BOYS AND GIRLS THANK CITIZENS

C. W. Lehmberg, county agricultural agent, called at The Ledger office Tuesday morning and handed over a resolution prepared by the Boys' and Girls' Rural Clubs of Runnels county. This resolution thanks the citizens of Ballinger and of Runnels county and especially all of those business concerns and other inaided in making their encampment a success.

"It was a decided success," Mr. Lehmberg stated, "there was a much larger representation present this year than ever before and the boys and girls seemed to take more interest in their work."

The resolution is as follows:

"In appreciation of the hearty co-operation and splendid interest shown us during our annual Club Encampment by the various business concerns and others individuals, we the members of the Boys' and Girls' Agricultural Clubs of Runnels county take this means of expressing our deepest appreciation and our most heartfelt gratitude to all those who helped to make the encampment one of the most successful and enjoyable ever held in Runnels county.

"We especially want to thank Mr. J. D. Motley, secretary of the Chamber of Commerce of Ballinger for his untiring efforts in providing comfortable quarters for all the club members and for the numerous acts of kindness shown us and the many encouraging words spoken to us during our various meetings. We also want to thank the Chamber of Commerce for the splendid barbecue and other refreshments served us and for the fine music furnished by the Chamber of Commerce Band. We hereby acknowledge our debt of gratitude to the West Texas Utilities Company for the free electric current and the ice furnished us during the three days and two nights of our stay in the city. We wish to express our deepest appreciation to the Country Club for the swim in the Country Club lake which was so thoroughly enjoyed by all of us. We shall long remember the kindness of Mrs. Douglass' Sunday school class in the rendition of the splendid musical program given us by the Kitchen Kabinet Band. It is with a great deal of gratitude that we remember the comfortable chairs and other equipment furnished us by the King-Holt Furniture Company.

"We further want to thank all the business concerns and other individuals who took part in any of the programs or in any way contributed to the comforts we enjoyed during our encampment.

"We had a wonderful time and we feel that this enjoyable time was made possible only by the combined efforts and the hearty co-operation of the various business firms and other individuals of Runnels county.

Signed:

"Runnels County Boys' and Girls' Agri. Clubs."

TRADE TRIP TO EDEN THURSDAY

Thursday is the day for the Ballinger boosters and the Chamber of Commerce Band to go to Eden for the second day of the big two-day Concho county picnic, J. D. Motley, secretary of the chamber, announced Tuesday afternoon.

"We want every citizen who can get off to make this trip to Eden," Mr. Motley said. "We will also require some cars to take the band boys to Eden and all of those who can furnish an automobile are requested to telephone 39, the Chamber of Commerce, and let the secretary know it."

Mr. Motley said the time of departure from Ballinger had been set for 8:00 o'clock Thursday morning.

"We must be on the road by 8:00 o'clock," Mr. Motley said. "Eden citizens have prepared a place on their program for the Ballinger delegation and we must be there on time for this and also for the barbecue."

This is to be the first of a series of "good will" tours which Ballinger citizens will make during the few months preious to the Runnels County Fair which is to be held here during October. Other trips are being planned and it is expected some seven or eight trips similar to this one will be made before the fair dates.

"This will be a good chance to advertise Ballinger and the fair, and that is what we are going for. Eden citizens invited our band down for the whole two days but we declined the invitation on account of the recent encampment held on the Llano River near Junction which took the band boys away from Ballinger for one week," Mr. Motley asserted.

All those contemplating making the Eden trip should be at the Chamber of Commerce offices Thursday morning before 8:00 o'clock so that the Ballinger delegation can get an early start.

CHANGE MADE IN TEXAS TEXTBOOK

(By Associated Press)

NEW YORK, July 13.—Young Texans are to learn about development instead of evolution, New York publishers have announced. Changes have been made in the textbooks for use in Texas to conform with the state's laws.

The phraseology of some of the texts have been changed while in others chapters have been eliminated.

One of the changes reads that skeletons of higher forms of animale represent many centuries of development.

DISMEMBERED BODY OF GIRL FOUND IN BOSTON

(By Associated Press)

BOSTON, July 13.—The body of an unidentified girl, mutilated and dismembered, was discovered today on a lonely road that winds its way between two cemeteries here. Police believe that the girl was attractive and was apparently refined. She had been dead about one week.

Her body had been cut up and packed in two boxes and a burlap bag, when found some time Sunday.

The only clue left for the police to work on was the manner in which the assassin tied the knots of heavy window cord that bound the boxes. They were tied apparently by a seaman or someone familiar with marine knots.

MARINES SEARCH FOR BLAST DEAD

(By Associated Press)

DOVER, N. J., July 13.—A revised list of the victims of the Lake Denmark disaster today showed that 13 identified and six unidentified dead had been taken from the devastated area.

Reports from various hospitals showed that 70 of the injured had been treated.

DOVER, N. J., July 13.—Cessation of bombardment by shells today warranted an uninterrupted recovery of the dead and succor to the living on New Jersey's "peace-time battlefield." Several hundred marines and soldiers are on duty about the Lake Denmark naval depot in the search for additional victims of the exploding ammunition, which after a flash of lightning Saturday, reduced the depot and miles of the surrounding country to a mass of ruins.

Two boards will be named by Secretary Wilbur to investigate the explosion which aside from the loss of life, destroyed 50 buildings and seriously damaged 400 others and made 350 families homeless.

Six of the seventeen bodies removed from the area yesterday were those of marines, it was announced today.

It is the first time in the history of the state that the people of Texas have had an opportunity to elect a millionaire as their governor. Lynch Davidson began his career as a poor boy doing chores at the age of eleven years. The governor's office only pays $4,000 per year and it can not be said that Mr. Davidson is after the money. WHO IS TO BLAME?

If anybody ever gets killed in Ballinger on one of the crowded streets some of these Saturdays or Sundays or some holiday, it won't be anybody's fault but the business men who some time ago went to the City Commission and asked that they not pass an ordinance to prevent double and triple parking.

This is the most dangerous of all traffic violations in Ballinger and should be abolished. According to reliable information the commission was in the act of passing such an ordinance when several business men from along Hutchings Avenue appeared before them and asked that they not pass this ordinance because it would hurt their Saturday's business.

On some afternoons when traffic is heavy, there is only space enough for one car to pass down Hutchings Avenue in some places when the cars are parked three and four deep on each side of the street. Ballinger has wide streets but it seems that the wider the streets are the less room there is for motorists to pass through them.

Someone is going to get killed or seriously injured some of these days when traffic is heavy just on account of this double and triple parking business. And Hutchings Avenue is part of a State highway. County officers have the authority to make arrests on double and triple parking and to arrest persons who are blocking the highways. Hutchings Avenue is blocked almost every afternoon and every Saturday afternoon.

Double parking should not be allowed anywhere in the incorporated limits of Ballinger.

BROTHERS IN AUTO WRECK NEAR FT. WORTH

H. G. Dentler and his brother, O. H. Dentler, have returned from Fort Worth where they went Saturday night to spend Sunday, but they returned in a different manner than which they went to Fort Worth.

Sunday morning about 3:00 o'clock, out near Millsap, near Ft. Worth, a big truck hauling Sunday papers from a Ft. Worth or Dallas newspaper, ran into the car which the Dentler brothers were driving and caused the car to turn over.

The truck proceeded on its route while the two in the overturned car could not get out without aid. A farmer living near the scene heard the crash and he and his wife went out and assisted in getting the men from under the car. Both received slight bruises and cuts, while it is believed that O. H. Dentler received one or two broken ribs.

Mr. Dentler said that he was endeavoring to make the driver of the truck pay for his car, as it was completely demolished in the collision.

Boils for Years Now All Gone

Alabamian Says Dodson's Liver Tone Gave Him Brand New Liver worth Fortune

Experience seems to indicate that people store up in their systems certain poisons that break out all at once in a series of boils. Sometimes they are fatal.

Willie Hapes says: "Ever since I grew up boils broke out on me just when the planting season began, and I had to lay up. Blood remedies were worthless. The only known remedy was calomel, but it seemed to turn my stomach inside out. This spring I got a bottle of Dodson's Liver Tone and I feel sure it put a new liver into me worth a fortune, for it cleared off the boils and for the first time in years they didn't come back."

The reason for this is the fact that a spoonful of Dodson's Liver Tone loosens up the liver, lets go of a gorge of impurities, sour bile, fermented food and gas and breaks up the most obstinate constipation. And yet it never makes you sick—no gripe, no pain—even though it may drive out quarts of sour bile as black as ink. And this result is absolutely guaranteed.

Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel did in all your life, and without griping or making you sick, go back to the store and get your money.

Now in Good Health by Using Lydia E. Pinkham's Vegetable Compound

Lansing, Michigan.—"I have taken Lydia E. Pinkham's Vegetable Compound whenever I needed it. When I first used it I was so bad I could hardly walk across the room without crying. I was tired all the time. I think my trouble was coming on me for six months before I realized it. I read of your wonderful medicine in the paper, and * * * my husband bought me a bottle, and after the first few doses I felt better, so kept on taking it until I was well and strong. I take it at times when I feel tired and it helps me. I will always have a good word for your medicine and tell anyone what good it has done me. I recommended it to my neighbor for her girl, who is sixteen years old, and it was just what she needed. She is feeling fine now, and goes to school every day."—Mrs. E. F. Bassett, 216 South Hayford Avenue, Lansing, Michigan.

ORGANIZING EGG PRODUCERS HERE

C. W. Lehmberg, county agricultural agent; Henry Todd, of the Runnels County Farm Bureau Association; and Mr. Spruell, of Cisco, a director of the Bankhead Poultry Association of Eastland county, are busy holding meetings over this county in the interest of a poultry marketing association.

Some three or four meetings have already been held and others are scheduled for this week and next week.

Monday night, Mr. Lehmberg with the other two men who are interested in this association, held a meeting at Norton and at this place some 1,200 hens were signed up. To date there are about 15,000 hens signed up to work for the association and it is hoped that by the end of the week the required number of 20,000 will be signed up chicken growers of the county.

Other meetings scheduled for this week are: Crews, Tuesday afternoon at 3:30 o'clock; Antelope, Tuesday night; Rowena, Wednesday evening; Winters, Thursday evening; and Hatchel, Friday evening.

"This is an organization for the selling of eggs and poultry products," Mr. Lehmberg declared, "we are not to ship out any of the hens but we are to handle and ship out eggs from these farms and other poultry products. There will be several concentration points over the county and an office will be opened. The locations of the points of concentration and the office have not yet been announced."

Mr. Spruell is representing the county that is claiming to be "the egg basket of Texas," but Eastland county does not produce and sell as many eggs as Runnels county does after Eastland county has been organized for more than a year in selling poultry products. Runnels county is a much better poultry raising county than Eastland county and at the present, without any organization more poultry products are shipped out than go out of Eastland county.

It is believed Runnels county will begin to show a much more prosperous period of development as soon as this organization is completed and the marketing of the products is started.

"His People" Closes Tonight at the Queen

"His People," Universal production in which Rudolph Schildkraut, famous European stage star, makes his American debut in pictures, the current feature at the Queen Theatre, closes its run tonight. It is a powerful story of the life of a plain Ghetto family—the patriarchal father, the patient, submissive mother and two sons, one an ambitious student, and the other a prize-fighter. How the family finally achieved happiness after a series of mishaps is graphically told under the direction of Edward Sloman. Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." We are going to the zoo this morning. Have seen many interesting things. Wish you and Mrs. Shepherd were with us. Have had only two punctures—both same day in Alabama. All of us have been a little sick due to water and eats. Lots of fruits. We have been going in high all the time. Will have to slow up soon. INDIGESTION

North Carolina Lady Says She Had An Awful Time With Indigestion, Till She Took Black-Draught.

Pilot Mountain, N. C.—"For several years I suffered with a bad case of chronic indigestion," says Mrs. Sam C. Inman, of this place. "I had bad spells with my stomach. At times I had severe pains in my right side. My stomach would get upset and I would have an awful time. It seemed like everything I ate disagreed with me. I was in pretty bad shape.

"My husband had been using Thedford's Black-Draught for some time for indigestion. He had spells of it too, so he suggested that I try Black-Draught. I took some from his box, just to see if it would help me, and I found it was the very thing for my trouble. It did me a great deal of good. My condition was brought on by a chronic case of constipation and, by getting relief from this, I found my general health was much better.

"We keep Black-Draught in the house all the time. Whenever I find I need it, I take several doses and thus avert a bad spell of indigestion. It is a splendid medicine and I am glad to say so."

Pride In Achievement

Every deposit entry in a bank book is a record of some personal achievement. It represents the fruits of labor, carefully stored away for future opportunities or needs.

Every depositor has a right to be proud of this concrete evidence of his own achievement.

There is no one single thing that offers so much in security, safety, peace-of-mind and self-respect as a substantial Reserve in the bank.

To those who do not know this enjoyment, we invite such a connection here.
