Solons Split Over Bretton Woods Funds

(By The Associated Press)

WASHINGTON, July 17.—Senate Republicans split wide over the Bretton Woods world bank-fund today, one group wanting to have nothing to do with it and another backing it as a benefit to the U. S. and the world.

The plan calls for a $9,100,000,000 international bank to make or guarante loans for rehabilitation and economic development, and an $8,800,000,000 fund to stabilize currencies.

Sums Up Arguments

Senator Taft (R., Ohio), resuming his all-out fight against the legislation on the Senate floor, summed up his arguments:

1—That the dollar is "the only stable" currency and before long all American dollars subscribed to the fund will be grabbed up and there will be a scarcity.

2—That the U. S. will be forced "into the moral obligation of lending more and more money abroad."

Senator Hart (R., Conn.), former admiral, joined Taft's forces. He said he was favoring the United Nations charter but as for Bretton Woods, the probable gains would be "badly overbalanced by the risks involved."

Time Said Wrong

"The world may and probably does overestimate our physical capacity for overaltruism," Hart contended.

He agreed with Taft that this is not the time to seek to stabilize world currencies.

Leading the other Republican wing, Senator Tobey (R., N. H.) called the banking setup an essential part of the postwar world of "economic cooperation." He spoke as a delegate to the Bretton Woods, N. H., conference at which the plan was drawn up.

Punching back at Taft, he said "it is fantastic to say that the British, the French, the Russians, the Latin American countries have no credit standing."

Senator Aiken (R., Vt.) joined Tobey, asking whether those who are saying the Russians would misuse the fund "are not the same who a few months ago were saying the Russians would stop at the border and not invade Germany."

Financing Russia

The question of financing Russia came up also before the Senate banking committee questioning Leo T. Crowley, foreign economic administrator, on the bill to increase the export-import bank capital to $3,500,000,000.

Questioned by Taft, Crowley denied that a loan of a million of the expanded capital had been pledged to Russia, but he added that he would not call this an unreasonable sum to help the USSR in the next year of reconstruction.

Wreck Victims Said Improving

Condition of Dr. and Mrs. M. C. Overton of 2523 Twenty-first, who were injured in an automobile accident Monday night near Raton, N. M., was reported good last night from Miners hospital in Raton.

According to reports received here, Mrs. Overton suffered two deep scalp wounds and contusions of the left side. Dr. Overton sustained a deep scalp wound, contusions of the head, lacerated upper lip and abrasions and bruises. None of the injuries was considered serious.

Car Hits Slick Spot

Returning home after a vacation at Colorado Springs, Dr. and Mrs. Overton were hurt when their automobile hit a slick spot in Raton pass and went out of control, a hospital attendant explained. A shower shortly before had wet the road.

A daughter, Mrs. Pete West of Lubbock, was at their bedside, having left Lubbock early yesterday morning. The couple was traveling in a car owned by Mrs. West. The machine was reported badly damaged.

Germans To Hang For Murdering Yank

FRIESING, Germany, July 17. (AP)—Two German police officers were convicted today and four other defendants acquitted by a U. S. military commission holding a trial for the murder of a Baltimore, Md., flier who parachuted from a burning bomber last December.

Albert Bury, police chief who testified he had ordered the shooting of T/Sgt. Donald Ley Hein, was sentenced to hang along with Wilhelm Haefner, the policeman who said he fired the fatal shot.

Senate Puts Okay On Vinson For Treasury

WASHINGTON, July 17. (AP)—The Senate today confirmed the nomination of Fred M. Vinson to be secretary of the Treasury.

The finance committee approved the nomination of John Snyder to be director of war mobilization.

Truman Presides As Big Three Holds First Session Of Parley

PRESIDENT TRUMAN IN BERLIN — President Truman is shown here with his aide, Brig. Gen. Harry H. Vaughn at Gatow airport in Berlin, on arrival for the Big Three conference at Potsdam, Berlin suburb. (Signal corps Radiotelephoto from NEA Telephoto.)

By DANIEL DE LUCE
Associated Press Staff Writer

POTSDAM, July 17 — The Big Three held the first full-dress session of their great victory conference at 5 p. m. today, and President Truman was invited to preside during the conference.

A joint communique issued by Truman, Premier Stalin and Prime Minister Churchill also said that during the meeting which lasted 1 1-2 hours during which "a preliminary exchange of views took place on the matters requiring decision by the heads of the three governments."

Jap War Ranks High

The war against Japan unquestionably ranked high on the agenda of the three governmental chieftains, their foreign secretaries, and military advisors.

The communique text:

"The Berlin conference of the heads of the governments of the United Kingdom, the United States of America, and the Soviet Union met this afternoon at 5 o'clock.

"By invitation of his two colleagues, the President of the United States of America will preside at the meetings of the conference.

"The preliminary exchange of views took place on the matters requiring decision by the heads of the three governments.

"It was decided that the three foreign secretaries should hold regular meetings with a view to preparing the work of the conference."

Subject Not Indicated

There was no indication as to what specific "matters requiring decision" had been touched upon, or how strongly, at this first parley in which Missouri-born Truman occupied the chair once reserved for the late President Roosevelt.

It was generally considered by observers, however, that out of more than a score of major problems varying from occupation policy to setting the date of the peace conference, the most importance was attached to whether Stalin will change Russia's role in the Pacific war from a passive to an active ally against Japan.

The communique was issued to correspondents shortly after 11 p. m. at a special meeting. Other than its brief wordage, the only added comment from the American officer who read it aloud was to stress that it was a joint communique from the heads of all three governments.

"Please don't assume that it's strictly an American announcement," he said.

Confers With Chiefs

Whether the opening session devoted much attention to the Pacific war problem was not known, but as soon as it ended, Truman conferred during the dinner hour with Secretary of War Henry Stimson, Admiral Ernest F. King and Generals George Marshall and H. H. "Hap" Arnold.

There was a minimum of formality as President Truman, Premier Stalin and Prime Minister Churchill opened their discussions which may secure the peace of Europe, speed victory over Japan and settle the basis of the German peace treaty.

Early defeat of Japan was reported to be a primary purpose of President Truman.

Strict official secrecy was maintained around the meeting site—the Kaiser Wilhelm palace.

Truman Meets Stalin

Stalin met President Truman for the first time at noon in an hour-long conference at the "Little White House" and shared a simple, mid-western style luncheon with him.

Churchill entertained Secretary of War Stimson at luncheon, and was believed to have discussed the Pacific war with him.

An unconfirmed rumor said Stalin came here ready to make definite commitments concerning the Pacific war. Churchill's

Scores Hurt As Fire Wrecks Great Lakes Cruise Vessel

SARNIA, Ont., July 17. (AP)—Fire swept the cruise ship Hamonic at a dock here today forcing 350 passengers and crew members to scramble over her sides to safety.

The list of those injured in falls, sliding down ropes or suffering from burns was expected to exceed 150. Nearly ten hours after the fire broke out, no loss of life had been reported.

Now A Smoking Hulk

Tonight the Hamonic lay, a smoking hulk, her superstructure burned away and her bow jammed into the St. Clair river bank.

The flames razed 1,000 feet of two-story Canadian National railway storage sheds and destroyed 12 loaded and 21 empty freight cars.

George Andrew, harbor master at Point Edward, where the Hamonic had docked this morning to take on cargo, estimated total damage from the fire would reach $2,000,000.

The 5,265-ton Hamonic, 360 feet long and one of the larger Great Lakes passenger - freight ships operated by the Canada Steamship Lines, left Windsor, Ont., and Detroit last night enroute to Duluth, Minn. Aboard were 220 passengers and 130 crew members.

Explosion Starts Fire

Shortly after the Hamonic docked at Point Edward, while loading operations were under way, an explosion occurred in a gasoline engine on the dock. Flames "spread terrifically fast," a loading crew foreman said, shooting to the roof of the sheds and then leaping to the Hamonic's upper deck.

Aboard the Hamonic, Capt. Horace Beaton, in command of the 37-year-old craft, ordered mooring lines severed and the liner backed downstream about 100 yards. Staying on the bridge with flames leaping about him, Capt. Beaton, rammed the Hamonic into the river bank.

MRS. CLARA DRISCOLL

Death Claims Mrs. Driscoll

CORPUS CHRISTI, July 17. (AP)—Mrs. Clara Driscoll, former National Democratic committeewoman from Texas, died at her home here tonight. She was 64.

She was a sister of the late Robert Driscoll, jr., prominent South Texas financier, and was president of the Corpus Christi Bank and Trust Co., and owner of the Driscoll hotel here.

"Savior Of Alamo"

Throughout Texas she was known as the "Savior of the Alamo" for her work in preserving the Alamo as a permanent Texas shrine.

Mrs. Driscoll was one of the state's outstanding political figures for more than 15 years. But her work as National Democratic committeewoman was only a part of a varied career.

She was well known as a business woman, a generous philanthropist, author and a notable contributor in many ways to the state of Texas. Funeral plans had not been announced tonight.

Redeployment Of Troops In Europe

PARIS, July 17. (U.P.)—Today's redeployment timetable of U. S. Army divisions:

Fourth, 8th, and 87th Infantry: In United States.

Second Infantry: On high seas, units should start arriving in United States early next week.

Fifth Infantry: On high seas, should reach port in about a week.

Forty-fourth Infantry: Scheduled to reach New York on Queen Elizabeth Thursday.

Thirteenth Armored: Began moving out of Le Havre last week-end, entire division scheduled to be out by Thursday.

Twentieth Armored: Advance party on high seas, remainder being processed in Le Havre staging area for embarkation late this week.

Twenty-eighth Infantry: Advance units on high seas, main body moving into Le Havre staging area today.

Thirtieth Infantry: Advance party scheduled to clear Le Havre soon, bulk of division being processed at Camp Oklahoma City, Reims area.

Thirty-fifth Infantry: Advance party being processed in Reims area, main body slated to arrive tomorrow.

Forty-fifth Infantry: Advance units being processed in Reims area, remainder scheduled to arrive there next week-end.

Advance parties of 44th, 2nd, and 5th Infantry and 13th Armored in United States.

Gas Bomb Throwing Referred To Austin

CHILDRESS, July 17 (AP)—The State Guard tear-gas bomb throwing episode here Saturday night has been referred to Austin.

Lt. Col. Morris Higley, commander of the 41st battalion of the guard, said today the investigation has been turned over to the adjutant general.

The bomb was tossed during a parade of the battalion.

A large shipment of watches just received. King's Jewelry.—Adv.

Vets Of European War Reach Luzon

MANILA, Wednesday, July 18 (AP)—More than 4,200 American veterans from Europe—first service troops sent directly from the European theater to the Pacific—were in their new camp 35 miles south of Manila today.

The 4,275 vets of Africa, Sicily and Italy landed on a muddy dock at dawn Tuesday, welcomed by two bands. These troops represented nearly all service branches of the Fifth Army. They comprised four companies of white soldiers, the remainder negroes.

Today's Official War Casualties

TODAY'S TOLL (Official Casualty releases):

DEAD

PM 3/c William Arnold Helms, USNR, son of Mr. and Mrs. Palmer D. Helms of Floydada. Previously reported prisoner of war.

WOUNDED—Pacific

Cpl. Laddie Lynn Brownfield, USMC, husband of Mrs. Wanda F. Brownfield of Brownfield.

Pfc. Billy Edward Fenley, USMCR, son of Mr. and Mrs. Roy Fenley, 409 Ave. T, Lubbock.

Cpl. Clifford L. Crawford, husband of Mrs. Zorada L. Crawford, Seagraves.

Planes Smash Over 100 Jap River Ships

By SPENCER DAVIS
Associated Press Staff Writer

MANILA, Wednesday, July 18. —Mariner patrol planes of the U. S. Seventh Fleet wrecked more than 100 river ships in attacks at Amoy, Swatow and the Hong Kong area of China, Gen. Douglas MacArthur announced in today's communique.

A headquarters spokesman said there was no indication of enemy evacuation attempts in the river craft.

Over 200 Sorties

Bombers and fighters of the Fifth and Seventh Air forces flew more than 200 sorties Sunday over Kyushu, southernmost Japanese home island, and small islets leading south to their Okinawa base.

More than a score of Seventh AAF Liberators pounded the enemy airdrome at Usa, industrial town where imitation American articles are manufactured. More than 35 Mitchells and 30 Thunderbolts of the 7th AAF delivered a sizzling attack on Tomitaka airfield on the east coast, causing fires and explosions by a low level bomb raid. One Japanese plane was shot down by Mustangs as it took off from burning Kuamamoto runway

Two Thunderbolts Lost

Thunderbolts strafed and damaged a locomotive as they escorted Liberators on bombing runs. A tug and three barges were fired and damaged at Cap Mi harbor on the west coast.

Two Thunderbolts were lost to enemy action.

The Mustangs continued their daily neutralization strikes over Formosa Sunday with an attack on Takao, while a 5th AAF Liberator bombed Mako naval base in the Pescadores.

A Navy Liberator strafed Japanese troop concentrations 50 miles northeast of Swatow, causing a number of casualties.

A dozen 5th Air force Liberators bombed Honan island arsenal and Tienho airdrome Sunday, causing one large fire and one big explosion as well as smaller fires.

AUSSIES MEET STUBBORN RESISTANCE ON BORNEO

MANILA, Wednesday, July 18. (AP)—Australian ground forces on Borneo, measuring their advance in yards, continued today to meet stubborn Japanese resistance as they pushed northeast from Balikpapan.

They were on the main highway to Samarinda, some 60 miles ahead, Gen. Douglas MacArthur reported in today's communique.

The Australians put Seppinggan airfield into use, little more than a fortnight after its capture.

Stalled Near Sambodja

Stiffening resistance also appeared to have stalled an Australion column Monday on the outskirts of the Sambodja oil fields.

For the second consecutive day, sharp patrol activity marked the campaign to win control of Borneo's most productive oil lands.

Seppinggang airdrome, whose 4,620-foot runway is capable of expansion to 12,000 feet, will provide a base for Dutch-piloted Mitchell bombers, the Royal Australian Air force announced, as well as for other Allied bombers and fighters.

Houston OPA-Grocers Battle Still Raging

HOUSTON, July 17. (AP)—Houston housewives today were caught in a cross-fire of appeals for public support from the Harris county ration board, and implied threats by a spokesman for an independent grocers association that stores will refuse to sell food to customers who testify against them in cases of alleged price violations.

Yesterday the ration board, shortly after a federal grand jury here no-billed eight meat wholesalers charged by the OPA to have engaged in "black market" activities, said the maintenance of price regulation would have to depend upon public support.

K. C. Barkley, attorney for an independent association of some 100 grocers replied that all such charges should be brought before an open court, and added that grocers should then feel entitled to deny service to anyone appearing against them.

The bitter controversy between independent grocers and the OPA flared last week when customers of three stores were asked by OPA investigators to have their purchases reweighed and rechecked.

U. S., British Sea Giants Shell Industrial Plants Near Tokyo

YANKS BATTER JAP HOME ISLANDS — While the Japs prate of a "counter-strategy" waiting for the "decisive moment to smash the enemy, beyond his ability to recover," American and and British sea and air might continue to pound the home islands of Honshu, Kyushu and Hokkaido. Warships and carrier planes have levelled many towns along the coast, some ships pulling in as close as 1,000 yards from shore.

Raid Follows Carrier Blow

By HAMILTON W. FARON
Associated Press Staff Writer

GUAM, Wednesday, July 18.—The British Battleship King George V and her escorting ships joined the U. S. Pacific fleet's 45,000-ton dreadnaught, Iowa, and other powerful warships in a great bombardment force to shell copper and war industry plants at Hitachi, only 80 miles from Tokyo, early this morning.

This was the first time British men o'war had fired shells into the Japanese homeland.

Japs Report "Slight Damage"

(The Japanese Domei agency, acknowledging the bombardment of the Hitachi area hours later said it extended as far southward as Mito, only 55 miles northeast of Toyko. The English-language broadcast beamed to North America described the force, however, as "a small number of surface craft" and said the assault caused "only slight damage."

(The enemy radio also said "a small number" of Superforts were ranging over the northeastern Kanto (Tokyo-Yokohama) district "on a nuisance night raid mission" while the bombardment was in progress.)

Follows Carrier Strike

The bombardment followed only a few hours a 1,500 carrier plane attack on the Tokyo region, extending northeast to Hitachi, by aircraft launched from the world's most powerful naval force, the combined U. S. Third Pacific and British Pacific fleets.

The great battle line, including some of the most devastating battleships of both the American and British navies, stood off the eastern Honshu coast in a rainy, misty night, steadily throwing their 2,700-pound 1-inch shells into Hitachi's highly concentrated aircraft, electrical and diesel engine plants and copper smelters.

Correspondents watching the thrilling show from aboard Adm. William F. Halsey, jr's. warships reported the dreadnoughts closed to within about six miles of shore.

No Jap Opposition

The Japanese offered no opposition.

The attack was begun about midnight Tuesday, Japanese time (10 a. m. Monday, cwt) and continued two hours.

Overhead, British and American carrier planes flew a protective escort but their defensive cover proved unnecessary. The Japanese still declined to attack the world's

Mutinous Jap Puppets Help Chinese In Capture Of Port

By SPENCER MOOSA
Associated Press Staff Writer

CHUNGKING, July 17. — Chinese troops, in a new invasion of Indo-China aided by mutinous Japanese puppets, have captured the important Indo-Chinese seaport of Moncay on Tokyo's direct shipping supply route to land-isolated southeast Asia, the Chinese high command said tonight.

In the Chinese interior, other forces of Generalissimo Chiang Kai-Shek's armies beat their way into the suburbs of the former American air base city of Kweilinand cut the enemy garrison's main escape route to the north, a communique said.

Would Be Seventh

If the Chinese recapture Kweilin, with its three airfields, it would be the seventh U. S. 14th Air force base to revert to American-Chinese control in recent months. Targets of American bombers, however, indicated that the Chinese may have lost again the base at Suichwan, 290 miles north of Hongkong.

Moncay, in the extreme northeast corner of Indo-China on the Gulf of Tonkin, was a favorite overnight sheltering-place for Japan's supply boats sneaking along the South China coast to supply 200,000 beleaguered enemy troops in Indo-China, Malaya, Thailand and Burma.

The Chinese occupied Moncay after a mutiny of puppet troops in the Indo-China border town of Tunghing July 7, the Chinese reported.

Last Highway Link

The occupation of the port, apparently only lightly garrisoned, severed the enemy's only remaining, tenuous overland highway link betwen Indo-China and China. It also widened the new Chinese corridor to the south China coast, the only link between the interior and the sea.

Adding to the disruption of Japan's sea supply routes to southeast Asia, U. S. 14th Air force fighters winged from inland bases to the Indo-Chinese coast yesterday and blasted enemy shipping from Moncay 96 miles southwest to the bigger port of Haiphong.

Other Chinese attack troops, operating along the China coast 210 miles east of Moncay, recaptured the coastal highway town of Tinpak, 165 miles southwest of Canton, recutting Japanese communication lines between Canton and the Luichow peninsula, the high command said.

Further Travel Restrictions Set

WASHINGTON, July 17 (AP) — The armed forces today got first call on virtually all of the nation's railway passenger cars.

The Office of Defense Transportation has placed all passenger coaches, baggage and express cars in a big pool to be available on demand for the use of the armed services.

The action does not automatically curtail service available to civilians, but sets up the mechanics for making more passenger equipment available for use in the redeployment of troops from Europe to the Pacific. And in the end, the agency emphasized, there will be less equipment for civilian use.

30,000 Cars Affected

The order, which affects more than 30,000 cars of various kinds, provides that they be used for such purposes as the ODT may direct.

This means that the agency may order any car affected by the order into any service. And as the impact of redeployment increases, ODT said, it probably will become necessary at times to cancel regularly scheduled passenger trains.

However, Vice President C. H. Buford of the Association of American Railroads said "an effort will be made to select equipment in a way that will avoid the need for discontinuing regular trains outright."

Negro Convicted In Manslaughter Case

PYOTE ARMY AIR FIELD, July 17 (AP)—The Pyote Army Air field pubic relations office said today that Pvt. Tommie Lee Butler, 24, Tyer, Tex., negro, had been convicted by an Army general court martial on a charge of manslaughter in the death of Leonard Jiminez, 45, a laborer.

The statement said Butler was sentenced to three years at hard labor, to forfeit all pay and allowances, and to be dishonorably discharged from the Army.

Jiminez was killed by a blow on the head from a bottle at Odessa May 20.

The announcement said the court martial sentence was reviewed and approved by Maj. Gen. Robert B. Williams, commanding general of the Second Air force.

QUEEN BEARS SON

LONDON, July 17. (AP)—Queen Alexandra of Yugoslavia gave birth to a son tonight and a communique issued by the office of King Peter said "both the queen and the royal crown prince are doing well."

New York Newspaper Workers End Strike

NEW YORK, July 17 (AP) — News-starved New Yorkers grabbed for their newspapers today and—as a strike of delivery workers ended—got them for the first time since June 30.

Distribution was nearly normal a few hours after the newspaper and mail delivers union voted to return to work.

"Papers'" people exclaimed as newsstands filled and quicky were emptied. Circulation had been limited to over-the-counter sales at newspaper plants during the strike, yet reached about one-fifth of the 5,600,000 daily normal average.

MUTINY MAY BE STARTER

CHUNGKING, July 17.—(AP)—Chinese observers believed today that the mutiny of Japanese puppet troops which led to the Chinese capture of the Indo-Chinese port of Moncay might be a foretaste of possible widespread insurrection in Japanese-occupied territory.

Swing to King's for Diamond Rings. King's Jewelry.—Adv.

British Heavies May Join Fight

GUAM, Wednesday, July 18. (AP)—A British heavy bomber force may be assigned to the war against Japan.

This was disclosed today in an announcement by the U. S. Army strategic Air forces (USASTAF) headquarters at the conclusion of a series of conferences between British Air Marshal Sir Hugh Lloyd and Lt. Gen. Barney M. Giles, strategic air froces commander, at the latter's headquarters.

Subjects Involved

The announcement said the conferences involved primarily discussions of "the possible assignment of a British bomber force to work under USASTAF."

With Lloyd were seven staff officers representing the British and joint chief of staff. Among them was Group Captain J. G. Gordon-Finlayson, who has been assigned as liaison officer to USASTAF. Lloyd and others are enroute to Washington and Great Britain.

OPA Finally Locates An 'Honest' Motorist

HIAWATHA, Kas., July 17 (AP) All letters to the OPA's rationing board are not critical or demanding.

Here's one from G. H. Lewis, of Hiawatha:

"Dear sirs:

"I am sorry to have troubled you about tires but I am not now employed in work that entitles me to a 'B' card. I am returning certificate No. B3626654 and ask you to please send me an 'A' sticker for my car."

The Weather

WEST TEXAS: Partly cloudy Wednesday and Thursday.

NEW MEXICO.—Partly cloudy with widely scattered showers and thunderstorms mostly over mountains Wednesday and Thursday; little change in temperature.

Readings recorded by West Texas Gas company during past 24 hours:

1 a. m.	74	1 p. m.	91
2 a. m.	73	2 p. m.	93
3 a. m.	72	3 p. m.	94

Maximum 96, minimum 69.

Japs Await 'Decisive Moment' For Use Of 'Counter-Strategy'

SAN FRANCISCO, July 17. (AP)—Tokyo radio claimed today that Japanese arms have a "counter-strategy" for the relentless American fleet and aerial bombardment which has hit Japanese industrial targets for the third time in four days without so much as a chopstick reported raised in opposition.

The Japanese Domei news agency stated in a broadcast recorded by the FCC that "our forces are waiting for the decisive moment to smash the enemy, beyond his ability to recover."

"It is vitally necessary that we preserve our strength and strike with lightning effect," Domei said. "We must not move until the time is ripe. We must not play into the enemy's hands."

Admitting that Kyushu island is within reach of land-based American planes from Okinawa and Iwo Jima and that B-29s repeatedly rake the empire as far north as the Kanto district, Domei offered this thought: "This bluntly reveals the seriousness of the war situation."

Another Tokyo broadcast said that Premier Kantaro Suzuki saw the emperor at the unusual hour of 5 p.m. today to report on "general administration" after a cabinet meeting lasting more than two hours.

This step attracted attention despite Suzuki's announced determination not to resign, because of military setbacks, in the manner followed by his two war-time predecessors, Hideki Tojo and Kuniaki Koiso.

Meanwhile Tokyo filled the ether with extensive speculation on the Big Three conference in Potsdam which it alleges will disclose serious differences between Marshal Stalin on one hand and Prime Minister Churchill and President Truman on the other.

Battering Of Japs Serves Stern Notice As Big Three Meet Opens

By KIRKE L. SIMPSON
Associated Press News Analyst

Reason rejects the notion that it may be mere coincidence that the "ultimate challenge" of combined Anglo-American seapower in the Pacific long ago foretold by Prime Minister Churchill is reaching its climax against Japan just as the Big Three are sitting down in conquered Germany for their victory conference. The thundering echoes of that most tremendous air and sea barrage in history are clearly audible half around the globe to sound a momentous overtone for the Potsdam deliberations. It could not have happened that way by chance; only by careful planning.

SIMPSON

It would need no word from Prime Minister Churchill, President Truman or their military advisory staff in Germany to convince Generalissimo Stalin of Russia that with or without direct Russian aid as a belligerent, such massed Allied power in the Pacific dooms Japan utterly. The roar of naval guns ripping Japanese coastal industrial centers to shreds as aircraft by the thousands sweep Japan at will is convincing evidence of her plight.

Regardless Of Typhoon

And it was all timed with an exactness in relation to the opening of the Big Three session in Potsdam, regardless of the typhoon season in Japanese waters, that forbids a conclusion its Allied authors did not have that in mind. American press observers closest to that all important gathering of the American, British and Russian highest command reflect the conviction that the war in Asia stands high on its agenda if not in the top spot, and that from it may flow first clarification of Russia's role in the Asiatic struggle.

Certainly if Russia is to play any other part than that of a neutral benevolently inclined to the allied cause against Japan, the time and the place for its disclosure is at hand.

Young Suspect Held In Bludgeon Slaying

LAREDO, July 17. (AP)—A 17-year-old youth was arrested here today upon request of Port Arthur officers for questioning in the bludgeon death of J. I. Pruitt, night watchman for a Port Arthur police detective chief, said robbery apparently was the motive since a canvas money bag containing about $270 was missing.

The youth was arrested as he stepped from a San Antonio bus. Two other youths were reported under arrest at Port Arthur.

Marine Gets Award For Barging In And Cleaning Up Pillbox

NEW ORLEANS, July 17. (AP)—Marine Pfc. D. A. Carson of Texarkana, who charged a pill box on Iwo Jima, grabbed an enemy machine gun, and pulled it from the embrasure, has been awarded the Navy Cross, the Navy said today.

Carson, now convalescing at the U. S. Naval hospital here, was serving with a Marine infantry battalion on Iwo Jima on March 1, his citation asid.

When his assault squad and an attached machine gun squad had suffered severe casualties and were pinned down by machine gun fire from an enemy pill box, Carson crawled 30 yards through deadly fire to a position close to the side of the pill box, the citation related.

Jap Grenades Fail

The enemy attempted to prevent his reaching it with a barrage of hand grenades.

Carson charged the pillbox and, grasping the enemy machine gun by the barrel, pulled it from the embrasure, enabling the remainder of the squad to advance and annihilate enemy resistance in the squad's sector.

A native of Texarkana, where his parents, Mr. and Mrs. Cullen A. Carson, now live, the 23-year-old Marine enlisted in the service in Sept. 1942. He participated in the invasion of Vella Lavella and Bougainville in the Solomons, in 1943.

Hard To Compare Then

"It's hard to compare the two," he says. "In the Solomons you had to fight jungle and Japs, and those Nips were hidden so you could never find them . . . It was perfect for their snipers . . . I like to see who I'm fighting. At 'Iwo' they were dug in too, but it was in caves and underground dug-outs; you knew they were there, but you couldn't shoot 'em. . . . Had to either burn 'em out with flame throwers or set demolition charges and blow them out."

When Carson's D Company of the Second battalion, 28th Marines, landed on Iwo on the morning of D-day in the 8th wave, the Japs had found the range effectively, and many of the landing craft, LCVP's and LVT's mostly, were being badly shot up.

But They Got In

"We got in all right, though," Carson says. "Our objective was Suribachi hill, where we later held that flag raising ceremony that's so famous now. Once we got that, we were to relieve the 27th Marines, who had come in earlier, and were further inland.

Carson was wounded on D-plus 5, when a bullet passed clear through his thighs and hips. He says he wants to go to school after the war.

"That's all that's been on my mind these past months. . . . I want to study aeronautical engineering and get my college degree," he says.

Carson has an older brother, J. D. Carson, a sergeant in the Army Air corps.

HITLESS WONDER — Fifty times at bat—no hits, no runs, no errors. That's record of disconsolate S/Sgt. Walter J. Szulborski, above, pictured beside a 50-caliber machine gun he manned on 50 missions during 250 hours over Europe's toughest targets—and never fired a shot. Szulborski, hailing from Bethlehem, Pa., now is at Langley Field, Va., ready to hop to the Pacific for another try.

TEXANS "RAISED"

DALLAS, July 17. (AP)—The National War Labor board has approved a 10 cent per hour increase for 600 Textile mills employes in Dallas, Waco and McKinney, the regional board announced here today.

The national board's action overrules an action by the Dallas board which previously had ordered at 7½ cent increase.

Civic Center Vote In Fall Likely

Civic center project, city auditorium or coliseum — a question mark before Lubbockites at present will probably come before the taxpayers at an election this fall.

That was the concensus today of members of the civic center committee, appointed several weeks ago by Mayor O. W. Ribble to "carry the project through to disposal."

Members of the committee have been meeting regularly since that time, assembling information on the project and carefully studying Lubbock's needs. Included in the information assembled is a cross-section of ballots sent in by Lubbock citizens regarding the type of project they believe Lubbock needs and should have; data from scores of other cities which have similar projects and information on their operation problems.

To Seek Information

In a meeting at City hall last night, the committee decided to make an additional step in the search for information on auditorium-coliseum projects by making visits to various places where they are located. Cities to be visited include Amarillo, Oklahoma City, Tulsa, Little Rock, Memphis, Chattanooga, Gadsden, Ala., Birmingham, New Orleans, Beaumont, Houston and San Antonio.

Present plans call for every member of the committee to make the trip which is expected to get under way the first part of September. About ten days will be required for the visits.

Upon return from the inspection trip, each committee member will express his views on the type of project needed for Lubbock and W. T. Strange, architect, is to incorporate them into specific plans.

Location Is Issue

Another issue to be settled will be the possible location of the project or projects as the case might be and the committee also plans to submit recommendations on this at the same time the entire proposal is drawn up for the voters.

W. C. Wood is chairman of the committee studying the project. He is also president of the Kiwanis club, one of the original sponsors. Other members are: C. W. Ratliff, secretary; Mayor Ribble, City Manager Marlin R Smith, City Commissioner Fred H. Childress, J. D. Hassell, Jas. L. Quicksall, and Strange.

WACs To Be Operators At Big Three Session

WASHINGTON, July 17. (U.P.)—Twenty-seven WACs have been assigned to telephone switchboard duty at the Big Three conference at Potsdam, the War department reported today.

The WACs, members of the 3341st signal service battalion include: Pfc. Guadalupe H. Torresn, Laredo, Tex.

Bridal Couple Lose Their Travel Funds

BOSTON, July 17. (AP)—Seabee Herbert Straach of Texas and his bride of three days, the former Alice Fanama of Lynn, were en route to Fort Worth today minus one of their wedding gifts—$480 in cash given them by relatives and friends.

After the wedding Saturday the couple came to Boston by bus, thence to a hotel by taxi. There they missed the money. Straach explained that because his Navy uniform pockets were too small to carry the cash he gave it to his bride who put it in her handbag.

"We've got just enough to make it to Fort Worth," he told newsmen after waiting in vain for the return of the cash.

Two U. S. Generals Decorated By British

WASHINGTON, July 17. (AP)—On behalf of King George VI, the Earl of Halifax, British ambassador, yesterday made Lt. Gen. Ira C. Eaker, chief of air staff, honorary knight commander of the military division of the most honorable Order of the Bath.

Eaker is from Eden, Tex.

Brig. Gen. William D. Old of Uvalde, Tex., was made honorary commander of the military division of the most excellent order of the British empire.

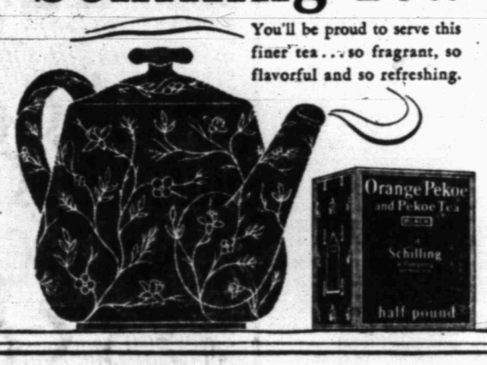

A postoffice worker in the southeastern section of London must be familiar with 6700 streets.

NAVY NEEDS WOMEN

DALLAS, July 17. (AP)—Heavy naval casualties in the Pacific resulting from the assault upon the ramparts of Japan have resulted in great need for women to join the Navy as Waves, Lt. Frederick J. Komenda of Houston said here today.

Hitler And His Sweetheart, Eva, Reported In Hiding In Argentina

CHICAGO, July 17 (U.P.)—Chicago Times Correspondent Vincent de Pascal has reported from Montevideo that he is "virtually certain" Adolf Hitler and his sweetheart, Eva Braun, are hiding in a German-owned estate in southern Argentina.

His dispatch was carried in yesterday's final edition of the times.

Landed In Patagonio

"From information just received from Buenos Aires," de Pascal wrote, "I am virtually certain Adolf Hitler and his 'wife' Eva Braun, the latter dressed in masculine clothes, landed in Argentina and are on an immense, German-owned estate in Patagonia."

De Pascal's information, which he said was received through "reliable channels," was that the one-time master of Germany was living on one of a number of estates in the desolate Patagonia area "purchased to provide sanctuaries for the Nazi overlords if, and when, their schemes for world conquest went awry."

Sub Later Surrenders

De Pascal said that the pair reportedly landed on a lonely shore from a German submarine which later surrendered to the Allies.

De Pascal wrote that there "certainly are enough Nazi sympathizers in Argentina who would jump at the chance to give a haven to the living symbol of Nazi socialism."

"In this connection," he added, "the utmost significance is now attached to the words of Gen. Basilo Pertine at a banquet on June 4: 'I am glad to announce that our friends are safe at last.'"

U. S. TO INVESTIGATE ARGENTINA REPORTS

WASHINGTON, July 17 (AP) — A State department spokesman said today that the U. S. Embassy in Buenos Aires will investigate reports that Adolf Hitler and Eva Braun are in Argentina.

In response to a question, the spokesman said that the embassy would look into the story, sent by a Chicago Times correspondent from Montevideo, that the pair had reached a solitary section of the long Argentine coast by submarine and are living on huge German-owned estate in Patagonia.

The correspondent, Vincent de Pascal, reported that he was "virtually certain" Hitler and Eva, the latter dressed in masculine clothes, landed in Argentina and are living on one of a number of estates purchased as sanctuaries for top Nazi officials "if and when their schemes for world conquest went awry."

The pair, de Pascal's dispatch continued, reported landed "on a lonely shore from a German submarine which supposedly returned to surrender to the Allies."

U. S. federal and state governments owned 102,783 motor vehicles in 1944, according to the OPA.

"No Strike" Pledge Is "Kiss Of Judas," Smith Says In Ad

AUSTIN, July 17. (AP)—Labor's "no strike" pledge during the war was called a "kiss of Judas" by Texas Lieut. Gov. John Lee Smith in a paid advertisement appearing today in the Austin American.

"The time has come to stop coddling treason," was the concluding phrase.

Harry Acreman, secretary of the Texas State Federation of labor, declined to reply to the Smith statement. "The viciousness of the advertisement and its own unreasonableness form its own answer," Acreman said.

Acreman said he had been told the same advertisement had appeared in Houston, Marshall and other newspapers, inserted by "a group who hadn't the courage to put their names on it."

Lt. Gov. Smith, Acreman said, was "mouthpiece for Texas Regulars who seek to kick Texas back from the progress it has made during the war."

Subsidies Asked For Sheep, Lamb Raisers

WASHINGTON, July 17. (AP)—Senator O'Mahoney (D-Wyo) offered legislation today to provide subsidies to sheep and lamb producers He said they need help to stay in business.

The bill would permit the Commodity Credit corporation to spend $50,000,000 a year so lamb prices to the producer could be raised 2½ cents a pound.

The RFC now may pay subsidies to lamb packers only.

The Senate approved O'Mahoney's idea in an amendment to the second deficiency appropriation bill but the House rejected it.

"Buy A War Bond TODAY"

Most Think $20-Per-Week Is Sufficient

U. S. Majority Puts OK On Federal Aid For Jobless

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J.—President Truman's recent proposal to Congress to augment the program of compensation for unemployed workers has the approval of majority opinion throughout the country. But the average weekly sum favored by the public is more conservative than the top sum proposed by President Truman.

The President suggested $25 a week as a maximum. The median average sum favored by the public is $20 a week.

GALLUP

And the farmers of the country would set the figure even lower, for almost half the farm population is opposed to the whole idea of government relief for unemployed workers. Any compensation bill in Congress is thus likely to meet its greatest criticism from the farm population.

The country's attitude toward government relief for the jobless was ascertained through interviews with men and women in all types of communities, representing a cross-section of the country. A total of 200 reporters or interviewers for the Institute conducted the questioning of several thousand persons. Each person interviewed was asked:

"Do you think the government should give money to workers for a limited length of time until they can find another job?"

The vote:

Yes	63%
No	32
No Opinion	5

There is considerable difference of opinion by occupation groups on this issue, with skilled, semi-skilled and unskilled workers most in favor, farmers least in favor

	Yes	No	No Opin.
Bus. and Prof.	58%	38%	4%
White collar	56	40	4
Farmers	50	42	8
Skilled and unskilled	72	22	6

When the public was asked how much per week should be given in the way of unemployment compensation for a man with a wife and two children, the median average figure, including those opposed to the principle of giving anything, was $20 per week. The median average sum named by farmers was $15, and by business and professional people, white collar workers, and manual workers, $25.

MERGER RECOMMENDED

WASHINGTON, July 17. (AP) — Civil Aeronautics Board Examiner E. Merritt Tuhlen today recommended that the board approve the merger of Southwest Airways company, Southwest Airways, Inc., and Southwest Airways corporation.

If the very first three doses do not relieve that cruel pain to your satisfaction—your money will be refunded. Don't suffer. See your druggist today and get NORITO on this guarantee. Adv

Optimists Hear Talk On Drivers Licenses

Lubbock Optimists heard Bob Stennett of the Texas Highway Patrols department public safety speak on statistics relating to drivers license tests in Lubbock and West Texas district at their regular Tuesday luncheon in the Lubbock hotel.

Of drivers examined in Lubbock district in June, a total of 4095 drivers only 38 per cent passed the examination, Stennett said. Fifty-one failed because of bad eyes, 110 for not recognizing highway signs; 907 for not knowing the rules, and many others were denied licenses for a combination of these reasons.

Presiding at the meeting was Cliff Elliott, vice-president. J. B. Morrisset program leader, introduced the speaker. Two new members, Dr. J. R. Harris and Hubert Stovall, were introduced.

Guests were O. W. Ribble and E .E. Minter.

Tear Gas Tossing To Face Investigation

CHILDRESS, July 17. (AP) — Lt. Col. Morris Higley, commander of the 41st battalion of the State guard, said today investigation into the tear-gas bomb throwing here Saturday has been turned over to the adjutant general in Austin.

The incident occurred while the battalion was parading here Saturday night during a maneuver in preparation for the Eighth Service command encampment in Amarillo next month.

British Women Eager To Come To America

LONDON, July 17. (AP)—British wives and sweethearts of American servicemen are inquiring at the rate of hundreds a day at the U. S. embassy about the quickest way to get to the United States.

The diplomats estimated there are abount 60,800 such women.

The Army estimates it will be at least nine more months before wives and finances can be shipped in large numbers.

(EDITOR'S NOTE: Jeane Engle of the reportorial staff is pinch-hitting today for Margaret Turner, who is on vacation.)

* * *

IF you are tired of your rayon hose sagging at the knee and if your wartime girdle rips and binds, fret no more. Thanks to a University of Texas analyst, you no longer have to get along without nylon products just because nations decided to throw their weight around.

* * *

Elmer H. Johnson of the University's bureau of business research has found out how to make nylon. He has a formula so simple that any housewife can stir up a batch in her own kitchen. Johnson has discovered that nylon is a typical polyamide. The starting material is benzene. Benzene is converted to phenol, which is hydrogenated to cyclohexanol. Cyclohexanol is dehydrogenated to cyclohexanone, which is converted by oxidation to adipic acid. Part of the adipic acid is converted to the desired diamine, by addition of ammonia. The diamine by condensation polymerization with adipic acid yields nylon.

* * *

tee?

* * *

In other words, you just take a can of benzene, the colorless liquid you clean clothes with—it comes from coal, by distillation; alternately toss in and yank out a few oxygen atoms and a few hydrogen atoms until you have a fatty acid known as adipic acid; to part of this conglomeration you add ammonia, then whip up the whole thing together, and presto, you have nylon! Pour out and mold into desired shapes—like hose, girdles and yards of material.

* * *

All of which is a silly new way of saying, "Nuts to rayon hose."

* * *

But this is no joke: A Filipino girl actually wrote an American friend recently asking for a pair of nylon hose, size 9, please.

* * *

Here is an opportunity for you to be of real service to soldiers at South Plains Army Air field. They need magazines of all kinds for their day rooms at the field. If you will call special service at SPAAF, a driver will be around to pick up the periodicals.

* * *

If you've been told that you should read "Forever Amber" because of its historical value, don't believe a word of it. This writer fell for that "line" too and discovered she didn't give a hang about the economic and political problems of England during the reign of Charles II. You can't see the history for the hussies, or the historical background for the foreground . . . namely the heroine, Amber, who knew of more ways to seduce a man than a Powers model.

* * *

Maybe you didn't know: During the occupation of the Philippines, the farmers fared much better than their city cousins. The farmers sold their products at inflated prices, also as a result, they had more money than at any other time in their lives. Like all newly-rich, they bought such fineries as pianos, heavily carved furniture and even electrical gadgets which they had no use for. They raised their own food and in general had little to worry about.

Parties Are Given To Honor Mrs. Burrows And Miss Virginia Bondurant, Bride-Elect

MOTOR CAP . . . A steal from the Gay Nineties, scaled to fit the junior purse.

STOVEPIPE CLOCHE . . . Effective date bait. Colors to match any dress you own.

First of week parties are being given to honor Mrs. Coy L. Burrows, bride, and Miss Virginia Bondurant who will marry Calvin Webb, PhM 2/c Saturday.

A yard party was given Tuesday night at the W. F. Eisenberg home at 2214 Sixteenth by Mesdames Eisenberg, W. T. Fain and Misses Betty Eisenberg and Patricia Fain for Miss Bondurant.

Mrs. C. R. Woolsey and her daughter, Alice Ann, entertained Tuesday morning with a coke party and personal shower to honor the bride-elect. Blue bells and daisies were used to decorate.

Guests were Misses Janet York, Robin Leftwich, Maurine Leftwich, LaJuanda McLeod, Gene Harvey, Mary Jones, Temple Joyce McAfee, Jo Ribble, Sue Standefer, Ava Stangel, Ruth Parkhill, Jane Hiatt, Betty Hallmark, Betty Eisenberg, Patricia Fain, Charlotte Carter, Amelia Ann Pryor, Marilyn Claiborne, Beverly Giles, Betty Cope, Martha Sue Sheeley Betty Jim York, Joe Ann Bailey, Jane Lawson, Carol Krueger and Mesdames Jeff Lewis and Eunice Bondurant, mother of the honoree.

Monday afternoon, the bride-to-be was honored at a tea and miscellaneous shower given in the cadet lounge of Hilton hotel.

Bride Honored

Mrs. Coy L. Burrows who was Miss Marijane Grace before her marriage Sunday was guest of honor at a farewell party given Tuesday night by Mrs. Otis Felty and her daughter, Patsy, in their home at 2103 Sixth. Lt. and Mrs. Burrows are going to Nebraska.

Guests played bingo and prizes of kitchen utensils were given to the bride. Favorite recipes were written for the bride. Miss Norma Yozbick presided at the guest book.

The list included Misses Jackie Mueller, Betty Dennison, Jean McKinzie, Dorothy Stinnett, Barbara Tatum, Jane Gordon, Frances Hawn, Margene Fry, Rue Copeland, Dorothy McKelvy, Dorothy Black, Betty Vaughn, Merle Pipkin, and Mesdames Meade Meacham, Perry Burrows, C. H. Grace, Glenn Smith, Odell Hughett and Fred Mueller.

Parliamentary Law Course Opens Here

Mrs. H. F. Goedeke, parliamentarian expert, told 19 women of the Lubbock county home demonstration council that "Knowledge of correct parliamentary procedure is one of the finest things to prevent friction among club workers," when she lectured at opening session of a five-weeks course in parliamentary law.

Origin and need of parlimentary law, justice, order, protection of the minority, majority rule, room for debate, and treasury reports were explained by Mrs. Goedeke. Following her lecture a demonstration, employing methods suggested by Mrs. Goedeke, was staged by class members for practice purposes.

Each class member will serve in an official status, at some time during the course, and women will be elected at each meeting to preside for following class session.

Classes will be held each Tuesday and Thursday at 10 a. m. in room 26 of the Texas Tech library building. Mrs. Goedeke will teach all classes and Mrs. O. R. Copeland will be in charge of course arrangements.

Labor Troubles Plague Plants

(By The Associated Press)

An estimated 220 employes of the production department in General Tire and Rubber company's new Waco, Tex., plant and 8,000 workers for Pennsylvania shipyards at Beaumont were off the job Tuesday because of labor disputes.

Those instances were two of four disputes disturbing the Texas labor picture. The Eighth Regional War Labor board has summoned representatives of the Sinclair Rubber company plant in Houston, and of its union employes, to show cause hearing at Dallas at 3 p.m. Wednesday. Sinclair's employes have voted to strike unless differences with the company are settled.

Back On Houston Jobs

At Houston work was resumed in the meat killing department of the Houston Packing company. G. L. Childress, company manager, said "a fair percentage" of 40 men who walked out Monday had returned to work. The walkout occurred as the company and local 103 of the AFL meat cutters union was negotiating a contract, Childress said.

The Waco employes failed to show up for work Tuesday morning. It was the second day of the Pennsylvania shipyards dispute. The Sinclair workers, members of Local 227, Oil Workers International union, CIO, voted 361 to 129 in favor of a strike stand. The WLB asked both Sinclair and the union to show cause why "vital war production should be interrupted."

United Rubber Workers (CIO), asserting that it has 96 per cent of production workers at General's Waco plant as members, has asked an immediate election on a bargaining representative. Local AFL pipefitters and electricians unions intervened at a NLRB hearing at Waco last week against the CIO request.

Infant Struck For Denying Bottle Dies

KANSAS CITY Mo., July 17. (U.P.)—Police summoned to the home of a railroad clerk today found the bruised body of six-month-old Vineta Shirley Louthan.

The mother, Mrs. Annie Louthan, 25, told officers that the baby died shortly after midnight but that she had waited for her husband, Gilbert Louthan, also 25, to return from his night job before summoning officers.

Lt. Charles Welch, head of the police homicide unit, quoted Mrs. Louthan as saying the father struck Vineta several times with his hand Sunday night when she "cried and refused to take her bottle."

Welch said the child's body showed bruises on both body and head. The bruises on the head, he said, were attributed by the mother to a fall suffered last night.

The couple also are the parents of a son, Vernon Leroy, 18 months old. Welch said the older child's nose showed bruises when the trio was taken to police headquarters today.

There are more than 128 species of land birds in the Solomon Islands.

'Lost' Report On Pan-Am Highway Uncovered By Senate Committee

WASHINGTON, July 17. (AP)—Senate war investigators heard today that the Army general staff was three or four months learning of its chief engineer's opinion that continued work on the Pan-American highway would interfere with the war effort.

Lt. Gen. Eugene Reybold, chief of engineers, told the war investigating committee that he reported to the director of requirements division, Army Services forces, on April 9, 1943, that "it is not believed that work already done has been carried out without interference to the war effort, or that work remaining to be done can be accompanied without such interference."

Report "Found" Later

Brig. Gen. K. T. Hertford, representing the general staff, said it knew nothing of this opinion until it was "found" some time between July 3 and Aug. 29, dates when a study was begun and concluded of revisions in the military program.

Chairman Mead (D., N. Y.) commented: "It seems unbelievable that a report which would close a great project would simply be made and filed." Mead asked that the Army present witnesses at a session Friday who could tell "what happened between April 9 and Oct. 31."

The highway project finally was shut down on Oct. 31 after the War department had spent $42,715,591 on it.

900 Miles Involved

It involved construction of 900 miles of highway between the Mexican-Gautemalan border and the Panama Canal to provide an overland route for movement of defense supplies to Panama. The War department originally estimated it could be done for $14,714,000.

Previous testimony had brought out that General Dwight D. Eisenhower, then deputy chief of staff, opposed undertaking the project during the war. It was approved July 4, 1942, by the general staff after Eisenhower was ordered to his overseas assignment.

The recommendation for it came from the Army Service forces, headed by Lt. Gen. Brehon. B. Somervell.

Asked Appropriation

Senator Ferguson (R., Mich.) brought out by questions that Reybold asked a $6,000,000 appropriation for the highway project subsequent to his April 9 opinion it was interfering with the war effort.

"Did you tell the (Senate) appropriations committee it was interfering with the war effort?" Ferguson demanded.

"No sir," Reybold replied.

Mead asked who was head of the service forces' requirements division at the time of Reybold's opinion. Hertford said he did not know.

"Why didn't you stop the project then?" Ferguson asked Reybold.

"I'm not the stopping authority," the general replied.

Albatross Credited For Good Luck Of Destroyer's Crew

ABOARD A U. S. DESTROYER, Western Pacific. (AP)—This tough, useful little warship started on the first of its four major battle operations sheltering a "good-luck" albatross and later it had chickens for mascots.

The destroyer, which has seen action in the Marianas, the South Pacific, in the Philippines and out this way, never has been hit. Her crew thinks that the albatross had something to do with it.

J. Alfred "Whitey" Hould, chief quartermaster, of Manchester, N. H., explained while a group of men stood in the cool of the breeze on the destroyer's fantail. He said:

"One night an albatross circled us a couple of times and then landed on the superstructure. That bird stayed with us all night and took off the next morning. They say if an albatross stays overnight on a ship the ship will be lucky and that's the way it was with us." The men nodded agreement.

One of the men brought some eggs aboard and put them in his locker. Several days later, long after the eggs had been forgotten, he heard a cheeping and found seven chickens were hatched. They were raised for awhile but later given away to some Army nurses.

Harry C. Wilson, RM 2/C of Houston, Texas, said it was a good thing.

"Somebody would have had those birds in a pot sure. To tell you the truth, that's what I was sort of figuring on."

Many Hard of Hearing Can Hear Tomorrow

NEEDS NO NOTES—One of the most amazing minds revealed at the United Nations Conference in San Francisco was that of Lt. Andre Kaminker, of France. An interpreter, he sat through all English speeches and, without making a note, repeated them verbatim without a mistake. In upper photo he is shown concentrating; below, interpreting.

Texas Veterans Are Returning

AUSTIN, July 17. (AP)—"No matter how many governmental agencies are set up to do the job, in the last analysis the communities will have to do the work of helping veterans reestablish themselves," believes Brig. Gen. J. Watt Page, state director of selective service.

Gen. Page said discharged veterans are returning at the rate of 5,000 a week to Texas and each community must prepare now to receive them not only with open arms but with open jobs.

Discharge Accelerated

To date 125,000 have been discharged out of the 750,000 men and women in service from Texas. Acceleration of discharge, said Gen. Page is shown by the fact there were 10,000 veterans discharged in June as compared with 3,400 in April of this year, and 20,000 expected for July.

He praised the City of Houston for its splendid work in caring for returning veterans.

Radio Programs Planned

Houston has, he said, set up a central clearing house with paid director and workers, where a list of all available jobs is kept up to date and tallied with the wants and abilities of returning men.

Lt. Col. Paul Wakefield, chief of the veterans personnel service division, said Selective Service plans a series of radio programs designed to encourage each community to set up its own veterans employment agency which will revolve around and enlarge the scope of work already being done by 800 volunteer employment committeemen throughout Texas.

Col. Wakefield said he could not praise highly enough these men who gave unstiltingly of their time and efforts to place veterans, but emphasized the need for aiding them as the work increases daily.

Disposition Idea Given

A tabulation of 2,932 re-employment committeemen reports cleared to date for last month, said the colonel, gives a good general idea of the disposition of returning servicemen. (Those physically injured are carried under the heading certificate of disability):

		C.D.
To old positions	455	97
To new positions	505	152
Not needing help	985	224
Self employment	185	52
Return to school	59	21
Could not contact	581	182
Unable to work	105	59
Pending	53	0

Col. Wakefield said "to date no legal pressure has had to be brought to bear on employers to take a veteran back provided he wanted his old job. In a few cases we have gotten to the court steps, but never inside the doors."

De Galle Visit To U. S. Is Assured

WASHINGTON, July 17. (AP)—Definite agreement has been reached between the United States and France that General Charles De Gaulle will visit this country shortly after the Big Three meeting ends.

American officials confirmed this today although they still withheld an official statement because an exact date for the French leader's trip remains to be fixed.

De Gaulle announced several weeks ago that he had accepted an invitation for the visit from President Truman.

Both American and French officials seemed well satisfied today with the way arrangements for the general's trip are shaping up. Clearly De Gaulle will want to talk with Mr. Truman at length on decisions made by the Big Three in their Potsdam meeting now in session.

At that time, big power negotiations were suggested to settle the difficulties over Syria and Lebanon but so far little has been done.

Present indications are that De Gaulle's visit to Washington will be brief. It has been indicated that press of business at home will force Mr. Truman to return directly from Potsdam without visiting European leaders.

That's our business—to install telephones and furnish telephone service. We'd much rather put in telephones for all those waiting than put this ad in the paper. But there is still no choice. Though V-E Day has come and gone, the Japanese war is making heavy demands on Western Electric's telephone factories.

Of course, the end of the war in Europe brings us closer to the day when everyone who wants telephone service can get it without delay. But that day would still be far off, even if all war demands ended tomorrow. Telephone equipment—dial central office equipment, switchboards, even cable—is complicated. It takes a long time to make, and a long time to put to work.

At present, a trickle of new equipment of various kinds is being made. Until more is available, we'll continue to do our best with what we have. Thanks for being patient.

Big Three Problems At Potsdam Far Outstrip Anything In Past

By RALPH HEINZEN
United Press War Analyst

Meeting today in the heart of the greatest destruction of a shattered continent, the Big Three have one well-known major problem to be settled. A joint Allied working plan for an initial phase of at least five years of the occupation of conquered Germany, Austria and Hungary.

The Big Three face a far tougher task at Potsdam than they faced at Teheran or at Yalta. At those conferences, they could deal with possibilities. At Potsdam, the agenda must deal with realities, stern, stark realities of half a continent laid waste by war and half a globe suffering political and economic upset as a consequence.

Truman's Proposal

Just a week ago, Washington hinted that President Truman would be taking to Berlin a composite, concrete plan for control of Germany. It would be highly improbable that any such single policy proposal would be accepted in toto. But it will provide a very interesting working paper.

The American proposal might be to split occupation into two phases with two correlated plans. A first emergency or short-term plan to meet immediate practical problems would run for from one to five years. The second plan might run for decades or as long as it takes for Germany to convince her victors that she has reformed and would be a peaceable good neighbor again. That plan would be exceedingly elaborate and include all necessary technical provisions for the reeducation of Germany, as well as formulating industrial and financial, political and economic limitations and policies.

Hobbled Militarily

That Germany—and eventually Japan—is to be hobbled militarily and for long decades cannot be doubted since President Truman stated on May 15 his policy: "Absolute insurance against Ger- or Japanese rearmament — ever again—comes first with us."

The map of Europe may be redrawn at Potsdam and this will inevitably involve tremendous and complex shifting of great masses of population. Germany showed the way by moving many millions of civilians during the war — without ever interfering with military transports. Now those millions must be shifted back to their homes and millions more Germans will be uprooted and moved to new places.

One of the biggest of these population-transfer problems involves the Sudetenland, in western Bohemia, which was the material cause of the Munich 1938 agreement. At Potsdam, Russia may insist that this problem be solved.

Sudeten Germans

There are 3,500,000 Sudeten Germans in Czechoslovakia. When Prague was opened again to the Czechoslovak government, Dr. Edouard Benes announced that all Nazi Germans in Czechoslovakia must leave, but that "good Germans" who did no harm during the Nazi occupation could remain. Czech sources have set the proportion of good to bad Germans at about 1 to 8. That means about three million Germans will be uprooted from Bohemia and the Sudetenland and must seek new homes back in the Reich.

The Prague government is now exchanging 300,000 Czechs and Slovaks in Hungary for 500,000 Magyars in Czechoslovakia. That conforms with the Russo-Hungarian armistice. But when Prague began the expulsion of the Sudeten Germans, with Moscow's approval, London stepped in and demanded a postponement until the whole problem could be thrashed out in a general plan of shifting of populations to be discussed by the Big Three.

Many Farms Seized

Meanwhile, the Prague government had seized more than 20,000 farms, comprising about 6,250,000 acres, chiefly in the Sudetenland, owned by Germans, Hungarians or "traitors and collaborationists" generally. Prague already has arrested 5,000 Nazi "fifth columnists" and collaborationists for trial. It has completely forbidden German language newspapers, in the Sudetenland or elsewhere in the country. It has closed German schools and has banned from Czech schools all children of Nazis and collaborationists. It has closed the great German university at Prague.

Dr. Benes has announced the Czech government's desire to be forever rid of the German and Hungarian minorities. Czechoslovakia was the first victim of German aggression, he contends, and the last to be liberated. The martyrdom of Lidice, the student massacre in Prague and the extermination of hundreds of thousands of Czechs in German prison camps, he blames on German fifth columnists inside his country and their denunciations.

No. 1 War Criminal

The American Army has handed over to the Czech government its No. 1 war criminal, Karl Hermann Frank, former German minister of state for Bohemia and Moravia, who is to be tried in Prague for a long list of political crimes including the execution of 1,500 to 2,000 Czechs for the murder of Reinhardt Heydrich.

Frank will be tried by a Czech court and there can be little doubt of the verdict. But Dr. Benes, now the dean of all European rulers who has been continuously in power since 1919, insists that a few trials cannot solve a problem of split minorities.

He is adamant in his demand that the Big Three withdraw their objections to the deportation of the fifth column—or assume forever full responsibility for the safety of the Czechs and Slovaks in their own homes. That is but one of the hundreds of extremely difficult problems that could be solved at Potsdam, but it is one of the most urgent.

Increased Furlough Rations Are Sought

KANSAS CITY, Mo., July 16 (U.P.)—A campaign to get increased food rations for military veterans home on redeployment furlough today was brought before Office of Price administration and War department officials.

A three-member committee of the National Council of American War Dads, headed by W. G. Skelly, Tulsa oil man, left last night for Washington to discuss the matter with the various government agencies involved.

Under present OPA regulations, members of the armed forces receive 60 red ration points, 120 blue points and three pounds of sugar for each 30 days' leave or furlough.

PLANE CRASH FATAL

TAYLOR, July 17. (U.P.) — David F. Forwood, 23, prominent young clothing and bedding manufacturer, was killed Monday afternoon when an airplane he was piloting struck a power wire near Hutto and crashed. Forwood was dead when persons who witnessed the accident reached the overturned plane. He was a graduate of Taylor High school and Southern Methodist university.

HE PROFITS ON PROFITS—When W. B. "Wild Bill" Evans, above, Union Pacific railroad agent in Shelton, Neb., and a veteran of World War I, sold his farm recently for $26,000, he promptly provided himself with a war-winning hand by investing the proceeds in War Bonds. He paid $55 per acre for the farm 17 years ago, sold it for $150 per acre. And his $26,600 in bonds will be worth $35,466.67, another handsome profit, when they mature.

All-Purpose Power Unit Demonstration Is Scheduled Here

A gasoline propelled, four-cylinder 9.5 horsepower engine is to be exhibited by the Surplus Property Division in Lubbock on Saturday from 9 a.m. to 5 o'clock in the afternoon to demonstrate the all-purpose power unit and how it will bring electricity to farm and ranch.

"These sturdy units, built to army specifications, are immediately available at prices from $178 to $480, depending upon whether they are new or used" L. B. Glidden, manager of the Reconstruction Finance Corporation Dallas agency, has said.

These units are complete less starting battery, and their parts were built by well-known manufacturers to meet the rigid requirements which were set up by the Army.

Two representatives of the SPD will be on hand in Lubbock all of Saturday. Orders for immediate shipment will be taken by those in charge of the demonstration.

Merchants Failing To Bundle Paper In Drive, Jaycee Leader Says

Lubbock business firms, throwing away 2,000 pounds of paper daily according to War Production Board figures, are falling down completely in the current drive to salvage waste paper, according to Glenn Woody, president of the Junior Chamber of Commerce which is sponsoring the move.

Woody said Tuesday afternoon that the collection made by city trucks early that morning was practically "nothing." Business men are failing to bundle their wrapping paper and cardboard properly and are not putting it in alleys to make it available to city workers.

City officials are giving their 100 per cent cooperation, Woody said, but consistent failure of merchants to bundle and prepare their paper may or will bring on the complete failure of the campaign.

Woody urged that merchants devote a very short period of their time to the bundling of paper and that it be placed in alleys by very early morning on Tuesday and Friday of each week.

City trucks will make these pickups, if the paper is correctly prepared and available. Woody said that the Jaycees were most determined to carry the drive to a successful completion as the WPB and other government agencies have repeatedly warned of the critical shortage of paper, and what may develop into an even worse situation. Woody said that the "paper is needed, then it is our duty to get it."

A number of cabs in Cleveland, Ohio's taxicab fleet have been provided with two-way radios, adding to the efficiency of their operation and providing faster service for the public.

SAFEGUARDING THE EYES OF TEXAS

Are you superstitious about glasses?

In ancient times, there were many quaint superstitions about faulty vision. One Greek writer taught that any eye trouble could be corrected merely by laying emeralds upon the eyes! ❦ Today we laugh at such unscientific notions. Yet many moderns have an almost superstitious belief that faulty vision may be corrected merely by "buying a pair of glasses" and putting them before the eyes. ❦ The truth is that glasses alone, without the professional services and technical skill of a properly qualified person, cannot improve your eye comfort and visual efficiency. If your eyes trouble you, seek professional advice, not glasses at a price.

Six Major Provisions Are Listed In Plans For Japan's Surrender

WASHINGTON, July 17 (U.P.) —The military and diplomatic high command has nearly completed its outline of the terms to be handed to Japan once the Japanese government decides to surrender unconditionally, it was understood today.

These provisions would pave the way for Allied enforcement of the following objectives mapped by U. S. policy makers:

1. Destruction of the Japanese fleet and air force.
2. Elimination of heavy industries capable of turning out aircraft and munitions.

Surrender Conquests

3. The surrender by Japan of her conquests including Manchuria, Korea and Formosa.
4. Dismantling of her shipbuilding facilities.
5. Strict control over Japanese imports.
6. Provisions for an Allied occupation force in Japan.

IMPORTANT DEVELOPMENTS RUMORED IN CAPITAL

WASHINGTON, July 17 (U.P.) The Capital today heard wholly unconfirmed reports and rumors that important developments were imminent in the war with Japan.

One report said that Premier Josef Stalin may be carrying a Japanese surrender offer to the current Big Three conference. Still another had it that the State department was drafting a definition of unconditional surrender for Japan.

All Withhold Comment

Neither the State department nor any other government agency offered comment.

Radio Commentator Wilfred Fleisher (CBS) said last night that he had information that Russia might be acting as an intermediary between the United States and Japan. Stalin, he said, may present the Japanese offer personally to Mr. Truman.

This, Fleisher said, may explain why President Truman plans to hurry back to Washington when the conference ends.

No 1942 Cars Are Available In City

Prospective automobile buyers in Lubbock have been cheered by the Office of Price administration announcement that new 1942 cars were no longer on the ration list—but don't get your money out yet.

A check of all automobile dealers has revealed that there is not a 1942 unused automobile on any floor (for sale at least) in the city.

Also every auto dealer gave a bewildered answer as to the outlook for new 1946 cars by the end of the year. Totaling the most optimistic guesses of dealers Lubbockites can look for no more than 10 new autos to be offered for sale here by January 1, 1946.

No Commitments Given

Most of the dealers said they had received no word from factories and that the uncertainty of production limited any estimates of possibilities for new autos. Most of them said that their factory sources would begin production this year, but that no commitments had been made by producers and the local dealers "most certainly could not do so."

Western Olds looks for one show car, and maybe two for sale by 1946; Bestwick Motor does not expect over five Studebaker champions at the most (they have one 1942 and one 1946 truck at present); Scoggin-Dickey Motor Co. holds high hopes for four New Buicks at the maximum; but other dealers had no cheering word for hopeful prospects.

Must Get Certificates

And there is still a catch to come—buyers must apply and receive certificates through regular OPA channels before they may obtain a 1946 auto. And one other obstacle almost overlooked—no certificates for new cars will be issued until distribution makes it possible to establish quotas. This statement came from the ditsrict rationing executive, W. G. Williams.

Williams said that the eligibility list, need and serviceability tests remain unchanged, applicable to the new cars as was the 1942 rules. All procedure for handling applications remains the same.

News Briefs

P/Sgt. Morgan Norris Davidson, jr., USMC, son of Mr. and Mrs. M. N. Davidson of Route 5, arrived home Monday to spend a two-day delay en route from the Naval hospital in Oakland, Calif., to another hospital in Norman, Okla. He will be under observation for a while and will then have an operation for a compound fracture of his right leg below the knee received when he was hit by a Jap 25-caliber rifle bullet in action at Okinawa. Sgt. Davidson, who has been in the service six yeras, has been in seven major battles with the Marine corps in the Pacific. He was on his second tour of foreign duty when wounded.

The daughter of Lt. and Mrs. W. D. Bogar of 2802 Twenty-seventh, who was born Friday in West Texas hospital, has been named Patricia Ann. Lt. Bogar is stationed in the Aleutians.

Hearings Set Here In Two Liquor Cases

Judge G. V. Pardue of 99th district court took cognizance in chambers Tuesday of the status of two persons who allegedly have figured in liquor trafficking in Lubbock county.

He set hearings for July 31 for Callie Fisher, a Slaton negro woman cited Tuesday for contempt of a temporary injunction against sale of spirituous liquors, and L. L. Shadden of Lubbock, named Tuesday in injunctive proceedings seeking to enjoin him from liquor trafficking.

Hirohito's Interest May Be Little Late

SAN FRANCISCO, July 17, (AP) —The Tokyo radio said today that Emperor Hirohito had sent one of his court councillors to visit general headquarters of the Army Air force, thereby proving his "deep interest" in "the present situation of our air force." The broadcast was heard by the Federal Communications commission.

Dr. Wallace Named Barnett Successor

Appointment of Dr. Ernest Wallace as assistant dean of Arts and Sciences at Texas Tech, succeeding Dr Albert Barnett, was announced Tuesday from the office of Dr. Wm. M. Whyburn, Tech president.

Dr. Barnett had resigned the position, effective July 10, the announcement said. He will continue as professor of education and psychology.

Dr. Wallace will assume his new duties on Sept. 1. He is also a member of the history department faculty.

Cubs String Snaps At Five In Row As Giants Win, 2-1

CHICAGO, July 17. (AP)—Bill Voiselle tamed the Chicago Cubs with five hits today, 2-1, as the New York Giants grabbed the series finale, snapping a five-game Bruin winning streak.

One wild inning by Paul Erickson gave the Giants both their tallies.

Erickson also allowed only five hits but three walks, a wild pitch and a single by Dan Gardella with the bases loaded in the fourth settled the issue.

Four of the five hits off Voiselle, who gained his eleventh victory against eight defeats, were two-baggers. Three of them were lead-off clouts, but each time the Giant right-hander quickly doused the threat.

The lone Cub tally came in the second inning when Phil Cavaretta's grounder went through First Baseman Dan Gardella for a two-base error and Paul Gillespie singled him home.

NEW YORK	000 200 000—2 5 1
CHICAGO	010 000 000—1 5 0

Voiselle and Lombardi; Erickson and Gillespie.

Error—Gardella. Runs batted in—Gardella 2, Gillespie. Two-base hits—Parks, Lowrey, Merullo, Erickson. Sacrifice — Hausmann. Bases on balls—off Voiselle 4, off Erickson 3. Strike outs—by Voiselle 3, by Erickson 4.

DODGERS BEAT BUCS

PITTSBURGH, July 17. (AP) — The Brooklyn Dodgers took advantage of the Pittsburgh Pirates' sloppy fielding to win hte last game of a series 5 to 2 before 20,148 fans tonight.

BROOKLYN	000 200 120—5 7 0
PITTSBURGH	000 020 000—2 8 4

Gregg, Herring and Andrews, Sandlock; Strincevich, Gerheauser and Lopez, Salkeld.

Errors—Strincevich, Coscarart, Gustine, Elliott. Runs batted in—Basinki, Gionfriddo, Elliott, Herman, Walker, Bordagaray. Two-base hit — Handley. Three-base hits—Gionfriddo, Rosen. Stolen bases—Gionfriddo, Bordagaray, Olmo. Bases on balls—off Gregg 3, Strincevich 4, Herring 1, Gerheauser 1. Strikeouts—Gregg 1, Strincevich 1, Herring 2, Hits — off Gregg 7 in 6 innings; Strincevich 4 in 7; Herring 1 in 3; Gerheauser 3 in 2. Hit by pitcher — by Gregg (Gionfriddo), by Strincevich (Galan). Winning pitcher — Gregg. Losing pitcher—Strincevich.

PHIL PITCHER CELEBRATES

CINCINNATI, July 17. (AP) — Dick Mauney, the Philadelphia Phillies' righthanded pitcher, threw a three-hitter at the Cincinnati Reds tonight and won his ball game 3-1, in a few hours after he received word that his wife gave birth to a second son in Concord, Mass.

PHILADELPHIA	200 001 000—3 4 0
CINCINNATI	100 000 000—1 3 3

Mauney and Mancuso; Bowman and Unser.

Errors—Miller, Williams. Bowman. Run batted in—McCormick. Two-base hit—Antonelli. Sacrifice—Crawford. Bases on balls—Mauney 2, Bowman 2. Strikeouts—Mauney 1, Bowman 5.

CARDS NOSE BRAVES

ST. LOUIS, July 17. (AP)—Emil Verban singled in the last half of the ninth inning to bring home Ray Sanders with the winning ru as the St. Louis Cardinals turned back the Boston Braves 3 to 2, and gained a full game in their drive towards first place.

BOSTON	000 200 000—2 9 0
ST. LOUIS	010 000 101—3 9 0

Andrews and Hofferth, Barrett and O'Dea.

Runs batted in — Verban 2, Nieman, Shupe, O'Dea. Two-base hits—Sanders 2, Workman, Shupe, O'Dea, Holmes. Sacrifices—Barrett. Bases on balls—Andrews 2, Barrett 3. Strikeouts—Barrett 3.

Sooners To Lose End Coach Dub Wooten

NORMAN, July 17. (U.P.)—Coach Dewey (Snorter) Luster of the University of Oklahoma lost his end coach, W. G. (Dub) Wooten, on the eve of his summer football practice session.

Wooten, All Big Six end for Oklahoma, has been reclassified in the selective service by his draft board to 1-A. He had been listed as a 4-F because of varicose veins. He will leave in 21 days for induction and will miss the all-star college-professional football game at Chicago as well as the Sooners' 1945 campaign.

The Amarillo grid star was honor captain of the Sooners through the past two seasons.

Jackie Cook Hurls Optimists To Win

Jackie Cook pitched the Optimist club junior baseball nine to a 7 to 3 victory over the Kiwanis club nine Tuesday afternoon at the Boys club diamond, and a flying start in the second half race.

Cook hurled four innings of hitless ball against the Kiwanis, while his mates were piling up a comfortable lead in scoring six runs in pairs. Time after time, however, Cook was forced to work himself out of holes caused by his wildness, walking seven men in the first six innings.

The Kiwanis made its first hit in the fifth, another in the sixth, then started a rally in the seventh that sloppy base running cut short.

Galey's pop fly fell safe for a base hit, then Ford lined a single to center. On a combination of errors and overthrows, Galey scored and Ford pulled up at third on the hit.

Ford was then trapped off third by Cook, and another out came at the same corner when a man made a vain attempt to advance on a short passed ball, and muffled the rally.

Charles Galey discarded his mask and protector, and took on duties at the other end of the battery combination, and did a good pitching job, after a rocky start. He allowed only five hits, but wildness and errors proved his downfall.

A session of hit batsmen in the second inning aided Galey's troubles, hitting three Optimists in on inning, one to force in a run. He walked in another in the same inning.

Kiwanis	100 010 1— 3
Optimists	222 010 x— 7

Galey and Young, Reed; Cook and Scales.

Gromek Cops Number Eleven, Nips Bosox

BOSTON, July 17. (AP)—Right-hander Steve Gromek collected his eleventh win of the season today as the Cleveland Indians topped the Boston Red Sox, 6-1, in their series' finale.

CLEVELAND	000 131 100—6 8 0
BOSTON	000 000 001—1 9 1

Gromek and Hayes; Wilson, Barrett, V. Johnson and Garbark.

Error—Wilson. Runs batted in—Seerey, Gromek, Meyer, Hayes, Rocco, Lazor. Two-base hits — Meyer, Ross, Garbark, Metkovich. Three-base hit—Lake. Home run—Lazor. Sacrifices—Rocco, Boudreau, Tobin. Bases on balls—Wilson 5, Barrett 1, V. Johnson 2. Strikeouts—Gromek 6, Wilson 1, Barrett 3, V. Johnson 2. Hits off Wilson 3 in 4 1-3; Barrett 4 in 2 2-3; V. Johnson 1 in 2. Hit by pitcher—by V. Johnson (Hayes). Losing pitcher—Wilson.

Schlinkman On All-Star Squad

Walter Schlinkman, the Dumas Demon, has accepted an invitation to play in the College All-Stars-Green Bay Packer football game at Soldiers Field in Chicago on Aug. 30, it was announced here Tuesday afternoon.

Schlinkman won honorable mention on the All-American team last fall as fullback on the Texas Tech Red Raiders, and has been an outstanding performer on Southwest gridirons for two seasons, 1942 and 1944, missing the 1943 season because of a broken leg received early in the season.

Schlinkman said Monday that he would accept the bid and will leave here in time to arrive at Northwestern university on August 12 to begin training with approximately 50 other grid performers from the nation's colleges.

The invitation, a high honor in the athletic world, came from Arch Ward, sports editor of the Chicago Tribune, late last week. The game is the 12th annual affair and is sponsored by the Chicago Tribune Charities, Inc. Expenses will be paid to players attending.

The "Dumas Dynamiter" who was the spark of the Red Raiders last season and a 1942 varsity letterman will be playing against the pro team that chose him as their first choice of the nation's ball players in the professional grid draft earlier this summer. Schlinkman will return to Tech, however, in the fall to complete his final year of eligibility and will receive his degree in May, 1946.

Rice Gridders Ready To Start Scrimmage

HOUSTON, July 17. (AP)—Pads are due to be issued this week to the large class of Rice Institute footballs hopefuls now in the midst of summer practice.

This means there will be some scrimmage work soon.

"We are having a short session and if there is anything in numbers, which there isn't, we will be all right," Coach Jess Neely said. "We have 69 men on the field but of course won't know much about them until we put the pads on for a few days.

"We are merely trying to get acquainted with the new boys but it is taking us longer to get acquainted than it did Texas (Texas held only five days of practice). I don't know how to explain this unless some of us are a little too distant. Then too, maybe Texas had so many old men back that they only need to get on speaking terms with the new ones. I am afraid the latter is the case and from this angle it looks like a long, hard fall."

Forty-two of the men now working out are Naval trainees.

Virgil Hooks Hurls Second One-Hit Tilt

Pitching one-hit games seems to be a habit of T/Sgt. Virgil Hooks, of the newly formed South Plains Army Aif field softball team. He hurled his second in a row Tuesday afternoon at Mackenzie park as SPAAF defeated Edwards Grocery, 13 to 1.

It was the season's second game for SPAAF. The soldiers will play at their home base this afternoon, facing the Jaycees.

The SPAAF club hammered out 14 hits against the Grocers, one of them a home run by S/Sgt. Barnes with none on base.

NELSON UNDECIDED

ROCHESTER, Minn., July 17. (AP)—Byron Nelson, Toledo, Ohio, National PGA champion, today told country club officials here he has not yet decided whether he will play in the St. Paul Keller Open golf tournament which begins Thursday.

Nelson, who says his back has been bothering him, will undergo an examination at Mayo clinic Wednesday morning.

Dickinson Romps To Victory In Opener

Dickinson Motor company's sluggers had a field night Tuesday and handed Purina Mill a 15-3 defeat as the National junior league began anew at Chapman field.

R. J. Matheny hurled the win for the re-organized Dickinson nine, holding Purina to three hits—all in the first inning. Denny Davidson worked on the mound for the losers, giving up 12 hits.

The Motormen led off in the first frame with a pair of runs, Purina took over the lead when they came to bat, however, with three tallies.

Breaking loose again, Dickinson gathered two hits, two walks, and an error for five runs in the second.

Shutting out the Purina nine the rest of the way, Dickinson picked up another duo of tallies in the fifth and sixth innings.

Becknell walked to begin Dickinson's last turn at bat. Sandlin and Matheny followed with singles. Doubles by Alderson and Wall were separated by Arrington's base on balls. Two singles, a walk, and an error concluded the Motormen's six-run deluge.

The line score:

Dickinson	250 011 6—15 12 3
Purina	300 000 0— 3 3 7

Matheny and Vaughn, Sandlin; Davidson and Erwin.

Woodcock Cops Title By Sixth Round Kayo

LONDON, July 17. (AP)—Bruce Woodcock, 24-year-old railroad worker, knocked out the veteran Jack London in the sixth round of a scheduled 15-round bout tonight to win the British and Empire heavyweight boxing championship.

A crowd of 38,000 packed the Totenham football grounds to see the fight. It was Britain's first major outdoor fight during the war.

Young Woodcock, who gave away 33 pounds to the chunky 215-pound champion, struck swiftly shortly after the sixth round opened, knocking London half way through the ropes with a right to the chin before finishing him off.

The end came so suddenly that both the crowd—and the champion—seemed bewildered.

Afterwards, as his pretty young wife and two youngsters jumped from their ringside seats to kiss him, London said: "Woodcock is a very good boy but I thought I had just beaten the count. I would like a return match."

Woodcock, who had won 18 out of 19 bouts by knockouts since turning professional, was a slight favorite over the 32-year-old London, who had held the title barely nine months.

Gunder Haegg Romps To New Mile Record

STOCKHOLM, July 17. (AP)—Gunder Haegg, the long-striding Swedish runner, smashed the world record for the mile run today as he was clocked in four minutes, one and four-tenths seconds in beating Arne Andersson in their first meeting of the season at Malmo.

Andersson, who holds the accepted record of 4:02.6 for the mile also bettered the old standard as he was timed in 4:02.2.

SEVEN-UP ENTERED

WACO, July 17. (AP)—The Seven-Up team of Austin is the latest entry in the state semi-pro baseball tournament which opens next week, bringing the total entries to thirteen.

Twelve Teams Left In Legion Playoff

AUSTIN, July 17. (AP)—Twelve district champions of junior American Legion baseball in Texas move into division play this week to determine four teams for the state tournament here Aug. 2, 3, 4 and 5.

In Division 1 the teams are Lubbock, Wichita Falls and San Angelo.

Division 2 has Sulphur Springs, East Side Parrots (Fort Worth) and Adamson (Dallas).

Division 3 matches Waco and Tyler.

Division 4 is the only full bracket in the race with four district champions — Austin (Houston), Beaumont, Austin and Laredo.

There were supposed to be 16 districts but four of them had no teams competing.

Lubbock Golfers In Money At Amarillo

AMARILLO, July 17. (AP) — A foursome—Bill Keith, Amarillo municipal champion; Jack Williams, Plainview city champion; Wade Holman, Amarillo, and Blondy Finley, Floydada—posted a net 62, eight under par, to win first in the West Texas Golf Association pro-amateur matches at the country club today.

George Aulbach, host pro, won the pro sweepstakes with a 71. Jack Allen, Amarillo Country club champion, was low among amateurs with a 71.

Seventy-six golfers participated. The next pro-amateur event will be held at the Huber Country club, Borger, Aug. 21.

AMARILLO, July 17. (Special.) —Dr. J. H. Stiles, Charles Young and John Kattman blazed their way into the money at the regular monthly session of the pro-amateur golfers of West Texas in the meeting at the Amarillo Country club today.

Each of the Lubbock golfers won war stamp prizes as members of the teams that tied for second low in the pro-amateur play.

Shooting a 74 for the round, Chick Trout finished third in the amateur sweepstakes for the only other golfer to place in the session.

FIGHTERS REMATCHED

NEW YORK, July 17. (AP) — Freddy "Red" Cochrane, world welterweight champion, will meet Rocky Graziano in a return 10-round bout at Madison Square Garden Aug. 24, Promoter Mike Jacobs said today. Cochrane's title will not be at stake.

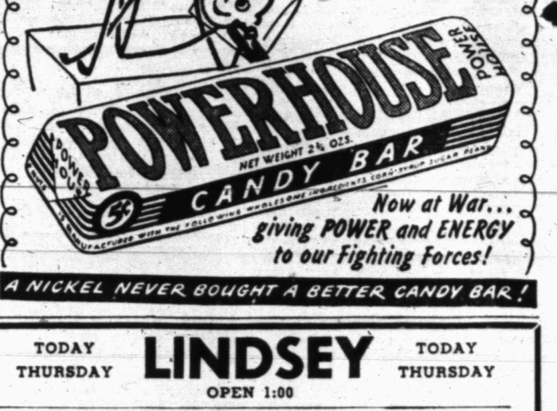

FLENTY OF "TIME"

DALLAS, July 17. (AP)—J. A. Roetzel of El Paso, field representative for the Smaller War Plants Corp., whose area is in two time zones, has solved a vexing problem. He carries two watches.

PRIVATE RITES SET

SAN ANTONIO, July 17. (AP)—Private funeral services will be held Wednesday at Leming, Atascosa county, for Claud (Cowboy) Henry who was shot to death by a Dallas cafe owner Sunday.

WPB And OPA Say Clothing Supply And Quality Rapidly Improving

WASHINGTON, July 17. (U.P.)—The OPA and the WPB contended today that the long-promised cheaper clothing really will be on the market in noticeable quantities before long.

Both agencies began a series of actions in January to combat the shortages of low and medium-priced clothing which still plague consumers in many cities. The WPB and OPA said that the orders were beginning to have an effect and that by September the shortage of such clothing items should be substantially alleviated.

Survey Shows Scarcities

A United Press survey of leading cities indicated that such things as low or medium-priced shirts, shorts, and undershirts for men, and pants, slips, brassieres, and dresses for women still are either "very hard to find," as in Atlanta, or only "moderately available," as in San Francisco.

They were also pretty hard to find in New York and Washington. High-priced items were more plentiful, with a store in Washington for instance showing a window full of $2.08 shorts.

WPB and OPA emphasized that improvement in clothing supplies will not mean a return to peacetime volumes. But both predicted a steady gain for the rest of the year unless the war turns unexpectedly in Japan's favor.

Encouraging Signs

Saul B. Sells, assistant director of OPA's consumer goods price division, said "there are encouraging signs in the apparel market that the joint WPB-OPA clothing program is already having an important effect on production and price."

Government surveys and information from manufacturers and buyers, Sells said, show that the first of the popular-priced apparel of good quality produced under the program is beginning to reach retail stores.

"Many buyers have reported to us that manufacturers are offering them better value for their fall lines than they have seen in months," Sells said.

A WPB source told the United Press that there was no danger of hardship this year from shortages of cotton, rayon or woolen goods. He added, however, that some people would have to substitute rayons for cottons.

WPB reported a slight improvement in the textile manpower picture. It added that woolens will be in good supply beginning this fall, with overcoats plentiful.

Suits, however, will be at low levels until winter. December should see a marked increase in suit supply, and by January retailers should be receiving 5 per cent of normal volume, it was said.

Rayon Also Improves

WPB also recently announced improvement in the rayon situation.

Meanwhile, OPA said it was preparing to crack down on a new and alarming course of price increases—"the pyramiding of jobber markups."

It was said that many jobbers have entered the field, often at the behest of manufacturers wishing to take advantage of jobbers' markups to increase their own profits.

Truman Would Replace Board

WASHINGTON, July 17. (AP)—President Truman today asked Congress to abolish the three-man surplus property board and give the job of selling $100,000,000,000 in war goods to a single administrator.

William Stuard Symington, St. Louis manaufacturer who was sworn in as board chairman only yesterday, was regarded as the President's likely choice for the world's greatest merchandising task.

In asking Congress to wipe out the board it created last October, Mr. Truman called it undesirable to "dilute responsibility" for a disposal effort requiring "quick and decisive action."

Recognizes Disputes

The chief executive thus implied his recognition of disputes which split the board under Symington's predecessor, former Senator Gillette (D-Iowa).

Gillette's disagreements with the other board members delayed action for weeks on some policy decisions, he admitted, and led to his resignation. Departing, Gillette advocated the single-administrator plan.

House leaders said the reorganization would not likely reach the stage of congressional action until early October.

In reopening a surplus disposal battle which echoed through Congress for weeks last fall, Mr. Truman noted in a message that the administration of surplus sales — now running nearly $50,000,000 a month — "becomes increasingly difficult as the rate of surplus declarations rises."

Death Of Engineer Is Ruled Accidental

CHICAGO, July 17 (AP)—Arthur J. Sikora, 39, engineering manager of the Wright Aeronautical Corp., at Cincinnati, plunged to death from a Loop hotel window today and company officials said his death appeared to have occurred accidentally.

At first, Varley Young, head of the company's public relations department, expressed suspicion in Cincinnati that Sikora might have been "murdered at the hands of enemy agents," however, officials of Curtiss Wright Corp., the parent concern, said in New York further evidence revealed "no evidence" to support this theory.

Young later agreed that the conclusion of accidental death was "the answer."

East Texas Truck Line Is Fined $500

DALLAS, July 17 (AP)—The East Texas motor freight line was fined $500 today by Federal Judge T. W. Davidson who convicted the firm of fifteen of thirty counts charging violation of Interstate Commerce Commission safety rules.

The first fifteen counts, accusing the firm with permitting drivers to remain on duty for more than 70 hours a week, were dismissed.

Counts on which the firm was convicted charged that the firm permitted drivers to remain on duty for more than ten out of the day's twenty-four hours.

Bomb Mailer Moved To Another Prison

JACKSON, Miss., July 17 (AP)—Maurice Knapp, 34-year-old blind defense plant worker of New London, Ohio, arrested in Hattiesburg, Miss., last week on a charge of sending a home-made bomb through the mails to a Beaumont, Tex., girl acquaintance, was placed in Hinds county jail today.

U. S. Marshal Wyatt T. Reese said the man was removed here because the Hattiesburg jail is not approved by the Federal government. He said the prisoner would be held here until a removal warrant authorizing transfer of the prisoner to Beaumont is received unless the man posts $10,000 bond prior to that time.

Jap Guerrilla Chief On Okinawa Killed

OKINAWA, July 17. (AP)—The Japanese commander of all guerrilla forces on Okinawa has been killed by Yanks who trailed him to a masterfully camouflaged hideout in the northern mountains, Gen. Joseph W. Stilwell disclosed tonight.

The enemy officer, Lt. Col. Tokiharu Aoyagi, was shot and killed as he attempted to flee from an American patrol organized by Maj. Silas W. Bass, 27th Division headquarters commandant.

Japs Lash Out With Makeshift Weapons

MANILA, Wednesday, July 18. (AP)—Improvising makeshift weapons, remnants of Japanese troops on northern Luzon attempted desperately today to carry on their fight in the shattered Kiangan pocket, under attack by the American Sixth Infantry division.

A mortar hastily built from a length of three-inch galvanized water pipe was found in one Nipponese position. Its base was part of the frame of a wrecked truck.

In Kiangan defile, other Red Star division doughboys found land mines made of 75-millimeter shell cases filled with picric acid explosive: Hand grenades filled with picric acid, and sections of Japanese 37-millimeter shell cases —evidently also intended for makeshift mines — were also found.

The Sixth division killed 329 Japanese in the past 48 hours, division headquarters reported.

Gen. Douglas MacArthur's communique reported American PT-boats caught and sank four enemy sailboats in Makassar straits.

Argentine Hears Of More U-Boats

BUENOS AIRES, July 17. (AP)—Argentine naval authorities are investigating reports that one and possibly two submarines were sighted off San Clemente Del Tuyu today only a few days after the German U-530 surrendered at Mar Del Plata.

(The British Admiralty said yesterday four German submarines had not been accounted for).

The editor of the newspaper El Tribuno of Dolores, near the Atlantic coast, told the Associated Press there was no doubt that two submarines were sighted by more than 100 people shortly before 11 a.m. today. The editor said the vessels surfaced three miles off San Clemente.

Reports Not Confirmed

The Navy ministry said it had no confirmation.

The Argentine government has decided to deliver to the United States and Britain the German submarine U-530, which surrendered July 10 at the Argentine port of Mar Del Plata, it was learned today.

Official announcement of the government's decision was set for 2 p.m. central war time.

The cabinet agreed on this action after studying a report submitted by a committee of four foreign ministry officials. The report said Argentina's declaration of war against Germany and Japan tied her "closely with the position of the United Nations."

Whereabouts of the submarine in the two months between the time Germany capitulated and the vessel was surrendered have not been explained.

Hundreds Fight Huge Oregon Forest Fire

PORTLAND, Ore., July 17. (AP)—Nearly 1700 men fought today amid an inferno of crashing snags and flying embers to halt the largest forest fire that has hit northwest Oregon since 1939.

While buzzards hung over the bodies of burned deer and rabbits, more than 1200 soldiers and sailors battled through the rugged Wilson river area which is ablaze for the third time in 12 years.

The still-spreading fire has covered 22,000 acres in six days according to field charts. Other foresters' estimates ran as high as 28,000.

Goebbels' Clubfoot Story Said Wrong

WIESBADEN, Germany, July 17. (AP)—Dr. Paul Joseph Goebbels' older brother, Hans, said today the former Nazi propaganda minister did not have a clubfoot as the world supposed, but was victimized in childhood by a bungling doctor who deformed his foot in an operation.

Hans Goebbels, now a prisoner in Allied hands, told American Army officers "Joseph twisted his foot betwen a chair and a couch. He could not walk. A doctor was called and performed a needless operation with the result that Joseph's foot remained permanently deformed."

War 2 Vet Named Legion Post Head

MIDLAND, July 17. (AP)—Charles A. Aiken, 25, who fought in Africa and Italy and who carries 24 bullet wounds from a German machine gun, tonight was elected commander of the American Legion post.

Aiken entered the Army at 19, and was with the famed 36th division at Salerno. He was wounded at Cassino. He wears the Purple Heart and the Infantryman's Combat badge. He returned to Midland six months ago after spending months in a hospital recovering from his wounds.

State Agencies Need Building

West Texas headquarters of four agencies affiliated with the Texas State Department of Public Safety face the possibility of having to shift from Lubbock unless a suitable building can be found to house them here, it was announced Tuesday.

They are the Highway patrol, the Rangers, the License and Weight division and the Drivers License division.

Need Said Urgent

Such accommodations urgently are needed, in a reasonable length of time, else a move to another city where such conveniences are available will be necessary.

Present location of the Highway patrol and License and Weight and Drivers License officers, 1314 Avenue Q, must be vacated by September 1, when the current lease expires. Reason, the rent has been upped from $50 to $100 monthly — more than the State of Texas is willing to pay.

Present location of the Ranger headquarters is in the basement of the courthouse, but the four agencies should be housed together in order to make for more efficient operation.

Headquarter 22 Officers

The four agencies headquarter 22 officers here and two office workers, most of the officers having families. The Ranger company here covers 60 counties, the Highway patrol 21, and the Drivers License and Weights approximately 70 counties. Capt. C. E. Tabor commands the Highway patrol; Capt. Maney Gault the Rangers; Inspectors Jack Reaves and A. B. Barton the License and Weights group, and Sgt. Hardy Mathews is in charge of Drviers License division.

Soon to be moved into West Texas is a Communications division, with a personnel of at least three persons, perhaps more. This communications headquarters will include a state radio transmitter and also teletype service. The Communications division doubtless will be placed wherever the headquarters of the other four agencies are centered.

Big Spring is probably Lubbock's chief rival for these law enforcement headquarters. A former City hall building there —well located, large and well suited — has been offered to the state for such West Texas offices.

Not only are these law enforcement agencies good "payroll additions" to any community, but they attract considerable business in connection with official visits of many city and county law enforcement officers from about the broad territory. Location of so many trained officers, too, is "good insurance" against crime for any city, so:

Has anybody anything to offer in the way of needed space?

If so, let him get in touch with Captain Tabor, Phone 8519, 1314 Avenue Q.

Restrictions Lifted On Housing Repairs

DALLAS, July 17 (AP)—Home owners need no longer apply to Federal Housing administration for authority to purchase lumber for emergency repairs, War Production Board announced today.

The home owner, the announcement said, now may certify to his own order directly to the lumber dealer.

JAPS SEIZE PLANTS

SAN FRANCISCO, July 17. (AP)—Admittedly faced with an acute transportation problem, the Japanese Army has taken over control of all automobile production and existing motor cars, the Japanese war ministry disclosed today.

BODY RECOVERED

DEL RIO, July 17. (AP)—The body of Cpl. Harlan B. Crouss, 20, aerial engineer at Laughlin Field, near here, was recovered from Lake Walk today. He drowned Sunday afternoon. His parents are Mr. and Mrs. William R. Crouss, Bethel, Kan.

WILES RITES SET

SPRINGFIELD, Mo., July 17. (U.P.)—Funeral services will be conducted here Wednesday for the Rev. Thomas Huston Wiles, 61, first national chaplain of the American Legion, who died unexpectedly late yesterday.

EVEN FINES INCREASE

PHENIX CITY, Ala., July 17. (AP)—The fine for public drunkenness in Phenix City has been upped from $5.50 to $11.50, because, Police Chief P. M. Daniel explained, the "cost of living has gone up."

GROUCHO TO WED

SANTA MONICA, Calif., July 17. (AP)—Groucho Marx, 54, screen and radio comedian, and Catherine Marie Gorcey, 24, today applied for a marriage license.

"Buy A War Bond TODAY"

APTLY CAST—Appropriately, Paramount starlet Olga San Juan has been cast in new film, "Out of This World." Rather heavenly, isn't she?

No Red Points, So Orphaned Pigs May Be 'Plowed Under'

TEXARKANA, July 17. (AP)—W. M. Brown finds arranging a food supply for six orphaned pigs a problem. When his sow died, a veterinarian recommended condensed milk and syrup for the offspring.

But condensed milk requires red points, which Brown doesn't have.

A trip to his rationing board proved futile. There were no regulations on file for orphan pigs.

Brown says he'll be compelled to "plow 'em under" if somebody with red points doesn't come to their rescue.

Abandoned Superfort Mystifies Searchers

GRAND RAPIDS, Minn., July 17. (AP)—Whereabouts of a B-29 Superfortress, abandoned by its crew because of overpowering gasoline fumes, remained a mystery tonight.

The plane was carrying a large supply of gasoline for a training flight but aviation experts expressed the belief that the huge craft had crashed by this time. Lt. Edward J. Syzcher of Bayonne, N. J., and the other ten crew members abandoned the ship Sunday night after the fumes from a gasoline leak had overpowered Lt. Keith Hudson of Highpoint, N. C.

When the crew left the bomber it was 9,500 feet high and Lt. Szycher said he set the automatic pilot on a due west course.

Meanwhile, members of the crew prepared to go to Minneapolis tomorrow to undergo physical checkups by a flight surgeon. They will return to their base at Pyote, Texas, when the examinations are completed and they are released.

Three Transports Due From Europe Today

NEW YORK, July 17. (AP)—The U. S. Navy transport General Greeley, the transport Sea Porpoise and the S. S. George W. Woodward are scheduled to arrive here tomorrow with more than 7,200 troops, the New York port of embarkation announced today.

Among the larger units aboard the ships are the 10th Infantry regiment of the Fifth division on the Sea Porpoise, and the Second Infantry regiment of the Fifth division and an advance detachment of the Eighth corps aboard the Greeley.

The Liberty ship Daniel Lownsdale arrived today with 360 rotational troops, all veterans of the European war.

They included members of the 84th Bomb squadron, the 970th Air Engineer squadron and a mixed group of enlisted men. The group entrained for Camp Kilmer, N. J., after debarking at pier 16, Staten Island.

Sea Giants Lash Jap War Plants

(Continued From Page One)

most powerful naval force by sea or air, presumably hoarding their aircraft for the invasion they know can not be far off.

Low, thick clouds prevented aerial observers from immediately estimating damage of the attack, Fleet Adm. Chester W. Nimitz said in a communique announcing the bombardment. The admiral, in a broadcast to the United States yesterday, termed this bombing and bombardment phase the "pre-invasion stage" of the Pacific war.

Results Not Reported

The bombardment force of battleships and their accompanying cruisers and destroyers started to run in toward Hitachi, at the north end of the Kanto plain, late yesterday after the Tokyo area had been swept for more than eight hours by fighter and bomber flights from both U. S. Carrier Task Force 38 and carriers of the British Pacific fleet.

Halsey, in overall command of the combined American-British fleet, has not yet reported any results of yesterday's concerted strikes over the Tokyo area.

Thousand-plane U. S. carrier sweeps on July 10, which opened the Third Fleet's audacious capering up and down nearly half of Japan's eastern coastline, destroyed or damaged 342 Japanese airplanes. Air assaults Saturday and Sunday over northern Honshu and Hokkaido sank or damaged 374 ships and small craft totalling 159,000 tons.

Others Not Announced

(Although Nimitz did not announce the names of any ships patricipating in the Hitachi bombardment except the British King George and the American Iowa, it was possible that all of the British ships named by him yesterday —the Cruisers Newfoundland and Black Prince and the Destroyers Troubridge, Barefleur, Undine and Grenville and the Australian Destroyer Quickmatch—were in on the attack. Other U. S. battleships which bombarded Honshu and Hokkaido targets last week—the Missouri, Wisconsin, Indiana, South Dakota and Massachusetts—along with the cruiser Chicago, Quincy, San Juan, Springfield and Atlanta, probably were firing their 6 and 8 inch shells into Hitachi's industrial targets.)

Big Target Area

The Target area included the town of Sukegawa, adjoining Hitachi. An eyewitness report from Associated Press correspondent James Lindsley also named Takahagi. (Maps indicate the latter place is either part of, or near, the Hitachi district, a war-boomed industrial city.)

Another warship broadcast, made by NBC correspondent Joe Hainline, reported the snarling guns of the force were hurling shells into their targets at the rate of 50,000 pounds of steel a minute.

"If the fires which can be seen on shore are any indication," he said, "the American Third Fleet is doing its job well."

Many Vital Targets

Hitachi offered many vital targets. In it and the adjoining town of Sukegawa are concentrated copper mines, a smelter and refinery, the Hitachi engineering works, aircraft engine parts plants, as well as factories producing precision instruments and vulnerable transportation facilities linking the area by rail with Tokyo.

Admiral Nimitz pointedly declared:

"At this—the pre-invasion stage —we rely upon two principal strategies to further our aim: first, an even tightening blockade of Japan's home islands; second, destruction by shelling and bombing of every industry and resource which contributes to Japan's ability to make war."

Attention, Seaman, Your Title's Gone

LOS ANGELES, July 17 (AP)—This is to inform Seaman 1/C Roman L. Springer of Winowa, Minn., father of 14 children, that he is not the paternity champion among United States service men.

But the title stays in the Navy. Chief Stewart Gregorio Zagala, 47, of Lomita, Calif., stationed at the naval operating base at Terminal island, is the father of 15 and Mrs. Zagala is expecting another in November.

Mrs. Zagala manages very nicely, she says, with her ration books, her husband's $204-a-month salary and $240 monthly allotments.

OPA PLEASE NOTE

POPLAR BLUFF, Mo., July 17. (AP)—Sign on front door of a tavern at edge of this city: "No beer, no cigarettes, no cigars, no money, few friends. OPA please note."

DO YOUR "GUMS" SPOIL YOUR LOOKS?

Do your gums itch, burn or cause you discomfort, druggists will return your money if the first bottle of "LETO'S" fail to satisfy.

Cotton Fabrics For Next Quarter Down

WASHINGTON, July 17. (AP)—The civilian supply of cotton fabrics for the July-September quarter is estimated at 1,485,000,000 yards, down 23,000,000 yards from the second quarter total.

Announcing this today, the War Production board said the expected drop takes into consideration a normal seasonal decline in production, as well as a manpower shortage in the textile industry.

Third quarter military allocations of cotton fabrics are down to 577,000,000 yards, as compared with 682,000,000 in the April-June quarter. The new export allocation is 170,000,00 yards, against 186,000,000 yards in the second quarter.

Of the civilian total, 918,000,000 yards have ben earmarked for clothing, house furnishings and miscellaneous items, while the balance has been tagged for industrial and agricultural purposes and for a 102,000,000-yard reserve.

Franco Plans For Monarchy's Return

MADRID, July 17. (AP)—Generalissimo Francisco Franco declared tonight that Spain was entering the preparatory period for return of the monarchy, which he said must guarantee the "essentials" of the Falangist movement.

He told cheering mmbers of the Falange National council that when the time came to make the change the Spanish Cortes (Parliament) would be handed a law establishing the royal regime. The monarchy, he emphasized, was the only possible successor.

In a 35-minute speech, Franco reaffirmed his faith in the Falange, asserted that his regime was misunderstood abroad, and attacked Communism. While discussing monarchy he made no direct reference to Prince Juan, heir presumptive to the now non-existent Spanish throne, who has said he would not reign over a Falangist regime.

Isaac W. Stephens Dies At Fort Worth

FORT WORTH, July 17. (AP) — One of Texas' most colorful careers was ended tonight when Isaac Wetherstone Stephens, 94, pioneer attorney, died at his home in Fort Worth after an illness of several months.

Stephens' long career brought him distinction as being one of the first associate justices on the Second Court of Civil Appeals after creation of the court in 1892.

Retired from active practice of law in 1930, he began the personal supervision of his 2,000 acre ranch in Hood and Johnson counties. Ill health forced his retirement a few months ago.

Austin Cafe Owners Ask For More Points

AUSTIN, July 17 (AP)—Austin restaurant owners today petitioned the Office of Price Administration for more food points.

They based their request on an expected population increase of 40,000 servicemen at nearby Camp Swift in the next three months. The increase, together with a July-August 40 per cent cut in points, will make it almost impossible for eating establishments to remain open, said Pat Moreland, head of the State Restaurant association who addressed the cafe men at a meeting.

WAVE And Missing Hubby Meet Head-On

MEMPHIS, Tenn., July 17 (AP)—Seaman Margie Keel joined the Waves after her husband was reported missing in action 15 months ago. She learned recently that he was alive but didn't know his whereabouts.

Then Wave Keel bumped into Sgt. Roy Keel, her husband, on a Memphis street. That was their reunion.

Spy Angle Seen In Murder Of Engineer

CINCINNATI, July 17. (AP)—Wright Aeronautical corporation officials said they suspected "murder at the hands of an enemy agent" in the death in Chicago today of Arthur Joseph Sikora, 39, chief plant engineer who left here Monday, they added, "with plans for the windup of the Japanese war so far as B-29 engine production is concerned."

"Buy A War Bond TODAY"

Big Three Open Historic Parley

(Continued From Page One)

lengthy talks with U. S. military chieftains indicated that the battle against Japan was one of the major topics to come before the Big Three.

Stalin, whose absence yesterday caused a postponement of the opening, arrived in Berlin Monday afternoon with Foreign Commissar Vyacheslav Molotov, it was learned. His whereabouts were one of the best-kept secrets of the momentous parley.

In Black Limousine

Riding in a glistening black limousine and preceded by half an hour by special green-capped Soviet guards, Stalin arrived at the "Little White House" at 11:50 a. m. with Molotov and two high Russian officers. He was greeted by Truman's military and naval aides, and then was taken to the President's second-floor office.

The two leaders, Molotov, and Secretary of State James F. Byrnes talked for an hour there through the aid of interpreter.

What they discussed remained an official secret. Afterward Truman presided at luncheon which included fried liver and bacon with onions, baked ham, creamed spinach, string beans, julienne potatoes, pumpernickel bread, jam, sliced fruit, cookies, mint, candies, and cigars.

Admiral William D. Leahy, Truman's personal chief of staff attended the Juncheon, which ended at 1:45 p. m.

Greets Churchill

In his quarters, meanwhile, Churchill received Stimson, who had just toured Berlin and had remarked after viewing the ruins that "I feel as though I have done a distasteful duty."

Last night Churchil entertained Gen. Marshall at dinner, and talked lengthily with him afterward, probably about the war in the East.

All day explosions rocked the entire Berlin-Potsdam sector, emanating apparently from the Russian zone of occupation.

The blasts, occurring about hourly throughout the day, still were unexplained tonight, but possibly were only supervised demolition work.

While the weather was inclement, the feeling prevailed that the conference preliminaries had sounded an optimisic note. This was true especially in the way Stalin and Churchill disregarded protocol for their personal visits to the President today and yesterday.

Hitler And Eva Now Said In Antarctic

NEW YORK, July 17 (AP)—The French Brazzaville radio, monitored by NBC, tonight quoted "the South American newspaper, La Critica," as saying Adolf Hitler and Eva Braun have taken refuge on Queen Maude island in the Antarctic. Brazzaville said the pair was landed at a former base for German antarctic explorers by the submarine U-530, which surrendered last week to Argentine authorities.

Congratulations To:

Mr. and Mrs. Ira Warren of Star route, Morton, on birth of a son weighing 7 pounds 14 ounces at 2:34 o'clock Tuesday afternoon at West Texas hospital. The father is stationed in Kansas.

News Briefs

A 26-year-old Artesia, N. M., man was jailed Tuesday night by liquor board Officer Frank Mitchell and Policeman Henry Smith on an informal charge of liquor law violation. The New Mexican was found in possession of approximately nine cases of whisky, it was reported. He was arrested in 1200-block Ave. G.

A Slaton man will be charged with drunk driving today, officials indicated Tuesday night. He was arrested about 5 o'clock yesterday afternoon by Capt. C. E. Tabor of the highway patrol three miles out of Lubbock on the Brownfield highway. He was put in county jail.

ON M-K-T BOARD

NEW YORK, July 17. (AP)—Marvin D. Adams today was elected a member of the finance committee of the Missouri-Kansas-Texas railroad. He became a director last April.

Enemy Brains May Serve U. S.

ANNOUNCEMENT by the War Production board that an Enemy Technical Reports committee will evaluate technical information received from Allied-occupied countries in Europe is confirmation of a policy the nation cannot afford to ignore.

The task of the committee will be to investigate all phases of enemy technical activity, and particularly to note cases in which such activity represents an advance over technonogical developments in the United States.

American weapons and equipment in this war have maintained high standards in general, but it is well known that in a few instances enemy products have proved superior.

False pride cannot be permitted to act as a deterrent in adopting superior types of weapons, even if they are of enemy origin. A hard struggle against Japan is progressing toward a climax, and if a German-designed machine-pistol, machine-gun, or type of tank tread can aid victory in the Pacific, then it would be folly not to make the best possible use of it.

The mission of the Enemy Technical Reports committee is no mere inspection jaunt. It can, and probably will, return dividends of considerable importance to the war effort.

Cheers For Our Side!

A TRIBUTE to the quality of wartime newspaper advertising is contained in the report of a study made by Advertising Research Foundation, Incorporated. Increased reading by both men and women of unsigned editorials, and record readership in numerous fields were noted in a summary of 72 readership studies dating from July, 1939.

Classified advertising also showed an increase in reader interest, the report showed. "The cut in space allotted to advertising," the foundation commented, "had no apparent effect on the over-all reading of advertising in general and the increase in national reading may be due partly to the graphic and compelling wartime themes and illustrations."

The increase in readership is a tribute to newspaper advertisers, many of whom during the war have had nothing to sell. It also reflects credit on the newspapers, which have been making a serious effort to interpret the news in their editorials and also to encourage effective presentative of the products and services of their advertisers.

And Next: "Hex" Stockings!

WOMEN will never know what they have on their feet when they wear the newly perfected nylon hose, according to a bulletin from the Du Pont publicity bureau. Nylon, heretofore, has been supposed to be made of coal, air and water. When a new salt plant is constructed at Orange, Texas, the chief ingredient of nylon will be salt and associated with it will be natural gas and petroleum.

Wives in the future may find it wise to keep watch lest "hubby" dissolve the nylon hose to put in the family car for a joy ride. But nylon will permanently replace Japanese silk and is strictly an American product.

Manufacture of the new type of nylon is explained in the release by Du Pont, but it is so involved that the layman flinches from it in a daze. Included in the chemical process, in addition to the sodium hydroxide and hydrochloric acid, are such jawbreakers as adipic acid, hexamethylene diamine and cyclohexane.

The public, adept at shortening names of products, may simply call them "hex" stockings.

It's A Good Investment

THE U. S. has made as much progress in four years of experimentation with synthetic rubber tires as in 40 years of experience with natural rubber, according to Dr. Howard S. Fritz, research expert for B. F. Goodrich company. He thinks synthetic rubber will crowd out the natural type.

In 1941, we produced only 6,000 tons of synthetic and imported 775,000 tons of natural rubber. Now 1,200,000 tons of synthetic is being produced annually and it is being utilized for all purposes that natural rubber served.

Synthetic will be produced for 10 cents a pound, Doctor Fritz predicts, whereas the cost of natural rubber before the war was 20 cents. Based on a consumption of 850,000 tons per year, this will mean a saving to Americans of $190,000,000 annually. In four years this would exceed the $700,000,000 which the government spent to build the synthetic industry.

No one, conscientiously, can kick about that.

The typical person who argues about religion has little (religion) to argue about.

One-Minute Sermon

Forbearing one another, and forgiving one another, if any man have a quarrel against any; even as Christ forgave you, so also do ye.—Colossians 3: 13.

EXPLANATION OF CARTOON

THE BRAINIEST AMERICAN

The Brainiest American who ever lived was Edward Henry Knight of Bellefontaine, Ohio (1824-1883) He was a surgeon and a lawyer, specialist in patent litigation. He owned 7 patents. From 1872-1876 he was a patent examiner in the patent office in Washington. He originated the present system of classifying inventions, and was the founder of the Official Gazette of the United States Patent Office. He also wrote a 3-volume Knight's Mechanical Dictionary and several volumes of poetry. After he died it was found that his brain weighed 64 ounces, the largest of any American on record.

The American House

By Virginia Chase
(Copyright, 1945, NEA Service, Inc.)

XXIV

Early the next morning my father took Mr. Cutter back to the Insane Asylum from whence he had come. "He was supposed to be harmless," he had explained. "When his case came up in Trustee meeting, the doctors said he could be discharged if there was anyone to take the responsibility for him. I couldn't see a man kept in an institution just for the lack of a place to go."

"Of course you couldn't," my mother said warmly. She was feeling very benevolent. We were at home.

One after another, the members of the Sidewalk Society called up to talk about the fire. "Yes, it's most unfortunate," my mother said. But secretly she was as relieved as they were. Through no fault of our own, the American House was in ashes. It had been insured for $2500.

The day after the fire we girls spent every spare minute on the steps of the Town Hall, facing the ruins, which were still hot and smoldering. Time and time again we shut our eyes and opened them. We could never get over the surprise of it. The whole village seemed lighter, as though a shadow had been lifted. In place of the American House we saw only a back yard, a stable, and a stretch of field to the bay.

"I can't believe it's gone," Sue kept saying. Her voice trembled. Sue had liked the American House better than any of us. She had a chance to run things there.

"It's gone all right," Julia told her. "And it's a good thing, too." Julia was, as always, practical. But she was sober, too.

Perhaps she felt as I did. Though I wanted to live at home, I didn't want to lose the American House entirely. I wanted to be able to go in it at any time. To listen to the drummers in the office. To smell Mrs. Guptill's bread from the top of the kitchen stairs while I waited for Jay. To get my hands on the register whenever I felt like it. Once in a while I might even want to sit on the well curb in the cellar. Of course, there was still the stable.

On the second day we could go close up to the ruins. From there we could pick out familiar objects. The office stove, with all its covers missing. The bathtub, black and dented. A plant pot, holding a charred stub that had once been my mother's geranium. One of the telephones, now only a crank, a mouthpiece, and a tangle of wires. Broken pipes, lying in heaps, like Jack Straws. Radiators, already rusting. The furnace, half buried, its arrow on zero . . .

* * *

There was something disturbing about seeing these things—once decent, orderly—now stripped and littered, right out in the face and eyes of everyone. Something that made us resent other onlookers.

"Go right straight home," Julia said fiercely to children who tried to join us. "Go right home this very minute."

On the third day, wearing old shoes and aprons, we ventured in. With long sticks to help us, we picked our way over the debris. Over bedsprings whose coils had snapped and spiraled. Broken crockery. A great sheet of copper that had lined the tank. Bricks that still held a little heat. Only the base of the chimney was standing. A flat of metal had fallen over it, keeping it clear of debris.

I put my stick down in it, wondering if it would come out smelling of kerosene. "There's something in there," I called.

Sue pushed me aside. "Here, let me." She took my stick and poked about. "So there is," she said.

We leaned over, forgetting our dresses. There, still recognizable, was the paperweight and the brass-topped inkwell and Mr. Cutter's chimney plate. They were black now and crusted. Once they had all been round and shining.

It was easier to go home than it might have been, for Benjamin, Jay, and Ada were with us. Benjamin was to run the stable, gradually selling the horses and equipment. Jay would stay until the contract for the stage expired. (Being young, we lived in the present). Ada was to do the work until my mother was rested. (Half a dozen times a day my father tried to get her to go and lie down.) Mrs. Guptill had gone to her own home, thankful, she said, for a chance to do her own cleaning.

Right after the fire a letter had come from Cousin Victoria, who, mercifully spared by the comet, was giving her attention to other things. Would Mr. Googins be available to work for her at Balmoral? she wanted to know.

"Mr. Googins?" my father repeated, bewildered.

"Mr. Googins?" we echoed.

Then it came to us. She meant Boshy.

It was the first time a job had ever been offered him. He took it, tickled to death, without even asking about pay.

* * *

One day early in June, my mother and I were in the sitting room. She was sewing and I was standing by the open window. The air was warm and sweet with lilacs. The day was quiet, too quiet, I thought.

"Now Lucy," she began, "if two-thirds of twelve . . ."

"Here's Papa," I said happily. He was coming up the street with a lively, jaunty step. "He's waving something."

He came into the yard, looking very pleased with himself, across the plazza, inside, and over to my mother's chair.

"Just take a look at this," he said, flourishing a piece of paper. "You, too, Lucy."

It was a check from the insurance company. A check for $2500. It was the first time I had ever seen such a figure outside of an arithmetic.

"Just think what that will buy," he gloated.

My mother reached out an insistent hand. "It won't buy one thing," she told him. "It will go right in the bank and stay there."

THE END

Two Investigators In Locker Probe Named

Charles E. Blount, OPA enforcement attorney in foods, has named Roscoe H. Collier and Dave L. Foreman, investigators from the meat section of the food division, to handle the investigation of frozen food lockers conducted by the Lubbock district Office of Price administration.

Foreman, with OPA for the past 18 months, is an investigator with a background of auditing experience. His work will be confined to the checking of records and some other investigator from the food section with more experience in the meat field will succeed him later in the program, Blount said.

Collier, a veteran of World War II, has had 20 years experience in the meat field and will supervise the campaign.

Blount said that no trouble was anticipated by OPA in its investigation and added that the program is to be conducted "open and above board and it is my belief that the people of West Texas realize that they are not entitled to more meat than anyone else." He said that he expected the fullest cooperation without the necessity of any "court action."

The attorney said that the actual work of contacting locker plant owners will probably not begin before the last of the week. Investigators are now familiarizing themselves with the program.

"Buy A War Bond TODAY"

Looking At Life - - - - - By Erich Brandeis

WHEN you reach a certain age, you want to forget all about birthdays.

So when mine occurred a few days ago, I hoped that it would go by unnoticed.

Well, when I woke up, there was a little table alongside of my bed—my wife must have put it there—and on it were several very nice presents, including one from my dog, Deuce, and a lovely card with roses and forget-me-nots and an appropriate poem.

BRANDEIS

There was an extra special breakfast and when I returned home that evening there was a surprise birthday party of seven friends.

Each one of them had brought a present, and we had a swell birthday dinner.

I have had many a nice present in my life, but the best I ever had was the one the John P. Medburys brought.

It was a juicy little pot roast and a pound of butter!

That's what I call real friendship in these days.

* * *

Well, we talked and we laughed and I was duly kidded about getting to be an old man, and when the party wound up at about 2 o'clock in the morning I went to bed very happy and without the slightest regret that I was a year older and that much closer to the inevitable.

You may say: Why is he telling us all about his birthday and about his personal affairs?

Well, I'll tell you why.

You have birthdays, too, and you feel yourself getting older and grouchier, and you wonder whether life has been worth living after all.

And so I am telling you how much happiness there can be in life for all of us, if we just look at life in the right way.

During the party someone asked me:

"Wouldn't you like to be 30 again?"

"No!" I said emphatically and I meant it.

* * *

I WAS 30 once and I had all the fun that goes with 30 and all the sorrow that goes with it. It is a wonderful life, but why look back, why wish for the impossible?

Forward, that's the way to look. For everything we lose as the years go by, we gain something.

There hasn't been a day yet in all my life that didn't bring a new thrill and a new adventure.

I know there will be more tomorrows for you and me. All you've got to do is to keep your eyes and your heart open.

A few good friends, a sense of humor, good health, simplicity and getting along on what you have—and every day can be a birthday for you.

A New Post For "Ike"?

Changes In War Department Seen

WASHINGTON
By Ray Tucker

A GENERAL reorganization of the military and civilian branches of the War department in preparation for the "Japanese kill" may be staged by President Truman soon after his return from the Potsdam conference of the Big Three. Among those who may be affected are Secretary Henry L. Stimson, Chief of Staff George Marshall, Gen. "Ike" Eisenhower and Gen. Henry H. Arnold, Chief of the Air Forces.

President Truman is eminently satisfied with the performance of these top men, and the changes would not reflect on any of the individuals involved. Indeed, they may quit or be shifted at their own request because of changing military requirements at Washington and in the field.

Mr. Stimson, for instance, is tired and not in the best of health. A logical successor would be Undersecretary Robert Patterson, even though he he does not stand in so well at the White House. He and the Chief Executive had many tiffs when the latter headed the Truman committee.

Although it is customary for a man in mufti to be Secretary of War, there is talk that General Eisenhower might be given the portfolio. In view of his broad outlook, his humanitarianism and his diplomatic talents, it is not believed that Congress or the public would object to his selection even though he is a professional military man. On the other hand, HST might choose one of the many industrialists he came to admire while conducting the Senate investigation of the national defense.

TUCKER

General of the Army Marshall may be elevated to a post opposite that of Admiral William D. Leahy, Chief of Staff to the Commander in Chief. In that capacity General Marshall would act as top military adviser to the President, thus having more time to plan over-all strategy against the Japs if they retire to Manchuria to fight it out.

General Eisenhower has also been advanced as a possible successor to General Marshall. Should "Ike" take War, however, Gen. Joseph T. McNarney might become Chief of Staff. He is a Marshall favorite, and extremely able, although comparatively unknown outside Army circles. He framed the reorganization of the Army while deputy Chief of Staff, and subsequently took command in the Mediterranean theater. He is one of the oldest fliers in the service, although only 52.

General Arnold is expected to retire. He has not been well for some time. General McNarney has also been talked of for General Arnold's post. Other possibilities are Gen. Carl Spaatz and Lt. Gen. Ira Eaker, two of our leading airmen from the earliest days of military aviation.

* * *

DYNAMITE: Rep. John Rankin's legislative proposal exempting discharged veterans from joining unions as a requirement in obtaining work has precipitated a politico-economic clash. Although the measure has been temporarily sidetracked, it has not been killed by any means.

The Mississippian seems eager to play with postwar dynamite. If he forces the issue, the bill, despite its patriotic language, may serve to bring about a violent showdown between organized labor and the millions of veterans who will be seeking jobs when they are demobilized.

To the surprise of many House members and the majority leadership, it was reported favorably by the House Committee on Veterans Legislation after hardly any hearings or consideration. It is part of the strategy of the Southern bloc to prevent formation of a permanent FEPC.

The measure, which is aimed chiefly at political domination of the northern section of the Democratic party by Sidney Hillman's CIO, places every member of Congress in a dangerous No Man's Land.

The anxious legislators now stand squarely between the fire of two of the most important voting groups in the country — about 14,000,000 men who belong to unions of one kind or another and 12,000,000 youngsters who realize that one of the "four freedoms" is the right to work.

* * *

WINNING THE WAR
By Albert Leman

AN INCREASE in the number of strikes, after a slight lull, is the most serious factor in keeping home front conditions disturbed.

Violence, including stabbing, broke out in the New York City walkout of newspaper deliverymen. New troubles have erupted in the arms, food and fuel industries. Unrest is mounting in aircraft, shipbuilding, aluminum, steel and high cost metals.

The latest report of the Bureau of Labor Statistics shows that in May more manhours were lost through strikes than in any month since June or November, 1943.

Should labor difficulties continue on a nationwide scale, the public will suffer even more than it has already. If a satisfactory solution is to be found by government, capital and labor, causes of the present ferment need to be examined.

New York economists declare that labor is in an angry mood because among other things its leaders are circulating charges that the worker is getting a "dirty deal" while the boss is receiving more gravy than ever before. The demand for a minimum wage of 72 cents an hour seems justified to workers who have been told that investors are rolling in gold.

The OPA recently prepared a table showing the profit increase of small and large companies as an argument for its pricing policy. Murray and Green quickly used the figures to bolster the union case for more pay.

Research men in Chester Bowles's office assert that corporations of all sizes in all fields reported that even after payment of taxes, 1943 earnings were more than double those of 1939. Earnings after taxes were about the same in 1944, despite increased war tax rates. Reports for the first months of this year show that profits in most price-controlled industries continue to advance.

Businessmen retort that such a simplified picture does not take into consideration the lean years, today's volume war production, coming reconversion expenses, a probable rise in postwar costs, the need for reserves against competition and other factors. But such apprehensions about tomorrow do not interest the workers; they merely read from the statistics that owners are cleaning up plenty.

* * *

BUSINESS: The AFL in New York contends that while American corporations increased their incomes on investment by 150 per cent in the last five war years, the annual income of workers has been raised by only 73 per cent — from $1338 in 1939 to $2323 in 1944.

Wall Street analysts are incensed by the propaganda because they maintain that it gives only some of the facts. They insist that the figures used by the AFL are for "profits before taxes;" that labor statisticians always ignore the ratio of net earnings to gross sales; that 1939 was not a normal year.

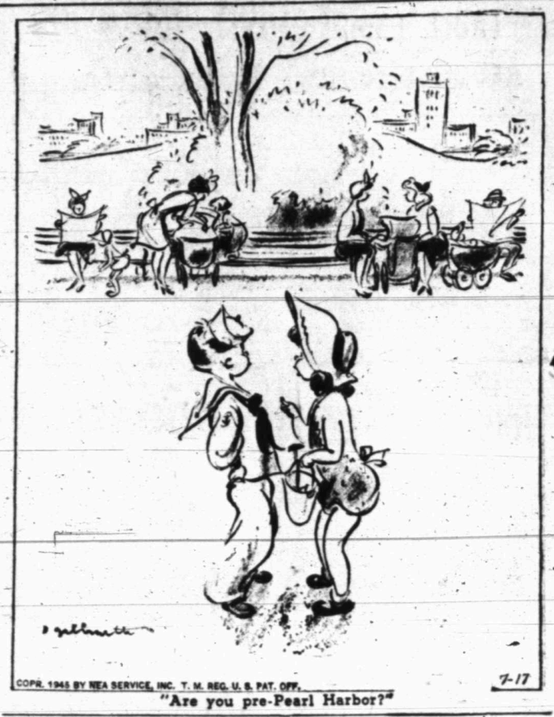

The problem of inventory shrinkage and the preservation of working capital is blithely passed over, they say; regardless of volumne production actual profits of most concerns are about half what they were in peacetime.

CIO leaders also are charging "compensation inequalities." They declare that business has been protected by Congress through a guarantee of "normal profits" by means of tax refunds for two years after the war, even though corporations have accumulated 23 billion dollars in reserves as a cushion for the reconversion period.

On the other hand, they warn, workers have not such nest eggs; most of the savings — so widely discussed as a source of stabilization — are in the hands of wealthy persons, insurance companies, large corporations and banks. Unless Congress accepts President Truman's proposal for a $25 a week unemployment "tide-over," they argue, most of the jobless families will be penniless inside of a couple of weeks.

Any person could frighten us into walking a chalk line of rectitude if he could convince us that being in hell is worse than having sinusitis.

"Are you pre-Pearl Harbor?"

Russian Rap At U. S. Areas Unimportant

We Are Our Worst Critics

By THOMAS L. STOKES
Special Correspondent

WASHINGTON. — The Congressional Record is chockful by now of irate speeches by members from eight Midwest and Mountain states about the description of their country in an OWI magazine distributed in Russia. The article was written by two Russians who were not quite up-to-date in their research.

Despite all the talk of "one world", since the late Wendell Willkie coined the phrase, our country is still a nation of 48 sovereign states, which is entirely normal and healthy. For it shows we still have roots in some one spot, specially favored as we see it, in spite of the way we can jump about, easily and swiftly from one place to another.

STOKES

There is still intense state pride in Kansas, Nebraska, North and South Dakota, Wyoming, Montana, Colorado and Utah, the states treated in the distasteful magazine piece, as there is in Georgia and Pennsylvania, Vermont and California, Texas and the others. Every state is strictly American, and therefore the love of a particular spot represents a love of the whole.

* * *

Midwest Suffered First

Citizens of these states, being typically American, are outspoken, and what we say about each other is really much worse than anything a couple of Russians have said, unwittingly, after scanning out-of-date material. Perhaps they were thinking of parts of their own country — and with fond recollections.

The Midwest suffered in the idol-breaking and disillusioned '20s from a rash of novels by native writers who tried to outdo each other — from unkept rooms in Greenwich Village — about the drabness of living in their own country, particularly the small towns. The style was started by Sinclair Lewis in "Main Street." And yet nobody went rushing away from those towns. They liked them. They still like them.

* * *

THE SOUTH—and I speak here personally — perhaps has had to take more than any other section of the countr yand longer, from the time of the Civil war, and not only from "Yankee" writers but from its own native sons and daughters who went away, took a backward look and found many things to criticize among their own. Yet they retained a deep love of many things Southern.

"Jeeter Lester," created by Erskine Caldwell of Georgia, became notorious nationally. Yet people of the community liked the show when it was put on in a big barn i nthe Tobacco Road country along the Savannah river. Men who looked and acted a good deal like Jeeter went away from the play chuckling about someone else in the neighborhood whom they identified as Jeeter.

Italy to me has always been one of the most beautiful of countries. But when I was there a few months ago, discoursing about its liveliness, I was stopped short by American soldiers who had been there for months. They had been fighting their way up the Peninsula and now were idle in lonely mountain fastnesses. They said:

"Brother, you can have it."

They wanted to get home to Kansas and Nebraska.

* * *

"Everyone To His Task"

What the two Russians said, in a matter-of-fact way, about the Midwest and the Mountain states, is nothing like the tart descriptions you get from returning soldiers of places where they had to serve which the steamship folders and the tourist guide books paint so luxuriantly.

You may recall what trouble Jim Farley got into in 1936 when he described Alf M. Landon, the Republican presidential candidate, as "a typical governor of a typical prairie state." Yet President Roosevelt carried Kansas that year.

One day during the 1928 campaign, after we had been traveling all day across North Dakota, someone asked Al Smith what he thought of it. "You just sit by the window all day and see nothing," barked the son of New York's East Side.

* * *

I WAS in North and South Dakota in 1937 with President Roosevelt when that country was burned up with drouth. The jackrabbits sat placidly in the desolate landscape watching the train go by. The federal government wanted to move the people out of there. But would they move? No, they loved that country.

I saw the same thing in the Everglades of Florida. It was only a few months after the terrific 1928 hurricane which had washed Lake Okechobee out of its banks in a ravage of destruction. The people were moving back again into the swamps. They loved it.

Perhaps the two Russians have excited Congress and the chambers of commerce more than the people.

For the people know, and they don't worry much about the Russians.

DDT May Aid Fight Against Barnacles

CORVALLIS, Ore., July 17. (AP) —The age-old problem of barnacles on ships' hulls may be solved with a paint using DDT, the "miracle insecticide," an Oregon State college scientist said today.

Prof. R. E. Dimick reported the paint completely repelled barnacles on submerged panels for six months, although panels coated with the best commercial anti-fouling paint were encrusted in three months.

NOTICE TO THE PUBLIC

Buses are overburdened as never before. A crisis is near. With more men, tires and gas going to war, present service can barely be maintained. Each day brings greater loads. When you must travel locally, let this be your creed:

1. Do Not Ride in Rush Hours, except to and from your job.
2. Have Exact Fare Ready, saves time and fuss.
3. Move Back When Driver Asks, speeds your ride.

This simple creed will work wonders.

LUBBOCK BUS COMPANY

Our BANK IN Your LIFE

Every year of your life, we can be helpful to you, for money and banking and daily living are all interwoven.

Saving for an education or some other worth-while purpose . . . borrowing to help some member of the family to regain health or to meet other urgent needs . . . financing a home or something to make it more livable . . . safeguarding valuable possessions — these are just a few of the many ways you can call on us to be useful from time to time. Make the most of your bank.

PRICES DROP SHARPLY

NEW YORK, July 17 (AP)—The stock market today suffered one of its sharpest drops in about two years with heavy selling attributed to thoughts that the big Allied smash at Japan might bring a quick surrender and result in a temporary domestic upset of reconversion and economic programs.

Liquidation was more or less orderly until the final half hour when a refuge of offerings put the high speed ticker tape as much as three minutes behind actual transactions. Closing losses of one to three points were widespread. Transfers of 1,-560,000 shares compared with 790,000 Monday and were the largest since June 29.

The Associated Press 60-stock composite was off 1.6 points, widest relapse since Nov. 8, 1943.

Conspicuous on the nose-dive were U. S. Steel, Bethlehem, Chrysler, Santa Fe, Southern Pacific, U. S. Rubber, Sears Roebuck, Douglas Aircraft, Western Union "A," American Water Works, Anaconda, General Electric, Du Pont, Eastman Kodak and Johns-Manville. An exception was Electric Power and Light which held an advance of ⅜ at a peak for 1945.

Railway bonds weakened all along the line.

Produce . .

NEW YORK FUTURES

NEW YORK, July 17 (AP)—The cotton futures market slumped as much as $1.80 a bale on heavy commission house liquidation and hedging. Late covering rallied the list slightly with final prices $1.20 to $1.50 a bale lower. The selling movement was influenced by weakness in outside markets and reports of possible developments on the Japanese war situation.

Increased hedge selling in part reflected the expanding movement of the early new crop to market. Texas reports were that large spot firms are free buyers of everything offered with fair amounts of the staple moving into trade channels.

The July 1945 position expired at noon on a final trading price of 22.80 cents, up 5 cents a bale.

	High	Low	Last
July	22.80	22.61	22.80(x)
Oct.	23.03	22.75	22.81-83
Dec.	23.05	22.75	22.80
March	23.05	22.70	22.76-77
May	23.02	22.70	22.76-77
May	23.02	22.70	22.76-79

Middling spot 23.26N.
N—Nominal.
X—July contract expired at noon.

NEW ORLEANS REPORT

NEW ORLEANS, July 17 (AP)—Cotton futures declined here today under long liquidation and hedge selling.

Liquidation of July started the downturn and late in the session vague peace rumors and weakness in grain increased the offerings.

Closing prices were easy $1.40 to $1.60 a bale lower.

	High	Low	Close
July	22.73	22.58	22.70
Oct.	23.05	22.77	22.79
Dec.	23.09	22.77	22.79
March	23.08	22.70	22.79
May	23.07	22.73	22.77-78

AVERAGE PRICE

NEW ORLEANS, July 17 (AP)—The average price of middling 15-16ths-inch cotton today at ten designated southern spot markets was $1.30 a bale lower at 22.51 cents a pound; average for the past 30 market days 22.71; middling ⅞ths-inch average 21.09.

November 14, 1910 marked the birth of the carrier fighting plane for on that day Eugene Ely became the first naval aviator when he took off from a flight deck, built on the U. S. S. Birmingham, that was only 83 feet long and 24 feet wide.

Livestock . .

Injured Yank Captive Belatedly Learns War In Europe All Over

By KENNETH DIXON
Associated Press Staff Writer

BERLIN, July 17.—It took a Big Three conference for John Spato of Jamaica, Long Island, N. Y., to learn that the war was over.

A soldier in the 36th Infantry division, Spato was captured in September, 1943, in the Salerno fighting. Due to serious wounds he had been hospitalized most of the time since then and lately had been in a hospital which the Russians took over.

Kenneth Dixon

But he spoke no Russian and his immediate attendants spoke no English so the war's end was just another day to him. Also his condition was not good enough for him to be greatly interested in the excitement around him.

Ambulance Trip Fails

Word of his location filtered to the American 1338th evacuation hospital and Pfc. Raymond Wrenn of Iola, (Grimes County) Texas, drove his ambulance out to pick him up. But Spato was under special treatment and the hospital personnel refused to let him go.

Returning with Cpl. Milton Kolarov of Wayne, Mich., a military government soldier who speaks Russian, Wrenn convinced hospital officials that it was all right for them to go in and see Spato.

It was Kolaroc who broke the news to Spato that the war in Europe had ended. Spato now is in the 113th evacuation hospital and is glad to be among Americans again and to know it is all over at last.

EFFICIENT, ANYWAY

President Truman's highly efficient secret service men are guarding him day and night as usual, but it is doubtful if they are any more security minded than a little group of American soldiers who stood guard along one road he travelled.

The President's decision to travel that route was impromptu so the soldiers were told only about 15 minutes ahead of time not to let anybody else in on it because the President would be going that way.

Others Are Stopped

They carried out those orders and when a couple of car loads of important looking men tried to get onto the road right after Truman passed they first argued. Then they referred the situation to their lieutenant who stopped the eager driver by drawing his pistol and telling him not to come any farther.

Among those in the group behind the driver who at first did not believe the soldiers meant business were Prime Minister Churchill, Gen. George C. Marshall, Gen. Eisenhower and British Foreign Secretary Anthony Eden.

Poll Tax Abolition Champions All Set

WASHINGTON, July 17. (AP)—The national committee to abolish the poll tax said today that six senators had agreed to act as a steering committee in efforts to obtain passage of legislation barring collection of poll taxes as a prerequisite for voting in federal elections.

In a statement, the committee said Senators Pepper (D-Fla), Mead (D-NY), Kilgore (D-WVa), Magnuson (D-Wash), Ferguson (R-Mich) and Capper (R-Kas) had agreed to serve on the group.

Negro Is Sentenced On Manslaughter Charge

PYOTE ARMY AIR FIELD, July 17. (AP)—The Pyote Army Air field public relations office said today that Pvt. Tommie Lee Butler, 24, Tyler, Tex., negro, had been convicted by an Army general court martial on a charge of manslaughter in the death of Leonard Jiminez, 45, a laborer.

The statement said Butler was sentenced to three years at hard labor, to forfeit all pay and allowances, and to be dishonorably discharged from the Army.

Jiminez was killed by a blow on the head from a bottle at Odessa, Tex., May 20.

The announcement said the court martial sentence was reviewed and approved by Maj. Gen. Robert B. Williams, commanding general of the Second Air force.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
