Randow to Be Counsellor In School System

The Aransas County School Board met Tuesday night, to canvass the vote of the recent school board election, accepted the resignation of one teacher, hired another one temporarily, and designated Elton J. Randow, present director of the Pirate band as full-time student counsellor for the coming year of 1964-65.

Also, the board re-elected its former officers, Dr. H. F. Elliot remaining as president, James B. Jackson as vice president and Charles A. Roe, Jr., as secretary.

The resignation of Mrs. Thelka Simpson was accepted, and Mrs. Cecil Cole was hired to fill out the remainder of this school season as teacher of the third grade at Fulton. Mrs. Simpson and children will join her husband, Rev. C. R. Simpson, at Porter, Texas, where he was called to the pastorship of the Baptist Church. He has been pastor of the Fulton Baptist Church, while Mrs. Simpson taught in the Fulton school.

Supt. J. D. Gray told the board that Grover Watkins, Jr., would remain as biology teacher and backfield coach for the football team, and asked approval of the trustees for promotion of Elton J. Randow, director of the high school band, to the post of student counsellor, a newly created position. After some discussion, the promotion was approved on a motion by Roe and seconded by Ottie Mundine, to which other trustees gave unanimous assent.

Cabanas, Rest Rooms Planned For Beaches

Twenty cabanas and four rest rooms are to be built as part of the Navigation District's construction projects this spring.

Five of the cabanas will be at Fulton Harbor, with one rest room; fifteen cabanas and three restrooms will be strung along the beach at Rockport.

The cabanas will be placed approximately 100 feet apart at both harbors. At Fulton they will be built on the ridge of high ground to be constructed under the specifications of the Fulton Harbor project.

At Rockport, nine will be divided in groups of three around the three existing aprons; the remaining six will be constructed on the main extension to the fill along the beach.

Cabana spacing should be at least 100 feet, the engineers say, and no cabana should be within 100 feet of rest room facilities.

Excess spoil from Little Bay is to be deposited at the southwest end of the ski basin and in an area located between the band shell and the boat ramp arear.

Navigation District commissioners have authorized their engineers to proceed with design of two drainage structures required on each side of the Cove Harbor entrance, and to re-design the office building for the district.

Walls will be of brick veneer, with insulation; the roof will be a low-pitched, gabled one; and the size of the conference room is substantially reduced.

New services include a complete cosmetic department, featuring name brand cosmetics such as Coty Revlon, Max Factor and DuBarry; an expanded department of American greeting cards and gift wrappings; a complete line of house wares; and an expanded meat market featuring a wider choice of heavy beef. The produce department also features many additional frozen food items and a larger variety of fresh fruits and vegetables, delivered daily from the Rio Grande Valley, California and Florida. The grocery department has also been enlarged and is featuring a greater selection of food products than ever before.

VERNON KLEYPAS

Although the store bears a new name and shows considerable change, there are still some familiar sights to Rockport customers at the new H.E.B. Food Store. Foremost among these is the manager of the store, Vernon Kleypas, who has been serving Rockport food shoppers for the past 10 years.

Prior to becoming a food store manager Mr. Kleypas was Display and Advertising Director of Rodney's Mens Shop, Houston, Texas.

He is a graduate of Rosebud High School, Rosebud, Texas, and attended Texas A&M and the University of Houston. He has completed extension courses from the University of Texas in retail selling and public relations.

Mr. Kleypas spent four years in the U. S. Navy during World War II, and served 38 months overseas on board the battleship USS South Dakota, and had the honor of being present during the formal signing of the peace treaty with Japan in Tokyo Bay.

A civic minded man, Mr. Kleypas has served as First Vice President of the Aransas County Chamber of Commerce, and First Vice President of the Rockport Lion's Club. He is a member of the Rockport Sportsmans Conservation Ass'n, and of the Veteran's of Foreign Wars. He also belongs to the Quarterback Club and High School PTA.

Commenting on the 'new look' at the Rockport H.E.B., Vernon said he feels he can provide even better service with a "larger and more complete line of everything."

DEWEY ILES

The 'new look' of the Rockport H.E.B. Food Store includes an old favorite of food shoppers in the city. Surrounded by the gleaming display cases and market fixtures stands market manager Dewey Iles, retaining the position he has for the past ten years.

While a new member of the H.E.B. organization, Mr. Iles is obviously no stranger to the market business, boasting a career of some 26 years in his profession. Starting in his father's market as a boy of 12 in DeRidder, Louisiana, Dewey has continued in this field with only one small interruption for a try at shrimping.

Mr. Iles is a graduate of DeRidder High School, Louisiana, and attended the American Institute of Meat Cutting in Galveston where he graduated in 1942.

He has completed extension courses from the University of Texas in retail selling and public relations.

He is a member of the Rockport Sportsmens Conservation Ass'n, the Quarterback Club and the PTA.

Dewey has several hobbies, among them: fishing and attending sports events, especially football as he has two sons playing with the Aransas County Pirates.

Mr. Iles and his wife, Bessie have nine children, Leighton, 25 years old; Jerry, 22; Willie Ann, 18; Larry, 17; Robert, 15; Glenda, 10; Cheryl, 9; Joe, 7; Carol, 4 — and they have two grandchildren.

The second is entitled "Is Smoking Worth It?" and presents the facts about casual relationship between cigarette smoking and lung cancer.

DRT Dedicates Marker At Fulton Mansion Wednesday

The Clara Driscoll Chapter, Daughters of the Republic of Texas, participated in a ceremony Wednesday afternoon in which a medallion was placed on the Fulton Mansion, designating it as one of the historic places in Texas.

The invocation at the beginning of the ceremony was given by the Rev. C. Wilson Brumley, pastor of the First Baptist Church, and following this, J. L. Baughman, president of the Aransas County Historical Society presented the medallion, on behalf of the DRT, to Mrs. Webster, representing the owners.

One of the highlights of the afternoon was the presence of Mrs. Manch Brundrett at the ceremonies. Born Lydia McRae in old Lamar, she remembered that her father had helped build the mansion.

Following the ceremony, the members were guests in the home of Mrs. Fred Bracht, Sr., for their business meeting, and to hear a talk on "The Typical Texan," by Baughman.

Mrs. Bracht and Miss Mary Jo Bracht were hostesses for the occasion, assisted by Mrs. Jack Hagar, who introduced the speaker. Following the business meeting, the hostess served refreshments to members of the chapter, of which Mrs. J. E. Curlott, of Corpus Christi, is president.

Local members include Mrs. E. J. Johnson, Mrs. Bracht, Mrs. Hagar, and Mrs. James C. Herring. A special guest for the occasion was Miss Iris Sorenson.

Collum Mayor, McDavid and Ellis Winners

Hollis Collum, former mayor and city councilman, was winner once more when results of Tuesday's municipal elections were tabulated. Collum received 260 votes to outstrip his nearest opponent, Edward L. Drummond, manager of Wagley Lumber Company, who polled 243, and Leonard LeBlanc, owner of Rockport Lumber Company, who received 211 votes.

Collum succeeds Herman Johnson, who did not run again, having been appointed permanent municipal tax assessor and collector, after having held the position on a temporary basis for several years.

In Ward One, where the council post was left vacant when long-time councilman Jimmy Hunt was recently appointed to the position of the county service officer, Wallace Maley, an employee of the Caller-Times, was elected winning over his opponent, James T. Little, by a handy 166 to 105.

Incumbent Ernest Harrist, in Ward 2, rolled up a total of 259 to defeat Justice of the Peace E. B. Crawford, Sr., who polled 58 votes.

No time was lost in passing the city administration, as the council met Wednesday night and the new mayor and councilmen were sworn in immediately after the vote had been canvassed.

In the other election Tuesday, in which three men were running for two commissioners' places on the board of the Aransas County Conservation and Reclamation Board, John M. (Jack) McDavid, a newcomer to politics, finished far out in front, with a spanking 589 votes out of 721 cast, while Glenn Ellis, of Aransas Pass, seeking re-election to the board, polled 339

The third candidate, M. W. Cochran, local real estate operator, got 192 votes.

McDavid is in the insurance business, Glass, Sorenson and McDavid, while Ellis is owner of a tourist court and trailer park.

There were the usual number of silly write-ins, and County Clerk Ed Beasley repeats his plea this year that people with a misplaced sense of humor restrain it out of respect to the judges and clerks of the election.

Two other elections were held in the area this week. One for trustees on the Aransas County Independent School District, the other for the Aransas County School Board.

Walter Heldenfels and Charlie Garrett, running without opposition, polled 17 and 178 votes respectively, for re-election to the county board.

Incumbents Dr. H. F. Elliot and Francis (Monte) Rouquette were returned to the Aransas County Independent School board Saturday. Rouquette polled 606 and Elliot, 425 out of a total of 927 votes cast.

Defeated were Roscoe Johnson running against Rouquette.

Johnson polled 264. James Cruser and Hillis Dominguez were opposing Elliot. Cruser poled 220 votes, while Dominguez polled 260.

BRIDGE CONTRACTOR ASKS DREDGING PERMIT

The Austin Bridge Company, prime contractor for the new Copano Causeway, has asked permission of the U. S. Engineers to dredge channels and a storage area for floating equipment to be used in construction of the causeway.

A channel 125 feet wide, having a bottom elevation of six feet below mean sea level is to be dredged, where necessary, along the line of the exposed causeway.

An area, having the same bottom elevation, is to be dredged to furnish storage space for floating equipment, and will run from the northeast end of the causeway northeasterly, for about 600 feet, to tie in with land leased to the American Liberty Oil Company.

In Texas . . .
at a picnic, beer is a natural
When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.
Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.
In Texas... beer goes with fun, with relaxation

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

A NEW MILK!

especially for children

Borden's Golden Crest provides scientific balance in milk nutrients children need most...more of the flavor children like!

Golden Crest Milk is a special premium blend. It was developed by Borden's to offer a more nearly perfect balance of the nutrients and flavor of milk. To do this, we blend the best qualities of three milks — the nutrition of Holstein milk, the flavor of Guernsey milk and the richness of Jersey. It's homogenized and fortified with essential Vitamin D. Golden Crest has the right amount of cream for the flavor children like best. Every last sip tastes so good they will often ask for another glassful.

RE-ELECT
Leroy J. Wieting
YOUR
STATE REPRESENTATIVE

DID YOU KNOW???

Rep. Wieting passed the House or Senate version of all the bills he introduced, including 3 local, but major bills for Aransas County.

1. Copano Bay Causeway creating the longest fishing Pier in the world. Two piers (each end of present causeway.) Then he worked for the $10,000.00 approximate that will convert this old causeway into a first class Tourist Attraction.
2. Maneuvered the Aransas County Reclamation and Conservation District Bill to final passage. The District is now in operation making the survey for fresh water supply. Rep. Wieting passed this bill through the House of Representatives on his first attempt after it failed in two prior legislative sessions.
3. Introduced and passed the Pilot Bill placing this County under Regulatory Authority. The first of its kind in Coastal Waters of Texas, as it was recommended and requested by local Sportsmen and Commercial groups.

Representative Wieting immediately after being elected in 1962 got Aransas County approved for Federal Assistance. Prior to this time the County was not eligible for any assistance. This opened the way for the Rockport City Council with assistance of Rep. Wieting to apply for the $200,000.00 Federal Grant on the Water and Sewer improvements now in progress for the City of Rockport.

The Approval of Aransas County under this Federal Act will make it possible also for the new Aransas Reclamation-Conservation District to deal with the San Patricio Water District for water from the 36" Fresh Water Line, if necessary. Representative Wieting started the process by which 1.1 million grant was received, to make possible the raw water line across San Patricio County.

We believe you will agree that Representative Wieting's record in his first term in the legislature merits him a vote for re-election for a second term.

Vote and Support For Leroy J. Wieting on May 2, Democratic Primary Will Be Appreciated

The butcher, the baker, the candlestick-maker . . . pay them all by check and you'll have an accurate record of expenditures, and legal proof of payment!

At income tax time your cancelled checks are especially important. For example, you can't deduct the actual cost of your food, but you can deduct a certain portion of what you paid, because it was tax. With cancelled checks you can accurately figure that deduction — and prove it's valid!
