VOLUME XV.

PERRYTON, OCHILTREE COUNTY, TEXAS, THURSDAY, JUNE 23, 1932.

NUMBER 22.

CANDIDATES TO HAVE RUN-OFF

DEMOCRATIC EXECUTIVE COMMITTEE DECIDES TO HOLD SECOND PRIMARY THIS YEAR

At the meeting of the County Democratic Executive Committee held at the courthouse Monday afternoon, it was decided to hold a second primary again this year. The matter was decided following an expression from a large number of candidates for the various county offices.

Jack Allen presided over the meeting in the absence of Van W. Stewart, county chairman. It was found that twenty-one candidates have filed for office in the county races and eleven in district races.

On the ballot this year will be nine candidates for governor while better than thirty-five will be listed for congressman-at-large in the three places.

Drawings for positions on the ballot were held at the meeting and the assessment was set for the county candidates. Candidates have until Saturday evening, June 25, in which to pay this assessment in order to get their names on the official ballot.

DAMAGE ACTION AGAINST BOARD

OCHILTREE COUNTY WHEAT GROWER IN ACTION AGAINST BOARD OF TRADE

(From the Amarillo News-Globe, Sunday, June 19.)

Right wheat growers of the Panhandle have filed suit for damages against the Chicago Board of Trade, through its member, the Uhlman Grain Company of Chicago, with offices in Amarillo, and claiming that the Secretary of Agriculture reveal the names of the mysterious eight men whom he mentioned as dictating to the board.

The action, seeking damages totaling \$48,730 and interest and \$10,000 for plaintiff's attorneys fees, was filed in federal district court by Amarillo attorneys. They ask that hearing be set for August.

The actual defendants are the Uhlman Grain Company of Chicago, with offices in Amarillo, and Fred Paul and Rich Uhlman of Chicago. The Chicago Board of Trade is non-resident and out of this court's jurisdiction the petition explains but the Uhlman company is a member and operator.

Ask August Hearing
Plaintiffs are L. Gough of Potter county; Roy H. Gough, P. J. Rose and B. R. Jennings of Deaf Smith county; M. D. Ramsey and William Finkner of Floyd county; W. B. Dennison of Ochiltree county, and P. B. Griffith of Parmer county.

The suit is based on an interpretation of the U. S. Constitution and based on alleged restraint of interstate commerce. Attorneys are M. J. Baird and Clayton & Bralley. They ask that the hearing be set for August.

The defendants are asked to give all records of all sales of wheat contracts in 1930 and 1931 on the Chicago Board of Trade; to produce all records of all transactions on the board in 1930 and 1931; to produce all telegrams sent and received during 1930 and since then; to reveal all dealings of the Uhlman Grain Company at its Amarillo office; and to reveal the names of the individuals not more than eight in number whom the Secretary of Agriculture has mentioned as dictating to the Board of Trade.

Injunction Sought
The petition also asks an injunction against long and short selling, or futures operations, by the Chicago Board of Trade.

The petition charges a trust exists in restraint of trade in wheat by fixing and controlling of prices in the pit.

Booker Here Sunday

Will Play North of Tracks If Field Dries Out Sufficiently For Game

The Booker ball club will be in Perryton next Sunday afternoon for a game with the local team, to be played on the field north of the tracks providing it dries out sufficiently for the game. In case the grounds are still wet, the game will be held on the field west of the school buildings.

Booker has a snappy ball team and Perryton has always found them hard to beat. A good game should result from the meeting of these two teams.

Thomas Is Commander

Ray Thomas To Head Legion Post For Coming Year; Install In August

At the regular meeting of Pierce Johnson post of the American Legion, held Monday evening, election of officers for the coming year was conducted, Ray Thomas being elected Commander to succeed Horace Lackey.

The other newly elected officers of the post follow: H. I. Hudson, first vice president; E. B. Gyger, second vice; W. M. McGlamery, third vice; Ray Bowles, fourth vice; Harry Nail, adjutant; C. B. Rogers, finance officer; W. P. Ballew, service officer; F. L. Garrett, chaplain; W. L. McDivitt, liaison officer; and Sibley Jines, historian. An executive committee composed of Horace Lackey, Jack Allen and Van W. Stewart was also named.

A musical program was presented at the meeting by the three Trux brothers, Glen, Marlowe and Omar, consisting of vocal and instrumental numbers, which was greatly appreciated by the Legionnaires present.

Panhandle Pioneer Here

M. M. McGee Visiting In Perryton, Is One Of Panhandle's Oldest Lawyers

M. M. McGee, Shamrock, arrived in Perryton this week to spend the summer with his son, Fountain McGee. Mr. McGee has the distinction of being the oldest law practitioner in the Panhandle, opening a law office in Amarillo in 1888.

Mr. McGee was the first county judge at Canyon, Randall county, being elected to office in 1889. He has held varied positions in his many years of active work.

During the late war Mr. McGee was United States revenue collector in New Mexico and Arizona. He settled on Wolf Creek and was in charge of the old Bar C headquarters in the year of 1896 and was legal advisor for this county at that time, drawing a small salary for his services.

Mr. McGee is a second cousin of Alfonso Steele, the hero and last survivor of the battle of San Jacinto. He has an extensive law practice in Texas, Oklahoma and New Mexico.

Carnival Missed City

Tidwell Shows Blown Down At Pampa And Missed Booking At Perryton

The T. J. Tidwell shows, booked for the entire week in Perryton, failed to arrive because of a complete blow-down at Pampa last Saturday evening, according to the advance agent who was here the first of the week. Word received from Mr. Tidwell indicated that they would be forced to miss Perryton in order to make repairs to the carnival.

Strong wind and rain left the carnival nearly wrecked and did a large amount of damage to the outfit, it is reported. They will show in Liberal, Kans., next week.

Friends of Miss Lorna Hutchinson, who teaches at Marshall, will be glad to know that she is greatly improved and now able to be out some, following a critical illness of several weeks. She expects to be able to return to Perryton about July 1.

Mrs. Lawrence Lamb and children came up Thursday from Canadian for a visit in the home of her parents, Mr. and Mrs. J. N. Conley.

Mr. and Mrs. Mark Huseby and daughter, Isabelle, of Mobeetie, were in Perryton the first of the week looking after their wheat interests.

FIRST DEFEAT FOR MERCHANTS

OILERS TAKE MERCHANTS OUT OF 1000 PER CENT CLASS BY WINNING 9 TO 1

The Oilers took the Merchants out of the top position in the city twilight league last Friday afternoon when they rapped the offerings of Brewer for ten hits before he was relieved in the fourth by Guthrie who struck out the only five batters who faced him, the Oilers winning 9 to 1. Smith, pitching for the winners, allowed only three hits from the twelve men used in the Merchants line-up.

The game scheduled for Tuesday was postponed to Wednesday because of the long inning session of the city team and the SKSL team, resulting in another victory for the Oilers, a 7 to 9 win from the Legion for the first place honors.

The box score and running account of the Friday game is given below:

Merchants	AB	R	H	E
Lackey, 1b	3	0	0	0
Richardson, 2b	1	0	1	0
Pike, 2b	1	0	0	0
Hunter, c	2	0	0	0
Franklin, cf	2	0	1	0
Guthrie, ss	2	0	0	0
LaMaster, 3b	2	0	0	0
Ware, lf	1	0	0	0
Jackson, lf	1	0	0	0
Flowers, rf	1	0	0	0
Baumann, rf	1	0	0	0
Brewer, p	2	1	1	0

B. Caylor	6	4	2	333
Johnson	3	1	1	333

Arrests In Robbery

Officer Pottorff Called To Shamrock In Connection With Store Robbery

Officer W. J. Pottorff was called to Shamrock this week, to work in connection with local officers on the robbery of the Piggly Wiggly store Saturday night, owned by P. T. Boston, brother of W. M. and L. C. Boston, owners of the Perryton Piggly Wiggly store.

Officer Pottorff found finger prints which lead to the arrest of two men in connection with the case. Paul Darling, who is under a four year suspended sentence from Sayre, Okla., on a burglary charge, was one of the men, the other being J. L. Kerr, Waynesburg, Pa., who was also connected with the robbery of a filling station at Shamrock recently and one at McLean. Kerr has done time in Leavenworth penitentiary for United States mail robbery out of Seminole, Okla.

Entrance was gained through the skylight in the store and \$12.00 in cash and a number of store checks as well as cigarettes and other items were taken. An attempt to open the safe failed.

FIRST LOAD OF WHEAT FRIDAY

CARL JAMISON MARKETS LOAD 1932 WHEAT HERE FRIDAY MORNING OF LAST WEEK

The first load of 1932 wheat was hauled into Perryton and sold here early Friday morning, Carl Jamison who lives north of town across the line in Beaver county, bringing it in, selling it to the Perryton Equity Exchange, the price paid being thirty-five cents.

The load tested fifty-nine and one-half pounds to the bushel and was in nice condition. Considerable other wheat has been received since, but harvesting in this immediate vicinity has been halted by the rains of the week-end.

According to available reports, harvest should be in full swing by the first of next week.

TWO INCHES OF RAIN IN WEEK

SEVEN AND ONE-HALF INCHES FALL HERE IN LAST 26 DAYS; WIND DOES DAMAGE

Nearly two inches of rain fell in Perryton during the past week and according to reports, was fairly general over this territory. The fall Saturday and Sunday night totaled 1.50 inches while the full Monday measured .44 of an inch.

Some hail was reported with the Saturday rain but the most damage was done by the strong wind which in some sections reached hurricane proportions. Considerable damage has been reported from the wind which wrecked small outbuildings around farm homes, blew down trees and damaged wind mills.

During the past twenty-six days, a total of seven and one-half inches of rain has been recorded by the government rain gauge kept by Jack Allen.

Mr. and Mrs. Leroy Blasigame and boys, Burton Lee and Jackie, and Miss Dafney Regnal, Pampa, spent Saturday night and Sunday visiting with Mr. Blasigame's parents, Mr. and Mrs. J. M. Blasigame. Mrs. Horace Lackey, a sister, accompanied them home for a week's visit. Jackie and Burton Lee remained with their grandparents.

Mrs. Ray Bowles is a patient in the Plaza hospital.

Young 3 1 1 333
The standing of the four teams in the league are as follows:

	GP	W	L	Pct.
Oilers	4	3	1	750
Merchants	3	2	1	667
Lions	3	1	2	333
Legion	4	1	3	250

Attractions at the Ellis Theatre for the coming week:

June 24-25-Sylvia Sidney and Fredric March in "Merrily We Go To Hell".
June 26-Joan Bennett and Ben Lyon in "Week Ends Only".
June 27-28-Charlotte Henry and Morgan Galloway in "Lena Rivers".
June 29-30-Tallulah Bankhead, Charles Bickford and Paul Lukas in "Thunder Below".

ELEVEN INNING GAME TUESDAY

LOCALS WIN 7 TO 8 FROM VISITING WICHITA SKSL TEAM IN ELEVEN INNINGS

One of the most exciting games of the season was played here Tuesday afternoon when the local club took the long end of a 7 to 8 score to win in an eleven inning session from the professional Southern Kansas Stage Line club of mixed boy and girl players from Wichita, Kans.

Only three girls were in the starting line-up for the so-called ladies team and only two finished the eleven inning game. Shaul, pitching for the locals, retired eleven batters, allowing nine hits, while Schmidt who was on the mound for the visitors was rapped for eleven hits, striking out four men.

The box score and summary of the game follows:

SKSL	AB	R	H	E
Harred, 3b	5	0	0	0
Brady, cf	4	1	1	1
McCallister, ss	5	1	1	0
Flynn, c	6	0	2	0
Daughtry, lf	5	2	2	0
Champlin, 2b	4	1	0	4
Schmidt, p	5	1	2	1
Reynolds, 1b	4	1	1	1
Harris, rf	5	0	0	1
PERRYTON	AB	R	H	E
Richardson, 1b	4	2	0	0
Lewis, ss	5	1	0	0
B. Caylor, cf	6	2	3	0
Franklin, rf	6	2	1	0
Hasley, 3b	5	1	3	4
Shaul, p	4	0	1	0
Hergert, 2b	5	0	1	1
LaMaster, lf	1	0	0	0
Tucker, lf	4	0	2	0
H. Caylor, c	4	0	0	0

Two base hits—Brady, B. Caylor, Hasley, Tucker; three base hits—B. Caylor, Hasley 2; left on bases—SKSL 9, Perryton 9; base on balls—Shaul 4, Schmidt 3; hit by pitcher—Shaul 2; struck out by Shaul 11, Schmidt 4.

SKSL—Harred rolled out pitcher to first, Brady hit by pitched ball, McCallister grounded out second to first, Brady going to third on the fly, Flynn singled to center scoring Brady, Daughtry grounded out second to first.

Perryton—Richardson safe on error of second baseman, Lewis on attempted sacrifice was safe at first, no play being made for him on account of claim that he kicked ball in fair territory, B. Caylor singled to right, fielder letting ball get through, Richardson and Lewis scoring on the error, Caylor going to third, Franklin rolled to pitcher who threw wild to first Caylor scoring, Franklin going to second, Hasley doubled to left, scoring Franklin, Shaul singled to left, Hasley going to third, Hasley scored on wild pitch, Hergert struck out, Tucker doubled to center, H. Caylor fouled out to third, Richardson up second time this inning grounded out short to pitcher who covered first.

SKSL—Champlin struck out, Schmidt singled to center, Reynolds hit into double, pitcher to second to first.

Perryton—Lewis dumped one in front of plate and was thrown out by catcher at first, B. Caylor doubled to center, Franklin rolled out second to first, Hasley grounded out short to first.

SKSL—Harris struck out, Harred struck out, Brady doubled to right, McCallister walked, Flynn flew out to second.

Perryton—Shaul struck out, Hergert rolled out pitcher to first, Tucker singled to right, H. Caylor grounded out pitcher to first.

SKSL—Daughtry singled to center, Champlin struck out, Schmidt singled to center scoring Daughtry, Reynolds singled to right, Harris grounded to short and was out at first, Schmidt scoring on the play, Harred struck out.

Perryton—Richardson walked, Lewis sacrificed him to second and was out pitcher to first, B. Caylor flew out to right, Franklin flew out to short.

SKSL—Brady struck out, McCallister singled to left, Flynn singled through short, Daughtry was safe on error of third, Champlin forced Daughtry at second, short to second, McCallister scoring, Schmidt grounded out third to first.

Perryton—Hasley tripled to right, and was out on attempted squeeze play, catcher to short, Shaul walked, Hergert was safe on error of second baseman, but was thrown out trying to steal by catcher to second, Tucker struck out.

Jack Payne Improving

Slight Improvement Seen In Condition Of Burned Man; Still Critical

A slight improvement has been noticed in the condition of J. W. Payne, who was seriously burned two weeks ago when his gasoline soaked clothing was ignited from a match. While still in a critical condition, Mr. Payne seems to be rallying during the past two days.

Over one-third of the surface of his body was burned before the flames could be extinguished by companions. He has been receiving attention at the Perryton Hospital where it is reported that he has a fair chance of recovering.

Postal Rate Increase

Three Cent Stamp Required On Letter Effective July 6; Second Class Hike

Effective July 6, all letters will require a three cent postage stamp, according to Mrs. Fannie Mae Black, postmistress of the Perryton office, under the new tax bill passed by Congress. Increases will also be in effect on second class matter which deals principally with the mailing of newspapers and other regular publications.

A parcel post increase has been authorized but does not go into effect until October 1. This will vary from one-tenth of a cent to three cents per pound depending on the zone. No increase has been made in third class matter.

Box rents are due at the local office, Mrs. Black announced, and must be paid by July 1. No increases in rent have been made.

First Load Of Wheat

C. S. McGarrough Hauls First Load 1932 Wheat To Farnsworth, Friday

By Robert Hardgrove
Notwithstanding the heavy rains last week end, harvesting of the 1932 crop of wheat will probably begin by the middle of next week in this vicinity. If it were not for these rains harvesting operations would already be in full swing.

The first load of wheat arrived here last Friday afternoon at the Perryton Equity elevator. The first load, testing 56 pounds per bushel, was brought in by C. S. McGarrough and stored. The first load sold was delivered to Conner & Rogers for thirty-five cents a bushel. There was no dockage for moisture or damaged grains and the wheat tested sixty pounds per bushel.

The first load since the rain was sold to Conner & Rogers, Tuesday evening, for thirty cents. It tested fifty-six pounds.

GUYPON LEGION POST GIVES JULY 4 DANCE

When the Dellus-Bratton Post of the American Legion, at Guymon opens the doors of the Free Fair Building for the big Fourth of July dance the folks in attendance are going to get the biggest thrill of the season in the music and entertainment, which will be furnished by the Melody Maids of Amarillo, Tex.

The Legion boys are indeed fortunate in securing this all girls orchestra for this dance. They are six in number and have an instrumentation of eleven. They feature an entertainer, Evelyn Nation Will, the "Nation's Red Head". She is a dancer, singer, and plays four instruments in the orchestra. She is just back from Chicago, where she has just finished a season on the stage.

Will Louise Bussey plays the piano, piano accordion, and is also a stage artist. She plays the pipe organ for radio station WDAQ, and appears occasionally on the stage of the new Paramount Theatre in Amarillo. The "comedienne", Ruby Hutcherson, plays saxophone and violin, Gretchen May Morris plays saxophone and doubles on violin and clarinet; Ellen May Jones plays trumpet, and Jerry May is the drummer. The last three girls are sisters.

This orchestra does all the playing for the Amarillo Chamber of Commerce, and are carried with the Amarillo Kiwanis Club to their conventions. They have been organized for two years, and are all professional musicians, and are young and attractive. They have lots of pep and entertainment. Even if you don't care to dance by all means arrange your affairs to be in Guymon the evening of July Fourth, and attend the American Legion dance. You will be the loser if you are not present. This is the Melody Maids first dance performance in the state of Oklahoma.

Miss Virginia Brannen, Dalhart, is visiting with friends in Perryton this week.

CELEBRATION HERE AUG. 22

ANNUAL BIRTHDAY PARTY IS BEING PLANNED; JACK ALLEN IN CHARGE OF EVENT

At the regular monthly meeting of the Chamber of Commerce held Tuesday evening at the Legion hall, the entire evening program was turned over to a discussion of holding a celebration on August 22, the fourteenth birthday of the city of Perryton.

Jack Allen is the chairman of the celebration committee and conducted the discussion and appointed various members of the committee to report back at the noonday luncheon of the Chamber on Thursday.

Although no definite program has been announced, the preliminary plans call for the usual kid games and contests, a big parade in the morning, with a ball game and possibly horse races included in the afternoon program. Investigation is being made on the feasibility of holding a local carnival, selling concessions only to local people and organizations.

At the Thursday meeting it was definitely decided to hold the celebration and the members of the committee expect to have the program of the day outlined by Monday morning at 10:00 o'clock when the next meeting of the committee will be held.

SPEARMAN LOST TO LOCAL CLUB

PERRYTON WINS IN WILD 6 TO 13 GAME PLAYED HERE SUNDAY AFTERNOON

The local ball club took another game from the Spearman nine here last Sunday afternoon, winning in a wild hit and run game by a 6 to 13 margin. The local batters proved too much for the offerings of May, rapping him for ten hits while he retired only six on three strikes. Franklin, working on the mound for the Perryton club, allowed nine hits, earning eleven strikeouts.

TWICHELL ITEMS

Geddes Morris, Reporter

We had a nice rain Saturday night accompanied by a fierce wind. Several buildings were destroyed. A few hail stones fell, but not enough to do any damage.

Mr. and Mrs. R. J. Barlow visited Friday night in the Andrew Milledge home.

Mr. and Mrs. Milton Sweigart and sons spent last week with relatives in Guymon, Okla.

Mr. and Mrs. B. J. Walker and children visited in the Ollie Morris home Friday night.

Mr. and Mrs. Earl Pales entertained with a party in their home Tuesday. Delicious ice cream and cake was served as refreshments.

Mr. and Mrs. Milton Sweigart and sons visited Sunday in the Lone Tree community.

H. C. Barlow and son, Leonard, went to Gruver Saturday to visit with relatives.

Geddes and Neva Morris visited in the home of Nellie Stollings Saturday evening.

C. S. Sumner underwent an operation at the Shattuck hospital Friday. He is getting along very nicely.

Miss Julia and Geddes Morris spent Sunday and Sunday night in the home of Miss Viola and Catherine Skulley.

Ambros Morris visited with Robert Woods Sunday and Monday.

Mr. and Mrs. R. J. Barlow visited in the home of Mr. and Mrs. Ollie Morris Sunday evening.

Mr. and Mrs. V. C. Carter and family visited in the P. D. Thiessen home Sunday.

Mrs. Earl Pales' mother, Mrs. Strutton and son, Everett, who has been visiting in the Pales home, returned to Colorado Springs, Wednesday.

Elmo Green and daughter, Miss Geneva, were guests in the P. D. Thiessen home Thursday night.

Miss Julia Morris and Miss Florence Thiessen were among those attending a surprise party at the R. E. Carr home last Saturday night.

FARNSWORTH WINS

FROM WAKA

Robert Hardgrove, Correspondent
A slugging Farnsworth nine Sunday won their fifth straight game by pounding out a sixteen to six win over Waka. The home team collected a total of twenty-one hits to Waka seven. This was the second game played at Waka and probably the last until the harvest season is over. L. R. Conner, manager, said.

R. W. Stratford, pitching the first four innings, allowed only three hits and one run. He was followed in order on the mound by E. J. Copeland, who hurled two frames, Vern Conner, Dean Conner and Herman Hargrove. Copeland led the hitting for the day, getting five hits out of six trips to the plate, one a bases bagger. He also stole five bases and scored three of the runs.

FARNSWORTH 4-H CLUB

Robert Hardgrove, Correspondent
The regular meeting of the Farnsworth 4-H club was held last Thursday night, June 16, with but a small crowd out. The club is supposed to meet on the second Thursday but this month's meeting was postponed because of bad weather.

Following much discussion during the business session the club voted to have this announcement made: The Farnsworth 4-H club at its last meeting decided that it favors an over-night, county-wide 4-H club encampment on a creek sometime in August, such as have been held in previous years and a committee was appointed to meet with similar committees from other clubs that favor the encampment.

It is urged that other clubs in the county, at their next meeting, or, if necessary, at a special meeting, appoint a committee to meet with those of the other clubs to make the arrangements. Committee chairmen should get in touch with County Agent Guy Sheets and arrange a meeting date. Mr. Sheets said that he thought this encampment would be a fine thing.

The next decision of the club was the result of objection raised against the practice of club members and visitors coming to meetings and sitting outside in the car until after the business meeting adjourned and then coming in for the program that invariably follows 4-H club meetings. County agent Sheets said, "This shows that those who do not come in for the business meeting think but little of the club and steps should be taken to stop it." A motion then passed providing that if all persons intending to attend did not come in for the business session that following the adjournment

FAIRVIEW, OKLA. ITEMS

Mrs. Hattie E. Collins, Reporter

(Too late for last week)

We are getting plenty of rain of late.

Mr. and Mrs. J. D. Williams, Mr. and Mrs. Charlie Thomas and Marion Boren attended church at Range, Sunday.

Mrs. Dewey Glyre and little son, Junior, left the first of the week for Alva, where Junior will receive medical treatment.

Mr. and Mrs. Arthur Bruce, Spearman, were guests Saturday night and Sunday with their parents, Mr. and Mrs. J. D. Williams.

J. O. Smart and family have just recently returned from Hobart and will make their home on their farm just west of the Camrick school.

Doc Keim and family and Wana Collins attended the Children's Day program at Gray, Sunday.

Mrs. Ruby Bowles and children are visiting with relatives near Shattuck.

Mr. and Mrs. Charlie Thomas were Sunday guests with Marion Boren.

J. D. Williams made a business trip to Perryton Saturday.

A large number of friends and neighbors attended a surprise supper for W. L. Collins last week. An enjoyable time was had by all.

Mr. and Mrs. Dave Lidkey and Ed Herbert attended the Children's Day program at Gray Sunday.

FARNSWORTH ITEMS

Mrs. Roger Pearson, Reporter

Mr. and Mrs. Roger Pearson, Mrs. L. L. Willis, Mrs. Jim Morgan, Mrs. Iva French and Miss Marcella and D. B. Pearson were Sunday afternoon callers in the H. C. Brown home.

Miss Evelyn Fulton, Perryton, spent the week-end in the home of her sister, Mrs. Dean Conner.

Miss Joe Brown and Miss Iva French visited Friday with Miss Geneva Green.

T. C. Morton returned Friday from south Texas, where he has been spending the winter.

Gene Campbell was a guest Sunday night with Jim Anderson.

Forest Forgy from the McMillen community brought in the first load of 1932 wheat. It was bought by Conner & Rogers.

Miles Pearson has begun work on a new house in Farnsworth.

Mr. and Mrs. B. L. Rogers were in Canadian from Sunday until Wednesday and were guests in the W. W. Reed home.

Mr. and Mrs. Merton Smith entertained a group of friends on the Palo Duro creek Sunday evening.

Mrs. P. W. Wernicke, Mrs. R. W. Stratford, Miss Margaret Rogers, Miss Iva French and Miss Esther Lewis were callers in the H. C. Brown home Wednesday.

Farnsworth was again victorious in the ball game with Waka Sunday. The count was 16 to 6 and it is the second game this season we have won from the fast Waka nine.

Mr. Smooth was here Sunday from White Deer visiting in the home of his son, R. L. Smoot.

Vance Apple was a Farnsworth visitor Monday.

The Grange met in regular session Tuesday evening with a large crowd present. After adjournment,

games of bridge and dominoes were enjoyed.

Tom Campbell and two sons, Dwight and Othel, and a nephew, Gene Campbell, came in last week from Fort Worth and are visiting in the home of Tom's sister, Mrs. Jim Morgan.

Mr. and Mrs. C. R. French and children were dinner guests with Mr. and Mrs. C. C. French Sunday.

Several 4-H club members attended the party given by the Ochiltree club at Ochiltree on Thursday evening.

Judge H. E. Hoover, Canadian, was a Farnsworth visitor Monday afternoon.

Harry Styron and his grandfather, A. W. Bouldin, came in Saturday from Elk City, Okla., and are visiting in the Bradley Anderson home.

Virgil Holt of Perryton is spending this week visiting with his sister, Mrs. Leonard Copeland.

BLODGETT ITEMS

Mrs. L. W. Austin, Reporter

Miss Bernice Vernon, Spearman, visited Wednesday with her aunt, Mrs. J. M. Kirby.

A nine and one-half pound boy was born June 13 to Mr. and Mrs. John Kenny. The little fellow has been named J. M.

L. W. Austin and family and Mrs. Ralph Blodgett and son, Ralph, were callers Sunday afternoon in the H. A. Peary home.

A severe hail and rain storm visited our community Sunday and did considerable damage.

Mrs. W. M. Deck has been quite ill for the past week.

Florence Bauerliend was a guest Thursday night with Mary Beth Austin.

Mr. and Mrs. Sam Henry, Lubbock, spent Thursday night in the J. M. Blodgett home.

Herring Pickard, Levelland, and Thad Patterson, Seagraves, are visiting with Darwin Tinker this week.

L. E. Bauerliend and J. F. Sims visited Wednesday in the L. W. Austin home.

Mrs. Clyde Harbour, Mrs. Ralph Blodgett and son, Ralph, Mrs. L. W. Austin and daughter, Helen, called to see the new baby in the John Kenny home Wednesday.

Mrs. H. A. Peary and Mary were guests in the Olen Williams home Sunday afternoon.

Swede Johnson, Perryton, has been in this community the past two weeks, repairing combines.

NOTICE TO CANDIDATES FOR COUNTY OFFICES

Notice is hereby given to all candidates for office in Ochiltree county that Saturday, June 18, 1932, is the last day for filing to get names placed on the official ballot. Filings must be in the hands of the undersigned on or before the above date.

VAN W. STEWART,
Chairman, County Democratic Executive Committee.

Your Teeth

Their Relation To Your General Health

By the Educational Committee of the American Dental Association

POOR TEETH MAKE POOR STUDENTS

Good teeth may not necessarily make good scholars, but bad teeth often cause a child to fall behind his grade.

Willis A. Sutton, superintendent of schools in Atlanta, Ga., and an outstanding advocate of mouth hygiene, has a story that proves this. Superintendent Sutton never believes in expelling a student unless it is absolutely necessary. A few years ago a high school boy was so rebellious that six teachers recommended that the student be dismissed.

Mr. Sutton called the boy to his office. The student was not only failing; he was causing disturbances in almost every class he attended. He simply would not behave. Yet when Mr. Sutton told the student that he was going to be dismissed, the boy, though seventeen years old, burst into tears. It was then that the superintendent noticed that the student had bad teeth.

Anxious to give the boy one more chance, Mr. Sutton sent him to a dentist and had his mouth overhauled. In a few weeks, the bad student came back to classes. His grades immediately improved. His deportment became excellent, and his health changed markedly for the better.

That is the way the Atlanta plan for mouth hygiene was begun. So fine had been the results of cleaning up one boy's mouth, that Superintendent Sutton undertook to clean up the mouths of all children in Atlanta schools. At the end of a five-year program, this was done. The result was great saving to the taxpayer, in cutting down in the number of poor students who had to repeat a year of study, and an even greater saving to the students themselves. Mr. Sutton adds:

"According to one of the most eminent physicians of America, such a program as that we are conducting in Atlanta will add five years to the life of each child. If this is not true, we estimate that in a single generation we will save five times these fifty thousand children—there are fifty thousand children in Atlanta schools. That means 250,000 years of living added to the lives of Atlanta children."

Good teeth are a saving to both the individual child and the community as a whole.

(This newspaper will be glad to receive questions from readers about teeth, mouth hygiene or dental health. The questions will be answered authoritatively but anonymously by outstanding dentists selected by the American Dental Association. Enclose a stamped, self-addressed envelope for reply.)

Carter Pens at the Herald Office.

ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

If Texas continues to develop as a farm-fed cattle state it is not improbable that future historians will give 4-H club boys the credit for forcing the change. Seasoned stock men are already saying it.

Ten years ago a mere handful of farm boys were feeding baby calves. Farmers regarded it as a county agent fad. In recent years the big livestock shows of the state have had a hundred and more well finished club calves on exhibit where formerly a score or two constituted the showing.

Copying the club boys, farmers have gone to feeding calves for themselves. It has graduated from kid stuff to a respected farm enterprise. The collapse of prices has helped instead of hindered the move, for even with low-priced beef, beef calves have provided a better market for farm feed than the cash market.

Club boys haven't done it all, by any means, but by steady plugging they have charted the way for others in the calf-feeding business. In

the meantime a change has taken place in the demonstrations of the boys. Instead of feeding one animal they have been finishing two and three and five, and even 15 or 20 calves.

In 1931 there were 801 beef calves finished by 535 club boys who made total profits of about \$12 per animal. This money represents the premium the calves brought their owners for the farm feed consumed.

What the results of the feeding year completed the past spring will be, no one yet knows, but a fair example may be that reported from Hockley county where boys and girls made average profits of about \$1 apiece on 61 beef calves fed, not including \$165 received in premiums.

County agents report increasing enrollments in beef calf clubs in practically every part of Texas this year.

Flat wall paint at \$2.29 per gallon. Panhandle Lumber Co. 22-11-c

Mrs. A. C. Witt and son, Willard, visited Sunday and Monday in the home of Mrs. Witt's brother, Jack Clark, Gruver. Neda Belle Clark accompanied them home and will visit a few weeks.

It's here!-the new Goodrich Silvertown safest tire ever built

WE WANT to show you the sensational new Safety Silvertown you've been reading about. Three years in development, this is the greatest tire we ever saw—the safest tire ever built!

15% thicker non-skid tread... More grip on the road... Greater protection against blow-outs... Silent speed—less nerve fatigue...

Yet look at the prices. Come in—let us prove to you that this tire is all we claim for it.

Cavalier world's greatest tire bargain

A genuine Goodrich tire. Goodrich Full-Floating cord construction. Yet dollars under what you'd expect to pay.

Come in and see these new Goodrich tires. We have them in all sizes—for your trucks too!

Commander

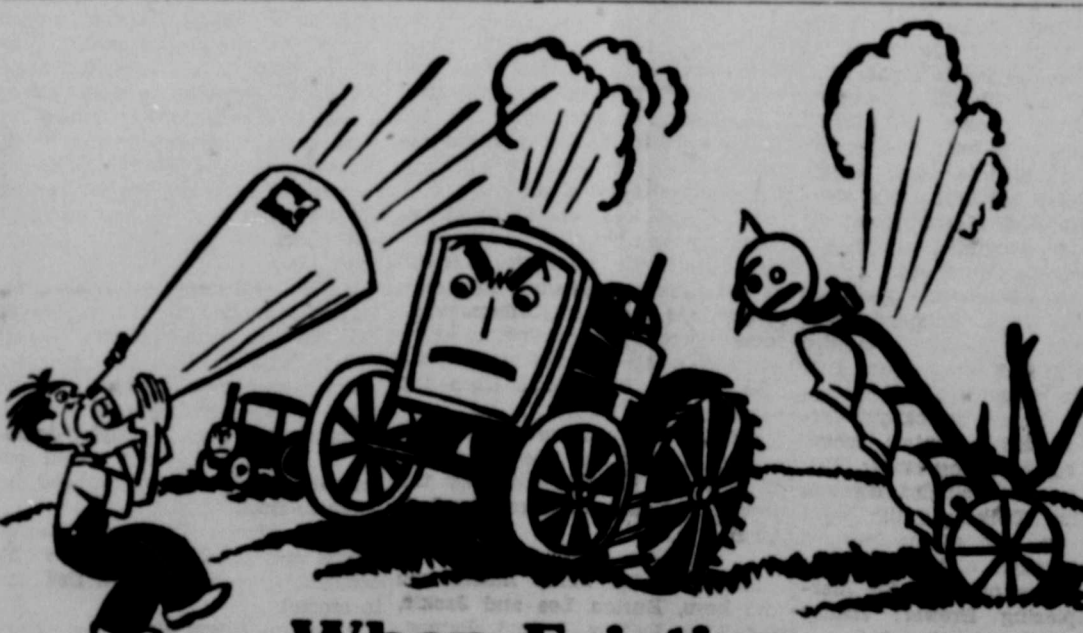

lowest prices in Goodrich History

Here's an outstanding value—the guaranteed Commander. Made by Goodrich.

These prices all include the new Federal tax.

When Friction Threatens on Your Farm

—Call me by Post Card

With all the machinery there is on a farm today—trucks, tractors, pumps, incubators, windmills, lighting plant—some farmers really need a clerk to keep their supplies from running low. In order to meet your need in this respect Sinclair has developed a new "Call-me-by-post card" service. As a part of this service, we supply you free with business reply cards (no stamp required) on which appears a list of the principal Sinclair petroleum products. All you do is write down the number of gallons or pounds you need of any item, sign your name and drop the card in the mail. We will give you quick delivery.

We sell Sinclair Opaline Motor Oil, Sinclair Pennsylvania Motor Oil, Sinclair Tractor Oils, Sinclair Gasolines, Sinclair Super-Flame Kerosene, Sinclair Cup and Axle Grease, Sinclair P. D. Insect Spray.

BOYD, OKLA. ITEMS

Harvest crews will be running in full force in another week.

Mrs. Frank Davenport and children and Mrs. C. C. Campbell and children spent Sunday at the home of Mr. and Mrs. J. L. Claybrook.

Mrs. L. W. Upham and Mrs. R. H. Peters were transacting business in Turpin Tuesday.

The Beaver river had quite a flood of water coming down Wednesday. In the morning the water lacked only about two feet of being up to the floor of the bridge but by night it was beginning to go down.

Mrs. J. L. Claybrook and daughter, Velma Lou, and little son spent Thursday at the home of her sister, Mrs. J. H. Pierce.

Mrs. C. B. Gift and Mrs. J. H. Pierce were shopping in Turpin, Friday morning.

Mr. and Mrs. Wm. George are the proud parents of a daughter who arrived Thursday afternoon. The little lady has been given the name of Maudie Johanne.

The community and club meeting at Palestine school house Monday was a pronounced success in every way. All enjoyed the dinner, the program, the demonstration given by Miss Amick and the ball games.

Miss Amick's demonstrations are always very clear and instructive and we are surely hoping that the county commissioners will see fit to retain both the agent and demonstration.

Mr. and Mrs. F. A. Ellepson and family of near Turpin, attended Sunday school at Palestine and visited in the home of Mr. and Mrs. R. H. Peters.

Mr. and Mrs. Alvin Holmes and family of Perryton attended Palestine Sunday school and visited in the home of Mr. and Mrs. L. W. Upham.

The Children's Day program was very good and much appreciated by quite a large audience.

Rev. J. A. Haworth filled his preaching appointment at Pleasant Valley Sunday morning.

Maniac Slays Officer, Wounds Another

MAJOR T. B. CURTIS

MAJOR A. W. TURNER

Slain by his maniac ex-Serviceman prisoner on a train near San Antonio, Texas, last Thursday night, Major T. B. Curtis, retired emergency officer, was tendered a full military burial in San Antonio Saturday. His fellow officer, Major Turner, lies near death in a San Antonio hospital as result of four bullet wounds, inflicted by the killer of Curtis, W. F. McWilliams, who was captured on the J. M. Cate farm after the shootings. McWilliams was being taken to the Army psychiatric hospital at Waco when the shooting occurred.

CHURCHES

METHODIST CHURCH

Church school opens at 9:45 a. m. Rev. W. C. Bryan, superintendent. It is very strongly assumed that wheat harvest will lessen the number at church school. It may do it; but there isn't any use in you staying away on this assumption, is there?

Public worship both morning and evening, with good music, and a sermon by the pastor, and as to the sermon excellence, judge ye. The theme of the morning sermon will be "How'd You Get Yours?" What makes wealth? How does it come? What relations produce it? Are we independent? We just wagger you'd be interested in these questions and their answers, so sure are we that we intend to put in most of the week making ready to answer them. Then in the evening, "What Of Elijah's Wine?" Is it time to run off, to whine under the juniper tree, to leave the field to Jezebel and her consorts? Heretofore what have we done? What commission did God give Elijah? Now, all of this served with a lot of good music seasoned to taste, won't make a bad menu. Taste and see!

The pastor will by request install the officers of the young people's division at the morning hour of worship—11 o'clock. All the young people are urged to be present. They have their regular hour of worship at 7:30 p. m.

Vacation School
Each Tuesday morning between the hours of nine and eleven the teachers of the Methodist church school are offering instructions to all children between the years of six and eleven inclusive. These include the beginner and junior departments of the children's division. The instruction is to be given by competent teachers, and the line of teaching is new and interesting. The children will very greatly enjoy this period. Send 'em over. Hours: 9 a. m. to 11 a. m. The day: Tuesday.

CHRISTIAN CHURCH NOTES

Next Sunday morning we begin using a unified morning program. The entire school assemblies in the auditorium for the period of worship.
9:45: Instrumental prelude. Musical program.
10:00: Sermon, "Silas Marner" (for children).
10:30: Communion—offering.
10:45: Assembly for Bible school. Junior department in basement, adult classes in class rooms.
11:45: Dismissal of classes.
Evening worship at 8:15.
Sermon, "The Harvest Time of Life".

BAPTIST CHURCH NOTES

J. M. Sibley, Pastor
Sunday Services:
9:45: Sunday school, meeting in departments. G. I. Horne, general superintendent.
11:00: Sermon.
7:15: B. Y. P. U. meets in departments.
8:15: Sermon.
Week Day Meets:
8:15: Wednesday evening, business meeting.
8:15: Thursday evening, choir practice.
2:30: Thursday, W. M. S. meets at the church.

LONE TREE ITEMS

Mrs. Jacob Schwab, Reporter
Last Wednesday afternoon several girls from Lone Tree drove over to the home of Mrs. Spencer Whipple to spend the night. They enjoyed swimming and ice cream, but they didn't sleep much after telling their stories and playing tricks.

Soremouth In Lambs

Veterinarians At College Station Have Developed Vaccination For Disease

College Station. — Immunization by vaccination against soremouth disease in lambs and kids has been developed to an extent that it probably will be available for general use next Spring, according to A. B. Conner, director of the Texas Agricultural Experiment Station. The method of immunization has been developed by veterinarians at Substation No. 14 (Ranch Experiment Station) and already has passed through the laboratory and field experimental stages of development with gratifying results, Mr. Conner said.

During field experiments with the vaccination process, 2,511 head of lambs were vaccinated on one ranch in March and were allowed to run with a number of non-vaccinated lambs. During a check-up made in May, following an outbreak of soremouth on that ranch, it was found that only five of the 2,511 head were affected with disease and these in only a light form. Of the non-vaccinated control lambs, 372 were affected with soremouth in a severe form. Examination in May of a total of 2,024 lambs which had been vaccinated in April on another ranch showed a total of five mild cases among the vaccinated lambs and 191 severe cases among the non-vaccinated control lambs. Field tests on three other ranches have not been checked up as yet as the disease has not yet made its appearance in these flocks.

First experiments by substitution workers with soremouth, a disease which has been costing ranchers of the state thousands of dollars annually, showed that it is an infectious skin disease caused by a specific virus. The infectious nature of the disease is disclosed by the fact that it can be transmitted even when the virus is diluted 100,000 times with water. It is readily transmitted from infected to healthy animals, and hence when an outbreak occurs in a flock, it is likely to spread extensively, causing considerable losses by interfering with nursing and grazing on the part of the affected young animals.

In severe cases of soremouth, the lips of the affected animals become badly swollen and covered with moist scabs which later become hard and dry. When these scabs are removed, either intentionally or accidentally, they leave a surface and a favorable location for screw worm infestation. The result is that under normal range conditions, the interference in feeding caused by the swollen condition and scab formation on the lips often results in stunted growth of the young animals and also infestation by screw worms, necessitating treatment and frequently resulting in losses.

Experiments by substitution veterinarians showed that animals can be rendered immune by inoculation with virus. Moreover, these experiments showed that when this vaccination is done on some part of the body other than the lips, the infection generally remains localized and rarely spreads to the lips, but nevertheless, establishes immunity. Just how soon this immunity is acquired is not known as yet, but it is believed at present that the animals must have recovered fully from the vaccination before immunity can be expected to be complete. Accordingly, it is possible to produce in young animals what corresponds to a very light case of the disease and which causes very little or no discomfort or ill effects upon the animal it is rendering immune.

The best time for vaccination, the workers found, is when the blow fly is not active, although the experiments showed that vaccination can be carried on with little danger of screw worm infestation even during fly time. Out of a total of 3,462 animals vaccinated during April, only two cases of screw worm infestation occurred, in spite of the fact that screw worms were present in wounds and injuries of many of the non-vaccinated animals.

DID NOT NEED TO TELL PUBLIC

In response to an inquiry by representatives of the press, relative to the disposal of the balance of the stabilization wheat after June 30, Chairman Stone said one of the greatest handicaps we are up against is that we have to tell everybody everything we do. You can't operate a business successfully that way. A grain merchant came in to see me the other day. He wanted to buy wheat. He painted the usual dark picture of the old black cloud (stabilization wheat) hanging over the American wheat producer and said if we would sell the wheat to the Trade it could dispose of it and at the same time improve the market. I told him I did not agree with him and asked him to explain to me why it was that since last July the price the American farmer has received has ranged from 6 to 18 cents a bushel above the world parity price. He said in his opinion, 80 per cent of it was due to the way we had handled the stabilization wheat. I asked him why he didn't tell that to the public. He said, "There is a big difference between my position and yours. I don't have to tell the public anything and you have to tell them everything." The only thing I ask you gentlemen to do is to protect me as much as you

Thursday afternoon.

Mrs. W. B. Walker visited with Mrs. R. D. Purcell Tuesday.

can. I have no secrets; there is nothing about the Board's operations I can't tell everybody. I am trying to do the best thing for the wheat growers of the country".

PISK OUT YOUR OWN PET REASON FOR DEPRESSION

By Robert Hardgrove

Immense reasons have been given for the depression but R. W. Leavitt, in the Arlington, South Dakota, Sun has something new in the line of causes. Listen to this: Too much oats and too much wheat, Too much corn and too much heat, Too much cotton and too much oil, Too many hours that we don't toil, Too many highways, too many cars, Too many people behind the bars, Too many loafing, too many bets, Too many failing to pay their debts, Too many living beyond their means, Too many eat canned corn and beans,

Too many hiring their washing done, Too many playing bridge for fun, Too many looking to Uncle Sam, Too many people don't give a damn, Too many poets, too much prose, Too many girls without underclothes, Too much buying of goods on time, Too many people don't save a dime, Too much ball, too much play, Too many officers on big pay, Too many taxes, too much spent, Too many folks spend every cent, Too much trouble, too much law, The dumbest mess you ever saw.

WARNS PUBLIC AGAINST CIVIL SERVICE SCHOOLS

Washington, D. C.—The following statement is made by the United States Civil Service Commission:

The commission warns the public against paying money for "coaching" courses in preparation for Federal civil-service examinations.

School which sell such courses under present conditions accept money under false pretenses. A purveyor of civil service courses is now under indictment in Iowa for false representation. It is expected that other such cases of prosecution will follow.

Comparatively few appointments are being made in the Federal civil service. Vacancies which must be filled by the transfer of those in the service or the reinstatement of those who have been in the service, wherever practicable.

It is seldom necessary to announce an examination. In most cases registers or eligibles exist as a result of examinations held during the past year. When an examination is announced, the applicants are usually hundreds of times in excess of the need.

Money paid for civil service coaching courses at this time might almost as well be thrown to the four winds.

\$6.53 PER ELEVATOR RIDE

Every time Secretary Lamont of the department of commerce rides the elevator in the new home of the department in Washington it costs the people of the United States \$6.53, according to a calculation by Colonel Ernest O. Thompson, Amarillo's mayor, who has made a reputation for being good at figures. Mayor Thompson is the man who deflated municipal government costs in his home town, and got the

rates on some public utilities down to a level more in keeping with the people's rate of income.

The Panhandle metropolis' mayor was in Washington lately and observed that the secretary of commerce had a private elevator operating behind heavy bronze doors. Two girls, each drawing \$90 per month, took turns at operating the lift on the few occasions it was used by the secretary. Colonel Thompson got his rapid calculator to work and soon found the average cost of a ride by the secretary was the \$6.53 mentioned above.

If the colonel had looked around a bit more he would have found innumerable instances of squandering of the hard earned tax dollar of the American people. Had he picked up the Congressional Record on a certain day he would have doubtless noted that \$8,000 extension of the remarks of Senator La Follette, which nobody ever will read.

A survey of Federal governmental extravaganzas by Colonel Thompson would be a valuable addition to our fiscal literature.—Houston Post.

STATE PRESS

A Kansas editor gives the depression credit for developing his sense of touch to a very high degree of perfection and efficiency. This editor says that the seat of his pants has become so thin that he can sit on a dime and tell which side is up, heads or tails, and if the depression lasts much longer, he will be able to tell the date on the dime. The question which will naturally arise in the minds of the readers of the above is how did the editor get the dime in the first place?—Tunkawa News.

CANDIDATE'S GRIEF

Now that campaigns are warming up, it may be as good a time as any to republish the experience of an Arkansas candidate for sheriff, which has been going the rounds for several years.

This story has gathered various and sundry additions in its march down the corridors of time, the latest version being as follows:

"Lost four months and 20 days canvassing; lost 1,360 hours of sleep thinking about the election; lost 40 acres of corn and a crop of sweet potatoes; lost; two front teeth and a lot of hair in personal combat with an opponent; donated one beef, four goats and five sheep to barbecues; gave away two pairs of suspenders, five calico dresses, five dolls and 13 baby rattlers, kissed 126 babies; kindled 14 kitchen fires; put up eight stoves; cut 14 cords of wood; carried 24 buckets of water; gathered seven wagon loads of corn; pulled 475 bundles of fodder; walked 4,060 miles; shook hands 9,080 times; told 10,001 lies and talked enough to make 1,000 volumes; attended 26 revival meetings; was baptized four times by immersion and twice by sprinkling; contributed \$50 to foreign missions; made love to nine grass widows and got dog bit 19 times—and then got defeated.

The Bank To Choose

The man who starts to big things do
Must have a credit to carry him thru;
No matter how sound, how good a plan
A credit must be behind the man.
And whether you win or whether you lose
Very much depends on the bank you choose.

That's why a bank broad-gauged and fair
You should always choose with greatest care.

The First National Bank can take care of you.

Come in and tell us what you want to do.

THE FIRST NATIONAL BANK

FOUNDED IN 1907

"A DEPENDABLE BANK FOR DEPENDABLE PEOPLE"

PERRYTON, TEXAS

Fire Insurance On GRAIN!

Covers grain cut or uncut. Threshed or unthreshed in field or granary. The rate is reasonable.

Owners premises 43 Cents per \$100.00 for 30 days. Tenants premises 46 Cents per \$100.00 for 30 days.

Taking into consideration the fire hazards in our fields on account of Tractors, Trucks, and Cigarette Smokers it would seem that we need this protection.

I represent some strong old line Insurance Companies with whom I have done business for several years and have always found reliable and fair. Should you decide to insure your grain against fire I will appreciate the favor if you will call at my office and let me write your insurance or phone me. I will give the matter my prompt and best attention and endeavor to protect your interests in every way possible.

DIAGNOSIS OF CANCER

The discovery and recognition of beginning cancer is often very difficult. In some instances the type of cancer is such that it presents no early symptoms. In other cases it may be mistaken by the attending physician for something else. Cancer of the rectum, for example, is often treated for months as hemorrhoids or piles. Again, the cancer may be so deep seated or so obscure as to be diagnosed only by the use of special instruments and special procedures in the hands of specially skilled physicians.

As a general rule, the earlier cancer is found, the more difficult it is to recognize. When the diagnosis is easy, the disease is usually advanced.

The diagnosis of cancer is often delayed by failure of the patient to consult a physician regarding a condition which is thought to be of little importance. On the other hand, the physician sometimes fails to recognize the real significance of suggestive symptoms and neglects to make a thorough examination. In women, the delay is often due to hesitancy in submitting to a proper examination.

Whenever suspicious symptoms are present the advice of a physician should be obtained without delay. Any lump in the breast, for instance, demands a prompt investigation. The real cause of an abnormal discharge from any body orifice should immediately be sought. The sore on the nose or lip or face, which does not heal, should never be neglected. Any of these symptoms may mean beginning cancer; and it is therefore very urgent that their true nature be speedily established.

The early diagnosis of cancer is, without exception, the most important single factor in successfully combating this disease. The most skillful treatment can not atone for the sin of delay. In early diagnosis lies the only hope for cure.

SYLVIA SIDNEY'S FIRST SUCCESS BROUGHT TEARS

Sylvia Sidney cried when she received her first theatrical "break". She cried because she didn't believe she actually had been selected for the leading role and was broken hearted at being, as she thought, the victim of a cruel joke.

This happened at the New York Theatre Guild when she was chosen to play the lead in "Prunella," the graduation play, declared Miss Sidney recently at Paramount studios where she and Fredric March filmed the dramatic sequences of "Merrily We Go To Hell," the feature picture showing at the Ellis Theatre Friday and Saturday.

COMPLETE TROPICAL HOUSE MADE FOR STAR'S PICTURE

A complete seven-room tropical home with garden recently was completed and furnished on a stage in a Hollywood film studio.

It was built on one of the sound stages for use in Tallulah Bankhead's current Paramount starring picture, "Thunder Below," which comes to the Ellis Theatre Wednesday and Thursday of next week. Assisting Miss Bankhead in the feature roles are Charles Bickford, Paul Lukas, Eugene Pallette and Ralph Forbes.

This is one of the few times a scenic structure has been designed and constructed in its entirety. The average film home has rooms scattered over several stages instead of actually adjoining one another.

Since much of the action takes place in this cinematic structure with movement from one room to another, the complete home was erected on one huge stage.

Mrs. Elizabeth Cutter, Mrs. Geo. Cutter and A. F. Cutter returned home Sunday from Wichita, Kans. Mrs. Elizabeth Cutter has her eyesight restored after an operation several weeks ago.

Mr. and Mrs. Claud Allen and children were in Liberal, Kans., Sunday visiting in the home of his brother, Henry Allen.

PROGRAM At The ELLIS THEATRE

Friday-Saturday, June 24-25

Sylvia Sidney and Fredric March in—

"Merrily We Go To Hell"

You may know these people—they may live in your block—belong to your church—they may be among your friends! This is life—memories and hopes, pleasures and pain—the hunger and plenty of two young lovers—in love with each other—and life!

Sunday Only, June 26

Joan Bennett and Ben Lyon in—

"Week Ends Only"

She was a different girl—for when others sought her love, she kept her love for her sweetheart alone. Week Ends Only—she disappeared. She said she was visiting her aunt; but oh, what a place in which he found her.

Monday-Tuesday, June 27-28

Charlotte Henry, Morgan Galloway, Beryl Mercer, Joyce Compton and James Kerwood from the famous novel by Mary J. Holmes—

"Lena Rivers"

The immortal love story of the girl of unknown parentage is now dimming the eyes of the nation's picture fans—now bringing them smiles—and then cheers as Lena Rivers forgets the bitterness that makes the kiss of love the sweeter.

Wednesday-Thursday, June 29-30

TALLULAH BANKHEAD with Charles Bickford, Paul Lukas and Eugene Pallette in—

"Thunder Below"

An emotional typhoon—a woman whose glamor overpowers the senses; glowing; Impassioned! Alive in every fiber of her too-beautiful self—on the surface, poised, docile; seething underneath... marooned in a tropic wilderness; the proud possession of a misunderstanding husband; starving for love, she bursts every tie to get what she wants.

SOCIETY

MYRTIE MAE CONLEY, SOCIETY EDITOR

Office Phone 67.

Residence Phone 257

Suzanna Circle

The Suzanna circle of the Methodist Missionary society met Thursday afternoon, June 16, at the home of Mrs. Clarence Neufeld with Mrs. Ralph Trower and Mrs. Jay Massey assisting in the hostess duties.

Mrs. J. E. Eldridge very ably led the lesson study, "How Can We Teach Christian Living?" Mrs. Harlan Hawk and Mrs. Chas. Garrett each gave interesting papers.

During the social hour delicious ice cream and cake was served to seventeen members.

Rebekah Club

Mrs. A. L. Dowers was the delightful hostess for the Rebekah sewing club on last Friday afternoon at her home, 820 Southwest Fifth street.

Those enjoying the afternoon were Mrs. Theo. H. Pickle, Mrs. J. W. Wright, Mrs. C. B. Fulfer, Mrs. J. M. Anderson, Mrs. L. E. King, Mrs. Fred Butler, Mrs. Otis Shearer and Mrs. Bill Thomas.

Honor Guests

Mr. and Mrs. A. K. Wooten entertained a pinocle party on Tuesday evening of last week, in compliment of Mr. and Mrs. J. W. Frame, who visited here several days from Beaver, Okla.

Delicious refreshments were served at the close of the play to Mr. and Mrs. Frame, Mr. and Mrs. R. H. Holland, Mr. and Mrs. Paul Bowen, Mr. and Mrs. Oscar C. Flowers, Mr. and Mrs. H. P. Lorenz, Mr. and Mrs. Earlene Jones and Mr. and Mrs. Wooten.

Federated W. M. S.

The Methodist Missionary societies will be hosts to the meeting of the Federated societies on Thursday afternoon, June 30, 3:00 o'clock, at the M. E. church.

A program of special interest is being arranged to be followed by a lively social hour and they especially urge each member of the different Perryton Missionaries and any visitor who will, to be present for this meeting.

Married At Alva

The marriage of Miss Elizabeth van Benthuyzen to Mr. Alvin Hamilton which was solemnized June 16, at Alva, Okla., came as a surprise to their many friends in this vicinity.

The bride, an attractive blonde, is the daughter of Mr. and Mrs. P. C. van Benthuyzen, Garden City, Kans. She graduated from high school at Cherokee, Okla., and later spent two years in Teachers college at Alva, Okla. During the past year, Mrs. Hamilton was a valued member of the faculty of the Union consolidated school, near Gray, Okla.

Mr. Hamilton has lived with his father, J. F. Hamilton, on their farm near Gray for a number of years. He is a graduate of the Perryton High school and has had three years of college at the P. A. M. C., Goodwell, Okla. He was principal of the Camrick school in Texas county, Okla., last year. His jolly smile and many sterling qualities makes him friends wherever he is.

For the summer Mr. and Mrs. Hamilton will be at home in Perryton, 817 Southwest Sixth street.

Bridge Guests

Tuesday evening, guests to enjoy contract bridge with Mrs. C. E. Woods were Mrs. A. H. Nichols, Mrs. W. C. Sanders, Mrs. G. K. Reading, Mrs. Jas. E. Barbour, Mrs. J. W. Wilson, Mrs. M. T. Nichols, and Miss Amy Wade.

At the close of the play the hostess served an iced course.

Double Four

Mrs. Carl Ellis was hostess for the regular Wednesday meeting of the Double Four bridge club June 22. Those enjoying the contract games were Mrs. A. P. Spicer, New York City, Mrs. Jack Allen, Mrs. J. W. Wilson, Mrs. Liel Lewellen, Mrs. Virby Conley, Mrs. Jack Lusher, Mrs. J. Malvin Jackson, and Mrs. J. B. Bockman.

Wesley Bryan, who has been critically ill at his home in our city, is some improved. He is suffering with spinal meningitis but the doctor now has the disease checked and hopes for a quick recovery.

Wave Few left Monday for a business trip to Fort Worth.

Mrs. R. B. Guthrie is in Amarillo this week visiting with Mrs. Clara North and with other relatives.

Mr. and Mrs. Jas. E. Barbour were guests for six o'clock dinner with Mr. and Mrs. W. P. Ballew Sunday.

Carter Pens at the Herald Office.

Sylvia Baker, age four, daughter of Rev. and Mrs. Baker of Spearman, is a patient in the Plaza hospital.

Mr. and Mrs. H. K. Smith and son, J. L. Smith and Mrs. Smith, and grandchildren, William and Esther Spangler, returned Thursday from a three weeks visit with relatives and friends in Arkansas, Missouri and Tennessee.

Mrs. H. E. Arthur and daughter, Mary Elizabeth, of Colorado Springs came in Thursday and will spend a few weeks visiting in the home of Mrs. Arthur's sister and brothers, Mrs. Paul Sherman, J. W. G. R., and H. J. Wilson.

Mrs. Pauline Peacock and daughter, Mrs. Sarah Ann Conner, and son, Johnny, of Glendale, Calif., are visiting this week in the home of Mrs. Peacock's brother, E. L. Whippo, and with other relatives.

A. E. Dyatt motored to Manhattan Saturday returning Sunday with Mrs. Dyatt and daughters, Peggy Lou and Joan, who have been visiting with relatives there the past three weeks.

Mr. and Mrs. Rufus C. Burleson, Spearman, are happy over the arrival of a son, born Saturday, June 18. Mother and baby, who has been named Floyd Gene, are getting along nicely at the Plaza hospital.

Frank Osterbuhr came in Monday from Franklin, Nebr., and will spend the summer in the Perryton vicinity. At present he is visiting in the home of his brother, John Osterbuhr and family.

Mr. and Mrs. J. G. Price, Hooker, Okla., spent the day Sunday visiting in the home of her brother, H. P. Lorenz and family.

Mrs. W. I. Crenshaw and son and Miss Caroline Arrington of Tucson, Ariz., and Charley Teas of Canadian, spent several days last week visiting in the A. R. Hogland home. Charley remained to help through harvest.

James Normant, son of Mr. and Mrs. C. A. Normant of this city, who was recently operated on for appendicitis at the Plaza hospital, is convalescing nicely.

Mr. and Mrs. Bill Massey left Sunday on a ten day vacation trip.

Mr. and Mrs. A. K. Wooten and daughters were Sunday dinner guests in the R. H. Holland home.

Mr. and Mrs. Frank Keith visited Tuesday and Wednesday in Guyman, Okla., with her brother, H. E. G. Putman, who has been confined to his home with illness for several days.

Mr. and Mrs. Fountain Roach and daughter, Miss Viola, came in last week from Colorado Springs, Colo., and will spend the summer in the home of Mr. and Mrs. Curtis Roach.

Mr. and Mrs. J. H. Shearer returned Friday from a few days visit at the bedside of his mother, Mrs. S. O. Shearer, Enid, Okla.

Dinner guests in the home of Mr. and Mrs. W. E. McMullen Tuesday were Mrs. Sarah Ann Conner and Johnny Peacock, Glendale, Calif., and Mrs. Onas Littleton.

P. Lorenz left Tuesday on a business trip to Enid, Okla.

Morris Church, nephew of Mrs. J. M. Willey, came in Friday from Wichita, Kans., and will spend the summer with his aunt.

Mrs. John Hall, Oklahoma City, is a guest in the home of Mrs. J. B. Nash.

Sowing

Explains Loan Bill

Governor Sterling Says More Farm Loans Will Be Available In Texas

Austin, June 22.—Substantial benefits to Texas livestock, poultry and dairy producers will be received from farm loan legislation sponsored through Congress by the special Texas contact committee, Governor Ross Sterling announced today on receiving a report from the committee.

"I feel that every farmer and livestock raiser in Texas should be informed of this legislation," said the Governor.

John W. Carpenter of Dallas, chairman of the Governor's Advisory or contact committee, reported that farmers would also be able to secure loans for crops to be harvested in 1933. The committee of 35 was appointed by the Governor to contact the Reconstruction Finance Corporation and Congress to secure loan benefits for Texas farmers and ranchers.

The congressional legislation, which was originated by the Texas committee, will extend the time for farm seed loans and will broaden the Reconstruction Finance Act to include loans to livestock raisers and truck growers, the Governor explained. Acting under the terms of the original act, the Secretary of Agriculture had arbitrarily closed the loan period on April 30.

"A great part of these loans were made in the last days of the loan period and thousands of deserving borrowers were not able to get their application in before the period for making application was terminated," the committee report said.

"Of the \$50,000,000 originally made available to farmers, and later increased to \$85,000,000, only \$3,500,000 or less than 4 per cent has been used in Texas, Arizona and New Mexico, while these states produce about 20 per cent of the annual agricultural wealth of our nation.

"The local advisory committees, which already have done a splendid service in getting information to farmers, will be able to give prospective borrowers additional data as soon as this legislation is approved by the president," said the Governor.

USED CASE COMBINE PARTS

We have wrecked several Case combines and are selling the parts at about half price, depending on the condition.

In order to cut down expenses we will cut off our delivery service, effective July 1st.

Stump & Grabeel

"Where Everybody Feels At Home"

and departed this life on June 21, 1932, at her home in Perryton following a lingering illness. She made her home with her parents in Missouri until her marriage on January 30, 1887, to James Richard Phelps. In 1906 they moved to Texas county, Okla., where they lived until they moved to Perryton in 1928.

To this union were born fifteen children, three preceded their mother in death. Those living are: Milo Phelps, Long Beach, Calif.; Mrs. H. R. Ellis, Greenville, N. M.; Mrs. Louis Bryan, Spearman; John Phelps, Seminole, Okla.; Ewing Phelps, Mrs. E. B. Cagle and Mrs. C. D. Ragdale, Hardesty; and Mrs. Joe Kerns, Leo, B. J. Tom and B. R. Phelps of Perryton. Beside these children she leaves her husband, J. R. Phelps, and a host of other relatives and friends to mourn her departure.

Funeral services were held from the First Baptist church in Perryton Tuesday and Wednesday, pastor with Rev. Robert Girouard, pastor of the Full Gospel church, in charge, on Wednesday afternoon, June 22, at 2:30 o'clock. Singers from Hardesty and from the Baptist choir gave several fitting sacred numbers. At the Gray cemetery, where the body was laid to rest, the American Legion Auxiliary of which Mrs. Phelps was a "gold star" mother, gave a very fitting tribute to their departed member. Evangelist Homer Coberly, Roswell, N. M., and Rev. Claud Bryan assisted Mr. Girouard.

The unusual long procession of cars to follow the funeral car to that silent city and the many lovely flowers, spoke for the high esteem in which this neighbor and friend was held.

F. P. Abney returned home last week from a visit with relatives and friends at Mineral Wells and other Texas points.

Mrs. J. E. Simmons and daughter, Miss Isabelle, Sulphur, Okla., arrived in Perryton this week. They expect to remain here for the summer. Mrs. Simmons has wheat land here and is looking after her crop.

A Trade Revival Event

Let Your Patriotism Serve Your Personal Profit

A Nation-Wide Project Sponsored by The American Legion to Annihilate Depression

This event is a National Drive fostered by the American Legion and allied civic bodies throughout the United States. Its object is to accomplish on the broadest possible scale the clearance of goods from the stocks of stores all over America. The result in view is to so sweep the shelves and deplete the stores of present stocks that an immediate demand will be created for new goods which, when ordered, will start factories, foundries, mills, farms and other sources of supplies again active in production and the employment of the millions of men and women now without work, wages or the means to carry on.

This movement must put money into freer circulation; make jobs more plentiful; make business brisk and change the mental attitude of the entire country from the doldrums of Depression to the pursuance of Prosperity.

Perryton in concert with several thousand other communities in an organized effort of The American Legion have adopted the plan and have entered upon a program for its success with spirit and enthusiasm.

Buy the things you need now. Buy the things you'll need later. Buy because of the values and the money saving. Buy because of the great good to be achieved for your nation, your community, yourself, your neighbor and millions of men and women that must be put back to work.

He'll Take Part in Cowboy Reunion

W. W. Sterling, adjutant general of Texas, who will serve as one of the judges in the rodeo to be held in connection at the famous annual Cowboy Reunion, Stamford, Texas, July 4, 5 and 6.

Confessed Killer and Captor

Here is LeRoy Hardin, rum hijacker, who admits he killed Deputy Sheriff J. W. Fuller of Dallas county in an attempted liquor theft at the Wheatland road home of Mrs. Gus Williams. He is shown in custody of Sheriff Hal Hood of Dallas county, who captured Hardin in Kaufman county.

SHOULD OUR FARMERS SELL OR HOLD WHEAT?

"The answer to the question of whether to sell wheat direct from the machine or to hold for a better price is shrouded with mystery," says the Oklahoma Farmer-Stockman as the big movement of wheat in Oklahoma and Texas is getting under way.

"The answer to the question will depend in part upon the actions of a very uncertain congress. It will depend likewise upon the policy of the federal reserve bank and other agencies which have it within their means to expand our currency, or to put more money into circulation."

"Naturally the price of wheat will depend upon the day-to-day prospects of production in every wheat-producing country in the northern hemisphere. If a reduction of some 200,000,000 bushels of wheat in the United States should be accompanied by another short crop in Canada and continued poor conditions in Russia, the ground work at least will be laid for a sharp upturn in price."

Continuing, the Farmer-Stockman points out that it did not pay to hold wheat the last three years, a fact that will be pretty certain to influence the vast majority of wheat growers to sell from the thresher and combine. It will be a buyer's market. It may be that this will be the fourth year when it will pay to sell wheat at harvest time. It may not.

It is also pointed out that if left alone the price of wheat would probably have made a rather sharp upturn in late May. As it was, wheat did well to hold its own while the prices of other commodities were breaking sharply. In fact, the price of wheat for the last year has made a good account of itself, due largely to the fact that the Stabilization Corporation was carrying the larger share of the surplus.

STATE FARM CENSUS IS NOW NEARLY COMPLETED

AUSTIN, Tex.—A return of better than 98 per cent of county tax assessors' reports in the first annual Texas farm census being conducted by the Texas United States Departments of Agriculture is indicated by reports filed during the first two weeks of June, according to Carl H. Robinson, senior agricultural statistician for the federal department, who will have charge of tabulating and compiling statistics on the data obtained.

Robinson said that tax assessors of only three counties have indicated that they will not file reports, while negotiations between the two departments and the assessors have not been exhausted yet. In enacting the statute authorizing the farm census, the Legislature prescribed heavy fines for failure of assessors to make reports.

With all of the reports expected during this month, federal and state officials expect to issue a bulletin on the census this fall.

TO BORROWERS

"The Good Earth"

"In these days When some thoughtless people Have but little regard for Their land, Let us not forget

That we live by the land; That it sustains our life; That it is the source of All wealth; And that it will again Be highly prized."

Do not be misled by suggestions of securing extension of payments if it is at all possible to pay when due. Thereby lies danger and a great hazard of losing your land and home. Accumulated installments, interest, and taxes make it more difficult to pay and increase the probability of losing your home.

In the beginning the system had many enemies. It is fundamentally sound, and its service provides great economies and cash saving to the borrowers. It has resisted attacks from without, and only its members can destroy it by a failure to support it. The low price level of all agricultural products at this time has very materially limited the profits from the farm with corresponding decrease in value of farms, but farm values have shrunk less in the last two years than most stocks and bonds and other forms of investments. Hold on to your lands and homes. It will cost you more to reacquire them. Such chapters of depression and economic distress are not new. The older people have seen them before. By the verdict of universal history,

The Best Is Not Too Good!

"This too will pass", and when we reach rising ground we will be wiser and stronger than before.

These are times that measure men, that test the purpose and ability of farmers to sustain their own economic cooperative Federal Land Bank system, which has proved its great value to agriculture in comparison with any and all other systems financing the acquisition of farm homes. When crops and prices are average to fair, it is easy to pay the 3 1/4 per cent semi-annually on the amount of the loan, and thus pay principal and interest, as against the average 8 and 10 per cent paid annually in interest alone on farm loan indebtedness before the Federal Land Bank set the pace in low interest loans.

The system is cooperative. The stock of each member of an association is security not only for his loan, but also for all the loans in the association. The association endorses and is liable for all loans made through it. If a member fails to pay, it increases the financial burden of the other members. The mutual teamwork is the explanation of the saving of more than \$5,000,000 per annum, which is equivalent to a large dividend on your association stock, and is the reason for low interest and long maturities. We have rendered a total service to Texas farmers of \$212,000,000 to 69,000 borrowers—net loan on books today \$156,000,000 to 58,000 borrowers. If the system fails for lack of support by its beneficiaries, there will return the old system of 8 and 10 per cent five-year loans.

When loans have broken down and borrowers have quit, then the associations and the bank have no option but to foreclose. The bank and associations now own 566 farms. Ask your secretary-treasurer if your association owns a farm, and assist

in selling to one who will carry on. Town and city dwellers who have not accumulated substantial reserve are in as great or greater distress at this time than the farmers. They constitute a majority of those who are purchasing our foreclosed farms. Up to two years ago when the great body of borrowers were meeting their payments promptly, liberal dividends were paid to associations. But in this period of stress, sound administration requires the building up of strong reserves to offset losses. We confidently expect Texas farmers will continue to meet their payments and thus maintain the creditable record of the past.

THE FEDERAL LAND BANK OF HOUSTON

EARLY SIGNS OF CANCER

With rare exceptions, there is no pain in the beginning of any kind of cancer. By the time pain is felt, the cancer is usually far advanced in its development.

One of the most common signs that attract a patient's attention to cancer is an unusual growth, which frequently starts without any apparent cause. A small, painless lump appears in the breast. A mole or wart begins to show signs of change. A little thickening is noticed on the tongue or lip. A bone develops a slight swelling. In this very quiet way the growth of cancer may begin.

Another common sign of cancer is an unusual discharge. The very slight "weeping" of the sore on the face which does not heal may mean cancer. The persistent discharge from the nose which fails to respond to ordinary treatment may be due to cancer. A slight discharge from the nipple may indicate a beginning cancer of the breast. The appearance of blood in the stools

is frequently one of the first signs of cancer of the rectum, although it is unfortunately not an early symptom of that disease. Blood in the urine is frequently due to cancer of the bladder or the kidney, and is generally the first sign of such trouble. Cancer of the female genital organs frequently gives warning at first by an unusual discharge, which later becomes a hemorrhage.

In cancer of the stomach, persistent unexplained indigestion is often the first symptom. Lack of appetite, especially for meats, and a peculiar disturbance of taste occur early in the majority of cases.

Unfortunately, some of the deep-seated cancers give no early signs which make their existence known to the patient.

The commoner forms of cancer, however, usually present early signs which can readily be recognized by the average individual.

SO-CALLED PAUPER CLAUSE IN WIDOWS' BILL IS DENOUNCED

The national executive committee of the American Legion has gone on record against the so-called "pauper" clause in legislation affecting veterans, especially the disabled and dependents. The following resolution was adopted at the May meeting:

Whereas, the House of Representatives recently passed a widows' and orphans' bill, known as H. R. 8578, which contains what is known as the "needs" clause which discriminates unjustly against the widows and orphans of the World War, no such clause having been included in any other similar legislation; therefore, be it

Resolved, By the National Executive Committee of the American Legion, That we condemn the inclusion of the said "needs" clause in

H. R. 8578 or any other bills relating to the ex-service men of the World War, and do earnestly urge the Congress of the United States to amend the said bill by striking out said "needs" clause and to immediately pass the bill so amended.

Rev. and Mrs. J. M. Sibley were called to Clarendon Monday to be with his brother, who is critically ill.

Mr. and Mrs. Paul Bowen and R. H. Pruitt were in Canadian Sunday attending the funeral services of Mrs. J. C. Studer, an aunt of Mrs. Bowen.

Mrs. J. C. Reagan and T. W. Mead spent the week-end in Amarillo visiting in the home of Mr. Mead's son, Freemont, and family.

\$300,000 El Paso Fire Injuries 14 Firemen

\$300,000 damages was done when this quarter of a block of downtown El Paso was destroyed. 14 firemen were injured fighting the blaze. It took nine hours to completely extinguish the fire. Police and fire authorities are investigating, believing the fire might have been of incendiary origin. A clothing store, photo shop, jewelry and paint stores and many offices went up in flames.

Wreck Ties Up Traffic 20 Hours

Traffic on the main line of the Southern Pacific railway was tied up 20 hours while railroad men labored to clear the tracks of wreckage of an engine and 16 freight and refrigerator cars near Lasca, in Southwest Texas. Trackage was torn up for 800 feet.

the Legion at that time. Every member automatically gets a year's subscription to the Monthly. Therefore, the booklet, distributed as a supplement to the Monthly, will go to all who are on the mailing list July 10th. In order to get a new member's name on that list, the post must mail the memberships to Department Headquarters not later than June 30th.

Mr. Samuel said the booklet was not originally designed with any thought of membership gains in mind, but simply in response to a long-felt need for information of this kind on the part of World War veterans, themselves.

All to Have Chance

Membership, however, is a necessarily vital part of the organization, for in it the Legion finds its strength to accomplish objectives and extend its service to all veterans. Therefore, the distribution has been speeded up in order that it can be made with the August issue, and thereby give every veteran a chance to benefit by it.

"If every post does not properly notify all veterans in its community of this opportunity, it will not have done its full duty; and any

A FEW OF THE CHEF'S SECRETS WITH STEAKS

The housewife often wishes she could penetrate the secrets of the chef when she encounters a steak or a chop which has a subtle flavor that defies detection. Some of the chef's secrets are too deep to be penetrated by the layman and some are too complicated to be worked out satisfactorily, but others are adapted to home use. The National Live Stock and Meat Board gives these recipes for preparing beef steaks. They have been collected here and there, and the homemaker may enjoy using them now and then to impart that "different" flavor.

Broiled Steak With Marrow Cubes

Broil steak as usual. Plunge beef marrow cubes into boiling water for 1 minute and drain. Fry fresh mushrooms and serve with marrow cubes around the steak.

Steak With Cheese

Just as a broiled steak is ready to remove from the broiler spread with thin slices of American cheese and slip back under the flame to melt the cheese.

Anchovy Butter With Steak

Spread steak with anchovy butter and broil. The anchovy butter is made by removing the bones from 3 small anchovies and rubbing them to a paste; then creaming with 4 tablespoons butter, 2 tablespoons lemon juice and a wash of cayenne.

DIFFERENCE TO SUPPORT IF GIVEN REASONS

World War veterans who take interest in veterans' affairs are one of the most patriotic groups in the country. They are interested in the welfare of the nation and the well-being of the people. They are also interested in the welfare of the veterans who served in the World War.

The following are the reasons why the American Legion is so successful in its work:

1. It is a national organization.

2. It is a non-profit organization.

3. It is a democratic organization.

4. It is a patriotic organization.

5. It is a service organization.

6. It is a social organization.

7. It is a political organization.

8. It is a religious organization.

9. It is a cultural organization.

10. It is a business organization.

11. It is a sports organization.

12. It is a charity organization.

13. It is a labor organization.

14. It is a professional organization.

15. It is a fraternal organization.

16. It is a service organization.

17. It is a social organization.

18. It is a political organization.

19. It is a religious organization.

20. It is a cultural organization.

21. It is a business organization.

22. It is a sports organization.

23. It is a charity organization.

24. It is a labor organization.

25. It is a professional organization.

26. It is a fraternal organization.

27. It is a service organization.

28. It is a social organization.

29. It is a political organization.

40. It is a political organization.

Books For Veterans

New American Legion Booklet Gives Laws Affecting World War Veterans

"After considering mail that has come over my desk since 1919, and the numerous requests for information pertaining to laws affecting the World War veteran, I am sure the new American Legion booklet that will describe in plain language each of such laws will be the finest printed gift that has yet been made to the World War service man and woman."

This statement was made by Frank E. Samuel, assistant national adjutant in charge of membership, at national headquarters in Indianapolis, Ind., as he reviewed an advance copy of the booklet.

"It certainly will be the best aid one could possibly have in finding information quickly, and without the technicalities which require legal training go to understanding in many instances," he said.

Not Available Later

"To my mind there are great numbers of men among the remaining three million eligibles who are interested in having exactly this kind of a pamphlet. It can be had only with the August issue of the American Legion Monthly and, therefore, will not be available to any person who is not a member of

the Legion at that time. Every member automatically gets a year's subscription to the Monthly. Therefore, the booklet, distributed as a supplement to the Monthly, will go to all who are on the mailing list July 10th. In order to get a new member's name on that list, the post must mail the memberships to Department Headquarters not later than June 30th."

Mr. Samuel said the booklet was not originally designed with any thought of membership gains in mind, but simply in response to a long-felt need for information of this kind on the part of World War veterans, themselves.

All to Have Chance

Membership, however, is a necessarily vital part of the organization, for in it the Legion finds its strength to accomplish objectives and extend its service to all veterans. Therefore, the distribution has been speeded up in order that it can be made with the August issue, and thereby give every veteran a chance to benefit by it.

"If every post does not properly notify all veterans in its community of this opportunity, it will not have done its full duty; and any

one who does not take advantage of this offer, if he is properly informed, will have only himself to blame when he later realizes that he should have a copy." Mr. Samuel pointed out. "Later, the Monthly will issue revised pages of the same size as new laws or interpretations occur, and without the original booklet, the complete resume will not be available, according to present plans."

Broiled Steak With Marrow Cubes

Of Course They're Buying

DEAR MERCHANT:

If they aren't buying from you . . . that's your fault. If your prices are fair and your merchandise and service are good they'll flock to your door . . . IF THEY EVER HEARD OF YOU! And they'll hear of you if you advertise in the Ochiltree County Herald.

People are buying because they need things and they're buying to take advantage of the present low prices. But they won't buy from you unless they know you have something to sell. And they won't come to your sales unless they know you are having a sale. They'll know these things if you advertise in the Ochiltree County Herald because practically everyone these days looks through the Herald to find out what to buy and where to buy it.

HARVEST IS HERE—have you been getting your share of the harvest business? Your cash register knows the answer!

CONCENTRATE ON YOUR ADVERTISING IN THE HERALD

Consider These Important Points

CHOOSE your office files as you hire your help—after thorough and satisfactory investigation. Make certain the file you buy today will still be delivering 100% satisfaction five or ten years from now.

GF Allsteel Files give you the very utmost in Capacity—Endurance—Convenience—Appearance—Economy. What more can you ask of an office file? Be sure to investigate the GF Allsteel File before buying.
