MOTORCADE PLANNED TO BOOST DAL-PASO CAVERN MEETING AT SEMINOLE

BOOSTERS WILL FIRST GO THROUGH CARLSBAD CAVERNS, EIGHTH WONDER OF WORLD, THEN GO TO SEMINOLE MEETING

The Dawson County Journal has joined in with the suggestion of the Scurry County Times-Signal to organize a motorcade to go to the Carlsbad Caverns Saturday, July 23. Commenting on the subject, it said:

A motorcade to the Carlsbad caverns of New Mexico and the cool, invigorating playgrounds of that state is proposed in connection with the next meeting of officers and directors of the Dal-Paso Cavern Highway to be held July 25 at Seminole. Practically every town along the highway from Albany to Carlsbad is being urged to help swell the auto caravan for sightseeing and cave visiting.

Snyder Ready to Go

The Scurry County Times-Signal, published at Snyder, carries a very enthusiastic appeal to the citizenship of Snyder to get in this motorcade. Secretary Wilson of the D-P C Highway is sending out letters to every town along the route to organize and join the auto procession for a visit to the caverns.

Suggestion has been made that seems to meet with the heartiest approval of all member towns, to form the caravan at Albany or Breckenridge on July 23. As it proceeds westward other towns will help swell the length of the procession until when it reaches Carlsbad, N. M., it will become a monster queue of cars. Then the big delegation would proceed to enter the caverns and spend the day sightseeing. After this the caravan would right-about face and go in single file to Seminole for the big meeting on July 25. Those who desire thereafter to spend several days in the mountains of New Mexico might proceed with their vacations.

Seminole Meeting Important

The session at Seminole is expected to prove one of the most important and vital in the history of the association since its organization in Lamesa on April 19. The Dal-Paso Cavern Highway association has smoothed out all controversies and difficulties that previously existed between Albany and the New Mexico-Texas boundary, but it has some rather rugged and snarlish intricacies yet to engross its attention after proceeding west from that boundary. A defection has developed whereby Lovington is resorting to many angles to compel the D-P C to traverse it. Such deviation and Lovington is one of the major purposes of the Seminole meeting. It is hoped representatives of both state highway commissions may be brought in conference at this session so that they may arrange a satisfactory agreement whereby the two contending opinions may be harmonized and the New Mexico and Texas highways may be joined. Unless this is satisfactorily done the status quo of the D-P C as outlined from Fort Worth to Lamesa will remain a permanent organization, but would probably result in the association directing its activities to a route to Roswell and the White Mountains, utilizing the highway from here to Brownfield and adopting the already designated state highways from there into Roswell. Those who would desire to go to Carlsbad then could use the route southward from Roswell.

Might Change the Route

However, it is understood that Carlsbad, which has stood so strong for Lovington in its fight for the road, would be willing to relent and stand with Lamesa and the D-P C for a straight route leaving Lovington high and dry to the north.

Lamesa is expected to contribute liberally to the motorcade to visit the Carlsbad Caverns and the meeting at Seminole. The motorcade if carried out will operate on a schedule of details of which will be published in full in the Journal in a subsequent issue.

Balance School Funds Be Paid Out Next Week

President S. M. N. Marrs, State Superintendent of Public Instruction, said Tuesday the last 50c per capita payment on the current year's scholastic apportionment would be paid by July 10. That will complete the $14 per child apportionment by the State Board of Education last year. It means a distribution of $674,765 as there are 1,349,532 school children enumerated.

From now until September 1 income to the available school fund will be applied on next year's apportionment, which is to be $15 and break all Texas records. It means that the school fund will have a heavy cash balance when school opens next September. It will be more than $1,000,000 on September 1.

With the completion of the payment on this year's apportionment, the total disembursed from the available school fund aggregates $18,893,448. With 1,360,000 school children in sight for next year and $15 per capita apportionment assured, the total will go to $20,400,000, or $1,600,000 more than this year.

County Winners Named Who Will Attend Course

The home demonstration clubs over the state hold a clothing contest each year. As a result of the county try-out two girls are sent to A. & M. College to the Short Course and are entered in the state contest.

This year Scurry County had 28 entries in the contest, 20 in class I and 8 in class II. The winners over the county are Jessie Dowden of Hudd community from Class I, and Treva Hart of Ennis Creek from Class II. As a county prize each girl was presented with a print of a well known oil painting. These pictures were presented to the home demonstration work by Mesdames Towle and Curnutte for contest purposes.

The same contest eliminated one girl from each club as a representative of her community to the A. & M. Short Course which will be held at College Station July 25 to 30. The following are the club winners: Treva Hart, Ennis Creek; Jessie Dowden, Hudd; Farris Stevenson, Hermleigh; Iva Mae Hailey, Ira; Mattie Lynn Beaver, Fluvanna, Genava Glass, Pyron, Alma Bills, Pleasant Hill; Lois Crabtree, Dunn; Lillian Smith, Plainview; Alma Hawkins, Camp Springs; May Rogers, Crowder.

The judges for the contest were Miss Ezra Grimes, county home demonstration agent of Dawson County, and Miss Myrtle Murray, district home demonstration agent from College Station.

BOOSTER VISITOR HERE

J. M. Higginbotham of Dallas, who looks after the cattle and land business for the Higginbotham Bros. stores, was a Snyder visitor yesterday. Mr. Higginbotham was greatly pleased with the prospects of Scurry County crops. He was also gratified over the 2,000 acres that this county has planted to peanuts.

Bankhead Towns Worried Over the Dal-Paso Route

Small towns along the Bankhead Highway are starting to twist their tails since the Dal-Paso Cavern Highway Association was formed. One of them, the Pecos Enterprise, said:

"Building of the proposed road from El Paso to the Carlsbad Cavern and through to Fort Worth is opposed by the residents and business men from Sierra Blanca east to Midland, on account of eliminating the large tourist travel now present on the Bankhead. Some form of action on the part of all towns interested is expected to be taken in the near future."

When the tourist traffic finds out that it is 103 miles shorter to El Paso, over the Dal-Paso Cavern Highway, they will go that way, no matter how much yelping the Bankhead Highway towns do.

Pecos Gusher Now Making 30,000 Barrels

After running wild for 150½ hours, Mid-Kansas and Transcontinental No. 6-A Yates, Eastern Pecos County's latest oil well, was brought under control last Thursdaay morning by cementing the eight and ten-inch casing. Production saved during the seven days totaled 53,837 barrels, while an undetermined amount of oil was lost in earthen tanks.

Pipe line deliveries have been resumed with completion of the Illinois Pipe Line Company's eight inch line, paralleling its six-inch line from the field to McCamey, with a branch to loading racks at Hurdle, making possible the daily movement of 30,000 barrels.

Texas has thousands of laws. Thousands of them! But not one that can afford any relief to a poor, helpless wife and children upon being deserted by a big, husky, raw-boned, broad shouldered, double jointed able-bodied husband and father.

President's Summer Home

Dal-Paso Traffic Growing Account Shorter Route

The Fort Worth Star-Telegram said Monday that tourists are now traveling the Dal-Paso Cavern Highway en route to the Carlsbad Caverns. Although the newly formed association has not been able to place markers along the route, tourists are keeping the garages and chambers of commerce along the highway busy directing them to the caves. The road is receiving daily such repairs as necessary to keep it in such condition as to make travel over it a pleasure.

The latest report from the cavern is that in June more than 2,500 persons saw this eighth wonder of the world, while in 1926 only 998 went through it during June. Records show that the attendance is more than doubling each month over like periods last year.

Knowing that the people of Texas and adjacent states demanded a straight route to this attraction, the Dal-Paso Cavern Highway Association was formed with the idea in mind to build such a route for tourists. Snyder hotels and garages have noticed the many tourists going east and west on this highway. As many as 25 cars traveling the route have remained over night at one time.

The association meets July 25 at Seminole, where officers and delegates will be served an old style West Texas barbecue. A motorcade will be run from Breckenridge over this route to the caverns on July 22 and 23, giving time for the travelers to go throug hthe caves and get back to the barbecue on July 25.

Times-Signal Belongs to People of Scurry

The Scurry County Times-Signal, in the fullest sense, does not belong to the publishers, nor to any other single individual or partnership—it belongs to the people of Snyder and Scurry County. If it has any excuse for existence at all, it is to serve the interests of all of the people of its community.

A city's newspaper is considered the most potent factor for good or evil, progress or retrogression, that exists. It can either help build a community, or tear it down.

In direct ratio to the interest and assistance it receives from the progressive minds of the community, does it fulfill its best mission. No newspaper can succeed without friends, and many of them.

The Times-Signal is blessed with the most loyal aggregation of friends and supporters of any paper in this great commonwealth, but there is one thing it craves which it has never fully received in the past—assistance in getting names—the names of your friends who come and go; the names of your neighbors and their friends who come and go—in short, the little personal mention that means more to a newspaper in a community such as Snyder than any other factor.

In the old days of the horse and buggy, when most traveling was done by train, a reporter could meet the trains and find out who departed and arrived. Today, the automobile whisks folks out of town, or brings in relatives, with no opportunity for the news gathering force to know about it. There is only one way we can get this information, and that's through you.

All of us have telephones. It takes but a moment to call the Times-Signal (phone 47) and give us the information. It really is a mark of courtesy due your guests to have their names appear in the paper. It is also a courtesy to the friends whom you may visit to give their names when you go a-visiting.

And—it is the one thing you can do for your home town paper that will be appreciated more than anything else. If the Times-Signal could get the name of every family in the county into the Times-Signal every three months, the paper would be the most popular newspaper in America.

WOOSLEY IMPROVING

J. K. Woosley who was injured in an automobile crash here last Wednesday continues to improve. This is welcome news to the loyal friends of this estimable young man.

"Dam Farm" Story Causes Quick Replies

Last week's issue of the Times-Signal had scarcely come off the press before the article relative to Joe Strayhorn's farming by irrigation and the success he was having thereby had become the talk among the street gossipers.

Our good friend, Jodie Monroe, who has never been accused of "whipping his satanic majesty around a stump," was bold enough to call the whole "story" something worse than a story, and even went so far as to say that Joe Strayhorn by some sort of scheme or strategy had gained possession of the Times-Signal and was now dictating its policies which were now given over to false statements. But Joe denies having any interest whatever in the Times-Signal, except that he wishes it all the success possible as he considers it entirely reliable, and that he will vouch for every statement in the article referred to in last week's issue.

Giles Garner—now hold on—our fingers are crossed, and we are sitting on wood—Giles declares that the whole thing is a frame-up to pluck from him his laurels, and that Joe Strayhorn was back of it all. He says that he always has beat Joe at everything, unless it was handling the truth recklessly, but now with the aid of the Times-Signal, he will gladly take off his hat to Joe. He says, also, that he might believe that Joe was a "silent" partner in the matter of dictating the policies of the Times-Signal, but no "silent" partner could make as much fuss as Joe made in last week's issue. He says that Joe claims to have headed him off by the use of water, but Giles declares that it was "wind" and not water that put the "fixin's" to him.

At any rate, the Times-Signal is in trouble, and it is all because the junior editor, who is responsible for the article in question, was not aware of the emulation that exists between Messrs. Garner and Strayhorn as to who can tell the "whoppinest whopper."

People Urged Not To Buy From Peddlers

The United States Supreme Court lately has ruled that a municipal corporation can not restrict the right of a salesman to solicit business for a firm outside the state because it is an unreasonable restraint upon interstate commerce.

This in effect throws down the bars to the itinerant peddler and the unethical and irresponsible salesman, and places upon the people the responsibility for deciding whether they shall be swindled or humbugged.

Practically every city and town of any size has an ordinance requiring that peddlers and others soliciting business at homes shall have a license. This requirement is not for the revenue derived, but to discourage the itinerant for the protection of the people against the sharp practices of the stranger. Moreover, such a policy on the part of any community is just because the peddler pays no taxes, does nothing for the welfare of the community, and assumes none of the responsibilities of an established business with a reputation to be upheld.

The itinerant makes glittering promises and his interests are wholly selfish. As a general thing, he is annoying, and refuses to take no for an answer. He expects the prospective customer to believe him, but it is the other way around when the sale is closed. He requires a down payment and sends the goods C. O. D. or collects when he delivers. He doesn't trust the buyer, but the buyer is expected to trust him—a person wholly unknown and without a recommendation. The buyer takes all the chances. If the merchandise is not as represented, there is no recourse.

Contrast this treatment with what the local merchant offers—goods of standard quality, immediate delivery, return privileges, attractive and money-saving prices, a neighborly interest in serving you conscientiously, and readiness and willingness to make good on every representation he makes.

Close the door on the irresponsible salesman, and trade with dependable home merchants whose word is their bond.

1,332 Farms in Scurry County; Value 10 Million

A recent booklet received at the Times-Signal office from the Department of Commerce, Bureau of the Census, stating that it is the official census of Texas agriculture will be of interest to our readers.

Under a heading "Farms and Farm Property for 1925, 1920 and 1910, Scurry County shows the following: 1925 showed 1,332 farms, against 1,077 for 1920 and 1,424 for 1910. In 1925 the approximate land area was 567,630 acres, and of this amount 56.9 per cent was in farm land. All the land in farm included 332,753 acres for 1925, against 519,399 acres for 1910.

Under a heading "Farm Values, Mortgage Debt, etc.," Scurry County boasts of a valuation of $10,591,250 for lands and buildings in the farming area for 1925. Farms operated by owners included 543; of this number 245 reported mortgage debt. Twenty-two tractors were reported, and 15 radios.

Value of all live stock showed $811,645, distributed with 4,153 horses, 3,712 mules, 12,118 cattle, 2,503 sheep, 68 goats, 1,650 swine and 65,011 chickens.

The number of cows milked in 1924 was 2,741, with 959,700 gallons of milk being produced; 248,617 pounds of butter were made, while 2,113 sheep were shorn. Mohair produced in 1924 was but 310 pounds. Chickens produced 403,328 dozens of eggs, and the value of the chickens raised was $53,162.

Under heading of "Value of Crops and Acreage," the report read that the value of crops was $3,835,298 on acreage, 887 acres in corn, 622 acres in wheat, with 100,281 acres in cotton, 302 acres in hay crops and 26 acres in watermelons. Large acreage was reported for apples, peaches, pears, plums and prunes, grapes, 247 cords of fire wood being cut.

On farm population by age, sex and color, the white farm population in Scurry County for 1925 showed 6,296; of this number 2,486 were males and 2,414 were females. The colored farm population showed but 20 persons.

Cotton Today

A report from J. W. Jay & Co., New York, cotton brokers, this morning showed that their investigation of the growing cotton crop through the states that raise it, indicated a decrease of 9 per cent was shown for the crop of 1927-28. The average indicated percentage condition for the United States is 76.7. The report was made up to and including June 24.

Texas is shown as having an indicated acreage for 1927 of 17,608,000 acres compared with 19,140,000 acres for 1926, a 92 per cent as compared with last year.

The report also read that Texas averages 8 days late. Cultivation fair to good, stands good to fair, weather too wet. Plant normal to undersize. Ample supply labor and mules. Weevil reported in 20 parishes (active in 13).

Snyder Will Get New City Hall And Fire Truck

The regular July meeting of the City Council was held Tuesday night, having been carried over from the previous evening owing to the 4th being a legal holiday. Minutes of the June 6, 29 and 30 meetings were read.

That Snyder will improve with a city hall, motor fire truck and band was made evident when a petition signed by 165 business men and residents was presented to the body by Chief Casstevens. Only 75 signers were necessary to make the petition legal, but so many wanted to sign it for this necessary improvement. According to one of the men who secured the signatures, there were only eleven persons who absolutely refused to sign the petition. Only business men around the square and a block away were solicited.

The petition reads that the City Council is asked to present to the voters of the City of Snyder a bond election in the sum of $7,500 for the purpose of adding to and improving the present fire station and city hall. The petition further reads that if the bonds carry to issue warrants sufficient to buy adequate fire equipment.

Permission was also asked, which was contained in the petition for submission to the voters, the question of whether or not a band shall be established and maintained.

Every member of the council is a booster for the measure, and the matter was tabled right at this time for future deliberation.

Fines received during the month of June totaled $112.90, made up from three charges for speeding, two for gaming and two for drunkenness.

Water and sewer receipts amounted to $1,182.06.

The Council approved payment to the deputies who assisted Marshal Woodfin Monday.

Building permits granted were to I. R. Baugh, $1,000 residence; I. B. Riddle, $1,000 for residence.

Council advised W. L. Gross to fence his lot in the east end of town, thereby eliminating an unused roadway.

Stop streets will be designated by ordinance and marked.

Bills Allowed

Texas Elec. Service Co.	$378.65
O. L. Wilkirson	120.32
Bryant-Link Co.	1.80
Snyder Garage	17.40
Carl Yoder	.86

Council recessed at call of the mayor.

"Hydrocycles"

Victor Astori and Leopoldo Ghersi, noted cyclists in the Argentine, riding in a 'hydrocycle" built for two which they constructed themselves. It is able to make 15 kilometers an hour if one is willing to spend the effort.

Local Fishing Club Is Under State Protection

The Thompson Dam on Deep Creek, located two miles southeast of Snyder has been officially designated by the State of Texas as a state fish hatchery reservation.

The Snyder Fishing Club, which has exclusive control of the location, has placed better than 6,000 bass and croppie minnows in the location in the past three years. One thousand more minnows were dumped into the stream Tuesday. Nathan Reynolds is president and George Northcutt secretary of the club.

The organization of the club was made imperative when the streams of this section failed to give fishermen what they wanted, and it is the duty of the club to protect the minnows and fish until such a time that all along the length of Deep Creek will be one of the finest fishing grounds in the entire state. A deputy game warden is on the job, insuring absolute protection. With the designation of this spot under the control of the state any one caught fishing anywhere near the Thompson Dam is liable to a fine of from $10 to $200.

In other words, the Snyder Fishing Club asks that everyone be a good sport and wait long enough that some real fish can be taken from the stream and good sport provided. The State of Texas is behind them in the matter, and this warning is broadcasted to those who may attempt to trifle with the laws of Texas.

Lamesa State Bank Re-Opens Doors This Week

Of interest to all is the fact that the State National Bank at Lamesa will reopen its doors. Last week's O'Donnel Index stated:

"We are indeed glad that we are able to announce to the public that the State National Bank of Lamesa, which was temporarily closed several weeks ago, will again be opened for business today or tomorrow. This information was given the Index the first of this week.

"The State National interests will be taken over by the Couch interests, bankers and capitalists of West Texas and the Lower Rio Grande Valley. The bank will be completely reorganized and the depositors will receive dollar for dollar when the bank opens for business. O. B. Norman, well known banker of West Texas, at present, active vice president of one of the leading banks of Rotan, will be in charge of affairs.

"The opening of the State National of Lamesa and the paying of the depositors dollar for dollar will no doubt be glad news to the people of Lamesa and Dawson County and will relieve a deplorable situation that has existed since the closing of the bank several weeks ago, and will give to the people of Lamesa and Dawson County banking connections that will be of untold benefit in the future."

15,000 ATTEND SNYDER'S MAMMOTH FOURTH OF JULY BARBECUE AND PICNIC

OVER 6,000 POUNDS OF MEAT SERVED TO HAPPY CROWDS WHO JOIN IN BEST BARBECUE EVER HELD IN THIS SECTION

What happened Monday? The finest Fourth of July that was ever attempted in Snyder, coming from the throats and hearts of between 12,000 and 15,000 people that swarmed Wolf Park from early morn until late at night. Snyder never did better in entertaining its friends, committees working as one perfect unit gave a barbecue and picnic that was the wonder surprise of the years. This was the first public entertainment of this nature since 1921, and Snyder and Scurry County responded to that invitation with a wonderful barbecue and entertainment, culminating with a concert by the wonderful Post Junior Cowboy Band, led by Director M. L. Knott.

Exactly 5,500 pounds of beef were barbecued by the good eats committee, led by Harrie Winston and Tom Huffman. Four hundred fifty square feet were necessary to carry the juicy beef to be toasted; just 200 square feet were necessary for the pork and mutton.

As late as last Friday the good eats committee were in readiness to start their part of the festivity. Sunday the crowds swarmed to the pits, located directly south of Wolf Park, to note the extensive preparations that were being made. One could see Harrie Winston and Tom Huffman heads up on the job. With Martin Reep and Bob Browning, heroes of the best West Texas barbecues, on the ground, the thing was done up right. In the offing and on the job every minute were Jodie Monroe and son, Dwight, W. H. Cauble, John Spears, J. J. Koonsman, P. C. Chenault, Hugh Taylor, Jim Dorward, Otto and Albert Martin, Charley Ross and many other helpers. These gentlemen were all directly responsible for the preparation and finishing of the delicious barbecue meat that was served. Of this named committee, the men who stand out for their auspicious service and work are Harrie Winston and Tom Huffman, aided and abetted by Martin Reep and Bob Browning, with Jodie Monroe, W. H. Cauble and John Spears on the firing line.

The greater portion of these men were on duty from early Sunday morning until after the final servings of good things to eat Monday afternoon. Tate Lockhart, champion coffee maker of the universe, never finished his duties until after 6 o'clock Monday.

When the Fourth Arrived

Early Monday morning, with a fine day in prospect, automobiles commenced jamming the highways and byways in long streams, and before 10 o'clock it was conservatively estimated there were over 8,000 people on the grounds. By the time the barbecue came on, no one could doubt but that the number was swelled to between twelve and fifteen thousand.

Promptly at ten o'clock Sec'y Moore called for the singing of "America," which was led by Sam Minor of Camp Springs which was followed with a prayer by Rev. W. F. Ferguson; then another verse of "America" and a welcome by County Judge Holley put everyone in the spirit to enjoy the many good things that were to follow. Judge Holley made an unusually good talk. He knows how, and his basic thought was the good spirit that should exist between the man on the farm and the man in town. Twenty years ago things were vastly different than now and with the automobiles, distance is but nothing. He said that the need of a place such as Wolf Park as a public park for county residents and town folks alike was badly needed.

Following Judge Holley's talk, Sec'y E. P. Moore told of Monday being the 151st anniversary of the signing of the Declaration of Independence. Mr. Moore gave a pleasing address that met with rapt attention.

Then came the Gold Saturday drawings—fifty dollars of it went out in no time.

Then came the community singing, led by Hon. J. A. Merritt, and every one seemed to join in at one time with the welkins ringing.

Then—the Barbecue

Ten tables had been prepared and the folks commenced forming in long lines. Beef, pork and mutton were the principal items of the menu, with plenty of bread and pickles and steaming hot coffee. From the lanes that followed through, the crowds advanced on the "Sun-of-a-Gun" Palace and got their fill of that. Army style prevailed in the serving, and we don't know of any one who failed to get plenty. In fact, so much of it went out that a few of the crowd were left stranded insofar as barbecue was concerned. Nearby hamburger stands took care of them. The committee first figured on about 8,000, but the crowds went over their heads. Next year, the committee promises enough eats for 20,000—and Snyder was never known to fall down on the job.

Ball Game Enjoyable

Following the barbecue various musical organizations furnished the crowds with pleasing selections; also some singing was indulged, but everybody was laying back for the ball games. In nine innings of fast and furious baseball, with never a let-up, Snyder defeated Sardis, 3 to 1. Pat Bullock and Ayres formed the local battery, with Bullock striking out 11 Sardis players. Ward, Ode and

Local Farmer Getting Fine Crop Results

George Garner, one of our good farmers, reports the best crops he has had in a number of years. Mr. Garner has always been a diversifier, and this year he tried out six acres planted to Reese's Drouth Resister corn largely as an experiment. His corn is now in heavy roasting ear, and is as fine as one would expect to see in a real corn country.

He also has 160 acres of Improved Mebane cotton, which Mr. Garner declares will average 30 squares to the stalk. It is blooming fast, and the stalks will soon be filled with bolls. He says he never had better prospects for a fine cotton crop.

He has maize now in full head and will make at least a ton to the acre even if it should not get any more moisture.

It might be well for some of our farmers who have poor prospects of making a good crop to find out Mr. Garner's sure-crop secrets.

Largest Ranch in World Gets Written History

At the request of officials of the Capitol Syndicate, more commonly known as the X. I. T. Ranch, J. Evetts Haley, field representative of the Panhandle-Plains Historical Society, is writing a history of the ranch, says the Canyon News. The officials of the company have in their possession many documents relating to the history of the vast ranch and are eager to have these records preserved.

The X. I. T. Ranch was one of the largest in the world. It was composed of a vast body of land, 3,000,000 acres of which the State of Texas traded for a capitol building and 500,000 acres of which the Capitol Syndicate bought. That its brand should become well known is not strange since the ranch was 575 miles around, having as its northwest corner the northwest corner of the state, and extending south 185 miles; the east line of the ranch was 175 miles long and the north line 30 miles.

The ranch was divided up into a number of sections with general headquarters at Channing, in Hartley County. Here the stupendous work of the ranch was directed.. Vast herds of cattle roamed the open ranges with more than a hundred men looking after the business of the company.

In 1900 the great ranch was placed on the market, 1,500,000 acres of it being sold by January, 1903. Among the large early sales of the land was that to Major Littlefield, who purchased 275,000 acres at $2.00 per acre. The money from the sales went to improve the remainder of the ranch.

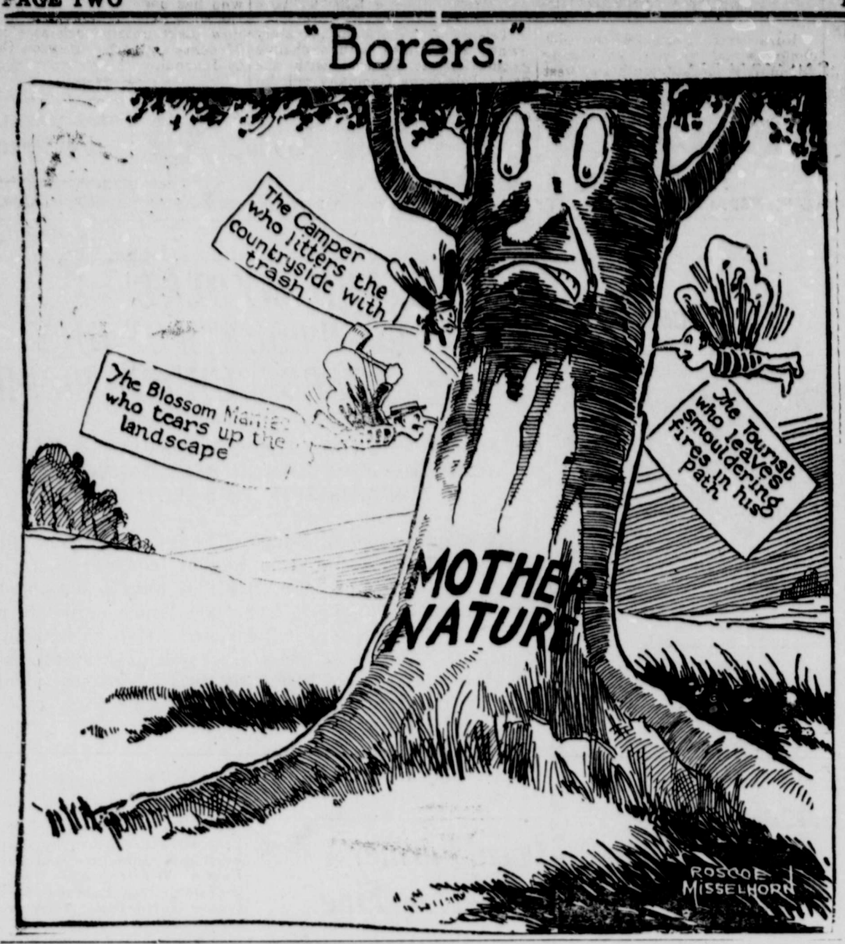

Much of the land is still the property of the Capitol Syndicate, where in 1900 a generous census gave 778 people; today there are more than 36,000 with prospects of vast numbers to come.

There are dozens of rapidly growing towns, and a few small cities to be found in this territory now. Dalhart, Channin, Vega, Friona, Bovina, Amherst, Littlefield, Olton, Muleshoe, Hartley and Farwell are only typical of the rapid development of the vast body of land. School houses, prosperous towns and thickly sprinkled farm homes are to be found today where only a few years ago there were only a few line camps.

Much has been done in the development of the territory since those early days. Now the magic word "Oil" is heard in every one of the ten counties included in the ranch area in those times. What changes and advances will come in the next few years afford ample room for the play of the imagination.

N. S. Crenshaw is spending his vacation in the Davis Mountains. While there he will attend a family reunion of the Crenshaw folks. He expects to be gone a week.

Brownfield oil drillers have moved to Tahoka where a gas showing has been found.

C. OF C. NOTES

By E. P. MOORE, Secretary

The secretary has received a request from the Automobile Club at El Paso to be present at a meeting of that organization Friday and Saturday, July 15 and 16. With the permission of his board of directors and executive board, he will attend this meeting, as he is desirous of becoming more familiar with the Dal-Paso Cavern Highway, as the meeting at El Paso will deal with subjects pertaining to this highway. The secretary will also be a guest of the Carlsbad Chamber of Commerce and will be given a trip through the caverns. Mrs. Moore will accompany him.

Found

In the office of the Scurry County Chamber of Commerce there are several articles that were found on the grounds at Wolf Park July 4th. The articles consist of ladies' handbags, some of which contain money, purses, all of which contain money, one pair of valuable eye glasses, and several other articles of minor importance. The owners can have same by calling at the office, identifying property and paying for this notice.

Mrs. Loree Curry was very thoughtful Friday with a nice lot of magazines. We're mighty grateful to Mrs. Curry, and this is assuring her that her used magazines will reach worthy homes in Scurry County.

W. A. Black, who has so much confidence in Scurry County that he is drilling a hole in Mother Earth in hopes that she will reciprocate with a real oil producer, was in the office Friday afternoon and delivered to the secretary a goodly supply of magazines. The original cost of Mr. Black's magazines was $15.10. That's a mighty nice lot of literature to go into the rural homes of Scurry citizens who appreciate the thoughtfulness of their more fortunate brothers and sisters.

The State Highway Department at Austin in a letter has requested the secretary to get in touch with all filling stations in Scurry County, and asks that the station proprietors call the attention of the local motorists to the necessity of having their headlights and tail rights properly adjusted before starting on a cross country trip. The headlight division points out that an automobile must not be driven with only one headlight or the tail light out. This practice is a direct violation of the law, and the practice is a very dangerous one. W. B. Schultz in his letter requests the chamber of commerce to have his local paper make mention of this headlight law, as it is generally conceded the law is a good one, and is going to be more rigidly enforced in the future. A meeting of all the filling station proprietors will be held in the office of the chamber of commerce this week, and this subject with others pertaining to the Dal-Paso Cavern Highway will be discussed. The letter in question is signed by W. B. Schultz, engineer automobile headlight division.

BRAZIL JUNGLES IN "FRAMED," NEW SILLS SPECTACLE

The dense tropical jungles with their animal, reptilian and insect life, their beauty and terror, are shown most effectively in the new First National Picture, "Framed," coming next Monday to the Palace Theatre. Milton Sills is the star, supported by Natalie Kingston, John Miljan, E. J. Radcliffe, Charles Gerrard, Edward Peil and others.

The setting is largely the diamand mines of Brazil along the upper reaches of the Amazon with all the amazing verdure, the mystery and thrill of the tropics.

Charles Brabin, who directed the photoplay, which was produced for First National Pictures by Ray Rockett, was insistant upon realism, even to burying the star and leading woman in the mud up to their necks for a scene showing a "mud rush" in a diamond mine.

DERMOTT NEWS

Mr. and Mrs. Sanner and baby, Donie Maude, and Mrs. John Mallon and daughter, Lucile, visited Miss May Broswell of Fluvanna Friday of last week.

Dermott had a fine rain Friday.

Mrs. Sadie Taylor spent last week-end with her mother at Fluvanna helping her can fruit for winter use.

Mrs. Roy Elkin's father, Mr. Buck Hardin, died at Post Thursday. We wish to extend our sympathy to the loved ones left behind.

We have the bridge gang back in Dermott this week to complete the new bridge on the new passing track south of town.

J. E. Sanders and family attended the ball game at Clairemont Sunday.

Everybody is now busy trying to keep down the weeds and get their plowing and chopping done since we have had suc ha big rain.

Mr. Alford and Viola Browning of Roscoe are visiting Mr. and Mrs. Bob Browning.

Mr. and Mrs. Steel and son, W. T., visited Mr. and Mrs. J. E. Sanders of Dermott Friday evening.

Little Miss Donnie Maude Sanner spent Saturday with Miss Lucile Mallon and Mrs. Bell Mallon.

Mr. Patrick was in Dermott Saturday evening.

Mr. and Mrs. Sanner of Dermott were in Snyder Saturday morning.

J. E. Mallon's brother-in-law, L. G. Braswell, and children of Fluvanna spent Saturday evening and night with Mr. Mallon and family.

Bruen Claxton of Roscoe is visiting friends in Dermott.

Jim Locke and family and Mrs. Cardell and Mrs. Bob Floyd were in Snyder shopping Saturday.

Carl Odom and wife are visiting his parents, G. W. Odom of this place.

Mrs. Pearl Locke and children visited with Mrs. Newton Frisby Sunday.

The Sunday school is progressing nicely. We urge everybody to come out and help in the good work, for we all need the help of the Sunday school.

We are having some good singing and large crowds. We want to make the singing better all the time and want everybody to attend and help us out.

Raymond Sanner and wife and baby took a trip over to Fluvanna and Arah and back to Snyder Sunday afternoon.

Lucile Mallon took dinner with Velma Lee and Lavern Edmonson Sunday. They went to Sunday school and then finished the evening celebrating the Fourth by shooting fire crackers.

W. F. West spent the day Sunday with Alton Greenfield.

Leonard and Carrol Greenfield and Zeke Rhea attended the ball game at Clairemont Sunday.

Bobbie and Kathryn Scrivner took supper with Lahama and Cureme Gordon Sunday night.

Travis Taylor and wife made a trip to Slaton Sunday.

George Adkins of Fluvanna was in Dermott Sunday.

N. E. Browning took supper with the Durden girls Sunday.

Quite a few of the Dermott people were at the barbecue at Snyder on the Fourth. All report a nice time, but all were ready for a good night's sleep, being tired and worn out after the busy day.

REPORTER.

ENNIS CREEK DOTS

Every one is feeling fine over the picnic except Cornelius Davis. He overate of the barbecue and is not feeling so good.

We have been blessed again with another nice rain which fell Friday, July 1.

Bonnie Davis was a guest of Bertha Prather Sunday.

Will Styles and family of Woodard spent Sunday with Mr. and Mrs. Greer.

Pearson Prather was the Sunday visitor in the home of J. G. Galyean.

Joe Willingham of Breckenridge is visiting Clarence and Nathan Wade this week.

Lillian Colclazer and Callie Mae Prather and Grandmother Holmes took dinner with Mr. and Mrs. George McQuin Sunday.

Olen Curry and wife of Seminole were the Sunday visitors at Henry Hart's.

W. A. Wade took supper Sunday night with G. S. Davis and family.

Edgar Galyean spent Saturday night with Charlie Prather.

Raymond Prather was a guest of Rue Galyean Sunday night.

Harris Holmes and wife of Rains County are visiting his parents, Mr. and Mrs. Walter Holmes, this week.

Edna Galyean was a guest of Misses Mary and Bonnie Davis Sunday night.

Glace Floyd took dinner with Mary Davis Sunday.

Gillie Walker visited Nell Floyd Sunday.

Miss Jewel McGaha of Abilene and Mrs. Wade Green and Ruby Numan of Snyder were the Sunday afternoon guests of Mr. and Mrs. W. A. Wade.

Mrs. Lewellen and family spent Saturday night with the Colclazer family of Dermott.

Millie Wade spent Sunday with Lottie Galyean.

Leona Prather visited Helen Hart Sunday.

Gladys Wade was the Sunday afternoon visitor of Lena Hart.

Charlie Prather took supper Sunday night with Edgar Galyean.

Simmil Davis ate supper Sunday with Rue Galyean.

Several of the Ennis Creek folks attended singing at Dermott Sunday night. All reported good singing.

Lillian Colclazer spent Saturday night with Edna Galyean.

Vernon Buckner was a Saturday night visitor of Joel Black.

Sunday school was well attended, there being 99 present. We expect a hundred next Sunday.

An unusual crowd attended our singing Sunday afternoon, and we had extra fine singing. The Dixie Quartet of Snyder came out and gave us a tip, and we enjoyed it very much and welcome them back.

EDNA GALYEAN.

POLAR DOTTS

The Polar Dotts appeared on page three, column two of last week's issue of the Times-Signal.

We are sorry to report that one of our young men, Jeff Cargile, was rather seriously hurt while playing ball at Dermott last week. Some bones were broken in his foot, but with constant care the doctor thinks he will improve very well.

Mrs. W. T. Vick and Mrs. Chas. Lions have been on the sick list this week.

Mrs. A. C. Cargile was a guest of her sister-in-law, Mrs. Emma Schuler, of Bethel last Saturday.

Mr. and Mrs. Ernest Carlile had a number of friends as guests last week-end.

Brother Goswick, a Baptist minister from Dermott, preached at Polar Sunday morning. He was a guest of John Davis and family Saturday night and a visitor with W. T. Vick Sunday.

Mrs. A. C. Elkins spent most of last week with her mother, Mrs. Griggs, who lives near Dermott. Mrs. Griggs has been very ill and not expected to live. Mrs. Elkins reports her some better now.

Most of Polar community attended the Fourth of July celebration at Snyder Monday.

Miss Theresy Cumbie stole a march on her friends last Sunday by getting married. Her sweetheart, J. B. Roberts, from near Lamesa came down Sunday and they went to Clairemont Sunday afternoon and had Judge Davis perform the ceremony. We don't know their plans for the future, but we wish for them all the happiness that is possible for them to have throughout a long married life.

DOTTS.

WILL TAKE VACATION

Editor and Mrs. J. L. Martin, accompanied by their daughters, Misses Ila and Myrtle, and son, James L., Jr., will leave the first of August for an extended tour of the Pacific coast, including the states of California, Washington and Oregon. They expect to make the outward journey over the southern route and return via the northern route. They anticipate being away from Snyder six weeks and will make the complete trip in their car.

Big Surprise Pool May Be Under Scurry

Located within easy driving distance of San Angelo, a company put down a hole the other day, and at less than 1100 feet they struck a flow of oil that has startled the world. It is claimed to be the largest shallow oil well in the world. It has two strings of tools in the well and yet is flowing oil so fast the company can't save it all. Thousands of barrels daily! This oil has been there for years, just under the outer crust of the ground, and we dare say hundreds of cowboys have slept over it, and thousands of head of cattle have tread on the surface just above it, and all the time it was there just waiting for some man or men to drill a hole down to it and let it out, so it could enrich them. But not knowing it was there, they passed it up and now some outsider or out side parties have come in and found it and that part of Texas has gone wild over the discovery, for old mother earth is pouring out her liquid gold in a stream that makes a gold mine look like a tin horn in comparison.

And who knows but what this same thing is right here in Scurry County. This well put out enough oil in one day to pay for its drilling and within the next sixty days it will add to the wealth of its owners by the hundreds of thousands of dollars. Why? Because they had the nerve, the gumption and the dare-to-take-a-chance spirit to drill her in. So, again we say, who knows but what the same thing is here in Snyder, just waiting for some man to crack the crust of the earth and let her run?

We all realize it is here. Some of the best geologisis in the United States say so.

Train service into Plainview via the new line of the Fort Worth & Denver will be in operation next June.

WOODARD NEWS

Well, we have all celebrated the Fourth and are back at work again.

Artie V. Horsley took dinner with Mattie Pearl Davis Sunday.

Rue and Artie Horsley, Elgin Evans, Madris Patrick and Robert Weaver visited at the home of Oscar Davis Sunday night.

Allen Davis and wife spent Sunday night at the home of Mrs. Evans.

Mabel Davis took dinner with Johnie Horsley Sunday.

Several from this community with the Dixie Quartet attended singing at Dermott Sunday night. All reported good singing.

Mr. and Mrs. McCurdy of Snyder, Mr. and Mrs. John Beard, Misses Rue, Johnie and Artie Horsley, Mabel and Mattie Pearl Davis, Winzola and Josie Griffith and Worthie Stiles, Messrs. Roy and Johnson Davis, Ross Davis and Russel Shaw, Taft Faler, Elgin Evans, Robert Weaver and Topsy Horsley went to Mr. Griffith's pasture Thursday night for a chicken fry. All reported plenty to eat and a most enjoyable time. You don't need to ask where we got our chickens.

Brother Hull preached a very interesting sermon Sunday morning.

Brother Tremain of Abilene will preach for us Sunday morning. We are also expecting several good singers from Abilene and other places to be with us Sunday afternoon for song services. All are invited to be with us.

MABEL DAVIS.

VETERAN TEXAS EDITOR IS DEAD AT HOUSTON

George M. Bailey, one of the outstanding old school newspaper editors of the Southwest, and editor of the Houston Post-Dispatch, died at his rooms in the Rice hotel shortly after 11 p. m. Monday night.

Floyd County is voting on a $75,000 road bond issue to hard-surface Route 28 through the county.

LOTS SELLING IN NEW WEST TEXAS TOWN

"Where the Plains Begin" Will Be Slogan of Section's Latest Promotion

South Plains, "Where the Plains Begin,." That will be the cognomen of the new townsite that is practically equidistant from Lockney, Silverton and Floydada and on the Fort Worth and Denver South Plains railway extension that is now under construction.

A. B. Brown, president of the First National Bank of Lockney, and J. S. Edwards, pioneer town builder of Slaton, are the developers, and they state that many lots have already been sold for industrial purposes.

South Plains is located in the center of the best farming section of West Texas and will have a trade territory as large as practically any town in the Panhandle, reaching far under the cap rock.

Local business men, bankers and others at Lockney state that on account of the natural resources available, such as shallow water, deep soil, along with the fact that it is one of the best situated towns on the new railroad, this townsite is due to expand.

Television Station

J. L. Baird, Scottish inventor who is developing the television apparatus in England, believes that within two or three years it will be possible to see across the Atlantic. He has already constructed a television transmitting apparatus at Coulsdon, England, from which he intends to broadcast signals to America. His device has been heard across the Atlantic but as there was no receiving apparatus in the United States it is not known how sucessful were his attempt. Within the next month Mr. Baird intends to erect a television apparatus in the United States. Photo shows Mr. B. Clapp, Mr. Baird's operator, adjusting the transmitting aerial at the new Coulsdon power station for television.

World Oil Co. Making Test Near Lubbock

In connection with the recent showing of oil in the Kegans-Mullican No. 1, 35 miles northwest of Lubbock, W. H. McCarr, field superintendent for the World Oil Company, stated that his company is making hasty preparations to start their test on the Elwood farm 18 miles southwest of Lubbock.

Implying that the well would be started some time in the middle of August and stating that the rig and drilling tools were already on the location, Mr. McCarr expressed himself as being well pleased with the new location due to the shallow strike made in that vicinity.

It is clearly evident from the section around that Lubbock will get a thorough testing, as Tex Thornton, well known developer, has purchased a controlling interest in the land on which the Kegan-Mullican No. 1 is located. With Thornton drilling on property north of Lubbock and the World developing the territory to the south, Lubbock and Hockley County oil prospects should be definitely determined.

The World Oil Company is no stranger in the oil fraternity here, as the company has been actively engaged in development in Jones and Taylor Counties for the past year.

The World Oil Company's Griffith No. 1 has just completed setting the six-inch pipe at a depth of 2840 feet and are drilling again at 2945 feet. The Griffith well might be termed as being in the back yard of Abilene as it is only three miles east of town. Officials of the company believe that a well is in view on the Griffith location as the Sanger Oil & Refining Co. are producing a well south of Abilene from below the 3,000-foot mark.—Abilene News.

TIM McCOY COMING IN NEW HISTORICAL WESTERN

Tim McCoy, who was last year introduced to the screen in a vehicle written by Peter B. Kyne and directed by W. S. Van Dyke, "War Paint," will be seen at the Palace Theatre in another Kyne vehicle directed by Van Dyke. The new picture, "California," is based on the American conquest of the territory of California in 1846. McCoy has the role of an American marine officer while the leading feminine role, that of a Californio senorita, is taken by the beautiful Dorothy Sebastian.

CHILDREN UNDER 16 CAN NOW SEE CAVE FREE

According to the Carlsbad (N. M.) Current, Custodian Thomas Boles of Carlsbad Cavern received word last Thursday from the secretary of the interior, through Director Mather of the national park service, that effective at once children under 16 years of age will be admitted free to Carlsbad Cavern, when accompanied by adults.

COUNTY AGENT NOTES

C. C. Willis, County Agent

A. & M. Short Course Offers Profitable and Economical Outing

The A. & M. Short Course coming July 25-30 will be at a time when most people could leave home and get a good breathing spell before the fall season begins. The short course offers the most economical outing that could be planned. The railways are offering a rate of one cent per mile, which will make the fare some $9.60 from Snyder and return. The visitors will be given rooms in the dormitories at a most reasonable price of $1.25 for the entire stay at the short course, and meals will be served in the college mess hall at $6.25 for five days. Reservations will be made for the rooms by applying at the county agent or home demonstration agent office, and anyone arriving at the college will be located on their arrival.

Everything will be done for the convenience of those coming in cars. A special camping ground will be set aside that will provide water and every convenience of the dormitories for those camping. The program that is arranged will be of interest to men, women, boys and girls, and anyone may attend any part of this program that especially suits them. Join the club boys and girls o fthe 4-H clubs and make this trip. You may reserve your room at any time.

Pitner Has Unusual Gilt

Anyone doubting the ability of a club boy to grow a gilt should call by and see Ted Pitner's gilt east of Snyder .

It is high time for the boys who want to feed out baby beeves for the Fort Worth Stock Show to be selecting them and starting them on feed. The same thing holds for the boys wanting lambs.

The club boys and girls are holding shows to put one of their members in the A. & M. short course in July. Everyone should cooperate and boost for better agriculture in the county.

REVIVAL MEETING AT ARAH VERY SUCCESSFUL

It has been my happy privilege to assist Mr. Alexander in a meeting at Arah during the past two weeks. As the people of the community were so busy in the crops, we could only have services in the evenings. Had we been privileged to have services in the morning as well, heaven only knows what the results might have been.

At first the attendance was small, but as the meetings continued and as God's Spirit enabled our preachers to preach with the old time power, people were stirred in a mighty way and came to the altar each evening seeking Christ as their Savior and Lord.

One splendid man found Christ one morning while plowing in the field. Calling his wife, who had accepted Christ the night before, they shouted praises to God from whom all blessing flow.

People from the Baptist church of Fluvanna attended the services regularly, and members of the Snyder church added greatly to the spirit of the services.

On account of previous engagements and other places in the association calling him, Mr. Alexander very reluctantly closed the services on Friday night. Brother Ferguson kindly consented to preach on the following Sunday afternoon. The climax came that afternoon when whole families were united in Christ Jesus! People sobbed and shouted the praises of God all over the building. The preacher was heard to say he hadn't heard so much shouting since he had been in Texas.

We do not know the exact results of the meeting, but we believe something near fifteen professions of faith were made and several reclamations secured. Several joined the church at Fluvanna by letter and about fifteen will be baptized into the church at Fluvanna on next Sunday afternoon.

The offering amounted to something like $100 to associational missions.

Some of the finest people in our association live at Arah. How we learned to love them! And how their expressions of love and appreciation brought joy and humility to our hearts! May the blessings of heaven attend them!

Mrs. Geo. E. Alexander.

MINISTER LEAVES DANCING TO FLOCK

An Associated Press dispatch from El Paso Saturday said: Rev. U. S. Crowder, pastor of the Orchard Park Methodist church at El Paso, told his congregation in the course of a sermon that he personally did 'not dance but believed that it is a matter which should be left to each individual's conscience and his God." Places of amusement, he said, are necessary but should be "so clean that I can take my daughter there or you can take yours in perfect safety."

O. E. S.

July 14th is our regular meeting. Be sure and come. Will begin at 8:30 promptly.

JUNIOR C. E.

The Junior Christian Endeavor of the First Christian church met July 3 at 5:30. We had a very interesting lesson, a review of the first few books of the Old Testament. There were 23 members present with two visitors whom we were very glad to have. We are very sorry t ohave Jesse Robinson move away, as he has been a faithful member of the Christian Endeavor.

MEMPHIS FIRMS WANTS 2,000 JERSEY COWS AND HEIFERS

Jersey cows and heifers are in growing demand throughout the country.

This statement is borne out by the weekly letter dated June 23 by the big D. Darnell Commission Company of Memphis, Tenn., which was sent to Tony McDonald, McKinney livestock dealer. It says:

"We had a little over six hundred head of Jersey cows and heifers for our sale Monday, June 20, which we sold readily without supplying the demand by half. We could easily have sold fifteen hundred head at strong prices. Every decent fresh cow of forward springer showed an improvement in price from former sales. The common class of cows was also stronger than at previous sales.

Heifers were never at a better demand or sold higher than at this sale. The public seems to want heifers. An extra quality is shown the preference. But Jersey heifers, regardless of class or color, are all selling good. We have established the best stock cattle market in America. The advertisement we have given the sale of the eighten thousand head of the Miller Bros. 101 Ranch stock which we have already sold this spring served to help make this the best market in the United States today.

We want 2,000 good cows and heifers for our next big Jersey sale."—McKinney Democrat.

DUNN DOINGS

Miss Oneta Ivy of Dunn is visiting friends in Haskell.

Mrs. R. P. Johnson, Misses Dorris Johnson, Namo Turner and Allethe West spent July 4 with Mr. and Mrs. C. C. Wilson in Rotan.

The following program will be given at B. Y. P. U. Sunday evening, July 10:

Opening exercises.
Subject, The Great Commission.
Bible Background in Matthew and Mark, Din Nipp.
Bible Background in Luke, John and Acts, Marvin Gary.
Meeting the Disciples on the Mountain:
His Power, Fred Gary.
Their Task, Marcus Johnston.
Into All the World, Ollie Mae Irvin.
Can He Depend Upon Me? Norma Sherrod.

Leaders who were appointed in the Epworth League Sunday evening for the four remaining Sundays in July are as follows: July 10, Dannie Brown; July 17, Pascal Nail; July 24, Dorris Johnson; July 31, Ollie Richardson. Those who were elected and appointed respectively for the following offices are: Mrs. Curtis Brown, secretary; Leta Gillehan, treasurer; Mrs. T. E. Grimes and Maurine Grimes, program committee; Lucille Brown, Dannie Brown and Bonnie Gary, social committee.

The short program given was as follows:

Definitions and Plan of Salvation, Leta Gillehan.
Reading, Evelyn Grimes.
God's Part of this Covenant, Dannie Brown.
Solo, Bonnie Gary.

The Children's Day program, which was to have been given Sunday, has been postponed until a later date which has not as yet been officially announced.

DELEGATES ELECTED TO ABILENE CONVENTION

Rural letter carriers of the 16th congressional district, embracing 38 counties located south and west of Mitchell County, met in Colorado Thursday for their annual meeting and to elect delegates to the annual meeting of the state association that is being held in Abilene this week.

The sessions were held at the First Baptist church where an elaborate luncheon was served by the ladies of the church. About 25 persons were present. The luncheon was a special chicken feast.

E. C. Tunnell of Colorado is president, M. Woosley of Snyder, vice president, and E. E. Smith of Colorado secretary of the 16th district organization of rural carriers.—Colorado Record.

FARM TELEPHONE PATRONS ENJOY PRICE REDUCTION

Telephone owners on privately owned rural lines with exchange connection at Lamesa with the State Telephone Company will be pleased to learn that the latter company has announced a reduction of 25 per cent in the price of exchange service to become effective as soon as a readjustment can be made by officials. The patron who has been paying $1 a month for such privileges will under the new tariff obtain such service at 75 cents a month.—Dawson County Journal.

In a Bad Fix from INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R. F. D. 4, Chester, S. C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had smothering spells and fell off 20 pounds. I was in a bad fix.

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today had it not been for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually got my appetite back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Thedford's Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 85 years.

Sold everywhere. 25c. EX-127

BUYING FREAKS

We see by some of our exchanges that the old "mummy wheat" fake has bobbed up again, and we suppose it is only natural that some of our friends around Snyder will be answering the ads—and getting stung. This is a revival of the yarn started every year or so by some fake seed merchants. They claim to have a "limited supply" of wheat or corn seed discovered in an ancient Egyptian tomb, and declare the grains are 4,000 years old. They tell of an Australian farmer planting some "mummy wheat" seed and raising many times as many bushels to the acre as can be grown from American seed wheat. It is an old yarn and many have squandered their money on it in the past. But that "there's a sucker born every minute" is proved by the fact that these smooth mail order advertisers are trying to put it over again. And the worst part of it is they'll succeed in finding many victims.

EARNEST YOUNGSTERS

Thousands of serious-minded young men and women will be in Cleveland for the next few days to take stock of progress in the struggle to make religion a vital force in the lives of the peoples of the world.

The Young People's Society of Christian Endeavor was organized February 2, 1881, in Williston Congregational church, Portland, Me., by Rev. Francis E. Clarke, recently deceased. From one small association it has expanded into more than 80,000 societies in all parts of the world with an aggregate membership approximating four million.

The movement is interdenominational and international, with societies in more than eighty denominations and sixty nations. Worldwide gatherings have been held in Washington, London, Geneva, Switzerland, in Agra, India, and in Chicago.

Cleveland is distinctly honored by being made the meeting-place of an organization of youth whose members reach out into every corner of the world, advancing civilization wherever they choose to labor. — Cleveland (Ohio) News.

TIMELY ADVICE

In our mail comes a request from that great organization at Washington City known as the American Automobile Association, an organization made up of the 850 secretaries of auto clubs in every section of the United States. It may seem a little late to be sending it out, good advice is still timely.

"Please caution your readers around Snyder who expect to use their automobiles for driving into strange territory and along roads unfamiliar to them to use a little extra caution this summer," reads the bulletin. "In all parts of the country auto travel is now growing heavier. New roadside stands for the sale of food and new sources of drinking water supply are being offered on all sides. The driver on a strange road takes a long chance in eating and drinking just anything he can get his hands on. Many deaths occurred last year as a result of it. Won't you help us to keep down this unnecessary death rate by warning your people to be sure that the food they get at roadside stands is pure and wholesome and the water they drink along the road is not contaminated with disease germs?"

And that is the purpose of these few lines. To urge many of our citizens who may be driving along strange roads, now that pretty driving days are here, to guard against unnecessary disease by making sure that what they eat and drink is pure.

NEIGHBOR COMMENTS

Several weeks ago the Times-Signal contained a news item about Editor Bob Collier of the Slatonite. In commenting on our article, he said:

"Thank you, brother publisher. A pat on the back from a neighbor publisher is worth something, too. Very few of us dislike favorable mention or recognition occasionally. Not that the Slatonite editor possesses an unusual amount of vanity, but it's just human to be glad when your friends indicate their approval of something you've done. This editor believes in staying by the home town to the limit, for the home town is the bigger part of the world to its citizens. And a newspaper that won't do all in its power to push the home town a little closer to the top is not worthy of the name 'newspaper.' Slaton celebrated her sixteenth birthday last Thursday, June 16, though the actual birthday was Wednesday, June 15. The Slatonite will reach its sixteenth birthday the first week in September, showing that this publication has been on the job continuously since the town was about eighty days old. And through all that time the paper has consistently held fast to the policy of boosting for Slaton and the Slaton country. That, within itself, is enough to merit the warm and hearty support of the business men of Slaton, and, thanks be, we feel that we have it, too. Slaton can't be beat. She's a real city. Come to see us, Snyder folks."

New Commander

Admiral Sir Charles F. Madden, who will succeed Earl Beatty on July 30th as Commander-in-Chief of the British Grand Fleet. He was second in command at the battle of Jutland in 1916 and from 1919 to 1922 was Commander-in-Chief of the Atlantic Fleet. His appointment may provide a sensation as it is understood he may published a long-suppressed report or the Jutland battle prepared by Rear Admiral John E. F. Harper.

IN VACATION TIME

If you want to do something of real service, if you want to help the boy who has just finished a school term and who has the long days of summer ahead of him, find something for him to do from now until he has to go back to his books in the fall. The curse of the world is idleness, and it is just as harmful to the growing boy as it is to the man who prefers loafing to laboring.

It needn't be a highly important job you give him, either. Anything to keep his mind occupied and his time employed is good for him. Anything is better for him than running the streets or tearing about over the country in search of adventure. If he earns a few dollars, all the better. But that is secondary in importance—the big thing is that he is cultivating a love for work and learning something that will be worth money to him in later years when he needs it most.

Snyder parents who encourage their boys to work during the vacation season can give you many reasons why it is the best thing for the boy. The teachers can tell you, too, that the boy who spends his vacation in idleness is not the most advanced in his classes. Of course they have to play. An entire vacation spent in idleness is the worst thing a father or mother could wish upon her son. So help the boy out if he comes to you seeking employment, or even an odd job. You'll be doing not only the boy but the entire community a genuine favor.

UNION DOTS

After a few weeks lay-off we will try to dot some more.

Crops are looking very well in this community even though we have had no real heavy rains since the first of the year.

The Sunday schools were very well attended Sunday, although more of the church members stayed at home, went visiting or attended a ball game than went to church and Sunday school. Of course, this condition should not exist, but it does.

Brother Land preached Sunday morning and night. Each sermon was very helpful and uplifting.

Mr. and Mrs. Arlie Biggs and son, who live in Big Spring, spent the week-end with home folk and stayed over for the picnic Monday.

Mrs. Watkins visited her brother, J. T. Biggs, and family and took in the picnic Monday.

Holly Lewis and Harvey Carrell spent the Fourth on Bull Creek feeding the turtles and water moccasins. They said that they caught some fish, but we didn't see even a fin.

Neal Henley and family are away visiting his wife's folks. Neal must have heard that peaches and melons were ripe.

Well, everybody from this community but a very few went to the picnic Monday, and we have heard no one say that they didn't enjoy the day. In fact, we want to congratulate Secretary Moore and the Chamber of Commerce for the big way in which they put the picnic over. Never saw it done better!

So mote it be.

J. L. CARRELL.

BUILDING DRIVE-IN STATION THIS WEEK

The R. & K. Garage is now undergoing a complete overhauling. The old sheet iron building has been removed to the rear of the lot and a new drive-in station with a brick front will take its place on the highway just east of the square. Mr. Roper, the manager, says that his new station, when completed, will be strictly up-to-date in every particular.

HIS BEST BIRTHDAY

Dale Glover's fourteenth birthday, July 4, was his best one, as he had his father, mother and all the people of Scurry County and adjoining counties to help him enjoy the good things that had been arranged for that day in Snyder. Especially did Dale enjoy the Post Junior Cowboy Band, and would like to have a band here.

Misses Miriam Hannabass and May McClinton left Wednesday for Wichita Falls where they will visit with Miss May's sister, Mrs. Bob Norwood.

Hermleigh News Notes

Miss Ina Mae Caswell is the authorized correspondent for Hermleigh, and as such is authorized to receive renewal and new subscriptions. Co-operate with her in building a fine weekly news column for this thriving town.

In Memory of John Wemken

John Wemken, one of Hermleigh's pioneer citizens, died at his home here the morning of July 3 after a long illness which began March 27. Funeral services were held at the residence at four p. m. July 4th, and were conducted by the Rev. M. H. Hudson and the Rev. W. C. Wehmeyer of Winters.

Interment was made in the local cemetery. The pallbearers were Mr. Miller of Roscoe, Judge Buchanan of Snyder, and Joe Roemisch, R. D. Kinney Jr., Augustus Stahl, C. Karnes, W. A. Lauder, and E. M. Rector, all of Hermleigh. Little Misses Zoe Mobley, Ernestine Rector, Dorothy Gardner and Flora Lee Long acted as flower girls.

John Wemken was born Oct. 2, 1855, in Oldenburg, Germany. He came to High Hill, Fayette County, Texas, with his parents when he was fourteen years old. Here he married Miss Anna Pietsch in October, 1880. He then moved to Dryer, Gonzales County, and later to Scurry County where he resided until his death.

To the union were born eight children, one of whom died in infancy. The others are Mrs. E. P. Kuck of Loraine, Mrs. Adolph Schulze of Shiner, Mrs. M. L. Rice of Sweetwater, Mrs. L. H. Crawford of Canyon, Mrs. C. W. Forbus of Abilene and George John Jr., and Miss Frieda Wemken, all of Hermleigh. Besides the children, Mr. Wemken is mourned by his wife, five sisters, one brother and fifteen grandchildren, and a large number of friends.

He was christened when an infant, and was confirmed and became a member of the Lutheran church at the age of fourteen.

Locals

The many friends of Farris Stevenson, one of the leading 4H club girls in this community, will be pleased to learn that she was the winner in the first division of the clothing contest held in this county, thus qualifying her for a prize trip to A. & M. for the short course at College Station the latter part of this month. The first division of the clothing contest dealt only with school dresses and accessories. Farris's prize winning dress is a figured green cotton pongee, made plain but finished neatly, and which fits her perfectly. We unite in congratulating you, Farris.

The O. E. S., Hermleigh chapter of Eastern Star, met in a call meeting Wednesday night, June 29. An interesting time was enjoyed by most of the members, and these urge that all the members be present at the next regular meeting.

Mr. and Mrs. J. R. Coker returned last week-end from Plainview.

Mr. and Mrs. Shad Ragsdale are visiting in Amarillo.

Verna Lee Clay left Saturday for Roscoe to visit her aunt there.

Born to Mr. and Mrs. Joe Peterson a boy, June 30.

V. D. Railsback of Lubbock County was the week-end guest of Mr. and Mrs. E. D. Sanders.

Mr. and Mrs. J. J. Henry and Ileta visited in Breckenridge last week-end.

May Joe Glenn of Snyder is the guest of Mrs. Wasson.

Mrs. Wasson spent the past week-end in Roscoe with her mother, Mrs. Norcross.

Mr. and Mrs. Will Kimzey and family returned last week from Fort Worth, Galveston, San Antonio and other places where they have been "vacationing". They were accompanied home by Ferrel Shaw of San Antonio.

Mr. and Mrs. Meisetschlaeger and daughter, Mary, of California were recent guests in the Roemisch home.

Elvis Altman and Dewey Wilson of Roscoe were in town last week. It is said that Mr. Altman is thinking of reopening a store here.

Last Wednesday evening a group of young people enjoyed a picnic at Green Springs. Among those to whom refreshments were served were Howard (Cicero) Appleton, Elmer Henry, D. D. Bowler, Bill Rea, and Sheep Lauder, and the Misses Alma Bralley, Ileta Henry, Hallie and Sallie Rea, and Johnnie Watson.

Mrs. J. E. Vaughan and family went picnicking at Post last Sunday week. They reported seeing Mr. and Mrs. Roy Patterson and also Bill Robinson there.

Gertrude Caswell is visiting in Loraine.

Work is nearing completion on the Fuller and Planters gin buildings, though machinery is yet to be installed.

DEBERRY ENTERS TENNIS TOURNEY AT LUBBOCK

Raymond Deberry, singles champion in 1927 of the Texas Conference, left Abilene today for Lubbock, where he is to take part in the open tennis tournament which will be held at the plains city Friday and Saturday.

The diminutive Simmons University star has a record of not having been defeated on the courts this year. He holds the championship of the school, the city of Abilene, the conference, and has won in several dual meets the past year, one of which was with Randolph College at Cisco where James L. Martin, Jr., of Snyder was his partner.

The meet which is being held at Texas Tech is being backed by Lubbock tennis enthusiasts.

W. B. SEABOURNE LOSES HOME BY FIRE

W. B. Seabourne of the Bethel community had the misfortune to lose his home by fire about 4:00 o'clock this morning. The origin of the fire is unknown, as the family were not at home when the fire was discovered. Mr. Seabourne carried no insurance.

SPECIAL NEXT SUNDAY

The Church of Christ will have with them next Sunday Dean Cox of Abilene Christian College, both morning and evening. His subject at the morning service will be "The Right Church," and at the evening service "Real Obedience." Come and hear this man—he will do you good, 11 a. m. and 8:15 p. m. Song practice each Wednesday evening at 8:15.

REPORTER.

R. C. HERM DIES SUDDENLY FRIDAY

R. C. Herm, a prominent business man of Snyder and well-known resident of Scurry County, died suddenly at his home in this city July 1 of heart disease, his death coming almost without warning, except that he had recently suffered similar attacks.

Deceased was born in Fayette County, Texas, July 25, 1874, where he resided until about twenty years ago, at which time he removed to Scurry County, locating at what is now Hermleigh, that place having been named in his honor.

In 1893 he was married to Miss Jo Hannah Wemken, to which union were born four children, Hattie, Gertrude, Otello and another, who died in infancy.

Mr. Herm professed religion about fifteen years ago and united with the Methodist church. He was honest, upright and fair in all his business transactions. Several years ago he removed to Snyder and became engaged in the poultry and feed business which he conducted until only a few months ago, when failing health forced him to retire.

Funeral services were held at the family residence Saturday conducted by Rev. Hudson of Hermleigh and Rev. Lawlis of this city; interment in Snyder cemetery.

DEATH SUPPER IS HELD FOR WALKER

Indians of six tribes, headed by the Osage and a number of their white brethren, gathered at Devil's promenade, Seneca, Mo., at noon Sunday to hold a "death supper" in honor of Bert Walker, 56 years old, chief clerk of the Indian agency at Miami, Okla., who died Wednesday night in a Joplin hospital.

The honor is one accorded to notables among the Osage Nation, although Walker was not of that tribe, except by adoption. He was one-eighth Wyandotte.

Mr. Walker was a benefactor and friend to the Indians and was their trusted adviser and confidant. And so, after paying high tribute to his bier Friday, the Indians, led by the high chiefs of the Osage, mourned their loss at the ancient ritual, the "death supper."

Approximately 3,000 persons, most of them Indians of the six tribes represented in that section of Missouri and Oklahoma, attended the funeral.

DUNN CHURCH OF CHRIST STARTS MEETING

Evangelist Thomas E. Milholland of Electra will start a two-weeks' gospel sermon campaign at the Dunn Church of Christ Friday, July 15, continuing to July 24.

Song services will be in charge of C. C. Gobbel of Wastella, and meetings will be held twice daily.

Everybody has been extended a welcome to join in this campaign for Christianity.

SNYDER HOME RAIDED; MUCH BREW OBTAINED

The home of Chas. Green in the southeastern part of the city was raided by local officers Sunday, 1,572 bottles of home brew, 20 gallons in jars and 27 pounds of malt syrup being seized. 844 bottles were capped, and 728 were uncapped and had to be poured out. The capped bottles were kept and brought to town. Eighty bottles on ice in a refrigerator were also taken.

It had been the belief of many for several months that Mr. Green was making and selling some sort of liquor, but up until Sunday no search had been made of his premises, although there are already indictments against him.

DEEPER SAND YIELDS MORE OIL CONTENT

The Morton well in section 191, block 3T, T. & N. O., Moore County, continues to show up well, and is attracting more attention as the drill goes deeper into the lime. This is the most interesting wildcat well in the Panhandle, and is serving to bring the attention of oil people to a trend extending in a northwesterly direction into Dallam County. The well is a commercial producer and opens up a new field 40 miles southeast of Dalhart and 30 miles due east of Hartley.—Dalhart Texan.

HOG RAISERS FORM DAWSON CO. GROUP

Hog raisers of Dawson County met at Lamesa Saturday and formed the Dawson County Hog Raisers' Association. Niles F. Peterson of the McCarty community was elected president and C. A. Barton secretary-treasurer.

The association will market hogs co-operatively. The first shipment, probably two carloads, will be marketed in the latter part of August or the first part of September.

SNYDER SCHOOL ADDS COMMERCIAL DEP'T

The Snyder school has added a commercial department to its curriculum with Miss Carrell in charge. Step by step our schools are making progress, and will soon be equal to any in the entire country.

THE DEAR OLD $ILVER DOLLAR

How dear to my heart i$ the old $ilver dollar, when $ome kind member pre$ent$ it to view; the Liberty head without necktie or collar, and all the $trange thing$ which to u$ $eem $o few. The wide-$preading eagle, the arrow$ below it, the tar and the wrod$ with the $trange thing$ they tell; the coin of our father$, we are glad that we know it, for $ome time or other 'twill come in right well; the $pread-eagle dollar, the $tar-$pangled dollar; the old $ilver dollar we all love $o well.—The Enthusiast.

FARMERS SHORT COURSE AT A. & M. JULY 25 TO 30

The annual Farmers Short Course which is given at A. & M. College at College Station will be held this year from July 25 to 30. A very full program is being prepared, and will be presented during the five days of the meeting.

This course is most helpful to farmers and quite a number from Scurry County will attend the short course this year.

Renew your paper today.

STOLEN

A new York gentleman, while walking through the slums of the city, ran across a small kid standing on the corner crying.

"What's the matter, sonny?"

"My day just died."

"How sad! Tell me about it."

"Well you see, he was in a restaurant eating horse meat and just as he was swallowing, someone hollered 'Whoa!' and the piece of meat stopped in his throat and choked him to death."

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

NOTE—We will not undertake to go quite so much into detail this week, but will devote extra space to our last paragraph under the head "Strange Things." We believe the contents of that part of our article is of far more importance than telling who went to see somebody. Please read it.

Rain and Crops

On last Friday another fine rain fell over our territory, giving the land a thorough soaking and brightening the prospects for a fine crop. Many farmers had their crops in fine condition for this rain, while several others were still in the thick of the fight with their weeds. Anyway, the rain, measuring 1⅝ inches, was a wonderful blessing to the country. Crops are growing fast and grass is already fine.

July Fourth

This historic Holiday and the last holy day falling side by side and the land being too wet for field work, many of our people took advantage of the opportunity for an outing, trips, etc. This was the case with so many we will not try to tell the whole story—really we do not know it all; furthermore, we will probably never know all about it—just where they went, what they did and what happened to them—well, those interrogated are not putting out anything.

Many went to Snyder for the great celebration in that city, but V. P. stayed at home, sought wisdom and hammered on his typewriter.

Mrs. J. W. Squyres and family went Monday to the home of Mr. and Mrs. Card in Snyder to visit the only living sister of Grandmother Griggs (who resides near Dermott). The lady visited is an aunt of Mrs. Squyres and resides at Mineral Wells.

Joe Belew, John Stavely, W. P. Sims, Wallace Jones, Emmet Boren of Lamesa, J. R. Patterson and their families together with Mrs. Colon James and Brud Boren all went together to Christoval. Some of the party claim to have caught fish, but they are reticent as to size and number. J. R. P. was reasonably frank before leaving home. He declared his intention was to take his 'annual bath.'

Sickness and Death

News came Monday that Hall Surratt, formerly of this community but now of Slaton, had killed himself. At this writing we have not learned anything of the circumstances. O. A. Sewalt and family went immediately to Slaton. Mrs. Sewalt is a sister of the deceased.

Mattie Lynn Beaver, who has been quite ill for some two weeks, is improving.

Church Services

Rev. Hardy filled his pulpit at the Methodist church last Sunday. The preacher was greeted by a good sized congregation at both services.

Rev. W. F. Ferguson of Snyder baptized several candidates into the Fluvanna Baptist church last Sunday at 3 p. m. The ordinance was administered in the Bob White concrete tank.

Regular services will be held at the Presbyterian church next Sunday morning and evening. An opportunity for membership will be extended at that time. It should be remembered that a union meeting under the auspices of the Methodist and Presbyterian churches will begin August 7. Rev. Dr. Surface of Abilene is to do the preaching. Let's get ready.

Regular services will probably be held at the Fluvanna Baptist Church next Sunday.

Strange Things

A bit of strange, as well as illogical, argument appeared in last issue of the Times-Signal on page 5, column 6, as taken from the Big Spring Herald. In the paragraph noted the writer berates the automobile, defends the dance and insinuates that ministers and church people generally who criticise dancing do not know what they are talking about.

Such talk is pure bunk. Why condemn the automobile? It is simply a machine—one of the greatest conveniences, time-savers and comforts of modern times. It is a marvel of perfection and utility. But that it is being most extravagantly abused and immorally used by a multitude of people is already admitted and often declared from pulpit and press. Nevertheless, it is rightly and economically used by a host of good people. Not so with the dance. The modern dance is inherently evil. If, possibly, more evil is now growing out of the misuse of the auto than of the dance craze, it is not because the dance is good, but because the magnitude of the one evil has forged ahead of the other. The Village Preacher confesses that about all he knows about the dance has been derived from others—from those who have observed it, tried it, studied it. About all he knows about world happenings has been acquired in the same way. Anyway, let us look squarely at this matter for a few minutes. Let it be remembered that mixed dancing originated among a low class in Greece centuries ago. Separate the sexes and the dance is done. "The modern dance has its basis in the passions of the human nature. This dancing masters themselves recognize and admit. (See International Year Book, 1913, p. 667.) As Gail Hamilton said, 'The very poise of the parties suggests impurity." Byron, in writing of the round dance, called it "the endearing, seductive waltz." This scribe has never even heard of a faithful, soul-winning church member who was an habitual dancer. Because of these and many other well known facts about the dance, practically all Christian denominations, including Roman Catholics, through their higher courts or advisory bodies, have often and in no uncertain terms declared positively against this form of amusement. Many schools, colleges and city councils have passed strict rules concerning it. Other countries such as England, Germany, Italy, France and Switzerland have protested stoutly against the introduction of such fads as the tango. But let us inquire of some one who knows the facts, possibly better than others. He is a star witness. Mr. T. A. Faulkner, author of "Ballroom to Hell," began dancing at the age of twelve. He taught dancing schools in Los Angeles for six years. For several years he was president of the Dancing Masters' Association of the Pacific coast. He is author of several of the round dances. He ought to know the dance. (His book was published before autos were in large use, but that does not make the dance any better.) He deplores the fact that he spent so much of his life in that enterprise. He says, "It is a startling fact that two-thirds of the girls who are ruined fall through the influence of the dance." Of 2,500 abandoned women of San Francisco, he adds, "three-fourths of these women were led to their downfall through the influence of the dance." He quotes the matron of a home for fallen women in Los Angeles, saying, "Seven-tenths of the girls received here have fallen through dancing and its influences." He tells of 200 inmates of the brothel with whom he talked personally. Of these, 163 were ruined by dancing. Some time ago the Chief of Police of New York City testified that 75 per cent of the fallen girls of that city were ruined by dancing. In this connection it should be remembered that there are as many, perhaps twice as many, fallen men than women. The very names of a few of the modern fads should be enough to convince the most skeptical, viz., the shimmie, the shuffle, the close, the bunnie hug, the cheek-to-cheek.

This is only a beginning. V. P. could write a book on this subject, and yet we are accused of not knowing anything about it. Any person who promotes any modern form of dancing, including the Charleston or the blackbottom, is promoting immorality and helping to bring on somebody's ruin. Think it over, reader.

SNYDER FAMILY JOINS IN REUNION NEAR POST

The reunion of the Doak families was held at Two-Draw Lake near Post Sunday. The families had gathered at the lake by ten o'clock in the morning and remained until after supper. A great feast was spread at the noon hour, barbecued chicken being an important dish on the menu. It was a great occasion greatly enjoyed, according to Ira Doak of this city, who was one of the party.

Those present were: I. S. Doak and family of Tahoka, C. H. Doak and daughter of O'Donnel; J. M. Doak and family, J. D. Doak and family, and W. E. Doak and family, all of Snyder; Morris Sanderson and family of O'Donnell, Mr. Fielder and an aunt of Mrs. C. H. Doak's of Anson.—Lynn County News.

"His Best Donor."

15,000 PEOPLE—

(Continued from Page 1)

Rinker were the batteries for Sardis. Both teams looked unusually good, put up a fine brand of baseball and pleased the crowds from start to finish. The local players included: Simms, rf; Willis, 3b; Green, ss; Ayres, c; Gates, cf; Joyce, lf; Stacy, 2b; Fesmire, 1b; and Bullock, p. The three Snyder players who tallied were Green, Gates and Fesmire.

Colored Team—Not Champs

It had been originally announced that the Colorado Black Tigers were coming to fight out a championship battle, but they failed the Snyder Black Tigers. Rotan was secured, but their players had to walk part of the way over here, not arriving until after 6 o'clock, so the larger part of the crowd had left the ball grounds when these two teams faced the umpires. However, they did get three innings out of their system, with Snyder in the lead 6 to 3.

Post Band Caps Climax

To make a day entirely enjoyable, the arrival of the Post Junior Cowboy Band was the climax. Twenty-three were in their band, and lead by Director Knott, they put across one of the cleverest programs possible, even for adult players. They were just all right—and judging from the many pleasing remarks by the large number who heard them, it was a real climax to a day complete with eats, enjoyment and a wonderful time.

Snyder never fell down in her life—she rose to heights Monday, heretofore a mystery to some who have been here. Everyone enjoyed themselves to a complete turn—that was why they came and each and every person went to his home that night with a feeling of enjoyment personified.

Side Lights

Two of the tiredest men in Snyder Monday night were A. C. Preuitt and Warren Dodson who were in charge of the pop and ice cream concessions. Aided by Roy Hendricks and four other helpers, they disposed of over 100 gallons of ice cream cones and 12,000 bottles of pop.

One of the busiest men on the grounds was Secretary Moore. He tried to do six jobs at once—and got away very well with it.

We seemed to see Tom Wolf in every part of the ground Monday.

Judge Harris gave a remarkable presentation of "how to play a piano properly" early in the morning. Judge Smith was in the vicinity for protection.

The young lady with the Post Junior Cowboy Band who gave a Charleston demonstration can have our money right now.

Tate Lockhart had a tough job after the eats were all over. Five huge cauldrons which the coffee was brewed in, Tate washed.

Sam Hill of Hermleigh and Andy Knapp of Sardis were the arbitrators for the ball game.

Five of our neighbor counties had good crowds present.

Snyder business men were on the grounds early extending their personal welcome to the visitors.

One of the most important committees of the whole entertainment was the finance boys who got the money. Composed of Fred Wilhelm, Clarence Wenninger and E. P. Moore, they brought in the simoleons.

The women's clubs who decorated the park surely completed their work in a fine way. Working early and late, they put the grounds in a condition that simply seemed to breathe the very thought of the day, that Snyder welcomed its visitors.

Every one in Snyder seemed to have some part in the Fourth of July celebration. At least those who were on committees, their friends and helpers, worked like Trojans. We would like to have a list of everyone who helped.

Marshal J. A. Woodfin had plenty to do. Records never showed such a large influx of cars as were on the grounds.

Bob Malone's rodeo pulled two large crowds Monday. They gave a good exhibition that appealed to their customers.

A polo game at the Winston ranch attracted a large crowd in the late afternoon. If the event had been advertised there would have been a larger number present. Two teams made up of Messrs. Wade Winston, Nathan Reynolds, G. L. Burt, Eugene Wicker, Ted and Don Gardner, Mack Waskom and Orbie Stokes, enjoyed a real battle and was a pleasing addition to the day's festivities. "Bill" Taylor refereed the game.

"Off Agin—On Agin — Gone Agin" seemed to be the familiar tunes that some of the boys sang who tried to ride the steers at the rodeo. They were the "dog-gondest" kicking critters we ever saw in one spot. We'll take ours in the gallery.

An aeroplane furnished a few thrills for the folks that wanted to pay $3 per ride during the afternoon. The plane came over from Abilene.

The boys who served the crowd with their eats deserve medals of honor. Each and every one of them worked nobly. They are entitled to complete rest for another week.

Pat Bullock handed the Junior Editor his Masonic rings just before the game started for safe keeping. Up to Tuesday night we still had the ring, so Pat must have passed out of the picture from sheer exhaustion following the battle.

Editor Warren of the Post Dispatch came down with the Junior Band and made himself right at home with the crowd. Ed has one of the finest newspaper plants in West Texas, and is a mighty fine chap to know. The Post Dispatch is a good newspaper, produced in a good town and edited by a mighty good chap as we mentioned.

Several friends have asked us to check up our genial secretary's record when in advancing into lofty heights of oratory over the signing of the Declaration of Independence 151 years ago, he followed with a remark that "when the telegraph wires carried that momentous message, the world was pleased." Just off hand, we don't recall when the first telegraph instrument was used—but E. P., old boy, we swear it wasn't 151 years ago.

Pat Bullock and Shorty Sims who were in charge of the baseball games, completed their part of the work in good shape. No one would have wanted a better game than the 3 to 1 tilt with Sardis.

One or two little fistic bouts developed at the dance hall at night. No one was injured nor scared, we have been told. The Army, Navy and Marine service are advertising for boys who want to see the world.

About sixty people were in the motorcade that rolled down from Post with that swell little Junior Cowboy Band of theirs. They made a real hit in Snyder. We could have the same sort of a boys and girls band here. All that we need is a leader.

S. M. WILLBANKS WILL TEACH AT FLUVANNA

At a meeting of the board of trustees of the Fluvanna schools, held Monday night of last week, Sam N. Willbanks, son of Rev. and Mrs. J. W. Willbanks of Slaton, was elected as a member of the faculty for the coming school term. Young Willbanks, who recently received his A. B. degree from Trinity University, at Waxahachie, in company with his father, was in Fluvanna Monday, and he stated he would accept the position. He was appointed as teacher of history and English, it was said.—Slaton Slatonite.

COUNTY AGENT ADVOCATES BUILDING LAKES FOR WATER CONSERVATION

We note that at least one county agent in West Texas is beginning to advocate plans advanced years ago through the columns of the Texas Spur—to conserve the water resources of the country, even to the extent of irrigating purposes. However, this county agent suggests the building of upland tanks and using pumps to fill them—while the Texas Spur suggests damming every stream. The water problems will, in the course of time, be solved.—Texas Spur.

PADUCAH MAN HEADS PRESS ASSOCIATION

Edward A. Carlock, publisher of the Paducah Post, Monday was elected president of the Texas Press Association. He succeeds George Neu, who died shortly after he was named head of the association.

Hail, which accompanied scattered showers and rains, left everything devastated in two small areas near Floydada Saturday.

UNIVERSITY YEAR BOOK CONTRACT IS AWARDED

Contract for printing the 1928 "Cactus", yearbook of the University of Texas, has been let to E. L. Steck & Company of Austin on a bid of approximately $12,700, according to Willard Perkins of Dallas, editor-in-chief. There will be about 3,500 copies of the annual printed. Each book will be 9 by 12 inches in size and will have about 564 pages. There will be more than 3,000 individual pictures and several group pictures, according to plans of Perkins and W. I. Moore, Jr., of Austin, managing editor.

BOOSTING IRISH TATERS

The Terry County Herald at Brownfield is boosting Irish taters. The editor had thought it first impractical, but conclusive proof was brought to him—and he was happy.

The Judge— "Show Me The Way To Go Home!" by M.B.

One For All and All For One

EVERYWHERE people are coming to realize more and more how inter-dependent we are upon each other. The only individual who is self-sufficient is a hermit. The keynote—the foundation of civilization—is the famly. We all concede that. And we're rapidly coming to realize that our own home town—is a home town family, simply the family unit a little bit extended through neighborly cordiality, friendship and social intercourse.

Common good will and recognition of our human obligation is a deeper currency than any money system ever invented. But it is also to our advantage on the material side of life—it redounds in better practices, living conditions, more generous impulses. It makes Snyder a better place to live.

Let's make our home town unit closer knit. Let's be generous with our good will—realizing that the prosperity of the individual is directly reflected in an added prosperity to our community. Your home industries and merchants have adopted this creed. Will you co-operate?

Next week will decide the new hotel proposition. Watch out for the date and attend the open meeting. Let's co-operate!

Society and Clubs

MYRTLE MARTIN, Society Editor

VICTORY BIBLE CLASS

The Victory Bible Class met in their regular monthly social at the home of Mrs. D. P. Strayhorn Wednesday afternoon with Mesdames Sed A Harris and W. B. Lemons as assistant hostesses. A short business session was held in which sixteen members answered to roll call with Rev. J. F. Lawlis and Mrs. Mandry of Fort Worth as guests. The summing up of the month's work made a splendid report of eighty visits to sick and strangers, seven trays of food and twenty-three floral offerings. The new membership committee is composed of Mesdames Will Clark, A. M. Curry and W. H. Cauble. The class motto for the ensuing month will be "Visit Your Neighbors."

Following the business meeting a very interesting program was given. Miss Ruth Yoder read "Watching A Stocking," while Mrs. Lemons conducted a delightfully entertaining history contest.

The hostesses were assisted in serving a delicious ice course by Misses Eva Strayhorn, Grace Avary and Ruth Yoder.

The next meeting will be at the home of Mrs. Lawlis with Mesdames Hendryx and Morton as assistants.

FRIENDLY HELPERS CLASS

Mrs. A. C. Preuitt entertained the Friendly Helpers Class last Thursday. After all business was transacted, Mrs. W. W. Smith being elected secretary and Mrs. Faye Porter superintendent of social service, forty-two was played throughout the afternoon.

A delicious ice course was served to Mesdames W. W. Hamilton, R. J. Hicks, Ivan Dodson, Carl Yoder, Faye Porter, Percy Jones, Homer Snyder, and W. W. Smith, members, and Mesdames Wayne Boren, Melvin Blackard, H. G. Towle, Lee Stinson, Joe Stinson and Dixon, guests.

AUCUTT—EDMONSON

Sunday afternoon Mr. Raymond Aucutt and Miss Vena Edmonson surprised their friends by driving to the home of Rev. L. D. Sanders of Snyder where they were married. The bride is the very pretty and lovable daughter of Mr. and Mrs. Loy Edmonson of Snyder. The groom until recently also resided in Snyder, but has for the past year made his home in Clovis, New Mexico, where the young couple will live. They have the congratulations and best wishes of their many Snyder friends in their new home.

Local News

Collie Fish of Colorado spent the Fourth in Snyder.

W. W. Cork of San Angelo was a Snyder visitor Sunday.

Mr. and Mrs. Dudley Anz spent Sunday with relatives in Anson.

Gus and Charlie Rosenberg of Brownwood were Snyder visitors Monday.

Mr. and Mrs. Kennedy and son of Sweetwater attended the picnic at Snyder Monday.

James L. Martin, Jr., and Miss Ila Martin attended the races at Abilene the Fourth.

Miss Ura Mae Garner and Henry Wren of Abilene were Snyder visitors Monday.

Morris Davis, Nina Frances Banks, Henry Wilhelm and Faye Joyce were Post visitors Sunday.

Mr. and Mrs. Neil Gross of Sweetwater attended the picnic at Snyder Monday.

Misses Lavern and Dorothy Samons of Abilene are the guests of Miss Alma Hood.

Misses Nan and Nell Wilson of Abilene were in Snyder the Fourth.

Misses Thelma and Marguerite Clark of Post City are visiting with Mrs. W. G. Williams.

Bruce Gibson, Russell Henry and Bill Sheridan of Sweetwater spent the Fourth in Snyder.

Miss Mary Bob Huckabee is visiting friends and relatives in Abilene this week.

Mrs. C. F. Sentell and son, Gordon, attended conference at Looney Tuesday.

Miss Ruth Johnson of Coleman is the guest of her aunt, Mrs. J. G. Lockhart.

Mrs. Lane Moreland of Tahoka is the guest of her sister, Mrs. Tate Lockhart.

Miss Virginia Wills is spending the week wiht Mrs. N. S. Crenshaw.

W. E. Smith of the Motor Service Station spent last week at the Chrysler Service School at Dallas.

Burton Brown of Kerrville has arrived to spend the summer with Mr. and Mrs. N. S. Crenshaw.

Mr. and Mrs. Earl Fish and children, Creston and Sarilla, spent Sunday and Monday in Gorman.

Mr. and Mrs. David R. Crowell of Hale Center spent Saturday and Sunday in Snyder the guests of Mr. and Mrs. Walla Fish.

Mrs. Earl Henry and son, Billie Mac, of Abilene are with Mrs. Henry's mother, Mrs. W. D. Sims, who is quite ill.

Mr. and Mrs. Eugene Roberts of Dallas spent the latter part of last week visiting in the Fesmire and Doak homes.

Mr. and Mrs. J. M. Patterson and children of Wichita Falls are visiting their parents, Mr. and Mrs. J. G. Patterson.

Miss Mary Lynn Nation of McMurry College spent the Fourth in Snyder with her parents, Mr. and Mrs. J. C. Stinson.

Mr. and Mrs. James P. Stinson of Abilene spent the Fourth in Snyder with Messrs. and Mmes. Lee T. and Joe C. Stinson.

Mr. and Mrs. E. E. Cook and children from Clyde visited Mr. and Mrs. Ed Miller Saturday and Sunday.

Mrs. Pete Bridgeman will return this week from Mineral Wells where she has been taking treatments.

W. H. McMullan, George Wilhelm and Rudolph McMullan attended the races at Abilene Monday.

Mr. and Mrs. Wylie Baker of Clovis, N. M., were Tuesday guests of R. C. Grantham and family.

Mr. and Mrs. John A. Roberts of Anson spent Monday in Snyder with Mrs. Roberts' mother, Mrs. W. F. Martin.

Misses Cora Bell and Mineola Graham of Eastland are visiting with their brother, Mr. and Mrs. Joe Graham.

Did you notice those nice new signs that the Stinson Drug Company and the Star Market have above their places of business?

Mr. and Mrs. R. L. Adams and little son, D. H. Jr., of Lufkin are the guests of Mr. and Mrs. C. E. Ferguson.

Rev. and Mrs. J. F. Lawlis and daughters, Misses Ruth and Mary, spent a part of last week in Haskell with Mrs. Lawlis's sister, Mrs. Sloan.

Chas. Harless went to Farmersville Thursday for Mrs. Harless who has been visiting relatives in Collin County.

Miss Sibyl Anderson returned to her home in Clayton, N. M., Tuesday after visiting in Snyder with her aunt, Mrs. A. B. Campbell.

Mr. and Mrs. M. V. Brantley and little grandson, Montie Estes, of Sweetwater spent the Fourth in Snyder with his brother, T. F. Brantley, and family.

E. F. Wicker returned last week from a visit in New Mexco. He says that the weather at Clovis is much warmer than it is here in Snyder.

The Snyder Fire Department has an official mascot in the person of a baby raccoon. We understand Chief Casstevens is official "ma" for the new addition.

Mr. and Mrs. H. S. Williams and Mrs. Phillips of Dallas spent the Fourth with Pete Bridgeman. Mesdames Phillips and Williams are sisters of Mr. Bridgeman.

Mr. and Mrs. S. C. Porter and daughter, Miss Polly, left Monday afternoon for Austin where they will visit with Mrs. C. E. Wade. Mrs. Wade is a daughter of Mr. and Mrs. Porter.

Miss Lavelle Cooper returned to her home in Abilene Saturday morning after visiting in Snyder with Miss Eula Pearl Ferguson. Miss Eula Pearl accompanied Miss Lavelle home for a short visit, and a number of parties are being given in her honor.

Miss Jewell Motley from the West Texas Sanitarium at Lubbock is nursing J. K. Woosley, who at present is doing as well as could be expected.

Mr. and Mrs. T. C. Boucher and little daughters, Betty Lane and Katherine Louise, of Robstown are visiting Mrs. Boucher's parents, Mr. and Mrs. J. K. Woosley, Sr.

Porter King and family returned last Thursday from their vacation trip through West Texas and New Mexico. He reports a great trip and a wonderful vacation.

Miss Ruth Lawlis left Monday of this week for Lampasas where she will be the guest of her sister, Mrs. Charles E. Stokes. She will also visit in Kingsville and Houston.

Harry Turner and Granville Dawson of Abilene were in Snyder Sunday the guests of Miss Ellen Buice Johnson. Miss Johnson returned to Abilene with them Monday and attended the races.

J. D. Scott returned to Albany Monday after a few hours visit in Snyder. He was accompanied as far as Merkel by Miss Bill Swann who has been visiting in Snyder for the past two weeks.

Homer McCord of Fort Worth, accompanied by his mother and grandfather and aunt were Snyder visitors the latter part of last week. The McCord's are former ranch people of Snyder.

J. H. Middleton and son, Winfred, of Lake View in Hall County spent last week in Snyder visiting Mr. Middleton's mother and sister, Mesdames M. A. Middleton and J. W. Leftwich.

Rev. W. F. Ferguson returned Saturday from Iowa Park, where his family remained for an extended visit. He returned by way of Memphis and Amarillo where he was the guest of friends.

Mr. and Mrs. T. K. Maples and daughter, Miss Rita, and son, Loren Maples, returning from a visit in San Angelo, spent last Wednesday here with their daughter, Mrs. Dudley Anz, and family.

Supt. B. L. Baze of the Water & Sewer Department is taking a week's vacation, and we presume is catching all the extra loose fish in the state of Texas. The family is with him.

O. B. Kelly and Mesdames Henry Lloyd, Bryant Williams, J. A. Stallings and daughter, Katherine, and Messrs. and Mmes. Bob Rhodes, Bob Kuykendall and Rex Everett of Post were among the visitors to Snyder Monday.

Rev. Douglas Carver, pastor of the First Baptist Church of White Deer, was a dinner guest of Mr. and Mrs. H. G. Towle Tuesday. He was on his way to Abilene for a short visit.

J. D. Woodfin of Childress visited his brother, J. A. Woodfin and family since our last issue. Mr. Woodfin formerly lived here, but says that he hardly knew Snyder it had made so many changes since he was last here.

Mrs. J. E. Ketner returned to Snyder Tuesday from Abilene where she spent last week with her sister, Mrs. Belle Warren. She was accompanied by her son, Jennings, who had been in Abilene for the past month.

Mr. and Mrs. T. H. Knighton and little son, Tom, Jr., of Canyon returning from a month's visit in San Marcos, San Antonio and Austin, spent the week-end here with Mrs. Knighton's grandparents, Mr. and Mrs. G. C. Buchanan.

Mr. and Mrs. Roy E. Payne, accompanied by Misses Dolly Bounds and Ada Mae Covington of Center, Texas, spent the Fourth in Snyder the guests of Mr. and Mrs. C. E. Ferguson. Mrs. Payne is a niece of Mrs. Ferguson. The party left Tuesday morning en route to California where they will spend their vacation in Los Angeles.

Otis D. Carter spent the latter part of last week visiting relatives and friends in Anson and Abilene. He returned to Snyder Monday evening with Mr. and Mrs. Melvin Newton and son, Melvin Jr., and Miss Ethel Isaacs and T. H. Duff, who attended the races at Abilene Monday and visited in the homes of Mr. and Mrs. W. M. Morrow and Mrs. M. E. Rosser, former residents of Snyder.

Mr. and Mrs. D. P. Yoder and son, Theodore, left last Saturday for Indianapolis where Theodore will remain during the summer. Mr. and Mrs. Yoder will also visit their daughter, Miss Margaret, at Chicago before returning home.

Mr .and Mrs. L. M. Tipton and two daughters of Portales, N. M., accompanied by J. A. Tipton of Los Angeles, Cal., were over Sunday, guests of the A. E. Bell and R. H. Bell families. The guests accompanied Mr. and Mrs. A. E. Bell Tuesday morning to the Palo Pinto country to be among old home folks and to enjoy some real fishing.

INFANT OPERATED ON IN COLORADO SPRINGS

Mr. and Mrs. D. C. Howell received a telegram yesterday morning from Ernest Taylor at Colorado Springs stating that their infant son, Buddy, has been successfully operated upon in a local hospital there Tuesday.

The wire read that the youngster was doing nicely, which will be welcome news to the many friends of Mr. and Mrs. Taylor here. The little one is but three months old, and the operation was made necessary owing to some part of the digestive system not functioning properly.

30 YEARS AGO

News Taken From The Coming West

Full details of the siege of Jiguini, Cuba, have been received here, says a Key West dispatch.

The McGinty Club of El Paso are doing things for that town.

J. B. Thompson leaves here today for Bosque County.

The grass is humping at the rate of an inch a day.

John Eastman, a nephew of G. H. Eastman, came in a few days ago from Fort Worth and accepted a position with W. T. Baze in his blacksmith and general repair shop.

I. P. Skinner, W. M. Robertson, B. Blankenship, F. D. S. Pond, J. H. Carpenter, G. W. Mears and Mrs. A. Bunker are among those who either subscribed or renewed this week.

Woods & Hartsfield have dissolved their grocery partnership.

WHAT'S DOING IN WEST TEXAS

GLEN ROSE—Work on the road from Glen Rose to Walnut Springs will soon be completed. The local Chamber of Commerce raised more than $300 to supplement the county fund used on this project.

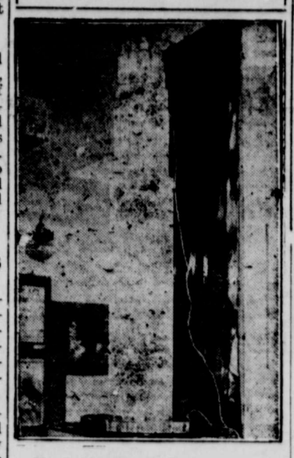

MOBEETIE — The Pampa-to-Mobeetie mail route, now triweekly, will soon be operated six days a week, giving it daily classification. The Chamber of Commerce has been working to get this recognition.

BROWNWOOD — The West Texas Chamber of Commerce has written chamber of commerce secretaries of its territory to express their sentiments in regard to Brownwood's water application to the State Board of Water Engineers at Austin. The regional organization intervened in the case as a matter of principle, urging that Brownwood's application for an irrigation and storage dam be granted, and denying prior claims of the Syndicate Power Company and Rice Growers of Matagorda, Wharton and other South Texas counties. The West Texas Chamber held that agricultural and municipal needs of the West should come first since they have no alternative other than water, while power companies have alternatives of energy supply from coal, gas, oil and lignite.

ASPERMONT—The Wset Texas Utilities Company is putting in improvements here to the extent of six or seven thousand dollars in connection with the high line being built through here. New poles and other equipment are included in the program.

QUITAQUE—A grain elevator, coal yard, and feed store is to be erected here at an early date. Glenn Wise, prominent citizen of Briscoe County, has purchased an acre of land in the western part of Quitaque as a building site.

Glass Building

Hugh Ferriss, well known architect, has designed a 35-story skyscraper whose walls are to be entirely of glass with structural steel re-enforcement. The floor plan is built on the same lines as an ordinary office building. Besides presenting a beautiful and dazzling appearance, the glass skyscraper has the added advantage of providing the maximum amount of light. Photo shows Mr. Ferriss' miniature model exhibited at the Architecture Engineering Industry Exposition.

CLOUDCROFT, N. M.—A governor, a mayor, a judge and other prominent men will be feature speakers on the program provided for the third annual district convention of the Pecos Valley-Inter Mountain District of the West Texas Chamber of Commerce to be held in this Mile High Town on July 9. The interest of the meet will be heightened by the attendance of the West Texas Chamber of Commerce motorcade party which is made up of a most distinguished personnel.

ABERNATHY — Foundation for the south wing addition of the new school building has been completed here and work on laying of brick is under way.

CLAUDE — Natural gas for Claude has been contracted for and assured by September 1. The line will be laid with two or three inch pipe, and will be tapped from the one serving Panhandle at a point one mile east from that city.

STAMFORD—The July issue of "West Texas Today," official publication of the West Texas Chamber of Commerce, will be in the nature of an educational number, and will feature, as did the annual school issue of last year, Texas colleges and educational institutions. It will be off the press about July 15, according to present plans.

HICO—Work is progressing nicely on the heavy construction lines of the Texas-Louisiana Power Company connecting Walnut Springs, Meridian, Iredell, Hico and Glen Rose. The line to Meridian has been completed and the remainder will be finished up within a short time.

ELECTION DATE SET ON BIG SPRING BOND ISSUE

Mayor R. D. Mathews of Big Spring has called an election for August 2, to vote on a paving bond calling for the laying of $160,000 worth of residence paving in the city of Big Spring.

The issue will carry by a large majority, City Manager Montan predicts. The city of Big Spring has never defeated a bond issue of any kind. Every issue voted on has carried ten to one.

Fred Yoder and Jack Dozier were in Abilene Monday.

Fine rain here Friday night.

Mrs. Earl Williams and son, Earl Jr., of Abilene, attended the barbecue at Snyder Monday.

CITATION ON APPOINTMENT OF TEMPORARY GUARDIAN

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following Notice:

No. 567.

THE STATE OF TEXAS.

To all Persons Interested in the Welfare of Ruth Odene Taylor, a Minor, J. B. Taylor was by the County Court of Scurry County, Texas, on the 10th day of June, 1927, duly appointed Temporary Guardian of the person and estate of said Minor, which oppointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the second Monday in July, 1927, the same being the 11th day of July, 1927, at the Court House thereof, in Snyder, at which time all persons interested in the welfare of said Minor may appear and contest such appointment if they so desire.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this the 28th day of June, 1927.

(Seal) MABEL Y. GERMAN, Clerk, Co. Court, Scurry Co., Tex. 2-2tc.H-B

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS,

To All Persons Interested in the estate of Mary J. Gill, deceased; Hardaway C. Gill has filed an application in the County Court of Scurry County, on the 28th day of June, 1927, for the probate of the last will and testament of Mary J. Gill, deceased, filed with said application, and for letters testamentary of the estate of Mary J. Gill, deceased, No. 570 on the Docket of said Court, which said application will be heard on the 11th day of July, 1927, at the Court House of said County, in Snyder, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this the 28th day of June, 1927.

(Seal) MABEL Y. GERMAN, Clerk, Co. Court, Scurry Co., Tex. 2-2tc.H-B

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS,

To All Persons Interested in the estate of E. F. Walker, deceased: Mrs. E. J. Walker has filed an application in the County Court of Scurry County, on the 28th day of June, 1927 ,for the probate of the last will and testament of E. F. Walker, deceased, filed with said application, and for letters testamentary of the estate of the said E. F. Walker, deceased, No. 569 on the Docket of said Court, which said application will be heard by said Court on the 11th day of July, 1927, at the Court House of said County, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this the 28th day of June, 1927.

(Seal) MABEL Y. GERMAN, Clerk, Co. Court, Scurry Co., Tex. 2-2tc.H-B

NOTICE IN PROBATE

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS,

To All Persons Interested in the estate of James A. West, deceased; Bunyan M. West and Nick W .West have filed an application in the County Court of Scurry County, on the 28th day of June, 1928, for the probate of the last will and testament of James A. West, deceased, filed with said application, and for letters testamentary of the estate of the said James A. West, deceased, No. 571 on the Docket of said Court, which said application will be heard by said Court on the 11th day of July, 1927, at the Court House of said County, in Snyder, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this the 28th day of June, 1927.

(Seal) MABEL Y. GERMAN, Clerk, Co. Court, Scurry Co., Tex. 2-2tc.H-B

SOUTH PLAINS CITIES TO GET NATURAL GAS

Plans are under way by a major gas company to serve the South Plains cities of Lubbock, Plainview, Slaton, Crosbyton, Lockney, Floydada, Turkey and Quitaque with natural gas, it became known recently.

The company, it is said, plans to tap one of two large gas lines that run near Childress and parallel the South Plains railway into Lubbock.

GLAD HE'S BACK

Governor Dan Moody returned to Austin Monday night. We are glad, for Acting Governor Barry Miller's pardoning activities sort of reminded us of a former incumbent.

A $120,000 additional paving program was adopted by the City Council of Plainview Saturday.

Britton & Smith, real estate dealers at Loraine, have dissolved partnership.

"What The Wild Waves Are Saying"

THE REAL STORY

The real story back of the hundreds of classifieds ads that you see here is in the service that these advertisers as well as the hundreds of readers who watch the wants and offers, are getting every day. Carl Yoder is only one of the many who claim that you get "what you want when you want it" when you advertise in the Times-Signal. Mr. Yoder received a letter from Fort Worth last week from a man who had read his ad in this paper. Inquiry was made if the Yoder Electric carried a full line of electrical appliances, and the man said he was moving to Snyder.

Does it pay? Our customers say that it does.

TIMES - SIGNAL SIGNALS

The old home town is the one that observes your success in the city and wonders how you keep the folks fooled.

There's a time in the life of every Snyder man when he wonders how some fellows manage to accumulate money and friends at the same time.

We read in a magazine that 30 is the proper age for a woman. If she isn't proper by that time she never will be.

In the U. S. every child has a chance to become president. In Mexico the same opportunity is open to every bandit.

One reason why some Snyder boys never get very far on the road to success is because it looks so rough they're afraid to start on it.

A woman's handkerchief and her umbrella always strike us as two things that never are big enough for their jobs.

His socks may have holes in them, but father never gets a chance to have any holes burned in his pockets from carrying money in them.

If Snyder women made patchwork quilts these days, they could take a whole skirt and wouldn't have to wast time cutting it up.

The first thing every June groom has learned is that it's a lot easier to make a woman mad than it is to make her happy.

France is mad because her flyers failed to reach the United States. Maybe we did made the Atlantic ocean a little too wide.

The Snyder citizen who can tell the kind of vegetable he planted from the kind that came up is no longer in the amateur class.

Dentists say that our teeth need exercise. But how can we exercise them when dentists won't let us keep them?

The world would be a much better place to live in if a lot of people would learn to give in.

How many Snyder women can remember when young people at the courting age were acquainted with the language of flowers?

When you find a man who is a wild animal at home you will generally find that he is married to a tame kitten.

It is pretty hard to make a woman understand that it is easier to drive a man than an automobile.

Maybe more young men around Snyder would get married if they could get their wives like they do their flivvers—on the installment plan.

Some powder goes off with a bang, but most of it goes on with a puff.

Many of the Chinese war leaders were educated in American colleges. This is believed to account for much of the disorder.

To an average Snyder mother a door is something the baby messes up with his fingers, the older children always forget to close and father bangs to show he has lost an argument.

Present-day style hints have ceased to be style hints—they are exposures.

It has about reached the point in Snyder where the female ankle gets about as much attention as the groom's father at a wedding.

It is said that Hollywood's film colony wants to change its name. Why not call it Follywood?

"Shoot to kill" is the new order given Chicago policemen. We suppose that before it must have been "Aim to please."

We don't know of anything less popular than smallpox unless it is a Snyder grownup who has to be babied all the time.

The only time the public is surprised at these trans-Atlantic flights is when the aviator happens to get there.

There ought to be plenty of money in Florida. Look at the number of people who left some down there.

Why is that a Snyder man can be the soul of honor during the entire year and then have to do a little lying about the size fish he caught just as soon as they start biting?

It looks as though we've fixed it so Nicaraugua will have to get a permit from our Department of State next time she wants to start a revolution.

Lindbergh proved that you don't have to depend on the installment plan to get what you want.

There's this much to be said for the Snyder man who keeps steadily at work—he has the least chance of going to jail.

Wonder who'll be the first red-headed woman with six children to swim the English Channel this year?

We used to have to go to a show and pay to see short skirts that you can see on the streets for nothing.

Every man in Snyder can remember a licking he got that he didn't deserve when he was a kid, but he forgets all about those that he didn't get that he did deserve.

If lies were worth a dime apiece everybody knows several people who would be millionaires.

Our idea of an optimist is the fellow who thinks he ought to be able to use a strawberry huller for picking the pin feathers off of a chicken.

PLENTY TO EAT

This morning's Abilene News contained the following, which was included in a write-up of the Fourth of July here:

"Exactly 7,700 pounds of barbecue, 2,000 loaves of bread, 9,000 pickles, 2,000 pounds of barbecued pork, 1,000 pounds of mutton, 300 gallons of coffee and 200 gallons of 'son-of-a-gun' were served the merry-makers."

Cream may be good for the complexion, but you very seldom hear of a cow winning a beauty contest.

A visitor from London says bootlegging is going to ruin the morals of Americans. It's more apt to ruin their digestions.

Maybe the reason some Snyder men don't think much of advice is because you don't have to sneak around and break a law to get it.

Japan says she favors the open door in China. Yes, a door just big enough to let in the Japs.

Snyder residents were true to Snyder Monday, 99 per cent staying at home.

Maybe if father could play a good game of pool and wear his hair like a sea lion, daughter would have more respect for him.

How times change! Nobody ever thought 20 years ago that we'd some day be buying chest protectors for Fords.

This is the day of equal rights, but how many Snyder women do you know who are carrying life insurance on their husbands?

A farm is a mighty nice thing to have. You can mortgage it for a car any time.

Monday morning is about the only time the average Snyder man yearns for a five-day week.

The best remedy we know for the Snyder man who has that run-down feeling is to stay out of the way of automobiles.

Some Snyder men are so contrary that the only way you can get them on the right side of a question is to be on the wrong side yourself.

It used to be you saw a gray horse in Snyder every time you saw a read-haired girl, but now every time you see a red-haired girl, you see nine flivvers.

The old home town is a place where you pay for ten gallons of gasoline and get ten instead of seven.

Renew your paper today.

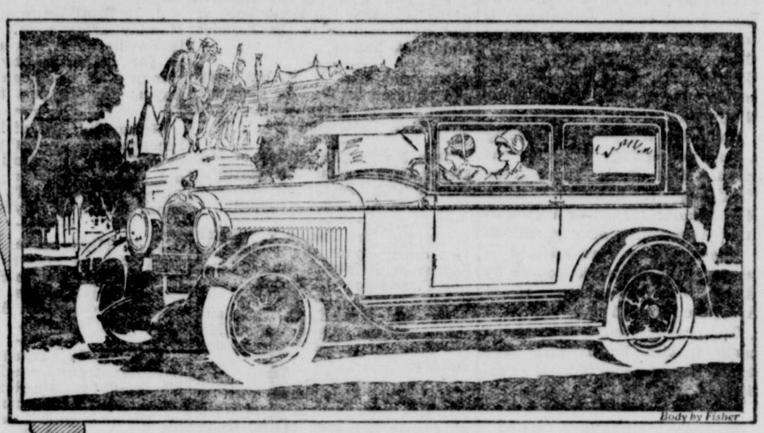

Lamesa is paying 20 cents per dozen for infertile eggs—and advertising the fact.

LAST SATURDAY GOOD

The H. L. Davis Company advertised a special sale for the Fourth of July holiday last week, and Mr. Davis told a Times - Signal representative Tuesday that that day was the biggest Saturday they had had this year.

Mr. Davis said that from 8 o'clock in the morning until 10 that night everyone in the store was on the jump.

Even Greater Value Because of Lower Prices

NEW LOW PRICES
