

The east side of the public square east of the court house, will be used as a resting place by the public, where benches may be placed and resting place according to a unanimous vote of the county commissioners court when the proposal placed by the Lions club of this city was read them at their regular monthly meetings held Monday.

Formulating the petition last week, the Lions club proposed to purchase one bench for the designated recreation spot, while the Avalanche-Journal had agreed to purchase another.

The east side of the square, spotted with big shade trees, has long been unused by the public. The new resting place will afford a space for open meetings and will be an inviting spot for tourists and South Plains shoppers.

Howard Summers Missed From His Home Here Since Last Saturday Parents Appeal To Police

Howard Summers, 23, son of Mrs. S. B. Summers, 2818 1/2 Eighth street, late Monday night was still missing from his home. No word had been heard by the anxious parents who are of the opinion he has met with foul play, Mrs. Summers yesterday appealed through the press for cooperation in helping them locate the youth who has been missing since Saturday.

The young man was last seen this city Saturday afternoon at 6 o'clock, parents said, after explaining that their son had never come home over night without giving some explanation before departing. The parents were visiting in Reno, Nev., when they learned of the son's disappearance upon the arrival in this city Sunday.

The missing youth is described by relatives as follows: Light complexion, six feet tall, weighs 150 pounds, and is wearing a light blue suit, white shirt, blue tie and white felt hat.

Anyone knowing anything that might aid the parents in the search for their son are asked to call 1360.

Crash Victim

(Continued From Page One) was going north on Texas Avenue. The negro, driver of the other auto was going east on Sixteenth street. Both cars catapulted after the crash, the Ford touring car, which was being held in the Lubbock county jail awaiting developments, as to the conditions of the two girls.

Robert Austin, negro, alleged by witnesses to have been driving at a speed of 40 miles per hour, was arrested immediately after the crash and is being held in the Lubbock county jail awaiting developments, as to the conditions of the two girls.

A court of inquiry, begun yesterday in the court of Justice of Peace G. R. Scott, investigating the case of Robert Austin, negro driver of the automobile which Sunday night collided with that containing six Lubbock girls, injuring two seriously and two others slightly, will be continued today. Charges against the man probably will be filed today, it was indicated by officers last night pending the condition of the injured parties.

Declaring that he was "afraid of the white folks," Austin told a Morning Avalanche reporter, was the reason for his flight following the crash of the two automobiles.

Runs From Crash. "I was driving about 25 miles an hour," he stated. "I had time to figure the girls would stop. I couldn't have helped it and I wouldn't have had it happen for anything in the world. I wanted to go back and see if anyone was hurt, but I knew the white folks would say the 'nigger is wrong,' so I left when my wrecked car and walked home. I told my wife to stay and she did. I was afraid, I tell you. I was afraid they would hurt me."

Week-End Accidents Injure Eight Persons

Eight persons were carried to Lubbock sanitarium over the week-end as an unprecedented figure of traffic irregularities within the period caused severe automobile mishaps. Two were injured, perhaps fatally, while all others received slight hurts.

Hoyle Suddeth, four-year-old lad sustained a broken arm near his city Sunday, when he fell from the running board of an automobile.

Calvin Newton of Wilson, suffered a broken arm Saturday when he was hit by a passing truck while riding with his arm projecting from the window of his car on a highway in New Mexico. He was brought to the Lubbock sanitarium for treatment.

Jack Niblack, son of Mr. and Mrs. Gus Niblack, 1618 Ninth street, suffered a broken arm and wrist early Monday while playing near his home.

Local Girl Hurt. Miss Eloise Robinson, 16, daughter of Mr. and Mrs. W. M. Robinson, of 32nd street, sustained slight injuries to the head and left leg Sunday night about 9:30 o'clock when her leg was caught by the rear bumper of an automobile driven by J. M. Denman, of this city, while she was crossing Avenue G, near the postoffice building.

Building Underway For Negro Theater

Announcement was made Monday that a motion picture theater for the use of the negro population in Lubbock is under construction and will be operated by John Ford.

Location of the new show house is Avenue A and Nineteenth street. The structure will be 30x76 feet and will seat 300 people. Two projection machines and an organ will be installed.

Ford has lived in Lubbock for the past 15 years and said his people had long sought a picture theater in their own section of the city.

Only Memory Of Troubles Left

Lubbock Carpenter's Wife's Health Restored By Orgatone — Suffered Fifteen Years

"About all that is left of my wife's suffering is the memory of it," said Mr. J. R. Jeter, of 614 Avenue F, Lubbock, Texas. Mr. Jeter has been a well-known carpenter and citizen of Lubbock for a number of years. "If my wife only could have had Orgatone about 15 years ago," he continued, "it would have saved her a world of suffering. She had a severe case of stomach and liver trouble and was bothered with rheumatism, which kept her in constant misery most all the time, and in spite of all she could do her troubles kept getting worse. Her appetite left her, and she would suffer terribly from indigestion and gas on her stomach after each meal. Her head ached a great deal of the time, and she felt tired and worn out and no account most of the time. She had severe pains in her back and sides, which was caused from an inactive liver and I would not be surprised but what she had some gall bladder trouble. She also had a chronic case of constipation. "We saw Orgatone advertised so highly we thought that it might help her and she has now taken just two bottles and says she feels like a different person. She is getting wonderful results and is improving every day. Her stomach is in good shape and she eats anything she wants without the slightest trouble afterward. Gas does not form as it did and she isn't bothered with constipation. Her liver seems to be in perfect condition, for she doesn't complain of the pains as she used to and her rheumatism doesn't bother her as it did, and, in fact, she is better in every way. I am glad to give this statement for my wife. For Orgatone has proven such a wonderful medicine we want to recommend it to our friends and we shall always keep a bottle of Orgatone in our house." Genuine Orgatone is not a so-called patent or secret remedy but a pure scientific bile treatment containing no alcohol or other stimulating drugs and is sold in Lubbock, exclusively by the Bowen's Drug Store, who are direct laboratory agents. Conspiracy Count Alleged In Case

HOUSTON, Aug. 12.—A charge of conspiracy to violate the liquor laws was filed today against R. R. Owen, alias "Rube" Owen, one of three men who had not been apprehended in the \$70,000 rum seizure at Seabrook shortly before the democratic national convention last year. Owen was arrested Saturday night after federal agents had seized an automobile containing 375 pints of whiskey and 43 quarts of gin. Owen was indicted in March along with "Johnny Jack" Nounes, George Mussey and nine other men in connection with the Seabrook seizure in which the rum laden boats Lena and Imperator were confiscated. Eight of the men were tried and convicted. Bond in the two cases against Owen was set at \$13,000.

RECEIPTS INCREASE

Big Spring Postal Total Shows Boost (Special To The Avalanche) BIG SPRING, Aug. 12.—Big Spring postal receipts show considerable gain over that of last month, according to E. E. Fahrenkamp, postmaster. The July receipts totaled \$4,951.91 compared with \$3,289.81 for June, an increase of \$1,662.10.

MOISTURE NEEDED

Rainfall At Slaton Is Not Sufficient For Crops (Special To The Avalanche) SLATON, Aug. 12.—Light showers of rain during the past week visited much of the Slaton territory, but more moisture is needed for cotton and feed crops, especially in some sections. According to farmers' reports, little damage from insects has been reported.

Irrigation Pays In Production On Plainview Farms

Heirra Yield of George Henkle Jr. Place Will Triple That of Neighbor Fields In Hale County

(Special To The Avalanche) PLAINVIEW, Aug. 12.—A sixty acre field of heira that is estimated to yield as high as ninety bushels to the acre, and adjoining fields will not reach more than a third that amount from present indications is the answer offered by George Henkel, Jr. to the question, "Does Irrigation Pay at Plainview?" Henkel owns a half section of land three miles southwest of Kress, and ten miles northwest of Plainview on which he has lived for eight years coming here in 1921 from Wisconsin. In April of this year he installed his irrigation plant wishing as he says to absolutely insure the raising of feeds in sufficient quantities to take care of his dairy cattle, with a margin to sell each year. Practice Diversification Henkel is practicing a diversified agricultural plan that is being advocated for all of the shallow water district on the South Plains around Plainview—that of irrigating feed stuffs, milking cows, and maintaining a poultry flock in addition to raising cotton and wheat. Henkel has forty head of Holstein dairy cattle, and he is milking about twenty at the present time, market-

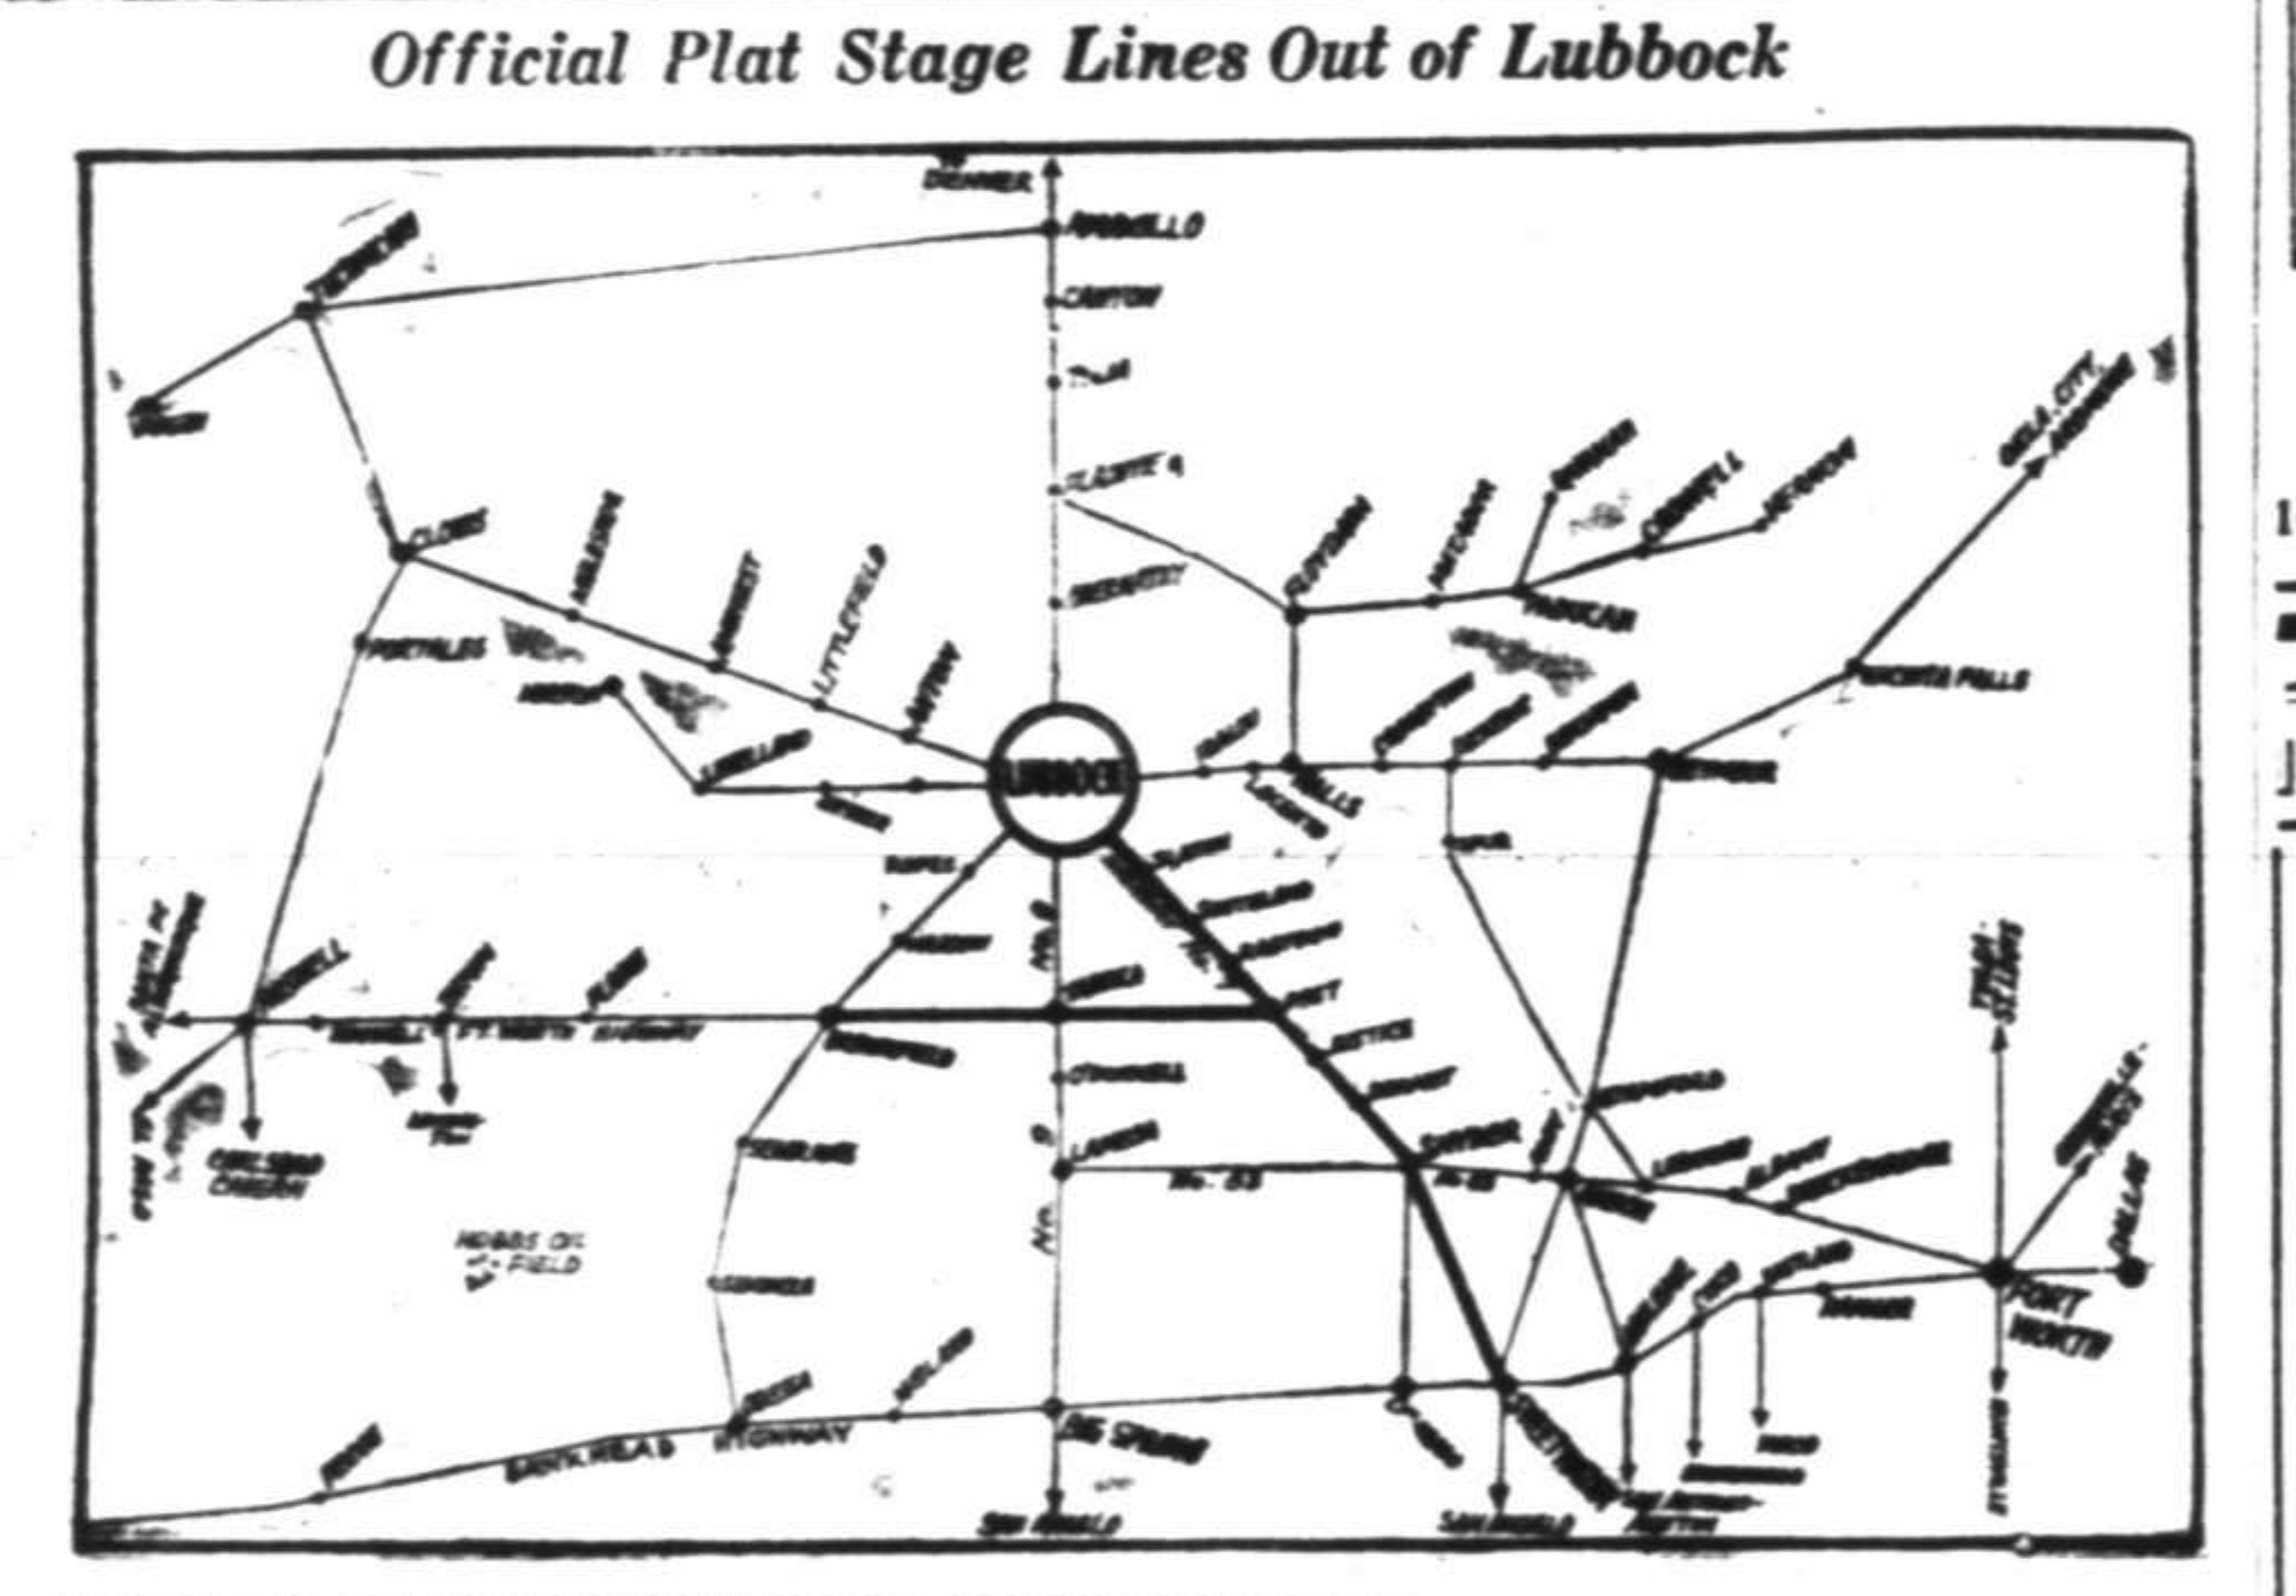

ing forty gallons of whole milk at Plainview daily. The irrigation plant installed last April at a cost of \$2,000.00 is a direct flow Kimple pump, and the power is supplied by a tractor used on the farm. The well is 155 feet deep, and twelve inches in diameter. He gets a flow of around nine hundred gallons of water per minute. The cost of operation is around a dollar a day for fuel. An acre of ground can be irrigated in slightly more than two hours time. The field of heira that is attracting considerable local attention was irrigated twice as a cost of approximately seventy-five cents per acre. Henkel is planning the installation of a second pump within the near future, and expects to ultimately have his entire farm under irrigation.
