Governor Moody's Address Is Still Incomplete; He Hears Prison Concentration Plan of Citizens

AUSTIN, Jan. 4.—(By Associated Press) Busy with a prison conference, an election board meeting and other matters, Governor Moody had not had a chance tonight to complete his message to the legislature, which meets Tuesday noon for a two months round of law making.

Meantime, capitol halls teemed with legislators and lobbyists, on the ground early for the biennial regular session.

The governor has not indicated yet, and may not until Tuesday, what his message will stress, but highway legislation, West Texas land rights and leasing and state prison concentration are expected to be among the major subjects.

Resolution Presented

A delegation representing the West Texas Chamber of Commerce presented the governor today with a resolution adopted by a recent "land owners' meeting at Midland deploring the numerous disputes over West Texas land titles in which the state is involved, asking remedial legislation and recommending that the Texas University regents be vested with power to handle the leasing of University lands for oil development.

The delegation was composed of Homer D. Wade, manager of the West Texas chamber, H. J. Adair, Wichita Falls manager of the chamber's oil and gas bureau, J. E. Williams, Pampa, Will O'Brien, Amarillo, and Jack Cowden, San Angelo.

Holds Conference

Governor Moody also conferred with citizens from Houston, and from Fort Bend and Brazoria counties, seeking concentration of the state prison system so the present

Tex Rickard Said To Be Near Death

Famous Fight Promoter Is Seriously Ill Following Second Operation; Takes Turn for Worse

MIAMI, Fla., Jan. 4.—(By Associated Press) Tex Rickard, president of Madison Square Garden, lies near death at Allison hospital, Miami Beach tonight. The famous promoter, who underwent an operation Tuesday evening for appendicitis, suddenly took a decided turn for the worse at midnight and physicians were working to save his life.

At 12:45 a. m. Mr. Rickard gradually was growing weaker, after a second operation had been performed late tonight. The statement was made at the hospital by authority of Dr. H. E. Adkins, in charge of the case.

Jack Dempsey at midnight had not been admitted to see Rickard, physicians forbidding anyone to enter the sick room after the promoter's turn for the worse.

PERMITS INCREASED

Total for Week Climbs To Above \$30,000 Mark

Two permits issued Friday totaling \$8,500, this year's record now stands at \$30,300, it was revealed at the city building inspector's office yesterday afternoon.

The two permits were for G. W. Walker, 2504 Twenty-Third Street, a six-room brick veneer residence, \$5,500, R. C. Green, 2101 Twenty-Second Street, five-room brick veneer residence, \$3,000.

ARGUMENT IS FATAL

One Man Killed In Row Gatesville Friday

GATESVILLE, Jan. 4.—(By Associated Press) Charles Autrey is dead and W. T. Autrey is in jail here as the result of a shooting at the Atlantic Pipe Line Company camp, near Gatesville today.

According to two men at the camp, the two had an argument, but which ended in blows. Autrey came from Minden, La., and has a wife and two children.

'Trick Marriage' A Huge Success

About a year ago Mrs. Anne Kinsey, above, of Louisville, Ky., sailed for France, while Col. Gordon Kinsey, her husband of less than a day, returned to his law practice at Louisville, agreeing not to see each other for 12 months to make sure of the permanency of their affection.

Mrs. Kinsey, snapped on her return, met her husband in New York, where both declared themselves fully satisfied with their experiment.

Four Figures In Early History Are Claimed By Death

Pioneers of West Texas Die Friday; Passing Takes Prominent Leader of Section's Days of Yore

AMARILLO, Jan. 4.—(By Associated Press) Judge William Boyce, 57, pioneer attorney of the Panhandle and son of one of the state's oldest families, died here today. Judge Boyce was graduated from Texas University in 1882.

Vastine Stickley, Plains Resident Since 1837, Dies CANADIAN, Jan. 4.—(By Associated Press) Vastine Stickley, 79, pioneer cattleman and one of the founders of Hempstead county and the city of Canadian, died here last night after a prolonged illness. He had been a resident of this vicinity since 1837.

W. D. Reynolds Dies In Fort Worth Friday FORT WORTH, Jan. 4.—(By Associated Press) W. D. Reynolds, early day ranch man in West Texas, Indian fighter and millionaire cattleman, died here this morning after a brief illness. He was 77 years old.

Aged Confederate Vet To Be Buried In Dallas Today DALLAS, Jan. 4.—(By Associated Press) Six Grandsons will be active pallbearers at the funeral tomorrow of H. M. Farmer, 88, Confederate veteran, who died at his home here today.

New Hospital Unit Planned For City A new \$150,000 hospital is contemplated for Lubbock, work on which is expected to start within the next two or three months, if financing plans now under way are carried out, it was learned here Friday.

The hospital is to be erected by a group of local physicians and surgeons, its location tentatively announced as to be on Avenue Q, between Thirteenth and Fourteenth Streets, facing west. It is to be an L-shaped building an three stories, another L to be added later.

Those who are closely identified with the proposal were not anxious to talk about it yesterday, but it is known that negotiations are on to secure a location on Avenue Q and that financial arrangements are being planned.

OPEN NEW MAIL ROUTE Contract for New Orleans-Houston Line Is Made WASHINGTON, Jan. 4.—(By Associated Press) Postmaster General New announced today that a contract air mail route from New Orleans to Houston, Texas, via Beaumont, will begin operation on January 23.

Army Plane Soars On In Endurance Test Of Century

Giant Tri-Motored Fokker Still Hurts Along With Motors and Crew Functioning Perfectly

Passes 84th Hour Crew Set Goal of Dirigible As Next Endurance Record to Break; Refueling Work Continued

(By Associated Press) METROPOLITAN AIRPORT, Los Angeles, Calif., Jan. 4.—As it dived its monotonous passage over San Fernando Valley at 7:26:46 o'clock tonight, the Question Mark roared off its 84th hour in the air, and wheeled again over its short course to make a record for others to shoot at.

The three motors on their fourth day carried the ship along in what has developed into a test of endurance between man and machine.

Undaunted by the fatigue of the longest flight any one ever took in a heavier-than-air craft, Major Carl Spatz, commander, and his mates, gave no indication of being bested and signified intention of landing only when the motors wore out.

Seek Zeppelin Record Having far eclipsed previous world's records for sustained flight in a heavier-than-air machine, the next goal was to beat the existing mark for lighter-than-air craft, established when the dirigible Graf Zeppelin made its notable journey last year from Germany to Lakehurst, N. J. requiring 111 hours and 46 minutes.

Distance has been no object in the flight of the Question Mark, which circles around over Southern California taking aboard fuel, food and supplies at intervals.

The plane returned to Los Angeles this afternoon after having flown since yesterday over the Imperial Valley, close to the Mexican border, where it was driven by

Judge McCloskey Given Certificate State Group Declare They Are Without Legal Authority to Act On Protest Of Wurzbach

(By Associated Press) AUSTIN, Jan. 4.—The state election board decided shortly after 4 P. M. today to issue a certificate of election to Bexar County Judge Augustus McCloskey, Democratic candidate for congress from the 14th Texas district, who is under indictment charging alteration of Bexar county returns. The certificate will be accompanied by a memorandum noting the protest filed by republican congressman Harry M. Wurzbach, incumbent, but declaring the board without legal authority to do other than certify returns sent here, giving McCloskey a slight majority.

"The official returns filed with the secretary of state show on their face," the certificate said, "that Augustus McCloskey received 27,817 votes and Harry M. Wurzbach received 27,190 votes, and therefore by the official returns filed with the secretary of state, Augustus McCloskey received a majority of all votes cast for said office and was duly elected from the face of said returns."

SEEK POULTRY AID Poultrymen Ask For More Appropriations For Work FORT WORTH, Jan. 4.—(By Associated Press) Increased appropriation for poultry experiment work in Texas and a special appropriation for investigation of poultry diseases will be sought from the state legislature it was decided today at a conference of poultrymen and civic representatives.

LIFE FOLLOWS DEATH Child Is Born As Pioneer Dies In Same Home LULING, Jan. 4.—(By Associated Press) Death was followed swiftly by a new life here today, when a physician attended Mrs. W. L. Ridout, Texas pioneer, at her death and within the hour ushered into the world a baby boy for Mr. and Mrs. H. S. Hastings, niece of the dead woman. The death and birth occurred in the same house.

What They Say About The Bond Election

"To have this second bond issue turned down, in such a short time, would be a serious menace to the progress of this section," Mayor Harley Woods says. "Business conditions will be improved here by good roads. They create better impressions on tourists. Gives folks living in the country greater ease of travel." The mayor urged that citizens overlook any minor things that might not suit them absolutely and work for this bond issue to carry.

J. J. Clements agreed with Mayor Woods in stating that no one doubts the integrity of the commissioners' court, referring to the wonderful spirit of progress he found in Lubbock county five years ago, when there were only 4,500 people in the city. "I think we have been sleeping on our rights, however. We should have had the roads much sooner. But, it will be even harder to get it over again, if it does not pass this time.

Jed A. Rix remarked that, while there were some minor things in this bond issue call that he did not exactly like, he was for it and would work for it. "We should all of us be willing to give a little," he said. "If this one is defeated, I think it'll be a long time before we get any roads."

Charles F. O'Neil: "I am heartily in favor of this bond issue and willing to do anything, anywhere, any time, that I can to put it over. It would be a calamity for this county to turn this bond issue down and I do not believe that I will, I think it's going over this time."

"I am not able to see anything wrong with this bond issue," said J. M. Marshall. "I believe that nothing but concrete roads are going to be built, and that the commissioners will see to it that this is the kind of road we'll get."

"The biggest thing for Lubbock county is good roads," declared J. H. Hankins. "Good roads are worth more to us than the railroads. If the commissioners' court goes on record for concrete roads only, then the objection and fear that we will not have the best highways will be removed. And, concrete roads are the cheapest for Lubbock county, in the long run."

E. Sherrod, in explaining why he is for this bond issue, said: "I think the routing of Highway 53 should not be considered in this election and I believe the state highway department will see that the highest type of construction to be had will be put on these highways in Lubbock county. If we continue to hag and fight over these little differences, then the county will suffer. We should overlook these and put this bond issue over."

Homer D. Grant, of the Panhandle Construction Company: "I never did vote against a bond issue of any kind."

GROCER IS HELD UP

Bandits Get \$60 and Food From Loraine Merchant

BIG SPRING, Jan. 4.—(By Associated Press) Two deputy sheriffs left today for Loraine, near which three men who held up a grocer here were believed to be hiding.

The bandits got \$60 in cash and some food.

Plans for Future Texas Penitentiary Program To Be Discussed Soon

Early Joint Session of Two Houses of the Legislature Is Expected to Formulate Plans For A Definite System for State; Centralization Likely

(By Associated Press) AUSTIN, Jan. 4.—An early joint session of the two houses of the legislature which meets Tuesday will be held to present to it reports of conditions at the state penitentiary and farms and recommendations for future administration by the prison commission. Governor Moody told a citizens' committee advocating centralization of the prison system, meeting here today. The meeting went on record in favor of concentration and reorganization of activities so that they might be "directed into a more practical and more human utilization of the prison population."

It also was suggested that a modern plant or plants for housing,

Storm From Rio Grande Valley Disrupts Communication and Travel In Section Friday

(By Associated Press) HOUSTON, Jan. 4.—A storm, sweeping in from the Rio Grande valley, flooded streets here, brought hail storms to the outskirts of the city and disrupted long distance telephone communication today.

Telephone company officials reported lines to Austin, San Antonio, Corpus Christi, Victoria, Liberty and other points in the path of the storm were out of order.

The storm here was accompanied by winds at times reaching a velocity exceeding 35 miles an hour and rainfall of nearly an inch in a short time. The hail was reported as large as eggs and it beat down vegetation, damaged automobile tops and shattered windows.

The weather bureau here released a storm warning from the New Orleans office which predicted winds reaching gale proportions from Morgan City, La., to Brownsville, Texas. The disturbance which was reported central over the valley in the afternoon, was passing over Houston tonight, the weather man said.

SAN ANTONIO, Jan. 4.—(By Associated Press) An unusual electrical storm today caused slight damage to four San Antonio homes and put Fort Sam Houston in darkness for about two hours as lightning struck one of the transformers. During the day 1.67 inches of rain fell.

Lightning struck an unused radio antenna on one residence and then entered the house. The antenna

Formal Drafts For Pact Are Approved

Pan-American Efforts For Peace Between Paraguay And Bolivia Near End; To Sign Treaty Soon

(By Associated Press) WASHINGTON, Jan. 4.—The Pan-American conference on arbitration and conciliation, representing twenty American republics, to multilateral arbitration and conciliation treaties looking to settlement of all future international differences in the Western Hemisphere by peaceful means.

The conference also approved a report from its committee charged with promoting conciliation of the Bolivian-Paraguayan dispute. It further adopted a resolution expressing appreciation for the manner in which its efforts had been accepted by the disputants and voiced hope the special conciliating commission, created under the conciliation protocol signed yesterday by delegates from Bolivia and Paraguay, would begin its labors as soon as possible.

hospitizing and for employing the inmates should be constructed as speedily as possible.

Plan Educational Work A permanent organization for the purpose of conducting a state-wide educational campaign to inform Texans of "true conditions" prevailing in the system, was formed with R. E. Scott of Richmond as president.

W. M. Odell, Fort Worth member of the prison board, said the fire hazards in the prison farm buildings make a "terrible menace" to the people of the adjacent sections and of Huntsville.

He told of the asserted mingling of white and negro women at the Goree farm.

Prohibition War Planned With Capital As Example

Washington To Get Severe Campaign Of Enforcement

(By Associated Press) WASHINGTON, Jan. 4.—A ten weeks campaign to "make Washington an example and encouragement to the cities of the nation" in the cause of prohibition will be launched Sunday by the National United committee for law enforcement, composed of executive heads of fourteen national organizations.

Announcement of the campaign, described as "nothing spectacular, but a determined effort to arouse the people of Washington to a realization of existing conditions," came co-incidentally with congressional moves for investigation of the entire prohibition situation.

Ask For Investigation Senator Edge, republican New Jersey, wet, introduced today an amendment to a resolution offered yesterday by Senator Jones, republican, Washington, for a congressional investigation of the matter. The Edge amendment would have the prohibition situation studied by a citizens' commission appointed by Herbert Hoover after his inauguration.

The Washington prohibition drive will be in charge of Dr. Clinton M. Howard, who said he had been pledged cooperation of the Washington ministers' association, and that he would work with the police. The campaign will open with a mass meeting Sunday at the First Congregational church, and will continue for ten weeks.

Want List of Speakers Former Governor Pinchot of Pennsylvania, who issued a demand that President Coolidge ask the commissioners of the District of Columbia to submit a list of speakers and close them on penalty of losing their jobs, will address a second mass meeting the following Sunday.

Three Boys Burn To Death In Home

EMINENCE, Mo., Jan. 4.—(By Associated Press) Three children, all boys, were burned to death today in a fire that destroyed their home five miles south of here.

The victims were sons of Mr. and Mrs. Oscar Hicks. The parents had gone to the home of his mother, only 400 feet away, and did not notice the fire until the dwelling was enveloped in flames. The father suffered burns on the head and face in an attempt to enter the burning building.

BANDIT CAPTURED

Alleged Chicago Gangster Held For Bank Robbery

FULTON, Mo., Jan. 4.—(By Associated Press) Tom Davis, 40, alleged Chicago gangster sought in the \$23,300 holdup of the First National Bank of Mexico, Mo., was caught near here late today.

The capture of Davis brought to an end a man hunt after a bank robbery in which one of his companions, Willie Hightower, of Dallas, Texas, was shot and killed, and another robber companion, giving his name as John E. Bruck of New York City, was captured yesterday.

DRAFT COMPLETED

Robison Almost Ready To File Injunction Answer AUSTIN, Jan. 4.—(By Associated Press) J. T. Robison, land commissioner, today completed the first draft of his answer to the injunction suit brought by the state, joined by the Texas University board of regents, restraining him from selling university land oil leases.

He said it would be in condition for filing in district court, where the action was brought not later than Monday.

SEEKS RESTORATION Lufkin District Attorney To Fight For Office NACOGDOCHES, Jan. 4.—(By Associated Press) District Attorney Sam H. Townsend of Lufkin, whose office the last legislature undertook to abolish declared today he would make a determined fight to retain his office. If necessary taking the case to the state supreme court.

In order to test the legislature's decree, which placed criminal affairs of the district in the hands of various county attorneys, Townsend said he would appear in district court at Rusk, Cherokee county, Monday and represent the state as though no such law had been passed.

Fifty Leading Men Of Lubbock County To Work for Roads

Enthusiastic Meeting Of Workers Held In Court House Last Night; Frank Discussions Held

Resolution Passed

Concerted Effort To Put Over Highway Program To Be Made During The Next Few Days

With four members of the Lubbock county commissioners' court present, the meeting of more than 50 leading citizens of this city and county, held at the courthouse here Friday night, unanimously went on record as favoring the \$1,000,000 road bond issue to be voted on Saturday, January 12, and passed a resolution stating they also favored the bond money voted should be expended only for the highest type of concrete roads.

County Judge Robert H. Bean and Commissioners W. L. Brashear, L. C. Denton and N. A. Payne, of the commissioners' court were present, it being explained to the gathering that an effort had been made to get in touch with Commissioner J. T. Pinkston, of Slaton, and have him present at the meeting, but he could not be reached.

Maedgen Presides The purpose of the gathering, as explained by C. E. Maedgen, chairman, was to call for full and frank expression from everybody as to the bond issue proposal to be voted on. "I believe the bond issue, as it stands, would be a wonderful investment for Lubbock county," Mr. Maedgen stated. "If it is not right, I'd rather see it defeated than carried, but I think it is right. The time has come for waging a campaign for or against. Unless the county commissioners are willing to state that they favor concrete roads, when these bonds are voted, I would be against it."

Several talks were made on questions raised as to the designation of the exact routing that Highway number 53 would take from Idalou to Lubbock, it being brought out that this specification is identical with the state highway department's

Influenza Death Rate Is Increased

One Thousand and Thirty-Five Reported Dead During Week Ending December 29

(By Associated Press) WASHINGTON, Jan. 4.—Influenza caused 1,035 death in 66 cities during the week ending December 29, the census bureau disclosed today, while reports for the preceding week from 67 cities showed 829 deaths.

Pneumonia also caused 1,646 deaths during the first period, and 1,092 during the latter. The weekly death rate steadily has increased each week.

CORSICANA, Jan. 4.—(By Associated Press) Influenza claimed the second victim in the family of Will Clayton, Western League umpire, here today when his daughter, 13, died. Mrs. Clayton was buried Sunday.

WATCH AND WAIT!

Sunday-School Lesson BY DR. J. E. NUNN

INTERNATIONAL SUNDAY SCHOOL LESSON FOR JAN. 5, 1929

General Topic: Our Heavenly Father.—Exodus 34:4-7; Psalms 103:1-5, 10-14; Isaiah 40:27-31; Matthew 6:24-34; John 4:7-16.

Scripture Lesson—Matt. 6:24-34.
24. No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to one, and despise the other. Ye cannot serve God and mammon.

25. Therefore I say unto you, Be not anxious for your life, what ye shall eat, or what ye shall drink; nor yet for your body, what ye shall put on. Is not the life more than the food, and the body than the raiment?

26. Behold the birds of the heavens, that they sow not, neither do they reap, nor gather into barns; and your Heavenly Father feedeth them. Are not yet of much more value than they?

27. And which of you by being anxious can add one cubit unto the measure of his life?

28. And why are ye anxious concerning raiment? Consider the lilies of the field, how they grow; they toil not, neither do they spin: yet I say unto you, that even Solomon in all his glory was not arrayed like one of these.

29. But if God doth so clothe the grass of the field, which today is, and tomorrow is cast into the oven, shall he not much more clothe you, O ye of little faith?

30. Be not therefore anxious saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed?

31. For after all these things do the Gentiles seek; for your Heavenly Father knoweth that ye have need of all these things.

32. But seek ye first his kingdom, and his righteousness; and all these things shall be added unto you.

33. Be not therefore anxious for the morrow; for the morrow will be anxious for itself. Sufficient unto the day is the evil thereof.

Time: The sermon on the Mount (Matt. 5-7) was spoken in midsummer of A. D. 28, in the second year of Christ's ministry.

Place: The tradition is that the sermon was delivered on the Horns of Hattin, or Mount of Beatitudes, a square-shaped hill about sixty feet high, with two tops, about seven miles southwest of Capernaum.

Golden Text: Like as a father, pitieth them that fear him.—Ps. 103:13.

21. Truth, about God, Jesus said, "Say Father." And when Jesus undertook to make that idea current in human thinking he did more for religion than he could have done by presenting the most perfect ethical code.—John M. Moore.

God in the Old Testament. Here is the Eternal, making himself known in the awfulness of Sinai, and the word that he says about himself is more beautiful and blessed than any man could have imagined or formulated: "merciful and gracious, slow to anger, abundant in loving kindness and truth" ("pitiful and kind, rich in love and loyalty," Moffatt). What a fine preparation this should have been for Jesus' revelation of the Father! And then, he "keeps," that is, "proves," his love, in many, many ways. A God, also, who forgives sin. The God of the Old Testament is sometimes referred to as hard and heartless, far removed from Jesus' conception of him as Father. But how false such a suggestion, in the fact of Old Testament words like these!

God in the New Testament. In Jesus' application of the name Father to God we find his particular contribution to our knowledge of the Divine Being. In his interchange of the pronouns my and our, as applied to God, he assures us also of the child relationship: his Father, mine; as he is my Great Elder Brother. The Prayer of Prayers makes us never forget this—and the name Jesus took those Old Testament conceptions of God, one might say, brought them out of their mere implications, and shot them through with his understanding of the love of God which was his and who he is.

Jehovah Wise and Strong. Isa. 40:27-31.

Our three passages from the Old Testament descriptive of God have brought us into touch with the three greatest of the Old Testament writers, Moses, David, and now Isaiah. Especially do these matchless verses from Isaiah reach the very summit of inspired eloquence. They picture "the everlasting God, the Creator of the ends of the earth," the unvarying Jehovah, that "giveth power to the faint." "There is no searching of his understanding." It is beyond human imagining. There is no limit to his power, and it is all available for his children: "They that wait for Jehovah shall renew their strength; they shall mount up with wings as eagles; they shall run, and not weary; they shall walk, and not faint."

God the Holy Spirit, John 3:3-6. "Our Lord's conversation with Nicodemus, the member of the Sanhedrin who came to Jesus by night to learn what doctrine the new teacher was setting forth, goes to the basal principles of Christ's gospel, the most profound truths of revelation. John alone reports the wonderful discourse, probably because he was present, an eager listener. Christ disclosed to the Senator the truths of the Holy Trinity, of the new birth, and of baptism." "Christ says that the ideal character is one that is born of God, and that it is by the power of the Divine Spirit that we are to come into it, and that we cannot come into it by any other instrumentality."—Rev. Frank L. Norton, D. D., God's Constant Tender Watchcare, vi. 31, 32.

"Be not therefore anxious, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed?" This is a command, as binding as any in the Decalogue: "Be not anxious;" "Let not your heart be troubled." "For after all these things do the Gentiles seek." Seek eagerly, as the Greek implies, "Gentiles" were the men of the heathen world, greatly despised by the Jews. "Christ's followers, he hints, might just as well be Gentiles if they are to exhaust their energies upon such cares as these."—Canon H. P. Lidson.

Be Not Anxious for the Morrow. v. 34. "Be not therefore anxious for the morrow; for the morrow will be anxious for itself." The morrow will have its own anxieties, which may not be at all such as you imagine they will be; so why bear the load twice? "Sufficient unto the day is the evil thereof." "Yes; and sufficient for the day is the good thereof likewise." Let a man throw his whole soul into the thing which he is doing, and leave the rest to God.—Charles Kingsley.

"That man is blest Who does his best And leaves the rest; Then do not worry." Hope Is Love. 1 John 4:7-16. In these words the beloved disciple has defined God perfectly and completely. Christ came to earth to disclose a God who is love. The Holy Spirit enforces that revelation through the ages. Knowing that God is love, we do not fear his final judgment. Knowing that God is love, we worship him in spirit and in truth. "All the unsearchable mysteries of the personality and doings of God are the mysteries of love."—Rev. Louis Albert Banks, D. D. This teaching is the climax of this wonderful lesson.

"God is love: His mercy brightens All the path in which we rove; Bliss he wakes, and woe he lightens: God is wisdom, God is love."

"He with earthly cares entwinedeth And comfort from above; Everywhere His glory shineth: God is wisdom, God is love."—John Bowring.

NO TRACE IS FOUND

France Hamilton Is Still At Large After Break

HOUSTON, Jan. 4 (AP)—No trace of France Hamilton, escaped convict from the Imperial state prison farm at Sugarland, had been found tonight.

Storm

(Continued from Page 1)

fell across an electric wire and the lightning entered the telephone and burned it out.

The bolt is thought to have been divided, for lightning entered the homes of two neighbors. No one was injured. Lightning struck the garage at another residence. Little damage resulted.

Predicted Cold Spell Hits South Plains Area

The predicted cold spell for Lubbock and the South Plains had evidently arrived at an early hour this morning as the temperature had dropped to below the freezing point following the arrival of a brisk light norther from the North Plains.

Reports coming to the Avalanche over the Associated Press wires gave sudden changes of weather in various portions of the state with a big storm disrupting traffic and things in general in the Rio Grande valley.

The North Plains and Panhandle section is in the tentacles of a wintry blast with snow and freezing rains enveloping a number of points over the area.

BORGER, Jan. 4.—A driving snow storm struck this section tonight, sending the temperature down to 30 degrees.

MIAMI, Jan. 4.—Range stock was expected to suffer from the slow, freezing rain which fell in this vicinity today. Grass and shrubbery were coated with ice.

Endurance

(Continued from Page 1)

for along the coast. En route from the Imperial Valley airport, refueling plane No. 1 poured 100 gallons of gasoline into the endurance ship's tanks.

Refuels at Midnight A note was dropped by Major Spatz here ordering delivery of food and more fuel at 4:30 p. m. He also asked a refueling at midnight.

Captain R. G. Hoyt, pilot of refueling plane No. 1 made three contacts with the Question Mark before his return here.

A pursuit plane dropped breakfast to the fliers, consisting of oranges, oatmeal and coffee, and supplied 25 gallons of oil through a contact hose.

Watches are sometimes seriously affected by the magnetism of their wearers.

Saunders And His Bride

Clarence Saunders of Memphis, Tenn., former head of Piggly Wiggly Stores and now the guiding hand of a big new chain store system, is shown with the Mrs. Saunders, the former Patricia Houston of a prominent Mississippi family. Saunders, who recently was divorced from his first wife, was married quietly in Chicago the other day. The couple are shown here coming out of their Chicago hotel.

Bond Campaign

(Continued from Page 1)

designation and is merely a technicality.

Sufficient For Concrete As to the question of whether or not the money stipulated in the election call is sufficient to build concrete roads, statements were made that the amount named is greater than the amount, per yard, recently voted by Harris county to build concrete roads through that county, and that there would be ample funds for building a high class type of concrete highways.

It was further told that, should there not be sufficient money stipulated in the bond issue, that there are funds available, in the automobile registration, 15c road tax and other funds, that could be used in making up any differences that might arise, although none are to be expected.

Resolution Passed Wording of the resolution passed, which was presented by a resolutions committee composed of J. M. Marshall, chairman; Judge Robert H. Bean, R. A. Sowder, F. E. Wheelock and J. J. Clements, are given as follows: "We, voters of Lubbock county assembled at a meeting concerning the road bond election called for January 12, next, with four members of the commissioners' court present, resolve that such bond money should be expended only for the highest type concrete roads on state and federal designated highways and we agree with such members of commissioners' court that such type of road should be built."

Many men were present who stated they favored the Broadway route for the highway number 53, but that as the highway department had designated the highway by the Avenue H route, they were thinking of that route no longer, but working for the present one and for this bond issue whole-heartedly, forgetting their efforts at having Broadway designated as the route into this city.

Bean Favors Movement Judge Bean declared himself in favor of the bond issue. "I sincerely hope it goes over. I hate to see strife and opposition develop as it has done and would like to see everybody working together. I think the highways should be paved and favor concrete roads. I believe the more bond issues are defeated, the harder it is the next time to put them over. We need the highways paved."

Mayor H. D. Woods spoke on the great benefit to Lubbock these highways being paved would be. "It is an admirable thing that the people of Lubbock county can work together shoulder to shoulder, immediately after opposing one another on such issues," he said, referring to the last road bond issue election.

Other speakers included M. G. Abner, L. C. Denton, R. A. Sowder, W. L. Brasher, N. A. Payne, Joe Griffith and those quoted on page 1, all expressing support for the bond issue.

The executive committee of the Taxpayers, the organization sponsoring this election, will more than likely meet immediately and plan an active campaign between now and next Saturday, to carry this election, it being the sense of the gathering that all work hard for it, at a call from Chairman Maedgen not a hand showing up as being against the project and all standing when asked if they favored it and would work for it.

Workmen's compensation laws are now in force in all but five of the 48 states.

Legislature

(Continued From Page 1)

patch work arrangement of prison farms in the counties mentioned may be eliminated.

The race for speakership of the house of representatives hit a merry pace with varied activities from the hotel headquarters of two of the possibly four candidates for the post. Friends of both W. R. Montgomery of Edinburg and W. S. Barr of Bryan, were working out of their headquarters and mingling with the legislators in town, trying to line them up. Grady Woodruff, of Decatur, who will have no headquarters, was back on the scene and Cecil Storey of Vernon was being mentioned as a fourth candidate.

Representative Mike Hogg of Houston, son of former governor James Stephen Hogg, issued a statement supporting Montgomery, declaring he "came here early solely in the interest" of the latter's campaign.

No Dark Horse Likely "Although there has been a lot of talk," Hogg said, "about a dark horse, and some of Monty's closest friends pulling away from him, I find the feeling and spirit just the opposite. I see no chance for a dark horse from the Montgomery supporters.

"Like myself, there are probably twenty other members here today with their dope sheets and their sleeves rolled up and pitching into the campaign.

"As to his success, we are now confident, all claims to the contrary notwithstanding, that he has won the race."

Senator J. W. Stevenson of Victoria said he favors a highway program in which revenue will be derived from the traffic, including tax on fuels, this revenue being applied to lateral roads as well as designated highways, eliminating the necessity for legal bond issues based on ad valorem taxes.

YOUTH IS BURNED

Blast Hurts Boy 15 Feet and Ignites Clothes

WAXAHACHIE, Jan. 4 (AP)—A blast which occurred when Charles Lavonsky, 19, bakery employee at Ferris, struck a match to light a big oven early today, hurried the youth on a stack of flour sacks 15 feet away and ignited his clothing. Unable to extinguish his flaming garments, Lavonsky ran to the house of his employer more than a block away for aid. He was severely burned.

AUSTIN, Jan. 4 (AP)—University oil land royalties amounted to \$127,983 for December, Land Commissioner Robison said today. The grand total of royalties is \$9,807,367.

Louisiana Case

(Continued from Page 1)

row," the sheriff said. Sheriff Pecot said Justice Brunot talked with him over the telephone and told him of what the four justices had done and that later Chief Justice O'Neill "took the telephone and told me he had signed a writ staying the executions and for me not to hang them."

VARE GIVEN EXTENSION

Senate Committee Allows Senator Time for Plea

WASHINGTON, Jan. 4 (AP)—The senate committee investigating the 1926 primary campaign of William S. Vare of Pennsylvania decided today to give the senator-elect an indefinite extension in which to present any argument on his own behalf that he or his attorneys may wish to bring up.

KING'S PROGRESS SLOW

LONDON, Jan. 4 (AP)—Medical bulletins issued by King George's physicians today showed his progress slow but satisfactory.

Of Smart Apparel Closes Saturday

Savings that you'll appreciate because of the fine quality and the smart style of the apparel offered.

STOCK DIVIDENDS DECLARED

DALLAS, Jan. 4 (AP)—Stock dividends of 100 per cent and each dividend of 14 per cent was declared by the Southwestern Life Insurance company at the annual meeting of stockholders here today.

BETTER THAN FOLLIES

LONDON—The two "nymphs of Exmoor" have been the talk of Minehead. It seems a farmer was rounding up sheep on the moor when a heavy thunder shower came up. He saw something white flash in a hollow and discovered two maidens taking a real shower bath. When the storm was over the nymphs secured their dry clothing from a crevice in the bank, dressed and went on their merry way.

SONGS STOP PANIC

LONDON—Quick thinking by the manager avoided a panic in a Birkhead cinema recently. He stopped a rush for the exits because a film caught fire, ordered the playing of popular airs and directed the singing audience of 600, mostly children, to safety.

"My Dear Did You See?"

They were having tea when Mrs. Jones suddenly exclaimed over her teacup: "My dear, did you see the perfectly marvelous list of bargains offered in today's paper? And she went on to explain what she read in the columns of the paper at rare savings.

She's just one of the thousands of women who scan the Avalanche-Journal ads every day for bargains.

The women's auxiliary to the First Christian Bazaar class is meeting this afternoon at 3 o'clock with Mrs. Walter F. Jennings.

YOUR CHILDREN

by Olive Roberts Barton

©1928 by NEA Service, Inc.

I asked an authority on children's foods about some good general rules for feeding young children.

He handed me a list of questions printed on a paper.

"I give these to my mothers," he said. "They are not difficult to follow and fill the bill pretty well—unless a special diet is needed."

"This is what I read: 'At the close of day a mother may ask herself these questions: 'Has each child had about a quart of milk either plain, or cooked in food?'

"If I was obliged to serve skim milk did I supply the needed fat in some other way?"

"Were the fats I supplied of the wholesome kind found in butter, salad, oils, or butter substitutes, or were they of the unwholesome kind found in fried foods and doughnuts?"

"Did I make good use of the skim milk by using it up in puddings, dressing, cereal mushes and so on?"

"Were all the cereals thoroughly cooked?"

"Was the bread soggy or too fresh?"

"Have I given a variety in cereals?"

"Did I keep in mind that children who cannot have fruit and a variety of vegetables must have whole-wheat bread?"

"Did I give each child an egg, or its equivalent in fish, poultry or meat?"

"Did I give each child more than this amount. If I did, I could have spent the money in a better way, for fruits and vegetables."

"If I had no money for milk, meat, fish, poultry, or eggs, did I serve them dried beans, peas, or other legumes thoroughly cooked and carefully seasoned?"

"If some fruit or vegetable did not agree with them, why was it? Did I chop it fine enough, or not cook it long enough, or should I have removed the skins?"

"Did the children eat sweets between meals and neglect their regular food?"

"Were their sweets simple—such as syrup, lump sugar, honey and plain candy? And did I see that they were eaten after meals or with meals, instead of before?"

"Did I permit the children to eat when they were very tired, or in a hurry?"

These are the questions, Mothers. They may be a general guide to you.

Trend In Furniture Grows More Modern Every Day

By HILDA HUNT

The modernistic trend in furniture grows stronger day by day. But at the same time the art of the furniture maker is becoming more capable of producing a really beautiful and useful piece. The crudeness of the new vogue is passing into something better suited to modern life, and which does not have to fairly scream "modernistic," to be quite in keeping with the modern trend. The first essential of any piece of furniture is use, then comes beauty. Unless the piece combines beauty with use it has no place in the present scheme of things.

The pieces sketched are all in the modernistic trend, designed with the purpose of putting them to the greatest possible use in their respective spheres. At the upper is a small dressing table of modernistic design, with numerous compartments for the dressing table accessories. The center section of the top forms a mirror when open, and when closed, together with the compartments, gives the impression of a small cabinet—an excellent idea for the combined boudoir and living room.

Modernistic Wall Table
Just below the dressing table is a modernistic wall table, which would combine very nicely with the dressing table and its stool. It spreads from the base upward, as do the shades of the little lamps on the dresser, and the stool, in true modernistic style.

At the right is a modernistic cabinet combining book shelves and a desk with ample drawer room and a little closet at the base. In other words, we here find three pieces of furniture combined in one—a desk, chest of drawers and a bookcase. Here use and beauty are combined to suit the home of limited floor space.

In the center is a modernistic upholstered chair, quite in keeping with the other pieces illustrated. It can be covered with a modern fabric to suit the color scheme of the room.

Two modernistic lamps are shown. That at the upper center is of metal, the base in a tiered effect, and the shade of seamless strips laid on with just the slightest overlap which lets the light shine through. The second, or that at the lower right, is a modern table lamp plated in dull silver. The shade panels are of frosted glass.

The Morning Avalanche Menu for the Day

BREAKFAST: Apple sauce, cereal cooked with figs, cream, crisp toast, creamed eggs, milk, coffee.

LUNCHEON: Parsnip soufflé, rye bread, hearts of celery, fruit tapioca pudding, milk, tea.

DINNER: Baker halibut steaks, cottage fried potatoes, stewed tomatoes with croissants, stuffed pepper ring salad, grape sponge, milk, coffee.

Parsnip soufflé is a good way to serve this often despised winter vegetable.

Parsnip Soufflé
Four medium-sized parsnips, 1 teaspoon salt, 1-8 teaspoon pepper, 1 teaspoon sugar, 2 tablespoons butter, 2 tablespoons flour, 1 cup milk, 2 eggs.

Scrub parsnips and cook until tender in boiling water. Remove skins and put through a vegetable ricer or rub through a colander. Season with salt, pepper, sugar and 1 tablespoon butter. Melt remaining butter in sauce pan, stir in flour and slowly add milk, stirring constantly. Cook, stirring until thick and smooth. Remove from fire and add prepared parsnips. Add yolks of eggs beaten until thick and lemon colored. Beat whites of eggs until stiff and dry and fold into mixture. Turn into a buttered baking dish and bake 25 minutes in a moderate oven. Serve at once or the soufflé will fall.

How to Achieve Beauty

EXERCISES TO IMPROVE THE CONTOUR OF THE NECK

Probably there is no part of the anatomy so much neglected so far as exercise is concerned, as the neck and throat and yet as I have warned you already there is no part of your body that will take such swift and sure revenge as the neglected neck and throat.

Five minutes a day is not too great an amount of time to spend on beautifying your neck and throat. In conjunction with your regular treatment, I suggest that you use the following exercises. It is not necessary to apportion off a regular time of your day for this. There are dozens of short periods when your hands are busy with some other occupation when you can be taking advantage of semi-inactivity and let your neck benefit therefrom.

The exercise that I consider most useful is the throat grasping one. This serves to improve the general contour of your neck, and if you begin the exercise by greasing your palms well with a rich nourishing cream, you will derive double benefit from the exercise itself.

ALLENE SUMNER

Speaking of women, as we so often do, French women do not vote. What's more, they have no desire to vote, according to several of their spokesmen who try to avert sympathy for their plight and insist that their voteless state is rather a privilege. They dote on the senator's answer that fair lady's hand was made to be kissed and not to cast votes within a ballot box.

They explain that "the French woman takes pride in her subtle power and instinctively feels a little averse to having her rights and her strength expressed in terms of law, and her force in the social system expressed in terms of ballots."

BUT HER BANK BOOK!
That sounds as if said by a man! How they do dote on this "iron hand in the little glove" theory. But it's said by a woman. Which seems strange when you learn that a woman can not have a bank account in her own name in France; and that a husband may draw out of her funds whenever he feels so disposed; that, too, she cannot even leave the country without her husband's permission, and his consent to the passport.

TOBACCO QUEEN
Antoinette Bonpas was elected Queen of Tobacco at the recent first Congress of the National League for the Defense of Smokers. Which will probably cause many a parent of a female child to give thanks that she didn't raise her daughter to be a tobacco queen.

Still, how in the world is the pretty girl crop to be consumed by the world of commerce except in some such ways as these? With beauty preached as a duty and gospel to every female, and with infinitely more beauties than the home, the stage, the movies, the bathing beauty contests can absorb, something has to be done, and a tobacco congress is the only answer for some of them.

PLENTY OF WORK
LONDON.—One of the queerest legacies ever left in Great Britain is that left by John Rudge, Trysull, Staffordshire. He provided \$5 a year for a poor man to go round the parish church during the sermon, awaken sleepers and eject stray dogs.

Wins Prize for Essay on Votes

Miss Katherine Merry, sophomore in the Michigan State Normal college, Ypsilanti, has won first prize for her school in a national contest for the best essay on getting out the vote. The National League of Women Voters sponsored the competition in which hundreds of essays were submitted.

GROUP NOT AT MEET

Local Methodists Fail To Attend Meeting

First Methodist church here was not represented at the Union Epworth League meeting in Abernathy on Thursday evening although a delegation had planned to attend. It was announced yesterday. This was a regular monthly meeting of leagues in Lubbock county.

AND THE WAR'S OVER

SPRINGFIELD, Mass.—There was quite a flurry in the postoffice here where a letter addressed to "William Shakespeare, Stratford-on-Avon, England, Europe" was returned to the dead letter office marked, "Deceased, 23 April, 1616." This said three postmen actually tried to deliver it.

HOT HATS

BERLIN.—If you've that urge to be "high hat," watch out! Recently temperatures inside of hats were tested. A high "silk topper" showed 103 degrees, while a black derby tested only 98.

EFFICIENCY

PARIS.—Everything is getting "efficiencyized" here. In order to save time, bus steps have been lowered 12 inches. Imagine the steps you had to take to get into one of these buses.

HOW'D HE STAND IT?

SEMLIN, Serbia.—A little village near here houses what is said to be the oldest married couple in the world. Demetrius Filenovic and his wife, Zivana, with 89 years of married life, claim the title. He is 110 and she 107.

FAST SHOOTING

LONDON.—A new self-loading rifle, recently sanctioned by the British government, is capable of firing 35 rounds a minute. It won a prize of \$15,000.

BONELESS BERRINGS

LONDON.—Boneless kippered herring, at the rate of 5,000 an hour, are turned out by a new machine. Of the 279 bones in a kipper, 170 are removed by the machine, the others being harmless.

CALL THE PIPER

PARIS.—France is said to be conducting a campaign against a new rat menace. The new species to invade that country have black eyes, white bodies and brown ears and tails.

LAST RESORT

RIO DE JANEIRO.—The last outpost of public gambling, the palatial Copacabana Casino, has recently been closed by the government.

No country can approach Canada in the use of the plane in protective forest patrol.

Rheumatic Pains Yield To Capudine

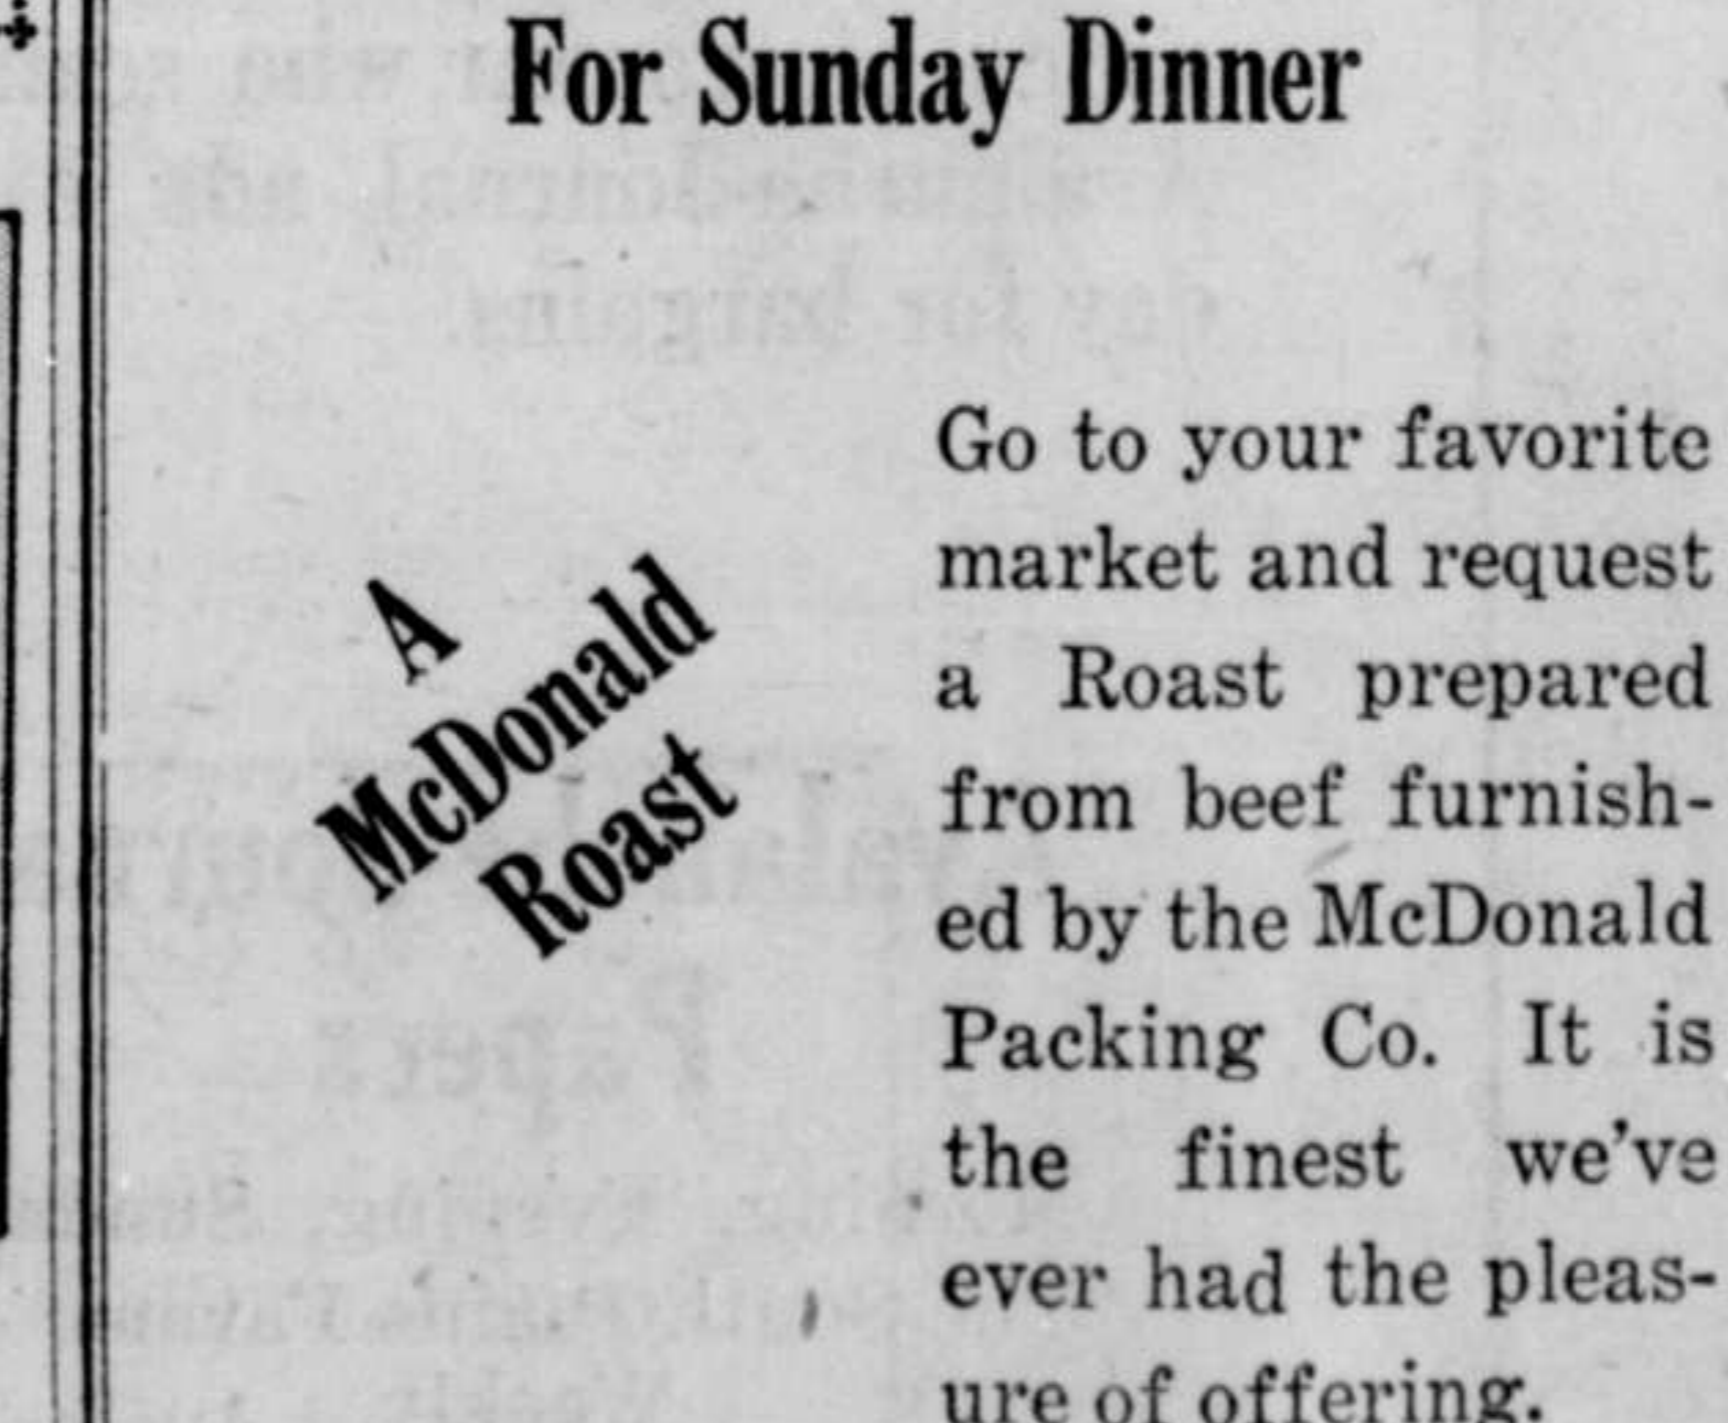

Those who suffer from rheumatism will find that Capudine will greatly assist in the treatment by relieving the pain and reducing the fever and inflammation. Rheumatism is a serious disease and should have the attention of a good physician, but the patient should be made comfortable as suffering retards recovery. For this purpose nothing is better than Capudine. Being liquid, it acts almost instantly—much quicker than tablets and powders.

Capudine does not upset the stomach, and is more effective in relieving pain and high nerve strain. Millions have found grateful relief from its use during the past 30 years. At all drug stores, —30c and 60c sizes. (adv.)

Refund Of Taxes Brings Conflict Between Solons

Twenty-Six Million Return To U. S. Steel Company Is Opposed; Refunds To Various States Not Okeh

WASHINGTON, Jan. 4.—The question of illegal collected taxes and their refund by the government drew attention of the house today from three angles.

One was in a report of the appropriations committee telling of a compromise settlement of tax refunds involving \$26,000,000 to the United States Steel corporation. In the same report this committee also disclosed that the treasury since 1917 had collected \$4,081,028,209 in back taxes but during that period had refunded \$275,012,256 which it illegally had taken from taxpayers.

Third angle develops The third angle developed in the ways and means committee when it started hearings on a resolution proposing that the government reimburse 26 states for \$23,000,000 direct taxes which the state governments contend were collected illegally in the years of 1893 to 1895 after the civil war.

Details of the proposed settlement with the steel corporation were given the congressional committee in testimony by Assistant Secretary Bond of the treasury, who said it would include the government's payment of \$15,000,000 in tax refunds plus \$11,000,000 interest. If the settlement is accepted by the steel company in lieu of the \$161,000,000 for which it had sued Bond said the case would be "closed forever."

Garner Criticizes Proposal

Representative Garner of Texas a democratic leader recently criticized on the house floor the proposal for the refunds to the steel company.

Describing the proposed settlement as "more of a compromise by the tax payer than the government," Bond explained that the original return of the company for 1917, showed a tax of about \$329,000,000 but due to errors in determining whether certain income on long term contracts of the concern and its subsidiaries belonged to 1916 or 1917 this tax was whittled down to \$173,000,000.

The first year in which the excess profits tax was paid was 1917. Indications that the state, in efforts to recover the post-war tax allegedly collected directly in the way of income taxes developed in the way of means committee hearing on this question. States rights, the statute of limitations and the definiteness of their claims were debated by witnesses and members of the committee.

Secretary Mellon in a letter to the committee declared that not only several hundred millions of dollars would be required to settle all claims but that collecting direct taxes since 1923, but it was doubtful if any accurate records on the state's claims could be produced as some of them had been destroyed with congressional consent.

Hoover Plans Tour Of Indies Islands

President-elect To Begin Conferences On Selection Of Cabinet and Inauguration Monday

U. S. S. UTAH, Jan. 4.—A tour of the West Indies before his inauguration March 4 is planned by Herbert Hoover if he can conclude next week's conferences in Washington in short order.

The president-elect will begin conferences on cabinet selection and other matters in Washington Monday and after their conclusion he plans to go to Florida for a week or ten days rest.

Afterwards, if time permits, he hopes to go to the West Indies, visiting Cuba, Haiti, Santo Domingo, Porto Rico, and possibly the Virgin Islands. The West Indies tour probably would require less than three weeks and the president-elect would expect to return to Florida in time to write his inaugural address.

Plans Many Stops

Under present plans, Hoover would stop at Havana, Port-au-Prince, Santo Domingo City, San Juan, and, if the Virgin Islands are included in the tour, at St. Thomas. Although Mr. Hoover has received a number of invitations to visit Texas, he probably will be unable to accept them before his inauguration.

Oil Activities In Oklahoma Increase

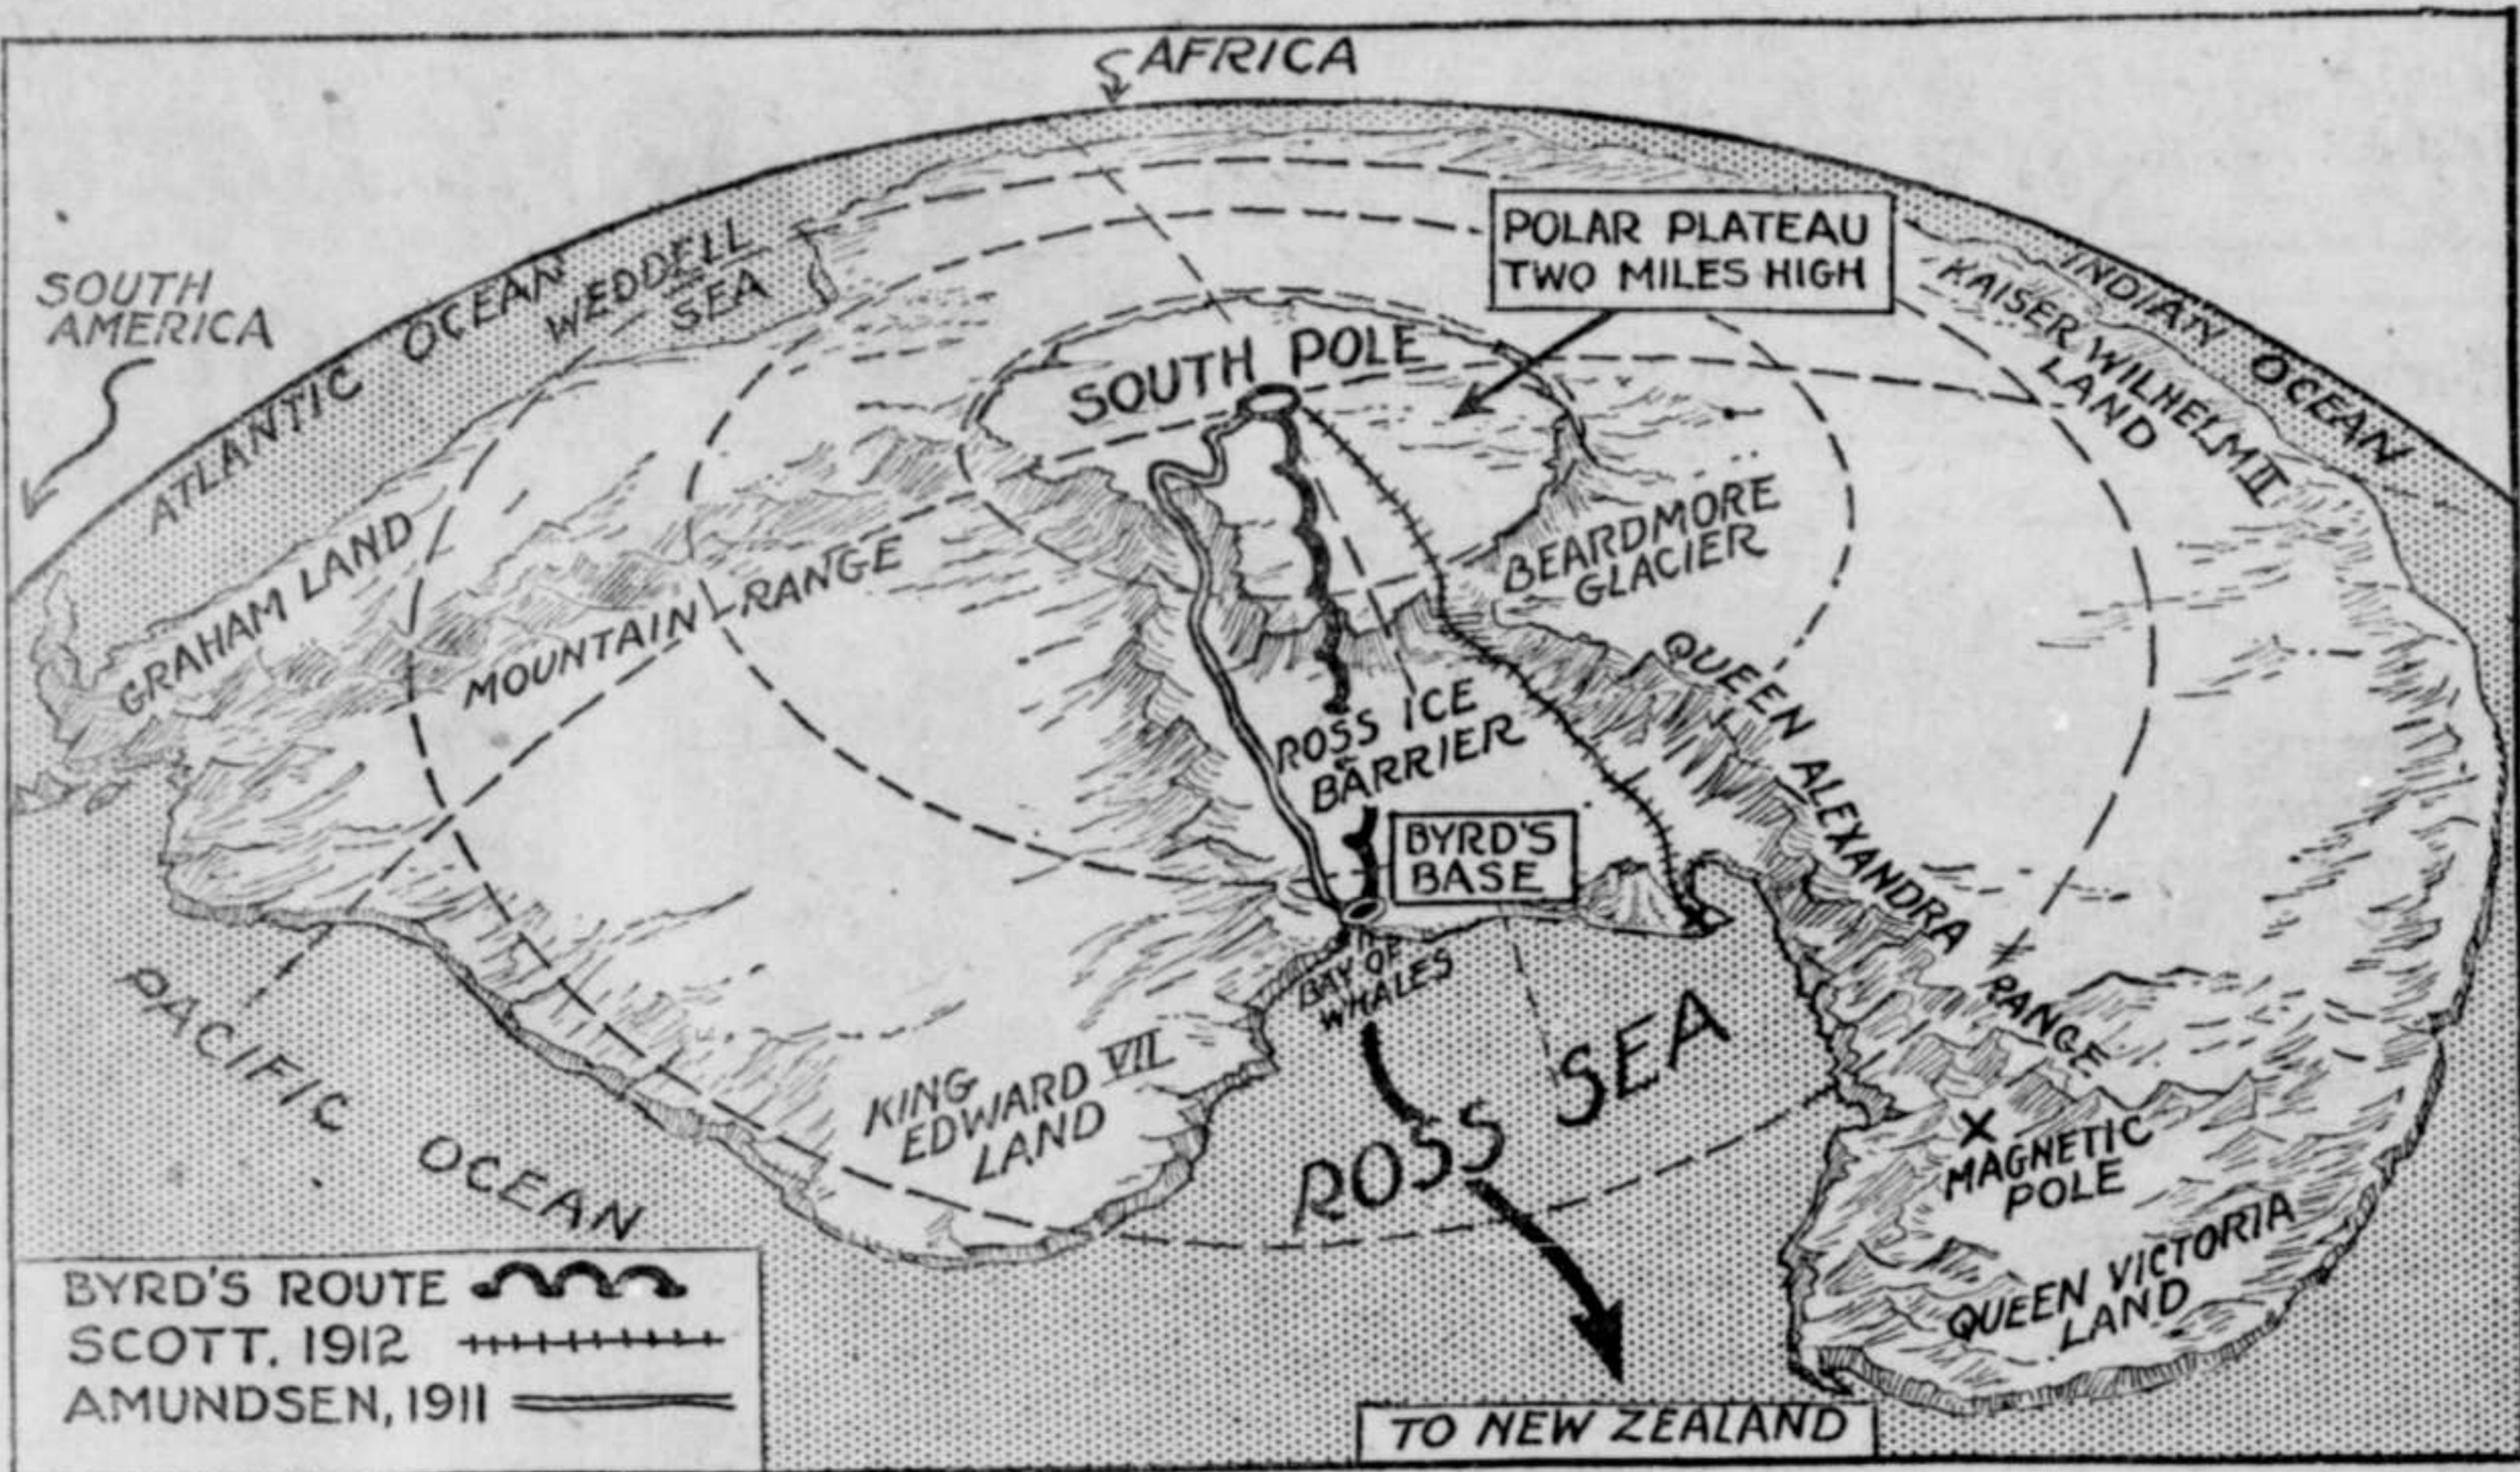

OKLAHOMA CITY, Jan. 4.—T. B. Slick was the first operator to begin work in the South Oklahoma City area after a conservation meeting when operators made a sixty day drilling agreement halting the number of wells.

One month after the well blew in as a gusher, the I T O-Poster No. 1 Oklahoma City, in C S E-S E 24-11-3 W, discovery well in the district, pumped a total of 5,719 barrels today.

TULSA, Jan. 4.—The greater Oklahoma field's production level has been increasing steadily. It gained 77,250 barrels in the Tulsa-Tulahoma area for the last 24 hours period from 1,218 wells. This is an increase of 1,252 barrels over the previous 24 hours and a 23-hour gain of 4,477 barrels.

Oil operators may be required to lease or prospect which they have leased under a decision of District Judge Mitchell here today.

With Byrd At the Bottom Of the World

This map shows the scene of the greatest adventures of an adventurous age. Commander Richard E. Byrd's conquest of the South Pole area by airplane. Byrd has established his base at the Bay of Whales, 800 miles from the pole, and plans emergency landing stations at 109-mile intervals. He will have to fly above the great polar plateau, a circular mass of ice nearly two miles high. He also plans to explore much of the surrounding Antarctic continent, desolate wastes of mountainous ice that are swept by terrific blizzards. The routes of Amundsen and Scott, who reached the pole by dog sled, are shown. Capt. Wilkins, rival polar explorer, has established his airplane base on an island in Weddell Sea (upper left) and plans to fly to the pole from that direction.

West Texas Chamber of Commerce To Sponsor Another Trip to California During Year For Agricultural Study

Reservations Already Made For Journey by Number Of People; Whiteker Has Charge of Visit

(By Associated Press) STAMFORD, Jan. 4.—The West Texas Chamber of Commerce will start the new year's work by promoting another agricultural motorcade to California, to study the methods of farming, poultry raising, and dairying in the Sunshine State. The first trip of this kind sponsored by the Agricultural Department of the regional organization was held in September and was very successful. Most of the advertising of the trips has been word of mouth publicity given out by the twenty-five Texans who made the initial journey.

Reservations Made

On this account several reservations have already been made for the next trip which is scheduled to start January 15. A new bus has been secured from the West Texas Coaches of Fort Worth, which has a capacity of 29 passengers. Only twenty-five or twenty-six passengers will be taken on each trip, however, according to B. M. Whiteker, who is arranging the trip.

Special rates have been promised by the motor company and the round trip can be made for less than \$50 bus fare. Other necessities, such as rooms and meals for the entire trip will bring the expenses for the two weeks or longer to about \$95.

On the first trip Scurry county sent the most representatives, there being five from Snyder. So far Hasell county leads with the largest number for this trip.

Information about the trip will be freely given from the Stamford office.

Death Claims J. H. Baty Late Friday

J. W. Baty, 50, died at the family residence, two and one-half miles north of Wolfarth, Friday evening at 7:30 o'clock.

Survivors are, in addition to his widow, four sons, W. O., R. E. and Robert of Wolfarth, and R. L. Baty, of Cleardon; two daughters, Misses Lottie and Lena. He was a member of the Baptist church.

Funeral services will be held at Carlisle, Rev. Cole officiating, with burial in the Carlisle cemetery, under direction of Bynum Brothers.

CATCH BIG SNAKE

Representatives William S. O'Brien of West Virginia, S. Harrison White of Colorado, William Williamson of South Dakota and Charles E. Iner of Wyoming after a luckless day fishing for a muskellunge, secured a 15-foot snake-constrictor swimming in the Panama canal. The snake was lassoed and put into a sack.

Rainfall Total Is Above Normal

Although December's rainfall was almost one-half an inch below the normal precipitation for that month the whole of 1928 showed 14 of an inch over the year's normal record for rain, according to the summary of weather conditions issued Friday by Don L. Jones, superintendent of the Texas Agricultural Experiment Station here.

During 1928 there was a total of 127 1/2 inches of rainfall, the normal record being 119.6 inches. During December there was 28 of an inch in rain, as compared to 30 of an inch normally.

Hottest day of December was 81 degrees, while the coldest was 12 degrees, while the mean temperature being recorded as 41.93 degrees. There were 19 clear days during the month 5 partly cloudy and 7 cloudy.

LUBBOCK GIRL MEMBER

Grace Jennings Taken Into "Preachers' Kids' Club" (Special To The Avalanche) FORT WORTH, Jan. 4.—Miss Grace Jennings, daughter of Walter P. Jennings, pastor of the First Christian church, Lubbock, has been elected to membership of the newly formed "Preachers' Kids' Club" at Texas Christian University here.

The club is organized to promote fellowship among the preachers' sons and daughters who are attending T. C. U.

Friday In The Capital

(By Associated Press) The house census committee approved the reapportionment measure.

The Pan-American conference approved its arbitration and conciliation treaties.

The \$84,000,000 first deficiency bill including \$75,000,000 for tax refunds was reported to the house.

The senate approved reappointment of Owen J. Roberts as special government oil counsel.

Senator Edge, republican, New Jersey, proposed the appointment of a citizens committee by Herbert Hoover to study prohibition.

Secretary Davis and army air corps officials praised the endurance flight of the Question Mark in California.

A compromise settlement of \$23,000,000 tax refunds for the United States Steel corporation was made public by the house appropriations committee.

Death Claims J. H. Baty Late Friday

J. W. Baty, 50, died at the family residence, two and one-half miles north of Wolfarth, Friday evening at 7:30 o'clock.

Survivors are, in addition to his widow, four sons, W. O., R. E. and Robert of Wolfarth, and R. L. Baty, of Cleardon; two daughters, Misses Lottie and Lena. He was a member of the Baptist church.

Funeral services will be held at Carlisle, Rev. Cole officiating, with burial in the Carlisle cemetery, under direction of Bynum Brothers.

NEW WELL COMPLETED

Spur Water System Has Big Improvement Recently (Special To The Avalanche) SPUR, Jan. 4.—One new well has just been completed for the town of Spur and the test shows that it will produce 230 gallons per minute. Another well has been started that will bring the flow up to 400 gallons a minute. The most interesting thing about the water supply at Spur is that there is no need of treating it before using it and the supply will be unlimited.

The foundation of Spur municipal light building has been completed and plans are being made for immediate beginning of the brick work to finish the building. The building is being erected on Burlington avenue just north of the Wichita Railway station and when completed will be a real addition of structural beauty that the town of Spur will be proud of.

The elephant sleeps very little, generally an hour or two at a time.

Matty Bell Named To Succeed Bible At Texas A&M

Dempsey Regarded As Logical Title Holder By New York Boxing Official

Former Horned Frog Mentor Goes To Texas Aggies As Head of Physical Education And Head Football Coach

Farmers Officials Pleased With New Athletic Director; Bell To Take Team Over In Spring

(By Associated Press) COLLEGE STATION, Jan. 4.—The veteran K. Bible who resigned as head coach of Texas A. and M. college after 11-years to take similar post at the University of Nebraska, will be succeeded by Madison Bell, since 1923 football and basketball coach at Texas Christian University.

Bell's appointment was announced today by the Aggie athletic council. Dean Charles E. Friley, chairman said the Aggies new athletic director would come to the school as professor and head of the department of physical education and head football coach. The post carries faculty membership and contemplates permanency of office. No salary agreement was disclosed.

To Take Charge In Spring While Bell will not take up residence on the campus until September, he expects to obtain leave of absence from T. C. U. in order to conduct spring football training at A. and M. Bible has indicated he would be at A. and M. during the spring to assist the new coach in installing his system.

President T. O. Walton of A. and M. expressed himself as pleased that the new athletic director had been obtained. "We believe he will fit in admirably with the organization at this school and will receive the hearty support of the faculty, students and ex-students," he said.

Bell Yet Young Bible declared Bell's employment meant the "work of the department of physical education was placed in safe hands."

Bell, while only 29, has had considerable coaching experience. After graduating from Centre college, where he starred in football and basketball, the new farmer coach went to the Haskell Indians in 1920-21 and coached the two sports. The following year followed at Carroll college, Waukesha, Wis., and in 1923 he went to Texas Christian University at Fort Worth, a town in which he played grammar and high school football as a teammate of Bo McMillin, Kansas State Agricultural College coach.

T. C. U. Job Open His teams have always had success against A. and M. Bible's loss to the Horned Frogs leaves the coaching situation "wide open." Bell's assistant, line coach Ed Kubale, recently became head coach of Centre College.

Selection of Bell Scored by Official DALLAS, Jan. 4. (AP)—Joe Utay, prominent Texas A. and M. college alumnus and head of the Southwest board of football officials, said today he believed the Aggies had set a "dangerous precedent" in signing Matty Bell, Texas Christian University mentor.

Bible, resigned. "Matty is a fine fellow and a dandy coach," Utay said, "but what will happen if our schools make a practice of luring away each other's coaches. These things are forgotten in time, but one can't help but think about them when they occur. If allowed to go very far they would defeat one of the basic principals of the Southwest conference, development of friendly relations between our schools."

Idalou Trounces Slaton Five, 17-14 Idalou high school Wildcats clawed their way to a 17 to 14 win over the Strangler Lewis here tonight which is the Idalou five lead throughout.

Leading by the score of 9 to 3 at the half, the Wildcats were met by a determined Slaton comeback in the final periods which fell short by only three points. Both teams were battling neck and neck at the sound of the final whistle. Captain Easter of Idalou led in scoring with 12 points.

Strangler Lewis Loses Mat Title BOSTON, Jan. 4. (AP)—Gus Sonberg, Dartmouth football star, won the heavyweight wrestling championship of the world from Ed (Strangler) Lewis here tonight, when the latter was disqualified after refusing to return to the ring after being butted out seven times.

SHEA SCORES KNOCKOUT CHICAGO, Jan. 4. (AP)—Eddie Shea, Chicago featherweight, scored a technical knockout over Tony Mandell of Boston in the third round of their 10-round bout at the Coliseum tonight.

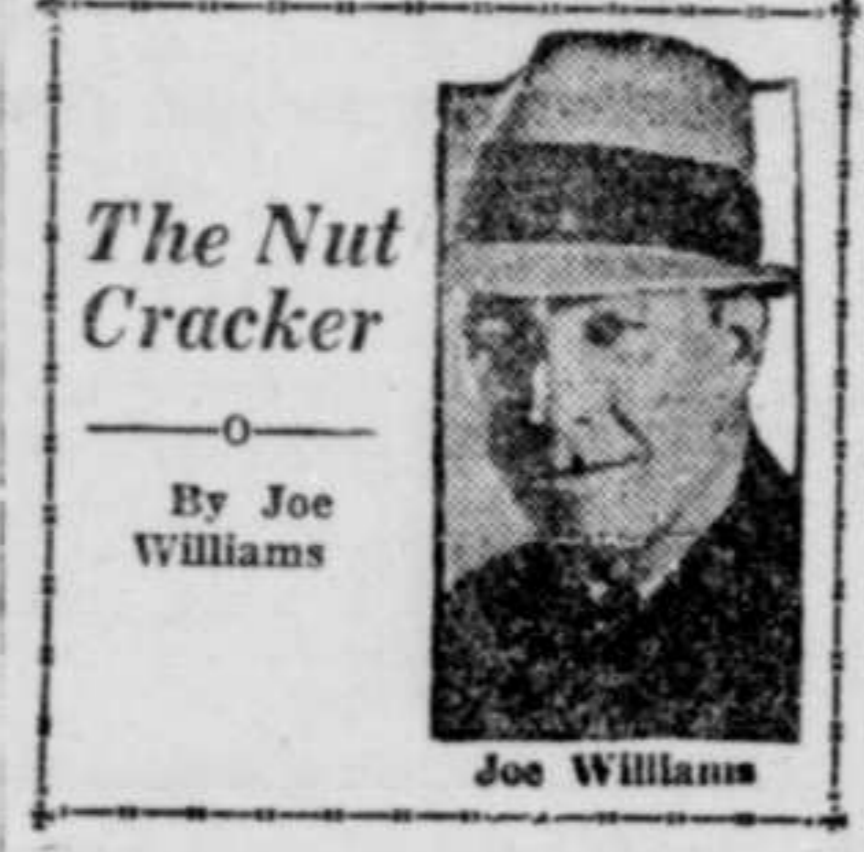

ROSENBERG WINS DECISION NEW YORK, Jan. 4. (AP)—Charley Paul Rosenberg who retired two years ago as the bantamweight champion, won the decision over Johnny Dundee, former featherweight titleholder, in a slashing ten round semi-final to the Schmeling-says match in Madison Square Garden tonight.

Simmons Cowboys Whip Denton Five

Fitzgerald Scores 17 Points To Lead Cowboys In Win Over Powerful Eagles; Simmons Now Rates High

DENTON, Jan. 4. (AP)—With their star forward, Fitzgerald, playing a brilliant game to score 17 points, the Simmons University eagles from Abilene defeated Denton Teachers college 34 to 23, in a non-conference game here tonight.

Tonight's win stamps the Cowboy outfit as one of the most formidable in the state.

The Nut Cracker By Joe Williams

Mr. Sharkey has agreed to the February date with Young Stribling in Miami Beach. Mr. K. O. Christner of Akron meets Mr. Sharkey in New York in January. Mr. Sharkey is walking a dangerous path.

Down in Cleveland Knute Hansen left his chin lying around loosely and the K. O. sent shot it into the side pocket. It only takes one shot if the aim is good.

Ace Hudkins seems to have come forward with proof of the theory that in order to get licked all you need is a millionaire manager. As soon as Drexel Biddle of Philadelphia took De Vos under his wing Ace stuck a flock of hands into his lug and that was that.

Jack Dempsey has been taken in as a member of the Tijuana Jockey Club. Jack has been jockeying around for more than a year now.

Probably the reason the Braves took Joe Dugan was the need for an old mentor to steady the nerves of such colts as Maranville and Siskler.

A couple of days after Sharkey accused Tex of managing a whole stable of heavyweights a promising young featherweight called on Tex and offered him 50 per cent as a manager. Tex said he never seed nuthin' like it.

Aiken To Attend Tubercular Meet

Dr. Y. J. Aiken, city sanitary inspector and veterinarian, is planning to attend the annual meeting of the Southwestern Tubercular Conference, which is to be held at Fort Worth on January 21, 22 and 23, he announced Friday.

The conference is attended by all people interested in the work of the eradication of tuberculosis, particularly by doctors and veterinarians. At the same dates this conference will be in session, the Texas Veterinary Medical association, of which Dr. Aiken is first vice-president, will meet at Fort Worth.

AGGIES WIN 40 TO 34

ARLINGTON, Jan. 4. (AP)—The North Texas Aggie basketball team over Harding College from Morrilton, Ark., here tonight, 40 to 34. Christopher led the victors with 23 points. Pelley starred for the visitors with 15.

TEXAS AGGIES WIN

COLLEGE STATION, Jan. 4. (AP)—The Texas Aggie cagers made it three straight from the Sam Houston Bearcats tonight when they opened their 1929 home schedule with a 39 to 24 victory over the Huntsville team. Coe, captain and center of the Bearcats, was high point man with 13. Blount led the Aggies with 10.

"PESTING" IN BASKETBALL

Pest Welch, star Purdue football player, developed so rapidly in basketball this season that he became the first-string substitute forward. He wasn't interested in basketball until this season.

THEY LIKE WINTER SPORTS

Fifty candidates reported for the winter sports team at the University of New Hampshire. The varsity team, which has been the champion for three years, will compete again in the inter-collegiate championships at Lake Placid, N. Y.

TEACHERS TROUNCE JACKETS

BROWNWOOD, Jan. 4. (AP)—The Southwestern Oklahoma Teachers, on their annual cage tour of Texas, stopped over here tonight to trounce the Howard Payne college quintet, 43 to 14.

Golden Tornado In Action Against Golden Bears

This remarkable NEA action picture shows one of the thrilling moments of the Georgia Tech-California football game at the Rose Bowl, Pasadena, Cal., on New Year's Day. At the extreme left is Warner Mizell, star back of Georgia Tech, just getting started on one of his beautiful end runs which helped the Southerners win by the narrow margin of 8 to 7. A stiff-arm, a quick side-step and Mizell had dodged the Californian who is shown partly blocking his path. Note the players on the ground watching Mizell. This picture was rushed across the country in extreme fast time, being received in Cleveland, New York, Atlanta, Chicago and St. Louis before the final play was announced over the radio. To make that possible, a fast motorcycle relay brought the NEA pictures from the Rose Bowl at Pasadena to the NEA office in downtown Los Angeles. Expert photographers rushed development and delivered the pictures to the Pacific Telephone and Telegraph Company, a few minutes later for telephoto transmission.

Matador Cagers Flash Brilliant Basketball At Times To Triumph Over the Wayland College Quintet

Coach Payne Sends Entire Squad Into Game In Effort To Find Most Effective Combination

Basketball season at Tech got under way last night in the college gymnasium as a fair sized crowd saw the Matadors take a ragged game from the Wayland college basketballers by the score of 46 to 24. Meeting the Baptists for the second time since training started before Christmas, Coach Payne's basketballers flashed brilliant basketball at times, but their inability to advance the ball through the visitors' defense during the later periods showed the Tech mentor that many more hours of hard practice are ahead for the cage candidates.

A starting combination of Coppens and Hodges, forwards; Fisher, center and Vinzant and Kerr, guards took the floor at the opening of the contest, displaying the most effective scoring of the evening.

Coach Payne used practically every man on his squad before the game was over. With the exception of the first few minutes of the game when the starting five showed up to advantage, no combination was able to get started. Poor passing allowed the Wayland crew to break up the Tech advances repeatedly.

The Wayland quintet likewise failed to perform as creditably as on the previous appearance here. Defensive play of Dumas, Wilbanks and Cross was outstanding.

With six field goals and three free tosses, Fisher, Tech center lead in scoring with 15 points. Others who contributed in the scoring were: Tech—Hodges, 8; Coppens, 4; Peterson, 2; Rainwater, 2; Robinson, 2; Reeves, 1; Gee, 2; Fincher, 1; Wilkins, 2; Vinzant, 2; Kerr, 4; Wayland—Mohlby, 8; Terrell, 7; Farmer, 2; Dumas, 7.

Spur all-stars will meet the Matadors tonight in the Tech gymnasium. Rickard's associates here, in telephone conversation with members of the promoter's party in Florida, learned, they said, that Dr. Mayo had been summoned at the wish of Mrs. Rickard, who wanted to satisfy herself that her husband was given the best of care while he is recovering from the appendicitis operation, performed January 1.

NO ALARM FELT FOR RICKARD'S CONDITION NEW YORK, Jan. 4. (AP)—Dr. William Mayo, Rochester, Minn., specialist, has been summoned to attend Tex Rickard, ill at Miami, Florida, merely as a precautionary measure, friends of the boxing promoter said here tonight. They maintained there was no cause for alarm over Rickard's condition.

TO DISCUSS GOLF GREENS NEW YORK, Jan. 3. (AP)—Ways and means to make golf greens better next season will be discussed at the annual meeting of the United States Golf Association, green section, tomorrow and Saturday.

A New York newspaper has come out with the 'steenth' announcement that the Mauler will meet Rickard's elimination tournament some time near the end of next summer or early fall. Dempsey apparently has the sporting world at his command because of his tremendous box office attraction.

Statements of various and conflicting content have come from the general direction of Jack and Tex Rickard regarding his comeback. Experts differ on their prediction concerning the matter, some declaring that he is certain to fight in 1929, while a still greater number are sure that Dempsey is through with the leather pushing game for good and that he is too interested in racing to go back to the ring.

The total loss from traffic congestion in New York City is officially estimated at \$500,000,000 a year.

Manassa Mauler Named One Of The Greatest Athletes In History Of The Ring By Vet Boxing Commissioner

William Muldoon, Sponsor Of The Muldoon-Tunney Trophy Is Staunch Admirer Of King Of Heavies

By EDWARD J. NEIL Associated Press Sports Writer NEW YORK, Jan. 4. (AP)—Whether or not Jack Dempsey fights against the heavyweight champion of the world now, so far as William Muldoon, veteran New York boxing commissioner, is concerned.

The once famous "sold man," now 63 and snow haired, is a sponsor of the Muldoon-Tunney trophy for the successor of the retired titleholder. He was Gene Tunney's friend and adviser during the days when the big marine strove first to win the heavyweight crown. Several times he stepped into Dempsey's controversies with the athletic commission to aid in disciplining the old Manassa Mauler, then boxing king.

But now Muldoon sponsors Dempsey. Today he named Jack one of the greatest athletes in the history of the ring, deplored the improper training and poor handling that had been his lot. Scored the famous "long count" at Chicago, and offered his conviction that Dempsey, at 34, still has one of his greatest fights left in his system.

Muldoon regards Dempsey as the logical possessor now of the title because he held without the slightest dispute. In other words Dempsey must be beaten by any heavyweight who desires to reach the top.

Illinois and Washington Golfers Share Honors In \$2,500 San Diego Open Tournament

(By Associated Press) CHULA VISTA, Calif., Jan. 4.—East and West shared honors in the first 18 holes of qualifying play of the \$2,500 San Diego open tournament here today, when a Espinosa of Chicago and Mortie Dutra of Tacoma, Washington, deadlocked at 68 for the leadership of the large field.

The short Espinosa, of the Illinois Golf Club, and Dutra, of the Tacoma Country Club, battered down the battlements of par in their journeys over the rolling course.

Their cards were four strokes under par. Espinosa showed a 35, par for the outgoing, and 33, four under, on the homeward jaunt. Dutra sliced one off par going out and three coming in. Another dazzling round was that of Charles "Beau" Guest, of the Tam O'Shanter Club Detroit, who held down third place at the end of the 18 hole test with a 69. Guest turned in a card of 34-35.

One stroke behind Guest came Walter Hagen, British open champion, who shared the 70 stroke division with five others, Craig Wood of New York, Henry Cui of Bridgeport, Conn., Jules Blanton of Toledo, Ohio, Dallas Jeffers of Long Beach, Cal., and Bill Foley of Coronado, Cal.

Combat In Mexico Reported by Paper

MEXICO CITY, Jan. 4. (AP)—Newspaper dispatches from Guadaluajara and Aguas Calientes today told of several encounters between federal troops and insurgents and of the execution of the insurgent leader Natalio Espinosa. According to a dispatch to Excelsior from Aguas Calientes, Espinosa was summarily hanged near the spot on the railroad where a week ago he defeated a train, killing the engineer and fireman. He was caught together with several of his followers, in a fight near the town of Lagos.

CAN'T BEAT THIS MARK Knute Rockne's football teams at Notre Dame, in the 11 years he has coached there, has played 111 games winning 92, losing 13 and tying six.

LONE THREE-LETTER STAR Robert Rasmussen is the only athlete at Lawrence college who has won letters in three sports. He got his in football, basketball and track.

YES, WE HAVE NONE VERA CRUZ.—The old line in the old song. "Yes, we have no bananas" may come true in the near future. More than 5,000,000 banana plants, valued at nearly a dollar each, were recently destroyed in this vicinity by a tropical hurricane.

GREAT RUNNER ALSO Virgil Gist, captain of the Chicago basketball team, is rated as the outstanding athlete at the university. In addition to being a great basketball player he is the national collegiate record holder for the half mile and is good at distances from 220 yards up.

Bank Robberies Wane As Texans Pay \$5,000 For Each Man Slain; \$100,000 Suit Undaunts Group

DALLAS, Jan. 4. (AP)—Undaunted by a \$100,000 damage suit filed against the Texas Bankers' association after a slaying at Odessa, bankers in this state continue to place a price on the life of every bandit caught robbing a bank.

The grim condition—dead robbers only—still prevails. For each one slain while holding up a member bank the association will pay a \$5,000 reward.

Plan Is Success
Bankers believe the plan is a success despite the assertion of Frank A. Hamer, captain of Texas rangers, that the two men for whose killing at Odessa the association paid \$10,000 were lured into a trap by persons who conspired to murder them and collected the money on the pretense of saving a bank from robbery.

Before the bankers took the drastic step a year ago 26 Texas banks were robbed in eight weeks. Not one shot was fired in these holdups. Neither were any bandits captured, nor was any loot recovered.

Declare War
When insurance companies threatened to increase their rates 200 per cent if the crime against which they assumed the financial hazard was not checked within a month, the bankers' association declared war on holdup men. Member banks subscribing \$5 each soon filled a war chest from which \$5,000 would be paid for every dead robber.

Since \$25,000 has been paid for five dead men, the number of robberies has been reduced even lower than W. M. Massie, the association's "war" president, had hoped. This year only one Texas bank has been held up. This robbery occurred at Leonard, May 10, and the two men who committed it were arrested later in Arkansas, where they are serving sentences for another crime.

Suit Follows Deaths
Since Ranger Captain Hamer has declared that the two men killed at Odessa were the victims of a "murder ring," the mother of one of them has sued the association for \$100,000. This action was brought by Mrs. Mary Hansen, whose son, William Carl Hansen, was slain in November, 1927.

Besides the bankers' association, Mrs. Hansen named three sheriffs as defendants. These officers are Reeder Webb of Ector county, A. C. Francis of Midland county and Bud Barefield of Upton county. An Ector county grand jury took no action against the officers.

However, two men are facing indictments charging conspiracy to murder two supposed bank bandits who were killed at Rankin. Captain Hamer was instrumental in the return of these indictments.

CHARTERS GRANTED
AUSTIN, Jan. 4. (AP)—Chartered: Brewster Quicksilver Consolidated Alpine; capital stock \$50,000. Incorporators, W. D. Burdman, Morris P. Kirk, Al Drifill.

Southwest Newspapers, Inc. Waco capital stock \$75,000. Shares non-par value. Incorporators, E. S. Fentress, Charles E. Marsh, Harlon M. Fentress.

Amesworth Drug Company, Inc. Amarillo, decreasing capital stock from \$150,000 to \$115,000.

Valley Motor Company, Muleshoe increasing capital stock from \$6,000 to \$18,000.

Foreign permits: Haynes Drilling Company, Inc., Shreveport, La., Texas agent, Ben H. Powell, Austin.

RETURN EIGHT BILLS
SNYDER, Jan. 4.—The Scurry county grand jury that has been in session for the past week returned eight bills and have recessed until the 10th.

Texas bankers believe they have checked robberies by paying \$5,000 for every bandit slain in a bank holdup. W. M. Massie (right), president of the Texas Bankers' association, is shown signing a \$10,000 check for the killing of two men at Odessa. This payment brought a suit for \$100,000 after Frank A. Hamer (inset), ranger captain, asserted the men were lured into a trap in a conspiracy to collect the reward.

Brownfield Has Big Corn Supply

More Than 100,000 Bushels Piled Awaiting Shipment Near Town; Yield Has Good Range In County

(Special To The Avalanche)
BROWNFIELD, Jan. 4.—Over 100,000 bushels of ear corn lies in piles along the right of way of the Panhandle & Santa Fe railway at Brownfield awaiting shipment to different points in its territory, and while the shipments have only commenced within the last few days it is expected that over 500,000 bushels will be moved before spring months. The yield ranges from twenty to forty bushels per acre and it is estimated that sixty thousand acres was planted and matured, but about one half of the crop will be kept for home uses and a large part of it mixed and ground with other feed.

BANQUET DATE SET

March 12 Is Time For Annual Celebration

(Special To The Avalanche)
LAMESA, Jan. 4.—March 12 has been set as the date for the annual membership banquet of the Lamesa Chamber of Commerce. This date was agreed on by the officials and directors of the organization in a regular meeting of recent date. The entertainment department of the organization will have charge of all entertainment and will select a speaker for the occasion.

GOES TO AUSTIN

SNYDER, Jan. 4.—Dr. W. R. Johnson left for Austin this week where he will take up his new duties as a member of the 41st legislature. Mrs. Johnson accompanied him. Dr. Johnson has been a practicing physician here for the past twenty years.

OFFICIALS EXONERATED

Grand Jury Report Finds No Room for Charges

SAN ANTONIO, Jan. 4. (AP)—Exoneration of all officials of the American Legion of any responsibility for alleged open gambling in San Antonio during the tenth annual convention is given in the final report of a grand jury which reported to Judge W. W. McCrory today.

The report says: "We made as thorough an investigation of alleged gambling irregularities in hotels during the American Legion convention as it was possible to make. We were unable to find where any money had been paid by or to any person for the alleged privilege of gambling or any protection to be given for gambling."

GROCERS TO MEET

Texas Group Gather For 3 Day Conference

DALLAS, Jan. 4. (AP)—March 12, 13, 14 were announced today as dates for the convention of the Texas Service Grocers' association here. In conjunction with the convention a food show will be held during the week. Earl W. Cullum, president, said, which will attract 150 manufacturers' representatives and 300 members of the association.

PLANS BIG CROP

Wheat Grower To Put In 10 Million Acres

LOS ANGELES, Jan. 4. (AP)—The Times today published an announcement by Thomas D. Campbell, of Hardin, Mont., and Pasadena, who is said to be America's largest wheat grower, that ten million acres of Soviet Russia plains is to be planted to wheat and flax with American machinery under his direction.

Lamesa To Send Big Delegation In Meeting Here

(Special To The Avalanche)
LAMESA, Jan. 4.—The officials and directors of the Lamesa chamber of commerce have made arrangements to attend in a body the South Plains Executive association annual meeting at Lubbock on January 15. At this time many topics will be discussed by able speakers and experts on subjects vital to City Planning and Chamber of Commerce work.

The organization is composed of the secretaries, officials, directors and members of chambers of commerce of the South Plains area and has for its purpose that of a better understanding and greater cooperation of South Plains officials and cities for the building and development of this area. According to reports it is estimated that several hundred officials will attend this meeting. Ed Bishop secretary of Floydada is the president of the organization.

INCREASE ORDERED

Thirty Million Added To Prairie Pipe Company

INDEPENDENCE, Kas., Jan. 4. (AP)—Stockholders of the Prairie Pipe Line company today ordered an increase in the capital stock from \$81,000,000 to \$101,250,000 and the reduction of the par value of the stock from \$100 to \$25 a share.

NEGROES DIE IN CHAIR

Two Pay For Murder With Lives In South Carolina

COLUMBIA, S. C., Jan. 4. (AP)—George Palmer and John Brown, negroes, were electrocuted at the state prison today for the murder of Charlie Loy, Charleston, S. C., laundress, Sam Tolbert and John Pinkney, negroes, condemned to die for the same crime, were granted stays at the last minute by Governor Richards.

GETS LIFETIME PAY

Girl Leaves Income to Man She Was to Have Wed

CHICAGO, Jan. 4. (AP)—A lifetime income of \$150 a month is provided for Walter S. Stanley of Evanston under the will of Miss Phyllis Moorhouse to whom he was to have been married this month. Miss Moorhouse died Christmas eve.

The young woman's will, filed for probate yesterday, followed in its provisions the instructions contained in the testament of her father, William R. Moorhouse, former commissioner of public works of Chicago, who died in 1925.

MAKE FAVORABLE REPORT

WASHINGTON, Jan. 4. (AP)—The house census committee today favorably reported the Fenn bill proposing reapportionment of membership of the house.

STEAMER IS REPAIRED

NEW YORK, Jan. 4. (AP)—The Italian freight steamer Kobe, which sent out a distress call when its rudder was disabled, was reported by wireless to have completed repairs today, and to be proceeding to Venice.

"Flying Cops"

Policemen are flying now. These two men, Elwood S. Taylor, left, and Robert L. Barklay, members of the Orlando, Fla., police department, are Florida's first flying cops.

IMITATES WALES'

Another Royal Son Goes To Ground In Hunt

LONDON, Jan. 4. (AP)—An evening news dispatch from Melton Nowbray, says that while hunting with the quorn hounds from Hungarton, the horse ridden by the Duke of Gloucester fell at a wide brook near Barsby throwing its rider into the stream. The Prince, who is the third son of King George, escaped with a shaking.

LAND SURVEY PROMISED

SNYDER, Jan. 4.—Scurry county has been promised the next complete soil survey in West Texas by the U. S. Department of Agriculture and A. and M. college, the exact date yet to be announced.

Normally, in wild life, an elephant will feed for 18 to 20 hours out of the 24.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.

Vow, and pay unto the Lord your God: let all that be round about him bring presents unto him that ought to be feared.

ARE WE A COLD BLOODED NATION Some nations are inclined to point their finger at America and classify us among those people who are after the almighty dollar ahead of everything else...

More than two billions was dispensed to various religious denominations, educational institutions, organized charity, the advancement of health, beautification of national tracts and preservation of historical places.

As pleasing as is the thought and the knowledge that those who have acquired vast fortunes are disposed to regard themselves in the light of trustees and undertakes to distribute their wealth for the public good...

ATTENDING TO OUR OWN BUSINESS Lubbock has learned a long time ago that she had plenty to do to attend to her own business, and we have certainly been doing that.

When a game is prescribed for invalids as good exercise during convalescence it is sufficient to begin with one-half hour of play and to increase gradually.

TOMORROW: Fatigue and the heart.

Laughs The golfing novice finished his first game and airily handed his score card to the secretary with the remark, "Two below bogey."

An Observant Child Little Elsie was being taken to task by her mother. "You had child! Just look at that jam on your face."

Amarello, Plainview, Lamesa, Big Spring, Midland Pecos, Roswell, Brownfield, Ropes or Meador, but will go ahead and do the job in the excellent manner we usually attend to our own business...

A Washington Bystander

By KIRKE L. SIMPSON

WASHINGTON, Jan. 4.—At this late date, the Bystander is glad to reproduce from official records evidence that the Associated Press correspondent in Washington as long ago as 1865, and in a moment of the biggest of big news, was about as thoroughly on the job as a news reporter can ever reasonably hope to be.

Reporter A Witness Goblright himself (his name was L. A. Goblright) was called by the defense before the commission June 10 and described himself as "telegraphic correspondent of The Associated Press."

So far as I could ascertain, Goblright testified, "there did not seem to be certainty at that time and I was not thoroughly satisfied in my own mind that night as to who was the assassin."

Journalistic Enterprise This record shows Goblright to have succeeded in getting into the box where Lincoln was shot within a very short time after the shot was fired...

Your Health GOLF HAS VARYING EFFECT ON HEART AND WEIGHT Editor's Note: This is the second of a series of three articles on the Physiology of Golf.

By DR. MORRIS FISHBEN Editor Journal of the American Medical Association and of Hygeia, the Health Magazine

Through the Burke Foundation which endowed a scientific study of the physiologic effects of golf, special investigations have been made of the player's reactions.

When a game is prescribed for invalids as good exercise during convalescence it is sufficient to begin with one-half hour of play and to increase gradually.

While we are trying to stop war among the nations, there should be some way to stop so much war in the homes of America.

We presume that even bootleg liquor has some medicinal value. It has cured a few people from drinking the medical fraternity, as it always winds up in calling in the family doctor of a badly deranged stomach...

MOONLIGHT Moonlight is pale sunlight, reflected back to us from the sun. That's the way it is with most of us. We aren't bright and creative. We're a few things palely. We are moon folks rather than sun folks.

We think that it takes a pretty good house to stand up as long as the initial mortgage on some of them, and the finance companies had to cut down the time on installment payments on automobiles so that the car would not be worn out before the last payment was made on it.

We think the reason that so many people lose their standing is because they lie a great deal.

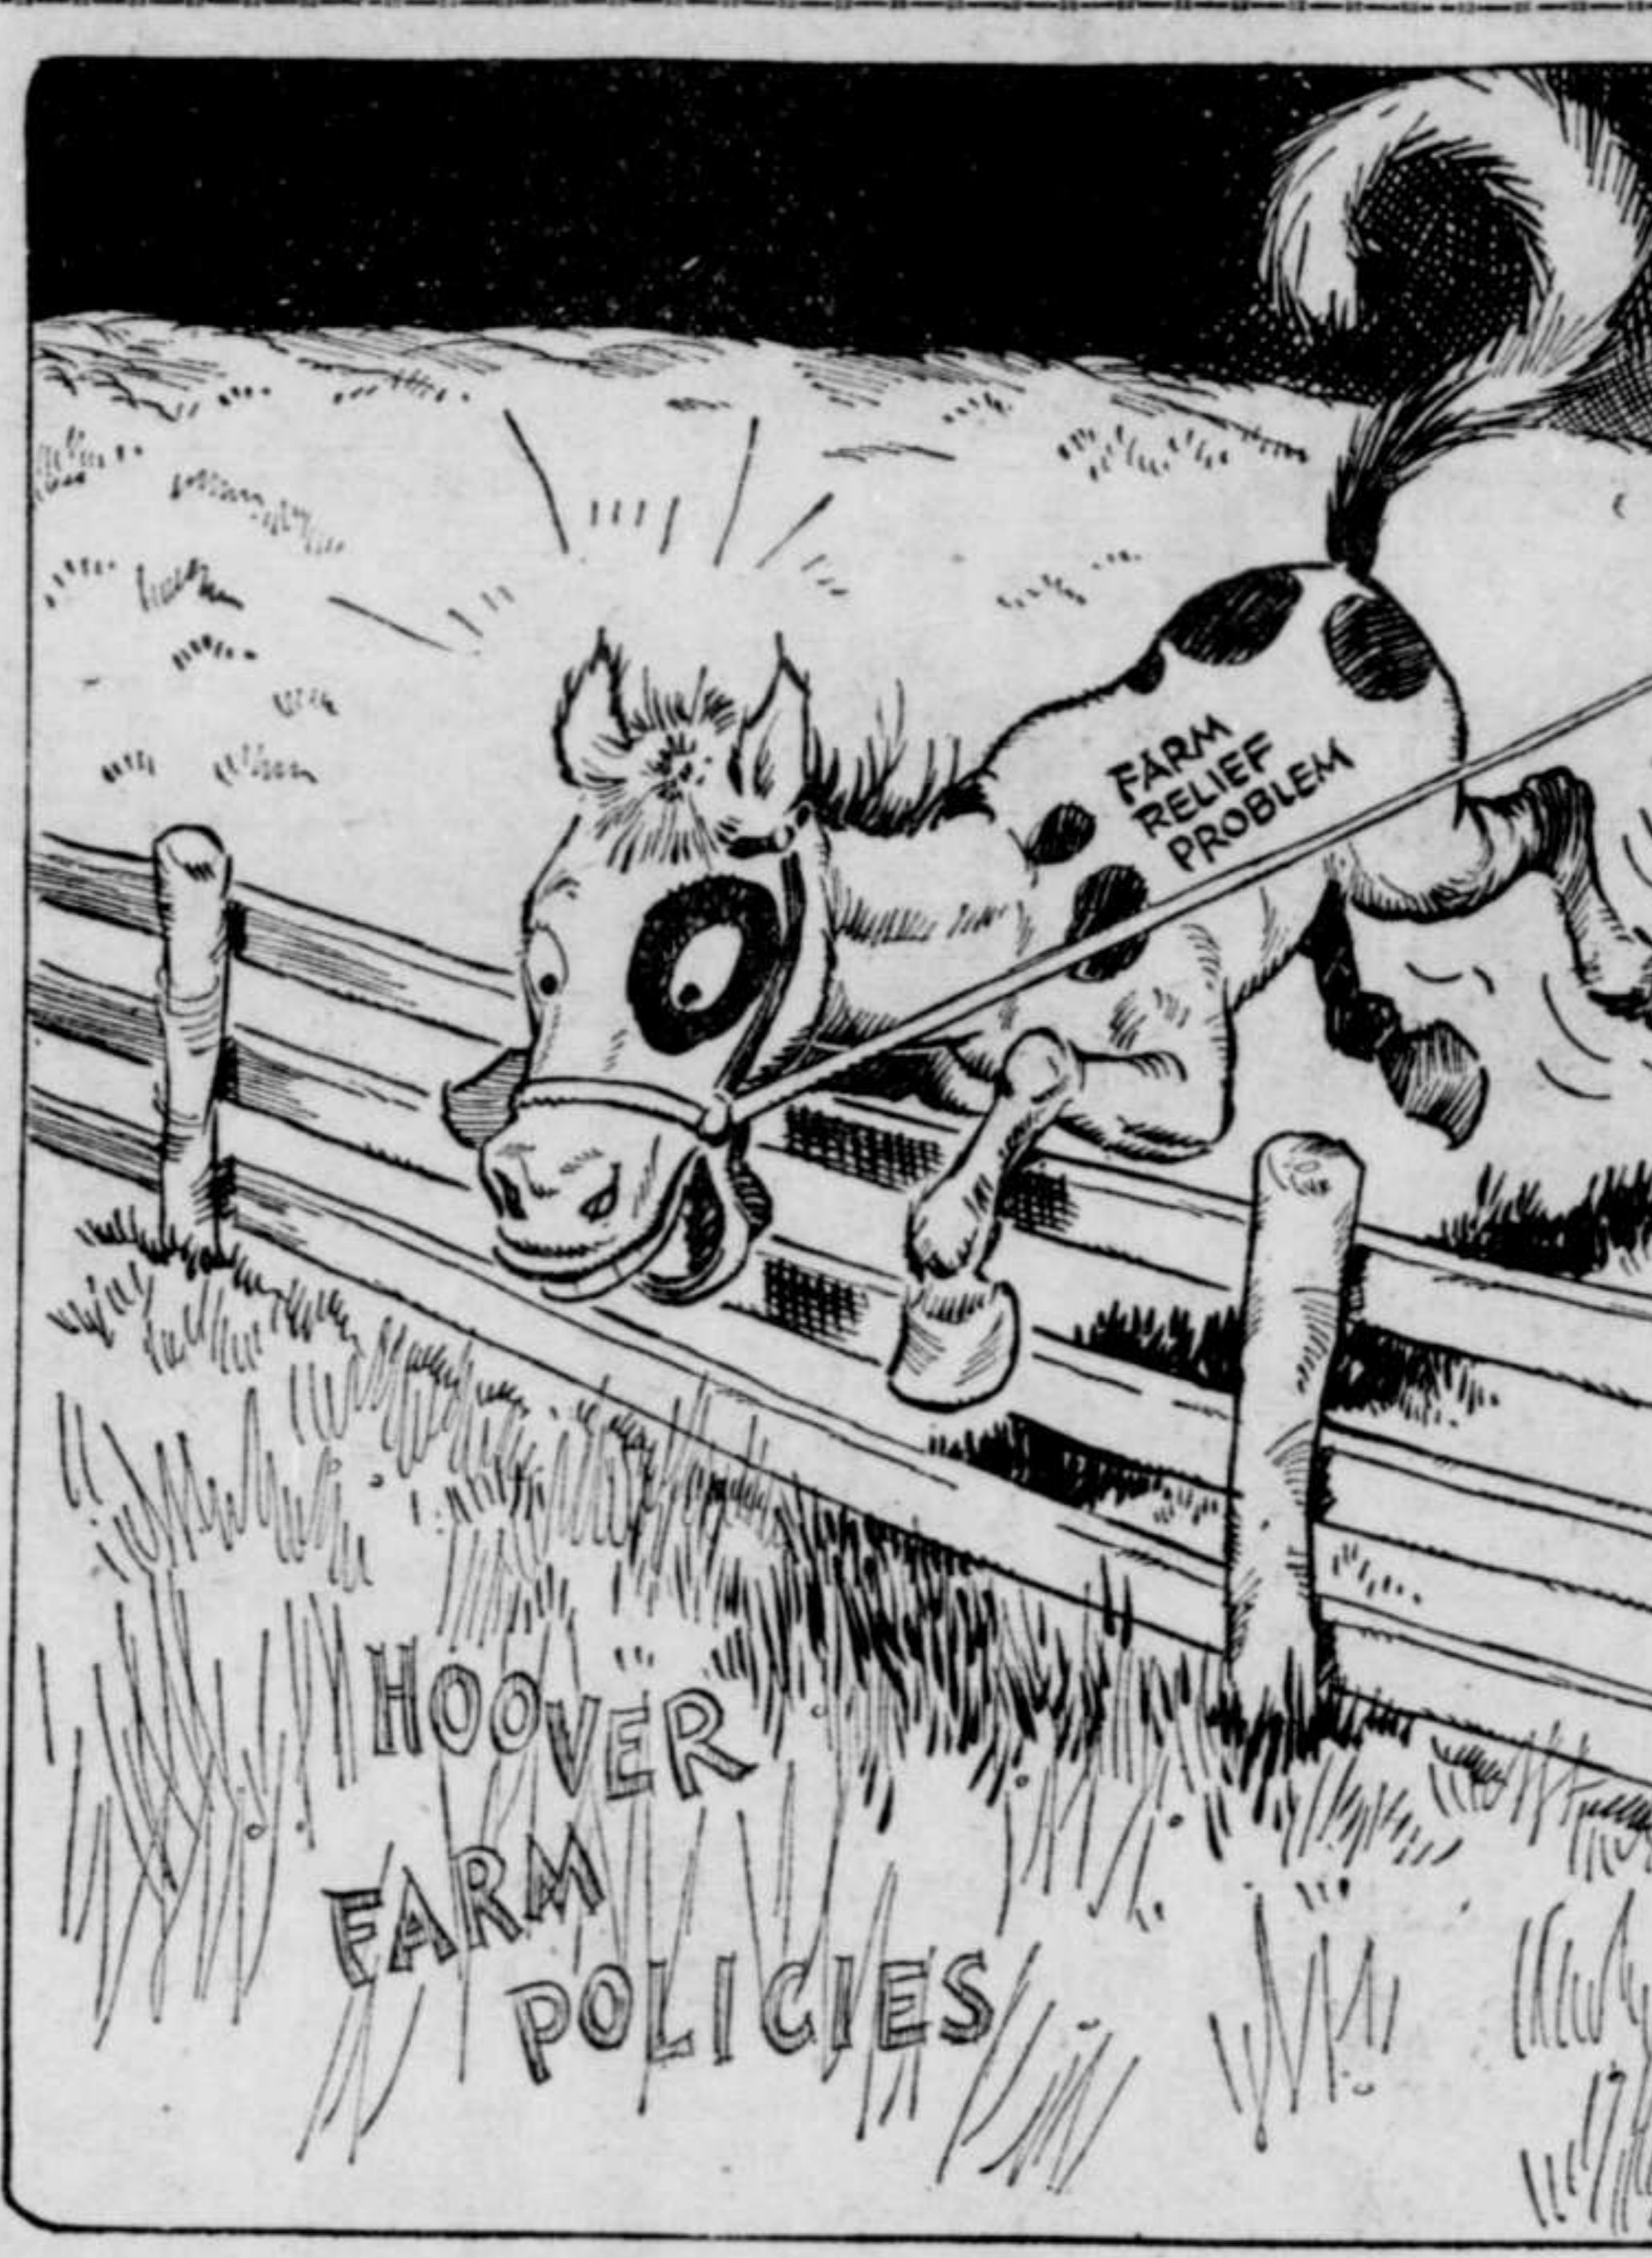

We think that the way some people keep a secret is simply not to tell anything to people that they do not know.

We think that possibly the epidemic that struck so many people just after Christmas was flu caused by Santa Claus coming to see so many of the family.

We think those hunters who killed that Angola by mistake could rightfully claim that they got the farmer's goat, anyway.

We think that possibly everything comes to those who wait, is a very true statement. We notice that one noted scientist has made the announcement that the time is coming when the world will quit using coal for heating purposes. That will

The Other Pasture Looks Greener!

SO THINK WE

Airports will be established in most towns of any importance, but we believe there will be one way in which they will probably differ from the filling stations; they will not be able to use every important corner in the city.

We think that the fellow that continues to break the laws, usually winds up the laws breaking him.

We think people who never brag, never brag about it.

There are no traffic tie-ups on the straight and narrow road. It is the trouble of getting on the right track and staying there that bothers most people.

The worm may turn, but we imagine after all it will be a worm.

We think that the fastest thing in the world possibly misfortune. We have known it to overtake the fastest automobile drivers in the world.

It probably makes very little difference to father whether he gets a Christmas box or not. He always gets it in January when the bills come in.

Some people seem to think that the radio is a recent invention. What about the time when Paul Revere broadcast on one pluck.

There are a great many husbands who when they are doing well will not discuss their affairs with wife, but when everything starts to grow wrong, they usually begin hining around for good advice.

The pastor who said that the trouble with his prayer meeting was that it needed a little more fire in it, should realize probably that it is the fellows that do not attend prayer meeting at all who needs the fire, and they may get a plenty of it later on.

While we are trying to stop war among the nations, there should be some way to stop so much war in the homes of America.

We presume that even bootleg liquor has some medicinal value. It has cured a few people from drinking the medical fraternity, as it always winds up in calling in the family doctor of a badly deranged stomach...

The Way Of The World

BY GROVE PATTERSON

THE HEART OF THE WORLD The heart of the world is the heart of the rank and file of folks. On the average it is kind, pitying, tender.

ARMY AND NAVY The thing that often passes for a hard heart is just a bad case of nerves. Nervous systems are strained and out of order sometimes, usually because of lack of harmony with our surroundings.

A REAL SANTA CLAUS A fine old gentleman with white hair and a white beard—all his own—sat during the Christmas season on the throne of Santa Claus in a great New York department store.

PUTTING THE LID ON THE PRESS Greenville Banner: The majority of newspaper readers of America fall to realize the freedom of the American press and its unquestionable right to challenge the actions of any public official that might seem of a questionable nature.

ONE CAN IMAGINE how much of the epic bits of news the public will miss and the same would likely prove true if the methods were inaugurated in this country. The dry routine proceedings of Congress or that part which goes on the records would prove exceedingly dull reading if the newspaper reporters were not allowed to weave into those proceedings the many other interesting happenings that take place with the work of this body but which are never placed upon the minutes.

THE HUNGARIAN newspapers have bitterly criticized the action of the governing body and describe this latest means of attempting to suppress the press as a "parliamentary dictatorship."

IT IS SAFE to say that the lid will not long remain clamped on as the public sentiment will be so strong that it will demand its removal.

Most holiday dinner repartee comes under the head of chestnut dressing.—Arkansas Gazette.

In the debate about parity of naval strength, the nations seem to forget all about paring down navies.—Ashtoreth Times.

Speaking of Congressional hair-splitting, it would be hard to beat Mr. Keen, Mr. Edge, and Mr. Gillett.—Detroit News.

The Democratic party, \$1,600,000 in debt, seems to offer its creditors their choice of faith, hope, or charity.—San Diego Union.

Orchid

THIS HAS HAPPENED ASHTORETH ASHE, involved in the strange affairs of her millionaire employer, becomes suddenly and seriously ill. MONTY ENGLISH, her ex-sweetheart, leaves Boston to work from the New York office of his firm, HOLLIS HART, her wealthy boss, disappears—presumably for Europe.

Before his departure he tells Ashtoreth of his transient interest in a girl he knows as MAE DE MARR. The name proves to have been assumed. "Mac" is actually SADIE MORTON, an old friend of Ashtoreth's. She has become a gold-digger and a pensioner on the good-hearted bounty of Mr. Hart.

Ashtoreth's adoring mother, MAIZIE, and Sadie (who insists upon being friendly) try to persuade Ashtoreth to go away for a rest. She is lonely and unhappy. Distressed, though she does not admit it, by Monty's absence and plagued by the indifference of Mr. Hart, Ashtoreth and Maizie help her prepare for the cruise.

NOW GO ON WITH THE STORY CHAPTER XII Ashtoreth bought a white crepe de chene, a simple little thing with a simple trim. White shoes to go with it, and red tennis socks. When she tried it on that evening at home and pinned a gipsy kerchief across her shoulders, she looked like Helen Wins exhibiting the correct thing for sports.

She chose also, a beaded dinner frock, virginally pure and sweet. Marked from \$65 to \$5.50 because he beads were coming off. It took eight hours to sew them on. But it was a good day's pay, however, you looked at it.

To wear with the little white gown, she bought white crepe de chine pumps, planning to have them dyed for the street in the meantime.

A faded pink satin proved adorable as a line and fit. "I'll dye it that new shade of cinnamon brown," decided Ashtoreth, and it will be stunning with Sadie's borrowed outfit.

Then there was a cool green chiffon, with a full, long skirt, rather shorter in front than in back. "I'm not going to get anything else but sport clothes," decreed Ashtoreth. "I think they're the only practical things for traveling because a girl's always well dressed if she's simply dressed. And sports clothes are something you can wear morning, noon and night Sunny days and rainy days, and all the time."

She found a rose volle and a French blue hat to go with it. Then a pale yellow, with which the same hat was particularly good. Then for 25 cents a yard she bought flowered print. And for \$1.85 apiece, made three pretty dresses.

"Cotton prints," she told Maizie "are much smarter than silks." But Maizie held up a yard she had her fingers and sniffed contemptuously.

"We wouldn't put it in a patch work quilt when I was young," she scoffed.

Ashtoreth had decided to take a West Indies cruise. At first Maizie protested. "That's where the hurricane started that killed all the people in Florida," she objected.

"But the hurricane season's over," explained Ashtoreth. Sadie, who had dropped in, perused more offers of fine raiment, perused a bookie.

"Lionel, Mrs. Ashe," she commanded, and read aloud: "West Indies! Sea girl isles of romance, languorous and primitive, with flowers and palms that touch the tip of the moon. Days of sun and nights of stars—my cow, Ash! That's a swell place to go all by yourself. You'll get moonstruck. Looks to me like you'd need a man on them languorous seas. You'll be going primitive unless you get an island moon. Maybe she'll clope with a native, Mrs. Ashe."

Maizie looked worried. "But I suppose nothing's as romantic as they write about," she surmised. "Paper can't refuse ink, as my father used to say. You won't go falling in love, will you, Ashtoreth?"

"Fall in love," Ashtoreth laughed. "Who'd I fall in love with? No, Mums—I'll be a little orphan on this cruise, sure as you're born."

In vain Sadie had advocated the advantages of a trip to South America. Mr. Hart, she thought, was somewhere in the Argentine. If Ashtoreth now could only meet him there.

But Ashtoreth seemed annoyed at the suggestion. "My dear, you don't think I'm going chasing that man! And, anyhow, how could I find him? The Argentine isn't any little hole in the wall from all I've heard about it. You're crazy, Sadie."

Monty English had sent candy and fruit from New York and written to inquire for Ashtoreth.

She had replied gratefully, but did not encourage his suggested visit. "Absence makes the heart grow fonder," she reminded Maizie.

But Maizie, with one of her rare flashes of repartee, had parried quickly. "Yes—fonder of the other girl."

"Then, growing serious, she laid a plump hand on her daughter's slim shoulder. "God knows I hope you're not making a mistake, Ashtoreth. But remember—whatever happens—that there are lots of things in this world that count more than money."

Ashtoreth shook her hand away impatiently. "Mother," she cried, "if you're going to make any more speeches about 'nice clean young men,' I'll scream."

"Well, you could go further and fare worse," Maizie defended her choice staunchly. "He's a fine boy, that's what he is."

"Think I want to be a radio widow?" parried Ashtoreth. "My whole life is radio. He doesn't think or talk about anything else. And he takes his ear phones to bed with him!"

Maizie chuckled. "Well, he's got over that," she prophesied comfortably. "Not with me, he won't," retorted Ashtoreth inelegantly.

Maizie looked at her shrewdly. "What's this Sadie tells me?" she wanted to know, "about that millionaire boss shining up to you? Mr. Hart, I should think he'd have more to do than flirting with his help."

Ashtoreth colored. "Sadie's a little fool," she pronounced. "And you shouldn't call stenographers 'help' dear."

"Why not?" demanded Maizie. "They're hired help, that's what they are. An I guess don't make any difference what you call 'em, so long as they earn their money honest."

Ashtoreth averted her face. "Well then," she said, "as Mr. Hart's hired hand, who worked in cases that I never saw him 'shining up' to the help Sadie talks too much for her own good."

"Oh, by the way," Maizie was quick to change the subject. "Her and that boy—George—have broken up."

"Well I'm not surprised," Ashtoreth, at the moment, was a little acrimonious.

"Sadie will never get any medals in any endurance test for fidelity." "I didn't think much of her boy anyhow," volunteered Maizie. "I met them one day on the street. I guess I told you. He's got patent leather shoes and a sort of man's dress. Sadie's just as well off, rid of him, if you should ask me."

Sadie was working in a department store. On the stocking counter, Ruby Hart, who worked in cosmetics, shared her apartment now. And Cleo Danforth, ex of hats. The Ashes saw her only occasionally.

Ashtoreth had never told her mother of Sadie's brief affair with Mr. Hart, and Maizie, who accepted the good things of life as a matter of course, never inquired the source of the girl's affluence.

"Lionel's been kind to her," said Maizie. "She's a good, sweet girl." Sadie had accounted satisfactorily for the fact that she was living part from her family. They had moved away. She said she had a little maid, leaving her a little money. Maizie was piously impressed. And Sadie winking at Ashtoreth, passed her arm affectionately about the older woman's shoulder.

"You're a good egg, Mrs. Ashe," she pronounced. And Maizie was innocently pleased at youth's compliment. "A darn good egg—take it from me. Give the little mother a hand, Ash."

Ashtoreth was sailing from New York on a Friday. That gave her mother the week-end to clean up the apartment and pack their personal belongings. On Monday she would go to work for Dr. Henderson's neurotic patient, Mrs. Adams.

Ashtoreth went to the Commodore in New York, because it was so near the Grand Central and most convenient. Presently she concluded that it was rather a man's hotel and wished that she had gone, instead, somewhere a little different. She telephoned Monty, and he came to take her to dinner. She met him in the mezzanine, and they went down to the

(Continued From Page 8)

grill together. "They're the best lobster cocktails in the world here," he announced.

And he chatted, inconsequentially, of lobsters, and filet mignon and baked Alaska, until Ashforth was altogether sure that he had ceased entirely to love her.

Her boat sailed next morning, and Monty took her in a taxi to the pier. After he had left her, she found in her stateroom a great basket of fruit and three dozen American Beauties.

Tucked beneath their deep red blossoms was a little note. "Dearest Ash. "If it's any news to you, Sweetheart, I love you more than ever. Not that I expect you to get any kick out of that. Maybe, though, some day, you'll be glad of an adoring egg to fall back on. And here your little egg will sit and wait. Forever and forever—Monty."

(To Be Continued.)

In the next chapter Ashforth calls—and on the boat meets a mysterious woman passenger.

Concrete Roads Claimed Essential

H. T. KIMBRO ISSUES STATEMENT ABOUT BONDS

EDITOR'S NOTE: This is the third of a series of articles being published by the Avalanche-Journal and bearing upon the Lubbock county highway question. In this series the Avalanche-Journal hopes to present all of the information available, both for and against the issuance of bonds.

Taking the stand that concrete construction should be assured before the voters of Lubbock county approve the issuance of \$1,000,000 in bonds to cover the county's part in building a system of hard-surface highways, Henry T. Kimbro, member of the Tech Board of Regents and prominent local resident, has prepared a statement in this regard.

Mr. Kimbro, in his statement, points out that no certain type of highway construction has been recommended by the County Commissioners' court and cites figures, which he says have been prepared by authentic sources, to show that the \$1,000,000 issuance of county bonds is inadequate to assure concrete construction over the state and federal designated highways in this county.

The complete statement, as given the Avalanche-Journal by Mr. Kimbro, follows:

LUBBOCK COUNTY'S PROPOSED \$1,000,000 BOND ISSUE

"On Monday, December 10th, the County Commissioners of Lubbock considered a petition for the calling of a county wide election to vote \$1,000,000 with which to build certain roads.

The Commissioners through Judge Nordyke have stated the election was called for January 12th.

The petition calls for the following roads to be paved, the County's part being the amounts set out after each road below:

Texas State Highway No. 7	\$275,000.00
Texas State Highway No. 9	218,000.00
Texas State Highway No. 53	275,000.00
Road west toward Levelland	110,000.00
Road north from Idalou through Becton	109,000.00
TOTAL	\$977,000.00
Plus purchase of road district bonds	\$22,000.00
TOTAL FOR ROAD BOND ISSUE	\$1,000,000.00

TYPE OF ROAD SPECIFIED

"The petition does not call for any particular type of road. The proponents of the proposition claim they will build concrete roads.

"The County Commissioners say they will make no recommendations as to the type of road to be built.

"The petition does not say definitely that the county cannot pay more than one-third the cost of the roads, or any one road, but indicates such is the intention of the issue.

"The following highways are on State and Federal system:

State Highway No. 7	
State Highway No. 9	
State Highway No. 53 from Lubbock east to Crosby county line.	
The following highways are on State system only:	
State Highway No. 53 from Lubbock southwest.	
State Highway from Lubbock toward Levelland.	
The following road is not on either State or Federal system:	
Road north from Idalou through Becton to Hale county.	

"The State Highway Department has estimated the cost of these roads to be constructed out of concrete as follows:

State Highway No. 7	\$324,684.24
State Highway No. 9	274,216.35
State Highway No. 53	370,866.37
Levelland Highway	134,456.57
TOTAL ESTIMATED COST	\$1,104,223.53

"This does not include the cost of the Idalou Highway, including the \$100,000 included in the proposed petition, will give a total of \$1,204,223.53. Deducting the \$22,000 for road district No. 1 bonds from the proposed \$1,000,000 bond issue, leaves \$978,000 with which to build these roads, or a deficit of \$226,223.53 if these roads are to be built out of concrete.

First Check Was Made

"Before the past bond issue was called the highway department requested that if Lubbock county expected any aid or assistance in building her roads, that the election not be called until a special representative could be sent here to check the amounts to be voted on each road. This was done and the figures as set out above were approximate amounts called for.

"The state and federal policy is to give two-thirds aid on both state and federal systems, and one-half aid on highways just on state system. It is claimed that Lubbock county can get more aid than this on some of her roads. The highway department says 'No'.

"They grant the aid and they ought to know.

"This being the case it is probable that we can never get highway No. 53 from Lubbock southwest, the road west to Levelland, and the road north from Idalou because these roads are allowed only one-half aid, and our proposed bond issue purports to allow the county to put up only one-third of the cost.

"As the highway department has given the county's part of the cost of the proposed roads constructed out of concrete on the one-half and two-thirds basis aid, it is not likely they will grant more than this.

Contingencies Are Left

"This leaves several contingencies:

1. The county will have to put up additional funds in the way of warrants, or from other sources, if these roads are to be constructed even after the bonds are voted, or

2. Just part of the roads will be built, that is, if they are to be built out of concrete, the county will only have sufficient money to pay the cost of any particular road a part of the way across the county, leaving the balance unpaved, or

3. A cheaper type of road than concrete will be built. The state and federal governments will join the county in building different types of roads. They do not require the county to build concrete roads. If the county does not have sufficient money with which to build concrete roads, the state and federal governments will meet the county on the one-half and two-thirds aid basis on a cheaper type of road. This seems to be the only way we can get under this proposed bond issue.

"We are of the opinion that the county commissioners could pass a resolution that they have no intention of doing so for the construction of any kind of a road but concrete but this has not been done and from Judge Nordyke's published statements they have no intention of doing so. Therefore, it is likely that they will take the funds from this bond issue and meet the highway department in building cheaper roads than concrete. This is the only conclusion that can be drawn.

"The people want concrete, and not gravel or asphalt roads."

WAYS HIS TIME

MARION, Ind.—Apoplexy was given as the cause of H. C. Clayton's death, but perhaps the poem he was reading to a friend had something to do with it. He was reading, "Forty Years Ago," and when he reached the word "go," in the line, "And when our time shall come, Tom, we are called to go," he dropped dead.

SUMMARY

Market down 19 to 24 points due to discouraging Liverpool and continued southern selling. Norman Mayer and company wired from New Orleans that the market was small and advised making purchases only on the breaks. Nervous liquidation early in the morning caused some liquidation but good support was met around the 1920 level for May New Orleans contracts. Later in the day however increased liquidation and selling forced prices still lower and the close though steady, was within a few points of the lows for the day.

CHICAGO GRAIN

CHICAGO, Jan. 4. (AP)—Enlarged estimates of Canadian wheat production broke values down today to the season's lowest level.

The Canadian Northwest Grain Dealers' association reported the 1928 wheat yield of Canadian prairie provinces is 61,000,000 bushels more than was announced in latest figures by the Canadian government.

Closing quotations on wheat were heavy, 1 1/2 cts to 1 5/8 cts net lower with corn a shade to 1-8 to 1-4 cts off, oats 1-8c to 1-4c down, and provisions varying from 22c decline to a rise of 5c.

DUNN'S REPORT

NEW YORK, Jan. 4. (AP)—Dunn's Review tomorrow will say that 1929 would begin auspiciously, and commercial movements, if still somewhat under holiday conditions, displayed vigor.

Annual summaries, while engaging much attention, have not secured the current week's forward trend in various lines, and the main sentiment is cheerful. With the momentum already gained, trade gives promise of continued activity, on the whole, although there is a prudent disinclination to anticipate results very far ahead.

Where there is a lull now, due to normal factors, a renewed advance conceivably may occur, but prices flattered about uncertainty, confined to the first quarter of the year. The great steel industry, after experiencing an unparalleled output, is extending its expansion, the leather markets are better than has been indicated, and the strengthening of the situation in textiles is numbered among the other encouraging signs.

Weekly bank clearings \$13,832,500,000, an increase of 9.7 percent over a year ago.

NEW YORK STOCKS

NEW YORK, Jan. 4. (AP)—Speculative sentiment was sharply split today by the new high total of stock exchange member loans, and stock prices flattered about uncertainty.

The market opened with a flood of overnight selling orders, which carried prices off sharply in the first hour, but pools and bargain hunters gave the market strong support later, and prices were fairly steady at the close.

A drop in the call money rate to 6 percent for the first time since December 13 was seized upon in some trading circles as indicating that the tremendous increase in borrowings gave little cause for worry. Continued high rates for time money and increases in the bankers acceptance rates caused considerable uncertainty as to the actual state of credit, however, and gave rise to more talk that the federal reserve banks may raise its rediscount rates.

Eastern rail shares made good progress on unconfirmed reports from Washington that such progress has been made in the merger projects that the Van Sweringen and Baltimore and Ohio interests are preparing to submit their plans to the Interstate Commerce Commission. Coppers were given further impetus by an increase from 1.50 to 2.00 in the annual dividend rate of Miami Copper company. Pennsylvania crude oil went up 25 cents a barrel, but this failed to affect the oil shares, total sales were 5,332,000 shares.

The outstanding news development of the day was the announcement of the unification plan for radio corporations and Victor Talking Machine. This plan, however, had long been expected and discounted as a market factor. It provides for a 5-for-1 split-up of radio common. Columbia gas and electric directors also recommended a stock split-up, 2-1-2 for 1.

General Motors, old stock fell more than 6 points, and Chrysler more than 2. Pierce Arrow shares broke into new high ground, however, on announcement of a new straight-eight.

International Nickel certificates shot up 40 points to a record price at 325, and the new Nickel, Ltd., shares reached new high ground.

Daily Markets

LUBBOCK LIVESTOCK

The following report furnished by McDonald Packing company:

Cattle: calves, choice white face 9.00@9.50; good medium 8.00@9.00; common and dogies 5.00@7.00.

Yearlings and heavy heifers: choice 7.50@8.50; good medium 7.00@7.50; common 5.00@7.00.

Cows, choice 5.50@6.00; good medium 4.50@5.50; common and cutters 2.50@3.00; canners 2.00@4.00.

Bulls: heavy butchers 5.50@6.00; heavy hologna 5.00@5.50.

Hogs: choice butchers 7.00@7.50.

FORT WORTH STOCKS

FORT WORTH, Jan. 4. (AP)—Except for steers, all classes of cattle today sold to a fair demand at steady values. The supply was seasonable.

The receipts included about half a dozen cars of slaughter steers with trading slow and no early sales and values tending lower. Some offered carried fair flesh and most of them had good quality.

Bulls sold to a good demand at fully steady values. Four cars sold at 7.25; a few of the better kind at 7.50 to 8.00 and the common light bulls around 6.25.

Slaughter yearlings and heifers about steady. Early sales included some common kind of fair flesh that sold at 8.50 to 9.00 and packages of the better kind up to 11.50.

Buyers were willing to take canners and cutters at steady prices, but the supply was light. The bulk of the sales at 4.50 to 5.50. Except for four cars of cows that sold at 8.15 and 8.25 trade was limited mostly to the kind to sell around and under the 7.00 level values on all classes of cows held about steady.

The supply of slaughter calves light, but those that arrived found buyers to take them at values in line with recent advances. Two cars sold at 11.00 and two cars at 11.25.

Both lots on packer account very light. The bulk of the cull calves sold around 5.50.

Sheep considered steady with not enough on hand to make a market.

Hog values considered mostly ten cents higher than yesterday's average for the rail hogs to packers.

The best rail hogs today stopped at 8.85 and those in the truck section at Thursday's top, or 8.80, bulk of the 175-250 pound butchers sold at 8.20 to 8.85. Packing sows 7.25 to 7.75 and pigs 5.50 to 7.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Jan. 4. (AP)—(U. S. D. A.)—Hogs were more active at

Ways To Avoid Catching Flu

Declaring that the influenza was on the sharp increase in Lubbock and that it would reach serious epidemic proportions in the near future if everything the near future if everything against it. Dr. J. W. Rollo, city health official, today issued a list of precautions to avoid the disease.

The list follows:

Avoid indoor crowds.

Close contact with a person who has influenza or even a "bad cold" is dangerous.

Do not send an ailing child to school. Keep it home and call your doctor.

Cough or sneeze into your handkerchief, or better, a soft paper napkin which can be burned; pocket handkerchiefs so used should be thoroughly boiled.

Do not visit a home where there is a case of influenza.

Keep your feet dry and warm. Avoid sudden chills and drafts, undue exertion and exposure.

Avoid undue fatigue.

A simple domestic remedy advocated in early stages of cold and influenza, is large doses of baking soda, a level teaspoonful about every two hours. Drink large quantities of fluids.

Medical treatment by a physician can considerably mitigate and shorten the duration of influenza and lessen the danger of complications, the symptoms of which can not always be appreciated by the patient.

Obtain at least nine hours sleep in each twenty four hours. Avoid overexertion.

Don't forget the importance of having plenty of fresh air all the time, whether at work or play, asleep or awake.

New Spur School Building Is Ready

(Special To The Avalanche)

SPUR, Jan. 4.—The closing of the second semester of the Spur schools will mark the beginning of a new epoch in the system here as the new building which will be ready for use at that time will make adequate room for the proper division according to the departmental system of conducting classes. Superintendent working out the plans to be put in.

R. N. Cluck has spent much time to practice at the beginning of the second semester and with the cooperation that he justifies will be able to make the greatest advancement thus far accredited to the Spur schools.

Rumor Other Air Line to Southwest

ST. LOUIS, Jan. 4. (AP)—The Robertson Aircraft Corporation, St. Louis, and the Universal Air Lines of Minneapolis, are considering establishing a passenger air service from St. Louis to Springfield, Muskogee, Dallas, and other points in the Southwest.

In making that announcement, Harry H. Perkins of the Robertson corporation said the feasibility of such a line has been discussed and that a survey may be made to determine the probable extent of traffic, landing facilities and other details.

PAY DAY

Will you have money left from your check? Or have you worked all week . . . only to turn it over to your creditors? What a life!

Lift yourself out of the rut by patronizing your nearest M System. You'll save money, and be assured of the highest quality of foods at low prices, and best of all . . . have no bills to pay.

Plainview Grain Inspector Busy

PLAINVIEW, January 4 — The Plainview Grain Exchange inspection service inspected 4,109 carloads of grain during 1928 according to J. B. Wallace, chief inspector. This was one thousand cars short of 1927, occasioned by the light wheat crop of 1928 over this section.

Two thousand eight hundred and eighty-four carloads were inspected in transit, that is grain that did not originate at Plainview, but was stopped here for inspection. The other 2264 carloads originated in Plainview.

Two thousand two hundred and sixty-one carloads of wheat were inspected, 936 carloads of grain sorghums were inspected which is an increase over 1927 for the same period of time. The balance of inspections were of barley, red top cane, shelled corn, and alfalfa hay. Twenty-seven carloads of alfalfa hay were inspected that originated at Plainview. 10 carloads were inspected in transit.

Fifty Speakeasy Owners are Jailed

NEW YORK, Jan. 4 (AP)—Another sortie by Police Commissioner Whalen's liquor raiders caused more than 50 speakeasy proprietors to be in jail today. Fifty places were raided Wednesday night and 59 more last night.

The first tour of pool rooms and other hideaways of crooks and gangsters by the newly revived "strong-arm" squads brought out the fact that underworld characters known to the police had deserted their usual haunts.

The detective entered a basement resort in West 51st Street, searched and questioned patrons and ordered them out. Then after seizing a quantity of liquor, they wrecked the place. Crowbars and axes were used to smash the bar, furniture, mirrors and glassware.

Survivors of Boat Are Finally Saved

MIAMI, Fla., Jan. 4 (AP)—Stranded for 27 hours in Powey Rock lighthouse, 14 miles southeast of here, four men and two boys, survivors of a sunken fishing boat, were safe today having been taken aboard coast guard patrol boat 248 and landed after battling high seas. The boat had rammed a submerged wreck.

Everett Noble of Lawrenceville, N. J., and five Floridians composed the crew.

Financial Status Of Lamb Excellent

(Special To The Avalanche) OLTON, Jan. 4.—The financial condition of Lamb county is the best it has been in history. Collections have exceeded other years and money is much more plentiful. The farmer has more free dollars than he has had for some years. Most farmers got on a cash basis this year.

Weather conditions have been very favorable the past month for gathering of the last crop. The outlook for another large crop is good. The condition of wheat is fully 25 per cent better than a year ago and the acreage is 20 per cent greater.

Plainview Office Needs More Room

(Special To The Journal) PLAINVIEW, Jan. 4.—Expansion of business handled by the city government of Plainview is necessitating the requirement of additional office space at the Plainview city hall which houses all of the city officials as well as the Plainview fire department.

Col. R. P. Smith, veteran city engineer, was given a bigger office this week by the City Council. With constant improvements in the sewer and water system of the city, street paving, and the designation of correct property lines throughout the city, Col. Smyth's duties have increased to such an extent that his department is requiring more space. He has been occupying the office of the City Inspector, W. F. Foley, for a number of months.

A move for a bigger city hall at Plainview has been talked and discussed for several months by local officials, the present edifice having been erected in 1911.

FLU ATTACKS GIL MEXICO CITY, Jan. 4 (AP)—President Emilio Portes Gil was suffering from a slight attack of the gripe today. His appointments for yesterday and today were suspended.

CLEVELAND—The theft of fifty cents, his second criminal offense, drew John Brown a ten-year sentence in the Ohio State Penitentiary.
