Community Thanksgiving Service Scheduled For Wednesday, Nov. 23

Slaton Ministerial Alliance will sponsor a community Thanksgiving service at Grace Lutheran Church next Wednesday, Nov. 23, at 7:30 p.m. The Rev. Malcolm Hoffman of St. John's Lutheran Church of Wilson will conduct the service and the Rev. Henry Treptow, host pastor, will bring the sermon.

A group of high school students under the direction of Mrs. M. G. Davis will sing. Included in the group will be Peggy Kenney, Viola Walton, Veletta Polk, Betty Lou Johnson, Mickey Ward and Janet Schwartz.

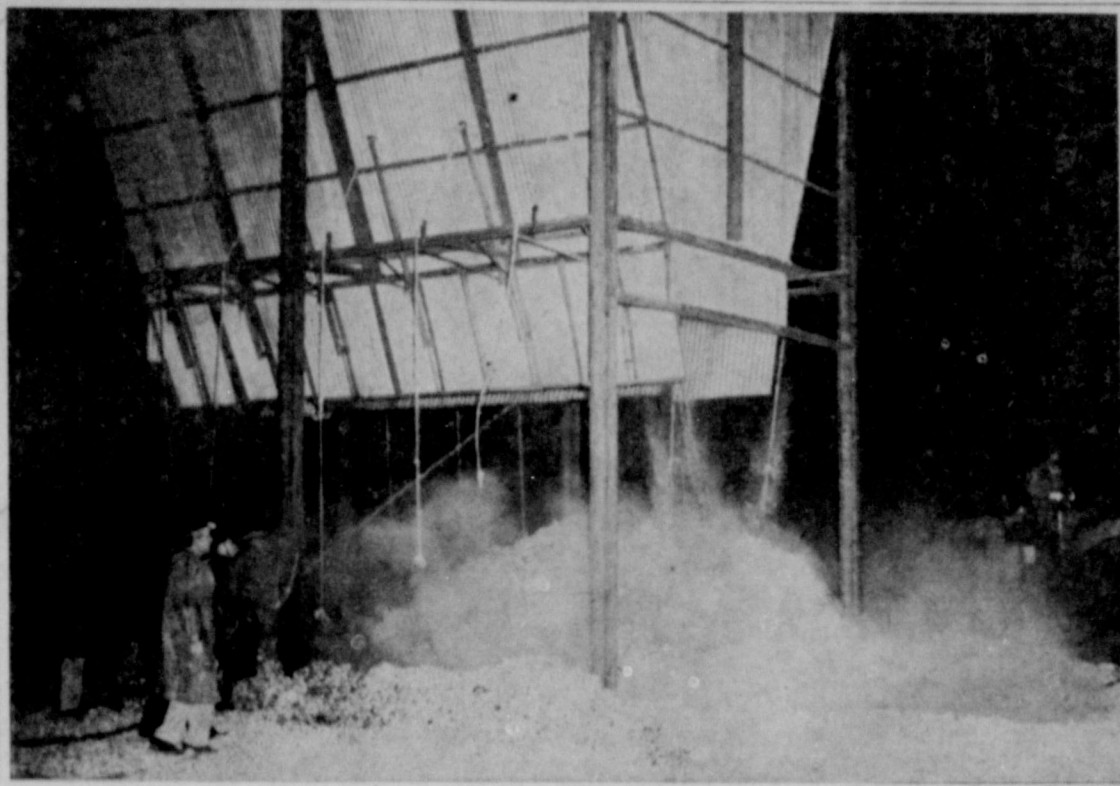

The public is given a special invitation to attend, according to the Rev. Treptow, president.

Directors Named For Retail A'ssn.

The five newly elected directors of the Retail Merchant's Association who will serve for the following two years are Max Arrants, Phil Brewer, Curtis Dowell, Gordon Davis, and Cecil Self.

Holdover directors include M. H. Lasater, Melvin Kunkel, Joe Teague III, and J. S. Edwards Jr.

The new directors were scheduled to meet last night to elect a president for the coming term.

THINK A FIREMAN'S JOB is a romantic one? If you do, you're wrong. Take this fire at Howard Gin last Thursday night for instance, when firemen arrived, the fire was smoldering deep within the cotton burs stored in the bin. Firemen could not extinguish it from the top with water, the bin had to be emptied of its contents so firemen could get at the fire. After the burs were dumped on the ground, firemen had to spread the whole mass so each part of the smoldering blaze could be put out. Nothing romantic here, just a lot of hard work.

Road Bond Election To Be Held December 17 For Right-Of-Ways

The Commissioners' Court ordered an election to be held in Lubbock county for the issuance of \$1,897,000 bonds for the purpose of purchasing right-of-way for state and federal highways.

Petitions bearing the names of 308 signatures asking for this election was presented to the court Monday by the Lubbock county citizens committee. This committee is composed of citizens from over the county. The members that were present from Slaton were Bruce

Pember, Melvin Kunkel and Francis Perry.

While getting the signatures the committee reported a very favorable reaction from citizens over the county in wanting the bond issue in order to keep up with the planned program of the highway department in this county.

OES Gives Dinner Honoring Masons Friday Evening

The women of the Order of Eastern Star will be hostesses to a banquet for members of the Masonic Lodge Friday evening, November 18 at 6 o'clock. The dinner which is an annual affair, will be served in the clubhouse.

At 7:30 there will be a meeting of the lodge to confer the Master Mason degree on at least one candidate, according to W. T. Brown, secretary of the Lodge.

Chest X-Ray To Be Here Nov. 28-29

Final arrangements are being made this week for the Chest X-ray survey that is to be made in Slaton by the Texas State Health Department on Monday and Tuesday, November 28 and 29. X-ray headquarters will be located at the Southwestern Public Service Company and will be open from 10 a.m. to 6 p.m. on Monday and from 9 a.m. until 1 p.m. on Tuesday.

Lee Vardy has been named as clerk-supervisor and will have five people working in two shifts each day taking care of those to be X-rayed. Other committee chairman named Wednesday were Gordon Davis, hospitality; Henry Treptow and J. B. Sharp Ministerial Alliance publicity; J. J. Maxey, house to house; Gordon Davis, telephone; T. E. McClanahan and Sherrill Boyd, transportation; Clark Self, Gordon Davis, M. G. Davis and T. E. McClanahan arrangements committee.

TB CHRISTMAS SEAL SALES BEGAN TUESDAY

Christmas Seal sales were started this week by the Lubbock County Tuberculosis Association with letters being mailed to residents of the county Nov. 15. This is an annual sale and all solicitations will be made by mail as usual, according to Dr. John H. Selby, president of the Association.

Santa Claus Is Coming To Town December 3rd

Santa Claus Day will be observed on December 3 when jolly old Saint Nick will roll into Slaton on a diesel engine at approximately 1 p.m.

Postmaster Urges Early Christmas Package Mailing

"It's time to start those Christmas mailings," Postmaster T. E. McClanahan warned today, launching his 1955 "Mail Early for Christmas" campaign.

The Post Office has already dispatched a tremendous quantity of gift packages headed for members of the Armed Forces overseas. Christmas cards for service personnel can still be delivered in time if they are sent by air mail before December 1st. In the U.S.A., smart people are now mailing gifts to friends and relatives living in other states.

McClanahan especially calls on housewives to help in his effort to deliver every package and Christmas card before December 25th. "The lady of the house," he emphasized, "is really in charge of each family's Christmas mailing program. She selects the Christmas cards, buys most of the gifts and sees to it that the mailing list of friends and loved ones is up-to-date."

Mrs. H. F. Schilling Mystery Farm Contest Winner Of Week

The J. J. Kitten farm was correctly identified by Mrs. H. F. Schilling as the Mystery Farm of the week. Mrs. Schilling will receive a subscription to the Slatonite and two tickets to the Slaton Theatre.

Mr. Kitten will receive a mounted picture of his farm if he will call by the Slaton Farm Store, sponsor of the Mystery Farm.

Slatonites Win Contest Awards At 'Photorama'

Alex Webb of Slaton and Mrs. Sam Martin of Southland were winners in the Architectural division of photographs shown in the 'Photorama' at the Museum at Tech. Webb's "Indian Church," of Ysleta, New Mexico won second place and his "Insurance Building," of Albuquerque was a third place winner. He had two other photographs exhibited. Mrs. Martin won two third place awards.

More than 200 persons attended open house Tuesday evening at the Museum which formally opened the two-week showing of master photographs and modern room design which is being co-sponsored by the Professional Photographers of Lubbock and the Lubbock Camera Club.

Of special interest to the Slaton people will be the three displays of the use of photographs in a den, bed room and living room which Kertan and Marinell Studios have arranged.

Two showings of the colored movie, "M-Day", will be presented Sunday afternoon between 3 and 6 p.m. This is a picture depicting the modern use of photographs in the home.

Basketball Season Opens With Large Player Turnout

Forty-two boys have reported for basketball practice for the Tiger cagers this year, the largest number ever to begin the season. Twenty-three of these are freshmen and six of them returning lettermen.

For the past two years the Tigers have been co-champions of the district with 45 wins and 11 losses for the two year period. According to coach Homer Tompkins, the team this year will not have the height as in former years but will have to depend on speed.

The schedule for the entire season has not been completed but some of the games already scheduled are two with Brownfield, two with Seagraves and one with Monterey of Lubbock.

The first game of the season will be played here tonight, Friday, November 18 with Roosevelt. The Tigers have had only two days practice while Roosevelt plays basketball all year. Games have been scheduled earlier this year than usual for the Tigers in order to get in good condition before beginning district play.

The six lettermen returning are Larry White, center; Tracy Crawford and Robert Heaton, forwards; Jerry Don Ross, Dickie Thomas and Phil Pearson, guards.

SLATONITE OUT EARLY NEXT WEEK

Next week's issue of the Slatonite will be published on Wednesday afternoon instead of on Thursday afternoon in order that Slatonite employees may enjoy the Thanksgiving Holiday.

Advertisers and persons having news stories are asked to cooperate by turning in copy earlier than usual. All deadlines will be moved up one day in order to have the paper out on time.

Slaton Stores To Close Thursday

Slaton merchants will observe Thursday, Nov. 24, Thanksgiving Day, as one of the four holidays of the year, according to Mrs. Vivian Jones, manager of the Slaton Retail Merchants Association.

In addition to Thanksgiving Day, Slaton merchants also close on Christmas Day, Memorial Day and Independence Day.

According to Superintendent of Schools, Lee Vardy, schools will dismiss for the Thanksgiving holidays at the close of classes Wednesday, Nov. 23 and resume classes Monday morning, Nov. 28.

Commissioners Pass Floyd St. Ordinance, Hear Mexican Honorifica Representatives

An ordinance vacating, abandoning and closing 140 feet of West Floyd St. was passed on a second reading by the city commissioners at a meeting Monday night.

The ordinance which will allow the construction of a business on the location was passed on a first reading Oct. 18.

The commission also voted to begin receiving bids for the construction of one block of paving within the city limits. Bids will be received up until 10 a.m. on Dec. 3.

Information for bidders, proposal forms, plans and specifications are on file in the office of J. J. Maxey, city secretary and Parkhill, Smith and Cooper, consulting engineers, 1414 Ave. J in Lubbock.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done, according to Maxey. Payment for the project will be from funds furnished by the City of Slaton.

During the meeting, the commission heard a report in the Canadian River Water Authority meeting held in Plainview. It was resolved that each city in the authority be asked to contribute 25 cents per water meter to aid in financing the organization for the next six months. This sum is to be paid in two installments and will be paid back when and if construction bonds are sold.

The commission unanimously voted to accept the proposal which will require Slaton to pay \$400.

During the meeting a representative group of the Commission Honorifica appeared before the commissioners in order to clarify the fact that their organization was not responsible for the disorder which has occurred at several dances for the Mexican population.

The Commission, headed by Felipe Estrada, is recognized by the Mexican Consul for the work it has been doing to help the Spanish people. Manuel Flores, a member of the Commission, also represented the Woodmen of the World.

The Commission has recently sent \$150 in flood aid to the people of Tampico, Mexico. Donations for this cause included, \$30 from the Commission itself, \$10 from WOW, \$15 from Club Mutualista which is headed by Ernest Alvarado, \$12 from Lady of Guadalupe Church and private donations.

The representatives included Victor Ybarra, secretary of the Commission Honorifica; Aurelio Arguello; Juan Arguello, Savino Cisneros, and Joe Barrientos.

FHA 1-Act Plays To Be November 17

After being postponed for some time awaiting installation of the seats in the new high school auditorium, the FHA three-one act plays were scheduled to be presented Thursday night, Nov. 17, at 7:30 p.m.

"A Dog's Life", "My Aunt Agatha" and "Along Came Harriett" are the titles of the plays, and according to Mrs. G. K. Haile and Miss Harriett Harris, sponsors who have directed the plays, the girls have spent considerable time on practicing on these.

Price of admission was 25c for students and 50c for adults.

Melvin Kunkel, president of the Chamber of Commerce reported Tuesday night that solicitations for downtown Christmas decorations will be completed this week end.

A committee, headed by Hobart Trimpa, has been in the process of contacting local merchants in the past few weeks. His committee hopes to double the amount of decorations used during the 1954 Christmas season.

Last year's donations made it possible for the Chamber of Commerce to purchase 10 strands of lights, each strand being 80 feet long. The recent canvassing is part of a campaign to completely decorate the town.

At the Tuesday meeting, the Chamber of Commerce has set Jan. 16 as the date of the annual C of C banquet. Don Britt and Kunkel were appointed to a committee for the selection of a speaker.

Mrs. R. D. Bisbee is in charge of planning a menu for the dinner.

During the meeting, the board of directors heard and accepted the resignation of Dr. Thomas L. Talbert as a member of the board. Talbert's duties as health officer prevent his being active on the board. They also approved Talbert's suggestion to appoint another man in the medical profession to be on the board.

Bill Smith has been placed in charge of a committee to study a plan to place billboards advertising Slaton just outside the city limits. He will report on types, cost, and location at the next meeting.

In advertising Slaton, an appeal will be made to people working in South Lubbock who could commute from Slaton in less time than they could drive from one side of Lubbock to their jobs. A discussion of the possibility of a local housing development followed. S. S. Forrest Lumber Company, at the invitation of director Don Britt, presented several plans for such a development. No definite steps have been taken on this matter.

DISASTER INSURANCE

There is much talk these days of some kind of federal insurance against disasters such as the floods which recently took such a toll on the east coast. There is more or less general agreement that the idea of protecting individuals, business concerns and communities against natural disasters is a good one. Making such protection possible is, however, far from easy.

The Senate Banking Committee has held hearings on the matter. At those hearings, two basic plans were suggested. Others may come to the fore by the time Congress is back in session.

One proposal is that the federal government do the insuring. The other is that private companies write the insurance, with the government guaranteeing losses above a fixed amount.

Many difficult questions arise. Should there be a limit on the amount of insurance an individual or business firm can carry? Should the insurance cover furnishings as well as homes, equipment and merchandise as well as buildings? Should a farmer be allowed to insure his crops?

Such questions and many others will not be easily solved. Congress must look hard for solutions. The administration has expressed determination to help develop protection against future disasters. That determination seems to be backed by strong public sentiment.

TEACHER'S SALARIES

Few of us would be bold enough to advise a lawyer how to conduct his practice, a doctor how to treat his patients. We let engineers and scientists work without interference. But when it comes to teaching, not many of us are able to withhold advice. All of us feel qualified to speak as experts.

Yet teaching is a profession. Considerable skill and study are required to master it. Without the necessary training, few can qualify. It should be remembered that a teacher does her job with a minimum of supervision. Seldom does anyone sit in on classroom sessions to give her help and guidance, or to evaluate her work.

This lack of supervision, which if available would boost the cost of education far beyond its present level, is a good argument against a system of merit pay increases for teachers. If raises were awarded on the basis of merit, how could it be determined when they were deserved?

The single-salary schedule, in practice throughout the nation now, eliminates the subjective element of judgment as to merit. Under this system, increases are geared to education and experience. The assumption is that the longer teachers have taught and the more education they have received, the better able they are. This system, attacked recently in a national magazine article, may not be perfect, but on the whole it is fair.

Where merit pay increases are involved, there's always the danger of politics and of favoritism influencing the supervisor's decision. Until a better system is available, the single-salary plan offers a practical standard.

ONE POUND OF MEAT

If anyone is looking for evidence that enlightened capitalism bears good fruit for both labor and management, let him consider the change that has come about in the price of a pound of meat. The price, that is, not in pennies but in terms of minutes of work.

In 1919, just after World War I, the average American had to work a bit more than 44 minutes to earn enough to buy a pound of meat. That, remember, was at a time when today's meat prices would have seemed shockingly high.

In the depression year 1933, the average worker could earn the price of a pound of meat in 23 minutes. Since then prices have gone up. By 1954, they were roughly, at three and one-half times the 1933 level. Yet in 1954 wages were so much higher that only about 21 minutes on the job were necessary to buy that pound of meat. The ratio has continued to fall, and now the time required is less than 20 minutes.

These figures, supplied by the American Meat Institute, shed interesting light on the way in which this nation's economy has expanded during the past three and a half decades. It is a record few countries can approach.

*REMEMBER THE SABBATH DAY, TO KEEP IT HOLY. — EX. 20:8

1 DAY
in
SEVEN

How well are you living for Christ? How many people would be inspired by you to turn to Him?

The problem actually turns on you—your loyalty, your devotion, your service.

The admonition in Proverbs is directed to the keeper of flocks: "Be thou diligent to know the state of thy flocks, and look well to thy herds." — (Proverbs 27:23) But the message is appropriate to

the Christian. We must be diligent to know the state of our Christian witness. We need to be mindful of the duties and opportunities we have. There is the opportunity to read the Bible. There is the privilege of prayer and meditation. There are persons we should be leading to Christ. How diligent are we?

Proverbs also sounds this warning:

"For riches are not forever; and doth the crown endure to every generation?" — (Proverbs 27:24).

We cannot go on neglecting the things of the spirit as we have in the past. There is no connection between neglect and endurance. Neglect leads directly to ruin and decay. One day, we shall find ourselves in spiritual impoverishment, a drought for God's word.

The riches of Christ are ours,

but we must accept them and pass them on to our children and to future generations. We received "the faith once and for all delivered unto the saints." How are we using that faith; and how are we passing it on to our children? Are we even passing it on?

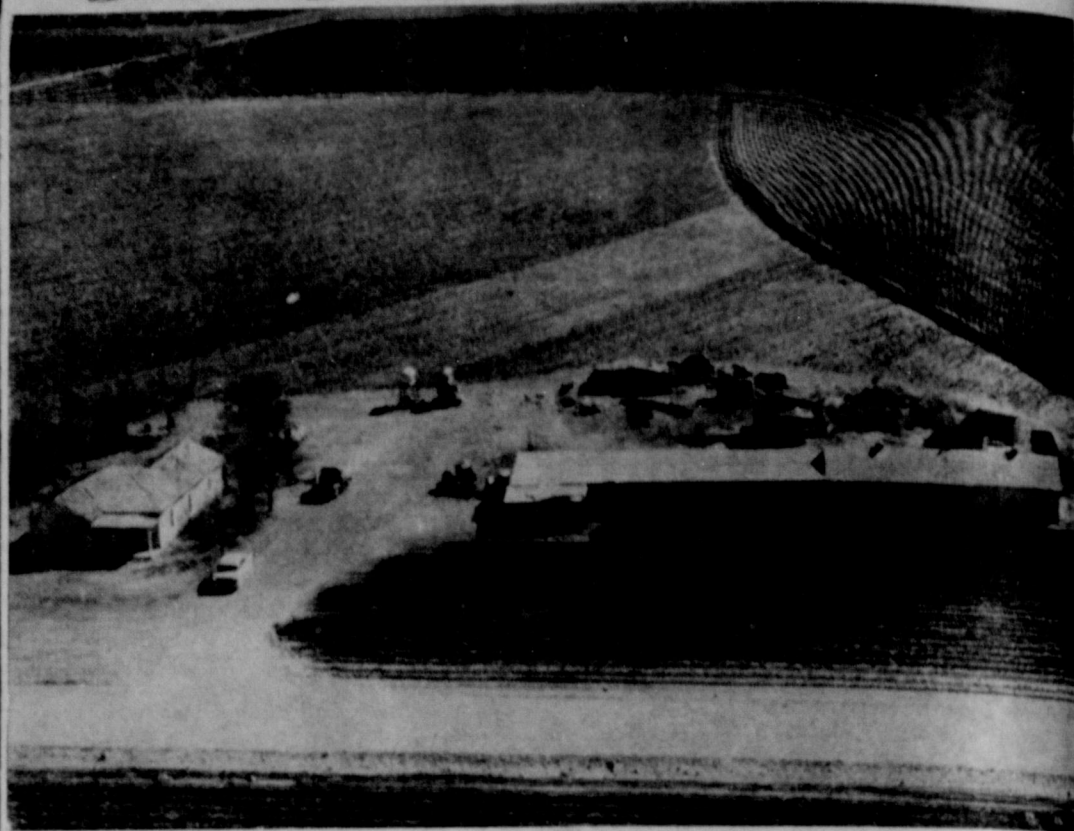

Let us "be diligent to know the state of our flocks."

—Edwin W. Gorom

Seen Monk's "Better Half"?

Monk McCarthy's latest creation has the town talking again. You can see it parked in front of Monk's auto repair shop on Maple.

Remember last year Monk cut two cars in half, and put their front ends together? You couldn't tell if the thing was coming or going. Sure attracted attention.

Now Monk's taken Tog Morgan's old sedan and completely restored one half of it. One side is as good as new, the other looks like—well, Tog's old car. "Sort of a before-and-after demonstra-

tion," Monk told me, "shows folks the kind of work I do."

From where I sit, some of Monk's ideas may look a little wild sometimes... but I wouldn't want to tell him how to run his business any more than I'd like him to tell me what beverage to enjoy. He always keeps a hot pot of tea in his garage—I'd rather have a cold glass of beer—but respect for each other's opinion is "auto"-matic with us both.

Rotarians Enjoy Alaskan Slides

Dr. F. B. Malone of Lubbock entertained the Slaton Rotarians with colored slides of his trip to Alaska. The scenes were enjoyed along with the explanation given by the speaker.

A few of the interesting facts brought out are: that a large part of Alaska is a flat country with many lakes; that the temperature is not nearly as cold as so many think except in the northern part; that there are still live glaciers there; and that the game is very abundant, many areas that have not been hunted. J. H. Holt introduced Dr. Malone.

Visitors were Cecil Cale, Fort Worth; Edwin L. Forrest, Lubbock; Lee Acker, Post; R. E. Moreland, Post; Ted Hibbs, Post; Geo. W. Brassell Jr., Lubbock; Rufus W. Grisham, Lubbock; Odie Hood, Lubbock; Phil Brewer, Slaton; Mrs. Audean Nowell, representing Slaton Classroom Teachers Association; and David Walker, Junior Rotarian.

Mr. and Mrs. Everett Hodge, S. O. Henry, Howard Henry and Delmer Hodge went to Winslow, Ariz. recently on a deer hunting trip. They met Delmer Hodge's brother, W. S. Hodge, who accompanied them on the trip.

J. S. Edwards Jr., Harry Stokes, Dr. Don Hatchett, Haywood Basinger and Buford Winchester left Tuesday morning to go deer hunting on the J. W. White Ranch near Kerrville. They will be gone about 10 days.

Mr. and Mrs. John Ehler, and son, Edgar, and daughter, Mrs. A. A. Ruske, of Colorado City went to Hallettsville last week to attend funeral services for Mr. Ehler's sister.

Guests in the home of Mr. and Mrs. Mark Etter and Carolyn are their mothers, Mrs. S. J. Etter of Lubbock and Mrs. J. M. Lister, of Sweetwater. Mrs. Etter returned to her home on Tuesday.

Mr. and Mrs. W. H. Dawson and family went to Lubbock Monday night to visit their son, Bill Dawson, and family. The Bill Dawsons have a new baby girl born Wednesday, Nov. 9 in Taylor Clinic. They have named her Cynthia Ann.

Mrs. W. S. Stevener of Carson City, Nev. visited last week with Mrs. Lee Green and Mrs. Claude Anderson and family. Mrs. Stevener is the former Mrs. Ed Shoppell.

Mrs. Vivian Jones and Mrs. Pearl Pinkert attended a Retail Merchants meeting in Lubbock last Sunday.

SHS Journalists To Attend Tech J-D Activities

The Slaton High School journalism class has been invited to attend the 1955 Journalism Day at Texas Tech on Saturday, Nov. 19. Dr. William E. Hall, department head, stated that they have been preparing the J-Day program since last spring.

There will be a "highschool newspaper contest" in which there will be recognition for the best newspaper, best news story, best feature story, best editorial, best column, best advertisement, and best photograph. The Slaton journalists plan to enter the best news story, sports story, feature story, and the best editorial printed this year.

Some of the speakers scheduled are: Jim Lindsey, managing editor, Midland Reporter-Telegram; Rex Webster, Lubbock advertising agency owner, public relations executive; Jan Blackwell, Amarillo associate editor, The Huber News; Mrs. Elizabeth Oglesby, editor, West Texas Press Association publisher, and co-publisher, The Bronte Enterprise; and Bill Hams, news editor, Lubbock Avalanche-Journal.

Members of the journalism class who plan to go are Beverly Bland, Henry Adamek, Phil Pearson, Velma Polk, Wendall Akin, Barbara Patterson, and Mrs. Helen Kerr, the Tiger's Cage sponsor. The group plan to attend the Texas Tech-College of Pacific football game that afternoon.

Mr. and Mrs. R. C. Hall spent Saturday and Sunday in Roswell, N. M. visiting their son and daughter-in-law, Mr. and Mrs. John T. Hall.

Mrs. Virgie Hunter went to Matador last Friday to attend the homecoming activities.

SHE KEPT A DIARY OF TELEPHONE CALLS

Mrs. Martha Chance—homemaker, church worker, bowler, and keeper of a telephone diary that revealed an important fact.

Mrs. Chance finds the telephone a young homemaker's best friend

What one service helps the homemaker through busy days more different ways than any other?

Mrs. Martha Chance is sure she knows the answer. Her telephone. Mrs. Chance recently kept a week-long diary of telephone calls made and received in her home. The results surprised her.

Mrs. Chance listed 95 calls during the week. Not only did her calls save time and energy in managing her home, but many were actually the start of a pleasant afternoon or evening out.

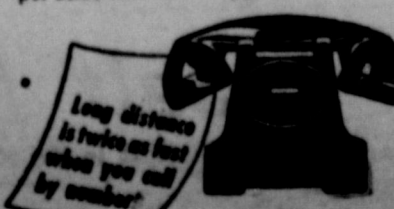

In Mrs. Chance's own words, "It's so easy to take your telephone for granted. You just don't realize how much it means to you until you stop and think about it as I have."

Mrs. Chance is right. Telephone service is a busy homemaker's best friend.

SOUTHWESTERN BELL TELEPHONE COMPANY

Typical calls from Mrs. Chance's diary

- "Called the Millers about going to the civic play tonight."
- "Called Lee (my husband) about plans for family reunion."
- "My bowling partner called about a change in league schedule."
- "Our minister called to remind me of Sunday School meeting."

MEET YOUR TEACHERS

Mrs. E. D. Cummings

Mrs. Clarence H. Nobles

Mrs. R. L. Richards

Mrs. E. D. Cummings received her B.S. Degree in elementary education in 1938 from Kansas State Teachers College and has worked on her Masters Degree at Texas Tech.

She began her teaching career in Joplin, Mo., where she lived at the time of the birth of their first son, Russell. He is a freshman in Slaton High School and their other son, Roger, is in the sixth grade.

Mr. Cummings is employed by the Santa Fe Railway in the Superintendent's office. They have resided in Slaton for eight years and Mrs. Cummings says they like Slaton and believe it is a fine place to rear a family.

This is the second year Mrs. Cummings has taught the fourth grade. She taught one year in Southland schools also. She says she enjoys teaching as she likes to work with children.

She is a member of the Slaton Classroom Teachers and the Texas State Teachers Association.

Mr. and Mrs. M. M. Regan and children of Tulsa visited during the week end with Mr. and Mrs. L. S. Jefecoat and Mr. and Mrs. C. B. Martin.

The best shelter in an H-bomb attack is a good record.

Another of our fourth grade teachers is Mrs. Clarence H. Nobles. This is her first year to teach in Slaton, but is far from her first experience in the teaching profession. She comes to Slaton from Idalou where she taught for two years; before that she was principal at Ashland and Lone Oak schools in Lamar County.

She is a graduate of Abilene High School and has her B.A. and M.A. degrees from E.T.S.T.C. of Commerce. She is a member of Scholarship Societies of the South; Thespian Society; Delta Sigma Epsilon; and past-president of the Bay View and Portfolio Federation Clubs and American Legion Auxiliary of her hometown of Deport, Texas.

Mr. Nobles is postmaster at Deport.

This is Mrs. R. L. Richards' first teaching experience. She is a fourth grade teacher and is a 1955 graduate of Texas Tech having received a B.A. degree. Mrs. Richards graduated from Garland High School.

She is a member of the Alpha Chi, national honorary fraternity, Sigma Tau Delta, national Honorary English fraternity, Cara Y Espada and La Cella Francais, foreign language clubs.

Mrs. Richards is also a member of the Slaton Classroom Teachers Association and The Texas Teachers Association.

She and her husband moved to Slaton this fall.

Miss Griffin Is Complimented By Tea Shower

A miscellaneous tea shower complimenting Miss Carolyn Griffin, bride-elect of Eugene German, was given in the home of Mrs. L. E. Evans, Rt. 6, Lubbock, Friday, Nov. 11, from 2:30 until 4:30 p.m. Ninety-five guests called and sent gifts.

Mrs. W. D. Vardeman, Mrs. L. D. Bruce and Mrs. Otis Rogers greeted the guests, with Mrs. Samuel Hawks serving cake, Miss Donna Sue Cade pouring punch and Mrs. Ted Evans registering guests.

The tea table was decorated in the bride's chosen colors of white and red. A white linen cut-work cloth was laid over red and featured a crystal basket and a floral arrangement of red and pepper-stick carnations tied with a white satin bow and white wedding bells. The white satin streamers were lettered in red with the date "Dec. 16". Red napkins were inscribed with the couple's names: "Carolyn and Eugene". White candles in crystal holders and crystal appointments completed the table setting.

The hostess gift was a Hamilton-Beach mixer.

Hostesses were Mesdames Rogers, L. D. Box, Bruce Vardeman, W. W. Allen, Frieda Edwards, Leslie Green, Floyd Pair, R. H. Wilke, H. M. Cade and Evans.

Layette Shower Is Given Honoring Mrs. Jim Porter

Mrs. James Porter was the honoree at a layette shower given by the members of the WSCS of Wilson Methodist Church last Wednesday afternoon in the home of Mrs. Walter Savell.

The table which was laid with a lace cloth, was centered with an arrangement of yellow and white chrysanthemums.

Punch and cookies were served to forty-two guests.

Mrs. Glenn Ward and Mrs. Olin Crews, assisted by Mrs. G. C. Coleman and Mrs. C. C. Coleman, acted as hostesses for the society.

The program, which began when a U. S. marine on Guadalcanal wrote his mother asking that the family join him in reading the same passages of Scripture each day, has spread in scope to the peoples of more than forty nations.

The readings are without note or comment, and one may use whatever version of the Bible he prefers.

Below are the readings for each day, in the theme of personal faith as selected by numerous people from many denominations.

Tigers Take Defeat In Final Game Of Season Here With Abernathy 39-0

Slaton Tigers closed their football season Friday night with a 39-0 loss to the Abernathy Antelopes before a near capacity crowd at Tiger Stadium. Slaton has a season record of nine losses and one tie.

Slaton virtually filled the air with passes in an attempt to stay in the game with offensive minded Antelopes. The Tigers completed eight out of 21 pass attempts during the game.

During the halftime activities, the pep squad and football sweethearts were presented to the crowd. Wendall Akin was chosen as the pep squad sweetheart and was crowned by the organization president Viola Walton and Carol Mann, secretary.

The football team selected Miss Louise Moore to reign as its queen. Miss Moore was picked from a field of four candidates for the title, and her identity kept secret until the presentation at half time. The four candidates for the honor were escorted to the center of the field by the four seniors on the team. Miss Sue Corley was escorted by Tracy Crawford, Miss Martha Allred by Jerry Don Ross, Miss Barbara Felty by Henry Adamek,

He was talking about the canvass of the city by the Lions Club Tuesday in its Caravan Sales For The Blind broom sale. The Lions Club split up into teams to cover the town, and offered residents the merchandise manufactured by the blind of Texas.

The sale grossed \$390 in Slaton, with the Lions receiving \$84.50 as

Gardening Hints For The Week

After the hardy CHRYSANTHEMUMS are through flowering, cut them back to within a few inches of the ground. If this is done, heavy shoots will appear in the spring which will be excellent as cuttings.

The tubers of DATURAS and AMORPHOPHALLUS RIVIERI are tender; they should be taken up and stored over the winter where they will not freeze. AMORPHOPHALLUS or DEVIL'S TONGUE, may be flowered early in spring although the tuber is not in soil.

Mrs. R. C. Sanner Is Hostess To Bluebonnets

The Bluebonnet Club met Wednesday, Nov. 9, in the home of Mrs. R. C. Sanner. Roll call was answered with something pertaining to Thanksgiving.

Mrs. Harold Wilson presided over the business meeting after which a social hour was enjoyed and refreshments were served to 13 members.

their part of the proceeds.

Most of the remaining \$305.50 will go to the Lighthouse for the blind throughout Texas, and to the blind workers who constructed the brooms, pot holders and other household articles, for the sale.

The Lighthouse for the blind not only supply a means of livelihood for the blind, but also take part in the rehabilitation of people who have gone blind after reaching adulthood. The vocational department of the organization trains these people for some type of work. The placement service finds the newly trained worker a job.

Many of the shut-in blind people or those living in an area without a lighthouse are also trained by the agency to work and produce things in their homes. Raw materials are supplied by the agency.

Through sales such as the one held here last week, the blind have an outlet for the goods they produce.

Trees Available For Windbreaks In Lubbock Area

Arizona cypress trees will be available for windbreak planting in the Lubbock Area again this year, according to Joe S. Walker Sr., Chairman of the Lubbock County Soil Conservation District Board of Supervisors.

Walker said that arrangements have been made with local Nurseries to supply trees for windbreaks to district cooperators at reduced prices.

He said that the trees will be potted seedlings, and a nominal charge of 25 cents per tree will be made. Farmers who are interested in windbreak planting may make applications for a May delivery by

contacting the Soil Conservation Service office.

Walker pointed out that properly arranged windbreaks will help beautify the farm, but no trees will be sold at the reduced price for purely ornamental purposes.

Malcolm Pennington, Soil Conservation Service Work Unit Conservationist, stated that assistance in windbreak planting is available through the Soil Conservation Service. The purpose of this service is to assist the farmers in proper placement, spacing, and management of the trees for maximum results.

About 20,000 Arizona cypress seedling trees were distributed through the district last Jan. Most of the farmers who planted these trees reported satisfactory growth. Several farmers have already expressed a desire to get trees for windbreaks next spring.

Farm windbreaks help to protect crops, buildings, yards, and livestock against wind and sand.

Teacher - Education Is Vital To Good Student Instruction

In an everchanging civilization such as the one in which we live, the processes of education can never be allowed to slow down, but must always be kept abreast of the times. The process of learning is not limited to those who attend the schools, but must be entered into also by those who teach in the schools. Slaton's school system is no exception. Its teachers are constantly searching for new and better methods of instructing the pupils they teach.

At the present time in the local system there are four teachers who have done work past the masters degree and are working toward their doctors degree. Two of the four have most of their work completed for the degrees.

The entire school faculty is again working on curriculum guides this year as they have done in past years, and at the same time are working in co-operation with the other teachers of the county in an In-Service Education Program to make the teaching process more effective and beneficial to students in the system. The monthly In-Service meetings are held in Lubbock.

The rating of the degrees held by the Slaton faculty at the present time, according to Superintendent of Schools Lee Vardy, is about two bachelor degrees for every masters degree, except for the high school where the ratio is one masters degree held for every bachelors degree. As a group, the teachers in the Slaton schools hold 41 bachelors degrees and 22 masters degrees.

Included in the In-Service Edu-

cation program are six general meetings of three hours each, throughout the year. Individual work is done by the teachers during the interval between each of the meetings. This year, for instance, instructors will be working on the general organization of study guides, objectives, teaching suggestions and resource materials, between meetings. This work is compared with that of other teachers at the meetings where a final form is drafted. Personnel from Tech are assisting in this program.

The Slaton School Faculty has participated in three state-wide studies with regard to the instructional program, school organization, and school accreditation. The state-wide study this year will deal with the overall school program with various schools concentrating on one or more of the following program topics: Instructional Guidance, Library Program, Health and Safety, Community Resources, Individual Differences, Creative and Fine Arts, Reading, Natural Sciences, and Audio Visual.

Slaton schools will participate on studies of several of these topics with emphasis on the instructional program, Vardy said.

A special message to truck drivers' wives

from your Ford Dealer . . .

This year, everybody is talking about *safety* in automobiles. And with good reason. The hazards of the road take more American lives *every year* than we lost in the whole Korean war.

So important things are being done to make cars safer.

But—*isn't safety even more important in trucks?*

If safety is important to the man who drives a car a few hours a day, *isn't it even more important to the man (and his family) who drives a truck for a living?*

We think it is.

And we think you wives think it is. That's why we believe you'll be vitally interested in what *Ford* has done to make driving a truck safer for your husband.

Ford has taken the lead in safety with not just *one*, but a whole *family* of new safety features for America's trucks and cars.

What *are* these features that could be so important to you?

1. Lifeguard Steering Wheel

Ford's exclusive Lifeguard truck steering wheel is built in such a way that, in case of accident, it helps protect the driver from any contact with the steering post. This kind of "deep-center" steering wheel actually acts as a *cushion* in case of accidents.

2. Lifeguard Door Latches

Ford's Lifeguard door latches have a new "double grip" type construction. Their extra holding strength gives added protection against doors flying open in the event of an accident . . . to help *keep the driver in the truck* where he's *twice* as safe.

3. Seat Belts

You've read a lot about seat belts. You probably know that the Accident Research Center at Cornell University, the American College of

Surgeons and many other groups strongly urge that every owner equip his vehicle with seat belts. Studies *prove* that in *about one-half* of all accidents, injuries could be avoided or reduced by the use of seat belts.

Ford is the first truck manufacturer to make seat belts available (at low extra cost, for both new and used trucks).

In case of an accident, or sudden stop, a Ford Seat Belt holds the driver firmly in the seat. This greatly cuts down the chances of serious injury.

And remember—it isn't necessary to be driving fast to be seriously injured or thrown out of the truck in case of an accident. A sizable percentage of injuries of this kind occur at speeds of only 30 or even 25 miles per hour. (If your dealer happens to be out of seat belts temporarily, please be patient. He will have them shortly.)

4. Tubeless Tires

This year, tubeless tires are standard equipment on every Ford Truck. Tubeless tires do not prevent punctures. But they *do* help to prevent many blowouts. When a puncture occurs in a tubeless tire, the air is apt to escape very slowly. The driver has a greater chance to slow down and stop *safely*.

5. Power Brakes

What we call vacuum-boosted power brakes make it possible for the driver to apply a lot more force to the brakes, faster and easier. This makes it possible to stop faster in emergencies. Power brakes are standard or available on every '56 Ford Truck.

6. High Visibility

A better view of the road—in front, behind and to the sides—can help the driver to spot trouble before it happens. A full-wrap windshield is standard on the new Ford Trucks for '56. The standard rear window is the *widest* on any truck . . . and a new full-wrap rear window is available at slight extra cost. All told, a new Ford Truck gives the driver one of the greatest all-around glass areas of *any* truck.

7. Reserve Power

A "slowpoke" truck can be a threat to highway safety—it is a stumbling block in the path of other traffic. Trucks should have enough power to keep up with the traffic stream. And they should have enough reserve power to pull out of emergency situations. So you will be interested to know that the new Ford Trucks for '56 have power increases up to 26%, to make sure drivers have all the reserve power they are ever likely to need.

Why should any man who drives a truck for a living take chances, *needless* chances, by not taking advantage of every available safety device?

To repeat—if safety is important to a man who drives a car once in a while, *isn't it far more important to the man who drives a truck all day, for a living?*

When a man drives a '56 Ford Truck—from Pickup to tandem-axle Big Jon—he and his family have this peace of mind. They know he's driving a truck that gives him the *added protection* of exclusive Lifeguard safety features.

Lions Hear Jordan Speak On Problems Of Handling Bees

"To be unkind to bees is cruel," said Floyd Jordan in a discussion before Slaton Lions at their Tuesday luncheon.

Jordan, 355 S. 10th, has been in the bee business for over three years and is carrying on an individual campaign to make Slaton the "Beehive of the South Plains."

He told local Lions the story of the bees from the beginning of history when honey was the only known sweetening agent. Jordan explained the honey-making process and gave members an approximate cost of keeping a hive.

"Of course you can build your own equipment out of orange crates or scrap lumber," said Jordan. He also stated that the process of ordering supplies is fairly inexpensive.

To retain a hive, a box is required to hold racks and supers for the bees to build up with comb and fill with honey. The supers are frames centered with a foundation of wax with an octagon shaped design, therefore the bees are guided in the comb building instead of building anywhere in the box which would make removal of the racks almost impossible.

Jordan said that the average hive, if taken care of, will produce from 50 to 100 lbs. of honey a year. The hive should be robbed on an average of two to three times a year.

Jordan, who never wears a veil when robbing his bees because he "just doesn't have time to put it on," says that the actual sting will not hurt a person after the first pain if the stinger is removed. He also said that after a bee loses its stinger, it will die.

The stinger, which is in the shape of an arc, is located in the posterior of the bee, therefore the bee must curl his entire body around in order to sting.

Jordan believes that bees are much like any pet and will recognize you if you are around them enough. He credits the fact that he has had very few stings to this.

Samples of the Jordan honey were served at the luncheon.

Lion president, Bill Ball, announced that Ladies Night is scheduled for December 13. It was decided that the menu would include turkey, dressing and "all the trimmings." A special program is being planned.

punch bowl and served cake. Misses Mary Lou Lichey, Ida Pearl Mason and Delores Rhoads provided vocal and piano selections throughout the afternoon. Between forty and forty-five guests called between the hours of 5 and 7 p.m.

Miss Rose Marie Yandell, bride-elect of Johnny Robinson of Wilson, was honored with a miscellaneous bridal shower in the home of Mrs. Lonnie Lumsden at Wilson Thursday, November 10, from 3 to 5 p.m.

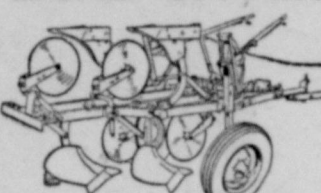

Hostesses were Mrs. Lumsden and Mrs. A. A. Teinert. Those assisting were Mrs. Hubert Teinert at the punch bowl; Mrs. Wm. G. Lumsden serving cake; Mrs. John Gayle and Mrs. H. Hewlett assisting at refreshment table; and Miss Ruby Teinert at the guest register.

In the receiving line were: Mrs. Lumsden, Mrs. D. F. Yandell, the honoree, Mrs. R. L. Robinson, Mrs. M. G. Weid, and Mrs. H. C. Campbell Jr.

The bride's chosen colors of bronze and gold were used in decorations.

Guests in the home of Mr. and Mrs. Gordon Davis last Saturday were Mrs. Davis' mother, Mrs. Roy Hutson, and her sister-in-law, Mrs. Roy Allen Hutson, and children, Randy and Kevin, all of Littlefield, and her cousins, Mrs. Kenneth Williams, and son, Claude, and Mrs. Kenneth Hutson, and son, Roy, of Ardmore, Okla.

TW TUMBLEBUG

Helps to conserve your soil and get the most out of hilly fields, irrigated fields and terraced fields. The two-way, roll-over TW gang plow turns all furrows one way, eliminates dead furrows and back furrows. You can turn all furrows uphill so that each furrow acts as a dam to keep soil on the hillside, not rushing downhill when the rain hits.

Heavy beam construction, heavy frame members permit deep tillage plowing. Square axles for greater strength. Roller bearing disc wheels. Solid, round swinging hitch for greater strength and shorter turns. Hitch has horizontal adjustment of 52 inches—can be used with crawler tractors. Available with general purpose, stubble or deep tillage bottoms.

Other important features: adjustment for uniform depth, spring-trip safety release. Stop in soon, and let us show you all the TW Tumblebug features.

Average Person Has Vague Idea Of Court Ideas

The average person has only a vague idea concerning his rights in court. When unjustly charged with an offense, even a simple traffic violation, he is prone to feel that all is lost. Our laws, however, provide a number of protections to insure against conviction of the innocent.

Probably the most fundamental right of the accused is summarized in the wellknown adage, "Every man is innocent until proved guilty." It is up to the prosecuting authorities to prove that the person on trial is guilty—and not the obligation of the person accused to prove that he is innocent. The prosecution must prove your guilt beyond a reasonable doubt, or you will be acquitted. The mere fact that you have been given a ticket or accused of a crime is not even evidence of guilt.

Another important protection is the right to have a witness whose testimony you may need subpoenaed to appear in court and testify. Many people are reluctant to go to court when their own rights are involved, and unless you had a means for compelling their attendance and testimony, you often would be unable to prove the facts necessary for success in your case.

It is the duty of every citizen to testify if he has information important to a law suit and is called upon to do so. The courts can and do enforce attendance in court and the giving of testimony.

Certain other safeguards are valuable to you. A person may refuse to testify in any proceeding if he has a reasonable belief that his testimony could be used as a basis of a criminal proceeding against him. This does not mean, of course, that a confession given freely and voluntarily cannot be used in evidence. But it does mean that an accused cannot be compelled to take the witness stand. Nor can his failure to testify be commented upon by the prosecution.

These are but a few examples of the numerous safeguards our courts provide to protect the innocent against false accusations of crimes. But many of these rights would be valueless without the assistance of a lawyer, who has been schooled in legal principles and rules of statute or decision involved, to invoke these rights. The "right to counsel" must be granted to every accused person brought before any court in the state. In capital cases, if an accused person cannot afford to pay for legal counsel and desires it, the court must appoint a lawyer to represent him.

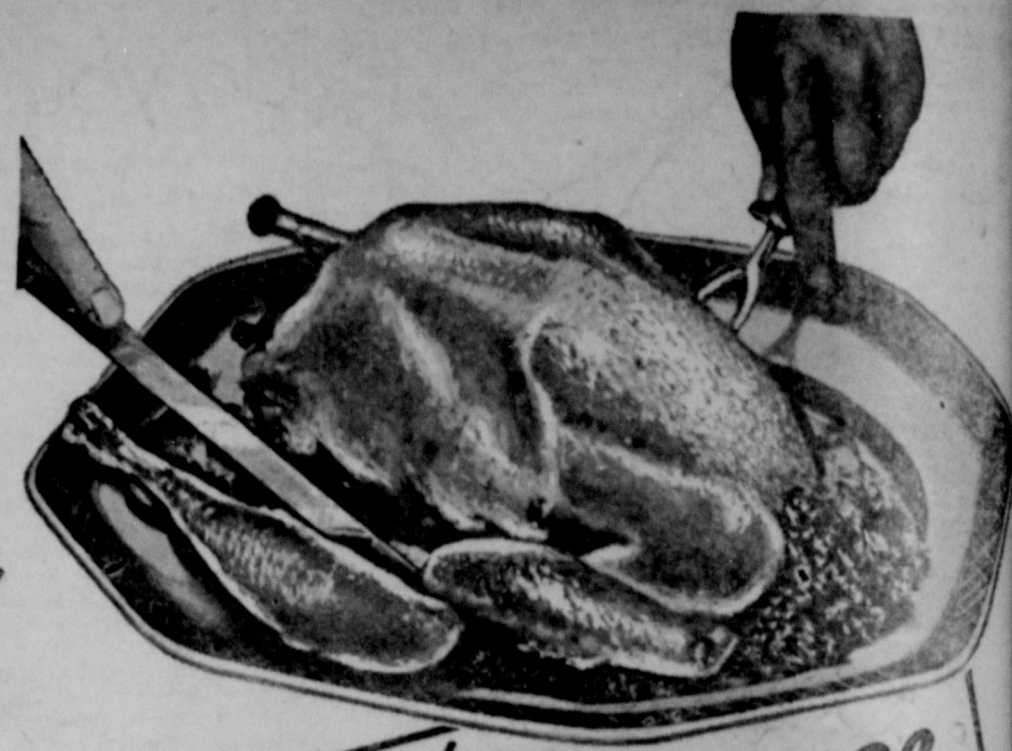

Every person charged with an infraction of the law has the right to consult counsel before making any plea. This applies to cases in every court—including justice of the peace courts, municipal courts, traffic courts and district courts. It does little good to consult a lawyer after you have pleaded guilty and paid the fine, for then the damage has been done.

The courts are open to you any time one of your legal rights has been denied or any of your property has been unlawfully taken. This is one of your most precious rights. The courts are the only peaceful means of enforcing your rights.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Slaton Women Give Their Favorite Tested Recipes

Mrs. J. A. Smith gives a chicken spaghetti recipe that she says has a little different taste and one she believes will be enjoyed for those who have used it have been very pleased. This will make enough for a large group Mrs. Smith says and is nice if you are planning a luncheon.

Chicken Spaghetti

1 chicken, boiled and cut in pieces
2 cups celery
1 large onion
1 garlic button
1 no. 2 can tomatoes
1 small bottle of stuffed olives salt and pepper (to taste)
1 tsp. chili powder

2 pkgs. spaghetti
1 can Parmesan cheese

Method: Fry in a little grease, the celery, onion and garlic. Add tomatoes and chicken to this mixture. Chop olives and add with salt, pepper and chili powder. Simmer slowly one hour. Add the cooked spaghetti. When ready to serve stir in one can of Parmesan cheese.

Native of Wisconsin

Mr. and Mrs. Smith moved to Slaton several years ago from San Angelo, where they had met and married. He is an employee of the Santa Fe Railway. She is a native of Kenosha, Wis. and lived there until 1927 when she moved to Texas. Her father, who was born in Liverpool, England, was a Merchant Marine for years before steamships came into being but he left the sea, never to return, after the sailing vessels were replaced. He went around the world seven and a half times and when he quit he moved to America, met her mother and married. She has a shell that was given to her father over 70 years ago by the great grandson of Fletcher Christian, one of the leaders of the mutiny of "Mutiny on the Bounty" and was from Pitcairn Island, the scene of the mutiny. This started a hobby she has enjoyed over the years and she has sea shells from as far away as Ireland.

A Prize Possession

One of Alice's most prized possessions is a small lead and copper box with a glass top that measures 1 1/2 by 3/4 inches. This box was made by her father's first mate about 75 years ago and was given to her father. Inside the box is a set of tiny dominoes made from whale bones and lettered in red.

The Smiths enjoy traveling a great deal and only recently returned from a tour of the southern states. For six years she was an instructor for the Grand Lodge of the Ladies Auxiliary Brotherhood of Locomotive Firemen and Engineers with her territory covering West Texas, New Mexico, Arizona and parts of Nevada and Utah. She was constantly on the go and has been gone from home as long as five or six weeks at a time. She made so many friends and saw so much of these states that she would not take for the experience although she is happy

Business Women's Circle Meets In Lasater Home

Business Women's Circle of the First Baptist WMS met in the home of Mrs. M. H. Lasater on Thursday, Nov. 10, at 7:30 p.m.

The opening prayer was led by Mrs. T. E. McClanahan. The program on foreign missions entitled, "Christ For the World" based upon the "great commission", Matt. 28:19-20 and John 3:16 was given by Mrs. Allen Crowley, program chairman. Slides were shown of Old Mexico and Cuba.

Those attending were Mesdames McClanahan, J. T. Bolding, Fred Stottlemire, J. J. Maxey, Fannie Patterson, Crowley, and Miss Eula Ferrill.

Mr. and Mrs. W. H. Bartlett and Jim had as their guests last week end their son, Otis Bartlett, and family of Carlsbad, N. M.

Mrs. H. G. Sanders left Sunday to go to Albuquerque, N. M. to visit her daughter, Mrs. E. G. Abington, and children. Mrs. Abington and the children are getting ready to leave for Japan to join Major Abington, who left recently for duty there.

Officers Elected By GS Troop 6

Girl Scout Troop 6 elected officers at their meeting Thursday, Nov. 10, at 3:30 p.m.

Those elected were Melva Wall, scout officer; Lunda Roche, assistant officer; Bonnie Cole, scribe; Areta Privett, reporter.

Girls, who attended and played games, were Susan Lovelady, Rena McCann, Margie Baxley, Lunda Roche, Bonnie Cole, Areta Privett, Melva Wall, Carol Jean Richmond, Margaret Meeks, Nancy Nell Anderson, Janet Martin, Judy Davis and Janet Gunnels. One visitor, Carolyn Newcomb, was present.

GEORGE MAHON TO SPEAK AT MEN'S DINNER

Congressman George Mahon of Lubbock will be the guest speaker for the men's dinner which will be held in Fellowship Hall of First Methodist Church, Tuesday evening, November 29.

The meeting is being sponsored by the Methodist Men Fellowship but is for all men in the city. It is one of four such meetings to be held during the year. More than 125 men attended the last meeting.

H. G. Schuette, Edmund Bednarz, Ray Kitten, August Kitten, Clarence Kitten, Wilfred Kitten and Bill Kitten left Tuesday morning on a deer hunting trip to south Texas. They will be home this week end.

Howard Hoffman and Otis Neill left Monday to join a group of men at the J. W. White Ranch near Kerrville, where they will go deer hunting.

Formal Opening At Mac's 66 Station Sat.

A big event in Slaton Saturday is the official re-opening of Mac's 66 Service Station. Lisbon "Mac" McCown is the operator of the service station.

McCown has a wife, Elva, and two children-Roderick, 4, and Teresa, 3. The McCowns reside at 340 S. 5th.

Former assistant manager of the Phillips Dealer Development Station in Amarillo, McCown moved to Slaton from Borger, Texas. His modern, well equipped station at 9th and Scurry boasts the famous Philcheck system of car lubrication which offers every customer a written guarantee on all work.

"Mac" expresses his appreciation to his new customers in Slaton and invites everyone to the re-opening Saturday. Everyone who buys ten gallons of gas will receive a gift certificate redeemable for five free gallons of gasoline.

AUSTIN, Tex.—Sentiment to persuade U. S. Sen. Price Daniel to run for governor next summer is growing.

Senator Daniel has been in Austin and other cities over the state the past month holding subcommittee hearings on narcotics traffic. On the side he has talked with many local political leaders.

Reports were that some spokesmen for both liberal and conservative factions hoped that by supporting Daniel they could avoid a repetition of the 1954 gubernatorial slugfest.

Daniel has said he will not announce his intentions until after Jan. 1.

More Super-Roads

A four-lane highway connecting all population centers should be Texas' aim, says Gov. Allan Shivers.

Addressing a meeting of the Texas County Judge and Commissioners Association in Austin Shivers praised the farm-to-market highways. But, he said, "our trunk-line system has not fared too well."

At least 3,000 more miles of heavy-traffic roads are needed, Shivers stated. He added that "such construction would pay for itself with increased gasoline tax revenues. But people seem more willing to pay more expensive toll road fees than state taxes."

North-South Thoroughfare

A super-highway from the Red River to the Rio Grande by 1960 is the target of the Texas Highway Department.

Originally completion of the 512-mile project was scheduled for 1975. However, faster acquisition of right-of-way than was expected has made the advanced date possible, reports State Highway Engineer DeWitt C. Greer.

Following the route of the present U. S. Highway 81, the new giant road will cost an estimated \$275,000,000.

Where to Put Pupils

Despite mammoth construction outlays, Texas' public schools still are fighting a losing battle with enrollment figures, says the Texas Education Agency.

If buildings and pupils continue to be added at the present pace,

the state will be short 24,000 classrooms by 1960, TEA estimates. This despite the fact that during the past six years Texas spent \$432,000,000 on school buildings—or far more than any other southern state.

Population shifts, both within and to the state, as well as the rising birth rate, cause the dilemma, says TEA.

Building Advisors Named

Five men have been appointed to help plan a new State Courts Building.

Named to the Supreme Court Building Advisory Board, by Governor Shivers, are former Supreme Court Judge A. J. Folley of Amarillo; former congressman Ed Gossett of Dallas; former Governor Dan Moody; J. Neils Thompson of Austin; and Virgil T. Seaberry Sr. of Eastland.

Duval Decision Stands

Hope is apparently ended for any change in the decision of the Court of Criminal Appeals nullifying 104 Duval County indictments. The court refused to reverse its ruling that the grand jury which returned the indictments was improperly constituted.

Meanwhile a new Duval grand jury completed its term after returning 198 indictments, 88 of them citing persons involved in the original group. Ten were against South Texas Political Boss George Parr.

Parr Case Before Court

The Texas State Supreme Court will review a case to decide if and when George Parr is to be tried on a civil recovery suit. State action seeks to regain \$500,000 in county funds Parr allegedly used to buy a ranch.

A conflicting suit by pro-Parr forces contends the money was a loan and seeks trial in Laredo. Trial in Cotulla or Alice is sought by the state.

Acreage Cut Protested

Disgruntled West Texas farmers took a verbal swipe at the State Agricultural Stabilization and Conservation Committee.

In making 1956-cotton acreage allotments the committee allowed a slight gain for Central and East

Former Resident Dies At Lubbock

Funeral services for Mrs. Ann Burrows of Lubbock were held in Rix Funeral Chapel Monday, Nov. 14, at 4 p.m. Interment was made in the City of Lubbock cemetery. Mrs. Burrows, a former resident of Slaton, died Saturday evening in the Plains Hospital.

Survivors include two sisters, Mrs. S. M. Rodgers of Rt. 1, Slaton and Mrs. Mary Lusby of Lubbock; and a niece, Mrs. E. R. Burns of Slaton.

'Toys For Tots' Needed By Marine Reservists

Any under-privileged children in and around Slaton whose names are turned in to Jerry Lovelady at Home Furniture Store will be included in the list of those to receive the toys collected in the "Toys for Tots" campaign by the 40th Specialty Infantry Company of the Marine Corps Reserve of Lubbock County according to Mr. Lovelady.

The Lubbock County unit is collecting usable toys to be repaired or repainted to be distributed to needy children in the county for Christmas. This is a project entered into by every unit in the United States each year.

Anyone having toys that their children have outgrown but are still usable are asked to take them to Home Furniture Store to Mr. Lovelady, before December 15th.

Rites Held For Mrs. E. Murray At Van, Texas

Mrs. Edith Murry, 73, mother of Mrs. Jeff Custer of this city, passed away Monday evening, November 14, after having been in ill health for some time. Funeral services were held in First Baptist Church in Van, Texas, with burial in Union cemetery at Van.

Mrs. Murry had resided in Van before coming to Slaton about a year ago to make her home with her daughter.

Survivors other than Mrs. Custer are three daughters, Mrs. H. L. Bailey of Sterling City, Mrs. Dorothy Walters of Dallas and Miss Lucille Murry of Abilene; a brother, M. C. Greenlee of California; two sisters, Mrs. Bonnie Strickler and Mrs. Eva McChristian, both of Arkansas; seven grandchildren and one great grandchild.

Wolverines Play Opener With Hamlin Cagers

The Evans High cage teams were scheduled to play the first games of the season last night. Three games were in the agenda.

Challenging the Hamlin cagers were the Evans Juniors, the Wolverettes, and the varsity team, the Wolverines. All members of the boy's varsity had formerly played on the Wolverine football team earlier this fall.

According to Coach Charles Brown, the greatest loss the squad has suffered was that of Freddie Lee White who graduated last spring. Zell T. Parker, another outstanding player was also a member of the 1955 team. He is now a freshman at Southwestern Christian College at Terrell.

Returning lettermen include: Willie (Bill) Johnson, Herbert Johnson, and Harold White. Contenders for the starting honors were Charlie Hawkins, Leroy Johnson, Herbert Hammons, George Conner, Jimmie Posey and John D. James.

The Home game schedule includes tilts with Anton, Dec. 1; Lamesa, Dec. 9; Levelland, Jan. 12; Plainview, Jan. 19; Littlefield, Jan. 26; Haskell, Feb. 2 and Quanah on Feb. 9.

The Evans High Wolverettes are expected to have practically the same team this season as last year. According to coach Brown, Bessie P. Johnson and Geraldine LeGrande will be counted on to do most of the Wolverette scoring. The two girls will be assisted at the forward position by either Co-captain Hester M. Parker or Ester M. Parker. Hester Parker has been moved to the forward spot due to the loss of co-captain Patsy Lois Johnson due to sinus trouble, Brown said.

Also because of the loss of the team of Johnson, Luey B. Payne has been shifted to guard. Mary E. Jones and Edith Fields are expected to see a lot of action in defensive play. Other girls, who are expected, by the coach, to be in the starting line-up before conference play, are, Lillie F. LeGrande, Louise Fields, and Dorothy Liggins. The team finished the season last year with a record of eight wins and eight losses. Margaret Payne is the team manager, Katherine Hammons is the trainer, and LaVoyne Shields will serve as the official score-keeper for all the games, including the junior boys, girls and the varsity squad. Brown says that he is expecting great things from the girls this

season and he wishes to invite the public to be present at all of the home games.

Texas counties, but left West Texas seven per cent short.

At the Texas Farm Bureau convention the losers pushed through a resolution calling for reduction in the committee's distribution powers.

Farmers were united in other resolutions refusing to endorse flexible price supports, asking for high price supports on basic commodities and urging efforts to find outlets for surpluses.

Hearing on Hood Promised

A small ray of hope has developed for the "save Fort Hood" forces in Texas.

Citizens in a 12-county Central Texas area have been stirred up ever since the Army announced plans to move half of Hood's personnel to Louisiana.

Governor Shivers, Senator Daniel, Sen. Lyndon Johnson, and several congressmen have spearheaded their efforts. They called attention to the enormous public and private expenditures made in the area to serve Hood personnel.

Senator Daniel received a telegram from the Secretary of the Army promising Texans a hearing on the subject.

Army dissatisfaction was thought to stem from the refusal of local property owners to permit use of their land for maneuvers without payment.

Lutherans Constructing Brick Veneer Parsonage

No date has been set for the completion of the parsonage of the Grace Lutheran Church which is now under construction but there is a possibility it will be about the first of the year.

This brick veneer building which will be of brick matching the church, will cost \$14,000 with much of the labor done by volunteer workers. There will be 2,000 square feet of floor space with three bedrooms and two baths.

Fred Walters and his crew of workers are the carpenters and the church is the contractor, according to the Rev. Henry Trip-tow, pastor.

Crooked politicians get into office because honest men fail to do their duty.

Inquisitive people gather a lot of information that is not backed up with facts.

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Commission of Slaton, Texas, will be received at the office of the City Secretary, City Hall, Slaton, Texas, until 10:00 a.m. December 3, 1955, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements consisting of approximately 700 feet of curb and gutter, 1555 square yards of Street Paving, and other incidental items of work for the City of Slaton, Texas, Owner. The project consists of approximately one (1) block of street paving.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company payable without recourse to the order of The City of Slaton, Texas, in an amount not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Payment for the work performed on this project will be from funds furnished by the City of Slaton, Texas, and paving assessments against abutting property and the owners thereof, in accordance with the provisions set forth in the specifications.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the office of J. J. Maxey, City Secretary, Slaton, Texas, and Parkhill, Smith and Cooper, Consulting Engineer, 1414 Avenue J, Lubbock, Texas.

Copies of Plans and Specifications may be secured from Parkhill, Smith and Cooper, Consulting Engineers, Avenue R at Clovis Road, Lubbock, Texas, upon a deposit of \$15.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned if a bona fide bid is submitted and Plans and Specifications are returned within five (5) days after receipt of bids, or, in case no bid is submitted, if Plans and Specifications are returned on or before date of receipt of bids; otherwise, the deposit will be forfeited. The City of Slaton, Texas, Owner

WHOOSH—Veteran news photographer Harry Mellon Rhoads, 74, throws light on the early days of flash photography as he puffs into air tube of an early magnesium-wood alcohol flare at his home in Denver, Colo. Before him on table are shown a flash pan and flash gun, now overshadowed by the flash bulb, first introduced into the United States in 1930.

Here's why
Purina's Hog Profit Plan
can help you
MAKE MORE MONEY

IT HELPS THE SOW build big litters of husky pigs and have lots of milk for all of them. Sow and Pig Chow fed with your grain has what it takes to do the job.

IT STARTS PIGS FAST and a fast start means a profit finish. Every 10 lbs. extra at weaning means 15 days earlier to market. You can depend on Purina's Baby Pig Chow and Pig Starters (Purina's "Fast-Start" Twins) to crowd 'em down the market road.

IT MARKETS HOGS EARLY... ahead of the run. Many Purina Program hog feeders report marketing 200-225 lb. hogs at 5-5 1/2 months. How do they do it? Hog Chow, man, Hog Chow!

PURINA'S PROFIT PLAN is simple—easy to follow. Come in. We'd like to tell you all about it. Make it soon!
