...ett Major appointed Lamb ...ounty extension agent

...JETT V. MAJOR

...V. Major, Floyd County exten...gent, has been named agricultural ...sion agent for Lamb County. He ...become the new agent there ...ning December 1.

...appointment was jointly an...ed by Lamb county Judge Don ...r and Dr. Catherine B. Crawford, ...t director for the Texas Agricul... Extension Service.

...jor, 28, began his career with the ...sion Service in September 1977, ...sistant agricultural agent in Lub... County. While there he was named ...f the Outstanding Young Men of ...ica.

In December 1979, he was named Floyd County agent, the post he will leave when he transfers to Lamb County. His duties in Floyd include program leader for agriculture, administrator of the county Extension staff and trainer agent.

The Texas Plant Food Institute honored him in 1981 as the outstanding county Extension agent in Texas for his soil fertility work. This year he received a public information award from the Texas County Agricultural Agents Assn. for the monthly news letter he sends to farmers and ranchers of his county.

Before joining the Extension Service, Major worked for a year as a veterinary assistant at an animal hospital in Lubbock. While in college he worked part-time as a farmhand on the family farm in Groom and for other farmers in Groom and Idalou.

Major grew up on the family grain and livestock farm at Groom. His parents, Mr. and Mrs. Ted Major, now reside in Abernathy where his father manages a grain elevator.

The county agent was graduated from Groom High School in 1972 and received an Associate of Science degree from Clarendon Junior College in 1974. While at Clarendon, he was a member of the Aggie Club and Phi Theta Kappa national honor fraternity; was named to Who's Who Among Students in American Junior Colleges; was honor graduate and salutatorian of his class.

He then entered Texas A&M University where he majored in animal science. He received the Bachelor of Science degree in 1976, graduating Cum Laude. At A&M he was in the Corps of Cadets, Air Force ROTC, Saddle and Sirloin Club, Panhandle Hometown Club and Pre-Vet Society, was active in intramural sports and was class representative for the Bio-Medical Society. He was a Distinguished Student and honor graduate.

While serving as a county agent, Major earned the Master of Education degree from Texas Tech University, majoring in agricultural education.

He is a member of the National Assn. of County Agricultural Agents, the Texas County Agricultural Agents Assn. and the South Plains District County Agricultural Agents Assn.

He is on the board of directors of the Floydada Chamber of Commerce, serving on the agriculture and the education committees; Floyd County Red Cross Committee; Floyd County Junior Livestock Show Assn.; Floyd County Fair Board; Lockney United Methodist Men, and serves on the administrative board of the Lockney United Methodist Church.

He is married to the former Mary Lynette Bichsel of Groom. They have a two-year-old daughter.

EMPLOYEES of the Southwestern Public Service Company will show off their second coal fired power plant, Tolk Station Unit No. 1, near Muleshoe, Saturday and Sunday. Everyone in the SPS service area is invited to the open house, said Lewis McDaniel, area manager in Floydada. Tours begin at 10 a.m. Saturday and 1 p.m. Sunday.

When generating at capacity, the 561,000-Kilowatt unit will be able to supply the electricity needs to 225,000 people.

Low-Sulphur Western coal, stockpiled in the foreground, powers the unit. The coal is moved by conveyors into a crusher house where it is ground as fine as talcum powder. It is burned in a boiler housed in a giant finished building center. Also pictured to the left of the finished building is the baghouse, which cleans flue gases on their way to the chimney stack. ...April, 1981, the Cogdell Founda...nated $50,000 to Lockney Gene...pital for the purpose of purchas...diology and surgery equipment. ...that date the Hospital District ...of Directors received bids on ...stic radiology equipment, award...e bid to General Electric in the ...summer of 1982.

...the interim, the Board asked ...in Lubbock to prepare the ...fications for enlarging the radio...procedure room to double the old ...ize in order to accomodate the ...more sophisticated equipment ...accessibility with even accident ...s requiring X-rays without neces...g removal therefrom.

...July, 1982, drawings and specifications for the room were submitted to the State Department of Health, Hospital and Professional Licensing Division. The State of Texas approved the plans and specifications, with no deficiencies in October.

Remodeling of the accomodating room and installation of the equipment has taken about the past two months. The new equipment has given Lockney General the capability of nearly all diagnostic radiology procedures.

Radiology Equipment

The equipment was delivered on September 17, by Atlas Van Lines from the Milwaukee, Wisconsin General Electric warehouse. The total weight of the equipment was approximately 5,000 pounds. The new equipment includes:

— A new radiology film processor (developer) which develops and drys the exposed film in 120 seconds

— New high-speed film cassettes (holders) and high-speed film which will cut the amount of radiation exposure to the patient in one-half to one-third, a safety feature to the patient.

— A new diagnostic radiology table, 300 MA generator, and controls which include floroscopic capabilities for digestive and lower digestive track studies, as well as many other floroscopic procedures

All equipment in the radiology department has been replaced with the new equipment. The quality of the X-ray films will be superior, enabling the physicians and radiologist to provide quicker, more detailed diagnosis at a minimum cost to the patient. The dependability of the new equipment should virtually eliminate "down time" due to out-of-repair equipment. The equipment was purchased at a cost of $8,700 for the film processor and $68,000 for the diagnostic table, generator, and controls.

Radiology Department

The radiology and laboratory functions of the hospital are combined under ...supervision of Otto Pugliese, Medical Technician and Director of Radiology/Laboratory. The department is staffed by two other full-time employees: Estefana Gatica and Josephina Hernandez. The years of experience among the three individuals in the field total 53 years.

Cogdell Foundation

The Cogdell Foundation, donors of the $50,000 gift to the hospital, was established by the Martha Ann Cogdell Hospital Trust Fund. The fund was created by the wills of the late David M. and Johnnye Kate Cogdell in memory of their daughter, Martha Ann, who died at the age of 13.

The foundation previously donated $150,000 in October, 1978, which funded the construction of the Cogdell Clinic.

West Texas hospitals, clinics and educational institutions have been recipients of grants from the trust.

Next year will be the 10th anniversary of the Hospital District.

"We're really excited about working with the Chamber on this project, and hope that we can help out a lot of kids this Christmas. They're the ones that su-fer the most when times get hard."

"We know the community will respond to the drive," said Chamber President Stan McClendon. "And the look of joy on those kids' faces is all the incentive we need to encourage our participation. We expect a lot of people to donate toys even if they already have cable."

For more information on the **Toys For Tots** drive, contact the Floydada Cable TV office at 983-2911.

Christian chapel open for meditation

First Christian Church, across from the Post Office, is opening it's sanctuary each Wednesday from 5:30 p.m. to 6:30 p.m. for those who wish to go to a quiet place for private prayer and meditation. The 5:30 - 6:30 p.m. time was chosen to make it possible for working people to stop by after work on the way home.

Soft inspirational music provides an atmosphere of prayer and worship. A prayer sheet can be picked up on a table in the foyer with a meditation and prayer requests listed. Special prayer needs may be left on the table for others to see and pray for.

This is open to anyone in the community.

Thanksgiving services planned Sunday

Christians of all denominations will be worshipping together in a special service of Thanksgiving to God this Sunday evening at 7:30 p.m.

This year the service will be at the First United Methodist Church, 203 W. Kentucky. Pastor Jim Guess of First Assembly of God will preach.

Ministers and lay people of several Floydada churches will participate in the service. A combined choir led by Steve Cartledge of First Baptist and the handbell choirs of First United Methodist and First Baptist will offer special music.

The offering will go toward a fund for the Salvation Army to use in Floydada for special needs.

The community is invited.

Perspectives

I almost hate to admit it, but I like boxing, watching that is, not doing. I would also have to admit that I put on gloves once in college and did some body boxing just to see what it was like, and I own a "speed bag" which I occasionally pump up and beat the living daylights out of.

I got hooked on boxing during the '76 Olympics. There was sheer delight in watching Sugar Ray, and agony watching Stevenson of Cuba win again. Then **Rocky** came along and turned folks into fight fans who had never even heard of combinations, uppercuts, overhands. Some probably thought a left hook was something invented for wrong-handed knitters.

I suppose it is the very brutality of the sport which fascinates those of us who enjoy the sport. I really don't know how to explain to those who deplore the sport why I enjoy it. But then hunters and non-hunters are often unable to communicate; as are football fans and non-fans, hockey devotees and hockey haters.

Every so often as incident occurs which marsany sport for its fans. A football player is left permanently paralyzed following an illegal block, hockey players maimed in fights, race car drivers perishing in flaming wrecks. Last week a Korean boxer was knocked unconscious in a title fight, and at this time has been declared hopeless, though not officially dead.

I have no idea whether such a tragedy could have been avoided. The promoter of the fight is calling for a moratorium on pro fights until that issue is dealt with. Two things disturbed me during that fight, however. The first was a shot of the champ making the sign of the cross before the final round, and the second was his jubilation when Kim went to the mat. Somehow the two scenes do not belong together, as they often were on the news.

That kind of brutality and the Christian faith just don't go together. Jubilation should have been concern instead. Certainly Mancini has since expressed concern, gone to mass for the defeated opponent, but that was not his first reaction.

I doubt that I will quit watching boxing, though perhaps I should, but I think we need to divorce religion from the sport, from all sports really. I don't think God gets that big a kick out of having athletes ask Him to help them destroy their opponents.

Letters to the Editor

Dear Editor,

This letter is to everyone, but in particular to the individual who sent me the "Good Luck" chain letter.

To begin with, the word "luck" comes from the same root as "Lucifer," so generally should not even be used by Christians. "Fortune" is a better choice.

The letter states that one will receive good luck by mailing twenty identical letters to those whom one wishes to send good luck. Bible passeges are quoted to make it sound Christian. However, there is nothing Christian about it (the devil is very adept at using the Bible — knows it better than any Christian).

The letter continues that if one **does not** send twenty letters within 99 hours, one will receive bad luck. So the letter is actually sending a curse to the recipient. If you receive such a letter, burn it immediately.

I know whoever you are that you meant well and I thank you for your warm intentions; but please do not try to put such a curse on me. Life is hard enough for me and everyone else without this added burden.

Sincerely,
Betty Goen

Tickets available for benefit show

Tickets went on sale this week in Ralls, Lorenzo and Crosbyton for a "Child Welfare Benefit Show" featuring some of the finest musical talent in the Southwest. The musical benefit will be staged at 8 p.m. Thursday, November 18, in the Ralls High School Auditorium.

Tickets are $7.50 per person and seating will be on a first come, first seated basis. Profits will go to the Crosby County Child Welfare Fund to be used for children from Crosby County who are in custody of the State of Texas.

Funds for these children's special needs, such as Christmas and birthday gifts, school and sport supplies and others, have been raised in the past through contributions to the County Child Welfare Board.

Child Welfare Board President "Diz" Dismukes praised area residents for their generous support and response to this program each year and said, "This year we feel we're offering a fun programs for funds for the kids. Naturally, we will gratefully accept contributions, too, which can be made to any Child Welfare Board member or to the Department of Human Resources, Crosby County Courthouse, Crosbyton, Texas 79322."

The fun evening of music, presented by Mainstream Productions, will feature the well-known Maines Brothers, Cecil Caldwell, Margaret Jordan, Jerry Brownlow, Gwen and Clay Hewitt and Cary Banks with Jim Fullingim serving as emcee and vocalist.

The Maines Brothers have received acclaim for performances at the Lone Star Cafe in New York City and Billy Bob's Texas, Ft. Worth, have opened for such entertainers as Ronnie Milsap, Alabama and Merle Haggard, along with having an ever-growing popularity throughout this region.

Caldwell, a regular on the West Texas Saturday Night Opry in Lubbock, prides himself on being "West Texas' best-dressed fiddle player."

Fullingim, Petersburg farmer turned music evangelist, has spread the gospel with his easy country music style all over the nation and served as emcee and one of the vocalists for the "Pure Love Praise Gatherings" in Lubbock, in which each of the benefit's stars were participants.

Margaret Jordan's musical talent is equally well known in this area since she is from the Ralls area and has presented her witness in song to churches throughout the region.

Tickets can be purchased from Child Welfare Board members and at many businesses in Lorenzo, Ralls and Crosbyton. Anyone wishing additional information may contact Dismukes, Ralls; Billye Stockton, Crosbyton; the Department of Human Resources, 675-2367, Crosbyton.

Coordinating arrangements for the program are Sherry Fleming and Camille Ellis, Crosby County Protective Services Workers.

Area man charged

Murder charges were filed Wednesday against a Lockney, man and a teen-ager from Midwest City, Oklahoma, in connection with the strangulation death of an 18-year-old Midwest City woman.

Ronnie Dale Callaway, 27, of Lockney, and Larry Dewayne Duty, 17, of Midwest City, were charged in the death Monday of Nancy Salmon, whose partially clad body was found in the bedroom of a rural Midwest City home.

Midwest City police officers told newsmen that the two men and the woman were acquaintances and that the two men were at the scene of the death on Monday. Robbery apparently was not a motive in the slaying since cash was found at the scene, police said.

Clower speaks at Nursing Home Convention

Laverne Christian, representing Lockney Care Center of Lockney joined colleagues in Houston last week for the 32nd Annual Convention of the Texas Nursing Home Association held at the Shamrock Hilton Hotel.

While there she attended four sessions of lectures to earn seven official hours of credit toward the continuing education requirements of the Texas Board of Licensure for Nursing Home Administrators. Instructor for the study sessions was Jim Brennan, who presented a program on public relations.

The educational sessions as well as the social events emphasized the Convention theme "Changing Times."

A featured luncheon speaker was comedian Jerry Clower. An awards luncheon honored top achievements by those within the profession and others who had aided its objectives.

Educational and commercial displays in the Shamrock Hilton Hotel numbered more than 100, all related to the newest equipment and innovative techniques for the long-term care profession.

The House of Delegates of TNHA, of which Lockney Care Center is a member, elected a slate of officers.

At an Installation banquet/dance last Saturday evening, President Sid Rich announced that the Texas Association had reached its peak membership this year with 783 member facilities having a total of 79,916 licensed beds, making the State group the largest of its kind in the nation.

Pamla is a graduate of Littlefield High School, a 1979 graduate of West Texas State University and will be granted a Master's Degree from West Texas in counseling pyschology this July. She was a member of the Dean's List, Sigma Phi Epsilon, Kappa Delta Pi, Alpha Psi Omega and Sigma Tau Delta and the Student Senate.

Pamla is currently employed as a creative arts therapist at Central Plains Mental Health Mental Retardation in Plainview.

Michael is a graduate of Floydada High School and a 1975 graduate of West Texas State University with a Bachelor of Science degree in Plant Science. While at West Texas, Mike was a member of Alpha Chi, Agricultural Honor Society, and made the Dean's List. He was named Outstanding Plant Science Senior and awarded membership in the Mary Hudspeth Honor Society.

He is currently employed as a sales representative for Asgrow Seed Company in Plainview.

The couple plans a January 1 wedding at 3 p.m. at the First Presbyterian Church in Littlefield. They will reside in Plainview.

Friends and relatives are invited to attend.

"Living Christmas Tree" to be presented in Plainview

Over 200 musicians are combining talents to present a "Living Christmas Tree" at First Baptist Church of Plainview at 7:00 p.m. December 10,11,12.

Though admission is free to this unique production, which honors the birth of Jesus Christ, tickets will be required. These may be obtained by immediately sending a self-addressed stamped envelope, indicating date and number of tickets needed to: "Living Christmas Tree", First Baptist Church, 205 W. 8th, Plainview, Tx. 79072. Request forms are also available at Plainview's three banks, "M" System, Gabriel's, Marse and Son, and Brown Refrigeration.

The 30 by 33 foot tree, built by men of the church, virtually fills the large platform. The singers' silver capes and red stoles make the colorful decorations. A white star tops off the tree behind which the singers are stationed.

This spectacular setting is a first-time affair for Hale County. Ron Etheredge, music minister, directs the Sanctuary and Chapel Choirs, the University Singers and the Singing Boys and Girls. Tom Boyd is director of the 25 piece orchestra.

Accompanists are Miss Jeannine Greene, pianist and Mrs. Lloyd Morton, organist. Mrs. Morton will also direct the Handbell Ringers, made up of Mmes. Neal Burnett, Joe Shultz, Harvey Burke, Brian Landrum, Margaret Turpin, and Misses Beth White and Missy Files.

No seats are reserved. Ticket requests will be filled by December 1 on basis of date received.

Reception to honor Stewarts Golden Anniversary Nov. 27th

Mr. and Mrs. John Will Stewart of Crosbyton will be honored by their children and grandchildren with a Golden Anniversary reception on Saturday, November 27, from 2 to 4 p.m. at the First United Methodist Church Fellowship Hall at Crosbyton, Texas.

Hosting the event are daughters, Eugenia and husband Paul Williams of Angleton, Texas; Shirley and husband Dale Largent of Alvin, Texas; and grandchildren Sherry, Cindy, and Leigh Largent, Cal McNeill, and Gregg Williams.

Friends of the honoree are extended "an open invitation" to attend the reception. The hosts request that there be no gifts.

Harmony Homemakers hold meeting November 8th

The Harmony Extension Homemakers Club met November 8, in the community center. The Vice President, Lucille Miller, called the meeting to order. The hostess, Juanita Pool, read "Sermon on a Soapbox," for the devotional. The roll call was answered by a gift I plan to make for Christmas.

Recreation was led by Blauche Williams, a game of guestions and anwers.

The Council party was planned. The party will be December 9 in the Council room, with Harmony Club as hostess. Lone Star club will have the program and Homebuilders Club will install the incoming officers for the 1983 term. Each member attending is to bring a handmade gift to exchange.

The Harmony Club will have their Christmas party December 13 in Anna Maude Hopper's home. The Pollyannas will be revealed and gifts exchanged.

For the program Anna Maude Hopper gave a demonstration on a recipe for dough to make Christmas ornaments. She gave each member some dough to make a chicken. Some were very artistic and some not so artistic. But, with practice many ornaments may be made. All in all it was fun and a fun way to make ornaments other than Christmas ornaments. Anna Maude showed some ornaments that had been given to her grandchildren that were made from the dough that inspired all to try harder.

The hostess served refreshments to these members Bess Carr, Anna Maude Hopper, Lucille Miller, Imelda Murry, Ruth Scott, Arvie Schultz and Blauch Williams.

Domino fever has really hit us. We play every chance we get. Our regular players are E.M. Pyle, Lewis Roberts, Albert Poole and Mary McCracken. The competitiveness is really growing.

Our weekly bus trip was cancelled this week because our driver Mable Foster was ill. We hope she is feeling better. Our trips are very enjoyable and it helps us all to have a change of scenery.

Kim Sherman was here Wednesday for Music Therapy. Singing old songs and reminiscing is really good therapy. It gives us a chance to share good times with all.

Ethel Carrol, Euna Bradshaw and Bertha Gregg are in Lockney General Hospital. We hope they are improving and are well enough to come home soon. They are truly missed.

We welcome Mrs. Lee Atchley, mother of Claude Brown, to our family and are looking forward to her joining in our activity program.

Thursday and Friday just wasn't the same because Laverne Christian, our administrator, was in Houston attending the 32nd Annual Convention of the Texas Nursing Home Association. Mrs. Christian has a way of brightening up our day with her zest for life and lovely smile.

Until next time, enjoy.

Nance host Lone Star Homemakers

The Lone Star Extension Homemakers club met on Tuesday November 2, in the home of Lorraine Nance. President, She presided at the meeting.

The club creed was read in unison.

Roll call was answered with "A gift I expect to make for Christmas."

A program on how to decorate your home with Christmas cards. "Dreams and Goals" was given by Helen Huffman.

Refreshments were served to Ruth Reeves, Elvira Stewart, Helen Huffman and the hostess Lorraine Nance.

The group's next meeting will be with Elvira Stewart on November 16th.

Floydada Nursing Home Happening

BY LINDA EMERT

Well, cotton harvest has started. Some maize is still being cut too. It has been real cold the last few mornings.

Monday we painted ceramics and had a good group there. We had ten residents to paint.

Tuesday we had Bible study and the residents decided which book of the Bible they liked and talked about it.

Wednesday we played bingo and had four players. Emmit Lawrence was the big winner with six games, Sue Thompson won four games, Una Clark and Vera Duke both won two games each.

Thursday we fixed some pictures in craft. We have one resident that enjoys anything you do so he can help you.

Friday we had two movies and they were very interesting and the residents enjoyed them.

We are going to have our monthly birthday party the 18th. We have two ladies with birthdays this month. They are Una Clark and Annlee Brown.

Here is a list of visitors for the week and the residents enjoyed each and everyone of you.

Christine Robertson, Jewell Price, Estelle Hinkle, Kim Ellis, Sherry Colston, Dorothy Ledbetter, Shelly Coleman, Sandra Coleman, Mr. and Mrs. Luther Lancaster, Irene Holland, Marvin and Ella Goodwin, Estelle Warren, Thelma Alexander, Dana Ellis, Orrie and Neoma Roberts, Worth Gwendolyn Howard, Mr. and Mrs. M.H. Hartness, Hazel Bradley and Kim, Gene Baird, Frank Breed, Diane, Pam and Tiffany Powell, Ira M. Sullivan, Charley L. Berry Sr., Cody and Lee Stewart, Merlene Breeding, Deeota Odam, Beady Owens, Jerry Childs, E.H. Childs, Dorothy Neff, Mrs. Bonnie Julian, Helen Breed.

First Thanksgiving discussed at El Progreso meeting

The El Progreso Study Club met Wednesday, November 10th, in the lovely home of Kathleen Thornton. The roll call was answered with "The neatest place I've eaten." Neat places all over the world were named and described.

With President Arla Copeland presiding, the members voted to continue contributing to the Nellie Brown Fund at the Elementary School. The fund is used by the school nurse to supply coats, shoes, or other clothes for needy children.

Dorothy Smith gave some interesting thoughts and facts about the first Thanksgiving.

Then a bountiful feast was enjoyed as each member sampled a vast array of appetizing vegetables, meat dishes, salads, cakes, cup cakes, candies and nut breads. Recipes were exchanged.

Members present were: Arla Copeland; President, La Verna Sams, Pauline Sams, Cornelia Johnson, Katherine Ball, Faye Ferguson, Bobbie Kellison, Jeanette Marr, Wanda Rogers, Dorothy Smith, Linnie Abbott, Josie Taylor, and hostess, Kathleen Thornton.

The next meeting will be with Katherine Ball.

TEACHERS AND FACULTY at Duncan Elementary threw a surprise birthday party for Bob Copeland [right] principal at Duncan Elementary, and his secretary, Margarlete Bond last Thursday. Their birthday is the same same age.

Coach's Comments

By Coach L.G. Wilson

For the past two weeks I have been at loose ends. Seeing teams you have been competing against in the playoffs, and knowing the rewarding experience of being there, is hard to take. I think this makes you more determined to be there when the bracket is drawn up in 1983.

I find it interesting to follow the teams coached by former Whirlwinds and Whirlwind coaches who have started their coaching career with me. In that category are David Thompson of Post, Bill Grissam of Hamlin and Daniel Coward over at Crosbyton. Richard Marler, ex-Whirlwind player, had his team from Port Arthur Austin in the playoffs.

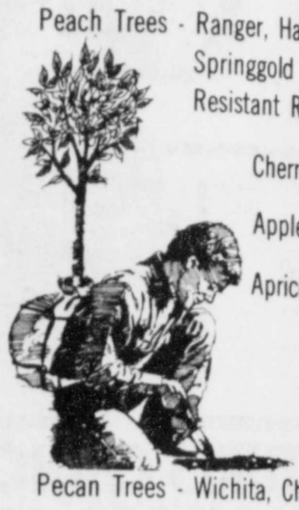

From Winters, where I coached for eight years before coming to Floydada, Robert James, my line coach, has Gainesville going against Brownwood this week and Dick Stafford my backfield coach has a fine team from Belton in the playoffs.

I wish all of these the best of luck in the playoffs and hopefully I'll be there with them next year.

WM. A. [PETE] PRATER

William A. (Pete) Prater, 46, passed away Tuesday, November 9 after he was stricken with an apparent heart attack while attending the Southern Baptist Convention in Corpus Christi.

Services were held Friday, November 12 in the Immanuel Baptist Church in Monahans. Interment was made in the Haskell Cemetery.

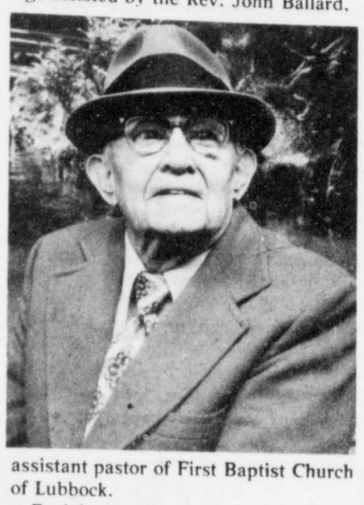

He was survived by his wife, Linda and two children, a son Allen, who is a junior at Texas Tech University, and Carla, a daughter. She is a freshman also at Tech.

Prater had served as pastor of the Lone Star Baptist Church from July, 1972, to October, 1977. The Prater family had visited in the Lone Star community the previous weekend when they attended the Golden Anniversary celebration for the M.W. Hartmans.

BERT VERNON

Benjamin Bert Vernon, 91, of Lockney, died at 4:30 a.m. Saturday at the Watson Memorial Nursing Home in Fort Worth.

Services were at 2 p.m. Monday at the First Baptist Church in Lockney with the Rev. Murle Rogers, pastor, officiating, assisted by the Rev. John Ballard,

assistant pastor of First Baptist Church of Lubbock.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home.

Born February 8, 1891, at Holland, Texas, he married Essie Mae Eiland August 1, 1926, in Lockney. She died October 31, 1968.

Mr. Vernon moved to Floyd County in 1905 from Ellis County. He was a retired railroad man, and a member of the First Baptist Church, the Veterans of Foreign Wars and the American Legion. He was a veteran of World War I.

Survivors include four sons, Royce Vernon of Dallas, Don Vernon of Lockney, Alvin Vernon of Lubbock, and Jerry Vernon of Arlington; three daughters, Mrs. Frank (Norma Jean) Chalupa of Fort Worth, Mrs. Melton (Nina Jo) White of Plainview, and Mrs. Joe (Bettye) Cruse of Fort Worth; one sister, Myrtle Long of Houston; 19 grandchildren; and 14 great-grandchildren.

Two sons preceded him in death; William Clifton Vernon and Bert Vernon Jr.

Grandsons served as pallbearers: Eddie Vernon, Danny Vernon, Joe H. Cruse, Jr., Scott Cruse, Terrell Cruse, Robert Vernon and Steve Vernon.

Memorials may be made to the First Baptist Church of Lockney.

Mrs. S.G. Appling is now at the Crosbyton rest home and welcomes her friends and neighbors to come and visit her.

Miss Jody Smith and friends went to Lubbock Sunday afternoon to hear the musical group, Alabama, in concert at the Coliseum. The group won the country-western Entertainer of the Year award this past year.

Mrs. Clara Brown and her mother-in-law, Mrs. Vivian Brown, both of Truscott, stayed with Clara's sister, Mrs. Q.D. Williams, Thursday night after attending a wedding of one of the Brown's second cousins, from Paducah originally, at the First Methodist Church in Lubbock.

Mr. and Mrs. Don Harrison were Sunday dinner hosts to relatives including Mr. and Mrs. Foy Smith of Levelland, Mr. and Mrs. Bill Smith and Mr. and Mrs. Milton Harrison of Floydada. Even though their mother is no longer on earth the Smiths still love to gather near her big house for family get togethers at Ruth and Dons.

A good shower Wednesday morning left about ½ inch of moisture.

Mrs. Howard Bishop relaxed on her Veteran's Day holiday from her job at the local ASCS office and she and her sister, Mrs. Pete Calloway went to Plainview. On their way home they stopped in Lockney and visited their aunt, Mrs. Neva Calahan, sister of their mother.

Judge and Mrs. Choise Smith and children, Dean, Hunter and Jody were in Lubbock Friday to spend the night with Mrs. Flukie Smith. Flukie was in Spearman staying with the children of his daughter, Scarlett. Scarlett and Punk Jackson had gone to Nevada to see one of their horses run and planned to go on to Las Vegas before returning home.

Rex Harrison was down in the canyon bird hunting Sunday afternoon. Later on, Mr. and Mrs. Zeke Pope and sons drove up to look things over.

Mr. and Mrs. Charles Miller of San Antonio and son, Ford of Texas Tech, met their aunt, Mrs. Q.D. Williams, and all attended the Tech-SMU football game Saturday afternoon. They ate supper at Furr's afterward and enjoyed a good visit.

Well, the Floydada cannery is part of history now. It served it's purpose and according to the figures read at the Commissioners Court, had become a tradition we can no longer afford. The Lockney cannery, open about six months this year, has cost the county $22,000. If as many as 20,000 jars or cans of food were processed, which is doubtful, then divide the 20,000 into the $22,000. And you get over a dollar a jar or can it cost the taxpayers to keep even the Lockney cannery open. It would be cheaper for the Commissioners to just buy every family a brand new canner cooker and tell them to go home and start canning. And it was said that not all the people using the cannery were Floyd County citizens, so this means we were paying for the neighboring county's food processing too. Yes, it was time to close the cannery down and put the building to other use. Good bye, old timer. You provided the means for many a widow woman to put food on her shelves for the winter, and many a family to eat a balanced diet of good Floyd County vegetables for the past fifty years.

Backpacking. 15 min. Color. 1975. West Wind Productions. JH-A

A guide to being self-sufficient and safe while backpacking. Explains what implements to bring on a trip, clothing, food and cooking, and the method of packing gear. Advocates the beauty of backpacking.

Bip As A Skater. 8 min. Color. 1976. Encyclopedia Britannica. All ages

Marcel Marceau presents famous character Bip as a game, but novice, ice skater, who finds that trying is the beginning of all good things.

I Only Want You To Be Happy. 16 min. Color. 1975. McGraw-Hills Films. SH-A

Two sisters decide on different life styles, but not without conflict. Beau Bridges leads a discussion section of the film.

Little Mermaid. 25 min. Color. 1974. Pyramid Films. E1-JH

An animation version of the tale by Hans Christian Andersen, this is a story of the unselfish love of a little mermaid for a handsome prince. At a risk to her life, the mermaid is able to become human; will the prince fall in love with her as she has with him?

The Mongrel Dog. 6 min. Color. 1972. McGraw-Hill. Pre-E1

An allegory about the difference between acceptance and love. Clever animation of simple figures made from newspaper and wooden blocks conveys the humor and sadness inherent in the story.

The Oregon Trail. 31 min. Color. 1975. BFA Educational Media. JH-A

Examines the Oregon Trail, once the longest and most important way West. History and beautiful scenery combine for an awesome presentation.

Red, White and Bluegrass. 27 min. Color. 1974. Time-Life. JH-A

Award-winning documentary of the bluegrass music that spilled out of the Appalaichan Region to rural areas throughout the country. North Carolinians such as the Brushy Mountain Boys and the Little family play and talk about the entertainment their families have been making for generations.

Robert Frost's New England. 22 min. Color. 1975. Churchill Films. JH-A

In this film we see Robert Frost's New England landscape and hear numerous poems inspired by it. Footage of Frost from a previous film is interspersed with the quiet photography and mood.

Rookie Of The Year. 2 reels. 24 min. each. 1973. Time-Life Multimedia. E1-A

Twelve-year-old Sharon Lee attempts to play baseball in an all-boys Little League. How those around her react shows some attitudes toward equal opportunities for women.

The Shoemaker and The Elves. 15 min. Color. 1971. Films, Inc. Pre-E1

Puppets are used to imaginatively recreate the European folk story of the poor shoemaker who receives help from two industrious, fast working elves.

Ski Flying. 6 min. Color. 1974. Encyclopedia Britannica. E1-A

The non-narrative film uses the camera from unusual angles to catch the skill and beauty of ski jumping. Although still a fledgling sport in America, we know of its grace from the televised Olympic games.

Tikki Tikki Tembo. 9 min. Color. 1974. Weston Woods. Pre-E1

Illustrates the story **Tikki Tembo** by Arlene Mosel. Reveals why the Chinese give their children short names in a folktale about the difficulty one child has telling people his brother has fallen into a well.

Toes Tell. 7 min. Color. 1969. Encyclopedia Britannica. Pre-E1

A barefoot girl steps on and feels many textures with her toes. Let's See series.

Total Fitness In Thirty Minutes A Week. 30 min. Color. 1976. Pyramid Films. SH-A

Physical conditioning as presented in the best-selling book. The presentation is complete and "inspiring."

War Dance. 11 min. Color. 1954. University of Oklahoma. JH-A

Shows not only the dance of war, but a dance of love. Authentic recreations.

The War Of The Eggs. 27 min. Color. 1975. Paulist Productions. SH-A

A sensitive portrayal of possible underlying reasons for child abuse and the effect of that abuse on the marital relationship. Stunning acting from Elizabeth Ashley and Bill Bixby.

We'll See Tomorrow. 10 min. Color. 1972. Journal Films. JH-A

Produced in conjunction with the National Safety Council this film depicts those shop hazards that can cause serious eye injury--injuries caused by intense light or heat, by splattered liquid, by chips of wood, cement or metal, or by flying sparks. Recommended for safety programs in schools, industry, and general audiences.

Where The Wild Things Are. 10 min. Color. 1973. Weston Woods. Pre-El

An unruly boy named Max thinks that the land where the wild things are is just his cup of tea. But he finds that one thing is missing there--love.

Landscape & Gardening

by Benny Butler

Because the human eye adjusts readily to changing light conditions we seldom notice the drastic reduction in light intensity in our homes during the winter months. This reduction in light intensity is the reason so many plants tend to deteriorate during the winter. The lower light intensity means a reduction in the amount of food the plant leaves can manufacture through a process called photosynthesis. Some plants just can't produce enough food to sustain themselves, therefore deteriorate rapidly.

There are a number of good plants which will thrive in low light conditions and are relatively maintenance free. Here is a list and a description of a few.

Chinese evergreen, **Aglaonema commutatum** - This relatively unknown plant is perhaps the easiest of all plants to grow. It will thrive in very low light conditions, with low humidity. Most species will grow one to two feed tall, with leaves six to eight inches long and two to three inches wide. The variety Silver Queen is the most striking. Only pot-bound plants will bloom but bloom they do luxuriously in late summer and early fall.

Janet Craig, **Dracaena dermensis** - The most charming of all the indestructibles. All members of this genus show excellent survival in low light and low humidity, but Janet Craig is the toughest - Its decorative dark green, strap-like leaves are 12 to 18 inches long and two to three inches wide and will fill the need for dark green foliage in all interiors.

Heartleaf philodendron, **Philodendron oxycardium** (cordatum) - This plant will survive for long periods under very low light conditions. For this reason, it can be found growing in almost any office and it's usually planted in a jar of water or in a dish garden. Potting soil and a pot with a hole in the bottom would be better but the fact that Heartleaf Philodendron does well even this type of adverse root environment indicates just how tough it is.

Devil's ivy, **Scindapus aureus** - This plant looks a lot like Heartleaf philodendron and, in fact, is often called "Philodendron". To further confuse matters, it is also "Pothos". But, whatever you call it, it is easy to grow. It, too tolerates water culture. The best variety of Scinadapsus is Marble Queen. The leaves of this variety are variegated and the variegation is more intense in bright light.

Snake plant, **Sansevieria** sp. - This plant is indestructible. It, too, can tolerate low light and low humidity. However, the leaves of this plant are thick and leathery, thus, it is also capable of withstanding occasional dry periods. There are generally two forms of Snake plant -- one that makes a compact rosette of leaves, and a tall erect form. Some varieties have silvery horizontal leaf bands, others are almost entirely green, while still others have bright yellow leaf margins.

Cast iron plant, **Aspidistra elatior** - An old favorite with long green leaves which will endure heat, dust, darkness and lack of water. When well cared for, it produces a mass of broad green leaves.

Other honorable mentions: **Spathiphyllum**, the so-called closet plant, is very tolerant of indoor conditions even though it won't grow in a closet; and **Nephtythis** (Syngonium) also thrives under household conditions.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Boys Scouts gains a record membership increase

The Boy Scouts are on the move! The South Plains Council, headquartered in Lubbock, is experiencing outstanding growth this fall. The character development organization has gained a record membership increase for the second month of their annual fall enrollment period.

"Last month Scouting on the South Plains had nearly a 5% increase over last year at the same time. October's report showed a 14.1% growth. At this rate the council is expected to reach a 20% growth at year end," said South Plains Council President, Dr. Roy C. McClung. McClung went on to say these growth figures didn't count the Scouting organization's new Tiger Cub program for second grade boys and their adult friend. There are nearly 200 Tiger Cub families in the area.

McClung added the fact that the South Plains Council was ranked number four among the 46 councils of the five state South Central Region in membership growth. The first three growth councils are headquartered in Lake Charles, Louisiana, Houston, and Corpus Christi.

"This membership growth represents over 2,600 new families involved in Scouting," commented Robert F. Bouse, Scout Executive for the South Plains Council. "These young people and their family are starting a great adventure together. Our recent Scout-O-Rama was an all time record for attendance and participation. This has been a great year for Scouting and 1983 looks even better."

Bouse went on to say that ambitious plans have been made for Scout camping next summer. The Explorers will have an area Olympics at Texas Tech and the Cub Scouts will have five day camps to attend.

Dr. McClung and Bouse joined in their praise for local unit leaders and the job the training teams are doing educating all the new Scout leaders.

"It is a fun time to be a Scout," said McClung. "The whole family is having fun together."

"SHOWING SUPPORT"—TTU Weightlifting and Bodybuilding Association President K.C. Nix gives support to Alpha Delta Pi sorority members Paula Terry [left] and Gay Waltrip, co-sponsors of the second annual "Lift-A-Thon" to be held Saturday morning, November 20th at the South Plains Mall. Contributions from the event will go to the "Christmas for the Kids" fund, providing needy area children with gifts.

"Lift-A-Thon" to be held for the "Christmas for the Kids"

The kickoff for the 1982 "Christmas for the Kids" has been announced by project chairman Jeff Klotzman. This years campaign, which will serve 400 children, features two special fundraising projects.

On Saturday, November 20th, the Texas Tech University Weightlifters and Bodybuilders Association and the Alpha Delta Phi sorority will sponsor a "Lift-A-Thon" at the South Plains Mall from 10 a.m. to 12 noon. Contribution may be made at the "Lift-A-Thon" by sponsoring a weightlifter and pledging a penny per pound of weight lifted.

Money from the "Lift-A-Thon" will be added to contributions from the fifth annual Christmas for the Kids Band Concert to be held on December 12th.

This year's goal is 12,000 dollars. Funds will be used to buy "wished for" Christmas gifts for children at Girls Town USA, Texas Boys Ranch, Buckner's Baptist Childrens Home, Children's Home of Lubbock and Foster Children of the South Plains.

Any other donations are welcomed and may be sent to Christmas for the Kids, P.O. Box 2805, Lubbock, TX 79408.

Il Penseroso discuss plans for breakfast

The November 4 Il Penseroso Study Club meeting was held in the Home Ec lab with Cindy Ford as hostess and Lisa Mosley as co-hostess. For the program each member decorated the outside of an envelope. The envelopes were filled with a box of crayons and several pictures to color. The packets will be given to the hospital for the children to color and help pass the time.

After the packets were finished, everyone enjoyed refreshments. Brenda Mangold called the business meeting to order. Preparations for the Hunt Breakfast and the reminding of each committee of their duties was discussed.

Members present were; Ginger Mathis, Robin Stoerner, Janette Workman, Sandra Cummings, Karen Quebe, Cindy Ford, Treena Aston, Linda Cunyus, Lesca Durham, Kim Lambert, Anita Bigham, Cathy Barnett, Reeda Cay Smith, Brenda Mangold and Lisa Mosley. Sherry McDonald was a guest.

DPS urges people not to "Drink and Drive"

Major C.W. Bell, Commander of the Texas Department of Public Safety, Region 5, said, "As we approach Thanksgiving Day weekend, all of us are making plans of one kind or another for observance of this traditional season of the year. Many DPS officers will make plans of a different kind. They will be on duty to stimulate safety-consciousness throughout this feastive holiday."

During the last Thanksgiving holiday weekend, Texas experienced 53 fatal accidents and 57 traffic fatalities. Major Bell said, "Speed and alcohol are the main contributing factors in the majority of traffic deaths in Texas."

A total of 4,701 fatalities was recorded on our streets and highways for 1981 and statistics show 923 fatal accidents caused 1,082 deaths and 17,343 injury accidents that caused 27, 907 injuries in Texas that involved a drunk driver, according to Major Bell.

"Many drivers are not tested," Bell said, "because Texas has no law requiring chemical test on drivers in fatal accidents and it is probable that more than 50% of the deceased drivers in Texas were driving while intoxicated and were not reported as DWI."

The Texas Department of Public Safety urges all motorists to avoid the use of alcohol when driving. Let's all slow down a little and live a lot.

Around The County

By Jett Majors
County Extension Agent

The Texas Crop and Livestock Report Service will begin contacting farmers and ranchers across the state in mid-November for final 1982 crop acreage, yield and production totals and end-of-year livestock and poultry inventories.

State Statistician Doug Murfield reported that with low prices depressing farm incomes and the severe weather cutting crop production in the northern part of the state, producers are depending on this information for an accurate picture of the 1982 agricultural situation.

Murfield explained that the confidential interviews, conducted by mail or in person by field enumerators, provide information used by farm organizations and legislatures in planning and developing farm programs; by extension economists and management consultants in advising producers; and by exporters in planning and promoting sales of Texas agricutural products.

"Without these reports, farmers and ranchers would have to rely on other sources of information for crop and livestock prospects," Murfield added.

He stressed that the end-of-year crop and livestock [illegible] confused with [illegible] Agriculture which [illegible] late November. "[illegible] more detailed [illegible] agriculture, our [illegible] is short and can [illegible] matter of minutes," [illegible] ed.

Williams' stationed in Munich, Germany

Staff Sergeant Billy Williams and family arrived in Munich, Germany August 30th. Sergeant Williams is assigned to Headquarters Company 3rd battalion 63rd Armer 3rd infantry Division in Augsburg, Germany. The Unit has just finished training on the new highly publicized and controversial MI Abrams TANK.

SSG Williams does not work directly with the TANKS. He works at the Battalion level in the logistics (supply) field.

The battalion will be moving to a new location in Kitzigen in 1983. SSG Williams was just recently promoted; also received the Army Achievement medal for Outstanding Serving with the 200th Aviation Company at Ft. Sill, Oklahoma. Sergeant Williams had been stationed at Ft. Sill since 1975 before he was transferred to Germany.

SSG Williams is the son of Mr. and Mrs. Langston Williams of Floydada. Barbara, his wife, is the daughter of Mrs. Mary L. Hawkins of Lubbock. The Williams have three sons, Wayne 9 years, Rashard 4 years, and Marcus 8 months old. This is SSG Williams 1st overseas tour.

He graduated from Floydada High School in 1972, then attended Droughnes Business College for one year and South Plains College two years. He entered the service in 1975.

Editor's note: SSG Williams 9-year-old son, Wayne, wrote this letter to his grandparents, Mr. and Mrs. Langston Williams of Floydada. They wanted to share it with our readers. The letter has not been edited for spelling or punctuation.

Dear Grandmother, and papa, for Halloween I was super star. Rashard is in pre school. Grandmama you deside this yourself if you want to you can quit your job and come stay with us ask papa if he wants to come? please sind me, Rashard and Marcus, some money. here are some Germany words.

Mr. and Mrs. Laure Dade visited her brother, Mr. and Mrs. Autley Douglas in Houston from November 4th to November 14th. They also visited a new addition to the family, a great-great niece, little La Shawdra Yvette who was born on November 3, 1982.

Open House to d... solar system No...

An Open House is to be held at the Billy Joe Turner residence at 511 S.W. First Street, in Lockney, Saturday, November 20, from 10 a.m. to 4 p.m. their recently installed solar system will be displayed. If adverse weather conditions should interfere, causing the skies to be overcast, the Open House will be postponed until Sunday from 12:00 noon to 4 p.m.

The solar unit, a Solar Age product, consists of a 3½ ft. x 11 ft. collector, installed on the roof of their garage for the most efficiency due to shading and floor.

The system is Nationally certified after having been tested by Desert Sunshine Environmental Testing Laboratories, Phoenix, Arizona and The Solar Testing Facility of New Mexico State University.

The unit weighs 68 pounds. The absorber is of louvered black aluminum with an inner glazing of Lexan and an outer glazing of Filon.

An automatic control (sensor) inside the collector will not let the system come on until the unit reaches 90-95 degrees. It will shut off when it drops below to 75-80 degrees. The system will not run on totally overcast days. It operates totally from available sunlight for daytime heat. Under clear conditions during the winter the system will come on between 8:45 a.m. to 9:15 a.m. and will shut off around 5:00 p.m.

The system is designed strictly as a supplement to present system and will provide 30% to 60% of required heating needs. It is designed to cut usage, not total bill. Under normal conditions it will keep area of house from 68 to 70 degrees.

"The difference in then and today," Mr. Lanham summed up, "is that then people would invite you in. Now they invite you out."

Mrs. Earl Edwards

The Lakeview Community was the home for the Earl Edwards family during the depression. Mrs. Earl Edwards remembers the depression as a time when fellow neighbors helped one another.

The Home Demonstration Club was originated during this time to help educate people in the rural communities. Child car, pressure canning, sewing methods were just a few of the subjects taught by these clubs.

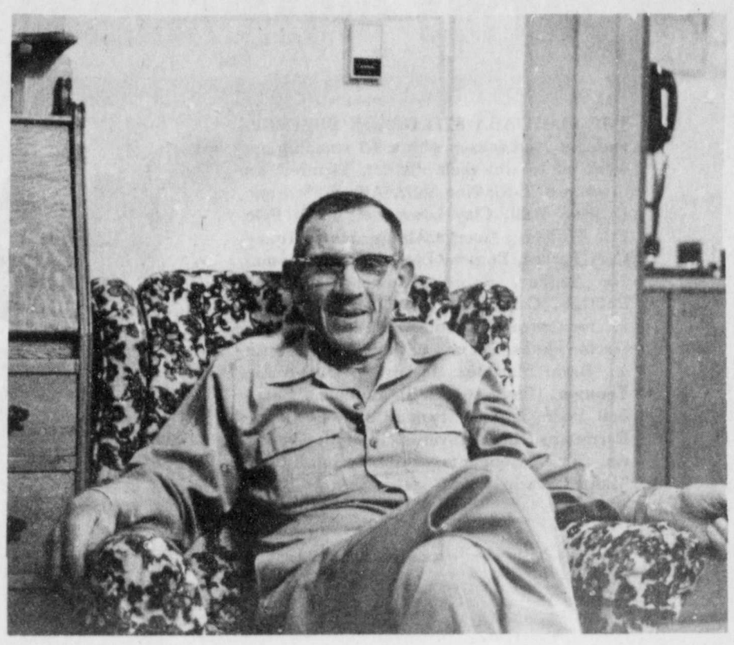

There were around 12 clubs in Floyd County, compared to the 3 or 4 that exist today. Mrs. Edwards helped start the Lakeview Home Demonstration Club. She believes these clubs helped people to make it back then.

As farmers they raised their own vegetables, meat and milk. When one of the neighbors butchered an animal such as a steer, they shared it with the other neighbors. They took turns doing this since they had no refrigerator.

Prices for the farm products were not the greatest. Cotton sold for about 5 or 6 cents a pound, bushel of wheat went for 15 cents and 10 cents would buy you a dozen of eggs.

Mrs. Edwards believes that farmers didn't feel that crunch of the depression as bad as those who lived in town due to their food resources.

But she also believes that today compared to then isn't as bad because of all the things we own now and especially because of the good nutrition now..

Alfred (Shorty) Barker

Alfred (Shorty) Barker lived in Floydada with his wife, Ethel during the depression. Shorty believes that compared to the depression times, people today really don't have it as bad. People back then lost their homes, cars, just about everything they had, including some lives (due to starvation).

Wages were usually about a $1.00 a day and one worked from sun up to sun down. For extra money, Shorty ran a rowbinder all night for $1.50 and as a fireman for a $1.00 a fire, which really helped out. As a mechanic he made $7.50 for a six day week.

These wages enabled them to pay $7.50 for rent each month. Groceries would cost about $3.00 a week and they ate like kings on that. Gas cost around 14 cents a gallon which really went a long way in their Model A Ford.

Growing their own vegetables and chickens helped out on their tight money. Milk was supplied by their own milk cow. Working in exchange for services often took place during these times. Such as working on Dr. George Smith's car in exchange for the doctor's fee for delivering their son.

It just seems that people were more willing to help each other.

Elva Perry

Elva Perry, a 82-year old Lockney resident for the past nine years, spent the bigger part of the Depression in Amarillo.

She and her husband lived in a 4 or 5 room house. They had a son, Thomas Roy who passed away in 1959, and a daughter, who now lives in Las Vegas, Nevada.

"Amarillo was a lot like Lockney is now. You could get around in it," Mrs. Perry said.

Mr. Perry coordinated routes and supervised a fleet of trucks hauling aviation gasoline for the airplanes. Mrs. Perry fed and housed the drivers, getting up to prepare their breakfast whenever they left, no matter what time it was or how many different departure times might be adopted during a 24-hour period.

When asked what she could remember was the hardest thing they had to do without, Mrs. Perry said, "I don't remember us having to do without essentials. We had clothes and food."

About the food, did you have meat every meal? she was asked. "No."

What substitutes did you use when meat was unavailable?

"I just don't remember. It's just too far. We had buffalo meat."

Where did you get it?

"Right out of the store."

The Perry children walked to school in Amarillo, which was not many blocks.

Mrs. Perry did alterations for Klein's in Amarillo later. She worked from 8 to 5 six days a week.

"We did our shopping once a week and there just wasn't very much visiting."

When asked if she though it was harder living in town than it would have been if they had been living on a farm, Mr. Perry said she didn't know. "I know that we always seemed to have a good supply of basics in the grocery store."

In 1931 the Perry family moved to Lockney. Mr. Perry hauled regular gasoline at that time.

Mrs. Perry's eyes glistened when she said, "I remember when we moved back we had a new 1931 Chevrolet car."

Lockney had been home to Mrs. Perry for a long time. She was raised on a farm 10 miles north of Lockney, a daughter of the E.G. Fosters. There were three girls and a boy.

When asked if she thought a depression would be harder on the young folks of today than when they went through it, Mrs. Perry said, "In a way, yes I do. Young people don't know how to do things. So how are they going to get along?"

When asked why the young people are in the circumstances they are in today, Mrs. Perry answered, "They're away from God. They're not going to church like they used to. Maybe they're taking it for granted too much."

How better energy decisions make the difference

You and Southwestern Public Service Company are partners, making energy decisions that make the difference.

How you manage electricity in your home helps us make our decisions about generating power to meet the electrical requirements of the Southwest. For when you install a High-Efficiency Add-On Heat Pump, you can manage the electricity used for your home's heating and cooling — which helps SPS determine how much power you, and the Southwest, will need.

So that economical power will always be available, SPS is developing better ways to generate electricity. One way is with coal.

Construction is now completed on the first unit of our second coal-fired power plant, Tolk Station, which is now on-line and generating electricity. Harrington Station, SPS's first coal-fired power plant, has been operating since the early 1970 s.

As partners we have made energy decisions which have built Tolk Station. We're proud of the new power plant as you will be too. You're invited to the Open House of Tolk Station between Muleshoe and Earth, Texas. Just follow the map and join us Saturday 10 to 4 p.m., November 20, or Sunday 1 to 4 p.m., November 21. Come as you are, dress casually. There will be refreshments and guided tours for the whole family.

"A Cowboy's Ode"

I was riding hard in Cheyenne, Wyoming, and doing mighty fine,
Ranking No. 8 in bronco busting and closing in on number 9.
Then I drew this nag called "Satan" and he got the best of me.
When we came out the chute my boots were really high.
I was spurring from his shoulders pert near to his thigh.
I knew if I could stay until the count of 10, I'd be riding in the city where I'd sure get me a win.
I've got old Satan timed and I'm looking 'tween his ears.
I was counting seconds slowly and didn't have no fears.
Then something awful happened. I couldn't see no light.
I saw this pretty angel; she was all dressed up in white.
She said "Cowboy, I aint no angel. I work here every night."
They said old Satan had kicked me in the head.
Now, folks, I found out soon that I was laying in a bed.
I cried when they sold my horse and saddle, and then they took my Ford.
That bed that I was laying in felt a lot more like a board.
My buddy was the best man, that I have ever known.
He called my wife and kids and said he'd gladly bring me home.
I can't imagine now what I will find to do.
For riding them danged old broncos was all I ever knew.

COTTON TALKS

Cotton producers have three choices with regard to 1982 advance deficiency payments, according to Agricultural Stabilization and Conservation Service (ASCS) officials.

"But unless they are on their toes," some will miss out on one or even two of those choices."

The Secretary of Agriculture was required by the 1982 Budget Reconciliation Act to offer, as soon as practical after October 1, advance payments to eligible producers at 70 percent of the projected deficiency payment rate. For cotton, that comes to 9.7 cents per pound, which is 70 percent of the 13.9-cent projected total.

Producer options include (1) request the advance be made in December 1982, (2) request the advance be made between the last day of this year and January 7, 1983, or (3) not request an advance and get full payment later, probably in February on cotton and in April on corn and grain sorghum. Corn payments will be made at 10.5 cents per bushel and sorghum at 12.6 cents per bushel.

All eligible farmers are being mailed a form on which they can select either of the first two options if they want an advance payment. If the form is not returned to the county ASCA office by December 1, the opportunity for advance payment will be lost and no payment will be made until the total is due in February or April.

County ASCS offices this Fall are faced with what has been called the "ready-made confusion" of simultaneously making 1982 advance payments, signing farmers into and making advance payments on the complex 1983 farm program plus accepting 1982-crop cotton into the CCC loan.

And with this triple or quadruple-whammy workload, there is a possibility the limited staff of some county offices may not be able to accomodate all who request that advances be made between December 31 and January 7. If that happens producers requesting to receive payment during that period will not get their money until the full payment is made.

"But the important thing now," says Alan Mackey, Lubbock County ASCS Executive Director, "is that farmers who want advance payments get their requests in as soon as possible and certainly no later than December 1."

Any eligible producer who for one reason or another fails to receive an advance payment request form, Mackey adds, should be sure to ask for one at his county office.

DEER AND BEAUTIFUL SCENERY are plentiful in the hill country that surrounds Fredricksburg, Texas. These shots were taken about 10 miles northeast of Fredricksburg, where deer season opened November 13th. Floyd County's deer season will open Saturday, November 20th.

Floyd County Farm Bureau Ne

State convention — The Texas Farm Bureau State Convention will be November 28 thru December 1 in Dallas. Floyd County is proud to have Albert Scheele as a candidate for the District II position on the State Board of Directors of Texas Farm Bureau.

Albert farms in the Providence community and has been active in Floyd County Farm Bureau and other county organizations for several years. He is a charter member and served on the first Board of Directors for Floyd County Farm Bureau.

S.M. True, Hale County farmer, is a candidate for president of Texas Farm Bureau. He has served two terms on the state board representing District II. During these terms, he has held the offices of secretary-treasurer and presently as vice-president. He will be running against Carrol Chaloupka of Dalhart, the current president.

Floyd County will be represented by all nine of our voting delegates.

Panel to discuss 'Fina[illegible] Future Water for Texa[illegible]

Financing future water development in Texas is sure to be a top agenda item when the Texas legislature convenes in January 1983.

Federal funding for new reservoirs, for wastewater treatment plants and for flood control projects has been greatly reduced in recent years. As a result of this situation, future water development in the state must more than likely be financed within the state, notes Dr. Jack R. Runkles, director of the Texas Water Resources Institute.

Runkles announces that experts of water financing will be at the 1982 Water for Texas Conference at Texas A&M University, November 18 and 19, to present current financing dilemmas and future financing alternatives for meeting water demands.

The Water for Texas Conference, in the Rudder Theatre, will key on the theme "Water Issues for Today, for Tomorrow." Besides financing, the conference will also address three other vital water issues: planning, understanding, and managing water resources in Texas.

A panel will address "Financing Future Water" at the 1 p.m. session November 18. Moderator will be Catherine Perrine of Dallas, state water director, League of Women Voters.

Donald L. Howell, a partner with the law firm of Vinson & Elkins in Houston, and president of the National Association of Bond Lawyers, will discuss "Perspectives on Water Financing."

Josiah Wheat, secretary of the Governor's Water Task Force on Water Resource Use and Conservation, and past president of the State Bar of Texas, will discuss "Alternative Means of State Financing."

State Senator Ed Howard, chairman of the Sunset Advisory Commission and a member of the Senate Committee on Finance, is scheduled to speak on "Past and Present State Financing."

South Plains News

BY MRS. MURRAY JULIAN

South Plains, November 15:

A taste of winter has been in the air Sunday evening and this Monday, as it is 28 degrees today. Saturday it seemed extremely cold with such a hard wind blowing across the plains.

We were sorry to learn of the accident which happened to Mrs. Walter Wood, who now lives with her daughter and husband in Whitney. Two weeks ago this Tuesday Mrs. Wood feil and broke her hip. She was in the Whitney Hospital in intensive care for four days, but is now in her room there at the hospital and getting along very well. All her friends and relatives here are thinking of her, and wishing her well. A card to her at the Whitney Hospital would be appreciated I am sure.

Visitors at the South Plains Baptist Church Sunday included little Josh Gregory from Floydada in the morning services. After evening church services all gathered in fellowship in the basement to enjoy sandwiches, home-made ice cream, cakes, coffee and tea, and a time of visiting. It was good to have Mrs. Early Pritchett (Nell) back in church after her long summer out in Ruidoso, New Mexico.

Relatives and friends of Mrs. Jack Smitherman (Ailene) were here over the past week-end, and with vehicles and pickups they moved her belongings from the home where they had lived so long, to Dimmitt. She will be living in an apartment there. If you would like to reach her with a card send it in care of her daughter, Mrs. Polly Simpson, who is County Judge, living there in Dimmitt. We all feel such a loss with the Smithermans gone from our community.

Tony Shipley, who lives in Floydada, spent the week-end out here with his friend, Bill Staples and his parents, Mr. and Mrs. Howard Staples and children.

We are glad to have Mr. and Mrs. Early and Nell Pritchett back at home here after several months of going back and forth to Ruidoso, New Mexico, where for health reasons Mrs. Pritchett needed to live. Mr. and Mrs. Tom Y'Blood from Littleton, Colorado with their children, Laura and Kent have been visiting here the past week-end at the home of Mrs. Jo Y'Blood, Tom's mother, who lives in Floydada, and the Pritchetts and their daughter, Mr. and Mrs. Shorty and Louise Turner have been visiting together during their time here. Tom Y'Blood is Mrs. Pritchett's nephew. They had arrived Thursday and flew home Sunday to Littleton.

Mr. and Mrs. Don Burks and children of Amarillo accompanied Mrs. Pat Huff (Jeaneva) and Duane of Amarillo here on Saturday and they all spent the day with Mrs. Huff's parents, Mr. and Mrs. Mildred and Harold Hamm.

Mr. and Mrs. W.H. Smith of Odessa arrived Sunday to have dinner and spend the day here with her sister, Mr. and Mrs. Bobbie and Sylvin Kinnibrugh.

We enjoyed a rainy day here Wednesday, and .40 was reported around our community on November 10th, but all wished for more moisture, as we have been dry so long.

Mrs. Leighton Teeple (Juanita) spent Wednesday in Plainview where she worked in the bazaar held at the First Assembly of God Church.

Ernest Smitherman is getting along well from his surgery at the Central Plains Hospital in Plainview, last Thursday, November 11, and hopefully will soon be ready to come home.

Word from Mrs. Louzilla Nichols who moved to Sweetwater, states she is getting along well, and settled in her new home there. It is a great change for her, as she has lived all her life here on the plains. Her new address is 1708 Woodruff Lane, Sweetwater, Tx. 79556, if you would like to write her.

Despite rain showers and some muddy rural roads, Hobby Club members were gathering at the home of Mrs. Hansel Sanders (Connie) on Wednesday, November 10, with a good number attending, albeit the rain. The program was on Microwave Candy Making, and roll call was "a good recipe I use to make candy."

Mrs. Sanders made microwave Peanut Brittle, and on the stove she made Millionaires and Peanut Patties. Refreshments of applesauce cake, coffee and punch were served to nine members.

Next meeting will be held in the home of Mrs. Juanita Teeple, with a Christmas party. Mrs. Frances Staniforth will be giving the program and each member will be helping with the Christmas menu and buffet supper.

Those who attended the November meeting at Mrs. Connie Sanders' were Mmes. Don Probasco, Ronald Kitchens, E.J. Kinslow, Fred Marble, Harold Hamm, Keith Marble, Sterling Cummings, Edward Hartman, and hostess Mrs. Connie Sanders. The Christmas party will be on December 10, at 7:00 p.m. in the Leighton Teeple home.

The Rev. and Mrs. David and Sherlene Reddout, of Springfield, Missouri, spent Saturday and Sunday here with her parents, Mr. and Mrs. Leighton Teeple, and left for their home Monday morning. They had been in Levelland on November 5th and 6th, for an Enrichment Training Conference where the Rev. Reddout spoke as an Adult Specialist in the National Sunday School department, and Sherlene Reddout spoke as a Pre-School Specialist at the Assembly of God Meeting.

BY GRACE LEMONS

Our farmers are still needing a rain to sow wheat. Cotton harvest is in full swing although the turnout is not good. This has been a bad year for crops.

Joy Guest of Floydada and daughter Janie Guest were visitors at the Baptist Church Sunday morning. The Rev. and Mrs. R.C. Guest returned home with them for dinner.

Edna Gilly visited her mother, Ruthie Clark in Plainview Friday and Ruthie accompanied her to Plainview where they visited Delise and Johnnie Harrison and family. Christie returned home with Edna for the night and Delise came after her Saturday.

Norma Welch visited Cephus and Imogene Fortenberry Friday evening.

Gladys Fortenberry visited Norma Welch Saturday.

Jannette Lackey entered Methodist Hospital in Lubbock Sunday afternoon and chemotherapy treatments began Monday. She is in Room 480 and would appreciate hearing from her friends.

Albert Mize has not been well the last few days and we trust that with his new medication he will be feeling much better.

Last week Gladys Fortenberry spent some time in Lubbock helping with the wedding of Danita Boone and Paul Clark. She sat with Patrick Vick and Trevor Hayhurst while the wedding party attended the rehearsel and rehearsel dinner hosted by the grooms parents, Mr. and Mrs. Carl Clark at K-Bobs Resturant in Lubbock. Gladys returned home Saturday and Tom accompanied her back to Lubbock where they attended the wedding at the First Assembly of God Church Saturday evening. They remained in Lubbock until Sunday visiting Patsy and Lafayette Boone and other relatives.

Mr. and Mrs. Junior Taylor attended the Mogg Auction Sale in Plainview Sunday.

Mr. and Mrs. Carl F. Lemons were dinner guests in the home of Mr. and Mrs. Marvin [illegible] day.

The Purina Preconditioning/Receiving Chow Program

INCREASES THE VALUE OF YOUR CALVES

Precondition your calves and your calves are worth more. Here's why:

- Calves like its form and taste, they go for the bunk immediately.
- P/R Chow is medicated dramatically reducing the high cost of sickness and death. No vet bills.
- Calves gain 50 to 80 extra lbs. in three weeks.

P/R Chow enables you to produce a better product, and that means higher demand and higher profits—and that's good business.

Call us. We'll show you how this P/R Chow feeding program works for you.
