

Ballroom Said Origin Of Hotel's Terrible Fire
21 Dead
66 Injured

WHITE was the word for Snyder this morning after one of the heaviest snowfalls in recent years blanketed the city. Cindy Hale, daughter of Mr. and Mrs. Clifford Hale, poses beside an evergreen tree which was given extra beauty by the snow.

JACKSONVILLE, Fla. (AP)—Ashes and blackened debris in the Hotel Roosevelt's once-grand ballroom held the secret today to the cause of a fire which left 21 dead and 66 injured.
Flames burst out Sunday morning in or around the main floor ballroom, spewing heavy smoke and gas into the 300-room hotel packed with nearly 500 Gator Bowl weekend guests.
Nineteen victims were asphyxiated by smoke and fumes. Sudden disaster struck on a brisk, calm Sunday morning, handing Jacksonville its worst tragedy in history.
One woman died in a plunge from an upper story window. An assistant fire chief died of a heart attack.
Only the cool efficiency of firemen and dramatic rescues by Navy helicopters of guests who fled to the roof averted a worse tragedy.
The fashionable hotel on Adams Street near Main street was packed with guests, many here for Gator Bowl week festivities which ended Saturday night.
Most deaths occurred above the eighth floor, agonizingly out of reach of the city's 100-foot aerial ladder trucks.
Among those rescued were Miss America of 1964, Donna Axum of El Dorado, Ark. 21-year-old beauty and her chaperone, Lucile Previtt were hospitalized—overnight, suffering with smoke inhalation.
Miss Axum, smiling prettily from a hospital bed, said all she took with her when she fled in pajamas, slippers and a beaver coat were "two pocketbooks and my crown."
Business executives were among the dead. They included James Jackson Swick, 59, owner-president of Copeland Sausage Co. His wife, Lorena Eaker (Rena) Swick, 47, also was killed.
The Swicks, of Alachua, Fla., had stayed in town after attending the Gator Bowl football game.
Another executive among the dead was Wade Hildinger of Buffalo, N.Y., vice president for sales of National Gypsum Co.
Mayor Hayden Burns, commissioner of the police and fire departments said city fire marshals inspected the hotel within the next 10 days and found it complied with all fire safety rules.
"There is no negligence involved in this fire in any way," the mayor said. "We know that the origin was in the ceiling of the ballroom, but the cause has not yet been determined."
William H. Johnson, who bought the Roosevelt in 1960 from the Meyer Hotel chain and spent \$1 million renovating the 37-year-old structure, said "the hotel was as fireproof as any you can get a building. It is a sad thing that those people didn't stay in their rooms."
"The smoke just built up and people panicked," Johnson said. He said he was not at the moment concerned about damage and had no accurate estimate.
There is insurance, he said, but that he didn't know the extent of coverage.
A woman who plunged to death when an improvised rope of sheets and blankets broke was identified as Mrs. Marian F. Curry, 43, of Santiago, Chile, and formerly of Greensboro, N.C. A medical examiner said she died of multiple fractures.

'Picture-Book' Snow Falls Here

A picture-book snow draped the Snyder area today following a surprise "wet" norther which pushed into the area late Sunday.
Although temperatures remained relatively mild, the snowfall was the heaviest here in years, and most of it remained on the ground until morning.
Reports of snowfall ranged from 5 inches to more than 9 inches in the Snyder area. The heavy snow prevailed north of town and to the east and south-east. To the southwest, the snowfall was considerably lighter. Ira, where schools were to resume today following the holidays, went ahead and had classes in the school as scheduled.
Although there was little or no ice on Snyder area streets and highways, the snowfall reduced visibility to a point which made travel by motor vehicle hazardous.
Texas Highway Department maintenance crews started work at 6 o'clock Sunday night clearing area roads. They worked throughout the night and were still busy this morning.
At one time, an estimated 75 vehicles were stalled at the U.S. 34 underpass north of town. Two trucks stalled, blocking vehicular traffic for about 2 1/2 hours. The tie-up was blamed on poor visibility rather than icy roads. Highway Patrolmen worked at the scene to help clear the traffic and in Snyder to keep other traffic away from the scene. Traffic resumed on the road at 2:30 a.m.
Officers expressed their thanks this morning to members of the Citizens Band Radio Club who assisted with communications during the work of clearing the road and opening it to traffic.
Light snow began falling in Snyder at around 6 p.m. Sunday. The heaviest fall was logged during the period from about 7:30 p.m. until 11 p.m. The temperature remained at about 31 degrees during most of the snowfall and never dipped below 28 degrees during the night.
To the southeast, Sweetwater reported 6 inches of snow over a coating of ice, which made driving hazardous. In the Panhandle, Amarillo reported 2 to 4 inches of snow, while Abilene had one inch on the ground.
A Sweetwater resident said it took half an hour to drive four blocks on the snow and ice.
At least two traffic deaths were attributed to the weather. Mrs. Inez Edwards, 45, Pampa, and an Amarillo girl, Gaynell Geneva, 8, died in a highway collision Sunday during a heavy snowstorm in the Panhandle.
Early morning temperatures ranged from 15 degrees at Dalhart in the Panhandle to 32 at Brownsville.
Other early morning readings included El Paso 24, Amarillo 25, Lubbock 28, Midland 30, San Angelo 32, Wichita Falls 33, Abilene, Dallas and Fort Worth 34, Texarkana 35, Austin 37, Preisdio 38, Beaumont 40, San Antonio 41, Houston and Victoria 42, Galveston and Corpus Christi 44, and Laredo 46.

Krush Sees Possibility Of Agreement

MOSCOW (AP)—Soviet Premier Khrushchev said today there are reasonable prospects for agreement between the United States and the Soviet Union in 1964 on "a broad range of measures aimed at slowing down the arms race and further alleviating international tensions."
Replying to questions submitted by Henry Shapiro of United Press International, Khrushchev said such measures include:
Reductions in the armed forces of states, cuts in military spending, the signing of a non-aggression pact between the North Atlantic Alliance and the Communist Warsaw Pact nations, agreement not to disseminate nuclear weapons and establishment of zones free from nuclear weapons.
He also called for reduction of foreign forces on foreign territories.
Khrushchev's replies to Shapiro's questions were published by Tass, the Soviet news agency.
The stated intention of the new President of the United States, Lyndon Johnson, to continue in foreign-affairs the policy of peaceful settlement of international problems, of improving relations with the Soviet Union and calling a halt to the cold war, has been met with gratification in this country. We, too, are in favor of this.

Say LBJ's Diplomacy Is 'Successful'

JACKSONVILLE, Fla. (AP)—President Johnson's first venture into the deep water of personal diplomacy was a success, according to German and American informants who had a part in his two-day meeting with West German Chancellor Ludwig Erhard.
If nothing else, the two new leaders in the West's struggle with the East got to know each other and reached "full agreement and understanding."
The phrase is a stock one in the copy book of diplomats. But this time, said Erhard, "it is not a diplomatic statement. It is just the truth."
A communique issued Sunday after their meetings declared that Johnson and Erhard were agreed "that it is highly important to continue to explore all opportunities for the improvement of East-West relations, the easing of tensions, and the enlargement of the prospects of a peace that can be stable because it is just."
This was qualified, though, with a declaration that there "should be no arrangement" that would perpetuate a divided Germany.
Erhard, holding a news conference at Austin's Bergstrom Air Force Base just before his jet transport left for Bonn, emphasized a willingness to explore "new alleys" that might lead to agreements with the Soviet Union.
The retired chancellor described his meeting-of-minds with Johnson on this subject as "a step forward" in view of the readiness to take new initiatives and to open discussions on possibilities that might exist.
Some question about Erhard's enthusiasm toward East-West talks was raised Saturday night after his press secretary, Karl Gupther von Hase, said that German leader found Soviet responses to conciliatory Western moves "not very encouraging."
Erhard was aware that French observers noted that Erhard was aware that French President Charles de Gaulle will not likely be too pleased with the communique's urging greater economic integration of Europe and approving the U.S. position that both agricultural and industrial products must be included in forthcoming tariff-including negotiations.

Time Unkind To Castro's Dictatorship

An AP News Analysis
By WILLIAM L. RYAN
AP Special Correspondent
Fidel Castro's regime is 8 years old New Year's Day. His Communist dictatorship in Cuba seems messier than ever.
Judging from the regime's own accounts, it combines the worst features of a 1948-style Communist satellite with a superabundance of confusion. It has food shortages, rationing, high prices, low wages, economic chaos—and something looking like the beginning of a forced labor movement.
Castro remains a menace in the eyes of most of the Americas. He is a source of satisfaction for the Red Chinese, a necessary nuisance for the Russians and a heavy burden for Cuba.
A military parade, a mass demonstration and a long Castro speech will celebrate events of New Year's Eve of 1963, when dictator Fulgencio Batista fled the island, leaving it to Castro's 26th of July guerrillas.
So chaotic is the economy that a recently promulgated law of compulsory military service seemed an economic rather than a military measure.
Floods in early summer and Hurricane Flora later on left the economy in an even more bewildering tangle than communism had produced by itself. There are shortages of everything.
Prices are high, wages low, and at that, government taxes eat up 20 per cent of even the lowest wages. There are constant campaigns against stealing, embezzlement and similar crimes, but even death sentences fail to stem them.
Castro leans toward the Red Chinese idea of violent revolution regardless of possible consequences as opposed to the Moscow idea of avoiding risk of international conflict.
But Castro has little choice but to remain quiet in the disstate. His Moscow ties are all that bolster his regime. He is in no position to give overt support to the Red Chinese.

Rocky Shuns GOP Leaders And Tosses Hat In Ring

By ROBERT T. GRAY
Associated Press Writer
ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller's announcement that he will enter the Oregon presidential preference primary next May 15 is a further unfolding of his strategy.
The New York governor is seeking support from rank-and-file Republicans to bolster his campaign, which has had rough going, and bypass GOP leaders, who have offered him little support.
Polls indicate Rockefeller has a long way to go to overcome the adverse effects of his divorce and remarriage.
An Associated Press survey of Republican county chairmen throughout the country on who they thought would be the strongest nominee, and the party's likely candidate showed Rockefeller fourth behind Sen. Barry Goldwater, Richard M. Nixon and Henry Cabot Lodge. Rockefeller hopes victory in primaries will convince key Republicans that developments in his private life have not hampered his ability to win elections.
Rockefeller will run in the New Hampshire primary on March 10 and the California primary June 2. He added the Oregon primary to the official list Sunday and is expected to compete in several others.
Oregon will have 18 votes at the Republican National Convention in July, a fraction of the 855 votes needed for nomination. But victories in pre-convention primaries have a psychological impact nationally.
Oregon's secretary of state, Howell Appling Jr., said he also would enter the names of Goldwater and possibly Gov. William W. Scrantom of Pennsylvania and former Vice President Nixon in newspaper and magazine reports indicated they appeared to be candidates.
In other developments:
—in Los Angeles, Robert Rowan resigned as treasurer of the California Republican State Committee to support Rockefeller as a man who "truly reflects the mainstream of the thinking within the Republican party" and as the strongest candidate the GOP could field.
—in Sacramento, Calif., Democratic Gov. Edmund G. Brown predicted Scrantom or Nixon, the GOP candidate in 1960, would be the nominee.
Rockefeller resumes this week the active campaigning he suspended when President Kennedy was assassinated Nov. 22. The campaign aides have described as a major speech in Portsmouth, N.H., Friday night.

King Orders Election Held

ATHENS, Greece (AP)—King Paul today ordered election of a new parliament on Feb. 16 in an effort to solve the political crisis plaguing Greece at the same time it faces trouble on Cyprus.
The king decided to dissolve the Parliament elected Nov. 3 after leaders of the nation's two opposition political parties couldn't form a government and refused to work together in a coalition.
The palace announced the king had asked Ioannis Paraskevoulous, 63-year-old deputy governor of the Bank of Greece, to form a caretaker cabinet and hold the elections.

Aid Bill Should Be Passed Today

WASHINGTON (AP)—The Senate was expected to give final approval to the \$3 billion foreign aid bill by midnight today.
The House, which approved the compromise proposal last week, was standing by to join the Senate in adjourning the long congressional session once the foreign aid bill was passed.
Congress is due to reconvene Saturday.
Democratic and Republican leadership indicated they expected the necessary quorum of 51 members to be on hand for today's session.
Senate approval of the hotly fought aid bill seemed certain, giving President Johnson at least a partial victory in his first year with Congress since becoming chief executive.
One of the program's most outspoken opponents — Oregon Democratic Sen. Wayne Morse—conceded passage was likely by late afternoon.
The \$3 billion limit total for fiscal 1964 was a \$1.5 billion slash from the \$4.5 billion originally asked last spring by the late President John F. Kennedy to cover aid spending for the year which started July 1.
The total was also well below the \$5.6 billion level that Johnson said two weeks ago would "reflect" a "dangerous reduction in our security."
But Johnson could claim one major plus — elimination of a House-originated ban on extending credit to Communist nations for grain purchases or other trade.
By a 189-158 vote in an unprecedented daybreak session Tuesday, the House finally agreed to accept the bill without the ban it had twice written into the aid measure.
But its price was reduction of aid funds to \$3 billion. At one point, House conferees refused to accept even \$3.1 billion after both Johnson and Senate conferees tried to gain agreement on that figure.
As the bill now stands, Johnson would be free to offer credit to Communist nations if he felt it was in the national interest and notified Congress within 30 days.
Johnson had claimed that a ban on extending credit to Russia would intrude on his right to conduct foreign affairs, while supporters of the ban alleged that if Russia were allowed to buy on credit it would have just that much more available to spend on countries such as Cuba.

Erhard Is Back In Bonn

BONN, Germany (AP)—Chancellor Ludwig Erhard returned home today and said President Johnson is expecting West Germany to come up with new suggestions for easing tensions with the Soviet Union.
This, he explained, is because Germany lies nearer Russia geographically. He did not say whether President Johnson had specified what kind of proposals these should be. Nor did he offer any.

# Hodges Sees '64 Economy In New High

WASHINGTON (AP) — The U.S. economy probably will extend 5 per cent to another record in 1964 and prices will remain fairly stable, says Secretary of Commerce Luther H. Hodges. In his annual review and outlook on the state of the nation's economy, Hodges said personal income has bounded upward \$300 per person in three years, and may rise \$100 more in 1964. Personal income now averages \$2,500 a year for every man, woman and child. The category includes wages, salaries, rents, dividends, farm and small business profits, and other forms of individual income. The total of such payments was estimated at \$463 billion for 1963, an increase of \$21 billion over the previous year. The gross national product (GNP) the total of all goods and services, both private and public—was \$584 billion for 1963 and by the end of the year was running at a rate of about \$600 billion. "If the tax cut is enacted soon, the GNP for 1964 could easily exceed \$620 billion," Hodges said in his statement. This would represent an increase of 5 per cent after allowing for a slight increase in prices. If Congress does not enact a tax cut, Hodges said, "Prospects for continuous expansion through all of 1964 and into 1965 would be seriously impaired."

Hodges tempered his forecast by noting the continuing high rate of unemployment, unused plant capacity and the persistent flow of dollars to foreign countries. The dollar outflow—your shoes, pays the rent and kisses your mother. international payments—was \$2.6 billion for the first nine months of the year even though it declined sharply at midyear.

DEAR ABBY: Can you explain the idiocy in people who own too poodles? My sister was given one and she has become positively insufferable. She calls this dog, "My baby boy!" She kisses it and spends half a day combing and brushing him. She has a sweet granddaughter who is three years old, and naturally when the little girl wants to get on her grandmother's lap and the poodle is there, she resents it. The child gets no comfort at all. My sister takes the dog for a ride and leaves the grandchild standing on the sidewalk in tears. I have stopped going over there because of her disgusting behavior. # BIRTHS

Mr. and Mrs. Ascension Rios, 2400 Avenue I, are the parents of a 9 lb. 2 oz. baby boy born at 3:15 a.m. Dec. 29 at Cogdell Hospital. Mr. and Mrs. Donnie Dove of Abilene are parents of a daughter named Teresa Gay, weighing 9 lbs. 2 oz. born Dec. 22 at Hendrick Memorial Hospital. Grandparents are Mr. and Mrs. V. N. Todd of Knapp and Mr. and Mrs. J. A. Dove of Ira.

According to Christian tradition, it was in Nazareth that the Virgin Mary learned she was to give birth to the Messiah; it was here that Jesus spent a great part of His life before embarking on the road that led to Calvary. It was from here that He descended to the Sea of Galilee and met Simon the Fisherman, whom He named Peter. Roman Catholics consider Peter their first Pope. Next Sunday, Pope Paul VI will become the first head of the Roman Catholic Church since Peter to set foot on this soil. He will find a city in many ways a microcosm of the segmented Christian Church that he hopes one day to unite and in a larger sense, he will find that Nazareth reflects the many ways in which many peoples have sought God. Nazareth, situated in the heart of the State of Israel, has an overwhelmingly Arab population. Christians of one persuasion or another—most of whose ancestors were converted hundreds of years ago in the days of the Crusades—comprise about half the city's 28,000 population. The largest group of Nazarene Christians is the Greek Orthodox, followed by the Greek Catholics, who have ties to the Vatican, but pray in Arabic instead of Latin. There are about 3,000 Roman Catholics in the city. The remaining Christians belong to one of several Protestant denominations. Pope Paul VI will spend 75 minutes in Nazareth—the longest stop on his 11-hour itinerary in Israel. He will say Mass at the Grotto of the Annunciation where Christians believe the archangel Gabriel told Mary of the coming birth. The Grotto Church is being rebuilt over the remains of three earlier ones. Nazareth has almost 30 churches, their grounds cover more than a third of the city's area. In many ways, Nazareth remains a city out of its time. Primitive shops and stalls line the narrow streets that twist upward into the hills of Galilee. Shops display water jugs and vases and straw baskets and copper plates made by native craftsmen. Any of the objects could have been made yesterday or 3,000 years ago.

## IRA NEWS

By NORENE MURPHY

The Duke Murphy family had as Christmas day guests Mrs. Bennie Curfew and sons, Spud, and Virel, Miss Jerry Ketchens of Crane. Mr. and Mrs. Bill Starnes and children, Evelyn, Royce and Neal of Snyder.

Ronnie Suter was home from Texas Tech, Lubbock, visiting with his parents, Mr. and Mrs. Grady Suter during the holidays.

J. W. Smallwood was home from Big Spring Junior College visiting his mother, Mrs. Frances Smallwood and grandmother, Mrs. Connie Clay recently.

Rev. and Mrs. L. B. Taylor and son David spent the holidays with relatives in Abilene and Sweetwater.

Guests in the Rea Falls home the Christmas holidays were Mr. and Mrs. Tom Falls, Ryan and Kerry of Harlingen; Mr. and Mrs. Wm. J. Trotter and J. Elliott of Fort Worth; Mr. and Mrs. Jess Green of Snyder joined the Falls family for Christmas dinner.

Mr. and Mrs. Bud House and family visited relatives in Vernon during the holidays. Mrs. Howard Franks of Houston visited relatives in Ira for the Christmas holidays. Among relatives here were Mr. and Mrs. Bob Mitchell and Robert, Mr. and Mrs. Elton Crowder and son, Mr. and Mrs. Donald Crowder, and Mrs. Lee Holladay.

Those visiting in the J. L. Byars home, over the holidays included their daughter, Mrs. and Mrs. Jimmie Guy of Albuquerque, N. M.; Mr. and Mrs. Don Billingsley, Van and Lance of San Antonio; Mr. and Mrs. Dale Grant, Janet and Cathy of Arlington; Mrs. Butch White and Todd of Big Spring; Miss Nancy White of Abilene and Mr. Edward Morris of Howard County Junior College.

Mr. and Mrs. Guy Sallee of Brady and Mr. and Mrs. Gordon Newton of Lahn spent the Christmas holidays with their children and grandchildren, Mr. and Mrs. Roy Sallee, Pam and Steve. The Russell Sallee's of Eldorado were Christmas day guests.

Mr. and Mrs. Darnell Boyd, Dianne and Denise of Stephenville visited Mr. E. E. Grant and the J. L. Byars family Wednesday.

Mrs. E. E. Grant had all her children and grandchildren at her home for Christmas day. They were: Mr. and Mrs. Dale Grant, Janet and Cathy of Arlington; Mr. and Mrs. Elza Grant, Dean and Darrell of Snyder; Mr. and Mrs. Donald Grant, Jerry Patricia and Gary of Snyder; Mr. and Mrs. J. L. Byars, Linda, Jean, Connie and Jimmy of Ira; and Mr. and Mrs. Jimmie Guy of Albuquerque, N. M. Mrs. Jewel Leatherwood of Snyder was a dinner guest.

Mrs. Opal Lewis spent the holidays in Richland Springs visiting relatives.

The Ira P-TA met recently in the High School study hall for their regular meeting with 30 members present. Mrs. J. L. Byars, president, presided.

The executive committee met with 12 members present, and no recommendations were presented.

Mrs. W. D. Boren, District President of Abilene, was guest of honor for the afternoon. Mrs. Byars and Mrs. Pete Sterling, vice president, gave a summary of their trip to the state convention at San Antonio.

Refreshments were served in the school cafeteria by hospitality chairman, Mrs. Leland McCarty, assisted by Mrs. Pat Murphy and Mrs. Gus Sterling.

The table was covered with a lace cloth over red. The centerpiece was a green net Christmas tree with red ornaments. Mrs. Murphy served home made date loaf squares which were topped with a Christmas design, and green frosted punch was led by Mrs. Sterling.

Broom count went to the third grade.

## Bennetts Honored By Children

Turkey and all the trimmings graced the tables at the community center in Borden County on December 22 when the children of Mr. and Mrs. H. E. Bennett were hosts honoring the couple on their 58th wedding anniversary and pre-Christmas get together.

Mr. and Mrs. Bennett, long-time residents of Borden County, received many lovely gifts at the occasion.

Relatives attending were: Mr. and Mrs. Virgil Clark of Wilcox, Ariz.; Mr. and Mrs. Roland Hamilton of Lamesa, Mr. and Mrs. V. E. Allison of Loving, N. M.; Mr. and Mrs. Eugene Elliott and Keith of Hobbs, N. M.; Mr. and Mrs. Milton Bennett and Wayne of Gail, Mr. and Mrs. Willis Bennett and Kenny of Gail;

Mr. and Mrs. Norman Clark, Richard, Terry and Lee Ann of Kingsville, Mr. and Mrs. Weldon of Kansas City, Mo., Mr. and Mrs. Edward Hamilton, Dinah and Mark of Laramie, Wyoming, Mr. and Mrs. Dennis Lamphere and Scott of Lamesa, Mr. and Mrs. Bill Musser, Billy and Brent, and James Weaver of Odessa.

Guests attending were Mr. and Mrs. Vivian Clark and Sam Keen of Gail, Charles and Gaylon Dickey of Anson.

**SURPRISE PARTY**—Rev. and Mrs. Murray Kay were honored Sunday evening at the Union community center with a surprise party commemorating their twenty-fifth wedding anniversary. Members of the Union Baptist Church, of which Mr. Kay is pastor, were hosts. Cake and coffee were served to a large group of friends, following Sunday evening services at the church.

## Artist Wants To Eat, Sculptor Reminds

By KATHRYN JOHNSON  
STONE MOUNTAIN, Ga. (AP)—The serious artist in America cannot exist unless he indulges in commercialism or is fed by someone else," the lean, wiry, German-born sculptor said.

"The artist wants to be part of our society and he wants to dress properly too," added Stefan Thomas, one of the South's most nonconforming and successful sculptors.

"Art is not therapy, as many people think. It is dynamic. Art is a compulsion that saps all one's energies."

His piercing blue eyes holding his listener in almost hypnotic fashion, Thomas frequently interrupts his own discourse on art to expatiate on a variety of subjects with the zeal and fervor of an evangelist.

"What is there to study except the philosophy of man?" Raising his voice and waving his pipe spiritedly, Thomas beams "the stupidity of some

politicians," the "rigidity of some universities," the "lack of imagination in architecture today" and "the modicrity of most modern art."

"Politicians have no faith in the talent of their own people," the sculptor said. "Georgians, for example, went to a far off land to buy art for their own state Capitol. And it's deplorable that Georgia, so rich in clay for modeling, has so little good sculpture."

"The worst offenders are the liars in art. Advertising outfits must take more blame because they possess the weapon of psychology—a powerful weapon. They would mutilate the public for a dollar."

As for universities, Thomas thinks there should be no easels in them. "You can teach art history and theory and appreciation in a university, but painting and sculpture should be taught in art schools."

These are very bad years in

art in the South, Thomas thinks. "This is partly due to public apathy—but mostly it's the fault of the artist."

As a small boy in Bavaria, Thomas knew he wanted to be a sculptor. At 14 he was apprenticed to a stone cutter. Later he studied at the Academy of Fine Arts in Munich. He came to America in 1928, visited Atlanta and stayed to become an ardent Georgian.

"Georgia is a great state. It has climate, mountains, sea shore and every known material for the arts—which should be utilized."

"America, too, is a great country. But we've arrived at a time when talent has to speak and not the dollar."

A visit to Thomas' home is like a visit to a museum. His statues, busts, paintings, murals, mosaics, reliefs and mobiles are everywhere. He built the home—a long stone building sprawled among the pines—with the help of his four children: stone by heavy stone, beam by beam, pouring concrete, laying block, setting tile.

## Serve Roast Beef The British Way

By CECILY BROWNSTONE  
Associated Press Food Editor  
IN ENGLAND two accompaniments to roast ribs of beef are traditional. Yorkshire pudding and horseradish are offered with the meat. American cooks do well to follow suit.

If you're interested in a new way of making Yorkshire pudding, we can recommend the following recipe: In this rule, cornstarch is included with the flour, and it gives the pudding a tender texture.

You can, of course, serve the widely available bottled grated horseradish with the meat. But

fresh horseradish is in one of your markets, we urge you to try it. We like to fix the fresh horseradish as we find it offered in a well-known New York restaurant specializing in roast beef. To follow suit, pare the horseradish and grate it coarsely; spoon a little of the grated root into small lettuce cups, one for each serving of beef and pudding.

**NEW YORKSHIRE PUDDING**  
1 cup sifted flour  
1/2 cup corn starch  
2 eggs, slightly beaten.  
1 1/2 teaspoons salt  
1 1/4 cups milk

1/2 cup hot drippings from roast beef  
Into a mixing bowl sift together the flour, corn starch and salt. Stir in eggs, then gradually stir in 1 cup milk, mixing until smooth. Beat gently until slightly foamy on surface. Stir in remaining 1/2 cup milk. Pour hot drippings into a 13 by 9 by 2-inch pan. Pour in batter. Bake in a very-hot (450 degrees) oven 10 minutes. Set oven temperature to moderate (350 degrees) and continue baking until mixture is golden brown and slightly firm on top, 25 to 30 minutes. Serve at once. Makes 6 servings.

**NEW YEAR'S DAY DINNER**—Roast ribs of beef with Yorkshire Pudding.

**BRIDE-ELECT HONORED**—Miss Leatha Brice, bride-elect of Jerry McKay of Colorado City was honored with a lingerie shower Friday evening at the Snyder Country Club. Hostesses for the occasion are pictured above with the honoree. From left, Miss Lynda Mize, Miss Brice and Miss Judy Huddleston. The First Baptist Church of Snyder will be the scene of the wedding on January 24.

**Tomato Shrimp Aspic**  
1 envelope unflavored gelatin  
2 cups tomato juice  
1 teaspoon sugar  
1 teaspoon Worcestershire sauce  
1 can (4 1/2 ounces) cleaned deveined shrimp  
Salad greens and sliced cucumber  
Mayonnaise  
Sprinkle gelatin over 1/2 cup

cold tomato juice to soften. Heat remaining tomato juice to almost boiling; add softened gelatin, sugar and Worcestershire sauce; stir until gelatin is dissolved. Chill until slightly thickened. Drain shrimp; rinse in cold water and drain again; fold into gelatin mixture. Turn into individual molds; chill in refrigerator and adorn the ham unit set. Unmold on salad greens; garnish with cucumber; serve with mayonnaise. Makes 4 to 6 servings.

**Decorate Ham**  
This is the time of year that a whole ham really needs that special glaze and a decoration before being brought to the holiday dinner table. Plain fruit, brown sugar or honey glazes would be tasty. Use your imagination and adorn the ham with a fruit or candy decoration. If there is sufficient fat covering, the fat could be scored and studded with cloves.

### NOBODY TO BLAME BUT HIMSELF!

## Congress' Self Voted Salary Hike Unlikely In Voting Year

By J. W. DAVIS  
 WASHINGTON (AP) — The possibility that Congress might vote itself a pay raise next year seems to be growing weaker. The chance that Congress will require its members to disclose their financial sources looks even slimmer—slim to point of no chance in sight. There has been considerable agitation for a pay raise, from \$22,500 a year to \$32,500. But congressmen are notoriously nervous about raising their pay during an election year, and that's what 1964 is. Also, Congress' job performance this year has been widely criticized. Already there has been a revival, on a small scale, of the "Bundles for Congress" campaign that infuriated and alarmed a good many of the senators and representatives in the 1940s. In that satirical campaign, taxpayers sent packages of second-hand clothes to members of Congress who were complaining about how hard up they were

and how much they needed a raise. Last month a bundle of old clothes from the "Senior Citizens of Tioga County, Sabinsville, Pa.," arrived at the House Post Office and Civil Service Committee, which had approved the pay raise bill. The donors said they hoped the gift "will help tide you over." A comparative handful of Congress members have voluntarily made statements of their income in addition to salary. The idea of requiring disclosure of income sources is to discourage conflicts of interest, to guard against official actions for private gain. If a senator was known to hold stock in a certain company, for example, he might hesitate to vote for legislation that would help that company. But most members aren't eager to bare all. They take the stand that, unless the personal income affairs of every citizen are a matter of public record, there is no sound reason Con-

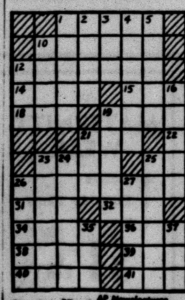

gress members should be singled out. Sen. Philip A. Hart, D-Mich., is one of those who has provided a statement of his finances. But, in saying he would back a bill to require similar disclosures by all members of Congress, Hart pointed to a contradictory situation. "If a man reveals himself to have much investment wealth, one of two conclusions is possible: He has much personal interest to protect and is therefore suspect, or he will act objectively because he can be independent of moneyed pressure groups." "If, on the other hand, he reveals that he has little or no wealth, again two contradictory conclusions can be drawn: He will act objectively because he has no personal wealth to protect, or he will be particularly susceptible to moneyed pressure groups." In the end, Hart said, the decision would still seem to rest on the public's opinion of a man's integrity.

### If You're Ready Now

BURLINGTON, Vt. (AP)—Want a free funeral? If you'll register with the Burlington Free Press, stating that you plan to (1) drink, and (2) drive New Year's Eve—and if you're killed doing so—the newspaper will pay all your funeral expenses. Five persons registered in 1961, the first time the Free Press registered its "potential traffic victims." Two signed last year. No one has collected—so far.

## What This May Do To Insomniacs!

By BOB VOELKER  
 PITTSBURGH (AP) — Now comes the most devilish device of all. And the Russians are at the bottom of it. They talked about it not too long ago—right out in the open—and there was hardly a ripple in world opinion. It's a sleep machine. What the Russians do is wire this sleep machine to a person—and almost presto—the person dozes off and gets the equivalent of a full night's sleep in about two hours. Countrymen, be warned. Some day this sleep machine will usher in the final attack on humanity. The day will come when great production lines will be turning out sleep machines like toasters. Everyone will have one. Two hours sleep will become standard. Then what will happen if a guy dozes off in church? What possible excuse could he have? And when his wife wants him to do some nasty, little job around the house, he'll never be able to use the old alibi: "I'll do it tomorrow. I'm tired." Consider the GIs. The millions of bored draftees who pulled the great escape by "sacking out." The same GIs will be hearing sergeants talk like this: "Okay men, these barrack lights will be out at midnight and reveille is at 2 a.m. We got a full 22-hour schedule tomorrow." Think of the school kids. They will be buried under mountains of homework. Future generations will be hearing things like this: Bartender: "See that guy on the end of the bar? I couldn't stand him when he was in here only five hours a day. Now he's here 11 hours a day." Night cop: "Don't these people ever go home?" Housewife: "George, I have so many club engagements these days I simply must buy some more new clothes." In the end, society will become sleepless. Happiness will be subservive. The warning will be: "When the knock on the door comes in the middle of the night, you better not be asleep."

## Not Proud Of New Baby

FORT WORTH, Tex. (AP)—State Sen. Don Kennard of Fort Worth found himself the owner Saturday of a 635-pound baby elephant. There also was a \$1,400 shipping charge. The San Francisco customs agent assured Kennard it was no joke and, in addition to the shipping fee, the elephant must remain in quarantine for 10 days at \$38 per day. The gift is from Bill Newbold, a former local television cameraman who is now an information officer for the State Department in Cambodia. "How anyone could convince the people in Cambodia to send such a thing to me like that C.O.D. is beyond me," the senator moaned. An hour's factory work in 1962 would pay 3.4 pounds of bacon, compared with 2.2 pounds on 1942 and 1.8 pounds in 1932.

### Junior Editors Quiz on SOUND

QUESTION: Why do I hear the roar of the sea in a conch shell?

ANSWER: It may sound like the sea roaring, but there is no actual connection between the sound you hear inside the conch and the sea, unless it is that the conch is a marine animal. The conch shell at upper right is shown as if cut open so you can see the openings inside which are all connected, and each of which has a certain natural note or "pitch," according to length. A musical trumpet magnifies the small vibrations made by the player's lips so you hear them as a loud sound. The conch shell can magnify small sounds too, if they happen to be of the same note or pitch as it is. When you hold the shell over your ear, many small sounds of the right pitch, which you wouldn't ordinarily hear, are amplified enough inside the shell so that you hear them faintly. The jumbling of such small sounds together gives a distant rumble, sounding very much like ocean waves beating up on a beach. On Southern plantations, people have long been accustomed to break the tops off conch shells and blow a blast with the shell, to summon the workers in for dinner.

FOR YOU TO DO: Scratch the back of one hand with the forefinger of another away from your ear and you will hear very little or no sound. Cup the hand over an ear and then scratch and you will hear a very distinct sound, which will show you how small sounds may be made much louder. 11-30

# Chicago Bandits Make Biggest Haul

By CHARLES CHAMBERLAIN  
Associated Press Sports Writer  
CHICAGO (AP) — The cheer-  
ing bandits of the Chicago  
Bears have made their biggest  
haul.

They made the main contribu-  
tion in the Chicago Bears 14-10  
victory over the New York Giants  
Sunday for the National  
Football League championship.

It was the Bears eighth, but  
the first for Papa Bear George  
Halas since 1945, when the Gi-  
ants again were beaten.

In a daring, daylight caper  
before 45,801 fans in the deep  
freeze of Wrigley Field, and  
many others watching televi-  
sion, the Bears' Jesse James  
boys robbed big money man  
Y. A. Tittle blind.

Five times they stole passes  
from this bald, 33-year-old phen-  
om, who crippled a knee in the  
second quarter but courageously  
returned after halftime treat-

ment to play the rest of the  
game.

Two of the interceptions set  
up Bear touchdowns, in the first  
and third periods.

Two others were fished in the  
end zone as Tittle, the NFL's  
top passer this season, desper-  
ately tried to hurl long scoring  
bombs in the fading minutes of  
a tense last quarter.

Putting the final clamp on the  
Giants hopes were the deep  
interceptions by Bennie McRae  
as Tittle opened a siege from the  
Giants 35 and by Rich Pettibon  
as the master quarterback un-  
leashed a shot from the  
Bears' 37.

But the best frisking Tittle  
and the Giants got by right  
linebacker Larry Morris, a 230-  
pounder, and mountainous right  
end Ed O'Bradovich.

Morris, voted the game's  
most valuable player, heisted a  
Tittle flip in the first period and

galloped 81 yards before run-  
ning out of gas on the Giant  
five.

With eight seconds left before  
the first quarter ended, Bill  
Wade went over from the two  
on a quarterback sneak.

Bob Jencks added the extra  
point and the game was tied 7-7.

The Giants had scored the  
first time they got the ball.  
Wade, who played the entire  
game, was shaken from the ball  
when Dick Lynch and Sam Huff  
hit him. Erich Barnes recovered  
it for the Giants on the Bear 41.

In seven plays, New York  
scored on a 14-yard pitch from  
Tittle to Frank Gifford. Don  
Chandler converted.

Early in the second period,  
Tittle's arm zeroed in on ano-  
ther goalward thrust. The Giants  
moved 59 yards as the Bald  
Eagle brought up the blood pres-  
sure of 58-year-old Halas with a  
36-yard aerial to Aaron Thomas.

But the Bears' defense, the  
best in the league matched  
against the No. 1 offense in this  
showdown, held.

Chandler eventually booted a  
13-yard field goal and the Giants  
clung to a 10-7 edge.

With eight minutes remaining,  
Tittle slipped going back to pass  
and was hit by the charging  
Morris. He limped from the  
field and Lynn Griffing re-  
placed him.

**Grambling Winner In

NEW ORLEANS (AP) — Big  
Willie Reed made 40 points in  
leading Grambling to a 106-93  
victory over Southern in the  
championship final of the Dil-

Tourney Saturday night.

Reed, who stands 6-foot-10, got  
a lot of help from Wilbur Fran-  
zer, who contributed 31 points.  
High man for Southern was Rob-  
ert Love with 27.

Prairie View of Texas defeat-

### Dry Field Is Due For Cotton Bowl

By HAROLD V. RATLIFF  
Associated Press Sports Writer  
DALLAS (AP) — Texas and Navy got the good word today. It will be dry and chilly Wednesday when they square off in the Cotton Bowl football game.

That's the long range weather forecast and there's many a slip between the prediction and the result in this plains country. But history supports the Weather Bureau.

Only twice in the 27 years of the Cotton Bowl have conditions been unfavorable to football.

In 1944 Texas and Randolph Field played a 7-7 tie in a driving rain. It was so cold the rain soon turned into ice.

**Each Bear Likely To Get \$6,000**

CHICAGO (AP)—The Chicago Bears can count on \$6,000 each and the New York Giants about \$4,200 but it isn't official.

Until the National Football League comes up with an official breakdown on the financial figures of Sunday's championship final, it is strictly an estimate.

Commissioner Pete Rozelle had to hold off on final figures, pending a statement on the closed circuit TV receipts from three Chicago arenas. They had reported a 70 per cent sale Saturday.

The paid attendance of 45,801 at Wrigley Field piled up gross gate estimated at \$500,000. The TV receipts were \$926,000. Of this total \$450,000 went to the pension fund and \$82,500 to the league office. The remaining \$393,400 went into the game receipts.

### SWC Cage Race Opens This Week

By The Associated Press  
The Southwest Conference basketball race begins this week after a month of sparring around against intersectional foes with dire results.

But the early campaigning appeared to indicate that Texas, Rice, Texas A&M and Texas Tech are the teams that will battle it out for the championship.

Texas hasn't been particularly impressive but everybody knows it has the team to beat when they start playing for keeps. Rice has looked good most of the time. And Texas A&M gets better with each game.

The Aggies did better than expected in the All-College tournament last week, winning two intersectional games while losing one. And Bennie Lenox set a record for scoring in a single game.

Lenox poured 53 points through the hoop as the Aggies beat Wyoming 99-87 for third place. That's the most a Southwest Conference player ever got in one game.

The Aggies meet floundering Southern Methodist at Dallas to open the conference race Saturday. SMU showed just how erratic and nept it could be by throwing away plentiful opportunities in an 80-70 loss to Stanford.

Texas plays an apparently very weak Baylor at Austin to get its championship repeat bid on the way.

Rice opens the campaign against Texas Christian at Fort Worth.

Texas Tech, which is expected to develop fast, faces Arkansas at Lubbock Tech has averaged 83.7 points per game. The Red Raiders ran and shot with the powerful Bartlesville Oilers Saturday, losing 105-93 but looking good.

Baylor and Texas have some tournament competition before they enter conference play.

### Petersburg Puts 2 On All-State

By The Associated Press  
State champion Petersburg runner-up George West and quarter-finalist Hallsville each landed two players on the Class A all-state schoolboy football team, with end James Greer of Hallsville getting the most votes.

Greer polled 103 points of a possible 110 to lead the way on the Texas Sports Writers Association honor team.

Danny Bigbie, New London's mighty halfback, was second in the voting with 102 points while Terry Scarborough, Petersburg end, led the linemen with 97.

Greer and Scarborough are the ends, George Schroeder of George West and Gary Wells of Jefferson the tackles, Roy Gaspard of East Chambers and Dick Shelton of Albany the guards, Larry Cross of Frisco the center, Lindsey Roberts of Hallsville the quarterback, Gary Loyd of Petersburg and Bigbie the halfbacks and Steve Lane of George West the fullback. Bigbie was the only 1962 repeater.

**11 Seniors Are Selected**

By The Associated Press  
An all-senior outfit, with only one repeater from last year, makes up the Texas Class AA schoolboy football all-state team.

Pat Hubbard, Denver City's great back, in the lone repeater but two others who knocked at the door last year finally made it.

Lee Whitehead, Sinton tackle, moved up from the second team and Dale Johnston of West Orange, on the third team at center last year, is first team this time.

Greg Beasley of Lancaster and Ernie Laurence of Rockdale are the ends, Whitehead and Phil Tucker of Tulsa the tackles, Bobby Husbands of John Foster Dulles and Danny Cross of Donna the guards, Johnston the center, and Ridley Gibson of Quantah, Ronnie Menn of Rockdale, Dale Gideon of Jacksboro and Hubbard the backs.

State champion Rockwall, which beat Dallas 7-6 in the finals, didn't land a player on the first team. Its tackle Anderson was a back on the second team and tackle Harold Chenault made the third team.

**NORTH CAROLINA STOPPED FOR LOSS** — North Carolina quarterback Junior Eddy is dropped for a 5-yard loss as Air Force Academy end John Puster (90) and tackle Jim Sears grounded him in the Gator Bowl at Jacksonville, Fla. But the setback was only temporary as North Carolina won 35-0. (AP Wirephoto)

## Krush Promises Citizens More Products For Comfort

By GEORGE SVERTSEN MOSCOW (AP)—More and better food, nylon stockings, wash-and-wear shirts and 1,001 consumer items made from synthetics—all for 42 billion rubles (\$46 billion).

This is the tantalizing prospect Premier Khrushchev opened up to Russia's millions with the announcement that this country's chemical industry will get top priority in development funds for the next seven years.

The new drive to satisfy this country's hunger for better living standards was disclosed by the Soviet Communist Party's Central Committee.

Huge increases in chemical fertilizers and insecticides will turn the present grain shortage in an abundance of flour, meat, milk and eggs, Khrushchev asserted. Plastics and other synthetic materials will be available for everything from long-wearing shoe soles to linoleum flooring.

Khrushchev's blueprint for new economic horizons was given an extraordinary publicity.

Politically, Khrushchev's program appeared to mark his final victory over more orthodox colleagues who are believed to have challenged the premier's brand of "consumer communism."

Khrushchev has sought ever since his 1957 victory over conservative party rivals to dole out a limited detente with the West into a consumer-oriented internal policy.

Western specialists believe Khrushchev's program was a triumph for Kozlov and Mikhail Suslov represented the hard core of conservatives who favored continued priority for the heavy industries and defense branches of the economy over light industry and agriculture.

At least three factors appear to have paved the way for the break-through of Khrushchev's policy views. These are:

—The crippling illness that forced Kozlov to quit politics last April.

—Suslov's noticeable decline in influence.

—The 1963 crop failure that drove the Kremlin to purchase nearly a billion dollars worth of wheat on Western markets.

The wheat shortage is believed to have provided the clincher to Khrushchev's arguments in favor of "big chemistry," as Russian propaganda calls it, as the source for fertilizer and pesticides.

Russians standing in queues for flour and other staples have voiced impatience with consumer shortages that 46 years of communist rule have not solved.

## Erhard Receives Texas Sombrero

By FRANCES LEWINE JOHNSON CITY, Tex. (AP)—President Johnson treated German Chancellor Ludwig Erhard to a farewell Texas barbecue, gave him a souvenir 10-gallon hat and said their meeting had been "a most treasured two days."

Erhard concurred. He told Mrs. Johnson she had created an atmosphere that made him feel "at home," rather than a guest.

The two men, eating beef and ribs and drinking coffee from tin cups, entered into good-will banter. They also made speeches—spiced with humor—which won standing ovations from the 400 or so guests at the barbecue.

Johnson said he wouldn't want to run an election against Erhard in this community or near-by Fredericksburg, both settled in the 1840s by Germans. Many guests had come from the country around the two towns.

Because of Texas' uncertain winter weather the barbecue was held in a high school gymnasium in rural Stonewall, a few miles from the LBJ Ranch. The school, of weathered white clapboard, had been spruced up for the festivities.

To give a touch of ranch atmosphere, Johnson handed out sombreros. The first went to Erhard—a size 7 1/2—and Johnson pulled it firmly down on the head of his robust German guest.

He called Secretary of State Dean Rusk "one of the greatest men of our time—my strong right arm"—and gave him an honorary Texas hat.

Handing another of the cowboy hats to German-born U.S. rocket scientist Werner Von Braun, Johnson said:

"We want him to wear it for the rest of the decade and then put it on the moon in 1970."

All told it was quite a barbecue even by Texas' giant standards. The crowd consumed 400 pounds of barbecued beef, 300 pounds of ribs, 120 pounds of German potato salad, 100 pounds of cole slaw, 25 gallons of ranch beans, 70 gallons of beer, and plenty of soft drinks and coffee.

There was a little extra excitement too. A plane carrying Robert Kerr Jr., son of the late Oklahoma senator, and four other guests, grounded on the 5,300-foot LBJ runway when a landing gear of the two-engine plane collapsed. But no one was hurt.

## Cuba Hungry At Yuletide

MEXICO CITY (AP)—The Cuban people sent a grim Christmas with practically nothing to eat and prohibitive prices for the few holiday delicacies still available, a spokesman from the exiled Cuban Students Directorate says.

Angel Gonzalez, delegate in Mexico of the directorate, said the average Cuban citizen was entitled to buy just a pound of the traditional Cuban roast pig for the entire family, at the equivalent of \$5.00.

Turkeys were sold at \$3.00 and chicken at \$2.00 per pound, with only one pound allowed for each family, regardless of how many members.

Meanwhile, Gonzalez said the Cuban government feted with lavish parties the more than 20,000 Soviet, Chinese, Czech and Latin American "technicians" at the best hotels and restaurants of Havana and other cities.

## Crowning Set Tonight For Maid Of Cotton

MEMPHIS (AP)—At the end of a busy day, one of 20 posed and pretty girls will be crowned Maid of Cotton tonight.

Two contestants are from Texas.

They are Marion Diane Holbrook of Dallas and Jeanne Webmeyer of Mathis.

She will tour the world in the interest of cotton in a wardrobe designed especially for her.

Considered the nation's most sedate beauty contest, the Maid of Cotton selection depends as much on poise, manners and family background as on beauty.

**River Project To Continue**

WACO (AP)—Directors of the Brazos River Authority voted Sunday to proceed with plans to build the \$21 million Decordova Bend Reservoir Project.

In addition to construction of a dam, power house and reservoir on the Brazos River at Decordova Bend in Hood County, the project calls for installation of a third power generating unit at Possum Kingdom Dam near Mineral Wells.

Sam Boger of Cleburne, Tex., president of the authority, said the directors Sunday reviewed studies of the project ordered earlier in the year before voting.

The Decordova Bend Project has long been a major part of the authority's master plan to conserve water in the Brazos watershed. It would store more than 50 billion gallons of water. Boger said two major factors figured in the decision to proceed.

An agreement was reached with the Texas Power & Light Co. and the Texas Electric Service Co. to buy power and water, providing funds to retire a proposed bond issue to pay for the construction.

A land cost study in the proposed lake area also indicated the needed acreage could be bought at reasonable costs.

Decordova Bend Reservoir would be on the mainstem of the Brazos in Hood County near Granbury, have a storage capacity of 155,000 acre-feet. A surface area of about 8,500 acres and extend upstream about 33 miles from the dam into Parker County.

**"Two-Price" System In Pricing Over-The-Counter Stock Due Review**

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—A troublesome question to be faced in the New Year is: Should there be a change in the present system of listing prices of stocks on the largest market of them all?

This is the over-the-counter market (OTC) with dealers all over the country and with 40,000 or more issues available for trading, many times the number of those listed on the nation's formal stock exchanges.

Bid and asked prices of the most active and best known of these unlisted issues are available to newspapers through the National Association of Securities Dealers, Inc. (NASD).

But they are "retail" prices for the public, as distinguished from "wholesale" prices which dealers themselves get and use when buying and selling.

The bid price quoted is the one at which the stock could have been sold. Asked is the price quoted as that at which it could have been purchased.

And there's where the difference lies between the retail, or public, quotation and the whole sale, or insider, quotation. The retail asked price is the whole sale one to which the NASD has added dealers' commissions or markups.

So the range between the bid and asked prices given the public by NASD is usually much larger than that on the insider list. For example, the retail spread on an expensive stock may be as much as six points while the wholesale range is only two points.

Also, it's sometimes possible for a buyer to get a better price from a particular broker than the asked price made available to the public.

In the case of the formal stock exchanges, prices quoted in the newspapers are the actual ones at which the stocks changed hands. But in a sense they are wholesale rather than retail since the buyer of the stock also had to pay his broker a commission — not quoted in the press — and the seller had a commission deducted from the

price he is quoted as getting.

Such commissions are fixed by the rules of the Securities and Exchange Commission, and the exchanges themselves and brokers must charge the precise sum unless acting for themselves as floor traders or acting for other stock exchange members.

The NASD was created by Congress in 1939 as a self-regulatory agency, to act in cooperation with the SEC in some matters, for the huge OTC market. That market involves some 4,700 dealers with about 94,000 salesmen. And its business grew from \$4.9 billion in 1949 to \$38.9 billion in 1961 when 2.3 billion shares were traded. The public's shyness in investing in much of 1963 probably has cut trading below that figure.

The NASD has the responsibility of trying to prevent listing of false prices. It also sets standards for companies to be put on lists available to the press.

And the NASD keeps an eye on commissions its member firms charge. These run roughly from two to five per cent, the larger figure for stocks selling under \$25 a share, with the commission progressively scaled downward to two per cent for expensive stocks, usually those well above \$100 a share.

Brokers do most of their OTC work on the phones. They contact each other until they can find a buyer and a seller for a particular issue and a price agreeable to both. The OTC thus is a negotiation market, with buyers and sellers seeking each other to negotiate the most favorable prices they can.

Formal stock exchanges, however, are auction markets. Listed issues are offered for a stated price at a trading post on

**Smith Says LBJ Has Good Start**

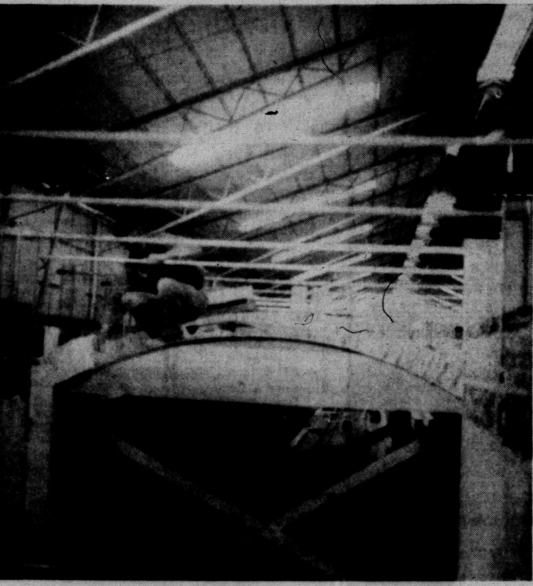

PALESTINE (AP) — Rep. Howard Smith, D-Va., chairman of the powerful House Rules Committee, said Sunday President Lyndon Johnson "is off to a good start" in his efforts to get economy in government.

He called the scheduled closing of 33 military bases as a result of Johnson's budget-cutting orders "a good thing, if it doesn't weaken our defense." He said he was not familiar enough with the bases to pass judgment.

Smith said he hopes Johnson will not try to "turn us into a welfare state, and I don't think he will."

The congressman said he thought President Johnson is committed to follow the Kennedy program, at least in part for the present.

Rep. and Mrs. Smith stopped here on their way from Washington to Jasper, Tex., to visit their daughter and her husband, Mr. and Mrs. Joe Tonahill. Tonahill is a defense lawyer for Jack Ruby, under indictment for slaying President Kennedy's accused assassin.

PROGRESS on the new kiln at Southwestern Brick and Tile has reached the half-way point, with about a year's work left to go before the first bricks come off the line. Ray Martin, co-owner of the firm, is shown setting brick in the center, or firing section of the 300 foot long kiln. The form on which he is standing is moved out from under the roof as it dries and is moved on down the tunnel as work progresses.

THIS IS THE FIRST, or pre-heat section of the new kiln, with the roofed, or firing section seen in the background. A third section, the cooling section is on beyond. Capacity of each section is 30,000 bricks for an overall capacity of 90,000 bricks. 30,000 per day can be produced when the kiln is finished. Southwestern Brick and Tile has applied for a patent on this kiln which has the advantages of a tunnel kiln without the disadvantages of the old-style tunnel which had to be a continuous operation. The firm's products of standard bricks, Romans, Normans, tile and patio pavers can be produced in this kiln.

**Burned-Out Lakonia Is On Bottom**

LISBON, Portugal (AP) — The burned-out shell of the Greek cruise liner, Lakonia sank in 13,200 feet of Atlantic water Sunday as she was being towed toward Gibraltar.

Capt. Trygve Gaasoe of the Norwegian tug Herkules, who was directing the attempt to salvage the hulk, said the ship's starboard list increased Saturday night.

Six men from one of the two Portuguese tugs with the Herkules were put aboard the wreck Sunday morning to close all starboard portholes. The growing list forced them off after four hours.

"Suddenly at 2 p.m. the wreck heeled over to starboard until the decks on that side were awash," Gaasoe reported by ship-to-shore telephone.

"Just as she went down, she rolled back completely so that her decks were pointing straight toward us on her port side," he said.

Gaasoe said the Lakonia sank about 260 miles southwest of Gibraltar.

"It was simply too burnt out to stay afloat," he said. "The charred metal was cooling down after the fire, and this set up a lot of irregular stresses, and the weakened structure probably simply broke up."

Fire broke out on the Lakonia on the night of Dec. 22 as she was sailing from Britain to the Madeira and Canary islands. Of the 1,041 persons aboard, 91 are known dead and 64 are missing.

**Murder Is Described As Family Affair**

CLEVELAND (AP) — Murder is largely a family affair, a New York sociologist said today.

At least, declared Dr. Gerhard Falk of the State University College at Buffalo, murder is a "very intimate matter, which takes place between relatives and friends and rarely between strangers."

Describing a study of various aspects of homicide, he told the American Association for the Advancement of Science that among 121 murders committed in Buffalo from 1948-1955, only 12 per cent of the victims were strangers to the killers.
