LOOT HIGH SCHOOLS

Burglars Grab $217 Here and in Loraine

Burglars, apparently with experienced competence, sacked up approximately $217 in cash in Mitchell County Tuesday night.

The loot was obtained in break-ins at Colorado High and Loraine High.

Police and sheriff's officers believe the burglars were the same who looted Roscoe Elementary School of approximately $100 the same night.

All three burglaries were discovered Wednesday morning as schools were opened prior to class routine.

Entrance at Colorado City High was obtained by smashing door glass at a north entrance on the east wing of the building. The door opens onto a walk, east and parallel to auditorium, connecting the classroom area with east entrance to choral and band area behind the auditorium stage.

By breaking the door glass, the burglars were able to reach inside and unlatch the door, Police Chief Leon Yeager said.

Inside the high school building, the burglars forced open the door to the principal's office and also two doors inside the office.

The $40 in loot was taken from the office safe.

Knob of the safe was knocked off with hammer or sledge and a punch was used to complete entry into the safe.

Entrance to the Loraine school building was forced in practically the same manner as at Colorado High.

Deputy Sheriff Lewis Claxton said glass was broken in a door at the school auditorium's south entrance.

Inside the school plant, the

County Road Staff Gets Pay Increase

Commissioners Court here Monday approved pay boosts for some county employes.

But for elected officials and most Courthouse employes the salary will be the same in 1959.

Getting pay increases to put them on level with office staffs were all county road employes — the workers and operators of road machinery.

At the same time commissioners reduced the road work week from six to 5½ work days. However, the road workers will be subject to call for full six days in case of emergency.

Two clerks also were given raises to conform with minimum pay level of other clerks.

For all the rest salaries were kept at the same level as in 1958.

In other business, Commissioners Court:

Re - appointed Dr. J. M. Crymes as health officer for Mitchell County.

Approved City National Bank as a depository for the public school funds.

The commissioners are in continuous session this week as they set up work and details for the county's 1959 year of operations. The session, recessed at the conclusion of each day's work, will continue Friday.

HERE SATURDAY

Judging Opens Hereford Sale

Judging for champion bull and heifer Saturday morning will precede the 10th annual sale of Mitchell County Hereford Breeders.

The task of selecting the association's blue ribbon winners for 1959 will begin at 9 a. m.

Actual sale will start at 1 p. m. in Tate Bros. Auction Barn.

Thirty-nine Herefords — 28 bulls and 11 females — have been consigned to the sale by 10 members of the association. Age of animals range from eight to 24 months.

In last year's sale the average price paid for bulls at the sale $227.20. Heifers averaged $163.49. All 34 animals consigned in the 1958 sales brought a total of $6,515.50.

Grand champion bull of last year's sale was consigned by Roy Henderson and was bought by Donald Henderson of Big Spring for $260.

Dub Harkrider consigned the '58 grand champion heifer, bought by O. A. Ruffin for $235.

Robert Walker of Sanco paid $322.50 last year for a Roy Henderson bull — top price of all the association's annual sales.

Here are consignors for Saturday's sale:

Earl L. Brown, three bulls; Chesney's Choice Herefords, three bulls; Tom Glover, four bulls and one female; Leslie Hamilton, three bulls and two females; W. L. (Dub) Harkrider and one female; C. C. Thompson, six bulls; Sam C. Thompson, two bulls; A. K. Treadaway, three bulls.

Bank Increases Stock, Surplus

City National Bank stockholders Tuesday voted a $50,000 increase in the bank's capital stock.

At the same time the bank's directorate was re-elected and the directors, in turn, renamed officials for the bank without a change.

Bank officials, at close of the annual meeting, announced City National plans "in the near future" to proceed with construction of its new bank building at E. Third and Elm.

Architects will be contacted within the next few weeks in regard to final planning for the modern bank facility that will include a service drive east from the alley to Chestnut St.

Capital stock increase approved in a stockholders' resolution will hike City National's capital stock from current $200,000 to $250,000.

The increase in stock will be made in the form of a 25 per cent stock dividend.

At the same time the bank surplus will be increased from $200,000 to $250,000 from undivided profits providing City National Bank with total capital and surplus of $500,000.

The capital increase second for City National in recent years comes at a time when deposits are at highest points in eight years. At close of 1958 deposits were $7,671,115.87 highest since Dec. 31, 1951.

Board of directors re-elected by the stockholders are Charles C. Thompson, R. P. (Pete) Ainsworth, R. S. (Bob) Brennand, Gus D. Chesney, W. S. (Bill) Rhode, J. C. Pritchett, E. T. Strain and George O. Witten.

Bank officers re-named by the directors are Thompson, chairman of board and president; Pritchett, executive vice president; Chesney, vice president; Wayne Shawn, vice president and cashier; Mrs. Jesse L. Jones, Trevlyn Kelley, Mrs. Gwan Strange and George Womack, assistant cashiers.

Funeral Rites Thursday for Mrs. Banks

Funeral rites were conducted here Thursday afternoon for Mrs. J. W. Banks Sr., who died at noon Wednesday in the local hospital.

Mrs. Banks, 78, had been ill for only a short period.

Rev. James Carraway, pastor of Calvary Baptist Church, officiated at the funeral services in Kiker & Son Funeral Chapel. He was assisted by Rev. Lee Hollis of Sweetwater.

Burial was in Colorado City Cemetery under direction of Kiker & Son.

Mrs. Banks was a native of Arkansas, born there Nov. 29, 1880. She and Joe Wiley Banks were married Jan. 2, 1897, in Parker County.

The couple moved to Colorado City in 1932 and Mr. Banks died here March 20, 1947. Mrs. Banks was a member of Calvary Baptist Church.

Survivors include four sons, Earnest Banks, Emmett Banks Sr. and Leslie Banks of Colorado City, and J. W. Banks of Midland; three daughters, Mrs. Vera Castleberry of Sugarland, Mrs. B. R. Holder of Wichita Falls and Mrs. Lillie Bell Green of Roscoe; 15 grand children, 11 great grandchildren.

Pallbearers were Bob Chalker, Sidney Minatra, C. G. Fisher, Billy Henderson, Paul Stewart and R. B. Cain.

Mrs. Riordan Here After Eye Surgery

Mrs. Jerold Riordan returned home this week from Hendricks Memorial Hospital in Abilene where she under went eye surgery last week.

She is reported "recovering nicely" from the operation.

H-SU to Offer Course Here

An extension course in school tests and measurements will be offered here by Hardin-Simmons University in cooperation with Colorado City public schools.

Organizational meeting for the course is scheduled Tuesday at 6:30 p.m. in Junior High library, according to Superintendent Frank Wilson.

All persons interested in the course, which carries credit in graduate or under graduate work, are urged to attend the meeting.

Instructor for the course will be Dr. De Woody of H-SU.

Wilson said the course is timely for the local public school program and it may be used in elementary or secondary education fields.

JOHN BRAND,
. . . studies at seminary.

DUE HERE IN JUNE

Minister Named By Presbyterians

New minister of First Presbyterian Church is John Brand, Dallas native, who will assume full time duties as pastor here in June.

Brand, who preached here Sunday, succeeds Rev. Earl Clary, now minister in Wharton.

The new Presbyterian minister is 24 years old, married, the father of 18-month old son. He is completing work on his B. D. degree in Austin.

He and his family will move to Colorado City immediately after he receives his B. D. degree late in May at Austin Presbyterian Theological Seminary.

However, he plans two or three weekend visits here with his congregation before commencement.

Brand was reared in Dallas and attended Highland Park High School. However, he was graduated from Lamar High in Houston, where he moved for his senior year.

His bachelor of arts degree was received from Austin College in Sherman with a major in English. The following fall he entered the Austin seminary.

Brand's parents are Mr. and Mrs. Harold W. Brand, who reside in Houston, where the father is a mortician.

The minister has a brother, Charles D. Brand, who is an Episcopal rector in New York. His wife's name is Mellie and their son is Michael.

Real Estate Office To Berman Hotel

The C. S. Thomas Insurance and Real Estate office has moved from 120 E. Second to 216 E. Second in the Berman Hotel.

Thomas moved his office to make way for the new and expanded location of the Landau Store.

The new office is on the south side of the Hotel building on East Second St.

Remodeling of three building sites in 100 Block of E. 2nd St. began this week for Landau's.

County's $1,500 Rejected

City fire equipment will stop answering rural fire alarms at midnight Jan. 17 unless there are new developments for renewal of a city-county fire fighting contract.

City Council Monday night ordered the shutdown on rural fire fighting — and county area outside boundaries of Colorado City — as it rejected a new contract proposal from Commissioners Court.

The county offer was $1,500 for the fire fighting service during 1959. That was $300 more than Commissioners Court earlier had offered to pay the city.

HERE IS THE text of the county proposal submitted to City Council Monday night by the new county judge, Elmer Martin, on behalf of the Commissioners:

"After further study and consideration of the records furnished by the City of Colorado City, Texas, on rural fire calls, the Commissioners Court reached the following decision:

"Based on the average fire calls to rural areas for the past two years, 25 calls per year and an average $ 3.7 per call would be a fair amount to be paid by Mitchell County.

"The Commissioners Court, therefore, offers to the City Council a contract for the year of 1959 in the amount of $1,500."

THE $1,500 came from the Courthouse after the commissioners had been in session all day Monday and into the night.

In fact, the commissioners were still in session Monday night when City Council began its meeting in City Hall. And councilmen sent an inquiry to the Courthouse, asking if the commissioners were preparing additional offer in the negotiations.

Commissioners decided at 8 p.m. to increase their offer from $1,200 to $1,500 and asked Judge Martin to represent them at the City Council meeting.

* * *

BEFORE VOTING to turn down the $1,500 offer (the city had orginally asked the county to pay $6,300), Mayor Trevor Crawford asked each councilman individually for his comment on the new proposal.

Not enough, the councilmen said.

Then the council voted unanimously to turn down the contract proposal and stop all fire fighting outside the city limits at midnight Saturday.

H. W. Everett, 91-Year Old Pioneer, Dies

A Mitchell County pioneer who came to Mitchell County in 1882 died Wednesday afternoon in Roscoe.

He was Hiram Wyles Everett, 91, who formerly farmed in Seven Wells community.

Everett died in a Roscoe nursing home, where he had lived in recent years.

Funeral services was conducted Thursday at 4:30 p.m. in Kiker & Son Funeral Chapel. Rev. Glenn Roenfeldt, pastor of Roscoe's First Baptist Church, officiated. Burial was in Colorado City Cemetery.

Everett was born Dec. 12, 1867, in Bosque County. He moved to Mitchell County in 1882 and in 1892 was married to Miss Eliza Harries in Colorado City. His wife died in 1936.

Survivors are one son, William J. Everett of Wichita Falls, four grandchildren and 10 great grandchildren.

Pallbearers were Ed Roach, E. Barber, Bert Wulfjen, Ross Hargrove, Ernest Venus and J. C. Northcutt.

Grand Slam Winners

Charles Rees, right of Westbrook, earned just about every top honor in the fat lamb division of Mitchell County 4-H & FFA Show. Here he exhibits his grand champion lamb as a fellow student, Doyce Lankford, exhibits Rees' reserve champion lamb.

BUT CANDY KITCHEN CLOSES

Sad for Sweet Tooths

A business that has served the sweet tooth of Colorado Citians for 40 years is coming to an end.

Farmer's Candy Kitchen established here in 1919 closed up shop this week at 110 E. Second to make way for the expansion of Landau's Clothing Store.

Clifford Farmer, store owner, has sold his counters and store supplies, but is retaining the candy - making equipment.

Farmer, who was 71 years old Thursday, said he plans to set up the machinery in his home to make peanut patties for wholesale distribution.

It was in 1919 when Clifford's brother, Jim Farmer, started the shop specializing in homemade candy at a site incorporated into Max Berman Dept. Store which Berman acquired in 1951.

Jim left the business and it was continued by Roy and Maude Farmer for many years until Clifford assumed ownership in February 1941.

The Farmers are a candy-making family. Clifford learned the art while working for another brother, John Farmer, in Sweetwater in 1912.

Clifford left Sweetwater for Colorado where he lived for 25 years, working as a farmer and candy-maker, before moving to Colorado City.

The Candy Kitchen has specialized in divinity, fudge, taffy, pecan brittle, peanut brittle and various kinds of cream candies.

And the art of making these mouth - watering sweet's is a tradition that has been handed down for many years in the Farmer family.

Children and their parents, too, are going to miss the candy displays.

Infact, one youngster had this suggestion this week for Farmer:

"Please, can't you move it up to Hutchinson school."

FOR WESLEY CLASS PROGRAM

Mrs. Richardson Directs Devotion

"Must Jesus Bear the Cross Alone" was the devotion topic presented by Mrs. J. Ed Richardson Tuesday, Jan. 6, for a program of the Wesley Bible Class of First Methodist Church.

Mrs. Richardson presented readings and material from the New Testament for the evening program, following a covered dish supper in Fellowship Hall of the church.

Hostesses for the regular meeting of the class were Mrs. Luke Long, Mrs. Richardson, Mrs. S. M. Wood, Mrs. Mildred Morgan and Mrs. Les Costin.

Tables for the dinner were decorated with pyracantha berries entwined with ivy.

The invocation was presented by Rev. Clarence Collins.

Mrs. E. M. Fisher, class president, presided during the business session and reports were made of several Christmas projects of the class.

Mrs. Joe Armstrong, courtesy chairman, reported 15 various cards had been mailed last month.

The class voted to be responsible for table decorations, coffee and etc. for the forthcoming dinner honoring all new members of the church. The dinner has been rescheduled for Wednesday, Jan. 21, at 7 p.m.

Mrs. Morgan was recreation leader for the meeting.

In closing Mrs. Richardson read a New Year's Prayer from the Methodist World Atlas.

Those present for the class meeting were Rev. and Mrs. Collins and daughter, Mary; Mrs. Fisher, Mrs. Sle Hamm, Mrs. Myrtle Womack, Mrs. J. T. Pritchett, Mrs. Emma Thrillkill, Mrs. Frank Andrews, Mrs. Tom Glover, Mrs. W. W. Rhodes, Mrs. H. H. Gainey, Mrs. J. D. Notman, Mrs. Armstrong, Mrs. Wilma Reynolds, Mrs. L. K. Shaw, Mrs. Sam Wulfjen, Mrs. Tom Grant, Mrs. Jess Craddock, Mrs. Cal C. Wright, Mrs. Roy Dozier, Mrs. W. W. McElhannon, Mrs. A. A. Herrington and the hostesses, Mrs. Long, Mrs. Richardson, Mrs. Wood, Mrs. Morgan and Mrs. Costin.

Richardsons Host Bridge Club

The home of Mr. and Mrs. Douglas Richardson was the setting Saturday evening for a regular meeting of the Saturday Night Bridge Club.

Prizes during the evening bridge games were awarded to Mrs. Charles Root Jr., high score for women; and Ray Noble, high score for men. Trevor Crawford won the traveling prize.

The host couple served dessert plates during the social hour to the following members Mr. and Mrs. Root, Mr. and Mrs. Noble, Mr. and Mrs. Crawford, Mr. and Mrs. Pete Warren, Mr. and Mrs. Joe Gunning and the host couple, Mr. and Mrs. Richardson.

The Bob Robinsons will host the next regular meeting of the club Jan. 24.

DISCUSSES 'LEGAL STATUS, WOMEN'

F. Ginzel Presents Study Club Program

Frank Ginzel, County Attorney, was guest speaker for a program of the Hesperian Daughters Study Club Friday afternoon, Jan. 2, in the home of Mrs. A. L. Geer.

Mr. Ginzel discussed "The Legal Status of Women in Texas."

"The Constitution of Texas provides that all property acquired after marriage by husband and wife, or either of them, is the common property of both, or on equal basis except that property which is acquired by either by gift, devise or descent, and this is the separate property of the person so acquiring it," Mr. Ginzel explained to the group.

"Changes were made recently in the management of separate and community property by the wife. The wife can make application to the District Judge to manage her share of the community property given to her by the husband, as well as her separate property. Or the husband and wife can file certain instruments of record in the County Clerk's offices concerning his or her management of separate or community property which should be prepared under the direction of an attorney," Mr. Ginzel stated.

During the social hour, the hostess served refreshments to two guests, Mrs. J. B. Campbell of Aluarado, and Mr. Ginzel. Members present were Mrs. Donald Albright, Mrs. John Worrell, Mrs. R. P. Bates, Mrs. Elmer Martin, Mrs. Ginzel, Mrs. Carl Echols, Mrs. Warren Costin, Mrs. Laurence Rudd, Mrs. J. F. Selcraig and the hostess, Mrs. Geer.

The next regular meeting of the club will be Jan. 16 in the home of Mrs. Ace McShan. Program topic will be "The Pathology of Boredom" presented by Mrs. Ginzel and Mrs. Worrell.

'49 Club Meeting

The 1949 Study Club will meet Thursday at 3 p. m. in the home of Mrs. Bill Carter of 1409 Chestnut Street for the club's annual business meeting and the election of officers.

Notice to Rural Property owners and Residents of Mitchell County

The City Council of Colorado City regretfully announces that:

Effective midnight Saturday, the 17th day of January, 1959, the City of Colorado City will discontinue the practice of answering fire calls outside the corporate limits of Colorado City.

This action was made necessary by the failure of the Commissioners Court of Mitchell County to negotiate a contract to continue such services. This discontinuance will remain in effect until a contract is made.

Youth Conservation Topic Of Hesperian Club Program

"The children of today will be the architects of our country's destiny tomorrow" was the theme of the youth conservation program for a meeting of the Hesperian Study Club Friday, Jan. 2 in the Baker Hotel with Mrs. Charles Freeman as hostess.

The Youth Conservation pro was presented by Mrs. Otto Jones, Mrs. O. L. Simpson and Mrs. R. K. Snethen.

Topics discussed during the afternoon program included — Boys Ranch in Texas by Mrs. Jones, Youth Clubs and Teen Centers by Mrs. Simpson and Girlstown U. S. A. by Mrs. Snethen.

"No man ever stood as straight — as when he stooped to help a boy," Mrs. Jones told the group. "Boys Ranch in (Amarillo) Texas had its beginning in 1939 with six boys. Cal Farley has been in charge of the ranch since it was organized.

"It is a real home on the ranch for 300 boys at the present time. The ranch has 10,000 acres, 30 buildings and boys do all the farming of crops and all the work, with the exception of the cooking," Mrs. Jones said.

"Since the organization of Boys Ranch, only 32 boys have not lived up to expectations," Mrs. Jones said.

Mrs. Simpson spoke of "Youth Clubs and Teen Centers." She explained to the club, "Self government works with teenagers. One of the most outstanding youth centers is operated by the young members themselves, with an adult advisory board, which gives advise when sought," Mrs. Simpson stated.

Girlstown U. S. A. — Mrs. Snethen said, "First of its kind in the nation, Miss Amelia Anthony, a social worker and the founder of Girlstown, was constantly faced with the fact, during her twelve years of social work in and around the Abilene area, that there was growing delinquency of young girls.

"After much study and investigation, she was convinced that the only way to prevent it was to strike at its roots."

Mrs. Snethen added.

"To do this meant having a home. A home where the basic principles of life might be taught in a kindly environment, where Christian fundamentals could be instilled in young lives through daily example and teaching. It was then that she began her search for ways and means to make Girlstown a reality.

"With sublime faith and very little money, Miss Anthony bought an old army barracks near Buffalo Gap out of her savings, converted it into a cheery haven for girls who had been unaccustomed to anything more affectionate or disciplinary than a clout on the ear," Mrs. Snethen stated.

"In a remarkably short time her faith in the generosity of her fellow men brought about an economic miracle of 'partners' which resulted in the gift of surface rights to 1425 acres of grassland spreading out nine miles from Whiteface; the building of a $125,000 ranch house.

"In Whiteface the girls have a home, still a home is not a home unless it is part of a community. Miss Anthony found out, before establishing Girlstown at Whiteface, the citizens would welcome them with affectionate sympathy into all phases of community life. Not as wards of an institution, but as friends," Mrs. Snethen said.

CWF Luncheon

The Christian Women's Fellowship of First Christian Church will meet at the church Monday at noon for their regular monthly luncheon followed by an afternoon program. Hostesses will be Mmes. Don Womack, Laurence Rudd and A. O. Hickman. Mrs. J. D. White will direct the program.

Philathea Class

Members of the Philathea Class of First Methodist Church will meet Thursday at 7:30 p. m. in Fellowship Hall.

During a brief business session Mrs. J. W. Watson, president, appointed the following nominating committee Mrs. Charles C. Thompson, chairman; Mrs. Simpson, and Mrs. Arthur Barry. The committee will present a report at the Feb. 13 meeting of the club.

DISCUSSES — DRIVER EDUCATION

Ronnie Gurley Guest Speaker For Zetagathian Program

Ronnie Gurley, Instructor of Driver Education of Colorado City Public Schools, was program speaker Thursday, Jan. 8, for a meeting of the Zetagathian Study Club in the home of Mrs. Ray Noble.

Mr. Gurley discussed "Observation of a Driving Instructor." Following his discussion Mr. Gurley distributed literature, written especially for parents of students driving cars.

Mrs. L. S. (Bunky) Girvin Jr. was program leader for the afternoon meeting and introduced the guest speaker, Mr. Gurley.

Another highlight of the club meeting was the annual business meeting and the election of officers for 1959-60.

Mrs. Trevor Crawford was elected president; Mrs. Roy V. Fox, vice president; Mrs. Don Meeey, recording secretary; Mrs. W. S. (Bill) Rhode, corresponding secretary; Mrs. Clarence Collins, treasurer; Mrs. Ray Noble, parliamentarian; Mrs. Pete Warren, historian-librarian; Mrs. J. S. (Jay) Craddock Jr., reporter.

Mrs. Charles Root Jr. was named to the club's honorary membership for next year.

Mrs. Ray Noble, president, presided during the business meeting and the club voted to contribute two shrubs for the beautification project for Civic House.

The group also discussed their "Hobby Show" which is scheduled for April 16 in the Civic House.

Mrs. Craddock is general chairman of the forthcoming spring Hobby Show to be staged by the club. According to Mrs. Craddock the hobby show will feature various displays of hobbies of guest entries from Mitchell County and also, entries of club members.

The hostess served dessert plates during the social hour to two guests, Mr. and Mrs. Gurley, and club members — Mrs. Homer H. Bodine, Mrs. Collins, Mrs. Craddock, Mrs. Crawford, Mrs. Girvin, Mrs. Curtis Latimer, Mrs. Eldon Mahon, Mrs. Sam L. (Buzz) Majors Jr., Mrs. Rhode, Mrs. Bob Robinson, Mrs. W. J. (Dub) Turner, Mrs. Martin Weaver, Mrs. George Witten, Mrs. Henry Lewis, Mrs. James Trammell and Mrs. Fox.

Mrs. Majors will host the next meeting of the club Jan. 22. The program will feature two guests speakers, Dr. and Mrs. Seth Cowan, presenting "An Armchair Tour Through Turkey."

FOR JR. HIGH HOMEMAKERS

Carolyn Owens Presents Program

"Consumer Education or Being a Smart Consumer" was the program topic for a meeting Tuesday of Colorado Junior High School's Chapter of Future Homemakers of America presented by Carolyn Owens.

Miss Owens, chairman of the chapter's January program, presented her topic in the form of a style show with clothing furnished by Eva's Dress Shop.

Miss Owens was assisted in planning the program by Mrs. Curtis Latimer, sponsor for CJHS Chapter FHA.

First Miss Owens modeled a basic suit dress showing how it might be ensembled for Sunday Church - going or similar dress occassions. Taking the skirt of the same suit, a multi floral blouse and more informal accessories, she converted the basic outfit into an ideal street or theater dress. With the addition of a lacy white blouse, colorful cummerbund type belt and party-type accessories, she showed the group how to be ready for a party with few investments using the same basic clothes.

Next, Miss Owens, donned a pair of dark Bermuda shorts with a bandanna halter-type blouse, red canvas sneakers and the suit jacket casually over her shoulders and presented herself ready for any outing, that the life of a junior high school youth might demand. She concluded her showing by suggesting more of the many variations which might be made by the same basic and versatile wardrobe she was wearing.

H-SU Students Conduct Services

Sunday afternoon guests in the home of Mr. and Mrs. Jim Merket of the China Grove Community were four students from Hardin - Simmons University, Abilene. Miss Kay Maner, niece of the Merket's; Miss Leota Chapman, Carl Harris and Travis Livingston.

The student group presented the Sunday morning and evening services at the Buford Baptist Church.

B&PW Club Social

The Business and Professional Women's club will meet Thursday at 7:30 p. m. for their regular monthly social in the home of Mrs. James E. Payne of 1111 Walnut Street with Mrs. Howard Rogers as co-hostess.

FHA Program

Carolyn Owens presented a style show Tuesday for the January program of Colorado Junior High School's Chapter of Future Homemakers of America. Carolyn is the daughter of Mr. and Mrs. A. B. Owens of the Spade Community.

PRESENTED BY DR. SETH COWAN

Colored Slides of Turkey Highlight '49 Club Program

Dr. Seth Cowan was program speaker Thursday, Jan. 8, for a regular meeting of the 1949 Study Club in the home of Mrs. Jimmie Kelley.

Dr. Cowan showed colored slides, which were taken while he was stationed in Turkey with the U. S. Air Force.

A discussion period followed the showing of the slides.

Mrs. W. M. Landau was program leader for the afternoon program and the club meeting opened with members repeating the club collect.

Mrs. Bill Carter, president, presided during the business session which preceded the program. The club voted to aid in the beautification project for the area in front of the Civic House.

Mrs. Kelley was elected to serve as historian - librarian for the remaining part of the club year.

The hostess served refreshments to one guest, Mrs. Wann Sparks, and members — Mrs. Joe Blackard, Mrs. Howard Bynum, Mrs. Max Caddell, Mrs. Carter, Mrs. Jimmy Harrison, Mrs. Jack Jordan Jr., Mrs. Landau, Mrs. Fielding E. Lee Jr., Mrs. Bill Hudson, Mrs. H. Jene Steakley, Mrs. Gwan Strange, Mrs. Jack McKenney, Mrs. Ben Sparks, Mrs. Dwayne Feaster, Mrs. A. J. Dean, Mrs. Ernest Larmer and the hostess, Mrs. Kelley.

The next regular meeting of the club will be Jan. 22 in the home of Mrs. Bill Carter of 1409 Chestnut Street. The club will elect officers for the next club year.

* * *

The home of Mrs. Ernest Larmer was the setting for a previous meeting of the club, their annual Christmas program, Thursday afternoon Dec. 11.

The holiday program featured a guest reviewer, Mrs. B. J. Brown of Midland, who reviewed — "Merry Christmas, Mr. Baxter." Mrs. Brown is a former Colorado City resident.

Following the review the hostess, Mrs. Larmer, served dessert plates to 12 members and one guest, Mrs. J. F. Selcraig.

School of Music

Sadler Named To Municipal Inspector Job

J. A. Sadler Jr., 33, local real estate dealer and paid city fireman, succeeds Byron L. (Barney) Wren as city building inspector and fire marshal.

Sadler's appointment, with annual pay of $3,600, was confirmed Monday night by City Council.

He fills the posts vacated Jan. 1 when Wren retired after 23 years as a member of the municipal staff.

The building inspector and fire marshal, who also will serve as plumbing and electrical inspector, is a graduate of Colorado High and a World War II Marine veteran. He has served as commander of Colorado City's American Legion and VFW posts.

His father, the late J. A. Sadler, was once mayor of Colorado City.

Council approved a new ordinance providing the city authority to issue tickets for violations on private parking lots, allowing the posting of signs designating such parking lots, and providing for violations of the ordinance to be misdemeanors with fines not more than $100.

An impetus for the parking lot ordinance was repeated requests by Texas & Pacific Railroad for some time of control over motor vehicles that block entrance and loading areas at the railroad station.

Bobby Williams, a student at the University of Texas in Austin, was a recent visitor in Colorado City.

Bobby is the son of Mr. and Mrs. Ed Williams of Irving, former residents.

No Bunk

No posed picture, this. Sput, the cat, and Porgy, the dog, use the doll-size bunk-type bed as regular sleeping quarters. They're pets of the Willard Underhill family, of Springfield, Mass.

FIRE . . .

(Continued from page 1)

Manager Rollin K. Snethen stated:

"The City Council of Colorado City acknowledges receipt of your letter of the 12th day of January concerning a contract for rural fire fighting in Mitchell County by the city.

"You are further advised that the council by unanimous vote rejected it as completely out of line with value of services rendered, and further that in the absence of a contract agreeable to them, that rural fire fighting services will be discontinued at midnight of the 17th of January, 1959."

* * *

IF THE NEGOTIATIONS remain deadlocked and rural fire fighting is stopped, then hundreds of businesses and homes outside of Colorado City's city limits will be without any type of fire fighting protection.

At the western edge of the city, large industrial firms like Col-Tex Refining Company and Caddell Transit Corporation will be without the usual city fire fighting protection although water fire mains are nearby.

Also without the usual fire fighting protection will be dozens of homes and businesses flanking U. S. Highway 80 a back door.

East at the eastern edge of city as well as all residences and business on the rim of the municipal boundaries.

Rural areas which last year had fire alarms answered by city firemen and which will be cut off, too, include areas such as Cuthbert, Spade Ranch, Buford, Colorado Sand & Gravel operations, Lake Colorado City, Iatan, Westbrook, China Grove, south along State Highway 208 and others.

BURGLARS . . .

(Continued from page 1)

burglars went to the office, where they forced the vault open with a bar.

A total of $177 all in bills was taken from a safe inside the Loraine vault. The cash was in a money box inside the unlocked safe.

The $100 taken at Roscoe Elementary School the same night was the children's March of Dimes contributions.

Burglars also entered the Roscoe High School and ransacked the principal's office, but gained no loot there.

Same tactics were in evidence at Roscoe Elementary School as were noted here in Mitchell County. Entrance to the building by forcing open a back door.

RAIDERS TO HOST TCU SATURDAY

Wildcats Nip McCamey, Hamlin Fives

D. W. Wallace Wildcats will be looking for season win No. 16 here Friday night when they host the Brady Negro High School basketball team in Wallace Gym.

The Wildcats of Coach W. D. Harris whipped McCamey, 72-60, and Hamlin, 67-53, this week for wins No. 14 and 15.

A girls' game at 7:00 p.m. will be held prior to the varsity game at 8:15 Friday night.

In the boys' win over McCamey Monday night at the CHS Gym, it was a battle of points between Colorado City's Charles Lindsey and McCamey's Milan Baucham. Lindsey got 29 while Baucham hooped 22. C-City's Ernest Big gers and Elmer Randle controlled the boards for the victors.

Wallace girls beat McCamey, 53-30, with Frankie Christian pitching in 27 points. Thelma Christian with 18 and Billie Lewey with 8 followed Frankie. Ruby Evans with 21 points was high for McCamey.

Wallace boys had to come from behind to whip Hamlin, 67-53, Tuesday night. Hamlin led 15-14 at end of the first frame but Wallace edged ahead at halftime, 31-28. Coach Harris' lads caught fire in the third period to go ahead 52-39 Wallace girls won their 30-game, 46-27.

The Wildcats will go to Hamlin Saturday for tournament play, then go to Brady Jan. 22, to McCamey Jan. 27 and then host Floydada on Jan. 30.

Coach Harris made a successful bid to obtain the Area Class B Tournament here Feb. 7. The games, featuring the strongest teams in West Texas, will be played in the Colorado High Gym. Winner will advance to the state tournament at Prairie View.

BOTH HAVE POOR RECORDS

Wolves Host Snyder in 3-AAA Opener Friday

Colorado City Wolves basketball team with the poorest season record of any team in District 3-AAA — opens the conference schedule Friday night in High School Gym against the Snyder High Tigers, defending circuit champs.

Snyder has won the 3-AAA cage title the past two years, but Coach J. P. Ward lost the first eight boys off last year's club and faces a rough go this year.

Snyder has a 4-8 record for the season for a .333 percentage. Their latest loss was 74-34 affair to Midland.

Wolves lost Tuesday night in Denver City to leave their pre-conference mark at 5-12, a .294 average.

Colorado City — who has finished toward the cellar each year in 3-AAA — will be favored to whip the Tigers Friday night in the varsity game beginning at 8 p. m.

Wolves' team is built around a group of players who score consistently. There has been no outstanding scorer this season, but an even distribution of point-making among eight players.

C-City Coach Homer Jefferson will probably start 6-2 senior Raymond Weaver at the pivot post with 6-2 junior Jerry Haley and 5-10 junior Kerry Kendrick at forwards; 5-11 senior Jerry Treadwell and 5-10 senior Joe Merritt at guards.

To illustrate the team scoring, the five starters all figured fairly even at the Big Lake Tournament last weekend. In the five games played in the tourney, Weaver scored 47 points for a 9.4 average. Haley followed with 43 points for a 8.6 average.

Treadwell scored 35, Merritt 34 and Kendrick 29.

Jefferson's first line subs are Dwain (Shorty) Thomason, Bobby Caffey, Truman Stinson, Buddy Compton, Jerry McKay and Don Vest.

Snyder counts on Bill Dubose, Bubba Fleming, Stan Hulen and Dan Tankersley for their scoring efforts.

Two boys whom the Tigers have been using extensively are out on the injured list. Tim Roberts, 6-3 center suffered a broken ankle and guard Johnny Drake has a twisted knee.

But Snyder has always been a tough opponent for the Wolves and Coach J. P. Ward will try to fire up his team for the contest.

Before the season began for the Wolves, Coach Jefferson said the pre-conference schedule was one of the roughest in the team's history. With opponents like Abilene, Big Spring, San Angelo and Andrews, the Wolves lost 10 games and won only one before entering the Big Lake Tourney.

They took four wins over Class B, A and AA teams there before losing to Class B Wall in the finals.

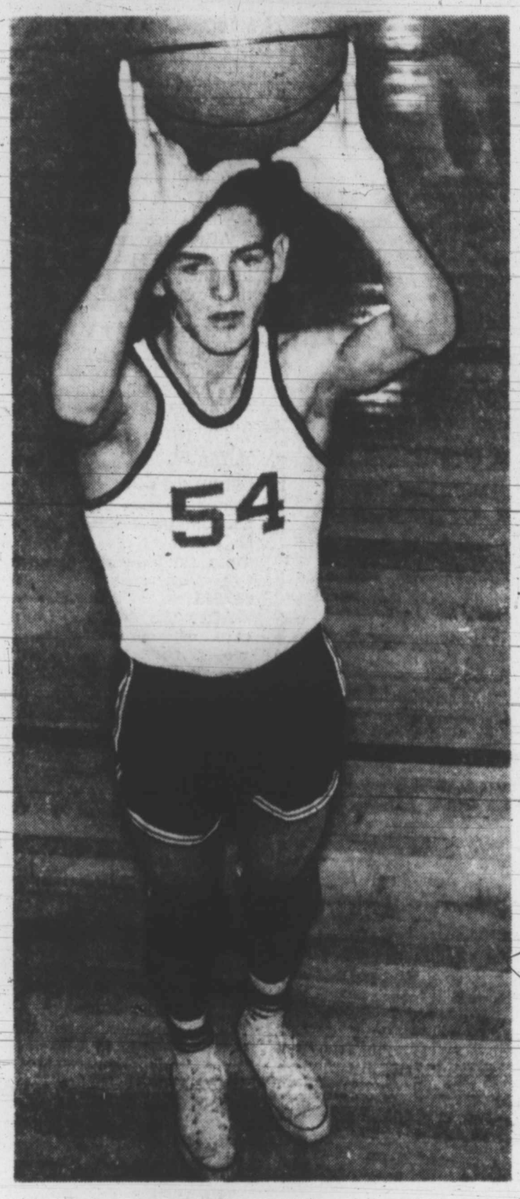
In addition to the eight conference games on the schedule, the Wolves still have to play a non-district tilt with San Angelo, Jan. 23.

In other words, they'll have to win eight of the next nine games to break even at 13-13 for the season.

Lake View with its heighth and a 14-4 record is given the nod in pre-district ratings. Lamesa has a 9-9 mark, Sweetwater 6-10 and Snyder 4-8.

Sweetwater goes to Lamesa Friday night in the Other 3-AAA contest with Lake View having an open date.

Wolf B-team will entertain the Snyder B at 6:30 p. m. Friday prior to the varsity game. The B-team counts as a game in the B-team tourney slated here Saturday.



Junior Forward

Jerry Haley, 6-2 junior, will be in the starting line-up here Friday night when the Wolves open District 3-AAA basketball play against Snyder High Tigers.

★ ★ ★ ★ ★ ★

Loraine to Host Westbrook Friday

Westbrook High goes to Loraine Friday night to open the District 6-B basketball race.

Loraine, defending champion, will be underdogs to the other Mitchell County quintet.

LOSE TO WALL, 53-40, IN FINALS

Wolves Bring Back Trophies From Reagan County Tourney

Colorado High basketball team brought back an armload of trophies from Big Lake Saturday — rewards for the second place finish at the big 24-team Reagan County tournament.

It was a big, fast-moving, experienced team of Wall Hawks that burst the Wolves' bubble in the finals, 53-40.

This is the same Class B team that won the regional crown last year, went to Austin for the state tournament and lost in the first round to eventual state Class B champ Blossom.

The underdogs Wolves might have brought home the first place trophy had their shooting eye been a little more keen in the title tilt.

Wolves shot 62 times and made 11 for a poor 19 percent average from the field. But despite the poor average, they were tied with Wall at halftime, 25-25.

But the Hawks' great Kenneth Dierschke ripped the nets for 10 points the third quarter as his team marked up 12 points to the Wolves' 7.

Dierschke was held to only two points the last quarter, but his brother, Norman Dierschke, J. Wilde and B. Holubes kept the Wall scoring going with 12 more points.

K. Dierschke copped high scoring honors with 23.

With Kerry Kendrick, Jerry Haley, Raymond Weaver and Joe Merritt doing the scoring, the Wolves kept within close range of the Hawks during the first quarter, 13-10.

Weaver's six points and Kendrick's five in the second period enabled the Wolves to pull even with the Hawks at halftime. K. Dierschke pumped in six for Wall during the second stanza.

Both teams hit well on free tosses with the Wolves dropping in 18 of 29 for 63 percent and Wall chipping in 15 of 23 for 65 percent.

Wolves received a three-foot high trophy for their second place finish with all 10 players on the squad receiving individual trophies.

Weaver, named to the all-tournament team, received another trophy.

Coach Jefferson's boys entered the tournament with a 1-10 record and left with a 5-11 mark.

Wins were chalked up over Marathon, 68-55; Fort Stockton, 45-37; Brady, 39-36 and Junction, 51-43.

Seven Boxers To Fight in Golden Gloves

At least seven boxers from Colorado City will be in Abilene Friday evening for the first round of the annual Abilene Regional Golden Gloves Tournament in Rose Field House on the Hardin-Simmons University campus.

This year around 100 boxers are expected for the three night show Friday, Saturday and Monday.

Colorado City fighters who will probably participate are Doug Hodges, bantamweight; Billy Davis, welterweight; Freddy Harrison lightweight and Darrell Davis, lightweight; Marvin Dobbs, flyweight; Robert Davis and Donald Anderson, each 80-lbs. in the Junior Division.

Accompanying the quartet will be Jimmy Harrison and Win Talley.

Ninth Blasts Big Spring in 77-47 Affair

With Steve Hillhouse racking up 28 points, the Colorado City 9th grade Junior Wolves blasted the Runnels Junior High team of Big Spring, 77-47, Monday night.

Colorado City's 7th and 8th grade teams lost to their Big Spring opponents. The 7th lost a 43-11 affair while the 8th took a 53-17 lose.

The ninth grade win was their third of the season against four losses. They had previously beaten Roscoe, 42-39 and Ballinger 46-30. They lost to Post by one point, Sweetwater by three points, Snyder by 13 and Big Spring by Goliad.

In Monday night's win, Luke Harrison followed Hillhouse with 17. Others scoring were Terry Davis 14, Jim Ruth 10 and Danny Latimer 8.

The Junior Wolves will participate in a Freshman Tournament in San Angelo, Jan. 22.

WOLVES TRAVEL-WEARY

Denver City Quint Slaps Pack, 74-48

A weary Colorado High basketball team still showing the effects of a long weekend tournament and mid-term examinations suffered a 74-48 setback at the hands of Denver City Mustangs Tuesday night.

Coach Homer Jefferson's Wolf quintet kept pace with the big Mustangs the first quarter, but the late hours and loss of sleep from long basketball trips and study for exams, began to show.

Denver City held only a 12-11 lead at the first quarter mark, but increased it to 29-21 at halftime.

Both teams fouled freely in the rough contest with Wolves receiving 25 personal fouls and Denver City 28.

Wolves who have been hitting around 70 percent on free throws connected on 16 of 39 attempts for 41 percent. They shot only about 22 percent from the field.

It was big rugged 6-4 forward Dan Nicewander that slammed the ball through the hoop for 35 points to lead the Class AA team to victory.

Nicewander wasn't so nice to the Wolves as he crammed in 13 points in the third quarter as the Mustangs scored 25 to the Wolves' 12 to really pull ahead of the Pack.

Wolf forward Kerry Kendrick kept the Wolves in the game in the third period scoring 8 of the team's 12 points.

Wolf B-team lost a 61-58 game to the Mustang B despite being behind 38-21 at halftime.

A big 25 point rally in the last quarter by the Little Wolves almost pulled the game out of the fire. It was Jerry McKay with 8 and Buddy Compton with 6 that led the rally.

Compton was high scorer with 17 while Steve Smith got 11, Don Vest 12 and McKay 9.

B-TEAM TOURNAMENT SET HERE SATURDAY

B-teams from Snyder, Sweetwater, Big Spring and Colorado City will compete in a basketball tournament here Friday night and Saturday.

Colorado High B-team Coach Ron Gurley said all four games will be played in the High School Gym.

C-City B-team's game Friday, 6:30 p.m. against Snyder B will be the first game of the tournament. It will be played prior to the varsity game.

At 1 p. m. Saturday, B-teams from Sweetwater and Big Spring will play to complete the first round.

The losers of the two games will play for third place at 3:30 p. m. Saturday and the winners will play for the championship at 8 p. m.

Trophies will be presented for first, second and third place teams, Gurley said.

Also, individual trophies will be presented the 10 members of the all-tournament team.

27 Boys in Program for Sixth Grade

Twenty-seven boys in the sixth grade are participating in a training program held each Saturday morning at Junior High gym, according to Win Talley.

The program, sponsored by the city recreation department for boys who will participate in junior high athletics next year.

The boys are Dwain Crow, Ronald Hillhouse, David McKay, Corky McAdams, Ronnie Preston, Mike Mundy, Reggie Noble, Dick Shimer, Skipper Warren, Don Latimer, David Kendrick, Ronnie Baker, Cal Girvin.

Jimmie Galey, Ernest Davis, Kenneth Sanderson, Buddy Sparks, Dee Dearen, Clay Strange, Travis Cawthron, Jerry Hammond, Doyle Haley, Mike Hillhouse, Don Gregson, Mike Brown, Richard Stovall and Roy Sprott.

Poll Tax Key To Important Local Issues

Those persons who do not appear at County Tax Assessor-Collector Tom Glover's office in the next couple of weeks and obtain their 1959 poll tax receipts are sure to miss voting in important local elections.

And right now the slow pace of poll tax sales at the Courthouse indicates hundreds will miss the opportunity to vote.

This is one of those off seasons, so to speak, for political campaigning. That's because state and national officials do not face ballot tests and the loud hoopla and eye-catching political swings are sidelined until another major election year.

Mr. Local Citizen too often lulls himself into a political nap, also, not bothering to remember about his poll tax and forgetting that important local matters will be decided by public vote.

For instance, city councilmen and Colorado Independent School Board members will be elected this spring. Unless Mr. Local Citizen is qualified with poll tax receipt or exemption, then he will have no voice whatsoever in naming his representatives.

There may be even more, however. Steady growth is placing some municipal services, such as water plant facilities, at the critical level and bond elections are the deciding factors for those problems.

A citizens committee is looking into another local problem — municipal boundaries for Colorado City. And that might involve residents of the city voting on whether to extend their city limits.

Unless, however, local residents begin a hurry-up march to the Courthouse for poll tax receipts the major local question in 1959 will be decided by a minority vote of the community. And the voice of regret later won't do a bit of good.

Show Success

If you were one of the participants, volunteer workers or just a spectator at Mitchell County 4-H and FFA Livestock Show here last week, you probably walked away with the idea the show was one of the best operated in recent years.

Planning and organization by show officials moved the 22nd annual event along at a brisk pace with a minimum of confusion. The result was pleasing not only to the dozens of youths who exhibited animals, but to spectators also.

Credit for the smooth staging goes to Bruce Byrne, 1959 show president, and his staff from superintendents on down the line of workers in all divisions. Naturally, much of this credit goes to Bobby Lee, general superintendent, and to Roy Henderson, Johnny Shackelford, Jim Hestand, R. D. Bridgford and Wayne Worley, who served as division superintendent of committee chairmen.

The success of the 1959 show emphasizes the importance for community leaders to work toward acquisition of adequate and permanent site for the event.

PHILOSOPHER SAYS

Cash on Delivery For Mr. Mikoyan

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek is off on a weighty topic this week.

* * *

Dear editor:

I noticed in the papers that another Russian visiter, a man by the name of Mikoyan, second in command over there, has been touring the United States.

And I read in a copy of a newspaper, which I borrowed out of my neighbor's mailbox in the interest of furthering the good neighbor policy and will return if he acts unreasonable about it, that Mr. Mikoyan says one trouble with U.S.-Russian relationships is that we don't trust Russia enough.

What puzzles me about this is why should is puzzle Mr. Mikoyan? He knows the Russians better than we do and I doubt if he can trust his home folks enough to be 100 per cent sure he'll have his own job when he gets back home.

As I understand Russian politics, over there, you don't get elected for any definite term.

You just stay in office until you get to trusting your assistants too much, at which time you wake up on a train to Siberia and one of your assistants is occupying your office.

Probably what Mr. Mikoyan meant was we ought to trust him since nobody at home would.

As everybody knows, whenever there's a change in office over in Russia, the number of funerals picks up. This is because the Russian politicians have found it's hard to get a man you've just kicked in the teeth to trust you to any extent you can depend on.

I guess maybe it sounds reasonable for the Russians to tell us to trust them when they say they won't build any more hydrogen bombs and wouldn't think of using the ones they've got, but I sure prefer to keep some lying around handy on our side just in case.

I don't know how I got off on this weighty subject, when actually I ought to be thinking about a new crop year for 1959.

In the meantime, if Mr. Mikoyan happens by my place out here and wants to buy a dozen eggs, I'd just as soon he paid cash.

Yours faithfully,
J. A.

AS 56TH LEGISLATURE OPENS

Legislative Forecast: Warm, Stormy and Long Run Session

By VERN SANFORD
Texas Press Association

State Capital NEWS

Texas' 56th Legislature soars off the launching pad this week.

Predictions are that it'll be orbiting around the Capitol for many months to come — certainly long enough to put to good use the air conditioners newly installed in the Legislative chambers.

Many have suggested the 56th will have to have one or more special sessions before it can solve all its pressing problems. Certainly before they can leave, the lawmakers will have to perform the thankless task of levying many more millions in state taxes.

Additionally, they'll be beset on all sides for new spending programs which would call for even more taxes.

After several months of this, outer space may look invitingly calm compared to the Texas Capitol.

THIN KITTY — State Comptroller Robert S. Calvert's official revenue estimate for 1960-61 is more of a storm warning than a forecast.

Calvert expects the state's general fund deficit to hit $65,234,703 by the end of this biennium next August. Under the present tax set-up, he estimates revenue to the same fund during the next two years would total $180,679,245.

After the deficit is taken care of, only $115,000,000 would be left for 1960-61 spending. It's a pretty thin kitty when compared with the $282,000,000 appropriated from general revenue for 1958-59. It means the state will have to raise $167,000,000 more just to maintain its present "standard of living."

Comptroller Calvert's official revenue estimate this year is a far cry from the one he made two years ago for the 55th Legislature. In that well-heeled era Calvert forecast approximately a $50,000,000 surplus. No one paid too much attention to outgoing House Speaker Jim Lindsey's prophecy that spending needs would outrun this figure.

In good years and bad, the Legislature is bound by law to hold its appropriations within the comptroller's revenue estimate.

TREASURE HUNT — A number of economies plus stricter levying and collecing of present taxes might net the state as much as $74,599,957 without new taxes.

This report was made by a financial study committee headed by Secretary of State Zollie Steakley. Committee was appointed by Gov. Price Daniel last summer.

Its six cash-raising ideas: (1) put more tax-collecting personnel in the comptroller's office, (2) cut out tax exemptions for beer and cigarettes sold on military bases, (3) increase franchise tax rate, (4) consolidate state "housekeeping" services (such as telephones), (5) increase fees charged by state agencies and (6) establish a "conservatorship" for the state to take over unclaimed money (such as bank accounts) and personal property.

Senate investigating Committee also inquired into the comptroller's work, was told that additional personnel would make it possible to collect millions more in taxes.

* * *

FOR CREDITORS — State Liquidator C. H. Langdeau reported his office is making progress toward clearing up some of the stickier problems resulting from insurance company failures.

Langdeau told the Senate Investigating Committee that if some proposed property sales go through, creditors of US Trust and Guaranty will get a 10 per cent payment. They have previously received a 31 per cent payment.

Cecil Botsch of the liquidation division told the committee that ordinary life policies of bankrupt Estate Life Ins. Co. had been reinsured and the unsound industrial policies cancelled.

In an earlier report the Senate committee had charged Insurance Commissioner William A. Harrison with negligence contributing to the downfall of Estate.

BATTLE LINES — Representatives of Texas Municipal League and spokesmen for the State Firemen's and Policemen's Associations tried to have a friendly get-together. Purpose: to share views on future legislation on firemen's and policemen's wages, hours and pension plans.

Municipal League wanted to talk about its plan to put more control of wages and hours in the hands of city councils, rather than the Legislature. Firemen and policemen were more interested in their plan to get the Legislature to limit working hours in cities over 10,000.

After a stormy session the two groups admitted they were "poles apart."

Each gave notice they'd stick by their guns and fight it out at the Capitol.

AT IT AGAIN—Texas Employment Commission, a frequent battle ground for labor-management hassles, is caught in the cross - fire again.

It was touched off at a meeting of TEC's advisoty council called to consider proposed changes in the unemployment compensation laws.

Commission Chairman Perry Brown is recommending that the weekly checks be upped from $28 to $35, the 24-week pay period to 36 weeks and that there be a one-week waiting period before payments begin.

R. F. Newman, labor's representative on the Commission, recommended payments pegged at 55 per cent of the average salary. At present $78 weekly average, benefit checks would be about $43. Newman also recommended extending the unemployment law to firms with only one employe.

Labor spokesmen on the council were critical of Brown's one - week waiting period proposal and even more critical of Brown and Commissioner Maurice Acers. State AFL-CIO President Jerry Holleman accused the two commissioners of voting down the appeals of jobless workers.

Management representatives declared the commission's first responsibility was to get people employed, not to pay out benefits.

TEXAS AGRICULTURE

Year-End Farm Values Up Again

By JOHN C. WHITE
Agriculture Commissioner

Farm land values in Texas and the nation are headed up again.

An early 1958 breathing spell was short-lived and the previous rate of climb has fully resumed as the year closes. During the past month period, values set new record highs in 45 states.

The farm land price index now stands at 5% above a year ago and 23% above five years ago and a whooping 60% above 10 years ago. All regions and all classes of farm land appear to be sharing alike in the rise.

Sellers are as responsible as anyone for the up-trend in values. With bumper harvests and few farmers having acres to spare, the volume of farm land offered for sale has steadily decreased.

Farmers with land to sell know they are able to demand a fancy price—and get it.

On the buying side, active operators are still the most important single group, accounting for eight out of every twenty farm purchases. Most buy to enlarge the size of existing farm operations. Five years ago, only 25% of farm land bought was for this purpose; now 40% is.

Non-farmers are now running a close second as the major buyers of farm real estate. During the past twelve months reported they accounted for seven of every twenty purchases. Non-farmers buy mainly for long-term investment.

As an inflation hedge, dollar gains from holding farm land have been less spectacular than from common stocks, but are considerably more sure and involve less risk.

Tenants climbing the agricultural ladder are a third important group bidding up farm values, with four out of every twenty purchases to their credit. Note, however, that of all land purchases the percentage which are made by tenants has declined, one-sixth in three years.

The remaining one out of twenty farm real estate purchases is by a retired farmer buying either to re-enter farming or for investment income. Though still not a major force in the market, the percentage of land purchases which are made by retired farmers has increased one-fourth since 1953.

LOCAL BUSINESS

Put All Eggs in One Big Basket

By JOE ED BOATRIGHT
Record Staff Writer

Is it ever a good idea "to put all of your eggs in one basket??

From the standpoint of advertising, some of the nation's largest retailers seem to think that one good and proven basket is a safer investment than several less reliable baskets.

Sears, Roebuck and Company has just released its retail advertising budget for 1959. The company will spend $48,000,000 on newspaper advertising during 1959 an increase of two million dollars over last year.

This huge investment in newspaper space represents 73 per cent of Sears total retail advertising investment.

"These figures are living evidence of how we value the importanee of newspaper advertising," says Charles B. Kellstadt, president of Sears. He explained that other media are used only to supplement newspapers, or for special purposes.

That's really putting a lot of eggs in one basket. But Sears is not alone. The great drug store organizations entrust an even higher percentage of their advertising eggs to the newspaper basket. Some of the most successful place more than 90 per cent of their advertising in newspapers.

"The local newspaper is an extension of our stores. It is the place where we can display the most goods to the most people at the least cost. It's a show window in the shopper's home," one of the drug store officials commented.

And so it goes with ten thousand other retail stores about the country who put the bulk of their advertising eggs in one basket — the local newspaper.

BIBLE COMMENT

Errors Added to Scribes' Resent

It is always safe to speak against sin theoretically.

It is only when one gets down to personalities and cases that sinners get nasty and strike back.

In the vigorous denunciations of sin, Jesus got down to both personalities and cases.

When he spoke of hypocrisy He named the Scribes and the Pharisees, the then official representatives and established authorities of religion. He attacked their specific acts of hypocrisy and evil-doing.

Those who had not erred had no cause for resentment, but there are many to whom His words applied.

"He taught as them as one authority, and not as their scribes." Those words mark a strange fact and a striking contrast.

The Scribes were officially and ostensibly the repository of authority, the interpreters of the law; yet here was a young man with no official standing, presuming to teach, and finding a response in the people who heard Him gladly.

But authority alone does not necessarily guarantee either honesty or efficiency in those who possess it.

The mistake that the Scribes made was twofold: first, in not being and doing what by their claim of authority they professed to be and do; second, in their failure to judge Jesus by what He was and did.

Their errors gave rise to their resentment.

Welfare Aid Program Tops $307,000 Here

Almost one third of a million dollars in state funds was put to work in Mitchell County last year for public assistance.

The money went to 524 persons who qualified for the assistance under four fields of State Department of Public Welfare.

Size and importance of the assistance program was emphasized in a report of the 1958 public welfare program in Mitchell County, prepared by Dee Tonn, field worker in the Colorado City office.

Tonn said the total cash assistance here in the county during the entire 12 months of 1958 amounted to $307,453.

The 524 persons who received the money were listed in these four categories — old age assistance, aid to dependent children, aid to needy blind and aid to totally and permanently disabled.

Average monthly outlay in the state program here in Mitchell County was $25,621, Tonn said.

Big Portion of the assistance funds went to 467 persons qualified for old age assistance. Total for the year was $266,415 and the monthly average in old age assistance was $22,201.

Next largest assistance during 1958 — but less than one-eighth of the old age assistance — was the money applied to the aid of dependent children. Thirty-eight children were on the list and they received $30,716 during the 12 months for a monthly average of $2,559.

State money applied to the aid of the needy blind in Mitchell County last year amounted to $7,969. Fourteen persons were on this list and average monthly total was $664.

Five persons qualified for welfare aid as totally and permanently disabled. Total monthly payments to them averaged $196 for a total of $2,353 for the entire year.

Tonn emphasized that the first qualification for any person to receive aid from State Department of Public Welfare is that person must be in need economically. The person also must be a citizen of the U. S., a resident of Texas and must meet the age requirements of the program.

To qualify for old age assistance, the person must be at least 65 years of age. Other age requirements in the state welfare program are:

Aid to needy blind, must be over 21 years; aid to dependent children, must be under 14 years; aid to disabled, must be between 18 and 64 years.

Tonn said records reveal that a larger percentage of Negroes receiving old age assistance own their own homes than do whites or Latin-Americans in Mitchell County.

However, the percentage lead of the Negroes has been whittled down in the last few years.

Tonn pointed to 1957 and 1954 records to show the home ownership trend. In 1957 there were a total of 485 persons on the old age assistance rolls and 58.2 per cent of those — 283 buy number — owned their own homes. In 1954 there were 412 persons on the same role with 212 of those, or 52.6 per cent, owning their homes.

The percentage of home-owners among white old age pensioners was 50 per cent in 1954 — 182 among 364 on the role. By 1957 the percentage among the whites had increased to 58 per cent — 247 owners out of 428.

In 1954 there were 38 Negroes on the old age assistance role and 26 of them — 68 per cent — owned their homes. The Negro total was 45 in 1957 with 30—66.6 per cent—owning homes.

On the old age assistance list in 1954 were 10 Latin-Americans, four of whom owned their homes or 40 per cent. In 1957 the total was 12 with six — 50 per cent — owning homes.

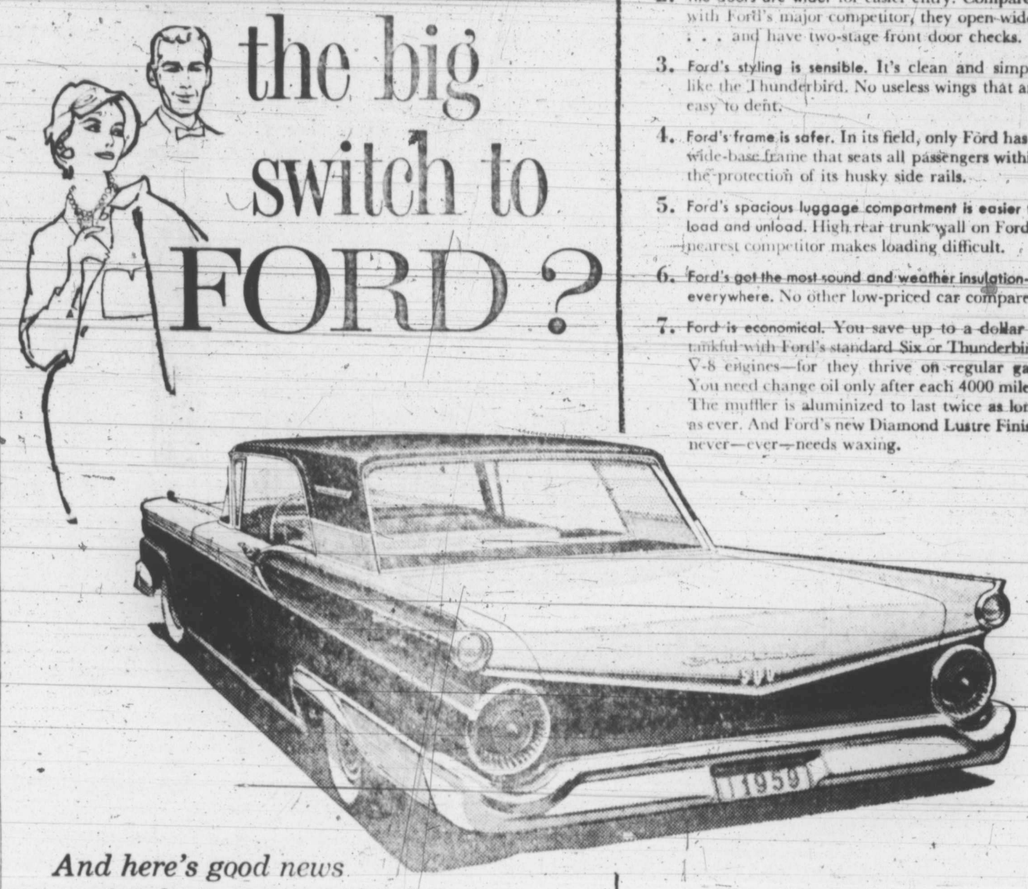
What's behind the big switch to FORD?



And here's good news for the economy-minded . . .

With all these exclusives, and with the usual optional equipment, Ford prices are as much as $100 lower* than the nearest major competitor.

*Based on comparison of manufacturers' suggested retail delivered prices

F.D.A.R.

These specific common sense features are the big reasons why Ford is the best seller:

1. Six passengers, not just four, ride in comfort. Yes, even the man in the middle. Because Ford's full-depth seats are extra thick *all the way across*—there's no hard spot in the center as in some cars.
2. The doors are wider for easier entry. Compared with Ford's major competitor, they open wider . . . and have two-stage front door checks.
3. Ford's styling is sensible. It's clean and simple like the Thunderbird. No useless wings that are easy to dent.
4. Ford's frame is safer. In its field, only Ford has a wide-base frame that seats all passengers within the protection of its husky side rails.
5. Ford's spacious luggage compartment is easier to load and unload. High rear trunk wall on Ford's nearest competitor makes loading difficult.
6. Ford's got the most sound and weather insulation—everywhere. No other low-priced car compares.
7. Ford is economical. You save up to a dollar a tankful with Ford's standard Six or Thunderbird V-8 engines—for they thrive on regular gas. You need change oil only after each 4000 miles. The muffler is aluminized to last twice as long as ever. And Ford's new Diamond Lustre Finish never—ever—needs waxing.

Come see the world's most beautifully proportioned cars . . .

OUTDOORS IN TEXAS

By Vern Sanford

Last year's harvest of wild life resources in Texas was the biggest in the greatest in the memory of many old-timers.

Thanks to good wildlife man agement, areas that were normal "shotout" 25 years ago had plenty in top hunting in 1958. The woods were full of deer, quail were more numerous perhaps than ever before in Texas. And the fishing was good.

This all is hard to imagine. Some landowners had known what wildlife would thrive best. As a result some findings have been revealed that will help hunting and fishing through the remainder of time.

Adjacent landowners watching the program, now are beginning to adopt many of these management practices. As a result they are providing food and cover. They are balancing their deer herd, sex ration by allowing the taking of does.

Other landowners have done the same thing with small game. They have provided cover for birds, and food for them to eat. Their fence rows have multi flora roses. They are not cutting all the brush. They are leaving cover at the end of the turn rows. And they were careful in harvesting their crops, not to destroy nests.

In addition many of them are planting birds. For example there is a state bird farm at Tyler that produces several thousand quail each year. These are sold to landowners at a fraction of their cost, for restocking purposes.

Naturally if a farmer spends money for a few birds, he's going to provide adequate food and cover for them. As a result he'll have good shooting. He will be entitled to ask a fee from his friends in town to hunt on his property. After all, when he goes to town he must pay for what he gets.

There still are some die hards. They think they know more about wildlife than the men who study it every day in the year and compare notes.

On the other hand, the experts admit they don't know everything, and there is a lot more to be learned. They are learning fast, however. And thanks to them, we are getting a brand of land management and hunter cooperation that will make hunting and fishing better each succeeding year.

Every Texas landowner is interested in having some wildlife resources on his land. Most landowners like to hunt and fish a little. But it doesn't take too much to satisfy them.

Hunters must remember that farmers and ranchers have to grow crops or raise cattle to make a living. They build fences to keep their livestock in . . . and to keep people out. Occasionally some one poaches and kills game that belongs to one landowner, but has taken up residence on another man's private property.

As a result the poacher finds himself confronted with the justice of the peace who slaps a fine on him, usually amounting to forty some odd dollars.

With population growing it became the problem of those who placed controls on wildlife to find a way for every man to hunt. First the sports men got together. They didn't like hunting and fishing licenses have all the answers as to where and from excise tax on equipbegan to look to science. Biologists, a number of logists were brought into the areas where wildlife restoration programs were put into picture.

They looked around and reflected. They saw that much of the cover was being destroyed. A study was made of the land. There was ample feed what would grow well and what wildlife would thrive best. As a result some findings have been revealed that will help hunting and fishing through the remainder of time.

Convincing the landowner that he should put his holdings under a management program wasn't the easiest thing. In the first place there were conflicting ideas by some of the experts.

For instance one group of government officials told the landowner to knock down all the pesky mesquite and cedar on his land. Another group told him to save some for cover for wildlife.

Also there are examples in Texas where some very large and influential landowners have ruthlessly destroyed wild game habitat without regard for its future. Now they are sorry.

As a result most owners today are finding more answers before they destroy everything on their holdings.

To show what land management can do, the Game & Fish Commission, with funds from hunting and fishing licenses and from excise tax on equipment, has built a number of lakes. Biologists have been brought into the picture.
