NUMBER 51

Man Arrested Here Said To Have Been in July Robbery

Charlie Mills, Escaped Convict,
Implicated in Fort Worth
Theft of \$16,500

Fort Worth detectives, rangers from San Angelo and Cashes Taylor, Sutton county deputy sheriff, at daylight Tuesday morning arrested Charlie Mills, alias C. O. Colston, an employee of the state highway department, who has lived here two months.

Mills, a fugitive from the state penitentiary, was taken into custody with a woman companion he said was his wife at a home on the outskirts of Sonora where the two had been rooming. The woman was also held.

Fort Worth newspapers Wednesday declared that Mills, or Colston, had been identified by three persons as one of two men who robbed a Monnig's department store messenger of \$16,500 last July. Mr. Taylor said that Mills admitted having escaped from the state penitentiary at Huntsville. A light gray suit, among his belongings, is believed to have been one worn by one of the men in the Fort Worth robbery.

Mills was sentenced to four years for burglary in Nueces county in 1933. Last June he was taken to Midland to face a car theft charge and escaped from jail there.

Mr. Taylor said Wednesday that Mills' brother-in-law, H. Wright, lives here and operates a fruit and vegetable truck out of the Rio Grande Valley.

The Monnig robbery was a morning one committed at one of the store doors. Fifteen thousand dollars of the amount was in checks. Escape of the men was made in an automobile parked at the curb, with its motor running. The checks and money bag were found two days later on the old Denton Road from Fort Worth.

SONORA YOUTH TO TEACH IN OREGON UNIVERSITY

Graduate study toward the fulfillment of requirements for his master's degree as well as instruction work as an assistant will be done at Oregon Agricultural College at Corvallis, Ore., by Lea Roy Aldwell, son of Mr. and Mrs. Roy E. Aldwell.

Mr. Aldwell will have a graduate assistantship at the Oregon institution. His instruction work will be in the teaching of methods of financing agricultural cooperatives.

A graduate of Texas A. and M. College, where—in 1935—he was granted a bachelor of science degree with a major in agricultural administration, Mr. Aldwell has recently been employed by Texas Old Age Assistance Commission in San Angelo. While at the College Station state institution he was a first lieutenant and second in command of Troop C, Cavalry, his commission having been secured after summer training at Fort Clark in 1934.

There are about 4,000 students at the Oregon institution where Mr. Aldwell will secure his master's degree after two years of graduate work. He left Sonora Wednesday afternoon after a short visit with his parents.

ATTORNEY BUYS BUSINESS OF LATE T. L. BENSON

Purchase of the insurance business of the late T. L. Benson of San Angelo has been effected by George A. Wynn, Sutton county attorney.

Mr. Wynn has been practicing in the office of L. W. Elliott but will move to an office in the courthouse where he will continue his law practice and will also conduct an insurance business.

Lightfoots Make Improvements
A concrete foundation is being built by Gene Lightfoot under his residence property near the Sonora Wool & Mohair Co. building. The house has been moved back six feet on the lot. Mr. Lightfoot is considering the improvement of his property in other ways but has not decided definitely on the matter.

RANCHMEN'S ASSOCIATION MEMBERS TO MEET AT 3

Policies of the Sutton County Ranchmen's Association for the next year are to be shaped Saturday afternoon at three o'clock when all members of the organization are to meet in the directors' room at the First National Bank.

The association, formed in October last year, has at its helm Alfred Schwenning, president, and Fred Simmons, secretary-treasurer. Harrison L. Hamer is employed by the group in law enforcement work in Sutton county.

About 100 ranchmen are members. Officers this week sent a letter to each member calling his attention to the Saturday meeting. It is hoped that there will be a good attendance in order that action taken may be the will of a representative proportion of the membership.

Football Queen of 1936 To Be Named Hallowe'en Night

Plans Progressing For Pupils'
Stunt Show and Carnival
Saturday—Next Week

Newest development this week in the sponsorship by high school students of a Stunt Show and Carnival at the high school building on Hallowe'en night, October 31, was the naming of six girls to compete for the honor of being "Football Sweetheart of 1936."

A football helmet bearing the autographs of the coach, O. P. Adams, all the football players, the Pep Squad girls and the high school teachers will be used as a crown at the time of the coronation ceremony the night of the Stunt Show and Carnival.

High school girls chosen by the pupils as sweetheart candidates were:

Cathryn Trainer, Wanda B. Rape, Margaret Faye Smith, Ina Archer, Kathryn Brown, Emma Sessions.

Run-Off All Next Week
Three of the six candidates are to be eliminated Saturday, October 24, and the remaining three will

CARNIVAL ATMOSPHERE FOR HALLOWE'EN SHOW

Noise makers, balloons, serpentine, hats and confetti will lend their efforts to make a success of the Stunt Show and Carnival at the high school Saturday night of next week.

A varied stock of novelties of this type have been ordered and will be sold Hallowe'en night at the school to help create a spirit of fun for the young people and adults who patronize their attractions.

compete in the run-off campaign for one more week. Voting, at one cent a vote, started this week in boxes at the school and at several places in the downtown district. The winner's name will not be announced until the coronation ceremony Hallowe'en night.

Tickets—the night of the entertainment—for side shows and for other concessions are to be sold at a booth by Garland Slaughter, high school student.

Country store contributions are to be solicited by Mrs. Richard (Continued on page 4)

Wool Sold Monday Brings 35 Cents

Graded staple 12 months wool brought 35 cents a pound when sold this week by the Sonora Wool & Mohair Co. to Jack Allison of Munro, Kincaid, Edgehill Co.

The price paid is the highest in Texas this year for a lot of such size.

Last week spring graded staple wool brought 35½ cents. French combing wool was sold by the organization some time ago at 32 5-8 cents a pound. Clothing wools brought 30 cents.

Fred Earwood, executive vice-president of the company, is in charge of its sales.

SCOUT LEADERS TO MEET IN SONORA AT DINNER SESSION MONDAY EVENING AT 7

"Scouters" of the Executive Board of the Concho Valley Council, serving more than twenty-five counties, will transact business of Scouting in the area at a dinner Monday night at seven in the basement of the Methodist Church.

Roy E. Aldwell, Ranch District Committee chairman and vice-president of the Executive Board, is in charge of arrangements for the dinner which will attract "Scouters" and Scout-interested men from a number of West Texas towns as well as those who live in Sonora.

A large number of members of the Lions Club, sponsors of the Boy Scout work here, will attend the meeting. Local "Scouters" are emphasizing that all are welcome whether or not they are actively connected with Scout work in Sonora. Mothers of the Boy Scouts are to prepare the dinner.

The individual pictured at the

left above is H. C. Ragsdale, San Angelo business man, who is president of the Council's governing group. The other is John Y. Rust, president emeritus of the Council's board. Mr. Rust is president of the San Angelo Telephone Co.

Jack O. Stone, Assistant Scout Executive, was in Sonora for a short time Wednesday. He said that among the matters of business which likely will be discussed Monday night were:

Building of cabins for San Angelo Scouts by various civic organizations of that city; September financial report by the treasurer, E. J. Hardgrave; reports from the various districts within the Council area; organization reports.

There are twenty-five West Texans who are members of the Executive Board. It is expected that there will be groups from Del Rio, Ozona and Eldorado attend Monday evening.

Lions Club Members Hear of Foundation For Blind Relief

Committee Chairmen Speak at
Tuesday Luncheon of Sonora
Group

An explanation of the Foundation for the Blind, being sponsored by Texas members of Lions Clubs, was given Tuesday noon at the Sonora club's luncheon by H. V. Stokes, former district governor of Lions Clubs in West Texas.

Mr. Stokes' report was based on information given at the recent meeting in Dallas.

A charter for the new benevolent institution is to be issued by the state soon, Mr. Stokes stated. Subscribers to the foundation are to pay \$1 a year. Life memberships may be purchased for larger sums. An effort is to be made to popularize the practice of wealthy people naming the foundation as heir to a portion of their goods at the time of their death.

Dr. Joel Shelton, vice-president, presided at the program. A solo "Since Your Path Crossed Mine," was sung by Emmalou Logan whose accompaniment was played by her instructor, Mrs. Preston C. Lightfoot. A popular song number was an encore.

John Irvin King reported on the progress of the group of men who are attempting to have a new highway established by the state highway department from Menard to Sonora. Mr. King stated that when a hearing is granted by the state highway commission that a number of members of the Sonora Lions Club should attend.

Brief statements concerning committee work were made by W. C. Gilmore and O. P. Adams. The former is planning an Armistice program and Mr. Adams stated that it was the intention of his committee to bring an out-of-town speaker here. Preston C. Lightfoot of the Health and Welfare committee told of the group's plans to work with the Parent-Teacher Association in providing suitable playground equipment for apparatus that has worn out.

Fourteen Lions indicated they would attend the Boy Scout Concho Valley Council meeting here Monday night at the Methodist Church. About twelve members indicated that they would attend the group meeting of Lions Club members which was held last night in San Angelo.

Hix Hall was appointed Tail Twister by Dr. Shelton.

Lomax and Trainer New Store Opening All Day Saturday

Special Features Arranged For
Day of Formal Opening in
Hull Building

Less than a year after they launched out for themselves in the grocery business in Sonora, Earl Lomax and Louie Trainer, young Sonora business men, are to have a formal opening tomorrow of their new store in the business building built by Sam Hull, Sonora business man, next to La Vista Theater.

Mr. Lomax, son of Mr. and Mrs. W. J. Lomax, was reared in the Rocksprings section but has lived in Sonora a number of years and before his association with Mr. Trainer, a son of Mr. and Mrs. J. W. Trainer, was manager of a grocery business owned by Mrs. E. M. Kirkland.

The two men opened a store—Piggly Wiggly—November 18 in the Morris Building and have been operating there until they moved to their new location last week.

Twenty-five hundred square feet of floor space is being used now while in their other building they had about 1,750. A 40-foot store room is part of their new building, which is twenty-five feet wide.

Perfectly illuminated by six indirect lighting units as well as three skylights the new store ranks well in appearance when compared with many stores in towns much larger than Sonora.

New equipment being used in the store includes a modern, refrigerated meat case, the only refrigerated fruit and vegetable case in the county, scales, meat grinder and slicing machine. J. R. Aldredge, formerly of Crane and Fort Stockton, is in charge of the meat department and John Baggett is an employee in the store.

Numerous special features have been arranged by the two men for the formal opening of their new store. Cakes, coffee and meats are to be served by Mart Melton, Brown Cracker and Candy Co. representative. J. C. Collins, representative of the Folger Coffee Co., and J. G. Presley, salesman for Swift & Company.

A large number of firms which had something to do with the building of the new business structure or who supply the firm with its merchandise are using advertising in the NEWS today to wish Mr. Lomax and Mr. Trainer well at the time of their opening in the new location.

City Water System Offer Will Be Made

Austin and Oklahoma Men Given
Information For Study

A definite proposition regarding the building of a municipal water system for Sonora was expected this week by W. C. Gilmore, mayor, and other city officials as a result of the visit here Thursday of C. W. Arlitt of Austin and Mr. Sherman of Oklahoma City, who represents a contracting company there.

The two men had not arrived at noon Thursday.

Mr. Arlitt is a representative of a bond firm in Austin which is interested in bonds which finance such projects as the proposed city water system. Mr. Sherman's company has recently completed a municipal sewer system for Fredericksburg.

The two men recently secured information about the system that is desired for Sonora and Mr. Gilmore said Wednesday that the city was expecting a definite proposal from them when they come here.

Financing of such a system would be by bonds to be retired by revenue of the utility. Bonds would be voted for the purpose. Mr. Gilmore said that the city has not entirely given up the hope that federal assistance may be secured. The small number of projects in Texas being given federal aid at this time, he explained, has made it the wise thing to do to investigate other means of making a water system, municipally owned and operated, a reality in Sonora.

SONORA MINISTER WILL SPEAK OF COMMUNISM

A twenty-five per cent gain in Sunday School attendance last Sunday was reported this week by the Rev. R. F. Davis, Methodist pastor.

"Is America Headed For Christ or Communism?" was announced this week as the Reverend Mr. Davis' subject for the morning service Sunday. During the service Sunday night he spoke briefly of the importance of the subject of next Sunday morning's sermon.

The evening service will be at 7:30 o'clock.

Utilities Manager Improving

N. T. Poindexter, who has been ill several days was somewhat improved yesterday. He will be confined at his home the rest of the week.

SUTTON "YOUNGSTER" 82 LAST SUNDAY

Another birthday has rolled around for George S. Allison (his eighty-second, by the way, but you wouldn't know it) and the popular Sutton and Menard county ranchman is bearing up well under the "strain" of passing his "four score and two" milestone last Sunday.

Equally at home with men of his own age, men of middle age or the young ranchmen, Mr. Allison ("Uncle George" to nearly everyone who knows him) was a member of the original board of directors of the First National Bank and is a member of that board today.

Happy Birthday, "Uncle George" Allison!

Junction Football Team Bows to Local Machine—13 to 6

Rocksprings Eleven Sonora Foo
Saturday; Bronte Next Team
Coming Here

A driving, smashing Broncho football team that elicited much praise from spectators Saturday afternoon played an excellent brand of football on the Sonora gridiron to defeat the Junction Eagles by a count of 13 to 6.

Stacking up thirteen first downs to their opponents eight the Sonora players worked nicely in nearly every department of the game. With no particular player displaying sensational football, the entire eleven players "clicked" in a way that made it tough sledding for the Eagles during a large part of the game.

Sonora's first touchdown came in the first quarter after players and spectators shared momentary discomfort when they saw Phillips,

The honor roll of high ranking high school students for the first six weeks of the 1936-1937 school year contains the names of fifteen boys.

Ten of them are members of the 1936 Broncho football squad.

O. P. Adams, high school coach, commented Thursday that he was very proud of the way his athletes have done in school work. Their performance may be pointed to as convincing proof that in Sonora at least the boys' efforts to "make the team" do not conflict seriously with their efforts in "making their marks" in the classroom.

fleet Junction halfback run 70 yards for what he hoped would be a touchdown. Out of bounds on the Sonora 40-yard line, his run was a useless one and the ball was called back.

Consistent and steady gains came when Sonora received the ball the first time in the first quarter. Securing it on their own 45-yard line they advanced down the field steadily until Archer plunged over for the touchdown and a few minutes later for the point after touchdown.

Power plays through the line paved the way for the Junction touchdown in the second quarter after they had secured the pigskin on the Sonora 18-yard mark. Kick for point failed.

A pass, Archer, left halfback, to Taylor, quarterback, in the third was a highlight of that period during which Sonora players advanced the ball from their own 18-yard line to the 9-yard line of their opponents. Shortly after the fourth quarter began Archer plunged over for a touchdown after the ball had rested on the 6-inch line.

Between halves girls of the Pep Squad demonstrated their ability at running signals, blocking, running interference and kicking goals. A run of 40 yards resulted in a touchdown by Jo Ann Marion. Her glory was added to by a kick for the extra point. "Officials" were Hutcherson and McGilvray.

Players beginning the game for the Bronchos Saturday were: Trainer, L. Davis, Vehle, Simmons, Roueche, McGhee, W. Elliott, Taylor, Archer, Jackson, Morris. Others who got into the game during the afternoon were: Awalt, M. Elliott, Driskell, E. Adams, J. D. Trainer.

Tomorrow in Rocksprings the Broncho team plays the team representing the high school there. Without the services of Monte Earwood, star player for several years, the Rocksprings team this year is a strong one that last Saturday whaled the Ozona eleven by a 20 to 0 score. Eldorado beat Menard 9 to 7 the same afternoon.

Saturday of next week the Sonora team plays Bronte on the Sonora field and on Armistice Day, November 11, the Ozona team will oppose the Bronchos in Sonora. Efforts are being made to arrange a game here on Thanksgiving Day between the Robert Lee and Sonora teams. The game was postponed recently on account of high water conditions.

Football Goes Musical
Princeton, Oct. 21. — Although Princeton has been consistently triumphant over Harvard on the gridiron, Nassau's old grads looked with jealous eyes on the smart crimson band which annually took all musical honors at the season's big game. This year, a musically-inclined alumnus collected enough from 20,000 graduates to give Princeton a big-league band, in the hope of taking not only football honors but musical as well.

Mrs. Bond in California
Winter days are to be spent in San Diego by Mrs. Edith Bond of Sonora who went there recently to visit her sister, Mrs. Fannie Duncan. Mrs. Bond has visited during recent weeks in San Antonio but went to the coast city about a week ago.

Mr. and Mrs. Sam Allison and daughter, Sammie Jeanne, and Lea Allison spent the week-end in Dallas and Fort Worth attending the Centennial expositions.

LEGAL NOTICE

Notice of Termination of Shareholders' Liability "Section 304. Section 22 of the Banking Act of 1933, as amended, is amended by adding at the end thereof the following sentences: 'Such additional liability shall cease on July 1, 1937, with respect to all shares issued by any association, which shall be transacting the business of banking on July 1, 1937: Provided, That not less than six months prior to such date, such association shall have caused notice of such prospective termination of liability to be published in a newspaper published in the city, town or county in which such association is located, and if no newspaper is published in such city, town or county, then in a newspaper of general circulation therein. If the association fail to give such notice as and when above provided, a termination of such additional liability may thereafter be accomplished as of the date six months subsequent to publication, in the manner above provided.'

FIRST NATIONAL BANK
By George H. Neill, Cashier.

STATEMENT

of the Ownership, Management, Etc., Required by the Act of Congress of August 24, 1912, of

The Devil's River News, published weekly at Sonora, Texas, for October 1, 1936.

STATE OF TEXAS
County of Sutton—ss

Before me, a notary public in and for the state and county aforesaid, personally appeared Robert W. Jacobs, who, having been duly sworn according to law, deposes and says that he is the publisher of The Devil's River News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to-wit:

1. That the name and address of the publisher, editor, managing editor and business manager is: Robert W. Jacobs, Sonora.

2. That the owners are: George Baker, Fort Stockton, Texas, and Robert W. Jacobs, Sonora.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

ROBERT W. JACOBS,
Editor-Publisher.

Sworn to and subscribed before me this 5th day of October, 1936.
(Seal) MASIE BROWN,
Notary Public.

(My commission expires May 31, 1937.)

NOTICE to TRESPASSERS

I hereby give notice against any hunting trapping, dead wool picking, cutting wood or general trespassing in pastures owned or controlled by me in Sutton or Crockett counties.

Roy Hudspeth

HOUSTON PRESIDENT OF TEXAS REPUBLIC HUNDRED YEARS AGO

Thursday was the occasion of the one hundredth anniversary of the inauguration of Sam Houston, commander-in-chief of the Texas army, as president of the new republic.

In Dallas, at the Centennial Exposition grounds, the Dallas Patriotic Association was in charge of activities relative to the day's significance. As a concluding number members of the "Cavalcade" cast re-enacted the Houston ball and inauguration.

Texas Mineral, Like Soap, Floats!

Vermiculite, a strange mineral which floats on water after heat treatment, has been found in Texas by the Texas Planning Board's mineral resources committee and efforts now are being made to interest industry to use it for insulation on ice boxes and hot water heaters. In the raw state vermiculite looks like mica. It is heat resistant.

Texas Oyster Catching Decreasing

Although there are 230 kinds of fishes in Texas waters, Texas has failed to appreciate the opportunities for a great fishing industry, according to data compiled by the Texas Planning Board which also shows that the Texas oyster catch declined from 114,729 barrels in 1910 to 48,704 barrels in 1930.

The impostor makes others believe him to be what he knows he is not.—Dean E. V. White.

PERSONALS

J. T. Penick and daughter, Dorothy, went to San Angelo Wednesday.

Mrs. W. J. Fields, Jr. and Mrs. John Fields went to San Angelo Tuesday.

Mr. and Mrs. Nat Stevens of San Angelo were guests Sunday of Mr. and Mrs. J. T. Penick.

Mr. and Mrs. R. K. James spent Sunday in Ozona with their son, Frank, and Mrs. James.

Mr. and Mrs. W. D. Rogers of Henderson are visiting Mrs. Rogers' sister, Mrs. W. H. Queen, and Mr. Queen.

Miss Bertha Eaton returned Tuesday from a visit in San Angelo with her parents, Mr. and Mrs. J. D. Eaton.

Mr. and Mrs. J. D. Moulton of Coleman are visiting Mrs. Moulton's uncle, Oscar Wright, and her cousin, Mrs. C. W. Taylor.

R. D. Trainer, George E. Smith, Joe Berger and A. W. Awalt were in Del Rio Sunday where they attended a Boy Scout meeting.

Mr. and Mrs. W. H. Queen and daughter, Mary Jane, and Mr. and Mrs. W. D. Rogers left yesterday to visit the Carlsbad Caverns.

Miss Etta Teague and Miss Susan Belton, both of Big Lake were guests of Mrs. C. W. Taylor Monday while on their return from a visit to Austin.

WORTH OF TEXAS MINERALS TO BE TOLD TO INDUSTRY

Austin, Oct. 21.—A drive to interest out-of-state industries in Texas minerals has been launched by the Texas Planning Board's Mineral Resources Committee.

The committee, armed with thirty-three volumes of maps showing the location of practically every important mineral deposit in the state, will search out those industries using minerals similar to those found in Texas and then will attempt to induce these industries to help develop the state's mineral resources.

Data contained in the volumes was collected by the committee's mineralogists with the cooperation of several state and civic agencies and of the landowners themselves who have, in many instances, brought the attention of the committee to deposits of rare minerals.

AIRPLANE DIVE FEATURE OF EXPOSITION SATURDAY

Dallas, Oct. 21.—An airplane dive into the roof of a house with the plane's motor wide open and its pilot strapped into the cockpit will climax a program of death-defying stunts Saturday at the Texas Centennial Exposition.

Captain F. F. Frakes, former test pilot for the Curtis-Wright Airplane Company, will pilot the plane. This will be only one of ten hazardous acts presented by the Frakes-DeLuca daredevil troupe who form the Thrill Show in the Cotton Bowl.

Miss Jean DeLuca, 21-year-old speed demon, will drive a regular stock car over 50 sticks of dynamite, depending on her uncanny ability to escape from a wrecked car to get away quick enough after the explosion to save her life.

Halbert Lambs Transferred

One thousand head of lambs were moved this week by R. A. Halbert from his Holland Ranch to the headquarters place.

PERSONALS

Mrs. Rose Thorp of San Antonio spent several days here this week.

Mrs. C. D. Crumley returned Sunday from a visit in San Angelo.

Miss Jessie Sammons of San Antonio visited her sister, Mrs. Tom Bond, this week.

Mrs. W. R. McKee of Junction visited her sister, Mrs. Sterling Baker, several days last week.

Mr. and Mrs. T. J. Griggs and son returned Tuesday from a vacation trip to El Paso and other points.

Mrs. Sidney S. Millspaugh, Jr. of Ozona visited her parents, Mr. and Mrs. Sterling Baker, several days last week.

Mrs. Birdie Rutledge returned Friday from a two weeks' visit with her daughter, Mrs. H. L. Blackwell, in El Paso.

Mrs. Sterling Baker and daughter, Mrs. Sidney S. Millspaugh, Jr. and Mrs. W. R. McKee went to San Angelo Thursday.

Mrs. Fred Hull and daughter, Mrs. C. C. Smith, and daughter, Margaret Pearl, and Miss Margaret Hull went to San Angelo Saturday.

Mr. and Mrs. Fred Ross and children of San Antonio spent the week-end with Mrs. Ross' mother, Mrs. Neil Roueche, and Mr. Roueche.

Mr. and Mrs. E. F. Vander Stucken will return this week-end from a trip to Dallas and Fort Worth where they are visiting the Centennial expositions.

Mr. and Mrs. J. D. Lowrey returned Sunday from a business trip to Lubbock, where they also visited Mr. Lowrey's brothers, W. E. Lowrey and H. J. Lowrey.

Mr. and Mrs. Warren left yesterday to attend the group meeting of Lions Club members in San Angelo and from there went to Dallas and Fort Worth to visit the Centennial expositions.

MORE THAN HUNDRED AT SUNDAY SCHOOL SERVICE

One hundred and four attended Sunday School at the Baptist Church Sunday, according to the Rev. R. C. Brinkley, pastor, when he made his weekly announcement Tuesday of next Sunday's services.

At the morning service Mr. and Mrs. J. W. Perry were admitted into membership by transfer of letters from the Coggin Avenue Baptist Church, Brownwood.

"Climbing Spiritual Heights" is the subject for Sunday morning. In speaking of the subject the Reverend Mr. Brinkley says: "Christ won others to faith. Something about Him attracted people and made them believe what He said. Henry Van Dyke spoke of Him in this manner: 'He was like one standing on a high peak reporting the sunrise to men in the dark valley. They heard His words but they saw also on His countenance the glow of dawn and dazzling all about Him with the incommunicable splendors of a new day.'"

At 6:30 Sunday evening the Baptist Training Unit meets. An hour later the Reverend Mr. Brinkley will preach on the subject—"The City That Voted Jesus Out, or Selling Out to the World." Men are particularly urged to hear the evening message. There will be special music.

NEW EMPLOYEES AT WORK AT TWO BUSINESS PLACES

A shift in positions in Sonora the latter part of last week resulted in the seeing of new employees in two Sonora business firms this week.

Jack Pfeister, who has been employed at the E. F. Vander Stucken Co. several months, is now employed at Wm. Cameron & Co., Inc. Beamon Speed, who has been employed on the R. D. Trainer Ranch, succeeded him at the mercantile firm.

Mr. and Mrs. John Hardin and child are now living on the Trainer ranch.

Sonora People Back From Trip
Mr. and Mrs. Roy E. Aldwell returned Tuesday from a trip to Dallas and Fort Worth where they attended the Centennial expositions. They also visited Mrs. W. L. Aldwell in San Antonio, who is ill in a hospital there. Saturday they attended the football game at Texas A. and M. College.

CARD OF THANKS

We are truly grateful to all who were so kind at the time of the death of our daughter and granddaughter.

Mr. and Mrs. Woodrow Norris
Mr. and Mrs. J. C. Norris
and J. C. Norris, Jr. (adv.)

MISS CORDER MARRIED TO HARVEY A. MORROW

Miss Juanita Corder, daughter of Lee Corder, was married recently in Junction, to Harvey Allen Morrow, son of Mr. and Mrs. E. A. Morrow of Snyder.

Mrs. Morrow attended high school here. Mr. Morrow is employed by Ballard Brothers, road contractors. The couple is at home in west Sonora.

Conklin pens \$1 to \$8.50. George Barrow, Jeweler.—adv.

Junction Friend Here Saturday

One of the Junction people who came here Saturday to see the football game was E. Holekamp, for many years a Kimble county resident. Mr. Holekamp has been a friend for many years of A. J. Owens, constable in Sonora. The two men had not seen each other for several years. Mr. Holekamp has lived in the Kimble section more than fifty years, he said.

**TEXAS AS STATE HAS
NO BUSINESS GOING
INTO RETAIL TRADE**

The NEWS believes that the first state amendment on the ballot November 3 is one that should be overwhelmingly defeated.

It would, if passed, put the state in the business of selling at retail distilled liquors. Numerous authorities have pointed out that the state constitution as it stands now gives the legislature the privilege of going into that business but that the new amendment would make it mandatory that the State of Texas operate liquor stores in many parts of the Lone Star state.

A state monopoly on the liquor business would open the door to a host of evils. Taxes now coming into the state would be decreased, the possibility of political corruption in the machinery which would have to be set up would exist, no improvement over the present system would likely result.

The evils of the federal government's ever-increasing inroads into private business channels have long been recognized. Ask a merchant who finds it difficult to compete

with a government-operated "canteen" type of mercantile store, ask a banker who must compete with federal savings systems of several types which are promoted by the consistent use of printed publicity, ask the printer who sees his prospects buy envelopes from the post-office department. Any one will tell you.

Let's not put the state in the business of retailing distilled liquors or retailing any other merchandise that it is the privilege of the individual to sell and thereby make a living.

Amendment number one should be defeated by Texas voters when they go to the polls November 3.

**Ore Sent Underground
by Topsy-Turvy Miner**

Smallsburgh, Wis.—William Vurray, who lives near here, works his small zinc mine backward—sending his ore underground to a mill in the shaft of an adjoining mine.

Only the metal is brought to the surface while the slag is left below. Vurray built his mine on the upper level of an old abandoned mine.

**Sardine's Life Is
to Be an Open Book**

Marshfield, Ore.—The life cycle of the pilchard—an overgrown sardine—is about to be bared to the public, according to M. T. Hoy of the Oregon state fish commission.

Little is known at present about the habits of pilchards, Hoy said, because they have been caught in Oregon waters only during the past eighteen months. An extensive study of their life cycle is planned to aid fishermen.

Funds for the proposed study will be obtained from a reserve built up by a 50-cent per ton tax on pilchards. Vernon E. Brock, Stanford university pilchard expert, will conduct the investigation here.

Precious Vitamins Retained If Vegetables Cooked Right

Denton, Oct. 21. — Vegetables play an important part in the diet of young and old. They are rich in vitamins and should be cooked in such a way that none of the rich minerals are lost.

Put vegetables on to cook in boiling water. Be sure they boil constantly, but not too vigorously. Use a teaspoon of salt to each quart of water, but do not add the salt until the vegetables are almost done as salt is believed to harden tissue.

Mild juice vegetables should be cooked in a small amount of water with the cover ajar. There should be very little water left when cooking is finished, and as often as possible this should be evaporated so that its food content will be taken up by the vegetable.

Tomatoes will cook in their own juice without the addition of water. Spinach will cook in the water that is left on the leaves after it is washed.

Strong juice vegetables such as cabbage, onions, cauliflower, turnips and Brussels sprouts should be cooked in larger amounts of water without a cover, to allow the volatile oils to escape in order to reduce the flavor and to retain the color.

Escalloped Cabbage
Four cups cabbage, 1 cup buttered crumbs, 2 tablespoons butter, 2 tablespoons flour, 1 teaspoon salt, 1-8 teaspoon pepper, 1 cup milk, ½ cup liquid from cabbage. Cut the cabbage into quarters. Cook in an uncovered kettle in a large amount of boiling salted water for eight to ten minutes or until nearly tender and then drain. Spread ¼ cup buttered crumbs in the bottom of the baking dish; cut cabbage into small pieces and put one-half of it into the baking dish, then add an-

other half cup of crumbs and the remaining cabbage. Over this pour a white sauce made from butter, flour, salt, pepper, milk and liquid from the cabbage. Sprinkle the rest of the crumbs over the top. Bake in a slow oven until the cabbage is thoroughly heated through and the crumbs are browned on top. Serve hot.

Hollandaise Sauce

Half cup of butter, 2 egg yolks, 1 teaspoon lemon juice, ½ cup boiling water, ½ teaspoon salt, 1 teaspoon sugar. Wash butter. To one-third add egg yolk and lemon juice. Cook in double boiler, beating constantly, until it begins to thicken. Add another third of the butter and as the mixture thickens add the last third. Cook until the consistency of soft custard, beating all the time. It will curdle if overcooked. Add seasonings.

Celery Au Gratin

Four cups of diced celery, 2½ tablespoons butter, 2½ tablespoons flour, 1 teaspoon salt, dash pepper, 1 cup milk, 1 cup water in which celery was cooked, 1 cup buttered crumbs, ½ cup grated cheese. Cook the celery in boiling salted water until tender and then drain. Prepare the cream sauce in the usual way. Butter the crumbs by stirring them into 1 tablespoon of melted butter. Put ¼ cup of crumbs in the bottom of the baking dish and then put half of the celery over them. Place another ¼ cup of the crumbs over the celery and top of this sprinkle ¼ cup grated cheese. Add the remainder of the celery and pour the sauce over this. Finally add the rest of the grated cheese and cover with the remaining bread crumbs. Place in a moderate oven and bake until crumbs are browned. Serve hot.

Loads of fun at little cost! Stunt Show & Carnival, Oct. 31. At High School. Benefit!—adv.

Music Art Women's Interests

MRS. EASTLAND WRITES ARTICLE ABOUT 20-YEAR-OLD SONORA WOMAN'S CLUB

... "To promote the culture and entertainment of its members and to furnish a medium through which they may work for the general good of the community."

Succinctly expressed in that manner was the purpose of Sonora Woman's Club which last Thursday heard Mrs. H. Eastland read an interesting account of the twenty years work of the organization.

Mrs. Allison First President

Organized in 1916, Mrs. John S. Allison, now a San Angelo resident, served as president from 1916 through 1918, according to Mrs. Eastland's paper. Serving with Mrs. Allison as directing women of the club were:

Vice-president, Mrs. J. M. Green; recording secretary, Mrs. J. A. Cope; treasurer, Mrs. Ed Mayfield; parliamentarian, Mrs. A. J. Smith; literary critic, Mrs. L. D. Sparks; press reporter, Miss Blanche Ward.

The thirty-two charter members named by Mrs. Eastland were:

Mrs. Roy E. Aldwell, Mrs. W. L. Aldwell, Mrs. H. P. Allison, Miss Ida Aldwell, Mrs. E. S. Bryant, Mrs. John S. Allison, Mrs. J. A. Cope, Miss Myrtle Briant, Miss Juliet Holland, Mrs. Charlie Evans,

Mrs. J. M. Green, Mrs. Alvin Keene, Mrs. Ed Mayfield, Mrs. A. J. Smith, Mrs. L. D. Sparks, Mrs. C. E. Stites, Mrs. J. O. Willoughby, Mrs. E. F. Vander Stucken, Mrs. Ira Wheat, Mrs. Zola Fouts, Mrs. B. W. Hutcherson,

Mrs. L. E. Johnson, Miss Estelle McDonald, Miss Pearl Parkerson, Mrs. J. W. Trainer, Miss Blanche Ward, Mrs. W. J. Wilkinson, Mrs. E. C. Beam, Mrs. Thomas Bond, Mrs. Arthur Stuart, Mrs. Stella Stanley, Mrs. C. W. Trainer.

Club Accomplishes Things At Once
In 1917 the club became a feder-

ated one. Meetings were held in the school building. The pink carnation was chosen as the club flower and pink and green as its colors.

Worth while accomplishments of the club while it was still an "infant" were described by Mrs. Eastland, as being the following:

Drinking fountains installed at the school building, piano bought and supplied to the school; first lyceum number brought to town; study course of American literature sponsored for club members; first "Clean-up" campaign and first sanitary inspection sponsored.

As a part of the program Thursday commemorating the twentieth anniversary of the club's founding standing rules of the group were read by Mrs. E. F. Vander Stucken, one of the charter members. Mrs. Allison, original president, could not attend the meeting.

Piano Solo By Mrs. Shelton

Current events were described by Miss Nann Karnes and Mrs. Joel Shelton played "To Spring," a piano composition by Gregg. Hostesses for the afternoon were Mrs. Velma Shurley, Mrs. W. E. Caldwell and Mrs. Roy E. Aldwell. Refreshments were served.

Members present were: Mrs. I. B. Boughton, Mrs. J. H. Brasher, Mrs. W. E. Caldwell, Mrs. W. R. Cusenbary, Mrs. W. H. Dameron, Mrs. H. Eastland, Mrs. Lloyd Farwood, Mrs. W. J. Fields, Jr., Mrs. B. W. Hutcherson, Mrs. J. Franklin Howell, Mrs. E. E. Sawyer,

Mrs. Velma Shurley, Mrs. Joel Shelton, Mrs. H. V. Stokes, Mrs. E. F. Vander Stucken, Mrs. W. J. Wilkinson, Mrs. Robert Rees, Miss Nann Karnes.

Miss Steen Party Hostess Saturday Afternoon

Dahlias were attractively arranged in the home of Mrs. E. E. Steen Saturday afternoon when her daughter, Ada, was hostess to the Girls Club, formerly known as the Queen of Clubs. A Hallowe'en color plan was used in tallies and bridge accessories.

Club members who enjoyed the afternoon courtesy were:

Mesdames Dan Cauthorn, John Fields, George H. Neill, R. C. Vicars, W. P. McConnell, Jr., Miss Alice Karnes.

Mrs. Mike Murphy and Mrs. Sam Hull were the only guests.

Mrs. Cauthorn won high club score award and Mrs. Vicars second high. High guest was won by Mrs. Hull.

A salad plate was served at the conclusion of the games.

Assembly Wednesday at School

Miss Nan Johnson, teacher of fourth and fifth grades at the L. W. Elliott School, presented her pupils in a one-act play Wednesday morning at assembly. The play was "William Tell." Songs were led by Miss Harva Jones. A period a day at the school will be set aside for a vocabulary drill and supervised study.

Bridge Club Entertained By Mrs. Muckleroy

Naming Mrs. Rose Thorp of San Antonio as the only club guest, Mrs. R. K. Muckleroy was hostess Monday afternoon at the home of Mrs. J. W. Trainer, to the Blue Monday bridge club, a new organization.

Cosmos and marigolds decorated the Trainer home, and Hallowe'en colors were used throughout the party.

A salad plate was served to: Mesdames W. E. James, Arthur Simmons, W. E. Caldwell, J. W. Trainer, Robert Rees, C. E. Stites, Lee Labenske.

The club held its first meeting at the home of Mrs. W. E. James. Officers elected were: President, Mrs. Rees; secretary and treasurer, Mrs. Muckleroy; reporter, Mrs. Trainer.

Howells To Medical Meeting

Dr. and Mrs. J. Franklin Howell went to San Angelo Wednesday to attend the thirty-first annual meeting of the Fourth District Medical Society. Fourteen counties were represented. Mrs. Howell attended the organization of a Woman's Auxiliary to the Tom Green-Eight County Medical Association.

Bridge Club Entertained By Mrs. Edgar Shurley

Hallowe'en decorations were used in table appointments, tallies and the refreshment plate at the party given Monday afternoon when Mrs. Edgar Shurley was hostess to the Just-Us Club. Dahlias, zennias and marigolds were used for floral decorations.

Club members present were: Mesdames G. H. Davis, J. S. Glasscock, Hix Hall, Vernon Hamilton, R. A. Halbert, J. Franklin Howell, W. C. Warren, Libb Wallace.

Club guests were: Mrs. Jack Pfeister, Mrs. R. C. Vicars, Mrs. Joel Shelton, Mrs. George D. Chalk.

A salad plate was served at the tea hour.

Mrs. Hamilton held high club score and Mrs. Chalk high guest.

Social Held For Baptist Ladies Wednesday

Mrs. W. D. Marin was hostess Wednesday afternoon at the church when the Baptist Woman's Missionary Society met for a regular meeting.

A Royal Service program was presented, with the following taking part of the program:

Mesdames O. C. Ogden, Orion Brown, Joe Hull, R. C. Brinkley, Joe H. Brasher, H. Eastland.

Mrs. Gus Love sang, "I Gave My Life For Thee."

Coffee and cake were served to: Mesdames G. G. Stephenson, J. W. Perry, H. V. Morris, J. K. Lancaster, Alfred Cooper, T. L. Harrison, Lee Holland, L. H. McGhee, Joe Lively, Devers Valliant.

Mrs. Fields Club Hostess Friday Afternoon

Using a Hallowe'en color plan of orange and black in decorations and refreshment plate, Mrs. John Fields was hostess Friday afternoon to the Jolly Joker Club at the home of Mrs. W. J. Fields, Jr.

Fall flowers made an attractive setting in the living room of the Fields home.

Club members present were: Mesdames Ernest McClelland, Dan Cauthorn, W. J. Fields, Jr., Sam H. Thomas, H. V. Stokes, Henry Decker, Tom White, Andrew Moore.

A salad plate was served. Mrs. White held high score and Mrs. McClelland second high.

ROBERT CAUTHORN, JR. TO MARRY NOVEMBER NINTH

Invitations were received this week by Sonora people to the marriage of Miss Alice Overstreet of Del Rio to Robert Cauthorn, Jr., son of Mr. and Mrs. Bob Cauthorn, former Sonora residents who now live in Del Rio.

Miss Overstreet, who will be married to Mr. Cauthorn in the First Baptist Church, Del Rio, at noon November 9, is a daughter of Mr. and Mrs. Hugh Mortimer Overstreet of that city.

Mr. Cauthorn, a nephew of J. A. Cauthorn of Sonora, is a ranchman in the Juno section.

Society Notes

NINA ROUECHE, Society Editor

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND

Curves of the Spine

While enthusiastic about correct bodily carriage, I am not a posture fanatic in the sense of advocating braces and special exercises for every child with a fault. For one thing, I have seen too many children straighten up, as well as brighten up, under the simple prescription of more milk and sleep and a better all-round diet. In such cases, the change takes place through improvements in muscle tone and strength. Given a desire to stand correctly, the child who is well-nourished has the muscle strength to hold the bones of the skeleton in place.

Suppose muscles and ligaments could be made to disappear, just for the purpose of our experiment. Obviously, under the force of gravity, the bones would fall to the floor. Now this force is pulling on the skeleton all the time, so what must happen when the muscles and ligaments are flabby and weak? Tend to sag downward, of course, thus causing the entire body to assume faulty posture.

It is evident, therefore, that the firmness of tissue, the condition we call "tone," is essential to good posture. And of course everyone knows that "tissue tone" results in turn from good nutrition. For this reason, all my school posture programs insist that children receive their daily quart of milk, an adequate diet, and the full amount of sleep.

Next week: more about posture and the effect of faulty schoolroom furniture on spinal curvatures.

Long Distance Rates Reduced Sixth Time

1. AFTER 7 EVERY NIGHT
person-to-person long distance charges are now lower,
except on some shorter calls.

2. ALL DAY SUNDAY
long distance rates are reduced on both person-to-person
and station-to-station calls.

These reductions apply on calls to points more than 100 miles distant, and to many shorter calls. In the past the only reductions were those after 7 at night on station-to-station calls.

This is the sixth time in 10

years that the telephone company has lowered long distance charges. Other reductions were made in 1926, 1927, 1929, 1930 and 1935.

Ask Long Distance for the new rates to points you may want to call.

THE SAN ANGELO TELEPHONE COMPANY

Owensville Pupils Plan Oct. 31 Frolic

Hallowe'en Night To Be One of
Fun at Sutton School

Promises of genuinely amusing entertainment abound in the unique incitations issued a few days ago to the Hallowe'en party at the Owensville School, taught by Miss Ova L. Farmer.

Described as a "no expense" party for the pupils and school patrons of that section, the frolic will be held at the school Saturday night. The invitation sent by the school bears wording of this sort:

"If you desire an evening of fun, frivolity, spooks, favors and plenty of confetti, come to the gala Hallowe'en celebration sponsored by the Owensville School and its patrons. No expenses—and barrels of fun. Help us make the spooks walk the plank—help us hang them 'til they're dead!"

"There'll be amusements for all—the fortune teller, who has just returned from India with 'lots of fresh dops' on the past and future lives of all you people—the suspended apples and the ducked ones—various and sundry games and amusements—thrillers and spooks—favors, confetti and refreshments. All are invited and each one is to bring a friend or friends."

"The two big requirements for admission are: bring all your friends and come masked."

Two prizes are to be given—one for the person recognizing the most "spooks" and the other for the person hardest to identify. The school's invitation to its Saturday night party ends with this admonition:

"... Don't forget—October 31—from dark 'til dawn the spooks will play, the witch will flirt with the man in the moon. Let's do the same at Owensville School..."

An Expensive Campaign

Chicago, Oct. 21. — Americans have become accustomed to big campaign funnels since Al'aham Lincoln attained the Presidency on an expenditure of \$700. Most costly campaign was that of Harding, at \$5,319,729. This year Chairman Farley gathered \$2,094,190 for the Democratic campaign. Republicans estimated it would need \$8,636,030 to unseat President Roosevelt. Of this they raised only \$2,050,000, and National Headquarters say they will need "\$1,000,000 a week from now until election." The Democrats want "\$1,500,000 for a final drive." Big corporations are fighting shy of contributions to either party, and campaign managers fear a curtailment of radio time and other expensive outlays.

Newspaper Surprises Readers
Columbus, Ohio, Oct. 21.—Readers of the Citizen rubbed their eyes in surprise at the following front-page announcement: "Many of our friends say they are getting sick and tired of politics. Note carefully we have no stories, no columns, no editorials, no cartoons, no pictures on politics. We just thought it might be refreshing." After bushel baskets of mail had been sorted, hundreds of phone calls tabulated, it was found two-thirds of the Citizen's readers applauded; the other third voted "all right for one day, but don't try it often."

Mrs. F. T. Jones went to Temple Wednesday to be with her mother, Mrs. E. J. Jones, who is ill there.

FIVE YEARS FOR BOY WHO WROTE THREAT LETTER

© NEWS WEEK

In Atlanta this week a federal judge sentenced Frank Edward Stevens, 16, to a correction home to "re-make" himself. He was charged with writing a threatening letter, demanding money, to the parents of Shirley Temple, child motion picture star.

NEWSPAPER PUBLISHERS THROUGH SONORA MONDAY

Sonora visitors for a short time Monday afternoon were Mr. and Mrs. H. D. Meester and granddaughter, Betty Jean Rinn, and Mrs. Ella Lane.

The group was on the way to Fort Davis to attend a meeting of the Texas Editorial Association which is being held there this week. Mr. Meester is president of the organization.

Mrs. Lane is publisher of the Shiner Gazette and Mr. Meester of the Yoakum Herald.

French Class Started Here
Instruction in French, under the tutelage of Mrs. I. B. Boughton of the Ranch Experiment Station, will be received by Miss Thelma Rees, Miss Annie Duncan and Miss Johnnie Allison. Mrs. Boughton's class, which is to be taught twice a week, was organized Wednesday at the high school. The next class period will be Monday at five o'clock when it is expected that others will join the class.

Two Ladies To P. T. A. Conference
Mrs. W. P. Riley of Junction and Mrs. S. T. Gilmore went to Ozona Monday to attend the twenty-seventh birthday observance of the Parent-Teacher Association movement in Texas. Seventy-five members were present for the afternoon affair. Mrs. Riley and Mrs. Gilmore will also attend the tri-county council at Del Rio tomorrow.

Baby Born To Mexican Couple
A baby girl weighing seven pounds was born Saturday to Li-brado and Mrs. Santos.

Pat Cooper and Word Sherrill spent the week-end at Texas A. and M. College.

MAYSIE BROWN

Notary Public, Sutton County, Texas.

Week by Week in TEXAS HISTORY

Week of October 17

1835—On October 20 a committee was appointed to consider mail facilities.

1836—Sam Houston was inaugurated president of the Texas Republic on October 22, and Mirabeau Lamar, vice-president. Up to this time Houston had served as commander-in-chief of the Texas army.

1839—The brig, "Colorado" was delivered in Galveston on October 18. It was one of the six ships ordered for the Texas navy.

1840—Captain E. W. Jordan fought his way out of a trap near Saltillo on October 23, leaving 400 Mexicans dead.

1854—The cornerstone of the first barracks was laid at Fort Davis on October 23 by frontier guardsmen acting under orders from the war department.

Birthday Party Honors Anne Karnes Friday

A Halloween party to honor her daughter, Anne, on her third birthday, was given Friday afternoon by Mrs. Sam Karnes and Miss Alice Karnes.

Halloween favors, caps, hats and horns were given each little guest.

Birthday cake, popcicles and candy were served to:

Jane Neill, Nancy Neill, John Stanley Hamby, Jimmie Morrow, Diana Wood, Basil Halbert, John Allen Ward, Peggy Barker, Billy Bryan Savell, Ernest Carroll Stephen, Billy Frank Decker, Peggy Reming, Anne Karnes.

Cake and coffee were served to: Mesdames J. A. Ward, Jr., B. M. Halbert, Jr., Roy Phillips, Lula Karnes, George H. Neill, F. J. Wood, Miers Savell, Vernon Mar-ion and daughter, Jo Ann, John Hamby.

Several pictures were taken of the children at play and with the birthday cake. One picture was taken of the five children that were christened together in 1934. They were: Jimmie Morrow, John Stanley Hamby, Anne Karnes, Diana Wood, Billy Bryan Savell.

Dollars For Shipping Dirt!

Although Texas has the largest sheep and wool industry in the United States none of the Texas wool is consumed by Texas manufacturers and practically the entire output is shipped to New England in the raw state with Texas paying \$750,000 annually in freight rates on grease and dirt in sending its wool to market, according to a survey of the wool scouring industry which is being made by the Texas Planning Board.

Choral Club Organized

Miss Rena McQuary is sponsoring a choral club which was organized Wednesday. Officers elected were: President, Emma Sessions; secretary and treasurer, Cathryn Trainer; sergeant-at-arms, Kathryn Brown; reporter, Elizabeth Elliott. The girls were divided into three divisions—first and second soprano and alto.

"INFANT IN POLITICS"

Dean John R. Murdock of the Arizona State Teachers college at Tempe, Ariz., a self-styled "infant in politics" who defeated eleven Democratic candidates for the state's long congressional seat. His nomination is considered tantamount to election. He will succeed Representative Isabella Greenway, who is retiring.

Mr. and Mrs. John Hamby and daughter, Geraldine, spent several enial expositions in Dallas and Mr. and Mrs. J. C. Morrow and days this week visiting the Cen-Fort Worth.

*** BETTER LIGHT
for BETTER SIGHT**

*His Outlook
will be
BRIGHTER*

Home is a haven of rest after a tiring day's work. You can make it a complete haven for the breadwinner in your home by providing an easy chair, a relaxing bit of reading matter, and ADEQUATE LIGHTING! Banish needless eye-strain and consequent nervous fatigue with proper lighting — next day his outlook will be brighter, his ability to see business opportunities better!

The Lamp You Need For Your Home!

Here is a lamp that eliminates all shadows. It produces a soft light, no glare. The wide shade spreads light over a wide area.

These features are common in all I.E.S. lamps—table, student floor, boudoir, wall and lounge. They are obtainable in a variety of patterns and colors, so as to harmonize with your home furnishings. New models now on display.

ROUCHE FAMILY LIVING
IN NEW HOME THIS WEEK

The pleasure of living in their new home, under construction for the last few months, is being experienced this week by Mr. and Mrs. Neill Rouche and their granddaughter, Robbie Jo Wyatt. The family moved into their new house Saturday and Sunday.

The property is a seven-room frame and stucco residence built half a block from the Old Spanish Trail highway through Sonora.

Guests of the Rouches Saturday and Sunday were Mrs. Rouche's daughter, Mrs. Fred Ross. Mr. Ross and children, Vada Jean and Johnnie, of San Antonio.

Tired Drivers in Paris
Danger to Pedestrians

Paris, France.—Late in the afternoon—when drivers and pedestrians are tired and at the ebb of vitality—is the most dangerous time to be abroad in Paris. More deaths from traffic accidents occur between 5 and 8 p. m. than at any other time of day—141 out of 463 for 1935. The least accidents occur at night.

Most accidents are due to fast driving and failure to slow up at crossings—19 per cent. Carelessness of drivers in other respects accounted for 16.9 per cent, and 9.7 per cent were attributed to automobilists who didn't want to cede the right of way to the persons who legally had it. Dozens of other causes accounted for the rest.

It is most dangerous in Paris to be a pedestrian. Bicycles are next.

As for the vehicles which cause the deaths, private cars head the list. Next come trucks.

Church Bulletin Boards

Just a Salesman's Idea
Ashtabula, Ohio.—Bulletin boards seen in front of nearly every church in the country were invented by W. C. Grant, of Ashtabula. The first one in the United States was constructed on the outside wall of Trinity church here.

Grant originally intended the bulletin boards for stores, railroad time tables, theaters, and other commercial purposes, but in an attempt to increase his sales he started selling his signs to churches. It was with the religious institutions that he found his greatest volume of business.

Long-Distance School
Leadore—Joseph Dilley, superintendent of the rural high school, conducts a "long distance" school. The average distance covered by his 77 pupils daily to attend school is 31 miles. Two of his pupils cover 90 miles daily.

SETS WORLD RECORD

A typical leatherneck in appearance is Marine Gunner Henry P. Crowe of Lincoln, Ill., who is pictured after he had set a new world's marksmanship record at Camp Perry, Ohio, outshooting 1,570 of the best riflemen in the United States. Gunner Crowe scored a possible 100 to win the famous Wimbledon trophy, competition for which is fired over a 1,000-yard range.

National Bank Charter
Issued First in 1863

Philadelphia.—The first national bank charter granted by the federal government was issued to a Philadelphia institution.

Records displayed in conjunction with the annual Philadelphia exposition showed that national bank charter No. 1 was granted to the First National Bank of Philadelphia on June 20, 1863.

One of the leading figures in the bank's organization was Jay Cooke, financial aide to the government at the time of the Civil war.

School Pupils To Sing This Morning

Assembly Programs Planned Far in Advance Now

A "sing-song" and the practicing of "rounds" will be features of the weekly assembly in the high school auditorium today at 3:00, according to an announcement by Preston C. Lightfoot, principal.

Miss Johnnie Allison, chairman of the assembly program committee made up of Garland Slaughter, Joyce McGilvray and Jo Ann Marion, students, will direct the songs and Mr. Lightfoot and Miss Mary Emily Allen the "rounds."

Last Friday the seventh grade pupils gave a Fire Prevention Week program directed by their teacher, Miss Leeta Mae Garrett. At the assembly program next Friday the Rev. R. F. Davis, Methodist pastor, is to speak to the high school pupils. Recently the Rev. R. C. Brinkley, Baptist pastor, was the principal speaker.

Assembly programs at the school this year are being planned at least a month in advance by a committee appointed for a six weeks period. Diversified material of an entertaining as well as instructive nature is sought for in the planning of the programs. The committee of students and an instructor is to act as a "clearing house" for programs and after each one a report of it is written and filed. This material is expected to be used in the future as a guide in the preparing of other programs the remainder of the school year and in future years.
