"WHERE TEXANS ARE TEXANS"

Volume 12 Member of The Associated Press Lamesa, Dawson County, Texas, Thursday, July 9, 1942 Member of Associated Press and Wide World Features Number 52

Dawson County's War Bond And Stamp Quota Set At \$53,500 For Month Of July

Dawson County's war bond and stamp quota for the month of July is \$53,500.00 according to figures released this week by the Treasury Department.

The July quota has been raised \$6,100 over the June quota of \$47,400 for Dawson County.

Local citizens purchased only \$34,000.00 worth of bonds and stamps during June, falling short some \$13,000.00 for the month. F. T. McCollum, Dawson County Chairman of War Savings, reports that the county has purchased \$262,620.00 in war bonds and stamps for the first six months of this year, but are short \$18,800.00 of the six months quota set by the Treasury Department.

Of course it could be worse, Mr. McCollum said, but it must be better if we are to give our maximum effort toward winning the war.

Every salaried person should remember that his quota is at least 10 per cent of his monthly income. Dawson county has the money to do its share and I believe will take care of its part of the load. Don't put off, go now and buy your share of security, Mr. McCollum said.

Total war bond quota for the State of Texas for July has been set at \$33,677,000.00 and the National quota is a billion dollars for the month.

Start Topping Welch Road This Week

Topping is to be put on the 5 miles of road from Welch to the Gaines County line, starting this week. County Judge Rupert Townsend reports.

After several attempts to purchase asphalt, Mr. Townsend said, he had finally succeeded and three carloads would arrive this week.

WPA labor will be used and R. B. Robbins, assistant superintendent said it would take approximately 5 days to complete the job. When this five mile stretch is finished, there will be only nine miles left untopped between Lamesa and Seagraves, that road lies between Welch and Pumpkin Center and county officials are now at work trying to get that paved.

You Still Have Time To Mail Absentee Ballots

You may still get an absentee ballot mailed to friends and relatives who are in the armed forces or working in defense plants, states Howard Humphrey, County Clerk, if you will only bring their names and addresses to the clerk's office.

One hundred and thirty-two absentee ballots had been mailed by the clerk's office up to Thursday morning.

Mr. Humphrey states that anyone who is sick and wishes to vote to please get in touch with his office and a ballot will be sent them. Or anyone that expects to be out of town on election day may vote the absentee ballot up to Tuesday night, July 21.

Baptist Revival To Start July 19

A revival meeting will start at the First Baptist Church here on Sunday, July 19, with Rev. A. L. Lowther of Seminole, Oklahoma, doing the preaching. The meeting will continue for two weeks.

Rev. Lowther will be unable to come to Lamesa until Tuesday, July 21, therefore Rev. Cole, the local pastor will conduct the revival until he arrives.

Col. Thompson To Speak At Rotary Club Friday

Col. Ernest O. Thompson, State Railroad Commissioner, and candidate for re-election, will visit Lamesa Friday, July 10, making an address before a joint meeting of the Lamesa Rotary Club and the Lions Club. The meeting is to be held at the Plaza Hotel at 12:15, noon.

A committee of local men will meet Col. Thompson at 11 o'clock in O'Donnell, and on the way to Lamesa will visit the Lamesa Glider Field. Arriving here in time for the meeting at 12:15.

Col. Thompson will be met here by a committee from Midland and carried on to that city for an address.

The meeting is the regular one for the Rotary Club and they have invited members of the Lions Club to be their guests on this occasion. There was no meeting of the Lions Club, Thursday at noon, their regular meeting time.

All members of the Rotary and Lions Clubs are urged to be present Friday noon and hear Col. Thompson.

Pictures Of Dawson County Men In Uniform Displayed In Local Store Windows

The public had an opportunity to see pictures of 182 Dawson county men in uniform during the past week, when two local stores decorated their show windows with pictures of men from Lamesa and Dawson county, who are serving in the armed forces.

Hundreds of people viewed the pictures at Wacker's Store and E. R. Yates Hardware. These pictures were displayed through the July 4th holidays and as a measure of reminding the public that they should purchase war bonds and stamps to help win this war.

Only one girls picture was in the group, she is Second Lt. R. U. L. Wintringham, nurse, serving in the army.

Pictures on display at Yates Hardware were those of Cpl. A. J. McDaniel, Pvt. J. D. Willson, Corp. Dee Elton Roberts, Jimmie Faulkenberry, Dossey, Richard C. Collins, Silm Hall, Thomas H. Wilkes, Martin, Sgt. Sidney W. Landers, Corp. J. C. Norris, Pfc. R. C. Lott, Pvt. Lloyd E. Self, Pvt. Odie Lee Harris, James Lee Jones, Wallis Henry Faulkenberry, Joe Bob Faulkenberry.

Charles Roberts, Plaza Baxter, Billie Lightfoot, Pvt. G. C. Cliff, Ed. (Continued on Back Page)

J. T. Allen Says Classified Ad Brought Results

J. T. Allen, Sr., who operates the Allen Hardware in Lamesa, reports good results from the use of the classified section of the Courier. Mr. Allen ran a small ad in the Monday Courier and reported to a Courier representative by telephone Wednesday that results had been obtained, resulting in the sale of a hog, and to please take the ad out before the Thursday paper went to press. So again, the Courier proves to be a fast worker, getting the job done in record time. Give Courier Classified Ads a chance to work for you.

Must Transfer School Children During July

During the month of July is the time for parents to transfer their children, states Henry Norris, County Superintendent, but only one student had been transferred up to Wednesday morning, Mr. Norris said.

Last year 400 transfer applications were filed in the County Superintendent's office, with approximately 300 accepted Mr. Norris said.

Applications must be made in person by the parents or guardian of the child at the County Superintendent's office in the county in which the child was enumerated. Parents are warned that tuition may be charged on any transferred child and that they should investigate tuition charges at the time of asking for a transfer, stated Mr. Norris.

Subscribers Are Asked To Check Expiration Dates

Courier readers are asked to watch their expiration dates on their subscriptions in order that they not miss a single issue of their home town newspaper.

In other words, if the numbers following your name on your paper reads 8-42, that means that your subscription will expire on Aug. 1, 1942, and that unless you renew your subscription will be stopped at that time.

The subscription price of the Courier is now \$2.00 per year in Dawson, Martin, Gaines, Borden and Lynn Counties, \$1.25 for six months, or \$3.00 for two years. The subscription price outside this territory is \$3.00 per year.

USO Fund Short Only \$122.70 Of \$3,073.40 Goal

The USO benefit baseball game is only short \$122.70 of its \$3,073.40 goal county chairman, W. D. Arnett reports and the drive will continue until that sum is raised.

The US. benefit baseball game, between Lubbock Hubbers and the Dodgers, played here Tuesday night, realized the USO fund \$120.61, Mr. Arnett said.

The Chairman for the State of Texas has given Dawson County and a number of other South Plains counties an extension of time to raise their quotas, due to their late starting. The drive in the state was ended on July 4.

If anyone in Dawson County has not made a contribution to this USO fund they are asked to do so at once to Mr. Arnett. Any amount given will be greatly appreciated.

Lamesa Wallops Hubbers In USO Benefit Game

In the final game of the season for both clubs, the Lamesa Dodgers hammered out an 11-2 victory over the Lubbock Hubbers in a game played at Lamesa for the benefit of the United Service Organizations.

Lamesa pummeled Bob Mosel, regular Hubber first baseman, for 18 hits. Six Hubber errors helped the Dodgers to four runs.

Eddie Stevens, Dodger first baseman, drove out a home run to open the last of the sixth for the heaviest blow off Mosel, who pitched all the way. Leslie Palmer and Otto Robertson bagged triples. Palmer and Art Bonnell, who with Preston Elkins hit a double, drove in three runs.

Earl Wilshire, ace southpaw, Bill Hanauka and Harold Silky each did three-inning stints on the mound for Lamesa, letting the Hubbers down with four hits, one of them a two-bagger by Altenburg off Wilshire.

Neither of the Lubbock runs was earned. Hanauka pitched hitless ball in the fourth, fifth and sixth but his error on Heinz' roller cost him a run.

A show program arranged by the USO officials was staged at the end of the second frame. G. M. Roberts, elementary school principal introduced John H. Wilson, civilian head of the Lamesa Glider school. Helen Montgomery, only licensed woman glider pilot in the United States, was unable to attend.

Cousin Of Henry Norris Passes

Henry Norris, County Superintendent, received a message Wednesday morning that his cousin, Mrs. Doris Bilbrey had passed away in a Hobbs hospital, and that the infant child of Mrs. Bilbrey had passed away on Monday.

Mr. and Mrs. Bilbrey lived in Tatum, N. M., where Mrs. Bilbrey had taught school for a number of years. Funeral services will be held on Thursday in Texaco the family home.

Mr. and Mrs. Norris and family will attend the funeral services.

Rev. Crandall To Conduct Lawn Services Saturday

Rev. E. H. Crandall, pastor of the Methodist Church of Sparsberg will conduct the Court House Lawn Services on next Saturday, July 11.

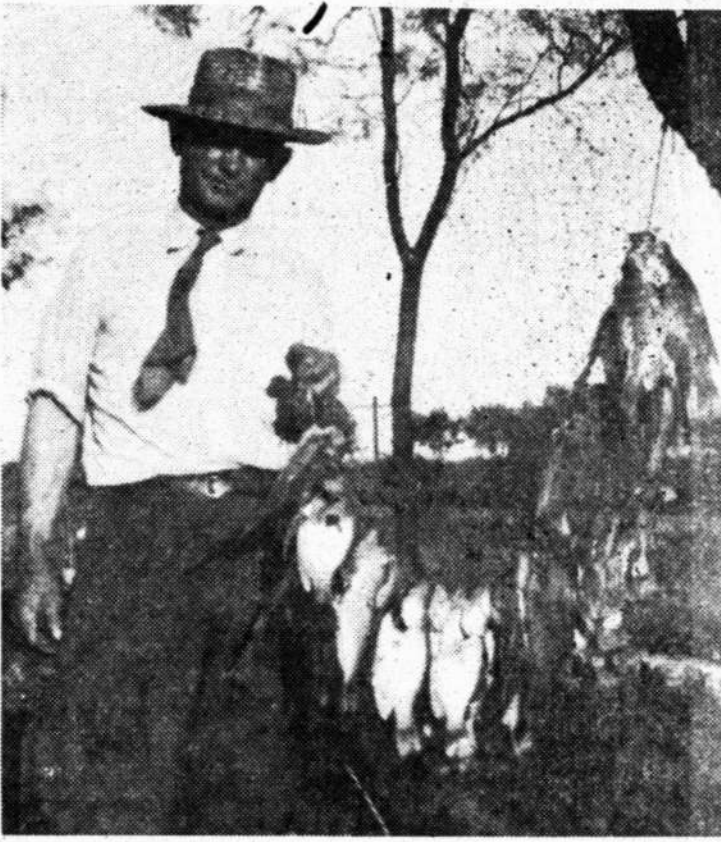

These services held each Saturday during the summer season are sponsored by the Dawson County Ministerial Alliance.

The public is extended a cordial invitation to each Saturday's service, which begin at 4:00 p. m. current time.

Sgt. Charles H. Roberts of Midland spent the week end here visiting with his parents. He had as his guest Cpl. Ray Hickock, also of Midland.

Annual Court House Singing To Be Held In Lamesa Sunday

You Can Believe This One

Dan Davis, owner of the Piggly Wiggly Store in Lamesa reports good luck on a fishing trip to Phantom Hill Lake near Abilene in June. This is one fish story that can be substantiated by inspecting the above picture. Mr. Davis was accompanied on the trip by his wife. Forty-three crappies were caught, adding up to a total of 60 pounds.

Pictures Of Operations At Lamesa Glider Field Made By Army And Movie Men

Lamesa and The Lamesa Glider School will be advertised throughout the entire United States through pictures made here Tuesday by army officials and noted newspaper and movie cameramen.

Major Nichols, Public Relations Officer for the Gulf Coast Training Center, and cameramen from the Fox Movietone Studio, Associated Press and the Fort Worth Star-Telegram made moving pictures of the general operations at the local Glider Field. These pictures are to be shown on the screen and run in newspapers throughout the United States.

The second class of student pilots are training at the Glider school and will complete their course in two weeks time.

More enlisted personnel arrived Monday from Kelley Field for permanent duty with the local army officials. They are T-Sgt. Raymond Webb, Acting Sgt. Major; Sgt. Charles Ivelson, Acting 1st Sgt. for students and Sgt. Charlie W. McBee, personnel section.

Birth Certificates No Longer Needed On Defense Jobs

WASHINGTON (AP) — Birth certificates no longer will be required to prove the citizenship of applicants for jobs in plants handling secret or confidential government contracts, Chairman Paul V. McNutt of the War Man Power Commission announced Sunday.

Henceforth the applicant need merely sign, in the presence of the Army or Navy plant representative, that he is a citizen and that he knows the penalty for misrepresenting his status (\$10,000 fine; five year imprisonment or both).

This procedure is intended to end delays in hiring which hitherto have resulted in the loss of many valuable man-hours of production, McNutt said.

State bureaus of vital statistics have been unable to keep up with the mounting thousands of requests for birth certificates.

The American Legion has a membership of 1,637,000.

Col. Olsen In Cockpit Of Glider

The picture above made at the Lamesa Glider School Field shows, Col. Norman B. Olsen, director of flying at the new South Plains Flying School at Lubbock in the cockpit of a glider while John Wilson, civilian head of the local school stands alongside. (Lubbock Army Flying School Photos).

All American Heroes Day To Be Observed In Lamesa On Friday, July 17

Friday, July 17, has been proclaimed as All-American Day in Lamesa, and every citizen of Lamesa and Dawson County will have a chance to honor our heroes by purchasing War Bonds and stamps on that day.

This day has been set aside to honor our boys who are fighting now on every battle front to protect our freedom and the flag we live under. We, the ones at home, can do our part by furnishing these boys in the fighting forces with adequate implements of war, which will bring ultimate victory. We can do this by purchasing War Bonds and Stamps.

Dawson County has a War Bond and Stamp quota of \$53,500 for the month of July. Everyone will have to do their part if this quota is met.

More definite plans for the observance of All-American Day in Lamesa will be announced in next week's Courier.

All Teachers For Lamesa Schools Have Been Hired For Coming School Term

Vacancies in the Lamesa Public Schools were filled at a recent meeting of the school board as follows:

Mr. James H. Bardwell, Master of Science, Texas Technological College, was elected to teach sciences. Mr. Lee Alexander of Waxahatchie was also elected and will be assigned to teach sciences in the first and second years of high school work.

Mrs. Nancy Johnson, a graduate of The Rice Institute and a post-graduate of Texas Technological College was tendered a position to teach Spanish and English.

Mrs. Majoray Ridley, Texas Tech graduate, was chosen to teach foods in the homemaking department.

Mrs. Allene Bardwell and Mrs. Lowell Littleton of Texas Technological College and The University of Texas will be assigned to teaching positions in the elementary grades.

Messrs. Alexander and Bardwell enrolled Monday morning in The University of Texas to take the teacher's course in pre-flight aerodynamics and will teach the course in that field in Lamesa High School the next school term. No definite information is available at the school office as to how many pupils may be expected to take the pre-flight aviation courses. Pupils who are in school and who have made satisfactory school progress in their junior and senior years may be admitted to the courses and the War Department plans of assigning enrollees between the ages of 18 and 26 to accredited high schools for pre-flight training to enable such servicemen to overcome educational handicaps may result in the establishment of such a unit to be trained here. In that event, the local high school will be ready to render that service by having available equipment and trained instructors.

Mr. and Mrs. Horace A. Teague and baby former residents of Lamesa have moved to Lorenzo, where Mr. Teague is now manager of Genings Dry Goods. He was formerly employed here with Hurt's.

Local Ration Board To Be Increased

Four new members are soon to be added to the Dawson County Ration Board, County Judge Rupert Townsend announced this week. The four members have been named by the mayor and county judge, but have not been confirmed by the state board.

Three members now serving on the board are Elmer Barron, Chairman, Stancell Clements and Dixie Kilgore.

WEEK END GUESTS

Mr. and Mrs. Otis Bryant of Abilene, Mr. and Mrs. Raymond Bryant of Midland and Mr. and Mrs. Harrell and daughter of Lubbock spent the week end here visiting in the home of Mr. and Mrs. Ed Hatch.

Singing Starts In District Court Room At 10:30

The Annual Court House Singing Convention will be held in Lamesa on this coming Sunday, July 12, according to information reaching the Courier, this week.

The singing program will get underway promptly at 10:30 a. m. Sunday morning in the District Court Room. The Gulf Oil Company sound equipment will be used to broadcast the program.

Many outstanding singers from over this territory have stated that they would be present. This convention annually draws hundreds of singers, not only from Dawson County, but from all over this section of the country, and each year brings increased attendance and interest.

Everyone attending is asked to bring a basket lunch and spend the entire day, and enjoy the good singing.

Beginning at 4 p. m. a patriotic program will be presented. The Lamesa High School Band, directed by Conway King will play, the singers and the public will take part in this patriotic feature.

If you like to sing or if you like to hear good singing make your plans now to be in Lamesa Sunday and attend this Court House Singing Convention.

Lamesa Home Guard Appeals For Attendance

The Lamesa Home Guard is urgently appealing for all old members and new ones to be present at the ball park on each Monday and Thursday nights, at 8:30, according to R. L. Price, Sergeant.

Mr. Price states that the Home Guard members are now meeting back at the ball park since there will be no more ball games, and he is asking all old members to come back and train with them. All World War One veterans are badly needed, he said. All men who are of military age, about to be drafted are urged to come out and work with the Home Guard, as the training they receive here will greatly benefit them when inducted into the army. If more do not come out the guard will probably have to disband, Mr. Price said.

New Commercial Class To Start Monday, July 13

The second term of commercial classes will begin on Monday, July 13, reports V. Z. Rogers, superintendent of Lamesa schools.

Courses will be offered in book-keeping, shorthand and typing. Miss Commie Zell Barnes will be the instructor.

All who are interested in taking these courses are asked to come to the high school building between 10 and 11 o'clock, room 207, Monday morning to register.

The first term of commercial classes ended last week.

K. P.'s Install Officers On Last Monday Night

The local Knights of Pythias Lodge held a business meeting and installation of officers on Monday night, July 6, at their meeting hall.

Installation of officers was in charge of O. B. Norman, District deputy Grand Chancellor, he was assisted by R. L. Sanderford, J. E. Garland, and Fred Raney, acting Grand Lodge officials.

Those installed are, Chancellor Commander, John T. Agee; Vice Chancellor, Earl Goen; Prelate, Don Emory; Master of Works, Ira Ashley; Master of Arms, Robert Harwell; Master of Exchequer, J. R. Earnest; Inner Guard, Clyde Privitt; Outer Guard, Earnest Barrett.

Stancell Clement is the retiring Chancellor Commander.

Henry Norris Statement To Voters

Please allow me this opportunity to express my sincere thanks and appreciation for the happiness the citizens of this county has afforded me during this term of office.
As you already know, I am asking the support of the voters for reelection to the office of County Superintendent subject to the Democratic Primary on July 25th. The duties here and the war emergency will limit the number of persons I will be able to see, but the voters will understand, for all candidates face that handicap. The excellent foresight of the elective school officials of the various districts of the county during the last three years has brought about some desirable changes in the condition of the schools. Practically all schools are now on a cash basis. Bus transportation has been extended to include more families. More schools have been accredited. The circulating library has now been installed and is being improved every year. Many other forward steps have been taken, each for the sole purpose of providing more efficient educational opportunities for the boys and girls of our county. It is my intention to continue to devote my entire energy so long as I am your elective officer to giving our children everything which is for their educational betterment and within our financial ability to pay for.
Again may I thank you for the many kindnesses of the past and earnestly solicit your support for the office of County Superintendent in the July Primary.
Sincerely,
J. H. NORRIS, (Pol. Adv.)

W. W. Petteway Appeals To Voters

TO THE VOTERS OF DAWSON COUNTY:
After teaching in the rural schools of Texas for many years, I asked the people of this county for the office of District Clerk. I was elected, and served for one term.
When I asked for a second term, I had two opponents. In the first primary I came out ahead, but lost out in the run off. Now since there are only two candidates there want be a run off, so if you believe that I rate a second term, see to it, that the figures after my name on the bulletin board, "adds up big" on the evening of July 25th.
Thanking you in advance for any favors shown me, I am,
Very truly yours,
W. W. PETTEWAY, candidate for District Clerk. (Pol. Adv.)

GREEN GROW THE FIRE WAGONS
HONOLULU (AP) — Honolulu is one of the few American cities that hasn't bright red fire apparatus. Because of war conditions, all vehicles have been painted dull green to lessen visibility.

Huey Long's Son Looks Forward To Political Career

By JO THOMPSON
Wide World Features
BATON ROUGE La. — Now that Russell Long, oldest son of the late Senator Huey P. Long, Louisiana's slain political dictator, has donned cap and gown and received his law diploma from Louisiana State University, he looks forward to entering state politics—naturally.
"But first of all," says Russell, a deadringer for his father, "I'm going to join either the Army or the Navy and after the war is over I plan to practice law here at the state capital for a while."
"I think people want their public office holders to prove they can make a living and become financially independent, after that of course. I'll enter politics — it's in my blood," he said with a grin.
The 23-year-old youth doesn't believe in entering politics too young — "too many spring chickens are nipped in the bud."
His resemblance to his father is striking — the curly shock of brown hair, square jaw and mannerisms of speech, that typified the late senator, whose political machine ruled the state until five years after the self-styled "Kingfish" was shot and killed in 1935 in the Louisiana statehouse.
"A lot of our Louisiana politicians just dabble in politics as a sideline," says Russell, "but when I get into the game I'm going to make a career of it."
In his pre-law school years at L. S. U., Russell and his sister, Rose, now Mrs. Osmyr McFarland, were leaders in campus politics—Russell serving as president of the student body and his sister as coed vice-president.
Their campus political rallies smacked of the rough and tumble campaign Huey used to lead. Students were lured to the meetings by name bands and drawings of \$5 entrance prizes every fifteen minutes, and platforms, later carried out, were to reduce student laundry rates and improve bus service to and from the campus.
Opponents of his famous father are now in control of the Louisiana government but followers and leaders of the "Long machine" now are banding together again and promise a strong bid for a return to power in the 1944 gubernatorial election. By that time perhaps Russell may be ready to make his first political splash.

18-FOOT WORM FOUND
SYDNEY, N. S. W. (AP) — Biggest mud-worm ever caught here, an 18-foot specimen, one-inch thick, was captured in the excavation for a graveling dock and will be preserved in a private museum.

Tech Graduate Flies Dangerous Burma Airway

By PRESTON GROVER
Wide World Features
NEW DELHI — An American pilot who flew planes five years for Northwest Airlines says that nothing he encountered over the Dakotas or Rockies compares with the hazards of flying supplies to China. He is Lieutenant Joseph A. McKeown of Route 1, Minneapolis, Minn. This slender, black-haired pilot with 13 years of flying experience was one of the American Airlines pilots who was chosen to help put supplies through to China in spite of loss of the Burma Road.
It's A Thrill
"Once you get your plane over the mountains, through storms and past Japanese airbases it's a thrill to land your supplies in China, where they are so badly needed," he said. "You know you have done something definite and helpful in the war. It's a great feeling."
Flying with McKeown as co-pilot is Olen E. Cupp of Lubbock, Texas, a graduate of Texas Tech an Army-trained flyer. Together they have lifted their huge freight planes off airdromes in northeast India, dodged Japanese planes and breezed through canyons of some of the world's highest mountains.
On their most recent flight they plotted a course which allowed them a slender margin of safety if they could climb to 17,000 feet while threading through a mountain pass. Believing they could get through, they took off.
Storm In The Mountains
Their route advantage of cloud cover, crossed Burma without detection by Japanese, then headed for the mountain pass. Instead of the clear weather they expected, however, a storm closed in and they were forced to fly blind. Instrument flying is on problem to an American airline pilot, but also it is very easy, without radio beacons, to get many miles off course. That's dangerous when you're flying in the vicinity of mountain peaks, twenty-three thousand feet high, as McKeown and Cupp were.
Soon they found that they were unable to climb over 16,000 feet because of icing. But they decided to push on even though they had only a few feet of clearance over the highest point in the pass.
Then A Clearing
For more than 90 minutes they flew blind through storms and failed to sight a landmark by which they could orient themselves. Then, when they were beginning to get worried, the clouds broke, they got their bearings and flew on to their destination. Coming back was duck soup.

Track Star

Capt. Roy Bueck of the Texas Aggie track team isn't bothered by a few excess pounds. Six feet tall but weighing 205 pounds, he is one of the fastest track men in the Southwest and the nation's No. 1 low hurdler.

"That meant we weren't likely planes" to meet any Japanese planes." McKeown has a wife and five-year-old son Anthony in Minneapolis. Important thing with cargo apolis.

RURAL CORRESPONDENCE

THREE LEAGUE

Mr. and Mrs. Raymond Wiggins and children, all of Lamesa, and Pvt. Archie Dennis of Camp Barkeley, Abilene.

Mr. and Mrs. Cecil Reed and son spent Sunday visiting with her mother, Mrs. Rebstock of Union.

Cleveland Conger made a business trip to Lubbock Thursday.

Those visiting in the home of Mr. and Mrs. Conger and family Thursday were Mrs. E. M. Cates and children, Billy Jo, George, and Donnie of Lorenzo, Texas; Helen Cates and Helen Marie Cates of McKinney; Mrs. B. M. Bartlett of Lorenzo.

Franklin Dennis and Gladys Russell were supper guests of Miss Jackline Conner of Lamesa Sunday evening.

MIDWAY

Mrs. W. E. Love

There will be a church social at the church Friday night of this week for all members of the B. T. U. Sunday School and Church. Each family will bring sandwiches and sugar to sweeten a drink for its members.

Mr. and Mrs. Gaston Robinson and children and Mr. and Mrs. Elmo Murff and daughter spent last week end visiting Mr. and Mrs. Claud Dean and children of Robert Lee.

MCCARTY

Mrs. B. B. Bullard

Mr. and Mrs. Parmer Anderson of McAdoo and Mr. and Mrs. Roscoe Adkins of Cleburne and Miss Velda Lou Moore of Lubbock spent the week end in the W. O. Moore home.

Lee Arnold of San Spring, Ruth May of Ropesville and Dorothy Holder of Albuquerque, N. M., are visiting their grandparents, Mr. and Mrs. J. M. Peterson and family this week.

WAR DEMANDS A DIFFERENT TUNE

WASHINGTON (AP) — The War Production Board order halting manufacture of almost all musical instruments except violins, cellos and some guitars is expected to result in large savings of strategic metals.

The musical instrument industry used up about 15,000 tons of these metals in 1940, the last year for which complete figures are available. This total included 10,000 tons of iron, 3,000 tons of steel, 1,300 tons of brass, 375 tons

of copper and 25 tons of aluminum. The iron would have made casting for 11,500 6-ton army trucks; the steel, 83 medium tanks; the brass, 49,000,000 rounds of .30 caliber cartridges; the copper, 500 155 mm. field pieces; and the aluminum, 40,000 aircraft flares.

KEY

Denver Truitt

Guests of Mr. and Mrs. H. A. Shipp and family Sunday were, Rev. and Mrs. A. A. Watson of Lamesa, and Mrs. Watson of Oklahoma.

Mrs. J. W. Southard, Margie and Jim Euly Southard who have been visiting Mr. and Mrs. Austin Blackman and Mr. and Mrs. Bill Music of Lovington, N. M., returned home Friday.

Mayhew Family Reunion Held At Sweetwater City Park Saturday July 4th

The J. G. Mayhew family held its annual reunion at the Sweetwater City Park on Saturday, July 4th. Forty-one persons represented thirteen families.

The day was spent renewing acquaintances with relatives, swimming, picture taking and various other things.

Recognition was given the members of the family who are in the armed forces or employed in defense work. Technical Sergeant Carlton L. Tune is at Indiantown Gap, Pa. Army Air Corps Instructor Melvin Smith is in Santa Maria, California. Private Clifford L. Horn is stationed at Sheppard Field, Wichita Falls.

Those attending were Mrs. T. M. Mayhew and Weldon, Mr. and Mrs. W. E. Mayhew, Darlene and Tommy, Mr. and Mrs. J. B. Belew, Geraldine and Maxine, Mrs. O. E. Clayton and Minnie J., all of Winters, Mr. and Mrs. Parks of Ballins, Mr. and Mrs. Cloves Tunes, Terry Joyce, Una Vay and Lamorie, Rev. and Mrs. Cecil M. Tune and Karen Kay, all of Lubbock, Carol Tune of Fort Worth and Miss Evelyn Pike of Gainesville.

Mr. and Mrs. D. B. Horn and Beth, Mr. and Mrs. V. M. Horn and Ronda, of San Angelo, Mr. and Mrs. A. B. Horn, Marie, Dee, and Pearl of Bronte, Rev. and Mrs. J. L. Mayhew, Charlene and J. L. Jor, of Ropesville, Mrs. Mart McReory, and Mrs. Merle McReory and Dwane of Big Spring.

MARLYNNE HOUSLEY COMPLIMENTED WITH DINNER TUESDAY

Mr. and Mrs. W. K. Crawley entertained Tuesday evening with a dinner at their home, honoring Miss Marlyne Housley of Albany, who is their home guest this week.

A dinner was served from a beautifully appointed table, which was centered with gold colored candles and painted daisies.

MRS. TOM BURNSIDE HOSTESS TO BRIDGE CLUB TUESDAY

Large bouquets of flowers decorated the entertaining rooms of Mrs. Tom Burnside's home Tuesday afternoon when she entertained for members and guests of the Tuesday Bridge Club.

During the games of the afternoon Mrs. Fred Reese won the high score prize, and Mrs. Henry Sayles of Abilene and Mrs. Jack Phinizy won the little slam prizes.

FAITHFUL WORKS CLASS HOSTESS TO T. E. L. CLASS TUESDAY

Members of the Faithful Works Class of the First Baptist Church entertained Tuesday afternoon at the church for the members of the T. E. L. Class.

Mrs. N. C. McDonnell, president of the Faithful Works Class, presided at a short business meeting, after which the following program was presented. Opening song, "My Faith Looks Up To Thee," led by Mrs. A. G. Barnard, Mrs. C. Baldwin, "Devotional on Faith and Prayer," Prayer by Mrs. O. C. Speck.

The following speakers were introduced by Mrs. Brown, Mrs. M. O. Grant, and Mrs. J. W. McDonald. Misses Wynelle Cotten and Mary Frances Barnard, accompanied by Mrs. Barnard gave two vocal numbers. Mrs. Guy Orr read "Our Young Mothers."

Mrs. Charnel Jobe talked on "Work of the Adults Department." Closing prayer by Mrs. Leon Frazier. Refreshments of punch and cookies were served to about 44 guests. Out of town guests were Mrs. Max Gray of Seminole, and Mrs. C. O. Cornes of Whitehead.

MR. MRS. R. A. STUART COMPLIMENTED WITH PARTY WEDNESDAY

Mrs. Rupert Austin and Mrs. Bub McDonald entertained Wednesday evening at the home of Mrs. Austin for Mr. and Mrs. R. A. Stuart, Jr. of Al Hembra, California, who are visiting with relatives here this week.

Various games were enjoyed during the evening after a delicious dinner had been served.

MRS. ELMER COPE HOSTESS TO 42 CLUB WEDNESDAY

Mrs. Elmer Cope entertained Wednesday afternoon at her home for the members and guests of the Wednesday 42 Club.

During the evening games of 42 were enjoyed after which a refreshment plate consisting of a congealed salad, ice cream, cookies and iced tea was served the guests.

MARLYNNE HOUSLEY HONORED WITH BREAKFAST THURS.

Complimenting Miss Marlyne Housley of Albany, Mrs. A. E. Jacobs entertained with a breakfast Thursday morning at 9:30 at her home.

During the morning games were enjoyed.

MRS. KENT MORGAN HONORED WITH SHOWER TUESDAY

Mrs. J. T. Pruitt Sr., and Mrs. Monroe Davis were co-hostesses when they entertained last Tuesday at the home of the latter with a miscellaneous shower complimenting Mrs. Kent Morgan, a recent bride.

The entertaining rooms were beautifully decorated with cut flowers and carried out a color scheme of blue, white and pink.

HIGGINBOTHAM Mrs. W. P. Cozart

Sunday School was very well attended Sunday. You that were absent were missed. Come next Sunday and bring someone with you.

Mr. and Mrs. Parchman and family, Mr. and Mrs. Andy O'Neal and children, Mr. and Mrs. Frank Green and family visited in Big Spring Sunday.

Mr. and Mrs. Odis Archer and family, Mr. and Mrs. E. L. Cozart and children, Mr. and Mrs. W. P. Cozart and Lois and Halbert Alderman visited in D'Donnell Sunday.

Mrs. W. A. House and Eva Lena visited Mrs. J. B. Webster Monday afternoon.

Elberta and Billie Archer of O'Donnell are visiting in Mrs. W. P. Cozart home this week.

Mr. and Mrs. T. L. Smith are the proud parents of a baby girl. She has been named Linda Marcelle.

Mr. and Mrs. W. E. Huddleston, Mr. and Mrs. D. P. Huddleston and family, Mr. and Mrs. Lester Lewis and son, Eva Lena House, B. R. Ellenora Knobles, Sylvia, Geneva, Loyd, Woodrow Young and Wylie D. Freeman visited Mr. and Mrs. L. M. Baxter Sunday.

Mr. and Mrs. W. A. House and Mrs. Marie Sanford and girls visited Mr. and Mrs. W. C. Brock at Lamesa Sunday.

Jewell Tapp was an over night guest of Lou Ella Gandy Saturday night.

Thelma Bristo spent the week end in San Antonio visiting with friends.

State Land Use Committee Set War Aims

Winning the war is the first and immediate objective of the State Land Use Planning Committee, and preparation for successful post war reconstruction is its second, members agreed recently as they concluded a two-day conference on the A. and M. College campus.

H. H. Williamson, director of the A. and M. Extension Service is the committee chairman.

The group learned that 245 county and use planning committees have agreed to aid all war efforts by serving for the duration of the war as County Agricultural Victory Councils. This means they will do emergency war work in addition to their long-time planning activities, it was explained. Council members—10,037 farm men and women—will serve as community Victory leaders.

These, aided by 42,008 neighborhood Victory leaders, will form a "human chain" of communication for rapid transmission or collection of war information related to agriculture. The communication system will serve all farm and ranch families in the state.

Discussions during the two-day program were devoted to storage of the state's wheat crop, salvage collections, experimental county health and medical programs, post war planning, assistance for rural families evacuated from war project areas, and the farmers' battle against inflation.

MARRIAGE LICENSE

Roy Hightower and Mrs. Alberta Shields, July 7.

Pique Flowers On Her Hat

The flowers crowning this summer straw are made of white cotton pique to match the crown, which is also made of cotton pique. The pretty model wears it with a two-piece cotton suit which is very popular this season.

Miss Ruth Joyce Bown returned Sunday from a visit with friends and relatives in Lorenzo.

G. G. Davis of Ada, Oklahoma, is visiting in the home of his daughter, Mrs. O. D. Hall.

Linda Kemper is visiting relatives at Knott for a few days.

The young people enjoyed a party in the J. E. Rayborn home Friday night.

Albert Knox of Marfa, Texas, is spending a few days with his parents. Mr. and Mrs. Ed Knox.

KLONDIKE BAPTIST CHURCH Last Sunday was a banner day for Klondike Church with 135 in Sunday School, four additions by Baptism and two by letter.

The pastor completed two years work with this good church last Sunday and the second showed 82 additions for the two years, 34 by Baptism and 48 by letter, with something over \$6,000.00 coming through the treasury of the church. This church is enjoying the finest fellowship to be found anywhere, and their greatest desire is to magnify the Price of Peace for a war torn world. Wouldn't it be the finest thing at all if every Christian's life would exemplify the Spirit of Christ.

If you have no church home we invite you to worship with us. The church with a friendly welcome. -Ernest Phillips, Pastor.

Mrs. L. M. Wiggins
Mr. and Mrs. Tom Bertram and children of Lamesa visited Mrs. Bertram's parents, Mr. and Mrs. H. H. Corbett Sunday.

CANINE KEEPER OF THE KEYS

TUCSON, Ariz. (AP) — Mike, a smart cocker spaniel, is trained to take the automobile keys from his master, the Rev. Fr. Athanasius Drohan, after a drive and put them away in the house. When the priest wants to use the car he calls Mike, who brings the keys. The plan worked well until Mike was left at home on two successive days. On the third day the keys couldn't be found. Mike had hidden them in a hole in the yard. To solve the difficulty, Father Drohan got into the car and called Mike. The dog looked the situation over, apparently decided he was invited to join in the ride, and dug up the keys and placed them in his master's hand.

VOTE FOR

Vernon D. ADCOCK

Candidate For
County Judge
DAWSON COUNTY
(Re-Election Second Term)

•••••
NOW SERVING IN
U. S. ARMY
•••••

Judge Adcock chose to serve Uncle Sam in the Army rather than accept the deferment given County Judges.

(PAID FOR BY FRIENDS OF JUDGE ADCOCK) 52-54 p

Friends Of Judge Louis B. REED

ARE ADVOCATING HIS RE-ELECTION AS

District Judge

106TH JUDICIAL DISTRICT

BECAUSE:—

1. He has proved himself a capable judge as evidence by affirmed decisions in Courts of Appeals. Years of study in the University of Texas Law School and extensive private practice have qualified him.
2. He has conducted Court business promptly, efficiently and economically, saving time for witnesses, jurors, officers, litigants and attorneys, saving money for the State by making new trials unnecessary, saving counties expenses in caring for and feeding prisoners awaiting trial, and clearing the dockets that legal matters can and do receive prompt attention.
3. Government agencies and private employers, generally expect returning soldiers to re-enter civilian life in former positions. It is desired that upon his return that he become District Judge.
4. His qualities of citizenship as indicated by his daily living, his high standing in the legal profession, his devotion to Church, Nation and State are deserving because of their high rating.
5. His friends know and appreciate the fact that for nearly TWENTY-FIVE years his spare time and vacation periods have been spent in military studies and practice and church work. They appreciate the fact that he is prepared to serve the Armed Forces efficiently as ranking Lieutenant Colonel, and that he accepted the Post Chaplain call to teach the Military Post's Sunday School Class for all servicemen.
6. He is at his post of duty with the United States Army and cannot make his own campaign. We do that for him.
7. The law provides for conduct of the Court during his absence and the business of the court goes right along at no additional cost for Judge Reed receives only his Army pay.
8. He is entitled to the Democratically accepted Second Term by the qualities of services rendered during his incumbency.

How to Make Your Iron Last Longer *

Electric irons, like many other household appliances, are out of production due to the war. You'll want to take good care of the one you have so that it will last for the duration.
Keep the iron cord plugged in tightly, for a loose plug makes the contact points corrode and lessens the efficiency of your iron. If your iron is the non-automatic type, be careful not to let it get too hot and be sure to disconnect it if left unused more than a few minutes.
* If your electric iron doesn't work properly, take it to an electric shop for repairs. You may be able to save money and you'll also be cooperating in the program to conserve metal.

*This message is one of a series designed to aid you in getting the maximum benefit from your present electrical equipment.

WEST TEXAS GAS CO.

TO THE VOTERS OF DAWSON COUNTY

DEAR VOTER:
On Jan. 10, 1942, I announced in both the County papers for the office of County Treasurer. Since then, there has been 4 more persons asked for the same job. Now it is your privilege to have a "SAY SO" as to who shall get the job.
I am sure you will want to select that person best qualified to fill the job, same as you would if you were hiring a person to do some personal work for you. If you were looking for a man to run your tractor, you would want someone with experience, and the more experience the better. If you should become seriously ill, you would not send for a blacksmith to help you. You would want an experienced physician. If Dawson County belonged to you personally, you would hire help that was qualified for their particular work.
The Treasurer's Office is strictly a bookkeeping job, and your Treasurer should have bookkeeping experience in order to take care of the office properly.
I kept the books for the "Dawson County Bank" and The First Nat'l Bank for almost two years, and I have been assisting Mr. Cecil Speck at Bryant Link Co. for the past six years with his office work and making change at the Cash Register on busy days. IN ALL, I have had better than fifteen years of actual experience in different kinds of office work, and I feel like I am qualified to keep the Treasurer's books in balance, and it is on these qualifications that I am asking you for your vote and influence.
If elected, I will try and stay on the job and be at your service when needed. Instead of running around on the streets, my time will belong to the office, and there is where you will find me.
To those of you who do not know me personally, I will appreciate your talking to some of the old settlers and find out if I am telling the TRUTH or not.
Any consideration given me will be greatly appreciated and I hope you can see fit to leave my name UNSCRATCHED on July 25th.
Thanking you in advance for all favors, I am yours respectfully,
H. LAMBERT DUKE

DARBY'S

Salley Ann Bread and Cakes—Always Fresh and Delicious
SAY SALLY ANN TO YOUR GROCER

FARM NEWS

from **FOOD FOR FREEDOM**
YOUR COUNTY AGENT
TEXAS EXTENSION SERVICE

"In our desire to save feed, once it is made, we have in West Texas the trench silo to help us," says B. J. Baskin, County Agent. "However we must remember that we take out of silo the same quality of feed that we put into it."

E. R. Eudaly, dairyman with the Extension Service of the Texas A. & M. College suggests that "matured grain and sweet sorghums make better silage. Feed cut too green and put in a silo has an acid or sour taste. Such feed is not palatable, and is not good feed. Grain or feed cut for silage should be hard. Good feed makes good silage. Good silage means ample feed supplies on hand."

Save those tires. Save those cars. Save those trucks. Texas farmers have more hogs, more milk, more eggs, more fed cattle to market this year than ever before. The demand for these products is greater due to the War. These products must reach the market. But we must conserve the use of machinery and rubber. Use trucks and cars only when necessary. Drive slowly. Keep tires properly inflated. Form cooperative groups to save everything in the form of tires and machinery and trucks.

How Would You Feel Under Fire? Ask The Navy

By WENDELL WEBB
Wide World Features

With the U. S. Pacific Fleet—If you want a chuckle and a renewed confidence in American youth, just ask some navy men how they felt a short time ago when the bombs and shells were falling. Here are a few answers:

"I just wanted you to give those guys hell, I guess."

"I was scared, dammit! But it sure was fun."

"Those sos-and suches! I guess I just hollered and worked."

"I didn't have time to think about it. Why?"

There was a faint and refreshing note of belligerence in most of the answers—was anyone inferring they were afraid of a fight? No one was.

One thing was certain—it didn't matter one whit how they felt; in so far as their performance was concerned. Their officers attested to that, and described the gun crews and others as eager, cheering, quick-firing youngsters, who had a wonderful time doing the job up right.

There were few signs of actual emotion. One youth swung from "Sweet Adeline" to "Rock of Ages" as his guns opened upon approaching planes. He gave no other sign of perturbation.

An acting gunner from Kingsland, Ark., became so interested in an aerial dog fight he forgot to keep his hands out of the machinery. He didn't know until later a nail was ripped off.

A high-strung young artist from Los Angeles became so excited when he saw eight additional enemy planes on the horizon that he shouted, "There must be hundreds of them. They look like bees." He sounded almost jubilant.

A Dallas, Texas, boy, undergoing his baptism of fire, insisted he was "a scared a bit, all right," but his gunnery officer said no one ever would have guessed it from the way he did his job.

A red-haired scout plane pilot from Blue Hill, Me., "didn't have much fun. Here I was right next to a good scrap and what could I do? Nothing. I wish I'd had a fighter plane. Heck."

The Negro mess boys were below deck in the ammunition-handling rooms, "and they worked like the devil, too," and officer said, "They appeared to have a mingling of emotions, topped by one of pride in the important part they were playing."

He told of one outburst on the part of my room boy, a handsome colored youth from Kenridge, Va., who was passing shells without a slip and listening to the loud-speaker's report on the battle.

Suddenly the speaker said, "Saving of this much needed food as well as bringing this additional cash to our farmers."

Clean milk can be produced by: (1) sterilizing milking utensils, (2) washing and drying udders prior to milking, (3) washing hands with a sterile solution and (4) cooling milk down in sterile vessels or coolers.

The year 1942 has brought out one of the most admirable traits of Dawson County farmers, states B. J. Baskin, County Agent. Since I have lived in this county I have noticed that when illness comes to a farm home that the neighbors have always gathered at the farm and worked out the crop for their unfortunate friend. But this year, a year when so much depends on each farmer producing the most possible from every acre, I have noticed that this neighborly spirit has been shown at its best.

In every community in the county at one time or another I have seen many men and tractors at work in the field of a sick neighbor. It is a friendly act. It is a neighborly act. It is a gracious act. I know that those that have received this service are indeed grateful. I know that it is a privilege to work in a county where everyone is ready to render service to their neighbors.

"It is rather a hard job to adjust yourself to farming a terraced farm, but I am certainly glad that I had you terrace my farm about 18 months ago," states Jack Walls in a conversation with the County Agent.

In 1941 we had more rain than in any year I can remember, but I did not lose any of my rain. My terraces held every drop of water that fell in my field. My yields per acre were indeed satisfactory. I am going to build my terraces wider so that I can use any type of farm equipment on them. When that is done I will be more than well pleased with them.

Housewives Are Urged To Save Kitchen Fats

Conserving kitchen fats and oils is a wartime "must" for every housewife, says Hazel Phipps, specialist in food preparation of the A. and M. College Extension Service. "Don't waste fats and spoil foods cooked in fats with too much heat."

When fat starts to smoke it starts to break down chemically. Food cooked in smoking fat will be harder to digest and may be irritating to the digestive tract. Once fat reaches the smoking stage it gets rancid more quickly if saved for future use. Many fats may be saved and re-used. For example, fat used for deep fat frying may be saved and used several times afterward if it is strained each time before being put away. For this purpose several thicknesses of cheese-cloth or other clean white cloth are suitable.

Miss Phipps advises using fats while fresh. But she cautions against adding fat on top of fat continuously and letting that poured up first on the bottom of the can get rancid.

"Every bit of surplus fat, unless it is too strong in flavor or has been scorched, may be used for cooking," Miss Phipps says. "Fats which have objectionable odors, tastes and colors easily may be clarified at home. To do this, melt the fat with an equal volume of water, heating at a moderate temperature for a short time, stirring occasionally, and then cooling until congealed. The fat then can be lifted from the water surface."

All fats should be stored in closely covered containers in a dark place and away from strong-flavored foods. Table fats should be kept very cool in a refrigerator if possible.

ACK-ACK GOT HIS NUMBER
SYDNEY (AP)—Queer quirks of fate add zest to life for Staff Sergeant Sidney Gosney, just back from the war overseas.

He has been telling folks how he got caught in a raid on Coventry, England. Ordered to a shelter, he chose the gutter instead. Lying there he watched the shelter get pulverized by a direct hit.

Later in Egypt many German bombs just missed him—but falling shell fragment did not. An army surgeon extracted from his body a square-inch fragment of British ack-ack fuzee cap bearing the number 789.

Now he has joined the Australian returned soldiers league. His badge number is 789.

BUCKWHEAT UTILIZED AS SOURCE OF HONEY
STATE COLLEGE, Pa. (AP)—So the average American buckwheat means breakfast pancakes, but in these days of sugar rationing and labor shortage the crop is being used for honey production and economic poultry feeding, says J. W. White, professor of soil technology at Pennsylvania State College.

When the plants are in flower, an acre of buckwheat may supply enough nectar for bees to make 100 to 150 lbs. of honey, he says. Buckwheat blooms after clover is gone and before other flowers develop on which the bees may work.

After the grain ripens, it may be used for turkey pasture. "Turkey down" buckwheat is a new and economical way of harvesting the grain, he points out. According to poultrymen and there is a complete utilization of the crop in addition to high replacement of other feeds.

AND MAYBE FOREVER
HONOLULU (AP)—The Japanese Chamber of Commerce here operated five months after the attack on Pearl Harbor—but now it's closed for the duration.

"The bombers are now right over us."

The colored boy paused a split second, raised both hands over his head, looked at the ceiling he expected to explode in his face, and shouted: "Jesus, here I comes." He went right back to work without a break.

AYERS SUPREME CHICKEN FEED—PIG and HOG SUPPLEMENT

FRI. & SAT. SPECIALS We Reserve the Right to Limit Quantities

The leafworm has made an early appearance in South Texas this year, states Cameron Siddall, Entomologist of the Extension Service of Texas A. & M. College. He is already moving up the Texas Gulf Coast line. Farmers are already taking steps in South Texas to control this pest.

Dawson County farmers are cautioned to keep posted on the progress of this pest, and to get poisoning machines ready.

With hot weather really here to stay, there are two things our poultry raisers should watch, states B. J. Baskin, County Agent. These two things are sanitation and ventilation.

Sanitation can be controlled by regular cleaning up of poultry houses and yards. Clean up and disinfect. A can of lye added to 15 gallons of water may be used to scrub all equipment. Follow this with a good disinfectant. Clean up watering facilities. And keep them clean.

Ventilation is necessary. Poultry needs fresh air at night as well as in the day time. Do not crowd the birds on the roosts, and be sure that there is plenty of fresh air without drafts.

The production of \$15,000,000 pounds of unclean milk per year—milk unfit for consumption—is costing the farmers of the United States many thousands of dollars every day, states B. J. Baskin, county agent.

Sanitation in the production of this milk in the marketing of the milk and cream will result in the

Training Bombers Blast Miniature 'Tokyo' In Texas

Four of Uncle Sam's twin-engine training bombers drop their bombs in a scaled miniature model city of 'Tokyo' in a July 4th demonstration by bombardiers of the Midland, Texas, Army Flying School. The lead plane's bombs have blasted an "industrial district" while others have just released their loads. Twenty thousand persons watched more than 75 planes devastate the "Little Tokyo."

South Plains Area Collects 2,750,000 Pounds Of Scrap Rubber; Drive Ends Friday

Approximately two and three quarter million pounds of scrap rubber had been raised in 19 South Plains counties in the current scrap drive which is to close Friday, July 19, including 181,912 pounds in Dawson County, it was indicated Tuesday by reports from all over the territory.

No figures have been released on the total scrap collected in this county to date, but it is expected to go well over the 200,000 pound mark. One more day is left of this drive.

Figures are incomplete, based on newspaper reports of last week. In two counties no reports were available after the preliminary report of the first week. In Crosby county the report shows only Crosbyton, with no reports available there on collections at Rails or Lorenzi.

Totals so far are 2,712,405 pounds, but eliminating comparative figures for unreported towns, the total is probably between 2,750,000 and 2,800,000 pounds. It is believed the drive will see figures well over the 4,000,000 pound mark.

States and Oklahoma county figures are for the first week only. Following are the totals: Bailey, 42,579; Castro, 53,000; Cochran, 57,541; Crosby, 75,000; Dawson, 181,912; Dickens, 84,899; Floyd, 166,927; Gaines, 127,900; Garza, 82,105; Hale, 307,331; Hockley, 166,609; Lamb, 218,106; Lambok, 500,000; Lynn, 140,000; Motley, 65,000; Scurry, 138,720; Swisher, 128,000; Terry, 164,000; Yoakum, 15,000.

TEXAS LEADS AREA
WASHINGTON, July 7 (AP)—A state-by-state list of scrap rubber collections from June 15 through July 3 as reported to President Roosevelt yesterday by Chairman William R. Boyd, Jr. of the Petroleum Industry War Council, and made public by the White House includes:

States—	Per Capita	Tons	Pounds
New Mexico	2.178	8.19	
Oklahoma	11.300	10.15	
Texas	25.561	7.97	
National Total	334.293	5.07

Candidate For Lt Governor Visits Lamesa

Boyce House, Tarrant County newspaperman, was a visitor in Lamesa Wednesday in the interest of his campaign for Lieutenant Governor of Texas. He has lived in West Texas 15 years and is the author of five books about Texas and helped to write a Texas moving picture, "Boom Town." House has "covered" sessions of the Legislature as a news writer and is familiar with the state government. He has never before been a candidate for any office.

E. Hardesty, Aubrey G. Moore, J. L. Kitchens, Dave O. Minis, Pfc. Carl S. Hester.
