# THE WINTERS ENTERPRISE

VOLUME SEVEN WINTERS, TEXAS 79567 THURSDAY, JULY 11, 1996 PRICE 50 CENTS NUMBER 28

## Learn of Winters' rich heritage Saturday at museum, hotel

*Barbeque, ice cream, watermelon, music, and good company provided*

On Saturday, July 13, visit the Z.I. Hale Museum, Rock Hotel, Drummer house, and the caboose to see Winters' rich heritage. Tour the complex to get a glimpse of the lives of the pioneers that settled in North Runnels County—the doctors, bankers, farmers, ranchers, housewives, and school day children.

An Olde Time Community Barbeque is planned from 5:30 p.m. to 8:30 p.m. on the Z.I. Hale Museum grounds located on West Dale Street.

Dine on a tasty Texas barbeque meal with all of the fixin's while enjoying western musical entertainment, or you may carry out for your dining pleasure.

Adult tickets are \$6.00, children under 12 are \$4.00. Proceeds benefit the restoration of the Rock Hotel.

Tickets may be purchased in advance at these businesses: *The Winters Enterprise*, Busy "B" Cleaners, Bahlman Jewelers, Farmers Seed & Supply, *The Journal* in Winters and Tuscola, Z.I. Hale Museum, and the Winters Area Chamber of Commerce. Tickets will also be sold at the door of the museum.

In conjunction with the Olde Time Community Barbeque, the Chamber of Commerce will be serving homemade ice cream and watermelon slices as dessert. Ice cream will be 50¢ per scoop

and watermelon \$1.00 per slice.

A dance featuring "Deuces Wild" will begin promptly at 9:00 p.m. in the lot east of the Methodist Church.

Admission is \$5.00 per person with door prizes to be given.

Assistance is needed for the barbeque as well as museum activities. Volunteers are needed to help prepare, serve, and set up for the meal. Greeters, guides, and suggestions for musical entertainment are most welcome. If you can volunteer your time, please call Randall Conner at 754-5373 or Kay Colburn at 767-2272.

Bring your lawn chairs and enjoy the evening. The best part will be neighbor visiting neighbor! See you at The Rock.

COLBY WALKER of the Winters Hurricanes slides safely under the third baseman from the San Angelo South baseball team during All-Star tournament playoff action Sunday night.

CELEBRATION WORKERS gathered at the Z.I. Hale Museum to iron out last minute plans for the big festivities this Saturday. From the left are Randall Conner, Edna England, Jewel Kraatz, Lavonda Harrington, Kat Young, and Kay Colburn. The public is encouraged to attend this fun-filled evening which benefits the museum and the Rock Hotel.

## Winters Hurricanes continue in All-Star playoff tournament

by Eddie Jackson, Hurricanes Coach

The Winters Hurricanes kept their playoff hopes alive Sunday evening by outlasting a stubborn San Angelo South team 10-9.

The Hurricanes are the 13-year old Junior League team.

The boys showed a lot of heart and character by overcoming several mistakes to outscore San Angelo in a high scoring game with an exciting finish. At the bottom of the final inning, with the score tied again, Colby Walker drove in the winning run made by Josh Minzenmayer to give Winters the win.

Samson Jackson was the winning pitcher.

The ballgame was supposed to be played at San Angelo on Saturday but was postponed until Sunday. The San Angelo team failed to show up Saturday, following a game at Big Lake the night before.

On Monday, July 8, the Hurricanes faced a tough opponent, the All-Stars from Ballinger.

Played at Winters, the game was a very well-played and tight contest through four innings. But in the top of the fifth, the Hurricane came alive at bat led by Ben Blaine, Colby Walker and then Aaron Pritchard. Pritchard drove the final nail in the coffin with a 3-

run double to the leftfield corner which put the Hurricanes up by a score of 7-4. Then Pritchard scored on a single by Jason Esquivel.

The boys played the final two innings of defense very well and held Ballinger scoreless for a final tally of 8-4.

Winning pitcher was Josh Minzenmayer.

The District 4 All-Star tournament runs through July 13, with the winner going on to the sectional tournament in Lubbock on July 20.

Come out and support the boys. It really helps to have those bleachers full of supporters!

## New jail plan presented to jail planning committee

Jim Wiginton, representing Wiginton, Fawcett, Hooker and Jeffrey Architects of Dallas, presented a proposed plan for a 65-bed jail for Runnels County at a meeting Monday night, July 1. Wiginton said the new plan is a no-frills concrete and steel structure and would cost between \$2.4 and \$2.75 million to construct.

Wiginton's firm also drew the plans for the proposed 104-bed jail which was turned down by voters in a 1994 bond election. The proposed cost of that facility was \$2.9 million. He told the seven of 16 Jail Planning Committee members present that construction costs have skyrocketed since 1994 and that the estimated cost of the new proposal takes into consideration inflation which will occur between now and the earliest construction could begin (probably a year) on the new facility.

County officials are looking toward putting the bond option for construction of the new jail on the November ballot.

Sheriff Bill Baird told committee members he hoped some costs could be cut by having the county do some of the dirt work and paving and using inmate labor for projects such as painting.

County officials are looking at constructing a new jail because of

overcrowding and structural problems at the current jail which was constructed in 1925. In May of 1993 the Texas Commission on Jail Standards gave the county permission to add 12 bunk beds to

**"I think the plan presented is a good one and we need to move forward with it."**

**Runnels Co. Sheriff Bill Baird**

help with the overcrowding.

Sheriff Baird says that if the bond election fails again this November, the county will probably lose the variance given by the Jail Standards Commission. That would mean that the limit of 22 inmates would be enforced and any above that number would have to be housed elsewhere at an increased cost to the county.

The new design presented by Wiginton incorporated suggestions and recommendations made by the jail planning committee members. Members of the committee come from throughout the county and were appointed following the failure of the 1994 bond issue to give input on a new jail.

Members of the committee toured and compared three other county jails in the state and took what they liked from the first jail plan and presented those ideas to Wiginton earlier in the year.

The proposed jail would be a single-story, 15,059 square-foot jail with 48 beds for male inmates, 10 beds for females and seven separation cells to be used for ill inmates or those which need to be isolated.

The building would have two holding cells, a detoxification cell, kitchen, laundry, interview room, booking area, intoxicilyzer room, an outdoor inmate exercise area and other support rooms. The cells would have reinforced glass rather than steel bars, which would allow guards to see into various areas of the jail.

Wiginton told the group the plan would also allow for future expansion on either side of the building.

"I think the plan presented is a good one and we need to move forward with it," Sheriff Baird told the group.

Because of the small number of committee members present, they decided to hold another meeting before deciding whether or

## WISD Trustees accept resignations, hire two teachers, set meal prices

Resignations, employment and a budget workshop were the main focus of the regular session of the Board of Trustees of the Winters ISD on Monday night.

Resignations were accepted from Jeff Butts, coach and history teacher; LaShea Butts, 5th grade teacher; Steven Greek, teacher for the hearing impaired; and Todd Felty, band director.

The board voted unanimously to employ Leah Edes as a teacher, subject to assignment, and Paula Roach as a counselor.

Trustees also voted to approve a Co-Op Shared Service Agreement with Ballinger and Coleman. This Service Agreement provides specialty services such as deaf education, psychiatric and psy-

chological counseling, and physical therapy for students.

A proposal by the Texas Insurance Benefits for the Standard Plan, Catastrophic, and MRI coverages for a total cost of \$10,373 was approved.

Lunchroom prices were set as follows:

Breakfast:	K - 12	\$1.30
	Reduced	0.30
Lunch:	K - 6	\$1.50
	7 - 12	1.65

# OIL BUSINESS . . .

By Reg Boles '1996

There are lessons for all of us in many places, and the Gulf of Mexico is a good example of a lesson those of us in the oil business should take note of.

In 1992, industry pundits were saying that the Gulf of Mexico was being eclipsed by the North Sea as the most active offshore area in the world. This was only the beginning of the end, they said, as the Gulf just didn't have what it took to be a hot spot. It was mature, no groundbreaking technology was at work, and it just didn't offer reserve prospects of sufficient size.

I have to admit, I also felt that it was going to be downhill for quite a while in the Gulf at the time.

Fast forward to 1996. The Gulf of Mexico is the hottest spot for offshore drilling in the world—again. It is a showcase for high technology from the desk to the tanks. Those who operate there, those that run service companies there, and those that want to be there are saying it is only going to get hotter!

What happened?

Three-dimensional seismic, directional drilling, subsalt exploration, and deep-water design leaps are what happened.

Ironically, back in the early 1990's, as other offshore basins became the focus, some of the technology developed for those regions became available for use in the Gulf. As everyone threw money overseas, the steadfast few, who knew the vastness and serenity of the Gulf was astronomically larger than any of the other offshore basins being pursued, continued to work.

They found numerous applications of the newest technology. They found many available reserve targets, and they saw the future by shrinking the development time to almost nil. All of this conspired to make the Gulf of Mexico the most attractive economic play in the world.

Translation: more money could be made quicker and with less investment in the Gulf of Mexico.

In any business, money talks, and everyone is making a bee-line back to the Gulf of Mexico. And, all of this is despite doing business in the harshest operating environment (in terms of political, tax, and financial aspects) in the world.

The moral of this story is don't always believe the conventional wisdom, maintain some common sense as to what is attractive economically, and believe in the people who know the areas and do the work. If they know there is money to be made, they are worth listening to.

**JUNIOR HIGH TWIRLERS** for the 1996-97 school year are Moncia Hicks (front), Karen Wimberley, Michelle Paschal, and Kristian Cadena.

**SCHOOL TRUSTEES, continued**

Reports were heard from Terry Wyatt, Elementary Principal, regarding a recent writing workshop attended by several elementary teachers, as well as the summer lunchroom program which feeds breakfast to approximately 75 children and lunch to approximately 100. Mr. Wyatt gave an update on carpet repairs and other maintenance to the elementary building.

High School Principal Charles Kidwell reported to the board concerning the project to carpet most of the second floor of the secondary school building. Plans are also to have the building contractor repair part of the cafeteria floor.

Superintendent Mike Harris requested the board consider a County Truant/DARE officer. Mr. Harris was instructed to provide more information with a presen-

tation from a county official.

After bills were approved, the meeting was adjourned at 11:15 p.m.

Present were board members Joe Pritchard, Bob Prewit, Malcolm Bredemeyer, Debbie Sudduth, Ronald Presley, Jack Davis, Jr., Superintendent Mike Harris, Business Manager Jimmy Butler, Principals Kidwell and Wyatt, and Athletic Director Robin Byrd.

**JAIL PLANS, continued**

not to recommend the jail plan to the county commissioners.

Baird said there were 23 inmates housed in the county jail as of that date, but that inmate population has reached as high as 45 in the past. He also told committee

members that the recent problems with the sewer in the jail cost the county approximately \$7,000 in repairs, not including several hundred dollars paid to other county jails for housing Runnels County prisoners while the repairs were

being made.

"We're to the point now that there are not a whole lot of other choices—we've just got to build a new jail or suffer the consequences," Baird said.

**Susan Leady, Mark Jacob to marry August 24**

Susan Jamie Leady and Mark Douglas Jacob, both of Winters, are planning an August wedding. Parents of the bride-elect are Susie Leady of Winters and the late James Leady. Mark is the son of Herbert and Evelyn Jacob of Winters.

Vows will be exchanged August 24 at 4:00 p.m. at Mount Carmel Catholic Church in Winters.

Susan graduated from Winters High School in 1993 and is currently employed by Winters Family Clinic.

Mark is a 1990 graduate of Winters High School and attended Cisco Jr. College. He is a self-employed farmer.

**"Ole Coke County, Home of the Rabbit Twisters" to be presented July 25-27**

"OLE COKE COUNTY, Home of the Rabbit Twisters," will be presented in Mountain Creek Amphitheatre, 102 E. 16th, Robert Lee, Texas, the LAST FULL WEEKEND IN JULY (Thursday, Friday, Saturday, July 25, 26, 27, 1996).

Sponsored by the Coke County Pageant Association, Inc. and celebrating its 20th Anniversary, the historical musical and drama involving approximately 75 County "Rabbit Twisters" or their descen-

dents, depicts early years of exciting experiences of settlers in the county.

Pre-time "Choir Sing-Out" begins at 8:00 p.m. Production time is 8:30 p.m.

Tickets, available at the door, are \$6 for ages 13 and over, \$3 for children ages 5-12, children 4 and under are free.

For further information, call or write: HC 34 Box 117, Robert Lee, Texas 76945 or phone 915-453-2957 or 453-2692.

**St. John's Lutheran Preschool now accepting applications**

Applications are now being accepted by St. John's Christian Preschool for the 1996-1997 school year.

Classes offered are: Tuesday morning, 9 to 11:30; Tuesday all day, 9 a.m. to 4 p.m.; and Wednesday morning, 9 to 11:30. Children who will be 3, 4, or 5 by September 1, 1996, may attend one or all classes. Applications received by August 1, 1996, will be given first consideration.

St. John's Evangelical Lutheran Church has sponsored this preschool since 1974 as a gift to the community, obeying Jesus's command to "bring the children to me."

Through organized play, activities, and music, the children are taught about love for others

and self-worth of each individual. The children are prepared for school by mini lessons and introductions to the ABCs and numbers. Parent participation is encouraged.

Morning classes are \$85 a year and all day class is \$220 a year. Tuition may be paid monthly and a few partial scholarships are available.

Application blanks may be picked up at St. John's Evangelical Lutheran Church office, 1100 West Parsonage, on Monday, Wednesday, and Friday from 8:30 to 11:30 a.m. or you may call for an application at 754-4820.

For additional information, call Mary Kurtz, director-teacher, at 754-5182.

# Green and Growing

## On fertile ground

by DR. ELLEN HENKE  
John Deere Lawn and Garden Expert

"You are what you eat." We've all heard it a million times. When some of us were kids, we ignored it and maybe even mocked our parents when they said it. But as we grew up, most of us realized that proper nutrition is necessary for good health.

The same can be said for your lawn—your lawn is what it eats—or, more appropriately, what you feed it. Most of us accept that our lawns must be watered and mowed for good health, but many of us think that fertilizing our lawns is optional. It's not.

Grass has a tough life. Grass plants are thrown into the soil, crowded together in competition for water and nutrients with each other, neighboring trees and shrubs. For grass plants, it's survival of the fittest, and lawns must be fertilized for grass plants to have a chance at survival.

Just as most people's bodies demand three square meals a day, your lawn demands two square meals a year—one feeding a month after the lawn starts growing and another feeding a month before your lawn goes dormant. Spring fertilization is necessary to replenish your lawn's food reserves that have been used in the first flush of spring growth. During the fall, your lawn is storing food in the root system to allow it to grow underground during the

dormant season—so the fall fertilization is the most important one of all.

What does your lawn need? Grass plants need three essential nutrients. Nitrogen is needed for a healthy green color and grass blade growth. Phosphorus is needed for healthy root development, and potassium provides for disease and drought resistance.

To determine how much of these nutrients your lawn needs, conduct a soil test by taking several random plugs of soil from around the lawn. Dig down six to eight inches for the samples. Remove any grass blades, roots and stems. Mix the soil and label it "Lawn." Send your soil samples to a county extension agent, university turf specialist or soil test lab.

The lab results will tell you the pH of your soil—if it's too acid or too alkaline—plus the major nutrients your soil needs.

With your lawn, an apple a day won't keep the doctor away. What will keep the doctor away - the lawn doc, that is - is proper nutrition and proper care the whole year through.

## Chamber to hold "July Jubilee" in Ballinger city park

The Ballinger Chamber of Commerce will sponsor "July Jubilee", a back to school pool party and dance on Saturday, July 27, 1996, in the Ballinger City Park.

The swimming pool will be open from 7:00-9:00 p.m. and the dance will be from 9:00 p.m.-1:00 a.m. Admission to the park will be \$2 for adults and \$1 for students. The dance will feature The Swigs of San Angelo.

The Chamber officials will sell hamburgers and soft drinks beginning at 6:00 p.m.

Be sure to bring your lawn chairs, blankets, and insect repellent and enjoy a fun-filled evening of swimming and dancing for the entire family.

The city of Ballinger allows no alcoholic beverages in the City Park.

## Bedfords celebrate two graduations

Bryce Bedford and Taylor Bedford, son and daughter of Mike and Cheryl Bedford of Fayetteville, Arkansas and Barbara DeWitt of Nacogdoches, Texas, received graduation diplomas in June.

Bryce graduated from Hendrix College in Conway, Arkansas with distinction in philosophy. He received his Bachelor of Arts cum laude. He also received the Robert G. Shoemaker Award, which is presented to the graduating philosophy major who has demonstrated the greatest sensitivity to philosophical issues.

Bryce maintained a 3.8 grade point average over four years at Hendrix. He was recently awarded a full teaching fellowship at Baylor University and will continue his studies in philosophy.

Taylor graduated from Fayetteville High School and will be attending the University of Arkansas in the fall, majoring in Elementary Education.

Bryce and Taylor are the grandchildren of Dorothy Bedford Bentley of Lewisville, Texas, formerly of Winters, and Wanda Smith of Ballinger.

## "Quilt in a Day" class to be offered

Quilters in the area are invited to register for a "Quilt in a Day" class to be held on Monday, July 29, in Ballinger. The Amish quilt techniques will be taught by a representative of Angelo Sewing Center at a Ballinger facility that is being arranged. Class times will be from 9 a.m. to 4 p.m.

The \$22 fee will cover instructional costs and the accompanying instruction book.

Register by calling the County Extension Office at 365-5042 by July 15. You will be given a supply list for fabrics, batting, etc. when you register.

Participants can expect a near finished, throw-size quilt at the end of the day.

It is necessary that all participants be experienced sewers and be able to bring a dependable sewing machine to the class.

## Deadline near for 1996 Farm Bureau contest

# Summertime is Reunion Time

## Kirby Reunion enjoyed at ranch

by LOUISE DUNNAM

The descendants of James P. and Martha Kirby enjoyed their yearly reunion on July 23rd at Elvis and Evelyn Kirby's ranch.

Elvis Kirby prepared smoked brisket and sausage for 58 family members and friends. Vegetables and desserts were brought by others in attendance.

Family members spent the day reminiscing and gathering information for a family tree. Plans are to have the family tree completed by the next reunion so that all can have a copy. Camping and fishing were also enjoyed. Plans were made for next year's reunion.

Those attending were: Elvis and Evelyn Kirby of Ballinger;

Ottis Kirby; Olga Meyers; Joe, Melinda, Kirby and Ryan Meyers; Larry Meyers and Mary Coleman, all of Winters;

Viola and Jay Davis; Oca and Tim Topkins; Bobby Kirby;

Tamela King; Kim, Gary, and Kelsey Halfman; Shawn, Amy Ashley and Sheldon Bean; Jennifer, Alan, and Kelsey Brody, all of Abilene;

## From The Well

by Pastor Jim Hanson

During our trip up north, I went into a Wal-Mart one day and wandered over to the book section. There I found a paperback entitled "From Beginning To End," written by Robert Fulghum. (He's the guy who wrote "All I Really Need To Know I Learned In Kindergarten"). I opened it up and paged through it — and decided to buy it. And did.

What caught my eye was a rather large section of the book entitled "Reunion." Ramona and I were on a round of reunions — with family, a church where we had served for 17 years in northern Minnesota, and a high school class reunion (my 50th) in Brookings, South Dakota. I eagerly started reading what this man thought about reunions.

I am not disappointed. I haven't finished reading the book yet. And this column is not a book review. Rather I would share with you some thoughts of his and some reflections of mine. Because my well is full of reunion stuff — in fact — it is running over.

At the beginning of the reunion section is a quote. Actually it is an old African Proverb. It goes, "Return to old watering holes for more than water — friends and dreams are there to meet you." How true! This was so true for us on our vacation — wherever we went friends (and family) were there to greet us. And something deep inside was touched.

Family reunions are really a celebration of hope. Some folks think they are boring. For sure they are a lot of work for those who put them together. Arrangements take time. Where will we gather? When? What will we do? What will we eat? Who will come? How will we know? Letters to write, and return letters to receive. And sometimes they are scheduled at just the wrong time.

Yet, we "just have to go." And here is what Fulghum says, "What amazes me is that we so often pull it off. We do."

"The yearning is so strong within us for family integrity that we will go to great lengths to make the unlikely work out. We will compromise, conciliate, and accommodate over and over and over. We will go because we just have to go — because we need to believe that this time it will be O.K. And sometimes, overtime, it is. These family gatherings are not a celebration of the way things really are, but a ritual of hope — aimed at what we devoutly wish things to be.

This hope — this lifelong reaching — is why we do things that cause other people to say, "I can't believe you did that." It sends us off on long vacations with our parents and our children in the same car, even when we know what we're getting into. It rallies us to get everybody together for our parents' wedding anniversaries or big-deal birthdays. It carries us across country to some distant relative's funeral, knowing everybody else in the family will have to be there, too.

"And for all the times I have sensed and heard God, I hope we don't ever have to go through that again." I have seen family war spears plowed under the ground of the goodwill that the passage of time and the human capacity for growth sometimes achieve. The ritual event sometimes results in that which is hoped for: a sense of re-connection — of belonging. We go to a family reunion and are, much to our surprise and satisfaction, finally, a peace with these people — home again."

That's what our family reunion was — home again. It took a lot of work, but was so worth it. Just like all the work our Father and His son puts into the great family reunion — the one in heaven. And, I'm sure they will say "Welcome home" to each of us as we finally make the long journey — home.

## New law affects Social Security benefits for stepchildren

Beginning July 1, 1996, a stepchild can receive Social Security benefits on a stepparent's earnings record only if the child depends on the stepparent for at least one-half of his or her financial support. This dependency requirement is the result of a law enacted on March 29th.

The new law also requires that the stepchild's benefits end if the stepparent becomes divorced from the child's parent after June 30, 1996. The child's benefits terminate in the month following the month the divorce becomes final.

The divorce must be reported to Social Security as soon as it becomes final. Each year, the Social Security Administration will notify stepparents who have a child (or children) receiving benefits on their record to remind them that benefits will be terminated in case of divorce.

If you need to report your divorce, call or visit any Social Security office, or call the toll-free number 1-800-772-1213 between 7:00 a.m. and 7:00 p.m. on business days. The lines are busiest early in the week and early in the month, so it's best to call at other times.

## Winters, Wingate students named to ACU Dean's List

Sherry Ann Myrick of Winters, and Scott David Nault of Wingate, were named to the Dean's Honor Roll for the spring semester at Abilene Christian University.

To make the Honor Roll, a student must complete at least 12 semester hours for grades and earn 3.45 or higher grade point average.

## Great Tater Salad

Perhaps you have heard, and maybe not, but the Z. I. Hale museum members have been planning an olde time community barbeque of beef brisket and cabrito (goat) to benefit the Rock Hotel restoration. The meal will be served on the museum grounds east of the building Saturday, July 13 from 5:30 p.m. to 8:30 p.m.

Visit the museum, the Rock Hotel restoration, the drummer house and the caboose. Bring your lawn chairs!

The barbeque plate, entertainment, and admission to the grounds cost only \$6.00 for adults and \$4.00 for children 12 and under.

Randall Conner is president of the museum board and in charge of arrangements. We meet every week to make a few more plans and add touches to the menu.

Randall is a perfectionist, as we know, and organizes the serving as well as the food. We all agreed on ranch beans, country black-eyed peas, cajun corn and cornbread.

There was no problem about having pickles, onions and jalapeños, prepared and iced down to add color and accent. But when we got to potato salad, which everyone knows we must have, it was another story.

Every woman present, and we had Randall out-numbered, had the best potato salad recipe and each wanted to use her own. She

also volunteered to supervise the making.

Changing the subject for a moment, Randall said he would read his perfect recipe for potato salad for us at the close of the business, and here it is:

### Great Tater Salad

Count one tater for each person and add one for the pot.

Boil in salt water until barely soft.

Count one egg for every three taters. Hard boil and don't forget one for the pot.

Pick one stalk celery for every six taters.

Pick one mild onion for every six taters.

Peel and dice onion.

Dice celery and onion fine.

Sauce-use only real mayonaise-1/3 cup for six taters, plus one tablespoon of vinegar-good white vinegar; a whiff of dry mustard; one spoonful of sweet relish (slop a little juice in); salt moderately, pepper generously.

Stir.

Now peel the taters, break up; chop eggs, mix onions and celery.

Maybe add a few pimentoes.

Pour on the sauce.

Adjust to taste.

Now, we will all be guessing about the potato salad.....but however it is made, it will be good.

P.S. Those wishing to have dessert will find it at the Chamber of Commerce.

### Skin Care For Athletes

(NAPS)—Even the most competitive athletes can be sidelined by skin problems.

Worrisome opponents for athletes are friction, perspiration and the sun. Some skin care tips from the American Skin Association can help you beat the odds.

• **Sun damage**—to avoid sun damage, apply sunscreen with at least a 15 sun protection factor (SPF) and reapply it frequently when you perspire. Avoid direct sunlight during the middle of the day, when the sun's damaging ultra violet rays are strongest. Wear protective hats and clothing.

• **Calluses**—skin thickens when it is rubbed repeatedly, creating calluses. Eliminate the cause of the friction by trying different shoes or equipment. Trim the thickened skin or soak the area to soften the skin. Rub with a pumice stone when calluses build up.

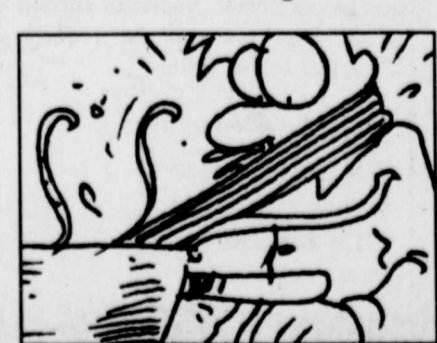

Skin problems that sports enthusiasts run into are usually caused by friction, perspiration and the sun. Sensible skin care can minimize these problems.

• **Corns**—are a thickening of the outer layer of skin on toes or other bony areas of the feet. Poorly fitting shoes can be the culprit. Be sure they don't put pressure on bony areas. If a corn develops, treat it the same way as a callus. If it doesn't respond, seek professional help to apply a corn-removing chemical.

• **Friction blisters**—typically occur on the feet because of constant rubbing, heat and moisture. Make sure shoes fit properly. Regular removal of calluses can prevent blisters from developing. Severe blisters should be managed under the direction of your physician.

• **Tennis toe**—occurs when blood accumulates under the toe nail and is caused by shoes that are too tight or have too tight a toe box. Allowing toenails to grow too long is another problem. Warm water soakings and rest

## Funds needed for Raul Rodriguez Sr.

Raul Rodriguez Sr. of Winters is in a Dallas hospital recovering from kidney transplant surgery he had on June 20. His condition at this time is good.

The Rodriguez family needs help with medical and living expenses, and before he returns home, a very old evaporative cooler needs to be replaced.

Neighbors Mary Cortez and Earnest Brown are taking donations for this cause. Donations may be mailed to Earnest Brown, 207 Roselane, Winters, Texas 79567. For more information, please call the Browns at 754-5364 or Mary Cortez at 754-5511.

Raul and wife Lupe have five children, Mary Perez of Brownwood, Raul Jr. of Winters, Johnny of Abilene, and, at home, Monica and Javier. Mr. Rodriguez was custodian for several years at the Methodist and Lutheran Churches and is now custodian at the post office.

Please contribute. Any amount will be appreciated.

by Billie Ruth Bishop

We have had several new admissions since my last news letter. Mrs. Jewell Smith, Room #117A; Pauline Rose, Room #124B; Agnes Burson, Room #107A; Lois Collins, Room #110B; and La Rue Bryan, Room #110A. We welcome them to our midst.

This is National Therapeutic Week and we have an exercise program outlined for each day this week.

Also, this Thursday we are planning Western Day and a hot dog supper. We are looking forward to Neisha Cash entertaining us with country and western songs. We will dress western on that day.

We plan to play dominoes and "42" on Friday and invite any of you who wish to come and play. (at 2:30 p.m.)

Next week will be time for our monthly birthday party. Our honorees are Nada McMillan, Maydell Box and Doc Smith.

Mrs. Geneva McNeill is in Hendrick's Hospital at this time. We hope for her better days ahead.

Our sympathy is extended to the family of Mr. Arthur Fairley.

## The Education of a Small Town Doc

by Dr. Keith Boles

Keith Boles graduated from Texas Tech University in Lubbock with a Medical Degree on May 18, 1996. Dr. Boles will complete three years of residency in Waco then plans to come to Winters approximately August of 1999 where he has signed a contract with North Runnels Hospital to practice medicine.

\*\*\*\*\*  
Howdy Winters. Well, I was accepted to the Waco Family Practice Residency, my first choice! Lori and I were excited to hear that news and thank the Good Lord for allowing us to go there. Since we talked last, I finished up the Emergency Room rotation, we found a duplex and have moved to Waco. I also graduated from med school on May 18th.

The ER rotation in Lubbock was great. We got to order our own tests and act like real docs. Most ER's are nothing like the ER TV show which is based on a large hospital in Chicago. Big cities like that see a lot of trauma,

mainly due to violence. Lubbock has some gang activity and a lot of car accidents but it's nothing like the big trauma centers. Most ER's see a lot of non-emergency cases: runny noses, coughs, upset stomachs, and bowel problems. I did get to "work-up" a few trauma cases however.

Lori and I really hated leaving Lubbock. We have lots of good friends there and really liked the town. Little Brett is doing well and has done good during this transition period. He's eating baby food, sitting up, and talking a lot.

So what am I now, what can and can't I do, and am I a doctor? I get these questions all the time. When I graduated med school last month, I received my M.D. so I can sign my name as such and can be called doctor, although I may not answer if you call me doctor (I'm not quite used to that title). I can write prescriptions now also, but I still can't practice on my own. I have to complete at least one year of residency, the internship year, before I can practice on my own.

Who will I work under here in Waco? The Family Practice Residency has its own set of "faculty" that work solely for the residency. There are a few odd situations like when I work in the ER at Providence Hospital next month, I'll be working under ER doctors who work for Providence. This type of situation is common in community residency programs. I have one week of orientation

at the end of June, and then I begin residency July 1st. It lasts three years, so we will be coming to Winters approximately August of 1999. My schedule will change month to month. I'll be working in different parts of the hospital and clinics each month as I did in medical school. Only now, I'll have much more responsibility. My name is on the dotted line. The residents work at both hospitals in Waco, Hillcrest Baptist, and Providence.

Life will be much busier and hectic starting July 1st so keep us in your thoughts and prayers. Once again, thank you Winters for your support. See ya next time!

### Accepting Head Start applications

Head Start is taking applications for the 1996-1997 school year. If you have a child who will be 3 (three) to 5 (five) years of age, please consider the Head Start program. Children with disabilities are also being recruited. Apply now with Valerie Summerlin, Instructor/Supervisor, at 601 W. Pierce Street in Winters or call (915) 754-4325 for more information.

Eligibility will be determined based on family's income, size of family, and needs of family. Classroom openings are limited, so please register now.

Operating hours are 8:00 a.m. to 2:00 p.m. Services provided include: health screenings, nutritious meals and snacks, education, social services, parent involvement, and literature and services for children with special needs.

### Dorcas Class recalls past celebrations of July 4th holidays

The Dorcas Sunday School Class of the First Baptist Church met in the home of Mrs. Dortha Lawrence on July 4, 1996 for their regular meeting.

The theme of the day was "Freedom".

The minutes of the previous meeting were read and approved. There was no unfinished business and no new business.

A treasurer's report was given and a love offering taken.

Lillian Eubanks told a story about how they always celebrated July 4th when she was young and the many things that happened to her on that holiday.

Verlene Anthis reported how she always celebrated July 4th.

Dortha Lawrence remembered how her family always had a fish-fry and invited all the neighbors.

After Charlie Poe told how her family always celebrated July 4, she read a story about freedom called "Freedom."

Those present were Verlene Anthis, Lillian Eubanks, Dortha Lawrence, Linda Morrison, Charlie Poe, and Eunice Polk.

Following refreshments, Psalm 19:14 was given as the benediction.

### Gospel singing at Wingate Baptist Church July 14

J.D. Taylor will be conducting a gospel singing at the Wingate Baptist Church, Sunday, July 14, from 2:00 p.m. till 4:00 p.m.

Everyone is cordially invited.

Bro. Oscar filled in for Brother Ferris Akins Sunday at Hopewell. The Akins went to attend the funeral of his brother-in-law on Friday. Sorry I don't have any other details on this.

Visitors at Hopewell on Sunday were Dee Benae New, Abilene; Cathy Bruce, Abilene, and Keith Gerhart.

Saturday night supper was a small group of folks. There was no business meeting. Those who were there enjoyed the meal.

Maybe the Coleman rodeo had something to do with it.

A note from Dennis McBeth: The Cowboy Camp Meeting will be September 20 and 21. More on this later.

Those coming out to help Georgia Gibbs celebrate her birthday Saturday were Jean, Connie Mac Gibbs, Saffron, Tanna and Lane Gibbs, Tammy, Haley, Mark Kaczyk, Winters; Jamie Rickey, Content. Georgia and Connie enjoyed the rodeo Friday night.

Georgia, we wish you many more happy birthdays.

Mildred Morrison spent Monday in Kerrville on business. On Wednesday, she went to see a friend who is in the Hendrick's hospital. On the way home, she went by to visit her first cousin, Lena Mae Smith in Tuscola.

Fairy and Wilber Alcorn spent the 4th of July at the Brownwood lake.

Jamie Detrick of Troy, Ohio returned home Sunday morning after spending 2 days with Helen Alexander.

The Mike Steven family of Dallas and Leona, Charles and Roy Matthies spent July 4th together.

All of Margie Jacob's families celebrated together with out door hamburgers and home made ice cream.

Those attending were Sharon and Jerry Engler and Bryce Busehlehner, Brownwood; Father Zientek and Brenda Jacob, San Angelo; Beverly, Corey, and

## Rules to be enforced at Colburn Park and Elm Creek Reservoir

Winters Lakekeepers, City Council, and Police Department remind citizens of general rules of operation as follows for the W. Lee Colburn Park and Elm Creek Lake area. City ordinances, referred to as Rule 9, will be published within the next several weeks. And, of course, state regulations apply as well.

### RULES OF OPERATION W. LEE COLBURN PARK & ELM CREEK LAKE AREA Effective July 1st, 1992

1. Camping will be allowed only in designated camping areas.
2. Campsites will be provided on a first come-first served basis. Reservations for campsites will be accepted.
3. Camping will be limited to a maximum of seven (7) days at any one time.
4. Camping fees will be collected by the Lakekeeper or his designated representative either at night before closing the gate, or the next morning at his/her discretion. Anyone paying by check will be required to furnish proper identification. Credit cards are not accepted and those paying by cash are responsible for having the proper change. Receipts will be issued at time of payment.
5. The gates to the park will be locked each night at 10:00 p.m. Prior to locking, the Lakekeeper will ask everyone not in a designated camp site to immediately leave. Anyone refusing to leave or who becomes a problem to the Lakekeeper will be reported to the police. Any camper having an emergency during the night and needing to get out of the park will inform the Lakekeeper at the Lakekeeper's residence. The gate will be opened at 6:00 a.m. on weekends and holidays and at the discretion of the Lakekeeper at earlier times.
6. Absolutely no littering, including but not limited to, dirty diapers, beer bottles, cans, dead fish, and fish remains, will be tolerated nor will visitors to the park be allowed to waste utilities. Those observed doing either will be asked to immediately stop the littering or waste. If they refuse to do so they will be asked to leave the park area. Those refusing will be immediately reported to the police for proper action.
7. Vehicles of any kind or type will be allowed only on authorized roads and parking areas.
8. Any actions which might cause someone to be injured or which might be offensive to other guests in the park will not be tolerated.
9. All ordinances of the City of Winters are enforceable and visitors are expected to abide by same.
10. Any questions and/or concerns about these policies or anything else concerning the operation of the W. Lee Colburn Park and lake area should be brought to the attention of the City Administrator.

I think we consider too much the good luck of the early bird, and not enough the bad luck of the early worm.

—Franklin D. Roosevelt

The highest temperature ever recorded in the U.S. for the month of January occurred on January 17, 1936, in Laredo, Texas, where the temperature reached 98 degrees F.

## Tell us about your summer fun in the sun

Attention Mom and Dad! Have you and your child(ren) enjoyed your vacation or experienced a time that is simply unforgettable; have you noticed extraordinary artwork by your child(ren)? Don't let the occasion pass without taking note!

The Winters Enterprise would like to help you compile a scrapbook by printing these memories so that they CAN NOT be forgotten.

Have your children write a short story, as remembered, in his/her own words (or if you prefer, you may tell us). Please don't correct misspelling or improper punctuation. The beauty of the story will be found through the eyes and hands of the young ones. Photographs may be included and, if space allows, will be printed as well.

Artwork will be reduced and printed as space allows. Please include names, ages, and a short description about the drawing.

Don't miss this opportunity! Take just a few minutes now to encourage your child(ren) to create a treasure that will last a lifetime.

The Winters Enterprise is open from 8:30 a.m. until 5:00 p.m. Monday through Friday, or you may mail your stories to 104 N. Main, Winters, TX 79567.

We hope to hear from you soon!

### Attention Readers:

Selected businesses are offering free products or special discounts to specific customers. Look for your name — You may be a winner!

IN HONOR OF ROGERS HORNSBY, the county road intersecting East Highway 153 and leading to Elm Creek Reservoir was renamed Rogers Hornsby Road. Pictured are City of Winters employees Bobby Palmer (left) and Felix Gonzales with Mayor Dawson McGuffin (lower right). The City Council of Winters had previously annexed approximately 6 miles of East S.H. 153, the county road, and the lake area into city limits. The road was named after the famous baseball player/manager who was born in Winters. The City is planning development of a new lake park also in his honor.

## Exit-level TAAS to be given in July

The exit-level TAAS will be offered in July to upcoming juniors and seniors who have not yet passed each of the three sections.

The tests will be given at 9:00 a.m. at the Winters High School industrial arts building on the following dates:

- July 16 Writing
- July 17 Math
- July 18 Reading

Former students who have not mastered one or more sections of the TAAS or TEAMS may register for the July administration by picking up a packet from the WHS counselor's office. The completed packets must be received in Iowa City, Iowa, no later than 5:00 p.m. June 14, 1996.

Upcoming juniors and seniors do not need to register.

## TDLR says air-conditioning contractors must be licensed

The Texas Department of Licensing & Regulation (TDLR) has issued hundreds of enforcement letters to air-conditioning contractors throughout the state alerting them that continued operation without liability insurance, or current proof of liability insurance, will cost them an administrative penalty and may cost them their license to operate in Texas.

State law requires that air-conditioning contractors be licensed to do business in Texas. In addition to being required to have so many years of experience and passing a written exam, a contractor must carry certain amounts of liability insurance to protect the consumer against property damage, personal injury, and uncompleted work.

"The liability insurance requirement is the biggest consumer protection element to the air-conditioning contractor law," comments Pauline Denson, TDLR consumer protection investigator.

A Class B licensed contractor, which is the minimum license required for contractors working on

residential systems, must carry at least \$100,000 per occurrence (combined for property damage and bodily injury), \$100,000 aggregate, and \$100,000 completed operations.

The enforcement letter states that a contractor who has not maintained insurance, and has not shown proof of insurance, will be charged with both violations for each year they have not provided a certificate. This could result in up to a \$2,000 administrative penalty for each year, and a possible hearing to revoke their license.

Consumers can contact TDLR to determine if there are any pending complaints against a contractor and if they have a current license and certificate of insurance. Denson warns against doing business with an unlicensed contractor; the time to check is before the consumer does business with the contractor.

Consumers or contractors with questions concerning air-conditioning licensing and liability insurance requirements can contact TDLR at 512-463-6599, or within Texas, 1-800-803-9202.

### Stenholm announces disaster assistance

Congressman Chas. Stenholm announced that small grain producers with federal crop insurance, who have suffered major small grain and forage crop losses, will be eligible for assistance under the Non-insured Crop Disaster Assistance Program (NAP), in addition to crop insurance.

Agriculture Secretary Dan Glickman reached this decision after discussions with Stenholm convinced him of the urgency and need for this additional relief. The USDA estimates this action will provide \$70 million in assistance, primarily to producers in Texas and Oklahoma.

"In addition to meeting my request that the Livestock Feed Program (LFP) be extended, the U.S. Department of Agriculture (USDA) has taken another step to help our producers who are struggling through the worst drought in 100 years," said Stenholm. "Fortunately, the USDA understands that the livelihoods of many farmers are at stake, and that we need to be doing everything we can administratively to address this crisis."

The drought has resulted in the loss of millions of acres of seeded small grain forage. Even though all acreage is recognized as grain, some producers intended to use a single planting to provide both grain for harvest and forage for livestock.

"While crop insurance is designed to compensate for grain losses, it does not compensate for the forage or grazing values of those crops," noted Stenholm. "In order to alleviate the extreme hardships brought about by the drought, the NAP provisions are

being extended to cover small grain forage and grazing losses, even though the final intended use is grain."

The USDA's NAP Program provides crop loss protection for growers of many crops for which federal crop insurance is not available. Funding for NAP payments is assured, and the state offices of the USDA's Farm Service Agency (FSA) have flexibility to define eligible areas. To be eligible, producers must have a previously established record at their local FSA office of both grazing and cropping of their small grain acreage.

Further information will be available at local FSA offices.

### Production Flexibility Contracts due July 12

The ONE-TIME sign-up continues through July 12, 1996, for producers to sign a Production Flexibility Contract. This program is for producers who have a crop acreage base for wheat, oats, barley, corn, grain sorghum, and/or cotton.

The Production Flexibility

Contract (PFC) is a 7-year contract in which producers receive a payment each year for seven years.

REMEMBER! This is a one-time sign-up and there will be NO LATER OPPORTUNITY to participate in this program. Call (915) 365-5757 for an appointment.

### July 15 is final date for acreage reports

July 15, 1996, is the final date to report your acreage of crops planted. This includes crops that are insured. If you have not paid your Catastrophic Insurance Fee for (CAT), this is the final date to make that payment. If you want measurement service, a request must be made by July 15, 1996.

July 15, 1996, is also the final date for CRP participants to report their CRP acres.

It is very important to report all your crop acres to maintain eligibility for FSA Commodity Loans, Farm Credit Loans, Crop Insurance (CAT), and Non-Insured Assistance Program (NAP).

### Written requests due for extension to USDA Livestock Feed Program

The Livestock Feed Program has been extended through August 31, 1996. To be eligible for this extension, you must file a written request with the USDA office, if you have not already done so.

If you fail to file an extension or wish to get out of the program, your eligibility will be computed through May 31st.

If you extend your feeding period, your eligibility will be computed as of August 31st or the day you withdraw from the program. Once you withdraw from the program, you cannot get back in if conditions deteriorate. No new applications can be accepted.

At the time you file your extension, please report any grazing or feed planted or that has become available for use and any changes in livestock numbers or livestock operation. Provide sales receipts for feed that has been fed.

The day you complete the harvest of hay, ensilage, grain sorghum, or wheat to be used as feed,

stop by the USDA office so that any remaining eligibility can be determined, as these crops count as feed available.

After you withdraw from the program or the program ends, USDA will pay you for feed that has been fed up to 50% of your eligibility. In most cases, this amount will be less than 50% of what you actually purchased.

You can request an advance payment not to exceed 50% of your projected payment. Any advance payment which is unearned must be repaid.

### Wheat loans

Small grains harvested from participating farms are eligible to be placed under CCC loan at the county loan rate of \$2.65 per bushel.

Loans can be farm stored or warehouse stored if storage is paid through the loan period.

The interest rate for CCC loans disbursed in June is 6.625%.

### Note to farmers on CAT insurance

Those of you who have CAT insurance through the USDA office for wheat or oats need to turn in all production records so eligibility can be determined for an indemnity payment. This needs to be done within 60 days after completion of harvest.

If you put up seed wheat, contact the USDA office so that a loss adjuster can measure the bin. This is a free service to those who have insurance through USDA.

### 1995 deficiency overpayments

"The Federal Agriculture Improvement and Reform Act of 1996, signed into law on April 4, 1996, specifies that deficiency overpayment amounts shall be automatically deducted from Production Flexibility Contract (PFC) payments.

Producers that enter into the Agricultural Market Transition Act (AMTA) by signing Form CCC-478, "Production Flexibility Contract," agree to have their PFC payments automatically reduced to satisfy outstanding deficiency overpayment amounts. Some producers had submitted early offset or multiple payment plan agreements. These agreements are now void.

1996 final PFC payments, issued by September 30, 1996, will be automatically reduced for wheat, barley, oats, and upland cotton deficiency overpayments. 1997 advance PFC payments will be automatically reduced for corn and grain sorghum deficiency overpayments and any remaining outstanding overpayment amounts. Interest will not accrue on overpayment amounts offset from PFC payments.

Producers may also elect to have their 1996 advance PFC payments reduced to satisfy deficiency overpayment amounts. Producers wishing to offset their 1996 advance PFC payment must provide written notification to the USDA office. Contact (915) 365-5757 with any questions regarding repayment of 1995 deficiency overpayments.
