For Seventy-four Years a Builder in Collingsworth County

Volume LXXIII | WELLINGTON, COLLINGSWORTH COUNTY, TEXAS 79095 | THURSDAY, JULY 5, 1984 | Number 51

EASY RIDERS

Spray flies from a four-wheeler as Jay Jones pulls an inner tube with Deanna Hinson aboard for some summer fun at Pioneer Park.

History Deadline Extended Two Weeks

The mounting interest among many families in having their families histories and pictures in the Collingsworth County History Book has resulted in the book committee extending the deadline for two weeks--until July 15, Evelyn King, chairman, announced.

"We've been overwhelmed with the number of histories received in the last few days," she delcared.

Reunions, both family and community, have brought forth an interest not heretofore present, as these people who have lived away from here for so many years are searching for their roots in Collingsworth.

Others have been delayed as they get their crops in, or are slowed in securing needed information and pictures from other members of the family."

At this time, more than 600 family histories have been received and over 500 books have been sold.

There is also still time to buy copies of the book, Mrs. King pointed out.

A specific number of histories must be sold under the pre-publication sale agreement between the local committee and Taylor Publishing Co., publishers of the book.

This must be reached before any books can be published.

No books will be sold after the histories are sent to the publisher.

Cost of the book is $35, plus $1.75 state tax and $3.25 mailing fee.

Orders may be mailed to the Chamber of Commerce, P.O. Box 267, Wellington, Texas 79095, within the next few weeks.

A typing committee will begin work this week, as all typed material must be double spaced.

Next step for the book committee will be to count words in each story in order to get a combined total of words in all stories. Stores will not be changed from the original, Mrs. King emphased. Only errors in spelling will be corrected.

It is requested, however, that those writing their histories check the spelling before the articles are turned in. They are especially urged to check the spelling of all proper names (names of persons, towns, etc.)

If your history is hand written, be sure the words are plain enough for a typist that doesn't know the names in your family be able to read your writing correctly. For example, they must know if you are writing an "n" or "u" if it is an "e" or "i."

Again the chairman reminded that two-letter words are not counted, but the name heading and signature of the author of the story must be included in the count.

Volunteers are needed for both of these committees, and anyone who can help in these capacities are asked to call the chairman of this committee, Mrs. Ben E. (Lois) Ratliff, 806-447-2667.

"After these reports are made, two copies of each story are required to be made for safety," said Mrs. King.

"All of these additional activities must be completed before the family history can be sent to the Publisher.

"There are a few stories that have not been received that are expected. This is for all past and present residents of this county."

Vehicle Registration Fee Approved by County

Collingsworth County Commissioners voted June 11 to adopt a $5 registration fee on each vehicle registered in Collingsworth County, according to the Commissioners Court minutes.

Of this $4.85 would be retained by the county for its Road and Bridge Fund. The remaining 15 cents would go to the State Department of Highways and Public Transportation Motor Vehicle Division. This is permissible under the state law.

In a June special meeting, the court appointed Joe F. Knoll, commissioner from Precinct 2, as the appraiser for the right of way on the Panfork Encampment road, which extends from Highway US 83 8 miles north of Wellington, south and east to the camp.

Harold Canup, right of way agent for the Texas Highway Department and Glenn McLain, resident engineer, met with the court to discuss requirements on the Panfork Baptist Encampment right-of-way.

Collingsworth and Childress counties have entered in an agreement under the inter-local Cooperation Act, Article 4413 (32c) regarding the maintenance of roads along the county will maintain 7 miles on the east end of the east-west county line road; Collingsworth will maintain the remaining, or west-end of the road.

County Judge Zook Thomas and Clarence Darter have signed the agreement, along with members of the Childress County Commissioners Court.

Council Votes 90-Day Suspension of WTU Rate Increase Request

Wellington City Council passed a resolution Monday night, July 2, suspending for 90 days the operation of a proposed rate increase requested by West Texas Utilities Company.

WTU had requested that the schedule of rates for services within the city of Wellington become effective July 13. This will delay further action 90 days beyond that date.

City Manager Glen Taylor reviewed for the council a meeting at Abilene called by the Texas Municipal League of city managers and council members of those cities affected by the WTU company-wide application for the rate increase.

"This is going to be fought hard," Taylor said of the WTU application. Representing the cities will be attorneys for the Texas Municipal League in appearances before the Public Utilities Commission, which will hear the utility company's request.

"There were cities down there (Abilene) that are upset," he emphasized.

Taylor called West Texas Utilities "wishy-washy" over cost figures it has given of the new coal-powered plant it is building at Oklaunion. Tommy Hudson, Wellington resident manager, replied that the variations in figures came about because of the company's renegotiating certain contracts relating to the new plant.

The council also heard a report from the Texas Department of Health on an inspection May 9 of Wellington's overhead water storage system, in which certain items of non-compliance with state statutes and Department regulations were cited.

The elevated storage reservoir must be enclosed by an intruder resistant fence with lockable gates, said the letter to Mayor Ralph Owens from Steven P. Weldes of the Surveillance and Technical Assistance Brance of the division of water Hygiene.

The letter to Mayor Owens also pointed out that the elevated storage capacity of Wellington's water system is deficient by 62,000 gallons, based on the Department of Health requirement of 100 gallons of water per connection.

"Future planning must include facilities to adequately meet this requirement," the letter read.

Taylor said these items of non-compliance have been cited in the past, but he believes the council should begin thinking about additional overhead water storage.

The city's large underground water storage facility does not figure in this," it was pointed out.

The May 9 inspection of the overhead reservoir was made by Glenn E. Morris, R.S., in company with Eddie Davis, who heads Wellington's water department.

Present for the council meeting Monday were Mayor Owens, City Manager Taylor, councilmen Willie Gragson, Milburn Derryberry and Sam McGill, and City Secretary Nell McKinney.

Tennis Tourney Opens July 10

The 5th annual Wellington Open Tennis Tournament begins Tuesday, July 10, with some of the strongest players in the tournament's history appearing on the Ellison Park courts.

This will be a 6-day event, one day longer than any of the others, with the additional day coming at the beginning of the tournament, Tuesday.

Coach Tommy Johnson and Lynn Bartlett are directing this year's tournament, which comes immediately after Coach Ronny Williams moved to his new job at McKinney. He had directed the other four tournaments.

So far, players from Memphis, Amarillo, Canadian, Borger and Pampa are entered, Bartlett said. More are expected from Amarillo and other southeast Panhandle towns.

Most of the interest centers on the men's and women's open division, with the mixed doubles proving to be the most popular event.

"A good many invitations have been mailed and we still have a week for the players to get their entry fees in, said Bartlett. Those wishing to enter should mail checks payable to Lynn Bartlett, tournament director, 1600 Corsicana, Wellington, TX. 79095 or phone 806-447-2612.

The fees are $5 per entry for singles and $10 per entry for doubles.

There is a new division this year, mixed doubles for the high school (17 years and under) division, which should not only attract players but spectators as well. The mixed doubles will be played Thursday, July 12, as will other doubles classes for the 17 and under age group. Starting time for this will be announced next week.

Altogether, this will be the strongest division of the tournament.

Five UIL state qualifiers from Wellington will be playing, Bartlett and his sister, KayLynn, Lisa Powell, Margo Duncan and Jamie McKay.

Memphis qualifiers Katherine Ferris and Jerry Reyes will be here.

Additionally, Wellington's championship junior high team is due to be in the younger division.

Johnson announced the divisions and starting times:

--Singles 14 years and under begin at 9 a.m. Tuesday, July 10.

--Doubles 14 and under begin at 5 p.m. Tuesday, July 10.

--Singles 17 and under begin at 9 a.m. Wednesday, July 11.

--Doubles 17 and under begin at 9 a.m. Thursday, July 12.

--Singles open division begin at 4 p.m. Friday, July 13.

--Doubles open division begin at 11 a.m. Saturday, July 14.

--Mixed doubles division begin at 1 p.m. Sunday, July 15.

Matches will be two out of three sets no add scoring used up to the semi-finals. Semi-finals and finals will be add scoring.

There will be a 12-point tie-breaker at 6 games each.

"We will limit each event to 16 entries and no entry can play without the fee paid.

All defending champions from the 1983 tournament are expected back, said Bartlett.

Caron Hood of Lubbock, a former Wellington girl, and her partner, Elizabeth Pass, swept all events they entered. They won the open division women's doubles, but Wellington's Margo Duncan and KayLynn Bartlett were second.

Hood won the women's singles, and 17 and under girls singles, which she was eligible to enter. With Pass she won the 17 and under girls doubles, again with Duncan and K. Bartlett second.

Steve Anderson and Pass of Lubbock won the men's division mixed doubles with Katherine Ferris and Ted Phillips of Memphis second.

Open division men's doubles winners were former Wellington man Lee Templeton of Amarillo and Stacy Urban, Wellington, but Mike Myrick and Donnie Mordicae of Dallas were second.

In open division men's single Mordicae won open division men's singles over McKay.

In the boys singles, 17 years and under division, Jeff Ray of Amarillo was second to Tracy Britten of Groom. Ray spends much of his summer vacation here.

Bartlett and McKay took the 17 and under boys doubles championship.

In the 14 and under boys singles Ray was champion and Wellington's Brian Van Pelt runner up.

Duncan and Ferris were champion and runner up in the 14 and under girls singles.

Champions of the 14 and under girls doubles were Ferris and Andrea Adcock of Pampa, with Duncan and K. Bartlett runner up.

14 and under boys champions were Ray and Myrick with Kelly Goforth and Brian Van Pelt the runners up.

"We want people to come out all weekend. especially, Friday, Saturday and Sunday evenings. The mixed doubles Sunday evening usually has a lot of local people," said Bartlett.

A warmup for the Wellington event will be one of the older Southeast Panhandle tournaments, Lakeview, which is scheduled this week. All of the Wellington state qualifiers except Bartlett will be entered.

There will be a consession stand throughout the tournament, under the direction of Mrs. Earl L. Bartlett.

'24 Study Club Wins National Energy Award

For the past two years, the General Federation of Women's Clubs has conducted the Energy Alert program, co-sponsored by the Westinghouse Electric Corporation.

This year the winner was Wellington's 1924 Study Club, which was selected as having the best program within the GFWC South Central Regional Conference.

It was viewed as having had a significant and visible impact upon state and national elected officials on energy related issues.

President Lennie Sims and Program Committee member Lorraine Jenkins, both of Wellington. were honored at an Awards Ceremony on June 12th at the General Federation of Women's Clubs 93rd Annual Convention in Las Vegas.

"This competitive Awards program called for each participating club to send messages to the U.S. Congress and other elected officials, pointing out that although many of us are no longer taking our energy situation seriously, it is still a severe problem...one which will not go away through in-action said Mrs. Sims.

This dialogue with elected representatives demands that we protect future generations of Americans from the whims of

New safety standards from the Department of Transportation call for a third stop light on all cars produced after September 1, 1985. It will be mounted near the center of the rear window, where following drivers can't miss it. Tests shows it could cut collisions in half.

Another change: the DOT has now okayed windshields and other windows coated with a layer of plastic inside to avoid facial lacerations in the event the windows shatter in a crash. Cost is about $40 a car; savings in medical costs could be $10.8 million, not to mention reduced anguish.

Commission Sets United Parcel Oral Arguments

AUSTIN--The Railroad Commission has agreed to hear oral arguments by United Parcel Service and companies opposed to UPS' application for authority to transport packages from point to point within the state. The Commissioners will hear arguments by both sides at 2 p.m. on July 9 at the Railroad Commission headquarters building here.

The request was filed with the Commission's Transportation Division after the hearings examiner in the case recommended the Commission deny the UPS application. That recommendation was delivered to the commissioner's during their regular weekly conference on Transportation Division matters held June 18.

In granting oral argument, the Commission allotted one hour to each side for its presentation. The United States Postal Service was given 5 minutes to respond to any arguments made by the parties in the case about the quality of service provided by USPS.

Landon Lowry in Distinguished Student Society

Landon Lowry, the son of Dr. and Mrs. Joel Lowry of Vernon, has been selected as a member of the Society of Distinguished American High School Students, often called ''the nation's leading high school honorary.''

Landon was nominated by his church sponsor to represent his school and First Baptist Church, Vernon, in the society for 1984.

He is the grandson of Mr. and Mrs. Joe Rountree, and of the late Mr. and Mrs. Jack Lowry.

A junior in Vernon High School, Landon plays football, basketball, and is a golfer. He is a horseman and participates in horse shows.

Each year, high school principals and church officials across the country assist the Society in recognizing and rewarding the nation's distinguished young leaders.

Only those students who have demonstrated academic achievement, displayed leadership in extracurricular activities or have been service-oriented in church or civic affairs are choses to receive this honor.

The society is headquartered in Birmingham, Ala.

700 Attend Samnorwood 50th Anniversary

An estimated 700 former students of Samnorwood Rural High School, their families and guests came home Saturday, June 30, to celebrate the 50th anniversary of its founding.

This was probably the largest crowd to celebrate a Samnorwood happening since the first train came through town some 53 years ago and a thousand people gathered at the railroad track to meet it--to the astonishment of the Ft. Worth and Denver Railroad officials and crew.

Of the two institutions, the school has been more enduring.

The reunion was a leveling experience. Some of the school's most distinguished alumni attended, but to a man, they dropped professional titles and everyone was as equal as they were in receiving their Samnorwood high school diplomas.

Three former superintendents of Samnorwood School, whose service totaled 33 years were together at the reunion: Orville Cunningham, now of Canyon, served in 1948-1964; a 17 year tenure; Robert Dwight, now of Floresville, who succeeded Mr. Cunningham, was there 1965-71; and Rex Peeples, now of Groom, who succeeded Mr. Dwight served from 1972 to 1980. He was also a graduate of the Samnorwood High School.

There have been other superintendents: E.G. Sanders, the first to head the school, 1935-1942; Earl Ponder, 1943 and 1944; and the late Merle Walker, who grew up in the community and was superintendent three years, 1945-1947 school years. Garland Cavitt began his term as superintendent with the 1981-82 school year.

A number of former teachers were present.

The last surviving child of the Samnorwood family was present, Mrs. Earl Jackson of Dallas who is the youngest daughter.

She spoke with pride of her parents early years in the community, and of her father's contributions to it.

Gymnasium bleachers were packed and extra chairs set up for the short program, as representatives of each of the 5 decades of the school's existence "remembered when." Each paid tribute to the school.

A short memorial service brought other memories.

In the evening, 580 plates of barbecue were served. Kenneth Martindale, Ex-Student Association president, estimated that easily 120 others had visited the school at some time during the day but did not remain for the meal.

The new vocational ag building served its first public function: it was the scene of the barbecue, and the building and nearby tennis courts were the setting for the Ex-Student dance.

Two entertainments were held away from the campus. On Friday evening, three couples entertained with an open house in Wellington: Velton and Billye Lee Roark Sorgee, Cal and Lyna Lowry Hurst and Mr. and Mrs. Lee Roark.

Approximately 95 attended.

The classes of the early 1960s gathered at the Quail Booster Club for visiting after the barbecue. Mack Shields was in charge of arrangements.

It's A Fact
by Don Lacy

The average American Housewife opens 788 cans a year.

It is also a fact Spinach loses 50 percent of its Vitamin C content within 24 hours after being picked.

It is also a fact the body does not manufacture or store Vitamin C.

Stress is known to use up vitamin C. Also alcohol, smoking and medication may affect Vitamin C levels in the blood.

Vitamin C is necessary for building red blood cells, fighting disease, and helps build strong bones and teeth.

Our all-natural sustained release Vita-C is the only one of its kind on the market. Taking one tablet is like eating an orange and a half every hour for five hours.

Assembly of God Women Honor Mrs. Nell Poteet with Luncheon

Some of the women of New Life Assembly of God surprised Mrs. Nell Poteet with a luncheon Monday, June 25.

The honoree was preparing to move to Pampa to make her home.

The women brought covered dishes to Mrs. Poteet's house unexpectedly and surprised her packing for a time of food and fellowship.

The women also presented her with a butterfly and cross plaque with verses of scripture, as a token of friendship from the church family.

Those participating were Minnie Benton, Iva Escoe, Dovie Martin, Barbara Hicks, Janelle Gilley, Sharlotte Boyd and Rene Martin.

Woman's Appearance Affects Job Interview

"Women applying for jobs need to recognize the importance of proper dress," says Nancy Brown, clothing specialist. Brown is with the Texas Agricultural Extension Service, Texas A&M University System.

This is particularly true for women applying for jobs as secretaries, salespersons or other positions requiring contact with the public, adds Brown. Recent research shows that the more contact with clients is required by the job, the more emphasis is placed on appearance in the hiring decision.

According to Brown, clothing creates immediate impressions about the applicants' economic level, educational level, trustworthiness, social position, sophistication and moral character. These impressions influence the decision to hire or to not hire--often within the first two minutes of the interview.

"A study of hiring agents shows they judge appearance primarily by neatness, ornamentation or jewelry, and the design, cut and color of clothing," says Brown. Most say that grooming is equal to or more important than the clothing worn.

If a hiring agent believes an applicant looks sloppy, he might think that's the way she does her work. An applicant wearing "wild" style clothing might be considered immature. In general, hiring agents look for people who can represent the firm and project a good image, notes Brown.

"Both employers and employees emphasize that appearance is only one factor in the hiring decision," says Brown. Other criteria include skills, personality, promptness, attendance, cooperativeness, and the ability to handle problems.

Hiring agents also rank attitudes very high, but when forming first impressions, information about attitudes is typically not available.

Clothing and appearance is one thing that the job applicant has control over in the hiring situation.

"As more people enter the job market, appearance will become increasingly important, not only in hiring, but in job retention and promotion among equally skilled candidates as well," comments Brown.

Midway Extension Homemakers Meet

Midway Extension Homemakers Club met Wednesday, June 20, for an 11:30 o'clock luncheon in Bura Handley community Center.

Mrs. David Peters was hostess.

As Mrs. Gertrude Mayhugh called the roll, each member told how she relaxes.

Mrs. Pauline Masten gave the extension homemaker council report, and members voted to make cookies for the 4-H dress revue on July 17.

They also voted that no meetings be held during July and August.

Those attending were Mrs. E.F. Bartlett, Mrs. Edna Rudy, Mrs. Gertrude Mayhugh, Mrs. Donald Curry, Mrs. Annie Caison, Mrs. Charles Cason, Mrs. Dorothy McGuirk, Mrs. Erma Faye Kersten, Mrs. Joe Terry, Mrs. Elise Wilson, Mrs. Paulikne Masten, Mrs. John Brown, Mrs. Herbert Duncan, Mrs. J.R. Bowen and two guests, Miss Mary Wilkerson of Lubbock and Mrs. Dick Campbell.

Who's New

Mr. and Mrs. David Moore of Ft. Worth are the parents of a daughter, Amber Nicole, born June 4. Grandparents are Mr. and Mrs. Harold Wayne Moore and Mr. and Mrs. Danny Leathers of Ft. Worth. Great-grandparents are Mr. and Mrs. Leslie Moore of Wellington and Mr. and Mrs. Orin Murray of Yukon, Okla.

Mr. and Mrs. David Willke of Houston are the parents of Aaron Travis, born June 8, and weighing 8 lbs., 11 oz. The maternal grandparents are Mr. and Mrs. James L. Sartain of Houston and Mr. and Mrs. Carl Daves of Lubbock. Paternal grandparents are Mr. and Mrs. William J. Willke, Jr. of Houston. Maternal great grandparents are Mrs. George Henry of Floydada, and Mrs. Louella Daves of Wellington. Paternal great grandparent is Mrs. Lela Hunter of Houston. Mrs. Janie Shurbet of Floydada is maternal great great grandmother. Mrs. Willke will be remembered as the former Janet Daves and is a former Wellington resident, as are Mrs. Sartain, Mr. Daves and Mrs. Henry.

Classic Clothing Projects A Professional Image

Classical styled garments help the professional woman project an appropriate image for business. "With the competitiveness of today's job market, projecting this image is important," says Nancy Brown, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

According to Brown, a recent survey shows working women believe their manner of dress is important in creating a successful image, and most said that purchasing garments which project competance is vital to their careers. Of these women, 86 percent preferred classically styled clothing and were generally less influenced by current fashion.

Because classical garments are an investment that will last for several years, less money must be allocated to the clothing budget each year, adds Brown.

Classical designs, unlike fads, are seasonless. In women's clothing they are similar to men's tailored suits: simple, clean, yet elegant, There is no clutter and no direct focus, but rather a style that reflects a hint of authority.

To achieve a classic look, Brown recommends emphasis on suits, skirts, soft blouses, blazers and jacket dresses to develop a slim and natural silhouette.

For a businesslike appearance use straight lines, restrained curves and vertical movement, Brown advises. Avoid soft curves, small detail and pastel colors because they project a weaker, feminine image.

People who dress and look successful tend to receive preferential treatment in business encounters. So the proper wardrobe can be a practical aid for success in the business world, says Brown.

Bluebonnets Can Beautify Texas Landscape

The bluebonnet, as much a Texas trademark as the Stetson and the Longhorn, can be cultivated to beautify any landscape.

Named the state flower by the Texas Legislature in 1901, the bluebonnet is an annual legume. It is usually found on less productive pasture lands and roadsides where it has little competition from other vegetation, points out Everett Janne, landscape horticulturist with the Texas Agricultural Estension Service, Texas A&M University System.

"Bluebonnets do poorly on well-managed pastures, meadows or lawns because they are such poor competitors and are easily crowded out by grass," says Janne. "Once they are established, it's best to leave them alone."

Senator Bill Sarpalius Reports

OUR TIMING WAS BAD

AUSTIN — Timing is everything in politics and the same is true for politicians passing legislation.

Had the present school reform activities of the Special Session been brought up in the Regular Legislative Session, those representing the rural areas of the State would have had more voice. We could have insisted that many of the elements that were included and are to be a burden on smaller school districts would not have happened.

In a special session, it takes only a simple majority to pass legislation. In a regular session, it takes a vote of two-thirds of the Senate.

The bare fact is, there is not enough representation from the rural areas to hold our own with the metropolitan areas of Texas.

And as a result, the school districts with a smaller number of children, with large areas to cover and with a number of disadvantaged students will have to tighten their belts even tighter because of the actions of the Legislature.

We can look for property taxes to increase as our school districts assemble a financial package to pay for the new programs mandated by the Legislature. The only place the school districts have to go for funding is to their taxing base. To meet State standards they are going to have to implement and increase a number of programs. There will be a need for more facilities, more teachers and an increased transportation system.

And, the teachers whom we went to Austin to help, will get a token raise from the State and it will be the local districts who will have to make up the extra dollars they were promised by the Legislature.

TIME FOR A VOTE

AUSTIN — Legislators are getting very near the time to oice approval or disapproval for a compromise school-reform bill for which the current Special Session of the Legislature was called by the Governor.

Intense negotiations have been inching forward over the last two weeks and the end product is about to be served up for viewing and debate. Subcommittees have dissected every movable part of the system.

The major components of the bill include:

*Pay raises for teachers. Beginning teachers would earn $15,200 a year compared to the present $11,100.

*Students not maintaining a 70 percent average would not be allowed to participate in extracurricular activities, such as sports.

*Local school districts would be required to provide tutorials after the regular school day. Attendance would be optional.

*Social promotions of students would be prohibited. Students would be promoted on academic achievement only.

*Abolishment of the elected, 27-member State Board of Education. A 12-member panel would be appointed for four years. After four years the 12-member board would be elected.

*Authorization of pre-kindergarten for 4-year-olds, especially disadvantaged and children with learning disabilities.

*Greater equalization of state funding with more monies available to poorer districts.

*Tougher guidelines regarding vocational education programs, but no reduction in special funding.

There are many other items in the bill being offered up, but missing are proposals to extend the school year and requiring teachers to take competency tests.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—A conference committee last week approved the education reform bill but postponed sending it back for a final vote so that the House could first hammer out a tax bill.

Meanwhile, generally mild-mannered Lt. Gov. Bill Hobby criticized the state's largest teacher group for failing to support the reform bill, and said the Texas State Teachers Association was finished as the major voice for teachers.

The education bill must be funded with the tax bill, and will likely come out of the legislative chute at about the same time. Like comedy, legislation depends on timing.

The House, which originates all tax bills, has insisted that the education bill proceeds first . . . and it has. But with senators controlling the conference committee, they are now holding while the House brings up the tax bill from behind, urging that it be debated on both floors in front of the reform bill.

While it may seem like a cat-and-mouse game between factions who differ on reform and how much they want to raise taxes to pay for it, it's also important to coordinate activities to prevent a busted play. With time running out on the 30-day deadline, one misstep could necessitate another special session to wrap up the package, and who knows where that could lead.

Teachers Protest

Tempers flared Wednesday when leaders of the Texas State Teachers Association concluded they did not approve of the education reform bill and tried to derail it.

They denounced it in a press statement that compared teachers to dogs who were "being stumbled over and kicked."

The tactic angered Hobby, who reportedly banned them temporarily from his office. But TSTA leaders insisted they couldn't support the bill because it enforces competency tests for teachers and provides for too small raises.

Surprisingly, the bill is supported by another teacher group which has taken more radical stands, the Texas Federation of Teachers-AFL-CIO.

Salaries, Merit Raises

Acknowledging that the bill contained only half a loaf, their president said he didn't understand why teachers should throw almost $900 million in raises in the face of the Legislature with righteous indignation.

In conference committee the bill would increase starting salaries from $11,100 to $15,200 a year, while the top grade salaries would go from $21,500 to $26,600.

Up to 30 percent of the 140,000 Texas teachers can receive a maximum $2,000 in bonuses next year for exceptional work.

Higher Drinking Age

When the U.S. Congress voted last week to withhold highway construction funds from states that refuse to raise the minimum drinking age to 21, it hit the Texas Legislature in the pocketbook.

Lost among the hubbub of this special session on education is the effect that federal action will have on the coming regular session.

Texas must raise the legal age by late 1986, or stand to lose $33 million in fiscal year 1986 and more than double that the next year.

Hurting for revenues as badly as it is, the Legislature will be under heavy pressure to comply rather than lose money.

Mattox, Railroad Panel

Embattled Texas Attorney General Jim Mattox seems to be in new trouble every time he turns around.

Last week it was reported he angered officials at the Texas Railroad Commission by intervening in a federal oil and gas regulatory case.

The case involves two of Mattox's campaign contributors who are facing regulation by the Federal Energy Regulatory Commission. Mattox intervened saying it was up to the Texas Railroad Commission to regulate production in Texas.

Railroad commissioners Mack Wallace, Buddy Temple and Jim Nugent in a letter in March asked Mattox not to interfere because it might prejudice a pending RRC case involving the same two contributors.

But Comptroller Bob Bullock also wrote Mattox that if the feds prevailed, the state could lose as much as $18 million a year in lost severance tax revenue and recommended he intervene, a Mattox aide said. The dispute involves production of "white oil."

5,000 Vet Loans

Texas Land Commissioner Garry Mauro presented a certificate to an El Pasoan and made him the 5,000th Texas veteran to get a home loan through the Texas Veterans Housing Authority.

Mauro, who pushed for passage of the constitutional amendment, recently completed another bond sale to finance the loan program.

THOMAS' ROLL CALL REPORT

Your Congressman's Votes Reported Each Week

WASHINGTON - Here's how area members of Congress were recorded on major roll call votes June 21-27.

HOUSE

NETWORKS By a vote of 352 for and 65 against, the House adopted a resolution (H Con Res 321) asking the television networks to restrain themselves in projecting likely winners and losers before the polls have closed nationwide on election night. The measure, which was sent to the Senate, is aimed chiefly at influencing TV coverage of the upcoming presidential election.

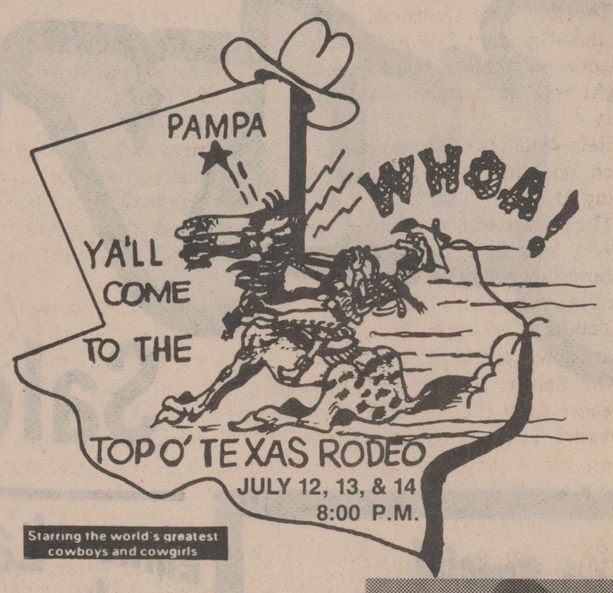

Members voting yes wanted the networks to voluntarily restrain election night coverage.

Voting yes: Jack Hightower, D-13; Kika De la Garza, D-15, Charles Stenholm, D-17, Kent Hance.

DOWN PAYMENT By a vote of 268 for and 155 against, the House approved the conference report on a tax-hike and spending-cut bill that will be Congress' largest single down payment this year against runaway deficits. It would trim some $63 billion from deficits expected to top $600 billion over the next three years. Still to be considered in 1984 are two bills cutting the growth of social and defense spending by some $21 billion between fiscal 1985-87.

Voting yes: Hightower, Stenholm, Hance.

Voting no: De la Garza.

EVEN WHEN YOU'RE AWAY...YOUR HOME KEEPS RUNNING

You may naturally expect your home to use less electricity while you're away for a week or more. The reduction may not be as great as you think, however. That's because there are many factors that can affect your usage: weather conditions, billing periods and even vacation preparation.

1. Very hot weather before you leave and after you return means increased use of air conditioning; this makes it difficult to compare your bill with a previous month of milder weather.

2. Hot weather causes your refrigerator/freezer to run longer, particularly if your home air conditioning is turned off while you are away.

3. If the time you're away falls within two billing periods, the reduction you expect will be split between two bills.

4. If you didn't turn off your electric hot water heater before you left, it continued to keep your water hot 24 hours a day, even though you weren't there.

5. And don't forget . . . when getting ready for a vacation, you often use more electricity than usual for cleaning, washing, drying, ironing, cooking and general preparations. The same is true about your return.

Check your meter.

If you learn to read your own meter, you can find out just how much electricity was used while you were gone. And, you'll see just how much energy you're using during the summer, the heaviest electricity consuming season, with your air conditioning operating most of the time.

Abundant Life Fellowship Sets Motion Pictures

The Rev. Dan Denissen, pastor of the Abundant Life Fellowship, announced that a youth movie night will be featured Saturday, July 7.

Refreshments will be served and each one attending is asked to bring $1.

The picture will be a family type movie, said Rev. Denissen. "We believe this will provide something for the young people to do."

Youths of all ages, from 17-18 years down, are urged to attend.

On Sunday night, July 8, a telecast from the World Satellite Network, a new religious programming, will be presented, beginning at 6 p.m.

Assembly of God Youth Schedules Two-Day Car Wash

The New Life Assembly of God youth have scheduled a car wash for Monday and Tuesday, July 9 and 10, from 9 a.m. to 6 p.m. This will be held at the car wash at 15th Street and East Avenue.

The cost will be $5 for small cars; $8 for standard size, $10 for station wagons and pickups, $12 for vans. Each car will be cleaned inside and out.

"If you would like your vehicle cleaned, call 447-2082 or 447-2283 for pickup and delivery, or bring it by the car wash," the sponsors said.

"The tax deductible proceeds go toward a summer youth trip," said the Rev. Larry Boyd, pastor.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

obituaries .....

Mrs. Mabel Ingram Dies Unexpectedly Friday Afternoon

Mrs. Mabel Ingram, a resident of the county almost 70 years, died at 1:20 p.m. Friday, June 29, in an Amarillo Hospital, where she was taken for treatment of injuries received two days earlier.

Mrs. Ingram was hurt in a fall at her cellar, where she went as storm clouds approached Wednesday, June 27.

The family home is 1611 East Avenue.

Mrs. Ingram, the former Mabel Ilene Savage, was born Sept. 26, 1906 at Bowie, the daughter of the late John R. and Annie Savage. The family came to Collingsworth in 1916.

She was married to Homer Ingram October 29, 1927 in Wellington. His family had been one of the first to settle in the county. They farmed at Midway approximately 30 years, and were active in community life. After they retired from farming, Mr. Ingram was in the produce business and his wife worked with him and continued to operate the business after his death Sept. 23, 1957.

Mrs. Inrgam was a member of First Baptist Church and of the Deborah Sunday School Class.

Funeral services were conducted Sunday at 3 p.m. at First Baptist Church, with the Rev. Stanley Hughes, pastor, officiating. Burial was in Fairview Cemetery, under the direction of Schooler-Gordon Funeral Directors.

Pall bearers were Tom Wilkins, Clyde Ingram, Ross O'Hair, Ralph Owens, Johnny Nash and Dan Langford.

Survivors include two sons, John Ingram of Arlington and Doyle Ingram of Amarillo; two daughters, Mrs. Benny (Armaleta) Moore of San Angelo and Miss Azalea Ingram of Wellington; one step-son, Denzil Ingram of Wichita Falls; one brother, R.T. Savage of Kerrville.

Thomas Nursing Center News

By Ilene Brinkley

Our game winners last week were Bill Turner and Mrs. Lucille Kilgore. Volunteers for our games were Mrs. Vela Tisdale, Mrs. Lola Estes, Mrs. Mary Fulcher, Mrs. Eubie Langford, and Mrs. Lelon Downs.

Tuesday morning helping in our craft room was Mrs. Anna Lovett. Tuesday afternoon our sing along was conducted by Mrs. Ruth Wilhelm at the piano, and Mrs. Ruby Falk did the leading.

Our Wednesday afternoon Bible study was conducted by Rev. and Mrs. C.M. Huff and family of the Dodson Nazarene Church.

Friday evening the singing of the Good Neighbors Quartet was a delight to our residents.

Sunday morning worship services were conducted by Associate Minister Paul Williams and other members of the Church of Christ.

Sunday afternoon worship services were conducted by Rev. Tom Tomson and other members of the First Methodist Church.

JULY 4th, 1984

Would our forefathers be proud if they could see what became of the nation they began? We think so, for the doctrines and ideals they set into motion 208 years ago have survived, and our cherished freedom still serves as our greatest strength. We believe that if they could see their handiwork, they would celebrate. And so, we celebrate, for their dream is our reality.
