

JAPS OFFER TO END WAR

Soviets Invade Korea; Troops Hit Sakhalin

By The Associated Press

Soviet forces have invaded Korea on a wide front and have spread into the southern half of strategic Sakhalin (Karafuto) Island, Tokyo Radio announced Friday as other Red Army troops plunged deeper into Japanese-held Manchuria in a multi-pronged invasion.

On the second day of Russia's war with Japan Tokyo quoted an imperial headquarters communique as saying Russian troops had penetrated Korea in the vicinity of Keiko in the extreme northeastern part of that country.

The invasion of Karafuto—Japanese name for the southern half of Sakhalin Island—evidently was made at several points. Tokyo said that at the same time a Soviet force "carried out a light bombardment of areas southwest of Bulka," in the vicinity of the invasion, and west of Handa.

American Air Forces To Aid

The broadcasts were recorded by the FCC.

American air forces in China, meanwhile, were being deployed for close coordination with the Russians in the north.

The same coordination between Allied planes and Russian ground forces which sped victory against the Nazis in Europe apparently was about to be employed in the vast Asiatic theater of war.

Lt. Gen. George E. Stratemeyer, quoted in a Chungking dispatch, said his U. S. 10th and 14th Air Forces already were being deployed to meet the tactical situations created by the new Russian front, and would "reach out deep into enemy territory everywhere."

Plans Set To Cooperate

Lt. Gen. Albert C. Wedemeyer, U. S. commander in the China theater, said Red Army forces operating against the Japanese would remain under Russian command, but that coordination and interchange of information already had been perfected.

As waves of Russian infantry, tanks and cavalry, backed by massed artillery, battered into Manchuria from the east, west and north in a huge pincer operation against the Japanese Kwantung Army, Moscow reported swift initial gains.

The Russians plunged 14 miles into the steely province from the east and 33 miles from the west. Moscow reported the capture of (Continued on Page Five)

Humble Buchanan To Perforate At 12,130-230 Feet

By JAMEE C. WATSON
Oil Editor

Humble Oil & Refining Company No. 1 Buchanan, East Midland County, Wichita, in Baldrige survey No. 32-692, ten miles southeast of Midland, had drilled out cement 1 1/2 inch casing, set at 12,568 feet, to about total depth of 12,574 feet, in lime—said in some quarters to be Ellenburger.

Operator reported Friday morning that the plug was to be perforated at 12,130-230 feet, with four shots to the foot.

No further information was reported as to operations to be undertaken following the perforating. Some observers reported that top of the Ellenburger was at about 12,170 feet on an elevation of 2,699 feet.

A zone between 11,400-500 feet had some gas and some signs of distillate. It is probable that owner will undertake to test that section also.

Shown Some Oil

Hunt Oil Company No. 1 Graham, in section 328, block D, John H. Gibson survey, in Northeast Yoakum County, about five and one-half miles northeast of Plains, drilled from 5,335 feet to 5,345 feet, and was slated to treat with acid.

The zone at 5,246-5,335 feet, tested for approximately 75 barrels of oil daily, swabbing, after treating with 800 gallons and 1,500 gallons of acid. It is reported that after the project had swabbed dry following the acid treatments, it filled with 500 feet of new oil in one hour.

Humble No. 1 Penrose, in northeast quarter of section 3-228-376, middle Permian exploration in the Penrose-Skelly shallow field of Southeast Lea County, New Mexico, was reported to have kicked-off and started flowing by heads after sectioning at 5,081-5,100 feet, had been swabbed for seven hours following (Continued on Page Five)

Fire Ball Over Nagasaki Is Seen By Pilots

GUAM—(AP)—Airmen 70 to 250 miles away witnessed the atomic bombing of Nagasaki and described it as "too tremendous to believe."

Associated Press war correspondent, Richard Cushing, reported that Okinawa based fliers, attacking other targets on the southern Japanese island of Kyushu, saw flames and explosions as the most destructive weapon of the war found its mark.

Fliers in the nearest plane reported a smoke column whirled 20,000 feet into the air. A crew member of a plane 250 miles away said he saw a fiery yellow orange ball shoot into the sky for 8,000 feet, followed by a column of smoke which rose to at least 20,000 feet.

These reports substantiated those received here. The pillar of smoke and dust prevented accurate assessment of the damage wreaked by the second atomic bomb dropped on the Nipponese.

Results Termed "Good"

The results of the atomic bombing of Nagasaki were described as "good" by General Spaatz, chief of the U. S. Army Strategic Air Forces, but he said that three and a half hours after the devastating weapon was dropped at noon Thursday, smoke still obscured the damage from a photo reconnaissance plane.

The new reports on the Nagasaki assault came as two flights of B-29s hit the Tokyo arsenal and Amagasaki, important oil refinery adjoining Osaka on Honshu.

With Radio Tokyo totally silent on the atomizing of Nagasaki, there was no other information on the awful fate of the western Kyushu seaport of 253,000 population.

Superforts Continue Attack

Spaatz' Superforts carried their devastating blows against Japan into the fifth consecutive day with a 70-plane strike that poured 2,000-pound demolition bombs onto the Tokyo arsenal area.

Crewmen's radioed reports said (Continued on Page Five)

Carrier Planes Blast 181 Nips From Sky

GUAM—(AP)—American carrier planes knocked out 181 Japanese planes and a number of small ships in the renewal of their strikes at Japan Thursday morning, Admiral Mitsuo announced Friday.

Later strikes were not available from return strikes during the day and from continued attacks Friday, which hit largely at airfields from which the Japanese might strike at Soviet Russian troops invading Korea, Sakhalin and Manchuria.

Red Stars in Manchuria

Grim-faced, sturdy-looking soldiers of the Soviet Far Eastern Army are typical of the crack troops fighting the Japs in Manchuria. The picture was taken just before the Russian declaration of war on Japan when border clashes sometimes amounted to large-scale battles.

Truman Warns Japanese People To Abandon Cities And Flee For Lives

WASHINGTON—(AP)—Word from Tokyo Friday that the Japanese want to surrender provided they can save their emperor follows a warning by President Truman to Nippon's people to quit their doomed cities and flee for their lives. The President promised an atomic bomb campaign to wipe out Japanese war industry, city by city.

Barring surrender, Japanese industries are to be destroyed "to shorten the agony of war" and to save untold American lives, Truman said in a broadcast report to the nation Thursday night. That is the determined policy of this government, he declared, even though thousands of enemy civilians who fail to heed the warning will be killed.

The President's warning to the Japanese people was made in a 30-minute radio report on the accomplishments of the Berlin Big Three meeting and on the progress of efforts to force Japanese surrender.

Big Three Worked For Peace

The Chief Executive described the Berlin political decisions he reached with Prime Minister Attlee and Generalissimo Stalin as measures to build a secure foundation for peace in Europe and the world.

He said also that "we are going to maintain the military bases necessary for the complete protection of our interests and of world peace."

"Bases which our military experts deem to be essential for our protection, and which are not now in our possession, we will acquire. We will acquire them by arrangements consistent with the United Nations Charter."

The Chief Executive reiterated that there were no secret agreements or commitments made at Berlin "apart from current military arrangements."

Plan Russia's Entry

"One of those secret arrangements, he added, was for Russia's war declaration on Japan. (Elsewhere it was learned that Stalin had said the declaration would be effective August 15. The assumption here is that the advent of the atomic bomb prompted him to move it up to August 3.)

"The Japs will soon learn some of the other military secrets agreed upon at Berlin," Truman said. "They will learn them firsthand—and they will not like them."

Truman said Hiroshima was chosen as the initial target for the atomic bomb because it was a military base and "we wished in this (Continued on Page Five)

Halsey's Aircraft Hit 259 Nip Planes For Record Bag

By MURLIN SPENCER

GUAM—(AP)—American and British carrier pilots—fettering Japan's grounded air force from its camouflaged hideouts—destroyed or damaged 259 Nipponese aircraft and fliers on Northern Honshu Island Thursday, a preliminary report from Admiral Halsey's Third Fleet disclosed Friday.

The bag, scored both on ground-based craft and in the air, was the greatest yet reported for initial waves of a carrier strike by Halsey, greater even than the damage reported for the same period of the destructive attacks of July 10 and 28.

Eleven enemy aircraft of a small Kamikaze attack on the fleet were shot down. One of the suicide pilots managed to crash into a light fleet unit, possibly a destroyer or a destroyer, which is still burning under its own power. Two enemy aircraft were shot down in the vicinity of the fleet the preceding day.

Supports Russian Army

The American and British pilots swept from Misawa Air Field on the northern tip of Honshu to Matsushima Air Field, 160 miles southward, in raids backing up Halsey's promise to support the Russian entry in the war by pinning down Japanese aircraft.

Japanese gliders were mentioned for the first time in the announcement that British carrier pilots destroyed 24 of the troop carriers.

Both British and American fliers sank "several" small Japanese ships and damaged others.

The communique covered only the initial action, Thursday.

Strikes Thursday afternoon, and damage caused by the 1,500 carrier planes which returned to the attack Friday, were not included.

Meanwhile, the Northern Honshu steel city of Kamaishi still smoldered from the heavy shelling it was given Thursday by the Third Fleet.

War Bullelfins

WASHINGTON—(AP)—The White House said Friday that the United States is continuing to fight Japan in the absence of any official surrender offer.

LONDON—(AP)—Prime Minister Attlee has received unofficial news of the Japanese offer to surrender, the press secretary at No. 10 Downing Street announced Friday afternoon. There was no further statement.

LONDON—(AP)—A Tass broadcast from Moscow said Friday the Japanese minister of foreign affairs, Shigenori Togo, had informed the Soviet Ambassador to Japan, Jacob A. Malik, that Japan was ready to accept the Potsdam terms, subject to maintenance of Emperor Hirohito as sovereign.

LONDON—(AP)—A rush to buy Far Eastern securities in the London stock market came with news of Japan's surrender offer Friday.

Radio Broadcast Says Nips Will Surrender If Hirohito Allowed To Retain Power

LONDON—(AP)—The Stockholm radio said Friday night Japan had handed the Swedish minister of foreign affairs a note to the British, American and Russian governments offering to surrender.

By Associated Press

WAR AT A GLANCE

By The Associated Press

JAPAN: Tokyo and Moscow radios reported Japan ready to accept Potsdam ultimatum, provided Emperor Hirohito be retained. American Superforts again attacked Tokyo Arsenal and smashed at Kobe area, as 1,500 carrier based planes roamed at will for second day over Northern Honshu. Initial report of carrier plane strike Thursday reported 259 Japanese aircraft knocked out.

KOREA: Radio Tokyo reported Russian troops invaded Korea on a wide front.

SAKHALIN ISLAND: Russian troops stormed into southern half of the important island only 40 miles north of Japanese home island of Hokkaido, Radio Tokyo reported.

MANCHURIA: Soviet troops gained 14 to 33 miles in long-pronged drive to snap giant pincers around Japanese Kwantung Army.

PHILIPPINES: Filipino troops with U. S. Sixth Division captured Antipolo and Mayoyoy in rugged Cordillera Mountains of Northern Luzon.

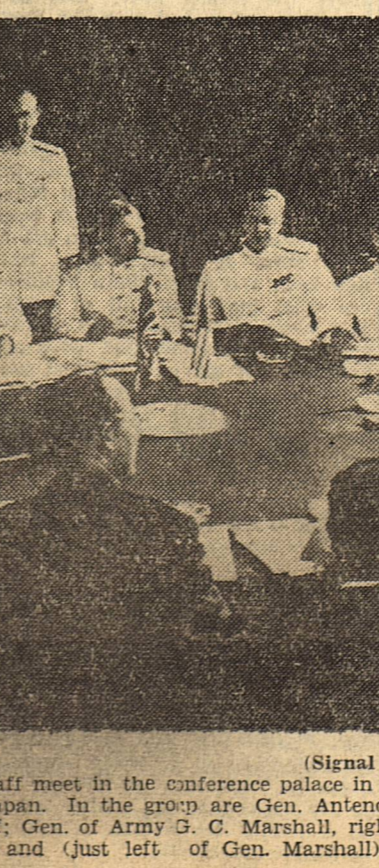

CHINA: Chinese High Command reported fierce battle raging on approaches to Chanchow, 100 miles southwest of Shanghai.

Stettinius Is Given Rank Of Ambassador

WASHINGTON—(AP)—Edward R. Stettinius, Jr., who will be United States delegate to the United Nations Security Council, held an interim appointment Friday as representative on the preparatory commission.

President Truman named the former secretary of state to this post Thursday night with the personal rank of ambassador.

Russia Declares War On Japan

(Signal Corpsphoto from NEA Telephoto)

The offer was transmitted by the official Domei agency at 6:30 a. m., Central War Time, and picked up in the United States by The Associated Press and government monitors. But it had not come through official diplomatic channels and the White House said the United States was continuing to fight.

No. 10 Downing Street said Britain was consulting with the United States, Russia and China about the broadcast.

Japan, through her official news agency, said the offer was being transmitted via Sweden and Switzerland, and the Moscow radio said Russia's ambassador in Tokyo had been officially informed by Japan's foreign minister, Shigenori Togo.

Once the offer is transmitted through official channels, the condition imposed by Japan—that Hirohito remain in power—may prove a stumbling block to immediate acceptance by all the Potsdam signatories—the United States, Britain, Russia and China. The Potsdam declaration itself did not mention the emperor's status, but broadcasts of the U. S. Office of War Information have refrained from attacking Hirohito. Capt. E. M. Zacharias, in an official U. S. broadcast last month, told the Japanese they would be able to form their own government under the Atlantic Charter, once the Allies' terms of unconditional surrender were met.

PCC monitors said the Japanese offer was transmitted only overseas, and not carried on the Japanese home radio.

Trading was suspended on the Tokyo stock exchange "under orders of the finance ministry," Domei said.

The Domei agency broadcast expressed hope that an answer will be "speedily forthcoming."

Truman Confers

President Truman conferred hurriedly with part of his cabinet less than two hours after the original Domei broadcast. Secretary Byrnes said nothing official had been received from Japan. Secretary Forrestal expressed hope that the offer was genuine and said he expected a development soon.

Prime Minister Attlee's office said he had received unofficial word of the offer, but had no further comment. Moscow broadcast, the Tokyo offer on an "authoritatively learned" basis.

Japanese acceptance of the Potsdam ultimatum would mean that the nation would surrender unconditionally, disarm and give up her conquests, returning Manchuria and Formosa to China and paving the way to an independent Korea. She would withdraw from Malaya, the Netherlands East Indies and China.

The Domei statement first was heard in the United States by the Associated Press and government (Continued on Page Five)

No Formal Jap Surrender Offer Is Made To Capital

WASHINGTON—(AP)—President Truman assembled his cabinet in an atmosphere of official expectancy Friday, but the war raged on in the Pacific as hours slipped by without official confirmation here of a broadcast Japanese surrender offer.

The first cabinet meeting since the President returned from Potsdam was set for 1 p. m. (CWT) at the White House.

As the day wore on, there was no word from either the President or Secretary of State Byrnes across the street that a formal Japanese surrender proposal had been laid before this government.

This did not indicate any lack of intense consideration of the Domei News Agency broadcast that Japan was ready to accept the Potsdam ultimatum with the condition that the emperor's sovereignty should not be compromised.

Prime Minister Attlee reported in London that the British government was consulting its Allies on the Tokyo broadcast, although it too lacked an official communication.

A little earlier, Press Secretary Charles G. Ross told reporters Truman was not then in contact with the Allied governments.

Another U. S. Sub Reported Missing

WASHINGTON—(AP)—The U. S. submarine Lagarto is overdue on patrol and presumed lost, the Navy announced Friday. The next of kin of casualties have been notified.

The Lagarto's commanding officer was Commander Frank de Vere Latta, a native of Indianapolis.

Submarines of the Lagarto's class usually carry a complement of about 90 officers and men.

The submarine is the 47th to be lost since the start of the war.

Weather

Partly cloudy Friday afternoon. Fair Friday night and Saturday morning. Not much change in temperature.

The People's Mandate

The Senate's ratification of the United Nations Charter seemed to us even more significant and momentous than the drafting of the charter. Everyone knew that a charter would come out of San Francisco. No one knew when or by what majority, or after what subterfuge the Senate would approve it.

The Senate's debate and decision reflected the temper of the people who elected its membership. Some, outspokenly opposed to the whole idea, were not returned to Washington after last November's elections. Senators Shipstead and Langer, who voted against ratification, were not candidates in 1944. Other senators, perhaps fearful of the consequences, voted for the charter after making their objections known.

Thus the dying prediction of Woodrow Wilson, recently revealed by his daughter, Mrs. Eleanor McAduo, is half fulfilled. Wilson said, in substance, that only when the American people really wanted a league of nations would they join one, and that only then would such a league succeed.

The success of the new league is still to be proved. But the American people's desire for it was unmistakable. There were differences of popular opinion, of course. And these shades of opinion were brought out in the Senate debate on the charter—debate marked by urgent action, lofty hopes, temperate consideration, honest doubts and cynical defeatism.

The speed of ratification was gratifying. This country's government had been the prime force behind the new world organization. It was in this country that the first international discussion of the organization took place, and where a world congress drafted its covenant. It was fitting that the United States should also be the first great power to approve the present results of the world's new effort toward peace.

Not even the charter's best friends, in or out of the Senate, have said that the document is perfect. Obviously it isn't. But after some of the too optimistic promises of the first league's American supporters 25 years ago, the present sanity is welcome.

No gardener would plant a crop in the ground and then ignore it, blindly trusting God that it would yield a perfect harvest. And no thinking person today can believe that the seed of the United Nations Organization will not require solicitous care against adverse weather, weeds, disease and various predatory forms of animal life.

There is much to do. But at least the crop is in and this country has signified its willingness to tend it. Disappointment and discouragement are surely ahead. Yet we know that at least a real start has been made toward the golden harvest of peace, without which the world cannot survive.

Small Economy

Reporters assigned to the Treasury Department in Washington have asked for a new press-room adding machine with more figures. The old one only computes in millions.

To taxpayers with a national debt in the billions, the cost of one new adding machine is infinitesimal. But we've got to start cutting down somewhere, so why not here?

Let the boys keep the old machine and add the three ciphers for billions in pencil. That will be occasionally inaccurate, to be sure, but it won't hurt to take the last three figures in round numbers for a while. It'll be time enough to worry about expenditures and incomes under a thousand when we get the public debt back into the millions.

Perfect Agreement

The future holds prepaid medical care programs for canines as well as humans, the Gaines Dog Research Center predicts. Present plans call for a private, voluntary agreement between veterinarian, owner, and presumably, dog. So the cost won't go on anybody's tax bill.

In other words, they're not planning socialized medicine for canines.

When lawnmowers are back on the market there'll be a grand rush to buy them. Folks just aren't going to let the grass grow under their feet!

A power-driven toothbrush has been patented. It may be interesting enough to make little kids want to brush their teeth.

Strikes have doubled since V-E Day, says the Labor Department. That's worth a front page streamer in Jap newspapers.

Diplomacy means saying things in such a way that nobody knows exactly what you mean.

Thus far Hitler has been reported shot, poisoned and burned. That covers about everything we had in mind.

More and more Jap ships are being sent to the bottom. The Rising Sun is being eclipsed by the sinking sons.

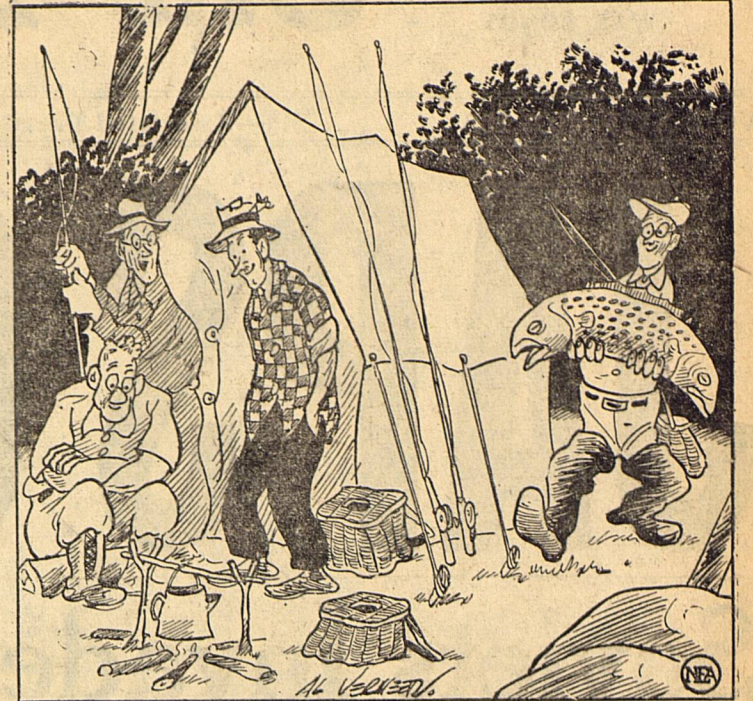

"Going My Way?"

Private Business Must Get Chance To Use Ingenuity

By JAMES MARLOW
WASHINGTON—(AP)—President Truman has taken a very necessary step for the good of the country. To get us back on a normal footing as fast as possible, without interfering with the war, Truman has told the War Production Board: "Every opportunity must be given to private business to exercise its ingenuity and forcefulness in speeding resumption of civilian production, subject to war needs."
The need for reconversion speed was pointed out 11 days ago by the Senate committee investigating the war program.
This blistering report was enough to sober anyone who thinks Japan's sudden end means quick prosperity for all of us.
Largely Unprepared
The report said: "Should the war in the Pacific end soon, it will find us largely unprepared to overcome our domestic problems. Reconversion will not have progressed far enough to absorb the manpower which suddenly will be released."
"Government work programs will not have been established. Unemployment on a large scale will ensue. Once this occurs it creates an inertia which is very difficult to overcome and will seriously interfere with achieving prosperity."
"There has not been sufficient help from the government to industries and businesses desiring to reconvert."
"The continued scarcity of goods at a time when hundreds of thousands of soldiers are being returned home for furloughs and for release is putting a severe strain on our economic stabilization efforts. We are short almost everything. Prices have continued to rise. Each day adds to the possibilities of the development of an inflationary wave."

Drawing Cards

"Any minute now Eddie will be back with one of his fantastic fish stories."

Man Falls Taking Bath, Is Injured

Navy Reveals Newest Corsair

Approved for Publication by U. S. Navy Dept.

HERE is the first picture released of the new Vought Corsair—the F4U-4—which has joined the fleet to smash at Japanese airpower in the enemy's homeland. In the 425-mile-an-hour class, and carrying six .50 caliber machine guns, eight five-inch rockets and a 2,000-pound bomb load, the new Corsair is one of the most fearsome air weapons yet hurled at the Japs. The Pratt & Whitney R-2800-C engine of 2,100 horsepower, plus substantially more by the use of water injection, and a four-bladed Hamilton Standard Hydromatic propeller, give the new Corsair increased speed, climb and ceiling over its famous predecessor, the F4U-1.

Aunt Mary Says It Would Be Unfair To GIs He Loved To Bring Ernie Home

(Hal Boyle and Ernie Pyle were the two most widely circulated columnists of the European war. They covered much the same ground. Both won the Pulitzer Prize. Yet they never competed. Each was busy in his own way, telling America of the lives of its sons at the front. Hal, on his way to the Pacific to continue his column in the area where a Japanese machinegun cut short Ernie's career, stopped off to see Pyle's Aunt Mary and father Will.)

By HAL BOYLE
DANA, IND.—(AP)—The small wren finally got the best of Ernie Pyle's Aunt Mary.

For two seasons the little bird tried to build its unsightly twig nest atop the electric light meter on the front porch of the Pyle farm home. It was a poor location—right above the screen door. But the wren was infatuated with the light meter. Every time Aunt Mary pulled down her store of twigs, back came the stubborn bird with more. Aunt Mary Gives In

Aunt Mary was just as stubborn. Eventually she forced the discontented wren to nest and raise its brood in a box she and Will Pyle, Ernie's dad, built in a nearby tree. This year the excited wren got a head start on Aunt Mary. She flew back and forth like a bumblebee with her beak full of twigs. And 79-year-old Aunt Mary, thinking how much Ernie had loved all animals, just sat and watched her build her nest on the light meter.

"That poor little wren—I don't know how many times I tore that nest down," she said, stroking Snooky, Ernie's dead mother's dog. "It's so messy. But she's been so faithful I felt sorry for her, and I

Policeman Gets 'Secrest' Request

WAUKEGAN, ILL.—(AP)—Frank Brown, who is serving as a special policeman in nearby Highwood during vacation of regular officers, was non-plussed after getting a telephone call from a woman whose name he withheld.
"My three-year-old child won't go to sleep," the woman explained to Policeman Brown.
"I'd like for a policeman to come out and frighten him."

said to her, "This time you can keep it!"

Talks About Ernie

Her blue eyes shimmer unsteadily whenever she begins talking about her nephew.
"He was always so frail," she said. "I don't see how he ever stood up under all that cold and mud and slush. And all that noise!"

She lifted her hands—as if to shut that noise away from Ernie. "He was crazy about race cars and used to cut out all their pictures. He hated farm work, but he did his own work well. He liked to drive the tractor. He wanted to be an auto mechanic then."

"Somehow he never could learn to milk a cow right. It always squirted down his sleeve instead of into the bucket."

Neither Aunt Mary nor Will Pyle want Ernie brought back home—at least not until after the war.

"It wouldn't be fair to the others," said Aunt Mary. "He fought for those boys and he's laid where he wants to be. There's nothing to be brought back—that's the way his father and me feel."

"We couldn't see him. It really wouldn't be him."

U S Made No Land Promises To Stalin

WASHINGTON—(AP)—The American government has laid the groundwork for a free hand in supporting or opposing any Russian claims growing out of Soviet participation in the Japanese war.

This was disclosed Friday as one of the significant aspects of the carefully-phrased statement in which President Truman conveyed his views on the Pacific situation to Generalissimo Stalin at Potsdam. Meanwhile, it was learned positively that Stalin advised the American delegation the first day of the Big Three meeting of a Soviet decision to enter the war on Aug. 15.

Persons in a position to know said there had been no prior discussion of Soviet desires in Asia and that Truman and other American officials do not yet know what, if any, territorial or other claims may arise as a result of the Moscow decision.

Truman at Potsdam did not ask Russia to enter combat to assist this country. He merely urged Stalin to carry out contracts he said Russia had made previously when it signed the documents the President cited.

On this basis, American officials feel this government is not placed under the same obligations to Russia that it would have been had the urging to engage the Japanese immediately been put on a less legal basis.

Frances Jones And Jo Dozier Named Honorees Of Picnic

A few close friends of Misses Frances Jones and Jo Dozier entertained with a picnic supper Thursday evening at Cloverdale Park. The honorees were each presented a gift by the group.

Miss Dozier will become the bride of Lt. John N. Moffet of Hobbs, N. M., in a ceremony to be performed at 8:30 p. m. Saturday at the First Presbyterian Church, while August 19 has been set as the date for the wedding of Miss Jones and Lt. Joseph L. Rennard. Vows for the ceremony will be read in the home of Lieutenant Rennard's parents in Los Angeles, Calif.

Those present for the picnic supper were Misses Faye Powers, Marjorie Harwell, Mozelle Dement, Dorothy Sinex, Mary Ruth Dozier of Big Spring, Jones and Dozier, and Meses. Clint Coughran, John Stoops, Erwin Labbe, Martin Neill and Bill Taylor.

MRS. MIKE KREIDEL NAMED HONOREE OF ENTERTAINMENT

The home of Mrs. Randolph Rubin, 105 Ridgela Drive, was the scene of a surprise "pink and blue" shower, when a group of friends gathered to honor Mrs. Mike Kreidel Wednesday evening. Hostess for the evening was Miss Rosella Green with Mrs. Rubin assisting.

During the evening kid games were played, and the gifts were opened.

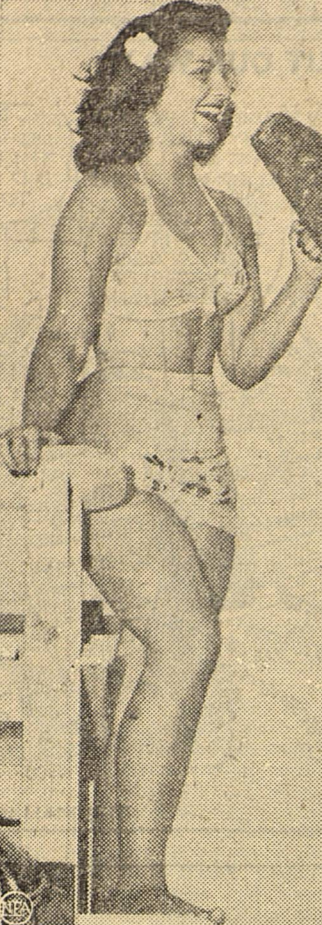

Appointments were in pink and blue, with the floral arrangements, refreshments and favors carrying out the traditional theme.

Favors were pink book matches with "Baby Mikie" written in blue.

Refreshments were served to Misses Juandell Jones, Polly Schatz, Betty Russel, Marge Rohus, Juanita M. Lee, little Janie Weathersby, and Meses. Delta Mills, Mary Thomas, the honoree and the hostesses.

Those sending gifts but unable to be present were Misses Dottie Ray, Estelle Jones, LaRue Kite, and Bessie Mae Robison.

Cheeri-oo-la-la!

Pert Shirley Tapert, five feet three inches of Texas pulchritude, brought cheer to the boys at a Hollywood aquacade held at Harlingen B-29 Gunnery School, where she acted as cheer leader. No doubt she made the boys swim faster.

MISS JO DOZIER IS HONORED AT CHICKEN BARBECUE IN ODESSA

Girls in the production office of the Gulf Oil Corporation in Odessa entertained with a chicken barbecue and miscellaneous shower Tuesday evening honoring Miss Jo Dozier of this city. The event was held at the home of Mrs. Hal Hart in Odessa.

A lovely gift was presented from the office force to the honoree.

Those present were Meses. J. Raymond Jones, Roy Brau, Pauline Redding, Estelle Smith, Clint Coughran, Ed Dozier, Hart, and Misses Josephine Nolen, Betty Hart and Dozier.

JAYCEE BOX SUPPER WILL BE HELD AT CLOVERDALE PARK

Members of the board of the directors of the Junior Chamber of Commerce voted in a meeting Thursday night at the health unit to have an old-fashioned box supper next Friday night at Cloverdale Park.

Ted Thompson, JayCee secretary, will mail letters to all wives of JayCee members explaining to them how to prepare the boxes and the procedure to be used in auctioning the boxes.

The box supper will be for members of the Junior Chamber of Commerce, their families and guests.

Coming Events

SATURDAY
Children's movies will be shown in the courthouse basement at 2:30 p. m.

Howard Is Chairman For JayCee Week

Russell Howard was named Thursday night by the board of directors of the Midland Junior Chamber of Commerce as chairman to arrange for observance of JayCee Week the last week of August.

The week is the silver anniversary of the founding of the Junior Chamber of Commerce movement in the United States.

In Midland the week will be observed by calling the attention of the citizens to the aims, purposes and accomplishments of the Midland organization.

To All Who Suffer Gas Pains-Distress After A Good Meal! Try Hot Water and A Little Neutraid

If you or any relative or friend suffer the symptoms of acid indigestion, gastritis, heartburn, sourness, gas or other stomach distress due to gastric hyperacidity, then by all means get a box of Neutraid—put a teaspoonful in half a glass of hot water and drink slowly after meals.

Neutraid is new—made especially for the symptomatic relief of gastric hyperacidity so often the cause of stomach distress, acid indigestion, gas pains, heartburn, burning sensation, and other upset conditions.

Never have you had more blessed relief. Get a box today—ask for N-E-T-R-A-I-D at Midland Drug Co., Central Drug Store—Palace Drug Store and all good druggists.

Cotton

NEW YORK—(AP)—Cotton futures at noon Friday were 65 to 85 cents a bale lower. Oct. 22.71; Dec. 22.73; March 22.70.

Two Burglaries Are Committed In City

Two burglaries Thursday night or early Friday morning netted the burglar or burglars \$16 and some clothing.

The loot was taken from the Oriental Cleaners.

The Humble station at 702 West Wall was broken into but nothing was missing.

The burglaries were investigated by Sheriff Ed Darnell.

SERIOUSLY ILL

Word has been received here that Mrs. J. G. McMillian is seriously ill at Scott and White Hospital in Temple. Mr. McMillian was head of the land department of the Stanolind Oil and Gas Company in Midland until recently when he was transferred to the Fort Worth office.

GOOD NEWS! To All Who Need a Laxative Now and Then

When you feel sluggish, stomach upset, low in spirits and somewhat "no account"—because you need a good laxative—just let yourself in for the quick relief that KRUSCHEN SALT'S CAN BRING YOU. When you want relief you want it pronto—you don't want to wait for hours (Kruschen acts usually within an hour)—Caution—use only as directed. Regulate the dose to suit your own requirements. Get KRUSCHEN SALT'S today at any good drug store.

Kiss and Tell

By F. HUGH HERBERT
An Actual Movie Shooting Script

XXIX
INT. ARCHER HOME—LOWER HALL FULL SHOT
WE ARE NOW SHOOTING AT AN ANGLE WHICH enables us to see the stairs and also into the living room. Mrs. Archer, the Franklins, Dexter, and Louise are in the living room which is being set for the imminent nuptials. Uncle George is just emerging from this melee, holding Corliss by one arm and Mr. Archer by the other. He leads them into the hall and to the foot of the stairs.

UNCLE GEORGE: Now, Harry, you will stand with Corliss at the head of those stairs—and at the first strains of the Wedding March—
MR. ARCHER: What? Who's going to play it?
UNCLE GEORGE: (soothingly) That's all taken care of, Harry. Louise plays it beautifully. Now, you two go on up there and when I—
MRS. ARCHER: (peering around from the living room) Oh, George—where shall I—
UNCLE GEORGE: Coming, my dear, coming.

He bustles happily back into the living room as Corliss and her father slowly go up the stairs to take their appointed places.

LIVING ROOM
Mrs. Archer and Mrs. Franklin are fussing over a couple of bridge tables which have been covered with a beautiful banquet cloth to serve as an improvised altar. Candles are arranged on it. Dexter lounges against the mantel-piece, happily surveying the scene of his impending wedding. Louise is dusting off the piano. Uncle George looks the scene over.

UNCLE GEORGE: Just a little bit more forward, I think. As everyone converges to carry out his bidding—

MR. ARCHER: (howling) You rat! Have you come here to gloat over me—in my shame! With this he descends the stairs in a couple of maniacal bounds, obviously intent upon mayhem. Corliss tries to grab her father, but it is too late. Pringle backs down the hall towards the porch.
MR. PRINGLE: Now wait a minute, Harry.
MR. ARCHER: Get out of my house!
He chases Pringle onto the porch.

INT. LIVING ROOM
This is just a FLASH. Louise is pounding away on the piano which to some extent drowns out the racket. Uncle George is standing over her and, in an effort to point out a place where Louise is playing incorrectly, is lustily singing the refrain for her. It is evident to the others that something is going on in the hall, and the Franklins and Dexter go out of the living room to ascertain the cause of the racket. Louise and Uncle George are still absorbed at the piano.

EXT. PORCH
Mrs. Pringle, Mildred and Raymond are somewhat startled to see their father being chased by a raging Mr. Archer.
RAYMOND: (to Archer—cheerfully) Hi, Mr. Archer!
Archer shoves him aside.
MR. ARCHER: Out of my sight or I'll kill you, too!
Pringle is already darting towards the screen door, still waving the telegram in a faintly conciliatory fashion.

MR. PRINGLE: Relax, Harry—look at this telegram! Archer, however, is in no mood to look at telegrams. Brushing past assorted Pringles, he dives for Pringle who beats it hastily into the garden with Archer at his heels. Raymond, sensing an imminent fight, skates out after them.

RAYMOND: Oh boy—this is going to be good!

Scientist Known Here Helped On Atomic Experiment

The experiments which resulted in the atomic bomb possibly is the greatest achievement of science in history, C. C. Mozena, a frequent visitor in Midland and well known in oil circles here, said Friday. Mozena is one of the many scientists who worked on the project since its beginning. The scientist lives at Fort Stockton and visits Midland regularly representing a cement company. Like all others who worked on the amazing project, Mozena is sworn to secrecy and cannot reveal any details until they are released officially by the government.

McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY
America's Card Authority
I ALWAYS admire a player who has sufficient nerve to pass a seven-or-eight-card suit. Today's hand came up in a recent rubber bridge game. South was using a strong no trump, and West, who was vulnerable, was rather optimistic in his overall of two hearts. I was kibitzing and nearly gasped when East, passed—but it worked!
South, afraid he might be done out of something, bid two no trump. When the bidding came round to

Girl At Lubbock Gets 50-Year Prison Term

LUBBOCK—(AP)—Winnie McKeever Garner, 18, of Deming, N. M., was sentenced to 50 years in prison Thursday after a district court jury deliberating almost two hours, convicted her on a charge of murder in the shooting slaying of W. T. Lamb, service station operator.
A. J. Wright, Jr., former sailor of Clyde, Texas, was sentenced to life imprisonment following conviction on similar charges here Monday.

Police Chase Fox Down Streets Of Manhattan

NEW YORK—(AP)—Anything can happen in New York—and now it's a fox hunt.
Some 50 volunteer hunters and one policeman chased a red fox through Manhattan streets for half a mile Thursday. Yooks! At least, he looked like a fox, and acted like a fox, they said.
And what's more—clever like a fox—he escaped, after leaping a 13-foot fence.

Accepts Bribe

S/Sgt. Bill Feigle, USMC, most decorated man in World War I, was charged in Houston, Texas, with violating the National Selective Service Act, Feigle, and Army Sgt. Thomas G. Redwine admitted accepting \$50 to keep a Houston man out of the Army. (NEA Telephoto)

Temperature Goes To 92 Degrees Here

Midlanders continued to realize Thursday summer is still here as the thermometer registered 92 degrees from 5 until 7 p. m. A minimum temperature of 72 degrees for Friday was registered at 7 a. m.

"But, Joe, she has just as much right to buy them as we do!"
You can't keep such a good thing to yourself, Joe. Fact is, Wheaties are America's favorite whole wheat flakes. And making new friends daily. Those honey-brown, nut-sweet flakes are chock-full of all the good things you need for breakfast... tomorrow morning.

Soviets -

(Continued from Page 1) Jin-Jin Sume, which maps show to be an airport town 33 miles from the border of Outer Mongolia.

Tokyo said the invasion of Sakhalin took place at 2 p. m. Thursday Japanese time.

From the Russian border on the island to the southern tip of Karafuto is a distance of about 275 miles.

Our forces in these areas counterattacked and are now engaged in fighting with these invaders.

Hard-hitting Siberian troops in Manchuria battered ahead on the east across the Ussuri River on a wide front.

Authoritative quarters in London said the petition "looks like the end of the war" and a British Foreign Office commentator said "It sounds authentic."

Presumably a consultation of the United States, Britain, China and Russia would be necessary.

The Tokyo radio, heard in London by BBC, said the Japanese were counterattacking, but the areas were not specified.

Front dispatches to Moscow indicated Soviet troops already had seized numerous lines of communication leading deep into enemy territory.

These dispatches said resistance was heavy at some points.

Red Army planes, meanwhile, hammered the ports of Seishir and Rashin on the Japanese Sea.

A Moscow broadcast said the Mongolian People's Party was expected to hurl the republic's fully-equipped Red Army-trained forces against the Japanese at any hour.

Evidence Ended In Petain Trial

PARIS—(AP)—Direct evidence was concluded Friday in the treason trial of Marshal Petain.

Blind Gen. Emile Delannurien, his voice choked with emotion, asserted that a conviction can "only affect those who condemn."

Prosecutor Andre Mornet will start summing up Saturday and the case is expected to reach the jury on Tuesday.

Truman Warns -

(Continued from Page One) first attack to avoid, insofar as possible, the killing of civilians.

"But that attack is only a warning of things to come," he continued.

"If Japan does not surrender, bombs will have to be dropped on war industries and, unfortunately, thousands of civilian lives will be lost."

"I urge Japanese civilians to leave industrial cities immediately, and save themselves from destruction."

Realizing the "tragic significance" of the atomic bomb, Truman said it had to be developed because enemy nations were after it also.

"We shall continue to use it until we completely destroy Japan's power to make war," he asserted.

"Only a Japanese surrender will stop us."

Results At Potsdam In reviewing the results of the Berlin conference, he hit these high points of political settlements for Europe.

1. The Big Five Council of Foreign Ministers was set up to settle the peace of Europe in a cooperative and orderly manner.

2. This council will draft a peace treaty for Germany but it cannot be made effective until "Germany has developed a government."

3. The basis of reparations is that Russia and Poland should get half of what is taken from Germany and the rest of the Allies the other half.

4. The decision to give Russia the northern third of East Prussia, with an ice-free port at Koensberg, actually was secretly agreed upon at Yalta and therefore was binding on the Berlin conference.

5. Eastern European countries "are not to be spheres of influence of any one power."

6. The Big Three also agreed that in those countries, plus Finland and Poland, "the Allied press would enjoy full freedom from now on to report to the world on all developments."

7. The United States submitted at Berlin a plan for free use of the great waterways of Europe - the Danube, the Black Sea straits, the Rhine, the Kiel Canal and others.

8. Europe is hungry today, the President said, and it faces a terrible winter which holds great dangers.

"If we let Europe go cold and hungry," he declared, "we may lose some of the foundations of order on which the hope for world-wide peace must rest."

"We must help to the limits of our strength. And we will."

In 1859, William Grinstead hauled a threshing machine from Leavenworth, Kans., to Fort Bridger, Wyo., a distance of 1,500 miles.

One of the tiniest ball bearings in the world—27 millimeters in diameter—is a vital part of the Norden bombsight and other delicate aviation instruments.

(Continued from Page One) a 2,000 gallon acid treatment. No estimate on amount of oil being produced from the section was made.

Another Test Stanolind Oil & Gas Company No. 3-Q Scharbauer, in southwest quarter of section 12, block A, psl survey, on the north side of the Goldsmith field, in Northwest Ector County, was bottomed at 6,359 feet in dense lime, with streaks of shale, and was to run a drillstem test.

A core at 6,345-59 feet recovered eight feet of gray, tight lime with streaks of shale. There were no petroleum shows in the specimen.

To Plug And Abandon Phillips Petroleum Company No. 1 Powe, West-Central Pecos County wildcat, in section 3, block OW, TM survey, nine miles northwest of Fort Stockton, was reported preparing to plug and abandon on total depth of 12,127 feet, in black shale. It is understood that the project had found no shows of oil in any zone.

Continents Oil Company No. 1 Douglas, Northeast Martin County exploration in section 33, block 34, TP survey, T-3-N, reduced 8 3/8-inch hole to 7 7/8-inch, at 5,104 feet, and was reported to be boring ahead under 5,129 feet in lime.

Magnolia Petroleum Company and Humble No. 1 Cowden, extreme Southwest Andrews County Devonian discovery in section 7, block A-55, psl survey, perforated the 5 1/2-inch casing at 7,920-40 feet, and the section swabbed and flowed 26 barrels of oil in five hours and was still testing. The section at 7,940-60 feet, had tested for more than six barrels of oil per hour. Both zones have been so far tested natural.

The Texas Company No. 29 Connell, in section 9, block B-16, psl survey, in Southwest Ector County was to drill ahead from 6,030 feet in lower Clear Fork-Perlin.

A core at 6,020-30 feet recovered nine feet of dry dolomite, with streaks of shale. A drillstem test was taken at 5,950-6,030 feet, for one hour and 15 minutes. Recovery was 500 feet of drilling mud, with no shows.

Amerada Petroleum Corporation No. 1-A Jones, Northwest Gaines County discovery for possible production in the lower Permian, in section 3, block A-6, psl survey, was bottomed at 11,635 feet in Devonian lime and chert, and was "WOC."

A string of 5 1/4-inch casing had been cemented at 11,629 feet with 900 sacks.

Due To Plug Phillips Petroleum Company No. 1 McDow, North Glasscock County exploration in section 31, block 34, TP survey, T-2-S, was reported, from unofficially, but informed sources, to be preparing to shoot out casing above 6,735 feet, in lime and follow that by plugging and abandoning. Total depth is 10,915 feet in Ellenburger lime and chert. Stiphur water developed on bottom in a recent drillstem test.

More Than Score Die In Railroad Wreck In Dakota MICHIGAN, N. D.—(AP)—Thirty-two bodies were recovered Friday from the tangled steel wreckage of an observation car into which a locomotive plowed as the two sections of the Empire Builder, Great Northern trans-continental train, collided here Thursday night, killing an estimated score and injuring 50 more, 15 of these seriously.

John Cameron, Dakota division superintendent, said the bodies recovered, all unidentified as yet, included those of six women, ten members of the armed services and a negro porter.

Cameron said he personally had seen in the wreckage the bodies of three more women, four men and a child yet to be released, which would establish the death toll at 25. Crash Shook Houses With a crash which shook every house in this community of less than 500 population, the speeding second coach section plowed into the leading pullman section which had been halted here unexpectedly by a hot box on the locomotive tender.

The rear car of the standing train, a combination sleeper and observation car, was telescoped, its furnishings and berths jammed into a compact mass at its front while the car's steel shell remained superimposed on the locomotive of the following train.

John Burnham, a staff correspondent for the Fargo, N. D., Forum, who was at the scene, said only two men among the passengers on the ill-fated car escaped.

H. E. Neison, Grand Forks, N. D., the engineer, although suffering from shock, was pulled otherwise unharmed from his cab which was beneath the steel observation car shell. The fireman, George Harris, also from Grand Forks, saw the crash coming and leaped from the cab.

The 8th Ferrying Service Station, Municipal Airport, has been awarded the Meritorious Service Unit Plaque by Lt. Gen. Harold L. George, commanding general of the Air Transport Command, Washington, for outstanding achievements and high military standards, it has been announced by Major Wilbur L. Bural, commanding officer of the Service Station.

The announcement came in the form of a General Order from ATC Headquarters in Washington and read as follows: "A Meritorious Service Unit Plaque has been awarded to the 577th AAF Base Unit (8th Ferrying Service Station), Ferry Division, Air Transport Command, Midland Municipal Airport, Midland, Texas, for the achievement and maintenance of an excellent standard of discipline and outstanding devotion to duty throughout the period of 1 February 1945 to 31 March 1945.

"The dependability and excellent coordination of personnel at this post was demonstrated the night of 21 February 1945 when three (3) DC-3 type aircraft loaded with passengers made an emergency landing at this station. Post personnel volunteered to set up housing in the face of a sixty-five-mile an hour wind and sand storm. Other personnel tied down aircraft and took other emergency precautions with the result that not one person received bodily injuries and aircraft damage was negligible. The achievements and high military standards of these officers and men bear out the tradition of the Air Transport Command in a meritorious manner."

All officers and enlisted men were commended by Major Bural for their outstanding work that made possible this very high honor. Each man will be allowed to wear the Meritorious Unit insignia on their sleeve to denote the award has been made. Very few installations in the United States have received this coveted honor. Major Bural stated, and every man of the station should be extremely proud of the honor accorded the Base.

Three Indicted On Espionage Charge

WASHINGTON—(AP)—The Justice Department announced Friday a federal grand jury has indicted three persons, including a Naval Reserve lieutenant and a State Department employe, on a charge of conspiring to take government records and files.

Named in the indictment were Emmanuel Sigurd Larsen of Washington, former specialist in the China division of the State Department's office of Far Eastern Affairs; Andrew Roth of Arlington, Va., formerly on active duty as a Naval lieutenant in the office of Naval Intelligence, and Philip Jacob Jaffe of New York, editor and publisher of Amerasia, a magazine specializing in Asiatic political affairs.

The defendants were arrested in New York and Washington June 6 following a FBI under a complaint charging a conspiracy to violate the federal espionage statutes through theft of highly confidential documents. Three others arrested at the same time—were not indicted.

Instruction To Be Given Next week will be spent by chairman holding meetings of their particular groups so members will be instructed properly as to how the survey should be made. The actual survey will get underway August 20.

The educational phase of the campaigns made farther progress when the board of directors voted to obtain educational films on sanitation which will be shown before civic organizations and at schools of the county.

An offer of the West Texas Gas Company to insert clean-up campaign literature in the envelopes when the company mails out bills was accepted.

To Publicize In Magazine T. S. Henderson, manager of the Safeway Store, said he would insert some of the clean-up literature in a magazine which his company distributes each week.

A petition prepared by Richard Brooks, chairman of the sewage disposal committee, for presentation at next meeting of the city council was approved by the board of directors.

Fire Ball - (Continued from Page 1) results were excellent. More than 60 Mustangs and Thunderbolts from Iwo accompanied the B-29s, which bombed both visually and with precision instruments at targets hit only two days before by 67 Superforts.

Although Radio Tokyo was silent regarding the atomic-bombing of Nagasaki, millions of American pamphlets, dropped by B-29s, warned that "the awful fact of the atomic bomb" is one for you to ponder and we solemnly assure you it is grimly accurate."

Ninety Superforts early Friday created explosions at Amagasaki that illuminated the whole area. The Nippon oil industry, once the chief source of Japan's aviation fuel, was the prime target.

Spaatz' communique reported that Monday's B-29 raid on the Ube coal liquefaction plant on Honshu left that source of enemy fuel totally inoperative.

Congress Ready To Ditch Draft

WASHINGTON—(AP)—A Japanese surrender will find Congress ready to put an immediate end to the draft.

Congressional leaders dealing with military policy disclosed Friday that as soon as the current recess ends they will begin a drive to halt Selective Service inductions. Barring an earlier call, the law-makers are due to return to Capitol Hill Oct. 8.

Meanwhile, Secretary of War Stimson reported the War Department will re-survey its manpower needs in the light of the new atomic bomb and Russia's entry into the Pacific war. But Stimson emphasized that the Army will not reduce its forces "by even one man" below the number it considers necessary to defeat Japan "with the least possible loss of American lives."

Some congressional leaders believe the draft act should be terminated no later than Nov. 1, regardless of whether fighting still is continuing in the Pacific. As a result at least one bill calling for repeal on that date to be tossed into the House hopper.

But the general feeling on Capitol Hill is that nothing should be done until Japan actually surrenders.

North Squad Is Favored In Texas All-Star Tilt

By HAROLD V. RATLIFF
ABILENE —(P)— Star-jammed squads battle Friday night in Texas' opening football game of the season to climax the greatest coaching school in history.

Star in the Making

Betty Lachok, 18-year-old champion swimmer of the Firestone Club, takes time out from training for defense of national women's distance swimming title to teach youngsters how it's done. She holds records for two and a half and three mile events.

MAYBE HE SHOULD HAVE CALLED IN A BURGLAR

FORT WORTH—(P)—Chief deputy Sheriff Robert A. Deen of Fort Worth couldn't open the criminal court safe. He tried his combination time and again, figured he'd messed it up some way, called in other deputies. Their combinations wouldn't work, either.

The mistake this time was mechanical. A locksmith removed two buried screws in the lock.

For Millions of Americans

1945 is the Year of Decision
In years to come, many millions of Americans will look back and remember 1945... not only because that was the year in which Germany surrendered, but also because that was the year in which millions grasped, or failed to grasp, their great opportunity.

Coaches To Protest Signing Of Players By Baseball Scouts

ABILENE—(P)—Texas high school coaches don't like the way big league baseball scouts grab off their athletes and they also want the college coaches to desist from contacting their players before they finish school.

Table with 4 columns: National League, American League, Detroit, Washington, New York, Chicago, Cleveland, Boston, St. Louis, Philadelphia.

To Inform Happy Chandler
P. E. Shotwell of Longview said his chief concern was the scouts signing high school boys to baseball contracts, thus ruining their eligibility for football.

DORIS ANNE LANE WASN'T MOVIE STAR AFTER ALL
NEW HAVEN, CONN.—(P)—The agenda of the Board of Aldermen called for action in the matter of Doris Anne Lane.

Detroit Bolsters Pitching Staff By Adding Jim Tobin

By JACK HAND
Associated Press Sports Writer
Detroit has a fourth front row hurler to take a turn with Hal Newhouser, Al Benton and Dizzy Trout Friday in flutterball Jim Tobin who was waived out of the National League in a mysterious case similar to La Affaire Borowy.

While the other National League clubs turned up their noses to Tobin at a \$7,500 ticket, the Boston Braves waived him out of the league and into the American where the Tigers were eager customers at an unannounced price.

Although Tobin's current record of 9 won and 14 lost is far below his 1944 standard when he captured the nation's imagination with a pair of no-hit games, the capable righthander should be a terrific lift to the Bengals whose vital need has been pitching depth.

Troub went the route for the second time in a month Thursday and, although he parceled out 10 hits to Boston in an 11-5 triumph, his performance must have been encouraging to O'Neill. A year ago the Dizzy one had won 18 to only 10 but his return to form for the final seven weeks can make all the difference.

Rudy York also showed encouraging signs of striking his customary August home run pace by bashing two into the stands in successive innings off Emmett O'Neill and Clem Hausmann. The star slugger has hit only nine all season and is batting in the low 270s.

Washington stuck within one game of the Bengals by turning the tables on Chicago's upstart White Sox, 7-2.

Marse Joe Back at Helm
Joe McCarthy's return to the helm of his New York Yankees struck an auspicious note as Red Ruffing trimmed Cleveland, 3-2 for his third straight since returning to civilian life. Marse Joe had been away from the club since July 20 because of poor health.

Al Hollingsworth of St. Louis left-handed the Athletics into submission with three hits, 1-0, beating Bobo Newsom in the only night game.

The St. Louis Cards moved to within 5 1/2 games of first place Chicago by whipping New York, 5-3, while the Cubs were bowing to an old teammate, Bill Lee of the Boston Braves, 7-3.

Brooklyn galloped on both the first and second place clubs by trimming Cincinnati twice, 9-2 and 4-3. Freshman Ken Gables of Pittsburgh earned his seventh big league decision at Dick Barrett's expense in downing the Phillies, 3-1.

Navy Announces Loss Of 107 War Vessels

WASHINGTON—(P)—The Navy announced Friday that 107 Naval vessels, including three destroyers and three submarines, have been stricken from the Navy register because of loss or damage either as the result of enemy action or perils of the sea.

The destroyers are the Parrott, Tucker, and Worden. The submarines, all old pre-war types, are the S-27, S-36, and S-39.

The other vessels include 46 patrol torpedo boats and various miscellaneous ships.

Not Previously Announced
Removal of the vessels from the register had not been announced previously, the Navy said, for "reasons of national security."

Among the larger vessels announced as stricken were: The attack transport Thomas Stone, the destroyer escort Holder, the cargo ships Aldra and Delmos, the mine layer Montgomery, gunboat Erie, net layer Ailanthus, salvage vessel Rescuer, tugs Genesee and Grebe, the minesweepers Hornbill, Crow, Bunting, and YMS-133. Also stricken were the Robert L. Barnes and the Ronaki, miscellaneous auxiliaries.

Army-Navy Casualties Rise 7,489 In Week

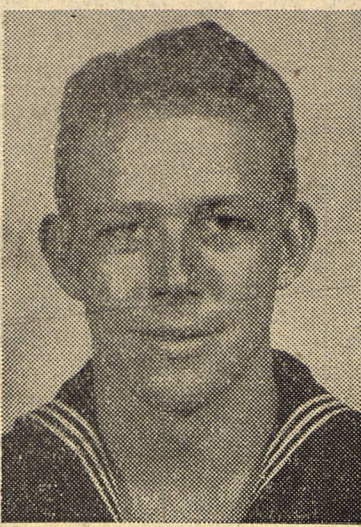

WASHINGTON—(P)—A sharp rise in Navy losses has boosted combat casualties of the Armed Forces to 1,068,216.

This figure, reported Thursday night by the Army and Navy, was 7,489 higher than reported last week.

Russia's Major Aims In Far East Include All-Year Port On Pacific And Recovery Of Sakhalin Island

By MORRIS J. HARRIS
AP News Features
Russia's interests in the Far East have a stormy history back through the centuries.

China and Mongolia almost three centuries ago. It was almost two centuries before the land of the czars awoke to the fact it had valuable material interests east of the Urals other than an unexplored Siberia.

Sweden's Premier
Per Albin Hansson, above, continues as premier of Sweden, a position he has held six years, in the quiet replacement of the wartime coalition government by a Social-Democratic cabinet.

Stanton Liaison Pilot Wins Commendation

A 14TH AIR FORCE BASE IN CHINA—7/Sgt. Rex L. Hamner of Texas, liaison pilot in a tough little liaison squadron of the 14th Air Force, recently acted as a mercy messenger when five Chinese children were seriously injured. The five "shabeltza," or children, found a 37 mm shell in the hills near Sergeant Hamner's airstrip. The

T/Sgt. Rex L. Hamner

youngsters, as curious as American children, tapped the shell with a rock and it exploded. American personnel notified Sergeant Hamner and he took off to bring back a doctor. The only medic was located at a place with a very rough field. Fighting the terrain, and a high cross wind which made landing difficult, Sergeant Hamner landed and picked up the American doctor. Then the sergeant flew the doctor back to his base. There the doctor saved the lives of three of the five children.

Sergeant Hamner was commended in a personal letter signed by two colonels and three generals, one of them Maj. Gen. C. L. Chennault, then commanding general of the 14th Air Force. Sergeant Hamner holds the Distinguished Flying Cross and the Air Medal for combat missions flown as a liaison pilot in the China Theater.

Sergeant Hamner's wife and son, Gary Rex, reside in Waco, Texas. His parents, Mr. and Mrs. Thomas Roger Hamner, live at Stanton, Texas. Sergeant Hamner was graduated from Stanton High School, and farmed until he entered the Army in December of 1941. He served in the China theater in September 1944.

Livestock

FORT WORTH—(P)—Cattle 800; calves 400; all classes generally steady; medium and good steers and yearlings 11.75-14.40; common 9.00-11.50; medium grade beef cows 9.25-11.00; common 8.50-9.25; good and choice fat calves 12.00-13.25; mediums 10.50-12.00; common 8.50-10.25.

Hogs 100; active and steady. Good and choice 15.00 pounds up 14.55. Sows mostly 13.80. Stocker pigs 14.75-15.00.

Sheep 2700; killing classes mostly steady. Medium and good spring lambs 11.00-12.25; medium grade yearlings 9.50-10.25. Medium and good shorn aged sheep 5.75-6.75.

One out of every seven Admirals in the U. S. Navy is under 50 years of age and the average age for the 273 is 56.4 years.

Balkpapan grew from uncharted insignificance as a native village in 1891 to prime importance as a petroleum refining center in 1941.
