COLORADO CITY RECORD, THURSDAY, APRIL 16, 1964

\$5 Per Year in Mitchell County—10c Per Single Copy

Father, Mother And Son Now Fly

Pictured, right to left, are J. P. Jameson of Silver, his wife, Marie, and their son, Robert, 16, Robert's first solo flight here in Colorado City April 9, on his 16th birthday, brought the family fliers to a total of three. Mrs. Jameson soloed Feb. 2, Jameson received his private pilot's license July 10, 1963. The "Flying Jamesons" are pictured standing in front of their own Cessna 172. Background shows the attractive ranch home of the family which also includes a daughter, Kay, 12, and too young to fly except as passenger in the family plane.

SINCE SON'S SOLO

'Flying Jameson' Family Is Father, Mother, on Trio

BY RUTH COFFLEY
Record News Editor

Silver now boasts a family of "Flying Jamesons," with a flying father, flying mother and flying son.

The "Flying Jamesons" are headed by J. P. Jameson, owner and operator of the Jameson Roustabout Services in Silver.

Second member of the flying team is his wife, Marie, who began her flying lessons Jan. 4th and who celebrated Ground Hog Day, Feb. 2, with her first solo flight.

Third of the "Flying Jameson" trio is their son Robert, Jameson who celebrated his 16th birthday April 9 with his own solo flight from Colorado City Municipal Airport.

Flight instructor of the three Jameson is Frank Deregibus, co-owner of the Colorado City Flying Service and School.

Robert had to wait, under regulations of the F. F. A., for his 16th birthday before he was allowed to try his wings alone. Actually, said Deregibus, the Colorado High School sophomore "has been ready and able to solo for weeks now." He began his ground school and flying lessons on the same date

that his mother decided to begin training for her private pilot's license.

The Thursday birthday of Robert was celebrated with his solo and with the shirt-tail ceremony—the slitting of a souvenir strip from the shirt he wore when first soloing. Robert does not restrict his interests to flying lessons, however. At school he is member of the annual staff, takes part in baseball, football and other sports.

He is an Eagle Scout, now member of an Explorer Troop. Last summer he was a member of the canoe expedition of Canadian waters, along with Explorers from

San Angelo. He plans to go to Canada with the group again during the summer of '64.

Marie Jameson, mother of Robert and of 12-year-old Kay, is first of all a homemaker at the attractive Jameson home on the family's ranch near Silver. Mrs. Jameson is a member of the Mop & Broom Bowling League and Silver Peak school, as a sixth grader, and counts the years until she can make the a Girl Scout adult leader.

Jameson flying trio a flying quartet with four pilots instead of three.

J. P. Jameson started the whole thing when he decided to learn to fly late in 1962. He received his private pilot's license July 10, 1963. Jameson like to be up in the air. He like so much he bought a Cessna 172, built a hangar at his ranch and a landing strip.

When the weather is right for it, the "Flying Jamesons" along with their fourth future pilot, Kay, take off for weekend cross country expeditions, vacation visits and sightseeing.

New Mayor Is Dr. Chinn Mayor Pro-tem, Weaver

COLORADO SCHOOL

Board Re-elects Costin President

Warren Costin was re-elected president of the Colorado Independent School Board at its reorganizational meeting here Monday.

Dr. H. Jene Steukley was re-elected vice-president and Bill F. Carter as secretary.

Two new board members, Curtis Latimer and A. M. Holman, were inducted. Other school board members are Warren Anderson and Ben Sparks. Retiring members are R. V. Hammond and Joe L. Blackard.

Two men for the coaching staff were elected at the session to fill two of the four vacancies in that department. Caidd Matthews, who resigned

his post recently, was re-elected as head basketball coach and B team football coach. Matthews teaches American History in Colorado High.

Ray Morgan of El Paso was elected as line coach and will teach math in Junior High. Election of Matthews and Morgan gives new head coach Truman Nix, officially on duty here since Monday, three assistants on the coaching staff.

Third man is Howell Vineyard, B team and assistant coach, biology teacher, who was re-elected.

Resignations previously tendered by Bill Everett, track coach who is moving to a position in the Irving High School, and Jeff Walker, baseball coach who will coach Clarendon High next year were officially accepted by the board Monday night.

Mrs. Joe Emerson, P. E. teacher and coach of volleyball and all girls sports, also resigned. Mrs. Emerson is wife of a druggist who purchased and is operating a drugstore in Loraine where the family now lives.

Miss Ruth Hightower, teacher of music in Hutchinson Elementary school, notified the board of her retirement. See School Page 6

City Accepts \$4,000 Bid Of Industrial Team, Inc.

New mayor for Colorado City is John H. Chinn, M.D., unanimously chosen by City Council in session Monday night.

Elected mayor pro-tem, by acclamation, is Martin Weaver.

Weaver was returned to City Council in April, 1963, by a big majority.

Chinn won re-election to a third term as councilman by polling 538 votes out of a total of 613 ballots cast April 7.

Colorado City's new mayor, Dr. Chinn, is a practicing physician and surgeon as member of both Rhode-Cowan Clinic and Root Memorial Hospital. He heads the Aviation Committee of the local Chamber of Commerce, is active in All Saints Episcopal Church, St. and Mrs. Chinn are parents of five children and live at 145 East 14th St.

Weaver, mayor pro-tem, is administrator for Root Hospital here, active in Chamber, civic affairs and First Methodist Church. He is also president of the Mitchell County Cancer Society.

City Attorney John M. Worrell Sr. administered the oath of office to the three councilmen elected at city polls Tuesday of last week. In addition to Mayor Chinn, now in his third term, is R. J. Hoback, who received 526 votes backing him for a second term; and Henry Lewis who won 484 votes out of 613 ballots cast for election to a first term.

Retiring Mayor H. I. Berman, who did not file for reelection this year, presided over the Council meet for the first portion of the session. Berman was presented an engraved plaque of appreciation from the fellow councilmen with whom he served.

Industrial Foundation Team Inc., non-profit corporation formed for seeking new industries for Colorado City, bid \$4,000 for the 40-acre industrial site offered for sale by the city fathers who recently advertised for bids on the property, north and west of town fronting Interstate 20.

Industrial Team's bid, \$100 per acre, included a check for \$500 "earnest money," considered by Charles C. Thompson, president of the Industrial Team, and J. W. Randle, secretary.

Council accepted that bid. Upon resolution of Berman however, members agreed to have the city attorney word a rider to the transfer which would restrict use of the industrial site purchased from new owners, Industrial Team Inc., to business or industrial use.

Provision of Berman's resolution was that any portion abandoned must be offered for sale to Industrial Team if not put to use for industrial purposes. The retiring mayor, still presiding at that point explained his suggested resolution as a move to "prevent speculation from any possible buyer of plots in the industrial site to be offered for sale."

Upon motion of Chinn, City Council then voted to accept Industrial Team's \$4,000 bid, subject to the provision to be prepared in legal form by Worrell.

Discussion of the city's insurance policies consumed the major part of the routine business session.

Copies of the 1964-65 fiscal year city budget were put into the hands of all councilmen.

Budget is upped, this fiscal year over last fiscal year, by \$18,644. Last year's budget totaled \$213,120. New budget figures for the 1964-65 fiscal term read \$231,764.

NEW PIER CONTRACT

C-City Dads Busy With Lake, Fish Talk

Fishing permits, this season, have brought the city of Colorado City "about \$2,000 to date," it was revealed at City Council here Monday night.

Approximately \$900 of that amount, said Mallie Lou Wallace, city clerk, is money for daily permits required for fishing in either Lake Champlain or Lake Colorado City.

Business of fishing in the two lakes here consumed part of City Council's discussion period.

Colorado City fathers granted George Taylor permission and contract with the city for erecting a fish-harbor at Lake Champlain. The pier will be similar to, but smaller than, the one owned and operated by Bill Cooper at Cooper's Cove, Lake Colorado City.

Land for the project is to be leased by Taylor on the Champlain-Lake shoreline at \$66 per year, with Taylor required to carry liability insurance.

Another request for a fish-harbor (floating and covered pier) to cost about \$18,000 was made by Billy McGee. McGee has expressed plans for building his fishing pier near the new Lake Colorado City city park area. No action was taken on the McGee request, pending selection of a new site for the Lake Colorado City Park.

Members of City Council will make a tour of inspection of a site offered by Texas Electric Service Co., builders See Dads Page 6

Wolves Win Four In Track

Wolf track team came home with four first rung up at the District 3-AAA track meet, Saturday, in Brownfield.

Lamesa's team captured the track title with 139 points. Brownfield was second with 113 and Colorado City won third place with one point less, 112.

Raymond Kincaid placed first in the 880-yard run. Pete Garrett set a new record and took first in pile vault with 123 1/2. David McKay was second, Tim Burson third in that event.

Freddie Fox's broad jump of 23 1/2 ft. broke the old record of 22 1/2 which, incidentally was set by C-City's Jerry McKay in 1961.

Terry Redwine's 440-yard dash accounted for the fourth place Wolves won. Wolves placed second in the mile relay, fifth in discus with Kincaid, second and third in high jump with Fox and McKay, fifth and sixth in shot put with Bill McGuire and Kincaid.

For each ticket sold, with exception of students tickets, organizations are invited to make a 25c profit for their club or class. Tickets will be ready for all organizations wanting to take part in the profit-sharing ticket sales project April 27. They can be had by any non-profit group at

TUMBLEWEED DAYS

New Ticket Sales Plan for Festival

County Judge Elmer Martin, chairman of Tumbleweed Festival ticket sales, announced today that tickets will be ready for distribution Monday, April 27.

Martin and Tumbleweed Festival Association Inc. officials announce a new plan for ticket selling this year. Any club in the county, any civic organization, any church group or any non-profit organization may sell tickets as a money-making project.

For each ticket sold, with exception of students tickets, organizations are invited to make a 25c profit for their club or class. Tickets will be ready for all organizations wanting to take part in the profit-sharing ticket sales project April 27. They can be had by any non-profit group at

2:30 p. m. in Civic House, said Martin.

Dignitary luncheon tickets will be \$2.50 each. Night show tickets for Miss Mitchell County and Miss Tumbleweed contests and the musical entertainment, will be \$1.25 each for adults, 75 cents for all students.

A new entertainment of interest to Colorado City citizens is announcement of the special music for Dignitary luncheon.

Colorado High School's cappella choir, coached by Curtis Latimer, will sing for this year's Dignitary luncheon. Their appearance will give citizens here and visitors from out-of-town an opportunity to hear Colorado City's own best musical group of trained singers.

CARVER NAMES AREA HEADS

Cancer Crusade's Captains Selected

Bob Carver, '64 Cancer Crusade chairman, issued this week his list of area captains to head volunteer workers throughout Mitchell County.

Also named by the Crusade chairman, Carver, was Philip Berman as chairman of advance corporate gifts.

Mrs. Hoyt Roberts will be Crusade chairman at Westbrook; Mrs. Alfred Heckfeld and Mrs. Bob Looney, co-chairman at Loraine.

Area captains named here in Colorado City are Mrs. Albert Spivey, Mrs. Douglas Burns, Mrs. J. Ralph Lee, Miss Ruth Airhart, Mrs. O. L. Simpson, Mrs. E. L. Tiller, Mrs. Oren B. Trulock Sr., Mrs. Willis Jones, Mrs. Gusbetry Willbanks, Mrs. Gus Cheesney, Mrs. J. Ed Richard-

son, Mrs. Charles Godlett. Also Mrs. Edwin Carlock, Mrs. Glen (Bob) Robinson, Mrs. Tom Grant, Mrs. Poly McGee, Mrs. S. R. Wilkinson, T. P. Fowler and Father Edwin (Carlos) Krzewinski.

Mrs. J. P. Nunn of Buford Community will work with Home Demonstration clubs of the county as advisor.

Home Demonstration Club volunteers for the Crusade in their communities are Mrs. D. M. Smith, Loraine, Mrs. Arthur Sheppard, Loraine; Mrs. Don Henderson, Westbrook; Mrs. Lindley Webb, Mrs. Sain Armstrong, Mrs. B. J. Riley, Mrs. Bruce Byrne, Mrs. T. L. Holman, Mrs. W. C. Harlow and Mrs. J. C. Northcutt.

Final planning session of the area captains is set for tonight at 7:30 in City National Bank.

Distribution of the Cancer Crusade work kits, packed by a troop of Junior Girl Scouts. The troop, No. 274, is sponsored by Hesperian Daughters Club. Mrs. M. W. Palmer is leader.

Crusade Day, set for the annual call for funds to fight cancer, will be Tuesday, April 27.

Martin Weaver is president of the Mitchell County Unit of the American Society which sets aside April for the yearly Crusade in Nation, States, cities, towns, communities throughout America.

Cancer Crusade Work Kits Ready

Working hands of this junior Girl Scout Troop packed work kits for Cancer Crusade area team captains. Kits are to be distributed tonight in the final planning session set by Crusade chairman Bob Carver in City National Bank. Girl Scouts pictured here are, left to right, Patty Allison, Carolyn

Light, Debby Shaw, Margaret Hall, Marjorie Palmer, Beckie Camp. Their Troop 274 is sponsored by Hesperian Daughters Club. Troop leader is Mrs. M. W. Palmer. The girls worked at packing the kits in the city's Recreational Building, after school hours. Crusade is set to begin Tuesday.

Skills Day Planned For Scout Adults

All adults in the West Texas Girl Scout Council are invited to share in the fun of a Skills Day at Camp Booth Oaks on Wednesday, April 22 from 9:30 a. m. until 3:30 p. m., according to an announcement from Council Headquarters, Tuesday.

The purpose of this special outdoor day is to teach Girl Scout adults how to use a compass, how to fasten door furnishings, how to pitch and strike a tent, and how to make a comfortable unit home. These skills will be useful to troop leaders

and to the girls. Also, those who enjoy the opportunity of meeting women from other parts of the 46-county area of the West Texas Council will be interested to come to Camp Booth Oaks. Each should register for this outdoor training either by telephoning the West Texas Girl Scout Council headquarters (411-3787) or by writing to the council at 304 Mulberry in Abilene, by April 18.

New Ford Mustang—\$2368* f.o.b. Detroit (and we're not fooling!)

This is the car you never expected from Detroit. Mustang is so distinctively beautiful, it has received the Tiffany Award for Excellence in American Design, the first automobile ever to be so honored by Tiffany & Co. Mustang brings you the look, the fire and the flavor of the great European road cars. Yet Mustang is as American as its name—as practical as its price. And just look at all the wonderful features the price includes:

- 2 automatic courtesy lights
- 1 floor-mounted 3 speed shift
- 2368* f.o.b. Detroit also includes these features as standard equipment:
 - Twice-a-year (or 6000-mile) service schedule
 - Wrap-around front bumper with bumper guards front and back
 - Curved side glass
 - Front arm rests
 - Heater (unless ordered without)
 - Parallel-Action windshield wipers
 - Safety Yoke door latches
 - Front seat belts (unless ordered without)
 - Self-adjusting brakes
 - 170 cu. in. V-8 cylinder engine

Mustang was designed to be designed by you!

You can make the trip to school or the supermarket a lot more fun when you add convenience options like these to your standard Mustang:

- 260 cu. in. V-8
- 3-speed Cruise-O-Matic transmission
- Power steering
- Power brakes
- White sidewall tires
- Push-button radio
- Backup lights
- Deluxe seat belts front and rear
- Outside rearview mirror
- 2-speed electric wipers and washers
- Tinted windshield

You can make your new Ford Mustang an all-out luxury car to suit your special taste for elegance, with these luxury options:

- Tinted glass
- Vinyl-covered hardtop roof
- Accent paint stripe
- Convertible with power-operated top and vinyl tonneau cover
- Full-length console between front seats
- Padded sun visors
- Rocker panel molding
- Deluxe wheel covers with simulated knock-off hubs
- Air conditioner

You can have the ultimate in action by designing your own hot-blooded sports touring machine with these exciting Mustang performance options:

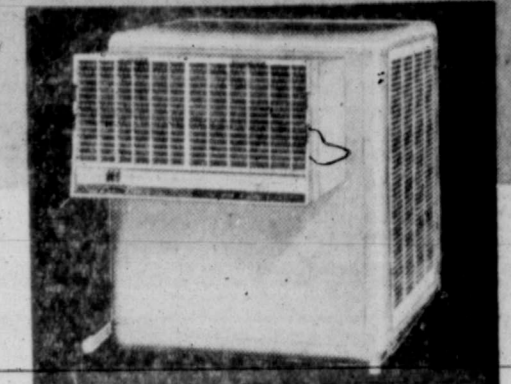

- 289 cu. in. V-8
- 4-speed manual transmission
- Rally Pac (tachometer and clock)
- 1 1/2-inch wheels and tires
- Heavy-duty battery

BETTER COOLING—MORE COMFORT Thru EQUI-FLOW WATER SYSTEM

exclusive with WRIGHT AIR COOLERS

Evaporation of water, coupled with moving air, causes a cooling effect we can feel. For maximum cooling efficiency, an evaporative air cooler must have all cooling pads equally saturated. Uneven water distribution, dry pads, or dry areas on pads will greatly reduce cooling efficiency and comfort. That's why these features of Wright's exclusive Equi-Flow Water System are so important, and why a Wright air cooler gives you better cooling and more comfort.

Dual dispersing nozzles meter out correct amount of aerated water... divided, adjustable troughs distribute it evenly across the entire cooling filter even if cooler is not level.

Swirl action meter distributor for all dispersing nozzles an equal amount of water.

High capacity recirculating pump assures sufficient water for complete saturation of cooling pads.

Eighth Graders See Science Exhibits

Eight eighth grade science students of Robert Duvall Junior High attended the Odessa Science Fair Saturday. They also visited the meteorite crater west of Odessa and made a tour of the Midland television station, KMID-TV, at Terminal. Pictured are Howard Massingale, Eddie Deregibus, Robert Brooks, Jimmy Dupree, Hunter Wistrand, back row, left to right; front row, left to right, are Leon Cooley, Debbie Baker, Patty Adams, Gloria Richardson, Kathy Standefer and Karen Holman, not pictured, also made the trip with Duvall and Mr. and Mrs. Milton Bodzin.

Miss Agee, CHS Student Teacher

Miss Alma Agee, student at Texas Tech in Lubbock is new student teacher in the homemaker department at Colorado City High School.

Miss Agee is twenty-two years old and is majoring in home economics education at the Lubbock school. She is the daughter of Mr. and Mrs. John T. Agee of Lubbock.

The student teacher is a graduate of Lamesa High School where she was a member of the home economics club.

She will do student teaching at CHS under the supervision of Mrs. Jay Craddock, high school homemaker teacher, until the end of the school term. She will participate in commencement exercises at Tech on May 30.

Miss Agee said that she intends to go into teaching profession, and would prefer teaching in a small town. She says it really doesn't matter about the size of the town as long as she can teach.

For the 3rd time in three years, Fred Lorenzen takes the grueling Atlanta "500" at the wheel of his Ford.

FORD TOTAL PERFORMANCE WINS ATLANTA "500" FOR 3RD YEAR IN A ROW!

Latest win gives Ford 11 out of last 12 NASCAR 500 milers!

ATLANTA, April 5: In a blazing exhibition of total performance, ace driver Fred Lorenzen piloted his specially modified '64 Ford to a stunning victory in the Atlanta "500" before a cheering crowd of 75,000 spectators. This victory marks the 11th time that Ford has captured a NASCAR stock car event of 500 miles or more starting in May, 1962.

In the past two years, tough, dependable Ford-built cars have carved out an

incredible history of victories in virtually every kind of automotive event possible—from stock car races to economy runs, from rallies to endurance tests.

This is the dramatic way to show that Fords have changed... and the sure way to be certain they keep on changing.

Ford enters special cars in open competition, in addition to its extensive laboratory and test track programs, because competition provides an intensity of testing that no proving ground alone can provide.

The lessons Ford has learned in racing have already led directly to such refinements as a stronger rear axle, streamlined "fastback" styling, better brakes and an improved ignition system.

Because Ford enters open competition, the cars at your Ford Dealer's are stronger, better handling, safer and thrifter in the long run. They're built for total performance.

TRY TOTAL PERFORMANCE FOR A CHANGE!

Without Surgery

Stops Itch - Relieves Pain
For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain - without surgery. In one after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all - results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®) - discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Believe me, I've cooked on both... and a GAS range is cooler. There's no hang-over heat.

Mrs. Tom Grimes has cooked on both gas and electric ranges and she knows from experience. Turn an electric range off and it's slow to get the message. Heat lingers in the coils. But when you turn "off" on the gas range you cut off that heat, and now! Cooler. See these modern, automatic gas ranges - on sale now at your gas appliance dealers!

DADS
Continued From Page 1
of both lakes here. Present lake park, at Lake Colorado City will have to be moved when TESCO begins construction of their new 30 million dollar addition to the Morgan Creek Power Plant at the lake.

Council voted to advertise for bids for a boat, a boat motor, a pickup and a boat trailer to be used by the lake patrol here.

From a town, long located in deep inland Texas, and once completely surrounded by vast stretches of rangelands, Colorado City has progressed to a city with any number of fish, fishing piers, boat and lakeside park decision to make Council session showed this week.

as a family for family fun, family recreation and family convenience. The Jameson Ranch is south of Silver, a 35 to 40 minute drive by car. The Jameson can take off and land at Colorado City Municipal Airport in something like 13 minutes.

So, barring high winds and turbulent weather, they make shopping plans, too, as the "Flying Jamesons."

SCHOOL -
Continued From Page 1
at the close of the current term.

Tax equalization hearing date was set for June 22 in the school tax office of Nick Farrar, school tax-collector assessor. That office is in City Hall.

School tax rate, the board announced, remains the same \$1.50 per \$100 evaluation. School budget, under study, is expected to be completed, said Frank W. Wilson superintendent of schools, by the June meeting of the board.

In other business, Monday, the board approved the school calendar for the 64-65 school year, discussed taking care of a possible increase in enrollment when construction of Morgan Creek Power Plant's new addition begins, and approved purchase of a fertilizer spreader for school lawns, football and baseball fields, and approved the report of the textbook committee locally appointed.

CONVERSATION CORNER

NOT since the Little Audrey jokes, or maybe the Killroy Was-Here and the Knock-knock craze, has the average fun-loving American had such fun as people do with Candid Camera.

"Smile, you're on Candid Camera" appears in some of the usual traditional places, upon occasion. It is also used as a greeting when you happen to see somebody down at the mouth-looking, or sad around the edges.

MARTIN WEAVER, usually quiet, gentleman, practically panicked City Council with it Monday night.

When the solemn second came for him to present to retiring Mayor Hy Berman an engraved plaque, Weaver made his short speech of praise and appreciation. The mayor, obviously touched, was holding his eyes in complete silence, almost overcome, speechless.

"Smile, you're on Candid Camera," said Martin Weaver suddenly pointing to a spot on the opposite wall. "The camera is hidden, there," he added.

Have't seen such consternation on the faces of City Councilmen since the last unexpected delegation showed up.

THAT brings up the matter of reactions. People react to things like the TV show Candid Camera, say, in as many different ways as there are people to react.

Don't know and can't speak for the rest of our citizenry. But the Candid Camera show, plain embarrasses, in this practical jokes staged on it border on the sadistic, in this uninvited opinion.

Aside from the sequences featuring children, any one of which is a classical example of "unselfconscious" delight, nearly all Candid Camera ideas strike us as designed to make people look—and feel—ridiculous.

MOST PEOPLE can feel and look ridiculous enough without pre-arranged humiliations, trick traps or situations.

It is the human lot to encounter (frequently) enough cracks in the phone, in the train, bus or plane station and on the street. It is the human inheritance to go through enough "puzzlements" without benefit of hidden cameras.

WORRIED? NERVOUS

Over Change-of-Life?

Ease your mind. Get welcome relief with special woman's medicine.

Don't dread those seemingly endless years of misery and discomfort of sudden hot flashes, waves of weakness and irritability. There is a special woman's medicine which can relieve those heat waves, weakness, nervousness, so you can enjoy life again. So that you can once more be an affectionate wife and mother. If you are going through the change, don't despair. Do as countless thousands of women do—take a special woman's medicine—Lydia E. Pinkham's Vegetable Compound—developed by a woman—especially to help women of relieving such functionally caused female distress. In doctors' tests woman after woman found that Pinkham's Compound gave dramatic help to all this without costly shots. Irritability is soothed, hot flashes subside. So don't sit and brood and feel unable to help yourself. You can feel better. Get gentle Lydia E. Pinkham's Vegetable Compound today. The gentle medicine with the gentle name LYDIA E. PINKHAM

Let's Tip The Straw Hat

To Warren Costin... re-elected president of Colorado Independent School Board here. It is an honor—and responsibility—his steady head and steady hand won for him, hands-down. H. Jene Steakley, D.D.S., was re-elected vice-president of the Board. It is a post public-spirited service merits.

Bill F. Carter was re-elected secretary of the Board, too. It is a job that his faithful attention to duty earned him; fellow board-members could tell you.

While we're at it, let's tip the hat to Coach Caddo Matthews, who resigned recently as head basketball coach, only to be re-elected to that post, Monday night. Coach Matthews will teach American History in CHS again next year, coach basketball and be head football coach for the B Team. He'll stay in our town, too, as pastor for Plainview Baptist Church.

That makes lots of students, school patrons, and Baptists feel just fine.

Henry Bilberry, CORNER DRUG

moving pictures secretly being made of same. Privacy is at a premium, these days, anyhow. The human right to grieve, to celebrate, to give birth, to die and to be buried has been invaded too often and too long.

PART of the blame for that belongs to the vaunted picturepress. To the color magazines which have grown maudlin. In their fight for subscriptions and for newsstand sales they have even stooped to invading the coffin. Not to be outdone, the television industry shows our General Douglas MacArthur lying old and physically dead in an open casket.

What has happened to the American sense of propriety? Where did the right to human dignity go? In life—as well as in death?

SOME of it has gone into the tills of Life Magazine, Of Time Magazine, Of Look Magazine. Even, upon occasion, to the once magnificent Saturday Evening Post, established by Benjamin Franklin.

Some of it has gone with the newscasts which sometimes make startled and offended eyes turn away or switch to another station showing Popeye, the Sailor Man.

And a share of the human right to live, as a private citizen minding his own business, belongs now to Candid Camera.

IT IS only fair warning to suggest, therefore, to Allen Funt and to Durrwood Kirby, that there would be simply no point in visiting C-City, Texas.

Any time that crew shows up at City Council to photograph our retiring mayor, next door to tears R. J. Hoback, spilling his pipe tobacco. Ford Merritt, taking off his suit coat. Mike Burt earnestly tapping his pencil. Skeet Harkins grinning at Henry Lewis. Lena Porter polishing her spectacles. Martin Weaver pointing at the wall. John Chinn, M.D., reaching for an ash tray. Mallie Wallace, reaching for a facial tissue.

F. J. Goss, rousing from a short nap. John Worrell, back-turned while he writes a resolution and yours truly secretly trying to fasten a hosliery supporter while scribbling notes.

Well! Candid Camera can just move on. They'd never get signed permission to air City Council from US. That's for sure!

BEFORE we leave city officials to their own devices, let us note here with pleasure, that Hy Berman and his wife Alice have a brand new granddaughter, born last Friday night, to their son Stanley and his wife in California.

Dr. Stanley Berman, one of the Berman twin surgeons, identical twin of Dr. Irving Berman, is now daddy of a second daughter. That makes four granddaughters for the H. I. Berman, parents of three sons, themselves. The mayor and his wife have rented an apartment and will spend the summer in California.

RAYMOND PERDUE household, 1604 Dallas St., has been one of the happier spots on the local scene, this week.

Their daughter, Edna, third of four daughters of the Perdue home, her husband, James L. Williams, and their children Bart, Nancy and Betsy flew in from Atlanta, Ga., Monday at noon.

James, manufacturer's factory representative for Electronic Instruments, pilots his own family, that is, plane, a Cessna Skylime, and the family landed at Colorado City Municipal Airport.

They flew from here, Thursday, to Dallas to see Dr. and Mrs. J. T. Bell. Mrs. Bell is the former Bobbie Perdue and Ann (Mrs. Rick) Herscher, another Perdue daughter.

Basketball Teams to be Honored

WESTBROOK High school basketball teams for boys and girls will be honored at a banquet Saturday night in the school, with Jerry Cunningham as guest speaker.

Cunningham is a former teacher and coach, now living in Winters. The school will host the banquet which will be prepared by Mrs. A. A. Raschke, Mrs. H. P. Hines, Mrs. Edgan Andrews. Eighth grade girls will serve the meal.

Mr. and Mrs. W. C. Hutchins visited in the R. C. Hardin home in Levelland recently.

Thomason With Army

Army Pvt. Floyd H. Thomason, son of Mr. and Mrs. Henry G. Thomason, Hermleigh, Tex., was assigned to the 78th Engineer Battalion, in Germany, March 18.

The 17-year-old soldier, a combat engineer in the battalion's Company B near Karlsruhe, entered the Army in October 1963, completed basic training at Fort Polk La., and was last assigned at Fort Leonard Wood, Mo. Thomason attended Hermleigh High School.

Stanley Berman Have New Daughter

Mayor and Mrs. H. I. Berman became paternal grandparents of a baby girl born to their son, Dr. Stanley Berman, and his wife in California Friday.

The baby is four-year-old daughter of the older Berman and second daughter of Dr. and Mrs. Berman.

Interstate 20 Bridge Wreck

Pictured is Mitchell County Sheriff Lewis Claxton, directing traffic after a Sunday evening traffic accident on Colorado River bridge, Interstate 20 bypass (north and west) near Colorado City. Injured in the wreck were Mr. and Mrs. Donald Ford, Gerald Don, their son aged 3, and James Samuels, their baby son, all of Merkel. The family was treated at Root Memorial Hospital for cuts, concussions and bruises. Driver of the second car involved was Claude Towery, Jr. Both vehicles were traveling east when they collided.

Now remove corns the fast, easy way with Freezone. Liquid Freezone relieves pain instantly, works below the skin line to dissolve corns away in just days. Get Freezone... at all drug counters.

Why is Borden's the milk for children?

Because it's checked for quality 23 times.

Every day, the most accurate tests known to dairy science are made in the Borden's laboratory. On top of that, we taste-test Borden's Milk ourselves, before it's accepted and after it's bottled. All told, there are 23 different tests on every batch of milk! And they're all part of our promise to children: "If it's Borden's, it's got to be good."

MISS MARGARET ANN OYLER
 engagement announced

PLANS JUNE WEDDING

Engagement Told For Miss Oyler

The engagement and approaching marriage of Miss Margaret Ann Oyler to Carrol Weldon Williams of Watsonville, Calif., is being announced by her mother, Mrs. Bill Oyler, 1033 East 12th.

The prospective bridegroom is the son of Mr. and Mrs. J. E. Williams of Watsonville, formerly of Gallup, New Mex.

An evening wedding is being planned in the Ford and Green Street Church of Christ in Gallup, on June 25th.

Miss Oyler is a third grade teacher in the Window Rock Elementary School at Ft. Defiance, Ariz. The public school is located on the Navajo Indian Reservation. She is a 1956 graduate of Colorado City High School, and received a Bachelor of Science degree in education from Abilene Christian College in 1960.

Williams, a graduate of Gallup High School, is employed by the Pacific Gas and Electric Company of Watsonville.

Wesley Bible Supper Meet

Monthly covered-dish supper meeting of the Wesley Bible Class of First Methodist Church met recently in Fellowship Hall of the church.

Hostesses for the meeting were Mrs. E. H. Winn, Mrs. J. D. Norman, Mrs. L. A. Strain, Mrs. J. L. Strain, Mrs. Sam Armstrong, Mrs. J. T. Pritchett. Dinner tables were decorated with arrangements of lilies and iris.

Invocation was spoken by Mrs. Jess Craddock. Mrs. Dewey Davis presided at the business session, which heard monthly reports from the officers.

Mrs. Tom Gray told of her visit to the Wesley Methodist Home and of meeting the class-sponsored child, Elizabeth Ann Fleming.

Social hour was directed by Mrs. Winn. Mrs. L. B. Elliott gave the devotional on "Keeping the Sabbath." Mrs. Arnel Smith presented an interpretative reading of the 23rd Psalm. Meeting was closed with the class collect. Members attending were Meses Mildred Morgan, E. M. Fisher, Davis, Wilma Reynolds, Myrtle Womack, Tom Glover, Sue Johnson, Craddock, L. H. Brown, L. K. Shaw, M. J. Martin, Leslie Keith, Earl Brown, Joe Armstrong, Grant Elliott, Frank Andrews, L. A. Strain, J. L. Strain, Sam Armstrong, Norman, Winn, Sie Hamm, Smith.

PROPOSED NEW PIPELINES

WOULD MEAN LOWER PRICES FOR CUSTOMERS IN SOUTHWEST

El Paso Natural Gas Company's Annual Report for 1963 tells of the company's new plans for bringing needed natural gas supplies to Southern California.

This is good news, not only for residents of Southern California—but also for El Paso Natural's customers throughout the Southwest.

The reason? El Paso Natural's proposal, if approved by the Federal Power Commission, will mean another reduction in the price of natural gas furnished by El Paso Natural in the Southwest, as well as California.

The broad-scale rate reduction will be made possible

through economies resulting from greater use of existing facilities to move gas from major Southwest fields located nearest to California.

Thus, gas consumers in the Southwest have a direct interest in the proceedings now under way before the Federal Power Commission to determine how Southern California's long term needs should be supplied.

We believe El Paso Natural's proposals offer unequalled benefits for consumers in the Southwest and in California. They assure dependable gas supplies in ample quantity—and another cut in the price of gas.

For a copy of our 1963 Annual Report, giving details on service to 11 Western states, write: El Paso Natural Gas Company, El Paso, Texas.

Editorially Speaking

Happy Library Week - One To Grow

Library Week in Colorado City is part of the National Library Week observation stressing this year the theme "Reading, the key."

"Tell me what books a person has read, and I will tell you what kind of person he is."

Vicar of All Saints Episcopal Church here, the Rev. Alan Conley, heads Library Week celebration here this year. He and his committee invite all C-City and all Mitchell County to visit the Mitchell County Federation Library special displays, special displays in City National Bank, in Civic House.

School libraries have arranged their own National Library Week displays. Displays and special programs at schools and civic clubs are designed to help identify libraries as vital agencies of education and to help link reading with lifetime learning.

National Library Week has full cooperation of newspapers, magazine and the broadcasting industry. Special assistance is given to NLW by the American Newspaper Publishers Association and the Magazine Publishers Association. The program is also approved as a public service by the Advertising Council.

The Colorado City Record Staff joins with millions of other Americans in observing the week. The Record would also pay special tribute to the perseverance of women—that small group of women who started the Mitchell County Federation Library with a "book tea," nearly 40 years ago.

Those women, later their daughters, and now their granddaughters have looked after the library for four decades. Watched it grow. Watched it gain city and county financial support, then become special project of Mitchell County, which now supports it with county funds.

Library here has outgrown its quarters time and again. Its shelves and reading room space for students is straining its seams in Civic House space, even now.

This National Library Week, it might be well for all thinking and reading citizens and all parents of reading studying younger citizens to think about those growing pains in the public library which serves all Mitchell County.

The Record wishes the library, its staff and its committee a happy Library Week. With an added wish—"and one to grow!"

Statistics Tell Only Part of the Cost

This is not only the age of space, it is also the age of statistics.

Americans, as a Nation and a people, are just not satisfied until we have discovered—preferably in print—all figures that can be recorded in connection with any problem, event or accomplishment.

We're a Nation of batting averages. Or punting averages. Or so many two-car families. Of opinion polls. Of statistics solemnly announcing that every couple in any community named are now parents of 2 and one-fifth children. You can find statistics about cigarettes, beverages, automobile tires, leaves of bread, birth, marriage, divorce and murder.

Mail box of any little newspaper in the United States holds enough statistics—political, industrial, historical and medical—every day to start the fire in every wiener-roasting fireplace in an area of 9,000 blocks contained 450 Boy or Girl Scouts.

This week, though, there comes in from Texas Department of Public Safety some statistics too important to be used for fuel—unless you count them fuel for thought.

Those statistics are called "War and Peace." They read like this: 1775 to

1963, a total of 1,130,393 AMERICANS DIED IN ALL U.S. WARS.

And 1900 to 1963, a total of 1,463,086 AMERICANS DIED IN U.S. HIGHWAY ACCIDENTS.

In smaller print, the Texas Safety Department bulletin goes into more detail—more statistics.

The playing area of a football field measures 300 feet by 160 feet. Uniteds currency measures about 2 and five-eighths inches by 1 and one-eighth inch.

If a football field were completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then twenty, then fifty, then one hundred, then five hundred dollar bills—now on top of these eight layers of paper money, dump 4,027 tons of silver dollars... and that football field would represent the economic loss we suffered in Texas through traffic accidents for the year 1963.

Appalling? Yes. But how measure the depth of tears, the cost of human suffering brought about by traffic accidents in the same period? That unrecorded statistic is even more tragic.

"How deep is the ocean?"

IT'S AMAZING!

CHILDREN OF THE GALAPAGOS ISLANDS LEARN TO SWIM BY RIDING THE BACKS OF THE TURTLES WHICH SWIM AROUND THE NEARBY WATERS!!!

THE BATTLE OF NEW ORLEANS... FOUGHT DURING THE WAR OF 1812... WAS WON BY ANDREW JACKSON, FROM BEHIND A WALL OF COTTON BALES!

THE TERM "HOPE CHEST" ORIGINATED FROM THE FACT THAT THE CHEST WOULD EVENTUALLY GO INTO A MAIDEN'S "HOME OF HER HOPES!"

IN AFGHANISTAN, RUGS ARE OFTEN PLACED ON THE BACKS OF COWS IN THE BELIEF THAT THEY WILL THUS GIVE MORE MILK!

STATE CAPITAL HIGHLIGHTS

Governor's Committee on Education Urges Upgrading of College System

Texas Press Association BY VERN SANFORD

Only the upper 15 per cent of Texas high school graduates ought to be taken in the state's top universities, the Governor's Committee on Education Beyond the High School has been told.

A sub-committee also informed the panel that some type of higher education must be made available to all and that there is an urgent need for general upgrading of the college system. Enrollments must be built up, dropouts reduced and standards steadily improved, the study group heard at a meeting last week.

COURT SPEAKS—State Supreme Court upheld lower court decisions that approval of \$65,000,000 Millican-Dam on the Navasota River is final.

Grimes and Brazos County landowners challenged feasibility of the big federal project. Cities of Bryan, College Station and Navasota asked dismissal of the suit. High Court also held an East Texas oilman, Austin Stewart, can keep on operating two slanted oil wells that bottom under his own property. Decision overturned a district court order which had knocked out a Railroad Commission order permitting Stewart to produce from the wells.

Supreme Court upheld the right of an irrigation district to levy flat-rate assessments against land regardless of the exact benefit it will obtain from irrigation when it affirmed a San Antonio appeals court decision on a Maverick County case.

A resident of that county sued the Maverick County Water Control and Improvement District No. 1 contending that a \$5.25 per-acre assessment on irrigable lands and a \$2 per acre assessment on lands which could be irrigated by gravity was illegal.

He said his land is rolling and did not benefit as much as level land owned by others in the district, but the trial court, appellate court and favor of the water district's the Supreme Court ruled in favor of flat-rate assessment. JUVENILE PROGRAM IMPROVING—Texas Youth Council reports that there has been a sharp and welcome drop in the number of offenders sent to Gatesville, Gainesville and Crockett correctional schools.

In the fall of 1961, the rate of return was 45 per cent. Then the 1961 Legislature appropriated funds for expansion and improvement of school facilities and for five council parole officers. By August, 1963, the return rate was down to 29 per cent and youth council spokesmen say they hope to hold this since the parole personnel was increased to 20 last month.

The Rev. Clint Kersey, council parole supervisor, said, "We believe that by an increased stay, we can keep them in school. Then when they are paroled, they are better able to adjust and hold a job, and that cuts the chance of return."

SCREWORM APPROPRIATION ASKED—Gov Connally has requested a \$5,500,000 congressional appropriation for continued protection against the screw-worm menace.

A two-year program has eradicated the screw-worm from Texas, Connally told congressional leaders, and feasibility of a barrier along the Mexican border to prevent re-infestation is proved.

While southwestern states, livestock producers and sportsmen have financed over half the \$12,000,000 program to date, Connally said, it now is an international matter and should be financed by the U. S. without local matching requirements.

The state, producers and sportsmen would continue to provide inspection, survey and other services in the U. S.

OIL FIELD BRINE—The Texas Water Pollution Control Board scheduled a hearing for July 1 at 9 a. m. on its order prohibiting the surface disposal of oil field brine in Area II of the Ogallala formation—the Middle High Plains. All area II permit holders are to appear at the hearing and show cause why their permits should not be amended to conform to the no-pit order.

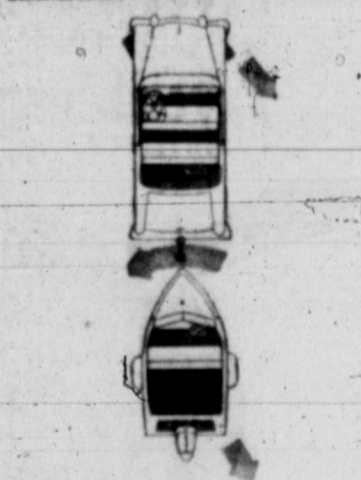

A May 27 hearing has been set for Ogallala area I—the Panhandle area—and a hearing on area IV will be held on August 5.

THE JUDICIARY—All gubernatorial candidates have been asked by a State Bar committee to pledge that, if elected, each will consult the bar committee on judicial appointments.

Vernon B. Hill of Mission wrote all candidates that his committee would propose no nominees, but would rate each considered for judicial appointees either exceptionally well qualified, well qualified, or not qualified.

He said a similar procedure is followed by the President of the U. S. and the Attorney General and the American Bar in appointments to the federal judiciary.

Boating Tips...

Pulling an outboard rig with the family automobile requires practice, not special knowledge, maintain the Mercury outboard boating experts. This is particularly true of backing your trailer. The prime rule to remember is that you must turn the wheel of the car to the left to make the trailer turn to the right, and vice versa. To develop skill in moving in reverse, set up some empty cardboard cartons on a vacant parking lot and practice backing your trailer between them. When towing your rig out on the highway, allow more time for braking, accelerate more slowly and swing wider on corners. Figure that you need twice as much space to pass another vehicle when you are pulling a trailer.

ACCENT ON HEALTH

Do Not Experiment Mixing Chemicals

Students, working in chemistry laboratories for the first time, sometimes, object to the strict supervision exercised by their teachers. But, as soon as they have conducted a few experiments, and have seen the startling and sometimes volatile results, of mixing two chemicals, they are usually appreciative of the rules imposed on them in the laboratory. They have been made aware of the dangers and are taught how to prevent mishaps.

Unfortunately, chemicals are being mixed in other areas beside the laboratories and by persons who know nothing of their characteristics or the dangers involved in mixing them. Many times the results are disastrous.

Consider the case of the housewife who, wanting an especially immaculate finish, poured some liquid chlorine bleach into a toilet bowl along with a cleaner, figuring that the two stain removers

would do a better job than one. The result was the chemical generation of poisonous, even sometimes deadly, fumes, when the bleach came in contact with the acidic substances present in the toilet cleaner.

The result would have been much the same had ammonia been mixed with the bleach. Poison Control Centers throughout Texas report that they receive calls regularly from people who suffer from respiratory irritations after inhaling such fumes. Newspaper and other news media report numerous cases of injury and death from gases of this kind.

Manufacturers sense the dangers of using these products more than do the users. A majority of the name brand toilet cleaners and ammonia found on the market today carry some warning against mixing with chlorine bleach. Similarly, the liquid chlorine bleaches bear warning. See Health Page 5

West-Tex Talk

A Look At West Texas Through Editorial Page Excerpts From Its Leading Weekly & Semi-Weekly Newspapers.

Hereford was once known as the "City of Windmills," but in recent years the windmills have disappeared from the scene. The slogan now could well be "Hereford, the City of Civic Meetings." After attending our fourth meeting last Tuesday morning, we came to the conclusion that probably as much wind is being expended today, but we wonder if we're pumping in as much water.

We started the day off right with an early morning breakfast, and believe me, anything before 8 a. m. is early. Fortunately, we ate at only two of the four meetings, which helps somewhat with the weight problem. But then, that's another story altogether.

Actually, we doubt that any town this size can boast of as many meetings during the course of any week as can Hereford, but then, there are few towns this size of Hereford that are as progressive.

Most days will not be so congested as was Tuesday, but certainly the folks in this area do gather often to try to solve their mutual problems. That's good of course. The interest manifest by local citizenry in the eventual destiny of the town is commendable.

Tuesday's PEP luncheon meeting, held at the County Club, was well attended with chairmen from some eleven PEP committees reporting. PEP (Planning and Evaluating Progress) is the result of a town hall type meeting held last fall, and committees of PEP are studying many of Hereford's problems, with the idea of making recommendations to the proper authorities for correction of the same. It seems to be working well.

Many of the ills brought out by the town hall meeting have been cured, others are in the mill, and some naturally, were not problems at all.

Clint Formby is general chairman of the group. —by Melvin Young HEREFORD BRAND

With the School Board and City Elections history, it'll be "full steam ahead" now in anticipation of the May 2 Primaries. In fact, a fairly steady diet of politics is in the offing for the remainder of the month, and interest will be growing with each passing day.

Candidates for offices here have been becoming progressively busier, as you've probably noticed in your day-to-day activities. Handshakings and passing out of political cards are becoming a common sight on the streets and avenues of Brownfield.

Political ads will become the rule in a short while, of course, as the various candidates appeal to the voting populace for consideration and approval.

Needless to say, election years have more vim and vigor and vitality than any of the other in-between years. And that is how it should be.

—by Jerry Jackson BROWNFIELD-NEWS

A lot of advice on rearing children appears in publications real often, but an item appearing in the February "Scouting" turns the tables. It goes like this: Pointers on Parent Training.

1. DON'T EXPECT TOO MUCH. If a parent seems slow at mastering a new game—if he takes more time eating than you'd like—allow him to set his own pace. Pushing him faster than he can go at his age will only frustrate him and make him stubborn.

2. BE CONSISTENT. Establish a point and stick to it. You can't throw a fit when told to take a bath one night, then turn around and run the water without being asked the next. This will naturally confuse a parent and destroy his sense of security.

3. BE PATIENT. A parent is quick to forget things he has been told. He may need to have your reasons for wanting to stay up after bedtime explained over and over before he appears to understand. Even then, don't hesitate to repeat your request, using loud, clear tone.

4. DON'T RELY PRIMARILY ON THREATS TO ACHIEVE RESULTS. A parent who balks flatly at harsh words may be won over by a simple show of love. Encourage him when he does a good job. Show him you're proud of him. Often, that's all the incentive a parent needs.

APRIL 26-MAY 3

Revival Rescheduled By Baptist Minister

BY MRS. W. A. BELL
Record Correspondent
WESTBROOK — Revival services at Westbrook Baptist Church have been rescheduled for April 26 through May 3, by the Rev. S. L. Yeilding, pastor.

Michael, Carla Beth and Neil of Foster community near Brownfield were guests in the S. L. Yeilding home Sunday.

Guests of Mrs. Orlean Cook and Mr. and Mrs. Leroy Gressett Saturday were Faye Cook of Snyder, Mr. and Mrs. Donald Gressett and sons and Mr. and Mrs. Earl Cook and son of Silver and Mr. and Mrs. W. C. Bostic of Pasadena Texas.

Baptist Evangelist

The Rev. Allan Cartrite, pastor of Green Hill Baptist Church in Snyder, is evangelist for the Buford Baptist Church Spring Revival through Sunday. Services begin at 7:30 each night, with prayer services at 7:00. Henry Hoyle is directing singing. The Rev. Arnold Holley is Buford pastor.

Day Camp Leaders Training Set

Training for Girl Scout Day Camp leaders in Colorado City, Silver and Lorraine began Tuesday morning in the Community Center, by Mrs. John Morgan, Day Camp director.

Mrs. Morgan is conducting the training course and urges all leaders and mothers to attend so they will be able to help with the day camp this year. Day camp will be from 8 o'clock in the morning until 2 o'clock in the afternoon, June 8-12.

Interested persons should call Mrs. Morgan at RA 8-2470 or their troop leader to make plans to attend the course. Other sessions will be April 22, 10 a. m. - 3:30 p. m., Camp Booth Oaks; April 28, 9:12 a. m., Community Center; May 12, 9 a. m. - 2 p. m., on the site training.

A popose unit will be organized on camp site for children four years and older. Younger children will be provided with a sitter in town.

Student Teacher New At City

Miss Alma Agee, left above, is the new student teacher in the homemaking department of Colorado City High School. She is shown helping with the Teacher Appreciation Day coffee Tuesday morning at the school. Pouring coffee for the real teacher, Mrs. Jay Craddock, at right, is Lynn Gray, high school FHA Chapter president. The coffee served a dual purpose as high school teachers were introduced to Miss Agee who will be engaged in student teaching here for the remainder of the school term.

ing against mixing with toilet cleaners.
These warnings are not always conspicuously placed. Some are buried among the directions for use, while others are in unobtrusively fine print that is seldom noticed. In almost every case any advice on what to do in case of accidental poisoning is omitted.

The secret of safety in this case is to read the label on all cleaners, bleaches, solvents and other household chemicals thoroughly before using.

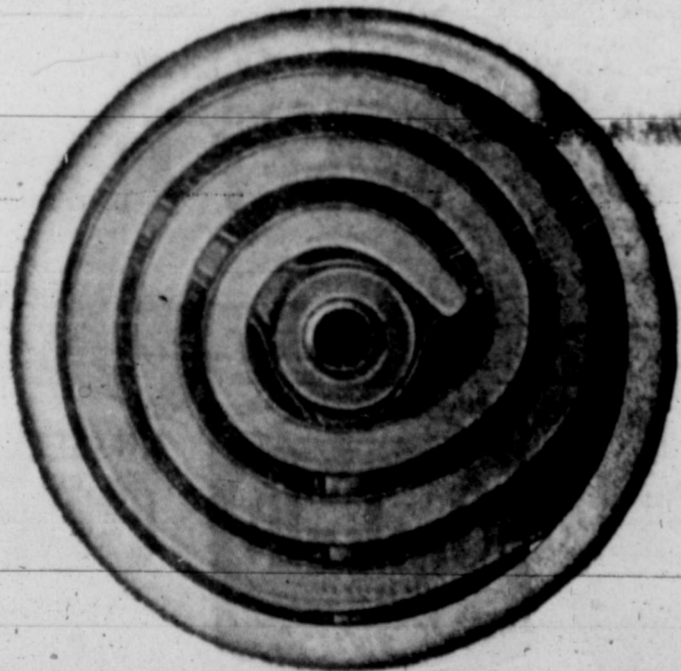

Westbrook Snool Plans Party Friday
The sixth, seventh and eighth grades will be entertained with a party given by the school Friday night.

Mr. and Mrs. Joe Stephenson of Ballinger are parents of a son, Stephen Scott, born April 5. Mrs. Stephenson is the former Miss Loretta Whitehead, daughter of Mr. and Mrs. Clyde Whitehead. Mrs. Whitehead is in Ballinger with her daughter. Paternal grandparents are Mr. and Mrs. Chester Stephenson of Ropesville.

Mr. and Mrs. Jerry Sims and children, Jerry Lynn,

You cook for pennies...

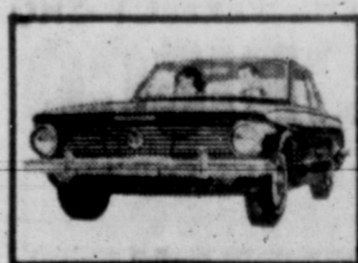

when you cook electrically

You'll be delighted to find out how little it costs to cook the modern electric way. Surface units cook by direct contact with utensil bottoms, use heat thriftily. The electric oven, insulated all around including the bottom, keeps heat inside where it belongs. And once the oven reaches the temperature you select, it uses electricity about one-fourth of the cooking time. It costs the average family only about 3¢ a meal to cook with flameless electricity. See your electric range dealer soon. Cook better... live better... electrically!

Carr Heads Texas Crusade

April as Cancer Control month in Texas was 1964. On hand when Governor John Connally proclaimed American Cancer Society State Crusade Chairman, Attorney General Waggoner Carr, Governor Connally's proclamation urged all Texans to observe and participate in Cancer Control month, and to learn the facts about cancer as presented in the educational leaflet which volunteers will be distributing throughout the state.

TEXAS WILDLIFE NOTES

Fawning & Nesting Season Measures

Texans were reminded by that dogs, cats and other J. Weidon Watson, executive director of the Parks and Wildlife Department, that deer are heavy with fawn and animal life begins protective measures during the spring fawning and nesting season. Observers recommend that a possible mourning dove increase in Travis county were cautioned by volunteer Game Warden Gene Ashby that the season is still too young to permit definite estimates. Ashby, whose territory includes Lake County, known for its prolific dove population, said, "The present dove numbers appear normal." He added, "Some good showers have helped plants and generally aided food for the birds."

CAN'T STOP TO TALK? YOU NEED farm Interphone Service

No reason to stop working to take a call on Farm Interphone. With special loudspeaker-microphone equipped phones located at busy points around your farm, you take or make calls right on the spot. To answer the Interphone, all you do is talk in the direction of the nearest hands-free instrument. No running, no lost motion or time.
