

Legion To Convene Here June 23-24

HERE TUESDAY

WALTER C. WOODWARD

Walter Woodward Speaks In Lamesa

Walter Woodward of Coleman spoke in Lamesa on the courthouse lawn at 10 a. m. Tuesday, using his loudspeakers. A large crowd heard him. He is a candidate for attorney-general of Texas.

Accompanying Woodward here was his brother, Garland A. Woodward of Big Spring. The party left for Tahoka here he spoke Tuesday afternoon, reaching Lubbock that night. The speech in Lamesa was his third in West Texas on the present tour.

The Coleman candidate has been a state senator for 10 years, prior to that having been an assistant attorney-general and having served four years as Coleman county attorney. He has been in the active practice of both civil and criminal law for more than 25 years.

Born at Coleman 52 years ago, this West Texas is making his first race for a state office. His home people have elected him to public office five times without a defeat. His two opponents are criminal lawyers without civil experience, Woodward said here.

"The attorney-general is the highest law officer and in many respects the most important official of our state government," Woodward said. "He should know the functions of the various departments of our government and will be called upon during the next few years to decide issues vital to the very foundations of our form of government."

"Criminal lawyers like my opponents do not know the intricate workings of the civil laws and never have been registered in the highest civil court of our state, where, after all, the final decisions rest. I have been admitted to the Texas Supreme Court as a lawyer for many years. They have not."

"We do not need a backslapping, handshaking amateur actor in that high office. We need someone with a background of experience, able and willing to serve without having entanglements of special interests and without enemies to punish. I believe I am qualified."

"I do not expect to be the best attorney-general Texas ever had but I hope to be a good one."

Lions Club Elects New Officers

Guy Weekes was in charge of the program at the Lions Club meeting on Wednesday noon of this week. About twenty-five Lions were present.

A very enjoyable program was given with Miss Betty Joe Ray of Austin giving two tap dances and Miss Weiser of Frederick, Oklahoma giving Saxophone solos.

New officers were elected for the ensuing year. Dr. J. M. Harrington was elected president, A. G. Barnard first vice-president, Dr. J. J. Meadows, second vice president, Jesse Carroll, secretary and treasurer, W. A. Wilson, talltewriter and J. R. Lowrie Hon tamer. New directors were also elected.

Weaver Ranch Home Destroyed By Fire

Fire of an undetermined origin destroyed the Weaver ranch home on last Thursday afternoon about 1 o'clock.

The ranch home located about six miles west of Lamesa was one of the oldest landmarks in this part of the state having been built by Mr. Weaver 33 years ago. Mr. Weaver is now making his home in Fort Worth due to ill health.

Mrs. Frank Winiford of Lancaster is here visiting her sister, Miss Nannie Billingsley.

Bostick Suit Not Allowed By Court

Fire Department Wins Honors At Convention

The local Volunteer Fire Department attended the State Firemen's convention in Mineral Wells the 12, 13, and 14 of this month. Those attending were Ross Lowrie, Glen Cope, Ed Hatch, Ruben Kelly, Weldon Lindsey, Copus Boyd, Davie Jones, Ralph Fry and Fire Chief James Sumpter. Ernie Parchman, who is now employed in the First National Bank at Munday, Texas, and former Fire Chief of Lamesa, met the boys in Mineral Wells for the second and third days of the convention.

After a hotly contested fight between Eastland and El Paso it was voted that next year's convention go to El Paso.

The local fire boys entered two contests staged by the convention. The first is styled the Pumper Team Contest and the Lamesa boys tied with Claude for third place, bringing home \$50.00 cash for reward. In this contest 44 volunteer departments entered. New Braunfels won first place and Memphis won second place.

Davie Jones represented the local fire department in the one man Convention City Contest, but failed by seconds to place, although he made a good record according to reports. Nineteen other men entered this contest.

Mrs. W. K. Crawley is the Fire Department Mother for the local Department and has been very active with the boys in their work here the past few months.

Not many towns the size of Lamesa can boast of as efficient volunteer fire department as we have here. The fire record of Lamesa is an enviable one. The minimum losses having been held down as low as possible, due principally to the educational program and fine work of our fire boys.

Paving To Start on Highway No. 9 Soon

A committee composed of County Judge Philip Yonge, M. C. Lindsey, Elmer Baron and Tom Burnside were in Lubbock Monday, meeting with Guy Johnson, Division Highway Engineer, in reference to the road work for this county.

Mr. Johnson told this committee that he had approved the projects for hard surfacing Highway No. 9 and for the grading on highway No. 83 running east, and the work would be started as soon as the relief commission authorized the job. Work has been received from the relief commission that this would be authorized next week and the work would start immediately.

Rev. Surface To Attend Encampment

The Rev. Eugene H. Surface will leave on next Monday for the annual Buffalo Gap Conference for young people, held at the conference grounds twelve miles south of Abilene, this year from June 25th to July 2nd.

This year Mr. Surface has four duties in the conference: he is to teach one of the classes, a course on "Our Presbyterian Church," emphasizing chiefly the story of the Early Church of the Apostolic Age and a few generations thereafter; he is to conduct the Vesper Services each evening facing the sunset at seven-fifteen; he is on the Faculty Classification committee; and he is to preside at the Sunday morning services at which service Dr. King of Hemphill Presbyterian Church, Fort Worth, will preach. Rev. Mr. Surface will return next week.

Mr. and Mrs. D. B. English of Tahoka were Lamesa visitors Tuesday.

Word was received from the Attorney General's Department at Austin and from Arthur P. Duggan, State Senator, early Thursday morning this week that the F. A. Bostick suit in the Supreme Court of Texas had been dismissed. "The Court refusing to grant Mr. Bostick leave to file a petition for a Mandamus to require Geo. H. Sheppard, Comptroller, to pay him 10 per cent of compensation due 1234 West Texas Cotton growers for losses incurred in a Pink Bollworm Quarantine in 1928 and 1929."

This information from the attorney general's office and Senator Duggan comes as good news to Dawson County Pink Bollworm claimants, and now it is hoped the last obstacle has been removed and the Pink Bollworm claimants will get their money soon. The efforts of the attorney general's department and Senator Arthur P. Duggan to get this suit dismissed are certainly to be appreciated.

Red Cross Swimming Classes To Be Held

Beginning Monday June 25, the regular American Red Cross swimming classes will be conducted at the city pool. The instruction will be free so the only cost will be the regular admittance charge to the pool.

If you cannot swim at all or if you wish to improve your swimming enroll in these classes. You must pass the swimming test before you can enroll in the Red Cross Life Saving classes.

Joseph N. Spikes will be the instructor for the mens class and Mrs. Bob Lavender will be the instructor for women classes. See the instructions below for the dates and hour of the classes.

Mens and boys beginners classes will be held from 4:30 to 5:30 and the mens and boys swimmers classes will be held from 5:30 to 6:30 on the following dates:

Monday, June 25; Wednesday, June 27; Friday, June 29; Monday, July 2; Friday, July 6; Monday, July 9; Wednesday, July 11; Friday, July 13.

Women and girls beginners classes will be held from 4:30 to 5:30 and women and girls swimmers classes will be held from 5:30 to 6:30 p. m. on the following dates:

Tuesday, June 26; Thursday, June 28; Saturday, June 30; Tuesday, July 3; Thursday, July 5; Saturday, July 7; Tuesday, July 10; Thursday, July 12; Saturday, July 14.

If you wish to enroll in any of these classes leave your name and indicate the class you wish to enroll in with Shorty Dixon at the swimming pool or with the instructors.

If you wish to take swimming instruction and it is impossible for you to attend any of the above mentioned classes get in touch with Leslie Pratt, chairman of the Life Saving Committee, Dawson County Chapter, American Red Cross, and he will try to arrange a class that will be convenient for you.

Home Demonstration Agent Arrives Here

Miss Madeline Cox of Canyon arrived here last Wednesday to take up the duties of Home Demonstration Agent for this county.

Miss Cox's office is located in the basement of the court house.

OPEN AIR SERVICES AT H. L. WILSON'S RESIDENCE

Rev. A. L. Dennis began a revival meeting at Mr. H. L. Wilson's residence, one half mile east of Weaver school house on highway 83, Wednesday night. As many as can are urged to attend the open air meeting. Services each day at 8:30 p. m.

Luncheon Club Holds Annual Ladies Night

The Lamesa Luncheon Club entertained 66 people in its annual ladies evening chicken barbecue program in the city park Tuesday night. Carl Rountree presided and all had one of the best times that it has been their pleasure to attend in Lamesa.

The net proceeds of the affair were turned over to the County Library and about \$20 was realized.

Dr. and Mrs. Roy Loveless of Slaton were guests of the club and Misses Marguerite Flaniken and A. Tress Randle. Dr. Loveless made a short address and Misses Flaniken and Randle gave delightful readings.

Credit was given to Dr. Roy Loveless while president of the Lamesa Luncheon Club three years ago for starting the movement which resulted in the present library. Credit was given to Mrs. Carl Rountree and Mrs. Victor Crawley by Dr. Loveless for getting him interested in the matter, and much credit was given to Mrs. R. R. Townsend and Miss Lucille Olsen for keeping the sparks awakened and all the details up. It was pointed out that now the library has more than 2,000 volumes in it and a regular monthly readers list of 500 people. An appeal was made to any who had books or money at this time to make a contribution toward the keeping of the library. Any one interested get in touch with Mrs. R. R. Townsend, she will see the matter is taken care of.

The Luncheon was a success, thanks to the Electric Company who furnished the lights and the City of Lamesa for the Park and part of the lights, the Snyder Transfer Company who did all the hauling of materials, the Rainbow Ice Cream Co., who furnished the ice cream, John Farmer who helped out on the bread and who barbecued the chicken, Higginbotham-Bartlett who loaned tables and lumber, the American Legion who loaned the chairs and all who in any way helped or contributed anything to the program or materials for the success of the meeting.

LETTER TO SENATOR DUGGAN

The following letter has been received by Sen. Arthur P. Duggan with reference to Dawson county being included in a drouth county:

"Dear Mr. Duggan: The Secretary has brought to my attention your telegram of May 30, requesting that Dawson county be designated as a drouth county, particularly for the establishment of a road construction program to provide work for drouth stricken families.

"While our earlier reports did not show Dawson and other counties in your section of Texas as suffering so severely from drouth as some of the northern panhandle counties, recent reports show that range conditions have been deteriorating and we now feel justified in designating Dawson county as a secondary drouth county. It is our understanding from the Relief Administration that work programs will be established in the counties which we designate as secondary drouth counties.

Yours very truly,
C. W. Warburton, Director of Extension Work, U. S. Department of Agriculture, Washington, D. C."

NEXT WORKERS' MEETING

On the invitation of the Munger church and community the next workers' meeting will meet with the Munger church the second Thursday in July. The date of this meeting will be the 12th of July. We had a good meeting at Midway last second Thursday. Come and enjoy the fellowship of the brethren at Munger next time.

J. C. Thomas, Pastor.

Mr. and Mrs. Marchbanks and Miss Pearl Penney of Big Spring visited Mrs. Belle Ridgeway here Sunday.

Miss Katherine Hill of Lubbock spent last week here visiting Miss Kathleen Webb.

Thousands Of Visitors Expected To Attend Singing Convention

Draws 10,000 People

And the Singing Convention is over, and what a crowd! Many estimate the attendance at 10,000 people while the most conservative place the figure at between 7,000 and 10,000. It was a great event in the history of Dawson county singers who played host to the affair.

Much credit for the success of the meeting and the way it was handled goes to the committees that had the affair in charge.

But for the EXCELLENT work of the BOY SCOUTS, troops 22, 23, and 44 it would have been impossible to have put the job over in as good shape as it was. Troops 44 and 23 under the direction of Don Williams and Leslie Pratt had the very difficult job of parking cars. They did it in fine fashion and it is doubtful if many grown men with plenty of police power could have done better. Not a single accident was reported and no one was hurt. Everything was run in an organized and smooth manner. The people as a whole cooperated with the scouts for the success of the convention. Another big job was that of handling and ushering the large crowd of singers and those who wanted to listen. Eight hundred singers were seated "behind the ropes" and 1600 were seated immediately in front, and 1200 more sat in chairs of their own and stood around the platform, all eagerly listening to the many wonderful songs of the many song artists that traveled hundreds of miles to attend and perform on the program of this convention. It was a job to seat this multitude of people and they were seated four times during the convention. But thanks to Joe Spikes and his fine troop 22 they got the job done and received the praises of all the singers and the large crowd who attended. The people of Dawson County are proud of the Boy Scouts. They are behind them in any way they need them.

Bill White, Will Beeman, G. C. Clift, J. D. Dyer, Owen C. Taylor, W. N. Wright, Holland Kinnison, J. L. Garrett, Jack Phinizy and Gus White all headed important committees that really put the convention over in good shape. Time and space both prohibit special mention of the fine work these people did but suffice it to say that they worked hard at their jobs and all is praise for the work they did.

Mrs. R. R. Townsend, Mrs. A. B. Heffernan, Mrs. A. G. Barnard, Miss Allene Saiser and Mrs. P. J. Sailer took care of the registration of visiting singers. They registered 930 in all. These people stayed on the job like Trojans until the last song was sung, meeting all visitors and welcoming them to Lamesa.

Special thanks go to the East Compress and J. H. Harp for the use of the large compress shed. This large convention could not have been held any other place in town and all agree that it was out of a gracious heart that the compress and Mr. Harp let our people use the large shed which was ideal. Thanks also to the light people who furnished the lights. Thanks to the city of Lamesa who cooperated in every way to make the convention a success. But a great big card of thanks to our lumber yards who so willingly furnished seats and lumber. Also to the rural communities who furnished seats, the committee extends thanks.

Odis L. Echols of Lubbock, president, stated that this was by far the best handled convention he had ever attended. Singers were here from Dallas, Muskogee, Okla., Oklahoma City, Abilene, Lubbock, Floydada, Carlsbad N. M., El Paso, Littlefield, Levelland, Amarillo, Pampa, Tahoka Brownfield, O'Donnell, Big Spring, Midland, Seminole, Seagraves, Anson, Nacogdoches, Cone, and many other parts of the Southwest. Five singers registered from Norfolk, Va.

All in all, it was a great event and one of the largest crowds that ever gathered in Lamesa.

Some people said they felt sorry for Will Beeman, whose job it was to feed the large crowd of visitor. But Will does not go off half-cocked. He had a good live committee in each rural community in the county that helped him get enough food here for the visiting singers.

When the crowd adjourned Sunday noon Will was on the job and every visiting singer was taken care of. Thanks to Will and the fine people of Dawson county who cooperated. You can always depend on Dawson county people doing what they are called on to do.

Elaborate plans are being made for the Fifth Division American Legion convention which will convene here on Saturday and Sunday this week end. At least one thousand visitors will be present, states Caryl Baldwin, local post commander, the local post acting as hosts for the gathering.

All merchants are urged to put their flags out on Saturday morning and all people who have rooms that they wish to rent to the delegates are asked to call Caryl Baldwin.

Delegates and visitors will start registering on Saturday morning at 10 o'clock at the Westland Hotel, Williams Hotel or the Dal Paso Hotel.

At two o'clock in the afternoon a baseball game will be held at the local park, between a Lubbock team and the Pumpkin Center team. This is expected to be a real ball game and all delegates as well as local people are urged to attend. There will also be a polo game and rodeo Saturday afternoon. The rodeo will be held also on Sunday afternoon.

Saturday afternoon at 4 o'clock the local auxiliary members will give a musicale tea for all visiting auxiliary members. This will be given in the reception room at the Dal-Paso Hotel.

At 6 o'clock a bathing beauty revue will be held at the city swimming pool. Each post attending will enter one girl and the winner will be crowned queen of the 5th Division and the post that she is representing will be given a silver loving cup. The American Legion will be in charge of the swimming pool from 4 o'clock Saturday afternoon to 6:30. A small admittance charge of 25 cents for adults and 15 cents for children will be charged for the bathing revue, this charge also allowing the privilege of a swim.

A dance will be held Saturday evening from 9 o'clock to 12 o'clock. This will be given in the old Davis Furniture Store building on North Second Street. The music will be furnished by Mrs. Barnard and her orchestra.

Sunday morning from 7:30 until 8:30 an officers breakfast will be held at Casons Cafe. Caryl Baldwin will be toastmaster for the occasion and the principal address will be made by George Broome, Alt. Nat. Com., of Amarillo. At 9 o'clock the service officers will hold their school with Wynn Goode as director. At 10:30 at the District Court room devotional services will be held with local post chaplain Rev. A. L. Dennis in charge. From 11 o'clock until noon the Hon. John Lee Smith will address the group. The Chow Line will be held at 12:15 at the City Park.

Sunday afternoon at 1:30 Louis B. Reed will give the welcome address and O. L. Weekly of Post will give the response. County Judge Philip Yonge will introduce guests at 2 o'clock and at 2:15 M. J. Benefield, State Commander will address the group. A business session will be held later in the afternoon with Orville Turner as Chairman.

On Sunday morning starting at 9:30 the Ladies Auxiliary will hold their meeting. Their program is given as follows:

Song; Prayer; Welcome address, Mrs. T. B. Fulkerson, Lamesa; Response, Mrs. Tillman Jones, Post; Education of War Orphans, Mrs. W. J. Danforth, Ft. Worth; Rehabilitations Mrs. Will Benton, Amarillo; Unit's Activities Reports, Mrs. Van W. Stewart, Perryton; Address, State Commander Benefield, Brady; Introduction of Other Guests; Report, Mrs. R. C. Maddox, 17th District Chairman; Report, Mrs. James Trent, 18th District Chairman; Report, Mrs. M. J. Benefield, 5th Division vice-president.

Post Commander Baldwin states that they are expecting the cooperation of every ex-service man in the county, an ardent urging all to attend the meetings and take part.

Plans Being Made For Big Trades Day

Plans are being made for another big Trades Day next First Monday, July 2nd, according to officials of the Trades Day Association.

The regular First Monday program of horse racing, trading and swapping, merchandise bargains, and the usual entertainment and lawn programs will be enjoyed. A larger crowd than has been had on any previous Trades Day is expected here on this date—First Monday, July 2nd.

R. Y. Lindsey of Midland was a visitor in Lamesa Monday.

THE STORY

CHAPTER I.—Robin Kershaw, descendant of a pioneering family, rode with Fremont to California, made his millions in the gold fields and sought a suitable location for a cattle ranch. With his bride, who had walked beside a covered wagon in the '40s, Kershaw rode into the mountains of California where he found an ideal valley for ranching and cattle raising. His bride christened it Eden Valley. Below Eden Valley, which they intend to stock with cattle, and where they plan to build their home, is a less valuable tract which Kershaw's wife christened Forlorn Valley.

CHAPTER II.—The Kershaw prosper. Robin Kershaw acquires the most valuable lands in Eden Valley. Trouble impends when Joe Brainerd, Texas man and as belligerent and obstinate as Robin Kershaw, settles in the lower half of the valley. There is blood over fences and water for irrigation. The man fight it out in smoke. Kershaw kills Brainerd and the blood-fest is on Henley's sons vengance.

CHAPTER III.—By 1917, Rancho Kershaw, his son Owen, and daughter Lorry are all the remains of one clan. Nate Tichenor is the sole survivor on the Henley side. Owen is killed in the World war. Nate Tichenor returns after an absence of nine years. He goes to help Lorry in her car and finds her father has died of heart disease.

CHAPTER IV.—Silas Babson, from the Middle West, unscrupulous and grasping, controls the Forlorn Valley settlement through his bank. He schemes to build a dam and control the irrigation and hydro-electric possibilities of Eden Valley. He first aims to secure the heavily encumbered lands of Rancho Kershaw's daughter, Lorry. Babson finds surveyors already on Eden Valley lands owned by Nate Tichenor. The banker proposes that Nate Tichenor should give up his lands in return for a share of the new business. He had been received, courteously and told that no orders for lumber or building materials could be given him because Silas Babson was one of his heaviest stockholders.

When Crenshaw returned to Valley Center he informed the local chamber of commerce of the projected outlay of a great deal of money in Eden Valley. Nate Tichenor and his wife had merged their ranches, the old Bar H headquarters were to be razed and the old Circle K log ranch-house was to be given over to Rube Tenney and his family, after the Tichenors had erected on the Circle K a country home that was to cost not less than a hundred thousand dollars. There were stables and kennels to be erected also, grounds to be laid out and flowers planted. The lunatic Tichenor was even going to build a nine-hole golf course and a huge swimming pool. Crenshaw thought that the payroll for labor necessitated in these operations should go to Valley Center, so the vice president of the chamber of commerce called upon Tichenor to suggest it.

"Forlorn Valley in general and Valley Center in particular wishes to forget the past and be friendly with you, Mr. Tichenor," he stated. "As proof of that feeling I call your attention to the fact that we gave you the use of the freshest waters of Eden Valley creek this spring when we found we couldn't use them ourselves, owing to the necessity for concreting our diversion canal. We didn't have to do that, but we desired to make a friendly gesture."

"My dear man, I ordered those flood-gates opened myself and I had men guarding them with rifles so that nobody would close them until our lands had had their annual soaking. That's the sort of friendly gesture I made to Forlorn Valley. I was on my honeymoon at the time and didn't want to bother with the law, so I just went back to the old Eden Valley custom. It worked. And I'll engage no labor from Valley Center or Forlorn Valley. I do not like anybody in that section of the county. And here's another message you can take back with you; within two years I'll own every acre of Forlorn Valley that is included in the irrigation district; I'll fence it and run cattle over it. At least the wells will supply drinking water for my cattle. And when the farmers in the district have been dispossessed there will be no further necessity for the thriving town of Valley Center, so it and its chamber of commerce will disappear; Valley Center will then be a ghost town, inhabited by ghosts."

The vice president of the chamber of commerce was irritated but he was also amused. "In there no way in which we can escape this horrible fate that awaits us?" he pleaded in mock distress.

"Yes, there is," Tichenor replied seriously. "Get rid of that bastard, Babson, and start doing your own thinking. Show an inclination to be fair and I'll meet you two-thirds of the way toward an amicable adjustment of this water war. Continue to permit Babson and his paid newspaper to print lies about us and ridicule us, and I'll smash you. And after I've smashed you I'll buy up the pieces and own the district. I tell you, when I get through with the state of California that state will be out of the business of giving away water it does not own and that document Babson got from the state water commission will be perfectly worthless."

His visitor gazed upon Tichenor humorously. "What a long tall our cat's got," he murmured. "Oh, I'm only a common little bobcat now," Tichenor replied easily. "Wait until I develop into a tiger—and then watch my tail swish!"

times. "Make it snappy. Time and visibility wait for no pilot."

Half an hour later, as they roared upward in great spirals to gain altitude before crossing the mountains, they looked down on Eden Valley; to that tragic creek winding its silvery way through the green meadows, to the little black dots that were Lorry's cattle and the little white dots that were the home-made headstones, chiseled from native granite and marking the graves of all the Henleys and Kershaws that had gone before.

"I wonder what they're thinking of up yonder?" the girl shouted in his ear. He pretended he did not understand her.

"I've been so busy I couldn't get started on that new house I planned," he shouted back, "but we'll tackle it the minute we get back."

So she knew he had, at last, left his dead and his old bitter memories behind him; and there, above Eden Valley, as her little hard, calloused, capable hand closed over his, she dropped hers also; she shed happy tears in the knowledge that never again would hard work, penury and loneliness be her portion. The sun was setting on Eden now, but when, for them, it should rise again on Eden, the serpent would be gone.

In June of 1927 the news spread through Forlorn Valley of the return of Mr. and Mrs. Nathan Tichenor to Eden Valley. Shortly thereafter huge trucks laden with lumber and building materials came through Valley Center from Gold Run, bound for the old Circle K ranch. Immediately Crenshaw, the manager of the Valley Center lumber yard, motored up to the Circle K to see Nate Tichenor and ask for a share of this new business. He had been received, courteously and told that no orders for lumber or building materials could be given him because Silas Babson was one of his heaviest stockholders.

When Crenshaw returned to Valley Center he informed the local chamber of commerce of the projected outlay of a great deal of money in Eden Valley. CHAPTER XIII

The Forlorn Valley Irrigation district proceeded at once to the task of concreting its huge diversion canal. The job was completed by November first. Almost from the beginning the

diversion canal can wait full and Lake Babson commenced to take form. The snowfall was unusually heavy that year also, but spring came early and the run-off due to the melting snow commenced about the middle of January.

This was the season of overflow in Eden Valley creek, the season of God's gift of free irrigation to the Circle K and the Bar H. And Nate Tichenor, watching the water's rise, knew that in another twenty-four hours the freshest would be on, so he and Rube Tenney and half a dozen armed men opened the floodgates, in defiance of the ditch-tender's protest and the flood roared on down Eden Valley. The ditch-tender immediately mounted his horse and rode down to Valley Center to report this act of vandalism to Silas Babson, who motored into Gold Run and, as president of the Forlorn Valley Irrigation district, petitioned the Judge of the county superior court for an order restraining Nathan Tichenor, et al, from interfering with the orderly diversion of the flood waters of Eden Valley creek to the canal of the Forlorn Valley Irrigation district.

To Babson's vast amazement the Judge declined to issue the restraining order. "I hold, Babson," he informed the latter, "that the law under which the state water commission has been empowered to allocate to non-riparian owners the flood or waste waters of riparian owners, is unconstitutional and that, hence, Forlorn Valley has no legal right to the flood waters of Eden Valley creek."

"Why hasn't our Supreme court declared the law unconstitutional?"

"Because nobody has carried a water fight up to the Supreme court."

A week had gone by since Nate Tichenor and his men had opened the flood-gates up in the Handle and as yet Babson had not been able to secure legal relief. Upon his return to Gold Run, therefore, he called upon the sheriff of the county and requested that official to take half a dozen of his deputies and guard the employees of the Forlorn Valley Irrigation district against attack by Nathan Tichenor et al when the former closed the floodgates in defiance of Tichenor's dictum. In the interest of peace the sheriff consented and the following day the gates were closed without interference from Nate Tichenor and his men. Indeed, not one of them appeared to protest the closing of the gates.

The next morning Nate Tichenor dropped in at the Bank of Valley Center and said to Babson:

"I merely dropped in to tell you, Babson, that while you were scurrying around a whole week seeking an injunction against my wife and me you couldn't get our lands had a grand soaking from that week's overflow. We would have liked another week of it, but when you brought the sheriff and his deputies around I concluded it was the part of wisdom to be satisfied with the water we had already received. But as summer advances I warn you we'll have to have our legal share of that water and if we do not get it I'm going to put a couple of hundred pounds of dynamite under that concrete diversion dam of yours and blow it out."

"If you do you'll go to the pen," Babson warned.

"Only my kind forbearance has kept you out of it. Do not forget Pitt

River Charles. You do not know where he is but I do. I may bring him back to testify against you."

"You couldn't convict me."

"Perhaps not, but I can shake public confidence in you, you smug hypocrite. You realize, of course, that when the Forlorn Valley Irrigation district was formed and a deed of trust on all of the lands embraced in the district was given, with a San Francisco trust company as trustee, to secure the bond issue the district floated, all of the first mortgages and deeds of trust on lands within the district given to your bank to secure prior loans have now become second liens against those lands. You realize, do you, that if the Forlorn Valley Irrigation district should go bust the foreclosure of the deed of trust given by the district will automatically wipe out the second liens held by your bank."

then be sold very readily. I have no apprehensions on that score and if you are trying to frighten me you are not making a very successful job of it."

Nate Tichenor pointed through the open door of the bank to a lot across the street where a gang of workmen were engaged erecting a one-story building of cream brick. "That lot and building are mine," Tichenor informed the banker lightly. "I'm going to start a bank there with a million dollars capital."

"You'll have to prove a genuine need for another bank and you'll have to prove that your bank has some" (Continued next week)

newest creation is here!

Presenting
THE 4-DOOR SPORT SEDAN

Chevrolet proudly presents the new Sport Sedan as the most beautiful model ever built by any manufacturer of low-priced cars. On a long chassis embodying Chevrolet's combination of exclusive features—enclosed Kneec-Action, an 80-mile-an-hour, 80-horsepower engine, cable-controlled brakes, and all the rest—is mounted a body that combines five-passenger capacity, exceptional luggage space, and more de luxe touches than we have space to tell about. If appearance and convenience come first with you, and you wish to stay in the low-price field—here, beyond a doubt, is your car.

DEMONSTRATION ON TILE MAKING AT PETERSON

A very interesting demonstration on tile making was given by Mr. and Mrs. J. L. Peterson at the home of Mr. and Mrs. Peterson in the McCarty community on Wednesday afternoon. Mr. Peterson stated that it takes one third less water and that it keeps so long on top, also the minimum water do not destroy the roots of the soil, hence the comparison in the tile system and the old method of irrigation.

There were quite a number of people out and each in turn made a tile which is very simple with little instruction.—Mrs. C. F.

On Tuesday evening, June 26, there will be a community "get-together" at the McCarty school house. This meeting is planned for everyone to have an all "round good time. Everyone is invited, both young and old.

DEMONSTRATION ON TILE MAKING AT PETERSON HOME

A very interesting demonstration on tile making was given by Miss Cox, home demonstration agent at the home of Mr. and Mrs. N. F. Peterson in the McCarty community Wednesday afternoon. Miss Cox stated that it takes one third less water and that it keeps soil from washing on top, also the minerals in water do not destroy the elements of the soil, hence there is no comparison in the tile system of irrigation and the old method of surface irrigation.

There were quite a number of people out and each in turn made a tile which is very simple with just a little instruction.—Mrs. C. F. Gowen

Mrs. L. J. Halle is ill this week.

GALLON OF ASPARAGUS PER DAY FROM GARDEN

"I have gathered as much as a gallon of asparagus every day from my asparagus bed," said Mrs. B. L. King of the McCarty community.

Mrs. King's asparagus crop started in April and will continue until frost if sufficient moisture is provided. If possible she plans to use sub-irrigation on her asparagus bed next year. Mrs. King keeps her asparagus hilled up so that the shoots will be white and tender.

Asparagus is one of the very few vegetables which does not need to be planted every year. When asparagus is properly planted and cared for, it will continue to bear for ten or fifteen years. It is well adapted to Texas as climate in that it will stand heat very well, and can withstand drought, high water and rather large amounts of alkali. Asparagus will be producing in the spring long before other crops can be planted. It certainly demands a place in every home garden, and home growers will usually find a market for their surplus on the local market.

Ben Allen of Ralls was a Lamesa visitor Wednesday.

SUB-IRRIGATION PAYS IN DAWSON CO. GARDENS

"I had beans to eat last year from my garden when there was hardly anything green in the county because they were sub-irrigated," said Mrs. W. C. Cowger, president of the Five Mile Home Demonstration Club.

Mrs. Cowger has had one hundred feet of concrete tile in her garden for the past two years. She sub-irrigated tomatoes, cucumbers, beans and peppers.

"Tomato yield is much heavier when the plants are sub-irrigated," said Mrs. Cowger, "because the moisture is applied to the roots. It also requires much less water, and time in applying it."

Mrs. Cowger has planted the New Stone tomato the past two years for canning purposes. She says its smoothness and uniformity makes it desirable for canning purposes. She is also trying the Magee tomato this year. This is another variety recommended by the home demonstration agent for canning.

HOW TO MAKE TILE FOR SUB-IRRIGATION

"Tile for sub-irrigation costs approximately one cent per foot" said Miss Cox, Dawson county Home Demonstration agent.

One part of Portland cement to four parts of clean sharp sand is used for making tile for sub-irrigation. The forms for making the tile can be made from scrap material with very little or no cost.

Only about one third as much water is required for sub irrigation as for surface irrigation. It is usually considered that four hundred feet of tile will irrigate a garden for an average family. One line of tile will irrigate from four to five feet of space. One hundred and twenty-five gallons of water will be required for one application to a plot of ground four feet wide and fifty feet long, or one line of tile fifty feet long.

It should not be necessary to apply water oftener than once a week and usually once every two weeks, unless it is unusually dry.

When using sub-irrigation, it is best to let the water run through the tile until the surface of the ground appears moist in spots only. This leaves a dry surface and does not make it necessary to break the crust that forms in surface irrigation.

It seems that tomatoes is one of the crops that is best adapted to sub-irrigation.

THE New Firestone High Speed Tire for 1934 was built to give you the same dependable service it provided for the 33 drivers who started in the torturous 500-mile grind at Indianapolis May 30.

This new tire has a wider tread of flatter contour, deeper non-skid, more and tougher rubber, giving you more than 50% longer non-skid mileage.

Besides being Safety Protected on the outside it is Safety Protected on the inside. Eight additional pounds of pure rubber are absorbed by every one hundred pounds of cords.

This additional rubber is so placed that it surrounds every cotton fiber inside every cord in every ply. This is accomplished by soaking the cords in liquid rubber by a Firestone patented process. This patented process, Gum-Dipping, is not used in any other tire built.

Heat caused by internal friction of cotton fibers destroys tires—causes separation and blowouts. Gum-Dipping counteracts friction and heat—provides greater adhesion and binds the cotton and rubber together into one cohesive unit of greater strength, assuring car owners of the greatest Safety, Protection and Economy that it is possible for human ingenuity to build into a tire.

The most amazing proof of this extra strength, safety and dependability is the fact that every one of the 33 drivers at Indianapolis chose and bought Firestone High Speed Tires. Race drivers KNOW tire construction—they will not risk their lives or chance of victory on any other than Firestone.

At terrific speeds the cars plunge into the treacherous turns—tires are braced against the scorching brick track—so hot the tires fairly smoke at times—they give—yield and stretch—every conceivable force works to tear the tire to pieces, yet Firestone High Speed Tires "come back" on the straightaways. Not once during the entire race did a tire fail.

Surely this is the most amazing proof ever known of Extra Strength, SAFETY and dependability. Call on the Firestone Service Dealer or Service Store nearest you TODAY. Equip your car with New Firestone High Speed Tires for 1934.

C. E. Martin, Martin's Service Sta.

I am glad to be able to tell you that the N. R. A. Administrator, in Washington has wired us that National Tire Store dealers may continue with FREE INSURANCE.

This is a great victory for National Tire Stores Dealers. It means full approval of our insurance. It recognizes the fact that our policy is the only fair way to sell tires.

As you know National Tire Stores are the pioneers in the sale of tires protected by an absolutely iron-clad insurance policy, protecting the customer against any possible injury or damage to his tire.

National Tire Stores' growth from only 197 stores, located in five states, in 1929, to a nation-wide organization of more than 5,000 stores today, is PROOF that the People - your customers - prefer to buy tires that are actually insured - not merely guaranteed.

It is the only policy of its kind issued today by any tire company that covers any and all possible injury or damage to the customer's tire. It makes National tires, with their tougher, longer-wearing tread, the greatest tire value in America today.

Cordially yours,
NATIONAL TIRE STORES, INC.

MINISTERIAL COUNCIL MET MONDAY, JUNE 18

The Ministerial Council met Monday morning, 10 o'clock, June 18, with the following brethren present: Rev. Dennis, Rev. Asin, Rev. Genry Rev. Corbin, Rev. Hester, Rev. Randolph, Rev. Cole and Rev. Thomas. We had one layman present, Bro. Taylor.

It was agreed that all ministers are members of the Council. In the previous meeting, since we had no song books for the lawn services, it was agreed that an effort would be made to raise money to buy 50 song books to be used in the lawn services. These books would cost 15c per copy in lots of 50. Brother Cole reported that \$4.00 were contributed last Saturday afternoon at the service leaving a deficit of \$3.50.

The next meeting will be held with Bro. Cole in the old parsonage, Monday morning at 10 A. M. June 25. Come.

The Service Saturday afternoon was fine. A good crowd was present and Bro. Dennis preached a fine sermon. Come to the lawn service Saturday at 3 o'clock.

Mrs. W. G. Clark of Caldwell and Miss Alice Ruth Mitchell of Beaumont are here visiting their father S. M. Mitchell and family.

IN MEMORY OF MAURICE ROSS

Dear Maurice, we miss you
Oh! Why did you go
The depth of our sorrow
You never will know.

Oh, how we miss you
In life every day,
Yet in our memory
You continue to stay.

You are gone from our sight
But not from our love,
And someday we'll meet you
In Heaven above.

In this old world of sorrow
You lived for a while,
And always when we met you
You spoke with a smile.

Your friends they were many,
Each loyal and true,
We're now bowed in sorrow
All grieving for you.
