MAINLY ABOUT PEOPLE

By H. N. F.

Representatives of farmers' organizations, bankers and business men of the state of Texas have joined in what is called a "United Campaign for Better Agriculture." It was the general opinion of the Dallas meeting that a diversification of crops would result in an automatic reduction of cotton acreage and bring greater prosperity to farmers of the state. A committee with Nathan Adams of the American Exchange National Bank of Dallas, as chairman was appointed to carry out the plan which grew out of the meeting. The other members of the committee are J. T. Orr, president of the Texas Farm Bureau; D. E. Lyday, president of the Texas Farmers Union; Henry Coit, director of the United States Grain Growers, Inc.; Olney Davis, president of the Texas Ginners' Association and W. P. Andrews, president of the Texas Bankers' Association. In addition to the members of the committee, the following men were present and took part in the meeting: William T. Wheeler, assistant manager of the West Texas Chamber of Commerce; W. B. Lanham of A. & M.; Walton Peteet of the Farm Bureau; James F. George, general manager of the Texas Chamber of Commerce; Henry Coit, of Renner; Harry Williams of Dallas; G. H. Alford, editor of the Progressive Farmer; W. C. Barrickman, secretary of the Texas Industrial Congress; A. M. Cox, secretary of the Texas Hardware and Implement Dealers' Association; Olney Davis, president of the Texas Ginners' Association; Robert Nicholson, of Dallas; W. P. Andrews, president of the Texas Bankers' Association; E. E. Black of the Dallas Chamber of Commerce; Lon H. Biggers of Lubbock; D. E. Lyday of the Texas Farmers Union; H. L. Darwin of Lamar county; R. E. L. Jackson, president of the First National Bank at Paris; Lynn P. Talley, vice president of the Southwest National Bank; W. D. Farris of Ennis and E. F. Shropshire of the Farm Bureau. These are the recommendations made: That the farmers and business men be urged to co-operate in an increased planting of grain, food and feed crops for the coming year; the production of more livestock, hogs and poultry and of better breeds by each farmer; that every farmer maintain an independent home living by producing on his farm all home supplies which soil and climate will permit; that farmers improve the standard and quality of all products in order to obtain the best possible market price; the conservation and enrichment of the soil and control of insect pests and plant diseases by crop rotation and the plowing under legumes and other cover crops. This is the conclusion: "We make appeal that the present price of cotton be not permitted to tempt us to disregard the rules of safe farming and invite a return of the disastrous condition of 1920-21."

Congratulations to the makers of the Abilene Morning Reporter. Their West Texas Fair edition of 70 pages was one of the handsomest ever issued from the press of Texas. This number tells the story of the West Texas Fair and its mammoth program, as well as the prosperity of the Abilene country and the men who have made it. The Reporter carried in its Fair edition many pages of advertisements contributed by the business men of Abilene and Taylor County and, all in all, the newspaper, the men who made the newspaper, the citizens of Abilene and the managers of the West Texas Fair which will be held from September 26 to October 1, should enlist the warmest admiration of their fellow Texans in other sections of the state. Flowers for the living when the living are the deserving.

South Bend is an oil town but there are farmers in the surrounding country. J. W. Travers is the editor of the South Bend Derrick. He isn't a nut dropped from a pessimistic tree in the Orchard of Gloom. Editor Travers says "good times are in sight." He hurls this editorial bomb at the Gloom family: "Deflation affected cotton growers more than any other class of tillers of the soil, for it sent cotton down from an extreme war-price of 40 cents a pound to eleven cents, which was lower than the average price for many years before the war. And the Federal Reserve Board was the cause of it all. The price has now risen to around twenty cents, which has added more than five hundred million dollars to the value of the new crop and a sum represented by several figures to the large unsold carry-over crop of last year and there is every reason to believe that twenty-five cents will be the market price within the next few weeks. This means added wealth for the farmers and that a great deal of frozen credit in the banks will be thawed out. The little country-town bank will be able to meet its obligations with the city bank and with the Federal Reserve Bank and as a result there will be much easy money available in the district. The farmer will pay the merchant and the merchant will be in better shape to meet his obligations and buy more goods. The farmer will also feel more in the mood to buy things he needs and he will have better credit. And the demand for cotton also presages a better demand for other agricultural products and better prices for them. Better times are in sight and it now behooves every one to put in full steam and drive ahead. Get busy."

SENATOR FLAYS ADMINISTRATION OF REPUBLICANS

Mississippi Solon Attacks President Harding for Taking Vacation Trip Last Week.

Asserts G. O. P. Has Not Fulfilled Pledge to Bring Increased Prosperity Back to Country.

By Associated Press.

WASHINGTON, Sept. 21.—Senator Harrison of Mississippi, one of the democratic spokesmen in the senate, today attacked President Harding for taking a vacation trip last week and charged the republican administration with failure to carry out its campaign pledge to bring increased prosperity to the country.

The Mississippi senator in his speech, which enlivened the reconvening of the senate, declared that while President Harding and general members of his cabinet were enjoying the vacation trip, "millions of Americans were hanging their heads in shame," because men who helped win the war were being offered on the auction block in Boston."

"The American people want more work and less play," said Senator Harrison, looking across the republican side of the senate chamber, "more results, and fewer recommendations; more meal tickets and fewer bread lines; more prosperity and fewer poor houses."

Senator Harrison made the letter recently written by President Harding to Senator McCormick of Illinois, chairman of the Republican senatorial campaign committee, recounting the achievements of the Republican congress, the basis for his address although upon inquiry from Senator Penrose of Pennsylvania, a Republican leader as to his "text," he said he was speaking on "the deficiencies and delinquencies of the Republican party."

The president's letter to Senator McCormick, Senator Harrison said, "shocked and almost pained some democrats," and was written in the interests of the candidacy of Senator Bursum, Republican senatorial candidate in yesterday's election in New Mexico. Senator Lodge of Massachusetts, Republican, in that connection read a letter announcing the election of Senator Bursum and explaining he was not presenting it as an argument, but merely as information.

WAGNER TO MAKE EFFORT FOR LIBERTY

Habeas Corpus Proceedings Are to Be Filed Thursday.

Habeas corpus proceedings will be filed in the 78th District court this morning in the case of C. M. Wagner former city policeman who is confined at the county jail under indictment for the murder of J. W. Webb, according to information Wednesday from the accused man's attorneys. Wagner, following his indictment three weeks ago was confined to the jail without bond by Judge R. F. Weldon of the Thirtieth District court.

The habeas corpus proceedings will be filed in an attempt to secure Wagner's release on bond. It is understood that the hearing will be held Friday at 1:30 p. m. before Judge Ed Napier.

Wagner while off duty in August, is alleged to have shot and killed Webb a neighbor living on Lee street, while making an arrest. Previous to his indictment Wagner was released under $10,000 bond.

OIL OPERATOR SHOOTS WAITRESS AND THEN SELF

By Associated Press.

DENVER, Colo., Sept. 21.—J. A. Reynolds, believed to be an oil operator from Dallas or Fort Worth, Texas, tonight shot and seriously wounded Miss Hazel Van Meter, 30 years old, a waitress and then killed himself.

The shooting occurred in front of the Denver county court house while scores of persons were passing.

Reynolds was 55 years of age. Miss Van Meter told the police Reynolds had been following her in an effort to force her to marry him. Miss Van Meter said she came here recently from Colorado Springs. Previously she had lived in Fresno, California. She said she met Reynolds in Fresno. Reynolds had in his possession a letter from the Guardian Trust Company of Fort Worth.

NOT LISTED.

FORT WORTH, Texas, Sept. 21.—J. A. Reynolds, said to have committed suicide in Denver, Colorado tonight, is not listed in the Fort Worth city directory, nor is the firm Guardian Trust Company, from whom Reynolds bore a letter, known.

TRACTOR BLOW-UP FATAL TO THREE NEAR HEREFORD

HEREFORD, Texas, Sept. 21. Three boys were burned to death 23 miles northwest of here yesterday when a tractor exploded. The dead are: Arol Combs, 20; Albert Combs, 10; and W. B. Wallace, 10.

BOTH HOUSES REASSEMBLE AFTER RECESS

Senate Given Peace Treaty With Germany by President Harding for Early Ratification.

By Associated Press.

WASHINGTON, Sept. 21.—Receipts by the senate of the tax revision bill from the finance committee and of the peace treaties with Germany, Austria and Hungary from President Harding were the principal features of the re-assembling today of congress after its recess.

Only brief sessions were held, the senate, after reopening of warfare over the anti-beer bill and a democratic attack on President Harding and administration policies, adjourning until tomorrow and the house, under its agreement to transact no important business until October 4, adjourning until Saturday after a perfunctory meeting. Three day recesses of the house will continue until next month.

Many members of both bodies failed to put in an appearance today. Only 54 of the 96 senators answered roll call, but two score house members heard the gavel. Republican leaders expressed frank disappointment over the small attendance.

In the senate the peace treaties were referred to the foreign relations committee which will begin their consideration tomorrow.

SHOVE BARLEYCORN MEASURE ASIDE.

WASHINGTON, Sept. 21.—John Barleycorn's ghost today came back to haunt congress upon its reassembling after the summer vacation when the anti-beer bill bobbed up again in the senate. It met with the same opposition over the search and seizure provision as before the recess and again was shunted aside.

Senator Sterling, Republican, South Dakota, who previously had conferred with President Harding, called up at the first opportunity the conference report on the Willis-Campbell bill, which the house had adopted before the recess last month but a call for a quorum, a motion to adjourn and other obstructive tactics prevented any real consideration of the bill.

MASKED MEN WARN MUSKOGEE BARBER HE MUST DEPART

By Associated Press.

MUSKOGEE, Okla., Sept. 21.—C. C. Anderson, a barber of Boynton, Muskogee county, was whipped by a band of 18 masked men tonight and given 18 hours in which to leave town.

"We are NOT members of the Ku Klux Klan," the maskers told Anderson. "We are tired of your actions," referring to his alleged relations with the wife of another Boynton man, "and we are going to get rid of folks like you."

A reporter for a Muskogee morning paper was "kidnaped" by the band after having received a mysterious message to be at Summit, seven miles south of here at 7 o'clock.

After Anderson had been severely whipped he was bound, gagged and blindfolded, and thrown out of a car on the main street of Boynton.

TYLER TO BEGIN RIVER HEARING IN TEXARKANA

By Associated Press.

TEXARKANA, Texas, Sept. 21.—Assistant Attorney General Wallace of Texas in Texarkana today, received notice that Fred S. Tyler, United States commissioner, would begin holding hearings next week in the Texas-Oklahoma boundary case, the first to be held at Boston, county seat of Bowie county, September 26.

BODY OF WILL GREY ARRIVES FOR BURIAL

The body of Will Grey, son of Mrs. J. A. Brown of this city, who was killed in action while serving with the American Expeditionary forces in France, arrived in this city Thursday night, one day earlier than was expected according to the schedule sent from the War Department.

Funeral services, which will be under the direction of Pat Carrigan Post, American legion, will be held Friday afternoon at the Hines Undertaking establishment, the Rev. J. Lem Keevil, pastor of the First Christian church, officiating. Burial will be at Riverside cemetery.

TAX REVISION BILL GOES TO UPPER HOUSE

Chairman Penrose of Finance Committee Sends Measure to Senate When Congress Reassembles.

New Legislation Proposes Increase in Revenue and at Same Time Reduction of Income Tax.

WASHINGTON, Sept. 21.—The amended house tax revision bill was presented formally today to the senate by Chairman Penrose of the finance committee who gave notice that he would submit the majority report tomorrow and urge that the measure be considered as soon as other business of the senate would permit.

Designed to raise approximately three and a quarter billions of dollars in revenue this fiscal year, the amended measure provides for:

Repeal of the excess profits tax on January 1, 1922, as proposed by the house.

Reduction of the maximum income surtax rate from 65 per cent to 32 per cent, effective next January 1, as provided in the house bill but with changes made in the lower brackets so as to reduce the amount of surtaxes paid by all individuals.

An increase of five to fifteen per cent in the normal corporation income tax effective January 1, 1022 in lieu of the 2 1-2 per cent advance agreed upon by the house.

Repeal of the corporation capital stock tax beginning in 1922, a new provision.

Reductions of the freight and passenger taxes from three and eight tenths per cent to 1 1-2 and four per cent respectively effective next January 1, with their repeal on January 1, 1923.

The house proposed repeal of all transportation taxes as of next January 1.

An increase of $500 in the exemption allowed to heads of families having net incomes of $5,000 or less, a house provision.

An increase from $200 to $400 in the exemptions allowed on account of dependents, also a house proposal.

The finance commission concurred in the house action repealing the so-called nuisance and luxury taxes collected directly from the consumer and submitting manufacturer's taxes. These and other minor changes in the bill previously have been published.

An important change in the house bill not heretofore made public deals with the taxes on capital net gain. The senate committee measure provides that if any tax payer derives a capital net gain in any taxable year "such capital net gain shall be stated separately from the ordinary net income in the tax payers returns; and only forty per centum of such capital net gain shall be taken into account in determining the amount of the net income upon which taxes are imposed by sections 210, 211 and 230 of this title(the normal income sur tax and corporation tax sections). In any such case the tax shall be collected and paid upon the sum of the amount of ordinary net income plus forty per centum of the amount of the capital net gain."

The house bill provided in the case of any tax payer other than a corporation whose ordinary net income and capital net gain together exceeded $20,000 the total tax imposed should be the amount of the tax on the ordinary net income "plus 12 1-2 per centum of the capital net gain or minus 12 1-2 per centum of the capital net loss as the case may be; but in no case where a tax payer derives a capital net gain, shall the total tax be less than 12 1-2 per centum of the total net income."

TEXAS INNKEEPERS FIGHT HOTEL TAX

By Associated Press.

SAN ANTONIO, Texas, Sept. 21.—Protesting that a tax of 10 per cent on hotel room charges as proposed in the tax revision bill before congress would impose an unfair burden upon hotel owners, the Texas Hotel Keepers Association, through its president, Percy Tyrell, and its secretary, R. L. Sanders, telegraphed to Texas senators today requesting them to oppose this part of the measure.

MAYOR PROHIBITS PARADE OF KLAN IN BARTLETT, TEX.

By Associated Press.

BARTLETT, Texas, Sept. 21.—When notice that the Ku Klux Klan intended parading here tomorrow night was called to the attention of Mayor Stanton Allen, he issued a proclamation saying that should masked marchers appear on the streets they would be arrested and dealt with according to the laws of the city and state.

WEALTHY PLANTER SHOT TO DEATH

By Associated Press.

TEXARKANA, Texas, Sept. 21.—J. M. Thompson of Annona, Red river county, one of the most wealthy planters of northeast Texas, was shot and instantly killed at the home of his son-in-law, Alvis Baumgarner, just before noon today. Baumgarner, according to reports reaching Texarkana tonight, was arrested and released under a $500 bond.

TWO THOUSAND KILLED WHEN PLANT BLOWN

Mysterious Explosion of Great Opau, Germany, Industry, Leaves Death in Wake.

Detonation Practically Wrecks Entire City, Causing Injury to Two Thousand Residents.

By Associated Press.

MAYENCE, Germany, Sept. 21.—A great explosion today at the chemical products plant of the Badische Anilin Fabrick company at Oppau on the Rhine wrecked the town and spread death and destruction on every hand. The number killed is variously estimated at from one thousand to 1,500 and the injured close to two thousand. One report says that there were 3,000 men on the spot at the moment of the explosion and it is believed that about half of these were killed.

The town of Oppau is a scene of utter desolation, more than a third of the houses having been completely destroyed, while the roofs of the others were swept off as if by a whirlwind. Here also many were killed or injured.

The explosion is attributed by some to excess pressure in two adjoining gasometers, the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel shaped hole 130 yards wide and 45 yards deep. While twisted girders and debris of every description lie scattered about. For a distance of several hundred yards not a wall is left standing.

The directorate of the company is quoted as saying that the explosion occurred in a storehouse containing 4,000 tons of nitrous sulphates, which had previously been examined and was believed to be free from danger of explosion.

Dwelling Razed.

All the workmen's dwellings in the vicinity were razed at Mannheim, on the opposite side of the river. Thirty-five persons were seriously injured and 200 or more slightly injured. Ludwigscaff reports say that three workmen's trains were buried under the wreckage and many children on their way to school in that town were injured.

Heart rending scenes were witnessed on all sides. At the little cemetery on the outskirts of Oppau there are already more than 200 bodies laid out on the grass. Numerous tombstones were lifted and hurled in various directions by the force of the explosion. There was not a door or window left intact for a radius of three miles. French medical units are aiding in the rescue work.

Assistance also has been rushed from all neighboring towns, and all public and private motor cars and vehicles were requistioned. The roads leading to Oppeau were soon crowded with people making their way to the scene of the disaster.

PRIME MINISTER AND CABINET TALK IRISH QUESTION

By Associated Press.

GAIRLOCH, Scotland, Sept. 21.—Premier Lloyd-George and his cabinet ministers discussed the Irish situation tonight. It is understood the delay in the premier's replying to Eamonn DeValera, the Irish republican leader, is due to the desire to avoid the use of phrases that might be loosely interpreted or give any opportunity to saddle the premier with blame in event of a rupture of the negotiations.

It is stated that the premier's sole desire is to leave no stone unturned to bring about a conference. Optimistic views are reported from London tonight and there is a strong belief that the next exchange of communications will result in a conference.

ROBBER HOLDS UP MELO, KAN., BANK

By Associated Press.

COLBY, Kansas, Sept. 21.—An unmasked robber late today looked Cashier J. E. McKinney of the Menlo State Bank at Menlo, near here, in the bank vault, and escaped with $4,800 in cash, according to a report received here.

MINERS MAY STRIKE IN 1922 FOR WAGES

INDIANAPOLIS, Ind., Sept. 21.—Threat of a strike next year to obtain wage increases for more than a half million coal miners was seen today in the reports of international officers made to the convention of the United Mine Workers of America. Phillip Murray, vice president, said it was a foregone conclusion that the convention would declare in favor of a fight not only to maintain but also to improve the present wage scale which expires next March 31, William Green, secretary-treasurer, reported.

BRINGS MASKAT TEMPLE CHARTER

ERNEST A. CUTTS

WITNESS CLAIMS ARBUCKLE ADMITTED COMMITTING ACT LIKELY TO CAUSE DEATH

By Associated Press.

LOS ANGELES, Calif., Sept. 21.—Admissions declared to have been made by Roscoe (Fatty) Arbuckle that he had used a foreign substance in an attack upon Miss Virginia Rappe during a party at the Hotel St. Francis, in San Francisco were described by Al Semnacher, a friend of Arbuckle, today before the Los Angeles county grand jury, according to W. C. Doran, chief deputy district attorney. Arbuckle is held at San Francisco charged with murdering Miss Rappe.

Doran said Semnacher swore Arbuckle had told of applying ice to portions of Miss Rappe's body.

Doran outlined the testimony in confirming reports that Semnacher had made identical statements to him at an earlier time and then had declared that he had not, even at the San Francisco inquiry, told of the alleged admitted acts.

Semnacher testified that on the morning following the party in the Hotel St. Francis, Arbuckle told him in the presence of Lowell Sherman, actor, Fred Fischbach, director, and Harry McCullough, chauffeur, that he had taken Miss Rappe into a room with him and had committed certain acts in connection with the alleged crime. These acts, according to Doran, were of a character likely to have caused the injury from which Miss Rappe's death resulted.

SAN FRANCISCO, Sept. 21.—Fred Fischbacher, questioned today regarding reported grand jury testimony of Al Semnacher in Los Angeles, that Roscoe (Fatty) Arbuckle had made admissions about his treatment of Miss Virginia Rappe at the Hotel St. Francis party which led to her death, gave "evasive replies," according to District Attorney Mathew A. Brady.

Fischbach was one of the persons to whom Arbuckle made the alleged statements Semnacher is said to have told the grand jury.

Semnacher's testimony before the grand jury in Los Angeles contradicts his grand jury testimony here, according to Isador Golden, deputy district attorney, who said Semnacher had denied discussing the affair with Arbuckle, although he accompanied Arbuckle to San Francisco after the girl's death. From other witnesses Golden stated, had been received assertions that the film comedian's conduct had involved the use of ice.

Expense money was sent to Al Semnacher for his appearance here following his long distance telephone plea from Los Angeles last night that he did not have enough money to make the trip. Semnacher is a motion picture producer and was Miss Rappe's manager. The cost of the trip one way is about $25.

Trade Trips Properly Conducted Best Advertising Mediums—Bean

"If properly conducted, trade trips are the best way in the world of getting acquainted with the people of the towns around Wichita Falls, if not, they are worse than no trips at all" declares Bert Bean, of "Who Can Beat It" fame. Mr. Bean is very emphatic in condemnation of the indiscriminate unorganized, crowd of citizens making a trip to a town without any set program of procedure or official uniform.

"What we need is a regular team, probably it would be wise to have the same group of men make all of the trips, drilled by a leader clothed with enough authority to make them keep together, with a loud brass band, and plenty of banners and the like, who can make 100 look like 1,000. I would like to see the Chamber of Commerce or the Retail Merchants Association organize such a team and see to it that the next trip Wichita Falls takes to some town around here we make a good showing.

"Look at the way larger towns conduct their trade extension parties. They are almost military. When they get off the train they march in file headed by a band. They all wear the same kind of uniforms, or caps and there is no trouble telling in a crowd who they are. When the Kansas City boosters visited here, did they all split up when they got off the train? By golly, you're right they didn't. They stuck together and when they did break ranks they walked far enough apart that 100 men looked like there was at least 1,000 in the party.

"I had rather take one really honest to goodness trip, where there is some system to the thing, than a dozen which are without any kind of organization. The 'hit or miss' method will be worse than no trip at all. Instead of doing the town good they will do harm. The towns base their opinion of Wichita Falls on the people we send to them on these trips. It is up to us to show that we are worth while.

"I do not like the idea of inviting the towns here for a big barbecue. When we go on these trips we should extend a hearty welcome, individually, and when they come we should take them individually to dinner. Where we feed them half cooked meat, and a few sour pickles, about one-tenth of those who partake of the grub will get enough to eat, or enough ice water to drink. They will take this as a matter of course and it will not make an impression. But the nine-tenths who go hungry and finally have to go to a restaurant will have a bad opinion of the town. We should devote our time and money toward effecting a better organization of the trips to our neighbors.

"I am strong for the idea that trade trips improve friendship, if for no other reason than just to meet the people in this territory, trade trips would be justified, that is if they are properly conducted.

"Wichita Falls to my mind has the best trade territory for jobbers and merchants of any town in the state. I say this with full knowledge of the conditions, and facilities in every town in the state. Of course there is more of export business going through Houston and Galveston. What I am talking about is the domestic trade that is provided by the towns in this territory. What we have to do is to let them know that we have these advantages. Trade trips of the right kind and worked out with a little 'hoss sense' will do this."

MISSING WOMAN RETURNS

Mrs. G. C. Hill Steps Off Train Remembering Little of Disappearance.

Special to the Record News.

VERNON, Sept. 21.—Declaring that she remembered little of her wanderings, Mrs. G. C. Hill of this city, who disappeared Monday and for whom a general search was made all day Tuesday, got off a Fort Worth and Denver passenger train last night, and went to her home. She is said to have come from Estelline, north of here, as her ticket showed. Her condition is said to be highly nervous, by attending physicians.

It is believed that she left Vernon Monday, was walking on the road from Vernon to Estelline and secured a ride from a motorist to that place, returning home on the train Tuesday night.

The highly nervous state, thought to have resulted from an automobile accident some time past, is believed to be the cause for her disappearance.

COMPLETE JURY TO TRY AVEN ON MURDER CHARGE

By Associated Press.

WACO, Texas, Sept. 21.—Completion of the jury to try W. T. Aven, charged with the murder of his wife at Elmnott, near here several weeks ago, was accomplished just before 6 o'clock today after Judge Richard I. Munroe had overruled three motions by the defense including one for continuance.

Only seventy-seven men of a special venire of 250 were required to complete the panel.

THREE BEATEN TO DEATH AND ONE WOUNDED

Bloodstained and Nail Studded Club and Finger Marks Only Clue Left to Michigan Murder.

By Associated Press.

DOWAGIAC, Mich., Sept. 21.—A blood-stained club, nail-studded, and a bloody finger prent were the clues today by which local authorities hoped to clear up the murder of three persons and the serious injury of another, a child, in their home here.

William Monroe, his wife and their 17-year-old daughter, Neva, were found beaten to death with the club. In the same room was found Ardith Monroe, 10-year-old daughter, who had been beaten on the head until unconscious. The little girl was made blind by the blows. Although her recovery is said to be doubtful, officers hope she may be revived sufficiently to tell the story of the attack.

The tragedy was discovered yesterday when Ardith's chum, Grace McKee, entered the home after hearing Ardith moan. She found her playmate beside a bed in which lay the body of her sister. In another bed lay the bodies of the parents. A club into which nails had been driven was standing against the wall. On the wall nearby was a bloody finger print.

The club had been used to beat the heads of the victims almost beyond recognition. The interior of the home indicated no struggle had taken place and the bed clothing was not disarranged, leading officers to believe the three had been killed as they slept.

Neighbors asserted the crime probably took place Saturday night as members of the Monroe family were last seen at that time. It is believed Ardith lay wounded on the floor nearly sixty hours before being discovered.

Authorities so far have been unable to establish a motive for the crime, as the home was not robbed. Officers believe it was the act of an insane person. Two inmates of the state hospital at Kalamazoo, near here, escaped a week ago and officers are searching for them, although hospital authorities declared neither of the men was of the criminal type.

MAIL ROBBERY IS DECREASED 3500 PERCENT

By Associated Press.

WASHINGTON, Sept. 21.—Mail robberies have been reduced 3,500 per cent in the five months since the postoffice department promulgated an order arming its employes and offering a reward of $5,000 for a mail robber "dead or alive," Postmaster General Hays said today. For the year immediately preceding April 8, 1921, when the order became effective the amount stolen from the mails was $6,346,407 with a recovery of $3,289,017, Mr. Hays said. Since then the total amount stolen was $88,580, with a recovery of $78,555, he added.

"The mails must be protected," Mr. Hays said, "and we propose to protect them even if we have to resort to the methods of the old Wells Fargo days."

As an example of the manner in which the department proposes to deal with bandits, the postmaster general cited the attempt to rob a mail train near Fort Worth, Texas, September 14, when two bandits were shot dead by government officers. For his part in setting the trap that resulted in the death of he robbers, Alvin S. Page, assisant chief clerk of the railway mail service at Fort Worth, has been ordered to Washington to receive a reward.

Reports to the department showed that although he had full knowledge that the bandits intended to kill him. Page volunteered to act as a messenger on the train to be held up and went through with his part until the bandits who had entered the car and held him up was shot dead by officers concealed in the car. He also participated in the killing of the second bandit who was to receive the mail, as it was thrown from the train. A large sum of currency was carried on the train and the bandits had advance information of the fact. Page, however, was tipped off to the plans of the robbers and was able to lay his plans accordingly.

DISCOVER SECRET CAVE LINKED WITH HISTORY

HONOLULU, Sept. 21.—Light has been thrown on some of the events connected with the subjugation of the Hawaiian Islands by Kamehameha the Great, in the latter part of the eighteenth century through the recent discovery of a cave arsenal in the great crater of Haleakala in Hiwaii National park. The cave, which contains stone hatchets and spearheads as well as a supply of the round stones used in slings, is believed to have lain untouched for over a century, or since the people of Maui fled down the slopes of Haleakala after failing to repulse the invading armies of Kamehameha.

At the present time the exact whereabouts of this underground storehouse is held a secret by three Honolulu business men who believe themselves to be the only men in the islands aware of the cave's location. They plan to divulge their secret to the superintendent of the newly dedicated national park upon his appointment.

HUMAN ARSENAL CAPTURED.

COLUMBUS, Ohio, Sept. 21.—Abundantly armed was Herbert I. Carson, local colored resident, as he waited for an opportunity to tell his sweetheart that "she could go her way and he could go his," as he explained to the policemen who arrested him.

A ten-cent whip, Carson said, was for his girl.

The rest—a 32-caliber revolver, a razor and a pointed bradawl which could serve for a pair of "knuckles"—were for Carson's rival.

U. S. JUDGE STAYS HANGING OF 6 NEGROES

By Associated Press.

LITTLE ROCK, Ark., Sept. 21.—United States District Judge Jacob Trieber today granted a writ of habeas corpus in the case of six Elaine negroes sentenced to be electrocuted Friday, and issued a temporary restraining order enjoining state authorities from executing sentence pending hearing of the case Monday, at 10 a. m. Friday is the third date set for the negroes since their conviction of murder in connection with the Elaine riots in 1919.

SHERMAN HOTEL KEEPER VICTIM OF MASKED MEN

By Associated Press.

DENISON, Texas, Sept. 21.—Fred A. Zeigler, assistant manager of a Sherman hotel, admitted today to county officials that he had been tarred and feathered by a party of masked men near Sherman Tuesday night, according to the sheriff's office.

Zeigler said that he was stopped on a street by four armed and masked men and forced to get into an automobile. He was taken to a grove near the city and in the presence of fifty or more masked men tarred and feathered. The men did not say why they were applying the tar and feathers, Zeigler is said to have told the officers.

Zeigler was a witness for the defense in the trial of a negro bell boy charged with attacking a white woman several months ago.

HUNTSVILLE MAN SUFFERS CRUSHED SKULL

By Associated Press.

HUNTSVILLE, Texas, Sept. 21.—Henry Krull is in a hospital here with a crushed skull following a quarrel Tuesday and another man is being detained by the sheriff. Krull is a prominent truck farmer of Pine Valley and was employed by the county in the construction of a bridge.

Krull was hit across the top of the head with a scantling.

LOVE LOTTERY GETS DENISON MAN IN TOILS

By Associated Press.

DENISON, Texas, Sept. 21.—C. B. Hamilton, who is said to have started a "love lottery" which resulted in his receiving thousands of letters from women all over the country, and marriage to three of them, was arrested here late Thursday evening, charged with fraudulent use of the mails, the county attorney's announced today.

DRINKS POISON BY MISTAKE AND DEATH IS RESULT

By Associated Press.

BELTON, Texas, Sept. 21.—A. C. Baner, 35, manager of a local lumber yard and well known here, died shortly before noon today after drinking acid by mistake. He purchased the acid with a number of other articles at a drug store earlier in the day.

MATRICULATION AT A. & M. SETS NEW HIGH MARK

By Associated Press.

ALIMONY MAY FOLLOW PARSIMONY IN THIS CASE

CHICAGO, Sept. 21.—Five years of married life without a single new dress and no furniture except a bed and table was enough for Miss Selma Scully. On the fifth anniversary she sued Robert Scully, having an income of $4,000 a year, for divorce.

Mrs. Scully also charged her husband with cruelty and said he was the most parsimonious man she had ever met.

BUREAU OF CONTROL IS ORGANIZING

WASHINGTON, Sept. 21.—Henry C. Wallace, secretary of agriculture, has begun the work of organizing a new branch of his department which is expected to become one of great importance to the people of the United States, and upon which now and momentous duties will devolve, It is the unit of the department of agriculture which will administer the packers and stockyards act, and in the belief of those who favored the act it should prove to be of value to every meat-eating person in the United States.

Chester Morrill, of Tennessee, and Judge Bayard T. Mainer, of Oklahoma, have the organization of this bureau in charge and expect to build up an entirely new government agency, working under the general direction of the secretary of agriculture. Mr. Morrill, who has been assistant chief of the bureau of markets and crop estimates, has been designated assistant to the secretary of agriculture and has been placed in charge of the establishment and maintenance of the new organization.

Judge Hainer, of Oklahoma City, who formely was judge of the United States district court for the district of Oklahoma, is charged with the important work of looking after the legal phases of the new organization's activities.

New Personnel.

The personnel of the organization will be practically new, although some of its force may be drawn from the bureau and branches of other departments which in the past have had to deal with phases of the subject. No effort has been made to collect a force as yet, and none will be made until the full nature and scope of the organization is developed and a plan can be worked out for carrying on its work. It has been announced that especial care will be exercised to obtain for the new service those whose knowledge of the industry and the law best fits them for the work.

It is announced as the desire of Secretary Wallace that the persons employed in carrying out of the packers and stockyards act shall be familiar with the problems and affairs of the packing and livestock industries and qualified through training and experience to deal with those problems intelligently and fairly.

So far the work undertaken has been of a preliminary nature, and it will necessarily be some time before the new organization begins to carry ont the purposes for which it is formed, for there is a great deal to be done in both an adiministrative and a legal way before the work can be got well under way. But Mr. Morrill and Judge Hainer are trying to speed up the preliminaries as well as possible, and get the organization going.

Collecting Data.

Mr. Morrill is now engaged in the preliminary task of collecting from various government departments and agencies which have had to do with the packing industry in the past such information and data as may be available for use in establishing the new organization to administer the act. He has found this task one of large proportions, involving the consideration of a vast amount of information already in the possession of the federal trade commission, the department of justice, the interstate commerce commission and the other government agencies.

In this work, Mr. Morrill is receiving the active assistance of Judge Hainer, who is carefully watching every legal phase of the new organization's activities and seeing to it that the foundation for the new branch of the department is firmly and properly laid, so the work that is builded upon it may be depended upon. Every detail of the organization is under careful consideration and no attempt will be made to erect a hard and fast organization until a thorough grasp of all the facts has been obtained.

WOULD ELIMINATE REFERENCE TO CAUSE OF CIVIL CONFLICT

By Associated Press.

TULSA, Okla., Sept. 21.—To eliminate from the text books of public schools and from histories in libraries all matter said to misrepresent the motives and actions of Confederacy immediately prior to and during the Civil War is the purpose of a committee which was appointed by the delegates to the Oklahoma Confederate reunion in session here today.

LONE ROBBER HOLDS UP BANK IN PALO PINTO

A lone bandit with a pair of pistols successfully held up the Bank of Palo Pinto Wednesday afternoon, according to reports received here last Wednesday night. About $450 in cash was secured by the robber, it is reported, while he kept the employes of the bank covered. He then made his get away in an automobile. Searching parties Wednesday night had found no trace, it was stated.

Palo Pinto is the county seat of Palo Pinto county which joins Young county on the east.

MAGNOLIA VOTES CASH DIVIDEND OF 1 1-2 PER CENT

By Associated Press.

DALLAS, Texas, Sept. 21.—The trustees of the Magnolia Petroleum company have declared a cash dividend of 1½ per cent on the stock of the company outstanding and of record on the books of the company on September 25, payable Oetober 5, 1921, it was announced today.

KATY OFFICE TO BE MOVED FROM DENISON TO DALLAS

By Associated Press.

DENISON, Texas, Sept. 21.—It was officially announced here today that the car accountant's office of the Missouri, Kansas and Texas of Texas railroad would be moved from Denison to Dallas October 1. The office has been in Denison twenty years and employs about sixty persons.

MAINLY ABOUT PEOPLE

(Continued From Page One.)

Austin American, and well known through his former connection with several metropolitan dailies, has sold the American to Charles H. Fentress, E. S. Fentress and Charles E. Marsh. The new owners went to Texas from the Scripps-McRae League about five years ago. They purchased the Waco News and Waco Tribune, which they consolidated into the Waco News-Tribune. Two years ago they bought the Beaumont Evening Journal, disposing of the paper about two months ago to the Beaumont Enterprise. They also own two smaller newspapers, the Orange Leader and Port Arthur News. The purchase of the Austin American gives Messrs. Fentress and Marsh two big morning newspapers in central Texas at Waco and at Austin. There is a smaller morning newspaper in central Texas, the Temple Telegram, and these three are the only morning newspapers between San Antonio and Dallas. The Fourth Sstate says. Mr. Cressy will remain in Texas for several weeks before going to Europe for a rest. He expects to engage in the newspaper business upon his return. Mr. Cressy served as general manager of the New York Herald and Evening Telegram about five years ago, and was previously advertising manager of the New York Mail. He has also been associated with the Philadelphia Record, the Birmingham News and the Chicago Examiner.

DAUGHERTY AND BURNS PROBE K. K. K.

Department of Justice and Attorney General Plan Prosecution of Masked Organization.

By Associated Press.

WASHINGTON, Sept. 21.—Following closely the statement that the department of justice was investigating the Ku Klux Klan, Postmaster General Hays in his conference today with newspapermen disclosed that agents of his department also were inquiring into the activities of the organization. Mr. Hays declined to say on what angle the investigation was being made and said he was not yet ready to make a statement concerning the matter, further than to say that the inspection service is making a very vigorous investigation of the Ku Klux Klan.

WASHINGTON, Sept. 21.—Information in the hands of the department of justice as the activities of the Ku Klux Klan was laid before President Harding today by Attorney General Daugherty after the latter had conferred with Director Burns of the department' bureau of investigation.

Department of justice officials declined to express an opinion as to the possibility of federal investigation of the Ku Klux Klan, but it was indicated that the department would take steps to gather further details of the situation. So far, it was said, the department's information consisted largely of isolated complaints which had come in from numerous sources, including private individuals and organizations.

President Harding was understood to have approved the decision of the attorney general to take up consideration of whether federal action should be taken with respect to any activities of the organization.

REPUBLICAN WINS SENATORSHIP IN NEW MEXICO VOTE

By Associated Press.

ALBUQUERQUE, N. M., Sept. 21.—The election of Holm O. Bursum of Socorro, as United States senator from New Mexico was indicated by a plurality of more than 7,000 based on comprehensive but incomplete returns from every county in the state, received at republican state headquarters here today. Figures show that Bursum carried 20 counties with a total vote of 13,173; Richard H. Hanna, democrat, carried eleven counties, his total vote being 5,800.

DON'T MENTION IT.

CHICAGO, Sept. 21.—They have found the "most polite" bandits in the world.

Three armed men who held up Elwin Burns, taking his $300 ring and $50 in cash, left him with this salutation:

"Sorry to have bothered you; thank you very much."

VETERAN OF FOUR WARS COMMANDED LINCOLN'S GUARD

WASHINGTON, Sept. 21.—Major Junius Thomas Turner, veteran of four wars, who commanded a bodyguard which escorted President Lincoln from the White House to the Soldiers' Home here, is 95 years old and ready to die.

"I am drawing to the close of my career," the major remarked casually on his ninety-fifth birthday anniversary. I have no qualms about death. As a matter of fact, I'm perfectly indifferent about the whole thing—don't care whether I'm living or dead—but I wouldn't commit suicide."

Major Turner's first visit to Washington was during the administration of Andrew Jackson, and he remained in the Capital long enough to witness the inauguration of Martin Van Buren. Washington was a dirty little city sunk in a mud hole in those days, and the major wonders sometimes at the transformation that has taken place in the span of his own life.

The major's record of active participation in four wars is believed by him to be unequalled. He served in the Mexican War, 1846-48; the Rogue River, Oregon Indian War, 1853; Confederate tribes of Oregon and Washington Indian War, 1855-56, and the Civil War. He was awarded the title of colonel for his bravery in the Civil War, but has never assumed the rank.

"I'd rather be a major—I won that rank," he explains.

When Major Turner served as commander of President Lincoln's bodyguard he became acquainted with Brady, the famous Civil War photographer. Brady gave him a photograph of Lincoln, and when the President's carriage drove up Turner asked the Executive to autograph the picture, which Lincoln did.

The photograph now hangs in the headquarters of Grant Post, G. A. R., in Washington.

How To Keep Your Blood Pure and Wholesome

It Is the Person With Rich, Red, Normal Blood—The Person of Health and Energy—That Meets With Business and Social Success.

A Lowered Vitality Is Usually Due to Waste Products in the Blood.

When your blood is impoverished and loaded with waste products, you don't get the full strength out of your food, and as a consequence, you become weak, nervous, and easily upset.

Waste products get into the blood mainly through the intestines, but there are other sources—for instance, the glands. Some glands secrete digestive juices, while others excrete waste products. If they fail to properly function, waste products accumulate.

As a result, nature strives to cast off the poisons. It may be through the skin in the form of some skin disorder, but it is not infrequent for it to settle in the muscles and joints and cause rheumatism.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift Specific Co., D-718 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.—Adv.

ASKS DAMAGES FOR $20,000 FROM SHERIFF

Alleging that he was arrested without warrant, that he was thrown into the county jail without being allowed to furnish bond and that while confined in the jail he was injured by other prisoners after a trial before a "Kangaroo court" A. E. "Lon" Griffin of Burkburnett brought suit for $20,000 damages in 89th District court Wednesday against Sheriff Fred Smith.

Griffin was tried last week in the county court at law on a vagrancy charge and after a hotly contested trial was found not guilty by a jury. He is the son of T. E. Griffin, marshal at Burkburnett.

According to the plaintiff's petition he was arrested on August 4 by Deputy Sheriffs Sansbury and Lesuier without cause and without warrant. He alleges that he was brought to this city and lodged in the county jail and refused an opportunity to make bond. While confined in the jail alleges that he was beaten by other prisoners after a trial by the "Kangaroo Court."

He further alleges that no charges were actually filed against him until several days after his arrest.

The suit is the second to be filed against Sheriff Smith within the last two months for injuries alleged to have been received from other prisoners while confined at county jail. A suit of L. B. Gray of this city for $10,000 is pending in the 30th District court. This is also based on the "Kangaroo Kort."

BANDIT LOCKS CASHIER UP; GETS $27,000

By Associated Press.

MINERAL WELLS, Texas, Sept. 21.—A lone masked bandit, after locking Cashier Louis Bryant in the vault today, robbed the banking house of Cunningham Brothers at Palo Pinto, 12 miles west of here, of $486 in cash and $27,000 in bonds. Posses are searching for the robber. Bryant was alone in the bank at the time, about 12:30 o'clock.

JEW, CATHOLIC AND PROTESTANT TO PICK JURY

By Associated Press.

BEAUMONT, Texas, Sept. 21.—Joe Loeb, a Jew; Frank Alvey, a Catholic, and George Caswell, a protestant, are the three jury commissioners selected by Judge E. A. McDowell of the sixtieth district court to pick a grand jury to investigate the activities of the local Ku Klux Klan. Judge McDowell will charge the jurymen October 3.

JUVENILES ARE AGAIN ARRESTED

Allen Cox, Lewis Colten, J. C. Hilliard and Lewis Meadows, four Burkburnett youths arested three weeks ago in connection with a theft case in that city and set free at that time by juvenile authorities, were again lodged in the juvenile jail Wednesday noon by Juvenile Officer Yates.

The four boys from twelve to fourteen years of age were arrested Wednesday at Henrietta by officers there. According to their statement the boys were running away from home. They were placed on a train by the Henrietta officers and told to report to Mr. Yates here who met them on their arrival.

The parents of the boys are expected to be here today when they will be given a hearing in juvenile court.

SHAWNEE, Okla., Sept. 21.—A resolution asking the release of Eugene Debs from the Atlanta penitentiary, was adopted unanimously today by the Oklahoma state federation of labor in convention here.

MOVE RANGER HEADQUARTERS TO THIS CITY

With the arrival Wednesday of Captain Tom Hickman in charge of the company the removal of the headquarters of Company B, Texas Rangers, from Fort Worth to this city became known here. The removal of the company headquarters here follows the action of several local citizens who asked that the change be made and who it is understood have agreed to furnish a home free of charge to Captain Hickman.

Asked concerning the change Wednesday, Captain Hickman said that he knew nothing about it other than that he had received the order of change from Adjutant General Barton. He said that the change would be made as soon as the necessary arrangements could be completed.

The order of the adjutant general means that nine of the fifty men that compose the state ranger force will have their headquarters in this city. The personnel of Company B was reduced to nine men when through the action of the last legislature the ranger force was reduced to fifty men.

J. W. McCormick who has been stationed here for several months is sergeant of the company. According to Captain Hickman most of the men of the company are now stationed near Texarkana in tick eradication work. From three to four men are usually kept at company headquarters for emergencies.

Ranger Gonzaullas formerly of Company B, also stationed here for several months was recently transferred to Company C and will not return here.

FILE CHARGE OF THEFT OF WELL CASING

Said to have been caught in the act of stealing pipe from a lease in the Texhoma field, south of Burkburnett, Wade, Lowe, A. J. Sanders, and Philip Harlen arrested late Tuesday night near Burkburnett by Constable Shannon Layne and Deputy Constable Brannon were brought here Wednesday afternoon. Charges of theft were filed against the three men.

The district attorney's office was further investigating the statement of the two officers making the arrest that one of the trio had resisted them when approached Tuesday night, firing two shots at Brannon before agreeing to accompany the officers. No charges in conenction with the hooting were filed Monday.

In addition to the three men, E. N. Christian and G. A. Britain, said to have been owners of the teams with which the alleged stolen casing was hauled were arrested and charges of being accomplices filed against them. Christian is said to have made a signed statement in which he said that two of the men charged with theft had borrowed his team and that he had supposed that it was for some lawful purpose.

According to the officers they watched the three men from the time they left the Christian home until they started back from the shallow field with the casing alleged to have been stolen. All the men arrested were released on bond Wednesday evening.

GIRL'S WHITEN SKIN WITH LEMON JUICE

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.—Adv.

SAYS HER RECOVERY IS ALMOST LIKE A MIRACLE

From Helpless Invalid to Complete Restoration of Health, Strength and Happiness Is Wonderful Change Mrs. Root Experienced in Three Weeks—Statement One of Most Remarkable On Record.

MRS. JENNIE ROOT

"Just a week before I started taking Tanlac I was down in bed so crippled up with rheumatism I could not move without help. My son had taken Tanlac, and it had done him a world of good, so one day he brought home a bottle and said, "Mother, I want you to take this." When I had finished that bottle, I felt like a different woman, and by the time I had finished my second bottle ,I was out in the garden hoeing.

"Tanlac has simply done wonders for me; it almost seems like a miracle." This is the remarkable statement made recently by Mrs. Jennie Root, residing at 1409 Powers St., Portland, Oregon, and is only one of tens of thousands from well-known men and women who are daily testifying to the powers of Tanlac.

Continuing her wonderful statement, Mrs. Root said, "For years I suffered terribly with rheumatism, and would often be down in bed for days at a time. In the last five years there was not a time that I didn't feel those rheumatic pains all through my body. About two months ago I got very much worse and my arms and legs were so bad I was almost helpless and couldn't even hold a pen to sign my name. I was so weak I could not do any house work. I couldn't even sleep, and had no rest day or night. Even to walk a few steps would tire me out completely. When I tried to walk I would stagger, and when I did walk a little way and sat down I could not get up without some one helping me. I had no appetite and hardly ate enough to keep me alive. I could not stoop over far enough to get my shoes on.

"I never knew what a night's sleep was, and would lie awake for hours. At times I would get very cold and would have to get up and sit by the fire all huddled up, and my daughters would put hot water bottles all around me. I was treated by four doctors and took all kinds of medicine. Nothing ever did me any good. I am just like a different person now. All those terrible aches and pains have left me, and only the other day I was able to walk up four flights of stairs in an office building when the elevator was out of order.

"My appetite is just splendid now, and just today for the first time in years, I felt so hungry that I had to go and eat a piece of pie between meals. In fact, I can't remember the time that I have felt as well as I do now. I have not only regained my health and strength, but I have gained 14 pounds in weight. To tell you the truth, I wouldn't exchange the benefit I have received from Tanlac for the best ranch in Oregon, and I will praise it as long as I live."

Tanlac is sold in Wichita Falls by Miller Drug Store; in Electra by Tarlton Drug Store; in Burkburnett by West End Drug Co., and by all leading druggists.—Adv.

BURK MAN IS CHARGED AS WIFE BEATER

Alleged to have beaten his wife when he returned to their home Tuesday evening because she had not sold as much whisky as he expected she would, T. G. Gasperson of Burkburnett arrested Tuesday night was brought here Wednesday by Constable Shannon Layne. Charges of aggravated assault and of having liquor in his possession was filed against Gasperson.

In addition to beating his wife who appeared at the courthouse with a severe bruise near one eye, Gasperson is said to have attacked Layne in attempting to resist arrest Tuesday night. The officer bore indications of the fight Wednesday as did Gasperson.

According to Layne and Deputy Contable Brannon, who assisted in the arrest Gasperson struck Layne three times while they were arresting him in the downtown sertion of Burkburnett. Layne is said to have finally subdued Gasperson in a hand-to-hand encounter.

HIT HER WITH FRYING PAN, BREAKING WEDDED BLISS

CHICAGO, Sept. 21.—Helping his wife "cook supper" led Fred Wolff, a Chicago salesmen, into the divorce court. Wolff, according to his wife, acted like a "wolf" in the kitchen of their home. When he struck her with a frying pan it broke up their five years of marital happiness.

"I heard pots and pans being thrown around," Mrs. Wolff told Judge Lewis. "My husband got so angry that at last he struck me with a frying pan. We never made up after that."

GOLD BRICK SALE BLOCKED

CHICAGO, Sept. 21.—Gold bricks were once the "lorelie" of bewhiskered gentlemen from the "sticks."

But Joseph Caccavallo knew nothing of precedent. He tried to sell two to a Halstead street pawnbroker. At least Aye Stein, the broker, who had Caccavallo arrested, said the youth asked $400 for the pair.

"I bought the bricks from a young man on the south side," Caccavallo told Judge Jacobs. "I only wanted them priced."

The judge freed the youth but confiscated the bricks.

24½ Million Dollars Invested by Employes of Swift & Company

More than 21,000 employes of Swift & Company own or are paying for shares in the business. These men and women have attested their faith in the integrity and good will of the company by investing their savings in the business.

Their holdings represent a total of nearly 250,000 shares, the par value ($100 a share) of which is more than $24,500,000.

These 21,000 represent more than one-third of our average number of employes!

One man out of every three, in plant, office, and branch house, from the handworker on the floor to the brain worker at the desk; working *with* us as well as *for* us, devoting himself to his own business while devoting himself to ours; promoting his own interests in every motion or moment saved, in every product improved or maintained at perfection, in every service rendered through prompt,thorough, effective distribution of products.

This interested, eager group of fellow partners working with us for the good of Swift & Company and the public which we serve, constitutes one-half of the ownership of Swift & Company in point of numbers, and nearly one-sixth in point of shares outstanding.

It represents practical and successful progress toward the end at which enlightened modern industry is aiming for the solution of industrial problems—toward cooperation, mutuality, brotherhood in business, for the good of all.

The Story of

YOUR ICE

"A little Patience and understanding will help us make your ice plant a better plant."

Nothing Left But "Good Will" After 10 Years

Even though the utmost caution is used in securing the best machinery for making your ICE—the life of this machinery is very short. ONLY TEN YEARS—think of it!

After this period, this machinery must be replaced—regardless of initial cost or care extended in its handling.

The highest-priced machinery and equipment, such as engines, compressors, boilers, pumps, tanks, etc., are needed in ice-making.

Destructive Idleness—

The fatal combination of having to work at high speed half the time or less and be completely idle the rest of the year is even more destructive.

The United States government has allowed 10 per cent depreciation on ice plant machinery—acknowledging the extreme unfavorable condition ice must be manufactured under.

It takes 48 hours to freeze a 300-lb. cake of ice—no rest for the machinery—if the people are to be served; no letup, no time for proper repairs.

AGRICULTURAL WEALTH OF SOME TEXAS COUNTIES.

Clay county on January 1, 1920 had 2,119 farms, 2,116 white farmers and 2 negro farmers. There were 1,132 farms operated by owners or managers and 986 tenants. Clay had 276,527 improved acres and 721,789 acres in farms. Value of land and buildings $20,432,648 as against $15,965,581 in 1910 or a per cent increase in value of 84.4. Clay had 7,688 horses, 4,336 mules, 53,728 cattle, 2,175 sheep, 6,354 swine and 966 goats. Principal crops: Wheat 731,926 bushels, oats 911,764 bushels, corn 509,736 bushels, cotton 21,552 bales. On April 15, 1910 the value of land and buildings in Clay county was $15,965,581 or an increase in ten years of $13,458,067. Census figures show that Clay is moving forward as an agricultural county as well as a livestock producing section.

Bowie county made a fine showing in the ten years from 1910 until 1920. Bowie had 4,970 farms with 3,251 white farmers and 1,719 negro farmers. Bowie county is on the Arkansas border and is one of the smaller counties of the state. Total acres of land in farms is 316,692; improved acres 200,907. Value of land and buildings $14,170,895 as against $5,417,966 in the year 1910 or a percentage increase of 161.6. Bowie is a hog producing county. Animals reported as follows: Horses 5,709, mules 6,354, cattle 17,849, sheep 334, swine 17,605, goats, 929. In 1919 Bowie produced 817,574 bushels of corn, 4,723 tons of hay, 21,841 bales of cotton and 33,825 bushels of peanuts.

Montague makes a very flattering showing with 3,005 farms and 3,005 white farmers divided as follows: Owners and managers, 1,727; tenants 1,278. Land in farms, 449,506 acres; improved acres 201,317. Value of land and buildings, $15,895,036 as against $9,500,057 in 1910 or a percentage increase of 67.3. Animals reported: Horses 6,670; mules, 3,373; cattle 29,110; sheep 313; swine 9,963; goats 740. Principal crops: Corn 877,014 bushels; oats 486,096 bushels; wheat 159,252 bushels; cotton 25,991 bales.

Hopkins is considered an East Texas county but it should be classed as North Texas. Hopkins is an agricultural county although the people are going strong for livestock. In 1920 the value of land and buildings was given as $30,717,369 as against $863,941 ten years before or an increase in value of $21,813,428 and a percentage of 245.6. Animals reported: horses 8,767; mules 7,818; cattle 23,079; sheep 1,089; swine 15,090; goats 168. Principal crops: Corn 1,106,659 bushels; oats, 780,581 bushels; hay, 7,504 tons; cotton, 35,237 bales. Hopkins county is the home of a gentleman known in the political annals of the state as Cyclone Davis. In his earlier life, he was known as Methodist Jim but he invaded Kansas in the days of the populist party and a Jay Hawker journalist christened him the Texas Cyclone. He owns a fine farm in Hopkins county and in the shade of a large pecan grove he has forgotten all about the crime of '75 or the Ocala demands.

Marion on the eastern border of Texas was invaded by white men a hundred years ago and for many years Jefferson was a thriving city. Marion doesn't travel any faster now than it did 50 years ago. There are 1,407 farms in the county, 969 negro farmers, 438 white farmers and 658 tenants. Land in farms 119,549 acres; improved acres 60,096. Value of land and buildings $3,764,901 as against $1,520,785 in 1910 or a percentage increase of 81.8. Animals reported: Horses, 1,455; mules, 1,642; cattle, 62,208; sheep, 75; swine, 6,590; goats, 436. In the year 1919, Marion produced 175,713 bushels of corn, 4,017 bales of cotton and 24,064 bushels of peanuts. For years and years Jefferson was the home of many famous men including the Culbersons, father and son. They grow peanuts and politicians in Marion county.

Austin county has a large German population. Value of land and buildings, $16,174,303 as against $7,568,484 in 1910 or a percentage increase of 113.7. Principal crops are corn, hay and potatoes, upwards of 30,000 bushels of potatoes having been produced in that county in 1919.

Burleson county has a large negro population. There are 1,465 white farmers and 1,220 negro farmers. Value of land and buildings, $12,639,237 or a percentage increase of 99.3. Burleson county goes in strong for livestock including hogs and its principal crops are corn, hay, cotton and sweet potatoes. In 1919 Burleson county produced 20,000 bushels of sweet potatoes.

Dewitt county has a large German population; 2,378 farms, 2,087 white farmers and 289 negro farmers. Value of land and buildings, $31,-238,442 against $16,109,595 in 1910 or a percentage increase of 93.1. Dewitt had more than 50,000 head of cattle that year, more than 20,000 swine and 17,000 horses and mules. Dewitt produced more than a million bushels of corn, 18,000 bushels of potatoes and only 8,688 bales of cotton.

Liberty county is another of the early settlements of Texas and the people down there got a move on themselves from 1910 until 1920. Farms, 1,314; white farmers, 999; negro farmers, 315; tenants, 294. Value of lands and buildings, $5,634,851 as against $1,883,612 in 1910 or a percentage increase of 234.7. Liberty produced in that year, 264,012 bushels of rice, 135,713 bushels of corn and only 424 bales of cotton. Livestock is not overlooked by the people of Liberty county. These are the figures: Horses, 5,053; mules, 1,707; cattle, 37,135; sheep, 793; swine, 20,143; goats, 5,593. Liberty county had only 30,061 cattle in 1910 and is one of the few counties showing a greater number of cattle in 1920 than in 1910.

Fayette is one of the great German counties of Texas. Fayette has 4,728 farms operated by 3,779 white farmers and 949 negro farmers. There were 2,533 farms operated by owners and managers and 2,195 by tenants. Value of land and buildings, $26,099,884 as against $12,376,-399 in 1910 or a percentage increase of 101.9. Fayette goes in strong for livestock. Animals reported: Horses, 11,066; mules, 7,455; cattle, 42,320; sheep, 1,257; swine, 27,497. In 1919 Fayette produced 1,480,255 bushels of corn, 21,212 tons of hay, 4,415 tons of sugar cane and 11,954 bales of cotton. They diversify with a vengeance in Fayette county and the butter and cheese shipped from that county has a high reputation.

Freestone county is another that was settled in the long ago. Freestone has 2,043 white farmers and 1,844 negro farmers; 1,702 tenants and 193,710 acres in cultivation. Value of land and buildings $12,029,272 as against $4,218,007 in 1910 or a percentage increase of 185.2. They are diversifiers in Freestone county. Animals reported: Horses, 5,180; mules, 5,937; cattle, 18,-077; sheep, 842; swine, 21,479; goats, 1,606. Principal crops: Corn, 907,490 bushels; oats, 71,148 bushels; cotton, 17,264 bales.

Erath county showed a percentage increase in ten years of 32.0 in value of land and buildings. Erath county suffered a disastrous drought that lasted several years, but her people are coming back. There are 3,375 white farmers in Erath, 14 negro farmers and 1,684 tenants. Animals reported: Horses, 8,476; mules, 5,549; cattle, 29,-485; sheep, 3,326; swine, 8,914; goats, 1,737. Erath is in the wheat belt. In 1919 the county produced 251,124 bushels of wheat, 935,943 bushels of oats 936,040 bushels of corn and 19,738 bales of cotton.

Burnett county made some jump in the ten years; 1,411 farms in the county and 1,389 white farmers and 22 negro farmers. Value of lands and buildings, $11,824,519 or a percentage increase of 76.6. Burnett is strong for livestock as well as for the staple products. Animals reported: Horses, 5,038; mules, 2,520; cattle, 26,844; sheep, 42,068; swine, 7,392; goats, 8,528. Principal crops: Oats, 634,139 bushels; corn, 521,668 bushels; wheat, 127,672 bushels; cottton, 11,590 bales.

Brazos county has a large negro population, in fact, Brazos is in the Black Belt of Texas. According to the census figures, Brazos had 3,023 farms; 1,939 negro farmers; 1,581 farmers and 1,939 tenants. It will be noted that the negroes are all tenants in Brazos county. Value of lands and buildings, $10,290,296 as against $6,698,164 in 1910 or a percentage increase of 53.6. Animals reported: Horses, 3,744; mules, 5,175; cattle, 19,734; sheep, 1,081; swine, 14,413; goats 1,729. Principal crops: Corn, 595,738 bushels; cotton, 8,177 bales; peanuts, 8,968 bushels. It is evident that the workers in Brazos county take life easy.

A study of these figures should bring home to the people of this section the importance of irrigation and the truth of the saying that all wealth comes from the earth. It goes without saying that 200,000 acres of irrigated land in the Wichita Valley country would show a greater yield every year than a 1,200,000 acres of unirrigated land. Texas is known as the billion dollar a year agricultural state. Reclamation of idle land through the magical flow of impounded flood waters would make Texas the five billion dollar year agricultural producing state before the coming of 1930.

IN A HUNDRED YEARS ONLY ONE NAME WILL CONTINUE TO LIVE.

Woodrow Wilson will be the only one of all the men who distinguished themselves during the war whose name will be gratefully remembered by the whole world 100 years hence, and it will be for giving life to the League of Nations. That is the conviction Helmuth von Gerlach, one of the most popular German democratic writers, voiced in the Welt Am Montag.

It is the first time Mr. Wilson has received such ostentatious praise from any German. Until now he has been the scapegoat for all the unpleasant happenings Germany experienced in the last stages of the war and the armistice.

"In 100 years the names of all the 'great men of the World War,'" he writes, "the names of generals, as well as statesmen, will be forgotten. Only one name will continue to live in the grateful remembrance of our great-grandchildren. It is a name that today is the most despised and ridiculed—Woodrow Wilson. The last shall be first. Mr. Wilson was the only one who was induced by the war to give mankind a new idea—the League of Nations. Not that he can claim to be the originator of this idea. Others had it before him, but he has given to it, with the fervency of an apostle, political reality, in spite of all the opposing forces. He made room for it in the Versailles treaty, lending thereby a glamour of eternity to this sad document."

Much, of course, can be criticized in the league, he continues, but the foundation, at least, has been laid. Von Gerlach hopes Germany will apply for admission soon, to prove she has forgotten the past and is alive to the domaeratic present, but fears Foreign Minister Rosen will be the greatest obstacle, as, in his opinion, Dr. Rosen is a representative of the old school of diplomacy, and prefers secret negotiations to open discussion among nations.

LONDON MEN NOTORIOUS GOSSIPS.

From time immemorial the word gossip has been associated with the feminine gender, writes Rosalie Naish in the London Standard. It is women who are supposed to take away characters, start rumors, and tear reputations into shreds. It may be true that women like talking about one another, and sometimes not over good-

What about the club? Are the subjects always serious, and do not personalities form a naturedly, but are men entirely free from the gossip habit?

large part of the conversation? I know a good many club men, and I have often heard with amazement what they have said about one another.

There was a time when men were supposed not only to condemn but actually to dislike a cup of afternoon tea. Perhaps there was a time when men did not gossip, and the tea and the talk have become popular together. But what about Pepys's diary?

Here were really some choice bits of gossip! If, however, you do not believe that men gossip nowadays, ask one in to tea—we will say a barrister, for example. Begin to praise one or two K. C.'s and some of the judges, and see what he will say about them, or ask a politician, or a soldier what he thinks of some of the generals—you can apply this test to all the trades and professions.

There are plenty of broad-minded and intelligent people who talk "things" rather than persons; there are also plenty of gossips who talk nothing but people, and if you ask me whether these gossips are men or women, I should say there were six of one and a half dozen of the other. If men appear to gossip on the whole less than women, it is chiefly because they have less time for small talk.

Rippling Rhymes

By WALT MASON

BETTER DAYS.

When young I worried under the ills that children know; my colic was a wonder, I had nine mumps or so. Then grandma made me swallow a stoup of castor oil; and life seemed vain and hollow, a thing of tears and toil. If sickness was disaster, the remedy was worse; the taste of oil of castor long weeks could not disperse. Then all our pills and potions refused to wear disguise, and they stirred up emotions this age can't realize. Then every ailing critter was doomed to drink a tea made up of yarbs as bitter as any yarbs can be. But science is a dandy, its triumphs never stop; our pills are now like candy, our bitters taste like pop. They used to hold our noses and pry our jaws apart, to pour down noxious doses designed to break the heart. The old time methods savored of martyrs at the stake, but now our dope is flavored like icing on a cake. And thus the world grows brighter in big and little ways, our burdens all grow lighter, and sunnier our days. My heart is light and tuneful, and full of glee I am, as I consume a spoonful of dope that tastes like jam.—Copyright by George Matthew Adams.

A LITTLE SLICE O' LIFE.

A western judge
Is investigating the divorce evil.
The main trouble
With the divorce business
Seems to be that
People make too much of
Trivial affairs.
Just the other day a man
Asked for a divorce
For the reason that his wife
Had not spoken to him
For three years, and another
Man wanted a divorce
Because his wife refused
To do the cooking for him.
A pessimist might say that
Both of these gentlemen
Are more or less lucky.
The court decided that what
Both of these men needed
Was an alienist, not a divorce.
If divorces had been granted,
Neither of these women would
Have been single ten minutes.

A decline in food prices is being predicted. We have been declining some of them for some time.

"'Sent to you in a plain wrapper. No printing on outside of package. Give it to him in his food or put it in his coffee without his knowledge No taste, no odor.'

"And then follow the testimonials:

"'How I cured my husband of the drink habit,' and the picture of the woman with her arms around the poor ex-rum's neck, and she says her glad story, entitled, 'Since John stopped drinking how happy is our little home.'"

Newspaper item says, "Telephone communication across the Atlantic ocean possible in six months." Only about a month longer than it takes to get a connection on this continent.

WHY NOT PUT THE COLLEGE FOOTBALL YELL TO PRACTICAL USE?

Who's Who

MANUEL ESTRADA CABRERA.

CABRERA

The government of Guatemala has taken of the United States and announced that it will not execute the sentence of death recently pronounced upon the former Guatemalan president, Manuel Cabrera. Cabrera has been in exile since his deposition last year.

Manuel Estrada was born November 21, 1857 at the city of Quezaltenango in the interior of Guatemala. He studied law at the national capital and was appointed governor of the department of Retalhuleu and, in 1886, chief justice of his native city. But these posts were not big enough for his ambitions. He managed to get himself appointed second vice president of the republic. And then, when President Barrios was assassinated in 1898, Cabrera saw his chance. As second vice president, he was not the man who would automatically succeed Barrios. But that trifle didn't bother him. He is said to have walked into a meeting of the big men of the Barrios government, laid a revolver on the table before him and remarked:

"Gentlemen, I am president of Guatemala!"

He was right. And for twenty-two years he remained the ruler of Guatemala. A czar in the palmiest days of czarism, a Roman emperor at the height of Imperial Rome's power, a bloodthirsty despot of the Far East, might well has envied Manuel Estrada Cabrera, firmly seated on his Central American throne, cheerfully acting in a way that would have made a tyrant of antiquity blush for fear that he was overdoing things.

Cabrera amassed an enormous fortune, largely by confiscation of plantations and other properties in Guatemala. His principal foes, during his long lease of power, were among the land owning class, many of whom he drove from their country in order to confiscate their holdings.

Although Cabrera's regime was ruthless and his methods utterly despotic, his defenders insist that, on the whole, his long reign brought more good than evil to Guatemala. He improved the country's finances, they say, carried out many important public works, reformed and liberalized the laws, fostered systems of sanitation. Above all, they declare, he showed himself such a zealous believer in education that he installed in Guatemala a really up-to-date school system based on American models.

HARD LUCK SHIP PUTS INTO BOSTON

BOSTON, Sept. 21.—The captain and crew of the Canadian fishing schooner Helen McLain have decided they are on the champion hard-luck ship of the North Atlantic.

The ship, commanded by Captain Fred McLain, reached Boston and docked at the fishing pier, with seventy-seven big swordfish in her hold, valued at well over $4,000.

Then it was discovered that the privilege given in war times, which allowed Canadian fishing vessels to land their catches direct at United States ports, had been revoked on July 15. The men were informed they could not sell their haul in this country, and it will spoil before they can reach a British or Canadian port.

Colector of the Port Lufkin telegraphed to Washington asking special permission for the ship, since it has been at sea for over a month and had no way of knowing that the privilege had been rescinded.

Special to the Record News.

CLARENDON, Texas, Sept. 21.—About sixty attended the formal opening of the White House hotel which was celebrated Tuesday. The Chamber of Commerce held its regular weekly luncheon at this time and an informal program was given. The Rev. and Mrs. Albert Fischer and Frank Cheek of Fort Worth, who are holding revival services here gave short talks, and good roads and the improved water system were discussed by Capt. E. A. Simpson, Tom F. Connally and Dr. B. L. Jenkins. Unusual interested was manifested in the city's interests and future development.

36,617,584 COTTON SPINDLES AT WORK

By Associated Press.

WASHINGTON, Sept. 21.—There were 36,617,584 cotton spindles in the United States at the beginning of the cotton year August 1, the census bureau announced today. Of that number 33,059,211 spindles were operated at some time during the month, the aggregate number of spindle hours being 7,319,916,031.

In response to an urgent call, Sir Douglas Shields, the eminent surgeon, left Corydon early on Saturday morning by airplane for Paris, and, having found that the patient was fit to travel, brought him by airplane to London, where an operation was successfully performed the same evening. —London Times.

BEANS JUMP FROM EARS OF STUNNED HERO

BOSTON, Sept. 21.—Diagnosis of the strange case of John Shanley, Canadian war veteran, has just been completed here by the Massachusetts Clinic for Diagnosis. Shanley had previously been examined by more than 350 surgeons without success. He has been under the treatment in French, English, Canadian and American hospitals since his rescue on the battlefield by a ten-year-old Belgian girl, whom he later married.

The veteran, with a number of his comrades, lost his hearing when struck down by a German shell. Many of the others lost their power of speech, and it was thought at first Shanley would also become dumb.

The diagnosis showed both of Shanley's ear-drums had been destroyed. Another opening in his cranium was discovered connecting this passage with his mouth and nose. Shanley has frequently demonstrated his ability to pass shoe buttons through his head. He has inserted as many as six buttons into his head at one time and then subjected himself to the X-ray. He first became concerned over his condition while eating army "chow." Laughing suddenly, a bean emerged from one of his ears. Further experimenting showed that he could at will pass small objects through his head.

Shanley is far from helpless because of his misfortunes. He has become so adept in the art of lip-reading that those with whom he is conversing, if uninformed are not aware that he is deaf. At night, when he is unable to see his young wife's lips he is able to converse with her by holding the back of his hand over her lips. He has astonished many by turning his head away, holding his hand lightly against a speaker's lips and repeating, word for word, what has been said.

Dr. Leo Hanson, director of the clinic, states definitely that Shanley will not lose his power of speech, although other medical men had declared he would. According to Dr. Hanson, Shanley cannot regain his hearing, because of the destruction of his ear-drums and the permanent breaking down of small muscle fibres and tissues inside his head. Dr. Hanson is aiding his patient in a plan to establish a school for instruction in lip-reading.

Shanley's battlefield romance and marriage read like fiction. Honora Fountain dragged him to safety, after he had been thirty-nine hours in a shell-hole at the battle of Ypres. She dressed his wounds and nursed him back to health in her shell-riddled cottage. All other members of her family had been killed. As Shanley was about to return to the front he told his commanding officer he wished to marry the girl. Because of her extreme youth the officer consented to the ceremony only on condition that Shanley send the young heroine to England until he returned from the war. An army chaplain married the couple, and Shanley returned to the lines. It was after this that he was rendered deaf by the shell explosion. When he rejoined his bride she was a young woman of fifteen. When they arrived in America the Shanley family numbered three.

The Canadian Government has spent $18,000 on Shanley in treatment and instruction for lip-reading.

JUNIOR HIGH MOTHERS' CLUB MEETS TUESDAY

Activities for the fall and winter began for tre Junior High Mothers' club with the first meeting of the season held at the school building Tuesday afternoon. Discussion of plans and work for the coming year featured the meeting.

H. A. Glass, principle of the junior high school gave an interesting outline of work that should be taken up immediately by the club, in which he stressed the need of a rest room for teachers and pupils.

The association decided to take up that phase of work at once. It was decided to meet every third Tuesday in the month with every other one a social session. October 17 will be the date for the next meeting.

ROBERTA BLEAKLEY CELEBRATES BIRTHDAY

Little Miss Roberta Bleakley celebrated her first birthday in a fitting manner Tuesday afternoon when she invited a group of her small friends in to help her.

The party was given at the home of her parents, Mr. and Mrs. A. R. Bleakley, 1644 Elizabeth street, which was prettily decorated, carrying out a color scheme of pink.

Elfin caps and balloons in the pink were presented each little guest upon their arrival, and the hours were pleasantly spent with childish games.

Cutting the birthday cake afforded amusement. William Hamilton finding the button, Dorothy Pounds, the thimble, Evelyn Baker, the ring, and O. R. Hartt, Jr., the dime.

The young hostess was the recipient of many dainty gifts.

At a late hour, the birthday cake with ice cream and cake was served to, Helen and Harlo Huckabee, Pauline White, Evelyn Baker, Virginia Daniels, Jean Daniels, O. R. Hartt, Jr., William and Martin Hamilton, Hubert Verschoyle and Dorothy Pounds. Mrs. Bleakley was assisted in entertaining the little guests and in serving, by Miss Herma Pounds.

Out of town guests at the party were Mr. and Mrs. H. A. Kinnison of Dallas, aunt and uncle of the hostess.

TODAY'S RECEIPTS

Green Corn Griddle Cakes—Mix together one cupful of raw corn pulp, one egg beaten light, half a teaspoonful of salt, one tablespoonful of melted shortening, one cupful of milk and sufficient flour, sifted with two teaspoonsful of baking powder, to make a pancake batter. Fry as for ordinary griddle cakes.

Corn Chowder—Cut two slices of salt pork, try out, remove the pork and in the fat cook half a diced onion until tender but not browned. Add four cupfuls of sliced potatoes, two cupfuls of water, one teaspoonful of salt and a quarter of a teaspoonful of paprika. Five minutes before the potatoes are done add two cupfuls of scraped corn pulp and four cupfuls of milk. Simmer for five or six minutes longer and thicken with a little flour mixed with cold water. Stir constantly until the chowder thickens and stir in six broken soda crackers.

Salads of Eggs—Now that eggs are plentiful egg salad forms one of the best of the substantial luncheon salads.

One good one is made of hard boiled eggs. Remember to cook the eggs just below the boiling point for half an hour to have them digestible—cut in half and laid on slices of tomato on lettuce leaves. Around each slice of tomato and half of egg lay a ring of sweet green pepper, made simply by washing and slicing the pepper.

Another good egg salad is made of halves of egg whites from which the yolks have been removed, filled with diced beets and peas, and mixed with mayonnaise. Each egg half is prepared up in lettuce leaves and the egg yolks are crumbled over the whole salad. More mayonnaise is passed.

WASHING MACHINE HINTS

Don't fail to have some reliable agent of the sort of washing machine you buy demonstrate it and explain how to use it.

Ask for a pamphlet or booklet of directions for your sort of washing machine and then read this thoroughly. Never fail to oil the washing machine exactly as required. Do not labor under the delusion that more oil than the directions call for is just that much better. Too much oil is sometimes as bad as too little. Use a good quality of machine oil, the quality which you know to be of standard grade.

Never fail to empty the washer of water as soon as you are through using it. Take the pains always to rinse it out by pouring in a pailful of hot water after the used water has run out.

Do not fail to look at your washing machine every day or so even when not using, making sure that it is in good condition. Sometimes if closed with a little moisture within it it becomes slightly moldy. When this occurs you should remove the parts that can be removed at once, wash them thoroughly and dry the entire machine carefully. Leave windows near by open and do not cover again until thoroughly dry within.

With the Women of Today

Miss Marcia O. Dunham.

Miss Marcia O. Dunham, whose home is New York City, is the only woman appointed by the Russian relief expedition for entry into Russia. She will join Colonel William M. Haskell and his staff at Riga, Latvia, where she is at present the head of the Y. W. C. A. in the Baltic states. Since the fall of 1917, when Miss Dunham with three other Y. W. C. A. representatives, went to Russia to study conditions under which Russian women at present exist, she has lived closely in touch with the people of that nation.

The Bolshevik uprising as well as the advance of the Germans against Moscow in 1919 at first seriously handicapped and then disrupted the work of the Americans. In 1918, when the Germans were approaching Moscow and all Americans were ordered to evacuate, Miss Dunham, then head of the work in Petrograd, was discovered to be out of all communication. Re-entry under the soviet government was denied, but Miss Dunham undaunted, turned her attention to the fate of the thousands of Russian girl refugees pouring into other countries. In constantinople a hotel for Russian girl refugees was opened upon her recommendation.

Since last year Miss Dunham has been actively at work among the Russians in the Baltic states and she made a survey of the present conditions in Latvia, Esthonia and Lithuania. In a report sent to this country Miss Dunham said: "The opportunity for work among the girls is a particularly large one for with the incoming Russian girl refugees the proportion of girls is very heavy. Recent statistics give the proportion of women between the ages of nineteen and thirty-nine in the Baltic states as two and a half times as many as men. To help knit together the three nationalities, Germans, Letts and Russians, is one of the needs of the moment."

It was because of her thorough knowledge of the Russian situation that Miss Dunham was chosen as a member of the relief expedition.

A WIFE IN THE MAKING

JANE'S PROBLEM

"What's up, Janey? Are you in mother's black books again, or has someone hurt your feelings?" asked Cherry, as she followed Jane to her room.

"No, just clean tired of living in this one-horse town and can't stand it any longer," burst from Jane tempestuously. She kept her head averted, and fidgeted with the cord of the window shade, as she announced this.

"Come, come, dear, it's not really as bad as all that, surely?" said Cherry, trying to speak as brightly as she could. For she saw that her sister-in-law was at her rope's end for some reason or other. And she knew Jane was a girl who needed careful handling.

"Cherry, is eighteen too young to get married?" was her next question, face still averted.

"Too Young?" Why, I don't know exactly how to answer that, Jane. For some girls it is far too young, while for others it's quite all right. Take you, for instance. You are such a baby girl in some ways, still. I'd just hate to see you get married for ever so long, three or four years at least. On the other hand, Alice Jones, who is your age, but such a settled little body, could marry tomorrow, and I'd not have a single moment of worry about her so doing. You understand, dear, don't you?"

Here Jane whirled around suddenly and looked Cherry squarely in the eyes. She passed her hand over her hair, thoughtfully, and seemed at sea as to what she really wanted to say.

"Didn't you ever, ever get sick to death of being at home before you were married, Cherry? Didn't it seem sometimes as though you'd be smothered by your surroundings, and as though everything and everybody was connlving against your striking out for yourself and trying to stop you from solving your own problems in your own way? Oh, just clipping your wings at every single turn? That's how I feel, and it's more than I can stand any longer, too. Mother has been at me to appreciate Sidney Allison for the last year. 'He's such a model young man. So safe.' So altogether priggish and Wellsburgesque to my way of thinking," she finishing savagely. "I like Sidney same as I like lots of the boys whom I have grown up with, in a mild way. You know, nothing big or emotional about it all. And it's not the way I want to feel about the man I marry. Sidney is the sort of man that mother should have married, but he'd never in this world suit me. He thinks that I am erratic already. What would he think if he lived with me?" Here she went off into peals of mirth at the very idea of being attached to the absent Mr. Allison.

"Well, Jane, dear, if you don't care for Sidney, there's no problem in that direction certainly, not matter what mother thinks or wishes." Cherry assured her. "But is there any one you care for in the real way? That's what I want to know?" and she waited for the girl to answer.

RECIPES.

Sweet Potatoes, Southern

In an iron fry pan put one fourth cup of butter and a cup of sugar. Stir slightly and add peeled and halved sweet potatoes. Cover and cook very slowly until the potatoes are tender.

Sweet Potato Souffle.

Boil and mash sweet potatoes. Season with cream, or milk, butter, salt and pepper. Beat until very light and add two well beaten eggs. Bake in a hot oven for twenty minutes.

Sweet Potato Souffle.

To the above add a quarter cup each of raisins and chopped nuts. Season with a dash of cinnamon and nutmeg. When in baking dish, put cut marshmallows on top and bake.

Sweet Potato Salad.

Use sweet potatoes for a richer salad than the Irish potatoes make. To it may be added any or all of the following: chopped onion, parsley, hard boiled egg, red or green peppers, olives, pickles, nuts, or cocoanut.

Sweet Potato Sandwiches.

To mashed, boiled sweet potato add cream, salt, pepper, chopped nuts. Beat until light and spread between slices of brown bread.

One of the most delicious ways to prepare sweet potatoes is to bake them in a slow oven. They bake more quickly than Irish potatoes and care should be taken that they are not cooked so quickly as to dry in the inside and leave only a parched shell.

MRS. SOLOMON SAYS

About Brooms.—Dip them in hot, soapy water and they will last longer as the straws will not get so stiff and brittle. The carpets will wear longer, too, if the brooms are kept pliable. In buying a broom, select one of thick even straws, not the long, thin, straggly strawed kind. Cheap brooms do not wear well. Do not leave the broom resting on the brush end. Hang it up or stand it on the handle end or it will get out of shape. Do not use the good broom for scrubbing. It spoils the shape. Happy is the housewife who has a broom closet and can keep the brooms and cleaning paraphernalia assembled here and out of sight.

WOMAN KU KLUX LEADER DEFENDS KLAN

Mrs. Elizabeth Tyler.

NEW YORK, Sept. 21.—A woman Mrs. Elizabeth Tyler of Atlanta, Ga., holds an important office in the Ku Klux Klan, now under a bitter attack by New York and other newspapers. Mrs. Tyler is grand chief of staff of the woman's division of the Klan and head of the propaganda department of the organization. In view of the atrocities attributed in this attack to the "K. K. K." Mrs. Tyler's presence in the higher circles of the Klan is of interest.

Mrs. Tyler denies emphatically most of the charges hurled at the society.

"I take exception to the statement that the Ku Klux Klan is anti-Jew and anti-Catholic. On the contrary, it is a Christian, Protestant organization that believes in and teaches absolute separation of church and state, and its members must owe no allegiance to any foreign government or power, and the Catholic and Jews, under these conditions, automatically bar themselves," said Mrs. Tyler in a recent statement.

Lawlessness Denied

"Any fraternal order has the unquestioned right to select its membership, and this organization is no more anti-Catholic than the Knights of Columbus are anti-Protestant and no more anti-Jew than the Sons of Israel are anti-Gentile.

"I most strenuously object to the charge of lawlessness. It is forbidden by the constitution and rules of the order, and any Klansman violating these rules is immediately banished from the organization. We court and welcome the most rigid investigation.

"There are other statements made that are not fair, but I shall not go into them because they are rather expressions of unfriendly opinion and prejudice than a statement of facts. We grant the right of any individual to honestly dislike us, and sometimes we are proud of the enemies we have made.

"The order does not foster race prejudice, but believes there is room in this country for every race. We do believe, however, that this is a white man's country, so ordained by the will of God, and that the reins of government should and must rest in the hands of its white citizens, and that they should guide and shape its destiny.

"We stand unreservedly for white supremacy. By this we do not refer to the negro alone, but we mean every colored race in the world, so far as the United States is concerned.

"I take exception to the suggestion that the order is a 'grafting institution,' and also to the reference made to the home which was purchased for Col. W. J. Simmons, head of the Klan, by the Klansmen of the nation. I can and do truthfully state that Colonel Simmons is a poor man and at the time the idea of the home was conceived he was receiving only $100 per week salary, and previous to that—for five years—he received practically nothing from the organization.

"The thing the Klan has had to fight hardest is the mob violence that has been resorted to by men masked in white, masquerading as klansman. There was a woman tarred and feathered in some Texas town. It was laid to the Klan. Upon investigation we learned that the tarring was done by mothers of the town, dressed in overalls, not white robes, who were against the woman as an immoral influence.

BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had a female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day.' If women would only take your Vegetable Compound they would have better health. I always recommend it."—Mrs. TRACY PATTEN, 2 Lincoln Ave., Salisbury, Mass.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak, sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues" she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

Chicks POUR It On Cats In Dixie Opener 8-2

CHICKS OUT-HIT AND OUT-PLAY 'AKEY ATZ' TEXAS PRIDES IN EVERY BRANCH OF THE GAME

FORT WORTH, Texas, Sept. 21.—Jumping on "Buzzer-Bill" Whittaker, the Panther's righthand ace, in the fourth inning, the Memphis "Chicks," Southern Association champions, won the opening game of the Dixie title series from Fort Worth this afternoon, 8 to 2. Oscar Tuero, the Cuban star of the Memphians, was in great form, although touched for ten base hits, four of which were doubles. After the fatal fourth inning "Lefty" August Johns, the young southpaw of the Cats was invincible and Tuero also pitched wonderful ball.

Ground rules, caused by the overflow of fans to the outfield, were responsible for the large number of extra base hits. Ten thousand wild-eyed fans jammed every nook and corner of Panther Park, home of the champion Panthers, to watch the inaugural battle of the series which will decide the Class A baseball championship of the south.

Cats Score First

The locals registered the first tally of the contest. Coombs smashed a double to left, which went into the crowd. Sears hit a line drive over Don Brown's head in center field, which the Chick centerfielder stabbed with one hand after running into a post. It was the greatest catch seen here this season. However, the umpires ruled that Brown went into the crowd for the ball and Sears was allowed two bases, while Coombs was sent across the plate.

Memphis scored one in the second on McLarry' single which Stellbauer booted and Polly went to second, Brown's walk and Camp's single, which netted the run.

The third produced another run for Memphis. McMillan opened the inning with a double down the left field line. Williams singled to right, scoring McMillan, but was out trying to make second, Haworth cutting him off with a beautiful peg to Hoffman.

In the locals' third, Camp staged a brilliant sliding catch of Kraft's apparently safe line drive into right, the Memphis outfielder nabbing the ball within six inches of the ground while he was sliding.

Hard-Hitting Chicks.

Then the blow-off came. Yockey singled to right, starting the Chicks' fourth. Hungling and Tuero fanned in succession. McMillan doubled into the centerfield crowd for two bases, scoring Yockey. High walked. Williams was walked purposely, filling the bags. McLarry singled to center, scoring High and McMillan. Brown doubled over Stellbauer's head, scoring Williams. Johns relieved Whittaker at this stage and Camp greeted him with a single, which scored Brown. Coombs made a perfect throw to Haworth to catch Brown, but Haworth dropped the ball and the Memphis runner scored. Yockey ended with a grounder to Rigney.

Singles by Haworth, Johns and Coombs produced the last run of the game for Fort Worth in the fifth. The score:

UNIVERSITY CLUB BEATS SUPER-SIXES 5-0 IN FAST GAME

The University club nine of the Twilight league blanked Lloyd Weaver's Super-Sixes last evening 5 to 0 in a game marked by heavy hitting on the part of the winners. The game was fast played for three frames, but in the fourth the University clubbers knocked Murphy out of the box under a rain of hits that continued until five runs were over the platter. Conley hurled a nice game for the University club, and was never in danger.

LONGHORNS WILL PLAY ST. EDWARD'S OCTOBER 1

AUSTIN, Sept. 21.—The University of Texas and St. Edward's College will meet October 1 on the Clark field gridiron, it was announced today. This game takes the place of one for that date cancelled last week by Simmons University, whose eleven had been scheduled to meet the Longhorns.

The game with St. Edward's will be the initial one of the season for the Longhorn eleven.

INDIANS WIN BUT YANKEES STILL LEADING

BOSTON, Sept. 21.—Cleveland climbed back into a virtual tie with New York for the leadership today when the world champions defeated Boston 5 to 1. Caldwell was hit on the hand with a drive from Foster's bat in the third and Morton pitched the remainder of the game effectively. Singles by Wambsganss, Smith, Gardner and Johnhton together with Wood's sacrifice and Jones' bad throw gave the visitors three runs in the fifth. Score:

JUNIOR CLASS AT HIGH SCHOOL BEGIN ACTIVITY

The honor of starting high school activities for the current year falls to the members of the Junior Class at Senior high school. Teachers report the juniors full of spirit and laying an ambitious program for accomplishments during their third year as high school students. Joe Bashara, president of the sophomore class of last year was elected to lead the juniors during this year.

A meeting of the speakers club was called by Edward Kadane for Thursday morning, when it is expected plans will be made for their activities. Numerous debates and declamation programs as well as regular weekly programs are included in plans for the speakers club.

Chapel exercises were held Wednesday morning at 9:30 o'clock for about half the students of Senior high school. Those who were not present at the Wednesday morning session will be called together either Thursday or Friday.

Because of the limited capacity of the chapel, since it has been fitted up for a study hall it is impossible to assemble over half the students at one meeting, according to teachers.

FINALS IN NET PLAY THIS AFTERNOON

Gallenkamp and Lewis defeated Powers and Haynes in the semi-final match in the doubles of the city championship yesterday by the score of 6-2 and 6-1, and will play the Akin brothers in the finals this afternoon at 4 o'clock. This will probably be the best doubles match seen on the local courts this season, as both pairs are in good form. Jake Akin will meet Gallenkamp in the singles final Friday afternoon. Both final matches will be 3 out of 5 sets. In singles consolation yesterday C. J. Keenan defeated R. R. Fisk 6-2, 6-2 and will play the winner of J. E. Gill vs. Edwin Bebb in the finals. The Bebb-Gill match will also take place this afternoon. The public is invited but must be on hand early, parking space is scarce.

LOCAL HIGH SCHOOL FOOTBALL TEAM TO OPEN WITH VERNON

The Wichita Falls high school will open its scholastic gridiron season next Saturday at Athletic park against Vernon high. The local boys are practising hard this week under the direction of Coach H. B. Harbaugh, who stated yesterday that every member of the squad is in good physical condition and ready to enter a tough scrimmage at any time.

Vernon high defeated the locals last season, and the boys are hustling every minute to get in shape to wipe out that defeat this coming Saturday.

PARRISH CLUB ELECTS FIVE FOR MEETING

T. B. Noble, L. P. Hammond, Judge A. H. Carrigan, R. F. Bailey and T. M. McGregor were selected as delegates from the local Parrish club to the state meeting of supporters of Congressman Parrish's campaign for the senate, to be held at Fort Worth tonight.

In addition to this delegation, a number of Mr. Parrish's friends expressed the intention of being at the meeting.

The Fort Worth meeting is for the purpose of perfecting an organization throughout the state, and establishing state headquarters and county and district organizations and clubs. The conference is of a statewide character, as above mentioned, and prominent men from all points over the state are expected at the meeting.

WISDOM and WORSE

By C. F. C.

Wish the Indians-Yanks-Pirates-Giants would hurry up and settle this world series tangle—so we'd know to what big Eastern cities we are NOT going!

Nutty fan came in yesterday, and remarked:

"Say, I'll put a dollar or tow in a pot to send you to cover the world series for the city of Wichita Falls. Whatta ya think of the idea?"

We told him it was the most wonderful idea that had been expressed to us in years, and earnestly urged said fan to hasten back upon the street and collect about $1,000. We don't expect to see him again—but at that he sure had a WONDERFUL IDEA!

Danny Clark today can truthfully assert he is a "clean-up" man—but suits of clothes are being cleaned, not loaded bases. Danny and Roy Rhodes have opened up full blast the Bell Tailoring Company at 610 Seventh street, where the Spudder second sacker expects to "make a hit" with every customer who enters the door. Danny declared yesterday he has already learned to knock grease spots over the right field fence.

Every day now a new feature story arrives telling what so-and-so did in such-and-such a world series—but none of these stories tell what the umpire did! Why not announce the umpires' roll of honor? All right, we will. Over the stretch of years from 1908 through 1920, Bill Klem wins the ornate, diamond-studded cuspidor. Klem having officiated in ten world series. Connolly and Evans have each held an indicator in six; Hank O'Day has called 'em in five, and Silk O'Loughlin and Dineen have been on the job in four world series. There! That's giving every dog his just and proper dues.

Paris has one end of the Texas-Oklahoma league pennant bone, and Ardmore is gripping the other end—and between their closed teeth each is snarling heatedly at t'other. . . . .

"You gotta play the deciding game in my town," barks Paris.

"I won't. You agreed to play it in my town," howls Ardmore.

And the result is that each claims the pennant by default. As long as the season was split, why not split the flag. Take the piece of bunting and cut it evenly with the shears, and give Paris one-half and Ardmore the other. If they take their quarrel to Mike Sexton, president of the National Association of Professional Baseball Clubs, Mike sure as fate will order 'em to play it off in Fort Worth! Which will tickle Paul La Grave, but won't make much of a hit with either the Paris or the Ardmore management.

Iowa State College had added horseshoe pitching to its list of sport, according to a recent news item. But it doesn't state how many "ringers" and "leaners" the husky athlete must make before he becomes the proud wearer of the varsity "L."

Boxing promoters are bemoaning the fact that with the fall season close upon them there are few good matches that can be carded. The answer lies in the fact that there are mighty few boxers in the United States today deserving of the name. Jack Dempsey and Benny Leonard are the only champions of championship calibre.

There isn't even a heavyweight who will enter the ring against Fred Fulton. Any of them will fight Dempsey for the loser's end of a big purse, but none has the sand to face the Minnesota plasterer who also has never been more than a second-rater.

Johnny Wilson and Bryan Downey claiming the middleweight title is another burlesque—wouldn't either of those two bums look sweet in a ring with Stanley Ketchell, Billy Papke, Tommy Ryan or Kid McCoy?

Is there any man outside of Leonard in the lightweight division who could stand up three rounds against Joe Gans, Erne, Lavigne, McFadden, or Battling Nelson?

Johnny Kilbane, old and gray-haired, runs the featherweight class to suit himself—what would happen to Frush and other present-day feathers if they crawled through the ropes to face a Terry McGovern, a Griffo, a Gardner, Herrera or Abe Attell?

You're right, Mr. Promoter, there are "few good matches." There are few good boxers or fighters—the game is about given over to hi-jackers who can't lick one another but who can always beat the public.

FRIEND REMEMBERS TRAVELERS AID

THOUGHTFUL ACQUAINTANCE FURNISHES FRIEND CHICKEN LUNCH.

To smell the enticing odors of fried fried chicken which is the principal ingredient of lunches enjoyed by the countless travelers in and out of Wichita Falls who make the union station their headquarters while waiting for trains, for months without being able to do more than envy, then one day to have a kind friend bring a real fried chicken lunch so she could enjoy in the "bone crushing" chorus—such is the experience of Mrs. W. O. Davidson, day travelers aid secretary at the union station.

Mrs. Davidson was seated at her desk when up walked a friend with a box and handed it to her.

"Here's something for you to eat in case you don't get to go up-town for lunch," the friend said.

Hurriedly opening the package she found several large, brown, enticing portions cooked just to the correct crispness, exuding the "nothing like it" odor of a fat broiler.

"Ah, now I am happy," she murmured. "For months I have been smelling fried chicken, without being able to join them until I had almost come to the point where I could go up and snatch a drum stick and run. Now they can all eat who like to."

PIRATES LOSE WHILE GIANTS TURN ON CUBS

CHICAGO, Sept. 21.—New York increased its lead in the pennant race to four games today by taking the final game of the series from Chicago 9 to 7, while Pittsburgh lost to Brooklyn. Thirty-two men took part in the game, each club using four pitchers. The league leaders drove Martin off the mound, then bunched hits off Freeman after which Jones checked the slugging for a time. He weakened in the eighth, however, with the tying run in and the winning run on base he was replaced by Ponder who was unable to hold McGraw's men. Score:

NAME GRAHAM DIRECTOR OF SOUTHERN RY

M. K. Graham, the man whose sagacity of purpose resulted in the running of the Wichita Falls and Southern through Graham, even though the original route would have been more to his personal interest, running through 12 miles of land owned by him, with the establishment of a townsite in the center, was elected to the board of directors of the Wichita Falls and Southern at a stockholder's meeting here Wednesday. Breck Walker of Breckenridge, who with C. M. Caldwell of that place has been closely associated with the builders of the line in carrying out the project, was also named as a member of the board.

Issuance of stock and securities was authorized at the stockholders meeting. The road now has no outstanding securities of any kind, nor has any stock been issued, the road having been built with an informal grouping of "shares" representing a many times larger investment than the nominal share of stock issued by corporations.

The amount of stock nor the amount of securities issued has not been determined.

A directors meeting followed the stockholders meeting, both meetings being held in the office of Frank Kell, the head of the road.

OUIMET PUT OUT OF GOLF TITLE PLAY

ST. LOUIS, Sept. 21.—In one of the most thrilling matches ever played in a national amateur championship Harrison R. Johnston of St. Paul, Minn., champion today defeated Francis Ouimet of Boston, former holder of the national open and amateur titles by taking the 36th hole 4 to 5 and winning 1 up after a match so close at all stages that the outcome was in doubt until the last two putts rolling on he very lips of the cup.

Ouimet was the third former champion to fall thus far, but Robert Gardner survived handily by defeating T. D. Armour of Scotland, four and three, and the present champion, Dick Evans, after toying with Richard Bockenkamp, of St. Louis in the opening round unleashed an unbeatable brand of golf that soon squelched the local youth 7 and 5. Evans' margin was exceeded by Bobby Jones, who won from O. F. Willing of Portland, Oregon, 9 and 8, by shooting a 70 in the morning and starting a 70 in the afternoon by going out in 35.

The results of the other matches were: Willie Hunter defeated James Manion of St. Louis 2 and 1. Jesse, Guilford eliminated Dewey Weber, 3 and 2, Jesse Sweetser of New York downed L. E. Bunning of Chicago, 4 and 3, and R. E. Knepper, of Sioux City, Iowa, won over Bon Allin of Seattle, 7 and 6.

Tomorrow Johnston meets Guilford, Evans plays Sweetser, Gardner matches with Knepper and Hunter will try British skill against the redoubtable Jones.

WILL MAKE MERRY WHEN SPUDDING IN

An old fashioned barbecue with music and several addresses by prominent men will be staged by the Bowie Chamber of Commerce Friday at noon when the Summerour wild cat test is spudded in 9 miles southwest of Bowie, it was announced Wednesday by G. B. Raymond, head of the Raymond Oil and Development company, which is drilling the test.

According to Mr. Raymond a number of oil men from Wichita Falls and surrounding territory are expected to attend. Addresses are to be made by Mayor Chancellor of Bowie and Paul Donaldson, attorney at Bowie.

The test, according to Raymond, is located on W. D. Summerour's ranch and is eight miles from the Keystone pool in which 400 feet of oil is said to be standing. Fred DeLamatter of Omaha, is associated with Mr. Raymond in the promotion of this company, for which it is said numerous business men of Bowie and surrounding territory gave bonuses.

Golf enthusiasts on the Carleton Place (Ontario) links who had observed that squirrels resident on the course were eyeing them in a peculiar manner, learned the reason. Lem Reynolds announced he had startled one of the squirrels to a hollow tree and found a cache of forty-one golf balls. Search of similar hiding places on the course revealed fifty more lost balls, he said—New York Evening Post.

HIRING AND FIRING EXPENSIVE.

CHICAGO, Sept. 21.—It costs $100 to "hire and fire" an office clerk, according to figures made public by the National Employment Board. It was also shown that employers lose $60 by discharging a common laborer, ranging from a trucker to a machine hand.

These figures were gathered in a survey which included cost of time spent in interviewing, selecting, examining, training and watching the "new employe." It also included the losses the company must bear until he learn his duties.

CLEVER "CON" MAN PUTS ONE OVER ON LOCAL BUSINESS MAN

A clever "con man" trick enabled an alleged forger to leave Wichita Falls Tuesday with slightly over a hundred dollars belonging to Wichita Falls merchants, according to the report Wednesday of City Detectives Lenly Humphris and Bob Hembree, who are working on the case.

The alleged forger is said to have made purchases from three local furniture dealers. In each case he presented a check bearing the name of a prominent business man of Electra. In support of the check he showed the dealers a letter purported to be from the business man at Electra, in which it was said that the horse had been found satisfactory and a check for $87.50 was enclosed. The letter was said to have been sufficient evidence in each case, as the name signed looked very much like the signature of the Electra business man.

Detective Humphris, who made a trip to Electra Wednesday, asserted that it was found that a man had visited Electra where he obtained a business letter head on which he composed the letter to which he signed the Electra man's name. It is thought that the man then addressed and mailed he letter to himself at Wichita Falls, came to this city and obtained it and then visited the local furniture dealers.

The error, according to the report, was not discovered until the dealers attempted to deliver the articles to an address given and it was found that no one at that place knew anything about any furniture having been purchased.

JAP SCORES U. S. FORCE IN HAWAII

TOKIO, Sept. 21.—Claims that the United States is maintaining a larger garrison in the Hawaiian Islands than is necessary and that American soldiers in that place are unnecessary were made in a letter, written by Mr. Takeo Tanaka, member of the Japanese Imperial Diet, who recently made a tour through the principal cities of the United States. Mr. Tanaka's letter, published recently in the Tokio Jiji Shimpo, is written from New York City to his friend, "Mr. Y." in Tokio. Hawaii, says Mr. Tanaka, has become a camp for soldiers. Sugar plantations according to his observations, are serving chiefly today as sites for new barracks. Mr. Tanaka says that he understands the garrison of 10,000 men is kept there as a precautionary measure to guard against the Japanese residents there. His letter, the result of observations made while Mr. Tanaka, with other members of the Diet party, was en route to the United States, follows:

"Ya"kees Defective."

"New York, July 4.

"My Dear 'Y.':

"How are you? There is no change on the whole to be noted in America save that, compared with the country of five years ago, it has taken on a very militaristic appearance. As soon as we landed at Honolulu we noted a great number of soldiers. We learned that in that town alone there were 10,000 soldiers. For 10,000 soldiers to be quartered in that small, saucer-like place seems to have become a problem even to America, I was told, to be sure, that the Japanese are in the majority there. But, at any rate, it seems to be the common view that it is a foolish thing to keep so many soldiers in Hawaii.

"Moreover, these soldiers occasionally annoy the daughters of respectable families in the islands, thus increasing the problem. The remarks of the Japanese in connection with this are interesting indeed. 'We would rather have more of these soldiers they say. 'You see, Mr. Tanaka, in erecting these barracks and in other work, Japanese labor is needed. If the soldiers continue to come we can do more business in selling things here.

"I wish you would study these ironical and yet logical remarks of the Japanese in the islands. Before the labor power and essential strength of our countrymen the authority and influence of America are powerless at present unless America succeeds in driving the Japanese altogether away from the islands. Hawaii has been built up by the strength of Japanese. Let America build barracks there as fast as she wants, let her increase the soldiers there, let her invest her money in repairing Pearl Harbor and building docks. In reality all these undertakings serve only to fill the coffers of Americans who are keen in their business deals.

"What an interesting picture, indeed, that the Americans who are opposed to such enterprises do not grumble at such a state of things. If this were in Japan certainly such matters would cause political trouble. Indeed the Yankees are defective in some ways, but what a great nation they are!"

WHEAT TURNS DOWNWARD ON IMPORT NEEDS

CHICAGO, Sept. 21.—Wheat turned downward in price today affected more or less by estimates that French import needs had already been overprovided for. The market closed heavy 3 1-4 to 3 3-4 net lower with December 1.24 1-2 to 1.24 3-4 and May 1.28 1-4 to 1.28 1-2. Corn lost 5-8 to 1 1-2, and oats 5-8 to 1 1-4. In provisions the outcome varied from 15c decline to a like advance.

Heavy selling by houses with eastern connections took place in the wheat pit, and there was a paucity of buying orders, especially in the last part of the session.

New export business appeared to be lacking and talk of better demand for flour at Minneapolis and in the southwest failed to bring about any important upturns. Some observers ascribed a large share of today's selling to cotton traders, who were said to have let go their wheat holdings and to have put out short lines instead.

December and May deliveries of corn reached a low record for the season. Predictions were current that the government October report would show a larger crop than was looked for heretofore. Oats declined in sympathy.

Provisions averaged lower with grain, despite temporary strength borrowed from hogs and cotton.

CATTLE SELL AT STEADIER QUOTATIONS

FORT WORTH, Sept. 21.—Cattle sold on a fairly active market at generally steady prices today but the calf trade was again a dull, uninteresting affair, with sales weak to 25c lower. Heifers were very hard to dispose of and the run of yearlings was not wanted. Receipts were estimated at 3,000 head of cattle and 3,000 calves.

Striking an average, the hog market was 10 to 15c lower. An outside buyer paid $8.35 for one car, but the best hogs going to packers stopped at $7.85. Bulk sales ranged from $7.50 to $7.75. Pigs sold steady at $5.00 to $6.75. Hog receipts reached 1,800 head.

Fully steady prices were paid for a supply of 1,500 head in the sheep yards. Choice wethers notched $4.65 and a few genuine lambs went at $7.50. Yearlings brought $5.00 to $5.25. Quotations:

DRY GOODS MARKET

NEW YORK, Sept. 21.—Cotton goods at first hands held steady today. New prices on a high level were made on goods for future delivery. Agents asked moderate advances ranging from 10 to 20 per cent above the extreme low the year. Burlaps continued firm on the higher basis following reports of a poor crop of jute this year. Linens sold steadily. Jobbers reported a demand for prompt shipments of small lots to retailers. Silks showed some improvement.

The population of Mexico City is now approximately 1,000,000, having increased more than 100 per cent in ten years.

Recently compiled statistics show that not less than 6,000,000 persons died of influenza in India during 1919.

COTTON IS NERVOUS AND IRREGULAR

NEW YORK, Sept. 21—The cotton market was extremely nervous and irregular today, a sharp early advance being followed by even sharper reactions from which there was a sudden recovery in the late trading. After selling at 20.03 early December broke to 19.52 and closed at 20.03, compared with 19.70 at the close yesterday. The general market closed strong at a net advance of 27 to 50 points.

The opening advance of 35 to 49 points was due to rebuying by yesterday's sellers and a scattering commission house demand. Active months sold 52 to 68 points net higher during morning, October advancing to 19.91 and January to 20.29. There were increased offerings at this level, however, which included some southwestern selling as well as renewed realizing or liquidation by local and Wall street buyers of late last week under which prices soon turned easier. October later sold off to 19.15 and January to 19.46 or 15 to 19 points net lower but the market suddenly turned strong just before the close on covering and bull support. However, there was no especial change in the news to account for the rally of some fifty to fifty-five points from the lowest.

COTTONSEED OIL

NEW YORK, Sept. 21.—Cottonseed oil was lower under scattering liquidation, occasioned by traders of 300 barrels on contract, slowing consuming demand and the poor showing in hog products and grain. Closing bids were 4 to 14 points net lower. Sales 21,300 barrels. Prime crude 8.50; prime summer yellow spot 10.15@10.40; October 10.21; December 9.85 and March 9.9½, all bid.

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 21.—Erratic price swings over a fairly wide range featured the trading in cotton today. Early bulges carried trading months 50 to 59 points higher than the close of yesterday, October touching 19.66 cents a pound. On this rise heavy realizing was felt and during the better part of the day the market was under selling pressure which finally put prices 23 to 27 points under the close of yesterday, October dropping to 18.95.

Just when the market looked weakest it moved into a new zone of buying and a sharp advance immediately ensued. On the close prices were at net gains on the day of 10 to 37 points with October at 19.49. The tone on the close was very steady. The opening advance in sympathy with a much better Liverpool and was helped along by rumors that a brokerage firm was coming out with a condition report of under 37. Realizing that met the hard spot soon because of a sufficient volume to more than supply the demand and floor gossip had it that large traders on the long side were letting go. This selling was sufficient to prevent any upturns of consequence following the weekly crop reports from the government which were considered highly unfavorable, especially in their mention of picking being completed over large areas. On the close it looked as if the strongest demand was coming from shorts who were said to have become frightened over advances in silver.

MONEY RATES TIGHTEN ON HEAVY DEMAND

NEW YORK, Sept. 21.—The same influences which facilitated the recent set back in the stock market were operative again today. To the withdrawal of bullish support and absence of public participation added a distinct tightening of money rates.

Reversing its usual course, money hardened with progress of the session. An opening rate of 4 1-2 per cent gave way to 5 per cent at noon and 5 1-2 per cent in the final dealings. This was ascribed largely to heavy demands created by another upward surge in cotton prices. The most significant event of the day, however, reduction of rediscounts by the local federal reserve bank from 5 1-2 to 5 per cent, did not become known until after the close of business.

Mexican petroleum was the storm center of the stock market, making a gross decline of 6 points in the heavy offerings of the last hour but recovering almost half its loss. Sales amounted to 585,000 shares.

Foreign exchanges were inclined to weaken at the outset on the lower range of quotations furnished but rallied later.

There was another active market in bonds with liberty issues as the principal features. That group, however, as well as most other important domestic and foreign offerings was moderately irregular. Total sales, par value, aggregated $16,875,000.

MONEY AND EXCHANGE

NEW YORK, Sept. 21.—Prime mercantile paper 5¾@6. Exchange irregular. Sterling 60 day bills and commercial 60 day bills on banks $3.68; commercial 60 day bills $3.67⅞; demand $3.71½; cables $3.72. Francs demand 7.03c; cables 7.03½c. Belgian francs demand 6.98c; cables 6.98½c. Guilders demand 31.52c; cables 31.58c. Lire demand 4.16½c; cables 4.17c. Marks demand 0.91½c; cables 0.92c; cables 0.92c. Greece demand 5.05c; Sweden demand 21.85; Norway demand 12.55c; Argentine demand 30.50c; Brazilian demand 13.12c; Montreal 9 15-16 per cent discount.

Government and railroad bonds irregular.

Time loans easier; 60 days, 90 days, 6 months 5½@5¾ per cent.

Call money firmer; high 5½; low 4½; ruling rate 4½; closing bid 4½; offered at 5½; last loan 5½; call loans against acceptances 5.

Rates were generally higher in the late dealings. Sterling 60-day bills and commercial 60-day bills on banks 3.68⅝; commercial 60-day bills 3.68¼; demand 3.72¼; cables 3.72⅝; francs demand 7.09; cables 7.09½; Belgian francs demand 7.04; cable 7.04½; guilders demand 31.60; cables 31.66.

LIBERTY BONDS

NEW YORK, Sept. 21.—Liberty bonds closed. 3½s 88.20; first 4s 89.36 bid; second 4s 89.34 bid; first 4¼s 89.20; second 4¼s 89.34; third 4¼s 93.14; fourth 4¼s 89.44; victory 3¾s 99.14; victory 4¾s 99.14.

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:

You are hereby commanded to summon J. S. Gault by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 18th day of August, A. D., 1921, in a suit numbered on the docket of said court No. 11391-C wherein M. D. Walker is plaintiff and J. S. Gault, H. H. Haggard, James A. Smith and J. E. Culver, are defendants and said petition alleging that on or about May 28th, 1919, for a valuable consideration, the defendant, J. S. Gault, made, executed and delivered to plaintiff two certain promissory, vendor's lien notes described as follows: Each dated May 28, 1919. Note No. 2 being in the amount of $900 due on or before 15 months after date, bearing interest from date at the rate of 8 per cent per annum, payable semi annually, and providing for attorney's fees; Note No. 3, being in the amount of $1000.00 due on or before 24 months after date, bearing interest from date at the rate of 8 per cent and providing for attorney's fees. That said notes contain a provision that if same are placed in the hands of an attorney for collection, an additional 10 per cent on the principal and interest then due, shall be added as attorney's fees. That said notes were given as part of the purchase price for the following described real property, situated in Wichita County, Texas, to-wit: Lot No. 12 in Block No. 31 of the Floral Heights Addition to the city of Wichita Falls, Texas. Plaintiff alleges that the defendant, J. S. Gault has failed and refused to record the conveyance from M. D. Walker to J. S. Gault and the defendant, J. S. Gault is hereby given notice to produce said original deed from M. D. Walker to J. S. Gault upon the trial of this case or secondary evidence will be introduced to prove its contents. That the defendants, H. H. Haggard, James A. Smith, J. E. Culver are claiming some kind or character of interest in said property, the extent of which is unknown to plaintiff, and plaintiff further shows to the court that any kind or character of interest which the said Haggard, Smith and Culver may have or claim in and to said property, is subject to and inferior to the vendor's lien retained by plaintiff in said property. That the plaintiff is the present legal holder and owner of said notes and that said notes are past due and unpaid and that Gault is legally liable to plaintiff for the amount of said note with interest and attorney's fees; that the defendant Gault although often requested has heretofore failed and refused and still refuses to pay the same or any part thereof, to plaintiff's damages in the sum of $2400.

Wherefore plaintiff sues, prays for service upon each of the defendants, for judgment against the defendant, J. S. Gault for his debt, interest and attorney's fees, for all costs of suit, and for judgment of this court disposing of any interest or claim that the defendants, Haggard, Smith and Culver may have in said property above described, for foreclosure of the vendor's lien upon the above described land and that same be ordered sold according to law, etc.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 30th day of August, A. D., 1921.

A. F. KERR, Clerk.
District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:

You are hereby commanded to summon John Paul Hogan and E. H. Smith by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 23rd day of August, A. D., 1921, in a suit numbered on the docket of said court No. 11438-C wherein Cordella Gertrude Dutton Campbell is plaintiff and John Paul Hogan, John T. Overby and E. H. Smith are defendants and said petition alleging, that on about June 23, 1919, defendant John Paul Hogan, made, executed and delivered to plaintiff his four promissory notes, each in the principal sum of $2650.00 due one, two, three and four years after date respectively, each bearing interest from date until paid at the rate of 8 per cent per annum payable annually, in Wichita Falls, and providing the usual 10 per cent attorney fee if sued upon. That said notes were given as a part of the purchase price of 260 acres of land out of the Harvey Cox 960-acre survey known as Abstract No. 67, Certificate No. 318, Patent No. 118, Volume No. 115, which said property was by plaintiff's deed in writing conveyed to defendant John Paul Hogan, June 23, 1919, recorded in Vol. 63, page 74, Deed Records Archer County, Texas. That note No. 1 of said series of notes due on June 23, 1920, has been paid and discharged, but Note No. 2 of said series of notes due June 23, 1921, is past due and unpaid and that the interest on note No. 2, 3 and 4, due June 23, 1920, is past due and unpaid, and interest on note due June 23, 1921, is past due and unpaid that plaintiff has exercised her option to declare all of said notes due, payable and mature. That though often requested to pay same defendants have failed and refused to pay same to plaintiff's damage $10,000.00. That because of these facts plaintiff has been compelled to place said note in the hands of attorneys for collection, etc.

That John T. Overby and E. H. Smith and each of them, claim some right title and interest in and to said property, but whatever interest is owned by said defendants is inferior to the claims and lien of plaintiff and is subject to said vendor's lien owned by plaitiff.

Wherefore plaintiff sues, prays that defendants John Paul Hogan and E. H. Smith be cited by publication herein, as the law directs, for judgment against the defendant, John Paul Hogan for her debt, principal, interest and attorneys fees with foreclosure of her vendor's lien as against all defendants; for cost of suit and general and special relief.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 26th day of August, A. D., 1921.

TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:

You are hereby commanded to summon Joe Beck by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Eighty-ninth District court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 13th day of August, A. D., 1921, in a suit numbered on the docket of said court No. 11413-C wherein Mrs. Mollie Beck is plaintiff and Joe Beck is defendant and said petition alleging that plaintiff has resided in the State of Texas for twelve months and six months prior to this suit. That plaintiff and defendant married January 1st, 1916, and separated January 16th, 1921. That defendant left county carrying with him mortgaged property; that defendant was cross, cruel and inhuman towards plaintiff and on account of said cruel conduct, and defendant taking property not his own, greatly humiliated plaintiff and rendered living together insupportable. Plaintiff asks that the marriage be dissolved and her former name, Mrs. Mollie Asher be restored to her.

Herein fail not, but have before said court at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 13th day of August, A. D., 1921.

Smith, as Sheriff of Wichita County, Texas, did on the 7th day of September, 1921, levy on certain real estate situated in Wichita County, described as follows, to-wit:

FIRST TRACT: Lots Nos. 1, 2, 3, 4, 5 and 6 out of Block 19 of the original townsite of Burkburnett, Texas, together with all tanks, casing, pumps, derricks, rods, tubes, machinery and appliances situated thereon; SECOND TRACT: Lots Nos. 10, 11, 12 and the south half of 14 out of Block 2, Musgrave Addition to the townsite of Burkburnett, Texas, together with all machinery situated thereon, and levied upon as the property of said Cleis L. Greene et al. And on Tuesday, the 4th day of October, 1921, at the Court House Door of Wichita County, in the City of Wichita Falls, Texas, between the hours of ten a. m. and four p. m., I will sell said Real Estate at public vendue for cash to the highest bidder as the property of said Cleis L. Greene et al by virtue of said levy and said Order of Sale.

And in compliance with law I give this notice by publication in the English language once a week for three consecutive weeks immediately preceding said day of sale in the Record News, a newspaper published in Wichita County.

Witness my hand this the 7th day of September, 1921.

FRED E. SMITH,
Sheriff Wichita County, Texas.
By H. C. Dukes, Deputy.

SWARM OF GREEN BUGS VISIT CITY

LITTLE EMERALD PESTS DEAL NIGHT WORKERS MUCH MISERY.

A swarm of green bugs, coming apparently with the wind from nowhere, visited Wichita Falls early Wednesday night and in a short time all of the bright lights in the downtown white way system as well as inside the buildings were almost climbed by the pests. Examinations of the winged bugs is said to show a similarity to the green bug which preys on wheat and feed crops at this time of the year.

This is not the first time this city has been the unwilling host to the green bugs, the official keeper of records on such things in Wichita county remarked as he punched the clock on his way home and he says that such a visitation comes sometimes every year and always every two years.

FOR YOUR FEET'S SAKE

Sore or tender feet demand comfortable shoes. What could be more sensible than a pair of repaired shoes? What could be more desirable than a pair of repaired shoes made good as new? They will save you the agony of breaking in a new pair. Shoes properly repaired are shoes re-made. They save you money. They save your health and give you comfort. Who can in truth say that shoe repairing is not a real service?

RAILROAD GRANTS SPECIAL RATE TO CHILDRESS FAIR; MANY MAKE RESERVATIONS

A special rate of $15 each for the round trip has been arranged for a Pullman carload of Wichita Falls boosters who make the trip to the Childress county fair, it was announced Wednesday by J. W. Chatham, Jr., secretary of the Chamber of Commerce.

Seventeen reservations were made Wednesday, and according to Mr. Chatham it is believed the remaining tickets will be taken up before noon Thursday. Mr. Chatham announced that an excellent car has been set aside for the Wichita Falls bunch and excellent service guaranteed.

The car, which is to leave here at 3 o'clock Friday morning, will be opened at 9 o'clock Thursday evening, in order that all who desire may get a full night of sleep before reaching Childress at 7:45 o'clock.

The party will spend the day at Childress, leaving late Friday. The car will arrive here Saturday morning at 2:45 o'clock, but all patrons are privileged to remain on the car until 7:30.

A cordial invitation to all Wichitans has been issued by officials of Childress and of the Childress county fair association, and local boosters are very anxious that everyone attend who can arrange to be absent from their business or professions on that date.

OH, SKINNY! HERE COMES THE CIRCUS

It's the circus that's the question of the hour in Wichita Falls.

For the small boy of six as well as for folks of sixty. The billboards, barns and dead walls are announcing with all the fluency of pictorial art the coming of the Carl Hagenbeck and Great Wallace Shows combined to this city on Monday, October 3rd.

Already preparations are being made for the one big holiday event of the year, acknowledged to be better than Christmas and the Fourth of July put together, circus day with its manifold promises. About the time the milkman is making his rounds on the morning of October 3rd.

The first of the three long trains of yellow cars will be coming slowly pulling into the railroad yards.

Much is promised by the management of the Hagenbeck Wallace Circus this season. The show has reached such a size that it is causing the railroads considerable uneasiness to handle the trains, and in short if they were any longer, it would be impossible.

European agents have sacked the Old World in a quest of novelties.

The question of salary was not considered for the novelty and dangerous acts.

There are 387 performers who take part in the big show. Every artist was selected because of some especial merit. New acts and faces will tend to eradicate the fallacy that "all circuses are alike." Foremost among the features is Ritter, who slides on his head down a long, silver from the top most pinnacle of the arena. The marvelous Eugene Troup of twelve male acrobats from the Royal Circus, Amsterdam, Holland: The Cottrell Powell Trio of riders from the London Hippodrome; La Rose Marquerite, the society esquestrienne, with her tango horses; the Nettie Carroll Troup of debutante wire artists and almost 200 other features.

The Carl Hagenbeck Trained Wild Animals form a big feature of the show. In an immense steel arena will be seen lions, tigers, leopards, polar bears, and other wild beasts, broken to perform marvellous feats.

During the engagement, which is for two performances will be given at 2 and 8 p. m. the doors will be opened at an hour earlier.

The parade is at 10:00 o'clock in the morning.

More than 30,000 tourists visit the island of Capri, near Naples, annually.

RAILROAD ACT IS UPHELD BY U. S. TRIBUNAL

By Associated Press.

TEXARKANA, Texas, Sept. 21.—Affirming the constitutionality of the transportation act, three federal judges, R. W. Walker, Huntsville, Alabama, senior circuit judge of the fifth judicial circuit; DuVal West, San Antonio, Texas, of the western district of Texas and W. Lee Estes, of Texarkana, of the eastern district of Texas, sitting here today as a joint tribunal to hear arguments in the case of the state of Texas et al vs. the United States of America et al, involving the scrapping of the Eastern Railway of Texas, Lufkin to Crockett, granted a motion to dismiss the bill on the ground that the allegations in the petition were insufficient to show that the plaintiffs were entitled to the relief asked.

The decision hinged on the constitutionality of the transportation act. The Texas railroad commission had refused permission for the scrapping of the railroad, which is forty miles long, while the interstate commerce commission had ordered the suspension of the service. It was against this order that the state of Texas entered into the suit. Texas was represented at the hearing by Tom L. Beecham and Wallace Hawkins, both of the attorney general's office at Austin.

Previous to the granting of the motion to dismiss the bill, the tribunal had dismissed the case as to United States Attorney General Harry M. Daugherty, who had been made one of the defendants in the case.

Appeal of the case was taken by Texas to the United States supreme court.

JACK FREE NOT SERIOUSLY HURT

FALL FROM ENGINE NOT LIKELY TO PROVE FATAL.

Jack Free, who was injured Tuesday evening when he fell from the fender of an engine on which he was working at the Fort Worth and Denver round house, was reported Wednesday evening to have not been so severely injured as was at first feared.

According to the report of attending physicians it is believed he will be able to leave the hospital possibly Thursday afternoon. The injured man was unconscious from the time of his fall until about midnight Tuesday, a total of about three hours, and it was then feared he had suffered a fractured skull.

COMBINATION FIRE TRUCK TO MAKE 75 MILES AFTER REPAIRS

The big combination Stuts pump and hose fire truck at No. 2 fire station will have a maximum speed of 75 miles per hour when the overhauling being given it by Factory Mechanic Fred A. Logan is completed, according to assertions of firemen. In addition to the general overhauling the mechanic is installing a high speed gear on the big truck.

According to firemen the old gearing was found injurious to the engine because of the high rate of revolutions required to make a maximum speed of thirty miles per hour.

With the new gearing firemen believe the engine will be saved unnecessary strain in making runs to fires and yet be so geared as to have all the power needed for pumping water.
