

C-C Committee Named For Christmas Program

At the regular meeting of the directors of the Ranger Chamber of Commerce held Monday night, President A. N. Larson appointed a committee to handle the Christmas program this year.

John L. Smith, manager of the J. C. Penney store, will head the

committee and the following were appointed to work with chairman Smith: C. W. Sooter, Jack Robinson, Bill Anderson, Gaston Dixon, J. H. Boyrus, Aaron Stiles, Mrs. Iris Hummell, Aaron Owen, W. J. Eaton, D. C. Arterburn, W. J. Sipes, Lester Crossley, Byron Gailley, Ronald Carroll, Lee Cantrell, Morris Campbell, Horace Adams Jr., A. L. Robbins, Pete Brashier and J. F. Killingsworth.

Each year colored lights are strung on Main and side streets, also garlands and ornamental center decorations. The committee will arrange for a Santa Clause Parade and Old Santa will pass out candy to the children as they pass through the city hall immediately after the parade.

The 13-foot high Santa Claus will be installed at the intersection of Main and Commerce streets. Old Santa received a new coat of paint last year and looks more attractive.

As usual the Christmas program necessitates the expenditure of funds which will be raised by committee members, and chairman Smith asks the cooperation of the merchants and firms in this effort.

The town will be divided into sections and the various sections will be assigned to committee members who will solicit funds to defray the expenses of the program.

Ranger merchants are preparing for a big Christmas shopping season, and will soon be arranging their stores and showing many useful and practical gifts for every member of the family and they anticipate a brisk holiday trade.

Colts, Pups Play Here Thursday Nite

The Young School Colts and the Junior High Pups will take on two teams from Cisco tonight in Ranger.

The first game will be between the Colts and a Cisco 5th and 6th grade team at 6:30 p.m. Ranger's Pups will play at 6:30 against the Cisco Junior High team.

The annual clash between the Ranger Bulldogs and the Cisco Lobos will get under way Friday night at 7:30 in Cisco. The Friday night get-together will be the second conference game of the year for the Bulldogs, as well as for the Lobos. Both teams lost opening conference games. Ranger lost to Winters by a 27-6 score and Cisco lost to Ballinger in a hard-fought 16-14 tussle.

Bulldogs, Rangers Both Seek Conference Wins

This game could very well prove to be Ranger's only chance to take a win in conference play this year, but it will take complete team effort to realize a victory. The Bulldogs seem to have the material to win, but can't seem to convince themselves of the fact.

Cisco was picked as the number one team in the district at the beginning of the season, but have felt short of their goal.

Cisco operates from the Wing-T formation, using a running game almost altogether with very little passing. A fast backfield and big line, creates a combination that will be hard for the Bulldogs to overcome.

Ranger Junior College Rangers will leave Friday for Wharton where they will face the Wharton Junior College Panthers for the second time this season.

Wharton won over the Rangers in the first game of the season by a score of 35-0. They have a big line and a very capable backfield. The Rangers will be seeking their first win, having lost five straight games.

All schools with an enrollment from 115 to 200 are placed in the most accessible district to their school. Schools are assigned for a period of two years in the same district and conference in football, with the exception of new schools

and consolidated schools. No change will be made in the district and conference membership during the 1962-63 and 1963-64 school year.

Member schools must compete in the conference for which their "average membership" qualifies them, and no exceptions will be made to this procedure. Schools may not be voted into higher conference under present regulations.

The first date that any high school team in Conference A can play a game is September 7, 1962. The last date for certifying champions in the conference is November 17, 1962.

Prescott and Bill Young. Assignments to Class A football are governed by three factors: (1) Enrollment in the last four high school grades; (2) The geographical location of the school; and (3) Arranging schools in such a manner as to have 32 districts in the state, thus assuring an orderly state championship play-off for members of the conference.

Ranger will participate in Class A football in District 10, for the next two years. Other schools participating in the conference will be Albany, Baird, Clyde, Cross Plains, and Eastland. Superintendent James E. Bramlett of Albany is chairman of the district.

United Fund Campaign Now In Progress-'Give'

Fifty-two directors and volunteers of the United Fund program is a tremendous force for the betterment of Ranger and its people. I can tell you from the certainty of a kick-off dinner to start the United Fund Drive in Ranger. Enthusiasm was high for the work that started Tuesday morning. A late report from campaign headquarters indicates that \$754.00 has been collected in the drive. An attempt will be made to complete the drive by Monday, Oct. 23.

Dr. Charles Gann, president, presided at the dinner meeting. Arthur Deffenbach introduced as guest speaker Glyn Covington as the guest speaker for the event.

Covington said, "There is really no doubt about the fact that our neighborhoods, happy and active

—growing strong and straight in body and mind under the influence of the Boy Scouts and Camp Fire Girls.

"I have seen the facilities and operation of Teen Town, which provides a local and supervised opportunity for our teenagers to assemble and enjoy wholesome fun and association.

"I have seen the humanitarianism of the Salvation Army, Red Cross and Texas United Fund. They are all combined into one drive instead of holding separate drives for each agency.

He went on to explain the fact that effort agencies make up the United Fund in Ranger and that they are all combined into one drive instead of holding separate drives for each agency.

Pointing out the fact that everyone should give more to the United Fund, Covington said that "The givers provide the life blood and the strength of these agencies and the entire program. There should be more givers and they should be more generous givers, but the point I really want to make is that when one does provide financial support to the United Fund, in reasonable accord with his ability to support, he is taking an action that reflect itself in satisfaction to him, and it contributes to his own well being."

He paid tribute to the volunteer workers present by saying that "It is almost a modern miracle that so many people could be mobilized on a purely volunteer basis to carry effectively this job that is to be done."

In conclusion, Covington said that "United Fund deserves the wholehearted and generous support of every last one of us in Ranger. Give to the United Fund—Give what your means will permit, but certainly as much as your heart would suggest."

"If you have no higher gauge for yourself—I earnestly urge that you use the time honored standard—'Give one day's pay—It's the American way.'"

Herman Cupp, vice president of the organization, instructed the volunteer workers in "Do's and Don'ts for Solicitors." He emphasized the fact that the outcome of the drive depended entirely on the workers.

FOR RANGER P-TA Consolidation Gets Scrutiny in Debate

The consolidation advocate asked for an "objective outside study" and his opponent called the consolidation plan a "financial fantasy" during a war of words at a P-TA-sponsored debate at Ranger High School auditorium Tuesday night.

Dr. Jim Whittington reviewed work that had been done so far toward consolidation, during his opening remarks, and explained how Senate Bill 80 had been engineered into law to remove the penalty from consolidation.

The physician hit hard at being able to pay off all the schools' debts by consolidating, and predicted that with the declining population, consolidation will come eventually of necessity.

The opponent, Glen Covington, former school board member and safety director for Lone Star Gas Co., agreed to Whittington's "incentive pay" figures, acknowledging that if the nine districts joined into one, there would be a surplus of \$787,000 after debts were paid, or \$614,605 after debts if only the eastern six districts were consolidated.

However, he went on to explain, using what he called "ultra-conservative" estimates, it would cost some \$5,390,000 in local tax money over a ten-year period to have in a consolidated school what is now being offered in the nine individual districts schools.

Covington's figures included: \$127,000 to hire the extra teachers that would be needed; \$94,000 to pay bonus for "above-base" teachers for a 4-AAAA school; \$40,000 additional for transportation. (Continued on Page Two)

Chief of Police Bob Patterson and Texas Highway Patrolmen Holland and Watts, met with Texas Highway engineers in Eastland Tuesday morning to discuss traffic regulations during construction of Highway 80, near Ranger.

Construction is scheduled to get underway in two weeks on a stretch of road from Lake Leon to the traffic light at the intersection of Main Street and Highway 80, in Ranger.

A study was made by the officers and engineers, in an attempt to slow traffic and eliminate accidents, while the road is under construction. Butane warning lights will be used to mark danger areas and discussions were made as to the feasibility of using electric lights on warning signs approaching the construction work.

Work will start at the Leon Road, on the West lane and move toward the traffic light in Ranger. Work is scheduled to be completed sometime before Christmas.

 Buccaneers struck again on a 41-yard pass play. Quarterback Al Jones rolled out and pegged End Harvey Cernesek with the TD aerial. Extra kick attempt was again wide of the up-rights. Another second quarter score was collected by Cunningham on an end run from the Ranger's 10-yard line. Ranger's defensive players blocked the extra kick attempt, making the score read 19-0 at halftime.

After the half the Rangers held Blinn until five minutes deep in the fourth quarter, when Cooper Ford broke loose on an end sweep for the TD. The play covered eight yards. Points-after run was no good.

Blinn's last score was made by Ford when he intercepted a Ranger pass on the 35 and raced over the goal line for the score. He also blasted over center for the extra two points. Score at the end of the game—33-0.

portation; \$9,000 for nine additional buses for transporting high school students;

And \$60,000 for interest on estimated \$2 million new schools.

The doctor answered in his rebuttal with a list of what he called "silly-statistics", to show, he said, that anyone can prove anything with a set of figures.

Dr. Whittington also read an "open letter" to Wendell Siebert, superintendent of the Eastland schools, and recently-elected president of the county organization that is opposing consolidation.

He closed the rebuttal asking for a move into the consideration with a positive attitude.

In his rebuttal, Covington said that the geography was too large and added that the one-school idea could breed juvenile delinquency because of the loss of the community identity.

Asking questions of the two at the end of the debate were Fred Bennett, A. W. Warford, Charles Milliken and Pete Brash-ley.

The two outspoken debaters graciously shook hands afterwards to the applause of the audience of about 100.

(Ed Note—Excerpts from the notes of the two debaters, including the "silly-statistics" and the "open letter" will be published in Sunday's edition of this paper.)

Wells Accounts For Bulldog's Only Score

A strictly defensive game was played by the Ranger Bulldogs last week against their first conference foes, the Winters-Biz-zards. The Bulldogs ran only 35 plays from scrimmage, while the Bizzards chalked up 90.

Johnny Wells scored the only touchdown for the Bulldogs when he caught a passover the goal line. Joe Barker led the Bulldogs in yards gained with 63 yards to his credit. Well gained five yards and Ray Newnam accounted for two yards.

Terry Townzen tossed 10 passes, completing six. Arthur Mendoza caught two of the aerials for 16 yards, Donald Ray Lewis, one for 24 yards and Wells received three for a total of 45 yards gained.

Making first and second contacts in the tackle department were Barker, 12 tackles and seven assists; Kyge Edmonds, 11 and five; Wells, eight and four; Richard Guest, six and two; Jesse Renteria, six and two; David Lockwood, five and one; Jimmy Drennan, four and six; Charlie De Los Santos, two and one; Mendoza, two and four; Jerry Jones, two and two; Lewis two and one; Douglas Browning, one and three; Newnam, one tackle; Jean Mar-ritt, two assists; and Johnny Camacho, one assist.

TOUCHDOWN TALK

Last Saturday night before the Blinn Junior College-Ranger Junior College game Coach Gerald Williams of the Blinn Buccaneers remarked in a negative tone that they (Blinn) weren't really expecting a victory. "Even though," he said, "Ranger looks like our only chance, we don't anticipate winning."

After the game the Touchdown Talker asked some of the Blinn players for comments on the game. James Finch, a Buchanan guard, and John Sommer, a half-back, said that they were surprised that their victory came so easily. Lewis Sanders, an end, quipped that Blinn would probably defeat Ranger again in the second half of the season's play, but the Rangers will no doubt have ideas of their own about another Blinn victory.

The next meeting with the Buccaneers should be a different story. The Rangers moved the ball well against Blinn, but made mistakes that nullified gains. The Touchdown Talker thinks that if the Rangers unharmed their potentialities and iron out their difficulties and weak points, they can turn more than one score around to their favor during the second half of the season.

The 20th Century Minute Men who help defend America

Since 1941, thousands of folks in advertising, communications, and entertainment, have pooled their talents to make U.S. Savings Bonds a household word

The first Minute Men put down their guns in 1783 after winning independence for themselves and their Nation.

In 1941 a new breed of Minute Men came to the aid of their country to help sell U.S. Savings Bonds. These were the actors, singers and musicians who entertained in behalf of Bonds all over the world, backed up by thousands of people in America's advertising agencies, newspapers, magazines, radio, television, outdoor and transit media.

A \$50 million budget—free

Put all the Savings Bond advertising on a dollar basis and it would approach \$50 million a year—a bigger advertising budget than most of the country's largest manufacturers. The total for 20 years

of the Bond Program is estimated at \$1.8 billion in free space, time and services.

This amount is swelled every day an uncountable amount by the folks in "show business." Yet not one penny of this cost is paid by the government or the taxpayers.

The built-in features

U.S. Savings Bonds are guaranteed safe by Uncle Sam—and guaranteed to grow in value. They pay 3½% interest when held to maturity. You can't lose your equity—your Bonds are replaced if destroyed or stolen. You can get your money back anytime you want it—with interest.

Every Bond you buy is a share in a stronger America. Come to your country's aid—and your own—now.

"The Advertising Council is proud of its role,"

says Theodore Repplier,
President, The Advertising Council

"Everyone in the advertising and entertainment fields and allied industries who has been involved with the U.S. Savings Bond Program will tell you what a rewarding experience it has been. We're proud of our part in the Bond Program which has helped Americans become owners of \$43 billion in Bonds today."

T. S. Repplier

You save more than money with

U.S. Savings Bonds

Buy them where you work or bank

For 20 years America's newspapers have published Savings Bonds ads at no cost to the Government. The Treasury Dept. is grateful to The Advertising Council and this newspaper for their patriotic support.
