Gail Teacher Gets Grant To Institute

FORT WORTH, May 28—Douglas Morningstar, Gail teacher, has received a grant to attend the third annual Summer Institute for High School Teachers of Science and Mathematics to be held at Texas Christian University June 3 - July 14. The program is sponsored by the National Science Foundation. Course work on the graduate-seminar level will be offered in four areas: physics, chemistry, mathematics and biology. A total of 103 grants were awarded. Morningstar is one of 27 teachers chosen for the mathematics section of the Institute. The grants provide tuition and living expenses for the six-week period. Seven states are represented by the group—Arkansas, Colorado, Kentucky, Louisiana, New Mexico, Oklahoma and Texas. Participants include 80 men and 23 women. Dr. E. R. Alexander, TCU chemistry professor, is institute director. Principal faculty members for the program will be leading TCU instructors—Dr. John Forry, biology; F. M. Lyle, chemistry; and Dr. Joseph Morgan, physics. Dr. James C. Bradford of Abilene Christian College will instruct the mathematics division. Other outstanding Texas scientists will be guest lecturers during the institute.

Ignorance Is Big Red Aid, Says LBJ

By LEE JONES
SAN ANTONIO, Tex. (AP)—Vice President Lyndon Johnson threw away a prepared speech Sunday and delivered an impassioned plea to his alma mater's 1961 graduating class to fight worldwide disease, poverty and ignorance.

Johnson spoke at graduation exercises at Southwest Texas State College here. The vice president graduated with a history degree in 1930 from the little college, which now has 2,560 students. "The three greatest enemies of our world are disease, poverty and ignorance," Johnson said. "They are the three greatest enemies of our democratic system. And if you don't know it, you had better hear it now."

Johnson attended the college when it was known as Southwest Texas State Teachers College. The Texas Legislature in 1959 deleted the word "teachers" from the name. Upon graduation, Johnson taught school. While a student, the vice president was editor of the school paper and a member of the student council.

Johnson worked his way through school at a number of jobs, including helping to build the school's sidewalks and later serving as secretary to the president of the college. He attended the school when it had an enrollment of about 1,000 students. In his speech in Austin, Johnson stressed the importance of local government in combating Communist efforts to win the nation's vote. "Today we live in a world absorbed in the contest between the great powers. Too often we forget that the decision between freedom and slavery is a decision that millions of men will reach by the choices offered them at the local level," he said. The vice president departed from his prepared text to say, "I would remind you that there have been six revolutions inspired by the communists in southeast Asia in recent years. Of these five have been defeated and the other is on its way out."

Food Stamp Plan Gets Test Today

By BURL OSBORNE
WELCH, W. Va. (AP)—Food stamps, a new effort to improve the diet of the nation's needy, were to get an over-the-counter test here today. The first allocation of stamps under President Kennedy's pilot project were to be distributed in this southern West Virginia Community this afternoon. The stamps can be spent like money, but only for food, no whiskey or beer—rig retail stores.

Secretary of Agriculture Orville L. Freeman and Gov. W. W. Barron planned to attend ceremonies launching the first of eight test programs. The food stamp plan will substitute for surplus commodities in the pilot area. Here in McDowell County some 10,000 families, more than half the county's population, had been certified to receive commodities. Automation in the coal industry has caused much unemployment here. The stamp program was set up with approximately 10,000 families in mind, but so far scarcely

Mrs. Kennedy Plans Visit To Greece

HYANNIS PORT, Mass. (AP)—Mrs. John F. Kennedy will visit Greece for a week of rest and sightseeing, the vacation White House announced today. Pierre Salinger, White House press secretary, said the First Lady would be the guest of Greek Prime Minister and Mrs. Constantine Caramanlis. Salinger confirmed earlier reports that Mrs. Kennedy would go to Greece after spending several days in London next week. The First Lady will stay over in the British capital after President Kennedy flies back to Washington next Monday night at the end of his trip to Europe.

The Kennedys take off from New York to Paris Tuesday night. Mrs. Kennedy will accompany the President to his meeting with French President Charles de Gaulle, then on to Vienna for the conference with Soviet Premier Khrushchev and to London next Sunday night. In London, Kennedy will confer with Prime Minister Harold Macmillan. With Mrs. Kennedy, he will attend the christening of the second child of Prince Stanislas and Princess Lee Radziwill. He will be the godfather. On Kennedy's departure for Washington the night of June 3, Mrs. Kennedy will remain with the Radziwills. The princess is her sister. The Radziwills will accompany her to Athens.

Salinger said exact dates of the First Lady's trip to Greece have not been set but she hopes to attend an outdoor performance of the Greek tragedy "Iphigenia in Aulis" on June 14 at the ancient Herodes Atticus Theater in Athens. Salinger said Prime Minister and Mrs. Caramanlis had invited Mrs. Kennedy to visit them.

Kennedy Directs Tractor Rebuttal

By WHITNEY SHOEMAKER
HYANNIS PORT, Mass. (AP)—President Kennedy today was reportedly directing an administration counterattack on critics of the tractor deal to liberate captives of the Cuban refugee invasion.

Kennedy, here for a weekend of rest and study, was understood to have considered that Western Hemisphere problem while leveling primary attention on his European conferences later this week. Former Vice President Richard M. Nixon and Republican leaders in Congress have denounced the proposition of Cuban Prime Minister Fidel Castro to exchange 1,200 prisoners of the invasion at tempt for 500 tractors and bulldozers. They called it blackmail and criticized Kennedy for helping to organize a committee of U.S. citizens to raise the necessary millions and arrange details of the transfer.

Castro, who has been signs that he would like to see the deal, said he would like to see the deal. Kennedy has appealed for contributions to pay for the tractors, which would cost an estimated \$15 million. The White House also has disclosed that behind the scenes he got these committee members together. But Kennedy also has declared the government itself can play no part in the transaction of fund raising.

That job was left to the committee, consisting of Eleanor Roosevelt, Walter Reuther, head of the United Auto Workers, and Dr. Milton Eisenhower, brother of former President Dwight D. Eisenhower and president of Johns Hopkins University. "The administration is said to believe the situation is just right to undo any damage in relations with other Latin American nations caused by the invasion failure." Castro apparently thought up the tractor-for-prisoners exchange in hopes of building his own prestige while hurting the United States.

Indians, Braves In LL Victories

In a pair of weekend Little League makeup games the Indians walked past the Yankees 6-1 and the Braves edged the Cardinals 5-7.

Thomas Chorn starred for the Indians, as he slapped a third-inning leadoff double and a two-run roundtrip in the fifth. Truman Iverson and Jerry Smedley each singled twice for the winning runs, also.

Butch Fletcher powered a solo

home run in the second to account for the only Yankee extra base knock as mustered off Bobby Clardy, who went the route in post-game.

Starter Dick Watson was the second in the second inning.

The nightcap saw the Braves tightening their hold on second place in the National League with their 8-7 edging of the Cards.

Don Jones, who came on to spell Tommy Sinclair during a third-inning Redbird uprising, finished out for the victory, while Roy Hunter went the distance for the Cards in absorbing the defeat.

Ronnie Glemmer, with back-to-back angles in the third and fourth frames, led the Braves at the plate.

Steve Holder, who singled twice in as many trips, paced the Cards.

Mixon Upends Phillips '66' In Loop Play

A seventh-inning rally, sparked by a three-run homer off the bat of Grady Gafford, powered "Mixon" to a 14-10 City Softball League triumph over Phillips '66' here Saturday night.

Mixon had entered the inning with the score tied, and tallied the go-ahead run by virtue of a Phillips fielding blunder prior to Gafford's driving in of the insurance markers.

Gafford went all the way on the mound for the win, while Mickey Nunley, who also went the route, was the loser.

Mixon pounded out 23 hits for the victory, and "66" landed 11.

Harve Tatum doubled twice to help boost his mates home, also.

For Phillips, Nunley aided his own cause with a two-run third-inning circuit smash, while Clyde Colvin also pounded out a round-tripper in the first with the bases empty. Eddie Gregory also added a pair of two-baggers to the losing onslaught.

WAITING—Jack Fleck watches his ball perched on the edge of the second hole cup in the \$50,000 golf tournament at Indianapolis. Fleck waited for several minutes hoping the ball would drop for a birdie. It didn't drop and he took a par 4 on the hole. (AP Wirephoto)

Makings Of A Beautiful Love Affair

INDIANAPOLIS (AP)—If Doug Ford doesn't love the Indianapolis Motor Speedway golf course, he ought to stop off at a psychiatrist on the way to deposit \$9,000 he won Sunday by beating Arnold Palmer in two extra holes at the \$50,000 "500 Festival" open tournament.

This was the one tourney the Tanglewood, Fla., veteran won on last year's tour. It is the only one he has captured this year—with a dry spell of 32 tournaments in between.

He got it by shooting a 13-under-par 280 for 74 holes.

"Sure I like this course," Ford said. "I was raised on one like it where you hit short and bounced onto the green."

He had every reason to fold in this tourney. Palmer, in one of his patented finishes, rifled a 30-foot eagle putt on the 18th green for a 66 round and 273 total.

Ford took two putts from the fringe for a tying birdie, a 68 and another 273 total.

They parred the first extra hole and Ford won the second with a 12-foot birdie putt as Palmer missed a 9-footer. Palmer's second was worth \$4,600.

Gary Player's final round 67 gave him a 274 total, one stroke back of Ford and Palmer.

Workers In Pee Wee League Meet Tonight

A meeting of all moms, dads, managers and workers who can help in the planning and operation of the coming season's Pee Wee League has been called for tonight.

Those persons so concerned are asked to be present at 7:30 p. m. in the Central Elementary auditorium.

Scotch 4-Some Play Set Here Tomorrow

Highlighting the special Memorial Day links activity at the Snyder Country Club tomorrow will be Scotch foursome matches, which will have an initial tee-off time of 1:30 p. m.

A total of 18 prizes will go to the various winners at conclusion of the day's play.

TAKE ME OUT TO THE BALL GAME—None, this five-foot bundle of backstop won't be catching tonight in the Colt and Pony League openers, but she still serves as a scenic reminder that the season is upon us. She's Lynne Caperton, a Snyder High senior. Following introduction of all the teams competing and a picture-taking session, those necties to get underway at 6 o'clock this evening, the Yankees and Lions of the Colt League will clash at 6:30, followed by the Pony Sports and Bufts at 8:30. JONES, BRABHAM CLASSIC'S GLAMOR BOYS

ROOKIE-STUDD '500' Field Poised

By DALE BURGESS

INDIANAPOLIS, Ind. (AP)—A separate session was called to emphasize the rules and meanings of starter Bill Vandewater's flags for the eight first-time starters for the eight first-time starters. It was the biggest crop of rookies in 10 years, and maybe the best.

The vanguard of the potential audience of 200,000 was talking up two especially glamorous newcomers, Australian Jack Brabham and Parnelli Jones of Torrance, Calif.

Brabham, world road racing champion the last two years, challenged the race's 10-year domination by Offenhauser-powered cars built especially for the 2 1/2-mile brick and asphalt track. His English Cooper Climax also was built especially for Indianapolis but it departed from the American style by having a smaller engine installed behind the driver and a shorter, lighter chassis.

Jones, a terror on smaller American tracks, upheld his reputation with fast, heavy driving in practice and qualifications. The 27-year-old rookie, one of the five youngest drivers in the field, will pilot the year-old Agajanian Special, an A. J. Watson creation in which Lloyd Ruby of Houston placed seventh in his first start.

Ruby this year has the new Eperly car originally assigned to veteran Tony Bettenhausen, killed May 11 testing another car. This would have been Bettenhausen's 15th Memorial Day race.

The favorite—as much as there can be a favorite in this car-pushing contest—is 1959 winner Roger Ward of Indianapolis. The former USAC national champion, 40, has been running easily at 146.5 miles an hour practicing in a new type Watson.

Jim Rathmann of Miami set the track record of 138.767 last year in the same Watson he is driving this year. He and Ward have finished only a few seconds apart in the last two 500s.

Big Bats Booming In American Loop

By JACK HAND

Associated Press Sports Writer

Take one look at those Sunday box scores and you'll have to agree the old rabbit ball is back. American Leaguers hit 27 home runs Sunday, a new all-time record. The old high was 26 by the National on May 30, 1956, in eight games. The American also played eight games on that date when it set its previous high of 24. They played only seven games Sunday.

Ten homers were hit at Cleveland—nine at New York, five at Los Angeles, two at Washington and one at Baltimore.

There was a fantastic first game at Yankee Stadium between the Chicago White Sox and the New York Yankees. The Sox piled up a six-run lead with the help of a grand slammer by Wes Covington and the Yanks tied it with six runs in an inning, four on a grand slammer by Bob Cerv, a pinch hitter. Despite two more Yank homers, the Sox finally slammed out a 14-9 decision, breaking a six-game losing streak. New York won the second game, a comparatively quiet affair, 5-3, despite another homer by Covington.

They really teed off in Cleveland. Only three homers were hit in the opener, won by the Tribe 9-1 on Gary Bell's six-hitter against Kansas City. Seven were slammed in the second, won by the A's rookie Norm Bass with a six-hitter. Johnny Romano of Cleveland and Norm Siebern of the A's each contributed two.

Detroit called on its Sunday punch, Charlie Maxwell, as well as Norm Cash and Dick Brown for home runs at Los Angeles but needed a two-run double by Billy Bruton in the seventh for a 2-4 victory over the Angels.

The new Washington Senators continued to make life miserable for the old Washington Senators. There was a fantastic Sunday, beating the Minnesota Twins, beating them for the third straight time 6-4. It was the eighth defeat for the Twins in their last nine games. The new Senators have won 11 of their last 16 in a rise to fifth place.

Rookie Don Schwall snapped a five-game Baltimore winning streak by pitching the Boston Red Sox to a 5-0 victory. He struck out Jerry Adair four times

Lamesa To Test Dumas In Decider

By THE ASSOCIATED PRESS

One-half of the Texas schoolboy baseball tournament has been completed and the other half will be filled early this week.

Lubbock, Monterey, Lufkin, Baytown and Waco will play for the Class AAAA championship at Austin next week. The Class AAAA bracket was filled Saturday.

Two spots will be decided in Class AAA Monday and two more Tuesday.

Dumas and Lamesa, tied in their series, clash at Plainview Tuesday for "the night-to-night" at Austin June 7-8.

Paris and Waxahachie, with a victory apiece, tangle at Garland Monday.

Jasper and Brenham meet at Jasper Tuesday with Jasper holding a 1-0 advantage. Two games may be needed to decide the issue.

South San Antonio and Kingsville, all square in their series, decide things at Sinton Monday.

Trying For Monopoly

NEW YORK (AP)—Villanova has won the IGA track and field championship four of the last five years and rival coaches were wondering today when the Wildcats would let up.

The Wildcats won the 8th edition of the championships last Saturday on wet, miserable Randall's Island with 46 points—far more than Coach Jim Elliott thought he'd collect.

The Wildcats, led by sprinter Frank Budd, won five of the 18 events. Budd won the 100 on 9.6 and the 200 in 21.4.

Other Wildcats winners were Joe Dante in the 800 (1:55.5), Pat Traynor in the 3,000 meter steeplechase (9:25.3) and Billy Joe in the 500 yard (54.4).

John Thomas, warming up for his summer battles with Valery Brumel in Russia, won the high jump with a 6-5 leap.

Harvard was second in the team race with 29 1/2 points, followed by Maryland with 25 1/2. Penn State with 18 1/2 and St. John's with 17.

Sluggest Looms In Vienna Talks

By WILLIAM L. RYAN Associated Press News Analyst PARIS (AP)—President Kennedy's Vienna summit conference with Premier Khrushchev can develop into a free-swinging verbal slugfest that would leave each leader with few illusions about the other.

Advance pronouncements from Moscow indicate Khrushchev will tell the President the United States has no choice but to accept rising Communist world power as a reality and adapt itself to that as a fact of life—that the Communists will neither retreat nor halt in their drive for world supremacy.

For his part, President Kennedy indicated on his recent visit to Canada he is in a mood for straight talk, unvarnished by diplomatic niceties. He is apt to pull no punches while telling Khrushchev what the United States is prepared to do—believing the West is capable of meeting a NATO nuclear striking force and take whatever other measures may be necessary to head off further Communist conquests.

In advance, Moscow is putting out the line that the confrontation may be expected to bring "good results" that will lead to a new era of peace and cooperation between the Soviet government, newspaper Pravda, the Communist party paper, also is building up expectations for the summit—that is nothing new. Negro Admits Slayings

PLAINFIELD, N.J. (AP)—Joseph Maxey, who had steadfastly denied participating in the slayings of two prominent Negroes, broke down Sunday and confessed—embarrassing the story's chief author by his partner in the brutal crime.

Maxey, 23, and Lovelle Parks, 22, both Negro, car-washers who have been charged with abduction, rape and murder, were in court at a preliminary hearing 10 days in Plainfield Municipal Court.

In his confession, Maxey admitted he had killed Mrs. Elliott C. Evans, 49, of Plainfield, last November with her own Cadillac when she attempted to escape. Parks admitted Friday night that he had strangled Mrs. Robert Tyson, 50, also of Plainfield, after raping her. He had implicated Maxey but Maxey repeatedly denied the accusations despite the wounds of evidence gathered by detectives.

POWER MOWER DISPLAY—Burl Loving, manager of the Goodyear Service Store here, stands beside a display of power mowers, now being featured by the firm.

Power Mowers, Coolers Are Featured At Goodyear Store

Summertime specials are being featured at the Goodyear Service Store, located on the east side of the square in Snyder.

Power mowers and home coolers head the list of specials now on display at the store.

One of the top bargains, says Burl Loving, manager of the store is a big, rugged mower with a 2½-horsepower Lawson Four-cycle engine which cuts a 22-inch swath.

Goodyear also is featuring the Magic-Aire evaporative coolers, both in room-size equipment and units for cooling an entire home.

This big mower sells for \$54.96, with terms at \$5.50 down and \$1.25 per week.

Goodyear also is featuring the Magic-Aire evaporative coolers, both in room-size equipment and units for cooling an entire home.

The Magic-Aire "DeLuxe" has a high capacity motor and large blower made to order for an average house. It also is available with either a two-speed or single-speed motor.

The industry situation has not changed with regard to the Golden Dozen. I pointed out in 1958 that the 12 men were the real stars of Hollywood since they were the only names on which producers felt they could rely.

Two New Members In 'Golden Dozen'

By BOB THOMAS AP Movie-TV Writer HOLLYWOOD AP—The Golden Dozen has lost two of its members, but two new stars have come up to keep it a glittering twelve.

Three years ago, this writer pointed out that there was a sound dozen of film stars who virtually ruled the film industry by their ability to write their own ticket in deals.

They were: Marlon Brando, William Holden, Gary Cooper, Burt Lancaster, Tony Curtis, Gregory Peck, Kirk Douglas, Frank Sinatra, Clark Gable, James Stewart, Cary Grant, John Wayne.

Today, Gable and Cooper are gone. Though their box-office draw was off from their prime years, both were drawing top money when they died.

Neither Gable nor Cooper will ever be replaced. But the tides of film fortunes have provided two new members to again make it the Golden Dozen.

Library Club At Fluvanna Sets Program

FLUVANNA — The Fluvanna Library Club, "Read" will carry on a summer program at the school library, it was announced today.

The club will have the school library open on the first and third Tuesdays each month during the summer from 9 a. m. to 11 a. m., except for the July 4 holiday.

Each day the library is open the club will present a story hour for pre-school children.

Members of the club are Keitha Kever, president; Sue Herring, secretary-reporter; Robyn Beaver, publicity-treasurer; Janie Giegler, W. Len Landrum and Barbara Miller.

The production picture is further complicated by the fact that many of the Golden Dozen choose to work less often. Most are millionaires and don't need the jobs. They prefer to do only those films that excite them.

No one begrudges the stars earning their worth, which is considerable. But many observers see the growing danger of relying on a tight group of stars.

Some of their mature men with declining draw. The need for new stars is greater than ever, but little is being done about it.

There is one hopeful development: the return of the female star. A few actresses have grown in importance to threaten the moneymaking abilities of the 12 males.

They are led by Doris Day, Elizabeth Taylor, Debbie Reynolds, Shirley MaLaime and Marilyn Monroe. More power to you, girls.

Navy Seeks Funds For Ocean Study

By ELTON C. FAY WASHINGTON (AP) — A \$906-million program for expanded studies of the ocean's mysteries was proposed today by the Navy.

The United States, 30w trails the Soviet Union in the scope of its oceanographic research, a subject of great importance to both the civilian economy and military planning.

Ocean salt water covers nearly three-fourths of the globe. Many scientists claim that less is known of the ocean's "inner space" than is known about outer space.

In outlining its proposed 10-year program, the Navy recommended \$245 million for military oceanography—additional studies of oceanographic factors such as underwater acoustics and magnetic action.

The second largest proposal is \$229 million for ships. Sixteen of these would be survey ships. The others would be used for various types of research. The Navy now has 13 survey ships and 20 miscellaneous research craft.

One of the recommendations is to call for an "operational marine environment prediction system," which would work something like long-range weather forecasting.

One phase of this program would be for antisubmarine warfare, providing forecasts on sea ice, currents and other factors. These are important in planning routes, points of attack, mine planting and nuclear warfare operations.

Secretary of the Navy John B. Connally says he hopes that a \$97-million fund for oceanography contained in the fiscal 1962 budget can be increased substantially.

Almost all of that money is allotted for pure research—of ocean currents, depths, mass water movements, ocean floors, tides, minerals, gravity fields, fish and marine vegetation. This is of prime value in planning for the future when more food, more minerals and even power may have to be taken from the ocean.

But much of what is learned will be of interest in the operation and detection of submarines and surface ships of the Navy.

Demos Ask Recess In GOP's Barbs

By JACK BELL WASHINGTON (AP) — Democratic leaders called today for a cooling-off period in Republican political attacks until President Kennedy has talked with Soviet Premier Khrushchev in Vienna.

Senate Democratic Leader Mike Mansfield of Montana urged a truce to suspend at least temporarily the kind of foreign policy blunts at the President with which the GOP kept the political battle reverberating over the weekend.

"This is not the time, with the Khrushchev visit approaching, for anyone to become political partisan in the foreign policy field," Mansfield said. "Rather it is the time for all Americans to come to the aid and support of their president."

Sen. Hubert H. Humphrey of Minnesota, the assistant Democratic leader, said in a separate interview he recognizes the Republicans' right to criticize foreign policy decisions. But he said he thinks the country would benefit by a little more unity behind the President as he approaches the Vienna meeting.

"For the Republicans to assail the President as he is preparing for this vital conference is bad manners, bad politics and poor judgment," Humphrey said.

Kennedy, who is 44 today, told a cheering audience of 6,000 at a birthday dinner here Saturday night that he intends to make it clear to Khrushchev that the United States will resist to the end all those who are seeking to destroy human freedom.

Kennedy said that he is going to individual conferences with Khrushchev, President Charles de Gaulle, of France and Prime Minister Harold Macmillan of Britain because he feels it is "indispensable for leaders of nations to have an understanding of the men with whom they must deal."

Vice President Lyndon B. Johnson told his colleagues he believes that "free men on every continent" will be behind Kennedy in his talks with Khrushchev June 24.

Republicans gave no sign, however, of any let-up in wide-ranging criticism of Kennedy's foreign and domestic policies, which they engaged over the weekend.

Hillary Man Doubtful Of Snowman

KATMANDU, Nepal (AP)—The leader of Sir Edmund Hillary's Himalayan expedition, back from adventure on the world's mountain roof, says he doubts the existence of the abominable snowman.

"I consider a search for the yeti a useless job," Dr. Griffith Pugh said Sunday as he and three colleagues reached here after a 14-day trek from their Mingbo base camp.

The yeti, or abominable snowman, is a legendary creature of the Asian mountains. Most Western scientists and Sir Edmund Hillary himself are skeptical about the humping beast. Others theorize it may be an ape or a Neanderthal man.

Hillary brought a supposed yeti scalp to Chicago for examination last fall, then returned it to Khamjung Monastery, where Buddhist lamas venerate the relic.

Pugh said he considers the Hillary expedition a scientific success, although it failed in the scaling of 27,790-foot Mt. Makalu. The British physiologist took over the expedition three weeks ago when Sir Edmund, 41, conqueror of Mt. Everest in 1953, suffered a slight cerebral stroke.

An airlift today was bringing back from Mingbo four alpine members of the expedition, including Capt. Thomas G. Nevison Jr., 32, of Lakewood, Ohio, a U.S. Air Force surgeon.

Graduation Is Dilemma

DENVER, Colo. (AP)—An Ohio father with two sons graduating the same day from service academies has decided it wouldn't be fair to attend one and not the other. She won't attend either graduation.

John Stackhouse of Norwood, Ohio, plans to visit her sons before they graduate June 7. Bill, 22, will graduate from the Air Force Academy near Colorado Springs, Colo. His brother, Charles, 21, is completing his studies at the U.S. Naval Academy at Annapolis, Md.

Mrs. Stackhouse, 44, arrived for a few days' visit with Bill before traveling to Annapolis to spend next weekend with Charles. She is an industrial nurse for Continental Can Company.

"I'm going to be working the day they graduate," she said. "It's unfortunate, but I've known for three years that this probably would be happening."

"I'm grateful that they're both graduating. Isn't that enough for any mother?"
