WINNERS AT HOUSTON — Proudly displaying their first place trophy are members of the Robert Lee FFA livestock judging team. From left they are Wibby Millican, Troy Millican, Bubba Duncan and Sponsor L.

R. McDaniel. The team took first place honors at the big Houston show where 433 teams were entered. They came back to West Texas to take first place honors at San Angelo.

Judging Team Tops Contests

Robert Lee FFA teams won two first places recently in livestock judging contests. In the giant show held recently in Houston, they were first among 433 teams, composed of 1299 individual contestants. They also placed first in San Angelo in a field of about 65 teams.

Houston Show

Troy Millican was third high individual in the Houston contest. He will receive a \$200 certificate to purchase a beef heifer. L. R. McDaniel, vocational agriculture teacher, said the competition was much greater in the Houston show than ever before. The boys scored 988 out of a possible 1050 points. Other team members were Bubba Duncan and Wibby Millican.

Also at the Houston Show Riley Waldrop placed 5th and 10th in

the Junior Rambouillet Show and Gary McDaniel was 25th in the Junior Beef Heifer Scramble and Judging Contest Heifer Show.

The local FFA placed 8 barrels in the premium sale. Neil Caulder also made the trip to Houston, along with McDaniel and Maurice Duncan.

San Angelo Show

To come out first in the San Angelo show, the team scored 1555 points from a possible 1800. Bubba Duncan was second high individual in that contest. Other team members at San Angelo were Gary McDaniel and Troy and Wibby Millican.

Three of the teams in the top five were from the Concho District, with Sterling City coming in 3rd and Wall, 5th.

Rex Brand of Robert Lee assisted with the Range and Pasture Plant Judging contest at the San Angelo show.

Jack Denman of Snyder and Garland Davis are in charge of this program.

Davis said, "The program is varied enough that people of all ages and varying likes should find much to enjoy."

Everyone is invited to attend for good food and good entertainment.

Okay Expected On Housing Units

Final inspection on the new low rent housing units in Robert Lee is scheduled for Thursday afternoon. Included in the project are six duplex buildings with 12 living units in all. Six of the units are designed to house elderly persons and six are regular units.

Fitch, Holdridge, Besome and Holcombe of Houston were the architects and engineers. C. C. Hoerster of San Angelo was general contractor on the project.

On the board of directors for the housing authority are Hugh S. Lewis Jr., chairman, Weldon Fikes, Bill Allen, J. O. Rudd and W. T. Roach. Mrs. Golda Smith is executive director.

The Upper Colorado River Authority has cleared the way for a survey to be made on costs and other pertinent information of a pipeline from Lake Spence to Robert Lee's water treatment plant, Gerald C. Allen, president of the UCRA, said Tuesday at the regular luncheon meeting of the

Fred C. Newman

Newman Doing Student Teaching

Fred C. Newman, senior agricultural education major from Tarleton State College, has begun his student teaching in the Robert Lee Public Schools under the supervision of L. R. McDaniel, vocational agriculture teacher.

Newman will be here from March 13 until May 11 for the purpose of receiving training for vocational agriculture teaching. This arrangement has been made by mutual agreement between Supt. Jimmy Bickley and Tarleton State College.

Newman will assist in all activities of the local vocational agriculture program. Upon completion of this training period he will receive a Bachelor of Science degree from Tarleton State and be eligible for the Provisional Secondary Vocational Agriculture Teaching Certificate.

Dr. Bill Erick and Johnny Johnson are college supervisors for the teacher education program in agriculture education.

BCD.

Allen reported that UCRA had signed a contract with engineers to make the study and will assume all costs. The estimate of the cost is essential before Robert Lee can qualify for a federal grant to help defray the cost of the line. A preliminary cost figure on an eight inch line amounts to \$65,000 to \$70,000.

Drouthy conditions which have seriously hampered the use of water in Robert Lee part of the time during the past few years, have pointed up the need for the more adequate and dependable source of water from Lake Spence.

Mayor Wilson Bryan told BCD members that the city has applied for a grant from Farmers Home Administration. He said in the meantime, while the city is waiting on results of the application and the survey, he hopes a big rain will fill up Mountain Creek Reservoir. The mayor said city officials estimate the lake contains a 100 day supply of water before they would have to install pumps and start lifting water over the dam, as has been done in the past.

Bryan emphasized water for the city is still a very serious problem and plans must be made to start on a project to tie on to Lake Spence.

It was announced that a layout of the new brochure is expected from the printer later this week. When it is received the committee will meet, check it and make any necessary changes.

It was noted at Tuesday's meeting that a large number of fishermen and boats were on the lake last weekend. Rumors have been heard that a bass tournament will be held here this coming weekend.

Supt. Jimmy Bickley said that a Boy Scout fund drive will start here Wednesday.

Bill Allen presided at this week's meeting and 19 regular members and one sustaining member, J. O. Rudd, were present.

Bandsmen Place In UIL Contest

Several members of the Steer Band participated in the Solo and Ensemble UIL Contest at Hardin-Simmons University in Abilene last Saturday.

Kay McGinley, accompanied by Donna Wallace, received a Division I, or superior, rating on a Class I piece. This makes her eligible to participate in the State Band meet at the University of Texas at Austin in April. She had already received a I rating on Class II and Class III pieces in past years.

Sherrill Davis, accompanied by Mary Elaine Lackey, received a Division III rating. Marilyn McBroom, accompanied by Mrs. Bonita Copeland, had a IV rating.

The entire band participated in the San San Angelo rodeo parade last Friday, then attended the stock show and rodeo.

Kenneth Mitchell is director of the Steer Band.

Commissioners Sell Road Bonds

Coke County Commissioners' Court met Monday and sold the \$200,000 road bonds recently voted to Columbian Securities Corp. The firm submitted the low bid, which calls for retirement of the bonds in 10 years.

Bonds which mature in 1973-74 will draw interest at a rate of 4 per cent; those maturing 1975-78 will draw 4½ per cent; those which mature 1979-82 will draw 4¾ per cent.

Total interest cost on the entire issue over the 10 year period will amount to \$57,552.02.

Gov. Preston Smith left timing of a special legislative session up in the air after the Texas Supreme Court, in effect, said there has to be one.

The High Court, not unexpectedly, concluded that Secretary of State Bob Bullock could not order public financing of primary elections without prior legislative authority.

Smith conceded that apparently left him no alternative but to summon lawmakers back to work in advance of the May 6 primaries.

He said he wanted to postpone the unhappy deed as long as possible and was not prepared to say when he would have to act.

Meanwhile, to help Smith with his decision, Bullock's staff compiled data on estimated costs of the May 6 and June 3 elections and when the bills would fall due.

Most legislators faced with election campaigns hoped the session would be limited to the primary finance issue alone — or perhaps that and highway bill-board controls. The latter legis-

lation is needed soon to avoid a threatened \$24 million cut in federal road building funds allotted Texas.

Another special session will be needed later (unless Smith decides to lump all business into a single pre-election call) to approve a 1973 state appropriations act replacing the budget items vetoed last year by the governor.

Bitterness is expected to flare in the House of Representatives on opening day of the session—when ever it is. An effort is almost certain to be made to oust Speaker Gus Mutscher who is being tried in Abilene on charges of conspiring to accept a bribe in the form of 1968 bank loans and pre-arranged insurance stock profits.

A coalition, in an effort to avert the House clash, is pushing Rep. L. DeWitt Hale of Corpus Christi as interim speaker. The leading speakership candidate, Rep. Rayford Price of Palestine, wants a showdown vote on electing a new speaker immediately.

CRIMES INCREASE — More major crimes were committed in Texas in 1971 than in 1970, but the increase actually was the smallest since 1963, the Department of Public Safety reports.

Cities over 100,000 population reported fewer major crimes — a total of 298,033 as compared with 307,149 in 1970. The overall crime rate for the big cities was up three-tenths of one per cent.

The DPS Crime Report based on information submitted by Texas sheriffs and chiefs of police shows 482,386 major criminal offenses during 1971, an increase of 13,324 over 1970. All categories except theft (which declined 11.7 per cent) increased. There were 1,687 murders, 3,075 rapes, 14,385 robberies, 137,140 burglaries, 34,472 aggravated assaults, 48,323 auto thefts and 243,344 thefts.

VETERANS LAND BONDS SOLD — Forty million dollars worth of Texas veterans land bonds were sold last week at the lowest rate — 4.03658 per cent — paid by the program since 1961.

Land Commissioner Bob Armstrong said the sale assures continued financing of the program until early 1974. Constitutional interest rate ceiling for the bonds is 4.5 per cent.

The Veterans Land board is constitutionally authorized to sell another \$30.7 million in bonds to finance the program which has enabled almost 46,000 Texas veterans to buy land.

LABOR RECOMMENDS CANDIDATES — The Texas AFL-CIO Committee on Political Education recommended support by labor union members of five statewide candidates but didn't agree on a candidate for governor.

Delegates recommended former U. S. Sen. Ralph Yarborough for senator; State Sen. Joe Christie of El Paso for lieutenant governor; Houston lawyer John Hill for attorney general; John White for reelection as commissioner of agriculture and Bob Armstrong for reelection as land commissioner. They also strongly recommended State Rep. Price Daniel Jr. of Liberty for speaker of the Texas House of Representatives.

Although the necessary two-thirds of COPE delegates did not rally behind any candidate for gubernatorial nomination, State Rep. Frances Farenthold of Corpus Christi did get a commendation for her legislative reform efforts which she is carrying into the governor's race.

AFL-CIO President Roy Evans said COPE will try to raise \$500,000 for primary campaign efforts.

SIGNS CHANGING — Watch for changes in traffic control devices, signs, signals and markings along Texas highways.

Texas Highway Commission approved them in the manual on uniform traffic control devices, based on recommendations of the

American Association of State Highway Officials and Federal Highway Administration.

Change will be from words to symbols and pictures as part of an international move toward greater uniformity and clarity in road signs. The change will be gradual, with new signs going up initially on a replacement basis. Panels explaining the new symbols will be placed under the signs at first, then removed in about five years.

Short Snorts

Texas Court of Criminal Appeals held extending voting rights to 18-year-olds did not give them the right to serve on juries in this state.

New regulations allowing insurance companies to cancel auto policies only for failure of the insured to pay premiums or for license suspension or revocation have been adopted by the State Board of Insurance.

Internal Revenue Service said a spot check of 4,579 retail stores showed 95 per cent are complying with base price posting regulations.

Cigarette smokers paid \$3.5 million more in state taxes last month than in February 1971, State Treasurer Jesse James reported.

A University of Texas study group believes debris washed away from coral reefs in some coastal waters to deeper ocean could provide the key to finding future fuel and energy resources.

UT Bureau of Business Research says the Texas economy is off to a slow beginning this year but is "dawdling along in the right direction."

WASHINGTON

"As it looks
from here"

OMAR BURLESON

Congressman
17th District

Washington — Thousands of young men, the exact number unknown, evaded the Vietnam war illegally and are now living mostly in Canada and Sweden.

Should they be forgiven and granted amnesty? If so, should it apply only to draft resisters or also deserters? Should their forgiveness be tied to certain conditions of atonement or should these young men continue subject to prosecution, which would mean that most would remain in exile?

These are questions that touch the raw emotions generated by the war itself. These emotions run the full spectrum from the ennobling of the draft dodger as above the law to the furious portrayal of these men as self-indulgent cowards to be written off by their country, permanently or indefinitely.

There are estimated to be 70,000 to 100,000 young men living outside the United States, having left to avoid prosecution for draft dodging or desertion. Late last year the Department of Defense listed 35,249 deserters still at large.

Legislation introduced in the Congress distinguishes between the draft dodger and deserter and provides that amnesty be granted the draft resisters on condition that they return to the United States and serve three years as provided in a Senate Bill and two years in a House Bill, either in civilian or military programs. Deserters are not included in the proposed legislation.

Either the Congress by legislation or the President by proclamation can grant amnesty and there is precedent for it. The U. S. Constitution, Article II, Section 2, says, "The President... shall have power to grant reprieves and pardons for offenses against the United State..." The Constitution does not use the word amnesty but there is a long tradition of it being applied. George Washington granted this forgiveness to farmers who staged the Whiskey Rebellion in 1794.

On Dec. 8, 1863, Abraham Lincoln issued a proclamation for general amnesty for persons who would sign an oath of allegiance

to the Union. This was more than a year before Lee surrendered at Appomattox. Andrew Johnson declared three general amnesties, requiring an oath of allegiance, in 1865, 1867 and 1868. In 1924, Calvin Coolidge granted amnesty to men who had deserted since the World War I armistice.

Former President Truman appointed a board to look into the matter of recommending pardons for 15,805 men convicted of violating Selective Service during World War II. The board recommended 1,523 pardons and they were granted by Mr. Truman.

For whatever may eventually be the case justifying amnesty for deserters and draft evaders of the present war, the time is certainly not now and neither by legislation nor Presidential order is it soon likely.

The war in Vietnam is winding down but it is not over. We still have men in Southeast Asia and some are fighting and a few are dying. At least 55,000 American boys have already died in that unfortunate conflict. Other American men languish in North Vietnam prisons. To welcome home, at this time, the draft dodgers and deserters, as if what they did was guileless and incidental, would be a monumental affront to those who have performed their duty and continue to perform it.

The word "amnesty" derives from the Greek word amnesia, meaning "forgetfulness." In reverse, to grant amnesty at this time to the draft evaders and deserters would be forgetfulness of those 55,000 or more who have given their lives in Vietnam and the environs and forgetful of those prisoners of war whose condition and circumstances should be wringing the heart of America.

Time has a way of changing things but not enough now to make us forgetful.

Mr. and Mrs. John H. Fenley and Mr. and Mrs. Perry Mullis visited over the weekend at Goldsmith with Mr. and Mrs. Jimmy Mullis. Mr. and Mrs. Charles Mullis and family of Kermit were also there.

Donations Needed For New Siren

Robert Lee Volunteer Fire Department has purchased a new fire siren to be placed on the new water tower in the north part of the city. The new siren is necessary, department officials said, because the present siren cannot be heard by all the firemen. The volunteer firemen believe the new equipment will make it possible for them to render faster and better service when they are called.

The department hopes to pay for the siren, at least in part, with donations. The Fire Department operates on a very limited budget, with only the funds allocated by the county and city. The cost of the new siren is above these allocated funds.

Anyone wishing to contribute to the siren fund should mail or bring his donation to the City Hall.

An Observer want ad will do it.

**Baptist Meeting
Set at Bronte**

The 1972 statewide missions thrust projected by the 1.9 million member Baptist General Convention of Texas will be felt locally when the churches of Runnels Baptist Association meet together Thursday night, March 16, for their Missions-Stewardship-Youth Conference.

The conference will begin at 7 p.m. in First Baptist Church in Bronte.

One of more than 100 similar meetings being held across Texas, the meeting will feature leaders from the Mission and Stewardship Divisions of the Baptist General Convention of Texas and state leadership who are involved with the various mission programs of the convention.

The meeting will include a session to acquaint church leadership with the challenge of Biblical stewardship and the resources available for designing a program of Stewardship Development. "There is a bold challenge for growth in Christian giving which is equal to the new potential made possible by prosperity," said Dr. Cecil Ray, director of the Stewardship Division of the Baptist General Convention of Texas.

"Greatness in giving is the key note and such greatness in giving is necessary if Baptists are to be equal to their mission task in the 70's," Ray added.

The meeting will also include a conference on missions and personal involvement in mission ministries. The purpose of this conference is to acquaint the churches with mission projects and the available resources for doing their work. "During 1972," said Charles Lee Williamson, director of the BGCT Missions Division, "Texas Baptists will be giving priority attention to churches in crisis, metropolitan center, and to youth."

"The opportunity of today's church centers in its ability to demonstrate its love for people. The message of the church is heard best when the church is involved in ministering to the needs of the people in its community," Williamson continued.

An added thrust of the meeting will be a youth rally which will confront youth with the Biblical concept of stewardship and missions designed to motivate their personal commitment and involvement.

John LaNove will be the speaker for the closing service.

An Old Fashion RECIPE

BUTTER IN HASTE

From Winter Cream, or from the milk of one Cow.

Take milk fresh from the cow, strain it into clean pans, set it over a gentle fire until it is scalding hot; do not let it boil; then set it aside; when it is cold skim off the cream; the milk will still be fit for any ordinary use; when you have enough cream, put it into a clean earthen basin; beat it with a wooden spoon until the butter is made, which will not be long; then take it from the milk and work with a little cold water, until it is free from milk, then drain off the water, put a small tablespoon of fine salt to each pound of butter, and work it in. A small teaspoon of fine white

sugar, worked in with the salt, will be found an improvement — sugar is a great preservative. Make the butter in a roll; cover with a bit of muslin, and keep it in a cool place.

This receipt was obtained from one who practiced it for several winters.

FOR CLOTHES THAT FADE

One ounce sugar of lead in a pail of rain water. Soak overnight.

CHOKING

A piece of food lodged in the throat may sometimes be pushed down with the finger, or removed with a hairpin quickly straightened and hooked at the end, or by two or three vigorous blows on the back between the shoulders.

What you don't see is what you get.

We all know the old paycheck disappearing act: now you see it—now you don't. Somehow, all the money gets spent before you get a chance to stash away some savings. But there is a way to beat this —with U.S. Savings Bonds.

When you join the Payroll Savings Plan, the money you want to save is set aside from your paycheck and put into U.S. Savings Bonds, before you can get your hands on it. That way, the money's out of sight—and out of mind—until you need it.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all

Bonds issued since June 1, 1970 ... with a comparable improvement for all older Bonds. That means your savings will grow faster than ever before.

Join the Payroll Savings Plan. The money deducted from your paycheck is what you don't see—but what you're getting is a healthy nest egg of Savings Bonds—and that's a lot.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.

Now Bonds pay a bonus at maturity.
