## Trustee Election Set For Talco-Bogata

A trustee election will be held in the Talco-Bogata Schools on Saturday, April 7, 1984 for the purpose of electing three school trustees. The terms of Jerry Russell, Lyndon Reed and Dr. E.E. Brooks are expiring.

One trustee is to be elected from the Bogata area for a three-year term; one trustee is to be elected from the Talco area for a three-year term; and one trustee is to be elected for a one-year term and may be from the Bogata or Talco

area according to the number of votes received.  
All requests by candidates to have their names placed on the ballot for the election shall be in writing, signed by the candidate, and filed at the Superintendent's office at Rivercrest by March 7, 1984.

## Three New Businesses Open In Talco

Three new businesses were opened in Talco this week. The new Talco Drug Store, Pool Well Service and Foster Exxon. The Drug Store is located near the Post Office on Broad Street, Pool Well Service is located on FM 71 east and Foster Exxon is located on Inter. Hwy. 271 and FM 71.  
The Talco Drug Store had a busy morning on its opening Monday. Besides the regular prescription drugs, there were calls for

over the counter drugs for the flu and sniffles.  
Bill Buckman and Morris Foster, both pharmacists from Bogata, are the owners with former Talco druggist Glenn Gauden, pharmacist. Gauden and his family operated a drug store in Talco for ten years and one in Mt. Vernon for 14 years. He and his wife still live in Mt. Vernon.  
Mrs. Ronda Brown is the store's new clerk. She and her husband, Jerry and two

children live southeast of Talco.  
Mr. Buckman said that besides having a complete supply of prescription drugs, more over the counter drugs would be added and he hoped to add veterinary supplies in the near future. They are open Monday, Tuesday, Wednesday and

Friday from 9:30 until 5:30, Thursdays from 9:30 until 12:30 and are closed on Saturday and Sunday.  
Mike Turner, area manager for the new Pool Well Service brought only two pulling units to Talco Monday, but said the company hopes to expand in the coming months. Their

new secretary is Mrs. Mary Williams, she and her husband, Mickie Williams, operate a welding shop in the same building. They live in Bogata.  
Pool Well Servicing Company operates mobile servicing rigs and associated equipment on onshore oil and gas

producing areas of the United States. The company is headquartered in Houston, along with other operating units of Pool Company, Pool Offshore and Pool Intairdri.  
Foster Exxon is located on Interstate Highway 271 and FM 71 in Talco. The full service station is owned by James D. Foster and is welcomed into the community.

Anyone out there noticed that commercials are apparently geared for the approximate age of a five year old?  
I don't mean the children's commercials for cereal and toys and etc., I mean the ones aimed at ADULTS!  
For instance, some of these toothpaste commercials...the poor woman looks pitiful, stringy hair, poor feathres, lousy build. But she brushes her TEETH with some high powered stuff and ZOW, she comes out looking like the latest fashion model. Her hair is fixed differently, her eyes are vibrant, and her figure...welllll.  
Same thing with dishwashing liquids...romantic, huh? But this poor harassed woman has everything from crossed eyes to flat feet until she uses the latest money-saving brand of dishwashing liquid.  
And laundry detergents. How many of you ladies sit around busily comparing the colors of whiteness of your wash...and how many members of YOUR family notice whether their clothes

smell differently or feel differently. I doubt whether mine would even notice if the clothes were different!  
And folks sit around SINGING about their deodorants, soaps, stockings and heaven knows WHAT else.  
The fast food chains are down to a throat-slitting viciousness that probably equals the upcoming national elections!  
There are enough brands of dog food on the market to feed every dog in the world...and some of them actually make the food look so good that I wonder if it might not be tasty as a main dish for Sunday dinner when company comes.  
But worst of all are some of the "personal" products. Now really, most of us could do completely without those commercials!  
Come on out there in television land...give us people credit for having sense enough to know that just because you switch dandruff shampoos we are not going to get a new house, a new car or a brand new business contract at the office! Give us a break!

## Margie Rice To Teach PJC Cooking Classes

Margie Rice, who writes "The Cook's Corner" for the Paris News, will teach a series of three cooking classes at Paris Junior College beginning Tuesday, February 7.

In the first class from 6 to 8 p.m. on February 7, Mrs. Rice will lecture and demonstrate "stick to the rib dishes" which cook while the preparer does something else. The next class on Thursday, February 23 will be on speedy, hearty meals

using the microwave, conventional cooking and the food processor. Wok mastery, stir frying and other techniques will be the topic of the final session on March 20.

Classes will be from 6 to 8 p.m. in the Alford Center at PJC, and a \$5 fee will be charged for each class. Participants will taste each dish, and recipes will be provided.

Mrs. Rice, who has written the Paris News

cooking column for the past four years, has interviewed more than 200 cooks in the Red River Valley area. She also writes a column called "East Texas Eating" for the Deport, Blossom, Talco and Bogata papers.

She holds a B.S. degree in home economics from Texas Woman's University, and a master of education with an emphasis in home economics from the University of Maryland. The instructor has taught food

classes at the University of Houston and homemaking at Avery High School. Her husband, Sam Rice, is a Presbyterian minister in Clarksville.

Beginning and seasoned cooks will be welcome in the classes, Mrs. Rice said. Reservations should be made by paying the fee in advance in the PJC community services office or mailing a check to the office, 785-7661, extension 445 or 447.

## Texas Businesses

### To Get Chance To "Make Good"

State Comptroller Bob Bullock said Monday Texas businesses operating outside state tax law will get a one time only, penalty free chance i February to get right with the Comptroller's office before Bullock lowers the boom in March.

"We'll give them 29 days in February to get right with the law," Bullock said. "If they come in and wipe the slate clean, we won't charge

them penalty and we won't file charges against them. If they wait until March or if they wait until we find them, they'll be too late."

Comptroller enforcement officers will begin using new procedures designed to more quickly identify and collect taxes from errant taxpayers in March. Under the law, the Comptroller can collect a 10 percent penalty and has the power to file

criminal charges for unreported state taxes.

"We will only waive penalties and charges if the taxpayer comes forward voluntarily during February," Bullock said. "Chronic late filers, delinquent taxpayers and other taxpayers already under investigation or court prosecution don't qualify for this relief."

The February only, no

penalty period is aimed at:

A business operating without a tax permit.

A business which owes Texas taxes even though a tax permit isn't required.

A business not reporting taxes on a new activity added since it got its original tax permit.

A business with a single tax permit, but more than one business location.

"The February period is for the business operating outside the tax law or beyond the limits of its tax permit. We want them to come out in the open, get a permit and start reporting taxes like most other Texas business people," the Comptroller said.

### Introducing the One Year Interest Deferred Certificate

# 10.95%

#### • Take Advantage of 1985 tax laws.

Federal income tax laws are scheduled to become more favorable towards interest income in 1985 by allowing individuals to exclude \$450 of interest earnings from their taxable income. Couples filing joint returns would be able to exclude the first \$900. Our Interest Deferred Certificates are designed to help you take advantage of these changes by paying all interest at maturity in one year. The earnings are not available in 1984 so you have up to two years to do your tax planning for the income.

#### • Highest rates with only \$500.

You've come to expect the highest rates from Paris Savings and our Interest Deferred Certificate is no exception. With a minimum deposit of only \$500 you'll earn more than most banks pay on jumbo deposits that don't have potential tax savings. You'll want to keep in mind that the stated rate and the annual yield are the same since all interest is paid at maturity.

#### • FSLIC insured for your peace of mind.

With some investments you have to be as concerned with the return of your investment as much as the return on it. The Interest Deferred Certificate is insured to \$100,000 by the FSLIC...and no one has ever lost a penny in an account insured by this government agency.

#### • Call any office for more details.

The Tax Deferred Certificate is not for everyone, but any of our Savings Counselors will give all the details to help you determine if it serves your financial needs. The high, guaranteed rate and interest deferral make the Interest Deferred Certificate worth the consideration of any serious investor.

Substantial penalty for early withdrawal.

**THOUGHT FOR FOOD**

By GOULD CROOK  
**Heavenly Angel Cake Surprise**

This old-fashioned cake has a surprise pineapple cream filling.

- 1 pkg. (14.5 oz.) angel food cake mix
- 1 can (8 oz.) Dole Crushed Pineapple in Juice
- 2½ cups whipping cream
- ½ cup chopped maraschino cherries
- ¼ cup toasted chopped almonds
- 1 tbsp. sugar

Prepare cake according to package directions. Drain pineapple well, pressing out excess juice with back of spoon. Whip 1 cup cream. Fold in pineapple, cherries and almonds. Slice and reserve a 1-inch thick layer from top of cake. Cut cake around outer sides and inner sides, leaving about 1-inch thick border. Remove inside cake with hands; break in chunks. Fold into pineapple cream. Spoon pineapple mixture into cake hollow. Cover cake with reserved top. Whip remaining cream with sugar. Spread over cake. Refrigerate 2 hours, or overnight. Makes 8 to 10 servings. \*Reserve juice for beverage.

**Former Local Minister Sponsoring Tour**

Dr. Tim Walker, pastor of New World United Methodist Church of Garland, has announced a summer tour to Germany, Austria and Switzerland, July 20, August 3, featuring the Oberramergau Passion Play. The tour will be fully escorted from Dallas-Ft. Worth, and is all inclusive. In addition to a full sight seeing program, Dr. Walker will be leading optional studies on the life of Christ that will enhance the effect of the Passion Play.

Tim Walker is a pastor of the North Texas Conference of the United Methodist Church. He is a graduate of Blossom High School, Paris Junior College and received his B.A. at ETSU. He received his Master of Theology degree from Asbury Theological Seminary, and his Doctor of Ministry Degree at Fuller Theological Seminary. IN addition to his pastor duties he services as a church consultant, and is the co-author of "Through the New Testament", a devotional Bible reading guide. He has pastored the Chicota Circuit and the Roxton, Brookston charge in Lamar County, serviced as Associate at First United Methodist, Paris as a missionary in South America, and as pastor of Salem-Kinser United Methodist in Greenville.

His travels include Israel, where he has led three tour groups, Egypt, Kenya, Peru, Colombia, Mexico, Bolivia and Argentina. This tour is priced at \$2195 from Dallas-Ft. Worth. For further information, please call 214-279-6145, or write to 5134 Northwest Highway, Garland, Texas 75043.

## Weekly Agricultural Update

The December freeze wiped out the Greenbugs in the wheat research plots at the Dallas Research and Extension Center. Interesting figures that all wheat producers should find interesting came from this research. However, keep in mind that the greenbug situation in your field may be different.

In checking the same place each week in the wheat nursery plots, none of the greenbugs were sprayed with chemicals. The change in their number is a result of the weather.

Taking twelve, one foot rows, counts each week and the average counts were: November 21, 36.5 greenbugs; November 29, 35.5; December 5, 49.5; December 12, 76.9; January 3, 7.6; January 11, 0.5; January 18, 0.1.

You will note that the big drop in numbers took place when the temperatures plunged to a single digit temperature. Research work several years ago found that temperatures below 28 degrees would cause some greenbugs to die and that significant population reduction did not occur until the temperatures dropped into the single digit range.

Wheat fields that were covered with snow during the cold spell could have had better survival of the insects than the research plots which were not covered with the snow pack.

A number of agricultural educational meetings have been scheduled during February and March.

On February 9, beef producers will want to attend a beef cattle outlook meeting. The meeting will be held in the North Lamar High School Cafeteria beginning at 7 p.m. with a chili supper, compliments of Gibson-Mabry Ranch of Paris, Burrell Great Oaks Ranch of Paris and Paris Real Estate.

Dairymen will be meeting on February 14 for a session on raising herd replacements. It will begin at 10:30 a.m. and adjourn after noon. Dr. Max Sudweeks, will be the speaker. More details in next week's paper.

Wheat producers will want to get an update on the disease situation at a breakfast meeting February 28. Breakfast will be provided by MoBay Chemical Corporation and Estes Chemicals of Paris. Meeting location will be Brownigan's in Paris.

A spore trap to monitor the wheat disease situation in the area has been installed at Petty on the farm of A.W. Shelton. The trap is one of nine erected throughout the state by the Texas Agricultural Extension Service.

Dr. George Philley, pathologist at Overton, was instrumental in getting the trap in the county. He states that we should be able to pinpoint disease potential in our area based on spore counts in areas south of here.

Leaf rust spores are already present in Lamar County. These spores were picked up in the trap on January 13, 15 and 16. However, growers should not get alarmed at this time. The count is very light at this time. You should check fields periodically for rust pustules on plants.

The only thing that the report would indicate at the present time is that spores are on the move in our area.

In addition to leaf rust spores, the trap will be able to pick up powdery mildew

spores, stripe rust spores and serptoria. None of these have shown up presently.

"Opportunities for Agriculture" will be theme of the 13th Annual Texoma Agricultural Conference to be held February 16, beginning at 9:30 a.m. in the Silver Wings Club, West Campus of Grayson County College, Sherman-Denison.

The highlight of the program will be a noon luncheon address by Charles Stenholm, United States Representative from Stanford. Other speakers will be Rutherford Stough, stock cattle operator, Corsidana; Dr. Wayne Sharp, economist, Dallas; Don Essary, Quarterhorse Association Consultant, Amarillo; and Dr. Jim Davis, aquaculture specialist, College Station.

Dr. Ernie Davis, livestock marketing specialist from College Station will be in Lamar County on February 9 for a special educational program on beef cattle outlook. More details on this later.

### HEALTHFUL TREAT

If you want a delicious, healthful food treat try an avocado. Their butter-smooth flavor and texture are refreshing when eaten alone or as part of a salad or other dish. Also, because of record crops, this fruit is plentiful and inexpensive.

Avocados have a number of uses. They can be served fresh in salads and sandwiches, cubed and served with a dip or in soup, or mashed and added to scrambled eggs, spread on toast or in a variety of dishes. In souffles, sauces, cream pies, or ice cream, they add a unique taste and texture. Avocado half shells can be used to hold salads, cottage cheese, entrees, sauces or dressings.

When purchasing avocados, look for medium to large fruits because they offer more fruit for the money. Skins range from dark and wrinkled to smooth and green, depending upon the variety. Dark spots on the green varieties usually do not affect the quality of the fruit unless the dark spot represents a deep bruise or skin puncture.

Avocados are ripe when they give slightly when gently squeezed.

### Avoid Overheating

At 55 mph, your cooling system handles enough heat to warm a seven room house in cold weather. Get your cooling system in shape for summer by checking hoses, belts and pressure cap. Clean the outside of your radiator by spraying with a hose from the engine side. Drain and flush system as specified in your owner's manual.

## Willing Workers Class Meets

The Willing Workers Class of the First Baptist Sunday School of Bogata held their monthly meeting with Mrs. J.N. Lee on January 24. Mrs. Pauline Hutson opened the meeting with prayer.

A supper was served by the hostess to Mmes. Naomi Smith, Willie Mae Gray, Willie Mae Topping, Lucille Keegan, Inez Montgomery and the hostess, Mrs. Gillis led the benediction.

The next meeting will be with Mrs. Gillis.

## Leased Floodlighting is just good business!

Your customers expect your property to be well lighted when your business stays open after dark. Leased Floodlighting from Texas-New Mexico Power Company is the best way to have well-lighted parking lots, entrances and loading areas, as well as nighttime security. Floodlighting units are directional, so you can focus the light where you need it most. Metal halide and mercury vapor units are more efficient than conventional incandescent lighting, so you get more light for your money. And well-lighted property is less subject to accidents and vandalism, too. Best of all, Leased Floodlighting units automatically turn themselves on at dusk and off at dawn. Call our office today and get all the details about Leased Floodlighting.

### Vocational Training

Technological advances have not increased the need for vocational education, or at least not very much, according to a survey of Los Angeles area employers conducted by a University of California, Los Angeles assistant professor of education who has spent years examining vocational education.

"Employers indicate that, for entry-level employees, 'positive attitudes' and 'willingness to work' far outweigh vocational training in making a young person employable," Wellford W. Wilms of UCLA's Graduate School of Education said.

### GARDEN

## Butterfly Weed Not Undesirable

The butterfly weed is a plant that may not deserve its name. It isn't ugly and undesirable. This long-stemmed plant has slender green leaves and clusters of small orange flowers that are delightfully scented. Cuttings of flowers and seed pods are excellent in dried bouquets.

Native to North America, the butterfly weed grows slowly, but sends its roots deep into the soil and, once established, is quite hardy if undisturbed. The plant is grown from seed, likes sandy soil that is well drained and should be watered regularly.

Flowers appear in early summer and usually last well into autumn.

Among the most interesting cactus plants is the bishop's cap, which is native to Mexico. The plant is spineless

## Obituaries

**Goldie Hooker**  
**Dies Jan. 30**

Miss Goldie Hooker, former resident of Bogata, died in an Abilene hospital on Sunday, January 30. She was the daughter of the late Wallace and Maggie Parchman Hooker and was born in Fulbright in February, 1898. Funeral services were conducted in Slaton Monday afternoon with interment in Slaton Cemetery. She is survived by one nephew, Harold Tucker of Slaton; two nieces, Patsy Lipscomb of Dallas and Narca Duncan of El Paso and one sister-in-law, Mrs. Iva Hooker of Bogata.

**Katherine Keith**  
**Dies In Midland**

Word of the death of Miss Katherine Keith of Odessa was received by relatives and friends last week. Miss Keith was the daughter of Dudley and Helen Howison Keith, who was reared in Bogata. She died in a Midland hospital of a heart attack following surgery. She was a graduate of Odessa High

School and McMurray Methodist College in Abilene and Perkins School of Theology SMU in Dallas. She held many responsible positions during her ministry in the Methodist Church, Texas Mission Home in San Antonio, assistant pastor of San Marcos First United Methodist Church and at the time of her death was serving as minister of education in the First United Methodist Church in Artesia, N.M. Memorial services were held Wednesday, January 25 in the Odessa United Methodist Church. Survivors are parents and one brother, John Howison Keith.

### CARD OF THANKS

Thanks to my friends and neighbors for the prayers, food, cards, calls and words of encouragement in my recent stay in the hospital. Special thanks to Bros. Posey, Daniels, Escalante and Kellum for the prayers and words of encouragement. Hobart Bell

### H. L. Jean Appreciation Day Held

The people of Johtown, Talco, Bogata and other communities came to show their appreciation to Harvey Jean in the service held Sunday at the Johtown Missionary Baptist Church.

There were visitors from other towns including Longview, Henderson, Dallas, Mt. Pleasant, Clarksville, Grand Prairie, Avery, Bonham, Texarkana, Boxelder, Kilgore, Pittsburg, Nacogdoches, White Oak, Richardson, Austin, Commerce and Goldendale, Wash.

Two hundred twenty-five people were counted for the service. Chairs were brought into the auditorium. Several commented that it was the largest crowd they had seen at the church for any service.

Those participating in the service were the children's choir, the junior choir, the adult choir, H. Drue Pirtle, Bro. Bill Voss, Bro. Alvin Blalock, Br. A.I. Bond, J.C. Whatley, Eugene Hawkins, Jim Pirtle, Freda Jean and pastor Billy Daniels.

There was also special music presented by a quartet consisting of Drue Pirtle, Robbie Hawkins, Dana Anderson and Mary Lynn Horn. Myra Jean played the piano for the service.

Drue Pirtle presented a certificate of appreciation to Harvey for 23 years of work on the Pirtle Farm. Approximately one hundred seventy-five people stayed and enjoyed covered dish lunch.

Kimberly Kelso, daughter of Mr. and Mrs. Danny Kelso of Lamarque is spending the weekend with her grandparents, Mr. and Mrs. Robert Kelso and David.

Mr. and Mrs. Leon Hall visited James Gray who is apatient in the Mother Francis Hospital in Tyler. Mrs. Dora Frye took her grandson, Tracey Frye, back to Denton Wednesday after he had spent the week

## Talco Locals

Mrs. Lyndon Horn, Mrs. Bobby Kuhl and children and Mrs. Ruby Horn visited Mrs. Keith (Vickie) Mankins in Mesquite recently.

Mr. and Mrs. Cliff Jones were in Tyler Sunday and Monday night to attend her sister, Mrs. Jackie McGinty, who is seriously ill.

Visiting Mrs. James T. Lorance on her 66th birthday Sunday were Mrs. Geo. Batey and daughters, Brenda and Angela, Mrs. Eddie McBride and her daughters, Amanda and Ameila all from Pittsburg and Mrs. Ennis Brown and family of Talco.

Mr. and Mrs. Lee Jones of Little Rock, Ark. spent Saturday night with Mr. and Mrs. R.G. Hood. They also visited relatives in Winnsboro.

The First Baptist WMA will meet in the home of Mrs. Terry Barnett Tuesday night, February 7 at 7 p.m. All members are encouraged to attend.

Missie Carroll celebrated her second birthday with a party at the home of her parents, Mr. and Mrs. Randy Carroll Sunday afternoon. Strawberry cake and ice cream were served to these guests, Mr. and Mrs. Gerald Martin, Mr. and Mrs. Ralph Oglesby and two children. Mrs. Lynn Carroll, Brenda Carroll and Mrs. Peggy Barnett, Grant and Gavin.

Graduates of the course studied systems security operations, tactics and weapons training and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Skaggs is scheduled to serve with the 7th Security Police Squadron at Carswell Air Force Base, Texas.

He is a 1982 graduate of Rivercrest High School.
